

The Eternal 571

Chapter 571

?

571 Mo Xiaochuan

While Yunxiao was still in shock, a shocking seal had already condensed above the ring River. The floating will of life on the seal shone dazzlingly in all directions like a flying swan stepping on the snow, and then it came crashing down!

Yunxiao could no longer care about the unrecognizable red figure behind the seal. The seal alone had enveloped all the Warriors present, and even those dozens of meters away felt an irresistible chill from the bottom of their hearts.

An aura of death gushed out from the depths of his heart, just like when he had faced the Martial Emperor's punch back in Yanwu.

"The space is also locked?"

Yunxiao's hands kept moving, and three golden ancient scriptures emerged and blasted in all directions.

"Ming King seal, break the seal!"

Rumbling sounds came from all around Yunxiao. He knew that he could not resist the floating life seal no matter what. He knew very well the power of the seal. When he created it, he had taken the rules of space into consideration and blocked all his escape routes!

However, at this moment, with the support of his powerful soul power, he unleashed the power of the Ming King seal to forcefully open up the space. Then, a monstrous mental energy surged out of the immemorial heaven's eye, instantly bending the surroundings and teleporting out!

"Form shift!"

The martial artists, who were still gaping in horror and waiting to see how Yunxiao would face the shocking blow, suddenly found that Yunxiao had disappeared, and the floating life seal was coming straight at them!

“Magnet!”

The crowd finally understood why Yunxiao had said that saving Gao Lin was saving themselves. They were ants, not even qualified to block such a shocking blow. Only martial Venerables could resist it if they joined forces!

Xun Zhiming and Xiao Minghui turned pale with fright. Everyone realized the situation at the first moment and joined forces to attack without holding back!

Ying Lin had suffered a loss from the attack, so he naturally knew how terrifying the red figure was. He seemed to have guessed something, so he threw out a piece of metal that was of the same color. It was like a brick, and it grew bigger and bigger in his hands. In the end, it turned into a giant piece of metal that was more than ten meters long, and he pushed it horizontally in front of everyone toward the seal.

Xun Zhiming pointed out with his finger and thousands of finger radiance shot out from his body. The entire space was illuminated by the radiance. The radiance chased after Gao Lin’s brick and shot toward the seal.

A Jade token appeared in Xiao Minghui’s palm. It emitted a vast green light, which condensed into a sword Qi in the air and suddenly slashed out!

With the joint attack of the three experts, the rest of the people also took action one after another. No one held back. If they couldn’t work together at this moment, only death would await them!

The floating life seal fell from the sky and shook Gao Lin’s brick. A boiling heat wave rolled out, and the brick lost its spiritual energy under the blow, falling into the ring River.

Then, Xun Zhiming's finger radiance and Xiao Minghui's sword Qi collided with the power of the seal. Hundreds of different lights, from martial Supremes to martial grandmasters, all attacked and blocked the red light of the seal. The entire space was filled with energy fluctuations!

"Retreat!"

After receiving the floating life seal, Xun Zhi knew that the other party was powerful and could not be an enemy. He shouted and took the lead to retreat into the passage.

"Boom boom boom!"

The surrounding tunnels suddenly began to move at an extremely fast speed. Not only the tunnel they had come out from, but the dozen or so tunnels around the ring River also began to move. As the last voice fell, the entire space fell completely silent.

The expressions of Xun Zhiming and the others changed drastically. They realized that all the passageways were blocked. Furthermore, there were sounds of cursing coming from the passageways beside them. They were the Warriors who had gone missing in the passageways when they had come together. The people from the Big Dipper sect also reappeared in a passageway not far away.

With the appearance of the crowd, all the noise gradually quieted down. They looked at the red figure in the sky with horror. His body was shrouded in fog, and his appearance could not be seen clearly. Only the powerful Yuan power fluctuated along with the aura of the southern Fire golden crystal, making people feel very depressed.

Tan Dijun and the others looked around. After a short moment of surprise, they also looked at the man in the center. "Who is he?"

Ying Lin held the brick in his hand, which had lost all its spiritual energy, and said with a solemn expression, "everyone, please be careful. This person's cultivation base is unfathomable. He doesn't seem to be a martial sovereign of the nine Heavens, but he's far above us!"

"What? He's almost a Nine Heavens martial sovereign?"

“You old b * stard, are you kidding me?” tan dijun said in a deep voice. In just a short while, you’ve made an enemy who’s almost at the martial Supreme realm!”

The members of the Big Dipper sect felt the shock of the origin power, and their faces turned grave. As for the passageway behind them, it was completely sealed off after it pointed in this direction.

“Where’s young master Yun?” Mei Dong ‘er asked anxiously.

Tan dijun and the others were also taken aback. They did not see Yunxiao after a quick glance. Mei Dong ‘er saw that although Hanxuan’s eyes were filled with anxiety, there was no sadness or despair. Only then did she relax. Sometimes, women’s observation skills were very meticulous.

he should still be hiding somewhere in this space,” Chu Lin said. the man in front of me seems to be the traitor of the Chamber of Commerce. He seems to have lost his mind!

Tan dijun looked at the red figure in the sky in shock and said,“What a powerful aura of the southern Fire golden crystal mine. Could this person have been poisoned by the mine?”

“If the mine poison is so deep, how can he survive?” Xun Zhiming asked in shock.

The figure standing in the air was shrouded in red, and his appearance could not be seen clearly due to the mist. Suddenly, he moved slightly and threw a punch into the air, as fast as lightning.

Everyone was frightened and took a few steps back, becoming extremely vigilant.

Shua shua shua!

A series of shattering sounds came from the sky. The target of the attack was not them, but an unknown point in the void.

The area around the point immediately distorted. Yunxiao performed an incantation gesture with one hand, and his faint figure flashed and then reappeared in the sky dozens of meters away.

With a grave expression, he suddenly said, "Mo Xiaochuan, is that you?"

As soon as this unfamiliar name came out of his mouth, everyone's face was filled with confusion. Only Gao Lin's body trembled, and his eyes revealed a look of horror. Then, his killing intent was revealed, and cold stars condensed in his eyes.

The figure in the red mist trembled violently for a moment, then calmed down. A powerful aura was released bit by bit, and it flew in Yunxiao's direction like silk being pulled out of a cocoon.

There was an indescribable look in Yunxiao's eyes, and a deep concern appeared on his face as he sighed and said, "I didn't think that you'd be poisoned so deeply that you've lost your mind. However, you haven't completely lost your mind. Otherwise, you wouldn't be able to use the floating life seal."

I didn't expect us to meet under such circumstances," he said with a self-deprecating smile. you must have suffered a lot over the years.

Everyone was confused, especially the helplessness and concern in Yunxiao's voice. Even Gao Lin was stunned.

"Young master Yun, is this man someone you know?" tan dijun couldn't help but ask.

"Yes, very well," Yunxiao said. You've been in South Fire City for so long, do you know how to resolve this mine poison?"

"Are you playing with us?" tan dijun asked. This person had been poisoned so deeply that he must have been here for many years. How old are you? do you know each other when you were born? Could he be from your clan?"

'You can say that,' Yunxiao said. Everyone, help me restrain him later, but you must not hurt him, or don't blame me for killing him!"

He emphasized the word "kill" and a cold air immediately spread out from his body.

“We should thank the heavens as long as he doesn’t hurt us,” tan dijun said bitterly. He was even more wary of Yunxiao’s identity and background, and he was almost certain that he was a disciple of some major force. Anyone he knew was almost a martial Supreme.

The expression on Ying Lin’s face was the strangest as he asked suspiciously, Young master Yun, do you really know this person? ”

Yunxiao looked down, but his eyes grew colder and colder. “Naturally. However, I just heard you say that this man is a traitor of your thunderwind Chamber of Commerce. I’m very curious. Mr. Chairman Junlin, please give me an explanation. Otherwise, your thunderwind Chamber of Commerce will be in big trouble!”

The northern heavens cold star sword appeared in his hand, emitting rays of autumn water cold light that condensed around him.

Ying Lin was startled and took a step back warily, ” “Maybe I mistook Yingluo for Yingluo.”

“Huala”

His words immediately made many people faint. The president of the Thunder and wind Chamber of Commerce actually gave in to his words. It completely subverted the image of a martial honor in everyone’s mind.

A trace of shame flashed across Ying Lin’s face. He was injured and had no choice but to lower his head. In his heart, he began to speculate about Yunxiao’s identity. He also knew that the man in front of him was mo Huayuan’s elder brother, Gu Feiyang’s disciple, and the young master of the mo family in black iron City-mo Xiaochuan!

She had always thought that mo Xiaochuan had died in this cave. To her surprise, he was still alive. He had only lost his consciousness because he had been poisoned too deeply, and had become a demonic beast.

He thought of how Yunxiao knew Mo Xiaochuan, and what would happen if Mo Xiaochuan regained his consciousness?

He was shocked and panicked for no reason. Cold sweat dripped down his forehead.

Yunxiao's cold voice rang out again as he said, "President Qian, you're still able to break out in a cold sweat even under this searing heat wave. I'm impressed!"

"I was injured just now," said Ying Lin anxiously, "and that's why I'm sweating. Young master Yun, don't let your thoughts run wild. Suppressing this person and then escaping from this place is the right path!"

All the Warriors agreed. They didn't want to stay in such a dangerous place any longer. As for the treasure, it was good to have it, but they couldn't lose their lives!

The sword in Yunxiao's hand glowed with a cold light as he waved it behind his back. His cold eyes moved from Ying Lin to Mo Xiaochuan, and his expression turned gentle and solemn.

Mo Xiaochuan suddenly moved. He lifted his leg and took a step forward. His movements seemed slow, as if he was walking with great difficulty. Then, he took a second step toward Yunxiao.

The red chaotic Qi on his body began to be absorbed into his body as he walked, slowly revealing his handsome and cold face that was numb and cold!

Chapter 572-evil beast

Yunxiao sucked in a cold breath. Mo Xiaochuan's face was cold, and the heat waves from his body were constantly blowing at him, giving him a bone-chilling feeling. His eyes were red, just like the flowing liquid of the southern Fire gold crystal mine.

When the familiar face appeared in front of Yunxiao, his mind was thrown into chaos. Bits and pieces of memories emerged in his mind, and his emotions fluctuated violently like a tidal wave. He could not help but tremble slightly.

In everyone's eyes, it was as if Yunxiao was trembling under the pressure of the other party's aura, and their hearts felt like they were being crushed by a huge rock. Yunxiao's strength was obvious to all, and if even he could not compete with him, what were they supposed to do?

Tan dijun said seriously, "Ying Lin, what's this man's strength?" Even if it's poisonous, it wouldn't have such a terrifying power!"

Under everyone's questioning gaze, Gao Lin finally said, " "This person was master mo Huayuan's elder brother. He used a secret technique to break through to the level of a Nine Heavens martial sovereign, but he left behind a huge internal problem. The southern Fire golden crystal essence is one of the most precious treasures to suppress the injuries in his body. Under Grandmaster mo Huayuan's request, we brought this person to this underground maze in the hope of finding the essence. At the very least, the power of the southern Fire golden crystal mine vein here is surging, which is extremely beneficial to suppress his injuries. Who knew that the poison would actually enter his body and cause him to lose his mind!"

Everyone was shocked. This person's background was so great that he was actually mo Huayuan's elder brother!

As an eighth-tier great Alchemist, mo Huayuan enjoyed a superior status in nanhuo city. In the hearts of most people, he was like a god, and they respected him greatly whenever they talked about him.

Tan dijun's face turned as red as a pig's liver. He gritted his teeth and said angrily, "You're saying that this person is a martial sovereign of the nine Heavens? Then what was the point of fighting? He can kill us all in one move!"

but judging from his attack just now, he doesn't seem to have the power of a martial Supreme, " said Ying Lin. could it be that his strength has weakened after being poisoned by the mine? "

Yunxiao immediately understood what was going on when he heard Ying Lin's words. However, there seemed to be some key points that had been hidden. However, that was no longer important. The important thing was how to help mo Xiaochuan recover.

This disciple was the one who had the most tragic experience out of all his disciples. He was also the one he was most concerned about. He did not expect that things would remain the same today, but the person had changed.

Yunxiao calmed his mind and said, "His power is still suppressing the mine poison, so his strength is being suppressed. In other words, he had not completely lost his spiritual sense. Otherwise, with such a deep poison, his strength should have increased by another level. Everyone, let's work together and help me suppress him!"

The northern heaven cold star sword in his hand followed his emotions, turning from the autumn water shining cold light into a Firefly reflecting the snow. Water watered all things, but no one fought. At this moment, his mind was focused on saving people, and he wanted to save them at all costs.

"Young master Yun, are you confident?" tan dijun asked.

"No," Yunxiao said. But if you don't help me, you'll be killed by him. All the labyrinth passages in the surroundings have been sealed off. Unless you have the ability to directly break through the earth's crust, you can only wait for death."

Tan dijun's expression changed. alright! he said, " we'll help you as long as you can get him. He glanced at the chaotic land in the center, and his eyes flickered. even if there are no treasures inside, at least the southern Fire golden crystal essence is not lacking!

you can't even save your life," Gao Lin snorted coldly. and you're still thinking of finding crystal sources?"

"Shut up, you old man!" Tan dijun shouted angrily. If he didn't hide too much from us, he wouldn't be in this situation!"

Chi Lin was seething with anger from his scolding, but he was helpless. He could only pull a long face, full of resentment.

young master Yun, what should we do now?" Xun Zhiming asked. I'll follow your arrangements!

Everyone's eyes fell on Yunxiao. He had vaguely become their leader, but no one felt uncomfortable. They all looked at him expectantly, hoping that he could bring them out of this situation.

I'll release my puppet later," Yunxiao said. I'll work with you to suppress him, and then I'll cast a sealing spell to seal him for a short time.

Tan dijun was shocked,"what kind of seal can seal a martial Supreme?" Even if it's a temporary seal, it won't be of much use."

you don't have to worry about that," Yunxiao said. after the seal, there's nothing for us to do. You can do whatever you want. There was a flash of light between his eyebrows, and the gourd Little King Kong immediately appeared beside him. Its body turned to the same height as him, and its two broad bean-like eyes flickered continuously, one purple and one green.

The appearance of the calabash Little King Kong calmed everyone down a little. This was a puppet that could fight against an eighth-rank demonic beast. Even if it wasn't as powerful as tan dijun and Ying Lin, it wasn't far from them. Coupled with the powerful Yunxiao and more than a dozen other low-star martial Supremes, they suddenly felt that they had the confidence to compete with a Martial Emperor.

Only tan dijun and the others knew that no matter how powerful a Wu Zun was, he could not compete with the Emperor Qi of the nine Heavens. It was true that everyone below the Emperor Qi was an ant.

Fortunately, although mo Xiaochuan was strong, he did not seem to have unleashed the Emperor Qi of the nine Heavens. Perhaps, as Yunxiao had said, a trace of his consciousness was still struggling to resist the mine poison, but his body was no longer under his control.

Yunxiao looked at mo Xiaochuan, who was walking toward him step by step, and the complicated look in his eyes was swept away, replaced by a fierce look as he shouted," "Begin! Use all your strength to suppress him!"

"Whoosh!"

The calabash Little King Kong took the lead and rushed up. It was only with it leading the way that everyone had the courage to follow. Otherwise, tan dijun, Xun Zhiming, and the injured Ying Lin wouldn't have been able to stand out and fight a martial supreme head-on.

The calabash Little King Kong had no wisdom, so it was fearless. With a roar, it raised its fist and twisted the space with a King Kong fist, pressing down.

A strange thought welled up in everyone's hearts. How could the puppet still roar and use the Vajra fist?

However, they did not have the time to think about this. Instead, they attacked together. Under the powerful joint attack of more than ten martial Venerables, hundreds of people released their weapons one after another. For a moment, the entire space was incomparably gorgeous. All kinds of lights bloomed and all of them rushed towards mo Xiaochuan.

Mo Xiaochuan's bloodshot eyes glowed with a cold, vicious light. He formed an incantation gesture with his right hand and pointed directly at the calabash Little King Kong's fist wind. The space that had been bent by the pressure instantly twisted in the opposite direction. As mo Xiaochuan moved his hands, the power of space was like a layer of water film that extended towards the gourd Little King Kong, enveloping it completely. Then, with a palm seal, the gourd Little King Kong disappeared in the air with a whoosh.

His entire movement was as smooth as floating clouds and flowing water, as fast as lightning. In everyone's eyes, after he pressed the seal, the puppet completely disappeared. They were terrified and secretly prayed that they would not face this person head-on.

The moment the calabash King Kong was knocked away, Yunxiao's demon-slaying sword flew out of the northern heaven frigid star sword. A Dragon roared in the air, then spiraled down, its head roaring and emitting a monstrous sword aura as it slashed down!

Gao Lin's brick and tan dijun's smog also attacked from the left and right. Xun Zhiming and more than ten martial Supremes also joined forces. In the entire space, more than ten domains overlapped and intertwined, locking mo Xiaochuan in place.

Mo Xiaochuan raised his head, completely unbothered by the attacks of the crowd. Instead, he stared at the demon-slaying sword Qi. A trace of doubt and struggle flashed through his cold eyes, and he was

momentarily dazed. And it was this moment of distraction that allowed him to take the best opportunity to attack, and hundreds of attacks came one after another.

“Boom boom boom!”

All sorts of treasured swords and oddly-shaped weapons rained down on mo Xiaochuan’s protective true Qi. Although they could not penetrate it, they were weakening. As the powerful force of the martial Venerables fell, he finally showed a look of shock and anger. He roared and threw a punch, which directly hit the brick, leaving a deep fist shadow and falling down after losing all its light.

Then, tan dijun’s misty energy transformed into a human form. He opened his mouth wide and bit down on mo Xiaochuan’s upper body. Under the stimulation of mo Xiaochuan’s Red true Qi, he used both his hands to support his cheeks so that they wouldn’t burst. But in the end, he was still cut down by the other party’s palm and the human figure was split into pieces. Then, the finger radiance and sword Qi attacked, but they were all easily resolved by him.

young master Yun! tan dijun said in surprise, “ what are you waiting for? we can’t hold them back!

Yunxiao did not stop for even a moment after he unleashed the sword beam. Instead, he kept performing incantation gestures with both hands, forming a circular sealing array in front of him. Finally, it condensed in his palm, and he teleported to mo Xiaochuan’s back with a form displacement spell. With a light cry, he slapped the latter’s back.

Mo Xiaochuan was displaying his might by launching hundreds of attacks when Yunxiao’s palm landed on his back with the power of a seal. He immediately let out a soft grunt and his body stiffened in the air.

Everyone was overjoyed, as if they had seen the hope of victory.

Only Yunxiao’s expression changed drastically. A powerful fire-elemental power burst out of mo Xiaochuan’s body, pushing back all the sealing power.

Ten thousand rays of red light shot out from the spot where the palm force had struck. Following that, an earth-shattering roar came from within his body. The ten thousand rays of red light actually gathered

outside his body, revealing the appearance of an evil beast. It bared its fangs and brandished its claws as it roared in the air. Its voice was exactly the same as mo Xiaochuan's!

Yunxiao's pupils constricted as the red light was pushed back into his body by the force. His entire body instantly turned into a golden light, like a golden body Dharma form, blocking all the red light, unable to invade at all.

Indestructible golden body, no evil could invade!

At this moment, he was like a god who had descended from the heavens. The evil beast demon form was stunned for a moment before it returned to mo Xiaochuan's body. Mo Xiaochuan roared. It was the sound of the evil beast. It shook off the hundreds of attacks and opened up a path to escape to the center of the red Chaos.

Mo Xiaochuan rushed into the red chaotic land in the center, and the entire space instantly settled down. Even the southern Fire golden crystal Mineral liquid in the ring River calmed down and flowed slowly. Everything returned to its previous calm.

Chapter 573-evil spirit

"Pfft!"

Yunxiao coughed out a mouthful of blood, and his spiritual power suddenly fell, his face pale.

Although the imperishable golden body had blocked the red light from the evil beast's demonic form, it had injured his internal organs, which he had been forcibly suppressing. At this moment, he finally couldn't help but spit out a mouthful of black rotten blood, the worry in his eyes even heavier.

"Young master Yun!"

Hanxuan was the first one who flew up to him, holding him up anxiously."What's wrong with you?"

Yunxiao shook his head slightly, and the golden light gradually receded from his body. He kept sending out incantations into the void with both hands, condensing them into a circle of golden patterns. Then,

the space was opened, and the calabash King Kong rushed out with a roar. Its two broad bean-sized eyes turned around, and after finding no enemy, it stood still beside Yunxiao.

Tan dijun and the others also flew into the air and circled around Yunxiao as they said, " "Young master Yun, what was that red beast just now?"

Yunxiao's face was pale, and it took him a few medicinal pills to recover. Staring at the red chaotic region in the center, he said in a deep voice, " "That's a spirit, the spirit of the southern Fire golden crystal mine!"

He was the only one who knew the danger of the backlash just now. If not for his indestructible golden body, he would have been on the verge of death.

"Spirit of transformation? This Yingluo "

Everyone was shocked and felt a chill in their hearts.

Gao Lin's expression changed, "how many years does an unintelligent body have to go through to form a spirit?!" If this place was once the treasure vault of the North Scorpion sect, it proves that someone came here thousands of years ago. How could there be a shapeshifting object here?"

Everyone was frowning as well, feeling that it was a little difficult to understand.

"Could it be that the North Scorpion sect left this spirit here to guard the treasure?" Xun Zhiming suddenly asked.

it's very possible," Yunxiao said seriously. this spirit is extraordinary. Although he is not as strong as a martial sovereign, he can't be underestimated. To make matters worse, it was now attached to Ogawa's body, making it even more difficult to force it out. If I'm not wrong, this is the evil spirit that Xiaochuan has been fighting so hard against."

Zhen deyou shouted, "who cares what kind of evil spirit it is? it's already escaped, so we don't have to chase it anymore." &Nbsp; Leaving this place is the right way to go. We'll return and report this to the

sect leader. With the sect leader's status as a Martial Emperor overseeing this place, we'll definitely be able to take care of mo Xiaochuan and the evil spirit."

Tan dijun thought it might be a good idea. If a martial sovereign of the ninth heaven was here, it would be easy for him to deal with these people.

However, the rest of the People's expressions changed drastically. If Zhang linghua came, they would not be able to get any benefits from this place. At most, the other party would be kind and squeeze a little out of the gaps between their teeth for you, but that would really not be worth it.

Mei Dong 'er said,"elder Zhen is right, but this passage is still sealed. How can we get out?"

It was only then that the crowd realized that even though mo Xiaochuan had escaped, the passageway had not opened up. For some reason, many of them heaved a sigh of relief.

Zhen deyou snorted and said,"let's think of a way together. We'll definitely be able to open it." &Nbsp; At worst, we'll just force our way out."

Tan dijun shook his head helplessly. If they forced their way into the tunnel, they wouldn't be able to get out even if they had the map. This was because this was a living passage, and from the looks of it, the control center of this passage should be in the red Chaos in the center, and it had a great relationship with the evil spirit.

"Young master Yun, do you have any good ideas?" Xiao Minghui asked. If we forcefully break the passage, do you have the confidence to lead everyone out?"

Yunxiao's performance from the beginning to the present had made him the leader of the crowd, and no one objected to his opinions. Besides, it was Yunxiao who had sensed the fluctuation of the southern Fire golden Crystal's aura that had allowed him to bring them here.

no matter what the situation is, I must save mo Xiaochuan," Yunxiao said. so, don't expect me to lead the way. As for you, it seems that you won't be able to open the labyrinth's passage unless you enter the red zone. If you want to live, come with me to save mo Xiaochuan and destroy the evil spirit."

Zhen deyou's expression changed slightly. how could you be so selfish? " he said angrily, " you don't care about everyone's lives!

Yunxiao looked at him as if he was an idiot and snorted coldly. sect master tan, take care of your low IQ subordinates. I'm upset now and I don't want to hear such stupid words!

"You coward!"

Zhen deyou's face was livid with anger. The other party had actually called him a low IQ in front of everyone. Looking at Yunxiao's seriously injured body, a murderous look appeared in his eyes.

Tan dijun also sensed his killing intent. He snorted and shouted,"Elder Zhen, stand down!"

The rest of the people looked at Zhen deyou with eyes full of ridicule. low IQ is not wrong. It is the freedom of others to lead the way or not. Those fair and selfless words usually fool fools, but at this critical moment, you actually said it. Saying that you have low IQ is already giving you face. In my opinion, you should have zero IQ.

Zhen deyou's embarrassment turned into anger. He snorted heavily and flew to the ground, no longer paying attention to the crowd.

"Young master Yun, it's not that we don't want to help you save mo Xiaochuan, but we don't have the ability to do so," Gao Lin said in a deep voice. You name a price and lead everyone out of this maze. As long as you can afford it, everyone will definitely pay. How many origin stones do you need? just tell me!"

Not to mention the difficulty of saving mo Xiaochuan, even if it was a simple task, he would not want to save him. Moreover, it also involved some issues with the Chamber of Commerce. If mo Huayuan were to find out about this, he would be in deep trouble. Even without considering mo Huayuan, mo Xiaochuan was a martial sovereign of the nine Heavens, and that was enough to put him in a difficult position.

Yunxiao had also guessed that mo Xiaochuan's promise to the thunderwind Chamber of Commerce should also have something to do with it. This also explained why mo Huayuan's expression had been so

intense when she had asked him about mo Xiaochuan. The thunderwind Chamber of Commerce must have done something.

However, he was unable to pursue the matter now, and he still needed to borrow the power of the Chamber of Commerce.

The other forces also responded, "Right! Name a number, and if everyone thinks it's feasible, we'll give you primeval stones. Bring everyone out!"

Yunxiao gave him a cold look, and the penetrating look in his eyes made Ying Lin's hair stand on end, as if all the secrets in his heart had been known by Yunxiao. He felt an unspeakable pain all over his body as he said in a daze, "Young master Yun, just give me a number,"

Yunxiao snorted and retracted his fierce look. "If you really want me to give you a price, then I'll definitely give you my head. Are you going to give it to me or not?"

Gao Lin's expression changed drastically, and he couldn't help but take a step back in the air. He became extremely alert and said angrily, Li Yunxiao, we're all in the same boat now. What do you want to do? " While keeping his guard up against Yunxiao, he observed everyone's expressions. The more he looked, the more shocked he became. He was sure that if Yunxiao really made the offer, the people present would not mind joining forces to take his life. At the thought of this, he broke out in cold sweat.

don't worry, " Yunxiao snorted. you look like a pig. I'm not interested in your head at all. Otherwise, he wouldn't have saved her earlier. To tell you the truth, I have a close relationship with mo Xiaochuan, so I must save him. I don't care even if you give me everything you have. Also, mo Xiaochuan is the young master of the mo clan in black iron City. If black iron City finds out about this and takes their anger out on you, you'll all be dead too."

Hearing the name "black iron City," everybody felt cold.

Although black iron City was not one of the seven superpowers, it was an existence that even the seven superpowers would not want to provoke. Even if Ying Lin was proud of the Thunder and wind Chamber of Commerce's background, if the headquarters of the Chamber of Commerce knew that he had offended the people of black iron City, they would kill him without a second thought to stop the war.

After thinking for a while, tan dijun couldn't think of a second option, so he said, "Young master Yun, are you saying that we should all follow you into the red Chaos in the center? At the very least, they had to give it some thought and give everyone some confidence. Otherwise, who knows if there are any other dangers in there?"

"Hmm, not bad!"

no one knows the situation inside, " Yunxiao said. even my divine sense has been blocked. "However, everyone must be clear that going in to save mo Xiaochuan is also saving your own lives. Don't think that you're doing things for me and act so unwillingly. I won't force those who are unwilling to come. Just don't follow me when you're running for your life."

A gloomy look rose on everyone's faces. Even if the passage was opened, it was unlikely that they could get out without Yunxiao's guidance. His words were clearly binding everyone to his chariot.

Xun Zhiming said, "young master Yun, you're right. Helping others is equivalent to helping yourself." Just like how young master Yun had saved President Qian earlier, everyone was in the same boat, so they naturally had to work together to overcome this difficulty. Besides, I'd also like to meet the heroes of black iron City. Even if I don't have a relationship with young master Yun, I'll still have to help you today."

After knowing that there was no way out, Xun Zhiming expressed his attitude and stance with a straight face. Although they were despised by the crowd, they had no choice since the big shots had spoken.

"Good, it's rare for everyone to be like this. As long as it's done, I'll do my best to get everyone out of the trap. If there are benefits, it is guaranteed that everyone will get a share. It is only a matter of how much."

Yunxiao began to win over the People's hearts as he said, " "Also, President Qian, as long as you do your best to help me save them, I can write off all the things you've done before. Otherwise, you'll get what you deserve!"

A glimmer of hope welled up in everyone's hearts. With Yunxiao's promise, they all felt secure, whether it was escaping or finding the treasure.

Only tan dijun and the other members of the local forces frowned. There was no sign of the treasure for the time being. Even if there was, how could Yunxiao distribute it? he could even guarantee that he had a share. Did he really want him to share the treasure alone? all of them were dissatisfied.

chapter 574-altar

On the other hand, Wu Lin's face changed drastically, and a look of fear appeared on his face. But, under Yunxiao's clear eyes, he finally became determined and said through gritted teeth, " "Good! i'll believe young master yun this once!"

He had made up his mind. If what he had done was known by mo Huayuan or black iron City, not only the mo family, but also the headquarters of the thunderwind Chamber of Commerce would kill him to appease the anger of black iron City. Although he did not know why Yunxiao had made such a promise, it gave him a sense of hope and an inexplicable trust.

"Alright, I hope everyone will work together for the next matter. If someone is disloyal, I won't say anything to remind them and will directly use the sword in my hand!"

Yunxiao's tone turned cold. Saving mo Xiaochuan was a must, and no one was allowed to ruin it.

" don't worry, " said ying lin slowly. " this is for everyone's own interests and lives. "

that's good. Everyone, adjust your breathing and replenish your Yuan Qi. We'll enter together later!

After saying that, Yunxiao landed on the ground and began to sit cross-legged in meditation, circulating his Qi to heal his internal injuries.

In fact, it was not difficult to save mo Xiaochuan. He only needed to pull him into the divine realm tablet and everything would be under his control. However, the other party was completely unconscious at the moment, so it was completely impossible to rush into the other party's sea of consciousness with mental power. Only by temporarily sealing his body could he be pulled into the divine realm tablet and force the evil spirit out with his and Yuan gaohan's strength.

The calabash Little King Kong also sat down cross-legged next to Yunxiao and meditated with him. The crowd looked at each other in bewilderment and wondered, 'is there a puppet that can meditate?'

However, other than the puppets, no one could think of what they were. Demon beasts lacked intelligence, and Yunxiao could not be a Beast Tamer. With his great strength, he would not have the time to train them.

Besides, Yunxiao had too many secrets and too many tricks. None of them could understand what he was doing. They only knew that comparisons were odious.

Most of them had lost some of their vitality and were not injured. Only Yunxiao and Gao Lin had suffered some internal injuries. After resting for a while, they had almost recovered. Finally, under Yunxiao's lead, they rushed into the red Chaos in the center.

It was also chaotic inside, and it was impossible to tell North from South. The entire world was shrouded in layers of fog, and one couldn't see the end at a glance!

"This is a Kasaya, how could it be!"

Everyone turned pale with fright. Tan dijun also said seriously, "Is there another space in the fog? From the outside, it's only about a hundred meters in radius, but it's actually a different world. This is even more troublesome!"

it's a very powerful seal, " Yunxiao said thoughtfully. only by relying on the endless power of the mountain's mineral resources can such a seal be laid down and run for thousands of years without extinguishing. Everyone, please follow me. "

He flew down. Although the entire space was filled with the red aura of the southern Fire golden crystal, he could still catch the faint fluctuations left behind by mo Xiaochuan. After identifying the direction, he went through the fog with all his might.

Hundreds of people followed closely behind him. In a place like this, everything was strange and dangerous. Even those who didn't want to contribute didn't dare to fall behind. Following the team closely was the safest way.

"That's Yingluo in front."

After flying for a while, Yunxiao saw a tall altar emerge from the horizon. Soon, everyone saw it, and their eyes widened in shock. Their mouths were so wide that they could stuff a watermelon into them!

“Southern Fire golden crystal essence! An altar constructed from the southern Fire golden crystal essence!”

Gao Lin cried out in alarm, his eyes filled with horror. He almost went crazy as he roared, “Heavens! This can’t be real! An altar constructed from the southern Fire golden crystal essence? are my eyes playing tricks on me?”

As it was impossible to use one’s consciousness in the chaotic world, he could only rely on his eyes to observe. Even if he saw it, he could not believe his eyes. The rest of the people also stopped and began to rub their eyes, doubting what they were seeing.

Yunxiao was also shocked. If the altar was really made of Southern Fire golden crystal sources, its value could even be comparable to the statue made of heavenly shining que gold on his divine realm tablet or the seven pieces of Northern heaven cold star Iron.

“Everyone, don’t be too excited. What you see may not be true. Even if all of the ore veins in Southfire city were to gather their essence here, there might not be so much essence in ten thousand years. There must be a problem.”

Yunxiao said very calmly. Even so, he could not help but feel his heart pounding.

This Southern Fire golden crystal mine was also a natural treasure. Other than being used for refining weapons, it could also be used as a cultivation energy source for fire-type martial artists. As for the southern Fire golden crystal source, it was formed from the condensation of its essence, and it was similar to the essence core that was above Supreme-grade essence stones!

One had to know that according to the exchange levels based on the vital Qi accumulation, one vital core could be exchanged for 100 Supreme-grade vital stones, 10000 high-grade vital stones, and a million mid-grade vital stones. Yunxiao had spent ten billion mid-grade primordial stones on them, but they were only exchanged for ten thousand essence cores.

If they suddenly saw a tower or altar made of primordial core, they would go crazy with excitement!

The fire-elemental Warriors, in particular, were starting to lose control of their emotions. If the altar before them was the real Southern Fire Crystal Gold source, they could even break through to the martial Supreme realm if they cultivated in it for a few decades!

Although Yunxiao's words had calmed many people down, they were all filled with expectations and could not help themselves.

young master Yun, "tan dijun said in a deep voice, "even if this altar is fake, it must contain a lot of crystal sources. Otherwise, it wouldn't have such a strong aura. Shouldn't we first decide on how to distribute this treasure?"

His words immediately alerted everyone, and they all perked up their ears to listen.

Yunxiao's eyes flashed with a trace of anger as he said in a deep voice, "We're not sure if it's true yet, and you're already thinking about splitting things. I didn't even see the shadow of the person I wanted to save. Sect master tan, I think you're very unfriendly!"

Tan dijun snorted fearlessly, "we're all here to find the treasure, not to save your friend." Saving the people is just us giving you a hand. Treasure hunting is the initial and final goal."

Although his words touched everyone's heart, tan dijun was still afraid when he saw Yunxiao's eyes, which were getting colder and colder. of course, saving lives is also very important. Everyone will naturally not forget it.

Yunxiao was irritated. Now that a huge cake had appeared in front of him, the people who had gathered because of mo Xiaochuan's matter were gradually losing their morale. He knew that if he did not settle the distribution of benefits now, everyone would be resentful, and it would be difficult for them to concentrate.

"Then how do you think this cake should be divided, sect master tan?"

Yunxiao restrained his cold aura and said coldly, ”

Tan dijun smiled and said, ”it’s simple. It doesn’t matter if it’s real or not, or how many good things are in there.” My Big Dipper sect will take half first, and you can split the rest however you want. After all, everyone went through great lengths to find this place, so we can’t go too far.”

“Haha, it’s not too much! Old man, you’re really tired of living!”

Hmph! Gao Lin sneered and snorted, ” if your Big Dipper sect takes 10%, I think you can still bear with it and agree.

“Haha, 10%? You old fogey, you really dare to say that!”

Tan dijun’s face turned cold. The people of the Big Dipper sect were on high alert, ready to fight at any time. They did not have the guts to go up against mo Xiaochuan, but they had no fear when it came to the Chamber of Commerce.

Ying Lin wasn’t afraid at all. He sneered, ”You can ask the others. Who agreed to let you take 50%? Even if it’s 10%, it’s useless even if I agree alone. I’m afraid that everyone might not agree.”

Xun Zhiming replied, ” I’ll still agree to 10%. However, if it’s 50% ... Hehe. Sect master tan, you’ve just taken office. You might be a little impatient.

Xiao Minghui said, ”how about this? I’ll divide it into five portions.” The Big Dipper sect, the heavenly Scorpion sect, the new moon sect, and the merchant Union will each take one. The rest of you will get a share, what do you think?”

Without waiting for the hundreds of itinerant cultivators to object, Gao Lin spat out a mouthful of saliva and coldly snorted. “Bah! Do you think your New Moon sect has the right to split it equally with my entire Chamber of Commerce? Your New Moon sect can’t be considered a single power. It should be divided among the Rogue cultivators and shared.”

Xiao Minghui's face darkened. qianlin, don't say such useless things, " he said angrily. come up with a plan that everyone will believe in!

"We can't argue like this," Xun Zhiming said. He glanced at Yunxiao, who was waiting to watch coldly, and asked, " I wonder if young master Yun has any suggestions?"

Yunxiao turned around and strode toward the altar as he snorted coldly, " A bunch of motley crew, splitting your sister's treasure. Those who are capable will get it, and those who are incapable will get lost! I'm going to save them first, and I'll have a good talk with you about the treasure when I return."

An inexplicable sense of frustration grew in his heart. The more he thought about it, the more unreliable these people were. He might as well save people by himself.

As for the treasures, as long as he successfully rescued mo Xiaochuan, he would have a good talk with these people. Those who did not help him would not get a single primordial stone, and they would not be able to leave this underground maze!

Hanxuan hurriedly followed. Although she was weak, she didn't mind going through life and death with him. Without Yunxiao, he would have died many times.

you stay here with the others, " Yunxiao said. it's too strange up ahead. I'm afraid I'll have to be distracted to take care of you. He didn't want to put Luan Xuan into the divine realm tablet. Although they were good friends, it was better for fewer people to know about the divine realm tablet.

Although Hanxuan was extremely reluctant, she knew that Yunxiao was right. "You must be careful. If you can save him, do it. If you can't, don't force yourself. Since that man is the young master of black iron City, as long as we send a message, black iron City will send someone here."

Next week's notice had been posted on the WeChat public account (taiyis), so you could see it by replying to " next week's notice. "Also, there are a lot of people asking me for pretty girl Shui luoyan's contact information. I plan to expose this on WeChat when my WeChat followers reach 10000, including the contact information of the characters in the past and in the future." Of course, they had agreed to it, at least for now, water fairy had agreed.

575 Entering the interior

Hanxuan's words made Gao Lin and the other leaders' hearts shiver, and they all became vigilant, looking at Hanxuan with malicious intent. If news of this spread to black iron City, it might implicate the local tyrants.

It would be fine if they could save mo Xiaochuan, but if they couldn't, they couldn't let the news leak!

Tan dijun caught up with Yunxiao in a few steps and said, "Young master Yun, there's no need to rush. After everyone has shared the benefits, wouldn't it be great to help you save the people together?"

In his mind, he did not want Yunxiao to go to the altar alone. If there were any treasures inside, Yunxiao would be the first to get them.

Yunxiao's eyes turned cold as he flicked the northern heaven cold star sword in his hand, which turned into a beam of cold light and shot out. "Get lost! If you don't want to help, then stay here. If you don't want to help and still try to stop me, I'll kill you first!"

He guided the sword Qi and pointed it at tan dijun, who had just dodged the sword light. Beside him, the calabash Little King Kong also made a starting gesture of the Vajra fist, ready to take action at any time after receiving the order.

The sword and the fist were held back and pointed at tan dijun, making him feel an invisible pressure. He immediately said, "Young master Yun, you've misunderstood! That mo Xiaochuan has been possessed by the evil spirit for so long, he's not in a hurry."

Gao Lin also thought of the key point and hurriedly said, "You're right, there's strength in numbers. Besides, if we don't get rid of the evil spirit in mo Xiaochuan's body, we won't be able to get out. Even if we manage to get the treasure, we'll still die!"

His words were like a basin of cold water that was poured on the heads of the hot-blooded people who were waiting to split the treasure.

That's right, if we don't get rid of the evil spirit, we won't be able to get out even if we get the treasure. If they did not help Yunxiao save them, and he refused to lead them out of the maze, they would all die!

Everyone's thoughts of splitting the treasure immediately cooled down, and they once again thought about how to save their lives and escape.

you know about it too?" Yunxiao said coldly. This young Master's words are clear, if you don't save anyone, don't even think about taking a piece of ore, and don't even think about following this young master. As for how you decide, that's your business. Get out of my way!"

He struck out his sword, and then the gourd Little King Kong also threw out a punch. The sword light and the fist wind collided, knocking tan dijun aside and then left.

Tan dijun's face darkened. Xun Zhiming went up and asked, "What should we do now? This person is too important, we must protect his life."

hmm. tan dijun nodded and said, " in that case, let's put aside the distribution for now. We should focus on solving the evil spirits and saving people.

Led by several leaders, the local forces put away the tense atmosphere and chased after Yunxiao. Hanxuan was also among them, in sync with Mei Dong 'er.

Mei Dong 'er's eyes revealed an unnoticeable look of envy. She complained to herself in her heart, If only I could be like sister Hanxuan, I could follow big brother Yunxiao as I please. She was in the Big Dipper sect and had to listen to the sect's orders. Most of the time, she had no choice.

it's better to split it up after the event, " Chu Lin snorted. perhaps there won't be so many people, and there'll be less talk. He led the people of the Chamber of Commerce and followed closely behind. In addition to the distribution of benefits, he had a more important reason, which was Yunxiao's promise to forget the past. That was a promise that was enough to save his life!

Although many of the remaining itinerant martial artists were unwilling, there was nothing they could do. They could only follow behind carefully. This group of people was the weakest and the most unreliable. It was not realistic to expect them to contribute.

Yunxiao snorted coldly as he looked at the people who had followed him. If he had the confidence to suppress mo Xiaochuan, he would not have dragged this motley crew over. The person in the lead quickly flew to the altar and looked down.

The red aura that lingered around the altar was exactly the same as the one on mo Xiaochuan's body. No one could see the truth behind it. However, the surging aura of the southern Fire golden crystal essence made even him want to take a few deep breaths.

All of the blood vessels in his body seemed to have opened on their own at this moment, and the countless tiny air holes were continuously absorbing the energy of the crystal sources in the surroundings. A large amount of fire-elemental energy flowed through his meridians and into his dantian.

He was greatly shocked to feel such a strong spiritual Qi impact just by being above it.

Soon, everyone arrived in the air and felt the same aura. They were all shocked, but most of them were ecstatic.

Tan dijun was shocked, "could it be that the entire altar is really the source of the southern Fire golden crystal essence?" How could this be? even he himself couldn't believe it!

whether it's true or not, " Yunxiao said. we'll know when we go down and take a look. He took the lead and flew down. He passed through the red chaotic Qi and stepped on the altar without any obstacles.

The surface of the platform was only 50 meters in radius, not very big. Moreover, the design was simple and empty. There seemed to be an entrance at one end of the rooftop that led to the inside.

When Yunxiao stepped on the altar, he immediately felt a powerful fire element rushing into his body, and he could not stop it even if he wanted to.

The demonic Dragon's voice suddenly rang out. no matter what's going on with this altar, at least the Qi of the crystal source is real. This is the kind of surging energy you need! If you cultivate here for three to five years, there's a high chance that you'll return to the peak of the martial Supreme realm!"

Yunxiao was also tempted. The primordial energy here was far stronger than that in Yanwu. It was like a mountain of primordial cores in front of him, which could drive any warrior crazy.

golden crystal sources! It's indeed the southern Fire golden crystal sources! Haha!

All the cultivators descended from the sky and began to go crazy, desperately kissing the altar under their feet. Some even took out their weapons, wanting to cut it down and take it away.

"Bang! Bang! Bang! Bang!"

The sound of knocking came from all directions, all of which were from the great martial artists digging the altar, but to their horror, they found that they couldn't move the altar at all.

Mei Dong'er originally cultivated Water-type techniques. Although the Golden crystal sources contained a large amount of Yuan Qi, it still made her feel extremely uncomfortable. Once the fire-type energy entered her body, she immediately needed to circulate a large amount of Yuan Qi to resist it and maintain her body's moisture, greatly reducing her strength.

The fire attribute cultivators all madly absorbed it. Cultivating in this place for a day was equivalent to cultivating in the outside world for months or even a year!

Tan dijun and the others had already surrounded the entrance on the altar, and they were suspicious. It was pitch black inside, and their divine senses couldn't penetrate it.

Xiaochuan must be in there," Yunxiao said. this place must be the evil spirit's lair. If I'm not wrong, the evil spirit was also born here."

"That's right. Only such a huge source of Southern Fire golden crystal can form a spirit," tan dijun said. "If this is its lair, then ..." His eyes flashed with deep worry.

“Are you referring to its combat strength?” Xun Zhiming asked.

Tan Dijun nodded and said, “that’s right.” If it were to fight here, its power would be almost endless and would never be exhausted. Unless we can subdue it in an instant, we’ll be at a complete disadvantage if we fight it. ”

the space here is too small, ” Yunxiao said. there are too many people here. Why don’t the few of you follow me down while the rest of you stay up there to avoid becoming a burden?”

The few of them looked at each other, all of them revealing worried expressions. Although they were powerful, they did not want to take risks. Moreover, the longer he cultivated, the more he cherished his life. After all, no one knew what was down there.

Yunxiao could see the concerns of the crowd, so he said, “I won’t force you. Tell me after you’ve thought it through. I don’t want anything that I don’t want to see to happen down there. Otherwise, don’t blame me for turning hostile on the spot.”

After he finished speaking, he sat down cross-legged at the entrance and began to absorb Yuan Qi.

No one was willing to waste a single second in such a place. Hundreds of Warriors were sitting cross-legged in this small space. Apart from the water element Warriors, the rest of the people had benefited greatly. Even water attribute martial artists, when struggling to withstand this overbearing fire attribute power entering the body, also obtained enormous training.

Yunxiao, on the other hand, exerted all his strength to cast the one Qi creation skill, and all the pores on his body opened and swallowed. Hissing sounds could be heard all over his body, and tiny red whirlwinds could be seen revolving around his body.

Yunxiao’s cultivation had produced an unusual phenomenon, which shocked the leaders. They could sense how terrifying the amount of primordial Qi Yunxiao had absorbed was, and they looked at each other with fear in their hearts.

The few of them moved their lips and communicated telepathically. Their eyes were filled with complicated emotions, but they seemed to have reached a consensus.

Tan dijun interrupted Yunxiao's cultivation and said, "Young master Yun, we're willing to go down with you."

Yunxiao opened his eyes and retracted the absorption force around him. The strange phenomenon immediately disappeared as he said, "Then I'll have to trouble everyone!"

Then, he stood up and jumped into the entrance with the gourd Little King Kong.

Ying Lin, tan dijun, Xun Zhiming, and Xiao Minghui followed closely behind them. The rest of the people stayed on the altar to cultivate, waiting for their news.

It was dark inside the altar, and since they couldn't use their divine senses, they could only produce fire. Everyone condensed a ball of raging fire in their hands, which immediately lit up the entire inside.

It was actually very simple inside. It was not as complicated or dangerous as everyone had imagined. It was just a space similar to a Hall, and a huge statue stood in the center. Meanwhile, mo Xiaochuan was sitting cross-legged in front of the statue. He had a peaceful look on his face and had retracted all his evil aura. He seemed to be praying devoutly.

The five of them descended rapidly and immediately formed an encirclement formation in the sky, surrounding mo Xiaochuan.

Yunxiao's expression was solemn. Suddenly, as if he had discovered something, he raised his head, and then his body trembled, and he almost cried out in horror!

He saw that the huge stone statue was carved of a woman, and her face was so strange that it was impossible to see clearly. At a glance, the body shape was exactly the same as his heavenly shine que Jin statue!

Chapter 576-strange

“Magnet!”

Yunxiao was taken aback by the shape of the statue. He sucked in a cold breath and felt a chill run up his spine. Countless thoughts flashed through his mind, but he couldn't understand why there would be a statue that was exactly the same as the one in the outer space in the treasure of the North Scorpion sect.

However, the one in front of him was only constructed from the southern Fire golden crystal essence. Although it was huge, its value was far inferior to the one in the heavenly shine Imperial Gold. At this moment, he finally came to a realization. The entire altar wasn't constructed from the source of Southern Fire golden crystal essence. The only source of Southern Fire golden crystal essence was this female statue.

“Young master Yun, what's wrong?”

Opposite him was Wu Lin, who could not see the statue behind him, but could see Yunxiao's shocked expression, so he could not help but blurt out the question.

“I see, I see!”

Tan dijun, who was on Yunxiao's left, also noticed the statue. “So the true Southern Fire golden crystal source is here! Such a huge statue, what a great fortune this is!”

His eyes were filled with greed. He had almost forgotten the mission of the group and was staring at the statue with an infatuated look.

“Not good!”

Suddenly, Yunxiao was taken aback and said in horror, “Close your eyes and don't look at the face of the statue!”

Originally, the face of the statue was strange and difficult to see clearly. But, under his gaze, it began to gradually become clear. But as the face became clear, Yunxiao suddenly felt a tremor between his eyebrows, which brought him back to his senses.

Even with his powerful spiritual power, he had almost fallen into the trap without realizing it.

It was already too late. Apart from Ying Lin, who had his back to the statue, the faces of the other three people began to turn dull. The surging vital Qi in their bodies also dissipated, and their hands hung down. Their minds were completely controlled and they stood in the air.

Gao Lin also noticed the strange state of the three, and he was so scared that he didn't dare to turn his head around. He could only say in horror, "What's going on? What's wrong with the three of them?"

'Oh no!' Yunxiao said. Hurry up and seal the three of them!"

As soon as he finished speaking, he performed a hand seal. It was so fast that only an afterimage could be seen flashing in the air, and it was the first one to hit tan dijun.

Tan dijun's body trembled, and then he lost consciousness and fell from the sky.

Having succeeded in his attack, Yunxiao immediately charged toward Xun Zhiming.

However, it was already too late. Xun Zhiming's originally dull face suddenly revealed a ferocious expression. He raised his hand with a loud roar and pointed his finger in the air. In an instant, his body glowed brightly and shot out dozens of finger radiances that broke through the air.

At the same time, Xiao Minghui also made his move, but his target was Gao Lin. A huge, overbearing sword Qi condensed in the air and then slashed down at Gao Lin.

This sudden turn of events caught the two of them off guard.

Yunxiao hurriedly brandished the northern heavens cold star sword to block the finger light. But, although Xun Zhiming was not a peak martial venerable, he was not far from it, and the strength of the finger light was not something he could block. His body immediately turned golden, and several finger lights shot into his body, leaving bloody wounds and immediately injuring him.

Then, little gold, the calabash, had just reacted. With a roar, it enlarged its body and stood in front of Yunxiao, saving him from danger. On the other hand, the gourd Little King Kong's body was made of ninth-tier materials. It was not afraid of the attack of a martial Supreme at all. It strode over in the air and started fighting with Xun Zhiming.

On the other side, Gao Lin dodged Xiao Minghui's sword light and took out his brick as well. The two of them started fighting. Ying Lin's brick was also an eighth-tier profound artifact. Although it wasn't as powerful as Wu Yan's mirror of calm lake, it was still an artifact that he had refined for many years. As such, he was able to turn the situation around with a single strike.

It was a pity that mo Xiaochuan had dispersed most of the brick's spiritual energy, so it was now a draw against Xiao Minghui.

After being injured by Xun Zhiming's finger beam, Yunxiao fell from the sky and stood in the hall. He looked at mo Xiaochuan, who was sitting cross-legged on the ground and unmoving, while healing his wounds in silence. He was in no hurry to attack, as he was eager to buy time until the battle above was over.

However, things often went against his wishes. When mo Xiaochuan opened his eyes, a sharp aura shot out from them. It was not the red color of poison, but instead, it was clear.

you ... You've recovered?!

Yunxiao was taken aback and asked with great joy. A huge wave surged in his heart, and he could not suppress his emotions.

Mo Xiaochuan glanced at him coldly and said, "Who are you?" His voice was extremely normal, and he didn't seem to be possessed by an evil spirit. His eyes were filled with spiritual light, and he didn't seem to have lost his mind.

He raised his head to look at the sky and said, "So you're from the thunderwind Chamber of Commerce. Hmph, Ying Lin, do you still have the face to see me?"

Yunxiao was immediately certain that Mo Xiaochuan's mind was very clear, and he was overjoyed. "Xiaochuan, what's up with the possession of the evil spirit earlier? How are you doing?"

Mo Xiaochuan looked at him with a puzzled expression and asked, "Who are you? I've clearly never seen him before, but why do I feel like I'm familiar with him?" you're the one who fought with me earlier! he shouted in shock. the young man who used the sword technique to kill the monster!

His eyes lit up and his body couldn't help but tremble at this moment. His emotions fluctuated greatly as he said, "You, Who are you? Why does he know the demon-slaying Sword Art?" He seemed to have guessed something and said sorrowfully, "Could it be that you're the last disciple master accepted?"

Thinking of this, two lines of tears flowed down his cheeks. He said in grief and indignation, "I hate Mo Xiaochuan for being so disappointing. He's actually unable to find out the cause of master's death. Now, he's even trapped here and I don't know when he'll be able to see the light of day. I'm so hateful!"

He slammed his fist on the ground, causing a red glow to appear. As his emotions fluctuated violently, a red aura began to appear around his body, and his eyes gradually turned red.

what?! Yunxiao was shocked. Xiaochuan, what the hell is wrong with you?!

Mo Xiaochuan's face was filled with pain as he suddenly shouted, "Go, quickly go! That evil spirit is going to control my body!" He rolled on the ground in pain, like a carp jumping on an anvil. He covered his head with both hands, trying to protect his spiritual altar and consciousness from the invasion of the evil beasts.

Yunxiao's heart trembled. He rushed forward and quickly performed an incantation gesture with both hands, forming a seal that he slapped down casually, trying to seal him in an instant and drag him into the divine realm tablet.

But, the moment the seal fell, the evil spirit's beast demon form reappeared, its terrifying face roaring and blocking Yunxiao's seal.

Yunxiao suddenly opened the immemorial heavenly eye between his brows and shot out a stream of Phoenix divine fire toward the evil spirit.

The evil spirit's eyes revealed a look of fear. After howling a few times, it realized that the other party's divine fire was not as powerful as it had imagined. It was not as afraid as before. It continued to surge out of its body, blocking the divine fire.

Yunxiao was very anxious. He knew that his opponent was also a fire-elemental spiritualist, and had a natural immunity to fire-elemental powers. Although the true Phoenix Flame was strong enough to suppress him in terms of level, what Yunxiao could use was very limited.

As the two sides were in a stalemate, his soul power was quickly exhausted, while his opponent was continuously absorbing the fire element in the surroundings, gradually becoming stronger.

In just a few breaths, Yunxiao felt that he could not hold on any longer, and his heart was filled with anxiety.

If he could not take this opportunity to drag mo Xiaochuan into the divine realm tablet, it would be even more difficult when the evil spirit completely occupied his body!

“Pig, since the other party is a fire element evil spirit, it's natural to use water to subdue it!”

The demonic Dragon's voice rang out from within his soul.

Yunxiao was so angry that he wanted to curse out loud. He naturally knew that water could suppress fire, but at this moment, just as he was feeling depressed, he suddenly thought of something and was overjoyed. He hurriedly circulated the small ball of energy in his dantian.

As the spiritual energy slowly flowed through his body, the inextinguishable golden body once again bloomed with divine light. The immemorial heaven's eye suddenly closed and retracted the true Phoenix Flame. When it opened again, it turned into a Crescent Blood Moon and shot a pale blue light toward the evil spirit.

Inside the light blue light, there was half a drop of water. It was small but crystal clear. It refracted a beautiful blue light and rushed into the evil spirit.

It was the water of the hundred rivers that Wu Yan had collected from the mirror of calm lake!

“Roar!”

The evil spirit’s body was broken into by the hundred River water, and the red color of its body was immediately reduced by more than half, as if it had been seriously injured. It let out a pained cry, and roared towards the sky.

The evil spirit’s aura dissipated in the air as it roared. The water of the hundred rivers was a mutated element that was close to the water origin. It directly suppressed the energy of the southern Fire golden crystal, causing great damage to the evil spirit!

Yunxiao cried out. Naturally, he would not let go of this opportunity. He mustered all his strength and quickly performed an incantation gesture. A golden light condensed in front of him and then descended from the sky!

“Hiss hiss hiss!”

The evil spirit let out a hissing sound that was like a leaking wind before it was slowly absorbed into mo Xiaochuan’s body. Mo Xiaochuan’s entire body fell to the ground.

Yunxiao was almost exhausted after this attack. He staggered forward, slapped mo Xiaochuan with his palm, and sucked him into the divine realm tablet. Only then did he breathe a sigh of relief.

At this moment, the battle in the sky was basically coming to an end. Although Gao Lin’s profound level weapon was damaged, his strength was still higher than Xiao Minghui’s. He quickly suppressed Xiao Minghui and directly hit him until he spat out a large mouthful of blood and fell from the sky.

Originally, the two forces were fighting openly and covertly, so Gao Lin naturally wouldn't let this opportunity go. His every move was vicious, and he wished he could shatter the other party's dantian. He would only be happy if he directly crippled the other party. However, after Xiao Minghui lost his mind, he also became fearless. Under the fierce battle, Gao Lin was also in danger.

On the other side, the gourd little Vajra also became more and more courageous as the battle progressed. When he fought with Xun Zhiming, his body was his greatest reliance. It was completely made of ninth-tier materials. This was the true indestructible golden body. From the beginning to the end, he had suppressed Xun Zhiming. Very quickly, he also broke through his opponent's defense with a punch and directly blasted Xun Zhiming down.

577 Sealing the evil spirit

Ying Lin looked at the unconscious tan dijun and the severely injured Xun Zhiming and Xiao Minghui, and a strong killing intent flashed in his eyes. This was undoubtedly the best time to kill the three of them.

As long as he got rid of the three of them, the three big sects outside, as well as some small local forces, would be easy to capture. As long as he got rid of these people, it would undoubtedly be a huge blow to the local forces and sects.

However, there was still hesitation in his eyes because the Big Dipper sect had Zhang linghua, a martial sovereign, in charge. On the other hand, the Chamber of Commerce's headquarters could not send a Martial Emperor to help at this critical moment.

I know what you're thinking, " Yunxiao gave him a look and said, " but you'd better behave yourself. Although these three aren't good people, I won't allow you to kill them before this matter is resolved."

As soon as he finished speaking, the calabash Little King Kong stepped in front of Gao Lin with heavy steps. A steady and heavy aura exuded from his raised fist, almost suffocating Gao Lin.

Qian Lin was shocked, and he laughed awkwardly. young master Yun, you're overthinking it. We should work together. Even if they've been possessed, I'll never abandon my teammates. That's not my style. He looked around and suddenly exclaimed, "Where's mo Xiaochuan?"

'It's good as long as you don't have any rash thoughts,' Yunxiao said. President Qian has also exhausted a lot of his energy. I'll rest for a while and see how I can help the three of them get rid of the evil art after I recover my energy. As for mo Xiaochuan, he said indifferently, "The mission has been completed. You don't need to worry."

"The mission is complete?"

Gao Lin's pupils contracted as he looked around, but he couldn't see mo Xiaochuan's shadow at all. He couldn't help but feel suspicious. But, it was obvious that Yunxiao would not tell him. Although he felt very uncomfortable holding it in, it was not appropriate for him to ask. So, he flew down embarrassedly, sat cross-legged on the ground, and began to cultivate.

The huge female statue was right behind the two of them. Ying Lin didn't dare to turn around to look at the face of the statue, and he could only absorb the aura of the southern Fire golden crystal essence from the statue without any restraint. The aura was even denser than when he was on the altar.

After suppressing the evil spirit in mo Xiaochuan's body, Yunxiao was exhausted, both physically and mentally, and could not exert any strength. He immediately let the little Guardian deity gourd protect him by his side and entered a state of cultivation with all his heart and soul, greedily devouring the astonishing vital Qi and fire elements.

Although the fire element was strong, it was easily resisted by his physical body. His soul directly materialized in the divine realm tablet and appeared beside mo Xiaochuan.

Staring at the familiar face, Yunxiao's eyes were filled with unspeakable melancholy. He cast a few incantations into mo Xiaochuan's body and made him sit cross-legged, while he himself also sat in the air opposite him. He performed a sword incantation gesture with two fingers, and a little fluorescent light flickered on his fingertips as if he had entered a certain state. Both of them remained motionless.

Time passed by slowly. All of a sudden, mo Xiaochuan's eyes snapped open. They were completely red, and his face was as ferocious as an evil Spirit's as he opened his mouth and roared.

Mo Xiaochuan's aura surged as he pounced on Yunxiao, as if he was going to tear him apart.

Yunxiao's eyes were still half-closed, and without even looking, he pointed a finger at mo Xiaochuan. The fluorescent light at the tip of his finger hit mo Xiaochuan between his eyebrows, and his entire body was immediately shaken off. Mo Xiaochuan rolled around in the air in pain before turning into a red light and fleeing.

With a thought, Yunxiao's figure immediately disappeared from where he was and reappeared somewhere several miles away, just in time to intercept mo Xiaochuan, who was trying to escape.

He said expressionlessly, " I don't know if you can understand me. This is my territory. You can't resist. If you know what's good for you, then obediently surrender your head. Seeing that it wasn't easy for you to transform, I can spare your life."

"Roar!"

Mo Xiaochuan roared repeatedly in the air as the red aura on his body grew stronger and stronger. His hands were also changing rapidly, and the wind and clouds in the surroundings surged. Strange phenomena appeared in the sky as a huge golden seal appeared behind him, then he clapped his hands and threw them at Yunxiao.

"Heaven and earth seal? This power was indeed not something that a peak martial venerable could display. However, there was not a trace of Emperor Qi of the nine Heavens in it. Xiaochuan, you're still struggling to fight against this evil spirit, aren't you?"

Yunxiao sighed and waved his hand as he shouted, " "Cloud scatter, seal break!"

The Aurora of the seal of heaven and earth was suddenly split apart, turning into countless rays of light that shot out in all directions. They scattered in an instant.

Mo Xiaochuan's face was filled with fear. He roared and tried to escape again.

Yunxiao's eyes gleamed with ruthlessness as he said, "It seems that you are an evil spirit that is very afraid of death. Since you are not willing to come out, I will beat you until you come out!"

With a single thought, he appeared beside mo Xiaochuan and punched him in the chest, causing him to spit out a mouthful of blood. After that, Yunxiao generously used mo Xiaochuan as a target to practice his skills. He was covered in wounds, but his face was still as cold as ever.

No matter how serious these physical injuries were, he could still save them. However, if the evil spirit refused to leave, he had no choice. Moreover, his training method was much crueler than a beating for these disciples.

Mo Xiaochuan's eyes were filled with fear. However, it was useless no matter how he tried to escape. He continued to run.

Yunxiao frowned and said to himself, "This evil spirit doesn't seem to have any intelligence. It knows that it can't escape, but it still fled. We might not be able to force him out even if we continue fighting like this. What should we do?" "Why don't we try this?" he said after a moment of silence.

He clenched his fist, and a Dragon's Shadow emerged from his body, circling around him. It was the demon Dragon, and it seemed to understand Yunxiao's mind. "You want me to enter that kid's body and force the evil spirit out?"

that's right," Yunxiao said. judging from the current situation, the evil spirit has no intelligence. I'm afraid it won't come out unless I kill Xiaochuan. You're also a pure spirit body and have the aura of a true dragon, so you might be able to force it to escape. But remember, don't hurt Xiaochuan's soul."

"Understood," the demon Dragon replied. This kid is also my favorite among your many disciples. If I can't use my Dragon Qi to scare the evil spirit out, I'll come out first and then we'll have a long-term plan."

The demonic Dragon circled a few times in the air before charging straight at mo Xiaochuan. It entered the space between his brows and disappeared.

Mo Xiaochuan's expression froze for a moment, followed by a look of extreme fear. He held his head and howled in the air. An intense red aura spread rapidly from his body, and he seemed to have gone mad!

Yunxiao looked at him coldly without any emotion as he muttered, "Xiaochuan, this is also a tribulation in your life. It's up to you whether you can survive it. The demonic Dragon can only assist you, and only your own divine sense can dispel the evil spirit. I can only help you to this extent."

A series of shrieks rang out in the air as Mo Xiaochuan's body was twisted, pulled, and even expanded and shrunk. It was clear that the battle between the demonic Dragon and the evil spirit was intense.

Mo Xiaochuan's eyes flickered with a red light. They were no longer as blood-red as before, and it was clear that he was trying hard to regain control of his consciousness.

Yunxiao's eyes narrowed when he discovered this, and then he waved his hand. The Scripture of the great expansion divine technique immediately appeared in the air, flickering and disappearing. The powerful force contained in the characters turned into a line and flew into Mo Xiaochuan's forehead, then rang out in his spiritual altar and sea of consciousness, stabilizing his mind like an immortal chant.

As the power of the great expansion divine technique's words took effect, Mo Xiaochuan sat cross-legged in the air and formed a hand seal. A faint green aura appeared above it and condensed into a Green Lotus that emitted a holy light. His entire person immediately appeared in a peaceful state, and the red color on his skin gradually faded.

Yunxiao's eyes shone with great joy. This sign indicated that Mo Xiaochuan had already taken control of his body. However, he did not dare to be careless as the evil spirit had not been removed. He cast a mind-clearing incantation to clear his mind and resist the invasion of external forces.

A moment later, the mark of a demonic Dragon emerged between Mo Xiaochuan's eyebrows. It swam slowly, then turned into a Dragon Shadow and shot out, hovering around Yunxiao before disappearing into his body.

What's the situation?" Yunxiao asked hurriedly. How is it?" Why don't I see any evil spirits?"

“That evil spirit is indeed not very intelligent,” the demonic Dragon said solemnly. “It’s like a demonic beast. But for some reason, even though they were clearly very afraid and panicking, they refused to come out. I’ve already forced it into his aperture, and it’s been sealed by the power in his body. Mo Xiaochuan must have done it of his own accord. He should have regained his consciousness for now.”

Yunxiao frowned. “force into an aperture?” “Wouldn’t that leave behind a huge hidden danger?”

“This is already the best result,” the demonic Dragon scoffed. “Mo Xiaochuan would have to rely on his own strength if he wanted to force him out. As long as he kept improving, he would be able to force the evil spirit out one day. As long as you seal the aperture and don’t let the evil spirit possess you again, that’ll be enough.”

‘How difficult is it to do that?’ Yunxiao asked. “It wasn’t easy for this kid to get to where he is today. I didn’t expect that he still hasn’t suffered enough.”

“He’s the one I admire the most among your disciples,” the demon Dragon said. “Among the disciples, he was the one with the worst talent, but he had experienced more ups and downs than the other disciples. I’m also more optimistic about his future achievements. Perhaps only he and young Emperor hao lian can become peak martial sovereigns.”

“Yes.”

yes, ” Yunxiao nodded and said, “ I was born in a super family. Although the cultivation resources I have are far more than ordinary people, the cruelty in it is not something ordinary people can understand. Xiaochuan must have suffered a lot in order to reach the Martial Emperor realm. However, stepping into the nine Heavens realm is only the beginning!”

The demonic Dragon was silent. They were once at the peak of martial arts, so they naturally understood that the path of martial arts was vague and boundless. There was no end to it, and one could only seek it up and down.

They were all blaming Taiyi for not having an outburst for a long time.

Chapter 578

578 Peerless beauty

With a wave of his hand, Yunxiao immediately disappeared from the divine realm tablet, leaving mo Xiaochuan to guard his spiritual altar and slowly recover. As long as it was in the divine realm tablet, he would be able to sense its every move, and the evil spirit would never be able to rise again.

When his divine sense returned to his body in the altar, Yunxiao focused on absorbing the primordial Qi, and soon, he recovered all that he had lost.

The key was that he was only an eight-stars martial Grandmaster. Although it was extremely difficult to make a breakthrough, he recovered very quickly.

After his Yuan Qi recovered to its peak, he suddenly rose into the air and looked at the statue of the southern Fire golden crystal source.

Ying Lin was shocked and hurriedly stood up. Just like him, he curiously looked up from the feet of the statue. Suddenly, his sea of consciousness trembled violently. Before he could see the statue's face, he felt a shiver run through his body and he hurriedly lowered his head, not daring to look at it again.

He also knew that Yunxiao was a seventh-tier great Alchemist and had an extremely strong cultivation base in soul power, which was naturally not something he could compare with.

Yunxiao was not feeling well at the moment. He opened his three eyes at the same time, all of them turning into crescent moons as he struggled to resist the powerful mental power brought by the woman's face. The space around him had long been deformed, but in the silent altar, an extremely thrilling battle of mental power was happening silently!

Yunxiao waved his hands and began to slowly circulate the great expansion divine technique to offset the demonic power. His eyes were as clear as water and as sharp as knives, trying to penetrate the layers of fog and see the woman's true face!

Even though he had circulated his soul power to the peak, Yunxiao could only see a glimpse of the woman's side profile in the hallucination.

“Magnet!”

Even someone as powerful as him couldn't help but be shocked. His entire spiritual altar and sea of consciousness were about to collapse at this moment, and he lost control of his mind!

It was a noble and gorgeous beauty that was beyond the imagination of the world!

It was just a glimpse of her side profile, but it had already completely surpassed the world's most beautiful woman, Qu Hongyan. At that moment, no matter how strong Yunxiao's self-control was, he finally lost his mind and was completely stunned.

Although Ying Lin did not dare to look at the statue, he had been paying attention to Yunxiao's movements. When he saw Yunxiao's gradually lost look, he was startled and hurriedly cried out, gathering his voice and pouring it directly into Yunxiao's ears, trying to wake him up from the daze, but it did not work!

“Crack!”

All of a sudden, a cracking sound came from behind him. He turned around in shock and saw a crack on the statue's body. Then, it spread like a spider web and cracked on a large scale.

“Dong Dong Dong!”

From top to bottom, the entire statue suddenly shattered, turning into countless stones of various sizes and falling down. Ying Lin was so frightened that he hurriedly retreated, afraid that there was something strange in the stones that he wouldn't be able to guard against.

Yunxiao also gradually regained his consciousness when the statue shattered, but his eyes were still filled with indescribable shock, and he could not come back to his senses for a long time.

“Young master Yun, are you alright?”

Wu Lin flew up and stared at Yunxiao for a while, then said, "What happened just now?"

Yunxiao did not seem to hear him. Instead, he stared at the pile of gravel on the ground and muttered to himself in a daze, "That beautiful face shouldn't exist in this world, and it shouldn't be seen by mortals. Could it be that just because I caught a glimpse of his face, he will be destroyed in this world?"

His face was actually filled with an indescribable loneliness and dullness. The sound of a poem came out of his mouth as he said, "Who would believe in myriad incarnations? Noble Qi and outstanding immortal material, hard to distinguish in the earth. When the Jade platform returns, the heavenly abode can be seen clearly."

Ying Lin frowned, unable to understand Yunxiao's state of mind at the moment. "Young master Yun, are you really alright?"

Yunxiao shook his head, as if he had lost something in his heart. He knew that the side profile of her face would forever be imprinted in his mind, and he would never forget it. However, only the heavens knew how many years ago this woman had existed. She had long been buried in the endless years, and besides the remains of these statues, there was no trace of her.

At this moment, Tan Dijun had also woken up. Everyone, including Xun Zhiming and Xiao Minghui, was stunned. Then, they all recalled something, and they stared at the pile of crushed stones in front of them with shock and astonishment.

Tan Dijun said, "What's going on? What's wrong with the statue?"

Xun Zhiming also sucked in a breath of cold air. He propped up his injured body and said in shock, "You, you actually destroyed it? How did you do it?" He recalled the whole process of his mind being taken away, his attack on Yunxiao, and then his defeat by the calabash warrior. It was hard to imagine how Yunxiao had resisted the statue's soul-taking power.

Xiao Minghui also remembered. He glared at Gao Lin with a hint of anger in his eyes. He turned to the hall and frowned. "Where's Mo Xiaochuan?"

Putting away his disappointment and listlessness, Yunxiao landed on the ground, picked up a piece of broken stone from the statue, and stared at it for a long time before he said, "The mission is complete. Everything is over. Let's leave."

"Mission completed?"

The three of them looked at each other. Like Gao Lin, they had many questions in their hearts, but they couldn't ask.

Tan dijun's eyes suddenly brightened. He stared at the pile of broken stones and exclaimed, "Southern Fire golden crystal essence, so many Southern Fire golden crystal essence! Haha, this trip wasn't in vain!"

After he was shocked, he had been sealed by Yunxiao, so his power was not damaged at all. He rushed to the pile of crushed stones with an extremely greedy look on his face, as if he wanted to swallow them all.

The other three people's faces also changed drastically. They only reacted now. Xun Zhiming and Xiao Minghui looked at each other and saw the fear in each other's eyes. At this moment, the two of them were seriously injured, so they would probably be at a disadvantage if they fought.

Yunxiao looked at tan dijun coldly and snorted, "What, sect master tan plans to move all of them away alone?"

Tan dijun realized that he had lost his self-control, so he laughed embarrassedly, "Of course not. These Southern Fire golden crystal sources could be considered a huge fortune. Everyone, let's discuss how to divide it. As for those who didn't come down, he didn't need to give them. I let them cultivate on the altar for a few hours, so this trip was not in vain."

His words directly excluded all the itinerant martial artists. As long as these Southern Fire golden crystal essences were kept, the surging Yuan Qi and fire-type energy on the altar would also disappear.

no way! yelled Gao Lin with a frown. your sect sent three people here, but only one from my Chamber of Commerce. Unless you give me half!

I'll give you half. Old geezer Chu, you're courting death!

Tan dijun clenched his five fingers, and a hazy Qi appeared in his hand. It seemed like he would kill someone if he didn't agree with what he said.

stop acting all high and mighty in front of me," Ying Lin sneered. I wonder who was lying down there like a dead pig just now. If I hadn't shown you mercy, I would've killed you with a single palm strike!

Tan dijun's expression changed slightly. What Ying Lin said was true. When he was lying on the ground, he could've killed him with one palm strike, but he didn't. He didn't know what Ying Lin was thinking. If it were him, he would most likely kill the other party with one palm.

Qiu Lin was also filled with resentment. How could he not want this? If Yunxiao had not stopped them, the three of them would have been beheaded by now. Now that there were three more people out of nowhere to split the southern Fire golden crystal essence, just thinking about it made his heart burst into flames.

I don't care how you divide them," Yunxiao said with a smile. I'll take half of these crystal sources. After he finished speaking, he began to collect them, not caring if the others objected.

"No!"

The four of them shouted almost at the same time, and their expressions changed drastically.

Tan dijun rushed up in anger and slapped him with his palm. He shouted, "Stop! What right do you have to take half of what everyone has?"

At Yunxiao's will, the calabash King Kong took a step forward and threw out a King Kong fist, clashing with tan dijun's palm!

A huge amount of Qi burst out, forcing tan dijun to step back. The qi and blood in his body were boiling. He was shocked again and again. He looked at the gourd Little King Kong with disbelief and shock.

Although he had seen the power of this thing before, he guessed that it was only at the strength of an ordinary revered martial artist. He had guessed it right. He had also seen it with his palm just now. However, the material used to make this thing was a Kasaya.

His palm strike, which was at the peak of martial venerable realm, had broken the opponent's Vajra fist and rebounded his energy back to the opponent, but it only forced the calabash little Vajra to take two steps back. It had completely withstood the attack with its body, and as if nothing had happened, it took another two steps forward and returned to its original place to protect Yunxiao.

Could it be that this thing can't be killed?

An unbelievable and strange idea came to tan dijun's mind. Ordinary puppets, no matter how strong they were, would lose all their spiritual Qi and power after being attacked, just like profound level weapons. However, the calabash Little King Kong didn't seem to have such signs at all. Just like a martial artist, it seemed to be able to recover its vital Qi.

Was there such a puppet in the world?

He was stunned for a moment. He didn't know whether to continue or not.

Xun Zhiming and Xiao Minghui were also injured, so they didn't dare to court death. They could only stare and stomp their feet anxiously.

Gao Lin also had some concerns. Mo Xiaochuan's inexplicable disappearance had made him feel an unspeakable tightness in his heart. Now, he could only believe Yunxiao's promise to him, and he did not dare to offend him too much.

All of them had their own thoughts, so they could only watch as Yunxiao collected them.

Yunxiao, on the other hand, ignored his expression and the objections of the crowd and continued to collect the southern Fire golden crystal sources. Soon, he had collected nearly half of them, and only then did he stop and say, "You guys can split the rest."

The four of them stared at the remaining small portion, their hearts bleeding.

Tan Dijun shouted and rushed forward, "All of these belong to my Big Dipper sect!" He released a misty aura from his body, which enveloped the crystal sources in an attempt to collect them all!

Chapter 579

?

579 Distribution of crystal sources

Ying Lin's pupils suddenly shrank, and he suddenly flew down, smashing the brick in his hand as he angrily shouted, "Old man, get lost! Don't even think about touching a single crystal source!"

His brick enlarged in the air and came crashing down like a small mountain. It was impressive!

The two of them were both at the peak of the martial honor realm. After adjusting his breathing, Gao Lin's strength had also recovered, and they were soon engaged in a battle. Xun Zhiming and Xiao Minghui's expressions changed slightly. They were seriously injured and couldn't participate in this kind of battle. What was worse was that if they were to take it based on strength, the two of them might not even be able to get a piece of the southern Fire golden crystal essence.

"Young master Yun, we only came down to the altar to help you save your life, and we were hit by the soul-sucking spell," Xun Zhiming said. Although he didn't help much, at least he had good intentions, but he was seriously injured. If we can't get a piece of the southern Fire golden crystal essence because of this, brother Xiao and I will be too disappointed."

He knew that there was no hope of snatching it with his strength, so he began to play the bitter card. Besides, although Yunxiao was extremely arrogant and domineering, through his observation, he was not unreasonable in fact. He was the kind of person who could be persuaded by reason but not cowed by force.

As expected, Yunxiao frowned slightly and said, "Originally, this treasure should belong to everyone. Everyone should have a share. Why don't I divide it? What do you think of it, President Qian and sect master Tan?"

Ying Lin and Tan Dijun could ignore the existence of Xun Zhiming and Xiao Minghui, but they could not ignore Yunxiao's existence. As soon as they heard that, they immediately stopped fighting and cried out, "How do we divide it?"

Yunxiao smiled and said, "Of course, I won't give back the half I took! As for the other half,"

"It's a little less than half!"

Tan Dijun corrected him angrily. His eyes were almost spitting fire.

"Hahaha!"

"The Big Dipper sect is the leader of all the sects in Nanhua City," Yunxiao laughed. "Don't worry about this little gain or loss. You should broaden your horizons. Adding this little bit of Southern Fire golden crystal source won't be of much benefit to your Big Dipper sect's strength. On the contrary, if the distribution isn't equal and it causes dissatisfaction among the other forces, it will have the opposite effect and you'll be making yourself a strong enemy."

Tan Dijun's face changed slightly, thinking that Yunxiao's words seemed to make some sense. However, how could he spit out all the benefits in front of him? He could not refute it, so he could only sneer coldly.

"As for the Thunderwind Chamber of Commerce, it is one of the seven major Chambers of Commerce in the world," Yunxiao continued. "It has vast resources, so how can it lack these things?" "President Qian, even if you take all of these Southern Fire golden crystal essence away, I'm afraid you won't be able to be promoted any further, right?"

Ying Lin was stunned, frowning as he pondered.

Yunxiao was right. As the president of the branch in Southfire City, he was now qualified for the highest position. The thing that had stopped him from advancing was not his business performance but his cultivation. If he could not advance to the Martial Supreme realm, he would still be the president of the Nanhua branch no matter how good his performance was.

Yunxiao's words made both of them fall into deep thought.

"Since that's the case, why should we fight for the resources that aren't that important? These Southern Fire golden crystal essences could be distributed to small sects and even rogue cultivators who needed them. They would be deeply grateful and wouldn't damage the status of the Big Dipper sect and the thunderwind Chamber of Commerce in nanhuo city, nor would it damage the status of the two of them. In my opinion, the two of you should just take a few of these ores as a token and give the rest to those who need them."

Tan dijun and Ying Lin were not the only ones who were lost in thought. Xun Zhiming and Xiao Minghui were also stunned by his words, and they were both calculating the gains and losses in their hearts.

The four of them suddenly felt the boredom of snatching these resources. They did not lack these cultivation resources. The first thing a sect had to face was not the bottleneck of resources, but the bottleneck of talents. The ultimate goal was to become a martial sovereign of the nine Heavens. If he were to lose his life again for such a small profit, or if he were to make many great enemies, it would indeed be unwise, or even stupid.

The few of them looked at Yunxiao with meaningful eyes. They all thought to themselves, "this person is extremely intelligent and talented." To have such achievements and insight at such a young age, he would definitely be a great figure whose name would shake the world in the future. It would be better to sell this person out and make a good relationship.

young master Yun is right, " Gao Lin said. then let's leave it to you. I have no objections.

Xun Zhiming and Xiao Minghui also expressed their willingness to obey Yunxiao's arrangement.

Seeing that things had come to this, tan dijun did not want to offend Yunxiao, nor did he want to occupy these things and make the former Alliance turn against him, which would isolate the Big Dipper sect. Furthermore, he had never forgotten about the lightning transformation divine technique. He also said, "Then, young master Yun, I have no objection."

Seeing that the four of them all agreed, Yunxiao nodded and said, "Very good. Then call the people outside to come in together. I've promised before that anyone who saves people with me will have a share. I can't go back on my word."

With a light tap, the southern Fire golden crystal sources on the ground were immediately under his control. They slowly flew up along with his body and out of the altar.

Although Yunxiao had taken more than half of it, the statue was originally huge, and what was left was still an amazing amount of wealth. As soon as he appeared in the sky outside, countless crystal sources followed behind him, immediately drawing the attention and screams of everyone.

Furthermore, as these Southern Fire golden crystal sources left the altar, the people on the altar immediately felt their Yuan Qi disappear. They no longer felt Yuan power flooding into their bodies like before. They immediately understood what was going on, and their expressions changed drastically.

Yunxiao and the other four were hovering in the air, with Southern Fire gold crystal source ores of various sizes floating around them. There were thousands of them, and they illuminated the sky with a fiery red light.

Tan dijun looked at the shock and unwillingness in the eyes of the people below and said, "Everyone, mo Xiaochuan's matter has been resolved. All the southern Fire golden crystal sources were gathered here. After our discussion, we've decided that young master Yun will personally preside over the distribution, and no one is allowed to object!"

"What? Let li Yunxiao distribute them?"

Everyone was taken aback. Although Yunxiao's strength was obvious to all, how could the sect leaders trust such a young man? This was over a thousand pieces of Southern Fire golden crystal sources, their value was immeasurable!

The crystal sources before everyone's eyes were even more than the number of crystal sources that had been excavated in Southfire city's mines over the years. This was an astronomical amount of wealth, yet they were actually giving it to a young man to distribute.

What they did not know was that Yunxiao had already taken most of it, or they would have gone even crazier and even wanted to kill him.

Only some martial honors gradually fell into deep thought after the shock, thinking about the interests behind it. Soon, they understood that letting Yunxiao distribute the loot was undoubtedly the best choice. And if there was any resentment caused by unfair distribution, it would all be transferred to Yunxiao.

Hanxuan was also looking up at the sky in shock. Although she was also tempted by the crystals, she was more shocked by how Yunxiao had managed to make all the forces accept his distribution willingly.

After the noise below died down, Chu Lin said, " "Young master Yun, let's start."

Yunxiao nodded as he looked down and said, " "As I said earlier, anyone who saves people with me will have a share. Although you didn't enter the altar, you came with me. It's a kind gesture, so everyone has a share."

"Huala!

The cultivators below were all extremely excited, especially those rogue cultivators. They had never thought that they would get their own share from the beginning and were all looking forward to it. This time, they were all excited and unable to calm down.

Yunxiao took out five of the largest stones from the thousands of stones, and they were immediately cut into hundreds of small crystal sources by his finger. Then, he pointed at them and threw them down while chanting, " although the crystal sources are small, one for each of you is enough to exchange for hundreds of millions of primeval stones, which will last you ten years of cultivation.

All the itinerant cultivators flew into a frenzy and tried their best to grab the fist-sized crystal source. Although the shape was different, the size was shockingly the same. This kind of control was already enough to make people admire him.

"Thank you, young master Yun!"

“Thank you, young master Yun, for bestowing me with the source!”

In an instant, words of gratitude rang out on the altar. Everyone also understood that no matter how loudly they thanked him, the other party would not take it to heart. Even after today’s matter was over, he would not recognize them. However, he firmly remembered this favor in his heart.

Under the powerful aura of Yunxiao and the other five, none of the sects and forces dared to move. They just watched quietly with envious looks in their eyes.

After the itinerant cultivators were given their share, Yunxiao said, “The Big Dipper sect and the Thunder wind Chamber of Commerce are the ones who contributed the most in this treasure hunt. Without the Thunder wind Chamber of Commerce’s recording needle and the Big Dipper sect’s treasure-hunting map, you wouldn’t have been able to come here. Therefore, the Big Dipper sect and the Thunder wind Chamber of Commerce will each get half of the remaining.”

With a wave of his hand, the thousands of Southern Fire golden crystal essence crystals were split into two. He pushed one half to earth monarch tan and Ying Lin and said, “The two of you, keep it well!”

The four leaders all frowned slightly, each having different opinions on this distribution. However, he had already made his point, so it was not appropriate to refute it. Besides, letting the Big Dipper sect and the thunderwind Chamber of Commerce take half of it might be the best way to distribute it. If they fell out, not only would they not be able to obtain a single crystal source, but they would also suffer heavy losses and even lose their lives.

After thinking through this, the rest of the people had no more objections.

Tan dijun and Ying Lin were also expressionless. They both nodded slightly and took away their crystal sources after expressing their gratitude.

the rest will be divided into two parts,” Yunxiao said. the local sects will have one, and the various Chambers of Commerce will have one. He added, “The Purple Cloud Chamber of Commerce is also a part of the Chamber of Commerce. Naturally, we need a copy. Do you have any objections?”

Chapter 580-each has their own gains

Hanxuan was stunned, and she felt a warm feeling in her heart.

“Of course!” Ying Lin laughed.

Since he had given Yunxiao so much face, he naturally did not care about the distribution of the crystal sources. Moreover, it didn't harm the interests of the Thunder wind Chamber of Commerce. It was just that the other Chambers of Commerce would share a little less.

The people of the Chamber of Commerce didn't dare to say “No.” They all agreed repeatedly, praising that the distribution was good, fair, and everyone was convinced.

in that case, ” Yunxiao said, ” let's all take our own things and leave this place.

“Yes!”

Everyone shouted in unison, especially those itinerant martial artists. Each and every one of them was high-spirited and full of spirit.

In an instant, hundreds of people rose into the air and flew toward the exit.

Yunxiao turned his head slightly and glanced at the altar that was gradually disappearing in front of him. He sighed slightly in his heart as he thought of the side profile of her face that could topple the world.

Soon, everyone left the central Red land of chaos.

As if affected by the altar's change, after returning to the surroundings of the ring River, he felt that the chaotic Qi in the center had also begun to gradually dissipate. And all the passageways opened up, never to be moved again.

Led by Yunxiao and tan dijun, they all came out of the underground cave.

When they saw the sunlight, they felt the joy of escaping death and cheered.

“If you head north, you’ll be able to reach Southfire city. You don’t need to go in the opposite direction,” Gao Lin said.

The way here was very difficult, and with the muddy demonic beast there, no one had the courage to go back the way they came. After hearing Gao Lin’s words, the itinerant martial artists expressed their thanks and flew North.

Right now, their greatest wish was to quickly sell off the southern Fire golden crystal essence in their hands, so that they could exchange it for enough primeval stones and then find a hidden place to cultivate.

if you want to exchange for the crystal sources in your hands, you can look for the thunderwind Chamber of Commerce at any time,” said Gao Lin. I’m sure you’ll be satisfied with the price.

Tan dijun sneered, “Humph! After what happened, people hate your thunderwind Chamber of Commerce. They won’t work with you anymore. I’m afraid that the business of the thunderwind Chamber of Commerce will take a dive!”

those who left all received benefits,” Gao Lin replied sarcastically. they’re all very grateful. How can they have any resentment? ” Those who had resentment were already dead. On the other hand, your Big Dipper sect’s actions along the way have truly chilled one’s heart. Even if you have powerful martial strength, so what? the hearts of the people have already been lost, and you’re not far from destruction!”

“Hmph!”

Tan dijun humphed and said, “Disciples of the Big Dipper sect, follow me back to report!”

More than ten of them had come out, but none of them had been killed. Only a few of them had suffered light injuries, which was the best result. Moreover, obtaining a large amount of Southern Fire golden crystal essence was also a great merit. There was no benefit in staying here any longer, so he left directly.

As for Yunxiao's Thunder transformation skill, he had already made an agreement in his heart. Naturally, he would let Zhang linghua take it in person. At least, he was more and more uncertain about winning against Yunxiao.

Before Mei Dong 'er left, she looked back at Yunxiao and said, " "Young master Yun, are you going to Yufeng city? when will you be leaving?"

"Tomorrow," Yunxiao said.

"See you tomorrow then," Mei Dong 'er said with a nod.

don't worry, Dong 'er, " Yunxiao said with a smile. you can cultivate in the Big Dipper sect. You don't have to send me off.

Mei Dong 'er said, "I'm not sending you off. I have something to do." It's not convenient to go into detail now, I'll look for young master Yun tomorrow."

Yunxiao frowned, not knowing what she was talking about, but he answered quickly, " "Hmm, alright. All you need to do is come to The Purple Cloud trade union."

Mei Dong 'er nodded her head and bowed lightly before leaving with the rest of the sect.

"Everyone, I'll also take my leave."

President min, " Yunxiao said, " I'd like to borrow the teleportation array tomorrow. Is it convenient for you? "

"It's convenient, of course it's convenient!"

“Young master Yun, you can come over anytime,” said Gao Lin very enthusiastically. I’ll immediately have someone check it when I return and prepare a large number of vitality stones, waiting for young master Yun’s arrival at any time.”

Every teleportation formation consumed a large amount of primordial stones, especially long distance teleportations like this.

thank you for your trouble,” Yunxiao said. I’ll go back with Hanxuan first, and I’ll look for you when I need you.

After he finished speaking, he followed Hanxuan and flew towards the direction of nanhuo city, leaving the people of the Chamber of Commerce still in the same place, not knowing what to think.

The matter of the treasure was over, but this mine was indeed a rare and excellent Southern Fire golden crystal mine, and it would probably stir up another storm. But, that was no longer Yunxiao’s business.

The two of them quickly flew back to nanhuo city and entered The Purple Cloud trade union.

“Are you leaving tomorrow, young master Yun?” Hanxuan asked.

“What?” Yunxiao asked. The day of the merchant Union’s martial arts and martial arts Conference is getting closer and closer. The earlier we reach songyue city, the more confident I will be.”

Hanxuan chuckled and said,“I was worried about little sister Ling ‘er at first, but now I have no more worries.” With young master Yun’s great talent, not to mention the whole merchant Union, even in the whole realm of heavenly martial arts, there was no second person in his generation. I’m now more and more impressed by little sister Ling ‘er’s wisdom in judging people.”

Yunxiao said,‘you flatter me, Hanxuan. I’m planning to go into seclusion for a day to verify some cultivation techniques, so I’ll have to trouble Hanxuan to provide me with a place.”

“Young master Yun, you’re being too polite to me,” Luan Xuanji said angrily. Hanxuan’s life was also thanks to young master Yun’s help, or else she would have died in the suburbs. In the future, The Purple Cloud Chamber of Commerce will be supplied to you for free, young master Yun.”

this promise is too heavy, ” Yunxiao hurriedly said. I’m ashamed to accept it. Hanxuan has provided me with a large amount of materials at the critical moment of the Chamber of Commerce’s life and death, gathering all the materials I need. Her sincerity is enough to prove everything.”

Hanxuan suddenly felt a little down, but she forced a smile and said, ” Young master Yun, it’s enough for you to remember that you still have me, Hanxuan, as a friend.

Yunxiao smiled. it’s been a long time since we parted. I’m leaving tomorrow, aren’t I? ” Why don’t I leave by myself tomorrow? guild leader Hanxuan, you don’t have to see me off. Or should we go to songyue city together? Ding Ling ‘er must be there right now.”

young master Yun, ” Hanxuan shook her head and said, ” don’t leave secretly. I’ll definitely send you off. As for the Business Alliance, it’s not meaningful for us to go. Moreover, with Fang Tianhe’s death, all the recipes have been improved by young master Yun. The Purple Cloud trade union was taking this opportunity to recover its situation, and they could not do without Hanxuan. In the future, after this matter is over, if I know young master Yun’s whereabouts, can I go for a gathering?”

Her face blushed shyly. She did not know if Yunxiao could understand the meaning behind it, but at least she was feeling very nervous.

of course you can, ” Yunxiao said with a smile. I’m very happy to meet you, Hanxuan.

This answer made Hanxuan both happy and dejected. She suppressed the complicated emotions in her heart and smiled. I’ll have someone prepare a secret chamber for young master Yun to cultivate in seclusion. No one will disturb him.

Looking at Hanxuan’s back as she left, Yunxiao’s eyes flashed with indifference as he sighed slightly.

Very quickly, he prepared a large secret room.

After Yunxiao went in and sat down, he directly materialized in the divine realm tablet.

At this moment, mo Xiaochuan's condition was gradually getting better. He seemed to have completely recovered and there was nothing unusual about him. He was still sitting cross-legged in the air, with a Green Lotus floating in front of his chest. He had not moved at all.

As soon as Yunxiao appeared, he suddenly opened his eyes and looked at him quietly.

The two of them stared at each other for a while before mo Xiaochuan's lips curled into a smile. The green Lotus in his hand gradually left his palm and drifted in the wind like a lotus flower.

"Thank you, Junior Brother," he said.

what? " Yunxiao frowned. are you sure I'm your Junior Brother? "

Mo Xiaochuan laughed. Jun ruyun is the only one among us who's able to execute the demon-slaying sword technique to such perfection. He's also the only one who has grasped the essence of the sword technique. Although your sword technique isn't powerful enough, the sword intent of your sword technique is definitely not inferior to Jun ruyun's. Unless the master personally taught him, even Jun ruyun would not be able to teach such a disciple."

He paused and revealed a puzzled expression. He pondered and said, " "When did master accept you as a disciple? you look so young."

Mo Xiaochuan's expression changed drastically. He shook his head and said, " "No, that's impossible. Even if you started practicing martial arts when you were born, you can't be taught by a master!" His eyes turned sharp as he looked into Yunxiao's eyes, as if he wanted to see through Yunxiao's eyes, but to no avail.

Mo Xiaochuan smiled bitterly. Who are you? Don't tell me you're Jun ruyun's disciple. I really don't believe that he's able to expand his sword skill domain to this extent."

Yunxiao nodded. Jun ruyun is the only one among you and your senior and junior brothers who has comprehended the sword technique. With his comprehension ability, it's not difficult for him to reach the level I used earlier after so many years.

"Oh? So you know us very well?"

Mo Xiaochuan laughed, "don't think you're so experienced." You've saved me, I'll be grateful to you and repay you. Let's not talk about this. It's fine if you don't want to announce your identity. First, tell me, what is this place?"

in the Supreme-grade profound artifact, the divine realm tablet. Yunxiao said indifferently.

Mo Xiaochuan replied, "Yueyue, do you think I'm an idiot? Everyone in the world knows that the Super Grade profound artifact is Noah's ship."

that was in the past, " Yunxiao said. times are developing, and being conservative will be eliminated sooner or later. Transcendent-grade profound level weapons are all over the streets now, and almost everyone has one."

Mo Xiaochuan sneered, "one each?" Then I'll have to trouble you to get me one to play with."

you'll have a chance, " Yunxiao said with a smile. don't bite off more than you can chew. You're not in a good condition to play with Supreme-grade Mystic artifacts.

"Tsk!"

Mo Xiaochuan snorted disdainfully, not believing Yunxiao's words at all.

Yunxiao did not bother to explain, so he asked, " how's your body? is the evil spirit completely suppressed? "

Mo Xiaochuan furrowed his brows and said worriedly, " "Now that I've sealed it in the Guanyuan acupoint, there's nothing wrong with it. I don't know if it's dead or just pretending to be dead."

that's good," Yunxiao said. at least it means that the evil spirit is very weak now. However, you must not be careless. If you can make good use of this thing, it will be a great help!"
