

## The Eternal 591

### Chapter 591-many bastards in Chi Qian

There were more than a dozen people standing at the door. A man in a sky-blue long robe led the way in with a gloomy expression. His long hair was scattered behind him, and he exuded a cold aura. His cultivation base was at the martial honor level.

Behind the man were two slightly older elders. They were not angry, but they exuded an invisible aura that was not inferior to that of the leader.

The rest of the people were much weaker, but they were all martial Royal realm experts. They all had a threatening aura and a sense of evil. As soon as they entered the room, their eyes fell on Mei Dong'er like hungry wolves seeing meat. It made Mei Dong'er's hair stand on end, and she leaned against Yunxiao in horror before she felt a slight warmth.

One of the martial artists at the peak of the Martial Emperor realm was holding Wang Da, who had died earlier. He followed the blue-robed young man with a gloomy face and slowly knelt down on one knee. He carefully placed Wang DA's body on the ground.

"But these few people?"

The long-robed man said softly. His tone was emotionless, and everyone who heard it felt a chill in their hearts.

"Yes, yes, it's them!"

The three warriors who had left earlier were so frightened that they fell to their knees. One of them pointed at Yunxiao and the other man in horror and said, "First it was that woman's palm, then that man's foot, and young master Da died. We couldn't even save him in time!"

After the three of them pointed out the truth, they all lowered their heads and trembled violently.

“My brother was a Martial Emperor of the seven constellations realm, but he was killed by two martial grandmasters,” the long-robed man recited. The four of you are also martial emperors, and you’re saying you can’t save him in time?” He glanced at the corpse at the kitchen door and said, “not only that, one of you even died. What’s the point of keeping trash like you around?”

“Spare me, spare me, young master Zhen, spare me! The three of us have already tried our best!”

The three of them cried and begged for mercy, continuously kowtowing. Bang Bang Bang “, the ground was smashed into pieces. Blood stained their foreheads, but it was unable to dispel Wang Zhen’s cold expression.

“You tried your best? Then why did my brother die instead of you three pieces of trash? Alright, your final mission has been accomplished. Consider it as you’ve done your best.”

The three of them were stunned. They immediately saw Wang Zhen wave his sleeve and flee in horror. However, they instantly lost their consciousness and fell down one after another. All of them were dead.

An ice-cold aura spread throughout the restaurant. Granny kui’s face was filled with fear, and she couldn’t help but take a few steps back.

Mei Dong ‘er stuck herself to Yunxiao in horror, as if this was the only way to drive away the cold. She clenched Yunxiao’s sleeve even tighter. how cruel! You even killed your own people.

Yunxiao laughed. this is called ‘the shallow water is full of turtles, while the small demons in the temple are strong.’ The stranger the sect is, the uglier it is, and the more mischief it has, the less capable it is. The Miao Xuan sect is extremely famous in the North Region, but now it seems that it’s just so-so. It’s an exaggeration.”

“How audacious!”

The peak martial Royal realm expert who had carried Wang Da in earlier shouted angrily. He pointed at the three of them and shouted, “No wonder you dared to kill my family’s young master Da. It turns out that your Mei family does not put my Miao Xuan sect in your eyes.” The anger on his face suddenly turned into a sinister smile. He chuckled and said, “I’ve heard that the ninth aunt, the head of the Mei

family, is a hero among women. Women are not inferior to men. All the men of the Miao Xuan sect would like to experience it, hehe!

“Hahaha!”

His words immediately caused all the cultivators behind him to laugh, their faces filled with obscene and lewd expressions.

Even Wang Zhen’s ice-cold expression turned for the better. He chuckled and said, “When ninth aunt was young, she was a peerless beauty. My uncle had several thoughts about her, but I don’t know if he got her. Wang Zhen isn’t talented, but he really wants to complete uncle’s regretful task.”

“Young ... Young master Zhen, they ... They were the ones who killed him. It has nothing to do with the Mei family!” Granny kui exclaimed in shock. Granny kui’s heart grew colder and colder. She didn’t even dare to face Wang Zhen’s bone-chilling aura.

“He died in your Mei family restaurant. How can it be unrelated?”

Wang Zhen said. He poured himself a glass of wine and drank it in one gulp. He crushed it into powder in his hand and slowly scattered it on the table. He stared coldly ahead, as if Yunxiao and the other two were not worthy of his gaze. It’s just how much it has to do with you, but it doesn’t matter, because no matter how much it has to do with you, as long as it’s related, you have to die!

“Bad guys, please watch your mouth! Although the Mei family is not a big sect, it is still a powerful force in the realm of heavenly martial arts. Ninth aunt is the leader of the Mei family, and you can’t insult her like this!”

Mei Dong ‘er was furious, but she didn’t know how to scold people. She only knew how to say “bad guy”. Her face was red with anger, but this made the other party drool even more. Their eyes were green with envy.

“Bad guys? Haha, you’re going to say that our young master is a good man later, haha!”

The Martial Emperor at the peak laughed out loud. He looked at the three of them and said, "Now, let's first kill young master DA's murderer and this ugly old hag to avoid being an eyesore."

"Magnet!"

Granny kui sucked in a breath of cold air and took a few steps back in horror. She then said fearfully, "Young master Zhen, your brother's death is really unexpected. Why don't I take down these two people for you, and please spare my life for the sake of my ninth aunt!"

"You've lived for so long, so why are you afraid of death? My younger brother was only in his thirties, and he died without knowing why. If you can go with him, you won't have lived in vain. Don't tell me you're not willing to go with my brother?"

Beads of cold sweat trickled down granny kui's face. Suddenly, she raised her walking stick and swung it at Mei Dong'er. She roared in anger, "It's all your fault, you b \* tch! You've dragged me into this!"

She couldn't even muster up the will to resist Wang Zhen's aura, and she vented her anger on Mei Dong'er.

Yunxiao shook his head speechlessly. He took a light step forward and punched the crutch with his physical strength, forcing granny kui back a few steps. Under her horrified and incredulous gaze, Yunxiao took a step forward and came in front of her, then grabbed her and threw her at Wang Zhen like a weapon.

Hmph, how dare you blaspheme my young master? you're looking for death!

The expert at the peak of Martial Emperor realm had been watching them fight coldly. At this moment, he snorted coldly and stomped on the ground, causing the ground to shake and the entire bluestone floor to shatter into powder. He stared at Yunxiao coldly, and without even looking at granny kui, he threw out a palm strike mercilessly.

Granny kui let out a blood-curdling screech as she spat out a mouthful of blood. At the same time, the light of a battle armor appeared on her body before shattering, but it still managed to block most of the

attacks for her. She fell to the ground far away and cried out in pain as she repeatedly said, don't kill me! Master Zhen, don't kill me!

The expert frowned, his face showing dissatisfaction. It was obvious that he was extremely uncomfortable that he had failed to kill granny kui with his palm strike. He raised his right arm and wanted to attack again.

"Dong 'er, let's go."

At that moment, Yunxiao put on a lazy look. Unwilling to waste time with these people, he took Mei Dong 'er's hand and was about to leave.

The expert snorted in anger and immediately changed the direction of grandma kui's palm strike. The space seemed to be split into two as black patterns appeared.

"You're looking for death!"

Yunxiao's eyes turned cold as he pushed Mei Dong 'er away with his right hand. The space around him curved, and he disappeared from where he was, leaving behind an afterimage. In his shock, the expert suddenly realized that there was another person in front of him, who was slapping his chest with a palm. A terrifying force pressed down like a mountain, and his chest felt as if it was blocked by a large stone.

The expert was greatly alarmed, but it was already too late to Dodge, so he hurriedly sent out a palm strike.

"BOOM!"

As the two palms collided, the expert's arm went numb from the shock. He quickly retreated behind Wang Zhen in fear.

"Form displacement? No, that's impossible!"

Wang Zhen's pupils contracted, revealing a solemn expression. His gaze finally turned from the void and he said in a deep voice, with the cultivation of a martial arts Grandmaster, you could force my subordinates at the peak of the Martial Emperor realm to retreat. And that magical movement technique seems to have some background. No wonder you dared to kill my brother. That fatal kick to my brother's chest, it was you, right? However, no matter how powerful your background is, you must be buried with my brother."

He snorted, and his body floated up as he threw a punch. The fist wind was mixed with the power of a domain, trying to suppress Yunxiao directly.

With a sneer, Yunxiao's figure flickered as he retreated.

"What? The domain is ineffective?"

Wang Zhen cried out in alarm, his face immediately darkening.

The martial Royal realm expert was shocked and furious, as if he had lost face in front of the young master. He said angrily, "This man is not worthy of young master's attack. Let this subordinate take his head to appease young master's hatred!"

He took the lead. With a flash of light in his hand, he thrust a long sword at Yunxiao, pouring all the strength of a peak Martial Emperor into it.

Yunxiao snorted lightly as he faced the sword beam head-on. A layer of golden light began to emerge on his body, and the northern heaven cold star sword appeared in his hand, shining with a cold light. As he swung the sword, the cold air in the restaurant was immediately swept away, surging like a mighty river.

"Bang!"

The two swords clashed, creating sparks. The sword at the peak of the Martial Emperor realm stopped howling, and its sword light dimmed rapidly. The force passed through the sword, numbing the Martial Emperor's right hand and almost making him lose consciousness!

“How did this happen?” He roared in shock and anger, “there’s something strange about this kid. Everyone, let’s attack together!”

He was at the peak of the Martial Emperor realm, but he was suppressed by the power of the other party’s martial Grandmaster. It was simply unbelievable. Could it be that the other party had deliberately suppressed his cultivation? It must be like this! He could no longer care about his face. He shouted and asked everyone to attack together. There were more than ten martial emperors. Unless the other party was a martial honor, they would be smashed into meat paste no matter what.

good boy, you’re so stubborn. Today, I’ll let you know how to write the word ‘death’!

don’t think that the Miao Xuan sect only knows how to play with women. We also have our ways of dealing with handsome men!

“Everyone, don’t fight with me. After I subdue this kid, I’ll have a good time before I kill him!”

More than a dozen people rushed forward while laughing. Although Yunxiao was not at a disadvantage in the battle with a peak Martial Emperor, he did not have any aura, and looked harmless and easy to bully. Moreover, they had more people, and there were two martial Venerables behind them, so there was nothing to be afraid of. They cursed and attacked.

Chapter 592-fight

“Be careful, this man is not simple!”

shut up! the Martial Emperor at the peak shouted angrily when he saw the nonchalant looks on the crowd’s faces. However, he suddenly realized that everyone had quieted down.

“Hmm, what’s going on?”

A question mark appeared in his mind as he saw more than a dozen people standing there obediently, not moving at all. He looked over in horror, and his pupils shrank. All he saw was darkness around him, and there was only a bright red Moon hanging high in the sky. He gradually lost consciousness.

“What?”

Wang Zhen, who was sitting there, suddenly let out a soft sound of surprise, as if he had sensed that something was wrong.

The peak Martial Emperor suddenly turned around, and with a loud shout, he unsheathed his long sword and stabbed it toward Wang Zhen with all his might!

“What? You!”

Wang Zhen’s heart jolted, not knowing what was going on. All of a sudden, not only the peak Martial Emperor, but the dozen or so martial artists who had been standing still suddenly attacked at the same time. They turned around and surrounded him!

“What’s going on?”

This time, Wang Zhen was completely dumbfounded. However, in the blink of an eye, he discovered that everyone’s eyes were empty and lifeless, as if only a shell was moving, and they were completely unafraid of death as they displayed their ultimate techniques.

young master, they’ve been controlled by an illusion!

Only the two martial Supreme elders behind him were shocked. The two of them protected Wang Zhen’s side. The power of two domains spread out and stacked together, instantly suppressing the power of more than ten people.

More than a dozen people stopped one after another. Under the power of the domain, it was difficult to resist, and they were suppressed to their knees.

They no longer had any consciousness and were completely submissive to power. Although they were still resisting tenaciously, they could no longer move.

Wang Zhen's eyes flashed with a trace of anger as he shouted, "A bunch of trash, kill them all!"

"This!"

One of the old men revealed a shocked expression and said, "Young master, they are ..."

"Kill them all," Wang Zhen said coldly, "cut the crap!" What's the use of keeping such a useless piece of trash, to be controlled by someone else without knowing it!"

The two old men looked at each other and saw the helplessness and coldness in each other's eyes. However, the Miao Xuan sect had always been like this, and Wang Zhen killed people like grass. The two of them did not dare to disobey. Looking at these fellow disciples who stayed with them all day long, they sighed in their hearts and immediately killed them.

The martial artists who were controlled by Yunxiao's invisible mind were all martial emperors, and they had been suppressed by the power of the domain. How could they resist the slaughter of the two martial Venerables? in an instant, the inn was stained with blood, and all of them were killed.

The thick smell of blood spread out, as if it was a slaughterhouse.

Mei Dong'er's face turned pale as she watched. She couldn't help but want to vomit. The cruelty of this demon's methods made her hair stand on end. He was actually so vicious to his own people. If she were to fall into his hands, the consequences would be unimaginable.

She had already decided in her heart that if she fell into this person's hands, she would kill herself at the first moment.

Wang Zhen raised his cold head and stared at Yunxiao as he said coldly, "What other methods do you have now? Show me all of them and let me experience them."

Yunxiao's eyes gradually regained their clarity. At the same time, controlling so many martial emperors had greatly hurt him. However, Wang Zhen's cruelty was beyond his expectations. He chuckled and said,

it seems like the mysterious sect has been developing well these past few years. They abandoned so many powerful subordinates just like that.

“Their deaths were all because of you,” Wang Zhen said coldly. “You’re the one who caused their deaths. I’m going to avenge them. Also, I’ll make you regret being born in this world for my brother’s death.”

don’t be so bored,” Yunxiao said. can you not be so boring? You’re the one who killed your men. As for your brother, Yingluo, he’s looking for death!”

“You’re the one who’s looking for death!”

Wang Zhen finally flew into a rage. Although he didn’t have any feelings for this younger brother and had always looked down on him, they were still of the same bloodline. He was his biological younger brother, so he was still angry. But what made him even angrier was that Yunxiao had forced him to kill so many of his men. He was immediately disgraced, which was the reason why he wanted to kill Yunxiao the most at this moment!

“Flying smoke hand with a thought!”

Several streams of energy gushed out from his hands and wrapped around his hands like ribbons. The strong wind pressed down on the surrounding space, making it solid and constantly solidifying.

Not only did he want to kill Yunxiao, but he also wanted to torture him to death with his own hands!

As for Mei Dong ‘er, he had already arranged for her to be a little reward for killing Yunxiao and avenging his brother. That appearance was indeed very cute. He would use it a few times first and then slowly torture it.

“Hahaha!”

Yunxiao laughed. I’m a newbie. I don’t know any better. If I offend you in any way, you can f \* cking come and hit me! He unsheathed the northern heaven cold star sword, and a cold light flowed like

autumn water. At this moment, his arm turned pale gold, and with a great force of ten thousand Jin, he stabbed out in the air.

“Shua shua!”

The long sword struck the air, making a violent collision sound. Green lotuses appeared on the sword and bloomed one by one.

“Hmph, the light of a grain!”

Wang Zhen snorted coldly as he clenched his fists and spun them. The air around him vibrated against Yunxiao’s sword like gears, destroying the green lotuses one by one and darkening the restaurant.

Yunxiao chuckled, and his movements were as smooth as flowing water. After the sword was knocked back by the opponent, he immediately stepped into a strange pace to dissipate the force, and at the same time, he thrust the sword out with a cold gleam, aiming for the opponent’s throat.

Wang Zhen’s face revealed a shocked expression. The other party was a mere martial arts Grandmaster, but he was actually able to withstand his moves as if nothing had happened. Usually, a martial arts Grandmaster would be killed in one move. It was only because he felt that it was a little strange that he could control so many of his subordinates that he personally took action.

In the blink of an eye, the two had fought several rounds. The more they fought, the angrier Wang Zhen became. He had a feeling that he could crush Yunxiao with just a little more strength, but no matter how much he increased his strength, he could only maintain the status quo. He felt that Yunxiao was like a roly-poly toy, and he could not suppress him no matter what.

“Young master!”

The two old men behind him were shocked and wanted to step forward to help.

“Don’t come near me, I want to kill him with my own hands!”

The two of them practiced cultivation techniques in the restaurant for half a cup of tea's worth of time. Yunxiao only defended and did not attack, making Wang Zhen go crazy and roar repeatedly.

This made Wang Zhen very irritable and angry. He was a martial honor, and even if there were a hundred existences with the strength of Yunxiao, he should have killed them all long ago.

The two old martial Venerables were greatly shocked when they saw Yunxiao's endless means.

"The golden light on his body seems to be some kind of extremely powerful physical technique. Where have I seen it before? Do you have any impression of it?"

"You're not talking about the tyrant martial sovereign's indestructible body, are you? Haha, I can't believe you came up with this!"

"In fact, you have the same thoughts as me. You just don't dare to admit it."

"A Suan ni does look like one, but it's impossible for it to have an indestructible golden body. Otherwise, how could the young master be safe and sound? And look at his teleportation steps from time to time, it's like the form displacement that great alchemists usually love to use."

"Could it be form displacement transposition?"

"Don't be silly! You mean that a young man at the martial arts Grandmaster level has the imperishable golden body technique, and he can even change his position?"

"Hmm, is there such a possibility? Otherwise, how could he block the young master's storm-like attacks? The elemental energy fluctuations on his body had not surpassed that of an eight-stars martial Grandmaster. He had only been able to hold on until now by relying on the power of his physical body, his strange steps, and his profound martial arts techniques. Is this normal?"

"Well, now that you've mentioned it, there's indeed a problem, Yingluo."

The two martial Venerables looked puzzled, and their expressions became more and more serious.

we can't keep fighting like this. There are too many martial artists in Yufeng city right now. Although we, the Miao Xuan sect, are not afraid of stirring up trouble, there are already hundreds of people surrounding the restaurant to watch the show. Isn't that a little too undignified? "

"Hmm, not bad. It's better to end it early, but the young master doesn't allow you and I to interfere. What should we do?"

"Go and capture that little girl, in case she accidentally escapes. I'm going to take that ugly old woman's life. It's disgusting to look at."

"Mm, okay!"

After the two of them assigned their tasks, they headed towards granny kui and Mei Dong 'er. Since Wang Zhen didn't want them to get involved, they might as well do something since they had nothing to do.

"No, please let me go!"

Granny kui screamed in horror and was about to escape when a martial Supreme pointed a finger at her. She instantly exploded in the air, leaving only ashes behind. The metal staff was bent from the explosion and stuck into the ground, shaking.

Mei Dong 'er was also shocked. However, how could she possibly escape from the hands of Wu Zun? she was instantly suppressed by the power of the domain and could not move at all, waiting to be slaughtered.

"Damn it!"

Yunxiao, who had been fighting with Wang Zhen, finally changed his expression. With an angry roar, he teleported in the air and appeared in front of Mei Dong 'er, thrusting his sword toward the martial Supreme.

“Haha, let this senior take care of you!”

The martial honor was stunned for a moment before he burst out laughing. With all his power gathered in his palm, the surrounding spiritual Qi was almost completely absorbed by him. The entire restaurant was about to collapse. A hole had appeared in his palm and was starting to devour everything.

Yunxiao opened his heavenly eyes, and the Phoenix true flame condensed into a line and burned over. Black cracks appeared wherever the flame passed, melting the space directly.

“Magnet!”

The martial venerable was shocked. The key was that he was shocked by the power. The power coming from the flames made him feel terrified. He immediately retracted his palm energy and dodged to the side.

After shooting out a stream of flame, Yunxiao immediately released Little King Kong, which was more than two meters long, to guard the two men.

Wang Zhen’s expression turned serious as he said, “a martial Supreme level puppet!” You’re from the thousand leaves sect?”

The thousand leaves sect specialized in the art of mechanical puppets. It had always been a mysterious sect on the heavenly martial continent, but its strength could not be underestimated. It was said that the sect even had martial Supreme-level puppets.

Yunxiao breathed a sigh of relief. The continuous teleportation and the Phoenix Fire just now had exhausted his soul power, and he would be too careless if he did not release the gourd Little King Kong.

Just now, he had used his physical body to fight with Wang Zhen alone for a long time. It was entirely to test the strength of his physical body. In the initial state of the imperishable golden body, he could almost fight with a one-star martial Supreme and be at a slight disadvantage.

Chapter 593

?

593 The sect leader of the Miao Xuan sect

If Wang Zhen knew that the other party had been using him as a trial all this time, who knew what he would think in his heart? The three of them stared at the gourd Little King Kong with a serious expression. They felt the aura fluctuating from the other party's body and felt uneasy.

I originally wanted to play with you guys for a little longer. Since you guys don't cherish it, then the game ends here.

let's go! Yunxiao cried out. The calabash King Kong suddenly stepped forward, and the aura of a martial Supreme pressed down on him. Although it did not have the power of a domain, it was like an avalanche. Then, it punched out, shrouding the space under its power and threatening to break it at any time.

Wang Zhen and the other two were shocked. The power of this punch actually made it difficult for them to put up any resistance!

The three of them were all low-level martial Venerables, while the calabash Little King Kong was a half-demon, half-weapon, which was enough to compete with the existence of a peak martial venerable. When this punch was thrown out, the surrounding space was distorted, and the entire restaurant was completely sucked into the fist light, turning into powder and scattering in the wind.

"Not good! Quickly run!"

Wang Zhen finally panicked. The situation that had originally firmly suppressed the other party was suddenly reversed, and he instantly became a fugitive.

The three of them shouted in horror and circulated their essence force to the peak. They worked together to open a spatial crack and flew away like the wind. Three beams of light rushed out of the range of the gourd Little King Kong's palm wind and escaped.

Although Mei Dong'er knew that the gourd Little King Kong could defeat the three of them, she was still stunned when she saw that the situation had changed with just one punch and that the three of them had fled.

"Hmph, since you've started playing, don't even think about leaving!"

With a thought, Yunxiao used the last bit of his soul power to teleport the calabash Little King Kong to the front of the three men's line of escape. The huge figure blocked them and threw another punch!

"Don't!"

no! Wang Zhen was shocked and shouted, " I am the young master of the Miao Xuan sect! If you kill me, you will have no end of trouble!

At this moment, the restaurant had been completely destroyed. A large number of martial artists gathered outside to listen to the sounds of fighting inside. Many people knew that the young master of the Miao Xuan sect was inside. They were all secretly guessing which family's lady was going to be in trouble, but they did not want to see the restaurant collapse.

In the beginning, they thought that the three people who escaped were those unlucky fellows. They did not expect that after a cry of surprise, it was actually the young master of the Miao Xuan sect, Wang Zhen. As for the burly man who teleported out, he looked like a demonic beast and did not have a human form at all.

"Young master, quickly use the spirit escape talisman!"

One of the martial Supremes was shocked. He poured his origin power into his fists, and the powerful aura on his body rose. He blocked the gourd Little King Kong's fist power with his own strength, buying Wang Zhen some time!

The other martial venerable also suddenly realized that it was impossible for everyone to survive in this situation. The only way was to sacrifice the soldiers to protect the commander. He also instantly exploded with his strongest power and shouted, " Young master, run!"

The two of them loyally protected their master in the face of danger, causing everyone around them to look at them in a new light. However, they were also shocked in their hearts. Who actually dared to kill the young master of the Miao Xuan sect? and what was this thing that was neither human nor demon?

After the initial shock, Wang Zhen finally calmed down. However, he had never faced such a life-and-death situation before. He panicked for a moment because of the fear of death. After he calmed down, he immediately took out an ancient jade from his ring and quickly engraved a few spells into it.

Yunxiao's pupils constricted when he saw this from a distance. "Ancient spiritual talisman? And it's an escape talisman!"

His figure instantly turned into a ray of light as he rushed forward. He transmitted a message to Mei Dong'er, "go back to the thunderwind Chamber of Commerce's stronghold first. Mo Xiaochuan is there to ensure your safety. I'll come after I kill this man!"

The moment Yunxiao rushed out, the punch from the calabash King Kong finally broke the defense set up by the two martial Venerables, blasting them into pieces, sending blood and flesh flying all over the sky.

At this moment, Wang Zhen also activated the ancient spiritual escape talisman in his hand. It turned into a flash of lightning and instantly flew a hundred miles away, disappearing from everyone's sight.

The effect of this escape talisman was actually the most powerful escape technique, the lightning escape, which could cover a hundred miles in an instant.

Yunxiao snorted coldly as he stepped on the aftermath of the explosion of the Vajra fist and chased after the light. The calabash King Kong also rose into the sky and followed behind Yunxiao.

"What's going on? There's actually someone chasing after the young master of the Miao Xuan sect, Wang Zhen, am I seeing things?"

"Wow, I've really learned something new! What was the cultivation level of that demonic man just now? he killed two martial Venerables with one punch. It was too terrifying!"

“What’s so strange about it? Wu Zun is only unattainable in front of you and me. In front of those true experts, they were just like ants. I don’t think that young man’s identity is simple!”

of course, to dare to chase after the young master of the mysterious Mystic sect on the street and have such a powerful subordinate, he must be the same as the mysterious Mystic sect, a powerful force among the ten great sects of the North Region!

“This is big news. Could it be that the ten great sects of the North Region are going to have a chaotic battle? If that’s the case, the entire continent will be shocked!”

Mei Dong ‘er’s mind was in a mess as she listened to the discussions of the people around her. She thought that it was all her fault. Was she really a troublemaker and an inauspicious person?

In her sadness, she hurriedly flew toward the thunderwind Chamber of Commerce. Now, she could only ask Mo Xiaochuan to come out and preside over the matter. If Yunxiao really killed Wang Zhen, the consequences would be unimaginable!

Yunxiao flew hundreds of miles away with the calabash Little King Kong. They were already some distance away from yuze city and had entered an uninhabited desert. He looked around with a cold gaze and said, “F \* ck you, he actually escaped!”

“Oh? Even if I use an escape talisman, it won’t be easy to escape from your hands!”

The demonic Dragon’s voice was heard. He seemed to be in disbelief.

Yunxiao snorted. that guy must have other concealment techniques on him. After all, the strength of the miaoxuan sect is not to be underestimated. As the young master, he must have a lot of treasures on him!

“That’s true. Miao Xuan sect, you should be careful. This is no longer an ordinary sect. It’s not something you can play with with with your current strength!”

The demonic Dragon started to worry for him. "Now that Wang Zhen has escaped, he'll leave behind a hidden danger. You should be more careful in the North Region. After all, there are too many experts, and you also have quite a few enemies."

As soon as the Dragon finished speaking, Yunxiao suddenly frowned and focused his eyes.

He suddenly pointed two of his fingers, and a sword ray shot out from his fingertips, pointing at the void hundreds of meters away.

The space trembled wherever the sword ray passed by. Wang Zhen's figure emerged from it with a shocked expression on his face, and he tried to escape in a hurry.

"Hmph, since you've revealed yourself, then stay here forever. The area outside of Yufeng city is barren, but it's also a good place to rest."

The gourd Little King Kong flew out from between his eyebrows, and the power of his fist directly suppressed the space in front of him. It flew through the air like a behemoth, covering the clouds and the sun, making Wang Zhen's heart sink.

you can't kill me. I'm really the young master of the Miao Xuan sect. If you kill me, you'll really die a horrible death!

Wang Zhen was terrified. He thought Yunxiao did not believe his identity, or no one would dare to kill him.

He took out a Jade tablet and placed it in front of him. "This Jade token contains a wisp of my father's divine sense. If you force me, I'll break the Jade token and you'll die!"

Although he was threatening, he seemed to be extremely afraid.

This was indeed a protective Jade tablet given to him by the leader of the Miao Xuan sect, Wang Da. Even Wang Da did not have it. It was also because this son was deeply loved by him, and he could save his life when necessary.

However, there were also great hidden dangers in possessing a body with divine sense. If the first person to separate his divine sense consumed this wisp of divine sense, his mind would inevitably be implicated and his cultivation would be damaged. Wang Gong was the sect master of one of the top ten sects in the North Region. He was currently cultivating to reach the peak of the Martial Emperor realm with all his might, and he had once instructed Wang Zhen not to use it unless it was a matter of life and death.

Another reason was that this wisp of Wang Gong's divine sense was too powerful. If it were to possess a body, it would definitely leave behind endless disasters for the body, affecting its future progress. Therefore, unless he had no other choice, he did not want to use it at all, and he was also unwilling to use it.

“Oh? Go ahead, I'm waiting. If you don't do it now, you won't have the chance!”

Yunxiao sneered, and the calabash Little King Kong roared along with his laughter.

Wang Zhen was startled by the roar. He clenched his fist and the Jade token shattered with a bang. Then, a purple light gradually rose from the Jade token and condensed in the air.

Then, an old man in a Vermilion robe appeared in the purple light. His body flickered as he appeared in the air, his eyes fixed on the gourd warrior and Yunxiao.

“Father, save me!”

When Wang Zhen saw the old man, his heart trembled. Then, he hurriedly asked for help.

“Eh, it's Wang Gong? This wisp of spiritual sense is quite powerful!”

Yunxiao was taken aback, but he immediately ordered the gourd to stop. He also jumped up and stood behind the gourd, waiting for the next move. In any case, Wang Zhen was already a piece of fish on the anvil, and he couldn't escape.

“Oh? You also recognize our sect? Since that’s the case, where did you get the courage to hurt my son?”

The wisp of divine sense’s eyes burst out with anger and it shouted, “Why aren’t you quickly kneeling down and admitting your mistake, and waiting for your punishment!”

Lanlan, ” Yunxiao said. why didn’t I see that there was something wrong with your brain before? ”

Wang Gong’s divine will frowned and he said angrily, “Who are you? When have you seen me?” He pondered for a moment, but there was no such person in his memory. With the strength of his spiritual sense, anyone who had seen him would never forget him.

“It’s fine if you don’t remember. Get out of my way, I still want to kill your son. If I don’t know what’s good for me and destroy your divine sense, I’m afraid your strength will be greatly reduced.” Yunxiao said indifferently.

“W-what?”

Wang Gong almost thought that he had misheard. Even Wang Zhen was stunned.

kid, what did you say?!

Wang Gong said angrily. His spiritual will that had taken form started to float in the air. As the leader of a sect and one of the ten great sects of the North Region, it had been many years since someone had dared to speak to him in such a manner.

I told you to move, ” Yunxiao said coldly. when did your ears become so bad? ” Don’t think that I’ll be afraid of you just because you have a wisp of spiritual will here. The person I’m going to kill today, no one can save him unless you personally come!”

Chapter 594-WonderSpirit technique

A cold beam of light shot out of Yunxiao’s eyes, and even Wang Gong was taken aback and shocked. How could a young martial Grandmaster have such sharp and cold eyes?

kid, I don't know what your background is, but if you hurt my son, I won't let you off even if the seven superpowers are your backing!

Wang Gong's expression darkened. He seemed to have realized that the situation was a little difficult to deal with. From Yunxiao's cold eyes, he could see the determination in them, the confidence and decisiveness that only truly powerful warriors had. Besides, if I were to possess Zhen 'er's body, I'd be able to break through to the martial Supreme realm immediately. Killing you would be a piece of cake!

"Father, brother has been killed by him!" Wang Zhen said nervously.

"What?"

Wang Gong was dumbfounded when he heard the news. Although Wang Da was not liked by him, he was his son after all. He was a well-known young master in the entire North Region. Even ordinary martial sovereigns would have to give him some face when they met. How could he say that Wang Da was dead?

A towering rage began to spread throughout Wang Gong's body from the bottom of his heart. The spiritual will that had taken form was on the verge of dissipating under this rage. It was like a dancing flame that could be extinguished at any moment.

"Damn, damn, damn!"

Wang Gong roared at the sky. A powerful aura spread out from his body and rushed into Wang Zhen's body.

father, Lord father, please don't. With such a powerful divine sense attached to me, it will definitely damage my physical body greatly and directly impact my martial arts talent!

Wang Zhen was shocked and was about to resist. He did not release Wang Gong's spiritual will even before he died because he was afraid that the other party would possess his physical body. Although this was also a life-saving method that Wang Gong had left for him, he was unwilling to use it unless it was the last resort to avoid affecting his martial arts talent.

your brother is dead. What's the use of a person who can't even protect his brother?"

In his rage, Wang Gong wished he could kill him with a single palm strike. Without a care for anything else, he charged straight into Wang Zhen's body. Wang Zhen immediately revealed a pained expression as he roared towards the sky. However, as he roared, his power grew stronger and stronger. After reaching the peak of the martial honor realm, it was still rising.

"Oh? Are you really going to break through to the rank of a martial Supreme? You should know that if you break through to the rank of a martial Supreme, not to mention your son's martial Dao talent, even his body might not be able to be cured."

Yunxiao said unhurriedly as he leaned against the calabash King Kong in the air, his eyes full of ridicule.

His attitude almost made Wang Zhen vomit blood in anger. However, his rationality still won the battle, and he suppressed his cultivation level to below the martial Supreme realm. After all, his son's future in martial Dao was of utmost importance.

"Brat, you dared to kill my son and forced me to possess my beloved son. Today, I will skin you alive and break all the bones in your body bit by bit. I will let you taste all the pain in the world before you die!"

Wang Zhen bellowed in pain. His long hair spread out behind his back and fluttered without any wind. His aura expanded like never before, and he was just a little bit away from breaking through to the level of a martial sovereign. However, he forcibly suppressed it to prevent Wang Zhen's physical body from collapsing. He drew a circle in front of him with his index finger, and a sword ray appeared under his fingertip. He guided the sword forward, bringing with it circles of light.

"A sword that splits the heavens!"

The sword momentum was so strong that Yunxiao could feel it from a distance, which wrinkled his face and skin like waves. He did not dare to use the imperishable golden body in front of Wang Gong, for he would be in real trouble if he was recognized. Under the other party's pressing sword Qi, it retreated in the face of difficulties. The calabash Little King Kong, under the control of his mind, roared and attacked the front.

“Hmph, the martial honor puppet of the qianye clan is nothing. Split the heavens with a single sword strike! Break this puppet for me!”

“BOOM!”

The sword light directly hit the calabash Little King Kong’s fist wind, and the fist force turned into smoke under this sword. The sword power directly cut on the fist bone, desperately squeezing in!

“What?”

Wang Zhen was shocked. Even an eighth-rank martial Supreme puppet should have been cut in half by his sky-splitting sword. How could he only make a small dent? the sword Qi was so strong that although it couldn’t split the gourd little Vajra, it still sent him flying.

“So strong! After all, it’s Wang Gong’s spiritual will. Otherwise, even an ordinary peak martial honor would not be able to hurt the body of the gourd little guardian deity!”

Yunxiao watched the fight from a distance, his face as calm as water, and his inner emotions could not be seen.

On the other side, Wang Zhen had already unleashed his divine might, and every single one of his attacks was suppressing the gourd little Vajra, completely suppressing it to the point that it didn’t even have the strength to fight back. A large number of attacks bombarded its body, and if it weren’t for the fact that the ninth-tier materials of the purple and green twin swords had been added with the Tenshou Imperial Golden Corner, its body would’ve already collapsed under such a powerful combo attack.

The gourd Little King Kong was a half-beast, so it had its own anger. It roared again and again, but there was nothing it could do. It was beaten until it almost lost its temper.

On the other hand, Wang Zhen was shocked beyond words. Even if his opponent was a ninth-ranked puppet, his battle technique and strength should have been enough to destroy it long ago. Yet, he had only managed to leave a mark on its body, unable to penetrate deep into its core.

“Could it really be a ninth-ranked Golem? Or perhaps some extremely precious item was placed in the puppet during the refinement process, resulting in the puppet failing to reach the eighth rank. Only then would the puppet possess the strength of the eighth rank, and its fleshly body’s toughness would exceed that of an ordinary ninth rank puppet.”

Wang Zhen quickly agreed with his own guess and thought to himself, Yes, that must be it. It seemed that he had to use a more powerful move!

He suddenly retracted his attack and brought his hands down in a circle in the air. A faint blue light appeared around him, and the mysterious light shadow illuminated the sky beautifully. There were even patterns of symbols flashing in the light shadow. He shouted, “Wonder Spirit one style!”

The patterns in the light shadow were immediately taken into his palm. Wang Zhen’s body shuttled back and forth in the blue light. In the blink of an eye, he appeared in front of the gourd Little King Kong and struck.

The calabash Little King Kong let out a loud roar, and his Vajra fist shattered the space. He was incomparably brave, but he was blocked by a powerful force. His entire body immediately sank into a light blue color. He didn’t know where the huge force came from, but it was tearing his body apart as if an infinite force was going to split him apart!

“Bang!”

All of a sudden, the right fist of the gourd Little King Kong broke and disappeared into the blue light. Cracks began to appear on his body as he struggled in the light.

“Oh? Was this the wonderful Spirit move of the three supreme martial arts techniques of the Miao Xuan sect? It’s indeed something. It can exert such power without triggering the rules of heaven and earth. If it was Wang Gong’s true body, I’m afraid that the gourd little Vajra would have been turned into ashes in an instant.”

Seeing that the calabash Little King Kong was about to collapse, Yunxiao flew over. He opened the immemorial heavenly eye between his brows and immediately shot out a strong wind that spun in the air. In a breath’s time, it grew to more than ten times its original size and swept over the world.

“What kind of whirlwind is this? why does it have such a powerful pressure? although it’s not strong, I can clearly sense its level of pressure.”

Wang Zhen’s face turned serious. He had not expected Yunxiao to have such a trick when he saw that the calabash Little King Kong was about to fall apart under his WonderSpirit one move. That astral wind naturally couldn’t hurt him. He snorted coldly and was about to free up his hands when his heart suddenly trembled. A mouthful of blood rushed up his throat and he almost vomited.

After using the wondrous spirit technique, Wang Zhen’s body was already at its limit. If he forcefully diverted his attention to use the technique, it would definitely hurt his body and leave behind hidden dangers.

a one-star martial Supreme is only at this level?!

He unhappily retracted his martial skill. His feet turned into a ray of light and he flew away to avoid the tornado of the immemorial gang wind.

brat, Who are you? since you dared to kill my beloved son, then you must have the courage to bear the wrath of my Miao Xuan sect. Otherwise, what kind of man are you? ”

Wang Zhen glared at Yunxiao. He had taken action personally, but he had still failed to take down this young man. It was simply incredible!

With a wave of his hand, Yunxiao called back the calabash King Kong and said with a smile, ” “You’ll know sooner or later, don’t worry. If you have more patience, wouldn’t it be more fun to leave the interesting story for later?”

“Hmph, I’ll remember your appearance! As long as you’re in the North Region, don’t even think about having a peaceful day!”

Wang Zhen snorted coldly, turned around, and flew away.

If this body could last for the time it took to brew a cup of tea, he was one hundred percent confident that he could kill Yunxiao. However, the result was not optimistic. Since that was the case, it was better to leave early, so as not to stay on Wang Zhen for too long and hurt his beloved son's martial Dao talent. If that happened, the loss would outweigh the gain.

Yunxiao stood where he was, watching Wang Zhen's body leave until it disappeared from his sight.

The demonic Dragon's voice came, "why didn't you chase?" He can't kill you now. You just need to follow him from a distance until his body can't take it anymore. When his spiritual sense leaves his body, you can kill him in one fell swoop. I don't believe that you didn't think of this method."

killing is not my purpose, " Yunxiao said with a smile. since Wang Gong has come forward, he can be considered an old acquaintance. I don't mind giving him some face. Moreover, Wang Gong is also considered a hero. If we bring up the rear, I won't be able to handle his crazy revenge." The smile on his face became even weirder as he said, moreover, there's an Oriole watching us in the dark. I don't want to be someone else's wedding dress.

As soon as he finished speaking, ripples appeared in the space not far away. A young man in a light red silk robe slowly walked out of the air. The man's body was full of jewels and treasures, and he looked very energetic. He had flaxen hair and a pair of bright eyes.

After the young man came out, his eyes fell directly on the gourd Little King Kong and said, " "This puppet is quite strange. Little brother, name a price. I'll buy it no matter how much it costs."

There was actually such a person who would buy it no matter how much it was. Other than an idiot, only someone who had absolute confidence in their wealth could do so. And looking at the jewels and pearls this person was wearing, he indeed belonged to the latter.

Chapter 595

?

595 The trading Convention

Yunxiao looked at the man and said with a smile, " "Show off your wealth? Can you afford to eat herbal tea eggs?"

“Ahem, I really can’t afford that.”

The young man was embarrassed. don’t pick on me. How much is this puppet? I won’t let you down.

Yunxiao narrowed his eyes. The young man in front of him was less than thirty years old, younger than Wang Zhen, but his cultivation base was slightly higher than Wang Zhen’s. He was at least a two-stars martial Supreme.

The North Region was indeed the strongest region among the four great regions. One could easily see martial honors running around in the streets. If they were placed in the other three regions, they would be at the level of elders in their sects.

“Since there’s no tea egg, then I’ll just give you a few tens of thousands of ninth-tier medicinal pills. You can take this puppet.”

Yunxiao snorted coldly.

“Haha, this is so unpleasant!”

The young man smiled and said, “ I can see that your puppet should be a ninth-rank item. Moreover, the materials used are very precious. There should be a problem when you were refining it, which is why it dropped to the eighth-rank. How about this, I’ll offer you two portions of the raw materials for your puppet. How about it?”

are you trying to cheat me of the recipe for this puppet? ” Yunxiao asked.

“Haha, I’m not interested in that.”

An embarrassed look flashed across the young man’s face as he called out, “ “Are you selling or not?”

Yunxiao chuckled. Goldie turned into a beam of light and returned to his glabella, then he went back to Yufeng city, no longer paying attention to the man.

“Hey, hey, how can you be so rude?”

The young man caught up and shouted, “ which sect are you from? I saw it with my own eyes that you were trying to kill the eldest young master of the Miao Xuan sect!

Yunxiao stopped, stared at him, and said, “ You were the one who told me Wang Zhen’s location just now. You should also know that Wang Gong’s divine sense is hidden on him, right? I must tell Wang Gong about this. I can’t be the only one to take the blame!”

The young man laughed, “hehe, you need evidence to speak. I am Li Feiyu, may I know your name?”

“Li Feiyu? I got it, I’ll send someone to inform the Miao Xuan sect later, we’ll meet again!”

Yunxiao cupped his fist and performed a wonderful movement technique, and in the blink of an eye, he was hundreds of meters away.

“You coward!”

Li Feiyu was stunned on the spot. He had never met such a person before. He also quickly rushed over and shouted, “Don’t go, there’s something interesting happening in Yufeng city today, are you interested in participating?”

“I’m not interested,”

run! Yunxiao spat out without looking back and sped up, as if he was determined to get rid of the man.

“Hehe, a large number of martial artists are trapped in Yufeng city and can’t be transported out. The city Lord of Yufeng city is planning to hold a martial arts practitioner’s trade fair today, and any strong

practitioner above the rank of a martial honor is allowed to participate. Are you really not interested? There might be a lot of unexpected treasures.”

Li Feiyu’s movement technique was not to be outdone either. He kept close to Yunxiao’s back, about thirty meters away from him, maintaining this distance as he advanced. His heart was already filled with shock. The footwork he was using was an absolute art and he had never lost to anyone before. Yet, he had actually met someone who was on par with him.

“Oh? A warrior’s trade fair?”

Only then did Yunxiao stop. He turned around and said with a smile, “it sounds interesting. Only martial honors and above can participate. I’m still too far behind.

Li Feiyu took a closer look at Yunxiao’s face and confirmed that he had not disguised himself. “Your appearance is unfamiliar, but your cultivation is so high. As for the martial ancestor, stop laughing. For you to be able to control an eighth-ranked puppet, you should be at least an eighth-ranked being.”

He was certain that Yunxiao must have hidden his cultivation base. He had seen the battle with Wang Zhen just now. Although Yunxiao had only made one move and summoned the primordial Gale, which did not look very powerful, he had frightened Wang Gong’s divine will away, which made him even more afraid.

I am indeed only a martial Grandmaster,” Yunxiao said with a smile. you’ve misjudged me. But, I have a good idea.

The two of them walked side by side. After returning to the city, Yunxiao did not return to the thunderwind Chamber of Commerce, but followed Li Feiyu directly to the city Lord’s mansion, where the warrior trade fair was held.

“Young master Yun, you’re very comical like this,”

Yunxiao had already told him his name on their way here. In front of him, the calabash Little King Kong had become tall and thin, covered in a black robe, and Yunxiao, disguised as his disciple, was following behind.

hehe, the participants are all experts. If I don't keep a low profile, I'll be beaten up.

you're too humble. If the people inside knew that you killed Wang Da, chased after Wang Zhen, and even fought with Wang Gong's divine sense, I reckon that even if you hit them, they would just stand there and let you hit them. They wouldn't dare to fight back.

brother Feiyu, you're being too serious. You're clearly the one who schemed against Wang Zhen and Wang Gong, and you don't have any respect for the Miao Xuan sect. Please don't blame it on me. If I meet any experts from the Miao Xuan sect inside, I will definitely tell them about this.

The two of them bickered with each other and were about to enter the city Lord's mansion together. A martial Supreme was standing at the door to welcome them.

"How may I address the two of you?" The martial honored warrior's eyes swept across Li Feiyu's body, and a look of shock appeared on his face. He didn't expect that such a young man could step into the rank 8 martial honored realm. This was an anomaly in the entire heavenly martial continent, and he was definitely not a nobody.

When his eyes fell on the gourd Little King Kong, he frowned. Although he could vaguely feel a powerful force, it was strange, making it difficult for him to judge.

"I am Li Feiyu, and this is young master Yun."

Li Feiyu introduced Yunxiao to him directly. He did not know Yunxiao's full name, so he only addressed him as young master Yun.

"So it's young master Li!"

The martial artist was shocked, and then he laughed, "I say, although the realm of heavenly martial arts is vast and boundless, there are only a handful of people who can advance to martial honor at such a young age. There are only a few of them in the North Region."

Yunxiao was surprised. He did not expect li Feiyu to be so famous, and it was very likely that he was a disciple of some great force.

“You flatter me, my Lord.”

Li Feiyu humbly replied.

The warrior enthusiastically led the way for the two and said happily, “With the presence of the myriad Treasure Tower’s young master Li, this trade fair will definitely be elevated by several levels.”

Yunxiao’s heart jolted. So, it was someone from myriad treasures store. His brows slightly furrowed. If li Feiyu was a disciple of the ten thousand treasures building, then with his age, he could participate in the martial arts and technique competition in songyue city. Could it be that he was actually going the same way as him?

haha, I’m covered in some tattered clothes. I’m just afraid that everyone won’t like it and will embarrass the myriad Treasure Tower.

Li Feiyu’s smile was a little overbearing, and his eyes were filled with a look of “who else but me?” there was no hint of modesty at all.

The myriad Treasure Tower was hailed as the world’s number one Chamber of Commerce. The people inside were mostly rich and imposing, each of them ordering around arrogantly. After li Feiyu heard the praise for his wealth, he immediately put on the appearance of a rich man and swaggered in.

The inside of the city Lord’s Manor was very large, and there were all kinds of exotic flowers and plants, many of which were spiritual herbs. Vital Qi was scattered everywhere, and the overall concentration of spiritual Qi in the North Region was far higher than that of the other three regions. This was also the main reason why the experts of the North Region dominated.

The martial honor brought the two of them for about ten minutes before they arrived at a side hall. He led the two of them in very enthusiastically. There were more than 20 people sitting inside, all of them talking and laughing. Without exception, all of them were eighth rank martial honorables.

As soon as the three of them entered the hall, they immediately attracted everyone's attention. Everyone began to size up Li Feiyu and the gourd Little King Kong without any restraint.

Not all martial Venerables were qualified to be his guide. Li Feiyu's special status gave him such an honor, so naturally, there would be people who were dissatisfied.

"Lord Yangping, this little brother is very young."

A man in linen clothes on the left sipped his tea and said unhurriedly, "I wonder what kind of background he has that he needs Daren to personally lead the way. The only ones who can enjoy such an honor are Bi Tan and Lord Ying Bo from Freedom Island, right?"

As soon as he spoke, everyone's eyes turned cold. Although martial honors were everywhere in the North Region, it was only an exaggerated description. In fact, in any sect, martial honors were the absolute main force.

The person who was chatting and laughing next to the man in linen clothes seemed to have a layer of dust on his face. His hair was tied up high and he had a strange appearance. He followed suit and said in a high-pitched voice, "And this one who's completely covered in a robe, why does he have such a strange aura that no one can see through him? Could it be that you feel that no one here is qualified to see your face?"

The two of them spoke one after another, their voices filled with provocation.

Yang Ping was also a martial honor, and he was the housekeeper of the Yufeng city Lord's residence. Naturally, he knew the temperament of the crowd and had his own way of dealing with it. He laughed, "This is young master Li Feiyu of Myriad Treasures Store, and this is his friend, young master Yun."

"Li Feiyu!"

These three words seemed to have a certain magical power. As soon as they left his mouth, everyone's expressions changed, and the previous anger completely disappeared, replaced by a look of realization.

Even the expression of the man in linen clothes and the person sitting beside him changed slightly, as if they had silently acknowledged that this name could enjoy this honor. For a moment, they did not say anything.

At the front of the group sat two men in different clothes. The two of them cultivated completely different cultivation techniques, and their skin colors were completely opposite, one blue and one red, The Color of Water and fire. What was different from the rest was that the two of them did not restrain the elemental energy fluctuations on their bodies. It seemed as if water and fire elements were jumping between their movements.

It wasn't that they wanted to show off their strength, but that the island of freedom was located in the depths of the North Sea. Although they were also part of the human race, their lifestyles and other aspects were different from the other sects on the heavenly martial continent. Everyone had also heard of it, and coupled with the superior strength of the island, no one minded.

"So it's young master Li Feiyu, one of the four prodigies of the North Region. I didn't expect that a great sage would come here today." The man with the fiery red body said. Not only can we make friends with young master Li, but as a member of the myriad treasures store, young master Li must have many rare treasures on him, which can broaden everyone's horizons."

Chapter 596-ninth aunt

"You guys can talk for now, I still have to go to the entrance to welcome the guests," Yang Ping said with a smile.

He arranged Li Feiyu and the calabash Little King Kong to sit in two seats, while Yunxiao stood behind the calabash Little King Kong, his eyes scanning the field, intentionally or otherwise.

"The two of you are actually from the island of freedom in the North Sea? How is Island Lord Hong?"

The gourd Little King Kong suddenly said in a heavy and deep voice. Naturally, it was Yunxiao's divine will that controlled him to speak.

"Eh? This friend, do you know our Island master?"

The fiery-red man was Bi Tan from Freedom Island, and the other one who cultivated a Water-type cultivation technique was Ying Bo. Both of them had looks of disbelief on their faces.

He stared at the gourd Little King Kong for a while. His eyes flickered with golden light and five colors. It was obviously a kind of eye technique.

Yunxiao's expression remained unchanged. He hid his right hand behind the gourd warrior and performed a strange incantation gesture. Immediately, a spiritual barrier enveloped him and the gourd warrior, blocking the other party's prying technique.

Bi Tan stared at it for a while, and a trace of surprise flashed through his eyes. He seemed to have guessed something and nodded, "I see."

"What do you mean by 'so that's how it is'? did you see any clues?" Ying Bo asked in a strange tone.

this friend is unwilling to show his true face," Bi Tan said. He must have his own difficulties. I can't point it out.

Sir Bi Tan, since you've seen through it, just tell us. Let us know who this strange man who came with young master Li is.

Xiu Bai, the man in linen clothes, asked. He had nothing to say about Li Feiyu's identity, but he still found the appearance of the calabash little Vajra very unpleasant to the eye. The weirdly dressed revered martial artist, Liu Feng, who was beside him, also shouted, "Yes, yes."

The two of them seemed to have a very good relationship and had similar tempers.

Bi Tan wasn't moved by his words and said, "Please respect the privacy of others." This made Xiu Bai and Liu Feng feel like they were asking for a rebuff. They both snorted and no longer spoke. But, his eyes were full of hostility when he looked at the calabash Little King Kong, and he even looked at Yunxiao with cold killing intent.

Naturally, Yunxiao would not pay any attention to these two idiots. Their arrogance and disregard, and even the way they looked at him as if he were looking at a fool, made their faces turn livid with anger.

Li Feiyu, on the other hand, felt very strange. He naturally knew that the puppet was hidden under the black robe, but he didn't believe that Bi Tan would be able to see through his identity, "Lord Bi Tan really saw through my friend's identity?" Why don't you tell me? This friend of mine only has a strange temper, there's nothing about him that's shameful. If you can tell him, he might even remove black robe."

Bi Tan said, "Oh? I wonder if that's true?"

After all, not many people on the heavenly martial continent knew that Yunxiao had mentioned their Island Master's surname, so he might really be a friend of the Island Master.

The Gourd Little King Kong sat there without saying a word. In everyone's eyes, it was a tacit agreement.

Bi Tan said, "The Qi in this friend's body is extremely strange. Shi Yao, and Shi should be cultivating two extremely overbearing cultivation techniques. One of them is the cultivation technique of the demon race. As for the other, it should be an extremely powerful body technique that can make one's body as hard as a diamond and equivalent to a profound weapon. That's why he has such a strange Qi. There's also another possibility, and that is that this friend is a member of the demon race."

Li Feiyu was extremely surprised when he heard this, and he immediately didn't dare to underestimate Bi Tan. He couldn't see the Gourd Little King Kong's true appearance, but he could guess to this extent, which was already very impressive.

"Besides, this friend's spiritual power is very strong, at least at the level of a seventh-tier great Alchemist. Even my spying spiritual eye was blocked by your spiritual power, and I couldn't see anything. Otherwise, I'll definitely get a full view of you and tell you everything."

Bi Tan said with a smile. He seemed to be very confident in his guess.

The calabash little guardian deity said, "Master Bitu is indeed powerful. The strength of the island of freedom in the North Sea is extraordinary. It's far away from the continent, as if it's not in the world,

and it's not disturbed by the world. After so many years, its strength has long reached the sky, and I'm afraid that it's no longer under the seven superpowers of the continent."

His words immediately caused everyone's expressions to change. Bitu and Ying Bo's faces changed drastically, and they were extremely shocked.

"You're overpraising me, friend," bi tan said. Freedom Island was far away from the disputes of the secular world and focused on the pursuit of martial Dao. However, it's not as peaceful as you think. There have been several large-scale conflicts between us and the sea tribe of the North Sea, and we've suffered heavy losses. It's just that the continent doesn't know about it. "

He seemed to want to explain that the strength of Freedom Island was not strong, which made everyone even more suspicious. If another faction like the seven superpowers appeared, it would definitely be a major event that would shock the world.

Li Feiyu was also suspicious, and at the same time, he was also very suspicious of Yunxiao's identity.

In the information collected by myriad treasures store, Freedom Island was far away in the depths of the North Sea. No one knew its exact location, and it was impossible to reach it without using the teleportation array. However, even if it was a teleportation array, it could only teleport them to the islands in the sea around the freedom Island. They had to be led by their people to enter the mysterious main island.

Any sect on the continent had very little information about the island of freedom. Perhaps only the Holy region could really grasp the movements of the island of freedom.

Could this kid be from the Saint realm?

Li Feiyu immediately began to speculate about Yunxiao's identity, and the more he thought about it, the more he felt that it was possible. After all, the only ones who knew about Freedom Island and dared to ignore the Miao Xuan sect were either the seven superpowers or the sacred zone.

After bi Tan's explanation, Yunxiao did not go into detail, but said, " "When will the trading Convention start? Could it be that there are other distinguished guests?"

“Haha, young master Yun, you can’t wait anymore?”

Yang Ping’s voice came from outside the door, and there were a few figures following him. It was obvious that they were qualified enough for him to lead the way.

Everyone looked over and saw that the person beside Yang Ping was actually a woman in a Palace dress. She had a thin veil on her face and her body was light. Although her appearance could not be seen clearly, she gave off the aura of a dignified and elegant lady. Behind him were four maidservants, each of them with an extraordinary temperament.

Yang Ping smiled and said, “most of the guests have arrived. If more people come later, we’ll just join in.” The one I’ve been waiting for at the door is this Lord.” He made an inviting gesture and arranged for the lady to sit in an empty seat at the head of the table.

Everyone’s expression changed slightly. They had thought that the seat was for Yang Ping himself, but they did not expect it to be reserved for this person. Right now, among all the seats, only the highest seat remained, which was also the seat of the city Lord of rain Peak City.

Yang Ping himself stood below the city Lord’s Seat and smiled, “This Lord must be very curious to everyone. He is a special guest specially invited by the city Lord. Not only does he participate in the trading of goods, but he is also the person who presides on the pricing.”

“Oh, the person in charge of the pricing?”

“Could it be that this friend is very good at recognizing treasures?” bi tanqi asked.

Everyone revealed a puzzled expression, suspicious of the identity of the beautiful woman in Palace dress. The beautiful woman was sitting there calmly, exuding the aura of a superior and the demeanor of a powerful expert.

“Hahaha!”

Suddenly, a hearty laugh was heard. Everyone's vision blurred, and they saw a man sitting on the chair at the head of the table. He wore a blue robe, his eyes were as clear as lake water, and his face was full of smiles. It was the city Lord of Yufeng city, Geng Xing. "If there's a treasure in this world that even the head of the Mei family, aunt Jiu, can't recognize, then there's basically no one else in the world who can."

"So it's the head of the Mei family!"

Everyone was stunned, their eyes all falling on the beautiful woman.

"Could it be the Mei family, who specializes in hosting large-scale auctions and has the best ability to recognize treasures?" bi tan asked in surprise.

The Mei family was very low-key on the continent. Other than the rumor that they had extremely high appraisal power, there were very few other rumors. And the Mei family basically only dealt with the merchant Union, and had very little contact with other sects.

Yunxiao was also stunned for a moment. It turned out that the Mei family Mei Dong 'er was from was this one. The so-called ninth aunt, the head of the Mei family, was actually this woman in front of him.

He couldn't help but feel a little strange. In the many auctions he had experienced, the host was always called " Mr. Mei, " and they were all men. He didn't know why it was a woman who was in charge. This was extremely rare.

"Haha, I didn't expect to see ninth aunt here."

Li Feiyu laughed. The two of them seemed to be old acquaintances.

Ninth aunt's cold eyes became warm. She had a good impression of Li Feiyu and said in a soft and moving voice, "After our last meeting, young master Li's cultivation has improved by quite a bit. When will the title of the four prodigies of the North be first?"

"I can't even get first place with my terrible talent," Li Feiyu replied humbly. It was just relying on the myriad Treasure Tower's name to be forcefully added in by people to make up the numbers. I really don't dare to think about it."

Aunt Jiu smiled and did not say anything else.

It's a surprise," Geng Xing said with a smile. It's rare to attract young master Li. It's a pleasant surprise. Not only would he be able to witness the elegance of the four prodigies of the North, but he would also be able to bring a lot of treasures. But ninth aunt, you're late. This isn't your usual style."

Aunt Jiu's eyes flashed with a hint of solemnity. "I was caught up in a sudden matter, so I came late."

"Oh, is it convenient for you to tell me what it is? As long as I can help, I will do my best."

Geng Xing also saw the seriousness in Aunt Jiu's eyes. He immediately made a decision to win her favor and make everyone feel that the city Lord was indeed a man of great character.

Thank you, city Lord Geng," Aunt Jiu said. This is an undeserved disaster. The son of the sect master of the Miao Xuan sect, Wang Da, has died in my family's restaurant."

"What?"

Wang Da?" Geng Xing was shocked. Wang Da from the Miao Xuan sect?" "The inter-province transportation formation has been destroyed, and too many warriors have been detained. There have been too many conflicts. However, I didn't expect that the son of the sect master of the Miao Xuan sect would die in my Yufeng city. This is indeed a little troublesome. Do you know who did it?"

597 Soul raising tree

“I don’t know for now, but the entire restaurant has been destroyed,” aunt Jiu replied. I heard that it was done by a young man in his twenties with a martial honor puppet. What worries me more is that after that person killed Wang Da, he killed all of Wang Zhen’s followers who came to seek revenge. He even went after Wang Zhen. If it’s GE Ge ”

Her eyes revealed a deep sense of worry, as if she did not dare to imagine the outcome.

The others were also very serious. Geng Xing said in shock, “Who is so bold! If Wang Zhen was also killed, then the miaoxuan sect would be in deep trouble. His heart was filled with shock, and if Wang Gong lost two sons in pain, his Yufeng city would probably be dragged into the flames of anger as well.

Aunt Jiu said, “ that’s what I’m worried about. I’ve sent people to investigate the whole city. Although we didn’t find the murderer, we’ve locked onto the murderer’s companions. I hope we can get a good result.

Wang Da is dead,” Geng Xing smiled bitterly. what good outcome can there be? ” Wang Gong’s anger was inevitable. Even though this son of his was uneducated and incompetent, he still had a precious status. As the city Lord of Yufeng city, I have a certain level of responsibility. I will definitely do my best to assist ninth aunt in investigating this matter!”

Li Feiyu glanced at Yunxiao with a smile and a strange look in his eyes.

On the other hand, Yunxiao’s face was cold, and he was a little worried. Just now, aunt Jiu said that she had found the murderer’s companion. She wondered if the murderer had found the thunderwind Chamber of Commerce. However, with mo Xiaochuan there, it should not be a big problem. If a martial sovereign attacked him, it would definitely be earth-shattering, and he could feel it from where he was. Now it seemed that things had not happened too intensely, and he would just wait and see.

“Since it has already happened, there’s no point in worrying about it. After the trade fair, I’ll send someone to assist ninth aunt. Although the people from the Miao Xuan sect are all lecherous and cold, they won’t dare to act recklessly in the Great Hall. If worse comes to worst, I’ll go to the Holy region once the transportation formation is repaired and invite the law-enforcement officers to take charge. Then, the Miao Xuan sect will not dare to be too presumptuous.”

“With Lord Yangping’s words, I’m relieved,” aunt Jiu said with a nod.

“Don’t worry, ninth aunt,” li Feiyu replied. My ten thousand treasures tower will definitely support you to the best of our abilities. We will never let the Miao Xuan sect act recklessly, and we will also not let the murderer get away with it.”

“Well, I may have to trouble young master Li with this matter when the time comes.”

Aunt Jiu was still very confident in the merchant Union. After all, they had worked together for so many years, and the favor and interests were still there. The merchant Union would certainly not ignore the Miao Xuan sect and deal with the Mei family.

“Don’t worry, myriad treasures store and even the merchant Union will support ninth aunt unconditionally,” li Feiyu patted his chest and said.

His words carried a lot of weight, and aunt Jiu immediately felt relieved.

Yunxiao, on the other hand, was speechless. In his opinion, he had just killed a hooligan, and there was no need for so much trouble.

This was also because his vision was too high. In his previous life, not to mention the Miao Xuan sect, even being Dark Palace had killed many people, and they were still safe. How could he know the difficulties of these low-level forces? they were all trembling with fear towards those super large sects. If they did not serve them well, it might be a disaster of extermination.

This was the cruel reality of the realm of heavenly martial arts. The strong were respected, and the strong were the law. Those who disobeyed could only die!

“Haha, with young master Li’s words, ninth aunt can be at ease. Let’s start our trading now, don’t let it affect your mood.”

Geng Xing laughed. it’s all because the teleportation array was destroyed. You’re all stuck here. That’s why I’m holding a small event. I’ve also called aunt Jiu to host it. If you have any treasures, show them to us so we can all admire them together.”

Everyone's spirits were lifted. At their level, the treasures they could take out must be extraordinary. Otherwise, they would not take it out so easily to embarrass themselves.

Everyone looked around, but no one was willing to be the first to present their treasures.

Geng Xing seemed to have expected this. He smiled and said, "Since everyone wants to stay until the end, then let me show my incompetence first." He raised his hand, and the light in his ring flickered. A white jade box with a Golden Dragon carving appeared in his hand, and he opened the lid with a smile.

A small piece of gray wood was lying inside. Other than the abundant spiritual Qi, there was nothing unusual about it. Everyone carefully opened their eyes, but they still couldn't feel any difference from ordinary branches.

"Haha, who can see through this thing? I'm willing to offer you 10 million medial-grade primordial stones."

Even ninth aunt can participate," Geng Xing said proudly. To tell the truth, I'm very curious about the Mei family's appraisal technique. If the original owner hadn't told me what this item was, I wouldn't have known even if I racked my brain."

city Lord Geng is really rich and generous," Bai Xiu said. he actually dared to use ten million mid-grade primordial stones to test the ability of the Mei family's first head. I think ten million is definitely going to be the price!

Everyone agreed. The Mei family's appraisal ability was well known, let alone the chief's. If there was something that she couldn't appraise, then no one else could.

Aunt Jiu smiled gently, her beautiful eyes moving. Although her face was covered by a light veil, one could still see that she was an absolute beauty. One of her maidservants immediately came forward and brought the White jade box over.

Aunt Jiu raised her slender hand and pointed at the small branch with her index finger a few times. She then looked surprised and said, "This thing doesn't have a rank?"

“What? there’s no item of the same rank? Could it be an ordinary branch?”

what a joke. What kind of person is city Lord Geng? how could he take out an ordinary branch? ”

“There are indeed some things in this world that don’t have a hierarchy,” bi tan said in surprise. “It’s because we can’t measure them with the standards of the secular world. All of these items are precious treasures, and city Lord has actually taken out such precious items. I wonder what city Lord would like to exchange for, or to sell them for primordial stones?”

let’s not talk about this now, ” Geng Xing said with a smile. we’ll talk about it after we identify what it is. Also, it’s not as precious as you think, master bi tan, because there’s too little of it. ”

Aunt Jiu moved her fingers away from the branch and said with a smile, ” “I didn’t expect it to be this. I already know the answer.”

“Oh?” Geng Xing didn’t believe him.

Aunt Jiu chuckled and moved her lips slightly. She directly sent a voice transmission to Geng Xing’s ears, but he looked stunned and incredulous. Everyone saw that she had answered. They were all itching to know the answer.

“The people of the Mei family are indeed disdainful.”

Geng Xing shook his head with a bitter smile. He looked helpless and said, ” my ten million primeval stones were indeed given away for free.

He was about to announce the answer when a calm voice suddenly rang out. It was the calabash Little King Kong. “Wait, I know what this is too. Please prepare two sets of metastones for the city Lord.”

“Oh? I don’t believe it!”

Geng Xing said directly, "Even ninth aunt only found out after investigating it, but you can tell what it is just by looking at it from a distance. It's too shocking."

The gourd Little King Kong snorted and said, "If I'm not wrong, this should be the soul raising tree formed from the essence of the Kunwu Divine Tree. Such pure soul raising wood is indeed rare, but the only flaw is that there's too little of it. I'm afraid it won't be of much use."

"Ah!"

Geng Xing was shocked. He sized up the black robe, trying to look inside, but to no avail. He also knew that every expert had their own habits, and many people had their own eccentricities. Perhaps they liked to cover their faces, so it was not good to force an investigation. He could only smile bitterly and say, I'm really ignorant. The realm of heavenly martial arts is so big that there are indeed many capable people.

Everyone was surprised by his words. They all looked at the gourd Little King Kong, and their evaluation of him increased. Even his servant, Yunxiao, came into everyone's sight. After a quick glance, they all frowned, as if this servant was not a simple man.

Li Feiyu was also surprised, and he could not help but be more wary of Yunxiao.

Aunt Jiu's beautiful eyes were also fixed on the calabash King Kong a few times, and then on Yunxiao before she retracted them.

The gourd little Vajra said, 'I wonder what city Lord Geng wants to exchange for this soul raising wood? I'm very interested. If it's really not possible, I'm willing to pay you a few more metastones.'

just as young master Yun said, " Geng Xing said, " this soul nurturing wood is precious, but it's too rare. It's useless for me to keep it. I want to trade it for a golden sun warship. Is there anyone willing to do so?"

"City Lord, aren't you being too greedy?" Liu Feng, who was dressed in a strange manner, shouted. To exchange a seventh-grade golden sun battleship with this soul nurturing wood is like exchanging a rock for primeval stones."

Geng Xing didn't mind his collision. He smiled and said, "The golden sun battleship has a price, but the soul nurturing wood is priceless. Even though they are rarely used, they are priceless in the hands of those who truly need them."

"Indeed,"

"It's hard to set a price for this kind of treasure without a grade," aunt Jiu added. Although it was used very little, the stock in the realm of heavenly martial arts was also astonishingly small. If you meet someone who is in urgent need of it, it's priceless."

according to the information I've received, the only Kunwu Divine Tree in the world has already passed away in the South Sea," bi tan suddenly said. the soul raising tree might not exist in this world anymore.

"What?"

Everyone was taken aback. Although many people did not understand the meaning behind it, at least they knew how precious this thing was. It might be a unique existence in the entire heavenly martial realm.

Even Geng Xing had not expected this. After a moment of shock, he shook his head with a bitter smile and said, "master bitu, why didn't you say so earlier? if you did, I wouldn't have taken it out to trade. It would have been better to keep it as a collection!"

He beat his chest and stomped his feet in frustration, making everyone suspicious, wondering if the two of them were working together.

Even though they knew that the Kunwu Divine Tree was gone, no one was willing to trade for it with the golden sun warship, because no one needed it. It was the first time many people had even heard of it.

I don't have a seventh-grade golden sun warship," the gourd little Vajra said. but I have the wreckage of an eighth-grade netherworld warship. I wonder if city Lord Geng is willing to trade?" In addition to the ten million medial-grade primordial stones you gave me earlier, this price won't be lower than the golden sun warship."

## Chapter 598

?

### 598 Gold spirit stone

“The remains of an eighth-grade netherworld battleship?” Everyone was shocked and looked at the gourd Little King Kong.

In the world, the number of sects that could own eighth-level warships could be counted on one’s fingers. Besides the extremely powerful superpowers, basically every eighth-level warship was produced in the sea of soul formation, and there were only a few of them.

remains?” Geng Xing hesitated. it depends on how badly damaged it is.

Gourd Little King Kong waved his hand, as if he were ordering Yunxiao. Yunxiao then took out a storage bag and handed it to Geng Xing.

Li Feiyu found it funny, but he was also curious. The more powerful Yunxiao was, the more interested he seemed.

Geng Xing took the storage bag. After scanning it with his spiritual sense, he was delighted.

This was the wreckage of a battleship collected from the demon Plains. It was not complete, but its core did not seem to have suffered much damage. In comparison, it was indeed more valuable than a seventh-tier golden sun battleship.

“Not bad, I want this remains.”

Geng Xing waved his hand and handed the White jade box to Yunxiao. After accepting it with an expressionless face, Yunxiao retreated behind the calabash King Kong in silence.

He sent the soul nourishing wood directly into the divine realm tablet. As soon as his soul appeared, he heard a young and urgent voice from below, "Give it to me, quickly give it to me!"

A young baby was jumping for joy below, drooling as he laughed, "haha, it's indeed the soul raising tree that came out of my body. It's not fake at all."

It was Lil Wu, and he was the one who had sensed the existence of the soul nourishing wood, which was why he had urgently asked Yunxiao to get it.

"Hurry up and give it to me!"

As soon as Yunxiao landed on the ground, he stepped forward and grabbed the soul nourishing wood, then happily swallowed it. The results were immediate. His entire person began to change, as if he had grown up for a few months.

"Too, too, too little!"

Lil Wu stomped his feet on the ground in dissatisfaction. Clearly, he did not meet his expectations.

Yunxiao sent him flying with a slap and snorted, "if you think it's too little, you can eat your own seedling. You can't find this thing in the entire realm of heavenly martial arts. Don't be greedy. With that said, he disappeared into the divine realm tablet with a flash of light."

In the hall, Geng Xing was also very satisfied with the deal. He laughed and said, "I've already thrown the brick. Everyone's jades should appear now, right?"

"Hehe, if that's the case, then I'll show my incompetence."

A revered martial artist standing beside Li Feiyu raised his right hand, and a ray of light shot out from his hand. With a "Zheng" sound, it pierced into the ground. It was actually a treasured saber that was intertwined with gold and silver. It was even embedded with seven different colored beads.

The revered martial artist asked, "is there anyone who likes this eighth-grade Mystic weapon?" I would like to exchange it for some medicinal pills that can enhance my cultivation."

"This is a Kasaya."

A green-robed old man's pupils suddenly shrank. He stared at the treasured saber for a while and said in shock, " "Could this be mu Yong's dual-element seven-colored blade? So it was you who killed mu Yong!"

Everyone's hearts trembled. This treasured saber was indeed a pretty good item, but the name mu Yong made everyone turn pale with fright. This person wasn't an extraordinary figure, but his identity was a little special. He was an expert from the blade sect. The more powerful you were, the larger the circle you would be in contact with. Therefore, there were still many people who knew about the martial honor realm.

"What nonsense are you talking about? Did taking his weapon mean that he was the one who killed him? This eighth-grade profound weapon was picked up by this old man!"

The martial Supreme glared at the green-robed old man and said angrily, " "If it was someone I killed, would I still dare to trade? Do I not want to live anymore?"

Bai Xiu's eyes flickered, as if he was very envious of this profound level weapon, but it was a hot item. After careful consideration, he said, " "Everyone must bear witness. If I exchange for this treasured saber, mu Yong's death will have nothing to do with me."

After all, the blade sect's reputation was too frightening. Although they were all martial honors, they were nothing more than ants in the eyes of the blade sect, who could be crushed to death at any time.

"I wonder if the solitary Dragon pill of the southern Dipper can be exchanged for this blade?" Bai Xiu asked tentatively.

The martial Supreme frowned and said, "Southern duel solitary Dragon pill?" It can also be considered to enhance one's strength. If you want to exchange, you must have at least three hundred pills!"

Bai Xiu's expression suddenly changed, and he had a faint look of anger as he said, "Three hundred pills? are you trying to extort me?"

The martial venerable snorted. this Southern dual solitary Dragon pill can only be regarded as the bottom of the eighth-tier medicinal pills. Even if I take three hundred pills, it won't have much effect on me. I don't want it. But if you can't get a better one, I'll reluctantly agree if you can give me 300 pills."

"Hmph, if there are 300 pills, I'll use them myself!"

Bai Xiu angrily flicked his sleeve and sat back in his seat. His gaze was still sizing up the saber, as if he was unwilling.

"The value of this dual element seven-colored blade is indeed above 300 solitary Dragon pills, but this item is left behind by an expert of the blade sect. How many people would dare to buy it?" Of course, everyone could testify that it had nothing to do with the buyer, but the saber sword sect's Martial Emperor powerhouse had to be willing to listen to his explanation. Hehe, not many martial sovereigns of the nine Heavens have a good temper or patience."

The martial venerable's expression changed slightly. His words immediately dispelled the thoughts of a few interested people. When he saw that no one else was willing to trade, he snorted angrily and said, "It's fine as long as no one is trading!"

With a wave of his sleeve, the saber turned into a ray of light and returned to his storage ring. He sat there with a dark face.

young master Li, you're the youngest martial Supreme here, and also one of the four rising stars of the North Region. You're also the well-deserved number one young man of the ten thousand treasures store. Everyone is looking forward to your treasure.

Yang Ping saw that the atmosphere was a little unpleasant and hurriedly stepped out to ease the tension. He looked at li Feiyu and smiled.

"Sir yang is being too serious. I actually don't have anything I want to trade."

“But since I’m here to participate in this trade fair, I can’t just be a spectator. How about this, I happen to have a good treasure on me, let’s see if anyone likes it.”

What he said was also the truth. With myriad treasures store’s Foundation, if there was something he wanted but couldn’t get, it was impossible for it to be here.

Everyone looked at li Feiyu expectantly. With a flash of light, a piece of white metal appeared in his hand. It was smooth and soft like water. With a single look, one could tell that it was an extraordinary item.

Yunxiao’s heart jolted as he recognized it at a glance. Calabash King Kong said in a deep voice, “I wonder how brother li would like to trade for this?”

“Oh? Young master Yun, you saw through it at a glance?”

Li Feiyu glanced at Yunxiao with a silly smile. He was not interested in looking at the puppet gourd Little King Kong.

“Yes, I happen to know him,” the gourd Little King Kong said.

“Just what is it? please don’t keep me in suspense and just say it.” Everyone urged.

Aunt Jiu was also surprised. young master Yun, it really wasn’t a coincidence that you knew about the soul nurturing wood. You do have a high understanding of all kinds of materials. You even know about the metal spirit stone.

“Gold spirit stone? This is the gold spirit stone!”

Everyone’s expression changed drastically. Wu Zun, who had been trading treasured sabers, suddenly opened his eyes wide and stared at the palm-sized gold spirit stone with greed. The rest of the people also had serious expressions.

Aunt Jiu explained in a low voice, " this metal spirit stone has the property of gold, but its nature is water. It can be kneaded into shape at will without damaging its nature. That's why it is often used by alchemists to refine battle armor. Such a large piece of gold spirit stone is enough for an eighth-tier battle suit."

Although gold spirit stone was not the main material of the battle armor, it was the most important core material. This was why it could change its size at will, and move freely when attached to the body. It was also the most precious raw material in the battle armor.

"Haha, young master Li really didn't disappoint everyone. Even Yang Ping is tempted by such a treasure. I wonder what young master Li wants in exchange?"

Yang Ping also showed his desire to get it. After all, a battle suit was too precious for a martial artist. It could almost save one's life. However, not everyone had the opportunity to obtain a battle suit.

Especially for people of their level, it was extremely difficult to collect all the raw materials for a battle suit. Even if they had collected all of them, it was even more difficult to find an eighth-tier Alchemist to help them refine it. Therefore, when they saw such a treasure, almost everyone was tempted.

"It's just a little trinket. I don't know what to exchange it for." Li Feiyu smiled. Everyone, please take out anything you like. As long as I like it, I'll exchange it. "

Aunt Jiu chuckled and did not say anything. Although the people of myriad treasures store were all rich and imposing, they were definitely extremely shrewd. Li Feiyu's words were said casually, but it was undeniable that he was asking everyone to compete for the best treasure. This way, everyone would have to show their trump cards.

As expected, after Yang Ping heard this, he hesitated for a moment before taking out a jade pendant and said, " I wonder if young master Li would be interested in this wood-type spiritual Jade of mine?"

"Oh? It's the wood element spirit Jade of the five elemental spirit Jade!"

"I didn't expect Lord Yangping to have such a treasure," aunt Jiu said in surprise."In terms of value, it's indeed not below the gold spirit stone. This was especially so for wood-elemental cultivators, and even

more so for gold spirit stones. Although this thing can't be compared to the mutated elements of the five elements, it's formed after the power of the elements seeped into the ore and accumulated over the years. It's extremely rare!"

As soon as the wood-type spiritual Jade appeared, most of the people present immediately deflated. Obviously, they couldn't take out something of this level, or they had it but were unwilling to exchange it.

Li Feiyu appeared to be very casual as he replied, "Since ninth aunt has said so, I can still take advantage of the exchange. As long as there's no one that I like more, then I'll exchange it for Lord Yangping's Wood element spiritual Jade."

"Young master Yun, are you interested in my gold spirit stone?" he asked.

"Unintentionally," the gourd little guardian deity replied.

His answer was so direct and straightforward that Li Feiyu couldn't help but smile awkwardly.

"In terms of treasures, our Island of freedom naturally can not be compared to you. However, we have some unique specialties that young master Li might like."

Bi tan also couldn't help but speak up. After a short communication with Ying Bo, he took out a fiery red coral from his ring, held it in his hand, and smiled, "I wonder if the head of the famous Mei family can recognize the treasures in the depths of the North Sea?"

Chapter 599-shock

As soon as the red coral appeared in the hall, everyone immediately felt a warm feeling on their bodies, as if a fire had been started. It was indescribably warm and comfortable.

Aunt Jiu frowned slightly and said in surprise, "Could it be the blood Stone coral?"

"The Mei family truly lives up to its name!" Bi tan exclaimed in admiration.

“That’s right,” aunt Jiu said. “It’s my first time seeing this treasure too.” It was said that in the four Seas, there were experts above the nine Heavens realm who fought, and the blood that flowed out soaked in the mud and stones at the bottom of the sea. After tens of thousands of years of accumulation, this coral could grow. This kind of Blood Stone coral was born by absorbing the blood of a martial sovereign of the nine Heavens. Not only does it contain a great amount of hostility, but most importantly, it also contains a trace of the nine Heavens will!”

what? it contains the will of the nine Heavens!

This time, everyone’s expression changed. Some of them even stood up and almost pounced to snatch it. Their eyes were shining as they stared at the blood Stone coral, like wolves staring at meat.

It contained the nine Heavens conception, which was no longer an ordinary heavenly treasure. It was definitely an existence that would cause a bloody storm. Geng Xing and Yang Ping were also shocked, and their faces were full of solemnity. If they started fighting, they wouldn’t be able to suppress the scene in front of them.

Aunt Jiu chuckled and said, “ don’t worry, everyone. Although this Blood Stone coral contains the will of the nine Heavens, as I’ve said before, there is also a large amount of hostility in it. It should have been left behind by the martial sovereign of the nine Heavens. If you want to seize the will of the nine Heavens, you will also be devoured by the hostility. If you can’t control it effectively, I’m afraid you will directly go crazy.

“Ninth aunt is indeed an extraordinary person,” bi tan said. “You actually know so much.” The Bloodstone coral was indeed watered with the blood of a Martial Emperor. The conditions for its formation were extremely harsh, and the violent aura within it was so strong that even a Martial Emperor might not be able to dispel it. I’ve only managed to get a glimpse of the nine Heavens conception contained in it, so it’s a bit of a chicken rib.”

The hostility that even a martial sovereign of the nine Heavens might not be able to dispel sent chills down everyone’s spine. The hot blood that had rushed to their heads immediately cooled down.

Geng Xing and Yang Ping were greatly relieved.

“Indeed, if not,” aunt Jiu said. The value of that would be hard to estimate, and gold spirit stones would never be able to compare.”

Bi tan asked, “I wonder if young master Li has a good impression of my Blood Stone coral?” Although it’s of little value, it’s still an extremely rare item.”

Li Feiyu smacked his head, unable to make a decision, “It’s really a difficult problem. I’ve never seen the preciousness of the blood Stone coral in the ten thousand treasures tower all these years. However, that wood-type spiritual Jade is very suitable for a friend of mine, and he’s also very interested in it. ”

“Young master Yun, do you have any suggestions that can be considered for me?” he asked after thinking for a while.

The calabash Little King Kong said bluntly, “ they’re all trash, just like your metal spirit stone. They’re not worth much. Just exchange them.

haha, what big words. Aren’t you afraid of spraining your tongue? ”

Liu Feng sneered while the others snorted coldly. young master Yun and young master Li have come together, “ Yang Ping said, a little displeased. I’m sure you’ve brought a lot of treasures with you. Why don’t you show them to us? ”

of course I have treasures, “ the gourd Little King Kong snorted. but you can’t give me what I want. Why should I show you my treasures? ”

Humph! Geng Xing snorted. although Yufeng city is just a small city, it’s also a fortress that connects all the major cities in the North. There will naturally be a lot of exchanges of treasures. Could it be that young master Yun wanted the stars in the sky? Even meteorites are common.”

“Myriad treasures store should have what I want,” the gourd little guardian deity said. I need a type of mutated water element that is close to the origin. And there are quite a few of them.”

mutated element, Origin Energy!

“Hahaha!”

Everyone was shocked, and then many people laughed out loud, all of them with mocking expressions.

Liu Feng sneered. the origin variant element is comparable to a top-tier ninth-grade material. Its value is even higher than that. What do you have to exchange for it? ”

there are many things you can exchange for, ” the gourd little guardian deity said. the key is that you don’t have any.

“Hmph, what a joke!”

Liu Feng rudely brushed his face and sat back in his chair.

The gourd Little King Kong waved his hand, and a ray of light shot into the sky above the hall, turning into a huge iron pillar that fell down with a loud bang. It shook the center of the hall, emitting a cold air that made people shiver.

“This, this is a Kasaya.”

Everyone was shocked. The spiritual energy fluctuations on the iron pillar were extremely strong, and with one look, they knew that it was not an ordinary object. What shocked everyone the most was that it was too huge. An ordinary rare material like this would be considered pretty good if it was the size of a palm, but this was a huge one!

“Ninth aunt, What is this?” Yang Ping was also shocked.

Aunt Jiu’s face also showed a serious expression. She walked forward, carefully stretched out her right hand, and gently slid it on the pillar. She immediately retracted her hand with a scream, and a layer of frostbites appeared on her fingertips.

“This ... Could this be the northern heaven frigid Star Iron?” she asked in shock. But how was that possible? Such a huge piece of Northern heaven frigid Star Iron! My God, just how much is this worth!”

a top grade ninth-tier material, known as one of the top ten metals, the northern heaven frigid Star Iron?!

Aunt Jiu’s judgment immediately silenced the entire Hall. It was the size of a pillar, and any piece that was knocked off would be a priceless treasure!

The gourd Little King Kong waved his hand and immediately took back the northern heaven cold star Iron. He said coldly, “ now, those with mutated water elements can take it out and Exchange for it.

There was a strange silence in the hall. No one made a sound. Everyone was still immersed in the shock just now. They even suspected that they had seen wrongly and that it was not real.

it’s so big! Geng Xing murmured to himself. how can there be such a Big top-tier ninth-grade material? how valuable is it? ” cold sweat oozed out of his forehead. He was afraid of the gourd Little King Kong’s identity.

Li Feiyu was also completely stunned. He only came back to his senses when the gourd Little King Kong called out to him.

“Brother li, does myriad Treasure Tower have any intentions?”

Li Feiyu came to his senses and gave Yunxiao a glance as if he were looking at a monster. “This thing is indeed better than the water element, but this is a serious matter. Even I don’t have the right to decide. However, wasn’t young master Yun’s Northern heaven frigid Star Iron a little too big? How can there be so many raw materials in this world?”

The gourd Little King Kong snorted. you don’t have to worry about that. Since there’s no stock, don’t think about my treasure anymore. The same goes for everyone.

Everyone's face was filled with black lines. They had just ridiculed him for overestimating his ability, and did not expect to be slapped in the face so quickly. However, an ordinary man's possession of a jade pendant was a crime, and many people's eyes became uneasy.

Naturally, Yunxiao was not afraid of trouble, so he sneered in his heart. If someone was blind, then he could only blame his own bad luck.

Li Feiyu could only bitterly smile in embarrassment. At this moment, the gold spirit stone in his hand was truly like trash. He felt a little embarrassed and immediately lost all interest in the transaction.

After thinking for a while, he exchanged for bitu's Blood Stone coral. After all, myriad treasures store was still more concerned about the rarity of the items. Yang Ping, on the other hand, put away the wood-element spiritual Jade with a hint of disappointment.

young master Yun, " Geng Xing suddenly said. I can't take out the water element, but I know a place where mutated water elements might exist.

"Oh? I'd like to hear more details!" The gourd Little King Kong seemed to be interested.

it's not something of value, " Geng Xing said. just take it as a gift to young master Yun. He waved his hand and a Jade slip fell into the hands of the gourd Little King Kong.

Everyone's pupils contracted, and they immediately saw the gourd Little King Kong's arm that was like a profound level weapon.

Yunxiao's divine sense rushed into the Jade slip through his arm, and he soon read the information inside.

"So it's a record," the gourd Little King Kong said. Thank you, city Lord Geng. I appreciate your kindness."

this thing isn't very valuable, " Geng Xing said with a smile. young master Yun, you can estimate it yourself.

After Yunxiao showed them a piece of Northern heaven cold star Iron, the atmosphere in the square turned a little cold. Most people were no longer in the mood to trade, and were all making small calculations.

“Let’s trade something from the freedom Island,” bitu suddenly said.

Beside him, Ying Bo made an incantation gesture with one hand, and a drop of water immediately appeared in front of him, slowly falling to the ground. The water vapor receded, revealing a huge box that was three or four meters wide. With a light incantation gesture, the box opened and immediately emitted the light of jewels. It was actually a whole box of pearls!

“This, what do the two of you mean by this? you’re actually using pearls to trade?” Yang Ping was stunned.

“Please explain it to everyone, ninth aunt,” bi tan said with a smile.

All women loved to look beautiful, and even people like ninth aunt were no exception. After seeing the box full of pearls, she immediately smiled and said, “ this is no ordinary Pearl. It’s an ice jade Pearl from a seventh-rank sea beast, the wave spirit ice jade clam. It’s a seventh-rank item, and it’s extremely beneficial to cultivators.

“Seventh-ranked item? So many?”

Everyone was once again dumbfounded. Although they were not as shocked as the northern heaven cold star Iron, they were still stunned. There were at least a thousand beads here, right?

Bi tan laughed. there’s really no treasure in the world that can pose a challenge to aunt Jiu. You should be able to feel the spiritual energy of these ice jade beads. Each of them is a rare item. All of these were exchanged for raw materials for making battle armor. Our Island of freedom is rich in these marine products, but we are in urgent need of various mineral resources to refine profound level weapons and armors. This is also one of the reasons why the two of us came to the mainland, hoping to exchange for some raw materials.”

The calabash Little King Kong suddenly said, " Freedom Island suddenly wants to exchange for a large number of raw materials. I don't know why. Could it be that the conflict between you and the sea tribe of the North Sea has intensified? "

Bi tan and Ying Bo's faces both changed at the same time, and bi tan coldly said,"This is our sect's business and has nothing to do with young master Yun. If young master Yun has any good materials, you're welcome to exchange for them."

Yunxiao was tempted by these beads as well. If he could swallow them, his strength would definitely advance by leaps and bounds. But, although he had some raw materials to refine the battle suit, he did not have a lot of them, so he hesitated for a moment.

#### Chapter 600-invitation

Bi tan glanced at the calabash Little King Kong and said indifferently, " "Young master Yun, we're also very interested in the northern heaven frigid Star Iron, but we don't have enough treasures on us. If young master Yun is interested, you can come with us to the island of freedom. Island master Hong will definitely be willing to purchase it in person."

"I'm not interested in anything else except Water-type mutated elements," the calabash guardian deity said. Also, if I follow you to Freedom Island, do you think I can sell it for a good price? If you want to trade, ask your Island Lord Hong to come here himself."

"Hmph, you don't know your place!"

Bi tan snorted coldly. He looked at the rest of the people and revealed a sincere desire to make a deal.

Yang Ping asked,"these ice jade beads are indeed good stuff. Even if it's a martial honor like me, it'll be of great help if I take it." I wonder how the two of you would like to switch?"

one ice jade bead for a seventh-tier material, " bi tan said. it must be an exchange of the same tier.

This price was fair and reasonable, but it was boring to exchange too little, and he couldn't afford to exchange too much. He even felt that it wasn't worth it.

The only one who was tempted was Yunxiao. If he could exchange these ice jade beads for them, they would be enough for him to increase his strength by several stars. He could not help but ask Little King Kong gourd to say, "Are the two of you willing to use metastones to exchange for it? after all, metastones can be used to conveniently purchase various raw materials for refining weapons from the various Chamber of Commerces."

that's fine," bi tan said. this ice jade bead is not an ordinary seventh-rank item. After all, it's five million medial-grade primordial stones for one bead.

Aunt Jiu laughed. ordinary seventh-tier materials are worth between two to five million. If you only sell one of these ice jade beads, it should be worth this price. But these thousands of Pixiu ... Hehe. Her meaning was clear. The rarer something was, the more expensive it would be. With such a large stock, it was not worth the price. By giving him this advice, she was also doing Yunxiao a favor and expressing her goodwill.

how much is it in total?" the gourd Little King Kong asked. give me a whole number. I want them all.

"What? All of them? Can you eat it?"

Bi tan was shocked and blurted out, but he immediately thought of the northern heaven frigid Star Iron in the other party's hand. Any bit of it would be enough to buy what he had, so he didn't say anything else. After thinking for a while, he said, I have a total of 2500 ice jade beads here. If young master Yun needs them, you can take out 12 billion medial-grade primordial stones.

"Sure!"

The calabash Little King Kong agreed immediately, and his straightforwardness stunned everyone. however, I don't have that many vitality stones on me. I need to exchange for something.

"It's fine. I'll wait for young master Yun," bi tan said.

Yunxiao had about ten billion primordial stones on him, and if he took them all out, he would immediately become a poor man again. After some hesitation, he took out a thumb-sized piece of skyshine metal and put it in the hand of the gourd Little King Kong.

this is it," the gourd warrior said. it could have been auctioned by any Chamber of Commerce, but it's too late. Let's bid on it now.

The Tenshou Imperial Gold was like a piece of ingot in the hands of the gourd Little King Kong. Other than its golden color, there was nothing else to be seen.

"Oh? What is this?"

Geng Xing's curiosity was piqued, but he didn't respond.

Aunt Jiu's expression changed drastically, and she lost her composure. "Young master Yun, can you let me take a closer look?"

"Naturally," the gourd little guardian deity replied.

Aunt Jiu strode forward. She was such a dignified and Noble lady, but she did not care about Fengyi, which made everyone speculate. Aunt Jiu's finger touched the Tenshou metal, and her pupils suddenly shrank. She said in a serious voice, "I wonder if young master Yun would be willing to sell this to me in private. The price will definitely satisfy young master Yun. Although the Mei family is not a big family, we have been cooperating with the merchant Union for so many years, so we still have some financial resources."

"Ninth aunt, you're in the wrong here," Li Feiyu said unhappily. Since you've already identified it, you should tell everyone what it is and let everyone compete for it."

"That's right, wouldn't this be keeping us in suspense!" Everyone was dissatisfied, but at the same time, they were extremely curious about that small piece of metal.

I'm just making a deal with young master Yun, " aunt Jiu said. it's up to him whether he agrees or not. She looked at Yunxiao with anticipation.

alright! Yunxiao hesitated for a moment before he said, " but these ice jade Pixiu ...

"Don't worry!"

Seeing that he had agreed, aunt Jiu was overjoyed. I'll buy all these ice jade beads as a meeting gift for young master Yun. Please come to the Mei family to discuss the details after the transaction is over.

in that case, I can't refuse, " Yunxiao said. let's do it this way.

Yunxiao agreed because he thought of Mei Dong 'er's matter. He did not know the whole story yet, so it was good to do his ninth aunt a favor for the time being. After all, it wasn't the time to make the deal. If he realized that something was wrong, he could just cancel the deal.

Everyone was confused, but the only thing they knew was that the thumb-sized metal in Yunxiao's hand had a great background, and even those who specialized in appraising treasures were tempted.

Aunt Jiu said to bi tan, " I didn't bring too many vitality stones with me. I only have two billion. Can it be considered as a deposit? " If the two Sirs are still worried, I can also use other things as collateral."

"Ninth aunt's words are naturally credible. There's no need for collateral," bi tan said.

"In that case, thank you both," aunt Jiu said. The two of you just need to stay in the city Lord's mansion for a while, and I'll have someone send the primordial stones over." She gave some instructions to the beautiful maidservant beside her and the beautiful maidservant hurriedly left.

Yunxiao stepped forward and put the box of more than two thousand ice jade beads into his bag, then returned to stand behind the gourd Little King Kong with an expressionless face.

It was just that the gazes of the crowd on him were getting more and more complicated. He was afraid that many people had already remembered him.

The other people also began to take out their own items one after another. They made a few sporadic transactions, but there were no stunning items. On the other hand, the two from Freedom Island were very enthusiastic about trading, which was also due to the lack of resources on the island.

Aunt Jiu was a little absent-minded at first, but after the beautiful maidservant brought over the primordial stones and handed them to bitu, she bowed and was about to leave, as if she was eager to get Yunxiao's piece of skyshine que gold.

Geng Xing smiled bitterly. He couldn't force her to stay, so he said, "Yangping, send aunt Jiu and young master Yun away. I'll continue to preside over this.

"Then I'll have to trouble you, Lord yang," said ninth aunt.

"I came here with young master Yun, and I would like to visit ninth aunt as well. May I trouble you?" li Feiyu also stood up.

Aunt Jiu's brows furrowed slightly, clearly unwilling to do so. However, li Feiyu's identity and status made it impossible for her to refuse, so she could only say, "You're very welcome. I'm looking forward to young master Li visiting us often."

"Definitely, definitely," li Feiyu laughed.

Looking at their departing figures, many people present could no longer remain calm. The hall was filled with restless auras, and the treasures on Yunxiao's body were too much for them to miss.

Yang Ping sent the three of them to the outside of the city Lord's mansion. A luxuriously decorated battleship was already floating in the air, waiting for them. The level of the battleship was not high, but it was dressed very elegantly and fresh, like a woman's boudoir, emitting a sweet fragrance.

“Only a few people in the world can board ninth aunt’s Phoenix boat. I can go in and take a look today,” Li Feiyu said with a smile.

“Young master Li, if you want to see it, you can come at any time,” aunt Jiu said with a chuckle. This mistress is just a means of transportation, not Noah’s ship, so what’s there to see?”

Li Feiyu’s brows suddenly furrowed, I heard that Noah’s ship has appeared and found a master. I don’t know if it’s true. Has ninth aunt heard about it? ”

Yunxiao’s heart stirred as he listened quietly.

Ye Fan had obtained Noah’s ship. Although most of the people who knew about it were dead, there was no secret in the world. It was only a matter of time before it spread.

‘I’ve heard of this before, ” aunt Jiu said. but this is not the first time the news of Noah’s ship has spread. Every time it turns out to be a scam.

“But this time, it’s a bit too exaggerated, as if it’s true. It also seems to be related to the Tang tribulation of the four extremes sect,” Li Feiyu said.

Aunt Jiu pondered and said,“Oh?” Could it be that Tang Jie has obtained Noah’s ship? Aunt Jiu, you should know that the Yang key to Noah’s ship has always been in the hands of the merchant Union. Could it be that the four extremes sect is in charge of it this year?”

Li Feiyu sighed and said,“Ah, this is exactly what’s giving me a headache. I’ll need too much time and energy to figure out what’s going on.” I feel that the heavenly martial arts realm is becoming more and more unstable. If the rumors are true, then this is the second major event after the collapse of Mount Meru in the southern region.”

young master Yun, ” he said, looking at Yunxiao. have you heard of it? ”

Yunxiao gave him a strange look, and the calabash Little King Kong said in a deep voice, ” “I have never heard of it. How can we know something that even your myriad treasures store is not sure about?” His

words weren't false. These two matters were done by him personally, but he had never "heard" of them.

that's right," aunt Jiu said with a smile. I'm afraid the merchant Union is the most well-informed place in the world.

She gave the calabash King Kong a look, then turned to Yunxiao and said with a smile, "Young master Yun, I knew that you were the real one, so you didn't have to pretend in front of me. The Mei family's ability to recognize treasures is unparalleled in the world. Your puppet is indeed a Supreme treasure, and it even has a spiritual consciousness. Although it is an eighth-rank treasure, its value is not below that of a ninth-rank treasure."

Yunxiao did not feel depressed. With a faint smile, he slapped the calabash King Kong with his palm and took it back into his body. Then, he said with a smile, "Just in time, I don't have to pretend anymore, it's very tiring."

The three of them looked at each other and laughed, then turned into a ray of light and flew into the Phoenix carriage.

There were actually buildings and Jade spaces inside, filled with all kinds of spiritual flowers and rare herbs, and a large number of oddly-shaped stones. All kinds of beautiful maidservants were shuttling back and forth. Some of them were playing with the rocks, and some were trimming the flowers and plants. They were decorating the battleship like a small courtyard.

Yunxiao and Li Feiyu exchanged a glance and smiled wryly. Only a woman would have the mind to dress up like this.

the Mei family has always shown up at auctions in various places with men, and they are basically all old men," Yunxiao said curiously. why are all the people around you women, ninth aunt, but not a man? "
