

The Eternal 601

Chapter 601-falling out

I'll tell you about it slowly," aunt Jiu said with a smile. please come in and have a seat.

The battleship turned into a beam of light and disappeared into the sky above the city Lord's mansion. Soon, it had left Yufeng city and was heading east.

Although Yufeng city was large, it could not accommodate so many sects. Many forces had built their manors in the surrounding spiritual mountains and rivers. After the battleship flew dozens of miles to the East, it disappeared into thin air and travelled through the void.

The Mei family's location was extremely secretive, and few people knew about it.

Aunt Jiu welcomed the two of them warmly and said, "What young master Yun just mentioned is no secret. Those old men who participated in the Chamber of Commerce's auction are actually the husbands of the Mei family."

"Ah!"

Yunxiao was taken aback, but li Feiyu looked extremely calm, as if he had known about it long ago.

I've observed the Mei family's appraisal ability a few times," Yunxiao said in confusion. it seems to be an extremely powerful innate ability. I originally thought it was through bloodline inheritance, but it seems that my guess was wrong."

young master Yun, your observation skills are indeed very good," aunt Jiu said in surprise. you're already much stronger than many people to be able to think of the bloodline inheritance. The bloodline is also part of this ability, but only one-third of it. The other one-third is a cultivation technique passed down from generation to generation in my Mei family. As for the last one-third, it's a secret. Forgive me for not being able to reveal it to others."

it doesn't matter," Yunxiao said. ninth aunt has been very Frank.

The Mei family's Secret place wasn't far from Yufeng city. They quickly emerged from the void and entered a Valley. The valley was lush with spiritual Qi, like a paradise.

The warship flew directly above an elegant residence, and the three of them landed.

Aunt Jiu immediately set up a banquet, and all kinds of delicacies were served. Beautiful maidservants of all shapes and sizes shuttled through the banquet, which was pleasing to the eye.

Yunxiao laughed. if I hadn't come to Plum Valley, my impression of your Mei family would still be that you were all old men and lifeless. Who would have thought that it would be a completely different scene? "

Li Feiyu raised a cup of Jade-like liquid and took a sip. He praised, "The Mei family's Hundred Flowers dew wine is comparable to spirit pills and medicine."

it's not easy to make this Hundred Flowers dew wine, " aunt Jiu said with a smile. its effect is comparable to the ice jade Pearl that young master Yun obtained.

"Oh?"

Yunxiao took a bite, and sure enough, he felt a stream of spirit Qi flowing into his dantian, which benefited him a lot. He was overjoyed. He didn't care about his manners anymore and gulped down the entire pot of wine. Aunt Jiu and Li Feiyu's mouths were wide open.

Although li Feiyu also wanted to drink without restraint like this, he was still a guest, so how could he lose his manners?

Aunt Jiu's heart ached when she saw this, and she immediately asked the beautiful servant to get more wine. This time, she secretly sent a voice transmission to the beautiful servant, asking her to sit next to Yunxiao and pour him wine with a wine pot in her hand. Otherwise, if he poured the wine into his mouth, the Mei family would be poor no matter how rich they were.

Even so, Yunxiao still drank cup after cup without holding back.

cough, cough, young master Yun is really generous!

Li Feiyu heavily reminded him to pay attention to his demeanor, and he couldn't help but pretend that he didn't know him.

Yunxiao laughed and said, "haha! This wine is good, can ninth aunt give me a few jars?"

"I don't know how much stock the Mei family has left. I'll get someone to take a look." Aunt Jiu's face darkened. Let's not talk about this for now, let's talk about serious business."

She was afraid that the wine would be finished before they could even talk about business.

Yunxiao laughed as he took out the thumb-sized piece of skyshine metal and played with it in his hand. "Since ninth aunt has recognized this thing, I wonder what price you are willing to pay to buy it?"

Aunt Jiu's eyes lit up, and she did not hide her desire. She did not answer the question. "Pardon my rudeness, but I'd like to ask young master Yun if that's all? If you still want to do it?"

that's all I have," Yunxiao interrupted with a wave of his hand. that's all I have. Since ninth aunt knows what this is, how can there be a lot of it?"

Aunt Jiu looked disappointed and said, "That might not be the case. Although the northern heaven frigid Star Iron can't be compared to this, it's still a top-grade material for artifact refinement. Young master Yun, that piece of iron must weigh at least a thousand Jin, right?"

Li Feiyu's heart trembled upon hearing this, and he asked in shock, "Ninth aunt, don't keep us in suspense. What is this thing? It's even higher than the northern heaven cold star Iron?"

"It's the heavenly shine que gold that I couldn't find for a long time!" Ninth aunt sighed.

“It’s actually this!”

Li Feiyu was also shocked. He looked at the small piece of metal in Yunxiao’s hand in horror, his eyes rippling, and his heart was not calm.

The heavenly shine Imperial Gold was one of the world’s best refining materials. Even if it was only the size of a thumb, if it could be integrated into a sharp weapon, it could be said to be indestructible. Even the ten thousand treasures building might not have it in stock.

Aunt Jiu said, “I don’t know if this piece of thumb is enough.” Young master Yun, can you name a price for the northern heaven frigid Star Iron?”

what kind of Mystic weapon are you going to refine, ninth aunt?” Yunxiao asked curiously. it actually needs a combination of skyshine metal and Northern heaven cold star Iron? ”

Ninth aunt shook her head with a bitter smile and said, “This is the secret of our sect. I need to forge a sharp weapon to cut open something. If he could get ten thumb pieces of Tenshou metal, it would be enough. If young master Yun can get it, our sect will give you a satisfactory price even if we have to spend all our fortune.”

Yunxiao’s heart jolted. As the head of the Mei family, ninth aunt had actually said such a thing. It was clear that she had indeed encountered a great problem. However, the tianzhao que gold was much more precious than the northern heaven cold star Iron, and he had kept it for himself. If he didn’t urgently need the ice jade pearls, he would definitely not take it out to trade. He could only helplessly say, “There’s no more Tenshou gold, but I wonder what ninth aunt wants to cut open?”

Ninth aunt shook her head and did not want to say it. “If that’s the case, then what price does young master Jin Yun of the heavenly reflection court want?”

Yunxiao pondered for a moment and said, “ the price of this skyshine que gold is negotiable. I don’t mind giving it to aunt Jiu. But, there’s something I need to figure out.

“Oh?”

Aunt Jiu found it strange. Yunxiao did not look like a very generous person, so what could make him so generous?

Yunxiao stared at her and said, "I'm Mei Dong'er's friend. I really want to know what happened between her and the Mei family."

Aunt Jiu's face changed drastically, and her eyes turned sharp. Her eyes were filled with killing intent as she stared at Yunxiao and snapped, "So it's you! So it was you who killed Wang Da and dragged my Mei family into this!"

Yunxiao naturally knew that he could not cover it up, so he said with a wry smile, "There are some misunderstandings. If ninth aunt has the patience, you can listen to me in detail."

Aunt Jiu snorted and immediately sent out a signal. In an instant, several powerful auras rushed over from all directions. Although they were nowhere to be seen, they had locked Yunxiao in place, and Li Feiyu's face changed.

let's see what you can come up with today," aunt Jiu said coldly. as for Mei Dong'er, I've already sent someone to invite her. You'll be able to meet her soon.

Yunxiao looked slightly displeased, but when he thought that mo Xiaochuan was there, it should not be a big problem. So, he held back his anger and sat there calmly, explaining the whole thing. In the end, he said, "I want to know the relationship between Mei Dong'er and you because she's my good friend. I want to help her. As for killing Wang Da, Wang Gong already knows that I'm the one behind it. With his status as a great Grandmaster, he naturally wouldn't vent his anger on you guys for no reason."

Aunt Jiu was suspicious and snorted. "You're saying that you managed to repel a wisp of Wang Gong's spiritual sense? It was simply a bunch of nonsense! The Miao Xuan sect can become one of the top ten sects in the North Region, and Wang Gong is a nine-stars martial sovereign. If a wisp of his divine sense is sent down, even an ordinary martial sovereign might be able to defeat him."

"Young master Yun, you're right about repelling Wang Gong. I've seen everything," li Feiyu said.

"What?"

Aunt Jiu was shocked. She naturally believed Li Feiyu's words. She looked at Yunxiao with a horrified look and said, "Are you a martial Supreme?"

With Yunxiao's age, no one would believe that he was a Martial Emperor.

"Young master Yun, it was that super-strong puppet that forced Wang Gong's divine will back," Li Feiyu said. Wang Gong was also afraid that if his strength increased too much, it would affect Wang Zhen's martial Dao talent, so he had been suppressing it to the rank of martial honor."

Aunt Jiu's suspicion disappeared, but her expression was still cold. She snorted. "Even so, you can't escape responsibility for the death of my granny kui and the destruction of my restaurant."

Yunxiao was furious. His eyes shone with a fierce light as he glared at her with a nearly tangible killing intent and said, "That ugly old woman deserved to die. If ninth aunt is not convinced, you can let people hit me!"

He had never been questioned like this before. If it weren't for Mei Dong'er, he would have fallen out with her from the start. Now, he had reached the point where he couldn't bear it anymore.

Hmph, I also want to see what kind of strength the young man who can force Wang Gong's divine will has!

Aunt Jiu was also furious. She slapped the table, and an invisible force immediately shot out, turning into a slashing force in the air and shooting toward Yunxiao.

Li Feiyu furrowed his brows. Just as he was about to make a move to stop them, he seemed to have thought of something and retreated, quietly watching. His eyes had been fixed on Yunxiao the whole time, and he was very curious about his identity and strength, so he wanted to check it out.

"Since we've fallen out, I won't be polite. I'll directly capture you and bring you to Mei Dong'er to plead guilty!"

Yunxiao's eyes were cold, and a murderous aura began to emanate from his body. The beautiful maid who poured the wine was so frightened that she threw down the wine pot and ran away.

Aunt Jiu was furious. The other party had threatened to take her to apologize to a junior who had been kicked out of the house, which directly provoked her dignity and authority. She said angrily, "Capture this person!"

Li Feiyu had said that Yunxiao had forced Wang Gong to retreat, and she believed him very much. So, she did not underestimate him and immediately called for help.

This was also because women were very meticulous. If they were men and saw the other party's martial arts Grandmaster cultivation, they would not pay any attention to him.

"Hmph!"

Yunxiao snorted coldly. The slash cut his figure in half, revealing his afterimage. Her real body had already appeared beside ninth aunt, and a sword ray left her hand and stabbed forward!

Chapter 602-Martial Emperor takes action

Aunt Jiu dodged to the side, leaving a few afterimages behind. She dodged the sword light and floated up into the air. A large amount of dust surged up from below her body and condensed into a yellow dirt ball that was a few feet long and wide in front of her. It emitted a shocking wave of vital energy. Once it exploded, the entire courtyard would be destroyed.

"It's better for you to summon your puppet. Otherwise, with your cultivation level, let alone fighting with me, I'll crush you into pieces with a single move."

Ninth aunt's eyes were cold and filled with killing intent.

Hmph! Yunxiao snorted. do you still want to have a fair fight with me? Then what's with the divine sense that's locked onto me?"

I'm just reminding you out of goodwill," aunt Jiu said angrily. I don't want you to die unconvinced. Since you don't need it, you can go to hell. Dust earth technique, kill!"

The small ball in front of her spun rapidly, throwing out a large amount of dust, which formed tiny tornadoes and attached to the ball, as if they had more than a dozen braids. The surrounding space was thrown into chaos, and the rustling sound of sand being sifted came from all directions as the tornadoes pressed toward Yunxiao.

Yunxiao had at least several ways to deal with the move in front of him, but he did not dare to use them because he had concerns. This was because Li Feiyu was standing beside him. He was very likely to be a formidable opponent in the two meetings. Furthermore, this person was known as the four prodigies of the North Region. He was also very knowledgeable. If he were to recognize his moves, it would be extremely troublesome.

"The mortal world gazes at Ying Haoyue!"

die! Yunxiao shouted. The northern heaven cold star sword appeared in his hand, and a powerful weapon charm fluctuated, colliding with the fluctuation produced by the small ball. Then, a sword beam flickered as the thousand expedition art was performed.

that's a Suan ni ninth grade profound armament!

Aunt Jiu was taken aback. At a glance, she saw the sword in Yunxiao's hand and immediately judged its grade. From the sword's light and color, she understood that it was a divine weapon made of Northern heaven cold star Iron.

The two waves of energy overlapped and penetrated each other. The sword light followed closely behind and directly entered the small ball. In an instant, the small ball was split into two halves, and a large amount of dust scattered in the air. Under the misty atmosphere, the two halves exploded.

"BOOM!"

As expected, the powerful force instantly annihilated the surroundings. The entire courtyard was covered in dust. The buildings and various decorations inside were instantly turned into powder and disappeared.

Aunt Jiu's attack was still too powerful. Yunxiao raised his sword to block it, and the aftermath broke through his sword momentum and shook his body. His body glowed with a golden light as he resisted the huge force, but he was still forced to retreat.

Li Feiyu had already flown up into the sky. When he looked back, his heart trembled. He hurriedly wiped his eyes, thinking that he had seen wrongly. When he looked again, Yunxiao had returned to normal.

Li Feiyu's heart was filled with suspicion. There was clearly a golden light just now, as if the other party had transformed, but the dust that was stirred up by the Qi was too strong, so he didn't dare to confirm it. In order to probe Yunxiao's true strength, he had only had the strength of a martial Grandmaster from the beginning to the end. But the sword just now had brought out the great power of a ninth-tier Mystic artifact. Not only had it split open the domain of a martial honor, but it had also cut off ninth aunt's dust attack, doing something completely impossible.

And how did he withstand the aftermath of ninth aunt's move? was it the golden light just now? However, he couldn't see it clearly, which made him suspicious.

"Jade shadow Qi swirling sword returning to soul!"

Yunxiao cried out softly, and a sword beam rose up from the dust. Although there was no domain, it presented a sea of sword Qi that was not inferior to the domain at all. Although he was unable to pry into the core of the thousand expedition noble art, there was no one else in the world who had a better understanding of the way of the sword than him, so he could at least simulate 70 – 80% of it.

Aunt Jiu was also shocked. She could not believe that the other party could compete with her without using a puppet. But what was even more shocking was the ninth-tier Northern heavens cold star sword. Even if she used a ninth-tier Mystic weapon, it was extremely easy for her to be devoured by the weapon rhythm. How could the other party, who had a mere martial arts Grandmaster cultivation, use it so casually?

"Stop!"

She suddenly shouted and raised her slender hand to point in the air. A finger light shot out and collided with the sword Qi of the thousand expedition art. The power of the collision spread out, but she was shocked to find that she didn't have the upper hand!

you said you'd fight and you said you'd stop. This may be the plum Valley, but I'm not a member of the valley!

Yunxiao was inexplicably angry, and he felt a little aggrieved. After his rebirth, he had been dealing with these minions that he would not even look at in the past. Furthermore, he had been suppressed and beaten by them at every turn, and they would scold him at will. An indescribable irritation welled up from the bottom of his heart.

In the depths of his soul, the demonic Dragon suddenly opened its eyes, which flickered with shock. Circles of black patterns began to appear on Yunxiao's skin, spreading from his body and covering his entire body.

It was the sign of demonization from before!

"Gu Feiyang, wake up!"

Yunxiao! the demon Dragon suddenly shouted. He had already sensed that something was wrong with Yunxiao.

"Wake up your sister!"

Yunxiao roared as rings of demonic energy burst out of the northern heavens cold star sword, enveloping him in a black demonic energy. In the light of the sword, an extremely terrifying black aura flickered. "Sword-art-star-obliteration!"

The northern heaven cold star sword turned completely black. With a slash, the black demonic Qi and the cold light of autumn water were faintly visible. The sky was split in half, and the crack tore towards aunt Jiu!

“This Tao Wu!”

Both aunt Jiu and Li Feiyu were shocked by the strong demonic aura emanating from Yunxiao’s body!

Aunt Jiu, who was a martial honor, shuddered under the might of the sword. Fear gushed out from the bottom of her heart.

“You don’t know the immensity of heaven and earth, how dare you act so atrociously in the plum Valley!”

An explosion rang out in the air, coming from one of the divine senses that had locked onto Yunxiao. Suddenly, a golden beam fell from the sky and rushed into the black Devil Qi, producing a violent rumbling sound as if the sun had pierced through the night. A Martial Emperor of the ninth heaven realm appeared inside the devil Qi, and with a gentle palm strike, he instantly destroyed the sword technique!

The Martial Emperor’s cold eyes were fixed on Yunxiao, like two sharp blades stabbing into his heart.

“Dang!”

A distant Bell rang in his heart. The dynasty Bell emitted rays of golden light that radiated onto his body and began to suppress the demonic Qi.

Yunxiao’s heart trembled. He hurriedly calmed his mind and slowly eased his manic aura. Although he had not lost his mind just now, and his self-consciousness was still intact, he had been affected by the manic emotion, which was definitely not something that should have happened to him.

As the power of the dynasty Bell rang, the black patterns on his body gradually faded and returned to normal in the blink of an eye.

Li Feiyu was dumbstruck. The might of that sword strike was no longer below that of a martial Supreme. Even he felt a great threat, and the change in Yunxiao's body made him misunderstand it as some kind of powerful cultivation technique. His eyes began to show fear and solemnity.

He originally thought that although the other party had some trump cards, he would definitely not be his match. But, after the sword attack just now, which was full of demonic energy, he had completely raised Yunxiao to the same level as himself, and he did not dare to underestimate him.

"You're so young, yet you've learned some crooked cultivation techniques. Do you think you can be so impudent everywhere? Today, I'll discipline you on behalf of your family!"

The Martial Emperor's killing intent rose, and the emperor's might of the nine Heavens rumbled down on Yunxiao.

Yunxiao's face flickered slightly. These martial emperors were all self-righteous and liked to use their Emperor Qi to oppress others as if it was very enjoyable. He wished he could slap them away, but unfortunately, although he was not afraid of this kind of Emperor Qi, he could do nothing about it.

"Discipline young master Yun? I've just arrived and I've already heard such an exciting thing. I really want to see who's the one who's spouting such crazy words!"

A cold voice came from the distance. The sky suddenly changed color, and a powerful pressure quickly flew over.

"Not good, someone has broken into the valley!"

Along with the panic-stricken voices in the plum Valley, there were Warriors who kept screaming.

The Martial Emperor powerhouse was shocked and looked over in horror. Suddenly, the bright sky turned dark, and only the four poles shone with an auroras that connected their heads and tails. A few golden symbols glowed in the sky, surrounding the four poles and the entire sky as a huge seal. Then, a move came crashing down.

In the sky, a figure could be seen, but his face could not be seen clearly. He could only say, " "Heaven-earth seal!"

"Not good! Ninth aunt, run!"

The Martial Emperor powerhouse was shocked to find that this move had used the entire sky and earth as a seal. There was almost no way to escape from the four corners. Everyone who was enveloped by this seal was locked by the powerful spatial power. They could not even move, let alone escape.

Whether it was aunt Jiu, Li Feiyu, or that martial sovereign, all of them trembled as they tried to block the attack with all their might. However, it was like a Mantis trying to stop a chariot. Under the might of the heaven and earth, they were like ants and grasshoppers that could be crushed at any time.

"BOOM!"

As the seal fell, it caused a shocking tremor. A person was sent flying from the ground into the nine Heavens, spurting blood along the way.

As for aunt Jiu and the others, they were not injured at all. The one who had been sent flying was the Martial Emperor. At the same time, a man appeared in the sky. He glanced around, then took a step forward and came to Yunxiao's side, saying anxiously, " "Shi Xuanji, young master Yun, are you alright?"

He always felt that calling him young master Yun was very awkward and awkward. It was fine if he paid attention to it normally, but it was easy to slip up at critical moments. Fortunately, Yunxiao looked like a teenager, or it would have been even more difficult for him to change his mind. His Supreme reverence for Gu Feiyang made him not dare to have any blasphemy.

It was Mo Xiaochuan.

Yunxiao shook his head slightly. I'm fine. Why are you here? " he asked. Don't hit people for no reason, what if you kill someone?"

Mo Xiaochuan's face darkened and he said awkwardly, "I'll pay more attention to this Kasaya in the future. I held back just now, so that person shouldn't have died, right?"

He raised his head and looked up at the sky, but the martial sovereign did not fall for a long time. Could it be that he was sent flying into the starry sky outside of this region?"

Chapter 603-peace talks

don't talk nonsense! Yunxiao shouted. do you think you're a peak Martial Emperor and can turn the world around and the day upside down? it's daytime now! There's no starry sky! "I'm guessing it might have been sent flying to the sun," he said thoughtfully.

"Young master Yun, we can't see the sun now!" Mo Xiaochuan said.

Yunxiao rolled his eyes at him. it's exactly because we can't see the sun that we can't see it after you sent him flying to the sun. That's reasonable.

When aunt Jiu and Li Feiyu heard the conversation between the two, they broke out in a cold sweat, but they were more shocked than shocked. Such a powerful martial sovereign was being lectured by Yunxiao like a servant, and he was showing undisguised respect and obedience to him!

Apart from being shocked, aunt Jiu looked around worriedly. The powerful cultivator who had been sent flying was one of the only two martial sovereigns in the Mei family. The other martial sovereign was hiding at the side and did not dare to come out.

"Not good, not good, someone has broken into the valley!"

From afar, the cries were still coming, "caught! They were caught! Hurry, hurry and bring him to ninth aunt!"

Mo Xiaochuan's expression changed as he cried out, "not good! I'm too fast, and Huayuan and the others are still behind me!" Just as he was about to return to save them, he saw a group of people flying over from afar. They were the martial Artists of the Valley, and they had already captured Mei Dong'er, mo Huayuan, and little Xuan.

“Ninth aunt, we’ve already captured this group of people who trespassed the valley. There’s also an expert who’s missing, and it seems like bi an is flying over here.”

The warrior reported with his head lowered and did not notice mo Xiaochuan nearby. He sneaked a glance at the wolves around him and exclaimed in shock, “ could ... Could it be that ninth aunt personally took action and suppressed that person? ”

Aunt Jiu’s face turned pale and she shouted, “ “All of you shut up! Release everyone!”

“Ah? Let him go, this Wufu!”

That martial artist was stunned for a moment, but he didn’t dare to follow ninth aunt’s order. He hurriedly asked his subordinates to release Wu ni.

Aunt Jiu’s face was pale as she looked up at the sky. Deep in the sky, there seemed to be a figure falling. She suppressed the fear in her heart and braced herself to walk up to mo Xiaochuan. She said respectfully, “ the head of the Mei family greets Lord Martial Emperor. May I know what kind of grudge you have with the plum Valley? why did you barge in and even injure the people of the plum Valley? ”

She was asking the obvious question now. It was obvious that this man had a close relationship with Yunxiao, and his strength was so heaven-defying. She was afraid that he would suffer a great loss today. When he thought of this, he couldn’t help but feel bitter. Not only that, if his own courtyard was destroyed, there was no hope for that heavenly shine que Jin.

Mo Xiaochuan mumbled, “ it’s nothing. I’m just playing around. In this world, the strong are respected, and I’m stronger. I can play however I want, right?”

“This Tao Wu!”

Aunt Jiu was dumbfounded. She had thought that the other party would at least say something reasonable first, such as standing up for Yunxiao. She had even thought of a way to answer and was ready to counter the attack. But she did not expect that the other party would say such a rogue’s words without caring about the demeanor of a powerful expert.

“My Lord, it’s true that the strong are respected. However, there should at least be a ‘reason’ in the world, right?”

Mo Xiaochuan scoffed, ‘logic? If you say the word “reason” to me again, I’ll directly teach you the fist!’ The cold aura from his body immediately made aunt Jiu tremble. Her face turned pale and she gritted her teeth, not daring to speak the word “reason” anymore.

The people around them all fainted, especially the group of people from the plum Valley who had captured Mei Dong ‘er. They were all dumbfounded and finally understood the current situation.

“Hiss ~”

Finally, a person fell from the sky and landed a few hundred meters away. A large amount of dust was stirred up, and the ground trembled slightly. It was unknown whether he was Dead or Alive.

Aunt Jiu’s face was filled with anxiety. That was one of the two top masters of the plum Valley. If he was killed, it would be a huge blow to the plum Valley. However, she did not dare to leave with mo Xiaochuan around.

In the distance, a faint light flashed across the sky. Someone was carefully flying in that direction. It was the other Martial Emperor powerhouse who was hiding in the dark and did not dare to come out. Aunt Jiu was slightly relieved. She braced herself and said to mo Xiaochuan, “My Lord, you’re done playing now. When can you leave?”

She didn’t expect to get back at them or take revenge anymore. She just hoped that these people would leave as soon as possible.

“That depends on my mood,” mo Xiaochuan replied.

Aunt Jiu, “Yingluo.”

Li Feiyu also couldn't stand it any longer. He stepped forward and said, "Young master Yun, this Wanwan is a misunderstanding."

Yunxiao had completely recovered from the demonized state and said indifferently, "Misunderstanding? What a big misunderstanding, I almost lost my life."

Mo Xiaochuan's heart was filled with boundless anger when he heard that. When he thought of Yunxiao's near-death experience, the coldness in his body grew even stronger. young master Yun, since the people of the plum Valley dared to offend you like this, I don't think there's any need for them to exist anymore. Why don't we reduce the heavenly martial realm by one sect from now on? "

"Magnet!"

Aunt Jiu sucked in a breath of cold air, her body turning cold as she looked at li Feiyu with a pleading gaze. Now, he could only rely on li Feiyu's face to see if he could salvage the situation. No wonder the other party dared to kill the young master of the Miao Xuan sect so unscrupulously. He was not someone to be trifled with!

Li Feiyu had no other choice. If he were facing Yunxiao, he could still talk to him, but mo Xiaochuan's tyrannical strength and completely unreasonable appearance left him at a loss. He did not know where to start, so he could only say to Yunxiao, " "Young master Yun, as the saying goes," out of blows, friendship grows."It's just a misunderstanding. Besides, although the people from Plum Valley were strong, I don't think they were able to hurt young master Yun. Why don't we have a peaceful talk? the Mei family has always stood aloof from worldly affairs and has no grudges with any other forces except for the merchant Union. Young master Yun, why do you have to force us?"

even so, " Yunxiao said, " let's forget about what happened just now. We'll pretend that it never happened. He looked at Mei Dong 'er's dazed expression in the distance. She seemed to be in a daze as he said,"I will take full responsibility for the matter with the Miao Xuan sect. When the time comes, your Plum Valley can just push all the responsibility onto me. However, I have to make things clear with my friend today."

Aunt Jiu heaved a heavy sigh of relief and gave li Feiyu a grateful look,"Everything can be discussed."

She had also discovered Mei Dong 'er's existence. Her brows furrowed slightly, and she immediately ordered for a new banquet to be set up in a new courtyard.

The same sumptuous meal, the same reception, but the atmosphere was different, making it seem very cold.

"You're Huanhuan wanbai's daughter?" aunt Jiu asked, staring at Mei Dong 'er.

Mei Dong 'er stood up and lowered her head. "That's right. Wanbai's daughter, Mei Dong 'er, greets ninth aunt,"

Aunt Jiu's face turned cold and she snorted. "You're quite lucky to be able to live until now."

what do you mean?" Yunxiao frowned and asked. what do you mean?"

Mei Dong 'er's face revealed a bitter expression as she said, " "Let me say it. Dong 'er was born with a body that was lacking in all five virtues. She shouldn't have lived past ten years old."

five zhengqiuqi?" Yunxiao was surprised. five zhengqiuqi?" There's actually such a flawed body in this world, but I can't see anything wrong with your condition."

"I don't know what's going on either. Perhaps he's already recovered?" Mei Dong 'er said.

"Hmph, the five righteous que Qi is one of the few terminal diseases in the world. Even ninth-tier great alchemists can't cure it, so how can it be cured naturally? But it's a miracle that you're still alive. You were supposed to be punished along with your parents, but because of your body, my mother spared your life and expelled you from the Mei family. I didn't expect you to dare to come back!"

Anger appeared on aunt Jiu's face as she said, " if it weren't for your mother's mistake back then, the Mei family wouldn't be in such a difficult situation today. Now, you've come out to cause trouble again. First, you offended the Miao Xuan sect, and then you caused a ruckus in the plum Valley with a group of people. You and your mother are truly the nemesis of the Mei family!

“Bang!”

A Jade cup in Yunxiao’s hand was crushed as he said coldly, “Ninth aunt, your words are really unpleasant. I’m only willing to sit here and listen to you blabber because of Dong ‘er. Do you think I’ll give you face just because of your old face? If I hear any more words that make me uncomfortable, don’t blame me for slapping your old face!”

Aunt Jiu was seething with anger, but she did not dare to do anything to Yunxiao. Her face was so dark that it looked like water was about to drip out.

“Since everyone is sitting together, let’s have a good chat. Don’t fight.” Li Feiyu hurriedly tried to smooth things over. We should try to solve the problem in a harmonious manner and make everyone happy.”

Mei Dong ‘er said amiably, “when granny wo took me away, there was also a will from my mother. I only found out about it when granny wo passed away five years ago.” I respect my mother’s last wish and want to return to the plum Valley. My mother’s greatest wish is for me to return to the plum Valley.”

“Impossible!”

Aunt Jiu said angrily, “ your mother has committed a heinous crime. It’s already a great kindness that she didn’t punish you as well. You still want to return to the plum Valley? as long as I’m still the head of the Mei family, it’s impossible!

...

Yunxiao frowned. ‘Ninth aunt’s attitude is so strong. Did Mei Dong’ er’s mother really do something that angers both man and God?’ Even if he forced her to return, she would still be a hidden danger in the future. He couldn’t help but ask, “ what exactly did wanbai do back then to make ninth aunt hate him so much? ”

I’m not the only one who hates him, ” aunt Jiu said through gritted teeth. everyone in the plum Valley hates him to the bone!

“Oh? I’d like to hear more details!” Yunxiao’s brows furrowed even more, as if he was in a very difficult situation.

Aunt Jiu pondered for a while before she slowly said, “This is a core secret of the Mei family, but since young master Yun has asked, I’ll be Frank. As I said before, the members of the Mei family have a strong ability to identify treasures. One-third of it is due to our bloodline, one-third is due to our cultivation techniques, and the last one-third is due to the Wuding River!”

Everyone listened quietly and was very curious. They had never heard of the Wuding River.

When Mei Dong ‘er heard this, she seemed to have thought of something, and her expression became strange.

Chapter 604-door

“The Wuding River is a mysterious place that flows under the plum Valley. The members of my Mei family have to cultivate the appraisal art in the Wuding River from a young age in order to obtain the divine ability and possess the appraisal talent. The entrance to the Wuding River is a door. It’s unknown how long it has existed, or when it has been standing there.”

“Every time a baby girl is born in our Valley, she must open the door and enter the Wuding River to cultivate and absorb the power of the river water when she’s five years old. Those with high talent needed three to four years to achieve it, while those with low talent needed more than ten years to achieve small success. Perhaps it’s because they’ve cultivated this cultivation technique, but the women of my Mei family have been married to outsiders for generations, giving birth to only girls.”

what?” Yunxiao was stunned. there’s such a thing?” I understand now, is it that after you two get married, this kind of appraisal Divine Art will be passed on to men?”

Aunt Jiu blushed and nodded. “Young master Yun is truly intelligent. After a man and a woman get together, the embryonic essence of the cultivation technique will be planted in the man’s body. As the man continues to cultivate, it will gradually grow and eventually become an appraisal technique. The process is extremely complicated, so I won’t go through it one by one.”

Aunt Jiu looked away and glanced at Mei Dong ‘er. She said coldly, “but more than ten years ago, not long after your mother gave birth to you, she actually lost the key to the gate of the Wuding River!

Mei Dong 'er's face was pale, and she seemed to be a little agitated.

'Lost?' Yunxiao asked. Doesn't that mean that no one in the Mei family has been able to master the divine Art of identification for the past ten years?"

Aunt Jiu shook her head. when wanbai lost the key, my mother was furious. She threw him and Mei Dong 'er's father into the Wuding River. The door has been opened by my mother alone for more than ten years. It has never been closed for more than ten years. Last year, my mother overexerted herself and passed away."

It turned out that there was such a hidden story. No wonder the people of the plum Valley were so cold to Mei Dong 'er.

"I'm sorry, ninth aunt," Mei Dong 'er said guiltily. "I apologize to you and the elderly head on behalf of my mother."

"Apologize? Can your apology resurrect my mother? Can your apology make the closed door open again?"

Aunt Jiu became more and more agitated. She could not help but say angrily, "Not only did your mother cause me to lose my mother, but she also put the Mei family in an unprecedented predicament. The direct consequence was the loss of the appraisal Divine Art and the disappearance of the continent!"

The atmosphere suddenly became stiff, and Yunxiao frowned in silence. Li Feiyu was even more surprised. According to what he had said, the current Mei family was the last generation of people with the divine Art of identification. This not only affected the Mei family, but also affected the operation of the merchant Union.

ninth aunt, " Yunxiao suddenly said. you want to refine a peerless weapon just to cut open that door? "

Aunt Jiu nodded her head and said, " that's right. If we can't cut open the door, the Mei family's Divine Art of identification will be cut off!

since it's something tangible, " Yunxiao said with a frown, " it must be the Dao of destruction. Actually, you don't have to go through so much trouble. Wouldn't it be more effective to spend a lot of money to hire several powerhouses at the peak of the Martial Emperor realm?"

"Young master Yun, do you really not know, or are you doing this on purpose?" aunt Jiu asked with a wry smile. There are a few peak martial sovereigns in this world. Even if my measly Mei family were to use all of our wealth, we might not be able to invite them. My previous plan was to gather all the forces of the plum Valley and forge a divine weapon. If there is enough heavenly shine metal as material, I think it should be able to cut it open."

Her eyes were filled with hope again as she said, " "I think young master Yun's sword is made of the northern heaven frigid Star Iron, and it's a ninth-grade one at that. If you're willing to part with it, I'm afraid you'll have to part with it."

"There's no need to say anything, it's impossible!"

no! Yunxiao refused flatly. The northern heaven cold star sword was related to the heavenly Sword diagram he was going to refine, and each of them was extremely precious.

"What if I let Mei Dong 'er return to the Mei family?" ninth aunt scoffed.

She could see that Yunxiao loved Mei Dong 'er very much. Whether it was friendship or love, as long as it could solve the big problem of the Mei family, nothing else was a problem.

Mei Dong 'er's heart trembled as she looked at Yunxiao with pitiful eyes.

that sword is extremely important to me, " Yunxiao said. I won't give it to you, but I can try to help you open the door.

Aunt Jiu looked disappointed and said, " "Young master Yun's sword strike just now was indeed earth-shattering, but it was not enough to split the door open. If it still doesn't work, I can only count on the merchant Union's help."

Li Feiyu said, "the ten thousand treasures tower will definitely do our best to assist you. However, even the ten thousand treasures tower can't use the power of a peak martial Supreme. However, we will do our best in terms of resources and other aspects." However, I can see that young master Yun's abilities are not small. Ninth aunt, you can really let him try. Perhaps there will be an unexpected effect."

ninth aunt, please let young master Yun try," Mei Dong'er suddenly said. besides, my parents were sunk into the Wuding River back then. I also want to pay my respects to them as soon as possible and even salvage their remains.

"The remains are definitely gone," aunt Jiu replied. Even my mother can't go too deep into the Wuding River, and ordinary female disciples can only cultivate on the surface. With my power back then, I could only dive five hundred meters at most. A gravity technique was cast on your parents and they directly sank down. I'm guessing that they've long since disappeared without a trace."

Mei Dong'er's heart ached when she heard this. She cried, "mother has committed a grave crime, and Dong'er can't absolve her of it. I hope I can try my best. If it really doesn't work, even paying my respects would be good. It would fulfill my wish.

you'll have to open the door first," aunt Jiu snorted. if young master Yun is willing to try, please come with me.

Aunt Jiu led the group through the forest for a while and came to a plum forest, where the fragrance of plum flowers permeated the air.

There was an exquisite small teleportation formation hidden in the forest. It looked very simple.

Aunt Jiu said, "this is the teleportation array that leads to the Wuding River. The Mei family's ancestors have tried their best to find the exact location of the Wuding River, but they have not been able to find it. Only the spatial coordinates recorded in this teleportation array can teleport you there. Please go up.

Yunxiao looked at the teleportation array in surprise. It was by no means an item of the current era. The Mei family's inheritance should have been passed down for a very long time, and it was very likely that it had been passed down since they obtained the mysterious appraisal power.

The few of them walked into the formation, and aunt nine began to cast a spell to activate the formation. Soon, various rays of light shot out, and the group disappeared into the Merlin forest.

In the next moment, he appeared in a space that was lit up by day. Everything was white, and it extended into the distance. In the middle of this white light, there was a huge gate.

“This is an ...”

Yunxiao nearly fainted. It's really a gate, ” he said with a wry smile. There seems to be nothing but it. This kind of spatial land should have been opened up by an ancient Almighty. It was unknown where it had been lost to now, and the only way to enter was through Merlin's coordinates. It's normal that the Mei family's ancestors couldn't find the space.”

“That's right,” aunt Jiu said. Young master Yun's speculation was exactly the same as the Mei family's ancestors'. For this reason, the spatial coordinates were extremely important. Once lost, the entire Mei family's appraisal technique would be completely lost. This is the gate to the Wuding River. Young master Yun, do you have a way to break it?”

The few of them walked forward and began to touch the door with their hands. It was completely bronze in color, and it felt like an ordinary metal to the touch. They couldn't see anything wrong. The two huge door rings were a few meters high and difficult to reach.

strange, this is just ordinary brass. Could it be that there is a powerful seal on it that makes it impossible to break? ”

Mo Huayuan was the first to raise his doubts, but he couldn't find anything amiss despite his knocking and divine sense probing. young master Yun, have you found anything? ”

Yunxiao looked up at the towering door with a puzzled look on his face as he said, ” aunt Jiu, have you tried? no matter how you attack, you can't move the copper Door at all? ”

Aunt Jiu said guiltily, " it's true. Even a ninth-tier Mystic weapon was used. It even caused a Martial Emperor to be seriously injured by the backlash of the mystic weapon. However, it didn't leave any marks on the door.

Li Feiyu was greatly shocked,"A Martial Emperor can't even use a ninth tier profound armament? Even a peak martial Supreme might not be able to break open this Kasaya!"

"So, the Mei family has fallen into an unprecedented crisis," aunt Jiu said with a bitter smile.

I see," Yunxiao said. the door is not here.

"What?"

His words shocked everyone, and they fell into deep thought. What do you mean, young master Yun? " aunt Jiu asked in surprise. can you explain in detail? "

Yunxiao nodded and said, " this gate is like a teleportation array. It is a hub that connects two places. It must have a physical body standing in one of the spaces, and a projection on the other.

Aunt Jiu's heart turned cold and she said awkwardly, " "Are you saying that this door isn't a real entity, but a projection? How is that possible? I clearly felt it when I touched it!" It was hard for her to accept this reality. If that was the case, then the Mei family would never have any hope of opening this door.

Yunxiao chuckled. who said that a projection must be an illusory body? " he said. Why can't you just cast a physical body?"

"This bi an ..."

...

This concept was hard for everyone to accept, but after thinking about it carefully, they felt that it was possible. There was no clear boundary between reality and illusion. If one was strong enough, it was not impossible to project a real body.

if it's like this, " aunt Jiu said, " if it's like this, won't the Mei family have no hope? "

Her face was ashen, and she refused to accept Yunxiao's deduction. However, he believed it without a doubt because it was just as mo Huayuan had said. This was just an ordinary brass door, and there were no formations or restrictions on it. They had used ninth tier profound armaments and the power of a Martial Emperor, but they were still unable to move it at all, not even leaving a single mark. This simply did not make sense.

But, if it was as Yunxiao had said, it would make complete sense.

Aunt Jiu felt the world spin around her and she was in a daze.

Chapter 605-key

you don't have to be like this, ninth aunt, " Yunxiao said with a smile. there are many capable people in the world. Even if this door is a projection, you can still pass through it without the key."

"This is true!"

Aunt Jiu suddenly woke up from her despair and dejection. She grabbed Yunxiao's hand excitedly and completely lost her composure, but she could not care about that at all. is what young master Yun said true? " Do you really have a way to pass through this door?"

I can't, " Yunxiao shook his head. but I know someone who can.

"Oh, who is it?"

Li Feiyu was extremely curious and asked. He thought that he knew a lot about some peerless experts and extraordinary people in the realm of heavenly martial arts, but he couldn't think of anyone who could solve this situation.

Yunxiao's face turned a little solemn, and a hint of fighting intent even flashed in his eyes as he said, "In this world, the person who has the most thorough study of spatial techniques and is the most powerful can easily shuttle between several spaces with a raise of his hand. No one even knows where his actual body is. Even if he appears in front of you, it's very likely that he will appear in several different places at the same time, but all of them will be his true body!"

Little Xuan, who had followed along, couldn't help but say, "So powerful? How could there be such a powerful ability in the world!" After he finished speaking, he retracted his head and stuck out his tongue. This was because he found that the entire area was silent and everyone's expression had become extremely serious.

Li Feiyu swallowed his saliva and asked in shock, "Young master Yun, are you talking about Zhenzhen?"

yes, " Yunxiao nodded and said, " that's him. I think there are still many people who can break this door, but if it's that person, he will definitely be able to do it. "

Aunt Jiu's face turned pale, as if she was shocked by the name. She came back to her senses and smiled bitterly. young master Yun, you must be joking. Even if that Lord has such remarkable abilities, how can my measly Mei family have the ability to invite him here? "

"I'm afraid that person won't give us face even if myriad treasures store makes an appearance," li Feiyu nodded.

Mo Xiaochuan remained silent. He just looked at Yunxiao quietly, deep in thought.

Mei Dong 'er was extremely curious. Like little Xuan, she was also confused. She couldn't help but ask, "Who is that person you guys are talking about?"

Mo Huayuan sighed and said, "who else could it be?!" He's the martial sovereign who has mastered the art of space and is rumored to be infinitely close to the ten directions divine realm. He ranked second on the heaven and earth Power chart decades ago and was given the title 'void' by the Holy realm!"

"Magnet! The second martial sovereign, Zhuo qingfan!"

Mei Dong 'er was also shocked by this name, and her face flushed red.

Those names were like myths, almost only existing in legends. Too many martial artists on the heavenly martial continent grew up listening to these impressive names.

I don't deny that Zhuo qingfan is very powerful, " mo Xiaochuan snorted coldly. but I think he must have relied on some luck to rank second.

His face showed his dissatisfaction. He naturally felt dissatisfaction for Gu Feiyang. In his heart, Gu Feiyang would always be the strongest. Even ao changkong did not think that he could defeat his master.

Mo Xiaochuan's words made everyone break out in cold sweat. They were all speechless and did not know how to respond.

Those who dared to criticize the ten martial sovereigns were all ignorant and fearless fools. However, mo Xiaochuan's overwhelming strength clearly did not match up to these fools.

Zhuo qingfan's strength is tyrannical, " Yunxiao said in a deep voice. he's ranked second. He's worthy of his position.

Mo Xiaochuan's body trembled as he looked at Yunxiao. He was a little surprised that the peerless expert whom he had regarded as a peerless expert in this world would also hold Zhuo qingfan in such high regard.

The crowd exchanged glances, looking confused and speechless. It seemed that Yunxiao was very familiar with Zhuo qingfan. They all frowned slightly, thinking that it was very appropriate, but they could not say anything.

Mo Huayuan was even more shocked. He had many speculations about Yunxiao's identity, but he ruled them out one by one. However, his big brother refused to let him in, which made him even more curious.

“Young master Li, is it possible for myriad treasures store to make a move on Lord Zhuo?” aunt Jiu said bitterly.

Li Feiyu bitterly smiled and shook his head, “Ninth aunt, you think too highly of myriad treasures store. Zhuo qingfan’s whereabouts are the most elusive of the ten great martial sovereigns. Even if the sanctuary shows up and you see him in person, it might not be true.”

Aunt Jiu knew that she was telling the truth, so she said to Yunxiao, “Can young master Yun recommend another person?”

there are still a few people who may be able to break this situation,” Yunxiao said after a moment of contemplation. but I’m not sure. However, it would not be any easier to invite them than to invite Zhuo qingfan. There’s another way we can try. That’s the aristocratic family with unparalleled mechanical puppet techniques in the world, the MU family. They might be able to break out of this reality projection predicament.”

“The MU family?”

“Is young master Yun’s eighth-ranked puppet a product of the MU family?” li Feiyu couldn’t help but ask.

Yunxiao did not answer, but said lightly, “Although the MU clan’s whereabouts are difficult to track, they still have some connections with some of the powers on the continent. If myriad treasures store can help, it’ll be much easier to find him than Zhuo qingfan, and it’ll be much easier to invite him.”

“That’s true. I’ll send people to search for the MU family’s whereabouts after I return,” li Feiyu replied.

Aunt Jiu seemed to have seen a glimmer of hope. She nodded and said, “Thank you for your guidance, young master Yun, and thank you for your help, young master Li.”

“You’re too kind, ninth aunt. It’d be a great loss for the merchant Union if the Mei family’s magical technique were to be lost,” li Feiyu waved his hand.

Mo Huayuan suddenly spoke, "this door is a natural one. There's no gap at all. I wonder where the key is. The keyhole must point to the other side of the space and form a connection. If everyone attacks the keyhole together, there's a possibility of opening the passage."

yes," Yunxiao nodded. you're right, master mo. However, if we fail, the only connection between the two spaces will be broken. Then, the Wuding River will be lost forever."

Mo Huayuan felt an indescribable sense of awkwardness when he heard him address him as master mo and brother Xiaochuan. He said awkwardly, "Young master Yun, you can just call me Huayuan."

the technique used to open this door is very exquisite," aunt Jiu said. the key is not an ordinary key. It's a jade pendant and a set of spiritual arts. It can only open this door when they work together.

"I see," mo Huayuan said. His face revealed an expression of admiration, clearly very impressed by the construction method of this gate.

Mei Dong 'er's petite body trembled slightly. She stretched out her hand, and a beautiful, transparent jade appeared in her palm. could ... Could this Jade be the key? "

"Ah!"

ah! aunt Jiu cried out in shock. She rushed over and snatched the Jade from Mei Dong 'er's hands. She held it in her hands and looked at it carefully. Her body couldn't help but tremble violently.

"This is a jade pendant that my mother left me," Mei Dong 'er said."She asked granny wo to bring it out from the plum Valley. In the letter I left behind, it was said that when I'm of age, I'll take this jade pendant back to the plum Valley. Could this be the key?"

"Wanbai! What the hell are you doing!"

Aunt Jiu's face turned ferocious and she growled in a low voice, "you fooled everyone in the plum Valley and indirectly killed my mother. You evil woman, what are you up to? "

Everyone was stunned. It turned out that the so-called key had not been lost, but had been secretly sent out of the plum Valley by Wan Bai.

Mei Dong 'er couldn't help but ask, "but why?" Why did my mother secretly take this jade pendant away at the cost of her life, but then ask me to return it in the future?"

Aunt Jiu slowly regained her excitement and said coldly, "Your mother has always been a weirdo. Who knows what she's thinking? Hmph!"

Yunxiao's eyes were fixed on the beautiful jade as he pondered and said, "So that's how it is. That's the only way it makes sense."

"What? young master Yun, what did you see?"

Mei Dong 'er asked anxiously. After knowing that the key was not lost, she was extremely shocked. She didn't understand why her mother was like this, even willing to sacrifice her own life. The reason was obviously not simple.

...

Yunxiao's eyes flickered with a hint of pity as he said, "You really want to know?"

"Of course," Mei Dong 'er replied innocently, "is there anything I can't know?"

The rest of the people also felt a chill in their hearts, as if they had thought of something.

Yunxiao pointed at the beautiful jade and said, "this jade pendant is called mu qianlingyue. It is a peerless divine Jade. Its value is no less than that of the heavenly shine Imperial Gold. Moreover, it is a rare divine item in the world that can suppress the five righteous and strange.

"Ah!"

Mei Dong 'er's entire body trembled. No matter how innocent or naive she was, she finally understood.

She was completely stunned, and her beautiful big eyes were quickly soaked with tears. Tears streamed down her face, and she hugged her head and cried, "waa! Wu Wu Wu ~, I understand now. So mom stole the key to save me and was willing to die! Wuwuwu ~"

Although she had never seen her mother before and had imagined all sorts of scenes in her heart, she did not expect it to be this hidden story. When the infinite maternal love flowed through her body, making her feel extremely warm, she could not bear the love that was as heavy as a mountain.

Aunt Jiu also fell silent, her eyes filled with shock. She clenched the thousand spirit moon Jade tightly in her hand and pursed her lips.

"Wuwuwu!"

Mei Dong 'er was the only one left in the entire space, hugging her head and crying.

...

Everyone knew that there was no way to comfort her at this time, and they could only let her vent her emotions.

Even though ninth aunt hated wanbai to the core, she was moved by her feelings at this moment. The former enmity and old hatred seemed to have disappeared the moment the key returned. Mei Dong 'er, wanbai may have sinned, but she has already paid for it with her death. As for you, since you've returned the key, I'll allow you to enter the Mei family. You can also come to me for this thousand spirit moon Jade at any time to suppress any discomfort in your body."

Her decision was already very lenient. Li Feiyu couldn't help but nod his head.

"No need," Yunxiao said. His body would automatically heal once he entered adulthood. This is also the reason why wanbai asked Dong 'er to return the jade pendant after she has come of age."

Chapter 606-infiltration

"I see!"

"The marriage between your mother and your father was greatly opposed by the family," aunt Jiu shook her head and sighed. My mother is too stubborn, and the clan rules are very strict. If that was not the case, wanbai could have used her exceptional talent and her mother's love for her to negotiate with her. My guess is that she was worried that if the negotiation failed, mother would be wary of her, and she wouldn't be able to get mu qianlingyue. That's why she sacrificed her life in exchange for your health."

"Wuwuwu!"

Mei Dong 'er was already unable to speak. Other than crying, she kept crying. She was completely in tears.

ninth aunt, " Yunxiao said. since we've found the key, why don't you open this gate and let us all see it? and let Dong 'er pay respects to her parents.

Mei Dong 'er's body trembled, and only then did she stop crying. Her eyes swelled up like peaches in such a short time as she looked at the door, anxiously hoping to pass through.

alright, " aunt Jiu said, slightly worried. this door has not been opened since my mother passed away. She held the Jade in her palm and gently separated her hands. A ray of light flowed out and the whole Jade slowly rose up and flew to the front of the door under her chanting.

Aunt Jiu made a hand seal, and a green light shot out of the Jade tablet and into the door. The light gradually radiated from the door, forming the shape of snowflakes. The snowflakes slowly enlarged, and the edges and corners of the snowflakes began to rotate. A rumbling sound came from afar.

it's been more than ten years. I've finally heard this voice again!

Aunt Jiu was so excited that she couldn't control herself. She stared at the door that had opened quietly without blinking, and a strange feeling floated out from inside.

what a dense spiritual energy! What kind of space is this Wuding River in? such a dense spiritual energy fluctuation is no less than that of Yanwu.

Yunxiao was shocked, and his eyes flickered as if he was thinking about something.

“BOOM!”

The door then opened completely, and a warm light flickered inside like a gem.

“Everyone, welcome to the Wuding River. You’re the first group of outsiders to visit the Wuding River in the Mei family’s thousands of years.”

Aunt Jiu was overjoyed. Although it was inappropriate to bring outsiders in, it was difficult to suppress the joy in her heart. Moreover, she could not refuse the requests of everyone.

“Mother!”

Mei Dong ‘er shouted in grief and rushed in, crying.

Everyone looked at each other, shook their heads, and sighed. They followed ninth aunt in one by one.

The scene in front of them immediately shocked everyone. The door was opened on a cliff, and in front of them was a sea of clouds. To be more precise, it was a sea of spiritual energy. Below them, the spiritual energy was flowing like a stream. Just looking at it was refreshing and indescribably comfortable.

“Heavens!” Li Feiyu exclaimed in shock. How could it be possible in such an environment with such powerful spiritual Qi? the Mei family has never heard of any peerless experts in the past thousands of years, but it’s impossible that they couldn’t be nurtured in such an environment!”

no,” Yunxiao said with a frown. there seems to be a problem with this spirit Qi.

Aunt Jiu was shocked, and her eyes were filled with shock. young master Yun, you're really amazing. You've discovered the situation so quickly. Her eyes were bitter as she said, " the spiritual Qi here contains something different. The ancestors of the Mei family have studied it for a long time before they found the root of it. There is a poison called xiapei in the spiritual Qi.

"Xiapei? There are countless poisons in the world that can affect a cultivator's cultivation, but I've never heard of this poison."

"Could it be that none of the seniors have found a way to resolve this in the past thousands of years?" li Feiyu asked.

"Resolve it?" aunt Jiu smiled bitterly. Young master Li, this kind of red mist is the key to the Mei family's appraisal Divine Art. It is necessary to inhale a large amount of this poison in order for the members of the Mei family to be able to cultivate the divine Art of identification. The ancestors speculated that the members of the Mei family were all women in the past, which should be related to this poison."

"This bi an ..."

"The world is vast, and there are simply too many wondrous items. It's really impossible to tell if this Xiayuan is good or bad."

"Mei Dong 'er, your parents sank into the river here," aunt Jiu said, pointing to a cliff.

"Mother, father!"

Mei Dong 'er cried and knelt down. As she wailed, she only felt the sky turn dark. She fell directly onto the cliff and fainted.

Mo Huayuan bent down to check and said, " she's fine. She's just too emotional and fainted.

"No one would be able to hold back their grief after encountering such an incident," li Feiyu sighed.

Yunxiao also sighed and asked aunt Jiu, "Can I go down and try this Wuding River?"

"What? Young master Yun, you're going down?"

"You're not afraid?" aunt Jiu was stunned.

"What are you afraid of?" are you afraid that you'll only have girls in the future?" Yunxiao smiled.

"Of course, this is also a concern," aunt Jiu said, blushing.

so be it! Yunxiao laughed. I like it. He glanced at Li Feiyu and asked, "is young master Li interested in going down and giving it a try?" Where are ochuan and Huayuan?"

The three men's faces turned slightly pale as they hurriedly shook their heads and stepped back. Little Xuanzi also took a step back, fearing that Yunxiao would pull him down with him.

They were all disciples of great aristocratic families, and carrying on the family line was a very important matter. If they could only have girls, they would probably be killed by the elders of their families.

"Young master Yun, I don't think you should go down either. I don't think there's anything to see."

Mo Xiaochuan said awkwardly. He didn't want his master to have no children either!

"It's fine. You guys wait for me here!"

Yunxiao turned and jumped into the river. Under the horrified eyes of the crowd, he soon disappeared.

Mo Xiaochuan's face was slightly white as he said, "Ninth aunt, is there any danger down there?"

Aunt Jiu shook her head and said, " the structure of the spiritual Qi here has been analyzed by our ancestors countless times. There's nothing else other than xiapei. However, there's an extremely powerful poison of dusk at a depth of five hundred meters. Even I don't dare to dive too deep. Once that thing accumulates to a certain extent, it will produce an extremely strong corrosive effect that the body can't withstand."

Mo Xiaochuan did not reply. Instead, he sat down cross-legged on the cliff and began to wait.

As soon as Yunxiao fell into the river, he immediately felt a cold and indescribably comfortable feeling. This river water was basically formed from spiritual energy and was injected into the body.

The demonic Dragon's voice was heard,"could it be that you want to cultivate here and break through to the Martial Emperor realm?" You don't even want to carry on the family line for the sake of your realm?"

"Hmph, it's just a mere poison. What can it do to me?"

Yunxiao exercised the tyrant body tempering technique, and a layer of golden light immediately emerged around him, isolating him from the river and causing him to sink deeper and deeper.

"How are you going to cultivate by separating the spiritual liquid like this?" The demonic Dragon asked in confusion.

...

Yunxiao's eyes flickered as he snorted and said, " who said I'm going to cultivate? I was planning to make a trip back to Yanwu, but it looks like I don't need to.

The demonic Dragon was shocked,"could it be that you want to escape?"

A beam of light shot out of Yunxiao's forehead, and the divine realm tablet grew to the size of half a man, sinking side by side with him.

yes, the spirit Qi here is even more terrifying than that in Yanwu. Although it's poisonous, it's enough for me to repair this stele. After it's repaired and all of the spiritual Qi inside the stele is expelled, there shouldn't be any xiapie remnants left behind."

Yunxiao said thoughtfully.

"Tsk, I thought you weren't afraid of having a girl!" The demonic Dragon said in disdain.

it's none of your business whether I give birth to a boy or a girl, " Yunxiao snorted coldly. if you keep talking nonsense, I'll throw you out and trap you in this indefinite River. You can try!

The Dragon's face flickered. With Yunxiao's character, he might really do it. Anger appeared on his face, but he did not dare to say a word.

Yunxiao and the divine realm tablet had become one, and a vacuum was formed around them as he kept sending divine incantations into the tablet. Patterns of light emerged on the divine realm tablet, flashing one by one, with flowing lights revolving inside.

Yunxiao turned into a beam of light and shot directly into the divine realm tablet. The divine incantation characters appeared in the space inside the tablet, emitting a powerful rhythm and flickering rule power, making it impossible for anyone to grasp them.

"Ha!"

...

Yunxiao cried out as he pointed his fingers in the air. With each point, he left behind afterimages and illusionary lights. Soon, a golden circular array was formed in front of him and spread out toward the boundless space.

At this moment, in the indefinite River, with the divine realm tablet as the center, a Whirlpool began to form. A large amount of spiritual Qi in liquid form spun directly and poured into the tablet.

The light from the divine realm tablet became more and more brilliant, forming a peaceful glow around the whirlpool.

On the cliff, mo Xiaochuan, who had been sitting with his eyes closed, suddenly opened his eyes. He looked down in shock, as if he wanted to see through it, but he could not.

“Ninth aunt, is there really no danger in the Wuding River?”

Mo Xiaochuan couldn’t help but ask again.

“For thousands of years, I’ve never heard of any danger,” aunt Jiu said with a slight frown. However, you must not sink below five hundred meters. Otherwise, the poison will be so strong that it will be difficult for powerhouses below the martial Supreme realm to withstand it. ”

500 meters, huh? ”

Mo Xiaochuan looked down. His divine sense was greatly disturbed in the Wuding River. He could see five hundred meters ahead, but he could not see Yunxiao. However, the river was vast and boundless, and he did not know if Yunxiao had hidden somewhere else. He could not help but feel a little irritated.

“Big brother, don’t worry. Young master Yun will be fine. This kid is too mysterious, and you should know his ability better than me, so you should be more confident.”

Mo Huayuan consoled.

“Hmm, but ‘this kid’?”

shut up! mo Xiaochuan’s face darkened. if you dare disrespect young master Yun again, you’ll have to scam back to the Holy region!

Mo Huayuan was taken aback, and then he smiled wryly. He was baffled by his elder brother’s respect for Yunxiao, which came from the bottom of his heart.

“Saint-level?”

Aunt Jiu and Li Feiyu were both shocked. Li Feiyu said, “Could this Lord be from the sanctuary?”

Chapter 607-winding river

I can’t be considered someone from the sanctuary, ” mo Huayuan replied indifferently. I’m just cultivating in the sanctuary with my master.

“Who is your master?” li Feiyu asked.

“My master’s name is Yuan gaohan,” mo Huayuan answered after a slight hesitation.

Li Feiyu’s heart skipped a beat as he asked in shock, Lord Yuan gaohan who is in charge of the spiritual Department of the Holy region?!

Mo Huayuan nodded slightly.

“This bi an ...”

Li Feiyu and aunt Jiu were both shocked. One of the people following Yunxiao was the disciple of the chief of the sacred division, while the other was a powerful Martial Emperor. Who the hell was this li Yunxiao?

The two of them felt waves in their hearts, and it was difficult for them to calm down.

In the divine realm tablet, Yuan gaohan, who was meditating, suddenly opened his eyes and said in surprise, ” “Eh? What is li Yunxiao doing with such a fluctuation of spirit Qi?”

He flew up and left a sentence, ” “Take good care of the divine fire on this purple cauldron!” He turned into a ray of Starlight and shot into the distance.

Gu Yuesheng hurriedly sat in front of the purple cauldron and paid full attention to the golden light on the cauldron, for fear that something would change.

At the same time, the people who were meditating at the foot of Mount inch also sensed something and flew over.

The demonic Dragon had already manifested and was hovering around Yunxiao, watching the spirit Qi pouring in from all directions while lying dormant in the air.

Li Yunxiao, you're trying to repair the divine realm tablet!

Yuan gaohan was the first to see the scene in front of him. It was as if the sky had collapsed and a flood had flooded the earth, turning the surroundings into a vast ocean.

The refinement and repair of ordinary first to ninth tier profound artifacts all required the use of cauldrons, but this Saint artifact's repair actually directly drew in the sea of spiritual energy, refining the heaven and earth!

This was the second time Yunxiao had done this. The first time, the divine realm tablet was intact, so it was obviously not as difficult as now.

old Yuan, help me control the Shang Qing spirit gathering array!

let's go! Yunxiao cried out, and the Golden array in front of him turned in the air and fell toward Yuan gaohan. Yuan gaohan was shocked and did not dare to be careless. He hurriedly circulated his soul power to receive the light of the formation and carefully revolved it in front of him. It was this Shang Qing spirit gathering formation that sucked in the sea of spiritual energy.

Yunxiao stretched out his long finger and drew strange symbols in the air, while a wisp of red light flowed along his fingertip. Soon, the shadow of a Phoenix was drawn out by him and danced in the sky.

The surrounding space began to change under Yunxiao's will. As they traveled a thousand miles, the Phoenix let out a long cry in the sky and flew down to the ground, instantly igniting all the spirit Qi below and turning it into a sea of fire. An ancient territory array emerged from the ground, shining with a red flame that illuminated the entire sky.

Yuan gaohan swallowed his saliva, unable to contain his excitement, constantly muttering to himself, the ancient realmverse formation opened up the earth, water, fire, and wind. I can't believe I'm able to witness such a Grand sight in my lifetime. My life has not been in vain!

With a calm look on his face, Yunxiao changed the seal in his hand. Slowly, he held up a small piece of breathing earth in his palm, which shone with the light of earth essence. With a flip of his palm, he slapped it down, and the space flickered and changed again, revealing a barren land.

"Power of the earth territory, open!"

"Windterritory power, activate!"

Under his control, the entire divine realm tablet began to shake. The three forces of territory appeared in red, yellow, and gray, faintly appearing in the sky. A large amount of water of spiritual energy that poured in began to be absorbed by the three forces, and they continued to grow.

The spiritual Qi that he was afraid of overflowing was actually completely empty all of a sudden. It was crazily devouring in the Wuding River, and he actually felt that it was not enough.

Yuan gaohan's expression changed drastically. The Shang Qing spirit gathering array that he was in charge of seemed to be on the verge of collapsing under such a rate of extraction.

He gritted his teeth, no longer caring about his own safety, and poured all his strength into it. If this spirit-gathering array was destroyed, the supply of spirit Qi would be cut off, and the plan to reopen the three territories would fail completely.

He was an Alchemist first, and then the Secretary of the sanctum. He could not allow such a rare failure in his life, or he would regret it for the rest of his life.

“Ah! Even if you die, you must hold on!”

Yuan gaohan roared, and the power of Starlight on his body began to dissipate. In the turbulent divine realm tablet, he seemed to be in danger.

However, the Shang Qing spirit gathering formation also started to stabilize under his efforts. Spiritual Qi was continuously absorbed into the three territories and gradually expanded.

The hundreds of golden tadpole-like characters of the great realm divine technique dissipated in the air, turning into beams of light that shot out in all directions. Every beam of light that pierced through the sky was like a law that had been driven into the world, shocking Yunxiao.

these powers, these rules, are they the components of the power of heaven and earth that constructed the divine realm tablet? ”

Every time a character turned into a light and scattered in the air, his heart would be shocked once. It was as if there was a rule attached to him, and his understanding and comprehension of the divine realm tablet kept improving.

The demonic Dragon was also shocked by the magnificent scenery in front of him. there’s such a spectacular sight just by repairing the damage. Who created this divine realm tablet in the past? what kind of world-opening creation was it? ”

As time passed, the supply of spirit Qi began to slowly keep up with the consumption. Yuan gaohan heaved a heavy sigh of relief, but his whole body had become unstable, as if it would disappear at any time. He wanted to ask Gu Yuesheng to help him for a while, but he was still worried. He took out a Starlight Stone and absorbed the energy while barely holding on.

After the hundreds of characters of the great realm divine technique disappeared in the sky, Yunxiao closed his eyes and began to sit cross-legged in the air. He put his left hand above his dantian and raised his right hand to form an incantation gesture, as if he had entered a wonderful state.

With the opening of the three major territories, the divine realm tablet’s restoration began to operate on its own. As long as there was enough spirit Qi, it was only a matter of time before it was restored.

After an unknown period of time, Yunxiao suddenly opened his eyes, and his aura was completely different.

He put down his right hand and let out a light breath. A ray of light appeared on his body and spread out with his body as the center.

The Dragon, who had been lying dormant in the sky, opened its eyes and looked at Yunxiao. "I thought you'd comprehended some profound technique, but you've only broken through to the Martial Emperor realm. How disappointing. Take a look at the spiritual energy in the sky. It seems that the poison of the dusk Phoenix is getting stronger and stronger."

"Humph, just a Martial Emperor?"

Yunxiao snorted lightly as he felt the power surging in his body. Not only had he broken through to the Martial Emperor realm, but more importantly, his understanding of the divine realm tablet had deepened, especially the power of the laws of heaven and earth contained in the Golden tadpole-like characters, which had made him take a qualitative leap.

His figure flickered and appeared beside Yuan gaohan. He helped him down and said, "Old Yuan, you've worked hard." He drew a symbol in the air with his long finger, and Yuan gaohan's weak body was wrapped in a light and sent directly into a formation in Mount inch.

The formation was surrounded by Starlight stones, which were also the place where Yuan gaohan usually absorbed star power to cultivate. Yuan gaohan had long been completely unaware of it and was on the verge of death. The moment he entered the formation, the surrounding Starlight stones were instantly drawn out by the formation's power and poured into his body.

After doing all that, Yunxiao appeared in the air in the next moment. With a wave of his hand, three streams of territory power dissipated in the air and sank into the ground. A water ball slowly condensed in front of him, exuding wisps of spirit Qi. Yunxiao put his finger into it and felt it.

A moment later, his finger turned golden, and a layer of faint powder appeared on it. yes, it's indeed much more poisonous than before, but the spiritual energy is also more abundant. This item was able to prevent the Mei family from producing a top-notch expert for so many years, but it also contained the

power of appraisal. However, it's indeed very corrosive. Even my initial stage inextinguishable golden body is starting to be corroded."

He looked at his fingertips and gently blew out a breath, blowing away the fine powder. He muttered, "it seems that it will take some time to repair the divine realm tablet, but if it's filled with this poison, I'm afraid it'll be difficult to remove it completely. Why don't we forget about it? I'll slowly repair it after I return to Yanwu.

After making up his mind, Yunxiao waved his hand, and the Shangqing spirit gathering array disappeared immediately. The spirit Qi between heaven and earth that had been liquefied like a flood began to slowly stop flowing in.

He began to send a voice transmission to the few people in the divine realm tablet about the poison in the spirit Qi. Duan Yue kept yelling and cursing, and the others were also shocked. They isolated themselves from the spirit Qi in the outside world and had been cultivating with primordial stones for a long time.

"BOOM!"

...

Suddenly, the entire space shook, as if the divine realm tablet had hit something outside.

Yunxiao's pupils constricted. In a flash, he appeared outside universe God North and pushed away the water pressure around him, only to find that the pressure was so unimaginably great that he could not even open the vacuum with his strength as a Martial Emperor. Helplessly, he could only activate his imperishable golden body to prevent the poison from entering his body. In the future, it didn't matter if they had a boy or a girl. If they couldn't enter the peak of martial Dao after being poisoned, then they would really cry without tears.

"This is a Kasaya!"

He was shocked by the scene in front of him. It turned out that the divine realm tablet was sinking continuously in the indefinite River and had already sunk to the bottom of the river. It collided with a huge stone tablet, which caused the previous vibration.

The stone tablet was not an ordinary object either. After the collision, flowing spots flickered on it, as if there was a restriction.

Yunxiao put the divine realm tablet back into his glabella, and at the same time, he shot out a stream of astral wind, which flowed closely on his skin. His initial state of the indestructible golden body could no longer withstand the corrosion of the poison at the bottom of the river, and his golden color had long faded.

Only when the astral wind rose did he feel slightly more relaxed.

Yunxiao walked up and stared at the stone tablet, on which four big words were flashing: The winding river led to ethereal opening.

“Hmm, what’s the meaning of this?”

Yunxiao looked around the stele for a long time, but he did not find anything strange. “I don’t know what the” winding road to secrecy “means, but this stone tablet is a rare and precious material. It seems to be made of the legendary material, the Kasaya.”

He muttered to himself for a moment, then made up his mind and said, “Dig it out first!”

...

Chapter 608

608 Terrifying power

Yunxiao did as he was told. The pressure at the bottom of the river was nothing, but the corrosive poison was too strong. He had only taken a few steps when he felt that the primordial astral wind could no longer hold on.

“The dynasty Bell!”

Yunxiao cried out softly. His body was as big as a Bell, sending out sound waves to push away the spirit liquid around him before he could move forward with great difficulty.

“Yes, that’s Yingluo.”

His pupils shrank. Near the stone tablet, there was a slight light. He looked over and saw that it was a ring. There were traces of people coming here.

“Could it be a Suan ni?”

Yunxiao reached out his hand, his fingers turning golden as he clenched his claw and pulled the ring over with his primordial energy. could this be the relic of Mei Dong ‘er’s parents? ” He looked around and saw that everything else had been corroded.

I don’t care anymore. I’ll take a look at it when I get up there. I’ll take this monument away first. It’s definitely something good!

He put away the ring and tried his best to move over. Without a word, he hugged the stone tablet and started to pull it out with all his might. His current physical strength was enough to contend with a one-star martial Supreme. He put his five fingers together, grabbed the stone tablet, and pulled it up with all his strength.

Suddenly, an unparalleled force rushed out of the stele, emitting a misty light at the bottom of the river, and rushed into Yunxiao’s body, shaking him away.

Several beams of white light burst out of Yunxiao’s body, which was the light of bright moon divine body. Under the tremendous pressure of the water, he was forced to retreat.

“What’s going on?”

Yunxiao's heart trembled violently. The force just now came from the earth under his feet and was transmitted out through the stele. Not only that, but it also seemed to have touched some powerful seal, causing a terrible power fluctuation to come from the entire earth under his feet.

The stele seemed to be activated at that moment, and Yunxiao's heart trembled!

"What exactly is under the monument?"

The rotten and dull feeling seemed to come from the land of death, making people feel a chill in their hearts. Even someone as strong as Yunxiao felt an inexplicable panic, and his face changed drastically!

"Not good, retreat first!"

He suddenly felt that something was wrong. The power was so strong that he could not resist it. It was as if an indescribable danger was approaching, as if the gates of hell were opening.

Yunxiao took a deep breath, and with the bright moon divine light flowing around his body, he released all his primordial Qi. He even took out the northern heaven cold star sword to split the water and swam upward desperately.

The terrifying power below was like a lion that was gradually awakening, causing the entire River to become restless.

.....

At this moment, in a place tens of thousands of miles away, a light blue aura was rising from a Blue Lake.

The lake was deathly silent, not even the chirping of birds or insects. It gave off a strange sense of peace, and the air was oppressive and decaying.

In the middle of the lake, a small black dot could be seen in the distance. It was emitting a restless aura. Someone was actually cultivating.

The person had delicate features and a handsome appearance. He was a young man. At this moment, he was frowning, as if he felt a strange feeling that made him extremely uncomfortable.

“What’s wrong? Above the Nine Springs is the place where the world’s five poisons gather. I don’t know which scattered space it came from, but it seems like there’s something wrong with the river on the left.”

The young man muttered to himself with a frown, “Should we tell Wei Qing about this? he said that this is a land of death and that there will only be poison here. It seems that he doesn’t know about this. Forget it, even if there’s any movement, it’s probably something happening in some unknown space. As long as it doesn’t affect my heaven Earth poison body, there’s no need to worry about it.”

After the young man made up his mind, he continued to cultivate. A ray of light rose from his body, revealing a five-colored poisonous light. It spread out on the lake’s surface, making people stand up without feeling cold.

.....

In the indefinite River, Yunxiao used all his strength to rush up. It was only after ten minutes that he felt the pressure getting smaller and smaller, and the sense of horror gradually faded away.

He looked down with lingering fear. It was as if there was some terrifying monster lurking below that was gradually getting further away. the world is so big that it is not easy for us to see everything.

After a moment of emotion, Yunxiao’s heart gradually rose to the surface.

“Young master Yun!”

The people on the shore had been waiting for a long time. When they saw him come ashore, they were relieved.

Mo Xiaochuan's pupils contracted as he exclaimed in surprise, " young master Yun, you've only gone down for a day and a night, and you've actually broken through a major realm. No wonder you're unwilling to come up.

It was only then that the crowd discovered that Yunxiao's cultivation base had crossed the realm of Martial Emperor, and they were all shocked. Li Feiyu's eyes were filled with doubt. He had always thought that Yunxiao had suppressed his cultivation base, and even though he had not found anything unusual in the battle with aunt Jiu, he did not think that the other party was only a martial Grandmaster. Now, his brows were furrowed even deeper, and he was still full of doubts.

a little! Yunxiao laughed. I got a little something!

At this moment, Mei Dong 'er had woken up. She was staring at the river in a daze, as if she had lost her soul. She did not even notice that Yunxiao had come up.

Dong 'er, I found a ring down there, " Yunxiao sighed. it's very likely to be left behind by your parents. He took out that ring, and it flickered in his hand. It had already been corroded badly, which showed that it was definitely a treasure-like existence back then. Otherwise, it would have been turned into ashes."

what? " aunt Jiu's expression changed drastically as she exclaimed, " young master Yun, did you dive into the river? " But this is impossible!"

hehe, " Yunxiao said vaguely."Luck, luck!"

He did not say if he had dived into the river, which made aunt Jiu feel depressed.

"A relic!"

Mei Dong 'er let out a sharp cry and went forward to snatch it. She held it in her hand and looked at it, heartbroken.

“Young master Yun, I have a favor to ask. Currently, the inter-province transportation formation in Yufeng city is under Intense Repair. I hope that this Grandmaster will be able to go and lend a hand.”

He was referring to mo Huayuan, who had made such a request after learning the other party's identity. However, mo Huayuan's answer surprised him. Even an eighth-tier Alchemist had to listen to Yunxiao's opinion.

Yunxiao frowned and said, 'Oh? How's the teleportation formation's restoration coming? does brother li know the situation?'

“It's extremely difficult to repair the inter-province teleportation formation,” said li Feiyu with a wry smile. “Almost all the alchemists in Yufeng city have gone to help. I didn't expect young master Yun to have such a master hidden by his side. If Grandmaster was willing to go and help, I'm sure the repair would have been completed long ago.”

Since mo Huayuan was Yuan gaohan's disciple, his cultivation naturally wouldn't be low. This was also the reason why li Feiyu had chosen him.

I'll definitely help! Yunxiao said. “Huayuan, can you come with me?” he asked.

“I'll naturally go since young master Yun has given me an order,” mo Huayuan hurriedly replied.

Yunxiao was a little uncomfortable with his humility, but when he looked at mo Xiaochuan, the latter felt that it was very natural, as if it was only natural.

Yunxiao gave Mei Dong 'er a worried look, and aunt Jiu quickly said, “leave Mei Dong 'er to me. Without time to wash away this kind of thing, who can soothe the pain in their hearts? ”

...

“Well, that's good. I'll leave it to you, ninth aunt.”

Yunxiao glanced at Mei Dong 'er and sighed. "Take care,"

Many years had passed since they left, and it would be a few years before they met again.

Mei Dong 'er said goodbye to Yunxiao in a daze, but she just stared at the ring in her hand, not knowing when she would be able to walk out of her grief.

Aunt Jiu sighed as well. But, she had already taken the key and settled the biggest problem in her heart. She was afraid that Mei Dong 'er would take things too hard, so she had specially ordered experts to guard her in the dark. She was not afraid that Mei Dong 'er would do something stupid and die, but she was afraid that Yunxiao would come and cause trouble for her after she died.

As for Wang DA's death, she had also begun to make arrangements in secret. She spread the news that it was Yunxiao's doing, hoping to draw a clear line between him and the plum Valley, but Yunxiao naturally did not care.

After Yunxiao and the others left the valley, they headed toward the teleportation array under Li Feiyu's lead. Both of them were quite anxious, for fear of missing the time.

Although the path in the plum Valley was difficult to find, after leaving the valley, they headed north. After flying for the time it takes to brew a cup of tea, they saw several black spots speeding towards them. There were a total of ten people, and each of them was a martial honor. They were all familiar faces.

"Everyone, what's the matter?"

When Yunxiao saw the ten people surrounding them, and all of them were from the trading Convention, he immediately understood what was going on, so he asked, " "Could it be that you can't bear to see us leave and miss us?"

"Hmph, it's true that I miss you. Where's your master?"

...

The person who snorted coldly was Bai Xiu. Seeing that the gourd Little King Kong was gone, he frowned and said, "Don't tell me he's still in the plum Valley?"

Another revered martial artist said, "what's the point of talking nonsense with them? we'll ask after we've captured them." Send two people to keep an eye on the plum Valley, in case that young master Yun escapes."

"Not bad, this myriad Treasure Tower's four prodigies of the North also has a lot of treasures!"

Another martial honor revealed a greedy look.

Li Feiyu was speechless. He then kindly said, " everyone, we're in a hurry to repair the teleportation array. Please step aside. Don't ask for trouble.

"Build a teleportation formation? What does it have to do with us? you can leave after you leave all your treasures behind."

I don't know," Bai Xiu said coldly. otherwise, I'll only be able to see if the legendary four prodigies of the North are really as powerful as the rumors say.

powerful my ass! If not for the myriad Treasure Tower's support, this brat wouldn't be a fart! Liu Feng said with disdain.

Li Feiyu thought to himself, "as expected, if you don't seek death, you won't die. They still haven't realized that there's a Martial Emperor among us. Even if all of us attack together, we won't be able to take them on." "You know I'm from the myriad treasures store, and you still dare to attack me?" he sighed. He still had a glimmer of hope that these people would back off.

"Bah! Didn't you hear what I just said? If there wasn't myriad treasures store, you would just be a pile of shit. What are you pretending for in front of us!"

Liu Feng seemed to be extremely displeased with him and spat out a mouthful of saliva.

“Hahaha!”

haha! Yunxiao laughed and said, “ brother li, People Are Strange sometimes. You’re clearly being nice to them, yet they still want to insult and slander you. This kind of person is not worth saving.” “Xiaochuan, finish this quickly!” His eyes turned cold.

Chapter 609

609 Repairing the array

“Ten breaths!”

Mo Xiaochuan smiled casually. He did not even need to use any martial arts techniques. He drew a ray of light with his fingertip and it flashed through the air. The ray of light instantly transformed into ten rays of sword Qi that shot out with the force of a Thunderbolt. Before the crowd could understand what was going on, they were all slashed apart and killed.

With a wave of his hand, Yunxiao immediately took the storage rings left by the ten men in the air and said, “ No need to thank me!”

Li Feiyu’s heart turned cold as he watched. Although he had killed many people before, those were all minor characters whose strength was far inferior to his own. A martial Supreme like him had been killed ten times in a single move. It was truly difficult to accept.

However, the difference between a martial honor and a Martial Emperor was like heaven and earth. Li Feiyu said dejectedly, “Let’s go,” he said.

Yunxiao, mo Xiaochuan, mo Huayuan, little Xuanzi, and Li Feiyu turned into streams of light and flew toward the important land of Yufeng city.

The teleportation formation was located outside the city and was heavily guarded by powerful martial artists.

“Who is in front of you? quickly stop, or don’t blame me for being impolite!”

A Martial Emperor shouted. Suddenly, his face changed and he said in shock, "Not good, there's an expert inside!"

don't panic, everyone. I'm Li Feiyu of myriad treasures store. I've specially invited an alchemy master to help repair the teleportation array. Quickly call out the person in charge!

The few of them stood in the air, immediately causing everyone to panic. The guard was about to go in and report when he heard Yang Ping's loud laughter, "Haha, I wonder where young master Li has invited this great Alchemist from? I've already collected all the alchemy Masters in this city. Is he a newcomer?"

When the guard heard Yang Ping's voice, he immediately heaved a sigh of relief. Even if the sky collapsed, there would be someone to hold it up.

Yang Ping's gaze swept across the group. When he saw mo Xiaochuan and Mo Huayuan, his pupils constricted and his heart trembled. These two people gave him an extremely powerful aura and energy fluctuations, and they were two completely different types of energy.

Mo Huayuan's aura was that of an Alchemist, and he was very familiar with it. As for mo Xiaochuan, he said in horror, "This Lord, is he Qianqian?"

"These two are young master Yun's friends," li Feiyu said. He pointed at mo Huayuan and said, "this is master mo Huayuan, the disciple of Lord Yuan gaohan, the Secretary of the spiritual division of the Holy region. As for this Youyou ..." He glanced at mo Xiaochuan and wanted to introduce him, but he realized that he did not know this person's identity and only knew that he was mo Xiaochuan's older brother. "Lord yang, stop being so long-winded and quickly bring this master to the array!"

"The disciple of the Secretary of the sanctuary division!"

This name was too big, and it gave Yang Ping a fright. Cold sweat trickled down his back, and he didn't dare to ask any more questions. He hurriedly led the way.

The group passed through several corridors and arrived at a spacious open space. Many people were busy with their own work. In the middle was a huge teleportation array, which was under Intense Repair. It seemed to be more than half done.

Lord yang, " Yunxiao asked. what's the current situation? "

Yang Ping was taken aback, and his face revealed slight displeasure. He thought to himself that this servant was actually talking to him without any respect for status. However, when he thought about how these people could not be offended, he could only endure his displeasure and said, "There are still some key points that we can't crack, but with master mo here, it's not a problem."

Mo Huayuan frowned. I've never built an inter-province transportation formation myself. Let me take a look. I hope it works!

Yang Ping laughed. master mo, don't be too humble. If you can't even repair this place, why do you have to go to the sacred zone or the sea of soul formation to invite people here? "

Mo Xiaochuan laughed nonchalantly. don't worry. Young master Yun is here. You can ask him if you have any questions.

Everyone felt dizzy after hearing this. If it was "asking," they might be able to accept it, but "asking for guidance" was a little too serious. To everyone's surprise, mo Huayuan actually nodded his head and said, " That's right! Young master Yun's Dao is much stronger than mine. Let me take a look first. If I can't solve it, I'm afraid I'll have to ask young master Yun to take action."

Yang Ping's forehead was covered in cold sweat as he said awkwardly, " that young master Yun is an alchemy master? why don't I see him? "

"This is young master Yun," li Feiyu explained with a smile. "The puppet you saw at the trade fair yesterday was just one of his puppets."

"Ah!"

Yang Ping jumped in shock. He was secretly glad that he didn't show any impatience just now. Otherwise, he would have offended this person.

Yunxiao turned around and smiled. I'm sorry about yesterday. I couldn't show my face to others. Please forgive me, Lord yang!

you're too kind, young master Yun," Yang Ping said with a wry smile. I'm already very grateful that you're willing to help us repair the teleportation formation. These words were only said to powerful people. If it was an ordinary person who was found out to be hiding his true appearance, he would have already used his fist to teach the other party an unforgettable lesson.

Yang Ping walked into the formation and began to discuss with the group of alchemists who were repairing the formation, occasionally casting his gaze at them.

Very quickly, an old man with a face full of stubble led the group forward. He stared at mo Huayuan and said, "Greetings, master mo!" The people behind him also knelt down.

you also have an eighth-rank aura," mo Huayuan replied. we're both of the same rank, so there's no need to be so polite.

I'm just an itinerant cultivator," The Alchemist said. how can I be compared with master Yuan's disciple?
" Back then, I was fortunate enough to listen to master Yuan's lecture in the Holy region and I really benefited a lot from it!"

"Oh, you've also listened to teacher's lecture? Then we can address each other as fellow sect members."

Mo Huayuan's interest was piqued, and he was about to talk to the man in detail when Yunxiao coughed heavily and said, "Repairing the formation is more important!"

He was afraid that the two of them would have an endless conversation and delay his trip.

A look of extreme displeasure flashed across the alchemist's face. As an eighth-tier Alchemist, his status was extremely noble, and no one dared to interrupt him when he was talking.

Just as he was about to flare up, mo Huayuan pulled him back and hurriedly said, "Let's talk business, let's talk business first."

"Hmph, is that person a junior from master Mo's family? Children can't be too pampered, Yingying."

The two of them had gone far away, but the alchemist's angry voice could still be heard.

Mo Xiaochuan flew into a rage and was about to rush over to vent his anger, but Yunxiao glared at him, so he backed away.

Yang Ping made an inviting gesture and said, "young master Yun, everyone, please follow me to the main hall to rest. It's too noisy here."

He now roughly understood that this group of people was led by Yunxiao, and he was even more interested in Yunxiao's identity. Along the way, he secretly hinted to li Feiyu to reveal Yunxiao's identity, but li Feiyu kept shaking his head with a wry smile.

Yang Ping was extremely unhappy and made an unkind gesture. Li Feiyu dejectedly made a gesture of "I really don't know." Yang Ping immediately glared at him and made a gesture of "I really don't know," causing li Feiyu to be completely depressed.

"Young master Yun, may I know where you are going?"

Yang Ping asked enthusiastically. He thought to himself that since li Feiyu was not willing to tell him, he would ask him himself.

let's go, brother li," Yunxiao said with a smile. let's go.

Yang Ping shot li Feiyu a disdainful look, as if to say that he didn't know anything even though they were going the same way.

This time, li Feiyu was truly taken aback. He asked, "Young master Yun, you're going to songyue city?"

I heard that the two meetings of the merchant Union will be held in a few days, " Yunxiao said. we're going to see the world. Are you not welcome, brother li? " Then I'll look around by myself, and I won't tell anyone that I know brother li, so as not to embarrass brother li."

"Please don't make fun of me, young master Yun," li Feiyu said with a wry smile. I'll naturally welcome young master Yun if he's willing to go, but is young master Yun really just going for a tour? Or do you have other plans?"

He emphasized the last four words, and his eyes turned cold.

...

"Oh? Brother li seems to be afraid that I have ulterior motives. I indeed have my own purpose in going to songyue city, but it has nothing to do with the myriad Treasure Tower. Furthermore, I also have a few friends in the myriad Treasure Tower." Yunxiao smiled indifferently.

"That's good!"

"I don't want to have a conflict with young master Yun either," li Feiyu replied. However, if a conflict really does arise, I won't show any mercy."

He had changed from his gentle and refined appearance to a domineering one. It was as if he was no longer afraid of the Martial Emperor Mo Xiaochuan.

"Haha, the two of you are young talents, why are you all so tense? everyone, please be happy, with master Mo's help, the teleportation array should be repaired very quickly. I don't know when we will meet again in Yufeng city."

Yang Ping sighed. let me toast the two of you with a cup of spiritual wine. I'm afraid that the next time we meet, the two of you will already be at the peak of martial arts. We won't have any more interactions.

you're too serious, Lord yang, " Yunxiao said with a smile. you're too kind.

The three of them slowly savored the wine and began to chat. Yunxiao's knowledge shocked both of them, which was by no means something a teenager should have. Soon, they had a good chat.

After the time it took to finish a few cups of tea, mo Huayuan and the eighth-tier Alchemist arrived.

"What?" Yang Ping was overjoyed. Could it be that it has been completely repaired?"

The eighth-tier Alchemist shook his head. I've made great progress with master Mo's help, but I'm still blocked by a barrier. Master mo said that he would like to consult Yun Qianqian.

...

He deliberately lengthened the last two words to show his dissatisfaction and disdain. If not for mo Huayuan's impressive performance, he would have thought that these people were scammers.

Mo Xiaochuan could hear the sarcasm in his words and sneered, " "How can a frog at the bottom of a well know the vast ocean and vast sky!"

"I'm a frog in the well? Hahaha!"

The eighth-tier alchemy master laughed out loud and said, " when I was cultivating in the Holy region and the sea of soul formation, you two were still nowhere to be found. How dare you call me a frog at the bottom of a well? "

Although he could tell that mo Xiaochuan was extraordinary, for alchemists like him, unless they were alchemists who were more powerful than themselves, they would not be defeated even if they were martial sovereigns.

Yunxiao naturally knew the temperament of these alchemists, so he did not take it seriously. Hua Yuan, with your strength, there shouldn't be any problems.

Chapter 610-inside the passage

young master Yun, " mo Huayuan said with a grave expression, " not only has the formation disk been damaged, but the spatial tunnel seems to have been severely damaged as well. Even if the formation plate is repaired, we might not be able to pass through smoothly. The risk is huge!"

the passage is destroyed? " Yunxiao asked in surprise. the passage is destroyed? " If it's just a fight for the teleportation order, at most it'll destroy the formation plate. Don't tell me ..."

"Young master Yun, are you saying that someone deliberately destroyed the passage?" li Feiyu asked in surprise.

yes, that's very likely. We don't know the extent of the damage though. Let's go and take a look.

Yunxiao also looked worried. If the passage was completely destroyed, they would be in trouble.

"Take a look? Don't tell me you're able to measure the area of damage?" The eighth-tier alchemy master said with a strange expression and widened eyes.

I can't, " Yunxiao said indifferently. I can only repair all the damaged parts.

"Ah?" The eighth-tier Alchemist opened his mouth wide.

Mo Huayuan's heart jolted. The technique to repair a spatial passageway was far more difficult than a simple array disc. Moreover, the greatest danger was the risk of being drawn into spatial turbulence at any time. Although Yunxiao had barely defeated him by chance and tricks, he did not think that the latter had the strength to directly repair the passage.

the passage behind the formation plate is almost impassable. It's extremely dangerous! he warned out of goodwill.

Mo Xiaochuan glanced at the eighth-tier Alchemist contemptuously and said with a sneer, "Open your eyes wide and watch, you frog in the well!" Then, he glared at Mo Huayuan and said, "and you. Your vision is too low. You'll never climb to the peak!"

Although he did not know anything about the art of magic, his master was the only person in the world who could defeat the great Alchemist of the demon race. If even he could not do anything, then the teleportation array would be completely doomed.

Mo Huayuan seemed like he wanted to say something, but he stopped himself after moving his lips.

The eighth-tier Alchemist said angrily, "Master Mo, let's just wait and watch a good show, Hmph!"

Li Feiyu was also suspicious. Could it be that Yunxiao's strength was above the eighth tier? This thought gave him a fright, and he quickly followed.

The people around the teleportation formation had stopped talking long ago and were all discussing among themselves. When they saw the crowd, they immediately stopped talking and revealed looks of respect. It was obvious that Mo Huayuan's strength had gained everyone's respect and affirmation.

Yunxiao walked straight into the array, bent down, and put his hand in the eye of the array to sense it.

Behind the array eye was an unknown void. His divine sense instantly radiated tens of thousands of miles away, but he couldn't sense any connecting passage.

It was destroyed so thoroughly. It's definitely not an ordinary accident!

Li Feiyu's expression changed drastically, and anger appeared on his face, "I thought it was strange. There's indeed a reason behind this!" Young master Yun, can you repair it?" He was losing his cool.

Yunxiao did the same as he said in a deep voice, "I've tried, but I have to enter the Void to find the broken path."

how dangerous is it to Enter the Void?" mo Xiaochuan exclaimed. why don't you let me do it!

Yunxiao shook his head. you don't know the way. Besides, the risk is not as serious as you think. I have my own way.

He placed his hand on the array eye, and an extremely powerful soul power flowed from his hand into the array. He then sat cross-legged and paid no attention to the outside world.

Mo Huayuan's pupils contracted as an inexplicable emotion welled up in his heart. He seemed to have sensed something.

Lord Yangping, this place has been turned into a forbidden land for the time being. No one is allowed to come close. Otherwise, we'll kill without mercy! mo Xiaochuan said in a serious tone.

"Of course!" Yang Ping's heart trembled. He hurriedly began to disperse the crowd.

Some Warriors were easy to deal with, but many alchemists were reluctant.

"Didn't he say he was going to connect the passage in the void?" the eighth-tier Alchemist said angrily. Why are you still sitting here? didn't you say that you wanted me to take a good look? Why is there no more?"

Mo Xiaochuan pointed at him and said, " the rest of you can leave. You can stay. I'll let you watch carefully today. Otherwise, you'll be speechless.

The eighth-tier Alchemist was exasperated, and he snorted coldly and said, " I'll see how she embarrasses herself today!"

big brother, " mo Huayuan said solemnly, " can you tell me what technique young master Yun is using? "

Mo Xiaochuan shook his head. I don't know either. But you don't look too good.

“This technique is extremely similar to one of my master’s divine powers!” Mo Huayuan replied.

Mo Xiaochuan smiled wryly and did not say anything. He thought to himself, ‘your master is still in my master’s transcendent artifact.’ However, he could not say this out loud.”Huayuan, although I don’t understand the art of sorcery, all the techniques in the world are connected. You may have achieved a certain level of success, but you must not be arrogant. Take martial arts as an example. Stepping into the Martial Emperor realm is just the beginning.”

“I’ll remember your teachings, big brother!” Mo Huayuan’s heart trembled.

This time, the eighth-tier Alchemist also fell silent, as if he agreed with mo Xiaochuan.

Everyone sat down and waited quietly beside Yunxiao, as they had run out of good ideas. Yang Ping ordered a large number of experts to seal off the surroundings so that not even a mosquito could fly in.

What Yunxiao used was Starlight soul body. He condensed a stream of soul power outside his body and sent it into the void. Holding the divine realm tablet in his hand, the soul shuttled through the endless night.

There was only an endless night in the void, with no end in sight.

Yunxiao did not know how long he had been walking in this way, but suddenly, a large amount of spatial disturbances appeared in front of him, with different laws and floating chaos.

so the point of destruction was here. Who did it? it actually drifted so far away!

it seems that it will take some time, ” Yunxiao said to himself.

He stepped on the divine realm tablet and was about to start repairing it when an extremely sharp light suddenly struck at him.

Shocked, Yunxiao hurriedly dodged to the side as he stared into the void and shouted, "Who is it? You're actually hiding in this void. You must have deliberately destroyed this passage!"

"Tsk, tsk, you're so smart! However, no matter how smart he is, he can't be as smart as my young master!"

Seven figures slowly emerged from the void, and one of them sighed with emotion. "At that time, young master said that the seven of us were to stay here to guard the passage in case someone repaired it. At that time, I was very disdainful and thought it was unnecessary. At this moment, it was indeed necessary. I have to admire my young master's intelligence and wisdom."

Yunxiao's eyes swept over the seven people one by one as he chuckled and said, "I think your young master is really stupid. Otherwise, he wouldn't have sent the seven of you to your deaths!"

what a joke! Judging from your aura, you're just a third-tier Alchemist. Do you really think you can kill the seven of us? "

The person in the lead only felt that it was funny.

don't talk nonsense with him, " another man said. these alchemists are all out of their minds. They are so arrogant and arrogant. I've suffered a lot from these people. Let me kill this man to calm down.

I've been in this void for so long, and I'm bored to death. It's not easy to have something fun, so how can I let you enjoy it alone? if you want to go, let's go together!

Another person shouted as if he had seen meat and began to distribute it.

...

Yunxiao was not in a hurry, so he watched them struggle coldly. Among the seven, except for one who had the cultivation base of a martial honor, the others were all martial emperors. I'm curious who the young master you are talking about is? "

“Why would a dying man know so much?” one of them snorted coldly.

you can't even tell someone who's about to die? ” Yunxiao laughed. you can't tell me? ” Don't be so cruel, okay?”

“Not good!”

“An ant should have the consciousness of an ant's misery!” The man sneered.

The martial venerable snorted. stop fighting. He's just an ant. I can kill him with one move. He's not enough to fill the gaps between my teeth. If you don't want to go, I'll go.

“Don't, let us have some fun!”

The other six people said almost in unison as they rushed forward.

since I can't get anything out of you, ” Yunxiao said, ” I'll give you an eternal rest!

He pointed a beam of light at his feet, and the divine realm tablet immediately shone with a bright light and flew forward. Three people flew out of the light. Yunxiao smiled and said, ” “It's been a long time since I let you out to get some fresh air. You can move your muscles and bones.”

The three of them stood in a row. They were Duan Yue, Yue jiulin, and DarkThunder. The aura they exuded startled the six men, and then they were shocked.

...

“What's going on? where did these two people and one beast come from?”

not good! They're almost at the peak of the Martial Emperor realm!

try to keep them alive," Yunxiao said. I have something to ask.

"Don't worry, as long as that revered martial artist doesn't interfere, these people won't be a problem!"

haha! Duan Yue burst into laughter and said heroically, " old Yue, how many of them will you deal with?"

Yue jiulin snorted lightly. they're just a motley crew. Whatever.

The two of them had stayed in the divine realm tablet for too long and had already broken through to the peak of the Martial Emperor realm. In addition to the DarkThunder, there were a total of three experts at the peak of the martial venerable realm, which shocked six people!

"Impudent! With this old master here, how can you be so arrogant!"

The martial honor was also shocked, but fortunately, they were only martial honors and were still within his control.

"Dear, your opponent is here."

Although Yunxiao's voice was gentle, it rang in his ear like a Talisman of Death.

Then, the martial honor expert saw a puppet that emitted the aura of a peak martial honor appear in front of him. His heart immediately sank to the bottom and became cold.

"Go!"

Yunxiao snapped his fingers, and the calabash King Kong, Duan Yue, and the others rushed forward heroically. The seven enemies fell into despair, and it was a one-sided slaughter.

In just a few breaths, three of the seven were dead and four were seriously injured.

The martial venerable was also brought forward by the gourd Little King Kong. Duan Yue shouted that it was boring and that his opponent was too simple, so he brought Yue jiulin and DarkThunder back to the divine realm tablet.

“Alright, can you all tell me who this young master you’re talking about is?”

All the meridians in the revered martial artist’s body had been broken, and he was almost paralyzed. He groaned, ” “Kill, just kill me! Young master will definitely avenge me!”

Yunxiao shook his head and sighed. I hate tough people the most when I’m interrogating them. Besides, you’re all just pretending to be tough.
