

## The Eternal 611

### Chapter 611-amusing idiot reappears

Yunxiao pointed a finger at the revered martial artist, and two sword beams immediately shot out. With a miserable scream, the revered martial artist's arms were separated from his body and flew into the endless night.

The faces of the other three who had not died all changed. They were not afraid of death. To be able to walk on the martial path until now, which one of them did not take life and death lightly? however, a warrior could be killed but not humiliated. It was very difficult for them to die from humiliation!

just kill us. If you're also a martial artist, then please give us the dignity that martial artists deserve!

the dignity of a warrior?" Yunxiao sneered. Then please do your part as the loser!"

"The responsibility of the loser?"

Everyone was confused and frowned.

that's right, it's the responsibility of the loser," Yunxiao said. tell me everything I need to know first, or don't talk to me about the dignity of a warrior.

The four of them trembled, and the martial venerable said in horror, " "No, I can't say! I said that young master won't let us go. It's fine if you die, but don't drag our family down with you!"

"Sigh, life and death are both difficult!"

then I'll have to torture you slowly! Yunxiao sighed.

The four men trembled. When they looked up at Yunxiao in fear, they saw a pair of blood-red Crescent eyes.

.....

At the place where the teleportation Grand array was being repaired, everyone was already somewhat impatient from waiting.

The eighth-tier Alchemist frowned and said, "Is he really repairing the formation? What was the point of sitting there knowing that the space passage had broken in the void? He's just pretending to be a ghost!"

His thoughts were shared by everyone except Mo Xiaochuan.

"Shut up, you frog in the well!" Mo Xiaochuan said coldly.

If this kind of blame and suspicion fell on him, he could just laugh it off and not mind at all. However, he could not tolerate anyone who was fighting against his master. Mo Xiaochuan was afraid that he would not be able to take it anymore and would kill this person with a single palm.

"Hmph, what else do you have other than cursing? If you want me to shut up, then show me some real skills!"

The eighth-tier Alchemist couldn't help but burst out in anger, "I've always been in charge of repairing this array, and it's almost complete. You've just arrived. Not only is it useless to repair the array, but you're also trying to play tricks. How hateful!"

"Oh, almost finished? If you really had the ability to finish it, would we still be sitting here in boredom?"

"If you don't have the ability, then just sit here and wait!" Mo Xiaochuan said coldly.

"Enough, I've had enough! Even a martial Supreme doesn't have the right to shout in front of me. I've seen many martial Supremes!"

The eighth-tier Alchemist rose to his feet, pointed at Yunxiao, and said, "Your young master Yun, if you can repair this teleportation array, I will immediately kneel down and kowtow to you. If he can't, then make him kneel down and kowtow to me. Do you dare to bet?"

Mo Xiaochuan furrowed his brows and said, "although I'm willing to take the bet, I can't make the decision regarding young master Yun's matters." How about this, if young master Yun can't repair it, I'll kneel down and kowtow to you. If he's done with the repairs, you can just kneel down and kowtow a few times, but there's no need to acknowledge him as your master. I don't think he'll accept you as his disciple."

"You coward!"

The eighth-tier Alchemist was exasperated, and he said angrily, "I'll make you kneel then. Although I've seen many martial emperors, I've never seen a Martial Emperor kneel before me!"

Mo Xiaochuan laughed. also, no eighth-tier Alchemist has ever knelt before me. I think it'll be very enjoyable!

The bet between the two of them immediately made the people around them dizzy. This was no ordinary bet. Whether it was an eighth-tier Alchemist or a Martial Emperor kneeling, it was a big event that could shock the whole city, and everyone was drenched in cold sweat.

"Big brother, how could you be so careless?" mo Huayuan was also shocked. Although he knew how powerful Yunxiao was, he did not believe him so blindly.

Mo Xiaochuan laughed, "don't worry, this idiot is definitely going to kowtow to me." It's just that I suddenly have a wicked idea. If I can see young master Yun fail, it'll be worth it even if I have to kowtow a few times!"

As far as mo Xiaochuan could remember, he had never seen Yunxiao fail. He had been wondering who in the world could defeat his master, whether in martial arts or alchemy. Therefore, when the news of the Holy region ranking battle spread, he was very surprised that Yunxiao was ranked third. In his heart, he really wanted to see what kind of people ao changkong and Zhuo qingfan were. To think that they could actually defeat the gods in his heart!

“This Tao Wu!”

Mo Huayuan was speechless. His lips moved slightly as he secretly transmitted a message, “Big brother, who exactly is this young master Yun? can’t you and I reveal it to each other?”

Mo Xiaochuan sighed. you’ll find out sooner or later. There’s no need to rush!

Mo Huayuan was completely at a loss for words. He could only sigh and pray in his heart that Yunxiao would not fail. Otherwise, he would never be able to accept watching his big brother kneel down and kowtow to someone.

The eighth-tier Alchemist was still very respectful to mo Huayuan, and he said, “Don’t worry, master mo. On your account, I’ll get your elder brother to apologize. He doesn’t need to kneel!”

“Thank you!” Mo Huayuan said gratefully.

Suddenly, Yunxiao, who was sitting in the center of the array, slowly opened his eyes and said with a smile, “Even so, I’m too embarrassed to ask you to kneel.”

“Young master Yun!”

Mo Xiaochuan was the first to rush up and say, “How is it?”

of course! Yunxiao laughed. in order to stop you from kowtowing to others, I’ll repair it even if I have to risk my life! Otherwise, if you kowtow to someone, wouldn’t I be honored?”

“Sigh, how disappointing!”

that idiot was so confident, ” mo Xiaochuan sighed. I thought I could finally see you fail once.

His pretentious look immediately made everyone want to give him a few slaps.

After a brief daze, the eighth-tier Alchemist shook his head in shock and said, "Impossible! I don't believe you! You're lying!"

He hurriedly ran into the array and began to pour his soul power into the array. Soon, his expression changed drastically and he became completely stunned!

Mo Huayuan was shocked as well. He checked everything in horror and found that they had all been connected to an infinite distance. He looked at Yunxiao in shock, and his heart was in turmoil. 'Such a powerful strength ... Is he a ninth-tier being?'

Although Yang Ping and Li Feiyu were also shocked, they were more happy.

Li Feiyu took a deep breath and laughed, "I can finally leave this damn place!"

Yang Ping said, "a ghostly place?" Could it be that my hospitality in Yufeng city wasn't good enough for young master Li to be so displeased?"

Li Feiyu knew that he had misspoken and hurriedly apologized.

Yang Ping laughed loudly. young master Li, there's no need to be so polite. There are still seven days left until the martial arts and sorcery double gathering in songyue city. If we don't make it in time, myriad treasures store's position will be in danger.

"Lord yang is being too serious. Myriad treasures store's Foundation isn't supported by one or two people, and it's not something that anyone can shake. The entire ten thousand treasures tower doesn't have many of me, and its ability is really limited."

...

Yang Ping smiled. since this teleportation array was repaired by young master Yun, it should naturally be used by young master Yun and young master Li first. Please, everyone!

The eighth-tier Alchemist was still standing in the array, stunned.

Even though Mo Xiaochuan had won, he was a martial Supreme. Naturally, he would not be petty and would not be bothered to make him fulfill his promise. Earlier, it was only because he had pointed at Yunxiao that he was extremely angry.

Hua Yuan, farewell. I don't know when we'll meet again!

Mo Xiaochuan sighed. Blood was thicker than water, and he was closer to his cousin than any other biological brother. After this short meeting, they immediately went their separate ways.

"Big brother, I should be staying by master's side and continuing to train. If you have time, you can come to the Holy region to find me at any time!"

Mo Huayuan was also extremely reluctant to part, and the two brothers hugged each other.

All of a sudden, a strange voice rang out in the air, followed by a strange laugh, "Yangping, why didn't you inform us that the teleportation formation was fixed and let someone else use it first? Our Lord really has a high status in your eyes!"

Yang Ping's expression changed to one of shock.

A beam of light shot over from the distance, passing through the layers of defenses of the Warriors. No one could react in time. Moreover, the power of that light was so strong that no one dared to block it!

When the light fell on the courtyard and spread out, there were actually nine cultivators. Among the eight people, there was an old man in green, his green robe full of skull patterns, who was lazily sitting in a palanquin.

...

The eight martial artists around the old man were all overbearing. A young man on the left shouted, "Yangping, my Lord said that if it's repaired, he'll be the first to be informed. You actually let someone else use it first. Do you still have my Lord in your eyes?!"

Yang Ping was shocked. He quickly bowed and said, "Lord Gongsun, this formation was repaired by them a moment ago. That's why I let them use it first. It's also a test to avoid any mistakes. It would be too dangerous if something went wrong during the void travel!"

"Oh, so there's a reason why you didn't take my words to heart?"

"Since it's been repaired, let them get lost," the old man said slowly. I'm willing to be the test subject to prevent those weak dregs from accidentally losing their lives."

Yang Ping's forehead was covered in cold sweat as he said awkwardly, "This bi an, Lord Gongsun, this is not appropriate. You are a bi an."

"Alright! Don't talk nonsense, I've made up my mind to make them scam!"

Gongsun Zhan pointed at Yunxiao and the others, but his eyes were half-narrowed, as if they were not worthy of his attention.

Under his aura, Yang Ping did not dare to disobey him. Instead, he looked at Yunxiao with a pleading look.

since when did the heavenly martial realm have so many stupid birds?" Yunxiao frowned. "

Mo Xiaochuan laughed. who said they're stupid? that's because they're all very smart when you're powerful. They know how to be your grandsons. How can such people be called stupid birds? At most, he's just a clown."

Chapter 612-sword intent

Everyone broke out in cold sweat when they heard the conversation between the two. They were probably the only ones who would dare to say such things. Yang Ping kept muttering in his heart, "

please don't destroy the teleportation formation again. If that happens, I'll really be crying without tears.

"Impudent! Do you know who my Lord is? They really deserve to die!"

The martial artist who had spoken was furious. Without saying a word, a sword light shot out from his body and he rushed forward as one with the sword. The Golden qi was pressing and the cold intent spread out!

Although he could not see through mo Xiaochuan's cultivation base, he could see Yunxiao's one-star Martial Emperor level at a glance. In martial arts, only people of the same realm could fight with each other, and the gap between their strength was too big. Since mo Xiaochuan and Yunxiao were talking and laughing so intimately, their strength was naturally about the same.

Mo Xiaochuan gently extended two fingers and pinched the tip of the sword. With a gentle twist, the sword was broken into seven or eight pieces. Then, he turned his fingers into a palm and pushed it forward. The wind from his palm swept up the broken blades and twisted them into an overbearing palm force.

"Bang Bang Bang!"

Several broken blades pierced through the body of the man who was attacked by the flying sword, and seven or eight large holes immediately appeared on his body. He let out a blood-curdling scream and spat out a mouthful of blood in the air like a fountain. He was also sent flying and fell to the ground, dead.

"I'm scared!"

This swift action was done in the blink of an eye. Before the other seven martial artists could react, they saw their arrogant and overbearing companion turn into a corpse. They were so scared that they took a few steps back.

"You have guts!"

Gongsun Zhan's expression changed drastically, and he turned his fiery eyes to look at mo Xiaochuan. His pupils contracted when he saw mo Xiaochuan. "No wonder someone dared to ignore my dignity. It turns out that there's a martial sovereign among them. Don't you know that there's still a huge difference even if we're all martial sovereigns of the nine Heavens?"

"So you know about it too," mo Xiaochuan laughed.

Gongsun Zhan gradually calmed down. He was no fool. In fact, no one who could cultivate to the rank of a martial Supreme was a fool. He couldn't tell how strong his opponent was, but he was sure that his fearless attitude was real!

After advancing to the martial Supreme realm, one could control the rules of heaven and earth at will. With a raise of one's hand, one would possess the power of rules. Therefore, even martial Supremes would find it difficult to see the other party's depth. They could only find out after they had tried. However, if the gap between them was huge, the result would be disastrous.

"Tell me your name first, I don't fight with nameless people!"

Gongsun Zhan was afraid and didn't dare to attack rashly. He wanted to get some information from the other party's words first. This was also a common way of talking among martial sovereigns.

Mo Xiaochuan chuckled. you're so funny. Get lost!

"You coward!"

Gongsun Zhan's face was ashen from anger as he sat on the palanquin, looking extremely embarrassed. One of his subordinates had died for no reason, so how could he just leave after losing so much face? However, if he wanted to fight, the other party's fearless and calm appearance made his heart beat like a drum.

Moreover, his real goal was not to snatch the teleportation order. There was no need for him to have any conflict or even conflict with a martial Supreme.

“This place is too small. If a fight breaks out, I’m afraid that the teleportation formation that has just been repaired will be damaged again. That’s why it’s so weak,” he said.

Mo Xiaochuan interrupted him impatiently. I can kill you in a matter of minutes. How dare you think that the teleportation array will be affected? you’re overthinking it!

“How arrogant! I’m so angry!”

Gongsun Zhan couldn’t hold it in any longer. His opponent had humiliated him without any mercy. If he could still swallow this, then what had happened today would definitely become a knot in his heart in the future. It was very likely that his cultivation would stop, and it might even develop into a demon in his heart.

The essence of martial Dao was to never turn back and to press forward with indomitable will!

How could an ordinary person be able to cultivate to the rank of a martial Supreme?

Gongsun Zhan understood this as well. Mo Xiaochuan’s mockery had reached a point where he had no choice but to attack. His anger was instantly buried, and he appeared as calm as still water. He was like a completely different person!

The people in the surroundings trembled all over. It was as if they had been next to a volcano that was about to erupt, afraid that they would be burned to ashes by the lava that would spew out at any moment. However, at this moment, it was as if he was in an ice cellar, and he could be frostbitten by the frosty Qi at any time.

not bad, ” Yunxiao praised with a smile. you can stop your anger and control your emotions perfectly. Your cultivation is indeed not bad.

He was praising Gongsun Zhan, but to Gongsun Zhan’s ears, it sounded like he was mocking him. Gongsun Zhan’s emotionless heart immediately began to stir, and a trace of anger appeared on his face. A cold light flashed in his hand, and sword Qi flew out!

“Sword sweeping through the heavens and breaking the vast!”

The sword contained a vast and boundless feeling, giving people a kind of carefree and relaxed spirit, the spirit of the vast heaven and earth.

“Good sword, this idiot has some skills!”

be careful,” Yunxiao said. don’t let it be destroyed again!

After saying this, he flashed to the nearby area like everyone else. A martial Supreme’s sword force could even turn his initial-stage inextinguishable golden body into ashes in an instant.

“Mm! No wonder you’re so blind, you really have some skill!”

Mo Xiaochuan took a step back with his right foot, and a golden light spread out under his feet, enveloping the entire teleportation formation in the golden light. He was afraid that the formation would be destroyed by the Qi of the two. After that, he waved his fists in front of him. Vital Qi gathered from all directions along with his fists, and the sword was caught between his fists.

The control of his power was extremely exquisite. He did not let the slightest bit of the aftermath spread out to prevent the shock from hurting the people nearby.

Gongsun Zhan was shocked. Just this move alone showed that the other party’s control of power was far superior to his. However, just fine control was not enough. The most important thing in determining victory was still absolute strength!

He poured his Emperor Qi into the longsword, which instantly shot out beams of light that broke through the vital Qi defense in mo Xiaochuan’s hand. He pushed the sword three feet forward and stabbed it straight at mo Xiaochuan’s heart.

Mo Xiaochuan’s expression was as calm as ever. The wind from his fist shook the sword, creating an ear-piercing melody. He was bitter that he couldn’t move his feet. Otherwise, once he moved, the formation

would easily be shattered by the Emperor Qi, and they wouldn't have time to carry out large-scale repairs.

“Clang clang clang!”

The fist shadow fluttered around his body like a butterfly. Under the punch, more than thirty layers of Qi strength piled up and pressed down, one powerful one after another.

Gongsun Zhan's long sword was under great pressure. The sword changed its direction and stabbed out. The sword Qi continued to shoot out from the tip of the sword, piercing through the void within a thousand meters.

The people in the surroundings were so shocked that their faces turned green. If anyone had been pointed at by the long sword just now, they would have been instantly finished.

It was true that mortals were involved in a fight between Immortals!

you're fighting with me, and you're still trying to protect the array. How arrogant!

Gongsun Zhan's confidence was greatly boosted after the first strike. He swept his sword horizontally, and the sword light condensed into an illusionary shadow outside the sword body, as if it had a sword spirit. It brought a bloodthirsty aura to people, and it slashed down without mercy.

Mo Xiaochuan's right foot did not leave the ground as he turned his body. Two of his fingers formed a sword gesture as he pointed at his opponent's sword shadow in the air and shouted, “If it weren't for the fact that you had to protect the formation, do you think you would still be alive?”

“Bang Bang!”

The finger power turned into a sword and was instantly destroyed by the sword shadow. Gongsun Zhan's sword was so powerful that he wanted to turn the sword shadow into ashes!

Mo Xiaochuan's expression finally changed. Half of his power was channeled to his right foot to protect the formation. His movements were restricted and he was restricted in every way.

"B\*tches are so pretentious. They clearly see the gap between you and me, but they don't know how to back off. And you're still vainly thinking of using my defensive spell formation, you can take advantage of this! Even so, stay here forever!"

...

A powerful sword Qi burst forth from mo Xiaochuan's body. Just by standing there, he seemed to have transformed into an invincible divine weapon that was about to be unsheathed!

Just the power of the sword was enough to make Gongsun Zhan's sword stop for a moment, as if it had sensed something dangerous. The sword suddenly let out a long, ear-piercing sound, as if it was warning him!

"Not good!"

Gongsun Zhan was shocked, and he tried to put away his sword and run away. It was only at this moment that he realized how terrifying mo Xiaochuan was. It turned out that mo Xiaochuan had only been a warm-up for him. Under the sword Qi, he only felt cold all over and no longer had any will to fight!

"You want to leave? You've already eaten sh\*t?"

Mo Xiaochuan's cold voice rang out as he raised his right arm. The shape of a sword seemed to have appeared on his right arm, shimmering with a dim light.

Li Feiyu's pupils contracted as he stared in shock at mo Xiaochuan's right hand. He couldn't tell if it was a real sword or just a sword-shaped one, but the sword intent was so powerful that it rippled through the entire courtyard, causing everyone to feel a chill in their hearts!

Yunxiao's expression changed slightly as well. He stared at the sword intent with a smile in his eyes, as if he appreciated it very much.

"The mortal world gazes at Ying Haoyue!"

The sword technique was the Mo family's thousand Conqueror noble art, and it was much more powerful than Yunxiao's. Because he had learned the technique from his ancestor, it was a world of difference from the superficial technique that Yunxiao had only seen a few times!

As the sword light came down, a sea of sword Qi spread out. All the Warriors within a few miles were trapped in this sea of sword Qi. They held their breath in horror and didn't dare to make the slightest movement. It was as if they would be immediately cut into pieces by the sword Qi, or even be reduced to nothing.

...

"Argh! Stop, I'm just a bit of an..."

Gongsun Zhan was completely terrified. He shuddered and screamed, but his voice was instantly drowned out by the sea of Swords. Not only him, but the seven warriors behind him also died without even a scream, as if they had never existed in this world.

A huge chasm split open from the ground, with Mo Xiaochuan's right foot as the tip. It extended for a thousand meters, and its depth was unknown!

"Tsk! You don't know what's good for you, you're wasting GE's sword intent!"

Mo Xiaochuan snorted contemptuously, then turned to Yunxiao and said, "Young master Yun, how was that sword strike?" His eyes were full of expectation, hoping to get his master's approval!

Li Feiyu and the others were already covered in cold sweat. They were so shocked that they had forgotten how to move. Their nerves were too tense to relax, and they couldn't even move their necks. They could only cough dryly, unable to make a sound.

## Chapter 613-welcome

“Big brother, you’re amazing!”

Mo Huayuan was overjoyed and praised sincerely, “ I wonder what’s big brother’s cultivation base now. The strength of that sword strike, according to my estimation, is at least a three-star martial sovereign!

“Hehe!”

Mo Xiaochuan smiled triumphantly, but his eyes never left Yunxiao, as if only Yunxiao’s affirmation was true.

Yunxiao smiled as well, but he said indifferently, “ “There’s no need to use a butcher’s knife to kill a chicken. You’re too lazy.”

Mo Xiaochuan heaved a sigh of relief, as if he was afraid that his master would be dissatisfied with his performance. Yunxiao’s lack of criticism was already the best praise. As for saying that he was too lazy, it meant that he could have continued to fight and defeat the other party, but he was too lazy to do so and directly killed the other party.

“I’m just afraid that he’ll waste everyone’s time, haha!”

Everyone listened to his laughter, but no one laughed. Their stiff bodies began to slowly melt, and they could move slightly.

A Nine Heavens martial sovereign, who was extremely arrogant a few minutes ago and had a little reputation in the North Region, was directly annihilated by him after just a few moves.

No one but Yunxiao and himself could laugh!

let's go. We've wasted a lot of time. There are only seven days left. I'm afraid that little girl has already become an ant on a hot nest!

Yunxiao could not help but laugh when he thought of Ding Ling'er's impatient look.

"Little girl? Is it Shi Zhenzhen, Oh, Madam Li?" Mo Xiaochuan's eyes lit up as he began to gossip.

you'll know when you get there," Yunxiao said with a smile. it's very likely that you'll see an old friend.

Mo Xiaochuan's heart skipped a beat and he exclaimed in joy, " "Could it be a Suan ni?"

Yunxiao nodded and smiled. since he already knows my whereabouts, he is probably already in songyue city. Let's go.

He stepped into the formation with mo Xiaochuan following closely behind.

After li Feiyu regained his composure, he also walked into the formation.

big brother, we'll part here. If you're free, you must come to the Holy region to find me. We'll meet again!

Mo Huayuan couldn't bear it and even felt like crying.

stop it! mo Xiaochuan scolded jokingly. you're an eighth-tier Alchemist who's revered by thousands of people! I won't be able to face you if you cry!

Yang Ping hurriedly piled up large amounts of primordial stones on the formation and said, " "We welcome everyone to come to Yufeng city again!"

Yunxiao smiled as he performed an incantation gesture. A large number of primordial stones instantly turned into ashes, and the spirit Qi was sucked into the array. The entire array began to operate.

Then, the three of them felt a huge tearing force, and their bodies were no longer in Yufeng city. They could feel all kinds of forces constantly surging from all directions, attacking their bodies and even their spiritual senses. This was something that was bound to happen in long-distance teleportation. Fortunately, the three of them were not ordinary people, and they were all indifferent.

Soon, in the endless darkness, a spot of light appeared in front of them. It grew bigger and bigger until it was the size of a human. The three of them were already outside the void. They could hear a faint sound.

someone else has been teleported here. Quick, see if there's anyone here.

sigh, this is already the 13th batch today. They probably have no other choice.

get your spirits up. Can't you see that our captain's expression is getting worse and worse? don't get yourself into trouble!

"The captain must have been scolded by the higher-ups, but this is not something we can decide. Perhaps Lord Li Feiyu is currently enjoying himself with a bunch of young and beautiful girls."

"How could this be? in a time like this, Lord Li Feiyu would not be so insensible. Something must have happened!"

After the three of them appeared in the void, they did not feel dizzy. They appeared in a space steadily. There were actually cultivators in armor and swords all around, and the atmosphere was strict and tense. Everyone's faces were cold.

"Eh, what's going on? Isn't this Songyue Yang city?"

it's a very undisciplined and peaceful city," Yunxiao said curiously. why has everyone become so tense?  
"

"Ah?"

The first voice cried out in surprise and joy, "L-Lord Li Feiyu! It's Lord Li Feiyu, you've finally returned!"

All the armed martial artists in the surroundings became nervous at once. They were all filled with joy, as if their mission had been completed.

"Sir Ren, Sir Ren, Sir Li Feiyu has returned!" The man from before hurriedly ran out and shouted.

brother li," Yunxiao said with a playful smile, " thanks to you, so many people have come to welcome us. It's a great honor.

"I've embarrassed myself in front of young master Yun," li Feiyu replied awkwardly. These people must think that I don't know the severity of the matter and didn't return for such a big matter. I'm afraid they're already anxious." "Who's the one in charge here? why are they surrounding the teleportation point like this? are they going to be laughed at by the world?" he shouted angrily.

There were a total of four regional teleportation arrays in songyue city. At the same time, there were also four teleportation points. This place was surrounded by people from the ten thousand treasures building, and the other three places were probably no exception.

"A joke?" mo Xiaochuan sneered. How could it be a joke? with such boldness, it should make the people of the world tremble."

Li Feiyu's forehead was dripping with cold sweat, and his eyes were about to spit fire. Although myriad treasures store was the leader of the merchant Union, doing this would probably cause many people to feel resistance.

"Feiyu, you're finally back! I was so worried!"

A loud and clear voice was heard. Before any light could be seen, an old man had appeared in front of the three of them.

The old man was in high spirits and was dressed in a brocade robe. He did not look at Yunxiao and Mo Xiaochuan. Instead, he laughed and took Li Feiyu's hand, then said, "Haha, perfectly fine! I was really afraid that something had happened to you, and we old fellows were so worried! Let's go back quickly and let the Vice tower master be at ease!"

"Elder Ren!"

Li Feiyu flung the old man's arm away and bitterly smiled, how did you make such a big scene? everyone is laughing at us!

Elder Ren puffed out his chest and said matter-of-factly, "A joke? Who dares to laugh at us! We call the shots in Songyue Yang city. If anyone dares to laugh at us, we'll make them scam!"

"Domineering, domineering!"

Yunxiao clapped his hands and laughed.

Li Feiyu was speechless for a moment before he hurriedly introduced, "This is our sect's seventh elder, Ren Guangzhen. These two are good friends I made on the way here, young master Yun and his friends!"

He did not know Mo Xiaochuan's name, so he could only introduce him in this way. "If it wasn't for their help, I'm afraid I would still be trapped in Yufeng city, and I might not be able to make it in time for the Grand meeting."

"Oh? Yufeng city? No wonder I couldn't find you even after I sent so many experts to look for you. You were in the corner of the North Region. What's the situation?"

...

Ren Guangjun did not pay much attention to the two of them after taking a glance at them. However, when his gaze fell on Mo Xiaochuan, he was slightly surprised, but that was all.

Li Feiyu briefly explained the damage to the teleportation array and said, if it wasn't for young master Yun and his friends, we'd be in real trouble this time!

Ren Guanglin then sized mo Xiaochuan up and said, "Master Yuan gaohan, who is in charge of the sacred zone's spiritualist, is your brother's master? And you entered rain Summit City from South Fire City. Could it be that your brother is mo Huayuan, and you are mo Xiaochuan?"

Mo Xiaochuan's body trembled slightly as he exclaimed in shock, "the myriad Treasure Tower's information is actually so comprehensive and so detailed. Truly terrifying! There seemed to be a hidden meaning in his words.

"Old man Ren, you know them?" Li Feiyu asked in surprise.

Ren Guanglin chuckled and shook his head, "I don't know him, but one of master Yuan gaohan's genius disciples is in nanhuo city. He's a member of the mo family in black iron City. Everyone in the world knows about this, let alone the most well-informed myriad treasures store. As for the brother of that genius disciple, mo Huayuan, very few people know that he's you, mo Xiaochuan!"

"Oh?" Li Feiyu frowned. It seems that master Huayuan and Lord Ogawa are quite famous, but why have I never heard of them?"

"That's because the younger generation's time has passed." Ren Guanglin smiled. Right now, you four prodigies of the North are the most famous in the world. Mo Xiaochuan's reputation was even greater than his brother's back then because his master was the third-ranked titled Martial Emperor."

Li Feiyu was shocked. His body suddenly trembled as he involuntarily cried out, the third martial sovereign, Gu Feiyang with the title Army destroyer?!

Yunxiao's pupils constricted slightly before returning to normal. No one noticed that his emotions had been slightly disturbed at that moment.

yes. Back then, Lord Gu Feiyang was insufferably arrogant. It could be said that he was like the sun in the sky. His disciples were also famous throughout the world. What a pity, Qianqian.

...

Ren Guanglin sighed.

Li Feiyu also understood that the word “pity” was only used after Gu Feiyang’s death. He looked at mo Xiaochuan with respect. He did not expect this man to have such a powerful background. No wonder he was so powerful.

However, if mo Xiaochuan’s background was so great that he was not only Gu Feiyang’s disciple but also a member of the mo family in black iron City, then what was the identity of Yunxiao, who he had protected and protected like a servant?

When he thought of this, he suddenly felt a headache, and even more so, a sense of fear. It seemed that he didn’t dare to think further.

Mo Xiaochuan laughed heartily. haha, master’s incident happened a long time ago. It doesn’t matter whether it’s a pity or not. It doesn’t matter at all!

Ren guangxun looked at him strangely, and a trace of contempt flashed in his eyes, “You’re quite open-minded.”

hehe, a Sage once said that time is the best healing potion. After a long time, you will be able to see through everything. Haha!

Mo Xiaochuan acted as if he had seen the fickleness of the world, but Ren Guangjun and Li Feiyu despised him in their hearts. After all, the ten great martial sovereigns held a very high status in the hearts of all the martial artists.

“Hmph, it’s good that you’ve gotten over it!”

Ren guangzhen said coldly, “Feiyu, let’s go,” He did not seem to want to stay with mo Xiaochuan any longer. As for Yunxiao, he had already ignored his cultivation base of a one-star Martial Emperor, and he did not even think that anyone was there.

Li Feiyu's heart skipped a beat as his eyes flickered. He slowly opened his mouth and said, "Young master Yun, why don't you come to my myriad treasures store and let me do my part as the host?"

Chapter 614-song Yue Yang city

Yunxiao frowned. He noticed that Li Feiyu's expression seemed to have changed, so he said, "No need, I also have important matters to attend to, so I'll take my leave for the time being. We're all in the city anyway, so we'll probably meet again soon."

"Songyue yang city is too big. I'm afraid that young master Yun will get lost since it's his first time here, so it's better for me to accompany him," Li Feiyu said.

Yunxiao's background was too strange and mysterious, and Mo Xiaochuan's strength was also extraordinary. He did not know what secret map he had in Songyue city, but he suddenly had the idea of controlling the two. If there were any unstable factors in Song Yue Yang city, then these two were definitely them.

Ren Guangran immediately understood Li Feiyu's meaning and laughed, "Haha, that's right! The two of you should come with us to the Myriad Treasure Tower, and then our people will be responsible for accompanying you! It's very dangerous for the two of you to walk around aimlessly."

Mo Xiaochuan said, "Why do I feel that following you guys is the real danger?" Young master Yun, let's go. Let's not waste time with these bad people."

"Yes, yes!"

Yunxiao nodded and turned to leave.

Ren Guangyao snorted, "You two don't give Myriad Treasures Store any face?" You can't even invite me personally?"

As soon as his voice fell, the atmosphere suddenly became tense. The surrounding cultivators also seemed to have noticed that something was wrong and became daggers drawn, as if dark clouds had appeared in the sky.

Ren Guangjun was confident that once he spoke, the two of them would definitely surrender.

However, the result made him stunned.

it looks like you two have nothing better to do," Yunxiao said. aren't you afraid that your balls will break if the pain is too much? "

These words were shocking. They dared to say such words in front of the seventh elder. All the people of the ten thousand treasures building were stunned. Then, they drew their weapons and surrounded him. Their attacks and steps were in unison. Their imposing manner instantly condensed, and a powerful pressure rolled up. This was definitely a team that had been trained to a terrifying level.

Mo Xiaochuan looked around in disdain and scoffed. "What's the use of this group of trash? Do the two of you want them to follow you in breaking eggs?"

Li Feiyu was shocked. With mo Xiaochuan's strength, Yunxiao could act arrogantly in Yufeng city, but now he was in song Yueyang City, and the seventh elder's cultivation base was absolutely superior to theirs. Yet, he was still so arrogant. What exactly was he relying on?

Ren Guangzhi also cast an inquiring look at li Feiyu. Li Feiyu felt that he was in a difficult position. If he were to fall out with Ren Guangzhi, who knew what kind of big trouble he would cause.

hehe, I'm just inviting you out of good intentions, " he said with a smile. since young master Yun is unwilling, I can't force you. But could young master Yun tell him why he had come to songyue yang city? After all, this period was too sensitive. I'm afraid the two of you will be implicated. After all, the two of you are my good friends. Feiyu will protect the two of you even if it costs him his life!"

The hostility was suddenly inspired by his words, as if he was going to go through mountains of daggers and seas of flames for his bosom friend. Yunxiao sneered in his heart, thinking that not only did the four

prodigies of the North have a high cultivation base, but their minds were also much stronger than ordinary people's.

With a grateful look on his face, Yunxiao said excitedly, "Many thanks to brother Li for making such a heavy promise, making this one shed tears of gratitude! Don't worry, if I encounter any difficulties in Songyue Yang City, I will directly report brother Li's name. With brother Li's support, I'm afraid no one will dare to do anything to me!"

Mo Xiaochuan laughed as well. This is great. I was worried to death when I came to Songyue City first. I was afraid that I'd run into some expert or something. Now that I have the Myriad Treasures Store as my backing, I can do whatever I want, haha!"

Li Feiyu was dumbfounded, and Ren Guangjun's mouth was also wide open. They felt that this was very inappropriate, but they didn't know what to say.

"You must be joking, young master Yun. If you don't provoke anyone in Songyue City, naturally, no one will provoke you," Li Feiyu replied awkwardly. However, if you take the initiative to cause trouble, then I, Li Feiyu, will also be disgruntled!"

"Understood!"

Brother Li! Yunxiao shouted, "If anyone provokes us, just say brother Li's name! Young master Yun will remember brother Li's kindness. Since the two of you aren't too free, I'm afraid you have other matters to attend to, so I won't disturb you. We're all in Songyue City, so we'll meet again sooner or later."

With a single sentence, he rebuffed Li Feiyu's excuse, leaving the other party speechless.

"I hope so. Young master Yun is the best friend I've ever had!" Li Feiyu forced a smile.

Ren Guangzhen was shocked. Whether it was an act of affection or an emotional response, Li Feiyu must not be a simple person to say such words.

Yunxiao cupped his fists and left with mo Xiaochuan. The group of Warriors around them were all arrogant, trying to stop them.

Yunxiao's eyes gleamed, and a powerful soul power suddenly spread out. In the blink of an eye, the people in front of him trembled and unconsciously stepped aside to make way for them, trembling as they watched the two leave.

"Feiyu, who's that young master Yun?" Ren Guangxin asked. He was merely a one-star Martial Emperor. How could he make mo Xiaochuan bow down to him? Any Martial Emperor powerhouse was extremely proud. Even if you were much more powerful than them, they would at most be afraid of you and respect you. But when I saw him treating this young master Yun, it was as if he was a master and his servant. That wasn't respect, but admiration! Who is he to be respected by a Martial Emperor?"

"I don't know either," li Feiyu replied with a bitter smile. Since when did such a person appear in the realm of heavenly martial arts? it seems that we must let the intelligence Department thoroughly investigate this person as soon as possible!"

"Yes, I'll give the order immediately," Ren Guangxin said. Also, we can't let them mess around in songyue city. We have to figure out their purpose and movements. I'll let Jifeng do this."

"Since it's jiuhuo who's doing this, there shouldn't be any problems," li Feiyu replied.

The people of ten thousand treasures tower immediately reorganized themselves and disappeared from the spatial landing area under the lead of Ren guanghuang and Li Feiyu.

.....

Yunxiao and Mo Xiaochuan left the teleportation drop-off point and walked into the streets of songyue city. The roads crisscrossed and extended in all directions, highlighting the endless prosperity of the entire city.

This was the world's number one shopping center-songyue yang city!

Although the city was large, eight flags were erected in the center of the city, which represented the eight permanent members of the Business Alliance.

It was the dream of every Chamber of Commerce to have their own floating in the sky.

young master Yun, songyue city not only has a lot of merchants, but it also seems to have a lot of spies. We've only taken a few steps, but there are already more than twenty spies following us.

"Hehe, it's a sensitive period after all, so it's normal for the Chamber of Commerces to be a little nervous. Look at these businessmen, they all have their own methods, none of them are ordinary people."

"Should we think of a way to avoid them? It's not convenient for us to find them."

"Hide? Where are you hiding? Every citizen here was a soldier, and songyue city was probably the number one city in the world. Let them go. They're just doing missions to earn a living."

Yunxiao walked to an old woman who was selling tea eggs by the roadside and said, " "Old woman, may I know where Tianyuan trading company is?"

The old woman's face was full of wrinkles. Her body was shaking as if she was going to fall down at any moment. She looked frightened and confused. She said with a creaking voice, "You, what did you say? I-I'm an old, old woman,

"Alright, alright, stop pretending!"

you're only a three-stars Martial Emperor, " Yunxiao interrupted impatiently. do you think no one will recognize you just because you put an aura-concealing talisman on your calf? It's no use. An excellent old woman like you will be like a Firefly in the dark wherever you go. Hurry up and tell me the way to Tianyuan trading company."

The old woman, "Yingluo."

“How did you find out?” she asked after a long pause.

Mo Xiaochuan laughed and said, “everyone on the way here is a powerful martial artist. How could an old woman with no cultivation at all appear?” Moreover, how could an ordinary old woman afford to eat so many herbal tea eggs? Hurry up and don’t waste my young master’s time!”

The old woman revealed a look of realization and said, “I see!”

She looked at the two of them, then pointed to the North and said, “Tianyuan trading company’s encampment is about ten miles away. It’s the most magnificent place.”

“Ten li?”

...

“How big is this city?” mo Xiaochuan asked in shock.

The old woman grinned and said, “it runs about a hundred miles from east to west. Why don’t you two buy a south-pointing chariot?” As long as the location is set, this car will naturally take you there. This south-pointing chariot is a specialty of songyue yang city.” She pointed to a shop across the street. There were many strange-looking cars inside, and many people were sitting on the road.

Yunxiao and Mo Xiaochuan found it quite fresh, and there were still a few days before the two meetings, so they were not in a hurry. They called for a two-seater car, set it to Tianyuan trading company’s station, and then drove automatically.

The owner frowned and muttered to himself, “Tianyuan trading company? This time, he would definitely be stripped of his status as a permanent director. Who were these two people, and what was the so-called matter? This news must be sent up.”

Similar things had been happening in songyue city for the past few days. The entire city was a huge intelligence network. Dozens, even hundreds of Chambers of Commerce were gathering all kinds of information. The people working in the intelligence Department were so busy that they were dizzy.

“Xiaochuan, what do you think of the merchant Union?”

Yunxiao suddenly asked as he looked out at the bustling Street in the south-pointing chariot.

Mo Xiaochuan furrowed his brows and did not dare to give a casual reply. After thinking for a while, he said, “He’s as rich as a country, and he’s extremely powerful!”

“En!”

Yunxiao’s eyes flickered as he said, “if the entire merchant Union is United, it can even surpass the seven superpowers and become an existence comparable to the sanctuary and the sea of soul formation.

Mo Xiaochuan was taken aback. He followed Yunxiao’s gaze and looked at the eight flags in the center of the city. Young master Yun, do you mean that if I can become a permanent member of the Business Alliance, I can control the core of the Business Alliance and become an existence that can compete with any major force in the world? ”

Chapter 615-family

Yunxiao narrowed his eyes and said, “on the surface, the merchant Union looks like a pile of loose sand. But, almost all its power is in the hands of the four core alliances. And, among these four core alliances, myriad treasures tower and four extremes sect are the leaders. These two sects controlled more than half of the power of the merchant Union. If these two sects join hands, they will be able to command the entire merchant Union and become a truly powerful existence.”

Mo Xiaochuan laughed. don’t worry about that. Whoever doesn’t make a move in this majestic plan will definitely not cooperate with them.

not under normal circumstances, ” Yunxiao said. but if an external force comes one day, we brothers will fight against it and unite!

“External force?”

“What do you mean, young master Yun?” mo Xiaochuan asked.

for example, the few super sects in the North, ” Yunxiao said with a smile. who doesn’t covet the interests of the merchant Union or the Holy region? What do you think the Holy region is? If it wasn’t for the fact that everyone understood this principle, once the merchant Union was put under pressure, it would definitely lead to great unity. Therefore, for so many years, the merchant Union has been developing in a very relaxed environment, and no one is stupid enough to touch them.”

“Then what are the sects of the North up to?” mo Xiaochuan asked.

I was born in hardship, ” Yunxiao said. I die in peace and happiness. He would let the merchant Union have internal friction, and when the internal friction was enough, he could Annex it. However, this could also lead to another very bad result, which is that an Overlord might appear in the merchant Union during the internal friction. If the merchant Union is truly unified, it would be absolutely disastrous for the North Region!”

“But at least for now, I can’t see such a trend.” The sects of the North would not allow this to happen. They would definitely take all kinds of actions behind the scenes to break the internal unity of the merchant Union. However, the merchant Union is not easy to deal with either. But this kind of power struggle has nothing to do with us.”

The two of them continued to talk about all kinds of secrets of the continent, as well as the disputes of the situation in the past few years. While they admired the prosperity of songyue city, they were also very pleased.

The south-pointing chariot finally arrived at the designated place and continued to move forward. A few martial artists appeared in front of them and blocked the road. They shouted, ” “Who are you? please get out of the car!”

When Yunxiao showed them the token of Tianyuan trading company, the Warriors ‘eyes lit up as they cried out in surprise, ” “So it’s a supreme class member!”

Yunxiao put away the token and said, " on my way here, why does every merchant Union seem to have drawn a circle and listed it as a forbidden area? no outsiders are allowed to enter. Such a big city is already surrounded by dozens of forbidden areas."

The warrior said with a wry smile, " my distinguished guest, you may not know this, but the two conventions of the merchant Union this time are more intense than any previous years. Not only are there forbidden areas, but isolation formations have also been set up to shield the outside world from detection. Anyone who enters must be strictly checked. But you're a Supreme member of the highest level, so you don't need to be checked. However, Wuwu ..."

"You can't go in for the time being," he said hesitantly.

why? " Yunxiao frowned. I want to see your miss ding.

"Just now, the young master brought a group of people in. He strictly ordered that no one is allowed to enter without his orders," the warrior said with difficulty.

"Young master?" young master? " Yunxiao frowned. is the young master you mentioned ding Peng, Ding Ling 'er's younger brother? "

yes, young master ding Peng, " the warrior said. we don't dare to disobey the orders from above. Please wait for a while. It shouldn't be long.

"Is Ding Ling 'er among them?" Yunxiao asked.

"Miss ding is inside as well," the warrior said."She probably has something important to discuss."

Suddenly, Yunxiao's heart jolted. An inexplicable sense of irritation welled up in his heart, as if he had a feeling that something was going to happen. "Let me in!" His expression suddenly changed. Then, without any further explanation, he strode in.

"Honored guest, please don't make things difficult for us!" The surrounding martial artists were all shocked and said.

Yunxiao had the Supreme token of the highest level, and those who had it were all close friends of Tianyuan trading company, or those who had made great contributions to the trading company. There were no more than five people on the entire heavenly martial continent who had this token. They couldn't afford to offend such a person, but they had to obey Ding Peng's orders.

"Alright, I won't make things difficult for you."

Yunxiao spread out his spiritual power, and the space twisted, immediately teleporting him and Mo Xiaochuan away, leaving behind a blank space.

The martial artist was stunned and then said in shock, "Not good! They must have gone in, quickly inform young master Ding Peng!"

One of the Warriors ran inside at full speed, and he could vaguely see Yunxiao and Mo Xiaochuan in front of them. He shouted desperately, "Stop!"

However, the two of them ignored him and disappeared from the forbidden area of Tianyuan trading company.

The main hall in the base of Tianyuan trading company was gloomy.

Ding Ling'er sat in the main seat, and Yu Rong stood behind her on her left. There were four other Warriors standing in a row behind her. They were not strong, all of them only at the cultivation of Martial Emperor.

On the guest seat, a young man in high spirits was slowly savoring the fragrant tea in his hand, gently opening the tea leaves with the tea cover from time to time. There were also four martial artists standing beside the man. They all had cold expressions and were filled with a murderous aura.

A young man walked up to the main seat. He did not dare to look Ding Ling'er in the eye. He lowered his head and said, "Sister, I'm doing this to help Tianyuan trading company. This Chamber of Commerce was built by father, I can't just watch him be destroyed."

Ding Ling 'er's cold and angry eyes shifted from him to the young man below. She said coldly, "Young master Wu, if you have anything to say, just say it. Ding Ling 'er is all ears!"

The young man, Wu Yu, put down his teacup and said with a smile, "Hehe, little sister Ling 'er's words and actions are still so nimble. I have always admired her. Ever since I saw little sister Ling 'er, Yingluo, at the mine source competition in the Eastern Region,"

don't mention the past," Ding Ling 'er interrupted. if there's nothing else, young master Wu, you can leave now!

Wu Yu was not angry. He chuckled and said, "Why is sister Ling 'er getting more and more impatient? is it related to the current situation of Tianyuan trading company? To let little sister Ling 'er work all day and have a bad temper?"

"What's wrong with Tianyuan trading company's situation?" Ding Ling 'er snorted coldly. I feel that everything is fine."

"Sis!" Ding Peng couldn't help but scold her. Young master Wu is here to help us, but why is your attitude so cold? you're pushing the Chamber of Commerce into the fire pit by rejecting your friends. No wonder the Chamber of Commerce has been getting worse and worse after father handed it over to you!"

"Ding Peng!"

"Step aside!" Ding Ling 'er shouted angrily. Their Luo qu Chamber of Commerce has been eyeing us covetously and has been secretly dealing with us all these years. They are our number one enemy, but you actually said you would help us. When did you mix with them?"

After being scolded, ding Peng's face turned red. He roared, "What do you mean by hanging out? I'm here to discuss business with you as the young master of Tianyuan trading company! You will only continuously make enemies for the Chamber of Commerce, but I can turn enemies into friends. Not only will I no longer fight against us, but I will also help us! It's clear how much power we have between us!"

Ding Ling 'er was so angry that her whole body trembled. "Get lost! I'll be in charge of Tianyuan trading company!"

"Why?" Ding Peng asked coldly. Just because of a muddled decision from her father? His father was already old and couldn't distinguish between good and bad people. For such an important meeting, his father didn't even attend. He was already powerless to do anything about the Chamber of Commerce. As for me, as father's only son, I can't just watch the Chamber of Commerce be destroyed in your hands!"

"You, you're pissing me off! Old Yu, take him down and lock him up!"

Ding Ling 'er slammed the table and stood up in anger.

Wu Yu laughed coldly for a long time before he slowly said, "Little sister Ling 'er, there's no need to be angry. Your brother may be young, but he's no less talented than you in all aspects. What he said is true. If we can reach an agreement today, then our two Chambers of Commerce will be as close as one family, and there will no longer be any distinction between each other and enemies. Isn't this a great thing? You've been in power for so long, but have you ever reached this step?"

Ding Ling 'er suppressed the anger in her heart and said coldly, "Oh, I'd like to hear how this good-for-nothing brother of mine is talking to you about how close we are as a family!"

Wu Yu smiled and said, "it's actually a very simple matter." Tianyuan trading company had been very prosperous for a while, but now it was in decline. Their overall strength is far inferior to our Luo qu Chamber of Commerce. However, if you can obtain the full support of my Luo qu Chamber of Commerce, you will definitely be able to return to the peak!"

Wu Yu, has your Luo qu Chamber of Commerce become a charity?" Ding Ling 'er said coldly. you're learning from that screw-like martial sovereign, who doesn't benefit himself at all but only benefits others.

"Haha, there's no such thing as a free lunch in this world." Wu Yu laughed. Little sister Ling 'er naturally had to pay as well. It's actually very simple, as long as sister Ling 'er marries me, we husband and wife will be in charge of the two major Chambers of Commerce, and then merge them into one. Then, the position of permanent member will be in the bag, right?"

“Yeah, sis!” Ding Peng said. When young master Wu becomes my brother-in-law, the two Chambers of Commerce will be close. Brother-in-law will be the president and I will be the Vice President. At that time, it would be easy to get into the core four alliances.”

Ding Ling ‘er was so angry that she almost fainted on the spot. Her delicate body trembled constantly, and she couldn’t say a word.

...

“Young master Peng, you’re really stupid!” Yu Rong said angrily. Isn’t this the same as giving the Chamber of Commerce to this Wu guy?”

Ding Peng pointed at Yu Rong and shouted, “Who Do You Think You Are? how dare you teach me a lesson?” Old servant, get lost!”

“Sister, don’t listen to this old servant’s nonsense,” he said. When the time comes, we’ll share the Chamber of Commerce, and brother-in-law’s will be yours. Otherwise, with the current situation, I won’t be able to hold on any longer. Once I lose my membership, I’ll immediately face the end of being swallowed. I’m doing this for the good of my father’s Foundation.”

Chapter 616-humiliation

“Good, good, good, as expected, father’s Foundation is good!”

Ding Ling ‘er wanted to cry, but she had no tears. She sobbed, “Now I finally understand father’s helplessness. He said that you wouldn’t be able to become a great person, so he let me, a girl, take over the Chamber of Commerce. I’ve always hoped that you could grow up as soon as possible so that I can hand the Chamber of Commerce back to you. Do you know how hard I’ve been working these years?”

All of a sudden, she felt as if all her hopes and dreams had been destroyed. The spiritual sustenance that she had painstakingly supported for so many years had collapsed all of a sudden, and her entire heart was empty.

At this moment, she had a feeling that she wanted to escape. She wanted to escape from this burden on her back, escape from this chaotic and complicated world. Everything she had done over the years seemed to have no meaning at this moment.

“That’s because father is biased!” Ding Peng snorted. Since you have the intention to return the Chamber of Commerce to me, then hand it over now!”

Ding Ling ‘er said painfully, “since you’ve grown up and have your own ideas, I won’t bother about the Chamber of Commerce anymore.” I’m just a girl after all, and you’ll have to inherit my father’s business sooner or later, but can you afford it?”

you don’t have to worry about that, sister, ” ding Peng said. I’ve gathered many capable people and experts of all kinds, and they won’t be less than you. Plus, with young master Wu’s help, I will definitely carry forward father’s legacy!”

Ding Ling ‘er’s face turned pale. She gritted her teeth and said, ” “Good, from today on, you will be in charge of the Chamber of Commerce. Elder sister will not care anymore!”

miss, this matter is of great importance! Yu Rong was shocked. let’s talk about it after we ask the master!

“You dog slave!” Ding Peng said angrily. My ding clan’s matters don’t need you to meddle! Father is already old and powerless, he should just enjoy his old age. Sister can make the decision for this kind of thing!” His eyes flickered with a burning light, and he looked impatient.

Ding Ling ‘er looked at him coldly, and a golden token flew out of her hand. It was the Tianyuan token, which symbolized the Supreme power of Tianyuan trading company, and only the president could wear it!

Ding Peng was overjoyed, and he suddenly took it. He felt a burning sensation in his hand, and a wild smile appeared on his face. He turned the token over and over again carefully, afraid that it was fake.

Wu Yu’s eyes also lit up, and he laughed.”Haha, congratulations, younger brother Peng!”

Ding Ling 'er looked at ding Peng's face, and she was even more disheartened. "Old Yu, please help me leave." It was difficult for her to even stand up.

Yu Rong heaved a long sigh. He didn't expect that Tianyuan trading company would collapse internally at such a critical moment, and that it would never return. He also looked much older all of a sudden. He supported Ding Ling 'er and was about to leave.

"Hold on!"

Wu Yu extended his right hand and stopped the two of them. He grinned hideously and said, "Little sister Ling 'er, the marriage between us has not been agreed on yet."

"Pfft, get lost!"

Ding Ling 'er, who had been weak all over, suddenly had a burst of strength. With a wave of her hand, she shot out a beam of light that went straight for Wu Yu's head, wishing she could tear him into pieces!

"Hahaha!"

Wu Yu laughed and closed his fingers like a knife, cutting the light apart. His eyes were filled with surprise as he said, "Two-stars Martial Emperor? Haha, little sister Ling 'er is indeed one of the two beauties in the merchant Union that everyone drools over. Her talent is so amazing. She's the most suitable woman to be my wife! Brother Peng, we're all family now, so please help me persuade your sister."

After ding Peng confirmed that the Tianyuan order was real, he heaved a sigh of relief and said with a high-spirited look, "Sister, you're not young anymore. You've been running around for the Chamber of Commerce for so many years, it's time to find a good husband and raise children. In the entire heavenly martial arts realm, the four prodigies of the North were the most respected among the younger generation. However, what kind of people were the four prodigies? they would certainly not take a fancy to his sister. So it's better to be more down-to-earth. Brother Yu is the most suitable person to marry, and also the most suitable person to marry."

Ding Ling 'er's heart was so heavy that she almost vomited blood.

Ding Peng frowned and said, "sister, do you want to wait for the right price?" If you're old and can only become a leftover woman, it's better not to have high standards but low standards."

"Haha, how could I bear to turn your sister into a Saint Seiya?" Wu Yu laughed.

it's fine if you're a Saint warrior, " ding Peng snorted. I'm afraid you'll become a saint warrior on the same level as tiger cub. Do you think Tianyuan trading company will have to support you for the rest of your life? " He acted like the head of Tianyuan trading company.

"Pfft!"

Finally, Ding Ling 'er couldn't help but spit out a mouthful of blood, and her whole body swayed.

Yu Rong was so angry that smoke was coming out of his mouth. He roared and raised his iron staff to hit him. He said angrily, "Today, I'm going to offend my superior!"

"You old servant who doesn't know how to write the word" death "!"

Ding Peng was furious. He kicked the iron crutch, and two spiritual pressures spread out. Both of them were forced back a few steps. They were evenly matched.

Ding Peng felt embarrassed, especially on the big day of taking over Tianyuan trading company. He was offended by a servant and was seen by outsiders. He immediately roared in anger, "Kill him, kill this old servant!"

The four martialists of Tianyuan trading company looked at each other, not knowing what to do.

"How dare you disobey me?" ding Peng was furious. He hurriedly took out the Tianyuan order and showed it to the four of them. He said angrily, " "The Tianyuan order is here, you dare to disobey!"

The four of them did not dare to look at the Tianyuan order. They all lowered their heads or even turned their heads away.

Ding Ling 'er had been in charge of the Chamber of Commerce for many years, and she was deeply rooted in people's hearts. She was the one and only leader in everyone's hearts. How could the world change just because of a token?

Wu Yu frowned as well, and a hint of solemnity appeared in his eyes. "Brother Peng, it seems that you still have a long way to go! Today, let this big brother help you hold down the Fort!"

A look flashed in his eyes, and a martial artist beside him stood out. His aura spread throughout the entire area. It was actually the domain of a martial honor. In an instant, everyone's faces turned pale and they even felt a little breathless.

"Sister, where are the Golden edge and silver light that father gave you?" Ding Peng asked with a frown. Since you've given me the Chamber of Commerce, you should give me the two forces as well. Otherwise, the entire Chamber of Commerce would be an empty shell. What use would I have for it?"

Wu Yu's heart was also moved. Each of the eight council members of the Business Alliance was extremely powerful. Although they were all businessmen and did business peacefully on the surface, they all had powerful forces supporting them in the dark. Otherwise, it would be difficult to do business.

"Do you think that the Golden edge and silver Radiance of Tianyuan trading company have always been in my hands?" Ding Ling 'er smiled bitterly and said. If that was the case, would I still be bullied by you guys? Those two powers have always been in father's hands, and he has never given them to me. "

Ding Peng's expression changed drastically, and a trace of panic flashed across his face. "Impossible! His father was already old and had long stopped asking about the Chamber of Commerce. If you didn't have the help of the Golden edge and the silver light, how could you have survived these years with just these few dog slaves? don't lie to me!"

Wu Yu's face also changed. He could tell that Ding Ling 'er was not lying. If the two forces that supported Tianyuan trading company had never been in Ding Ling' er's hands, then it was simply a miracle that she had supported Tianyuan trading company to its current level over the years. He could not help but be shocked.

you can ask my father about this, ” Ding Ling ‘er said coldly. if I could control either the Golden edge or the silver light, would I still be subject to you? ” I’ll wipe you all out today!”

Ding Peng’s heart trembled, and he immediately looked dazed. If his father knew what had happened today, he could imagine what would happen to him. Not to mention, the two most powerful forces of Tianyuan trading company were still in his father’s hands. Wouldn’t the Tianyuan order in his hand be just a decoration?

Wu Yu said,”brother Peng, you don’t have to hurt yourself. You’re the only son of the old president. Those golden blades and silver lights will fall into your hands sooner or later.” Let’s not talk about other things today. Let’s just talk about my marriage with little sister Ling ‘er. Since this old dog and these four Warriors don’t listen to the orders of the Tianyuan order, there’s no point in keeping them.”

“Kill these five pieces of trash and bring little sister Ling ‘er to my Luo qu Chamber of Commerce as a guest!” He ordered coldly.

“Yes!”

yes, master! the martial Supreme replied expressionlessly. He snorted and a domineering force spread out in the realm. Suddenly, Yu Rong and the four martial emperors screamed in horror. Their bodies were directly lifted into the air and exploded into clouds of blood mist. The five of them couldn’t even say a word before they fell to the ground and died.

“Old Yu!”

Ding Ling ‘er’s heart ached as if her parents had died. Old Yu had raised her since she was a child, and he was like a father to her. She looked at everything in front of her and couldn’t believe it.

She steadied her body as she was on the verge of collapsing. She gritted her teeth so hard that they bled. Wu Yu, I’ll definitely make you pay with your blood!

“You’re going to be my first wife soon. There’s no such thing as deep hatred between husband and wife.” Wu Yu did not mind. A cold look appeared on his face. Even if the Golden edge and the silver light

of Tianyuan trading company were still in the hands of that old man, as long as he had his son and daughter, the old man would definitely obey Him.

...

“Brother Yu, you have to be good to my sister!” Ding Peng hurriedly said.

He had gradually calmed down. The enthusiasm he had for the Tianyuan order had been extinguished after hearing the news about the Golden edge and the silver Radiance. He felt that it was of little value. Now, he could only rely on Wu Yu wholeheartedly in exchange for a sense of security.

“Haha, don’t worry! Your sister will definitely be my wife!”

Wu Yu’s eyes glowed, and he looked as if he had been possessed. sister Ling ‘er, don’t worry. In the future, you’ll help me manage the harem. All of my beloved concubines will have to respect you. You can do whatever you want to whoever you don’t like. You don’t need to go through me at all.

Ding Ling ‘er’s face turned pale. She wanted to struggle and resist, but she was suppressed by the power of the realm and could not move at all.

“Let’s go to my Luo qu Chamber of Commerce to discuss this joyous matter!” Wu Yu said impatiently.

He came forward and picked Ding Ling ‘er up. Ding Ling’ er’s eyes were full of hatred as she said angrily, “If you dare to touch me, I’ll definitely kill you!”

Wu Yu was startled by his hateful gaze and a sense of fear rose in his heart. However, he thought about it and realized that if he was afraid, how could he tame her in the future? he immediately steeled his heart and went up to carry her.

Suddenly, a cold voice that seemed to come from the nine Serenities rang in his ears, making Wu Yu feel as if he had fallen into an ice cellar.

“If you touch her with your dirty hands, no one in the world can save you.”

...

Chapter 617-doubts

Wu Yu’s body trembled as he looked around in horror, but there was no one there. He shouted in shock, “Who is it? Who is it? come out!”

“Young master, what’s wrong?”

The revered martial artist frowned, not understanding Wu Yu’s strange behavior.

someone’s there! Wu Yu exclaimed. someone was speaking in my ear just now. Who is it? ”

The other warrior also had a strange expression on his face. “Young master is shocked. Where is there anyone? if there is someone coming, how can they escape from the eyes of the two of us within a few miles?”

His words trailed off, and his eyes suddenly widened. His mouth was so wide that a duck could fit in it. This was because there were already two more people in the hall. They were silent, and no one knew when they had arrived.

“I’m scared!”

The domain expert also took a few steps back in shock. The entire Hall was under the control of his domain, so unless these two were ghosts, how could they appear so silently without being noticed at all?

Ding Ling ‘er felt as if she had been electrocuted, and two lines of tears flowed down her face.

The person she missed day and night suddenly appeared in front of her. All the grievances she felt were released in an instant. She couldn't help but shed tears like rain. Her delicate body trembled like a lotus in the wind, about to be blown away at any time.

But more than that, she felt warmth filling her entire body. It made her feel an indescribable warmth that drove away all the cold.

Under the sunlight, the water lotus slowly stopped swaying and bloomed with the colors of a flower.

Although the White Lotus is pure and holy, it is only because you have bloomed and because of your existence that it is even more beautiful.

"Young master Yun."

Ding Ling 'er held back her sobs and called him softly. This one call expressed all her emotions.

Everything was conveyed without words.

you've been wronged," Yunxiao chuckled. I'm sorry.

Ding Ling 'er, who had finally stopped crying, started to sob again.

"Who are you?"

Wu Yu's expression was extremely unsightly. He said angrily, "this is an internal matter of the merchant Union, and it concerns the turbulence of the world and the division of power on the continent. It's a major event that can affect the future structure of the entire realm of heavenly martial arts. If you don't want to get into trouble, you'd better leave immediately!

Yunxiao,'hehe'.

Mo Xiaochuan could not help but burst out laughing. "Haha, young master Yun, this is so funny. He's so lustful that he wants to snatch a woman by force, and he's even related to the changes in the realm of heavenly martial arts. He's been fantasizing too much!"

you! Wu Yu was furious and shouted, "two sovereigns, take down these two!"

He waited for a moment, but there was no movement. He turned his head in shock and saw that the two martial honorables' faces had turned green, and their eyes were full of fear. "Y-young master, this man is a martial sovereign of the ninth heaven!" One of them exclaimed in fear.

"I'm scared!"

Wu Yu was also shocked. He retreated in a hurry and said in shock, "Who are you people? Even a martial sovereign of the nine Heavens wouldn't easily offend our Luo qu Chamber of Commerce!"

Yunxiao did not bother to explain to him, so he said to Mo Xiaochuan, "Same old method, beat the three of them half to death first."

hehe," Mo Xiaochuan chuckled. are you going to crush your bones or your meridians?"

up to you," Yunxiao said. why don't you just break them all? just keep them alive. Maybe you'll need to ask some questions.

"Ah? You, you guys dare to mess around, ah!"

Wu Yu wanted to threaten him, but he immediately felt a sharp pain in his body. Then, he was in so much pain that he couldn't speak.

Mo Xiaochuan had only sent the Emperor Qi of the nine Heavens into his body slightly, but he heard the sound of bones cracking as he fell to the ground like a pile of mud.

The other two martial Venerables were shocked. They immediately turned into two rays of light and tried to escape.

With a cold snort, the two of them felt the sky turn dark, and an unparalleled force pressed down. Then, their whole bodies ached and they almost lost consciousness.

In just a few seconds, Wu Yu and the two martial honors were completely paralyzed on the ground. Other than their heads and necks, all their bones were shattered and their meridians were broken. They lay on the ground like three pieces of soft meat, groaning.

Ding Peng was dumbfounded. The change in front of him was too dramatic. His greatest support had turned into mud and was wailing on the ground.

Ding Ling 'er wiped her tears and said, " "Young master Yun, if you didn't come, Tianyuan trading company would have been finished this time."

I was delayed by something," Yunxiao said with a smile. but I just made it in time. I don't care if Tianyuan trading company is finished, but I won't allow you to be finished."

Ding Ling 'er blushed, and all the negative emotions were swept away. She said, " "Let's talk about it later."

She looked at Yu Rong on the ground with a sorrowful expression and sobbed, " "Old Yu treated me like his own daughter. Elder Yu was the one who taught me martial arts since I was young. Every time I wanted to slack off, old Yu would be very strict with me, but he would never hit me. "

She squatted down and cried while holding old Yu in her arms.

Ding Peng was covered in cold sweat. He tried to escape, but he was blocked by an invisible wall.

Mo Xiaochuan laughed coldly, 'you think you can run away with this level of trash? Colluding with outsiders to sell out your own sister, betraying the foundation of your ancestors, just wait to be beaten to death."

Ding Peng was scared. He pointed at Ding Ling 'er and said, " "Good for you, sister, you lied to me that the golden blade and silver Radiance are not in your hands! He was obviously just pretending to be a snake. First, he used the Tianyuan order to stabilize me, and then secretly called for the people from golden edge and silver Radiance to come over! You're indeed my good sister, to actually scheme against your own brother like this!"

Ding Ling 'er cried even harder, holding old Yu's body.

"Pa!"

Yunxiao gave ding Peng a slap in the air and sent him flying, causing him to spit out all his teeth. Xiaochuan, keep slapping him. If he's unconscious, stab his Quchi acupoint. Slap him for a few hours first.

young master Yun, " mo Xiaochuan said awkwardly, " it's a little too difficult to slap a girl for hours without killing her.

find a way, " Yunxiao said coldly. think of a way yourself.

At this time, a large number of martial artists had also rushed in from the outside. They were all chasing after the two of them. When they saw the situation in the hall, they were all shocked. Then, they saw mo Xiaochuan slapping ding Peng's face non-stop, and all of them were so shocked that they wanted to rush up to save him.

"All of you, stop!"

Ding Ling 'er stopped crying and stood up. With tears all over her face, she looked like an ice beauty. Although she was sad, she couldn't be sad. She suppressed her emotions and said lightly, " "Bring these four and old Yu down and give them a proper burial. Don't allow anyone to come in."

Everyone turned pale with fright. Only then did they see the five corpses on the ground and the three groaning pieces of rotten flesh. They were all guessing in their hearts. But Ding Ling 'er was the head of

the Chamber of Commerce, so she didn't dare to disobey his order. She hurriedly moved the bodies of the five people out.

...

Ding Ling 'er took a look at ding Peng. His head had already turned into a winter melon, and she didn't know what it would become if she continued to beat him. After all, he was her own brother. Her heart immediately softened, and she said, "Young master Yun, make him stop."

Only then did Yunxiao call for mo Xiaochuan's assistant.

Mo Xiaochuan laughed. I just thought of an interesting idea. Every time I slap him, I'll send a certain amount of primordial Qi into his face and blood vessels, slowly swelling his face. I have to control his head to keep it expanding while making sure it doesn't explode. It's a test of ability.

Ding Ling 'er looked at ding Peng's ugly face and heard mo Xiaochuan's words. She immediately felt her scalp go numb. "I didn't expect my own brother to do such a thing and cause my death," she said sadly. This has happened before the conference. Tianyuan trading company is really in trouble this time."

I've just arrived in songyue city," Yunxiao said. it's true that a storm is brewing. By the way, didn't the young Emperor and yunshang come with you?"

they're already here," Ding Ling 'er said. but I've secretly placed them in the city as a secret force to prevent them from being exposed. I've been unable to eat or sleep in peace during this period of time. I've already received sister Hanxuan's voice transmission, but I haven't seen you come."

young master Yun, you're finally here," she said with a smile. I feel like my burden has been lifted. I don't have to be so tired anymore.

"Tianyuan trading company is one of the eight executive members of the merchant Union, and you're the head of the company. Why can't you handle a few small fries?" mo Xiaochuan asked with a strange expression. I heard your brother say something about golden edge and silver Radiance. What is it?"

"It's a long story," Ding Ling 'er sighed. Although I'm the head of Tianyuan trading company, I'm only in charge of business. There are two truly powerful forces called golden edge and silver Radiance, but they've always been in my father's hands. Even I've never seen them before."

"Oh, it's so strange?"

ding Shan? " Yunxiao frowned and said, " I've met ding Shan a few times, but I don't have much of an impression of him. What did he mean by doing this? even for such an important matter, he didn't send any experts. What was he planning? Don't tell me he doesn't care about these two associations at all?"

...

"Impossible!"

no! Ding Ling 'er denied flatly. I still remember father's instruction when he handed the Chamber of Commerce to me. He told me to do my best to promote the Chamber of Commerce. Father is already old and is powerless in these matters."

Mo Xiaochuan snorted coldly. he has the will but no power. Yet, he's still holding on to the core power of the Chamber of Commerce and won't let go. I think he's up to something.

Ding Ling 'er was taken aback, and her delicate body trembled uncontrollably. She denied it repeatedly, but a huge question mark emerged in her heart. Mo Xiaochuan's words did make sense, but she had never doubted her father. young master Yun, do you think so too? "

Yunxiao had the same thought in his heart, but he could only sigh and say, " "It doesn't matter what the truth is. What's important now is how to keep the empty shell of Tianyuan trading company, at least until the end of the two meetings. It's a good move to hide shaohuang and the others, and they can be used as a surprise weapon. It's just that Tianyuan trading company is too empty. I can see that the most powerful one around you is only a Martial Emperor. Haven't the other trading companies noticed this?"

I think so, " Ding Ling 'er said with a wry smile, " but no one dares to be the first one to come here because of the Tianyuan trading company's name. Otherwise, I wouldn't have been able to establish myself in songyue yang city. Perhaps Yingluo, father wants to test me with this?"

## Chapter 618-situation

your father may have his own ideas," Yunxiao said. but the more he does, the more the people of the other Chambers of Commerce will not be able to figure out your background. This is not necessarily a bad thing. Right now, the entire songyue city was in a mess. How many people could tell the truth from the false? As long as we can drag this out until the start of the two meetings, I'll directly defeat those minions, and everything else will be easy. I'm just afraid that others will find out about your real situation and make a move before the two meetings. That would be troublesome!"

Ding Ling 'er had no idea what to do. She said, " "What should we do now?"

Originally, she was the one who made the decision, but now that Yunxiao was here, she had become so dependent that she did not even want to use her brain.

All women would become idiots in front of the man they liked. Even someone as strong as Ding Ling 'er was no exception. This kind of dependence was also a kind of happiness.

let's do it as usual," Yunxiao said. we'll deal with them as they come. But Yingluo "

His gaze fell on the three piles of rotten meat on the ground and he recited, " "But these three idiots seem to be the first to try. Whether or not they succeed, I'm afraid that people will come to provoke me one after another. We can first gather all the major Chambers of Commerce that are affiliated with Tianyuan trading company and invite them to join us in this forbidden area. This will strengthen our strength."

there were 79 Chambers of Commerce that relied on Tianyuan trading company when we were at our strongest," Ding Ling 'er said with a wry smile. there are 27 of them who still pledge their allegiance to us now. Even among these 27, I can only trust five or six of them. Moreover, their strength is limited. In this big game, I'm afraid it'll be very difficult for them to help."

Mo Xiaochuan could not help but ask, 'that tragic? Tianyuan trading company was one of the eight Giants in the merchant Union, but it had declined to such a state? How have you been doing all these years? Why don't you run?"

He turned to Yunxiao and said, " young master Yun, why don't I contact my other senior and junior brothers now, then black iron City, and you contact some old friends from the past? we'll rush to songyue city together. They're definitely a powerful force that can't be ignored. It's not an exaggeration to say that they'll deter the other seven Chambers of Commerce.

Ding Ling 'er was shocked when she heard that,"you are Yingluo?"

"Hehe!"

Mo Xiaochuan introduced himself and said, " "I've already heard young master Yun talk about you. Don't worry, with young master Yun here, even the entire merchant Union can be overturned!"

Ding Ling 'er was horrified. She had heard of this man before her, who was also an arrogant and unruly person, but she didn't expect to see his true face. And there was a sweet feeling in her heart for no reason. Obviously, Yunxiao had regarded her as the closest person to him.

do you think it's still more than a decade ago? " Yunxiao smiled wryly. I'm just a slightly stronger Martial Emperor now. Your stupid idea is not feasible at all. Don't attract a large number of enemies before reinforcements arrive. In the situation where there are no external forces in the entire songyue city, we can only borrow strength to fight strength, temporarily surviving in the crack. And what I'm most worried about now is that with the current strength of Tianyuan trading company, even if the two associations can make it to the top, I'm afraid that it will attract the dissatisfaction of the other merchants and put them in a precarious situation!"

let me send a message to my father, " Ding Ling 'er said worriedly. ask him to send at least one of the Golden blades and silver rays to help me!

yes, " Yunxiao nodded and said, " we have to do that. The first is to increase our current strength, and the second is to probe your father's thoughts. Apart from that, the gathering of the subsidiary Chambers of Commerce that I mentioned earlier is also imperative. At this critical moment, everyone must make their stand clear. We must do our best to win support. For example, I think this Luo qu Chamber of Commerce would be a very good help."

His gaze fell on the three pieces of rotten flesh on the ground, and he revealed a knowing smile.

“Luo qu Chamber of Commerce?”

“Although Luo qu Chamber of Commerce is limited in strength, it’s still a well-known existence.”  
However, why would they help us? Could it be that young master Yun was planning to use Wu Yu to threaten them? It’s useless. Not every Chamber of Commerce is United. Many people wish for Wu Yu’s death. They won’t be controlled by us because of this.”

Yunxiao’s eyes turned cold as he said, “Hmph, restrained? Were they even worthy? What I mean is to use the Luo qu Chamber of Commerce as an example and directly incorporate them into our organization!”

Ding Ling ‘er was shocked and said, “let’s not talk about the fact that we can’t deal with Luo qu Chamber of Commerce at the moment. Even if we can, Tianyi Chamber of Commerce will never agree!” They are one of the major vassals of the Tianyi Chamber of Commerce.”

it’s enough,” Yunxiao said indifferently. as long as you are fast and ruthless enough. We’ll bet that the Tianyi Chamber of Commerce won’t make a move at this time. If we don’t take the initiative to attack, the situation will become more and more unfavorable for us.”

Ding Ling ‘er’s heart was beating wildly. The bet was too big. If she failed, she would be removed from the competition before the two meetings even started. She swallowed and said with difficulty, “can you wait for me to send a message to my father first? let’s see how he replies. If he can send the Golden edge and silver light over, then we’ll have a greater chance.

Yunxiao shook his head. I can’t wait any longer. Besides, I don’t think your father will send someone here. Let me and Xiaochuan handle the matter of the Luo qu Chamber of Commerce. We’ll leave the young Emperor’s side in the dark in case something unexpected happens.”

Mo Xiaochuan chuckled. miss ding, don’t you think it’s a miracle that you’ve managed to hold on until now? ” I think it’s because of the power in your father’s hands. I’m just afraid that your father actually doesn’t have any more power left, so I’m doing this on purpose, using the empty city as a strategy.”

Ding Ling ‘er was even more shocked. If that was the case, wouldn’t Tianyuan trading company have been empty for a long time? Then why didn’t her father tell her?

Yunxiao saw through her thoughts and said with a smile, "Everything is just a guess. Send a message to your father and all the Chambers of Commerce that used to be affiliated with Tianyuan trading company. Xiaochuan and I will go to the Luo qu trading company's house for a cup of tea. Let's first throw a stone into this chaotic city. I also want to see what kind of waves it can stir up."

Ding Ling 'er's lips were a little dry. As a girl, she had always been cautious and meticulous in her actions, while Yunxiao was bold and unconstrained, decisive and unpredictable, turning the whole situation around with him as the center and finally killing them one by one!

From the incident at Mount Meru to the qingge forest, it was the same. Now, with his arrival, a storm would probably start in the city.

When Ding Ling 'er thought of this, she was full of expectation. She nodded heavily and said, "we'll listen to young master Yun's instructions!"

Yunxiao glanced at the three piles of mud on the ground and said coldly, "I thought it would be useful to keep them, but it seems like it's a waste. Send them home."

Mo Xiaochuan smacked them with his palm, and the three of them were instantly killed. He then kept them into his storage ring.

Other than Saint artifacts, which could open up independent spaces, all storage spaces could not hold living beings, but corpses could.

After Yunxiao and Mo Xiaochuan asked about the location of the Luo qu Chamber of Commerce, they immediately disappeared from the hall.

Only Ding Ling 'er was left sitting in the empty Hall in a daze. Everything that had happened just now seemed a little unreal, like a dream.

Her brother's betrayal, old Yu's death, and young master Yun's arrival had all caused a huge emotional fluctuation.

If Ding Peng hadn't been lying on the ground with his head swollen like a winter melon, she would have thought it was a dream.

With a deep sigh, Ding Ling 'er gathered her exhausted spirit and restored her appearance as the head of the Chamber of Commerce and a strong woman of her generation. She sent a voice transmission, "someone, pass down my order. Send 27 invitation letters to each subsidiary Chamber of Commerce and call them to come here for an important matter!

After the order was passed down, she took out a delicate voice transmission tool from her ring. Her hand seemed to be trembling slightly as she held it. Her face gradually lost its color as she muttered to herself, "Father, I hope you won't disappoint me!"

Luo qu Chamber of Commerce's base also had its own forbidden area to prevent outsiders from entering.

Those who were able to draw their own sphere of influence in Songyue Yang City were all people of status. At the very least, they had Martial Emperor powerhouses in their ranks.

Except for the members of the Council of the eight business alliances, there were no more than ten Chambers of Commerce that dared to do so.

"Father, I heard that Big Brother took Ding Peng of Tianyuan Trading Company to abduct Ding Ling 'er?"

In a rather distant place, a silver-robed youth with an ashen face was facing a man who was resting on a rocking chair with his eyes half-closed. He gritted his teeth and said, "Didn't Father say that my talent is far superior to Big Brother's and that I would inherit Luo qu Chamber of Commerce in the future? Why is Big Brother the one who married Ding Ling 'er, and not me?"

"Oh? You're angry?"

The man was the president of the Luo qu Chamber of Commerce, Wu Jinzun. He opened his half-closed eyes and a smile appeared on his face, "Are you drooling over your Big Brother's capital or your Big Brother's beauty?"

The young man was stunned and snorted angrily, "Both! As one of the two beauties in the merchant Union, who wouldn't like Ding Ling 'er? all the young and handsome men in the merchant Union have fantasized about her and Shui luoyan. I'm also a normal man! Secondly, although Tianyuan trading company is like a thin camel, it's still bigger than a horse. If big brother gets his hands on it, how can I compete with him in the future?"

Wu jinzun laughed at the sky, looking very happy, and said, "Not bad, not bad. You know how to think about problems."

The young man said angrily, "Hmph! What's the use of thinking? has father already decided to pass the Chamber of Commerce to big brother?" Then I'll give up on this idea now and never mention it again!"

"You're still too young," Wu jinzun said lightly. Do you think that your big brother can control ding Peng and go to Tianyuan trading company to deal with Ding Ling 'er without any trouble?"

"I've heard that there's not a single martial honor in Tianyuan trading company's encampment," the young man said with a frown. Big brother has brought two martial honors and guardians with him, wouldn't it be easy to capture him?"

Wu jinzun sneered,"if it's so easy to capture, then Tianyuan trading company will be too easy to deal with!" The four extremes sect wouldn't have arranged for us to investigate the situation!"

"What?"

Chapter 619-early elimination

"What else?" Wu jinzun snorted. Do you think I want to be the first one to go? If it's a crab, it's fine. Even if we can't keep it, we can at least try it. But if it's a Spider, it's not that fun."

The youth was very puzzled and said,"but Zhenzhen, isn't our Luo qu Chamber of Commerce attached to the Empyrean one Pavilion?" Why do we have to listen to the orders of the four extremes sect?"

Wu jinzun's pupils contracted as he stared at the young man and said earnestly, "The relationships within the merchant Union are the most complicated in the world. There were no eternal friends, nor were there eternal enemies. There were only benefits! We'll follow whoever has a better future. Young

master Tang Xin of the four extremes sect is definitely the scariest person among the younger generation in the merchant Union. Father's bet is on him!"

"Father, I can understand what you just said, but isn't Li Feiyu of the Myriad Treasures Store the most powerful person in the younger generation?" the young man asked in astonishment. It's said that his strength is unpredictable."

"Hmph!"

"No matter how strong Li Feiyu is, he's just an ordinary man. Unless he could become a martial sovereign of the ninth heaven, which would make people a little afraid, he would only be mediocre. As for Tang Xin, according to my secret information, it's very likely that she has already obtained the array Dao inheritance of the martial sovereign, Teng Guang!"

The young man was shocked, "The array Dao inheritance of a martial sovereign king? Could he have solved the heaven and earth chessboard?"

"I don't quite understand the process," Wu Jinzun shook his head. But if the rumors are true, Tang Xin will be invincible among the younger generation, not even Li Feiyu. But fortunately, the four extremes sect is not an iron bucket, and that Tang Jie is not easy to deal with. He greatly restrained Tang Xin, otherwise I'm really afraid that Luo Qu Chamber of Commerce would be swallowed up by Tang Xin!"

The young man was drenched in cold sweat. He did not expect the situation to be so complicated. He said awkwardly, "So, so you're going to Tianyuan trading company without any results?"

Wu Jinzun shook his head. I don't know either. That's why I'm waiting for the result, just like you. It'd be best if we can succeed, but it doesn't matter if we can't. Our purpose is just to test the real situation of Tianyuan trading company and then give feedback to Tang Xin, and then wait for his further instructions."

"But Zhenzhen, father, wouldn't this be too passive? wouldn't you be listening to everyone's orders?"

The young man felt that it was very inappropriate and was dissatisfied.

“Haha, of course not,” Wu jinzun laughed. However, in the current chess game, we can only wait for an opportunity to act. We must not act rashly. This is because we are only playing the role of chess pieces at the moment. Unless we have enough strength, we can not be promoted to chess players. And Tang Xin is an outstanding player in this big game!”

The young man was shocked. What his father said seemed to have opened another door to the peak of the world for him, allowing him to peek at a higher level.

“Well said! Since you have the knowledge of being a chess piece, you should also be prepared to be crushed at any time!”

A cold voice came from the distance, like the falling of frost. The entire courtyard became solemn and bleak, and the cold air was pressing.

who’s there?!

Wu jinzun’s expression changed drastically. The conversation just now had been heard by someone without a sound. He secretly blamed himself for being too careless. In shock, he suddenly spread out his divine sense and immediately locked on to the two figures in the void. Only then did he feel slightly relieved and said coldly, “Since the two of you dared to come, why don’t you dare to show yourself?”

A long laugh came from the sky, “The ups and downs of the world fight for fame and fortune, and the sparks of fire will fly in this life. The secular world’s turmoil can’t be waved away, watching chess without smiling is an idiot!”

The void trembled, and Yunxiao and Mo Xiaochuan’s figures emerged, walking down from the sky.

Wu jinzun’s gaze immediately fell on mo Xiaochuan, and his pupils contracted. Mo Xiaochuan’s aura made him feel a little uneasy, but when he remembered that this was the Luo qu Chamber of Commerce’s encampment and that there were many experts around, he relaxed and said in a deep voice, “Who are you?”

a chess player,” Yunxiao said with a smile. he’s here to play chess.

“Oh, with just the two of you, you want to disrupt Song Yue Yang city’s chess game?”

Wu Jinzun’s eyes gradually widened as he stared at the two coldly.

I don’t have enough strength,” Yunxiao said. So, I came to you for help, didn’t I?”

“Help?” Wu Jinchou laughed. Who the hell are you? How are you going to help?”

Yunxiao smiled as well. It doesn’t matter who we are. It’s easy to help. I just need to borrow your head.

“Impudent!”

Wu Jinzun’s eyes were filled with killing intent as he said angrily, “Where did this ignorant brat come from, daring to act so atrociously in my Luo Qu Chamber of Commerce!”

Although Wu Jinzun looked furious on the surface, he was as calm as a virgin on the inside. He deliberately shouted this sentence out loud in order to alarm the Masters of Luo Qu Chamber of Commerce. Since the other party dared to come, they must have come prepared.

Young Master Yun is right. As a chess piece, we should be prepared to be crushed at any time!

A light flashed in Mo Xiaochuan’s hand, and three corpses immediately flew across the air toward Wu Jinzun.

Wu Jinzun’s heart trembled. He raised his hand and was about to smash the three bodies into pieces when his pupils suddenly shrank and he cried out in horror, “Yu ‘er!”

Among the three corpses, there was actually his beloved son. He was shocked and stunned.

“Big brother!” The teenager beside him was also shocked. He had been extremely envious just a moment ago, but when he saw Wu Yu’s corpse, he was dumbfounded. Grief and indignation gradually rose in his heart.

“I’ve been careless. When you’re facing a Martial Emperor, how many lives do you have that can distract you?”

Mo Xiaochuan’s voice seemed to come from the netherworld as it rang in Wu jinzun’s ears.

Wu jinzun’s body trembled. He looked up, but what he saw was not Mo Xiaochuan, but a blood-red pupil that opened between Yunxiao’s eyebrows, which turned into a demonic full moon and attacked his spiritual altar.

“Spiritual attack!”

He only felt his mind go blank. Soon after, an ice-cold voice rang out, “Red dust gazes at Ying Haoyue!”

A domineering sword Qi rose up, and the entire courtyard turned into a Sea of Swords. The scene of the yin and yang fish devouring each other appeared in the sky, and they fell quickly!

This strike contained all of Mo Xiaochuan’s power. He had to hit the target in one shot, or else he would have wasted his time.

Naturally, Wu jinzun was not ordinary either. After a brief daze, the fear from the depths of his soul immediately woke him up. His martial artist’s instinctive power was awakened at this moment. Without any thoughts, he subconsciously attacked.

“Point out ten directions, flying waterfall meteorites!”

Ten rays of cold light shot out from Wu jinzun’s fingertips. After a few rays of light, they actually sketched out a beautiful scene of a waterfall. A beautiful wheel rose in the courtyard, matching the thousand feet Haoran technique!

The two spiritual pressures collided in the air, shooting out tens of thousands of rays of light. Darkness appeared all around the courtyard, and the space was broken one by one, spreading into the distance.

“It’s too late. If you only have one life, you can be on your way today!”

Mo Xiaochuan raised his right hand and slashed down like a sword. His right hand faintly flickered with Supreme Sword light, emitting a terrifying sword Qi. It was no longer possible to tell if it was an arm or a sword light!

the third move, red furnace illuminates the mountains and rivers!

The sword Qi was like the sun and the moon, like the stars that split the earth. A ray of light rose from the small courtyard and shot straight into the nine Heavens!

“BOOM!”

One of Wu jinzun’s unique skills was broken easily. A flash of armor appeared on his body and then solidified, protecting him like an iron bucket.

It was useless!

...

Under the sword Qi, it was indestructible. The armor was destroyed and the sword ray shot into Wu jinzun’s body. He spat out a mouthful of blood from his throat and retreated continuously. He tried to disperse the sword Qi but it was in vain!

“Pfft!”

Finally, all the meridians in his body were destroyed, and he spat out a large mouthful of blood.

Wu jinzun's face was pale, but he stood still, but he was about to fall. His eyes, which had been sparkling with brilliance earlier, instantly dimmed.

The hero of a generation, the master of Luo qu Chamber of Commerce, had been inexplicably injured by two people who had barged in so casually that he could no longer summon any battle strength.

He had already been eliminated from the chess game before it even started.

Mo Xiaochuan frowned and said, "he's not dead yet?" These merchant alliances are indeed quite powerful."

After the attack, he put down his right hand, restrained all his aura, and stood quietly behind Yunxiao.

Yunxiao's eyes were as calm as an ancient well, as if he had already seen this result. "I'll use your son's corpse to disturb your mind first, then I'll use a spiritual attack to shake your sea of consciousness. The three moves were linked together, but he was still able to keep his life. As expected of the master of Luo qu Chamber of Commerce, he was worthy of praise. But, Yingluo "

His voice turned cold and turned into a sneer. He said softly, " but you're still a chess piece, and a chess piece should have its destiny.

Wu jinzun spat out another mouthful of blood. He could no longer stand and knelt down, looking extremely dispirited.

...

who dares to come to my Luo qu Chamber of Commerce and act so atrociously? do you want to die?!

When mo Xiaochuan's sword light shot up into the sky, the entire city was shaken. Several powerful auras rose into the air from the Luoqu Chamber of Commerce's encampment and arrived at the courtyard in the blink of an eye. They were all dumbfounded when they saw the barren land and Wu jinzun, who was kneeling on the ground with his life or death unknown.

Yunxiao did not wait for them to come back to their senses as he said coldly, "Your Luoqu Chamber of Commerce dared to stir up trouble with my Tianyuan Chamber of Commerce, so I should've killed all of you, but on account of your endless cultivation, Miss Ding has shown great mercy. As long as you swear your allegiance, no matter how high your cultivation is, you can live."

"You're from Tianyuan trading company?"

An elder of the Luoqu Chamber of Commerce opened his eyes wide, his face full of disbelief.

"I've already told you my name," Yunxiao snorted coldly. "How can it be fake?" "How dare the Wu father and son ignore my Tian Yuan divine power? One died, one died, and the last one is just a piece of trash." His cold eyes fell on the young man.

The teenager's legs trembled in fear as he desperately retreated. He said in horror, "Don't, don't kill me! That's my big brother and my father's business, it has nothing to do with me, nothing to do with me!"

Chapter 620

620 Thunderous methods

The young man had been scared out of his wits by the peak confrontation just now, and now, when Yunxiao's eyes focused on him, he was even more frightened. He cried out, "Please, please don't kill me, don't kill me!"

The people in the sky frowned and looked on coldly. Wu Jinzun could be considered a hero, how could he have such a timid son?

"Wuwuwu, I'm innocent. You can't kill me. I'll kowtow to you!"

After he finished speaking, the young man began to kowtow.

Wu Jinzun, who was kneeling beside him, suddenly moved. His body trembled non-stop, but all the meridians in his body had been shattered by Mo Xiaochuan's sword Qi. He could no longer circulate any vital Qi and was like a heavily injured ordinary person.

“Mr. President!”

The elder’s heart trembled and he hurriedly flew down from the sky. As long as Wu jinzun was not dead, the Chamber of Commerce would be able to restore him to full health.

“Who allowed you to touch him?”

Mo Xiaochuan’s cold voice fell. His entire being was like a treasured sword that was about to be unsheathed at any moment as his murderous aura locked onto the elder.

The elder’s body trembled, and he immediately froze, not daring to move.

Wu jinzun struggled to stand up, but the wounds all over his body burst open. Finally, he could not take it anymore and fell to the ground, groaning deeply.

The teenager was scared out of his wits, crying and kowtowing, not stingy with his forehead at all, and the ground was covered in blood.

Everyone from the Luo qu Chamber of Commerce felt pity for him. His father was like a tiger, but he had given birth to such a dog. He was even raised as a successor, and now it seemed that he was far inferior to Wu Yu.

that’s right, ” Yunxiao said lightly. since you’re willing to kowtow and admit your mistake, I’ll spare your life. Miss ding has always been merciful. As long as you are willing to repent, you will have a way out. Otherwise, you will die without a doubt.”

“Ah?”

The young man raised his head and said in disbelief, ” “You’re not going to kill me? Are you letting me go? Ha, haha, that’s great, that’s great, thank you, thank you! Don’t kill me, haha, don’t kill me!”

A huge sense of joy rushed to his head, and he suddenly became crazy. He laughed and danced, jumping and jumping into the distance.

The elder said awkwardly, "this bi an has actually gone crazy, bi an."

The father and son who had led the Luo qu Chamber of Commerce were now dead, crippled, and crazy. This huge difference made the hearts of the people of the Luo qu Chamber of Commerce shake, and they found it hard to accept.

Of all the people present, only mo Xiaochuan had noticed that Yunxiao had used a spiritual attack to shatter the young man's sea of consciousness, which had caused him to go crazy.

I'll count to three," Yunxiao said. this will be the end of those who refuse to submit!

He gently flicked his finger and a sword light shot out, directly cutting off Wu jinzun's head. Then, he grabbed with his five fingers and it flew directly into his hand. He held the hair and dangled it in front of everyone, saying, "One!"

The crowd trembled as they felt a chill run down their spines. They could sense the terrifying aura of the two men, which was cold and murderous. Three of the Martial Emperor elders also trembled and dared not make a sound.

"Second aunt."

Yunxiao's voice dragged on, which brought a great psychological pressure to the crowd. They looked at each other and watched the others' movements, intending to huddle together for warmth.

as one of the seven Chambers of Commerce, Tianyuan trading company is bullying the weak. Aren't you afraid that the other seven Chambers of Commerce will join forces to suppress you? "

An old man was furious. He could no longer endure this oppressive atmosphere and began to resist.

Yunxiao's eyes fell on him. He was actually a peak martial venerable, not even a Martial Emperor. The other three martial sovereigns did not say a word. They seemed to be truly afraid.

before the seven Chambers of Commerce join forces to suppress me," Yunxiao said coldly. I'd better suppress you first.

Mo Xiaochuan's gaze shifted as soon as he finished speaking. The elder at the peak of the martial honor instantly felt a chill run down his spine as the terror of death spread. He shouted, "No, you can not kill me! I'm a member of the Tianyi Chamber of Commerce. If you kill me, it will lead to a war between the two factions!"

"Oh?"

Yunxiao smiled in surprise as he stopped mo Xiaochuan and said, " "

Oh, Emyrean one Pavilion, you didn't discipline your dog well enough. Now you let it out to bite people. Are you going to punish you for not being strict with your discipline? "

Yunxiao said coldly.

The old man's forehead was full of sweat as he trembled and said, "This is a big matter, and I can't make the decision as a small manager. How about I go back and report to the higher-ups? This Luo qu Chamber of Commerce is, after all, an existence attached to my Emyrean one Pavilion, so I hope the two Sirs will show mercy. In the future, my clan's Chief Steward will definitely come to miss ding's door and explain things clearly."

Yunxiao sneered. Oh? You can control your family's Chief Steward?"

"Of course not," the old man replied, stunned.

Yunxiao's face turned cold as he shouted angrily, "Since I can't, then how can I dare to boast? in the future, I will definitely ask your family's Chief Steward to explain to my family's young miss. Isn't this just tricking me?"

“This bi an ...”

Sensing the cold killing intent from Yunxiao, the old man broke out in a cold sweat and said in a hurry, “Tianyuan trading company is one of the seven major trading companies. My Chief Steward will treat it with caution. There is no doubt that he will come in person.”

you know that Tianyuan trading company is one of the seven Giants of the merchant Union,” Yunxiao said coldly. how dare you provoke us? ” “Your Empyrean one Pavilion is heartless, but my Tianyuan Chamber of Commerce can’t do that. Today, I’ll punish you lightly. Go back and tell your Chief Steward that if he doesn’t come to apologize, my Tianyuan Chamber of Commerce won’t participate in the merchant Union’s martial arts and sorcery competition. Before the competition begins, we’ll eliminate your Empyrean one Pavilion with all our strength, so that both sides will suffer!”

The old man’s heart trembled, wondering if the Golden edge and silver Radiance of Tianyuan trading company had really appeared. He hurriedly cupped his fists and said, ” “I’ll definitely relay your message to my Chief Steward. I’ll take my leave first!”

‘Xiaochuan, give him a slight punishment,’ Yunxiao said. Well, I’ll just cripple his dantian and send him on his way.”

“W-what?”

The old man was shocked and said in fear, ” Your Excellency, didn’t you say to punish me?!

Crippling a martial artist’s dantian was the same as completely crippling the person. Other than some legendary and ethereal objects, there was nothing else that could heal a damaged dantian, and those ethereal objects might not even be found in the sea of soul formation in the Holy realm. In other words, a person whose dantian was crippled was basically crippled.

crippling your dantian is just a small punishment, ” Yunxiao said coldly. if I want to give you a big punishment, I’ll peel your skin, pull out your bones, and light you up as a heavenly lamp!

Not only the old man from the Empyrean one Pavilion, but all the people of the Luoqu Chamber of Commerce were covered in cold sweat. They couldn't feel any warmth under the sun, and they felt a cold wind on their backs.

"No, don't, my Lord, don't!"

"If you cripple my dantian, my life will be ruined," the old man begged.

Mo Xiaochuan snorted coldly. As his body flickered, a "bang" was heard. A faint radiance flickered at the elder's dantian, and a huge amount of spiritual Qi was swept out like a vortex. It was because the dantian had been broken that the spiritual Qi was leaking out.

"Since you've set your mind on Tianyuan trading company, you should be prepared to die at any time, dear."

Let's go," Mo Xiaochuan said coldly. With a wave of his hand, a force swept the elder away and sent him flying in the direction of the Empyrean one Pavilion.

...

"Oh right, I forgot to tell you something. Myriad Treasures Store's Lord Li Feiyu has already said that if you want to deal with me, please first ask them. I'll have to trouble you to bring this message to your Chief Steward as well!"

Yunxiao added indifferently, but his voice spread in all directions, and everyone around him heard it clearly.

The people of the Luoqu Chamber of Commerce were especially shocked, and they felt their throats go dry.

No wonder the other party dared to deal with Empyrean one Pavilion without fear. It turned out that they had the backing of Myriad Treasures Store.

Yunxiao turned to look at the people of Luo qu Chamber of Commerce one by one, then put on a pure smile and said, "Everyone, it's time for us to talk about serious matters. Continue with the three breaths from before, it's already two, then it's Wuwu."

A Martial Emperor powerhouse's face turned pale as he said hurriedly, "Your Excellency, we are willing to submit to Tianyuan trading company!"

As soon as these words came out, everyone was in an uproar.

The other two martial sovereigns, in particular, had extremely ugly expressions on their faces. However, at this moment, no one dared to say no or express their objection.

After all, Wu jinzun's headless body was still on the ground. Wu jinzun was the number one expert of their Luo qu Chamber of Commerce. They had rushed out as soon as they sensed the battle fluctuations, and immediately found that the number one expert of the Chamber of Commerce had been completely crippled. If this kind of strength wanted to kill them all, it would be as easy as turning over his hand.

Yunxiao smiled and said with satisfaction, "Mm, very good. Miss ding has always been a merciful person, and now we need people. I'll take you in on behalf of miss ding, and you'll be the low-level thugs with golden edges and silver lights."

The martial sovereign's eyes widened and he said, "This low-level thug!"

...

Everyone felt dizzy. Apart from the three martial sovereigns, there were many martial Supremes present. The lowest rank among them was a Martial Emperor, but they were only low-level thugs.

"Don't worry, everyone," Yunxiao said. In addition to strength, loyalty was also very important when golden edge and silver glow recruited people. As long as you guys do it well, you'll level up very quickly, hehe."

Everyone's face was sullen, and they kept cursing in their hearts, " Hehe, your sister! I'm just being forced by the situation, so I'll submit to you for the time being. When the situation changes, you'll be the first to die! I'll let you be tyrannical for a while, I'll settle the score with you in the future!

How could Yunxiao not know what these people were thinking? he sneered in his heart. He had already thought of a way to deal with them. When he returned to the base of Tianyuan trading company, he would put a restrictive spell on these people to control them.

Everyone had their own thoughts. Under the lead of several leaders, all the cultivators in Luo qu Chamber of Commerce's encampment moved into Tianyuan trading company.

Mo Xiaochuan's attack had shaken the entire city. By the time the experts of the major factions came to investigate, the place was already empty. Only Wu jinzun's headless corpse was left, shocking everyone.
