

## The Eternal 621

### Chapter 621-notice

For a moment, Tianyuan trading company and Tianyi Pavilion were pushed to the forefront of the storm, and myriad treasures store was also dragged into the water by Yunxiao's words. The whole city of songyue became even more tense, and the undercurrent was surging even more violently. All the intelligence agencies began to focus on these three Chambers of Commerce.

In the ten thousand treasures tower's station, in a large meeting hall.

The interior was luxuriously decorated. There was not a single speck of dust on it, and all the people present were dressed in brocade clothes instead of Jade, looking extremely luxurious. The hall was illuminated by the glow of jewelry, which was in line with the usual style of luxury of the myriad treasures store.

Everyone was still immersed in the joy of li Feiyu's timely return when they immediately received the information about Luo qu Chamber of Commerce. Each of them was stunned and frowned.

"Feiyu, what's going on?"

In the upper seat, a man in a black brocade robe with an ancient fragrance said in a deep voice. There was a faint trace of anger on his face as he said, "Tianyuan trading company is really bold to use our name to cause trouble. It seems that our ten thousand treasures building hasn't been active for a long time, which has made these little brothers restless, or they think that we are easy to bully."

Cold sweat began to form on li Feiyu's forehead as he replied, Lord Deputy tower master, this ... This matter ... he looked at the three elders sitting in the upper seats with pleading eyes, one of whom was Ren guangzhen.

Ren Guangzhi also felt a little troubled and didn't know how to explain it. He patted his head and said, "It's like this, Yingluo."

He immediately told her about what had happened when Yunxiao and Li Feiyu were teleported to songyue city, and then said gloomily, "this brat even used this sentence. He's simply too cheap!"

"I didn't expect him to be a member of Tianyuan trading company's goldedge Silvertip. I wouldn't have said that if I didn't deny it. What should I do now?" li Feiyu was also sweating profusely.

Cui Bo, the deputy head of myriad treasures store, was also stunned. After thinking for a while, he said, "Feiyu can't be blamed for this, but young master Yun is too slippery. What do you think of this?"

In addition to the Deputy tower master, there were three other elders of myriad treasures store here: the seventh elder Ren guanghou, the eighth elder di Shenghua, the second elder Xuan Yutang, and more than ten experts at the level of general managers from various places.

"Feiyu, since you've said something like that, you'll definitely deny that you're damaging myriad treasures store's reputation," cui Bo continued. But we can't deny it and we can't be used by Tianyuan trading company. Do you have a plan that can kill both sides?"

Everyone was silent, feeling that this matter was too difficult.

"I do have an idea, but I'm not sure if it'll work. Since Tianyuan trading company had launched a surprise attack on Luoqu trading company and directly annexed the latter ... As the leaders of the merchant Union, we can't just sit by and do nothing. Why don't we send a letter to condemn Tianyuan trading company and ask their master to come out and make a public apology to give Luo qu trading company justice? In this way, not only will we take the initiative in the situation, but we'll also directly announce to the public that myriad treasures store has no relationship with Tianyuan trading company."

"Yes, this is a great idea!"

Ren guangye showed a look of approval and nodded, "besides, I can also find out the background of Tianyuan trading company and how powerful the Golden edge and silver Radiance are!"

ever since ding Shan handed over Tianyuan trading company to Ding Ling 'er, these two core forces of Tianyuan trading company have never appeared again, "cui Bo said with a frown. I don't know what ding Shan is up to. Now that it has appeared in front of everyone again, its true strength is still unknown."

Ren Guangyao was suspicious, 'has it developed to the point where it can ignore Emptyrean one Pavilion? That's too shocking!"

"I don't think so," Cui Bo shook his head. Ding Shan has been under our surveillance all these years, and he didn't seem to have done anything out of the ordinary. If the two forces could be strengthened without anyone knowing, Tianyuan trading company would not have declined. Elder Xuan, elder Di, what do you two think?"

Di Shenghua, the eighth elder of the myriad treasures store, stretched his back and said, "the situation in the whole business union is complicated and ever-changing, but I never thought that the first variable would be caused by Tianyuan Chamber of Commerce. I only think that this two conferences will be more complicated than any previous one. Maybe we need to strengthen the forces sent by myriad treasures store.

Cui Bo frowned. This is the most tense period of the year. A large number of experts have been sent to various parts of the continent to keep watch in case the business suddenly changes. I'm afraid it'll be difficult to send more people to help. Let's observe the situation for a while. I'll be more confident when I report to the OP. What about you, elder Xuan?"

Xuan Yutang's face was yellow and he looked a little dull. He said dryly, "Ding Shan has already left the merchant Union's line of sight for many years, but he's always been under our surveillance. He shouldn't have appeared for no reason. I don't think the two people who suddenly appeared in Tianyuan trading company are golden edge and silver light. Even if it was just a martial Supreme, he would not be able to do anything. What happened today didn't seem like Ding Ling'er's style. Let's see what Tianyuan trading company will do next. Since they've made the first move to disrupt the game, we'll wait and see."

"Mm, elder Xuan's words make sense."

Just do as Feiyu said. Write a letter immediately and question Tianyuan trading company. Ask them to give an explanation for what happened to Luo Qu trading company! Cui Bo finally announced.

"Yes!"

Everyone responded in unison. Just as they were about to end the meeting, the sound of an announcement came from outside the door, and an ordinary servant rushed in.

“Deputy tower head, we’ve just received a notice from Tianyuan trading company!”

The man presented a document with both hands and said, “Please take a look, Deputy tower master!”

Cui Bo frowned and stared at the notice for a few seconds. When he took it and read it, his expression changed. He slammed the notice on the table and said angrily, “Tianyuan trading company is so fast and cunning!”

“What’s going on?” Ren Guang asked, stunned.

Cui Bo passed the notice over and said, “Read it out for everyone to hear.”

Ren Guangzheng took the notice and read it word by word, “Notice to all members of the Business Alliance, Huanhuan”

“Today, the father and son of the Wu family of Luoqu Chamber of Commerce openly violated the basic principle of the merchant Union’s peaceful and stable development and caused harm to Tianyuan Chamber of Commerce. Acting president Ding Ling ‘er tried to persuade them to do good, but to no avail, so she had no choice but to punish the evil. The main culprit has already been executed, so please relax and don’t worry.”

“However, although the main culprit who destroyed the peace and stability of the merchant Union has been executed, the mastermind is still free and is ready to make a move and destroy the peace and stability of the merchant Union. Although Tianyuan trading company is weak, it’s not afraid of any force. We swear to fight to the death with those who destroy the peace and stability of the merchant Union!”

“Apart from the Wu father and son, the three main culprits of the Luo qu Chamber of Commerce, the rest of the people have a good intention. After they realized this, they firmly vowed to be loyal to the acting president, Ding Ling ‘er, and wanted to merge all of Luo qu Chamber of Commerce’s business into Tianyuan Chamber of Commerce in order to seek greater and better development.”

acting president Ding Ling 'er had to reluctantly agree to it after rejecting it in all ways. After the two conventions, Tianyuan trading company will gradually take over everything that Luo qu trading company does on the continent."

"I'll announce the full text. I hope that all the Business Alliance allies can work together to crack down on all destructive behavior and seek common development!"

"This bi an ..."

Ren Guangzheng was completely dumbfounded. He threw the notice to the ground and said angrily, "This is too ridiculous! It's obviously annexing others, but it's written so righteously, hypocritical, and cunning. We're not stupid, so who would believe it!"

Xuan Yutang's expression turned strange. He picked up the notice and read it again in detail.

"Elder Xuan, what do you think?" cui Bo asked.

Xuan Yutang pondered. everyone knows that it's just an excuse, but it's a fact that all the senior executives of Luo qu Chamber of Commerce have been swallowed up by Tianyuan Chamber of Commerce. No one will stand up for a dead Chamber of Commerce except for its original master, the first heaven Pavilion. However, in the notice, Tianyuan Chamber of Commerce declared that he was the victim, and the mastermind had not yet appeared. If the Emphyrean one Pavilion took action at this time, it would be seen as the mastermind, which would be disadvantageous in the Grand sense of justice. Moreover, once this notice is out, we have no reason to send a letter to Tianyuan trading company to question them. This notice is really timely, and the means are really brilliant. It's not at all like Ding Ling 'er's passive method of finding a way to deal with everything in a narrow gap."

"Well, Tianyuan trading company has indeed taken too much initiative this time."

"What should we do now that we can't send a letter?" cui Bo asked after some thought.

Xuan Yutang hesitated and said, "we don't have to be in a hurry now. Emphyrean one Pavilion should be the one in a hurry." If someone from the Emphyrean one Pavilion comes to ask about our relationship with Tianyuan trading company, just ignore them. There's no need to explain it so clearly to the public.

Since Tianyuan Chamber of Commerce wants to use our name, we'll change our strategy a little and give him a tacit agreement. In this way, they may be able to compete with the Emyrean one Pavilion for a while, and we'll just wait for the result."

Cui Bo's eyes flashed and he smiled, "That's a good idea. Tianyuan trading company is using my name, so we'll use his strength to suppress and suppress the Emyrean one Pavilion. Although Emyrean one Pavilion isn't a threat to us, it's still one of the core four alliances. It'll be beneficial for us if we can delay it. Yes, let's do it this way!"

Xuan Yutang said, "in that case, we still have to send the letter. But as for the content, just say that we have received the announcement. As the leader of the Business Alliance, myriad treasures store will not tolerate any behavior that destroys the harmony of the Business Alliance. They will also express their praise and approval for Tianyuan trading company's handling of luoku trading company.

"This bi an ..."

Cui Bo felt that it was inappropriate and hesitated. "Isn't this the same as openly supporting them? If the Emyrean one Pavilion comes to question us, what should we do?"

Xuan Yutang laughed and said,"hehe, Deputy tower master is wrong." First, we are the leaders of the Business Alliance, so they should keep their eyes open and not make any mistakes. Second, we support the maintenance of the internal unity of the merchant Union, not the Tianyuan Chamber of Commerce. If the Emyrean one Pavilion comes to question us, just say that we were also blinded by the notice of Tianyuan trading company and couldn't tell the truth."

We're in fourth place in the voting right now. It's a crisis! One vote a day, Yingying is healthier!

...

Chapter 622

622 Gathering

"Such great kindness!"

Cui Bo's eyes lit up and he praised, "Elder Xuan's arrival at Songyue Yang City is the greatest help to Cui Bo. Otherwise, I would really have a headache with the situation in Song Yue Yang City. If I don't handle it well, I will be punished by the Tower Lord."

"I'll do my best, that's all." Xuan Yutang smiled faintly.

"Send a letter to Tianyuan Trading Company as Elder Xuan said!" Cui Bo immediately ordered.

At the same time as Myriad Treasures Store received the notice, over a hundred members of the Merchant Union who had gathered in Songyue City had also received the notice. For a time, all kinds of speculations were made, and they all felt the pressure of a storm coming.

"Hmph! He actually made a bogus accusation! Tianyuan Trading Company, Ding Ling'er, you're so good!"

The Empyrean One Pavilion was cold and gloomy, and the atmosphere was a bit depressing. The people present were even breathing carefully, as if they were afraid of making a sound and scaring someone.

In the middle of the hall knelt an old man covered in blood. He was lying on the ground, trembling. It was the martial honor who had his dantian destroyed by Mo Xiaochuan and was sent flying. Having lost his origin power, he fell from the sky and almost broke all his bones. At this moment, other than the pain all over his body, he was also extremely terrified, causing his body to tremble more and more.

"I'll send you to the Luo Qu Chamber of Commerce to assist them and give them some advice. But now, you're telling me that the father and son of the Wu family are dead, that Luo Qu Chamber of Commerce has been incorporated into Tianyuan Chamber of Commerce, and that you've been crippled of your cultivation, so you've been driven back like a stray dog."

The great elder of Empyrean One Pavilion, Xu Danhe, faced forward with her hands behind her back. She said very slowly, "I'm very puzzled, why did you say you were from Tianyi Chamber of Commerce at that time? Isn't this smearing our Tianyi Chamber of Commerce's reputation?"

The old man's body trembled violently as he said, "Great, great elder, I just wanted to use the name of the Tianyi Chamber of Commerce to intimidate them. Who, who knew that they wouldn't give in and even injured me to this extent? This subordinate is useless, and my cultivation is now crippled. I hope

that great elder can take into account my past contributions and find me a medicinal pill that can restore my cultivation.”

Xu danhe turned around and revealed a look of surprise. She said in confusion, ” “You’re so useless, yet you still have the face to ask for a pill to heal your dantian? Why didn’t I see that you were such a thick-skinned person before?”

She took out the notice and bent down to open it in front of the old man. “See, see, you’re as shameless as Tianyuan trading company. It’s strange that those people who recruited Luo qu Chamber of Commerce didn’t recruit a talent like you.”

Xu danhe’s eyes became colder and colder. She stared at the old man until he kept trembling and his whole body was stuck to the ground.

“Trash!”

Xu danhe spat out two words and waved her hand, ” “Drag him down and kill him!”

“Ah? Great elder, great elder, even if you don’t consider my contributions, you should at least spare my life for my hard work!”

The old man screamed in horror, as if he couldn’t believe that Xu danhe wanted to kill him.

“So noisy! You’re so noisy!”

Xu danhe waved her hand and a ray of light shot out of the elder’s throat, immediately creating a bloody hole. The old man’s face was filled with fear and despair. He kept holding his throat with both hands and struggled desperately.

At this moment, two disciples of the Emyrean one Pavilion came up and dragged him out.

Xu danhe's face was cold. She pointed at the notice on the ground and said coldly, "Who can tell me what to do about this?"

The people in the hall were all the higher-ups of Empyrean one Pavilion, and no one dared to make a sound.

One of the old men gathered his courage and said, "Great elder, Tianyuan trading company has gone too far! We only sent Wu Yu to force Ding Ling'er to marry him and test their strength. They actually annihilated the Luo qu Chamber of Commerce. They clearly know that the Luo qu Chamber of Commerce is our vassal, yet they are so unscrupulous. They clearly don't put us in their eyes. I think we should use the same method they used to deal with Luo qu Chamber of Commerce to destroy Tian Yuan Chamber of Commerce like a Thunderbolt to shake the prestige of my Tian Yi Chamber of Commerce!"

Xu danhe felt an inexplicable anger and shouted, "Destroy Tianyuan trading company? are you out of your mind? If we destroy one of the seven merchant alliances, it will cause a huge storm. What will the other five merchant associations do? can you think before you speak?"

The old man's face turned green, but he didn't dare to refute and closed his mouth.

Xu danhe was angry for a while before she opened her mouth and said, "Tianyuan trading company must be taught a lesson. Otherwise, they won't know their place. But before that, he had to investigate two things. First, they had to figure out what kind of agreement myriad treasures store had with them. Second, how many golden edge and silver Radiance cultivators have come from Tianyuan trading company? if they come in full force, I'm afraid we won't be able to deal with them, so we must send a message to the nearby experts to come as soon as possible. This time, no matter what, we must kick them out of the seven merchant alliances!"

With that, she glanced at a white-robed woman in the crowd and her sharp tone immediately softened."Yu Yi, what do you think?"

Liang Yuyi's body moved slightly, and the two bells on the sword at her waist rang. Her long black hair floated behind her, and her skin was smooth as snow. She moved her fingers gently and said softly, "we'll do as you say, great elder. I'm just curious who they'll send out for the martial arts and technique competition.

Xu danhe said, " yes, this is also something we have to consider. As a key investigation, it's best to destroy it before the competition. This will prevent future trouble.

Liang Yuyi furrowed her brows and said softly, " "There's no need to do anything unnecessary."

"I know you're very confident, but you have to focus your energy on dealing with li Feiyu and the others. There should be as few of those trash from Tianyuan trading company as possible," Xu danhe said with a smile.

Liang Yuyi did not say anything. The light in her eyes gradually dissipated, as if she was no longer interested in anything else.

I'll personally pay a visit to myriad treasures store. You guys do your best to inquire about the situation. Be ready to follow me to Tianyuan trading company to teach that b \* tch a lesson! Xu danhe said. "Let's disperse!" She waved her hand.

After Luoqu Chamber of Commerce was destroyed and all the experts of the Chamber of Commerce were swallowed by Tianyuan Chamber of Commerce, on the same night, the 27 subsidiary Chambers of Commerce under Tianyuan Chamber of Commerce received invitations one by one and were invited to a banquet by Ding Ling 'er.

The banquet was simple, and everyone in the small hall was discussing timidly. Everyone's face was very serious, and from time to time, they would secretly glance at Ding Ling 'er who was sitting on the throne. Ding Ling 'er sat there without saying a word. No one could tell what she was thinking. She seemed to be lost in thought.

After the time it took to finish a cup of tea, Ding Ling 'er finally spoke. Her eyes fell on Yunxiao, who was sitting on the left, and she said, " "Young master Yun, the remaining eight families probably won't come."

Of the 27 Chambers of Commerce, only 19 had come, leaving eight empty seats. It was like a slap to the face, making everyone's expression not too good.

since those eight families didn't come, " Yunxiao said with a smile, " they don't have to come again. I'll pay them a visit tomorrow to execute the main culprit and guide them to do good."

The expressions of the 19 families who had already arrived changed drastically, and they were all shocked. On one hand, he couldn't understand what Tianyuan trading company was doing, but on the other hand, he was glad that he had come to the appointment.

"Time reveals a person's heart, and true love is revealed in times of need," Ding Ling 'er said. The 19 allies and good friends here are the most loyal partners of Tianyuan trading company. I'll remember their names one by one, and I'll definitely treat you well in the future."

"You're too kind, miss ding," one of the old women said. Our extreme square Chamber of Commerce has been following Tian Yuan since old master ding Shan's hands. Thanks to the old master and miss ding's care, we've been able to survive in this dangerous environment. The life and death of extreme square Chamber of Commerce have long been tied to Tianyuan Chamber of Commerce."

"It is!"

The other 19 families also agreed and expressed their loyalty.

Yunxiao looked at the crowd one by one. With Tianyuan trading company's situation declining day by day, everyone thought that the two conventions of the merchant Union had come to an end. The fact that Tianyuan trading company could still withstand the pressure from all sides and come forward to support Tianyuan trading company showed that it was definitely a hardcore Alliance.

Ding Ling 'er was also grateful and said, " "Thank you for your help, great managers. This time, Ling 'er gathered all of you here to unite everyone's strength to fight against the changes in the future. In order to keep our forces together, I'd like to expand Tianyuan trading company's base by one generation and let everyone move in so that they can be connected and look out for each other. I wonder if any of you have any wise opinions?"

"This bi an ..."

“Forgive me for being blunt, but may I ask if miss ding is going to make a big move?” an old man asked hesitantly. Today’s matter with the Luo qu Chamber of Commerce has spread like wildfire, is there any hidden reason?”

Ding Ling ‘er smiled and said,“I do have some ideas for a big move.” The incident with Luo qu Chamber of Commerce was brought upon by them, and they actually set their sights on my Tian Yuan Chamber of Commerce. It’s normal for them to be destroyed in an instant.”

She clapped her hands lightly, and suddenly, several extremely powerful forces spread out in the field. The space seemed to solidify, and the unbearable pressure grew stronger and stronger.

“Chi, this is Chi Chi.”

Under everyone’s shock and horror, more than ten rays of light flew in and revealed their true bodies. They were all powerhouses. The three people in the lead had even reached the rank of martial Supreme, and their auras were shocking!

The lowest cultivation base of the dozen or so Warriors was actually at the peak of the Martial Emperor realm. As soon as they entered the arena, they immediately bowed to Ding Ling ‘er, who was sitting on the upper seat, and said in unison, ” the remaining members of the Luoqu Chamber of Commerce have joined the Tianyuan Chamber of Commerce loyally. They pledge their loyalty to lady Ding Ling ‘er!

...

Everyone was shocked, especially the three martial sovereigns who had a look of loyalty on their faces. It moved everyone’s heart!

It was easy to defeat a martial Supreme, but it was extremely difficult to subdue him. Moreover, it was even more difficult to imagine that so many powerful martial artists would support him so firmly in such a short time.

After the shock in everyone’s hearts, they immediately revealed a joyous mood.

This at least proved one thing-Tianyuan trading company's strength was far more powerful than they had imagined. This time, the team that had clenched their teeth and fought to the death seemed to see the hope of victory!

Chapter 623-dare to meet

you've all worked hard, " Ding Ling 'er said with a smile. I'm happy for you all to be able to forsake the darkness and join the light.

"The father and son of the Wu family overestimated themselves and sought death," a Martial Emperor said loudly. Thank you for miss ding's magnanimity. I'll definitely be loyal to you!"

we'll be a family from now on, " Ding Ling 'er said. please take a seat, everyone.

we're scapegoats, " the martial sovereign said. we don't dare to sit. We'll just stand.

The crowd was floored. Was this still the martial sovereign of the nine Heavens they knew? Where was the Overlord aura of a Nine Heavens expert? what was the difference between this and a captive martial artist?

miss ding is very pleased to see your loyalty, " Yunxiao said with a smile. How about this, a total of nine Chambers of Commerce are delayed by matters and can not come to the banquet. How about you all make a trip and bring miss ding's regards to them?"

"Oh, there's such a thing!"

The martial sovereign had a murderous look on his face as he snorted, " he really doesn't know what's good for him. Young master Yun and miss ding, don't worry. We'll be back soon.

The dozen or so people instantly exuded a murderous aura, causing everyone present to feel suffocated.

Ding Ling 'er's face showed a trace of pity and said, " "After all, we've lived together for so many years, so let it go as much as possible."

The Martial Emperor looked at Yunxiao to ask for his opinion, and a trace of fear flashed in the depths of his eyes.

since miss ding is so merciful, ” Yunxiao said indifferently, ” just execute the chief villain. As for the others, take them in and give them a chance to turn over a new leaf.

“Yes!”

The dozen or so martial artists no longer hesitated. After taking the name list, they did not delay at all. They turned around and turned into rays of light, soaring into the sky and scattering in all directions.

The people of the other 19 subsidiary Chambers of Commerce were so shocked that they couldn't come back to their senses. Tianyuan Chamber of Commerce was so arrogant and domineering, which was completely different from its usual style of avoiding and taking advantage of the situation.

Although the young man on the left had an ordinary cultivation base, he occasionally revealed the spirit of a peerless expert. His every move was always inadvertently shocking and elusive.

Although the young Martial Emperor powerhouse was standing there with his eyes half-closed lazily and did not care about what was happening, he was like a black hole. Just by standing there, he made it difficult for everyone to calm down.

let's not waste any time, ” Yunxiao said lightly. you can start moving into the Forbidden Zone of Tianyuan trading company now. I'll immediately order my men to double the area. As long as we work together, no matter how the game changes, we will be invincible!”

These words caused everyone's bodies to tremble. They hurriedly stood up and said, ” “We're willing to follow miss ding forever, and we'll never have second thoughts!”

Everyone bade farewell in a hurry and began to go back to arrange the relocation.

Soon, all the people in the hall had left, leaving only Ding Ling 'er, Yunxiao, and Mo Xiaochuan.

As soon as the crowd left, Ding Ling 'er's aloof and indifferent attitude disappeared. She was now full of tenderness, as if she were a different person. She was a little puzzled. how did they train those martial artists? how could they be used by me in such a short time? at first, I was worried that they would become a hidden danger. But from what I saw just now, they seem extremely loyal.

Yunxiao smiled and said, " it's simple. I'll just put a little restrictive spell on them. Without my unique technique, their dantian will explode within three days, and they will be completely crippled. Do they dare to not show their loyalty? "

"I see," Ding Ling 'er nodded and smiled. Young master Yun was martial sovereign Vanquisher, so it was only natural for him to use a few tricks to deal with ordinary experts. What I'm worried about now is what if the Emyrean one Pavilion comes to question us?" "I've already sent a message to my father, but he hasn't replied," she said with a gloomy expression.

Yunxiao frowned slightly and asked in confusion, " Let's not talk about what ding Shan is planning. As for the Emyrean one Pavilion, there's no need to worry, because there will be someone who will take the blame for us."

"Someone is standing up for us?" Ding Ling 'er asked curiously. Who is it? could it be li Feiyu?"

Yunxiao shook his head and smiled. He looked in the direction of the four extremes sect in the distance and said with a chuckle, " Tang Xin!

.....

At the four extremes sect's station, a young man was listening attentively to a report. His face flashed with a demonic expression, as if every time he looked at it, it would be different from before. It was difficult to tell what his true expression was.

"Young master, that's the situation."

After a martial honor reported, he said, " I hope that young master can remove the restriction on me so that I can return to serve young master."

The revered martial artist was the man who had sworn allegiance to Tianyuan trading company, and he was also the liaison of the four extremes sect in Luoqu trading company. He did not have time to escape at that time, and as a result, he was recruited by Yunxiao.

Tang Xin paced back and forth in the hall and laughed, "Tianyuan trading company, you're so good. I was almost cheated by you,"

"Oh? What do you mean, young master?"

A man wrapped in a black robe sat quietly to the side and could not help but ask.

Tang Xin sneered. Tianyuan trading company is playing an Empty Fort Strategy. The more they try to show off, the more it shows that they are in a weak position. This is the only way to mess up the situation and make it difficult for people to predict. Although it's a bit risky, it's a good idea, and it doesn't seem like something Ding Ling'er would do with her personality. I think it must be the doing of that young master Yun."

The black-robed man was stunned for a moment and asked in confusion, "How do you know?" Although he asked this question, he already believed it in his heart. Because he had been with Tang Xin for a long time, he had never seen him make a wrong guess.

Tang Xin smiled and said nothing, "I also have a guess about this 'young master Yun', but I don't know if it's correct. Mr. Hidden Dragon, please help me confirm it. However, let's help him remove the restriction first. Perhaps we can get some clues from the restriction technique."

"Alright!"

The black-robed man stood up and slowly walked towards the martial honor.

The revered martial artist was overjoyed and hurriedly thanked him, "Thank you, young master. Thank you, Mr. Hidden Dragon! He turned around and ripped off his shirt, revealing his muscular back. A golden pattern was printed on his back.

what an ingenious restriction! Hidden Dragon stared at it for a while and said, " but it's not a problem for me.

He stretched out his skinny hand and slowly dug his long and narrow nails into the flesh of the martial honor. Blood immediately gushed out and his back was dyed red.

Hidden Dragon's hands continued to form strange seals and sent them into Wu Zun's back. Every time he did so, a red light would shoot out and gradually integrate into the golden seal. Under the impact of the blood light, the seal began to slowly activate and seemed to be about to break.

"Hmph, small tricks, break for me!"

break! Hidden Dragon pointed his finger down and touched the array. Immediately, the Golden array shot out a strong light, like a golden light blooming. Then, it turned into rays of light and shot into the sky above the hall, gradually taking shape.

"This Tao Wu!"

Hidden Dragon was shocked and quickly retreated to protect his body, afraid that there would be an attack hidden within.

"Argh! This Tao Wu!"

Tang Xin's shocked voice was heard. Hidden Dragon looked up at the sky and suddenly opened his mouth wide, stunned.

The light formed by the restriction condensed into eight big words in the sky.

"Young master Tang Xin, do you dare to meet me?"

Tang Xin and Hidden Dragon were both shocked, and an indescribable shock spread in their hearts. They both saw the fear in each other's eyes.

...

There were eight characters hidden under the restriction. Not only did the other party discover the hidden post, but he also predicted it so well that he would find someone to crack it!

Even Tang Xin, who always thought that she had never missed anything, was completely stunned. She seemed to be in disbelief that there was someone who could plot against her in the world.

"Young master, Mr. Hidden Dragon, what's wrong?"

Although the revered martial artist also noticed the strangeness, he did not see the words as his back was facing the hall. He slowly turned around and saw two completely stunned faces.

Whether it was Tang Xin or Hidden Dragon, they were both extremely intelligent people in his mind. They always had a smile on their faces, as if everything in the world was under their control. He had never seen such a dumbfounded look.

The shock in Tang Xin's eyes couldn't go away, and she just said awkwardly, "This, this is an ..." He was unable to come back to his senses for a long time before he finally said, "Mr. Hidden Dragon, we must investigate this person's identity immediately!"

"Mm! I'll go now!"

Hidden Dragon was also unable to hide the shock in his heart. He turned around and disappeared on the spot.

The revered martial artist was stunned and didn't know what had happened. He only felt a sense of relief behind him and the restriction seemed to have disappeared. He thanked him repeatedly.

Tang Xin waved her hand impatiently to dismiss him. She walked back and forth in the hall alone, seemingly a little annoyed. This feeling of being unable to control it made him extremely uncomfortable, as if he had predicted that the chess game was deviating from his calculations.

Suddenly, a sense of pride welled up in his heart. He said coldly, "Young master Yun, since you're eager to meet me, I, Tang Xin, will give you this qualification! I would also like to see what kind of monstrous talents are hidden among the younger generation in the current heavenly martial arts realm!"

...

Overnight, the entire songyue city was filled with killing intent. The cultivators of Luo qu Chamber of Commerce swept through the city one by one and settled the nine Chambers of Commerce that had separated from Tianyuan Chamber of Commerce. Those who should be killed were killed, and those who surrendered were surrendered. They didn't encounter much resistance.

Other than the powerful martial sovereigns, all the other Chambers of Commerce were as silent as cicadas in winter. They were worried about their own safety. All kinds of intelligence reports were sent to their respective Chambers of Commerce at every moment, and many people discussed their future countermeasures.

But, Yunxiao had a good rest. When he came back to his senses the next day, a ray of sunlight shone into the city, and the whole city began to boil with excitement after his arrival.

The two pieces of news were like sunlight, quickly spreading through the streets.

The first reason was that Tianyuan trading company was resentful for attacking others for no reason. With the approval of myriad treasures store and several core members of the Business Alliance, the Empty Pavilion would punish them.

The second piece of news came from the four extremes sect. Tang Xin, who had always been regarded as the wisest person among the younger generation in the merchant Union, had sent out an invitation to invite Yunxiao, the city Lord of Yanwu from the southern region, to the fragrance Pavilion!

Chapter 624

624 Fragrance Pavilion

The fragrance Pavilion was the tallest viewing pavilion in Songyue city. It had a panoramic view of the entire city and was the property of the Four Extremes sect.

It was a good place to play the flute, play the zither, recite poetry, and paint. Tang Xin liked this kind of view very much and the feeling of having the world in her heart.

I've spread Yunxiao's identity throughout Songyue city according to young master's order. Now, they have revealed their true colors, and the Empyrean one Pavilion has also communicated with myriad treasures store, and they are ready to attack Tianyuan trading company.

On the top floor of the fragrance Pavilion, Tang Xin was boiling water and making tea. She listened to the report of Hidden Dragon behind her and smiled with satisfaction, "Will he become a chess player and appear in the game of chess with an identity that I think highly of, or will he be a clown and be destroyed after a few jumps? Let's see if he can survive this test.

Hidden Dragon's body was completely covered in a black robe. He said in a deep voice, "This Li Yunxiao seems to have some background. Two titled martial sovereigns came to Yanwu that day, and as far as I know, even people from the Holy region went there. Young master, you must not underestimate him!

Tang Xin didn't take it seriously. The spring water boiled and soaked in the fresh tea leaves, giving off a touch of fragrance. What happened in Yanwu is related to the collapse of Mount Meru, one of the four great celestial realms. Naturally, it will trigger the sacred zone. As for the arrival of the two titled martial sovereigns, there are many secrets behind it. Let's not make wild guesses lest we mess up our plans. But in any case, in Songyue city, I don't care who Li Yunxiao is, whether he's a dragon or a tiger, he has to lie down for me."

Hidden Dragon nodded and said, "He's just the Lord of a city in the southern region. I don't think he can make any waves. The invitation has been sent. Now that Yunxiao's identity has been exposed, I'm afraid they might not even dare to come.

"I'm sorry," Tang Xin said with a smile. "If he doesn't dare to come, I'll be disappointed.

"Bai Yunke, who is worthy of being called an uncle in the ancient times? Listen to the fragrance, boil water, drink tea, and flip the palm of a stormy sea."

Hearing the laughter and poetry coming from outside the pavilion, the space twisted and two men slowly appeared. They walked in the air, and waves spread out under their feet, like the waves of a calm lake being blown.

The two of them slowly walked into the building, and Yunxiao sat down without any hesitation. He took the tea made by Tang Xin and drank it in one gulp, then smiled and said, " young master Tang Xin, you're overthinking.

Tang Xin was taken aback and carefully looked at the two men. Yunxiao and Mo Xiaochuan's demeanor was extraordinary, and there was a faint celestial air about them, which made her look a little dwarfed.

A trace of displeasure appeared on Tang Xin's face, and she said coldly, " "One move, raging waves flipping palm, what a powerful bull's skin. Comparing yourself to me, you're overestimating yourself."

"Hehe."

Yunxiao chuckled. Tang Xin, I'm just trying to make you proud. If you don't want it, I don't mind putting you under my palm.

Tang Xin was taken aback. Looking at Yunxiao's free and easy look, she found that he did not seem to be joking, nor did he look like a brainless retard. However, how could anyone with a little bit of rationality say such shameless words in front of him? he was stunned for a while before he laughed,"A mere native from the southern mountain range dares to criticize the country in front of me. It's a joke. I'd like to see how you're going to suppress me with a flip of your palm."

His words grew colder and colder, and the atmosphere in the pavilion gradually became more and more tense.

A sharp gleam flickered in Yunxiao's eyes as he said with a smile, " it seems that strength speaks the loudest. Since you want to be beaten, I have no reason not to fulfill your cheap request.

Yunxiao gently patted the table, and the boiling water immediately shot into the air. It spread out but did not spill. Instead, it slowly condensed and turned into a mini water dragon, roaring and biting at Tang Xin.

it's just a small trick. A mere one-star Martial Emperor is no different from an ant in front of me!

Tang Xin threw a cold punch into the water Dragon, which immediately broke into a pool of tea.

“What?”

Tang Xin was slightly surprised. The tea that had been shattered into a Dragon shape by him not only didn't dissipate in the air, but it rotated in the air and gradually expanded, becoming bright like a film opening. Finally, it formed a water ball that was going to surround him.

Although Hidden Dragon's expression could not be seen clearly, a divine light flashed across his black robe, and he seemed to be extremely surprised.

interesting, but a technique is still a technique. Don't you know that one man can overcome ten men? ”

Tang Xin snorted coldly, as if she was very upset that she couldn't break her opponent's technique with one move. A green light appeared in her hand, and a small white ball emitting a soft light appeared in her palm. It suddenly turned into thousands of needles and scattered in all directions.

The ball of tea was finally riddled with holes and began to spill out unnaturally.

Yunxiao chuckled and gently knocked his fingers on the table. The tea, which had lost all its spirit energy, seemed to gain strength again. It condensed into a Water Phoenix in the air and flew up again.

Tang Xin was furious and shouted, “are you done!?” A ball of flame suddenly burst out of his hand and condensed into a fire Fist, which he threw at The Water Phoenix.

Heat waves rippled over the fragrance Pavilion, and the pot of tea was finally completely evaporated, no longer existing.

“Hehe, Tang Xin, I’m just playing with you. Do you need to be angry? It’s a pity that this pot of good water can’t be drunk.”

Yunxiao chuckled, and his casual look shocked Tang Xin.

Wasn’t the attitude of smiling at the wind and clouds, pointing out the country, and casually toying with the opponent what he had always pursued? it should have appeared in him, but why did he see it in the other party’s figure, and he became the one being toyed with?

Tang Xin was secretly angry that she was suddenly at a disadvantage in the contest of demeanor, but she also restrained her contempt and her face became a little gloomy.

I want to see you,” Yunxiao said faintly. I don’t want to beat you, but to cooperate with you.

Tang Xin laughed. haha, you’re just a native of the southern region. What qualifications do you have to talk about cooperation with me? ”

The southern mountain range had always been known as a place where even birds would not take a shit. All the major forces had never been too lazy to set foot there. For tens of thousands of years, no one had heard of any experts coming from the southern mountain range. Therefore, the martial artists of the southern mountain range were often ridiculed as natives.

Yunxiao looked at him as if he were a fool and sneered. “I’m giving you face by saying that we’ll cooperate, but to be Frank, I’m asking you to do it. As for qualifications, it seems that someone intentionally destroyed the teleportation array back in Yufeng city to prevent Li Feiyu from returning to Songyue city. I happen to have some evidence in my hands.”

“Oh, there’s such a thing? How come I didn’t know about this?”

Tang Xin directly pretended to be stupid and said coldly, "are you threatening me? How credible do you think your evidence is, and will myriad treasures store make things difficult for me because of your little evidence?"

Yunxiao stretched out two fingers unhurriedly and said, "Second, are you interested in Tang Jie's experience in the demon's land?"

Tang Xin's heart trembled, her eyes narrowed slightly, and she said coldly, "What does his business have to do with me? Do you think I have to worry about how my good-for-nothing big brother disgraces himself outside?"

Yunxiao chuckled and said, "Tang Xin, who is known as the wisest person among the younger generation in the merchant Union, is really an undeserved reputation. I thought that it would be easier for smart people to speak, but it seems that I've found the wrong person. You have no right to cooperate with me!"

Yunxiao stood up and was about to leave, but Tang Xin's face changed and she said angrily, "I haven't finished my words, how can I allow you to come and go as you please!"

Hidden Dragon's figure moved and immediately a black Qi began to circle around the fragrance listening Pavilion. The bright and sunny building suddenly became chilly.

Mo Xiaochuan's expression changed, and a rare look of solemnity appeared on his face. He seemed to be very afraid of the hidden Dragon. The bones of his right hand cracked as he clenched his fist, and a powerful sword Qi emanated from his right hand.

The sword Qi's pressure radiated out from the building and pressed against the black Qi. A huge spiritual energy fluctuation enveloped the area. Tang Xin looked at mo Xiaochuan in surprise, and an armor vaguely appeared on her body to protect her from the impact of The Secret Battle between the two.

Yunxiao, however, remained calm and composed in the huge fluctuation of spirit energy. Tang Xin, I had too high expectations of you before, so I'm very disappointed now. If you're still so stupid, then you'll be the next one to be eliminated!

Tang Xin's face was extremely ugly, and her eyes were flickering as if she was struggling. He raised his hand to signal Hidden Dragon to stop and gritted his teeth, " Li Yunxiao, I was a little rude just now. How about I have someone make some more fragrant tea and let's talk again? "

Yunxiao chuckled and said lightly, " "I'll give you one more chance. You'd better not disappoint me."

Tang Xin suddenly felt a sense of powerlessness in her heart. This was a situation that he had never been in for so many years. He was always the one scheming against others, but he had never been schemed to death by others.

Yunxiao's words had hit the biggest doubt and hidden danger in his heart, which was what had happened to Tang Jie during his trip to the soft song woodland. He could not find out anything no matter what!

The heavy atmosphere gradually eased, and a pot of spring water was soon boiled again. The fragrant tea leaves were gradually brewed, and Yunxiao drank it very comfortably.

...

Li Yunxiao, " Tang Xin said with a gloomy face, " what on earth did Tang Jie experience in the demon plain? " I've also found out that you were also in the demon land at that time, and you seemed to have experienced the entire process."

It's nothing, " Yunxiao said with a smile. It's similar to the rumors outside. It's about Noah's ship.

"What?"

Tang Xin was shocked, and even Hidden Dragon's body trembled. The flashing eyes in the black robe showed that it was extremely difficult for him to calm down!

Tang Xin's face was so ugly that water was about to drip out, and she said word by word, " "Then Noah's ship really appeared? Who has it now?"

Yunxiao took a few sips of tea slowly before he put down the teacup. His leisurely look made Tang Xin want to cut him off with a knife!

“Hold on!”

“Someone is eavesdropping!” Hidden Dragon suddenly shouted.

His skinny arm pointed out of the building, and a cold light cut a black line in the space. It frighteningly cut the space hundreds of meters away. The surrounding space collapsed toward the isolation area, and the entire fragrance Pavilion tilted in an instant.

Chapter 625

625 The value of information

“Bang!”

A crisp sound reverberated through the air as Hidden Dragon’s spatial rend was blocked. It was followed by a constant buzzing sound, as if some kind of profound level weapon had been shaken by the attack. It kept making a vibrating sound, which was so loud that it made people’s ears ring.

At the front of the black crack, an object appeared in the space. It was shaking continuously. Everyone’s eyes narrowed. It was a gold coin!

What surprised everyone even more was that the gold coin was the most ordinary and real gold coin, not some profound level weapon. To be able to use a gold coin to block Hidden Dragon’s attack, it was clear that this person was extremely powerful.

The gold coin was bent and buzzing from the impact.

A man’s arm appeared out of thin air, and with two fingers, he grabbed the coin. It stopped the trembling of the coin, and the man said, “this gold coin can buy a lot of tea eggs. Who will compensate me?”

The air twisted and swayed faintly, and two figures stepped out from it one after another.

The man with the gold coin in his hand followed behind, wailing as he held the gold coin.

third uncle, stop it. Don't let them laugh at us.

The person in the lead had an imposing appearance as he reprimanded.

He looked over from a distance, ignoring Tang Xin and fixing his eyes on Yunxiao. With a provocative look, he said coldly, " we meet again, li Yunxiao.

Tang Xin's pupils shrank and she looked at the stranger. She was shocked and said, " "Revered martial artist! Qian Wudi, it's said that you obtained a seven constellation realm Dao fruit in the demon Plains. So it's true, and you actually broke through a major realm in one go!"

Tang Xin's gloomy feeling of being ignored by Qian Wudi was immediately swept away after seeing the other party's cultivation, and her eyes showed a heavy look.

The person who came was Qian Wudi, and his aura was completely different from before. He snorted and laughed, " it was all thanks to li Yunxiao's help. It's just a small matter.

His gaze also became sharp as he said, " "But what I regret the most is that I directly retreated from the demon's land, so I missed the birth of Noah's ship! Li Yunxiao, I'm also very interested to know what the situation was like at that time!"

The words "Noah's ship" seemed to be filled with endless magic, making everyone in the fragrance Pavilion look serious and nervous.

you still owe me 1.1 billion medial-grade primordial stones," Yunxiao said with a smile. if you want to hear a story, you'll have to pay up first.

Qian Wudi's face flashed with pain, but he remembered that he had relied on the Dao fruit of the seven constellations to comprehend all the martial intent of the martial Royal realm. With the accumulation of a large number of natural treasures, he had directly reached the peak of the martial Royal realm. Then, the experts in the sect had joined forces to enlighten him and open up the path to the martial honored realm.

In this case, Yunxiao's contribution to the Dao fruit of the seven constellations was great, and the 1.1 billion mid-grade primordial stones were indeed worth it.

With that in mind, Qian Wudi had nothing to be stingy about. He took out a storage bag and threw it to Yunxiao. 1.1 billion mid-grade origin stones!

A trace of envy flashed in Tang Xin's eyes and she snorted, " brother Wudi, 1.1 billion mid-grade primordial stones for a seven constellation Dao fruit. You've really struck it rich!

Qian Wudi ignored him and said coldly to Yunxiao, " "Cut the crap. What's with that Noah's ship?"

Tang Xin was rejected and ignored again. She suddenly felt extremely ashamed and sullen, and said angrily, " Qian Wudi, don't think that you can be so arrogant just because you have advanced to martial honor. You are just a mere one-star martial honor, let alone me. Even my good-for-nothing big brother can easily kill you!

Qian Wudi looked at him with disdain, " "He claims to be the best at stratagems, but in our eyes, he's just a jumping clown and an evil person. Only by constantly increasing his own strength and charging towards the peak of the martial Dao was the correct path that would never change. On this point, you're far worse than Tang Jie."

"You coward!"

Anger appeared on Tang Xin's face, but she forcibly suppressed her anger and said coldly, " good, good. Qian Wudi, I, Tang Xin, will remember what you said today. You will see the consequences in the future.

"Tsk!"

With a disdainful look on his face, Qian Wudi ignored him and turned to Yunxiao, " "Speak. Tell me everything you know in detail, in full detail,"

Yunxiao smiled as he watched the two argue, then said, " "It seems that the two of you really want to know."

Qian Wudi and Tang Xin both frowned. They didn't know what he meant, but they nodded.

very good! Yunxiao clapped his hands and laughed. since you all need my help, it'll be easy.

Qian Wudi was stunned, his face turning green as he sneered, " "I knew you wouldn't be so easy to talk to. What do you mean I need your help? Do you think you can leave this place alive if you don't make things clear today?"

As his words turned cold, the atmosphere in the pavilion became tense again, as if a fight was about to break out at any moment.

Yunxiao took a sip of tea and said with a smile, " "Brother Wudi, young master Tang Xin was as hot-tempered as you just now. Let's sit down and have some tea to cool down. As for whether I can leave this place, you don't have to worry about that. Instead, I'm worried about Tang Jie's current situation. Both of you are extremely ambitious people, so don't be eliminated unknowingly."

Qian Wudi said coldly, "no matter what you say, don't even think about getting any benefits from me." I'm just asking you, did Tang Jie get Noah's ship?"

Yunxiao looked displeased, and the tea in his hand immediately cooled. "Brother Wudi, it seems that our little friends can no longer have fun together. Let's not talk about this matter, goodbye!"

Hmph, you can play with Tang Xin with this trick. Any trick is useless in front of me!

Qian Wudi spread out the power of his domain, and with a flash of golden light in his hand, he formed a seal and threw it at Yunxiao. Li Yunxiao, I'm also very curious about what level you've reached, and whether you're still qualified to fight me!

Qian Wudi's sudden attack caused the situation to become tense.

However, his third uncle behind him was still playing with the curved gold coin. From time to time, he would glare at Hidden Dragon, blaming him for destroying his own coin.

Meanwhile, mo Xiaochuan stood coldly in the air. He even stepped back to give them space to make a move. As long as the Martial Emperor powerhouses did not make a move, there was no need for him to make a move.

Tang Xin was even more excited to watch the show. She retreated to the side and observed carefully, hoping to find out the true strength of the two.

Yunxiao's expression remained unchanged, as calm as ever. He did not care about Qian Wudi's seal, and with a flip of his palm, he gathered the wind and clouds to block the power of the seal.

Tang Xin's pupils constricted. Yunxiao's one-star Martial Emperor cultivation base had actually surpassed a major realm to suppress his opponent, which shocked her greatly. Not only him, even third uncle, who seemed to have nothing to do with Hidden Dragon, was attracted by this.

Qian Wudi naturally knew Yunxiao's power, so he was not surprised at all. He snorted heavily and changed his hand seal. Under his control, the golden light condensed into a blade beam and cut through Yunxiao's wind and cloud Palm.

Yunxiao was still calm and composed. He made a few strange gestures with his hands and gently clenched two fingers to catch the saber beam.

At that moment, the faces of third uncle and Hidden Dragon changed drastically. The power of the laws of heaven and earth had vaguely flowed under Yunxiao's two fingers. Although it was weak, it could not escape their eyes, and they were shocked.

Qian Wudi was also shocked. He had thought that he would be able to suppress Yunxiao after advancing to martial honor, but now he found that the power of the domain had no effect on him. Instead, the force between Yunxiao's two fingers made his heart palpitate.

“Retreat!”

damn it! Qian Wudi scolded in a low voice, and the saber beam instantly turned invisible and vanished under Yunxiao’s fingers. I didn’t expect that your strength would still impress me after we parted at Mount Meru.

Naturally, he was unable to suppress his opponent in an instant, so there was no need to continue this battle.

Qian Wudi was also clear that unless he used up all his trump cards, it would be very difficult to suppress his opponent. He wasn’t even sure if he could suppress his opponent if he used all his strength. More importantly, he didn’t want to reveal his strength.

so, can we have a good talk? ” Yunxiao laughed.

...

Qian Wudi nodded and recited, ” “You’ve already proven that you have the qualifications. Tell us, how do you want to extort us? as long as it’s not too outrageous, we’ll do as you wish.”

These words were said in an extremely carefree manner, but it also made people who heard it feel very strange, making people frown.

Yunxiao said with a wry smile, ” brother Wudi, you don’t have a conscience. The benefits that the Dao fruit of the seven constellations brings you far exceed the value of what you have paid, and this time is no exception. The inside information I know will also bring you far more benefits than what you have paid.

Seeing that the fight had stopped, Tang Xin couldn’t help but feel a little disappointed. She sighed and said, ” let’s just be direct. Does young master Yun like to talk nonsense? ”

hehe, " Yunxiao chuckled and said, " well, the conditions are very simple. Since you're already aware of my identity, you should also know my stance. I'll definitely protect Tianyuan trading company. But because you've announced my identity, Tianyuan trading company is now in the eye of the storm. You two must help me solve this matter."

Tang Xin frowned. it's your own misdeeds that caused the current crisis of Tianyuan trading company. What does it have to do with me? don't use this to blame me.

Yunxiao gently tapped the table and said with a faint smile, " "It's no longer important how the current crisis is caused. What's important is how to solve it. This is what you need to do in exchange for Tang Jie's information."

"Impossible!"

Qian Wudi coldly spat out these three words and mocked, " "Tianyuan trading company is now facing the revenge of Tianyi Pavilion, and it has the tacit approval of myriad treasures store, which is almost the attitude and stance of the entire merchant Union. If we show up, the whole merchant Union will be completely divided into two distinct factions, which will deepen the internal conflicts of the merchant Union. The consequences will be hard to predict."

Chapter 626-concerns

Tang Xin also nodded. that's right. This matter is too important. Let's talk about other things.

"A!"

No. Yunxiao shook his head and sighed. is it the heaven that is destroying Tianyuan trading company? " In fact, the poor Tianyi Pavilion is just being used by others. If they knew that Luo qu Chamber of Commerce has long been out of their control and is now under your command, I wonder if they would still have such high enthusiasm to deal with Tianyuan Chamber of Commerce?"

"Cough, cough cough!"

Tang Xin coughed heavily a few times, showing a reproachful look and reprimanded, " young master Yun, what you're saying is completely baseless. I don't know where you heard it from, but you can't be so irresponsible with your words!

"Small news?"

Yunxiao smiled and said, " "The remnants of Luo qu Chamber of Commerce are still in my hands, they all said so in unison."

"You coward!"

Tang Xin was furious. If Luo qu Chamber of Commerce was under his control, and after Wu jinzun's death, the spy was also taken back, there would be no evidence left at all. But, if Yunxiao ordered the Luoqu Chamber of Commerce to speak in unison, the Empyrean one Pavilion would have to believe it even if they did not want to, and they would be in even greater trouble.

"I don't know which wicked person spread such irresponsible news," he said angrily. It was impossible for the four extremes sect to fight against the Empyrean one Pavilion, but young master Yun's demeanor today had deeply impressed her, and Tang Xin wanted to make friends with young master Yun. How about this, I can secretly lend you some of my power to help you fight against Empyrean one Pavilion. This is the limit of what I can do."

Qian Wudi sneered, " brother Tang Xin, you're really forthright. Am I, Qian Wudi, not worthy of your friendship? Why don't you lend me some strength?"

Tang Xin was already very angry, feeling that she was being eaten up by Yunxiao step by step, and this feeling was extremely unpleasant. At this moment, she was even ridiculed by Qian Wudi, so she said in a cold voice, " "If young master Wudi likes it, I don't mind bringing the elites of the four extremes sect to visit your money sect!"

I think you'd better think about how to help Tianyuan trading company survive this disaster, " Yunxiao said. otherwise, you don't have to ask about Noah's ship, the heaven and earth chessboard, and the Almighty demon.

“What? And it’s related to the king level master’s heaven and earth chessboard and the monster race?”

Tang Xin looked extremely embarrassed, and there was an irrepressible depression surging in her heart. She seemed to have thought of something and could no longer calm down. She gritted her teeth and said, “The four extremes sect will do its best to take care of the Tianyuan trading company. Tell me everything that Tang Jie encountered in the demon’s plain without missing a word!”

don’t worry, young master Tang Xin. Yunxiao nodded. since I’ve come to you, I’m naturally going to get everything out of you. I wonder how brother Wudi is doing?”

I’m not interested in the heaven and earth chess game or the demon race, ” Qian Wudi said coldly. I just want to know where Noah’s ship is now!

Yunxiao chuckled as he stood up, cupped his fists, and said, “If you’re interested in my story, you can stay at Tianyuan trading company and wait for my good news. You can get the information you need from me, so I’ll take my leave. Today, the young talents of the merchant Union have really doubled the pressure on me. There are so many talents in the heaven martial arts realm, but I’m going to be eliminated, haha!”

He threw his head back and laughed before he and Mo Xiaochuan transformed into a ray of light and disappeared.

Hidden Dragon’s figure moved slightly and wanted to chase after him, but he was stopped by Tang Xin, who said with a gloomy face, “let him go. Even if he catches up, he won’t be able to get more information!

“Young master, this person is too scheming. I’ve never seen him before.” Yin long said in a deep voice. Moreover, when he attacked just now, it seemed that his strength was far from what it seemed on the surface. I’m afraid that this person will be a great opponent in the future!”

Tang Xin looked at Qian Wudi and said, “young master Wudi, what should we do about this?”

“What else can we do?” Qian Wudi said coldly. “We have to do as he says if we want to get information from him.” Yunxiao was indeed Yunxiao. He had not changed at all from when he was in Mount Meru,

and he had even become more arrogant. However, all of this has nothing to do with me. What I seek is absolute strength. In this world, some people were your friends if you used them well. If you didn't use them well, you would become your enemy. Tang Xin, you've always thought that you're smart, so you should understand this."

"Third uncle, let's go. I have something to do when I get back."

let's go! Qian Wudi called out, and his third uncle's figure twisted at the same time, directly dissipating from the fragrance Pavilion.

Tang Xin watched the two leave coldly, her eyes suddenly became serious and her face was extremely ugly.

Young master, are we really going to be manipulated by that li Yunxiao? "

Hidden Dragon found it hard to accept and said unwillingly, " I suggest we capture him directly. I don't believe we can't get the information we want!

Tang Xin's face was gloomy and she said slowly, " "It's too risky. The Tang tribulation is very important to me. Everything was under control at first. He only went to the demon land, but I couldn't figure him out after he came back. Moreover, he had some mysterious people helping him, who were probably the demons Yunxiao had mentioned. If I'm not wrong, the price he paid to find the monster race was a large amount of cultivation resources. Last time, I asked the elder in charge of resources to check and found out that the various natural treasures and primordial stones flowing to Tang Jie are actually hundreds of times more than before!"

hundreds of times?!

"How could the sect allow such a shocking number of them to be used?" Yin long was greatly shocked. Could it be Zhenzhen?"

Tang Xin said coldly, " well, that's what I'm worried about. I'm afraid that he has already gotten father's approval, so he can allocate resources at will. However, if he wanted to get his father's permission, what kind of trump card did he, Tang Jie, have? was it really Noah's ship? Although the possibility of this

speculation is not high, we have to be careful. If he is really recognized as the master of Noah's ship, then we will be in big trouble!"

As his analysis went deeper, he became more irascible. He continued, "there's also the throne heaven and earth chessboard that Yunxiao mentioned just now. Mr. Hidden Dragon, you should know that my biggest reliance now is the throne. If there are any variables in this, I will completely lose my father's support. Even with your help, I'm afraid it will be difficult for me to compete with Tang Jie. So, Yunxiao's information is not only of utmost importance to me, but it is also a matter of life and death!

Hidden Dragon was also shocked when he heard this and said awkwardly, "So, we've been tricked by this kid and have to block Empyrean one Pavilion's disaster for them?"

Tang Xin said gloomily, "well, speaking of this, I, Tang Xin, deserve it. Wu jinzun has always been my man, and Empyrean one Pavilion is just a big fool. From now on, pay close attention to the movements of the Empyrean one Pavilion. If there are any signs, immediately send people to support Tianyuan trading company. I must get that information no matter what!"

The two of them quickly disappeared from the air above the fragrance listening Pavilion, leaving behind the fragrant tea that was gradually turning cold.

All of a sudden, a figure gradually emerged on one of the pillars. His face was expressionless, and all kinds of runes flickered around him. When his body gradually solidified, he finally walked down from the pillar and his eyes fell on the stone bench Yunxiao had sat on before.

Yunxiao, Yunxiao, what's his relationship with Gu Feiyang? or is he Gu Feiyang?"

The man's face was gradually revealed. He was the third elder of the ten thousand treasures Pavilion, Yuwen Bo. His eyes were cold and sharp as he paced back and forth in the pavilion, muttering to himself, "Based on my understanding of him, it does seem like his style of doing things. Moreover, that person is indeed mo Xiaochuan. Is li Yunxiao Gu Feiyang?"

Yuwen Bo's face was unusually grave, and he was also extremely excited. He muttered to himself, "If it's really Gu Feiyang, then is the agreement with the myriad treasures store still in effect? this matter involves too many people, and we can only be sure after a hundred percent confirmation. I've obtained

some useful information from this trip to the southern region, so it's not appropriate for me to meet with this person for the time being. As for the Noah's ship ..."

Yuwen Bo pondered for a moment, then muttered to himself, "Gu Feiyang is still alive, Noah's boat, the Almighty of the demon race, and the heaven and earth chessboard. All of these are earth-shaking events. The situation is getting more and more complicated. I won't meet with Cui Bo and Xuan Yutang for the time being. I'll think about it after I've sorted out everything. I'm the third elder of the Myriad Treasures Store, yet I still eavesdropped on these young people's gatherings. If this were to spread out, I'd really have no face to continue living on the continent. Fortunately, I've obtained so much useful information, and I didn't do this degrading thing in vain."

With that said, his figure flickered and gradually faded in the air before finally disappearing.

Yunxiao and Mo Xiaochuan turned into beams of light and shuttled unscrupulously over Songyue Yang City. There were many experts in the city, and the situation was extremely complicated, so very few people would fly so arrogantly.

Mo Xiaochuan scoffed. These spies are so f\*cking annoying. Why don't I go and kill a few of them? That'll save us from being scanned by divine sense all day long.

"Hehe, he's just working. I understand, I understand."

Yunxiao seemed to be in a very good mood. He soon entered the base of Tianyuan Trading Company and landed.

The entire Chamber of Commerce's station had a huge spiritual sense shielding array activated to prevent others from detecting them. Generally, it was safe after entering.

Young Master Yun, "Mo Xiaochuan said, "you're always smiling. Are you so confident that the Four Extremes Sect and Money Sect will come to help?" In fact, if you reveal your identity to the Myriad Treasures Store, it won't be difficult to find help with your relationship with them back then."

Yunxiao smiled. Qian Wudi of the Money Sect is devoted to martial arts and pursuing greater power. He has nothing else in his heart. It's indeed not easy to make use of him. But he had the obsession of

martial arts, and Noah's ship was the best primer. As for Tang Xin, he had too many concerns and distracting thoughts. He might be able to become a hero of a generation, but it was difficult for him to reach the peak of martial arts and become a peerless Martial Emperor. Although this person is very scheming, he has many requests. Compared to Qian Wudi, he is much easier to make use of."

Mo Xiaochuan smacked his head and said, "these businessmen are always up to something!" They're not like normal sects, they fight when they want to fight, they kill and punish decisively, simple and clear!"

Chapter 627-master and disciple meet

this is what it means to be born in the martial world," Yunxiao said with a smile. you can't help yourself. Therefore, the peerless experts were usually not the overlords of a region or the leaders of a sect. Instead, they were the experts who were hiding in the heavenly martial arts realm and cultivating wholeheartedly. The so-called ten great martial sovereigns were merely people driven by fame and fortune, seeking superficial fame. There are still too many hidden dragons in the abyss, unknown to the world."

Mo Xiaochuan chuckled. it's not in your nature to be humble, young master Yun. If you don't want the title, you can give it to me. I've been dreaming about getting on the Billboard.

Suddenly, a cold snort came from somewhere. Hmph, you want to be on the Billboard? you're daydreaming. Get past me first!

As a powerful fist force broke through the air, the entire surrounding space seemed to collapse to the extreme at this moment. It gathered on the fist that broke through the air, and the power of rules flowed out rapidly, as if there was only the fist shadow left in the whole world and nothing else!

Mo Xiaochuan's pupils constricted and his eyes shone brightly. Only the fist's wind grew bigger and bigger in his eyes. That punch was not only filled with the power of rules and Emperor Qi of the nine Heavens, but it was also filled with an endless fist intent that contained an extremely high level of martial intent!

"Oh? A Wufu who can use such a punch?"

The wind from the fist grew more and more violent, and the entire space was about to collapse. However, mo Xiaochuan did not seem to mind. Instead, he smiled and said softly, " this simple fist only

knows how to use this move back and forth. You've always been at the bottom of the pack. Even someone as stupid as you has become a martial Supreme? "

Mo Xiaochuan raised his right hand gently and a Sea of Swords instantly spread out, forming a ball of sword Qi around him. It stood alone in the world that was shimmering with fist radiance as if it had opened up its own world. since when did everyone become able to issue a Martial Emperor's permit? "

"Hmph, what's the use of talking! So what if you entered a few seconds earlier than me? you'll still have to obediently die under the might of my fist!"

The cold voice was filled with disdain and contempt.

"Arrogant!"

Mo Xiaochuan sneered. it's been a long time since you've been hit. It seems like your skin is itching. If I don't teach you a lesson today, I'm afraid you'll forget who's the senior brother and who's the junior Brother!"

As soon as he finished speaking, the ball of sword Qi suddenly transformed into dozens of golden lights that flashed around mo Xiaochuan's body and gathered in his right hand. The shadow of a sharp sword appeared on his right arm, and as his five fingers slowly clenched into a fist, the shadow of the sword flickered and suddenly sucked in all the spiritual Qi of heaven and earth in the surroundings. It became so dazzling that it was difficult for people to open their eyes!

The fist intent and the sword light clashed with each other in the world of Tianyuan trading company's encampment. The Supreme realm of martial intent rippled out, making all the people of Tianyuan trading company look at the small courtyard in horror. They kept quiet out of fear and even stopped breathing under the pressure, not daring to make any noise.

the news we received today is that young master Yun is a native of the southern region, and not some golden edge or silver light. He actually deceived us. What should we do? "

without the Golden edge and silver Radiance of Tianyuan trading company, the Emyrean one Pavilion will be furious now. We won't become cannon fodder, will we? "

in my opinion, it's better to strike first and fight for a chance of survival. We don't want to wait for the chariots of Empyrean one Pavilion to come and crush us!

we still have that native's restriction on us. How do we attack? aren't we afraid that the restriction will activate and completely destroy our dantian? "

Hmph, how powerful can the seal placed by a native of the southern region be? as long as we make a contribution, with our strength, the Empyrean one Pavilion will definitely take us in. At that time, it will be easy to find someone to remove the seal for us!

"Hmm, I think this method is feasible. There were no other experts in the entire Tianyuan trading company except for the martial Sovereign Next to young master Yun. They're just bluffing. If we don't act soon, we'll really become cannon fodder."

Three martial sovereigns of the Luo qu Chamber of Commerce were conversing in secret. Yunxiao's identity made the three feel ashamed and angry, but also frightened.

He was ashamed and angry because he was fooled by a southern region native who he had always looked down on. He was also frightened because he had offended many Chambers of Commerce under the command of that native. Behind those Chambers of Commerce were members of the Council of the seven merchant alliances, and they probably had a lot of grievances.

"Mm, since that's the case, let's live and die together. It's a deal! Moreover, this matter should not be delayed, I think we should do it today."

One of them was conjecturing with a solemn expression when his pupils suddenly shrank.

Not only him, but the other two also felt a powerful and unparalleled martial intent spreading out. The power of the fist radiance and the sea of sword Qi made even them, martial sovereigns of the nine Heavens, feel their hearts palpitate, and their souls trembled violently at this moment.

"What's going on? Are the people from Empyrean one Pavilion coming?"

The three of them hurriedly rushed out in horror, wanting to see what was going on.

In the small courtyard, the fist aura that had filled the sky had been broken by the sea of sword Qi. The fist intent was forced to retreat under the sword aura and gradually fell into a disadvantageous position.

kid, open your eyes wide and see clearly. Junior Brother will always be Junior Brother. He will only be taught a lesson and beaten!

Mo Xiaochuan laughed as he raised his right hand and was about to slash down!

Under the powerful fluctuation of power, Yunxiao's body flickered with a golden light, and the initial state of the imperishable golden body appeared. However, he still felt that it was difficult to resist the powerful deterrence, and he could not help but retreat.

When he saw mo Xiaochuan raise his hand smugly, a sharp look flashed across his face. He shouted, "Stop!"

Although the voice sounded weak, it was very useful.

Mo Xiaochuan snorted softly and put his hand down. He retracted the sword gleams around him into his arm with a disdainful expression.

I don't care if the young Emperor is Dead or Alive," Yunxiao snorted heavily. but, the entire base of Tianyuan trading company will be completely destroyed, and all our plans will be scrapped!

"Wuwu, master! It's indeed you, old man!"

A burly figure came out of nowhere and dropped to his knees in front of Yunxiao, then cried and kowtowed. master, you're really not dead! That's great!

Yunxiao was in a great mood when he saw his disciple, whom he had not seen for a long time. get up. You're a martial sovereign of the nine Heavens after all, a Regiment commander, and a Big Shot with tens of thousands of underlings.

Mo Xiaochuan scoffed. master has already told me about you. You're a martial Supreme, yet you still need master to personally guide you. You're so stupid. Also, master, his underlings are all bandits. You call them big shots? Then wouldn't I be a peerless figure, an unparalleled figure, a figure of the ages?"

Shaohuang haolian was helped up by Yunxiao. Looking at Yunxiao's young face, he pinched it with one hand and cried with joy, "Wuwu, master, you've already become like this. Shaohuang is really not used to it!"

Yunxiao slapped his hand away and scolded him with a smile, " you're all calling me 'young master Yun' now, so it's not appropriate for me to disclose my identity yet.

yes, yes, young master Yun!

yes! young Emperor haolian hurriedly nodded. and Xiaochuan, it's been a long time since I last saw you. I thought you were dead. I was so happy for nothing for a long time.

"Cheap!"

Mo Xiaochuan laughed as he kicked haohuang mercilessly. Haohuang dodged the kick and was sent flying more than a hundred meters away.

Looking at the two brothers, Yunxiao was also very happy. Martial arts was a road of no return, and there was the possibility of falling at any time. If one continued to move forward along this road and could still see the people closest to one's heart still healthy after reaching the peak, that would be the happiest thing.

"What?"

Suddenly, Yunxiao sensed something. He turned around and saw a Pear Blossom tree in front of the courtyard had been shattered by the spirit energy fluctuation just now. White pear blossoms were scattered all over the ground, and a shy woman stood on top of it, dressed in a snow-white, spotless dress.

“Yun ... Young master Yun, Qianqian!”

Yunxiao! Yunshang’s heart fluttered for no reason when Yunxiao looked at her, and she hurriedly stuttered to greet him.

She used to be a hero among women, and everyone in Galan Academy respected her like a tiger. But after learning Yunxiao’s identity, she became a docile and pleasant cat trainer.

Women were made of water. The stubbornness and persistence in their hearts were only for waiting, and they were gentle for you.

“You’re here too.”

...

Yunxiao only said softly, “We just caused a big commotion and I’m afraid that many people have been alarmed. Let’s go inside and talk. Let Ling ‘er handle the things here.”

Mo Xiaochuan’s heart skipped a beat as he looked up into the sky and said coldly, “Who’s there? Come out!”

The sky soon shook, and the three Martial Emperor powerhouses from Luo qu Chamber of Commerce appeared. All three of them had ugly expressions on their faces. One of them said resentfully, “we felt a strong movement and thought something had happened.

it’s nothing, ” Yunxiao said. it’s just two of my men sparring out of boredom, and I’ve stopped them. You can leave now.

“Yes, yes!”

The three of them shifted their shocked gazes from Mo Xiaochuan to Shaohuang Haolian. Their hearts were beating like drums. Wasn't there only one Martial Supreme? Why was there another one? Was this kid really a southern mountain range native? Were there any Nine Heavens martial sovereigns in the southern region?

Their minds were filled with question marks, but they did not dare to stay for long. They left in a flash, but the rebellion that they had originally planned seemed to have never happened. The three of them had a tacit understanding and no one mentioned it again.

Ding Ling'er had quickly settled the matter between Haolian and Mo Xiaochuan. When she told everyone that the experts of Golden Edge and Silver Ray had come, the crowd, who had begun to feel uneasy after learning of Yunxiao's identity, regained their composure.

The five of them found a meeting hall and sat in a circle with Yunxiao in the center. They were all the closest people to him.

Both Shaohuang Haolian and Yunshang looked a little excited and nervous, with joy on their faces.

“Didn't I tell you to hide in peace?” Yunxiao said harshly. “Why did you suddenly appear?”

Chapter 628-experiment

“It's like this, Shi, young master Yun, Qianqian”

Shaohuang Haolian also felt a little awkward calling her by this name, and it took him a while to get used to it. He explained, “Miss Ding had originally arranged for us to disguise ourselves as guards of Song Yueyang City's city lord's estate and patrol the vicinity of the four extremes sect all day long. Recently, we discovered some interesting things and wanted to find out more, but who knew that your identity would be exposed, young master Yun? Miss Luo couldn't help but rush over to see you.”

Yunshang's face turned red instantly, almost purple from embarrassment. “Young Emperor Haolian, you're so wicked!” “That's definitely not the case. I didn't want to come here,” she hurriedly explained.

The others all looked incredulous. Yunxiao coughed awkwardly and said, "Cough, cough, city guards? Song Yue Yang city also has a city Lord's mansion?"

yes," Ding Ling 'er said with a smile, "it's usually to maintain order in the city. It's a lucrative job. It was appointed by the merchant Union, but he still had very little contact with the merchant Union. After all, it was not up to the table. He also knew that his strength was limited for the two meetings this time. He basically stayed in his residence all day and did not come out to meet people. It's very easy for me to arrange a line of guards."

"Of course there's money!" Young Emperor hao lian shouted. I'm now the captain of the guards, and I've already earned thousands of primeval stones in just ten days. I have a much better future than being a mercenary in the soft song forest!"

Everyone was taken aback, and Yunxiao asked in surprise, "So profitable?"

Ding Ling 'er laughed. songyue city is the best commercial city in the world. Although the merchants all have extraordinary backgrounds, the city Lord Mansion is the City Manager arranged by the entire Commercial Union. We have to give them some face and build good relations. Harmony makes money is the most important thing for merchants.

"Hehe," young Emperor haolian chuckled and said, "I've been wandering around the four extremes sect's station all day and managed to hook up with a few maidservants. Tsk, tsk, this four extremes sect really knows how to choose their maidservants. All of them have tender skin and big breasts."

"Cough, cough! The main point!"

Mo Xiaochuan stomped his foot and almost kicked him. He chided, "The two madams are here, you better be careful!"

Ding Ling 'er and Luo yunshang were both a little embarrassed. As the King of Mercenaries, young Emperor hao lian's ruffian character that he could not change made them feel extremely awkward.

haha, I almost forgot. Serious business, let's talk serious business!

Young Emperor haolian restrained himself a little and said seriously, "Young master Yun, have you ever been to death god Palace? I've noticed that they've been quite active near the four extremes sect recently. I also heard from the servant girl that the four extremes sect has been infiltrated and assassinated several times, and the target was Tang Jie."

"Oh? Death god Palace's bi an "

Cold sweat oozed out of Yunxiao's forehead as he immediately thought of Yuwen Xun. "They're doing this to save someone, to save that Yuwen Xun!"

Young Emperor haolian was shocked. He immediately gave a thumbs up and praised, as expected of young master Yun. I was able to analyze the entire situation just by providing some information. Who is this Yuwen Xun? "

Yunxiao had a strange look on his face as he briefly told her about Yuwen Xun. Frowning, he said, "That's strange. Why did Tang Jie and those big demons capture this person?"

Everyone's face turned pale as they heard this, and they had goosebumps all over their bodies. Shaohuang hao lian slammed his palm on the table, looking disgusted. "If I had known that he was so abnormal, I would have killed him in the demon Plains. He really caused endless trouble! Any man who falls into his hands would be better off dead!"

"Cough, cough, stop it, Yingluo."

Mo Xiaochuan could not help but feel nauseated. "Where is this person now? Why don't we send him to hell together!"

Yunxiao shook his head and said with a wry smile, " let's put this matter aside for the time being. Young Emperor, continue to pay close attention to the movements over there. Although the death god Palace is not a big sect, they are ruthless in their actions, and can be considered a tricky force. It's good to let them cause Tang Jie some trouble.

young master Yun, " young Emperor haolian said with a grave expression, " I won't return to the public security guards. I'll stay by your side to protect you. I heard that Empyrean one Pavilion and myriad treasures store are going to attack you?"

Everyone's expression turned grave as they discussed this.

Ding Ling 'er said worriedly, " I feel that the people of Luo qu Chamber of Commerce are ready to make a move. Even the Chambers of Commerce that are attached to us are restless today. I'm afraid that the birds and beasts will scatter when the chariots of the Empyrean one Pavilion come.

Yunxiao sneered. this is a test for them. Don't forget that I still have the divine realm tablet, a Supreme-grade Mystic artifact. At the very least, everyone can hide in it and leave. There's no need to be afraid of any enemy in songyue city."

"Haha, you should have said so earlier!"

why don't we go out and kill some people when we have nothing to do? " young Emperor haolian laughed. then, we'll hide and kill them until they have no temper. Let's see who's still playing with us!

Yunxiao's face darkened. how's the matter in the light song forest? " he asked. what about it? " Did you cure that hai brat's illness?"

Young Emperor hao lian nodded and said,"With his physique, as long as he has Emperor Qi, he can suppress it. That kid also wanted to come with me this time, but I stopped him. Oh right, I cleaned up the entire forest before I came here, so there's only one mercenary group left."

He said it very indifferently, as if it was an insignificant matter. However, all of them knew that there was a storm of blood behind this. How could a mercenary city that had been in chaos for hundreds of years be so easily gathered?

Yunxiao frowned. you've already stepped into the realm of the Emperor of Nine Heavens. Don't do those boring things anymore. Focus all your attention on cultivation and try to break through to the peak as soon as possible.

“Yes.”

Young Emperor haolian responded and chuckled. I’ve just been in mercenary city for too long, and I’ve done what I wanted to do for so many years. It’s actually quite boring.

after you enter the great emperor realm, your goal will be to ride on the righteousness of heaven and earth and resist the six qi to travel endlessly,” Yunxiao said seriously. “Everyone, go and rest. I’m afraid there’ll be a tough battle tomorrow,” he said, looking tired.

“Yes, young master Yun!”

Shaohuang haolian and Mo Xiaochuan’s expressions turned serious as they accepted the lesson.

Everyone left to rest. After Ding Ling ‘er made arrangements for them, she was not in the mood to cultivate at all. She sat in the courtyard in a daze and seemed to have something on her mind.

Yunxiao entered the divine realm tablet and began to cultivate quietly. He had extorted a large amount of primordial stones from all over the place, and he no longer lacked resources in the short term. The only thing he lacked was time.

“Don’t you want to tell your two disciples about what happened in the tiandang mountains?” the demonic Dragon appeared and asked.

Yunxiao frowned. I still have a lot of doubts about what happened back then. Besides, they can’t help us at all with their current strength. Now that I have this divine realm tablet, everything will be clear when I recover my strength.”

The demonic Dragon nodded. it’s good that you know what to do. I don’t want what happened back then to happen again. I’m still counting on you to refine a body for me.

Yunxiao’s heart skipped a beat, and he suddenly smiled and said, ” “Hehe, I’ve thought of a new application of Yuan gaohan’s Starlight soul body, which will be of great benefit to you and me!”

The demonic Dragon's body trembled as he said nervously, "What the hell are you thinking of again, kid? I'm telling you the truth, if you use me as an experiment again, I'll definitely fight you to the death!"

Yunxiao ignored his warning and reached out with his palm. He was in charge of the rules in the divine realm tablet, so how could the demonic dragon escape? it was caught in his hand and fused with his soul, roaring and roaring continuously, threatening him.

don't roar! Yunxiao shouted. I'm working on a new idea. When I used the soul battle technique to merge you into my soul, I thought of a brilliant idea. I can directly condense a Starlight soul body and separate you into a clone. In this way, I can directly raise the strength of my clone to the same level as my main body. When the two li yunxiaos cast the technique at the same time, their strength will be doubled."

The demonic Dragon gradually quieted down after hearing his explanation. However, he still asked worriedly, "How feasible is it? How confident are you? The matter of the soul is related to one's life, so we can't be careless."

Yunxiao chuckled and said, "I'm not sure. It's just a sudden thought. How can I know if I don't try?"

The demonic Dragon suddenly felt a surge of energy flowing into his body. It was the power of the Starlight. He cried out in horror, "You should at least think about it and have a theoretical basis, right? Or should he go and study it with Yuan gaohan? Hey, hey Hey, are you even listening to me? You can't do this to me!"

The dragon's cry grew weaker and weaker, and suddenly, Starlight emerged from Yunxiao's body. He performed a few incantations with both hands, and a ball of Starlight gradually separated from his body.

This ball of light was very different from the previous ones. It was not a light yellow like the Starlight, but mixed with green, and there was a Dragon shape within.

The light shadow contained a huge amount of energy, and it kept changing in front of Yunxiao, trying to take shape.

"Any difficulties?"

...

Yunxiao's face flickered as he shot out a few beams of light from his fingertips, drawing a symbol in the air and shooting them directly into the ball of light. Immediately, Starlight flickered, and Yunxiao's face gradually emerged.

Yunxiao was stunned, and so was the Starlight soul body when it looked at him. It was now in the form of a demon, with two horns on its forehead, green scales all over its body, and faint Dragon Qi fluctuations.

"This is an ..."

am I Yunxiao or the demon Dragon?" the Starlight soul muttered to himself in a daze.

Yunxiao also had goosebumps all over his head as he said, "It's still not mature. Let me study it a few more times. But the only thing worth rejoicing about is that the soul power exuding from your body is indeed at the seventh rank! At least half of it has succeeded!"

The Starlight apparition scratched the back of its head and laughed. "Haha, really? It didn't feel that bad, but where did the demonic Dragon go? Could it be that I've transformed it? or am I the demonic Dragon?"

Yunxiao was sweating all over when he heard that. He said in a hurry, "let's go back to my body first. This experiment is making me feel weird."

With a casual point of his finger, the Starlight soul body stretched out a finger as well. As the two fingers collided, the Starlight soul body immediately turned into a beam of light and disappeared into Yunxiao's body.

Chapter 629-wrong side

"What's the problem?"

Yunxiao sat down in the air and began to think carefully. “If the Starlight soul body can advance to the seventh step with the demonic Dragon’s power, and I’m already at the seventh step, I should be able to reach the eighth step after combining. Old Yuan seems to be in closed-door training as well, helping me to practice my swordsmanship and achieve invisibility. I hope that I can produce two more swords as soon as possible, at least I can form the lowest level sword formation. By then, I can easily kill even a martial Supreme.”

I don’t care anymore. I have to do my best to improve my cultivation!

Yunxiao threw away all distracting thoughts, threw out a large number of Southern Fire golden crystal sources, and began to cultivate.

The next day, the first light of dawn shone on the earth. The entire songyue city was in an uneasy atmosphere. Everyone knew that something big was going to happen today, so the morning was particularly quiet.

“Break through the hidden latch in one breath!”

Yunxiao suddenly opened his eyes, and a stream of primordial energy condensed in his body. In an instant, he broke through the barrier and broke through to the two-stars Martial Emperor realm. A golden seal flashed in his hand, and he disappeared on the spot.

In the next moment, he appeared in the secret room, and an oppressive aura spread in the surroundings.

“Hmph, they have been creating this panic for a long time. I wonder who is in charge of the Emphyrean one Pavilion, but it doesn’t matter who it is.”

Yunxiao’s figure flickered and he was outside.

Ding Ling ‘er and the others had already gathered together to discuss countermeasures.

“Young master Yun!”

As soon as she saw Yunxiao, her solemn face immediately melted away, and her melancholy was swept away.

“Is there any movement from the Emyrean one Pavilion?”

Yunxiao’s eyes swept over the crowd. The others were not as relaxed as Ding Ling ‘er, especially the people of Luo qu Chamber of Commerce, who all turned their heads away, not daring to look at him.

Ding Ling ‘er shook her head. I haven’t seen anyone yet. But all the Chambers of Commerce around our base have moved away, afraid that they will be implicated.

“Mm, very good.”

then we’ll expand our territory a little, ” Yunxiao said with a smile. we’ll swallow all these things that have been moved away. The Emyrean one Pavilion is a war chariot, but so is our Tianyuan Chamber of Commerce. Ling ‘er, you’ve been low-key for too long, and those Mountain Cats have long forgotten the power of a Tiger. This time, many people are waiting to see a good show. It’s time to break their unrealistic fantasy.”

“Yes, young master Yun, you have the final say. I was afraid that Emyrean one Pavilion wouldn’t come at the last minute, so let’s organize a group of people and kill their way to Emyrean one Pavilion!”

Young Emperor haolian looked like he was eager to fight.

Everyone’s face darkened. If the Emyrean one Pavilion didn’t have to come, everyone would burn incense and pray to the gods. However, this fiend wanted to come to their door and die. They were all covered in cold sweat.

Mo Xiaochuan snorted coldly. you’ll just be a target for them if you charge into Emyrean one Pavilion. It’s not a big deal if you die, but it’s a big deal if you embarrass young master Yun!

Just as everyone was feeling uneasy, a thunderous voice exploded in the sky, shaking the entire area!

“Who is the manager of Tianyuan trading company? come out now!”

The entire songyue city was shocked. Everyone looked into the distance. The location of the Tianyuan Chamber of Commerce would definitely become the focus of today’s attention. Even the situation of the seven magnates of the merchant Union would change today.

This variable involved the hearts of countless merchants, and it would directly lead to the interest structure of the entire continent for the next few decades, or even hundreds of years. It would affect the heartstrings of countless people.

“Is this the prologue before the start of the martial arts and magic competition? If Tianyuan trading company falls, who will take its place?”

In myriad treasures store’s encampment, cui Bo looked into the distance, deep in thought and with some anticipation.

“Let’s talk about it after today. It’s still too early to talk about the fall of Tianyuan trading company. Maybe there will be an unexpected turn of events.”

The second elder Xuan Yutang’s yellow face was expressionless, as if he didn’t care about the changes in the merchant Union.

Cui Bo was curious and chuckled. “Oh? Elder Xuan seems to have a different opinion, but when Xu danhe met with us yesterday, she was determined to completely destroy Tianyuan trading company. I really can’t think of any other way for Tianyuan trading company to turn the situation around. Could it be the Golden edge and silver Radiance? However, according to our intelligence, that force has never appeared again since Ding Ling ‘er came to power.”

a starving camel is still bigger than a horse,” Xuan Yutang said indifferently. Xu danhe is too arrogant. The matter of the seven heroes of the merchant Union had to be decided by the current situation, not by his own will. However, if he really has the ability to eradicate Tianyuan trading company, it’s a good thing. We might as well help him in secret.”

“That’s right,” cui Bo chuckled. “If Tianyuan trading company falls, the seventh seat will be ours. He narrowed his eyes and slowly said, ” or from now on, it’s not impossible to have six council members. It’s always good to have one less share of power.”

The sky above songyue city was completely different. It was clear for thousands of miles, but layers of dark clouds appeared around the encampment of Tianyuan trading company, giving off an oppressive feeling as if a storm was coming, making it hard for people to breathe.

“They’re here!”

Ding Ling ‘er was taken aback, and her slightly relaxed heart tensed up again. After all, it was a matter of life and death for Tianyuan trading company. No matter how much she trusted Yunxiao, she could not help but feel nervous at the moment.

Yunxiao’s expression turned serious as he shouted coldly, ” “Who’s making such a ruckus outside? a clown is not fit to meet our acting president? If you want to meet him, ask your manager to send a letter first. If my acting president is in the mood, he can consider meeting him.”

haha, you don’t know what’s good for you. How arrogant!

A person appeared in the air and shouted loudly. A cubic profound level weapon in his hand came crashing down. That profound level weapon continued to expand in the air. It was really a cube without any carvings.

It was precisely because of this that the cube seemed to be a special gravity magic weapon and was used to smash people. It was like a mountain falling, and the entire sky came crashing down.

The formation restriction above Tianyuan trading company was shattered upon contact with the profound level weapon. The power of the profound level weapon did not decrease but grew stronger instead, as if it was going to flatten the entire encampment.

“Haha, let’s see who’s the real clown!”

The figure in the sky gradually revealed himself and laughed wildly, "my profound level weapon cube is infinitely heavy. Even a mountain will be crushed into pieces. Let's see how you can resist it!

Yunxiao's face was filled with surprise as he said, "Eh, this is a good thing! Its entire body is made of Thunderbolt steel, but it's a pity that it was damaged by someone. It's only at level eight, but it's still not bad."

He waved his hand, and the divine realm tablet also turned into a small mountain in an instant. If the surrounding practitioners knew that this profound level weapon that he was using as a hammer was a transcendent grade profound level weapon, they would probably be so angry that they would vomit blood.

The incantation gesture in his hand flashed, and the infinite heavy power of the earth spread around the divine realm tablet to form a domain, and the gravity in the domain shrank at a terrifying speed.

The figure in the air revealed a sneer. The divine realm tablet was covered in flowing light, as if it was made of Jade.

Even if it was a ninth tier profound armament, it wouldn't dare to face his cube head on like this. Even if it wasn't smashed, it would still be greatly damaged.

"BOOM!"

An earth-shattering sound rang out the moment the two profound level weapons collided. The entire space was instantly shattered, and it felt as if the sky was falling and the earth was sinking. It was as if the mountains were collapsing and the universe was splitting apart!

All the people in songyue city were shocked by the huge sound of the impact. They looked at each other in horror and thought, is it starting?

When the square was hit, the martial artist in the sky felt an extremely strong counterforce from his profound level weapon, which directly affected his mind. The qi and blood in his body shook, almost bursting out of his body.

“What’s going on?”

...

The martial artist was shocked. This feeling was completely caused by the great shock of the profound level weapon, which was connected to the mind, which would cause the owner to suffer a backlash. At this moment, the surroundings were dark and there was a broken void everywhere. All kinds of negative energy filled the world. For a moment, he could not sense the state of the cube at all.

Just as he was in shock, an ice-cold voice rang out by his ear, “ your profound armament is very good. I will not be polite and accept it.

“Ah, you coward!”

The cultivator was shocked and hurriedly threw a punch towards the source of the sound. He was a martial honor, yet he did not notice when the other party had come to his side. He was so scared that he broke out in a cold sweat.

“It’s useless. Today, I’ll use you as an example to the others!”

Yunxiao’s figure began to turn blurry under the punch, then he turned into a shadow and disappeared.

The cultivator was shocked and quickly became vigilant, afraid that a sneak attack would suddenly appear from somewhere. All of a sudden, his heart trembled as he saw a blood-red moon emerge in Yunxiao’s eyes. His spiritual altar was instantly broken, and although it was only for a moment, it was enough to kill him.

A cold light flashed in Yunxiao’s hand, and the northern heaven cold star sword broke through the opponent’s defense. With a whistling sound like the wind, the tip of the sword pierced into the opponent’s heart.

“Your strength is not bad, but it’s a pity that you’re on the wrong side,”

That was Yunxiao's last word to him. Then, he turned the sword in his hand, and the sword Qi instantly dispersed. The warrior's body exploded into a cloud of blood mist in an instant, leaving only his head behind.

With a casual slap, a spear appeared in Yunxiao's hand and pierced through the head, sending it flying into the distance with the bloody head.

...

The shattered Sky slowly began to recover on its own. Soon, all the black holes disappeared, and the sky returned to its original clear state.

However, the oppressive atmosphere from before had also been swept away. Under the huge earthquake just now, the surrounding buildings had all been crushed into powder and no longer existed.

Not far away, the people of the Empyrean one Pavilion were shocked. Before they could understand what was happening in the sky, they saw a spear with a head coming from a distance and stabbing in front of them.

With a " PA " sound, the head exploded in front of everyone. The brain matter scattered all over the ground, and an extremely thick smell spread.

"?!"

Everyone sucked in a breath of cold air, their faces turning pale as an "uproar" broke out!

Chapter 630

630 The sword has spirit

"Your Excellency, this Tao Wu is too much of a bully!"

In front of the people of Emyrean one Pavilion, the warrior's head exploded like a watermelon, which immediately ignited everyone's anger, as if they had been provoked by a lower-class person. The flames of anger burned fiercely, and they all asked for permission to fight.

The restriction of Tianyuan trading company was broken, and a large number of houses were destroyed. Ding Ling 'er and the others appeared in front of everyone. Compared with the anger and arrogance of Tianyi trading company, the people of Tianyuan trading company were extremely nervous and the atmosphere was heavy.

"Ding Ling 'er! You dare to kill my people!"

Everyone from the Emyrean one Pavilion stood in the middle, and Xu danhe was sitting on a throne. Her whole body was livid with anger, and she couldn't believe it. She gritted her teeth and said, "you are indeed malignant. The merchant Union doesn't need malignant tumors like you!"

His eyes were full of killing intent, and his cold voice spread out as he shouted, "Kill them all, don't leave a single one!"

He had made up his mind to completely eradicate Tianyuan trading company this time. He had planned to follow the old rules and show his stance and reason with them, but now it seemed that he had been overthinking.

Xu danhe's eyes were burning with passion. The history of the merchant Union was about to change at this moment, and she was writing the times. Since that was the case, then all of them should just die!

Ren Guangjun and Li Feiyu, as the representatives of the ten thousand treasures building, also came. The two of them looked at each other and saw the deep worry in each other's eyes.

From myriad treasures store's point of view, Tianyuan trading company could be suppressed, but it would not disappear at this moment.

The two of them had even made plans to deal with it. At least, they would try to keep the empty shell of Tianyuan Chamber of Commerce and use it as a bargaining chip when the board members were re-divided. However, they did not expect that the people of Tianyuan Chamber of Commerce would be so

radical and kill without saying anything. As a result, it was now a completely one-sided situation, and it was difficult to deal with it.

With a shout, the Empyrean one Pavilion and many Affiliated Chambers of Commerce all rushed forward with murderous intent. Although they didn't have thousands of troops and horses, they were all powerful warriors. Their aura burst out, and the fluctuations even reached outside the city, changing the color of the sky.

The crowd of Tianyuan trading company retreated in horror under this momentum. They felt bitter in their hearts, thinking that they had chosen the wrong side and were afraid that they would be annihilated today. If they had known this would happen, they would have chosen to join others.

"You won't die if you don't seek death!"

Ren Guangzheng looked at the group of people from Tianyuan trading company who were waiting to be slaughtered like chickens and couldn't help but sigh.

Li Feiyu frowned. The shock caused by the two profound level weapons was too great, so he could not see how the martial Supreme had died. The only thing he was sure of was that he had been killed by Yunxiao.

He would find it hard to believe that Yunxiao could kill a martial venerable with his strength, and there must be some reason he did not know. But at this moment, when the people of the heavenly one Pavilion rushed up, he could not see the slightest fear on Yunxiao's face, not to mention fear, he did not even panic!

"What's going on? Could it be that he has a plan?"

Li Feiyu was suspicious. Other than the martial sovereigns, the rest of the martial sovereigns had genuine panic and fear on their faces. It didn't seem like they had any trump cards.

"You scumbag of Tianyuan trading company, pay with your life!"

don't blame me for destroying a flower today. I'm going to take this flower, one of the two goddesses of the merchant Union!

how dare you go against my Emyrean one Pavilion! You should be prepared to die!

The group of martial artists roared. All of them were in high spirits. The strongest among them were only two martial Supremes. The main force of Emyrean one Pavilion was not among these people. They were all Warriors transferred from the affiliated Chamber of Commerce to test their loyalty and save their own combat strength.

In this kind of large-scale gang battle, they would send their minions and cannon fodder first. However, the martial artist who used the profound level weapon cube was from the Emyrean one Pavilion, which was the reason why Xu danhe was so angry.

However, in everyone's opinion, these cannon fodders were enough to destroy Tianyuan trading company. Even the minions thought so.

"First elder Xu, please spare me! The three of us are from the Luo qu Chamber of Commerce and were forcibly abducted by the Tianyuan Chamber of Commerce. We have no choice but to obey their orders. Elder Xu, please save us from this disaster!"

The three Martial Emperor powerhouses from Luo qu Chamber of Commerce exchanged a look with each other before they suddenly rose into the air and rushed toward the Emyrean one Pavilion.

"Yes, I've also heard about the three of you."

A rare smile appeared on Xu danhe's face as she said, "My Emyrean one Pavilion won't mistreat you for forsaking the darkness and joining the light. But now, you have to show me some determination and action."

The expressions of the three of them changed slightly. They knew that what Xu danhe wanted was their proof of loyalty. Their faces immediately revealed a determined look, and they shouted, "thank you, elder Xu, for forgiving us. Now, the three of us will be loyal to Emyrean one Pavilion with all our hearts. We will bring Ding Ling'er's head to you!"

The three of them stopped flying in the air and immediately turned around. Together with the other subsidiary forces, they turned around and rushed over with excited expressions.

The three of them were secretly full of praise and self-joy for obtaining a chance of survival in the face of death and even making a great contribution.

At this moment, the people of Tianyuan Chamber of Commerce were in even more despair, and the other people of Luo qu Chamber of Commerce didn't have the mood to sit still and wait for death. They all shouted that they wanted to abandon the dark and join the light.

However, Xu danhe's words made them completely despair. I can still accept a martial sovereign from the ninth heaven if he joins us. However, you pieces of trash, you've chosen the wrong side. Death is the only path for you. Kill all of you, leave no one alive!

Under Xu danhe's brutal orders, Tianyuan trading company and its vassals, as well as the remaining martial artists of Luo qu trading company, all stopped their fear and their eyes flashed with determination and desperation.

The killing intent in Yunxiao's eyes grew stronger and stronger. When the three martial sovereigns rebelled, he did not show much expression, as if he had expected it. But when he heard them say that they were going to take Ding Ling 'er's head, an uncontrollable killing intent spread out from the bottom of his heart and condensed into a faint purple mist around him, as if it was about to materialize.

Even mo Xiaochuan and haolian shaohuang were taken aback by Yunxiao's murderous aura. They clicked their tongues, knowing that the three men's words had touched Yunxiao's bottom line.

Xiaochuan, let me see how strong you've become since you left me back then.

Suddenly, Yunxiao said in an indifferent voice, "I hope you won't let me down."

Mo Xiaochuan's heart skipped a beat. A strong fighting spirit shot out from his eyes. His entire being was like a sharp sword that was about to be unsheathed, causing everyone to be shocked!

“What?”

All the martial sovereigns’ hearts skipped a beat as they turned to look at mo Xiaochuan. The unparalleled fighting spirit that had erupted from his body in that instant had triggered the martial spirit in everyone’s heart.

Mo Xiaochuan’s lips curled into a smile as he replied softly, “Young master Yun, just watch,”

No one but haolian realized that he had addressed Yunxiao with honorifics.

“After so many years of cultivation, I will definitely not let master down!”

A voice rang in mo Xiaochuan’s heart. He let out a long breath and looked up at the boundless sky. He ignored the large group of minions that were coming at him and took a light step forward.

“Bang!”

Although it was a light and unremarkable step, just like an ordinary mortal’s step, it seemed to be stepping on some kind of rule. All the Warriors in the nine Heavens realm were shocked, as if the foot was not stepping on the ground, but on their hearts!

With this, everyone revealed looks of surprise and doubt.

That step was too ordinary, so ordinary that it was wrong!

After that step, mo Xiaochuan, who had been like an unsheathed sword, had completely concealed his aura. No martial essence could be detected from his body. He was like an ordinary mortal who had lost his luster.

Young Emperor haolian’s heart skipped a beat. The light in his eyes suddenly contracted as he watched mo Xiaochuan’s every move.

“Sword!”

...

Mo Xiaochuan raised his right hand and let out a soft cry. Immediately after, a weak sword Qi spread out from his body. It spun slightly and became stronger and stronger. A sea of sword Qi suddenly appeared, and his right hand became somewhat transparent in the Sea of Swords. A profound level weapon's rhythm that made people tremble spread out from his palm, condensing into a small vortex that slowly expanded.

Xu danhe's pupils contracted as she stared at his palm. A green sword tip that looked like a spring bamboo shoot gradually emerged and slowly took shape.

“What kind of sword is this?!”

At the same time, the martial sovereigns who were present were all shocked. They looked at the sword in shock. As the sword grew longer, the sword Qi Whirlpool became more and more intense. The Sea of Swords, which was suppressed by everyone's aura, continued to grow stronger under the sword Whirlpool. It was a sign that one person could fight against an Army of thousands of people!

“Clang”

Under everyone's shocked gazes, a long sword with a green edge was completely spat out from mo Xiaochuan's right arm. The long sword flashed with light and the runes disappeared.

Mo Xiaochuan's right hand formed a sword finger and guided the Qingfeng sword to spin out a few rays of sword light. He held it horizontally in front of him and let out a strong buzzing sound. The power on the sword was like the center of a wave, setting off a restless cyclone that kept blowing outwards.

The cultivators who had rushed forward were shocked. Under this kind of sword Qi cyclone, the fear of death emerged. A feeling of unparalleled strength welled up in their hearts and began to spread uncontrollably.

Especially the three Martial Emperor powerhouses, their faces turned pale. In this sea of sword Qi, it was not right to rush up as that would be courting death. It was also not right to not rush up as Xu danhe was still watching from behind. If things went wrong, it might be courting death as well.

An ancient aura came from the green blade, as if it was praising the bloodthirst and slaughter that had happened for tens of thousands of years. There were also strange symbols condensed from golden light that constantly flashed and disappeared with the ancient aura.

“The sword has a spirit!”

...

Ren Guangyao was the first to exclaim in shock, “ it’s a profound level weapon that has inherited the weapon spirit. He’s only a three-star Martial Emperor. To what extent can he control it? ” Elder Xu, ask everyone to retreat to avoid unnecessary sacrifices. This person can only be restrained by an elder!”
