

The Eternal 631

Chapter 631-remembrance after that sword

Xu danhe frowned and snorted, " he's just a three-star martial sovereign. So what if he has a spirit weapon? it's just another treasure for Empyrean one Pavilion. Elder Qiu, can you take him down? "

don't worry, great elder. I'll take his head and stomp it to death in front of Ding Ling 'er. I'll return his life to them!

An old man stepped out from behind Xu danhe. He was wrapped in linen clothes and had a face as clear as Jade. His eyes were filled with killing intent and coldness. He shouted and rushed into the sea of sword Qi, " even if it's just a grain of rice, shine!

As he rushed in, the sea of sword Qi began to become chaotic. The originally calm sea surface began to rise and fall, creating magnificent waves.

Elder Qiu snorted coldly, his eyes flashing with contempt. He was not afraid of the cyclone of sword Qi at all. He waved his fists in his Qi sea several times, directly disrupting the cyclone of the sea of sword Qi, and turned it into an irregular force that collided in the air.

This time, it was even more dangerous for the Warriors in the sea of sword Qi. They were so scared that they kept retreating. They escaped from the sea of sword Qi, but in an instant, dozens of people retreated and looked from afar, not daring to take a step forward.

Mo Xiaochuan watched elder Qiu's actions coldly, and a disdainful smirk appeared on his face. "Childish!"

His right hand pointed at the green blade, and with every point, a strange symbol would appear. The symbol turned into a light that rose into the sky and gradually disappeared. At the same time, he muttered, "Evil, permission, joy, hate, love, sound, touch, split open!"

As he said the word " open ", the Qingfeng sword, which was emitting a terrifying aura, split into two in front of mo Xiaochuan with a clang!

The left sword was extremely hot, like the sun, while the right sword was extremely cold, like the ice and the moon. The two sword Qis of different attributes merged together and formed a Tai Chi fish.

The entire sea of sword Qi that had been disturbed was sorted out once again, forming two distinct types of extreme Yin and extreme yang sword Qi. They chased each other without beginning or end, endless and derived, changing and spreading out.

Elder Qiu's expression changed drastically. His Emperor Qi of the nine Heavens was suddenly suppressed at this moment. His Emperor Qi circulated slower and slower under the two sword Qi, as if it was difficult to trap it.

"Not good, this sword intent can actually evolve! Great thousand world, whirling transformation, thousand hands thousand leaves God fist!"

Elder Qiu did not dare to be careless anymore. He used his unique skill of birth and peace. With his arms as the foundation, he instantly turned into thousands of fist shadows. It was like an ancient Shura tree, falling leaves in the light and forming its own rules.

This set of fist technique contained the Supreme reincarnation of plants and the rhythm of the passing of time. Back then, he had sat under an ancient tree and meditated for nearly a hundred years before he could control it to this extent. His entire person seemed to have become a region of his own, independent of the world.

Yunxiao's eyes were filled with surprise as he praised, "What a free and easy rule of martial intent. It's a pity that this old man isn't worthy of it."

At this moment, there was no other sound except for the bleak sword intent and the sound of the wind. When Yunxiao's words reached everyone's ears, they frowned and gave him a look of disgust and disdain.

Everyone had the same thought. 'You're just a Martial Emperor junior. Don't judge others if you don't understand!'

most of the souls under the sword are due to overestimating their own strength. Arrogance and underestimating the enemy are the eternal death knell!

Mo Xiaochuan's cold voice rang out as he drew his sword. The two green blades suddenly began to spin, and a terrifying power, like mist and lightning, transformed into an Aurora sword radiance under his control. It was as if the entire world was drawn into this sword and there was nothing else in the world other than this sword.

This sword swept across the sky, shaking both the past and the present. This sword contained all of Mo Xiaochuan's power, the strongest martial intent he had comprehended!

"The mortal world gazes at Ying Haoyue!"

The first form of the thousand feet noble art. Mo Xiaochuan had already used this move countless times. Even at this moment, he was still practicing the moves one by one. There was no opponent in his eyes, and only his lonely figure was left in the world.

However, the moment he thrust the sword, a trace of reminiscence flashed in his eyes. It was like the scene in front of the God-eliminating cave outside Black Iron City decades ago.

"Let me go, let me go!"

Mo Xiaochuan struggled with all his might. His blood-stained knees and his white bones were exposed. He had long been exhausted, but at this moment, he mustered up strength from God knows where and desperately beat the man named Gu Feiyang in front of him.

It was because he knew where the man was going to take him. It was the tomb of the Mo family, and he had never heard of anyone coming out alive.

"You want to kill me, I don't want to follow you!"

Mo Xiaochuan watched as the land of death drew closer and closer, and a sense of helplessness and fear welled up in his heart. He thought of his father, Uncle Wan Feng, and his brother. He couldn't help but

want to cry, but he held it in. He struggled with all his might, hoping to break free from this man's demonic grasp.

"Enough!"

Gu Feiyang landed in front of an ancient cave, which was dozens of miles away from black iron City. For these experts, it would only take a blink of an eye.

"Bang!"

Gu Feiyang did not show the slightest bit of pity for Mo Xiaochuan, whose legs were almost broken. He slammed him directly into the cave wall, causing a sharp pain to shoot up from his spine.

"You begged me to take you away. Otherwise, do you think I would want a piece of trash like you?"

Mo Xiaochuan felt as if his internal organs had been shattered. He spat out a mouthful of blood and slid down from the wall. A thick trail of blood appeared behind him, but he could not see it. He could only feel a few crushed rocks falling on him.

you, please let me go. I don't want to die. I want to become stronger. I want to become a strong man like my father!

Mo Xiaochuan bore with the excruciating pain and struggled to stand up from the ground. However, his legs were so severely injured that they were unable to support his frail body. He trembled violently and finally fell to the ground again.

But he still didn't give up. Once again, he used his hands to support his body, trying to stand up.

Because he felt that a man should stand at all times, and the more injured he was, the more upright he had to stand!

Gu Feiyang just looked at him coldly and suddenly spat at him.

“Bah!”

The spit hit Mo Xiaochuan's forehead with a "smack", causing him to flip 360 degrees in the air and land heavily on the ground. He felt as if his spine was about to break, and the pain numbed his entire lower body.

“You, you're going to kill me! You're a bad guy, I won't let you off!”

Mo Xiaochuan's spine was almost broken, and he could no longer feel his lower body. He could only use his two hands to constantly grab the ground. He grabbed a stone and threw it at Gu Feiyang's body.

“Well, this little trash has a backbone.”

Gu Feiyang snorted coldly and said sarcastically, “You piece of trash, you're not even as good as my phlegm. What's the difference between you and trash? You said you were going to kill me, I was so scared, wuwuwu!”

Mo Xiaochuan gritted his teeth in anger. He threw everything he had grabbed at the man and said fiercely, “Although I can't kill you, I will never be defeated by you. At least I can hate you. If I have the chance, I will definitely kill you!”

Gu Feiyang's eyes turned cold and he snorted, “you'll never have a chance with your trashy looks.” Not to mention you, even your father can't kill me. But that's good, you're going to see your father soon. When you're in the yellow Springs, cry and let your father protect you.”

Mo Xiaochuan was shocked and thought to himself, 'no, I can't die.' I still have to avenge my father and protect my brother Huayuan. Although the person in front of me is a bad person, he's extremely powerful. Even the ancestral elders aren't his match. I can't let him kill me, and I must learn all his skills.

“I begged you to take me out because I wanted you to take me in as your disciple, not because I wanted you to kill me!”

you're my father's friend! mo Xiaochuan yelled. you can't do this to me!

Gu Feiyang kicked up a stone from the tip of his foot, which grazed mo Xiaochuan's forehead. Mo Xiaochuan cried out in pain as a gash immediately appeared on his forehead, and blood flowed out.

"What are you doing? You pervert, you want to torture me to death, don't you?"

...

Mo Xiaochuan's eyes were spitting fire as he gritted his teeth.

It was rumored that many experts in the realm of heavenly martial arts had all kinds of perverted hobbies. Some liked to play with lolis, and some liked to abuse boys. He thought that the person in front of him must be the latter.

"I just want to tell you that the weak have no right to speak," Gu Feiyang snorted coldly. Not to mention the right to speak, I don't even have the right to live or die, just like you now, your life and death are up to me!"

He threw a small bottle to mo Xiaochuan's side and said, " apply the medicine inside to the wounds on your body, and then get into this hole.

Mo Xiaochuan's eyes revealed a hint of surprise. "You, you're not going to kill me? If you can't see me die in this cave, would you feel any pleasure?"

Gu Feiyang's mouth was wide open in shock. Looking at mo Xiaochuan's innocent face, he suddenly realized that he could not bring himself to be ruthless. He laughed bitterly and scolded, " trash just loves to talk nonsense. If you don't enter the cave in the time it takes for an incense stick to burn, I'll cut off your flesh bit by bit, break your bones, and then cover you with honey to attract ants.

Mo Xiaochuan's body trembled when he heard this and he broke out in a cold sweat. Even his spine, which had lost all feeling, suddenly felt a chill. He was so frightened that he kept trembling and his teeth chattered."You, you, are really, really vicious."

Gu Feiyang took out an incense stick from somewhere and smoke rose from it. He said, "It's almost finished."

"Ah?"

Mo Xiaochuan's eyes widened and he said anxiously, "This Yingluo, this Yingluo, you're cheating! How can you burn incense like this!"

The incense that Gu Feiyang took out did not light one end. Instead, he tapped a string of flames with his fingertips and burned the entire incense at the same time. It was about to burn out in the blink of an eye.

...

Gu Feiyang looked at him with pity and said coldly, "In any case, after the time it takes for an incense stick to burn, I will throw you in regardless of whether you have recovered or not."

Chapter 632

632 The life of the sword

"You demon!"

Mo Xiaochuan's entire body trembled. He hurriedly picked up the bottle and found some paste-like substance inside. Without a second thought, he started to apply it on his back and knees.

He couldn't see his back, but the White bones on his knees were already exposed. When his hands touched the White bones, he couldn't help but feel a little scared. Fortunately, he couldn't feel his lower body, so even if his hands touched the bones, he didn't feel any pain.

"Eh?"

He suddenly let out a soft sound of surprise. After applying the medicinal paste, he began to feel his broken bones. Even his knees were growing back at a speed visible to the naked eye. They were actually about to recover.

“Spirit herb, this must be a spirit herb!”

Mo Xiaochuan was overjoyed. He immediately jumped up from the ground in joy.

But soon, he was shocked and his heart turned cold, because he saw Gu Feiyang’s mocking eyes and the incense on the ground that had just finished burning.

“Gulp!”

Mo Xiaochuan swallowed his saliva and said in embarrassment, ” “Can you let me eat something? I don’t have any energy left.”

I don’t have much time to spend with trash like you, ” Gu Feiyang said coldly. go into the cave and see if there are any poisonous mushrooms or other things that can satisfy your hunger. Maybe there are poisonous snakes or bats that you can catch and eat.

Mo Xiaochuan’s eyes were filled with despair as he pleaded, ” “I beg you, please don’t let me in. This is the mo family’s death zone. No one has ever been able to come out alive. Some clan members who had been sentenced to death were sent to this cave. If they could come out, they would be exonerated from all their crimes and would be forgiven. However, I’ve never heard of anyone who could come out in my life.”

Gu Feiyang scorned, ”your entire life?” Only a few years? If you continue to be so long-winded, I’ll cut off your flesh.”

Mo Xiaochuan backed away in fear and said bitterly, ” alright, but at least give me a sword. I can protect myself if I encounter a venomous snake or something.

“Yes.”

Only then did Gu Feiyang agree readily. He grabbed at the air casually, and dozens of stones in the distance exploded with a bang. More than ten rays of light gathered in his hand.

Mo Xiaochuan's eyes widened as he looked over. He saw a ball of white liquid continuously condensing above the man's palm. It quickly became smaller and smaller until it finally condensed into the shape of a sword.

Gu Feiyang flicked his finger lightly and the sword stabbed right into mo Xiaochuan's feet, causing him to retreat in fear.

Mo Xiaochuan collected himself and pointed at the sword. "You made this Kasaya on the spot? This is just an ordinary iron sword, not even a profound level weapon, how can I use it to kill the enemy?"

trash like you are only fit to use trash swords like this," Gu Feiyang said coldly. I won't give you this sword if you say one more word.

Mo Xiaochuan knew that this person was a pervert. He hurriedly covered his mouth and used his other hand to pull the sword from the ground with great effort. However, he realized that it was not as heavy as he had imagined it to be. He couldn't have cut corners in this sword, right? otherwise, how could it be so light? Forget it, it's better than nothing.

After mo Xiaochuan applied the paste-like medicine to his wounds, he realized that his strength was starting to recover. He picked up his iron sword and waved it around a few times. "Since that's the case, I'll go in. Will you be following me and protecting me at all times?"

Gu Feiyang frowned and looked at him coldly. "What do you think?"

"Well, I definitely won't. Then I'll go in. I hope I can come out alive. When that time comes, you must teach me martial arts."

Mo Xiaochuan said very seriously. His pair of pure and flawless eyes looked straight at Gu Feiyang without the slightest hint of fear.

Gu Feiyang's heart moved, as if he was touched by his innocence, persistence, and courage. However, he still put on an indifferent expression and snorted, "We'll talk about it after you come out alive."

His figure flickered and disappeared from mo Xiaochuan's sight.

Mo Xiaochuan knew how powerful Gu Feiyang was. Although he had disappeared, he was definitely hiding somewhere and keeping an eye on him. If mo Xiaochuan took the opportunity to escape, Gu Feiyang would not let him off.

When he thought of this, he could only brace himself and raise his iron sword. He continuously gave himself courage and walked into the God-eliminating cave.

His star-like eyes watched the weak figure disappear into the cave. He sighed and muttered to himself, "Although your aptitude is mediocre, you have a quality that others don't have. I wonder if the heavens are willing to give you a good fortune? If you can come out, I will take you to the peak of this world."

Mo Xiaochuan snapped out of his thoughts from the ethereal youth and a pure smile appeared at the corner of his lips. He was grateful from the bottom of his heart as he muttered to himself, "I'm so grateful. Thank you, master. On this road to the peak, I've always followed your back, never stopping."

"I want to learn your sword Scripture, the few moves that you used against the ancestor. Please teach me!"

"No need, those few moves are sword essence I created myself, you might not be suitable. The blood of the mo family in black iron City flows in your body, so the thousand feet noble technique is more suitable for you."

"But, Youyou, your sword technique is even more powerful than the thousand feet noble technique!"

"Hehe, idiot! There are no more powerful sword Scriptures in this world, only more powerful people!"

Mo Xiaochuan's eyes gleamed as all the energy in his body was released and gathered in his sword!

master, I'll show you my full strength. I'll show you that the young man who kneeled under the shadow of the moon in black iron City has grown into a powerful man of his generation!

"Heaven-destroying devil-rinsing sword, break!"

Mo Xiaochuan shouted, and the sword in his hand buzzed under the guidance of the sword spell. Under the thousand cricket vast technique, the sword swept in all directions, invincible against anyone who blocked it!

"No! How is this possible?"

Elder Qiu, who was in his own domain, watched in horror as the sword Qi that filled the sky broke through the rules formed by the Emperor Qi. The shadow of the swaying ancient tree flickered continuously before finally disappearing.

He widened his eyes in fear. His eyes were filled with sword Qi and he could no longer see anything. He watched in despair as he was swallowed alive.

"Boom boom boom!"

An earth-shattering sound rang out, and the entire songyue city collapsed under the might of that sword. The sword Qi and the thousand hands and thousand leaves palm collided, and the aftershock spread out in all directions.

All kinds of buildings collapsed one after another, which lasted for half a cup of tea's time.

Elder Qiu's original position was already gone, not even a human scum was left.

Silence, silence, deathly silence!

Everyone was dumbfounded. It was hard for them to think. The sword attack had completely shocked their souls. They stopped thinking and even forgot their existence. Only the wind after the shock wave was still blowing.

“Very good. That was the sword’s life, the sword’s breath. You let me hear the joy and joy of this Tiangang demon-slaying sword! At that moment, I couldn’t even tell if the sword was you or if you had transformed into the sword. That feeling made my blood boil!”

A word of praise and a comment came out of Yunxiao’s mouth, immediately breaking the dead silence.

Everyone regained their senses, but their bodies were already deeply engraved with fear under the power of the sword just now. They only felt that their bodies were extremely stiff.

“Life of the sword”

Upon hearing Yunxiao’s praise, Mo Xiaochuan’s nervous face finally looked relieved, and he smiled with relief. To be able to receive your praise, every single one of those tens of millions of sword strikes I’ve made over the years has its worth.

...

After a brief moment of relief, Mo Xiaochuan was shocked as well. He thought carefully about Yunxiao’s words and seemed to have understood something.

your Tiangang demon-shaking sword is a peak ninth-tier artifact,” Yunxiao said with a smile. it is not only an artifact, but also a spirit, will, and Dao.

Mo Xiaochuan’s body trembled slightly as if he had comprehended something. His eyes were filled with joy and he could vaguely feel a bright light flashing in his body, illuminating the dark night ahead and extending the path into the distance.

that sword was the glorious thousand feet technique. Is that the glorious thousand feet technique of the Mo family in black iron City? it’s so terrifying!

Li Feiyu's eyes widened as he asked in a daze.

"The mo family of black iron City?"

Ren Guangzheng was shocked and cried out, " "Argh! The heavenly spirit devil-quelling sword, thousand spirit Haoran art! It was the most precious treasure of the mo family in black iron City. How could it be with this man? Who is he?"

Xu danhe's heart trembled and she said angrily, " "Black iron City! Who are you in black iron City? The Emyrean one Pavilion and black iron City have never interfered with each other. They even have business dealings. Why did you kill my people?"

Her face turned unsightly. The death of an elder was a great loss to the Emyrean one Pavilion. It was almost a matter that would shake the foundation of the pavilion. She gritted her teeth and said angrily, "It seems like you owe me an explanation for what happened just now!"

After the sword strike, mo Xiaochuan seemed to have gained more insight in swordsmanship thanks to Yunxiao's slight guidance. He had a vague feeling that he was about to make a breakthrough, and he could not help but be overjoyed.

Yunxiao's words rang in his ears again, " "Ten thousand techniques as one, man and sword become old."

...

Finally, the barrier in mo Xiaochuan's heart opened up as he was shocked by the number. A rainbow fell from the sky and shone on his body. Rule force surged around him and entered his body!

martial Supreme advancement!

Everyone was shocked and looked at each other in horror.

The advancement of a martial Supreme was extraordinary. Every star could draw upon the power of heaven and earth and the rules of the world. He had not expected mo Xiaochuan to break through just like that after one sword strike!

At this moment, everyone had mixed feelings as they looked at mo Xiaochuan, who was shining brightly. They all had their own thoughts, but basically, apart from the people of Tianyuan trading company, the rest of them had solemn and gloomy expressions.

congratulations, senior brother!

Young Emperor haolian was the first to offer his congratulations, followed by Ding Ling 'er and Luo yunshang. Then, Tianyuan trading company and its affiliated trading companies also congratulated him one after another. Everyone was overjoyed.

A battle of life and death between the two sects had suddenly become a one-sided celebration.

Chapter 633-intolerable

Xu danhe looked at the other party's one-sided celebration. One of them advanced to the rank of a martial Supreme, while an elder on her side died, shaking the foundation of the Chamber of Commerce. She was so angry that she almost fainted on the spot.

Xu danhe's hair started to turn golden, which was a sign of the overflowing Emperor Qi. She almost couldn't control her emotions, but she had to, because she was the great elder of the Emyrean one Pavilion, and the Emyrean one Pavilion couldn't afford to offend the black iron City!

She gritted her teeth so hard that they were bleeding, and said word by word, "People in black iron City, Emyrean one Pavilion has a good business relationship with you. You should give me an explanation!"

Mo Xiaochuan was in a good mood, but when he heard Xu danhe's words, his face immediately darkened. He snorted coldly and said, "Explanation? Then black iron City will cut off all business with you. What explanation do you need?"

"You coward!"

Xu danhe was so angry that her eyes almost popped out of their sockets. Not only did she lose a Martial Emperor elder from her side, but she also scared the surrounding martial artists out of their fighting spirit and courage.

He had come here to show off his power, but his opponent had killed two of his men without leaving a corpse. He was so angry that he was on the verge of going berserk. However, he still used the last bit of his rationality to suppress his emotions. He bit the corner of his mouth so hard that it bled. tell me, what benefits has Tianyuan trading company offered your black iron City? ” No matter what the condition is, we will double it as long as you don’t interfere in today’s matter!”

She endured it again and again. Other than mo Xiaochuan’s identity as a member of black iron City, there was also the Tiangang demon-shaking sword, which was the clan treasure of black iron City. The person before her was definitely of high status in black iron City and was most likely a core existence.

If he killed this man, the Empyrean one Pavilion wouldn’t be able to handle the revenge of black iron City. Therefore, even though she was seething with anger at the moment and Empyrean one Pavilion had lost face after two waves of provocation, she still had to endure it.

Mo Xiaochuan replied indifferently, ‘there’s nothing good about it. If there’s any benefit to it, it’s that I’ll use the head of your Empyrean one Pavilion’s elder to practice my sword. Uh, you want to give me double the conditions? That’s good. Call out two more elders to chop off their heads and I might be interested in working with you.”

“Pfft!”

Xu danhe was so angry that she spat out a mouthful of blood on the spot. She instantly rose from the throne and struck out with her palm without saying a word.

Who couldn’t endure it!

His words were already provocative to this extent. If he continued to endure, what was the difference between him and the Ninja Turtle? Even if he would offend black iron City, even if he had to start a full-scale war with black iron City, he would not hesitate!

Xu danhe was a few levels higher than mo Xiaochuan. Moreover, she was completely enraged and unleashed 120% of her strength. With a single palm strike, the entire earth was enveloped in it. It was as if the sky had collapsed and the sun and moon had lost their light!

The people of Tianyuan trading company kept quiet out of fear, waiting for death in despair.

Even mo Xiaochuan and haolian shaohuang were shocked. They hurriedly stood in front of Yunxiao, one on the left and the other on the right, one holding a long sword in the air and the other clenching his fists. The determination on their faces still showed that they would not back down even if they died!

“Elder Xu, why are you getting angry with these juniors? it’s not good for your status.”

An indifferent voice sounded, giving off a lazy and cold feeling, without the slightest hint of life.

In front of Xu danhe’s palm shadow, a figure suddenly appeared. He also turned his hand and slapped out with the same domineering force. When the two palm forces collided, a dull sound was heard in the sky, which was no less than the collision of the profound level weapons.

The surrounding people’s blood and Qi were in turmoil. Just the sound waves of the palm Power were enough to make them tremble. Some of the martial artists with lower cultivation base even bled from their seven orifices and vomited large mouthfuls of blood from the injuries.

In a true peak confrontation, a single palm was already so terrifying!

The people who were still under the influence of mo Xiaochuan’s sword felt a sense of hopelessness in their hearts. They were like frogs at the bottom of a well who were shocked and stunned when they saw the vast sky.

A terrifying black hole appeared between the two palm forces. It continued to expand rapidly, as if it was going to devour the entire space.

“Zhang Chong, it’s you!”

what? ” Xu danhe was shocked and angry. is the money sect also tied to Tianyuan trading company? ”

“We’re all businessmen, how could elder Xu say such stupid things?” Zhang Chong chuckled. There are no eternal enemies in this world, only eternal interests.”

“Damn it!”

Xu danhe’s eyes were spitting fire as she roared, ” “I’d like to see what kind of benefits money sect and Tianyuan trading company can offer. You’re even willing to wage an all-out war with my Empyrean one Pavilion!”

He was already a little dizzy, and the Emperor Qi in his hand grew even stronger. He gritted his teeth and exerted two hundred percent of his strength, almost wanting to blow up the entire songyue yang city, regardless of the consequences!

“A!”

“With the four extremes sect, can we fight against your Empyrean one Pavilion?” someone sighed.

In that huge energy storm, someone actually tore open the black hole and forcefully opened a crack. A foot stepped out from it.

The silver armor on the man’s body flickered continuously, and he forced a path through the two’s Palm Power. An ancient and simple tower flew out of his right hand, and he used an incantation gesture to stamp it down into the sky.

The tower instantly turned into a pillar that held up the sky. It expanded above the entire songyue yang city and fell into the palm energy of Xu danhe and Zhang Chong.

“Boom boom boom!”

With a dull sound, the earth shook as if the sky was falling and the earth was sinking.

In the myriad Treasure Tower's encampment in the distance, everyone's faces changed in shock.

Cui Bo's eyes turned sharp, as if he could see through the layers of the sky and see everything in the distance. elder Xuan's concerns have come true. I'm afraid the Empyrean one Pavilion will have to go against us this time.

His gaze fell on the tall tower in the distance, and his eyes were filled with complex emotions and shock.

Di Shenghua was also shocked as he said, "The four extremes sect's heaven suppressing Pagoda! This treasure has always been in the hands of the Vice sect master of the four extremes sect. Could Luo Ying have gone too?"

Cui Bo mumbled, "this heaven suppressing Pagoda is an item passed down from ancient times. It's said to be a replica of an extremely powerful transcendent-grade profound level weapon. Although it's a defensive item, it's close to the peak of the ninth tier. What's more terrifying is that Luo Ying can almost exert 70% to 80% of its power, and he has become a peak figure in the merchant Union."

"A replica of a transcendent-grade profound weapon?" di Shenghua asked in shock. Isn't Noah's ship the only transcendent-grade Mystic weapon?"

Cui Bo shook his head. that was after humans took control of the continent. There were still many powerful beings before that. Even transcendent-grade profound level weapons were rare. However, what did Tianyuan trading company rely on to invite Luo Ying to hold the fort for them? What do you think, elder Xuan?"

The shock in Xuan Yutang's eyes disappeared in a flash and he returned to his emotionless appearance. He said indifferently, "I'm guessing that there's information we're lacking. This news was known by the four extremes sect and money sect, which was why they stepped forward at this time. Otherwise, with Tianyuan trading company's current Foundation, there's really nothing that these two companies would take a fancy to."

"Hmm, you're right. What is the information we are missing?"

Cui Bo thought for a moment and said in surprise, "Do you think it's possible that Tianyuan trading company has promised to be loyal to them, so they invited strong reinforcements?"

Xuan Yutang was stunned for a moment, then his eyes flashed and he said, "We can't rule out this possibility. But with my understanding of Ding Ling'er, she would never do that, unless it was li Yunxiao's idea. After all, it's normal for a girl to give everything she has if she meets a good man."

"Oh? Elder Xuan, do you mean that li Yunxiao is the real controller of Tianyuan trading company now?"

Di Shenghua paced back and forth and said, "that's possible. Can we find a way to control this li Yunxiao? wouldn't that mean that Tianyuan trading company will be under the control of myriad treasures tower?"

Di Shenghua seemed to think that this was a brilliant idea. The more he thought about it, the more excited he became. that li Yunxiao is just a native of the southern region, and he has never seen much of the world. It shouldn't be difficult to control him!

Cui Bo poured cold water on him and snorted. elder di, you're really naive. A person who can control the Tianyuan trading company and get the four extremes sect and the money sect to join him is not as simple as you think. Our top priority now is to find out what the four extremes sect and money sect know, and what we don't know!"

since Yunxiao entered songyue city, Ji Huo has been in charge of monitoring him, " Xuan Yutang said. perhaps he has already gotten some information.

...

"Oh, since it's a Swift fire? How could such a native arrange for him to go? who made the arrangement?"

but you're very observant, " cui Bo cried out. this li Yunxiao is indeed different. Call Ji Huo to see me!

Xuan Yutang's eyes narrowed as he looked at the distant sky. The yellow expression on his face seemed to be moved as he muttered to himself, but no one could hear what he was saying.

The Tianyuan trading company was stationed in the sky. The heaven-suppressing Pagoda stood upright and pressed down. At the entrance of the pagoda, a strong suction force was drawn out, directly sucking the surrounding space, including the black hole created by Xu danhe and Zhang Chong's palm force, into the pagoda!

Xu danhe's and Zhang Chong's expressions changed drastically. After the two of them struck out with their palms again, they were forced back from each other and fell down.

Yunxiao's pupils constricted as he trembled when he saw the tower!

He had heard of the heaven-suppressing Pagoda in the merchant Union, but this was the first time he had seen it. What shocked him the most was that this heaven-suppressing Pagoda was exactly the same as the one he had seen in the outer space, the one that suppressed di Jia!

The only difference was that the aura exuded by this heaven suppressing Pagoda was not as terrifying as di Jia's ancient Pagoda, and it looked much newer.

"Could it be an imitation? We must find out the origin of this heaven suppressing Pagoda!"

Yunxiao thought to himself.

After settling the dispute between the two, Luo Ying retracted his silver armor and the heaven suppressing Pagoda shrank rapidly, landing in his palm and being absorbed into his body.

...

Chapter 634

634 Promoting righteousness

This time, not only Xu danhe, but even Ren Guangjun couldn't help but shout, "Luo Ying, Zhang Chong, why have you two come? This is a matter between the Empyrean one Pavilion and Tianyuan Chamber of Commerce. Are you going to cause a Rift in the merchant Union?"

He was extremely shocked. With their status, the two of them were directly representing the four extremes sect and money sect. This made him feel that things were not as simple as they seemed!

"Hmph!"

Before the two could answer, Yunxiao snorted coldly and said, "Old man, since you know this is between us and Empyrean one Pavilion, why did you myriad treasures store interfere? And brother Feiyu, when you promised that someone would try to harm me, you were the first one to step out and teach that person a lesson. Now, you're actually ganging up with others to deal with me. It seems that our old friendship in Yufeng city is no longer there, and we can't have fun together anymore."

Li Feiyu's forehead was covered in sweat as he replied in embarrassment, "Young master Yun's words are a little biased. I, Li Feiyu, am a fair man. You promised me that if anyone bullies young master Yun, I'll be the first one to stand up for them, but now you're the one bullying others!"

Yunxiao's face was calm as he said coldly, "What's there to be afraid of when you say you're strong? Fortunately, I was able to see your face, as well as the face of the entire ten thousand treasures building, in this difficult time. Fortunately, not everyone in the merchant Union is a bully. The four extremes sect and the money sect are righteous and willing to give up their personal interests to fight against you clowns for the sake of the internal harmony and stability of the merchant Union!"

His words were spoken slowly and with a strong sense of righteousness, he said loudly, "The heaven and earth are in the right position, the righteous Qi of heaven and earth will exist forever!"

Everyone's mouth was wide open, and they were all stunned.

Even Luo Ying and Zhang Chong frowned, wondering if they were that high and mighty.

The more he thought about it, the more he felt that it was indeed a vast and mighty universe. All of a sudden, he straightened his back even more, and his face was filled with the look of punishing evil and promoting righteousness.

Li Feiyu gulped. He found that Yunxiao's eloquence was even stronger than his mysterious strength, and he did not know how to respond at all.

After Luo Ying appeared, Xu danhe also gradually calmed down. She realized that the situation today was completely out of her control and was developing in the worst direction.

The four extremes sect, the money sect, and the Tianyuan Chamber of Commerce already represented three of the seven magnates. Unless he pulled in the other two, he would not be able to compete with them, not to mention that there was also the unknown black iron City. Black iron City was an existence that could rival the entire Chamber of Commerce Alliance and the seven super forces.

Xu danhe's heart suddenly turned cold and cold.

"As one of the four prodigies of the North Region, I didn't expect young master Li to be such a person. It's quite disappointing."

The space near Tianyuan trading company distorted, and a large group of people appeared. With Qian Wudi as the leader, they were all members of the money sect. There were two martial Supreme powerhouses among them, and many martial Supremes were present. As soon as they appeared, they did not hide their auras at all. The surrounding space was fluctuating under that powerful martial essence.

Qian Wudi's body flickered with battle intent as he stared at Li Feiyu with a provocative look in his eyes.

"Young master Li is one of the four greats of the North Region, so of course he's different from US Small fries. We only know that we must keep our word, but young master Li knows how to be flexible with his words, and can beat you on either side."

On the other side, a group of people also slowly emerged. Tang Xin also came with many masters of the four extremes sect. There was a mocking look on her face and she smiled indifferently.

Money gang, Tianyuan Chamber of Commerce, and four extremes sect stood in a row, as if they were going to swallow up the Emyrean one Pavilion. After the two of them spoke, the whole area became quiet.

This shocking reversal of the situation made it difficult for everyone to adapt. They only felt that it was too dramatic.

After all, Ding Ling 'er was the master of Tianyuan trading company. Although Yunxiao was in charge of everything, she was still the acting president. At this moment, as the master, she slowly stepped out of the ranks and said to the two pairs of people with gratitude, "Ling 'er thanks the two young masters for your help. I will remember today's favor in my heart."

Tang Xin squinted her eyes and smiled, "you're too kind, miss Ling 'er. Suppressing the evil forces, promoting the righteousness of heaven and earth, and maintaining the unity and stability within the merchant Union is the duty of our generation, and we can't refuse!"

Everyone's face was dark. From Yunxiao's self-righteous dominance in the aspect of Daoism, the struggle for interests between the two factions had suddenly turned into a contest of justice and evil, a struggle of unity and destruction.

The people of Emyrean one Pavilion and myriad treasures store were so angry that they were screaming, but they couldn't win the argument with words, and they couldn't fight now, so their faces were dark and their eyes were spitting fire.

The anger and unwillingness in Xu danhe's heart slowly calmed down. She said coldly, "Luo Ying, Zhang Chong, the two of you won't be like these juniors and use vicious words, right? I hope the two of you can make your stand clear. What's going on today? are you tied to Tianyuan trading company? They even broke the merchant Union and started a war with each other!"

Luo Ying and Zhang Chong both frowned. They didn't dare to speak carelessly about matters that represented their stance.

"Young master Wudi is the one in charge today. I'm just following him." As for the whole story, you can ask my young master."

Luo Ying also nodded. Similarly, the person in charge of the four extremes sect today is young master Tang Xin. Elder Xu, you can ask him.

After the two of them finished speaking, they turned their heads away and looked up at the sky coldly. They didn't want to say anything more to avoid making mistakes.

Xu danhe was trembling with anger. With his status, Qian Wudi and Tang Xin were not qualified to talk to him directly, but the situation was pressing. She had no choice but to pull her face down and look at Qian Wudi and Tang Xin.

"Cough cough!"

Tang Xin coughed heavily and said, "we're just promoting righteousness. We'll follow young master Yun's orders."

That's right! Qian Wudi nodded and said with a smile, "I'm also following Li Yunxiao's lead."

"You, you, you, you, you, you, you!"

Xu danhe's originally suppressed anger was once again ignited. At this moment, he really had the urge to perish together with these people. But with Luo Ying's Heaven Suppressing Pagoda here, even if he wanted to perish together, he might not be able to do so.

Li Feiyu's face was filled with bitterness. It was obviously not appropriate for Xu danhe to talk to Yunxiao directly. Since Myriad Treasures Tower and Empyrean One Pavilion had come together, it was not appropriate for him to just sit and watch the show. "Young master Yun, today's matter has a lot of implications. I didn't expect that the four extremes sect and the money sect would be involved as well. It's no longer appropriate to fight now. Didn't you say you wanted to maintain the internal stability and unity of the Merchant Union?"

"I don't deserve the title 'young master Yun'," Yunxiao said coldly. "You can just call me Li Yunxiao. To be honest, I really don't want to know you. You mean you didn't expect the four extremes sect and money gang to help me and thought that Tianyuan trading company was doomed, so you went back on your

word and hit us when we were down. If you had done that earlier, you would have kept your word and continued to act tough. I can only say ‘hehe’ to people like you.”

Li Feiyu’s face turned red with embarrassment. He was really innocent, and he had been shot while lying down. The other day, he had only thought of keeping Yunxiao here, and he had casually said that song Yueyang City was in danger, but he had been caught by the other party.

At this moment, Yunxiao was approaching him step by step, and he was almost going to be charged with the crime of going back on his words. If this news spread out, it would be a great blow to his reputation. But, because he was no match for the other party in eloquence, he could only give in and say, “There are too many misunderstandings in this matter. Feiyu really doesn’t think that way. I will definitely give young master Yun a satisfactory explanation for our matter in the future. Let’s focus on the general situation of the merchant Union today.”

There was a hint of bitterness in his eyes, as if he was pleading.

Yunxiao snorted. He had naturally understood the meaning behind Li Feiyu’s words, but he did not know how much the ‘satisfactory explanation’ was worth. Well, our matter is a private one, after all, so we’ll talk about it another day. However, if young master Li is using this as a delaying tactic, I will definitely reveal young master Li and myriad treasures store’s true colors to the world. Let’s talk about the Business Alliance today.”

Li Feiyu and Ren Guangjun both understood the threat in his words. He meant that if he was not satisfied with the “satisfactory explanation,” Li Feiyu and myriad treasures store would be in trouble.

Ren Guangjun felt dizzy. For so many years, no one had ever dared to threaten myriad treasures store. Today, they were threatened by a mere Martial Emperor. He suddenly felt that he had learned something new, or had the times changed?

Both Tang Xin and Qian Wudi were overjoyed, knowing that myriad treasures store was going to pay a big price this time. It was impossible for them to escape unscathed after being involved with the devil, Yunxiao.

Li Feiyu had suffered a secret loss, but he could not say it out loud, so he could only swallow it. But he also had a certain understanding of Yunxiao’s character, and he knew that the other party was already

being magnanimous. Otherwise, he would be branded as a liar, and an internal war would be triggered in the merchant Union, which would be truly terrible.

He sorted out his feelings and then said seriously, "Originally, Tianyuan trading company and Tianyi Pavilion had no grudges. It was just a small misunderstanding that caused friction and intensified, which led to today's situation. In my humble opinion, why don't we let go of our past grudges and stop the war? How about we wait until the martial arts and technique competition a few days later to decide who is better?"

Tianyuan trading company never provokes people first," Yunxiao said. I have no objection to this opinion. But, I wonder if the culprit, Tianyi Pavilion, is willing to do it.

"Tianyuan trading company is going too far!" Xu danhe said angrily. He actually said we're the main culprits! You can do the rest, but you killed an elder of my Emphyrean one Pavilion. You must give me an explanation!"

It didn't matter how many of the other minions died, but the elders were the foundation of the Chamber of Commerce, and their absolute combat power lay in them. The loss of any one of them would touch the root and be difficult to bear.

Today's matter was directed by Xu danhe. If she couldn't give an explanation, she wouldn't be able to explain it to the heavenly one Pavilion's sect master.

Recommend a friend's book, the primeval immortal Emperor.

...

Chapter 635

635 Martial arts contest qualifications

Looking at the Emphyrean one Pavilion's elder's death and Xu danhe's flustered and exasperated look, the rest of the people from the Chamber of Commerce were all smiling and gloating.

Even ten thousand treasures tower was secretly happy. They were also happy to see that they could weaken the strength of the other core four alliances.

explanation?" Yunxiao said contemptuously. He could only blame himself for not being skilled enough and dying without leaving any residue behind. Otherwise, if an arm or a leg is left, you can still bring it back to Revere it."

Xu danhe's face was as gloomy as water. She gritted her teeth and said, "I'm not going to argue with you. If you don't give me an explanation today, my Emyrean one Pavilion will die with you! A murderous aura suddenly gushed out of his body, filling the surroundings with a cold air. The surrounding martial artists could not help but clench their teeth.

Especially the Warriors of Emyrean one Pavilion and the affiliated forces, each of their faces looked even uglier than a pig's liver. They didn't want to die together. They were fighting so hard just now because they thought they could win, but now, they didn't even dare to fight.

The three martial sovereigns from Luo qu Chamber of Commerce had the ugliest expressions on their faces. This time, their hearts were really cold, and they seemed to have no way out.

The underlings of Luoqu Chamber of Commerce who were still standing inside Tianyuan Chamber of Commerce looked at the three of them with gloating eyes, waiting to see their end.

Li Feiyu saw that Xu danhe's attitude was so firm, and he also didn't know what to do.

Luo Ying suddenly said,"elder Xu, I think we should do this." If we, the old fogeys, were to take action, the impact and repercussions would be too great. It would be better to let the younger generation compete on their own. How about we bring forward the martial arts contest to resolve the grudges between our two sects?"

"Bring forward the martial duel?"

Everyone's pupils contracted, but after some thought, this was indeed a good idea. Otherwise, it would be very troublesome if an expert of Xu danhe's level were to act ruthlessly. This was especially true for

the people from the four extremes sect and money sect. They only wanted to help Tianyuan trading company survive this disaster and did not want to become enemies with the Empyrean one Pavilion.

“Hmm, I think this method will work!”

“There’s no need to bring all the martial arts competitions forward,” Ren Guangxin said slowly. “All the martial arts competitions that want to settle their grudges are held today.” The loser will immediately leave songyue city with his men and will not be able to participate in the double meeting in a few days.”

Luo Ying frowned and said, “ this doesn’t seem to be appropriate. After all, the double gathering is a battle of technique and martial arts. Why don’t the losing party admit defeat and directly treat it as a failure in the martial arts competition a few days later? this will be fair.

Ren Guangyuan glared at Luo Ying resentfully. What he said just now was to directly kick either Tianyi Pavilion or Tianyuan Chamber of Commerce out of the competition as a member of the Board of Directors. This way, the seven Giants could be reduced to six, which was in line with the interests of myriad treasures store.

How could Luo Ying not understand Ren guanggan’s meaning? however, ten thousand treasures tower was powerful, and the other Giants still had to weaken its power as much as possible. Therefore, it was still advantageous for them to keep the seven spots.

“En, brother Luo’s words make sense, I also agree.”

Zhang Chong also said with a smile.

Xu danhe’s face turned cold and she snorted, “ “Since everyone has agreed, Empyrean one Pavilion naturally won’t object. If the Empyrean one Pavilion loses, I’ll leave immediately and never mention the death of elder Qiu again! But if Tianyuan trading company loses, what should we do?”

Her eyes fell on Ding Ling ‘er, and she began to question her.

After all, mo Xiaochuan was the one who had killed elder Qiu. Mo Xiaochuan was from black iron City. Even if mo Xiaochuan was handed over to her, it would not be easy for her to deal with him. This was a real headache.

Ding Ling 'er shivered under her intense gaze, and she quickly hid behind Yunxiao.

"That's easy," Yunxiao chuckled. He understood Xu danhe's concerns, so he pointed at mo Xiaochuan and said, "If we lose, I'll behead elder Qiu's murderer and give you his head. In case the Empyrean one Pavilion is afraid of the black iron city's revenge, we'll be the villains."

"What?"

Everyone trembled. Yunxiao's words were obviously a strong confidence. They would not lose!

Other than Qian Wudi, who believed in his strength, everyone else was suspicious.

Although the martial Supreme who had used the profound artifact cube earlier had died in Yunxiao's hands, the whole situation at that time was too shocking, so no one had seen the specific situation. They all thought that the Martial Emperor of Tianyuan trading company had secretly made a move. Otherwise, how could the martial Supreme have died so easily?

Mo Xiaochuan's face darkened as he said awkwardly, "Yun ... Young master Yun, you're selling me off just like that? If I really lose, then wouldn't I be a mayfly?"

"What are you worried about?" young Emperor hao lian laughed. Don't you think that young master Yun's loss is even more unbelievable than your head being cut off?"

that's true, " mo Xiaochuan said awkwardly. but ... But it still feels weird. Why don't we bet your head on it? "

"Don't try to act innocent when you've already gotten the upper hand," young Emperor hao lian snorted."How much is your head worth?" It's already a great honor to be able to be young master Yun's bet. You must be secretly happy now, right? And you're still pretending to be innocent."

The casual conversation between the two left everyone speechless, but it was extremely heavy in the ears of the people from Emyrean one Pavilion.

Xu danhe said coldly, "good!" A gentleman's words were true! The big shots of the merchant Union were all here, so he had better not go back on his word when he lost! Yu Yi, you will fight this battle. You can only win, you can not lose!"

When Xu danhe said this name, the heavy feeling in her heart was swept away. It was as if she had regained the prestige and aura of the great elder of the Emyrean one Pavilion. This name brought her incomparable confidence!

Everyone's heart trembled slightly, and all their eyes fell on a woman in green behind Xu danhe.

Especially Qian Wudi and the rest of the younger generation, their expressions were even more solemn.

The green shadow swayed, and the crowd only felt a faint fragrance. Then, they saw the graceful figure step out of the ranks and slowly walk forward.

Even though Liang Yuyi did not have Shui luoyan's or Ding Ling 'er's devastatingly beautiful looks, she was still slender and elegant. Her face was like a peach blossom, but the cold aura around her body made people not dare to have any desecration.

"Great elder, don't worry. I will not fail you."

Her words were clear and melodious, making people feel very comfortable. No one would doubt the confidence and strength contained in the words 'I did not fail my mission'.

Xu danhe's mood was slightly better. there's no need to stay behind. Kill if you can! she said.

"Yes!"

Liang Yuyi nodded in response. When she raised her head again, the clarity in her eyes had disappeared and was replaced by a sharp, knife-like glint. It was as if anyone within three feet of her could be pierced by the light.

Xu danhe looked at Tianyuan trading company and snorted coldly, " since the martial arts competition has been brought forward, who will you send? will you, Ding Ling 'er, fight on your own, or will you send this inexplicable li Yunxiao? "

of course, it's me, " Yunxiao said with a smile. I'm the one. If we let the acting president fight, wouldn't it raise your status?"

Liang Yuyi's eyes flickered with a Saber Light as she sized up Yunxiao and said, " "If it's you, then there's meaning to this battle. If it was Ding Ling 'er, there would be no need to fight. However, only the rising talents of the Chamber of Commerce are qualified to participate in the martial arts competition. I heard that you're the city Lord of Yanwu in the southern region. I wonder what qualifications you have to represent Tianyuan Chamber of Commerce in the competition?"

that's right! Li Yunxiao, you are not qualified to fight me!

Xu danhe also suddenly reacted and shouted coldly, " if people outside the merchant Union can fight at will, then we can all go and ask for outside help. There's no need to fight in martial arts!

Luo Ying also frowned and said,'li Yunxiao, are you from Tianyuan trading company? Otherwise, you'll be breaking the rules, and you can only let Ding Ling 'er do it herself or send someone from the Chamber of Commerce."

Ding Ling 'er seemed to have been prepared for this situation. She shouted, " Li Yunxiao is an honorary elder hired by Tianyuan trading company.

Xu danhe sneered and said,"haha, honorary elder?" Isn't it too much of a joke to use this job to cheat a child?"

The people from money sect and four extremes sect also frowned. Honorary elders could be appointed at will, but official elders were different. They were completely a part of the Chamber of Commerce.

Ding Ling 'er also intended to make Yunxiao an official elder, but considering his peerless status and his status as the city Lord of Yanwu, she did not dare to give him the position of elder casually, for fear that he would be unhappy.

...

Liang Yuyi chuckled and said, "honorary elder, you're indeed taking this too lightly. Yunxiao is the city Lord of Yanwu. How can he be an elder of the merchant Union?" "Unless you want to," she said with a smile in her eyes,""Unless you marry Ding Ling 'er and become the son-in-law of Tianyuan trading company, which is in line with the rules."

Ding Ling 'er's delicate body trembled, and her cheeks blushed in embarrassment. She lowered her head to the bottom of her neck and could not raise her head at all.

She had thought about Liang Yuyi's words before, but their identities were too different, and she could not figure out Yunxiao's mind at all. In order to fight on behalf of Tianyuan trading company, she had even specially discussed with old Yu. She had wanted old Yu to test Yunxiao's words and intentions, but to her surprise, old Yu's life was in her younger brother's hands.

This matter had been put on hold for a long time. He had planned to bring it up before the martial arts and alchemy double competition. However, unexpectedly, the plan had changed, and the martial arts competition had been brought forward.

Mo Xiaochuan and haolian shaohuang looked at each other with amusement, as if they were waiting for a good show.

Yunshang also felt nervous for no reason, and there was a faint sense of loss in her heart, as if she was afraid of losing something.

The rest of the people in the merchant Union, no matter which Chamber of Commerce they were from, all looked upset. It was always a depressing thing for a goddess to be taken away by someone else. Ding Ling 'er and Shui luoyan were the Dream Girls of many young talents in the merchant Union. Meanwhile, handsome rich men would always be the biggest enemies of losers.

How could Yunxiao not know what Ding Ling 'er was thinking? even he, who had always been indifferent to the common people, felt a little embarrassed. "The matter between Ling 'er and I is purely private, so I won't say it to outsiders. As for my identity, since everyone is interested, I'll be direct. Yanwu is a subordinate force of Tianyuan trading company in the southern region, and as the city Lord of Yanwu, I'm also under the jurisdiction of Tianyuan trading company. Are you satisfied with this?"

Chapter 636

636 A hundred billion stake

Everyone's faces flickered. What Yunxiao said meant that even if Yanwu had nothing to do with Tianyuan trading company before, it had now been completely integrated into the trading company.

Originally, a mere city in the southern region would not attract people's attention. However, Yanwu now had the amazing spiritual energy of Mount Meru, one of the four great celestial realms, which was no less inferior to the spiritual mountains and treasured lands of the seven superpowers. If it were not for the Holy region Iron Order, it would have already triggered a bloody fight. Now that such a high-quality asset had suddenly become the property of Tianyuan trading company, it was undoubtedly a boost to this empty shell!

Ding Ling 'er was also shocked, and then she felt warm in her heart.

With Yunxiao's status and strength, and with a sacred place like Yanwu under his control, it was very likely that he would develop into an existence similar to the seven superpowers when he established his own sect in the future. However, he had given her such an important stronghold without any hesitation.

Besides, Yunxiao did not deny their relationship in front of everyone. Although his words were a little vague, they were full of imagination. In addition to being touched, they also felt warm and sweet.

The people from the four extremes sect and the money sect did not look too good either. The competition in the merchant Union was extremely fierce. The southern region was originally abandoned by the Chamber of Commerce, and only a gradually declining existence like Tianyuan Chamber of Commerce would go there to take a bite. They did not expect to find Yanwu, such a great treasure, and all of them were slightly unhappy.

Liang Yuyi nodded and said, " since you don't even want Yanwu anymore, I naturally have nothing to say. Then let the martial arts competition begin. Use your life to make one last contribution to Ding Ling 'er."

haha! Yunxiao laughed. what a confident girl! He stepped out of the Chamber of Commerce and walked forward.

"Young master Yun, be careful!"

Ding Ling 'er said with concern, her eyes full of expectation.

"Ling 'er, you're worrying for nothing," shaohuang haolian said with a smile.

Mo Xiaochuan scoffed,'little sister Ling' er? You'll have to change your mind soon."

Ding Ling 'er blushed and turned her head away.

Liang Yuyi stared at him and said indifferently, " "I know you have a trump card and you've hidden your strength very well, so I think it'll be interesting to fight you. But if you say you can beat me, that would be a joke."

in that case, " Yunxiao said with a smile, " I'll play a joke today to make everyone happy.

After a short conversation between the two, a murderous aura spread out around them. Everyone held their breath and retreated far away.

"Ah, just looking at it doesn't feel very interesting. Tang Xin, why don't we make a bet?"

Qian Wudi suddenly opened his mouth and laughed, looking extremely interested, " during every martial arts duel, those brats below like to place bets. This time, we're no exception.

Tang Xin also looked like a spectator and analyzed, "Yu Yi is one of the top experts in the merchant Union, and her strength is hard to estimate. I'm afraid that only Li Feiyu would dare to say that he's stronger than her. Although young master Yun is only a Martial Emperor, he always gives people a mysterious feeling, and it seems that he has a lot of cards up his sleeve. This bet is quite difficult to place."

Qian Wudi laughed, "it's just a small game, it'll be fun." No matter how I look at it, Li Yunxiao is at a disadvantage. The odds of him winning are one to one, and the odds of Liang Yuyi winning are two to one. What do you think?"

Tang Xin nodded, "the odds seem fair and reasonable from the current situation of the two. To be honest, no matter how I look at him, I don't think he has a chance of winning, but I like to see dark horses, so I'll bet on Yunxiao. I'll bet ten million mid-grade primordial stones."

Qian Wudi revealed a mocking expression and sneered, "you're willing to take out 10 million. You're really a small gambler. Aren't you afraid of losing face?"

Tang Xin laughed, "haha, okay. An additional 100 million mid-grade primordial stones is only betting on Liang Yuyi's victory!"

A smug look flashed in Qian Wudi's eyes. Of all the people present, apart from the people of Tianyuan trading company, he was probably the only one who knew Yunxiao's strength the best. That day in Mount Meru, this kid was only a martial King, but he could compete with a terrifying existence like Di Jia. At that time, he was estimated to have almost reached the strength of a Martial Emperor. Now that he had reached the Martial Emperor realm, Qian Wudi would never believe that he did not have the power to fight a martial honor.

Zhang Chong laughed, "young master Wudi, you dare to open a betting table with such a huge difference in strength?" Aren't you afraid that our money gang will go bankrupt? I'm a two-stars Martial Emperor, and I'll admit defeat even if I lose five hundred million primordial stones." After he finished speaking, he threw out a storage bag and bet 500 million on Liang Yuyi.

Qian Wudi was secretly happy, but he revealed a bitter expression and said, "Elder Zhang, please don't harm me!"

“Hmph, the ignorant are fearless!”

Xu danhe’s cold eyes looked over and she said coldly, “ I’ll bet fifty billion primeval stones on Yu Yi winning. Do you dare to accept? ”

“?!”

Everyone in the hall gasped in horror. Fifty billion primordial stones was enough to smash a small Chamber of Commerce to death. Even the seven magnates of the merchant Union couldn’t easily mobilize them.

Qian Wudi’s joy was replaced by shock and solemnity. No matter how confident he was in Yunxiao, he still felt uneasy under such a huge bet. If he lost everything, he would have to pay twenty-five billion, which was enough for his father to slap him to death.

For a moment, cold sweat broke out on his forehead, and he was a little uncertain. He raised his forehead slightly and looked at the smile on Yunxiao’s face. Suddenly, he had an idea, and he gritted his teeth and said, “ “Yes, of course I’ll accept! Since we’ve already opened a bet, we’ll take it no matter how much it is!”

Zhang Chong was shocked and said anxiously, “young master, this amount of money ...”

Qian Wudi waved his hand and transmitted his voice softly, “ Elder Zhang, don’t worry. Li Yunxiao has a great chance of winning. I’m going to win!

Zhang Chong was stunned. He turned his eyes to Yunxiao, as if trying to see through him from head to toe, but he could not find any difference. He was just an ordinary two-stars Martial Emperor.

“Good, you have guts!”

Xu danhe’s eyes swept coldly and she said to the people from the subsidiary Chambers of Commerce, “ “Don’t you guys want to earn some money?”

Hearing this, the subordinate Chambers of Commerce of Empyrean one Pavilion shouted and placed their bets. Under Xu danhe's gaze, they did not dare to not gamble. At the same time, they had the intention to earn some money. After all, Liang Yuyi's strength was there. Moreover, Xu danhe had already placed 50 billion on it, so it could be seen that she was very confident.

Immediately, 10 million, 50 million, 100 million, and so on were all placed.

The people from the four extremes sect and myriad treasures store were not willing to fall behind either. They piled up all kinds of chips, none of them willing to give up this obvious opportunity to make money. Some of them did bet on Yunxiao, but the amount was very small.

Soon, Liang Yuyi's bet was pushed to 200 billion mid-grade primordial stones. Qian Wudi was covered in cold sweat, unable to bear such a huge pressure. He said bitterly, "f * ck, you guys are too cruel and evil. You've pushed it to 200 billion. Aren't you trying to kill me?"

Tang Xin laughed. hehe, this is more in line with young master Wudi's identity and spirit.

After Tang Xin placed a bet of 500 million Liang Yuyi, she saw that everyone was excited, so she added one billion more. Many martial artists even took out their treasures as collateral to raise as many primordial stones as possible.

Compared with Yunxiao's side, they only had less than a hundred million, which was really shabby.

Tianyuan trading company bet on Yunxiao's victory with fifty billion mid-grade primordial stones!

Ding Ling 'er said slowly, and her words shocked everyone.

However, on second thought, if they lost the martial arts competition, Tianyuan trading company would be eliminated. At that time, the entire trading company would face the risk of being annexed, and 50 billion Yuan would be nothing.

This was all the primordial stones that Ding Ling'er could mobilize at the moment. Otherwise, she would have bet on it no matter how big it was. This was not only because it concerned the life and death of Tianyuan trading company, but also because she knew Yunxiao's strength.

There were people in the world who could defeat Yunxiao, but Liang Yuyi would never be the one, and no one in the younger generation could defeat him.

"Can I mortgage my Tiangang devil-rinsing sword for fifty billion primordial stones?" Mo Xiaochuan asked.

Qian Wudi was taken aback. Of course it's worth it," he said with a wry smile. Are you also going to bet on Li Yunxiao?"

"Of course!"

Mo Xiaochuan rolled his eyes at him and said arrogantly, "If young master Yun loses, I'll lose my head, so why do I still need the sword?"

...

Qian Wudi felt a little dizzy. This is also a mayfly. Alright, I'll take 50 billion.

He heaved a sigh of relief in his heart. Although there was still a gap between the bets of both sides, it was close to a balance. No matter which side won, he would not lose too much, but the profit he would earn would be reduced by a lot.

only 100 billion? that's not good!

Yunxiao cried out. With a flash of light in his hand, a powerful fire-elemental spirit energy immediately rushed out and spread out in the center.

A pile of Southern Fire golden crystal essences suddenly appeared in front of Qian Wudi, emitting an alluring and terrifying spiritual energy.

I'll mortgage these Southern Fire golden crystal sources to 50 billion middle-grade primordial stones and bet on my own victory!

Everyone was greatly shocked, and their eyes flickered with extreme greed. So many Southern Fire golden crystal sources were equivalent to the existence of Supreme-grade primordial stones. The fire-type martial artists in particular were dumbfounded with their mouths wide open.

Zhang Chong picked up a crystal source and examined it carefully. He then nodded and said, "It is indeed the southern Fire golden crystal essence. I'm afraid that even the thunderwind Chamber of Commerce doesn't have so many of them. I wonder where he got them from."

"Since it's true crystal sources, then it's naturally worth it," Qian Wudi said with a bitter smile.

He had just opened a bet to earn a small sum, but he did not expect it to involve such a big bet. According to the odds, if Yunxiao won, he would earn fifty billion primordial stones. Just thinking about it made him excited. However, if Liang Yuyi won, the compensation would be 250 billion. Thinking of this result, his face turned pale. He wanted to rush up and kill Liang Yuyi first.

Li Yunxiao, thank you for your crystal sources," Liang Yuyi nodded and said gratefully. I need those things.

...

Yunxiao's lips curved into a smile as he said, "I'm also looking forward to the large amount of primeval stones."

Chapter 637-ten days in the same sky

Liang Yuyi revealed a rare smile. If that's the case, let's not waste any more time.

She raised her right hand and pointed at the sky. Immediately, an illusory sword appeared in the sky and slashed down at Yunxiao.

The moves were clean and direct, without any sloppiness. Although they were simple and direct, they were also pleasing to the eye.

There was a smile on Yunxiao's face the whole time. He had some concerns, too. After all, there was no shortage of experts present, and there were some means that were not convenient to use, such as the imperishable golden body and the three sword techniques. If someone found out something was wrong, it would be a great disaster.

Even if he did not use these famous moves, he was still undefeatable. At least, he had the gourd Little King Kong. If he used it, he could even fight a peak martial venerable, let alone a mere Liang Yuyi.

At this moment, he suddenly felt that he had gone too far and was being unfair to the little girl.

“Bang!”

The sword shadow fell from the sky and exploded into a huge pit on the ground. With a flash of light under his feet, Yunxiao easily dodged the sword with an exquisite footwork.

Liang Yuyi moved forward and walked away with the same wonderful steps. Afterimages appeared in the entire arena as she fought with Yunxiao in close range, making it difficult for the naked eye to distinguish their movements.

However, most of the experts around them could see every move clearly under their eyes.

Liang Yuyi's moves were extremely profound. A thin layer of red light appeared around her green dress, and the palm force of her fists was unhurried, one move after another.

On the other hand, Yunxiao seemed to be a little passive under the opponent's close attack, but he was not at an obvious disadvantage. Moreover, he tried not to collide with Liang Yuyi's palm force. After all,

the difference in their cultivation bases was a huge realm, and he would only suffer a great loss if they went head to head.

Liang Yuyi saw this point and planned to use her cultivation to exhaust his vital Qi first. By then, no matter what trump card he had, he would be a paper tiger without the support of vital Qi.

this li Yunxiao is indeed a little strange. He only has the power of a two-stars Martial Emperor, but how can he fight with Yuyi for so long? ”

what? ” Zhang Chong had a strange look on his face. it looks like his body is able to withstand a large amount of power. Could it be that he has also cultivated his physical body? ”

Qian Wudi immediately remembered that day in Mount Meru, when di Jia wanted Yunxiao’s corporeal body to take over his cauldron, and he thought that was true. his physical body is indeed strong. If it’s not divine, then it must be a secret technique.

“I see,” Zhang Chong said in realization, “a mystical secret technique that can withstand an attack that crosses a realm is indeed not simple. But if I don’t have any other means, this is all I can do.”

As she spoke, a fire sword shot out of Liang Yuyi’s hand, leaving afterimages in her hand. The head and tail of the sword connected to form a fire net, which suddenly closed in from all directions. Like a fish in the net, Yunxiao had no way to escape.

Yunxiao performed an incantation gesture with one hand and said, ” “Water dragon roar!”

The water element in the air quickly gathered and turned into a ball of water at his fingertips. It formed the shape of a Dragon and circled around his body. Under the guidance of his finger seals, it broke through the fire net.

The shape of a sword could be vaguely seen in the water Dragon. It was impossible to tell if it was a water dragon or a sword light Dragon roar. Moreover, with a point of the sword finger, it could break the surface with a point.

“Hiss hiss hiss!”

The moment the Water Dragon touched the fire net, it was instantly evaporated. A long sword as cold as ice suddenly shone on the water, piercing a dazzling light in the mist, and cut the fire net.

The moment the northern heavens cold star sword broke through the net, Yunxiao flew past it, grabbed the hilt, and rushed out of the encirclement.

die! Liang Yuyi shouted. A flame spread out from under her feet. The aura on her body rose and soon reached the peak of a three-stars martial Supreme. The fire net in the sky condensed into a fireball under her command. It danced in the air like a small sun, and the heat wave came straight down.

“Great sun Divine Art, one breath turning into blazing sun!”

Liang Yuyi thrust out her palm, and the fireball in the sky fell like a meteorite. The power of her palm was so strong that it sealed the entire space, making Yunxiao unable to move.

Mo Xiaochuan revealed a look of shock. what a powerful and overbearing palm force. A girl actually cultivates such an extreme yang martial technique. No wonder she said that the southern Fire golden crystal source would be extremely beneficial to her.

Liang Yuyi cultivates the fire element, ” Ding Ling ‘er said with a serious expression. but she’s still inferior to sister yunshang’s nine yang divine body.

don’t laugh at me, little sister Ling ‘er, ” yunshang said, blushing. my strength is far inferior to hers.

Ding Ling ‘er laughed. don’t belittle yourself, sister. Young master Yun once said that the nine yang genuine Qi of shenxiao Palace was born for a body like yours. Gu Qingqing was the most powerful person in the world back then, and she had the divine body of nine yang. You have a bright future ahead of you. I just hope that you can recognize me in the future.

When Yunshang heard Yunxiao's words, she felt a sweet feeling in her heart, but a moment later, her heart was shrouded in a layer of haze. She was in a daze as she said to herself, 'I'm not sure what to do. Did young master Yun tell her so much? but why didn't he tell me about Yingluo?

In the sea of fire, Yunxiao's pupils constricted as he chuckled and said, "Are you finally getting serious?"

The surrounding space was impregnable under Liang Yuyi's palm, making it too difficult to teleport. With a flip of his hand, Yunxiao thrust out a sword beam, and nine green lotuses bloomed one by one, forming a line in front of him to protect him from the fire of the sun.

hmm, what's going on? the power of the sun of a peak three-stars martial venerable was actually blocked by him? "

The people around were in disbelief, and even Xu danhe's face turned a little ugly.

I think it's because of the sword of ice in his hand. The cold Qi from the sword is just enough to restrain Liang Yuyi's fire of yang.

that sword is indeed extraordinary. The moment it is unsheathed, it glints coldly. It's very likely to be a ninth-grade sword.

a Martial Emperor of the seven constellations realm using a ninth-tier Mystic weapon. This Kasaya is too wasteful!

he's good at deceiving the little girl. I guess this sword was made by the little girl of Tianyuan trading company.

tsk tsk, both money and beauty. Why don't I have such a good life? "

you can only blame your parents for giving birth to a frog-like face. If it wasn't for the money, do you think you can pick up girls with your appearance? "

Liang Yuyi's brows furrowed slightly. Obviously, she found it a little unbelievable that Yunxiao had blocked her attack, but her face was still as calm as water.

"Two Qi gives birth to yin and yang, four days rotate at the same time!"

As she cried out, the incantation gesture in her hand changed into a line of fire. The fireball that was blocked by Yunxiao's nine green lotuses suddenly split into two, then four, and in an instant, four suns began to rotate and rush into the Lotus, breaking it one by one!

Yunxiao's face flickered slightly. Although the power of these four fireballs was not four times stronger than the previous one, it was still several times stronger. He could not resist the power brought by the northern heaven cold star sword with his two-stars Martial Emperor power.

"If you don't have any more trump cards, then go to hell!"

Liang Yuyi shouted and directed the four fireballs with her fingers.

The people of Tianyuan trading company had their hearts in their throats. They did not think that Yunxiao could escape from this disaster.

Even Qian Wudi, who was originally full of confidence, started to worry. After all, the bet was too big, and he really couldn't afford to lose.

At this moment, li Feiyu was the most confident one. Back in the plum Valley, Yunxiao had displayed a Sword Art in his demonized state, and even he was shocked by it. If it were to happen again, it would be a piece of cake for him to break Liang Yuyi's four days reversal.

But, it was not Yunxiao's intention to demonize, and he did not dare to use the sword technique.

"Wind, come!"

...

The immemorial heavenly eye between Yunxiao's brows suddenly opened, and a terrifying astral wind from beyond the boundless void howled out. He pointed the northern heaven cold star sword in his hand at the sky, and the endless power of the immemorial astral wind was blown away by the sword.

The four huge fireballs were suddenly blocked, unable to press in. Instead, the power of the sun was gradually weakening, as if it was being devoured.

Liang Yuyi's expression finally changed. She could clearly sense that the wind around Yunxiao's sword was extremely unusual, and it was rapidly consuming her sun. She shouted softly, and her delicate body danced in the air. Four fireballs flew back and rotated around her. The incantation seals in her hands were faster and faster.

Ren Guangjun could not help but exclaim, 'is this li Yunxiao really that strong? He's actually forcing Liang Yuyi to use her ultimate technique?'

"He's far more powerful than what we can see. What I'm worried about is that even if Yu Yi uses that technique, she might not be able to restrain him." Li Feiyu's expression was grave.

"What? Nonsense!"

"Young master Li has never seen Yu Yi's ultimate move before, how can you make such a judgment so easily!" Xu danhe shouted coldly.

although I've never seen Yuyi use it, I've seen li Yunxiao's ultimate sword beam, " li Feiyu said with a wry smile. to be honest, now that I think about it, even I might not be able to withstand that sword strike!

Xu danhe's expression changed drastically, and she revealed a look of complete disbelief.

Ren Guangzhi slapped his thigh and scolded, " "Why didn't you say so earlier! I bet two billion on Liang Yu Yi's win!"

although li Yunxiao's trump card is strong, I can see that sister Yuyi is not just at this level," li Feiyu said with a wry smile. the odds of winning are still very high.

...

As Liang Yuyi's hand seals spread out, the four fireballs suddenly lined up and split into five, six, and seven Suan ni. In the end, they turned into ten blazing Suns. They influenced each other and grew stronger!

"This is the Suan ni, as expected, ten suns in the sky!"

Qian Wudi's face turned serious, "I can't believe that she has really reached the realm of Great Perfection!"

this little girl's talent is really terrifying," Zhang Chong said in shock. Yunxiao is in trouble now. I'm really curious about how he's going to resist the ten days of Tongtian.

"Hmph, block it?"

Xu danhe's face was filled with cruelty and disdain. She said coldly, "Of course it's to be destroyed!"

"Rise!"

Liang Yuyi raised her hands to the sky, and ten huge fireballs whizzed into the air, slowly rising into the sky. All of a sudden, the entire sky was illuminated red, and the ten suns above songyue yang city were as high as the sky!

Chapter 638-cover up

Yunxiao finally looked shocked as he looked up at the sky. The power emitted by the ten huge fireballs was like that of a real sun. If they fell down like this, even his indestructible golden body would not be able to stop them!

Luo Ying's voice sounded from the side, "It's indeed ten days in the same sky, congratulations. However, if the ten suns fall, I'm afraid half of Songyue city will be destroyed. Why don't the few of us seal the surrounding space to prevent the energy waves from being too great?"

"Ran!"

Zhang Chong also nodded slightly and stood out, ready to attack.

Ren Guangjun from myriad treasures store also stepped out. Only Xu danhe looked cold and ignored their behavior.

"Just the three of us will do. That's enough."

Luo Ying said softly. He slowly extended his right hand and a beam of Emperor Qi shot into the sky.

Zhang Chong and Ren Guanghou also made their moves. Three streaks of Emperor Qi spread out in the air and formed a powerful boundary. It then enveloped the area and locked the phenomenon of ten suns in the sky.

The entire Songyue city was in shock. They did not understand what had happened over there. Only a few high-level people were making various speculations. There were even many people who directly flew into the air and flew towards the barrier.

Liang Yuyi's body seemed to be burning at the moment. She looked coldly at Yunxiao in the air and said, "I'm very curious about how you're going to deal with the ten days in the same heaven, or are you going to just disappear like smoke?"

She raised her right hand high and suddenly pointed it down, shouting, "Ten suns in the same sky, destroy the heavens and earth!"

Ten huge fireballs danced in the air and spun down, then rushed toward Yunxiao one after another. The light of the scorching sun dazzled Yunxiao's face.

Everyone thought that he had given up all hope, but in fact, Yunxiao was still thinking about how to take the attack. Should he throw the divine realm tablet, the gourd Little King Kong, the dynasty Bell, or directly use the devil-sky silk and the imperishable golden body to resist it?

With too many choices, it was easy for people to be confused.

forget it! It doesn't matter if others recognize me. I, li Yunxiao, have never been afraid of anyone!

“Clang”

At this critical moment, Yunxiao stuck the sword into the ground and placed his right hand on the hilt. A Dragon's Shadow slowly poured into the northern heaven cold star sword from his arm, and a Dragon's Roar burst into the sky. Not only that, but his body also began to demonize. Scales appeared on his body, and two horns grew on his forehead.

As the Dragon Shadow was poured into the sword, a Dragon appeared on the sword, emitting a terrifying sword intent.

“Hmm, demon transformation? Is this his trump card?”

The pupils of all the experts in the surroundings constricted. They could sense the power coming from Yunxiao and the sword intent emanating from the northern heaven cold star sword. It was no longer below that of a martial Supreme!

A ball of golden light condensed in Yunxiao's left hand, and he slowly placed it in front of him, turning it into a Lotus that attracted everyone's eyes. Suddenly, the Golden Lotus exploded like a star, and a dazzling golden light emerged, stinging everyone's eyes and forcing them to close their eyes.

Mo Xiaochuan's pupils contracted slightly. Two small prisms made of water vapor appeared in front of his eyes, directly reflecting the blinding power of the golden light. I knew it was a smokescreen. He dared to display his sword skill in front of so many experts. He's worthy of being my master. He's not afraid of trouble!

At the moment the Golden Lotus bloomed, Yunxiao's Northern heaven cold star sword finally shot out a rainbow-like sword beam. It was a dragon flying in the sky, and the stars around it flickered and vanished, while the ten suns were overshadowed by it. It was the sword technique, star obliteration!

Liang Yuyi's eyes were blinded by the golden light, but she could clearly feel the shocking sword Qi. Like a divine arrow shooting at the sun, a Dragon Shadow rushed towards the ten suns!

"Boom boom boom!"

By the time everyone opened their eyes, they saw the ten suns had completely erupted. The entire barrier was a sea of red fire, and nothing else could be seen except for the flames. However, that overbearing and powerful force still transmitted waves through the enchantment, making everyone's hearts jump.

Qian Wudi's eyes were filled with shock, and a huge question mark appeared in his mind. Would he be able to take the ten suns in the sky if it landed on him? the answer made him very disappointed, and an indescribable anger spread in his heart.

what a powerful force! Is that li Yunxiao dead? "

do you even need to ask? it must have been burnt to ashes. Can't you see the terrifying sea of fire within the barrier? "

however, I felt an extremely powerful sword Qi just now. That feeling almost scared my soul out of my body. It was as if it wasn't any weaker than the ten suns in the sky.

"Yes, I felt it too. However, that Golden Flower was too glaring. I was distracted and didn't see it!"

Ding Ling 'er and the others were nervous when they heard the crowd's whispered discussions, almost all of whom were certain that Yunxiao would die. Although they knew Yunxiao's divine ability, they still could not help but feel anxious.

As for Luo Ying and the other powerhouses, their eyes were filled with great shock. Just now, due to their carelessness, they had fallen into Yunxiao's trap and were blinded by the dazzling light of the Golden Flower. They felt very regretful that they could not catch the sword beam's move.

What shocked them even more was that at that critical moment of life and death, Yunxiao was still trying to cover up. What was he hiding? Hiding that sword move? Could it be that there was some kind of secret that could not be revealed?

At this moment, even Xu danhe, who was full of confidence, looked horrified. With his cultivation base, he could clearly sense that Yunxiao was not dead, and he was not even injured.

In the sea of fire within the barrier, the power of the star Destroyer sword technique was too weak. Although it broke through several of the sun's flames, most of them still hit his body.

The demonic sky armor also materialized to resist the attack of the flames, but at this moment, it had lost all its demonic energy, and was like a profound artifact without any spirit energy, so it could not do much. A large amount of scorching sun still hit Yunxiao and burned his body.

In the raging fire, he was not afraid of being seen. Spots of golden light appeared on his skin, blocking the sun and absorbing the other party's power at the same time to supplement and heal his injuries. Although it was only the initial stage of the inextinguishable golden body, it had almost reached a balance, allowing the wound to recover quickly.

"The power of the sun is almost gone," Zhang Chong said, "the barrier should also be gone."

He was the first to turn into a golden light and fly into the gold and money gang's team. The power of the barrier in the sky immediately weakened.

The other two also scattered, and the flames of the sun immediately spread out, scaring away some of the lower-ranked cultivators nearby.

But, the power of the sun was like an arrow at the end of its flight. After a brief burning, it gradually extinguished, and Yunxiao's body emerged from the flames. Although he was not unscathed, he looked as if he was fine, and there was even a faint smile on his face.

“?! This Tao Wu!”

It was as if a Thunderbolt had struck everyone’s mind, and they almost lost their ability to think. They widened their eyes and rubbed them, afraid that they had seen wrongly.

“Why can’t Qianqian even kill ten days in the same heaven?”

Xu danhe was also stunned and completely dumbfounded.

“Yes, he has too many secrets. Young master must be careful if you meet him in the future.”

Luo Ying reminded her softly. Tang Xin’s face was more solemn and thoughtful than horror.

Liang Yuyi’s spirit was greatly weakened after using ten suns in unison heaven, and her face began to turn pale.

Although she had expected that Yunxiao might not necessarily be defeated by that move, she did not expect him to take it so easily, and that he would be fine. On the contrary, she had consumed a lot of her spirit energy.

However, she was still an expert. After a moment of shock, she immediately regained her calm. Her figure began to fade in the air before slowly disappearing.

“Hiding in the void? It’s a very old-fashioned move.”

Yunxiao chuckled and spread out his divine sense. Suddenly, he frowned and asked in surprise, “Strange, there are no spatial fluctuations. She didn’t enter the Void? How did it disappear?”

...

Not only Yunxiao, but all the experts around him trembled, because they had also discovered the same problem. Liang Yuyi was not just hiding in the void!

“Whoosh!”

Suddenly, a shadow appeared on Yunxiao’s left side, and a sword beam slashed down.

Yunxiao was taken aback. It was not until Liang Yuyi made her move that he noticed her existence. He immediately spread out a stream of mental power from between his brows, which rotated the surrounding space and teleported himself away, avoiding the sword Qi.

“Teleportation?”

The crowd was also shocked. This was an extremely powerful skill that only eighth-tier alchemists could perform.

“Eh?”

Liang Yuyi’s voice came from the sky. Clearly, she was also surprised by his sudden teleportation. After that, he could no longer catch any trace of her.

Ren Guangzheng couldn’t help but say, “damn it, these two actually still have a trump card!” Was Yunxiao an eighth-tier Alchemist? He can actually teleport!”

His words shocked everyone. If he was really an eighth-tier great Alchemist, who could rival Lao Ai in the alchemy Arts after that?

Everyone who thought of this was in a daze. Was Tianyuan trading company going to stand out and become the biggest Dark Horse? Even if he lost to Liang Yuyi, it would only deduct one point from his score. With the strength Yunxiao had shown so far, not only was he fine under the ten days in the same heaven, but he even had the mood to play tricks and hide his moves. Who in the seven Chambers of Commerce could defeat him except Li Feiyu?

...

Even Li Feiyu's eyes were filled with solemnity. He didn't have the slightest confidence in his heart.

So what if he's an eighth-tier great Alchemist? don't worry, everyone. That Li Yunxiao will die in this battle!

Suddenly, Xu Danhe's cold voice rang out. Her eyes were fixed on the arena, and she seemed to be full of confidence.

Everyone was puzzled. How could Liang Yuyi win when even a super powerful move like Tendency in Heaven could hurt Yunxiao? Could it be based on this mysterious disappearance technique?

Chapter 639-easily solved

Liang Yuyi's sword beams kept shooting out from inexplicable directions, but Yunxiao could not catch them in advance. After a few rounds, Liang Yuyi's attacks became faster and faster, leaving only the shadows of her sword and Yunxiao's dodging.

"What's going on with Liang Yuyi?"

Qian Wudi had a horrified look on his face. He couldn't sense his opponent's existence at all, but those sword lights were so real. If he was in the arena, he would have been finished long ago.

Zhang Chong's expression was also solemn as he said, "Hmm, what a strange secret technique. Even I can't catch her existence. I'm also very curious about what's going on. He had never seen such a movement technique in the martial skills of Empyrean One Pavilion. Could it be that Liang Yuyi's master had another master?"

At this moment, even Mo Xiaochuan and Haolian Shaohuang's faces turned serious. Even with their cultivation bases, they could not see through the situation. Although they did not think that Yunxiao would lose, they could not continue to be entangled in this battle.

Yunxiao dodged here and there, and even though he could teleport, he soon fell into a disadvantage.

“Even I can’t sense it. I’m not unfamiliar with this situation, Yingluo. It’s just that you can’t be that person’s disciple, Yingluo. It must be a similar situation simulated by some secret technique, Yingluo”

Yunxiao suddenly fell silent and said slowly with a smile on his face, “ your attack is still as fierce as ever, which means that your real body is not far from me. In fact, this move of yours is very easy to break. Do you believe me? ”

“Oh, ever since I’ve mastered this secret technique, no one has ever broken it,”

Liang Yuyi’s voice rang out in the arena. However, every word came from a different direction, making it hard to grasp.

“Hmph, arrogant!”

“This kind of goading is useless against Yu Yi,” Xu danhe sneered.

Li Feiyu’s expression was also grave. He was constantly thinking about what he would do if he were to encounter such a situation.

that’s because the people you met are too weak, ” Yunxiao said with a smile. you can hear me, which at least proves that my sound waves can reach where your body is! No matter how you hide, you must at least be at a point of contact with this space. Otherwise, you’ll forever be lost in another space.”

Liang Yuyi said indifferently, “ you’re right. However, there are an infinite number of points in space. Even if you use an indiscriminate attack, the probability of hitting me is zero. How are you going to find the point of contact? Moreover, this point can still be moved.”

Yunxiao smiled and said nothing. His eyes gradually focused as he stretched out his right hand. The dynasty Bell slowly emerged in his hand, emitting a golden light and an ancient charm, looking magnificent and magnificent.

Qian Wudi's pupils contracted, and his body trembled. He naturally recognized that it was the treasure Yunxiao had snatched at Mount Meru, and his eyes could not help but flash with resentment. He had returned empty-handed that day.

"It's actually very simple. As long as we use a sound wave attack from all directions, you won't be able to escape. When you're shaken by the sound waves, you'll definitely tremble. As long as my sound waves don't stop, you'll keep trembling. How will you hide then?"

Yunxiao's eyes turned cold as he clanged the dynasty Bell in his hand. , An ancient sound spread out, and the sound waves instantly spread throughout the entire space.

"What kind of profound level weapon is this Kasaya?"

Everyone present was shocked. Even if an ordinary sound wave attack could be used in all directions, it would never be as Grand as this Bell. It was full of ancient charm, as if time and time were flowing under the sound of the bell.

This time, even Xu danhe's expression changed completely. A trace of panic and shock flashed in her eyes.

Liang Yuyi, I've caught you. The balance is leaning toward me.

With a flash of sword light in his hand, Yunxiao suddenly thrust the northern heaven cold star sword at a point in the air. The frequency of the sound waves at that point had changed slightly, but it still could not escape Yunxiao's sharp divine sense.

"Hmph, you want to leave? Under the influence of my Bell, even the slightest frequency fluctuation can't escape my perception. As long as you resist the bell, it will definitely change. Unless you give up resisting, the power of the bell will directly enter your body, shaking your meridians, Qi, and blood, and you will directly explode and die."

The sword beam in Yunxiao's hand moved according to his perception, chasing in the direction Liang Yuyi was moving. "You'll die if you resist, or you'll die if you don't resist. What do you choose?"

“Bang!”

Yunxiao’s Northern heaven cold star sword was violently shaken, and the power of the sun pressed down.

Liang Yuyi’s figure gradually appeared in the air. Her eyes were filled with disbelief and shock. With a pale face, she used the flaming sun technique and attacked fiercely. She shouted, “Even if I reveal my true body, you can only resist. How can you defeat me?”

The people from the Chamber of Commerce around were all shocked. If they were the ones who went up, who would have thought of such a wonderful method to force Liang Yuyi out under the circumstances just now?

Even if he knew this technique, who could create such a powerful sound wave attack and control it so well that he could sense the slightest fluctuation under the sound wave?

“Haha, there’s indeed a huge gap between us, so it’s not easy to fight. However, after using the [ten days in the sky] and the [stealth] technique, your physical strength is less than a third of what it was before.”

how long can you hold on? ” Yunxiao chuckled. how long can you hold on? ”

As he spoke, the sword in his hand did not stop for even a moment. He continued to use various sword moves to attack, depleting Liang Yuyi’s physical strength and vital Qi.

Other than a few perverts, the lack of physical strength was a weakness of any woman.

As Yunxiao kept attacking, Liang Yuyi finally began to fall into a disadvantage. The faces of the people around her turned dark, because they had all put their chips on the line, and now they had lost even their underpants.

Liang Yuyi’s face was ashen. She unwillingly circulated her flaming sun technique again, slowly forming a fireball.

However, everyone could see that this was the end of the line, and the outcome would not change.

Yunxiao chuckled as he teleported and disappeared from where he was. A foot appeared in the air next to Liang Yuyi and kicked her in the shoulder, sending her flying.

“Bang!”

That kick had directly sent Qi-Jin into her body, shaking her qi and blood. She was thrown far away, leaving a long mark on the ground. The big fireball in the field also dissipated.

“The martial arts duel has already ended. Do you still want to continue?”

Yunxiao stood proudly in the field with a faint smile on his lips. In the eyes of the crowd, they all had their own thoughts, but most of them looked solemn.

Especially Li Feiyu, Qian Wudi, and Tang Xin, the three outstanding talents of the younger generation. If it were them who had just fought with Liang Yuyi, not only would the outcome be unknown, but even if they could win, they would not have won so easily.

All of a sudden, Yunxiao had become a great enemy in everyone’s eyes!

Li Yunxiao is the winner of this martial duel, ” Luo Ying said slowly. do you have any objections? ”

Zhang Chong, who had been looking like an outsider, turned serious after Yunxiao used the dynasty Bell. “No objections! I wonder what elder Xu thinks?”

Xu danhe’s face was already green and she couldn’t speak. Her eyes were filled with defeat. This time, she had really fallen hard. Not only did she lose an elder, but she also lost a match before the two meetings even started. There were also countless primordial stones.

And all of this was given to him by this young man. She really wanted to rush up and kill this person at all costs!

But she knew she couldn't. With great difficulty, she spat out two words from her throat, "trash! He glanced coldly at Liang Yuyi, who was embarrassed.

The latter's body trembled under her gaze, and he felt a chill and humiliation surge up his heart. She raised her head and gave Yunxiao a resentful look, her eyes full of unwillingness and humiliation.

Yunxiao frowned and said coldly, "old woman, winning and losing is a common thing. It's really demeaning to call someone a good-for-nothing after losing!

Xu danhe's eyes were filled with anger and she said coldly, "You dare to scold me!" A strong killing intent welled up in her heart, and she wanted to find a reason to kill Yunxiao in an instant.

...

"Hmph, so what if I scold you?"

Yunxiao said disdainfully, "if not for the fact that I am no match for you now, I would have slapped you to death. Just you wait. I'll slap you in a few years.

Everyone broke out in a cold sweat. The courage and insight required to speak to a Martial Emperor in such a manner was not something an ordinary person could do.

"You're looking for death!"

Xu danhe's figure flickered and disappeared from the throne. Her actions were faster than her words, and by the time everyone heard her voice, she had already attacked the arena!

Both Qian Wudi and Tang Xin were shocked. If Yunxiao died and they could not get the information, they would have made a wasted trip.

“Hmph!”

Only Yunxiao’s cold snort was left in the field before he disappeared. He had already seen Xu danhe’s restless look, so he immediately teleported away and avoided that attack.

“BOOM!”

A huge black pit suddenly appeared in the martial arts arena. They didn’t even see how Xu danhe attacked, and this was the result.

Luo Ying’s and Zhang Chong’s expressions changed, and they immediately moved to block Xu danhe.

...

elder Xu, you have to admit your loss,” Zhang Chong said coldly. the result of the martial duel has been decided, and we are all fair people. Are you really as tasteless as li Yunxiao said? ”

Xu danhe gritted her teeth in anger as she looked at Yunxiao, who was gradually showing up behind them, and said coldly, ” “Li Yunxiao, I’ll remember this name! I won’t stop until I kill you!”

Yunxiao waved his hand impatiently and snorted. “Whatever, whatever. You’re not the only one who threw out harsh words after losing. Face should be won by strength, not by threatening with words, stupid bird!”

“You coward, pfft!”

Under the extreme stimulation, Xu danhe finally couldn’t help but vomit out a mouthful of blood. As the great elder of the Empyrean one Pavilion, she had never been humiliated like this. Her eyes were completely red, and there was only one word in her mind-kill!

Chapter 640-banquet invitation

Luo Ying frowned, thinking that Yunxiao really did not know what was good for him. If he completely angered Xu danhe, even if he could escape death today, could he escape for the rest of his life?

He was afraid of causing more trouble, so he hurriedly said, " "Since elder Xu also agrees with the result of the martial arts competition, then we'll do as we've said earlier. This matter will end here, and the Empyrean one Pavilion will add another defeat to the results of the two tournaments. Everyone, let's disperse."

Standing in the air, Yunxiao ignored the shock of the crowd and said, " "Ling 'er, collect the money."

Everyone trembled, and many people's eyes turned red. That was all their property! All of them gritted their teeth in hatred.

"If you can't afford to lose, don't gamble. Right now, they're just losing some money. I think some people are starting to get hot-headed, but if they continue to get hot-headed, they might lose their lives!"

Yunxiao's cold voice rang out on the field, and it made some of the hot-headed people who were about to make a move immediately shiver and calm down.

"Haha, thank you, thank you!"

Although Qian Wudi was envious of Yunxiao's gains, he was also a man who was satisfied, so he quickly took out 150 billion primordial stones.

The people from Empyrean one Pavilion and its Affiliated Chambers of Commerce all had dark faces and left angrily under Xu danhe's lead.

"Congratulations, young master Yun! I shall take my leave as well!" Li Feiyu also bade his farewell.

Yunxiao nodded. young master Li, don't forget the 'satisfactory explanation' you promised me earlier. I can't bear the blow of being deceived again.

Li Feiyu's forehead was covered in sweat as he listened, "Good, good, we'll talk about it another day!" He fled as fast as he could, feeling that the more he talked to Yunxiao, the more danger he would be in.

After everyone left, Tang Xin looked envious and said, "Congratulations on your victory, young master Yun. Although I've bet on sister Yuyi's victory, I've always had high hopes for you. I've always supported and believed that you could win in spirit, as expected! To be able to witness such a battle today, we didn't come in vain. I'll host a banquet at the four extremes sect's encampment tonight to entertain young master Yun and brother Wudi. I hope you'll do me the honor!"

His meaning was clear. 'We've fulfilled our promise, and it's your turn to contribute the information.' Besides, the location was in the four extremes sect, which was a big test for Yunxiao to see if he dared to come.

After all, after today's battle, his name would be known throughout the merchant Union. He would be the focus of attention after entering the merchant Union in a high-profile manner. There would probably be many people who wanted to kill him.

in the four extremes sect, can young master Tang Xin guarantee my safety? "

Yunxiao looked scared.

Tang Xin laughed. young master Yun, you must be joking. As long as you're in the four extremes sect, you're my distinguished guest. I'll protect you even if the people from the seven superpowers come.

Yunxiao's eyes flickered as he said, 'Oh? Was it really that safe? He won't be like that Li Feiyu, who makes promises that sound better than anything else, but changes his attitude faster than anything else.'

Tang Xin looked determined and patted her chest, "That's impossible! Li Feiyu is just used to being a despicable person. Myriad treasures store doesn't have any credibility to begin with, so how can they compare with my four extremes sect? Besides, brother Wudi is here to witness it, so how can I go back on my word?"

Qian Wudi's heart moved and he sneered. Tang Xin, you've schemed against others too many times. Don't be like Li Feiyu, who can't explain himself.

Tang Xin sneered. brother Wudi, what you said is just a sincere invitation. Do you think I, Tang Xin, can go back on my word like li Feiyu? ”

“If that’s the case, then I can rest assured.”

I’ll definitely be there on time tonight! Yunxiao laughed.

“I’ll be there too,” Qian Wudi said.

Tang Xin said happily, “then I’ll be waiting for you two!””

The people from the four extremes sect immediately rose into the air and left in a flash of light.

Qian Wudi gave Yunxiao a look, his eyes full of fear and strong fighting intent. I look forward to meeting you in the martial arts competition!

Zhang Chong also gave Yunxiao a glance, his eyes flickering. The entire money gang turned into light and dispersed.

Having won a big victory, Ding Ling ‘er and the people of Tianyuan trading company all heaved a deep sigh of relief, but they still couldn’t relax. They still felt like there was a huge mountain pressing on their bodies.

the encampment has been destroyed, ” Ding Ling ‘er said. how should we arrange this? ”

it can’t be simpler, ” Yunxiao said with a smile. move to the periphery and make space for the other minions. Otherwise, we’ll just take it as them trying to merge with Tianyuan trading company.

Everyone broke out in a cold sweat when they heard this. This was a blatant expansion. However, they had just defeated the Emptyrean one Pavilion, so no one would dare to stand out and touch the limelight of Tianyuan trading company.

Ding Ling 'er immediately ordered the others to make the arrangements according to Yunxiao's plan. The few core members temporarily occupied a small courtyard.

After settling down, Ding Ling 'er said worriedly, " young master Yun, Tang Xin's invitation must be malicious. Why did she take the risk? " She felt that this was completely unnecessary.

I have another idea about this, " Yunxiao chuckled. I'm not sure. Other than those absolute peak experts, there is no real danger in my eyes. Besides, Tang Xin is indeed a force to be used well. I need to use her to fight against Tang Jie."

His eyes revealed a serious expression, and he said, " the existence of those big demons is a great hidden danger. If necessary, I even have to help Tang Xin with all my might.

"Are those great demons really that powerful?" mo Xiaochuan asked with a frown.

those people used to be at the peak of the nine Heavens realm, just like me, " Yunxiao said with a rare serious look. but their strength has been lost over time. If they could obtain a large amount of resources from the four extremes sect, they would become an extremely terrifying force. It was even possible that they would be able to reach the seven superpowers. What worries me even more is that those who aren't of my race are bound to have a different heart!"

Young Emperor haolian's eyes flashed coldly."Since that's the case, let's kill them before they grow up to prevent any more trouble!"

"Yes, that's what I was thinking. Therefore, I'm going to the banquet today to find out more about Tang Jie's current situation. If it's necessary, we can reveal the situation of these demons to the world and let the Holy region worry about it. "

the reason I don't want to do this at the moment is that those people also know a lot of my secrets, as well as the ownership of Noah's ship, " Yunxiao said. If they spread the news, it would bring great danger to Ye Fan and me. "

“So there’s actually so much to it!” Young Emperor haolian cursed in frustration. If I had known this would happen, I would have spared their lives back in the demon Plains!”

at that time, I was in a hurry to search for the primordial astral wind in the outer realm,” Yunxiao said. you didn’t know about it, so I can’t blame you. However, this is also a great opportunity. We must grasp Tang Xin and even the Business Alliance as a card and strive to get rid of these future troubles!”

“Shaohuang and I will accompany you to the banquet tonight. Quality is more important than quantity,” mo Xiaochuan said.

Yunxiao nodded and said, ‘hmm, very good. The two of you will follow me. We can also try to contact the people from the death god Palace that the young Emperor mentioned. Their goal is to save Yuwen Xun, and it doesn’t conflict with what we’re doing.”

Young Emperor haolian’s entire body trembled as he said in a trembling voice, ” “Young master Yun, I didn’t know about these people’s nature before, and I thought they were a pure killer organization. Now that I know, I wouldn’t dare to come into contact with them even if you beat me to death! It’s better to send senior brother. He’s the senior brother, so he’s more capable.”

“What’s the point of having you if you can’t even handle such a small matter?!” Mo Xiaochuan said angrily. A strange expression appeared on his face, and he chuckled.” Junior Brother is handsome and charming, and has a romantic nature. Although the choice of partners is different from theirs, you can still be considered as fellow travelers. You can exchange your experiences well, and perhaps you’ll gain a lot.”

Young Emperor haolian trembled when he heard that, and his face turned pale as he looked at Yunxiao with a pitiful look for help.

Yunxiao also had goosebumps all over his body as he shouted, ” “Xiaochuan, stop joking! My hair is standing up from listening to it! Let’s talk about this later, tonight we’ll first investigate the situation.”

After everything was settled, everyone left.

wait a moment,” Yunxiao suddenly said. yunshang, ”

The other three people all had strange expressions on their faces. Mo Xiaochuan and haolian shaohuang looked like they were gossiping, while Ding Ling 'er felt an inexplicable sense of loss.

...

When she reached the door, she heard mo Xiaochuan whisper, " "Sister Ling 'er, don't be discouraged. I'm more supportive of you!"

"My two sisters support it!" Young Emperor haolian said softly.

what nonsense are you talking about? young master Yun must have something important to ask sister yunshang to stay!

"Yes, of course, it's a man's business! Right, Junior Brother?"

"Hehe, of course! There's nothing more important than this!"

The voices of the three people were getting further and further away. Yunshang blushed and felt uneasy. She did not know what Yunxiao meant. 'Is he really going to do it? is he really going to do it?' at the thought of this, she dared not think about it anymore.

Yunxiao coughed violently a few times and said, " "Ahem, don't misunderstand. It's broad daylight right now, why would I think about what happened at night?"

Luo yunshang felt a soft ache in her heart, and these words kept popping up in her mind. 'What happened at night ...' What happened at night ...'

Yunxiao took out a large number of Southern Fire golden crystal sources and said with a serious look, " "Yunshang, these crystal sources will be of great help to your nine yang true technique, and they'll be enough for you to achieve a massive improvement. You have the divine body of nine yang, so you must be a person who will reach the peak of martial arts."

Luo yunshang came back to her senses and quickly declined, " "Such a precious item, Suan ni"

you don't have to do this between us, " Yunxiao said with a smile. The benefits of your increase in strength are self-evident. Do you still remember that time in the light song forest, our bodies sensed each other and we entered that wonderful cultivation state?"

...

Luo yunshang's tender body trembled, and her face turned pale. How could she forget the experience that was completely like a spiritual exchange?

It was a complete combination of the spirit and the body. The two of them had each other in their bodies, and it was even deeper than the kind between ordinary husband and wife.

Every time she thought of it, yunshang's face would blush and her heart would race, and she could not calm down.
