

## The Eternal 641

### Chapter 641-infiltration

Could it be that he wants to have a spiritual exchange with me at this moment?

Yunshang thought to herself, feeling her heart beating fast.

yes," Yunxiao said seriously. that accident has benefited everyone's cultivation greatly. Your divine body is of the fire attribute while I'm of the opposite attribute, water. Perhaps this is the reason why divine bodies can fuse and nourish each other. When this is over, we can go back to Yanwu and study it in detail."

Yunshang almost fainted. She could no longer remember how she managed to walk out of the spiritual intercourse monastic robe after studying it. The intense warmth coming from the southern Fire golden crystal source in her storage bag made her feel surprised, happy, and embarrassed.

"Kid, you want to take this little girl in, right?"

The demonic Dragon transmitted a message to him through his soul.

stop joking," Yunxiao denied, " you know the benefits that the God bodies brought us last time. It's twice the effort with half the result. It's good for everyone.

"If she's close to you all the time, will she be able to marry someone else in the future?" Prince evil Dragon said in disdain.

"This bi an ..."

Yunxiao was dumbfounded, looking a little embarrassed, but a strange emotion spread in his heart.

The news that the heavenly one Pavilion and Tianyuan trading company had an early battle, and that the heavenly one Pavilion had been defeated, spread like the wind throughout Songyue city in an instant. For a time, Yunxiao's name was at its peak.

After all, the impact of this matter was simply too great. It had completely exceeded everyone's expectations, and could even be said to have turned the tables. In addition, the Chamber of Commerce was a first-class Intelligence Agency, so all of Yunxiao's secrets were dug out and spread wildly in the city.

"That kid is the inheritor of the spiritual Qi of Mount Meru. No wonder he's so powerful. Tianyuan trading company has hidden so well that they have such a trump card. The entire situation is even more unpredictable now."

"Not only that. I heard that two of the ten titled martial sovereigns went to Yanwu to fight for the spiritual energy, but they still returned without success. Do you know why? Because this brat had connections to the heavens, he actually managed to get through to the Saint domain! The Holy region has issued an Iron Order, and the city of Yanwu is directly given to him!"

"That's right, I've also heard of it! Yunxiao seemed to be the illegitimate son of some Big Shot in the Holy region, and he had been placed in the remote southern region in order to hide his identity. But, the resources he had secretly transported over the years were definitely an astronomical figure! Otherwise, at his age, he would have killed star constellation with a single palm strike back in Yanwu!"

"Magnet! He was the one who killed old monster Xing Xiu? That would be too terrifying! Who else in the younger generation could be his match! I heard that Ding Ling'er had been hiding in the southern region all these years to serve this man. I also heard that they even have a few sons. Now it seems that it is true! Tsk, tsk, what a pity, my life!"

"Hmph, what's there to pity? Other people have a Saint-level Big Shot as a father, but do you? It was normal for a goddess to throw herself at him. Ding Shan's vision was really far. He had long sent his daughter to the southern mountain range to be someone else's child bride, and now, the clouds had finally parted and the moon was bright! According to reliable sources, the betrothal gift is the entire city of Yanwu!"

"Sigh, that's their fate. We poor losers should stop dreaming. Come, let's drink. I'll strive to break through to Wu Zong as soon as possible, find an ordinary sect to live in seclusion, take a dozen wives, and live a carefree life."

“Young master Yun, do you really have a child with sister Ling ‘er? Doesn’t that mean we have many junior brothers?”

On the way to the banquet, Yunxiao and the other two had heard all kinds of rumors.

Yunxiao kicked shaohuang hao lian and scolded him with a smile, “When has such matters in the streets ever been true? However, I do have a disciple, and I don’t know where he is at the moment. Perhaps he is in the Holy region!”

As soon as he thought of Meng Wu and her brother, his expression suddenly became a little sad. He didn’t mention this matter to the two of them, but he told them about it at this moment.

Hearing this, young Emperor hao lian was furious. that Wei Qing is a f \* cking bastard! When young master Yun recovers, he’ll take us to the sanctuary and give that bastard a few slaps!

Hmph, killing your way into the sanctuary-realm? How dare you!

“Even if Hua qianshu and Jun ruyun are here, I’m afraid that any Captain of the law enforcement team will be able to annihilate our entire team,” mo Xiaochuan said disdainfully. Besides, according to young master Yun, Little Junior Brother must have an inextricable connection with Wei Qing. Could it be that he’s the illegitimate child of a great figure in the Holy region?”

no matter what, I have to go to the Holy region,” Yunxiao said coldly. but not now.

Although the three of them were chatting leisurely as they walked, they had never escaped the surveillance of the various spies. Soon, they entered the four extremes sect’s encampment and felt a sense of peace.

“The three of you are Wufu.”

The two guards of the four extremes sect sized up the three of them. The aura that mo Xiaochuan and young Emperor hao lian exuded made their hearts turn cold, and they were on high alert.

Please inform Tang Xin that li Yunxiao is here!

“Ah? Y-you are young master Yun! Please wait a moment, I’ll immediately inform the second young master!”

One of the guards was shocked and hurriedly opened the restriction, “ please come in, I’ll go to xufang now!

The two guards were both taken aback. After Yunxiao and the other two entered the restrictive barrier, they suddenly flashed and disappeared in front of everyone.

“What about the three of them?”

The guard who had let them in was stunned, not knowing what to do.

are those three not li Yunxiao, but imposters? ”

Another person analyzed in shock, causing the few of them to break out in cold sweat. The cultivator who had let them in was even more so. He trembled and said,“What, what should we do now?”

we can only play dumb, ” the other man said with a gloomy face. if the higher-ups find out that we’ve casually let someone in, not only will you be finished, but I’ll also be in trouble!

“Argh! Then, what if something happens?”

“You’re playing dumb! These people have remarkable abilities. God knows how they entered from where, so it’s fine as long as we don’t know anything. Could it be that you want to go to young master’s place to receive your punishment?”

“No, don’t be scared.” The man trembled in fear when he heard about the punishment.“You ... You won’t betray me when the time comes, will you?”

“What kind of words are you saying? what kind of person do you take me for?”

“Oh, I’m sorry. I was just too worried.”

“It’s fine, we’re not friends! Oh, that’s right, I can’t get along with your sister-in-law at all. I’ve already divorced her. I heard that your most beautiful little sister is 14 years old this year. I have feelings for her, you know that.”

“.....”

While the two guards were still talking, Yunxiao and the other two had already appeared in a long corridor in the four extremes sect’s encampment.

this four extremes sect is indeed a little strange,” Yunxiao said. not only is there a restrictive array outside, but there are also restrictive spells everywhere inside. You’ll be in trouble if you’re not careful.

“Yeah, the internal struggles are too intense,” young Emperor hao lian said. Tang Jie is in the West and is also covered by a restrictive spell. Moreover, it seems to be very unusual.” He pointed to the distance. There were faint lights behind a few cloisters, which seemed to be within the restriction.

well, I’ll go in alone. You guys go into the divine realm tablet. I’ll call you out if there’s any problem!

A bright light flashed between Yunxiao’s brows, and the two men were taken in. Then, he sent a voice transmission, “Shaohuang, there’s a person inside that you’ve sealed before. Go unseal him now.” Then, his figure flashed and he headed west.

“Eh? Who was it that I sealed?”

Young Emperor hao lian was full of doubts. It was his first time entering the divine realm tablet, and his eyes were full of curiosity and shock. When he saw Duan Yue’s figure, his expression suddenly became strange, and he said in surprise, “It’s him?”

Mo Xiaochuan asked, 'young master Yun, you're talking about him? How did you manage to seal him?'

...

"Nothing, it's about picking up girls." Young Emperor hao lian smiled awkwardly. Every time I pick up a girl, it's like a couple. Everyone is willing, but this kid wants to ruin my good thing when he can't eat grapes, so he took over The Grudge. However, I saw that he was still a good man, so I only sealed him."

"With your boastful personality, you're going to get into big trouble sooner or later!" Mo Xiaochuan frowned.

'I'll follow senior brother and young master Yun from now on, ' young Emperor haolian hurriedly said with a smile. I won't dare to do it again. I won't dare to do it again.

The four extremes sect's encampment was even larger than Tianyuan trading company's. It was exquisitely decorated and had many names. From this, one could see that the sect's strength was extraordinary. The overall work was also meticulous.

Yunxiao carefully crossed a few corridors and courtyards, and soon arrived at the Western courtyard. It was a dilapidated courtyard, overgrown with weeds, and the gate was not locked.

hmm, it's another spatial layout. It's a little troublesome.

A red gleam emerged in Yunxiao's eyes as he swept his eyes around the courtyard, looking for a spatial gap.

"There's actually no trace of Qianqian. The person who set this up must be too skilled."

He searched for a while and felt a little surprised. Just as he was thinking about what to do, he suddenly noticed that someone was moving in this direction. His figure flashed and he hid in the air.

There were three gray-robed men, and they all seemed to be eight-stars martial emperors. The three of them stopped in front of the door. The leader took out a token, drew a symbol in the air, and then threw it into the small courtyard.

As the token entered, the empty courtyard suddenly flashed with light and a layer of mist appeared. The token floated in the mist.

...

The space around them twisted and a passageway opened up. White light flickered within the passageway, and spiritual energy was abundant.

The man in the lead drew a few symbols in the air, and the token immediately flew back into his hand.

After taking back the token, the three of them stepped into the passage.

The moment the passage closed, Yunxiao slowly walked out of the void and followed them in without anyone noticing.

The space in the passage was not big, but it surprised Yunxiao. There was nothing else in the narrow space except a Pavilion about five stories high, hundreds of meters in both length and width, which almost filled the space.

The building was very Grand, but the carvings on it revealed a hint of demonic air. There were also all kinds of strange drawings of humans and monsters. It was obviously not a common architectural style in the realm of heavenly martial arts, and should be a building of the demon race.

Chapter 642-coming and going

“These demons are just temporary residences. Is there a need to make it so Grand? How extravagant, could it be that they want to turn this place into their nest?”

Yunxiao mumbled a few words as he followed the few men and sneaked into the demon Pavilion.

Although the demon Pavilion was large, there were very few people in it, so it was easy for Yunxiao to follow the three of them without being discovered. On the contrary, he found it a little strange that there was a restriction placed with such loose defenses.

The three of them walked up to the second level of the demon Pavilion and entered a large hall.

Yunxiao's heart trembled slightly as he sensed a powerful demonic aura coming from inside. He didn't dare to be careless. He formed a seal with his right hand and drew an arc in front of him. He immediately used a high-level stealth technique to hide himself and followed them stealthily.

The three of them walked into the hall. It was empty inside, and there was only a green formation that was slowly operating. The three of them became nervous when they saw it. They didn't dare to disturb it and stood quietly to the side.

Yunxiao's pupils constricted as he hid in the void. The two people sitting inside the array were Tang Jie and Yu, who seemed to be cultivating some kind of cultivation technique.

At this moment, Tang Jie's aura had already reached the level of a martial honor. However, his entire body was emitting a demonic aura. He should have been taught the demon clan's skills. However, he did not see the shadows of the other great demons. They should be in seclusion somewhere else. He did not know how strong they were now.

The current strength of those demons was also an important piece of information that he wanted to know.

Yu sat quietly in the formation. His body was blocked by a faintly discernible force, and it was impossible to determine his strength. In addition, he was also an eighth-tier great Alchemist with extremely strong mental power, so Yunxiao did not dare to probe too much.

After a long time, as if he had completed a full circulation of his cultivation technique, Tang Jie breathed in and out, absorbing all the demonic Qi that spread out from his body. Only then did he slowly open his eyes.

The three people who had been waiting for a long time hurriedly stepped forward and said, "Young master, the materials have arrived."

The three of them each took out a storage bag and handed it over one by one.

Tang Jie's face was expressionless as his divine sense swept past. Suddenly, it stopped on the third storage bag, and his face immediately darkened. He shouted, "Why are there so few demonic crystals?"

The man trembled. t-these are all that's left in the warehouse. They're all here.

Tang Jie's face flashed with a touch of hostility as he said coldly, "All here? Does that mean it'll be gone in the future?"

The man licked his dry lips and said nervously, " we need to purchase it in bulk again. After all, the demand for this item was not high in the past, so very few people used it.

"Then what are you still standing here for? hurry up and collect it!" Tang Jie said angrily. We'll take as many as we can at all costs!"

"Yes!"

The man was shocked and quickly bowed to leave. At the same time, he felt relieved.

Tang Jie was obviously very dissatisfied with the demonic crystals provided this time, and the aura on his body became a little impetuous.

Rain opened her eyes at the same time and said, "your demonic skill has reached a very high level, and the effect of the demonic crystal is getting weaker and weaker. The rest will depend on your own strength and cultivation." If myriad treasures store's Li Feiyu is only at the level you mentioned, then you can easily defeat him."

“Hmph!” Tang Jie snorted and said, “before I met you, I was a frog at the bottom of a well in the merchant Union. I thought that the merchant Union was the only one in the world. It was only after the trip to Yao Yuan that he realized how vast the world was and how ignorant he had been! Now that I know how big the world is, I’ll not only focus on the merchant Union. I’ll also defeat the four prodigies of the North one by one, and Li Yunxiao and Ye Fan, who has obtained Noah’s ship, will be my biggest opponents!”

Li Yunxiao and Ye Fan are indeed two great scourges,” Yu frowned and said, “but it’s not the right time to do so. It’s not a problem for you to deal with the two of them with your current strength. It’s just that they both have Saint artifacts in their hands, so it’s extremely difficult to deal with them. After Lord Shang has repaired the armillary sphere, we will have the strength to fight them.”

“Yes, the size of the world is indeed difficult to measure. In the past, I wouldn’t have believed that so many Saint tools would appear all of a sudden. I wonder if the armillary sphere can be repaired smoothly.”

originally, the chances of getting the essence of the ancient evergreen tree are extremely low. Fortunately, your four extremes sect has a treasure of the monster race—the wheel of sacrifice. As long as Lord Shang controls the wheel of sacrifice, he will be able to repair the armillary sphere—

“Hmph, that wheel has been in my four extremes sect for countless years, and no one has ever been able to identify its origin. Even the Mei family only knew that it was extraordinary. I didn’t expect it to be an evil being of your demon race!”

“There is nothing evil in this world, it’s just that people have evil hearts.”

“No matter what you say, that thing’s existence is an extremely evil thing.”

The two people at the side were confused. They didn’t know what the Kushe wheel was, but they were used to these people’s earth-shaking words. They just stood there silently and didn’t dare to say anything.

“Young master Tang’s words are biased. The ju she wheel has existed for countless years and no one has ever felt that there is anything wrong with it.”

A woman's voice was heard. Li had appeared in the hall with a smile on her face. There was a faint sense of mystery about her. She was no longer as weak as she was in the demon land. It was obvious that she had recovered a lot of her strength.

"How did you get out?" Yu Jing asked. Don't tell me it's Yingluo?"

"Soon, but not yet," Li shook her head and smiled. She waved her hand and threw a storage bag to Tang Jie, saying, "This is the essence of the ancient evergreen tree. Lord Shang has no use for it anymore. You can absorb it to suppress the demonic Qi in your body, in case your body can't withstand the negative effects of the demonic crystal."

Rain frowned in dissatisfaction, "You came out at such a critical moment just to say this?"

"There's one more thing," said Li with a smile, "and that's to take care of the rats. This monster Palace is one of my spatial treasures, so I can sense everything in it. That man is really good at hiding, so it's normal that you didn't notice him."

"What? Someone has sneaked in!"

Everyone was shocked. Tang Jie and Yu's killing intent suddenly spread in the hall. The content of their discussion was too shocking and could not be spread.

The two martial Royal realm experts broke out in cold sweat. If someone had entered, it must have been someone who had followed them in. If something were to happen, they would not be able to bear the responsibility.

don't worry, " Li chuckled. he's just a rat at the Martial Emperor realm. Although this person's concealment technique is extremely high, it's a pity that his cultivation base is a mess." She raised her hand and flicked her finger. A ray of light shot toward a corner in the sky.

"Rat your sister!"

Yunxiao knew that he had been seen through. After cursing, he emerged from the void and easily dodged the attack, revealing his true body in front of everyone. "I was wondering how you guys had the time to build such a magnificent house. So it's a magic weapon. Is this how you all welcome your old friends?"

"Ah?"

Tang Jie and the other two were shocked when they saw Yunxiao's true face. Even Li's face changed. Although she could sense the man's cultivation base, she could not know his appearance.

Li Yunxiao, you're really bold! You came to your death in person!

After the shock, Tang Jie's face suddenly became ferocious. He laughed and said, haha, I was just worried about not having a place to find you. The heavens are helping me!

Yu's face froze instantly. He locked all his attention on Yunxiao, fearing that he would escape. This was a rare opportunity, so he had to make her stay no matter what.

"What for? Do you want to give me a good deal?"

Yunxiao said coldly, and then his figure dissipated in the air.

"You want to escape? dream on!"

Yu's eyes narrowed, and a force immediately spread out, sealing the entire Hall. Li also made her move. The hall began to rumble under her control, and all the doors and windows were closed. It was as if a giant beast had suddenly closed its mouth.

Yunxiao did not take the opportunity to escape as they had thought. After he teleported away, he appeared in front of Tang Jie in the next moment and quickly took the storage bag from his hand. "Escape? You've treated me so well, why would I want to escape?"

After his attack succeeded, he dispersed once again and floated in the sky. His eyes were filled with joy. The storage bag was indeed filled with the essence of the ancient evergreen tree. It would definitely be of great use to him.

...

“Ah? You!”

Tang Jie’s body trembled. He was so angry that his things were snatched by the other party. A red light flashed in his hand and a Scarlet sword appeared in his hand. He slashed it and roared, “Let’s forget all the Old and New grudges today! Great void slash!”

His Vermillion Bird saber had been obtained by hao lian shaohuang on the demon land, and the sword in his hand was an eighth-tier profound level weapon.

“Haha, my old friends are dying one by one, and there aren’t many left. I’ll cherish what I have. Next time we meet, I’m leaving!”

Yunxiao laughed as he dodged Tang Jie’s attack in the air. Then, he took out an item from his storage bag, which was shimmering with a green mist. It was the heart-cleansing sandalwood he had obtained from Zhang linghua, the sect leader of the Big Dipper sect.

Yunxiao grabbed it and scattered it. A stream of Yimu Qi spread out in all directions, and as he chanted an incantation, his figure grew fainter and fainter. In the end, he turned into a blue lightning bolt and flashed through the air. The crowd only had time to hear a crackling sound before the blue lightning bolt reached the door.

“Stop him!”

Yu was shocked that Yunxiao could directly turn into a Thunderbolt, catching him off guard. Regretfully, he suddenly thrust out his tail light sword and chased after Yunxiao.

Even without Yu's warning, li knew to stop them. The entire group of demons Palace was her Dharma Treasure and she could control it at will. With a hand seal, the weapon power of the demon Palace surged toward the door.

"BOOM!"

Just as the two of them attacked at the same time, a terrifying flame power spread out of the Thunderbolt, which directly broke a big hole in the door, and Yunxiao, who had turned into a Thunderbolt, disappeared without a trace.

...

Chapter 643

643 In the small courtyard

"This Tao Wu!"

Everyone was instantly dumbfounded. They stood there and looked at the huge hole. There were still flames burning in the surroundings. Although they were not strong, they did not seem to be extinguished.

level ten divine fire!

Rain gritted his teeth and slashed out with his sword. Only then did the burning part disappear and turn into ashes in the air.

"Stop him! Why didn't you stop him!"

Tang Jie was so angry that he almost fainted. He roared at li, " "Didn't you say little rat? Didn't you say that the entire monster Palace is under your control?"

Li looked at him as if he was an idiot and said, "We're all humans, so why is there such a huge gap between us?" She no longer paid attention to Tang Jie's roar. With a worried look on her face, she said to Yu, "Yu, what do we do?"

Rain's expression was also extremely ugly, but he didn't panic, the entire group of demons Palace is under my space seal. Although he has escaped from the group of demons Palace, he might not be able to escape the space seal so easily. Let's go after him first!

Li was also about to give chase when his heart suddenly moved. He frowned and said, "Someone has barged in again. It seems to be the same person as last time."

"Those scums aren't a threat," Yu said coldly, "but we can't let Yuwen Xun escape." Tang Jie, you deal with those scumbags who came last time. Li and I will go after li Yunxiao!" After he finished speaking, he disappeared from the hall. Li followed him and disappeared.

Only a gloomy-looking Tang Jie was left in the hall. He roared, "In your eyes, my strength is only enough to deal with trash? You demonic beasts, I'll trample all of you under my feet sooner or later!"

The other two were silent like cicadas in winter, so nervous that they didn't dare to make a sound.

Tang Jie looked at them coldly and said, "come with me, let's go and see what those scums from death god Palace are up to. This time, we must not let them escape!"

The three of them immediately gave chase, leaving only an empty formation still running in the hall.

"Strange, where is he?"

Yu and Li immediately lost sight of Yunxiao after they left. The entire space was not large, and they could see everything except for the demon group Palace.

"Could it be that he has broken out of the seal?" Li Jing said.

“That’s impossible!”

Yu Lengeng said, “it’s not that he doesn’t have the strength, but if he wants to break the seal, it’ll cause a huge commotion. There’s no elemental energy fluctuation here at all.” I suspect he’s still in the hall of monsters.”

“Impossible!”

This time, it was Li’s turn to firmly deny it. He said, you also know that this monster Palace is my Dharma Treasure. If you’re inside, you can’t escape my perception.

I’d believe it if it were someone else, ” Yu said through gritted teeth with a gloomy face. but he is li Yunxiao! Other than little Qing who transformed from wood to spirit, have you seen anyone who possesses a Saint tool and a level ten divine flame, as well as the technique of transforming their body into lightning? Even though we’ve all made great progress and recovered with the help of the four extremes sect’s resources, I feel that his progress is faster than any of us! If we don’t kill this person soon, he will become a major threat to our demon race! No, he’s already a big problem now!”

“I agree with your judgment about this man,” said li. However, if he hides in the monster group Palace and uses a secret technique that even I can’t find, how can we find him?”

“Wait!”

Yu calmed his emotions and spat out a word, “There is only one way! I don’t know why he’s here, but as long as he makes any noise in the hall, he won’t be able to escape your perception. There must be some kind of restriction to his ability to transform into lightning, or else he wouldn’t have needed to escape if he could use it infinitely.”

“En!”

Li also calmed down and said, “I forgot that this person still has a Saint artifact. Perhaps he really has a way to resist my perception.” There weren’t many people in the monster Palace. Lord Shang had wing to guard his place, Yuwen Xun had a few experts from the four extremes sect, and the rest of the buildings were empty. As long as he makes any strange movements, he won’t be able to escape my grasp.”

The two of them quietly guarded the entrance of the spatial seal, sitting cross-legged in the air and waiting quietly.

After transforming into a Thunderbolt, Yunxiao did not intend to escape. Instead, he wanted to find out more about the ju she wheel. After all, it was extremely shocking and incredible for him to be able to ensure that he could repair a Supreme-grade profound level artifact.

However, after knowing the secret of the monster palaces, they didn't dare to act as boldly as they did before. Instead, they summoned the devil Sky armor to cover their bodies. Since this Hall of demons was a profound level weapon, it was natural that it would be suppressed by the equivalent value of a profound level weapon. The devil-sky silk was at the peak of the ninth rank. Even though it had lost its demonic Qi, its level was still there. It was enough to suppress the monster horde Palace and hide his aura from others.

He wandered aimlessly in the hall for a while and finally made a discovery. The layout of the group of demons Palace was very delicate. All kinds of exotic flowers and rare herbs were planted on the fourth floor, and there was a fountain of rocks and a stone-paved road under their feet.

A few powerful auras were looming near a small courtyard, which attracted Yunxiao's attention.

"Could this be where Yi is in seclusion? but I can't feel any demonic Qi!"

Yunxiao gradually disappeared into the void and slowly sneaked over. Suddenly, a person came in from outside. It was Tang Jie.

Tang Jie's face was very calm as he walked straight to the small courtyard. A ray of light condensed in front of the small courtyard, and a thin figure slowly walked out. He said, "Young master!"

"Yes, elder Hao, you've worked hard. I have something to look for you!"

Elder Tong hesitated and said, "This bi an ..."

“What’s this?”

“Elder Tong was sent by Lord father to assist me. Could it be that he has become the subordinate of those demons?” Tang Jie’s expression changed and he said coldly.

“Young master is overthinking. Go in.”

Elder qu immediately opened up a path for him, and his entire body dissipated into light and shadow.

“Hmph, remember your duty!” Tang Jie said coldly. Also, no matter what happens in there, you are not allowed to enter!”

The void was silent, and there was no response.

Tang Jie snorted coldly and went inside.

Yunxiao grew suspicious, feeling that something was wrong. Elder Hao’s cultivation base was definitely at the rank of a martial Supreme. He would most likely be discovered if he were to sneak in recklessly. In addition, there were several other weaker divine senses, which he was confident of.

After pondering for a while, he sent a voice transmission to the divine realm tablet to formulate countermeasures.

Young Emperor hao lian’s figure appeared from the divine realm tablet. He turned into a beam of light and passed through the small courtyard, as if he was going to force his way in.

“Who are you? you’re looking for death!”

Elder Hao’s voice was heard. Then, the space trembled slightly, and the skinny figure appeared. He slapped out a palm in the air.

“Haha, you’re the one who’s going to die, old man!”

hahaha! young Emperor haolian laughed as he punched out with his Vajra fist. Spatial power gathered on his fist wind and clashed with the palm force. Under Yunxiao’s warning, he knew that this man was very powerful, so he did not dare to be careless. He attacked with all his strength without hiding anything.

“BOOM!”

The two overbearing forces collided, shaking the entire group of demons Palace.

...

Elder Qu’s expression changed slightly. It was clear that the person’s strength had exceeded his expectations. With a cold snort, he turned into a strong wind and attacked.

Young Emperor haolian’s heart skipped a beat. This old man’s strength was beyond his expectations. In fact, he was even more powerful than mo Xiaochuan. Fortunately, his plan was only to lure the enemy. After the palm strike, he had no intention of fighting again. He instantly retreated and fled into the distance.

The two’s palms drew out the other martial artists who were hiding in the void. There were a total of four of them, and all of them were martial Supremes!

Yunxiao’s heart trembled. There were actually five martial emperors hiding in this small courtyard. Even the four extremes sect could not easily bring out such a powerful combat force.

“Hmph, you want to escape? Since he had revealed his true appearance, he had to die! The four of you stay here to prevent anyone else from coming!”

After elder Hao said this, he turned into a ray of light and chased after them.

The other four looked at each other in confusion, then disappeared into the void again.

Yunxiao sneaked into the courtyard with the help of the shock wave caused by the exchange of palm strikes. These four people were only one-star martial sovereigns. Even without the airflow oscillation, it would not be easy to discover him unless someone had cultivated a special cultivation technique.

Yu and Li, who were guarding the entrance of the seal, were both alarmed by the shock.

it's not li Yunxiao, " li shook his head and said, " but he's not simple either. I didn't expect I would only find him now.

"En, ignore the rest and let the people of the four extremes sect handle them. We'll just wait for him, and this time, we must kill him!"

...

A look of determination appeared on Yu's face, and he didn't care about the aura in the distance.

Li also quieted down and waited quietly.

Yunxiao stepped into the courtyard. It was no different from an ordinary residence. There seemed to be a faint fluctuation of primordial energy coming from a small room inside, so he hurriedly and carefully went over.

The room was also empty, with a strange red array set up in the center, and a familiar figure was cultivating inside. Yunxiao almost vomited when he saw the man. It was Yuwen Xun, who he had not seen for a long time, and he looked much more energetic.

At this moment, Yuwen Xun was looking at Tang Jie affectionately and said in a tender voice, " "What do you mean, young master Tang? I don't understand."

Yunxiao was almost shaken out of the void by the sound, which sent a chill down his spine and made his hair stand on end.

On the contrary, Tang Jie was much calmer. Perhaps it was because he had come into contact with her more often, he said lightly, "Do I still need to say this? These demons are just here to extract the special power from your body. To put it bluntly, you're just their livestock, waiting to be slaughtered at any time. Or maybe it's just a spiritual herb that can be pulled out at any time to be used as medicine."

Yuwen Xun's face was like a peach blossom, but he sighed with hidden bitterness. He slowly stood up and walked over to Tang Jie's side. He gently leaned his body against Tang Jie's and placed a hand on his shoulder, saying faintly, "So what if I know? who told you that since ancient times, beautiful women have such a short life?"

Yunxiao covered his mouth with one hand and trembled all over, feeling that he was reaching his limit. But what made him even more frightened was that Tang Jie didn't Dodge or avoid it, but instead rubbed it with one hand.

#### Chapter 644-a Beauty's life

At this moment, Yunxiao felt as if his moral integrity had been completely destroyed, and his mind was in a daze. Then, Yuwen Xun, either of his own accord or being led by Tang Jie, sat directly on Tang Jie's lap.

Yunxiao covered his mouth and closed his eyes, afraid that he would not be able to hold on any longer. But, the voices of the two men kept coming into his ears, giving him goosebumps.

"I have a way to make a Beauty's life not short, but I don't know if you are willing to try."

"Oh, young master Tang, you're so good to me."

"Sigh, seeing you so unhappy every day, I feel pain in my heart too."

"Really? Why didn't I see it before?"

“I won’t say anymore. If you trust me, you can start now.”

“No, I still want you to hug me and kiss me a little longer.”

“There’s still a long way to go. If our love lasts for a long time, it won’t be in the morning and evening.”

“Alright, I’ll do as you say.”

Then, it seemed to have quietened down.

Yunxiao wanted to open his eyes, but he did not dare to, for fear that he would see something that would make him lose his cool and expose himself.

Sure enough, the sound of rapid breathing soon came, and the sound of their soft breathing made Yunxiao’s scalp go numb.

“Ah!”

Suddenly, Yuwen Xun’s scream rang out. Yunxiao’s body trembled as he opened his eyes and looked over. He saw the two of them, half-naked and mouth to mouth, with a red light constantly being sucked into Tang Jie’s mouth.

“Why did you do that?”

Yuwen Xun’s expression was one of extreme pain. His face grew paler and paler, and his eyes were filled with disbelief.

“Why? Yuwen Xun, don’t tell me you still can’t recognize this technique of mine? The Yang yang art of creation!”

As Tang Jie absorbed Yuwen Xun’s energy, he said resentfully, “I’ve finally obtained this power!”

Yuwen Xun's body trembled weakly as he said, " you ... You're not Tang Jie ... You ... Who the hell are you ...? the suction force seemed to bring him great pain. are you my brother's disciple? " he asked.

"Not bad!"

"I'm indeed from the death god Palace, but I wasn't sent by your perverted and damned brother!" Tang Jie said coldly. His eyes were filled with anger as he roared in a low voice, " I've already cut your brother into pieces and fed him to the dogs! It's your turn now!"

Yuwen Xun's eyes were filled with deep fear. He kept trying to struggle, but this " Tang Jie " in front of him was even stronger than him. He had already been struck by his technique and couldn't move. He could only slowly feel his life slipping away and quietly wait for death.

"Tang Jie's" eyes were filled with the pleasure of abuse. He couldn't help but laugh and said, "Haha, what powerful strength! You brothers are indeed perverts, no wonder this group of monster race people trapped you as their blood head. After I absorbed your power, you're completely free. No need to thank me, please call me Lei Feng!"

Yuwen Xun was already at a loss for words. He could only quietly listen to "Tang Jie's" self-narration.

"After I've absorbed the strange force from you and your brother, I'll be able to merge the two of you into one and break through to the nine Heavens martial sovereign realm! Haha, a realm that I've never dared to imagine is actually within my reach. This is what I deserve, the compensation you perverts should give me!"

"Tang Jie's" face was getting crazier and crazier, and the more he spoke, the more excited he became."I was originally just a young noble who only wanted to inherit a Noble's legacy, but I was forced into a dead end by my enemy! When I got the token of death, I thought I saw hope. When I came to you with the hope of revenge, I didn't expect it to be hell. It completely destroyed my three views, destroyed my integrity, and destroyed my life!"

"You, you're Yingluo."

Yuwen Xun's hoarse voice trembled, as if he knew who this person was.

Tang Jie " continued, " what you perverts think is cool is nothing but hell in the eyes of normal people like us! I've endured humiliation to live and finally succeeded in cultivating this abnormal technique of yours. Not only did I obtain all of your brother's strength, but I've also completely taken control of the death god Palace! But the humiliation I suffered in death god Palace, I will never forget it for the rest of my life, this is my nightmare for life! I hate all of you, but I hate my enemy even more. But if it wasn't for him, I wouldn't have ended up like this. I've already chopped your brother alive into meat paste and let him taste the pleasure of seeing his body being eaten up by wild dogs. Don't be afraid, you'll be next."

after obtaining your power and combining it with your brother's power, it will be complete. It will then allow me to break through to a higher realm-the martial sovereign of the nine Heavens!

"Tang Jie's" mood gradually calmed down, and the absorption was about to end. He said coldly,"Although this transformation simulation technique is almost flawless, if you perverts didn't lose your nature at the sight of men, how could I have succeeded so easily?"

His face began to change slowly, returning to his handsome appearance. He said in a cold voice, " once you're dead, the next person I'm going to kill will be the one who pushed me into this land of eternal damnation, my greatest enemy, li-Yun-Xiao!

His face, which had completely recovered its appearance, was even more beautiful than Tang Jie's, but it was more enchanting. His eyes were filled with endless coldness and murderous intent.

Yunxiao was completely dumbfounded. The man in front of him was Li Yi, who had been missing for many years!

He suddenly felt a sense of sorrow for Li Yi. Although Li Yi was a despicable villain, he was at least a Man of Steel. In Tianshui, he could be called an outstanding man, but he had ended up in such a miserable state. As he had said, it was definitely hell!

Yunxiao wiped his sweat. He really did not know how he had survived.

"Bang!"

Yuwen Xun's energy was finally drained, and his shriveled corpse fell to the ground.

Li Yi took a deep breath and his eyes lit up. He could not help but want to laugh out loud, "The heavens are really unfair. They actually gave such powerful strength to two freaks! As expected, the two have to combine into one. So powerful, I've never felt such a powerful force before!"

His resentful gaze landed on Yuwen Xun, who was on the ground, and he said coldly, "Do you think you'll be fine after you die?" Just as he was about to go forward and torture the corpse, a cold light suddenly flashed in his eyes. He snorted coldly and said, "someone actually came. You're lucky!"

"BOOM!"

The door of the small house suddenly broke into pieces and turned into dust. Several martial artists rushed in. The people in the lead were Tang Jie and Li, followed by the four Martial Emperor powerhouses.

It turned out that Li had sensed Yuwen Xun's aura suddenly disappear at the entrance of the seal. In her shock, she couldn't care about guarding the entrance anymore, leaving Yu there alone as she rushed over. They happened to see Tang Jie talking to the four martial Supremes, saying that they had seen another Tang Jie enter. They immediately felt that something was wrong and rushed in.

Li immediately saw Yuwen Xun's corpse on the ground, and his head spun.

"BOOM!"

Without another word, Li Yi immediately shattered one of the walls of the house and rushed out.

"Catch him!"

Tang Jie was even more furious when he saw Li Yi trying to escape. He had been through a lot today. First, he was short of demon crystals, then Yunxiao had stolen the essence of the ancient evergreen tree, and now Yuwen Xun was killed by an unknown junior. He was about to explode!

After the four martial sovereigns rushed out, Tang Jie also followed suit. Li once again examined Yuwen Xun. He was indeed dead. He stood there in a daze and said, " what should we do now? the mother's power is lost. How do we explain this to Lord Shang? "

She bent down again and examined it carefully. She frowned and said, " from the looks of it, it seems like he died from having his power sucked out. If that's the case, would there be mother's power left in that person's body? "

When li thought of this, he immediately ran out.

After everyone had left, Yunxiao came out of his hiding place. Looking at the body on the ground, he sighed and said, " "Since we're acquaintances, I'll cremate you to prevent you from being ruined." He tapped his finger and the corpse was instantly burned to ashes.

...

Then, he sensed the direction and headed outside.

The biggest commotion in the entire space was the pursuit between shaohuang hao lian and elder Hao. The difference in strength between the two was too great. Shaohuang hao lian was forced to only have the strength to escape. Even so, he was still in a dangerous situation.

"Hey, old man, I can't stop fighting!"

"Hmph, it's too late to beg for mercy now!"

"Beg for mercy? Who was begging for mercy? I only said that we're not fighting anymore and that everyone should get along harmoniously!"

Elder qu did not care about him and chased after him with all his might. He was also vexed in his heart. The other party was focused on escaping and he would not be able to catch up for a while.

“Stop!”

Suddenly, a voice came from the sky. Yunxiao appeared in front of elder Hao and said with a chuckle, “Old man, the person you’re protecting is already dead, and you still have the mood to play hide-and-seek here? Such a good mentality, I’m impressed!”

“Young master Yun!”

As soon as haolian saw Yunxiao, especially the bright light in his eyes, he knew that his task had been completed. He hurried back to Yunxiao’s side and shouted, “this old man is too ruthless. Every move he makes is going to kill me. Young master Yun, you have to teach me a few more moves. Otherwise, death is a small matter, but losing your face will be a big deal.

“What? Yuwen Xun is dead?”

...

“You killed him?” elder Hao was shocked and said angrily.

Yunxiao laughed. I’m just a Martial Emperor. How could I have killed Yuwen Xun? everyone is hunting down the murderer. Why don’t you go and help? ”

“Even if I want to help, I’ll have to take you down first!”

“Don’t even think about getting away with this!” Elder Yi said angrily. He pounced forward and struck out with his palm. After knowing that something had happened to Yuwen Xun, he didn’t hold back at all, and his palm energy enveloped the surroundings.

“Let’s go!”

Yunxiao was well prepared. He grabbed haolian shaohuang and teleported away.

“Form displacement transposition?”

Elder Tong was shocked and his face turned cold. He said coldly, “ Even if you are an eighth-tier Alchemist, you can forget about escaping today!

His palm force changed, and the space in the surroundings immediately froze. With his palm force as the center, it began to shrink and collapse.

“Your sister!”

Yunxiao’s cursing came from a Pavilion not far away. He had wanted to teleport as far away as possible, but he was interrupted by elder Yi’s palm!

Chapter 645

645 Mountains and rivers meet

“Let’s see where you can run to!”

Elder qu shouted coldly. His figure flickered in the air a few times and his palm turned into ten thousand rays of light as he rushed over.

Li, who was chasing Li Yi, suddenly had an idea. He looked at the pavilion where Yunxiao was and hurriedly cast a secret technique to inform the rain.

Just now, Yunxiao’s teleportation had finally exposed his whereabouts.

Standing guard at the entrance of the seal, immovable rain suddenly opened his eyes. A cold light shot out from his eyes and he instantly charged forward. The taillight sword pointed straight at the coordinates li had sent him, and he slashed at it as one with the sword.

The same target was attacked by two shocking forces. Under the pressure of the strong wind, the buildings began to explode one by one, turning into dust.

Under the shocking pressure, Yunxiao had nowhere to go. In a hurry, he had no way out, so he threw out the divine realm tablet and pulled shaohuang hao lian into it to hide.

“Boom boom boom!”

The two huge forces collided and exploded. More than half of the monster group Palace was shattered, and the strong earthquake was still spreading out.

The divine realm tablet was also affected by the two forces. Its body suddenly became larger, like an immortal monument falling from the sky, and it was about to crush into the earth.

Yunxiao’s shadow suddenly appeared on the tablet. He slapped his palm on the tablet and immediately triggered an infinite power of the wind realm, turning everything around him into decay. At the same time, he took the divine realm tablet and flew away with the wind.

Both elder Yu and elder Hao were taken aback. Yunxiao was hiding in the hurricane, and the hurricane could directly erode everything, making them not dare to approach it. It even blocked their divine senses, making it impossible for them to see Yunxiao’s figure in the wind.

“Damn it!”

Yu gritted his teeth. Yunxiao’s progress was much more impressive than he had expected, which made him even more determined to kill him!

“Even if my martial arts are destroyed and my blood runs dry, I will destroy you today!”

Yu’s killing intent was aroused. The light on his body began to intensify, and a Scarlet bloodline extended on his body. The taillight sword emitted a joyful bloodthirsty aura.

Elder Tong frowned and fell into deep thought. After the attack, he stopped in the air with his arms crossed, as if he didn’t intend to attack. He didn’t know if it was because he didn’t want to join forces or

because he just wanted to see what rain would do. He didn't have any interactions or words with these demon clan members. He only listened to Tang Jie.

"Sword, eleven!"

Yu let out a long hiss, and his sword light shone brightly, making a sharp sound as it cut through the air. A black crack appeared in the air as he chased after the man.

Yunxiao's figure gradually appeared in the strong wind, and the divine realm tablet was in his hand. He sneered and said, "Yu, you want to kill me just like how I want to kill you, but now is not the time to kill you. We'll part here!"

A large amount of yi wood Qi was released from his body. It was the essence of the ancient evergreen tree that he had snatched from Tang Jie.

"BOOM!"

Yu's sword pierced through Yunxiao's chest, and the sword beam hit the distance with a powerful tremor.

Yu's pupils contracted, shock filling his eyes!

Yunxiao did not disappear, but he turned into Thunder again!

Yunxiao's body gradually faded under the second wood Qi. He looked indifferently at the shocked Yu, then gently put his hand, which had turned into a Thunderbolt, on Yu's forehead and said, "The body turns into lightning, like the origin of the five elements, and can not be broken without the Emperor Qi of the nine Heavens. Although your attack is not below the Emperor Qi, it's a pity that there is a difference in level. Goodbye, I hope I can take your life the next time we meet!"

He softly spat out two words and said, "Lightning collapse!"

“BOOM!”

A large amount of Thunderbolt power gathered in Yunxiao’s palm and shook Yu TOU’s head, whose face was filled with horror. Yu shrieked and was suddenly knocked back, his body flickering with electric arcs and his face in pain!

After the attack, Yunxiao did not dare to stay any longer. He immediately broke through the sky with the power of Thunder.

“Pi pa Pi pa!”

The arcs of light around him flickered incessantly, and his expression suddenly changed drastically. His body of lightning had actually been suppressed by a power, causing his movements to become extremely slow. This power did not come from elder Hao.

He looked at the half of the monsters Palace that had not collapsed, and his expression became serious.

A sneer appeared on elder Hao’s face when he saw Yu being pushed back. He was about to make a move, but he was shocked at the same time as Yunxiao. He looked in the same direction, where a round object flew out, exuding a terrifying aura and had locked onto Yunxiao from a distance!

“Hmph, has it been fixed?”

Yunxiao looked at it coldly. The ball was the armillary sphere, and when he looked carefully, he found that the axis had been restored. He had no idea how they had repaired it.

Yunxiao’s heart trembled when he saw this, and he dared not be careless anymore. He hurriedly took out the divine realm tablet and activated the power of the three territories at the same time. Three terrifying forces came out and condensed into a rope in the air, directly blasting a gap in the locking of the armillary sphere.

“BOOM!”

The space trembled violently, and the armillary sphere also stopped for a moment, as if it did not dare to get too close. Yunxiao took the opportunity to turn into a bolt of lightning and fly toward the entrance of the seal.

Elder Yi frowned. At the same time, he sensed that both of their profound level weapons were extremely unusual, but he could not tell what was wrong with them. Although he disdained to join forces, he could not just watch Yunxiao escape, so he turned into a beam of light and chased after him.

After being blocked by the power of the divine realm tablet in the air, the armillary sphere spun a few times in the air before it flew out again.

Li Yi, who was currently being pursued by Tang Jie, had somehow appeared in front of the sealed entrance.

After suffering in the death god Palace for so long, other than the inhumane torture, he had also learned a lot of assassin skills. His assassination, invisibility, and escape techniques were also top-notch. Under the pursuit of so many experts, he actually managed to escape.

A Crimson aura rose from Li Yi's hand and formed an arc around his body. Suddenly, it formed an unparalleled palm force and blasted toward the entrance of the seal.

“BOOM!”

The space shook, and a passage slowly appeared in the sky. It was as if someone had opened an opening in a soft candy, and when it was opened to the maximum, it began to close again.

you demonic beasts, I'll remember the humiliation you've brought me today. I'll come back for you when I become a martial Supreme in the future!

Li Yi turned around and looked at Tang Jie, who was chasing after him with an angry roar. He sneered and even raised his middle finger sarcastically. Then, he was about to walk into the passage.

Suddenly, a bolt of lightning shot over and turned into a figure. The figure stepped into the passage before elder Hao. The armillary sphere was even faster than elder Hao and had caught up to him.

Yunxiao's face was solemn. His Thunder transformation art was still at a very shallow level. Not only did it require a large amount of second wood Qi to support it, but it also had a very limited time.

In this moment of crisis, he could not care less. He grabbed Li Yi, who had been completely dumbfounded by his appearance, and threw him at the armillary sphere, buying himself some time before finally disappearing into the passage.

Li Yi was dumbfounded by Yunxiao's sudden appearance and was completely petrified. He thought that the demons had cast some kind of illusion to make the person he hated the most appear in front of him.

It was not until Yunxiao grabbed him and threw him out that he realized that it was not an illusion, but the real Yunxiao!

...

li...Yun...Xiao... Ah!!!

He roared out these words in shock and anger. No language could describe his feelings at this moment, but he didn't have time to be angry because the armillary sphere had already smashed down on his head.

Yunxiao's apologetic voice came from the gradually disappearing passage. you tried to harm me many times in Tianshui, but you saved my life this time. Take it as the enmity between us is over. We'll meet again, so take care of yourself.

If people who didn't know the reason heard this, they would think that the relationship between the two was very good. At least, this was what Tang Jie and the demon clan thought at this moment.

Li Yi gave it his all. A red true force gathered in his palm and he slammed it out with all his might, trying to block the armillary sphere's attack. He had already used 100% of his strength in this palm strike, but under the might of the Saint weapon, he still felt like a drop in the ocean. He was filled with despair.

The feeling of imminent death spread all over his body, and his heart was filled with despair. At this moment, his hatred for Yunxiao had reached the extreme.

"Eh?"

Suddenly, Shang's suspicious voice could be heard. The armillary sphere seemed to have retracted its power, and its speed slowed down significantly.

"BOOM!"

Li Yi's palm force slammed into the armillary sphere. Although Shang had temporarily held back some of his power, it was still not something Li Yi could withstand. The huge force of the impact sent Shang flying, his blood splattering across the sky.

this person's power seems to be the complete power of the mother's body. I'm not too sure. Watch him carefully.

...

"Yes!"

yes," li responded. what about li Yunxiao?"

"I'll go with elder qu. It's not appropriate for you to show up," Tang Jie said with an ugly expression.

"It'll be too difficult to chase after him after he's escaped this sealed space."

Yu didn't have much hope and looked disappointed. However, she still made a hand seal and opened a passage for Tang Jie and the others to pass.

"Lord Shang, this armillary sash ..."

After Tang Jie and the others left, rain looked at the armillary sphere that was full of spiritual energy and asked, "Could it be that they have all been repaired?"

"Not yet,"

it's a holy weapon after all, " Shang sighed. it's not that easy to break it. However, I'm almost done with the ju she wheel. I'll repair the armillary sphere on the day of their martial arts and technique competition."

After Tang Jie and the others chased out of the sealed space, elder Tong immediately used the great space technique to seal the entire four extremes sect's base and began to sense them one by one.

"Who is it?"

A few exclamations rang out in the four extremes sect's encampment. Immediately after, several figures rose into the air and gathered in an instant. Their faces were originally cold and stern, but after seeing Tang Jie and elder Hao clearly, they were all shocked and did not dare to ask any more questions.

"Tang Jie, what the hell are you doing?"

A furious voice was heard. Tang Xin arrived with her men and surrounded Tang Jie and the others under his command.

Chapter 646-broken face

Tang Xin appeared under the protection of the crowd, and several strong men surrounded Tang Jie and the others. They were all Tang Xin's absolute confidants, and they would not show mercy even if they had to kill Tang Jie.

It was already evening, and Qian Wudi, who had been invited, was also with them. His eyes fell on Tang Jie, and his pupils suddenly shrank, revealing a shocked expression. He had originally thought that after obtaining the martial will Dao fruit and advancing to martial honor, he would be the strongest among the younger generation of the merchant Union, with the exception of Li Feiyu.

However, after the last battle with Liang Yuyi, he had lost all confidence. He was not sure if he could win against Liang Yuyi, let alone Yunxiao. Now that he looked at Tang Jie, not only had he also advanced to the rank of martial honor, but he was also exuding a powerful aura that made him fearful.

Hmph, Tang Xin, there's a spy in the sect. I'm catching the spy. Get out of my way and don't get in my way!

Tang Jie was already in a very bad mood, especially after he started cultivating demonic Arts. Yuwen Xun's death and Yunxiao's escape had put him on the verge of going berserk. Coupled with the great increase in his power, how could he still look up to Tang Xin?

The undisguised contempt made Tang Xin angry, and she laughed in anger, "Haha, a spy? I'm hosting an important guest tonight. You're deliberately ruining my plan, right? Don't think that I don't know your background. Could it be that you're keeping a few demonic beasts in that spatial seal?"

"Brother, you're courting death!" Tang Jie's face suddenly changed and said coldly.

Tang Xin snorted coldly, looked straight at him, and said coldly, "Brother, you've changed a lot after spending so much time with animals."

Just as the two of them were at loggerheads, Yunxiao suddenly came out of the void and said, "brother Tang Xin, your demonic beast brother almost killed me. Save me! He immediately hid behind Tang Xin, looking scared.

"You were the one who let this spy in!"

Tang Jie flew into a rage, and his face was unusually ugly. No wonder Tang Xin knew that he was with those big demons. It turned out that they were already on the same side. hand over Yunxiao, and I can spare your life, and you can still be my brother happily. Otherwise ...

“Otherwise what!”

Tang Xin’s face turned cold. Although she did not know when Yunxiao had arrived, Tang Jie’s tone had already made her furious.

A murderous look flashed in Tang Jie’s eyes as he said coldly, ” “Otherwise, I’ll kill my own family for the sake of justice!”

As soon as the words were spoken, the entire place was filled with killing intent. The atmosphere instantly became tense. Although they were all from the four extremes sect, they were clearly divided into two factions.

“Second young master, you should just capture that person and bring him here.”

you are all outstanding talents of the four extremes sect, ” elder Tong said indifferently. don’t fight among yourselves. We don’t want outsiders to see us as a joke.

“Hmph, when did elder Tong also join Tang Jie?”

Tang Xin’s face flashed with cold anger and she sneered, ” why didn’t you inform me so that Tang Xin could congratulate you? ”

Elder Hao could also hear the sarcasm in his words, but he did not change his expression. He only said indifferently, ” I didn’t join anyone. I only follow the sect master’s arrangements.

“Oh? From what you’re saying, it seems like Father sent you to listen to Tang Jie’s orders?”

Although Tang Xin’s words were full of ridicule, her eyes were filled with deep shock.

“My clever little brother, haven’t you always been proud of your flawless plan? Can’t you see such a simple thing?”

“What father gave me was not just elder Hao, but a lot more resources,” Tang Jie said proudly. I’m sure you already knew about it, but you’ve been playing dumb, right? My good little brother, acting dumb won’t save you. It’s better to be smarter. Kneel down and kowtow to your big brother a few times to admit your mistake. Big brother can let you live happily for the rest of your life.”

Tang Xin’s face was gloomy and she said coldly, “ are you done? If you’re done, then go back to your demonic beast nest!”

well, you’re asking for it the hard way. Elder Hao, don’t be polite with him. Just take li Yunxiao. If anyone resists, kill him without mercy, including Tang Xin!

A bloodthirsty killing intent appeared on Tang Jie’s face as he looked at Tang Xin coldly. This younger brother who had always been a thorn in his side suddenly became no match for him at all. He couldn’t help but feel the pleasure of revenge.

As soon as elder Hao and the four Martial Emperor powerhouses moved, the surrounding martial artists turned pale. If they were to break off and fight, they would be cannon fodder.

young master Tang Xin, you must save me. Don’t forget your promise this day. You said that even the people from the seven superpowers can’t hurt me in the four extremes sect!

Yunxiao said with a frightened look.

Everyone knew that he was pretending, and Tang Xin was even more speechless. It turned out that this kid had already planned it, and she really fell into his trap. But, even without the promise made during the day, there was no way Tang Jie could take Yunxiao away in this situation.

Not to mention Yunxiao’s information on Tang Jie, even his position would not allow such a thing to happen!

“Don’t worry, I, Tang Xin, always keep my word! I will not regret it even if I die ten thousand times!”

Tang Xin said with confidence.

“Since that’s the case, let’s die together. Kill!”

Under Tang Jie’s command, the four Martial Emperor powerhouses’ eyes flashed with a trace of reluctance and hesitation. However, their loyalty prevailed. The aura from their bodies immediately made everyone silent.

Elder Hao also walked out slowly and stared at the person beside Tang Xin, “I’ve heard that Hidden Dragon is the number one expert by second young master’s side and is extremely mysterious. I really want to reveal your face today.”

Hidden Dragon, who was wrapped in a black robe, said coldly, “If you want to see my face, you should be prepared to die.” He wasn’t afraid at all, and he walked forward lightly. Their eyes met in the air, and a faint spiritual pressure spread out, immediately making the people around feel great pressure.

The battle started as soon as it started. All of a sudden, a peaceful energy appeared and instantly suppressed the four martial sovereigns who were about to attack. A cold voice was heard saying, “Everyone, stop!”

A powerful force descended from the sky and immediately sent the four martial sovereigns flying back. It was Luo Ying, the Deputy sect master of the four extremes sect.

His face was extremely gloomy with a trace of anger. He said in a deep voice, “Elder Tong, not only did you not stop the internal strife between fellow disciples, but you also participated in it?”

Elder Yi’s heart skipped a beat as he retracted his aura from Hidden Dragon and said, “I’m just following the sect master’s orders. He told me to follow the eldest young master’s lead.”

Luo Ying said coldly, " I don't care whose orders you're following. In any case, I will never allow people from the same sect to kill each other. Go back to where you came from now.

Elder Yi's expression changed slightly. Luo Ying's words did not give him any face at all. However, the other party's strength and status were both above his, so he couldn't say anything. He just snorted coldly and raised his head, looking unruly.

As the person in charge, Tang Jie stood up and stared at Luo Ying, Deputy sect master, that li Yunxiao has broken into my forbidden land. As long as Tang Xin hands him over, everything will be fine.

Luo Ying frowned and said, " li Yunxiao is a guest invited by Tang Xin. How could he break into your forbidden land? even if he did, I'm afraid he didn't mean it.

"Right! Sect master Luo is right, I didn't do it on purpose."

Yunxiao chimed in with a smile.

"You coward!"

Tang Jie was furious. How could such a big commotion be unintentional? but he couldn't say anything about the matter of the group of demons Palace, so he could only say hatefully, " "Vice sect leader, I hope you can seriously consider this! I'm no longer the same as I was in the past, so don't stand on the wrong side, or it'll be troublesome in the future!"

As soon as he said this, everyone's face changed slightly, while Tang Xin was overjoyed. Luo Ying's attitude had always been neutral, but Tang Jie was courting death by pushing him to her side.

As expected, Luo Ying's expression suddenly changed, and he said coldly and angrily,"I, Luo Ying, really want to see how the eldest young master will find trouble with me! I'm going to count to three now. If you don't get the hell back, then don't ever go back!"

"One!"

...

As soon as he finished speaking, he began to count.

The expressions of elder Yi and the others changed drastically. They knew that the negotiations had completely broken down. Furthermore, Luo Ying had always been a man of his word, and if they didn't retreat, they might really be in trouble.

"Good, good, very good!" Tang Jie was furious and roared. This young master will definitely make you regret it one day!"

Tang Jie was not a fool. Under the current circumstances, they could not take advantage of the situation no matter what. He led everyone back resentfully and disappeared into the sealed space.

thank you, uncle Luo! Tang Xin hurriedly came forward and said, " thank you for saving me!

Luo Ying's face was still livid as he said,"it's fine. Tang Jie is getting more and more overboard." When this matter is over, I will return to the four extremes sect and ask your father what his attitude is!"

After that, he gave Yunxiao a puzzled look and disappeared.

"Phew! We're finally saved. Young master Tang Xin is indeed a man of his word!"

Yunxiao breathed a sigh of relief, as if he had just survived a disaster.

"Hehe, you flatter me. Young master Yun must be joking. I thought you wouldn't be coming to today's banquet, but it turns out you've arrived a long time ago, and you've even caused me so much trouble."

Tang Xin chuckled, but her eyes were extremely cold.

...

Yunxiao's actions today had further intensified the conflict between him and Tang Jie, and he now knew nothing about Tang Jie's trump card. Yet, he had to greet him with a smile and ask Yunxiao for information about Tang Jie, which made him feel very aggrieved.

Even though he felt aggrieved, he still had to continue.

"Yesterday, young master Yun wrote a poem at the fragrance Pavilion: "Who in the ancient times is worthy of being called an uncle, Bai Yunke who travels the wind for ten thousand miles. Listen to the fragrance, boil water, drink tea, and flip the palm of the raging waves!" At that time, Tang Xin was ignorant and fearless, but now she knows that the poem is true!"

Tang Xin smiled and said, "young master Yun, please!" Brother Wudi also invites you!"

The banquet was held in a small secret room, with only Yunxiao, Qian Wudi, Tang Xin, and the mysterious Hidden Dragon. This also showed the position of Hidden Dragon in Tang Xin's heart.

"There are a total of 18 restrictions in this secret room, so it's impossible for anyone to eavesdrop on us. You two can rest assured."

Tang Xin was still very confident about the safety of the secret room.

hmm, that's good. After all, what I'm about to tell you is very important. The more people know about it, the more dangerous it will be.

Yunxiao smiled, then put on a cautious look, which startled Tang Xin and Qian Wudi.

Chapter 647

647 Blue meteorite iron needle

Tang Xin's face was extremely ugly and she said, " "Could it be that Noah's ship is really in Tang Jie's hands?"

This question was of great importance, especially to him, and it was almost fatal. If Tang Jie obtained Noah's ship, then he would completely lose the opportunity to get his father's support and it would be difficult to compete with Tang Jie.

Qian Wudi was also nervous. The status of a Supreme grade profound level weapon was too important. If it was taken by someone and recognized as an owner, the entire situation of the continent would change.

Only Hidden Dragon, who was hidden in the black robe, could not see any clues. However, it was likely that he would not be calm.

you don't have to worry about this," Yunxiao said with a smile. Noah's ship has indeed been taken by someone, but it's not Tang Jie.

The two of them were shocked. Qian Wudi said in horror, "Who is it?" Tang Xin heaved a heavy sigh of relief in her heart, and cold sweat even oozed out of her palms.

'Ye Nantian's descendant!' Yunxiao said softly. You don't have to worry about that. Ye Nantian's descendants have no interest in the business of the merchant Union. As for where they are now, I'm sorry, but I don't know."

yes, I naturally believe in what young master Yun said.

"What about the big demon and the heaven and earth chess game you mentioned earlier?" Tang Xin asked.

Yunxiao briefly told them about what happened that day, including the origin of the great demon and the chess game Set by the throne, which left both of them dumbfounded.

This lecture lasted for most of the night.

Qian Wudi was extremely vexed,"it was so exciting after I left that day!" I'm so regretful!"

Yunxiao laughed. brother Wudi managed to seize the time to break through to the rank of martial honor. I'm so envious of you. Why are you upset? " If I had chosen to stay back then, I might not have been able to come out alive."

Tang Xin's face turned pale after hearing it. She gritted her teeth and said, " "You mean Tang Jie also knows how to break the heaven and earth chess game?"

"That's right. Although it was an unintentional move that day, it was indeed broken."

brother Tang Xin? " Yunxiao asked in surprise. why does your face look like pig liver after you heard it? "

Qian Wudi's heart moved. He said, " Tang Xin, I've always heard that you're a peerless talent who solved the heaven and earth chess game and got the array inheritance of the throne. Is there a problem? "

Tang Xin's face was dark and gloomy, and she couldn't suppress her inner emotions. She clenched her hands and paced back and forth in the secret room.

Yunxiao and Tang Xin waited quietly. After a while, Tang Xin finally calmed down and said, " "The rumors are true. I did break the go arrangement and obtain the inheritance!"

Oh! Qian Wudi was shocked and said with rapt attention, " "Since you've already obtained the throne's array Dao inheritance, why do you have such an unsightly expression?"

Tang Xin gritted her teeth. because the inheritance is engraved outside the sea of soul formation. Anyone who can crack it can get it!

Qian Wudi was stunned,"so that's how it is, aww!"

Tang Xin felt annoyed and said angrily, " "And judging from the time, it's very likely that he's already been to the outside of the soul formation sea. He struggled for a while in his heart and finally said, " furthermore, the four extremes sect's resources are flowing towards him like a tide. I suspect that even if those great demons have not recovered to their peak, they are not far away!

what? ” Qian Wudi said in shock, ” a few peak tier 9 great demons, Tao Wu? this joke is too big!

Yunxiao shook his head. he has certainly recovered a lot, but it’s impossible for him to return to his peak. Otherwise, he would have unified the merchant Union long ago. He had once been a peak martial Supreme. Naturally, he knew the difficulty of fully recovering. It was not enough to have resources alone. He needed time to accumulate.

Although the big demons had recovered a lot during the trip to the demons Hall, they were still far from the peak of the martial Supreme realm.

Tang Xin’s eyes were filled with ruthlessness as she said fiercely, ” “It’s too dangerous. I should’ve gotten rid of him earlier! I originally thought that everything was under my control, but I didn’t expect such a big mistake to occur. His luck is so good that it can be said to be heaven-defying!”

Yunxiao looked at Tang Xin’s angry face and said leisurely, ” “Now that the weather has changed, I’m afraid brother Tang Xin can’t even protect himself, right?”

Hmph, although his luck is heaven-defying, I’ve already set up all sorts of backup plans. He won’t be able to deal with me in a short time. Tang Xin said coldly, ”as long as he doesn’t have the help of Noah’s ship and peak Martial Emperor, I can destroy him before he becomes strong!”

brother Tang Xin, don’t underestimate the strength of those demons, ” Yunxiao said with a smile. they all have peak ninth-tier Mystic artifacts in their hands. I have an idea that can save brother Tang Xin a lot of trouble.” He did not mention the matter of the armillary sphere, otherwise the shock would not have been below Noah’s ship.

“Oh? Young master Yun, tell me!”

Tang Xin was overjoyed. Yunxiao now held a very high position in her heart.

that’s right! Yunxiao nodded and said, ” don’t you think that the birth of a few demon Almighty is enough to shake the continent? ” One had to know that ever since the demon clan was trapped in the five Cloud Mountain, the rest of them had been hiding in the illusory realm of stars and moon, and there

were no experts. Have the two of you ever thought about what kind of impact it will bring to the human race with the appearance of several former peak ninth-rank combatants?"

The two of them were shocked, and then fell into deep thought.

young master Yun, do you mean to let the entire human race block it?" Tang Xin asked.

it's not as serious as you say," Yunxiao said with a smile. we just need to send this matter to the sacred zone, and they'll make their own decision. Do you think the people of the Holy region will tolerate the cooperation of a few monster race powerhouses with the four extremes sect?"

"It's indeed a brilliant move!"

Tang Xin was overjoyed. as long as the Sacred law-enforcement officers interfere, I'll take action. Even if father supports Tang Jie, he'll die without a doubt.

not necessarily," Yunxiao said. but it's true that it can give a heavy blow. This is your four extremes sect's internal conflict, that's all I have to say. It's getting late, so I'll take my leave." After Yunxiao pointed it out, he got up and was about to leave.

He had gained a lot from this trip. Not only did he find out about the situation of those big demons, but he also got a large amount of second wood essence, enough for him to cultivate the Thunder transformation skill. He also directly guided Tang Xin to fight against Tang Jie to restrain those big demons.

Tang Xin and Qian Wudi had also learned a lot and learned so many secrets, but unlike Yunxiao, their hearts were extremely heavy.

"In that case, Tang Xin will see you off!"

Watching Yunxiao and Qian Wudi leave, Tang Xin's face grew uglier and uglier. Suddenly, she asked, "Hidden Dragon, how much do you believe in li Yunxiao's words?"

Hidden Dragon didn't answer the question but asked in a strange manner, "How much do you want me to believe, young master?"

Tang Xin smiled, a rare smile, and said, "It doesn't matter how much you believe me. Li Yunxiao is right. The sacred zone will never allow great demons to mix with the four extremes sect. You can rest assured, Mr. Hidden Dragon.

"Yes, I will report this matter as such. When you spread the news to the Holy region, there will be people who will help to verify the news. At that time, we can directly let the people of the Holy region deal with Tang Jie, which will save us a lot of trouble."

Hidden dragon's eyes, which were hidden in the black robe, suddenly shone. what do you think of li Yunxiao, young master?" he asked.

Tang Xin's body trembled, and her face was full of seriousness. "Powerful, very powerful! I really don't know when such a figure appeared in the heavenly martial arts realm. Whether it's wisdom or strength, I feel that even the four prodigies of the North Region may not be his match!"

"Yes, the battle between him and Liang Yuyi the other day really opened my eyes. Even when he used teleportation in the end, I'm sure he didn't use his full strength. I'm afraid only li Feiyu and Tang Jie have the chance to fight him in the merchant Union!"

"Oh? Mr. Hidden Dragon has such high hopes for Tang Jie?" Tang Xin's face was slightly unhappy, but she still said casually, "But fortunately, li Yunxiao's purpose is at least the same as mine. Although I don't know why he wants to deal with Tang Jie and those demons, I can see that their enmity is not small. Yunxiao just wants to use me, but I'm also using them."

"Hehe, there's no need to be angry, young master," Yin long laughed. When Tang Jie saw him just now, his body revealed an aura that even I couldn't detect. after coming into contact with those members of the monster race, he has indeed changed a lot. Your father might have some thoughts about those members of the monster race. Aren't you afraid of spoiling your father's plans?"

"Hmph, since he fully supports Tang Jie, he has already given up on my life and death. Since that's the case, he's no longer my father!"

Tang Xin's eyes flashed with sharp determination.

...

After Yunxiao left the four extremes sect, the sky was about to break, and he was walking alone on the road.

The milky-white morning fog enveloped the entire city, making it impossible to tell the distance under the light of the morning sun. It was like a misty paradise.

All of a sudden, a pale blue light flew over silently, as if it had appeared out of thin air. If it wasn't for the blue light, it wouldn't have been able to sense it.

"What?"

Yunxiao let out a soft cry of surprise as he gently caught the blue Beam with two fingers. It turned out to be an extremely tiny blue needle.

"This needle ..."

Yunxiao's pupils constricted as he looked shocked. "Blue meteoric iron?"

He touched it lightly with two fingers. Although it was very small, it was definitely blue meteorite iron. It was a raw material that was no less precious than the northern heaven cold star Iron! The material was unusually difficult to identify, and it was not much different from another low-grade material, but it was a simple thing for Yunxiao.

"Si si!"

A slight air flow came from the sky, and a few more blue beams of light shot toward where Yunxiao's eyes were focused. They were extremely fast, but they did not have much power.

Hmph, what kind of idiot sent me raw materials? I'd be letting myself down if I didn't accept them.

...

Although Yunxiao felt that it was a little strange, he was bold and skillful, so he was naturally not afraid. Instead, he reached out to grab the blue light.

Light flickered in the air again. This time, it came from all directions. It did not hold back at all. It actually felt like it was covering the entire sky and earth. The entire world was covered in blue light.

"This is an ..."

Yunxiao was taken aback for a moment, but then a look of joy appeared on his face. With a wonderful movement technique, he kept flashing across the street and grabbing at the blue meteorites.

If it was just a needle, it would be almost useless, but with such a large amount, even a fist-sized piece would be extremely precious.

Chapter 648-unexpected

"The technique of these needles ..."

Just as Yunxiao was enjoying himself, he suddenly froze, as if he had suddenly thought of something, and exclaimed in surprise, "This is bad!"

He quickly flickered a few times and took all the blue meteorite iron needles into his hand. He quickly spread out his divine sense, but the surroundings were still quiet and there was no movement.

"We're in trouble!"

Yunxiao cried out in surprise as he looked at the hundreds of blue meteorite iron needles with a solemn face and murmured to himself, "Just who is it that is willing to use such a precious Supreme treasure to

test my identity? It seems that person must have been suspicious of me for a long time. I don't know how many guesses he has in his heart!"

well, let's not care about him for now. It's hard to tell whether it's good or bad. Let's go back first!

Yunxiao put away the blue meteorite iron needles, changed his previous leisurely look, and flew toward Tianyuan trading company.

A slight ripple rippled in the air, and a voice that could not be suppressed said, "It really is him! To be able to identify the blue meteorite metal so easily, to recognize my exquisite technique, and to also use that movement technique to collect the blue meteorite metal needles ... I'm all too familiar with it!"

The morning mist gradually dispersed under the blazing sun, and a slender figure appeared in the void. It was the third elder of the ten thousand treasures store, Yuwen Bo. His face was full of pride as he said softly, "To be able to confirm his identity, I lost a fist-sized piece of blue meteoric iron, but it was worth it! We must inform Cui Bo of this as soon as possible!"

Yuwen Bo turned into a flash of light and landed in the encampment of the ten thousand treasures building. He spread out his consciousness, trying to find the shocking secret that Cui Bo had told Gu Feiyang.

Suddenly, his expression changed as he found that his spirit sense was blocked by a force and couldn't be pushed away at all. He immediately shouted, "Who is it?"

The space in front of him trembled slightly, and a figure appeared. His yellow face was revealed in front of Yuwen Bo, and he said indifferently, "No need to be surprised, elder Yuwen. It's me.

Yuwen Bo let out a sigh of relief. So it's elder Xuan. I was still wondering why there was such a powerful force in the ten thousand treasures building's encampment that could cut off my consciousness.

It was Xuan Yutang. He glanced at Yuwen Bo and said, "I'm in charge of the security of the encampment, so I'm very strict with the monitoring of external forces. When did elder Yu come to Songyue city? Could it be that tower master has new instructions?"

Yuwen Bo shook his head and said, " Tower Lord, if you have any new instructions, you don't need me to convey them. I've been in the city for some time and have discovered a shocking matter. I must report it to Lord cui Bo immediately. This matter is very important and may affect the interests of the entire ten thousand treasures tower!

"Oh, what's so important?"

Xuan Yutang's wooden face seemed to be moved. Something that even Yuwen Bo thought was important was definitely not an ordinary matter. It must be an earth-shattering existence.

Yuwen Bo thought for a while and said, " Elder Xuan, do you still remember Gu Feiyang?"

Xuan Yutang's pupils suddenly contracted for a moment before returning to normal. "Martial Emperor Vanquisher has been dead for many years, but I can't forget her. Elder Yu's matter is related to him?"

"That's right!" Yuwen Bo replied.

His eyes flashed with a bright light, and he revealed an extremely grave expression. He said word by word, " Gu Feiyang is not dead. The man who is helping Ding Ling 'er in Tianyuan trading company is Gu Feiyang himself. I don't know if he is possessed or reincarnated. He is now under the name of li Yunxiao!

"What?"

Xuan Yutang's body trembled and his yellow face started to wrinkle as if it was about to peel off. He said in shock, " this matter is too shocking. Is there any conclusive evidence for elder Yu's words?!

Gu Feiyang and I are very close, " Yuwen Bo said seriously. I am 100% sure of this. It is because this matter is too big that I can't make my own decision. I have to report it to Lord cui Bo before I can proceed with the next step.

The look in Xuan Yutang's eyes was complicated and uncertain. He could not suppress the emotional fluctuations in his heart as he slowly said, " "Who else knows about this?"

After a moment of thought, Yuwen Bo said, "Gu Feiyang's two disciples, Mo Xiaochuan and Haolian Shaohuang, have also appeared. Since they are assisting Yunxiao, they naturally know about it. I just don't know if Ding Ling'er of Tianyuan Trading Company knows about this, and no one else knows about it."

Xuan Yutang took a deep breath and said, "That's good,"

Yuwen Bo frowned, feeling that there was something wrong with his words. He asked, "That's good? What do you mean?"

Xuan Yutang sighed and said, "Sir Deputy Tower Master Cui Bo suffered Qi deviation during his closed-door cultivation yesterday. His martial intent has collapsed, and he's completely crippled."

ah, what?!

Yuwen Bo's body trembled as he cried out in shock, "How is this possible?! His face was filled with shock and disbelief."

At their level, although the progress of their cultivation path was getting smaller and smaller, their foundation of martial arts was getting deeper and deeper. It was very difficult for them to be possessed by the devil, unless they changed to cultivate a cultivation method that was very different from their own Tao technique. Only then could such a situation possibly occur.

"Would I Lie to You?" Xuan Yutang sighed. He pointed to a small courtyard in the distance and said, "If you don't believe me, you can use your divine sense to scan the area."

Yuwen Bo's face was pale, and his palms were covered in cold sweat. He quickly spread out his divine sense into the courtyard, and immediately, he could sense everything in the courtyard.

"Hmm, there's no one in the courtyard. Ah, Elder Xuan, what are you doing!"

Just as Yuwen Bo was still in shock, an overbearing power suddenly enveloped his entire body. Nine different-colored beams of energy shot through the air.

His heart instantly turned cold. He immediately understood that he had fallen into the other party's trap, but he could not understand why the other party would do this.

He didn't have time to think. Subconsciously, a light flashed on his right hand, and a golden armor appeared three feet away from him. The armor appeared to block the nine space-breaking forces.

However, the nine rays of nine-colored light were not simple attacks. They were connected from head to tail and bound each other, forming an extremely dangerous formation. Other than being sharp, it also exuded a terrifying sense of annihilation.

"Bang Bang Bang!"

Yuwen Bo's golden battle armor was no ordinary item either. Under the nine-colored light, waves of spiritual pressure were sent out, spreading out like water ripples. However, with every attack, a part of the battle armor would cave in, and the spiritual Qi would be lost rapidly.

Yuwen Bo's expression changed as he said in shock, "This nine-colored light is a bi an. You are a bi an."

"Hmph!"

Xuan Yutang snorted coldly. His yellow face was torn apart and fell down like a broken wall. It was unrecognizable.

my nine-colored holy light is formed from nine different extreme powers that balance each other. Together, they form the formation of nine cuts and nine kills. You are the first person to witness its power. Yuwen Bo, you can die with no regrets!"

As Xuan Yutang's voice fell, Yuwen Bo's battle suit suddenly collapsed. The powerful weapon essence wailed and turned into specks of golden light before dissipating. Pieces of scrap iron scattered.

Yuwen Bo's state of mind was immediately severely injured. He forcefully gathered all his power and poured it into his palms, trying to shake off the nine-colored light. However, he realized that the moment his Emperor Qi touched the killing array, it was like a dam that had burst, instantly leaking out!

"This formation is so powerful!"

He turned pale with fright as he watched the nine divine rays break through his Emperor Qi and finally enter his body!

In an instant, his whole body turned cold. Intense pain came from his nine acupoints, and his body almost collapsed on the spot. His sovereign spirit martial will was also severely injured. A killing intent rushed from his body to his dantian, trying to completely destroy his martial arts Foundation.

Xuan Yutang's attack had succeeded. He charged forward and broke through Yuwen Bo's physical strength with a single palm strike. His fist entered his chest and immediately blasted a big hole in it. Blood and flesh flew out.

"Yuwen Bo, I've heard that you've already reached the great circle of the cold essence ice Soul Art. Today, I'll take your ice essence and ice soul and help me reach the peak of the nine Heavens!"

Xuan Yutang's cold voice rang out. His right hand was actually breaking Yuwen Bo's bones and sucking his marrow!

...

A pained expression appeared on Yuwen Bo's face. His pupils were completely dilated, and he could barely make a sound. A hoarse voice came from his throat. you ... You ... You ... You ... Who exactly are you ... Who are you? "

Half of Xuan Yutang's face had already crumbled, revealing half of his Jade-white skin. He said coldly, "The nine-colored divine light technique and this half of my face, you still can't remember? It seems that you've really forgotten about me after all these years!"

“Ah, it’s you! It’s you! Where’s elder Xuan?”

A large amount of blood was flowing out of Yuwen Bo’s seven orifices. His face was already unrecognizable, but he still held on to his last breath, full of unwillingness!

Xuan Yutang sneered coldly. there has never been any elder Xuan. Xuan Yutang has always been me!

“So, so, so, so, so, so, so, so, so, so,”

Yuwen Bo got the answer. His eyes suddenly flashed with a bright light. Like the last radiance of the setting sun, a surge of power gushed out from his dantian. Like the center of the scorching sun, the Emperor Qi of the nine Heavens gushed out madly.

Xuan Yutang’s face darkened and he snorted, “it’s too late to self-destruct!” My nine-colored holy light has already sealed your dantian. If you had self-destructed earlier, it would have been enough to break my formation of nine cuts and nine kills and lure cui Bo here. It’s a pity that you realized this too late!”

Yuwen Bo kept silent, or perhaps he could no longer speak. The golden light in his dantian was immediately trapped by the nine-colored light and could not be detonated. Suddenly, a white light emerged from his body and broke out from behind him. It actually broke through the Emperor Qi blockade of Xuan Yutang and escaped into the distance.

“That’s a Kasaya, what Kasaya!”

Xuan Yutang’s pupils contracted as he looked at the white light that broke through the sky. He said in shock and anger, “Ice Spirit! It’s Ice Spirit!”

...

As the white light broke out of his body, Yuwen Bo’s eyes suddenly dimmed. There was no longer any light in them. His body went limp, and the golden light in his dantian also began to gradually disperse.

Chapter 649

## 649 Marriage alliance

Xuan Yutang's expression was extremely vexed and he said hatefully, "Yuwen Bo, you're really something. The ice soul was actually hidden in your back. No wonder I couldn't find it! He actually used self-explosion as bait to let the ice Spirit escape, leaving himself a chance of survival. He is indeed worthy of being the third elder of ten-thousand treasures building. He is indeed a good man!"

In a fit of rage, he pulled his right hand out of Yuwen Bo's chest. In his blood-red Hand was a ball of white and clean substance, as clear as colored glass.

"Hmph!"

Xuan Yutang snorted coldly and waved his left hand. The nine-colored godly light enveloped Yuwen Bo's dantian power and slowly fell into his hand. I've obtained the chalcedony. Although I've escaped from the ice Spirit, I've obtained the complete Emperor Qi martial intent. It's a form of compensation.

With a casual point of his finger, he kept Yuwen Bo's storage ring as well. He glared at the body that had no more value, and a ghostly fire appeared in his eyes.

The corpse burst into flames with a "bang" and turned into ashes in an instant, as if it had never existed. He had also wiped away all traces of blood and fighting in the courtyard.

"I can't believe that Li Yunxiao is Gu Feiyang! This news is too shocking. Otherwise, I wouldn't have to risk exposing my identity to kill Yuwen Bo. I didn't expect the person beside her to be Gu Feiyang. This is very interesting. It's really a surprise for me. But now that the icesoul has escaped, it'll be a problem sooner or later."

Xuan Yutang thought about it quietly, his eyes uncertain. He muttered to himself, "Without the glacial quintessence, the ice essence won't be able to last long. Since he already knows my identity, he'll definitely find someone he can trust to help me. Myriad treasures store and Tianyuan trading company are both under my surveillance, so I don't think he'll dare to come. Yuwen Bo, Oh Yuwen Bo, where will you run to?"

After thinking for a while, Xuan Yutang's face returned to its withered, wax-yellow color and he disappeared from the courtyard.

.....

After returning to the base of Tianyuan trading company, Yunxiao summoned his two disciples and two women. The four of them were the most core people around him.

Shaohuang haolian impatiently asked, "How is it, master?"

everything went well," Yunxiao chuckled. I've got everything I want to know. The big demons had indeed recovered a lot, but it was not to the point where they could not be controlled. It's that armillary sphere that's making me uneasy. From what they said, it can be repaired with an item called the ju she wheel. I've studied the Dao of art for so many years, but I've never heard of it. "

"Ju she wheel?"

The four of them were all confused and shook their heads.

"Forget it. In any case, the Holy region will intervene in this matter very soon. Tang Jie and Shang will not have an easy time. It's just that Yingluo "

Yunxiao's face turned serious as he said, "My identity might have already been seen through!"

"What?" the four of them were shocked and asked in horror. Who is it?"

I don't know for now," Yunxiao shook his head. I don't know. He told her about the blue silk iron needle attack he had encountered on the way.

it's very likely that someone is familiar with you to be able to come up with such a wonderful method to find out your identity without you realizing it. Do you have any guesses, young master Yun? " mo Xiaochuan asked solemnly.

'I have some thoughts, but I can't be sure,' Yunxiao said. Even that person wouldn't be able to determine my identity so rashly. This matter would be seen for the time being. Moreover, sooner or later, the whole world would know about it, so the earlier it came, the earlier it was dealt with. These few days, I will be going into seclusion to practice the lightning transformation divine skill. After the chaos we caused these few days, I'm afraid that song Yue Yang city will be quiet for a period of time, quietly waiting for the grand event of the two meetings."

Everyone saw that he had his own decision and didn't say anything more, leaving one after another.

When everyone had left and only Ding Ling 'er was left, she wanted to say something but hesitated. After thinking for a while, she said softly, " "Young master Yun, I haven't been able to contact my father. I'm a little worried, so I'm planning to send ding Peng back to the headquarters to check on the situation."

ding Shan is by no means an ordinary person," Yunxiao said with a frown. you don't have time to worry about this now. It's better to let ding Peng go.

Ding Ling 'er gently nodded, but the worry on her face was still there.

Yunxiao seemed to have seen through her mind. "Other than the question of whether your father is in trouble, you actually have a bigger problem in your heart, don't you?"

Ding Ling 'er's body trembled and she said bitterly, " "Young master Yun has seen through me. I thought about it carefully last time and felt that father should have some plans, but I don't know what he was thinking and why he kept it from me. Could it be that letting me take over the Chamber of Commerce is also a test for me?"

Yunxiao stood up and walked up to her, staring into her watery, melancholic eyes. "Ling 'er, you are not an Ambitious Girl. If ding Shan has his own plans, isn't that good? Perhaps one day, you won't have to bear the pressure of the Chamber of Commerce and can live a life you like."

"The life you like, Yingluo."

Ding Ling 'er's heart trembled slightly, and an indescribable bitterness flowed in her heart. Over the years, he had never stopped. She had hoped to raise her brother as soon as possible, but who knew that Ding Peng would be so useless? It made her feel so tired and desperate.

"Fortunately, he's always by my side, Yingluo."

Ding Ling 'er's heart warmed as she thought to herself, and her eyes became hot as she looked at Yunxiao.

"Cough, cough cough! I should go into closed-door cultivation and try to get out of it before the next two meetings."

Yunxiao had also sensed the strange atmosphere. He coughed a few times, making the wonderful atmosphere awkward.

Young Master Yun," Ding Ling 'er said shyly, "you can focus on your closed-door cultivation. He then turned around and left.

Yunxiao took out the divine realm tablet and entered it in a flash.

At this moment, due to the continuous supply of a large number of primordial stones, the divine realm tablet had begun to recover in a benign manner. The power of water was the only thing missing from the four great territories. The existence of this kind of elemental origin was very rare, so he was not in a hurry. He was only worried that once Shang's armillary sphere was restored, with his complete control of the armillary sphere, it would be difficult for him to control the incomplete divine realm tablet.

Yunxiao crushed a storage bag, and a large amount of astonishing second wood Qi spread out, all collected by the few great demons in the demon land at the risk of their lives.

"It's all here. It seems that they are really confident in repairing the armillary sphere. Otherwise, they would never have given these second wood essences to Tang Jie so hastily."

Yunxiao's brows furrowed even more, and it took him a while to ease them. but it's a good thing for me. The lightning transformation divine skill is indeed quite impressive. I'll try to cultivate it to the great completion before I master both martial arts and technique!

He threw away all distracting thoughts and began to devote himself to the Yi wood Qi, cultivating the Thunderform.

Just as Yunxiao had said, the entire songyue city had become a little more peaceful after the defeat of the Empyrean one Pavilion. All the Restless emotions seemed to have disappeared after the storm. The only thing that had not changed was the number of stalls on the street, which had not changed at all, and even showed signs of increasing.

In the remaining few days, a big event suddenly broke out.

The goddess of the Mando merchant Association, one of the two golden flowers of the merchant Union, Shui luoyan, had suddenly announced her engagement to the blade sect's sect master's son, Chen Feng.

This immediately caused a great uproar, and the entire merchant Union was shocked!

The direct effect of this marriage was that Chen Feng would be able to participate in the martial arts and technique duels as Shui luoyan's fiancé. He might even be able to bring the experts of the blade sect.

After the Tianyuan trading company's crisis of being at the bottom was broken, the Mando trading company began to enter everyone's attention. No one had expected such a shocking event to happen.

Everyone wanted to occupy the position of the seven major business alliances, and the competition was extremely fierce. At this point, everyone knew that the Mando Chamber of Commerce was going all out. None of the seven superpowers were good people, and a marriage with them was like asking a Tiger for its skin. However, the Mando Chamber of Commerce no longer had a better choice. If they were eliminated, the consequences would be even worse.

Now, the thunderwind Chamber of Commerce was the weakest among the seven merchant alliances. However, they had been keeping a low profile, as if they didn't care about what happened in songyue yang city, which made it hard for people to guess.

we've just received accurate information. It's confirmed that Chen Feng will be competing in two duels. The condition for him to marry Shui luoyan is for him to obtain the first rank.

In the ten thousand treasures building, cui Bo gathered all the higher-ups for a meeting after he got the first-hand information. He showed the information to everyone and said, "What do you all think of this matter?"

"The Mando Chamber of Commerce's move has completely broken the rules of the merchant Union's game, and it's a bad start. Not only will the other Chambers of Commerce compete to follow suit in the future, but a large number of external forces will also infiltrate the merchant Union. If the blade sect takes over the Mando Chamber of Commerce, it will definitely be a disaster for the merchant Union!"

"Xu Wansen is also an old fox. How could he do such a stupid thing? If they were to form an alliance through marriage, the Mando Chamber of Commerce would only end up being controlled. Xu Wansen would definitely understand this. Could it be that they have some secret agreement in private?"

...

"Hmph, agreement my ass! All agreements were based on strength. Without equal strength, the agreement was just a piece of empty paper. As long as Chen Feng marries Shui luoyan, everything will be out of Xu Wansen's control. Unless Xu Wansen has a way to control the blade sect, but the possibility is extremely small!"

Listening to the crowd's discussion, cui Bo nodded. He looked at the person beside him and said, "Elder di, elder Ren, Feiyu, what do you think?"

"The Mando Chamber of Commerce is courting death, so they can't blame anyone," di Shenghua said coldly. Even if the blade sect interferes, so what? as long as we, the myriad treasures store, are the boss of the merchant Union, they will still have to listen to us! Hehe, perhaps this is an opportunity for me to take control of the blade sect?"

The crowd felt dizzy after hearing that. The entire merchant Union could only compete with him if they worked together, and he was trying to control his wealth?

Cui Bo was speechless. Elder di was powerful, but his way of thinking was a little weird. It was better to ask him less about important things in the future. Feiyu, what do you think? ”

“The Mando Chamber of Commerce’s move is actually a risky one,” li Feiyu muttered to himself.

“Oh? What do you mean?”

Cui Bo’s eyes lit up. Li Feiyu was one of the best in the younger generation, be it in terms of strength or intelligence.

“Don’t forget that the condition they agreed to give to the blade sect was to obtain the first rank. In order to rank first, at least one of the two duels had to be the champion, and the other had to achieve extraordinary results. Even for the blade sect, this is an extremely difficult task.”

Chapter 650

650 Tempering the sword with lightning

“Not bad!”

“With Feiyu, one of the four prodigies of the North, here, they have no hope in the martial arts competition, at least,” cui Bo praised. Even if they can’t win the championship, they’ll at least be able to obtain a good result. The blade sect will probably be played by Xu Wansen this time, helping the Mando Chamber of Commerce obtain the qualifications to become a permanent member, but not getting any benefits.”

Ren guangpin was surprised,”so the candidate for the skill book is Cui Yuan. Has he also come to songyue city?” No wonder the Vice tower master had kept it a secret. With Cui Yuan’s help, I believe the first one will be fine.”

Cui Bo laughed. don’t think too highly of that kid. I’m here to show him the young talents of the merchant Union. I want him to know that there’s always someone better.

“Hahaha!”

Ren Guangjun laughed. you don't mean what you say, deputy head. I'm afraid your real intention is to teach those ignorant boys in the merchant Union a lesson and let them know that there is always someone better!

Cui Bo smiled without saying a word. He was obviously very optimistic about his son's strength.

Li Feiyu forced a smile and said, " vice Tower Lord is too optimistic. I really don't have any confidence in this martial arts competition. I just hope that Cui Yuan can secure first place. That way, the pressure on me will be much less.

Cui Bo frowned and said unhappily, " "Why would Feiyu say that? Could it be that you are not confident in defeating Chen Feng? Don't forget that you're one of the four prodigies of the North, and he's not."

Li Feiyu shook his head,"I don't dare to speak carelessly about chenfeng's strength, but since the blade sect has agreed to this agreement, they naturally have confidence." "Maybe it's Yingluo." He stopped and pondered for a while before saying, " perhaps the person who will make the blade sect fall this time will be the person from Tianyuan trading company.

Li Yunxiao? " he asked.

"He's indeed strong, but not strong enough to defeat you," cui Bo replied. Even his teleportation was most likely a similar secret technique. It was impossible for his spiritual power to be at the eighth level. How old was he? Otherwise, it would be too shocking."

"A secret technique?"

Li Feiyu smiled wryly. He knew that back in Yufeng city, Yunxiao had managed to repair the inter-domain teleportation array that even two eighth-tier alchemy Masters could not!

"Feiyu, don't belittle yourself. You're the banner of ten-thousand treasures building and the number one among the younger generation. The only person who can stop the blade sect from entering the merchant Union is you! This is not only a consensus formed in the merchant Union, but also in the blade sect. "

Li Feiyu's heart trembled as he solemnly replied, "Elders, don't worry. Feiyu will definitely do his best and won't lose face for myriad treasures store!"

Cui Bo nodded. just do your best. Even if something unexpected happens, you have a clear conscience. Don't give yourself too much pressure.

"Yes!"

Li Feiyu replied, and then fell silent.

"Where's elder Xuan?" Ren Guangxin asked. His knowledge has always been sharp and unique, so he might have some good ideas."

elder Xuan, " cui Bo said, frowning. you've suddenly announced that you're going into seclusion. It seems like you've reached a critical point in your cultivation.

"Oh? Then congratulations!"

Ren guangshang said enviously. At their level, every breakthrough was extremely difficult and every opportunity was extremely precious. He himself had stayed in the same place for decades, and he had completely given up.

I hope elder Xuan can achieve a breakthrough, " cui Bo said. the meeting is over. Elder Ren, you stay behind.

After everyone had left, cui Bo said, " "Elder Ren, I'll leave Feiyu's cultivation to you. It's good to use some of your trump cards. You must make sure that Feiyu wins first place!"

"Deputy tower master, don't you have confidence in Feiyu?" Ren Guangzheng was stunned.

Cui Bo's eyes flashed coldly. "It's not that I'm not confident, it's that Feiyu himself isn't. Have you ever seen him so unconfident? It's all because of Li Yunxiao! An opponent I've never met has already begun to crush me spiritually. That Li Yunxiao is really not simple!"

Ren Guangpin frowned and said, "That Li Yunxiao is indeed very strong. He did not even use his full strength when he fought Liang Yuyi, so no one can see his true combat strength. He will be a formidable opponent for Feiyu. I understand, I will do a good job."

Yes," Cui Bo said firmly. Feiyu is one of the four prodigies of the North. He is the flag of the myriad treasures store. We can't let this flag fall!

.....

In the divine realm tablet, a flash of lightning filled the sky. At first glance, it was a sea of green lightning, which seemed boundless.

All of a sudden, the sea of lightning began to shrink violently and gather toward the center, forming a tornado of lightning clouds. Gradually, a figure was condensed.

"This feeling is really strong!"

Yunxiao's face was filled with shock as he muttered to himself, "Is this the lightning transformation divine technique that has been cultivated to the great completion? I can only fully manifest it in this divine realm tablet. I wonder how much power I'll have when I get out."

He frowned and muttered to himself, "There isn't enough Yi wood Qi, but I have a good idea. I wonder if it will work."

"Hmph, I've never seen your ideas work." You better think twice before you act," the demon dragon said disdainfully. I'm still hoping that you'll have a bright future. Don't kill yourself.

"Shut up. If you say anything inauspicious again, I'll refine you into a Starlight soul body."

After Yunxiao cursed, he disappeared from where he was and reappeared where Yuan gaohan was, shouting, " "Old Yuan, how's your sword training?"

Yuan gaohan's urgent voice came from below, Li Yunxiao, come and help me!

With a thought, Yunxiao appeared next to Yuan gaohan. The spinning purple-gold cauldron was trembling violently, as if it was going to explode at any moment!

not good! I put two sword embryos into the cauldron at the same time, and I can't control them anymore! Yuan gaohan was so anxious that he was sweating profusely. Gu Yuesheng, who was beside him, also had an ugly expression on his face.

"Your sister!"

Yunxiao was also taken aback. you've conjured two ninth-tier Mystic artifacts at once. Do you think you're a tenth-tier Warlock God?!

Yuan gaohan hurriedly replied, " the profound level weapons here don't have lightning tribulations. They're missing the last crucial step. So I don't think it matters much. I just want to try.

try my ass! Alchemists are all a bunch of lunatics!

Yunxiao cursed, not realizing that he had also cursed himself. He suddenly calmed down and muttered to himself, " Yi, I can try out my lightning transformation technique. I wonder if it can be used to refine weapons. I can try it out.

Demonic Dragon,"Suan ni."

As soon as he thought of that, Yunxiao immediately performed an incantation gesture with one hand, and his whole body turned into a Thunderbolt. Under the dumbfounded gaohan and Gu Yuesheng's gazes, he flew down and surrounded the heavenly spinning purple-gold cauldron, then poured all the lightning power in his body into it and began to refine it.

“This Yingluo can do this too Yingluo”

After a short moment of shock, Yuan gaohan immediately became excited and said, Li Yunxiao, I'll help you with the divine flame again!

He quickly made several hand seals to draw in the Phoenix divine flame, which he then used to burn the purple cauldron.

The sizzling sounds of fire and the crackling power of thunder and lightning interwove together, constantly refining the northern heaven cold star sword in the cauldron, slowly suppressing the violent will of the purple cauldron.

However, Yuan gaohan could clearly feel that his purple cauldron was slowly reaching its limit. Whether it was the ninth-grade artifact reserve or the divine fire within the cauldron, neither was an existence it could withstand. The purple cauldron's spirituality was rapidly being lost, but Yuan gaohan only frowned slightly and didn't care.

...

The heavenly spinning violet-gold cauldron was important, but the heaven-defying refining process was even more important! Right now, he was only worried that this cauldron wouldn't be able to last until the end of the refinement process!

“Consolidating Equipment!”

Yunxiao's cry came from the purple cauldron. Finally, the entire cauldron could not withstand the pressure anymore. Not only did it let out a sad cry, but a large number of cracks began to appear on its body.

“Not good!”

Yuan gaohan was shocked and shouted.

“Bang!”

The heavenly dance rotating purple-gold cauldron finally exploded with a deafening sound. A large amount of purple gas dispersed, and the cauldron disappeared completely in an instant.

“Did I fail?”

Gu Yuesheng stared at the mass of purple Qi in a daze. He seemed to be a little unwilling. He and Yuan gaohan had been refining these two sword embryos for a long time to achieve such an effect, but they were destroyed so easily.

“Lightning condensation!”

As the purple mist gradually spread out, Yunxiao’s cold voice came from within. As the purple mist was gradually driven away, thousands of Thunderbolts rose up, and two streams of cold air seeped out of them. It was the cold air of the northern heaven cold star sword.

...

Yuan gaohan and Gu Yuesheng held back their excitement at the same time and looked over. They saw two swords shining in the sea of Thunder, standing quietly in the middle.

“I’ll get you a better cauldron later,” Yunxiao said proudly. “I’ll go outside to condense the Thunder tribulation and temper the sword shape!”

As soon as he finished speaking, the lightning wrapped around the two swords and disappeared.

Yuan gaohan and Gu Yuesheng were both slightly disappointed. They also wanted to see the lightning tribulation tempering the sword, especially Gu Yuesheng. He had never seen such a wonderful scene before. But they also knew that Yunxiao would not let them go before he recovered to the peak of the Martial Emperor realm.

Fortunately, they had a good time here, and both of them had improved greatly.

Even Yuan gaohan had a faint feeling that he would break through to the ninth level in this divine realm tablet. The various experiences he had during this period of time were great opportunities that were hard to come by in his life. He would not leave even if he was driven out now. He was even a little nervous at the moment. What should he do if Yunxiao returned to the peak of the ninth-tier and wanted to drive him out?

Gu Yuesheng's gains were even greater. After learning from Yuan gaohan during this period of time, whether it was his knowledge, comprehension, or strength, they all continued to advance by leaps and bounds.

After sighing with emotion, the two of them went off to cultivate.

Yunxiao reappeared in the secret chamber, put away the divine realm tablet, and teleported out of the room. He turned into a bolt of lightning and disappeared from the base of Tianyuan trading company, shooting into the distant sky.

"That was Yingluo just now."

In an instant, several people rushed out and looked at each other, staring at the empty house.

tomorrow is the double meeting. Young master Yun, you're leaving at this time?" "What's so important?" young Emperor haolian asked in surprise.
