

## The Eternal 651

### Chapter 651

#### 651 The young master in white

Mo Xiaochuan's voice rang out in the courtyard. stop guessing. Young master Yun has just sent me a message. He'll definitely be back before tomorrow.

Yunshang looked at Ding Ling 'er, who was full of worry, and said with a smile, "sister Ling 'er, you're overthinking it. When has young master Yun ever disappointed us?"

I'm not worried about young master Yun," Ding Ling 'er said seriously. he left in a hurry. I don't know if he's in danger.

Yunshang was stunned, and then she became worried.

"Haha, you're really worrying for nothing," young Emperor haolian laughed. Women, once they fall in love, their intelligence will immediately drop to zero." He shook his head and left with an enigmatic expression, leaving the two girls blushing.

you're right, shaohuang. There aren't many people in the world who can put young master Yun in danger.

Luo yunshang consoled Ding Ling 'er with a blushing face, as well as herself.

"Sister is right, but there's nothing to worry about. I'm just overthinking." Ding Ling 'er nodded and said.

The atmosphere between the two was a little awkward. Everyone knew how they felt about Yunxiao, but Yunxiao had not shown any attitude for a long time. On the contrary, it made the friendship between the two of them better and better. The two of them seemed to be doing this on purpose and began to feel like sisters.

“Yesterday, I saw a hairpin that was quite suitable for elder sister in a jewelry shop. I wonder if elder sister has the time to go and take a look?” Ding Ling ‘er said.

“Alright!”

Luo Yunshang smiled gently.

The two of them left together. On the eve of such an important event, they still had the mood to go shopping.

.....

Yunxiao transformed into a Thunderbolt and traveled thousands of miles in the blink of an eye, arriving thousands of miles away from Songyue city. It was an empty space, and there was no one in sight.

He quickly made hand seals and formed a medium-sized formation with a radius of 100 meters on the ground. Then, he scattered a large number of vitality stones into the formation. Only then did his expression turn serious and a light slowly emerged from his hand.

As the light flickered, it gave birth to an endless amount of cold air. The cold light shone on the water, and the entire sky began to surge with wind and clouds, and dark clouds began to gather.

The appearance of a ninth tier profound armament immediately caused a strange phenomenon in the heavens and earth. The thunderclouds in the sky churned and the pressure was shocking!

“This is an ...”

The demonic Dragon was shocked. You’ve set up a Thunder gathering array below you. This will double the amount of lightning and magnify the level nine lightning tribulation. Do you want to die? ” You’ll really die if you play like this!”

Yunxiao smiled crazily and said, "Hehe, I'm going to absorb the lightning power of this ninth tier profound artifact Heavenly Tribulation to cultivate the Thunder transformation Divine Art and refine my immemorial heaven's eye at the same time! This lightning is the strongest power of the second wood!"

"Crazy, crazy!"

"You're going to harm me too!" The demonic dragon cursed angrily. I'm still counting on you to have some future prospects!"

Yunxiao ignored it and waited quietly for the Thunder tribulation to come.

The Thunder gathering array below seemed to have felt the large amount of lightning power filling the air. It began to operate slowly, emitting a bright green light.

A patch of green began to appear between the heavens and the earth. Thunderclouds began to gather in the sky above in a terrifying manner. A large sea of lightning appeared, but it did not fall.

The demonic Dragon felt the power coming from the sky in a daze. Cold sweat seeped out of his body as he muttered to himself, "It's over, it's over, Yingluo, crazy, a complete madman, Yingluo."

The entire sky was originally dark and lightless, but as the lightning gathered, it began to gradually light up, as if a huge piece of Jade was embedded in the sky. It grew bigger and bigger, and the pressure became more and more intense.

Yunxiao felt all his hair stand on end as he trembled in horror.

"You're afraid too?" I know you like to mess around," the demonic Dragon said. but this time, you've really gone too far. Hurry up and hide in the divine realm tablet. He was sharing his soul with Yunxiao, so he could sense the trembling coming from the latter.

It wasn't a human's cowardice, but a sense of insignificance in the face of the might of heaven and earth, a drop in the ocean.

There was a limit to human strength, but heaven and earth were endless.

Yunxiao's faint voice rang out with a hint of extreme excitement as he said, "I'm standing between heaven and earth. I'm very happy and honored to be able to feel the endless fortune and the mighty power of the universe!"

An endless battle intent emerged from his body as he was prepared to fight against the heavenly might!

After gathering enough energy, the sea of lightning that looked like a Jade disc in the sky finally turned into a shocking Thunderbolt and fell from the sky!

The Thunderbolt was a hundred meters thick and dark green in color. Fortunately, it was only green. If it had turned purple, Yunxiao would not have dared to resist it, no matter how heroic he was.

"Northern heavens cold star sword, go!"

Yunxiao waved his sword, and the northern heaven cold star sword in his hand was thrust into the ground. As the Thunderbolt of the ninth heaven fell, Yunxiao performed an incantation gesture with both hands, and a green light emerged around him as his body began to turn into Thunder.

"BOOM!"

As the lightning struck, the entire world was enveloped in a sea of lightning. There was nothing else. He wanted to use the lightning of tribulation to make up for the lack of yi wood Qi in the lightning transformation Divine Art and directly absorb the lightning for his own use.

When he was transforming into lightning, he felt as if his entire body had been integrated into the lightning. The energy of the world was a part of his body, and it could derive endless essence. However, as the Tribulation lightning fell, his body still felt a great shock, as if it was going to be scattered. His body of lightning could not even maintain its original state and began to reveal itself.

The power of the Thunder tribulation washed over his body, his meridians, bones, and bones, causing great damage. His physical body was almost completely destroyed in an instant. After it was condensed,

a golden light emerged. The imperishable golden body began to absorb the power of Thunder to repair his body, but the speed of its destruction was still too slow.

Blood was constantly oozing out of his pores, even his eyes were bleeding. The immemorial heaven's eye on his forehead was mottled with blood. If one looked carefully, there was a small vortex in the heaven's eye, which seemed to be constantly absorbing the power of lightning.

"Can you really hold on?"

With a solemn look in its eyes, the Dragon kept strengthening Yunxiao's body with its soul power, but it had no effect under the Thunderbolt. As soon as the Dragon's demonized form appeared, it was immediately scattered by the Thunderbolt, leaving only the imperishable golden body to hold on.

At that moment, Yunxiao's mind was gradually turning blank, and there was only one firm belief in his mind, which was to never turn back and press forward!

On the ground below, thunderclouds covered the vast array. The northern heaven cold star sword was making a very strong ringing sound inside, struggling as hard as Yunxiao's body. Cold air kept spreading out of it, and the sword momentum was rising.

.....

A few hundred miles away from the thunderclouds, dense purple patterns appeared in the sky, and black cracks flickered.

Soon, a crack appeared, forming a passage.

Five figures slowly emerged from within. They were all dressed in snow-white clothes and exuded a sense of cold arrogance and nobility, as if they were Immortals who lived in the heavens.

"Eh? There's such a strong energy fluctuation a hundred miles away. Could it be that there's a battle between experts?"

The person in the lead had a pair of clear and handsome eyes. He wore a wide blue patterned belt around his waist. His face was like a peach flower, and he looked refined and elegant. He raised his Jade-like fingers and placed them on his face as he pondered, " yes, it's the power of Thunder. I can sense it from a hundred miles away. That person is so powerful.

...

There were four maidservants behind the man, all dressed in white with chiffon and silk scarves draped over their shoulders. All of them had coral flowers in their hair. Some of them were bright and dignified, some were as beautiful as the autumn Moon, and some were charming and elegant, but all of them were unparalleled beauties.

What was even rarer was that these four people had extremely high cultivation. They were all three-stars martial Supremes.

With her age, her looks, and her cultivation, she would definitely be a proud daughter of heaven anywhere on the continent.

In front of this man, there were only four maidservants. They were named after the Four Seasons of spring, summer, autumn, and winter, and were named after Qin, Qi, Shu, and Hua.

Xia Qi raised her suet-like hand, and a spherical glassware appeared on her wrist. She looked at it and said, " "Young master, we are still three thousand miles away from songyue city."

Dong Hua smiled sweetly. The empty sky around her was like a peach blossom in full bloom, and there was a lot more vitality. we sneaked out in a hurry, so it's normal for the positioning to be off. Three thousand li was covered in an instant, much better than expected."

"En, there's no rush to go to songyue city. The martial arts competition seems to be tomorrow. It's rare for me to come out, and I also want to see the various experts of the realm of heavenly martial arts. The person who is performing the Thunder-elemental technique in the distance doesn't seem weak."

The man stared into the distance, showing great interest.

The four girls were shocked. Chun Qin hurriedly said, "young master has a body of gold. We don't know what's going on with that boorish man in front. If he hurts young master, then it's hard to escape death!"

The man furrowed his brows, his expression unhappy. "Elder Zhu, didn't you say that I'm unrivaled below the martial Supreme realm? How come I've just come out and I've already encountered someone who can hurt me?"

"This is an ..."

...

Chun Qin didn't know how to reply. They and this young master had been cultivating in the sect for many years and rarely came out. How would they know the situation outside? The young master was more excited, while the four maidservants were more vigilant.

The four of them became nervous when they saw that their young master was unhappy.

Xia Shu hurriedly said, "I'm just afraid that my luck will be so bad that I'll encounter a Martial Emperor powerhouse as soon as I leave the house. And he didn't know the young master's identity, so it would be really troublesome. Why don't we go to Songyue city first and wait for Elder Zhu and the others to arrive? Young master can apply to Elder Zhu to travel outside for a period of time."

That's right. I heard from the intelligence Department last time that the son of the Miao Xuan sect's leader was beaten to death and injured by someone outside. Now, the entire Miao Xuan sect is looking for the murderer!

Qiu Shu also echoed in agreement. The four of them were afraid that the curiosity of the man in front of them would cause a big problem.

Hmph, what kind of rubbish sect is the Miao Xuan sect? How can they compare to my Blade Sect?"

The man snorted unhappily. these trash sects created some ranking of the North region's top ten sects. Do they think that they can be on par with us? a bunch of simple-minded guys. That ranking has directly pulled down the level of our blade sword sect.

Next week's notice had been posted on the WeChat public account (taiyis).

Chapter 652

652 You won't die if you don't seek death

"Naturally, they can't be compared," chunqin laughed."It's no exaggeration to say that they're even brighter than the moon." But aren't we worried about young master? we're afraid that an uncontrollable accident will happen. At that time, not only will it not be good for young master, but the four of us will also be implicated. Can young master bear to see us four sisters being punished?"

She put on a pitiful look, and the other three women also put on a delicate and pitiful look, making people feel great pity for them.

Dong Hua's eyes were filled with sparkling tears as she said sadly, " "Could it be that the young master is about to marry Shui luoyan from the merchant Union and no longer loves us? I've heard that Shui luoyan is one of the two golden flowers of the merchant Union. Compared to her, us four sisters will only be inferior."

This man was the son of the blade sect's sect master, Chen Feng. The purpose of his visit to songyue yang city was to participate in the martial arts competition. However, he was not willing to wait for the sect's arrangements, so he had snuck out with his four beloved maidservants.

Chen Feng replied, " my dear concubine, don't worry. If Shui luoyan is as good as you, then she will only have the same status as you. If she's not as good as you, then at most, she will only have a title. This so-called marriage was just to infiltrate the merchant Union. Not every woman can easily obtain my favor."

Dong Hua's tears turned into a smile. She said happily, " young master's kindness to us sisters is something we can't repay. We're willing to serve young master with our lives.

"En, if Shui luoyan was as sensible as the two of you and obediently helped me control the merchant Union, she would definitely benefit from it in the future."

Chen Feng's expression was nonchalant, as if Shui luoyan was already his. He said, "After I marry her, the four of you will help me train her. There's also that Ding Ling'er, her fame and beauty are no less than Shui luoyan's. This time, I'll go take a look. If she's to my liking, I'll take her in as well."

"Don't worry, young master!"

Chun Qin covered her mouth and laughed, "even if it doesn't suit young master's taste at first, we'll definitely train it to your satisfaction." Didn't young master repeatedly praise the Twin daughters of the Jing sect's head and pampered them five times?"

Xia Shu smiled. it's already amazing to be favored by the young master five times. The two sisters are really lucky.

"That's true," Chen Feng said, "aside from you four beloved concubines, very few people can interest me more than five times. Eh? The lightning has disappeared."

As the few of them were talking, Chen Feng's pupils suddenly shrank as he looked into the distance.

The four beautiful maidservants all cried out bitterly. They had finally managed to draw Chen Feng's attention away, but now it was drawn away again.

"Young master, let's hurry to songyue city," Dong Hua quickly said. If a fight were to break out, young master would be exhausted and it would affect tomorrow's martial arts competition. If we fail in the end and are unable to marry Shui luoyan, I'm afraid that even Lord sect master will be furious."

"Hmph, you just don't believe in my strength! 'I don't believe that I'll encounter an existence that I can't defeat the moment I leave the blade sect.' As for the martial arts, apart from li Feiyu, who has an undeserved reputation, can anyone else withstand a single move from me? This time, not only will I let those frogs in the merchant Union know the strength of my blade sword sect, but I'll also get their two golden flowers to submit to me. I'll also control two of the seven great merchant unions and remove li Feiyu from the list of the four prodigies!"

Chen Feng spoke with confidence, disdainful of the Four's bitter persuasion. He turned into a ray of light and flew toward the place where the lightning had disappeared.

The four women were secretly anxious, and could only follow behind. They kept praying in their hearts that there was no powerful existence in front of them. Otherwise, if Chen Feng were to be injured, they would not be able to bear the responsibility.

After being baptized by the Thunderbolt, Yunxiao's entire body was almost completely limp. He lay on the ground, covered in blood. At the moment, the ground was scorched black, and the Thunder gathering array had been destroyed by the powerful Thunderbolt without leaving a trace.

Only the fully tempered Northern Heavens Cold Star sword was stuck in the ground. Its cold light shone on the water, and it was extremely dazzling.

Suddenly, a ball of yellow light spilled out of Yunxiao's body and slowly condensed in the air, turning into a demonized Yunxiao who was staring at him, looking up and down, as if he was not used to it.

"Damn it, what the hell is going on!"

The demonized Yunxiao cursed. It turned out to be the voice of the Dragon. "Am I Li Yunxiao or myself in this state? The last time this brat used the Starlight soul body technique, it seemed like his own thoughts were the main focus. How come it's me now? Could it be because of his current injuries?"

hmm, that should be it. Otherwise, I wouldn't have been able to split myself. This damn pervert, he's cultivating a cultivation technique so inexplicably. Please don't harm me in the end!

The Dragon was a little scared, very dissatisfied with his demonized appearance. He squatted down to check Yunxiao's injuries and said, "I don't think he's dead. This kid is definitely crazy!" He thought of the power of lightning from before and could not help but feel a wave of fear.

The demon Dragon kicked Yunxiao a few times, who was lying on the ground, and rolled a few times before saying, "Haha, my whole body is charred on the outside and tender on the inside. However, this brat's body is really not bad. He's actually recovering so quickly."

Yunxiao's body flickered with the light of the bright moon divine body, dotted with golden light, and his body was recovering at a visible speed.

"You kicked me three times, I'll remember that!"

Suddenly, Yunxiao sat up from the ground, performed a hand seal, and began to absorb a large number of primordial stones. "How could you run out on your own?"

The demonic Dragon was startled by his sudden awakening. He said awkwardly, "I just wanted to see if you were dead. I don't know what happened either. However, when I sensed that your power was extremely weak, I condensed the power of Starlight with a thought and left my body. Is this a good or bad thing?"

Yunxiao opened his eyes and looked at him coldly as he said, "I'm extremely weak right now, and you still managed to split your soul. Do you think that's a good thing or a bad thing?"

"Hehe!"

The Dragon smiled awkwardly, then turned into a beam of light and flew into Yunxiao's body.

After the soul Fusion, Yunxiao immediately felt his strength increase. He performed the one Qi of creation art, and a vast amount of primordial Qi was absorbed into his body, quickly repairing it.

"Eh? He's just a weak Martial Emperor. How could he have created such a powerful Thunderbolt?"

Chen Feng's voice rang out in the sky as he looked coldly at Yunxiao. Then, his eyes suddenly fell on the northern heaven cold star sword beside Yunxiao, and his face changed as he said in shock, "this Kasaya, this is a ninth tier profound armament?!"

The four women arrived at the same time. When they saw that he was only a weak Martial Emperor, they spread out their divine senses and found no one else. They heaved a heavy sigh of relief.

Xia Shu, you're a sixth-tier Alchemist. Look at that sword down there, is it a ninth-tier Mystic artifact?" Chen Feng said with a serious expression.

The four women were startled at the same time, and when they looked at the long sword, a cold chill spread out, causing all four of them to be extremely shocked.

Xia Shu hurriedly used his soul power to probe, and his expression instantly changed. He said in shock, "Young master, this Suan ni is really a ninth tier profound armament! How could this Suan ni have a ninth tier profound armament?"

The other three women were also shocked. Even the blade sect, one of the seven superpowers, had an extraordinary ninth-tier profound weapon. Their eyes were filled with desire.

Chen Feng half-closed his eyes and started to analyze the situation. "There must have been two martial Supreme experts fighting here just now. After the winner was determined, one of them died, while the other was seriously injured and had already escaped. The person below should be the follower of the fallen Martial Emperor. During the final battle of strength, although he had hidden far away, he was still affected by the residual force and was severely injured. This ninth tier profound armament is his master's."

"That must be the case. Young master is indeed intelligent!"

Chun Qin revealed a look of admiration, her eyes were filled with little stars, and the other three women also had looks of admiration.

"Silly!"

These two words were out of place, causing the four women to be stunned. Their expressions changed drastically, and they glared at the four women.

Chen Feng's face turned cold as he stared at the person who had spoken. He said coldly, "trash Martial Emperor? who are you scolding?!"

I'm scolding whoever thinks he's smart," Yunxiao said lightly. I'm scolding whoever thinks he's smart. He lazily opened his eyes and looked up into the sky. Suddenly, his expression changed and he said, "Where are the four beautiful girls?" He then shook his head and lamented, "what a pity, what a sin!" The four girls "eyes were like peach blossoms, they're all no longer virgins. All the good cabbages have been dug out by pigs, and the fresh flowers are stuck in cow shit!"

When the four girls heard him praise her beauty, their faces were like peach blossoms, and they all revealed smiles. However, the more they heard, the more they felt that something was wrong. In the end, their expressions changed drastically, and Chen Feng's anger had long since overflowed into the heavens.

where did this brat come from?" Dong Hua scolded. he's making irresponsible remarks. Damn it!

Chun Qin consoled Chen Feng, "young master, please don't get angry. People outside are just that ungrateful." They don't know young master's identity, that's why they dare to offend you like this. Otherwise, they would have knelt down and kowtowed a long time ago."

Only then did Chen Feng's anger subside a little, and he said, "Yes, I won't argue with this kind of person. I'll just take the sword and teach him a lesson."

He was a world-famous young master, so he had to have his own tolerance and demeanor.

...

Qiu Shu stared at Yunxiao with a disdainful look in her eyes and said coldly, "you're like a pile of mud. Hurry up and present the sword with both hands. Then, kneel at the side and wait for my young master's instructions!

Yunxiao frowned and snorted coldly, "I'm going to give your young master ten slaps for what you just said."

Qiu Shu's expression changed drastically. He laughed out of extreme anger, "Haha, frog at the bottom of the well, what a joke. You probably can't even see through our cultivation. Let me tell you, you Toad, our strength is great!"

the four broken shoes are one-star martial Supremes, and this fool is a seven-star martial Supreme-master. Moreover, the aura that I can faintly sense is above that of a seven-star martial Supreme-master.

Yunxiao ignored the five people's shock and continued, "En, this blue belt on this fool's waist seems to be an extremely powerful profound level weapon. Eh, why do I feel that he looks a little familiar? Using a belt as a weapon can still leave an impression on me. Let me think, Yingluo."

Chapter 653-slap

The four maidservants were so shocked that they were speechless. Chen Feng's face was also filled with shock, and he suddenly felt a sense of anger. It was as if it was an insult to have his strength seen through by this trash, let alone his background. Extremely displeased, he roared, "Don't talk nonsense! How could a mere Martial Emperor like you have the qualifications to know a bit like me?"

"Ah, I remember!"

Yunxiao slapped his thigh and interrupted, "It's Chen Duantian's thorned purple snake sword. What did he pass it to you? Are you his son? Uh, it does look a little similar."

Chen Feng was completely stunned. The other party had immediately identified him, causing him to be dumbfounded.

The four beautiful maidservants were completely dumbfounded. The five of them looked at Yunxiao again. He was covered in dirt and blood, and his face was as dirty as it could be. Usually, it would be a great honor for them to even take a look at such a man, but at this moment, there was something strange about him.

"Young master, don't be fooled by his nonsense!" Chunqin suddenly said. In the entire North Region, to be able to have young master's elegant demeanor and the company of us, the four beauties of spring, summer, autumn, and winter, everyone can easily guess young master's identity. Since I've guessed young master's identity, it's not surprising to think of the sect master's purple snake's thorn godsword."

"I see!"

Chen Feng came to a realization as he looked at Yunxiao with disdain and said, "You're indeed a despicable villain. Do you think you can escape with your life by playing tricks like this? You're so naive!"

I only wanted to teach you a little lesson," Chun Qin said coldly. now that you're really courting death, you can't blame us.

"Qianqian, you're so ignorant!"

Yunxiao snorted disdainfully and said, "If Chen duantian had come in person, I might have been a little afraid, but his son's words are so harsh. These two girls have been disrespectful to me. I'll let it go if I give you twenty slaps for your father's sake."

"You're looking for death!"

Chun Qin felt that she had never seen such an ungrateful person before. Since she already knew their identities, not only did they not respect her and obediently follow her orders, they even dared to speak so rudely. In her eyes, this was already a huge offense.

The sound of a sword being unsheathed rang out, and a cold light flashed. A white light flew down, as if it was washing the sky and falling from the nine Heavens.

A look of admiration appeared on Chen Feng's face as he commented, "Spring water from a river flows East, and spring zither perfectly demonstrated the essence of spring water swordsmanship. The results of her training in this period of time are very remarkable. The ninth-tier profound weapon below just so happens to be a cold-attribute item. After you capture this brat, that profound weapon young master will bestow it to you."

"Many thanks, young master!"

Chun Qin was overjoyed when she heard this. She couldn't help but reveal a happy expression. Even for them, a ninth tier profound armament was something that was out of their reach. As the force in their hands stabilized, they even added a few portions of Yuan power into it, and their hearts were like fire as they wanted to obtain that sword.

The other three women were all envious and secretly regretful. Why didn't they make the first move and let Chunqin get such a big advantage?

Yunxiao took a light breath. His injuries had mostly recovered, and his cultivation base had broken through several stars in a row under the Thunder tribulation, rushing to the level of a five-stars Martial Emperor. Then, he pointed at the sword with one hand. Immediately, a sword light appeared. The northern heaven cold star sword turned into a rainbow-like sword Qi and soared into the sky.

Two cold lights, similar to sword gleams, collided violently in the air. The northern heaven cold star sword appeared to be even fiercer. Its sword Qi cut through the power of spring water and directly split Chun Qin's spring water flowing to the East into two halves, while Yunxiao's sword Qi went straight into it and illuminated the nine Heavens!

Chunqin's joy dissipated in an instant, and her face turned pale with fear. Fortunately, her strength was extraordinary, so she managed to recover from the shock and horror at the critical moment. Her delicate body flickered and dodged the sword beam that soared into the sky, but the coldness of the sword Qi made her tremble. For some reason, when she looked down again, she found Yunxiao's eyes as clear as the stars in the night sky, so pure that she could not muster up any will to resist.

The other four people were also shocked. They looked at the sword light that was gradually dissipating in the sky with disbelief.

"Is this the power that a weak Martial Emperor could exert?"

"Pa! Pa! Pa!"

Just as the crowd was so shocked that they could not react in time, a few crisp slaps rang out in the air, even more shocking than Thunder. The four women were instantly dumbfounded. Chen Feng was caught off guard by Yunxiao's attack, and he was slapped three times before he was forced to retreat.

The entire sky was eerily silent, and Chen Feng and the four women were completely dumbfounded. They felt as if everything in front of them was an illusion.

He was the son of the blade sect's sect master, a young master who was famous throughout the world. There was no one who did not respect him. Ordinary martial artists would even be proud to be able to meet him once. Just being able to speak a few words with him was enough to boast about for the rest of their lives.

And now, Yingluo

Chen Feng covered his slightly hot face, unable to react in time. Looking at Yunxiao's cold and mocking eyes, he finally accepted the fact.

He, the son of the blade sect's sect master, a famous person in the world, had actually been slapped by this filthy and unbearably filthy young man. If the person in front of him was a martial Dao senior or a martial sovereign, it would be fine. However, he was actually an existence of the same age as him.

"Argh! Die, die, die!"

Extreme anger roared in the sky. Chen Feng felt that he had never been so angry in his life. The anger he had accumulated in his life was not as much as this, and it was almost burning him to death.

The other four women were at a loss for what to do. They stood in the sky in a daze, trembling and keeping quiet out of fear. They did not know how to deal with the situation at the moment, as if tearing Yunxiao's body into a thousand pieces would not offset his sin.

"Die!"

Chen Feng took a deep breath and spat out the word "die" once again. His aura instantly rose to the extreme, and he pointed his finger in anger. A Jade gloved finger on his right index finger flickered and instantly unsealed. A terrifying force spread out, as if sucking in all the spiritual Qi in the surrounding thousand miles. A green spiritual pressure shot out, constantly expanding in the air, and pressing down.

The entire sky had become the world of this terrifying finger, and all living beings seemed so small and insignificant in it.

Yunxiao watched everything quietly, not even showing the slightest surprise in his eyes. With both hands in a sword incantation gesture, he guided the northern heaven cold star sword to draw a few sword flowers in front of him. Nine lotus flowers emerged, forming a huge lotus flower that stood in the sky. The sword was upside down in front of him, and a three-dimensional diamond-shaped light emerged, dissipating the force of the finger around him.

“Sword Song-nine Lotus dream flower!”

Yunxiao kicked lightly with his right foot, and a stream of energy hit the tip of the sword, making a crisp ringing sound. Then, he pushed his right hand, which was holding the hilt, forward, and his whole figure and the sword momentum merged into one, cutting through the sky that was filled with surging might.

The sword broke the surface with a single point, like a green silk suddenly being cut open.

Chen Feng’s pupils constricted. Although he had little experience in dealing with enemies, he knew that Yunxiao was not as simple as he looked. Moreover, the ninth-tier Mystic artifact was in his hands, so he might really be the owner of it. Thinking of the shocking power of Thunder just now, his heart gradually grew heavy.

However, he, who had always thought highly of himself, would not be shocked by these conjectures. He changed the seal in his hand and closed his left hand together to form a seal. Three different colored handprints appeared in his hands. The head and tail of the handprints were connected and formed into one. It was like the head of a fierce beast, roaring and rushing out.

Yunxiao’s Sword Song cut through the finger light and was pressed down by the beast’s head, which opened its huge mouth and tried to swallow it. In particular, the shocking pressure from the beast’s head almost crushed his entire skeleton. The circulation of his vital Qi was also shackled.

“It’s actually the candle Dragon Seal!”

what? ” Yunxiao was taken aback. it seems that you’re not just a flower vase with only a cultivation base. It was said that one had to cleanse their body and transform their bones in order to cultivate this technique. Only by injecting the torch dragon’s blood into their bodies could they begin the cultivation journey. The journey after that would not be easy. I can see that this move of yours is already a little mature. I’m afraid you’ve suffered a lot.”

His sword momentum changed from attack to defense. The sharp sword light was retracted, and green lotuses flickered around his body. Every time his long sword slashed out, it blocked the beast head's attack. Although he was at a disadvantage, he didn't seem to be defeated at all, and he looked at ease.

Although Yunxiao's words were full of praise, they sounded extremely ironic to Chen Feng. When he thought of the three slaps, he was even more furious. However, his candle Dragon Seal was already an extremely domineering and powerful cultivation technique. Although he had the upper hand, he did not seem to be able to do anything to his opponent, and he was so angry that he cried out.

"What, you're not happy because I'm complimenting you?"

this candle Dragon Seal is domineering," Yunxiao sneered. but you're still too young to take me down with this! He changed the topic and suddenly sped up his sword, stabbing out hundreds of sword rays in the air. His body turned into dozens of afterimages at once, and each sword ray struck a different part of the torch dragon's head almost at the same time.

For some reason, the beast head actually became alive and it even looked like it was in pain as it retreated.

After pushing his opponent back with a single strike, Yunxiao took the opportunity to retreat dozens of meters. He stood in the air and said with a cold smile, "The purple snake's thorn on your waist isn't just a decoration, is it?"

Chen Feng's expression was extremely unsightly. It was as if he had no choice but to accept the extremely depressing reality before his eyes. This incomparably slovenly youth had the qualifications for him to fight with all his might. This made him extremely uncomfortable. Not only did he lose his great sense of superiority in terms of status, but he also lost his great sense of superiority in terms of cultivation.

as you wish, I'll grant you the right to see my true strength!

...

Chen Feng became calm, and all of his negative emotions were swept away. At this moment, he had once again returned to being the son of the sect leader of the blade sect, the young master who was famous all over the world.

Chapter 654

654 Thorn of the purple snake

“Young master, you can’t!”

Chun Qin hurriedly shouted, “if you use up too much essence force now, then you’ll have to endure it tomorrow.”

“Shut up!”

Chen Feng’s face turned cold as he blurted out these words. This caused Chun Qin’s body to tremble, and she didn’t dare to say another word.

“I’ve been cultivating arduously in the sect since I was a child, and I rarely have the opportunity to come out and walk around. However, I often heard the elders and protectors of the sect say that my strength and talent are very strong, and that even the four prodigies of the North are just an undeserved reputation. I always thought that it was the truth.”

Chen Feng calmed down and continued, “Since I was young, my goal has been to become the leader of a sect, to join the ranks of the world’s powerhouses, to become a martial arts Grandmaster respected by tens of thousands of people. Therefore, I’ve never bothered to fight for the false title of the four prodigies of the North. Even my father had high expectations of me. He wanted me to focus on martial arts and set the world’s peak as my goal, advancing forward with indomitable will. All these years, I’ve been aiming for the seven great sect leaders and the ten great martial sovereigns as my driving force. I’ve been seeking for more on this never-ending path of martial Dao. However, today, the heavens let me meet you!”

Chen Feng’s expression became stern and fierce. His eyes were still filled with the anger of being deceived. He growled, “It’s only now that I’ve met you that I realize that everyone has been saying that my strength and talent are amazing and that I rarely have any opponents below the martial Supreme realm. You’re lying to me! as soon as I left the blade sect, I found it so difficult to fight against any

random Martial Emperor I met. Even the candle Dragon Seal that the elders in the sect praised endlessly was helpless against you! They were all lying to me!”

I’m a seven-stars martial Supreme, but I can’t even take down a five-stars Martial Emperor like you. What amazing talent? what few rivals below the martial Supreme realm? what sect’s great Grandmaster? what unrivaled martial Supreme realm? ”

Chen Feng became extremely agitated. Waves of origin power surged from his body, and his aura rose with every roar. The purple serpent’s thorn on his waist began to tremble, as if it was going to be unsheathed at any moment.

Yunxiao sighed helplessly. I can’t help it. You’re indeed strong. But, it’s a pity that you’re up against me. Let alone you, even if the four prodigies of the North came together, as long as they didn’t have the cultivation of a martial Supreme, I would still beat them down. I won’t be able to escape the remaining seventeen slaps today. Just treat it as a lesson.”

He was telling the truth. With Yunxiao’s current strength, even if he was not the strongest Man under the martial Supreme realm, he was not far from it.

“Do you also think that I’m not a match for the four prodigies of the North?”

Yunxiao’s words seemed to have a different feeling in Chen Feng’s ears. The anger of being looked down on burned in his body.

you’re courting death! Chen Feng roared. today, I will use your blood to reforge my heart of martial arts! His entire body turned purple under the sword at his waist, and his face became somewhat pained.

The four maidservants had already retreated far away in horror, their faces filled with deep worry and anxiety.

“Oh? It seems that you sacrificed your body to refine the sword, but you can’t fully control it, which is why it’s so slow and painful to activate. Alright, I’ll give you a chance to use your full strength and make you accept your loss.”

let's go," Yunxiao said faintly as he stood in the air a distance away. He did not take the opportunity to attack, but only recovered his strength quickly.

In the distance, the four women were even more shocked by Yunxiao's insight and confidence.

"Sisters, what should we do now? the young master is already in a difficult position." Xia Qi said anxiously. If he used the thorns of the purple snake, he would be in a weak state for a few days. What should we do about tomorrow's Song Yue Yang City Martial Arts competition?"

Qiu Shu's big eyes flickered as she said, "but if we don't use that ninth tier profound armament, young master will not be able to suppress this person in front of you." Just who is this person? could it be that we've been in the blade sect for so long that we're so used to being flattered that we're actually very weak?"

"Don't spout nonsense!" Chunqin shouted. This person should be an exception! Otherwise, how could he be able to cross a major realm and challenge someone? moreover, he was facing our young master. You must know that young master's true battle strength is not just that of a seven-stars martial Supreme."

Dong Hua said worriedly, "the arrow is already on the bow, and we have no choice but to fire." he could only think of a way after the battle. Elder Zhu should be able to help young master recover some of his strength. As long as I can recover half of it, I should be able to deal with those country bumpkins in Song Yue city."

Qiu Shu suddenly said, "what do you guys think we should do if Qianqian, Qianqian, and young master still can't defeat this person even after using the thorn of the purple snake?"

"Bah!"

Chunqin scoffed and coldly snorted, "You pig brain! The thorn of the purple snake was a ninth tier peak profound level weapon that the young master had refined with his own body. Once this sword was used, even a Martial Emperor expert would have to avoid it. This Chenchen ghost would die without a doubt! Hmph, if young master loses in the end, we'll be bullied by others. Think about it, as long as it's a normal man, would he let go of such stunning beauties like us?"

The other three women's expressions changed drastically when they heard this. They felt that what Chunqin said made sense, and all of them started to worry.

In particular, Yunxiao had just come out of the Thunder tribulation, and his body was in a mess, which made these girls, who were slightly obsessed with cleanliness, even more worried. If they were violated by others, Chen Feng would definitely not want them anymore. At that time, their value would plummet, and they would be reduced from being a maidservant of the future sect master of the blade sect to an ordinary warrior. Their status and treatment would be very different.

The four of them were all silently praying that Chen Feng would not lose. Their palms were already sweating, and they were even more nervous than the two who had fought in the arena.

The pained expression on Chen Feng's face gradually disappeared, and his expression became cold. He said in a cold voice, "You're very arrogant, and that's the biggest reason for your fall this time. If you're lucky enough to continue living, you'll learn your lesson next time."

It's a bad habit to make a conclusion before you even make a move," Yunxiao said with a smile. "

"Hmph, no matter what you say, there's no chance of you surviving!"

Chen Feng pointed with a finger, and the purple snake thorn on his waist immediately flew out. It turned into a long snake in the air, rose into the air, and roared as it came down. Although it had the body of a snake, it flickered with sword Qi, illuminating Half the Sky with purple mist.

The long snake did not show much of an anomaly in the air, just like an ordinary Mystic artifact being unsealed, but it gave Yunxiao a great pressure. He did not dare to underestimate it, and his face turned very serious.

"Let me try and see how much you have mastered this long worm!"

Yunxiao stood with his sword held horizontally. A stream of cold air shot out of the sword, trying to test the power of the purple snake sword, but it was instantly suppressed by a great force. As soon as the sword light left his body, it dissipated, and then a mountain-like sword momentum came down from the sky, as if it was going to cut everything into pieces!

“So strong!”

Yunxiao’s heart sank. Chen Feng’s control over the snake-transforming purple sword was still beyond his expectations, and even the momentum of the northern heaven cold star sword had been completely suppressed.

“It can’t be 100%, can it?” the demonic Dragon asked in surprise.

this is a ninth-tier Mystic artifact, ” Yunxiao said coldly. only a peak ninth-tier expert can exert 100% of its power. He sacrificed his body to the sword, so it’s at most thirty percent, but even so, I can’t compete with him!”

He hesitated no more. With a flash of light between his eyebrows, the divine realm tablet flew out and turned into a small mountain, pressing down on the purple snake.

The northern heavens cold star sword was restrained by the pressure of the purple snake’s thorn, but the divine realm tablet was not afraid at all and rudely collided with it.

“Boom boom boom!”

A huge tremor was heard, and the entire sky seemed to be shattered.

Chen Feng’s expression changed drastically, and his eyes were filled with shock. He was connected to the purple snake’s thorn sword in his mind, so he felt a huge backlash. His blood vessels expanded, and his internal organs churned. What made him even more shocked was that he could clearly feel the fear coming from the purple snake, as if it was being suppressed by the other party.

that’s a peak ninth tier profound armament, how could it be suppressed? ”

A huge question mark appeared in Chen Feng’s mind. Before he could think about it, the other party’s Jade tablet once again attacked him. The purple snake danced in the air as if it was trying its best to

avoid the attacks. This time, it had become a one-sided attack. Chen Feng and the four women's mouths were wide open as they looked on, not knowing what to do.

"Preposterous! Ridiculous!"

Chen Feng cried out twice. His mind was half filled with anger and half filled with confusion. However, he could feel the intention of escape from the purple snake sword. He hurriedly controlled the sword with his sword fingers and kept the long sword back in his hand. Instantly, a purple shadow danced out like a long whip and slashed in the air.

In this way, he could avoid direct collisions with the profound level weapons. If his purple sword was damaged by a few more collisions, then he would really be crying without tears.

"Hmph, purple sword is powerful, but your cultivation is limited. It's useless!"

With a cold smile, Yunxiao took back the divine realm tablet, then turned into a flash of lightning and disappeared from where he was, causing the purple shadow to miss.

"Teleportation?"

Chen Feng's eyes widened as he shouted, "No, it's not teleportation. It's so fast!"

...

Suddenly, he realized that Yunxiao was shuttling through the air at the speed of lightning, leaving only the shadows of arcs of lightning that he could not catch with the naked eye. He calmed down and used his divine sense to explore, only to find that he was surrounded by strong mental power, which formed a huge interference and blocked his divine sense.

"Swish!"

A bolt of lightning struck down from the sky. It was not just lightning, but also contained extremely powerful sword Qi. It was as fast as lightning.

In Chen Feng's alarm, he hurriedly raised his sword to block. After the sword Qi dissipated with a "bang", he took advantage of the situation and counterattacked in the direction of the attack, but he directly slashed empty air!

"So fast!"

Chen Feng's heart was greatly shocked, and he couldn't help but panic. His divine sense was disturbed by the other party's powerful spiritual power and was unable to identify the other party's position at all. He could only see the continuous lightning and thunder shuttling back and forth in the air. He suddenly realized that the huge power of Thunder earlier was caused by the person in front of him.

Chapter 655-divine retribution

what an interesting combat technique. It's my first time using it, so I'll use you to test it out!

Yunxiao's cheerful voice almost made Chen Feng vomit blood. But now, the situation had reversed, and he could only be beaten passively. Although he could deal with Yunxiao's attacks with ease, a great sense of shame and anger welled up in his heart.

Yunxiao was practicing this kind of fast-moving attack, and he had to constantly release a large amount of mental power to interfere with the exploration of the surrounding divine sense. For him, it was a very novel combat method, especially the control of his mental power, which required a large area of interference, and the difficulty was not lower than that of artifact refining.

"What?"

Just as he was getting more and more familiar with his acting, he suddenly felt an unusual aura from Chen Feng's body. Under the constant attacks, the other party's emotions gradually calmed down.

Yunxiao's pupils constricted as his body emerged in the sky. "Divine retribution!"

Chen Feng raised his hand, and streams of purple mist surged out of the sword, covering the sky in a purple hue. He looked coldly at Yunxiao and said in a serious voice, "since you can recognize the ultimate skill of my blade sect, you must have some background. No matter how tricky your moves are or how strange your profound level weapon is, can you withstand the profound meaning of my move?"

Yunxiao put away his frivolous look and put on a serious face, as if he were facing a great enemy.

At this moment, the sky also became extremely oppressive, as if a storm was about to come!

this is the first time I've used the purple serpent's thorn. I won't die, will I?"

A hint of worry appeared in Chen Feng's eyes. Even he himself felt a little afraid, as if he was worried that he wouldn't be able to control the power of this technique. The powerful weapon essence that was constantly flowing out of the sword shook into his body. He could feel the great destructive power, and this was only the opening move!

"It's very challenging!"

A crazed look appeared on Yunxiao's face as he laughed and said, "I've long wanted to experience the saber sword sect's ultimate skill, but I've never had the chance. Since you know this divine retribution, that's really good!"

He pointed with one hand, and a stream of light appeared on the northern heaven cold star sword, which stood in front of him. Then, he waved his left hand, and another long sword appeared. The two identical swords began to rotate under his incantation, and a subtle connection was formed between them.

This action made everyone's eyes widen!

It was already heaven-defying for a Martial Emperor to be able to use a ninth tier profound armament, let alone two! Also, how could an ordinary person possess two ninth tier profound armaments at the same time?

Chen Feng and the four maidservants also gradually realized that this person's identity was not simple, but they had no choice but to fire the arrow on the bow. Moreover, in terms of status, the son of the sect master of the saber sect would not lose to anyone!

"The might of the heavens, one sword to punish the heavens!"

As Chen Feng's sword aura rose, the entire world changed color and the universe changed its position. A power of rules that ruled over the world spontaneously emerged.

The heavens and earth were not benevolent, and all living things were regarded as dogs. Everything disrespects the heavens. The power of judgment will descend and destroy everything!

Yunxiao's face flickered. As soon as the power of the divine retribution rose, he felt an infinite pressure. Under the mighty power of the universe, his body glowed with a golden light, resisting the heavenly might that could destroy all things.

Fortunately, there was a golden light shining brightly under his hand seal. Although Chen Feng and the four women saw the strange state of his body, no one would think that it was the inextinguishable golden body.

Under his control, the two Northern heaven cold stars swords became more and more powerful, and the connection between them was stacked one by one. Outside the two swords, a strange-shaped formation map faintly appeared, connecting the two swords into one through the resonance. They were like a profound level weapon, no longer separate from each other.

"The heavenly Sword, and the heavenly Sword illustration!"

Yunxiao cried out lightly, his face turning sharp and pale under the cold light of the sword Qi. The array diagram had instantly drained all his strength and poured it into the sword diagram.

The heavenly Sword Qi took the form of a horn and transformed into a Sea of Swords, facing the power of the heavenly punishment!

At this moment, the purple snake thorn in Chen Feng's hand seemed to have been unsealed. The long snake flicked its tongue, as if this totem that had descended with the power of heaven's wrath had personally descended upon the world!

"BOOM!"

The two powers clashed together-one was the Heaven's Retribution, and the other was the heavenly Sword diagram. As they clashed, the sky instantly turned dark, and the four women who were watching from afar were greatly affected. They hurriedly circulated their vital Qi to defend, and they were so shocked that they could not even open their eyes.

The hearts of the four women trembled at the same time. This was the first time they had seen such an earth-shattering move. They felt that such a terrifying move shouldn't exist in this world. What shocked them even more was that Yunxiao could still resist the heavenly might!

"Boom boom boom!"

Loud bangs kept ringing out, and the aftershocks grew stronger and stronger. Yunxiao, who was at the center of the shock, had long conjured the devil Sky armor, but he still could not withstand the suppression of the heavenly might, and his body kept crumbling.

At that moment, he released the demonic Qi suppressed by the dynasty Bell. He wanted to use the demonic Qi to resist the heavenly punishment. However, he found that the demonic Qi seemed to be restrained by the power of the heavenly Tribulation. A large amount of it was destroyed and almost cleared out!

Chen Feng's condition was also not good. He had used all his strength to resist the backlash of the divine retribution and the purple snake thorns. The battle suit he had conjured was also in danger, and it could dissipate at any moment.

boy, quickly hide in the divine realm tablet!

The demonic Dragon wanted to demonize his body, but it failed completely under the divine retribution. Even his soul power gradually dissipated. don't tell me you're already dead!

It watched in horror as Yunxiao's body collapsed and burst into a large amount of blood.

"Idiot, shut up! Can't you see that I'm preparing for a counterattack?"

Yunxiao shouted coldly. His voice was extremely cold, as if he had no sense of the damage to his body.

The demonic Dragon was truly speechless. He said in shock, "Counterattack? Is there a hole in your brain? 'Save yourself from death first, then try to escape!' Its words came suddenly, and it was horrified to find that Yunxiao's exploded body had turned into lightning and scattered inch by inch, no longer bursting into a bloody mist like before.

As the power of Chen Feng's sword gradually crushed the sword diagram, the two Northern heaven cold star swords were completely shattered. They lost all their light and became lifeless. Yunxiao had also lost his greatest defense. His entire body exploded and turned into a thundercloud!

At this moment, another sword emerged from the thunderclouds. It was the third Northern heaven cold star sword. As soon as the sword embryo appeared, the sky and earth changed color, and the Thunder tribulation began to form!

"Now! If you want to kill me, let Chen duantian come!"

A cold voice rang out in the Thunder. Yunxiao circulated the small ball of energy floating above his dantian, which was his last bit of strength. His entire body glowed brightly, and suddenly, a bolt of lightning flashed across the sky.

"Boom boom boom!"

The sword within the lightning was sharp, directly drawing down the grade 9 lightning tribulation to chase after it.

Chen Feng was shocked, and his face turned pale. The sword Qi was not strong, but it became so powerful under the two Thunderbolts that it broke through his heaven's wrath!

Yunxiao's body of Thunder finally merged with the ninth-grade lightning tribulation falling from the sky before he made the last strike. With the same heavenly might, he slashed at the thorn of the purple snake!

“BOOM!”

The sky exploded once more. Although it wasn't as terrifying as before, the four girls let out a cry of pain as Chen Feng's body was sent flying like an arrow!

After the tremor, the thundercloud in the sky gradually condensed into Yunxiao's body, but it was incomplete and covered in blood. The third Northern heavens cold star sword in his hand had also lost all of its spiritual light from the backlash of the purple snake thorns.

The aura on his body was abnormally weak, but his eyes were still sharp as he coldly looked in the direction where Chen Feng had been sent flying.

Yunxiao put away the northern heavens cold star sword, then with a flash of light between his eyebrows, he released the calabash little Vajra, which flew across the sky. He gently stepped on the back of the gourd Little King Kong and headed in the direction of the dust.

...

At this moment, the four women in the distance finally reacted. They didn't care about their fear or the shock in their hearts. They only felt that something big had happened, as if the sky had fallen. They hurriedly turned into four rays of light and flew up.

Chen Feng was sent flying several miles away and fell heavily on the ground. The thorn of the purple snake also fell beside him, as if it had returned to a belt, limp and powerless.

The four women immediately landed on the ground and hurriedly checked Chen Feng's condition. After discovering that he was still alive, they all heaved a sigh of relief. But in the next moment, he was greatly shocked. He saw Yunxiao standing on the back of the calabash King Kong, staring coldly at the dust on the ground.

The four women's hearts went numb. Although they could sense that this person was already at the end of his life, they were still afraid of the might just now. None of them dared to approach, and they could only vigilantly guard Chen Feng.

Chun Qin gripped her sword tightly as she braced herself and sternly said, "You've already won, please leave! The blade sect is definitely not to be trifled with!"

In the past, when people knew their identities, they would all be very respectful. There was no need for them to boast about themselves. Now that he had called out The Name of the Blade sect, the four women felt a sense of powerlessness. If this person was afraid, he wouldn't have been able to put the young master in such a sorry state and make him unconscious.

"Get lost!"

Yunxiao's cold cry made the four women extremely nervous. They all drew their weapons and stood in front of Chen Feng to protect him. The four of them were all martial honors, which was not considered low. However, they had just witnessed the battle between the two of them, so they did not have any intention to fight.

"Do you want to kill my young master?" Xia Qi asked in fear. There will no longer be a place for you to hide in the ends of the earth!"

Yunxiao frowned as the calabash King Kong under his feet suddenly threw a punch. The power of the king Kong fist was just right, and it did not hurt the four women. Instead, it suppressed them and made them unable to move.

Yunxiao slowly walked toward Chen Feng, his eyes emotionless.

...

The four women were terrified and couldn't believe their eyes. Was he really going to kill the young master? Who exactly was he, to actually dare to do such a heaven-defying act!

## Chapter 656-big day

Yunxiao ignored the four women's fear. He raised his hand and pointed a finger at Chen Feng. A stream of primordial energy flowed out of his fingertip and pulled Chen Feng's body up. His limbs drooped down, and he was completely unconscious.

"Even though you've lost your combat power, I can't go back on my words."

Yunxiao said lightly. Then, he waved his right hand gently, and a series of 'pop' sounds echoed in the air. Pa!" The sound of the twenty slaps rang out in the hearts of the four women. It was so unreal, and only after all twenty slaps had been given did Chen Feng's body once again fly away. He fell to the ground, unmoving, but both sides of his face had already been completely turned into green buns.

"I'm starting to like this thorn of the purple serpent. But Yingluo "

Yunxiao looked at the purple snake sword on the ground and sighed. I don't want Chen duantian to come here personally. It'll be very troublesome for me.

Even when he had won all of the seven great sect leaders, he did not dare to say that he would definitely win. If he encountered it now, he would definitely die. Even if he hid in the divine realm tablet, he would not be able to escape. Therefore, although he liked the thorn of the purple snake, he could not take it.

With a wave of his hand, the calabash King Kong immediately retracted its fist. The four women immediately felt their bodies relax, and the power that was suppressing them suddenly disappeared.

The calabash King Kong flew forward. Yunxiao stepped on his back and immediately turned into a beam of light, disappearing into the distance.

Although this battle was extremely difficult and dangerous, he had gained a lot. Furthermore, he had cultivated the Thunder transformation technique to the great success stage and had witnessed the power of the blade sect's heavenly punishment. It could be considered a great harvest.

What he urgently needed to do now was to slowly comprehend and digest the insights he had gained from this battle, and then recover his origin power.

As soon as Yunxiao left, the four maidservants ran toward Chen Feng in a panic and kept calling out 'young master', but Chen Feng could not answer.

"Xia Qi, is the young master alright?"

The three of them quietly waited for Xia Qi's test results, deeply worried. The four of them would not be able to escape responsibility for today's incident. However, as long as Chen Feng could wake up, with their methods of pleasing him, they did not have to worry about the severity of the punishment. What they were worried about was that if something happened to Chen Feng, they would be completely finished.

"Even though all the meridians are broken, bones are shattered, and even the muscles are destroyed,"

Xia Qi said slowly.

"Just tell me the result directly. Will Young master be alright? If you say that, you'll be worried to death!"

Chunqin said anxiously. The other two were also anxious.

Xia Qi's serious face suddenly broke into a smile. "Looking at how worried you are, are you afraid that if something happens to young master, no one will pamper you? All of them were showing off! Don't worry, although it looks serious, it's not fatal. These injuries are small to us, and we'll be fine after taking some spirit medicine. However, for tomorrow's martial arts competition, you can't win!"

Her face once again sank into worry.

"It's already a blessing in the midst of misfortune to be able to keep your life," Chun Qin sighed. "No matter how important the martial arts competition is, it's not as important as young master's life. At most, everyone will be punished for this matter. As long as the young master wakes up, he will naturally

take the responsibility and will not blame us. Let's find a safe place to heal young master first, then send out the signal and wait for elder Zhu to come."

The four girls hurriedly went to pick up Chen Feng when Qiu Shu suddenly whispered, "Sister Chunqin, didn't you say that person would definitely bully us after winning? Could it be that we're not charming enough?"

Chun Qin's face turned red, and a cold expression appeared on her face. She snorted, "if this person wasn't afraid of our blade sect, do you think we would be able to escape this calamity today?"

"Since you're afraid of our blade sword sect, why would you dare to hurt young master?" Qiu Shu revealed a puzzled expression.

Chun Qin was stunned for a moment before she glared at her and said angrily, "don't babble anymore. Pay attention to young master. Do you want to be beaten up?"

With Chen Feng in their arms, the four women turned into beams of light and disappeared from where they were. However, they did not dare to go in the same direction as Yunxiao, so they went in the other direction.

.....

In the center of Songyue city stood seven symbolic flags, symbolizing the highest power in the merchant Union. They fluttered in the strong wind, and the sound excited everyone.

Every time the martial arts and sorcery duels were held, it was the time when the interests of the merchant Union were reshuffled, which had the greatest impact on the middle forces of the merchant Union. The former would become the king, squeeze into the seven Chambers of Commerce, and divide the huge cake; the latter would go to wheat city, which was in imminent danger and might even fall apart.

Because the competitors would not let go of the losers, they could only rely on other board members to get a chance to breathe. When Tianyuan Chamber of Commerce had squeezed into the top seven, it had completely devoured and eliminated a former member of the Board of Directors.

The business world was like a battlefield, and it was even worse and crueler than a battlefield. Killing people and exterminating sects was just the ultimate means to continue the struggle. No one knew exactly how many Chambers of Commerce there were in the merchant Union, because new Chambers of Commerce were established every day and old ones were destroyed. The total number always fluctuated within the range of more than 500.

At this moment, the central square was packed with people. It was a gathering of the wind and clouds.

Except for the seven major merchant alliances, the Presidents of all the other medium and large Chambers of Commerce would come personally. Even if they could not get into the seven major merchant alliances, they could still get a lot of benefits even if the merchant Alliance they belonged to was ranked high.

The martial arts and technique duels would take up 50% of the total. The top ten would each be given one to ten points. After the two duels were added together, the final points would be the final ranking. This ranking would directly affect the distribution of benefits for the next few years. It would be a huge chip in splitting the cake.

Under the seven flags in the center, seven seats were arranged in a fan shape, which could accommodate hundreds of people, but only the people of the seven merchant alliances were qualified to sit. The rest of the people from the Chamber of Commerce could only stand. There were only two rows of chairs on one side of the square for the Martial Emperor powerhouses from the other Chambers of Commerce to sit on as a form of respect for the powerhouses.

There were more than ten people sitting on the chairs, all of whom were the strongest existences in the large and medium-sized Chambers of Commerce. Their expressions were indifferent, and it was impossible to tell what they were thinking. They rarely chatted with each other, and even if they did, it was just a few simple words of courtesy. Each of them had their own plans in their hearts as they listened to the soft discussions of the people around them.

“Hmph, teleportation? Don’t joke! In addition to the spiritual strength of an eighth-tier great Alchemist, there are also many secret Arts that can achieve it.”

“Yeah, I think so too. Look at how old Yunxiao is. Unless he started cultivating in his previous life, he will not be able to cultivate. I estimate that his strength is at the peak of the sixth step!”

“Tsk! How could he be at the sixth step? In addition, although soul power was an important factor in measuring an Alchemist, it was not an absolute factor. Taking ten thousand steps back, perhaps he really was born with an abnormal soul power, but what’s the use without the comprehension of the art?”

“Well, that’s true. I estimate that his understanding of the art of divination can only reach the top twenty.”

I think the top 20 are all incredible. This time, I’m more optimistic about young master Tang Xin of the four extremes sect. I heard that he has received the array Dao inheritance of the king level and has a deep understanding of the art of magic. There’s also Tong Xiu from the Empyrean one Pavilion. It’s said that he’s the disciple of a great Alchemist in the Holy region, but he was seduced by a pair of beautiful sisters, and now he’s also a disciple of the Empyrean one Pavilion.”

“Hehe, when it comes to seduction, how can she compare to the water goddess of the Mando Chamber of Commerce? she can even seduce the son of the sword sect’s sect master. In my opinion, the Mando Chamber of Commerce will definitely be the first in the two duels of the merchant Union this time!”

“Yes, that’s very likely. However, the myriad treasures store is not to be trifled with. Li Feiyu is one of the four prodigies of the North Region. Even if he is the son of the sect master of the blade sect, he would probably find it difficult to defeat him.”

Upon hearing this, one of the Martial Emperor powerhouses sitting on the two rows of chairs suddenly coughed heavily. A sharp glint flashed in his eyes as he stared coldly at the two martial artists who were chatting. Those two were his disciples. They were so scared that their expressions changed and they retracted their tongues, not daring to talk anymore.

“Hehe, brother Zhao, your analysis is quite reasonable. Why don’t you let me say it?”

A grey-clothed expert next to the Martial Emperor Zhao smiled faintly and said, “It seems that young master Tang Xin’s success in obtaining the throne’s array Dao inheritance is true. Then this mere technique would be easily obtained and he would definitely take first place. Brother Zhao’s Eastern ancient Chamber of Commerce is the number one vassal of the four extremes sect. It’s going to be rich this time.”

“Hmph!” Martial sovereign Zhao snorted coldly and said, “Brother Sun, you’re smiling insincerely. The Mando Chamber of Commerce has attracted a big fish this time by playing the beauty card. I don’t know if it’s a big fish or a big crocodile.”

As the two of them were talking, the crowd suddenly quieted down. A group of people slowly walked over from the distance. The crowd immediately made way for them. It was the people from money gang who passed through the crowd and walked to the seats in the center that belonged to them.

The seven Central seats represented the highest power and honor in the merchant Union. Everyone was staring at the seven flags in the sky with burning eyes, looking forward to the day when their Chamber of Commerce would be as dazzling as them.

The person in charge of money gang, Zhang Chong, looked around. His eyes rolled and he immediately shouted, “These people are really arrogant, to actually make the myriad Treasure Tower wait for so long. Isn’t this openly challenging your myriad Treasure Tower’s authority and status? I think they’re all looking for death!”

Out of the seven Chambers of Commerce, only the ten thousand treasures store and Qian Jin were there. The other five seats were empty.

Cui Bo of myriad treasures store smiled and said, “When did elder Zhang become so good at drawing hatred for others? Since they’re looking for death, can elder Zhang do it for us?”

“I don’t have that ability,” Zhang Chong laughed. Your myriad treasures store is the only outstanding one, suppressing our six sects. My money sect is just a small follower.” His eyes turned behind the myriad treasures store’s seats and fell on a young man with delicate and handsome features. He immediately exclaimed, “Cui Yuan? He’s the one who’s going to use this technique?”

haha, my son just happened to come back from the sea of soul formation, so I let him fight on his behalf. Just don’t embarrass our ten thousand treasures tower.

...

Cui Bo chuckled, his face full of pride.

Zhang Chong was no longer in the mood to tease. His expression became solemn as he silently returned to his seat, not saying a word.

#### Chapter 657-gathering

In the gold and money sect, a purple-clothed youth beside Qian Wudi frowned, as if he was unconvinced. A stream of soul power overflowed from his body and condensed into a certain form in the air. Suddenly, he headed in the direction of the ten thousand treasures tower, his target was Cui Yuan.

This kind of sparring before the match was a great taboo. All the participants were properly recuperating, hoping to enter the battle in their best condition. No one was willing to waste a single bit of soul power before the match, let alone this kind of large-scale attack that consumed a lot of soul power!

“?! His soul power has actually condensed into form!”

This immediately attracted everyone’s attention. They all looked toward the two central factions and revealed extremely shocked expressions. While the contestants were shocked, they were also overjoyed, hoping that both sides would be seriously injured.

A look of unhappiness appeared on Cui Bo’s face. However, when he turned to look, Zhang Chong was still pretending to be dead. As if he did not see it, Cui Bo let out a cold snort. As the Vice sect master, in front of so many people, it was impossible for him to order his subordinates to attack. He could only let Cui Yuan take the attack himself.

Cui Yuan appeared to be very casual. A faint soul power spread out from his body, forming a defense outside his body, directly blocking the purple clothed youth’s soul power attack. He didn’t counterattack and just built a defensive barrier.

The purple-clad young man’s expression changed, and he instantly increased his soul power by a few times. He wanted to crush it, but he discovered that the barrier had also become stronger. It just blocked his attack at the right time, and it seemed as if it did not consume any more energy. The purple-clad young man was furious, and he used all sorts of spiritual attack techniques one by one. However, he

was unable to break through that barrier no matter what. In a moment of desperation, he felt that he could not afford to lose face, so he attacked even more ruthlessly.

“Nanmen Xingqing, stop.”

“Save some energy and use it later, it’s easy to gain face,” Qian Wudi said faintly. We’ll just defeat him later. Everyone’s looking at him now, what does it look like?”

Nanmen Xingqing seemed to be a little afraid of him. He snorted coldly and retracted his soul power. However, his expression became colder as he looked at Cui Yuan. The latter, on the other hand, did not seem to mind.

Zhang Chong looked at Nanmen Xingqing and said indifferently, “Don’t underestimate him. He might be your biggest opponent today. Have a good rest.”

Although Nanmen Xingqing’s face was still cold and arrogant, he did not dare to be too arrogant in front of Zhang Chong. He nodded and said, “You do have some strength, but I’m still confident.”

His probing caused the conversation of the people around them to turn to the two of them, and they continued to speculate.

“Who is that Nanmen Xingqing? He could actually achieve soul power manifestation! It’s so powerful, I think it’s at least the seventh step!”

“There’s definitely someone at the seventh rank. Otherwise, the money sect wouldn’t have sent him here. However, even if it’s a Grade 7, the gap between them is still huge. I think that Cui Yuan seems to be a bit stronger.”

“The art is so intense this time that even seventh-tier alchemists are almost common. I remember that in the last double meeting, a seventh-tier Alchemist from myriad treasures store amazed everyone and won the championship!”

“Hehe, the new waves of the Yangtze River surpass the old waves. It’s a time when the young talents of the merchant Union are emerging one after another. They might push the entire merchant Union to an incomparably prosperous era, and even compete with the seven superpowers.”

it’s still too early to fight against the seven superpowers. This time, I’ll be able to take a look at the blade sect’s strength and see how far they’ve reached. After all, the saber sword sect’s goal this time is to be number one!”

“Hmph, first? I think it’ll be extremely difficult! They’ve underestimated the elites of the merchant Union. I hope they can see the power of the merchant Union this time! Look, the people of Tianyuan trading company are here!”

The crowd’s discussion stopped for a moment, and Ding Ling ‘er, who was the leader of the crowd, came over. He had a charming smile on his face, which made people feel as if the spring breeze was blowing on their faces. He was full of confidence and looked noble and inviolable.

As they admired the beauty, their resentful eyes fell on Yunxiao, who was standing behind her. This native of the southern region, who had suddenly appeared, had immediately wooed their goddess. Damn it! Not only Ding Ling ‘er, but Shui luoyan was also the one who fell in love. The martial arts and technique duels this time would be the first time all the young men in the merchant Union would have sleepless nights.

Everyone had the same thought. ‘Damn Yunxiao and damn chenfeng, these two outsiders not only stole our limelight, but also our women!’ Now all the young men were united against a common enemy, hoping that someone could suppress these two outsiders and make the business Union’s local men proud.

miss ding, you look like you’re bathing in the spring breeze. You seem to be full of confidence!

Cui Bo narrowed his eyes and smiled. His eyes involuntarily fell on Yunxiao, who was standing behind him, and Mo Xiaochuan, who had killed an elder of the Emyrean one Pavilion with a single sword strike. He was worthy of a few more glances.

Ding Ling 'er smiled and said, " it's just a competition for a spot. I'm still confident. But I think it's still a bit too far-fetched to say that he's going to replace myriad treasures store as the leader of the merchant Union."

Her words stunned everyone. Ding Ling 'er had always been humble, polite, and a sponge. This time, however, he had changed his usual image. His words had become aggressive, like a sharp blade, revealing a little of his loftiness.

In myriad treasures store, a withered and yellow face turned around. Its expression was numb, but its eyes were unusually sharp as they fell on Yunxiao, as if they were going to see through him completely.

Yunxiao's heart jolted, as if his entire body had been seen through by the gaze. An indescribable sense of foreboding rose in his heart. He followed the gaze and looked back. The sharpness in the gaze suddenly disappeared, only to see a pair of dark and turbid eyes and a stiff expression.

"Young master Yun, what's wrong?"

Both mo Xiaochuan and haolian shaohuang noticed Yunxiao's strange look and asked with concern at the same time.

Yunxiao had not been able to recover his primordial energy since he returned with serious injuries yesterday, which worried everyone.

"Young master Yun, is Qianqian alright?"

Ding Ling 'er and Luo yunshang became nervous when they heard their greetings. Their undisguisable concern and love for each other made the people of the Chamber of Commerce even more jealous. Although Luo yunshang did not have Ding Ling 'er's intimidating temperament, she was still a living beauty, which gave her a different kind of feeling, which was completely different from Ding Ling' er.

I'm fine," Yunxiao said lightly. I was just bitten by a mosquito.

Although his words were said in a relaxed manner, his heart was in turmoil. He only felt that it was very bad. He felt that there was a very terrifying expression hidden under that sallow face. Although it was just an indifferent glance just now, it was as if all his secrets had been discovered by the other party. He had never felt this way before.

Who is this person in the ten thousand treasures building? I have no impression of him before. Could it be that he was the one who used the blue meteorite to test me that day?

Yunxiao had a lot of speculations in his heart, but no matter how he tried to test the man with his eyes, the man still had an indifferent look on his face, unwilling to pay him any more attention.

it's a mosquito bite, young master Yun," Ding Ling 'er said. if you feel any discomfort, please don't force yourself. Her words were sincere, and the gentleness in her eyes became a little hot, which made Yunxiao feel a little uncomfortable in front of so many people.

"Is this li Yunxiao, who has gained a great reputation today? You seem to be a little dispirited. Are you participating in today's technique as well?"

Cui Bo looked at Yunxiao curiously. This was the first time he had seen this man, and he was indeed extraordinary.

it's just a child's game," Yunxiao said with a smile. you can just participate as you wish. Who is this wax-faced old man? he seems unfamiliar." His words were directed at Xuan Yutang, and he sneered in his heart.

So what if you see through my identity? 'I, li Yunxiao, have never retreated from anyone! Since you've exposed me, I'll point it out to you.

The faces of the people of the ten thousand treasures tower were filled with displeasure, and they all revealed anger. Pointing at their ten thousand treasures tower's elder and calling him an old man like this was extremely disrespectful to them.

On the other hand, Xuan Yutang still had that wooden expression on his face. He didn't even turn his head, as if he didn't care about this at all.

Ren Guangzhen and Li Feiyu weren't in the seats either. It was unknown why they were absent.

Cui Bo's face turned cold and he said, "this is the second elder of myriad treasures store, Xuan Yutang. Young master Yun, your question seems to be extremely impolite! Although he was angry, he was still a Deputy sect leader after all, and he was now representing myriad treasures store to manage the business Alliance, so he couldn't lose his manners.

"Hmph, manners?"

Yunxiao sneered and said, "when myriad treasures store and Tianyi Pavilion were against Tianyuan trading company, did you ever think about being polite? We can only treat the wicked with evil."

He brought up the old matter again, not giving the myriad Treasure Tower any face at all.

Cui Bo had also heard the outcome of the incident from Ren Guangyao, and he knew that Yunxiao had a sharp tongue. If he continued to argue, he would only get himself into more trouble.

Just as he was feeling extremely embarrassed, a cold snort was heard, "how arrogant! You reckless thing!"

The voice was bone-chilling, filled with extreme resentment and killing intent. Startled, everyone turned to look and saw Xu danhe of the heavenly one Pavilion. She had arrived at some point, staring at Yunxiao with eyes as cold and vicious as a venomous snake's, as if she wanted to devour him on the spot!

Yunxiao frowned and said, "Old thing, didn't you lose enough face last time?"

...

"You f \* cking stinky mouth! You better pray that you don't fall into my hands in this lifetime!"

Xu danhe trembled with anger, and Liang Yuyi's face turned a little pale behind her. She looked at Yunxiao with eyes full of unwillingness and hatred, and her lips were red from biting them.

don't worry, " Yunxiao said with a sneer. I really don't take your Empyrean one Pavilion seriously. Old lady, you're worrying too much.

"Waa waa! Damn it, damn it!"

The aura on Xu danhe's body suddenly exploded. Her face was green and red, and her hands were shaking in the air.

Chapter 658-clever words

Mo Xiaochuan and haolian shaohuang were both on high alert. They stood in front of Yunxiao, one on the left and one on the right, fearing that the old woman would suddenly attack.

"Haha, young master Yun is indeed humorous. I'm still looking forward to a battle with you, but you don't look too good. If we go through the technique art again today, can we still fight tomorrow?"

Qian Wudi's voice rang out, as if he was trying to help him out. The rest of Zhouzhou's people all looked like they were watching a good show, eager to start a fight so that they could take advantage of the situation. Even if they couldn't get any benefits, they could at least feast their eyes.

They didn't think that with their weak strength, if Xu danhe really made a move, they would probably be the first to be swept up and crushed into pieces, leaving nothing behind.

as you wish, " Yunxiao said with a smile. I'll do as you wish.

His eyes revealed a look of admiration for Qian Wudi. On the endless road of martial Dao, there were too many young people who had set him as their goal and advanced forward. There was even a time when they had come in front of him and dared to challenge him. Qian Wudi's body had this kind of martial Dao inheritance spirit.

Qian Wudi was taken aback. The temperament Yunxiao showed at the moment was like a lofty mountain, which made him have an illusion at that moment, as if the man in front of him was a martial Dao senior, who was silently watching him from a place beyond his reach.

This kind of illusion spread uncontrollably in his heart, causing his mind to be greatly shaken!

“How arrogant! I wonder if your strength is as powerful as your mouth!”

A man’s figure flashed out of the Empyrean one Pavilion. With a cold face, he walked toward Yunxiao and said, “Let me see if you have the right to stand here and speak!”

Every step he took seemed to contain the ultimate truth of heaven and earth. A thin layer of pale yellow energy appeared around his body, like a thin film of water. It stuck to his skin and became more solid with every step he took.

“Borrowing power! It’s actually borrowing momentum, could it be that soul attacks can also be borrowed?”

“This person is Tong Xiu? It’s said that his master is a great Alchemist in the Holy realm!”

Exclamations came from all around. It was common to use the power of heaven and earth in the use of martial arts, but the power of the soul was the most difficult to grasp, let alone using the power of heaven and earth for one’s own use to enhance the soul.

“The power of the soul is also the power of the heavens and the earth. It should also be able to be borrowed. However, how many people could do it? It looks like there’s going to be a lot of suspense in the outcome of this technique!” There were many exclamations and sighs around.

With every step Tong Xiu took, a force seemed to gather and spin in the air, turning into a sharp blade-like soul attack that shook Yunxiao’s soul. As he got closer and closer, the shock grew stronger and stronger.

A cruel smile appeared on Tong Xiu's face. His soul attacks were endless, each wave stronger than the last, as if he wanted to shatter Yunxiao's soul by force! He also understood elder Xu's impression of this person. If he could help elder Xu vent his anger, his status would rise rapidly.

Yunxiao frowned. He had recognized the origin of Tong Xiu's attack, and he sneered in his heart. So he's your disciple, then I won't be polite. His face turned cold as he circulated the great expansion divine technique in his body. Instantly, his spiritual altar and sea of consciousness turned into a vast ocean, causing Tong Xiu's various attacks to sink into the ocean without any waves.

"This Tao Wu!"

Tong Xiu was shocked. His attack was not hindered at all. It was just that he seemed to have hit nothing. He felt that there was nothing in front of him. He could not find a target or focus at all.

how did this happen? " Tong Xiu's face began to sweat, because he suddenly thought of the worst possibility. That was, the other party's soul power was far superior to his, which was why such a strange thing happened.

He immediately realized that the situation was not good. In a moment of desperation, he wanted to withdraw his soul power, but he suddenly found that he was pulled by an extremely powerful suction force. No matter how much strength he used, he could not move at all. His expression instantly changed, and sweat poured down like rain!

At this moment, he was using an extremely powerful and overbearing cultivation method, which consumed a lot of soul power. He couldn't advance, and he couldn't retreat. He was caught in a dilemma, and the most important thing was that his soul power was constantly being consumed. If this continued, he would be completely consumed before he even started the technique.

What made him even more embarrassed was that he was walking toward Yunxiao at the moment, so everyone was staring at him, thinking that he had the upper hand and was watching the two tigers fight. The people of the Emyrean one Pavilion were waiting for him to slap Yunxiao in the face to avenge their sect.

Beads of sweat rolled down his forehead, wetting his clothes.

Only a few people could see his embarrassment. Cui Yuan slowly stood up from his seat, his face flashing with a silver light, like a Magic Wheel turning, a silver light shone in front of him, turning into a cutting blade and slashing wildly between the two.

He didn't even move when Nanmen Xingye challenged him, but now he was trying to save Tong Xiu. He obviously didn't want anything to happen to Empyrean one Pavilion. In other words, it was at least beneficial for myriad treasures store to stabilize Empyrean one Pavilion's position. Otherwise, they would not be willing to consume their soul power to make a move at such a crucial moment.

A sharp blade-like soul power slashed over and immediately cut Tong Xiu's soul power. Although it was a great waste, at least he was free.

Tong Xiu's face was extremely pale, and to hide his embarrassment, he blurted out, "Since Cui Yuan of myriad treasures store has interfered, I'll let you off today!"

Yunxiao sneered in his heart. When Cui Yuan performed the soul cutting technique, Tong Xiu's soul power, which he had stored in his spirit ocean, was spat out in an instant, like a huge sea beast that had just finished absorbing seawater!

It was a joke that Tong Xiu did not know how to regulate his breathing the moment his soul power was cut off. Instead, he shamelessly boasted about his face. In the end, just as he finished speaking, he felt a huge soul power hit his chest like a mountain. He instantly spat out a mouthful of blood and flew out!

"What? What's going on?"

Xu danhe was taken aback. Although she was very strong, she was not an Alchemist, so she could not judge the situation just now. It was just that his own disciple had always had the upper hand. After Cui Yuan's intervention, he was immediately injured and sent flying.

"Cui Yuan, what a good thing you've done!"

Xu danhe's eyes widened in anger as she instantly locked onto the space where Cui Yuan was. She rose into the air and before anyone from myriad treasures store could react, she had already grabbed Cui Yuan and roared, "What is the myriad Treasure Tower's intention for hurting my participant?!"

At this moment, Cui Yuan was being suppressed by a huge force, he could not even speak. He felt extremely aggrieved in his heart. 'If I didn't save you, I'm afraid you participants would have lost your lives. Now, you're actually blaming me? is there such an unjust thing in the world?'

Cui Bo's expression changed as well. He roared, "Xu danhe, you're crazy! My son is trying to save your disciple!" His heart was filled with incomparable anger. Just now, he was the one who saw that the situation seemed to be wrong. After communicating with Cui Yuan through voice transmission, he asked him to help. If he knew that this would be the result, it would be better to let that kid die!

At that moment, Yunxiao's face was filled with fear as he said angrily, "Old hag, quickly let go of my Savior, or else I swear to be irreconcilable with you!" He cast a grateful look at Cui Yuan and said, "Thank you for saving me, Childe cui. Don't worry, I will never allow you to hurt me!"

Cui Bo and his son's faces turned blue when they heard that. Both of them secretly thought that Yunxiao was too cunning, and they knew that they were in trouble when they saw Xu danhe's face change drastically.

Sure enough, Xu danhe's face was full of anger, like a volcano that was suppressing an eruption. She laughed in anger and said, "Haha, cui Bo, you really think I'm an idiot! This kid is already very grateful to your son! And you actually said you were going to save my disciple?"

Cui Yuan, who was under his five fingers, only felt a cold force rushing into his body. He had no power to resist at all, and he was unable to speak. Large beads of cold sweat trickled down, and he was in unbearable pain.

Cui Bo was shocked and furious. Waves of energy emerged from his body as he said angrily, "Old woman, if you hurt my son, I'll kill everyone from the Empyrean one Pavilion!"

The experts of ten thousand treasures tower came out in full strength and instantly surrounded all the people of Empyrean one Pavilion. A battle was about to break out!

Xu danhe was shocked. If they were to really fight, other than her, who was confident that she could escape unscathed, the rest of her disciples would probably all be buried here. Under the pressure of the

sky, he finally softened a little. However, he was still furious and said, "Your son is a human, but my disciple isn't?"

I'll say it again," cui Bo said coldly. my son was trying to save your disciple. Otherwise, your disciple would have been killed by that li Yunxiao!

Xu danhe was shocked. She looked at cui Bo's Silver face and started to believe him.

"Tower Lord cui, don't be afraid of Emyrean one Pavilion! I, li Yunxiao, am by no means an ungrateful person! I will die with myriad treasures store, and I will force this ugly old woman to compromise and save my benefactor!"

Yunxiao said righteously as he glared at Xu danhe, his eyes almost spurting out fire. "Old woman, if you know what's good for you, then let go of your benefactor, and then bring your people from Emyrean one Pavilion to kneel and admit your mistakes! Otherwise, myriad treasures store will never let you off!"

"Wow! You should die!"

Yunxiao's words had directly provoked Xu danhe, and she no longer believed cui Bo's words. She roared, "Your son injured my disciple, so I'll also punish him today! However, it's not that my heavenly one Pavilion is afraid of your myriad treasures store. It's just that I, Xu danhe, must consider the overall situation first for today's skill battle!"

"Stop!"

A bad feeling welled up in his heart. Cui Bo roared in anger and rushed forward. Unfortunately, he only saw Cui Yuan spurting out a mouthful of blood in Xu danhe's hands. He didn't know what kind of injury he had suffered, but his body was sent flying.

"A blood for a blood, it's fair!"

...

Xu danhe said coldly. Her body exuded a sharp aura, and she was ready for anything.

she really did spit out a mouthful of blood. This old woman has guts!

With a smile on his face, Yunxiao gave him a thumbs-up and praised, "Come, everyone, give me a like!"

Chapter 659-big idiot

The people of Tianyuan trading company all smiled and gave him a thumbs up."Great, great!"

When Xu danhe saw Yunxiao's look, she immediately had a bad feeling. Her heart sank, and she suddenly shouted, "Tong Xiu, where's Tong Xiu!"

After being sent flying by Yunxiao's move, Tong Xiu no longer dared to be arrogant. He sat cross-legged on the ground far away and began to regulate his breathing. If he continued to ignore his injuries, he was afraid that he would really be in trouble this time. At that time, he could not bear the great elder's wrath.

Who knew that such a major thing would happen? before he could react and explain, Cui Yuan had already been injured by Xu danhe's palm. When he heard the first elder calling for him, he was so scared that his legs were trembling. He didn't even have the strength to stand up. His face was pale, as if he had already anticipated the consequences.

"The great elder is calling for you!"

A disciple saw his pale face and thought that his injuries were still too serious. He kindly went over and helped him over.

Tong Xiu's forehead was covered in cold sweat. If he told the truth, he might be beaten to death on the spot. After stammering for a while, he covered up, "The situation was too urgent just now, so I didn't see clearly who hurt me. It should be Yunxiao, right?"

He sneaked a glance at Xu danhe, whose expression had changed drastically, and hurriedly said, "After young master cui made his move, I was thinking that I would let li Yunxiao go this time. I didn't expect

him to attack me when I was unprepared. I was kind enough to spare his life, but he repaid my kindness with ingratitude. It's all my fault. I can't blame you, young master cui, but that li Yunxiao is too cunning!"

Cui Bo and his son were filled with resentment. Their faces were ashen as they glared at Tong Xiu. The latter lowered his head, not daring to look up at the two.

Xu danhe's expression turned ugly after hearing this, and she said in a deep voice, " although Yunxiao is despicable, in the end, it was Cui Yuan who injured my disciple, so it's not a big deal for me to give him a small punishment. If you want to blame someone, you can only blame him for being a busybody."

Tong Xiu had come out to lie, and Yunxiao would definitely not help them. Cui Bo and Cui Yuan could only swallow their resentment and blame themselves for being nosy. If they had known this would happen, they would have let Yunxiao play him to death just now.

"Good, very good!"

Cui Bo spat out these words coldly. His aura became extremely cold. He looked at the people from the Emyrean one Pavilion with no expression. This enmity was settled.

The surrounding people didn't know what was going on, but seeing the enmity between the two Chambers of Commerce, some were happy while others were worried.

At least, the people of money sect were very happy. Zhang Chong smiled and said, " It's better to squash enmity than keep it alive. Everyone has injured disciples, so let's just forget about this matter. However, Qianqian, myriad treasures store injured young master cui, while Emyrean one Pavilion injured ordinary disciples. There's still a gap between their status. Elder Xu, I think you should just apologize."

On the surface, he seemed to be trying to mediate the fight, but in everyone's ears, it felt strange, like a conspiracy.

Sure enough, Xu danhe was immediately furious after hearing this and said, " Hmph! Cui Bo's son is a human, but my disciple is not?"

“Elder Xu, you’ve misunderstood. I’m only saying that we have different identities. Moreover, myriad treasures store is the host of the double duel, so we must follow their rules. Your disciple was the one who made the first move, so it’s very reasonable for them to interfere.”

Xu danhe coldly said, “their rules?” The merchant Union has always respected the seven of us. Since when did myriad treasures store become the Supreme power? I just don’t believe in his rules!”

The surrounding people were all stunned. The more Zhang Chong tried to stop the fight, the deeper the conflict became. Anyone with eyes could see that he was doing this on purpose. Xu danhe was a complete idiot with a natural IQ defect. They didn’t know why the Emyrean one Pavilion would send her to lead the team.

Even cui Bo frowned. Although the two sects had formed a grudge, he was the deputy head of the ten-thousand treasures building after all. He had to put the interests of the Chamber of Commerce first. If the two sects were to go to war, it would not be in their interests at all. Just as he was about to speak, a loud laugh was suddenly heard.

“Haha, Zhang Chong, you’ll only be happy if today’s battle can’t be held?”

A group of people walked out from the crowd. The leader was a purple-robed old man. He was in high spirits and was slightly fat. His cheeks were slightly red, and there was a smile in his eyes.

Zhang Chong looked at him and chuckled, “Min Chengxiang, you look good. Did something good happen? Why do I have a feeling that your thunderwind Chamber of Commerce will be at the bottom this time?”

His eyes swept across the people of the thunderwind Chamber of Commerce and fell on a young man with bronze skin. This man’s face was a little dull, obviously because he had not communicated with others for a long time. However, the spiritual fluctuation on his body was extremely strong, so he should be the contestant.

The appearance of the thunderwind Chamber of Commerce relieved the tense atmosphere at once, attracting everyone’s attention. Especially for those Chambers of Commerce that had developed to a certain scale, the Thunder wind Chamber of Commerce seemed to be their only chance to take this opportunity to rise in power.

Min Chengxiang did not mind Zhang chongdai's provocative words at all and laughed, "No matter how we compete, no matter how we decide, there will always be someone at the bottom."

Zhang Chong was stunned for a moment, then he snorted coldly and did not say anything else. This min Chengxiang wasn't xu danhe. He was also an old fox through and through. Moreover, by saying this, it seemed that he was narrow-minded.

"Elder min's magnanimity is indeed beyond that of some petty people," cui Bo chuckled. No one is optimistic about your thunderwind Chamber of Commerce, but I know the background of this kid next to you. I'm afraid that he's enough to shock everyone. At that time, I'm afraid that those senseless Chambers of Commerce will be eliminated."

It was hard to tell whether he was insinuating that he was targeting the Empyrean one Pavilion, the money sect, or even Yunxiao, but his unfriendly attitude was obvious.

When everyone heard what he said, they looked at the bronze-skinned man even more curiously. He seemed to be different from the rest.

"You must be joking, Lord cui," said min Chengxiang with a smile. Why were there still two clans missing? I thought this old man was the most dawdling, but it seems I'm still early."

Suddenly, a burst of laughter came from the sky and a poem was recited, "the world changes like a game of chess. The mysteries of the universe are unfathomable. The seven heroes gather in the city and laugh at all heroes in one fell swoop!

A ray of purple light descended from the sky and landed on the four extremes sect's seats. More than ten people came out from the light. Luo Ying smiled and said, "I'm sorry, everyone. I was dealing with some matters and came late."

"What is it that is more important than the skill formula?" min Chengxiang laughed.

"It's not convenient for me to go into detail about the sect's headache. Fortunately, I'm not the last one." Luo Ying said with a faint smile.

Yunxiao looked over and saw that Tang Jie and Tang Xin were both in the formation, but they were divided into two groups and ignored each other. Tang Jie was accompanied by a Martial Emperor, but he did not see the big demon.

Luo Ying's so-called headache might be this internal struggle. This kind of thing would happen in any sect, but the four extremes sect's internal affairs were already at an irreconcilable stage.

Hmph, you cunning bastard. We were originally in front, but you just had to fly in the sky and get ahead of us!

Hmph! a cold snort could be heard as the people from the Mando Chamber of Commerce slowly appeared. Everyone's gazes turned towards them, but none of them looked at the leader. Instead, their eyes were all on Shui luoyan and the blade sect.

The Business Alliance's duels for many years had been an internal matter. This time, the Mando Chamber of Commerce had pulled the blade sect into their ranks, causing many people to feel extremely conflicted, and they felt like they were xenophobic. In particular, this foreign aid was brought in through a marriage of beauty, which made everyone feel a little ashamed.

"It's normal for you to be a little late to welcome your distinguished guests," Luo Ying said with a meaningful smile. His words were full of sarcasm, and everyone could hear the disdain and contempt in everyone's eyes.

The leader of the Mando Chamber of Commerce, Ren Min, had a flash of embarrassment and anger on his face, and he said coldly, "Luo Ying, when did you become so mean?" He snorted heavily and led the crowd to his Chamber of Commerce's seats.

In the group, there was a man with a cold and sharp gaze. He had a haughty expression on his face. From the moment the Mando Chamber of Commerce entered, he had been acting as if everyone owed him money. When Luo Ying opened her mouth, his sharp gaze shot straight at her, filled with hatred.

Shui luoyan, who had been cold and silent the entire time, suddenly opened her mouth and said softly, "There's no need to be angry, young master Xiao. They only provoked you with their words because they were afraid of your strength."

Xiao Jingming revealed a smug expression as his gaze lingered on Shui luoyan's face. His eyes were filled with unconcealed greed and adoration as he chuckled, " "Little sister Yan 'er is so smart, but these people are too stupid. Do they think that they can stop the rise of my Mando Chamber of Commerce? I'll use my strength to teach them a lesson and make them understand the cruel reality in front of them!"

Shui luoyan chuckled coldly, causing Xiao Jingming to become a little dazed. He said, " "I naturally believe in young master Xiao's strength."

The conversation between the two didn't cover up their voices at all. Xiao Jingming's voice seemed to be deliberately loud, so that everyone in the hall could hear it clearly, and they all frowned.

Yunxiao did not know about the marriage between the Mando Chamber of Commerce and the blade sect, so he was very displeased. "Who's this person who's afraid that people don't know he's an idiot? Could it be that he's participating in the technique battle today?"

The people from the seven merchant alliances were not kind people either. After hearing Xiao Jingming's words, they were already filled with anger. If it wasn't for the fact that they all had their own concerns and didn't want to face the blade sect directly, someone would have already rushed out to challenge them.

When they heard Yunxiao's voice, they immediately beamed with joy. He was not someone to be trifled with. It would be best if they had a conflict and both sides were badly injured.

"Hehe, young master Yun, you don't know. This man is The Good son-in-law of the Mando Business Guild and the young talent of the blade sect. He's not a big idiot like you said."

Tang Xin explained with a smile.

...

Chapter 660-skill tower

Yunxiao's heart skipped a beat as he said with a frown, "Blade sect? Son-in-law?" He seemed to have thought of something, and his expression became a little strange.

After returning from yesterday's battle, he immediately went into seclusion to recover. He only came out now and did not talk to anyone about his battle with Chen Feng. Now, he seemed to understand why the people from the blade sect had appeared outside Song Yueyang City. If the person in front of him was here to participate in the technique, then the dust would have been everywhere.

He suddenly realized that something was wrong. Since no one knew him yesterday, it was fine if the son of the sect master of the blade sect had beaten him up. He could just leave after that. However, if tomorrow morning wind appeared, he would be able to recognize him.

Naturally, he was not afraid of anything. It was just that his current strength was too low to contend with the seven superpowers.

Ding Ling'er also whispered in his ear, telling him about the Mando Chamber of Commerce. Sure enough, it was exactly as Yunxiao had guessed. He could not help but feel a headache coming on. He hoped that Chen Feng's injuries were too serious and that he would not be able to participate in the competition tomorrow. He now regretted not stepping on Chen Feng a few more times and breaking a few more bones yesterday.

Ding Ling'er saw the worry on his face and thought that he was worried after knowing the other party's identity. She laughed frankly and said, "it'll be fine. Whether it's the saber sect or anyone else, Tianyuan trading company will always be with young master Yun!"

Yunxiao knew that she had misunderstood, but he still felt it in his heart. He smiled slightly and did not explain.

"Impudent!"

Xiao Jingming flew into a rage. With his high and mighty status, he could not allow anyone to offend him, not to mention in front of the woman he liked. This was a taboo for every man. He slammed the table and rose to his feet on the spot. A long sword made a sharp sound as it pierced straight at Yunxiao, trying to take his life.

In his eyes, these people from the Chamber of Commerce were just a bunch of country bumpkins. He had already given them enough face by participating in this technique, but there were still people who were blind and wanted to court death. When he saw Yunxiao's cultivation base of five-stars Martial Emperor, he attacked without thinking.

"You can't!"

The powerful citizen cried out in shock, but it was too late. Furthermore, Xiao Jingming didn't really listen to him, and in his panic, he turned to look at Shui luoyan. Although Shui luoyan's marriage partner was Chen Feng, he did not expect this young Alchemist from the saber sect to be so fascinated by her.

Shui luoyan turned her head slightly and pretended not to see it. Her eyes followed Xiao Jingming's sword and looked at it indifferently.

"Ignorant!"

Yunxiao snorted and raised his hand, then slightly stretched out his fingers and pinched the sword, pointing at a flower and smiling.

Xiao Jingming immediately found that the long sword could no longer move. Not only that, but a force was directly transmitted from the sword, which also shocked his body. He was suddenly shocked.

"Get lost!"

let's go! Yunxiao said in a low voice. Then, he flicked the sword with two fingers, causing it to let out a very strong dragon roar that buzzed in the ears of the people around him.

Xiao Jingming, on the other hand, felt half of his body go numb from the shock, and his whole body was sent flying back to the Mando Chamber of Commerce's seats.

The powerful man hurriedly flew up and caught Xiao Jingming. Otherwise, if this old man fell and broke, he couldn't afford to be responsible.

“Damn it, damn it! Kill him, kill him now!”

Xiao Jingming roared with a red face. He already knew that he couldn't beat the other party, so he didn't dare to go forward and humiliate himself. He kept roaring at the powerful people.

Without waiting for the man to answer, Cui Bo said, “Alright, stop fooling around. Since he was already here, let's start. Any more troublemakers will be disqualified.”

This time, Xiao Jingming also quieted down and didn't dare to make too much noise. His mission was to get first place. If he was disqualified and could not complete the mission, the consequences would be very serious. However, his face was purple with shame and anger, and he did not dare to look at the woman he had fallen in love with. His hatred for Yunxiao had risen to the level of his greatest enemy.

There's no need to take it to heart, young master Xiao,” Shui Luoyan said indifferently. This man's strength is rather strange, and young master Xiao is an alchemy master. Naturally, you can't have a martial arts competition with him. However, this man also seems to be the representative of Tianyuan trading company. When young master Xiao defeats him, he will naturally be able to vent his anger.”

“Oh? He's actually the person who created the technique? That's great!”

Xiao Jingming's fingernails were almost digging into his flesh as he glared at Yunxiao, his heart filled with anger.

As Cui Bo's voice rang out, the large square, which was filled with tens of thousands of people, fell silent. Everyone's eyes were focused on the central ten thousand treasures tower's seats, waiting for his announcement. Everyone began to become nervous.

I'll cut to the chase,” Cui Bo said. As usual, the alchemist's comprehensive ability is a test of the alchemist's skill formula. As usual, the standard of judgment is based on the level of the tower's clearance. He opened his palm, and a small round Pagoda with seven apertures flew out. The weapon essence on it vibrated and shone with seven different lights. The power was a little chaotic.

“Next, we will invite the representatives of each Chamber of Commerce to inspect the tower.”

Cui Bo made a hand seal and the light on the tower disappeared. Then, he pushed it lightly and the tower flew towards Luo Ying of the four extremes sect on the left.

After Luo Ying received it, his spiritual sense circled the tower and also extinguished a ray of light. He said indifferently, "No problem," he said. He then passed it to the people of money sect.

It was only then that Yunxiao understood that the art Tower was jointly sealed by the seven Chambers of Commerce and handed over to myriad treasures store to manage. If he were to perform another technique now, he would need the people of the seven Chambers of Commerce to check if his seal was intact and if the art Pagoda had been tampered with.

As everyone's technique was different and extremely brilliant, the possibility of myriad treasures store breaking through the seal jointly laid by the other six Chambers of Commerce and tampering with it was zero. Moreover, before each Chamber of Commerce unsealed their seal, they would investigate it again to ensure that nothing went wrong.

After everyone had examined it, the spell Tower was passed to Ding Ling 'er. Only a beam of light was left on it. She examined it carefully and retracted the last beam of light with a unique technique. She pushed the spell Tower back into Cui Bo's hand and said, "No problem,"

Cui Bo smiled and took the spell Tower. since all the representatives have examined it, it proves that everything is normal in this Art Tower. I'll take my leave.

His left hand gently moved forward. A green light emerged, dragging the technique tower to the center.

As soon as it touched the ground, it made a huge trembling sound and slowly grew bigger. In a few breaths, it grew to a height of a thousand feet and a radius of thirty to forty meters. It stood tall in the center of Songyue city, looking extremely beautiful from the sky.

"Everyone, hand over the keys."

Cui Bo spread his hands, and the other six representatives took out a piece of Jade inlaid with gold and shot it at the door of the spell Tower.

There were two old men carved on the door. One was meditating and refining pills, while the other was condensing Thunder and refining tools. The expressions and movements of the two were vividly drawn, and even the fingerprints on their hands were basic refining techniques, standard textbook movements.

Around the two old men was an ordinary refining array. The seven array eyes had caved in and were missing a piece of material, which was the key that the seven old men were holding.

Seven rays of light shot into the array eye. Immediately, there was movement on the door. The two old men who had remained still suddenly moved. The incantation seals in their hands began to change. The door slowly opened, and a corridor ladder appeared, leading to the depths.

Everyone held their breath and focused, not daring to take a deep breath during this process. It was only when the door opened that they began to breathe.

everyone, I won't say much about the rules. This Art Tower has a total of nine floors, which represent the strength of the first to the ninth level. Whoever can reach the highest level will win.

Cui Bo made a gesture of invitation and said, "From now on, if someone stops at a cultivation level for more than two hours, it means that your strength can only stop there. Then, you will be automatically transported out. The top ten people will be given ten to one point, depending on their ranking. This tower has already set up an age restriction, and those above thirty can't enter. Participating brats, please come in."

Although this kind of test using the art Tower as the level of the art was not completely accurate, it was still a common practice on the continent.

As soon as the door of the technique Pagoda opened, everyone rushed in impatiently. Most of them were disciples of small Chambers of Commerce, hoping to get the first chance. However, that was just a psychological comfort. The real results had nothing to do with the order.

A middle-aged man was apprehensive and asked, "I'm 30 this year, can I participate?"

Cui Bo looked at him and said, "You'll know when you go over and try. If your actual age is over, you won't be able to enter the sect."

The middle-aged man walked forward with a nervous look on his face. He took a step into the door and entered it without any obstruction. He was immediately ecstatic and burst into laughter.

he's just a sixth-tier Alchemist," said Nanmen Xingye with a sneer. what's the point of going in?"

Cui Yuan said, " you can't say that. The function of this art Pagoda is not only to test the strength of the opponent. It is also very beneficial to the cultivation of art. Otherwise, there wouldn't be so many people fighting to participate in the competition. It's only for the sake of cultivation. The only ones who have the strength to compete are the few of us."

...

After the two finished speaking, they entered one after another.

"Kid, I'll wait for you inside. Come in if you dare!"

Xiao Jingming pointed a finger at Yunxiao and said fiercely, then rushed in.

Tang Xin smiled. it's just a Mad Dog. Don't worry about it.

Yunxiao simply ignored him. He nodded and entered the tower.

The black passage went straight up, and soon, it was bright. The whole interior was actually a vacuum, with nothing inside. Many young alchemists were suspended in it and rising slowly.

Yunxiao was a little surprised. The test method of each Art Tower was different, and this tower did not seem to be so simple. He did not know who had refined it, but it had an ancient charm to it.

He slowly walked into the yellow light, and the scenery in front of him changed. It turned into a world of flowers in spring, and there was actually a universe inside!
