

The Eternal 661

Chapter 661-betting

At that moment, Yunxiao was in a Sunny Valley, with hundreds of flowers in full bloom and spirit energy overflowing. It was an indescribably comfortable place.

A few lines of words were carved on the cliff of the valley: One only needed to pluck ten Level 2 spiritual herbs to enter the lower level. One wrong move and one would be teleported out.

Yunxiao could not help but laugh. This was a test of the most basic identification ability, which was a necessary skill for a mature first-tier Alchemist to accurately identify second-tier spirit herbs. It seemed that Cui Bo's words that each level represented a level of alchemy made a lot of sense.

He casually plucked ten Level 1 spiritual herbs. The sky changed instantly, and all the flowers disappeared. He had returned to the art Tower. A faint light appeared on his body and rose slowly, directly raising his level by one.

At this moment, everyone had already entered the second level and above. He was considered slow. When he looked up, the first few people had already reached the fourth and fifth level. However, before he could take a closer look, just as he reached the second level, the scenery in front of him changed again. It was a new scene. He was actually in the swamp of a forest.

Over a hundred people poured into the tower, making it a little crowded. However, everyone was being tested individually, so they did not affect each other.

There were constant whispers outside the technique tower, but it was generally very quiet. Everyone's eyes were focused on the tower, and at that moment, the tower became translucent. From the outside, they could see through it and observe the situation of each participant.

"It's starting inside, let's start too," Luo Ying said with a smile.

As soon as he said that, everyone smiled. Cui Bo said, "It's really hard to guess the champion this year. Every one of them is astonishingly strong. The bet itself is extremely difficult."

“What’s so difficult about it?” Luo Ying laughed. One billion mid-grade primordial stones as one bet, and the winner will split the wagers according to the number of bets.”

“It’s a good idea,” cui Bo nodded after some thought. His hands quickly formed seals and a water curtain appeared beside the art Tower. It gradually expanded and his index finger quickly pointed. Names began to appear on the water curtain. They were the participants from the seven Chambers of Commerce.

No one had any objections that the Champion’s Goal was to be one of the seven. Even if it was an unexpected win, it would definitely not exceed this range. However, cui Bo still said, “You can place your bets on other people, but you just have to write your name on it and place your primeval stones. Elder di, you’ll be in charge of the statistics.”

Di Shenghua chuckled and stepped out of the ranks to guard the water curtain.

This time, everyone began to discuss one after another. Regarding the strength of these seven people, it was indeed like a fog. Not to mention that everyone did not understand, even the seven Chambers of Commerce had a very vague understanding of the background of each other’s participants.

“I’ll bet two on young master Tang Xin, two on li Yunxiao, and three on Xiao Jingming,” Luo Ying said with a smile. He casually threw a few storage bags over.

After di Shenghua took it and checked it, he put Luo Ying’s name on the water screen, indicating the betting target and the betting code.

“Huala!

With him taking the lead, it immediately caused all kinds of speculations and doubts.

Luo Ying actually bet two times on li Yunxiao. It’s hard to understand. Is it true that li Yunxiao is an eighth-tier Alchemist?”

“Nonsense! If he was at the eighth-rank, Lord Luo would have bet all his fortune on him! You have to know that if you can win an unexpected victory at this time, the primordial stones you earn will be enough to open your own merchant Association.”

“That makes sense, but I still have to mention the unpopular bomb explosion. It’s understandable that he bet on Tang Xin and Xiao Jingming, but this is a bit of a problem. Why don’t you follow Mr. Luo and bet on it? I think you’ll make a profit!”

“Follow? How much money do you have! That’s one billion in one bet!”

Luo Ying’s betting configuration caused quite a bit of discussion, but everyone was still holding a wait-and-see attitude. Who knew if he would increase the bet and change the configuration ratio in the future? his financial resources were immeasurable, and if they rashly followed him, they were afraid that they would lose all their money at night.

Cui Bo laughed in surprise. it seems that sect master Luo has no confidence in Tang Xin.

Luo Ying smiled faintly, “I’ll bet a little first, who knows if I won’t increase the bet later?” We’ll wait and see for now, I have high hopes for these three.”

that’s right, ” cui Bo nodded. everyone’s strength is extraordinary, so it’s indeed a bit difficult to make a decision. The end of the bet will be when the first person reaches the sixth level. I’ll place three bets on our son first.” He then threw a storage bag over.

The sum of primordial stones wagered during each duel was abnormally shocking. It was even comparable to the annual income of those large and medium-sized Chambers of Commerce. If it was an unexpected win, then most likely no one would dare to claim the money they earned, for fear of inviting a fatal disaster. Those small Chambers of Commerce all hoped to make a lot of money, but they couldn’t make too much.

The powerful man pondered for a moment and said, “ten stakes, Xiao Jingming!” &Nbsp;

“Huala”

The bets of the powerful people once again ignited everyone's speculations, because the person who knew Xiao Jingming's strength the best here was probably him. Moreover, everyone knew that the condition for the marriage between the Mando Chamber of Commerce and the blade sect was that they had to obtain the final first place. In that case, the results of both duels could not be bad, and they even had to be in the top ranks to have any hope of winning. How could the people sent out be bad?

As soon as he placed his bet, it immediately attracted a lot of followers, and the number of bets under Xiao Jingming immediately rose to more than 30. Although everyone supported the merchant Union's victory in spirit, they were still rational when they placed their bets.

"Hmph, a bunch of spineless things, suppressing outsiders!"

Qian Wudi snorted coldly, not hiding his disdain and contempt at all. He threw out a storage bag and said, "I'll bet ten on li Yunxiao!"

"Hualala!"

Zhang Chong's face was filled with black lines as he said awkwardly, "Young master, don't you think highly of your own family?"

Qian Wudi frowned and said, "as long as you're from the merchant Union, you're family." Of course, I'm optimistic about Nanmen Xingye, but I'm more optimistic about li Yunxiao." Among all the people in the merchant Union, he and Tang Jie were the only ones who knew Yunxiao the best, and they knew how terrifying he was the most.

While everyone was speechless, Tang Jie suddenly said, "I'll bet twenty on li Yunxiao!"

"?!"

This time, they didn't faint, but everyone's faces changed slightly. Although the seven Chambers of Commerce had endless wealth, this was not how they played. Some astute people immediately stopped their impulse to bet and quietly waited for the next result.

Qian Wudi's expression changed slightly as he stared coldly at Tang Jie and snorted, "I'll add ten more, li Yunxiao! Sparks seemed to fly between the two of them as they looked at each other with cold eyes.

Zhang Chong's face was full of sweat, "young master, it's not good to support an outsider like this." No matter what, you should at least place a few bets on yourself." "Look, Nanmen Xingye has already reached the fourth level, and he's at the third level!"

Qian Wudi replied indifferently, "I'll support Nanmen Xingye in spirit. I also believe that he will win." But, I think you should bet on li Yunxiao."

Zhang Chong, "hehe."

With Qian Wudi's bet, the people who bet on Nanmen Xingye only had two bets until the end. One of them was from Zhang Chong, and the other was someone who was hoping to be an upset.

a bunch of ignorant juniors. I'm waiting to see you cry from the compensation!

Xu danhe's mocking voice rang out with a disdainful look on her face. Her hatred for Yunxiao had reached the point where she wanted to kill him.

"Why don't you bet on Tong Xiu, granny?" Tang Jie sneered. Could it be that they are waiting for the last second to place their bets, in case someone follows suit?"

Xu danhe hated it the most when people ridiculed her for being old. Her face turned green with anger and she snorted, "Uneducated brat! Tong Xiu was very confident that he would win the first place. If it weren't for the interference of the cui family's boy, who was sneak-attacked by Yunxiao and is now injured, I would be at ease even if I bet all his assets on him."

"Tsk!"

The disdainful snorts from all around rang out. Tong Xiu became the second unlucky person after Nanmen Xingye, and he didn't even make a bet, not even a single gambler.

haha, the old hag is so jealous of everyone's confidence in young master Yun that she's getting older by a few hundred years!

"I bet 150 on young master Yun!" Young Emperor haolian laughed.

"?!"

...

This grand move made everyone suck in a breath of cold air and look at each other in horror!

150 wagers of chips were a total of 150 billion medial-grade primordial stones! It was definitely not a probing bet, but a gamble with all his might! If he didn't have full confidence, he wouldn't be so bold!

This amount of money was most of the primordial stones that Tianyuan trading company could afford at the moment, so it was just enough to round it up.

Cui Bo was also stunned for a moment. He smiled bitterly and said, "150 billion Yuan! Miss Ling'er is really a hero among women. She didn't even blink her eyes when she spent such a large amount of money.

of course! Ding Ling'er smiled and said, "why wouldn't I do something that will make me a fortune?" It's an unchangeable fact that young master Yun won first place. It's 100% certain!"

She said it with certainty, her face brimming with a confident smile and a happy gaze.

All the men felt a burst of sourness in their hearts. To have such a close female friend in this life, they could die without regrets.

Shui luoyan looked over with a cold look in her eyes. There was also a trace of anger. She realized that the happier Ding Ling'er was, the more uncomfortable she felt. I bet twenty on Xiao Jingming!

Although her words had also attracted everyone's attention, most of them were still shocked by the 150 notes.

Ding Ling 'er glanced at her, and a faint smile appeared on the corner of her mouth. Then, she no longer looked at her.

An inexplicable anger suddenly rose in Shui luoyan's heart, as if she had been provoked. Moreover, her 20 chips seemed so pathetic in front of the other party's 150 chips. Even so, it was all the money she could use.

...

She was screaming crazily in her heart, Ding Ling 'er, just you wait! When I become the young Madam of the blade sect, I'll definitely teach you a lesson!"

Chapter 662

662 Inside the art Tower

"Luo Yan, 20 wagers of chips, you can just take it."

With Shui luoyan's status, it was impossible for her to use so many origin stones. However, in this double duel, all the finances were under her control. She must have used the wealth of the Chamber of Commerce privately. Such a casual decision without discussing it with him made him extremely unhappy. He wanted to reprimand him, but he was interrupted just as he opened his mouth.

"Enough! I have my own way of doing things, you don't need to care!"

Shui luoyan was annoyed. Ding Ling 'er could casually use up to a hundred billion vitality stones, but she was condemned for using a mere twenty billion. Her heart was burning with anger as she coldly said, "Elder Quan, just mind your own business. Luo Yan knows what she's doing, so there's no need for you to worry!"

"You coward!"

The powerful citizen was suddenly rebutted and flew into a rage, but he couldn't flare up at this moment no matter what. The conversation between the two of them was carried out through voice transmission, and they had to take into account the face of the Mando Chamber of Commerce as a whole. Furthermore, Shui luoyan's current status was no longer the same as before. Even he had no right to punish her.

"Good, very good!"

The powerful man spat coldly. His face turned gloomy and he did not say anything else.

Shui luoyan gave him a cold and disdainful smile. A large merchant Association had to rely on a woman like her to pull in external help in order to continue its glory. She did not want to stay in such a place any longer.

Moreover, even if this marriage failed, with Xiao Jingming's current infatuation with her, she could at least control Xiao Jingming in her hands, and Xiao Jingming's identity might not be lower than Chen Feng's.

After this duel, no matter what the result was, she was no longer a disciple of the Mando Chamber of Commerce. Even the president would have to change his attitude when he saw her, so she was no longer afraid of the people.

Min Chengxiang of thunderwind Chamber of Commerce said with a smile, "Is this li Yunxiao so powerful? Why are you all so curious? Fine, I'll bet a few too, but his ranking isn't that high right now."

Everyone looked into the tower and saw that the first person had already reached the fifth floor. To their surprise, it was the disciple of the thunderwind Chamber of Commerce, while Yunxiao was only on the third floor.

this is interesting. I wonder who built this art Pagoda. The third level's test should be refining.

Yunxiao appeared on the third floor of the technique tower. The condition to pass the test was to extract seven different raw materials from a large number of loose stones floating in the air, then condense them together according to the ratio to form a seven-star path that led to the fourth floor.

There were more than 1000 types of rocks in the air. The first step was to identify the seven types of rocks that he needed.

Yunxiao's divine sense spread out directly, and the several-mile-long belt of rocks was all under his control. Then, he raised his right hand slightly and pointed at the air. With just one finger, a large number of rocks exploded one by one, shooting out like firecrackers.

It seemed to be a mess, but in reality, it was all under his precise control. All seven materials exploded, and the required proportion was also strictly controlled. Then, Yunxiao performed an incantation gesture with both hands. The shattered powder quickly condensed and gradually spread out in the air, forming a colorful road that led to the sky.

Stepping lightly on the seven Star path, Yunxiao headed toward the fourth floor.

The scene around him changed again, and he returned to the spell Tower. He quickly scanned the tower and saw that five people had already reached the fifth level. It seemed that it would be a little difficult from there on.

The fourth level was actually a vast white ocean, with no end in sight.

On the shore of the sea, there was a huge stone tablet with a few words written on it: Controlling the six Senses, crossing the other shore.

"This ocean is boundless. How can I cross the other shore?"

my primordial power seems to have been sealed," Yunxiao muttered to himself. I can control my Six Senses. Is it possible that I can fly with my soul power? " But isn't this ocean a little too big?" "Since it's a test of a fourth-tier art, it shouldn't be too difficult," he said after some thought.

He didn't have time to think and immediately spread out his soul power, forming thin silk-like wings on both sides of his body. Like a Golden-winged ROC, he flew into the sky and rushed into the vast ocean.

The originally calm sea suddenly underwent a huge change. In the blink of an eye, it became turbulent. The sky also darkened, and a pressure of heaven and earth formed on the surface of the sea, sweeping over.

en, this level is indeed a little difficult for Tier 4!

Yunxiao carefully sensed the changes in his surroundings. This level was naturally not a problem for him, but his soul power had also made a subtle improvement. If the demonic Dragon had not sent him a voice transmission, he would not have noticed it.

it's really unbelievable. It can actually enhance soul power when completing these rounds.

“Oh? It shouldn't be like this, these are all low difficulty levels, they should be easily cleared in minutes.”

“Well, I don't quite understand either. However, your soul power has indeed become purer after you passed the levels. Perhaps these levels contain some kind of Supreme heavenly Dao.”

“The heavenly Dao of truth? Don't even mention it. Unless there are tenth-tier rules of Arcana, it's impossible for it to have such a great amplification effect on me. However, this tower only has nine floors in total. Even if it reaches the peak, it'll at most be at the peak of the ninth-tier.”

but have you thought about it? if you can refine a tower that contains the peak of the ninth level, it wouldn't be strange for it to contain a little power of the tenth level.

Yunxiao's body trembled, and his eyes were filled with horror. The Dragon's words were like enlightenment, giving him a sudden feeling of enlightenment, but it was hard to accept. could it be that Yingluo is saying that this Spell Tower Kasaya was really refined by a level ten sorcerer God? ”

“Even if he's not, he's probably not far from it,” the demonic Dragon laughed. This Art Tower itself is a ninth-grade item, and the highest level should contain the highest law that the person who refined it has mastered. You'll know when you rush to the top to take a look.”

although I was a ninth-tier Alchemist in my previous life, I was far from the peak of the ninth tier, ” Yunxiao said thoughtfully. I can also refine this kind of Art Tower, but I’m afraid I’ll have to reach the top to get a glimpse of the Supreme law comprehended by the refiner. It’s a pity that I don’t have the opportunity. I’m only at the seventh step right now, so it’ll be pretty good if I can make it to the eighth floor.”

“I’ll merge with you at the final moment,” the demon Dragon said.”It shouldn’t be a problem for us to break through to the eighth level. However, this might be an opportunity for you to truly step into the eighth step.”

it’s only a matter of time before my strength returns, ” Yunxiao said. I’m not in such a hurry now, and I’m not as eager as before. Let’s just let nature take its course.

The ocean kept roaring as he flew, and all kinds of strange phenomena appeared on the surface of the sea, but they had no effect on Yunxiao. However, his brows were furrowed into a deep frown, and it took him a long time to unfurrow them.

After the demonic Dragon’s advice, he began to seriously consider the structure of this Spell Tower. He secretly thought about how he would refine it and how to achieve such effects if he were in the Dragon’s shoes. It was like an Alchemist getting a model and starting to study and conceptualize the structure and laws within it.

Without realizing it, he had crossed the fourth level. With the demon Dragon’s reminder, he observed his own soul power and realized that it had indeed increased by a lot when he returned to the art Tower.

someone’s about to enter the sixth level! cui Bo shouted from outside the spell Tower. the betting time is the last ten seconds!

Everyone became nervous. It seemed that Xiao Jingming and the bronze-skinned man from the thunderwind Chamber of Commerce had the upper hand in the technique tower. They opened their eyes at the same time, which meant that they had obviously passed the fifth level and were about to advance to the sixth level.

The two of them looked at each other, their eyes filled with cold hostility. Xiao Jingming also cast his gaze down and glanced at the crowd of over a hundred people. When he saw Yunxiao, who was jumping into the fifth floor, a cold sneer appeared at the corner of his mouth.

On the water curtain outside the technique tower, the three people with the most chips were Xiao Jingming, the man from the Thunder wind Chamber of Commerce, and Li Yunxiao. In the last ten breaths, seeing that Xiao Jingming and the man from the Thunder wind Chamber of Commerce had a steady advantage, the chips under them had almost doubled in just ten breaths. One of them had more than nine hundred chips, the other had more than seven hundred chips, and Yunxiao, who was in third place, had more than four hundred chips.

Xu danhe sneered. it seems like the Chamber of Commerce is going to lose everything. They've lost all their family property. There's no need for the martial arts competition tomorrow.

Young Emperor haolian furrowed his brows and asked in confusion, " someone had already been injured before the skill battle and lost before the martial battle even began. However, he doesn't care that he's about to be eliminated. Instead, he likes to point at others.

Mo Xiaochuan sighed, "what can I do?" There's nothing much to see at home, so I'm very happy to see others suffer losses and setbacks. What kind of mentality is this? Young Emperor, you know women the best. Please explain."

"Sweat!"

Young Emperor hao lian's forehead was covered in sweat, and he had goosebumps all over his body. that's also a woman. Can you not ruin the word 'woman'? there are tens of thousands of men here. Do you want them to be completely impotent when they hear the word' woman 'in the future?"

Young Emperor hao lian didn't hide his words at all, and all the men's eyes turned to Xu danhe. Then, they shivered and broke out in cold sweat. They agreed with young Emperor hao lian's words, and many of them even covered their mouths and laughed in whispers.

As the great elder of the Empyrean one Pavilion, Xu danhe was usually a superior existence. She had never been insulted like this before. Not to mention, there was also the constant ridicule and laughter in

private. How could it escape her ears? she was so angry that her brain was in a daze, and she had lost the ability to think.

“Damn it!”

...

Xu danhe instantly exploded. The power of her palm that could tear the sky and earth apart covered her. She had completely gone mad. These people of Tianyuan trading company seemed to be her natural-born death. Every time she was angered, her lungs would explode. She wanted to end these people completely regardless of the consequences.

Chapter 663-explanation

Mo Xiaochuan and haolian shaohuang had been prepared for this. They had been on guard against the old woman’s madness, and they moved the moment she attacked.

Xu danhe’s strength was unfathomable, and they could not stop her alone. She stood on the left and right sides of Tianyuan trading company. If they took a step back, the entire Tianyuan trading company would be annihilated.

“You’re the one who should die, old hag!”

break! mo Xiaochuan shouted coldly. The Tiangang demon-slaying sword suddenly flicked out from his right hand, and a sea of sword Qi spread out. His fingers flickered as he tapped on the sword one by one. It was as if a seal had been broken. The artifact Spirit let out a long cry, and the sword Qi shot up into the nine Heavens!

“Red furnace lights the snow to illuminate the mountains and rivers!”

He thrust his sword out with all the power of a four-star Martial Emperor. This unreserved attack was even more powerful than when he had killed the elder of the Emyrean one Pavilion.

On the other side, young Emperor Lilian's fist intent also reached the sky. Although he only had a cultivation of one star, all his life's learning was on this fist. With this fist, he proved the way and condensed a rule of heaven and earth. Its power also caused a vision of heaven and earth and a great change of heaven and earth!

Under the sudden appearance of these three extreme forces, the entire Songyue city turned dark in an instant. The sun and moon lost their light as three forces soared into the sky!

Just as the three of them made their moves, the rest of the people from the Chamber of Commerce changed their expressions. Cui Bo was even more shocked and angry, and he hurriedly attacked. If the three of them were allowed to do as they pleased, the entire technique would be completely destroyed.

His figure rushed directly toward the art Tower. Like a shadow, he circled the tower. Circles of power were released from his body, forming a pink mist that surrounded the art Tower.

The rest of the people from the seven Chambers of Commerce also made their moves. Luo Ying threw out his heaven suppressing Pagoda, and under his incantation seals, it turned into an existence that was not inferior to the art Pagoda. In an instant, it locked the space where the three of them were fighting in to prevent the shockwaves from being too great.

Zhang Chong, Min Chengxiang, and Quan Min worked together to set up a wizardry barrier, which protected the spell Tower on top of Cui Bo's.

High up in the sky and below the heaven suppressing Pagoda, the three forces were squeezed together. The spiritual pressure that was emitted directly broke the spatial lock of the heaven suppressing Pagoda. It spread out like a spider web, and many of them fell to the ground, shaking some of the martial artists into ashes on the spot!

The might of a Martial Emperor was so terrifying!

The tens of thousands of people below immediately became chaotic and caused a huge commotion.

After casting a spell to protect the spell Tower, cui Bo looked up at the sky. His face darkened and he shouted angrily, "The three of you still haven't stopped. Do you want everyone to join forces to kill you?"

It was a grave crime to destroy the double duel, and the people of the merchant Union should punish him together!

This was the rule of the duel agreement, and no one could disobey it!

all Nine Heavens realm experts," cui Bo shouted. maintain order and strengthen the heaven-suppressing tower's barrier! As soon as he finished speaking, he flew up into the air and quickly formed a seal with his hands, striking out a sealing force to suppress the spiritual pressure that broke out of the heaven suppressing Pagoda in the air, so as not to affect the innocent.

As soon as he gave the order, dozens of figures rose into the air and protected the heaven suppressing tower's barrier. Only then did they manage to suppress the three men's attack.

Luo Ying immediately felt the pressure on his body decrease and sent out several spells into the pagoda. For a moment, golden light bloomed and the pagoda slowly descended from the sky, trying to completely suppress the three of them.

Xu danhe, mo Xiaochuan, and the other two weren't in a good state either. The two of them had joined forces to fight her to a draw. This was something that Xu danhe had never expected, causing the three forces to be in a stalemate. Now that they were being suppressed by everyone, they couldn't release their power. The three of them felt an extreme external pressure as if they were about to be crushed into pieces.

Her impulsiveness disappeared in the face of death. Xu danhe said angrily, " why aren't you withdrawing your moves? do you all want to die?!

Hmph, you're the one who provoked me, you old hag. If I'm going to die, you'll die first! Shaohuang haolian was the weakest among the three of them. At this moment, the world of fist intent was showing signs of collapse, but he was still talking and laughing, seemingly unafraid.

Xu danhe was shocked and furious. She did not want to die with these two lunatics. If the heaven suppressing Pagoda gathered everyone's strength and fell, they would be completely finished. When he thought of this, he broke out in a cold sweat and hurriedly said, "I'll count to three and everyone will stop!"

"One, two, three!"

Xu danhe counted to three and suddenly withdrew her forces.

Mo Xiaochuan and haolian shaohuang withdrew at the same time. For a brief moment, they had thought of taking advantage of the situation to completely eliminate Yunxiao's mortal threat, but if they did so, they would certainly be crushed by the heaven-suppressing tower, and when Yunxiao went crazy, he would have to face the entire merchant Union.

In that split second, the three forces lost their source and the heaven suppressing Pagoda crashed down. Three rays of light broke through the barrier and flew out.

A loud rumble came from the tower's barrier. The three forces were immediately suppressed by the tower and rapidly shrank, finally turning into a small ball of light and being sucked in.

Luo Ying's expression did not change, he calmly performed a few hand seals and kept the heaven suppressing Pagoda back into his hand. Only then did the sky gradually regain its clarity, and the tens of thousands of people below heaved a sigh of relief, gradually calming down the commotion.

The dozen or so Martial Emperor powerhouses in the sky also flew down one after another. All of them did not look too good.

The enchantment barrier that Zhang Chong and the others set up outside the technique Pagoda was also removed. They all looked at Xu danhe and the other two coldly.

Cui Bo was the person in charge of the entire merchant Union and also the highest person in charge of the double duel. He said coldly, "The three of you, I need an explanation. Everyone needs an explanation!"

At this moment, shaohuang haolian's face was already pale as he sat on the ground to regulate his internal vital Qi. Under the pressure just now, his physical body had almost collapsed, and his martial intent had disappeared. His injuries were extremely serious. Even mo Xiaochuan was greatly weakened. He said coldly, "Explain? I also want an explanation. It was this old woman who provoked us first and attacked us first. I also hope that you can give us an explanation!"

Cui Bo frowned as soon as he heard this. He recalled what happened just now and realized that it was indeed the case. However, with Xu danhe's status, it would be strange if she didn't fly into a rage after being teased by the two. However, Xu danhe was the one who provoked the other party first. In this case, she really couldn't blame Tianyuan trading company.

"Elder Xu, what's your explanation?" he asked.

Xu danhe had just experienced a near-death experience and became much calmer. However, her heart was still extremely furious. She snorted heavily and said, "What explanation do I need? Shouldn't I kill them for insulting me with such filthy words?"

Mo Xiaochuan laughed coldly. hehe, landlord cui, you've seen it for yourself. This old woman is very arrogant. After all, tens of thousands of people are watching. Tianyuan trading company doesn't care if you continue to be biased since it's not the first time. However, I'm afraid it won't be good for the reputation of myriad treasures store, right?"

Ding Ling 'er also stood out and said coldly, "Tower Lord cui, I'm just a woman, and I'm not as smart as you in terms of words. I'm not as good as you in terms of cultivation, but what I know is the iron law set by hundreds of Chambers of Commerce in the merchant Union! Today, tower master cui was hosting the two duels, which was the result of the expectations of the public and the absolute trust of hundreds of Chambers of Commerce in myriad treasures store! Tianyuan trading company's injured people and the innocent people who were killed by violence just now, please give us an explanation, Tower Lord cui!"

"Right! You have to give me an explanation!"

Cries of grief and indignation rang out from the crowd. They were all the relatives and friends of the people who had been killed by the spiritual pressure of the three forces.

don't worry, " cui Bo said in a deep voice. no one can disobey the iron law of the merchant Union! "Elder Xu danhe, if you can't give everyone a satisfactory explanation, I will have to enforce the law for the merchant Union and give you an explanation!" He said coldly.

Xu danhe said angrily, " what explanation? I didn't do anything wrong! Cui Bo, don't abuse your authority for your own benefit and take revenge for your son!"

"You're courting death!"

everyone! cui Bo was furious. in the name of the ironclad law of the merchant Union, I order you to attack with me. Let's take down this arrogant and reckless woman!

"Cui Bo, how dare you call me an idiot!" Xu danhe gritted her teeth in anger.

Everyone was speechless. She was still so arrogant at this time. If she wasn't a stupid woman, what was she?

"Of course, I will follow the iron law of the merchant Union!"

Luo Ying and the others all accepted the order solemnly. In the case that someone openly violated the iron law, the person in charge of the double judges had the right to gather all forces to fight together.

Several powerful forces surged out at the same time and locked onto Xu danhe. No matter how high her cultivation base was, as long as she resisted, everyone would be able to instantly turn her into ashes.

"You, Yingluo, don't mess around!"

Xu danhe panicked a little, but she pretended to be calm and shouted, " "I'm the great elder of the Empyrean one Pavilion!"

...

Cui Bo said coldly, "as the Grand Elder of the Empyrean one Pavilion, you should know that the rules of the merchant Union can not be violated!" Now, are you going to give us an explanation or do you want us to give you an explanation?"

Those extremely strong auras were extremely cold. Xu danhe did not doubt that these people would take the opportunity to kill her mercilessly. She immediately felt guilty. how do you want me to explain?"

Everyone cursed in their hearts. Stupid woman! Other than his high cultivation level, he had no other merits. His intelligence was also low. The Empyrean one Pavilion must have been blind to let this person lead the team.

Cui Bo frowned and looked at Ding Ling 'er.

Tianyuan trading company doesn't want to argue with such a person," Ding Ling 'er said lightly. fortunately, no one died, but someone was injured. We can just compensate ten billion Yuan stones. As for the relatives and friends of the deceased, I don't have the right to ask for anything from them, but if I were to ask for it personally, I'm afraid I wouldn't dare to ask this old woman for anything. It's better to compensate ten billion for each of the deceased."

"10 billion per person? Just kill me!"

Xu danhe's eyes were about to pop out. At this moment, she was not afraid of death at all. However, when those auras burst out with killing intent again, she immediately shut up and snorted, "ten billion is too much. At most, each person can only pay a hundred million primeval stones.

Chapter 664

664 On the verge of elimination

Lord cui," Ding Ling 'er said coldly, "we don't need an explanation from her. Please give her an explanation!

"Hold on!"

Xu danhe felt the hostility of those auras and the undisguised killing intent in the eyes of those experts. She had no choice but to yield and said in a sullen voice, " I'll pay the 10 billion from Tianyuan trading company. The others are too high. I'll pay one billion for each of them. No more!

Cui Bo nodded. alright, let's do this. This will not happen again. Otherwise, I will not spare you! Elder di, you are in charge of the compensation!"

He didn't ask Ding Ling 'er anymore. This compensation was acceptable for them, but if they continued to struggle, they might not have a good ending. As the host, he had to take the overall situation into consideration. Furthermore, it was definitely not a small amount to compensate one billion for each of those unknown minions. He had put elder di in charge of the compensation because he was afraid that those minions would not dare to ask for compensation from Empyrean one Pavilion, so he had done it on his behalf.

The relatives and friends of those martial artists were sad and angry, but they also felt a little relieved. However, they also lamented the different lives of martial artists. A slight injury of others was worth ten billion, but the death of their side was only a billion. However, this amount had already exceeded their expectations, so they didn't dare to say anything more. They cast a grateful look at Tianyuan trading company.

After this episode, the entire central square became silent. Xu danhe also became a lot more dispirited. She had a straight face and didn't want to say anything. The rest of the people also turned their eyes to the water curtain. It was only then that they were surprised to find that Xiao Jingming had already started to rush into the seventh level!

Most of the people had bet on him, so there were many excited people who clenched their fists.

At this time, many people had begun to be eliminated one after another. They had all held on until the last moment and let the spell Tower eliminate them on its own. For these weak contestants, every minute they lasted was a great benefit.

At this moment, the eliminated people were all full of smiles. Their purpose was to cultivate, but there were also some who felt that things were not going well and appeared depressed.

At this time, Yunxiao was also slowly leaving the fifth floor and rising to the sixth. On the fifth floor was a complete refining process, and the object refined was a mirror with a great illusion effect. During the refining process, it constantly produced illusory counterattacks, which was very difficult for fifth-tier alchemists. Yunxiao also stayed for a long time, just to observe the design and effect of the fifth floor.

After stepping into the sixth floor, the entire space was white. There was a stone tablet in front of him with instructions written on it: Earth, water, fire, and wind were created from nothing. Comprehending the elements and stepping into the seventh level.

Yunxiao's pupils constricted. Earth, water, fire, and wind were the four elements that could separate the heaven from the earth, and they were essential for the world that had evolved from the chaotic void. Most of them existed in the descriptions of ancient martial artists and alchemists, because there were no longer any martial artists who could separate the heaven from the earth.

“To comprehend these four elemental powers from the heavens and earth?”

Yunxiao sat down quietly and completely released his divine sense. The power of his soul slowly overflowed from his body as he began to sense the elements that existed in this space.

Suddenly, a circular formation disk appeared in his spiritual altar and sea of consciousness. It was round on the outside and square on the inside. It was neatly divided into four pieces with the symbols of the four major elements marked on them. The formation disk appeared in his sea of consciousness and slowly circulated.

The evil Dragon sighed. this Magic Tower is indeed an ancient thing. The merchant Union is indeed rich and generous. I wonder where they got such a treasure. These nine floors should be the nine levels of sorcery that ancient sorcerers divided into. It seems to be much stricter than now.

indeed. The ancient sorcerers 'understanding of sorcery should be higher than the current sea of soul formation.

yes, ” Yunxiao replied solemnly. Then, he sat down cross-legged and began to sense the elements in the void.

The first thing he came into contact with was the feeling of some fiery red elements jumping around happily around him. Gradually, more and more of them appeared, and he felt unspeakably comfortable.

Although he was a ninth-tier Alchemist, and his control of fire had reached the level of perfection, he had never calmed himself down, relaxed his body and mind, and entered the world of fire elements. At this moment, he felt as if he was a fire element, happily playing around with his friends.

That feeling made him very pleased. He was a fire elemental spirit, and he kept discovering that his previous understanding of the fire element was still too shallow. Only after he turned into flames did he realize that this was the fire element!

In his spiritual altar and sea of consciousness, the fire World on the four-element disk array suddenly lit up, indicating that he had passed.

The fire elements in the surroundings began to dissipate slowly, trying to leave.

Yunxiao suddenly felt a sense of reluctance, as if his friends and family were about to leave. He kept shouting and shouting, asking everyone to stay. However, his friends still left one by one.

“No, don’t go!”

Extreme unwillingness welled up in Yunxiao’s heart as he roared, “Don’t leave, no one is allowed to leave!”

As he shouted, the fire elements that were about to dissipate suddenly stopped. For some reason, they did not disappear into the darkness, as if they had sensed Yunxiao’s call and finally stayed.

Not only that, but his fire elemental companions also began to call for their companions, constantly shouting with him and summoning their other companions.

Gradually, the retreating fire elements returned and surrounded Yunxiao. He could even feel that his friends were as happy as he was.

After an unknown period of time, he finally felt that he was tired and needed to rest. The fire elements were also tired. Everyone shouted goodbye and slowly left, retreating into the darkness.

Yunxiao's divine sense returned to his body, and his eyes were filled with extreme shock and disbelief! He felt that his affinity with the fire element had reached an unprecedented level. Even in the empty void, he could clearly feel that the hidden fire element was the composition of the world!

Just as he was feeling extremely shocked, another type of elemental power began to slowly appear in the surroundings. It was a light yellow color, giving off a very thick and familiar feeling. It was the second element-earth!

Outside the tower, everyone was nervously looking at each person's condition. There were only fifteen people left.

On the seventh floor, only Xiao Jingming, the man from the thunderwind Chamber of Commerce, Cui Yuan, and the others were still trapped in the sixth floor, unable to break through. Only Yunxiao and another man were left on the fifth floor.

At this moment, the other man on the fifth floor began to glow faintly. He opened his eyes, which were filled with a contradictory look of surprise and a bitter smile. He was slowly transported out. His two hours of stay was up.

the situation doesn't look good," Qian Wudi suddenly said. li Yunxiao has been on the fifth level for almost two hours. If he doesn't advance, I'm afraid he'll be eliminated.

"Yes, I'm afraid it won't be long. He advanced to the fifth place after the time taken to brew a cup of tea to the person who was just eliminated."

"It seems that young master has placed the wrong bet this time," said Zhang Chong indifferently. With his speed, it was clear that the fifth level's test was too difficult for him. Even if he can, the sixth floor will be his final destination."

"Haha, I'm going to be embarrassed soon!"

After being punished, Xu danhe had been a little dispirited. It was not until she saw that Yunxiao was about to be eliminated that she suddenly regained her spirit and laughed happily.

“Old hag, you’re courting death again!” Young Emperor haolian said angrily. At this moment, he could not help but feel a little nervous. Although he could not believe that Yunxiao would be defeated, the passing of time was still making him anxious. Under Xu danhe’s gloating, he was so angry that he scolded back.

Hmph! I don’t want to waste my breath on you. That li Yunxiao will be defeated in half a cup of tea’s time at most. 150 billion, tsk, tsk, Tianyuan trading company is really generous, haha!”

Xu danhe suddenly felt that this was the happiest moment in the past few days. All of her depression was swept away at this moment, and she was full of energy and felt extremely refreshed!

Shaohuang haolian could no longer keep his cool as he glanced at mo Xiaochuan.

Mo Xiaochuan could not read his thoughts. He looked calm and said indifferently, ” “Believe in young master Yun!”

it’s not that I don’t believe you, ” young Emperor hao lian said in a deep voice. it’s just that it’s been so long. Could it be that he hasn’t recovered his strength yet, and that’s why he’s in trouble on the fifth level? ”

Ding Ling ‘er was a little nervous when she heard what he said, but she still said calmly, ” “It doesn’t matter even if he’s eliminated. I know he’s already done his best.”

Mo Xiaochuan frowned and shouted coldly, ” before the results are out, don’t make any wild guesses. Don’t forget who young master Yun is!

The two men trembled. At the thought of Yunxiao’s identity, they immediately regained their confidence, but the tension in their hearts grew stronger and stronger, and even the hands of Helian shaohuang were covered in cold sweat.

The crowd waited quietly for a moment, and a few more people were directly eliminated from the sixth level. There was one more person on the seventh floor. It was Tang Xin from the four extremes sect.

When Tang Jie saw that Tang Xin had advanced to the seventh level, his eyes flashed with a cold haze and he snorted heavily.

Cui Bo smiled in surprise and said, "I heard that young master Tang Xin solved the heaven and earth chess game and obtained the true inheritance of the king level master's formation. It seems that it is very likely. Otherwise, how could he have become a seventh-tier Alchemist so quickly?"

...

Luo Ying laughed, "it's his luck to get the true inheritance. But so what? I'm afraid he can't compare to the disciples you sent. I'll be satisfied if he can enter the top seven. However, I'm afraid that li Yunxiao, the dark horse that everyone has high hopes for, will not be able to become a Dark Horse."

Cui Bo glanced into the tower and saw that there were only nine people left, while Yunxiao was still on the fifth floor. He smiled faintly and said, "If I'm not wrong, li Yunxiao will be out in ten breaths."

Chapter 665-exceeding the time

Cui Bo's words made the hearts of the people of Tianyuan trading company sink to the bottom, and they felt a chill all over.

Especially mo Xiaochuan and haohuang, whose expressions were extremely unsightly. They seemed to be unable to accept Yunxiao's defeat. In their hearts, he was an invincible existence! Even though he had been reborn as a teenager, he was still that peerless master in their hearts!

Mo Xiaochuan gritted his teeth. just watch quietly before the results are out. You'll only expose your ignorant intelligence if you talk too much! he said angrily.

"Haha, intelligence? I'm waiting to see how high your IQ is, haha!"

Xu danhe laughed out loud in an unrestrained manner.

The entire central square quieted down as they listened to him count silently, waiting for the moment of elimination or a miracle in advancing.

“One!”

Cui Bo’s last cry rang out in the square, and it shook everyone’s hearts, especially those who had bet on Yunxiao. All of them looked depressed and defeated.

“Hahaha! Hahaha!”

Xu danhe’s shrill laughter suddenly rang out, and it was particularly ear-piercing. haha, I knew this kid was going to be eliminated! There won’t be any miracles, hahaha!”

She was the only one laughing wildly in the square. All the members of Tianyuan trading company looked pale.

“Since the time is up, why is young master Yun still on the fifth level?” mo Xiaochuan suddenly asked.

“What?”

Everyone was taken aback. They looked up and saw that Yunxiao was indeed still sitting there, motionless.

Humph! Xu danhe snorted coldly. maybe cui Bo’s calculation of time was just a little off. He’ll be here soon.

Everyone had the same thought. Those who had placed their bets immediately regained some hope and prayed, “Hurry up and level up, hurry up and level up, uncle Li, I’m betting all my money on you!”

Cui Bo’s expression turned ugly. Others might think that he had miscalculated the time, but he knew that it was impossible!

An expert at his level definitely had an extremely good grasp of time. It was impossible for a deviation of a few breaths to appear! But, Yunxiao was stunned.

did I really miscalculate? ”

Cui Bo started to lose confidence and mumbled to himself, ” “It’s already been more than ten breaths. Even if he was wrong, he wouldn’t have made so many mistakes. This Chi Chi ...”

As time passed by, a few more participants came out, leaving only the seven strongest Chambers of Commerce. Everyone had entered the seventh floor one after another, leaving only Tong Xiu of the Empyrean one Pavilion in the sixth, while Yunxiao was still in the fifth!

“What’s going on? This brat has definitely exceeded it by more than two hours!”

“Yes, even if Lord cui’s calculations were wrong, it’s been ten minutes. Why hasn’t he come out yet?”

“Could it be that there’s a problem with the spell Tower? That can’t be right, so many people came out as soon as the time limit was up, there’s no reason for him not to come out!”

“Could it be that it’s broken now? Hmm, it’s not impossible, but I can’t be that lucky, right?”

Cui Bo stood there in a daze and muttered to himself, ” “What’s going on? Could it be broken?”

Xu danhe couldn’t help but shout, ” tower master cui! This Spell Tower is damaged! How can we continue the competition?! Is it fair to the disciples who were sent out because of the time limit?”

The crowd immediately began to stir. After all, the matter of the technique was far too important, and fairness had to be guaranteed.

Cui Bo felt that the situation was extremely tricky. He could not stop the competition now. He suddenly looked at Xuan Yutang with a strange expression and said, ” Elder Xuan, this li Yunxiao ...

the spell Tower is not broken," Xuan Yutang said in a rare moment. Li Yunxiao has the ability to keep it. He snorted coldly in his heart. If the martial sovereign Vanquisher, Gu Feiyang, could not even defeat these juniors, it would be too embarrassing and he would laugh his head off.

Although he did not know how Yunxiao had done it, since he was Gu Feiyang, he would not lose. This was Xuan Yutang's point of view. There was no other reason other than that this name represented everything!

"How could this Yingluo be Yingluo?"

Cui Bo was shocked. He said in disbelief, "Elder Xuan, do you know something?"

The rest of the people from the Chamber of Commerce were also in disbelief. The art Tower had been a Daoist Rite for alchemy for many years, but they had never heard of anyone who could overcome the two-hour limit. They found it even more difficult to accept that the art Tower had been damaged.

"Hmph, how can it not be broken! Are you siding with Tianyuan trading company?"

Xu danhe couldn't accept it anymore. It wasn't easy for her to be so happy, but it was all for nothing. She couldn't accept it!

The people of Tianyuan trading company breathed a sigh of relief. No matter what the reason was, as long as Yunxiao did not come out, they would not lose. But, they still could not completely put their hearts at ease.

Young Emperor haolian glared at mo Xiaochuan and chuckled. "You're really something. You're so confident. You didn't let us down!"

Mo Xiaochuan snorted coldly and said, "when has he ever disappointed us?" Who has so little confidence like you? you're even worse than a wax-faced elder of the myriad treasures store!" Although he was lecturing mo Xiaochuan, he was also breathing a heavy sigh of relief in his heart. Just now, he had thought that Yunxiao would lose for sure, but he did not expect things to turn out like this.

Xu danhe, watch your mouth! cui Bo shouted coldly. I can't stand you anymore! Do you have any evidence to prove that the pagoda is broken and that we are biased toward Yunxiao?"

Xu danhe said coldly, " cui Bo, I'm not afraid of you as long as it's not against the ironclad rules of the merchant Union. It's been more than an hour and you're still not out yet. What's your explanation?!"

...

Just as she finished speaking, a cry of surprise came from the crowd. "It's out, it's out, look!"

Xu danhe was overjoyed and thought to herself, "I finally didn't escape this time, haha!" She hurriedly looked at the spell Tower, and her happy expression suddenly turned uglier than an eggplant beaten by autumn frost!

Her eyes were almost spewing fire as she roared, " "Why is it you? Why did you come out?"

It was Tong Xiu of the Empyrean one Pavilion who came out of the art Tower.

Tong Xiu was shocked by Xu danhe's appearance, and he hurriedly explained, " here's the thing, Grand Elder. My soul power was damaged by Yunxiao's sneak attack, but even so, I did not give up fighting desperately. I was about to succeed in the sixth level, but I found that there was not enough time. It was exactly two hours, and I was teleported out. It was like heaven's death!

He had a look of grief and indignation on his face, trying his best to show that he had fought bravely and resisted tenaciously despite his injuries.

Xu danhe's face was almost dripping with water as she said word by word, " "You're saying that you were teleported out because the time was up?"

"Yup!"

“Isn’t this the end of me?” Tong Xiu sighed innocently.

“Bang!”

Everyone only felt a blur in front of their eyes. Following that, they heard an explosion of elemental energy entering their bodies. Then, they saw Tong Xiu being sent flying far away like a kite with a broken string. Judging from the vibration just now, he was probably dead.

...

Everyone broke out in cold sweat and thought, “ This isn’t the death of the heavens, but the death of yourself! If she said that she was teleported out when the time was up, wouldn’t that be a slap to Xu danhe’s face?

“Hahaha!”

Young Emperor haolian endured his injuries and laughed.”Old woman, you’re slapping your own mouth now! Your disciple has proven with his actions that the spell Tower is undamaged. It’s an honor for him to die!”

Xu danhe’s expression was frighteningly ugly as she walked back to her seat. It was rare that she didn’t refute young Emperor hao lian and just sat there gloomily without saying a word.

Everyone from the Emyrean one Pavilion had cold sweat dripping down their faces. They were all worried that they would become innocent punching bags when they grew up. Tong Xiu was the number one genius young Alchemist in the sect, and his future was limitless. She could kill anyone she wanted, and if they offended her, she would kill them without even blinking.

Cui Bo looked at her and said coldly, “ it seems that the tower is not damaged. It’s Yunxiao’s ability to stay here. Let’s continue.

Those who had bet on Yunxiao breathed a sigh of relief, but it was not a good idea to stay on the fifth floor all the time. The people of Tianyuan trading company were much more relieved. After this, they were even more confident that Yunxiao would win the championship.

At that moment, in the tower, in Yunxiao's sea of consciousness, the symbols of the four elements on the disk array were all activated. In fact, it could have been activated long ago. However, he had been immersed in the power of elements and had benefited a lot, so he had been unwilling to come out.

According to his plan, even if he failed because of the time limit, he would still have to completely comprehend the power of the four major elements. When he opened his eyes again, it was as if four elemental powers were flashing in his eyes, as deep as the sky!

Chapter 666

666 Soul attack

it should have been two hours. Why haven't I been transported out? ”

is it true? ” Yunxiao pondered. is it true that the comprehension of the power of elements in the spiritual space is not limited by the time rule? ”

That was the only possibility. He opened his eyes slightly and saw five people on the seventh floor, all of them looking very bad. It was obvious that they were struggling. Finally, two of them couldn't hold on and were directly teleported out. They were Tang Xin and Nanmen Xingye.

For the same level of teleportation, the time they stayed in the same level was used as a basis of judgment. Tang Xin was slightly stronger than Nanmen Xingye, ranked fifth, and Nanmen Xingye was ranked sixth.

After the former came out, he looked back at the art Tower and did not have any thoughts about it. His face was calm.

On the other hand, Nanmen Xingye was filled with unwillingness, his expression dejected and depressed.

“You’ve already done a great job. Don’t take it to heart. The people who participated in this skill battle are all extraordinary,” Zhang Chong consoled.

“It seems like everyone’s eyes are sharp!” Cui Bo exclaimed. The four remaining in the art Tower are the four people who placed the highest bets. I wonder who will win in the end.”

“According to the bet, it should be Xiao Jingming,” min Chengxiang said with a smile.

“Hehe, I’m afraid elder min doesn’t mean what she said.”

where did you find such a powerful young Alchemist? ” the powerful man asked lightly. I think he’s about to break through to the eighth level.

He was referring to the bronze-skinned young man. Everyone was very curious about this person.

Min Chengxiang laughed. you’re too kind. This person is called Xiangzi. His background is indeed a little mysterious. I’m sorry for not being able to tell you.

“Xiangzi Qianqian.”

Everyone silently thought about it and indeed felt that it was a little strange. It was as if they had thought of something but could not grasp it.

“Look, Xiao Jingming has broken through to the eighth level!”

Someone suddenly cried out, and everyone looked up, their eyes filled with extreme shock. Although they had a premonition, they were still shocked when he really made the breakthrough. After all, it represented the strength of an eighth-tier Alchemist, a great Alchemist!

A smug look appeared in Xiao Jingming’s eyes. He looked coldly at the remaining people in the spell Tower, and a contemptuous look appeared at the corners of his mouth.

He came from the blade sect, a super force, and was one of the young alchemists with the most promising future in the sect. In order to ensure that he could get the first place, he had been forced to lose his identity as a disciple of the blade sect and join the Mando Chamber of Commerce, which was a small group in his eyes. His heart was originally filled with dissatisfaction and dissatisfaction. However, when he arrived and saw Shui luoyan, all of his negative attitudes instantly disappeared!

“Goddess! That’s the goddess I’ve been looking for!”

The moment Xiao Jingming saw Shui luoyan, this voice had already resounded in his heart. Even though he knew that Shui luoyan was going to be Chen Feng’s fiancée, he had still fallen in love with her without hesitation!

I’ll let you see my absolute strength. Once I obtain first place, I’ll immediately return to the blade sect and ask the sect leader to retract his order and betroth you to me!

Xiao Jingming was very confident. Although Chen Feng was the son of the sect master, he was the youngest eighth-tier Alchemist in the sect. His future achievements would be limitless. He was confident that the sect master would promise him that as long as he could win the first place and let the Mando Chamber of Commerce be under the control of the blade sect, it would not matter whether Shui luoyan married Chen Feng or him.

Xiao Jingming was extremely confident. These so-called elites of the merchant Union were just country bumpkins in his eyes! After advancing to the eighth level, he abandoned all distracting thoughts and began to deal with it with all his heart and soul. Although he already felt that he would definitely win after entering the eighth level, he still needed to show his full genius strength to his goddess in front of everyone!

“A rank eight Suan ni! He’s really a rank eight Suan ni!”

Shui luoyan’s eyes also lit up. Marrying such a young eighth-tier Alchemist might bring her more benefits than marrying the son of the sect master of the blade sect. At the very least, this eighth-tier Alchemist was very obedient to him, and the four women who followed darling Chen Feng were obviously not good people, either.

After Yunxiao stepped into the sixth floor, there seemed to be nothing that could attract him, so he quickly rose to the seventh floor, which surprised everyone. He had originally thought that since it was already so difficult for him to pass the fifth level, he would at most reach the sixth level if he was not lucky enough. He did not expect that he would actually become so sharp.

“This is a Kasaya.”

On the seventh floor, there was a stone platform with a futon on it. On the stone platform, two simple and clear words were carved: He sat down.

sitting on it should mean that I can sit on this futon. I wonder what kind of test it is. I only have the strength of tier 7 right now. Will I be eliminated because of this?” Yunxiao could not help but worry.

Because the various tests here were really strange, and he had indeed not reached the eighth rank, he was not afraid of a direct competition. However, if they were eliminated because they could sense his level, wouldn't that be an unjust death?

“Don't worry too much,” the demon Dragon said. “I'll merge with you in time if things don't work out in the end.” If you still can't do it, then let Yuan gaohan out. He's a genuine eighth-ranked martial artist. If you let him go, it'll be the same as you passing.”

Yunxiao sweated as he shook his head and said, “I can't believe you came up with that! I'll give it a try. On the way here, I can vaguely feel that I'm on the verge of breaking through to the eighth step. Perhaps this is an opportunity.”

He directly sat on the futon and calmed his mind, waiting for the next change.

Suddenly, there seemed to be a slight force produced in the surroundings, gushing in from all directions and pressing on his body, causing him to frown. He said in surprise, “Soul power?”

The squeezing force began to grow stronger, and Yunxiao hurriedly released his soul power to resist it. Suddenly, he realized something and said with a wry smile, “As expected, what I'm afraid of comes! If I'm not wrong, this trial is the most direct soul suppression, directly testing your soul power!”

don't worry," the demon Dragon said. after I merge with you, I'll be at the peak of the seventh rank. With the help of the soul derivation technique, it won't be difficult to take it.

Yunxiao took a deep breath, and with a determined look in his eyes, he said, "Let me block it alone! I can use this rare opportunity to break through the seventh-rank barrier!" The soul power on his body was suddenly released and began to resist the gradually increasing soul pressure!

A ray of light flashed within the spell Tower. Cui Yuan finally could not withstand the immense pressure and was teleported out after admitting defeat.

Cui Yuan looked at the three people left in the technique tower, especially Xiao Jingming, who had already rushed to the eighth level. He was shocked and said in embarrassment, "Father, I'm sorry. I'm Yingluo."

there's no need to blame yourself," cui Bo interrupted. you've done well. I've seen your hard work over the years. I'm sure you'll break through to the eighth-rank soon. Whether you rank third or fourth now depends on li Yunxiao. Xiangzi and Xiao Jingming have already surpassed you."

Although cui Bo consoled him, Cui Yuan still felt very uncomfortable in his heart. After swallowing a medicinal pill, he began to meditate and regulate his breath in myriad treasures store's seat.

Zhang Chong laughed. haha, the public's eyes are really sharp. There are only three people left with the most bets!

according to the chips," said min Chengxiang with a smile, "the next one to be eliminated should be li Yunxiao.

"Hmph, the law of chips ends here."

"Young master Yun will definitely be first," young Emperor haolian said indifferently.

"It's a good thing to be confident. Let's just see the truth," said min Chengxiang with a smile.

The thunderwind Chamber of Commerce had been expected to be at the bottom and even lose its position as a member of the Board of Directors, but at this moment, it suddenly emerged, which surprised everyone.

Everyone also realized that the people competing in the art Tower were the last three of the seven merchant alliances. The so-called core members of the four alliances had all been eliminated. They had strange expressions on their faces and could not help but smile bitterly.

“That’s the heavens! Xiang Zi is actually going to advance!” Someone suddenly shouted.

Everyone was shocked and looked over one after another. Sure enough, a yellow light appeared around Xiang Zi’s body, bringing him up to the eighth floor slowly. However, he was not as high-spirited as Xiao Jingming, but looked extremely tired.

“Haha, this kid!”

Min Chengxiang laughed without hesitation, but he didn’t know how to praise her.

...

“The thunderwind Chamber of Commerce is really amazing this time,” cui Bo forced a smile and said, “no wonder elder min has been keeping a low profile in the city. She’s been very confident.” It seems that the law of chips is really going to be realized.”

Both of them were at the eighth-tier, and in the eyes of the crowd, they had already sentenced Yunxiao to death. Although it was said that he had the ability of teleportation, which could only be mastered by eighth-tier alchemists, no one really thought that he was an eighth-tier great Alchemist.

Min Chengxiang listened to everyone’s praise and said a few humble words, but the pride on his face was difficult to hide.

Those who did not know Yunxiao’s identity in Tianyuan trading company began to worry. Only Ding Ling ‘er and a few others remained calm, but in the eyes of the others, they were just pretending to be calm.

At the moment, Yunxiao was in the seventh floor, and the powerful soul power was striking his spiritual altar and sea of consciousness in waves, shaking his soul.

The great expansion divine technique appeared in his hands, and he forcefully stabilized his sea of consciousness. In this round, the only way to be eliminated was to admit defeat. Otherwise, once the sea of consciousness was broken, the whole person's soul would be injured at the least, and in the worst case, he would lose his spiritual sense and become a complete fool.

Therefore, this was the most dangerous stage so far.

The demon Dragon also felt a great danger in the depths of Yunxiao's soul. The impact force outside was completely eighth-tier soul power, and the design concept of this stage was very simple. If one could withstand a few waves of eighth-tier soul power attacks, they would definitely be an eighth-tier Alchemist, and could directly advance to the eighth level.

There was no way to take advantage of a soul attack, only to face it head-on. Yunxiao's eyes showed signs of slacking, and his face grew uglier and uglier under the constant impact, turning bloodless.

Chapter 667

667 The eighth level

"Is this the limit?"

Yunxiao felt that his soul was about to collapse under the impact, and he still could not touch the eighth-tier.

The demonic Dragon's voice rang out. don't force yourself. Soul battle technique, combine the two into one. You'll definitely be able to survive.

Yunxiao shook his head and said, "I've got a better idea, hehe."

The demonic Dragon's body trembled as if it had a bad premonition. It warned, "Don't mess around. When have your so-called brilliant ideas not put yourself on the verge of death? This time, it's a soul attack. If you're not careful, your soul will be destroyed!"

Yunxiao ignored him. He made a hand seal, and a stream of soul power slowly began to separate from his body, which was exactly the appearance of Yunxiao in his demon form.

The demonized Yunxiao was the Dragon's memory at the moment, so he instantly understood what Yunxiao meant. "I see!"

At that moment, the demonic Dragon was separated from his Starlight soul body. He immediately sat down cross-legged across from Yunxiao, then pointed one finger at the sky and stretched out his other hand. Meanwhile, Yunxiao performed an incantation gesture with both hands, then slowly stretched out his hands and combined the two seals together to form a circular array.

The light from the array immediately enveloped the two of them. A dense purple gas was emitted from the demonic Dragon's hand that was pointing to the sky, and it kept rising. The two of them each performed a different incantation seal and fused them together. It was actually a joint technique.

When this move was executed, he immediately felt the pressure around him decrease greatly. But, Yunxiao did not dare to relax for even a moment. He was trying his best to break through to the eighth-tier, as he was afraid that he would not come across such a rare opportunity again in the future.

Li Yunxiao has lasted longer than Cui Yuan on the seventh floor," Cui Bo said coldly outside the tower. Cui Yuan is ranked fourth.

Cui Yuan's face was filled with shame. He had originally wanted to get first place, but he didn't expect the results to be so far behind. It was beyond his expectations. However, his eyes revealed a deep battle intent, and an unyielding will flowed in his blood. After this, he would definitely cultivate even more crazily!

"We won't exceed the time limit again on the seventh level, right?" Zhang Chong frowned.

"What? you have a problem with that?" young Emperor Hao Lian laughed smugly.

Everyone was silent for a while. Not being teleported out after exceeding the time limit was too unfair to the other contestants. But this was someone else's ability, what could you do?

A smile suddenly appeared on mo Xiaochuan's face as he said, " "This time, we don't need to wait for long."

Everyone looked at the spell Tower and was shocked. The third eighth-tier great Alchemist!

The joint array formed by Yunxiao and the demonic Dragon finally blocked all the attacks, and Yunxiao's temperament had also changed greatly at that moment.

"You've broken through?" the demonic Dragon was overjoyed.

just a little bit more," Yunxiao said with a smile. it's enough that you're back.

Without saying a word, the Dragon immediately performed an incantation gesture and slowly merged into Yunxiao's body, sinking directly into his soul.

An indescribably powerful spiritual force spread out from his body, like a Soul Storm forming small tornadoes that pushed into the distance. His entire temperament was completely changed!

After the light was exposed, it immediately returned to his body and returned to his normal state.

"Eighth-ranked! As expected, it's at the eighth rank!"

you're right! the demon Dragon was overjoyed. once you reach the eighth-rank, I'll benefit as well! I believe that I'll be able to recover once you return to the peak of the ninth-rank!

yes, not only my soul power, but my cultivation has also reached the level of a six-stars Martial Emperor. I'll go into seclusion with a peace of mind after the double duel.

There was no joy or sorrow in Yunxiao's heart, and he had already achieved a state of calm and composure.

The space around him returned to the art Tower again. He looked at the two people on the eighth floor in shock.

Although he had guessed that Xiao Jingming and Xiangzi were very strong, he didn't expect them to really reach the eighth-rank. One must know that he was the reincarnation of a peerless martial sovereign, while the other party was a genuine young talent!

Yunxiao's heart grew solemn. The seven superpowers were indeed unusual, and he had some doubts about Xiangzi's identity.

Just as he was about to break through to the eighth floor, Xiangzi finally could not hold on any longer. He opened his eyes from the space of the eighth floor, which were filled with great anger. He stared at Xiao Jingming, who was on the eighth floor, and then glanced at Yunxiao, who was breaking through, in surprise before he was teleported out.

"Xiang Zi, how is it?"

As soon as Xiang Zi came out, Min Chengxiang immediately went up to him. He was a little shocked, but he was more happy. As long as their martial arts weren't too bad, it basically wouldn't be a problem for them to obtain second place.

Xiang Zi said in distress, "the time I entered the eighth level was too short. That Xiao Jingming has already recovered inside and is waiting for me. Otherwise, it would be difficult to know the outcome. I'm at a disadvantage because I'm too slow in the beginning!"

Tang Xin was shocked when she heard this, "what? Wasn't it a separate space? You guys actually met?"

Xiang Zi's face turned white as he had expended too much energy. He nodded and said, "that's right. The eighth floor is a common world, and there's no time limit. The only condition for victory is that there's only one person left in the spell Tower!"

Cui Yuan frowned, "if that's the case and only one person wins, then how do we enter the ninth level?" Will he be able to step into the ninth level after he's left?"

Cui Bo shook his head. there are nine levels in this tower, but there's an age limit of thirty. No one has ever been able to reach level nine before the age of thirty, so there's no way to know what's going on on the ninth level. However, there are clear records of the experts meeting on the eighth level. The last time two people entered the eighth level at the same time was a thousand years ago. I didn't expect three people to enter at once this time!

Xu danhe's voice suddenly sounded, " "Hmph, what three people? these three people's identities and origins are unknown! If we count only the true members of the merchant Union, there is not a single one!"

Her words immediately caused dissatisfaction among the people of the three Chambers of Commerce, but after careful consideration, it was true. The three Chambers of Commerce, which were originally at the bottom of the seven merchant alliances, had become the three with the best results because they had invited foreign aid through various means.

"It doesn't matter if it's a black cat or a white cat, as long as it can catch a mouse, it's a good cat," the powerful citizen smiled faintly.

young master Xiang, " Shui luoyan suddenly said, " according to what you said, Xiao Jingming should be fighting with li Yunxiao on the eighth floor now? "

With Xiang Zi's personality, he was too lazy to talk to strangers. However, Shui luoyan's appearance was so moving that he could not help but reply, "Yes! The condition for victory was that there was only one person left. As soon as I entered the eighth floor, I was immediately attacked by Xiao Jingming, who had been waiting for me inside with all his might. After struggling, I still couldn't win, so I admitted defeat and was teleported out."

"Admit defeat?" Shui luoyan frowned.

In everyone's eyes, it was just an illusionary space inside. If they were no match for him, they would at most be forced out of the illusionary space. No matter what, they would not admit defeat.

Xiang Zi's face turned slightly red, and he said, " although it's an illusionary space, it's a true battle of soul power on the eighth level. If you don't admit defeat and your soul is scattered, your consciousness will really be scattered when you come out. If it's light, your soul power will be greatly damaged, and you'll be seriously injured and unconscious. If it's serious, you'll become a complete fool.

"I see!"

"Thank you, young master Xiang, for clearing up my doubts," Shui luoyan smiled in realization.

"You're welcome," Xiang Zi nodded.

In his heart, he was secretly amazed by the Beauty's attractiveness. If other people asked him this question, he would not even respond.

"I'll ask you again, young master Xiang, " Shui luoyan said with a smile. in your judgment, will the final winner be Li Yunxiao or Xiao Jingming? "

This immediately attracted everyone's attention. This was related to the stakes of the majority of the people, and it was a matter of vital interest!

The faces of Ding Ling 'er and the others changed slightly, as if they had understood Shui luoyan's meaning. She had come here for Yunxiao.

...

Xiangzi thought for a moment and said, " in a battle of soul power, although the level of soul power basically determines everything, I can't make wild guesses before the final result is out. But, the probability of Xiao Jingming winning is too high. Li Yunxiao's chances of winning are slim!

well, that's good. I hope Li Yunxiao will rather die than surrender in there!

Shui luoyan turned around and looked at Ding Ling 'er from afar. She smiled and said, " Little sister Ling 'er, if Yunxiao would rather die than surrender in there, do you think his soul power will be greatly damaged when he comes out, or will he become a fool? "

Ding Ling 'er's face changed, and she replied coldly, " "You should worry more about the people on your in-laws" side. If they become fools, how will you explain it to your in-laws?"

"You're so stubborn!"

"I'll see how you're going to Cry Later!" Shui luoyan mocked coldly.

Although the two of them were bickering, they were both rare and well-known beauties in the merchant Union. They didn't look like they were having a life-and-death dispute between men at all, but rather, they gave off a pleasant feeling.

This was the reality. No matter what a beautiful woman did, she would always be beautiful and attract men.

Ding Ling 'er's face was full of confidence, and she did not shake Yunxiao's belief in winning at all, but her heart was filled with worry. Xiao Jingming was waiting at ease on the eighth floor. Although it must have cost him a lot of soul power to defeat Xiangzi, Yunxiao had just passed through the seventh floor, so he was probably going to be at a disadvantage.

As soon as Yunxiao stepped into the eighth floor, he immediately felt a strange power filling the world, nourishing his soul power and making him feel very comfortable.

The demonic Dragon also noticed the situation and said in shock, " what a strange power! It can nourish the soul. What kind of power is this? "

...

Yunxiao sensed for a moment and said, " this power is comparable to the soul raising tree. The world is so big that we can't measure it. There are still too many things we can't understand!

A thought suddenly struck him, and he said, 'although your power increased on the seventh floor, you're still far from level eight. Perhaps you can cultivate to level eight on the eighth floor with the help of this power! At that time, when our souls merge, we can still advance one level, at least to the middle of the eighth step!'

The demonic Dragon was moved by his words and was about to reveal itself when a few sharp air-piercing sounds suddenly came from the sky. In the blink of an eye, ten thousand sword rays appeared out of nowhere and enveloped the space as they shot down.

Chapter 668-battle of wits

Yunxiao's heart skipped a beat as he looked at the sword beams in surprise and muttered to himself, "This is the sword ray formed by Tao Wu's divine sense?"

He formed a hand seal with one hand and his entire person turned into a bright illusionary shadow. He disappeared from his original spot and directly teleported away.

The sword radiances pierced through the afterimages he left behind and disappeared.

it's indeed formed by spiritual will. What kind of test is this on the eighth floor? "

Yunxiao frowned and looked around. He saw a few big words carved on a cliff not far away, and he murmured, "Only one person? What is the meaning of this?"

A ferocious voice came with a cruel sneer, "it means that only one person can stay. It's so simple, don't you understand? "

"Xiao Jingming?"

Yunxiao was taken aback, but he quickly came back to his senses and said calmly, "No wonder I saw the hateful look in the eyes of the man from the thunderwind Chamber of Commerce. I guess you were the one who sent him out."

Xiao Jingming's figure slowly appeared in the void in front of him. He stood there proudly, staring at Yunxiao with a cold and arrogant look, his face full of disdain and hatred. "I didn't expect you to be so calm. Not bad, that person's strength is not bad, but it's a pity that he met me. If I didn't participate, he would have been the champion."

Yunxiao nodded and said, "I see. The condition to clear this level should be to have one person left in the battle. But, if that's the only condition to win, how can I go to the ninth level? "

"The ninth floor?"

Xiao Jingming laughed and said, "how dare you think about it! The ninth floor's corner is a place only ninth-tier great alchemists can go to. It's a place of great importance in the entire heavenly martial continent! Do you think it's possible for someone to reach the ninth level's conditions before the age of thirty? That's why I believe that the art Tower was designed to only have eight floors."

Yunxiao could not help but nod. Xiao Jingming's analysis was very reasonable, and it was exactly the same as his guess. Moreover, to be able to achieve such accomplishments at his age, he was definitely a Dragon among men. In the future, his achievements might even be above Chen Feng's.

"Do you still have any doubts? Even though I know you're stalling for time to recover your spirit power, it's all in vain in front of me. This is the treatment before you're completely crippled by me. I only hope that you won't be like that trash just now and admit defeat so quickly. Let me torture you a little longer."

Xiao Jingming said coldly.

one more question, " Yunxiao nodded. can you not be so funny? "

Surprisingly, Xiao Jingming didn't get angry this time, but the cold air on his body became heavier, and he said fiercely, "It seems like you're ready to be beaten up!"

He raised his hand and waved it down. A sharp stream of spiritual power transformed into a bright flying knife and shot toward Yunxiao.

This was a weak spiritual space to begin with, and their bodies were formed by their own consciousness, so they could change at will.

After Xiao Jingming's attack, his whole body immediately turned into a White-fronted Tiger. He roared towards the sky and rushed down, shaking the space.

Yunxiao sneered. Although Xiao Jingming's soul power was stronger than his, in terms of combat experience, they were not on the same level at all. He made a hand seal with one hand, and his body immediately became thin and slender, turning into a rope that twisted and turned to avoid those Flying Daggers.

The rope coiled in the air and flew towards the Tiger, trying to tie it up.

Startled, the Tiger suddenly transformed into a big crab in the air. Glaring at its little eyes, it waved its two huge pincers in the air and cut at the rope that Yunxiao had turned into.

The rope kept retreating, and the big crab followed closely. The air was filled with the sound of its pincers.

After the rope fled for a while, it turned into a huge poisonous Scorpion in the air. It suddenly flicked its tail and swept at the crab.

"Bang!"

The illusionary space created by their mental power trembled as their weapons collided. The Scorpion was forced back a few meters by the crab's left pincers. The crab's eyes flashed with a hint of ruthlessness as it raised its right pincers high and cut down.

"Kacha Kacha!"

A series of sounds rang out in the air. After poison Scorpion jolted, he seemed to be a little afraid of going head to head with him, and quickly retreated.

“You want to escape? Just obediently surrender!”

Crab laughed and chased after him. This space was a competition of soul power, and he was stronger than Yunxiao!

Poison Scorpion transformed again after fleeing for a while. This time, he turned back into his human form. He was actually a Sage-like elder. His eyes were like stars, and his sword-like brows were raised. His purple robe fluttered in the wind, and he wore a hundred-flower cloak with gold embellishments on his shoulders. He looked majestic and exuded a strong aura of a superior.

The elder’s eyes shot out rays of light as he looked straight at the big crab. He pointed his sword at it and shouted, “Evil creature! Why aren’t you kneeling after seeing me?”

The big crab’s body trembled, and a trace of fear and anger appeared in its tiny eyes. It roared, “Li Yunxiao, you’re really bold! Don’t you dare change!” The elder in front of them looked exactly like the sect leader of the blade sect, Chen duantian, and his demeanor and aura were so lifelike that it was almost as if he was the real one!

Just as the big crab shuddered and its deified soul was slightly weakened, Chen duantian suddenly made his move. A purple longsword shot out from his waist and turned into a huge purple Python. It bared its two fangs and lunged at the crab.

“So what if you transform into the appearance of the sect master? with your puny strength, there’s only one outcome for you!”

The big crab suddenly transformed into a huge Eagle and fought with Zi mang. After two rounds, Zi mang was no match for it and quickly retreated.

Chen duantian formed a hand seal with one hand and immediately transformed Zi mang into a sword. He held it in his hand and slowly raised his sword.

“?! The wrath of heaven! It’s actually the force of the heavenly punishment!”

Old Eagle's mind was thrown into disarray. Although this divine retribution was only a superficial one and was still a mental attack, only a nice-looking appearance, the shock he felt could not be any greater!

Moreover, what he saw was the heaven's wrath that his sect leader had personally performed. That vivid movement and aura immediately made his heart weak and a trace of fear emerged.

"The might of the heavens, one sword to punish the heavens!"

Chen duantian shouted coldly. His voice was exactly the same as the real Chen duantian's, and it shook old Eagle's heart. A great fear spread out from his heart, as if the real Chen duantian had come. Old Eagle couldn't even muster up the slightest will to resist.

The sword energy came down in vain, and old Eagle cried out in alarm as he quickly fled. Although he could completely resist the power of the sword energy, his heart was already in complete panic.

"BOOM!"

The sword hit the old Eagle, and a few feathers fell down. The old Eagle trembled in the air a few times, and gradually transformed into Xiao Jingming's appearance. His face was a little pale, and it was obvious that the sword had hurt him.

"How audacious! You actually dare to look straight at me! Why aren't you kneeling!"

Chen duantian shouted again as he looked down at Xiao Jingming coldly.

Xiao Jingming's body trembled for a moment, but he immediately recovered. The fear in his eyes gradually dissipated and turned cold, "you really have the guts to change into anyone! I know you're a fake, but you still make me feel fear. I can't help but admire you!"

Chen duantian's pupils contracted slightly. Looking at the clear and fearless eyes of his opponent, he knew that his transformation had already lost its effect. After all, he knew in his heart that it was all fake. He was just borrowing Chen duantian's usual prestige among the disciples to launch a surprise attack.

“What’s wrong? Are you out of ideas?”

Xiao Jingming said in a cold voice, “ although I don’t know how you met the sect leader and even saw the sword of heaven’s wrath, that’s not important anymore. What’s important is that you’re out of ideas. If you’re out of ideas, then go to hell!

He suddenly swooped down, his right hand turning into a huge hammer as he tried to smash Chen duantian into a meat pie.

...

Just as the giant hammer was about to fall, Xiao Jingming’s pupils suddenly shrank, and he hurriedly stopped his attack. He was so scared that his whole body retreated a few meters, and his eyeballs almost fell out. He was covered in cold sweat as he roared, “ what are you doing? what are you doing? ”

He saw a white-robed woman standing below. Chen duantian had long since disappeared, but at this moment, it was a peerless beauty. It was Shui luoyan. She was looking at him with a pitiful expression. Anyone who saw her would feel pity for her. What made Xiao Jingming even more frantic was that Shui luoyan had started to gently untie her gown with one hand, revealing her snow-white skin. Her red underclothes were actually embroidered with a pornographic picture.

Xiao Jingming only felt the blood in his whole body rush out, his eyes were wide open, his nostrils were hot, and his throat was extremely dry. He roared, “ you blasphemed my goddess. Damn it, damn it!

His mouth was screaming but his body did not move at all. His eyes stared unblinkingly at Shui luoyan’s hand as she undid his clothes. The sound of him swallowing his saliva could be heard from his throat as his entire body tensed up.

At this moment, Shui luoyan had already taken off her last piece of undergarments. She was even mumbling in her sleep, causing him to almost stop breathing as he stared at her last movement.

Finally, his undergarments were pulled off. Xiao Jingming’s mental state was extremely nervous, and his eyes suddenly opened to the maximum!

“Ah!”

A shrill cry was heard. He seemed to have seen the most unbelievable thing in the world, and his mind suddenly went blank!

Chen duantian’s face was actually inside the undergarments, and he was currently making funny faces and teasing her.

“Haha, you’re still too young to fight me!”

On Shui luoyan’s chest, Chen duantian’s face was full of laughter. A long sword appeared in her hand, and she slashed it at Xiao Jingming’s moment of distraction, splitting him in two!

...

Xiao Jingming’s figure that had been cut in half turned into two rays of light and quickly retreated back before merging back into one again. However, it was no longer as sharp as before. It was obvious that his soul power had been greatly consumed by that sword.

With a livid face, he looked at the man who looked like Shui luoyan, but Chen duantian’s face was on his chest. He was so angry that his lungs almost exploded, and he could not even curse. All he could do was stare at Yunxiao with hatred!

I recommend a new book by a friend, ” proud Emperor.

Chapter 669

669 The ninth level?

“I’ve played enough! Blaspheming my sect master, blaspheming my goddess, you have already committed a crime that deserves death, hand over your life!”

Xiao Jingming took out a big saber, raised it high, and suddenly slashed it down. His hatred for Yunxiao had risen to the extreme!

“Certain death? You’ve taken two of my attacks, and your soul power is almost the same as mine. With your intelligence, what right do you have to kill me?”

Yunxiao sneered. Without changing the state of his body, he met the saber with this strange look, the fist of his right hand suddenly growing larger as he smashed it toward the saber!

The final decisive victory could only be decided by a hard battle of spirit power. The previous ones were just surprise attacks, trying to close the gap between the two sides as much as possible.

“Boom boom boom!”

The space trembled along with this huge collision, and the two of them were involuntarily forced to retreat.

Xiao Jingming’s face was so gloomy that it was almost dripping water. He found that under this blow, the two were almost evenly matched! He originally had the absolute advantage, but after he was distracted twice and the other party took advantage of the gap, he was pulled to a draw!

“Don’t think that you can rest easy like this. Don’t forget that there is no time limit here. In other words, a winner must be decided!”

Xiao Jingming said calmly, “ your soul power should only be at the initial stage of the eighth rank, right? but I’m different. I’ve already reached the middle stage of the eighth rank. Do you know what this means? ”

It was only then that Yunxiao returned to his true appearance, with a faint smile on his face and no words.

Xiao Jingming looked at his face and inexplicably felt a great anger. He wanted to step on him a few times and almost roared, “ It means that my recovery speed is also faster than yours! You can’t do

anything to me now. As long as I gradually recover, your boring tricks will be completely useless. Just wait to be crushed by me!”

“Oh? Are you sure?”

Yunxiao smiled and performed an incantation gesture with one hand. A stream of soul power began to separate from his body, slowly taking on the form of a Demon Dragon!

“What kind of technique is this Pixiu?”

Xiao Jingming was shocked, “you think you can fight two against one just because you have one?” How naive! This doppelganger must have taken away a portion of your power, and you must’ve expended a lot of energy using this technique. Now that the two of you are working together, you might not be my match.”

really? ” Yunxiao smiled faintly. really? ” You’ll know the result soon!”

The demon Dragon grinned coldly as he flew up and attacked. Although he was not used to transforming into a human, it was better to move around than to cultivate in Yunxiao’s soul all day.

“Eh? A rank 7 Suan ni.”

Xiao Jingming’s pupils shrank slightly, and he sneered, “Isn’t it? You can only maintain a seventh-rank clone, which is even weaker than before!” He threw a punch at the demonic Dragon, and the huge force sent the demonic dragon flying.

“Roar!”

The demonic Dragon’s unwilling voice reverberated. He immediately morphed into his original form and attacked in anger.

At this moment, Yunxiao moved as well. He did not use any fancy moves, but threw an ordinary punch at the air. It was a simple Vajra fist, but it transformed into a huge fist shadow that pressed down like a small mountain!

“It’s no use, their soul power is equal, no matter how hard you hit, it’ll still be a draw!”

Xiao Jingming shouted and turned into a huge palm shadow. He slapped it out and met the big fist at the same time, even covering the demonic Dragon.

“BOOM!”

The shadow of the palm and the fist collided in the air. They were evenly matched!

The demonic Dragon suddenly enlarged by ten times and roared as it collided with the palm shadow!

“What?”

Xiao Jingming was taken aback. When the fists collided, he could clearly feel that Yunxiao’s strength was not much weaker than before!

“How is that possible? You’ve separated a rank 7 clone, but why hasn’t your power been reduced?”

He let out an unwilling roar, and as the huge body of the demonic Dragon hit the palm shadow, he suddenly lost his balance. The huge palm shadow disintegrated in the air, and Xiao Jingming was directly sent flying.

Yunxiao’s big fist had completely gained the upper hand, and it continued its pursuit without losing momentum!

“Boom boom boom!”

The big fist caught up with Xiao Jingming and burst into a huge light, swallowing him up!

The crowd was still waiting anxiously outside the technique tower, but no one had any hope for Yunxiao, except for Tianyuan trading company. Those who had bet on Xiao Jingming began to calculate their earnings, and all of them revealed a look of joy.

Cui Bo frowned. if there's a huge difference in strength, we should be able to see it in an instant. Why hasn't anyone come out yet? "

Xiang Zi also revealed a strange expression and muttered to himself, " it doesn't make sense. With Xiao Jingming's strength, he should be able to kill Yunxiao in an instant. How could they fight for so long? are they living in peace in there? "

you've underestimated li Yunxiao! Tang Jie snorted coldly. if he didn't have some skills, I wouldn't have made such a heavy bet!

even if li Yunxiao's strength is extraordinary, " Shui luoyan said with a faint smile, " does young master Tang Jie think he can defeat Xiao Jingming? "

Tang Jie didn't even bother to turn his head and just said loudly, " "Of course!"

Although he wished he could hack Yunxiao to death, he could not help but admire his strength. This was a form of respect for the opponent, and also a form of respect for oneself.

Shui luoyan's expression changed and she snorted coldly, " "Hmph, of course? He was afraid that Yunxiao had a tough bone and was being tortured inside. I'm really looking forward to seeing how he'll look when he comes out. Will he be seriously injured or completely crazy?"

"I'm sorry, big sister Shui, you won't be able to see it."

Ding Ling 'er's voice was filled with unconcealed excitement. Her face was filled with a happy smile as she looked at the art Pagoda.

Shui luoyan's heart jolted and she hurriedly looked towards the art Pagoda. Everyone also raised their heads at this moment. A ray of light shot out from the art Pagoda and turned into a figure that landed on the ground. He could not even stand firmly on his feet. The moment he touched the ground, he spat out a large mouthful of blood and fainted.

"Xiao Jingming!"

Shui luoyan shrieked loudly. Her voice was filled with extreme disbelief and shock. It pierced through the sky and pierced into everyone's ears, causing them to feel extremely uncomfortable.

As this voice rang out, everyone knew that an unbelievable result had appeared!

Xiang Zi's body also trembled, and he cried out, "You lost? Xiao Jingming actually lost? How is this possible?! What the hell happened inside? how did Yunxiao do it? it's impossible!" He was so shocked that he couldn't accept the result in front of him. He jumped out of his seat and carefully observed the person on the ground, afraid that he had seen wrongly.

But the cold fact made him believe it. The unconscious person lying on the ground was Xiao Jingming, and he was seriously injured all over. His soul should have been greatly damaged. He stood there in a daze, completely dumbfounded.

Haha, haha, this is satisfying, too satisfying!

hahahaha! young Emperor haolian laughed. cui Bo, hurry up and announce the results! Vitality stones, a lot of vitality stones! Haha!

...

Mo Xiaochuan, Ding Ling'er, and Luo yunshang, who had been silent all this while, all smiled knowingly. At this moment, they suddenly felt as if they were cheating. Wasn't it obvious that they were bullying martial sovereign Vanquisher by letting her compete with these juniors for the ranking?

The people of the merchant Union looked at each other at this moment. Xu danhe's face was ashen, and her eyes had become a little empty and lifeless.

The rest of the leaders of the merchant Union seemed to be unable to accept this sudden outcome, and they all stood there in silence.

Yunxiao's victory should be certain, " cui Bo nodded slightly. but we'll at least wait until he comes out.

Except for those who had bet on Yunxiao's victory, the rest of the Warriors were frowning and gloomy as they stared straight into the tower, waiting for Yunxiao to appear.

strange, he's the only one left. Why hasn't he been teleported out yet? "

Xiang Zi's face revealed a look of confusion. Everyone was also extremely puzzled.

There were very few cases where a technique could reach the eighth level, and there was no corresponding information left behind, so no one knew what was going on inside.

"Hmph, I can't just let everyone sit here and wait for him. I don't have time to keep you company, I'll leave first!"

Xu danhe's face was gloomy as she left with everyone.

Cui Bo stared at her coldly and scoffed,"elder Xu, wait for the seal of the art Tower."

...

"Forget it, you can just seal it!"

Xu danhe didn't even turn her head and walked away.

The crowd immediately cleared out a wide path. No one dared to touch the old woman's eyebrows at this time, and they all retreated with all their might.

The situation of the Emyrean one Pavilion was extremely bad this time. They obtained three points for the seventh skill battle, but they had already lost a battle before the martial battle even began. Liang Yuyi followed behind Xu danhe, and she could only feel the immense pressure on her body.

Before she left, she glanced back at Yunxiao, who was still in the tower, with a complicated look in her eyes. When she turned her head again, she had regained her clarity, and her eyes were shining with determination!

Humph, what the hell is the Emyrean one Pavilion doing this time? why did they send such an old woman here? they're so stupid!

The person who spoke was none other than mo Xiaochuan, a cold glint in his eyes.

The people from the merchant Union looked at each other. Although they all agreed with mo Xiaochuan, no one dared to say it out loud. Those without strength would die if they said it, but those with strength represented a certain identity and position, so they couldn't say it.

Zhang chongcai laughed as he watched the people from the Emyrean one Pavilion leave."This friend's words are reasonable. You dare to reveal the truth, which is admirable!"

"Sure, sure!" Mo Xiaochuan cupped his fists from afar.

The conversation between the two left everyone speechless. Cui Yuan looked at the spell Tower solemnly and asked, "He's the only one left. Is there still a test? Are you going to open the ninth floor?"

Everyone was shocked. Cui Bo said, "Impossible, no one has ever opened the ninth Palace! Didn't that mean that he was too shocked to think about the other guess, or even say it?"

Shui luoyan's expression was extremely ugly. She looked coldly at the unconscious Xiao Jingming, her eyes filled with anger.

The powerful people were anxiously trying to save him. If anything happened to this young master, he couldn't bear the responsibility!

Chapter 670-victory

After a series of emergency rescue, the powerful citizen suddenly picked up Xiao Jingming and said loudly, "the Mando Chamber of Commerce will be leaving first. I'll have to trouble you to seal the spell Tower.

When he finished speaking, he was already a hundred meters away.

The powerful citizen had a stomach full of depression as he thought, "This matter was truly strange. The moment Chen Feng from the blade sect arrived at songyue yang city, he was already heavily injured. He wondered how elder Zhu's treatment was going. Now, this person was seriously injured and unconscious. Could it be that song Yueyang city's Feng Shui was specially used to restrain the people of the blade sect?

"I can't believe that the little mouse of the past can shine so brightly today."

A melodious voice was heard. Everyone only saw a white figure flash in front of their eyes. Shui luoyan had already floated over. Her cold and sharp eyes landed on Ding Ling 'er. She was full of hostility as she said, "I didn't expect the little mouse to have grown to such an impressive level after we parted at Mount Meru.

Without waiting for Ding Ling 'er to answer, haolian pushed his way forward. He wiped his hair and showed his white teeth. He said in a bright voice, "Miss, you look like a friend of mine. Are you interested in having a chat with me?"

"Get lost!" Shui luoyan's expression turned cold as she said angrily.

you don't have to worry about the little rat, " Ding Ling 'er said with a faint smile. you should go and care about the in-laws of the blade sect who have just been carried away.

“You coward!”

Shui luoyan snorted in anger, “ the young master of the blade sect, young master Chen Feng, will personally make a move tomorrow. I’ll ask him to take good care of your little sweetheart. We’ll spend the last night together. Whatever he wants to eat, you can make it for him.

Ding Ling ‘er’s face turned red and she said angrily, “Bitch, you cheap mouth!”

“Hmph!”

Shui luoyan snorted arrogantly and left with the people of the Mando Chamber of Commerce.

Cui Bo looked at the remaining members of the five Chambers of Commerce and said with a bitter smile, “What do you think, everyone? This li Yunxiao hasn’t come out for a long time, and I don’t know how long he’ll be staying in there. Is there any good news that I can send in a voice transmission?”

Ding Ling ‘er was also a little worried. Lord cui, this technique tower has always been in charge of your myriad treasures tower. It’s impossible that you haven’t studied it before, right? ”

there are seven seals on it every time, ” cui Bo said with a bitter smile. do you think we have the ability to break them? ”

Everyone was also silent. Luo Ying said, don’t worry. Xiao Jingming was knocked unconscious by him and was thrown out. I’m afraid that li Yunxiao is also badly injured. He might be healing inside.

Xiang Zi sat cross-legged on the ground, his eyes staring unblinkingly at the art Pagoda. His expression was cold, and no one knew what he was thinking.

“Let’s wait a little longer. No one knows what’s going on inside,” cui Bo said indifferently. If he doesn’t come out before sunset, I’ll just keep the tower and perhaps alarm him.”

Ding Ling 'er looked at him gratefully. There were still a few hours before sunset, which should be enough time.

The rest of the people from the Chamber of Commerce also sat there quietly, wanting to know the final situation. Only Qian Wudi stood up and said, "Elder Zhang, I'll go back first." He looked at the spell Tower, and a strong fighting spirit exuded from him. He said coldly, "I hope you're fine. I'm looking forward to tomorrow's battle!"

Although he had a hunch that Yunxiao would win first place, Qian Wudi was still taken aback when he saw the result. He felt that Yunxiao was too terrifying, and he could no longer sit still. He decided to go back and prepare for tomorrow's battle!

Inside the spell Tower, after Yunxiao had sent Xiao Jingming flying with a punch and watched him disappear from the tower, Yunxiao finally felt at ease and panted.

Xiao Jingming knew that he couldn't block the power of that punch, and if he didn't admit defeat, it was very likely that his soul would be destroyed. In shock, he hurriedly shouted that he admitted defeat, but the fist force had already collapsed. Although he was teleported out and escaped death, he was still shocked into a coma.

However, Yunxiao did not know this. Both he and the demonic Dragon were panting with exhaustion on their faces. The key to this battle against Xiao Jingming was his rich experience and the amazing Starlight soul body. Otherwise, it would be difficult to tell who would win.

"I won. It's time to teleport out."

I've finally gotten first place," Yunxiao said. it's a pity that the magical power in this place is so strong. If I could keep it here and cultivate it, it would be a great help to my soul. His eyes were filled with pity.

The demon Dragon hovered in the air for a while, then landed on the ground and transformed into Yunxiao's demon form. that's strange. Since we won, why haven't we been teleported out yet? "

perhaps this is the original setting," Yunxiao said. after all, I've lost too much energy after the battle, so I can use the magical power here to cultivate it back. That's why the teleportation time is delayed. Since that's the case, let's not waste it."

After he finished speaking, he sat down to regulate his breathing. The demonic Dragon nodded and sat down opposite him. Even though he had suffered a mental attack on the seventh floor, which did not help him advance to the eighth step, he felt that he was not far off.

The eighth floor of the spell Tower was silent. The two of them quickly replenished the power in their bodies and soon returned to their peak soul power.

"That's not right!"

Yunxiao opened his eyes and asked in surprise, "it's already been several hours, but they still haven't been teleported?"

The demonic Dragon's body suddenly began to tremble violently, and large beads of cold sweat dripped from his forehead. He said nervously, "I understand! The condition to clear this level is that only one person is left. Now it's you and I who are left! If you and I become one, we'll probably have to leave immediately! I've already reached the bottleneck of the peak of the seventh rank. Quickly help me!"

"Reasonable!"

I see! Yunxiao said in realization. I see! When he saw the demonic Dragon's body trembling more and more violently, he hurriedly waved his hands and sent a few beautiful runes into the dragon's body. In the end, he patted the Dragon's shoulder and sent a steady stream of soul power into the dragon.

The two of them had fused their souls together, so their soul power was perfectly fused together. The demonic Dragon's trembling feeling gradually eased and he calmed down.

Soon, Yunxiao felt a powerful force being born in his body, which was equal to his soul power. The two forces swam in the Dragon's body at the same time and finally fused together.

The Dragon's figure began to gradually disappear and return to Yunxiao's body.

Yunxiao frowned. if it is fused back, we might be teleported out. Are you sure you want to come in? " he asked.

The demonic Dragon had already started to merge with them. He smiled bitterly and said, " "You think I want to? Although I came out with your Starlight soul body, don't forget that our connection is through the soul battle technique of the soul Devourer clan. Once this technique is used, it is difficult to separate. My current state is only a compromise between the Starlight soul body and the soul battle technique. These two cultivation techniques are unparalleled, and you've cultivated them all in a mess. I don't know if there will be any residual effects."

I'm fine, " Yunxiao said with an embarrassed smile. I'm not affected so far. As long as I'm fine, it's fine. You've only changed your form, and you're much more handsome than before."

The demon Dragon looked helpless. He did not know if he could survive by following this lawless madman until Yunxiao recovered to the peak of the ninth heaven and forged a body for him. He could only take one step at a time and cherish what he could do.

Just as the demon Dragon completely merged into Yunxiao's body, the scene in front of him changed as expected, gradually returning to the pagoda.

Yunxiao was a little nervous. He did not know whether he would be teleported out or to a higher level.

His spiritual sense returned to his body, and he slowly opened his eyes and looked up.

The originally ordinary structure of the tower was now full of flowers, and all kinds of exquisite carvings appeared on the dome. There were all kinds of birds, beasts, and unheard of monsters. In the center was a pattern of a sea of clouds and a fairy flying in the sky, and in the center was a gem-like bead that emitted nine-colored divine light, illuminating the patterns and making them look alive, as if they were telling a story.

The most shocking thing was that there seemed to be an extremely powerful aura coming from within the nine-colored divine light, which made people tremble uncontrollably. It was as if there was an extremely powerful demon beast lying in wait.

“That bead Kasaya”

Yunxiao trembled instinctively, but he was completely attracted by the Pearl and had no time to look at the pattern. He did not know what the Pearl was except for the nine-colored divine light it emitted, but it had triggered the small stream of energy in his dantian.

Furthermore, it was also very abnormal for him to not recognize a treasure.

At this moment, a tearing force began to slowly appear on his body, as if he was about to be teleported out.

Yunxiao was taken aback, and his eyes suddenly flashed like lightning as he sent out a huge spiritual power. He wanted to teleport directly to the dome, but his face suddenly changed. The power in the surroundings had completely suppressed his soul power.

...

The designer had long considered that since it was for alchemists to test, it was natural to put an end to and prevent alchemists' teleportation ability.

Hmph, I must get this Pearl. At most, I'll just break this tower!

With a fierce look in his eyes, Yunxiao's body suddenly transformed into a Thunderbolt and shot upward. With a muffled rumble, the restrictive power was broken by the power of his Thunderbolt, and his figure appeared on the dome in an instant. The Thunderbolt transformed into a Big Blue hand and suddenly grabbed at the dome.

The light on the dome of the spell Tower was instantly extinguished, and the sculptures disappeared at the same time.

After Yunxiao got the bead, the force of teleportation around him squeezed over again, twice as strong as before. He could no longer resist it, and he disappeared from the tower. He had finally gotten out.

“He’s out, young master Yun is out!”

Young Emperor hao lian called out in joy and immediately went up to greet him.

With a flash of light, Yunxiao flew out of the tower. Although his face was slightly pale, he was still in high spirits.

“Young master Yun, are you alright?”

The people of Tianyuan trading company surrounded him. Shaohuang hao lian laughed and said, isn’t it obvious that you’re bullying others by participating in the competition with your absolute strength? really!

Everyone felt dizzy when they heard that. Cui Bo smiled bitterly and said, “You really can’t judge a book by its cover, and the sea can’t be measured! I announce that li Yunxiao will take first place in this league’s alchemy contest. Tianyuan trading company will get ten points, and the rest of the trading companies will be scored according to their ranks. Do you have any objections?”
