

The Eternal 671

Chapter 671

671 Bone bead

There was an indescribable feeling in everyone's heart. There were many objections, but they couldn't say anything.

Li Yunxiao, "Xiangzi suddenly said. did you get something after you came out of the eighth floor?"

Everyone was taken aback, and then they all turned their eyes to Yunxiao. They had all seen his last Thunderbolt transformation, but no one could see what had happened in the dome and what he had gained.

Yunxiao narrowed his eyes and smiled. I didn't get anything. I was scared when the teleportation power appeared in the end, so I tried to escape with a secret technique. But I didn't expect that I would fail and be teleported out.

Not many people believed his words, but they had no choice. He was the only one who knew the situation inside.

Xiang Zi's face was slightly unwilling, and he snorted, "Then what's going on with the eighth floor? why did you stay there for so long?"

Yunxiao spread his hands and said helplessly, "how would I know? maybe the original design was like this. I'm afraid the myriad Treasure Tower should know more about this than me. He looked at Cui Bo with a smile.

Cui Bo also wanted to know, but he knew that he wouldn't be able to get anything out of her. He could only shake his head with a bitter smile. "Does anyone have any objections to this technique? if no one has any objections, then I announce that this technique is over for today, and the announced result is valid!"

He began to cast spells with both hands and sent them into the central Spell Tower.

The wide-open door at the base of the tower closed with a loud bang. The two old men carved on the door changed their gesture, and the sound of the door being locked was immediately heard. Then, the Seven Keys immediately turned into Seven rays of light and shot out.

The Masters on the five seats raised their hands and each took one piece. The other two pieces were kept by cui Bo.

The spell Tower flew up slowly under cui Bo's control. It turned into a miniature form in the air and fell into his hand. At the same time, he cast a seal on it.

After that, the five Chambers of Commerce added the seal one by one.

Although many people's expressions were ugly, they still had to deal with the sealing. In the end, the art Pagoda fell into cui Bo's hands. He said to di Shenghua, "Elder di, I'll have to trouble you with the bet."

Then, he announced loudly, "the technique has ended. Tomorrow, the martial arts will begin. Please leave.

"Wow, it's time to collect the primordial stones!"

As shaohuang haolian roared and rushed over, all the people who had bet on Yunxiao's victory were beaming with joy. Although it was not a big upset, it was still considered biased, and all of them had benefited greatly.

As the people of the four extremes sect gradually left, Tang Jie passed by Yunxiao and said with a cold smile, "These pieces of trash really can't defeat you. I hope you can still smile tomorrow!"

"Oh? Is brother Tang Jie going to fight tomorrow?" Yunxiao said nonchalantly.

Tang Jie's eyes were filled with killing intent as he said, "You'll know tomorrow. 'Li Yunxiao, enjoy your last day.' Oh, right, thank you for the primeval stones you won for me. I'll give you a quick death tomorrow."

After he finished speaking, his face flashed with a strong demonic look and he left with the Martial Emperor's guard, parting ways with Luo Ying, Tang Xin, and the others.

After returning to the Chamber of Commerce's base, the people of Tianyuan Chamber of Commerce were all excited. They had never dreamed that they would be the first to fight in the technique competition.

Although Ding Ling 'er was also very excited, she could still suppress her emotions, but she could not hide the smile on her face. After comforting and encouraging the crowd, she entered the chamber with Yunxiao.

They could not wait to ask about the situation in the tower. Yunxiao picked out the important ones, and finally, he took out the White bead and spread it out in his hand with a puzzled look.

Mo Xiaochuan squinted his eyes and observed for a while before saying, " "This thing is neither gold nor Jade. Looking at its texture, could it be a bone?"

Yunxiao smiled and said, " yes, it's exactly as I guessed. The thing that can be placed on the dome and cause such a phenomenon is definitely not an ordinary bone. Even my soul is extremely afraid of this thing."

Mo Xiaochuan was shocked, 'reverence in the soul? Could it be a natural pressure? You're an eighth-tier Alchemist, and you were once a ninth-tier Alchemist! This bone must be a Pixiu!"

Yunxiao nodded. that's my guess, too. This thing is very likely a piece of bone of a tenth-tier true spirit, which has been refined into a bead.

"?!"

As soon as these words came out, everyone was greatly shocked, and their bodies trembled.

Level 10 had always been a realm that only existed in legends. Since ancient times, other than those powerful ancient true spirits, no one had ever heard of the existence of a level 10 powerhouse. At this moment, they were actually looking at the skeleton of a rank 10 true spirit. Although it was only the size of a bead, it was enough to shake their souls!

it's the first time I've seen such a thing," Yunxiao said with a sigh. it's the most precious thing in the tower. Now that I've taken it away, I'm afraid things will keep happening during the next technique."

"Next time?"

when young master Yun regains his strength," shaohuang haolian said with a smile, " you'll unify the merchant Union with Tianyuan trading company. There won't be a next double duel.

Yunxiao smiled and said nothing. Suddenly, he frowned and stared at him as he said, " "How did you get hurt?"

Young Emperor haolian looked slightly embarrassed as he said awkwardly,"You're not skilled enough, you've lost master's face." He was embarrassed and told her about his argument with Xu danhe and the conflict.

Yunxiao's face turned a little cold when he heard that, and he said in a cold voice, " "After the martial arts competition, this trip to songyue yang city will be her last trip."

Everyone's faces changed in shock. Yunshang, who had not said anything, could not help but ask, " young master Yun, please don't be impulsive. Xu danhe is powerful, and we might not be able to win. There are also so many experts from Empyrean one Pavilion. If we go to them now, it'll be like hitting a stone with an egg.

Yunxiao's eyes flickered as he said, " "Unless it's the kind of power that's above the peak and can suppress everything, there's always a chance. We'll talk about the Empyrean one Pavilion after the martial competition. I need to clean this old woman's head."

His words made Ding Ling 'er and the others very worried, and they all looked worried.

don't worry," Yunxiao said with a smile. we'll talk about it tomorrow. Besides, the martial arts competition can't be finished in a day."

Ding Ling 'er nodded. it's only the qualifying round tomorrow. The seven merchant alliances don't need to participate. The rest of the forces will choose 13 people and make up 20 people for the number drawing battle. With young master Yun's strength, as long as you don't encounter li Feiyu or that chenfeng, you should be fine."

Mo Xiaochuan chuckled. miss ding, you're underestimating young master Yun. Although he's only a six-stars Martial Emperor now, I don't think anyone below the rank of a martial Supreme can be his match.

Yunxiao suddenly felt a headache. "If Ling 'er didn't mention that Chen Feng, I would have forgotten about him. What should we do now?"

He immediately told everyone about his battle with Chen Feng, leaving everyone dumbfounded!

what?" young Emperor haolian was shocked. he has four stunning beauties by his side. He really deserves to die!

Mo Xiaochuan pulled a long face and glared at haolian shaohuang. He really wanted to kick him to death.

Ding Ling 'er had no idea what to do at all. The two people from the blade sect who were going to win the championship had both been knocked out by Yunxiao. Since Chen Feng was no match for Yunxiao, the Mando Chamber of Commerce would definitely not be able to win the first place.

Now, she really believed what mo Xiaochuan had said just now. Yunxiao was almost the strongest Man below a martial Supreme. But, how was Yunxiao going to face Chen Feng? If the two of them met in the martial arts competition tomorrow, it would be another life and death battle. If the blade sect knew his name, even Gu Feiyang would have a huge headache.

Yunxiao said, "I'm afraid it will be very difficult for chenfeng to recover from his injuries in a short period of time. I wonder what kind of good medicine and secret pills the blade sect and the Mando Chamber of Commerce have. Perhaps they can make a complete recovery. But, no matter what, I will

still beat him up in the martial arts competition. Now, we're just afraid that the accompanying powerhouses from the blade sect will interfere. If that happens, we won't be able to kill them, and we won't be able to kill them either."

Everyone felt dizzy after hearing this. It would be great if they could avoid being killed by the other party, but they were still considering whether to kill the other party.

yes, it'll be troublesome if we start a war with them. The blade sect is not Emphyrean one Pavilion!

Even haolian shaohuang, who had always been lawless, felt that the situation was getting tricky. Even if Yunxiao had Gu Feiyang's peak strength, he would not dare to provoke the seven superpowers easily. However, Gu Feiyang could destroy Emphyrean one Pavilion at any time.

...

don't worry," Yunxiao said indifferently. let's get first place in the martial arts competition and maximize the profits of the Chamber of Commerce. "As for our attitude, that will depend on the attitude of the blade sect and the others. If people don't offend me, I won't offend them. If you offend me, I don't care if you're from the blade sect or the misty snow sacred domain, just wait for my wrath."

His words made everyone's hearts tremble, but that hot-blooded heroic feeling was ignited.

Yunxiao waved his hand and dismissed the crowd, then went into seclusion alone. He planned to study the tenth-tier bone bead carefully, and perhaps he could find something.

After entering the divine realm tablet, the demonic Dragon suddenly appeared and hovered in the sky. Its two huge dragon eyes looked straight at Yunxiao as it said solemnly, " Li Yunxiao, that tenth-tier bead is the bone of an ancient true dragon!

Yunxiao trembled and said in horror, " "Are you sure?" He flipped his hand and took out the bead.

The demonic dragon's eyes showed a complex emotion of fear and desire. It gazed at the bone bead and didn't even dare to breathe loudly. It was very careful, nodding its head in response.

Yunxiao swallowed. He felt that the arm holding the bead had become very heavy, as if it could not bear the burden.

Although there were many types of ancient true spirits, they were also divided into strong and weak ones. The true dragon was undoubtedly one of the most powerful types.

“The bone of a true dragon?”

There was a fanatical look in Yunxiao’s eyes as he slowly poured his divine energy into it. The Dragon Bone Pearl immediately emitted nine colors, as if it had been activated, and all kinds of strange phenomena appeared in the void.

...

Chapter 672

672 The secret of the dragon Bone

The demonic Dragon let out a terrified cry and quickly retreated. It was trembling from a distance as it was intimidated by the level pressure of the inheritance in its bloodline.

Even Yunxiao, a human being, was affected by the Dragon Bone bead, and a great fear rose in his soul. Holding the bead with one hand was like blasphemy, and he wished he could worship it.

is this the power of a true dragon, Lao Ai? you’re a powerful creature that only exists in ancient myths and can still possess such a powerful might even after so many years. Let me see what’s inside you, and who refined you into a bead!

Yunxiao tried his best to withstand the great dragon might and kept sending all kinds of incantation seals into the dragon Bone Pearl. Beams of light shot out from it, filling the sky with a gorgeous glow. His figure was also illuminated by the multicolored light.

The Dragon Bone Pearl was like an energy source filled with infinite energy. Under Yunxiao's control, it kept shooting out bright light. At first, it was an extremely fierce light, but later, it became slower and slower, as if it was about to wither.

As the Dragon Bone Pearl's energy continued to weaken, the Dragon's might also gradually weakened and gradually lost its divinity. The demonic Dragon in the distance slowly got used to it. It flew closer and said in a serious tone, "What do you want to do?"

At the moment, Yunxiao's full attention was on the Dragon Bone Pearl, so he had no time to pay attention to him. After his soul power broke through to the eighth-tier Alchemist Realm, his aura was completely different from before. If his soul power and cultivation base before were as weak as a sick cat, now he finally felt a little bit of power, and he could do as he pleased.

After half an incense's time, the Dragon Bone bead seemed to have been completely emptied. The light had almost dissipated, and it became no different from an ordinary bone bead. No matter how you cast a spell on it, it would not be Dead or Alive. It was completely exhausted.

"I'm cleaning it."

Yunxiao's face lit up with excitement, as if he was looking at a precious piece of art. This Dragon Bone bead has been refined by an Alchemist, and there is a lot of other energy in it besides the Dragon's might. If I want to see the technique of The Alchemist who refined this Dragon Bone bead, I must first remove all his energy before I can get a clue. To put it bluntly, it's the same principle as dismantling a profound armament."

The demonic Dragon took a deep breath and exclaimed, "By doing this, aren't you destroying this Pearl?"

Yunxiao chuckled and said, "It's not to the extent of being destroyed. After all, it's not an ordinary profound armament. It's just that it has completely lost its energy. As long as I can find the key to it, I might be able to fill it with power."

He grabbed the bead in his hand, and the ancient heaven's eye on his forehead suddenly opened. The three eyes turned blood-red at the same time and shot out three demonic lights. They formed a simple array in the air and entered the Dragon Bone bead.

haha, with an extra eye, I can actually form three seals with my eye technique!

Under the illumination of Yunxiao's three-in-one seal, the Dragon Bone Pearl turned red. At this moment, Yunxiao's divine sense was infinitely reduced. He rushed into the dragon Bone Pearl and carefully observed it, unwilling to miss any tiny existence.

Time passed by slowly. The demonic Dragon hovered in the air quietly, gazing at Shi Yan, not daring to disturb him. With the continuous improvement of his strength, especially after his soul power broke through to the eighth-tier, Yunxiao's aura was more and more similar to Gu Feiyang's, but much stronger than that of Gu Feiyang's.

"This is a Kasaya!"

Yunxiao suddenly cried out in alarm, and all three of his eyes trembled at the same time, as if he had seen something extremely incredible. His face turned extremely serious.

The demonic Dragon was startled by his voice and said in surprise, "What's wrong?"

Yunxiao's face was solemn. Without saying a word, he quickly formed a seal with both hands, and the light from his three pupils turned, shooting out three extremely strong spiritual power that condensed into a white curtain in the air, on which a pattern slowly emerged.

The picture was golden and had a three-dimensional feel to it. Although it was projected on the screen, it seemed to be spreading into the three-dimensional space.

There were many complicated patterns and patterns on it, and they flickered with a golden light. What surprised Yunxiao was that in the center of the pattern were three golden tadpole-like characters that reflected each other, as if they were connected in some way.

"Is this the thing inside the Pearl of dragon bones?" the demonic Dragon asked in shock. Could it be that a great power in the past used these characters to refine the Dragon bones?"

“No wonder he he!”

Yunxiao’s face lit up as he said, “I’m sad that this Pearl still possesses such power after so many years. These words have their own laws, they are indestructible and will last for eternity.”

He stared at the three tadpole-like characters. He had seen one of them before in the great expansion divine technique. Although he couldn’t understand its meaning, he had a good understanding of its rule force.

The demon Dragon sighed. this kind of sacrificial refining method is perhaps a power that only tenth level warlocks can possess. In a situation where no one in the entire continent can decipher these words, I’m afraid it’ll be difficult to understand the meaning behind them.

Yunxiao’s expression gradually returned to normal as he said, “Not necessarily!”

“Eh? What did you think of?”

The demonic Dragon asked in surprise. Although Yunxiao’s ideas seemed to be nonsensical and extremely dangerous, it had always been very effective.

this bead should be the source of the power of the tower, ” Yunxiao said slowly. in other words, all our experiences in the tower are transformed by the rules in this bead. In other words, I should have understood most of the rules contained in these tadpole characters, and combined with some of the words I have mastered, I think it won’t be difficult to understand the meaning in them. Once I understand them, although I can’t read them, I will be able to understand them clearly.

maybe it’s a good idea to use the rules to reverse the situation. Li Yunxiao, I have a favor to ask of you.

The demonic Dragon suddenly said, looking a little embarrassed.

Yunxiao smiled, as if he had seen through his mind. “You want this Dragon Bone?”

yes,” the evil Dragon nodded seriously. I hope you won’t damage the Dragon Bone Pearl.

don’t worry,” Yunxiao said. the only thing that attracts me to this Dragon Bone Pearl is just three characters in it. I’ll give it to you after I’ve fully understood it. I’ll be able to use it when I refine a body for you in the future.”

“Thank you!” The demonic dragon’s heart warmed.

Although Yunxiao had said that the Dragon Bone Pearl was useless to him, anyone could tell that he was just making an excuse. Even if a tenth-grade Dragon Bone Pearl was useless, it was enough to cause a bloodbath on the continent and could be exchanged for any peak ninth-grade treasure or other raw materials.

If it weren’t for the fact that such a valuable item was extremely important to the demonic Dragon, he wouldn’t have the nerve to ask for it. This was the skeleton of a real Dragon! If he refined it into his body, it could even surpass his original physical strength, and he would have the chance to peek into the secrets of the tenth level!

The demonic Dragon understood the importance of this item.

“When did you become so pretentious?”

Yunxiao smiled and ignored him. He began to stand cross-legged in the air and study the three golden tadpole characters carefully. After that, the Dragon gradually left and cultivated alone.

Yunxiao soon immersed himself in his meditation. The most important thing in the art Pagoda was to test one’s soul power. In addition, one of the three words had appeared in the great expansion divine technique, so it was not impossible to trace it back.

He kept thinking hard, doing all kinds of strange movements to simulate the changes and deduce the rules.

After an unknown amount of time, three large golden characters finally appeared in his palm. They flickered with his every movement and emitted a strange power around him.

interesting. The phrase formed by these three characters has actually condensed rules and evolved into an attack that contains soul power. Even an Alchemist can cast it.

Although Yunxiao had understood it, he was a little disappointed. There were not many people in the world who were stronger than him in soul attacks. The meaning of these three words wasn't as great as he had imagined, but the advantage of this attack was that it didn't consume his soul power. Instead, it was a kind of condensed rule that could be directly transformed into a soul power attack.

The mystic technique was indeed a little shocking. If it had appeared on the continent, its value would be even higher than that of the tenth-tier Dragon Bone bead, which was equivalent to giving ordinary Warriors the power to attack the opponent's soul. But for Yunxiao, it was of little value.

I have at least three more golden tadpole-like characters, as well as the relationship between them. This is a great harvest.

Yunxiao was quite satisfied, and he suddenly cried out, " ah, this is bad. I don't know how much time has passed. I shouldn't have missed the martial arts competition, right? "

With a flash, he disappeared into the divine realm tablet.

After leaving the secret room, it was already night. There were servants in the small courtyard who had been guarding and waiting on him. After asking around, they found out that a day and a night had passed. The qualification selection had just passed today, and the top 13 had been decided to make up for the 20 places.

miss ding has instructed that no one is to disturb young master Yun's seclusion, " the servant replied respectfully. when the time comes, miss ding will definitely come and invite young master Yun personally.

...

Yunxiao nodded slightly and asked a little about the qualification battle. The servant had been guarding the small courtyard, but he could not tell him why.

Bored, Yunxiao waved his hand to dismiss him. Suddenly, his pupils constricted, and he frowned slightly as he turned his head away.

In the small courtyard, he could faintly sense something, as if someone was calling him.

At this moment, his soul power had reached the eighth-tier, and it was much stronger than that of an ordinary eighth-tier Alchemist. With a sweep of his mind, he immediately locked onto a space and said coldly, "Who is it? Since you want to see me, just come out."

The air above the void twisted slightly, and the space broke open like a mirror. A cold air was emitted from it, and the temperature in the surroundings dropped suddenly.

A white figure appeared from within. Its entire body was like a transparent glass person, as if it would shatter with a single touch. There was no color on his face, and he looked extremely sad.

Yunxiao's body trembled as he cried out, "Yuwen Bo!"

Chapter 673

673 The man in white

The pale white figure was Yuwen Bo. He looked extremely miserable, and his face was filled with urgency. "Gu Feiyang, save me!"

The ice Spirit body flew down with an anxious expression.

Yunxiao's body trembled. As expected, someone had seen through his identity long ago, and Yuwen Bo had become like this. Something important must have happened.

Suddenly, a cold and disdainful snort sounded, "the dignified third elder of the myriad treasures store is hiding here and there. Is it good to be in such a sorry state?"

Yuwen Bo's face changed dramatically. The light on his body flickered violently, showing the extreme injustice in his heart. His eyes were full of fear.

A crack suddenly appeared in the sky, and two figures descended. Their movements were perfectly symmetrical, and their target was Yuwen Bo.

Yunxiao was shocked at the same time. The auras exuded by the two figures turned out to be martial sovereigns of the ninth heaven!

He didn't have time to think. His body flashed and he teleported in front of Yuwen Bo. The two Northern heaven cold stars suddenly shot out, forming a Sea of Swords in front of him, pushing toward the two.

The all-out sword attack was only to help him block the attack for a while. After all, the other party was a Martial Emperor powerhouse and it was impossible to stop him.

After the attack, Yunxiao opened the heavenly eye between his brows, and the divine realm tablet suddenly shot out, streaking across the sky like a star in the dark night, trying to take Yuwen Bo in.

No matter what happened, as long as they entered the divine realm tablet, they would be safe.

Right at this moment, the space in front of Yuwen Bo suddenly shattered, revealing a white-robed figure. It was as if he had been hiding there all along, but his disguise had suddenly disappeared.

A contemptuous look appeared on the white-robed figure's calm face, and a sneer hung on the corner of his mouth. He gently struck out with his palm, and the entire space shook. It was as if the surrounding power of the natural order had all gathered under the power of his palm, and it was blasting toward the divine realm tablet.

"BOOM!"

With a loud trembling sound, the divine realm tablet was sent flying back by the man's palm. At the same time, the two martial sovereigns broke through his Sea of Swords and attacked. Two forces intertwined with each other and spiraled down, shuttling around Yunxiao, trying to shatter him.

Moreover, the two of them seemed to have come prepared. It was as if they knew that he could teleport. The wind from their fists sealed off all the spatial passages, making it impossible for him to use his soul power to teleport.

"Stop! Don't kill him!"

The man in white gave a cold cry, his eyes flashing with a cold air as he looked down at Yunxiao with a contemptuous look on his face.

Yunxiao's face was extremely solemn. If the man in white had not stopped the joint attack of the two martial emperors, he would have been seriously injured and fallen. The two martial sovereigns seemed to have cultivated a secret technique that allowed them to join forces. They were already considered geniuses for being able to advance to the rank of martial sovereigns. Very few people would engage in team battles. However, these two had to join forces to deal with him, a Martial Emperor. They did not give him any chance of survival at all!

"Hmph!"

Hmph! the two martial sovereigns snorted at the same time and quickly withdrew their hands. Each of them performed a different seal technique and combined them in the air. The two intertwined attacks immediately dispersed and turned into two different forces that shot out and disappeared into the sky.

The moment the man in white appeared, Yuwen Bo's face fell, and he fled into the distance in a hurry. He knew that Yunxiao's current strength was not enough to save him.

However, he was blocked by an invisible force after he had rushed out for only a dozen meters. He was unable to break through at all. His face instantly turned pale, full of fear and despair.

The white-robed man formed a seal with his hands, imprisoning a part of the world. No power could break through it. He chuckled and said, "Yuwen Bo, since we've already made a move, don't expect anyone to save you.

"Is that so?"

Mo Xiaochuan's cold voice rang out. A flash of sword Qi streaked across the night sky like a bolt of lightning. It arrived in an instant and transformed into a Sea of Swords. As it rumbled down, it illuminated the surroundings.

Yunxiao also made his move. He knew that the power of mo Xiaochuan's sword was enough to break the cage. He transformed into a Thunderbolt and flew up, shuttling through the dark night for only a moment, waiting for the sword Qi to break the cage and save the people.

"It's no use!"

A cold and disdainful voice rang out. The white-robed man casually raised his right hand and clenched it into a fist before punching at mo Xiaochuan's sword Qi. Everyone felt the space around them suddenly tighten at this moment, as if it had been frozen in place and was under great pressure.

Yunxiao's pupils constricted. He knew that all the energy in the space had been extracted by this man. Even though he had transformed into a Thunderbolt, he was still suppressed by the Emperor aura and could not move.

After the white-robed man drew on the power of heaven and earth, he transformed it into an infinite palm force that blasted toward mo Xiaochuan's shocking sword!

Before the fist wind arrived, the sword light was already affected by the spatial force and began to change shape. Then, the palm wind arrived and directly suppressed the sword Qi. It was actually trapped in the air and could not touch the prison!

"What?"

Both mo Xiaochuan and Yunxiao were greatly shocked. Such a powerful sword attack had been suppressed by a casual punch from this man!

The white-robed man's strength was even above Xu danhe's!

Who was he?

There was no expression on that stiff face, and it was extremely unfamiliar.

At this moment, several figures rushed out of Tianyuan trading company's encampment and surrounded them.

haha, you've been restrained, right? I'll have to save you!

Shaohuang haolian's figure suddenly appeared. The white-robed man's fist intent did not seem to affect him at all. He also threw out a punch, and his own world rippled.

"Eh? You're the one who focused on cultivating one punch? As expected, the fist intent reaches the heavens!"

The white-robed man's eyes revealed a look of surprise, then he said indifferently, it's just that his cultivation is too weak. It's a pity that he has such a world of fist intent. capture Yuwen Bo! he ordered. capture Yuwen Bo!

Then, he retracted his left hand that had created the cage and performed an incantation gesture in front of him. He pointed out two fingers at the same time and rushed into shaohuang hao lian's fist intent. It was like the eye of a vortex had opened. A huge force poured in from all directions and began to compress the fist intent world.

His left and right hands moved separately, and he easily trapped the two of them!

The remaining two figures flickered. One of them rushed toward Yuwen Bo, while the other took a step in the air and arrived in front of the crowd. He stared coldly at the few figures of Tianyuan trading company who were rushing over, and a murderous aura surged out from his body!

The man in white felt the killing intent and frowned, " "Just stop them. The Lord has ordered that no one is allowed to kill anyone here."

The martial Supreme's face twitched, and his eyes were filled with unwillingness. He gathered power in his right hand in front of him and waved it out. Like a marshmallow, it pulled out a long ray of light and shot out directly. It suddenly expanded not far away, and the residual force pushed it away like a wave. Although it was fierce, it was not brutal. It immediately drowned the few rays of light and shook them far away.

The other martial sovereign appeared in the sky above Yuwen Bo in an instant, grabbing at him with a ferocious look. A small box appeared in his other hand, and with a light flick of his thumb, it opened up. A small golden formation was revealed inside, which was used to trap souls.

Yuwen Bo's soul shadow flickered in the air. Suddenly, he pointed out a finger, and an attack landed on the martial sovereign's palm with lightning speed. It was as if an extremely cold object had entered his hand. Ice flowers instantly formed on his entire arm, and his palm force froze.

After the attack, Yuwen Bo's figure grew even dimmer, then he immediately turned into a beam of light and shot toward Yunxiao.

"Trash!"

The man in white suddenly shouted coldly, his eyes bursting with anger.

The Martial Emperor was embarrassed and angry. He condensed his Emperor Qi and shattered the ice immediately. He threw a punch and then chased after her.

...

“Evil, allow, Yue, hate, bi an”

Mo Xiaochuan mumbled in a low voice as the Tiangang demon-slaying sword emitted rays of sword light and a terrifying aura.

The white-robed man’s expression changed slightly. Even though mo Xiaochuan’s strength was nothing to him, this Tiangang devil-rinsing sword was a peak ninth-rank weapon. Moreover, mo Xiaochuan had been nourishing the sword with his own body, using all his blood essence and soul vitality to nourish it so that it could unleash its greatest power at any time!

“Love, end, sound, split open!”

As the last few words were said, the sword let out a terrifying trembling sound. The sword spirit was roaring again and again, extremely angry at being suppressed. The sword intent suddenly increased and broke through the suppression of the White-clothed man’s fist intent!

Hmph, you do have some skills. No wonder the Lord asked me to personally watch over this side.

Although the white-robed man was surprised, he did not panic at all. His right hand changed into an incantation gesture, and a strange talisman broke out of his palm. A golden light shone from his hand, and he slapped down.

A golden tadpole-like rune flew out of his palm and expanded in the air. It was as if endless rules had appeared and once again suppressed mo Xiaochuan’s sword will. This time, even the sword Spirit’s roars were suppressed, as if there was no sound.

“What?”

Mo Xiaochuan was shocked. This was the first time he had encountered such a situation. No matter how much he was defeated, the sword Spirit’s bloodthirsty battle intent had never diminished. At this moment, he could clearly feel that the sword spirit seemed to have lost its temper. The shock in his heart could not be any greater. how could this be!

Yunxiao's pupils constricted as well, and his heart was in turmoil. This was the first time he had seen someone use this golden tadpole-like character in a battle, which proved that the man in white had really mastered it!

...

He had no time to be shocked. The moment mo Xiaochuan broke through the suppression of the fist intent, the suppression on his body was also released. He teleported over immediately and reached out his hand to pull Yuwen Bo into the divine realm tablet.

The white-robed man's expression changed drastically, and he hurriedly shouted, "If I can't get it, I'll just destroy it!"

The martial sovereign's heart trembled, and his eyes were filled with resentment. He had failed to complete such a small task. The humiliation spread in his heart. A destructive power exploded from his body, suppressing Yuwen Bo in the air. Then, he opened his mouth and spat out a beam of sword Qi, which flew down.

Yunxiao was taken aback. Under the suppression of the other party's Emperor Qi, his power could not penetrate it at all.

A look of determination appeared on Yuwen Bo's face as he smiled bitterly and helplessly, "Life and death are determined by fate. I didn't think that I would still be unable to escape. My old friend, at first sight, you've become eternal."

Chapter 674-who are we waiting for?

Yunxiao's body trembled. No matter how hard he tried, he could not break through the Martial Emperor's full-force suppression. His face was cold as he said, "What's going on?"

Yuwen Bo laughed bitterly and shook his head, "I was ambushed, but I didn't expect you to still be alive. Why don't I have such a great life?"

Yunxiao's face was livid, and his eyes were burning with anger as he growled, "Who is it? Who did this?"

"I can't tell you with your current strength," Yuwen Bo sighed, "but you'll be able to find out when you have the strength to. However, he hesitated for a moment before he warned, " "But I have to remind you that you must be on guard against Ding Ling 'er!"

"What?"

Yunxiao's body trembled violently, and his eyes were filled with disbelief. When the name rang in his ears, it almost burst his eardrums and shook his heart. The impact on his mind was even more intense than the pain he had suffered physically!

The martial sovereign's attack had finally landed. His eyes widened as he tried to grab Yuwen Bo, but he was powerless. A huge light bloomed in front of him. He tried to grab it a few times, but he could not grab anything.

last year, the purple ribbon and the green Gate, tonight, the ice and soul of the cloud, the life is broken and scattered, for thousands of years, and the next year, where the Song of the Wild drinks, who is it left for? "

Yuwen Bo's figure grew fainter and fainter in the light, leaving behind only the soft sound of a poem that resounded in the night sky. It carried with it a longing for life and a sigh, before finally dissipating.

Yunxiao's pupils became empty and lifeless. He waved his hand, but all of them missed.

Seeing Yuwen Bo turn into ashes, the white-robed man finally let out a sigh of relief. His face turned cold as he snorted, we still haven't been able to capture him. However, it's better to die than to escape. Let's go!

let's go! he shouted as he clenched his right hand. The Golden tadpole-like character instantly disappeared in the air. He then pushed his left and right palms out, pushing away young Emperor hao lian. His body flashed in the air as he stood high up in the air. The two martial sovereigns also suddenly returned behind him, and the three of them looked down coldly.

The white-robed man said indifferently, "I'm sorry to have disturbed you all during the lonely night." Let's continue to rest, there's still the martial arts competition tomorrow."

The two martial sovereigns behind him sneered disdainfully. The three of them flashed in the air and their figures slowly faded before they finally disappeared into the sky.

The entire night fell silent.

"Young master Yun!"

Mo Xiaochuan and haohuang rushed over. When haohuang saw Yunxiao's cold face and empty eyes, he cried out in surprise, "Young master Yun, are you alright?"

Yunxiao stood there in a daze, as if he had lost his soul. Obviously, what had happened just now had a great impact on him, and he could not come back to his senses.

Mo Xiaochuan and shaohuang haolian exchanged a glance, both unable to hide the shock in their hearts. Something that could make Yunxiao suffer such a huge shock was definitely not simple.

"Who was that soul shadow just now?" mo Xiaochuan asked cautiously.

Yunxiao's empty eyes gradually recovered, and his dilated pupils began to shrink rapidly. The light in them became extremely condensed and cold, making the two of them feel a chill and tremble.

"Pi Li pa la!"

Yunxiao suddenly clenched his fists, and a series of bone-cracking sounds rang out. The air was compressed and exploded layer by layer. In a deep voice, he hissed, "Yu-Wen-Bo!"

"Argh! It's him!"

Both of them trembled and looked at each other in horror. They finally understood where Yunxiao's anger came from.

The person who had just been killed in front of his eyes was actually his good friend from the past!

The two of them had too many questions in their minds. If it was Yuwen Bo, why would he appear here? And he was killed so easily?

"Young master Yun!"

A large number of Warriors swarmed in from the outside. They were all from Tianyuan trading company. They had been directly shaken out by the Martial Emperor in the fight just now. Although they were all injured to varying degrees, none of them died.

Ding Ling 'er and Yunshang, in particular, took the lead and came forward to hold Yunxiao's arms. At the same time, they felt the murderous aura coming from him. They trembled and looked at Mo Xiaochuan and Haolian Shaohuang with questioning eyes.

Mo Xiaochuan and Shaohuang Haolian both frowned. There were too many people around at the moment, so it was inconvenient for them to say anything, so they remained silent.

Suddenly, Yunxiao stared at Ding Ling 'er and said coldly, "When you guys rushed in just now, the martial sovereign attacked with one move. Did anyone die?"

Ding Ling 'er's heart trembled. Yunxiao's cold eyes were like a bone-piercing cold knife, piercing into her heart and causing her to feel an inexplicable pain. Although she did not know what was going on, she had never seen the coldness and indifference in Yunxiao's eyes.

She suddenly felt as if she had fallen into an ice cellar, and her heart broke into pieces. Her whole body was cold, and she was so scared. She panicked and said in a trembling voice, "I don't think there's any Qianqian. Why are you asking Qianqian this, young master Yun?"

The coldness in Yunxiao's eyes grew even colder as he said, " your subordinates are very strong. None of them died from the martial sovereign's move? "

Ding Ling 'er's face was ashen and bloodless. She didn't know how to answer, but her body couldn't help but shiver, feeling colder and colder.

Yunshang also noticed that something was wrong. The coldness from Yunxiao's hands had spread to her body, and it was also a chill. But at that moment, a wave of warmth gushed out of the divine body of nine yang, which directly dissolved the coldness and even transmitted it into his body through his hands.

Feeling the warmth, Yunxiao frowned slightly. The ruthlessness in his body was reduced, and the coldness in his eyes was gradually dispelled. He also felt that his question was a little too much, so he sighed and said, " I'm a little confused. I need some time alone. You guys leave first."

Ding Ling 'er felt a burst of sourness, and big tears rolled down her face. She pursed her lips and tried not to cry.

Yunxiao no longer paid attention to the crowd. He turned and entered the cabin, then closed the door.

Other than mo Xiaochuan and shaohuang haolian, everyone else was confused. They stood there in a daze, and a few of them were even angry and could not help but complain.

"Young master Yun, what do you mean by that? We rushed over as soon as we saw the situation on his side. From what he said, it seemed like he couldn't wait for us to be beaten to death. It was so infuriating!"

"That's right, although everyone's strength is low, it's because they admire him and admire Chairman ding that they risked their lives to come here, but he actually said such heart-chilling words! If something like this happens again, I'll turn over and continue sleeping!"

even Chairman ding was so good to him, but he made him cry. This man is really unreasonable. Next time, no one is allowed to come!

Mo Xiaochuan and haolian shaohuang furrowed their brows when they heard their complaints. Just as they were about to explain, Ding Ling 'er suddenly spoke up and said calmly, " "There's a reason for this, and I can understand everyone's feelings, but we don't know what exactly happened just now. Please don't complain because of your performance and doubt young master Yun. All of you should be clear about young master Yun's way of handling things after getting along these days. There must be something we don't know about this."

Her tears were still on her face, but she was unusually calm when she said these words, and no light could be seen in her eyes.

well, Chairman ding is right. Young master Yun seems to have suffered a great blow. There must be something more to this.

let's disperse, everyone. We'll definitely be able to see the light. Young master Yun still has a martial arts competition tomorrow, so let him calm down for a while.

Ding Ling 'er's prestige was extremely high, and as soon as she spoke, people responded. The crowd gradually dispersed, leaving only Ding Ling, mo Xiaochuan, and the other two.

Luo yunshang stepped forward and held Ding Ling 'er's arm slightly. When the crowd finally dispersed, Ding Ling' er's body trembled, and tears fell from her big eyes again.

don't be sad, sister Ling 'er, " yunshang quickly comforted her. didn't you just say that young master Yun must have a secret? "

Ding Ling 'er nodded slightly. Even so, when she thought of Yunxiao's strange look just now, her heart was filled with fear and coldness, as well as extreme helplessness.

Luo yunshang looked at mo Xiaochuan and Mo liuxi and said, " "What happened just now?"

...

I'm not too sure about the whole story," mo Xiaochuan sighed. it's just that one of young master Yun's old friends was killed in front of him just now.

"Ah?"

The two women were shocked, and their eyes showed horror. Ding Ling 'er's aggrieved mood was also cast aside at once, and she listened carefully.

Mo Xiaochuan explained the situation in detail. In fact, the entire incident had happened in a very short time. He had only struck out with his sword twice, and in just two strikes, Yuwen Bo had been killed.

"Yuwen Bo!"

why is the third elder of myriad treasures store asking young master Yun for help in our courtyard?" Ding Ling 'er asked in surprise. Myriad treasures store has cui Bo and three elders in charge at the moment. If he goes to myriad treasures store's encampment, I'm afraid no one can hurt him, right?"

The crowd was also very puzzled. Yunshang frowned and said, "From what you've said, Yuwen Bo was already a soul when he escaped, which means that the enemy was abnormally strong. Even his physical body was destroyed long ago, which is indeed strange. Furthermore, to be able to kill Yuwen Bo's men in songyue yang city without a sound, it's truly a terrifying guess."

The three of them were shocked. They had all understood the meaning behind yunshang's words. There were indeed only a few people with such strength.

Mo Xiaochuan's expression was grave. furthermore, Yuwen Bo fled here to seek help from young master Yun. He didn't go to myriad treasures store. Could the person who killed him be from myriad treasures store?" he asked.

"Your analysis makes sense, but how do you explain what the man in white said about his master's order?" young Emperor haolian shook his head.

Mo Xiaochuan knocked on his forehead and said thoughtfully, "That's exactly what I can't figure out. The man in white did say that our master ordered us not to kill anyone here. He seems to be taking good care of Tianyuan trading company." He looked at Ding Ling 'er with a strange expression.

...

what?! Yunshang's pupils constricted as she said angrily, "Mo Xiaochuan, what's with that look?!"

Mo Xiaochuan smiled bitterly and turned his face away. "I can't help but make the Association."

Ding Ling 'er's body trembled, and she said in a trembling voice, "Young Master Yun, are you suspecting me because of this?"

Chapter 675-martial arts competition begins

"It's not just that,"

Mo Xiaochuan sighed. If I'm not mistaken, before Yuwen Bo's soul was destroyed, he was afraid that young master Yun was not strong enough to seek revenge, so he refused to tell you the whole story. Instead, he only mumbled. He stopped talking, as if he was hesitating whether to tell you or not.

Yuwen Bo is indeed a man of character," Luo Yunshang said. He's extremely thoughtful. Someone who could kill him so easily ... Even if young master Yun went there now, he would probably be in danger. But what? Can you not keep us in suspense?"

You didn't hear it wrong," young Emperor Haolian said with a wry smile. I heard it too. Before Yuwen Bo died, he did tell young master Yun to be on guard against Ding Ling 'er!

"Be on your guard Against Me!"

Ding Ling 'er was dazed for a moment and mumbled to herself, "I've only met Yuwen Bo a few times, and I don't have any deep friendship or hatred with him. Why did he frame me before he died? Young master Yun won't believe me no matter what."

Luo Yunshang was also surprised. She grabbed Ding Ling'er's hand and said, "Sister Ling'er, don't worry too much. There must be some misunderstanding. We all believe you."

Ding Ling'er shook her head bitterly and said, "Yuwen Bo was also an expert of his generation, and he was also young master Yun's good friend from his previous life. The words he said before his death must have been pointed at something, and it couldn't have been for no reason. Young master Yun must now think that I'm the murderer. No wonder he asked if there were any casualties, and the fact is that the person did show us mercy."

"This is also the most troublesome part."

Mo Xiaochuan asked, "Who's the master that the white-robed man was referring to? Or an old friend of Tianyuan trading company? Not only did they not kill a single person, but they were also concerned about tomorrow's martial arts competition. Could it be that they're deliberately misleading us and causing us to split up internally?"

"It's possible that they're working together to create a diversion," young Emperor Haolian said, "but what do you mean by what Yuwen Bo said before he died? Could it be that Yuwen Bo was also tricked by them?"

"This matter is too strange," Luo Yunshang said. "There will definitely be an answer in the future. We will definitely believe you, sister Ling'er. As for young master Yun, this must have been a huge blow to him. No one would be able to accept the fact that he could only watch his good friend die helplessly, just like when he was in Yanwu."

She stopped talking, as if she had touched a string in her heart. She looked at the small house with some worry.

Ding Ling'er also knew what she meant, so she fell into silence all of a sudden. Then, she changed the topic and said, "I'm afraid young master Yun won't be participating in tomorrow's martial arts competition. Well, he has done enough for Tianyuan trading company."

At this moment, she suddenly felt that the matter of the Chamber of Commerce was no longer so important. Her heart was empty and had no one to rely on.

Luo Yunshang frowned and said firmly, " don't worry, young master Yun will definitely come around tomorrow. We believe in her, just like how we believe in you!

Ding Ling'er glanced at them. All three of them looked determined and had a slight smile on their faces. She felt warm in her heart, and her empty heart was finally at ease.

Yunxiao had heard the conversation of the four men clearly in the cabin. He knew that there was something fishy about it, but Yuwen Bo's death had dealt him a great blow, and the sense of powerlessness he felt was no different from when he was in Yanwu.

He could only watch helplessly as his disciples and friends were captured or killed. All of this happened right in front of him. He could only watch helplessly as he watched.

He hated this feeling. In his previous life, he was arrogant and domineering. Although he was not invincible and could do whatever he wanted, he only wanted one heart in everything. Even if he was no match, at least he had the strength to fight back. He was able to fight for anything. But these two times, he was not even qualified to fight.

This was because the difference in strength was simply too great.

Although he was usually arrogant and domineering, he could only be considered a hero among the younger generation. When he encountered the true experts of this continent, he was simply not worthy of being on the stage.

What we seek in the martial path is nothing more than to let ourselves soar in the nine Heavens, and there is nothing under the sky that can restrain us. He would let his family and friends have shelter, and no one would dare to touch him under the sky. Everything that he cared about and cared about him could live freely and with dignity!

Dignity, living

Yunxiao murmured the two words as he disappeared into the divine realm tablet in a flash.

Cultivation, cultivation, crazy cultivation!

At this moment, the only way he could vent the hatred in his heart and relieve the pain in his heart was to cultivate like crazy.

The next day, at the break of dawn, the martial arts competition began in the central square!

Strictly speaking, it was already the second day of the martial arts competition. However, only the seven great merchant associations had participated in this competition, and they were the focus of attention of tens of thousands of people.

The arrangement of the martial arts competition was the same as the technique competition. Only the seven Chambers of Commerce and some scattered seats were given to the martial Supreme realm experts. The rest of the people, regardless of whether they were the leaders of the Chambers of Commerce or peak martial Venerables, had to stand obediently.

The location of the final battle was a ninth tier profound armament—heavenly stars glittering jewel plate!

This Tiangang enamel plate itself was a profound level weapon that was specially refined for duels. Its shape was extremely exquisite and beautiful. It was refined by combining more than 300 of the world's most solid objects. When enlarged, it looked like a majestic arena. The base was composed of seven layers, and each layer was engraved with an extremely powerful array to protect the profound level weapon from being damaged by cultivators during a fight.

No one knew when this Tiangang enamel plate was made. There were two of them, one in the merchant Union's hands, and the other in the Holy region. The heaven and earth Power ranking list had been won on another Tiangang enamel plate decades ago. However, it had been completely destroyed in the advancement battle between the top 50 and the top 20.

Now, this unique existence was the only one left in the entire realm of heavenly martial arts.

Cui Bo and the others took out the heavenly armor enamel plate together. Suddenly, the space froze, and a vigorous force spread out from the array of several people. A piece of Xuan artifact the size of an ink stick slowly enlarged under the joint efforts of everyone. It was revealed in the center, and waves of ancient and surging weapon essence made everyone hold their breath under this majestic and solemn power, and they were in awe.

“Boom boom boom!”

The formation plate descended and pressed down on the ground, causing dust to rise into the sky and blinding everyone.

Four tall warrior statues stood in four corners, displaying different moves. Some clenched their fists, some struck out with their palms, and some formed seals with both hands. All of them were tall and mighty, giving off an extremely domineering feeling.

Cui Bo flew in and was the first to step on the heavenly oyster’s glittering jewel plate. As he scanned the area, the entire place fell into silence.

the martial arts competition of the merchant Union has officially begun, ” he said in a clear voice with a smile. first, the leaders of each Chamber of Commerce will draw lots.

A graceful and charming young lady walked up with a Golden Disc. On top of it were rows of small round balls that flickered with green light.

Cui Bo laughed. the drawing is made of aquamarine. No one can use their spiritual sense to check it. The leaders of the seven Chambers of Commerce have checked it. There’s no problem.

He flicked his finger and shot out a stream of energy onto the Golden Disc. The twenty small green balls on it instantly flew into the air and began to spin in the air above the Tian Ji enamel disk, ” twenty leaders, Please draw.

More than a dozen figures rose into the air and grabbed the small ball in the air. Then, they landed on the Jade plate.

There was only one left. Cui Bo raised his hand and flew down. A ray of light shot out and landed on the enamel plate, forming a water screen. The 20 Golden names flickered on it. He smiled and said, "Everyone, please announce the numbers."

The people on the stage opened their numbers one by one, their eyes constantly scanning the hands of others to find the first person to fight.

To everyone's surprise, everyone's eyes immediately focused on Ding Ling 'er's hand, only to see a pink and white fist.

miss ding, " the powerful man chuckled. you seem to be a little absent-minded. Could it be that the number plate in your hand is a death sign? "

Ding Ling 'er withdrew her gaze from the empty seat in the middle of the seats of Tianyuan trading company and said coldly, "The one who will die? Which group could kill Tianyuan trading company? Is it you? Elder Quan."

Her words were extremely cold, and her eyes were also cold.

Everyone was shocked. This was completely different from Ding Ling 'er's gentle and elegant character. It was as if a sharp knife was hidden under her beautiful appearance, and it began to reveal its sharp edge.

The powerful citizen was stunned for a moment, then he chuckled and said, Miss ding, you're very angry. I don't think li Yunxiao has shown up yet. Has something happened?

it seems that your in-laws are not here either, " Ding Ling 'er said coldly. elder Quan doesn't care about his own affairs, but he is quite concerned about Tianyuan trading company.

...

Chen Feng was also absent from the Mando Chamber of Commerce's seats. Even Shui luoyan was nowhere to be seen.

The powerful man's face stiffened, and traces of anger appeared. Right now, he hated people talking about the word "in-laws" the most, which really made him feel embarrassed. He fiercely said, "There is no need for Miss Ding to worry about this. I hope Yunxiao doesn't run into Chen Feng later, or it'll be a small matter if he loses, but it'll be no fun if he dies."

He raised the number ball in his hand, and with a flash of green light, the number "6" appeared.

"Ah!"

An old man on the stage immediately paled. He shook his head in frustration, sighing at his terrible luck. He raised the number plate in his hand. It was also number six. A sense of helplessness rose in his heart. If he were to face Chen Feng, he would definitely die.

The rest of the people were also very nervous, fearing that they would encounter Chen Feng, Li Feiyu, and Yunxiao, who were the favorites to win the championship. In fact, even if they encountered the disciples of the seven great merchant alliances, they would still die. The remaining 13 families could only hope that they would meet each other and be able to hold on for a few more rounds.

Ding Ling'er slowly opened her hands, and there was a big "seven" on the small green ball.

Many people heaved a sigh of relief, but a representative of the Chamber of Commerce stared at Ding Ling'er's hand with a livid face. His face was as cold as ice.

He was also holding a "seven" number plate in his hand. The raw material of the green cloud stone had been deformed by his five fingers after pouring essence force into it.

Chapter 676

676 The first battle

Ding Ling'er's expression didn't change at all. It didn't matter who her opponent was. What was important was that the empty seat made her heart feel empty.

From the moment she had sat down, she had been completely absent-minded. At the same time, she was filled with questions that made her unable to eat or sleep in peace. The core of the question was—who had killed Yuwen Bo? It had been tormenting her heart!

In addition to the number plates, the twenty candidates were also the most eye-catching. However, the temporary absence of Chen Feng and Yunxiao made most of the eyes fall on Li Feiyu.

He must have been cultivating in seclusion since he was absent from such an important competition. As the number one of the younger generation in the merchant Union and one of the four prodigies of the North Region, he would definitely be looked at with hostility from all directions.

“You don’t have to worry about these small fries,” Ren Guangjun said lightly. “Your biggest targets are Li Yunxiao and Chen Feng, but neither of them has shown up, which is really strange. Elder Xuan, do you have any news?”

Xuan Yutang, who had been in seclusion since the beginning of the technique, also appeared at this moment. His yellow face remained unchanged and he said listlessly, “There is indeed some information, but it’s not important. On Chen Feng’s side, it was said that Chen Feng had come to Songyue City alone a few days ago and was severely injured a few hundred miles outside the city. He had been staying at the Mando Chamber of Commerce to recuperate for the past few days. As for Li Yunxiao, he was stunned.

A glint of light flashed in his cloudy eyes as he said, “It is said that there was an accident in Tianyuan trading company yesterday. There seems to be a great battle, but the cause and result are unknown. Perhaps Li Yunxiao is injured.

Xuan Yutang’s voice was extremely soft. He used a secret technique to control the range and only spread it to the seats of Myriad Treasures Store.

The people of Ten Thousand Treasures Tower were all shocked, and they looked at each other in horror. Ren Guangjun was even more shocked, “Such a big matter, and you actually say it’s not important? Why don’t you tell everyone so that we can discuss countermeasures?” His tone was reproachful.

“Important?” Xuan Yutang asked indifferently. “These two matters had nothing to do with the flying rain martial art. Besides, with the abilities of the Blade Sect and Yunxiao, even if they are injured, they can

recover in a short time.” “If I’m not wrong, they’ll show up when the final battle begins,” he said after a pause.

Ren guangye was stunned for a moment and then fell silent. Xuan Yutang was right. It didn’t seem that important anymore. What was important was that Feiyu did his best to defeat all the enemies!

On the Tiangang Nirvana plate, as the number plates were flipped open one by one, the order of the battle table displayed on the water screen was also listed. Everyone’s eyes fell on the two first places, Tang Jie versus Liang Yuyi!

Luo Ying looked at the battle list, his expression was a little cold as he said, “Do you have any countermeasures against Liang Yuyi’s ten suns in the sky and her ethereal invisibility technique?”

Tang Jie’s blood that was flowing quietly gradually started to burn at this moment. His face became extremely demonic as he laughed and said, “I didn’t watch her fight with Li Yunxiao that day, but I heard about it! Besides, if Li Yunxiao can beat him, so can I!”

He turned his head and glanced at Tang Xin, who showed a disdainful look, and said coldly, “My poor little brother, just wait for your big brother to get first place, then I’ll come and deal with you!”

Tang Xin’s face changed. Just as she was about to flare up, a hand immediately pressed on her shoulder.

Hidden Dragon’s hoarse voice rang out, “There’s no need for us to do anything to deal with someone like him. Don’t be angry.”

Luo Ying and Tang Jie both frowned slightly, not knowing what to say.

Tang Jie coldly snorted and let out a long roar that shook the nine Heavens. The sound was sharp and long, making people’s eardrums uncomfortable. Some of the weaker martial artists who were closer to him were even more unlucky. Their eardrums were directly broken and they were in great pain.

“Hahaha!”

A loud laugh immediately interrupted the shrieking. Di Shenghua flew out and set up a water curtain on the other side of the ring. He said with a smile, "Place your bets, place your bets!"

Martial arts were a better casino than technique. More than half of the people in Songyue city came to gamble.

voting will be banned after the start of the competition. Hurry up and place your bets!

Di Shenghua laughed out loud. Immediately, a large number of people rushed over and instantly took away the glory of Tang Jie and Liang Yuyi.

Tang Jie's face was full of anger. He had shouted just now to match the atmosphere and enhance his morale and prestige. However, he had been interrupted by Di Shenghua just like that. Few people had even paid attention to him when he went on stage, as all their thoughts were on the bet.

"Hehe, my poor stupid brother, good luck!"

Tang Xin smiled knowingly and showed a sarcastic smile.

"Hmph, let's see how long you can laugh!"

Tang Jie snorted in anger. In a flash, he appeared on the heaven star Jade plate. He stood with his arms crossed in front of his chest and looked coldly at Liang Yuyi as she approached.

Xu Danhe's cold order came from behind Liang Yuyi, "if you lose again this time, you can't participate in the rest of the competition!"

Liang Yuyi's body trembled as a chill ran down her spine. Thinking about Tong Xiu's death, a sense of sympathy for the Fox grew in her heart. She calmed her mind and pushed aside all distracting thoughts. She took light steps and jumped onto the Jade tray.

As the two of them arrived, the crowd gradually quieted down. Many Chambers of Commerce were secretly rejoicing. What they were most happy to see was the seven Chambers of Commerce fighting each other. As long as they were lucky enough, they could get a good score. This was the weight of the profit distribution after the double battle. Any one of the points represented a huge profit.

Cui Bo looked at the two of them and shouted, " everyone, please be quiet. The first match will be between Tang Jie of the four extremes sect and Liang Yuyi of the Emyrean one Pavilion!

As he started the battle, di Shenghua laughed and said, " "I'll definitely leave!" It was extremely strange and disharmonious. Such a solemn matter became very tasteless.

"Liang Yuyi, I see that you're a talent, and I treasure you very much. Why don't you leave Emyrean one Pavilion and join my four extremes sect? I can give you a chance to dual cultivate with me, or at least give you the status of a 'concubine'. After you lose, you can consider it. "

Tang Jie said calmly. There was an indescribable pride in his eyes, as if everyone in the world should submit to him. He looked at whoever he was, and that person would submit to him.

Before Liang Yuyi could speak, Xu danhe's expression changed. She shouted angrily at the four extremes sect's seats, " "Luo Ying, are you competing in martial arts or in mouth? If we're competing with our mouths and comparing who's more stupid, we'll just admit defeat!"

Luo Ying's forehead was also covered in sweat. He felt that Tang Jie had been hanging out with those demon race people for too long and was somewhat ignorant of the immensity of heaven and earth.

Tang Xin suddenly laughed, stood up and bowed to Xu danhe, and said very sincerely, " "Elder Xu, please don't be angry. I apologize to elder Xu and the rest on behalf of my stupid brother."

He was more than willing to do something that would damage Tang Jie's image, even if it would damage the reputation of the four extremes sect.

Luo Ying frowned and sighed. If the four extremes sect's internal conflict did not end as soon as possible, it would be a disaster rather than a blessing for the sect.

Tang Jie's eyes flashed with a cold murderous intent. His gaze went past Liang Yuyi and landed on Xu danhe. He said coldly, "Ugly old woman, let's see if you're still going to be stubborn!" Then, he retracted his gaze and said proudly, "Let's start!"

"You coward!"

Xu danhe's face turned green in an instant. After Tang Jie became Yunxiao, she wanted to be the second person to be cut into pieces, so she shouted, "Yu Yi, just cripple him!"

Liang Yuyi raised her hand, and an exquisite sword appeared in her hand. She said indifferently, "Let's begin, Tang Jie. A few months ago, you were only at the peak of the Martial Emperor realm. I don't know what kind of fortuitous encounter you had to break through to the rank of martial honor, but your eyes are on top of your head, and your mouth is loose. After all, it's a great taboo for martial artists. The elder has ordered that I will not hold back."

Liang Yuyi's body moved slightly as she rose into the air. She drew a sword flower in her hand and turned it into a huge fireball that burned with a whooshing sound. She then slashed at him in the air.

The moment the fireball appeared, the temperature of the entire central square rose sharply, as if it had entered a steamer. Everyone was shocked. Because Liang Yuyi had been defeated by the unknown Yunxiao, everyone had underestimated her strength, especially those who had bet on Tang Jie's victory. They looked extremely nervous.

I heard that li Yunxiao had a hard time fighting you, and he finally won.

Tang Jie's voice slowly echoed in front of the big fireball. A trace of coldness appeared on the corner of his mouth as he grinned, "That's why I want to defeat you easily to prove that I'm stronger than him! And he's much stronger!"

He laughed in a demonic manner. His body suddenly moved, and a powerful aura was released from where he was standing, causing the space to tremble. The five fingers of his right hand clenched into a fist, and a force of wind spun out from his palm. It slowly grew bigger and turned into a whirlwind, slapping towards the big fireball that was whistling down.

“BOOM!”

Tang Jie’s body was like a forest of wind. Only his clothes could be seen moving in the whirlwind. The huge fireball was directly split into two by his palm and then blown away by the wind around him.

Then, the sound of wind whistling rang out. While everyone was still in shock, Tang Jie had already closed in on them. A golden light flashed in his hands.

...

Liang Yuyi’s expression also changed drastically. In her horror, she found that her body was quietly locked in by Tang Jie’s seal that was constantly condensing, and she could not escape! Her heart sank, and her long sword flew up. A fiery red sun floated in front of her one by one. There were seven in total, and they revolved around her body.

The tip of the sword was raised and the seven Suns moved continuously. They followed the momentum of Liang Yuyi’s sword and squeezed under the power of the incantation seal, causing the space above the Tiangang Nirvana plate to rumble continuously!

A misty color appeared above the plate, it was the defensive formation of the plate. The strength of the two had already reached the first layer of defense recognized by the original designer.

Tang Jie’s face suddenly changed. The power of the sun hit the golden seal in his hand. He gritted his teeth and said, “ you’re really good. Just the seven days sword skill is already so powerful. But it’s useless under my Tianjun seal!

He roared loudly, and his face became somewhat distorted within the sword light. A golden seal was formed in his hands, and he suddenly pressed it down!

Chapter 677-special domain

“Boom boom boom!”

The momentum of the seven Suns was blocked, and they were shattered one by one by a huge square golden seal. After the fireballs exploded, they released astonishing hot flames that spread in all directions, and in the blink of an eye, the formation disk was set ablaze in a sea of fire!

Everyone could only see Tang Jie's figure flashing in it. The light of the fire made him look a little demonic, but Liang Yuyi's shadow was nowhere to be seen.

"Oh? Is this the space technique that you're so proud of?"

Tang Jie was in the sea of fire, but he was calm and composed. With a sneer on his face, he said, "If I had used it for the first time, I might have been able to kill someone by surprise. It's a pity that after your battle with Yunxiao, everyone has been studying how to crack your spatial art!"

He took out a dark green rectangular profound level weapon with small holes on it. It was actually a musical instrument!

"This illusionary sea harmonica was specially prepared for you!"

Tang Jie sneered as he placed the harmonica near his mouth and blew it gently. A "Wu Wu" sound rang out from the Jade plate, which actually turned into a visible Green sound wave that rippled out. Everyone below could see it clearly.

"This heavenly armor enamel plate is indeed very strange," Luo Ying said in astonishment. "It can even block sound wave attacks and show its form for everyone to see."

it's the first time I've seen someone use a sound wave attack from above," cui Bo complimented. it's my first time seeing something like this as well. It's really pleasing to the eye.

Now, the only person who didn't feel that it was pleasing to the eye and was instead furious was Xu danhe. Her face was extremely gloomy, and her ten fingers were about to sink into her flesh. Originally, Liang Yuyi's Mystic technique of the void was extremely magical, enough to be used as any trump card to defeat her opponent. Even when she saw it for the first time, she could not crack it after thinking for a long time, except for suppressing the space with the Emperor aura of the ninth heaven. She did not expect Yunxiao to find the solution in an instant, and now it was known to everyone!

“Li Yunxiao! If I don’t kill you, I won’t be able to dispel the hatred in my heart!”

Xu danhe also put the blame on Yunxiao. It did not matter anyway, as it would be a great enmity that would not end until one of them died.

“Wuwuwu!”

Tang Jie’s strange harmonica kept playing on the Jade plate. The entire space inside the array plate was filled with the power of sound waves, and there was no space left. The fire that was left after the seven Suns were shattered was also gradually extinguished by this sound wave.

However, Tang Jie’s brows gradually furrowed. As time passed, he still did not see Liang Yuyi’s shadow appear. He could not even capture the spatial node where she was hiding in space!

“What’s going on?”

Luo Ying, who was outside the arena, was surprised for the first time. It was he who thought of this method that could be used by Tang Jie when he met Liang Yuyi. Otherwise, other than the Emperor Qi of the nine Heavens, he could not think of any other way to use the spatial technique.

Xu danhe was also taken aback and did not understand what was going on. The scene of Yunxiao easily making Liang Yuyi appear with the bell had left a deep impression on everyone. So, when the illusory sea harmonica appeared, those who had seen it in the last competition thought that Liang Yuyi was done for, but there was still no reaction after so long.

“Haha, I understand! This time, Tang Jie is in trouble!”

Qian Wudi suddenly laughed out loud, and his eyes flashed as if he had seen the crux of the problem.

“Oh? What’s going on?”

Zhang Chong didn't believe it and looked at Qian Wudi in confusion.

Under everyone's gaze, Qian Wudi smiled, "It's very simple. The reason why there's no effect is obviously because there's not enough energy! I know the origin of Yunxiao's ancient Bell. It's a ninth-tier item, and not an ordinary ninth-tier one. Tang Jie's broken harmonica should be capped at level eight, right? And how much of the harmonica's power can he unleash?"

"I see!"

Xu danhe was overjoyed. She laughed wildly. haha! As long as this space technique can't be broken, Tang Jie can only wait for death!

Qian Wudi's words stunned everyone. It was indeed the case. If it didn't work, it must be because there wasn't enough energy. It was just that their thinking was limited. They thought that sound waves would do, but they didn't expect it to be so simple.

Luo Ying's face became a little ugly. On the contrary, Tang Xin heaved a sigh of relief and showed a cold smile.

"Tear!"

As if to confirm Qian Wudi's words, a slash suddenly appeared in the air. Tang Jie, who was focused on playing the zither, was caught off guard by the slash. Although he dodged it, his robe was cut in half, and his upper body was also cut in blood.

Tang Jie's face suddenly changed and became gloomy. He already knew that the harmonica was useless. In a rage, he threw it to the ground and kicked it away.

Many of the people below felt heartache as they looked on. That was an eighth tier profound armament and not every Chamber of Commerce was as rich and overbearing as the seven great Chambers of Commerce.

"Throwing weapons when you can't win, you're not a man."

Liang Yuyi's voice resounded in the air, but every word came from a different place. Tang Jie held his breath and focused his attention. He flicked his fingers in several directions from where the voice came from, but all of them missed. This time, his face really turned ugly.

Not only Tang Jie, but all the martial artists who were waiting to compete below looked solemn. They had also prepared their own music profound weapons, but now it seemed that they would not work. If they met Liang Yuyi later, how could this battle be decided?

Even Li Feiyu's expression turned serious. This secret technique was truly abnormal.

"A man?"

hehe! Tang Jie chuckled. if you have the guts, show yourself and let me feed you a taste of what a man is!

"Shameless!"

you're courting death! Liang Yuyi shouted in embarrassment. A fireball suddenly appeared in the air, as if the anger in her heart had manifested.

Tang Jie's pupils shrank and he immediately unsheathed his saber. It appeared almost at the same time as the fireball and struck it with lightning speed. With a "Hu" sound, the fireball was cut in half, but it still missed!

This was almost his fastest speed, and his expression became even more unsightly.

"Ten suns in the same sky!"

Just as Tang Jie was about to go crazy, a cold voice came from behind him. Liang Yuyi's figure appeared in the air, flashing and then disappearing. In a flash, ten huge fireballs finally formed and rotated on the heavenly oyster's Nirvana plate, like the sun!

Liang Yuyi's physical form appeared and she stood in the middle of the ten suns. The sword in her hand trembled slightly, emitting a fiery aura. A slight move would affect the whole body. She looked at Tang Jie indifferently and pointed her sword downward. She shouted, "Go!"

He turned into a ray of sword light and plunged down from the sky. The Jade plate glowed with several rays of light and its defensive power was enhanced again!

Tang Jie's face was extremely gloomy. With a muffled "bang" sound, his muscles began to swell up. His standard figure suddenly turned into a muscular man, and his height also seemed to have increased a little.

Everyone in the central square felt their eyelids twitch. They immediately recognized that it was a body-tempering technique.

There were many people who practiced physical skills, but only a few could master it and fight with a martial Supreme. Therefore, everyone was very interested in Tang Jie's changes, especially Tang Xin, who stared at him without blinking.

that's more like it. What's the point of always hiding? "

After Tang Jie's physical body changed, his entire aura had also undergone a great change. His body seemed to have undergone some kind of demonic transformation. The demonic Qi penetrated the ten blazing suns, making Liang Yuyi feel very uncomfortable.

After Tang Jie's Vermilion Bird saber was taken away by Haolian Shaohuang, he was now holding a red bloodthirsty saber in his hand. Although it was not as divine as the Vermilion Bird saber, it was more demonic. At this moment, he held it horizontally in front of his chest, and a cross-shaped spatial crack appeared. He suddenly slashed out and shouted, "Great cross void slash!"

The two rays of sword Qi and Saber Light met in the air. The terrifying ten suns and the void slash collided with each other. The two forces eroded and devoured each other, causing huge ripples to spread out. The aftershock swept the two figures into it in an instant.

...

The moment Liang Yuyi was engulfed by the aftershock, her body gradually disappeared and she went into hiding.

Tang Jie's eyes were filled with anger, but he didn't have much time to think about it. The huge energy shock waves came down one after another, directly blasting his body and breaking it layer by layer. The power of the ten suns was stronger than the previous one, shaking him so much that he couldn't stop screaming.

Outside the enamel plate, everyone was dumbfounded. Looking at the monstrous flames in the field, they only felt a chill in their hearts and bodies.

"Liang Yuyi, you b * tch, come out and fight me to the death if you can! What kind of skill is it to hit and escape!"

Tang Jie had gone crazy from the fire inside. Although his body had been strengthened very badly, his cultivation level was still far from Liang Yuyi's. He had completely taken on the ten suns in the sky and was almost completely destroyed. After the flames dissipated, a figure with a burnt body was going crazy.

Except for Xu danhe, who was grinning from ear to ear, the rest of the People's faces were pale. How could they fight against such a secret technique? there was a 10% chance of defeat!

this secret technique ... cui Bo broke out in a cold sweat. it's very similar to the void technique of that legendary master! His eyes were filled with horror as he looked at Xu danhe and said, " "Could this Liang Yuyi be that Lord's disciple?"

Everyone's heart trembled, and they all revealed a look of panic.

Xu danhe enjoyed the look of horror on everyone's faces and couldn't stop smiling. "I'm not too sure about that. Maybe it's true. Ha, haha!"

Her words were deliberately ambiguous, which made him extremely depressed.

Cui Bo smiled bitterly. regardless of whether she's the disciple of the void martial sovereign or not, Liang Yuyi's Secret technique is one of a kind. She's almost invincible under the martial sovereign realm.

...

Hmph, what technique of the void? it's just a special domain.

Xuan Yutang, who had been silent all this while, suddenly spoke, shocking everyone. Cui Bo asked in surprise, " special domain? "

Chapter 678-one chance

It was rare for Xuan Yutang to speak, but at this moment, he did not mind talking too much. He explained, the eight desolation realm can simulate the rules of heaven and earth and display a domain. It's the Supreme rule in the six directions and eight desolations, so the experts of the eight desolation realm are called martial Supremes. The situation that most martial Venerables used was the same, which was to suppress one side and dominate. However, some people's domain power had a variation and could form a variety of unique effects. Liang Yuyi's Secret technique of concealment is only one of the effects of the mutation domain. It has nothing to do with void Martial Emperor Zhuo qingfan."

So that was how it was!

Everyone came to a sudden realization, and the fear on their faces gradually disappeared. At the end of the day, a territory was still a territory that merely simulated the rules of heaven and earth. It was completely different from a Nine Heavens martial sovereign who could directly condense rules.

Xu danhe kept her smile as if Xuan Yutang's revelation had made her extremely uncomfortable. She snorted coldly and said, " "So what if it's a mutation domain? Who under the rank of martial Supreme can be a match for him?"

"Tsk, who can rival him? Have you forgotten the battle with li Yunxiao a few days ago?"

Tang Xin snorted disdainfully. Although he was happy to see Tang Jie lose face, it was not good for the four extremes sect too much. Now, the burnt and crazy look inside the enamel plate had already made him feel very embarrassed, so he couldn't help but ridicule.

As soon as Xu danhe heard the name 'li Yunxiao', her face immediately darkened, and she was so angry that she wanted to eat him raw!

She squinted her eyes and saw that there was still an empty seat in Tianyuan trading company. Ding Ling 'er sat there in a daze, paying no attention to their conversation, full of thoughts.

Young Emperor haolian looked at Ding Ling 'er and sighed. "Young master Yun, are you really going to miss the martial arts competition? It's a pity that I'm a little old, otherwise I'd be the one to crush them. I'll go call young master Yun and see how he's doing."

"Don't!"

"Sit down!"

Two voices rang out at the same time. The former was Ding Ling 'er, while the latter was mo Xiaochuan.

Mo Xiaochuan replied coldly, "young master Yun has a sense of propriety in everything. Do I need you to add on to that?" If he wanted to come, he would naturally come. If he didn't, you wouldn't be able to call him over. Also, when you were at the age of these juniors, you would only be beaten to death if you went up!"

young emperor haolian's eyes bulged, and he seemed to be unconvinced. he snorted and ignored mo xiaochuan.

At this moment, Tang Jie had gone completely mad inside the enamel plate. No matter how ugly his curses were, even the men below the stage frowned upon hearing it. Liang Yuyi refused to come out no matter what.

"You cheap servant, worn-out, lecherous, coquettish woman, Qianqian."

Unpleasant curses came out one after another. The more they scolded, the more addicted they became. The more they scolded, the prouder they became. Everyone was sweating profusely. They never knew that Tang Jie was so good at cursing. Moreover, even these men couldn't stand the content. The veins on their foreheads were bulging as they listened to him. They wished they could go up and slap him to death!

"Cheap mouth, you're looking for death!"

Liang Yuyi's gritting voice could be heard. She finally could not take it anymore. Ten suns rose up from the void one by one. She reappeared as her physical body and stood in the sky among the ten suns. She flew down in rage and said hatefully, "This time, I'll definitely burn you to ashes, along with that stinky mouth of yours!"

Tang Jie raised his head and looked at the ten suns attacking him one by one. He suddenly stopped cursing and stood there without dodging.

"What's wrong? Could it be that the kid was scared silly? Hmph, an idiot who only knows how to fight a war of words!"

Xu danhe's face was full of disdain as she shouted, "Just kill him, no need to show mercy!"

Luo Ying's expression changed and a trace of anger appeared. No matter what, Tang Jie was still the young master of the four extremes sect. Even if you want to beat a dog, you have to look at its master. This old woman actually treated him like nothing!

However, the rules of the competition were that unless one surrendered, one could only judge based on the fact that one party had lost their combat power.

Cui Bo's face turned serious. If he was hit by Tang Jie, he would definitely not be able to fight anymore. He would stop Liang Yuyi from killing him as soon as possible. Otherwise, the consequences would be too great.

Tang Jie raised his head slightly, and a strange smile appeared on his face. He said softly, women are so stupid. It's only a few words of scolding and it's already obvious. Although it's not an honorable win, it's enough as long as we win!

Liang Yuyi suddenly felt a bad feeling in her heart, but with the ten suns in the sky, she was full of confidence. She snorted and said, "What nonsense are you talking about? you're just standing here and not moving. It's too late to block it now. You're going to die under my move soon, and you're still talking nonsense!"

Xuan Yutang, who was watching, suddenly opened his mouth and said, "We're here!"

"Arrived? What's here?"

When Ren Guangzheng was watching nervously, he was a little confused when he heard him say something so inexplicable.

Tang Jie's face revealed a trace of ruthlessness as he said, if I didn't open all my vital points and didn't Dodge, would you have taken the risk to come within three Zhang of me?!

"Within three Zhang?"

Liang Yuyi was shocked and immediately understood what Tang Jie was thinking. It would take time for her to display her mutation domain. It was not instantaneous. The distance of 30 feet was exactly the distance that Tang Jie estimated that he was confident of hurting Liang Yuyi!

"What nonsense are you saying? I'm ten days in the same heaven within three Zhang of you. It's hard not to die even if you want to, and you still dream of retaliating Against Me!"

Liang Yuyi's face was filled with solemnity and anger. She poured all her strength into her sword, and the ten suns seemed to become even redder.

"Bang!"

A silent sound came from Tang Jie's body, like a beating heart. A powerful demonic Qi rushed out of his body and he roared, "You don't have the final say in whether I die or not! Although it's extremely dangerous, it's my only chance to win!"

"Si la La!"

The clothes on his body were completely torn apart by the vital Qi. He flew into the air and was burned by the fire of the ten suns, revealing his terrifying body. He had completely lost his human form and rushed into the ten suns with a roar!

"Boom boom boom!"

The ten huge fireballs exploded in the enamel plate for the second time. Tang Jie and Liang Yuyi's figures were both trapped in it. The huge impact force scattered in all directions.

Ren Guangjun finally understood what Xuan Yutang meant by 'we're here'. He swallowed hard, licked his dry lips, and said with difficulty, "Will Tang Jie die? To take the attack of ten suns in the sky in exchange for an opportunity to attack, this is too crazy!"

Li Feiyu's face was also solemn as he said, "Tang Jie is much smarter than he looks. But is it really worth it?"

it's not about whether it's worth it or not," Xuan Yutang said faintly. he only had this one chance, and this one chance was exchanged for by his shameless scolding. Otherwise, this battle would at most be a draw."

Listening to the words of the people from myriad treasures store, everyone was shocked, their eyes fixed on the enamel plate, not daring to blink, for fear of missing any detail.

Tang Xin's face was also moved, and the waves in her heart were more turbulent than anyone else's. She found that he had underestimated Tang Jie's strength and ability, which was enough to bring him devastating consequences.

The flames on the Jade plate gradually dissipated, and a terrifying scene appeared before everyone's eyes.

At this moment, Tang Jie had completely transformed into a demon. His face was covered in scales, and several thick tentacles extended from his back. They were several meters long and constantly moving. His sharp fingers pierced directly into Liang Yuyi's shoulder, and blood flowed down, dyeing half of Liang Yuyi's body red.

From a distance, Tang Jie's body was pitch black, like a roasted demon. Even the blood that flowed out from his injuries had completely coagulated into blocks. Liang Yuyi looked pitiful as Tang Jie's fingers pierced into her shoulder, causing her face to twist in pain.

he's not dead?!

Many people were in disbelief. He was able to withstand the attack just now with his physical body? What kind of heaven-defying physical body was this!

Especially those disciples who were going to participate in the competition, all of their eyes revealed a look of fear. No matter which one of these two people they met, they would lose without a doubt! Moreover, these two weren't the favorites to win the championship. If they were the three favorites, they would definitely win.

Many disciples of the Chambers of Commerce broke out in cold sweat. At first, they thought that they could get a place in the competition by playing tricks. At the very least, they knew the gap between them and the disciples of the seven Chambers of Commerce. But now, it seemed like they were just going to play with each other. The other party could kill them with one big move!

...

"Ha, ha, I've caught you!"

Tang Jie made a strange sound from his throat. The expression on his face was a little stiff, but he still opened his mouth and laughed.

“Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!”

Suddenly, a series of sounds could be heard. The dozens of tentacles on Tang Jie’s back suddenly stabbed into Liang Yuyi’s body, skewering her in the air. Blood flowed along the tentacles and fell to the ground.

“How is it? The demonic energy I’m cultivating is not bad, right? This is my last punch, and I’ve sent all of it into your body to destroy all your meridians. You can’t use any strength now!”

Tang Jie’s body was still stiff and unable to move. The power of the ten suns had completely destroyed his body’s functions. At this moment, only the flesh spikes on his back could still be waved at will.

Liang Yuyi raised her hand in pain. Her sword was still there, and she suddenly slashed down.

“Whoosh!”

Another flesh spike pierced through the air and knocked the sword in her hand down, stabbing into her small arm.

“Ah!”

Liang Yuyi finally could not help but scream in pain. She had lost all her strength to resist and was held up high in the air by more than ten flesh spikes, bleeding continuously.

...

“The match is over!” Cui Bo frowned and shouted.

Tang Jie, who was on the Jade plate, did not care. He still supported Liang Yuyi with his feelers, as if he wanted her to bleed to death.

Xu danhe also recovered from the shock. If Liang Yuyi died, then they would have to send someone else for the rest of the battle. The result would be unpredictable. It was not impossible for them to be removed from the seven Chambers of Commerce. Then, wouldn't she be skinned by the pavilion master when she returned?

Although Liang Yuyi did not have the strength to resist at the moment, according to Tang Jie, her meridians were only broken. This was not a big deal for martial artists like them. As long as the medicine was administered, they could be reconnected immediately.

Chapter 679-ostentation

we've already lost! Why aren't you stopping? is he going to kill us?! Liang Yuyi shouted angrily.

Cui Bo frowned. He made a complicated seal with his hand and sent it into the enamel plate. His entire body flew in and landed beside Tang Jie. His expression changed drastically.

not good! They've all completely fainted!

Cui Bo hurriedly injected a few healing spells into the two men's bodies, then slowly grabbed at the air and pulled out more than ten of Tang Jie's tentacles one by one.

Two figures immediately rushed forward. Xu danhe caught Liang Yuyi, who was falling down. Her face was livid. Originally, he was going to be angry when Liang Yuyi lost, but now that she was seriously injured, there was no way for him to be angry.

After Tang Jie's tendrils were pulled out, he suddenly opened his eyes and his body quickly returned to his human form. He staggered backward and Luo Ying helped him up.

Cui Bo looked at the blood on the ground and frowned. was that tentacle absorbing the other party's strength and vitality? "

As soon as these words came out, everyone's hearts were shocked. This was too evil, and just hearing it made their blood run cold.

Tang Jie's breath was weak, but he still grinned and said, "What, is it very powerful?"

Cui Bo frowned and waved his hand, signaling for the two to take their disciples away. He said, "Tang Jie won the first round, one point gained, one point deducted by Empyrean one Pavilion. The second round will be Qian Wudi of the money sect versus tai Hong of the Golden Dragon Chamber of Commerce."

After Tang Jie and Liang Yuyi left, Luo Ying and Xu danhe began to treat the two.

As Qian Wudi and tai Hong went up the stage one by one, everyone gradually recovered from the shock. The other disciples of the Chamber of Commerce were surprised and happy. They were surprised that the seven Chambers of Commerce were so powerful that they didn't have a chance to interfere. They were happy that Tang Jie and Liang Yuyi were so badly injured that even if they had good medicine, it would be difficult for them to recover in a short time.

"Let's not bet on this, there's no suspense," di Shenghua said.

Everyone smiled bitterly. There was indeed no suspense.

Tai Hong was a young man who only had the strength of a seven-stars Martial Emperor. He said with a bitter smile, "Young master Qian, I hope you can show mercy and give me some guidance!" He spoke very politely and played purely with the attitude of being able to learn. He had no hope of scoring at all.

Qian Wudi cupped his fists and said coldly, "I have no obligation to train a waste like you. Either you admit defeat or be prepared to be killed by me. I will not show mercy."

Tai Hong was startled, and his face turned pale. He stood on the platform, not knowing what was going on. In his own Chamber of Commerce, he was also a Son of Heaven's pride, so he was a bit angry to be looked down upon like this. He couldn't fight, and he couldn't admit defeat.

"Al, Lord cui, we admit defeat!"

The president of the Golden Dragon Chamber of Commerce stepped out helplessly. Although Qian Wudi's words were infuriating, they were the truth. Moreover, if he really didn't hold back, tai Hong's end would probably be even worse than Liang Yuyi's. He would probably be crippled in one move.

Cui Bo nodded. there's nothing bad about retreating in the face of difficulties. This is also the behavior of a wise man. It would be foolish to take a gamble and attack when you know you can't win."

Tai Hong looked at cui Bo gratefully. He bowed and flew down from the Jade tray. His eyes were filled with unwillingness, anger, and determination.

Cui bofei went up the stage and continued to host.

In Tianyuan trading company, young Emperor hao lian could no longer sit still. He kept sighing and said,"Young master Yun, are you really not coming?"

Mo Xiaochuan said in a deep voice,"can't you just shut up?" If you sigh again, I'll kill you with one palm! The saber sword sect didn't even appear before us. Can't young master Yun rest more if you want to?"

Yunshang suddenly stood up and said, " "I'll go get him!"

"Sister, don't!"

yunshang! Ding Ling 'er shouted anxiously. She grabbed yunshang's hand and shook her head, begging her. What she needed the most at the moment was not the victory of the merchant Union, but Yunxiao's trust in her, which was more important than any benefit.

alright, let's continue waiting. I still believe in him!

Yunshang sighed and comforted him, but she was not confident at all. She looked in the direction of Tianyuan trading company, but could not see anyone.

The next few matches were boring, but two one-star martial Supreme disciples managed to make some sparks and show their extraordinary strength. However, the battle between Tang Jie and Liang Yuyi had already been deeply rooted in the hearts of the people, raising the anticipation of the competition to a very high level.

the fifth match will be between the Mando Chamber of Commerce's Dustwind and the Azure Chamber of Commerce's Liangji!

Cui Bo's voice rang out in the square, and the entire square fell silent. Everyone's eyes were on the Mando Chamber of Commerce seats.

Liang Ji nervously walked up to the heavenly armor enamel plate. His palms were covered in cold sweat. If Chen Feng was absent, he would be able to pick up a point. Furthermore, it seemed like the chances of him not showing up were extremely high. He could not help but feel excited.

Cui Bo looked down and said, "Elder Quan, are you going to change or forfeit?"

The powerful citizen's face was also filled with anxiety. Suddenly, his eyes lit up and he shouted excitedly, "They're here!"

Everyone followed his gaze, and sure enough, a ray of light flew over from the horizon. Inside it was an exquisite palanquin inlaid with gold and wrapped in Jade. Four stunning beauties were lined up around the palanquin. They were of different shapes and each had their own charm, making people's sperm rush to their heads and their hearts itch.

Other than the four beautiful women, Shui luoyan and Xiao Jingming also arrived on the left side of the palanquin. However, the two of them didn't look too good. On the right side of the palanquin was elder Zhu keting of the blade sect and a few martial Supreme powerhouses as his followers.

The palanquin descended from the sky with astonishing power. The tyrannical aura of those experts and the charm of those peerless beauties caused everyone's blood to boil and their bodies to heat up.

"BOOM!"

The palanquin landed on the ground, stirring up a small cloud of dust. A shockwave spread out, blowing away some of the weaker martial artists in the surroundings.

“I’m sorry I’m late!”

Zhu keting chuckled with a smile on his face. He swept his gaze around, revealing a cold and arrogant expression.

This big move immediately put them in the position of hostility of the merchant Union, and everyone’s eyes became unfriendly.

I vaguely remember meeting elder Zhu once twenty years ago, ” cui Bo said lightly. I didn’t expect to see you again twenty years later. We’re already in-laws.

“Hahaha!”

Cui Bo’s sarcastic remark immediately attracted the laughter of the crowd.

The powerful citizen’s face turned red, and he felt extremely ashamed and angry. However, the Mando Chamber of Commerce’s move had indeed disgusted the people of the merchant Union, and it was expected that they would become the target of public criticism.

Zhu keting’s eyes turned cold. He snorted. the strong will only team up with the stronger, and the weak can only continue to weaken. This continent is a world where the strong will always be strong. Do you all find this funny? ”

His words were filled with extreme coldness and killing intent, causing those who laughed to become silent. They suddenly felt cold all over and fear rose in their hearts. They actually didn’t dare to laugh anymore!

it’s not the world that’s funny, ” cui Bo said indifferently, squinting his eyes. it’s some people and some things on this continent that are funny.

Zhu Keting didn't comment and didn't want to argue with the crowd anymore. He just snorted, "If you don't like it, then let's start!"

Alright," Cui Bo nodded. Young Master Chenfeng, please.

Everyone's eyes fell on the small sedan, wanting to see the so-called true appearance.

...

"I, I admit defeat!"

Liang Ji said as he trembled on the Jade Plate. The other party's formation alone was enough to make him shudder. How could he still have any intention of fighting?

The curtain of the small sedan was lifted halfway by a fair and handsome hand, and it stopped in mid-air just like that. Then, it was slowly lowered, and an ice-cold voice was heard, "Trash, you're wasting my time! Notify me when you're sure you're going to fight in the next match! Elder Zhu, let's return to the station first. There's nothing much to watch in these trashy matches."

Everyone's faces were filled with rage. This was a naked insult to the Merchant Union!

Hehe, young master is too handsome. He scared the enemy out of their wits before he even showed his face and they surrendered.

The Chunqin's giggles rang out, and the four beauties covered their mouths and laughed. It was like the spring breeze blowing over the willow branches, a pleasing sight. However, this scene made all the men feel even more ashamed and angry. They all glared at the good fortune on the Jade Plate!

It didn't matter if they f*cking admitted defeat. Everyone had already guessed this outcome, but they had to at least wait for the other party to show their skills. At least, they had to admit defeat after they went on stage. You didn't even see the other party's face and you admitted defeat. You've lost the entire Merchant Union's face!

Liangji's face was already as red as an eggplant when he heard chunqin's praise for chenfeng. Feeling everyone's anger, he was even more frightened. He felt that he had embarrassed the merchant Union and didn't know what punishment he would receive if he went down!

The air seemed to have been frozen by the anger. The entire place was silent. Everyone looked coldly at the bridal sedan and Zhu keting's group as they rose into the air and flew into the distance.

Apart from Shui luoyan and Xiao Jingming, who didn't look too happy, the rest of the blade sect's people all had a haughty expression on their faces. Their mockery and arrogance were plain for all to see.

The central square was deathly silent. Everyone's heart was heavy and angry at being looked down on.

...

Cui Bo's face was livid. As the host of the duel competition, he felt the humiliation of the merchant Union, but there was nothing he could do. He gritted his teeth and said, "in the next round, li Yunxiao of Tianyuan trading company will fight against all the men of spirit turtle trading company!"

Xiao Jingming, who was standing beside the sedan in the air, moved his body and looked down. His eyes were full of coldness as he said, "Elder Zhu, the one who hurt me is li Yunxiao!"

"Oh?"

Zhu keting frowned slightly. he can hurt you in the spiritual space. Although it's a bit of a trick, his strength can not be underestimated. I'd like to meet this li Yunxiao.

"Hmph!"

Chen Feng's cold voice resounded from within the carriage as he said in disdain, "You lost to others with your low strength, yet you still have the face to complain to elder Zhu and find all kinds of reasons to exonerate yourself. Didn't I hear you talk about how powerful you were every day in the sect? How could he lose to a kid from the merchant Union? I think our blade sect's face has been pretty much lost in your hands!"

Chapter 680-do you dare to make the decision

“Chen Feng! You’re too Savage!”

Xiao Jingming trembled with anger. Being scolded in front of his goddess, he trembled and said, “Wait till you’re beaten up by that Li Feiyu. I’ll see if you can still be so arrogant!”

“Hehe, brother Jingming is angry! The young master will not be defeated by the four greats of the North!”

Xia Shu covered his mouth and laughed. “Didn’t you see those people from the merchant Union? They didn’t even dare to see the young master’s face. They were so scared that they lost. Hehe!”

Xiao Jingming was embarrassed and angry, “You broken shoes, shut up!” Chen Feng, if you had the ability, you wouldn’t have been slapped by some random person and come back with a pig’s head on your face. You wouldn’t even be able to recognize elder Zhu!”

The carriage trembled violently, showing how indignant Chen Feng was. The four maidservants’ faces also changed.

The conversation between the few of them was not concealed at all, and it was clearly heard by the people below. All of them were dumbfounded, and they were all thinking to themselves, ‘there’s actually someone who dares to slap the son of the sect master of the blade sect? just who is so heaven-defying?’ however, when they thought about how this person’s face had been slapped like a pig, all of them felt extremely relieved, and they instantly felt like exhaling their anger.

Zhu Keting’s face darkened as well, “Don’t argue, let’s go back first!”

The crowd followed the empty bridal sedan and left.

Ding Ling ‘er sighed, and her face showed infinite desolation. “He still didn’t come.” His heart ached, and his face gradually lost its color.

“I’m sorry I’m late. I should have made it.”

A faint voice rang out, and then a beam of light flew down from the sky and landed directly on the Tiangang celestial plate, revealing Yunxiao’s face. “I think I heard it was my turn?”

“Ah? Young master Yun!”

Everyone in the Tianyuan trading company’s seats stood up, looking pleasantly surprised.

Ding Ling ‘er couldn’t care less about the crowd, and her tears flowed down.

Looking at them, Yunxiao made a gesture to indicate that he was fine, and everyone immediately felt relieved. They felt as if the clouds had scattered and the world had become clear.

With a smile on her face, Yunshang held Ding Ling ‘er’s hand tightly and said, “I said, we should believe him.”

“Ah? It’s him!”

Before Yunxiao’s opponents could reach the stage, a loud roar of rage suddenly rang out in the sky. The palanquin, which had been far away, suddenly exploded, and a white figure streaked across the sky like an arrow, shooting straight at him!

“Chen Feng! What’s going on?”

Zhu Keting was shocked and immediately chased after him.

Chun Qin’s face was filled with fear as she pointed at the figure on the Jade plate in the distance and said, “He, it’s him, he is, it’s him!”

Everyone was confused by what they heard. They only felt that Chun Qin could not even speak clearly in her panic.

Immediately after, the other three maidservants also revealed a look of panic and cried out repeatedly. Xia Shu suddenly said, "He, he's the one who seriously injured young master and slapped young master twenty times!"

"Ah?!"

This time, everyone was stunned. Not only the people from the blade sect in the sky, but all the people from the merchant Union in the central square were completely dumbfounded. Their brains had short-circuited in an instant.

Shui luoyan's expression turned extremely ugly at the same time. Shock, loss, daze, despair, jealousy, anger, and many other different expressions flashed across her eyes. Then, she also turned into a ray of light and flew over.

Xiao Jingming could not react for a long time. Not only could Yunxiao defeat him, but he could also defeat chenfeng? He was so powerful in both martial arts and magic?

The members of the blade sect were all driven mad as they flew back one after another.

The people of the merchant Union were dumbfounded for a moment, and after their brains short-circuited, they were immediately shocked and stared at Yunxiao as if they were looking at a monster. Not to mention the strength he had shown to defeat chenfeng, the courage he had to slap chenfeng was something that they could not help but admire!

Xu danhe suddenly felt that she wasn't wronged at all. This person even dared to slap the young master of the blade sect, so what else couldn't he do?

so, your name is li Yunxiao. Damn it!

Chen Feng's earth-shattering roar resounded in the sky as a sword radiance descended from the sky like a bolt of lightning. The sword Qi was so powerful that it illuminated the entire square.

Everyone's hearts trembled violently. The abilities of the son of the sword sect's sect master were indeed extremely powerful. Just a casual strike like this was already not inferior to Liang Yuyi's earlier!

In fact, everyone had overestimated Chen Feng's strength. This was not a casual strike of his, but one that contained infinite anger and killing intent. At this moment, his eyes were bloodshot, and he plunged down from the sky with the momentum of the sword, determined to kill Yunxiao!

Yunxiao frowned. He stomped his feet on the ground and shot out, changing his figure several times in the air before finally landing on a statue on the four corners of the Tiangang enamel plate. The statue was of a martial artist making a hand seal. He stepped on the seal with one foot and looked down coldly.

"BOOM!"

The sword momentum struck the Jade plate, and a defensive power was triggered. It was a five-colored light that rippled like a rainbow. It was very beautiful.

After Chen Feng's attack missed, his hatred did not diminish. The thorn of the purple snake in his hand suddenly rose again, and he thrust it at Yunxiao.

Yunxiao frowned and said coldly, "Lord cui, is my opponent this madman?"

Cui Bo was also shocked by the series of changes. As soon as he heard Yunxiao's words, he immediately clapped his right hand and shouted, "Stop!"

A wave of Emperor Qi landed on the Jade plate, instantly suppressing Chen Feng's sword aura. It gradually dissipated, and an invisible force bound Chen Feng, making him unable to move.

cui Bo, what are you doing?!

“You dare to attack my young master?!” Zhu keting shouted in shock and anger.

Cui Bo stared at him coldly and said in disdain, “What a joke! As the host of the martial arts competition, I’ll stop or kill anyone who tries to disrupt the process of the martial arts competition. Do you think I dare to do that?”

“You want to make an enemy out of the blade sect?” Zhu keting’s expression changed drastically as he said angrily.

Yunxiao turned his eyes and snorted, “Making an enemy of the blade sect? What big words, Who Do You Think You Are! The Business Alliance is spread all over the world, and even the Holy region wouldn’t dare to say that they’re enemies ‘if they work together. Are you trying to provoke a feud between the Business Alliance and the blade sect? With such hatred, do you dare to make a decision?”

Zhu keting was shocked and speechless. If he really made the merchant Union and the blade sect become enemies, Chen duantian would probably be the first to skin him and come to reconcile.

Although the seven great forces under the sanctuary lived in harmony with each other, there were constant conflicts of all sizes in private. Over the past hundreds of years, a certain balance had been formed. If the ferocious Tiger of the merchant Union was drawn to the scene, the blade sect would be in a precarious situation.

Yunxiao’s words reached the ears of all the disciples of the merchant Union, and when they saw that Zhu keting did not dare to answer, they suddenly felt relieved and their faces lit up.

That’s right, this was the merchant Union!

The purpose of the Business Alliance’s establishment was to unite and fight against the outside world together. This was why it could become a great force that could contend for power on the continent and make the Holy region afraid. If everyone was at odds with each other and couldn’t unite against the outside world, even the strongest myriad Treasure Tower would probably be annihilated by the blade sect.

As long as they were united, they could defeat anyone! There was nothing to be afraid of even when facing the blade sect!

...

Everyone felt their blood boil as they felt embarrassed by Chen Feng's display of power.

The people of the Mando Chamber of Commerce were also in a daze at this moment. The sense of honor of the merchant Union rose spontaneously, and they began to doubt that they had found such a ferocious foreign aid.

High in the sky, Shui luoyan stared blankly at Yunxiao's figure below, her fingers digging into her flesh.

"Well said! Zhu keting, if you dare to make a decision, I, cuibo, will also make a decision today. So what if I write a letter of challenge to your blade sect!"

Cui Bo's aura was also overbearing as he used this sentence to suppress the other party.

Zhu keting's face darkened and he quickly said, cui Bo, you misunderstood me. However, as the host, how about you attack my young master?"

Cui Bo replied coldly, " he broke the rules. He's already giving your blade sect face by not killing him! If you don't want anything to happen to you, then go to the side!"

With a wave of his hand, Chen Feng's body was immediately thrown out of the plate by a huge force.

Zhu keting hurriedly flew up and caught Chen Feng. He suppressed his anger and returned to the Mando Chamber of Commerce's seats.

Shui luoyan and the others who had come from afar also landed one by one. However, their expressions were ugly as they left in an imposing manner. They had not even taken a few steps before they returned in a sorry state.

After Xiao Jingming recovered from his shock, he laughed and said, "Chenfeng, if you can't beat him, then just stay put. Don't you think you've lost enough face?"

...

"You coward!"

Chen Feng's face was as red as a pig's liver. He gritted his teeth and said, "I want to fight, I want to fight him again!"

"Fight? How to fight? Tsk!"

Xiao Jingming said sarcastically, "a few days ago, even elder Zhu couldn't recognize you with your pig-like face. Do you think that even the sect leader won't recognize you when you return to the blade sect?"

"Alright, that's enough!"

Zhu Keting couldn't take it anymore and scolded. Although Xiao Jingming and Chen Feng were not on good terms, this was a matter that concerned the reputation of the blade sect, so they couldn't act recklessly!

Yunxiao flew down from the seal on the statue from the Jade plate in an extremely carefree manner as he chuckled and said, "Fight me? As long as you have the ability to fight your way up, you will eventually have the qualifications to fight me."

His nonchalant attitude made everyone feel like they were going back and forth, as if a martial arts Grandmaster was waving at them from the front, moving forward along the endless road.

All the martial emperors present had looks of admiration and solemnity on their faces. They did not have Yunxiao's extraordinary bearing, let alone a young man.

well said," cui Bo praised. let's start the sixth match. Let's go all out.

A young man in brocade clothes shook his head with a bitter expression. "Forget it. I admit defeat. I won't go up and embarrass myself."

His admission of defeat was within everyone's expectations, but it also seemed magnanimous, much more carefree than Liang Ji's admission of defeat earlier.
