

The Eternal 681

Chapter 681

681 Li Yunxiao versus Xiangzi

“Alright,” cui Bo nodded, “just do what you can. Then, the next match, li Feiyu versus Jiang Qiu!”

Everyone looked at the list of battles. In addition to the first battle between Tang Jie and Liang Yuyi, there were several other decisive battles outside of the seven Chambers of Commerce. The rest were without suspense.

This time, the difference in strength between the seven Chambers of Commerce and the other Chambers of Commerce was too great. It was almost impossible for them to counterattack. Tian Yuan, Mando, and Lei Feng, who were originally not very optimistic, were even better, directly suppressing the four core alliances.

Yunxiao returned to Tianyuan trading company’s seat under the watchful eyes of the crowd.

Ding Ling ‘er was very nervous. She said in a low voice, “ “Young master Yun, Qianqian!”

Yunxiao smiled. There were too many words in this ‘young master Yun’. “I’m sorry, I misunderstood you yesterday.”

Ding Ling ‘er’s body trembled and she cried happily, “ “It’s alright, thank you!”

Silence was better than words. The friendship and trust between them would only be stronger from now on.

I’ve figured out Yuwen Bo’s matter, ” Yunxiao said in a low voice. perhaps we’ll have to start with myriad treasures store to find out the whole story, especially the few elders they sent to songyue city this time.

He looked over at cui Bo, Xuan Yutang, Ren Guangjun, and di Shenghua one by one and said coldly, “ Yuwen Bo clearly knows that I’m not strong enough, but he still came to me for help. It’s obvious that

there's no place for him in the ten thousand treasures tower. There must be someone among the four elders involved in this matter!

all four of them are extremely powerful," Yunshang said worriedly. none of them are ordinary people. With our current strength, we can't do anything!

don't worry," Yunxiao interrupted. I'll be careful. I won't act rashly before I'm sure."

Only then did everyone feel relieved. Suddenly, Mo Xiaochuan's pupils constricted, and his eyes, which were fixed on Yunxiao, flickered with a bright light. No one had noticed that Yunxiao's cultivation base had risen from six-stars Martial Emperor to seven-stars Martial Emperor!

He had broken through to one-star in just one night!

How much stimulation and crazy training did he have to go through to achieve such results!

Mo Xiaochuan's throat was a little dry. He swallowed his saliva and remained silent. He had already buried the matter in his heart, but his fists were clenched tightly.

The first round of duels ended very quickly. The martial arts competition used a point system, and the one with the most points would be first.

When the drawing of lots for the second round began, Ding Ling'er's face suddenly changed after she got the green ball. She raised her hand and waved it in the direction of the back seat. It was actually number one!

"Hmph!"

A cold snort came from Chen Feng's mouth. The Mando Chamber of Commerce's number plate was number two, and the two were not in the same group.

"What are you snorting for? you really need a beating!"

Young Emperor hao lian glared at him. you're just a Toad, and you're only relying on your father's protection to have four such beautiful women. This is already intolerable by the heavens. Do you believe that I won't hit you? "

"Impudent!"

"Lord cui, this person has spoken rudely. How should we deal with him?" Zhu keting asked cui Bo angrily.

"Rude?"

Yunxiao sneered. even if you speak rudely, it's the people of Tianyuan trading company who speak rudely to the son-in-law of the Mando trading company. Why do you, an outsider of the blade sect, have to meddle in our business? " Did you also marry into the Mando Chamber of Commerce?"

"You coward! You little brat, you're so arrogant and lawless just because you have some ability!"

"Do you really think that I won't dare to touch you?" Zhu keting said coldly.

li Yunxiao is right, " cui Bo said coldly. even I didn't think of that. Chenfeng is the son-in-law of the Mando Chamber of Commerce, and Xiao Jingming is an elder of the Mando Chamber of Commerce. You can be said to be a member of the merchant Union, but you, elder Zhu, with your status, how can you discipline my people?"

"This bi an ..."

Zhu keting was speechless. With his status, he did not have the right to interfere with the other party's actions in the double meet. Moreover, the members of the blade sect were obviously not welcomed here. This could be seen from the cold hostility and ridicule coming from the surroundings.

all right, li Yunxiao. Just you wait. I'll come back to you after the Business Alliance is over!

Zhu Keting flicked his sleeves angrily and left. He returned to the Mando Chamber of Commerce's seat in silence, but he stared at Yunxiao with undisguised killing intent in his eyes.

The people of the merchant Union could not help but admire Yunxiao, as he was the only one who had the courage to offend the blade sect.

Dogs that bite don't bark," Yunxiao said disdainfully. The louder they bark, the more useless they are!

"Bang!"

A muffled sound was heard, and Zhu Keting clenched his fist in anger. The air exploded, and a few of the Mando Chamber of Commerce's people were sent flying. It could be seen that he had reached his limit.

Young Master Yun's demeanor is truly fascinating. Feiyu is ashamed!

Li Feiyu couldn't help but admire him, "If you encounter a duel with young Master Yun later, please show mercy!"

Good, good," Yunxiao said with a smile. You're welcome. Brother Li still owes me a favor. I wonder when you'll return it?"

"Of course, there is a Qianqian."

Li Feiyu broke out in a cold sweat and hurriedly turned around, not daring to say anything more. He was afraid that if he made a mistake, the other party would extort him again. If that happened, he would really be in tears.

Yunxiao turned his eyes to the water curtain, and his eyes narrowed slightly. The person he was going to fight in the first round was actually Xiangzi from the Thunderwind Chamber of Commerce.

"Young Master Yun, blow him up with one punch!"

Young Emperor haolian waved his fist and cheered loudly.

Both of them leaped onto the Tiangang enamel plate. Xiang Zi's face was filled with a faint smile, and his haughty temperament was not inferior to Yunxiao's.

Li Feiyu suddenly thought of something and asked, "Who do you all think will win this battle?"

"Who can win?"

do you even need to ask? " Ren Guangyao said with a wry smile, " it's Li Yunxiao, of course. If he can even defeat Chen Feng, then I'm afraid only Feiyu can fight him."

Li Yunxiao?

Li Feiyu looked at the bet on the water screen, which was almost one-sided, and his face turned strange. There's no doubt about li Yunxiao's strength, but I have a feeling that Xiangzi xiezhi is very strange, and it's hard to detect its depth.

Xiangzi's strength is indeed strange, " Xuan Yutang said. even I can't see through it. But, the final winner will definitely be li Yunxiao.

Now that he knew Yunxiao's identity, he naturally had no doubt about the outcome of the battle. Even if Yunxiao only had the strength of a seven-stars Martial Emperor at the moment, it was absolutely impossible to kill him without the help of a Martial Emperor. Even a Martial Emperor might not be able to do it.

...

Min Chengxiang of the Mando Chamber of Commerce also had a solemn look on his face. He had full confidence in Xiangzi, but he began to lose his confidence when facing Yunxiao, who could even defeat Chen Feng.

The atmosphere on the heavenly astral Jade plate suddenly became a little tense, and even Yunxiao noticed that there was something strange about the other party.

“Eh, what a strange feeling. Do you have some powerful trump card?”

Yunxiao asked as soon as he thought of it, making everyone feel dizzy. Of course, almost everyone had a trump card, but they would not say it out loud.

“Hmm, that’s right. I do have quite a few trump cards. I thought I wouldn’t be able to use it, but I feel like you’re not ordinary either. Perhaps I’ll be able to use one or two!”

Xiang Zi was not at all afraid, and his eyes suddenly turned serious as he said, “ You really didn’t get anything from the heavenly art Tower? ”

Yunxiao smiled. Oh? You seem to be very sure that I’ve gained something. Could it be that you understand that Spell Tower? Then may I ask what I should get?”

Xiang Zi said coldly,“Hmph, I’m not going to argue with you!” I know that no one can beat you with your mouth, so let me use my strength to knock you down and then take that thing!”

“Let’s see how capable you are.”

Yunxiao faced him head-on and made an inviting gesture.

Xiang Zi snorted coldly and did not hold back. He kicked with his legs and rose into the air, attacking. His cultivation level had always been at the level of a one-star martial Supreme. Under this impact, it had directly increased by two levels and rushed to the level of a three-star martial Supreme.

...

Mo Xiaochuan furrowed his brows and said, "what a strong explosive force. Is he a three-stars martial Supreme?" Maybe it's far from his limit, and this is just a warm-up."

Shaohuang haolian wasn't worried at all. who cares? as long as he hasn't reached the rank of a martial Supreme, I don't think anyone can pose a threat to young master Yun.

On the Jade plate, Yunxiao responded unhurriedly. In the blink of an eye, he had exchanged hundreds of blows with his Four Fists in the air, and the air around him was constantly being blown up. Rings of spiritual pressure spread out, causing the second layer of defense to be activated.

Both of them were fighting in close combat, simple moves without the slightest bit of trickery, completely a kind of head-on fighting style.

elder Xuan, you seem to have a lot of confidence in li Yunxiao, " li Feiyu suddenly said. do you know why he is able to fight a martial Supreme without being at a disadvantage even though he is only a seven-stars Martial Emperor? "

Xuan Yutang's eyes were fixed on Yunxiao the whole time, as if he wanted to see through his true combat strength. He did not even look at li Feiyu, but said indifferently, " "Martial arts and body techniques."

"Martial arts and body techniques?"

Li Feiyu was stunned, "body techniques are easy to understand, but I can see that Wufu's martial arts are also very ordinary. Xiang Zi's martial arts aren't any weaker than his .."

Cui Bo's eyes turned serious. Feiyu, you are not a martial Supreme after all, so your observation is limited. Although Yunxiao's moves are simple and seem to have a lot of unnecessary movements, there is actually a smooth flow of rule power in each move. According to this situation, I'm afraid he can even withstand a few levels higher than a three-stars martial Supreme, let alone a three-stars martial Supreme!

"What?"

Li Feiyu was so shocked that he almost couldn't help but cry out, isn't rule force something that only martial sovereigns can control?!

that's true, " cui Bo said with a wry smile. li Yunxiao's identity is too mysterious. He has overturned a lot of my knowledge. I won't find it strange even if Feiyu loses to him."

His gaze fell on Xuan Yutang and he said, "Elder Xuan seems to know something. Can't you tell us so we can understand? Perhaps it will be of great help to Feiyu when he defeats this person."

Chapter 682

682 Divine spear of Luo hou

Everyone in myriad treasures store looked at Xuan Yutang. His face began to return to its sallow color and he no longer spoke.

Everyone looked disappointed. If Xuan Yutang didn't want to say it, no one could force him, even if the tower master came. He had always been like this for so many years, and everyone knew that.

Inside the enamel plate, although Yunxiao and Xiangzi were fighting fiercely, both of them looked at ease, and it was obvious that they had not used their full strength. But even so, the second defense on the plate was still activated to prevent the aftermath from spreading out.

haha, li Yunxiao, you really have some skills. But, how long will this fight last? you'd better show me your true ability!

Xiang Zi laughed loudly and suddenly retracted his palm, gathering power in the air. Rays of golden light appeared like wheels and gathered from all directions. They gathered in the palm of his hand and were accumulating power.

as you wish! Yunxiao said.

His hands suddenly formed seals at a rapid speed, and the power of the seals spread out from his hands. Although the people outside the enamel plate could not feel the power of his palm and fist, they could roughly see it from the flashing defensive light on the plate.

At this moment, the enamel plate was filled with a dazzling golden light, and the two figures were almost indistinguishable.

“Jin Tao’s palm!”

Xiang Zi suddenly shouted and flipped his palm down. Golden light bloomed like a resplendent flower. There was a roar between heaven and earth, as if the sky and earth were being overturned. The entire sky became a little dark.

Yunxiao’s golden seal also suddenly blasted out, gathering the power of the four extremes of heaven and earth, making the already dark sky gloomier, as if a heavy rain was coming, and making it hard for people to breathe.

“Heaven Earth seal!”

“Boom boom boom!”

The battle between the two of them exploded on the Jade plate. The five-colored protective light on the plate trembled, filling the sky with colorful clouds. The gloomy and dark sky was broken by this attack. The dark clouds gradually dispersed and the sky opened up.

As for the two people who had made their moves, their bodies were knocked back by this collision. Their qi and blood were in turmoil, and the fighting spirit in their eyes was getting stronger and stronger.

“A draw?”

The people below the stage were extremely nervous. Up until now, the two of them were actually evenly matched.

“A draw?” Zhu Keting’s expression was serious. He controlled his precision in the duel just now, which made it look like a tie. But, to think that he can achieve such control in a duel with an expert who is one major realm higher than him ... Chenfeng, you didn’t lose in vain.”

Chen Feng's face was filled with resentment as he snorted heavily.

"If his power is greater than his opponent's, why is he controlling it like this? it's better if he doesn't defeat his opponent directly." Chun Qin was puzzled.

Zhu keting shook his head. you don't understand. Right now, the two of them are constantly testing each other's strength. That's why neither of them is willing to show their true cards. Yunxiao's action was also to make the other party scratch his head. He's the best in both strength and intelligence. It's not a good fortune for our blade sect to have such a talent in the merchant Union!"

Shui luoyan's stomach was filled with resentment when she heard this. She could not help but say, "As one of the seven superpowers, can't your blade sect deal with li Yunxiao alone? If young master chenfeng is defeated again and Li Yunxiao takes first place, the agreement between our two sects will be invalid."

When Xiao Jingming heard this, his heart was suddenly filled with joy. He thought to himself that if the contract was invalid, then Chen Feng and Shui luoyan's marriage alliance would be impossible to mention. This might not be a bad thing for him. He couldn't help but laugh and say, I think Chen Feng is going to lose for sure. Prepare to change his face again, haha!

Chen Feng was furious. If Zhu keting was not here, he would have already taught him a lesson.

Zhu keting glanced at Shui luoyan and said indifferently, "You don't have to worry about that, miss Shui. Before I came, the two sects had already made a new agreement. No matter what the outcome of this duel was, miss Shui would have to marry young master chenfeng. From now on, all the matters of the Mando Chamber of Commerce will have nothing to do with you. You just have to prepare to be a bride and serve young master chenfeng wholeheartedly in the future."

"What?"

Shui luoyan and Xiao Jingming's expressions changed drastically. Xiao Jingming almost couldn't sit still as he said angrily, "When did this happen? why didn't you know that I came here with you?"

Zhu Keting furrowed his brows. In the past few days, he had also discovered Xiao Jingming's intention to defeat Luo Yan. This was also the reason why he and Chen Feng were not on good terms. Otherwise, the two great geniuses of the blade sect would not have any grudges against each other.

Shui Luoyan said coldly, "My marriage is not up to anyone else to decide. I can marry him if he can defeat Li Yunxiao. I, Shui Luoyan, will only marry a strong man. If you can't defeat him, why don't I marry Li Yunxiao? wouldn't it be better than marrying trash like you?"

"How audacious! Pa!"

Die! Chunqin shouted angrily as she sent a slap across Shui Luoyan's face. She was much stronger than Shui Luoyan and her opponent was unable to Dodge. A crisp sound rang out as she was hit.

"B*tch, you dare to hit her!"

Xiao Jingming had been so shocked by Shui Luoyan's words that he had not been able to react in time. Now that he saw Shui Luoyan covering her face, he was so angry that he slapped her back without saying a word.

"Pa!"

The slap didn't land on Chunqin's face, but was instead grabbed by Chen Feng. His arm was in great pain, and he said angrily, "Chen Feng, let go of me!"

Chen Feng flung him away and looked at Shui Luoyan with cold disdain. He said in a cold voice, "But you are nothing in front of me. After I marry you, Chun, Xia, Qiu, and Dong will be your elder sisters, and I'll have them discipline you well!"

When Chun, Xia, Qiu, and Dong heard this, they were all secretly overjoyed. They all revealed cold and arrogant expressions as they stared at Shui Luoyan.

Shui Luoyan covered her reddened face, completely unafraid of Chen Feng's gaze as she sneered, "We'll talk after we win. I've seen too many men who only know how to brag."

Chen Feng's face twitched. He coldly turned his head away and continued to stare at the arena.

At this moment, in the arena, Xiang Zi's expression also became serious. He said coldly, "you're controlling your strength so that I can't see your true strength. You're quite capable. In that case, let's see how long you can keep up with my strength!"

A ray of light appeared in his hands, and he gradually pulled it apart in front of him, forming a long spear with an astonishing aura!

ninth tier profound armament!

Yunxiao's heart jolted, and his pupils constricted. It wasn't that he was intimidated by the might of a ninth tier profound armament. It was just that to be able to own a ninth tier profound armament at this level of strength, it definitely wasn't an ordinary identity. He was suddenly even more curious about Xiang Zi's origins.

"Not bad, you have good eyes to recognize my divine spear of Luo hou. It's indeed a ninth-grade item! As for your true strength, I don't think there's a need to test it anymore, because I'm about to see it!"

A ball of light burst out from Xiang Zi's body and surged into Luo hou's divine spear. Immediately, the weapon accumulations shook and the entire spear body shook. At this moment, the defense of the entire Jade plate automatically activated the third layer of defense.

Everyone's expression changed greatly. The enamel plate had blocked the waves of the battle inside and also blocked the spiritual awareness of all the people below, making it impossible to check the situation above. However, the moment Luo hou's divine spear appeared, just the power of the tool accumulation was enough to create a third layer of defense. One could imagine how powerful it was.

With a flip of his hand, the northern heaven frigid star sword appeared in Yunxiao's hand. It shone with a cold light, and the sword Qi was like a rainbow. This time, he did not have Xiangzi, so he directly brandished the sword and attacked first. Wherever the sword Qi passed, lotus flowers bloomed, looking extremely beautiful.

“What a powerful and beautiful sword technique!”

The crowd sighed with emotion. This beautiful sword technique, coupled with Yunxiao’s ethereal figure, made him look like a fairy. They were so jealous of him.

Xiang Zi snorted coldly. His spear trembled in the air and shot out. The tip of the spear emitted a cold glint that landed on the lotus flower, destroying it one by one.

“Clang”

Luo hou’s spear touched the northern heaven cold star sword, and immediately, a circular green light rippled out. Xiang Zi used force to press down on the body of the spear, and the northern heaven cold star sword was instantly suppressed, its aura shrinking smaller and smaller.

Yunxiao suddenly released his right hand, which was holding the sword, and slapped it on the hilt with a palm technique. The sword immediately flicked up and shot out a beam of sword energy, which then rolled up in the air and slashed toward Xiangzi’s forehead.

...

At the same time, a sword radiance appeared in his hand again. Another long sword was unsheathed, drawing a few patterns in the air. Then, he raised the sword and flew up.

Xiang Zi’s expression changed drastically, and he hurriedly retracted his spear to strike down at the sword. A green light slashed down, and with a bang, it knocked the northern heaven cold star sword back. Yunxiao’s sword and body as one had arrived.

After smacking away the sword, Xiangzi held the handle of the spear in front of him to block Yunxiao’s flying attack.

“Bang!”

A wave of power spread out, and Xiang Zi's body was forced to retreat in the air.

Yunxiao performed an incantation gesture with his left hand, and the northern heavens cold star sword was pulled back into his hand. With two swords, he did not want to miss any opportunity. He crossed the swords in front of him, then raised them high, condensing them into two white sword beams above him and slashing them down!

After Xiang Zi was shaken off by the sword ray, the qi and blood in his entire body were in a state of shock. Suddenly, a feeling of extreme danger welled up in his heart. He saw the two sword rays that had crossed each other form a crooked cross and spread out in the air. In an instant, it covered the entire enamel plate!

"F * ck, you're going too far!"

" you're courting death! Xiang Zi shouted in anger, and the luohou divine spear in his hand began to spin. Behind him, the image of a strong man gradually appeared, and the strong man was holding onto the shadow of a spear. As Xiang Zi struck out with his spear, the illusionary figure also threw it out. The Spear's momentum grew and broke through the surrounding sword Qi suppression, turning into a flash of lightning and charging forward.

"Boom boom boom!"

The two slashes that seemed to have merged together suddenly collided with the spear light. They actually lasted for an instant before they were broken by the spear light. The entire sword aura was like a broken bamboo as it was disintegrated by the spear aura.

...

The spear beam's momentum was not reduced, and under Xiangzi's control, it pierced straight at Yunxiao!

Chapter 683

683 Son of the Dragon

Yunxiao's pupils constricted as he spread his swords like wings and poured a surging power into them. Snowflakes began to fall from the air, and soon, a vast white expanse appeared.

"What's going on? He's going to take this spear head on?"

Everyone was shocked. The spear light of the divine spear had already reached his chest, but Yunxiao still turned a blind eye to it and was still brewing the sword Qi between his two swords.

Xiang Zi's pupils also contracted, and a feeling of being looked down on welled up in his heart. He said coldly, "You're looking for death!"

"Swish!"

The spear light instantly pierced through Yunxiao's chest as if there was no resistance, then came out of his back and pierced through the air.

Xiang Zi's expression changed drastically, and he suddenly exclaimed, "Not good!"

At the moment the spear light broke through Yunxiao's body, he turned into a body of blue lightning and flew toward the spear. The bone-piercing chill on the two Northern heaven cold star swords was like a pair of scissors grinding meat. Before the sword Qi arrived, the cold air was already threatening, making Xiangzi feel like he had fallen into an ice cave.

"3000 karmic hindrances, Luo hou's strike!"

In his panic, Xiang Zi's body retreated several times to buy himself some time. The long spear in his hand spun out rays of green light, breaking the cold air that was attached to his body. He brewed a spear power and blocked it in front of his body.

"Clang"

The two Northern heaven cold star swords suddenly struck Luo hou's spear. A powerful energy spread out rapidly from the point of impact of the three weapons. The green and white light intertwined with each other. Looking through the five-colored light on the Jade plate, it was exceptionally beautiful. The two figures were submerged in the strong light.

Yunxiao and Xiangzi, who were in the same realm, did not feel as comfortable as the onlookers. The two forces hit their bodies directly, and Yunxiao could not swing his sword in his Thunderbolt form, so he could only condense his sword into a solid form. White beams of light shot out of his body, and the moonlight constantly weakened the impact of the green and white forces.

The veins on Xiang Zi's body were bulging, almost reaching an unbearable level. He had been caught off guard and was forced to defend himself. The bone-chilling cold seeped into his body and destroyed his bodily functions.

"Ah! Damn it!"

Xiangzi could not help but roar. The endless force from Yunxiao's swords pressed down, as if he wanted to end the match with this one strike.

"How arrogant! I won't let you have your way!"

Xiang Zi's face contorted, and "PU PU PU!" sounds came from his body. A series of explosions rang out, and his muscles began to bulge. His expression became extremely abnormal.

Yunxiao's pupils constricted as he felt the power coming from the opponent's spear growing stronger and stronger. From the initial bitter defense to the current reversal, a force was sent into his body!

"Is this the Tao Wu's demon transformation? No, it doesn't look like a demon transformation, but Wuwu."

Yunxiao stared at Xiangzi's face with an indescribable shock and strangeness in his heart. He even felt a fear from the bottom of his heart spreading across his body.

not good, it's the power of the bloodline. An extremely strong pressure. This person is also a descendant of the Dragon, and the strength of his bloodline is extremely strong!

The Phantom Dragon's shocked voice came from his soul. His voice trembled as he said, "how can I feel such a strong sense of Dragon bloodline? my God! He can't be the first generation direct descendant of the ancient true dragon, right?"

Yunxiao was taken aback. It was the pressure of a Dragon! No wonder it was so familiar. It was very similar to the feeling coming from the Dragon Bone Pearl, but very different.

No wonder he was so interested in the things above the spell Tower. It turned out that he was a descendant of a Dragon, and the benefits of getting the Dragon Bone bead would be great.

Yunxiao did not have much time to think. The counterforce from his hand grew stronger and stronger, and finally exceeded the limit of his resistance. A huge force burst out and knocked him away with a loud boom, sending his two swords flying out of his hands.

A mighty force pressed down on his body, shaking his body so much that he couldn't transform into lightning and escape. He could only constantly channel the power of his physical body to resist it. The devil Sky armor also condensed into a physical body. Unfortunately, after the demonic Qi was dispersed, this armor had almost no spirituality and could only resist some simple attacks.

"Pfft!"

Finally, Yunxiao coughed out a mouthful of blood as he looked ahead in horror. His physical body had been activated to the Supreme tyrant body, but he still could not resist the monstrous force, and his heart was shaken out. He didn't dare to use the power of the imperishable golden body in front of so many people. If any rumors were to spread, he was afraid that he would immediately attract a fatal disaster.

"Young master Yun!"

Everyone in Tianyuan trading company's seats was shocked. Their expressions changed slightly as they looked at the enamel plate in horror. The fact that the attack could be reflected back and make Yunxiao bleed showed how powerful it was.

At this moment, Xiang Zi was holding onto the tip of the spear. The tip of the spear was pointed on the ground, and an indescribable murderous aura was constantly rushing out of his body. His face was still contorting and changing, and a faint demonic shadow appeared around his body. Just by looking at it, one could feel a tremor coming from the depths of one's soul!

Yunxiao was not the only one who was shocked, but all the people in the merchant Union were dumbfounded. They did not dare to look at the faint shadow!

Oh my God, what was that? Just The Phantom image was already difficult to look at. If it directly revealed its true body, wouldn't everyone have to bow down on the spot?

"Gulp!"

Cui Bo swallowed hard and said in shock, "Elder min, where did this person come from? And what is the shadow that appeared beside him?"

Elder min's face was also dazed as she muttered to herself, "That unfathomable power that even I feel terrified of is this shadow? What is this thing?"

Everyone felt dizzy after hearing this. So he didn't know either.

At this moment, Tang Jie, who had been unconscious, suddenly opened his eyes. His eyes were like lightning as he looked at the Nirvana plate. His expression changed drastically.

Luo Ying had been treating him and noticed his awakening and abnormality. He frowned and said, "Tang Jie, what's wrong?"

Tang Jie muttered a few words in a low voice that no one could understand, as if he was complaining and dissatisfied. Then, to Luo Ying's shock, he actually soared into the sky without saying a word, turning into a ray of light and flying into the distance.

"Tang Jie!"

Luo Ying shouted in confusion, but he did not get any response from Tang Jie. He watched as Tang Jie disappeared into the horizon, in the direction of the four extremes sect's encampment.

The matter of the Tang tribulation had attracted everyone's attention, but at this moment, most of their thoughts and energy were focused on The Phantom image beside Xiangzi, so everyone was only distracted for a moment.

Tang Xin's face turned serious and she snorted lightly, " "He probably got scared and ran away. After all, he's already a half-human, half-demon existence. Perhaps the illusory image on Xiang Zi's body made him even more afraid."

Tang Xin herself didn't believe these words, she just said a few words to ridicule Tang Jie, which made Luo Ying frown. But the shadow beside Xiangzi was really too terrifying. He didn't know what it was, and even he was shocked.

Not to mention the participating martial artists, even all the Martial Emperor powerhouses were shocked as they looked on in horror.

Yunxiao, who was in the enamel plate, was the first to bear the brunt. If it were not for his extremely strong soul power, he would not have been able to withstand the pressure.

"A descendant of the Dragon? Luo Qingyun was also a descendant of the Dragon, right? Why is there such a huge difference?"

Yunxiao was drenched in cold sweat as he began to circulate the great expansion divine technique to calm his soul and dispel the fear in his body.

Following the circulation of the great expansion divine technique, the demonic Dragon also slowly calmed down and said in a deep voice, "The difference in bloodline is too great. How can they be compared? The shadow next to this person seems to be the son of a Dragon. Although it's not an ancient true dragon, it was a rank 10 God Realm existence in ancient times. This person should be the descendant of that Dragon!"

damn it! Yunxiao cursed. it's just an ordinary technique, but it has such a powerful Dragon's might! How can we fight this? "

his bloodline power is strong, but it seems like he can't control it, " the demon Dragon said in a deep voice. that's why he can only release his Dragon's might. He can't cause you any real harm.

...

"I understand. It's just that I'm a little scared to attack the son of a Dragon!"

Yunxiao gritted his teeth and made a hand seal. The two Northern heaven cold star swords on the ground flew up and, under the control of his hand seals, rose into the air, hanging there and emitting streams of cold air, which made him feel very warm.

Xiang Zi's face became extremely ugly. On his forehead, two transparent bumps appeared. It was as if there were horns on them that were about to burst out, but they were unable to do so. The illusionary image of the Son of the Dragon flickered and returned to his body, and the pressure gradually disappeared.

Holding his spear, Xiangzi stared at Yunxiao and said coldly, "I didn't expect to reveal this state so quickly. It's really a surprise! However, this is also the end of this martial arts competition!"

He clenched the spearhead with force, and a strong wind burst out, shaking the plate and causing it to emit a defensive light. Yunxiao felt a huge force hitting his face, and he could not stand straight.

Everyone below the stage turned pale with shock. This was too shocking. Just the power of a strong wind could make the enamel plate emit a defensive light. How strong was the power on Xiang Zi's body at this moment?

Even Li Feiyu and Chen Feng were shocked, and their hearts were in turmoil. They asked themselves, would they not lose if they were in their place? The two of them had no confidence at all. The answer was unknown.

three thousand barriers are untainted by dust. Luo hou, one purple gold spear!

attack! Xiang Zi shouted softly. His long spear created sparks on the ground. The black shadow of a Dragon suddenly appeared on the tip of the spear. The spear and body became one as it pierced through the sky. A sharp light pierced out and covered the entire heaven and earth. Everything on the Jade plate was within the attack range!

Yunxiao's face was extremely solemn. Even if Xiangzi's current state was not at the peak of martial honor, he was not far from it. He formed a hand seal and the two swords flickered. One of the swords had a rainbow-like momentum and the Starlight on it was extinguished. The other sword had a Qi flow in the sky and the sun appeared inside it, as if it was the first light of dawn!

Under his control, the sword Qi of the two long swords seemed to have a spirit of its own. It was about to break through the swords and condense. The power on the swords shook and tore apart the space suppressed by the spear light, breaking through all the restrictions!

...

Chapter 684-transformation

"What?"

Xiang Zi was shocked. The sword Qi from the two Northern heaven frigid star swords made him feel an indescribable sense of danger.

Originally, once his Luohou purple golden spear was out, victory would definitely be secured. Now, he was a little suspicious. However, the Spear's momentum had already started and there was no more room for negotiation. Xiang Zi could not help but increase his strength a bit more to boost his confidence!

Yunxiao's face was solemn. Using two ninth-tier Mystic artifacts at the same time had consumed a great deal of his soul power, but if not for that, Luo hou's purple-gold divine spear would not have been able to withstand it!

"Sword Art, morning light, Sword Art, star destruction!"

Two light shouts rang out. The two ninth tier profound armaments seemed to have gained a new life as they let out a happy sword cry. Sword Qi soared into the sky and welcomed Luo hou's divine spear!

"BOOM!"

The dazzling light was like an Aurora in the sky. After a moment of silence, it spread rapidly. The defensive light on the Jade plate also lost its color, and the entire formation plate was as bright as day.

"Gulp!"

Zhu keting swallowed his saliva, a bead of sweat rolling down his forehead. He said awkwardly, "Are those two long swords really ninth tier profound armaments? A seven-stars Martial Emperor is using two ninth-tier profound artifacts at the same time. That's fine, but were my eyes playing tricks on me when I saw those two sword techniques just now?"

Chen Feng was also shocked. the power of those two sword techniques is not weaker than the double-sword array that welcomed my Heavenly Tribulation that day. Who the hell is this li Yunxiao? " he asked. He actually knows so many powerful martial skills!"

Zhu keting's eyes were also unprecedentedly serious as he said in a low voice, "I can't judge the double-sword formation you mentioned, but these two martial techniques look like the sword skills of the Vanquisher martial sovereign, Gu Feiyang. I can't believe it! A seven-stars Martial Emperor is using two ninth-tier profound armaments at the same time to display Gu Feiyang's sword technique. Am I dreaming?"

Cui Bo's face was also extremely serious. He said in shock, " it's really Gu Feiyang's Sword Art. What is he? "

“Could it be that Gu Feiyang didn’t die and took in another disciple?” Ren Guangxin asked. If this person is Gu Feiyang’s disciple, then it makes sense for him to have such high achievements in both martial arts and magic.”

Cui Bo shook his head and said, “ from the information we’ve gathered, Gu Feiyang can’t be alive. This person must have learned it by chance. But what’s even more shocking is that there really isn’t any information on this Xiangzi. To think that he’s also so amazing in both martial arts and sorcery, could it be that he really appeared out of thin air?”

yeah, ” Ren Guangjun sighed. at least li Yunxiao can find out his background in the southern region. This Xiangzi is really stupid. Elder Xuan, do you still think Yunxiao will win? ”

Everyone’s eyes were on Xuan Yutang. He said with a rare serious expression, “ To be honest, although I have great confidence in li Yunxiao, I’m a little shaken at this moment, because I seem to have thought of the origin of that Xiangzi!

“What? What’s his background?”

This time, everyone in the ten thousand treasures tower was greatly shocked, and they all perked up their ears to listen.

Xuan Yutang’s expression returned to that of silent agreement and he said lightly, “ “I can’t be sure yet, let me be sure first.”

Everyone felt dizzy and stared at him with resentful eyes. They had never seen someone who whetted their appetites like this!

In the Tianyuan trading company’s seats, mo Xiaochuan was also shocked when he saw the two sword techniques. He exclaimed, “ “Not good!”

Young Emperor hao lian looked at him with disdain. don’t make such a big fuss, okay? once the sword Art is used, all The Little Rascals will die. This is a good thing!

“Does Xiaochuan mean that he’s afraid of being exposed?” Yunshang asked after some thought.

that’s only one of the reasons,” Mo Xiaochuan said solemnly. Even if someone knows the sword manual, they won’t be able to guess young master Yun’s identity. What I’m worried about is that young master Yun has even used his sword technique, and he’s holding two ninth-grade swords at the same time, which proves that he’s in a very bad situation right now. Otherwise, he would never have exposed his trump cards and strength like this.”

what should we do?” Ding Ling ‘er said anxiously. Judging from Xiang Zi’s appearance, he might not be human. If we can’t win, I’ll admit defeat on young master Yun’s behalf.

“No!” Mo Xiaochuan exclaimed. Even if you really want to admit defeat, young master Yun has to say it himself. Don’t forget his status!”

Ding Ling ‘er was worried and thought, “That’s right. He was Martial Emperor Vanquisher. Even if he couldn’t defeat his opponent, he would never admit defeat. However, he still had the divine realm tablet with him, so he wouldn’t lose so easily. ‘Bah, bah, bah, what am I thinking? he’ll definitely win, young master Yun will definitely win!’

The light on the Jade tray gradually dispersed, and the figures of the two men were revealed from the light of the extreme day. They stood quietly, about ten meters apart, with Xiang Zi’s luohou spear in his hand and Yunxiao’s two long swords in front of him. Streams of cold air were sweeping up from the tips of the swords, and they were still full of energy.

“Pfft!”

Yunxiao was the first to cough out a mouthful of blood. His face was as pale as paper, and a large area of his body was covered in cracks, bursting with a violent aura. He had to retreat several steps before he could stabilize himself.

Although this enamel plate was extremely hard and extremely suitable for martial arts, it was even more brutal for the dueling warrior. It couldn’t dissipate even half of the power, and all of it was absorbed by his body. The violent Qi in the spear aura directly entered his body and destroyed his limbs and bones. Fortunately, the tyrant body tempering secret art could absorb the destructive power to repair his body.

“Hiss hiss hiss!”

Suddenly, the sound of wind hissing could be heard. Xiang Zi’s expression was miserable. A cloud of blood mist burst out from his left and right shoulders with a “ bang “, and then two blood arrows shot out like a fountain! The spear tip of Luo hou’s divine spear dragged on the ground with a low sound, as if it was extremely dissatisfied!

Under the violent blow just now, it actually ended with both sides suffering heavy injuries!

“Dammit! A mere insect actually injured my body!”

Xiang Zi’s face was filled with disbelief. He was so angry that he kept roaring. As he roared madly, the pressure of the Son of the Dragon spread out again, making people’s hearts tremble.

Yunxiao’s face flickered. Although he looked worse off than Xiangzi, the heaven-defying effect of the tyrant body tempering technique had healed most of his damaged body. Immediately, he quickly formed a seal with his hands, sending incantation seals into the two swords and sending them flying again.

Xiang Zi’s expression changed greatly. He said in shock and anger, “ the gang sword has two ninth tier profound armaments. The sword technique from earlier, can you still use it again? ” His face was filled with disbelief. The ability to control two divine swords at the same time and display a world-shaking and overbearing sword technique had already exceeded his imagination, even if it was only once.

“Double swords, form a formation!”

Yunxiao’s face was cold, and he paid no attention to Xiangzi’s shock. As he kept sending incantation seals into the swords, the two swords began to resonate, and beams of golden light shot out of the swords and circled around the swords to form an array. The arrays of the two swords kept clashing with each other, and finally, they formed an array that emitted a terrifying sword Qi and soared into the sky!

Yunxiao’s body trembled slightly as well. A battle of this intensity was extremely taxing on him. sword diagram, rise!

He gave a light shout, and the double sword formation suddenly rose into the air. The two Northern heaven cold star swords held the eye of the formation, and a terrifying aura spread out in an instant. The entire sword diagram flew into the air and struck down on Xiang Zi.

Xiang Zi's expression changed drastically. The terrifying aura on the sword picture was not any weaker than the previous two sword techniques. Before the sword picture landed, the surrounding space had already started to shake so much that it was about to shatter. The third ray of defensive light on the Jade plate had been activated, and it was basically the greatest defense that could be activated for anyone below the martial Supreme realm.

"Damn it, I don't care about the agreement anymore, let's kill this kid first!"

As Xiangzi roared these inexplicable words, a black light flashed in his hand, and an item appeared in it. Although Yunxiao could not see its appearance clearly, the aura it exuded made Yunxiao's heart tremble. That was an absolute true dragon secret treasure, and just like his Dragon Bone Pearl, it was emitting pure Dragon Qi!

"Bombard!"

Yunxiao suddenly shouted and pressed down the seal in his hand. His expression was extremely serious. This kind of powerful dragon vein, if matched with a dragon body Secret treasure, who knew what kind of effect it would have. He only felt that this Xiang Zi had too many secrets, so it was better to make him admit defeat as soon as possible!

The sword picture came crashing down under the pressure of his hand seals. The item in Xiang Zi's hand flashed and turned into a black light that covered his body to meet the power of the sword picture!

"Boom boom boom!"

The sword Qi collided, and the sword radiances were shot in all directions. The two Northern heaven cold star swords spun rapidly in the air, and the power of the ninth-tier weapon accumulation and sword formation could almost destroy everything!

"Roar!"

Suddenly, at the center of the explosion, a deafening roar resounded through the sky!

...

The defensive light of the entire Jade plate was instantly activated to the fourth layer! It was a defense level that would only appear in the battle of martial emperors!

Everyone was shocked, not only by the change in the defense of the heaven's spine Jade plate, but also by the roar that shook the hearts of everyone. It was as if there was an infinite Dragon's might spreading, shaking everyone's heart and causing them to feel a shock from the bottom of their hearts. Those weaker cultivators immediately knelt down on the ground, trembling.

"Bang! Bang!"

The sound of two blades rang out, and Yunxiao's Northern heavens cold stars sword was knocked back. In his horror, he hurriedly performed an incantation gesture with both hands to control it, only to find that the backlash was too strong, and the two swords were coming straight at him. He hurriedly turned around and teleported away, and the two swords clashed. It was inserted into the Jade plate and trembled endlessly!

A black shadow rose up from the Jade plate. Xiang Zi's entire person had already undergone earth-shaking changes. His entire body was covered in black scales. His entire person had been completely transformed into a demon. Two black horns grew out of his forehead, and his face was ferocious!

He stared at Yunxiao below, and the divine spear of Luo hou in his hand unleashed an even more powerful force as he tried to dive down!

Everyone was completely stunned by this scene. Not to mention what was going on with Xiang Zi, the power in his body was already not inferior to that of a martial sovereign. How could they fight?

Just as Xiang Zi was about to rush down, a faint voice rang out in the air, "You were too impulsive and forgot about our agreement. If you ruin it, don't expect to get that thing. But fortunately, Yingluo has already finished her preparations."

Down below, Yunxiao's expression changed drastically, even uglier than when he had to face Xiangzi's angry blow, because he had recognized the owner of the voice!

Chapter 685-ju she wheel

The air trembled, and several figures gradually appeared. Their loose long robes fluttered in the wind as they stood quietly in the sky.

Yunxiao's heart jolted. It was indeed Shang, who he had not seen for a long time, and several demons. Tang Jie, who had left earlier, was also among them, as well as elder Hao of the four extremes sect and the four martial sovereigns who had followed Tang Jie. There were eleven of them in total, and each of them exuded a powerful aura.

A hint of fanaticism appeared in Xiang Zi's eyes. He chuckled and said, "Can you give me that thing first?"

"I've always been a man of my word," said Shang with a smile. "I hope you can keep your word too. I'll give it to you after the deed is done."

"Aren't you afraid that I'm not strong enough to suppress these people, and in the end ruin your plans?" Xiang Zi snorted.

"It's said that as long as the descendants of the dragon can gather all nine dragon body Secret treasures, their bloodline will return to their ancestors, and the power of the true dragon will return to their bodies," Shang said, smiling. "They'll become the true spirit of ten directions. You have dragon scales, dragon horns, and if I'm not wrong, the luohou spear in your hand should be made from the spine of a Dragon. With the Three Treasures and your heaven-defying bloodline, you'll be able to intimidate everyone for a short time."

Xiangzi's face flickered, and he could not help but tighten his grip on the spear. The original form of the spear was his biggest secret, and he had not unsealed it even when he was fighting Yunxiao just now. He did not expect that Yunxiao would see through it with a single glance. "Let's hope so. I'll do as you said. I'll only help you for the time it takes an incense stick to burn. That's all I can do. After that, no matter what the result is, you have to give me the dragon's eye!"

“Of course,” the referee chuckled.

The people of the merchant Union were all dumbfounded. They didn’t understand why so many people had appeared in the middle of a martial arts competition, and all of them had powerful auras. Their conversation seemed to be a conspiracy.

Cui Bo frowned and shouted, “Xiang, what’s wrong with you?” Do you still want to compete in martial arts?”

Luo Ying and Tang Xin were also dumbfounded. They didn’t know what Tang Jie and the others were up to. From the looks of it, that Xiang Zi was actually in cahoots with these demon race people.

Min Chengxiang was also stunned. He shouted, “Xiang Zi, this is a Pixiu.”

“Alright, I’m done!”

Xiang Zi’s face revealed a cold expression and said sarcastically, “Do you think I came to your trashy Chamber of Commerce to be a disciple for a few mere ninth-tier materials? Tsk ~ it’s just for the quota of the martial arts and technique dual duel! I don’t need it anymore!”

Everyone was stunned, not understanding what he meant when he said he didn’t need it.

With a wave of Shang’s hand, Yu, Li, Yi, and Fu, the four demons, turned into beams of light and spread out in four directions. Soon, a loud boom came from the four corners of Song Yueyang City.

Cui Bo’s face darkened. Where did this demon come from? How dare he disrupt the duels of the merchant Union? Damn it! Get out of here!

He struck out with his palm in shock and anger. The entire sky trembled and the shadow of a palm appeared above Songyueyang City, striking towards Shang and the rest.

“Elder Hao!” Tang Jie suddenly said.

The power of Cui Bo's palm was not something they could take on. The one with the highest cultivation here was Elder Hao. Although he was no match for Cui Bo, he was not far off. Without saying anything, he shouted and a shadow of a fist appeared, pressing against the palm wind.

The two overbearing forces scattered in the air, causing the weather to change and the sky to darken.

Cui Bo was shocked. If the two of them were to fight, the entire Songyue city would be destroyed. He quickly stopped and shouted, "Tang Jie, what are you doing? Do you know what a great crime it is to destroy the martial arts and martial arts duels?"

Tang Jie ignored Cui Bo's angry shout and turned to Xiang Zi, "Why aren't you moving? Who can stop them when they get angry?"

Xiang Zi chuckled, and the aura on his body began to become extremely murderous. The two horns on his forehead slowly grew out like bamboo shoots. As the Dragon horns gradually appeared, the illusory image of the Son of the Dragon from earlier appeared once again. The Dragon's might erupted, and the expressions of everyone in the sky changed. They were struggling to resist the pressure that came from the bottom of their hearts.

At this moment, the people of the Merchant Union were all shocked. Earlier, when they were isolated by the heavenly armor enamel plate, they had already thought that the Dragon's might was difficult to resist. At this moment, they were even more shocked. The Dragon's might was even stronger than before, and at the same time, they were horrified. Was Yunxiao fighting such a monster just now?

"What does he want to do?"

Yunxiao looked up at the sky and murmured to himself. Most of his mind was still rapidly recovering his strength, but he felt more and more uneasy.

The Dragon sensed Yunxiao's mood and snorted, "Don't worry, even if the sky falls, there'll be tall people to hold it up. There are so many experts here, how can these mere demons cause any waves?"

I hope so, " Yunxiao consoled himself. but these demons are not ordinary people, and they are not stupid. Why would they do something they are not confident in? " I still think there's a problem."

"Boom boom boom!"

The sound came from all around Songyue Yang city. Looking from the four poles, a huge dust cloud was shaken up, as if something was rising into the sky.

After Xiang Zi formed the two dragon horns, he shook the Luo Hou divine spear in his hand. The body of the spear trembled violently in the air, and streams of sealing power were released from it. His left hand formed a seal, and he kept chanting the ancient characters. The illusory figure on his body became stronger and stronger!

"This is an ..."

Cui Bo looked at the divine spear of Luo Hou in horror. As each seal was removed, the power of the Dragon's might grew stronger, causing the fear in the depths of his soul to grow. Not only him, but every member of the merchant Union's expression changed drastically, and they began to feel that something was wrong.

How can this dragon power Kasaya be so strong? Cui Bo, I have a bad feeling. If it continues to grow stronger, I'm afraid everyone will be intimidated by it!

Zhang Chong's face was filled with shock. Even he felt a lingering fear. At this moment, a large number of cultivators were unable to resist the power of the Dragon's might and began to bow down in fear.

Cui Bo also had a bad feeling about this. He could no longer care about the consequences and shouted, "Everyone, let's attack together and take down these demons!"

He was the first to rush up, followed by a few rays of light behind him. They were the Martial Emperor powerhouses.

Shang's expression changed slightly, but he did not panic. Instead, he pointed in the air and a palm-sized round plate appeared in his hand. It grew in size instantly, and the entire sky changed. The four corners of the sky suddenly shone with a dazzling light, which flew over and gathered on the round plate.

The round disc spun bigger and bigger, and the various patterns and symbols engraved on it seemed to come to life at this moment. They flickered non-stop, and complicated formations were constantly activated on the round disc. The formations stacked on top of each other and spread out.

Shang's hands quickly formed a seal, and a terrifying golden tadpole-like character appeared in his hands. He slammed it down from the sky and into the disc!

In an instant, an ethereal ancient sound was heard. It seemed to be the sacrificial language of the demon race. The voice was extremely solemn, moving, and extremely charming. It presented two opposite States, and one could only judge that it was a female voice.

As the ancient sound rose, a strong light shot down from the disc and spread below. The power was so strong that it could almost annihilate the entire city. Its target was Cui Bo and the other powerhouses!

"So strong! What kind of formation is this?"

Cui Bo and the others were shocked. The attack from the disc seemed to be in sync with the strange movement in the distance. It had gathered the power of the four extremes of heaven and earth, and was able to unleash such a powerful attack under Shang's control. However, such a powerful attack formation would definitely have a flaw, and that was that it could not be used for a long time or on a large scale.

"Everyone, let's work together to hold on, otherwise, Songyue Yang City will be in danger! After this attack, we'll join forces to break through this formation and capture this person!"

Cui Bo and the others suddenly cast their defensive techniques in the air. All kinds of light flashed around them, connecting with each other to form the simplest defensive barrier. However, each of them was a powerful warrior. Although they did not form a formation, the simple accumulation of barriers was still a great defense.

“BOOM!”

The Aurora fell and shook the barrier. The light spread in all directions, and the entire sky changed color. It was completely separated by the barrier and the Aurora, as if they were two different worlds!

The people of the merchant Union were all shocked, as if the end of the world had come. They looked up at the sky in horror, wondering what their fate would be. A battle of this level was no longer something they could interfere with. Even Yunxiao had a serious look on his face. He seemed to realize something as he kept his eyes fixed on the terrifying disc.

The various formations on the disk were connected from head to tail and were still being activated. It was so complicated that it shocked him. Those formations were not only used for defense or attack, but also for a large number of strange symbols. One by one, they were unsealed. This was definitely the ju she wheel that he had heard of before. It was not an ordinary item!

The terrifying spiritual pressure in the sky gradually dissipated, and The Dark World began to reveal bits of light.

Cui Bo and the others were all shocked. To set up a formation of this level, other than the high requirements of the formation and the powerful profound level weapons to suppress the formation eye, the time and primordial stones required were huge. Tang Jie and the others were using it unscrupulously at this moment, proving that they had long been fully prepared. This matter was not as simple as he had imagined.

...

Luo Ying was also among the people in the sky. He shouted in shock and anger, Tang Jie, elder Hao, what are you doing? ”

“What are you doing?”

“Haha, of course I want to start a new era for the merchant Union!” Tang Jie laughed. Luo Ying, as long as you swear your loyalty to me, you can live today!”

“W-what?”

Luo Ying was shocked and laughed in anger, “what a joke, how ignorant!” With just the few of you, even if you have this formation to rely on, do you think you can kill us? Tang Jie, is your brain damaged? If the sect master finds out about this, he won’t let you off!”

Tang Jie said coldly, “how can a frog at the bottom of a well know the vast seas and wide skies?” Father already knew about this, or else he wouldn’t have sent elder Hao to help me!”

Chapter 686

686 The royal family

“What?”

Everyone was shocked. It turned out that the sect master of the four extremes sect, Tang Qing, was also involved in this. Luo Ying and Tang Xin’s faces were extremely ugly. It seemed that the two of them were in the dark and were obviously abandoned pawns!

Especially Tang Xin, whose face was completely distorted!

Hidden Dragon patted his shoulder and said, “Calm down and wait and see.”

In the sky, Cui Bo shouted coldly, “Luo Ying, don’t waste time talking nonsense with them. The longer we delay, the more power this formation plate will recover. Let’s attack and take them down together!”

Hmph! at this moment, a cold snort came from above, followed by a powerful pressure that rushed directly into the soul!

At this moment, everyone from the merchant Union was shocked. They looked over in shock and saw that Xiang Zi’s appearance had changed. There were two horns on his forehead, and the divine spear of Luo Hou had disappeared. There was only a spine wrapped around his body like a whip, exuding a shocking pressure.

Meanwhile, Xiang Zi's hands were closed together, his ten fingers spread out, and his hand gesture actually formed the shape of a dragon's head spitting out beads. However, there were no beads in it. That ghastly white bone floated up in the wind, and the aura of his entire body rose to a critical point that was almost about to explode!

A Dark Dragon's Shadow gradually appeared, faintly overlapping with him!

"Argh! He's a member of the sea Race!"

The demonic Dragon suddenly cried out in fear, as the saying goes, the Dragon has nine sons, and each of them is different. However, this Dragon son, whose body is completely black, is called the horned dragon, and he is the ancestor of the royal family of the North Sea!

Yunxiao licked his dry lips and said, " a Pi Xiu of the sea Race and a Pi Xiu of the royal family. Let's not care about his identity and background. What is he trying to do? "

Xiang Zi's cold voice rang out in the air. An extremely powerful Dragon might suddenly exploded out and gathered on the dragon's head in his hands. He muttered coldly, " "The sigh of the true dragon!"

"BOOM!"

As his shout rang out, everyone's hearts trembled violently. It was as if their souls had been struck by a thousand-pound giant hammer, causing them to lose their minds in an instant. A large number of people with weak strength even had their souls shattered under this Dragon's might, dying on the spot!

"Pfft!"

Cui Bo and the others were the closest to Xiang Zi and were the first to be attacked. All of them were mentally damaged and spat out blood. Although they were powerful, this kind of spiritual attack that went straight into their souls still made them panic.

The terrifying Dragon pressure didn't dissipate after the attack. Instead, it pressed down like a mountain, shaking those who hadn't died. They all prostrated on the ground and trembled continuously. This was the innate respect they had for the Supreme godly state experts in their souls!

Cui Bo and the others were terrified. Under the Dragon's might, their souls felt like they were being crushed by a mountain. They could not resist at all.

"This formation and Dragon's might are too strong, there's no hope of winning in the short term!" Zhang Chong's expression changed greatly. Let's work together to set up a barrier. Even if the Dragon's might is unstoppable, it can be greatly weakened. We'll slowly think of a way, or else everyone in the city will suffer!"

Cui Bo looked down and saw that half of the people in the central square had been killed by the Dragon's Roar, not to mention the rest of the people who were scattered throughout the city. He felt a chill in his heart. The sudden change in the battle of martial arts and magic had killed tens of thousands of people in the blink of an eye. He was completely at a loss.

At Zhang Chong's command, they flew down like machines. All the martial Supremes formed a formation near the enamel plate. A pale yellow barrier suddenly opened up and spread out, enveloping everyone in the square. As expected, the pressure on those who had not died was greatly reduced when they joined forces. However, they were still terrified and could not muster up the will to resist.

Xiang Zi's expression was not relaxed either. Cold sweat broke out on his forehead, and he said, "What speed are you guys trying to do? I can only sustain this level of Dragon's might for the time it takes for an incense stick to burn. Once the time is up, if I keep my promise, I'll leave at my own will!"

don't worry," Shang smiled faintly. an incense's worth of time is enough!

At this moment, a large amount of Qi in the city rushed up and was constantly being absorbed into the ju she wheel. Tang Jie's eyes lit up and he grinned, "Is this the life force of the person who just died?"

Shang nodded and said,"the meaning of" sacrifice "is to give up the five senses and six Senses, to give up all forms of Dharma, and finally reach the other side." This wheel of sacrifice is a profound level weapon created by the powerful people of the monster race to complement the divine skill of sacrifice. It helps

the souls of those who died in vain to ferry their souls, and help those who have not died to reach the Nirvana realm.”

Tang Jie licked his lips and chuckled, ” “It’s better to be a good person than to kill. This is really a good thing.”

Shang ignored the sarcasm in his words. With a point of his finger, the armillary sphere flew out from his body and landed on top of the ju she wheel. The formation on the wheel was still changing, and suddenly, a faint shadow emerged from it, forming the image of a woman, holding the armillary sphere with both hands.

A powerful life force was continuously extracted from the ju she wheel and poured into the armillary sphere through the hands of the woman’s illusory figure.

Yunxiao’s body trembled violently, and he almost lost his mind and allowed the Dragon’s might to break into his spiritual altar and sea of consciousness. The woman’s shadow that appeared on the Kushe wheel turned out to be the woman with heavenly shine gold on his body, the statue of the woman with golden crystal of South Fire in the dead land of South Fire City.

The shadow was also blurry, but Yunxiao was very sure that it was the woman!

He would never forget that fleeting glimpse he had in South Fire City!

Tang Jie and Shang’s conversation was not concealed at all, and it was heard by everyone. The people below all had goosebumps all over their bodies. These demons were actually trying to absorb their life force through the formation. Those who died would be sent to the afterworld, and those who did not die would be sent to the afterlife.

Zhu keting’s face was also very serious. Although he didn’t believe that a mere profound level weapon or array could take all of their lives, Chen Feng and Xiao Jingming were the core disciples of the blade sect. There couldn’t be any mistakes!

Although Chen Feng's cultivation level was higher than Xiao Jingming's, at this moment, the Dragon's might was directly pressing down on his soul. Xiao Jingming's condition was actually much better, and he was even continuously splitting out his soul power to help Shui luoyan resist it.

"Sir cui, you are the host here. What should we do now that this has happened?" Zhu keting asked.

Cui Bo's expression turned ugly. it's really unexpected. The Dragon's might can shake one's soul, and it's hard to resist. I've checked this so called ju she Lun formation with my divine sense just now, and it has sealed the entire songyue city, even the void path is sealed off. Moreover, under the Dragon's might just now, I estimate that at least half of the city has been injured or killed!

He was already being very conservative. Other than the cultivators from the central region, there were very few people from the other cities who could survive. The number one shopping center in the world for thousands of years had actually encountered such a tragic event!

Luo Ying's expression was extremely unsightly. He looked up and roared,"Tang Jie, don't let a single mistake cause eternal hatred! These demons have taken the lives of hundreds of thousands of human beings and are the greatest enemies of the world. If you don't surrender to the light and the dark today, you will be hunted down by the whole merchant Union, or even the whole world!"

Tang Jie looked at him coldly and sneered, " Luo Ying, no wonder you can only be the Vice sect leader forever. What you lack is not only cultivation, but also ambition and domineering! Only the weak would be hunted down by the people of the world, while the real strong should be hunting down the people of the world! A General's success was built on ten thousand bones. Which unparalleled expert did not step on countless corpses to reach it? "If these ants can be used by me and become a stepping stone for my Tang Dynasty's hegemony, their lives in this world will have meaning! It's me who let these ant-like lives bloom with brilliance. This is also the meaning of sacrificing. Only by sacrificing can we reach the other side!"

"You coward! You're crazy, you're really crazy!"

Luo Ying was so angry that she couldn't speak. In the current situation, it was useless to say anything.

we're all knowledgeable, intelligent, and quick-witted people! cui Bo asked anxiously. do you have any ideas? " "If this continues, we'll really reach the other side in less than an incense's time!" He said with a bitter smile.

In addition to the Supreme Dragon's might that suppressed a city, the demonic power on the Kushe wheel also began to reap the lives within the formation. The enchantment they formed began to feel more pressure and could only shrink its range. The people on the outside screamed and squeezed in.

everyone! Xu danhe shouted angrily, " all those who are not from the seven merchant alliances, stay 80 feet away from the core. Otherwise, I will kill you without mercy! As soon as she finished speaking, her palm struck out like a knife, directly cutting a disciple who was squeezing in into two!

"?!"

The disciples outside of the seven merchant alliances gasped and retreated in horror, not daring to rush forward again. Everyone fell silent, their eyes filled with unwillingness and anger, but no one dared to say anything!

Even the people from the seven merchant alliances fell silent. Although cui Bo frowned, he did not say anything. At this time, although they were united against the enemy, everyone was selfish. Moreover, the seven merchant alliances were the main force in defending against the enemy. Although the other merchant associations had some martial Supreme powerhouses to support the barrier, their ability was still very limited.

Tang Xin suddenly said, " although I don't know this kind of demonic formation, all the formations in the world communicate with the heaven and earth through some symbols that represent the elements and power of heaven and earth. This ju she Lun formation should be the same. The way I see it, he must have passed through the formation eyes in the four corners of songyue yang city, constantly transmitting the power of the four poles, which is why he can resist everyone's joint efforts. The key to breaking this might be to break the power of the four poles in the four corners."

Cui Bo was overjoyed, " I forgot that young master Tang Xin has obtained the inheritance of the king level's 800 formations. Your understanding of formations is rare! Since that's the case, why don't we send out our experts to break the four formation cores!"

“Send experts?” Zhang Chong frowned. If it wasn’t for everyone’s central defensive barrier, let alone breaking the formation eye, even the few of us with the highest cultivation would be frightened by the Dragon’s might outside. How could we break the formation?”

Everyone fell silent. It was difficult to even get out of the barrier in the current situation, let alone break the formation. Moreover, there were also Tang Jie and a few martial sovereigns from the four extremes sect guarding the sky. The situation was much worse than he had imagined.

...

Chapter 687

687 Law-enforcement officers

“I’m afraid only ninth-tier great alchemists can fully resist this Dragon’s might,” Tang Xin said with difficulty. even an eighth-tier Alchemist can’t do it.

Everyone’s eyes fell on Yunxiao, Cui Yuan, and Xiao Jingming, who were the only three eighth-tier alchemists in the team.

Cui Yuan smiled bitterly. although that Dragon’s might is pressing down on me, it’s not to the point where I can’t resist it. However, my martial cultivation is only at the seven constellations realm Martial Emperor realm. How can I fight against those demons? ”

Xiao Jingming also snorted, and then he didn’t say anything. His cultivation also stopped at the seven constellations realm.

At that moment, all eyes fell on Yunxiao.

“I’m only a Martial Emperor of the seven constellations realm,” Yunxiao said with a frown. don’t tell me you can’t tell? ”

Everyone was stunned. This was true, but in the battle with Xiang Zi, it was 100% the power of a martial honor. It was even much stronger than the average martial honor!

young master Yun, ” cui Bo said with a wry smile, ” we’re already at this point. If we don’t work together, we’ll really be hopeless. You’re the only one who has a chance of breaking the formation, so I hope you can consider the big picture.”

Yunxiao snorted coldly. if the sky falls, there will be a tall man to hold it up. I’m not a tall man. What’s there to worry about? ” Also, you all saw the battle with Xiang Zi just now. I have no elemental energy left, my body and mind are exhausted, and my body is weak.”

“Alright, alright, just state your conditions!”

Qian Wudi suddenly glared and said, ”do you think I don’t know you?” Do you want primordial stones, medicinal pills, or profound level weapons? hurry up and tell me!”

Yunxiao was taken aback, but then he said unhappily, ” “Brother Wudi, do you really think I’m that kind of person? It was so sad and tiring. The basic trust between people was gone. First, give me a few bottles of ninth-ranked energy recovery pills. I really did lose a lot in the battle just now.”

Cui Bo took out a Jade bottle and said, ” “There are three Yuan yang blood restoration pills inside. They’re divine healing pills.”

Cui Yuan also pondered for a moment and took out a Jade box with some reluctance, ” inside is a Tianshu soul restoring pill. It’s extremely effective in replenishing soul power, and its value isn’t below tier 9.

“Good stuff!”

Yunxiao grabbed the two bottles, poured out one primordial yang blood restoring pill, and swallowed it together with the Dubhe soul restoring pill. He immediately felt the surging energy burning in his body. His essence energy and soul power both increased.

“Ha, it’s a treasure indeed!”

He glanced at the others and frowned, "What about you guys? Don't tell me that you're only planning to let the myriad treasures store spend money while you pick up what's ready-made?"

"Haven't you recovered your physical strength?" Xu danhe said angrily. You've only taken one of the three pills cui Bo gave you, right?"

what's it to you? " Yunxiao frowned. what does it matter to you how many I take? " This is the spirit of unity and the importance of the overall situation. You want me to go out and fight to the death while you all watch from the back? my heart is so cold."

Qian Wudi was dizzy. He patted his head and said, "Everyone, let's bleed a little. At this time, let him slaughter us. We'll decide for ourselves which is more important, wealth or life." He took out his storage bag and threw it over without even looking at it, saying, "When the time comes, your friends and lovers will go to the other side with you. Don't think that you can escape this disaster alone.

"You don't have to worry about that."

Yunxiao chuckled. With the divine realm tablet, he could take all the people of Tianyuan trading company into it. However, it would be too terrifying to show it in front of these people, and if he escaped today's disaster, it would also leave him with endless disasters.

After everyone heard Qian Wudi's words, they all opened their wallets, not even letting off the people from the blade sect. They extorted a huge sum of money, making Chen Feng and Xiao Jingming so angry that their faces turned green, but they didn't dare to say anything.

At this moment, a few figures flew over from the four corners of the sky.

"The East pillar is complete!" Rain said with a serious face.

"The pillars of the West have been completed!" Li said.

Wing's shadow also appeared in the sky and said, "The pillars of the South have been completed!"

“The North pillar is also complete!” Fu’s voice was calm.

The air shook, and another figure gradually appeared. It was Li Yi. His face was calm and indifferent, and he said coldly, “ destroy the four inter-province transportation formations outside the city!

Every word fell on the merchant Union’s ears like a trial. Although they did not know what the four Obsidian pillars meant, it was not a good thing for them to complete them. Especially when Li Yi said that the four inter-province transportation formations had been destroyed, it made their hearts sink.

Li Yi’s eyes were like an eagle looking for prey below, and when they suddenly fell on Yunxiao, he trembled and said in a trembling voice, “ Lord Shang, can you let li Yunxiao come out? I want to eat this Man Alive!

“Oh?” Yi chuckled. Do you also have a grudge against him? This person is too dangerous, even the sacrifice array will not be able to hurt him. You will have the chance to attack later.”

“Eh? Is he really that powerful?”

Xiang Zi, who had been silent the entire time, suddenly spoke, his eyes filled with disbelief.

Richard smiled and didn’t say anything. He knew that Yunxiao had the divine realm tablet, and as long as he hid in it, the ju she wheel would not be able to break through the power of a realm no matter how powerful it was. However, as long as his armillary sphere was repaired, he would have the power to kill him.

Suddenly, Shang’s expression changed. His eyes glowed as he said coldly, “ “Li Yi, you’re too late to destroy the teleportation circle. There’s already a little mouse that has sneaked in.”

“What?”

Li Yi was not the only one. Everyone was shocked as well, and they all looked forward.

The space in front of them cracked like a mirror, and a chariot slowly emerged from it. The flame above the chariot was burning non-stop, but below it was like a wave. The chariot was shining with a golden light, making it impossible to look at it directly.

“This is a Kasaya!”

Tang Jie had already recognized the chariot in front of him. His face suddenly changed, and his whole body became extremely nervous.

The people of the merchant Union also widened their eyes in ecstasy. Cui Bo said, “Great! It’s a Golden Law enforcement war chariot!”

“Haha, we’re saved!”

The crowd cheered, and Xu danhe suddenly glared at Yunxiao and shouted, “Li Yunxiao, give me back my things!”

“It’s finally here!”

Hidden dragon’s eyes turned cold as he snorted, “I’ve said it before, we don’t need to deal with Tang Jie personally.”

Tang Xin’s face also showed a knowing smile, and a faint coldness appeared at the corner of her mouth.

“Did you guys lure the law-enforcement officers here?” Luo Ying’s body trembled and he asked in shock.

Tang Xin said coldly, “Tang Jie colluded with the big demon. Of course, such an important thing must be reported to the sacred zone as soon as possible. The moment he abandoned himself and mixed with the demon race, he was no longer a member of the four extremes sect, but The Public Enemy of the entire world! Enemies of the world naturally have to be eliminated by the world’s leaders!”

Luo Ying's entire body turned cold when he heard this. There was truly no affection between these two brothers, and they were completely at odds with each other.

Tang Xin's face was gentle. uncle Luo Ying, I'm afraid my father will also be involved in the big demon's matter. By then, I'll have to rely on you to bear the responsibility of the four extremes sect.

Luo Ying's face was gloomy and he didn't say anything. No one knew what he was thinking.

...

Zhang Chong smiled and said, " young master Tang Xin, you put righteousness before family. You've saved everyone from danger. This is a great merit. We will support you.

Tang Xin was overjoyed. She cupped her fists and said, " thank you, everyone! Zhang Chong's words undoubtedly represented the position of the money gang, which was to support him unconditionally.

Tang Jie looked down from the sky and said coldly, " a bunch of ants. Don't be happy too early. So what if they're the law-enforcement officers of the Holy region? they'll still come here and never return!

On the Golden Chariot stood three men in full armor, their eyes cold.

The leader held the hilt of the sword at his waist with his left hand and shouted coldly, " "A few days ago, I received a message saying that Tang Jie of the four extremes sect was colluding with the demon race to harm the continent. I didn't expect it to be true. Now that you've seen this law enforcer, surrender and follow me back to the Holy region to await my punishment!"

it's just three low-level martial sovereigns, " Shang said after a quick glance. let's end this quickly. We don't want the ju she formation to be affected.

leave it to the four extremes sect! Tang Jie grinned. elder Hao, I'll order the five of you to attack together and end the battle quickly!

The aura of the five of them immediately rose and pressed down on the Golden Law enforcement chariot.

everyone in the Sacred Law enforcement team has a joint attack, " elder Yi said. we must not underestimate our enemy!

The law enforcer flew into a rage and shouted, " "How audacious! How dare you resist the law of the sanctuary? this alone is enough to sentence you to death!" He waved his hand and shouted,"go!"

The two law-enforcement officers behind him flew up from the chariot at the same time. Both of them were holding long sabers with a cold light in their hands. They rushed into the group of five people at the same time. The saber Light suddenly appeared, and the sky was cut open.

...

The leader of the chariots cast a few incantation seals into the chariots, and the blazing flames in the sky suddenly whizzed up, dyeing the sky red. The water elements below the chariots surged up violently, rolling up waves and sweeping over.

the power of water and fire burned together, forming circles of barriers that trapped the five of them.

The leading law-enforcement officer made a hand seal and pointed. A beam of sword Qi shot out from his waist and slashed at the Kushe wheel under his control. He could tell at a glance that it was this formation that had trapped the people below. As long as he could break the formation and let the people of the merchant Union out, he would win.

"Hmph! You want to fight everyone at the same time? you don't know the immensity of heaven and earth!"

Fu's figure flickered and appeared in front of them. A huge axe appeared in his hand. He held it with both hands and suddenly slashed down. A fierce force sent out rays of axe light, which chopped onto the huge sword!

“Bang!”

With a bang, the law-enforcement officer’s sword let out a loud sorrowful cry and suddenly flew back into the hand of the man. At a glance, it had lost all its spiritual energy and was still trembling, as if it was in great fear.

The law-enforcement officer’s expression changed drastically. Suddenly, a light flashed in front of his eyes and he felt the sky darken. Fu’s huge body blocked the sunlight as the Xuanhua axe came straight for him!

Chapter 688

688 Breaking the formation

it’s been so many years since anyone dared to attack a Saint. You’re all heaven-defying!

The law-enforcement officer was furious. He poured his Yuan Qi into the big sword in his hand again, forcibly stimulating its power and forming a sword-shaped slash in the air.

“BOOM!”

The two huge illusory swords collided in the air, and cracks immediately appeared on the sword. bang! It shattered and the talisman shadow fell again!

At the same time, the big sword in the law-enforcement officer’s hand also trembled violently. He was shocked and hurriedly turned into a ray of light and flew out of the chariot. The talisman shadow was overbearing. It suddenly slashed into the chariot and immediately caused a monstrous golden flame. The water and fire Qi mixed together and eroded each other.

In the distance, the water and fire World that trapped elder Hao and the other four immediately disappeared. Without the support of the formation, the two law-enforcement officers immediately fell into a bitter battle and were in constant danger.

The leader of the law-enforcement officers had an extremely unsightly expression on his face. He said angrily, “ I’ll definitely pass on what happened today. Just wait for the wrath of the Holy region!

After saying this, he turned into a ray of light and flew away. He escaped without hesitation!

“Mm! Chase!”

Tang Jie’s face changed. He was about to ask elder Hao and the others to chase after them, but the referee stopped him and said, “Forget it. You human Saints can easily investigate this matter. There’s no need to keep it a secret. The four great teleportation formations have been destroyed. I don’t know how long it’ll take for him to return.”

elder Hao, don’t let these two fish escape! Tang Jie snorted loudly. today, we’ll use the heads of the law-enforcement officers of the Holy region as a blood sacrifice for this great day!

When the two law-enforcement officers saw that their leaders had escaped, they suddenly panicked. They were not careful and were attacked by the Joint Forces of the five people. They were immediately killed and all of them died.

The people of the merchant Union were all dumbfounded. In their minds, the sanctuary was the most powerful and invincible existence. They thought that everything would be solved with the appearance of the sanctuary. They did not expect that their hope would be shattered in the blink of an eye.

Zhang Chong licked his dry lips and said, “ Tang Xin, do you have any backup? ”

Tang Xin and Hidden Dragon were completely stunned. Tang Xin’s eyes almost fell out as she muttered, “ they’re crazy! They’re really crazy! How dare they kill a Saint realm law enforcer!

Everyone’s heart sank. That’s right, if he dared to kill a Saint realm law enforcer, then he wouldn’t have the slightest hesitation in killing them.

my friend from above, I’m from the blade sect, not the merchant Union! Zhu keting suddenly shouted. please let me go. I’ll definitely reward you handsomely!

Everyone looked at him with disdain, but Zhu Keting was calm and didn't feel that there was anything wrong with it.

The crowd below suddenly broke into a commotion, and everyone started shouting.

Yeah, I'm not from the Merchant Union. I'm just here to watch the fun. Please let me go!

Young Master Tang Jie, I'm your brother-in-law. The girl you played with at the Ruan residence last time is my sister. I hope you can let me go. My sister has been missing you recently!

"My Lords of the Monster Race, I usually love to deal with the Monster Race. I have hundreds of Monster Beasts at home, and I treat them as my own! Please let us go!"

I actually have the blood of the Demon Race in me, so I can be considered half a member of the Demon Race. Recently, there have been frequent signs of demonization. I estimate that I will completely become a member of the Demon Race soon. Please let my kind live!

"Shut up, all of you!" Tang Jie shouted. No one can think of living in the formation!"

Young Master Yun," Cui Bo said. We'll stick to the original plan. I'll have to trouble you to crack the formation.

Yunxiao had been quietly accumulating his strength. When the Saint Realm Law Enforcer appeared, he did not have much hope. As expected, it had bought him a lot of time, and with the help of a large number of high-grade medicinal pills, he had basically recovered to his peak.

He slowly opened his eyes and let out a breath. He turned his eyes and said, "Strengthen the wizardry barrier around Tianyuan Trading Company. I don't want them to get hurt when I go out and risk my life."

Both Luo Yunshang and Ding Ling'er felt that it was a little too much for them to bear, and those who were weaker were basically lying on the ground, gasping for breath.

Everyone frowned. Tianyuan trading company had contributed the least to this array formation, but no one dared to provoke it at this moment. Even Xu danhe kept her mouth shut. The crowd remained silent, but they still directed the force of the ward toward Tianyuan trading company.

Immediately, people on the outside screamed as they died on the spot under the suppression of the formation and the Dragon's might.

The power of the formation outside was getting stronger and stronger, while the defense was getting weaker and weaker. Every resource was extremely precious. Now that Tianyuan trading company had strengthened its defense, someone would certainly suffer the same fate.

Tang Xin said, "I'm afraid there's not enough time. As long as you break one of the pillars, we can all bet on it. We have a great chance to break the array.

no need," Yunxiao chuckled. "I'll go and break the ju she wheel directly.

"What?"

"The ju she wheel absorbs the power of the four extremes, which is the strongest part of the array. How can you break it?!" Tang Jie was shocked. Besides, you've seen the power of that attack just now. If it were to come again, would you be able to withstand it?"

this ju she wheel array feels like a hodgepodge," Yunxiao said. it has many functions, but there are disadvantages to it. He is now using the power of the array to harvest lives while absorbing the power of life at the same time. Under such circumstances, it will be very difficult for him to launch the attack he did before.

He raised his head and looked at the people above, smiling. "Shang, am I right?"

The people of the merchant Union were all shocked. Cui Bo said, "You know these monster race people?"

we're old friends," Yunxiao said with a smile. we're old friends.

Young Emperor haolian smiled wryly. I hate that I let these bastards go back in the demon Plains. I can't suppress them now.

Mo Xiaochuan scoffed, "when will you ever achieve anything?" What else can you do other than being the head of some bandits, stealing women's bodies and hearts?"

Shang was in the air, casting spells to control the wheel and armillary sphere. He smiled and said, "That's right. The current arsenal formation does not have any single-target attack power. It's just a big melting pot now, slowly melting you all. Even if you can see it, what's the use? Actually, you can save everyone, but you can't bear the danger of exposing your trump card. You can only wait for me to refine you."

His words startled everyone, and they all turned their eyes to Yunxiao, wondering what kind of trump card he had that could save everyone.

Yunxiao laughed. stop trying to sow discord. I have my own way of breaking your ju she array. But, can you answer my question? who is the woman's Phantom that has condensed on the ju she wheel? " I seem to have seen it somewhere else. It left a deep impression."

"What? Have you seen this woman's statue elsewhere? Where is it?"

Shang's face suddenly turned serious, and the other monsters around him trembled in disbelief.

Yunxiao laughed and said, 'hehe, I forgot. If you tell me who this woman is, I might be able to remember."

"Hmph, not many of your words are true. Wait until I slowly refine and capture you, then I'll naturally know everything I want to know!"

Shang said coldly. He knew that it would be difficult to gain any advantage from dealing with Yunxiao. The only way was to suppress him directly, and then he could kill him at will.

Yunxiao chuckled and said, 'when did you become so self-obsessed? Watch how I break your sacrificial array!'

He took a step out of the barrier, and his body and soul were suddenly hit by a huge force. Under the combination of the formation force and the Dragon's might, his body was under so much pressure that it kept making a dull "crack" sound. His bones were slightly cracked and were starting to get damaged. In his spiritual altar and sea of consciousness, the Dragon's might was constantly attacking wildly, making his head buzz.

Everyone stared at his movements, all extremely nervous.

"It's good, better than expected!"

...

Yunxiao calmed down. The tyrant body tempering technique was indeed abnormal. It had even absorbed the power of the array to nourish his lost body. Although he was still suffering from injuries, it had slowed down a lot.

"Bang!"

He stomped on the ground with both his legs, blasting a hole in the ground. His entire body continued to resist the pressure as he shot upwards. When he was about 10 meters away from the ju she wheel, he finally reached his maximum limit. His physical body and soul could no longer withstand any more.

"You can't even touch the ju she wheel, and you want to break it?" Shang said coldly.

"Hmph, open your demonic eyes and take a good look!"

Yunxiao smiled coldly. The primordial heavenly eye on his forehead suddenly opened, and a fiery red shadow shot out of it. In the sky, it suddenly spread its wings and turned into a bright red Firebird!

“Swish!”

A powerful ancient voice rang out, as if it had traveled through endless time and space. Under Yunxiao’s command, the Phoenix image whizzed up and burned toward the ju she wheel.

“What? True spirit Fire Phoenix!”

Xiang Zi’s eyes almost popped out as he trembled in fear. His sigh of the true dragon was almost broken.

“There’s no need to panic, it’s just a little true Phoenix Fire,” Yi said in a deep voice. Furthermore, with his power, he won’t be able to control it for too long. If he wants to break through my sacrificial formation with just this little flame, he’s simply too delusional.”

...

After the phoenix-like flame rushed up, it lit up the sky and burned towards the ju she wheel. The formation was burning with fire, but it still couldn’t be broken.

The ecstatic hearts of the merchant Union’s people below sank again.

I didn’t expect this Phoenix Flame to break the array, ” Yunxiao said coldly. I released it so that I could directly refine your profound weapon, ju she wheel! Don’t forget that I’m an eighth-tier Alchemist, and not an ordinary one at that!”

He suddenly struck out a few incantation seals, which flashed in the air one by one. The seals combined together and emitted a powerful light. Three golden tadpole-like characters flickered on them. It was the Ming King seal that he had learned from the cauldron of mountain and river!

with my cultivation and understanding of the art of sorcery, along with the true Phoenix Fire and the brightjade seal, all I have to do is to turn this profound level weapon of ju she wheel into a piece of scrap metal. Do you think I can do it? ”

With great determination on his face, Yunxiao gave a loud cry and threw out a seal in the air!

Chapter 689-restraint

“Boom boom boom!”

The seal glowed with the ancient will of the firmament and was injected into the Phoenix true flame. The flame changed and took on strange shapes. Its power seemed to have increased by several times as it burned fiercely under the sacrificial plate.

Shang’s face flickered. Even though Yunxiao’s strength was weak, and it was a bit of an exaggeration to say that he had refined the ju she wheel into a piece of scrap iron, it was very likely that this tenth-tier divine fire and the ancient golden characters that he could not recognize could cause problems in the refinement of the ju she wheel!

He hurriedly changed his hand seals. The power of refining life force weakened, but his defense was greatly improved.

I was right, ” Yunxiao said coldly. although the sacrificial array is powerful, its power is limited. It’s up to you to decide. Strengthening the defense can indeed delay the time I need to refine. Perhaps I won’t be able to hold on for long, but it will shorten the time you need to refine everyone’s lives. Do you think you can kill us all in the time it takes for an incense stick to burn?”

Not far away, Xiang Zi snorted, and said, don’t look at me. I’ll stop once the time is up. The deal is settled!

Shang’s face immediately turned a little unsightly. The seals Yunxiao kept sending into the divine fire were indeed a great threat. If the ju she wheel was really refined, the entire formation would be broken. If so many martial emperors rushed out from below, they would not be able to save their lives, let alone repair the armillary sphere.

Li Yunxiao, ” Li Yi gritted his teeth and said angrily, ” you’re really my nemesis in this life! You’re always making me your enemy! Lord Hu, let me enter the formation and take his life!”

if you go in, you'll be suppressed by the formation and the Dragon's might. Shang's expression was grim. you'll probably be killed instantly!

Li Yi's face turned pale. Shang's judgment was clearly that he was too inferior to Yunxiao, and his heart was filled with extreme unwillingness and anger.

let me go. I hope I can kill him this time. I can't let him grow any further. Otherwise, he'll be too terrifying!

Yu took a few steps forward and looked down at Yunxiao with a solemn face.

Shang thought for a moment, then nodded and said, " you're indeed the most suitable for this place. Whether it's your physical body, soul power, or cultivation base, you're no weaker than Yunxiao. Besides, all you need to do is to keep him busy so that he doesn't have time to break the array!

Shang cast a few incantations on the Kushe wheel. Suddenly, a green light emerged from the seal that filled the sky. Yu linkong took a step forward and sank into the green light. Shang once again put his hands together and the seal closed.

Yunxiao's eyes were also filled with solemnity. With the rain beside him, it was impossible for him to refine the ju she wheel.

Under the pressure of the formation, Yu's face gradually twisted. He roared and gradually transformed into his demon form. He stared at Yunxiao and said coldly, " "If I can't kill you this time, I won't even be able to sleep in the future!"

After his demonic transformation, his body had more than doubled in size. A cold light flickered in his hand, and the taillight sword had also become much larger. In his hand, it exuded a biting cold intent. Just the power of the profound level weapon was enough to shake away the pressure around the sword, separating a vacuum.

Without saying a word, a fiery cloud flickered between Yunxiao's eyebrows, and the calabash Little King Kong flew out. It roared in the air as well, then transformed into a figure as large as the rain, clenched its fists, and burst out with a powerful force to protect Yunxiao.

Then, Yunxiao gritted his teeth and shot out a stream of primordial astral wind from between his eyebrows into the flame. Immediately, the flame grew several times taller, devouring the entire ju she wheel and burning it crazily.

He knew that it was impossible to refine the ju she wheel. He had to stall for time so that the people of the merchant Union could hold on until the Dragon's might dissipated. Then, the martial sovereigns could join forces and break the formation!

Shang's expression changed. He quickly gathered all the power of the formation, forming a strong defense against the fire, and the pressure within the formation was reduced.

"Don't underestimate me!" Yu Jing roared in anger.

The sword light in his hand grew, and a cold light broke through the air. It was dazzling in the dark array. Yu Hou shouted, "Damn it, sword eight!"

The calabash Little King Kong roared repeatedly under the sword power, and a King Kong fist also blasted out, but the power was much weaker than usual.

Yunxiao frowned as he watched. The calabash Little King Kong was a demon beast at first, so it was certainly unable to resist the Dragon's might. But now, it had become a half-artifact, half-demon existence. It seemed that it was still greatly affected by the Dragon's might and could not exert all its power.

"BOOM!"

The sword light shook on the fist wind, and it could directly annihilate the entire fist wind. The calabash little guardian deity cried out unwillingly inside. Lines of cracks appeared on his right arm, and it actually looked like it was going to break.

Yunxiao was shocked. The body of the calabash King Kong was made of ninth-tier materials, but it was damaged by Yu's attack, which meant that Yu's strength had also improved greatly during this period.

Rain was also shocked. The monster in front of him was neither a demon nor a weapon. He originally expected his sword to break it, but when the sword light hit the other's fist, it was violently jolted back by a huge force, making his arm numb. It seemed that the gourd Little King Kong was only injured and not seriously injured!

The broken arm was also healing at a speed visible to the naked eye. The calabash Little King Kong didn't feel any pain. It raised its left hand again and launched another King Kong fist. This punch was even more ferocious and desperate, and its body pressed down.

"Damn it, damn it!"

Yu Jing was furious. Seeing that the Kushe wheel was being burned by Yunxiao's monstrous divine fire, only God knew when something would go wrong, which made him very anxious. The zu Meridian began to emerge from his body, and a terrifying fluctuation emanated from his sword as he slashed out with all his strength!

"13th sword, annihilate!"

"Boom boom boom!"

The gourd Little King Kong was once again annihilated by the sword light. His left arm made a crisp cracking sound under the sword momentum and completely shattered like glass, turning into bits and pieces. He was sent flying far away along with his entire body. He fell from the sky and fell to the ground with a loud bang.

"It's your turn!"

Yu's face was ferocious. The sword strike had consumed a lot of his energy, so he did not even have time to breathe as he thrust the second sword at Yunxiao!

Yunxiao sighed in his heart. The restraint on the ju she wheel had come to an end. He could only hope that he could buy enough time for the core members to escape in the time it takes for an incense stick to burn. No matter from the perspective of the merchant Union or the human race, this incident was too

serious. Once Shang repaired the armillary sphere, these great demons would regain their original strength one by one, and the entire continent would fall into panic.

Let the matters of the world be handled by the people of the world. I only hope that I can save them as much as possible this time.

Yunxiao sighed, and the heavenly eye on his forehead suddenly closed. His whole body turned into Thunder, allowing the sword force of the rain to pass through his body.

“What?”

Yu was shocked and looked at him in horror. Although he had seen Yunxiao turn into Thunder before, he had only thought that it was a kind of lightning escape technique. He had never expected that he could turn into lightning at will!

At that moment, the sword force passed through Yunxiao’s body, and his body swelled up like an inflated balloon under the Thunder.

Yunxiao’s eyes were cold as he suddenly stretched out his fat hand of lightning and spread his fingers, pressing them against Yu’s face as he said in a cold voice, “without the Emperor Qi, I’d like to see how you can resist my elemental power!

A ball of lightning suddenly formed on his palm. It was condensed into thousands of lightning bolts, and they were constantly compressed. They flashed in front of Rain’s face, and large beads of cold sweat dripped down his cheeks. The lightning was so strong that it almost blinded his eyes!

“Green lightning, break!”

As Yunxiao’s cold words came out of his mouth, the lightning, which had been compressed to the extreme, suddenly exploded, and tens of thousands of Thunderbolts bloomed right before Rain’s face!

“?!”

Rain suddenly sucked in a cold breath. That sword strike had prevented him from changing his direction instantly. He could only watch as the lightning exploded in front of his face. He could only use all the soul power in his body to teleport. However, under the suppression of the Dragon's might, he couldn't use much soul power. He forcefully burst out with soul power and made his body disappear under the lightning.

"Boom boom boom!"

The power of Thunder in his palm shot out thousands of beams of light in the sky like fireworks, illuminating the entire area.

Yunxiao's swollen body stood in the air like a god of Thunder, but it suddenly shrank and returned to its normal state after the palm strike. However, his face was extremely pale. From the moment he used the divine fire to the thunderous strike just now, he had consumed a lot of energy. Fortunately, he had extorted a lot of medicinal pills. He hurriedly took out a few Supreme-grade medicinal pills and swallowed them.

Rain's body reappeared not far away and spat out a large mouthful of blood. His aura dropped drastically, and his face was a bloody mess. Although he teleported away, he was still affected. What was worse was that he had just forcefully extracted his soul power, and his soul was severely injured. Under the Dragon's might, it was extremely difficult to resist, and his body was actually trembling.

...

At this moment, everyone was surprised and overjoyed. Tang Jie and the others were shocked by Yunxiao's means. The people of the merchant Union cheered on.

turning into lightning! It's actually the art of turning into elements! Where did this li Yunxiao learn the Kasaya? "

Zhu keting muttered to himself in shock, his eyes filled with disbelief.

In addition to being dumbfounded, Li Feiyu, Chen Feng, and the others began to admire Yunxiao in their hearts. Any one of Yunxiao's moves was freakishly powerful, and they could not resist it without using all their strength. If they were to fight to the death, no one in the younger generation was his match.

Up in the sky, Shang's expression grew more serious. The armillary sphere was still rapidly absorbing the energy from the sacrificial plate, and it would take some time for it to fully recover. He said, "It looks like Yu is in danger. This person's growth rate is too terrifying. Li, you go down and work with the rain to restrain him. There's no need to fight, just restrain him. When my armillary sphere is fully repaired, it'll be time to kill him!"

Chapter 690-quota

The faces of Tang Jie and the others turned ugly one by one. The originally foolproof plan actually had such a variable! Only people who had extremely high attainments in both martial arts and magic could be alive and kicking under the double pressure of the formation and the Dragon's might.

Their best candidate was undoubtedly Yu, but they didn't expect Yu to be so seriously injured because of his carelessness!

"No need! I alone am enough to kill him!"

Rain's roar could be heard as his huge body panted heavily. Blood was flowing down from his face, and three dark red meridians began to appear on his back. The color became brighter and brighter, and the strength in his body increased.

The power of the Thunderbolt just now did not cause him much harm. What really hurt him was that he had forcefully erupted his soul power, which had damaged his soul. At this moment, he was trembling under the Dragon's might, but as the three ancestral bloodlines in his body were opened, the trembling gradually dissipated.

"Oh? I'm really curious. How are you going to break the Thunderbolt without the Emperor Qi of the nine Heavens? Or is it because of your stupid dignity that you'd rather die than submit?"

Yunxiao's body spread out again, and the power of thunder and lightning in his hand grew stronger and stronger. He stared at the rain with cold eyes and bent forward slightly.

“?!”

An electric arc crackled in the air as Yunxiao’s body turned into a bolt of lightning and shot toward the rain. He reappeared only a few feet away from him, then turned his hand and struck down with a Thunderbolt palm!

“Green lightning, break!”

It was the same move, but this time it gave Yu more time to prepare!

He slowly raised the hand that was holding the sword and drew a series of afterimages in the air. He said unhurriedly, “The so-called Emperor’s Qi suppresses everything because the emperor’s Qi of the nine Heavens has condensed the laws of heaven and earth, and everything in the world is under the laws. However, even without Emperor Qi, as long as the power level is high enough, it can still suppress a large number of inexplicable techniques!”

“For example, the ancestral power of my monster race!”

Rain roared, and a terrifying demonic power exploded from his body. It was completely different from the power before, and it was much higher in level!

Yunxiao’s power of Thunder was actually blocked by his burst of energy! Yunxiao’s pupils constricted as he cried out in horror, “What? It actually suppressed my elemental power!”

In the sky, Li’s eyes were filled with shock as he said, “He actually opened three ancestral meridians! Had the rain gone crazy? He’ll die like this!”

Yu is indeed the high priest, ” Shang said with a serious face. perhaps li Yunxiao is his old enemy, and has even become a demon in his heart. I’m afraid he won’t be able to sleep and eat in peace if he is not eliminated. It’s also a battle chosen by rain himself. He wants to completely wipe out Yunxiao with his own hands!”

Beside him, Li Yi's body trembled. His eyes were filled with hatred as he mumbled and roared, "Li Yunxiao is mine, my old enemy! I want to tear him apart with my own hands, and I want to multiply the horror of hell on him!"

Shang looked at him indifferently, not saying anything.

"BOOM!"

As the sword came down, Yunxiao's power of Thunder was instantly destroyed. The sword beam cut through the sky and cut into his body, causing a fountain of blood to spray out!

"Young master Yun!"

The people of Tianyuan trading company below were all shocked. Ding Ling'er and the other three turned pale. Shaohuang hao lian couldn't sit still any longer. He immediately turned into a beam of light and rushed out!

"Bastard, come back!"

Mo Xiaochuan was shocked and furious. At a time like this, they could not afford to panic. If they forced their way up, they would only be adding to the chaos!

After shooting several dozen meters high, young Emperor hao lian finally spat out a large mouthful of blood. He fell from the sky and crashed into the barrier again! The power of the Dragon's might outside shook directly into the soul, and no one could resist it without the soul power of an eighth-tier Alchemist!

"You'll only add to the chaos!"

Mo Xiaochuan was so angry that he stomped on his foot a few times and said angrily, "If you cause any more trouble, I'll directly slap you to death!"

I'm afraid young master Yun won't be able to hold on any longer, " cui Bo said bitterly. but he's already done his best. Do you have any other ideas? "

Zhang Chong said, " I think we can only wait and try to block it. Xiangzi's Dragon's might can only last for the time it takes for an incense stick to burn. I don't think it will last long. As long as the Dragon's might isn't here, the power of the Arsenal formation can't stop us at all!"

Luo Ying smiled wryly. I don't think so. Ever since young master Yun started to cultivate the ju she wheel, that demon seems to have sped up the process. Don't you feel the power outside is increasing rapidly? I'm afraid the enchantment will break soon!

Chen Feng suddenly said,"now that things have come to this, I can only try this method." If we succeed, some people can escape, but if we fail, we'll be completely annihilated."

"Oh? Young master Chen, do you have a way?"

great! cui Bo was overjoyed. we have to try anything now!

Zhu keting's heart skipped a beat, and he suddenly said,"Could it be Wufu? how confident are you?"

Chen Feng shook his head and said,"I'm not sure, but I'll try it as a last resort." This method also requires a certain amount of time to prepare. If we wait for the barrier to break, it will be too late. Even if we succeed, at most eighteen people will be able to leave!"

"What? Only eighteen?"

Everyone was shocked. The hearts of the thousands of people within the barrier that had just warmed up turned cold again. Only 18 of them could leave, and that would have nothing to do with them. On the contrary, they were all thinking evilly in their hearts, hoping that the result would fail and that those 18 people would die first.

Chen Feng raised his hand and pulled out the soft sword from his waist. He placed it horizontally on the ground and said indifferently, " this thorn of the purple snake was made with a real ninth-rank purple

snake as the main material. After unsealing it, it can transform into the original form of the purple snake. Moreover, there are 3600 arrays engraved on the snake's body. Three of them are main arrays, one for attack and one for defense. The other one I've never used before is to travel through space!

Cui Bo frowned, "how far can this spatial travel go?" Are you sure you can break through the formation power of the ju she formation?"

"Of course!" Chen Feng replied proudly. The teleportation formation on the sword could pass through all space without being restricted by any power! Even Liang Yuyi's spatial manipulation domain is useless against my purple snake's thorns!"

His expression dimmed slightly as he smiled bitterly. but I've only tried to send the sword Qi into the shuttle, and I've never tried to send a human through it. But father once said that humans can do it too.

"If sect leader Chen was here, the success rate would be 100%!" Cui Bo sighed.

Zhu keting snorted coldly, "Lord cui, what are you saying?" If the sect master was here, he would've killed all of them in one move. He wouldn't have needed to escape through space!"

"This is also a bi an."

"Can you take my son with you for the 18 spots, young master Chen?" cui Bo asked bitterly.

"Father!"

"Unless we leave together, I will not escape alone!" Cui Yuan's expression changed greatly, he said firmly.

Everyone tensed up. This was the only way to escape. Although there was a failure rate, it was better than staying and waiting for death! All of them were staring at Chen Feng with looks of desire on their faces. None of them wanted to die.

Cui Bo's face darkened and he shouted, "You'll only drag me down if you stay. This is not the time for you to make the decision!"

He stood up and bowed deeply to Chen Feng, "I hope that young master Chen can give me a place. As long as my son can escape, I will be very grateful!"

Everyone's expression changed drastically. With Cui Bo's status, even if he was not as high as Chen Duantian, he was at least not below the elder of the Blade Sect. How could he give Chen Fengxing such a big gift?

Cui Yuan's entire body trembled as tears gushed out, his fists clenched tightly. His father did this all for him. Otherwise, with the honor of the Myriad Treasure Tower's Deputy Tower Master, even if he died, it was impossible to bow to a junior!

...

His eyes were blurry, and he could no longer say no. How could he refuse his father's sincere heart?

Chen Feng's heart skipped a beat as he did not expect Cui Bo to be willing to lower himself to such a level. He said hurriedly, "Lord Cui, don't worry. I'll give brother Cui Yuan a spot."

"Thank you, young master Chen!"

Cui Bo was overjoyed and bowed again.

The crowd had already recovered from the shock of Cui Bo's condescending attitude. The quota was already limited, and now there was one less! They were all anxious, but they didn't know what to say.

Xu Danhe suddenly stood up and walked in front of Chen Feng. She learned from Cui Bo and bowed. She smiled and said, "Young master Chen Feng, I'm the great elder of the Empyrean One Pavilion. Can you give me one of the eighteen spots? I'm willing to use anything to exchange for it. Even if I don't have it now, I can definitely get it with my status!"

Everyone was floored and looked at him with contempt. Cui Bo was lowering his pride for his son, but she was doing it for herself. It was obvious who was better in terms of character and integrity!

Even Chen Feng did not hide his disdain. He said indifferently, "The quota is limited, I'm afraid it'll be difficult to give it to elder Xu."

"Limited slots?"

Xu danhe's expression changed drastically. She originally thought that with her identity and status, there would be no problem, but the other party actually rejected her. She immediately screamed, "Why don't you tell us who the eighteen candidates are? I'd like to see who else is more qualified than me!"

Hmph! Chen Feng snorted coldly and said, "our blade sect has eleven people. Including Cui Yuan, there are twelve people. There are only six spots.

...

"And miss Shui, there are only five spots!" Xiao Jingming suddenly said.

Chen Feng furrowed his brows as his gaze swept past the pale-faced Shui luoyan. Just as he was about to reject her, Xiao Jingming suddenly said, "Chenfeng, I'm begging you. As long as you take miss Shui with you, I, Xiao Jingming, will automatically make way for you when I see you in the future, and will always bow my head in front of you!"

After he finished speaking, he actually knelt down on one knee in front of everyone.

Chen Feng and Shui luoyan's bodies trembled. The emotions in their eyes were completely different. Shui luoyan's hands were clenched tightly as large tears rolled down her face.

Zhu keting sighed. Xiao Jingming had completely fallen in love with Shui luoyan. He was even willing to give up the dignity that he was most proud of.

“Alright, I promise you!”

you are the most outstanding genius Alchemist in my sect,” Chen Feng said indifferently. you have the right to bring one person with you!
