

The Eternal 691

Chapter 691-farewell

"Thank you!" Xiao Jingming said in a deep voice.

Chen Feng no longer paid any attention to him. Instead, he turned to the crowd and said, "There are only five places left." He glanced at the crowd and said, "there are only five places left. the Mando Chamber of Commerce has a close relationship with the blade sect. You can be one of the powerful elders.

The powerful citizen was overjoyed. He didn't think that he would have a share. He said excitedly, thank you, thank you, young master Chen!

"I think brother li, as one of the four prodigies of the North, has the right to have one," Chen Feng said with a smile.

Everyone's heart skipped a beat. Another one was missing, and their faces turned ugly.

"Many thanks!" Li Feiyu forced a smile.

Chen Feng nodded and said, " brother Tang Xin from the four extremes sect. As the successor of the throne, I think you have the right to have one. Otherwise, when the king level leaders find out about today's matter, I won't be able to explain it to them."

"Thank you, young master Chen!"

Tang Jie also showed a grateful expression.

Everyone's expression became very ugly. There were only two left now.

"I hope young master Chen can consider the money sect and give young master Wudi a place," Zhang Chong said.

Chen Feng muttered to himself for a moment before saying, alright, young master Wudi is the most promising successor of the money sect. He has the right to have one.

He had to consider how to maximize the benefits of the quota allocation.

Xu danhe suddenly shouted, " there's only one left. It must be the turn of the three Chambers of Commerce that didn't get their turn! Who is more qualified than me?"

She immediately pushed out the few Chambers of Commerce that had already obtained the quota. Otherwise, in terms of status or strength, she really wouldn't be ranked.

"I wonder if I'm qualified to do so?" min Chengxiang forced a smile.

Xu danhe said angrily, " old man, you are the one who brought Xiangzi here. You are one of the culprits. It's already merciful of me not to kill you!

Chen Feng raised his head and looked up into the sky. He was silent for a moment before he sighed and said, " I originally wanted to keep li Yunxiao for the last spot. He is a worthy opponent. But I'm afraid he won't be able to come down again. I'll give this spot to Tianyuan trading company. Who's willing to come with me?" He looked at the people of Tianyuan trading company.

"Shut your stinky mouth!" Ding Ling 'er's face changed and she said angrily. Young master Yun will be here soon, and everyone will be saved!"

that's right, " yunshang said coldly. no one in Tianyuan trading company wants your spot. If young master Yun lives, we'll live. If young master Yun dies, we'll die!"

Her words were firm and decisive, and Mo Xiaochuan and the others also had a look of determination on their faces.

Chen Feng's eyes were filled with shock. He then forced a smile and said, "I'm indeed not as good as Li Yunxiao, and even though I'm very good at summoning women, I've never been short of people around me. But, if I really encounter a life-and-death situation, is there anyone willing to die with me?"

The four girls beside Chen Feng all had looks of shame on their faces. Chun Qin hurriedly said, "The four of us are naturally willing to live and die with young master!"

Chen Feng's face turned cold as he snorted, "I advise you not to be so certain, or I'll take it seriously."

Chunqin's face turned red and she didn't dare to say anything.

"Haha, haha!"

Xu danhe laughed. The thunderwind Chamber of Commerce is not qualified. The Tianyuan Chamber of Commerce doesn't need it. The last place should belong to the Empyrean one Pavilion, right?"

Chen Feng nodded, "Sure, we'll give the last spot to Miss Liang.."

'Liang Jianjia', Xu danhe said furiously, "Give the quota to my Empyrean one Pavilion, I will allocate it! How would Yu Yi dare to compete with me!"

Chen Feng replied coldly, "I'm the one who decides who gets the spot. Ugly old woman, Who Do You Think You Are?" Don't jump around in front of me, I'm not used to it!"

"You!"

Xu danhe was furious, but she held it in and said, "Young master Chen Feng, I hope you'll consider this carefully. You'll get a lot more benefits from saving me. Besides, if you don't take me with you, Yu Yi won't be willing to leave."

Everyone revealed an expression of extreme disdain. They had seen shameless people, but this was the first time they had seen one in front of so many people.

Chen Feng looked in the direction of Empyrean one Pavilion and said, "Liang Yuyi, are you willing to come with me?"

Xu danhe's aura turned cold, and her cold eyes immediately shot over.

Liang Yuyi suddenly felt as if she had fallen into an ice cave. Her whole body was cold. She gritted her teeth and suddenly said, "yes, I'm willing to leave with young master Chen Feng. Please take me with you!"

"Yu Yi!"

Xu danhe's face twisted in anger as she roared, "You dare to fight me for the spot? I'm going to kill you!" She raised her hand and was about to slap him.

Zhu keting's figure flashed, and a ray of light streaked across, immediately suppressing her aura. He said coldly, "Crazy old hag, do you want to start a fight here? Once the barrier is broken, everyone is finished!"

"If I can't live, then so be it!" Xu danhe laughed evilly.

As soon as she finished speaking, several powerful auras landed on her. They were from the other Chambers of Commerce. Cui Bo said coldly, "Xu danhe, if you dare to be impudent, I will kill you even if the enchantment is broken!"

His son was on the list, so he had to give him away no matter what.

Luo Ying's face was also frosty as he said coldly, "Killing her is like killing a chicken. It won't affect the barrier at all."

"Xu danhe, you'd better be more honest," Zhang Chong snorted coldly. "If we work together, we might still be able to survive, but if you continue like this, you'll die now!"

Xu danhe's expression was extremely ugly, but she did not dare to be presumptuous in front of the powerful auras of these people. She could only look at Liang Yuyi with hatred as she walked out of the crowd and leaned towards Chen Feng. She said hatefully, "You ungrateful bastard!"

Chen Feng revealed a faint smile, "Miss Liang, it seems that Empyrean one Pavilion doesn't care much about you. Why don't you join our blade sect? I can guarantee that you will be a core disciple."

Liang Yuyi was shocked. The status of a core disciple of the blade sect was much higher than that of a core disciple of the Empyrean one Pavilion.

"You don't have to promise me now," Chen Feng laughed. "You can think about it after we get out." If this ugly woman doesn't die, I'm afraid you won't be able to return to Empyrean one Pavilion."

Liang Yuyi was shocked and hesitant. "Thank you, young master Chen, for your appreciation!"

Chen Feng smiled. no need to thank me. With your strength, you're definitely qualified. I believe that the blade sect can provide you with even better room for development!

Everyone fell silent. It seemed that the seven superpowers' strength was very reasonable. They would try their best to rope in powerful young people, so there would be no shortage of talents.

After the distribution of the spots, everyone watched quietly as Chen Feng drew some symbols on the ground. With the support of Cui Bo and the others, no one dared to express their dissatisfaction. They could only hope that the barrier would last longer.

After Chen Feng had finished setting up the various arrangements, he began to inscribe on the purple snake's thorn with his finger. Immediately, the light on the sword expanded and turned into a huge purple Python. All kinds of runes flashed on its body, and a desolate aura was emitted. However, although the purple Python's eyes were filled with killing intent, it appeared to be extremely dull.

...

“Let’s go. I hope we succeed!”

Chen Feng stood up and stepped onto the purple Python’s back, ” “Those who are qualified, come up.”

Everyone jumped onto it. Although the purple Python was wide, it could only fit 18 people.

Cui Bo’s face darkened. He stared at Cui Yuan and shouted, ” “Hurry up and go!”

Cui Yuan’s body trembled and he lowered his head. The hair on his forehead covered his eyes, and no emotions could be seen.

Cui Bo’s heart skipped a beat. He thought that this farewell might be an eternal farewell. He could not bear to scold him, so he patted his shoulder and said, ” “Listen to me. Go back to your master immediately after you leave. From now on, you can cultivate with your master in peace. Don’t bother yourself with the business union.”

Cui Yuan felt the body temperature coming from his shoulder and felt that his whole body was on fire. It was so hot. The force that was squeezing his shoulder was so great that his shoulder was about to be crushed.

“Bang!”

Cui Yuan’s knees suddenly knelt down and his forehead slammed down, causing the ground to crack. He cried, ” “Father, let me stay! Don’t chase me away!”

what?! cui Bo trembled and said angrily, ” you want to stay behind and cause more trouble for me?!

He sent a kick over and directly sent Cui Yuan flying. A burst of energy entered his body and instantly broke the meridians in his four limbs. He shouted, ” “Feiyu, look after him for me!”

...

Li Feiyu's face was also filled with grief. He grabbed Cui Yuan and remained silent.

At this moment, other than the members of the blade sect, who were all smiling and showing off their superiority, no one else could relax.

Chen Feng cast a few spells on the snake's head, and a circle of light spread out from the formation on the snake's body. It gradually gathered power in front of the snake's head, and finally turned into a black dot. It slowly expanded, and actually opened a spatial tunnel.

The demon clansmen in the sky above the sacrificial formation widened their eyes. Li said in disbelief, "How is that possible? A space tunnel? How can a space tunnel appear under the ju she formation?"

Shang's expression was one of deep thought as he mumbled, "This should be a spatial ability that the sword snake possessed when it was alive. I didn't think it would have such a skill and be able to escape eighteen of them. The world is so big and the magical powers are so strong that even if we were at the peak of the world, we wouldn't dare to say that we know them all!"

Under Chen Feng's careful control, the purple Python sword flew into the dark tunnel and disappeared.

The core of the barrier suddenly lost eighteen people, and it suddenly seemed a little empty.

Cui Bo was sad for a while, but he quickly recovered and shouted, "All the martial Supreme and peak martial honor powerhouses can enter the core area! Everyone, let's join hands and fight. This might be the last time we'll work together!"

Now that he had sent His Son away, his heart was at ease. He no longer had any worries about the future, and his entire person seemed to be much more excited than before.

Immediately, a large number of martial Supremes and peak martial Venerables squeezed over and filled up the place again.

Luo Ying nodded and said, " that's right. With so many experts here, if we were to be refined by these demons just like that, it would be too ridiculous and ridiculous! Everyone, keep your spirits up. As long as the Dragon's might is extinguished, we'll turn them into ashes!"

Everyone was also hopeful after hearing this. The power of the barrier had been greatly strengthened.

At this moment, other than the ten thousand people in the barrier, the entire songyue city had probably become a Dead City.

Chapter 692-tragic

Ding Ling 'er and the others only took a glance at the opening of the void channel and then paid no more attention to it. Their eyes were fixed on the sky, and their faces were full of worry.

In the sky, Rain's ancestral power erupted and broke Yunxiao's Thunderbolt form. Under the sword beam, Yunxiao's expanding Thunderbolt shadow was cut in half, and bright red blood sprayed into the sky!

The Thunderbolt suddenly receded a hundred meters away in the air, revealing Yunxiao's true body. His face was pale, and there was a long bloody wound on his chest. It was a shocking sight! There were still lightning crackling around him, getting weaker and weaker.

"In the name of the high priest of the demon race, I will kill you today!"

Yu's aura burst forth and demonic Qi soared into the sky. Even his body swelled up again, becoming bigger than before. The taillight sword also grew in size, shooting out tens of thousands of sword rays in the air that fell like rain.

At this moment, the power in his body was no longer ordinary elemental energy, but the power of the ancestors of the demon race that had been passed down from ancient times! It was his determination to kill Yunxiao!

"This is the power of the ancestral bloodline of the monster race. Yu's talent is shocking, but he's only opened three. I think he'll be heaven-defying if he can open seven at his peak."

and you have the power of the ancestor's mother in your body," Shang linkong said slowly. that's the source of the ancestral bloodline of the demon race. In theory, as long as you're strong enough, you can cultivate countless ancestral bloodlines. In other words, you have endless room for growth, even far beyond mine!

His eyes were fixed on Li Yi, and he said enviously, "I also don't understand why the monster race's parent body's power would be in the bodies of two abnormal humans, and why it would be obtained by you in the end. However, since this was the case, it was heaven's will. As long as you're loyal to me, I'll bring you to the top step by step!"

Li Yi looked at the power that was erupting from the rain, and his entire body was filled with excitement. At this moment, he suddenly felt a sense of pride, and all the suffering he had gone through was finally paid off.

The peak of the world, a place that no one dared to think of!

In the past, his dream was to seize the Li clan's power and wealth. He would be satisfied if he could become a martial King in his life. He could not imagine how short it had been. Everything had changed since Yunxiao's appearance here. He had tasted the most terrible pain in the world, but he had also received great returns today. The dream of becoming a martial King in the past was no longer even a piece of trash in his eyes.

I swear my loyalty to Lord Shang," Li Yi said firmly, "please take me to the peak of this world!

Richard smiled and nodded, no longer saying anything. He watched the duel below while trying to repair the armillary sphere.

Yunxiao's vitality was greatly damaged after being cut by the sword, so he quickly swallowed a lot of medicinal pills. As the ten thousand sword beams were extremely sharp, he suddenly performed an incantation gesture with his right hand, summoning the devil Sky silk. Then, a stream of demonic energy emerged from his palm and shot into the armor.

Suddenly, the shadow of the armor appeared, and the defense was several feet away. The demonic Qi was still pouring into it.

His third heaven's eye suddenly opened, and the ancient dynasty Bell that suppressed the demonic Qi was also released. It rang with an ancient sound that shook the sky!

“Boom boom boom!”

The ten thousand sword radiances all slashed at the defense of the devil celestial world, and circles of Black Devil Qi spread out like rain falling on the ground, creating ripples in the air.

The demonic sky armor was an extremely powerful defensive armor of the ninth step, but because he had forced out the demonic Qi, it had been like a piece of scrap metal. Now that he had poured demonic Qi into it, it instantly recovered its tyrannical defense.

Then, the sound of the dynasty Bell rang out, and the decadent ancient sound washed over the dark sky, shaking people's hearts and souls!

Yu stood in the sky and roared. A force suddenly burst out from his body, forming a circular defense that directly isolated the bell. He said coldly, “No matter how many ninth tier profound armaments you have, under the suppression of this Dragon's might, can you control them? Take out that Jade tablet of yours, or else it will only speed up your death!”

He raised his taillight sword and drew circles in the air. They were like bubbles blown out by a child with soap. They connected one by one and formed a chain of bubbles under the sword Qi's waving. He then attacked.

Yunxiao closed his heavenly eyes and pointed at the devil-sky silk with his right hand. Then, the northern heaven cold sword appeared in his right hand, and with a slash, dozens of sword beams also rushed out and slashed at the bubbles.

Right now, his condition was exactly as what rain had said. Although he had many profound armaments, he was unable to control them all at once. The consumption was simply too great!

“Bang Bang Bang Bang Bang Bang!”

Yunxiao's sword beams burst the bubbles one by one with irresistible force. His heart suddenly trembled, and his intuition told him that something was wrong. In his pupils, he saw a large amount of sword energy condense, and after each bubble burst, it burst into a large amount of sword energy that shot out in the air indiscriminately!

As if a meat grinder had been thrown into the air, Yunxiao was caught in the air in the blink of an eye, and the air was cut open by a bright light.

The people of the merchant Union were all drenched in cold sweat. Was this still a battle between a Martial Emperor and a martial venerable? Everyone's mind was on Yunxiao at the moment, and they were all worried when they saw him trapped in the sword beam.

"BOOM!"

A ball of light burst out of the meat-like sword beam, and streams of primordial astral winds swept it up. A tornado swept out with Yunxiao at its center, and all three of his eyes were open, turning into the color of blood moons and bloodshot!

"Must you kill me? I'll see what you have to kill me with today!"

Yunxiao roared as he raised the northern heavens cold star sword in his hand. Under the control of his soul power, the strong wind around him slowly gathered on the sword. At the same time, a Phoenix Flame appeared and dormant in it, while a Dragon's Shadow flickered inside the sword!

Rain's face became ferocious, the three bloodlines on his body were terrifyingly red, and the light on the tail light sword was unprecedentedly powerful!

Both of them were accumulating strength and circulating their Qi, planning to finish the battle in one fell swoop. At this moment, the sky was torn into two distinct parts by the aura of the two.

"Sword Art, slay demons!"

“Clear sky sword, 13!”

Two shocking sword Qis rushed up and collided in the air. A black crack was torn between the two forces and flashed in the sky like a Black Dragon. A terrifying aura spread out from the endless void. Everyone who looked at it felt the same!

“?! You should die!”

As the two forces collided, the tissues and functions of his body began to explode. The use of this power had exceeded the limits of his endurance! Yu Meng gritted his teeth and swallowed the blood from his internal organs. One of the 3 terrifying blood vessels in his body suddenly expanded, “bang!” It directly exploded!

“BOOM!”

A terrifying force washed over his entire body. He didn’t care if he could withstand it or not as he roared and pressed down on the sword in his hand!

“Boom boom boom!”

Finally, Yunxiao’s sword beam could not withstand the pressure and was crushed.

As soon as Yu Yi’s sword hit Yunxiao, he rushed over madly and slashed down with the sword energy, trying to cut Yunxiao in half!

The big demon in the sky was already dumbfounded. He didn’t expect that Yu would directly explode her zu Meridian. Li even covered his mouth with his hands in horror, his eyes sparkling.

“On what basis? Just because I’m more ruthless than you! On the basis of the high priest’s honor!”

Rain roared and slashed down!

The shadows of the devil Sky armor that appeared around Yunxiao crumbled under the sword Qi, and the black demonic energy disappeared as well!

“Bang!”

The taillight sword struck the devil-sky armor, producing a deafening boom. It scattered the last of the devil Qi in the armor and broke it apart!

“Boom boom boom!”

The momentum of the sword did not diminish, and after shattering the devil-sky silk, it went straight into Yunxiao’s body!

...

Ding Ling ‘er and the others trembled, and their legs almost went soft and were about to collapse.

“Pfft!”

A large mouthful of blood sprayed out of Yunxiao’s mouth. The tail-light sword had pierced through his body, and a green Thunderbolt flickered. Although part of it had turned into a Thunderbolt, it still could not stop the sword Qi from entering his body and injuring him.

Suddenly, there was a soft slap, and Yu’s pupils constricted as he saw Yunxiao’s right hand grab his hand that was holding the sword.

Meanwhile, Yunxiao poured out a large handful of medicinal pills from his left hand and poured them into his mouth like beans before swallowing them.

Yu Xin’s heart skipped a beat. Just from the smell of those pills, he could tell that they were ninth-grade! Even a great demon’s body would not be able to take so many ninth-tier medicinal pills at once and explode to death.

“You said you’re more ruthless than me?”

Yunxiao suddenly said. His body slowly turned into a demon, covered with scales and gradually turning golden, with a bright lunar divine light shining out of it.

He clenched his right hand and pulled Yu’s body towards him. He raised his head slightly and used his head as a hammer to hit Yu. He roared, “You said you’re more ruthless than me? I’ll show you what true ruthlessness is today!”

“Bang!”

His golden head directly hit Rain’s forehead, and blood burst out. No one could tell whose blood it was! Yu let out a miserable cry, then Yunxiao hugged him and raised his knee to hit him in the chest!

...

“Bang!”

Rain’s huge body immediately let out a muffled sound, and a large number of bones exploded! His body was lifted into the air, and his face was filled with pain.

Yunxiao slowly loosened his right hand, then returned to his front and clasped his hands together in an incantation gesture. Suddenly, three strong sword energies shot out of his body, and three Northern heaven cold star swords appeared around him. As he continued to perform the incantation gesture, they resonated with each other and connected into one, and a sea of sword energies spread out!

“Gulp!”

At this moment, everyone swallowed hard, their eyes filled with fear. They would never have dreamed that a battle between a Martial Emperor and a martial honor could be so tragic. Yunxiao’s endless means had completely stunned the people of the merchant Union. They had all come to this point, as if he had an endless number of trump cards.

Luo Ying licked his dry lips and said with difficulty, "Was that Sword Art slaying demons? He really knows the three sword techniques of Army-breaking Gu Feiyang, but the golden light on his body at this moment, could it be a Suan ni?"

Chapter 693-entrusted

Zhang Chong's forehead was also covered in cold sweat, " "You're not going to say that it's the inextinguishable golden body, are you?"

Everyone's heart jolted. Although everyone had the same thought, they did not dare to say it out loud.

"Only Lord Ao changkong's inextinguishable golden body can cultivate the body refining technique to this level," cui Bo said in a grave tone. This li Yunxiao's background is too unusual."

Xuan Yutang's eyes lit up and he suddenly exclaimed, " "It really is him! I don't know if that body art is the inextinguishable golden body, but this move must be the divine cloud Palace's Heavenly Sword picture!"

His cry immediately caused everyone to be shocked. They looked up at the sky and the sea of Swords that was overflowing with shock.

Yunshang's body trembled, and her eyes were filled with confusion. Her emotions seemed to have returned to the Fairyland-like sect.

"Could he be from the divine cloud Palace? However, the divine cloud Palace has been sealed off for a long time, and I've never heard of any male disciples!"

Cui Bo shook his head in disbelief.

Everyone was waiting for elder Xuan to continue, but he suddenly shut his mouth, causing everyone to faint and feel an unbearable itch in their hearts.

Hundreds of meters above the ground, Yunxiao's three swords were hanging upside down in the air, connecting with each other under his incantation seals. At this moment, all of his strength was activated. He had poured too many pills into his body, and all kinds of complicated forces were in chaos. Fortunately, the imperishable golden body was strong enough to suppress those chaotic forces and absorb them at the same time.

Yu was sent flying by Yunxiao's kick. His face was filled with disbelief, and his pupils gradually constricted. At that moment, the power brought by the destruction of the ancestral bloodline was gradually disappearing, and his body was almost destroyed. However, his mind was unusually calm at that moment. He looked at the astonishing aura emanating from Yunxiao's three swords, but he could not feel anything.

"I, Yingluo, have lost in the end, Yingluo?"

Yu's heart sighed, and he became completely oblivious to the pain in his body. He began to feel melancholic, and the sky became darker in his eyes, as if it was raining heavily, with lightning and thunder crackling.

"Quick, he's right in front, don't let him run!"

"I didn't expect this little bastard to be a member of the prison demon clan. I should have killed him back then!"

"Don't talk nonsense. All prison demons must die!"

Raindrops were flying in the forest. Hearing the sounds behind him, his heart was filled with fear. The rain fell on his young face, and he could not tell if it was water or tears. There was only one thought in his mind-escape, escape endlessly, escape from this sky!

"BOOM!"

In the heavy rain, a bolt of lightning struck down from the sky and exploded under Yu's feet, sending him flying.

“Waa!”

Yu was so scared that he cried and fell to the ground. More than a dozen shadows surrounded him and laughed wildly. haha, the heavens are helping us. It seems that it's the will of the heavens to exterminate the prison demon race!

“Why? why do you want to kill me? We're all demons, shouldn't we be United and live in harmony?”

Yu suddenly found the courage to question him loudly. He was completely tired of the days of running away and was in complete despair. Lightning crossed in the sky and struck down. The green light flickered on his face and it was full of water marks.

“Haha, why? This little brat is actually asking why?”

One of them walked forward, and under the light of the lightning, his face appeared ferocious. He had two horns on his head and looked terrifying. He said fiercely, “Then let me tell you why! It's all because of your ancestors that the entire demon race has fallen under the five Cloud Mountain, leaving us to struggle on our last breaths and live in this illusionary sky! All members of the prison demon clan should die!”

He pulled out a long sword in anger, which emitted a cold light, and slashed down without hesitation.

The shadow of the sword was getting closer and closer in Rain's eyes. His heart was in complete despair, and he had given up on the idea of living.

“The prison demon clan? There are still people from the prison demon clan!”

A hoarse voice rang out, and then the sword light suddenly broke with a bang. Yu's face was dazed.

“Who are you? Who's there?”

The demons chasing after Yu were all furious, but judging from the fact that he had broken his sword just now, his strength must be extraordinary.

The man didn't pay attention to the questions and just pointed his finger at Yu's shoulder blade, causing him to cry out in pain. A stream of blood immediately shot out from the scapula, which was then condensed into a ball of blood in the man's hand. He opened his mouth and swallowed it.

"Gulp!"

The sound of swallowing came from the man's throat, and he suddenly said in joy, "Ah, delicious! It's indeed the prison demon clan. The heavens have eyes, I actually met a member of the prison demon clan!"

"Who are you?"

The demons behind him couldn't hold it in any longer. They shouted and rushed up one by one.

"Yingluo, Who are you? Are you going to eat me?"

Rain backed away in fear, thinking that it was better to be killed by those people than eaten by this man.

"BOOM!"

A bolt of lightning exploded in the sky, and the light reflected on the face of the person who came. It turned out to be an old face with eyes full of joy. He stared at him like a hungry wolf and laughed, "Who am I? Haha, Who am I? You don't need to know. From now on, I'm your master, haha!"

As the person laughed, a burst of Qi burst out from his body and shook behind him. The dozen demons instantly screamed in pain as they were blown to pieces!

"Master, what exactly happened back then? Why do you say that my prison demon race has harmed the entire demon race?"

“Bullshit! This was just what the demon Emperor used to brainwash everyone! The prison demon clan has been one of the eight strongest clans since ancient times. The demon Emperor was your ancestor. Do you know why I want to take you as my disciple?”

“I don’t know, master, please enlighten me.”

“Because I hope that one day, you will be able to unseal the five Cloud Mountain and rescue the demon clan. Your ancestors are also inside. I want you to help the prison monster clan and master’s monster slayer clan wash away the injustice and humiliation they suffered in the past thousand years!”

Rain’s thoughts gradually returned from that youth. The sky was as dark as that night. Her master’s face flickered in the distant high sky, and finally turned into stars.

a thousand years of persistence, the injustice of the prison demon clan and the nightmare demon clan, and the humiliation of the divine cloud Palace to the demon clan.

These voices kept echoing in Rain’s mind, and two streams of tears flowed down. The two zu’s bloodlines and the shriveled zu’s bloodline on his body suddenly swelled up, turning a bright red!

Yunxiao’s eyes narrowed as he said coldly, “Why are you still struggling when you’re about to die? can’t you just die in peace?”

“Bang! Bang!”

Two of Yu’s ancestor bloodlines exploded one after another, and his body, which was about to fall silent, was filled with power again. Large drops of tears flowed down from his eyes as he roared, “It’s not that I’m afraid of death, it’s just that I didn’t fulfill my promise to master. How do you expect me to meet him after I die?”

The roar of the rain reverberated in the sky. Li’s body couldn’t help but tremble. He turned his head and couldn’t bear to look.

“Lord Shang, my master and I will entrust our unfinished dreams to you! Please do it, I won’t be able to see the day you ascend to the demon Emperor’s throne!”

...

Yu’s huge body kowtowed towards the sky.

the day I ascend to the throne will be the day the hell demons and the monster slayer race return to the eight guardian demon races in glory! Shang’s face was pale.

“I’m relieved, Yingluo!”

Rain suddenly raised his head, and the tail light sword in his hand burst out with terrifying sword Qi. His body also kept expanding, about to explode at any time!

Yunxiao’s heart trembled violently. He had wanted to use the heavenly Sword diagram to get rid of his opponent directly, but the aura that burst out at this moment was simply irresistible! In his horror, he hurriedly threw out the divine realm tablet, and complicated incantation seals flashed in his hands, pouring into it!

In fact, when Yu had exploded his zu Meridian and stabbed him with his sword, he was almost at the end of his life. He couldn’t care about the consequences anymore and immediately activated the inextinguishable golden body. He also poured a large number of medicinal pills into his body. Now, the two of them were like explosives that could explode at any time and could die at any time. They were completely joined together in a fierce battle!

Under his full control, the divine realm tablet’s light brightened. Three forces of territory opened and stacked on top of each other, pressing down on Yu. Now, Yu was determined to die and increase his power regardless of the consequences.

The infinite weight of the earth and the power of wind and Fire pressed down.

On the other side, his sky sword pattern formation was still brewing. The three sword formation was much more complicated than the two sword pattern. The various fine control had consumed a lot of his soul power. Even though he had merged with the demonic Dragon, it was still on the verge of collapse.

Li Yunxiao, take my last blow! You are a formidable opponent. If you can survive this strike, you will win!

The sound of the rain was extremely calm. The taillight sword, which was originally cold and shining on the water, had now turned red as if it was burning. Its weapon essence was even more terrifying!

...

“You’re a f * cking lunatic!”

Yunxiao gritted his teeth and cursed. Not only did Yu blow up two ancestral veins, but he also intended to blow up the taillight sword, a ninth-tier Mystic artifact!

clear sky sword technique, thirteen.

These were rain in the world’s last words. His entire body combined with the tail light sword, turning into a stunning sword light that streaked across the sky, incomparably gorgeous.

“Boom boom boom!”

The divine realm tablet’s three streams of territory power were blasted away one after another. After blocking the attack for a while, the divine realm tablet flew back and sank into Yunxiao’s forehead.

Yunxiao was horrified. The huge sword beam had actually opened up a dark passage under the array. He gritted his teeth and poured his energy into his palms. With a slap of the sword diagram, the three Northern heaven cold star swords suddenly merged into one, spreading out a mountain-like sword energy and pressing down fiercely!

“Boom boom boom!”

The sky sword formation struck onto the rain with the ultimate sword. The entire sky was filled with an ocean of sword Qi. The two earth-shaking forces struck and shook the entrance of the pitch-black tunnel like a sun. The entire ju she formation became unstable and showed signs of collapsing!

Chapter 694-sacrifice of all

The three level nine Mystic swords formed the power of three talents and enveloped Rain's sword light, but they couldn't block the sword that used all of his strength. They were forced to retreat, and their power was greatly reduced.

A huge force instantly bounced back into Yunxiao's body, and blood mist burst out of his golden body as it kept collapsing.

"Are we going to die?"

As soon as the thought flashed through Yunxiao's mind, he immediately waved it away and roared, "There are people who can kill me, but it won't be you!"

He formed a seal with his hands, and the three Northern heaven cold star swords in the air suddenly condensed into a ray of sword light. When this move was executed, his entire body began to tremble violently, and the golden light on his body continued to fade.

"That's the crazy Pi Xiu! You're dead for sure this time!" The demonic Dragon said in fear.

"Shut up!"

damn it! Yunxiao roared angrily. if I lose today to save my life, how can I return to my peak with my martial intent in the future?! The two powerhouses are fighting, and the one who is braver wins. Now, it's not a competition of strength, but of determination!" His soul spirit trembled and a Starlight soul body appeared. It was the body of the demonic Dragon, and his face was filled with fear!

"Yu, you're prepared to die, but that's still enough to defeat me! My resolution is that even if I die, I won't be defeated!"

break! Yunxiao cried out. The three swords in front of him merged into one, and an unprecedented sword intent spread out. Time seemed to stop at that moment, and even the sword momentum of the rain froze!

“Sword slash-stars!”

With a light shout, the sword Qi was like a fleeting Swan, but it was unforgettable.

Everyone’s eyes were filled with fear. Even in the eyes of Cui Bo and the others, this level of power was not enough to hurt them, but the Supreme Sword intent was pointing to the peak of martial arts, like a king descending from the heavens.

Shang’s pupils also suddenly opened. The Haotian sword Qi in his eyes was suddenly annihilated, turning into cosmic dust along with his life, without a trace.

He slowly closed his eyes and said in a deep voice, “As long as I am the demon Emperor, the demon race will no longer have a high priest.” When he opened his eyes again, his eyes were filled with determination. His hands danced in the air, and several Golden Seals were sent into the Ju She wheel. The entire array changed, and the pressure gradually spread out and began to gather in the Ju She wheel.

Li recovered from the grief and said in shock, “Lord Shang, you’re ...”

Other than determination, Shang’s eyes were also filled with rage, “I’m going to make these people die with rain! Also, I don’t need this Kushe wheel, the Supreme treasure of the demon race!”

The Ju She wheel trembled violently in the air, shaking from the impact of the power that was gathering towards it. Shang was actually going to abandon the Ju She wheel completely and annihilate everyone below!

Li pursed her lips and wanted to say something, but she held back.

At this moment, the array was showing signs of collapse. After the shocking sword attack disappeared, Yunxiao's power was completely gone, and his imperishable golden body collapsed as well, falling from the sky.

"Young master Yun!"

Ding Ling 'er and the others couldn't hold it in any longer, and they rushed out as if they were flying.

The formation's suppressive power had been sucked away by Shang, and Xiang Zi's Dragon's might did not seem as strong as before. His extremely shocked dragon eyes stared fixedly at the demonic Dragon, revealing a look of disbelief.

The demonic Dragon flew down and caught Yunxiao, then pointed a finger at his forehead. The heavenly eye bloomed under the dazzling light, and the Dragon performed an incantation gesture with one hand to slowly pull out the divine realm tablet from his body.

He and Yunxiao's souls were one, and he had a great sense of the divine realm tablet.

"All of you, come in! Those demons are going to detonate the entire formation!"

The demonic Dragon roared and threw several incantation gestures at the divine realm tablet. He could only sense it, but he could not control it as he pleased like Yunxiao.

"Yingluo, Who are you?"

Mo Xiaochuan was taken aback. He stared at the demonic Dragon in a daze and found it familiar.

"There's no time, quickly take him in to find Yuan gaohan and see if he can still be saved! Yunxiao and I share life and death. Look at my body, it's about to die!"

The demonic Dragon shouted in a hurry.

Mo Xiaochuan was taken aback. Although the demonic Dragon was a soul, it was indeed getting fainter and fainter at the moment. Could it be a sign of Yunxiao's death? He did not dare to hesitate any longer. He hurriedly picked up Yunxiao and rushed into the divine realm tablet.

Ding Ling 'er and the others did not want to fall behind and went in one by one. Even the calabash Little King Kong, whose arms had been shattered by the rain, had recovered more than half of its strength. It ran over and rushed in under the call of the demonic Dragon.

"I'm not seeing things, right? What was going on? The Jade tablet can suck people in?"

Inside the wizardry barrier, everyone was dumbfounded. Min Chengxiang's mouth was wide open in shock. "Isn't it only possible for the Super Grade Xuan artifact, Roya's boat? Could that Jade tablet be the boat of ruoya?"

Cui Bo smiled wryly. he can't be judged with common sense anymore. Look at this demonized soul. Is it Yunxiao's second soul? " In this world, only our sect's elder Yuwen Bo's Ice Spirit can cultivate a second soul."

After everyone rushed into the divine realm tablet, the demonic Dragon roared and forcibly merged the tablet into its soul. Then, it transformed into a Dragon and rushed into the space crack in the sky.

"What? He wanted to rush into the spatial crack? Isn't this just looking for death?"

Everyone in the merchant Union was shocked. Even a Martial Emperor realm expert would not dare to risk his life in the space crack, for he could be killed at any time.

he chose to escape into the spatial Rift? " cui Bo's expression was ugly. could it be that the situation outside has become so bad? " He looked up into the sky and saw a terrifying power condensing on the ju she wheel, constantly compressing. The sky where neiyu and Yunxiao had fought was filled with all kinds of negative energy, flashing constantly.

Shang's face twisted as he glared at the demonic Dragon that was charging out of the crack. He roared, " Don't you dare leave!"

The energy of the ju she wheel had not yet gathered to the maximum he could recognize, but he could not wait any longer. Yunxiao's life and death were unknown, and he could not allow these murderers to escape!

Several rays of light entered the ju she wheel, and the woman's shadow appeared on it again. She made a gesture with both hands and faced the seal in Yi's hands. They had actually cultivated into one.

"All living beings, cows and horses, gods, Dragons and elephants, Prajna will all die!"

Yi shouted and pressed down with his incantation. The ju she wheel let out a strong roar and a terrifying aura spread out. The power that had been compressed to an infinite extent was released all at once and rushed down like a beam of world-destroying divine light, falling from the nine Heavens!

Under this ray of light, everyone in the barrier also felt the Qi of death. One by one, they were shocked and stunned by the power.

not good! Everyone, quickly enter my heaven suppressing Pagoda and join forces to resist! Otherwise, only death awaits us!

At this moment, Luo Ying was the first to react. Without saying a word, he threw out the heaven suppressing Pagoda, which opened up in the barrier and grew to a height of more than ten meters. He was the first to rush in.

The rest of the people finally sobered up and felt a chill in their hearts. They fought to rush in and Luo Ying shouted, everyone, release the power in your bodies and let my Pagoda absorb your origin power. Otherwise, I won't be able to withstand it at all. This attack already has the power close to the peak of martial arts!

Before cui Bo rushed in, he took a look at the heavenly armor enamel plate not far away and sent out a stream of Qi.

The enamel plate was hit by a huge force and bounced up from the ground. It kept spinning and flew into the sky, towards the light.

“BOOM!”

The godly light landed on the Heavenly Star glittering jewel plate. The defensive light on the plate didn't even have time to light up before it shattered into pieces. The power of the divine light was blocked for a moment, but the destructive power did not diminish and continued to fall!

...

At this moment, the heaven suppressing Pagoda was already filled with tens of people, all of them were from the inner circle. The moment the pagoda's door closed, those who had yet to enter immediately turned pale, their emotions were like a locked door, sinking into oblivion.

Other than the seven merchant alliances, those who entered the heaven suppressing tower were at least martial Supremes. Under Luo Ying's command, they poured all of their power into the tower. The entire tower burst into a bright light. The power of a ninth tier profound level weapon was completely unleashed at this moment. Rays of colorful light spread out, looking extremely gorgeous.

Nearly ten thousand people outside the tower were all crying and cursing. No one was in the mood to appreciate the beautiful changes of the tower. People were still rushing toward the tower, hoping to get some protection.

Luo Ying's voice suddenly rang out, and he said coldly, if we work together to defend, we might have a chance of survival. If we wait for death like this, we'll definitely die!

His words shook everyone's hearts. Although they knew that the chances of survival outside the tower were low, there was no other way than to join forces and fight. All of a sudden, nearly 10000 rays of light flashed and rushed into the sky!

In the tower, cui Bo's face was pale as he sighed, " even if we work together, we will still die. We are all from the merchant Union. I am already worried that they can't enter the tower. Why should I be used by you? " His tone seemed to be quite dissatisfied.

Luo Ying snorted coldly, "even if we work together to resist the heaven suppressing Pagoda, I don't have any confidence that I can survive!" Since they are going to die, why can't they contribute to our survival? at least we can preserve the core strength of the merchant Union and avenge them in the future!"

Cui Bo remained silent. He had to admit that this was the most rational way to go about things, but he found it hard to accept emotionally.

"These demons, after we escape this calamity, I'll definitely turn them into ashes!" Zhang Chong gritted his teeth in anger.

Luo Ying said coldly, "not only that, we must also investigate that Xiang Zi's identity. We must kill him even if we have to go to the ends of the earth!"

Just as everyone was filled with righteous indignation, the divine light outside fell, and all kinds of screams and wails rang out. The tower also began to shake violently.

...

demons, f * ck your grandpas! I won't let you off even if I become a ghost!

"If I don't die, I'll kill all the demonic beasts in the world!"

"I don't want to die! I just married two beautiful wives the day before yesterday!"

All sorts of sounds rang out, but in the blink of an eye, they were completely drowned out. No sound could be heard, and it turned into a dead silence. Only the continuous rumbling of the earth reverberated.

Chapter 695-let me take a look

The sky was silent. Other than the constant rumbling from the earth, there was no other sound.

Under the destructive divine light, not only were cities destroyed, but the earth also cracked and formed ravines. It was extremely terrifying.

The few demons stared down with cold eyes without saying a word.

Tang Jie and the others were shocked. After the light dissipated, not only did the people in the world's best mall die, but even the city was completely turned into ashes under this blow, turning into a wasteland that no one could live in.

If someone had told them a few days ago that Song Yue Yang city would be destroyed, no one would have believed it. But now, in the blink of an eye, it had become a reality.

Xiang Zi also retracted the power of the Dragon's might, and that spine returned to the Luohou divine spear. The two horns on his forehead gradually faded away, and he returned to his human body.

"Is He Dead? Are they all dead?"

Li Yi muttered to himself as he looked down.

"Bang!"

The sacrificial plate suddenly cracked. No one knew what material it was made of, but once it was damaged, it turned into heavy crystals and disappeared into the air.

Shang patted the armillary sphere and it immediately emitted thousands of rays of light. The light flashed in the sky and stars appeared.

"Lord Shang, this armillary sphere Pixiu ..." Li said.

Shang's gloomy expression disappeared, and he nodded. "Not bad, the armillary sphere has finally been restored!" He waved his hand again, and the armillary sphere that was constantly deducing martial Dao

changes in the sky suddenly gathered all the light and whizzed down into his hand. It was as new as new!

Li's face showed a lonely bitterness. we sacrificed the rain and more than 300000 people. In the end, we exchanged for a new life with the armillary sphere. It was worth it.

Fu's face was also filled with desolation and sorrow. GE and Yu passed away one after another. Now, only me, wing, and Li are left to follow you, Sir.

"There's no banquet that doesn't end, and there's no great demon that can't die forever," Yi said with a moved expression.

"That's right, what a person seeks in life is to be a King. As long as I can reach the peak of the world, it's worth it no matter how many people die!"

Tang Jie's face revealed a ferocious look, and his face flickered with a demonic light. The judge and the four martial sovereigns looked solemn and did not say a word. They were also struggling to decide whether they were right or wrong.

Li Yi stood quietly at the side, not saying a word. It was impossible to tell what he was thinking, but he was staring at the dead silent empty city below. Countless corpses were scattered around, and resentment was surging up, making him feel a little cold.

Xiang Zi suddenly said,"the matter has been settled, what about your promise?" In order to display the Dragon's might that could last for such a long time, I had to use up the last three pieces of dragon crystals. You should know how valuable it is."

"The Dragon Crystal may be more valuable than the Dragon body Secret treasure to ordinary martial artists, but to you, the Dragon body Secret treasure is above all else," the referee said. He took out an item and threw it over without even looking at it.

Xiang Zi's face revealed a look of excitement as he hurriedly went forward to grab it. When he looked at his hand, his entire body immediately trembled as an invisible might entered his soul!

“Ha, haha, it’s the true dragon’s claw! Haha, haha!”

Xiang Zi laughed out loud without any restraint. He took out a pill and swallowed it. His body’s functions recovered rapidly. He revealed a strange smile and said, Mr. Shang, I really like that ball-shaped profound level weapon of yours. Can I have a look at it? ”

Everyone was stunned and their faces darkened. They stared at him coldly. Shang squinted his eyes and said, ” “Xiangzi, you want to take my armillary sphere? Are you crazy?”

The corner of Xiang Zi’s mouth rose. He smiled and said, ” I didn’t mean it. But the more I look at your armillary sphere, the more it looks like a Saint artifact. I really want to take a gamble.

“Oh?”

“You think you can beat us?” Shang raised an eyebrow and said coldly. Or do you want to rely on your siphon of the true dragon? Without the support of the Dragon Crystal, how long can you use it? Or do you have more Dragon crystals?”

“The Dragon Crystal is gone, but I really want to test the power of the Dragon body Secret treasure you gave me.” Xiang Zi smiled.

“Xiangzi, are you crazy?” Tang Jie said angrily, “you only have four dragon body Secret treasures. Do you think you can transform into a true dragon? If you don’t seek death, you won’t die. It seems that this saying has to be verified again!”

Xiang Zi snorted sarcastically, “you’re a shameless person who can even betray his own clan, what face do you have to speak to me?” He’s just a clown!”

“You coward! Damn it! Elder Hao, kill him!”

Tang Jie shouted angrily. The power of the Dragon’s might just now had made him extremely afraid of Xiang Zi, so he did not dare to step forward.

Elder Yi frowned, but still followed the order and rushed forward. In his opinion, no matter how strong Xiang Zi was, without the support of the Dragon's might, it was impossible to defeat him. He sent a palm strike in the air to test Xiang Zi's strength.

"Haha, the lackeys go first! Never mind, I'll show you the power of a dragon body artifact. Every time you collect one, your strength will increase tenfold!"

Xiang Zi's aura changed and he transformed into a Dragon once again. The true dragon's claw immediately fused into his body, and one of his arms turned crimson-black as he grabbed at the palm shadow in the air.

"Bang!"

Elder Hao's palm shadow was immediately crushed into pieces. His expression suddenly changed. After the claw, the Dragon's might shook down without weakening, causing him to retreat in shock.

The Dragon scales on Xiang Zi's body appeared once again. Two horns grew on his head, one of his hands turned into a Black Claw, and the other held the long whip of the Dragon's spine. He stood domineeringly in the air and laughed, "Haha, strength! An unparalleled power! Although the four dragon body Secret treasures can't transform me into a true dragon, it's enough for me to become a half-dragon! Shang, do I have the right to ask you to take a look at the armillary sphere?"

Elder Yi was furious. Just as he was about to rush forward, he was stopped by Yi, who said indifferently, "Alright, since you want to see it, I'll let you see it properly."

He made a simple seal with his right hand and the armillary sphere flew out from his chest. Under the shimmering light, stars appeared and the sky darkened.

Xiang Zi's hand that was holding the Dragon spine whip suddenly tightened, and he was on full alert. Although the profound level weapon's aura did not make him feel uncomfortable, he was facing a legendary Saint weapon after all. Its power had only been heard of in legends, so it was impossible for him not to be nervous.

"Starlight, fall!" Shang pointed.

The stars in the sky suddenly exploded with powerful light. One by one, they broke away from their original trajectory and began to fall from the sky, flying towards Xiang Zi. Starlight fell like rain.

“Hmph, is this the power of a Saint artifact? Please don’t disappoint me!”

The Dragon whip in Xiang Zi’s hand shook and instantly let out a shocking dragon roar. It gradually formed into circles that surrounded him. The Dragon-shaped whip continued to absorb the surrounding spiritual energy and a terrifying aura spread out.

“Heaven demon shocking Dragon whip!”

He let out a loud cry and lashed out with his Dragon whip. The entire night sky was split into countless spaces of various sizes by this whip. The power of the Black Dragon swept up and swallowed the stars in the sky one by one.

Shang looked on coldly, and a cold smile appeared on his face. He clenched his fist and said softly, “Explode!”

Xiang Zi’s pupils suddenly contracted as he looked in shock at the long whip that was already filled with specks of Starlight. It suddenly shone as bright as day, and an unparalleled force had directly cut off his Dragon Qi!

“BOOM!”

The Dragon whip exploded at this moment and shrank rapidly, returning to the appearance of Luo hou’s spear. Not only did it lose all its spiritual energy, but there were also cracks on it!

“?!”

...

Xiang Zi was so shocked that he sucked in a breath of cold air. Large beads of cold sweat rolled down his forehead. The Dragon Armor was damaged, and even his power showed a rapid decline. In his shock, he suddenly lifted the spear and turned into a ray of light to escape into the distance, leaving behind only a self-mocking laugh.

haha, Mr. Shang, you're so interesting. I was just joking with you, and you actually took it seriously. I've never seen such a serious person like you. See you again, no need to send me off!

Shang's expression did not change. He pointed in the air and kept the armillary sphere back into his body. The sky returned to its clear state.

Elder Tong also had a look of horror on his face. Just now, he had estimated the power of Xiang Zi's casual grab. He did not expect that such a powerful whip would be destroyed along with the profound level weapon by the armillary sphere.

"Chase him! Why don't you kill him?"

Tang Jie looked in the direction that Xiang Zi had escaped in and asked loudly with a stomach full of anger.

Shang looked at him indifferently and ignored him, saying softly, "It's all over. Let's go,"

Seeing Tang Jie's face gradually turning pale, Li stepped forward and explained, "The armillary sphere has been repaired, but with Lord Shang's current strength, he is still unable to control it to his heart's content. The attack just now seemed casual, but it was already most of Lord Shang's strength. Even though Xiang Zi lost a treasure, he's not someone we can kill easily."

Tang Jie's expression slowly turned for the better. He snorted and said, "So that's how it is. If you want to recover your previous strength, you can't do it without the support of the huge resources of the four extremes sect. Right, are you leaving now? Had all those people in the merchant Union died? Where's Li Yunxiao?"

Li Yi's body trembled as well. He did not care about the life and death of the people from the merchant Union, but the name 'Li Yunxiao' had touched his nerves, and he pricked up his ears to listen.

The judge's pupils constricted slightly. Li Yunxiao has entered the spatial Rift, so his life and death are in the hands of heaven. But I think he's the man of destiny. I don't think he'll die, will he? " He didn't really believe his own words, but he thought so in his heart.

...

"As for those people in the merchant Union ..."

Shang looked down and chuckled, " There should still be some big rats around, but with our current strength, I'm afraid it'll be difficult to clean them up."

"What? They didn't die?"

"If Luo Ying and the others are not dead, and the power of the merchant Union is still there, won't we be in danger?" Tang Jie was shocked and cried out.

other than those from the seven merchant alliances, " Shang said calmly, " the rest are all dead. With the four extremes sect's power and US, there's nothing to be afraid of. Since your father has chosen to cooperate with us, he must have his own ideas and confidence. You don't have to worry about it. "

Tang Jie's face sank as he felt the brutal Qi in his stomach swell up uncomfortably.

Chapter 696

696 Heaven suppressing Pagoda?

Hmph! Tang Jie snorted coldly. such a large-scale operation only killed a few small fries. The effect is too poor!

Li glanced at him and said indifferently, " our purpose is not to kill. We just want to repair the armillary sphere. Now it seems that we have done it.

Li Yunxiao, you better not die! I'm waiting to skin you myself!

Li Yi's face was filled with ferocity as he spoke ruthlessly.

"There will be a chance, let's go," the referee said.

His decision was the highest order. Although Tang Jie was dissatisfied, he would not resist.

Li took out her Nine Li battle drum and everyone jumped onto it. The battle drum immediately turned into a white light and flew into the sky, disappearing into the distance.

There was a dead silence on the ground. Corpses could be seen everywhere. They were all far away from the divine light and had been shaken out. Those who had been directly hit had long since disappeared without a trace.

This time, the two duels of the merchant Union had not expected such an ending. Songyue city, known as the world's Merchant City, had been completely destroyed. Not to mention becoming a Dead City, only the traces of the city were left.

"BOOM!"

In the middle of the ruined square, a loud noise came from the ground. The ground suddenly cracked open, and the heaven suppressing Pagoda rose up like bamboo shoots. A complex array appeared around the pagoda, but it gradually faded and finally disappeared.

"Huala"

The formation shattered like a mirror, and the heaven suppressing Pagoda lost all its light. The people inside were directly jolted out of the pagoda and fell to the ground, each and every one of them exhausted. In order to resist the divine light, the pagoda had almost absorbed all of their energy, and they were almost like a lamp without oil.

At this moment, as they looked at the scene around them, the joy of surviving a disaster instantly disappeared. All of them were dumbfounded and in disbelief, their eyes filled with endless sorrow!

Cui Bo felt his throat go dry. He said in a hoarse voice, " this matter is too serious. The merchant Union has suffered heavy losses. Everyone, quickly return to your respective sects and wait for the news from myriad treasures store. We'll hold a meeting of the highest level!

Zhang Chong, Luo Ying, and the others all looked serious. The destruction of song Yueyang City was enough to shake the world, and it would probably soon shock the continent. After this battle, the merchant Union's vitality had been greatly damaged.

Just as everyone's heart was heavy, Xu danhe laughed and said, " haha, we've escaped the great calamity. At least we didn't die, haha!

Xu danhe! Zhang Chong said angrily, " how dare you be an elder of a sect! You're a disgrace!

Xu danhe coldly snorted and continued to laugh. She was truly happy.

Luo Ying sat on the ground and tried to support his body. He was the weakest at the moment as controlling the heaven suppressing Pagoda had used up all his energy. He said, it's a good thing that these demons killed the Saint realm law enforcers. This is not just a matter of the merchant Union. After saying that, his face darkened.

"It's all thanks to you, brother Luo," cui Bo said with a frown."You're the one who helped us escape this time." Why don't we go back to the ten thousand treasures building together? the four extremes sect seems to have become a place of trouble!"

Luo Ying shook his head and said in a deep voice,"the more it's like this, the more I have to go back and ask." I don't dare to claim credit for it, but it should be Yunxiao who has contributed the most. I wonder if he's still alive."

Xu danhe's laughter suddenly stopped and she said coldly, " "Hmph, alive? Even I'm not sure if I can survive after entering the spatial Rift. He's definitely dead!"

Everyone was furious, and a murderous aura burst out of their bodies. Although they were all people who valued profit, how could they forget the kindness of saving their lives in the blink of an eye? the scene of Yunxiao fighting the great demon and shedding blood in the sky was still in their minds.

Xu danhe's strange laughter suddenly stopped. She also noticed the anger in everyone's eyes. She believed that if she continued to laugh, these people would probably really pounce on her and tear her to pieces, so she immediately shut her mouth.

Although she wasn't an intelligent old woman, she was an old woman who cherished her life very much.

I can't see through that kid at all, " cui Bo said bitterly. those shocking moves ... Who the hell is he? " In addition to hunting down those great demons, my other task is to use the power of the entire merchant Union to find out Yunxiao's identity. It's impossible for a man who can use Gu Feiyang's sword technique, the heavenly Sword picture of shenxiao Palace, ao changkong's body refining technique, and the soul splitting technique to show up for no reason. And his last profound artifact, the Kasaya, is also a very rare treasure."

Xuan Yutang's yellow face had been expressionless all this time, but at this moment, it was slightly moved.

Cui Bo and the others all looked at him, as if he had some information about Yunxiao's origin. But, all he got was silence.

Di Shenghua finally could not help but shout, " old Xuan, why are you still hiding your information at this time? quickly take it out and share it with everyone!

Xuan Yutang's expression did not change as he said indifferently, " "No information."

"You're so silly!"

Di Sheng was so angry that he smashed a few stones beside him. He turned around and did not want to see his sallow face anymore.

Luo Ying laughed bitterly. only a Supreme grade profound level weapon can form its own heaven and earth and absorb all things. However, any one of them is an earth-shaking existence. We can't make a wrong judgment.

and once these things are spread out, I'm afraid it will have a huge impact on Yunxiao," Zhang Chong said calmly. I'm afraid it'll be a great influence on him. If it weren't for saving everyone, I don't think he would have revealed so many of his trump cards. I suggest that the merchant union work together to protect him first."

"Hmm, that makes sense!"

"Although businessmen value profit, they are not ungrateful people," cui Bo nodded. After he finished speaking, he looked at Xu danhe, intentionally or unintentionally.

Xu danhe snorted coldly and didn't say a word. The rest of the people nodded in agreement.

After the discussion, everyone began to sit down and recover their strength.

The four teleportation arrays in songyue city were all destroyed. If they wanted to send the news out, who knew how long it would take? they were not in a hurry.

A few hours later, a cry of surprise suddenly rang out.

"Hmm, what's that?"

Zhang Chong suddenly raised his head and looked up into the sky. A black figure descended from the sky, its speed increasing.

Everyone's heart stirred as they followed his gaze. That small black dot slowly grew bigger and turned out to be a profound level weapon in the shape of a tower. It was falling rapidly and its destination was where they were standing.

“That’s Yingluo.”

Luo Ying’s eyes were filled with horror and he exclaimed, heaven-suppressing Pagoda?! His voice was filled with shock and astonishment.

Everyone also discovered that the giant Pagoda that fell from the sky was very similar to Luo Ying’s heaven suppressing Pagoda that was standing not far away, and they all revealed strange expressions.

“Old Luo, do you have a pair of heaven suppressing Pagoda?” Zhang Chong asked curiously.

“A pair?” Luo Ying asked, embarrassed. This Yingluo, how is this possible! My heaven-suppressing tower is an imitation of a Supreme-grade profound level weapon recorded in ancient books by a great Alchemist in the past. It is absolutely a unique existence!”

“That’s strange!” Zhang Chong frowned. He looked up at the sky and said, “this Pagoda is too similar to yours.”

Cui Bo suddenly shouted, “ not good! This is where the tower fell! Everyone, scatter! I think this Pagoda is very strange, even if it’s not a replica, it’s still very powerful!”

As the giant tower approached, everyone suddenly spread out rapidly, leaving a large empty space.

The giant Pagoda finally revealed its true form before everyone’s eyes. It descended with a loud bang, and its target was Luo Ying’s heaven-suppressing Pagoda that was standing tall on the ground!

...

“Boom boom boom!”

The two almost identical giant buildings collided with each other, and a huge energy shock burst out, spreading out in circles. The originally desolate land was now cracked beyond recognition, as if it was

the end of the world. The power of the impact covered one wave after another, and it shook for a full ten minutes before it stopped.

“Pfft!”

Many of the Warriors of the seven Chambers of Commerce were injured by the aftershock, and each of them had a look of horror on their faces. They didn't know what had happened.

“Brother Luo! What's wrong with you?”

Zhang Chong suddenly realized that Luo Ying's face was pale and bloodless. He was only looking forward in fear.

The aftershock forced them back, and the dust settled. Everyone was completely stunned by what they saw.

As The Two Towers shook, the heaven suppressing tower remained where it was before. However, the aura it exuded was even more majestic and the frequency of its energy was simply shocking!

“Pfft!”

Luo Ying spurted out another mouthful of blood and instantly became dispirited. He stammered in disbelief, this is a Suan ni, this is a Suan ni, is this the real heaven suppressing Pagoda?!!!

“?!”

...

His words spread in everyone's ears, and they all sucked in a breath of cold air, feeling a chill all over their bodies.

All around the heaven suppressing Pagoda, there were broken pieces of profound level weapons scattered all over the ground. It was Luo Ying's heaven suppressing Pagoda, a ninth tier profound level weapon that he had cultivated with his life. It was completely destroyed and the backlash hit his body, causing him to be seriously injured.

“The real heaven suppressing Pagoda Kasaya”

what?! Xu danhe was shocked. then isn't the Kasaya a transcendent-grade Mystic weapon?!

Everyone was completely stunned. Under the repeated physical and mental torture, they only felt a little numb.

The aura of the magnificent tower in front of them slowly converged, and the door of the tower gradually opened. A strong man walked out from the inside and was stunned by the scene outside. He muttered to himself, “Hmm, what is this place? There are quite a lot of people. Did I land in the downtown area? That's not right, it's clearly a barren land.”

The man's long hair fluttered behind him, and he was wearing a strange outfit. He was much taller than an ordinary person, and his dark skin was covered in strange patterns. They covered his entire body, and he seemed to be extremely powerful.

He sniffed in the air a few times and revealed a depressed expression. hmm, there's a strong energy fluctuation in the air. Are you guys fighting? ”

He looked at the shocked faces of the people from the merchant Union, and the surprise on his face disappeared and was replaced by a strange smile, revealing his white teeth.

At this moment, an ordinary crocodile walked out of the tower and slowly crawled to the man's feet. It lazily closed its eyes, as if it had fallen asleep.

Chapter 697-completing

“Who are you?”

“Why is there a heaven suppressing tower?” cui Bo asked.

He asked as he slowly accumulated his strength. This man’s appearance gave him a sense of danger. Even though they had the advantage in numbers, most of them had yet to recover. Furthermore, under the bombarding of the heaven suppressing Pagoda, many of them had new injuries.

“Heaven suppressing Pagoda?”

The man was stunned for a moment. He then pointed at the giant tower behind him and said, “You mean this? You guys call it the heaven suppressing Pagoda? This is only the core component of one of my profound level weapons.”

Giggle!

Everyone’s heart twitched violently. The thing that could destroy the heaven suppressing tower in one fell swoop was only a part of a profound level weapon. Everyone’s face was like a frosted eggplant, extremely ugly.

“What’s wrong? You don’t believe me?”

The man chuckled and a seal appeared in his hand. The huge Pagoda shrank rapidly and fell into his palm. Then, a world appeared around the pagoda and expanded continuously, wanting to envelop everyone.

Zhang Chong shouted in shock and suddenly burst out. Several rays of light gathered in his palm and he slapped it out fiercely. He shouted, “Quickly retreat! He’s going to take all of us in!”

Everyone was jolted awake by his words, and they all retreated in shock.

Those who could survive until now were all strong. Although they had not recovered their strength, their instinctive reactions and strength could not be underestimated.

“Oh? Didn’t you all want to see it? why are you afraid?”

The man chuckled and looked at the crowd with a teasing expression.

“Who the hell are you, and what do you want to do?” Ren Guangzheng was shocked and angry.

“Who am I?”

The man held his head and thought for a while, then said, “ You can call me Di Jun. As for what I want to do ... Hehe ... he suddenly kicked the half-asleep crocodile away and laughed, ” “Let’s start work!”

The crocodile’s body rolled in the air and struggled a few times to express its dissatisfaction. Then, its body gradually disintegrated and turned into a sharp astral wind. It whistled and grew larger and larger, turning into a sea of wind that spread toward everyone.

“Elemental transformation?”

“Everyone, be careful!” Cui Bo was shocked.

Everyone retreated one after another and scattered in all directions. Some of the slower people were directly touched by the astral wind, and their entire bodies instantly turned into fossils. When the astral wind blew again, they suddenly collapsed and were blown into powder, completely disappearing from the world.

“?!”

Everyone was sweating all over. How was this an ordinary elemental form? this elemental power was too abnormal!

The whirlwind grew bigger and bigger, and it was spreading at an extremely fast speed. Soon, more than a dozen people were swept up in it. Only martial Supremes could resist it. Those below the martial Supremes were instantly melted and died without leaving a trace.

that's a mutated elemental power! cui Bo exclaimed. don't run, everyone! If we work together, we can suppress him!

He suddenly stopped in the air and formed a Lotus with his hands. A warm light gradually appeared on it, like a candle rising, illuminating the surroundings. The power of the astral wind whizzed over and swept him into the vortex, but it could not penetrate his body.

As the wind blew past his body, it was forcibly slowed down. The light slowly revealed its shape. It was actually a lantern, which was emitting a warm light in cui Bo's hand. He kept casting incantations on it with his left hand. The light gradually grew bigger, and wherever it shone, the wind's force was greatly reduced.

"It's the eternal light ancient lamp!"

I didn't expect this treasure to be in your hands! Zhang Chong was overjoyed. it's enough to suppress the elemental transformation! At the same time, he shouted loudly. Runes flickered on his palm, and he directly slapped it on the ground. Rays of golden light shot out, and rows of runes spread out in all directions, as if a huge nail had been nailed into the ground.

The rest of the Martial Emperor powerhouses 'confidence was boosted as well. They charged into the whirlwind one by one and used their bodies to stop the wind from spinning.

For a moment, the power of the astral winds was greatly reduced, and the angry howls of the crocodile continued to ring out.

Di Jun frowned and said unhappily, " trash! Reduce the attacking range. Will you die if you attack them one by one? these people are not simple.

Under his command, the crocodile gradually reduced the power of the wind and formed a huge crocodile-headed monster on the ground. It looked around the field and finally fixed its eyes on cui Bo. It roared and pounced on him with its huge body. Although it was huge, it was extremely fast, so fast that no one could react in time.

Cui Bo was shocked. It took a lot of energy to use the lamp, and his primordial Qi could not keep up with it at all. Meanwhile, all the powerful medicinal pills had been used up to help Yunxiao. He poured the rest of his power into the lamp and gave it a hard slap. A warm light shot out of the lamp and rushed toward the crocodile!

“BOOM!”

The warm light directly blasted a big hole in the crocodile’s body, but it seemed to have no effect on it. Its whole body covered the sky and fell down.

“Bang!”

The huge gravel was thrown into the air. Cui Bo managed to escape at the most dangerous moment, but he was still hit by a gust of wind, which petrified several of his meridians and spread all over his body. In his shock, he hurriedly retreated a hundred meters and sat down cross-legged to regulate his breathing. He circulated his Emperor Qi to seal the astral wind in a small area to prevent it from spreading and tried to force it out of his body.

Everyone was shocked. The crocodile was too strong. With just one attack, it had crippled Cui Bo and made him unable to participate in the battle.

After Renekton had crippled Cui Bo, he looked around and his gaze fell on Zhang Chong, Ren Guanghui and the others. He was sizing up his next target. His cold and emotionless eyes sent chills down everyone’s spine.

If everyone was in their peak condition, they would have no pressure when they joined forces. But at this moment, they had all suffered great losses, and they had all given Yunxiao Supreme-grade pills. If the crocodile attacked them one by one, they would be at a loss. Moreover, there was also the strange Di Jun with unpredictable strength.

Di Jun laughed. “don’t kill them all. I’ve been away from the realm of heavenly martial arts for too long. I have to find a few people to share my knowledge with. Whoever is willing to be my slave can live.”

“I, I’m willing, don’t kill me!”

Xu danhe's frightened eyes revealed a look of great joy as she replied, " the great elder of the Emyrean one Pavilion, a powerful five-star Martial Emperor, is willing to be your slave!

"Xu danhe!" Ren guangxiang shouted angrily. Why don't you have any backbone! I'm really ashamed to be associated with you!"

Xu danhe snorted coldly and said,"backbone?" Can a backbone be eaten? Can you live if you have a backbone?"

"You coward!"

Ren Guanglin was speechless, but everyone had their own ambitions and choices, and no one had the right to interfere.

"Hehe, well said!"

Di Jun laughed and said, " you can't eat with a backbone. But if you don't have a backbone, you're not a slave. You're a pig. I don't need a pig. Moreover, you're so old and ugly. Kill it!

"What? You!"

Xu danhe was both shocked and angry. There was no time for her to think as the crocodile pounced on her. Her heart sank as she finally understood why cui Bo was injured in one move. With his speed, it was impossible to avoid it. Fortunately, she had always been hiding her strength and did not contribute much in the heaven suppressing Pagoda. Most of her strength was still there, and she struck down with the iron cane in her hand.

"BOOM!"

...

A huge hole appeared on the crocodile's stomach as well. Xu danhe didn't hesitate and immediately turned into a ray of light and shot out of the hole. She didn't stop and fled into the distance.

"Hmph, what a stupid fish!"

Di Jun was displeased. He waved his right hand and the sky changed color. An ancient Pagoda appeared in the distance. The pagoda was surrounded by multicolored light. It was a world of its own and it fell directly.

A powerful force erupted from Xu danhe's figure, resisting the power of the world. However, it only took an instant for her to explode from the pressure. The entire space trembled slightly, and the great elder of the heavenly one Pavilion exploded into a pulp, never to be seen again.

Di Jun waved his hand and the ancient Pagoda disappeared from the sky. It floated in his hand like a dream. He pointed his finger and the world on the ancient Pagoda spread out, trying to take everyone in. He said coldly, "Those without backbone must die, and those with too much backbone must also die. As for the rest of you, I'll be very satisfied if you become my slaves."

Everyone was dumbfounded as they stood there. Xu danhe had held back most of her strength, but she was turned into dust under this suppression. Who would have the strength to resist this Supreme grade profound level weapon?

It's indeed a transcendent grade profound level weapon. It's a world of its own. However, this transcendent grade profound level weapon of yours seems to be damaged, right?"

Suddenly, a hoarse voice rang out, causing Di Jun's body to tremble. He turned his gaze over and saw Xuan Yutang standing indifferently in the crowd.

"Oh?" Di Jun's hand froze, and the world stopped expanding. He said coldly, "How do you know that my ancient gods battlefield is damaged? If you can't give me an explanation, you'll be the next meat paste."

Xuan Yutang's sallow expression did not change. He spread out his right hand, and a ray of light gradually emerged. Soon, a square object appeared in his hand, shining with silver light.

Di Jun's expression changed drastically as soon as he saw the item. He was surprised and overjoyed. He couldn't help but feel excited.

...

At the same time, the battlefield of the ancient gods emitted an ancient sound that resonated with the item in Xuan Yutang's hand.

where did you get this? " Di Jun asked excitedly. hand it over quickly. You'll be a slave who has made a great contribution. You'll be the commander of these people!

Xuan Yutang was moved and sighed, " I can't believe that the mysterious object in my hands is actually a fragment of your Supreme grade profound level weapon. Even though I've already made such a guess, I never thought that I'd have the chance to complete it one day."

Di Jun said seriously, " that's right. My battlefield of ancient gods was broken into pieces in the early years. Although I have repaired it, there are a few important parts missing. The one in your hand is the most important part. Give it to me now!

He was a little impatient, and his face became a little ferocious.

Everyone was shocked. From what he said, this transcendent-grade profound level weapon was actually broken into pieces?

A strange smile appeared on Xuan Yutang's face as he said softly, " "When I said complete, I meant to ask you to give me the part in your hand and complete the one in mine."

Chapter 698-shocking battle

Di Jun's excited expression froze for a few seconds. Then, his expression turned cold and he said, " "What did you just say? I didn't hear it clearly. Could it be that I've been away from the realm of heavenly martial arts for too long, and the meaning of the vocabulary has changed?"

Everyone was also shocked as they looked at Xuan Yutang in horror. They did not understand how he had the courage to provoke this person.

Xuan Yutang smiled indifferently. of course it hasn't changed. Since you didn't hear me clearly, I'll say it again. I'm asking you to hand over the remains of the ancient gods 'battlefield to complete this piece of scattered world in my hand."

"Oh? Scattered world? Hearing your name, this fragment does indeed contain a part of the world power of the ancient gods battlefield. Your contribution is great, but the more I look at your dead face, the more uncomfortable I feel. No matter how great your contribution is, it can't offset the sin of making my eyes uncomfortable."

"Stupid fish, attack!" Di Jun's face turned cold.

Upon receiving the order, the crocodile roared and pounced forward. It turned into a small tornado and fell on Xuan Yutang.

Xuan Yutang clenched his fist and kept the scattered world in his hand. A gust of wind blew from his hand and he punched out. The extreme power spread on the tip of his fist like water ripples. The wind was frozen by this punch and turned into the body of a crocodile, which was howling.

"What?"

Everyone's heart skipped a beat. They could not believe the power of Xuan Yutang's punch.

Di Shenghua snorted coldly from a distance. He looked extremely dissatisfied and said angrily, " so there's actually someone in the heaven suppressing Pagoda who would protect himself like this, how embarrassing!

Everyone had the same thoughts and dissatisfaction in their hearts, but it was also because of this that they had a glimmer of hope in their hearts.

Xuan Yutang ignored di Shenghua's complaints. He stared at the crocodile coldly, licked his lips, and laughed hoarsely. hehe, as expected, it's not an ordinary elemental manifestation. If I continue to train it well, it might be of great use.

Light flashed in his hand, and the scattered world flew out. It generated the power of the world and was about to suck the crocodile in.

How dare you! Di Jun shouted in anger.

A ball of demonic Qi burst out from his body and suddenly rose into the air. A shocking demonic palm appeared in the sky and quickly slapped down.

The astral wind crocodile was something that had the potential to advance into the ten directions divine realm. How could he just sit by and watch it be taken away?

"What a powerful palm strike!"

The muscles on Xuan Yutang's face twitched. Purple clouds appeared in his palm and formed a strange symbol. Then, the symbol spread out.

Purple Qi shot out and spread around his body. A palm force surged out from the earth like a mountain, reaching into the clouds and stabbing towards the monstrous demonic flames!

"Boom boom boom!"

The power of the palm suppressed the demonic Qi in the air, but it suddenly disintegrated after a moment, like a mountain collapsing, shattering down bit by bit.

Xuan Yutang frowned. Di Jun's strength was beyond his expectations. He turned into a flash of light and escaped a hundred meters away, avoiding the attack.

"BOOM!"

The place where he had been standing was smashed into a big pit, but the demonic palm was not destroyed. It condensed into a black shadow in the air and slapped towards the scattered world. It turned into a claw at a close distance and grabbed down, trying to take everything away.

Now that half of the crocodile's body had been swallowed, Xuan Yutang's expression changed. He formed a seal with both hands and pointed in the air.

A domineering sword light suddenly appeared in the scattered world and cut the crocodile's body in half. The upper half of the crocodile was swallowed. The remaining lower half of its body was sent flying. It still had the appearance of a crocodile, but its aura was obviously much weaker.

"Stupid fish!" Di Jun's face changed and he cursed.

The demonic claw had already grabbed down, and the sword momentum of the scattered world rose again. Suddenly, a white-robed figure flew out from it, and the sword Qi in his hand directly split the demonic claw and rushed toward Di Jun's body!

Di Jun's face turned cold. He raised his finger and pointed it at the sky. A stream of demonic Qi penetrated the sword light and pressed on the sword.

That person's treasured sword was immediately bent, but his other hand formed an incantation gesture and touched the sword, instantly shaking off the demonic Qi. His entire body was sent flying back several hundred meters before coming to a stop.

Di Jun furrowed his brows as if he was dissatisfied that he had failed to kill the man in white.

At this moment, Xuan Yutang took the opportunity to store the scattered world into his body. His hands were constantly changing the spell. Lights of different colors gradually formed in front of him. Purple, green, blue, red, a total of nine colors formed a strange array and suddenly blasted towards Di Jun!

"Oh? It's the power of the nine-colored extreme Dao!"

Di Jun's pupils contracted slightly, and he completely put away his carelessness.

With a single hand gesture, a Dharma form with three heads and six arms appeared. Each of them had a ferocious face and held a treasure in their hands. The face in front was unusually cold. It formed a demonic seal with both hands, and a circle of black patterns flashed on it. Then, it pressed down!

The nine-colored extreme Dao power was like a golden seal, shaking the demonic Qi. The formation spell on it changed, and the nine-colored light condensed in the formation, turning into a golden color. Seven tadpole-like characters shone among them, representing the rule of this ancient charm. It gave birth to a huge power, and the demonic seal began to collapse!

Maha ancient scripture? ” Di Jun's expression changed drastically. Maha ancient scripture? ”

As his expression turned serious, not only the two hands in front of him, but the three-headed and six-armed Dharma form behind him also began to form seals. Black and demonic Qi spread out from its body. The weapons on its six arms waved down at the same time, and the shadows of six profound weapons appeared, suppressing Xuan Yutang's attack. They were actually evenly matched!

Di Jun's face was filled with anger. In the past, such a move would not be a problem. However, his body was still incomplete, so it was still extremely difficult for him to deal with a Martial Emperor expert of this level.

It was a pity that the crocodile's intelligence was too low, and half of it was taken away so easily. Otherwise, if they had joined hands, they would have killed everyone.

Xuan Yutang's pupils also shrank. He did not expect his opponent to be able to withstand his nine-colored extreme Dao power. The two of them were in a stalemate for a while, and it was difficult to determine who was stronger.

However, the people of the merchant Union were completely dumbfounded, as if they had just seen Xuan Yutang for the first time.

They couldn't see through Di Jun's cultivation level, but Xu danhe, who still had half of her strength left, was completely turned into a meat paste by his attack! He was actually able to resist for so long and wasn't even at a disadvantage!

you're not weak," Di Jun said coldly. you're qualified to be my slave!

Xuan Yutang's pupils shrank. He saw Di Jun suddenly close his eyes and Mutter an extremely strange sound. A few golden lines appeared on his chest and formed a strange symbol. Then, the demonic flame on his body rose again, pressing down on the nine-colored extreme Dao force and showing signs of collapse!

Xuan Yutang was shocked. He didn't expect the other party to have such a strong power. Under the suppression of the demonic Qi, he felt a huge pressure on his body, as if he would collapse at any time.

He pushed his palms forward again, and his skin suddenly became transparent. A cold force came from his bones. It was the essence of ice that he had taken from Yuwen Bo. It had been refined into his body, suppressing the discomfort in his body. He was in a stalemate with Di Jun again!

"Tianjue, set up the formation and suppress him together!" Xuan Yutang suddenly shouted.

The scattered world in his body flashed, and more than a dozen figures flew out. There were a total of 12 of them, and each of them had the aura of a martial sovereign of the ninth heaven. They surrounded Di Jun in an instant, and the distance between them did not increase or decrease. It seemed that they were in some kind of formation.

The people of the merchant Union were all dumbfounded. Not only was Xuan Yutang's strength far beyond their expectations, but there were also so many experts hidden in the so-called scattered world.

With Xuan Yutang's current combat strength, he should not have been in such a sorry state when he was facing the big demon. Now, the energy fluctuations between the two of them were comparable to the big demon's final attack with the ju she wheel!

Now, even a fool could see that Xuan Yutang had hidden their strength, and it was too deep!

Cui Bo's heart skipped a beat as he mumbled to himself, " heaven sense mayfly, heaven sense mayfly! he seemed to have thought of something, and his face was full of horror.

...

The white-robed man, Tian Jue, held a sword in his hand and shouted, " "Set up the formation!"

Among the other 12 people, two of them were the ones who had chased after Yuwen Bo's ice soul that day. Each of them had a level nine Mystic sword in their hands, and each of them stood in their own position and performed a sword technique. Under their joint attack, a terrifying force shook open the sky, and a long black tunnel was directly split open!

Di Jun's expression changed drastically, and he was filled with shock and anger. The other two faces were also ferocious. They spat out clouds of black gas, and the battlefield of ancient gods rushed out from the three heads and six arms, pressing down on the black tunnel.

He had just assembled the battlefield of the ancient gods and it was still heavily damaged. He did not want to use it in a battle of such intensity, but the power of Xuan Yutang had exceeded his expectations.

At this moment, as the power of the three heads and six arms was gradually activated, the strength of Di Jun's body was still increasing, and it seemed that there was no limit! The weapons in the six arms began to become solid and the power Pressure between them and Xuan Yutang began to lose balance. The situation was gradually under Di Jun's control!

The sky had long been ruined. All kinds of chaotic forces were constantly colliding with each other, and a few of them were shaking into the ground, causing huge shockwaves, which terrified the people of the merchant Union. Everyone was in danger. Just the power of the aftermath made them not even dare to defend themselves.

Xuan Yutang's expression was extremely unsightly. His sallow face became extremely distorted and began to peel off bit by bit. Before Di Jun made his move, he had measured the gap between them and felt that he was very confident. However, Di Jun's two qualitative improvements in his power had shocked him.

Di Jun looked at the other party's twisted face, and all three faces revealed a strange and cold smile. He said in a cold voice, "I'll turn you into a dried corpse. Your body is not bad, especially this bone marrow. It seems that you've cultivated some kind of advanced cultivation technique."

Just as he was feeling pleased with himself, Di Jun's expression suddenly changed. As if he had sensed something angry, he suddenly raised his head and roared, "bastard! Where are you? how dare you plot Against Me! If I find you, I'll make sure you die a horrible death!"

Chapter 699-curtain falls

Xuan Yutang was taken aback. His opponent's power was rapidly declining. His eyes flashed with joy. With a flash of his hand seal, the seven ancient scriptures changed their arrangement. The nine-colored extreme light immediately changed. A white light broke through Di Jun's power and hit him!

The demonic Qi in front of him was dissipating rapidly. Di Jun was roaring in anger, but he seemed to have no time to care about it. He was struggling in the air with anger.

After Xuan Yutang's attack succeeded, he could not be bothered to continue his attack. Instead, he turned and ran towards the ancient gods 'battlefield. His ultimate goal was to collect this transcendent-grade profound level weapon.

With the sudden change in Di Jun's condition, the battlefield of the ancient gods began to become unstable. Under the combined attack of the sword formation of Tian Jue and the others, the battlefield retreated rapidly. The world around the tower continued to shrink and even showed signs of collapse!

"Your name is the ancient gods battlefield? From today onwards, I am your new master!"

Xuan Yutang laughed wildly as he formed a seal with his hands and grabbed at the ancient gods 'battlefield. A familiar power flowed into his hand, and it felt the same as the scattered world. It was extremely comfortable and exciting!

Suddenly, a ray of demonic light appeared on the ancient gods 'battlefield and shook off his consciousness. Xuan Yutang's expression changed and he said viciously, "Mo matrix restriction?"

He snorted and began to refine it. At the same time, he looked at Di Jun, who was in a rage for some reason and his power was fluctuating. He said coldly, "Kill him while he's weak!"

"Yes, my Lord!"

Tian Jue and the other 13 people followed the order and flew up. More than a dozen sword lights broke through the air and cut into Di Jun's body. The demonic Qi began to collapse and the three-headed and six-armed Dharma form gradually disappeared.

What made Tian Jue and the others frown was that Di Jun was still indifferent to the attacks and let them kill him. He just held his head and roared, his eyes were about to spit fire.

At the same time, in a majestic hall tens of thousands of kilometers away, a row of cultivators stood in a solemn manner. Each one of them exuded a demonic Qi and a strange look appeared in their eyes as they stared in fear and reverence at the devilish-looking man in front of them.

The man looked exactly the same as Di Jun. At this moment, his face was cold, and he revealed his three-headed and six-armed Dharma form. His six arms made various hand seals, and demonic Qi constantly gushed out of his body. His aura was sometimes strong and sometimes weak, as if responding to Di Jun, who was thousands of miles away.

The man was di Jia, who had come out of Mount Meru. He felt the change in his power, and he kept sneering. He muttered to himself, "I didn't expect you to get into trouble so quickly. The heavens are really helping me!"

The martial artists behind him felt the growing demonic Qi from di Jia's body. They trembled in fear and submitted to him!

"Haha, too strong, this is great! Poor Di Jun, before the other bodies appear, only you and I can share our power. I hope you can be killed quickly, haha!"

Di Jia laughed wildly with joy, and the aura on his body continued to rise. After sensing that the other party was in trouble, he kept trying to draw power over. As expected, he succeeded, and his strength suddenly began to soar!

On the other hand, Di Jun was roaring in the sky above Songyue city. He could feel the demonic power in his body being drained continuously. The dozen people were chasing after him and killing him. In the distance, Xuan Yutang was thinking of ways to refine the battlefield of the ancient gods. He wanted to make him go completely mad!

“Argh! “Ah!” “Ah!” Di Jia, you will die a terrible death!”

Di Jun roared as both of them were desperately trying to pull each other's strength. In the midst of despair, his pupils suddenly shrank, and a look of joy gradually appeared on his face. A huge amount of demonic power rushed into his body, quickly replenishing his consumed strength.

“This is a Kasaya.”

Di Jun's heart trembled. There was only one possibility for this to happen!

The gradually disappearing three-headed and six-armed Dharma form suddenly solidified. The six arms gathered a powerful force in an instant. Some formed seals, some drew swords, and some clenched their fists. They exerted a powerful force at the same time. A move was formed in front of him and suddenly blasted out!

“Boom boom boom!”

A mass of demonic Qi rushed out of the ten thousand sword rays, and the flames soared to the sky.

“?! What's going on?”

Tian Jue and the others were shocked. That one move had actually blown away all of their sword auras. All thirteen of them felt an unparalleled force that sent them flying hundreds of meters away. All of them suffered internal injuries of varying degrees.

Di Jun did not chase after them. Instead, with a flash of demonic light, he appeared beside Xuan Yutang and slapped him with all his might!

Xuan Yutang was trying his best to refine the battlefield of the ancient gods, but to no avail. The power of the restrictions on it was far beyond his imagination. Just as he was feeling a little impatient, Di Jun's palm suddenly struck him as fast as lightning without any warning.

That palm directly triggered the power of the ancient gods' battlefield. Xuan Yutang's consciousness immediately suffered a backlash, and at the same time, an astonishing Palm Power attacked!

Xuan Yutang's heart sank. At this moment of life and death, his potential burst out. His body became almost transparent at this moment, and the Jade-like cold essence could be seen at a glance. The nine-colored Aurora also burst out from his body, forming a huge force in front of him to resist the demonic power!

“BOOM!”

The light on Xuan Yutang's body was instantly dispersed. He spat out a mouthful of blood and fell to the ground!

Tian Jue and the others were shocked and hurriedly flew over, afraid that Di Jun would pursue and kill them.

Di Jun held the ancient gods' battlefield in his hand. He had no intention of continuing to attack. Instead, he threw out the ancient tower and kept the crocodile, which had only half of its strength left.

He turned around and stared coldly at the shocked Xuan Yutang on the ground. you're lucky today. I'll leave that shard and half of the stupid fish's body with you for the time being. I've already left a mark on your body. After this big matter is over, I'll come back and refine you into a dry corpse!

With that, the entire ancient Pagoda transformed into a ray of light and shot into the distance.

Di Jia, who was far away in the hall, was shocked and angry. He said, “The third body! The power of the third body had appeared at this time. That guy was really lucky! No, I must get him before Di Jun!”

The row of cultivators behind him trembled under his anger, each of them prostrating on the ground and trembling.

Di Jia's face was gloomy. He instantly turned into light and disappeared from the hall.

The place where Songyue Yang City was located was already in ruins. Even the broken walls could not be seen. There were only broken stones everywhere and a dead silence.

"My Lord, what's wrong?"

Tian Jue and the others flew down from the sky and found that black marks had appeared on Xuan Yutang's body, and they were spreading. He must have been invaded by demonic Qi.

Xuan Yutang gritted his teeth and shook his head. "I'm fine. The demonic Qi entering my body is a little troublesome, but it's not a big deal. The last change just now was too strange. I don't know what this person's background is, so it's best to be careful when we meet him in the future!"

Xuan Yutang's face was gloomy and uncertain. He had revealed all his strength, but he still could not obtain the battlefield of the ancient gods. The only thing he had gained was the half of the power of the immemorial squall.

After suppressing his injuries, he slowly looked at the people from the merchant Union.

At this moment, everyone felt that Xuan Yutang was extremely unfamiliar. Half of his eternally sallow face had shed, making him look a little strange.

who the hell are you?!

Ren Guangjun only felt a chill in his hands. Xuan Yutang's eyes were emotionless when he looked at them.

Cui Bo, who was recuperating in the distance, said bitterly, " who else could it be? I didn't expect you to have hidden it so deeply. The person who controls the Golden edge and silver Radiance, the president of Tianyuan trading company, Lord ding Shan!

Tianjue was the name of the leader of the Golden edge and silver glow. Before it disappeared, it was also a well-known existence in the merchant Union.

Although everyone had their own speculations, they were still shocked when they heard it from cui Bo!

No one was unfamiliar with ding Shan. He was one of the leaders of the seven great Chambers of Commerce. However, he had long since retired from everyone's vision and gradually faded away. No one had expected that when they saw him again, it would be in such a situation. Moreover, the strength that ding Shan had displayed made everyone even more shocked and uneasy.

...

no wonder you're so quiet, " cui Bo said bitterly. you'll lose your status if you spend too much time with him. Did you kill elder Xuan, or was elder Xuan you all along?"

At this moment, Xuan Yutang no longer had any need to hide. The yellow wax on his face began to melt, revealing a thin and delicate face. Even his body changed, becoming thinner. A cold smile appeared on his face."What do you think?"

"Why? With such great power, you could've killed those monsters. Why did you watch song Yueyang City be completely destroyed and more than 300000 people die with you?"

Ren Guangzheng roared in anger and fearlessly looked at ding Shan's cold eyes. "Whether you're ding Shan or Xuan Yutang, you're still a member of the merchant Union, and you're after the merchant Union. Is this what you want?"

Ding Shan looked at him coldly and snorted, " "Merchant Union? The so-called Business Alliance is just a toy for the four core leagues. The Business Alliance that I, ding Shan, want belongs to Tianyuan trading company, not to the four core leagues. Since it doesn't belong to me, what's the use of it? What does the lives of these 300000 plus people have to do with me? What does death have to do with me?"

you're so ambitious! You want to be the leader of the merchant Union!

what a pity! Ren Guangyao said coldly, " even if songyue city is destroyed, you can't be the leader of the merchant Union!

master, this place has already become a place of trouble. It's better to kill them all and leave as soon as possible! tianjue frowned.

wait! ding Shan stopped him and said coldly, " these people are all quite powerful, and their status is quite high. They might be of great use if we keep them! He took out that piece of scattered world and grinned. everyone, come to my world together. Let's join in the grand event of the new era!

Everyone's heart sank. They saw the debris of the ancient gods 'battlefield floating in the air and gradually forming a world, sucking them in one by one.

Chapter 700

700 Two ways

In the endless void, all kinds of negative energy collided with each other. This was an eternal land of death. It was pitch-black and there was no light.

Only a few auroras would occasionally flash, and it was extremely dull.

The divine realm tablet was shuttling back and forth aimlessly. The Phantom Dragon looked around with a solemn gaze, hoping to find a crack to rush back to the heavenly martial continent. Otherwise, it might disappear forever in the void if it wandered aimlessly.

Suddenly, his pupils shrank, revealing a look of shock. A huge mass of energy was slowly gathering in front of him. It was the most common void particles. It was not a big deal if there were only a few of them, but once they exceeded the range, it was abnormally terrifying.

The ball of void particles grew larger and larger, as if it was on the verge of exploding.

There was a saying that all the terrifying power in the void was formed from these particles that were constantly condensed and then exploded. It could be said that they were the source of all void energy.

At this moment, the demon Dragon was on the verge of exploding. He bitterly raised his head and said to himself, "Could it be that we really can't escape this time?"

Yunxiao's strength had been gradually fading when his life and death were unknown. At this moment, he was shocked even though he was a certain distance away, and he did not even have the strength to escape.

"Forget it, I'll leave it to fate. Such a powerful explosion might be able to open a crack, but I don't know if the divine realm tablet can withstand it."

The light on the demonic Dragon's body had become extremely faint. He glanced at the void particle energy cloud in despair and slowly disappeared into the divine realm tablet. He no longer had the strength to find his way.

"BOOM!"

A moment later, the cloud of void particle energy exploded as expected, and countless forces shot out in all directions. The divine realm tablet, which had become aimlessly floating, was directly shaken into the endless night after being hit by one of the forces.

The crowd did not feel any discomfort in the divine realm tablet's own world. They just anxiously surrounded Mount Inch, waiting for Yunxiao's news, not daring to say a word.

Yuan Gaohan's face was unprecedentedly solemn, and after a long time, he finally said, "How can he not die from such injuries? He's only holding on with his conviction, but he won't be able to hold on for much longer. If you have anything to say to him, hurry up."

"What?"

Young Emperor haolian's eyes turned bloodshot as he roared, "Old man, what are you saying? Aren't you the chief of the spiritualist Department in the Holy region, a ninth-tier great Alchemist? Do you think I won't slap you to death right now!"

there's nothing I can do even if you slap me to death," Yuan gaohan said coldly. if we were in the Holy realm or the sea of soul formation, we might be able to save him with the help of a few ninth-tier alchemists. As for now, I'm only at the eighth step. At least, I'm powerless within my abilities."

His expression was heavy, and it was obvious that he was feeling terrible.

Yuan gaohan's judgment had undoubtedly sentenced Yunxiao to death. Their heads buzzed, and their legs went weak. Ding Ling 'er was even sobbing and begging Yuan gaohan, but the latter kept shaking his head, as if he could do nothing.

young master Yun, " mo Xiaochuan said indignantly, " although your body is on the verge of collapse, your soul isn't dead. Moreover, your physical body isn't as badly damaged as you think. Master Yuan, you should at least do something. Maybe there will be a miracle!"

The others also watched eagerly, not giving up until the last moment. Yunxiao was not only their master and Prince Charming, but also their spiritual pillar that would never collapse. Yuan gaohan's judgment was unacceptable to them.

Yuan gaohan's brows furrowed. He understood everyone's feelings, but he was more rational than anyone else.

master Yuan, young master Yun has the bright moon divine body, and the cultivation techniques he cultivates are all unparalleled in the world," yunshang said sadly. I can see that his injuries are well controlled, and there are no signs of further collapse! Yunshang was also an Alchemist. Although she was far from being an Alchemist, she still had some basic judgments of her own.

"Eh? He has a God Body?"

Yuan gaohan's heart trembled slightly and he stepped forward to carefully observe, saying, "Yeah, I thought his wounds weren't serious, so I thought he was just using his mind to support himself. Now, it

seems like his God body's energy has helped him a lot. However, I've never heard of this bright moon divine body before. Perhaps it will have further effects."

Everyone was overjoyed when they heard this. Shaohuang haolian suddenly said, "Master, please do your best! By the way, young master Yun still has a lot of spirit pills on him, all of which are Supreme-grade pills extorted from the merchant Union. They might come in handy!"

Yuan gaohan shook his head and said, "it's not necessarily a good thing for the pill to be too powerful. Let's see if his divine body can withstand it. As long as he can withstand it for a few days, there's a chance for him to turn things around. Otherwise, even the gods can't save him.

His words once again poured a basin of cold water on everyone. Their hearts that had just warmed up turned cold again.

Suddenly, a cold voice rang out, "Who said I can't be saved?"

As everyone was dumbfounded, Yunxiao, who was lying unconscious and seriously injured, suddenly sat up. His eyes flickered, and his face was pale.

"Ah?"

Everyone's mouth was wide open, especially Yuan gaohan and Gu Yuesheng. It was as if they had seen a ghost. Yuan gaohan's throat seemed to be choked by someone, and his eyes also bulged out. He said with difficulty, "You, you coward!"

"Young master Yun!"

The rest of the people gathered around as if they had teleported, each and every one of them crying tears of joy and laughing wildly.

Shaohuang haolian even jumped up and was about to pounce on her.

Yunxiao frowned and said, " don't come at me! I don't have any strength! I'll really die if you throw yourself at me!

"Bang!"

Young Emperor haolian's burly body was sent flying by mo Xiaochuan's kick. The latter cursed, " "Pig!"

young master Yun, are you alright? we were so worried.

Ding Ling 'er said delightedly, with a smile and tears on her face.

Yunxiao kept probing himself with his divine sense, and his frown grew deeper and deeper. In the end, he said with a wry smile, " I thought I was fine too. Now it seems that my divine body has collapsed and my soul's Foundation has been damaged. If it wasn't for the demonic Dragon returning to my body and stimulating my spiritual sense, I'm afraid I wouldn't have been able to wake up.

"Then, then will it be life-threatening?"

Luo yunshang's face was filled with anxiety, and everyone's hearts sank again.

Yunxiao sighed. it's exactly as old Yuan said. If we can hold on for three days and let our divine bodies recover on their own, we will be out of danger and can enter a state of recovery. Otherwise, our bodies can collapse at any time, and our souls will dissipate.

"It's that serious?"

Mo Xiaochuan's face was also extremely unsightly. Although Yuan gaohan's diagnosis had made him feel as if his heart was filled with lead, his absolute admiration for Gu Feiyang had always given him great confidence. But now that Yunxiao had said the same thing, he immediately fell into a panic.

"I knew it, how could there be hope."

the special nature of your divine body can allow you to hold on for a while longer, " Yuan gaohan said. but it's just a dying breath.

He didn't care about everyone's feelings at all and only analyzed the matter as it was. Immediately, he attracted everyone's murderous gazes, causing his expression to change slightly. He felt that he had been too direct.

Young Emperor haolian had been sent flying by mo Xiaochuan's kick, but he was still extremely happy. He glared at Yuan gaohan coldly and said, " If anything happens to young master Yun, I'll kill you first to vent my hatred!"

"Don't be rude!" Mo Xiaochuan shouted angrily. "Master Yuan, please do your best to save him no matter what," he said earnestly. Yuan gaohan was the Secretary of the sacred zone's spiritualist division, as well as mo Huayuan's master, so he was still very respectful.

"I also want to save him," Yuan gaohan sighed. To be honest, although I don't want to leave this divine realm tablet anymore, I don't want to stay here forever. if Yunxiao dies, no one will be able to control the rules of the divine realm tablet, and none of us will be able to leave, unless a new master appears. However, the divine monument is still shuttling through the void. Only God knows how many tens of thousands of years it will take for the next Master to appear!" it's up to Yunxiao's own luck, " he said helplessly. it's up to him.

Everyone's hearts sank when they heard this. Yunshang forced a smile and said, " Everyone, don't look so bitter. Don't you think that it's easy for young master Yun to hold on for three days? Am I right, young master Yun?"

...

Yunxiao smiled wryly. to tell you the truth, I'm not sure if I can do it right now. My life force is gradually dissipating. It's difficult! However, Yingluo "

His words made everyone's chest tighten and they felt a little breathless. Big tears fell from yunshang's eyes as she scolded, " Why do you have no faith? are you still the Li Yunxiao I know? "

“But what?” mo Xiaochuan asked.

but I do have two ways to save myself,” Yunxiao said thoughtfully. I’m thinking about which one to use.

Everyone, “hehe.”

“Of course it has a higher success rate!” Mo Xiaochuan was overjoyed.

Yunxiao chuckled. I’m quite confident. Before the Kunwu Divine Tree was reborn, it promised to give me a trace of Taiyi celestial Qi. With this scale, I can rebuild my physical body. Not only will my divine body’s strength increase greatly, but my cultivation base will also break through to the eight desolation realm.

“?! The great one profound Qi?”

Yuan gaohan couldn’t remain calm and said in shock, “The Supreme mystical Qi that nourished all living things when the world was first created and the universe was in chaos? The realm of heavenly martial arts has been around for countless years. How can such a legendary thing still exist?”

Young Emperor haolian was pleasantly surprised. I’ve heard of this item before. Even the soil of the living earth is only formed after being nourished by the Supreme mystical Qi. I can’t believe that the Kunwu Divine Tree has such a Supreme treasure! I’m going to catch it and let young master Yun eat it raw!”

Yunxiao was speechless. He shook his head and said, “ it’s a waste to refine such a divine item with my current cultivation base. Let’s wait until my second method doesn’t work. He looked up at Luo yunshang and said, “ “Yunshang, do you still remember the time in the light song forest when our bodies helped each other?”

...

Yunshang’s face turned red in an instant. How could she ever forget that time when their divine bodies shone on each other, their spiritual senses blended with each other, and their hearts were connected?
