

The Eternal 701

Chapter 701-major event

Yunshang nodded shyly. Her eyes were burning, but she did not dare to look at Yunxiao.

Her skeleton immediately attracted everyone's attention, and a strange emotion spread at the foot of Mount Innerheart. Everyone seemed to have understood something, and they nodded with strange expressions.

Young Emperor haolian clapped his hands and said, "I understand, it's the technique of gathering Yin to supplement yang! It's said that when a man absorbs a woman's primordial Qi and Yin Qi, he can strengthen his body. If he continues to absorb it, he can even reach the peak of martial arts!"

"F * ck, don't talk nonsense!"

Yunshang's face was red and purple. She was so angry that the fire spewing out of her eyes almost burned haolian shaohuang.

what a dirty man! Yunxiao said angrily, embarrassed. how dirty! It was just that the divine bodies could sense each other and reach a state where they could forget about themselves and improve together. I'm going to borrow yunshang's nine yang divine body to unleash the power of my bright moon divine body and repair my damaged body!"

"Cough, cough cough! Young master Yun is definitely not that kind of person!"

but let's all go out, " mo Xiaochuan interrupted. don't let anyone in to disturb young master Yun's absorption. Oh, no, I mean cultivation!"

Yuan gaohan was taken aback. He sized up yunshang and said, " "The nine yang divine body that Gu Qing Qing had? I've heard of the connection between divine bodies, but I've never heard of such a case. After all, there are too few people who have a divine body. Perhaps it can really stimulate the potential in your body."

Ding Ling 'er felt a bit sour in her heart and said, "Then we can't delay this matter. Do you need us to prepare anything?"

no need," Yunxiao said. I just need yunshang to cooperate with me.

"Okay, then I'll leave it to you, sister yunshang."

Ding Ling 'er smiled and reached out to hold yunshang's hand.

Yunshang's body trembled slightly, and she was a little flustered. Don't worry, sister Ling 'er, I'll definitely cooperate with young master Yun. No matter what he wants me to do, I won't resist!

Ding Ling 'er,"Yingluo."

The air suddenly stopped. Yunxiao was stunned and said, "I won't ask you to do anything, just cooperate with me to cultivate the Kasaya. If it's really inconvenient, then you can do it."

"Convenient, why would it be inconvenient!"

it was just a slip of the tongue, sister yunshang," Ding Ling 'er said. if you had any bad intentions, we would have rushed in and hit you!

This time, yunshang knew that she had said something wrong. Her cheeks turned purple like an eggplant, and she kept gesturing with her hands to explain, but everyone gave her an "I understand" look.

"We're out, we're out," young Emperor haolian said loudly,"young master Yun is going to pluck his essence." Whoever dares to disturb me, I'll be the first to take his life!"

Mo Xiaochuan coughed a few times and said, " young master Yun, don't worry. I'll pluck your energy. Oh, no... I mean, cultivate. We'll keep a lookout for you outside and grab that Xiao Wu first. I think that child isn't being honest. If you find something wrong, we'll immediately bring Xiao Wu in."

Yunxiao's face was covered in sweat. He knew that these people were doing it on purpose, and the more he explained, the more troublesome it would be.

After knowing that Yunxiao had a way to cure her, everyone felt relaxed and happy, and their gloomy mood was swept away. Soon, everyone left, leaving only Yunshang and Yunxiao alone.

They could still hear the whispers of several people outside, but they were not soundproof, so they could directly enter the two's ears.

I've heard that the technique of plucking Yin and replenishing yang requires a large number of girls of primordial Yin. Young master Yun is so seriously injured, I wonder if Miss Luo alone is enough.

Miss Luo has a nine-yang body and is an outstanding disciple of Shenxiao Palace. I'm afraid that she's too strong and young master Yun won't be able to handle it. If his primordial yang is extracted, that would be terrible!

"That's true, but I don't think young master Yun has a primordial yang body. Before he recovered his memory, he was a profligate young master. What kind of girl has he not played with?"

"Well, that's true. It'll be troublesome if he doesn't have enough primordial Yin. I wonder if he can harvest primordial yang to supplement his yang. There are quite a number of men in this divine realm tablet, and Li Yi's towering creation yang technique seems to be very powerful!"

"Pfft! Can you not be so disgusting? Didn't she still have Miss Ding for primordial Yin? Be prepared to send it in at any time."

"I'll beat you to death for spouting nonsense!"

With Ding Ling'er's angry curses, the laughter of the crowd gradually died down.

"This group of rude bastards! How dare they tease their master like this?" Yunxiao said in embarrassment. I was really blind to take them as my disciples!

Luo yunshang pressed her head against the ground, not daring to raise it. they're just worried about you. After knowing that you've recovered, everyone is very happy.

When Yunxiao saw her obedient look and how she was ready to offer herself at any time, he felt a little dizzy and said, " "Don't listen to their nonsense. Just like last time, my divine body will shine and guide the original power of my body to repair itself."

"Yes."

Yunshang nodded, but she smiled wryly in her heart. What was the difference between that kind of spiritual connection and physical integration? Blushing, she knelt down in front of Yunxiao and nodded. "I'm ready,"

"I'll teach you a seal. It can strengthen the connection between you and me," Yunxiao said with a nod.

Yunshang did the same thing and soon mastered it. She made a Lotus gesture with one hand and touched Yunxiao's palm with the other. Immediately, she felt a cold sensation, which made her tremble shyly.

The coldness of the palm grew colder and colder, causing her heart to skip a beat. She secretly reproached him. Young master Yun's life was hanging by a thread, yet she was still thinking about such nonsense. If something happened to young master Yun because of this, she would never be able to forgive herself for the rest of her life.

With this in mind, he immediately pushed away all distracting thoughts and began to circulate his nine yang genuine Qi calmly.

Yunxiao was slightly surprised. He did not expect yunshang to enter the state so quickly, much faster than he had expected. A constant heat came from her palm, and he did not know whether it was the heat of the nine yang true Qi or yunshang's body temperature, but it gave his dying body a little warmth and warmth.

At that moment, the divine realm tablet shuttled through the endless void. Suddenly, a crack appeared in front of it without any warning and swallowed the tablet directly.

It was a clear sky inside, and they had finally returned to the heavenly martial realm. Without Yunxiao's control, they kept falling.

In the end, it made a muffled sound and a huge pit was formed, and it sank into the ground.

This loud sound immediately alarmed the people around. After a while, a few rays of light flew out and looked at the bottomless black hole in horror.

.....

In the North Region, the holy city of Lanxue was detached from the continent and was located on the top of a Snow Mountain. It was surrounded by clouds and ice, and auspicious auras floated in the air. Rainbows crossed the north and south, making it a place of Immortals.

It was a magnificent palace supported by seventy-two pillars. People were coming and going in an endless stream. Everyone was in a hurry, busy and had no time to care about anything else.

Most of the people were recording something in front of an ordinary table. There were all kinds of instruments on the table, operating in various formations of different sizes, transmitting and collecting all kinds of information.

This was the intelligence Department of the Holy region. Every day, they had to record all kinds of news from the entire continent, and then analyze them one by one before sending some important information up.

A young intelligence officer took the next message from his communication device and immediately checked it with his spiritual sense. Then, his expression changed into shock.

The young man suddenly recorded the message on a jade pendant, left the work table, and ran to a corner. He said anxiously, "Deputy Secretary, it's not good!"

In the corner, a middle-aged man was sleeping with his legs crossed and drooling all over his face. After being woken up, he opened his drowsy eyes and took a deep breath, sucking the drool back into his mouth. He swallowed it and yawned, "What could be more important than my sleep? Did Chen duantian get a second wife, or did darknorth Palace annihilate a few more small sects?"

...

He was the only one who had the most leisure time in the entire Hall, but he still showed a dissatisfied expression and shouted, "Why am I so unlucky? When it's my turn to be on duty, there's already so much messy news!" He glanced at the celestial timer in the center of the hall and glared at the young man. He shouted, "Motherf * cker! There's still half an hour before the shift is over, can't you delay the report by another hour?"

The young man revealed a bitter smile and said, "If I delay reporting to Deputy Chief Yue Ming for an hour, he will skin me alive."

This person was the Deputy Secretary of the intelligence Division of the Holy region, Wen Shu. He snorted and slapped the table, "what important information? show me. If it's not important, I'll skin you alive!

The young man hurriedly handed over the jade pendant.

After Wen Shu took it, he touched it with his thumb and immediately stored all the information inside into his mind. His face was stunned and his brows furrowed as he asked in a strange tone, there was a demon clan turmoil in songyue city, and the Saint realm enforcer sent there was destroyed? "

"This message was sent by the captain of Golden Law enforcement vehicle No. 19, Lu Zhi," the young man said."It should be true." A few days ago, he had received news from songyue yang city that the young master of the four extremes sect, Tang Jie, had colluded with the demon race. He must have been sent by the law enforcement department. That demon is really bold. How dare he kill our Saint realm law enforcers!"

Wen Shu twirled the jade pendant around his fingers and played with it, he pondered, "Is there any news from the illusionary realm of stars and moon?"

"There's nothing special," the young man shook his head.

Wen Shu nodded, leaned back and crossed his legs again. He closed his eyes and said, "They should be some demons who are wandering outside, not a threat. It should be the time when Songyue Yangcheng is cultivating both martial arts and sorcery, and a large number of Masters from the merchant Union are gathered there. It's okay, I'll go back to sleep. Don't disturb me if there's no important news."

"This bit is an ..."

The young man said anxiously, "but I've just tried to contact the intelligence officer in Songyue Yang City, but I couldn't get in touch with him." Moreover, this is the information sent by Lu Zhi. Those demons did kill our law enforcers. Isn't this a big deal?"

Chapter 702

702 Gongyang Zhengqi

After listening to the young man's words, Wen Shu opened his eyes again and muttered, "Hmm, it seems like it's a big deal. I'll take a nap first and report to the higher-ups later." He closed his eyes again and turned his back to the young man, ignoring him.

The young man, "Yingluo."

At this moment, another intelligence officer ran over and said, "Deputy Secretary, the Evil Charm Sect has sent the latest information!"

"What?"

Wen Shu suddenly turned over and sat up with high spirits. His eyes lit up as he said, "What news? Hurry up and tell me!"

The intelligence officer chuckled and said, so, the lover of the sect master of the Evil Charm Sect, Hua Yaoyue, is her brother-in-law. Their relationship is now half-public, and not only has that brat toyed with the two sisters, but he has also toyed with some female disciples and elders in the sect. So far, he has

touched a total of seventeen female disciples and three elders. This brat is simply a Six-Fingered demon. He has turned the entire evil charm sect into his harem. Heaven and earth will not tolerate him, and everyone will kill him!

“Swish!”

Wen Shu suddenly sucked in a mouthful of saliva and fiercely swallowed it down. He slammed the table and stood up, angrily saying, “Everyone has the right to kill the ancient lewd demon!”

He stood up and paced back and forth impatiently. He suddenly stopped and said with a determined face, “ we can’t allow this kind of lewd demon to harm the world anymore. We must save those ignorant girls!

Wen Shu suddenly turned around, turned into a ray of light and flew out of the hall.

The young man from before suddenly shouted, “Mr. Deputy Secretary, don’t forget about the matter of song Yueyang city’s monster race!”

“Did something happen to songyue in yang city?” the intelligence officer behind him frowned. He revealed a sly smile and chuckled, “Brother, come, come, come. I have some more explosive news. Do you know the measurements of the second miss of the Jiang family in Red Moon City? I have first-hand information here!”

“Really?”

The solemnness on the young man’s face was swept away, replaced by an expression that said “ we all understand “. The two of them ran to the side to discuss and communicate with each other.

Wen Shu turned into a ray of light and crossed the sky above the Holy region, falling toward a huge Palace in the center.

“So it’s Wen Shu, go in!”

There were two guards standing in front of the palace. Both of them had their hands on their swords and their faces were cold. The two of them kept their eyes closed, constantly inhaling and exhaling the surrounding spiritual Qi. It was not until Wen Shu landed that the person on the left opened his eyes and closed them again after a brief glance.

“Thank you for your hard work,” Wen Shu cupped his fists.

He immediately turned into a beam of light and flew into the palace. It was very vast and was surrounded by clouds and winding corridors. Wen Shu flew towards the North for a while and landed in front of a big hall. He shouted, ” “Wen Shu from the intelligence Department requests an audience with Lord Gongyang!”

“Come in,”

A moment later, an old man’s voice came from inside, neither warm nor angry.

Wen Shu nodded slightly and stepped in. A stream of water flashed in front of the hall. In the hall that could accommodate tens of thousands of people, there were only a few people standing.

An old man in sackcloth was sitting at the head of the table, listening to the reports of the people below.

Wen Shu stepped forward and stood quietly to the side, listening to the report of a man in brocade clothes.

The man’s expression was calm as he told them about his recent closed-door cultivation. Gongyang zhengqi, who was sitting at the head of the table, listened carefully and kept nodding his head. He seemed to be very concerned about the man’s cultivation.

After listening for a while, Wen Shu lost interest. This man was talking about sorcery and seemed to have made a big breakthrough. When the man finished his story, the few people around him smiled and congratulated him. Wen Shu also smiled hypocritically, ” congratulations to Lord Yuan for the great progress you’ve made in your seclusion. As long as you welcome back the soul body of the outer realm, you’ll probably be able to directly break through to the tenth level of the Warlock God, right? ”

The man was Yuan gaohan, the spirit Secretary who had just come out of seclusion. He smiled and said, " you flatter me, Lord Wen. I wonder what level the Starlight soul has reached. If it can break through to the ninth level, I'm confident that I can reach the peak of the art of sorcery. As for the tenth level, hehe, that's only a legendary realm. Who has ever seen it? "

Wen Shu laughed,"hehe, since there's a legend, it must have existed." Otherwise, where did all the transcendent grade profound level weapons recorded in the ancient books come from?"

Gao Han, " Gongyang zhengqi said, " if you can reach the peak of the ninth rank at this age, your future achievements can even surpass Lord Tian zhaozi. It's not impossible for you to become a sorcerer God. I'll send people to open a passage to the outer space and bring back your Starlight soul body. This matter is very important, so I'll leave it to you, dark agent. There must be no mistakes."

"Thank you, Lord Gongyang," Yuan gaohan cupped his fists and said.

Gongyang zhengqi nodded slightly, his gaze fell on Wen Shu, " "Wen Shu, do you have any information from your side?"

Wen Shu's body trembled, Gongyang zhengqi's gaze made him nervous, he quickly said, " Lord Gongyang, there are demons in the wicked charm sect. I suggest that we send law enforcers to investigate.

"You can talk to Xiao Hai Yu about this. Is there anything else?" Gongyang zhengqi frowned.

"No," Wen Shu quickly shook his head. He raised his head and looked at a man beside him. He smiled and said, " "It just so happens that Lord Xiao is here as well, it saves me the trouble of running around."

Xiao Hai Yu nodded and said,"I'll send law enforcers later." By the way, there are two law-enforcers who have gone missing. One is in the Eastern Region and the other is in songyue city. Is there any news from Lord Wen?"

"Oh no, I forgot!" Wen Shu smacked his head and exclaimed. He hurriedly explained what he had just received from Lu Zhi.

Gongyang zhengqi's expression changed slightly, and he said angrily, "You actually forgot such an important matter?"

Wen Shu laughed a few times in embarrassment and said, "I just thought of it at the last minute."

Xiao Haiyu's face turned slightly ugly, and she said seriously, almost half of the experts in the merchant Union have gathered in songyue city. Their strength is comparable to some major sects, but they were trapped by several demons and lost all contact. Even the law-enforcement officers I sent were killed. The situation seems to be very serious!

"How could there be such a coincidence?"

The man beside Yuan gaohan had a slightly pale face. He was mo Huayuan, and he could not help but worry for mo Xiaochuan and the others.

"The starry and lunar illusionary realm has always been under surveillance," Gongyang zhengqi said solemnly. "I don't know where these demons came from, but they're actually so capable. I'm afraid that the four extremes sect has contributed a lot in this matter. Send two groups of people to songyue city and the four extremes sect's headquarters. If the four extremes sect has any intention of disobeying, capture Tang Qing and bring him back to the Holy region first!"

Xiao Haiyu frowned slightly and said, "Without evidence of him killing a law enforcer, I'm afraid it's not appropriate to arrest him rashly, for fear of causing dissatisfaction within the merchant Union. Furthermore, whether it's to the four extremes sect's headquarters or songyue city, we must send experts over. I'm afraid that ordinary martial Supreme powerhouses won't be of any use."

Gongyang zhengqi pondered for a while and said, "It's best if you go to the headquarters of the four extremes sect in person and question Tang Qing directly as the Deputy Director of the law enforcement Division of the Holy region. If there's anything wrong with him, it's reasonable for you to arrest him. Even if there's a misunderstanding, you can explain it to the merchant Union in the future. As for song Yueyang city's Kongtong, the situation there is unclear, and Nan fengxuan is in closed-door cultivation, so there is indeed no one to send."

Everyone was silent for a while, then Yuan gaohan suddenly said, "Lord Gongyang, I do have someone I can recommend. Moreover, his strength is just right for this matter."

“Oh? Who are you?”

Gongyang zhengqi asked, and everyone was curious.

“This man lives in the one color in the sky, 30000 miles away from the Holy region,” Yuan gaohan said with a smile.

Hearing this, everyone’s pupils constricted, and they immediately understood who it was.

Gongyang zhengqi’s expression turned serious. this person is indeed very suitable. However, he’s not from the Holy region after all. He might not listen to my orders. It’s not easy to send him!

“The iron token of the Holy region is respected by the world,” said Yuan gaohan with a smile. He can’t just brush us off. Besides, we’re not sending him, we’re just inviting him. I think he’ll be able to get Lord Xiao Hai Yu to invite him personally.”

Xiao Hai Yu said, ” I’ll go. Although there’s no teleportation formation near the everlasting sky, the teleportation formation in songyue yang city was also destroyed. We can only gather experts to open the passage by force. It’ll cost us a lot, but it doesn’t matter.

Gongyang Zheng said curiously, ” then that’s it for now. If Duanmu Youyu does not accept the invitation, then we’ll make a decision. Let’s leave it at that. Wen Shu, you must report back to me as soon as possible, you can’t mess up the important matters!”

...

“We will follow your orders, my Lord!”

Everyone bowed and left.

After leaving the hall, Xiao Haiyu suddenly smiled bitterly, "Lord Yuan, you've really recommended a good person to me. This is simply a huge problem."

Yuan gaohan laughed and said, "it's not a difficult problem. With his ability, I'm afraid he already knows that you're going. If he avoids you, it naturally shows that he is unwilling to be invited. But with my understanding of him, he will definitely go."

"I hope so!" Xiao Haiyu smiled bitterly.

Everyone flew away, and Mo Huayuan followed Yuan gaohan to the spirit Bureau. On the way, he couldn't help but ask, "Master, in your opinion, the situation in Songyue Yang city is so bad? You actually want to invite Sir young master Yu!" The worry on his face grew.

"You're worried about your big brother?" Yuan gaohan laughed. Relax, Songyue Yang city is filled with experts, and your big brother is not someone in the limelight. I recommended Duanmu Yu because I am afraid that the worst situation will happen, but the possibility is not big."

Mo Huayuan remained silent, but there was a sense of uneasiness in his heart that could not be erased. He had an ominous feeling.

"Don't think about it anymore," Yuan gaohan said with a smile. Tell me about what you've been doing over the years, as well as the situation about Li Yunxiao. I'm very interested in this man."

The two of them instantly turned into a ray of light and flew toward the palace in the distance.

Chapter 703-eggplant

Inside the divine realm tablet, in Mount Inchi.

Yunshang circulated the Nine Yang Manual and soon entered a state of selflessness. A large number of golden crystal sources of South Fire scattered around her and kept pouring into her body. The phenomenon of the nine yang flashed on her body, illuminating the entire cave with a fiery red light.

Under the surging force, Yunxiao's weak body gradually glowed with more and more white and golden light.

Yunxiao's divine sense began to slowly sink into the warm power, being nourished and nourished. His body was filled with an indescribable comfort and contentment, as if he was bathing in the sun in the middle of winter, and he felt so comfortable that he was about to fall asleep.

After an unknown amount of time, his divine sense gradually woke up from its drowsy state. His skin appeared to be a faint golden color as it continuously absorbed the energy from the southern Fire golden crystal essence. At the same time, rays of bright moon divine light were emitted from his body, intertwining with the nine Yang Qi in the air.

The two of them were calm and peaceful, with a smile on their faces. They were in a wonderful state, guarding the void with their mind, allowing the power of their God bodies to spread and blend with each other. They were feeling that kind of ethereal state where they had no self or anything else. The consumption rate of the southern Fire golden crystal source around them also became extremely fast.

Suddenly, Yunxiao smelled a faint fragrance. It was a faint fragrance that made him tremble and open his eyes. He saw Luo Yunshang leaning in front of him with her eyes closed. She was still meditating in the void of will defense, and she had leaned over instinctively.

Yunxiao could feel the thick breath, and a nameless fire was burning under his dantian.

Yunxiao's hand could not help stroking her soft hair, and then it slid down.

Yunshang's body trembled violently as she woke up from the selfless realm. Her eyes were filled with confusion and shock, and her whole body could not help but tremble. She felt that Yunxiao had pinched her very hard, and she could not help but murmur in pain. The moment she made a sound, a masculine aura came down from her face.

Her mind went blank.

.....

Yunshang and Yunxiao had been cultivating for nearly three days, and the people outside were getting a little anxious.

let me go! Wuwuwu, what are you doing?”

They tied Lil Wu to a large rock, planning to send him in immediately if anything went wrong.

Young Emperor haolian paced back and forth in frustration. “This miss Yunshang is really ... Shouldn’t she at least send a message? Let everyone be at ease.”

don’t keep wandering around in front of me, ” mo Xiaochuan said angrily. you’re making me confused. Miss Luo has her own plans, so you don’t have to worry about her!

Yuan gaohan, who had been silently cultivating with his eyes closed, suddenly opened his eyes and exclaimed, “What’s going on? The aura inside had been very stable. Apart from miss Luo’s nine yang true Qi, the other force should have come from Yunxiao. I originally thought that everything would be fine, but now that the two of them are in complete chaos, I don’t know if anything happened!”

Mo Xiaochuan was shocked and quickly asked, “master Yuan, what’s good about this?” Are we going to do something?”

Yuan gaohan’s expression became somewhat dignified as he pondered, “I’m just afraid that they’ll fail in their cultivation and go into Qi deviation, but it doesn’t seem right to go in and investigate. After all, the matter of the divine body’s radiance is most afraid of being disturbed. If it was originally fine, but we startled it, then it’s really over!”

“Inappropriate? What’s wrong with that? at such a critical moment, if you don’t go, I’ll go!”

Shaohuang haolian was the most impatient one and couldn’t help but rush into the cave.

“No!” Yuan gaohan shouted. The Emperor Qi fluctuations on your body are extremely strong, and it’s very likely that you’ll cause more trouble once you enter. If you want to go, let miss ding go. Her cultivation is the weakest, and the probability of causing chaos is the lowest.”

I'll go then," Ding Ling'er said. I'll try my best to restrain my aura.

Her face was solemn as she tried her best to suppress the aura on her body. She slowly walked into the cave. The scorching true Qi inside made her sweat all over. She was afraid that her movements would disturb the two of them, so she walked very slowly. Finally, she came into the cave and looked nervously.

"Ah? Ah!"

Yunxiao! two screams came out of Ding Ling'er's mouth. The scene in front of her made her tremble. Yunxiao and yunshang, half-naked, were rubbing and hugging each other tightly, like a burning firewood that could not be stopped.

Ding Ling'er's face immediately turned red and purple like an eggplant. In her embarrassment and anger, she instantly turned into a beam of light and rushed out. She did not wait for Mo Xiaochuan and the others to question her before she fled far away.

"Ah? Ah!"

Her sudden shock jolted yunshang out of her daze. Seeing her embarrassing scene and Ding Ling'er's eyes, she felt a little dizzy. She hurriedly pushed Yunxiao away and covered herself with the clothes on the ground. Then, she also turned into a beam of light and fled.

Yunxiao came to his senses at once, and after a brief daze, he smiled wryly. At this moment, the fire of desire in his body was burning to the peak and he felt uncomfortable all over. However, Mo Xiaochuan and the others outside the cave were also alarmed. His face was slightly red as he hurriedly circulated his vital Qi to suppress the evil fire under his dantian!

Mo Xiaochuan and the others were anxiously waiting for Ding Ling'er's news when they heard her two cries of surprise. They thought that something had happened and hurriedly rushed into the cave. However, they saw Ding Ling'er turn into a ray of light and rush straight into the cave. Without saying a word, she fled far away, leaving the few of them stunned at the entrance of the cave.

"What's with this Yingluo?" "Why is miss ding's face as pale as an eggplant?" young Emperor haolian asked with a strange expression.

Mo Xiaochuan hesitated for a moment. I don't care. Let's go in and take a look first. Young master Yun's comfort is more important!

Just as they were about to enter, they saw Luo yunshang rush out. She also transformed into a beam of light and struck out with her palm, opening a path and fleeing far away.

"This bi an ..."

This time, everyone was even more confused. Haolian shaohuang was even more surprised. "Why does miss Luo's face look like an eggplant? Are there eggplants inside?"

"Eggplant your sister!"

An angry curse came from the cave, and Yunxiao's figure gradually came out, but his face was a little strange.

"Young master Yun, you're alright?"

The few of them were overjoyed and hurriedly went up to him.

Yuan gaohan stared at him for a while before sighing, the magical effect of the divine body is really amazing. Not only has he recovered completely, but his strength has also increased sharply. He has broken through to the nine-stars Martial Emperor realm in just three days!

"This plucking technique is amazing!" Young Emperor hao lian was pleasantly surprised. I've only picked one, and you're already hesitating? young master Yun, you must teach me this cultivation technique! If I had learned it earlier, I would have reached the peak of the martial Supreme realm!"

Yunxiao ignored him and walked out with a strange look on his face. He felt dizzy. He did not know how long Ding Ling 'er and Yunshang would have to hide from him. If the three of them met again, it would be an awkward scene. He felt a headache coming on. Although Ding Ling' er and Yunshang had fled far away, he could sense every blade of grass and tree in the divine realm tablet, and he could only feel that they were still flying away.

"Young master Yun, what happened to Yingluo just now?" mo Xiaochuan asked. Why are the two of them flying in the same direction?"

"Ah? A direction?"

Yunxiao was dumbfounded. Sure enough, they were going in the same direction, and they were getting closer and closer. He slapped his forehead and quickly cut off his senses and divine will, then said, " it's nothing. I don't know what happened either. They ran away as soon as I woke up. Perhaps they felt a little bored after staying here for a long time and went to relax.

Yunxiao walked into the cave as he said, " I've just recovered. I'll be in closed-door cultivation for a few days. Don't disturb me!

Yuan gaohan and the others all looked at each other and revealed a smile that said "you know."

.....

Fufeng city was one of the 33 famous cities in the Eastern Region.

There were three major powers in the city, and house Xiahou was one of them. The entire house was in a jubilant mood, with an endless stream of people coming and going. The large family was all silent in celebration. Today was the 100th birthday of their patriarch, Xiahou Yuanming, and also the day of his concubines.

To cultivators, a hundred years old was nothing. Xiahou Yuan Ming's concubine was only sixteen years old, so no one felt that it was inappropriate.

...

The Xiahou were one of the most influential families in the Eastern Region, so they had a wide network of friends. There was an endless stream of celebratory guests, and the entire family's power was mobilized to receive the guests and maintain order and safety.

At this moment, in the most secure place of house Xiahou, in the secret chamber of the Treasury, Xiahou Yuanming's face was solemn. There was no joy of a birthday or a concubine. He looked at the Jade tablet on a table and muttered to himself, "I hope nothing bad happens. As long as we can get through tonight, everything will be fine."

The man behind him had a nonchalant expression on his face. It was his eldest son, Xiahou Cheng. He had a full beard and looked burly. "Father, you're being too careful. Isn't it just a profound level weapon? we can't tell if it's a ninth-tier one or not. Even if it's true, with house Xiahou's strength, who would dare to come and steal it?"

Xiahou Yuanming looked at him coldly and snorted in anger, "The ignorant are fearless! Do you really think house Xiahou is invincible? If he's not even the boss of Windfall City, who knows where he'll be in the Eastern Region? if we expand our horizons to the entire continent, he's not even a speck!"

Xiahou Cheng was at a loss for words. "Father, I know what you're saying. However, those sects that are far stronger than us don't lack this thing at all, and those sects that lack it don't dare to lay a hand on us. In my opinion, we should keep this thing for ourselves. Father, you're already a martial Supreme now. If you refine this thing, you'll definitely become the number one expert in Windfall City. By then, you'll be able to suppress the other two forces directly, and it's not impossible for you to even Annex them!"

Just now, a reader added my account, and he said his real name was Li Yi

Chapter 704-you've lived too long

"You're really a pig's brain, not as useful as your son!" Xiahou Yuanming angrily retorted. Jian 'er, tell your father about the implications of this!"

"Yes, Grandpa!"

A young man behind Xiahou Cheng said worriedly, "Although this Jade tablet fell from the sky, it landed in the Boneyard, so it should belong to the Boneyard. The land of bones had always been known as the tomb of the Almighty, and many good things had been unearthed from it over the years. Anyone who enters must have a permit issued by the blood God Palace. At the same time, it states that everything obtained must be sold to the blood God Palace first. This Jade tablet was secretly brought out by second uncle. If the blood God Palace finds out, house Xiahou will be in trouble!"

The other man, Xiahou ye, said bitterly, "I was just being greedy. I didn't expect it to be a ninth-tier profound armament. If I had known, I would have given it to the blood God Palace directly. Then, this wouldn't have happened."

"On what basis?"

Hmph! Xiahou Cheng snorted. The blood God Palace only grew stronger because of the lucrative job at the Boneyard. The Boneyard belongs to the entire Eastern Region. What right does the blood God Palace have to set rules and regulations? I really don't like the look of it!

"You pig head!"

Xiahou Yuanming was furious, "How did I give birth to a pig head like you! The blood God Palace was guarding the burial ground. It was decided by the Redmoon city at the Eastern Region Alliance conference! If you don't like them, you'll just scold them a little, but if they don't like you, they'll destroy you in minutes!"

"Big brother," Xiahou ye said, "the only thing we can do now is to wait for Lord Sun renhao of the myriad treasures store to buy it in secret. There won't be a second Chamber of Commerce in Fu city who'll dare to accept this deal. The resources that myriad treasures store promised us will be of great help to our future development. As long as we can survive today, the Jade tablet will no longer be in our hands. Even if the blood God Palace finds something, they can't do anything to us without any evidence."

"Hmph, I really don't know what you guys are thinking. A perfectly fine ninth tier profound armament, father, you've been dreaming of having a treasure, but now you actually want to secretly dispose of it! I thought that after father obtained this item, he would go into seclusion to refine it and become the second expert in Fufeng city to own a ninth tier profound armament and contend against the zu family!"

Xiahou Cheng had always felt that everyone was overthinking and overreacting.

Xiahou Yuanming snorted, "it's true that I want a ninth tier profound armament, but I can't use the fate of my family as the price!" After dealing with this item, the benefits he would get from the myriad treasures store, along with some of the family's savings, would be enough to buy one in the sea of soul formation! Cheng 'er, you don't need to attend tonight's banquet, bring some experts with you and guard this place well, we can't let anything happen to this Jade tablet!"

There seemed to be an extremely powerful seal on the Jade tablet, and it couldn't be stored in his storage ring, causing Xiahou Yuanming to be extremely vexed. He could only place it in the mansion's Treasury and let his most powerful son guard it.

"Don't worry, father. As long as the person is there, the monument will be there!"

Xiahou Cheng replied in a deep voice. He wasn't a shrewd man, but he was the second strongest expert in the Xiahou family and was at the peak of the martial honor realm. In the entire Windfall City, the number of people who could defeat him would not exceed the number of fingers on one hand.

"Well, I'm more at ease with you around. You two, come with me to the banquet."

Xiahou Yuanming turned and left with Xiahou Jian and Xiahou ye. Xiahou Cheng carefully inspected the surroundings of the Treasury and placed layer after layer of restrictions. After that, he placed a large number of experts in the surroundings and hid them in various places. He then sat cross-legged in front of the vault and closed his eyes to cultivate.

Xiahou Yuan Ming had just arrived at the front banquet hall when a steward hurriedly ran through the crowd.

Xiahou Yuanming frowned. what's the matter? why are you so flustered? don't lose your manners in front of the guest!

The housekeeper's face was filled with anxiety, and he immediately whispered a few words into Xiahou Yuanming's ear. Xiahou Yuanming's expression suddenly changed, becoming extremely unsightly.

Xiahou ye and Xiahou Jian didn't know what was going on. They hurriedly said, "What's wrong, old man?"

Xiahou Yuanming's face was ashen, and he said seriously, the myriad treasures store just sent a message saying that something happened in the merchant Union. Lord Sun renhao has just activated the teleportation formation and is heading to the headquarters of the myriad treasures store.

"What? Then what should we do?"

I don't know when he'll be back," Xiahou ye said in surprise. the merchant Union is doing fine. What could have happened that requires him to be called back?" Could it be that he suddenly went back on his word and deliberately found an excuse?"

Xiahou Yuanming shook his head,"I know sun renhao, he's definitely not the kind of person to go back on his word." Moreover, with their ten thousand treasures tower's strength, eating a ninth tier profound armament was not a difficult thing. Something must have really happened. This was really troublesome. I don't know how long we can keep the Jade tablet in our hands."

Just as he was worried, he heard a long laugh coming from outside and said mockingly, "Brother Yuan Ming, you've taken a concubine who's younger than your grandson. Congratulations!"

Xiahou Yuan's expression changed. A trace of killing intent flashed through his eyes. He forced a smile and went out to welcome them. He said coldly,"So it's brother huanshui. I heard that you have a son this year, who is two years younger than your great-grandson. The two little friends can play together happily. Happy, happy."

There was a flash of light outside the door, and two xiahou guards landed in the courtyard before they could stop him. There were more than ten of them.

Xiahou Yuanming's heart jolted, but his face remained expressionless as he smiled,"So brother Yue Ming is here too. Please come in, please come in!"

The two of them were zu huanshui and Zhangsun Yueming, the family heads of the other two major forces in Fufeng city. They had come together, but their expressions were not so happy, which was very different from the atmosphere around them.

"Brother Yuanming, although we're here to drink and congratulate you, our main purpose isn't to drink," Zhangsun Yueming said indifferently.

"Oh? Could it be that the two of you are here to play chess and drink tea with me? It's a pity that today is my double happy day, so I don't have time to accompany you."

Xiahou Yuanming didn't make a sound, but made a gesture of "no welcome," indicating that he was sending the guest off.

Zu huanshui sneered, "brother Yuanming, stop pretending!" I don't want that 16-year-old sister-in-law to become a widow before we even consummate our marriage!"

Xiahou Yuanming was enraged, and he roared, "Zu huanshui, today is my double happy day, your mouth is too cheap!"

Zu huanshui said sarcastically, "I won't beat around the bush with you. Hand over the ninth-tier Mystic weapon you got from the burial land. Then, we'll accompany you to drink a few mouthfuls of wine today. Otherwise, your banquet will really not be able to be held."

"Good, so you're joining hands to find trouble!"

Xiahou Yuanming's aura rose, and the pressure of a Martial Emperor spread out. The expressions of the surrounding people changed, and they desperately retreated.

Zhangsun Leming said coldly, "brother Yuanming, I'd advise you to be smarter. It's useless to play dumb." If we didn't have concrete evidence, we wouldn't have come here so presumptuously."

Xiahou Yuanming's heart skipped a beat, and he coldly said, "Alright, I'd like to see your so-called evidence. Hand it over!"

“Xiahou Jian, come out,” zu huanshui sneered.

“What?”

Everyone trembled, their faces filled with disbelief.

Xiahou Yuanming and Xiahou ye were also dumbstruck as they watched in a daze as Xiahou Jian walked out from the crowd and stood in front of zu huanshui with a smile.

you’re the one who called Jian ‘er’ Ge Ge Ge. What’s with this Ge Ge? ”

Xiahou Yuanming was completely dumbfounded. He felt his heart sink. He couldn’t understand Xiahou Jian’s betrayal at all.

“What’s going on?” Xiahou Jian sneered. You have to ask yourself that!”

“Jian ‘er, were you threatened by them?” Xiahou ye’s eyes were also filled with disbelief as he hurriedly asked.

“Coercion? No one is threatening me!”

I’m the one who sought them out to cooperate, ” Xiahou Jian said coldly. it’s all my own will!

The xiahou were all dumbfounded. Xiahou Jian was the family’s most valued eldest grandson. His future was limitless, and there was no possibility of him betraying them.

“You little b * stard!” Xiahou ye bellowed. Why? Give second uncle a reason!”

“Reason?”

...

Xiahou Jian pointed at Xiahou Yuanming and coldly said, "The reason is ... You've lived too long! You're already a hundred years old, yet you're still holding on to the position of clan leader. Besides, you're already a martial Supreme now, so you can at least live for another hundred years! A hundred years! From what I see, you won't give up your position until you're dead. So when will it be my turn?"

Xiahou Jian became more and more agitated as he spoke. He seemed to be roaring, "Besides, my father is already at the peak of the martial honor realm. He'll break through to the martial Supreme realm soon! After you die a hundred years later, my father will be the clan leader for another hundred years. By then, wouldn't it be two hundred years later when it's my turn? Heavens! Two hundred years, can I live that long? Even if he was lucky enough to break through to the rank of a martial Supreme, he would still be a dying man after living for two hundred years. What was the point of being the clan leader? Old man, have you ever thought about my feelings?"

Xiahou Yuanming was completely stunned. He looked at the sneer on Xiahou Jian's face and finally accepted this reality. His heart was cold, but he couldn't be angry. He had to calm down. If this matter were to blow up and the blood God Palace found out, house Xiahou would be in danger.

"Haha, well said!"

Zu huanshui laughed, " brother Yuanming, you have such a talented junior. You should have abdicated your position long ago. You took the position of the clan leader all by yourself and completely ignored the feelings of others. You finally tasted the consequences today, haha!

Xiahou Yuanming looked at his grandson with a dead heart, and said in a sad voice, " "Even if I die, or Cheng 'er dies, do you think the position of clan head will fall to you? Do you think these two tigers and wolves will help you rise to power? they're too ambitious to wait to devour house Xiahou!"

Zu huanshui laughed and said, " haha, who said so? we admire your young look the most. We will definitely train you well in the future. Now, tell us about the Jade tablet. Let this old man deny it.

yes. Xiahou Jian nodded. my second uncle brought the Jade tablet from the burial ground. It's now hidden in the Xiahou family's Treasury. The old man wanted to hand it over to sun renhao of the myriad

treasures store tonight to take away, but unfortunately, sun renhao couldn't come because he had something to do.

Chapter 705

705 Blood God Palace's disciple

"Haha, good, well said!"

After zu huanshui laughed out loud, his face gradually turned cold and he said, "Brother Yuan Ming, what else do you have to say?"

"What's so strange about the burial land obtaining a Jade tablet?" Xiahou Yuanming sneered. There are often treasures appearing there, and it's just an ordinary piece. If you like it, I can make seven or eight pieces for you. You can even carve your names on them."

"Hmph, brother Yuan Ming, don't try to change the concept. If you continue to be stubborn, then don't blame us for not considering our many years of friendship!"

Zu huanshui said in a cold voice as he exuded a faint aura. He was also a Martial Emperor.

"Since when did we have any friendship?" Xiahou Yuanming coldly retorted. "If you want to fight, then fight. Don't tell me house Xiahou is afraid of you!"

"Alright, since brother Yuan Ming insists on seeking death, how can I not fulfill his wish! I will take good care of your wife who is still waiting in the nuptial chamber, wunian!"

Zu huanshui's face darkened, and a saber suddenly appeared in his hand. Without saying a word, he slashed at it. Everything in the courtyard was split open as the saber ray passed by. Although the guests were not ordinary people, they had long been scared away by the battle between martial Supremes, afraid that they would be implicated.

"Dammit! If you have the guts, go out and fight!"

Xiahou Yuan Ming's hand shook as a sword flew out to meet the attack. As the two weapons collided, blade light and sword Qi spread out, directly cutting the entire banquet into pieces.

Xiahou Yuanming flew into a rage, directly flying into the air as he angrily said, "If you want to fight, then come!"

"Good, today the two of us will experience brother Yuan Ming's brilliant moves! Brother Yueming, let's go together!"

Zu huanshui wasn't afraid of being criticized and immediately called for help. The two of them chased after Xiahou Yuanming and disappeared into the horizon in the blink of an eye.

If a Martial Emperor fought without restraint, half of Windfall City would probably be done for, let alone the xiahou. This was an outcome that no one wanted to see.

As the three martial sovereigns soared into the sky and left, Xiahou ye suddenly said angrily, "Xiahou Jian, you bastard! I'll send you to hell right now!" He suddenly smacked his palm over.

Xiahou Jian's expression changed. He immediately dodged backward and called out for help to the remaining members of the zu clan and his eldest grandson.

The dozen or so people looked at him coldly, revealing an incomparably mocking expression. This kind of person who could even betray his own family, even if he was an enemy, would not be looked down upon. "The patriarch said that we shouldn't get involved if house xiahou has internal strife or is trying to clean up the house," one of them said loudly.

Xiahou Jian's expression changed slightly, and he suddenly revealed a sneer. He said coldly, you two families are really unreliable. Fortunately, I didn't rely on your trashy families!

When everyone heard this, they all frowned slightly, revealing puzzled expressions.

Xiahou Jian suddenly took out a token and shouted, "I'm now a member of the blood God Palace. Who dares to touch me?!"

“What? The blood God token?”

Xiahou ye was stunned. Even the members of the zu and ye families were completely dumbfounded. The blood God Palace was extremely powerful in their territory. They did not dare to provoke them.

“Haha, haha!”

Xiahou Jian laughed wildly and said coldly, ” “Second uncle, didn’t you want to kill me? Come on! Killing me is the same as killing a disciple of the blood God Palace. Does the xiahou not want to exist anymore?”

He walked forward smugly, bypassing the dumbfounded Xiahou ye, and kicked the man who had said he wouldn’t interfere in the xiahou’s Affairs. “Idiot, weren’t you very arrogant? Arrogant, arrogant, I’ll let you be arrogant!”

After a series of punches and kicks, the man was beaten half to death. The other party didn’t dare to fight back. The rest of the people also looked on in a daze, not knowing if they had forgotten to help or if they didn’t dare to.

“Bah! And you’re still acting tough in front of me. Do you really think I can trust your zu clan and Zhangsun clan?”

Xiahou Jian grinned hideously. I’ve only asked you to be the vanguard. After all, it’s more troublesome to deal with a Martial Emperor. I’m temporarily commandeering your two families, so listen to my commands!”

“On what basis?”

Finally, someone was unconvinced and glared at him.

Killing intent shot out from Xiahou Jian’s eyes. A cold light flashed in his hand, and a sword appeared, slashing out.

The ancient martial art practitioner snorted coldly, expressing his disdain for Xiahou Jian's cultivation. With a casual grab, the sword light was completely annihilated. However, that was all. After knowing the other party's identity as a member of the blood God Palace, these people were indeed fearful and did not dare to make a move.

good, how dare you touch me. Kill that person for me!

die! Xiahou Jian suddenly bellowed. It was unknown who he was giving the order to. The air suddenly trembled, and several flashes of blood could be seen. The martial artist from earlier let out a blood-curdling screech as his body was sent flying. When he landed again, all of his blood had been sucked dry, and he had become a dried corpse!

"?!"

This immediately shocked everyone. Even Xia houjian himself was shocked. When he saw that there were suddenly two people in front of him, dressed in black and with a cruel and hideous smile on their faces, he composed himself and hurriedly stepped forward."Thank you for your trouble, milords!"

hehe, the higher-ups sent us to help you retrieve that ninth tier profound armament. Everything is in your hands so there's no need to be so polite!

The black-clothed man on the left sneered.

Xiahou Jian immediately felt a surge of confidence. He laughed and raised his head. He swept his gaze across the people of the zu and Zhangsun clans and grinned hideously. I just said that I'm temporarily conscripted. Do you have any objections? "

Everyone gnashed their teeth in hatred. However, when they saw the two powerhouses from the blood God Palace, they felt a chill in their hearts and shivered. No one dared to stand out.

Xiahou ye only felt that the matter was becoming more and more serious. Taking away the treasures from the burial ground was a great taboo of the death god Palace. He would definitely die. If it was only the zu clan and the Zhangsun clan who came to fight for it, there would still be room for negotiation.

They could more or less find some common interests. Now that the blood God Palace had intervened, there was no room for negotiation.

At the thought of this, Xiahou ye couldn't help but cry out, "Xiahou Jian, your father is the one guarding the Treasury. Are you gathering these people to kill your father?"

Xiahou Jian's expression changed slightly as he coldly said, "I can't say that. It's just that my father has always been a blockhead. He doesn't know how to keep up with the times and can't distinguish the situation. If second uncle can come with me to persuade my father to open the door of the vault and hand over the ninth-tier profound armament to the blood God Palace, it will be a great merit."

"Haha, this is a great achievement!"

Xiahou ye laughed so hard that he cried. I took the Jade tablet out on my own. It has nothing to do with house Xiahou. I can give you the Jade tablet, but you're not allowed to cause any trouble in house Xiahou. If you have to kill someone, just kill me!

Xiahou Jian smiled and said, "Second uncle, you're overthinking things. We only want the Jade tablet. I'm also from house xiahou. Why would I do anything to them? I'll have to trouble you to persuade my father."

Xiahou ye revealed a mournful expression. He looked at him and said,"It's our honor to have a talent like you!"

hehe, second uncle, you don't have to mock me. You'll know in the future.

Xiahou Jian's eyes lit up as he said,"I'll definitely make a name for myself in the blood God Palace. I'll make all of you see me in a new light." The position of house Xiahou's patriarch is far from my end!"

Xiahou ye didn't say anything else. He walked in front of them in silence.

Xiahou Jian and the other two members of the blood God Palace, as well as the martialists from the other two forces, all followed.

After passing through a few corridors, the group finally saw the Treasury in the distance.

Xiahou Cheng's Tiger-like eyes snapped open. He immediately sensed the group's auras and grew alert."Second brother, who are these people? Why did you bring them here?"

...

big brother," Xiahou ye said pathetically. ask your good son, my good nephew, the good man of house Xiahou!

Xiahou Cheng's face darkened as he looked at Xiahou Jian. "Jian 'er, what's going on?"

Xiahou Jian had a guilty conscience, so he immediately lowered his head and even turned it away. "Father, I'm doing this for the good of house Xiahou. That level nine Mystic artifact came from the burial place and should belong to the blood God Palace. Father, quickly open the Treasury and let that Mystic artifact return to its original owner. We can't let a profound level weapon hurt the relationship between us and the blood God Palace."

"What?"

Xiahou Cheng's eyes widened in disbelief as he glared at his son."That's why you brought the people from the blood God Palace?"

He had noticed the presence of the two experts from the blood God Palace long ago. The demonic aura made him feel uncomfortable. After hearing Xiahou Jian's words, he immediately guessed that they were from the blood God Palace.

"Your good son is now a disciple of the blood God Palace," Xiahou ye said bitterly."He's even said that he's going to make a name for himself."

"You coward! You animal!"

Xiahou Cheng was so angry that he almost spat out a mouthful of blood. His eyes were about to pop out of their sockets as he rose into the air. He waved his palms with the power to topple mountains and overturn seas, bursting through the layers of air as he slapped toward Xiahou Jian.

how dare you attack a disciple of the blood God Palace? you're courting death!

The two men from the blood God Palace were also nine-star martial supremacies. In an instant, they attacked one after another. Two rays of blood light shot out and merged with Xiahou Jian, forming a blood palm that pushed forward.

...

"Bang!"

The two enormous forces collided, and the bloody palm was blown to pieces. The two men from the blood God Palace shuddered. Xiahou Cheng was extremely powerful. He was probably a tough bone to chew.

Xiahou Jian suffered internal injuries from the aftershock of the two palm strikes. He retreated continuously and said in shock and anger, "Father, you actually want to kill me? He didn't leave any room for mercy?"

Xiahou Cheng's pained expression was quickly replaced by determination. He said coldly, "I have to personally kill my own family for the sake of justice for a disdainful descendant like you!"

"Good, good, so you're this heartless!"

Xiahou Jian commanded the members of the zu clan and Zhangsun clan repeatedly. He furiously said, "Go, all of you, go! I'll kill whoever doesn't!"

Chapter 706

706 The vault

The people from the zu clan and Zhangsun clan looked at each other. No one was willing to make a move. Xiahou Jian was just a clown in their eyes, and now he wanted to command them. Of course, they were unwilling, but the token of the blood God Palace was in his hands, so they did not dare to disobey. They all stood there with cold gazes, and many people even turned their heads away without saying a word.

“You’ve already attacked house Xiahou today,” Xiahou Jian sneered. “Do you think they’ll let you go if you don’t? There are at least a hundred people lying in ambush here. If you don’t make a move, you’ll die!”

Everyone frowned and sure enough, a large number of cultivators rushed out from all directions, each one of them attacking the two families.

The two families felt bitter and helpless. Since the blood God Palace had already intervened, they would not be able to gain anything from this trip. They had long wanted to retreat under such circumstances. Under the siege of the xiahous, they could only fight, but their fighting spirit was completely gone.

The courtyard was soon in chaos. The two families had sent their elites, and their combined strength was greater than the xiahous’. However, at this time, neither of them was willing to be the Mantis and let the Oriole, Blood God Palace, gain the upper hand. They only dealt with the situation briefly. Although the battle was chaotic, it was not intense.

Xiahou ye’s attention was focused on the fight between Xiahou Cheng and the two experts from the blood God Palace. The three of them were all nine-star martial Supremes. Under the blood God Palace’s strange blood sacrifice technique, Xiahou Cheng was struggling to hold on, but he was still being pushed back and gradually falling into a disadvantageous position.

Anyone below the level of a nine-stars martial Supreme would have been annihilated on the spot if they were to get involved in a battle of this level. Xiahou ye became anxious as he watched and shouted, “Big brother, stop fighting. Just give them the Jade tablet!”

Xiahou Cheng’s figure flickered in the blood-red light. “Second brother, father has always said that I’m naive, but you’re the naive one now. Even if we hand over the Jade tablet, will they let us go?”

“Hehe, you’re quite enlightened! Disobeying the blood God Palace’s order and bringing out your own treasures means death!”

One of the blood God Palace’s men grinned hideously. The bloodletting spiky blade in his hand suddenly split into two, breaking through Xiahou Cheng’s defense while he was caught off guard. Another spiky blade even stabbed into his shoulder.

Xiahou Cheng suddenly felt a sharp pain in his shoulder. Furious, he blocked the blade from entering his body. Instead, he stepped forward and smacked the man’s forehead with his palm. Blood gushed out of his shoulder.

His opponent was shocked. He didn’t expect Xiahou Cheng to be so fierce. Unable to Dodge in time, he gritted his teeth and exploded into a bloody mist, causing his opponent’s palm to miss.

Xiahou Cheng’s brows furrowed. At this moment, another person flew up to attack him. He retreated in a hurry and pulled out the bloodblade on his shoulder at the same time. Immediately, a large piece of flesh was cut off, revealing the White bones. What made him even angrier was that the large piece of flesh had turned black and was actually poisonous.

The person who had turned into blood mist turned around and condensed back into a human form. However, his vitality was greatly damaged. He retreated to the side with a pale face and watched coldly.

The other man sneered. Seeing that Xiahou Cheng had been poisoned, he didn’t rush to attack. Instead, he waited for the poison to take effect.

Xiahou ye was greatly saddened by this. He shouted, “What will it take for you to let house Xiahou go? I’ll give you the Jade tablet and my life, isn’t that enough?”

of course not! the man from the blood God Palace sneered. those who disobey the blood God token must be prepared to be removed from the continent!

Xiahou ye was filled with grief and indignation. He drew his sword and charged forward. The sword’s radiance swept across the area. However, he was no match for the blood God Palace’s people. The

person watching the battle sneered and moved his body. He grabbed the sword with his bare hands and broke it with a bang.

A corrosive aura and the smell of blood came from the cut. The poison on this person was so strong. Xiahou ye was stunned for a moment before he saw a pair of blood-red hands grab him.

“Second brother!”

Xiahou Cheng cried out in alarm. He hurriedly shook off the people around him and flew over to rescue him. The blood God Palace disciple sneered and changed his direction immediately. It was a feint to the East and a strike to the West!

Xiahou Cheng was taken aback. Just as the bloody palm was about to land, the aura of the person behind him rose sharply, and he attacked with the same fierce move.

Xiahou Cheng’s origin power was already exhausted from the two attacks. Panicking, he hurriedly raised his defense to the maximum. However, his defense was broken in an instant, and two overbearing forces rushed into his body, shattering all his meridians. He spat out a mouthful of blood and was sent flying.

phew, the troublesome thing has finally been resolved!

One of them reached out, and a giant bloody hand appeared in the air. It grabbed the upper half of Xiahou Cheng’s body, who had completely lost his combat power. He looked around and said coldly, “Everyone, stop!”

All the xiahous stopped in shock and didn’t dare move.

“Haha, father, you won’t have a good ending if you go against the blood God Palace!”

Xiahou Jian laughed as he walked up. “Father, please hand over the restriction technique of this Treasury.”

Xiahou Cheng opened his eyes weakly. "Bastard! I really hate that I didn't shoot you into the wall for a moment of pleasure!"

"Haha, old thing, you're really stubborn!"

The blood God Palace's blood-red Hand grabbed at Xiahou Cheng, causing him to spit out a mouthful of blood mixed with a large amount of crushed internal organs. His aura instantly weakened.

"Don't kill him!"

"If he's dead, only the old master will know about the restriction technique!" Xiahou Jian suddenly exclaimed.

His eyes revealed a trace of ruthlessness as he said coldly, "If you don't treat me as your son, Xiahou Cheng, I won't treat you as my father either! I know you're a great hero, but aren't the xiahou's all heroes like you? Almost all of house Xiahou's elites are gathered here. You don't want to see them die one by one in front of you, do you? And your second brother, Xiahou ye, do you not want him to live?"

"Don't even think about using me to threaten big brother!"

Indignant, Xiahou ye raised his Broken Sword to commit suicide.

"The life and death of an ant is not up to you!"

The man from the blood God Palace flicked his finger and knocked the broken sword out of his hand. Then, a huge hand appeared and grabbed Xiahou ye in the air.

"Alright, alright, I'll tell you!"

He knew that he couldn't escape today. How could he let his family's elites and brothers die like this? he had to hand over the restriction method.

After the people of Blood God Palace memorized it, they began to perform spiritual arts one after another. The restrictions in front of the vault cracked like a mirror and were all unlocked.

haha, you're indeed tactful. Wait till we get our hands on the ninth tier profound armament, then we'll properly discuss how to deal with you ants!

The people of Blood God Palace laughed and kicked open the door of the vault. Just as they were overjoyed, an aura suddenly came out from inside. It was as vast as the sea, and there was a flash of strange light. That strange feeling was the power of domain.

"What's going on? This is Tao Wu's promotion to a revered martial artist?"

Everyone was shocked and rushed in. The scene in front of them stunned everyone. Then, shock and anger appeared on the faces of the two men from Blood God Palace. One of them said angrily, "What's going on?"

The entire vault was empty. There was not a single metastone in sight. There was only a young man sitting cross-legged in the vault. He exuded the aura of the eight desolation realm, indicating that he had just advanced to the martial honor realm.

Yunxiao opened his eyes and turned a blind eye to everyone. He smiled and said to himself, "I've finally recovered my eight desolation realm cultivation. I can feel some power now."

Xiahou Jian was also confused. He said angrily, "Who are you? Why are you here?"

would you believe me if I said I don't know why I'm here?" Yunxiao laughed.

Xiahou Jian's face was as dark as water. He said coldly, "As expected, you're not honest. It seems that I have to make you honest! Where are the treasures in the Treasury?"

Yunxiao touched the back of his head and said in embarrassment, "although the grade of the treasures here are not high, you can't be so ungrateful and throw them everywhere. I was kind enough to help you pick them up."

"You coward! Thieves, how dare you steal from the xiahou! You deserve to die!"

"Milords," Xiahou Jian hurriedly said, "that ninth tier profound armament must have been stolen by this kid!" Yunxiao's aura was that of a martial Supreme of the eight desolation realm, which was far above his, so he did not dare to make a move.

...

"Oh? Your vault is so well-constructed and has extraordinary restrictions. How did he get in?"

A man from the blood God Palace threw Xiahou Cheng and Xiahou ye away. They fell to the ground and vomited blood. Xiahou ye ran forward to treat Xiahou Cheng's injuries in grief. He couldn't help but cry.

Xiahou Cheng looked at Yunxiao in horror, despite his severe injuries. He could not figure out how this man had come in!

Yunxiao smiled wryly. in this day and age, people will think you're lying when they tell the truth. When you tell a lie, people will think you're joking. Only when you tell a joke will people think you're telling the truth.

"Kid, you're quite humorous, but I hate cunning and dishonest people," a person from the blood God Palace said coldly. He raised his hand and made a grabbing motion in the air. Just like before, a big blood-red Hand appeared in the air, then suddenly grabbed Yunxiao's upper body and lifted him into the air.

Yunxiao did not resist at all, but his pupils constricted as he said in surprise, "This cultivation technique is so mysterious. Are you guys from the blood God Palace? This is the blood God Palace?"

Xiahou Jian laughed coldly. haha, you've only just recognized us. Don't you think it's a little too late?"

Yunxiao gave an irrelevant answer, ‘so, this is the Eastern Region? The blood God Palace should be considered a top ranked sect, right? why is there only such a small amount of things in the Treasury? it seems to be very poor!”

“Damn it!” Xiahou Jian roared. He’s taken all of house Xiahou’s treasures, yet he still thinks it’s too shabby. Milords, let’s skin him and interrogate him!”

He was not angry because Yunxiao had taken everything, but because he had said that his family was poor!

The Xiahou family was one of the three great families of Windfall City, and he was embarrassed and angry at being called a house with nothing but four walls.

...

Chapter 707-seasoning

A man from the blood God Palace grinned hideously as he opened his mouth and stuck out his blood-red tongue. It stretched out infinitely and reached directly in front of Yunxiao’s face. hehe, this pretty boy looks like he’s going to taste good. It’s a pity to peel him off. Why don’t you add some ingredients and let me nourish him? ”

Everyone felt their hair stand on end when they saw this. They thought that the blood God Palace was indeed terrifying and strange. These cultivation techniques had made people look neither human nor ghost.

haha, as you like, my Lord. Why don’t I get someone to get some soy sauce from the kitchen? ”

Xiahou Jian also laughed heartily.

Yunxiao frowned, and his eyes gradually turned frosty as he said coldly, “It’s too troublesome to be a bystander. I’ll add something else for you.”

At this moment, his entire body was being held by that huge hand. The heavenly eye on his forehead opened, and a terrifying bolt of lightning shot out. It was the lightning of tribulation that he had absorbed and refined!

“Pa!”

“Ah!”

Without any warning, the lightning struck the long tongue directly and broke it. A large amount of blood mist spurted out. The man from Blood God Palace opened his mouth wide and roared in pain!

The long tongue fell to the ground and turned into a pool of blood.

“Ah, ah! You should die!”

The man with the broken tongue had blood all over his mouth. He suddenly reached out with his bloody palm, trying to crush Yunxiao into powder.

His blood essence was not only highly toxic, but it also contained a strong corrosive power. With the infusion of his vital Qi, an ordinary martial Supreme would have long turned into pus and blood.

“What?”

His eyes nearly popped out of their sockets. No matter how hard he tried, the young man completely ignored the bloody shadows that exploded around Yunxiao. His face was still cold and indifferent as he looked at Yunxiao with ridicule, as if he was watching a show.

“Who are you?”

The people from Blood God Palace suddenly realized that something was wrong. The two of them looked at each other and saw the shock in each other’s eyes. However, they did not panic. As long as the

two of them joined forces, it would be difficult for anyone below the martial Supreme realm to find an opponent.

“Let’s join forces and kill them quickly!” The man with the broken tongue said in a deep voice. His left hand formed a seal and he shouted, “Blood explosion!”

The huge bloody hand suddenly shrank and suppressed, constantly absorbing the spiritual Qi between heaven and earth, and then suddenly exploded!

He did not stop after that. Instead, he took out the bloodletting spike and turned into a bloody shadow as he rushed forward.

The other person from the blood God Palace did not hesitate either. His shadow flickered as he followed closely behind.

Yunxiao’s body glowed with a golden light. It was the inextinguishable golden body, and it was even flickering with the bright moon divine light. Under the shine of yunshang’s nine yang divine body, the two physiques actually combined together, forming the abnormal state of golden skin and white light.

After the bloody hand exploded, it couldn’t hurt him at all.

He stared coldly at the two bloody shadows, and his body gradually turned into lightning, as if the God of Thunder had descended to the world. A palm that was constantly growing in size slapped down from the sky, and wherever the palm Power passed, there was a crackling electric arc.

“?! What’s this Kasaya?”

Everyone was shocked. The might of the lightning struck fear into their hearts like the might of the heavens. They shuddered!

“What?”

The two men from Blood God Palace were also greatly shocked. The blood light directly manifested into human figures. The power of their domain was also expanded to the maximum in order to defend against the thunderous palm!

“It’s no use. Let the lightning wash your filthy bodies!”

Yunxiao said coldly. The lightning palm fell and instantly devoured two people from the blood God Palace.

“BOOM!”

A huge Thunderbolt exploded, and the Xiahou family’s impregnable vault was instantly blown to smithereens, revealing a clear sky.

Many of the others were also injured by the Thunderbolt. They looked at the cold young man in the sky in horror. They did not know where such a fiend had come from, and his attacks were so fierce!

“Pfft!”

The two men from the blood God Palace fell to the ground with severe injuries. They kept vomiting blood. The two of them were also extremely shocked. They were both nine-stars martial Supremes. It was impossible to defeat them without the strength of a peak martial Supreme. Even a peak martial venerable wouldn’t be able to win so easily with one strike.

“Does this ingredient suit your taste?”

Yunxiao said with no expression on his face. His indifferent look shocked the two men.

One of them struggled and said, “we’re from the blood God Palace. If you really dare to attack us, you’ll have to consider it carefully!” If you hand over the ninth tier profound armament now and leave, we can treat it as if nothing had happened!”

Yunxiao frowned and said coldly, "Pretend that nothing happened? Then wouldn't I have beaten you up for nothing? You mean you want me to beat you up again before you can treat it as if something happened, right?"

"?! No, no, stop!"

The man was shocked and quickly said,"I mean, as long as you can't ..."

"BOOM!"

Yunxiao was too lazy to talk nonsense with him. The Thunder of Heavenly Tribulation shot out from between his brows and blasted directly into the man's body, blowing him into pieces on the spot. I hate talking to stupid people.

"?!"

Everyone sucked in a breath of cold air and shivered. They could not accept the fact that this man had really killed the people of the blood God Palace. He had done it so casually and unscrupulously.

"You, what do you want to do? we have no grudges against each other!"

The other person from the blood God Palace was also afraid. He was so scared that his entire body trembled. He was used to being arrogant, and it was difficult for him to accept such a reversal of roles.

"No grudges? Originally, I was, but from the moment you attacked me, there was no longer any enmity between us."

Yunxiao held up a finger and shook it as he said, "Let me ask you, does your Blood God Palace have a piece of the living earth?"

"What?"

The disciple's expression changed drastically as he exclaimed, " "You, Jian Jia, you actually want that thing?"

so, you have one? " Yunxiao narrowed his eyes and smiled. so, you have one? "

The blood God Palace disciple suddenly burst out laughing."Ha-ha, you actually want the breathing earth! Let me tell you, the blood God Palace does have a piece, but can you get it? Even the red moon City has sent people to ask for it, but the palace Master has never given it to them. Who Do You Think You Are to have such an improper thought? haha, this is so funny!"

...

'What a joke!' Yunxiao said coldly. Then go to hell." Another bolt of lightning shot out from between his eyebrows. With a boom, the other Blood God Palace disciple was blown to pieces.

He was not a person who would kill innocent people. However, the blood God Palace was not a good place. The people inside were all filled with evil energy. They were all executioners who had killed people like flies. It did not matter if they died.

At this moment, everyone was completely stunned. No one dared to say a word. Cold sweat trickled down their cheeks. To kill a nine-stars martial Supreme in an instant, the cultivation of this man in front of them was unfathomable. Even if he was not a martial Supreme, he was almost there.

In fact, Yunxiao's strength was not as terrifying as they had thought. It was just that the two men from the blood God Palace had consumed a lot of energy after the battle with Xiahou Cheng, and the power of Thunder Yunxiao had cast was the nemesis of one of the evil Arts in the world, which doubled its power. It was the best way to deal with cultivation techniques like blood sacrifice.

"You, you, you, don't come over, come over!"

Xiahou Jian was so scared that he couldn't even stand straight. His entire body was trembling. He suddenly took out the blood God token and held it in his trembling hand. this, this is the real blood God token. You, you can take a closer look. It's not fake. It's the real blood God token!

In his mind, no one would dare to kill the people of the blood God Palace. Even though the truth was right in front of him, he still found it hard to accept, thinking that Yunxiao did not believe their identities.

“Yes, yes, I know!”

Yunxiao took the token, crushed it into a piece of scrap iron, and threw it out like garbage. “I won’t kill you. Don’t worry. I’m going to the blood God Palace. Just lead the way.”

He grabbed Xiahou Jian and turned into a beam of light, disappearing from the house.

Everyone looked at each other. If they hadn’t seen half of the xiahous being reduced to ruins by the lightning, they would have found it hard to believe.

...

The people of the zu and Zhangsun families did not dare to stay any longer. They quickly flew in the direction of their families.

Xiahou Cheng forced himself to his feet. “Second brother, quickly pack up and prepare everything. We’ll leave immediately after the old master returns! Windfall City is no longer a place we can stay in. We must find another place to take root!”

Xiahou ye immediately reacted. The blood God Palace would never let them go after this incident. It was just a huge family business with over ten thousand people. They couldn’t just leave as they pleased. However, they couldn’t care about that now. They could only escape in batches.

He looked at the empty vault that no longer existed, and his heart twitched. How many years of savings were gone just like that? He was one hundred percent sure that Yunxiao had emptied the vault, but he did not have the courage and strength to ask for it from him.

He could not even figure out how Yunxiao had appeared in the vault. And how was that ninth-tier Jade tablet taken away? that was a treasure that even the lordmaster was unable to take away. Could it be that his cultivation level was higher than the lordmaster’s?

When he thought of Yunxiao's question before he left, he broke out in a cold sweat. 'Did that kid really go to the blood God Palace to ask for the breathing earth? What kind of person was he? did he really not know how the word 'death' was written?

Xiahou ye's mind was in a mess. His greed had brought him such a disaster. He didn't have the time to think about it. He was already very lucky to be able to keep his life and the bloodline of the Xiahou family. He left Xiahou Cheng to heal himself and hurriedly gathered and dealt with family matters.

Fortunately, he was also good at management, and he quickly handled it in an orderly manner. When Xiahou Yuanming returned, he reported the situation.

The next day, the Xiahou family, which had been very popular in Windfall City for a time, sold all of their properties to myriad treasures store at an extremely low price. In just three days, the house was empty.

Chapter 708

708 Blood God Palace

Yunxiao grabbed Xiahou Jian and went to a teleportation array in Windfall City. He paid the primordial stones and said, "To the blood God Palace!"

"W-what?"

The hand of the person in charge of the teleportation trembled as he took the primordial stones. He looked at it and suddenly exclaimed, "Eh? sword young master, why is it you? Isn't it the time for the old master's great joy?"

Xiahou Jian's face was as purple as a pig's liver. He said angrily, "What does the old man's happiness have to do with you? Do your job well, don't ask what you shouldn't ask, and don't care about what you shouldn't care about! This young master is going to the blood God Palace. Where is your service attitude? Don't you understand the principle of customer supremacy? If you don't work hard today, I'll make you work hard to find a job tomorrow!"

The person-in-charge's mouth was wide open. He didn't know what was going on, so he could only nod continuously and quickly handle the teleportation. He couldn't afford to offend Xiahou Jian. In his heart,

he was cursing Xiahou's entire family. He didn't even let off Xiahou Yuanming's newly-married concubine, and even fantasized about her.

Yunxiao patted Xiahou Jian on the shoulder and said with a smile, "Kid, you're quite eloquent. You're a manager!"

Xiahou Jian pulled a long face. He tried his best to smile, but it was uglier than a bitter gourd.

The two of them entered the teleportation formation. As the light flickered, their bodies gradually dimmed and they disappeared.

The blood God Palace was not far from Windfall City, but even with Yunxiao's cultivation base, it would take at least seven or eight days for a warrior to fly there. No one would want to delay for so long.

After a while, the two of them appeared in a small town. People were coming and going, and it was even more lively than Windfall City.

"This is Suan ni," Yunxiao said in surprise.

A strange expression appeared on Xiahou Jian's face as he carefully asked, "Is this your first time here?"

"Maigu town? Such a strange name, Yingluo."

Oh, right! Yunxiao pondered. is this the place where the bones of the Eastern Region were buried? "

Xiahou Jian smiled bitterly. the burial ground is very famous, alright? how could you not know about it? could it be someone from another region? "

When he saw Yunxiao's face darken, he quickly slapped his own mouth and said, "I was too talkative! The place where the bones are buried is said to be a very famous battlefield in ancient times, and tens of

thousands of people have died there. There are many treasures inside, and there are even tier 9 Mystic stars.”

He gave Yunxiao a strange look and said with a wry smile, ” “The stone tablet that you took away should be a ninth tier profound armament, and it also came from this burial place. Even if it’s not to search for treasures, it’s still an excellent spiritual mountain and treasured land. Many people travel thousands of miles just to cultivate there, and the blood God Palace is the strongest sect that controls this burial place!”

Xiahou Jian raised his chin slightly as he spoke, a sense of honor appearing on his face. He thought that Yunxiao was from an outsider, so he did not know the power of the blood God Palace. It was understandable that he had offended him, but now, after listening to his story, he should have retreated.

But, he was immediately disappointed. Yunxiao did not look shocked at all, and even the slightest ripple appeared in his eyes.

“Oh? That must be a place with extremely dense spiritual energy. The blood God Palace is home to such a precious place. No wonder it’s so powerful.”

but, ” Yunxiao said thoughtfully, ” it’s really magnanimous of us to let outsiders enjoy our own spiritual mountains and precious land.

“You really don’t know anything, do you?” Xiahou Jian smiled bitterly. The burial place did not belong to any sect because it had an extremely important position. Therefore, hundreds of years ago, the red moon City had decided to hand the burial place over to the blood God Palace in the Eastern Region Alliance conference. The benefit was that the resources inside could be used as they pleased. However, this had also caused dissatisfaction among many sects. Everyone fought over this beautiful task. Thus, the blood God Palace came up with such a rule. Anyone could enter to cultivate and search for treasures as long as they paid a certain amount of vitality stones. However, the treasures obtained must be sold to the blood God Palace first. My second uncle obtained that Jade tablet and was reluctant to take it out. That’s why the blood God Palace came to hunt him down.”

Yunxiao sneered. come to kill me? ” Weren’t you the one who leaked the information and betrayed the family?”

Xiahou Jian's face reddened as he stammered, "I'm actually doing this for the good of the clan. I'm taking the initiative to make up for my mistakes."

Yunxiao pondered for a moment and said to himself, "If that's the case, the blood God Palace does have some power. I only know that their Palace Master is called the blood God, but I don't know how high his cultivation is. Do you know?"

the blood God is a title given to a Palace Master. Anyone who becomes a Palace Master will be called the blood God. As for the cultivation of the current Blood God, I think he should be at least a nine-stars Martial Emperor! Xiahou Jian said with a smile.

Yunxiao rolled his eyes at him, his undisguised sarcasm making Xiahou Jian's face burn. He really didn't know, but he was too embarrassed to say that he didn't know, so he just made it up.

if there's a nine-stars Martial Emperor," Yunxiao said lightly, "unless it's one of those reclusive experts, there's no way I wouldn't know him. Since I'm not familiar with the Scion of the blood God, it means that he hasn't reached the level that I'm paying attention to. Let's go. No matter what his cultivation level is, he'll know soon."

Without looking back, Yunxiao walked toward the huge building in the distance, which was vaguely visible in the vast spirit Qi.

what?" Xiahou Jian's heart jumped. He felt his hands turn cold as he hurriedly followed. He actually wanted to escape, but when he thought of the other party's lightning transformation technique, it was impossible for him to escape. It was better for him to be more honest.

After walking for a while, Yunxiao picked up Xiahou Jian and flew into the mountains. Soon, they arrived above the blood God Palace.

"That's the main hall!"

Xiahou Jian pointed at the tallest building and said proudly, "I was granted the honor of being a disciple of the blood God Palace in the main hall. We'd better hurry down, it's too conspicuous to stand here. It'll be troublesome if the palace's experts find us."

even a fool in the main hall can see where they hide their treasures," Yunxiao said coldly. where are they hiding their treasures? "

I'm just a new disciple," Xiahou Jian said with a bitter smile. how would I know the location of such an important place? "

"Oh? So you're useless now?"

Yunxiao's face grew cold.

Xiahou Jian was shocked, and a chill ran up his spine. He hurriedly said, "D-don't kill me! As long as you don't kill me, I'm willing to do anything! I'll even pick up the soap for you!"

After hearing that, Yunxiao picked him up and threw him down.

Xiahou Jian was suddenly alarmed. He realized that all of his meridians had been sealed at some point in time, and he could not summon any Yuan Qi. His expression immediately changed. He had fallen from a height of ten thousand meters. If he fell like this, he would be crippled even if he did not die!

Just as he was panicking and secretly praying that he would fall into a tree instead of directly falling to the ground ...

Suddenly, his body collided with an invisible force. A huge force gathered. Xiahou Jian didn't even have time to shout before his entire body shattered into pieces, turning into dust forever.

hmm, there's indeed a mountain-protecting formation. What should we do? "

Yunxiao patted his forehead in distress and fell into deep thought.

"Who dares to touch the great mountain-protecting formation? could it be that life is not as you wish and you want to die? This time, I can let you have your way!"

A cold voice came from below. Immediately after, a red light flashed and a red figure gradually appeared in front of him.

Yunxiao was taken aback. The voice belonged to someone he knew. When the bloody shadow showed its face, it was Cao Yaxing, who was in Mount Meru.

You ... You're Li Yunxiao, the Bi'an!

Cao Yaxing also recognized him in an instant. After a brief moment of shock, his eyes narrowed as he coldly said, "I didn't expect you to have advanced to the rank of martial honor. Is it because you have the spiritual energy of Yanwu?"

Yunxiao was taken aback as well. The cultivation technique of the Blood God Palace is indeed evil. Even if you can fly, it's impossible for you to be at the peak of martial honor! Could it be that you've drunk the blood of a true spirit?"

The aura that Cao Yaxing exuded was no longer the same as before. He coldly said, "You don't need to know about this. Why have you come to my Blood God Palace?" A strange look appeared in his eyes. He licked his dry lips and grinned. "Hehe, I've been thinking about the few treasures you took from Mount Meru."

The aura on his body grew stronger and stronger, and the entire sky turned a light red color, suffused with a trace of the smell of blood, making people extremely uncomfortable.

"Eh, I heard that the Blood God Palace has a large piece of breathing earth in Mount Meru?"

...

Yunxiao did not stand on ceremony and went straight to the point.

Cao Yaxing was stunned for a moment, then he sneered, "Don't tell me you're here to steal the expanding Earth from the Blood God Palace."

Yunxiao smiled slyly and said, " haha! You're so smart! You guessed it right at once. The blood God Palace is too big. It's not easy to find it. I don't want to alert too many people. I definitely can't defeat the blood God."

"This joke isn't funny at all," Cao Yaxing said coldly.

because it's not a joke," Yunxiao said with a faint smile. if you tell the truth to people nowadays, they will think you're joking.

Cao Yaxing felt like he was being looked down on, and he was a little angry. He said coldly,"I think you're out of your mind. Do you want me to smack the water out of your head first?"

as long as you point me in the right direction," Yunxiao said with a smile. I'll do as I please.

Cao Yaxing's pupils contracted, and as if he suddenly thought of something, his expression changed drastically, " "Are you really here for the breathing earth?"

"Of course!"

Yunxiao's face turned serious, and he no longer looked like he was joking.

"Ha, haha!"

...

Cao Yaxing couldn't help but laugh out loud. He was so angry that he laughed instead."I always thought you were a talent, but I didn't expect you to have a flaw in your intelligence. In this case, how can I be at ease leaving the treasures in Mount Meru with you? let me keep them all!"

With a wave of his hand, a blood flag rose into the air and fluttered in the wind. The entire sky suddenly changed color, and in the blink of an eye, it turned into a sea of blood!

Yunxiao still stood there with a smile on his face. After he had advanced to the rank of martial honor, his all-powerful aura of the past had returned. With so many trump cards in his hand, fewer and fewer people in the world could kill him.

Next week's notice has been posted on Taiyi Shengshui's WeChat public account, taiyis. Please look forward to it.

Chapter 709-giant pinwheel

The blood flag fluttered in the air, and Cao Yaxing sneered, "Your expressionless face is exactly the same as when you were in Mount Meru. I hate it. Today, I can finally trample him flat and relieve my worries."

haha! Yunxiao laughed. it seems that you have a lot on your mind.

"I have to admire your calmness," Cao Yaxing sneered. "If I refine you into my blood flag, I'm sure its power will increase greatly. Since you've become a stepping stone on my path to the peak, I should have no regrets in this life."

His hands quickly formed a series of hand seals and the blood flag exploded with a loud bang. A blood slave slowly emerged from the sea of blood. Its face was ferocious and its eyes were pitch-black and empty. The aura on its body had actually risen to the level of a one-star martial Supreme!

"My blood slave is pretty good, right? I have the same cultivation as you, can I eat you? I'm looking forward to it."

Cao Yaxing had a smug look on his face, as if he was a cat toying with a mouse. He pointed his finger, and the blood slave quickly roared and charged forward. Other than the fact that it did not have a domain, its attack was a genuine eight desolation realm attack!

"BOOM!"

When the blood slave's punch hit the air, a cloud of blood mist exploded. Yunxiao dodged in a flash, leaving afterimages behind as he dodged in the air and kept retreating.

The smile on Yunxiao's face did not fade as he said loudly, "you're also a martial honor now, not a little kid. Why do you still like to play such boring games? act like an adult. He raised his hand, and his fist turned into a green lightning bolt that struck down.

"Bang!"

A bolt of lightning struck the blood slave's body and exploded. Half of its body was blown away. It wailed in the blood sea, but it quickly recovered. It was as if the surrounding blood Sea World could provide endless power.

Cao Yaxing's expression changed, and a hint of vigilance flashed across his face. The power of lightning was one of the nemesis of his blood art. no wonder you're so fearless. It turns out that you've mastered the power of lightning. However, the difference in strength between the two of you is too great. No matter how much you try to restrain it, you'll still be a Mantis trying to stop a car. If you think that this move is not satisfying enough, then try this!

He shouted and waved his hands. With a " Bang Bang Bang " sound, clouds of blood mist burst out from the sea of blood and condensed into blood slaves. There were nine of them and each of them was at the martial Supreme realm!

The ten blood slaves, who were all martial Supremes, roared and surrounded Yunxiao. Their auras were so strong that Yunxiao's skin slowly began to turn blood-red.

A mocking smile appeared at the corner of Yunxiao's mouth as he said, " you really haven't improved. I'm so disappointed. The heavenly eye on his forehead suddenly opened, and a strong wind power blew out. It was controlled in his palm and slowly rotated. A tornado suddenly formed and became bigger and bigger.

After advancing to the rank of martial honor, Yunxiao's control over the power of these elements had become stronger. A strong wind whistled in his hands and kept blowing in all directions. He clenched his fingers, and the eye of the tornado was suddenly suppressed. Its height suddenly shrank sharply,

spreading out like a Whirlpool on the surface of the water, cutting through layers of space like sharp blades.

"Let's try my newly invented technique-Great Windmill!"

Yunxiao laughed. The sound of the wind in his hand became more and more piercing, like foam scratching glass. Cao Yaxing's eardrums hurt, but what shocked him even more was that wherever the strong wind passed, it was mercilessly torn apart. The ten martial Supreme blood slaves were cut into pieces before they could even attack. The wind did not stop, growing stronger and stronger, and the entire sea of blood began to become unstable.

"Damn it!"

A burst of anger welled up in Cao Yaxing's heart. He had been suppressed by Yunxiao when he was at Mount Meru, and now that he had advanced to the peak of martial honor at a god-like speed, he should have been able to easily crush his little companions back then, but they were still suppressed by Yunxiao as if he were playing with them. This made his heart burn with anger!

"A hundred thousand flags to slay the Yama!"

Cao Yaxing flew up into the air, grabbed the blood God flag that was waving in the sky, and turned it into a saber before he slashed it at Yunxiao. Under the surging force, the sea of blood was split into two in an instant, surging violently.

"Hmph, I'm not interested in playing with you anymore, because you've already lost your qualification!"

Yunxiao's eyes turned cold as he pointed out two fingers. Two Northern heaven cold star swords shot out and formed a double sword array in the air. In an instant, the sword Qi swept across the sky, leaving no filth in its path. The swords slashed at the blood flag, sending out waves of spirit pressure that covered the sky like a spider web.

"?! What's going on?"

Cao Yaxing's heart trembled, and his eyes were filled with shock. His Blood God's flag began to crack under the sword power, and drops of blood essence turned into beads and dissipated from inside. However, the sword Qi of his opponent not only did not dissipate, but instead, it was getting stronger and stronger as it entered the flag, trying to destroy it completely.

“Damn it, this doesn't make sense!”

Cao Yaxing gritted his teeth and poured all his power into the blood God's flag. The blood-red light suddenly brightened and shook out the sword Qi, but it was already very difficult. The blood God's flag was what he wanted to cultivate, and if it was damaged, the consequences would be unimaginable. He hurriedly used all his strength to shake off the sword pattern formation and retreated hundreds of meters.

As Cao Yaxing retreated in defeat, the blood-red light that filled the sky was also retracted back into the blood God flag, and the sky returned to normal.

Cao Yaxing's face was pale, and the flag in his hand had become very pale. There were also a lot of cracks on the flag, and it had been destroyed. He gritted his teeth and said, “What profound level weapon is this? Don't tell me it's two ninth tier profound armaments!”

He was extremely jealous. At a glance, he could tell that the two swords were extraordinary, and they were not taken out of Mount Meru by Yunxiao, but by those in Mount Meru. Oh my God, how many treasures did this kid have?

Yunxiao smiled faintly and said, “I remember that you also got a good sword in Mount Meru. Why? did you hand it over to the organization?” I don't think you're that kind of selfless person.”

Cao Yaxing's face flickered. Among the several treasures in Mount Meru that day, Yunxiao was the only one who had taken the biggest share. Luo Qingyun had snatched a long spear, Xu Qing had obtained a mirror, and he had seized a sharp sword. He had never mentioned it to anyone, but had refined it silently by himself, which had now become his greatest trump card.

But at this moment, he was hesitant. It was absolutely unwise to expose his trump card in the sky above Blood God Palace, and judging from Kong's double-sword diagram, he might not be able to suppress

Yunxiao even if he used his sharp sword. Moreover, this man had always been cunning and had many trump cards, but he had not seen him use any of the tricks he had in Mount Meru.

A sense of powerlessness suddenly welled up in Cao Yaxing's heart. He had thought that he was well-deserved to be the leader of the younger generation, and that he did not take those famous young experts seriously. But when he found that an unknown Li Yunxiao had left him completely helpless, his former pride had vanished in an instant.

Hmph, you do have some skill. However, you offended the Blood God Palace today, not me. I have no reason to fight you to the death. Someone will naturally come to deal with you!

After he calmed down, he put away the Blood God flag and stood with his brother in his arms. It's okay to tell you about the Breathing Earth. It's in the hands of my master's clone of Blood God. If you're so capable, go and take it!

"Oh? You're that kind?"

Yunxiao frowned slightly. Judging from Cao Yaxing's expression, he did not seem to be lying. "I wonder how strong the Blood God is?"

"You really want to go?" Cao Yaxing sneered. My master was already a five-star Martial Emperor five years ago. He has been in closed-door cultivation for the past few years, and no one has talked about his cultivation for a long time. I think he's at least a six-star Martial Emperor if he's not seven or eight-stars. Do you really want to snatch the treasure from a six-star Martial Emperor?"

yes, six-star and seven-star. It is indeed a little troublesome.

Yunxiao fell into deep thought. At present, the strongest person in his team was undoubtedly Mo Xiaochuan, but even Mo Xiaochuan was only a four-star. Even if he was heaven-defying, he could only challenge a five-star at most. The gap between each level of Martial Supreme was even greater. In Songyue city, Mo Xiaochuan and Haolian Shaohuang were no match for Xu Danhe even when they joined forces, and Xu Danhe was only a peak five-star Martial Supreme.

Hmph, you don't know the immensity of heaven and earth. Here comes your trouble. Be prepared to be buried in the blood God Palace!

Cao Yaxing sneered. As soon as the mountain-protecting array was activated, more than a dozen figures flew up, and all their divine senses fell on Yunxiao. Each of them was filled with a monstrous murderous aura and extremely filthy, and they looked extremely ferocious and ugly.

brother Ya Xing, I always thought you were ugly, " Yunxiao said in surprise. I didn't expect you to be a beautiful man in the sect. No wonder you've been staying in a filthy place like the blood God Palace. It turns out that you can find confidence in your appearance.

The blood God Palace's cultivation technique was a collection of all the filth in the world. Not only did it distort one's soul, but it also distorted one's physical body.

li Yunxiao, do you know that your confidence and calmness make me hate you?" Cao Yaxing said angrily through gritted teeth, " I really want to step on your dead face with the sole of my shoe!

The other's courage to look down on the others, his wisdom in the face of danger, and his calm temperament were all what he wanted to pursue. These qualities that should have belonged to him had appeared on his opponent, making him extremely angry and resentful.

"Elder Cao, who is this man? Do you know each other?"

Among the dozens of people, a peak martial venerable asked with a frown. His eyes were filled with killing intent.

I don't really know him, " Cao Yaxing snorted. I only know his name. I'll have to trouble elder Yu to help me deal with this.

"Oh? With elder Cao's strength, do you need me to do such a small thing?" Elder Yu's face revealed a suspicious look. Obviously, he was not a stupid person.

Cao Yaxing looked at him indifferently and said, "Although this person only has the cultivation of a one-star martial Supreme, he has some hidden cards that are quite difficult to deal with. I can't bear to see him die. Here, but he trespassed my Blood God Palace and violated the rules. He'll die without a doubt. I hope that elder Yu and the other members of the elder Council can solve my problem."

...

Chapter 710-breaking the door

so that's how it is. This kid is a martial honor. I can see that he is full of vigor. The blood essence in his body must be very appetizing. It's perfect to feed my blood slave!

Elder Yu's face twisted as he laughed, "Elder Cao, I won't be polite then."

please go ahead," Cao Yaxing said indifferently. however, he has some tricks up his sleeve. Elder Yu, you must not be careless.

"Haha, thanks for the reminder!"

Elder Yu did not care about such a reminder. Laughing, he reached out a palm and grabbed at Yunxiao as he said, "give me all your blood essence. It's your great honor!"

All the martial honors around them looked envious. It was a rare opportunity to refine all the blood essence of a martial honor, because martial honors were not so easy to kill. If the other party could not defeat them and wanted to escape, it would be very difficult to kill him, too. But at this moment, everyone's divine senses were locked on Yunxiao, and he could not escape even if he had wings.

why are all you people from the blood God Palace the same?" Yunxiao said, speechless. if you want my blood, then take it.

He formed a strange seal with his hands, and a long cry rang out from between his brows. The divine Phoenix Flame appeared and burned towards elder Yu, who was flying over with an interested expression.

so you're a fire controller. It doesn't seem like an ordinary flame. You really have some skill.

Elder Yu's hands quickly formed seals, and a twisted blood skeleton formed behind him. It opened its bloody mouth and bit at the flame. my blood slave can suppress and devour all elements. Hehe, you are indeed a great tonic for it!

The blood slave swallowed the fire Phoenix in one gulp, and its body froze in the air for a few seconds.

“Bang!”

Without any suspense, the blood slave exploded in an instant. The Phoenix's eyes flickered with anger. It swept up the clouds in the sky and burned the sky red. It flew down, and everywhere it passed, there was a raging fire.

“Ah!”

Elder Yu cried out in pain. The blood slave that was connected to his mind had completely exploded at this moment. It no longer existed.

The blood slave's death had shocked him greatly. His heart meridian had been damaged. He was terrified and his mind was completely blank. His blood slave was almost immortal. Only he could revive it with a mouthful of his blood essence. However, Tao Wu had completely disappeared this time. He couldn't feel any aura of its existence. What was going on with this Tao Wu?

As he watched the Phoenix burn down, he felt an incomparable sense of danger. He roared in anger, “Everyone, attack together and kill him!”

The rest of the people were also shocked by the explosion, but when they heard elder Yu's cry, they immediately threw out all kinds of ultimate moves, and in an instant, blood-red light soared into the sky and surrounded Yunxiao.

Cao Yaxing's heart was also in turmoil. Elder Yu's blood slave was so powerful that even he would have to spend a lot of effort to win, but Yunxiao had won with one blow, and he did not panic at all in the face of more than a dozen martial Venerables.

"Come and have a taste of my windmill!"

Yunxiao laughed and suddenly clenched his hands. Two gusts of primordial wind whistled and spread out, spinning around him like two huge turbines and pressing down on the martial Venerables around him, sweeping away the blood light that filled the sky.

"What?"

his elemental power is too strange and powerful! elder Yu suddenly shouted. everyone, don't use your blood essence. Just stack your domains and shake him to death! He gritted his teeth and took the lead in spreading out his domain power to suppress Yunxiao.

A martial Supreme's most powerful technique was the eight desolation territory, which simulated rules and was invincible!

Elder Yu's idea was very correct. With so much power of martial Venerables stacked together, even a one-star Martial Emperor would find it difficult to make a breakthrough at once. As long as he could suppress Yunxiao for a few minutes or even a few seconds, it would be enough to kill him.

All of a sudden, all of the blood essence in their heads was taken back by everyone. The power of all kinds of domains continued to extend, and the air became abnormally heavy, as if it was about to solidify into iron. It became incomparably hard, and just moving one's bones and muscles would require a lot of strength.

As for the space where Yunxiao was, it was distorted by the overlapping layers, and he was on the verge of being nervous at any moment!

Yunxiao's face finally flickered. At this moment, the pressure exerted by the space on him was as heavy as several mountains, and his body was covered in bright moonlight. After all, he was only a one-star

marital Supreme. When everyone gave up on their martial techniques and adopted the most clumsy method, he found it difficult to deal with.

“Haha, strength can overcome ten techniques!”

Elder Yu was overjoyed and said excitedly, “Could this brilliant light be a special Constitution? A blood slave that is lost can be remade. This special physique is extremely hard to come by. Kid, you destroyed my blood slave, so I’ll use you to be my second blood slave!”

He took out a flag and waved it in the air. It was different from Cao Yaxing’s flag, but it was more or less the same. Then, the sea of blood rushed toward Yunxiao, trying to swallow him.

Yunxiao’s eyes gradually turned cold as he said in a cold voice, “I’m just playing with you for a bit, and you’re getting more and more energetic.” His entire body turned into a pale green lightning bolt and he suddenly turned into a bolt of lightning and shot up. bang! It broke through the blood sea and flew high into the sky.

“What? He can’t be trapped by so many domains!”

Cao Yaxing’s expression changed drastically, and cold sweat began to pour down his face. He thought about how he had the stupid idea of using his trump card to fight his opponent, and now he was filled with fear. His heart was extremely heavy, and he couldn’t understand how his opponent had managed to cultivate. He was actually this abnormal!

“What is he doing?”

At that moment, Cao Yaxing was looking into the distance. He saw Yunxiao stretch out his right hand high in the sky, and the divine realm tablet slowly flew out, growing larger and larger in the air until it turned into a small mountain. Suddenly, the power of the territory spread out, and it fell down at an increasingly faster speed.

Everyone was shocked. The power of the three territories on the divine realm tablet was fully activated, and a strange phenomenon appeared. Three-colored lights kept flowing around the tablet, appearing layer by layer, and the tablet fell to the ground like a meteorite!

“?! He’s going to run!”

Cao Yaxing looked down in shock and saw the blood God Palace’s Mountain-protecting formation. He shouted in shock, ” “Not good, he’s going to use the monument to break the mountain-protecting formation! Stop him!”

Elder Yu and the other experts were already unable to move under the suppression of the domain’s power. They were trying to think of a way to escape when they suddenly heard Cao Yaxing’s words. They were all scared out of their wits and did not dare to stop him. They all burned their blood essence and exploded into clouds of blood mist in the air as they used blood escape to escape.

Those who were slow were crushed by the divine realm tablet and turned into dust by the infinite gravity and the power of wind and Fire, leaving no trace. Even though they were dozens of meters away, they were still shocked by the overlapping power of the three territories.

After Yunxiao had advanced to the rank of martial honor, his control over the divine realm tablet had improved again. At this moment, he could even fight a one-star Martial Emperor!

“Boom boom boom!”

The divine realm tablet finally shook on the mountain-protecting formation, causing a loud noise on the ground that could be heard for thousands of miles. All the Warriors in the distance flew into the air and looked at each other in horror.

Elder Yu’s face was ashen and his hands were covered in cold sweat. He gritted his teeth and said, ” “Elder Cao, is this the problem you wanted me to solve for you? I think this question of yours is simply unsolvable!”

didn’t I tell elder Yu to be careful? ” Cao Yaxing asked. he has a trump card. How could he be so careless and lose so many Palace Masters? I’m afraid it’ll be hard to explain to the blood God.

“Cao Yaxing, you’re not human!” Elder Yu said angrily. I helped you out of goodwill, but you actually schemed Against Me!”

“Help me?” Cao Yaxing sneered coldly. If it wasn’t for elder Yu’s blood essence, would you have helped me? We’d better think of a way to explain this to the blood God!” His eyes became serious as he said, “this li Yunxiao really doesn’t know what’s good for him. No matter how strong he is, he’s just a martial honor. I’d like to see how he’ll deal with this if he offends the great experts in the nine Heavens realm in the palace!

Elder Yu’s expression changed slightly as he stared at Cao Yaxing with a strange look. He grinned, elder Cao, this person is an old acquaintance of yours, but it just so happened that he came to kick the door when all the great experts were refining the blood beasts. I really can’t believe that there could be such a coincidence!

Cao Yaxing’s expression changed, and he said coldly, “Elder Yu, what do you mean by this? Talking nonsense will kill you!”

haha, it’s not up to me to decide whether I’m talking nonsense or not. I wonder if Lord Blood God believes in such coincidences in the world? ”

Elder Yu laughed heartily, and when he saw Cao Yaxing’s pale face, the gloominess in his heart was swept away.

“Boom boom boom!”

...

Under Yunxiao’s command, the divine realm tablet kept bombarding the array. Finally, after one blow, the sound of a cup breaking came from the entire mountain, and the array gradually dissipated.

“How dare you! You deserve to die!”

An angry roar came from Blood God Palace. A bloody figure rose into the sky and punched out. The fist force broke through layers of air, shaking the entire sky. It hit the divine realm tablet. Suddenly, the three forces of territory were scattered and the light on the tablet kept spinning.

Yunxiao's heart trembled, and he swallowed a mouthful of hot blood. He then recalled the divine realm tablet and looked down.

Although he had received Emperor Wu's punch with the divine realm tablet, he had been injured instantly.

The Martial Emperor's pupils constricted and he said coldly, "ninth tier profound armament?" Then, his eyes fell on Yunxiao, and he was stunned. He quickly spread out his divine sense to search the surroundings, and after making sure that no one was around, his face turned extremely gloomy as he said in a cold voice, "elder Yu, you are in charge of the defense today. How could you let a one-star martial Supreme break the mountain's protective formation while you just stand by and watch?"

Elder Yu's body trembled as he felt a chill run down his spine. He quickly stood up and said, Lord Sima, this person is an old friend of elder Cao. We were caught off guard and many members of the elder group were killed by him. Even I was seriously injured because of my carelessness!
