

The Eternal 711

Chapter 711-accident

“Elder Yu, what nonsense are you spouting? how dare you slander me!”

Cao Yaxing was furious. He didn't think that the other party would actually use him as a shield.

A trace of suspicion flashed across Sima chuanheng's face as he coldly said, “No matter what, you can't escape the crime of dereliction of duty. I'll listen to your explanations after I capture this person!”

He raised his head, his eyes filled with coldness, and said in a cold voice, “boy, no one can save you today. I see that your blood essence is not bad. You can take it to the blood-refining beast!”

Yunxiao looked at him coldly and said with a frown, “Blood fiends? What the hell is that? where's the blood God?”

Sima chuanheng raised his eyebrows and said coldly, “You know our Palace Master?”

“Lord Sima, this brat said he's here to steal the breathing earth,” Cao Yaxing quickly said.

Sima chuanheng was stunned, as if he had heard the funniest joke in the world. He held his stomach and laughed in the air, tears falling. “Ha ha, ha ha, you want to snatch the breathing earth? Haha, a one-star martial Supreme came to my Blood God Palace to snatch the breathing earth. Ha, ha ha ~”

A sneer appeared at the corner of Yunxiao's mouth as he looked at him and said, “Where is the blood God?”

Sima chuanheng's laughter stopped and he said sarcastically, “The living earth is indeed in the hands of the palace Master. Right now, he's using it to refine the blood beasts in the blood Beast Palace below. If you have the ability, go and snatch it. However, I have to tell you that all the experts of the nine Heavens realm in the blood God Palace are present. If you have the guts, go ahead.”

He made way for Yunxiao sneeringly and made an inviting gesture, looking at him with a mocking expression.

Cao Yaxing furrowed his brows, as if he wanted to say something, but he held back. With the combat strength Yunxiao had shown just now, he was strong enough to compete with a Martial Emperor, but he did not dare to touch Sima chuanheng's eyebrows now, as that would be courting death.

He turned his face to look at elder Yu. The other party had the same expression as him. He must have thought of this as well. When they started fighting later, Sima chuanheng would probably suffer a little. This was good too. Their dereliction of duty might be lighter.

thank you! Yunxiao smiled and said. He really flew down, heading towards the blood Beast Palace that Sima chuanheng had pointed at, not even looking back.

Sima chuanheng stood in the air in a daze. Suddenly, he was filled with anger and shouted, "Arrogant and ignorant, how dare you look down on me!" He pointed a finger at Yunxiao, and the Emperor Qi broke through the air at an extremely fast speed, trying to penetrate him completely!

"Hmph!"

Yunxiao's body twisted in the air, then teleported away, causing Sima chuanheng to miss. His pupils constricted as he cried out in horror, "What? Teleportation?"

His body flickered and caught up with Yunxiao in an instant. He landed above the blood Beast Palace first and threw a punch at Yunxiao as he roared, "no matter how capable you are, you are not qualified to behave atrociously in the blood God Palace!"

All the martial Supreme powerhouses had gathered in the blood Beast Palace and were busy refining the blood fiends. If something went wrong at this critical moment, even he would not be able to bear the responsibility.

The might of the Emperor Qi suppressed everything!

The space where Yunxiao was was completely frozen, and he could not even teleport. Meanwhile, the fist wind was coming at him, about to crush him into pieces.

Suddenly, a figure flashed, and haolian shaohuang came out from behind Yunxiao and sneered, " "You have the nerve to call yourself a martial Supreme with such fist strength? Stop embarrassing a martial Supreme. I'll let you know what a real martial Supreme's punch is!"

A soul-shaking fist will spread in the air, as if it came from an endless time and space, peeking at the great path of the fist technique and descending.

"?!"

In the distance, Cao Yaxing and the others did not have time to think about why there was suddenly an extra person. They were so shocked that they felt a chill run down their spines. They did not even have the courage to retreat. It was as if any unauthorized movement would be crushed into pieces under the power of this fist.

Not to mention the martial sovereigns, even Sima chuanheng's body trembled. It was as if he had fallen into an ice cellar, as if the end of the world had come.

"Boom boom boom!"

Sima chuanheng's fist force instantly crumbled and disintegrated in the air. His power was on the verge of collapse.

"How is that possible? This force is clearly only a one-star Martial Emperor. Their strengths are equal, but why is there such a big difference?"

The flesh on Sima chuanheng's face trembled violently under the power of the fist. He circulated the strength of his entire body, but it was difficult to resist. A feeling of a Mantis trying to block a car surged up in his heart, and he was the Mantis!

"BOOM!"

As the fist force landed, Sima chuanheng could no longer block it. His entire body was smashed into the blood Beast Palace, causing a huge tremor.

“Roar!”

“Argh! Don’t!”

A demonic beast’s roar came from the palace, followed by Sima chuanheng’s miserable cry. He seemed to have died.

Yunxiao’s pupils constricted as he said in a serious voice, “ what a powerful demonic Qi. Could it be a ninth-rank demonic beast? ”

this energy doesn’t seem to be purely demonic Qi, ” young Emperor haolian also said in a deep voice. it’s very uncomfortable. Even I feel like vomiting when I smell it.

All sorts of shocked and angry voices came from the palace below. It seemed that after Sima chuanheng fell, it was a mess.

“Not good, we can’t control the blood Fiend. Everyone, retreat! Don’t get hurt by it!”

A cold and stern voice rang out from below. Immediately after, several rays of blood-red light shot out. The entire Blood Beast Palace was filled with a bloody smell before it suddenly exploded.

“Boom boom boom!”

The explosion spread far and wide, almost blowing up half of the blood God Palace. A terrifying monster appeared in front of everyone. Its whole body was as red as blood, as if it was boiling. Blood bubbles kept coming out of its body. Its eyes were black holes. When it opened its mouth, the thick blood dripped onto the ground, corroding a large area.

“Damn it, where did this animal come from, making all our efforts go to waste!”

In the distance, a completely red martial artist was so angry that his entire body seemed to be on fire. His body was actually the same as the blood Fiend, as if it was directly condensed from blood. At this moment, it was also constantly bubbling. Clearly, he was angry!

“Roar!”

The blood Fiend let out a loud roar. After looking around with its pitch-black eyes, it suddenly flew into the distance, trying to escape. It was running in Yunxiao’s direction. Although it was not very intelligent, it still had the ability to distinguish the strong from the weak. After scanning the area, it immediately found that the people in Yunxiao’s direction were the weakest.

“Don’t let it escape!”

The red Warrior exuded a powerful aura, which frightened everyone present. Even the blood Fiend looked frightened and panicked, and it ran even faster.

Yunxiao’s face flickered. The red-haired warrior was definitely the blood God, and the violent aura he exuded was far above that of everyone else.

The blood Fiend was also very powerful, and its aura seemed to be no weaker than the blood God.

“Roar!”

The blood Fiend’s speed of escape was extremely fast. As if it had discovered that there was someone in front of it, it suddenly roared in anger and turned into a bloody light, ready to rush over.

Under the pressure of the blood Fiend, Yunxiao felt a chill run down his spine. He suddenly made a bold decision. In an instant, he threw out the divine realm tablet, which glowed with a brilliant light and a surging soul power spread out around it, forming a sweeping force.

...

The blood Beast was startled, but it had already rushed to the divine realm tablet and almost crashed into it. Before it could react, it was dragged into the tablet by Yunxiao's soul power and disappeared.

"Hu!"

He suddenly let out a breath, and his whole body was covered in cold sweat. After he had captured the blood Fiend, he didn't have time to stop. He directly recalled hao lian shaohuang and teleported a hundred meters away. Then, he turned into a Thunderbolt and quickly fled.

The whole process took only an instant. From the moment the blood Beast disappeared, the blood God was stunned for a moment, and only when he saw that Yunxiao had run a thousand meters away did he react. With a mad roar, he turned into a beam of blood light and chased after Yunxiao.

Blood escape was an extremely powerful escape art, and with the blood God's shocking cultivation base, he had closed the distance of a hundred meters in just a few blinks, which put great pressure on Yunxiao.

you're really courting death. You captured the blood Fiend and attracted the pursuit of such a powerful figure. The blood escape technique is not inferior to your Thunder escape technique at all!

The demonic Dragon's grumbling voice could be heard. you've just escaped death and saved your life, and now you're messing around again. You're really an idiot!

However, it was just complaining. Anyway, it had the divine realm tablet. If it couldn't defeat it, it could just hide. As long as it wasn't a peak Martial Emperor, it was basically impossible to break the power of a realm.

Yunxiao laughed and said, " haha! It was an accident that I caught that thing. But, I think it is very important to the blood God. I can use it to exchange for the breathing earth.

what right do you have to make a deal with him? ” the evil Dragon snorted. do you think he’ll give you the chance? ”

Yunxiao smiled indifferently. opportunities are created by people. I’m not going to talk to you anymore. It’ll be really troublesome if he catches up to you! He suddenly swallowed a few pills to increase his weak power. His speed increased a little, and he put some distance between him and the blood God.

...

In the distant Blood God Palace, everyone was dumbfounded by the sudden change. It was silent for a few minutes.

“Gulp!”

One of them swallowed his saliva and said with difficulty, ” “Should we give chase?”

“Chase? How are you going to chase them? With the palace Master chasing after them, we naturally don’t need to worry.” The other person snorted coldly and revealed a trace of doubt in his eyes, “But why did such a fiend appear for no reason? Who was this person? What’s his background?”

His eyes unconsciously turned to look at Cao Yaxing and elder Yu, and both of them trembled as cold sweat dripped down their backs. All of the experts’ eyes were focused on them, and they did not feel like they were being stabbed by a sword. Instead, they felt like they had become porcupines!

The two of them had never imagined that the situation would turn out like this. The blood fiends had been stolen. If they were to be punished, they would not be able to make up for it even if they died a thousand times.

However, the two of them were extremely intelligent. They secretly looked at each other and immediately exchanged looks. Their hearts settled down and they were prepared to push all the responsibility to Sima chuanheng.

The dead would always be the best scapegoat.

Chapter 712-pursuit

“Brat, don’t let me catch up to you. Otherwise, you’ll regret being born in this world!”

The blood God kept roaring behind him, and he was so angry that he almost exploded. When he saw that Yunxiao only had the cultivation base of a one-star martial Supreme, he felt that he had been played, and he was extremely ashamed. But, he did not know that Yunxiao had also taken the blood Fiend by accident. Thinking that it was a premeditated act, he kept threatening, “ I’ll skin you and eat you in a pot. When I’m peeling you, I’ll cut you with my spine and cut the skin on your back into two halves. I’ll slowly separate the skin and muscles with the knife and tear them apart like butterflies spreading their wings. Then, I’ll spread some sesame oil and scallions on you.

A long string of horrifying words came out of his mouth, accompanied by the sound of grinding teeth, which sounded eerie and terrifying.

But, Yunxiao could not help but laugh and say, “ Haha, after saying so much, you forgot to add salt. How about this, I’m Li Yunxiao, and I’ll bring salt for myself.”

“I’m angry, damn it!”

Seeing that he couldn’t intimidate the other party, the Scion was so angry that he began to scream. Seeing that the other party was extremely young, he thought that a few simple scares would have an effect, but he didn’t expect to be ridiculed instead. He was so angry that he burned his blood essence and rushed up, his speed increasing by a few notches.

Yunxiao was taken aback, but he quickly swallowed medicinal pills and ran as fast as he could. The distance between them was maintained at a few thousand meters, but the gap was shrinking.

The demon Dragon scolded, “ you idiot! You’ve angered him again, haven’t you? we don’t know how much of this area belongs to the blood God Palace. Let’s see how you’re going to escape now. He has enough blood essence to catch up to you.”

Yunxiao was also very depressed. He did not want the blood Fiend at all, and he could not explain it now. He could only get rid of the blood God first and then slowly think of a way.

Suddenly, he fixed his eyes on the ground in front of him. A faint, strange force spread out like smoke, giving off a desolate feeling of the ancient firmament. Yunxiao was slightly taken aback, and he suddenly plunged down, causing a bolt of lightning to fall from the sky.

The blood God frowned slightly. Yunxiao was heading in the direction of the burial ground, and he felt that something was wrong. But at the thought of the blood fiends, he could not care less and followed closely behind.

Who are you? how dare you barge into the burial land? do you not want to live?!

The Guardian below appeared and struck at Yunxiao's Thunderbolt in shock and anger. It turned out to be a Nine Heavens Martial Emperor. The spirit energy above the burial land was sucked dry by his palm, then suddenly burst out.

Yunxiao frowned and suddenly teleported himself as far as he could. Although he had dodged the first attack, he was still within the palm force. His skin flickered with a golden light, and the power of the primordial astral wind whistled around him, protecting him in the middle. But, he still could not withstand the power of the palm, and his body was shaken to the point that divine light flickered as he struggled to hold on.

He couldn't stop for even a moment at this moment. He could only rush over by force. Otherwise, the clones of the blood God behind him would arrive in the blink of an eye, and that would be really fatal.

"Zhong runian, stop him!"

The blood God's roar was deafening, and he looked overjoyed. Although Zhong runian's palm force had failed to stop Yunxiao, it had broken his Thunder escape technique, allowing him to rush nearly a thousand meters in half a breath and almost reach him with a kick.

"P-p-Palace Master!"

Zhong runian was shocked. Although he had seen that it seemed to be people from his own sect chasing after them, he would never have thought that it was the blood God Himself. He was horrified and said

hurriedly, " "Yes!" At the same time, he was greatly shocked. Yunxiao had completely passed through his palm force and was falling toward the boundless burial ground.

No one knew how many years this burial land had existed for and how many secrets it contained. The most unique feature was that there seemed to be a seal inside, and no one could use their divine sense. If Yunxiao managed to sneak in, it would be really difficult to find him.

At the thought of this, Zhong runian did not dare to delay any longer. In a flash, he turned into a bloody light and rushed at Yunxiao. The power of Emperor Qi spread out from his body, and a huge seal appeared in his hand, sealing the surrounding space and forming a huge natural barrier.

Without saying a word, Yunxiao immediately threw out the divine realm tablet, and the power of three territories spread out, especially the earth territory, which was instantly exerted to the extreme. The infinite gravity crushed the entire space, and Zhong runian's hand seals were also shattered by the spatial power.

Zhong runian's eyes almost popped out of their sockets. Although his energy barrier was extremely large and dispersed its power, it was by no means something that a mere martial venerable could break. The power on the divine realm tablet even made him feel extremely depressed and uncomfortable.

"Well done, Zhong runian!"

Just as Yunxiao broke the barrier and was about to rush down, the blood God's voice rang in his ear, and he trembled violently. Then, he saw a blood-red light shoot into the sky. The bright world of heaven and earth in front of him had completely turned into a sea of blood.

Although Zhong runian had only stopped Yunxiao for a few breaths, it was enough.

The clone of Blood God's first move was to use the world of blood sea. He would first absorb the other party into it and then slowly torture and kill them. On the way here, he had burned off a lot of his most essential blood, and was already so angry that he could not take it anymore. For a moment, he did not know how to torture Yunxiao. He only felt that all the means he had used in the past were too light and could not vent the resentment in his heart.

“Palace Master, this person is bi an.”

Zhong runian wiped the cold sweat off his forehead and flew over to ask. Fortunately, the blood God had arrived in time, or he would not have been able to trap Yunxiao. He could not figure out who would need the blood God to attack in person.

“Hmph, what’s wrong with this kid? What’s going on?”

The Scion of the blood God snorted coldly. Suddenly, a ball of sword light burst out from his world of blood sea. A ray of light broke through the sea of blood and rushed towards the land of bones, causing his entire body to tremble. He couldn’t react to the unbelievable reality for a moment. He turned around and roared repeatedly, burning his blood essence again and chasing after the blood God.

young master Yun, you go first. I’ll hold them off!

Mo Xiaochuan stopped in mid-air and turned around. He held the heaven-shaking demon-slaying sword horizontally in front of him, and waves of sword Qi shot out. He looked at the sword expressionlessly as he slowly unsealed it.

It was him who had broken the sea of blood with the power of his sword and escaped with Yunxiao.

Yunxiao chuckled and said, “Your heaven-shaking demon slaying sword is refined by gathering the righteous Qi of heaven and earth. It’s the nemesis of evil Arts like theirs. I’ll help you again and teach this demon a lesson. Don’t think we’re easy to bully!”

He opened his immemorial heavenly eye, and the Thunder of Heavenly Tribulation flickered in his pupils. Although Yunxiao could transform into Thunder, it was still far inferior to the heavenly Tribulation of a ninth-tier Mystic artifact. The power of the heavenly Tribulation had destroyed peak martial Venerables in the Xiahou family with each move.

“Nurture lightning!”

Yunxiao cried out as his body turned into Thunder. The Tribulation Thunder in his heavenly eye gathered on his right palm, gradually growing larger and stronger. The surrounding Thunder flashed and illuminated the sky with a purple-green color.

At the same time, the immemorial astral wind on his left hand turned into a vortex that continued to expand. The fire Phoenix shadow appeared between his brows and was about to rush out at any moment.

“Mm! That’s Yingluo.”

The blood God suddenly came to a stop with a solemn look on his face. He did not understand how they had suddenly turned into two people. More importantly, the aura of the two men gave him a sense of danger. Although Yunxiao’s Thunderbolt whirlwind made him look more flamboyant, what he really paid attention to was the silent mo Xiaochuan next to him, especially the sword in his hand, which made his heart palpitate!

good, you’re finally not running away. You dare to confront me directly. I can’t help but say that you’re ignorant and fearless!

The clone of Blood God raised his right hand. A mass of blood shadow rushed into the sky and condensed into the shape of a huge blood slave. It opened its mouth and roared as it pounced down. Its voice was gloomy and terrifying, shaking the entire burial land’s martial artists. They looked up at the sky with infinite horror, and their hearts kept trembling.

“The mortal world gazes at Ying Haoyue!”

Mo Xiaochuan shouted as he drew his sword, releasing a wave of sword Qi.

Yunxiao suddenly cried out, “Thunder blessing, rotation of Wind and Fire!

The power of lightning in his right hand suddenly caught up with the sword light, and at the same time, the true Phoenix Flame whizzed out. Immediately after, the great pinwheel in his left hand also spun upwards. In the sea of sword Qi in front of him, three elemental powers suddenly appeared. They were dazzling and their power instantly multiplied!

“BOOM!”

The blood slave of the blood God was blown up by the sea of Swords and its entire body was shattered. Zhong runian, who was watching from a distance, was completely dumbfounded. He couldn't imagine that there were countless other martial artists who were cultivating or searching for treasures in the burial land who were just as stunned as him. They all looked at the strange phenomenon in the sky in horror.

“You think you've won?”

Just as the two of them thought that they were safe and were about to fly down, the blood God's cold voice suddenly rang in their ears. They were both shocked. Mo Xiaochuan's eyes flashed, and he turned around to stab in the direction of the voice. Blood splattered everywhere, but he did not see anyone.

Yunxiao's three northern sky cold swords emerged as well, forming a sword diagram around him and sweeping in all directions.

“Bang!”

...

The three swords were suppressed by a force at the same time. The formation showed signs of collapse, and the sea of Swords was filled with red light and blood.

An abnormal sense of danger appeared in his heart and spread out uncontrollably. He was suddenly shocked and wanted to escape by teleportation. However, he found that the space had been frozen, and it was difficult to even move.

“Ha, open!”

break! mo Xiaochuan suddenly shouted and turned his sword force around. A sharp, shrill sound rang out as the great emperor pressure around Yunxiao shattered one by one. Then, he suddenly expanded his spiritual power and teleported away.

The moment he moved away, a blood shadow appeared in the original space. The clone of Blood God appeared with a furious expression and slapped mo Xiaochuan.

Mo Xiaochuan's expression turned serious. The cultivation of the blood God was far higher than Xu danhe's. He raised his sword to block the attack.

“Bang!”

The bloody palm hit the sword, and a large amount of sword Qi was shot up. The sound of a treasured sword buzzing in the air could be heard.

Chapter 713

713 Bounty

The blood God's palm was shockingly powerful. The blood light actually passed through the sword and shattered mo Xiaochuan's defense, landing on his chest.

“Pfft!”

Mo Xiaochuan's body trembled violently and he spat out a mouthful of blood. He was sent flying along with his sword.

The space twisted at that moment. Yunxiao's body turned into a Thunderbolt as he grabbed mo Xiaochuan and teleported away again, heading straight for the burial ground below.

“You want to escape?”

A cold light flashed in Blood God's eyes. The strength of these two people was too terrifying. They could actually destroy his blood slave with their combined strength. Even if it wasn't for the blood fiends, he couldn't let them go! He turned into a bloody light and chased after them.

"BOOM!"

Yunxiao put mo Xiaochuan back into the divine realm tablet, then transformed into a Thunderbolt and fell down. Dust was immediately stirred up on a mountain below, and a huge black pit was formed.

The clone of Blood God landed on the mountaintop in an instant, and his face grew nervous. As soon as he entered the restrictive zone, his divine sense was completely useless. He kept his eyes fixed on the ground, afraid that Yunxiao would escape, which was like a fish entering the sea, and it would be even more difficult to pursue him.

Zhong runian, the person in charge of the burial site, landed as well. He stared at the black pit and said with a solemn expression, "Palace Master, could he have escaped from below?"

The blood God's expression changed and he flew into the pit. A huge explosion followed, and there was a feeling of the earth shaking.

A beam of blood light rushed up. It was the blood God. His face was extremely gloomy and he roared, "Dammit! Not only did he escape, but he also left a trap for me to step into. Zhong runian, do you have any way to find a person in this burial ground?"

Zhong runian looked troubled and said, "Palace Master, the terrain here is complex and there are all kinds of strange phenomena. Divine sense is completely useless. If he really wanted to hide inside for his entire life, we really couldn't do anything about it, but we can issue a reward for all the cultivators and treasure hunters inside to work for us."

"Yes, this is the only way out. Immediately go and issue a reward. Whoever finds the traces of those two and helps us capture them will be rewarded with a ninth tier profound armament. If anyone can take their heads, they will be rewarded with three ninth tier profound armaments!"

The Scion of the blood God said calmly, startling Zhong runian. "Palace Master, isn't this reward a little too much?"

The Scion of the blood God looked at him coldly and said, "Those two people are worth this price. Moreover, they have escaped from me several times. Who in this burial ground can kill them? It would be good enough if they could provide some information. At the same time, send someone to the palace and gather all the martial Supremes here to set up the nine Yin Haoyuan fiend formation and seal the entire burial place into the formation. Once you find the traces of those two people, you'll make sure they have no way out!"

"Yes!"

Zhong runian broke out in a cold sweat. The nine Yin Haoyuan fiend formation was the blood God Palace's number one fiendish formation and was set up by all the Martial Emperor powerhouses at the same time. Even a peak Martial Emperor would find it difficult to break out of the formation. Yet, such a formation was used to wait for two inexplicable people. He wondered what was so special about the two of them that the palace Master attached so much importance to them.

He didn't dare to delay and immediately flew away to announce his reward and send someone back to the sect to report.

Meanwhile, the Scion of the blood God hovered quietly in the sky, slowly closing his eyes to cultivate, covering the entire sky above the burial ground with his divine sense so that Yunxiao would not accidentally escape.

All the martial artists in the mountain range below could see him when they raised their heads. Each and every one of them revealed a strange and surprised expression.

Soon, the bounty was announced through various means, and the video of Yunxiao and Mo Xiaochuan spread as well. All of a sudden, all the Warriors in the Boneyard were in an uproar.

A one-star martial Supreme and a four-star Martial Emperor could get a ninth-tier Mystic weapon as long as they provided the information. This made everyone's blood boil. Moreover, it was said that the four-star Martial Emperor had been injured by the blood God and his strength had been greatly reduced.

“Hey, is this news reliable? As long as we provide a clue, we can get a ninth tier profound armament?”

nonsense. Look at the blood God in the air. He’s personally watching over the battle. It’s not like you didn’t see the intense battle just now!

“Hmm, those two are really strong. The martial Supreme is still fine, but I wonder how the martial sovereign who was injured by the blood God is doing.”

I don’t think it’ll be too good. You should have heard of the martial techniques of the blood God Palace. Which one of them isn’t extremely Yin and evil? a casual hit from them can take half a life!

“Well, I don’t care. If that Martial Emperor is still in his state, we will just provide him with information. If he is not in his state, then we will try to get the three ninth tier profound armaments!”

After the conversation, the two warriors headed toward the place where Yunxiao had fallen.

This situation quickly spread, and a large number of martial artists were in an uproar. They were all extraordinary people, at least with the strength of a martial honor. Those underlings below the martial honor level did not dare to join in the fun.

Soon, a large number of experts arrived from the blood God Palace and began to set up the entire Boneyard. As the area was too large and the line was extremely long, even if they could not trap Yunxiao, they would be able to catch him as soon as he rushed out of the Boneyard.

hmm, things seem to be a little interesting. To be able to attract the attention of the blood God, those two must have something extraordinary on them. Its value should be above the three ninth-grade profound armaments.

In a hazy forest, the leaves rustled. Suddenly, a figure slowly emerged from the empty forest. The color of this person’s body was the same as the fallen leaves, making it difficult to recognize him.

His face was covered in a messy beard. No one knew how long he had been silent here, but he revealed his two buck teeth and muttered with a smile, " I've been in seclusion for three years. I didn't expect that someone would send me a treasure when I came out. This is my luck, haha!

In a Valley, the calm water surface suddenly split open, and a flame directly soared into the sky. The entire Lake split apart, and under the lake was actually a sea of fire. A ray of light jumped out and landed on the shore. Its wonderful figure proudly stood out, and a wisp of red muslin gently wrapped around the private part of its body, revealing a suspicious look.

The woman's long hair was also like flames that reached behind her. She sniffed the air with her nose and murmured to herself in a moving voice, " Just now, my yellow spring hell flame actually had a subtle change. It seemed to have sensed another powerful flame. Hmm, if I can get another mutated fire seed, I'll be able to completely cultivate the divine power. I'll go and take a look!"

As soon as she finished speaking, she had already appeared a hundred meters away, turning into a fireball that whizzed past the Boneyard.

Not only was the spiritual Qi in the burial place rich, but there were also all kinds of strange places and energy scattered everywhere. A large number of experts from all walks of life were living in seclusion there, and many of them were also alarmed by the battle and bounty of the blood God.

"Palace Master, the nine Yin Haoyuan fiend formation is ready. The range of the main array is within a thousand miles. In order to ensure that we don't miss the net, I have also sent out the martial Supreme experts in the sect to develop the main array and expand the range by another three thousand miles!"

Zhong runian carefully reported.

yes, a ninth-tier profound weapon is enough to attract anyone to attack. There are some old monsters lurking in the burial land that even I have to be somewhat afraid of. It would be great if we could attract them to attack.

The Scion of the blood God opened his eyes and said with a hint of ruthlessness,"Those two must fall into my hands!"

It was not just hatred. More importantly, it was the blood fiends. They had used the entire Blood God Palace's power to refine them. Their value was incalculable.

don't worry, Palace Master, " Zhong runian said. even if those old monsters make a move, we'll still be able to catch those two with the help of this formation. "I'm afraid of Yingluo." A trace of worry appeared on his face.

"You mean the core passage?" the Scion of the blood God's eyes narrowed.

Cold sweat broke out on Zhong runian's forehead and he hurriedly said, " That's right! As far as I know, although the core passage is guarded by the people of Red Moon City, there seem to be Saints mixed in. If those two escape in that direction and are discovered by Red Moon City and killed, then we'll have to ..."

"We can't let them fall into the hands of the red moon City. The burial land is so large, and the chances of them going to the core passage are extremely low, but I can't take this risk." Take a group of experts with you to guard the path to the core passage, just in case!"

"Yes!"

Zhong runian hurriedly received the order and left.

The blood God's face grew more and more solemn. This matter was getting out of hand, and if someone learned about the blood Beast, it would certainly cause a great storm. He had to find Yunxiao and the blood Beast as soon as possible.

At that moment, Yunxiao had found a remote place to hide. The strange state of the burial land had aroused his great curiosity. Even his divine sense as an eighth-tier Alchemist was suppressed and could not expand at all.

such a powerful divine sense restriction, this method is really unusual. Who set up this method? "

Yunxiao frowned. Although he had heard of the Boneyard, it was not very famous on the continent, so not many people in the Eastern Region knew about it.

...

Just as he was about to check it carefully, his mind suddenly moved, and his expression changed. He hurriedly took out the divine realm tablet and rushed in with a flash of light.

Inside the divine realm tablet, mo Xiaochuan was howling in pain on the ground. His entire body had turned red, and a monstrous murderous aura was constantly rising from his body, gradually forming a Phantom in the air.

Yunxiao frowned, and his face immediately darkened as he shouted angrily, "Evildoer, you actually dare to stir up trouble!" He stretched out his hand and a Golden Claw mark immediately formed in the air. It grabbed the red shadow above mo Xiaochuan tightly, letting it struggle and scream in fear.

This shadow was the evil spirit that had been hiding in mo Xiaochuan's body. Perhaps it had found an opportunity to reveal itself after mo Xiaochuan had been injured by the Scion of the blood God.

Yunxiao could not help but worry. He had thought that mo Xiaochuan had only suffered a minor injury, but he did not expect that he could not even suppress the evil spirit. It seemed that the injury was far beyond his expectations.

Chapter 714

714 Earth vein rebound

At this moment, mo Xiaochuan's eyes gradually blurred and he began to lose his mind. His skin turned red and the evil spirit had gained the upper hand.

"You ... If you kill me, he will die too!"

The evil spirit suddenly spoke. It was wailing in pain when it was grabbed by Yunxiao's golden hand, and it could not resist the force at all.

if I don't get rid of you today, he will be killed by you sooner or later," Yunxiao said coldly. as long as you get out of his body, I can spare your life!

The evil spirit's face twisted, but he still squeezed out an ugly smile. "Haha, I'd be an idiot if you asked me to come out with just one sentence. I won't come out until I'm sure of my safety. Besides, this person is extremely powerful. I like this body!"

"Then there's no room for discussion. I'll see how long you can endure. In any case, he has lost his divine sense and can't feel pain. I'll let you bear with it. Thank you for your hard work!"

Yunxiao pointed two fingers at the evil spirit, and a flame flashed and burned it. The evil spirit cried out in pain, his voice miserable.

Yunxiao sneered. don't worry, I won't burn you to death. Now that half of your body has taken shape, don't even think about escaping back into Xiaochuan's body since I've caught you. Enjoy it slowly, and tell me when you've thought it through!

With a flash, he disappeared from where he was, leaving behind the unconscious mo Xiaochuan and the wailing evil spirit. The Golden hand simply froze in the air and grabbed the evil spirit tightly.

Yunxiao's figure suddenly came to a high altitude and looked down, exuding a monstrous aura that made people extremely uncomfortable.

The blood fiends were walking slowly on the ground below, as if they were tired of this boundless and unfamiliar place, and their murderous aura was constantly surging out.

"What a powerful presence. The power within this thing is no less than the blood God. I want to see just what kind of existence you are!"

Yunxiao's eyes immediately turned into blood moons, and beams of strange divine light shot out of them as he stared at the blood Fiend. The scene in front of him gradually faded, and the blood Fiend's body gradually became transparent in his eyes. Its internal structure began to appear in his eyes one by one.

“What’s going on with this Yingluo? Could it be that this thing was concocted?”

Yunxiao’s pupils constricted, and his face was filled with shock. What he saw was that the inside of the blood beast’s body was actually composed of many arrays, and not only that, but there were also a large number of profound level artifacts, two of which were ninth-tier!

In the center of the main array that constructed the body, a piece of soil the size of a fist was constantly emitting spots of earth-colored Starlight.

“?! The Earth’s growing soil?”

Yunxiao trembled and said in wild joy, “haha, I didn’t expect the breathing earth to be in this thing’s body. It really didn’t take much effort to get it!

“Roar!”

The blood Fiend walking on the ground seemed to sense that someone was peeking at it. It roared suddenly, and its aura skyrocketed, cutting off Yunxiao’s divine sense!

“Eh? He can actually cut off my divine thoughts in the divine realm tablet. This Tao Wu ...”

Yunxiao was taken aback, and a look of disbelief appeared on his face. I don’t believe that you can still turn the world upside down in this divine realm tablet. When I completely destroy your soul, the breathing earth and those profound level weapons will all belong to me!

He raised his hand, and a Phoenix condensed in the sky. With a point of his finger, it turned into a sea of fire that burned down.

“Roar!”

A hint of fear appeared in the blood Fiend's eyes. It roared at the sky, causing the space to tremble. It opened its mouth and spat out a green light into the sky. The green light entered the fiery Phoenix's body and exploded!

"Bang!"

With the light as the center, tens of thousands of lightning bolts shot out. Not only did they scatter the fire Phoenix, but they also broke the sea of fire in the sky and turned it into a lightning hell!

"This is an ..."

Yunxiao was completely dumbfounded. In the center of the Thunderbolt was a small hammer, one of the two ninth-tier Mystic artifacts found in the blood beast's body. It was covered with all kinds of patterns, and several golden tadpole-like characters were flashing on it!

"Gulp! What era did this ninth tier profound armament Kasaya come from?"

Yunxiao gulped hard when he saw the Golden tadpole-like characters, and then he was completely dumbfounded. The power on the hammer was indeed only at the ninth-tier, but it had its own rule of Thunder, and the blood Beast seemed to be able to exert one hundred percent of its power, breaking the rule power controlled by Yunxiao!

The hammer flickered in the air a few times before it retracted all the lightning and flew back into the blood Fiend's body. The blood Fiend looked at Yunxiao with its empty eyes.

Yunxiao was dumbfounded, not knowing what to do. It was the first time he had encountered a force that could resist him in the divine realm tablet.

After staring at him for a while, the blood Fiend seemed to be afraid of him. It turned around and continued to walk forward. Perhaps it was because he saw a living person, so he wasn't as violent as before.

Yunxiao's body twitched. He wanted to attack several times, but he held back.

Judging from the attack just now, this Blood Fiend seemed to be able to fully utilize the power of the profound armaments in its body. There were two ninth tier profound armaments, more than ten eighth tier profound armaments, and even the breathing earth. If it could control it at will and fight with him in its full state, it might directly break the power of the world. If it broke through the air and escaped, then it would really be crying without tears.

For the first time, Yunxiao felt powerless in the divine realm tablet, and for the first time, he felt that a Supreme-grade Mystic artifact was not as powerful as he had thought. He watched helplessly as the blood Fiend slowly disappeared from his sight. He shook his head with a bitter smile and left the tablet in a flash. He appeared at the burial land and took the entire divine realm tablet into his body.

let's keep that thing inside first. As long as it doesn't go crazy, let it go. We'll deal with it when we have enough confidence to suppress it!

Yunxiao began to fear the blood Fiend. After all, the power of the divine realm tablet was lacking, and he could only control a part of it. If he fought with the blood Fiend, who could fully control the power of the hammer, the result would not be optimistic. He did not want to see the divine realm tablet being damaged or the blood Fiend escaping.

After calming his mind, he began to observe the situation in the surroundings. The entire burial land was mainly made up of mountains and forests that stretched for tens of thousands of kilometers. From high above, he could only see the terrain covered by mountains and forests, but after entering it, he could not spread out his divine sense. It was extremely mysterious and dangerous. Most martial artists only dared to move around in a small area that had already been confirmed to be safe.

well, there must be a huge amount of energy in this mountain forest. Otherwise, such a powerful seal of deified soul could not have come out of thin air. Let me see what is going on in the earth vein!

A cold light flashed in his hand, and the northern heaven cold star sword appeared in his hand. With a loud shout, he directly stabbed the sword into the ground, and half of the sword was buried in it.

After that, Yunxiao kept performing incantation gestures with both hands, sending a large number of incantation seals into the sword. The sword shone with a cold light, and wisps of cold air flowed out of it. The body of the sword began to grow larger and larger, and the fierce sword Qi scattered in all directions, tearing the earth apart!

A sea of sword Qi appeared in the forest he was in, destroying all the vegetation and killing all kinds of birds and beasts. For a time, the earth shook and the mountains shook!

The body of the northern heavens cold star sword grew bigger and bigger, and it sank down. A fierce sword Qi continued to spread down, tearing the ground apart!

Suddenly, a powerful force surged up from the ground and swallowed all of his sword light. It rumbled through the fault and the long sword let out a huge Dragon's Roar as it trembled continuously.

Yunxiao's face changed instantly. He quickly performed an incantation gesture, and the sword suddenly returned to its normal size and fell back into his hand. At the same time, a shocking force soared up from the fault, like a volcanic eruption, and the aftermath spread in all directions.

Yunxiao immediately transformed into a Thunderbolt and fled thousands of meters away. He watched coldly and muttered to himself, "Sure enough, the entire mountain range has been sealed. What a big move. I wonder where the core of the seal is."

He looked at the endless mountain forest and frowned.

The earth-shaking crack that had caused the restriction to shake immediately attracted everyone's attention. They all looked at the shaking ground in shock.

"Heavens! Who is so reckless as to disobey the prohibition of the red moon City and activate the ancient formation of the burial land?"

how many years has it been since this formation's power has been activated? I remember that the last time it was activated was fifty years ago. Two martial Supreme powerhouses accidentally triggered the restriction's rebound while fighting and were immediately killed by the blood God Palace's powerhouses. I wonder who's going to be the unlucky one this time!

"Could it be a battle between martial emperors again? By the way, could it be that the person the blood God Palace is looking for has appeared and is fighting to the death?"

...

“Hmm, that makes sense. Let’s go and take a look. Maybe we can get a share of the loot!”

Dozens of beams of light flew in that direction as the earth trembled. The Scion of the blood God sat cross-legged in the sky, as if sensing something. Suddenly, he opened his eyes and stared at the power of the earth vein restriction that was soaring into the sky below. Anger appeared on his face.

“Which reckless thing is it again?”

Killing intent gushed out from his body, showing that his heart was extremely uneasy. He muttered to himself, “ this time, it will definitely cause dissatisfaction in the red moon City. I’m just afraid that they will send people out to deal with it. We must not let that kid fall into the hands of the people of the red moon City.

He pondered for a while, and his brows furrowed together. He thought hard and said, “ Blood Fiend, Blood Fiend, where are you? how could that kid hide this thing? besides, my celestial master’s giant banner ruler is also in the blood Fiend’s body. Why can’t I sense it at all? it’s like it has completely disappeared from this world. Also, he was clearly one person earlier, so how did he become two people? in the end, he seemed to have become one person again.”

With all these doubts gathered together, the Scion of the blood God seemed to have suddenly thought of something. His expression became uglier and uglier, and he became more and more shocked!

Chapter 715-fire sound

“Noah’s ship! It’s Noah’s ship!”

The Scion of the blood God stood up abruptly and couldn’t help but tremble. He said excitedly, “It must be the Supreme artifact Noah’s ship! Some time ago, I heard that Noah’s ship was born and was taken by an unknown force. I didn’t expect it to be true!”

He couldn't help but pace in the sky, clenching his fists tightly. He couldn't help but say, "This is a great opportunity that the heavens have given me! If I can get Noah's ship and ride the blood fiends, who in the world can compete with me? This time, I'll either soar into the sky or completely sink into oblivion. I'll bet the entire Blood God Palace that I'll take back these two items!"

The Scion flipped his right hand and a token appeared in his hand. A few words were written on it. He threw it into the air and it turned into a red light that shot towards the blood God Palace.

That was the highest-level token of the blood God Palace. It would gather everyone to search for it.

After activating the earth vein restriction, Yunxiao was about to leave when he frowned and found himself surrounded.

He laughed bitterly. In this burial land, divine sense was completely blocked, and he could only rely on his eyes to recognize. He had been surrounded a few times before he reacted.

"You're indeed the person the blood God Palace is looking for! Everyone, how should we split this fat piece of meat?"

A man with a body as strong as an iron wall and a metallic air around him strode toward Yunxiao, his face gradually turning ferocious.

of course, whoever sees it will get a share. This person's head is worth three ninth-tier profound armaments. I really can't figure it out.

A thin and wretched old man took out a seemingly ordinary dagger and spun it around his finger. He said, if you want to do it, hurry up. It'll be troublesome when more and more people come.

"If that's the case, then let's do it!"

die! the man with a metallic aura shouted and rushed forward. He punched out, and the air exploded. The force spread out, covering a large area.

The rest of the people didn't want to fall behind, as if they were afraid that they would be left out when the spoils of war were divided. All kinds of light filled the sky in an instant, and the mountains and forests were destroyed at a terrifying speed.

Yunxiao frowned. He had wanted to ask some questions, but it seemed that he could not do so. Too lazy to talk to these people, he turned into a Thunderbolt and fled away, disappearing from everyone's sight.

"This is an ..."

The entire battle had just begun, but the enemy had already disappeared in an instant. Everyone was stunned, and they stood there in a daze. All of a sudden, it became abnormally quiet.

"Gulp!"

The man with the metallic aura swallowed his saliva and said gloomily, "no wonder the blood God Palace couldn't catch him. How can we catch him with such an escape technique?"

Suddenly, a red light landed in the center of the crowd. It was the Scion of the blood God, who had sensed the fluctuations and rushed over in an instant. He swept his gaze across the scene and said in shock and anger, "Are you the person I want to capture?"

"You, you're Yingluo."

"You're Lord Blood God!" The wretched old man suddenly exclaimed. That's right, it was the young man in the video just now. I was just about to report to you. My Lord, can I receive a ninth tier profound armament now?"

"What? As expected! I'm so angry! You discovered him, but you didn't report it in time!"

"Ninth tier profound armament, I'll give it to you now!" The Scion of the blood God roared. His blood-red robe fluttered, and a sea of blood instantly appeared, devouring everyone present. These people didn't even have the chance to scream before they disappeared completely.

Hmph, you've lost her and you still dare to ask me for a profound armament!

The blood God snorted coldly as he chased in the direction Yunxiao had gone.

Yunxiao flew a thousand miles into the jungle before he stopped. He was not in a hurry to escape now, but instead, he was interested in the burial land.

"Yes, the terrain here is very rough."

Yunxiao's heart suddenly jolted. He seemed to have seen it somewhere along the way. He hurriedly rose into the air, trying to see what it was.

Suddenly, sparks appeared all over the sky and condensed into a huge fireball, which moved quickly in the air and rushed toward Yunxiao.

Yunxiao's pupils constricted as he snorted coldly and said, "where did this idiot come from? this is so boring! He casually swung his sword, but it was directly swallowed by the fireball with a loud bang and continued to rush down!

"What?"

Startled, Yunxiao suddenly teleported and appeared behind the fireball. With a flip of his hand, he swung the northern heavens cold star sword and unleashed the thousand feet vast technique.

The fireball shook the ground, and sparks flew in all directions. A subtle body walked out from it, and two fingers as green as scallions stretched out. With a light flick, a spark shot out from between the fingers and exploded in front of her. The huge power directly swallowed the sword light.

what a powerful Thunder escape technique. I almost couldn't catch up with you. No wonder the blood God was willing to spend so much to hunt you down.

The red-haired woman sucked in all the flames around her, revealing her entire body. Her beautiful figure was enough to make any man's blood boil. With two leaves covering her front, Yunxiao felt his throat go dry.

A smile appeared at the corner of the woman's mouth. She didn't fear the burning eyes of others and said with a charming smile, "When you fought the blood God, I felt a very strong fire element. I don't know what kind of fire it is. Can I take a look?"

Yunxiao licked his dry lips and chuckled. "This isn't very good, is it? There's a lot of dry wood here, it's easy to start a fire if you play with fire."

"Tsk, you're so young, but you're so evil!"

"That's the end of your humor," the woman sneered. "You'd better obediently obey big sister, and maybe you'll have a good time." Although I can't help you escape from the blood God, I can point you to a few hidden locations that will allow you to hide for eight to ten years. By then, the blood God's killing intent will have long since faded, and you'll be able to find an opportunity to slip away."

Yunxiao smiled wryly. He had a general understanding of the blood fiends' situation. Even if they lived for a hundred or two hundred years, the blood God would not let him go, let alone eight or ten years.

"Haha, when did Huo Yin become younger?" You should be his mother-in-law, right? Hahaha!"

As his voice fell, a ray of light flashed and landed not far away from the two. It was Yuchi Jin. His face was covered in a loose and unkempt beard, and he looked at the two of them with a mocking expression.

"Yuchi Jin? You're also in the Boneyard?"

Huo Yin was surprised, but her face immediately turned cold, "If you keep talking nonsense, do you believe I'll set you on fire?"

haha, you're not even 20 years old yet. You're at least a hundred years old. It seems that I was wrong. Sorry, it should be an old lady!

Yuchi Jin suddenly burst into laughter, not caring about Huo Yin's threat in the slightest.

"Good! I haven't seen you for several years, and it seems that you've improved!"

Huoyin's expression turned cold. A flame whizzed out from her hands, and she kept pulling her hands apart, turning them into a red sword. She waved it in the air a few times, bringing out red sword Qi and slashing down. Her figure also disappeared. In an instant, the sword shadows around Yuchi Jin flashed, and the space was directly cut open with wounds. They kept shattering, turning into fiery red crystal dust and dissipating.

Yuchi Jin's expression changed slightly, but he didn't show the slightest fear. He snorted coldly and his body turned into a series of afterimages on the spot. His fists kept shaking, and every time he punched, the sword light of his opponent would be pushed back. In just a few breaths, he had exchanged dozens of moves. What was shocking was that the surrounding forest was not damaged at all.

It could be seen that the two had reached a very fine level of control over their power. Not a trace of extra power was wasted, and they were only testing each other. After all, the Boneyard's divine sense couldn't be separated at all. It couldn't see through a person's strength and could only make a judgment through some subtle details.

"Enough!"

Yuchi Jin let out a loud shout. Under the might of his fist, the Qi of his fist shone like a mirror, shaking several sword rays into it and breaking them all.

...

Huo Yin's figure flickered and returned to her original spot, her eyes filled with doubt.

Judging from the test just now, the two of them were only at the tip of the iceberg, and it was difficult to judge who was stronger.

Yuchi Jin said, "there's no need to try. Our strength should be about the same. If we really fight, the formation-breaking technique of the blood God Palace in the sky will definitely sense it. It won't be good for either of us. His eyes fell on Yunxiao as he said coldly, "Kid, tell me the truth. Why did the blood God want to capture you?"

Yunxiao spread his hands and said helplessly, "what else could it be? it's because I offended him. That person is very petty.

Hmph, don't try to be sly in front of me. If he'd only offended you, he wouldn't have made such a big move. All the Martial Emperor powerhouses of the blood God Palace have been mobilized, and they've even set up the nine Yin vast origin fiend formation in the sky. Even the murderer didn't receive such treatment. Don't try to fool me. "

Yuchi Jin sneered and said sarcastically, "You didn't sleep with his wife did you?"

"F * ck! Is your brain filled with shit? Can you not be so dirty!"

Yunxiao cursed. Suddenly, he said with a strange expression, "You weren't the one who killed Blood God, were you? Otherwise, how could you be so clear about it?"

"This Lao Ai, cough, cough, let's not talk about what happened back then."

Yuchi Jin pretended to cover it up, but his face was full of pride, as if it was him. He complimented with self-satisfaction, "Keep a low profile, keep a low profile. Back then, I wasn't strong enough, so I had to use three moves to kill his Junior Apprentice-brother."

then you dare to capture me and bring me to the blood God? " Yunxiao asked, speechless.

...

Yuchi Jin laughed. of course not. The reason I came to you is that I'm sure you have a treasure on you that will make the blood God go crazy. Otherwise, with his temper, he would never play with a little kid like you. And the value of that thing is definitely above three ninth-tier profound armaments!

As soon as he finished speaking, his eyes lit up.

Huoyin's heart skipped a beat and she was secretly surprised. Could that thing be the mutated fire element? To be worth more than three ninth tier profound armaments, what kind of existence was that? perhaps it was even more powerful than the yellow Springs hell fire in her body!

Chapter 716-strange

Yunxiao smiled wryly when he saw the two men's murderous gazes fall on him. Judging from their fight just now, their strength was not much different from mo Xiaochuan's, even if they were not as strong.

He said awkwardly, " don't look at me like that. I don't have any treasures on me. This big-bearded man's guess was right. I was hunted down because I slept with his wife. There's no other reason.

Yuchi Jin revealed a strange smile and laughed, " "Haha, how could he have a wife? that dirty old man loves to rape virgins. Every time he's done with them, he'll throw them into his blood sea to refine them. How could he have a wife?"

so evil? " Yunxiao frowned. he's so perverted? "

hehe, these people have their own hobbies. They're pretty good.

hand over the treasure and you can live, " Yuchi Jin said with a playful smile. otherwise, there will be even more abnormal things waiting for you.

"Your sister!"

Yunxiao gave him the middle finger and gave him a disdainful look.

not good! Huo Yin suddenly said. don't run!

After Yunxiao cursed, he turned into a Thunderbolt and was about to escape, disappearing before their eyes.

Huo Yin's aura surged, and sparks flickered all around her, covering an area of several thousand meters in an instant, as if forming some sort of law.

When Yunxiao's Thunderbolts rushed into it, they were blocked by the irregular sparks that filled the sky. With every collision, a ball of sparks would burst out, and Yunxiao's Thunderbolts would change direction. It took them a few breaths of time to collide with each other, and only after letting out a series of rumbling sounds like firecrackers did they manage to travel hundreds of meters.

"Damn, there's actually such a strange move in the world!"

Yunxiao was dizzy from the impact. When he came out of his hiding place and looked at the sparks that filled the air around him, he could not help but curse.

Yuchi Jin laughed. haha, huoyin's Starfire Prairie is similar to a martial Honor's domain, but it's many times stronger. It's the nemesis of all escape techniques!

He laughed as he condensed his aura and pushed it forward. Wherever the pressure passed, sparks scattered in all directions as if they were blown by the wind, and the pressure was directed at Yunxiao.

"So it's so easy to break it!"

Yunxiao did not take the pressure seriously at all. Instead, his eyes lit up as he conjured an ancient astral wind in his left hand and clenched his fingers. The wind suddenly increased and spread in all directions, blowing away all the flames in the sky.

Not only that, Yuchi Jin's Emperor Qi pressure was completely obliterated by the howling of the astral wind!

“What?”

Yuchi Jin was shocked. Although he could not spread out his divine sense, judging from his age, Yunxiao had the strength of a Martial Emperor at most. No matter how heaven-defying his talent was and how he had reached the peak of martial honor, under any circumstances, he would have to surrender obediently under the pressure of his Emperor aura.

Even Huo Yin’s heart trembled. Her Starfire Prairie seemed simple, as if it could be blown away by the wind, but it was not something that any cat or dog could do at will. But, the whirlwind in Yunxiao’s hand had completely destroyed her move.

“Windmill, clear the way!”

Yunxiao laughed and clenched his left hand. The primordial astral wind immediately spread out with a whistling sound and scattered in all directions, while he turned into a Thunderbolt again and fled!

“What a big joke!”

Yuchi Jin let out a fierce shout, and his body shot out like a cannonball. Due to the excessive force of his glare, a bottomless black pit was directly blasted out on the ground.

Huoyin also turned into a flame and chased after him with all her might. Yunxiao’s Thunder escape was extremely fast, and she had been chasing him for a long time before, only catching up with him when he stopped.

As Yunxiao fled, he carefully observed the surrounding terrain, and his heart filled with joy as he thought, “As expected! It really was the place depicted on the map. He didn’t think that there would be such a coincidence in the world.

He was overjoyed to find that part of the burial ground was actually an information Jade slip that city Lord Geng Xing had given him at the small trade fair in Yufeng city. The map of this area had been drawn on it!

Most importantly, the map had recorded a place where there was a high possibility that the mutated water elemental power could exist. At that time, Geng Xing had thought that it was not worth much, so he had given it to Yunxiao. But, he had not expected that he would run into it!

When he thought of this, he couldn't help but feel ecstatic. Although the two of them were following behind him, he didn't care at all. He recalled the situation described in the Jade slip and headed towards the place where the water element might be present.

After the time it took to brew a cup of tea, he rushed into a Valley and stopped in a large open space.

The two figures caught up to him in just a few breaths, and the moment they landed, two extremely strong pressures sealed the space around them, fearing that Yunxiao would escape again.

Along the way, the three of them had disturbed many people who were cultivating in ambush. However, when they saw the speed at which they were flying, they knew that they were not to be trifled with. One by one, they shrank their heads and went back to doing what they were doing.

"Why aren't you running? Didn't you have a good time escaping?"

"There's no way out now, right?" Yuchi Jin said coldly.

of course! Yunxiao smiled indifferently. if I had insisted on running just now, would you have been able to catch me? " Do you think I've exhausted my vital Qi? Even the blood God's blood escape technique can't catch me. Do you have that speed?"

Both of their pupils constricted. What Yunxiao said did make sense. Judging from his calm and composed look, he did not seem to have exhausted his primordial Qi. They could not help but feel a little suspicious.

"Could it be that you've suddenly come around and decided to join us?" Huo Yin asked.

"Haha, maybe. There's a chance, but not now."

do you two find anything wrong with this Valley? ” Yunxiao asked with a smile. do you two find anything wrong with this Valley? ”

The two of them were stunned, and they couldn't help but look around. Now that their spiritual sense was useless and they had to rely on their eyes, these experts felt very uncomfortable.

“It's just an ordinary Valley, what's so strange about it!”

Hmph! Yuchi Jin snorted disdainfully. don't tell me that you've stopped running because you found this Valley interesting.

“That's right, you're right again!”

Yunxiao stretched out his hand and pointed at a tall mountain in front of them as he said, ” “What do you think that mountain peak looks like?”

“Like what?”

The two of them followed his gaze and Huo Yin suddenly said, ” it looks like a huge sword that's stabbed into the ground!

Yuchi Jin's pupils trembled, and he suddenly swept his gaze around. His gaze fell on another cliff, and he said in surprise, ” this Suan ni, this cliff feels like it's wearing a battle suit!

Huo Yin was also shocked. She looked around and found that there were too many things here with extremely realistic shapes, many of which were similar to profound level weapons.

“Why is this happening?” Yuchi Jin asked in horror. What is this place?”

I'll need you two to help me solve my doubts, ” Yunxiao said with a solemn face. this is my first time coming to the Boneyard. Can I speculate from the words 'Boneyard'? ” This place might have been a battlefield a long time ago, and what we see now is the remains of the martial artist's equipment?”

“Isn’t this Suan ni a little too incredible? even if it was a battlefield from a long time ago, why did it become so huge? Could it be that we were all fighting giants?”

...

the reason it’s called the burial land is that remains of Mystic artifacts and even the bones of experts are often found here,” Yuchi Jin said in shock. it’s called the burial land. From this point of view, it’s true that this place used to be a battlefield, but why did such a huge mutation occur here?”

“Oh? And the bones of experts?”

how strong? ” Yunxiao asked hurriedly. how strong? ”

Yuchi Jin gave him a strange look and said, ” “Of course, the strongest is only a martial Supreme. After becoming a martial Supreme, even after death, the body will not decay for hundreds or even thousands of years. The bone armor can even survive for tens of thousands of years without any powerful external force. What’s with that look? Don’t tell me you think there’s a stronger skeleton?”

Yuchi Jin was also shocked by his own words. He hurriedly shook his head and said, ” “Nonsense, nonsense! The godly state was just a legend. Since ancient times, other than the real spirits that only existed in myths, who had seen it or was sure that someone had reached that Supreme level? At least, I’ve never heard of it!”

Yunxiao nodded gently. indeed, there are no records. Even if there are, it’s just a guess. However, who in the world could create such a Grand seal on the burial land? It had directly sealed up a territory of tens of thousands of miles. This kind of shocking array might be able to be set up by combining the power of the throne’s soaring light and the power of the sanctuary, but to maintain its operation for countless years without weakening in the slightest, even the throne and the sanctuary might not be able to do anything. Since someone was able to do it in the past, then it’s extremely possible that he’s reached a level far beyond his current level in martial arts.”

Yuchi Jin and Huo Yin were silent. What Yunxiao said did make sense, and they were suddenly caught in shock and contemplation.

After a long while, a strange look appeared on Yuchi Jin's face. He gave Yunxiao a suspicious look and said, "Who are you? He actually knew so much. Also, what's your purpose in telling us this? Are you begging us to let you go?"

He chuckled and said, "so what if these things once existed? they've long been buried in time and no longer exist." In addition, we didn't intend to take your life. We just hope that you'll be honest and hand over the treasure."

let's not talk about the treasures first," Yunxiao said with a smile. if you agree that there were immortal state experts in the past, and this place is very likely to be the work of an immortal state expert, then aren't you interested in exploring the place where the immortal state expert once lived? "

Both of them were shocked. They have been in the nine Heavens realm for decades, and their lifelong goal is to reach the peak of martial arts or even higher. Although they are still thousands of miles away from the peak, who doesn't want to know if there are stronger existences above the peak of martial arts?"

...

For a moment, great curiosity spread in the hearts of the two. Yuchi Jin smiled bitterly and said, "This suggestion is really attractive, but why should we explore with you? Don't you think you'll be a burden to us?"

Chapter 717

717 Palace

this Boneyard is full of dangers," Yunxiao said with a smile. isn't it good to have a burden as your last resort? " If you encounter any danger, just throw me out. Moreover, with the two of you guarding against me, do you think I'll run away?"

He looked at the two of them with a smile. In fact, he was thinking the exact opposite. With these two powerful martial Supremes around, it would be much safer if they were to encounter any danger.

Yuchi Jin pondered for a moment and said, "yes, I have to say that your suggestion is very good." That's right, I have to plant a seal on you. Otherwise, there's no need for further discussion."

"Alright, deal!"

Yunxiao's calm attitude stunned both of them. Once they were sealed by each other's unique technique, they were completely under each other's control, and no one would agree to such a proposal.

"What I'm saying is that I'm going to plant a restriction on you," said Yuchi Jin in a daze. He thought Yunxiao had misheard him.

I know, " Yunxiao said with a smile. I've made such a great sacrifice for the sake of a win-win situation for all of us. I hope you can be magnanimous.

The two martial sovereigns blushed when they heard this, but they would not give in just because they blushed.

Yuchi Jin condensed a strange mark in his hand and threw it at Yunxiao. Yunxiao did not avoid it, but let it hit his body. Immediately, a strange power began to spread through his meridians and sink into his limbs and bones.

Only then did Yuchi Jin feel at ease. He nodded and said, " "You're indeed very magnanimous. Don't worry, this restriction is just a symbol. It can let me know your movements at any time and control you appropriately when necessary. As long as you're obedient, I can guarantee that you'll be fine."

Yunxiao smiled and said nothing. The power of his bright moon divine body slowly circulated in his body and began to purify Yuchi Jin's sealing power. Although the Martial Emperor's seal was a little stronger, he would be able to slowly devour it if he was given enough time.

Huoyin was also relieved. Yuchi Jin's strength was no less than hers, so Yunxiao would never be able to escape from the seal he had placed. Only then did she slowly begin to observe the valley.

The three of them slowly walked forward in the valley. The more they looked, the more shocked they became. Every mountain and stone was vividly lifelike, as if they were transformed from various physical objects.

In front of the valley, a strange mountain blocked their way. Yunxiao was taken aback. The mountain was exactly the place described in the Jade slip that might contain water element. It looked towering, but it was much smaller than an ordinary mountain.

do you think it's possible that it's some kind of extremely powerful forbidden technique that petrified everyone and everything in an instant? " Yuchi Jin asked seriously. and the petrified people have been destroyed over countless years, leaving only a small number of profound artifact fossils? "

what? " Huo Yin's heart turned cold. a technique that can instantly petrify such a large scene, could it really be performed by a godly state expert? "

Yunxiao looked at the mountain for a while, then suddenly recited, " "Don't you guys think that this mountain looks like something?"

"Like what? It's like a Palace. Don't tell me the palace has been petrified?"

Huo Yin's heart jolted in shock. The more she blurted it out, the more she felt that it was true. The shock on her face was difficult to conceal.

if it's a Palace, it's easy, " Yunxiao said. we just have to split it open. If it's empty, it'll be fine.

"This bi an ..."

The two of them were stunned for a moment. It was indeed a good idea. Yuchi Jin hesitated for a moment and said, " "You guys step back a little, let me do it."

Yunxiao and huoyin retreated hundreds of meters away and watched quietly in the air.

A light flashed in Yuchi Jin's hand, and a bright battle saber appeared in his hand. The sword light illuminated the area. He held the saber with both hands and poured his power into it. The saber's body pulsed with a hundred-meter-long Saber Light, slowly pressing down on the mountain.

He didn't dare to make any big movements. After all, the blood God Palace's formation was monitoring him from tens of thousands of miles up in the sky. If the fluctuations were too strong and shot into the sky, he would immediately provoke the people from the blood God Palace.

"Boom boom boom!"

The earth trembled, and the huge rocks on the mountain shattered. They began to crack under the pressure of the blade light, and the cracks continued to spread. The mountain was gradually opened.

Yuchi Jin's pupils suddenly shrank, and he hurriedly retracted his Saber Light in shock. The crack in front of him was getting bigger and bigger, expanding uncontrollably, and completely opening up the front half of a mountain!

The three of them were all shocked. There was actually a flight of stairs in front of them that extended all the way to the inside of the mountain. A rotten smell spread out from inside, as if a rotten pomelo had been cut open, giving off a pungent smell.

"The real Kasaya is really a Palace Kasaya."

Huo Yin's eyes were filled with shock as she muttered to herself.

Yunxiao frowned. The palace should be similar to the demon palaces of the demon race, but its structure was much more complicated. The staircase led straight inside, so deep that the end could not be seen.

According to the records in the Jade slip, he had only sensed the existence of a mutated water element near the mountain, but he could not find it. It seemed that the person who recorded the Jade slip either did not think of the hidden Hall in the mountain, or he did not have the ability to split it open.

Even when Yuchi Jin's knife slashed down, it only opened the entrance of the palace. The entire Palace was like a beautiful jade embedded in the stone Skin, without the slightest damage. It was just that it was too ancient and simple, and the weapon essence had already disappeared.

"The two of you, do you want to take the risk and go in to take a look?"

Yuchi Jin's expression was grave as he asked. He himself felt a little indecisive.

"Can you hold back from going in?" Huo Yin forced a smile. I've been cultivating in the Boneyard for so many years, and I've only been cultivating in a treasured land that's clear of the earth Fire. I've basically never been to other places. I've only heard that there are many strange things about it, but I didn't expect it to be this strange. It's simply inconceivable!"

of course we're going in," Yunxiao said with a smile. there might be secrets left behind by ancient divine realm experts in there.

Both of them were shocked. The word 'divine realm' was too attractive to them, but it was even more attractive to Yunxiao.

Yuchi Jin turned his head and gave Yunxiao a look, then said with a smile, " young man, I've kept you alive until now. It's time for you to play your role. Come on, I have faith in you!

Yunxiao put on a bitter face and said in a speechless manner, " "This passage is filled with decay and death. It's not a good place at first glance. How are you playing my role? are you trying to kill me in disguise?"

"Hehe, if it doesn't come in handy now, when will it? Let's go in!"

Yuchi Jin appeared behind Yunxiao in a flash, then gave him a hard push and drove him forward.

Huo Yin couldn't stand it anymore and comforted him,"Don't worry. You'll be fine with the two of us Martial Emperor powerhouses protecting you. We'll take action immediately if anything happens!"

Yunxiao cursed in his heart and said, " Make a move, your sister! If you're so capable, then go ahead yourself! If it wasn't for the fact that I'm afraid of encountering danger and can let you two block me with your wooden clubs, I would've shaken you off long ago!

If Yuchi Jin and Yuchi Yunxiao knew what Yunxiao was thinking, he wondered what kind of expression they would have.

Yunxiao did not waste any time. He was a man who was not afraid of anything, and there was an eighty to ninety percent chance that what he was looking for was in the palace. So, he took the lead and walked in.

The smell of decay hit him in the face, making him feel nauseated. He frowned and a gentle breeze blew on his body, blowing the smell of decay behind him. He controlled his strength just right.

The two people behind him suddenly covered their noses. Yuchi Jin said angrily, " "Can't you make the wind stronger and cover the three of us?"

Yunxiao turned around and sneered. do you think the wind doesn't consume your primordial Qi? Why don't you spread out your Emperor Qi and protect everyone?"

Yuchi Jin was furious. The Emperor Qi of the nine Heavens could naturally expel this rotten smell, but it was no different from using a cannon to kill a mosquito. Moreover, this passage was so long that he couldn't see the end. God knew what the situation was inside. He had to carefully accumulate power to avoid any accidents.

let's go! Huo Yin pinched her nose and said, " let's not waste any more time! She knew that Yunxiao was doing it on purpose because he was dissatisfied, so she did not take it seriously.

"Hmph!"

...

Yunxiao snorted and led the way while singing a song happily. I'll whip you with my steel whip ~"

Yuchi Jin was irritated when he heard this. He wanted to kill him with a slap, but he could only hold it in and follow him unhappily.

Yunxiao looked unruly on the surface, but in his heart, he was paying close attention. Because the palace had been petrified on the outside, it had been sealed in the darkness for many years. At this moment, when the sun shone down, all kinds of things inside began to die one by one, turning into smoke and disappearing.

Suddenly, Yunxiao stopped and looked ahead with a serious expression.

Yuchi Jin and Huo Yin were also stunned. They followed his gaze and saw that the stairs in front of them were more spacious. There were two people kneeling opposite each other on the stairs, and they had long become mummies. Because they had been in a closed environment for a long time, and the two of them must have been strong people when they were alive, their bodies did not decompose.

At this moment, the sun shone in, and the two's bodies began to change. They gradually emitted smoke and a rancid smell. In front of the three people, they disappeared in the air, leaving only a pile of ashes on the ground.

the way they knelt was a little strange. It seemed like they were using some kind of secret technique.

"But why did he die on these steps?" Yuchi Jin asked with a frown.

Yunxiao did not say a word. He quickly walked up and observed the pile of ashes. The ground around the ashes was dark brown, which was much darker than the color next to it.

"What did you see?"

Huo Yin pinched her nose and showed a look of disgust. Women always liked clean things and hated dirty things.

...

this man is indeed using some kind of secret technique, " Yunxiao said calmly. the dark-colored spot on the ground is the blood they left on the surface of the stone steps. This secret technique is either used at the cost of one's own life or used by others at the cost of their own."

"What kind of secret technique is that?" Huo Yin was shocked.

Yunxiao shook his head. it doesn't matter what secret technique it is anymore. After so many years, even the strongest secret technique has long been destroyed.

Chapter 718-cocoon

I don't think so, " Yuchi Jin said solemnly. for example, this sealing formation that's still dormant in the earth vein seems to be something left behind from a long time ago! I have a feeling that this place might have something to do with the great sealing formation!"

Yunxiao nodded. let's go. Something must have happened a long time ago to leave behind such obvious traces.

He continued to walk forward, but he no longer hummed. The grimness in his eyes became even more apparent. He had clearly seen the expressions and postures of the two mummies just now. It looked like some kind of ritual, and he had seen a mural of the ritual somewhere!

The stone steps continued to extend upward, and after they had followed them for a while, Yunxiao's pupils suddenly constricted as he thought,'it's not like I can't do it. As expected!

In front of the three of them, there were two more identical corpses kneeling in front of each other. Their postures were also similar. As they were close to the interior of the mountain, all the air entered slowly. Although it was slowly evaporating, it did not appear as visible as before.

Yunxiao looked carefully and saw that both men had a few big holes in their foreheads, shoulder blades, and palms. The blood on the ground should have come from these places.

By the time the three of them walked in, the two mummies had evaporated again, perhaps because their auras were too strong.

Yuchi Jin said in a deep voice, " this Palace is definitely not simple. There are spots of light green in the ashes. That's the luster that only appears after the bone armor of a Martial Emperor powerhouse has gone through a period of silence after his death. These people who cast the technique were all Martial Emperor powerhouses when they were alive!"

Yunxiao remained silent and continued to lead the way. The light grew dimmer and dimmer, and soon they entered the interior of the mountain, which was the palace. At the entrance, there was a circle of six people, all of whom were mummies, each of them making a different seal with their hands, apparently casting an art.

What was different from before was that these six people were completely undamaged. Because it was too long ago, it was impossible to see their expressions at that time.

Yuchi Jin and Huo Yin's eyes fell on the marks in the hands of the six people, and they looked puzzled and excited as they began to study them with great interest. Yunxiao, on the other hand, looked at the palace with a heavy heart and said to himself, "It's been so long, it should be fine inside, right?"

Suddenly, a voice rang out in his soul. The demonic Dragon muttered, "The posture of these mummies is indeed within the tiandang mountains. The ceremony engraved on the murals on the passage proves that the owner of this Palace has a great connection with the ruins in the tiandang mountains. "And from the murals, this ritual seems to be a prayer for a stronger power to descend. According to the results of the murals, that power should have descended in this Palace."

Yunxiao's body trembled, and his eyes gradually narrowed as he sent a voice transmission to the Dragon, " from the current situation, something unpredictable must have happened here at that time, and the entire Palace was even sealed by some kind of power. At that time, the master of the palace began to perform this prayer technique in order to obtain more power. However, "

Yunxiao's voice became calm as he said, " but the result was obviously a failure, because they didn't change the situation. They were all annihilated!

“Are you saying that there’s no power that comes from prayers in this Palace?” the demon Dragon asked.

perhaps,” Yunxiao said. but it still can’t defeat the external sealing force. From the description of the mural, that power should be invincible, and most likely he didn’t pray for it. These things feel ridiculous. The source of power for a powerful warrior should be his strong heart, not some prayer.”

What Warriors sought was the ultimate power, which should be obtained through their own tireless efforts and cultivation, not by others. This was Yunxiao’s heart of martial arts.

“Young man, let’s go in and take a look,”

Yuchi Jin gestured to Yunxiao, then pointed at the hall with a smile. It was pitch dark, and even with their strength, they could not see, which was absolutely abnormal.

Yunxiao gave him the middle finger disdainfully, then strode into the hall. He snapped his fingers, and a ball of fire burned at his fingertips, illuminating the entire Hall.

The spacious hall was dilapidated and desolate. It was not difficult to see the magnificence and grandeur of the past, but that had long been buried in the long river of time.

The flame on Yunxiao’s fingertip grew from weak to brighter and brighter. The air outside gradually filled the entire Hall, blowing away a slightly rotten and dilapidated smell, and bringing a little vitality.

“As expected, there’s nothing.”

what a pity,” the demonic Dragon said. I thought I could find out some secrets about the tunnel in the tiandang mountains.

“It’s just a run-down temple, and we still have to be careful.”

Yuchi Jin was a little disappointed and dissatisfied. He searched around the hall and asked, "strange, strange, even if these people are dead and their corpses have been preserved in this closed environment, why don't I see their profound armaments and treasures?"

Huo Yin also looked around, hoping to find something. She said, could it be that the storage space has lost control and is now lost in the void?"

yes, that's very likely. What a pity!

Yuchi Jin sighed and said,"there are always people who find treasures in this burial land. Why am I not so lucky?" A few years ago, I even heard that someone picked up a ninth-tier profound armament, and it's even an ancient item. It's extremely precious, but unfortunately, that person's strength was too weak, so he could only sell it to the blood God Palace first according to the rules. Only then did he get 100 million Supreme-grade primordial stones and ten ninth-tier medicinal pills. Who knows how much benefits the blood God Palace has gotten from this treasured land!"

Huo Yin said, "I've also heard about this matter. I've heard that it's a ninth-tier profound artifact, a Divine Hammer. When it's touched gently, there will be lightning flashing. After that martial Supreme level expert got it, he felt his whole body tremble just by holding it in his hand. It's a good choice to sell it to the blood God Palace, but it's too cheap!

Yunxiao's mouth was wide open. How could there be such a coincidence? the hammer they were talking about must be the handle in the blood beast's body. It turned out that it came from here. No wonder it had the power of tadpole golden characters.

"BOOM!"

Suddenly, the sound of water dripping could be heard. Although it was soft, it was no different from a huge wave rolling in the hearts of the three people. In this space that had been closed for countless years, how could there be the sound of water?

"Whoosh!"

The three of them rushed to the center of the hall in an instant. They stood back to back and became alert. Their divine sense was useless here, and they had to rely on their eyes, which made the three of them very uncomfortable.

“BOOM!”

Another drop of water fell, and the three immediately found the source of the sound. Looking in the direction of the sound, they saw a white cocoon-like object in the air above a corner of the hall. It was melting bit by bit, turning into a sticky liquid that fell down. Only then did the sound come.

“Gulp!”

The three of them swallowed their saliva almost at the same time. Yuchi Jin said in horror, “such a big silkworm baby?”

Huo Yin rolled her eyes and said, “do you only know silkworms?” The cocoons of insects are all like this. This big insect can’t be still alive, right?”

Suddenly, Yunxiao’s heart jolted. He remembered that in the light song forest, the few great demons had also cast a similar spell to seal themselves underground, and there seemed to be a lot of similarities. When he thought of this, he was taken aback and cried out, “Do you guys think that a person from a long time ago will come out? In other words, the owner of this Palace or a survivor?”

“It’s good to have a rich imagination, but I don’t like it at this time!” Huo Yin’s face turned ugly. It’s been so many years, how could anyone be alive? even if he’s at the peak of the martial Supreme realm, it’s impossible!”

Yuchi Jin licked his lips, and for some reason, his cheeks began to sweat. He said awkwardly, “that’s true. But ... But what if he’s above the peak of the martial Supreme realm?”

The three of them were shocked!

The only realm above the peak of the martial Supreme realm was the godly state. If there had been godly state experts in the past, how long were their lifespans? could they be immortal?

“Gulp!”

Huo Yin swallowed with difficulty and said, “an immortal state mayfly. Even if it’s an immortal state, it can’t be immortal, right?” Although there were no records of anyone entering the immortal state in history, weren’t there many true spirits during the mythological era? Now that none of them are here, they must have died of old age, right?”

The other two were silent because no one could answer this question. They could only watch as the cocoon slowly dissolved.

“I say, are we going to escape? Or are you waiting to see what’s inside?”

Lord martial sovereigns, ” Yunxiao said in embarrassment. are you sure you can keep me safe? ”

Yuchi Jin immediately patted his chest and promised, ” “Of course I’m confident! How can we give up such a good chance to see the things in the ancient times? don’t worry, with the two of us here, unless a real God Realm expert comes, we don’t need to be afraid.”

In his heart, he thought, “protect my ass, I let you stay in case the situation turns bad and we have someone at the bottom. How can I let you escape first?”

Yunxiao breathed a sigh of relief and said, ” “I can rest assured then.” He had a grateful look on his face, but there was a cold sneer in the depths of his eyes. He had the same idea as Yuchi Jin. If something happened, these two martial Supremes would be the best shields.

...

The three of them quietly watched the cocoon merge. Just as the cocoon became extremely thin, the spiritual energy outside the hall suddenly rushed in and gathered on the cocoon at an amazing speed. The three of them were shocked as if they had seen a River of spiritual energy pouring into it.

you have to be careful,” the demonic Dragon said. this thing must have sealed itself off from the outside world, so it’s in a deep sleep. Now that it’s absorbing spiritual energy, it’s probably going to recover soon.

As soon as the demonic Dragon’s voice fell, the absorption of spiritual Qi suddenly stopped. The cocoon suddenly emitted a colorful light, and an extremely strong life force was rapidly recovering. The cocoon finally broke open bit by bit, slowly revealing the thing inside.

Chapter 719-disgusting

“Buzz, buzz ~”

Buzz, buzz, buzz ~

After the cocoon completely melted, more and more buzzing sounds began to come from inside!

The three of them took a closer look, and their faces turned pale green. What was revealed inside was actually thousands of insects squeezed together!

Each of these insects had a ferocious look and a metal-like Shell on their backs. At this moment, they gradually flapped their wings and flew out, filling the entire Hall in an instant. There were also many that rushed directly at them. The “buzzing” sound seemed to be some kind of sound wave attack, causing the blood and Qi of the three people to shake, and the spiritual altars and sea of consciousness to surge.

“Your sister! What the hell is this?”

Yuchi Jin suddenly cursed. Golden light flashed in his hands and he pushed them to the left and right. He immediately separated them from the others and created a barrier, protecting the three of them.

Huo Yin’s face turned pale with fear as she screamed and almost fainted. The woman was most afraid of these things, not to mention that they were flying in the sky. She looked at the appearance and number of the insects and suddenly could not hold on any longer. She collapsed on the ground.

“Hey, no way!”

Yuchi Jin was so shocked that his eyes were like copper bells. “Aren’t you a martial Supreme? You fainted from shock?”

Yunxiao felt his throat go dry, and his face turned pale as he said, “Even I can’t stand it, let alone a woman. Did you notice what kind of insects these are?”

Only then did Yuchi Jin carefully look outside the barrier and said in shock, “Corpse beetle? How come there are so many of them, and they’re so powerful?”

He was a four-star Martial Emperor, and he was starting to feel the strain of maintaining the energy barrier. He said in horror, “You’re not joking, right? My barrier’s energy consumption is actually this great?”

there are too many of them,” Yunxiao said with a pale face. your barrier is attacked tens of thousands of times each time. Of course it can’t bear it! Cold sweat rolled down his forehead as he said in fear, “no wonder there were only a few praying corpses outside the main hall, but there was not a single corpse inside.

Yuchi Jin’s face also turned green. He understood what Yunxiao had said. There must have been many people in the hall, and they had all been eaten by these corpse beetles after they died!

Moreover, ordinary corpse beetles were just a type of parasite and wouldn’t be the least bit powerful, but these had all mutated after devouring a large number of powerhouses ‘corpses. Moreover, after countless years of evolution, they had long become a new species.

“Motherf * cker! Hurry up and call Huo Yin, let her burn these things! Bugs are afraid of fire!”

Yuchi Jin roared. Although he had no problem holding on for a while longer, the thought of the insects ‘attributes made his hair stand on end and he trembled.

Yunxiao hurriedly squatted down and patted the fire a few times, but there was no reaction.

“I’ll do it!”

Yuchi Jin suddenly jumped up and stomped on her chest ruthlessly. He said angrily, “Get up, get up, get up!”

“Bang Bang Bang!”

With each step, a very strong spirit pressure was released, making Yunxiao feel a sense of oppression.

However, Huo Yin still didn’t react at all, as if she was dead.

Yuchi Jin’s eyes widened and he said angrily, “If you don’t get up, I’ll strip you naked and admire you!”

It was still quiet and there was no movement inside the barrier.

I’ll do it,” Yunxiao said awkwardly. let me do it. “Sister huoyin, your chest is so flat!” He said indifferently.

“What?”

Huoyin jumped up in an instant and rushed up with a roar. She grabbed Yunxiao’s neck with both hands and said angrily, “Little brat, are you blind? This old lady’s chest is so big and you actually say it’s small, you really are looking for death! I’ll strangle you to death!”

Yuchi Jin’s face was full of black lines as he angrily shouted, “Don’t mess around! Huoyin, quickly set fire to these things!”

Only then did Huo Yin react. She looked at the insects outside the barrier and screamed with her eyes closed, “Bugs, bugs, I’ll burn you to death! Starfire Prairie Fire, burn them to death!”

As the fire element in her body surged, the entire Hall was covered in sparks. More and more sparks appeared, gradually forming a Prairie Fire, much more than the corpse beetles!

“Pilipala!”

The sound of insects being roasted could be heard all around. The insects' buzzing sound was even louder and noisier. All of them fell into fear and flew around. Flames were their nemesis, not to mention that Huoyin's yellow Springs hell fire was not an ordinary flame.

Although Huo Yin was using her ultimate skill, she didn't dare to open her eyes. Instead, she listened to the sound of the metal shells of the bugs being burned and exploded. She felt extremely nauseated and wanted to throw up.

Yuchi Jin immediately felt the pressure on him decrease sharply. He laughed and said, “I'll burn you disgusting bugs to death!”

The pale look on Yunxiao's face gradually improved, but his eyes slowly turned serious.

The countless zombies outside the barrier had their metal shells burned through, falling to the ground and dying. Soon, there were only a few thousand left. At this time, Yuchi Jin finally realized the problem. The remaining few thousand zombies were not afraid of the fire. The flames could not burn through their bodies no matter what!

“Hey, Huo Yin, don't be lazy!”

Yuchi Jin shouted. His eyes flickered with a sharp light. He had indeed discovered that these corpse puppets were somewhat different. The flames didn't burn them at all, but were blocked by an invisible force.

Soon after, these undying corpse beetles flew down from the sky and fell into the pile of corpse beetles' carcasses below, where they began to devour them to their hearts' content.

All of a sudden, the buzzing sound turned into the sound of a large number of nibbling.

Huo Yin slightly opened her eyes and said in surprise, "What's wrong? Are you all dead?"

The ground was covered with the corpses of the corpse beetles that had their shells burned off. The organs and limbs of various colors were nibbled away by the undying corpse beetles, and they were all in a mess, emitting a foul smell.

"Blargh!"

As soon as Huo Yin opened her eyes, she vomited. She couldn't stand it anymore.

"Motherf * cker! What the hell is this place? let's go!"

Yuchi Jin also felt goosebumps all over his body. He didn't care about this anymore and immediately retracted the barrier. His entire person turned into a ray of light and was about to rush out.

The corpse beetles on the ground suddenly flew up and surrounded him, shrouding him in a dense Mass. Yunxiao and huoyin's hearts tingled at the sight.

"Damn thing, get lost!"

Yuchi Jin's voice rang out, and several golden lights shot out from the densely packed corpse beetles. A powerful Emperor Qi spread out, directly forcing these insects to retreat and scatter in all directions.

"How could it be?"

Yunxiao's face turned extremely unsightly as he said in horror, "these insects didn't die under such a powerful Emperor Qi?!"

...

As their divine senses were sealed, they could not sense the level of these insects at all. However, even if they were eighth-rank demonic beasts, it was impossible for them to resist the Emperor Qi. Could these bugs be ninth-grade?

This thought immediately made the three of them jump in fright and their hair stood on end. If there were thousands or tens of thousands of ninth grade bugs, how could they live?

Yuchi Jin's face was also unsightly. The exit of the hall was also surrounded by a large number of corpse beetles. He didn't understand why the Emperor Qi couldn't kill these beetles. Moreover, many of the corpse beetles that couldn't be burned to death had some changes after eating a large number of corpses of their own kind. At least they looked stronger.

The demonic Dragon's voice was heard. these bugs must have devoured a large number of martial Supreme-level corpses. That's why they're not afraid of the emperor's aura. They're really gifted!

what a freak! Yunxiao's hair stood on end. the divinity that evolved by eating corpses is simply abnormal!

Yuchi Jin grabbed at the air and the corpse beetle closest to him was directly caught in his hand. He suddenly wrapped it in Emperor Qi and squeezed it hard!

"Pa!" A green liquid burst out, making it extremely disgusting.

"Hmph, I thought I couldn't kill them all! It's just extremely difficult to kill!"

Yuchi Jin's confidence increased greatly after killing a corpse beetle. With a loud shout, he drew out his saber. He exerted all his strength with both hands and suddenly slashed down. A Golden Saber Light broke through the air and turned into a golden rainbow. It instantly cut through the corpse beetles blocking the entrance of the hall. A passage suddenly appeared. He suddenly turned into a golden light and was about to rush over.

Suddenly, a black shadow fell from the sky at an extremely fast speed. The black shadow was the size of a bathtub, and it was surrounded by a faint green light. It actually rushed into the golden light and collided with Yuchi Jin.

“Bang!”

...

Yuchi Jin’s entire body trembled as he was struck by a huge force and was actually forced back.

He looked over in horror and suddenly sucked in a breath of cold air. He felt a chill run down his spine. The thing in front of him was actually a super large corpse beetle!

“Blargh!”

Huo Yin looked at him from afar, and her stomach, which had finally calmed down, became chaotic again, and she vomited desperately.

Yunxiao was also surprised. The Super-large corpse beetle also had an armor-like Shell dotted with all kinds of dense white spots, which could make one’s scalp tingle and brain explode at a glance!

“Blargh!”

Yunxiao could not stand it anymore, so he bent over and vomited desperately.

Yuchi Jin’s face was pale as he suddenly clenched his hilt and unleashed a powerful Emperor aura. The blade gleamed and flickered over the hall, and the powerful artifact essence spread out, making the corpse beetles closest to him feel uncomfortable and move away, many of which flew directly in Yunxiao’s direction.

Yunxiao’s face flickered as he cried out in a hurry, “sister Huo Yin, don’t vomit anymore. The bugs are here!

Huo Yin was shocked, and the killing intent on her body burst out. Rings of fire element power spread out around her. She said coldly, “hide behind me. I don’t believe that these bugs are not afraid of fire!

Her hands quickly formed a seal, and a terrifying flame slowly condensed in her hands, forming a seal. The surrounding temperature suddenly rose, and under the illumination of the flame, it was slightly pale yellow, revealing an extremely strong murderous aura.

Yunxiao was slightly taken aback. Although the power of the flame was not as strong as his Phoenix divine flame, it was indeed very powerful, especially in the hands of a Martial Emperor. It was enough to destroy the world!

At this moment, Yuchi Jin's aura had also risen to the extreme. The saber in his hand trembled and hummed. A large amount of Emperor Qi flowed out uncontrollably from the saber Light, and his body was shining with golden light!

Chapter 720

720 Profound level weapon

The two martial sovereigns finally lost their patience and flew into a rage. The auras on their bodies surged into the sky, and the Golden and red colors shone on each other. All the corpse puppet worms were forced to retreat by the aura. They scattered in all directions and fled to the side of the huge corpse puppet along the edge of the hall.

The huge corpse puppet suddenly opened its mouth and inhaled. A vortex-like air current appeared at the side of its mouth, and the shocking spiritual energy was sucked in in one breath, just like the situation when it entered the cocoon.

Not only was the spirit Qi sucked into its mouth, but even the thousands of mutated corpse beetles that could not be burned to death were also sucked into its mouth and began to chew. The sound of chewing the insects was creepy!

be careful of this big bug," Yuchi Jin said warily. it was completely fine after colliding with me just now. It's at least a martial Supreme-level bug!

The flames on Huo Yin's body burned fiercely. She had long since been unable to stand the environment here. She said coldly, who cares what kind of existence it is. Under my Hellfire, there's only hell!

The two of them were so powerful that the entire Hall trembled. The sharp blade light and the netherworld flame flickered at each other, and the small corpse beetles were sent flying by the Qi field, falling into the mouth of the large corpse beetles!

“Gulp gulp!”

A strange sound suddenly came from the corpse beetle’s stomach. It raised its upper body slightly, and its hands and feet danced in the air, forming a seal!

“What? This bug can form hand seals?”

The three of them were completely floored. Could it be that this thing had an extremely high level of intelligence? They were all shocked.

“You two, are you controlling your moves just to scare your opponents?”

Yunxiao said coldly with a serious face.

Yuchi Jin and Huo Yin looked at each other with determination in their eyes. They did have the intention to scare each other, hoping to force these insects to retreat. After all, with their combined strength, the entire Palace would be completely destroyed. There might still be many secrets in the palace that they did not want to destroy.

Moreover, the two of them had the biggest taboo, which was that if the fluctuations were too great, the Qi would shake the vast sky and cause them to be captured by the blood God Palace’s nine Yin vast origin fiend formation. This was the thing they were most unwilling to see.

However, as the corpse beetles continued to form seals with their limbs, the spiritual pressure they emitted made them feel a hint of danger. They had no way out and had to give it their all!

Yuchi Jin’s eyes flashed with a stern look. His right wrist suddenly moved, and the saber split in the air with a “Zheng” sound, turning into seven or eight pieces. An extremely dazzling sword light suddenly

appeared, and the body of the saber instantly slashed down. The sound of cutting drilled into the eardrums, causing a burst of piercing pain.

“Motionless Saber King!”

Yuchi Jin let out a loud shout, and the saber Light slashed down on the corpse puppet’s body. In an instant, seven to eight saber shadow fluctuations stacked on top of each other, each one stronger than the last!

“BOOM!”

The Emperor Qi of the nine Heavens soared into the sky and slashed at the giant corpse puppet. The Emperor Qi scattered in all directions, and the seal in front of the giant corpse puppet was shattered. The saber Light directly hit its body, and the surrounding space trembled!

“?! What’s going on?”

Yuchi Jin’s pupils suddenly enlarged as he looked at the golden light in horror. The giant corpse puppet, which he had thought was dead for sure, was still motionless in the saber Light. There were no signs of injury on its body. On the contrary, waves of terrifying power began to spread from the corpse puppet’s body, passing through the aftermath of the saber Light.

Huo Yin’s expression also changed drastically, and she was extremely shocked!

The power of Yuchi Jin’s knife just now was no less than her own, but it couldn’t cause any damage to this thing. Then her own flames were most likely useless. Her eyes suddenly went blank, and she was at a loss.

Yunxiao’s pupils constricted as well. He could already judge that Yuchi Jin’s strength should be on par with mo Xiaochuan’s, but without mo Xiaochuan’s divine sword, he was bound to lose in the battle. The great corpse puppet’s strong defense also made his heart skip a beat. At this moment, he could also sense the aura emanating from the great corpse puppet, which made him feel extremely uncomfortable.

“This is a Kasaya.”

Suddenly, Yunxiao caught a familiar feeling, and his face filled with shock. His eyes narrowed slightly as he secretly cast an eye technique, looking straight through the corpse puppet’s body, trying to see through it completely!

“Profound level weapon!”

Yunxiao’s pupils constricted as he cried out in horror, “This thing is actually a profound level weapon! Heavens, how could life be born?”

Under his gaze, he saw that other than the great corpse puppet’s life structure, there was also an extremely strong weapon accumulation that was vibrating! As an Alchemist, he could easily capture it. No wonder that power was so familiar. It was actually an artifact accumulation. He just did not react to it for a while!

“Xuan ‘GE’s Xuan artifact?”

Yuchi Jin couldn’t help but laugh. ha, haha! You’ve been scared silly, haven’t you?!

Yunxiao’s face was unprecedentedly serious as he muttered to himself, “How is this possible? At most, a profound level weapon can give birth to a weapon spirit, and even a stronger weapon spirit can only break away from the shackles of the profound level weapon and become an existence that can roam the world. It’s impossible to turn the body into a living body, this bi an!”

This time, he was completely dumbfounded.

Huo Yin saw that he didn’t seem to be joking after listening to him. Two lines of sweat dripped down her forehead as she said, “You ... You can’t be telling the truth, right?”

After the giant corpse puppet took Yuchi Jin’s blade, a metallic sound suddenly came from its body, as if a machine was constantly assembling itself. Its head directly lowered and bent into the metal shell on its back. More than ten tiny limbs were all bent, making it look like it was sprinting.

“This is the Kongtong saber?”

Yuchi Jin was dumbfounded. The giant corpse puppet’s current appearance did indeed look like the front half of a broken blade. He sucked in a cold breath and said in horror, “Kid, what you said just now can’t be true, right?”

“Whoosh!”

The giant corpse puppet suddenly charged forward, and the space was directly split into two halves. A huge saber radiance shot out from its body and suddenly slashed toward Yuchi Jin!

This time, Yuchi Jin and Huo Yin no longer had any doubts. This thing was really a saber! Moreover, it was a living saber!

Yuchi Jin suddenly poured all his strength into the saber and immediately slashed out. Two extremely powerful saber lights collided with each other, causing a huge spiritual pressure that shot out like lightning!

“Bang!”

Under the collision of the two blades, Yuchi Jin’s body was actually sent flying. He was directly sent flying into the wall of the hall, shattering the entire wall.

“This Suan ni, this blade must be a ninth tier profound artifact, Suan ni.”

Yunxiao was also shocked. Suddenly, he had an idea and shouted, “I understand! This corpse puppet was an extremely powerful monster, and it was captured by a powerful Alchemist to be used as a material to refine a profound artifact. Later, after the owner of the profound artifact died in this Hall, for some reason, it gained its own intelligence!”

Huo Yin was so shocked by his analysis that she couldn’t speak. It sounded like a fantasy, but it seemed to be the only explanation.

The demonic Dragon's voice was heard. It was actually a mocking laugh. haha, I thought your gourd Little King Kong's half-beast half-weapon body was a song of the ages. I didn't expect that there was already a sample from a long time ago!

Yunxiao's face was dark as he said with embarrassment, "It's different. The calabash Little King Kong is a combination of a profound level weapon and a demonic beast, embedding a non-living object into a living object. In the end, the calabash Little King Kong is still a stone beast. However, this corpse puppet saber is originally an inanimate object, yet it has become a living thing. This is simply too inconceivable!"

"Do you think it's the power that the people outside the hall prayed for?" the evil Dragon suddenly asked.

"Impossible!"

no! Yunxiao shook his head decisively and said, "let's not talk about the fact that the power is too illusory. Even if it does exist, what is the purpose of bringing the zombie saber to life?" Although he looked powerful now, he was only an ordinary martial Supreme. He would not have been of any use during the incident back then. This corpse puppet must have come back to life after an accident and produced a large number of small corpse puppets to devour corpses. It then devoured the small corpse puppets, and after its strength gradually weakened, it sealed itself."

The demon Dragon frowned and said,"that's too disgusting!" Then how did it resurrect? Without that unparalleled power, have you ever heard of anyone being able to come back to life from the dead?"

...

"Resurrection?"

Yunxiao shook his head. you're wrong. The current corpse puppet is a new life produced by the profound level weapon and not the previous dead corpse puppet!" He frowned and said,"it's common for spiritless things to manifest, but this kind of thing that directly gives life to the body, this Suan ni ..."

He was also stunned, not knowing what was going on.

“Huala”

Yuchi Jin stood up from the rubble. His face was filled with unconcealed shock. He raised the battle blade in his hand and saw that there was a gap on it!

His battle blade was an eighth tier profound armament, and with one move, he was immediately at a disadvantage. He muttered to himself in shock, “This Kasaya, this Kasaya, this thing is really a profound level weapon Kasaya.”

Yunxiao looked over and saw that after Yuchi Jin had shattered the wall, the scene behind the hall was revealed. It was actually a garden, but with the passage of time, only the mountain rocks were left, while the spring water and flowers had long died and turned into fossils.

Yunxiao’s face was filled with shock. At a glance, he recognized many flowers and plants, all of which were top-tier ninth-tier heavenly materials and earthly treasures. Even in the sea of soul formation, the number of them could be counted with just a finger. There were even some that he did not recognize.

At this moment, the big corpse puppet seemed to have become more courageous after its confrontation with Yuchi Jin. It slowly walked toward the three of them. Its mouth, which had eaten countless small corpse puppets, was constantly chewing them, making people’s hair stand on end.

“Damn it, try my netherworld fire!”

Seeing that thing getting closer and closer, Huo Yin’s heart shuddered. She didn’t care if it was useful or not. With a hand seal, the flames that filled the sky were drawn into her palm, and she pressed down along with the seal.

...

A huge heat wave spread out in all directions as the fire seal was pushed out. The temperature instantly rose by an unknown number of degrees. The gravel under Yuchi Jin’s feet began to melt, and the entire Hall was like a steamer basket!
