

The Eternal 721

Chapter 721

721 The garden

Huo Yin's incantation seal spread out, and a terrifying flame rushed up. The giant corpse puppet seemed to be extremely afraid and suddenly retreated. All the organs on its body contracted, as if it was very careful.

Whether it was a profound level weapon or a life form, they all had a natural fear of fire, and the great corpse puppet was no exception. Its two almost invisible eyes suddenly flickered with green light, and its body gradually glowed with light, as if it was moving strangely.

Yunxiao's eyes narrowed as he said, 'be careful! This thing seems to want to counterattack!'

Huo Yin's expression changed slightly. He suddenly saw the giant corpse puppet rush up. The light on its body was actually the blade light that had been brewing. At this moment, it shone and rushed into the sea of fire!

This thing actually knew how to advance as a retreat and attack as a defense. The saber Light wrapped around the corpse puppet's body and rushed towards the sound of fire.

Huo Yin's expression changed drastically. She changed her hand seals and the flames suddenly exploded!

"boom boom boom!"

The flames scattered in all directions, and although the saber radiance was mostly extinguished, it still flickered with a cold light. It rushed out of the center of the explosion and slashed towards Huo Yin with an unparalleled momentum.

While huoyin was still in shock, an arm was placed on her shoulder. The space twisted in an instant, and Yunxiao teleported away with her, landing directly behind Yuchi Jin.

The giant corpse puppet missed its attack, rolled a few times in the air, and then charged toward the three people.

Yuchi Jin suddenly raised his saber, and a saber ray appeared as he slashed horizontally!

The other party's body was a ninth tier profound armament and to them, it was practically an indestructible body, so how could they fight! Therefore, Yuchi Jin could only passively defend and no longer had the heart to win. The saber slashed at the corpse puppet's body and was once again forced to retreat.

"Damn it, I've really seen a living ghost!"

fighting with a profound level weapon?" Yuchi Jin cursed. this is really outrageous. I really suspect that I'm dreaming!

Huoyin gave Yunxiao a grateful look and said, "Be careful." She took out a copper ring and enlarged it in her hand. She also rushed into the battlefield and joined forces with Yuchi Jin to fight the enemy.

The mystic artifacts in their hands were only eighth-tier, and not everyone was as rich as Yunxiao, who had a pile of ninth-tier Mystic artifacts. In the realm of heavenly martial arts, there were as many martial emperors without ninth-tier Mystic weapons as there were hairs on a cow. Especially those martial artists who were rogue cultivators. If they could have a Supreme-grade eighth-tier Mystic weapon, they would be grinning from ear to ear.

The sound of profound level weapons clashing kept coming, and there were powerful energy fluctuations and all kinds of spiritual pressure everywhere. Under the joint efforts of Yuchi Jin and Huo Yin, the battle ended in a draw.

However, the two's expressions were getting uglier and uglier, because the eighth tier profound armaments in their hands were gradually unable to support themselves, and there was a possibility that they would collapse at any time.

Yunxiao watched quietly from the side while observing the garden.

“You’re not going to help?” the demonic Dragon’s voice came. When these two shields die, you’ll be in danger.”

Yunxiao laughed and said, “ how can they die so easily? both of them are four-star martial sovereigns. Fortunately, their Mystic artifacts are too trashy. At least, they can still last for the time it takes for an incense stick to burn. I wonder what’s going on with the power of the corpse puppet saber. Is it endless?”

He immediately denied this judgment and said, “ “Even if it’s a profound level weapon, it’ll become weak after excessive consumption. It needs to be nourished again before it can exert its peak power. The corpse puppet saber had one thing similar to the gourd Little King Kong, which was that it had the dual attributes of a profound level weapon and life. After being sealed for countless years, only its life attribute had been consumed, while its profound level weapon attribute had become stronger and stronger with the passage of time. This Yuchi Jin and Huo Yin are also really amazing. With the cultivation of four-star martial sovereigns, they can actually fight to a draw with a ninth-tier profound weapon that has been completely unsealed.”

I’m going to faint! Those two are four-star martial sovereigns!

The demon Dragon shook his head in disagreement. it’s mainly because this saber is too strange. If it were an ordinary ninth-tier profound artifact, it would be impossible to suppress two four-star martial sovereigns even if it was completely unsealed.

A smile appeared at the corner of Yunxiao’s mouth as he sent a voice transmission, “ “No matter what, it’s good to have such a monster to suppress these two people for me. I have a vague guess in my heart, but I don’t know if it’s correct. If it can confirm my guess, then this trip will really be fruitful!”

He no longer paid attention to the battle between the two and the corpse puppet saber. Instead, he began to stroll around the garden. Looking at the petrified flowers and plants, he felt a sense of heartache. As a large amount of spiritual energy began to pour in from the outside, the various petrified plants here began to weather and turn into ashes.

“BOOM!”

All of a sudden, a burst of spirit pressure shot over from the battlefield of the three people, blasting onto the mountain rock in the center of the garden. A ray of light actually appeared, and the spirit pressure was bounced away!

“Hmm, what’s going on?”

Yunxiao was taken aback. In a flash, he came to the top of the mountain rock and began to examine it carefully. The spirit pressure was so strong that it did not leave any trace.

“Swish!”

Just as Yunxiao fell into the rocks, the zombie saber in the distance suddenly left Yuchi Jin and Yuchi Jin behind and flew toward Yunxiao, as if it was extremely unwilling to let him observe the situation of the rocks.

Frowning slightly, Yunxiao turned and moved away, causing the zombie saber to miss.

Although the corpse puppet saber was powerful, it was only powerful in terms of strength. It could not seal and suppress space, so Yunxiao was not afraid of it. With his teleportation and lightning transformation, he could escape in a matter of minutes.

“Kid, what happened just now?”

Yuchi Jin and the other man also noticed the abnormality and asked in surprise.

The two of them desperately circulated their internal energy to recover their vitality. If they were strong cultivators with a bit of wealth, they would have already started to take medicinal pills. These rogue cultivators had always been used to being thrifty. They would hide even a little medicinal pill like a treasure and would not be willing to take it out unless it was absolutely necessary.

Yunxiao fixed his eyes on the corpse puppet saber lying on the rock and said indifferently, “I don’t know. There seems to be a seal under this thing, and it’s not weak. There might be some treasure.”

As soon as he said this, a hint of joy flashed in Yuchi Jin's eyes. He said, "After spending so much effort, there's finally some sign of it."

Huo Yin, on the other hand, was much calmer. She splashed cold water on him, "God knows what's inside. It might be another living profound armament. Then whether or not we can get out alive is a problem.

Yuchi Jin was startled. These words had really made him afraid. After fighting with the corpse puppet saber for so long, he was really depressed. He didn't know if the other party had normal intelligence. On the other hand, the saber he loved in his hand was already incomplete and had run out of spiritual energy. It was extremely difficult to repair it.

Huo Yin's copper ring was the same, which made her heart ache. If another person of the same kind as the corpse puppet saber appeared, not to mention whether the person could escape, at least the profound level weapon would be completely destroyed.

Yunxiao chuckled. you've come to this point, and this thing is not chasing you now. You can leave. But, are you willing to?"

The two of them were stunned for a moment, and then smiled bitterly. They had already come this far. If they couldn't find out all the secrets of this Palace, they would probably regret it for the rest of their lives.

Yuchi Jin's brows twitched and he said coldly, "Brat, from the beginning until now, we've been working hard, and you didn't contribute at all. Now, isn't it your turn to contribute?"

Lord Yuchi, " Yunxiao said with a smile, " you have the nerve to say that, don't you? You want me to fight an opponent that even two martial Supremes can't defeat? What good will it do you if I die? Moreover, you've placed a restriction on my body, so I can't escape even if I want to."

The demonic Dragon felt a wave of disdain in his soul spirit when he heard this. The so-called restriction had long since been dissolved by the bright moon divine light. Yunxiao kept encouraging the two to open the way, while he kept his strength and waited to be the biggest winner.

“Oh? That’s not necessarily the case, I can see that your escape technique is quite brilliant. This thing can’t do anything to you.”

Yuchi Jin also seemed to have learned his lesson. He said coldly, “You can draw him away, and then the two of us can work together to break the restriction. Otherwise, with your cultivation, you won’t be able to break the restriction. Why don’t you use some of your remaining energy and make some contributions?”

Yuchi Jin, ” Huo Yin said with a frown, ” why are you still playing tricks at a time like this? besides, this kid is already under the control of your restriction. Why do you want him to die? ”

Huoyin had a good impression of Yunxiao after he had helped her just now.

it’s alright, sister huoyin, ” Yunxiao said with a smile. it’s fine. Since Lord Yuchi has said so, then I will give it a try.”

His answer stunned both of them, and Yuchi Jin was also a little surprised. He had only said it to complain a little, and did not really expect Yunxiao to fight.

...

Yunxiao leaped into the air, formed a floating life seal with both hands in front of him, and then pressed it down with a light cry!

A golden seal appeared above the courtyard. The two martial sovereigns were shocked by the exquisite structure of the seal. They knew that this was no ordinary move. They were ready to break the restriction as soon as the corpse puppet saber left.

“Whoosh!”

It seemed that the creature’s intelligence was indeed not high. As soon as it saw the attack coming, it immediately gathered its strength and transformed into a saber beam, which immediately shattered the beautiful floating life seal and continued to slash at Yunxiao.

Yunxiao chuckled. The space around him twisted, and he disappeared in an instant, leaving only an afterimage.

The corpse puppet saber passed through the afterimage he had left behind and turned into a ray of light that flew into the sky. It stopped after a few turns and turned back into a corpse puppet worm.

At this moment, two rays of light instantly fell into the mountain rock and glowed with golden light and fire. It was Yuchi Jin and Huo Yin who had made their moves in an instant to break the restriction.

“Xi Xi Xi Xi!”

The corpse puppet saber in the sky suddenly let out a violent sound, and an extremely powerful weapon accumulation power spread above them. Then, a dazzling light fell.

Everyone was shocked. They looked up and saw that the ugly thing in the sky had disappeared. Instead, it had turned into a big, shining saber that cut across the sky.

A black shadow appeared in the sky. The shadow grabbed the corpse puppet saber and suddenly felt as if the rivers and seas had evaporated and the mountains had shattered. The shadow raised the saber and finally slashed down!

...

The entire garden was reflected in the blade light, as if there was only one World of blades in the world!

Chapter 722

722 Spring water

“Is this Saber Light and martial intent the power of the corpse puppet saber’s previous owner? It’s been countless years, but the martial intent has not been extinguished!”

Yunxiao was taken aback, but his eyes were ablaze with Flames of War. He was shocked by the magnificence of the peerless expert who had passed through countless years, and his blood was boiling.

“Don’t be so pretentious, just hide. If you don’t dodge this, you’ll be finished.”

The demonic Dragon’s lazy voice sounded.

A gleam flickered in Yunxiao’s eyes, which became fierce under the saber Light, but it eventually disappeared and returned to calmness. I really miss the days when I fought with the peerless powerhouses. Now, I’ve been hiding all day. Even if I encounter a few country bumpkin martial sovereigns, I have to hide and scheme.

The demon Dragon snorted. it’s all your fault. Restrain yourself and find a place to hide, or go to Yanwu to cultivate. When you return to the peak of the Martial Emperor realm, you might not even be interested in these useless people and sects.

if that’s the case, am I still myself? ” Yunxiao sneered. I’m not the same.

His conversation with the demonic Dragon ended in that instant. His entire figure suddenly disappeared on the spot and he went into hiding.

In the end, the saber Strike was only condensed from the martial intent branded in the corpse puppet saber’s memory. It did not have the power of rules that could seal the sky and lock the earth like the Emperor Qi of the nine Heavens, so it could not stop Yunxiao’s teleportation at all.

Yuchi Jin and Huo Yin, on the other hand, were in a terrible state. Their faces turned pale as they felt the trembling and fear in the depths of their souls under this blade. Without any time to think, the two of them exploded out with all their strength at the first moment. The Golden shimmering blade light and the extraordinary flames gathered together and rushed into the sky to resist the unparalleled blade Qi!

“Boom boom boom!”

The blade light and the power of the flame held on for a moment under the blade light before collapsing like a collapsed building. The two of them, despite joining forces, were still no match for the Zombie's blade and were shaken off by the huge Qi force. Like leaves in the wind, they were swept away by the airflow!

"Pfft!"

"Pfft!"

The two of them were sent flying far away, and they spat out a large mouthful of blood, their eyes filled with panic.

Yunxiao's figure gradually appeared in the air. Feeling the shock wave in the air after the saber beam passed, he looked down with a yearning expression. At the moment, the giant corpse puppet was lying in a rock, which had cracked under the great force just now, and a strange force emerged from it.

A small stream of water trickled through the cracked mountain rocks, and green moss grew at a speed visible to the naked eye. Wherever the spring water passed, life was exuberant, and the dilapidated and dead garden began to recover its vitality.

The great corpse puppet's dozen limbs were soaked in the spring water and paddled continuously, looking very happy.

Yunxiao's pupils gradually widened as he said in surprise, "What a powerful life force. Could this be the water Essence I've been looking for?"

"Yes, that's very likely!" The demonic Dragon said. This garden was truly extravagant. Not only were there so many exceptional spiritual herbs, but there was also such a divine object to irrigate it. It's obvious what a magnificent scene it was back then, but now it's abandoned in the corner of the mountains. How sad!"

Yunxiao's heart jolted as he asked in surprise, "If this water contains such a strong aura of life, do you think the corpse puppet saber has been soaked in this water for too long, thus producing life?"

“That’s possible,” the demon Dragon was stunned for a moment. Now that the corpse puppet is guarding this place, if you want to get water, you’ll have to deal with it first. Also, this water hasn’t died down after so many years, so I don’t think these trickles of water contain its essence, so it’ll take a lot of effort to collect it. ”

“En, no matter what, I’ll just give up after finding it. I’ll first think of a way to deal with this corpse puppet.”

Yunxiao looked in two directions. Yuchi Jin and huoyin had been seriously injured, and their weapons had been destroyed. It seemed that it was difficult to count on them to fight, but he still smiled and said, ” “The two of you, this spring water doesn’t seem to be ordinary. Does anyone have the intention to collect it?”

Huo Yin’s eyes were filled with disappointment as she said,“I cultivate fire-type cultivation techniques, so this water is useless to me. However, I can exchange it for some good things. Now that the corpse puppet seems to be enjoying itself in the water, it’s a good time for us to leave. If we miss it, it’ll be difficult to leave again.”

She couldn’t decide whether to stay or leave. She wasn’t sure if she could stay, but she was unwilling to leave.

Yuchi Jin was also in a dilemma. His eighth-grade battle saber was broken, and his heart ached. If he couldn’t get anything, it would be a huge loss.

At this moment, the spring was flowing out, and the whole garden was covered with green moss. All kinds of nameless wildflowers bloomed, as if spring had come and everything was waking up.

“Could this be the water source?”

The shock in Yuchi Jin’s eyes became more and more intense. His expression became firm as he said firmly, ” the value of this thing is hard to estimate. If you die, then you die. If you risk it once, you don’t have to worry about profound level weapons and medicinal pills for the rest of your life.

A black light flashed in his hand, and a long black whip appeared. There were spots on it, and it was actually refined from a complete long snake. It was unsealed under the seal, and it swam in the air as if it were alive, biting at the large corpse puppet.

“Clang”

The crisp sound of an unsheathing suddenly came from the corpse puppet’s body. Without any visible movement, the saber Ray Rose, and the long snake whip trembled violently and quickly retracted.

Yuchi Jin’s expression changed slightly as he said in fear, “This insect’s strength seems to have become stronger under the nourishment of this spring water. There is no point in staying any longer. Let’s go!”

He waved his hand, signaling the two to leave.

Huoyin nodded, but Yunxiao did not move. He stood quietly in the sky, staring at the giant corpse puppet, as if he was thinking of a way to deal with it.

Yuchi Jin frowned and said unhappily, “What are you waiting for? quickly leave with me.”

He was still thinking about Yunxiao’s treasures. It did not matter if he was not strong enough to take the things in the hall, but he could not lose Yunxiao’s treasures, especially since he had lost his weapon. He was in urgent need of a handy Mystic artifact, or even Yunxiao’s head in exchange.

Yunxiao raised his head slightly and said with a smile, “ you guys go first. I’m definitely going to get this water Kasaya!

Yuchi Jin’s pupils constricted. The undisguised determination in Yunxiao’s eyes shocked him, but he sneered and said, “I won’t interfere with what you want to do. Hand over the treasure that the blood God wants and I’ll leave immediately.”

yes. I also want to see the mutated fire I can sense from your body.

Huoyin said slowly. Although she had a good impression of Yunxiao, the item was of great importance to her cultivation, so she could not give it up.

Yunxiao smiled. Oh? But I don't have time right now. Why don't the two of you wait outside the hall first, and I'll discuss it with you after I take out this water?"

Yuchi Jin's face darkened and he sneered, "Don't tell me you've been scared silly by this giant corpse puppet? You're actually trying to negotiate with us?"

"It seems like you won't know why the flowers are so red if I don't teach you a lesson!" He laughed cruelly. He raised his hand and formed a seal in his palm. He looked coldly at Yunxiao, waiting to see his pained expression.

Yunxiao's face was still calm as he said with a smile, "Oh? Then may I ask why the flowers are red? I really don't know. Could you please tell me?"

Yuchi Jin's face flickered with horror, and the incantation gesture in his hand suddenly changed. When he saw that Yunxiao had no reaction, he kept changing it in shock. After trying more than a dozen incantations in a row, which seemed to have no effect, he finally recognized the unbelievable reality and said in horror, "You, you broke my restriction? When was this? How is this possible?"

Huo Yin's expression also changed, revealing a shocked expression. The seriousness in her eyes became even more intense, as if she suddenly realized that the young man in front of her was definitely not as simple as they had thought.

Yunxiao sighed. what? Lord Yuchi, are you not feeling well? why is your expression so ugly, like you've eaten shit?"

"You're looking for death!"

Yuchi Jin flew into a rage out of humiliation. The long snake whip in his hand was suddenly unsealed, and a huge black snake soared into the air, whipping toward Yunxiao's space. A series of explosions rang out in the air like firecrackers. The Emperor Qi of the ninth heaven on the whip froze the world around him, making it impossible for Yunxiao to escape.

To his surprise, Yunxiao did not panic. Instead, with a light tap of his finger, a bolt of lightning crackled at the tip of his finger and shot toward the corpse puppet.

The speed of the lightning was extremely fast, and it was aimed at the giant corpse puppet's eyes.

...

“Bang!”

The lightning was knocked away by the corpse puppet's saber Qi, but it also enraged the corpse puppet. It suddenly transformed into a long saber and soared into the sky, breaking through all the shackles of Emperor aura and slashing at Yunxiao.

Yunxiao chuckled. This was exactly the effect he wanted. As long as the zombie saber was activated, it would break Yuchi Jin's spatial shackles, and his teleportation skill would not be locked.

“Swish!”

The long saber cut through Yunxiao's afterimages, but he was nowhere to be seen. The giant corpse puppet crawled madly in the air, its small head constantly shaking from side to side. After searching for Yuchi Jin to no avail, it finally fixed its eyes on Yuchi Jin's long snake and slashed at it in rage.

Yuchi Jin's expression changed. what a cunning brat, ” he said angrily. let's see how long you can hide here!

He suddenly put away his long whip and did not dare to fight against the corpse puppet saber. He turned into a golden light and flew out of the hall.

Huo Yin was also stunned. She looked at the empty corner of the sky, and her lips moved slightly. Finally, she sighed and also turned into a flame to escape.

The great corpse puppet gave chase for a while, and it did not return until it had forced the two out of the hall. Its body trembled violently, and it trembled in the air with even more rage. Yunxiao had already stepped into its most precious spring, and its two tiny eyes turned from green to red in an instant. Its whole body turned into the shape of a long saber again, cutting through the void and coming at him!

Chapter 723-weapon suppression

As soon as Yunxiao stepped into the spring, an indescribable sense of comfort welled up in his heart. It was indeed like a trickle of water, nourishing his heart.

With a casual slap, the divine realm tablet came out of his palm and transformed into the shape of a door. The surrounding space twisted into it as he tried to put it into the corpse puppet saber.

The corpse puppet saber suddenly stopped as if it had sensed something. The saber Light grew stronger, and the blade began to spin, sending out beams of saber Qi that blasted toward Yunxiao and the divine realm tablet.

“You have some intelligence!”

Yunxiao chuckled, and then his body suddenly disappeared.

The light on the divine realm tablet flowed, and the power of the earth emerged, pressing the entire space to rotate. All the saber lights suddenly changed their direction and slashed around the divine realm tablet.

Although the corpse puppet saber was powerful, it had a fatal weakness, which was that it could not control the power of space. It slaughtered wildly in the garden and destroyed everything, but it still could not hurt Yunxiao at all.

hmm, it seems like I can't finish using all this strength. It's a little troublesome to suppress you!

Yunxiao kept teleporting and dodging, and he was getting a little impatient. He performed an incantation gesture with both hands, and a powerful artifact essence suddenly burst out of the divine realm tablet and scattered in all directions. He suddenly thought that since the corpse puppet saber was

a profound level weapon, it might be affected by the pressure of the weapon's accumulation, just like the strict ranking between demonic beasts.

He remembered that in the demon land, the situation of Noah's ship when it was born had directly suppressed all the profound level weapons in the illusion set up by the light of the throne.

Even during a battle between cultivators, if one could connect with the profound level weapon, when they encountered a higher grade profound level weapon, they would be able to feel the profound level weapon's body tremble slightly. But this kind of living profound level weapon was unknown. After all, no one had ever seen it before.

The power of the hidden weapon on the divine realm tablet spread out, and the corpse puppet knives that were slashing wildly in the sky suddenly stopped and hummed slightly. They had indeed reacted to the hidden weapon.

Yunxiao was overjoyed. He suddenly cast out an incantation gesture, enlarging the divine realm tablet more than ten times and pressing it down like a small mountain. The whole space rumbled.

After the corpse puppet saber trembled slightly, it directly turned into a Saber Light and dodged. The corpse puppet's appearance appeared in the air, staring at the divine realm tablet quietly, as if it was afraid.

Yunxiao frowned. In the beginning, he had been hiding from the other party, but now, the other party was hiding from him. With the speed of the saber beam of the corpse puppet saber, it was indeed not easy for the divine realm tablet to suppress it.

He pondered for a moment and opened the heaven's eye in the heart of his brows. The sound of a bell was emitted from his forehead. The dynasty Bell flew out in a flash of golden light. The sound of the bell was ancient and melodious. It rang in the garden, and the sound waves were everywhere.

Clang! Clang!

Although the sound wave had spread out along with the dynasty Bell's level nine artifact aura, the corpse puppet saber did not have much of a reaction even though it moved slightly. It seemed that it was an existence on the same level as the dynasty Bell.

Yunxiao cast a few incantations into the bell, which immediately grew as huge as the sky and covered the sky. The divine realm tablet turned into a gate, guarding the entrance of the garden so that the corpse puppet saber had nowhere to hide.

Clang! Clang!

The corpse puppet saber was running around in the garden anxiously, but it didn't dare to rush to the only exit, the place guarded by the divine realm tablet. In the end, the big bell fell and directly covered it.

"Bang!"

"Bang!"

"Bang!"

Then, a series of rumbling sounds rang out as the zombie saber slashed randomly inside. Every time the saber beam penetrated the bell, it would burst out. At the same time, a powerful vibrato was heard. The sound waves passed through Yunxiao's body, causing his qi and blood to surge, and he found it difficult to control himself.

The corpse puppet saber could exert its full power, but Yunxiao's dynasty Bell could not. He suddenly threw the divine realm tablet over and suspended it above the dynasty Bell. The three forces of territory spread out and suppressed the saber. Only then did the corpse puppet saber slow down, but it still rang a few times from time to time.

Yunxiao wanted to try to put the bell and the saber into the divine realm tablet, but he was afraid that the saber would escape with the dynasty Bell. Helplessly, he thought for a moment, then took out three Northern heaven cold star swords again, forming a sword diagram and suppressing them around the dynasty Bell. Only then did he completely suppress the sound of the corpse puppet saber.

At this moment, if Yuchi Jin and Huo Yin were to come in and see so many ninth tier profound armaments, they would definitely feel so unbalanced that they would vomit blood.

After that, Yunxiao returned to the spring and began to observe it carefully.

The spring water nourished his body, and his meridians and pores immediately opened up. It was an indescribable comfort.

“The source of this spring water must be the essence of water, but I don’t know where it goes.”

Yunxiao seemed to be afraid of something. Now that all his treasures were used to suppress the corpse puppet saber, he did not dare to take any risks. He separated a Starlight soul body with a low cultivation base of a second-tier Alchemist and went into the spring water, following the flow to explore.

Even if his second-rank soul was destroyed, it would not affect him much. Yunxiao sat in the spring and felt the power.

His soul body was moving against the current of the spring water. The underground PATH was very long and narrow, and it was winding and rugged. After an unknown amount of time, it gradually left the perception of his body.

The apparition frowned slightly and continued to move forward.

.....

At this moment, in a desolate place, thousands of miles high in the sky, there was a sudden loud explosion. A black hole appeared in the sky.

The black hole was only the size of a bowl, but it was constantly emitting all kinds of energy. With it as the center, it spread out, and black cracks tore open the sky.

Within the black energy, a green light flashed and mixed into the black energy. It continuously tore open the hole inch by inch. After a while, it finally turned into the size of a door and several rays of light rushed out from it.

There were more than ten people inside the light. Three of them joined hands to cast a spell the moment they came out. All kinds of strange symbols were sent into the black hole, forming a pattern that emitted a golden light.

One of them threw out a green disc, which kept spinning in the air. It was getting bigger and bigger, and it was covered with complicated arrays. They opened it one by one and then embedded it into the black hole. The negative energy in the sky finally stabilized.

The other two heaved a sigh of relief and wiped the sweat from their foreheads. One of them smiled bitterly and said, "it's too dangerous to forcibly break through the air from a long distance. I guess we're the only ones in the world who would dare to do it!"

The person who threw the Jade plate smiled and looked down at the sky. His pupils suddenly shrank and his brows furrowed. He said in a deep voice, "The wrong position? How was that possible? Could it be that something went wrong when he was traveling through the void and we didn't notice it?"

The man's face was gradually revealed. It was mo Huayuan.

A biting cold wind blew in the sky, and everyone's long robes fluttered in the wind. There was only silence.

One of them frowned and said, "there's no sign of human habitation within a thousand miles. Even if I'm wrong, I can't be so wrong." Moreover, using the latitude and terrestrial apparatus to transmit a location would not be a problem unless there was a massive fluctuation in the void during the travel. When we came here, the void was calm. It's a rare good situation. How could we be wrong?"

"Yes, that's right. This is songyue yang city."

A white-robed man slowly said. He had his hands behind his back and his face was emotionless. He only looked down indifferently and said softly, "It's just that it's been reduced to ruins, so you can't recognize it, or you don't want to believe it?"

Although the man's voice was soft, it clearly reverberated in everyone's heart. No one would doubt this person's words.

Mo Huayuan's body trembled, and he almost lost his balance in the air. He took a few steps back and only managed to stabilize himself with the help of the other two alchemists. His face was completely pale as he muttered in a daze, "How is this possible? how can it be destroyed so thoroughly? Not only is there no one left, not even a brick can be seen!"

He lost control of his emotions and shouted at the man, "Sir young master Yu, You must be joking!"

Everyone's heart trembled, and they felt a chill on their backs. The Lord in front of them dared to shout in front of him. He definitely didn't want to live!

Duanmu Youyu's expression was calm, and there was not the slightest fluctuation in his emotions. He only said indifferently, "many a time, a very simple reality, but because one's position is different, one is unwilling to believe it, even doubting it, and deceiving oneself to deny it. Mo Huayuan, you're such a person now."

...

Mo Huayuan's face was as pale as a sheet of paper, and he seemed to want to argue.

you don't have to tell me anything, " Duanmu Youyu interrupted calmly. this won't change the fact that songyue city has been completely destroyed. I'm also very curious as to what happened here. Is everyone dead?"

With that said, his body flickered and he quickly descended.

The dozen or so sanctuary contenders looked at each other in dismay and followed closely behind.

The other two alchemists came from the spirit Department with mo Huayuan in order to temporarily stabilize the space after the forced teleportation so that they could go back the way they came. The Jade plate in the sky was a profound level weapon used to stabilize the spatial tunnel.

One of them comforted him, "it's not a bad thing to not see a single person in this city, not even a corpse." I think everyone has left. Who in the world can destroy the merchant Union? Unless one of these superpowers made a move. Therefore, you can be at ease and wait for the results of Sir young master Yu's investigation. With Sir young master Yu's ability, he will definitely be able to restore the truth."

Mo Huayuan's heart trembled. He knew that this man was speaking the truth, but he could not accept the fact that his brother had died. He could only place his hopes on the Lord's investigation.

Mo Huayuan's gaze fell as he gave chase.

If they wanted to know whether mo Xiaochuan was still alive, they could only count on the White figure in front of them.

He was ranked ninth on the heaven and earth Power chart and had the title of heaven amplification-Duanmu Youyu, a peerless martial sovereign!

Chapter 724-Duanmu Youyu

Song Yueyang City was now in a barren land. Just as mo Xiaochuan had said, not even a brick could be seen.

Everyone's faces were filled with shock. It was hard to imagine what had happened here. So many people, so many powerhouses, but all of them had disappeared.

One of them muttered, " songyue yang city is the number one shopping center in the world. It has a total of four teleportation arrays. All of them were destroyed. If there are any survivors, they should still be flying to the nearest city.

“Yes, we’ll wait for Sir young master Yu to investigate and then look for survivors,” the other man nodded.

Duanmu you Yu paced around in the ruins without saying a word. It was as if he was taking a leisurely stroll in the fields. Although the crowd was criticizing him, no one dared to disturb him and followed closely behind him. Among them, mo Huayuan was the most tormented, and he wanted to rush up and ask him about it.

yes, the residual energy here is the strongest. Let’s see if we can find anything.

After walking for a while, Duanmu Youyu stopped and slowly raised his right hand. A white light flashed between his hands, forming a circular arc in his palm. Rays of light shot out from the white light and landed on the ground not far away, causing explosions to spread.

A total of nine beams of light landed. As the earth trembled, a rhombus mirror rose from where the light landed. It was about the height of two people and formed a nine Palace formation. Duanmu Youyu’s figure was reflected on it.

The shadows reflected each other in the nine mirrors, layer by layer, and revealed countless images.

“All of you, back off. Don’t get in my way,” Duanmu Youyu said softly.

The ten-odd people did not dare to disobey. In that instant, they all retreated, their eyes wide as they watched Duanmu Youyu cast his technique. He was the only clairvoyant among the ten martial emperors. It was said that he could see all the stars in the sky and predict the past and the future. In the eyes of the public, he seemed to be even more mysterious than alchemists.

The nine-sided mirror stood tall on the ground. As Duanmu you Yu cast a spell into it, the images inside began to change. Each side was different, and what appeared were all sorts of previous images. It was as if they were being rewound, but as time passed, the images became more and more chaotic.

Finally, a large number of human figures appeared in one of the mirrors. There were also more than ten blurry figures fighting. He frowned. The other mirrors also began to show various situations one by one.

All of them were what had happened earlier, but they were extremely messy and blurry. Sometimes, it was just a ball of white light, and nothing could be seen clearly.

“These messages contain such powerful energy. My nine-sided mirror’s power is limited after all. The longer I take, the more powerful the energy contained in the information captured, and the harder it is to be accurate. I can’t see the faces and origins of most of these people in the pictures. Do I have to use the divine Art of deduction?”

Duanmu Youyu frowned. The information in the mirror was too much, too messy, and too blurry. He could only make out a rough idea. Then, he muttered to himself, “Forget it. I just need to gather the information I want. As for what the Saints want, let them find it themselves. There’s no need to use a Divine Art to hurt myself.”

He closed his eyes slightly, and the information from the mirror continued to flow into his brain, which he quickly analyzed.

In the distance, more than a dozen Saints were waiting quietly. Only mo Huayuan kept pacing back and forth, unable to keep his calm.

One of the alchemists suddenly raised his head and looked at the round Jade plate in the sky, then said worriedly, “It’s been six hours. Does Sir young master Yu still have no clues? If we continue to forcefully maintain this passageway, I’m afraid that the Jade plate will be destroyed and we won’t be able to return.”

“There’s no other way. Let’s wait a little longer.” Gongzi Yu was a person with the title of Tian Yan, and he could see the past and the future. No matter how long it took, he would have to wait. At worst, we can just send a message back and have the other side open up another passage.”

The Alchemist snorted coldly and said, “you’re really a layman. The space Channel in the same area can’t be opened twice in several months. Otherwise, the void energy storm will destroy everything. If the Jade plate collapses, we’ll have to fly back!

At that moment, something happened on Duanmu Youyu’s side. The light on the nine mirrors gradually dissipated, as if the end had been announced. The mirrors turned into water screens and shattered in the air, leaving no traces behind.

Everyone hurriedly flew over and landed around Duanmu you Yu. They saw that his face was filled with doubt and contemplation, as if he had fallen into a difficult problem. He was extremely confused by the vague information he had gathered.

“Lord gongzi Yu, do you have any clues about my big brother?” mo Huayuan could not help but ask.

Duanmu Youyu glanced at him and said, “The information is very jumbled up, so I can’t be sure, but I have a feeling that your big brother is not dead.”

Mo Huayuan was instantly overjoyed. “Really? Do you know where my big brother went?”

Duanmu Youyu was not interested in him and did not reply. He only said, “It’s almost time. Let’s go back. I’ll also change my path from the Saint realm and return to the one color in the sky.”

“Sir young master Yu, can you give us a copy of this information?” one of them asked.

Duanmu Youyu frowned and said, “not interested.”

“Eh? This Yingluo ”

The man was stunned for a moment. Then, he smiled bitterly. my Lord, we followed you out to borrow your power to explore the situation in songyue city. If we return empty-handed, how are we going to explain it to the higher-ups? ”

“This is your own business,” Duanmu you Yu said indifferently. If you need any information, you can investigate it yourself. I only promised Xiao Hai Yu to come to songyue yang city, but I didn’t promise him to help you collect information.”

“Ah, this Yingluo.”

Everyone was dumbfounded, and they cursed endlessly in their hearts. Your sister! If I don't need your help, I'll ask you to come and die!

Everyone was cursing in their hearts, but they didn't dare to say it out loud. They didn't even dare to show a trace of disrespect. One of them smiled bitterly and said, "Sir Gongzi Yu, don't joke with us. If we go back like this, we will really be skinned by the Deputy Secretary."

"A joke? Do you think I like to joke around? What does your life and death have to do with me?"

Duanmu Youyu took a step forward and flew up into the sky. He said indifferently, "If you guys aren't leaving, then I'll be leaving first. See you again."

Everyone was dumbfounded. The sanctuary had spent so much effort to open up a passage in order to find out what was going on in Songyue city. They did not expect Duanmu Youyu to not give them any face. Everyone looked at each other and quickly followed.

So what if they don't give you face? None of the ten great martial sovereigns could be offended. Even if they did not give the Holy region any face, they could not do anything to them.

Fortunately, the passage leading back led directly to the Holy region. Now, he could only return and report to the higher-ups as soon as possible so that the people above could think of a way to keep Duanmu Youyu.

Mo Huayuan and the other two alchemists hurried to the sky first and put away the Jade plate. Then, the crowd stepped into the passage one after another. After that, the black space slowly closed, and the whole sky returned to its original state.

.....

Just as Duanmu Youyu and the rest were investigating Song Yue Yang city, in an extremely hidden place, where the headquarters of the Death God Palace was.

The figures of Li Yi and the demons gradually appeared, as well as Tang Jie and many other Masters from the four extremes sect.

Li Yi said, " everyone, just stay here and cultivate in peace. Although death god Palace is not strong, it's definitely one of the most difficult sects to find on the continent. Right now, the four extremes sect is probably already involved in the whirlpool. Your headquarters is already in trouble."

"With Lord father guarding the headquarters, nothing will happen in the short term, but it's hard to say if it will happen in the long run. The most important thing now is for Lord Shang to recover his strength as soon as possible, only then can we have a place to stand. "

"This place is indeed hidden," Tang Jie analyzed."If it weren't for brother li leading the way, outsiders would never have found it. I'll have to trouble brother li to make a coordinate pointer so that we can carry out all kinds of information gathering and material supply."

Li Yi nodded,"of course." I've already executed most of the people in death god Palace. There are only a dozen people in this huge territory, so it's safe and quiet enough. I'll go and instruct my subordinates to arrange everyone's cultivation. You can wait for me in the side hall in the North."

that's good, " Shang nodded. our request is simple. Quiet will do.

With that, everyone flew to a side hall in the North.

Li Yi, on the other hand, let out a long whistle, which was a signal to gather everyone. He then headed into the hall himself.

This trip to songyue yang city had benefited him a lot. Not only did he obtain all his power, but he had also boarded the two big ships of Shang and the four extremes sect, which would be of great help to his future achievements.

Under his long roar, more than ten figures headed towards the main hall.

All the freaks in death god Palace had been killed by him. Those who were left behind were either normal people or had extraordinary strength or were still useful.

...

Li Yi turned into a ray of light and landed on the top of the hall, walking in.

The moment he entered, his eyes suddenly narrowed and his body trembled. He stared in shock at the young man in white sitting on the palace master's throne. He had a calm smile on his face as he played with a medallion in his hand. It was the death medallion.

Li Yi's face darkened and he asked coldly, "who is it?" You actually dare to sit on bengong's throne! Are you here to issue a mission? Do you know that you've already committed a capital crime?"

"Oh? This is getting interesting."

The man in white sized Li Yi up and kept nodding with a smile, " you're pretty strong. You're about to become a Nine Heavens martial sovereign. It seems like I didn't come here in vain.

Li Yi's heart skipped a beat. The other party was able to see through his cultivation level with a single glance, so it was obvious that his cultivation level was above his. That meant that he was at least a martial sovereign of the nine Heavens!

If it was in the past, he would have been scared out of his wits when he encountered a martial Supreme. However, he was now a man who had seen the world. He first stabilized his emotions and said coldly, "Who are you?"

"Me? Hehehe!"

The white-robed man chuckled and said, "you can call me Xiaoba. Everyone calls me that." As for who I am, it's not important. What's important is that I'm here under orders. The person who gave the order is the true master of Death god Palace, who is also your future chief!"

Chapter 725-mission

“The true master of Death god Palace? The boss?”

Li Yi’s face turned serious as he went on full alert. He sneered, “Are you out of your mind? The true master of Death god Palace is right in front of you!”

“I know it’s hard for you to accept this reality, but it’s the truth.” Lil eight chuckled. In the past, brother Yuwen’s strength was not enough for him to take on heavy responsibilities, and we let him do whatever he wanted. I can’t believe that you’ve managed to take care of him in one fell swoop. That’s good, at least I like it. Recently, the chief received the news and asked me to come and see if you are qualified to meet us. Now it seems that you’ve passed my test. You’re qualified to join our level.”

The vital energy in Li Yi’s body began to circulate slowly, and two rays of light slowly rose from his hands. He said coldly, “there’s a man who painstakingly plucked a basket of plums, and now someone jumped out and said that the plums were his. What do you think will happen to the man who plucked the plums?”

“Oh? What will happen?”

Lil eight chuckled, still sitting on the palace master’s throne indifferently, looking at him with interest.

Li Yi grinned hideously and suddenly shouted, “Of course I’ll f * ck your mother!” The light in his hand turned into palm force and suddenly blasted up!

He also realized that the man in white was not weak, and he did not want to win. Instead, he wanted to make a big commotion so that Shang and the others could catch up and easily capture the man.

“Hehe, this is interesting.”

Little Myna was still sitting there, unmoving. The death token in his hand was flipped around, and he threw it out casually. It immediately enlarged in the air, and it emitted an extremely strong golden light. It instantly drowned Li Yi’s palm energy, and a spatial power spread out, imprisoning him.

Li Yi's expression changed drastically. He did not expect the gap between the two of them to be so great that he could not even take a single blow from the other party. His mind was immediately filled with thoughts as he anxiously tried to think of a solution.

every token of death is a spatial Mystic artifact, " Lil eight said with a faint smile. it can imprison people. You don't know this, do you? " Can we have a good talk now?"

Li Yi smiled awkwardly and said, " "Hehe, I was too impulsive. I've already calmed down, so please don't take offense."

Little Myna was stunned for a moment, then laughed out loud and said,"Haha, you're shameless! Good, good, being shameless is also a kind of ability, you can also be considered a talent, our death god Palace only obeys people!"

With a casual wave of his hand, the token of death returned to his hand and he continued to play with it.

Li Yi laughed awkwardly as his palms were covered in cold sweat. He had been completely immobilized by the other party just now, and he had no way of resisting at all. That feeling was terrible.

"I know what you're thinking," Lil eight said with a faint smile."You're hoping to alarm those monsters so they can come and save you, right?" It's better for you to give up on that stupid idea in your head. Accepting our orders is an opportunity and honor for you, not a burden."

Li Yi's heart was burning with anger, but he still managed to keep his cool. "I don't know who the leader is, what orders do you have, and how should I find him?"

Little Myna nodded and said,"hmm, not bad." It seems that you're starting to get used to it. As long as you're ambitious enough, you'll know who the top dog is one day. You're not qualified yet. You don't usually need to come to us. When I need you, I'll naturally come to you. As for the first mission, it's for you to kill someone."

Death god Palace was an assassin organization to begin with, so Li Yi did not find this mission strange at all. He nonchalantly said, "Who is it?"

you should be very familiar with this man," eighty said. his name is li Yunxiao!

Li Yi's body shuddered at the mention of these three words, and his eyes immediately spewed fire. He was clearly very unsettled. He gritted his teeth and said, "Why did you kill him? What are the benefits of working for you?"

"Actually, chief doesn't mean to kill him. He just wants you to test this person's background," Lil eight said with a smile. However, considering your current strength, it's simply delusional to kill this person, so I directly gave the order to kill him. In any case, you can't do it. As for the benefits, it's already a great benefit for Yingluo to let you be the person in charge of the death god Palace's External Affairs."

Li Yi gritted his teeth in anger and said hatefully, "If I really kill this person, what should I do?"

"That's impossible, chief," Lil eight said with a smile. However, if you really kill him, then he's too trash to be worth the chief's attention."

"Good! Then I'll kill this person for you to see!"

go back and tell the chief that I'll definitely bring Yunxiao's head back! Li Yi said coldly.

"Yes, yes, it's good to be confident in completing the mission," said little Myna with a smile. He casually tossed out an item that landed right in front of Li Yi. "This profound level weapon was given to you by the chief. This cultivation method's key points is also very suitable for your physique. I hope you work hard and meet our requirements as soon as possible. As for the monster race and the four extremes sect, you can continue to work with them. Perhaps you will be able to use them in the future."

Li Yi grabbed the two items on the ground and they fell into his hands. His eyes widened in shock. The profound artifact sword was emitting a chilling aura that sent chills down his spine. It was a ninth-tier item!

As for the Jade slip that recorded the cultivation method, when he used his divine sense to explore it, he revealed a look of horror and shock. He raised his head and found that eighty had disappeared.

The Great Hall of death god Palace became empty. If it wasn't for the item in his hand, he would have thought that everything was an illusion.

Li Yi held the profound level weapon and the technique manual in his hands. He paced back and forth in the hall with a gloomy face as he kept thinking and muttered to himself, "From this technique, this person must have some understanding of my past. Furthermore, to be able to obtain the profound ice essentials of martial arts from the beiming family, his strength was already beyond imagination. Moreover, the location of death god Palace was indeed an extremely secretive matter, and ordinary people had no way of knowing about it. With Yu Wen's strength as the palace Master, it was indeed not enough. Could it be that what he said was actually true? the true master of this death god Palace is that person called chief?"

Li Yi became a little impetuous, and his breathing became heavy. He muttered to himself, "Forget it. Since I'm still of use to them, they won't do anything to me. Besides, the mission to kill Yunxiao is completely in line with my intention. With their support, not only will the probability of killing Yunxiao increase, but I also don't have to rely entirely on the demons and the four extremes sect. In this way, I will have my own trump card when I face them, which is indeed a great thing! Chief, Oh chief, just wait for me to astonishingly rise up. Then, I will see your true face!"

Rays of light shot out from his eyes, and his heroic spirit soared to the sky.

The people of death god Palace had been waiting for a long time outside. With his order, he immediately called everyone into the hall.

.....

At the end of the sea of clouds, in the holy city of misty snow.

An angry shout suddenly reverberated in the hall. Gongyang zhengqi's face was full of anger as he said coldly, "Duanmu Youyu actually opened up another path in the void tunnel and crossed it. He is really going too far! None of these titled martial sovereigns are reliable!"

The people below were all silent, not daring to respond.

Yuan gaohan's expression was also extremely ugly as he said, "It's really a time of trouble. Incidents keep happening."

News had just arrived that his Starlight soul body had disappeared from the outer realm. The immemorial astral wind that had been blowing for countless years had also disappeared. There were also traces of a battle. More people were being sent to investigate.

Gongyang zhengqi's expression eased slightly, and he said in a serious tone, "Yuan gaohan, don't worry. Tracking down the disappearance of your soul is definitely the most important matter. An expert who could go to the outer realm space was definitely extraordinary. As far as I know, there's no other way to the starry sky outside of the Holy region."

The intelligence division's chief, Bai lingyue, said, "we've also lost all news of the second batch of law enforcers sent to the Eastern Region. It seems that something unusual has happened.

Gongyang Zheng said curiously, "the matter between the outer space and the merchant Union is already unusual enough!" How could the Holy region have so much energy to manage such a big matter at the same time? immediately send a message to the red moon City and ask them to investigate the matter of the Eastern Region. They must give me a result! Is there any news from Xiao Haiyu?"

I just received news that the four extremes sect's headquarters is empty, " Bai lingyue said. Xiao Haoyu is on her way to myriad treasures store's headquarters, and the merchant Union seems to be dealing with the changes in an emergency.

"Oh? They all ran away? You've indeed done something wrong!"

Gongyang zhengqi's eyes flickered with cold light as he said, " I'm afraid that Xiao Haiyu can't handle the merchant Union alone, so I'll ask Nanfeng Xuan to come out of seclusion as soon as possible. After all, there's news about the boat of promise here, which seems to be related to the four extremes sect. He muttered to himself thoughtfully, "Noah's ship is not as simple as a transcendent grade profound level weapon!"

Bai lingyue nodded. since young master Yu can't provide us with any information, we can only think of another way. However, there's a starting point. Since gongzi Yu said that there's a high chance that mo Xiaochuan is still alive, then there's a very high chance that he's still alive. As long as we find mo Xiaochuan, we'll know everything."

Mo Huayuan's body trembled. I'm also worried about big brother's comfort. Thank you, lady Bai lingyue! he hurriedly said.

"Yes, that's what I should do. As for that li Yunxiao you mentioned ..."

"This person seems to be related to Lord Wei Qing. I wonder if I can help him?" Bai lingyue frowned.

"I'm also aware of this matter," Gongyang Zheng said curiously. In order to avoid the war in Yanwu, Wei Qing did issue an Iron Order, and even li Huachi and Yao Jinliang appeared in the southern region at the same time. As for whether it's related to li Yunxiao or not, I'll ask him later."

I've investigated Yunxiao," Bai lingyue said. I think he's very mysterious and seems to have a lot of secrets. Moreover, this person was also involved in the fight for Noah's ship on the demon's land, and he also had a part in songyue Yang's city. I hope this is all just a coincidence, but no matter what, this person must be a key figure."

...

he's indeed very mysterious," mo Huayuan said. moreover, he's extremely powerful in both martial arts and sorcery. It's hard to imagine that a young man could have such terrifying strength. I don't think even the four prodigies of the North can compare to him."

Chapter 726-demon

"Oh?" Gongyang zhengqi was surprised. Since you have such a high evaluation of him, if this li Yunxiao is really a promising talent, try to bring him to the Saint realm."

Mo Huayuan smiled wryly at the thought of Yunxiao's look of absolute control. how can someone like him be controlled?"I'm afraid it'll be extremely difficult."

“We’ll wait for the investigation results,” Bai lingyue said coldly. The management of the Holy region is getting more and more lax. Those lawless people on the heavenly martial continent have already forgotten how powerful we are.”

that’s right, ” Gongyang zhengqi said seriously. it’s indeed time to establish our prestige. This time, we’ll be as strict as possible!

Everyone’s heart trembled as they agreed. Gongyang zhengqi then dismissed everyone and left in a flash of light.

.....

In the pitch-black void, a beam of light was flying. Inside the light was a throne carved out of white crystal. Duanmu Youyu sat on it and the throne gave off a gentle light. As he flew through the void, the various energies in the surroundings avoided him.

Duanmu Youyu held a thin deck of gold-rimmed cards in his hands. He flipped them continuously in his hands, forming various patterns. Suddenly, a card shot out from within. He held it in his hand and gently placed it in front of his eyes.

The card was surrounded by a golden light, forming a picture that flashed on it. His eyes turned purple as he stared at it with full concentration.

The picture on the final card condensed into a terrifying face with a strange smile. It was the god of death!

“Hmm, I’ve tried several times in a row, but this is the only result I can come up with? What does the Grim Reaper mean?”

Duanmu you Yu tapped the armrest lightly and muttered to himself, ” “Death god Pixiu, death god Pixiu, could it be death god Palace?” He paused for a moment, then flicked his finger. The card in his hand suddenly exploded with a bang, turning into golden light and dissipating.

“Although I know the exact location of death god Palace, it is that person’s territory.”

Duanmu you Yu shook his head lightly and muttered, “Sigh, what a headache.”

The White jade throne shuttled back and forth as if it was flying, and soon disappeared into the void.

.....

Eastern Region, Boneyard.

In the garden, Yunxiao’s Starlight soul body had been hiding in the dark surge for a long time. Suddenly, he frowned and looked at the divine realm tablet on the dynasty Bell. As if sensing something, he turned into a beam of light and flew into it.

The evil spirit on mo Xiaochuan’s body had been burned to the point of exhaustion. It had stopped wailing and was writhing in the air.

“Hmph, refusing a toast only to drink a forfeit, you’re really cheap!”

that’s good,” Yunxiao said coldly. it just gives me a chance! He slapped his palm down, and three golden tadpole-like characters flew out from his palm and instantly entered mo Xiaochuan’s body. Mo Xiaochuan spat out a mouthful of blood.

The Golden energy suddenly bloomed within mo Xiaochuan’s body and struck his spiritual altar and sea of consciousness. It even penetrated the dome and shook the evil spirit’s body.

“Argh! W-what kind of cultivation technique is this?!”

The evil spirit’s face was filled with fear. Half of its power was still in mo Xiaochuan’s body, but it had been severely injured by that palm and was almost jolted out.

Yunxiao's face lit up with joy as he laughed and said, "Haha, it's really useful. I thought it was useless, but it's so effective against you!"

this technique actually directly penetrates the soul," the evil spirit said in terror. aren't you afraid of shattering this person's soul? "

now that his soul is suppressed by you, and you are the leader," Yunxiao said coldly. you should be the one to disperse first! I don't deny that this might hurt ochuan, but as long as I can get rid of you, it's all worth it!"

He raised his hand again, and the three golden symbols glowed in his palm. They were the tadpole-like characters recorded in the Dragon Bone Pearl, and they were used to attack the soul. After the attack, Yunxiao gradually realized how terrifying the three words were.

Originally, he was the one with the strongest soul attack in the entire heavenly martial realm, but he had to use eye techniques to shock the soul. However, this attack directly hit the body and shook the soul, which was simply impossible to defend against.

Spiritual attacks could only be resisted by spiritual power or Emperor Qi of the nine Heavens. With this attack that could directly attack the soul, no one under the martial sovereign of the nine Heavens could resist it!

"Wait, wait!"

The evil spirit cried out in horror, but Yunxiao did not talk to it at all. With another palm strike, he sent out three golden tadpole-like characters into mo Xiaochuan's body and attacked his spiritual altar and spiritual ocean again. The evil spirit's face changed drastically. It was finally afraid this time.

If it could completely control mo Xiaochuan's body, it could still use its Emperor Qi to resist, but all the rules in the divine realm tablet were under Yunxiao's control, and the power in mo Xiaochuan's body had long been suppressed to the point that he could not use it at all.

"Stop, stop! I beg you to stop!"

The evil spirit suddenly begged for mercy. After being burned by the true Phoenix Fire for so long, it finally gave in.

Yunxiao stared at it coldly and said, "You've already lost the right to negotiate with me. Don't you think it's too late to beg for mercy now?"

"Not too late, not too late!"

The evil spirit hurriedly said, "your move is extremely harmful to the soul. Even if you want to kill me, this man's soul will be almost completely injured by you. Why don't we have a good talk? the only way to solve this problem is to reach an agreement!

Yunxiao withdrew his palm force and sneered, "When did you become so quick-witted? If you want to live, it's easy. Just get out of his body!"

The evil spirit said bitterly, "actually, my control over this body is getting weaker and weaker. I'll be destroyed by him one day. I've always wanted to come out, but I didn't have the chance to find a more suitable body.

Yunxiao looked at him coldly and said, "Physical body? You still want to possess someone else? In your current condition, refining an Artifact Spirit is the best option for you. I advise you to give up on your wishful thinking!"

The evil spirit's expression changed, and it said in grief and anger, "Artifact Spirit! Just kill me! I'd rather die than become an Artifact Spirit! It's better to die than to do that!"

is the artifact Spirit as bad as you think? " Yunxiao asked with a frown. is it? "

"Hmph!"

The demonic Dragon's disgruntled voice could be heard. He snorted coldly and said, "What do you think? Now you know how aggrieved I am as your sword spirit!"

Yunxiao's heart stirred slightly as an idea came to his mind, and then it spread out uncontrollably, his eyes shining.

The evil spirit trembled and said in fear, "What evil idea are you thinking of to deal with me? In any case, I'd rather die than become an Artifact Spirit. Before I die, I'll use all my strength to scatter this man's soul as much as possible, and we'll all die together!"

Yunxiao narrowed his eyes and put on a kind and sunny expression as he said softly, "Brother evil spirit, don't be so agitated. Since you've rejected the path of an Artifact Spirit, I naturally won't force you. I hate forcing people to do things they don't want to. As you said, reaching a consensus is the solution to the problem!"

then why do I see hostility and madness in your eyes?" the evil spirit asked, puzzled.

"Yingluo, cough, cough cough Yingluo."

the perception of a spirit body is really sharp," Yunxiao said awkwardly. that's because I've thought of a win-win solution. I wonder if you'd like to give it a try?"

With a wave of his hand, the scene in front of him immediately changed. Both of them appeared high in the sky, and a red shadow was slowly moving below. Pointing at the red shadow, Yunxiao said, "If you can take that thing over, I will not hurt you at all. I can even help your spiritual body to reach a higher level!"

The evil spirit looked down in confusion and said in shock, "That thing's power is so strong and evil!"

...

Yunxiao was referring to the blood Beast. If the evil spirit could possess the blood Beast and control it, he would be able to obtain the breathing earth, and even take out all the profound level weapons in the blood Beast.

although this thing is extremely powerful, it has a very low intelligence," Yunxiao said. with your intelligence, you will be fine. As long as you can possess it for an instant, I'll be able to suppress it and you'll be able to come out in time. When the time comes, I can help you find a good body."

The evil spirit seemed to be a little tempted and said,"really just a moment?" The body you give me can't be worse than this one!"

Yunxiao's face darkened as he said unhappily, " "It can't be worse than this? Do you know that Xiaochuan is a four-star Martial Emperor? where do you expect me to find someone stronger? you're overestimating me!"

The evil spirit remained silent and said,'you'll have to at least have the body of a martial Supreme and help me with the possession. You have that soul attack divine skill, which can help me completely crush the soul of the original owner. It will make my success rate one hundred percent."

I can agree to your request, " Yunxiao said. but it's not easy to find a martial Supreme. You have to wait for an opportunity.

"I understand."

The evil spirit seemed to have agreed, but there was still deep worry in its eyes. It was not known whether it was afraid of Yunxiao going back on his words or was shocked by the blood Fiend's aura, which made it a little afraid.

you'll have to rely on yourself to possess the blood Beast, " Yunxiao said. I can't help you.

The evil spirit's body began to seep out of mo Xiaochuan's body. This faint Red Spirit body flowed out of mo Xiaochuan's seven orifices and slowly fused together in the sky.

Yunxiao teleported mo Xiaochuan to the foot of Mount inch. Yuan gaohan was still busy helping him with the fourth sword, so he did not want to disturb him. Therefore, he sent Gu Yuesheng a few words of advice.

...

At this moment, the evil spirit's fusion was complete and it had a complete body. There were two horns on its forehead, making it look like a demon.

"This is an ..."

Yunxiao was taken aback, and he looked horrified as he said, "Who did you use as a blueprint for your appearance?"

The evil spirit was stunned for a moment and said, "what?" What's wrong? I didn't specifically use anyone as a blueprint. It's just that it looks like this after it was condensed. It has been like this for a long time."

Yunxiao was even more puzzled. "Do you know who was the woman who gave birth to you?"

"You mean that?"

The evil spirit shook its head and said, "I don't know. I only know that I was born with this appearance, and I have a very strong thought in my mind. I must protect that woman, Lao Ai." He suddenly showed an evil expression and roared, "I'm not a demon!" "You were the one who destroyed the statue! Ah, ah, ah, damn it!"

Chapter 727-entering the cauldron

The evil spirit seemed to be enraged all of a sudden. It bared its fangs and brandished its claws at Yunxiao, as if it wanted to devour him.

The cold air around Yunxiao dissipated as he said coldly, "You're getting hot-headed again!"

The evil spirit was startled and suddenly recalled the current situation. It had completely come out of mo Xiaochuan's body and had no bargaining chips to challenge him. It immediately broke out in a cold sweat and returned to its original form. "I ... I couldn't control my emotions just now. I've had these emotions since I was born. I wanted to protect that woman at all costs."

“Yes, I roughly understand.”

Staring at the sky, Yunxiao fell into deep thought, then slowly speculated, “Shang’s ju she wheel is an item of the demon race. The fact that a woman can appear on it proves that she is a member of the demon race. The appearance that you’re currently taking on is exactly the same as the rain demon’s true appearance, which proves that the statue of that woman was definitely created by an ancestor of the rain clan. Furthermore, it was infused with his determination to protect the woman. That’s why you inherited the will of that great demon after you were born.”

I see. the evil spirit nodded continuously. although I don’t really understand, it sounds very powerful.

is there any other information in your mind besides the belief to protect that woman?” Yunxiao asked.

The evil spirit thought for a while and shook its head.

“Forget it. The matters of the ancient past have long disappeared with time. There’s no point in pursuing it now.”

Yunxiao sighed. The side profile of the demon woman in the underground palace still appeared in his mind, and he would never forget it for the rest of his life.

The evil spirit’s mind was completely focused on the blood Fiend.”Enough chit-chat, let’s get down to business. I hope you can enrage it, so that I have a greater chance of seizing its body. This is because when the soul is angry, it is at its weakest.”

that’s easy. Yunxiao nodded. come to my hand.

The evil spirit turned into a beam of light and fell into Yunxiao’s right hand. With a casual wave of his left hand, a bolt of lightning struck down from the sky and struck at the blood Fiend without any warning.

“BOOM!”

The blood Fiend sensed the danger and jumped away. It looked at the sky with fire in its eyes and saw that the ground had been struck by lightning, leaving a huge pit.

With a smile, Yunxiao turned into a beam of light and shot toward the blood Fiend like a shooting star.

The blood Fiend flew into a rage. It threw its head back and roared, then spat out a bolt of lightning that shot toward Yunxiao. Yunxiao cried out as he conjured another Thunderbolt. The two forces rumbled in the sky, turning into hundreds of millions of electric arcs that spread out in all directions, filling the sky with lightning.

“Motherf * cker! As expected, it’s a self-formed rule force, and it’s actually on par with the rule of Thunder in the divine realm tablet!”

Cold sweat seeped out of Yunxiao’s forehead. With just one blow, the sky had begun to crack. If they continued like this, the space inside the divine realm tablet was very likely to be destroyed!

Seeing that its attack had failed, the blood Fiend roared again. This time, it spat out a beam of blood-red light from its mouth, and a blood-red ruler grew larger in the air before it slammed down on Yunxiao.

Yunxiao’s eyes narrowed as he snorted coldly and said, “Not everything can show off in my territory!”

With a point of his finger, the blood ruler immediately solidified and shrank rapidly, falling directly into his hand and being kept.

The blood ruler was not an ancient object. There were no golden tadpole-like characters on it, and it did not have its own power of rules. As soon as it came out, Yunxiao suppressed and collected it. Then, he teleported and appeared in front of the blood Fiend. He struck it with his palm.

The blood Fiend stood there in a daze. It didn’t understand how the ruler had been subdued by the other party as soon as it had left. In its body, although the ruler was not as powerful as the hammer, it was still an extremely powerful item that was not much inferior to the hammer.

It could not figure it out, and it did not have time to think about it. Yunxiao's sudden appearance in front of it infuriated it. With a sudden roar, a monstrous blood-red Force shot out of its mouth and hit Yunxiao.

Yunxiao's skin turned golden in an instant, and the bright moon divine light also came out of his body to quickly purify the blood Qi. The evil spirit in his palm slammed into the blood Fiend's body and he shouted, "I'll be waiting for your good news!"

"BOOM!"

The power of the blood sea burst out of the blood beast's body and immediately sent Yunxiao flying hundreds of meters away. He stopped in the air and stared at it coldly.

As soon as the evil spirit entered the blood Fiend's body, it immediately rushed into the blood Fiend's soul and began to fight for control of the body. The entire area below turned into a sea of blood in an instant, and a powerful force surged out. It was extremely intense.

Yunxiao watched calmly as the blood Beast transformed into its true form. A sea of blood covered the sky and shrouded him, but he just watched quietly, waiting for the moment the evil spirit took control of its body!

More than a dozen profound level weapons also gushed out one by one, rolling in the blood sea. They all exerted their maximum power and rushed out of the blood sea one by one, as if it was the end of the world.

Yunxiao's face was also filled with shock. These profound level weapons had all been refined by the blood Beast. This was the divine realm tablet, and his power of rules could suppress all profound level weapons except the hammer. But in the outside world, who could suppress it when it was so fierce?

The shocking power displayed by this external appearance was enough to speculate how intense the soul competition was inside.

Yunxiao was also a little worried. If the evil spirit failed, it did not matter if its soul was destroyed, but he was afraid that the blood Beast would go berserk and break the power of the world with its hammer to escape. If that happened, he would never be able to catch it again.

His eyes suddenly focused and he said coldly, "Let me give you a hand!"

The three tadpole-like characters that attacked the soul condensed in his hand at once. He raised the wind and cloud Palm, and the surrounding sea of blood dissolved with a thought. The palm force was like the rising sun piercing through the dark clouds, and it struck down fiercely.

"BOOM!"

The power of the wind and cloud Palm shook into the sea of blood, causing a monstrous blood light to rise. The three characters directly entered the sea, flashed, and sank into it.

"Roar!"

A deafening roar rang out, as if the blood fiends' souls had been injured. The ten over profound level weapons in the air suddenly emitted a powerful light, and there were signs of them exploding!

"?!"

Yunxiao sucked in a cold breath. Even he was frightened by this. If these profound level weapons exploded, the entire divine realm tablet would probably be destroyed again!

The explosion of the profound level weapon flashed and suddenly stopped. The voice of the evil spirit suddenly rang out, "Hurry up, I can't hold on any longer!"

Yunxiao was overjoyed, knowing that it had gained temporary control. He suddenly raised his right hand, and beams of light flew out of it. Slowly, a small cauldron emerged, growing larger and larger. As he opened his hands, the inscriptions on the cauldron began to flash, and various colors began to appear around it.

The cauldron of mountain and river's world power was opened, and nine colors spread out, piercing through the entire blood sea and enveloping it. Then, Yunxiao struck out with the mark of Wisdom King, which immediately shook the lid of the cauldron, and an unparalleled force began to suck the entire blood sea into it.

"Argh! What was this thing? Don't suck me in!"

The evil spirit shrieked in fear. It could also feel the terrifying power of the cauldron of mountain and river. Fear and fear rose from the bottom of its heart.

don't worry," Yunxiao said lightly. the most important thing now is to suppress this Blood Fiend. You'll stay in there for a while. When I have enough strength to refine it, I'll let you out.

"Boom boom boom!"

The entire world of bloody sea was absorbed into the cauldron of mountain and river. The lid of the cauldron, which was covered with nine-colored light, fell down and let out a huge roar.

Yunxiao performed an incantation gesture, and the world power of the cauldron of mountain and river slowly retracted. The body of the cauldron returned to normal and began to spin in the air.

The cauldron of mountain and river was also a Saint weapon, and it had the complete power of the world. Even if the blood Beast had a hammer with the rule of Thunder, it wouldn't be able to break it. Moreover, this cauldron was a divine item that could refine all living things. As long as it was given enough time, even a peak martial Supreme would be completely refined in it!

Yunxiao wiped the cold sweat from his forehead. Driving the cauldron of mountain and river was still a great burden on him, not to mention that he had just separated his Starlight clone, which consumed a lot of his soul power. He performed an incantation gesture, and the Phoenix divine flame slowly descended from the sky and began to burn the cauldron.

...

His goal was to refine the blood Beast and take out the swelling earth and the hammer. As for the other profound level weapons, although they were precious, other than the ruler, they were not worthy of his attention.

“If you play like this, that evil spirit will probably be finished.”

The demonic Dragon’s body appeared, and he looked extremely displeased as he said, “You’re breaking your promise!”

“What?” Yunxiao snorted. Are you angry?”

“We are both spiritual bodies, but I feel sad for you!” The demonic Dragon said in a deep voice.

Yunxiao smiled and said, “it’s not as serious as you think. My method of refining is only to refine the fiendish energy in the blood Beast and break down its body structure. In this way, it can be completely subdued without hurting its soul. The evil spirit would only suffer a little inside. At most, I’ll just find a stronger body for it to settle down in.”

“I hope so,” the demonic Dragon said coldly.

Yunxiao nodded slightly and said, “How’s your cultivation of the Dragon Bone bead?”

At the mention of this item, the demonic Dragon’s interest was piqued. He said with exultation, “I’ve already refined it into my body, and I’ve obtained an unexpectedly powerful strength. He didn’t expect the rumor of the nine creatures transforming into Dragons to be true! The descendant of the heavenly Black Dragon was able to suppress all the experts in the city with just three Dragon-type secret treasures. It was truly incredible! If he gathered all nine and transformed into a true dragon, wouldn’t he be invincible?”

ancient true dragons can only be derived by gathering the Dragon Qi of heaven and earth,” Yunxiao said thoughtfully. although there is such a legend about the nine creatures transforming into Dragons, it is too unreal. It was extremely difficult to gather the nine items. However, Yingluo ”

He said thoughtfully, "there are many treasures in the four Seas. It shouldn't be difficult to gather nine Dragon objects with the power of the four Seas. However, I've never heard of a real Dragon being born. There must be something strange about the Dragon Transformation.

Chapter 728-tunnel

"Yes, I think it's also greatly related to bloodline," the demonic Dragon muttered. We've been to the four Seas, but we haven't seen any overly heaven-defying characters. But no matter what, you have to be careful the next time you encounter Xiang Zi. If the power of the Dragon Transformation continues to increase by several times, it will indeed be a big problem."

A cold gleam flickered in Yunxiao's eyes as he said, "I think there's something wrong with that Xiang Zi as well. I'm afraid it's not as simple as just having the Royal bloodline of the four Seas. If there's a chance, I really want to personally investigate his actual situation. Perhaps I can unravel the secret of the true dragon."

just be careful," Prince evil Dragon said with a bitter smile. I also hope to have the opportunity to get in touch with that level.

Yunxiao did not say anything, but quietly burned the cauldron of mountain and river to refine the blood Beast.

Suddenly, his expression changed drastically, turning pale in an instant. He spat out a large mouthful of blood in the air, his eyes filled with shock.

"What's going on? A soul power backlash?"

what?" the demonic Dragon was shocked. is that thing so difficult to refine that it can devour your soul in the divine realm tablet?"

Yunxiao's face was pale as he shook his head slightly and said, "My soul power is indeed greatly damaged, but it's not about this cauldron. It seems that I can't rush to refine the blood fiends. My Starlight soul body has been destroyed!"

He took a deep breath and sat down in the air. He closed his eyes and said, let me calm down. A lot of information is flooding into my mind now. I'll digest it one by one.

The demonic Dragon no longer spoke. The true Phoenix Fire on the cauldron of mountain and river receded one by one. The huge cauldron continued to spin in the air, but its speed was getting slower and slower. Finally, it stopped.

Cold sweat the size of beans trickled down Yunxiao's forehead. He did not know whether it was because it was hard to receive the information or because his soul power was damaged.

After a long time, he slowly opened his eyes, but his face was still pale. He took out a pill and swallowed it. Only then did he feel better.

"How is it?" the demonic Dragon asked in shock. Your Starlight soul body was destroyed, and your soul was so severely injured? But that's just a rank two apparition."

Yunxiao shook his head with a wry smile. I finally understand why Yuan gaohan values his eighth-tier soul so much. Once destroyed, his soul will indeed be damaged forever, and I'm afraid it will be difficult for him to make any further progress. I won't use this thing as a spy in the future. Now, not only is my soul power greatly damaged, but even my realm has fallen. If it falls a little more, I'm afraid it will directly fall back to the seventh tier, and I'll have no tears to cry."

"It's so serious!"

who asked you to be so reckless?" the demon Dragon was shocked. learn from your mistakes. My future is still counting on you. Oh right, what happened to you that your spirit body could be destroyed in the earth vein?"

Yunxiao's face suddenly turned serious as he said slowly, "There's actually someone from the sanctuary here. It seems that the sanctuary has always been investigating the secrets of the Boneyard. I

followed the spring water and entered a very strange space. Then, I met people from the sanctuary. They were very shocked and wanted to capture me to interrogate me. I managed to get a lot of information out of them, and they killed me in seconds.”

The demonic Dragon was stunned for a moment before it asked, “Saint domain?” Then do you want to continue investigating? It seems that the level of involvement has expanded greatly.”

Yunxiao snorted and said, “Of course I’m going to investigate! It’s related to the origin of water, and it’s the key for me to completely open the power of the divine realm tablet. How can I give it up so easily?”

“Not good!” His expression suddenly changed.

After the change in his expression, he disappeared from the divine realm tablet and appeared in the garden.

His soul power was greatly damaged, which directly weakened his control over these ninth-tier profound armaments. The dynasty Bell gave off a strong trembling sound, and the corpse puppet saber went crazy inside.

The divine realm tablet and the three Northern heaven cold star swords were beginning to give way, and they were gradually getting out of his control. Beads of sweat dripped down from Yunxiao’s forehead, but he still could not hold on any longer!

“Bang!”

With a loud vibration, the dynasty Bell was finally sent flying. The violent corpse puppet saber turned into a saber and broke the restraints of the three territory powers and the sword pattern. It rushed into the spring not far away, stirring up monstrous waves, and then sank into it.

Yunxiao’s face turned pale as he suddenly put away all the mystic artifacts. His eyes suddenly turned into blood moons as he stared at the deep spring, but the corpse puppet saber had long disappeared.

“It seems like it has escaped far away, but there is only one path down there. Could it be that it has gone against the flow? If that’s the case, doesn’t that mean we’ve entered that place?”

Yunxiao pondered for a moment, then plunged into the water and went against the flow in the same direction.

The vitality of the spring water was extremely strong, constantly nourishing his body. His soul power was also recovering extremely slowly, but it would be difficult to recover to its peak in the short term.

there’s such a strong life force in the water, ” the demonic Dragon suddenly said in surprise. why can’t I see a single living creature in the water? ”

Yunxiao frowned and looked around. It was indeed so. It was just that he had not noticed it before. As he was gradually entering the earth vein, it was very dark and the water temperature was getting colder and colder.

A few hours later, Yunxiao swam into a very wide space. Under the faint light, he seemed to be able to hear some sounds.

Yunxiao’s frown grew deeper as he asked in surprise, ” “Where did the corpse puppet saber go? This is the only path we’ve been on this entire time, and the passage above is guarded by Saints. Could it be that the great corpse slipped out?”

He swam in the water for a while, and the more he thought about it, the more he felt that something was wrong.”It’s impossible to go out. With that corpse puppet’s personality, it’s impossible for it to not be discovered. Could there be another passage in the water?”

He began to carefully search the bottom of the water, but he still found nothing.

Unwilling to give up, Yunxiao walked back along the passage and searched along the way. As expected, he found something strange.

The entire waterway was so clear that one could see the bottom. There were no living creatures in it. There were short, shallow stakes at the bottom of the waterway every once in a while. They seemed to have been driven deep into the water, and only the height of two fists could be seen. They seemed to be arranged in a certain pattern.

“It’s actually a hidden formation. Could it be that this underground surge was opened up?”

Yunxiao was a little stunned. He landed on a hidden post and grabbed it with his hand, feeling a faint power being transmitted from it. He pulled hard, but it did not move at all. Yunxiao’s face grew serious as his body gradually turned into an imperishable golden body. With a strong physical strength, he pulled it out again. Finally, the shallow stake slowly came out under his desperate efforts. It was more than two meters long, completely beyond his imagination.

“Swish!”

When the stake was pulled out, it made a slight sound, and clear water began to pour into it. Yunxiao looked at the stake, and his face suddenly filled with horror as his body trembled!

The two-meter-long column, except for a small section exposed in the water, was mostly black. It was extremely corroded, and he was not unfamiliar with this kind of black corrosion. It was the corrosive effect of demonic Qi.

Yunxiao slowly poured his soul power into the long pillar and carefully analyzed it. He found that it was made of seventh-tier materials and was extremely strong. His gaze once again focused on the hole. There was nothing special inside, and he could not see any demonic Qi.

His expression became extremely serious as he said in a deep voice, “ I finally know why there are no living things in this water. It turns out that there’s demonic Qi corrosion. This demonic Qi, which is so weak that it can’t be detected by the naked eye, can actually corrode seventh-tier materials to such an extent. I have an ominous feeling now. It seems that this burial land is related to the great Demon Realm!

what? ” the demonic Dragon was stunned. there’s a Grand earth vein seal below. Could it be sealing a great demon? ” The demonic Dragon said with a strange expression, ” you’ve even released a great

demon in Mount Meru and the outer space. This burial ground is so chaotic. You're really the Savior of the great demon! If the sanctuary knows what you've done, you'll be the first one to die!"

Yunxiao held the pile and looked at it for a while, then said slowly, "Mount Meru doesn't know, but the outer space is greedy. If there really is a great demon this time, then there's nothing we can do because this is related to the water Essence. It's necessary!"

His eyes were filled with determination as he began to pull out the hidden pillars from the bottom of the water. He pried them out one by one like a nail. At the same time, the speed of the water flow began to slow down. With the last one being pulled out, there was no flow at all.

However, this was only a moment of silence. Soon after, the entire stream of water began to flow again, and it was getting faster and faster, in a different direction from before.

Yunxiao's heart trembled. The shape of the entire underground river had changed without him knowing, and many tunnels that did not exist before had appeared. He was bold and skillful, so he followed the direction of the current. The current was winding and rugged, and after a long time, there was no road ahead.

A large amount of water continued to sink into the ground, and at the end of the tunnel was a bottomless pit!

"This is an ..."

Yunxiao fixed his eyes on the deep pit, but he could not see the end at all. There was only a large amount of water rushing into it. "Enter or not?" Unfortunately, the consumption of the Starlight soul body was too great, so he didn't dare to use it again. If it was destroyed again, he would really drop to the eighth-rank.

"Forget it. I've already come to this point. Would I still be me if I were to retreat?"

...

With a wry smile, Yunxiao followed the stream of water down. He felt as if his body was falling from the air, and his surroundings were dark, making him unable to see. He activated his divine body and emitted the light of the moon, only to see that it was an endless void, with spring water falling from the sky like a waterfall!

Yunxiao's figure flickered as he rushed out of the waterfall. He stood in the air and looked down as he asked, "Could it be the underground world? With such a big hole down there, the burial land actually didn't collapse?"

Under the illumination of his bright moon divine light, the distant world was filled with rocks. It was eerie and terrifying, and there was no sign of life.

Yunxiao gently pointed out a finger, and a golden beam of light pierced through the air and shot into the darkness, but it disappeared into thin air without any warning.

Chapter 729

729 The pool

"Eh? This is Yingluo."

Yunxiao looked suspicious. The power of his finger had disappeared inexplicably, but unfortunately, this place was completely blocked from divine sense, so he could not probe it. "There are too many strange things in this place. I can't stay here for long."

He suddenly flew down along with the current, and after flying for a few hundred meters, he landed at the bottom. It was actually a pool, and an extremely strong Qi of life was emitted from it. Although the water was shattered by the waterfall, it was still clear and the bottom could be seen. The big corpse puppet was lurking under the water, motionless.

"As expected, it's here!"

Yunxiao's heart jolted. The life force in the pool was extremely strong, and he could clearly see a layer of faint green algae at the bottom of the water. It seemed that the life force here was far stronger than The Fiend energy, which was why life could be born here.

He gently stepped on the water's surface and wanted to go down to see what was going on. Suddenly, a cold light flashed in the water, and a sharp Saber Light rose into the sky. The giant corpse split open the pool and rushed up, slashing at him!

"It seems that this thing is extremely protective of the water Essence in this place. My guess is correct, it has obtained its life from this place, so it does not allow anyone to invade it."

Yunxiao's figure flickered, and he lightly touched the water surface to avoid the blade.

The corpse puppet saber flipped in the air and emitted rays of cold light. It turned into a saber and slashed down. The water reflected a dazzling light, as if two blades were slashing down!

Yunxiao sighed. it's so stubborn. Don't we have to subdue this thing before getting water? that's going to be difficult.

Once again, he exercised his movement technique and dodged the blade by taking a few steps on the water. When the blade beam brushed past his shoulder, an aura of death rose from the bottom of his heart. The instinct of a warrior and the potential that came from the depths of his soul made Yunxiao's mind spin rapidly, and the world around him seemed to slow down.

He had experienced this kind of aura of death before. It was the phenomenon of all parts of the body speeding up when he was about to die. The last time in the tiandang mountains, he had died after having this feeling. This time, it appeared when the saber Light swept past him.

Yunxiao's pupils instantly turned into a Blood Moon. He suddenly found that the saber Light that had cut through his body was actually a reflection, and the real zombie saber was the one that had come from the bottom of the water!

This discovery sent chills down his spine. The spiritual power in his sea of consciousness exploded and spread out, distorting the space like a black hole. His entire body suddenly teleported away, and a stream of blood spurted out, spraying into the sky.

Yunxiao's body reappeared more than ten meters away. A terrible wound spread from his shoulder to his waist, and more than half of his body was stained red with blood as it fell into the pool like flowing water. The entire space was silent except for the waterfall-like noise.

After the zombie saber hit its target, it stood quietly on the water and faced Yunxiao without moving.

Yunxiao's body went cold, and it took him a while to recover from the fear. He gulped, and his face was still pale.

Usually, he relied on his divine sense in battle. If the attack just now was a combination of the reflection and the real body, it would definitely not be able to deceive him outside. However, in this place, his divine sense was completely sealed, and he could not tell the real from the fake with the naked eye.

The wound on his shoulder hurt. The cut was so deep that even his bones were split open. His bone marrow was also flowing out with the blood, making him extremely furious.

Yunxiao activated his imperishable golden body, and bits of golden light emerged from his wounds, slowly repairing his body. The blade just now didn't hit him directly. It was just a Flash of the Blade. Even so, if he didn't have the indestructible golden body and the bright moon divine body, he would have been cut in half by the blade!

"Damn it, I almost died here for no reason!"

Yunxiao cursed as he circulated his primordial Qi to repair his body. He was fully on guard against the corpse puppet. Although the terrain here was simple, he was the away team after all, and the opponent had the home advantage.

The giant corpse puppet was no longer in a hurry after the attack. It just stopped on the water and rippled with the waves caused by the waterfall. It seemed to be familiar with Yunxiao and knew that it would not be effective to attack blindly, so it seemed to be waiting for an opportunity.

Yunxiao was happy to see her quiet as he slowly recuperated from his injuries. Besides, the spiritual power that burst out of his body at the risk of his life just now had almost emptied his soul power. He was no longer able to fight the corpse puppet, both physically and spiritually.

Fortunately, the monstrous spiritual energy emitted from under his feet allowed him to recover his losses at a considerable speed. The great corpse puppet remained motionless, as if it would let Yunxiao do as he wished as long as he did not dive into the water.

Just like that, the man and the insect kept their guard up against each other. Time passed little by little, and after several days, Yunxiao's injuries were finally fully recovered.

Demonic Dragon's voice was heard. He said in surprise, "What's going on? It actually allowed you to recuperate without care?"

this thing's mind shouldn't be very complete," Yunxiao said seriously. it only knows how to attack people and protect this pool. But even so, it's still a big problem. If I can't completely solve it, I can't go underwater."

"What should we do? You can't possibly subdue it." The demonic Dragon said worriedly.

"Not necessarily!"

Yunxiao said decisively, his eyes flickering with a faint light, as if he was very confident. He performed a sword incantation with both hands, and the northern heaven cold star sword immediately fell into his hands. Then, he flew up and attacked.

As the corpse puppet saber moved, a beam of light shot out from its head.

Yunxiao snorted coldly as he teleported away and dodged the saber beam, then slashed down from the sky!

He made hand seals left and right and softly muttered a spell. Three golden tadpole-like characters appeared on the body of the sword. They flickered one by one and fiercely jolted down.

The giant corpse puppet turned into a saber and flew up, directly colliding with the sword.

A loud clang rang out, and flames scattered in all directions. The two weapons were both ninth-tier Mystic artifacts, but Yunxiao was too weak, so he was sent flying by the impact. His skin was golden, and he was sent flying in the air like a golden meteor.

However, the three golden tadpole-like characters passed through the saber radiance without any obstruction and entered the saber!

The corpse puppet saber trembled and wailed in the air. All of a sudden, it shone brightly and circled a few times in the sky before diving into the pool and disappearing.

“It’s indeed useful!”

yes! Yunxiao was overjoyed. although this insect saber is powerful, it only has a monstrous artifact aura and an amazing saber beam. It can’t block a spiritual attack at all. Moreover, from its actions, its intelligence is extremely low, and its soul power is definitely extremely limited. After being hit by my attack, it should have escaped with heavy injuries!”

He focused his eyes and looked over. The corpse puppet saber had not turned back into an insect. It still maintained its blade and was stuck straight in the depths of the pool.

Now that there was a move that could restrain it, Yunxiao boldly stepped into the pool again and slowly sank down. He was on full alert, for he did not want to be hit by the saber again.

As he stepped into the pool, the corpse puppet saber finally trembled, creating ripples that spread at the bottom of the pool. It actually repelled the impact of the waterfall.

Yunxiao’s eyes narrowed, and he held the northern heaven cold star sword even tighter.

Suddenly, a shadow slowly rose from the bottom of the water and moved directly to the corpse puppet saber. A white hand reached out from nowhere and grabbed the saber’s hilt. The trembling of the saber immediately stopped, and the entire world seemed to be silent at this moment.

Yunxiao was taken aback, and his heart trembled. An ominous premonition welled up in his heart, and the heavenly eye on his forehead suddenly opened. Each of the three eyes took on a different shape, as if they were forming an array, and then they stared at the arm!

“?!”

When he saw the arm clearly, his entire body trembled and he instantly turned into a flash of lightning, blasting apart the pool of water and flying away.

Under Yunxiao’s visual technique, the White jade-like hand was not an arm, but a white bone claw!

“Clang”

The corpse puppet saber emitted an astonishing saber Qi that rolled up. The water below suddenly turned into a Whirlpool that kept rolling up.

The bone claw that was holding the corpse puppet saber suddenly flicked, and the blade trembled. A Saber Light broke through the air and rushed out of the pool. The light shone for tens of thousands of miles, illuminating the entire space!

A figure holding the saber rushed out of the pool and slashed at Yunxiao’s Thunderbolt form. At that moment, the entire dark world disappeared, leaving only a saber beam between heaven and earth!

...

Under the saber Light, mountains were chopped, rivers and seas were cut off, and anyone who blocked it was swept away!

Yunxiao sucked in a cold breath. Although there was no Emperor aura to freeze the space in the saber beam, it seemed to be a world of its own. It was not as simple as a world of sabers, and it gave him a feeling that he had nowhere to escape!

“There’s no other way, we’ll definitely die if we resist!”

Yunxiao took out the divine realm tablet from between his brows, which turned into a beam of light in the blink of an eye and disappeared into it.

The moment he stepped in, the saber Light arrived and slashed on the divine realm tablet. A huge energy storm shook out!

As soon as Yunxiao stepped into the stele, he felt the entire space shake. A saber beam broke through the power of a realm and followed him in from the outside!

“What?”

He was suddenly shocked. Only Li Huachi could break his realm power! He didn’t expect the white bone claw to be able to do it!

He didn’t have much time to think. With a wave of his hand, a sword Qi gathered in his palm and turned into three unparalleled sword techniques. He slashed out in an instant!

Several forces collided in the sky, forming a huge circle of light. It was like a sun, illuminating the entire world inside the stele.

“Your sister! This power is as strong as a nine-stars Martial Emperor!”

...

Cold sweat oozed out of Yunxiao’s forehead. Fortunately, he had not taken the hit out of curiosity, or he would have been turned into ashes! Even though he had dodged the attack, he could feel that the divine realm tablet had consumed a lot of spirit Qi. If he were to be attacked a few more times like this, it would probably be damaged again!

Moreover, he was now standing in the sky in a daze, not even daring to go out.

The demonic Dragon's face turned pale, but he still mocked, "Haha, what, are you scared?"

Yunxiao smiled wryly. of course I'm afraid! A nine-stars martial sovereign. I was once in that realm, so I should know how strong I am!" He said with lingering fear, 'not to mention that I have a ninth-tier Mystic saber that can completely unseal it! Don't you think I'm scared?"

Chapter 730-skeleton

Yunxiao was at his wit's end in the divine realm tablet. "Do you think that the corpse puppet saber has already accumulated power outside and is waiting for me to go out and hack me to death with one strike?"

The demonic Dragon pondered and said, "based on its intelligence, it shouldn't be." Its only thought was to protect the pool as much as possible, but what was that white bone claw that was holding it? how could it have such power? A nine-stars martial sovereign? You must be joking!"

Yunxiao pondered for a while and said, "Even if I recover my peak strength, I won't be able to defeat this kind of existence easily. How could such a powerful force be willing to stay in such a place? there must be a limit."

He separated another soul body and released it outside to investigate. He tried to lower the level of his soul body as much as possible to prevent it from being cut again and causing great damage to his soul.

As soon as the Starlight soul body came out of the divine realm tablet, it was still dark outside. The corpse puppet saber was at the bottom of the pool, quietly inserted there.

After that, Yunxiao's real body came out and took the soul back into his body. He stared down and began to ponder. With such a powerful force protecting him, it was impossible to seize the water origin, but he was not willing to leave just like that.

After thinking for a while, he raised his hand, and a small piece of the Earth's growing soil appeared in his palm. It emitted a faint yellow light, illuminating his gloomy and uncertain expression.

The demonic Dragon was shocked, "you're a Pixiu!"

Yunxiao's face turned fierce as he said, "What do you think will happen if I throw this piece of breathing earth into the water and it explodes?"

The demonic Dragon's body trembled and he said in horror, "crazy!" If you are willing to give up this piece of the Earth's growing soil, the endless power of the earth element will be enough to completely fill up this pool. Even if there is the origin of water in it, it will probably be destroyed by you! Aren't you afraid that you'll lose your wife and soldiers? You didn't get the water elemental energy, but you lost the Earth's growing soil?"

Yunxiao's face was gloomy as he said, "If you don't give up the child, you won't be able to catch the wolf. Isn't there still a piece of the Earth's breathing earth on the blood Fiend's body? I just don't know how determined the corpse puppet saber and the strange white bone claw are to protect this pool. If they are willing to risk their lives to protect it, they wouldn't have broken the water origin. After all, this piece of breathing earth is too small."

He had made up his mind. He slowly turned his hand, and the earth-like breathing earth fell from his hand. An indescribable heavy Qi spread in the air.

Yunxiao performed incantation gestures with both hands and began to carefully control the descent of the breathing earth. At the same time, he kept casting all kinds of incantations into it to detonate the origin elements, which he had never done before. He looked a little nervous.

The water in the waterfall suddenly slowed down, as if it had been cut off.

The pool seemed to have sensed the danger and began to surge. An uneasy aura rippled on the surface of the water as if it was about to boil!

"Helper!"

A voice that sounded like it came from the netherworld rang out in the dark water. That voice was definitely not something that a living person could make.

Yunxiao's pupils constricted. He suddenly stopped the sinking of the breathing earth and retreated to the divine realm tablet, planning to hide in it if anything happened, because he saw the white bone claw holding the corpse puppet saber again.

A figure gradually emerged from the pitch-black water. It was actually a skeleton standing beside the corpse puppet saber. A powerful aura was emitted from the skeleton's body, and a faint voice came from within the skeleton. It said leisurely, it's the master of the divine realm tablet, Tao Wu. Why did you open the seal? "

Yunxiao's heart trembled. He opened his three eyes at the same time and looked down with the power of his eye technique. It was indeed a skeleton, and judging from its words, it recognized the divine realm tablet!

"Who are you?" he asked. I obtained this divine realm tablet by chance, but the four territories inside were destroyed. I want to obtain the origin of water and reopen the earth, water, fire, and wind realms!"

The skeleton didn't make a sound, and only after a long time did it speak again, " there are no coincidences in the world. Since you have the divine realm tablet, you are the chosen one. I will help you. However, the seal has been broken without me.

Who are you? " Yunxiao asked in surprise. Who are you? " What is this seal sealing?"

"I'm just a wisp of a soul. I'm trapped inside someone's body. I can't get rid of it. The seal I'm protecting is just a part of my body. When you open the four territories, please help me sleep forever."

Yunxiao frowned. Eternal sleep naturally meant death, but he did not expect the skeleton to be so eager to die. He promised, " "Alright, as long as it's within my means. However, was the demon sealed within the seal? What's the background of that great demon?"

The skeleton was silent for a long time before slowly saying, " "At the beginning of the world, Dao became one, one divided into two, and from two became three. Demonic Qi was one of these 'three'. It was born in chaos and evolved from Dao. It was undying and indestructible, and was a long-lasting catastrophe. When the demonic Qi has gathered to a certain extent, it will condense into an object with a spirit. It is called the Blackflame fiend and is also one of the ten true spirits."

“Black Flame fiend!”

Yunxiao was shocked. He had seen that thing in the spiritual sea of a Phoenix, and it was definitely a tenth-tier one if it could compete with a true spirit Phoenix. “The so-called great demon is this Black Flame fiend?”

“The Blackflame fiend is a rank 10 true spirit, but it’s not that scary. It’s not a demon,” the skeleton replied. “In the war to suppress the demons, the great demons were divided and suppressed. Were the seals opened?” he suddenly asked.

Yunxiao sweated in his heart. A tenth-tier true spirit was not scary, but when he thought about how terrifying this man was even when he was only a skeleton, he reckoned that he was probably an immortal state cultivator when he was alive. He only felt that things were getting more and more complicated. He said in a serious voice, “There are demons appearing in Mount Meru and the outer space. They look the same. Are they the great demons you mentioned?”

The skeleton thought for a moment and said, “It’s been too long. Perhaps the name of the place has changed. I don’t remember. The name of the demon master is di!”

“Emperor?”

that man called himself di Jia,” Yunxiao said suspiciously. perhaps he is the demon master you mentioned. He doesn’t look very powerful.

The skeleton said slowly, “perhaps the situation has changed. With the passage of time, each generation has its own responsibility. Now is no longer the time I live in. I can’t even remember the faces of my family and friends clearly. The owner of the divine realm tablet once said that the day I see the tablet again will be the day I leave the Dragon Transformation pool.”

Yunxiao was horrified when he heard that. It was an extremely coincidental thing that he had obtained the divine realm tablet from the Li family’s warehouse, but now it seemed that it had been arranged by fate for a long time, and it had happened countless years ago. It was hard for him to accept it for a moment.

“The dragonize pool?”

‘Was this Boneyard called the dragonize pool before? The seal in the earth vein that restricts divine sense is used to seal Devils?’

only a Saint artifact can suppress a demonic body, ” the skeleton said. but a true dragon was born here, and it’s a place that gathered all the Dragon Qi in the world. It’s extremely powerful, which is why it was chosen as one of the places to suppress demons. The dragonize pool has seven formation eyes, and the strongest one is the Dragon Eye that I’m guarding. The source of water you’ve sensed is a drop of a true Dragon’s tear.”

The skeleton slowly raised its hand, and a ball of crystal clear water element rotated above the white bone claw, emitting a powerful force that made people’s hearts palpitate!

Suddenly, the skeleton’s body moved. A white light flashed and he suddenly disappeared from where he was. He had actually entered the divine realm tablet!

Yunxiao was taken aback, and he quickly followed them in. The scene in front of him shocked him.

The sky was filled with crystal-clear brilliance, and he felt as if he had entered a world of crystal. ‘Is this monastic robe still my divine realm tablet?’ He had too many questions to ask the skeleton, but the skeleton didn’t seem to be interested in him. It floated in the air quietly and began to cast a spell.

Soon, to the North of the divine realm tablet, the barren land of death began to rain. The whole world appeared to be like a dream, and this scene was much more powerful than when he had opened the other three regions.

The power of the true Dragon’s tear spread out in the stele, and everyone felt refreshed. They looked up at the sky in the distance in surprise, wondering what Yunxiao was up to again.

Mo Xiaochuan, who had been severely injured, was also shocked to feel that his injuries were gradually recovering.

Yunxiao was also shocked by the power. What the skeleton had displayed was the complete power of water, and it had brought the power of the true Dragon's tear into full play.

At the same time, the power of the divine realm tablet was also slowly recovering. The other three territories resonated at the same time and began to shine on each other.

The feeling was like the creation of the world and the birth of all living things, making all living beings feel great reverence and faith in their hearts, especially Yunxiao, who was the master of this world. This feeling was even deep in his soul.

He sat cross-legged and immersed himself in the power. He slowly reached the point of forgetting himself and everything else in the world. He focused on the void, and only his heart was left in the world.

.....

At this moment, there was a building somewhere in the burial land. Although it wasn't Grand, it was exquisitely designed and not simple.

In the hall inside, there was actually a long Dragon lying on its back. Its body was dormant among the mountains and its eyes were bright and vivid. The terrain of the entire mountain range was a simulation of the entire burial ground.

The hall was very spacious, and after the true dragon model was placed, it could still accommodate hundreds of people. Everyone was very busy, doing their own things, and from time to time, all kinds of discussions and analysis would be sent.

...

Suddenly, a shrill scream interrupted everyone's work. Everyone's eyes focused on it, and they all showed displeasure and slight anger.

“Xia Yunan, what happened? How can you be so alarmed and shrieking!”

An old man in red slowly opened his eyes, as if his cultivation had been interrupted. He was extremely dissatisfied with this, and his face was full of anger.

Xia Yunan knew he had lost his composure, but he was still shocked. He broke out in a cold sweat and quickly explained, “ Lord Xu Chu, the instrument used to test the sealing formation just now showed an extremely large energy fluctuation. The fluctuation value has actually reached 3000!
