

The Eternal 731

Chapter 731-waves

The entire building fell silent. There was no sound at all.

“Three thousand mayflies!”

Xu Xu was stunned for a moment, then she said indifferently, “How is that possible? you must be seeing things.”

Xia Yunan smiled bitterly. I thought I was seeing things too. But I’ve looked at it so many times that my eyes are almost swollen. It’s indeed 3000 Yuan!

A man beside him laughed and said, “ you must have stayed in the Boneyard for too long without a woman, so your kidney is damaged. Let me take a look. He leaned his head over, and the smile on his face suddenly froze. He said awkwardly, “Could this Yingying’s equipment be broken? I remember that the last time I broke a seal, the fluctuation was only around two thousand!”

Xia Yunan shook his head. the device was working fine. How could it be broken? look, it fluctuated a little just now and then returned to normal.

Xu Jing finally couldn’t sit still anymore. She immediately came to Xia Yunan’s side and stared at the instrument. Her eyes gradually revealed a serious look as she said in surprise, “Could it be that a seal has really been broken?” He suddenly turned his gaze to the true dragon simulacrum and gently stroked it with one hand. He muttered to himself, “Could it be that a Boneyard martial artist accidentally broke open a place? Where could it be?”

Xia Yunan was shocked. Lord Xu Yu, the previous seals were all suppressed by Dragons. This time, the seals are broken. Perhaps another Dragon Treasure will be born!

Everyone’s hearts burned with excitement when they heard this. The Dragon’s Secret treasure was by no means an ordinary item. Although they would not have a share even if it was found, this was a great merit, and they would be able to receive extremely great benefits.

Xu Yu turned a deaf ear to his words and continued to stroke the true dragon model. She pondered and said, "The layout of the seven formation eyes of the sealing formation is so exquisite that I've never heard of it before. We've broken through four of them in a row, but we can't deduce what will happen next. Even if a true Dragon's Secret treasure was born, it would have already been seized. Who would be stupid enough to hand over such a thing?"

Xia Yunan snorted coldly and said, "those who come to this Boneyard to cultivate or to search for treasures are all poor. Most of them don't have any abilities or backers." A Dragon's Secret treasure was not something they could possess. We should immediately order the red moon City and the blood God Palace to guard all the exits and investigate carefully."

One of them said disdainfully, " those scumbags from the blood God Palace. Some time ago, someone forcefully bombarded the earth vein, causing the seal power to fluctuate. I asked them to investigate. In the end, they still haven't found anything. They seem to have set up a great formation to trap the entire burial land, but I don't know what they're up to!"

Xu Xu said, "this is the Eastern Region. We still have to rely on the Redmoon city and the blood God Palace." Xia Yunan, go and call Jiang Huishu over."

Xia Yunan immediately bowed and took his leave. Soon, he came back with a middle-aged man, Jiang Huishu of the Jiang family of the red moon City. After bowing, he said, "Why has Lord Xu Chu summoned me? Could it be that there's new progress in breaking the seal?"

Xu Yu nodded slightly, and Jiang Huishu's face immediately showed great joy. He said in surprise, "When did this happen? Why didn't I know about such a big matter? Lord Xu, you're not being kind!"

Xu Yu smiled bitterly and said, "I asked Lord Jiang Huishu to come over for this matter." One of the seals had been broken, but he didn't know who had done it. I hope Lord Jiang Huishu can work hard to find this person."

"What? It was broken by someone else?"

Jiang Huishu was shocked. He said in disbelief, " "This Tao Wu, how is this possible! Everyone knew very well how powerful the seal was. To say something disrespectful, even if the city Lord himself came here,

he might not be able to break it open by force. Even if someone randomly barged into the seal, they would not have the strength to do so!”

Xu Yu nodded. that’s true. However, as the seal’s power is continuously broken, the remaining power will gradually weaken. It’s been so long, so we can’t see what’s going on, but the instrument shows that the seal has fluctuated violently to a value of 3000. It’s stronger than any seal we’ve ever broken before. Perhaps the most critical part has been opened!”

Jiang Huishu said in shock,”the most crucial part is that there are only two seals left. If we can break one more seal, it will be a miracle!”

“That’s right!” Xu Yu smiled. His face also revealed an excited light as he said excitedly, ” the thirteenth District in the southwest has already found the clues to the seal. We’ll probably get the answer in a few days. As long as six places are broken, the seal’s power will become extremely weak. At that time, we can use force to open the seal. You should know what this means.

Jiang Huishu’s forehead was dripping with sweat. He muttered, ” there’s finally going to be a result. More than a hundred years of hard work will definitely shock the entire continent! “Master Xu Yu, is there really a secret to becoming a god under this seal?” he asked solemnly.

Xu Yu was stunned for a moment, then she smiled bitterly and said, ” “Who can give a definite answer to the godly state? You’re asking me, how could I not want to know? However, the person who set up such a Grand seal must be at least at the God Realm.” He immediately said, ” there’s no time to lose. Lord Jiang Huishu, please find the person who broke the seal immediately. The Dragon secret treasure is too precious. It can’t be left outside!

“Yes!” Jiang Huishu replied. Don’t worry, Sir Xu Yu. In the East region, no one dares to challenge the might of our Red Moon City, Wu ni! Even if it’s an ant, I’ll find it for you.”

He turned around and left, beginning to arrange for people to search.

Xu Chu pondered for a while and said, ” Xia Yunan, you stay here and continue to monitor the fluctuations of the seal power of the Leyline. I’ll go to the thirteenth District in the southwest. Once the seal is broken, immediately send a message to the sacred city and send a large number of Masters to break the last seal.

He took several people and disappeared from the building in the blink of an eye, heading southwest.

An hour later, they finally arrived at a vacuum. All the trees, mountains, and rocks within a thousand meters had been cleared, and a large number of martial artists were scattered around to help.

Xu Yu led the group to land directly and walked straight to a large underground cave in the center. Immediately, the person in charge came up to them and said in surprise, "What important matter brings you here personally, Sir Xu Chu?"

there is indeed something important," Xu Xu said. how's the breaking of the seal here going? "

"Lord Yi chengying has been working day and night down there with many formation Masters and experts from the sea of soul formation, and they haven't come up for several months," the person in charge quickly said.

"Oh? That Lord Yi chengying has indeed worked hard."

Xu Yu praised him. go and inform him that I'm here to discuss something important. Tell him to come up and meet me.

"Yes!"

yes," the person in charge replied. He turned around and jumped into the big pit. No one knew how long the stairs went down.

Xu Yu stared at the hole and seemed to be deep in thought, revealing a faint look of worry.

The person behind him saw his expression and chuckled, "The seal is about to be broken, it should be a great thing. Why are you so worried now, Sir Xu Yu?"

Xu Yu looked at him and sighed, "I suddenly feel like I'm in a trance." It's been more than a hundred years. I've taken over this matter from master Amaterasu for almost fifty years. Success is so close at hand that it makes me feel a little unreal. There was a deep worry in his eyes, and he said, "Moreover, for the past hundred years, the Holy region and the sea of soul formation have done their best to work together to break the seal, but they have lived in peace. I'm just worried that once the seal is truly broken, and if the secret to becoming a god is really hidden within, it will be a disaster for the entire continent!"

The man was stunned for a moment, but he seemed to understand the implications of this. He smiled bitterly and said, "Indeed. For most people, they don't really want to reach the immortal level. After all, it's too far away. However, finding the path to the God Realm is always the pursuit of the strong."

Everyone was sighing and discussing.

A moment later, a ray of light flew out of the pit and landed on the ground. Three people came out.

"Master Yi chengying, you've worked hard," Xu Yu quickly stepped forward and said. His eyes fell on a man standing behind Yi chengying, and he frowned slightly.

The old man who was the leader of the three smiled and said, "Lord Xu Chu is too polite. Long time no see, I didn't expect you to come personally, is there something important?"

"Yes."

Xu Yu was about to explain, but suddenly, her eyes fell on the man behind Yi chengying and she asked in surprise, "This person looks so unfamiliar, I wonder if he is bi an."

"It's just an elder sent by the headquarters to help me. He did a lot of work," Yi chengying said with a smile.

A strange smile appeared on the man's face as he whispered, "I'm Heng Yuan, greetings to the Secretary of the sanctuary, Lord Xu Chu."

Xu Yu was slightly surprised. He could feel an extraordinary aura from this man, which made him feel a little cold. His eyes were filled with suspicion as he muttered, "Elder Heng Yuan doesn't look simple. Master Yi chengying, according to the rules, anyone who enters the core area must go through my approval. I wonder what is going on with this elder Heng Yuan?" His face gradually showed an unhappy expression.

Yi chengying laughed and said, "Lord Xu Yu is overthinking." Elder Hengyuan was one of the people who came last time. I've already given you the name list."

"Did I?"

Xu Yu frowned slightly. A few months ago, a group of people had indeed come from the sea of soul formation. He had also taken a quick look at them. This kind of personnel transfer happened from time to time, but the seal of the burial land was too strong, so he could not spread his divine sense to investigate in detail.

"So I've misunderstood you, my Lord."

Xu Yu no longer doubted him and nodded. "I'm here to tell Master Yi chengying that one of the seals has been broken."

...

"What?"

The three people from the sea of soul formation realm were shocked. Yi chengying quickly said, "What's going on? Hurry up and tell me the details!"

Xu Yu explained the situation one by one. Looking at the three people's happy expressions, Heng Yuan seemed to be even happier. His eyes flashed with a strange light, which made him feel a little depressed.

"Haha, the heavens are helping me!"

Yi chengying laughed and said, "to be honest!" I've also made great progress with the seal here, and I'm afraid it will be opened soon!"

"Really?" Xu Yu was shocked. In other words, there's only one dragon Seal left out of the seven?"

Chapter 732-asking for directions

Yi chengying was very happy, and said, "that's right!" if I'm not wrong, the divine item that is suppressing the eye of the seal here should be the Dragon finger! Back then, the person who cast the seal was really generous. He was actually able to gather seven Dragon artifacts."

Xu Yu nodded. just the seal itself is shocking. What kind of existence will be sealed in the earth vein? I'm really looking forward to it!

"Master Xu Chu, aren't you afraid of what kind of monster is sealed inside?" Yi chengying suddenly laughed.

"I've thought about it, but it's been a long time. Even a monster can't have lived to this day," Xu Yu said with a smile. Moreover, the conditions recorded in the ancient books are exactly the same as this place, so the possibility of the secret to becoming a god is extremely high!"

the immortal state? " Heng Yuan suddenly laughed. is it really possible that the immortal state, the goal that many powerhouses have been pursuing since ancient times, exists? "

Xu Yu was stunned for a moment before she smiled and replied, "of course!" At the very least, this true dragon is a tenth level divine realm expert without a doubt, and the many Dragon-related secret treasures on the continent are the best proof."

Heng Yuan smiled slightly and remained silent, which made Xu Yu feel very uncomfortable. However, since the other party was an elder of the sea of soul formation, he did not ask too much.

After they chatted for a while, Xu Yu excused herself.

Yi chengying's calm expression gradually disappeared, and was replaced by a face that was almost twisted with excitement. He shouted in a low voice, "The seal is finally going to be lifted! Lord Heng Yuan, our era is coming!"

Yi chengying's eyes were radiating dense demonic Qi!

The other person in charge also had a demonic aura on his face as he revealed a strange smile.

The expression on Heng Yuan's face was hard to fathom, but he could not help but tremble slightly with excitement. "From the scale of this seal and the descriptions in the ancient books, it's very likely that the demon sealed below is the true body of the demon Lord Emperor! This time, it's really going to be a world-changing event!"

Yi chengying's eyes were filled with ruthlessness as he said with hatred, after you release the true body of the devil Master and your Excellency recovers your strength, we'll be the first to charge into the sea of soul formation and crush Lu congzi, that despicable man who deceived his master and destroyed his ancestor!

killing Lu congzi is just a piece of cake, " Heng Yuan said with a sneer. just the demonic Qi leaking out of the seal is already making me slowly recover. It's just that this possessed body is too weak. After the demon master awakens, I'll go find a better body. If the demon Lord gives us a few pointers, we can even abandon our physical bodies and refine them into true demon bodies!"

The three of them were overjoyed. They instantly returned to the pit and began to break the seal.

.....

Thousands of miles above the burial land, the Scion of the blood God was sitting with his eyes closed. Suddenly, a beam of light shot up from below and stopped in front of him.

Jiang Huishu took a step forward from the light and asked directly, " Blood God, your nine Yin Haoyuan fiend formation covers the entire burial land. Do you feel any strong fluctuations in the earth veins?"

When the Scion saw who it was, he hurriedly stood up and said, "It's Lord Jiang Huishu! I didn't control the formation, so let me ask!" He took out an exquisite Jade box, opened it on the spot, and sent a message into it.

"Have you found the person you're looking for?" Jiang Huishu nodded.

When the Scion of the blood God heard this, a dark look flashed across his eyes. He said hatefully, "That person must have found a secret place to hide. I've mobilized almost everyone, but there's no news. But as long as he's still in this land of bones, he won't be able to escape from my grasp!"

"I'm very curious about who it is that made you, Blood God, so angry that you even set up such a big formation," Jiang Huishu said with a faint smile. However, this is your sect's private matter and I have no right to ask. However, the earth vein seal just released a powerful fluctuation. You have to find out this for me!"

The Scion raised an eyebrow and asked suspiciously, "The earth vein seal is fluctuating? Who can move that thing?"

The jade box in his hand suddenly emitted a ray of light. The Scion pointed with his right hand and immediately sent a strand of divine sense into his mind. He frowned and looked into the distance. "Nine thousand li to the West, there is indeed someone who sensed an extremely powerful energy fluctuation. I just don't know if it's coming from within the earth vein seal."

Jiang Huishu thought of something and said, "okay, continue to monitor it for me. Let me know immediately if there's anything unusual." The Boneyard may not be peaceful anymore. If my prediction is correct, it won't be long before some big shots arrive here!"

"A Big Shot?"

The Scion's heart trembled. If even Jiang Huishu thought that he was an important figure, who could he be? he said in shock, "Could it be Wufu from the holy city of misty snow?"

Jiang Huishu stopped him and said, "you just need to understand." Now, your main task is to monitor the fluctuations of the earth vein seal and any abnormal situation in the burial land. The person you are looking for can only be placed as a secondary priority."

The Scion kept cursing in his heart, but he still maintained a respectful expression. "Lord Jiang, please rest assured. Leave the entire Boneyard's surveillance to me!"

"Hmm, that's good!"

After Jiang Huishu finished speaking, he turned into a beam of light and headed toward the West. After roughly sensing the direction, he sank into the mountain range and flew at a low altitude. After all, once one entered the range of the seal, one's divine sense would be completely gone.

After the time it took to brew a cup of tea, a soft voice suddenly rang out and entered his ears. yes, although I can sense the restlessness of my little friend, I can't find the exit. It's very annoying. It seems that I have to find someone to ask.

Jiang Huishu was shocked. He stopped abruptly and looked around in horror. He shouted angrily, "Who are you? Get out here!"

He shouted, and the power of sound waves swept out in all directions. In an instant, a part of the forest was flattened, and a vacuum was revealed.

The space distorted slightly, and many human figures gradually appeared in front of Jiang Huishu. Each of them exuded a strange aura. The man in the lead was handsome but demonic. He looked at Jiang Huishu and smiled, "May I ask where the source of demonic Qi is? How come I can't find the entrance?"

Jiang Huishu's pupils suddenly shrank, and his face instantly turned serious. He stared at the Warriors behind the young man and said in horror, "You're from the Supreme sect?" His gaze stopped on an old man and he said in surprise, "Are you the head of the Supreme sect, Niu Jing?"

The Supreme sect was not a big sect, but as a core figure of the red moon City, he had a deep understanding of the major forces of the Eastern Region. That was why he was able to recognize the

people behind him. However, all of them had strange expressions on their faces, as if they were possessed. They were extremely respectful to the man before them.

“Who are you?” Niu Jing asked coldly. After seeing my master, why haven’t you kneeled down immediately and received orders from him?”

Jiang Huishu almost spat out a mouthful of blood. He laughed out of extreme anger, “Haha, you bunch of idiots! He was really crazy! I’m Jiang Huishu from the red moon City!”

“Oh? Red Moon City? The most powerful force in the Eastern Region?”

The man narrowed his eyes and smiled. then you must know a lot. Please tell me the entrance to the source of demonic Qi. Don’t tell me you don’t know, or I’ll be angry.

Jiang Huishu’s heart trembled. Judging from the man’s appearance, he was not even afraid of the red moon City. At any time in the past, announcing this name would at least cause the other party’s expression to change slightly, but this time, he didn’t see it at all.

“Hmph, is the Redmoon city that great? In the eyes of us sanctuary-realm experts, you’re just like a subordinate. If master has something to say, why don’t you quickly answer!”

A man beside the man was furious as he shouted.

Jiang Huishu’s heart suddenly trembled. He stared at the man and cried out, “You think you’re a Saint-level law enforcer? What are you doing?”

This time, he was really shocked. He couldn’t help but feel a chill in his heart. He suddenly thought of something and said in horror, “A few days ago, there was news from the red moon City that a law enforcer of the Holy region had disappeared in the Eastern Region for no reason. Could it be you?”

Jiang Huishu gasped and took several steps forward. He pointed at the man in the lead and said, “Who are you? It’s obvious that these people’s minds are not clear. You even dare to confuse the people of the Holy region, you really don’t know the immensity of heaven and earth!”

“You can call me di Jia,” the man said, smiling. His smile turned cold and he said, “You’re full of nonsense. I’ve been waiting for you for a long time. I’m running out of patience.” “Take him down!” He waved his hand.

“Yes!”

The ancient martial art practitioners behind him responded in unison. In an instant, dozens of beams of light broke through the air and shot toward Jiang Huishu.

Jiang Huishu sucked in a cold breath. Although these people were not strong, the situation in front of him was too strange, which made him shudder. Several rays of light lit up in his hand and turned into a circle of light in front of him. Then, it suddenly burst open!

“BOOM!”

The dozens of martial artists were all shaken away, and many of them even vomited blood. However, they did not stop at all and continued to attack, not afraid of death.

...

Jiang Huishu calmed down a little after he gained the upper hand. Since his deified soul was suppressed, he couldn’t see the strength of his opponent clearly. He was a little afraid at first, but now he was full of confidence. He snorted and said, “Since your consciousness has been eroded, then living in this world is nothing more than a walking corpse. Living is also a kind of pain, so let me free you!”

A folding fan slowly formed in his hand and opened up in the air with a “Chi” sound. There were all kinds of patterns drawn on it with black ink. With a fan, sand and stones flew, and the world changed colors!

“Snatching the Wuji fan!”

A powerful wind-type Qi gushed out of the fan and instantly hit the martial artists. One by one, their bodies exploded and turned into clouds of blood mist. Then, they were fanned by the fan and completely disappeared from the world.

Even the Saint realm Martial Emperor was forced back by the force of the attack, spitting out blood.

“Oh, I didn’t expect you to have some ability. Judging from the force of this fan, you should be a four-star martial sovereign, right?”

Di Jia said slowly, a sly smile on his face. I really want to have a demon slave like you who is quite strong.

Chapter 733-eating

Jiang Huishu snorted coldly. He grabbed his folding fan and placed it behind his back. He said disdainfully, what evil spirit? it doesn’t know the immensity of heaven and earth. Does it think that it’s invincible after subduing a few dregs? ”

A sharp force shot out from his folding fan and swept across the area!

“Bang Bang Bang Bang!”

The remaining few martial artists also exploded one by one and no longer existed. Only the Saint realm law enforcer and the sect master of the Supreme sect, Niu Jing, were left. Both of them were one-star martial sovereigns, and their strength had increased greatly after they joined the devil. They were able to resist Jiang Huishu a few times, but it was obvious that they could not hold on any longer.

The two of them spat out large mouthfuls of blood, but they still charged forward without fear of death.

“Enough!”

Di Jia shouted softly, and his eyes revealed a cold light. He grabbed the Saint realm law enforcer and Niu Jing’s shoulders and pulled them back. His body suddenly enlarged, and his head turned into a huge black demon. He bit the two of them and swallowed them before they could even scream.

“?! You actually eat people!”

Jiang Huishu was greatly shocked and said while trembling.

What made him shiver even more was that when the sacred enforcer and the cow Scripture were swallowed by this man, they did not struggle at all. When they were swallowed, he could clearly see a strange smile on the cow Scripture’s face, as if it was a great honor to be eaten by this man!

This discovery made him so terrified that he almost suffocated. The scene in front of him was too terrifying and too strange!

After di Jia turned into a demon and devoured the two of them, he returned to his handsome appearance. He licked his lips and smiled evilly, “Other than being able to do some simple work, demon slaves are originally used for eating.”

“?! You!”

Jiang Huishu suddenly felt a chill in his heart. This man ate people so casually as if he was eating steamed buns, which made him have goosebumps all over his body and tremble.

Di Jia touched his belly and laughed. I’ve digested it. I’ve replenished a lot of energy. But it’s still too little!

He seemed to be very dissatisfied, and his eyes fell on Jiang Huishu with a greedy look.

“?! Evil demon, get lost!”

Jiang Huishu was shocked. He was really frightened by Jiang Chen’s strangeness. The Wuji fan in his hand suddenly stirred up a strong wind. The entire space became extremely distorted under his fan and collapsed toward the center.

He himself turned into a beam of light and escaped with a wave of his fan. No matter how strong this person was, he was still touched and shuddered. He didn't want to fight with this person!

Di Jia was swept by the strong wind and his body became absent-minded. He gradually stabilized after the strong wind passed. His face darkened and he said to himself, "It's still too weak. I can't even withstand a blow from a four-star Martial Emperor. I'll recuperate this demon slave for now. I'll eat it after I find my third body and improve my strength."

Di Jia looked in the direction of Jiang Huishu's escape and murmured, "I can't spread out my divine sense here, so I can only faintly sense something that seems to be in this direction. This person is from Red Moon City. Perhaps he really knows where the source of demonic Qi is. Fortunately, I left a mark on him. Let's follow him and see!"

He immediately turned into a ray of demonic light and followed his mark.

Jiang Huishu gradually stopped after running for a while. His eyes were still full of shock, and he couldn't come back to his senses. He was suddenly furious and said, "the people of the blood God Palace are really useless!" When did the burial land have such a character? no one actually informed me. After this matter, I'll definitely reprimand that Blood God!"

After he stopped, he looked at his surroundings and frowned.

The Boneyard was really too big, and the place in front of him was very unfamiliar. Clearly, he had never been here before. After walking for a while, his body suddenly trembled. The scene in front of him gave him a big shock. In the mountain, a passage had been opened up, and the stairs led straight into the mountain!

"This is an ..."

Jiang Huishu was shocked. He had been in charge of the burial land for so many years, but he had never known that there was such a place. However, he was not a reckless person. He began to observe the surroundings and quickly came to a conclusion that the mountain had just split open.

"Could this be the place where the seal was opened?"

Jiang Huishu immediately thought of this possibility. He was overjoyed and flew up in a hurry. Suddenly, his pupils shrank. Two people were sitting cross-legged quietly outside the main hall, as if they were guarding something.

“Who is it?”

They were Yuchi Jin and Huo Yin. After being forced back by the zombie saber, they had been guarding the door of the hall, waiting for Yunxiao to appear. But, half a month had passed, and no one had come out. Gradually, the two lost their patience.

Yuchi Jin and Huo Yin were also on alert when they heard someone suddenly shout. They stared at Jiang Huishu, and the atmosphere became a little tense all of a sudden.

“And who are you?” Yuchi Jin coldly asked.

Jiang Huishu frowned and said proudly, “Jiang Huishu of the red moon City.”

“The people of the red moon City?”

The two of them were both shocked. Yuchi Jin’s expression changed, and he snorted, “If you say you’re from the red moon City, then you are? I can still say that I’m a Saint!”

Jiang Huishu revealed a sneer. He had finally met two normal people. He would have been shocked when he heard the name of the red moon City, but a sense of superiority immediately welled up in his heart. He said coldly, “Could this place be the sealed land, and the seal was opened by you?”

Yuchi Jin was stunned. He didn’t know what seal he was talking about. He had a bad feeling in his heart, thinking that he had been discovered after opening the hall. He immediately snorted coldly and said, “So what if I am? so what if I am not?”

Jiang Huishu squinted his eyes and said with a smile, “it’s alright. I’m not going to pursue the crime of you opening the seal.” However, please hand over the item that is suppressing and sealing me. ”

“An item used to suppress and seal?”

Yuchi Jin was stunned. He said with a dark face, “ I don’t know what you’re talking about. We didn’t get anything. Instead, we lost a few treasures.

Jiang Huishu sneered and said,“both of you look honest, but why are you so dishonest when you speak?” This Boneyard isn’t up to you to play any tricks.”

Huo Yin also faintly felt that the atmosphere was a little off. She didn’t want to provoke the red moon City for no reason, so she hurriedly said,“This place was accidentally opened by us. As for the sealed object you mentioned, we have never seen it before. Could it be a Suan ni?”

“Are you talking about the living saber?” she asked in shock. That thing is still inside, and it’s because it’s too powerful that we don’t dare to go in. My Lord, if you are interested, you can go in and try it. That blade is indeed a precious treasure.”

Jiang Huishu frowned and said,“a living saber?” Ignorant! If you don’t hand over the true Dragon’s Secret treasure, I’ll have to ask the two of you to come with me to the core area!”

Both of their expressions changed drastically. They had been in the Boneyard for so many years, so they naturally knew what the so-called core area referred to. It was a forbidden zone clearly designated by the red moon City. It seemed that the person in front of them was really from the red moon City!

Yuchi Jin said, “ the two of us didn’t get anything. It’s such an injustice to follow you. This one still has important matters to attend to, so I won’t be accompanying you!” After he finished speaking, he turned into a golden light and tried to escape.

What kind of joke was this? if he were to go to the core area, then wouldn’t his life and death be in the hands of others? he didn’t want to have any relationship with the people of the red moon City.

you want to leave without handing over the treasure? you’re really treating the words of my Red Moon City as child’s play!

Jiang Huishu was furious. He opened the folding fan in his hand, and the space was immediately locked by a huge force. Then, he waved it suddenly, and the sky and earth changed color. An unparalleled force blasted out.

Yuchi Jin's light suddenly solidified in the air and revealed his true body. In his shock, he played with the long black snake whip, which was like a dragon crossing the sky and pressing down.

“Bang!”

When the huge force hit the black snake, it immediately shrank back as if it had been electrocuted. It turned into a whip and returned to its sealed state.

...

Yuchi Jin was greatly shocked. With this attack, the difference in strength between the two was immediately determined!

He had lost because his profound armament was too inferior. The other party's fan was obviously not an ordinary item, while his whip was like a penis, ugly and trashy. They were completely not on the same level.

Huoyin's heart trembled. She also felt that the huge fan was extraordinary, so she hurriedly said, “My Lord, it's true that we didn't obtain any treasures. Instead, we lost our best weapons. That's why we're guarding the entrance of the hall unwillingly. And there's someone inside, maybe Yingluo got something good.”

Jiang Huishu shook the huge fan in his hand and pressed Yuchi Jin down. He stumbled back to the front of the main hall and said coldly, “Do you think I'll believe your words? Unless you two come with me.”

The two of them were groaning in their hearts. They had not gained any benefits and had even lost their profound level weapons. Now, they were even involved in the matters of the red moon City. Even though they were martial sovereigns, they might just die at any moment.

if you don't believe us, we can go in with you," Huo Yin said with a bitter smile. with your ability, we can't escape.

that's right," Yuchi Jin hurriedly said. if the two of us leave with you now, the person who obtained the treasure might escape!

Jiang Huishu found that the two didn't seem to be lying, so he said suspiciously, "you said that the main character is still inside. Who is that person, and how strong is he?" It was a matter of great importance to the seal. If the person inside had the ability to break the seal, he would really not dare to go in.

Yuchi Jin's expression was a little strange. He said awkwardly, "he's so powerful. Maybe he's a low-level martial honor?"

Jiang Huishu's face darkened. He flew into a rage and shouted, "Damn it, you dare to play me!"

He lowered the Wuji fan in his hand, and the huge pressure in the sky suddenly fell down. He was too lazy to listen to the two people's explanation, and he also turned into a light and flew up!

...

"BOOM!"

Yuchi Jin and Huo Yin dodged at the same time in great shock. The place where they had been standing was instantly shattered. The huge force on the fan chased after the two like a ghost, and they could not avoid it.

Huoyin's body was like a flame as she tried her best to resist the pressure of the fan. She hurriedly said, "Your Excellency, everything we said is true!"

Jiang Huishu wouldn't listen to her explanation. He didn't believe her at all. He sneered and said, "I've seen a lot of sneaky people like you. When I take you two down, you'll become honest!"

Chapter 734-demon slave

When Jiang Huishu heard that the person inside was a low-level martial venerable, he was sure that these two people were deliberately toying with him. How could he listen to their explanation? the power of the Wuji fan in his hand burst out and completely suppressed the two people in an instant. He had the upper hand.

Yuchi Jin couldn't say anything and only felt extremely aggrieved. The more he fought, the angrier he became. He said angrily, "Huo Yin, use your full strength! This person is too much of a bully. If we are captured by him and taken to the core area, can we still live?"

The aura on his body suddenly burst to the peak. The black snake whip in his hand was stimulated to its peak state by him without considering the consequences. For a moment, thousands of whip shadows shrouded the sky, as if countless long snakes were crossing the sky and coming down one after another.

Huo Yin was also extremely depressed. If she defeated this person today and fled, it would obviously mean that she had formed a grudge with the red moon City. In the future, not to mention the burial ground, she would not even need to stay in the entire Eastern Region. However, if he allowed this person to grab him without distinguishing between right and wrong, and insisted that he had obtained some kind of treasure, he would probably die.

He decided to choose the lesser of two evils. After he thought it through, he suddenly burst out. The flames on his body condensed into fire rings around him, stacking up to form various patterns. It was actually a fire-type attack formation that directly pushed back Jiang Huishu's power and suppressed it!

Under the explosive power of the two, they instantly turned the tables and seemed to be able to turn defeat into victory.

The two of them were on par with Jiang Huishu in terms of strength. However, they had lost because of their inferior profound level weapons and the fact that they were wary of each other's identity. Hence, they had fought timidly. Now that they had started to fight, they gradually gained the upper hand.

Jiang Huishu's expression changed drastically. It was only then that he realized that it was impossible for him to capture the two of them by himself. He suddenly shouted and let out a long howl that shook the

nine Heavens. He wanted to activate the nine Yin Haoyuan fiend formation in the sky and ask for help from the blood God.

Yuchi Jin's expression changed drastically. he's looking for help! he shouted. kill him now!

Yuchi Jin's eyes were bloodshot. Yuchi Jin was not a kind person. He had killed the blood God's junior Brother in a fit of anger. Now that he had offended the red moon City, it would be more dangerous to let this man go back. In a fit of anger, he had the intention to kill!

Once a person started to fight for his life, any kind of power could be unleashed. Jiang Huishu, who was already at a disadvantage, was in even more danger. His life was hanging by a thread!

Under the influence of Yuchi Jin's emotions, the sound of fire also began to send out attacks to kill. The fire formation circles bombarded the opponent's Wuji fan, forcing Jiang Huishu to retreat.

"Dammit! Why isn't the blood God here yet?"

Jiang Huishu was extremely angry. He waved his fan to the extreme, but he still couldn't withstand the joint attack of the two. Every move he made, the other party took it head-on, consuming a considerable amount of primordial Qi. One move was more difficult than the other, and finally, he couldn't hold on. The qi and blood in his body rapidly withered, causing his internal organs to crack. He spat out a mouthful of blood and was thrown far away like a kite.

"A-assistant! I'm from the red moon City, you dare to kill me?"

Jiang Huishu was at his wit's end in his desperation, so he could only bring up the red moon City again, hoping that it could save his life.

A trace of struggle flashed in Yuchi Jin's eyes, but he finally made up his mind and said, "We don't want to start a feud with Red Moon City. You forced us to do this. You asked for your own death!"

"Wait, wait!"

Jiang Huishu said hurriedly, "you can leave now. We'll pretend that today's incident never happened." I, Jiang Huishu, swear that I won't hold a grudge and won't pursue what happened today. If you really kill me, you will die without a doubt!"

my life has always been in my own hands, " Yuchi Jin said coldly. you didn't squander it. It's too late to say anything now. Die!

The black snake in his hand suddenly struck out, aiming for the vital part of the other party.

At the critical moment, a black shadow suddenly attacked and slammed into the black snake. The two forces collided and bounced off each other.

The black shadow didn't disappear after being shaken off, but directly entered Jiang Huishu's body.

Jiang Huishu had thought that someone had come to save him. He was overjoyed, but when he saw who it was, his heart sank into an abyss. It seemed to be even more terrifying than facing Yuchi Jin. He screamed in horror and struggled to get up, trying to escape.

However, how could the two of them let him have his way? huoyin shot out a fireball that hit his big calf, causing him to fall to the ground again. He struggled endlessly, and his entire body revealed an expression of extreme pain. His body began to turn black.

"Who is it? Who are you?"

Yuchi Jin looked at di Jia, who was slowly walking over from the distance, and was extremely vigilant. He thought to himself that he was really unlucky today. He had encountered Masters one after another. His eyes revealed killing intent again. The fact that he was going to kill the people of Red Moon City must not be spread, or he would really be dead!

"Hehe, don't be nervous. This person is my escaped slave. Thank you for taking him down."

Di Jia smiled slowly, his eyes showing gratitude.

Yuchi Jin frowned and snorted in disbelief, "Hmph, slave? Who are you trying to lie to! How could a four-star Martial Emperor with a ninth-tier Mystic weapon be your slave?! Quickly report your identity and I can spare your life!"

Di Jia chuckled. humans always like to speak insincerely. The look in your eyes clearly tells me that you will kill me without a doubt. Why did you say that you will let me live? "I can see the treachery in your eyes. You're looking for my weakness and planning to launch a sneak attack when I'm not prepared, right?"

Yuchi Jin's heart trembled. His true thoughts had actually been seen through by the other party in an instant. A kind of naked shame and anger welled up in his heart. He said angrily, "So what? Even if you have amazing insight, you won't be able to escape death today!"

The long snake whip in his hand flickered again and suddenly attacked di Jia without any reservation.

A smile hung on di Jia's mouth as he slowly read, "The ignorant ants are suffering for themselves!"

His eyes were as clear as water, without a single ripple. However, when Yuchi Jin saw it, he panicked and shouted, "What nonsense is this? Black snake splitting clouds!"

The long black snake whip danced in the air, forming a spiral trajectory. It turned into a black gas, which suddenly enveloped di Jia's entire body and shook him down.

Yuchi Jin's eyes burst out with a cold light. According to his judgment, as long as this move succeeded, the other party would die without a doubt!

"boom!"

The long snake suddenly collided with a huge force, and just the rebound force almost made Yuchi Jin lose his grip on the long whip.

The one who blocked di Jia's attack in front of him was Jiang Huishu. An evil look appeared in his eyes and he shouted angrily, "Seizing the Wuji fan, a fan of extreme yang shocks the heavens!"

“bang bang bang!”

With a wave of the huge fan, an extremely strong force exploded in the air like a chain of beads. Every burst of force shook out a faint demonic Qi, and the sound spread all the way!

how is this possible?!

Yuchi Jin was greatly shocked. He didn't have time to think carefully. The long whip in his hand danced in a few circles in front of him, forming a coiled snake defense.

“hmph, the light of a grain! A Xuan Yin Earth split!”

Jiang Huishu shouted again. He changed the movement of the folding fan in his hand. He turned his hand and pressed down. The whole ground suddenly exploded. A terrifying power rushed out from the earth vein. Yuchi Jin could no longer resist it. He spat out a large mouthful of blood and was sent flying. The long black snake whip in his hand was also toyed with to its limit. It exploded one by one, breaking into pieces and scattering on the ground.

“This, this Yingluo”

Huo Yin looked at all of this in a daze. In just an instant, a man who was on the verge of death had suddenly exploded with such a powerful force. Not only did he not look like he was about to die, but he had even turned the tables and won easily.

Jiang Huishu closed his folding fan and moved his hand over, pointing at Huo Yin.

A sense of fear spread in Huo Yin's heart. Just that one finger had made her feel that it was difficult to resist.

Wasn't the change before and after a little too big? Even the legendary divine medicine couldn't restore Jiang Huishu's power instantly. Moreover, it gave her a feeling that he was even stronger than before!

“Alright, stop.”

Di Jia chuckled. don't go too far. Don't hurt each other. You'll be on the same side soon.

...

“Yes! Master!”

Jiang Huishu bowed respectfully and carefully retreated to di Jia with a loyal look.

“It's one of us.”

A bad feeling welled up in Huo Yin's heart. Yuchi Jin, who was seriously injured on the ground in the distance, also felt his heart sink. In his current state, he no longer had the ability to resist and choose his fate. He could only let himself be slaughtered.

Di Jia laughed. don't you think it's strange? he was clearly about to die. How did he suddenly become so lively? ”

The two of them were filled with doubt and endless bitterness.

Di Jia laughed. that's because I gave him power. This power can not only make his fighting will and power infinite, but it can also improve the original foundation! He only has the strength of a four-star Martial Emperor. After obtaining my power, he'll be able to reach the peak of four-star or even five-star very soon!”

“This Tao Wu, how is this possible! You, Who are you?”

Huo Yin was terrified. The advancement of any star above the martial Supreme realm was more difficult than cultivating from a warrior to a martial Supreme.

Ordinary people thought that after entering the nine Heavens realm, they could basically peep at the peak of martial arts. In fact, the difference was very far. Any tiny barrier was enough to make you unable to advance for the rest of your life. Therefore, it was difficult to understand the phenomenon of increasing one's strength by one star in an instant, as well as being able to have endless fighting spirit and power.

Di Jia's mouth showed a cold smile and he said, "You'll find out soon enough that it's all true. As for who I am? Just call me 'master' like he did!"

...

His body suddenly disappeared and turned into a ball of demonic Qi, pouncing toward Yuchi Jin.

Yuchi Jin roared in horror and wanted to resist. After struggling a few times, he no longer made any sound.

Although huoyin could control fire, she felt cold all over. She screamed in horror and turned into a stream of fire to escape. However, she was knocked down by Jiang Huishu's fan, and she vomited blood. She no longer doubted di Jia's words. After the fight, she clearly felt that Jiang Huishu's strength was at least peak four-star!

She felt her vision go black and saw a black shadow pouncing towards her.

Chapter 735

735 Deduction of the heavenly Dao

In front of the steps leading to the hall in the mountain, three people stood side by side. All of them stood respectfully in front of di Jia, as humble as ants.

"En, these three demon slaves are quite strong and will be of great use here. I'll eat you after this matter is over."

now," di Jia said lightly. tell me everything you know!

He raised his hand, and three black lines shot out from his fingertips, piercing into the brains of the three people.

“Yes! It’s our greatest honor to be able to become master’s food!”

Their faces were filled with incomparable happiness. They stood there with great honor, allowing di Jia to read all the memories in their minds.

Time slowly passed, and after the time it took to brew a cup of tea, the three black lines gradually disappeared.

Di Jia’s expression became complicated, and a glimmer of light flashed in his eyes. He said to himself, “it turns out that the seal has not been completely broken. No wonder I could only feel a faint aura. It seems that I have to go to the place of the seal personally. God knows when these ants will break the seal. It will be troublesome if that avatar comes. It seems that my ancient gods battlefield is still in his hands!

Then, he looked at the passage in front of him and said coldly, “It’s actually this kid! The Jade tablet in his hand gave me a familiar feeling, but I can’t remember.”

He smacked his own head and revealed a pained expression. He said ferociously, “damn clone, you’ve stolen too many memories. My memories are in a mess! It took him a long time to calm down, and he said fiercely, “I’ll retrieve all my memories and power sooner or later. Just you wait!

After he calmed down, di Jia returned to his calm look and said coldly, “We can’t let that kid go. However, before I take care of him, there are still some ants that I have to take care of first!” come out, ants,” he said coldly to the void. you’ve been watching for so long. Are you addicted? ”

The air was quiet, and there was no movement.

“Hmph! Still pretending!”

Di Jia snorted coldly. A black light shot out from his hand and immediately disappeared in the air. The next moment, it was shot out in the sky not far away.

There was a fluctuation in the space, and three figures appeared with the black light. They all looked at him in shock. They were all from the blood God Palace, and the one in the lead was the blood God!

I've been hiding in the void for a long time, " di Jia said coldly. how long do you plan to watch? "

The Scion was shocked,"you, how did you see through me?" Isn't the divine sense suppressed here?"

master's abilities are too powerful for you to know!

Jiang Huishu shouted angrily,"Blood God, How dare you!" So you've been here for a long time, but you didn't come to my rescue when you saw I was in danger. You're so scheming and sinister!"

The blood God's eyes flashed with a trace of fear. He looked at Jiang Huishu and said coldly,"Lord Jiang, are you still alive? Is it your soul that's talking now? It's such a pity that the high and mighty figure of the red moon City has become someone else's slave, haha!"

Jiang Huishu flew into a rage and shouted,"of course I'm still me!" Even if you want to be a slave, it also depends on who you're working for!" it's also a good thing that you didn't save me, " he said with a cold smile. that's why I have the chance to become my master's slave. I'm so lucky!

A chill ran down the Scion's spine. What kind of sorcery was this?

their souls are still here, " di Jia said with a faint smile. they just realized my greatness and are willing to be my slaves. I can see that the three of you are quite strong, so I'll give you this opportunity as well."

The Scion of the blood God felt a chill run down his spine as he hurriedly said,"Forget it! I can't afford it! One of your three slaves was the enemy who killed my Junior Brother, but now that he has found his happiness, I am happy for him. Let's forget about the past and not pursue it. "

The other two people from Blood God Palace revealed a strange expression and were sweating profusely. In their opinion, the current situation of Yuchi Jin and the other two was worse than death. Killing them was equivalent to saving and freeing them.

you're welcome," di Jia said with a smile. you have the right to receive my glory. "Take the three of them down. The more slaves I have, the better my appetite will be," he said, waving his hand.

The three of them revealed happy expressions, as if it was an incomparable honor to be able to work for their master.

The blood God's eyes became extremely serious. He was not afraid of the strength of these three people, but from the current situation, these three people did not lose their minds. They looked normal, but they were unconditionally obedient to di Jia. If he could master this technique, then he could insert his people into any sect in the world, and it seemed that they would never betray him!

At the thought of this, his heart suddenly burned with passion. He said in a serious tone, " kill these three. I want that young Man Alive!

The clone of Blood God also rushed into the battlefield. The sea of blood spread out and covered the three of them. The three of them were four-star martial sovereigns, so he did not take them seriously.

The other two martial sovereigns of Blood God Palace rushed toward di Jia, trying to capture him alive.

"Well, I'll grant you two glory first!"

Di Jia's face was ferocious. He immediately showed his Dharma form with three heads and six arms and rushed toward the two. The monstrous demonic flame spread out and corroded the sea of blood, turning it into a sea of demonic Qi!

"What?"

The three people from Blood God Palace were all shocked. Their blood sea was the dirtiest thing in the world and could corrode everything. However, it was directly corroded by the other party's power. The three of them couldn't react in time!

"You dare attack master? Blood God, you deserve to die!"

Jiang Huishu's voice was heard. He roared, "Dammit! One fan of extreme yang shocks the heavens, one fan of profound Yin splits the earth, break for me!"

"Boom boom boom!"

Two forces rushed out of the sea of blood. The remaining sea of blood completely dissipated under the two hurricanes. Jiang Huishu spread his huge fan and attacked the blood God.

"Motionless Saber King!"

"Yellow Springs hell fire!"

Yuchi Jin's palms turned into blades and the sound of fire turned into flames. Two powerful forces surged out from the demonic Qi and blasted towards the blood God.

how can he be so strong?!

The blood God was shocked. He was originally a six-star Martial Emperor. These three people were just like ants in his eyes. He could kill them in seconds. However, as soon as his blood sea was broken, the other party's demonic Qi surged. In addition, the strength of these three people had increased greatly after they were possessed by the devil. Jiang Huishu had also broken through to the level of a five-star Martial Emperor. The power of the Wuji fan that he had seized was also more powerful.

Under the bombardment of the three forces, he was forced to retreat. The other two low-level martial sovereigns were struggling to hold on under di Jia's Dharma power!

Blood God's eyes flickered with surprise. When he saw the two men gradually being invaded by the demonic energy, his heart was filled with horror, and an endless hatred for Yunxiao welled up in his heart. If his blood beasts were here, he would have killed all of them!

"You guys are lucky this time. Let's go!"

The blood God held a blood bead in each hand and threw it at di Jia's Dharma power. A sea of blood suddenly exploded. It was condensed by his blood essence. Even a six-star Martial Emperor would not dare to take it head-on!

"Hmph, small tricks!"

One of di Jia's heads suddenly turned into a huge demon head. It opened its big mouth and swallowed the two blood beads directly. After that, there was no more after-effect!

"?! This Tao Wu!"

The Scion of the blood God was completely stunned. He looked at his two subordinates, who could not hold on much longer, and Jiang Huishu and the other two, who were charging at him. He made up his mind and turned into a ray of blood light to escape!

"Don't! Just us!"

...

The two men from the blood God Palace wailed in horror. At this moment, all the potential in their bodies was unleashed. They burned their blood essence and revealed a ruthless expression. Instead of becoming slaves, why don't we fight with our lives on the line!

Di Jia sneered. Suddenly, his pupils shrank, and the power in his body began to fade rapidly. The demonic Qi in the sky also gathered.

“BOOM!”

The two martial sovereigns of the blood God Palace burned their blood essence and made a shocking blow. They broke through the restraint of di Jia’s demonic Qi and turned into two rays of blood light to escape. They would need at least three to five years to recover from this desperate attempt.

“What? We actually let them escape!”

Jiang Huishu was shocked and furious. this group of ignorant ants. Master has given them Supreme glory. Not only are they ungrateful, but they’re also disrespectful to our master! Kill, kill, kill!”

Di Jia’s face instantly became a little ferocious, and he said fiercely, ” “You detestable clone, are you also plotting against me from behind? This feeling seems to be very close to me. You won’t let go of this third body either! Just in time, I can take you all in together and return my ancient gods battlefield!”

He no longer paid attention to the people from Blood God Palace who had escaped. Instead, his gaze landed on the main hall and he said coldly, ” living ninth tier profound armament, after I subdue you, you can temporarily be my saber!

Di Jia’s body exuded demonic flames, which wrapped around the three of them. He turned into a black light and rushed into the hall.

.....

In the endless cave, the divine realm tablet was floating in the air quietly, with flowing light flashing on it. No one knew how many days had passed.

...

The originally Endless Spring water had already dried up, revealing a deep pit in the ground. The spiritual Qi had also gradually dispersed with the disappearance of the spring water, turning the place into a place of death.

Inside the divine realm tablet, Yunxiao, who had been in a state of oblivion, finally opened his eyes slowly. He felt that the world was clear, and the power of laws in the entire divine realm tablet had undergone a great change, flashing in his mind one by one.

The change in the law was a kind of complement that was approaching perfection. The four regions of earth, water, fire, and wind were fully opened, and the complete power of the world emerged. It was only at this moment that the inner world of the divine realm tablet could truly be called a complete world!

He slowly immersed himself in the wonderful changes of those laws, attentively experiencing the feeling of the creation of the world and the birth of the great Dao. He was like a parent body, which was the world itself, nurturing the growth of all living things and gradually evolving under his consciousness.

This was the deduction of the heavenly Dao in the world inside the tablet. Every rule was born from the heavenly Dao, which was then imprinted into Yunxiao's divine sense. At this moment, he was one with the divine realm tablet!

Chapter 736-one blade for a Thousand Autumns

At the beginning of the world, chaos was created from nothing. Dao was the origin of the rules of all living things. As the world moved forward, all kinds of rules were born under Dao, forming the order of the world. Laws were born from Dao and were the framework of the world. After that, all living things multiplied and created an orderly and wonderful great world.

Yunxiao sensed the evolution of the process. His martial will and Dao heart had undergone an unprecedented change. At that moment, the divine realm tablet was gradually integrated with him, and his control over the tablet had reached a new level. In the process of the world's evolution, he was shocked to see the power of the rules condense into golden tadpole-like characters. From the birth of the Dao to the end of the evolution, the characters condensed from all the rules were finally combined together to form the great realm divine technique!

“So these characters were originally condensed from laws. No wonder each one of them represents a certain amount of power of laws.”

Yunxiao's eyes were filled with shock as he said to himself, “The power of the laws of heaven and earth can only be comprehended through supreme wisdom, but the ancient Almighty was actually able to

record it through words. What kind of magical ability is this? And to use these recorded laws to create one's own world, this must be a method that only a God can use!"

Although this realm was almost inaudible, the many miracles that had been passed down on the continent all indicated that this realm had indeed existed.

Yunxiao came back to his senses and looked down at the water territory. The skeleton had disappeared, and a bright divine saber stood on the ground like a tombstone of the skeleton, as if it was telling the story of the endless years.

The demonic Dragon also recovered from the shock and muttered to himself, "Is He Dead?"

he's dead," Yunxiao sighed and said. he and it are both dead.

This pair of companions who had accompanied each other for who knew how many years were finally free.

The skeleton had opened up the water territory for Yunxiao, and his wish had finally come true, allowing him to sleep forever. As for the corpse puppet saber, after its master left, it finally lost all signs of life and returned to its original form, quietly stabbing into the ground.

"I didn't expect this to be the result," the demonic Dragon sighed."An expert of his generation is buried here."

Yunxiao sighed and said miserably, "Even if you're able to cover your entire life, you can't escape the passage of time. Time is the greatest heavenly Dao!"

He suddenly grabbed at the air, and the corpse puppet saber on the ground suddenly flew up and turned into a ray of light that fell into his hand. The cold light shone, and a few distinct boys were engraved on the blade. A Thousand Autumns saber!

"One blade for a Thousand Autumns."

it doesn't sound good to keep calling you zombie saber, " Yunxiao said softly. no one knows your former name with the passing of your original master and your own life. From today on, you shall be called thousand-year tyrannical saber!

He could feel the power of the weapon's essence from the saber. It was even stronger than his Northern heaven cold star sword and was on the same level as the dynasty Bell.

After putting away the thousand-year tyrannical saber, Yunxiao flew out of the divine realm tablet and put it back into his body. Suddenly, a strange look appeared on his face, and he said with a wry smile, " I was only focused on comprehending the heaven and earth. I didn't expect my cultivation to improve so much.

At this moment, he had just realized that he had unknowingly crossed two levels and rushed to the level of a three-stars martial Supreme. However, although he was happy about the increase in his cultivation, he was not too excited. He looked down at the dried up pond and landed in it, frowning.

The bottom of the pool was indeed in the form of a seal. With the loss of the true Dragon's tear, it had already been broken.

Yunxiao's eyes fell on a piece of metal sheet in the pool. His pupils shrank as he clenched his claw and grabbed it. The moment the metal sheet flew into his hand, his palm emitted golden beams of light and sent it flying into the air.

Yunxiao looked at his palm. A wisp of fiend energy had been purified by the power of his body.

The metal piece in the air trembled and hummed in the air. It constantly emitted devilish Qi and formed a strange pattern in the air.

Yunxiao's heart jolted as he looked over. It was a cultivation technique written in the common language of the continent, called " True fiend Dharma idol!

"This Suan ni is a demonic technique!"

Yunxiao was taken aback. The cultivation technique that kept manifesting on the piece of iron was the divine ability of the devil. A great devil, who looked similar to di Jia, was demonstrating the divine ability of the true fiend Dharma idol in the manifestation of the devil Qi, and in the end, it turned into a three-headed and six-armed figure with unparalleled power!

The entire demonstration took less than the time it took to brew a cup of tea. The patterns then slowly faded and dissipated in the air. The iron sheet also fell back into Yunxiao's hand, becoming ordinary and intact.

Yunxiao frowned as he kept thinking about the cultivation of the true fiend Dharma idol. He shook his head with a wry smile. The three-headed and six-armed Dharma power was indeed extremely powerful, but this kind of cultivation technique required demonic Qi as the premise to cultivate the Dharma power. Otherwise, it was all empty talk. Ordinary humans could not be infected by the demonic Qi at all, or they would lose their consciousness and become demonic.

He sighed and kept the metal piece. He turned into a ray of light and rushed out.

There was not a single drop of water in the tunnel. He flew forward quickly and arrived at the place where the Starlight soul body was destroyed. He walked up.

The entire cave was man-made and was hundreds of meters wide. However, no one could be seen, making it seem empty. This was also a place that could possibly be hidden and sealed by the red moon City. Although they couldn't find it, they weren't too far away.

Yunxiao's Starlight soul body had been destroyed by someone when it came to this place.

"It's you? As expected, he didn't die!"

A cold and angry voice rang out. Two martial artists had appeared in front of him without him knowing, frowning deeply.

"I'm very curious," one of them said, "where are you hiding? how did you manage to break through the blockade? or did you come from a secret passage in this cave?"

These two were the ones who had destroyed his Starlight soul body. Yunxiao's face immediately darkened as he said in a cold voice, "These things are not important to you anymore!"

He suddenly raised his hand and struck out with his palm. Although they were in a cave, a gust of wind suddenly surged out for no reason, making people feel a chill.

"Wind and cloud Palm!"

The great wind Cloud Palm was unleashed and directly enveloped the two of them. Before they could even make a sound, their sternum and internal organs were completely shattered. They were sent crashing into the wall and were embedded in it, unable to fall.

Yunxiao had already controlled his strength very well. Both of them only had the cultivation base of one-star martial Supreme. If he accidentally killed them, he would not be able to get any information from them.

"How many seals of the burial land have been broken? Where is the unbreakable seal now?"

He went straight to the point and interrogated her.

"No, no, I don't know!"

One of them was on the verge of death, but he still stared at him with hatred and fear in his eyes. He said angrily, "Our Xuanji is from the Xuanji sanctuary, you Xuanji"

"Long-winded!"

you've killed my Starlight soul body! Yunxiao's eyes turned cold. there's no way you can live!

His eyes suddenly turned into blood moons, and a demonic power spread out, directly intimidating the two. They immediately used the soul-searching technique.

The soul-searching technique had extremely strict requirements on one's body, or else it would easily cause a backlash. However, the two people in front of him were too noob, and could not pose any threat to him at all.

Soon, their memories were searched clean by Yunxiao, and they collapsed to the ground and died.

I can't believe I've already broken four seals," Yunxiao said to himself. including the one where I took the eye of the true dragon, only two of the seven seals are left. It's dangerous!

He began to hesitate. From the information he had obtained from the memories of the two, the people of the Holy region and the sea of soul formation clearly did not know that a great demon was sealed inside. They thought it was a secret left behind from ancient times to become a deity, so they were very enthusiastic.

"This won't do. I must tell the person in charge of this place that they can't open another seal. Otherwise, once the demonic body appears, the continent will be in danger!"

He thought of what the skeleton had said, that only a holy weapon could suppress the demonic body, which showed how terrifying the great demon was. And how many people in the world had and could use the power of a holy weapon?

Yunxiao suddenly thought of Shang and Ye Fan. In the current heavenly martial realm, he and these two were probably the only ones who could use Holy artifacts.

...

He suddenly turned into a ray of light and rushed out. The cave was very wide and deep, and there were a large number of martial artists guarding outside. The moment he went out, he immediately alarmed everyone.

"Who are you? Quickly stop!"

"I told you to stop, did you hear me?"

“Dammit, stop this person!”

After a few angry shouts, dozens of light beams shot up into the sky and hit him. The most terrifying one was the Emperor Qi, which directly blocked his way and forced him to stop.

Dozens of light rays flew into the air and surrounded him all at once.

The Martial Emperor glared at him and said coldly, “Where did this rat come from? Don’t you know that this is the core of the Boneyard and that you’ll definitely die if you barge in?”

Yunxiao smiled wryly and said, “I can’t explain it to you in such a short time. The person in charge here is Xu Xin, right? I want to see him. It’s urgent.

The martial sovereign’s face darkened, and he said coldly, “any Tom, Dick, or Harry would want to see Lord Xu Yu. Since you can’t explain it clearly, just surrender and we’ll talk about it later.

I knew it,” Yunxiao sighed. I can’t explain it at all. In that case, let’s fight!

Without saying a word, he quickly formed a seal with both of his hands. A Square four-pole heaven and earth seal was formed around him. With a loud shout, he threw it at the martial sovereign.

...

The martial artists from all four sides revealed shocked and solemn expressions. Previously, looking at this person’s age, they thought that he was at most a martial honor. They didn’t expect that the power of a single attack was so strong!

Hmph, no wonder you dare to be so arrogant. You really have some skills!

The Martial Emperor was taken aback for a moment, but then he sneered and clenched his fist into a seal. He threw out a punch, which immediately shattered the sky and disintegrated Yunxiao's four-pole seal. The force of the punch was not reduced at all, and it directly shattered Yunxiao's body.

"Eh? What!"

The Martial Emperor was taken aback, and there was a trace of anger in his eyes. What had broken was only an afterimage, and Yunxiao's real body had turned into a Thunderbolt and fled right before his eyes!

Chapter 737-Who are you?

"Hmph, you want to escape? too childish!"

The Martial Emperor's shocked expression suddenly turned into a sneer. He made a hand seal with one hand, and a ray of green light immediately appeared in the sky, covering the entire area.

A few breaths later, Yunxiao's figure appeared in front of him again, staring at him coldly.

The Martial Emperor laughed. haha, the core area isn't a place that you can come and go as you please. This is an important place in the core area, and there are array weapons set up around it. Even a fly can't enter and leave as it pleases!"

He suddenly frowned, as if he had thought of something. He said in horror, " "By the way, how did you get in?"

After hearing that, Yunxiao did not bother to pay attention to the man. He just looked around with a frown and muttered to himself, " this is troublesome. If we break the formation by force, it will cause too much of a commotion. We will definitely attract the people of the blood God Palace.

He then looked at the surrounding cultivators, and everyone became even more vigilant, afraid that he would escape again, and could not help but smile bitterly.

When the Martial Emperor saw Yunxiao looking down on him, he was furious and said angrily, "Break the formation and escape? You must be delusional!"

He stretched out his hand and formed a dazzling Golden Claw in the air, trying to slap Yunxiao into the ground!

"So annoying!"

let's go! Yunxiao cried out as a saber beam condensed in his hand and turned into the thousand-year tyrannical saber, which he then slashed at the Golden Claw. it feels good! Show me your power!

After the thousand-year tyrannical saber lost its life, Yunxiao could not bring out its full power by himself. The blade sucked up all the energy in his body, then rose into the air and cut into the Golden Claw, breaking all the power condensed by the Emperor Qi!

"Boom boom boom!"

Although the martial sovereign did not use his full strength, he had destroyed it with a single slash. Everyone's eyes widened and they were stunned!

"What kind of blade is this Suan ni?"

The martial Supreme's eyes twitched in shock. He was so excited that he said, "It's actually a ninth tier profound armament! Haha, I've hit the jackpot today, I actually managed to obtain a ninth tier profound armament!"

The people around him were also shocked, staring at the saber in Yunxiao's hand with burning eyes, their faces full of envy, jealousy, and hatred.

Yunxiao's face turned pale. He had very poor control over the saber, and it would be completely drained if he was not careful. Even his flight was a little unstable. He hurriedly swallowed a large number of medicinal pills, and only then did his face look better. Then, he put the saber away, not daring to use it again.

The martial sovereign laughed coldly and said, 'you think you'll be fine if you hide? Just hand it over obediently!' In a flash, he appeared in front of Yunxiao and grabbed at his throat. A golden light emerged in his hand as he suppressed his Emperor aura, completely locking Yunxiao in place!

The heavenly eye on Yunxiao's forehead suddenly opened, and the Thunder of tribulation was formed and shot toward his opponent's hand.

The martial sovereign was shocked. He immediately felt that the power of the Thunderbolt was extraordinary. He raised his five fingers and grabbed down, directly grabbing the power of the heavenly Tribulation. It exploded in his hand and shook in all directions.

Yunxiao took the opportunity to retreat dozens of meters and gave him a cold look.

It was still a little difficult for him to fight against a Martial Emperor. Just as he was about to release young Emperor hao lian to end the battle, a familiar voice suddenly entered his ears, causing him to tremble!

"Aiyo, it's been a long time since we last met. Your strength has improved a lot. Tsk, tsk, the more I look at this body, the more I like it."

Yunxiao was taken aback and suddenly became alert. He saw a few more people suddenly appear in the field. Except for Jiang Huishu, he did not know Yuchi Jin and huoyin, who had just parted ways, and di Jia, who he had seen both on Mount Meru and in the outer space, was an old acquaintance.

"?! Who are you?"

The martial sovereign was shocked. His eyes fell on Jiang Huishu, and he hurried forward to bow. "It's Lord Jiang Huishu! Why didn't you tell me in advance that you've come to the seventh region?"

Jiang Huishu glanced at him and said, "it's okay, you can step aside. Now everything here is in Lord di Jia's hands."

The martial sovereign was stunned. He looked at di Jia, who looked very unfamiliar, but he felt strange. A chill ran down his spine, and he said hurriedly, "Yes!" She retreated to the side obediently, but her face did not look too good. She was still thinking about Yunxiao's treasured saber.

what?" di Jia smiled. don't you recognize me?"

Yunxiao was full of vigilance. He had learned from the skeleton that the demon was not simple. "Are you the one in Mount Meru or the one in the outer space?"

Di Jia snorted coldly and said,"that one?" You're very disrespectful to me. That clone was actually suppressed in the outer realm starry sky. Thank you for cultivating my body to such a good state. You can return it to me now." With a cold look in his eyes, he sized up Yunxiao's body, and the more he looked at him, the more he liked him.

Yunxiao's hair stood on end under his gaze. I'll recommend someone to you. His name is the tyrant martial sovereign, ao changkong. His body is indestructible. I think you'll like him very much.

Di Jia raised his eyebrows and said,"Oh? I've seen this person in many people's memories. He's the head of the top ten martial emperors, right? It can be used as a high-grade spare tire, yours can be used as a Temporary Spare Tire." "I know that you're a difficult person to deal with, but do you still plan to run away in this situation?" he sneered.

of course," Yunxiao chuckled. even an ant has to struggle at the last minute. His expression gradually turned serious as he said," "However, I'm very interested in your Affairs. This Boneyard should be suppressing your other clone, right? are you planning to release him? Then, you demons will merge into one or something?"

The Warriors in the seventh Ward listened to the conversation between the two and felt that they were getting more and more confused. They only felt that it was inexplicably strange, but they did not say anything and just endured and listened. Moreover, Lord Jiang Huishu of the red moon City was also here. Even if the sky collapsed, they would be there to hold it up.

Di Jia's eyes narrowed and flashed with a cold light. He said coldly," "You seem to know a lot about me. You can say that I have to absorb them all to complete my body and recover my previous peak strength

and all my memories!” He snorted coldly. what else do you want to ask? just say it. As the first body I’ve used since I returned to the continent, you can receive this honor.

After thinking for a while, Yunxiao said, ” “How many clones do you have in total? Where are they suppressed?”

Di Jia’s eyes narrowed and he snorted coldly. these two questions are exactly what I want to know. Those people were too bored back then. They actually thought of splitting me up and suppressing me. After I obtain your body, I’ll search for the answer.”

Yunxiao’s lips moved, and he wanted to ask more.

However, di Jia seemed to have lost his patience. His face gradually became cold, and he waved his hand.”Enough! The honor ends here, it’s time for you to be honored.” “Let’s go!” He said, his lips moving slightly.

Jiang Huishu suddenly shouted, ”attack!” But you can’t destroy his physical body!”

He, Yuchi Jin, and Huo Yin took the lead and rushed out, surrounding Yunxiao in a corner. A monstrous aura rose from their bodies, and an amazing pressure came down.

Yunxiao frowned. He immediately discovered that the aura of these three people was not pure Emperor Qi of the ninth heaven, but also demonic flame. He was shocked to know that they had been demonized. He suddenly took out the divine realm tablet. The space outside the tablet flashed, and Mo Xiaochuan and young Emperor hao lian immediately appeared. He also released the gourd Little King Kong, who had already been repaired.

The calabash Little King Kong had the characteristics of a stone head. As long as its heart did not die, it could recover infinitely. However, after its body became a ninth-tier material, the speed of recovery became extremely slow.

“What? A Saint artifact!”

Di Jia's pupils shrank and he said with a cold face, " "This thing is actually a Saint artifact! No wonder I have a familiar feeling. I don't know which clone took this part of the memory. Damn it!"

All the Warriors in division 7 were shocked by the scene in front of them. A person was released out of thin air. According to Di Jia, could this Jade tablet be a Supreme grade profound level weapon? Everyone's brain froze, and they could not think for a moment.

Let's go! the Martial Emperor suddenly shouted. Let's help Lord Jiang and Lord Di Jia to take this man down!

He believed that Di Jia's status must be extremely high, and he wanted to earn a chance to show his face. The other Warriors, under his orders, also spread out and formed a formation like an inescapable net. No one could escape.

Mo Xiaochuan's eyes narrowed and he said in a deep voice, " "Leave these three to me. I'll leave the minions outside to you!"

Hmph! young Emperor Haolian snorted. You're always the one beating me up. Although I only have a strength of two stars now, with my infinite fist intent, it's not a problem for me to challenge someone with seven or eight stars!

Mo Xiaochuan sneered. Alright then. Save your fists for Ao Changkong in the future. I'll have to trouble you to beat up the small fries here. Seeing that Shaohuang Haolian was going to talk more, he said angrily, " "Shut up, go!"

...

After he finished speaking, he made the first move. His right arm turned into sword Qi and slashed at Jiang Huishu's head. Although his divine sense was suppressed, his martial arts intuition still allowed him to find the most powerful person the moment he came.

Jiang Huishu's face was full of hostility. The Wuji fan flew out of his hand and opened in an instant, blocking in front of him.

“Bang!”

Mo Xiaochuan’s right hand transformed into a sword, and with a single slash, an extremely powerful spiritual pressure burst forth. It spread in all directions, and the sky instantly became oppressive.

“Eh? Evenly matched?”

Mo Xiaochuan was shocked. His opponent’s strength had exceeded his expectations. His initial intention to end the battle quickly disappeared. The heaven-destroying devil-rinsing sword gradually materialized in his hand, emitting an extremely powerful weapon intent that swept away all the Devils!

Di Jia’s pupils shrank as he stared at Mo Xiaochuan’s sword. A violent aura gradually rose from his body. The sword had an aura that made him extremely uncomfortable. It was Mo’s vast and mighty Qi of heaven and earth!

As soon as the sword appeared, Jiang Huishu and the other two were shocked at the same time. They couldn’t help but take a step back. The righteous Qi on the sword also suppressed their devil Qi, making them extremely irritable and violent.

Chapter 738-demonization

“Seize this sword!”

Di Jia ordered coldly and made a seal with one hand in front of him. The demonic aura on his body gradually rose, and the sky became more oppressive. All the martial artists felt unbearable and looked at him in horror. Only Jiang Huishu and the other two seemed to have been injected with energy. Their momentum rushed up and they bared their fangs and brandished their claws!

Mo Xiaochuan snorted coldly. His face was as calm as water as waves of weapon essence emanated from his sword and surrounded his body, forming a barrier that isolated the demonic Qi from entering. He shouted, “A group of Rascals turned into dust under the sword! Thousand feet noble art, the cold wind blows the snow and reflects The Lonely City!”

The vast evil extermination sword Qi vibrated out from the treasured sword, and snowflakes actually fell in the sky full of demonic Qi. The cold light reflected on the snow, casting a desolate shadow, like an ancient city isolated in the cold wind and snow.

An ocean of sword Qi spread out from the sky-killing devil-rinsing sword and enveloped Jiang Huishu and the other two in an instant. Countless snowflakes turned into biting-cold sword Qi and strangled them with a loud clang!

Jiang Huishu and the other two were shocked. They suddenly burst out with amazing power, but the sea of sword Qi pressed over and immediately shocked the three of them!

Under the strangulation of the sea of sword Qi, he tried his best to resist, but he still fell into danger and was too busy to respond. Jiang Huishu's Wuji fan was also a ninth-tier profound artifact, so he could still deal with it calmly. However, Yuchi Jin and Huo Yin were not so lucky. The sword Qi entered their bodies one after another, and their bodies began to be slashed continuously!

"this sword really has a strong suppressing effect on my demonic qi!"

Di Jia's eyes were filled with killing intent. it's actually feeding the sword with its own body. It's using its own body as a scabbard to nourish the sword. No wonder it can exert such a powerful sword power! He instantly turned into a black light and rushed into the sea of Swords.

Yunxiao's face turned cold as he said, "Di Jia, you're bent on taking over my body. You really think I'm easy to bully. Since I can release you, I can also suppress you back!" He moved in an instant and moved into the sea of Swords, blocking in front of di Jia, and struck down with a wind and cloud Palm.

"Ha, you're looking for death!"

haha! di Jia laughed. since you can't wait to give me your body, I'll take it!

A fist shadow condensed out of the black gas and smashed down as well, but it was shattered by Yunxiao's great wind and cloud Palm. The black gas did not reduce in size, but spread toward Yunxiao and continued to seep into his body.

Yunxiao's body began to turn black, and patterns began to emerge on it.

"Young master Yun!"

Young Emperor haolian was shocked. He turned into a golden light and rushed over. He threw a shocking punch at di Jia. The demonic Qi that filled the sky was distorted at this moment and was actually sucked into the fist intent space, suppressed.

Di Jia frowned and said, immortal fist intent? Why are they all so troublesome!" He formed a seal with his hands, and a barrier condensed around his body, blocking the collapsing fist intent space. Hao lian shaohuang's punch seemed to have hit an iron block, and it could no longer advance.

get out of the way, shaohuang! Yunxiao suddenly said.

After the demonic Qi entered his body, not only did black demonic patterns appear on his body, but he also underwent a demonic transformation after merging with the demonic Dragon. Dragon scales grew on his body, and his three eyes opened at the same time. They were blood-red and formed a strange formation. A powerful spiritual energy spread out from his mind!

"Eye technique, dark night!"

As soon as Yunxiao gave the order, the entire space trembled, as if thousands of birds were chirping in their ears. A great pain drilled into everyone's mind, as if someone had stabbed them in the head. The Warriors around them held their heads and howled.

This was just the aftermath of his spiritual attack. The strange form of the three eyes formed a round golden array in front of him. Just one look at it made him feel a piercing pain as if his head was being cut open. The strongest attack of this golden array converged into a line and broke through the power of di Jia's wizardry barrier. It shook his body like waves, and his face turned pale.

Young Emperor haolian had flown away the moment Yunxiao shouted, but he was already holding his breath and warily resisting the aftermath of the mental attack. Gu Feiyang's eye sorcery was unparalleled in the world, and he was the best in spiritual attacks. He naturally knew how terrifying it was.

“Bang!”

The power of the enchantment around di Jia suddenly disintegrated at this moment, like glass breaking. The black demonic Qi poured into his body and he took a few steps back in the air, his face full of anger and shock.

At this moment, the power of mo Xiaochuan’s sword had reached its limit and he could no longer hold on. Looking at the three people who were about to be killed in the sea of sword Qi, he sighed in his heart and said, “ What a pity!

The sky-killing devil-rinsing sword was retracted. The sea of sword Qi disappeared and the snowflakes disappeared. Everything was clear again.

Jiang Huishu and the other two were all seriously injured, but they were still in high spirits. Their eyes were filled with determination to fight to the death. They bared their fangs and brandished their claws, but they didn’t rush forward. They seemed to be waiting for di Jia’s further orders.

After mo Xiaochuan’s attack, his elemental energy instantly dropped to its lowest point. He suddenly swallowed some pills and was on full alert.

All the Warriors around them turned pale, and cold sweat poured down their faces like rain. Yunxiao’s spiritual attack had almost made them collapse, and when they thought of how they had surrounded this man earlier, they felt even more afraid and chilled.

After the attack, Yunxiao closed all three eyes at the same time, and his face was paler than anyone else’s. He had consumed too much energy just now. When he opened his eyes again, his eyes had returned to normal, but there was a tear in each of his eyes, shining with a crystal clear light.

Di Jia’s pupils trembled as he stared at Yunxiao’s open eyes and asked in surprise, “ “Dragon’s tears?”

Yunxiao nodded. yes, it is the tear of a true dragon. It can’t be better to moisten my eyes. Dijia, I advise you to give up on any ideas against me, or you’ll really be finished.”

“Hmph! Do you really think you’ve won just because of that one move?”

Di Jia said coldly, “it’s a pity that your body was already mine the moment the demonic Qi entered your body!” Don’t tell me you haven’t noticed that you’re much stronger than before?” He revealed a sinister smile as his hands formed a seal and spat out a strange symbol. He shouted, “Don’t!”

The entire sky was quiet, without a single sound. The sound of the wind could be heard.

Di Jia frowned, and there was a look of surprise in his eyes. He looked at Yunxiao and found that he had indeed been demonized, so he said, “Still not coming over to pay respects to me?”

Everyone’s heart trembled as they looked at Yunxiao in horror. Mo Xiaochuan and haolian shaohuang’s hearts were in their throats, and their eyes gradually widened as they grew extremely nervous.

“Pay respects?”

The corners of Yunxiao’s mouth curved up as he said with a smile, “Are you out of your mind?”

“What?”

Di Jia’s body trembled. you, you have indeed been demonized, ” he said in horror. how is this possible? ” I could clearly sense the demonic Qi in that eye technique, dark night. Why wasn’t it under my control?”

Yunxiao’s eyes flickered with mockery as he chuckled and said, “This isn’t the first time I’ve been demonized. This level of demonization still can’t obliterate my consciousness. His voice suddenly turned cold as he said indifferently, ” it’s precisely because being demonized can increase my strength that I allowed your demonic Qi to enter my body. Otherwise, do you think your laughable demonic Qi could invade my body? ”

With a sneer on his face, the black demonic patterns on Yunxiao’s body receded one by one, and finally disappeared under di Jia’s shocked gaze.

Di Jia's face became extremely serious, and he said coldly, "You can actually control demonization? I really can't let you Live!"

don't show your fangs and brandish your claws! Yunxiao sneered. you can't make me stay!

The two of them were fighting and assisting each other. The battle started at once, and everyone became nervous again. In particular, the Martial Emperor from Division 7 had long turned pale. He could also tell that di Jia was not a good person. Jiang Huishu seemed to be controlled, so he retreated far away from the battle circle and watched quietly.

After a brief shock, di Jia immediately returned to normal and sneered, "you think too highly of yourself. In front of me, any outstanding genius is just an ant.

The demonic Qi on his body surged again. He just stood there quietly, but Jiang Huishu and the other two's expressions suddenly changed. They held their heads in pain, and their bodies began to change rapidly. They gradually swelled up and turned into monsters. They bared their fangs and brandished their claws in the air, and their strength was greatly improved again.

Only Huo Yin's body didn't change even though she was wailing in pain. A layer of pale yellow flames gradually emerged on her body, protecting her from turning into a demon.

"Oh? He even has a mutated flame seed on him."

Di Jia was surprised. it's fine. Slaves are useless after they are completely demonized. It's good to keep one with me. He tapped his finger lightly, and Huo Yin received the order. She quickly retreated behind di Jia and was finally freed from the pain.

Yunxiao's face flickered. He found that not only were Jiang Huishu and Yuchi Jin completely demonized, but even the Warriors who were watching from a distance had begun to mutate. It turned out that di Jia had secretly invaded these people's bodies with demonic energy from the beginning, and even the martial sovereign in charge was no exception. For a moment, the sky was filled with mutated demons!

...

“We’ve really gone too far this time, haha!”

Young Emperor haolian laughed out loud in shock. “Xiaochuan, how are we going to split this?”

“Give me these demonized martial emperors and you can have the rest,” mo Xiaochuan said coldly.

Hmph! young Emperor haolian snorted. don’t think that I can’t tell that you’re no longer capable. If you still had any strength left in that strike, you wouldn’t have let those three people live.

Mo Xiaochuan’s expression changed slightly. He brandished his sword, and his aura began to rise. “I don’t need you to worry about me. Please mind your own business!”

“Hmph, so arrogant?” young Emperor hao lian snorted. Just wait and see how I’ll save you!” He raised his lips slightly, but the solemnness in his eyes became deeper and deeper, and he was on full alert.

Yunxiao’s face was solemn, and his body was gradually emitting a cold aura. “You really want to go big? Aren’t you afraid that you’ll cause too much of a commotion and attract experts from all over the world to come and kill you?”

Chapter 739-alarm

Di Jia sneered disdainfully, “ kill me? You’re too naive. Moreover, there’s a barrier formation here, so even if we flip the sky, the people outside might not be able to sense it. ”

you’re so confident? ” Yunxiao smiled. are you? ”

Di Jia returned a sneer and said proudly, “ of course, even if you had a Saint weapon, it wouldn’t be able to save you.

Yunxiao smiled and stopped talking to him. Instead, he pointed out a finger, and a stream of cold air flowed out, gradually condensing into two long swords in front of him. “Old Gao, you’ve worked hard.”

As soon as the two Northern heaven frigid star swords were unsheathed, the sky instantly turned dark. Dark clouds began to surge, and the color of the sky changed.

Di Jia was stunned, and then his face became a little serious. He said in a deep voice, "Lightning tribulation?"

It's the Thunder tribulation of a ninth-tier Mystic artifact," Yunxiao said with a smile. Do you think all the Warriors in the Boneyard will be alarmed when two bolts come down at the same time?"

Di Jia's face was filled with anger as he shouted, "All of you, go and tear them apart!"

The demons in the surroundings bared their fangs and brandished their claws, making terrifying sounds from their throats. They turned into black lights and rushed forward. For a moment, black shadows filled the sky, and the sun and moon dimmed.

Mo Xiaochuan was shocked and was about to draw his sword when Yunxiao said indifferently, "You rest for a while, I'll take care of these minions!"

The divine realm tablet flew out from between his eyebrows and emitted thousands of rainbow lights in the sky. The power of four territories was fully released, and the power of earth, water, fire, and wind suddenly emerged. The power of an independent realm began to surge out of the divine realm tablet and spread in all directions, trying to devour all the demons.

Black light flashed all over the sky, and the demons that had rushed up first were all sucked into the divine realm tablet, leaving nothing behind.

Di Jia's face changed and he said in horror, "The power of the world! With your weak cultivation, you can actually drive the power of the world!"

Yunxiao stared at him coldly and mocked, "Di Jia, you've always been arrogant in front of me. If you have the guts, do you dare to play with my holy weapon?"

Di Jia sneered, " if I really go in, I'll be sick! Since these minions are all useless, let's use them for the last time!"

He waved his hands, and demonic shadows flashed in front of him. Under his control, the minions who had turned into demons suddenly had their auras rise again, and their bodies expanded without limit. They were about to self-destruct!

"Swish!"

"BOOM!"

One of the minions 'body expanded to its limit and suddenly dashed down, crashing into the power of the divine realm tablet. It turned into devil Qi and disintegrated, leaving nothing behind.

Yunxiao's face flickered as he said in horror, " how can he be so strong?!

That was just a Lackey at the peak of the Martial Emperor realm, but his self-explosion had caused his divine realm tablet to tremble slightly. If the remaining demons had such power, his divine realm tablet would not be able to withstand it.

Di Jia suddenly laughed and said, " It's not just their bodies or their meridians that exploded because of them, it's also their souls!" His face became somewhat sinister as he said coldly, " "Once you've joined the devil, even your soul will be under my control!"

Yunxiao's face flickered when he suddenly saw dozens of fiend shadows rushing at him. He immediately exerted the power of his world to the extreme, and at the same time, three sword beams flew out of his body again, forming a five-sword pattern with the two swords he had just wielded. They spread out around him and formed an ultimate defensive array!

"BOOM!"

"BOOM!"

“BOOM!”

The demons burst into laughter as they charged at Yunxiao and self-destructed, each blow sending Yunxiao's blood and Qi into turmoil and causing blood to flow out of his seven orifices.

The smile on di Jia's face gradually faded. He looked up at the sky. At this moment, the Thunder had already gathered and was getting stronger and stronger. The power of heaven had not been released, but just the pressure of the aura was enough to make people feel irritable and uneasy!

“Boom boom boom!”

The Thunderbolt finally struck. The power of the heavenly Tribulation of the two profound level weapons condensed together. It was boundless and fell down.

Suddenly, a green light barrier appeared above everyone. It was the array disc's boundary, which blocked the Thunderbolt, but it was completely broken in just a short moment, and the Thunderbolt finally fell toward Yunxiao.

Yunxiao turned to mo Xiaochuan and the other man and shouted, “Enter!”

A ray of light flashed on the divine realm tablet and absorbed the two of them. Then, he kept forming seals with his hands, and rays of green light spread out from his hands and spread around him. It was the lightning attracting technique. He wanted to expand the lightning infinitely!

Di Jia looked at it with a serious face. He was also afraid of the Holy weapon and did not dare to try it himself.

Finally, Yunxiao's energy consumption reached its limit. The divine realm tablet's world power disappeared, and the entire tablet was retracted back into his body. The defensive power of the five sword sword picture was also shattered at this moment.

With a loud cry, Yunxiao turned his body into a Thunderbolt with the last of his strength and welcomed the Thunder tribulation!

“Boom boom boom!”

The huge green lightning fell and devoured all the demons. Even Jiang Huishu and Yuchi Jin were struggling under the lightning and screamed. The rest of the minions were directly turned into ashes.

While Yunxiao’s elemental body was undergoing the baptism of the Thunder tribulation, the power of the imperishable golden body was crazily absorbing the Thunder and transforming it into energy for his body to absorb. Moreover, his elemental power was fused with the Thunder of the heavenly Tribulation, and he was constantly being refined like the two profound level weapons.

A wizardry barrier appeared around di Jia’s body, blocking the Thunder. He looked at everything coldly. Huo Yin, who was behind him, was also shocked.

The Tribulation Thunder gradually disappeared, and Yunxiao’s body slowly reappeared, still flickering with lightning. He slowly opened his eyes and looked at di Jia.

Di Jia’s face was as gloomy as water, and he said coldly, “I’ll let you off this time!”

Three wisps of black demonic Qi suddenly gushed out of his body and turned into three huge demons. They bit at Jiang Huishu, Yuchi Jin, and the martial sovereign in charge. The three of them didn’t resist at all and were completely swallowed by the three demons. Then, they returned to di Jia’s body.

After that, he gave Yunxiao a cold look, then turned into a stream of black smoke and left with the sound of fire.

Yunxiao suddenly opened his mouth and coughed up a large mouthful of blood. After swallowing a few medicinal pills, he sat down and meditated.

Soon, a large number of cultivators rushed in this direction. The power of the lightning was too shocking and many people recognized that it was a profound level weapon lightning tribulation. One by one, greed surged.

The Thunder tribulation attack not only broke the defense of division 7, but also broke the nine Yin Haoyuan fiend formation of the blood God Palace. The people of the divine Palace were all horrified and rushed toward the Thunder tribulation.

In the base camp of the core area, Xu Chu was returning from the 13th southwest area. When she saw the lightning tribulation falling from the distance, her face changed and she said in horror, "Lightning tribulation? This is the lightning tribulation of a ninth tier profound artifact?!"

The person beside him looked at the lightning in a daze and said in shock, "Ninth tier profound weapon tribulation lightning? Ha, haha, my Lord, You must be joking! Could it be that a ninth-tier Alchemist is refining profound level weapons there?"

Xu Yu looked at him coldly and said, "I don't have the time to joke with you! The seal is about to be broken, and the burial land seems to be not as simple as it seems. Immediately send the experts from Yuansi to follow me and send a group of people to the 13th District in the southwest to protect it!"

After he finished speaking, he turned into a ray of light and left in the direction of the lightning tribulation.

As the Secretary of the origin Department of the Holy realm, in charge of the secrets of arrays, and a ninth-tier great Alchemist himself, he could not have been mistaken about the Thunderbolt! If there was a ninth-tier Alchemist in the burial land, it would not be simple!

Yunxiao looked at the dozens of beams of light in the sky and muttered to himself, "I wonder if that Xu Yu has been alerted?" He gradually turned his body into lightning and slowly hid in a large tree.

...

The lightning was formed by the Yi wood Qi, so it didn't feel out of place when it was integrated into the big tree. The seal of the earth vein had locked everyone's divine sense, so no matter how strong the master was, he would never be discovered.

"It's actually empty? He's walking so fast!"

everyone, look at the level of destruction here. The power of the Tribulation lightning is so strong that it's definitely at the ninth-tier!

"It's amazing that a ninth-tier Alchemist is refining artifacts here! It's a pity that I'm one step too late!"

ninth-tier alchemists are god-like existences no matter where they are. Why would they come to this damn place to refine artifacts? "

"I missed it! If I catch him, I'll make ninth tier profound armaments for me every day!"

In an instant, dozens of people swarmed in. Each of them had a different expression on their faces. Some were amazed, some were remorseful, some were suspicious, and some were guessing.

The Scion of the blood God stood in the air and looked down coldly. More than ten experts of the blood God Palace immediately gathered around him. They stood quietly under his might.

"Master, was that really a ninth-rank lightning tribulation? Could it be that a ninth tier profound armament has been born?"

A disciple stepped forward and asked suspiciously. It was Cao Yaxing. He was the disciple doted on by the blood God, so he had this backing.

The Scion's face darkened as he said, I've never seen a ninth tier profound artifact lightning tribulation before, so it's hard to judge whether it's true or not, but ... he said seriously, " "I keep feeling that my heavenly master's giant Chi is nearby, but I can't pinpoint the exact location!"

...

"Master, isn't that heavenly master's Giant Dipper ruler the profound level weapon that you're cultivating with?" Cao Yaxing asked in surprise. How did it get lost?"

The blood God's face twitched, and he revealed a fierce look. Normally, this kind of expression meant that he was going to kill someone. Cao Yaxing was also shocked and quickly took a few steps back.

When the Scion of the blood God saw that it was his beloved disciple, he gradually retracted his fierce expression. However, he was still extremely gloomy as he said, "In order to make it easier to control after refining the blood fiends, I've also integrated my heavenly master's giant nightmare ruler into it!"

"Ah?"

"If that's the case, then shouldn't the blood Fiend be nearby?" Cao Yaxing asked, stunned.

The blood God's eyes swept across the area below him with a fierce light. "That's right, the heavenly master's giant Chi ruler is connected to my breath, but why can't it determine the specific location?" He looked at the big tree Yunxiao had sunk into in confusion, and then he looked away, revealing an irritated and puzzled look.

you guys, quickly look! It's a ninth tier profound armament!

Suddenly, a loud shout rang out from the crowd below, and everyone's eyes immediately followed the sound. A cultivator's hand flashed as if he was hiding something, and in an instant, he transformed into a golden light and tried to escape.

Chapter 740-talk

"You motherf * cker, you picked up the profound armament and still want to run? Stop him!"

One of them shouted angrily. Suddenly, thousands of beams of light shot up into the sky and instantly drowned that martial artist like a rain of bullets!

That martial artist was also a powerful existence at the peak of the martial venerable realm. He had condensed a defensive power around him, but it was only a short moment before it was directly broken. Before he could explain himself, he had been completely blown into a pulp!

His storage profound level weapons were also destroyed, and a large number of vitality stones, elixirs, and profound level weapons fell down.

Among all the items, a folding fan, which was emitting a powerful weapon essence, attracted everyone's attention. It just floated in the air quietly, and the whole area became quiet at once.

It was indeed a ninth-tier profound level weapon without a doubt. No one dared to move, because no matter who rushed up to grab the profound level weapon, they were afraid that they would instantly follow in the footsteps of the previous peak martial honor and become a pile of meat.

"?! It's Jiang Huishu's Wuji fan!"

The Scion of the blood God was shocked. He recognized the fan at a glance. The profound level weapon that was spiritually connected to it had become ownerless, so Jiang Huishu was naturally dead!

"The blood God Palace will be taking this!"

The Scion of the blood God shouted and stomped down in front of everyone. He put away his folding fan and looked at the group of unwilling cultivators, coldly saying, "Any treasures that come out of the burial land must be sold to the blood God Palace first! I'm sure you haven't forgotten this law, have you?"

The crowd fell silent. They did not dare to resist the blood God Palace's Overlord position in the Boneyard. Even if there were a few Martial Emperor powerhouses among them, they did not dare to make a sound. Otherwise, they would be killed instantly.

The Scion of the blood God held the Wuji fan in his hand, a complicated look in his eyes.

Jiang Huishu's death should be a relief to him. Otherwise, he wouldn't be able to bear the responsibility if the red moon City pursued the matter. However, Jiang Huishu was extremely powerful and had a ninth-tier Mystic weapon. He also had the mysterious di Jia and two other four-star martial sovereigns. Who could have killed them?

"Master, this place seems to be the seventh forbidden area?" Cao Yaxing suddenly asked.

“What?”

The people of Red Moon City trembled. The blood God suddenly rose into the air and looked around. He said in shock, “It’s a forbidden area indeed! What about the experts who were originally stationed here?”

Just as he was in shock, a ray of light flew over from the horizon and arrived in front of him in an instant.

It was Xu Chu and the two guards.

The Scion was shocked. He hurriedly stepped forward and bowed, “It’s actually Lord Xu Chu!”

Xu Yu’s eyes fell directly on his hand, and her expression changed. “He stole the Wuji fan?”

Blood God’s body trembled and he felt extremely depressed. He cursed himself for being too slow to react. He should have hidden the fan away. Now, there was definitely no share for him. This was a ninth level profound armament! Even he felt that it was a pity. However, he could still distinguish the severity of the matter. He hurriedly presented the fan with both hands and said, “Lord Xu Yu is the Wuji fan that Lord Jiang Huishu seized! When I saw the Thunder tribulation descending here, I rushed over to take a look, but I didn’t expect to see this fan. From the aura fluctuations on it, Lord Jiang Huishu should have already died.”

He didn’t finish his sentence, but everyone already knew the result.

Xu Yu’s eyes were filled with unconcealed shock, and her hand that was holding the fan trembled slightly. She said angrily, “Who did this?”

I don’t know,” the Scion said, lowering his head. I’ll need some time to investigate, but I wonder if it has something to do with the lightning tribulation.

Xu Yu's face was cold, as if she could not accept the reality in front of her. After a long while, she said, "The previous lightning tribulation was indeed the Tribulation of a ninth tier profound armament. There is no doubt about this! It's just that Yingluo "

He looked down, and the solemnness in his eyes became more and more cautious.

After the cultivators below had lost the qualification to seize the fan, many of them began to snatch the medicinal pills and profound level weapons left behind by the dead revered martial artist. There were also many good treasures, and they were very happy to seize them.

There were also many people who looked at Xu Chu in shock, trying to guess his identity. An expert that even the blood God Palace's master had to grovel and fawn over must be an existence whose name shook the continent.

"But what?"

The blood God could not help but ask after seeing Xu Yu's hesitation. He was also very curious about what had happened and wanted to hear Xu Yu's opinion.

"It's only a ninth-grade lightning tribulation, it shouldn't have caused such great damage!" Xu Yu said. Similarly, it was impossible to kill Jiang Huishu if it was only a ninth-grade lightning tribulation! What's going on?"

No one could answer his question. Looking at the surging crowd below, and many who were still on their way, Xu Yu's face showed annoyance. "Blood God, immediately seal this place. No one is allowed to enter or leave within a thousand miles! Take away all the people below and release them after we investigate the matter!"

The Scion was stunned for a moment, then said, "I will obey the orders!"

With a wave of his hand, he passed down the order. Many experts of the blood God Palace began to work together to set up a barrier. Some of them began to drive away the people below and imprison them. This time, the pot exploded with dissatisfaction and protests.

However, after everyone knew Xu Yu's identity, they all shut their mouths and no longer dared to resist. Instead, they cooperated with the blood God Palace. Soon, everyone was taken away, leaving only empty traces of the fight.

Xu Yu looked down and suddenly said, "Scion of the blood God, you should leave as well. The experts from Yuansi will be here soon. Tell them to wait for me outside the barrier. I'm going to investigate this place!"

Master Xu Yu," the Scion said hesitantly, "I'm worried that you'll be here alone. How about I stay with you?"

There's no need," Xu Yu said. The people who were fighting here have already left. I'm going to use a secret technique to investigate. It's not convenient for me to be disturbed or watched.

The Scion of the blood God then said, "In that case, my Lord, please be careful. If there's any situation, please send a message immediately. I'll definitely be the first to arrive! After expressing his loyalty, he turned into a blood-red light and left.

After he disappeared, Xu Yu looked down and her face turned cold. "The person who sent me a voice transmission just now, can you come out now?"

He stood in the air coldly and walked down step by step. The aura on his body continued to surge, forming a complex barrier. His figure seemed to be swaying under the light. In the face of unknown danger, even if he was the leader of the sanctuary division, he had to be careful.

"Xu Yu is indeed bold!"

A compliment was heard, and then a green figure slowly walked out of a big tree not far away. It took the shape of Yunxiao and looked at Xu Wan with a smile.

Xu Yu's eyes narrowed and she said coldly, "Lightning?" "Who are you?"

The green light on Yunxiao's body gradually disappeared, revealing his true form. His face was extremely pale, but his calm smile did not change. "When half an acre of square pond is opened, the light of the sky and the shadows of the clouds wander together. The wenqu must be so clear to have a source of water."

Xu Yu's body trembled. Yunxiao's poem had directly broken the mystery of his array, and it had thrown him into a state of confusion!

His eyes turned cold as he tried to see through the person in front of him. But no matter what, the result shocked him. No matter how hard he tried, the other party's eyes were still as calm as an ancient well. There was only a sense of indifference to the common people, as if he was detached from the world.

Are you an Alchemist too? "

Xu Yu felt the strong spiritual power fluctuation from his body and frowned. "Why do I not have any impression of you?" He could tell Yunxiao's true age, so he asked suspiciously, "Are you the descendant of an old friend?"

it doesn't matter who I am, " Yunxiao said with a smile. it doesn't matter. "What's important is what I'm going to tell you next. It might affect the entire continent!"

I don't even know who you are, " Xu Yu said coldly. How do I know if what you're going to say is true or false? "

Yunxiao smiled as his eyes fell on the man's hand. you can decide whether it's true or not. The owner of the fan in your hand has already met with the Tribulation!

Xu Yu's grip on the Wuji fan tightened, and she said in a deep voice, "Alright, I'll be patient and listen to you talk about that important matter. If you can't satisfy me, then don't blame me for bullying you!"

...

Yunxiao nodded and said, "How many of the seven seals of the dragonize pool have been broken?"

Xu Yu's body trembled, and her aura suddenly rose. Her spiritual power spread out as if it were corporeal, locking Yunxiao's surroundings. "How did you know about the dragonize pool and the seven great seals?"

what a careful chief of the origin Department, " Yunxiao praised. this spiritual space seal can not only prevent me from escaping, but also cut off all possibilities of eavesdropping from the outside world. You seem to be wary of me, but in reality, you've already begun to believe what I'm about to say."

Xu Yu suddenly felt a sense of powerlessness. She had been on the passive side all this time in a verbal confrontation with this young man. Even in this situation where the strong and the weak were immediately determined and she had the upper hand, the other party could still maintain such keen observation skills and meticulous thoughts. Was this something that a young man could do?

Countless doubts arose in his heart, but he sneered contemptuously and snorted, " "We'll have to see what you're saying!"

Yunxiao's eyes narrowed, and he was not afraid of the cold light of the ninth-tier Alchemist. He stared straight into the man's eyes and said, " the ancient demon is sealed under the dragonize pool. If it is released, it will be a great catastrophe that will sweep across the entire continent!

Xu Wan was taken aback by Yunxiao's stare, and her heart was thrown into turmoil. She was a ninth-tier great Alchemist, but she was being stared at by him under the gaze of the spiritual altar?

After a brief moment of surprise, he suddenly laughed and said in disdain, " "Haha, childish! Who told you that the demon was under the Dragon Transformation pool? Do you think I'm not as clear about the situation here as you?"

Yunxiao was not angry at his ridicule, but chuckled and said, " "Maybe, but the owner of the fan in your hand has already been killed by the demon."
