

The Eternal 741

Chapter 741-demon cloud

Xu Yu's smile froze and he was stunned for a moment. He looked at the folding fan in his hand and his expression gradually became serious. He did feel a trace of demonic Qi on it. He said, "You're saying that a demon has already come out and killed Jiang Huishu?"

yes! Yunxiao nodded. the great demon who killed Jiang Huishu was not the one under the seal, but his purpose was to open all the seals and release the great demon below. "So you're telling me now, how many of the seven seals have been opened?" he asked in a serious tone.

Xu Yu's heart trembled. Under Yunxiao's aggressive aura, he actually felt a trace of pressure. He held the fan even tighter in his hand, and his face was gloomy and uncertain.

He could not believe Yunxiao's words rationally, but for some reason, he believed them emotionally. The instinct of an Alchemist made him feel that Yunxiao was not lying to him.

"I've flipped through many ancient books here, but there's no such thing as a great demon. They all point in one direction-the path to godhood!" He said cautiously.

Yunxiao frowned and snorted coldly, "Hmph! The path to godhood? Ridiculous! The reason why this place is called the burial ground is because there are a large number of ancient warriors' corpses. If the path to godhood is in there, why is it sealed? and why did these people die?"

Xu Yu's face darkened. He had also suspected this before, but a large number of ancient records with similar descriptions made him gradually lose his doubts. since you know this place is called the burial land, you must know the origin of the name! The place where a true dragon was born is naturally the place of godhood!"

Yunxiao looked at him coldly and mocked, "Even if it used to be a Supreme spiritual vein, what about now? It's precisely because this place gave birth to a true dragon that it's the perfect place to suppress great demons with Dragon Qi!"

Xu Yu's body trembled, and her heart was already shaken by his words, but she still found it hard to admit it. She shook her head and said, "Impossible! All these years of hard work, how could it be changed so easily by some inexplicable words from a person like you! Who the hell are you? If you don't reveal your identity, don't blame me for being impolite!"

His aura surged out, and under the control of his powerful mental power, it turned into circles of white light that surrounded Yunxiao, ready to attack at any moment!

Yunxiao stared at him and said, "Because I'm the one who broke the previous seal, and I just got this information! Moreover, I once inadvertently released this great Devil's avatar. If they were to gather together, it would be a huge problem!"

"?! You!!!"

"You were the one who released the last seal? I don't believe it!" Xu Yu said in shock. Each seal is guarded by a Dragon artifact. Since you said you've broken the seal, what about the artifact?"

Crystal tears appeared in Yunxiao's eyes, which flickered with fluorescent light and gave people an endless aura of vitality. They shook but did not fall. "Does the true Dragon's tear count?"

"?!"

Xu Yu sucked in a breath of cold air, and her face turned pale. Not only had the other party taken out a true dragon artifact, but this artifact also seemed to have been refined. Even if he wanted to refine an artifact, it would not be possible in a short time.

At this moment, he had almost believed Yunxiao's words, and his heart was in a mess. If there was really a great demon buried under the ground that could suppress an existence for so long, it would definitely be a catastrophe.

as the Secretary of the origin Department of the sacred zone, you have the responsibility to stop the destruction of the seal, " Yunxiao said seriously. tell me, how many seals are left of the seven? ""

Xu Yu's heart was in a mess. She said awkwardly, " I've already opened five seals. There are only two seals left. And the sixth one is called bi an.

Before he could finish his sentence, the entire burial land trembled as the earth quaked. What followed was a deafening BOOM!

"Boom boom boom!"

It was as if the sky had collapsed and the earth had caved in. The tremors under their feet were even stronger, as if the earth had collapsed!

Xu Yu's expression changed as she looked in the direction of the tremor and cried out, " Not good! That's where the sixth seal is!"

The two of them looked over. In the distance, the 17th region in the southwest began to surge with black gas. The dark clouds in the sky began to roll, and layers of strange phenomena began to appear.

what a strong demonic aura! Yunxiao cried out in shock. what a strong demonic aura! A faint look of anger appeared on his face. there's such a strong demonic Qi as soon as the seal is opened. Are you blind or are you playing dumb? You actually dare to talk to me about the land of godhood!"

Xu Yu was completely stunned. She looked at the sky and muttered to herself, " This Tao Wu ... How can it be so strong? I've never seen such a phenomenon before. Could it be that the last seal is also failing?"

Yunxiao's heart trembled as he said in a hurry, 'it's very possible! Where is the last seal?"

Xu Yu shook her head with a bitter smile and said, " I don't know," He was full of worry as he looked into the distance. the Lords of the sea of soul formation are still there. Did something happen? "

"Your sister! You people from the sanctuary and the sea of soul formation have always been good at ruining things!"

Yunxiao stomped his foot in anger as he turned into a beam of golden light and shot toward the black mist in the distance.

Xu Yu was dumbfounded. For so many years, no one had ever dared to scold him like this. It took him a while to react. When he saw that Yunxiao's path was blocked by a powerful man in the distance, he cried out, "Let him pass!"

All of a sudden, a blood light flashed and the blood God roared, "It's you! I've finally found you. Return my Blood Fiend!"

The voice was hysterical. Almost all of his strength burst out from his chest and reverberated in the sky.

Oh, it's you. It's a pleasure to meet you. It's really a small world, but I'm not free. We'll talk next time!

In a flash, Yunxiao transformed into a bolt of lightning and turned into a black dot on the horizon in the blink of an eye. Only his playful voice came through.

The blood God was so angry that his whole body turned red, and a blood-red mist filled the sky as he burned his blood essence and chased after Yunxiao. His speed was even higher than Yunxiao's!

Xu Yu frowned. He knew that the blood God Palace had set up an array over the burial land to look for someone, but he did not expect that person to be Yunxiao. He had wanted to ask the blood God about Yunxiao's background.

However, there was no time to care about these things at this moment. A group of experts from Yuansi had also arrived. They all felt that something had happened and stood guard beside Xu Wan. Each of them looked in the direction of the 13th Southwest District with a serious expression.

Let's go. Gather everyone and follow me to the 13th District in the southwest!

Xu Yu formed a seal with her hands in front of her and sent her voice in. The voice was infinitely expanded and spread in all directions, reaching ten thousand miles.

all experts above the rank of Martial Emperor in the Boneyard, listen up. I'm the Secretary of the Holy domain's origin Department, Xu Chu. I'm going to temporarily conscript all the forces in the Boneyard. Experts above the rank of Martial Emperor must listen to my orders from now on and gather in the southwest direction. Those who come will be heavily rewarded according to their strength. However, if anyone disobeys, they will be executed once they are found!"

After he finished speaking, the seal in front of him disappeared. He took the lead and led the experts from yuansi, turning into several golden lights and heading southwest.

At this moment, the entire Boneyard was in an uproar. A large number of martial artists who were cultivating in seclusion were awakened. They were all bewildered, not knowing what was happening.

What made them even more conflicted was whether to obey or not?

There were whispers everywhere, expressing their helplessness and dissatisfaction. But who dared to disobey the orders of the sanctuary Division Secretary?

For a time, a large number of martial artists flew out of the mountain range like startled birds and began to gather in the southwest direction.

Yunxiao took the lead. He had used up a lot of his strength at the moment, but if the blood God caught up with him, he would be dead. Just as he approached the dark clouds, he suddenly saw a black shadow flying toward him at a speed no slower than his.

It was di Jia and Huo Yin in the shadows. Di Jia's face was extremely solemn, and his eyes could not hide the excitement. He gave Yunxiao a glance, then ignored him and rushed into the dark clouds, disappearing from sight.

Yunxiao groaned inwardly. Devil aura was rolling in those dark clouds, and he could tell at a glance that it was a dangerous place. If he went in, he would definitely be haunted by it. Although he was not afraid of it, it was still an extremely troublesome thing. The blood God was about to catch up with him. He didn't have much time to think. He could only rush into the dark clouds like di Jia.

In the blink of an eye, Blood God rushed over and revealed his true form. He stopped in front of the dark clouds with a gloomy expression.

The demonic Qi in the dark clouds made him feel apprehensive, but if he didn't go in, his Blood Beast Kasaya would be destroyed.

As soon as he thought of the blood fiends, he could not care less. He suddenly burst out with the power of the blood sea, forming a world of blood in the surroundings. It slowly merged into the demonic Qi, trying to resist the invasion of the demonic Qi with his own power of the blood sea.

"Hmph, where did this nobody come from!"

...

Suddenly, a cold voice came. The Scion of the blood God was shocked. He saw a demonic light flash in the sky and a black shadow attacked him. Without a word, a palm came toward him.

The blood God's body trembled. Before he could see the face of the person who came, he could feel the extraordinary power of the palm. It had actually suppressed him firmly. The surrounding blood sea collapsed and the demonic Qi rushed in. Even his body was about to collapse!

"Burning Blood Grand technique, Blood God's strike!"

At the moment of death, Blood God burned all his blood essence. His aura instantly multiplied. His right hand formed a sea of blood handprint and smashed towards the devil palm!

"Bang!"

The red and black colors collided in the sky. After only a moment of resistance, the blood God's blood palm suddenly collapsed. A stream of demonic Qi directly entered his body and sent him flying.

"Eh? He's not dead yet?"

The black figure slowly condensed into his true form in front of the dark clouds. His handsome appearance revealed a trace of dissatisfaction and he snorted, " perhaps Lian Yue's desperate journey has consumed too much demonic Qi. I'll let this scum off!

A hurricane suddenly appeared under his feet, and the crocodile gradually appeared, following him closely.

The man was none other than Di Jun, who had come from Songyue city. He looked at the rolling dark clouds with a hint of joy on his face. He suddenly stepped into it, followed by the crocodile, and disappeared.

...

Chapter 742-Dragon shell

As soon as Di Jun stepped into the dark clouds, the dark clouds suddenly rolled more violently. The demonic Qi became stronger and stronger, forcibly pushing the dark clouds open and dispersing in all directions. The entire sky and earth were placed in it, and it kept devouring all space.

In the distance, the Scion of the Blood God was severely injured after being struck by the Palm's power. He took out various pills and poured them into his mouth like beans in horror.

Just now, the man's casual attack had seriously injured him. If he hadn't burned a lot of blood in time, he would have died on the spot. Thinking about it, he couldn't help but shiver.

"What should we do? The blood fiends are still within the dark clouds. If he left now, he would never be able to get it back. However, if we go in and meet the person just now again, we definitely won't be able to survive. What should we do?"

The Scion of the Blood God was in a dilemma. He kept grabbing his hair and was about to go crazy. Suddenly, he stopped his hands. The dark clouds in the distance were spreading at an extremely fast speed. In his shock, he was stunned for a moment before he was swallowed up.

Soon, not only the blood God, but also Xu Yu and the others, as well as the large number of Warriors who had been ordered to come, were all swept into the dark clouds. The entire burial land was instantly shrouded in the strange power, and the world became dark and hazy.

“This is Wufu.”

Yunxiao suddenly sucked in a cold breath. After he entered the black cloud, he saw a tragic scene. Corpses and remains were everywhere, and the ground was dyed red with blood, telling the story of the miserable battle.

“Gulp!”

Yunxiao swallowed, licked his dry lips, and muttered to himself, “This place can’t be a battlefield from a long time ago, right?”

He looked at the terrain around him. It was indeed very similar to the burial land, but there was an additional boundless desolation and desolation.

“Yes, that’s very possible.”

the sixth seal was broken, ” the demonic Dragon replied. this battlefield phenomenon appeared when the sixth seal was broken. It’s very likely that The Seventh Seal is in this phenomenon.

Sensing the demonic energy that filled the sky, Yunxiao looked worried. we’re in trouble now. With such a powerful demonic energy, if a warrior from the burial land comes in, he will most likely be demonized.

The demonic Dragon said, ” that’s not the only problem. Di Jia has also come in. He must be going to break the seal. The demonic Qi here is so strong that he is like a fish in water. Can you beat him if you meet him? ”

Yunxiao’s expression was solemn as he said, ” let’s find the place where the seal is first. With Xu Wan here, most of the experts from yuansi are probably here as well. These people are not just for show.

After he made up his mind, he rushed into the depths of this phenomenon and began to search around.

At this moment, he realized that the current terrain and mountain range of the burial land were caused by this great battle. The collapsed mountains had turned into mounds, and The Broken Earth had formed the current rivers.

Suddenly, his entire body stopped in the air. His expression changed slightly as he muttered to himself, "How troublesome!"

The demonic Dragon seemed to have sensed something and snorted, "Who asked you to be so arrogant? You let Di Jia's demonic Qi enter your body. Although you can control it, it is difficult to completely remove it. It will be a hidden danger sooner or later.

Without saying a word, Yunxiao fell down and landed in a broken land. He sat down cross-legged and set up an enchantment around him to block the invasion of the outside world's devil aura while he flew into the divine realm tablet.

Yunxiao pointed in the air, and a broken armor appeared in front of him, looking like scrap iron. It was the demonic sky armor that had been split open by Yu Yijian in Songyue City because it had lost all its demonic aura.

"This demonic Qi isn't completely useless."

Let's go! Yunxiao said solemnly as he began to activate his bright moon divine body at any time, gradually forcing the demonic energy lurking in his body out of his skin. The demonic Qi had been dormant in his body for a long time. He didn't care about it at first and could suppress it at any time. However, inside the demonic clouds, under the influence of the aura from the outside world, the demonic Qi actually started to stir.

After he pushed aside the faint demonic Qi, it gradually condensed in the sky and turned into a terrifying face, trying to escape.

"Hmph!"

Yunxiao snorted and casually grabbed The Fiend in his palm, then threw it into the demonic sky armor. After that, he summoned his divine fire and began to refine it in the air.

It was impossible for even a ninth-tier great Alchemist to repair a ninth-tier Mystic artifact at will. But, this was Yunxiao's world inside the stele, and he could control all the rules, so it did not take him much effort to refine it.

this demonic sky armor is a rare item," the demon Dragon said. it might be able to display its miraculous effects in this demonic aura.

The devil kept showing a painful look on the armor. Yunxiao burned it mercilessly and soon refined it. Then, he cast a few incantation seals into the armor and slowly repaired it.

Somewhere in the demonic clouds, di Jia suddenly frowned. His eyes were cold as he said, " "He actually completely cut off my connection with that trace of demonic Qi. That kid really has some tricks up his sleeve. Hmph, I'll let him be cocky for a while longer, wait until I get this split aperture!"

His face changed as he said in shock,"not good!" That guy actually came too, how could he be so fast!" He instantly felt Di Jun's presence and his face turned extremely ugly. He clenched his hands tightly and trembled uncontrollably.

Huo Yin could also feel his inner emotions. She said fearfully, " "Master, what's wrong?"

Di Jia calmed his emotions and said in a deep voice, " "A troublesome thing is coming. He's much stronger than me. I can't let him get this clone, or I'll be in danger! I have to hurry!"

There was anxiety in his eyes. No longer caring about Yunxiao's existence, he turned into a beam of light and flew toward the place he could sense.

An object gradually appeared on the ground in the distance. The continuous mountain range on the ground actually formed the shape of a Dragon, as if a real Dragon was hibernating on the ground and sleeping!

Di Jia's body trembled, and his eyes became serious as he stared at the Dragon shape on the ground. Just that shape alone seemed to have Supreme dragon power shooting out, pressing the surrounding heaven and earth into a heavy atmosphere. The demonic Qi also became thinner and thinner, as if it was afraid of the Dragon power!

"Dragon Transformation pool, Dragon Transformation pool Suan ni."

Di Jia muttered to himself in shock, 'this mountain range actually gave birth to a real Dragon! No wonder it was called the Dragon Transformation pond in the distant past! This terrain is the shell that the true dragon left behind after it left!"

Huo Yin also felt an unbearable pressure in her heart. She said in horror, " "A shell? Just his body alone is this powerful?"

Di Jia's face was very serious. to be able to give birth to a true dragon, " he said. this body is not simple! If I'm not wrong, this last seal is really something. Even if it can't compare to the suppression of a Saint artifact, it's not that bad. He actually used the entire Dragon shell to guard the last seal!"

His eyes turned pitch-black as if he was trying to see through the layers of space. He stared at the Dragon shell, but after a while, he failed and his face turned extremely gloomy.

"If I use a method to destroy this Dragon shell, not to mention whether I can do it, I'm afraid I'll just give it to him. Why don't I wait for him to break it? But Yingluo "

Di Jia hesitated. if we wait for him to come and break the seal, " he said, " I'm afraid we'll be at a disadvantage in the fight for the avatar below.

The black Qi on his face kept changing, and he couldn't make a decision.

"Master, there's also a large number of human warriors here besides us," Huo Yin suddenly said. If master wants to deal with a strong enemy and is not confident, perhaps you can use those human cultivators."

Di Jia's brows furrowed, and he kept nodding. "That's a good idea. There are indeed some Masters in the Dragon Transformation pool. Even if they can't stop him, they can cause great trouble. The only thing we can do now is to act according to the situation."

Di Jia no longer hesitated. He turned into a black light and went into the dragon shell.

The entire Dragon shell mountain range stretched for a long time, and the exact location of the clone was not easy to determine.

He came to the dragon's head. There was a bottomless black hole in the Dragon's huge open mouth, emitting strong demonic Qi.

Di Jia took a deep breath and immediately felt refreshed. He rushed directly into it with great joy and began to search for the source of the demonic Qi.

.....

The rolling demonic clouds covered the entire Boneyard, and a large number of cultivators entered it one after another, each of them overwhelmed with shock.

...

Xu Yu's face flickered. This place was not a place for Immortals at first glance, so he completely believed Yunxiao's words!

"Blood God, you're injured?"

He looked at the blood God, who was healing not far away, and quickly flew over. "Who injured you? Where's the kid you're chasing?"

Blood God slowly opened his eyes and smiled bitterly. "Lord Xu Chu, that kid has escaped. I don't know who the person who injured me was, but he was able to injure me with just one move. His strength is

beyond imagination. Moreover, that person is cultivating a demonic technique. I've already been invaded by demonic Qi, and with the environment here, I'm gradually unable to hold on. "

Xu Yu's expression changed drastically. I'll defeat you with one move! she exclaimed in shock. it's a demonic technique!

He suddenly remembered Yunxiao's words that a great demon had come, and it seemed to be true. Moreover, the blood God was a six-star Martial Emperor. The great demon must be at least a seven-star Martial Emperor to be able to seriously injure him in one blow!

"I wonder how the Lords in the sea of soul formation are doing?"

Xu Yu was deeply worried as she looked at the cultivators who had entered the phenomenon. She suddenly shouted, "Everyone, by concealing one's spirit and eliminating distracting thoughts, you can resist the invasion of demonic Qi. Those below the rank of martial honor should stay and meditate. They must not let the demonic Qi enter their bodies. All the experts above the rank of martial honor, follow me!"

Under such an environment, those below the rank of martial honor could not be counted on. As long as they did not let the demonic Qi enter their bodies and did not fall into the demonic path, they would be of great help!

In an instant, Xu Fang led dozens of powerhouses and flew into the sky, moving forward.

Yunxiao's words kept ringing in his mind. If this matter was not handled well, the entire continent would be dragged into it!

...

Thinking of this, a trace of determination flashed in his eyes. Even if he had to die, he had to seal the demon again!

Chapter 743-encountering a demon

Xu Fang flew through the demonic clouds with a heavy heart. The group of people were all in high spirits. Especially those itinerant martial artists, they had never carried out such a large-scale operation before. They only felt that the strength of the troops was powerful and unstoppable.

Only the yuansi experts had a serious expression on their faces. Xu Wan's emotions had infected them.

"Lord Xu Chu, should we send a message back to the sacred zone and send some experts over?" one of the experts asked.

the situation is urgent," Xu Xu said. it's too late to ask for help now. We have to rely on ourselves. He frowned and thought for a while, then said, " "But the news still has to be sent back. If we all meet with mishaps, what happened here must be recorded in detail so that future generations will know what happened."

"Xia Yunan," he ordered,"you stay behind and set up a small array that can transmit messages from thousands of miles away. We'll send back the information here in the fastest and most complete way."

"Yes!"

Xia Yunan accepted the order and left the team. He flew down and planned to find a safe place to set up.

The rest of the people continued to fly with Xu Fang. At this moment, the burial ground under the demonic clouds had returned to the scene after the great demon-subduing war. Many strange creatures had also gradually appeared. There were all kinds of flowers and plants that had never been seen before, and some low-intelligence life forms that were emitting demonic Qi all over.

After flying for a while, Xu Yu's eyes narrowed. She saw a black figure standing in the sky, motionless. An ordinary crocodile followed under his feet. He seemed to be thinking about something.

"Who are you?"

Xu Yu was shocked. The monstrous demonic flames on this person's body seemed to have integrated with the surrounding environment. They got along with each other very well, as if the endless night was a domain emitted from his body. His face grew very serious. This man was very likely the great demon that had injured the blood God, the one Yunxiao had mentioned.

Di Jun raised his head slowly and frowned at the crowd. He pointed down and said, "Is The Seventh Seal the shell left behind by the true dragon after it manifested?"

"What?"

Everyone was shocked. They looked down and saw the terrain clearly. They all sucked in a breath of cold air. Xu Wan was so shocked that she couldn't control herself. She cried out, "Dragon shell? There's really such a place in the world, this Kasaya!"

He suddenly raised his head and asked in surprise, "Who are you?" If you still don't say anything, don't blame us for being impolite!"

what?" Di Jun frowned and asked, "so, you don't know how to break the seal?" He swept his gaze across the room and revealed a sinister smile, "a total of 73 people. If all of them are made into demon slave bombs, we might be able to blow up this Dragon shell.

Xu Yu's face darkened and she shouted, "You are indeed a great demon! Everyone, be careful. This person is extremely powerful. Let's join forces and help me capture this person!"

He grabbed the cloak on his shoulder and directly tore it off. In an instant, it became extremely hard. A golden light appeared in the surroundings, and it quickly slashed through the air.

More than 70 people also turned into rays of light and spread out in the sky, surrounding Di Jun. Under Xu Fang's command, all of them attacked together. In an instant, the demonic Qi in the sky was shaken away by this powerful scene. It quickly retreated in all directions, leaving a vacuum behind.

Di Jun sneered, his eyes full of undisguisable ridicule. His demonic hand grabbed in the air and stopped the cutting momentum of the cloak. Under his control, the cloak suddenly enlarged and waved in the air

like a flag, wrapping his whole body. A powerful force came out of it and blocked all the attacks of more than 70 people!

The cloak was originally a profound level weapon, but now it had become Di Jun's weapon.

Xu Yu was furious. He slammed his palm in the air, and a huge force directly shook the air. The cloak finally could not withstand it and was completely torn into countless rags. The force of more than 70 martial artists suddenly blasted into him and shook his body!

"Boom boom boom!"

Di Jun's body was immediately blown into pieces, and the demonic Qi flew all over the sky. The powerful Yuanli and demonic Qi burned the air, but in the blink of an eye, the demonic Qi gained the upper hand and devoured all the power. At this moment, the cloak that had been torn into countless rags suddenly became straight and hard, emitting a dark light and freezing in the air.

"Go!"

Di Jun's cold voice came from the demonic Qi. The countless rags immediately scattered like flowers and attacked the surrounding martial artists. They were unparalleled!

"Clang!"

A martial honor hurriedly raised his sword to block. His seventh tier profound artifact sword was actually broken by one of the rags on the spot. The rag did not lose its momentum and shot into his body. His body turned black in an instant and exploded in the air!

"Bang Bang!"

"Bang Bang!"

The screams of martial artists and the sounds of explosions kept coming from the air. More than twenty people had lost their lives in an instant! They were all low-level martial Venerables who had completely fallen in one move!

Even those high-level martial Venerables who managed to keep their lives for the time being were attacked by the demonic Qi. Their bodies began to turn black and they lost their nature!

haha, power, what a powerful power!

A martial venerable suddenly laughed evilly and flew behind Di Jun. He knelt down and said excitedly, "Greetings, master!"

"?!"

Everyone sucked in a breath of cold air in horror. At this time, three or four other martial artists knelt down behind Di Jun one by one.

Di Jun laughed and said, "haha! I'm in need of some subordinates." He looked at the remaining people and grinned, "All of you have the right to do so. Don't worry, one by one!"

"All martial Venerables, step back! Don't let the demonic Qi enter your body!" Xu Yu was shocked and shouted.

Without the defense of the Emperor Qi of the nine Heavens, there was no way to stop the demonic power.

Suddenly, everyone's expression changed. Those martial Venerables were already terrified. They suddenly rushed down and swallowed pills one by one, using their cultivation to resist.

A wisp of demonic Qi had also seeped into Cao Yaxing's body from that attack. He was horrified and quickly activated his Blood God technique in an attempt to force it out. However, he realized that it was of no use. The power of the blood sea, which could corrupt all things, was actually being eroded by the demonic Qi.

His face instantly turned pale with fear. Looking at the martial artists still kneeling in the sky, he was extremely terrified. He didn't want to become some fiend slave.

Cao Yaxing shot up from the ground and turned into a ray of light as he flew towards the blood God. The only person who could save him now was his master.

"Fleeing in the face of battle?"

A Saint Martial Emperor's face darkened. He was about to kill Xu Yu, but Xu Yu stopped him. "Let him go!"

The power of a martial Supreme was completely useless. One less might mean one less enemy. Those demonized martial Supremes began to fight one by one. Their faces showed extreme excitement and monstrous fighting intent. Their strength was much stronger than before.

In the sky, there were still seventeen Martial Emperor powerhouses left. Half of them were poor people who were hiding in the burial land and cultivating hard. All of them were holding eighth-tier profound weapons, so their strength was greatly reduced.

Two of them were from the red moon City, and the other five were from the origin Department of the Holy region. All of them had ninth-tier Mystic artifacts in their hands, and each of them looked majestic. Clearly, they were much stronger.

Xu Yu had flicked his cloak just now to test the strength of his opponent. He did not expect the strength of his opponent to exceed his expectations. However, he was relieved that there were 17 martial Supremes on his side. He was very confident of winning.

demon," Xu Yu said coldly. let me ask you. Is the one sealed in this Dragon shell your own kind? "

"Same kind?"

it's just a clone of mine, " Di Jun said with a contemptuous smile. it's time for me to take it back after being suppressed by you for so long.

"Good! Then there's no mistake!"

...

Xu Yu no longer had any doubts and shouted, " "Everyone, today's situation is to cut off all cauldrons and sink all boats! If we can seal this demon, not only will everyone receive a ninth-tier profound armament, but they will also be honored guests of the Holy region!"

The other 16 people trembled. The value of a ninth-tier profound armament was already great enough, and the status of a guest of the Holy region was even more difficult for ordinary people to obtain. Even a sect leader would find it difficult to enjoy such an honor.

The attraction of these two items was absolutely too great. One symbolized strength and wealth, while the other symbolized identity and status. In particular, the itinerant martial artists 'fighting spirit instantly rose to the extreme, and they all rubbed their fists and palms.

Di Jun sneered and said in disdain, " "No matter how great the reward is, you have to be alive to take it!"

With a wave of his hand, the nine demonized martial Supremes immediately transformed again, completely turning into demons. They roared excitedly and rushed out.

The 17 martial sovereigns were instantly filled with killing intent as a world-shocking battle erupted!

.....

Xia Yunan, who was setting up a communication array in the distance, was busy. After he was done, the nine complicated arrays on the ground formed a line and gradually stopped operating.

Xia Yunan finally heaved a sigh of relief and said to himself, "Just in case, I've used seven different methods to send out messages, hoping that at least one of them will be received by the Saints. However, the reinforcements will definitely not make it in time. I hope that Lord Xu Chu will succeed!"

He stood up and suddenly saw a plant at the corner of his eyes. It was a plant that had never been seen in the realm of heavenly martial arts. It was completely black, and there was a black fruit the size of an Apple hanging on it. It exuded a shocking demonic Qi, which was very attractive.

Xia Yunan was stunned for a moment, then frowned and said, these strange things suddenly appeared in the demonic clouds. This fruit is obviously an evil thing. It's better to destroy it!

...

He turned his hand and smacked it down. A sharp attack landed on the fruit and a defensive barrier was formed, blocking his power completely!

"What?"

Xia Yunan was shocked. He was a three-star martial Supreme. He could destroy ten fruit gardens with one palm strike!

"What the hell, this place is indeed not a good place!"

Xia Yunan cursed under his breath. His eyes flashed with ruthlessness as he took out a sword and slashed at the fruit with all his might!

"Bang!"

His long sword was blocked by a huge force, and his right hand went numb from the shock. He saw a hand covered in black lines gently pressing on his saber, making it impossible for his power to advance an inch.

Chapter 744-revenge

Xia Yunan was shocked when he saw a figure appear in front of him. He cried out in horror, "You, you're from the blood God Palace? Why are you stopping me from killing this demonic being?"

The person in front of him was Cao Yaxing. He had seen him in the team just now.

Cao Yaxing gently slapped Xia Yunan's palm and sent him flying. His eyes were filled with shock and excitement as he stared at the black demon fruit. Large amounts of saliva flowed out of his mouth, and his face was twisted.

"Damn it!"

Xia Yunan was shocked and furious. He could tell that Cao Yaxing's condition wasn't right. He raised his sword and slashed at him again. He used all his strength in this attack, hoping to succeed while his opponent was focused on the fruit.

"Hmph, ants, die!"

Cao Yaxing didn't even turn his head. He waved the blood flag in the air behind him, and the sea of blood melted, trying to suck Xia Yunan in. The originally Red sea of blood was now flowing with black blood, which was even more daunting.

Xia Yunan was shocked. His body turned cold as he watched the demon fly out of the sea of blood and try to devour him.

Suddenly, a sword light slashed over and directly shattered the devil that was whistling out. The sword Qi condensed in the air and turned toward the blood flag. With a "bang", it hit the iron pole and shook it back.

Cao Yaxing's body trembled as he turned around and grabbed the blood flag. His black eyes narrowed as he stared at the person who had just arrived. "Li Yunxiao!"

It was Yunxiao, who had just finished refining the devil-sky silk from the divine realm tablet. At the moment, he had mastered the complete power of a realm, so repairing profound level artifacts was a piece of cake for him. In the divine realm tablet, even if the blood Beast came out, he was confident that he could fight it. However, he obviously did not have the time now.

After repairing the devil-sky silk, he came out of the divine realm tablet directly and saw the scene of Cao Yaxing trying to kill Xia Yunan.

Yunxiao gave him a deep look and sighed. "You've joined the devil."

what demon?" Cao Yaxing raised his eyebrows and scoffed. the beauty of my current state is not something you can understand! He stared coldly at Yunxiao, his whole body on alert as he said in a cold voice, "Are you also going to stop me from taking this demonic energy fruit?"

Yunxiao looked at the fruit behind him. In addition to its pitch-black body and its monstrous demonic flame, it also gave off an indescribable discomfort. Just a glance at it made him feel disgusted, and he wished he could stomp it into the mud.

He immediately frowned. that thing is very strange. I advise you not to touch it. Let me destroy it.

Xia Yunan also quickly said,"yes!" That thing made me feel extremely uncomfortable. Friend, you must kill this demonic being!" Although he did not know Yunxiao, he could tell from Cao Yaxing's look that they were old acquaintances, and Cao Yaxing seemed to be very afraid of the young man.

"Impudent!"

Cao Yaxing was furious, as if he had been humiliated. He roared, "You actually dare to slander the Supreme demonic origin fruit! Just in time, li Yunxiao, The Grudge between you and me is over!"

what?" Yunxiao frowned. I don't think there's any grudge between us. Cao Yaxing, perform concealment of spirit and Qi, let me help you get rid of the demonic Qi!"

"Haha, what a joke!"

Cao Yaxing laughed without restraint. "I'd be crazy to ask you to help me get rid of the demonic Qi! Unfortunately, my divine sense is completely suppressed here, so you can't see my current cultivation level!"

The aura on his body rose violently and continued to rise. It formed circles of Qi fields around him and spread in all directions.

Cao Yaxing was extremely excited as he laughed, "Haha, see that? Li Yunxiao, I've now reached the cultivation base of a Nine Heavens martial sovereign!" "It's all because of the demonic Qi's effect," he said excitedly. "I can sense that it's only the beginning of my breakthrough to the rank of a martial sovereign!" If I can obtain this demonic essence fruit, it's extremely possible for me to advance another star! Above the rank of martial Supreme, one star is a world. Do you know how important this demonic origin fruit is to me?"

There was a trace of sadness on Yunxiao's face as he sighed, "even if one's cultivation base is extremely high, if one doesn't have his own soul, he's just a shell that can kill and fight. Is there any meaning to that?"

"Impudent! Who said I don't have a soul? If I don't have a soul, who is the person you are talking to?"

Cao Yaxing was enraged and he shouted, "I understand now. You just can't bear to see me stronger than you! No wonder you want to stop me from getting the demonic energy fruit! I've been suppressed by you since Mount Meru. When I was in the blood God Palace, I thought I had far surpassed you. I didn't even consider you an opponent at the beginning, but you poured cold water on me again and left me behind! Now that I can finally beat you, you're afraid!"

Yunxiao's face returned to calmness as he said indifferently, "You've already joined the devil, there's no point in saying more."

"Since there's no point in talking, then let's fight!"

Cao Yaxing suddenly burst out with a powerful force as he soared into the sky. The black blood God flag was once again unfurled, and as he descended from the sky, he said ruthlessly, "this time, I'll let you

understand how powerful the power I've obtained is. This will be the last time Tao Wu will fight with you!

His eyes were full of killing intent. After throwing down the blood God flag, he looked up and roared. Countless black blood slaves burst out from the blood sea and began to merge with each other. He put his palms together and slowly pulled them apart in front of him. A bright light that could wash the Milky Way flashed.

Although Cao Yaxing had broken through to the great emperor realm, the battle in the sky above Blood God Palace made him know that the blood God flag was not enough to defeat Yunxiao. Finally, he began to show his greatest trump card. A dazzling sword was held tightly in his right hand, so bright that even his figure was barely visible!

"Ice sword!"

"What a powerful force!" Cao Yaxing exclaimed excitedly. As expected, only martial sovereigns could unleash the power of a ninth tier profound armament! I can now hear the voice of the sword. It's telling me to kill you!"

Xia Yunan's face was pale with fear. He knew he was done for. He stood below in despair and looked at the black blood slave that was falling. The surroundings had already turned into a sea of blood. In addition to the smell of blood, there was also a large amount of demonic Qi.

"It's just a ninth tier profound armament, is there a need to be so excited? I also have this thing!"

Yunxiao's calm expression did not change at all. He gently pointed his index finger, and the sword Qi that he had just sent out appeared again, hovering quietly in the air.

"And it's not just one!"

go! he shouted, and another Northern heaven cold star sword shot out. It made a few sword flowers in the air and lined up side by side.

Xia Yunan's eyelids twitched violently. He was already shocked that the two men in front of him could take out ninth-tier Mystic artifacts, but he did not expect Yunxiao to take out two at once.

two aren't enough, " Yunxiao said softly. give me another one!

The third Northern heaven cold star sword shot out. Immediately, the three swords responded to each other and formed a sword diagram formation. Rays of sword Qi spread out and kept on exaggerating. It spread open the entire world of bloody sea, preventing the demonic Qi from entering.

waaaaaah, damn it, damn it!

Cao Yaxing roared in anger. Yunxiao's behavior was a complete provocation. He pointed his finger at the blood slave, and the blood slave immediately roared and slammed its palms toward the sword diagram.

"BOOM!"

A large amount of blood and demonic Qi rose up. The sword momentum was slightly raised, and it trembled a few times. The blood slave did not have any thoughts or intelligence. It kept claspng its fists and slamming them down. The three swords began to tremble violently, producing clear sounds of battle.

Yunxiao only had the strength of a three-stars martial venerable, so it was extremely difficult for him to control the sword diagram to resist the forceful bombardment of a peak martial venerable.

Xia Yunan smiled bitterly. I didn't expect that I would still die even though I have three ninth-tier armaments. My friend, I've dragged you down.

Yunxiao ignored him and simply pointed out his finger. Two Northern heaven cold star swords flew out again and immediately formed a five-sword diagram. Beams of cold light shone again, and the formation instantly doubled in size. Strange runes condensed in the five swords, and a firmament will spread out!

Xia Yunan's mouth was wide open as he stared at the five Northern heavens cold star swords in shock.

“Five sword slashes heavenly Dipper!”

kill! Yunxiao cried out. At the same time, the five swords exuded a huge aura, and an ocean of sword Qi suddenly spread out and enveloped the blood slave. In an instant, countless sword Qi were unleashed, twisting into a blood mist and dissipating.

After the five swords succeeded, under the control of Yunxiao’s incantation seals, three of them shot out of the sword diagram and slashed at the blood God flag!

...

“Bang!”

How could the blood God’s flag withstand the sword power of three ninth grade profound armaments? it broke at the sound and the sea of blood that filled the sky dispersed!

Cao Yaxing’s eyes narrowed, and the hatred in his eyes increased! The blood God’s flag was a profound level weapon that was linked to his life. Although the mark of his mind had been erased after he obtained the icy sword, it was still an item that had accompanied him for many years after all. His heart was in great pain when it was destroyed in an instant!

The five Northern heaven frigid star swords had already flown back and stood quietly around him. They were still shining with each other, flashing with flowing lights and vibrant colors.

“Step back,”

Yunxiao said softly, his tone emotionless.

Xia Yunan was stunned for a moment. He immediately realized that she was talking about him and quickly said, “Many thanks, many thanks!” After he finished speaking, he suddenly ran back. He was completely unable to participate in a battle of this level.

Cao Yaxing's eyes were as cold as autumn water. He looked straight into Yunxiao's indifferent eyes and kept shouting, " good, good, good! It was just that each word was colder than the last, and the strength used in each word was greater than the last!

He raised his cold sword, frost, and the power of his weapon accumulation suddenly spread out. It actually shook the space directly. It was as if the sun was shining down, and the power was still increasing!

feed the sword with your body! Yunxiao said with a solemn expression. feed the sword with your body!

"You also know the wondrous method of feeding the sword with your body? Since he understood, he knew that he would die today! I can now display at least one-fifth of the power of this cold sword frost. This is not just an ordinary ninth tier profound artifact, but a peak profound artifact used to suppress the great demon in Mount Meru!"

...

Cao Yaxing shouted as his sword lit up the sky and earth. He then ruthlessly stabbed down and said, " "A sword like a dream, a sword like nothing!"

The sword momentum was like a meteorite falling from the sky. Just the power alone was enough to crack the earth. It was truly heaven-shattering!

Chapter 745-sorrow

Yunxiao's expression did not change. The five swords stood around him, and the boundary formed between them made the place where he stood quiet, unaffected by the sword power. A beam of light emerged in his right hand and gradually turned into a thousand-year blade, which absorbed his primordial energy endlessly like a vortex.

The light on the thousand Autumns tyrannical saber grew brighter and brighter. As if it had sensed the power of the cold sword, it began to hum madly. For a moment, saber Qi filled the air.

Yunxiao's face flickered under the cold and fierce Saber Light as he said, "One blade of time, one blade of Thousand Autumns!"

The thousand Autumns tyrannical saber suddenly let out a long cry, and saber Qi soared into the sky, completely covering the radiance of the five Northern heavens cold star swords. It transformed into the evil appearance of a corpse puppet in the air, and swallowed the sword Qi!

"Boom boom boom!"

The saber Light and the sword Qi collided, and a cold killing intent burst out, illuminating the dark sky as if it were daytime. The light pierced through the sky and swallowed the two.

Xia Yunan, who was watching from a distance, was completely stunned. Not only did this young man take out another ninth-tier profound artifact, but the power of this blade was actually comparable to a sword that had reached the level of a martial Supreme. It was not at all inferior!

"Pfft!"

Under the backlash of the collision, Yunxiao's sword gleamed as a cold air invaded his veins and internal organs, causing him to cough up a mouthful of blood.

The five Northern heaven frigid star swords had no power to control them after he had struck with all his might, and they all returned to his body.

The thousand-year tyrannical saber had also dimmed and turned into an ordinary object. Yunxiao's indestructible golden body flickered unsteadily, and he was still badly wounded by the sword.

although it doesn't have the might of Emperor Qi, it truly possesses the power of the nine Heavens realm. That demonic Qi is really terrifying!

Yunxiao looked up at the sky in shock. Although there was only a thin line between a peak martial venerable and a martial Supreme, it was so far away that it was almost impossible to reach. Cao Yaxing

was able to cross this chasm by relying on the opportunity he had after becoming a demon. It was not only because of his extraordinary talent, but also because of his unusually powerful demonic Qi.

“How could it be?”

Cao Yaxing’s face turned completely blank as he said, “How could this be? I’ve already reached this level, but I still can’t beat you?”

“Bang!”

His arm suddenly exploded, and a cloud of demonic Qi exploded. The ice sword fell from the sky, and with a clang, it stabbed into the ground, sinking into the sword.

“Bang Bang Bang!”

Cao Yaxing’s body began to explode in succession as the blade aura of the thousand Autumns tyrannical saber entered his body. His body and meridians were unable to withstand it, and they burst out one by one, blasting open all of his major acupuncture points.

“I can’t accept this! I can’t accept this!”

Cao Yaxing’s face was filled with despair as he continued to growl. His consciousness was becoming more and more blurry. Finally, his entire physical body was destroyed, and he closed his eyes unwillingly.

Yunxiao’s expression was stern, and a faint sigh flickered in his eyes. Cao Yaxing was definitely one of the best among the younger generation. If she had not met him, her future would have been limitless.

Moreover, the two of them were evenly matched in strength. It was just that his divine body was able to withstand the sword Qi wreaking havoc in his body, while the other party didn’t have the inextinguishable golden body, so he could only die.

With a casual wave of his hand, the cold sword of frost was absorbed into his body. This was the same as the dynasty Bell, a Supreme profound artifact used to suppress di Jia. Although they were both ninth-grade, its power was far above that of the northern heaven cold star sword.

“Amazing, so amazing!”

Xia Yunan came back to his senses and ran over in shock. He praised, “Friend, you really can’t judge a book by its cover! You’ve even killed a martial Supreme realm demon!”

Yunxiao? ” Yunxiao gave him a look and asked, “ have Xu Wan and the others gone to seal the fiends? ”

Xia Yunan responded and told her everything he knew.

Yunxiao frowned and said worriedly, “For Cao Yaxing to have such an accident, I’m afraid that something must have happened to Xu Yu and the others.”

Xia Yunan laughed. don’t worry. With Lord Xu and the Masters from yuansi around, no demon can do anything. There are more than ten martial sovereigns alone. This force is considered first-class on the mainland.

‘Naive!’ Yunxiao snorted. If nothing had happened, how could Cao Yaxing, who was at the peak of the martial honor realm, have any problems? furthermore, how could he still run back after being possessed?”

Suddenly, his expression changed as he looked up into the sky. He saw that Cao Yaxing’s body, which had already exploded, did not fall down. Instead, it turned into a mass of demonic Qi and bloody meat paste, which kept rolling in the air and gradually condensed into the shape of a demon.

“?! What the hell is this?”

Xia Yunan was shocked, and a chill ran down his spine. He quickly hid behind Yunxiao.

Yunxiao's face was livid as he said angrily, " what an overbearing demonic aura! Can't you give the dead any dignity?! Even after death, we will be used and trampled on!"

The demon in the sky gradually took shape. Its ferocious face still retained some of Cao Yaxing's appearance, but its aura was still above the demonized Cao Yaxing. It suddenly laughed and rushed down.

Yunxiao was on full alert. The attack just now had drained all his strength. He was about to ask his disciple to fight when The Fiend suddenly stopped in the air, its eyes filled with horror as it stared at The Fiend energy fruit.

"Ah!"

The demon suddenly let out a blood-curdling screech as its body trembled. It seemed to be extremely afraid of the fruit as it tried to escape to the horizon.

All of a sudden, the fruit that had been motionless suddenly changed. The vines around it flew up in an instant, wrapping around the demon like countless tentacles and dragging it down. The leaves around the fruit suddenly opened up and formed a big mouth, swallowing the demon directly.

The leaves, which had formed the shape of a mouth, kept chewing, and the sound of bones being chewed made Yunxiao and Xia Yunan shiver.

Soon, the devil was devoured and digested by the devil origin fruit. The leaves opened up again, and all the branches and tendrils were retracted. The devil origin fruit was a bit stronger than before, and the devil Qi was even thicker.

damn it! Yunxiao cursed. it's so f * cking strange! He opened the heaven's eye on his glabella and released the divine Phoenix Flame, which burned toward the flame.

Ordinary attacks were probably no longer enough to deal with this fruit. All living things had an instinctive fear of fire. The first thing he thought of was to try burning it with fire, let alone the Phoenix divine fire.

The demonic energy fruit reacted as expected. It spurted out a large amount of demonic Qi to protect the fruit. The demonic Qi blocked the outside and the true Phoenix Fire couldn't burn it in!

Demonic energy surged inside the raging fire, but the demonic energy fruit was intact. Xia Yunan was completely stunned. The strange things that happened today were more than what he had seen in his life.

“What?”

Yunxiao was taken aback for a moment before he flew into a rage and shouted, “I don't believe that I can't even handle a single fruit!”

A ray of light shot out of his heavenly eyes, and the divine realm tablet flew out and landed above the demonic energy fruit. The power of the earth and the territory was activated, and the infinite gravity gathered on his body and pressed down fiercely!

The entire space was distorted by the gravity. Even Xia Yunan felt great pressure. The space twisted toward the demonic energy fruit, trying to crush it into powder!

This time, the demonic energy fruit was really afraid. Countless roots emerged from the ground and directly separated from the soil bag, wanting to fly away!

Xia Yunan's eyes almost popped out. First, he was shocked that this fruit could actually fly, and second, a sense of powerlessness welled up in his heart. The young man casually threw out another ninth-tier profound artifact.

“Hmph, you want to escape? In your dreams!”

...

Yunxiao performed the great realm divine technique, opening the four major territories. The power of the world suddenly emerged on the divine realm tablet, firmly suppressing the fruit. Then, the power of the world circulated and slowly absorbed the fruit into the tablet.

The fruit kept struggling, and countless vines danced in the air, like demons and ghosts baring their fangs and brandishing their claws, but it was to no avail. In the end, it was completely absorbed by the divine realm tablet.

With a point of Yunxiao's finger, the divine monument flew into his forehead, and everything finally calmed down. However, the ground was full of potholes, all caused by the roots of the fruit.

Xia Yunan licked his dry lips and said with difficulty, My friend, are you the son of some great Alchemist in the sea of soul formation? "

Yunxiao gave him a glance, then sat down cross-legged on the spot and said, "I'm going to meditate for a while to recover my energy. Please protect me."

Xia Yunan nodded repeatedly, then sat cross-legged in the air above Yunxiao to protect him.

His essence force had been completely exhausted during the battle with Cao Yaxing, and repairing the devil-sky silk had consumed a lot of his soul force. He had also used the divine fire and the divine realm tablet, so his soul force had also been completely exhausted. Fortunately, his cultivation technique was heaven-defying, and he circulated the great expansion divine technique and the synchronized fate technique one after another, directly absorbing a large amount of the southern Fire golden crystal source. The dried-up meridians were like a raging river, pouring into his dantian.

With the continuous improvement of his strength, the amount of Yuan Qi He absorbed with each circulation of the cultivation method had also increased greatly. Moreover, the tyrant body tempering technique had always been at the initial stage of the imperishable golden body. Without the follow-up cultivation method, it was difficult for him to advance further. This had also produced a corresponding benefit, and that was that the yuan Qi required for advancement had gradually begun to return to normal.

"Boom boom boom!"

An extremely powerful tremor came from the sky and the ground, reaching ten thousand miles. A huge essence energy fluctuation spread out, and the sky changed color!

“This is the direction of the Suan ni.”

...

Xia Yunan was shocked. He stood up and looked into the distance in horror. It was the direction that Xu Yu and the others had gone to. is Lord Xu really in big trouble? ”

“Boom boom boom!”

After the first rumble, more and more noises came, and Yunxiao could no longer remain calm. He frowned and slowly opened his eyes.

“Friend, Lord Xu and the others are really in trouble!”

Xia Yunan quickly landed from the sky and said, ” “Let’s hurry up and rescue them!”

Yunxiao gave him an indifferent look and said, ” “Let me go. With your weak strength, you’ll only cause more trouble.”

Xia Yunan,”Yingluo.”

He knew that Yunxiao was not lying, so he said awkwardly, ” “Ahem, ahem, I’ll leave this Yingluo to you, friend.”

hmm, ” Yunxiao said softly, then turned into a beam of light and flew in the direction of the energy fluctuation.

I recommend a friend’s book,”killing sky Mad God”!

Chapter 746-surround and kill

Huge energy fluctuations kept coming from the horizon, showing the tragic and shocking situation of the battle.

Many of the martial honors were hit by the aftershock and were unlucky enough to turn into ashes. Even those who were slightly luckier were seriously injured, making their original injuries worse. It was even more difficult for them to resist the invasion of the demonic Qi. Then, a large number of martial honors were demonized and rushed into the battlefield.

“Kill all these demonized people!”

A sharp look flashed in Xu Fang’s eyes. At this moment, there was no room for mercy. A trace of killing intent flashed in the eyes of one of the martial sovereigns. The sword in his hand slashed out a sword light, and several demonized martial Venerables suddenly exploded into demonic Qi that filled the sky. It kept rolling and was about to condense into demons.

Hmph! the Martial Emperor snorted and performed several sword techniques again. One by one, he slashed out and killed all the demons, turning them into demonic Qi.

This scene made the martial Supremes, who were still struggling to resist the invasion of the demonic Qi, feel a chill in their hearts. Although they understood that being killed after being possessed by the demonic Qi was the best situation, it was still difficult for them to accept this scene.

no matter who it is,” Xu Yu said, “if you are demonized, kill them immediately. I am no exception!

Everyone’s heart trembled, and they began to kill even more desperately. No one wanted to become a submissive slave, and even die without dignity!

In the battle formation, Di Jun was besieged by everyone and was at a disadvantage. He was overwhelmed and in danger. However, his body was made of demonic Qi, so he didn’t die after being pierced by the Emperor Qi. He just lost a lot of energy.

The crocodile also dodged with him, and it was constantly growling.

“Call your sister! Be more serious!”

Di Jun was furious. He cast a demonic seal in the air and slapped it on the crocodile.

A trace of fear appeared in the crocodile’s eyes. When the demonic seal hit its body, it immediately turned into astral winds and dissipated. The astral winds howled in the battle ring. Di Jun clenched his five fingers and the astral winds immediately rotated, protecting him in the middle. Then, Di Jun’s hands continued to form seals, and black demonic seals entered the astral winds one after another. A wild roar came from the wind.

“It’s an elemental monster! No wonder it’s so strange and difficult to deal with!”

A martial sovereign brandished his sword and rushed forward, shouting, “ the Emperor Qi of the nine Heavens is enough to suppress all demons, ghosts, and monsters. Even if it’s an elemental manifestation, it can’t escape the suppression!

Xu Yu’s expression darkened and she suddenly shouted, “ “Be careful!”

However, it was too late. The Martial Emperor’s sword Qi had already rushed into the astral wind, intending to break it and hurt Di Jun.

“Hmph, ignorant!”

Di Jun sneered. The astral wind suddenly condensed into a crocodile’s head. It opened its mouth wide and swallowed the martial sovereign in an instant.

The speed of the astral winds gradually slowed down, and a dried corpse was thrown out from it. It was the martial sovereign’s body from earlier. It had been weathered away, and it looked as if it had been there for 10000 years.

Everyone's face fell and they looked horrified. The martial sovereign had the nine Heavens Emperor Qi protecting him, and ordinary elemental power could not hurt him at all. However, the astral wind had penetrated his body and turned him into a dried corpse!

At this moment, the primordial squall calmed down and a huge monster appeared beside Di Jun. It had a demonized body with three heads and six arms. However, all three of its heads were crocodile heads. It was shaking its head as if it was very dissatisfied with its appearance.

His six arms were also rubbing their palms together. One of them was holding the sword of the martial Supreme from earlier, and he was hacking and slashing with it.

Xu Yu and the others' expressions changed. This monster looked like a troublesome thorn, completely different from the obedient crocodile from before.

"Roar!"

The crocodile monster instantly charged toward the nearest martial Supreme. Its head instantly enlarged by several times and it opened its mouth to bite down!

That martial sovereign was suddenly startled. Both his hands instantly formed a seal, forming a golden seal that flickered with golden light in front of him. Various patterns continuously appeared on it as he blasted it over, "ultimate flux Overlord seal!"

"BOOM!"

The crocodile's huge head was blown off, leaving only two heads.

The martial sovereign was overjoyed, and his heart that had been in his throat finally relaxed. He did not seem to be as difficult to deal with as he had expected.

"Hu hu!"

All of a sudden, tiny gusts of wind began to blow around him, forming hair-thin strands of wind that instantly sliced toward the center!

The martial sovereign was shocked. He tried to resist it with his Qi, only to find that the sky was filled with these tiny wind threads. They were like countless insects chirping. They cut through his Emperor Qi defense and came to him.

At the same time, the crocodile monster with only two heads left raised its sword and slashed down. Its other hand clenched into a fist and punched out, forming a black demonic fist in the air that whizzed down.

“Fang Zhao!”

The other martial Supreme who knew him was shocked. He roared and rushed forward, but it was too late!

All of the crocodile monster’s actions were completed in the instant it exploded its head. The martial Supreme’s heart instantly sank, and his defensive power was shattered. The demonic fist smashed into his body and jolted into his body, causing great damage and spreading.

The crocodile didn’t continue to attack after its punch. Instead, the astral wind in the air blew over again and condensed into a complete crocodile head. It pressed on its neck and turned back into three heads.

“Fang Zhao, you’re so silly.”

The martial sovereign hurried forward and asked with concern.

“I’m fine!”

Fang Zhao interrupted him directly. The punch didn’t seem to be a big deal, and he sounded quite dispirited.

“Phew, you scared me to death. If there’s nothing, I’ll run away.”

The martial sovereign heaved a sigh of relief. Before he could finish speaking, Fang Zhao’s figure flashed before him and he punched out. Caught off guard, his chest was broken and a huge force came out from his back. His entire upper body was almost shattered!

“BOOM!”

The sound of the explosion reverberated in everyone’s heart. They were all greatly shocked and revealed a look of horror.

Fang Zhao kicked the Martial Emperor down from the air. Fang Zhao’s appearance was revealed to everyone. His black eyes and skin covered with black patterns were completely demonized.

How long had it been since the crocodile transformed into a crocodile monster? Two martial sovereigns had been killed, and one of them had even become an enemy with a huge increase in strength!

This Suan ni!

The rest of the people all felt their throats dry and their palms were sweating.

greetings, master. Thank you, master, for bestowing me with endless magic power!

Fang Zhao knelt down in front of Di Jun, his face full of excitement.

Di Jun laughed and said, “haha! Kill them! Kill them all! If you don’t die, I’ll grant you the honor of being my food!”

...

“Yes!”

Fang Zhao was overjoyed, as if becoming food was a Supreme honor. He suddenly rushed toward Xu Yu and the others. He didn't care how many people there were, and he was determined to blow up the blockhouse to block the muzzle!

Xu Yu's expression was extremely ugly as she ordered, " the five people from yuansi will use the Hinayana heavenly ultimate formation with me to suppress this demon. The rest of you will deal with this demonized Martial Emperor and the giant crocodile monster!

"Yes!"

Everyone received the order and split up their work. The battlefield expanded in an instant. Xu Chu took the lead and rushed directly to Di Jun with five people. Her hands continued to form seals, and the entire sky began to change.

"Hold him back and give me some time!"

Xu Yu shouted, and a white flag appeared in her hand. She waved it in the air, and it turned into nine-colored flags. One by one, they shot into the sky and settled in nine positions. They continued to grow bigger and waved in the face of the surging devil Qi.

Di Jun's body trembled. After the nine-colored flag was located, he felt an inexplicable restlessness, as if some kind of rule power was surging.

He was furious. He instantly turned into a beam of demonic light and rushed towards one of the flags. He gathered his demonic palm and wanted to break this formation.

"Demon, you're looking for death!"

A Martial Emperor from the yuansi division slashed his sword and snorted, " "A sword that pierces the sun and flows through hundreds of rivers, shaking the four Seas and ice rivers!"

...

It turned into an ice-cold light, and the sword light actually converged into the shape of a waterbird. It fluttered as if it was about to fly, and condensed in the air. It was actually an unparalleled sword Qi, and the sword left no trace, slashing the demonic palms that filled the sky!

a sword that doesn't move is like a mountain, a sword that doesn't flow is like a thousand miles, and it can exist forever!

With a cold groan and a flash of purple light, a purple-robed old man thrust his long sword out. It instantly turned into three infinite sword wills. The purple light cut through the demonic cloud and covered Di Jun, killing him with sword Qi!

“BOOM!”

Di Jun's body was crushed into pieces in an instant. He turned into demonic Qi and escaped. In the distance, he condensed into a physical form with a look of shock and anger in his eyes.

The people before him were not only a little stronger than the martial sovereigns who had attacked him earlier, but they were also able to hurt his body.

“The peacock unleashes its tail, and the sun is revealed!”

A Martial Emperor chanted softly. A figure flashed and a round plate suddenly appeared above Di Jun. It was emitting divine light spots like a sun and a wheel. Then, it suddenly struck down!

Di Jun's face darkened. He was livid with anger. He stomped his feet in the air and rushed toward the Jade plate. His hands kept forming all kinds of seals, which turned into a demonic shadow and hit the Jade plate. A powerful aura burst out, and two spiritual pressures of different colors spread!

“Bang!”

The Jade plate trembled and was pushed back. The martial sovereign who was hiding in the dark revealed his true appearance and let out a muffled groan. He had suffered internal injuries.

although this demon is strong, it's not as strong as we imagined. If we work together, we might not need the chief's Hinayana heavenly death formation to kill this demon!

The purple-robed old man stood still with his sword in hand. He waved his purple sword and stabbed forward again.

The martial sovereign who had transformed into a white bird also raised his sword again. The sword momentum was like a hundred rivers returning to the sea, endless and crossing the sky.

The martial sovereign who was using the Jade plate took a deep breath again. The Jade plate was like a sun and a wheel, and it was like a Peacock spreading its tail as it attacked.

There were two other people who quietly stood guard beside Xu Yu, protecting him in order to prevent any disturbances when he was setting up the array.

Di Jun's expression changed drastically, and a ruthless look appeared on his face. His eyes were filled with killing intent. He raised his right hand, and the ancient Pagoda slowly emerged from his palm. It grew larger and larger, and an indescribable ancient charm shook out, as if it was telling the desolation and desolation of the endless years!

Chapter 747-light of the sky and shadow of clouds

"What is this?"

Everyone instantly felt an indescribable sense of danger. Even the two Martial Emperor powerhouses who were guarding Xu Yu's side had a change in expression. They suddenly attacked in shock!

"Myriad palm strikes, one Qi of heaven and earth!"

"Heaven shaking divine halberd!"

The two guardians also exploded with powerful auras. They turned into two rays of light and attacked the ancient Pagoda at the same time!

The five of them joined forces and covered the sky. Their powerful auras spread far and wide, causing the martial emperors who were surrounding the crocodile to tremble in fear.

Di Jun's expression changed drastically. The five auras were enough to crush his body and even suppress him. In his anger, countless demonic Qi gushed out of his body and poured into the ancient Pagoda. A ray of light shot out and the power of the world was activated. Tens of thousands of divine lights flew up!

"Boundless heaven and earth, boundless nature, true fiend magic seal!"

let's go! Di Jun shouted suddenly. His real body transformed into his Dharma laksana with three heads and six arms. His six arms made hand seals at the same time, and countless incantations were sent into the ancient tower. The power of the world began to circulate!

Five extremely powerful attacks rushed into the power of the world. Immediately, he felt his vital Qi freeze. The level nine Emperor Qi that could break through everything also slowed down. The five ninth-tier profound weapons gave off a strong tremor, piercing people's eardrums. Blood started to flow out of their blowhole!

"What's going on? What is the origin of this ancient Pagoda?"

The purple-robed old man's face turned pale. He suddenly poured another mouthful of vital Qi into the sword in horror, suppressing the trembling in fear. The sword Qi spread out in the world power!

"BOOM!"

A huge force exploded, and the purple-robed old man spat out a large mouthful of blood and was sent flying.

The other four gritted their teeth and fought with all their might against the ancient Pagoda. The power of the purple-robed elder's attack caused the power in the ancient God battlefield to become chaotic and lose its balance. It suddenly shrank and then expanded again in an instant!

"Boom boom boom!"

The four figures were sent flying one by one, and their blood hung in the sky!

Di Jun's face turned ugly and ferocious. The battlefield of the ancient gods had returned to his hands before it had even fully developed, and his spiritual Qi had been greatly reduced. This caused his heart to ache. This profound level weapon was already severely damaged, and every time it was used, it would be consumed. If it wasn't for the fact that the demonic Qi in this place was so strong that he could better drive the pagoda, he would not have been willing to take it out.

"Yi, Shi, Li, Yi, Shi, li,"

A series of strange words came out of Di Jun's mouth. The battlefield of the ancient gods was suspended beside him. His six arms began to make hand seals at the same time. The demonic Qi in his body began to strengthen gradually with the spell. It seemed to have absorbed endless power from a distance and was rising bit by bit.

"Not good, this demon's power seems to be endless!"

The purple-robed elder dragged his heavily injured body over with a look of shock on his face. The other four people also flew back, all of them with blood at the corner of their mouths and pale faces. It was as if the ninth tier profound armaments in their hands had met their nemesis. Under that attack, they were at a disadvantage and had lost all their spiritual energy.

it's indeed a magic power extraction technique!

Xu Yu's face darkened and she said coldly, "there is indeed an endless stream of demonic Qi entering the nine Skies and ten lands." However, my Hinayana heavenly ultimate formation can seal the six paths and five elements and completely isolate us from the outside world!"

He pointed his finger in the air, and the nine flags on the coordinates began to spin. Waves of strange power spread out, and the world seemed to change.

The five yuansi members were overjoyed, and one of them praised, " Lord Xu Fang's Hinayana heavenly ultimate formation is famous across the continent. I'm afraid no one can break it except for the light of the throne!

As expected, Di Jun's expression changed and he opened his eyes in horror. In the depths of this world, he was isolated from the demonic source of the outside world. Even the connection between di Jia and his demonic source had been cut off!

"Die, devil!"

Xu Fang's formation had been completed. Under his control, the nine flags began to move. There were strange patterns carved on them that reflected each other and connected into one.

Under the resonance of the nine flags, a crack suddenly appeared in the formation, dispersing the demonic clouds. A bright light slowly shone in, and along with the light, an awe-inspiring heavenly might shook everyone's heart!

Xu Yu's expression was grave. His Hinayana heavenly ultimate formation was extremely powerful and was his strongest trump card. Not only was it an extremely powerful defensive formation, but it could also be used as a sealing formation. Furthermore, it contained an apocalyptic killer move-heavenly light cloud shadow. It conformed to the laws of the heavenly Dao and was enough to obliterate everything!

Yunxiao's figure suddenly appeared in his mind. When the mysterious young man saw him, he recited a poem and directly pointed out his trump card, then tried to persuade him to fight the demon. Perhaps at that time, the young man had realized that only his rule of the heavenly Dao could kill the existence in front of him.

Xu Yu's heart trembled, and he could not help but speculate about Yunxiao. But at this moment, he had no time to think too much. He focused all his attention on the array and carefully guided the light to fall.

Di Jun's heart was filled with horror. He looked up at the light in the sky and felt that he was about to be destroyed. This feeling made him feel very absurd. He was the immortal demon master. How could he die?

A sense of anger and humiliation rose in his heart. With a loud shout, he no longer cared about the ancient God battlefield in his heart. He activated it with all his might, and pieces of territory began to spread from the surroundings of the ancient tower. It was as if a world was emerging in front of everyone's eyes, like an ingenious craftsman building an exquisite model of the world.

The six of them were so shocked that their eyes almost popped out of their sockets. They had never seen such a profound level weapon that could transform the heaven and earth. They could only find some clues in legends and historical records.

Especially Xu Wan, who was a ninth-tier great Alchemist and had a deep understanding of profound artifacts. After a brief daze, he understood and cried out in horror, "A Supreme grade profound level weapon! Oh my God, what did I just see? It's actually a Supreme grade profound level weapon!"

The other five people were also greatly shocked. Each and every one of them was completely stunned. Suddenly, they recalled the shiver when their own ninth tier profound weapon had collided with the strange force around the ancient tower and finally understood what had happened.

"A Supreme grade profound level weapon! And not Noah's ship! This is a historical moment!"

Xu Yu was extremely excited. At this moment, he was unable to focus his mind and spirit. The divine light that descended became a little unstable, which gave him a shock. He knew that this was not the time to be distracted.

The other party had a legendary transcendent-grade profound level weapon. Xu Yu, who was originally full of confidence, suddenly became a little unconfident. She did not dare to split herself up again and focused all her attention on controlling the array.

"Damn you scum! Myriad forms, four poles as one, ten thousand demons as one!"

Di Jun did not dare to hold back any longer. He poured all his power into the ancient tower. The battlefield of the ancient gods was fully developed. Although it was incomplete, the demon master Emperor and the profound level weapon had long been one. Although Di Jun was only a part of his body, he still had the power to control it. A powerful and suffocating power was born, causing the nine flags to tremble as if they were about to be shaken out of the coordinates!

“Everyone, help me!”

Xu Fang’s face turned pale. The power of the battlefield of the ancient gods made his Hinayana heavenly ultimate formation tremble and suppress. This was a situation that he had never encountered before. Even if a peak martial Supreme was trapped in his formation, it would not be easy to escape.

The five of them were shocked as they injected their energy into the nine array flags to help them resist the power of the transcendent-grade profound level weapon!

“Stabilize the Qi and change the shape, the light of the sky and the shadow of the clouds, all things return to the ruins, kill the devil!”

Xu Fang exerted the power of the array to the extreme, and the beam of light finally fell directly into the ancient Pagoda.

The world fell silent for a moment, as if there was no sound at all. The entire world was silent and empty!

“BOOM!”

Then, there was a loud explosion. The sky and earth cracked, and a huge energy swept out. The nine array flags were instantly shaken out and flew in all directions. Xu Chu, Yuan si, and the other six were all swallowed by the energy.

In the distance, Fang Zhao had already been killed. Everyone was still fighting with the giant crocodile when they suddenly trembled. Everyone looked over in shock and saw a huge force sweeping them all in. The devil cloud world suddenly became dazzling, and light shone for thousands of miles!

The bright light lasted for a long time. Yunxiao, who was rushing over from a distance, suddenly stopped and looked at each other in horror as he muttered, " "This dense light is Xu Fang's heaven light cloud shadow. Has he finally used this killer move? Can you kill Di Jun?"

...

The light was not only dazzling, but it also brought a strong shock to the soul. Yunxiao's face was solemn.

Although Xu Fang was famous for his array skills, he was also a master on the heaven and earth Power chart. If it were not for the fact that his Hinayana heavenly death array was too slow to play its role in the battle between the two, even if he could not enter the top ten, he would at least be in the top twenty.

"Can it be killed? You must be joking."

The demonic Dragon's cold voice was heard. "If he could kill a demon at this level, then were all those powerful beings from a long time ago fools? Was there a need to dismember his body and then suppress him one by one with a Supreme grade profound level weapon? This level of power is at most similar to that skeleton's attack."

Yunxiao frowned and snorted. times have changed. The world has changed as well. These demons had been suppressed for a long time and might have been weakened beyond recognition. Perhaps the Almighty experts from long ago suppressed them so that they could be exterminated today."

Hmph! the evil Dragon snorted and said disdainfully, " do you even believe that? "

Yunxiao was taken aback, and then he smiled wryly. Indeed, even he himself did not believe this. in any case, the demon who owns the ancient Pagoda will be seriously injured by this blow. At worst, I'll put him into the divine realm tablet and suppress him forever!

After saying that, Yunxiao flew forward at a high speed. After the shocking blow, no one could be seen in the sky!

Chapter 748-remnant of the demon servants

Below the burial land, within the Dragon shell, it was dark.

As soon as di Jia stepped into it, he felt a force pressing down on him. It was like a domain, but it was countless times stronger.

“This is the misty Dragon Breath?”

Di Jia was shocked. He took back his front foot that had just stepped in and said, “how many years has it been? to think that there’s still a Dragon Breath left. The ancient true dragon is indeed the strongest!

Huo Yin’s face was also a little pale as she said in shock, “Master, is this the aura left behind by a level ten divine realm expert? I’m a four-star Martial Emperor, but I can’t believe I feel so oppressed. I can’t help but want to worship him.”

Di Jia casually made a seal that shook into Huo Yin’s body and said, “The immortal state isn’t rare, but the true dragon is also an extremely powerful being among the true spirits. It’s not something ordinary ten true spirits can compare to.”

With the devil seal in, Huo Yin immediately felt the pressure on her decrease, and the black Qi on her body became a little thicker. She said happily, “Thank you, master!”

hmm, you’re pretty strong. Keep it for now and eat it later.

After di Jia finished speaking, he strode into the dragon shell. Huo Yin’s face showed an extremely honored look as she followed him.

The two of them moved quickly in the Dragon shell. Di Jia frowned slightly and said to himself, “This Dragon Breath actually has a flow. This monastic robe ...”

He looked at the broken seals on the ground, as well as the Dragon Breath and various energy fluctuations. This proved that someone had entered first and broke through all the obstacles!

Di Jia was full of suspicion. The two of them ran for the time it took to drink a cup of tea before they suddenly stopped. They saw a flash of fire in front of them, and it was bright.

His heart trembled and his expression darkened. He stomped on the ground and slowly walked over with Huo Yin.

“Hmm, the Dragon Breath should be gathering here.”

Several flames lit up around Heng Yuan, illuminating the ground. He began to observe carefully and constantly groped the ground with his hands. Then he was surprised, laughed, and struck out his palm. The dust was immediately blown away, revealing the lines of array patterns on the ground. They exuded a strong power of Dragon Breath, which shook back his palm force!

“As expected!”

Everyone in the sea of soul formation was overjoyed. Yi chengying hurriedly performed his cultivation technique and kept hitting the ground, making the entire formation appear.

Following that, a majestic formation appeared. Its structure was so complex that it dazzled everyone.

Yi chengying was stunned for a moment. this formation is without a head. It seems to have no beginning or trace. I can't find a place to start.

Heng Yuan's eyes were also extremely solemn, and he said in a deep voice, " "This is the center of the Dragon shell, and the Dragon shell is the center of the entire dragonize pool! Those people who sealed the demon master not only gathered the power of the entire Dragon Transformation pool's terrain on the Dragon shell, but also the power of the Dragon shell here. No wonder the demon master has been unable to escape for so long!"

He pondered for a while and said, " I'll try to forcibly activate the demonic Qi in the seal and see if I can make the demon Lord wake up on his own. He can break the seal from the inside. We'll work together from the outside. This way, the success rate will be extremely high. I just don't know how much strength the demon Lord has left after being sealed for so long."

A strange look flashed in Heng Yuan's eyes. He began to conjure with his hands in the air, forming symbols one after another. They gathered on his palms and directly hit into the center of the seal!

With his palm force as the center, green rays of light surged up from the ground and spread out like a spider web. They penetrated into the core of the earth and did not trigger the backlash of the Dragon Breath!

All of a sudden, a large amount of black demonic Qi rushed out from the green light, enchanting the eyes. All the flames were corroded and extinguished by the demonic Qi. Other than the green light on the ground, everything fell into darkness.

"Lord Heng Yuan, this demonic Qi is dense!" Yi chengying was shocked.

Heng yuanzai's face twisted in excitement under the green light. He laughed and said, " Haha, true demonic Qi! This is indeed the aura of the demon Lord. The demon Lord is right below!"

His eyes lit up, and his body trembled uncontrollably. He cast spells into the ground, and the seals formed by the green light on the ground kept changing. They were extremely complicated, and everyone in the sea of soul formation was dumbfounded. The level of these seals was obviously extraordinary.

"Yes, it is indeed the aura of a clone. I thought I would have to go through a lot of twists and turns, but I didn't expect it to be so easy."

Di Jia's voice rang out among the crowd. Everyone's attention was focused on unsealing, but no one noticed the sudden appearance of two more people.

who's there?!

Yi chengying's body trembled. In an instant, several figures attacked and surrounded the two of them. Their bodies were filled with killing intent, and there were even traces of demonic Qi in their killing intent.

Di Jia glanced at the crowd in surprise and said, "I'm curious about who you are. There was actually pure demonic Qi on their bodies, but they were not demonic slaves. Eh? Could it be that humans have already found a way to control the demonic Qi without changing their minds?"

He could not help but think of Yunxiao, who also had the same look. He could use The Fiend energy but was not trapped by it.

"Impudent!"

Yi chengying shouted. A light circle appeared in his hands and flew out quickly. It turned into seven slashes in the air and went straight for the two of them.

"Swish Swish Swish!"

There was a tearing sound in the air. Di Jia smiled and raised one hand. A Demon Seal flashed on it. Suddenly, the demonic Qi that gushed out of the earth vein seal immediately rolled up, flew into his hand, and rolled, condensed into a huge palm, and slammed down fiercely!

"This is a Kasaya."

Heng Yuan, who had been trying hard to break the seal, was suddenly stunned. He stared at the big hand falling down and even forgot the seal-breaking incantation in his hand.

"BOOM!"

The big hand swept across the air and shattered the power of the seven circles of light. The hand gesture was also directed at Yi chengying. Everyone was shocked and moved to resist the devil's palm.

The Black Hand landed on everyone's defense and shattered into countless demonic Qi. Some of the weaker ones' defenses were directly shattered, and the demonic Qi entered their bodies and began to demonize.

"Ah? Stop!"

Heng Yuan suddenly shouted, his eyes revealing extreme fear, and his whole body trembled as he said, "you, you, you're the demon, Demon Lord?!"

Di Jia's eyes fell on him and stared at him for a while. He said in surprise, "Who are you? You actually recognize me? A possessed body? You must have been forced to take over his body. With your strength, you actually took over the body of a martial ancestor. It's too sad."

"?!"

Heng Yuan's whole body went cold, and he no longer had any doubts. He knelt down directly on both knees and kowtowed desperately. "Demon Lord, I'm Yan Xi's successor!"

"En, Yan Xi? You're his descendant?"

Di Jia showed a surprised look and suddenly laughed, "He actually didn't die back then?"

This scene stunned all the people in the sea of soul formation. Heng Yuan was their actual leader, but he knelt down in front of this man and called him demon master. Could he be Qianqian? At the thought of this, everyone broke out in a cold sweat.

At this moment, the people who had been invaded by demonic Qi had also knelt down and called out 'master'. Now, no one had any doubts.

Heng Yuan said to everyone, "this is the real demon master. He's the Emperor. He's our master. Why don't you all kneel down now?"

Yi chengying and the others looked at each other. Although they cultivated demonic techniques and had always served the Emperor as the demon master, they still found it hard to accept when they saw this person, who was such an ordinary young man.

...

It was like if you believed in a God, and one day, someone suddenly said that he was a God in front of you and asked you to kneel down. No one would be able to accept this.

Fortunately, Yi chengying and the others were very strong-willed and knew that Heng Yuan would not lie to them. After a short struggle, they all knelt down one by one.

Heng Yuan then said to di Jia, " my Lord, Yan Xi didn't die that year, but his demonic body collapsed. After he escaped, he sealed the whole thing, as well as the 72 demonic techniques and a demonic seed, for future generations. And I am the successor of this line."

He pointed at Yi chengying and the others. they are all my disciples. Our branch has been working hard to find you, Demon Lord. Finally, heaven rewards those who put in their hearts!

Di Jia nodded gently. so that's what happened. Have you been breaking the seal of the Dragon Transformation pool all this time? " You've really worked hard."

Heng Yuan was very excited to be praised by di Jia. He said, " "In order for the demon Lord to return to the world, this little bit of hardship is nothing! We've long since discovered that the Dragon Transformation pool is the place where the demon Lord is suppressed, but unfortunately, the seal here is too strong, and years of hard work have yielded no results. Thus, my Grandmaster thought of a wonderful method and began to spread the news that the secret to becoming a deity was hidden under the dragonize pool. He also secretly modified and forged a large number of ancient books to describe this place in various ways. This attracted the attention of the Holy region and the sea of soul formation, and they used their power to release you."

Di Jia frowned and said,"so complicated?" You're so considerate. However, I was not released by you. The person you want to release is still under this seal!"

“What?”

Heng Yuan’s face changed greatly. what are you talking about? ” he said in shock and anger. you’re not a demon master? ”

Di Jia smiled and said, ” don’t be nervous. I am the demon master. It’s just that the Emperor was divided and suppressed back then. I am only one of them. There is another one under this seal and another one outside the Dragon shell.

Looking at everyone’s Dazed and Confused faces, di Jia chuckled and said, ” don’t be nervous. Help me open the seal now and let me retrieve my clone underground!

...

Heng Yuan felt the pure demonic Qi in di Jia’s body, so it should be true. He nodded and said, ” “Yes, Your Excellency Demon Lord!”

After saying that, he took a deep breath and began to break the seal with all his strength.

Di Jia praised. you are very good. I can see that your true strength is also very strong. When I recover my true body, I will let you forge a demon body like Yan Xi and become my demon servant!

“T-thank you, Lord Demon Lord!”

Heng Yuan was overjoyed, and he quickly performed seals with his hands, forcibly pouring power into the earth vein, causing a large amount of devil Qi to overflow.

Di Jia looked at the demonic Qi, frowned, and said to himself, ” strange, this is all pure true demonic Qi. Could it be that this thing was crushed by the dragon’s breath down there and completely died, returning to the source of true demonic Qi? ”

Chapter 749-snatching the clone

“Boom boom boom!”

Just as he was filled with suspicion and everyone was anxiously waiting to break the seal, a huge tremor suddenly came from outside the Dragon shell. The entire earth seemed to have cracked open, and the core of the Dragon shell they were in actually began to collapse at an extremely fast speed!

It wasn't just the Dragon shell. The sealed land was also rapidly cracking. The earth shook and the mountains shook. It was as if the world was collapsing. Everyone's heart trembled and they were all on guard in fear of something happening.

The power of Xu Fang and Di Jun's attack not only shattered the sky, but also fell directly into the mountains. The Dragon's shell was broken, and the whole body began to collapse from the head.

The earth vein seal also began to disintegrate. The heavens and earth were truly falling apart, as if the end of the world had arrived.

“BOOM!”

Inside the Dragon shell, Heng Yuan was suddenly jolted up by a huge force, and his body flew directly into the sky. As the entire Dragon shell collapsed, his body broke through the mountain and was directly shot into the sky, covered in blood.

The place where the seal had been was completely broken, and a large amount of true devil Qi surged up and condensed in the air.

Di Jia's body trembled and he was extremely excited. He laughed and said, “Haha, it's mine!”

He suddenly rushed up, but he suddenly saw an object falling down, smashing towards his head. His pupils shrank, and he cried out, “the battlefield of the ancient gods!”

A figure that looked exactly like him appeared in the air, but his face was as pale as paper. He said coldly, “clone, how dare you turn the tables on me? I'm not dead yet!”

He conjured the ancient gods 'battlefield with one move and dragged his heavily injured body towards the place where the true demonic Qi was surging. The rolling demonic Qi gradually solidified and turned into a man's body, which was exactly the same as them.

"It's not up to you to decide who's the real master and who's the clone!"

Di Jia's aura suddenly increased and he revealed his Dharma form with three heads and six arms. At the same time, a huge black shadow appeared behind him. An arm stretched out from the black shadow, trying to take the ancient gods battlefield!

Di Jun snorted and changed his hand seal. The battlefield of the ancient gods shot out rays of light and turned into a huge ancient tower!

He rushed to the third avatar anxiously, wanting to devour di Jia quickly while he was still unstable. This way, he could repair his seriously injured body and devour di Jia in one fell swoop!

"BOOM!"

The arm of di Jia's huge black shadow grew again and grabbed the ancient tower. He quickly cast a spell and sneered, "You can control me on the battlefield of the ancient gods, but you want to use him to suppress me? it seems that your intelligence is worrying! Haha, you're giving me a Saint artifact for free!"

"Boom boom boom!"

Just as he was feeling pleased with himself, the ancient gods 'battlefield flew up with a ray of light and slammed into his huge arm. The arm was shattered and turned into a cloud of demonic Qi.

"?! How is that possible?"

what? " di Jia was shocked and said angrily, " what did you do in this holy weapon? "

Di Jun had already rushed to the side of the clone. His five fingers turned into strands of demonic Qi and wrapped around the clone completely in an instant. He couldn't help but laugh excitedly and said, "Haha, you're the one who's worried about your IQ! If I didn't use it, I wouldn't be so stupid as to use it to suppress you!"

He waved his hand in the air and was about to take back the ancient gods' battlefield. He said coldly, "I'll spare your life today. I'll take you back after I've completely absorbed this avatar!"

Although Di Jun had obtained a clone, he found that he was too seriously injured to fight with Di Jia. Therefore, he thought of escaping directly.

"Dammit! How can I let you have your wish? you can leave, but let go of that avatar!"

Di Jia was furious. If the third avatar was absorbed by Di Jun and he was in control of the battlefield of the ancient gods, he would have no chance of winning!

"Boundless nature, myriad devil transformation!"

Di Jia shouted angrily, and his three heads and six arms exploded in an instant, turning into three identical figures. They rushed up from three directions, aiming at the avatar. That thing was even more important than the battlefield of the ancient gods!

Hmph, struggling ant. I wanted to let you live a few more days, but you didn't know what's good for you!

Di Jun shouted angrily and transformed into three heads and six arms. Two of his hands kept forming hand seals and blasted out magic seals to attack the three avatars.

The three figures suddenly flickered in the air and leaped forward, avoiding all the attacks!

"What?"

Di Jun was shocked. He didn't know about this move. He said coldly, "Looks like you've got something new!"

This jumping attack method was obtained when he searched the soul of a martial artist. He didn't expect it to be useful. In the blink of an eye, di Jia's three avatars surrounded Di Jun. The three of them instantly turned into the origin of true demonic Qi, spinning like a whirlwind.

The true demonic Qi swept towards Di Jun, and di Jia's angry roar was heard, "If I can't get it, then we'll die together!"

The black demonic Qi instantly condensed into di Jia's body again, and his five fingers turned into a claw and clawed at the clone!

"Die together? You're the one who's going to die!"

Di Jun grabbed the clone with one hand and kicked it hard. The kick was so strong that it almost shattered the space!

Di Jia was also fighting with his life. This battle was directly related to his life and death in the future, so he could not lose. He rushed up to the kick and let it burst his chest. He also turned into a huge demonic shadow and rushed to snatch the avatar.

In the distance, Yunxiao was dumbfounded. Di Jun's strength was far superior to di Jia's, but after fighting with the expert from the Saint realm origin, he was seriously injured, and yet he could still fight di Jia to a draw. However, he had to protect his clone while his injuries worsened, and di Jia soon gained the upper hand.

Heng Yuan and the others also looked at them in shock. Two demon masters had appeared, which made them at a loss. Strictly speaking, there should be three.

"Lord Yi chengying, quickly kill these two demons, or the consequences will be unimaginable!"

Suddenly, a voice was heard. Xu Yu was sitting cross-legged in an inconspicuous corner of the ground, healing her wounds. She was covered in blood and looked like she was about to die at any moment.

“Lord Xu Chu?”

Yi chengying’s expression changed and he said, “What’s going on? Were you the ones who caused the huge earthquake just now?”

Xu Yu gasped for breath, as if it was extremely difficult for her to speak. “That’s right. We, the people of yuansi, wanted to kill the demon, but we still failed. But now that he is seriously injured, we have to trouble the Lords of the sea of soul formation to quickly kill this demon. It is a blessing for the continent.”

“I see!”

Yi chengying’s face gradually turned dark as he said coldly, “Your life’s mission has been completed. You’ve worked hard all these years. Now, have a good rest.”

“Eh? Have a good rest? What do you mean by that?”

Xu Yu looked at Yi chengying, who was slowly flying over, and suddenly had a bad feeling. Not only him, but three of the other yuansi people had survived. Not far from him, the purple-robed old man suddenly shouted, “Lord Xu, quickly run! They’ve been possessed by the devil!”

possessed by the devil?!

Xu Yu was shocked, looking at Yi chengying’s dark face, she said in horror, “You’re so silly!”

...

“No, no, no, you’ve misunderstood!”

“We didn’t join the devil,” Yi chengying quickly shook his head and said. It’s just that what we cultivate are demonic techniques. But to you, the result will be the same. You will all die!”

His expression suddenly turned ferocious. He waved his right hand and a slash shot out towards Yuan si and the other three. He wanted to kill them all in one move!

“BOOM!”

In the distance, Yunxiao teleported, and the northern heaven cold star sword immediately slashed out a Sword Art. Although it could not resist Yi chengying’s attack, it was enough to make it veer off course and hit not far away from the four men.

“Who is it?”

Yi chengying glared at Yunxiao and said coldly, “Are the young people nowadays so worried about their intelligence? If you were to go into hiding, you’ll most likely be able to keep your life.”

“It’s you?”

Suddenly, a surprised voice came from Heng Yuan, who was not far away. He had been nervously watching the fight between the two demon masters, and a complicated look flashed in his eyes. It was not until Yi chengying spoke that he turned around and was stunned when he saw Yunxiao.

“Lord Heng Yuan, do you know this man?” Yi chengying was stunned.

Yunxiao also looked over in surprise. “Ah? It’s you!”

...

He suddenly remembered that Heng Yuan, who had fallen into the pink crystal dust on the South Sea, had been possessed by someone in an instant. Just a cold gaze from the person who had possessed him was enough to make him shudder. He didn’t expect to meet him here!

Heng Yuan obviously also recognized him. After a moment of surprise, he showed a strange expression and said, " you were only a weak martial king in the south Sea, but your sword just now could shake the sword Qi of a Martial Emperor. What happened? "

"What? A martial King?"

Everyone looked stunned. Yi chengying knew about Heng Yuan's incident, and he had just gotten out of the pink crystal dust not long ago. He laughed and said, " Lord Heng Yuan, you've remembered it wrong. Martial King hehe, haha hehe.

Heng Yuan's face darkened and he snorted, 'do you think I've remembered wrongly? There must be something strange about this kid. Let's take him down first and not kill him if we can. We can take him back and study him."

Xu Yu and the others felt their hair stand on end when they heard this. 'Study them properly, they're using humans as lab rats.'

"Research your sister!"

Yunxiao was also annoyed. He held his sword horizontally and said angrily, " "You saved your life on the southern sea, but not only did you not kneel in gratitude, you even made a big statement here. However, I'm also very curious about you, so let me bring you back to study it. "

Everyone's face darkened. These people were all alchemists, and all of them had done a lot of research on human bodies, so they were not surprised.

"Impudent!"

die! Yi chengying shouted coldly as he held a long sword in his hand and slashed it down from the sky. Although he was only a one-star Martial Emperor, he was still confident that he could kill Yunxiao.

"You're the impudent one!"

Suddenly, a cold and strange voice came. Yunxiao had released his two disciples without anyone knowing.

Mo Xiaochuan sneered, "don't you like to be in the limelight?" I'll give this scum to you. He seems to be an elder of the sea of soul formation."

Chapter 750-finally on stage

Young Emperor haolian snorted lightly. Without saying a word, his fist intent soared into the sky and instantly obliterated the sword Qi. He then threw a punch, wanting to annihilate the Yi Cheng Battalion!

"What?"

Yi chengying was shocked. The other party was able to suppress him with his bare hands.

"Hmph!"

Hmph! Heng Yuan snorted coldly, and a question flashed in his heart at the same time. He did not see how these two people appeared, so he thought there was something strange about them. With a casual wave of his hand, a crack suddenly appeared in the sky, directly tearing apart shaohuang hao lian's fist intent world!

"What?"

Yunxiao and the others were taken aback, and so was haolian shaohuang himself. Although he was only a two-stars Martial Emperor, the strength of his fist intent had reached the immortal realm, and it was almost stable at the peak. Such a powerful punch could be crushed, but no one could tear it apart. However, Heng Yuan had done it!

Yi chengying immediately teleported and hid behind Heng Yuan. His face was deathly pale as he glared at shaohuang hao lian with a venomous look.

At this moment, the experts of the sea of soul formation also made their moves and surrounded the three of them. Among them, there were three martial Supreme powerhouses with overbearing auras.

“Eh? Not bad, not bad. It’s my turn to be the main character.”

Mo Xiaochuan narrowed his eyes, and the killing intent in his body suddenly rose. He stared coldly at Heng Yuan with endless killing intent.

Heng Yuan’s expression was also cold, and he looked straight at him without the slightest fear. The two of them stood opposite each other in the air, and the spiritual pressure of the five elements spread out, making the people around them feel a burst of oppression.

Yunxiao, on the other hand, glanced worriedly at the battle between the two devils in the sky. Both of them were transformed from true demonic energy, and the sky was filled with demonic shadows. He could no longer tell who was who, but he felt that it was extremely tragic. This was the time to take advantage of the situation.

He looked at the crowd and said, “everyone, although I don’t know what your purpose is, it can’t be that you want to be slaves to these two devils, right?” Why don’t we bury the hatchet first, and after the two devils are done fighting and exterminate them, we’ll settle our grudges.”

“Impudent!”

Heng Yuan’s face turned cold and he said sarcastically, “How dare you talk about eliminating the demon Lord? you’re really ignorant and don’t know what’s good for you. We cultivate demonic techniques, and the demon master is the God we serve!”

stop joking,” Yunxiao chuckled. it’s true that you cultivate demonic Arts, but you are fundamentally different from the slaves of the two devils. Do you want to lose your mind like that?”

Everyone in the sea of soul formation felt a chill in their hearts. A few of their companions had already fallen into bedevilment. That state indeed made them shudder and all of them revealed a look of horror.

don't try to sow discord! Heng Yuan suddenly shouted. no matter what we do, we must get rid of you first!

His hands moved in front of him and devil seals began to appear. It was very similar to the technique used by the great devil.

Mo Xiaochuan snorted coldly. He placed his right hand on his forehead and sword Qi began to spread.

The battle between the two of them started as soon as it started. At this moment, a loud roar suddenly came from the sky. It was Di Jun's unwilling roar.

Everyone was shocked and suddenly looked at the sky. They saw the demonic shadows fighting fiercely, but the strength was gradually being determined. Di Jun's injuries were too serious, and he couldn't perform the battlefield of ancient gods. The more he fought, the weaker he became. Just now, he had let out a roar because his third avatar had been snatched by di Jia!

haha, hahaha, I finally got it. I'll spare your life today, you piece of trash. Wait for my arrival!

After di Jia got the clone, he was not in the mood to continue fighting. He grabbed the clone and was about to leave. The clone's expression remained cold throughout the battle between the two, as if the long years of suppression had caused him to be unable to completely wake up.

"Bastard! Don't go!"

Di Jun roared, his eyes were red, and he chased after them.

Di Jia smiled coldly. Suddenly, his face changed and he said in horror, "Eh? What's going on?"

His eyes fell on the clone, only to see that the face that was exactly the same as his was extremely cold, and the corners of his mouth seemed to have a hint of a sneer!

This feeling made his entire body tremble. A wave of horror rose from his heart and spread out uncontrollably!

“This is a Kasaya.”

A drop of cold sweat the size of a bean dripped down from di Jia’s forehead, and he made a swallowing sound from his throat. He suddenly tore the shirt of the avatar, and his pupils suddenly widened!

In the distance, Di Jun rushed over with a mad roar. He raised a breath of demonic Qi and wanted to attack, but he was also attracted by di Jia’s strange movements. He looked at the avatar and was also shocked. He cried out, “Empty shell?”

The clone’s chest was empty. Not only that, there were black patterns on the clothes that were originally covering it. They interwove together to form a chain array that was emitting a bright black light!

“This is the devil explosion formation!”

Di Jun stopped in shock and his forehead was covered with cold sweat. The demonic power that was about to attack di Jia suddenly appeared in front of him and formed a layer of defense. The ancient gods battlefield was once again activated by him!

Di Jia’s face turned even uglier and he roared, “You’ve been holding it in your hand for so long and you didn’t realize it was fake! Are you a pig!”

He roared unwillingly and threw the empty shell away. He then used his escape technique to travel ten thousand miles in an instant!

However, it was too late. The moment the empty shell was smashed out, it released an intense black light. It shot out like a Black Moon, devouring the void!

“Boom boom boom!”

The demon master's empty shell finally exploded, and the whole sky turned dark in an instant. There was no light at all. Di Jia and Di Jun were swallowed up in an instant, and the whole world fell into an endless black light.

The people below were also completely stunned by this sudden change. For a moment, they stood there in a daze. In any case, they couldn't see a trace of light in their eyes. At this time, they couldn't even start a flame. They were all covered in black light.

This dark phenomenon lasted for a full ten minutes before the black Qi in the sky gradually dissipated. There was no one in the sky, and he didn't know how the two devils were doing.

"D-are you dead?"

Heng Yuan was the first to look shocked. Obviously, he could not accept this fact at once and was a little absent-minded. In his impression, the demon master should be invincible and indestructible. How could he have been blown up?

"Yes, he shouldn't be dead, but he's heavily injured. I'm guessing he's hiding somewhere."

The look on Yunxiao's face was extremely serious as he swept his eyes across the sky, hoping to find something.

"How did you know?" Heng Yuan was stunned.

those slaves who were demonized by di Jia are not dead," Yunxiao said indifferently. that proves that their master is still alive. As for the other great demon, did you see that Saint artifact? If the master dies, the Saint artifact will become an ownerless object, and will naturally float in the sky. There's nothing in the sky, so these two people have hidden themselves. I'm afraid their lives are in danger."

Heng Yuan could not help but give Yunxiao a few more looks. He did not expect this man to be so meticulous, and the look in his eyes became extremely complicated.

I didn't expect both of them to fall into a trap," Yunxiao said with a solemn expression. since the avatar is a fake, where is the real one?"

Everyone's hearts were moved. Xu Chu and the others' hearts sank. They had originally hoped that they could take advantage of the two great demons when both sides were injured. They did not expect that there was an even more troublesome figure hidden.

All of a sudden, the sound of soil bags loosening came from not far away. Everyone's bodies trembled and they looked over vigilantly. At this time, no one could relax.

...

A plant was slowly moving over, constantly cracking the soil bags. The fruit hanging on the plant was black and emitting a dark light, which made people feel cold in their hearts.

However, those who had been demonized suddenly widened their eyes as if they had seen the most delicious food in the world. They roared and rushed forward.

Without the presence of the great demon, these demonized people's minds were no different from normal people. However, at this moment, all of them had lost their minds and were desperately trying to grab the fruit.

a demonic energy fruit?" Yunxiao was taken aback. a demonic energy fruit?" He had even collected one in the divine realm tablet. He only knew that it was extremely strange, but he didn't know what use it had.

Suddenly, a crack appeared on the devil essence fruit and gradually spread. A black light shot out from it and completely opened the fruit. What shocked people was that a human figure walked out from it. That face was no different from the two devils, and he had a cold smile!

"?! A great demon?"

Everyone's body trembled as they retreated in shock.

The great devil sneered and suddenly transformed into a demonic form that was several times taller. It opened its mouth wide and rushed over, swallowing all the demonized martial artists who were so frightened that they didn't know how to escape.

They wanted to eat fruit, but they were all eaten by fruit!

Everyone looked at this scene in horror, their eyes filled with fear!

The demon kept chewing. After he finished eating, he glanced at Yunxiao and flew straight into the air. Standing in the sky, he suddenly cast an incantation seal, which enlarged infinitely.

...

At this time, several black lights flew up from different places and rushed towards the demon. Everyone looked at each other and saw that they were all demon essence fruits. There were big and small fruits, and they were all quietly floating around the demon. There were a total of seven!

The most shocking thing happened. The demon energy fruits started to crack one by one. People with the same appearance walked out from each fruit. However, according to the size of the fruit, the Qi of the great demon was also different. The great demons that walked out of the fruits all had a cold smile on their faces.

The first great demon suddenly opened his mouth wide, and the seven people who came out later flew into his mouth, letting him devour them. After swallowing seven people in succession, his body began to gradually change. He seemed to be in some pain as he fused the power of the seven people.

Everyone looked at this scene in a daze. After the time it took to brew a cup of tea, the great demon finally merged the seven people into his body and opened his eyes.

The devil's eyes flickered with anger as he roared in the sky, " "Why is there one less? Where did he go?"
