

The Eternal 751

Chapter 751-crisis

The demon's roar reverberated in everyone's ears. They could feel the ground shaking. It wasn't just a strong roar, but it also showed his anger.

Yunxiao's mouth was wide open, and his face was blank. Cold sweat oozed out of his hands. The demonic energy fruit was in his divine realm tablet, and he did not know if the demon would be able to find it. If he was discovered, could he still escape?

Right now, everyone's heart was no longer thinking about how to defeat the demon, but how to save their lives.

The great demon glared down and said coldly, "There's also a fruit. Have any of you seen it before?"

All the people under his gaze shook their heads in horror and kept stepping back. Yunxiao shook his head with them, but his heart was sweating.

the demon's expression became uglier and uglier. He said coldly, "You think I won't know if you don't tell me? The person who hid my fruit, you will drag everyone down with you. Do you have the heart to do that?"

He pointed his finger down from the sky, and an expert of the sea of soul formation was lifted into the air. His entire body was completely restrained, and he revealed a look of horror. No matter how he struggled and screamed, it was useless.

"If no one says anything, I'll start killing them one by one. Don't you care about the comfort of your little friends?"

the demon looked at the martial artist coldly and clenched his fingers. The martial artist exploded in the air and turned into meat paste after letting out a scream.

His gaze swept across everyone's faces, and he couldn't help but frown slightly. He said in a cold voice, "Looks like you're really a group of cold-blooded humans. When this person died just now, none of you showed any sadness, only fear. Forget it, I'll search your souls one by one!"

His gaze fell and began to search for a target. Everyone who was stared at by him felt a chill run down their spines.

my Lord," Heng Yuan said hurriedly. I'm the successor of the demon servant Yan Xi!

the demon looked at him and was stunned for a moment. He then smiled coldly, "Yan Xi's successor? What's the use of having such weak strength? Yan Xi is only a demon servant, I can make as many as I want. Since we have some relationship, I'll search your soul first."

He raised his hand and struck down with his palm. A ball of demonic light flashed in the air and fell like a meteor across the sky, falling to the ground.

Heng Yuan's face changed drastically, and with a look of horror and anger, he roared, "You're not the demon Lord, Sir di!"

He jumped up in shock and retreated with great speed.

Everyone scattered like birds and beasts with a "Hua la." Who would dare to resist that demonic Qi in the air!

Finally, it landed on the ground, and it was like a thunderclap, shaking the earth and mountains.

Yunxiao and the people of Yuansi retreated in one direction, while the people of the sea of soul formation and The Fiend slaves went in another direction. Immediately, they formed two camps.

At this moment, a few more martial Supremes flew into the camp. They were the ones who had surrounded the crocodile earlier. Although they were injured by the giant beast, they were not in serious danger. At this moment, the world had changed drastically. They did not dare to stay alone anymore. They gathered around to seek warmth.

Among them was Xia Yunan. His eyes fell on Yunxiao, but he hesitated to speak.

He was the only one here who knew that Yunxiao had taken the demonic energy fruit, but Yunxiao's mysterious strength and cold warning look made him shudder, and he did not dare to say a word.

The demon looked at the ant-like crowd and laughed, "Haha, Demon Lord Emperor? He no longer exists. You can call me di ye. I am the demon master of this era!"

His laughter suddenly stopped, and a sharp light flashed in his eyes. The corners of his mouth curled up, revealing a trace of ridicule. He sneered, "You finally can't take it anymore? Haha, how sad! You want to absorb and refine me with your intelligence? what a joke!"

Di ye's body suddenly rushed down into a Hill, and a shocking demonic Qi exploded.

Then, a black shadow rushed out and fled to the horizon. Di ye chased after it, his hands constantly making hand seals. He immediately cast an incantation seal in the sky and imprisoned the black shadow in the distance!

"Bastard! Let me out!"

The imprisoned black shadow was Di Jun. He had wanted to escape when di ye attacked, but he had not expected to be trapped in the cage.

At this moment, Di Jun was like a lamp without oil. He had turned into a demon and was baring his fangs and brandishing his claws. He looked ferocious and terrifying, but everyone knew that he was an arrow at the end of its flight and it was difficult for him to escape this disaster.

"Let you go? With my status, you're actually so stupid that I let you out to embarrass myself?"

"I was just bluffing when I attacked those humans just now," di ye said with a cold smile. Do you think that with my methods, if I wanted to kill them, who could escape? The purpose was just to lure you out. I didn't expect that there would be fools who fell for it!"

you want to absorb me?" Di Jun roared angrily. I'd rather detonate my true devil essence and die together with you!

"Hmph, self-destruction? That's only if we have the chance!"

Di ye moved over in an instant and punched Di Jun's body, extracting his demonic essence. Di Jun's face turned pale under the powerful demonic shackles. He tried to resist but to no avail, and his aura became weaker and weaker.

on one side, xia yunan suddenly said, "lord xu yu, what should we do now? If di ye absorbed this stupid demon, I'm afraid his strength will double, and we'll all die."

Xu Yu's face was still pale, and she shook her head bitterly. "I've already exhausted all my Yuan Qi. It's impossible for me to recover in a short period of time. What other methods do I have?" His eyes fell on Yunxiao as he said, "Little friend, do you have any ideas?"

Now that all of them were injured, Yunxiao and the others had become their backbone.

Yunxiao's eyes flickered with determination as he said, "Why don't we escape now? di ye hasn't finished absorbing the other party yet, so he probably won't have time to care about us. If we don't leave now, we'll be finished. But how do we break through this dense demonic cloud?"

Xu Yu nodded and said, "I was thinking the same thing. I've been observing this demonic cloud since just now. It seems that nothing can be broken. now that i've created a gap in the formation, i no longer have the strength to use it anymore."

Just as everyone was worrying, a voice suddenly rang out. It was filled with bitterness as it said, "You can't break through this demonic cloud. It's basically a world of its own, unless you can break through a world! Or perhaps I can help you."

"Who is it?"

Everyone was shocked and became alert. They followed the sound and saw the great demon di Jia sitting not far away, adjusting his breath. His breath was extremely weak.

“Devil!”

Everyone was shocked and drew their weapons, ready to fight!

stop! Yunxiao shouted. stop! He looked at di Jia and suddenly smiled. my Lord, ” he said. it’s an honor to come.

Di Jia’s face was listless and he snorted weakly, ” “Don’t laugh at me, it’s just the winner takes all, I’ve lost this time. But now, they were all in the same boat. If they did not cooperate, they would all die. Whether it’s me being absorbed by that clone or you guys being killed by him, none of these are things you guys want to see, right?”

that’s true, ” Yunxiao nodded. then, how can you help me break the demonic clouds? ”

I don’t have the power to help you break the demon clouds, ” di Jia said. you have to rely on your own power. But I know the way to break the demon clouds. As long as the demonic clouds are broken, I can escape with ease, and so can you.”

that’s good, ” Yunxiao said. please tell me the way to crack it. I’m afraid we don’t have much time. He looked up at the sky worriedly. Di Jun’s aura was getting weaker and weaker. He was afraid that he would not be able to hold on for much longer.

Di Jia stopped talking nonsense. He stood up and a large amount of true devil Qi poured into his hand, constantly transforming into all kinds of devil seals and hitting them into the ground. Around him and in the sky, the butterfly-like demonic patterns were gorgeous.

Both Yunxiao and Xu Wan’s pupils constricted as they watched with wide eyes. They had never seen such a hand that performed incantation seals, and their Alchemist instincts made them watch intently without blinking.

Soon, a huge circular field could be formed around di Jia, emitting demonic Qi, but it was very weak.

Di Jia explained while setting up, " "This demonic barrier of mine is the same as the demonic clouds of my clone. What I need to do now is to use the Zheng to counter the Qi. However, my strength is too weak, so I need you to pour your Yuan power into it to succeed."

...

our primordial energy seems to be in conflict with your fiend energy," Yunxiao said suspiciously. isn't it?"

Di Jia glanced at him and said indifferently, " it's indeed conflicting. What I need is your elemental energy to mess up my magical barrier field, and then the production field will explode. It's not difficult to make a hole in the magic cloud.

"I see," Xu Xu said,"then the more chaotic the power is, the better it is."

Di Jia nodded. that's right. Your Yuan power is one of them. The power of tainted blood is another.

There were two other martial sovereigns from the blood God Palace who were present. Their expressions changed slightly and they nodded in agreement.

"I'll handle the tainted blood!"

A vigorous voice was heard as a beam of blood light fell from the distance and turned into the figure of the blood God. However, when his eyes fell on Yunxiao, he was no longer as calm as before. "However, I have a condition, and that is that this person must be given to me!"

Mo Xiaochuan and haolian shaohuang's expressions darkened at the same time. They were on high alert. They had fought against the blood God before and knew how powerful he was.

"If that's your condition, then you can take a break," mo Xiaochuan sneered.

The Scion's face was filled with killing intent as he coldly said, in that case, no one should leave. We'll wait here for the demon to descend!

Although he had successfully expelled the devil Qi from his body, his vitality had been greatly damaged. He did not want to fight mo Xiaochuan head-on in such a complicated situation.

...

However, he would rather everyone die than lose the blood fiends. Besides, he speculated that Yunxiao still had a Supreme-grade Mystic artifact, which was an important reason why he could not let him go.

The blood God's determined and unyielding appearance made the atmosphere tense.

Chapter 752-consecutive variables

Xu Xu frowned and said with a hint of anger, "Blood God, you can settle your personal grudges with him after this. How can we allow you to mess around in this time?"

The Scion's face turned cold as he said, "I'm sorry, Lord Xu Chu. This time, we have to settle our grudges! This kid's escape technique is extraordinary. If he goes out, I really don't have the confidence to catch him!"

At this time, Xu Fang and the people from the Holy region were seriously injured, and he was too lazy to care about his face.

Xu Yu's face revealed an unhappy expression as he didn't expect the blood God to dare to attack Wu ni at this time. However, everyone was injured, and he was the strongest. It wasn't good to forcefully order him, so he could only say, "I can deal with it. You can state any conditions you want."

no conditions! the Scion shook his head. I must have him!

Xu Yu was furious. She did not expect the blood God to be so ungrateful. She said coldly, "Lord Blood God, you're really giving me face!"

The blood God's face flickered, and his eyes flickered. If he completely offended the sacred zone, he would not have a good ending even if he got Yunxiao. Unless he refined the blood fiends and the transcendent-grade profound level weapons, that would be the case. After pondering for a while, he said, "Since you've said so, I, the blood God, can't be stubborn. Alright, I'll settle my personal grudges after this matter!"

Yunxiao was taken aback by Blood God's sudden generosity. He knew the secrets of the blood fiends, and those things were shocking enough, so there was no way the other party would give them up.

The Scion of the blood God looked at him coldly and began to pour his bloodstained Qi into di Jia's magical barrier. The other two disciples of the blood God Palace also took action.

"Everyone must do their best and work together to get through this difficult time!"

Although Xu Yu and the other three survivors were gradually recovering their strength, they were basically disabled. They could only give everyone some spiritual encouragement. "As long as you pass this tribulation, you can all come to the Holy region to find me to receive your rewards!"

The rest of the martial artists poured their own elemental energy in without holding back. Even if Xu Yu did not promise any reward, they would still fight with their lives. Otherwise, if the demonic cloud was not destroyed, they would be dead when di ye finished attracting Di Jun.

Di Jia's face was solemn and calm. He began to cast spells, guiding the power to run through the entire magic barrier.

Demonic energy, blood, and vital Qi-the three-colored power circulated in the enchantment. The enchantment continued to expand as if it was going to burst open the demonic energy. The three forces gradually merged and gathered toward di Jia, who was in the center.

Di ye, who was in the sky far away, noticed something strange. A trace of anger flashed across his face. He let out a roar and accelerated the absorption of Di Jun. If di Jia escaped, it would be a waste to chase him back.

In the camp, everyone was nervously looking at di Jia's wizardry barrier. Sure enough, after absorbing a large amount of energy, it did not disappoint. It gradually opened up a space, allowing a trace of light from the outside to come in, bringing everyone endless hope.

"It's opened as expected!"

The clone of Blood God's body trembled, and a fierce look flashed in his eyes. Suddenly, his aura changed. While pouring the power of bloodstain into him, he sent a stream of power from his left hand at Yunxiao. A sea of blood opened up, and in an instant, a blood slave at the level of a Martial Emperor was formed, which swallowed the defenseless Yunxiao in one gulp!

"Ah?"

This sudden turn of events shocked everyone. Mo Xiaochuan and Shaohuang Haolian were even more enraged. They no longer cared about maintaining the energy barrier and immediately attacked.

"Blood God, you broke your promise!" Xu Yu was also furious.

The Scion of the blood God laughed coldly and controlled the blood slave to charge toward the light in the barrier. He then cast the blood ignition art and quickly formed several hand seals in front of him, blasting Mo Xiaochuan and the other man away!

"When did I break my promise? Didn't the barrier break? Since the matter is settled, it's time to settle my personal matters. Lord Xu Yu, everyone, goodbye!"

The Scion of the blood God laughed and rushed toward the light with the blood slave. However, his expression changed in an instant as he found that he was blocked by an invisible force. He suddenly looked up at di Jia and said angrily, "What's going on?"

Di Jia's face was still calm, but the aura on his body gradually changed. He no longer looked like a lamp that was half-dried up, and his eyes were flashing with a bright light.

"You coward!"

Blood God's heart trembled and he said in horror, [your condition is not good.]

Di Jia opened his mouth slightly and said in a cold voice, " you piece of trash, I was almost fully recovered, and you actually destroyed the energy transmission at the last minute. Damn it!

"?! What? You're actually using our power to recover?"

The blood God was shocked. Di Jia raised his hand, and black light flashed in his five fingers. Then, several rays of black Qi slammed down, fierce and unparalleled!

"I'm angry! You're the one who should die!"

The clone of Blood God was furious. He burned his blood essence and cast a spell at the same time as the martial Supreme blood slave. They combined and blasted out together!

"It's no use. This barrier is like my world. All of our powers will be suppressed."

Di Jia softly spat out two words and said, "Obliteration!"

"Bang Bang Bang!"

The black Qi directly broke his blood print and entered his blood slave's body, causing a bloody mist to burst out.

The blood God was shocked. There was indeed something strange about this enchantment. He was injured by a single attack. He no longer dared to stay in the enchantment and rushed out with his blood slave.

This sudden turn of events, not to mention the blood God, even Xu Yu and the others were completely stunned. They fell into an unprecedented sense of powerlessness. They were completely helpless when the blood God went back on his words. Who knew that di Jia was even more sinister? he had been tricking them from the beginning!

Xu Xu trembled with anger and said, "A bunch of untrustworthy people!"

"Oh? Did I not keep my word?"

Di Jia's mouth curved into a smile and said, "It's you who misunderstood. This demon cloud has indeed been split open by my barrier. The light you see is not an illusion, it's indeed the sunlight from the outside. However, Yingluo "

He revealed his cunning teeth and chuckled, "It's just that I'm the only one who can leave. The only regret is that I didn't recover 100% of my strength. I've never been stingy with punishing those who destroy it!"

A cold light flashed in di Jia's eyes. He formed a seal with his hands, and the surrounding wizardry immediately condensed into his palm. It turned into a highly concentrated black energy ball in his palm, which shot toward the blood God.

The black ball instantly rushed out and stopped in the air a moment later before suddenly exploding!

"Boom boom boom!"

The powerful black light swept across everything and washed across the earth without restraint.

This explosion immediately attracted the attention of di ye and the other camp of the sea of soul formation. They all cast their gazes over.

The clone of Blood God and the blood slave were the closest to the explosion, so their bodies were blown to pieces in an instant. A large amount of blood Qi flowed out, and the demonic Qi poured directly into his body, crazily destroying his other physical bodies.

The blood slave was directly annihilated by the impact of the explosion, turning into a bloody mist. A beam of light rushed out of it, and it was Yunxiao, who was unscathed. With a sneer on his face, he turned to di Jia and said, "Thank you!"

Di Jia snorted coldly. I'm just punishing the person who interrupted my plan. As for you, you have a lot of things that I want. Keep them safe!

After he finished speaking, he stepped into the light and was about to disappear in front of everyone. As di Jia stepped in, the light circle gradually shrank. It was obvious that he had calculated that he would be the only one to leave.

In the explosion of the demonic light, a few more people died. The rest of the people looked on in despair. Their power had been drained, and they had been hit by di Jia. They were basically disabled, and their hearts were filled with despair.

Shua shua shua!

...

Just as di Jia Shou stepped into the light, the sound of chains suddenly came from the air, as if it came from an infinite distance.

The crowd only saw countless chain shadows swaying in the air, leaving afterimages. Finally, they wrapped around di Jia dozens of times before stopping.

it's you?" di Jia's face changed and he said coldly.

A man slowly walked over from the air. It was Heng Yuan. Without any expression on his face, he said lightly, " "It's me."

"Why?" di Jia asked.

He didn't understand. Since Heng Yuan was the successor of the demonic servant, he should naturally be loyal to him. Frowning, he seemed to have thought of something and recited, " "It's that clone? You're planning to join him?"

Heng Yuan shook his head slightly, smiled, and said, " "Of course not. I'm me, I've never intended to rely on anyone from the start." His face gradually twisted as he said coldly, " the reason why I was so anxious to find the demon master and release him was to seize his true demon essence force and refine his body!

"What?"

Di Jia was furious. Although they were going to target di ye, they were all separated from the demon Lord Monarch and were originally one. Heng Yuan's idea made him extremely angry, and he shouted, " you, a mere descendant of a demonic servant, actually dare to betray me!

"PAH!"

Heng Yuan spat and said disdainfully, " "What demonic servant? that's just Yan Xi from a long time ago. I merely cultivated demonic techniques! For countless years, my master, Grandmaster, great Grandmaster, and so on have all been trying to find you and refine you! Do you really think you're an undying and invincible existence? Big brother, the times have changed. The realm of heavenly martial arts is no longer the realm of heavenly martial arts of the past!"

...

His face revealed a trace of malevolence as he sneered, " "As for a mere demon like you, in the eyes of us humans, you're just a laughable loser! And you call yourself a demon master, where does your sense of superiority come from? After I refine you, I'll be able to attain a Supreme true fiend body and even cultivate your true fiend Dharma idol!"

After saying that, Heng Yuan took a step in the air and walked toward di Jia, who was bound by chains.

Chapter 753

753 The best fiend slave

The entire sky fell into a terrifying silence. Everyone was dumbfounded as they looked at this scene.

There were so many variables that they were at a loss. Fortunately, Xu Yu and the others were exhausted. They had no choice but to wait quietly.

Di Jia gradually calmed down his anger, and his eyes burst into a cold light. He said coldly, "Do you think you can capture me with just a piece of trash like you?"

"I'm not sure, but if I lose this opportunity, I'm afraid there won't be a next time," Heng Yuan said proudly. Choose between you and the one in the sky, I choose you!"

Di Jia snorted angrily. you won't die if you don't seek death. That's an eternal truth! Since that's the case, I'll have one more demon slave before I leave, so that you'll never betray me!"

A cold killing intent burst out from his body. His hands formed a seal, and a stream of demonic Qi was compressed in his palm. Then, it suddenly burst out and scattered in all directions, shaking the chain.

Shua shua shua!

The shadow lock flew all over the sky, but it did not stop, making a series of crisp sounds, locking di Jia and crossing the sky!

Di Jia's pupils shrank and he said in shock, "It can lock the power of devil essence?"

Heng Yuan heaved a sigh of relief, and his eyes flickered with excitement as he said, "As expected, it worked. Demon Lord, this chain has been through the research and refinement of several experts, the collection of rare treasures in the world, and the painstaking efforts of countless generations. It was only

in my Grandmaster's hands that it was completely formed. It's no different from an ordinary profound level weapon, or even worse than an ordinary profound level weapon, but its strongest point is that it can seal demonic Qi!"

Heng Yuan sighed deeply with emotion. It's a pity that my Grandmaster wasn't as lucky as me. He had already turned into ashes before you were born. Only I, Chu Shengfeng, am the only one who is destined to obtain the true demon body and become the new generation of demon masters!

Yunxiao's heart jolted. The name 'Yu Shengfeng' seemed a little familiar, but he could not remember where he had heard it. At this moment, he and his two disciples were rapidly circulating their Qi and regulating their breathing. They were striving to recover to their peak strength as soon as possible so that they could deal with the unknown that was about to happen.

Seeing that the demonic vitality lock was working, Heng Yuan became more daring. He jumped up gently and landed on a swaying chain. He began to cast a spell with both hands, making the chain across the sky constantly change its formation, winding toward the center and tightening around di Jia.

Di Jia let the chains wrap around him. Anger appeared on his face, but he did not panic at all, which surprised Heng Yuan. He sneered tentatively and said, "Demon Lord, what are your thoughts before you die?"

Di Jia saw through his thoughts at a glance and said coldly, "You don't need to test me. If it wasn't for today's coincidence, perhaps I really would have fallen for your Dao." He raised his right hand and started to slowly circulate his mo skill.

Heng Yuan's pupils shrank, and he suddenly exclaimed, "What? This is Yingluo."

The red and white colors on di Jia's palm were spinning non-stop, like a Galaxy. It was the power of blood and vitality he had absorbed before. I can demonize and absorb the external power, but I can't really turn it into true demonic vitality. I can also reverse the demonized power.

"Demon slave, are you ready to die?" a murderous glint flashed in his eyes.

Two forces suddenly exploded from di Jia's body, shaking the seal of the chain. Heng Yuan stood on the chain unsteadily, as if he could not seal it.

"Boundless nature, demonic technique reversal!"

Di Jia shouted, and the two forces turned into a vortex with him as the center, constantly washing the chain. The chain made a sorrowful sound, and the formation that locked di Jia began to break.

Heng Yuan's face changed greatly. Such a coincidence had happened. At this moment, the devil Qi in di Jia's body had been completely reversed and turned into the blood and Yuan power that he had absorbed before. The power shook the devil essence lock and it could no longer hold on!

although neither of you are good people, I always feel that you are a much greater threat than him. If the devil essence lock can't suppress you, then what about my divine realm tablet? "

Yunxiao's voice suddenly rang out in the sky. In an instant, the divine realm tablet turned into a mountain, and an infinite gravity appeared around it, pressing down on the entire space until it was completely deformed and falling toward where di Jia was!

Di Jia was furious. li Yunxiao, don't forget that I just saved you! he shouted. is this how you repay kindness with ingratitude? "

Yunxiao kept performing incantation gestures to control the divine realm tablet as he snorted coldly and said, "Do you think that without you, the Scion of the blood God would have been able to hurt me? I just wanted to make a move after making a plan, but I didn't expect the situation to become more and more complicated. After thinking it through, I felt that you were a greater threat than Heng Yuan. As long as I killed you, the one in the sky would not be able to recover his complete Emperor body and would be killed sooner or later!"

"Childish!"

if the demon master could be killed so easily, " di Jia shouted angrily, " how could he have been suppressed by you for so long?! With a loud roar, his body suddenly enlarged and turned into a huge demon. He threw a punch at the divine realm tablet, shaking the earth and the sky!

As soon as Yunxiao moved, mo Xiaochuan and haolian shaohuang moved as well, throwing a punch and a sword at di Jia.

“Damn it!”

Di Jia gritted his teeth in anger, but there was nothing he could do. Although the divine realm tablet was powerful, it was still knocked back by his punch. However, mo Xiaochuan’s sword momentum made him feel depressed.

He instantly changed back from his demon form. With a flash of his figure, he dodged the power of the sword and counterattacked.

The shock caused by the punch on the divine realm tablet was too strong. All the people in the sea of soul formation in the distance flew up and rushed over. Many of them had been demonized by di Jia. When they saw their master, they lost their minds and rushed over with a roar.

what? ” Yunxiao was taken aback. Yu Shengfeng, stop those Devils! The rest of the people in the sea of soul formation will kill the devil Lord with me!”

Heng Yuan’s body trembled as he looked at Yunxiao with lightning-like eyes and said in a cold voice, ” “You know me?”

I just remembered, ” Yunxiao said with a smile. he’s very famous, and his name reverberates like thunder.

“Hmph!”

Heng Yuan snorted coldly and took back the devil essence lock, which was the nemesis of all devil essence power and a priceless treasure. He also knew that Yunxiao had asked him to stop The Fiend because he had The Fiend essence lock.

“Yi chengying, quickly kill the demon masters and leave these demons to me!”

Heng Yuan's chain crossed in the air and blocked the people who were rushing toward him. It formed a huge spider web in the air and pounced on those Devils who were baring their fangs and brandishing their claws.

These people were originally companions. Without di Jia's influence, their minds and everything else could be considered normal. However, once they were affected by di Jia, they became complete demons and lost all their rationality.

The cobweb formed by the demonic vitality lock flew over the air. Heng Yuan made a hand seal and immediately covered all of them in it. The net shrank rapidly and trapped everyone in the air, making threatening gestures and roaring loudly.

The rest of the people who had not been demonized felt a lingering fear in their hearts, and they rushed down to help Yunxiao kill di Jia.

Di Jia's face suddenly changed, and he was completely at a disadvantage. His body was constantly penetrated by various attacks, and his strength was getting weaker and weaker.

"Master! Damn it, damn it!"

The demons on the spider web unleashed their demonic Qi, but it was useless. Only one person, with a roar, not only turned into a demon, but her entire body also started burning. She suddenly broke free from the spider web's restraint. With her as the center, the sky was filled with sparkling sparks.

Clang! Clang!

The man broke free of The Fiend lock, turned into a huge fireball, and fell from the sky, flying toward Yunxiao and the others, burning everything in his way to ashes.

huoyin? " Yunxiao was shocked. huoyin? "

The woman who had set herself on fire was Huo Yin. She was a four-star Martial Emperor who had turned into a demon and burned. The power was unstoppable. Heng Yuan had intended to make a move, but his body began to collapse under the shocking power.

“What? This trash body!”

Ever since he had taken over Heng Yuan’s body, he had been making do with it. It was probably because the art of possession was to destroy the cycle of reincarnation and was not tolerated by heaven and earth. Every time he used it, he would consume a lot of energy, so he had kept it. However, at this moment, the body of a mere martial arts Grandmaster began to gradually collapse under the shocking power of the sound of fire.

“Damn it!”

...

Heng Yuan was unwilling to give up, but he had no choice. He instantly turned into a beam of light and escaped from the sea of fire.

Not only him, Yi chengying and the others also retreated in shock, not daring to block this attack.

A complicated look appeared in Yunxiao’s eyes. He sighed deeply and said, “Sigh, heaven’s will, let’s retreat.”

Mo Xiaochuan and haolian shaohuang, who had been waiting sternly and planning to fight to the death, frowned when they heard Yunxiao’s sigh and flew away.

Huo Yin’s shocking momentum suddenly slowed down and slowly landed in front of di Jia. She knelt down on one knee and called out softly, “Master.”

Di Jia was extremely weak at the moment. His face flickered under the light of the flame, and no one could tell what he was thinking.

The sound of fire not only burned her body, but also her soul power. She said anxiously, "Master, run! The tunnel is about to disappear!"

Di Jia stood there quietly and said, "Why do you want to burn your soul as well?"

Huo Yin was stunned. She didn't expect him to ask this question. She laughed and said, "Once you become a demon, doesn't that mean that even your soul belongs to master?"

Dijia's shadow was extremely long under the illumination of the flame, extending into the endless dark clouds.

He slowly turned around and ignored the sound of fire as he walked into the light circle.

...

Everyone widened their eyes and helplessly watched him leave until his body disappeared. Many people wanted to rush up and stop him. However, no one had the courage to go up as a four-star Martial Emperor had burned his soul to protect him.

The moment di Jia's figure disappeared into the ring of light, a faint voice came, "You are the best fiend Slave I've had in countless years."

The circle of light gradually disappeared with di Jia's departure, and the whole earth returned to darkness again. Except for the gradually Burning Man on Fire, there was no other light.

Chapter 754-seeing a Poria Cocos

The hope in everyone's heart also left with di Jia's departure, and all of them revealed a look of despair.

Just like that, Huo Yin's body continued to burn. It grew dimmer and dimmer before it finally extinguished.

"I'm furious! Why? why did you let him escape?"

Di ye's angry roar suddenly came from the horizon. He had seen di Jia's departure, and it would be extremely difficult to capture him next time. A manic emotion spread from his body!

"Hehe, there's no hope for you to form a complete true devil body. Not to mention him, even I won't fulfill your wish!"

Di Jun, who had been on the verge of death and waiting to be completely absorbed, suddenly spoke. A ray of dim light burst out from his eyes and he roared, "Even if I die, I'll drag you with me!"

A ray of light suddenly shot out from between his brows. He had actually taken out the battlefield of the ancient gods. It suddenly became bigger, and the body of the tower turned completely black, emitting a terrifying power.

you ... di ye's body trembled and he said angrily, "how can you still have such strong power?!"

Di Jun's eyes were filled with madness as he laughed wildly, "Haha, if you had been able to remain calm, I might have been completely finished. However, you're facing an existence similar to you. How can I allow you to be distracted for even a moment?"

His eyes were filled with determination. He was going to explode the battlefield of the ancient gods!

"?! You're crazy!"

Di ye was suddenly shocked. That was a holy weapon! Once it exploded, no one would be able to live! In his shock, he could no longer care about Di Jun and rushed towards the ancient gods battlefield. He wanted to subdue Di Jun, but his body suddenly trembled and he said angrily, "What did you do to the ancient gods' battlefield?"

Di Jun couldn't exert any more strength, and he kept chasing down from the sky. He still laughed and said, "Haha, do you think that the battlefield of ancient gods is the same as before? I've already created my own technique to insert it!"

Di ye's face changed and he suddenly said in a deep voice, "Trash! How can something refined by a failure be difficult for me?"

At this moment, he had absorbed most of Di Jun's power and had endless demonic Qi. His eyes glowed with dark light and a mass of demonic clouds appeared immediately. It gradually integrated into the battlefield of ancient gods, suppressing the violent power and slowly refining it.

Di Jun fell to the ground. He was so weak that he didn't even have the strength to stand up.

Suddenly, a ray of light flashed across the sky and headed toward Di Jun. It was Heng Yuan. With a look of ecstasy in his eyes, he shot out the devil essence lock in his hand and tied Di Jun up like a big dumpling, dragging him away quickly.

Di ye, who was high in the sky, narrowed his eyes, which were full of killing intent. Although Di Jun's true demonic vitality had almost been sucked dry by him, he was still like a bone that had not been gnawed. How could he allow others to taste it?

"Hmph! In my demonic clouds, it's useless no matter how you try to escape!"

He snorted coldly and felt full of confidence. He no longer paid attention to the people below and began to refine the battlefield of ancient gods.

"Young friend, is there any other way to deal with the current situation?"

Xu Fang asked again. After a long rest, she had recovered some strength, but it was still in vain to break through the demonic clouds.

Yunxiao's mind began to race. The only way to escape now was to hide in the divine realm tablet, but should he take these people with him? He became hesitant. If the divine realm tablet was exposed to be a Supreme-grade profound artifact, these people would have to be trapped like Yuan gaohan until he reached the peak of the Martial Emperor realm before they could be released.

"Let's see how it changes."

Yunxiao had no other choice but to relax his mind and sit down cross-legged to regulate his breathing.

Although this answer was within her expectations, Xu Yu was still a little disappointed. She said to Yi chengying, "Where's master Yi?"

Yi chengying's face was also blank. He had been following Heng Yuan's order, but after Heng Yuan killed the Devils in the devil essence lock, he had locked up Di Jun's broken body and disappeared. It was not known whether he had hidden or escaped directly, leaving them all at a loss.

Xu Yu looked at their confused faces and sighed deeply. "Who is that Lord Heng Yuan just now? He called himself Yu Sheng Feng, but why do I feel that this name is somewhat familiar, but I can't recall it at the moment."

Yi chengying's body trembled. He snorted coldly and did not say anything else.

Everyone appeared to be at their wit's end, but at their current cultivation level, they were all extremely determined people, so no one was willing to give up easily. They all began to take out and swallow all kinds of natural treasures they had accumulated to recover as much strength as possible.

Soon, di ye's refinement in the sky was coming to an end. He temporarily refined the battlefield of the ancient gods and suppressed the energy of the self-explosion. It turned into a ray of light and was absorbed into his left eye.

The faces of the people below turned pale. After di ye finished refining, it would probably be their turn.

"Tsk! What an ignorant person!"

Di ye looked down and snorted coldly, "Do you think that I can't do anything just because you're holding on to that clone's body?" there's also that demonic energy fruit," he said coldly. as long as it's in the demonic clouds, I can refine it all and devour it!

He suddenly raised his right fist and punched it into the sky. A black light shot out from his fist and into the endless darkness. Then, it slowly spread out in all directions, forming a circle with a radius of 1000 meters, covering the sky.

After that, di ye suddenly shouted and revealed his true fiend Dharma idol with three heads and six arms. His body suddenly enlarged, and the demonic patterns on his six arms were shot into the circle in the air, emitting strange patterns. With the appearance of those demonic patterns, an indescribable pressure of the world suddenly appeared and pressed down from the sky.

Everyone's expression changed drastically as they looked over in shock, not knowing what this person wanted to do.

Di ye kept sending out hand seals and snorted coldly, muttering to himself, you stupid humans and stupid clones of mine. When you started to plot against me, I was already aware of it. I divided my power into ten parts and spread them out on my own, forming nine true energy fruits and this demonic cloud barrier that covered the sky.

my initial plan was simple. At the very least, one or two of my avatars would be able to escape. However, I didn't expect the best outcome. The only regret is that one of my avatars managed to escape.

"However, it doesn't matter. As long as I refine this demonic cloud and everything within it, that demonic energy fruit and the other avatar's body will be completely absorbed by me. Therefore, no matter where you hide, no matter where you hide my devil essence fruit, it's useless! Ha, hahaha!"

At the end of his sentence, he unconsciously burst out laughing. A boundless demonic might condensed in the air and spread out, casting a shadow over everyone's heart.

He was actually going to refine the demonic clouds and the entire sky and earth!

If that was the case, it would be no different from refining space, and no one would be able to live!

Yunxiao's face flickered as well. No one knew what terrifying level the demon master's strength had reached at this moment. If it was comparable to a peak Martial Emperor, he might not be able to escape successfully even if he hid in the divine realm tablet.

The demonic clouds in the surroundings began to gradually rise into the sky. The entire space was shrinking rapidly, as if the world had become smaller.

Just as everyone was in despair and Yunxiao was about to unleash the divine realm tablet for the last strike, an elegant and calm voice suddenly rang out in the sky.

"There's no need to keep the feathers in the cage when a guest comes. Since ancient times, everything is like flowing water. A pine tree grows for ten li, and in his years, he still sees the birth of a Poria Cocos."

who's there?!

Di ye was shocked. He looked in the direction of the sound in horror, and his face revealed extreme shock.

Everyone on the ground was shocked. The sudden change was what they wanted to see the most.

Both Yunxiao and Xu Wan frowned. Suddenly, they seemed to recognize the owner of the voice, and their eyes widened in shock.

Xu Yu could not help but laugh. haha, it's him! We're saved!

The rest of the people were stunned. Although they did not know why, they were also happy in their hearts. To be able to make Xu Yu lose her composure and be so ecstatic, it was obvious that the person was extraordinary. At least in Xu Yu's eyes, she was 100% confident that she could save them.

...

"Sir, who is he?" Xia Yunan couldn't help asking.

haha, don't ask so many questions," Xu Yu said with a smile. anyway, we're saved. you've done well," he praised happily. you've reported the situation here to the sacred zone immediately. As expected, they've sent an expert here. I'll give you a promotion immediately when we get back!

Xia Yunan was stunned for a moment, then said,"Are you from the Saint-level? However, it hasn't been long since the news of my disappearance spread. How could they have arrived in time?"

Xu Yu laughed and did not say anything. She was obviously in a good mood.

Yunxiao narrowed his eyes and looked into the void as he murmured to himself, "He's the only one who can appear at this time."

There was no light at all from the source of the sound, and there was no sign of the demonic clouds being broken. However, a figure gradually appeared.

The man was wearing a black robe with golden patterns and a Yellow Belt with a child's pattern on his waist. His hair was long and his eyes were deep and sharp like the stars and moon in the sky. He looked fresh, handsome, and elegant.

However, this person now had a distressed expression and sighed. "I was playing chess with nanqiu Yu when I was summoned by Gongyang zhengqi."

He suddenly frowned and said,"four out of sixteen?" What a good move! I'll go and play my next piece!"

After saying that, the person ignored everyone's shock and gradually disappeared into the sky, leaving no trace.

"Ah?"

...

Everyone's mouth was wide open, and their faces were blank. Xu Yu didn't expect things to turn out this way. She pointed at the sky and cursed, "Y-y-you ..."

He couldn't continue, because there was no one in the sky.

Xia Yunan's face was covered in sweat. He said awkwardly, "Milord, this, who is this person? Is this reliable?"

Xu Yu glanced at him and said, "his name is Zhuo qingfan. Maybe, maybe, maybe, maybe, who knows, he might be reliable, Zhenzhen."

Chapter 755

755 Peak battlefield

On a precipice, a majestic waterfall fell from the heavenly chasm and shattered the Jade plate. At the far end of the waterfall, the sound of the wind and the sound of water intertwined, forming a majestic sound of nature.

On the other side of the lone Peak, a hexagonal Pavilion could be vaguely seen amid the mist, and the sound of a poem could be faintly heard coming from the pavilion.

An old man in a brown robe was sitting in the wind, drinking tea and drinking wine. He was savoring the chess game in front of him, and his face was full of joy. He recited softly, "I'm playing chess and setting down lanterns, the gentle breeze under the fan is accompanied by the slanting moon. Laughing at the flames of war rising in the world, cooking wine for self-entertainment and bragging."

The old man poured himself a cup of wine and drank it. He picked up a black piece with two fingers and placed it on the chessboard, making a clear and pleasant sound.

"Let's drink to clear our worries, and watch the beautiful light natural moat ocean. With a snap of the fingers, he howls and groans, the screen welcomes the morning glow."

As the elder's chess piece was placed, the sound of a poem echoed in response. The space on the other side twisted slightly, and Zhuo qingfan's figure gradually appeared. He smiled calmly and said, "Teng

Guang's heaven and earth formation actually had three different paths planned by you. If he knew about this, I wonder what he would think?"

Zhuo qingfan gently picked up a white chess piece and placed it on the board. The entire game changed, and a strange feeling seemed to be emanating from the chess board.

"Eh?"

The old man's eyes brightened, his eyes flashing with a bright light. With a soft sigh, he said, "He's actually able to create a fourth situation. This heaven and earth chess game is indeed subtle. Could it be that it's going to be integrated into all the formations in the world? looks like it's going to be fun."

Zhuo qingfan smiled and said, "it's just a child's game. I'm just playing around when I'm bored." Why don't we have Teng Guang come to your natural moat ocean one day and have a match with you?"

He also picked up the wine pot beside him and began to drink by himself.

"Haha, are you happy that I made a fool of myself?" the old man laughed.

The two of them smiled at each other and talked about the chess game. They didn't feel that they had gained much.

"By the way, have you completed the task Gongyang zhengqi asked you to do?"

"So fast?" the old man suddenly asked. I thought that the old man must have something important to tell you."

"Ah?"

Zhuo qingfan jolted and put down his empty wine glass. "I forgot. Your red cauldron wine is indeed very good. I'll come again next time."

Cold sweat appeared on his forehead. He stood up in a hurry and disappeared from the old man's sight.

The old man was stunned for a moment, then he chuckled and drank the rest of the wine, leaving behind an unpredictable ending. He turned into a beam of light and disappeared from the world.

.....

Eastern Region, Boneyard, inside the demonic clouds.

Everyone was shocked when Xu Wan revealed Zhuo qingfan's identity. Mo Xiaochuan and haolian gave Yunxiao a look of shock.

"D-Zhuo qingfan, Qianqian!"

Xia Yunan was dumbfounded. Then, he said excitedly, "it's actually the second Martial Emperor! His voice was filled with excitement. He had never expected to see the legendary martial sovereign in such a life-and-death situation. His eyes shone with excitement as he looked at the sky where Zhuo qingfan had disappeared.

After a brief moment of shock, the rest of the martial artists also smiled. It was certainly a joy to be able to admire the martial sovereign's elegance, but they were even happier that they could live. No matter where The Fiend came from or what tricks he had up his sleeve, there was no way he could be a match for Zhuo qingfan.

Xu Yu gave Yunxiao a meaningful look and said, "Young friend, you know Zhuo qingfan as well?"

who doesn't know the void Martial Emperor?" Yunxiao smiled indifferently. he just doesn't know me.

Xu Yu was not satisfied with his answer, and she said, "Then what about Yu Shengfeng? This name has been silent for many years, and even I only just remembered it. It's too abnormal for you to know about it!"

Yi Chengying's body trembled slightly, and a worried look appeared on his face. It seemed that the exposure of this name had caused some kind of worry.

he said that name himself," Yunxiao said with a smile. I just said it casually. I don't really know him. Moreover, even if I do know him, it only means that I'm well-informed and have extraordinary knowledge."

Xu Yu was speechless and snorted softly. He was getting more and more curious about Yunxiao's identity, and he thought that the first thing he would do when he returned to the Holy region was to thoroughly investigate this man's identity and find out what secrets he was hiding.

Xia Yunan swallowed and didn't dare to say anything. He knew that Yunxiao had a lot of ninth-tier Mystic artifacts on him, and he was the one who had taken the demonic energy fruit.

The atmosphere in the camp became more relaxed after Zhuo Qingfan's appearance, and they seemed to have forgotten about the danger in front of them. It was only when a wave of pressure as heavy as a mountain came down and Di Ye's fist was coming at them that they were so frightened that their faces changed, and they hurriedly scattered to avoid it.

"BOOM!"

A deep pit was blasted into the ground. Although most people managed to avoid it, there were a few people who reacted slower and died completely.

Di Ye obviously did not use his full strength in this punch. He looked at the crowd coldly and snorted, "who was that person just now? why was he able to come and go as he pleased in my demonic clouds?"

Everyone's expressions changed. It was only then that they realized that they had yet to escape from danger. Now was not the time to relax. Zhuo Qingfan seemed to have gone to play chess. Why was he not back yet? it couldn't be that he had to finish the game, right? Then everything would be over.

A sense of powerlessness welled up in everyone's hearts. At such a life-and-death moment, he still had the mood to play chess, completely disregarding their lives!

However, what could they do other than grumble in their hearts? even if they had the courage to curse, they could not find anyone to curse at. All of them were bitter in their hearts.

“Looks like I’ll have to ask them one by one,”

Di ye seemed to be very afraid of Zhuo qingfan’s appearance. His eyes narrowed, and a strange force spread out. Immediately, a martial artist was directly thrown into the air, and his face turned pale with fear as he screamed repeatedly.

“Be good, don’t be afraid. Tell me, what’s the matter with that person?”

Di ye squinted his eyes and smiled, looking kind.

But in the eyes of the warrior, it was no different from a demon. He said in fear, “ I’ll tell you, I’ll tell you. Please don’t kill me, my King. I still have an 80-year-old mother, 80 wives, and an 8-year-old son, eight aunt aunt.

“Bang!”

The martial artist’s body exploded into a cloud of blood mist in the air, and he was completely gone.

Di ye opened his squinted eyes and said coldly, “ So long-winded, did I allow you to say this?” His eyes swept down and picked up another person in the air among the frightened crowd. He smiled kindly and said, “ You’re not that long-winded, right?”

The man’s head was covered in cold sweat. He covered his mouth and shook his head desperately. His eyes were filled with fear.

“Bang!”

The martial artist’s body exploded as well, not even leaving behind a pile of flesh.

“?!”

The people below all retreated in horror. This devil killed people without blinking. He would kill if he was long-winded, and he would kill if he was not long-winded.

Di ye seemed to be very unhappy and said coldly, “I told you to say it, but you actually covered your mouth. Do you think I’m easy to bully?”

...

He looked down again, and a few martial artists couldn’t stand this strange and terrifying atmosphere. Their legs went weak and they were on the verge of tears.

“Wuwuwu, I’m not playing anymore!”

One of the martial artists finally had a mental breakdown. He picked up his long sword and rushed forward while crying and scolding, “You can’t play like this. I’ll fight you to the death, demon!”

“They’re all unreliable. I just wanted to ask something, why is it so difficult? Had the relationship between people become so cold? I’m very tired.”

Di ye gently grabbed the warrior, shook his head helplessly, and sighed, “It seems like I can only search for it myself.”

A wisp of demonic Qi went straight into the warrior’s head. In the blink of an eye, the head exploded like a smashed watermelon. A headless body fell from the sky.

Di ye’s face turned slightly serious as he muttered to himself, “so, it’s void Martial Emperor Zhuo qingfan, the second most powerful being in this era?” His eyes shot out a ray of light, as if an infinite fighting spirit had been ignited.

Aiya, it’s a good thing everyone’s here and there are no casualties. Otherwise, I’d really feel bad.

Zhuo qingfan's figure gradually appeared in the air, and he seemed to be relieved.

As soon as the crowd saw him, they were so aggrieved that they almost cried.

Xu Yu finally couldn't help but curse, "Zhuo qingfan, can you be more reliable? In the time you've played a piece, three people have already died. How can you be at ease?"

...

"Cough, cough cough!"

Zhuo qingfan coughed and said seriously, "As the saying goes, life and death are determined by fate, and wealth is in the hands of the heavens, how can we force it? Even if I'm extremely powerful, I can't change the fate of heaven and man. Lord Xu Yu, as the head of yuansi, why can't you even see through this?"

Xu Jing,"Yingluo."

"Haha, well said. Fate is fixed. You're here to die today. This is your destiny, void martial sovereign, Zhuo qingfan!"

A cold light flashed in di ye's eyes as he spat out the words. A majestic force gushed out from his body, and the entire demonic cloud rolled, accelerating its condensation, and squeezing everything.

Although the immortal demon master had not recovered all his strength, he could already overturn rivers and seas, collapse the sky and crack the earth with a raise of his hand.

The other one was a byword for the peak of the current martial Supreme-titled martial Supreme, ranked second among the ten immortal legends. He was a peerless figure who shone like a star in the sky.

The two of them looked at each other in the air, and the invisible spiritual pressure spread out like the might of the heavens. Everyone held their breaths, and their eyes did not blink as they waited for the world-shaking battle.

Yunxiao's face was solemn as well. Even he was a little nervous about this battle. The extremely strong pressure seeped into his body, igniting an endless fighting will of martial arts, and his eyes gradually turned into blood moons.

This kind of domineering battlefield should have belonged to him!

Feeling the fluctuation of the peak power, Yunxiao finally relaxed his fists and sighed in his heart. This is my battlefield, and I'll be back soon!

Zhuo qingfan glanced at di ye and said, "I have a suggestion, I wonder if it's possible?"

"Just tell me!" Di ye said indifferently.

"En!"

why don't we find a place to have a cup of tea?" Zhuo qingfan suggested. we'll sit down and have a few buns together. We'll bury the hatchet and become friends. What do you think?"

Chapter 756-shocking battle

that's a terrible suggestion. I think I'd prefer to turn you into a demon slave.

Di ye waved his hand, and the demonic clouds in the surroundings quickly merged into the huge circle in the sky, providing him with a steady stream of power. These demonic clouds were originally formed by one-tenth of his true demonic essence, so he could not waste any of it.

In particular, Zhuo qingfan's appearance had given him an extremely great sense of danger. He immediately made the first move, pointing a finger at the air and shouting, "True demon-earth sword!"

A huge black broadsword condensed in the sky and slashed down!

“You haven’t even finished speaking and you’re already acting, where’s your integrity? It seems like we won’t be able to have afternoon tea and steamed buns.”

Zhuo qingfan said unhappily. His body flickered in the air and met the black sword head-on. He did not Dodge or evade at all, and his entire body was actually shuttling through the huge true demon earth sword, unable to hurt him in the slightest.

“What?”

Di ye’s entire body trembled, and a look of shock appeared on his face. Zhuo qingfan was about to pass through in a few flashes, but di ye made a prompt decision and formed a hand seal with one hand, shouting, “Don’t recognize the body in the sword, octaves mirror!”

The black greatsword split open from the middle and transformed into a mirror of the netherworld. Pitch-black rays of light shone down, freezing Zhuo qingfan’s figure in mid-air.

Hmph, how can such a small skill be put on the stage? if this kind of strength can be the second in the world, then the people of this era are too weak!

Di ye came down from the sky and kept making hand seals. A demon slowly flew out of the octagonal mirror, opened its huge mouth, and swallowed Zhuo qingfan.

“Ah?”

The people below were all dumbfounded. Each and every one of them widened their eyes. They were all prepared to watch a world-shaking battle, so how could it have ended just as it had begun?

Mo Xiaochuan also looked suspicious. If he was only this strong, how could he have fought with his master and come in second?

He stole a glance at Yunxiao, but he saw that the latter was still staring into the sky with a calm expression.

Di ye's body also trembled. It was obviously impossible to succeed so easily!

the stars hang over the vast fields, the moon surges over the great river, the stars and the moon strive for brilliance!

Suddenly, a soft voice rang out, and di ye's body suddenly fell into a blinding light. Zhuo qingfan's figure gradually appeared in the air, and he pressed his palm down gently.

“BOOM!”

The light suddenly became stronger, like a dazzling flower that bloomed in the dark night.

Di ye's body was directly shattered by the power of the palm, turning into demonic Qi that flew around the light and immediately condensed dozens of meters away. However, his eyes were filled with intense shock!

Zhuo qingfan, on the other hand, only stared at the fading light with a look of admiration on his face. “What a beautiful flower of the moon and the stars. It's a pity that it's been contaminated by your demonic Qi and has lost its accuracy,”

Di ye's face was filled with horror. His opponent had crushed his true devil body with just one move. This was definitely the strength of a peerless expert. He no longer dared to have any feelings of ridicule and said coldly, “True fiend Dharma idol, fiend descends to the world!”

Di ye's body suddenly transformed into three heads and six arms, and a huge demonic shadow appeared behind him. Although it was not clear, it gave off a terrifying pressure, as if it was the God of this dark world, ruling everything!

“Since you’re called the void, and you were able to move freely just now, you should have some space secret techniques. But Yingluo ”

Di ye’s tone suddenly changed. A ball of dim light burst out from his left eye, and an ancient Pagoda slowly flew out and landed in his hand. He said coldly, but how can your void secret skill penetrate the world power of my Saint artifact? ”

The ancient tower suddenly became bigger, and di ye’s six arms began to change continuously. With the ancient tower as the core, they began to evolve the world and integrate into the demonic clouds.

Since ancient times, the pagoda had been connected to the demonic Lord’s mind. Although Di Jun had added a slight restriction when he repaired it, he had broken it by force. The demonic cloud was a territory that he had displayed, and the two were constantly combined and became one.

The demonic clouds began to gradually integrate with the power of the world, enveloping the entire space!

Zhuo qingfan’s expression finally changed. He stared at the ancient Pagoda and exclaimed, ” a transcendent-grade profound level weapon?!

Hmph! di ye snorted coldly and said, ” with the world power of this Saint weapon and my demonic cloud territory suppressing the space, I’ll see how you can still use the void secret skill!

He cast a few spells into the ancient Pagoda, which immediately transformed into a Pagoda that reached the heavens. It flew out from his palm and crashed down on Zhuo qingfan.

The ancient Pagoda shone with a brilliant light, as if it was a divine Pagoda or a celestial Pavilion. It did not seem to belong to the mortal world. Under the suppression of the power of the world, Zhuo qingfan’s eyes were filled with shock as he muttered to himself, ” it’s a super-grade mystical weapon, the Kasaya! It’s really a super-grade mystical weapon!

Yunxiao’s eyes were also filled with great shock. This was the first time he had seen someone use a Supreme-grade profound level weapon. Although the battlefield of the ancient gods was in ruins, it was,

after all, a profound level weapon completely refined by the demon Lord Monarch. Once it was used, its power was much stronger than his divine realm tablet!

He quickly recalled the scene in front of him, verifying the situation when he had executed the divine realm tablet one by one and integrated them.

Zhuo qingfan's eyes lit up after a brief moment of daze. A serious look finally appeared on his face as he raised his right hand. A green light gathered in his palm, slowly forming an ancient halberd.

Yunxiao's heart trembled as he said in horror, "He's going to use the vast ocean like dust in a battle of this level? Could it be that his void secret skill was really suppressed by the power of the world?"

This phenomenon shocked him greatly. He was both shocked and delighted. If that was the case, he only needed to refine the divine realm tablet completely. When he returned to the peak of the martial Supreme realm, he would be able to completely suppress Zhuo qingfan!

The rest of the people were also staring at the sky without blinking. It was rare to see a void martial sovereign make a move, but it was even more unheard of for him to use a Supreme grade profound level weapon. All of them were completely stunned.

It was not until Xu Wan heard Yunxiao's shocked Mutter that her body trembled. She reluctantly looked away from the sky and sized him up carefully again.

"Is that ancient Pagoda really a Supreme grade profound level weapon? Is this the Noah's ship that is rumored to be able to cross the other shore?"

"Are you stupid? Can't you see that this is an ancient Pagoda? Which part of it looks like a boat?"

"But Yingluo, wasn't the only Super Grade profound artifact from ancient times to now Noah's ship?"

"Yes, indeed! A transcendent grade profound level weapon is something that ordinary people can not fathom. Perhaps it can transform itself!"

“Right, it must be like this! Some time ago, he had heard rumors about the birth of Noah’s ship, but he didn’t expect it to be true! This demon must think that it’s cooler and better looking to turn into a tower!”

Everyone was discussing nervously, all of them filled with excitement and anticipation.

Zhuo qingfan held the halberd in his hand and felt the slight trembling of the profound level weapon. He opened his eyes and stared at the ancient Pagoda that was slowly descending. it’s indeed a Supreme grade profound level weapon to be able to make my vast ocean like dust feel fear.

Di ye’s Dharma form was like a demon in the sky. He laughed and said, Zhuo qingfan, although my transcendent-grade Mystic weapon is broken, it’s connected to me by heart. Even if it only has half of its power, how can you block it? ”

“I’ll bury you here even if it means that this profound level weapon will be completely scrapped!” He laughed hideously.

The ancient gods battlefield was originally in ruins. After Di Jun repaired it slightly, it had always been very careful and did not use it as much as possible. Unexpectedly, it was in di ye’s hands and he did not cherish it.

“I don’t know if a transcendent-grade profound level weapon can block it, but there’s something here that can!”

Zhuo qingfan said softly. His face was as calm as an ancient well. His halberd turned into a few afterimages as he pointed it diagonally at the sky. Green light rose from his body and pierced into the sky.

An indescribable law of heaven and earth shook in the sky, and the entire earth began to tremble violently. It was as if the sky was falling and the earth was cracking.

...

“This is a Kasaya.”

All the martial artists standing on the ground were shocked. Their bodies shook with the earthquake. In the distance, a tall mountain suddenly emerged from the ground like a bamboo shoot, constantly rising into the sky.

“Is that a mountain peak? Why do I feel awkward?”

Xia Yunan muttered to himself in horror. Suddenly, his body trembled and he said in horror, “That’s the Suan ni Dragon shell!”

A fearsome Dragon’s might surged from within the black clouds. The Dragon-shaped terrain, which had once given birth to an ancient true dragon, seemed to have come alive under Zhuo qingfan’s call. Its mountainous body stretched across the sky.

Zhuo qingfan furrowed his brows. The Dragon shell was simply too large, and it appeared extremely clumsy.

His long halberd whistled as it fell, and Heng began to spin in front of him. Rays of green light shot out, and the Dragon shell seemed to sense it. It continued to compress its body in the sky, and a large number of broken mountains and rocks collapsed from the sky, filling the sky with dust.

The Dragon’s shell finally condensed into a hundred meters. It slowly circled around his body with the halberd’s rotation, emitting a shocking Dragon Breath.

The dragon’s breath was actually used by him, spreading around his body, and the Dragon shape formed by the Dragon shell circled in front of him, like a Hidden Dragon in the abyss, ready to fly into the sky at any time.

“Dammit! He actually used this thing to block it!”

Di ye was furious. The power of the Dragon’s aura and dragon’s breath on the Dragon’s shell were fighting against the power of the ancient gods ‘battlefield, and they were not at a disadvantage at all!

...

“Boundless nature, devil descends to the world!”

A trace of determination flashed in di ye’s eyes. The huge shadow behind him suddenly opened its hand and grabbed the ancient gods ‘battlefield from the sky. It accelerated and smashed down!

Zhuo qingfan’s pupils contracted as an extremely powerful force emanated from his body. He said coldly, ” “It’s not that I’m afraid of your move, but my vast ocean like dust has been with me for a lifetime, and I don’t want it to die before me.”

His halberd glowed with a green light as the Dragon Shell’s power was unleashed. It was as if a peerless true spirit had been reborn. It opened its mouth wide and roared at the ancient tower!

Chapter 757

757 Shattering the void

“Gulp!”

Everyone on the ground swallowed hard. With the strength of a peak martial Supreme, he could even turn the terrain and mountains into weapons at will. Yunxiao felt that it was a pity. The Dragon shell was a unique item with extremely high research value. If it was lifted up by Zhuo qingfan, it would probably be completely destroyed.

Whether it was the battlefield of the ancient gods or the Dragon shell, they were both peerless weapons. The two overbearing forces slowly collided and the entire sky was instantly split into two completely different worlds, one green and one black, devouring each other.

The Dragon’s shell took form and bit the ancient gods ‘battlefield. It gradually rushed into the dark sky and suppressed the entire demonic cloud. However, at the same time, the Dragon’s body continued to collapse, and its Dragon Breath gradually weakened.

The Dragon shell had been dormant for countless years and was already in tatters. Now that Zhuo qingfan had forcefully pulled it out of the ground, it had become a one-time use item. When the final power contained within it was unleashed, the trapped Dragon would rise to the sky and tear apart the night sky!

Di ye's face changed greatly. At this moment, his demonic cloud became extremely unstable, as if it was being torn apart. Although it had not reached the point of collapse, it was almost there.

Zhuo qingfan stood with his halberd in hand and said indifferently, "Only this much? This transcendent grade profound level weapon has been covered in dust in your hands!"

His figure was like lightning, and in a flash, he appeared on top of the dragon's head. He raised the halberd in his hand high, and strange symbols that looked like dandelions floated out of the halberd. They emitted a faint blue light in the air, forming snowflakes-like crystals.

A faint blue domain gradually expanded at the intersection of black and green. With vast ocean like dust as the center, it emitted a territory-like domain. Within it, thousands of miles were frozen, accompanied by purple and green lightning.

Zhuo qingfan's eyes narrowed, and a faint, cold glint shone from them. The halberd in his hand gradually came crashing down, leaving afterimages in its wake. His movements were extremely light and slow, but the entire frozen lightning territory went berserk. It covered the green sky formed by the Dragon shell and charged into the dark night, as if it was going to tear the sky apart!

"Thousands of miles of ice seal a thousand pieces of jade, snow reflects the mountains and rivers, shocking the Thunder!"

The sharp edge of the vast ocean directly slashed toward the ancient gods' battlefield. The power of the world, which was gradually shrinking under the suppression of the Dragon shell, could no longer hold on under this move. The territory of the entire ancient God battlefield was broken in an instant. Even the tall black shadow holding the ancient tower was swallowed by the violent power.

The sky collapsed completely as if the entire world had exploded!

The huge energy soared into the sky and penetrated the earth. The ground where everyone was standing was constantly bombarded by various kinds of energy, creating black pits. Everyone was frightened, afraid that they would be swept into the violent force and die without a corpse.

However, heaven's might was too strong. Even if they were not hit by the energy, just the oppressive aura alone was enough to make many people tremble and find it difficult to control themselves.

“Boom boom boom!”

The sky directly shattered for a long time before a sound rolled over. It was already an endless echo, shaking everyone's heart and causing them to be torn apart.

At this moment, the demonic clouds in the surroundings had long disappeared, but it was still dark. This was because a huge black hole had appeared in the sky. It was slowly rotating as if it wanted to devour everything.

Zhuo qingfan, on the other hand, had his halberd on his shoulder as he hovered in the air before the black hole. He was as tiny as a grain of sand in the vast ocean, and he muttered to himself, “it actually broke through the void. Did I not control my strength well or did the devil have a way out?”

Zhuo qingfan's left hand was tapping his forehead as he muttered to himself, “Oh right, I just thought of something, how could I forget? what's the matter again, Yingluo?”

“Yes, yes!”

He muttered to himself and suddenly shouted, “Aiya! He remembered now, it was a transcendent grade profound level weapon! That devil actually has a Supreme grade profound level weapon!”

He frowned and raised his left hand in the air. A strange object fell into his hand and he looked at it for a while. “Is this the fragment of that Supreme grade profound level weapon? It seems that I broke it just now, but the rest of it seemed to have been taken away by him. No, I must get it back. This thing is very important!”

Zhuo qingfan kept a fragment of the ancient gods 'battlefield into his storage vessel. The halberd he was carrying gradually transformed into a ray of green light and disappeared from his body. His entire person gradually disappeared from the black hole.

"Have, have you left?"

After a long time, the energy in the world began to stabilize. Xia Yunan exclaimed, " "Has the void Martial Emperor left? What about the devil? Are you dead?"

All the survivors looked at each other, not knowing how to answer.

Xu Xu said,"Zhuo qingfan left, and that devil Wanwan seems to have run away, Wanwan."

That last move was so powerful that even he couldn't see it clearly, only relying on a little observation and speculation.

"He ran away?"

Xia Yunan was shocked,"he can escape from such a powerful force?" Is that devil really that powerful?"

Xu Yu also felt that something was amiss. Even though the other party had a transcendent-grade profound level weapon, he did not think that the devil was strong enough to escape from Zhuo qingfan. Zhuo qingfan has already gone after him. Perhaps Qianqian or Qianqian will be able to catch up.

After saying this, he had completely lost his confidence and looked dejected.

Yunxiao's eyes had always been a demonic blood-red color, and a terrible shape had emerged in them. At this moment, they gradually returned to their normal state as he sighed, " "That devil indeed escaped. He should have been prepared. Not only was the black circle able to refine the demonic clouds, but there was also a passageway behind it. No wonder he dared to fight Zhuo qingfan so fearlessly. However, I'm afraid that Supreme-grade profound level weapon is completely damaged."

Everyone was taken aback. They could not see the situation clearly, so how could Yunxiao see it clearly?

Many people sneered and looked at him strangely.

Xu Fang was greatly shocked. Although he did not believe that Yunxiao had seen the truth, he knew that this man was very mysterious and was by no means as simple as he looked. "Young friend, I still have many doubts about that devil. Can you come back to the Holy region with me? I'll treat you as a distinguished guest. You've helped me a lot today, so I'll definitely reward you greatly!"

Everyone was taken aback. The Holy region's distinguished guests were all heroes or sect leaders, who were at least high-level martial sovereigns or ninth-tier alchemists. Since when was it used on a young man who was a martial honor?

At this moment, the demonic cloud was gone, and all the Dragon shell seals were undone. The sealing force in the earth vein no longer existed, and all divine senses had returned to normal. So, they could see through Yunxiao's restoration at a glance, which made everyone feel indignant.

"It's not impossible to even reward you with a ninth tier profound armament," Xu Yu said with a chuckle.

He looked at Yunxiao with full confidence. Whether it was the courtesy of a distinguished guest in the Holy region or a ninth-tier Mystic artifact, they were all fatal temptations for Warriors, and even a hero or a sect leader could not resist the temptation.

This caused a great deal of dissatisfaction among the crowd. Even some of the lucky survivors of the Holy region frowned.

"Lord Xu, I've seen the battle between the void martial sovereign and the demon clearly with my invincible divine eye technique, and I've also memorized the details. Why don't I follow you back to the Holy region to help you solve your doubts? I don't dare to accept the courtesy of a distinguished guest, just give me a ninth tier profound armament!"

A thick-skinned Martial Emperor expert came forward and squinted his eyes. In order to show off the power of his invincible divine eye technique, he kept blinking his eyes, and green light shot out from his eyes.

your invincible God's eye technique is nothing. Do you know that my Nangong family's Qiling sky-blue Demon Eye is the best eye technique in the world? not only can it see through everything, but it can also see through obstacles and see a thousand miles!

Another martial Supreme stepped forward and said. His eyes kept turning and emitting a blue light. Finally, he fixed his gaze on Xu Fang, his eyes flashing non-stop.

Xu Yu's hair stood on end as he stared at her.

After rolling his eyes for a while, the man laughed and said, "Lord Xu's underwear is blue. I wonder if my beautiful spirit sky blue Demon eyes are correct?"

"Pfft!"

Xia Yunan coughed out a mouthful of blood. His face was red, and he clutched his stomach and coughed non-stop.

Xu Yu's face turned green and she said angrily, "Get lost! The two of you get lost, or I'll kill you without mercy!"

The two martial sovereigns shuddered and quickly hid in the crowd, not daring to make a sound.

"Hahaha!"

...

Yunxiao laughed as well. Lord Xu, I think these two can indeed answer your doubts. That divine eye is indeed extraordinary. You'd better let them go back to the Holy region with you. I still have some private matters to attend to, so I won't disturb you."

"What? You don't want to go?"

Xu Yu was taken aback. She did not expect Yunxiao to refuse her. Only Xia Yunan was well aware of this, and a sense of powerlessness welled up in his heart. The other party might have more ninth-tier profound armaments than you, so it was not attractive at all.

The other martial artists were also shocked. No one present would refuse such an attractive condition.

we'll meet again," Yunxiao said with a smile. I think we'll meet again soon. A trace of worry appeared on his face as he said, "It's just that the matter of that devil is a bit complicated. Lord Xu will have to worry about it when you return, otherwise there will be endless trouble."

Xu Yu nodded and said,"you don't have to tell me. I will do my best." The demon was lurking on the continent, and he was a great threat to the entire realm of heavenly martial arts. It looks like Zhuo qingfan can't be relied on anymore. I'll send a large number of experts to encircle and annihilate him after I report this!"

that's right," Yunxiao said. that's right.

At this moment, the survivors of the sea of soul formation were all solemn. They had spread their divine senses to the entire burial land, but they couldn't sense the whereabouts of Chu Shengfeng. It seemed like he had escaped.

Yi chengying was a little disheartened,"Lord Xu, I didn't think that this matter would end up like this. I'll go back and report everything to the president, so I'll take my leave!"

Xu Yu frowned. The sea of soul formation seemed to have played a dishonorable role in this incident, but she didn't have any evidence to speak of it. She could only say, " as per your request, I hope that the sea of soul formation can contact the Holy region more often to discuss this matter.

...

Chapter 758-return

Yi chengying nodded absent-mindedly and said, "I definitely will."

He was about to leave with the crowd when Yunxiao suddenly said, "Master Yi, can I have a sea of soul formation Travel Pass?"

When the people of the sanctuary heard this, their faces turned ugly. All of them were cursing in their hearts. The Holy region invited you as a distinguished guest, but you fucking put on airs and didn't go. You actually asked others for the sea of soul formation pass. Aren't you obviously embarrassing us?

Yi chengying frowned slightly and said, "Why do you want to go to the sea of soul formation?"

It's just a personal matter," Yunxiao said with a faint smile. If it's not convenient for you, then forget it.

Yi chengying took out a token, threw it to Yunxiao, and said, "The pass is nothing to me. The strength you showed is qualified to enter the sea of soul formation.

With that, he led the people of the sea of soul formation and left in a ray of light. The nearest teleportation array was near the blood God Palace.

Xu Wan gave Yunxiao a meaningful look, then said to the rest of the people, "Everyone, although we lost this battle, it's a blessing in disguise to be able to keep our lives. Many of you are strong, but in my opinion, you lack enough resources and profound level weapons for cultivation. If you are interested in joining the Holy region, I can take you in, but the minimum requirement must be the strength of a martial honor."

Everyone was initially overjoyed, but after hearing that the minimum strength required was a martial honor, they all smiled bitterly. Most of the experts with the strength of martial honors and above had died in this battle. The survivors were all dregs who had not participated in the battle.

The martial artists all frowned, weighing the pros and cons. They lived in seclusion in the Boneyard because they were optimistic about the resources here. In fact, with their strength, they could get good treatment no matter where they went, but they would lose their freedom. If they took benefits from others, they would have to sell their lives for others.

After a few rounds of consideration, only three people were willing to join the rest. The rest of the people left after bidding farewell.

A look of disappointment appeared on Xu Yu's face. This time, Yuan si had suffered a great loss. Two of the five experts had died, and the remaining three were also on the verge of death. No one knew how long it would take for them to recover. However, he still politely gave everyone a lot of primeval stones, and the martial artists were also very grateful.

Among them were two survivors from the red moon City, who also left after a few polite words.

my young friend," Xu Yu looked at Yunxiao and said, "if you want to go to the Holy region, I'll welcome you with the courtesy of an honored guest at any time.

Yunxiao looked surprised as he smiled and said, "Then I'll be troubling you. I'll definitely go to the Saint-level Kasaya."

There seemed to be a deep meaning in his words. Xu Yu's eyebrows twitched slightly, but she nodded with a smile. She turned into a ray of light and left with her group.

After all the big shots had left, everyone heaved a sigh of relief. They began to discuss what had happened. Everyone realized that this would be an event that would shock the entire continent.

Those who had sects also left one after another to pass on the news.

The great change in the burial land, the appearance of the devil, the heavy casualties in the Holy region and the soul formation sea, and the fact that the void martial sovereign Zhuo qingfan had personally come to suppress the devil ... All these stories were quickly compiled into a series of popular legends that spread across the continent.

The rest of the people from Blood God Palace looked at Yunxiao and the others, not knowing what to do.

The person in front of them was the one they were after, but seeing his relationship with Xu Yu, everyone was immediately afraid. Moreover, after the blood God's blood body was destroyed by di Jia in one move, he had disappeared without a trace. Without a leader, they did not dare to attack Yunxiao without permission.

"Everyone, we'll meet again if we're fated!"

Yunxiao looked at them with a smile, then turned into a beam of light and disappeared from the burial ground with mo Xiaochuan and Yunxiao, leaving the people of Blood God Palace sighing and returning to their palaces.

After everyone had left, what was left was a desolate land. The battle between Zhuo qingfan and di ye had not only destroyed the sky, but it had also caused the entire burial land to be unable to see sunlight for several days. Furthermore, more than half of the mountain range in the burial land had been destroyed, and it had become the Royal land.

Suddenly, a beam of light fell from the sky. It was Yunxiao and the other two.

"Young master Yun, since you're leaving, why did you come back?" young Emperor haolian asked in confusion.

there were too many people just now, " Yunxiao said. it's not convenient to do things. His body glowed and a Starlight soul body separated from the demonic Dragon. He flew into the sky and looked down at the earth.

"There's still some Dragon Breath left," the demon Dragon said.

He quickly flew into the broken ground and picked up some fragments, carefully collecting them.

Looking at his two stunned disciples, Yunxiao explained, " he's collecting the remains of the Dragon shell. Even though it's broken beyond recognition, it's still a shell that degenerated after the birth of a true dragon. Its value is incalculable, but it's a pity that Zhuo qingfan destroyed it all. With a look of worry, he lamented, " "If it were me, even if I destroyed ten vast ocean like dust, it wouldn't be comparable to the one and only Dragon shell in this world!"

"I see!"

that Zhuo qingfan really deserves to die! young Emperor haolian came to a sudden realization. why don't we go and settle the score with him? "

if you have the time to talk, " mo Xiaochuan said coldly, " why don't you help young master Yun pick up a few more pieces of the Dragon shell? "

"Let's see who can pick up more!"

Young Emperor hao lian dodged immediately and began to search carefully. They were not as sensitive to the dragon's breath as the demonic Dragon, but they could still distinguish it.

"Wow, it's a Pi Xiu. How can there be alligators in this place? I've seen a ghost!"

what? " young Emperor haolian suddenly cried out in alarm. He was in a crack in the ground, and his figure was nowhere to be seen.

you're really an idiot, " mo Xiaochuan said impatiently. even if you saw a crocodile, what's so strange about it? you could've just kicked it. Don't tell me you can't even defeat a crocodile!

"Eh? Crocodile?"

Yunxiao's expression changed drastically as he rushed toward the crack.

"BOOM!"

Suddenly, with a loud noise, hao lian shaohuang's figure flew up and fell on the ground far away. He cried, "Wow, senior brother, you're right. I'm really no match for that crocodile, Yingluo!"

Standing at the entrance of the crack and looking down, Yunxiao gasped when he saw the crocodile lying on a broken rock with its eyes half-closed, sleeping lazily, as if it would never wake up.

"It's indeed this thing!"

Yunxiao was taken aback. The crocodile was really transformed from the primordial astral wind, but the aura he sensed at this moment was much weaker than when he was in the outer space. He didn't know that half of the crocodile had already been captured by ding Shan, and it only had half of its previous strength.

"What kind of crocodile is so powerful?"

Afraid that Yunxiao would be in danger, mo Xiaochuan hurried over.

Yunxiao made a silent gesture and said softly, "don't make any noise. Don't alarm this thing. If we really fight, we might not be his match.

Both mo Xiaochuan and haolian shaohuang were taken aback. If even Yunxiao said so, it was obvious that the crocodile was extremely extraordinary. The two of them looked at it quietly with solemn eyes.

Yunxiao thought for a moment, then slowly performed the great realm divine technique with both hands, making the divine realm tablet shoot out of his forehead and gradually transform into the power of the world, falling toward the crocodile. He wanted to try and see if he could take it directly.

The moment the power of the world touched the crocodile, its half-closed eyes suddenly opened. With a low roar, it turned into a whirlwind and shook the divine realm tablet away. The whirlwind rose from the crack in the ground and grew bigger and bigger.

what?" Yunxiao was startled and shouted, "kill it!

Mo Xiaochuan and haolian shaohuang attacked at the same time. Their fist intent and sword Qi turned into two beams of light that shot into the astral winds. However, they were repelled and could not be hurt at all!

...

After Yunxiao's divine realm tablet was knocked back, it immediately turned into a small mountain under his control. The power of the world spread out rapidly and pressed down on the crocodile, causing the whirlwind to roar and crash about, shaking the entire divine realm tablet.

Yunxiao had also consumed a lot of Yuan Qi. Every time the crocodile hit him, his qi and blood would shake, impacting his meridians and body. Although it was very uncomfortable, he had stimulated the power of his body, turning his skin golden to resist the impact of the crocodile's qi and blood.

"Young master Yun, how is it?"

Mo Xiaochuan cried out in surprise. Their attacks were almost ineffective against the crocodile, and only Yunxiao's power of the world could suppress it. But, under the golden light, his face turned red, as if he was having a hard time holding on.

In fact, it was not that their attacks were ineffective. The Emperor Qi of the nine Heavens could suppress all powers in the world. It was just that their levels were too low to be able to hurt the crocodile.

it can be blocked! Yunxiao took a deep breath and said, " let's see how arrogant this crocodile can be!

He took out a large number of Southern Fire golden crystal sources and supported himself while replenishing his energy. A hint of joy flashed in his eyes as his blood Qi trembled. He discovered that his physical body had a small breakthrough for the first time since he had achieved the imperishable golden body.

"Boom boom boom!"

Under the suppression of the divine realm tablet, the crocodile was running around wildly, but its strength was getting weaker and weaker. After a while, it finally gave up and turned back into a crocodile. It lay on the gravel and slept again.

Everyone was speechless, and Yunxiao was also sweating. The power of the divine realm tablet was still covering it, but it dared to sleep with ease?

He pointed with his finger, and the divine realm tablet fell down suddenly, trying to subdue the crocodile. The crocodile floated up again, and the previous scene happened again. After several collisions, its strength was obviously not as good as before. It went back to sleep, and after repeating this a few times, it was finally exhausted.

...

Filled with joy, Yunxiao sucked it into the divine realm tablet and did not encounter any more resistance.

there's something wrong with the crocodile's intelligence," young Emperor haolian said, embarrassed. why would we take it? we might as well just kill it.

"His intelligence is on par with yours. Are you going to get rid of him too?" mo Xiaochuan asked.

After putting the crocodile away, Yunxiao took the divine realm tablet back into his body. Immediately, he felt a stronger force gradually erupting from his body, which was definitely a stronger state of the indestructible golden body he cultivated.

Chapter 759-dealing with the blood fiends

"There seems to be a lot of room for improvement in my physical strength. It's just that I'm missing the second half of the cultivation technique and can't make any further progress. The backlash from the crocodile's attack on the divine realm tablet just now agitated my qi and blood, and I broke through the limits of the first half of the cultivation technique. En, the first half of the technique also uses some extremely twisted movements and self-torturing cultivation to constantly break through the limits of the physical body. Perhaps I can find some ways to do it myself."

Yunxiao pondered for a moment and said to himself, " all the martial arts in the world are connected, and this body refining technique should also have a great similarity. It seems that I have to get some body refining techniques to study.

He said to mo Xiaochuan and shaohuang haolian, " I don't need to explain the power of the tyrant body tempering technique. I'll now pass on the first part of the technique to the two of you.

Mo Xiaochuan and young Emperor hao lian were overjoyed. Even if this cultivation technique was said to be the best in the world, it wouldn't be an exaggeration. At least its owner was the genuine best in the world.

The two immediately sat cross-legged, and Yunxiao directly invaded their spiritual seas with his divine will, imprinting the key points of the cultivation technique on them. This method of passing on the cultivation technique was extremely dangerous, but it was indeed the best. The person receiving the reward had to completely open up his sea of consciousness and let the other party's divine sense enter. This required a great deal of trust. Otherwise, if the person who imparted the reward had a little evil intention, the person receiving the reward would be completely finished.

In just a few breaths, the first part of the tyrant body tempering technique was passed to the two. With a casual point of his finger, Yunxiao dragged them back into the divine realm tablet and let them slowly comprehend it.

He sat down cross-legged and began to adjust the changes in the power in his body. The power rising and falling in his muscles made him want to roar and fight, constantly strengthening his body.

Soon, the demonic Dragon had collected all the Dragon shell fragments that were scattered around. They weighed more than a hundred pounds, but this was already an extremely small portion.

Yunxiao opened his eyes slightly, which flickered as he sighed and said, " "If there's a chance, it seems that I'll have to find a way from ao changkong. Ao changkong's background is very mysterious, and it seems to be related to the natural moat cliff. Maybe I can start from nanqiu Yu, which seems to be less dangerous."

you'd better look at what's in front of you. You're only a three-stars martial Supreme. Do you really think you can snatch the body-refining Divine Art from ao changkong? " the demon Dragon snorted.

yes," Yunxiao nodded. I'll cherish it.

He put the demonic Dragon and the Dragon shell fragments into the divine realm tablet. Then, he turned into a ray of light and fled thousands of miles away. He chose a secret place to land, took out the divine realm tablet, and went in himself.

As soon as he entered the divine realm tablet, he immediately took out the cauldron of mountain and river, which turned into a tall mountain and stopped in the sky.

Yunxiao kept sending incantations into it and operating the cauldron of mountain and river, while he himself turned into a beam of green light and rushed into it.

A heatwave hit Yunxiao in the face, and he felt as if his body was about to evaporate in an instant. But in just a moment, the temperature dropped abruptly, and it became extremely cold. It was actually an extreme force that was hot and cold at the same time, spinning in a circle inside.

With a thought, the extremely cold and hot air immediately parted, making a path that pointed forward. In the blink of an eye, a bloody light flashed, and the blood Fiend, which had been trapped for a long time, suddenly appeared. It roared and pounced at Yunxiao with an aura that was about to tear him to pieces.

"Hehe, where did this hatred come from?"

Yunxiao chuckled, and the scene in front of him changed in an instant. He and the blood Beast immediately stepped into the divine realm tablet from the cauldron of mountain and river, then his figure turned into a Thunderbolt, allowing the blood Beast to pass through his body.

"Roar!"

The blood Fiend pounced on empty air. It seemed that it had suffered all kinds of grievances during this period of time. All of its rage erupted at this moment. Blood Qi rushed out and covered the sky and earth, revealing an incomparably huge form. Its body also became somewhat transparent. More than

ten profound level weapons kept spinning in its body, emitting a powerful force that was continuously transmitted to its whole body.

Yunxiao narrowed his eyes and looked over with a demonic gaze. He saw two profound level weapons spinning out of the blood Fiend's body, and as if primordial Qi was flowing through its meridians, they went directly to the blood Fiend's eyes, then broke out of its body and shot out of its eyes.

Both of them were eighth-tier profound level weapons, and the saber and the sword exuded a powerful force as they flew toward Yunxiao.

The blood Fiend's own strength was not too strong. The most terrifying thing about it was that it could exert 100% of the profound level weapon's power. This was something that even a martial sovereign of the nine Heavens realm could not do.

With a light wave of his hand, Yunxiao shot out two beams of sword light, piercing through the saber and the sword in the air and completely destroying them. He was the ruler of the divine realm tablet. Even a complete ninth-tier Mystic artifact could not hurt him. The blood God's celestial master's giant puppet ruler that he had casually taken away was an example. However, it was obvious that the blood Beast had a bad memory and had long forgotten about it.

As for these eighth tier profound armaments, he didn't even have the intention to collect them. He would just directly explode them. How could those poor cultivators on the continent endure this!

The blood Beast was taken aback, clearly not expecting Yunxiao to break its attack so easily. It roared suddenly, and with a fierce look in its eyes, more than a dozen profound level weapons were unleashed from its body. For a moment, they were dazzling and powerful, spinning around it and bursting out with a powerful force as they rushed forward.

It was at this moment that Yunxiao's face turned serious. He naturally did not take those eighth-tier Mystic artifacts seriously, as they were all destroyed at his will. However, the hammer was an ancient profound level weapon that contained the rules of Thunder, so he had to be careful.

Five Northern heaven chilling star swords appeared, like a rainbow crossing the sky, and under his command, they exploded those eighth tier profound armaments one by one.

“Bang Bang Bang Bang!”

The air was filled with the sound of cracking. Blood Fiend’s eyes were wide open as he roared continuously. All the profound level weapons in his body, including the celestial master’s giant banner ruler, were all destroyed. At this moment, only the small hammer in the sky was gradually emitting a golden light. Tadpole-like characters appeared on it. Thunderous pressure spread out and spread in the air, as if it was going to tear the space of the divine realm tablet.

Hmph! Yunxiao snorted coldly and said, “ it’s because I was afraid that you would escape, that’s why I’ve waited until now to finish you off!

The great realm divine technique was performed as his hands danced, and the territory power in the surrounding heaven and earth emerged. For a moment, the heavenly might surged and stacked on the hammer, instantly turning into the divine realm monument’s world power and suppressing the power of the Thunderbolt.

With the hammer as the center, the moment the world Energy appeared, the sea of lightning stopped expanding and began to slowly shrink. The hammer seemed to feel the huge pressure, and its aura weakened, no longer daring to release energy so arrogantly.

“Now! Evil spirit, come out and cut off its direct connection with the hammer!”

Yunxiao cried out as he clenched his fist and slowly pulled the awed hammer toward him.

The moment hammer was suppressed, the blood Fiend was also dumbfounded. In a moment of inattentiveness, the evil spirit immediately rushed into his sea of consciousness and began to take control of his body.

“Roar! Roar! Roar!”

It kept roaring in the air and rolling around, as if it was in extreme pain.

Yunxiao carefully controlled the hammer, fearing that it would suddenly lose control. After a few breaths, he felt that the mark of the blood Fiend on the hammer had completely disappeared. Overjoyed, he put it away.

At this moment, the biggest threat of the blood fiends had been eliminated and the two ninth level profound armaments were now in his possession.

“Now, spit out the earth growing soil!”

Yunxiao condensed a huge palm shadow in the air and suddenly slapped it down. The golden light instantly hit the blood Fiend and completely shattered its bones.

A large number of blood droplets scattered in the air and flew to the side. They condensed again and turned into beast form. There was fear in his eyes as he said, “It’s me, stop fighting, stop fighting!”

Now that it was under the control of the evil spirit, it was afraid that Yunxiao would attack again, so it begged for mercy in horror.

hmm,” Yunxiao said softly as he looked down. After the blood Beast was smashed by the palm, it was shaken out of the breathing earth and floated in the air, the size of a fist, emitting a faint yellow light.

“I’ve finally obtained it!”

Yunxiao breathed a sigh of relief. With a wave of his hand, he sent the breathing earth directly into the vast land of the earth territory. A dull noise rang out from the entire earth territory, as if it had been filled with infinite energy and was venting its excitement.

At that moment, the evil spirit slowly flew out of the blood Fiend’s body and curled up in the air. It looked at Yunxiao in horror and said, “I’ve done what I promised you. You can’t go back on your word.”

It did not have any trump cards at the moment, so it could only hope that Yunxiao would keep his word, or it would really be finished.

“Yes, don’t worry,” Yunxiao said. I don’t have the Martial Emperor’s body you mentioned for the time being. You can choose to leave, or stay in the divine realm tablet and let you possess me after I get a body. It’s your choice.”

The evil spirit heaved a sigh of relief. It seemed like this man was not a man who would go back on his word. It was in a dilemma for a moment. If it left, it would be very difficult for it to seize the martial sovereign’s body with its ability. However, if it continued to stay, it would undoubtedly be a risk. If this man suddenly turned against it one day, it would be turned into ashes.

It struggled for a while before finally gritting its teeth and saying, “ I’ve chosen to stay and wait for the martial sovereign’s body. You’re going to become a peak martial sovereign, so don’t lie to me!

don’t worry! Yunxiao laughed. don’t worry. It’s good to stay, maybe they can help.”

...

The evil spirit’s expression changed slightly, and it said in shock, “ I’m only staying to wait for my physical body. I’m not working for you! Our relationship now is peaceful. You can’t use any means to threaten and force me to do things!”

Yunxiao’s lips curled into a smile as he nodded and said, “ “Don’t worry, I won’t force you. If I really need your help, I’ll definitely give you a satisfactory condition for your choice.”

After losing all the profound level weapons in its body, the blood Fiend’s aura had dropped drastically. It lay on the ground pitifully, shaking its head like a sick cat.

Yunxiao said to himself, “ I don’t know how many Warriors ‘blood essence this thing has absorbed. It is undoubtedly a Supreme treasure for those who cultivate blood techniques, and it is also a rare material for me. I can use it to refine many good things. I’ll just keep it here for now.

Chapter 760

760 Refining the devil origin fruit

The evil spirit's body trembled when it heard this. It looked down at the blood fiends with pity in its eyes.

After saying that, Yunxiao's figure flickered and disappeared from where he was standing. When he came to a flat ground, his face gradually turned solemn.

The devil essence fruit was rooted in front of him, quietly waiting there without moving. Even the devil Qi on the fruit had been withdrawn, not leaking out in the slightest. Perhaps it had discovered that the environment had changed, so it had restrained its aura to protect itself.

Yunxiao stood beside the fruit for a while, his face full of contemplation.

Suddenly, a green light flashed and the demonic Dragon appeared beside him. this is just a small avatar of the devil. Are you afraid of him? "

it's just a clone, " Yunxiao said lightly. but you can't underestimate it. Yingluo, what do you think will happen if I absorb it into my body and refine it?"

The demonic Dragon's body trembled as he said in horror, " "You're joking, right? This thing is a great demon's clone, and it can't be compared to ordinary demonic Qi. If you inhale it, I'm afraid you'll be completely finished!"

"Yes, I'm also worried that I'll be possessed if I can't control myself, so I'm hesitant. However, I'm very curious."

Yunxiao showed a cunning smile, which made the dragon's heart turn cold.

"Don't be stupid!" The demon Dragon was furious. Curiosity killed the cat. Don't you understand this? This is a great demon that has been suppressed for who knows how long. Do you really want to hang yourself and court death?"

Yunxiao's eyes flickered as he recited, " "It's not as serious as you think. Have you forgotten about the people in the sea of soul formation? All of them cultivated demonic techniques, and didn't yu Shengfeng

also steal Di Jun's body? If I can successfully refine this demonic energy fruit, not only will my strength increase greatly, but my resistance to the power of demonic energy will also increase infinitely. In the future, mother will no longer have to worry about me becoming demonic!"

"You've already turned into a devil, how can you be possessed by the devil?" the demonic Dragon was speechless.

Yunxiao grinned. if you don't want to live for thirty years, how can you live for sixty years?" he said.

Demonic Dragon was dejected. He knew Yunxiao's character, and there had never been any force that could stop him from trying those risky thoughts."I'm still counting on you to recover your strength as soon as possible and help me refine a body. I'm really worried that once you become a devil, you might have the idea to refine me out."

"Then you should pray!"

Yunxiao laughed and then walked toward the fruit.

The fruit seemed to have sensed the danger. Its entire branches and vines began to sway. It suddenly pulled its roots up from the ground and fled to the horizon.

Yunxiao chuckled, and the surrounding scene kept changing. No matter how the fruit tried to escape, it was getting closer and closer to Yunxiao.

I heard from the skeleton that this true demonic Qi was formed at the beginning of chaos. The Dao turned into one, and one turned into Three Pure Ones. It evolved from a wisp of pure Qi, so its power is not below the great one celestial Chi. Let me see how powerful you are!

With a solemn look on his face, Yunxiao reached out his right hand and grabbed the demon fruit.

A stream of demonic Qi shot out from the fruit and formed a black barrier, blocking his hand.

But in just a moment, the barrier burst like a bubble, and Yunxiao's palm suddenly thrust into the black fruit, penetrating it as if it had fallen into a swamp.

“Bang!”

The moment Yunxiao's arm reached into the fruit, it exploded, and its demonic energy scattered in all directions. A black light rushed out of it and fled into the sky.

The demonic energy that spread out corroded Yunxiao's body and stuck to his skin, corroding it like sulfuric acid. But to Yunxiao, it was just a tickle. He raised his hand, and the man in the sky who looked like di ye suddenly felt a great pressure and was shaken down.

Without saying a word, Yunxiao clutched the man's neck with one hand. The power of rules of the divine realm tablet spread around him, pressing down on the devil's body until it gradually deformed and shattered with a bang.

The broken devil turned into a cloud of devilish energy that climbed up Yunxiao's arm and wrapped him up. It then penetrated into his body through his seven orifices, trying to demonize him completely.

The demon Dragon was terrified. He immediately transformed into his human form and held the Dragon Bone bead in his hand while slowly circulating his dragon essence. If Yunxiao showed any sign of abnormality, he would try to suppress The Fiend with his Dragon Breath.

At that moment, Yunxiao's body had turned pitch-black, and he was protected by the mass of fiend energy. He made a hand seal and sat down cross-legged in the air, then entered his inner world and began to fight with The Fiend energy.

Yunxiao first used the great expansion divine technique, and the trace of spiritual energy above his dantian seemed to be touched. It immediately shone brightly and swam through his meridians, turning into golden tadpole-like characters that protected his spiritual altar and sea of consciousness. As long as his spiritual altar was not destroyed and his sea of consciousness was protected, he was not afraid of the demonic Qi entering his body.

At this moment, he had used all of his imperishable golden body, but he still couldn't resist the invasion of such a powerful devil Qi. The luster on his skin had faded, and all kinds of strange patterns were printed on it. Moreover, they were constantly changing shape, as if they were eating away at this body.

Yunxiao's eyes snapped open, turning into blood moons. He threw his head back and roared, and a huge amount of demonic energy burst out of his body, forcing the demonic Dragon dozens of meters back in the distance.

hehe, you want to refine me? you're looking down on me. Hehehehe!

A strange laugh suddenly came out of Yunxiao's throat, and his face began to twist, gradually turning into di ye's ferocious look.

The demon Dragon was shocked and immediately made a move. He cast a magic art and threw the Dragon Bone bead into the air. All kinds of lights shone out of the bead, forming a pattern. Then, it shot out a beam of green light, which covered Yunxiao like the morning sun.

At the same time, a strange and incomprehensible dragon language came out of the dragon's mouth, shaking Yunxiao's heart and driving away his evil thoughts.

"Don't worry, I'll be fine."

The third eye on Yunxiao's forehead opened, revealing a bright light. The demonic look was instantly gone as he said, "This true demonic Qi is the source of the demonic Lord's clone, so it has a certain level of intelligence. Refining it won't be possible in a day. I'll be fine in this divine realm tablet, so you can rest assured. But it'll be troublesome if I go out."

"I told you to stop playing. What are you doing now?" the demonic Dragon was shocked.

"Will be fine? Hehe, you think too highly of yourself. Since you know that I'm the demon master's avatar, you still dare to be so presumptuous!"

The patterns on Yunxiao's body were constantly changing, as if some kind of restriction and array had been branded on him. His face twisted again, turning into di ye's face as he said coldly, "You annoying bug!"

He suddenly waved his hand, and a stream of demonic Qi shot out and immediately bombarded the green Bone Pearl. The Pearl was instantly contaminated, and the Dragon Breath was extinguished!

At the same time, the backlash from the Pearl also entered the demonic Dragon's body, causing his soul to tremble and retreat.

"?! He's actually this strong!"

Demonic Dragon's face changed. The strength of the devil was far beyond his imagination, and Yunxiao was actually fighting against it. He could not help but feel a chill run down his spine as he said angrily, "Madman, he was really a madman, he deserved to die!"

After the move, Yunxiao's right hand trembled violently, and his face changed rapidly, as if he was fighting for control.

Finally, his right hand formed an incantation seal. With a flash of light, a white light appeared in his palm, emitting a bright and soft light that warmed people's hearts.

At the center of the white light was the moon Pearl of the East Sea. As soon as it appeared, it shone with Yunxiao's divine body. As the white light shone down, beams of bright moon divine light shot out of Yunxiao's body, dispelling all the demonic patterns on his skin, and his expression returned to normal.

"Phew, it's a little tricky. Are you okay?"

Yunxiao sighed and said to the Dragon with a wry smile.

"A little tricky?" the demonic Dragon said angrily. I think he's completely done for! If you're already like this in the divine realm tablet, can you still maintain a moment of consciousness when you go out?"

Yunxiao sighed. you can only gain something if you give up. Although it's very dangerous for the demonic energy to enter your body, the benefits are also indescribable. At this moment, the true devil Qi is continuously flowing into my dantian. I'm afraid I'll be able to advance in rank very soon."

As soon as he finished speaking, a ray of light appeared on his body, which was the sign of a martial honor breaking through.

...

When he had been collecting the true Dragon's tear, he had broken through to the two-star level with the help of the skeleton. It had only been half a month since then, and he had directly broken through to the level of a four-star martial Supreme. Moreover, the demonic energy seemed to be endless, and it was still washing over his body, growing rapidly.

Hmph! the demonic Dragon snorted coldly. the conditions are too unbalanced. You've lost more than you gained!

your sister, you're always nagging here. How annoying!

At the moment of advancement, Yunxiao's face turned ferocious again. It was covered with dense black lines, which extended to his forehead, but were blocked by a force. He glared at the Dragon and shouted, "One more word of nonsense and I'll refine you before you even turn demonic!"

The demon Dragon was taken aback. Yunxiao did look clear-minded at the moment, but there was a hint of ruthlessness in his eyes, as if he had become violent under the influence of the demonic aura. The moonlight on his body was slowly fading.

Suddenly, a force came from the sky, and a figure fell from the sky and sat down cross-legged in front of Yunxiao, asking with concern, "Restrain your mind,"

Yunxiao's heart jolted. The person was a beautiful figure, and a faint fragrance assailed his nose. It was Luo yunshang. When she used the nine yang true skill, it immediately shone with her moon body and gradually suppressed the violent aura.

At the moment, the moon Pearl was still floating above Yunxiao, but its power was getting weaker and weaker, as if it would be extinguished at any moment.

At that moment, Yunshang was shrouded in a Red Cloud, like the first light of dawn. The sun was rising, and it had fused with Yunxiao's bright moon divine light.

The demonic Dragon was taken aback. He had never paid much attention to Yunshang's cultivation base, but at this moment, he found that she was already a martial honor!
