

The Eternal 761

Chapter 761-awkward goodbye

As soon as Yunshang's divine body of nine yang appeared, the moonlight in Yunxiao's body burst out and grew stronger again, suppressing the fierceness in his body and clearing his mind.

Yunxiao was slightly taken aback, but he also felt the subtle change in his personality. He immediately closed his eyes and began to cultivate with Yunshang.

The two divine body lights snuggled up and merged with each other, gradually turning into a serene aura that spread out in the surroundings. The demonic Dragon was taken aback for a moment, but then he breathed a sigh of relief. At least for now, the true demonic energy had been suppressed, but it was still a huge hidden danger. He could not help but feel angry at Yunxiao's nonsensical and risky character.

Although there would not be any accidents in the divine realm tablet, the demonic Dragon still transformed into its dragon body and hovered above the two of them, quietly protecting them. Moreover, the harmonious Qi that dissolved and blended with the water made him feel extremely comfortable, and he entered a state of selflessness.

Time passed by slowly. The two of them cultivated like this for three months.

It was not until Yunxiao's body glowed with the light of advancement, and he broke through to five-stars martial Supreme, that he woke up from that state.

"Ah? You're awake!"

Yunshang snorted and gently wiped the sweat from her forehead as she asked with concern, "How do you feel now?"

Yunxiao had a strange feeling in his heart as he looked at her delicate and moving face.

When Luo yunshang found the other party staring at her, she blushed and said angrily, "I'm asking you a question." She couldn't help but be secretly happy. Thinking of this, she thought of the embarrassing situation last time and felt a burst of shyness, her face turning even redder.

much better," Yunxiao said with a wry smile. I just find it strange. I've broken through a star, but why is your cultivation base not moving at all? "Could it be that after the nine suns body becomes a martial honor, it's extremely difficult to advance each level?"

Only then did yunshang's face recover a little. She shook her head and said, "If there's no law, then that's it. I remember master once said that after the nine Sun divine body becomes a martial Supreme, one must go to a place to open the door to the back."

"Oh? There was such a situation? Where is it?"

is that place in the divine firmament Palace?" Yunxiao asked in surprise. is that place inside the divine firmament Palace?"

Yunshang laughed. it's shenxiao Palace's territory, but it's not inside. I don't know the details, but I'll know when I get there.

Yunxiao nodded. in that case, let's go first. I'll go with you.

"Ah? No need, I can go alone!"

Although Luo yunshang was delighted, she refused flatly and said seriously, "this is a secret of our shenxiao Palace. It's not appropriate for others to know.

Yunxiao was taken aback, but when he saw the determination on yunshang's face, he nodded and said, "Then be careful. The nearest teleportation formation is near the blood God Palace. I'll go with you."

"Yes."

Yunshang responded softly, her voice as soft as a mosquito's.

"Sigh, trouble is coming."

The demonic Dragon suddenly said in a strange manner before disappearing in a flash of light.

Yunxiao looked up and saw a white beam of light flying over, turning into a slender figure. It was Ding Ling 'er. Her face blushed slightly as she said, "So sister Yunshang is here too."

Recalling that Ding Ling 'er had found out what had happened that day, Yunshang blushed, not feeling particularly embarrassed.

A subtle atmosphere spread between the three of them, and it was very awkward.

Ding Ling 'er had been in the Chamber of Commerce for a long time, and she was good at adjusting the atmosphere. Sister Yunshang, young master Yun, I'm here to bid you farewell.

"Farewell?"

Yunxiao and Yunshang cried out at the same time. They looked a little embarrassed, but soon they asked at the same time, "Why?"

At that moment, even Yunxiao felt that the atmosphere was not right, so he quickly shut his mouth and stopped talking.

Ding Ling 'er felt a little sour in her heart and thought, "They even had a tacit understanding when they spoke. Thinking of this, they felt sad, but they still forced a smile and said, "I've been in the divine realm tablet for a long time. After the battle in Songyue Yang City, I don't know anything about the Merchant Union and Tianyuan Trading Company. Besides, no one knows if I'm dead or alive. I'm afraid it has caused a lot of disturbances. I have to show up now, or Tianyuan Trading Company will be in chaos."

Yunshang asked carefully, "Is that really the reason?" Not because of Yingluo or some other reason?"

that's a strange question, sister yunshang, " Ding Ling 'er said with a wry smile. what other reason could it be? "

no! yunshang shook her head hurriedly. I'm just asking.

But she immediately added, " Actually, there's nothing between me and young master Yun.

Ding Ling 'er's heart was filled with jealousy, and she mumbled, " "Why is big sister becoming stranger and stranger? Did I say anything about you and young master Yun? Also, what does it have to do with me whether there's anything between you two? Hehe, Yingluo."

In the end, she laughed at herself a few times and felt even more aggrieved.

She had originally come to say goodbye and wanted to fulfill their wish, but before she left, she couldn't help but feel jealous and inexplicable grievances in her heart. She hurriedly used her internal energy to seal her tear glands, afraid that she couldn't help but shed tears and make a fool of herself. But even so, she felt her eyes sting more and more.

Luo yunshang immediately realized that her random explanation had only added to the mess, so she stammered and did not know what to do.

Yunxiao laughed awkwardly and said, " ha! Haha! It's good that they're all gone. It's much more peaceful in the divine realm tablet. I hope you'll be busy for a while and don't come back so soon."

Ding Ling 'er was stunned and asked, "what do you mean?" Big sister is also leaving?"

Yunshang nodded and explained her situation, " "I could have been a little more at ease with you around, but if everyone leaves now, who's going to take care of young master Yun?"

Ding Ling 'er's eyes turned slightly red. She suddenly felt that she should not have been so jealous just now." Little sister has something to do, so I have to do it. Big sister can stay for a while longer."

no! yunshang shook her head and said, " cultivation can't be delayed.

She felt a little depressed. She had been a burden for so long. Although hiding in the divine realm tablet would not make her fall behind, she still felt sad that she could not help Yunxiao. So, she had been cultivating day and night, and the southern Fire golden crystal source Yunxiao had given her was almost used up. With the special Constitution of the nine yang divine body, she was surprisingly fast in breaking through from a Martial Emperor to a martial honor.

It was a pity that a bottleneck had appeared after she had reached the rank of martial honor. At first, she had wanted to try to break through by herself, but she finally realized that she was powerless. She had to go to the place that her master had told her. Only then did he reluctantly come to say goodbye to Yunxiao, who happened to be possessed by the devil.

After cultivating with Yunxiao's divine body for so long, the latter's body, which was extremely difficult to improve, had advanced a level, which further strengthened her idea of leaving.

Ding Ling 'er was the same. If it weren't for the fact that the Chamber of Commerce's business was so important that they couldn't do without her as their backbone, she wouldn't have left.

The two of them seemed to see through each other's thoughts and suddenly smiled at each other.

"In that case, let's go together," Ding Ling 'er said with a smile.

Yunshang nodded. although we're going in different directions, we're all going to the blood God Palace's teleportation array. So, we're going the same way.

As the two laughed, Yunxiao suddenly felt as if the clouds had scattered and the sky had been cleared. Although they did not do anything, Yunxiao felt as if the sky had finally cleared up. Looking at their backs as they left hand in hand, he felt a strange feeling in his heart.

"A!"

...

Suddenly, shaohuang haolian's long sigh came from the sky. He said emotionally, "There is only love in the spring Moon, like the flower falling from the sky. Leaning on the pillar, I'm so melancholic, a Spring dream."

"Bang!"

A very heavy sound came from the void, and shaohuang hao lian's voice was dragged to a stop. Mo Xiaochuan said, "It's fine now, young master Yun. Please continue."

Yunxiao's face was covered in sweat. In a flash, he left the divine realm tablet and carefully examined his body. The true devil Qi had been suppressed by his bright moon divine body, but as the Dragon had feared, he did not know how long it could be suppressed.

However, the benefits of absorbing the demonic energy fruit were also huge. Not only did it allow him to advance two ranks, but his resistance to the corrosion of the demonic energy was also rapidly strengthened.

Yunxiao's heart stirred as he slowly drew out a strange symbol with both hands in front of him. It turned out to be a demonic seal formed by a ball of demonic energy, which was the same as the great demon.

"Hmm, it's indeed useful!"

Yunxiao was overjoyed. One of his main reasons for refining the devil energy fruit was to cultivate the Dharma power left behind by the skeleton. After practicing the Dharma power in his heart, he could basically master it. But, at this moment, the devil had just entered his body, so he did not dare to use it casually, for fear of losing control again.

The demonic Dragon's voice rang out, "I've thought of an item that can increase the power of your divine body. It's the moon Pearl of the East Sea." Furthermore, the place where you obtained your divine body seems to have a great connection with the power of the Pearl."

I've thought of it," Yunxiao nodded. otherwise, I wouldn't have taken it out when I was suppressing the devil. The moon pearls of the eastern sea are the most precious treasures produced in the eastern sea. It is said that if you can collect twenty-four of them, you can set up a set of beautiful phenomena called the twenty four moonlit bridges, which can remove and suppress all abnormal situations."

"I've also heard of the twenty four moonlit bridges, but rumors are always greater than the truth," the demonic Dragon said. It can't be that the abnormalities can be eliminated after becoming a demon slave, right?"

...

that's a good question," Yunxiao said thoughtfully. when I collect all twenty-four, I'll find a fiend slave and try it. If it works, I'll have another method to deal with fiends.

The demonic Dragon was speechless. if you want to deal with the devil, I suggest you go find Hu Shengfeng. The devil essence lock in his hands is a strange item.

Yunxiao chuckled. I've planned to do so for a long time. Otherwise, I wouldn't have asked for a pass to the sea of soul formation. Whether or not Yu Shengfeng can refine Emperor Jun's body, he will definitely return to the sea of soul formation. Hmm, it seems that I have to go to the red moon City first. That is the Holy Land of the Eastern Region, and I should be able to collect a lot of Eastern Sea specialties, including the eastern sea Moon Pearl."

After he made up his mind, he put away the divine realm tablet and turned into a ray of light, heading toward the blood God Palace.

Chapter 762-love dilemma

The burial land had always been under the control of the blood God Palace. It was a famous mountain and treasure land in the Eastern Region. Countless martial artists had hidden there to cultivate. However, after the great demon incident, the seals were all opened, and the changes that followed were the loss of spiritual Qi. It became a place of little value. In addition, the demon tribulation had killed too many martial artists. This once famous treasure land for individual cultivators had suddenly become desolate.

Yunxiao flew out of the burial land and swept the area with his divine will. He found only a dozen or so martial artists, and they were all weak. He could only hear two people whispering below.

senior brother, as expected, there's nothing good for free. The spiritual energy here is not as good as before. No wonder the people from the blood God Palace canceled the charging point.

that's right. If we knew this would happen, we wouldn't have to spend so many vitality stones to teleport here. Now, we can't even take back our vitality stones.

"However, there are benefits to having fewer people. No one will disturb us when we cultivate together. No matter where it is, as long as I'm with senior brother, it's better than any spiritual mountain or treasured land."

alas, martial arts is difficult. Senior brother only wants to achieve the Supreme peak and have no other thoughts.

"Why? Is the peak of martial Dao so attractive to you? If he didn't even care about his beloved, then what was the use of being at the peak of martial arts? Senior brother, I won't give up. I'll be with you even if I die!"

"Yingluo, why are you so stubborn? Sigh, alright! Senior brother has been moved by your true feelings. Let's be together forever, Junior Brother!"

Yunxiao's face was covered in sweat, and he almost vomited. His body trembled a few times as he hurriedly flew out of the burial land and arrived at the foot of the blood God Palace. Only then did he let Ding Ling'er and Luo yunshang out, and the three of them walked side by side.

There were many people on the road to Blood God Palace, and it was much more lively than usual. Perhaps the demonic tribulation had caused too much of a commotion, many of them came to watch the show, and some wanted to take advantage of the situation. There was an endless stream of people, and many people were discussing it.

even a Supreme grade profound level weapon has appeared. It's simply shocking. Even the void martial sovereign was beaten until he vomited blood. Later, when he thought of the people of the world and the people at dawn, he took a deep breath and unleashed his small universe to chase away the devil.

"The people from the Holy region and the sea of soul formation have come to investigate a few times, but there are no more clues. I heard that these two major forces have been holding an emergency meeting to come up with countermeasures to encircle and annihilate the devil. The sacred zone has even sent out several secretaries to encircle and annihilate the Devils."

"The blood God Palace has suffered heavy losses in this war. Almost all the experts after the martial Supreme realm are dead, and the remaining few have gone into seclusion. I'm afraid their cultivation base will drop by a thousand miles. These few years, I've been occupying the resources of buried power, and with the connivance of Red Moon City, I've developed extremely quickly. I didn't expect to lose just like that. Life is really unpredictable."

the seal of the earth vein of the burial land has been broken, and a large number of treasures that have fallen from the ancient times have been plundered by the martial artists who have unique remarkable abilities. Most of the people who are going to the burial land now want to see the traces of the battle that Lord Void martial sovereign has fought.

They discussed the demonic tribulation along the way, and Yunxiao and the other two had a certain understanding of the current situation, but there was not much useful content.

Ding Ling 'er said worriedly, " what happened in songyue city will have no less impact on the continent than the demonic tribulation. But I haven't heard anyone talking about it. I wonder how the situation in the merchant Union and Tianyuan Chamber of Commerce is now.

although you're the backbone of Tianyuan trading company, " Yunxiao comforted him, " it's not like such a huge organization will immediately go wrong without you. In addition, given the current situation, I reckon that your father should also appear."

Ding Ling 'er was shocked, and her face turned a little ugly. "You also think that my father is hiding his strength? Are you deliberately hiding your strength?"

Yunxiao's eyes flickered as he said indifferently, "Don't be nervous. Although I've never met Ding Shan, he can't be a simple person since he was able to establish Tianyuan trading company and make it one of the permanent members of the business union. Furthermore, Yuwen Bo's death is a tragedy!"

Speaking of this, Ding Ling'er's delicate body couldn't help but tremble, which was also the key that she couldn't figure out. There was no way Yuwen Bo would joke with Yunxiao before he died. Besides, who in the entire Songyue Yang City had the strength to kill the third elder of Myriad Treasures Store at that time?

I don't want to believe it either," Yunxiao sighed. But it's very likely that your father is the murderer of Yuwen Bo. The few people who were chasing after Yuwen Bo back then were not strong, which meant that Yuwen Bo's physical body had been destroyed long ago, leaving only his ice soul remnant. And in that case, he didn't go to the Myriad Treasures Store for help, but came to me, who was extremely weak, instead. This proves that he doesn't dare to go to the Myriad Treasures Store!"

Ding Ling'er's mind went blank. She had thought about these speculations before, but every time she thought of them, she did not dare to think about them anymore, because the result of her speculation was exactly the same as Yunxiao's.

Young Master Yun, do you mean that Ling'er's father is hiding in Myriad Treasures Store?" Yunshang asked in surprise.

Ding Ling'er's face turned pale. Even Luo Yunshang had come up with such an obvious conclusion, but she had never dared to believe it.

Looking at her, Yunxiao could not bear to continue. "Ling'er, you don't have to take it to heart. You can carefully observe it when you go back this time. If I'm not wrong, Tianyuan trading company is not in chaos without you. Instead, it has expanded its sphere of influence."

Yunshang said doubtfully, "but Qianqian, under those circumstances, if Ding Shan had been present, he might not have been able to escape the great demon's sacrificial array, right? If it's Ge Ge"

That's impossible," Yunxiao interrupted. Your guess is absolutely impossible. If Ding Shan had been present at the time, the power of those demon clansmen would not have been enough to harm him. The situation was critical at the time, and we left first. There was no news of what happened after that.

Perhaps the merchant Union took some measures to block the news, and it's hard to predict the twists and turns in the future."

Ding Ling 'er's face looked a little better. She calmed down and said, "Songyue's city was destroyed, and the merchant Union has undergone great changes. Such a big thing can't be hidden even if you want to. Moreover, the young master of the blade sect was also involved at that time, so I haven't heard anything about it yet. Perhaps an even bigger storm is brewing."

After all, she had been in charge of the general situation in the merchant Union for so many years, so she quickly sorted out her thoughts and said softly, "I'll go back and take a look. If it's really as young master Yun said, then it's just as well. I can finally put down this big burden. However, her eyes were filled with deep worry as she said with a slight tremble, "If ... If Yuwen Bo was really killed by my father, what would you do, young master Yun?"

Both Yunxiao and Yunshang trembled, and the three fell into silence at the same time. This was indeed a knot that could not be mentioned.

Yuwen Bo's debt must be settled," Yunxiao said in a deep voice. but, if it was really your father's doing, I can spare his life!

Ding Ling 'er's eyes were slightly red. The fight between young master Yun and her father was the last thing she wanted to see. thank you so much, young master Yun.

Yunxiao's livid face was instantly soothed as he sighed and said, " maybe things aren't what we think, but no matter what, Ding Shan is your father. I will try my best to restrain myself.

Ding Ling 'er choked and nodded slightly.

The three of them suddenly became silent. They walked slowly on the path and soon arrived at the Blood God Palace's teleportation point.

There were a total of five teleportation arrays, four small ones and one big one. Many people were waiting in line. Since teleportation was charged by the number of times and not the number of people,

many people were whispering to each other, asking each other about their destination, and seeing if they could work together to save a lot of money.

“Brother, where are you going? Is it on the way to Jian Ye City?”

I’m going to Tong city, but it’s fine to build a house around it. I can save three thousand mid-grade primordial stones. Although it’ll take more effort, it’ll be worth it.

“Hehe, it’s on the way. Since you’re not going to Jian Ye City directly, I’ll pay you more.”

“Good!”

Yunxiao, the local tycoon, frowned when he heard this kind of money-saving conversation.

“Little brother, may I know where the three of you are heading to?”

A short and strong old man walked up with a smile. He kept sizing up the old man with a very capable look.

no matter where I go, I’m not interested in being a partner, ” Yunxiao said indifferently. find someone else.

“Oh?”

The old man was stunned for a moment. He then revealed his yellow teeth and smiled.”How bold. It seems that he must be the young master of a great family. Tsk tsk, these two beauties are also top-grade beauties. I wonder if you can bring this old man along? this old man is poor, I really can’t afford the teleportation fee.”

Yunxiao gave him a glance, and his pupils shrank imperceptibly. Then, he said coldly, ” “What does it have to do with me if I can’t afford it? Get lost, beggar!”

The old man was stunned for a moment, then immediately cried out, "Young man, don't you have any sympathy? Can't you transfer some positive energy? Reject indifference and start from the small things!"

Yunshang laughed and said, "this old man is quite interesting. Where are you going?" "If it's along the way, we can bring you along."

The old man rolled his eyes and chuckled, "I'll go wherever this little brother goes."

Yunxiao was about to speak when a loud shout suddenly came from behind him, "All of you shut up! Teleport to an important place, do not whisper! If any of them were found to have escaped together, the primeval stones that they had paid would be confiscated and they would not be teleported! For those that haven't been paid yet, you'll have to pay ten times more!"

The person who was roaring was the leader of the blood God Palace. He slowly flew up and stood in the air. He looked at the crowd coldly and said, "line up properly. If I find anyone whispering or secretly transmitting their voices, the teleportation fee will be doubled!"

Everyone's expression changed, but they did not dare to voice their anger. Although the blood God Palace's strength had been greatly reduced, a starving camel was still bigger than a horse. They were not people they could easily offend.

...

Hmph, a bunch of poor people. They want to teleport without money. Can't they fly?"

The person-in-charge cursed without restraint, his spittle flying everywhere.

His eyes suddenly fell on Ding Ling'er and Luo Yunshang, and he could not help but swallow. Then, he turned to Yunxiao, and his face finally pulled a long face as he said in a deep voice, "You over there, kid."

I recommend a new book by a friend, Asura Lord.

Chapter 763-grudges

Everyone looked curiously at where the person in charge was looking, and finally, their eyes fell on Yunxiao. At this time, the old man was stunned for a moment, then he gave him a 'good luck' look and also slipped into the crowd.

Yunxiao frowned as he raised his head and said, " "Me?"

The person in charge snorted and beckoned him over with his index finger.

Yunxiao looked a little helpless. Why were there so many fools in the world? he gave the man a look as if he was looking at an idiot, then turned his head away, too lazy to pay him any attention.

The person in charge's expression changed drastically as he said angrily, " "Did you hear me calling you over?"

Yunxiao dug his ear and said indifferently, " if there's anything, just say it. My back and legs are a little sore. It's not convenient for me to come over.

Everyone was stunned when they heard this. This young man was really audacious. He dared to be so arrogant in the blood God Palace's territory.

The person-in-charge was also stunned for a moment. He had not expected the other party to be so presumptuous. His eyes narrowed and he said coldly, " "You look very familiar, have I seen you somewhere before?"

Yunxiao's heart twitched. When the blood God Palace sealed the burial ground to search for him a month ago, they had almost spread the influence of his appearance to every corner of the world. He guessed that the man in front of him had forgotten about it. "My memory's not good, I can't remember seeing you."

The man suppressed his anger and grinned. "It doesn't matter if you don't remember. Our Blood God Palace is currently short of people. We plan to commandeer the two young ladies beside you. Are you interested in joining us?"

Ding Ling 'er and Luo Yunshang were both furious, and their eyes glinted coldly. It turned out that he had come for them because of his lust.

join and be your Palace Master?" Yunxiao sneered. you want to be your Palace Master?" Tsk, I'm not interested!"

"Haha, Palace Master? I'm dying of laughter, you really won't die if you don't seek death!"

The person in charge walked over with a cold face. The aura on his body gradually rose, reaching the peak of the martial honor realm!

Now, there were only a few martial Supremes left in the blood God Palace. His cultivation base was at the peak of martial honor, which was already intimidating.

Yunxiao suddenly found it a little funny. "You also know about the saying 'if you don't seek death, you won't die'?"

"Laugh? I'll let you laugh as much as you want!"

Yunxiao's contemptuous look had completely infuriated the person in charge. He had also discovered that Yunxiao was a five-stars martial Supreme, but if he wanted to defeat a four-stars martial Supreme, he would have to kill him with one blow, and teach him an unforgettable lesson!

With a slight turn of his body, Yunxiao dodged the man's punch in an extremely strange posture. Then, he moved his legs slightly and patted the man's waist with his left hand, flipping him over in the air. At the same time, a beam of light appeared on his right hand, turning his entire fist golden as he threw a punch!

"Bang!"

The person-in-charge's face took a heavy blow, and all his teeth were shattered. The upper half of his body was smashed into the ground, like a crooked date tree, stuck in the ground.

As this was a teleportation zone, the ground was made of extremely strong sixth-grade materials. At this moment, with the person in charge as the center, the ground was cracking open, and the crack was dozens of meters long.

"This bi an ..."

All the onlookers were shocked. They looked on in disbelief, and their eyes were filled with horror.

Even the blood God Palace disciples in charge of the teleportation widened their eyes. Their brains had short-circuited.

The pupils of the short and vigorous old man also suddenly shrank, revealing a grave expression. His eyes were bright, and it was unknown what he was thinking about.

"Bang!"

While the crowd was still in shock, Yunxiao flew backward, and a faint golden light appeared on his foot as he kicked the man in charge, sending him flying to the ground.

After he finished his punch and kick, he strode toward the teleportation array with a cold face.

He was also afraid that the experts from the blood God Palace would rush over. That would be troublesome. Although there were few talents left, the blood God was a genuine rank six Martial Emperor. He could easily suppress him.

"I have something urgent to attend to, so I need to cut the queue. Do you have any objections?"

He asked the person in charge of the teleportation. His eyes were filled with killing intent. Just a glance was enough to make people feel like they had fallen into an ice cellar.

“No, no, no objections!”

The staff member was so scared that his teeth were chattering. He forced a smile and said in a trembling voice, “There’s, there’s, there’s something urgent, of, of course, I have to leave first!”

yes, and I don’t have any money. What should I do? ”

Yunxiao continued to ask indifferently.

“Ha, no, no problem!”

The man’s emotions calmed down a little, and he laughed awkwardly, “ we’re all travelers, so who doesn’t have difficulties? I’ve always reminded myself to be warm-hearted and to help others. Don’t do it because you’re disgusted, and don’t do it because you’re kind.

“Mm, that’s good!”

Yunxiao asked Yunshang and Ding Ling ‘er to enter the two teleportation arrays first, then waved and said goodbye with a smile.

The two women felt a little sad, but they still forced down their laughter, not wanting to show their reluctance to part.

The teleportation formation started to operate under the man’s control. It emitted rays of light and connected to the distant spatial coordinates.

“You want to leave? Stop!”

Suddenly, a roar came from the sky, and a blood light fell toward the two teleportation arrays.

Yunxiao's face flickered. With a teleportation, he appeared above the teleportation array. The thousand-year saber appeared in his hand, which immediately sucked all his primordial Qi. Then, he slashed out a cold light in the air and met the blood-red light.

“Boom boom boom!”

The saber flare blocked the attack for a moment, but it disintegrated with the blood light in an instant, vanishing into thin air.

Ding Ling 'er and Luo yunshang were both shocked, but as soon as they showed their surprise, their figures gradually faded, and a Space Channel opened.

Yunxiao sent a voice transmission to her, “Don't worry, just go to your destination and don't come back. I'll be fine.” He was afraid that the two of them would come back, and that would really cause him trouble.

The two women were cautious people and knew the situation. They revealed a relieved smile and were gradually transported out.

li Yunxiao, you're not dead!

The man was Blood God. He was afraid of destroying the teleportation formation, so he did not use his full strength in the attack. Now that he had confirmed Yunxiao's appearance, he threw his head back and laughed excitedly. “Haha, the heavens are helping me! The heavens didn't stop me!”

His laughter was so loud that it shook the earth and the mountains. The cultivators waiting for the teleportation changed their expressions one after another. They had all guessed his identity and were all shocked.

...

Yunxiao swallowed some medicinal pills and began to absorb a few Supreme-grade primordial stones in his hand to recover his primordial Qi as soon as possible. He looked at Blood God coldly and snorted, "Are you sick?"

The crowd was dumbfounded, feeling helpless at Yunxiao's boundless arrogance. It was fine that he had ignored the person-in-charge earlier, as they could tell that he did have some skills. But now, he was facing a famous expert of the Eastern Region, the master of the blood God Palace, or a true six-stars martial sovereign!

If he still dared to be so arrogant at this time, it could only mean that there was something wrong with this kid's intelligence.

The blood God stared at him coldly and said, li Yunxiao, I can see that you're also a talent, and you'll be a hero and an Overlord in the future. I can't bear to let you die so early. As long as you hand over my blood fiends and the Jade tablet, I can spare your life."

is this the Jade stele you're talking about? " Yunxiao chuckled. is this it? "

He raised his right hand, and the divine realm tablet slowly emerged. It grew to a foot in size and emitted flowing light and vibrant colors above his palm. Various patterns constantly appeared on it.

"It is!"

The blood God's eyes were filled with greed as he said excitedly,"Hurry up and give it to me!"

"Mm, alright!"

yes, " Yunxiao replied and threw the divine realm tablet out. An infinite power of the earth spread out, pressing down on the space between heaven and earth, and quickly collapsing it toward Blood God.

He knew that a battle was inevitable, so he made the first move to gain the upper hand. Five Northern heaven cold star swords appeared at the same time, forming a sword diagram in the air and forming a sea of sword Qi. He also slashed out.

...

“The breathing earth?”

The blood God was taken aback. He was very familiar with the phenomenon of space being squeezed. It was the breathing earth, which had been refined into the blood beast’s body and served as the core. He was suddenly bewildered, wondering if Yunxiao had done something to the blood Beast.

“I’ve spared your life, yet you don’t know what’s good for you. Then I’ll send you to the West!”

The blood God’s eyes turned cold. He did not want to think about the blood fiends anymore. If he could get this Supreme grade profound level weapon, it would be better than anything else!

sea of blood surging to the sky! Fallen devil claw!

With him as the center, a sea of blood spread out, turning the world red. He extended his hand, and a bloody claw immediately appeared and grabbed.

“Bang!”

The divine realm tablet shook, but it didn’t bounce away. Instead, it remained in a stalemate. The power of the world began to appear, constantly devouring the surrounding blood sea. After he got that piece of breathing earth, the power of his earth territory had multiplied.

The blood God’s pupils shrank. The infinite gravity generated by the extremely strong power of the earth couldn’t even shake off his blow. He was shocked. Moreover, the power of the world that the divine realm tablet was emitting at the moment was invincible, which made him even more afraid of the Super Grade profound level weapon.

In fact, it was just a psychological effect. If he tried to fight him head-on, Yunxiao would not be able to withstand it first. It was only because the transcendent-grade Mystic artifact was too powerful that he

did not dare to block it head-on. With a flash, he disappeared from the sea of blood and came at Yunxiao.

The heavenly Sword picture transformed rapidly in the air and trapped him in it. The sword Qi rushed around and split his blood light, attacking his vital parts from five directions.

“Damn it!”

The blood God was shocked again and again. These swords were clearly ordinary objects, and the aura they exuded was not weaker than his celestial master’s giant banner ruler, but he could not believe that they were all ninth tier profound level weapons.

He flew up and flicked his fingers. Blood beads flew across the sky and hit the long sword!

“Bang!”

One of the swords was sent flying by the impact, emitting beams of sword light in the air. After four loud bangs, the other Four Swords were also knocked away and returned to Yunxiao’s side to form a defensive sword array.

Chapter 764-retreating in shock

The two of them had only exchanged blows for a short while, but in the eyes of the crowd, Blood God was at a disadvantage. They could not help but be dumbfounded and in disbelief!

This man was the blood God, a domineering six-stars Martial Emperor!

The few Blood God Palace disciples in charge of the teleportation had cold sweat on their foreheads. Fortunately, they did not do anything rash. At least the person in charge was still alive after being kicked away. If they had offended this fiend, they would probably not even be left with their flesh.

The blood God was also horrified, and his face was filled with shock. It was simply incomprehensible that Yunxiao, a five-stars martial Supreme, could withstand several of his moves.

At this moment, the divine realm tablet also flew back and once again pressed down on his head.

The Scion of the blood God snorted coldly and turned into a blood light to retreat, deliberately avoiding the divine realm tablet. He knew that there were two troublesome Martial Emperor experts in the tablet, and he was afraid that someone else would also discover the secret of the tablet, so he said, "This is an important place for teleportation. Do you dare to fight me somewhere else? There are some things that you don't want to expose, right?"

Yunxiao reached out and put away the divine realm tablet. After a moment of contemplation, he said, "Alright, as you wish!"

Without saying a word, the blood God turned into a beam of light and left, followed by Yunxiao. He would not stop until he had an understanding of the blood God today.

The two of them flew for thousands of miles and came to the sky above the burial land. Only then did they stop and stand quietly.

I'm very curious about your identity. You have so many powerful profound level weapons and two martial Supremes by your side. You even have a Supreme grade profound level weapon. Although the world is big, I really can't think of anything. Could it be that you're from some reclusive family? "

The Scion of the blood God was the first to probe.

would you let me go if I was from a reclusive family?" Yunxiao laughed. I'm from a reclusive family.

"Of course not. No one can save you today," the Scion snorted.

if that's the case, why are you still asking?" Yunxiao said sarcastically. Let's just start fighting!"

As soon as he finished speaking, a light flashed in the divine realm tablet. Mo Xiaochuan and Shaohuang haolian came out one after another. Shaohuang haolian said angrily, "It's you again, you red-haired old ghost! When I was cultivating the essence of a godly technique to the point of perfection, you interrupted me!"

f * ck! young Emperor haolian cursed, but he did not dare to be careless. Red light flashed on his right fist, and a fist intent spread out.

Mo Xiaochuan also drew his sky-destroying devil-rinsing sword. He raised his sword and glared coldly.

The blood God sucked in a cold breath, and a faint trace of anger appeared on his face. Even a large sect like the blood God Palace only had one ninth-tier heavenly master's giant astral ruler. Later, a warrior in the burial land had accidentally obtained a ninth-tier hammer and handed it over, and only then did they have two. Each of these people in front of him was a ninth-tier Mystic artifact, and not only did Yunxiao have a Supreme-grade Mystic artifact, but the power emanating from the five swords was also a genuine ninth-tier Mystic artifact.

"This world is really unfair!"

Blood God roared in anger and revealed a ferocious expression. He sneered, "But it will be very fair soon!"

"Blood shadow doppelganger technique!" He suddenly shouted. The clone of Blood God's body instantly split into three and attacked the three at the same time. Its speed was almost the same as blood escape, and it divided its power into three parts according to the strength it judged.

Yunxiao's divine sense was extremely powerful, so he reacted in an instant. He leaned his body slightly to the side, but an attack from the blood God still pierced through his body. The blood light turned into thunder and lightning wherever it passed, and his whole body turned into a flash of lightning and fled.

"Don't even think about leaving!"

It seemed that the three clones could only hold on for a while. After attacking three people respectively, they immediately merged into one, and a powerful force pressed down on Yunxiao. He had learned his

lesson this time. The Emperor aura of the nine Heavens suppressed everything, and since he was so much stronger than Yunxiao, no matter how powerful he was, he would have to surrender obediently under the power of the Emperor aura!

Young Emperor haolian's reaction was the slowest in the previous attack. He was directly hit by the blood-red light and sent flying hundreds of meters.

Mo Xiaochuan, who had blocked the attack with his sword, was also knocked back dozens of meters. When he saw that Yunxiao was trapped, he was shocked and immediately thrust his sword at him.

"It's useless! One star is a world. You're two levels lower than me. It's like the difference between cloud and mud!"

The blood God suppressed Yunxiao with one hand and used the same move with the other hand to disperse the Emperor Qi's power. Mo Xiaochuan was still stunned, and a murderous look flashed across his face!

The entire sky turned blood-red under his killing intent. The rolling sea of blood seemed to come from the sky, directly surrounding Yunxiao and Mo Xiaochuan and beginning to wrap them up tightly. He kept trying to refine them with the power of bloodstain.

He kept making hand seals, sending all kinds of blood seals into it.

"Childish!"

"Bang!"

As Yunxiao's merciless sneer rang out, the blood that surrounded him exploded and walked out unscathed. The divine realm tablet in his hand flickered as he said with a sneer, "It's true that the Emperor Qi of the nine Heavens suppresses everything, but this refers to everything in the world of the heavenly martial realm! It can't stop the power of the world from a Supreme grade profound level weapon!"

“Bang!”

The bloodstains around mo Xiaochuan were also immediately torn apart. The treasured sword in his hand was constantly clattering as he said coldly, “My heaven-destroying devil-rinsing sword can restrain all the filthy energy in the world. If you’re still an expert, don’t play such child’s play.”

The divine realm tablet in Yunxiao’s hand materialized again, turning into a small mountain that broke through the sea of blood and pressed down like a mountain. No matter what, it would crush you into a meat pie!

The Scion was so angry that he almost vomited blood. He made up his mind and burned his blood essence, turning it into a fist. One of his arms was burning red as he punched out and roared, “even if it’s a transcendent grade profound level weapon, what right does a mere martial honor like you have to possess it? what ability do you have to unleash its power?”

“BOOM!”

This time, in his anger, he could no longer care about anything else. He struck with all his might. Even though the divine realm tablet had activated the power of the world, it could not withstand his punch and slowly flew back, sending the counterforce directly to Yunxiao’s body. He coughed up a mouthful of blood on the spot, his qi and blood boiling, and his skin began to emit golden light!

“This body is so weak.”

Yunxiao was taken aback. In the backlash, his body seemed to have gained a tiny improvement that was hard to detect, but it was so subtle that he could not tell whether it was true or not.

Could it be that the tyrant body tempering technique required constant fighting to stimulate the body?

The Scion of the blood God was also stunned for a moment. This kind of physical technique phenomenon was actually so similar to the legendary martial sovereign tyrant’s technique. However, he couldn’t care less about this. A look of great joy appeared on his face as he said ferociously, “This transcendent grade profound level weapon is indeed the same as ordinary profound level weapons. It can only be used in the hands of a strong person! Without this support, how can you fight with me!”

His confidence was greatly boosted, and his momentum rose as he directly charged forward.

Mo Xiaochuan was shocked. He raised his sword and blocked the attack. The sea of sword Qi spread out and went for the blood God.

Blood God snorted coldly. He didn't have to back down. The blood hand smashed down and shattered the Sea of Swords in one move! He clenched his fist and struck the sky-destroying devil-rinsing sword, generating a powerful weapon reserve that sent mo Xiaochuan flying.

Yunxiao was shocked. The blood God's combat strength was even above that of an ordinary six-stars Martial Emperor. He was about to summon the divine realm tablet again when his heart trembled. He circulated his essence force, and the suppressed demonic energy suddenly spread out, growing uncontrollably and demonizing his whole body.

The Scion of the blood God looked at him sarcastically, intending to play with him like a cat toying with a mouse. Suddenly, his pupils widened, and he let out a cry of horror as he retreated.

Yunxiao's entire body was occupied by the black demonic pattern, and his face gradually turned into di ye's, with a ferocious look on his face. The third eye on his forehead suddenly opened, emitting a demonic blood-red light. "Ha, haha, I really didn't expect you to be a fiend slave?"

He changed his hand seals and displayed a demonic seal that slowly emitted a black light.

The Scion's face was filled with fear. His originally red body suddenly began to emit a black demonic Qi as he roared in shock and anger, "What demon slave? shut up! What are you doing? Quickly stop!"

The black demonic Qi slowly resisted the blood Qi around him, and under the entanglement of the two colors, the blood Qi actually showed signs of retreat!

"Hehe, I remember now!"

...

hahaha! Yunxiao suddenly laughed. when di Jia's clone fled, you were hit by a fatal blow, and the true Devil's primordial Qi entered your body. Although it can be suppressed normally, it's still stimulated when it comes to my Demon Lord, haha, hehehehe!"

His strange laughter was like the most terrifying thing in the world, causing the blood God's face to completely twist!

"Yingluo, Who are you? y-you Yingluo!"

The blood God's voice became weaker and weaker, and he became more and more terrified. His entire body trembled, and the black demonic patterns were about to invade his entire body!

"This servant! Why aren't you kneeling after seeing this Lord!"

Yunxiao's sudden shout was like a blow to the blood God's heart. He cried out in horror, then turned into a black beam of blood light and fled far away.

"Eh? He actually escaped. It seems that his demonization isn't complete enough."

Yunxiao murmured to himself as he looked at the fleeing figure.

At this moment, haolian shaohuang flew back and said in surprise, "Young master Yun, you beat him up and sent him running? How was that possible? "Ah, you ... You're wearing a Kasaya!" His pupils suddenly shrank, revealing a look of horror.

Yunxiao's expression was very strange. Ignoring haolian shaohuang, he snorted coldly and said indifferently, "What do you mean by pointing your sword at me?"

Mo Xiaochuan's serious voice came from behind him. Are you young master Yun or the devil? "

...

The sky-destroying devil-rinsing sword's cold blade was pointed at his heart on his back, and it exuded a powerful weapon reserve. Mo Xiaochuan believed that even if the person before him was a demon master, he would not be able to Dodge his sword.

I hate the aura of your sword, " Yunxiao said coldly. take it away! Of course, you're my master!"

Chapter 765-Redmoon city

"Oh? Really? But why do I feel like punching you when I see your face?"

Mo Xiaochuan's expression was cold and unsightly.

"Yes, I also want to beat him up!"

Young Emperor hao lian suppressed his anger and said,"Because you're really ugly!"

Yunxiao's face flickered as he sneered, " "Regardless of who I am, do you really have the guts to kill me? If you Pierce my heart, Yunxiao will die, but the demon Lord will not."

The muscles on his face suddenly froze because of a sharp pain in his back. Mo Xiaochuan's sword had already pierced through his body and stopped just a hair's breadth away from his heart. The waves of weapon's hidden power from the sword made him feel extremely uncomfortable. His face constantly twisted and changed as he roared, " "I'm your master. Do you really dare to kill me?"

Yunxiao's eyes were filled with shock and disbelief.

"I don't like to hear nonsense. I don't know why this sword is called the heaven-destroying devil-rinsing sword, but it seems to be related to you Devils. If you really want to prove yourself, it's very simple. You have an East Ocean moon Pearl on you. If you take it out, I'll believe you."

Mo Xiaochuan said coldly.

Yunxiao was slightly taken aback, and there was a trace of fear in his eyes. He was very reluctant to take the moon Pearl of East Ocean, but he could not help but take it with a thought in his mind. He turned his right hand over, and the Pearl immediately fell into his hand.

A beam of light emanated from the bead, growing stronger and stronger. Yunxiao's face was filled with fear and anger as he roared and tried to throw the bead away, only to find that he could not control his hand.

“Bang!”

Mo Xiaochuan unsheathed his sword and swung it down in the air, then slapped it on Yunxiao's shoulder. A wave of weapon essence spread out and finally suppressed the demonic aura.

Yunxiao's face slowly recovered, and a look of shock and solemnity appeared on his face. “I didn't expect this demon to be so powerful. Although it's all demonic Qi, there seems to be a huge difference. A demon master's power level and the purity of his demonic Qi are far superior to ordinary demon slaves. I might have really gone too far this time.”

Mo Xiaochuan retracted his sword and heaved a sigh of relief. Fortunately, the moon Pearl of the East Ocean and my sword can still restrain you. I think you should take Miss Yunshang with you. Your divine body of nine yang is indeed unparalleled.

Yunxiao frowned. The divine body of nine yang has a very strong name in the history books. I'm looking forward to the day she achieves great success. Perhaps she will help us in subduing the devil in the future. In my current state, it looks like I'll have to find the 24 moon pearls as soon as possible. The Scion of the Blood God has been frightened away. Let's leave as soon as possible.”

Mo Xiaochuan and Shaohuang Haolian entered the divine realm tablet while Yunxiao turned into a beam of light and quickly returned to the teleportation site.

Due to an accident, the person-in-charge was seriously injured by Yunxiao, and the entire teleportation work was put on hold. It was not until Yunxiao returned that a great uproar was caused.

Beneath the teleportation array, which had over a hundred people, there had been a lot of noise and complaints. However, with his return, it suddenly became silent, and everyone revealed a look of fear.

Many people stretched their necks to see if the blood God had returned. However, the result sent a chill down their spines.

The two of them had gone out to duel, but only Yunxiao had returned. What did that mean? Even a fool could think of it, but there were no fools present, so they did not dare to think or believe it!

A dignified six-stars Martial Emperor had fought with this young man and had never returned? What had happened?

Yunxiao landed lightly and headed toward the teleportation array.

“Huala!”

Everyone spread out with all their might, directly opening up a path that was more than ten meters wide. No one dared to block in front of him, or even beside him.

The few Blood God Palace disciples followed his footsteps. They were so frightened that their faces turned pale and their bodies trembled.

“Red Moon City.”

teleportation array! Yunxiao walked straight into the teleportation array and uttered the words softly.

Everyone’s heart trembled as they looked at each other in horror. So he was going to the red moon City. Could this person be from the red moon City? The more he thought about it, the more he felt that it made sense. Indeed, only the people of Red Moon City could be so awesome, so arrogant and domineering, and also have such tyrannical strength.

“Yes, yes, immediately!”

The few Blood God Palace disciples hurriedly piled a large number of vitality stones in, eager to teleport this fiend away.

A moment later, Yunxiao appeared in a huge square, which was the landing point of Red Moon City. Like him, people appeared from time to time, all of whom were travelers from all over the heavenly martial realm.

Yunxiao raised his head and looked at the sky around him. A look of reminiscence flashed in his eyes as he sighed and said, "how many years has it been? I've come to the red moon City again.

"Ha! Come over! Come and get an ID card, don't just stand there and block the way!"

Suddenly, a voice roared at him with the power of sound waves, pouring directly into his ears.

Yunxiao turned around and saw a long line not far away, all of whom were applying for temporary identity cards. The person who shouted at him was dressed in a tight suit, and a Red Moon was printed on the upper left corner, which was the symbol of the red moon city's forces.

Red Moon City was a super power, but it was also a Super City. It occupied an area of no less than a thousand miles, and its population was usually in the millions, more than ten times the size of songyue city. This was because this was not only the power center of the eastern domain, but also the commercial center of the eastern domain. For the convenience of management, everyone who entered and exited had to apply for an identity card. It could be long-term or temporary.

Just the income from the card alone accounted for more than 30% of the total annual income of the red moon City. It was definitely a big project to make a fortune. Everyone dared to be angry but did not dare to speak out. Over time, they got used to it.

Yunxiao frowned, and a bloodshot gleam flashed in his eyes. God knew how many martial artists in this kind of tight-fitting clothes he had killed the last time he came to Red Moon City, but they all ran away as soon as they saw him. Now, things had changed, and he was no longer the Gu Feiyang he used to be.

"Are you deaf?"

“If you don’t want to get a card, then get out of here! Go back to where you came from!” The warrior said angrily.

Yunxiao walked toward the line obediently. He did not come to Red Moon City to cause trouble. Besides, if his identity was exposed, the people who wanted to kill him the most in the world would be from Red Moon City.

tsk, this hotheaded ghostly appearance, like a country bumpkin who has never seen the world!

The martial artist sneered and said to his companion, “ this must be for the second miss again. A bunch of idiots. Why don’t you take a look at your reflection? ”

The companion also laughed. haha, don’t say that about him. I think that kid is also a pretty boy. Who knows, he might be able to get the second lady’s favor.

“I’ll go! There are so many pretty boys in the world, aren’t they all just three-legged toads? it’s enough to deceive a village girl, but you still want to have any relations with Red Moon City? even toads dare to dream!”

“Haha, that’s true. When the time comes, you and I will also go and register. Maybe the second miss will belong to us, haha!”

Yunxiao was speechless when he heard all kinds of mockery and ridicule, as well as some strange looks. He had only stopped for a few seconds on the teleportation array because he was sighing with emotion. Did he really have so many complaints to complain about?

“What?”

Just as Yunxiao was feeling depressed, a man in a green robe in front of him suddenly gave him a few contemptuous looks, and there was an unspeakable look of ridicule on his face.

what's with that expression on your face, brother?" Yunxiao asked curiously. what's wrong with that? " I hope you can dispel my doubts."

The green-robed man spat out a word in disdain and said, " "Act!"

Yunxiao wiped his sweat and said awkwardly, " "Brother, I really don't understand."

...

"Still pretending!"

He took out a Supreme-grade primordial stone and handed it to the man in green, then said, " "Brother, I really don't understand. Please explain in detail!"

The green-robed man was stunned for a moment, and then a look of surprise and joy flashed across his face. He turned his hand and put away the Supreme-grade primordial stone. He coughed twice and said seriously, " "So you really don't know, brother. But for such a big matter to be known by the whole world, could it be that you just came out of closed door cultivation?"

Yunxiao nodded and said, " yes! I just came out of closed-door cultivation and came to the red moon City to buy some materials."

"I see, it's excusable!"

The man in green came to a sudden realization. the second young lady of the Jiang family in the red moon City is going to have a martial contest to find a spouse. It has been announced to the world as early as a month ago. In the past month, countless young and handsome men have come to the red moon City. The prices of the restaurants and inns have directly increased by a hundred times. Especially those inns with secret training rooms, they are a thousand times more expensive than usual. Even the cheapest one costs a hundred thousand mid-grade primordial stones a night!"

"Fuck! 100,000 Yuan a night, can I sleep with the lady boss?"

Yunxiao could not help but curse out loud, feeling that it was incredible.

“Haha, I think I can add a little more,” the green-robed man laughed.

there is only one second miss of the Jiang family, ” Yunxiao said with a smile. why don’t they weigh their own abilities when so many people have come at once? ” Not to mention their strength, these people also have problems with their intelligence. Miss Jiang will never want them.”

The man in green laughed embarrassedly. haha, people are curious and lucky. Who knows? maybe a pie will fall into their hands if they’re lucky? ” Even if it doesn’t fall on my head, it’s good to see who the flower falls on. ”

...

so, brother, are you also here to try your luck? ” Yunxiao laughed.

“Hahaha!” The man in green smiled. my luck has been pretty good recently, so I came out for a walk. Brother, you seem to be quite capable. Do you want to try your luck? ”

A green light flashed in his hand, and a few thin booklets appeared. He said mysteriously, ” “Come, as long as you give me one more Supreme-grade origin stone, all this precious information will belong to you!”

He unfolded the books in front of Yunxiao one by one. I’ll teach you how to kiss Jiang Ruobing “, ” Jiang Ruobing-I’ve been announcing to you for a long time, do you know that? ” guide to chasing women in red Moon City “, ” the time when I watched Yafei die with Jiang Ruobing ”

Yunxiao broke into a cold sweat as he quickly pushed her away and said, ” “My luck hasn’t been very good recently, and accidents happen wherever I go. I’d better not try my luck. Brother, keep it for yourself. The most important thing is to participate, all the best!”

Chapter 766

766 Peach wine

“What’s wrong? You’re not satisfied?”

The man in green raised his eyebrows as if he had understood what was going on. He smiled and said, “it seems that brother is also an old hand. You don’t even take a fancy to these small entry-level things. I have more!

He flipped his hand and a few more books appeared. This time, they were even more mysterious. He said in a low voice, “This thing could have been created by a senior maidservant of the Jiang family of the red moon City.” There were a total of three books, namely “a deep understanding of Jiang Ruobing’s personality and preferences”, “advanced theory and practical course on how to converse with Jiang Ruobing”, and “analysis of the five great attractions of picking up girls in red Moon City”.

Yunxiao felt a little dizzy. He was about to get his temporary identity, but the other party was determined to sell it to him. So, he had no choice but to take out a Supreme-grade primordial stone and Exchange for it.

“That’s the way! She’s the second daughter of the Jiang family, a classic example of Bai meifu. Which man wouldn’t want her?”

The green-robed man kept the vitality stones with satisfaction. After receiving his temporary identity, he ran off like a wisp of smoke.

“Do you want a temporary identity or a permanent identity?”

The red moon city’s staff said indifferently, as if he was extremely tired of this job.

“I’ll do a temporary one,” Yunxiao said after a moment of thought. “I’ll leave after I buy some materials.

“En!”

The man threw out a crystal card and said, “record your personal information and leave your divine sense mark. People from the Eastern Region just have to pay 1000 mid-grade primordial stones, and those from the outer region have to pay 5000.

Leaving a spiritual awareness imprint would basically record all of a person's characteristics and information. What was even more terrifying was that the other party could track your location through this crystal card. But, none of this was a problem for Yunxiao. With his cultivation base in alchemy, he could easily change and forge the records at will. "5000 mid-grade origin stones? It's just a temporary status and it's already so expensive?"

It wasn't that he didn't want to give it to them, but he felt that it was too much of a scam. Charging 15000 per person? no wonder Redmoon city could become one of the seven superpowers. Why didn't they join the merchant Union instead? the merchant Union was even better at doing business and was even more shady.

that's right. Usually, there are only 200 people in this region and 800 people in the outer regions. How did it suddenly increase so much? "

Many people behind him also complained about the rising prices.

The cultivator raised his head and snorted coldly, "If you're poor, then don't come to the red moon City. This isn't a place for you country bumpkins. Also, don't think that I don't know your intentions in coming to the red moon City. You're here for the second miss. For this reason, we've already prepared the information for you with the concept of quality service. Don't you need to pay for the information?"

He threw out a few books and said, "pay for the card, these materials are all supplementary." &Nbsp;

Yunxiao looked over and saw that they were the three books, 'a deeper understanding of Jiang Ruobing's character and preferences'. His face immediately darkened, and when he turned around, the man in green had long disappeared.

my Lord, you see, I'm almost a hundred years old, and I'm only an ordinary great Martial Master. It's impossible for me to participate in the joust for a spouse event. I don't want these books, but can you reduce the cost of the card? "

A trembling old man asked carefully.

“Pa!”

The staff member slammed the table and said angrily, “Do the rules of the red moon City have to be broken for you, an old man who can’t die? If you want to make an exception, you can go and get the city Lord’s order. With the city Lord’s order, you can make an exception.”

How could a person who had the ability to get the city Lord’s handwritten order come to apply for a card and be exploited? At the teleportation array, there was a special mirror that could observe the strength of every martial artist who entered the teleportation array of Red Moon City. Once there was a martial honor cultivation level, there would be a special female servant to receive the guests. For those below the rank of martial honor, they would follow the regulations on the management of minions. They had to go through the relevant procedures and undergo unified management.

Yunxiao had been using a secret technique to hide his cultivation base, so he was only a five-stars martial Grandmaster. Even the mirror of truth could not reflect his cultivation base, which was why he was mistaken as a Lackey and called here to apply for a card.

After completing the temporary identity card, he headed to the exit. There was a crystal that was specially used to detect identity cards. He just had to place his card on it and he would be able to pass.

The guard glanced at the crystal and looked at the information inside with a slightly surprised expression. He muttered to himself, “Xiahou Jian? They were from the Xiahou family of Windfall City. They should have permanent identity cards. Whatever, it was probably the young master of the Xiahou family who had come out on his own to try his luck. Hmph, house Xiahou is nothing but a grain of sand in the Redmoon city.”

The guard was only surprised for a moment, but he didn’t care much and continued to check the people behind.

A short but strong old man walked over with an unhappy expression. He kept mumbling, “it’s so expensive to teleport here from the blood God Palace. It’s all that kid’s fault. He didn’t even make it convenient for me to teleport here for free. Respecting the old and cherishing the young is a traditional virtue in the realm of heavenly martial arts. The young people nowadays are getting more and more unruly and indifferent.

The man was the old man who had struck up a conversation with Yunxiao in the blood God Palace and wanted to teleport with him. He took out a permanent identity card, swiped it on the crystal, and walked over, still grumbling. The guard could only hear him saying intermittently, 'I'm already so old, but I'm still not allowed to retire', 'it's too much for the chief to unilaterally delay my retirement age', 'God knows when the new palace Master will come', and so on.

The guard felt strange when he heard this. He looked at the crystal record and his expression changed slightly. Tyrannical sky Tiger, the fifth brother of death god Palace!

After passing the teleportation array's checkpoint, they could be considered to have truly entered Red Moon City. It was a place full of flowers and brocades, with heavy traffic and bustling crowds, most of them in a hurry. However, there were also many young faces in the crowd, looking like they were leisurely shopping. They should be the young talents who had come after hearing the news.

He didn't have any impression of the Jiang family's second miss. Judging by her age, this little girl had probably just been born when he came to the red moon City last time. The entire Jiang family's system was huge, but Jiang Ruobing must be a blood relative of the Jiang family's direct line to be able to trigger such a big event.

"Peach fragrance, a specialty of Red Moon City. It's an authentic peach fragrant wine that can only be drunk in the city Lord's mansion! One mouthful is equivalent to a month's worth of cultivation!"

In a restaurant, dozens of jars of fine wine were neatly stacked outside, and a strong aroma drifted in. The waiter in front of the door shouted with all his might, "This wine is brewed with the hundred-mile peach flowers from the South of the red moon City. It's not only fragrant, but it's also refreshing and can quench one's thirst. During a happy occasion, of course, it's the fragrance of peaches!"

As Yunxiao smelled the wine, he seemed to be reminded of the scene. A lonely look flashed across his face as he stepped forward and said, "Two jars, please."

"Alright! Your Excellency, one look and I can tell that you have a good eye. At such a young age, you already know what's good. After drinking our peach wine, you will definitely have good luck!"

With a wry smile, Yunxiao put away the two jars of wine and sighed. "Since you're here, let's go meet some good friends."

He looked around and walked towards one of the shops. It was the place that sold and rented the south-pointing chariot.

There was a clear rule in the red moon City that those who were not from the city were not allowed to fly in the air without permission. The entire Red Moon City was extremely large, spanning thousands of miles. Over the years, it had continued to expand. This meant that the south-pointing chariot had to be used for long distances. Moreover, this south-pointing chariot had an extremely good characteristic, which was that it could fly at a low altitude.

However, a temporary identity card was also required to drive the south-pointing chariot. This way, he could grasp the movement of every martial artist in the city at any time.

Yunxiao bought the fastest one, and after inserting a temporary identity card into it, he suddenly spread his two iron wings and took off into the air, flying in a certain direction.

There were South-pointing chariots flying around in the sky, all within a height of 100 meters from the ground. This was also the allowed altitude of the South-pointing chariots in Red Moon City. Once they went out of the range, there was a risk of death.

After flying for the time it took to brew a cup of tea, they arrived at a remote house. It was far away from the bustling downtown area of Red Moon City. There were several miles of fertile farmland, mountains, and lakes, just like a paradise.

Yunxiao landed gently and looked over. A peach tree was swaying in the breeze, with white tender shoots growing on its branches, which were reflected in the lake like a carved jade, emitting a warm green light.

The faint fragrance of peach flowers and the faint sorrow lingering in the wind made Yunxiao's melancholy drift away.

"On this day last year, in this sect, the human face and peach blossom reflected each other in red. My face has disappeared, but the peach flowers are still smiling in the spring breeze."

He recited softly and went up to sit directly under the peach tree. He took out two jars of peach fragrant wine and drank it alone. He sighed softly and said, I don't think the name of this wine is good at all. I think it should be called sorrow of intoxication.

Yunxiao picked up a jar and poured it into his mouth alone. He drank with great loneliness.

“Who is it? You actually came to this forbidden area!”

Suddenly, an extremely sharp voice resounded in the air, as if it had done something that made him extremely indignant, and it even trembled a little.

A shadow flickered in the air. Without even seeing the person's face, the wind from the palm was sharp and merciless. The emperor's Qi was everywhere, locking down the space!

Yunxiao's body trembled. Although the voice was a little distorted due to anger, he had already recognized who it was. However, under the current circumstances, how could they recognize each other? how could the other party trust him?

An old face flashed in front of his eyes, but it was more weathered and worn down by time than in his memory.

...

“A!”

Yunxiao let out a sigh as he opened the heavenly eye on his forehead. The power of Thunder tribulation suddenly blasted out, immediately breaking a crack in the spatial seal of the Emperor Qi of the nine Heavens. Then, he turned into a Thunderbolt and shot out a Blue Beam that covered a thousand meters in an instant, causing the palm strike to miss.

The newcomer's expression changed. If her Palm Power hit, it was very likely to destroy the surrounding objects. Her body twisted in the air forcefully and blasted the palm Power into the lake.

“BOOM!”

A shocking water dragon rushed up, hundreds of meters high. After it broke, it fell down like a waterfall, and water vapor scattered in the air.

Chapter 767-forgetfulness

The lake water that was like a waterfall was like sparse rain, floating in the air. A beautiful woman in Palace clothes stood by the lake. Her expression was cold, and her eyes flashed with coldness. Her hands formed a seal, and a force spread out from her hand seal. The water vapor that filled the sky behind her condensed and turned into a shocking Dragon in the air, circling around her.

Just as she was about to make a move, she suddenly saw a jar of peach wine under the peach tree. Her body trembled and she exclaimed, “W-Who are you?”

“Huala”

The stream of blue water fell into the lake and shattered into pieces. The wind blew past, and the fine threads fell like rain.

Yunxiao looked at the familiar face, which had now become old, and sighed softly. He stretched out his hand, and a strong wind blew out. A falling leaf in the distance rolled into his hand, then gently folded it and put it in his mouth to blow.

The breath shook the leaves, making a crisp sound, like a bird touching the water or an Oriole chirping. In the drizzle and under the peach flowers, it gradually sounded.

Her eyes, which were filled with killing intent, were gradually melted by the warmth in her heart under the music and the peach blossoms. The beautiful woman quietly listened to the drizzle, the peach blossoms, and the mournful chirping. The two of them were speechless.

A faint sorrow lingered in the wind. The scene in front of them, accompanied by the soft sound, was cold and quiet. The one playing it was sad, and the listener was sad.

After a long time, the song ended, and there was only the sound of the rain and the falling flowers.

Yunxiao gently moved his hand, and the leaf was blown away by the wind. "Let's have a drink together."

The beautiful woman reached out and removed the mud seal from the jar of peach wine under the peach tree. She took a sip and said, "This wine is fake. You've been tricked."

this is not peach wine," Yunxiao said with a smile. it's called getting drunk and forgetting sorrow.

The beautiful woman savored the name and said, "If there is such a wine in the world, then no matter how much money I spend, it will be worth it." She raised the wine jar and gulped it down, as if she was very happy.

"But why can't I get drunk and forget my worries?" the beautiful woman asked. She was startled. She paused and suddenly said, "Do you know the difference between drinking and drinking?"

A look of reminiscence flashed in Yunxiao's eyes as he took a big gulp of wine and said, "I heard from a friend that the more you drink, the warmer you feel, but water ... The more you drink, the colder it gets."

The beautiful woman was startled. She then laughed miserably and said, "But why is it that the more I drink, the colder this wine gets?"

Yunxiao put the wine jar back under the peach tree and said seriously, "Because your heart has always been cold and has never been warm."

The peach blossoms fell, and the water trickled away. The two of them were speechless for a while.

'Humans have their joys and sorrows, and the moon has its ups and downs,' Yunxiao thought. There are always regrets in life, but you can't always indulge in regrets, then you will never be able to become a full moon and clear sky."

The beautiful woman's eyes were filled with sadness as she muttered to herself, "Can my heart still be fulfilled?"

"We can!"

it's because of him that your heart is complete," Yunxiao said seriously. it's because of him that your heart is complete. If he was still alive, he wouldn't want to see you in this state. I still remember Murong Zhu's last words to you, 'don't take revenge, don't hate, live on happily'. This was his last hope, but you have disappointed him."

The beautiful woman's body trembled violently, and her eyes were filled with complicated emotions. She looked at Yunxiao and said, "it seems that you must be the descendant of an old friend on The Purple Cloud Peak outside of the red moon City. I wonder who your elder is?"

Yunxiao's expression was a little strange as he said, "It's a little complicated, and I can't explain it at the moment. I only came here to pay my respects to big brother Murong Zhu."

The beautiful woman nodded. you've already expressed your feelings. No matter who your elders are, the few people on The Purple Cloud Peak were my good friends from the past. Please send my regards to him.

"En!"

yes," Yunxiao nodded and said, "I hope you can get out of the moon soon and not sink into the abyss again. After all, there are many people who care about you in this world. As for this Kasaya, you can keep it and slowly enjoy it. I hope it can help you forget your worries."

Yunxiao gave the peach tree a brief look, then turned and left.

The beautiful woman looked at his figure and frowned as she fell into deep thought. Suddenly, she said, "Since you are the descendant of my old friend, if you have any difficulties in the red moon City, you can come to me at any time."

Yunxiao stopped and chuckled. "I do have something to do. If I can't do it, I won't be polite with you."

Yunxiao's figure gradually disappeared in front of her eyes, and only a faint poem could be heard.

"The joy of separation is the pain of separation, and there are even more foolish children. As the saying goes,"the clouds cover ten thousand li, the snow covers a thousand mountains, to whom does a shadow go?"

The beautiful woman was stunned when she heard this. She looked at the peach tree. After the drizzle, the flower buds bloomed one by one under the clear sky. She was dazed for a moment.

"Master!"

Suddenly, a melodious female voice sounded and a white figure flew down from the sky, gently landing in front of the beautiful woman.

Those who could fly freely in the red moon City were either people of the red moon City or those who had the approval of the red moon City.

A pure and pleasant face with a flawless and innocent smile pressed against her and said, " "Master, what are you thinking about? Why did it seem like it rained here? It's so clear!"

Only then did the beautiful woman slowly come back to her senses and smile,"It's just that the air is a little dirty, so I just cleaned it up."

"Wash?"

The young girl rolled her eyes in a strange manner and her gaze fell on the peach tree. She exclaimed, " "Master, why did you drink?"

The beautiful woman was startled. She snorted and said, " what's so strange about drinking? master is in the mood. Can't we drink? "

The young girl pointed with her finger and said with a smile, "then why are there two jars?" Master would definitely say to buy two jars to drink slowly, but why did they all open them? And they've all been drunk?"

The beautiful woman was speechless for a moment and said angrily, "do you need to meddle in your master's Affairs?" I'll drink as many as I like!"

The young girl smiled cheekily and hugged the bear-like woman. She said in a coquettish manner, " what's the good news? tell me quickly so that I can be happy too. I'm very curious who has such great ability to make master's mood better. I must learn from him and make master happy every day!

There was no master-disciple rule between the two. Instead, they were like a pair of sisters, extremely close.

The beautiful woman felt a slight warmth in her heart as she recalled what Yunxiao had just said, 'after all, there are still many people in this world who care about you,' and at least this disciple was one of them.

She was a little curious, but she still kept a straight face and pretended to be angry. She snorted, " "Who told you that your master is in a good mood? Don't tell me that you're going to take the dye workshop just because I gave you some colors!"

The young girl laughed, "hehe, master, the wrinkles on your face have betrayed you." Every time you smiled at me, the corners of your eyes would be wrinkled. I knew that master was faking a smile, pretending to be happy. But now, master was looking at me with a straight face, and I couldn't see any wrinkles at the corners of his eyes, so I knew that you were really happy. Ruobing hasn't seen master so happy for a long time, so I really want to know who has such great ability to make master really happy."

The beautiful woman's body trembled slightly as she raised her hand to touch her cheeks. She was filled with infinite melancholy as she softly said, "The corner of his eyes? It seems that master is indeed old."

She couldn't tell if she was happy or sad, but her disciple cared so much about her and observed her so carefully, so she should at least be very pleased. Perhaps, it was time for him to walk out of his lowest

point, whether it was for himself, the people around him who cared about him, or even brother Zhu's expectations of him.

Seeing the beautiful woman's melancholy, the young girl immediately became nervous and anxious. She waved her hands and hurriedly said, master isn't old at all. She's Ruobing's good elder sister. Ruobing has said the wrong thing.

The beautiful woman glared at her and snorted, "you're so rude!" Tell me, what grievances do you have?"

"Master, what do you mean by this? can't I come to find you for no reason?" the young girl said playfully. I don't come here every time I have something to do."

...

The young girl immediately became unhappy. She turned around and went to the peach tree.

Suddenly, she sniffed out of curiosity, then picked up the jar of wine Yunxiao had left on the ground and was about to drink it.

The beautiful woman wanted to stop her. After all, it had been drunk by a young man, and it seemed somewhat inappropriate, but it was too late. The young girl had already raised the jar and drank a mouthful.

She usually drank wine with the glass and tasted it carefully. She had never drunk so boldly and rudely. She was not used to it, so she took a big gulp and choked on it. Her face suddenly turned red and she coughed violently.

"Master, is this really peach wine? How could it be so different from our Red Moon city's peach wine?"

The young girl only felt that it was extremely unsightly and did not want to drink a second mouthful. She looked at the label on the wine jar and it indeed said "Red Moon city's authentic peach wine." She

immediately understood and called out, "I know, we're drinking 'peach wine', and this wine is called 'Red Moon city's authentic peach wine', not the same kind of wine. Master, am I right?"

The beautiful woman looked at her bitter melon-like face and chuckled, "Right or wrong, this wine might have been called 'Red Moon city's authentic peach wine', but now it's called 'sorrow drunk', at least that's what these two jars are called."

"Drunkard's sorrow?"

The young girl was stunned. She carefully savored the name and lowered her head to look at the wine jar in her hand. She actually put it to her mouth and drank it again.

"Ruobing, are you troubled by your marriage again?" the beautiful woman's heart trembled as she asked gently.

This young girl was the main character who had attracted the attention of the world and filled the entire Red Moon City with young talents-Jiang Ruobing.

...

She drank for a while. This time, she had the experience of drinking from a jar, so she drank more smoothly. She drank a lot in one go before putting it down. She smiled and said, "Master, this wine I can indeed taste that kind of sorrow-forgetfulness from drinking it."

The beautiful woman suddenly felt a pain in her heart and quickly snatched the wine away, gently saying, "As a woman of the Jiang family, who can make their own decisions on their own marriage? Not to mention the Jiang family, even in the entire realm of heavenly martial arts, which daughter of those super forces is not a bargaining chip for a marriage alliance?"

Chapter 768-pouring tea

A stream of tears rolled down from Jiang Ruobing's eyes. as a woman of the Jiang family, although she is extremely glorious, only she knows the misery in her heart. What's the difference between this and raising a pig to be slaughtered?"

“This is the fate of pigs, and it’s also the fate of us women,” the beautiful woman said. Back then, his master had wanted to break free from that fate, but he had caused the tragic death of the person he loved. He had felt guilty for his entire life. If I wasn’t so stubborn back then, everyone would have been fine, and so many people wouldn’t have died in the red moon City.”

What happened back then made her heart ache.

Jiang Ruobing quickly wiped her tears and said, “Master, I’m sorry. I’ve reminded you of sad things again.”

“I should be the one saying sorry, master. I’ve made you worry for so many years,” the beautiful woman said with a smile.

Jiang Ruobing was taken aback and said in surprise, “master, what happened?”

The beautiful woman nodded and said seriously, “master will no longer be immersed in the grief of the past. After drinking this wine of drunkenness, I will forget what I should forget.” I, ning keyue, have returned.”

She exuded an indescribable Majesty, and her entire temperament changed. She now had the demeanor of a peerless expert.

Jiang Ruobing was in disbelief. She widened her eyes and said, “ I’m really curious. What kind of divine being came here and woke you up? ”

Ning keyue smiled and touched Jiang Ruobing’s little face. “This city is filled with young masters, and all the talents in the world are gathered here. Is there anyone you like?”

Jiang Ruobing’s face turned red and she said angrily, “ they’re all flirtatious young masters who rely on their aristocratic families. None of them have any real ability. How can I like anyone? ”

Ning keyue smiled and said seriously, "Ruobing, you've also reached the marriageable age. If you don't get married soon, you'll be a leftover fighter. Although the women of great families were more restrained, they were at least better than many ordinary women. They could choose a woman of equal social status, peacefully take care of their husband and raise their children, and the husband would be noble and the wife would be honored. Could it be that those ordinary women could also choose their own destinies? Right now, almost all the talents in the world have gathered in the red moon City. You should observe carefully and choose one that is suitable for you. However, the premise is that the person must have great strength and extremely high potential for development, even if the background is not as good. Otherwise, not to mention your parents, even I will not agree!"

Jiang Ruobing curled her lips and snorted. If I can't find someone I like, I'll never marry him, even if I have to be the last guest. The last man is the king. I'll never marry him!

Ning keyue took her little hand and said softly, "You don't have to worry too much. Master didn't care enough about you in the past. I'll definitely make the decision for you this time. If you don't like it, no one can force you. However, you must choose someone you like to marry. This joust for a spouse event has caused such a huge ruckus. If you can't choose your Ideal Husband, how do you want the red moon City to end this?"

"Master, you're not helping me," Jiang Ruobing said anxiously. Since it's a martial contest for marriage, then naturally you have to win before you can marry me. Even if I have someone I like, what's the point if I can't win? "All of the favorites to win the championship are either Playboys or extremely ugly. They're not that strong either and rely on their family's equipment, pills, and cultivation techniques to survive. Putting all of that aside, they can't even beat me!"

Ning keyue's eyes lit up and she said, "Don't worry and go find him. As long as his aptitude and strength aren't too bad, master will let him win. During this period of time, I will send people to gather the information of all the young experts who have entered the red moon City. You can make a good selection."

Jiang Ruobing still wanted to say something, but ning keyue stopped her. "That's it. Go back and wait for the news. Master will begin to handle this matter right away. I will definitely not let you suffer."

After she drove Jiang Ruobing away, she looked at the two jars of wine with a strange expression and muttered to herself, "This kid looks like he's experienced, but under his young face, there's a feeling of vicissitudes. Which friend's junior is he? His appearance and skills are also top-notch. Although the strength of a five-stars martial Supreme is ordinary, he was able to escape from the power of my palm."

That art of lightning is somewhat similar to the North Scorpion sect's lightning transformation art. If that's the case, doesn't that mean that they have some connection with the Jiang family?"

Ning keyue thought for a while and suddenly smiled. She said to herself, "Let me first collect all the information on this brat and see if Ruobing will like him."

Her body became fainter and fainter under the peach tree, and finally disappeared, leaving behind only two jars of fine wine that emitted a faint fragrance.

.....

After bidding farewell to ning keyue, Yunxiao took the south-pointing chariot and flew in the air. This kind of vehicle was very convenient, with all kinds of landmarks in the entire Red Moon City on it, and he could go there with just a casual point.

He found the direction of the myriad Treasure Tower and directly flew over.

The red moon City was one of the main cities of the entire continent. Basically, all Chambers of Commerce, big and small, had branches. Some Chambers of Commerce even had their headquarters set up directly in the red moon City.

Myriad treasures store's business was extremely good. The entire sales Hall occupied tens of thousands of square meters, but there was still an endless stream of people, and it did not seem spacious at all.

"Hello, how can I help you?"

A quick-witted shop assistant came up to him and guided Yunxiao to the side, so that he would not be standing in front of the door and affect the way.

do you have moon pearls from the East Sea?" Yunxiao asked directly.

"There are too many goods. I'll go and look for what you need," the shop assistant said hurriedly.

As a waiter, he had to be familiar with thousands of goods, but even so, he could not remember everything. There were still a large number of uncommon items that he did not know.

Yunxiao nodded. This thing was quite uncommon. However, he didn't expect that the shop assistant would be able to find it. He only wanted to see the person in charge of their Red Moon City. Only then would it be possible to get it. However, if you directly asked to see the person in charge, the other party would ignore you.

"Little brother, you're here to buy a set, right?"

Suddenly, a man leaned over and looked around. He mumbled, "I'm from the brutal Dragon merchant Association. We have the exact same set of equipment. It's only worth half of the value of the ten thousand treasures store. The price of a first tier profound armament and the quality of a ninth tier profound armament is definitely worth it!

Yunxiao was taken aback. With his powerful divine sense, he had long noticed that many people in the hall were discussing some suit. He also found it strange, so he asked in confusion, "What do you mean by" set "?"

The man was taken aback. He gave Yunxiao a new look and said in disbelief, "You don't know about sets? Don't tell me you don't want to participate in the Jiang second young miss's joust for a spouse event. "You don't have to be afraid. If you want it, just say it out loud. Which man wouldn't want it? he just doesn't dare to. However, with our Tyrannosaurus merchant Guild's sure-win set, this is no longer a problem!"

He took out a small booklet with the words 'certain victory' written on it. He opened it one by one and explained, "Our brutal Dragon merchant Guild's sure-win set is divided into three levels, including weapons, armor, helmet, wrist guards, knee guards, and Foot Guards. There is also a pair of rings that increase strength and agility, as well as necklaces that increase resistance to various attributes. The weapons can be forged at any time according to your needs. The cost of buying one set is 60% of the cost of buying each set, which is almost half the price!"

The man blinked and smiled evilly. "Hehe, with this suit, it'll be hard not to get the second miss of the Jiang family!"

“Pa!”

Just as the man was trying his best to promote his goods, someone patted him heavily on the shoulder. The guard of the myriad treasures store grabbed the booklet in his hand, looked at it, and coldly snorted, it's another scum who came to pull in my myriad Treasure Tower's customers. Drag him out, beat him to death, and bury him in the backyard to raise tea!

“Ah, no, Sir, Sir, spare me, spare me, I won't dare to do it again, Sir!”

The man trembled and begged for mercy. However, he was knocked unconscious and dragged out by a few Warriors.

The guard gave Yunxiao a smile and said, “ don't be fooled, Dear Customer. Now, all the major Chambers of Commerce have launched their own arena suit. However, if you want to win, you must first choose our myriad treasures store's King's suit. If we compare the same quality, we will compare the price. If we compare the same price, we will compare the quality. If we compare the same price, we will compare the service. In short, we will let you buy it without worry and use it with ease. Your satisfaction is our greatest pursuit!

I'm not buying a suit! Yunxiao said awkwardly, “ that man was just trying to promote his suit. There's no need to kill him and feed him tea, is there? ”

He knew that Red Moon City produced a kind of blood tea, which was watered with the blood of martial artists. The stronger the martial artist was, the more fragrant and delicious the blood tea that was cultivated would be. It was a rare treasure and was one of the three best teas.

“Hmph!”

The guard snorted coldly and said, “the business world is like a battlefield. If the people from other Chambers of Commerce dare to come to our place to attract customers, they're trying to cut off our source of income.” Cutting off one's source of income was no different from killing one's parents. He wanted to kill our parents, so using his blood to water the tea leaves is letting him off easy! If our myriad treasures store's people were to go to other Chambers of Commerce to attract customers, the result would be the same.”

Yunxiao was stunned when he heard that. It seemed that disputes existed not only in martial arts, but in any place as long as there were benefits. It was a world of martial arts.

The guard immediately changed his smile and said, customer, please take your time to choose. Myriad Treasure Tower's things are absolutely the best. There won't be any better!

Yunxiao nodded slightly and began to look at the shop. Basically, every batch of guests who came in would be greeted by a waiter, and the service attitude was excellent.

The shop assistant from before quickly returned with an account book and said, " look, there were three in stock in Haitian town. Unfortunately, someone asked to buy them, so they were transferred here a few months ago and were bought. Now there is no stock in the entire Eastern Region.

Myriad treasures store's sales desk account and logistics system were the best in the world. Yunxiao looked at the account book and saw that there seemed to be more information in the last remark, but it was unfortunately blocked by the shop assistant.

Chapter 769

769 Ice

yes," Yunxiao said. can you tell me the information of the buyer?" This Pearl is very important to me. "

The shop assistant hurriedly closed the account book and smiled apologetically, " "I'm sorry, Sir. We have to keep every customer's information confidential."

"Well, what if I pay a high price for this information?"

Yunxiao asked, unwilling to give up.

"No matter how high the price is, you can't buy myriad treasures store's credibility," the shop assistant said with a smile.

Yunxiao had no choice but to give up. I want to buy a large number of these bright moon beads. I wonder if I can meet the person in charge of your sect in the Eastern Region? ”

The shop assistant chuckled. I’m really sorry about that. Our head shopkeeper is very busy. If you need it, you can pay a deposit and leave your address. We will send someone to inform you when we have the goods.

Yunxiao knew that he was declining. Perhaps the head shopkeeper was drinking with a girl at this moment, but he had no choice. Since there was no moon Pearl of the East Sea in the entire Eastern Region at present, it was unlikely that there would be one in the near future. He took his leave and planned to visit all of these Chambers of Commerce that were at the top.

He went to more than ten shops in a row, and all of them were bought by someone. Moreover, the information of the buyers was very secretive.

Finally, he found some information from a smaller Chamber of Commerce.

“Five hundred thousand primeval stones? Do you think that the reputation of our Chamber of Commerce is only worth 500000?”

one million. If it’s okay, then it’s okay. If it’s not, then we’ll get it!

“Add a little more to this Yingluo. Two million, money in one hand, information in the other!”

Yunxiao immediately took out two million primordial stones. The shop assistant was overjoyed and whispered in his ear, “ the person who wants to buy this Moon Pearl is the servant girl of the Jiang family’s current mistress, Xiao Mei.

Are you sure? ” Yunxiao’s face flickered. Are you sure? ”

“Hehe!”

The shop assistant covered his mouth and snickered, "how can I not be sure? that Xiao Mei has an affair with our manager!" Tsk, tsk, you haven't seen that little Mei's enchanting appearance, every time I see it it makes my heart itch unbearably. I really don't know what kind of good fortune our shopkeeper has cultivated in his life, it really makes others envious!"

Yunxiao could naturally see that the man did not speak, but there was a worried look on his face. He pondered for a moment and said, " Judging from the number of Chambers of Commerce he had visited, at least eight of them had been purchased, and they had all been sold at the same time. This meant that it was definitely the mistress of the Jiang family. If it was really in the hands of the mistress of the Jiang family, it would be troublesome. Do I really have to ask Keyue for help? Not to mention my sensitive identity, even if Keyue were to come forward, she might not be able to get it.

Just as he was lost in his thoughts, a familiar voice suddenly entered his ears. "Boss, how much is your sixth step suit?"

Aiya, you've come to the right place. If we were to say that the sixth-tier suit in the entire Red Moon City is the second cheapest, no one would dare to say that it's the first!

The shop assistant ignored Yunxiao and hurried up to him. A man in a green robe was looking around the shop. The business here was much worse than that of the big Chambers of Commerce. If a small shop like this wanted to compete and survive, they could only improve service and reduce prices.

"Ah, it's you?"

The man in green was the one who had sold three secret books on picking up girls to Yunxiao earlier. When the two met, he immediately looked a little embarrassed and said with an embarrassed smile, "haha, the red moon City is so small. It's really a small world.

Yunxiao's face darkened as he said coldly, " "You cheated me of my primeval stones!"

"How can you say that I'm lying?"

“Did I force you to buy it?” the green-robed man cried out, feeling wronged. He rolled his eyes and smiled. that’s right. I’ll take you to a good place. I guarantee that the chances of you winning the joust for a spouse will be much higher!

Without giving him a chance to explain, he pulled Yunxiao and ran out, ignoring the man’s desperate shouts behind him.

The two of them ran through the city at an extremely fast speed for a while, and when they came to a courtyard, the man in the green robe gave Yunxiao a meaningful look and said, “I couldn’t tell that you’re a five-stars martial Grandmaster, but your Foundation is quite deep. You didn’t even take a breath to keep up with my pace.”

Yunxiao scanned the courtyard with his divine sense and found that it was very wide, with at least dozens of Warriors gathered there. However, their strength was very limited, with only a few of them being martial honors and above. “What is this place?”

“Follow me in and you’ll know!”

The man in green LED him straight in. There were a few guards inside, and when they saw the man in Green’s appearance, they nodded their heads to show their goodwill. The two of them went straight into one of the main halls, and the man in green shouted, “register, register. Don’t sleep anymore. We have a new friend!

A slightly fatter martial artist was sleeping on the table. The man in green kicked him and woke him up.

The fat man hurriedly made a few moves, thinking that he had encountered an enemy. The man in green sighed in relief and said, “Wenlin, you bought your suit?”

The green-robed man, Wen Lin, snorted. I don’t have enough money. I brought a new friend to join the guild. Hurry up and get an identity.

The fat man gave Yunxiao a contemptuous look and snorted, “however, you’re a five-stars martial Grandmaster. Your recommendation fee is only 50000 medial-grade primordial stones. He took out a storage bag, which contained fifty thousand primeval stones, and threw it over.

Yunxiao nearly fainted. He still did not understand what kind of organization it was, but he already knew the reason why Wenlin had pulled him here. It turned out that he was here to earn the introduction fee.

Having been exposed by the fat man, Wen Lin scolded awkwardly, "You damn fat pig, do your thing, don't talk about things you shouldn't talk about!" He happily took out the storage bag and carefully counted it, clearly not at ease with the fat man.

The fat man glanced at Yunxiao indifferently and said arrogantly, "Where's your ID card? take it out."

what?" Yunxiao blushed with shame. what kind of meeting is this?" What organization? What are you doing?"

"He didn't tell you?" the fat man was stunned.

He pointed to the side and realized that the Wenlin had already run far away. He couldn't help but curse a few times, then said, "It doesn't matter. It's the same if I tell you now. Our organization is the Savior of a country bumpkin like you. The date of the goddess's groom search competition is getting closer and closer. Do you have the confidence to defeat the young masters of the seven superpowers? There are also seven geniuses from the younger generation of the Eastern Region who are known as the seven Star Children. They have all come for this. If you go to the arena tournament, do you have the confidence to win against these people?"

Yunxiao shook his head. He would not participate in any arena tournament at all. As for the seven stars of the Eastern Region, he had never even heard of them. He guessed that they were probably the same as the four prodigies of the North. As the direct daughter of the Jiang family of the red moon City, it was normal for Jiang Ruobing to attract the attention of these top forces.

"This is right!"

we don't have a good background. We don't have powerful parents. We don't have a master who can call the wind and summon the rain. We can only rely on ourselves! the fat man said.

His eyes revealed a determined look as he clenched his fist and said, "We were all born in poverty and were not talented martial artists. However, we had a common goal. We all gathered together because we liked goddess Ruobing. We wanted to stay together and fight against those tall, rich, and handsome men together! Our organization is called 'ice cube', the most loyal fan group of the goddess!"

Yunxiao, 'hehe'.

The fat man's blood began to boil as he spoke, "I, Zhu Jingyi, am also the most loyal fan of the goddess. The purpose of our ice cube is to become the most powerful and loyal guard of the goddess! awoo! he couldn't help but howl on the table.

Yunxiao wiped his cold sweat and said awkwardly, "then you've got the wrong person. I don't even know what Jiang Ruobing looks like, and I'm not interested in joining the joust for a spouse event. Brother fatty, goodbye. He turned around and was about to leave.

Even though Zhu Jingyi was scarily fat, he was still quite agile. He scuttled in front of him in an instant and extended his hand to stop him. "You can't leave! Wenlin has already received the introduction fee, so you must join the association, or else you'll have to pay ten times the compensation!"

Yunxiao was speechless. it's getting weirder and weirder, " he said coldly. Are you a fan club or a cult? I think you guys are using the name of a fan club to do evil things."

The murderous aura on his body dispersed slightly. Zhu Jingyi was shocked and his heart felt as if it had fallen into a deep abyss. A huge wave of fear hit him, causing all the fat on his body to shiver. A huge wave was set off in his heart. How could a five-stars martial Grandmaster have such a powerful aura?

Zhu Jingyi was going to stop Yunxiao, but now, he was trembling with fear just by sensing the other party's aura. He did not dare to make a move, so he said in a hurry, "Don't go yet! We're a genuine fan club, not a cult, I can prove it!"

Yunxiao was about to leave when he heard the man say that he had proof. He could not help but ask curiously, "What evidence do you have?"

...

Only then did Zhu Jingyi realize that the aura had disappeared. He could not help but heave a sigh of relief. The fat on his face trembled as he said, our ice cube organization and goddess Ruobing's personal maid, little Xue, would often communicate with each other. Little Xue would also often bring us the latest news about the goddess, as well as the goddess' blessings and expectations for us.

Yunxiao,'hehe'.

When li xi saw Yunxiao's stunned look, he thought that he had been tempted, so he immediately grinned and said, "Hehe, aren't you tempted? As long as you add our ice cubes, you might be able to see the true face of goddess Ruobing one day. You might even be able to get a portrait of the goddess!"

He revealed an excited expression, as if he had already obtained it.

"It's the servant girl again," Yunxiao said in embarrassment.

His mind began to work. At present, he knew that the entire Crimson Moon City, or even the entire Eastern Region's East Sea Moon Pearl, was in the hands of the Jiang family's female lead of the Crimson Moon City. This female lead should be Jiang Ruobing's mother. Perhaps he could find a way to get the East Sea Moon Pearl through this fan group.

He didn't want to find ning keyue unless it was absolutely necessary. His old friends and the things that happened in the past might have faded with the death of Gu Feiyang. He didn't want anything to happen to ning keyue's life.

Chapter 770-snowball

if I join the association, " Yunxiao said, " will I be able to see Xiaoxue? "

Zhu Jingyi quickly nodded his head and said, " of course you can. However, Yingluo, sister Xiaoxue will only meet with everyone. If you want to get closer to sister Xiaoxue, you have to become a high-ranking member of our organization.

how can I become a senior member? " Yunxiao asked. how can I become a senior member? "

Zhu Jingyi smiled and said, "as long as you have enough contributions or abilities, you can choose one of the two." To become an officer, one must either have the cultivation of a martial honor or earn ten million mid-grade primordial stones for the organization."

Yunxiao's face immediately darkened. This was not a fan club, but an out-and-out cult.

Suddenly, a "du du" sound rang out in the courtyard. It was short and hurried, and it was very disturbing.

Zhu Jingyi's expression changed and he said in surprise, "It's a summoning signal! Maybe sister Xiaoxue is here. Go and take a look. You're really lucky!"

With a flash of his fat body, he was so agile that he went to one of the halls without paying attention to Yunxiao.

Since Yunxiao was here, he might as well see what kind of person Jiang Ruobing's maidservant was. Perhaps he could use this as a breakthrough point. He followed the fat man, Zhu Jingyi, into the hall.

Right above them, a man was playing a small flute-like musical instrument. He compressed his vital Qi into the instrument, producing a great vibration effect that could be heard by everyone in the large courtyard. Soon, more than a hundred people gathered in the hall, making it seem a little cramped.

Yunxiao spread out his divine sense and found that most of them were martial emperors, and all of them were young, with looks of anticipation on their faces. There were a few older men sitting arrogantly at the top, their faces full of pride. They were the so-called administrators. Only four of them were martial honors, and the other three were probably promoted because they had contributed more primordial stones.

The person who played the flute was clearly also an administrator. When he felt that there were enough people, he stopped playing the flute and said loudly, "Please welcome big brother Xing Hua and big sister little snow!"

"Pa pa pa!"

The crowd gave a round of applause. A handsome man walked out from the back hall with a smile on his face and made an inviting gesture. A woman in plaid clothes came out right after, also smiling from ear to ear. The two seemed to be having a very happy conversation.

Yunxiao's eyes almost fell out of his head. This wasn't a little snow, it was a snowball!

If not for the fat man, Zhu Jingyi, who was right beside him, he would have thought that Zhu Jingyi had gone up the stage. The fat man beside him looked at the stage with bright eyes and revealed a look of worship.

Yunxiao's face darkened, and a great doubt grew in his heart. 'Is this snowball really a maidservant?' How could he serve miss with such a body? Yunxiao sized him up and thought, " She probably couldn't even bend her waist, right?"

Yan Xing Hua, who was on the stage, was obviously the leader of this fan club. He was also a seven-stars martial Supreme. Judging from his age, he could be considered a genius, but he was far from the top of the mainland. If they really wanted to go up the arena to compete for a spouse, it was indeed not enough for those great aristocratic families to look at.

Yan Xing Hua raised his hand to signal for the applause to stop. He smiled. welcome, sister Xiaoxue, to our ice block fan club again. This time, we have goddess Ruobing's consoling and well-wishes!

When everyone heard this, they were all excited and shouted, " little snow, little snow, goddess!

Zhu Jingyi's blood was also boiling as he shouted, "Goddess, goddess! For the sake of goddess Ruobing and sister Xiaoxue, we're willing to go through fire and water!"

That snowball also laughed until her facial features were all gone. It was impossible to tell if her mouth was open or not. Only her chuckling voice could be heard as she said, " miss asked me to say hello to everyone. Thank you for your support and love for our miss. Miss Ruobing also likes everyone very much!

"Aowuu!"

Zhu Jingyi suddenly howled like a Wolf, instantly pushing the atmosphere to a peak. Everyone was shouting madly, as if they had gone crazy.

Yunxiao frowned. Under his divine sense, he found that these people were very normal, and there was no mental damage or evil spell. Were they really fanatical fans?

Snowball was so happy that it could not close its mouth. In fact, Yunxiao did not know if she had opened her mouth, but it was all fat anyway. "However, miss has been very distressed because of a matter recently. She doesn't have time to eat or drink."

All the voices suddenly quieted down. The administrator who had gathered everyone with his flute stood up and said in a deep voice, "sister Xiaoxue, please tell us what exactly is troubling goddess Ruobing. As long as we, the ice block fan group, can do our best, we will do it even if we have to die a thousand times!

"Yes, what is it? Even if it costs you ten thousand lives!"

The crowd also echoed and shouted.

Snowball was touched. thank you, everyone. If lady Ruobing knew that you were such loyal subjects, she would definitely be touched. Have you all heard of the Silver Moon clan?"

Everyone frowned and began to discuss in low voices. It seemed that many people had some understanding of this sect.

Yan Xing Hua made a silent gesture and said, "The Silver Moon sect is a well-known sect in the Eastern Region. Most of them are female cultivators, and it is said that they have a despicable dual cultivation technique, which uses men and women to achieve the purpose of cultivation. I don't know if it is true or not."

"That's right!" Big sister snowball said with a straight face. Furthermore, the young master of the Silver Moon clan, Nalan Zhixuan, has also come to the red moon City and wants to participate in the young lady's groom search competition!"

Yan Xing Hua's face was filled with anger. "How can we let such an evil person fight in the arena! However, why does the name Nalan Zhixuan sound like a woman's?"

"That Nalan Zhixuan is a woman!" Fat sister snowball said angrily. This was also the reason why the young miss was so angry! Red Moon city's announcement to the world about the joust for a spouse was slightly negligent. It only required young talents under the age of thirty and did not state that it must be a man. That Nalan Zhixuan took advantage of this loophole, so everyone knows what it means."

Everyone swallowed a mouthful of saliva and was rendered speechless for a moment. They could only feel erotic scenes flashing through their minds, two peerless beauties in light gauze and thin clothes.

"Cough, cough cough!"

Yan Xinghua coughed a few times and said, "Nalan Zhixuan is too much!" I heard that she's also a stunning beauty. We will never allow such a waste of resources to happen. Sister Xiaoxue, please tell us what we should do!"

Chubby sister snowball smiled and said, " "Miss has already inquired about Nalan Zhixuan's residence in the red moon City. I hope everyone can help miss solve this problem."

Yan Xing Hua revealed a knowing smile. haha, sister Xiaoxue, please go back and tell goddess Ruobing that the ice block fan club will definitely help her complete this task!

The fat on big sister snowball's face twitched. "Then I'll have to trouble everyone. I'll definitely report everything that big brother Xing Hua and everyone else has done for the young lady."

Yan Xing Hua and the rest of the secretaries quickly became humble. Big sister snowball seemed to be very happy. She didn't stay any longer and left after giving everyone some encouragement.

The hall was filled with discussions about the Silver Moon clan. Everyone had their own opinions.

Yan Xing Hua's eyes swept across the room."Everyone, what we have to do is clear. That Nalan Zhixuan must stop her from participating in the joust for a spouse Festival. Otherwise, it would be unacceptable! Leave this to us, the ice cube!"

Under his lead, everyone was full of fighting spirit. They rushed out of the hall with a look that they would not hesitate to go through fire and water for their goddess.

Yunxiao stood there in shock. It would be too nonsensical to follow her. His divine sense had already sensed the direction in which the fat sister snowball was heading, and it was pointing to the city Lord's mansion of Red Moon City, which was indeed a member of the Jiang family.

However, he also noticed a detail. Even though big sister snowball was riding a south-pointing chariot, the height it was flying at was far beyond the allowed range. It seemed that this person could really be Jiang Ruobing's servant girl.

"Brother, hurry up and leave!"

Zhu Jingyi patted Yunxiao's shoulder heavily and cried out, "This is a good opportunity to make a great contribution! If you can perform well, not only will you be promoted to an officer, but you will also be invited to the city Lord's mansion to meet goddess Ruobing!"

what? " Yunxiao asked in surprise. there's such an opportunity? " Has anyone been there?"

"Of course!"

Zhu Jingyi said proudly, " we're the most loyal fan club under goddess Ruobing. Brother Yan Xinghua and a few other secretaries have been summoned by goddess Ruobing before. What an honor it is! Just thinking about it makes my blood boil!

Zhu Jingyi didn't say anything and pulled him along with the rest of the team.

...

Although the management of the red moon City was strict, all kinds of grudges and enmities had never stopped. The city Lord's office would not step in to deal with this kind of matter. They were only responsible for the safety of the red moon City and the safety of some innocent people. After all, ordinary mortals made up the largest population base, and they were all under the protection of the three big families of the red moon City.

Yan Xing Hua threw out a seventh-grade golden sun battleship. It was slightly damaged, but it was still very impressive. Hundreds of people boarded the chariot and headed for the Silver Moon clan.

Yunxiao noticed that there was a permit sign of Red Moon City on the golden sun warship, which allowed it to fly independently without any restrictions. However, it still tried to control its flight altitude to a low point. Soon, it arrived above a building, which blocked the sunlight and cast a shadow on it.

The cultivators in the building below seemed to have sensed something and a few figures rushed out directly. They were all young women, each of them had graceful figures and extraordinary looks, all of them were carefully selected existences.

“Who dares to circle in the sky above my Silver Moon clan? quickly come down!”

A woman shouted softly, her face full of anger.

“Hmph, the sky above your Silver Moon clan? This is the red moon City, the entire sky belongs to the red moon City, where is your Silver Moon sect!”

let's go! Yan Xing Hua shouted and turned into a ray of light. Hundreds of martial artists also moved out and surrounded the entire building.
