

The Eternal 771

Chapter 771-being struck by lightning

The expressions of the four female disciples of the Silver Moon sect changed drastically. These people in front of them weren't weak, and each of them had a fierce look in their eyes. They sized them up from head to toe with ill intentions, causing the four of them to feel scared.

"May I know who you are? Could it be that my Silver Moon clan has offended you in some way?"

A melodious voice rang out like music, warming everyone's hearts and making them feel like they were bathing in a spring breeze. The murderous aura around them was immediately reduced by more than half by this voice.

Yunxiao was a little surprised. There was no enchantment in the voice, but it had a natural seductive effect. It seemed that Nalan Zhixuan was either talented or had cultivated the cultivation technique of the Silver Moon clan to a certain realm.

"Nalan Zhixuan, what are you here for?" Yan Xinghua snorted. Are you here for the goddess Jiang Ruobing?"

A faint and beautiful figure flashed in the sky, and a sweet fragrance came over. A figure in white appeared in front of everyone, and her every frown and smile revealed a soul-stirring temperament. It was Nalan Zhixuan. She stared at everyone and asked in confusion, "I'm here for sister Ruobing, what's wrong with that?"

Yunxiao's pupils constricted. Nalan Zhixuan was actually an eight-stars martial Supreme, and her body was slender and alluring, and her every move was filled with tenderness and love. Obviously, she was not an ordinary person. Although she was sleeping soundly and her face was as smooth as cream, at a glance, an expert could tell that she was still a Virgin. She was definitely not cultivating some evil technique that allowed men and women to have sex, as fat sister snowball had said.

"As expected! Do you think it's inappropriate?"

Yan Xing Hua's face broke into an evil smile. "Now, we're officially inviting you to come with us. We'll let you out after the joust for a spouse Festival is over. During this period of time, we brothers will serve you well."

Nalan Zhixuan didn't know what Yan Xinghua meant by "serve," but she was immediately enraged. She snapped, "Shameless brat, you deserve to die!"

She attacked in an instant. A long sword was unsheathed and stabbed towards Yan Xing Hua. She could tell at a glance that this person was the leader of the group and the most powerful one. That was why she wanted to capture the leader first.

The sword Qi immediately created a vacuum. The people around did not dare to face it and scattered.

Yan Xing Hua retreated. With a flash of white light, a blade emerged from his hand to block the attack. His cultivation was one star lower than Nalan Zhixuan's, so he didn't dare to be careless. He attacked with all his strength and shouted in the air, let's go together! For the goddess!

"For the goddess!"

Everyone roared and rushed towards the four women and the building as if they had taken drugs. The martial Supremes helped Yan Xinghua deal with Nalan Zhixuan. The scene of a group fight with hundreds of people unfolded in an instant.

Several figures flew out of the building again. This time, there were four men, whose strength was only at the initial stage of martial honor.

"Hmph, it's indeed a place to hide filth!"

Yan Xinghua cursed sarcastically. All kinds of unpleasant words came out of his mouth one by one. The saber in his hand became fiercer and fiercer, forcing Nalan Zhixuan to be on the defensive. With the fierce attacks of several executives, she was suddenly at a disadvantage.

After a few moves, Nalan Zhixuan was in danger again and again. How could she not know that the other party's curses were to disturb her mind? however, those words were really unpleasant to hear. Moreover, he used a certain sound wave attack, which directly entered her ears. She was so embarrassed that her face was red, and her hands were in constant danger.

The other 100 or so people had also defeated the four female disciples in an instant. Fortunately, the four men who attacked later were all martial Venerables. With just a look at their domains, they could suppress almost everyone, forcing the few people who were besieging Nalan Zhixuan to separate and deal with them. This made the situation for the better for Nalan Zhixuan.

Yunxiao could already tell that this ice organization was by no means a good person. On the contrary, although the people of the Silver Moon clan all had evil enchantment on their faces, they looked much more upright.

Finally, just as Nalan Zhixuan was in danger, he flicked his finger and a bolt of lightning shot out. Before anyone could react, it struck Yan Xinghua's blade, causing it to tremble. The blade tilted and missed the killing intent.

Yan Xing Hua was shocked. He quickly pulled out his blade and put it in front of him to defend himself. He was afraid that the person in the dark would attack him. He shouted angrily, "Who is it? Who was it? Get the hell out here!"

Nalan Zhixuan, on the other hand, was still in a state of shock. If it weren't for someone's help, even if she didn't die under the knife, she would have been seriously injured and captured by the other party. She looked around gratefully, trying to find her benefactor, but she couldn't see him. She could only thank him in the air, "I, Zhixuan, thank you for saving me, Sir!"

"Hehe, it's nothing. Little sister Zhixuan, you don't have to be so polite."

A response came from the sky, followed by a ray of light. A young master appeared in the sky and slowly descended. He had a full smile on his face and was waving a feather fan in his hand.

Yunxiao was speechless. He was the one who did it, but there were still so many shameless people in the world. It seemed that this guy was not a good person.

“So it’s one of the seven Star Children of the Eastern Region, Ximen Jinling!”

Nalan Zhixuan was overjoyed and quickly thanked him, thank you, young master Ximen. Zhixuan is very lucky to have you to save her!

The seven Star Children of the Eastern Region were like the four prodigies of the North Region. They were the seven strongest people among the younger generation. Although they might not be the strongest, they were at least well-known figures and lived up to their names.

Ximen Jinlin was secretly proud of himself for being praised, and he said humbly, “No, no, little sister Zhixuan, you’re too kind!”

Yan Xing Hua’s expression darkened. Ximen Jinling, you have to think it over! he said.

“Hmph!”

Ximen Jinlin’s face was full of contempt as he mocked, “What’s there to worry about when dealing with trash like you!”

He flipped his feather fan and smacked Yan Xing Hua with a single move. His aura was so strong that it suppressed the other party. Yan Xing Hua was so shocked and angry that he didn’t dare to take it head-on. With a light tap of his foot, he retreated.

Ximen Jinlin’s confidence and momentum increased after he forced his opponent to retreat with one move. He sneered, “Jumping clown, I’ll take your life within ten moves!”

The purpose of his visit was for Nalan Zhixuan, but he didn’t expect that the heavens would give him a chance to save the damsel in distress. He was overjoyed. Moreover, his opponent’s strength was already like an arrow at the end of its flight after the battle with Nalan Zhixuan. This was a great opportunity for him to show off.

Therefore, in addition to being fierce, he tried to choose those martial skills that looked graceful and heroic.

gold and white jade buy songs and laugh, the moon is light when drunk!

Ximen Jinlin opened his feather fan and pressed forward, forcing Yan Xing Hua into a corner. He laughed proudly. haha, I don't need ten moves. It seems like this move will do!

Yan Xing Hua was shocked. The power of the fan had sealed off all his escape routes. The pressure alone was enough to suffocate him. He felt his scalp go numb. He roared and raised his saber to fight back.

“Bang!”

The two of them shook their weapons, and a force spread out from the center. Ximen Jinlin's expression suddenly changed as he felt an indescribable pressure falling on him like a mountain. The power of his fan instantly collapsed!

The force didn't reduce and directly hit his chest. He spat out a mouthful of blood and was sent flying. He fell in front of Nalan Zhixuan's feet like a dog.

“Young master Ximen, are you alright?”

Nalan Zhixuan was shocked and quickly went forward to help him.

Ximen Jinlin's internal organs were damaged as a large amount of vital Qi entered his body. He coughed up blood and shouted, “I, I'm fine!” He trembled as he stood up, trying his best to make his posture more elegant.

“What's going on? How did this person suddenly become so strong?”

Ximen Jinling and Nalan Zhixuan were both shocked.

Yan Xing Hua also stood there in a daze. He couldn't figure out how he had managed to injure Ximen Jinlin, who was at the peak of eight-stars martial Supreme, with a single slash. He looked around in a daze. Other than the newly joined five stars sect, there was no one else behind him.

Yunxiao sneered in his heart, 'you'll be struck by lightning for acting tough!

"Haha, it seems like the heavens are helping me!"

Yan Xing Hua laughed hysterically. "Nalan Zhixuan, let's see who else will come to save you! You can give me the primordial Yin Qi that you've cultivated with your wonderful nascent embryo technique!"

...

He raised his saber again and slashed. The saber Qi drew a long rainbow in the air and directly covered the two of them.

Nalan Zhixuan's face turned pale. She was invited to the red moon City just to have a heart-to-heart talk with her good sister, Jiang Ruobing. She didn't have any experts to protect her. She didn't expect that she would be intercepted and killed, and it was for her Qi of origin. This made her even more ashamed and angry.

The Silver Moon sect's wonderful girl origin technique was the most suitable for women to cultivate, especially women with a Yin body. If a woman cultivated it to the maximum level and slept with a man for the first time, she would give a trace of her origin embryo to the other party, which would bring unimaginable benefits to the other party's cultivation.

Therefore, the Silver Moon clan's female disciples were resources that all the major sects on the continent would go after like a flock of ducks. The development of the clan also benefited from these female disciples to a certain extent.

Nalan Zhixuan, on the other hand, had a primordial Yin body. After she mastered the wonderful girl nascent embryo technique, she could bring immeasurable benefits to her husband. She could even let a martial honor directly break through to the martial Supreme realm. Therefore, she had always been

regarded as the most precious treasure of the sect. Usually, the elders of the sect would follow her and protect her. She did not expect that this would be the only time she had no one following her.

If her origin core was taken away, not to mention the sect would treat her like dirt, even she herself would not be able to live in humiliation.

Ximen Jinlin suddenly shouted. He didn't know where he got the strength from, but he immediately jumped up and tried to escape. He kept shouting, " "Little sister Zhixuan, I'll call for someone to save you and take revenge for you!"

He originally came to get close to Nalan Zhixuan, but at this moment, his life was obviously more important. Since the other party's target was Nalan Zhixuan, they would not chase after him.

Nalan Zhixuan was stunned for a moment, and a trace of bitterness and confusion appeared in her eyes. Was this man really the one who saved her just now?

Chapter 772-old friend

Yan Xinghua's eyes glinted. Although he wanted to kill Ximen Jinlin as well, his top priority was to snatch Nalan Zhixuan's primordial Yin to break through to the martial Supreme realm!

At that moment, Yunxiao was about to make another move, but his body suddenly froze and he dropped his arm, because he sensed a familiar aura.

A domineering aura descended from the sky. A long spear rushed into Yan Xing Hua's saber Qi like a dragon. It shook the saber and pressed down!

"Bang!"

The saber was broken by the Spear's momentum. Then, the dragon-like Spear's power exploded. An unparalleled Dragon's power spread out, causing Yan Xing Hua to spit out a mouthful of blood. He was thrown back with a face full of fear.

A man appeared beside Nalan Zhixuan. He pointed the long spear in his hand at the ground and lifted it up. A lightning-like force burst out from the ground and shook the entire way, breaking the air.

Yan Xing Hua was shocked. His body flickered and he turned into a beam of light to escape. At the same time, he shouted, "retreat!"

When the members of the ice cube saw that their big brother had run away, they immediately became a motley crew and scattered like birds and beasts. The chubby Zhu Jingyi was among them, and he was not slower than anyone else.

Yunxiao gave the man a look and was about to turn and leave when an aura suddenly locked onto him. It was the man with the spear, and he said coldly, "You still want to escape after seeing me?"

Yunxiao felt as if there was a dagger on his back. He did not need to turn his head to know that the spear was pointed at him.

"Hehe!"

Yunxiao slowly turned around and said with a smile, "I didn't expect brother Luo to still recognize me."

"Hmph! I'll recognize you even if you turn into ashes! My heavenly spirit ring was destroyed by you!"

The man shook his spear, and cold air immediately came out of it as he pointed it at Yunxiao's throat. A handsome face appeared in front of Yunxiao's eyes. It was Luo Qingyun, one of the little companions who had gone on an adventure with him in Mount Meru!

Nalan Zhixuan felt an indescribable sense of gratitude after surviving the disaster. She slowly walked up and nodded, "So it's brother Luo Qingyun. Thank you for saving my life, brother Luo!" However, she also felt that it was very strange and said, "Brother Luo, do you know this person?"

In her eyes, Yunxiao was just a trash of a five-stars martial Grandmaster, and he was in the same group as the person who wanted to capture him. An extreme disgust rose in her heart, and she frowned.

Ximen Jinling, who was still a distance away, had not run far. This sudden change in situation made his face turn pale. Then, various colors appeared on his face, and his eyes were filled with gloom.

He didn't want to see this ending. His fear of death was exposed in front of so many people. He couldn't wait for Nalan Zhixuan to be captured by that person to break her primordial Yin. He didn't want her to be saved by others. Where would he put his face?

This time, he didn't know whether to continue running or not. He just stood there in a daze, not knowing what to do.

hehe, brother Luo, how have you been? your spear is too sharp. Be careful, it might accidentally fire. Please don't hurt me!

Yunxiao laughed and leaned slightly to avoid the spear.

Luo Qingyun snorted coldly. The tip of the spear moved with Yunxiao's movements, but he refused to put down the spear. you destroyed my heavenly spirit ring that day. If I remember correctly, you have a lot of treasures on you. You can just give me three or four as compensation.

He had also seen Yunxiao collect a large number of treasures in Mount Meru. However, it had been a long time since he had broken through to the martial honor realm, while Yunxiao was still in the martial Grandmaster realm, which surprised him.

He had always been obsessed with Yunxiao's strength. Although he did not want to admit it, it was true that Yunxiao was stronger than him. For a long time, he had set defeating Yunxiao as his cultivation goal. He did not expect that when they met again, the gap between them would be as wide as heaven and earth.

Luo Qingyun didn't know what to do for a moment. He was even a little angry at his opponent's failure. A cold look flashed across his face. He shook his spear in the air and it turned into a cold light, which was then absorbed into his body.

He checked Yunxiao's cultivation base again and again, and after confirming that he was a five-stars martial Grandmaster, he suddenly lost interest and said in disappointment, "You've already lost the

right to make me use my spear. Leave behind the items you obtained from Mount Meru and you can leave alive. Also, get out of the red moon City immediately and don't let me see you again in this life!"

The goal that he had been desperately cultivating to catch up to, the expert that he had been working hard to surpass in his heart, was actually a five-stars martial Grandmaster. This made him feel an unspeakable disappointment. He did not want to see Yunxiao like this, so he immediately ordered him to get lost.

I don't have anything," Yunxiao chuckled. I'll take my leave first. He turned around and was about to leave.

A trace of anger appeared on Luo Qingyun's face as he shouted, "Your strength hasn't improved, and your temper hasn't changed. Since you want me to do it, I'll fulfill your wish!"

He raised one hand, and without even moving his feet, he began to move at a high speed. As he closed in on Yunxiao, a beam of green light flashed at his fingertips. This time, he even held back a little, afraid that he would use too much force and kill the other party.

Yunxiao chuckled and raised his hand as well. A flame condensed on his fingertip and pointed at Luo Qingyun's claw.

Luo Qingyun's pupils contracted. That little flame actually brought him endless horror, and even his soul was trembling! His eyes lit up and he immediately clenched his hand into a fist, increasing his strength from 10% to 80%!

The smile on Yunxiao's face did not fade. The Phoenix true flame was extinguished at his fingertips, and he gently reached out his palm to slap it on Luo Qingyun's fist. An ancient astral wind emerged around his palm.

"Pa!"

With a crisp sound, Yunxiao's palm landed on Luo Qingyun's fist and clenched it. brother Luo, don't joke with me. You are a seven-stars martial Supreme. Do you want to blow me up with one punch?"

Luo Qingyun's face was as ugly as it could be. When his punch with 80% of his strength was grasped by his opponent's palm, an indescribable astral wind not only scattered his fist force, but also passed through his palm. It was like a whirlwind swirling in his fist, like a meat grinder that exploded all the meridians and bones in his right fist, almost turning it into a pool of meat paste!

He looked over and saw that his entire right fist had turned purple-black, and he could no longer feel anything!

"?!"

Luo Qingyun took a deep breath and backed away. He was so shocked and angry.

[this kid is so powerful?]

Damn it! She had almost been tricked by him! This damn smiling face, I really want to tear him apart! I should've thought of this long ago. This kid is so easily seen through! He had always been a devil who pretended to be a pig to eat a Tiger!

Luo Qingyun's face was livid with anger, and his eyes flashed with a monstrous fighting spirit, as well as a trace of joy that was imperceptible!

The person I've always wanted to catch up to didn't let me down!

Nalan Zhixuan was behind Luo Qingyun. Although she did not see Yunxiao's action, she noticed that something was wrong. She hurried forward and asked with concern, "Brother Luo, are you alright?"

Ximen Jinling, who was standing in the distance, saw Nalan Zhixuan's concerned expression and trembled with anger. A wave of resentment and jealousy burned in his chest!

I should be the one she cares about! A peerless face, an alluring figure, and more importantly, the opportunity to break through to the martial Supreme realm. All of these should be mine! A beast-like roar resounded in his heart. Luo Qingyun, how dare you snatch my things! I will never forgive you!

Luo Qingyun didn't even notice Ximen Jinling's existence. Although his fist had been shattered, it was nothing to him. He could recover in a few days. Although he was slightly injured, his mood became better. He snorted and said, "I'm fine! Kid, your face is getting more and more annoying. I really want to step on it!"

there are a lot of people who want to step on you," Yunxiao said with a grin. you'll have to line up.

"Hmph!"

I'm busy right now," Luo Qingyun said coldly. I'll let you go this time. I'll come back for you after I'm done!

The anger on Luo Qingyun's face gradually disappeared.

Nalan Zhixuan looked confused. Although she had not seen Yunxiao's move clearly, she was sure that it was a special move. Otherwise, Luo Qingyun would not have changed his attitude so quickly. The world was very realistic, and only strength spoke.

"Aiya, we're late. It seems like we missed a good show!"

...

A faint light flickered in the air, and the space distorted. Two figures appeared and descended from the sky.

Yunxiao was a little surprised to see another acquaintance. He really did not know what day it was today.

"Oh, it's brother Xu Qing from tide-listening Pavilion and brother PEI Mingyuan from Liu Li villa. If the two of you had come earlier, I wouldn't have been bullied," Nalan Zhixuan said happily.

"Haha, with brother Luo and brother Ximen here, who would dare to bully you?"

PEI Mingyuan glanced at Yunxiao, who was not far away, and said with a smile, " "Could it be this kid?"

In the distance, Ximen Jinling's face was burning. He didn't know if these two people saw his previous embarrassment, especially PEI Ming Yuan, who was also a Seven Star Child of the Eastern Region. If he knew, then he would probably be removed from the seven Star Child list.

He hated himself for showing up so early just to take advantage of her.

"Of course not. The bad guys have already been chased away by brother Luo and everyone else," Nalan Zhixuan said with a smile.

The smile on her face bloomed, and it had a different kind of magic. Every frown and smile was extremely provocative, and everyone was infected by it. She said, "Brother Luo, and everyone else, please come in and have a seat. Let me thank you for saving me."

Luo Qingyun's expression changed slightly, as if he couldn't resist this natural charm. He replied, " "I have something to disturb miss Zhixuan."

Nalan Zhixuan turned around and smiled. Her charming expression melted as she said, "Young master Xi men, this Lao Ai, and brother Luo's old acquaintance, please come in as well."

She did not know Yunxiao's name, nor did she know if he was Luo Qingyun's good friend, so she had to call him an old friend.

Chapter 773-slip away again

Yunxiao sneered. how can I do that? you are all young heroes of the Eastern Region. It's not convenient for me, a mere martial Grandmaster, to join you.

"It's you!"

Xu Qing was taken aback, and only then did he dare to confirm that it was Yunxiao. He had felt that it was Yunxiao at first sight, and now that he heard the voice, he was certain that it was him. "You're still alive? Are you here for Jiang Ruobing's Challenge Tournament?"

Back in Mount Meru, he had been possessed by the Martial Emperor's divine sense and had broken through di Jia's attack to escape. He thought that Yunxiao would definitely die inside, so he was quite surprised at first sight.

"I was lucky, I was lucky!"

It's all thanks to brother Xu's great ability that I was able to keep my life," Yunxiao said with a smile. I'm so lucky.

Xu Qing's expression gradually recovered and he said indifferently, "You're too kind. Brother Li's strength was amazing that day. I didn't expect that after such a long time, you're still lingering in the Wu Zong stage. Could it be that you were too seriously injured that day and your Foundation was damaged?"

"Hmph!"

Luo Qingyun suddenly snorted coldly, complaining about the dissatisfaction in his heart. He had also been deceived by Yunxiao's cultivation base, which had crippled one of his fists. At this moment, he was still circulating the power of dragon essence to regulate his breath.

But in the ears of the few people, there was a sense of disdain.

I guess so," Yunxiao said with a smile. Judging from brother Xu's demeanor and temperament, you must have broken through to the martial honor realm, right? "

"Brother Xu, do you know this Wu Zong?"

PEI Mingyuan was a little impatient, and his face was cold. He snorted, " "Even if you're old acquaintances, there's no need to be polite with each other given the vast difference in strength between the two of you. Miss Zhixuan is still waiting for us."

Xu Qing nodded slightly, and the look he gave Yunxiao became a little indifferent. "I have something to talk to you about, so just stay by my side."

"Hmph!"

Luo Qingyun snorted coldly again, but this time, he was gloating. He knew that Xu Qing must also be thinking about Yunxiao's ninth-tier Mystic artifacts. If Xu Qing really dared to attack Yunxiao, he would be in deep trouble. Luo Qingyun was sure that Yunxiao's current strength was absolutely the most terrifying among all of them!

His Dragon Fist, not to mention its unparalleled power, just the physical body of the true dragon conjured body alone could not be easily crushed by others. During this period of time, he thought that he had made rapid progress, but he did not expect that he would still be at a disadvantage in the first exchange. The blood in Luo Qingyun's body gradually began to boil, and he couldn't wait to fight him with all his might!

Nalan Zhixuan smiled. heroes, please come in. If you stand outside for too long, some busybodies will say that I, Zhixuan, don't know how to treat guests.

Everyone filed in, and Nalan zhirou ordered the maidservants to immediately serve wine. They sat opposite each other after taking their seats.

"Thank you for your help today, big brother Luo, allowing this little sister to survive. This cup of wine is for big brother Luo!"

Nalan Zhixuan stood up and walked up to Luo Qingyun with a glass of wine in her hand. She clinked her glass with Luo Qingyun's and drank it in one gulp with gratitude.

The crisp sound of the wine glass filled the air with an ambiguous atmosphere, causing the blood in the men's bodies to become somewhat restless. Each and every one of them was secretly shocked. This

primordial Yin body, coupled with the wonderful girl technique of the original embryo, was indeed extremely magical. Each and every one of her actions was not particularly charming, but it could still make men's hearts race.

Ximen Jinlin's face was so dark that it was almost dripping water.

"Eh, why does brother Ximen look so unhappy?"

PEI Mingyuan smiled slightly and pretended to be surprised. He didn't see Ximen Jinlin running away earlier, but he had seen Ximen Jinlin's sullen look. He knew that there must be a hidden story, so he went with the flow and blew the water.

Ximen Jinlin's face was red and white. He didn't know what PEI Ming Yuan meant, but he could only snort.

Nalan Zhixuan's eyes flickered as she poured herself a small cup of wine. She gently moved in front of Ximen Jinlin and raised her cup, if not for young master Ximen, I'm afraid that Zhixuan would have already met with misfortune. This cup of wine is for young master Ximen, to thank you for saving my life.

Ximen Jinlin squeezed out a smile, as if he had already forgotten about his previous embarrassment. He said humbly, "Sister Zhixuan, you're too kind. It's my duty to help when I see injustice. There's no need to keep it in mind."

He was so happy that he immediately forgot about his ugly state, as if he was really that noble.

Ximen Jinlin took in the faint scent of the other's body, and his entire body felt indescribably soft and comfortable. He felt as if his entire body was about to melt after drinking the wine.

Suddenly, a force came from between the two of them. The wine glass in Ximen Jinlin's hand suddenly exploded with a "bang". Ximen Jinlin screamed in pain and immediately covered his mouth. He actually spat out a mouthful of blood!

"What's going on?"

Everyone was shocked and looked over in horror. Nalan Zhixuan's heart also trembled. The sudden force was exactly the same as the force that had saved her from Yan Xinghua. Both times, it had exploded close to her, so she could clearly feel that it was powerful, overbearing, and even more hidden. No one could find it!

Her heart skipped a beat. Wasn't Ximen Jinlin the one who had saved her?

"You coward!"

Ximen Jinlin's face was filled with shock and anger. He covered his mouth as a large amount of blood flowed out from the gaps between his fingers. The carefreeness that had been immersed in the warm fragrance suddenly disappeared as he stared at Nalan Zhixuan coldly!

"It wasn't me!"

Nalan Zhixuan said hurriedly. At this moment, no matter who it was, they would all think that she was the one who attacked. After all, she was the one who was the closest to the West Gate of Jinling, and no one present had discovered the origin of the Qi.

Ximen Jinlin's face was filled with killing intent. His eyes were as cold as a Wolf's as he stared at Nalan Zhixuan. His eyes were filled with disbelief and cruelty, causing Nalan Zhixuan's heart to sink. She immediately concluded that the person who had saved her was definitely not the one in front of her. There must be someone else!

"Since Zhixuan said that it wasn't him, then it definitely wasn't her. I believe in her."

Luo Qingyun said slowly. The aura on his body condensed into a Dragon's might, which broke through the air and circled around Nalan Zhixuan, protecting her from Ximen Jinling's sudden attack.

Nalan Zhixuan's heart was warm, and she cast a grateful look at Luo Qingyun.

PEI Ming Yuan was also confused, his fingers constantly tapping on the wine glass as he analyzed, " "It's impossible for the wine cup to explode for no reason. Even if it did explode, it would not have been able to hurt brother Ximen. I also believe that this was definitely not done by little sister Zhixuan, but the murderer must be among us. Or perhaps the murderer has an extremely powerful martial skill that allows him to hide in the surrounding void, making it impossible for anyone to detect him."

Ximen Jinlin's expression turned cold. He looked at the Dragon's might and said, " "Since it's not Nalan Zhixuan, could it be you, Luo Qingyun, who did it?"

He suddenly understood. He had the upper hand in his battle with Yan Xing Hua, but he had been injured by his opponent's inexplicable counterattack. When he had lost his dignity and wanted to escape, Luo Qingyun had stepped in at the critical moment and snatched the fruit of his hero saving the beauty!

So that was how it was!

Ximen Jinlin's murderous aura burst out. The power of his domain pushed Nalan Zhixuan a few meters away. He said to Luo Qingyun, I understand now. So, it was you who had been playing tricks in the dark all along!

Luo Qingyun looked at him coldly and snorted. He was so proud that he didn't even bother to explain. He poured himself a cup of wine and drank it.

However, he was also extremely shocked in his heart. It was impossible for Xu Qing and PEI Mingyuan to make a move without being noticed by so many people. At least, it was impossible for them to do so under his nose. Then, the only person present was Yunxiao!

He also thought of another relationship. With Ximen Jinling's strength, he should have been able to defeat Yan Xinghua, but he did not know why he had fled. Yunxiao must have played a part in it.

With that thought in mind, Luo Qingyun found it hard to calm down. He gave Yunxiao a cold glance, who was still pretending to be shocked by what had happened in front of him and drinking happily to calm himself down.

How strong was he? You actually sneaked a move right under my nose!

Luo Qingyun's blood was boiling, and his heart was filled with irritation. He could not help but want to fight Yunxiao right now!

...

Luo Qingyun's eagerness to fight fell into Ximen Jinlin's eyes, and he thought that the other party had tacitly agreed. He was even more furious, and his aura soared into the sky, crushing toward Luo Qingyun!

"Hmph!"

Luo Qingyun suddenly crushed the wine cup with a bang. A force immediately flowed slowly above him, blocking the aura of Ximen Jinling. At the same time, his body began to glow with a sharp light. He slowly raised his eyes and looked at Ximen Jinlin.

Just by looking at him, Ximen Jinlin's body trembled, and a chill ran down his spine. Luo Qingyun looked like a long spear that was about to be pulled out of its body. It could suddenly shake at any time and pierce through all obstacles in front of it!

"?!"

Ximen Jinlin broke out in a cold sweat. He no longer had the will to fight. He couldn't understand why his opponent was so afraid of him even though his cultivation was obviously one star higher than his!

Fear in the heart, defeat before the battle!

"Stop!"

"Young master Ximen, I believe that brother Luo didn't do that!" Nalan Zhixuan shouted.

Apart from Yunxiao, who could tell at a glance that West Gate Jinling was strong in appearance but weak in reality, the others felt that they were evenly matched in the battle of auras. Nalan Zhixuan was afraid that if they really fought, it would inevitably lead to casualties.

Xu Qing and PEI Mingyuan secretly felt that it was a pity. They could not wait to see a good show.

...

Ximen Jinlin was originally afraid, but now that Nalan Zhixuan came out to stop him, he immediately regained his confidence and said angrily, "Not him? Hmph, who else could it be besides him?"

Xu Qing smiled faintly and said, "brother Ximen, you must have evidence to accuse someone." No one will admit it if you mess around like this."

Ximen Jinlin replied coldly, "I don't have any evidence, but I can deduce it with a simple deduction." When I was fighting with the seven-stars martial Supreme, I was sure to win, but I was attacked by an innocent man. "After that, I was stunned." His face suddenly turned red and he paused.

Yunxiao laughed. what happened to you after that? How did he turn defeat into victory?"

Chapter 774-hot cake

Ximen Jinlin glared at Yunxiao. He knew that Yunxiao was mocking him, so he glared at him with killing intent. He had already sentenced the man to death in his heart, and said angrily, "after that, I was seriously injured. At that moment, Luo Qingyun came from the sky and saved miss Zhixuan. It was a good show of a hero saving a beauty!

Nalan Zhixuan's face turned cold as she said, "Young master Xi men, please be careful with your words. I believe that brother Luo is not that kind of person. He must have just arrived."

"Hmph! You just arrived?"

Ximen Jinlin snorted coldly, then pointed at Yunxiao and said sarcastically, "I now suspect that the attack on sister Zhixuan was planned by Luo Qingyun. This person is a minion of the enemy group, and

he actually knows Luo Qingyun. In addition to the suspicious points I mentioned before, the one who benefited the most in the end was Luo Qingyun. Isn't this enough proof?"

Nalan Zhixuan turned her eyes to Yunxiao. Although he was Luo Qingyun's old acquaintance, he was indeed one of the people who attacked her. "Come out and tell me, are you and brother Luo accomplices? how did you get together with the people who attacked me? what kind of organization are you?"

Yunxiao smiled wryly. why are they all pointing fingers at me? That organization has nothing to do with me. I was forced to come here by them. I heard that they are called the ice organization."

Without hiding anything, he explained how he was pulled into the ice organization by Wen Lin after he came to Red Moon City, and why he attacked Nalan Zhixuan. Everyone was stunned when they heard it.

"Hahaha!"

PEI Mingyuan laughed out loud and slapped the table."I didn't expect miss Zhixuan to come to the red moon City for the arena tournament, ha, hahaha ~"

Xu Qing and Luo Qingyun also revealed a smile on their faces, but their expressions were strange.

Nalan Zhixuan's face turned red and she said angrily,"Let's be rogues together! Little sister Ruobing and I are like sisters, and I'm only here to accompany her. I didn't expect that I would be hurt by a villain and used by someone with ulterior motives!"

yes," Yunxiao nodded. I saw that many people in that ice fan club really like second miss Jiang, but they have been used by Yan Xinghua and sister snowball. I wonder if miss Zhixuan knows the background of that big sister snowball?"

Nalan Zhixuan's face turned cold as she snorted,"How can there be such a fat person in this world? I know who it is the moment you mention it!"

"Who is it?"

Yunxiao and the few men asked curiously at the same time.

Nalan Zhixuan looked a little distressed as she shook her head, "Don't ask. As long as you continue to stay in the red moon City, you will know sooner or later. I didn't expect that she would actually set her sights on me. I'm afraid that she's also doing something disadvantageous to little sister Ruobing. I must quickly go to the Jiang family to warn little sister Ruobing."

even so, we can't rule out Luo Qingyun's suspicion," Ximen Jinlin sneered. after all, he knows someone from the ice cube. Yan Xinghua almost died under my feather fan. Why would he suddenly attack and hurt me?"

Luo Qingyun was now sure that Yunxiao was the one behind all this, but with his pride, he did not bother to explain. He just gave Yunxiao an angry glare.

in addition to brother Luo, I also know brother Xu Qing," Yunxiao said with a smile. why don't you suspect brother Xu Qing?"

Ximen Jinlin was furious. He shouted coldly, " "We martial honors are talking, what's a martial Grandmaster like you doing interrupting? Don't you know how the word "death" is written?"

Nalan Zhixuan was upset and said coldly, " "Enough! Young master Xi men, brother Luo is my benefactor. I don't want to hear anything bad about him. I hope you can conduct yourself with dignity!"

She already knew that Ximen Jinlin wasn't the first person to save her. She thought about how this person shamelessly took credit for others 'efforts, then ran away timidly, and even accused her benefactor of slandering her. She couldn't help but feel disgusted.

Ximen Jinlin also noticed the change in Nalan Zhixuan's attitude. He was instantly enraged and said, "Good, good! You're all on the same side, and I don't want to stay here any longer. Goodbye, you don't have to see me off!"

"I won't send you off!" Nalan Zhixuan said indifferently.

Ximen Jinlin was furious, but he had no place to vent his anger. He could only point at Yunxiao and say coldly, "Don't think that I can't do anything to you just because you have Luo Qingyun's protection. Don't let me see you alone!"

Nalan Zhixuan didn't hide her contempt. This kind of man who only knew how to bully the weak and fear the strong, she really didn't know how he entered the seven Star Child of the Eastern Region. Even PEI Mingyuan felt that he had lost face.

"I'm not protecting him," Luo Qingyun suddenly said, "I have nothing to do with him." If young master Xi men wants to cause him trouble, please go ahead, but don't give me face."

The few of them were stunned. The corners of Xu Qing's mouth curled up into a smile as he thought to himself, "It seemed that Luo Qingyun was also a very realistic person. Although they had once gone through life and death together in Mount Meru, their strength was now far different from each other, and they could no longer play happily together.

"Haha, good! You said it yourself, so I'm going to take this kid's life!"

Ximen Jinlin grinned at Yunxiao and said, "Pray! Please don't fall into my hands!"

He snorted coldly, raised his head, and turned to leave, leaving behind only a murderous intent.

"The title of the Eastern Region's Seven Star Child is really not as good as being in person," Nalan Zhixuan said with a frown.

PEI Mingyuan coughed a few times and said, "there are scum everywhere. The strength of Ximen Jinling is still not bad. They can make up the numbers. However, I feel that brother Xu seems to be more qualified to enter the ranks of the seven Star Children."

Xu Qing smiled faintly. brother PEI, you flatter me. It's a pity that brother Luo isn't from the Eastern Region. Otherwise, you would definitely be selected.

the more slots we have, the lower our quality will naturally be," Yunxiao said. this is the evil consequence of the enrollment. The North Region only has four spots for the four prodigies, and each of them is powerful. The East region has seven spots at once, so it's inevitable that they're inferior."

The other four people looked at each other, and it seemed to make sense.

PEI Ming Yuan snorted coldly. It made sense, but the title of the Eastern Region's Seven Star Child was well-known in the Eastern Region. It was not something that could be commented on by any random cat or dog. He said coldly, Brother Luo has already made it clear that he won't protect you, and Ximen Jinlin has even said such harsh words. Are you counting on your organization's boss to come and save you? "

brother Luo," Yunxiao said with a long face, " you can't be so cruel to leave me!

Luo Qingyun really wanted to tear his face apart. He snorted angrily and said,"Get lost!"

li Yunxiao, why don't you join my tide-listening Pavilion?" Xu Qing suddenly said. as long as I'm here, I'll make sure you won't be bullied by that western gate Golden Corner.

PEI Mingyuan and Nalan Zhixuan were quite surprised. They didn't understand why Xu Qing would take on such a burden. It wasn't a good thing to let one of the seven Star sons of the Eastern Region bear a grudge.

Luo Qingyun smiled indifferently and said, " what's so good about tide-listening Pavilion? Yunxiao is the city Lord of Yanwu, and the spirit energy in the city is so rich that it can be counted on one's fingers. It's even more abundant than the seven superpowers. Why would you want to go to your barren land instead of a spiritual mountain? "

"What? He's the city Lord of Yanwu in the southern region?"

PEI Mingyuan and Nalan Zhixuan were both taken aback. Yanwu was now a popular city that the whole world had their eyes on. If not for the iron law of the Holy region, it would have long been divided up. Even with the order of the Holy region, many people had begun to secretly plot against it.

For a sect, experts were indispensable, but the foundation of a sect was still the spiritual mountains and treasured lands that could cultivate a large number of experts! This was also why the North Region was the most powerful, while the South Region was basically a remote and desolate place that no one cared about!

Therefore, even with the sanctuary holding the fort, many forces were still secretly making all kinds of plans.

PEI Mingyuan's contemptuous expression was slightly restrained. Although he still looked down on her, he at least looked at her and said, "So you're from the southern region. Having the cultivation of a five elements martial ancestor is already not bad. If you're willing to come to my Liu Li villa, not only can I guarantee your safety, but I can also make the decision to reward you with a set of seventh tier profound armaments, as well as provide you with a large amount of resources and various medicinal pills. It's not impossible to find a Martial Emperor and directly enlighten you, and it's even possible to promote you to a seven constellations Martial Emperor."

Yunxiao felt ashamed. He had found a Martial Emperor to enlighten him.

As soon as PEI Mingyuan finished speaking, Nalan Zhixuan smiled like a flower in spring. She said, "I didn't expect young master Li to have such a powerful background. Our Silver Moon sect is also looking forward to young master joining us. I'm sure young master Li has heard of the Silver Moon sect's nascent embryo wonderful girl technique. As long as young master Li makes a certain contribution, regardless of your cultivation, the elders of the sect will definitely reward a female disciple to dual cultivate with young master Li. At that time, not to mention a Martial Emperor, even breaking through to the martial honor realm would be within a few days."

All three of them had extended an olive branch. If they could rope Yunxiao in, it would definitely be a great contribution, and the elders in the sect would surely reward him heavily. The trash that the three of them looked down on had suddenly become a hot commodity, especially Nalan Zhixuan. She gently leaned over and said, "Young master Li, how is it?"

Even if Nalan Zhixuan did not use her seduction technique, she was still a natural stunner, not to mention the unparalleled seduction technique she had just used. Even a martial Supreme would not be able to stand it. She was very confident that Yunxiao would be easily captured.

"Hehe, may I know who the female disciple you're going to reward me with is? If the sect elders are willing to give me fairy Zhixuan, I will definitely agree."

Yunxiao teased her gently, feeling an indescribable pleasure when he smelled the fragrance.

...

Nalan Zhixuan cursed in her heart. "You're just a martial arts master Toad, yet you're delusional enough to eat swan meat." However, she kept giggling and said charmingly, "There are so many senior and junior sisters who are prettier than me in the sect. Perhaps the elders and sect master will be happy and let you choose from all the sisters in the sect. Perhaps you can even choose a few."

"Gulp!"

PEI Mingyuan and Xu Qing couldn't stand listening to those ambiguous words. Their men's parts began to react. They were ashamed and quickly suppressed it, and began to calm down and adjust their Qi.

Chapter 775-bitter fruit

"Oh? How many can I choose? Are you trying to fool me, miss Zhixuan?"

Yunxiao sneered in his heart as he reached out to grab Nalan Zhixuan. He would not be polite to anyone who offered her.

Nalan Zhixuan cursed in her heart, but the smile on her face did not fade. With light steps, she dodged Yunxiao's evil claws and chuckled, "Young master Li, you don't have to be so anxious. I wonder if you would agree to Zhixuan's proposal?"

Yunxiao chuckled and said, "However, you don't have to join the Silver Moon sect. As long as miss Zhixuan agrees to one of my conditions, I can consider letting Yanwu cooperate with the Silver Moon sect."

"Conditions? Cooperation?"

Nalan Zhixuan was taken aback, and her cheeks blushed. She seemed to have guessed Yunxiao's condition from his unfriendly eyes, which must be her body. A trace of anger immediately welled up in her heart, but she still suppressed it and said through gritted teeth, "What are the conditions and cooperation that young master Li mentioned?"

Yunxiao smiled as he poured himself a cup of wine and drank it. "Have you ever heard of the moon Pearl of the East Sea? I need these beads, and the more the better. As long as you can get me twenty-four of them, Yanwu will be open to your Silver Moon sect."

They were all taken aback and looked at Yunxiao in surprise. They had the same guess. In that ambiguous environment just now, Yunxiao's condition was most likely to be Nalan Zhixuan's body, but they did not expect such a big twist.

Both Xu Qing and PEI Mingyuan felt a little strange. They found it very difficult to resist Nalan Zhixuan's charming technique, but Yunxiao was unmoved.

Nalan Zhixuan suddenly felt a sense of loss that she had never felt before. Which man could be so calm in front of her? She suddenly realized that her charm was not as great as she had imagined. She muttered, "the moon Pearl of the East Ocean is the most precious treasure in the East Ocean. It's not easy to get it. If you want to continue, why don't you go to the merchant Union and ask? as long as you can afford it, they should have some in stock."

Yunxiao sighed. "I've consulted more than fifty Chambers of Commerce, and all of them have been sold out. The buyer is the maidservant of the current mistress of the Jiang family. I heard that miss Zhixuan is as close as a sister to the second young lady of the Jiang family?"

Nalan Zhixuan immediately understood that Yunxiao wanted to get the moon Pearl of the East Sea through her. She rolled her eyes at Yunxiao and said, "The Jiang family's mistress is Ruobing's mother, but she's not her biological daughter. The relationship between the two has always been lukewarm-it can't be considered affectionate, but it's not cold either. The moon Pearl of the East Sea is extremely valuable, and I'm afraid it won't be easy to get it."

Yunxiao looked regretful as he sighed and said, "I see, then there's no other way. At the same time, Yanwu is of great value. Although I'm the city Lord, there are many things I can't help with."

Nalan Zhixuan felt angry and funny at the same time. How could he be so shameless? how could he find such a ridiculous reason for a naked exchange of conditions?

What made her even angrier was that Yunxiao did not know what was good for him. With his strength as a martial Grandmaster, if not for the fact that he was now in high demand, he would not have had a choice. He had already offered many excellent conditions, but not only was he ungrateful, he was also insatiable and haggling.

However, he could not turn hostile at this moment, so he could only say coldly, "Young master Li's conditions are a bit too big. I'll try my best. However, young master Li's strength is low, but his character is not small. You have to be careful in the red moon City, or you will make a lot of enemies."

thank you for the reminder," Yunxiao said with a smile. I've been walking upright. I believe that evil can not defeat good.

The few of them felt dizzy after hearing this. Nalan Zhixuan seemed to want to say something, but her face suddenly changed and she couldn't say anything.

"Sister Zhixuan is going to see Jiang Ruobing. Can you take me with you?" Luo Qingyun suddenly asked.

"Brother Luo, are you also here to participate in the joust for a spouse Festival?" Nalan Zhixuan was stunned. There was a hint of resentment in her eyes that no one could bear to look at.

Luo Qingyun deliberately avoided her eyes and said, "It's not to the extent of a joust for a spouse, but there's a private matter. If you have no choice, it's fine even if you participate." He saw that Nalan Zhixuan still wanted to ask more, so he interrupted her, "We'll talk about this later."

PEI Mingyuan snorted. I didn't expect that brother Luo, who has always been free and easy, would also be fascinated by miss Ruobing's beauty and power. Then, we must see the truth in the ring!

"Brother PEI, don't you already have a wife?" Luo Qingyun asked in surprise. There seems to be more than one?"

PEI Mingyuan smiled indifferently, "What is this?" Before coming to the red moon City, he had already issued twenty letters of divorce, all of which were canceled. After I retrieve young lady Ruobing, I'll take them back as concubines."

Hearing this, Nalan Zhixuan's heart was filled with contempt. She snorted discontentedly and said to Luo Qingyun, "Since that's the case, then let's not delay any further. I'll go to the Jiang family to find little sister Ruobing. Brother Luo can come with me, I can't bring more people."

PEI Mingyuan laughed, "it's okay, we'll see the real thing in the arena." That's right, the three of them would have a meeting at bright moon breeze later. It was organized by the head of the seven Star sons of the Eastern Region, the third young master of the ruan family of Red Moon City, ruan zimao, and many young elites. They would meet the heroes of the world and let everyone get to know each other. I hope that brother Luo can also attend. I heard that the north and west regions will also send experts to attend."

He gave Yunxiao a strange look, then sneered and said, "Perhaps the southern mountain range will send their own experts."

"I'm not interested!" Luo Qingyun replied indifferently.

He got up and left with Nalan Zhixuan. When he passed by Yunxiao, he snorted coldly and said, "I'll come and find you again!"

Nalan Zhixuan looked at the two of them and gathered the Silver Moon clan's disciples. They took out a flying boat and left with the wind.

The small boat was very exquisite and gorgeous, and it flew with the wind.

Nalan Zhixuan finally couldn't help but ask, "Brother Luo, why did you stop me in the hall with a voice transmission just now and ask me not to argue with that li Yunxiao? Didn't you say in front of Ximen Jinling that you wouldn't protect him?"

Luo Qingyun looked at her and said, "Yes, but that's because I'm protecting you."

Nalan Zhixuan was stunned. She frowned and asked in confusion, "Protect me? What do you mean?"

Luo Qingyun looked at her deeply and said, "No matter what, do not get into a conflict with this person. He's the most powerful person I've ever seen in the younger generation of the continent! I've even seen ruan zimao, the leader of the seven Star sons of the Eastern Region, but in terms of horror, he's far less than li Yunxiao!"

"Ah?"

Nalan Zhixuan was stunned and said, "This, how could this be? Isn't he only a five-stars martial Grandmaster?"

Luo Qingyun snorted and said coldly, "This damn wolf in sheep's clothing! If his strength isn't unfathomable, how can he hide his cultivation base under our eyes?" He raised his fist, and even now, he could still feel waves of pain in his brain.

Nalan Zhixuan looked at Luo Qingyun's purple-black fist and was completely stunned.

As soon as the Silver Moon clan and Luo Qingyun left, Xu Qing and PEI Mingyuan's eyes immediately fell on Yunxiao, and their cold eyes gradually turned cold.

"Hehe, why are the two of you staring at me like that?"

Yunxiao narrowed his eyes and smiled.

PEI Mingyuan nodded and praised. you're the person with the strongest mental strength I've ever seen. However, your physical strength is not good enough. Everything is nonsense!

Xu Qing sighed. li Yunxiao, you and I have gone through life and death together. You should know that with the current situation of Yanwu and your identity, it is very dangerous for you to wander around the continent. Although tide-listening Pavilion is not a superpower, it is not a bad place to go.

In addition to wanting to win over Yunxiao, he was also fanatical about the few ninth-tier Mystic artifacts, but PEI Mingyuan was by his side, so he could not say it.

“Brother Xu is right, but I think Liu Li villa is more suitable for you than tide-listening Pavilion,” PEI Mingyuan said with a smile.

Xu Qing’s face flickered as he sneered. brother PEI, When two tigers fight, one will be injured. With li Yunxiao, I can give up Jiang Ruobing’s challenge and help you with all my might. Otherwise, after the battle of life and death with me, regardless of whether you win or lose, would you still be able to participate in the arena battle in your peak condition?”

PEI Mingyuan was stunned. He didn’t expect Xu Qing to make such a condition. He thought about it again and again, and finally nodded in agreement. After all, getting Yunxiao was for the sect’s interests, and becoming the Jiang family’s son-in-law was for his own interests. When weighing the two, his own interests were of course the most important.

This was a matter that was easy to weigh. He slowly retreated to the side and chuckled, “I hope brother Xu will keep his promise!”

“I will,”

Xu Qing nodded, then walked toward Yunxiao and said, “Li Yunxiao, what’s your decision? In fact, you don’t have a choice!”

Yunxiao nodded slightly and said, “Brother Xu is forcing me step by step. I really don’t have any other choice.”

“What?”

...

Xu Qing frowned, and Yunxiao's face grew colder and colder, with a hint of disdain and indifference as he stared at him quietly. Suddenly, his heart trembled slightly as if there was a fierce tiger in front of him that was slowly baring its fangs!

"That's a real pity!"

Xu Qing dispelled the sense of danger, and his domain of martial honor suddenly spread out and pressed down on Yunxiao. Then, his figure flickered as he swam like a dragon and reached out a palm.

Yunxiao's eyes gradually narrowed. With a cold flash in his hand, the thousand-year saber suddenly appeared, shooting out a blade shadow and slashing down fiercely!

"?!"

A complete chill surged up in Xu Qing's heart, but the moment fear overwhelmed him, his entire body was already enveloped by a peerless Saber Light. Just the saber Qi alone was enough to cause his body to almost shatter!

"Great sorrow ancient Cloud Mirror!"

At this moment of life and death, he understood that Yunxiao had been suppressing his strength to play the pig to eat the Tiger. There was only endless bitterness in his heart, but he still had some confidence in himself, as he had refined the ninth-tier Mystic artifact, the great sorrow Twilight Cloud Mirror.

A bright copper mirror appeared in Xu Qing's hand and shone on the blade light. It immediately formed a yellow cone-shaped defense in front of him, cleverly splitting the blade light in the middle. It actually went around his body and slashed to the sides.

The middle school Examination was next week, and he had chatted with the fruits from the first and third grade until late yesterday. He was really a little dizzy. Students, don't read novels this week. Read them after the exam!

...

Chapter 776

776 The great sorrowful Twilight cloud treasure mirror

This treasured mirror could actually nullify the blade light?

Yunxiao's pupils constricted as he disappeared from where he was and teleported up.

Suddenly, the wind and clouds surged between heaven and earth. As soon as Yunxiao appeared in front of the mirror, he thrust his palm forward, absorbing the wind and clouds with a peerless appearance. The entire sky turned into his background as he slammed his palm on the bronze mirror with lightning speed!

“Bang!”

The bronze mirror let out a violent trembling sound, and Xu Qing's grip on the bronze mirror also trembled a little, but he quickly stabilized himself.

Yunxiao's face changed drastically, because he found that after the palm fell, the power of wind and cloud was bounced back, pressing his arm with a layer of golden light. It was the imperishable golden body that automatically protected him.

However, his Gale wind Cloud Palm was so powerful that almost 100% of the palm force was reflected back. There was a slight sound of bones being crushed in his arm. He was shocked and immediately transformed into a body of lightning, allowing the rebound force to pass through his body and hit the area behind him.

Although the wind Cloud Palm was powerful, it did not have the rules of Emperor Qi, so it could not affect his body of lightning.

Xu Qing's expression changed from one of joy to one of shock. The reflection effect of the great sorrowful Twilight cloud treasure mirror was related to the cultivation level of the person holding the mirror. With Xu Qing's current cultivation level of a seven-stars martial Supreme, he could reflect almost 100% of the power below seven-stars martial Supreme!

Even if it was a power that exceeded his cultivation base, the stronger the opponent, the stronger the backlash. Just now, Yunxiao's wind and cloud Palm had made him feel danger, and the backlash was definitely more powerful than his full-strength strike, and it was a full-strength strike when the opponent was unprepared!

But even so, they could not hurt Yunxiao!

After Yunxiao turned into a Thunderbolt, he disappeared in front of Xu Qing in a flash. Then, a shocking might of Thunder fell from the sky, rolling down like a Thunder tribulation.

He could suppress all martial artists below the Emperor Qi of the nine Heavens by transforming into lightning!

body-lightning transformation! It's actually body-lightning transformation!

PEI Ming Yuan, who was in the distance, was also shocked. His face was full of disbelief, and he felt a chill all over his body.

This turn of events was simply too fast. It was as if you were sneering at a beggar on the side of the road and took out a silver ingot to throw at him, but the other party instantly raised a gold brick and smashed it back at you, hitting you until your nose and face were swollen!

Xu Qing also felt a great danger. He raised the mirror and shone it on his body. He actually disappeared into thin air!

"What?"

Yunxiao was taken aback. With his divine sense, he could tell that Xu Qing had not gone invisible, but had indeed disappeared into thin air!

The Thunderbolts could no longer be retracted and directly struck the ground. A bolt of lightning exploded from the ground and shook in all directions. The earth was completely lifted up and the soil rolled.

Xu Qing's figure suddenly appeared beside PEI Mingyuan, who was not far away. His eyes were filled with horror as he said in shock, "Brother PEI, help me! This person is playing the pig to eat the Tiger, he deserves to die!"

PEI Mingyuan was already sweating all over. All of this happened in a moment, but Xu Qing had no power to fight back and could only rely on the mirror to Dodge.

Xu Qing was originally not considered an expert in the entire Eastern Region, but he had obtained a ninth-grade treasured mirror from somewhere. After refining it, he had risen rapidly in the past year, and his tyrannical strength was no longer below that of the seven Star Children of the Eastern Region. PEI Mingyuan knew that if he were to fight with Xu Qing, it would be hard to predict the outcome. This was also the reason why he had to give up Yunxiao and choose the arena.

"Bang!"

PEI Mingyue took a step back, and a big hole immediately appeared on the ground. His whole person turned into a ray of light, and he escaped at an extremely fast speed!

Now, even a fool would know that Yunxiao was stronger than any of them, and the Thunderbolt was the top secret of the Jiang family of Red Moon City. They did not expect it to appear on this man. He had a certain level of understanding of this cultivation technique and knew that this technique was almost invincible under the martial Supreme realm. He no longer had any illusions and immediately ran away!

damn it, I thought this kid was strong mentally. I didn't expect him to be even stronger physically!

He was secretly furious. Moreover, the sudden appearance of such an opponent was a great threat to his participation in the group arena.

"You coward!"

Xu Qing's face changed with anger when he saw PEI Mingyuan run away without saying a word. He stomped his foot and flew into the air, following behind. He had no confidence in fighting Yunxiao alone, but he was confident that no one could stop him if he wanted to escape with the power of the mirror.

Xu Qing took out the treasure mirror and shone it on himself. He immediately disappeared on the spot and instantly appeared a hundred meters away. He turned into a ray of light and chased after PEI Mingyuan.

Yunxiao's face turned cold as he said thoughtfully, "so it's teleportation. What a magical mirror!

Lightning flashed in his hand, and a hammer suddenly appeared. The entire sky suddenly darkened, and the hammer emitted rays of lightning. A golden tadpole-like character gradually appeared on it.

Xu Qing and PEI Mingyuan's expressions changed at the same time. They could clearly feel the might of heaven and earth rolling down, and their hearts were filled with horror. Could he be a Nine Heavens martial sovereign?

Yunxiao's body trembled violently as well. The hammer came with the power of laws, and he could produce such a great power by just pouring his primordial energy into it. Thunder and lightning kept shooting out of his hand, fusing with the dark sky as if the God of Thunder had descended.

His gaze turned cold and he instantly turned into lightning. In the blink of an eye, lightning flashed across the sky and he appeared in front of the two of them!

With his current strength, he was basically invincible among those below the martial Supreme realm. Even a one-star martial Supreme might not be able to escape from him. In the beginning, he had thought that one move was enough to deal with Xu Qing. He was already surprised that he had dragged out a few moves. If he let these two people escape, it would really be a big joke!

"?!"

PEI Mingyuan's face was ashen, and he cried out, "he can turn his body into lightning and use the Thunder escape technique. We can't escape. Let's fight him!

He suddenly realized that the Thunder escape was one of the fastest escape techniques in the world, and even a Nine Heavens martial sovereign could not catch up with it.

PEI Mingyuan immediately took out a green sword and unsealed it. He poured all his power into it and swept the sword. Half of the sky turned green as if the sky was poisoned.

Xu Qing's face was also deathly pale. He cast several spells into the great sorrow Twilight cloud treasure mirror, and beams of mirror light shot out. They penetrated through the sky and lit up the world under the dim sky.

One of them was one of the seven Star sons of the Eastern Region, and the other had a ninth-tier Mystic artifact. When they joined hands, their confidence immediately doubled, and they roared as they attacked Yunxiao.

Yunxiao's body trembled more and more violently, and he felt that he was about to lose control of the hammer in his hand. The law of Thunder gradually emerged, and Yunxiao could no longer hold it back. He raised the hammer and smashed it forward.

“BOOM!”

The sky trembled as if it had suddenly collapsed!

A huge Thunderbolt exploded at the target point, spreading across the sky like a spider web. Golden tadpole-like runes flashed in the center, turning into a green lightning hell. The two people, who had increased their confidence, were instantly swallowed by the lightning, and they could not even hear their screams.

After the strike, Yunxiao's primordial Qi was instantly emptied, and the hand holding the hammer trembled violently, as if it could no longer hold it. The hammer seemed to have a free spirit and was about to break through the air!

Shocked, Yunxiao hurriedly flickered between his eyebrows, and the power of the divine realm tablet emerged to suck the hammer in. Only then did he breathe a sigh of relief. Looking up, the area in front

of him gradually disappeared, and a large area of the ground was directly destroyed. A large number of lightning arcs appeared in the sky, crackling.

PEI Mingyuan and Xu Qing were completely lying on the ground. They didn't even have the strength to stand up. Their bodies were seriously injured and they looked at him in horror.

“The commotion is too big. I'm afraid it will attract the people of the red moon City.”

Yunxiao thought to himself. He flew down, picked up the two men, threw them out of the south-pointing chariot, and got into it. An hour later, they flew from the south of the city to the West. When they saw a low, dilapidated bungalow, they randomly found one and went in, then threw the two men on the ground.

From the South to the west of the city, there were thousands of kilometers. Even if the people of the red moon City wanted to investigate, they would not be able to find him in a short time.

...

The long sword in PEI Mingyuan's hand not only had no spirit Qi, but there were also cracks on it. It was basically completely scrapped. He asked sadly, “Brother Xu, is this person really a native of the southern mountain range?”

Xu Qing's face was also deathly pale. With the defense of the great sorrow Twilight Cloud Mirror, his injuries were much lighter than PEI Mingyuan's, but he had basically become a half-disabled person. It was impossible to escape. Hearing PEI Mingyuan's words, he nodded bitterly.

In their understanding, the southern region was a remote and backward place where not even martial sovereigns existed.

Yunxiao narrowed his eyes and said with a smile, “you two can't get to know each other without fighting. Now that we know each other, we can have a good talk.”

A trace of fear flashed across PEI Mingyuan's face and he shouted, "You can't kill me. I'm from Liu Li villa, and my father is the Vice villa Lord, Lao Ai."

"Pa!"

Yunxiao gave him a slap in the air and sent him rolling a few times on the ground. "I'm not interested in your family's genealogy. Quiet down for now."

PEI Ming Yuan covered his face where all his teeth had fallen out. He lowered his head and didn't dare to say anything, but his eyes were full of hatred.

Xu Qing's face was bitter as he said, "I'm wrong, I'm really wrong!" Think about Mount Meru, everything was within your calculations and control. All of your genius companions were completely suppressed by you. How could such a figure remain in the same place and remain at the martial arts Grandmaster realm? So I'm trash, so trash that I can't even see through your cultivation."

don't say that," Yunxiao said with a smile. I'll be embarrassed. He made a grabbing motion in the air, and the great sorrowful Twilight cloud treasure mirror in Xu Qing's hand fell into his hand. He said with a smile, "This is good stuff. Little friends are the best. Thank you!"

Xu Qing's face was ashen as he said with a trembling voice, "can you not take my mirror away?" As for everything else, I can agree to all your requests!"

...

This mirror was his most powerful trump card and the source of his strength. Once he lost it, he would immediately be eliminated from the ranks of the top masters of the younger generation in the Eastern Region.

Chapter 777-helmet

Yunxiao snorted and put away the mirror without any pity. "If you were me, would you give me a chance?"

Xu Qing suddenly became dejected. He knew that he was hallucinating. If it was anyone else, they would not show mercy, not to mention that he was the one who provoked him first. He was the one who harbored evil thoughts first. This was really courting death, and no one could save him.

“You’ve already taken the mirror, so why did you bring me here?” Xu Qing asked. If you wanted to kill him, you didn’t have to bring him here.”

“I’m sparing your lives,” Yunxiao said indifferently. “because you two are still useful. I came to the red moon City for the eastern sea Moon Pearl, and now that it’s in the hands of the Jiang family’s mistress, I want you to find a way to get it for me.”

“Do you think we’re capable of doing that?” Xu Qing’s expression changed slightly as he forced a smile.

no,” Yunxiao said coldly. “But if he didn’t have this ability, he would immediately lose his life. The friendship between you and me has already been completely severed the moment you tried to take advantage of me. If you can’t provide me with any useful value, then only death awaits you.”

He looked at PEI Mingyuan and said, “you too!”

PEI Mingyuan’s body trembled and he said, “Don’t, don’t kill me. I have a way!”

“Eh? You have a way?”

Yunxiao’s interest was piqued for a moment. He smiled and said, “As expected, people are forced out. No one will use their full strength unless it’s a life and death situation. Do you have any ideas?”

PEI Mingyuan composed himself and said, “The Jiang family’s matriarch is my cousin.”

“Ah?”

Both Yunxiao and Xu Qing were taken aback, waiting for him to continue.

PEI Mingyuan said, " the Jiang family's mistress and my mother are cousins. My great-grandmother and little sister Ruobing's great-grandmother are the same person. They are both from the ruan family of the Redmoon city.

what's the use of such a distant relationship? " Yunxiao said coldly. it's useless. If you had status, you would have been invited to stay in the city Lord's mansion long ago. Why would you follow Xu Qing out to mess around?"

PEI Mingyuan hurriedly said,"also!" The Jiang family's mistress owes my mother a favor. When Ruobing was young, she was seriously ill and was in urgent need of an extremely precious material. It was also my mother who found it and provided it to the Jiang family, which saved sister Ruobing's life. I think if my mother were to make a trip to the Jiang family, she should be able to get a lot of East ocean's bright moon beads."

"Yes, I can spare your life and let you try."

Yunxiao walked up and performed an incantation with one hand in the air, sending runes into PEI Mingyuan's body, shaking his qi and blood. He coughed out a mouthful of blood, his face full of horror.

it's just a seal, " Yunxiao said. you can go now.

"C-can we go now?"

PEI Ming Yuan didn't dare to believe it. He also felt the strangeness in his body, but how strong could a seal be? wasn't this person too confident in himself? When he went back, he could find his father and break it easily.

Yunxiao threw him a jade pendant and said, " you can find me once by relying on the reaction of this jade pendant.

PEI Ming Yuan was overjoyed. He was extremely excited to have survived a disaster. After receiving the jade pendant, he didn't dare to say anything more. He hurriedly gathered his true Qi and rushed out of the small house. A huge anger was gathering in his heart. When he returned to find his father to unseal

the seal, he would immediately bring the experts of Liu Li villa and kill them. He would take back today's shame a thousand times!

"You're just going to let him go like this? You!!!"

Xu Qing was also stunned. He did not expect Yunxiao to be so confident.

you should go, too," Yunxiao said indifferently. the task I'm giving you is to find out the origin of that fat snowball woman for me, and why the mistress of the Jiang family is collecting the moon pearls from the East Sea. PEI Mingyuan's side is most likely unreliable, and I'll probably have to take action myself in the end."

He also conjured a spell and sent it into Xu Qing's body. He placed a seal on him and gave him a jade pendant.

Xu Qing's face was cold,"you're really confident in yourself!" This time, it was my mistake. You taking the mirror away was my own fault, but I will definitely snatch it back. And the other profound level weapons in Mount Meru, I will not let any of them go!"

After throwing out his threats, he activated his genuine Qi and flew away.

Naturally, Yunxiao did not take their harsh words to heart. After the two left, he found another shabby room nearby and entered the divine realm tablet directly.

The hammer from before was quietly suspended in the sky. He slowly extended his perception over and was immediately shocked by an electric arc that spread out in the air with a crackling sound.

this hammer is so magical. Even two martial Venerables can't be killed with one strike. It seems that I have to merge my mind and spirit with it to refine it.

Yunxiao sighed with emotion. Even if ordinary ninth-tier Mystic artifacts could not unite their minds and spirits, they could exert a certain power in his hands, but he could never understand the power contained in this hammer. The power used by the blood Beast that day was enough to break the power

of a world, but in his hands, it could not even kill two martial Venerables. The gap between them was just too great.

A majestic force was emitted from between his brows and wrapped around the hammer. He then directly absorbed it into his body and suspended it above his dantian. He planned to use his origin power to nourish it and slowly refine it.

Then, he took out the great sorrowful Twilight cloud treasure mirror and observed it carefully. The five profound level weapons hanging on the cauldron of mountain and river in Mount Meru were all peak ninth level profound level weapons: the dynasty Bell, the devil Sky silk, the cold sword Ice Frost, the great sorrowful Twilight cloud treasure mirror, and Luo Qingyun's long spear. These profound level weapons could not be refined even at the peak of his previous life.

it seems that there were at least peak ninth-tier alchemists in that era. Were these things refined with the cauldron of mountain and river? ”

Yunxiao suddenly thought of this possibility. After all, the cauldron of mountain and river was a Supreme-grade Mystic artifact. Without the help of the cauldron, only several powerful ninth-tier alchemists could work together. This was also the reason why ninth-tier Mystic artifacts were extremely precious, and peak ninth-tier Mystic artifacts were even rarer.

these four peak ninth tier profound armaments should be properly refined by me. Although there are enough of them, there is nothing that can allow me to completely refine them. It's better to focus on refining them.

His worry was that he had too many peak ninth tier profound armaments. If others knew about this, they would be so jealous that their blood vessels would burst.

Then, a white light flashed and a Jade ruler appeared in front of him. It was the blood God's giant celestial ruler. He pondered for a moment, then threw the ruler into the cauldron of mountain and river and began to melt it.

One divine flame was like a phoenix, while the other was like a cold wind. Under the combination of Wind and Fire, the cauldron of mountain and river started to spin rapidly.

A moment later, a ray of light shot out and the heavenly master's giant centipede ruler was refined into a hand helmet. The weapon essence was the same as before.

"In the end, this thing is still the celestial master's giant centipede ruler. I've just changed its shape. No, no matter what, I have to add something of my own so that it can be said that I made it."

Yunxiao pondered for a moment, then pointed a finger at the helmet. The power of four territories poured out of the sky and stacked on it.

Suppressed by the power of four elements, the helmet began to exude a powerful artifact essence to resist, but it could not withstand it and began to break. Yunxiao quickly performed an incantation gesture with both hands, sending runes into it and sealing the power of four elements on the four Tiger fingers of the helmet.

the material of the celestial master's giant centipede ruler is not good enough. It can't withstand the power of four elements!

Yunxiao's face flickered. With a point of his finger, two beams of light shot out. They were a piece of skyshine metal and a piece of Northern heaven cold star Iron, followed by a large number of other raw materials. One by one, they were thrown into the hand helmet and began to merge with it.

The color of the gauntlet began to change. When Yunxiao had transformed it from a ruler, it was only a physical change in shape. But now, it had begun to change its structure, strengthening the strength and energy of the gauntlet so that it could withstand the power of the four elements.

After an unknown amount of time, the helmet gradually stabilized, its color changing from Jade-like ice to gold and silver, shining brightly as it hung in the air.

that's right. In this divine realm tablet, the Dao of sorcery that I can exert is even higher than the peak of my previous life. I'm very satisfied with this item!

With a wave of Yunxiao's hand, the scene in front of him changed, and he arrived at the place where mo Xiaochuan and shaohuang hao lian were cultivating. He dropped the helmet and flew to shaohuang hao lian's side, saying, "Let's test its power!"

Young Emperor haolian was taken aback at first, but he immediately understood. He took off the helmet with great joy and said in surprise, "Young master Yun, this is Zhenzhen."

He was overjoyed and put it on his hand. The size was suitable and it was extremely cool!

...

"Haha, I have a weapon too!"

When young Emperor haolian clenched the helmet, he immediately felt an extremely powerful weapon essence spread out. His entire right hand trembled as if he could not control it!

"Young master Yun, you're too good to me!"

Young Emperor haolian was so touched that he was about to pounce on her with tears and snot.

With a thought, Yunxiao froze him and snorted, "I'm afraid that you're not strong enough and you'll be beaten to death outside, losing face for me! I've sealed the power of the four great elements in it. Although it's only a little, I can still unleash a portion of its power!"

In a flash, he left the divine realm tablet and appeared in the broken house.

This area was the residence of the poor in the red moon City. It was like a garbage dump, dilapidated everywhere.

sigh, I haven't been here for a long time. My old house is all damaged. The young people these days have no public morality at all. They actually took my old house and made an outdoor barbecue!

As soon as Yunxiao arrived on the street of the slum, he heard an old man grumbling.

At the entrance of a run-down house, a familiar figure was cleaning with a broom. He threw out a few barbecue racks, as well as a large amount of charcoal ash and bamboo skewers.

Yunxiao's pupils constricted slightly. This old man was the one he had met in the blood God Palace. At that time, he knew that this man had extraordinary strength, because he could not see through the man's cultivation base with his eye technique. That meant that this man was at least a martial Supreme!

...

"Eh? Little brother, it's you? What a coincidence, hehe, come and help me clean up?"

The old man raised his head slightly, a smile on his face, looking harmless.

Yunxiao snorted coldly, and a sharp light flashed in his eyes as he said in a cold voice, "If it's intentional or coincidental, then life is indeed full of coincidences!"

Chapter 778

778 Eight elephants

The old man was stunned for a moment, then he squinted his eyes and smiled. Life is always about gathering and going. The key is to meet the right person at the right time.

Yunxiao sneered. You think you're so great just because you're old? Just because he was old, he could casually talk about life and philosophy with others? Are you the right person I'm going to meet?"

The old man patted the dust off his hands and said with a smile, "I don't know about that, but I do know that you are the right person I have to meet at the right time."

A cold gleam flickered in Yunxiao's eyes as he put up his guard and said, "Now that we've met, what do you intend to do?"

The old man laughed, "You were the one who caused the lightning strike in the south of the city, right? I'm quite curious about the laws hidden within it."

curiosity kills," Yunxiao said. you reacted faster than the people of Red Moon City. You seem to be very thoughtful!

"En, Yingluo."

The old man laughed bitterly and said, " I'm already a bag of old bones. I don't have any other good points, but I'm more serious and responsible in my work. After this, I'm really going to retire. I don't want to fail again.

Yunxiao's eyes narrowed and he was on high alert. A stream of primordial Qi surged in his body, ready to strike at any time.

The old man's smile also disappeared, and he became extremely quiet. This silence was not just the silence of a Virgin, but more accurately, the silence of death. It was as if there were no living things in front of Yunxiao, only dead bricks and tiles.

This was an extremely high-level concealment technique. The person was clearly in front of you, but you couldn't feel any aura. If you didn't see him with the naked eye, you wouldn't think that there was someone in front of you.

The two of them stood there quietly, searching and waiting. They were looking for an opportunity to strike, waiting for the other party to make a mistake.

Yunxiao suddenly said, 'I know who you are! To completely erase one's own aura using the corpse technique, and not attack even if one's cultivation base is superior, but instead search for the bad habit of that fatal strike, other than the eight symbols that control the death god Palace, I can't think of a second person.'

The old man moved. Yunxiao's words were the flaw he had been looking for. Although Yunxiao had exposed his identity, it could not affect his mind. It was a tenacity that had been tempered thousands of times, and it was condensed into one move, a sure-kill move!

A yellow beam of light flickered on Yunxiao's body, and then, as if it had gathered all the light in the world, it shot out and shone directly on the old man's face, blinding his eyes.

The old man was shocked. No matter how strong the sun was, it could not hurt his eyes. This was the first time something like this had happened! It instantly affected his state of mind, and the power of his moves weakened!

“Bang!”

In a hurry, the sure-kill move hit the source of the light and made a crisp sound!

An indescribable counter-shock force followed the old man's attack path and bounced back. In the old man's shock, it was already impossible for him to avoid it. He was hit by his own sure-kill attack and spat out a mouthful of blood on the spot.

The old man was one of the few assassins in the world. He never left any room for himself in his attacks. Every time he attacked, he would use all his strength. This time was no exception. He didn't leave any essence force to defend himself. After being hit by the backlash, his body was on the verge of collapse!

Yunxiao felt terrible as well. His opponent's force was so strong that he could not bounce it back all, and there was still a huge force that came through the mirror.

Fortunately, he had been prepared. The devil-sky silk materialized in an instant, causing the surrounding space to buzz. The blow penetrated the devil-sky silk's defense and finally hit Yunxiao, sending his blood and Qi tumbling and him flying dozens of meters back before he could stabilize himself.

The difference in strength between the two was huge, but the result of this attack was shocking, it was a world of difference!

The old man's physical body was almost destroyed. His eyes were wide open in disbelief and he kept coughing out blood. He no longer had the strength to fight!

Although Yunxiao's blood and Qi were also in turmoil, he was only slightly injured. At this moment, his body was filled with killing intent as he walked over and said in a cold voice, " "Since I've already seen through your identity, I naturally know the pattern of your attacks and have already thought of a countermeasure! There's no such thing as an eternally correct move in this world. You've used this move for over a hundred years, so you should've met a ghost by now. I'm starting to believe in the philosophy of life that you've spoken of earlier. I'm the right person you met at the right time, and I'm the one who will put an end to your life as an assassin!"

Yunxiao sighed in his heart. If he had not happened to have the sunset Cloud Mirror, although the move would not have killed him, it would not have ended up like this. Perhaps he would have turned into a Thunderbolt and escaped.

A cold light flashed in his hand, and the ice sword appeared. He raised it high and said, " "I've always been curious about who the head of your eight symbols is. Although I've already guessed it, I still hope that someone can verify it for me. "

The old man coughed violently and said with a bitter smile, I've been an assassin for so many years, and no one has ever known my name. Aren't you curious enough to ask me to satisfy my vanity? at least let people know that such a person once existed.

not interested! Yunxiao sneered coldly. You've always been hiding in the dark, so why come out when you're about to die? The name will rot with your body. I'm only interested in the name of your leader of the eight symbols!"

"Aiya, fifth brother, you're really old. You can't kill people, but even your old nest has to be dug out!"

Suddenly, a faint voice rang out. Yunxiao felt his body freeze as a chill enveloped him. If he were to slash down with his long sword, it would surely attract a storm of Thunder. His face changed slightly.

The sky gradually curved, and a young man appeared with a smile on his face. He nodded at Yunxiao in a very friendly manner and said, " a person who can attract the attention of the top dog is indeed extraordinary. Even the tyrannical sky Tiger of my eight symbols can't do anything to you, and it was under such a situation where the difference in strength is so great. It's really shocking!

are you one of the eight symbols? " Yunxiao asked coldly. are you also one of the eight symbols? "

The young man nodded and smiled, "You can call me Xiaoba."

Yunxiao waved his sword, then put away the cold sword and said, "I don't know how I've offended the Chiefs of the eight divisions. We've never had any grudges, so why do you want to kill me?"

Little Myna laughed and said, "who said we have no grudges?" Our death god Palace's Palace Master has always treated you as a mortal enemy. Moreover, your rapid rise in recent years has already attracted the attention of many people, and the chief is only one of them. You can leave now. Since fifth brother can't kill you, I don't need to do anything. Furthermore, killing you isn't my mission."

"Xiaoba, if you let him go now, it's no different from letting a Tiger return to the mountain. It'll be even harder to capture and kill him next time," the tyrannical sky Tiger said with a bitter smile. He's definitely injured from my attack, so it's a good time to kill him."

"Fifth brother, the era of you guys who would do anything to kill is over." Little Myna chuckled. An assassin also needs to have the demeanor and Dao of an assassin. Today's defeat is a declaration that your era no longer exists. You'd better report to the chief and go home to rest."

The tyrannical sky Tiger was stunned for a moment. Then, it smiled bitterly and coughed continuously. It had yet to spit out all the blood.

I don't care who your chief is," Yunxiao said coldly. tell him that if he provokes me, there will be no place for you eight symbols in the heavenly martial realm. With that, his figure flashed and turned into a ray of light, flying a thousand meters away before he reappeared and walked into the crowd.

Xiaoba's eyes flickered with a cold light as he watched Yunxiao leave, as if he had been angered by the words he had said before he left.

The tyrannical sky Tiger glanced at eighty and laughed, "What's wrong? Were you frightened by the other party's vicious words?"

sigh," little Myna sighed softly. he's still not as cultured as you old seniors. What do you think of his threat?"

The tyrannical sky Tiger pondered for a moment and said in a serious tone, " it seems like he's just trying to keep up appearances. If he's allowed to continue, it'll be hard to say. Maybe he'll really grow to a point where he can threaten the top dog one day!

"Then who do you think is stronger, him or the palace Master?" Lil eight nodded.

"Li Yi?"

The tyrannical sky Tiger chuckled and said, " Li Yi's talent is indeed very strong. Furthermore, he was able to become a slave under the torture of the perverted brother Yuwen. In terms of schemes and methods, he is the best choice. Moreover, he has experienced those inhumane tortures. It can be said that he has suffered the most hardships. It is only right that he has achieved what he has today. That day, when he had guided him to the death god Palace, he had never thought that he would become the palace Master. Does the boss want them to fight?"

"It was originally like that, but the goal has changed. The palace master's mission this time is to participate in the arena tournament and marry Jiang Ruobing, which will greatly strengthen our strength. So, we can only postpone the battle with li Yunxiao. It's just that Yingluo "

The tyrannical sky Tiger laughed. haha, he has been tortured by a man for so long. It's time to give him a beautiful woman as compensation. But what? "

The light in little Myna's eyes slightly condensed, and he said in a somewhat serious tone, " "It's just that we may have misjudged the strength of those demons. That demon called 'Shang' made me feel an irrepressible fear. I've only felt this kind of feeling from the chief. Moreover, the palace Master seemed to be very important to those members of the demon clan. On this trip to the red moon City, there was a demon accompanying them as a personal guard. I'm afraid that the palace master's power will continue to increase and eventually break away from our control."

The tyrannical sky Tiger was stunned for a moment before sighing,"no matter how strong he is, he can't win against chief." Moreover, this group of monsters has caused such a huge disturbance in songyue city. If we really want to deal with them, we can just directly reveal their whereabouts to the Holy region. We don't need to worry about this."

I hope so," little Myna said. The chief has always been meticulous. This time will not be an exception!

He went forward to help the tyrannical sky Tiger up. The space slightly distorted, and the two of them disappeared from the spot.

Chapter 779-dowry

After leaving the west of the city, Yunxiao blended into the crowd, fearing that he would attract some people's attention. As a large number of ancient martial art practitioners had swarmed into the red moon City, there were many ancient martial art practitioners with the strength of a martial arts Grandmaster like him, so he did not provoke anyone.

He took out the sunset Cloud Mirror on the street and saw that the tyrannical sky Tiger's attack had left a scratch on the surface of the orange mirror. He was shocked. The tyrannical sky Tiger's strength was probably on par with the blood God's. At the same time, he felt that the power of the sunset Cloud Mirror was incredible.

The tyrannical sky Tiger was injured by his own reflection force. This was related to his own combat style. He had attacked with all his strength without holding back. However, the sunset Cloud Mirror was able to reflect back the attack of a six-star martial sovereign with great force. This was beyond his expectations. Moreover, this mirror could teleport. At least, it contained the spatial rule.

Yunxiao thought to himself, 'I'll have to find some time to study this mirror. It seems that there are many strange abilities hidden in it.'

Most profound level weapons were offensive weapons like knives and swords. Tools like mirrors, pagodas, and bells were often more terrifying. Even with his abilities in his previous life, he did not dare to randomly refine such a thing.

"This mirror is pretty good!"

Suddenly, a hand reached out and grabbed the mirror.

With a flip of his palm, Yunxiao put away the mirror of evening clouds, then grabbed the hand and looked at it coldly. Suddenly, he was taken aback and said, "It's you?"

“Eh, it’s you? Where did you get this mirror? hehe, give it to me. ”

The man was taken aback as well. It was Wen Lin, who had pulled Yunxiao into the ice organization, and he looked at the mirror with a longing expression.

“Get lost!”

Yunxiao shook off his hand and said coldly, “I haven’t even settled the score with you yet!”

Wen Lin’s eyes turned, and he squinted his eyes as he smiled. “Isn’t it just a matter of a few primeval stones? I’ll tell you a piece of good news.”

what good news? ” Yunxiao asked. what good news? ”

Wen Lin pulled Yunxiao to the corner of the street mysteriously and whispered, “You’re going to be rich!”

rich? ” Yunxiao’s face darkened. how? ”

Wen Lin stretched out his hand, and with a somewhat urgent look, he said, “ take out that mirror and let me have a look. If it can confirm my thoughts, I’ve decided to buy it at a high price!

Yunxiao’s face immediately darkened as he said, “How high is the price?”

“Where did you get this mirror from?” Wen Lin asked.

Yunxiao pointed to the back and said, “ I was in a pawnshop just now. The owner did not collect the item on time, so the pawnshop owner handled it himself. I bought it at three times the pawnshop price, thirty thousand medial-grade primordial stones!

30000 mid-grade origin stones!

Wen Lin's expression was dazed. He smacked his head and fiercely muttered, "Heavens, 30000 taels of silver. If it's really that treasured mirror, then it's going to be a Suan Suan Suan Suan!" He cursed in his heart. "Did the owner of the pawnshop say who pawned it?"

I heard that it was an old man in his sixties or seventies," Yunxiao said after pondering for a moment.

Wen Lin suddenly raised his head, grabbed Yunxiao's hand, and said excitedly, "Sixty to seventy years old, as expected! It's the mirror that my father pawned. I've finally found it! The heavens truly do not let down the diligent!"

Yunxiao's eyes widened as he looked at Wenlin, who was talking about his feelings with snot and tears in his eyes. He really wanted to give him the title of Best Actor!

Wen Lin cried bitterly and said, "this mirror was my mother's dowry. She and my father were childhood sweethearts. They were innocent. It was because of this mirror that they became sisters-in-law.

"Zhenzhen, after that, father had no choice but to sell this mirror, but even when he was about to die, he never forgot to redeem it. Can you understand the feeling of being helpless as a son? Today, I finally have the chance to find this mirror! Today is Father's Day. Brother, can you please fulfill my filial piety? Let's praise all fathers in the world, a father's love is boundless!"

Yunxiao's eyes widened as he said, "Brother Best Actor, Oh, no, no, it's brother Wenlin! The owner of the pawnshop said that the man who sold the mirror first sold his wife to a brothel before he came to pawn the mirror. Could it be that your mother is Yingluo?"

His face was filled with shock.

Wen Lin's face immediately turned darker than charcoal, and his eyes were about to spew fire. No matter how shameless he was, he couldn't admit that his mother worked in a brothel. He was instantly disheartened and said with a gloomy face, "Is that so? I guess I was wrong."

He felt a burst of anger in his heart. He had put on such a show for so long in vain, but he was beaten up by the other party with a single sentence.

“Oh, I see!”

Yunxiao’s face lit up with realization as he said, “Then this mirror has nothing to do with you. I still have something to do, so I’ll take my leave first. Brother Wenlin, I’ll see you next time!”

Wen Lin hurriedly stopped him. He rolled his eyes and smiled. “By the way, why are you still running around here? Do you know that something big has happened in the red moon City?”

“Your sister’s here again!”

Yunxiao cursed in his heart, but he said with an indifferent expression, “Oh? What big thing? Did the head of the Jiang family get killed or did Jiang Ruobing’s mother get kidnapped?”

“Er, this is not enough to cause a ruckus.”

Wen Lin said in embarrassment, “the goddess has escaped!” I just got the news from the organization that the goddess suddenly disappeared from the Jiang family. Now, the entire Jiang family is in an uproar. The entire Red Moon City has been sealed off, and no one is allowed to leave. Even all the space passages leading outside have been blocked. Think about it, the joust for a spouse is about to begin. If the Jiang family can’t bring out any people at that time, haha, this will be a big joke!”

Yunxiao stared at him and said sarcastically, “aren’t you a fan of the goddess? Why do you look like you’re gloating?”

“En, I didn’t!”

Wen Lin’s face was filled with grief and indignation. He patted his forehead with his hand and said uncomfortably, “I wonder where the goddess is right now, whether there’s warm milk in the morning, whether there’s ready roasted duck when I’m hungry, whether I can find a clean and comfortable hotel to rest when I’m tired, and whether there’s a whiny when I’m sad.

He cried and looked like he was in so much pain that he wanted to die, as if his wife had died.

“By the way,” Yunxiao interrupted, “my mirror ...”

“Hmm, how about a mirror?”

Wen Lin suddenly stopped, his depressed and desolate mood swept away as he stared at Yunxiao with a face full of desire.

“I’ll never give you my mirror,” Yunxiao said lightly. “I’ll never give it to you.”

Wen Lin, “Zhenzhen.”

He wiped the sweat from his forehead and said, “brother, although I’ve only taken a look at your mirror, I’m sure it’s definitely an ominous thing. I advise you to spend your money to keep yourself safe. Give me that mirror, and I’ll find a powerful Alchemist to refine it. Then, it won’t stay in this world and continue to harm people.”

“I see,” Yunxiao said. “it’s not impossible for you to have a mirror, but you have to exchange it with something.”

“What is it?”

Wen Lin’s eyes lit up, and he patted his chest. “In order to refine that ominous thing that harms people and prevent more people from being hurt, I’ll even pluck down the stars in the sky for you!”

“Brother Wen, you’re so righteous!” Yunxiao said with great respect. “I admire you. Even so, I can’t ask for too much, so I’ll just exchange it for twenty-four moon pearls from the East Sea.”

“Moon Pearl of the eastern sea? Twenty-four?”

...

As if someone had grabbed his neck, Wen Lin cried out in shock, "that thing is the treasure of the eastern sea, any one of them is priceless. Twenty-four of them strung together can form the strange scene of twenty-four moonlit bridges, creating an extraordinary effect. Its value is even higher than many ninth tier profound armaments, you tricked me!

Yunxiao chuckled. brother Wenlin, you know a lot. You don't look like a Martial Emperor's minion at all.

Wen Lin also laughed. brother Li, you're the same. How could a martial arts Grandmaster trash have such a vicious mirror?"

Yunxiao laughed. as the saying goes, one doesn't tear down a man's difficulties. One doesn't love when one is tired. So, stop pretending. Although my great sorrow ancient Cloud Mirror is a treasure, it's not something I can't give up. The condition is that there are twenty-four East Ocean moon pearls, not one less!"

Wen Lin's entire body trembled, and he said in disbelief and shock, "What did you just say? Is that treasure mirror really the great compassion dusky cloud treasure mirror?"

Yunxiao immediately became alert and replied, "There seem to be these words on the mirror. I wonder if it's a defensive item."

Wen Lin's expression appeared to be extremely unsettled. He was doing his best to suppress his emotions as he slowly said, "if it was a few months ago, there might be a way. But now, Jian Jia, do you know that all the moon pearls in the East Ocean are in the hands of the Jiang family's mistress, ruan Hongyu?"

brother Wenlin! Yunxiao's pupils constricted as he said, "you are really well-informed!

Wen Lin nodded. it seems that you also know that even ruan Hongyu only has 18 beads. Basically, all the beads in the Eastern Region and the merchant Union are gathered. If you want to get it, it's not impossible."

Yunxiao was overjoyed. Oh? Brother Wenlin, do you have a way?"

"I heard from the organization that the 18 moon pearls from the East Sea are part of Jiang Ruobing's dowry for the joust for a spouse event this time," Wen Lin said with a smile.

...

"What? A dowry?"

Yunxiao was taken aback.

Wen Lin took out a Jade slip and handed it over, saying, " take a look. This is the Jiang family's dowry. It's the latest announcement, and it's already in the hands of the disciples of the major forces. The Jiang family has really put in a lot of money this time!

Yunxiao took the Jade slip and put it on his forehead, but soon he frowned.

Wen Lin looked at him with a profound look and smiled. "What, are you thinking of going to the joust for a spouse Festival? Although the moon Pearl of the East Ocean is precious, it's not as good as the other items. Moreover, the bright moon Pearl has already been included in the dowry and announced to the world, so it will be even more difficult for you to obtain it by other means."

Holding the Jade slip, Yunxiao pondered for a while before he said, " "Could it be that brother Wenlin is not interested in these things and beautiful women?"

Wen Lin laughed. even if you're interested, you have to have the strength. Those East region's seven stars, West region's five heroes, North region's four prodigies, which one of them doesn't exterminate me like I'm scum? "

Today is Father's Day, so I can't help but insert a Father's Day advertisement in the main text, hoping that everyone can curse lightly. I love my father, and at the same time, I wish all fathers in the world good health!

Chapter 780-identity

“Hmph, you’re so insincere, alright?”

Yunxiao sneered. in any case, there are no moon pearls from the East Sea. You can keep the mirror in your memory. Goodbye.

Hey, hey, don’t go! Let’s discuss this again!

Wenlin kept shouting behind him, but Yunxiao ignored him. Suddenly, he shouted, ” “Brother li, look at this!”

Surprised, Yunxiao stopped and slowly turned his head. He saw that Wen Lin’s eyes were flickering with white light, and a strange force was rippling out of them. It was a mental attack!

“Pupil technique?”

Yunxiao was taken aback, and then he wanted to laugh. There was a saying in ancient times in the state of Tianshui, ‘when you show a big saber in front of Guan Yu, you read an essay in front of Kong er’.’ Yunxiao finally understood what it meant.

He chuckled, and the immemorial heavenly eye on his forehead suddenly opened. The eye instantly turned into a Blood Moon, and Wen Lin’s eyes, which were flashing with a bright light, were stunned for a moment. Then, they began to become a little blurred, and finally turned into a blank look.

In just an instant, he was countered.

“Just in time, let me see what your background is!”

Yunxiao’s spiritual power radiated through the immemorial heavenly eye and went straight into the other party’s mind to search his memories.

Wenlin's entire life, from the moment he had memories of it when he was young, had been displayed in parts under Yunxiao's divine sense, and there were no more secrets.

The Chain of Memories was like a serial painting as it flipped through quickly. To Yunxiao's great shock, the man was actually from the Saint realm!

All of a sudden, his divine sense trembled. He saw that Wen Lin's Chain of Memories had been sealed one by one ever since he had entered the sanctuary-realm, and he couldn't read it!

"What? This is a radiant Mark Lock!"

Yunxiao's heart trembled, and his divine sense rushed out of Wenlin's spiritual ocean in shock, his eyes filled with horror.

"In this world, the only person who can use this brilliant Mark Lock is Yuan gaohan's master, Tian zhaozi, who lives in seclusion in the Holy capital! Could it be that this person was sent by Amaterasu, and that he was carrying a great secret?"

A shadow appeared in his heart. This matter involved too many people, and even he didn't dare to step into it.

no wonder he could recognize the great sorrowful Twilight cloud treasure mirror. I didn't expect him to be one of Amaterasu's men!

Yunxiao pondered for a moment as he watched Wenlin slowly wake up. Then, he turned and left, entering the crowd.

A moment later, Wen Lin finally woke up from his daze. He immediately recalled everything that had happened, and his face turned deathly pale on the spot. how can this be? how is this possible? I'm actually being countered by him?!

His eyes were filled with fear as he muttered to himself, "My sea of consciousness was in chaos just now. Could it be that the other party has poured his energy into my memory?" He licked his dry lips and felt a dry thirst in his throat. He could not come back to his senses for a long time.

fortunately, I have the seal of master Amaterasu in my sea of consciousness. When I first set up this seal, I felt that I was being too meddlesome and overly cautious. I didn't think that it would really be useful one day.

Wen Lin slightly suppressed his shock and gradually calmed down. He pondered and said, " we must investigate this person's background. Not only is there a godly spiritual attack, but there's also the great sorrowful Twilight cloud treasure mirror. This legendary item has finally appeared. We must obtain it no matter what!

His temperament gradually changed, and he no longer looked like a Martial Emperor. Instead, his cultivation level gradually decreased, and soon, he turned into a mortal without any origin power fluctuations. He walked into the crowd and soon disappeared.

The news in the Jade slip that Wenlin gave Yunxiao was very advanced. It was not until the next day that the news of Jiang Ruobing's dowry immediately spread throughout the city, causing a great sensation!

Everyone in the city, regardless of gender or age, on the streets and alleys, was talking about this topic. Martial artists from all walks of life were also pouring into the red moon City.

the most precious items are the secret treasure of the true dragon, a ninth-tier profound weapon, eighteen moon pearls of the East Sea, the heavenly bone changing Emperor pill, and the opportunity to enter the Jiang family's martial Pavilion and choose a set of martial arts skills at will.

"That true Dragon's Secret treasure is a Dragon's whisker left behind by an ancient true dragon, it's already a Supreme grade! The ancient true dragon had always existed in legends. He didn't think that it was real! This true Dragon's beard might even contain the secret to reaching the immortal level. Not only the young Elites, but even the legendary figures of the older generation are eager to make a move. Some disciples who don't want to participate in the competition have been kicked out by the elders. They must participate!"

“That ninth-tier Mystic artifact is no ordinary item either. It’s the reincarnation saber refined by the president of the sea of soul formation, Lu congzi! In order to forge this divine saber, Master Lu congzi had personally gone to Wan Jue peak to get the reincarnation origin stone. It was said that on the day the saber was completed, purple lightning would descend from the soul formation sea. Hundreds of martial sovereigns flew into the air to resist it, killing several martial sovereigns on the spot and injuring countless! Under the blade light, all living beings of the six paths will enter the cycle of reincarnation!”

“As for the moon Pearl of the eastern sea, we are all from the Eastern Region, so we should know the value of this Pearl. It was a peerless item in the human world to focus and calm one’s mind. Wearing it on one’s body could be said to be invulnerable to all evil. It could eradicate all abnormalities in cultivation and never have heart demons. According to the Eastern Region’s ancient legends, once twenty-four of them are gathered, they can form a strange scene of twenty-four moonlit bridges, as if a celestial realm has descended. One can directly transform and become an immortal, but I don’t know if it’s true or not!”

“The heavenly bone changing Emperor pill is a precious elixir among the nine tiers. If tier 9 spiritual pills were also divided into nine grades, then this heavenly bone changing Emperor pill would definitely be tier 9, tier 9. However, this item is not attractive to powerful martial sovereigns, but it has a Fatal Attraction to those martial artists who are hovering at the threshold of the martial sovereign realm! This thing could increase the probability of advancing to the martial Supreme realm by 30%! As long as one’s talent wasn’t too trashy, one could advance steadily. Which of those who could cultivate to the peak of the martial honor realm would be trashy? The other name of this pill is the ‘Martial Emperor pill’. Whoever gets the pill will become a Martial Emperor!”

“As for the Jiang family’s martial arts manuals, there’s no need to talk about them. The” pure yang true technique,”” Hakone demon manual,”” thousand leaf spiritual darkness technique,”and so on ... Which one of them isn’t as powerful as Thunder? which one of them isn’t an existence that has created the continent’s peak experts and made the world tremble in fear? To be able to learn one of them is enough to look down on the world!”

tsk tsk, there are also a large number of various medicinal pills, profound level weapons, vitality stones, spiritual herbs, precious treasures, and so on. I won’t go into detail. If I want to say more, I won’t be able to finish it even after the arena tournament. It’s almost equivalent to the entire fortune of a medium-sized sect!

This kind of argument went viral in the entire Red Moon City, and all the martial artists became fanatical. Those martial artists who originally did not want to participate in the competition began to rub their fists and rub their palms, and many people began to worship the gods as a whole, to bless their high school.

Near the center of Red Moon City, there were two magnificent and exquisite buildings. Although they were not as Grand as the city Lord's mansion, they were exquisitely built and took a lot of effort. Between the two buildings, there was a rainbow hook, like a long Dragon lying across the sky, hidden in the heavy rain, like a celestial bridge.

This was a famous building in Red Moon City, called the wind and moon.

On the rainbow Dragon Bridge, there were a few huge flags flying. Those who enter my building, there will be a cool breeze, and those who drink to me, there will only be a bright moon!

A man dressed in a dark blue Rain flower brocade robe leaned against the railing upstairs and stared. His pair of beautiful eyes were as clear and bright as the autumn water in an empty Valley. Looking at the bustling city, he could not help but softly recite, " a pillow in my youth, a cool breeze, only the bright moon knows my heart.

Behind him, a beautiful woman in Palace clothes looked at the man in front of her and said, " Zimao, you still hate your uncle?"

The man turned around, his expression as calm as autumn water, and said calmly, " Zimao doesn't dare. As the red moon City Master, uncle is respected by the world and is an unparalleled hero! Zimao has always been following Gufu as a role model and worked hard in his cultivation. On the path of martial arts, he didn't dare to stop at any time!"

The beautiful woman revealed a satisfied smile and praised, "You really didn't let uncle and aunt down, nor did you let big brother down. As long as you continue to work hard, your future achievements will not be inferior to your uncle's."

"Yes, zimao will remember aunt's teachings!"

Ruan zimao bowed and said calmly, " it's just that zimao has a knot in his heart that's getting worse. I hope that aunt can help me untie it.

Ruan Hongyu glanced at her nephew and said, "You're here for Ruobing? If you are really successful and reach the peak of martial Dao, all the women in the world will be yours to choose. As the eldest son of the Ruan family and the head of the seven stars of the Eastern Region, you are depressed over your children's Affairs. Do you want to disappoint aunt?"

Ruan Zimao said, "I wouldn't dare!" However, wasn't the pursuit of the peak of martial arts so that he could rule the world and be free? If I can't even get the girl I like, then what's the point of ruling the world?"

Ruan Hongyu's expression changed and she snorted. Ruobing's marriage is for the benefit of the red moon City. If she marries you, wouldn't she be wasting a great resource?"

Ruan Zimao's eyes narrowed and a glint flashed across his eyes. He said calmly, "The marriage alliance with other big sects is only to consolidate the position of the red moon City in the realm of heavenly martial arts. It's an external force that is difficult to rely on. If aunt can betroth sister Ruobing to me, Zimao will definitely reach the peak of martial arts in less than 50 years. He will lead the red moon City to become a Supreme existence like the Holy region and the soul formation sea!"

His words were firm, but his expression did not change. His eyes were burning with fire, which surprised Ruan Hongyu.

"Haha, well said!"

Ruan Hongyu laughed and praised, "The Ruan family should have this kind of spirit!" However, Ruobing can't marry you. This is your uncle's decision, and no one can change it! Apart from that, any woman in the red moon City, or even any woman on the continent, if you have any that you like, aunt will handle it for you!"

Ruan Zimao slowly raised his head and said, "I'm not asking for little sister Ruobing to marry me. I just want to have a chance to participate in the arena tournament. I will use my own strength to prove that the so-called marriage is just a joke. Only when I am strong can I be truly strong!"
