

The Eternal 781

Chapter 781-sin

you're right," ruan Hongyu said, frowning. but there have been very few geniuses who have been able to rule the world on their own. As a superpower that stands at the top, only by dominating can it survive on this continent for a long time. An individual's strength was short-lived, while a sect's Foundation and inner secrets were long-term. Back then, the ruan clan suffered a great calamity, and our clan's strength suddenly fell to the bottom. If it weren't for the support of our daily connections, we would have become dust in history. As the leader of a faction, there are still many things you need to learn."

Ruan zimao said, " I will always remember aunt's teachings. However, regarding Ruobing's younger cousin, I hope to have a chance to fight with the heroes of the world. I can also see the difference between me and the others. I can make use of my strengths to make up for my weaknesses so that I can improve further.

"You coward!"

Ruan Hongyu was exasperated. She flicked her sleeves and sighed."Alright, the ruan family has been weak for the past few years, and it's rare for a genius like you to appear. The future of our ruan family lies on you, and aunt will do her best to satisfy you. However, Ruobing isn't my biological daughter after all, and I have limited say in this matter. I'll talk to your uncle about this. It's just that Ruobing is too insensible. She actually ran away from home at this time, how infuriating!"

Ruan zimao's face was filled with joy and he quickly said, " "Thank you, aunt! Little cousin Ruobing is just a little mischievous. Moreover, in this Red Moon City, where can she run to? everything is still under aunt's control."

Ruan Hongyu smiled. it's good to let her relax. She'll be a little nervous about such an important life event. I will try my best to deal with the matter of you participating in the competition. If you can really defeat all the heroes in the world and win the championship, I think your uncle will be happy to let Ruobing marry you."

"Alright, I'm going to attend to my guest. Since you have the heart to participate, then prepare well. It's just in time to announce to the world that my Red Moon city's Ruan family has stood up again!"

Her eyes flickered with great expectation. Her figure gradually faded and finally disappeared from the wind and Moon Hotel.

Ruan zimao stood up, his eyes filled with ecstasy. His fingers clenched into two fists, and the sound of bones cracking could be heard. For a moment, his heroic spirit reached the clouds, and he said in a clear voice, "Since ancient times, everything is like the clouds in the next life, and the universe is in sight! Don't worry, Auntie, I won't let you down!"

Then, it turned into a beam of light and disappeared, leaving behind an empty building and a powerful elemental energy fluctuation.

.....

In an unremarkable restaurant, it was bustling with people drinking and discussing the recent hot topics.

Right now, the red moon City was almost full. Every restaurant was like this. There were also a large number of martial artists staying in the homes of ordinary people. However, the red moon City had extremely strict rules for the protection of ordinary people. In addition, most of the martial artists who stayed were forthright, so it was basically a win-win situation where everyone was happy.

At the center of everyone's attention was a man who gently fanned himself. He looked like a scholar, and he was smiling as he spoke.

"You country bumpkins better stop dreaming. The life of a goddess is not something you can understand. According to the latest news I've heard, the Jiang family's second young mistress has two basins for washing her feet every night, one for her left foot and the other for her right foot."

The scholarly man suddenly stopped and looked at the door. A man walked in with a serious expression. He seemed to be deep in thought and had no interest in the gossip he was talking about. He only knew how to bury his head and walk in.

"Brother Xu Qing, I didn't expect you to come to the red moon City!" The scholar was surprised for a moment and called out.

The man was Xu Qing. He stopped and said in surprise, " "So it's GE feiping, brother GE. When did you become a gossip?"

GE feiping gently waved his folding fan and laughed. I'm just bored waiting for the joust for a spouse Challenge Tournament. I heard that the day after tomorrow, the head of the Eastern Region's seven stars, ruan zimao, will be hosting The Young Elites of the world at the wind and Moon Tower. Brother Xu will not miss it, right? "

Xu Qing appeared to be completely absent-minded as he said, " "I'm busy, so I won't join in the fun."

He was not in the mood to answer GE feiping. After a few simple words, he cupped his fists and walked into the restaurant.

GE feiping was secretly surprised. He looked at Xu Qing's expression and saw that he seemed to have suffered a serious internal injury. He did not know who had a conflict with him. After watching him go upstairs, he smiled slightly and continued to gossip with the crowd.

Xu Qing held a green jade token in his hand and felt a subtle pull, which pointed to a guest room. He had tried all kinds of methods to break the seal Yunxiao had placed in his body, but none of them worked.

He even went to PEI Ming Yuan to see if Liu Li villa had the power to break it. However, he did not expect that the people of Liu Li villa were also at their wits 'end.

What made him even angrier was that in order to ensure PEI Mingyuan's safety, the people of Liu Li villa actually used him as an experiment and tried all kinds of strange methods. In the end, they were covered in injuries, but they still made no progress.

In order to prevent him from running away, someone was sent to guard him. Xu Qing was lucky enough to injure the guard and escape, then he relied on the information on the Jade token to find Yunxiao.

He came to the door of a high-quality room and entered it with a flash.

This was a room with a cultivation room, and the unit price had already been raised to hundreds of thousands of mid-grade primordial stones per night.

“Brother Li, I’m here,” Xu Qing said.

The door of the training room slowly opened, and a beam of light flashed out. Yunxiao appeared in front of him, gave him a look, and said with a smile, “You’ve suffered quite a bit!”

Xu Qing’s face turned red, and a trace of resentment toward Liu Li villa flashed across his face. He said, “I’ve brought the news. I hope you can keep your promise and unseal me.”

After losing the great sorrow Twilight cloud treasure mirror, he had completely lost interest in the red moon City. He only wanted to retreat in one piece and return to the tide-listening Pavilion to cultivate in seclusion.

“Okay, go ahead.”

Yunxiao smiled indifferently.

Xu Qing’s face twitched slightly. Looking at the other party’s calm appearance, he suddenly realized that the gap between the two of them might not be as simple as strength. At Mount Meru, the other party had him in the palm of his hand, and he still had a chance to resist. But at this moment, he had already achieved progress that was enough to look down on everyone, but he was getting further and further away from the other party. Now, he was firmly in the palm of the other party, and there was no room for him to resist.

“It seems like I’m a frog at the bottom of a well, and I’m a laughingstock.”

Xu Qing sighed in his heart. He was extremely dispirited, but he was glad that he recognized his own gap and shortcomings in time. There was still a chance to catch up. He planned to never leave the sect after he returned this time. He would not leave the sect until he became a Nine Heavens martial sovereign.

Looking at the changes in his face and expression, Yunxiao seemed to have noticed something. the path of martial arts is vast and profound. Even the top experts dare not say that they can see all the martial arts in the world. I have laid down the sealing technique. If I don't have full confidence, how would I dare to let you leave? "

Xu Qing sighed, "I've learned!" I've already found out about the chubby snowball girl. She's the Jiang family's young lady, Jiang ruomei, and the Jiang family's matriarch, ruan Hongyu's biological daughter. It was only because he had a strange disease since he was young that he could gain weight even if he didn't eat or drink, so he had become like this over time. She rarely shows her face in front of people, and she's extremely afraid of people talking about her behind her back, so not many people dare to say it. "

Yunxiao's mouth was wide open as he said in surprise, " "There's actually such a strange illness. For a woman, it's simply worse than death."

that's right, " Xu Qing said with a wry smile. if it weren't for that, the young miss of the Jiang family would definitely be a beauty if she inherited her parents 'genes. She wouldn't have such a wretched appearance and personality! I don't even need to think to understand what's with the ice block fan club. The older sister must be jealous of the younger sister, so she's using some underhanded means behind her back."

with the power and status of Red Moon City, even Lu congzi can be invited, " Yunxiao said with a frown. how can they not find a cure? " It's really strange!"

Xu Qing said, " I also found this matter unbelievable. I only understood some things about the past after asking around repeatedly. Have you ever heard of a shocking event that happened in the red moon City? Gu Feiyang, the Vanquisher martial sovereign, had killed more than 30 martial sovereigns from the ruan family in one fell swoop, almost annihilating the ruan family's power. That battle was truly a bloodbath, and the moon was dyed red. That night was truly worthy of the name of the Crimson Moon City!"

Yunxiao,'hehe'.

He wiped his sweat and said awkwardly,"it's not that exaggerated. What does this have to do with that chubby snowball girl?"

“Of course!”

“Do you know that Martial Emperor Vanquisher’s eye technique is unparalleled in the world? it’s already at a godly level.” It could turn illusory into reality, heaven into earth, the sea into mulberry fields, and the stars into the bright moon! During the battle of the red moon City, not only did the ruan clan lose more than 30 martial sovereigns, but hundreds and thousands of clansmen were also affected by martial sovereign Vanquisher’s eye technique. They were in a daze like idiots and only started to regain their consciousness after a few years.”

He looked at Yunxiao, who had a blank look on his face, and thought that the latter did not believe him. don’t doubt me. The abilities of a titled martial sovereign aren’t something that you and I can guess at will!

rumors are always unreliable,” Yunxiao said with a wry smile. you’re exaggerating!

Xu Qing said,”ruan Hongyu was the one who was captured by the eye sorcery. At that time, she was already pregnant with Jiang ruomei.” Jiang ruomei was born under that kind of muddleheaded and idiotic state. When Jiang ruomei was born, she was already more than 30 pounds. Now, she was probably more than 300 pounds. After that, Jiang Churan, the city Lord of the Redmoon city, also sought medical treatment in many ways. Just as you said, Lord Lu congzi of the sea of soul formation also came to the Redmoon city personally, but it was to no avail. A single sentence from Lord Lu congzi at that time made Jiang ruomei and ruan Hongyu completely despair.”

Yunxiao wiped his sweat. He did not expect that he was the one who had caused big sister snowball’s fat. What a sin!”What did Lu congzi say?”

Xu Qing said,’Lord Lu congzi said that Jiang ruomei still has the curse of Martial Emperor Vanquisher’s eye technique on her. Unless Martial Emperor Vanquisher personally contacts her, no one in the world can dispel it. Given the relationship between martial sovereign Vanquisher and the Redmoon city back then, Jiang Churan would not have gone to him. After martial sovereign Vanquisher died, no one in the world could break this curse seal.”

Yunxiao,’hehe’.

...

Chapter 782-is it funny?

Xu Qing sighed, " in fact, these secrets are not really a secret in the red moon City. It's just that no one dares to talk about it. I also spent a lot of effort to find out. As for Yan Xinghua, he was Jiang ruomei's playmate for a long time. Due to her chubby body, she had a strange personality since she was young. Ruan Hongyu found many children of her age to accompany her. Unfortunately, not only was Jiang ruomei eccentric, but she was also extremely cruel. All her other playmates were killed by her. For some reason, only Yan Xinghua survived, and it was said that he was Jiang ruomei's gigolo."

Xu Qing gave Yunxiao a look and said in surprise, "Brother li, why are there so many beads of cold sweat on your forehead? Could it be that you're feeling unwell?"

Yunxiao quickly wiped his face and said in embarrassment, "I'm fine. I didn't expect this chubby snowball girl to have such a tragic background. I didn't expect her to be the daughter of the Jiang family's mistress."

His eyes flickered as he pondered, " well, it seems that ruan Hongyu owes her daughter a lot. Otherwise, she wouldn't have ignored all the tricks she played. If Jiang ruomei were to ask for the moon Pearl of the East Sea, she might be able to get it. "

Xu Qing was stunned for a moment and laughed. hehe, how could Jiang ruomei help you get the moon Pearl of the East Sea? this thing has been listed as Jiang Ruobing's dowry. Everyone knows about it. Unless you can get rid of all the fat on her body."

Yunxiao gave Xu Qing a meaningful look and said, "You have the potential to be a prophet."

"What?"

Xu Qing was stunned for a moment, not knowing what was going on.

your information is very valuable," Yunxiao said. I'm very satisfied.

He formed a seal in the air with one hand and slapped it into Xu Qing's body.

Xu Qing's body trembled slightly, and he could feel that the seal had been completely removed. Not only that, but his body, which had been tortured by Liu Li villa, also seemed to have recovered a little. He said in shock, " "This, this is it?"

alright, " Yunxiao said with a smile. you can go now. The next time we meet, I hope you'll be more promising."

Xu Qing's face was red and white. He was embarrassed and angry. He gritted his teeth and said, " "I will! The next time we meet, I'm going to take back the mirror that belongs to me, as well as a few other things. You should keep them safe!" He did not stay any longer. With a thought, he turned around and disappeared out of the door.

Yunxiao's face gradually calmed down as he sighed and said, " "Back then, the baleful Qi was too strong and harmed many people. If I can help this fat girl, I'll help her. Perhaps she'll be the key to obtaining the East Sea Moon Pearl."

Just as he was pondering, there was a sudden explosion and several screams outside the door. It seemed that someone had started fighting.

Then, he heard Xu Qing's angry shout, " "Who are you, how dare you act so atrociously and beat people up in front of everyone in Red Moon City!"

Yunxiao smiled. Xu Qing's words were quite interesting. He himself had also attacked people at will, but the difference was that he did not do it in front of 'public eyes'.

His figure flickered and appeared outside. The hotel lobby was already in a mess, and many people scattered in all directions. Many people were waiting to watch a good show, and at the same time, they also revealed shocked expressions.

GE feiping, who was in the middle gossiping, was injured and lying on the ground. A handsome man in a white robe had his sword pressed against GE feiping's throat. His face was cold, and his killing intent filled the entire Hall.

Behind the man in white were Luo Qingyun, Nalan Zhixuan, and a sword boy who was holding a sword. He was also looking at them coldly. Xu Qing was shocked and said, "Brother Luo, lady Nalan, What is this?"

The man in white's sword emitted cold air, causing GE Feiping's throat to bleed. GE Feiping was so scared that his face turned pale. Cold sweat rolled down his face as he trembled and said, "Brother, we don't know each other. Why did you suddenly attack me?"

The man in white's eyes were like daggers, almost cutting GE Feiping apart. He said coldly, "you were talking about the Jiang family's second young miss's measurements. How did you know that?"

Yunxiao was stunned for a moment as he looked over. The man in white was a little too handsome, like a woman, but when he looked carefully, he saw that he had an Adam's apple, and his pores were thicker than a woman's. He was indeed a woman.

Yunxiao pondered for a moment, and his eyes gradually flickered with a divine light. But, with his eye technique, he immediately saw that the man had used a super disguising technique, and his face under the disguise was automatically formed in Yunxiao's mind. He was actually a peerless beauty.

Looking at the sword boy, he saw that he had used the same disguising technique and that he was also a woman.

"Could it be that Qianqian?"

Yunxiao's heart trembled. Combined with what the woman had just said and a series of information, he immediately understood that the handsome man in front of him was the second young lady of the Jiang family who had escaped, the main character who had caused a great stir in the world this time!

The three measurements of a beautiful woman were usually a topic that men were particularly interested in. Only Jiang Ruobing herself would be so angry. Moreover, her question was so ridiculing. Could it be that GE Pingfei was telling the truth about her three measurements?

GE Pingfei was also stunned for a moment. He did not expect that the person in front of him would hurt him just for such a boring question. He immediately felt that he had been wronged and said bitterly, "

these things are just rumors, and there are many versions. I thought about it and chose a version that I felt was more reliable. "This ... Could this be true?" he muttered.

Jiang Ruobing's face was red with embarrassment and anger. She said angrily, "Of course it's fake! How dare you slander the Jiang family's second young miss? I'll kill you!"

He raised his sword and was about to slash down. The sword Qi was shining, and one could tell at a glance that it was definitely not an ordinary item.

Luo Qingyun moved and grabbed her wrist. He said indifferently, "It's too much to kill. Now the whole city is talking about these boring things. Do you want to kill everyone in the world?"

GE feiping trembled in fear and said, "Right, right. Don't tell me you want to kill everyone in the world?" When he saw Jiang Ruobing's furious eyes, he immediately shrank his neck and said, "I won't say it again in the future, I hope brother can be magnanimous."

"Hmph! I'm so angry!"

Jiang Ruobing stomped her feet and put away her sword. She said to GE feiping angrily, "Get lost! I'll kill you without mercy if I hear you gossip again!"

GE feiping's life was saved, and he repeatedly promised that he would never do it again.

After all, Xu Qing was an old acquaintance of his. He went forward to help him up and was about to leave.

"Brother Xu, you're actually safe and sound?" Luo Qingyun suddenly laughed. It seems that brother Xu's strength has exceeded my expectations!"

Xu Qing's face flushed with anger. He knew that Luo Qingyun was mocking him, and he was secretly furious. It turned out that this fellow had known Yunxiao's strength for a long time, but he did not warn him when he saw him walking into the Tiger's mouth. How despicable!

He snorted coldly and left with GE feiping.

After stopping Jiang Ruobing, Luo Qingyun turned to Yunxiao, who was leaning against the stairs with a smile on his face. He snorted and said, "We meet again. Is today a bad day again?"

a chance encounter is better than a chance encounter," Yunxiao said with a smile. brother Luo, you've gained a lot from your trip to the city Lord's mansion.

Luo Qingyun was stunned and carefully savored his words. He couldn't figure out what he meant. Suddenly, he was shocked and thought, Could he have seen through Jiang Ruobing's identity as a daughter?

This thought made him a little bewildered. It was Nalan Zhixuan who had disguised Jiang Ruobing and the maidservant little Xue. If he hadn't seen it with his own eyes, he wouldn't have believed that Jiang Ruobing and little Xue were women.

Nalan Zhixuan smiled at Yunxiao with a grateful look and said, "young master Yunxiao is so righteous. Zhixuan is very grateful.

Yunxiao knew that Nalan Zhixuan already knew that he was the one who had helped her that day. He then smiled and said, "Don't say that, miss Zhixuan. I'm still counting on you to take care of me so that I can pick a few more sisters after joining the Silver Moon clan."

Nalan Zhixuan blushed and said, "If young master Yunxiao is really willing to join the Silver Moon clan, Zhixuan will definitely make you dizzy." She covered her mouth and laughed. She was indescribably charming. The surrounding cultivators all swallowed their saliva and were somewhat captivated.

Hmph! Jiang Ruobing snorted and said, "sister Zhixuan, you'd better stay away from such loose men!

Nalan Zhixuan laughed. brother Bing, you might not know this. It's a complicated story. Why don't we sit down and talk about it?"

hmm, that's good. It's rare to see sister, and you've even brought a Friend Like Brother Luo.

Jiang Ruobing had a carefree personality and quickly forgot about the unhappy matter of her three measurements. The four of them sat down around a table, and Xiaoxue stood behind Jiang Ruobing.

The hotel quickly regained its order. The peach wine was served and everyone had a bowl. Nalan Zhixuan raised her glass and said, this cup of wine is what I owe young master Yunxiao. I'll drink it first as a toast.

let's drink together," Yunxiao said with a smile. let's drink together.

...

Jiang Ruobing didn't hold back and took a big bite. She exclaimed, " this is not peach blossom wine. It's the so-called 'forget sorrow'!

"Pfft!"

Yunxiao was drinking when he choked on the wine and coughed.

Jiang Ruobing no longer had a good impression of him after hearing his frivolous words. Now, her face turned cold and she said angrily, " "What do you mean? Is this name funny?"

Yunxiao shook his head and said with a wry smile, " "It's not funny, I just accidentally choked."

Jiang Ruobing's expression turned even uglier. A gust of cold air spread out as she said coldly, " "You clearly think it's funny! If you don't tell me what's so funny about this name, then don't blame me for not giving face to sister Zhixuan!"

Yunxiao's face almost turned bitter. How could he say that?

Nalan Zhixuan and Luo Qingyun also felt a little strange. Nalan Zhixuan said softly, Zui wangchou, Zui wangchou, what a good name. I don't understand either, why is young master Yunxiao laughing? "

The corner of Luo Qingyun's mouth rose and he said teasingly, "Brother Li, if you don't explain clearly this time, I'm afraid you'll be in big trouble."

the name Zui wangchou was given by my most beloved man," Jiang Ruobing said coldly. Li Yunxiao, if you don't give me an explanation, I'll make it clear under my sword today!

A cold light flashed on her body, and the sword from before appeared in her hand, emitting a cold light!

...

Chapter 783-what do you mean?

The people in the restaurant dispersed with a "Hua la" sound. Each and every one of them could not help but smile bitterly. This handsome young master was too good at causing trouble, right? He had just attacked and injured someone, and now he was about to attack again.

Yunxiao was speechless. He did not expect this girl to have such a deep relationship with ning keyue. There were too many marriages between the three great families of Red Moon City, and they had already taken root in each other. Basically, they were bound together for good or bad.

That treasured sword that shone with a cold light was stretched out in front of him. He could tell at a glance that this was definitely a ninth tier profound artifact. The weapon reserves were vibrating, and it could slash out sword rays at any time. He smiled bitterly and said, "You're just a child, how would you know what worry is?"

Everyone felt like fainting. Yunxiao himself looked like he was sixteen or seventeen years old, but he called others children like an old man. Jiang Ruobing was obviously older than him after she had changed her appearance.

Jiang Ruobing was also furious, "you're just a little kid. How dare you say that I'm young?! Is this the reason that you find funny?" She tightened her grip on her sword and closed in.

Luo Qingyun's expression became tense. His five fingers turned into a claw, and he grabbed the sword in the air. "Brother Bing, you can't kill him!"

"I won't kill him for the sake of brother Luo and sister Zhixuan, but I have to teach him a lesson!" Jiang Ruobing snorted.

brother Bing, " Luo Qingyun sighed, " he is the one I told you that can help you. If you anger him, no one in the entire Red Moon City will be able to help you.

"What?"

Jiang Ruobing was taken aback. She snorted. brother Luo, what nonsense are you talking about? he's only a five-stars martial Grandmaster. What ability does he have to help me? "

Jiang Ruobing didn't believe him. She poured her essence force into the sword, and the sword light trembled.

Luo Qingyun's expression changed slightly, and he quickly retracted his hand. Even his true dragon body did not dare to resist a ninth tier profound weapon.

Jiang Ruobing snorted heavily. After shaking off Luo Qingyun, her long sword thrust straight into Yunxiao.

Yunxiao chuckled as he stretched out two fingers and pinched at the sword. In an instant, his fingers turned golden, which was the partial strengthening of the imperishable golden body. With a clang that sounded like the knocking of a profound artifact, he pinched the sword. It was the flower-picking smiling finger.

The four people's expressions changed drastically, full of disbelief.

Luo Qingyun's eyes were filled with horror and fighting spirit. The fluctuations caused by the collision between Yunxiao's two diamond-like fingers and a ninth-tier Mystic artifact had ignited his blood.

Nalan Zhixuan's face also changed. She knew Jiang Ruobing's strength very well, and although she had shown mercy, she could not catch the sword with her fingers. How could Yunxiao specialize in two-finger cultivation techniques?

Nalan Zhixuan nodded slightly, as if she had confirmed her guess. Yunxiao was an existence with super strong finger force. Judging from his age, he must have been immersed in this pair of fingers since he was a child, which was why he could achieve such shocking achievements.

Jiang Ruobing and Xiaoxue were even more shocked. The two of them knew the power of that sword the best. Only a peak martial honor or a Nine Heavens martial sovereign could receive it with two fingers so calmly. Otherwise, it was impossible.

"Brother soldier, don't be too excited. When you're angry, people age quickly. Look at you, you're already getting wrinkles."

With a faint smile, Yunxiao pressed two fingers down, and a huge force was transmitted over, pressing Jiang Ruobing down on the stool.

Jiang Ruobing was shocked and finally believed Luo Qingyun's words. She put away her long sword, but what was even more shocking was that she covered her face with her hands and said anxiously, "Really? Getting old easily when angry? Why didn't anyone tell me?"

She kept wiping her face with her hands and said to Nalan Zhixuan, "Sister Zhixuan, do you see any wrinkles?"

Both Luo Qingyun and Nalan Zhixuan were speechless, but they were extremely shocked. Yunxiao had said such teasing words to a girl. Had he really discovered Jiang Ruobing's identity? The two of them looked at each other and saw shock in each other's eyes.

At this time, the hotel owner finally couldn't help but walk forward and said with courage, "This young master, casually causing trouble is a violation of the red moon city's protective regulations for US merchants. I hope that young master will conduct himself with dignity and pay more attention to avoid being investigated by the red moon City. This is not good for everyone."

Not only was red Moon City a rare superpower in the world, but it was also a famous city of merchants. The laws protecting merchants and mortals were extremely strict, and the status of merchants was also very high. This created a scene of prosperity.

Jiang Ruobing, who was worried that she would get wrinkles, was even more furious when she heard this. "Using the red moon City to pressure me, I'm not afraid of anyone!"

"Bang!"

"Bang!"

As soon as she finished speaking, there was a sudden explosion. Two figures flew in from outside the door and fell to the ground, spitting out large mouthfuls of blood. They were Xu Qing and GE feiping, which immediately shocked everyone in the restaurant.

A lazy voice came from outside, "When will the public security of the red moon City improve? Any Tom, Dick, or Harry is running on the streets, and he's not afraid of anyone when he's shouted at. The juniors these days don't have any great abilities, and they only know how to brag and woo girls."

Xu Qing endured the pain and got up. He wiped the blood from the corner of his mouth. Everyone in the hall looked at him so that he didn't look so embarrassed. He said angrily, "The strong bullying the weak, shameless!" He glanced at Yunxiao's seat with a bitter look and a hint of pleading.

A heavy cold snort came from outside the door, and he scolded, "I helped you unseal your seal out of goodwill, but you actually injured my Liu Li villa's people. You're truly cruel and unscrupulous. You even dare to say that I'm using my seniority to bully the weak. You don't know what's good for you and don't know how to repent, you dog!"

Xu Qing was so angry that he almost vomited blood. He said angrily, "Old man, you still have the face to talk about the unsealing. You used me as a test subject. If I wasn't lucky enough to escape, I would have been killed by you! PEI Ming Yuan, you and I can be considered friends, but you're actually so heartless!"

A group of martial artists slowly walked into the hotel. Each of them had a cold expression on their faces, and they were all wearing a single gauze coat with Python patterns. They were obviously from a sect.

The voice that had spoken earlier was from an old man who was the leader. He stared at Xu Qing and the other man on the ground like a venomous snake and snorted coldly, "There are naturally risks to unsealing. This King is not a peerless expert, so how can I unseal it so easily? As for luck, your good luck ends here. You've injured a disciple of my Liu Li villa. Even if your master were here, he wouldn't be able to protect you today."

Xu Qing and GE feiping's bodies trembled, and they looked frightened. GE feiping hurriedly said, "Senior, please calm your anger. Xu Qing and I are merely travelling together. We are actually not familiar with each other. I hope that senior will spare my life."

Xu Qing was shocked and furious. If GE feiping had not been injured, he would not have met these people. Seeing GE feiping's desperate look, he was so angry that his whole body trembled.

"Since we're going together, isn't it better to go to the Western Paradise together?" the old man sneered. The aura on his body gradually rose, and the Emperor Qi of the nine Heavens spread out. Suddenly, everyone in the restaurant was shocked. Everyone felt as if the space had frozen. Not only did it become extremely difficult to move their bodies, but even their breathing became a little rushed.

"Liu Li villa, PEI Ming Yuan!" Nalan Zhixuan exclaimed.

The people who came were from Liu Li villa, and PEI Mingyuan was among them. He had been hiding in the crowd, blushing at Xu Qing's words, but after Nalan Zhixuan's exclamation, he immediately found Yunxiao. His face changed drastically, and he snapped, "Father, this is the person who placed the seal!"

He pointed a finger at Yunxiao, his eyes blazing with rage and his body trembling.

"Oh?"

The old man was the Vice-Master of Liu Li villa, PEI jiuchi. The Emperor Qi on his body condensed and a look of doubt appeared on his face. He frowned and said, " "You're not mistaken? Isn't he a five-stars martial Grandmaster?"

PEI Mingyuan gritted his teeth. he's pretending to be a pig to eat a Tiger. He can even fool you, father. He must have a treasure that can suppress his cultivation! He immediately took out a jade pendant and said angrily, " "Father, look, that's him!"

PEI jiuchi took a look at the jade pendant, and indeed, there was a faint aura pointing at Yunxiao. His face immediately turned cold as he said, " Boy, are you the city Lord of Yanwu, li Yunxiao? "

Yunxiao felt an aura coming at him and locking onto him in an instant. He snorted coldly, picked up the fake peach wine, took a sip, and said indifferently, " "What, you want an autograph?"

"Pfft!"

Jiang Ruobing was also drinking her wine coldly. When she heard Yunxiao's words, she choked and spat out a mouthful of wine, coughing continuously.

Yunxiao deliberately put on a stern face and shouted, " "Brother Bing, what do you mean by this? Was it funny? Is my signature so unsightly to you?"

Jiang Ruobing almost fainted. The other party had learned to give an eye for an eye so quickly. She hurriedly shook her head and said, " "I didn't mean it that way, it's just Yingluo."

Yunxiao widened his eyes and cried out, " "You don't mean it that way? What did that mean? I think that's what you mean! If you don't explain to me what you mean, I'm going to show you what I mean!"

"I, I'm Yingluo."

...

Jiang Ruobing was completely speechless. She stammered for a moment and did not know how to explain. She had been living in an environment where everyone held her in high regard since she was a child, and no one had ever dared to talk back to her. How could her words compare to Yunxiao's cheap mouth? she was so anxious that she was running around in circles.

"Cough, cough cough!"

Luo Qingyun coughed. brother Bing, ignore him. He's doing this on purpose. He's born with a cheap mouth. He had seen it many times. If Jiang Ruobing got serious, she would probably die of anger.

"Yes, you did it on purpose!"

Jiang Ruobing immediately found a way out. She snorted coldly and turned her mouth away, pretending to ignore Yunxiao.

PEI jiuchi's face grew colder and colder. He said coldly, "I wasn't wrong. The younger generation is getting more and more arrogant. You have to answer the questions of your elders with respect. Don't you know this little bit of manners? It's easy to lose your life if you don't give face to your seniors. It seems that I have to do my duty as a senior on behalf of your parents today. It's free!"

The Emperor Qi around his body condensed and directly covered the entire table. The five people, including Xiaoxue, suddenly felt like a mountain pressing down on them!

Their expressions changed and they were on high alert. Once a Martial Emperor made a move, it would be impossible for them to retreat.

Only Yunxiao seemed to be unaffected. He smiled faintly and said leisurely, "why do some people not understand? face isn't given by others, but it's definitely lost by oneself!"

Chapter 784-different from person to person

PEI jiuchi's face was cold as he roared and clenched his fingers in the air. An unparalleled force pressed down on Yunxiao from all directions, shaking the space as if it was going to crush everything. I can't help but say that your mental strength is really good. I just don't know if your body can be as tough as your mouth!

Yunxiao raised his eyes in surprise and said with a smile, "Your tone is the same. I now believe that you are PEI Mingyuan's parent."

With a clap of his right hand, a ray of light bloomed and the surrounding temperature seemed to drop to the extreme. The frost on the cold sword turned into a few ice flowers and directly cut open the space. All the squeezing force was instantly gone.

PEI jiuchi was taken aback, and a look of hesitation appeared in his eyes. At first glance, Yunxiao's sword was undoubtedly a ninth-tier one, and the strike also proved that the man was by no means a martial Grandmaster, but at least a martial Supreme. So, he must have a treasure that could suppress his cultivation aura. He began to worry about the man's background.

The city of Yanwu was now a spiritual mountain that was no weaker than the seven superpowers. When Mount Meru collapsed, it attracted two titled martial emperors and even the Holy iron token, which made many powerful men stop their greed and wait and see.

Now, Yunxiao's treasures, his calm methods, and demeanor made PEI jiuchi feel bewildered. If he had the backing of a titled Martial Emperor, he could not afford to offend him, not even the entire Liu Li villa. Even the red moon City had offended a titled martial sovereign back then, causing one of the three great aristocratic families to almost be removed from the continent.

PEI jiuchi's expression turned ugly. He didn't know whether to advance or retreat. He could only say angrily, "You have some ability! Seeing that it's not easy for you juniors to cultivate, I can't take advantage of my seniority. Hand over the method to unseal my son first, and I'll let you off lightly for today's matter!"

Yunxiao looked at PEI Mingyuan with a smile and said, "I asked you to help me find out about the moon Pearl in the East Sea. How did it go?"

PEI Mingyuan's face was filled with anger and he didn't know how to answer.

Yunxiao's smile faded as he said coldly, "It seems that you've stood me up! The most important thing in a person is honesty. You broke your promise, but I can't. If I unseal you now, wouldn't I be going back on my word? Life and death is a small matter, but breaking one's promise is a big matter."

Everyone felt dizzy after hearing this. They secretly admired this kid's backbone. He dared to act like this in front of the Vice villa master of Liu Li villa. If he did not have an extremely strong trump card, he probably had a very strong backing.

Even the onlookers around could see the fearlessness on Yunxiao's face, and PEI jiuchi was even more confused. He was even more certain of what he had thought. 'This kid has a very strong background, and now I can't kill him or retreat. What should I do?'

I don't care anymore, I'll capture this person first and have him unseal my son. If he has a strong backing, then I'll let him go. If he doesn't have a backing or if he doesn't have one, Hmph, then the thing he regrets the most in his life will be coming to Red Moon City.

After making up his mind, PEI jiuchi's figure flickered and he shouted as he tried to grab Yunxiao.

how dare you commit a crime in Red Moon City in broad daylight! Yunxiao shouted. do you have any respect for Red Moon City? "

His shout gathered Yuan Qi and spread out like ripples on the surface of a Lake.

At the same time, he raised his ice sword with his right hand. The droplets of water in the air gradually condensed and quickly gathered at the tip of the sword. The sword was as fast as lightning and stabbed towards PEI jiuchi. An ice lotus flower bloomed. Although it was beautiful, the sword light was sharp.

PEI jiuchi was shocked. He realized that he didn't dare to take the sword with his body!

One should know that with the suppression of the Emperor Qi of the nine Heavens, any attack below the rank of a martial Supreme should have been easily crushed. What was going on?

PEI jiuchi didn't have time to think. He stepped forward and dodged the sword. Then, he raised his hand and another sword light pierced the sky. He shouted, " "To be able to make me draw my weapon, you should be proud of yourself for the rest of your life!"

Yunxiao could not help but laugh. If PEI Jiuchi had said that in front of him at his peak in his previous life, it would have been a funny scene. The long sword in his hand danced in the air a few times, and he pulled it back in front of him to block.

“Dang!”

PEI Jiuchi’s sword radiance stabbed into the ice sword. Not only was the power of the weapon shaken off, but it also bloomed into ice flowers that shot out in the air and froze the space at the same time!

Yunxiao was sent flying several meters away by the force of the sword, and he had to exert an infinite gravity to gather on his feet to avoid crashing into the restaurant and flying out.

The long table they were sitting at was instantly shattered by the artifact aura. Luo Qingyun and the other three spread out at the same time, their auras bursting out as they took out their weapons and surrounded PEI Jiuchi. With extremely serious expressions on their faces, they decided to join forces with Yunxiao!

“Manor master PEI, you’re a martial sovereign of the ninth heaven and a senior of the Eastern Region. How can you attack me?” Nalan Zhixuan shouted. If he really has the ability, he should have let PEI Ming Yuan come out to fight. Could this be the elegant bearing of the seven Star sons of the Eastern Region, is this the style of Liu Li villa?”

shut up! Jiang Ruobing also chided, “ no one is allowed to be presumptuous in Red Moon City!

PEI Jiuchi was shocked that Yunxiao could take his sword. When he heard the words of the juniors, he sneered and said, “ Before I came in, some people said that they were not afraid of the red moon City. Why are they using the red moon City to suppress me now?”

I’m not afraid because I have the right to be, ” Jiang RUO Bing sneered. you’re breaking the rules of the red moon City by being so impudent!

PEI Jiuchi’s face was filled with anger and he said coldly, “ What an arrogant junior! The rules of Red Moon City vary from person to person. As the Vice-Master of Liu Li villa, what can I do even if I break them occasionally?”

The sword Qi in his hand grew stronger and stronger, and he pressed it directly on several juniors, making it difficult for Luo Qingyun and the others to rush into the battle. Meanwhile, the sword emitted an Aurora and flew toward Yunxiao. Although he did not dare to take Yunxiao's life with one strike, he intended to cripple his combat strength in an instant and take him away. Now that the undercurrent was surging in Red Moon City, he was afraid of an accident.

"Be careful!"

Yunxiao! Jiang Ruobing cried out in alarm. She was very anxious when she saw that Yunxiao was about to be cut down by the sword. Although they had a little misunderstanding and conflict earlier, she had already regarded him as a friend.

"Hmph!"

A cold snort came from the sky. A red light flashed and a sword light shot out from the sword. It hit PEI jiuchi's sword and created a whirlwind. The entire restaurant was about to be destroyed. The red figure clenched his fingers and a black hole appeared in the sky. It sucked in all the power of the aftermath and everything returned to normal.

PEI jiuchi was shocked as he looked at the red figure in front of him. The red figure had a sword in his hands and his face was cold. The murderous aura that he exuded made him feel cold all over.

"You're Yingluo."

PEI jiuchi was shocked. He suddenly held his sword in front of him and put his whole body on guard. He was afraid that he wouldn't be able to handle the sudden attack.

Jiang Ruobing was overjoyed to see this man, but she quickly hid it. She turned her head away, afraid that the man would see through her.

"Come with me."

The man said indifferently as he stared at the ceiling, as if no one in the hotel would even spare him a glance.

“Take a trip? Me? Where to?”

PEI jiuchi was at a loss and asked suspiciously.

The man in red spat out two words and said, “The dungeon!”

“What? The dungeon of the red moon City?”

PEI jiuchi was taken aback, but then he breathed a sigh of relief. He had thought that the man in front of him was Yunxiao’s backer, and that would be troublesome. But, it turned out that he was just from Hongyue city, which made things much easier. “So it’s the Lord of the red moon City. May I know your name?”

The man’s face was expressionless as he said, “the rules of the red moon City indeed differ from person to person. I’ve never been afraid to admit this.” for example, if a few Lords from the Holy region and the sea of soul formation arrive, or if a titled martial sovereign descends, we won’t care if they cause trouble and kill people. To be honest, we can’t care. But you, you’re not qualified. Come with me to the dungeon.”

PEI jiuchi hurriedly replied, “I am the Vice master of Liu Li villa, PEI jiuchi. My wife is also a bi an of the red moon City.”

“Enough!”

The person waved his hand and interrupted him. He finally looked down from the ceiling and landed his gaze on PEI jiuchi, “If I don’t see you report to the dungeon in half an incense’s time, you will die. If I see you make another move within half an incense stick’s time, I’ll kill you.”

The word ‘die’ struck PEI jiuchi’s heart like a hammer, causing his face to change and turn pale.

However, the man in red had disappeared from where he was standing, leaving no trace behind. It was as if he had never appeared.

However, all the martial artists in the restaurant had recovered from the shock and began to show a mocking expression, watching the people of Liu Li villa make a fool of themselves.

...

PEI jiuchi stood rooted to the ground, completely dumbfounded. He was sure that if he attacked again, or if he did not go to the dungeon, he would not be able to walk out of the red moon City!

“Father, what’s good about this bi an?”

PEI Mingyuan was also confused and had no idea what to do. He said angrily, “Although this Red Moon City is powerful, they’re not giving our Liu Li villa any face! Father, you’re a vice master of a sect, and I’m one of the seven stars of the Eastern Region. They’re too cowardly.”

“Shut up!”

PEI jiuchi glared at him with a livid face. The more he said those words, the more embarrassing it would be. Now that hundreds of people were watching, his embarrassing story would soon be spread out. It was really embarrassing. He suddenly remembered what Yunxiao had said earlier, ‘face is not given by others, but it must be lost by yourself’. It did make sense when he thought about it carefully.

His face was livid and he said to PEI Mingyuan, “ quickly send a message to your mother. Tell her to meet the mistress of the Jiang family, lady ruan Hongyu, and try to get me out as soon as possible!

Under everyone’s gazes, he was both embarrassed and angry. He immediately turned into a ray of light and left.

Everyone knew that they were going to the dungeon of Red Moon City, and the entire restaurant immediately burst out with all kinds of ridicule and laughter.

Chapter 785-distortion

“Liu Li villa is indeed a powerhouse of the Eastern Region. Their movement technique and escape technique are truly terrifying. I specialize in spiritual sense cultivation Arts, so I can’t sense anything within a hundred kilometers.”

that’s right. Although the red moon City is huge, with this kind of movement technique, I’m afraid he will reach the dungeon in an instant. The Lord of the red moon City really underestimated Deputy villa master PEI. He actually gave him half an incense’s time. It’s too hurtful!

“That’s right, I can’t stand it anymore! I’ve heard that the red moon city’s Dungeons are filled with extremely vicious criminals who have not seen a woman for many years. Do you think that such a soft and tender looking person like villa master PEI would be dispirited after entering?”

Someone took out a lute and started to play it, humming softly, “ the chrysanthemum is withered, full of wounds. Your smile has turned yellow, the flower falls and breaks the heart, ”

“Shut up!”

PEI Mingyuan roared, and the people of Liu Li villa also glared at him, ashamed and resentful.

if you have the time to embarrass yourself, ” one of the martial artists said sarcastically, ” you’d better go and save your father’s ass.

The other martial artist also sneered, ”haha, what are you staring at?” If you have the ability, come and hit me! Come on, hit me, hit me!”

“Pfft!”

PEI Ming Yuan was so angry that he spat out a mouthful of blood. He didn’t know whether to fight or not. The key was that even if he went up to fight, he might not win. The martial artists in the hotel were all fierce, but there were also many good ones.

“Good, good! This young master has remembered all of your appearances. When we leave Red Moon City, I will settle the score with you all!”

PEI Ming Yuan knew that he had lost all his face today, but losing face was better than losing his life. A man could yield and stretch. He was quite open-minded, worthy of being one of the seven Star sons of the Eastern Region.

li Yunxiao, please unseal me, ” he said to Yunxiao. although there are some unpleasant misunderstandings between us, it’s all in the past. I hope you don’t keep dwelling on the past, and we can look forward to the future together.

Luo Qingyun, Nalan Zhixuan, and Xu Qing all knew the inside story, but they were all speechless. They suddenly seemed to understand why he was one of the seven Star sons of the Eastern Region, and they were not.

It seemed that this so-called Seven Star Child not only required strength to enter, but also a thick skin and shamelessness. With these two characteristics, one would indeed live longer than ordinary people.

Yunxiao seemed to be used to it. He chuckled and said, ” “Brother PEI, the seal I placed actually has no effect on one’s strength, but if it is not removed within seven days, the man’s masculinity will gradually begin to become a bear, and in the end, he will not be able to lift it again. At that time, brother PEI will become the most unique one among the seven Star Children of the Eastern Region. It can be said that you will be unique.”

“What? You!”

PEI Mingyuan’s face turned pale and he said in horror, ” “You’re so vicious!”

if I were vicious, ” Yunxiao said with a smile, ” I wouldn’t have given you these few days. Seven days is enough for you to leave a descendant for the PEI family. Good luck!”

PEI Mingyuan’s eyes were full of hatred. He gritted his teeth and said, ” “I’ll send a message back to my mother. She’s Ruan Hongyu’s cousin and will be of great help. I hope you won’t go back on your word.”

He left with the people of Liu Li villa worriedly. The matter of helping Yunxiao retrieve the moon Pearl of the East Ocean had far surpassed finding a way to save his father.

The crowd whistled and sighed at Liu Li villa's group. All sorts of taunting and ridiculing continued. They only stopped after they had walked far away. However, there was one more interesting topic to talk about over tea.

Xu Qing had escaped again. He came up to say hello to Yunxiao and the others. As for GE pingfei, he had long been ashamed and fled.

"You can stay and recuperate for a while, brother Xu," Luo Qingyun said with a smile. "Maybe you'll get a good ranking in the arena tournament." Even if I can't bring back the beauty, I can still meet the heroes of the world."

Nalan Zhixuan nodded and said, "brother Luo is right. Although it's the Jiang's second young lady's joust for a spouse event, it's almost the same as the number one martial arts contest of the younger generation." Almost all the famous experts of the younger generation of the realm of heavenly martial arts have gathered here. Many people have come to participate in the competition with the idea of seeing the heroes of the world. Wouldn't it be a pity to miss such a Grand occasion?"

Jiang Ruobing's expression turned cold. these boring men, " she snorted. they're making fun of other people's marriage. How despicable! Since you don't want to get married, why are you participating in the competition and wading into muddy water?"

The maidservant beside her, Xiaoxue, covered her mouth and laughed, " "Young master's anger is unreasonable. It's not that they don't want to marry, but they don't have the ability. After all, there is only one person in the quota, and if he wants to defeat the world's heroes, he is almost the first person in the younger generation. Other than the head of the seven stars of the Eastern Region, the head of the five heroes of the Western Region, and the chief of the four talents of the northern region, who in the world can have such confidence?"

Xu Qing smiled bitterly. little brother, you're right. Who doesn't want to marry the Jiang family's second young miss, whether it's her looks, family background, dowry, or other aspects? who doesn't want to marry her? " It's just that it's important for people to know their own limitations, so most people just have the attitude of watching the fun and participating."

so, brother Xu, you're planning to participate as well?" Yunxiao laughed.

Xu Qing hurriedly said, "brother Yunxiao, you must be joking. Perhaps I had such thoughts before." But after I met you, I ran "

He smiled bitterly. after meeting brother Yunxiao, I realized how shallow and short-sighted I was before. I realized my true level. I was a frog at the bottom of the well before. Although he had lost a lot this time, he had also gained a lot. I plan to return to the tide-listening Pavilion and cultivate in seclusion. I won't come out until I'm a martial sovereign of the ninth heaven!"

Seeing that he had made up his mind to leave, it was not appropriate for them to force him to stay. After pouring wine and drinking a cup together, Xu Qing left the table.

At that moment, the hotel owner had ordered his men to clean up the things that PEI jiuchi had destroyed. Yunxiao and the other four were sitting around a table again.

The hotel owner gave Jiang Ruobing a meaningful look and said, " "Young master, did you see what happened just now? I hope that young master can bear with your temper. In Red Moon City, you must abide by the rules of Red Moon City, otherwise, you will have to go to the dungeon and die."

Jiang Ruobing looked innocent and asked in surprise, " "Chrysanthemum ruin? What's a broken chrysanthemum?"

haha, young master, you're so good at acting, " the hotel owner laughed. you know what I mean.

Jiang Ruobing was stunned for a moment and quickly said, " "I don't understand,"

However, the owner had already left, so she could only ask the others, " "The owner's words are so strange. Brother Luo, sister Zhixuan, what does" a broken chrysanthemum "mean?"

Luo Qingyun and Nalan Zhixuan broke out in cold sweat, shaking their heads and saying they didn't understand.

I'm drunk and wandering," Yunxiao said with a smile. don't let the chrysanthemum bloom. The boss's meaning is for you to drink well and not let down the beautiful scenery. It also means that you should enjoy your life while you're still young and not wait until your chrysanthemum is withered, and the wine has turned cold, wasting the time."

Nalan Zhixuan gave Yunxiao a resentful glance, which meant, " Is it really good to misinterpret words like this? She would lead brother Bing astray.

"I see!"

"When the flowers bloom, they must be folded, but don't wait for the chrysanthemums to wither in autumn," Jiang Ruobing said. Big brother Yunxiao, is this what you mean?"

Yunxiao felt dizzy. He did not expect Jiang Ruobing to be able to draw inferences about other cases from one case. He wiped his cold sweat and said awkwardly, " probably. I'm not well-read, so I'd better let brother Luo and Ms. Nalan explain in detail.

don't say that young master Yunxiao is talking nonsense! Nalan Zhixuan retorted. that's an insult!

Suddenly, she said seriously, " by the way, brother Luo, you said that you wanted to bring brother Bing to find young master Yunxiao. You said that only young master Yunxiao can help in the entire Red Moon City. Zhixuan is a little confused. Although young master Yunxiao's strength is unfathomable, he is still ...

She looked puzzled. Although she knew that Yunxiao was not a simple man, she was still doubtful that he could do it.

"Wow, so you're scolding me!"

Jiang Ruobing's face turned red, feeling that she had been fooled. She was angry, but after hearing Nalan Zhixuan's words, she hurriedly asked with concern.

Luo Qingyun looked at them and said with a smile, "Yunxiao's strength is indeed nothing in Red Moon City, but he has one thing that no one can match, and that is his courage. No matter how I think about it, he's the only one who would dare to do this."

All of a sudden, all four people's eyes were fixed on Yunxiao, who felt his scalp go numb. "What are you talking about? I'm not well-read, don't scheme Against Me!"

Luo Qingyun laughed. what are you talking about? it's actually very simple. You just have to take brother Bing away from the red moon City. As for the reward, you can name it!

Jiang Ruobing became nervous all of a sudden, and her face was full of anticipation.

...

Luo Qingyun and Nalan Zhixuan did not point out Jiang Ruobing's identity. They had already guessed that Yunxiao had long known about it.

Yunxiao was taken aback, wondering if this little girl was really running away from the wedding. If she ran away, how would Red Moon City explain it to the world? after thinking about it carefully, he realized that he was the only one who dared to help her run away from the wedding. If it were anyone else, even a peak martial Supreme would be afraid of it.

In any case, he had long been at odds with the red moon City, and he had no intention of repairing the relationship in this life. If he really wanted to help, he could hide Jiang Ruobing in the divine realm tablet, and even the gods would not be able to find her.

He smiled and said, "this is a matter of life and death, yet you still say you're not scamming me." However, if you can get me the eighteen moon pearls from the dowry of the second young lady of the Jiang family, I'm willing to risk my life to try."

The four of them felt a chill in their hearts. Jiang Ruobing said anxiously, "What do you want those beads for? they're useless other than being pretty. If you're willing to help me, I'll definitely give you a reward that's worth far more than those beads."

Luo Qingyun also said in a deep voice, "the 18 moon pearls of the East Ocean are already on the dowry list of the Jiang family's second young lady. It's too difficult to get them." Li Yunxiao, are you just looking for an excuse for not wanting to help?"

"Hehe, whatever you say."

if I wanted to deliberately find an excuse," Yunxiao said indifferently, "I would have just stated the condition for me to win first place in the arena battle. In that case, all the dowry and beauties would be in my hands. I heard that Jiang Ruobing is also a stunning beauty, tsk tsk ~"

"Hmph, improper thoughts!"

Jiang Ruobing said, "all the young talents in the world are here. The seven stars of the Eastern Region, the five heroes of the Western Region, the four prodigies of the northern region, and countless disciples of aristocratic families are all here. Do you think you can defeat all the heroes in the world and win the first place?"

...

Chapter 786-Cheng Yong

Yunxiao was not angry when he heard Jiang Ruobing's disdainful tone. He smiled and said, "I dare not think, I dare not think!"

Nalan Zhixuan smiled bitterly. it's a pity that the Jiang family's second young miss doesn't know how lucky she is. It's such a great opportunity. The best men in the world are all gathered in the red moon City for her to choose from. I'm so jealous and envious.

There was a trace of infatuation and desire in her eyes. It was unknown if she was really moved or if she was just teasing him. it's said that a few young elites have already broken through to the rank of a Nine Heavens martial sovereign. They're not inferior to some of the legendary figures and overlords. If I can marry a man like this, what more can I ask for in my life?"

Jiang Ruobing snorted. then, sister Zhixuan, hurry up and get one too. With your looks and your primordial Yin Constitution, it will only be more powerful than the one in Red Moon City. At that time,

not only will the younger generation come out, but even those famous people who live in seclusion in the mountains will come out. Perhaps the leaders of the seven superpowers will fight each other and be married off to an old man in the sacred zone, haha ~”

She continued to tease and laughed at the speechless Nalan Zhixuan.

brother Luo, ” Yunxiao suddenly said, ” there is a Dragon Mystic treasure in the dowry. If you get it with your true dragon Avatar, I’m afraid you can directly break through the shackles of a martial Supreme and step into the nine Heavens realm, right? ” Is brother Luo not tempted?”

Luo Qingyun took a sip of wine and smiled bitterly, ” “If it’s a ranking battle, I’m confident that I’ll be able to get into the top ten or something. I don’t have any hope of defeating the world’s heroes and becoming the number one person among the younger generation. Unless I have the Dragon’s Secret treasure now and refine it into my body, then even if I’m not a martial Supreme, I’ll still have enough confidence to fight a martial Supreme!”

His eyes flickered. Obviously, he was also interested in the Dragon’s Secret treasure, but the conditions to obtain it were too harsh, so he did not have the slightest confidence.

The maidservant, Xiaoxue, suddenly covered her mouth and laughed, ” “It’s actually not difficult for brother Luo to break through to the martial Supreme realm. As long as miss Nalan is willing to help, it’ll naturally be a success.”

Nalan Zhixuan immediately understood what he meant. A shy expression appeared on her face as she said angrily, ” Brother soldier, your errand boy has learned how to make fun of people. I think you’ve been led astray by him.”

Jiang Ruobing naturally knew about Nalan Zhixuan’s cultivation technique and the Silver Moon clan’s situation. She chuckled and said, ” brother Xue’s right. If sister Nalan is willing to help Brother Luo, then brother Luo can break through to the rank of martial Supreme in one fell swoop. It’s very possible for him to take first place in the challenge Tournament!

“Brother soldier, are you saying that I should share my husband with the Jiang family’s second young miss?” Nalan Zhixuan scolded.

Jiang Ruobing was stunned. She didn't expect that it would be her. She blushed and said anxiously, "you don't have to take Jiang Ruobing if you win. Brother Luo, you can leave with the dowry."

"Brother soldier, brother Luo will be hunted down by the red moon City." Xiaoxue laughed. Furthermore, the Jiang family's second young miss is a stunning beauty. If her reputation is ruined like this, she will never be able to get married again. How can she be such a pitiful girl?"

Jiang Ruobing was so embarrassed that she hit Xiaoxue's head, laughing and fighting as if there was no one else around.

that's a good suggestion," Yunxiao said with a smile. I agree. I hope that brother Luo can give me the moon Pearl of the East Sea as a gift after you win first place."

Luo Qingyun glared at him and snorted, "If I get the dowry, the first thing I'll do is to grind the eighteen beads into powder and eat them!"

Yunxiao, 'hehe'.

At this time, a soft sigh could be heard, "brother soldier, it's time to go home with me. My brother and aunt are very worried."

Everyone's expression changed slightly. They saw a few more people suddenly appear in the restaurant, standing at the door and looking at Jiang Ruobing quietly.

They all had young faces and were dressed in gorgeous clothes, exuding an overbearing heroic spirit.

There were too many handsome young men who had appeared during this period of time, but these few people were extraordinary in appearance and bearing. Everyone couldn't help but take a few more glances at them, knowing that they must be the disciples of aristocratic families who had come to participate in the competition.

Jiang Ruobing's expression changed when she saw the leader. She said angrily, "Who are you? Hurry up and leave, it's none of your business whether I go back or not!"

Nalan Zhixuan was stunned for a moment before she smiled bitterly. "So it's young master Ziling." She thought to herself that she had still been found. However, he had never thought that he could really take Jiang Ruobing away from the red moon City. He was just playing with her and taking it as a way to relax.

"Thank you, miss Nalan, for taking care of my brother soldier on my behalf," ruan Ziling nodded.

He glanced at Luo Qingyun and Yunxiao, who were standing next to him, and said with a look of disgust and disdain, "However, Ms. Nalan is a good friend of brother soldier. It's better not to let him come into contact with some unnecessary rotten people. After all, there is a great disparity in status and status. This is to prevent some toads from overestimating themselves and thinking that they have an opportunity to make some unrealistic fantasies and have some bad intentions."

Nalan Zhixuan's face turned cold as she said, "Zhixuan is different from the noble young master Ziling. The people she knows are all useless people. I have no choice."

Ruan Ziling didn't seem to mind and said indifferently, "If that's the case, then I'll have to ask miss Zhixuan to avoid contact with brother Bing as much as possible in the future."

"Ruan Ziling, you and your scoundrel friends should get lost!"

"Why do you care who I interact with?" Jiang Ruobing retorted angrily. Brother Luo and brother Yunxiao are both my friends. Please shut your stinky mouth!"

Ruan Ziling's face changed slightly, but he was not angry. He just glanced at Yunxiao and Luo Qingyun, and a cold gleam flashed in his eyes, as if he had remembered their faces. Then, he smiled and said, "Alright, I said the wrong thing. Brother soldier, please come back with me. My big brother and aunt are worried about you."

Jiang Ruobing said coldly, "what does it have to do with you? Didn't you hear me telling you to get lost?"

"Haha, brother Ziling, you've really spoiled this little soldier."

A young man in a long robe beside ruan Ziling walked out with a smile and said, "If you don't mind, let me bring her back."

Jiang Ruobing turned around and threw the wine bowl in her hand at him. The bowl spun in the air, and the wine scattered out like a flying top. It condensed in the air and did not fall down. A lotus flower bloomed.

Yunxiao was slightly surprised. This wine Lotus was probably made by Jiang Ruobing casually, imitating his ice Lotus sword. He did not expect that this little girl's comprehension was so high that she could draw inferences from one case.

After a slight hesitation, ruan Ziling said, "Then I'll have to trouble brother Cheng Yong, but you must not hurt brother soldier."

The young master's pupils contracted, and he laughed as he stepped forward. "Brother Ziling, don't worry. Brother Bing is indeed talented and intelligent. This is a beautiful move!"

He grabbed at the Lotus with his bare hands, and a faint green aura swam between his five fingers. It was as if a Great River was held in his hand, and he had the aura of a great country in his hand. The power of his claw came down from the sky, and the wine Lotus was fixed in the air.

"Cheng Yong? One of the five heroes of the Western Region, the Super force myriad Stars Valley's Cheng Yong?"

Nalan Zhixuan cried out in shock. Her face was filled with shock. She didn't expect the young master who was walking with ruan Ziling to have such a powerful background.

The Young Elites at the door all had smiles on their faces, and their languid mannerisms clearly showed that they had been in high positions for a long time. It seemed that each of them had an extraordinary background.

Jiang Ruobing was also shocked. She knew that the person in front of her was powerful, so she conjured an art with one hand and shouted, "Explode!"

The wine Lotus suddenly exploded, turning into countless tiny water needles, scattering in all directions. whoosh, whoosh, whoosh, " they were about to pierce through Cheng Yong's control!

Cheng Yong laughed loudly. He tightened his grip and immediately controlled the wine in one corner of the world, steaming it dry in an instant!

Jiang Ruobing was shocked. With a flash of light in her hand, she drew her long sword and was about to attack. Xiaoxue, who was behind her, also took out her sword. She cooperated with Jiang Ruobing, one on the left and one on the right, forming a simple sword array and besieging her.

Cheng Yong laughed and used his footwork to shuttle back and forth between the two swordsmen with ease. After a few moves, he hit the shoulders of the two men with a finger light, and the two long swords fell from his hands.

He laughed and said,"brother soldier, you'd better follow me back obediently." I didn't have much interest in you before, but now it's very interesting. Haha, you must remember my appearance. I will definitely win the arena battle!"

Cheng Yong smiled confidently and reached out to grab Jiang Ruobing.

"Cheng Yong!" Nalan Zhixuan was shocked and angry. You're bold enough to hurt brother Bing!"

Cheng Yong raised his head and glanced at Nalan Zhixuan. A strange look flashed in his eyes as he said, "You're the one from the Silver Moon sect with the primordial Yin body who's cultivated the wonderful girl origin technique to major success?"

He looked at Nalan Zhixuan from head to toe as if she was a good. He then revealed a sinister smile and said,"You can also come with me."

Just as he was about to press forward, Yunxiao's sigh suddenly came over. "Brother Luo, I really have to give it to you this time. You've actually endured for so long. Your patience is even stronger than mine. You admitted defeat. How did you do it?"

...

Luo Qingyun's face was expressionless, as if he had turned a blind eye to what had happened. He quietly drank the wine in his bowl and said, "I'm waiting for you to make your move."

"why didn't you do it yourself?" Yunxiao said with a wry smile. "why didn't you?" "Pretending to be cool?"

Luo Qingyun put down the bowl in his hand. A murderous look flashed in his eyes as he said word by word, "It's because I'm afraid I can't control myself and will kill them all. I don't want to cause trouble. So, Yingluo "

"so, you want me to get into this trouble?" Yunxiao asked gloomily.

"You've never been afraid of trouble," Luo Qingyun nodded.

Yunxiao was extremely depressed. With a wry smile, he said, " "Aiya, I've really been defeated by you this time. It seems that I have no choice but to accept this trouble."

The conversation between the two immediately attracted the attention of Cheng Yong and the others. The people in the hotel originally had the attitude of watching a good show, but after knowing Cheng Yong's identity, they all hid in horror to avoid getting into trouble.

One of the five heroes of the Western Region, myriad Stars Valley, these two names were not something they could afford to provoke.

Cheng Yong's eyes fell on the two men, especially Luo Qingyun, who gave him a sense of danger. As for Yunxiao, he ignored him. A five-stars martial Grandmaster could kill a hundred with one palm.

"Brother Ziling, it seems like the rules of the red moon City don't allow us to cause trouble as we please?"

Cheng Yong said coldly, his eyes never leaving Luo Qingyun. It seemed that he was also a little afraid of the rules of the red moon City.

...

It was a book that he recommended to a friend, the "supremacy of the nine Cauldrons"

Chapter 787-huge contrast

The cold light in Ruan Ziling's eyes flickered as he said softly, "there can be exceptions. Brother Cheng Yong, this isn't causing trouble. It's called being righteous and saving our brother soldier."

"Haha, I see!"

"I'm relieved to hear that, brother Ziling!" Cheng Yong laughed.

At this moment, the hotel owner suddenly ran up and said hurriedly, "You can't cause any trouble, or else Red Moon City will not let you off. Be careful of your chrysanthemum flowers. There was a red mist of coloured glass Mountain just now."

Ruan Ziling did not wait for him to finish speaking. He took out a token and threw it over.

The hotel owner caught it and immediately shivered. He said in a trembling voice, "y-you ... he swallowed a mouthful of saliva and handed the token back with a trembling hand. He didn't dare to say another word."

The rest of the onlookers also understood in their hearts. To be able to be with one of the five heroes of the Western Region, and to let the hotel owner recognize the identity card, it was undoubtedly only the red moon City.

At this moment, everyone felt sorry for Yunxiao and the other young men. After offending the people of the red moon City and the myriad Stars Valley, not to mention the red moon City, even if they were in the world, no one could save them.

ruan Ziling! Jiang Ruobing said anxiously, " if you dare to touch them, I'll definitely ask my master to kill you!

Ruan Ziling seemed to have thought of something. His expression suddenly changed and he hurriedly said, " "Brother Cheng Yong!"

don't worry, brother Ziling, " Cheng Yong said coldly. since my brother has spoken, I'll just teach them a little lesson so that they won't be ignorant of their own status!

A cyclone swirled in his hand like a river, and after he took a step forward, he seemed to be completely independent of the world, completely detached from the outside world. Then, he threw a palm at Luo Qingyun and Yunxiao.

Luo Qingyun gave him the feeling that he was a Dragon hiding in the abyss, and could soar to the sky at any time. He couldn't help but be a little afraid in his heart, so he didn't dare to show mercy. The first move he made was the myriad Stars Valley's lost technique-palm raging waves!

Luo Qingyun didn't move. He just drank the wine quietly. There was no tension in his eyes. He was as calm as water.

Cheng Yong's pupils shrank, and a trace of anger flashed in his eyes. He increased the strength of his palm, almost 120%. He had forgotten that he was only going to teach them a lesson. He wanted to kill these two with one palm.

Ever since he had won the title of one of the five heroes of the Western Region, no one had ever dared to look down on him like this. Even the sect leaders of the great sects had to be polite to him.

Two country bumpkins who have never seen the world probably don't know the prestige of the five heroes of the Western Region and how powerful they are!

Yunxiao gently put down the bowl of wine, and the Warriors in the restaurant suddenly felt a little cold. Wisps of cold wind came from all directions, and they suddenly found that the originally rich and magnificent restaurant was actually so dilapidated, with wind blowing from all sides.

A strong wind suddenly rose, and clouds flew!

Cheng Yong suddenly found that his body was almost frozen, and a kind of rule force was flowing around. His martial skill was like a Fallen Leaf in the wind or a small boat in the waves, about to be destroyed at any time. He widened his eyes in horror as he saw Yunxiao throw out a palm. There was nothing fancy about it, just a light palm, like a casual slap on the shoulder when friends were teasing each other.

However, in his eyes, this light palm was like the scythe of the Grim Reaper. A chill went straight into his bone marrow and the fear of death surged into his heart for the first time in his life. His body trembled and he wanted to shout for help, but when he opened his mouth, he couldn't make a sound. He could only watch the palm strike and then lost consciousness.

“BOOM!”

Everyone only saw Yunxiao casually throw out a palm. It was very light and soft, as if there was no aura at all. Compared to Cheng Yong's palm, which was like a tidal wave, it was like the difference between cloud and mud. But, the result was shocking to all.

Like a leaking ball, Cheng Yong's Qi-Jin instantly withered, and a dull sound exploded from his body. His whole body collapsed and flew to the door, lying on the ground like mud.

Silence, the entire place was silent.

Extreme shock flashed through Luo Qingyun's eyes, and the hand holding the wine cup trembled slightly. Although he had never taken the five heroes of the Western Region seriously, it was impossible for him to kill them with one palm so easily! He suddenly felt that he had misjudged Yunxiao's strength once again, as if it was not wrong for the man in front of him to overestimate him no matter how much he tried. He sat there in a daze, his mind blank.

“Brother Cheng, please!”

“Cheng, Cheng Yong?”

“Brother Cheng Yong, get up!”

“Ha, brother Cheng, don’t play around, quickly get up!”

Cold sweat broke out on the foreheads of the young masters who had entered the restaurant with him. They could not accept the reality in front of them, so they all called out to Cheng Yong, waiting for him to jump up from the ground and kill Yunxiao and the others.

However, wishes were always beautiful, and reality was always cold and cruel.

Cheng Yong’s body gradually stiffened, and his body began to turn purple. Only then did everyone come back to their senses from the fantasy, and their faces turned pale.

Nalan Zhixuan and Jiang Ruobing were completely dumbfounded, unable to think at all. They looked at Yunxiao in a daze, then at Cheng Yong on the ground, unable to connect the two.

“Brother Cheng, brother Cheng?”

After being shocked for a moment, ruan Ziling still couldn’t believe it. He walked forward, squatted down, and patted Cheng Yong’s body a few times. In the end, he exerted some strength in his hand, and unexpectedly, Cheng Yong’s shoulder exploded. A large amount of black blood and rotten flesh flowed out. It turned out that under that human skin, Cheng Yong’s entire flesh and blood had already become a paste!

“Ah!”

Ruan Ziling was so frightened that he kept stepping back and almost fell. He looked at Yunxiao in horror and said with a trembling voice, “You, you, you actually dare to kill people from the myriad Stars Valley?”

so what if I kill him? ” Yunxiao sneered. so what? ”

Ruan Ziling calmed himself down a little and said, "killing the people of myriad Stars Valley, you're already half a step into the gates of hell."

Yunxiao's eyes flickered as he said coldly, "Since I'm already going to the gates of hell, I might as well kill the people of the red moon City!" The killing intent in his body suddenly exploded and was directed at ruan Ziling!

Ruan Ziling felt as if he had fallen into an Icehouse. His entire body was shivering from the cold, and his teeth were chattering non-stop. All these years, although there were times when he was afraid, he had never been as afraid as he was today. Although he did not know the other party's identity, at least he knew that he had kicked an iron plate.

Not only ruan Ziling, but the other young elites who had come in with him also felt the chill. They were so frightened that their bodies turned cold. One of them could no longer resist it. With a loud cry, he rushed out of the door and escaped.

Yunxiao's killing intent was only directed at these people, so the other martial artists in the hotel did not think much of it. They were only shocked that he had killed five heroes of the Western Region with one palm, and it took them a long time to come back to their senses.

"S-Stop!"

"If you kill me again, you'll definitely die," ruan Ziling said while trembling. Although you killed Cheng Yong, it was in self-defense, so it's excusable. Everyone can testify!" He turned around and said to his friends, "Don't you guys agree?"

"Ah? Right, right right right! It's like this!"

"Not bad! It was self-defense, we all saw it!"

this is Cheng Yong's fault. He's not capable, but he's brave and aggressive. His ending is pitiful and sad!

Those little companions were all children of great aristocratic families. When they saw that ruan Ziling had changed his direction, they knew that they were in trouble. If they did not cooperate well, it would be difficult for them to walk out of this restaurant alive.

Between a dead companion and their own safety, these people could easily make a choice.

The martial artists in the restaurant were all dizzy. The unattainable image of the seven superpowers in everyone's hearts was gradually shattered after Cheng Yong lost his life in one move and ruan Ziling's moral integrity was instantly lost. 'So, the disciples of super forces are just like this, they are no different from us!'

When ruan Ziling saw that Yunxiao's killing intent was getting stronger and stronger, and that his legs were trembling, he hurriedly turned to Jiang Ruobing and asked for help, "Brother soldier, I'm your cousin! Quickly tell your friend that it's a misunderstanding, it's just a misunderstanding!"

...

Jiang Ruobing couldn't hide the disappointment in her eyes. Although she hated ruan Ziling, he represented the red moon City. She didn't expect that the ruan Ziling, who she had always thought was rigorous and calm, and whose strength was outstanding among the younger generation, would be so spineless.

However, ruan Ziling was still her cousin. Jiang Ruobing said, "Big brother Yunxiao, let's just drop this matter. I'm afraid it'll be difficult to clean up the mess if this continues. Now, Cheng Yong is in trouble."

There was deep worry in her eyes. Myriad Stars Valley and red Moon City were both seven superpowers, and they were on equal footing. As one of the five heroes of the Western Region, Cheng Yong was not inferior to them even if he was not the best disciple of myriad Stars Valley. This was a huge trouble, but Yunxiao still looked indifferent. She finally understood Luo Qingyun's words. In the entire Red Moon City, perhaps only this mysterious man in front of her dared to take her away.

"It's alright, it's alright!" Ruan Ziling hurriedly made an excuse. With us as witnesses, this isn't much trouble. Even if it was the myriad Stars Valley, they had to be reasonable. In this world, there was only one word, reason, that could not skip. Isn't that right, everyone?"

He even said to the hotel owner, "manager, I'll have to trouble you to come and testify for this brother. It was Cheng Yong who tried to commit the crime but failed. He died instead. It's his retribution." The red moon City will not let the bad guys succeed and the good guys be wronged!"

The shopkeeper's head was like a chicken pecking at rice. He nodded his head desperately, not daring to say half a word of "No."

Jiang Ruobing felt a sense of disgust for no reason. She drove them away and said, "All of you, get lost. I feel disgusted just by looking at you!"

Ruan Ziling smiled embarrassedly and said, "then I won't disturb you anymore. Brother soldier, you can have fun. These friends are not bad. They are all outstanding and worthy of making friends with."

He hurriedly turned around and was about to leave. The moment he turned around, his eyes burst out with shocking anger and resentment, and his face was distorted with an extremely ugly expression. But in an instant, he was stunned, because he saw a man standing at the door. It was the man in red from before. He didn't know when he had been standing in front of the door, but he was investigating Cheng Yong's situation.

Ruan Ziling's eyes widened and he suddenly said in joy, "Uncle hangfeng!"

I recommend a new book by my friend, Yao Ye: Burning wrath of heaven.

...

Chapter 788-exchange

Everyone in the hotel was stunned. They didn't know when the man had arrived, not even the young men at the door.

Luo Qingyun's face turned serious as he shouted, Li Yunxiao, go!

The man in red was the one who had intimidated PEI jiuchi earlier. He was obviously a Martial Emperor and not an ordinary one at that.

A cold gleam flickered in Yunxiao's eyes. Although the man in red had extraordinary strength, he was only a little stronger than the blood God at best. He could still escape if he could not defeat him, but he was afraid that it would cause a great commotion and ruin his plan to collect the moon Pearl of the East Sea.

Ning hangfeng turned a deaf ear to ruan Ziling's words, but kept pinching Cheng Yong's body with his hands, the expression on his face getting more and more serious.

Yunxiao cursed in his heart. He was afraid that ning hangfeng had already seen through his casual display of the great wind and cloud Palm. After all, many innocent souls had died under this move in Red Moon City!

"Uncle hangfeng, this person has no regard for the rules and killed brother Cheng Yong. Please stop this person and hand him over to the myriad Stars Valley to deal with. This is to prevent estrangement from forming between our two sects."

While speaking, ruan Ziling quickly hid behind ning hangfeng. The scene of Yunxiao's casual palm strike that scared Cheng Yong to death was so shocking that it made him feel fear in his bones. Only by hiding behind ning hangfeng could he feel extremely safe.

"Uncle hangfeng, it was Cheng Yong who tried to kill my friend first, and that's why he was killed!" Jiang Ruobing said hurriedly. Ruan Ziling, you're too shameless! You even said that you'll testify for big brother Yunxiao!"

Ruan Ziling's face was slightly red as he said, " I did that to stabilize him and prevent him from escaping. How are we going to explain this to the myriad Star Valley? " Cousin brother is also doing this for the good of Red Moon City. As for his personal safety, I have long put it in my heart!"

He spoke with a sense of righteousness, completely different from the beginning, making everyone feel dizzy.

Only then did ning hangfeng slowly stand up. His eyes were as sharp as knives as he stared at Yunxiao and said, " "Where did you learn this martial skill from?"

Yunxiao's heart trembled, knowing that he had most likely been exposed. He snorted coldly and said, "There are many similarities in the world's martial arts. Do you think you can cut off my inheritance just because of one person's death?"

Ning hangfeng was taken aback. Yunxiao's answer made him look at him a few more times, and then he said, "This palm technique is very similar to someone's ultimate skill. Follow me, I want to verify what I'm thinking."

"I'm not free," Yunxiao said.

"It's not up to you," ning hangfeng said with a smile. He flashed up and was about to grab Yunxiao.

Jiang Ruobing hurriedly took out her long sword and swept it across the sky. She said anxiously, "Uncle hangfeng, you can't be so blind. It's obviously Cheng Yong who committed a crime because of his bravery. Even if this matter were to be reported to my father, he can't reverse black and white!"

Ning hangfeng flicked his finger and knocked Jiang Ruobing's sword, sending her flying away with the sword. Then, without losing any momentum, he reached for Yunxiao.

The ice sword in Yunxiao's hand swept away a wave of sword energy and stabbed at ning hangfeng. He did not dare to use his sword technique anymore, but used the thousand feet Haoran technique, trying to open a way to escape.

"The mortal world gazes at Ying Haoyue!"

Leng Xiao's sword beams were like an ocean, and in an instant, Yunxiao had thrust out over a hundred sword beams, which actually cut apart the Emperor aura seal around them.

Ning hangfeng's eyes widened in shock. He could not believe that someone could cut through his Emperor Qi of the ninth heaven with a sword light. The coldness spread and the entire restaurant seemed to be in an Ice House.

“Run, li Yunxiao!”

Luo Qingyun suddenly shouted, and a Dragon’s Roar soared into the sky. He combined his spear with his body, and an unparalleled spear radiance swept across the sky like a dragon.

Ning hangfeng was once again shocked. The power of this seven-stars martial venerable’s spear actually had the power of a martial Supreme. He could not believe it. What was going on today? How could these teenagers be so perverted?

However, their attacks did nothing to surprise him. Ning hangfeng threw out a punch with his left hand and drew a fist in front of him. Immediately, an invisible force spread out like a wave of water, and the entire space was instantly sealed by a force. Yunxiao and Luo Qingyun were instantly frozen in the air.

Yunxiao did not seem to mind. He chuckled and said, “Aren’t you afraid of trouble?”

Luo Qingyun, on the other hand, was not as relaxed as he was. He struggled with all his might, but to no avail. He snorted coldly and said, “Although you killed him, how can you bear the responsibility alone? Who Do You Think You Are?”

His words revealed his true manliness, causing the people in the restaurant to secretly praise him in their hearts. The gazes they used to look at ruan Ziling were even more disdainful. The difference between the disciples of the aristocratic families and these unknown youths was too great.

“Uncle hangfeng, stop!”

Jiang Ruobing was anxious. She knew ning hangfeng’s strength and was afraid that he would kill the two of them in one move if she really fought with him. In desperation, she raised her sword and put it against her neck, threatening, “Uncle hangfeng, if you dare to hurt my friend, I’ll die right in front of you. Let’s see how you’ll explain this to my father! How am I going to explain this to my master?”

Ning hangfeng frowned and scolded, “Ruobing, this is not the time for you to be naughty!”

Yunxiao's face changed slightly as well. "Brother Bing, put down your sword. Your uncle is still too young to hurt me."

Ning hangfeng frowned slightly. Although these words were unpleasant to hear, he knew that it was the other party's intention, so he remained silent.

"Ruobing, listen to uncle hangfeng. Don't be willful!" Ruan Ziling also said anxiously.

"Naughty?" Jiang Ruobing laughed bitterly. Willful? Then I'll be naughty and willful for once today!"

She said coldly, "do you need to care about what kind of friends I make?" What right do you have to attack my friend? If big brother Yunxiao, big brother Luo, and big sister Zhixuan are hurt today, I'll kill all your friends one day even if I don't die today!"

"You coward!"

Ruan Ziling was speechless for a moment and stood there in a daze.

Jiang RUO Bing sneered. you can kill my friend. Why can't I kill your friend? " Also, uncle hang Feng, I heard that you are quite familiar with the sect leaders of the soaring Tiger sect and the hollow Valley. Aunty is the Saint of the hollow Valley. When I have the strength, I will definitely gather a group of people to destroy these two sects!"

Ning hangfeng's expression changed drastically, and a faint layer of anger welled up in his heart. But, Jiang Ruobing's status was so noble that even he could not discipline her. He snorted coldly and waved his hand to release Yunxiao and Luo Qingyun from the restrictive barrier. "I can let them go this time, but not next time. Also, you must return with ruan Ziling. This is also my condition!"

sure, " Jiang Ruobing said after some hesitation. but you can't do anything to them within three days. We have to give them enough time to leave the red moon City.

Ning hangfeng fell into deep thought as he stared at Yunxiao, his expression constantly changing. He had yet to confirm Yunxiao's move, but at this moment, after thinking for a while, he finally compromised and said, " "Alright, I promise you. However, after three days, there will be no such restrictions!"

"En!"

yes! Jiang Ruobing nodded and said, " uncle hangfeng, please pay more attention to shameless people in case they play tricks behind our backs!

"Don't worry, the entire Imperial Army of the Redmoon city won't do anything to them," ning hangfeng said. He was the commander of the Imperial Army of the Crimson Moon City. Ruan Ziling also held a position in the Imperial Army, so he had to obey his orders.

"With uncle hangfeng's promise, I'm at ease." Jiang Ruobing nodded. If you dare to lie to me, I'll report you to my father and master. Let's see if you still have the face to do so."

Everyone felt dizzy. They felt that this young man was still like a child who wanted to report to his parents after being bullied.

big brother Yunxiao, big brother Luo, big sister Zhixuan, " Jiang Ruobing said to the three of them. I'll go home first. Two days later, I will bring the items that big brother Yunxiao and big brother Luo need to the wind and moon building. You can come for a while then immediately leave the red moon City using the inter-province transportation formation. Don't stay in the Eastern Region."

"Brother Bing, just take care of yourself. Don't worry about us." Nalan Zhixuan's heart ached as she said.

I will take what I need myself, " Yunxiao said softly. I don't need you to do it, and I don't have the habit of letting others do it for me.

"I'm the same," Luo Qingyun said. The items you obtained will burn your hands."

“I know both of you are good people, but I just want to do something for my friend,” Jiang Ruobing said with a bitter smile. I didn’t have many friends since I was young, and although the time I spent with you was short, I was very happy.”

...

The two of them were silent and had an indescribable feeling in their hearts.

“Goodbye, sister Zhixuan.”

Jiang Ruobing greeted him with a smile and turned around. “Let’s go, Xiaoxue.”

She walked out of the door without looking back, and everyone made way for her, no one daring to get too close.

Ning hangfeng gave Yunxiao a look and said, “I hope you can cooperate with me and verify what I’m thinking. I can guarantee that I won’t hurt you. If you’ve thought it through, you can come and find me at any time.” He flew out a token and said, “with this token, any person from the red moon City can find me at any time.”

He also turned around and left. Before he left, he waved his right hand and put away Cheng Yong’s body. Then, he disappeared out of the door.

Ruan Ziling’s eyes gleamed with a fierce light as he stared at Yunxiao coldly and said, “you’re lucky today. I hope you’ll have such good luck next time! The Young Elites who followed him also returned to their high and mighty appearances, snorting coldly and leaving one by one.

Immediately, only Yunxiao and the other two were left in the hotel, as well as the onlooking Warriors.

The owner of the restaurant walked forward in fear and said, “My three lords, can you go somewhere else to drink instead of staying in this small shop? this shop is a small one, and I can’t afford to be hurt by your ruckus.”

He took out a bag of vital stones and handed it over. He pointed outside and said, "There's a Yuelai restaurant across the street. As long as the three of you go there and cause some trouble, these primordial stones will be a small reward for the three of you."

Chapter 789-tracking

The three of them were all speechless. There were more than ten thousand primordial stones in that bag, which showed that the merchants in Red Moon City were still very rich.

The hotel owner chuckled and said, "I can tell that you're not afraid of trouble. This is just a small gift for the advance payment. If you can make a big trouble in Yuelai restaurant, preferably blowing up the restaurant, I will give you ten times more thanks!"

Nalan Zhixuan pointed to her head and said, "Keep your primeval stones and buy some supplements to boost your intelligence!"

After the three of them left the restaurant, Yunxiao said with a smile, "haha, I think this boss has a high IQ."

"Brother Luo and young master Yunxiao, if you don't mind, you can stay at the Silver Moon clan's encampment for two days and wait for the wind and Moon Tower's hero gathering." Nalan Zhixuan smiled bitterly. I'm a little worried about little sister Ruobing, and I'm afraid that she'll do something out of line. I'd better go to the city Lord's mansion to accompany her. "

that's right, " Luo Qingyun said. sister Ruobing is pure and innocent. With miss Zhixuan accompanying her, everyone can be at ease.

"Brother Luo, do you mean that I'm not innocent?" Nalan Zhixuan pouted and said angrily. She stuck her face to Luo Qingyun's and started to sway in front of him, looking like she was unwilling to give in.

Luo Qingyun looked a little embarrassed and explained, "What I mean is that miss Zhixuan is more mature and more rigorous in handling things, unlike Ruobing who only knows how to throw a tantrum."

“This is more like it!”

Nalan Zhixuan beamed with joy. Her charm was so great that it immediately attracted the attention of passers-by, causing them to turn their heads.

Red Moon City is now full of little stallions in heat, ” Yunxiao said with a smile. you’ll cause brother Luo trouble.

Nalan Zhixuan chuckled charmingly, “What’s wrong? Was young master Yunxiao jealous? By the way, with young master Yunxiao’s strength, you can definitely participate in the challenge Tournament and win the beauty and the moon Pearl of the East Sea. Wouldn’t that be a win-win situation?”

Seeing that Yunxiao was about to explain himself, she said, “ don’t tell me that there’s no hope. I really don’t know who in the younger generation of the entire heavenly martial continent can kill the five heroes of the Western Region with one palm. If young master Yunxiao is willing to participate in the competition, the chances are very high, and you can also save sister Ruobing from her troubles.”

“That’s right,” Luo Qingyun said with a serious expression. I’ve met the head of the seven stars of the Eastern Region, ruan zimao. To be honest, I think he’s not as good as you.”

you underestimate the heroes of the world, ” Yunxiao said with a smile. the real strongest are definitely not those with the most famous names. As the saying goes, those who are good at fighting do not have any famous names. In addition to the seven stars, five heroes, and four prodigies, there are too many capable people on the heavenly martial continent who are better than them. If brother Luo were to go to the ranking, he would be able to make a name for himself.”

Nalan Zhixuan said, “ since young master Yunxiao doesn’t have any intention, Zhixuan won’t force you. However, I only hope that young master Yunxiao can put on an act and help Sister Ruobing if she doesn’t like the winner.

I don’t have the ability, ” Yunxiao said with a wry smile. even if I do, how can I put on an act after I win? ” I don’t want to be hunted down by the people of the red moon City for the rest of my life.”

The demonic Dragon's voice, which had been silent for a long time, came from his sea of consciousness. "Tsk, haven't you just been hunted down by the red moon City for your whole life? what are you afraid of?"

Yunxiao's face darkened as he cursed with a voice transmission, "If you don't say anything, I won't take it as you're dead,"

The demon Dragon chuckled and said, "it's a good thing that your two female friends are not here. You must seize this Godsent opportunity. Right, the demonic Dragon suddenly turned serious and said, "This Luo Qingyun is very different from the last time in Mount Meru. For some reason, his blood is much purer and thicker, as if there are signs of returning to his ancestor!"

"Oh?"

that's good," Yunxiao chuckled. then the value of his blood will be even greater.

Yunxiao stared at Luo Qingyun with a greedy look on his face, which made the latter's hair stand on end and he glared back at him.

When Nalan Zhixuan saw Yunxiao's absent-minded look, she sighed and said, "Everything will depend on fate. I hope little sister Ruobing can find a good family to marry into."

Yunxiao laughed. you girls have too high a requirement for your spouse. Almost all the young talents in the world are gathered here, and you are still not satisfied. If miss Zhixuan is going to the city Lord's mansion, please help me bring something to that fat snowball girl."

He took out a Jade slip and imprinted some information on it with his spiritual sense. He handed it to Nalan Zhixuan and said, it's very urgent. I hope it can be sent to Jiang ruomei as soon as possible.

Nalan Zhixuan was taken aback, but she immediately realized that Yunxiao already knew the snowball's identity. that chubby girl and sister Ruobing have never been on good terms. She has even used many disgraceful means to deal with sister Ruobing. If young master Yunxiao sees us as friends, please don't get too close to her.

don't worry," Yunxiao said with a smile. This is a personal grudge between me and Jiang Ruomei. I'll have to trouble you, Miss Zhixuan.

Nalan Zhixuan kept the Jade slip and said, "That's good. Let's not delay this matter. I'll go to the city Lord's mansion now. Goodbye."

After the two of them watched him leave, they threw out the south-pointing chariot and headed in the direction of the Silver Moon clan's encampment.

The camp was located in a relatively remote corner in the woods with water on the side. The environment was excellent. After all, Nalan Zhixuan was only here to accompany Jiang Ruobing. She lived a little far from the city center, so no one noticed the Ice Cube organization's trouble.

After the two of them got off the south-pointing chariot, they walked into the forest one after another.

Suddenly, Yunxiao's heart skipped a beat, and he seemed to have sensed something. He turned around and looked at Luo Qingyun's eyes, which were gradually burning with fighting intent. "What's wrong? You want to fight?"

The Yuan Qi in Luo Qingyun's body fluctuated. It was a kind of emotion that he was trying to suppress. He said, "After Mount Meru, I've always wanted to find you to verify my cultivation. If I lose this opportunity today, I don't know when I'll see you again!"

His body flickered with a green light, which then turned into a spear in his hand. The momentum of the spear spread out, and an invisible pressure shrouded the entire area. Faint primordial energy fluctuated on the spear as it was pointed at Yunxiao!

Yunxiao let the spear power enter his body, but to his surprise, he found that the Dragon's might was extremely strong. Even though his body was extremely strong, under the suppression of the Dragon's might, his power was somewhat solidified, just like the power of Xiangzi's Dragon might above Song Yueyang City.

"You are indeed very outstanding."

good! Yunxiao praised. if you have several Dragon artifacts, you will have the strength to fight me. But now, he was still far from it! Since you want to try, I'll open the door to martial arts for you and let you know what it means to look up to a high mountain. I'll let you understand that you're still far from the peak!"

A sharp light flashed in his eyes. He had lived two lives. Although he was a young man, when he looked at Luo Qingyun, he couldn't help but look down on him as an elder. He decided to use his tyrannical strength to plant a seed in this young man's heart that would never stop, and let it take root and sprout.

Yunxiao's primordial Qi fluctuated in a spiral shape, dispersing the Dragon's might from his body and pushing it back in all directions. Under the pressure of their auras, the trees around them were crushed into powder and scattered all over the sky, blinding people's eyes like dust and sand.

Yunxiao's pupils suddenly constricted as he sighed and said, "I wanted to have some fun, but it's a pity that I can't get my wish."

Luo Qingyun was concentrating on preparing for the battle. Ever since he had been suppressed by Yunxiao in Mount Meru, he had been treating Yunxiao as an imaginary enemy all the time for more than a year. As long as he could defeat Yunxiao, he could overcome the obsession in his heart and go further on this martial Dao. His martial Dao obsession was never to give up!

"What's wrong? You're scared? This fight is no longer up to you!"

Luo Qingyun's killing intent was still rising. He was adjusting his power to the maximum.

it's indeed not up to me, " Yunxiao sighed. but it's not up to you either. He looked at the void and asked in surprise, " brother Wen Lin, I'm very curious. How did you find me? "

Luo Qingyun's expression suddenly changed, and a trace of anger appeared on his face. He suddenly raised his spear and stabbed it into the void, which immediately broke the space.

A Dragon's Roar shook the heavens!

“BOOM!”

There was a huge tremor, and only a few screams could be heard. Blood filled the sky, and pieces of corpses fell down.

Thus, several rays of light fell at the same time, revealing more than a dozen figures. One of them was a man dressed in red Moon city's attire, and he said in shock and anger, " what a cruel method. How dare you kill the people of my Red Moon City!

Luo Qingyun snorted coldly and retracted his spear aura. He then retracted his aura and said coldly, " I've already suppressed my anger to the greatest extent by only killing a few people!"

The battle he had been longing for had been destroyed just like that. If these people were not from Red Moon City, he would have cleaned up the place and fought with Yunxiao again.

“Luo Qingyun?”

...

Wen Lin was stunned for a moment before a look of joy appeared on his face. His eyes flickered incessantly as he chuckled, " Not bad, not bad at all."

His words were somewhat inexplicable, making everyone scratch their heads.

Wenlin did not explain, but looked at Yunxiao and said with a smile, " Brother, we meet again so soon. You've applied for an identity card in the red moon City. As long as I get help from the red moon City, I can naturally locate your location."

do your parents know you're such a hypocrite? " Yunxiao snorted coldly. I've already changed the information on that identity card a few times. Since when did the positioning device in Red Moon City become so advanced that you can locate me?"

altering your identity information without permission is an unpardonable crime!

The leader of the red moon City Group shouted coldly. His body was filled with killing intent. The rest of his subordinates immediately spread out and surrounded the two.

Yunxiao pondered for a moment, then suddenly realized something and said, "I understand!"

With a flash in his hand, a few small booklets appeared. They were the basic secret books on picking up girls that Wen Lin had sold him. He smiled bitterly and said, "So it's because you left your mark on it. I didn't expect you to play tricks on me the moment we entered the city."

The few books on how to pick up girls instantly turned into dust in his hands, and a faint light flashed in them. It was the spiritual awareness imprint.

Wen Lin's expression changed slightly, and he chuckled, "I've just been paying attention. I didn't expect it to really come in handy." Is this my good luck or your bad luck?"

Chapter 790-frog in the well

Wen Lin's expression changed slightly, and he chuckled. I'm just paying attention. Who asked you to be so extraordinary? "I'm so envious and jealous of you. I didn't think it would really come in handy. Is this your good luck or your bad luck?"

good and bad luck are not constant, " Yunxiao said with a smile. they change according to the situation, place, and person. However, brother Wenlin, you think too highly of me. There are actually people from the beiming family?"

He formed a sword seal with his fingers and slashed it across the void. The space several hundred meters away twisted faintly, and several rays of light scattered under the sword light. They flew down, and three men appeared beside Wen Lin and the others.

One of them had a cold expression and was waving a paper fan in his hand. His eyes were cold.

The two people behind him had Dirty Faces and disheveled hair. They were extremely ugly, and one of them even had snot on his face. It was simply unbearable to look at.

The young master with the paper fan said softly, "You're quite something, to be able to find my hiding place. I wonder if your strength is as powerful as your soul."

The extremely ugly man behind him said, "How do you know that we are from the Beiming family?"

Yunxiao touched his nose and said with a wry smile, "My skin is a little sensitive to the northern Dark chill. It's easy for me to get goosebumps,"

The three of them were slightly stunned and frowned, not knowing if he was telling the truth.

Wen Lin said, "I'm determined to get that sunset Cloud Mirror, so I naturally have to be more comprehensive." As long as you hand over the mirror, I'll take my men and leave immediately. We'll pretend that we never came here, so as to avoid hurting our relationship."

as long as you leave with your men immediately," Yunxiao said with a faint smile, "I'll pretend that you've never been here, and I'll forget about this matter."

"Hmph, you don't know what's good for you!"

The man from the red moon City shouted coldly, "Lord Wen Lin, there's no need to waste your breath on him. Just take down these two and everything will be settled!"

Without waiting for Wen Lin to speak, his figure flickered, turning into a ray of light and attacking.

The dozen or so people of the red moon City also attacked at the same time. The space trembled, and all the power gathered toward the two.

give me this peak martial venerable," Yunxiao said. you can have fun with those minions. He took a step in the air, and his figure disappeared from the spot. The next moment, he appeared behind the leader of the red moon City, and the cold sword in his hand swept out!

"What? Teleportation?"

Everyone was shocked. Wen Lin's expression changed slightly as he thought to himself, "He's indeed an eighth-tier Alchemist. No wonder he can counter me with his divine sense. Is he from the sea of soul formation?"

Yunxiao's sword was so powerful that the man could not avoid it. Moreover, the sword's freezing attribute had locked the space, and everyone could only watch the sword cut into the man's body.

"????!"

A sneer appeared on the face of the leader of Red Moon City. Wherever the sword light passed, the body began to disintegrate gradually, turning into light blue lightning.

"Lightning?"

Yunxiao was taken aback for a moment, but then he immediately understood. The Jiang family of the red moon City was also a branch that had separated from the North Scorpion sect back then. It was very normal for them to keep this Supreme cultivation technique. However, it was the first time that they had seen someone else use it, so they still felt a little strange.

"The Jiang family's lightning transformation technique is indeed an amazing technique."

The young master of beiming Dark Palace waved his paper fan and nodded. Lord Wenlin is too careful. This move is unparalleled under the martial Supreme realm.

The solemnness on Wen Lin's face did not decrease. He smiled bitterly and said, "I don't think it's that simple. I'll have to trouble young master Jun Jin to help us later.

“Oh?”

Beiming Junjin’s face was filled with disbelief. Even he did not have a good way to withstand this Thunderbolt transformation, so he did not believe that Yunxiao could block it.

On the other side, Luo Qingyun was engaged in a fierce battle with the dozen or so disciples of Red Moon City. The spear light swept across everything and suppressed all of them, giving him the upper hand. At the same time, he looked at Yunxiao with a horrified expression.

haha, you also know the technique of transforming your body into lightning of the Jiang family. You should be in despair, right? ”

The leader of the red moon City suddenly laughed and said, ” haha, it’s impossible to suppress the body of lightning without the Emperor Qi of the nine Heavens. This move is invincible under the martial sovereign realm. Go to hell!

His hands suddenly formed a seal, and his body suddenly swelled up, turning into a Big Blue fatty. He took a deep breath, roared, and spat out tens of thousands of Thunderbolts from his mouth. His body also instantly became thin as the Thunderbolts were spat out.

“Hmph!”

Hmph! Yunxiao snorted and said, ” is the red moon City also a frog at the bottom of a well? The world’s martial arts are as vast as the ocean, and anyone with a bit of intelligence would not dare to lightly say the word ‘invincible’. ” He held his sword horizontally in front of him and poured his spiritual energy into the sword. Without any fancy moves, he directly stabbed the sword towards the lightning and shouted, ” “Song of the green Lotus sword!”

The energy on the sword fluctuated and nine lotus flowers bloomed. Each lotus flower was pale gold in color and repelled the Thunderbolts spat out by the opponent. They turned into nine sword Qi and slashed down!

“?! What?”

The eyes of the leader of the red moon City were about to pop out of their sockets. His eyes were as wide as eggs, and he even forgot to Dodge and defend when he saw the nine sword energies!

“Bang Bang Bang!”

The nine rays of sword Qi slashed directly into his body of lightning. Blood burst out with each blow, and his body was directly split open. Only then did the leader of the red moon City realize that his body of lightning had been broken and he no longer had any advantage!

“How did this happen?”

His heart was filled with shock. For so many years, he had never failed to transform his body into lightning. This was a move that could sweep away anything below the martial Supreme realm. How could it be broken? He could faintly feel that the nine wounds had not only split open his body, but they also seemed to have condensed into runes that sealed his vital Qi circulation.

there are too many martial arts that can break this body turning into lightning. It's laughable that a group of frogs in the well can't speak in the sea!

Yunxiao took a step forward and thrust the sword out again. Three golden tadpole-like characters emerged on it, and as the sword pierced into the man's body, an unparalleled soul attack rushed directly into the man's spiritual altar and sea of consciousness, like a Soul Storm, instantly obliterating his divine sense.

“Ah!”

The leader of the red moon City only had time to scream before his body was sent flying hundreds of meters away, twitching on the ground.

His body had not died, but his soul had been destroyed, and he had become an idiot in this life.

Everyone was instantly stunned and broke out in a cold sweat. In the blink of an eye, the leader of the red moon City had gone from having the absolute advantage to being completely defeated. This visual effect was too shocking.

Luo Qingyun's face darkened. Yunxiao had already crippled his opponent, and this was a situation where they would not rest until one of them was dead! He made up his mind and the long spear in his hand turned into the shape of a Dragon. An unparalleled spear power spread out and killed all the people of Red Moon City in a few moves!

Wen Lin's eyes were filled with shock again. He stared at Luo Qingyun's spear with a serious expression.

"You ... You dare to kill everyone in the red moon City?"

Beiming Junjin was stunned for a moment before he recovered. This is Red Moon City! Were these two people's brains fried?

young master Jun Jin! Wen Lin's expression was grave. please help me take down these two people!

Only then did beiming Junjin gradually calm down. He said in a serious voice, "it seems that Lord Wen Lin's concerns are not baseless. However, no matter how strong they are, they have reached their end. "Ugly and uncouth guardians, please make your move," he said to his back.

...

At this moment, he was not only thinking about helping Wen Lin, but judging from Yunxiao's age, they were undoubtedly here to participate in the arena tournament. The strength they had just shown was too shocking. If he eliminated them now, he would have one less powerful opponent!

The two extremely ugly people, one was called ugly and the other was called vulgar, but they were indeed worthy of their names.

they're strong," the man said lazily. but they're still ants in the eight desolates. Is it okay for us two martial sovereigns to fight them? "Isn't that too much of a bully?"

don't underestimate these two, guardians, especially that li Yunxiao," Wen Lin said seriously. the disciple of Red Moon City was a peak martial venerable and had cultivated the divine ability to transform his body into lightning, but he was killed by him with a single sword strike. Don't be careless!

Hmph, from what I see, it's clearly the sword in his hand that's strange. That's definitely a ninth tier profound armament without a doubt!

A fanatical look flashed through the coarse fellow's eyes. Even he didn't have a ninth tier profound armament, so how could a mere revered martial artist be worthy of it!

"It's not just that sword. I think there's something wrong with that spear too." Just now, when the spear moved like a dragon, my big drinking knife couldn't help but tremble. This is the pressure of a profound level weapon!"

"As long as the two guardians capture these two and hand them over to me, these two ninth tier profound armaments will be given to the two of you!" Wen Lin hurriedly said.

"Haha, that's good!"

The two of them laughed out loud. After all, Wen Lin was a Saint. If he were to ask for both him and the profound level weapon, it would not be good for them to snatch them openly. Therefore, their enthusiasm was not high. This time, the two of them were in high spirits, and their morale was greatly boosted!

Luo Qingyun's face flickered as he leaned toward Yunxiao and said in a serious voice, " these two are martial sovereigns of the nine Heavens. Are they going to fight or leave? "

...

If the two of them insisted on leaving, they were confident that these people would not be able to stop them.

Yunxiao gave him an indifferent look and said, " They're just two one-star martial sovereigns. If you can't even defeat martial artists of this level, what makes you think you can fight me? "

Luo Qingyun felt as if he had been struck by lightning. Yunxiao's words undoubtedly told him that without the strength to defeat a one-star Martial Emperor, he was not worthy of fighting him at all.'Has his combat strength already reached the peak?'

Luo Qingyun looked at Yunxiao in disbelief. The latter was looking at him coldly with a calm face. Luo Qingyun could not help but tremble, and a heroic spirit rose from his body as he laughed and said, " haha, you're really a jinx. I've never tried a Nine Heavens martial sovereign before!

Yunxiao chuckled and said, " martial sovereigns can only turn rules into their own use. They are not as magical as you think. The Emperor Qi of the nine Heavens is just one of the ten thousand Arts in the world. Your Dragon might and this spear are enough to break it!

"Haha, you're boasting shamelessly!"

Ugly sneered, the Emperor Qi on his body spread out, and he said coldly, " ants below the martial Supreme realm can just sit at the bottom of the well and look at the sky!
