

## The Eternal 791

Chapter 791-what kind of skill is that?

Two auras broke through the air and pressed down on the two of them. They were like two huge mountains, and the earth trembled. Not only was the pressure intimidating, but there was also a bone-chilling coldness that penetrated through their skin, wanting to freeze their entire souls.

Luo Qingyun's expression changed drastically. This was the first time he had ever challenged the might of a martial sovereign. The bloodline power in his body surged, and a warm current flowed through his body, warding off the cold air. The Spear's light was raised, and the weapon essence on the desolate God's moon spear vibrated, pushing away the nine Heavens sovereign Qi like ripples.

To Luo Qingyun's surprise, just as Yunxiao had said, his divine spear could resist the Emperor Qi of the nine Heavens!

Hmph, relying on a ninth tier profound armament, what kind of bird ability is that!

The man with snot all over his face sent a cold palm down from the sky, his eyes filled with jealousy.

Luo Qingyun took a deep breath and immediately calmed down. After all, he was going to face a Martial Emperor, so he did not dare to be distracted. He took a step forward and dodged the palm. His spear was as powerful as a Dragon as he stabbed forward. He snorted, you're bullying a martial honor as martial sovereigns, and that's what you call capable? "

die! vulgar shouted angrily. A big axe had appeared in his hand. He spun two circles in the air and then chopped down. The power that could split mountains and seas covered the sky.

"Dragon of spear fighting in the wild!"

Luo Qingyun's heroic spirit soared to the sky. The spear light swept out a Dragon-shaped light, and fiercely stabbed forward.

"Bang!"

The two profound weapons collided with each other, and an extremely powerful force spread out. The power of the aftermath shot out in all directions. Luo Qingyun suddenly took a step and flew up into the air, deflecting the shock. The rest of the power was also resisted by his true dragon celestial body. Then, the spear light did not weaken, and he flew up again.

“What?”

Vulgar was shocked. Even a peak martial venerable would have been half-dead from his axe just now, but the other party seemed to be safe and sound?

He was both embarrassed and angry as he roared and rushed forward again.

The two of them quickly engaged in a fierce battle. Although Luo Qingyun was at a disadvantage from the beginning to the end, he didn't fall. The more they fought, the more powerful he became. All kinds of martial arts techniques rushed out, and even Wen Lin and beiming Junjin dodged them.

“How can he be so strong? Could it be that his dragon blood's power has changed?”

Wen Lin's eyes were filled with uncertainty. He could not tell if it was shock or joy. He only felt that it was difficult to calm the emotions in his heart.

ugly Guardian! beiming Junjin said with a solemn face, “ take this li Yunxiao down quickly and go help the vulgar Guardian!

“Yes!”

The ugly man laughed coldly and said, “ I've been loitering around the red moon city's brothels for the past few days. I'm afraid I've exhausted all my yang essence. Haha, I can't even take down a seven-stars martial venerable. If he had stayed for a few more days, he would have died in bed.”

Everyone was disgusted when they heard this. That face that they couldn't bear to look at, his face full of snot, and God knows how many lice there were in his hair. The girl who took his business was probably forced to do so, and had eight lifetimes of bad luck!

eat my big drinking saber! Let's see if your weak body can withstand the power of my saber, even with the help of a ninth-tier profound artifact!

The ugly figure flickered in the air with incomparable speed, leaving behind afterimages that were hard to catch with the naked eye. The sound also intermittently appeared in different directions. Suddenly, a saber slashed out from an angle that was difficult to catch, even splitting the space!

"Aren't you tired of jumping around in the sky for so long?"

Yunxiao's faint voice rang out. He stood still and waved his right hand, then put his hands behind his back and blocked the blade beam!

"Bang!"

The two forces shook, and the weapon reserve spread out.

To his horror, he found that Yunxiao's sword also contained the laws of heaven and earth! It completely received his Saber Force. The two people's confrontation of this move was actually evenly matched!

"?! How was that possible? What kind of weapon was this? it actually had its own laws of heaven and earth? Even if it's a ninth tier profound armament, it's unheard of!"

The ugly man was shocked. He turned around and retreated, staring coldly at the cold sword in Yunxiao's hand from dozens of meters away, his desire to snatch it growing stronger. He didn't pay much attention to the evenly-matched move just now, because he had only used less than half of his strength.

this sword is really good. You don't deserve it. I'm taking it!

die! ugly roared and raised the great drinking saber. His body became one with the saber and he slashed at it.

Yunxiao's sword momentum carried the laws of heaven and earth, which was completely the effect of the ye family's sacred skill. Of course, he did not bother to explain it to the other. He stood with the sword in his right hand, and with a flash of light in his left hand, the great sorrow Twilight Cloud Mirror shone on the ugly man. A beam of mirror light shot out and fell directly on him.

"What is this?"

The ugliness was the integration of the blade and the body. Under the reflection of the mirror, he suddenly felt his body freeze and realized that his movements had slowed down. Furthermore, it was extremely difficult to circulate his vital Qi. Every movement required a great deal of energy, as if he had fallen into a swamp.

Ugly's actions seemed to be in slow motion to everyone. Even his facial expression was slowed down by more than ten times.

"Sunset Cloud Mirror, it's indeed the sunset cloud treasure mirror. It can seal off space!"

Wen Lin's face fell as he cried out in horror, " young master Jun Jin, this li Yunxiao has many magical treasures on him. Let's attack him together! Otherwise, the ugly Guardian will be in danger!

Although he was well aware of the power of the mirror, the mirror's power was also related to the user's strength. Although Yunxiao could not trap a Martial Emperor in his hand, he could greatly slow down the Martial Emperor's speed, which was extremely abnormal. He had been confident in capturing the two, but now he was not so confident at all.

Beiming Junjin was stunned and couldn't react in time. Logically speaking, with two martial sovereigns making a move, everything should have been easy to capture. He looked again at Luo Qingyun, who was on par with him, and the ugly man who looked like he was swimming in the air. He finally accepted the reality in front of him. He roared and rushed up, shouting, " "Relying on the might of a profound level weapon, what kind of skill is that!"

He threw away the elegant paper fan in his hand, and a Jade sword stabbed out. He was also a nine-stars martial Supreme. Under his full power attack, a layer of frost appeared on the body of the sword, and the temperature of the world suddenly dropped.

Wen Lin had also lost the leisure to watch the battle. Similarly, his hands continuously formed hand seals. The ground trembled, and " Bang Bang Bang ", three earth dragons broke out of the ground. They flew around him, and in an instant, the sky was filled with yellow sand and stones.

"Earth Dragon, strangle!"

let's go! Wenlin cried out, and the three earth-Elemental Dragons swept over like whirlwinds. One of them flew across the sky and pounced on Yunxiao, while the other two turned into whirlwinds and swept toward ugly, trying to save him from the trapped situation.

The two dragons of the earth intertwined in front of Chou Chou Wu and began to fight fiercely, sending dust and dirt into the air as they rushed toward Yunxiao.

The mirror light of the sunset cloud treasure mirror was blocked by the layers of dirt, and ugly immediately broke free. He used his jumping movement technique to prevent himself from being locked again.

hehe, you aristocratic family disciples are all so humorous. Relying on profound level weapons isn't a skill, but you're bullying the weak with strength and being outnumbered is a skill? "

The mirror of evening clouds and the frost Sword in his hand were all absorbed into his body. He raised his hands, and suddenly, several rays of cold sword Qi appeared. Nine Northern heaven cold star swords appeared in front of him, forming a complicated formation. They suddenly spread out and surrounded beiming Junjin and the earth Dragon.

Four of the newly forged swords even had faint lightning on them, as if they were going to trigger the heavenly Tribulation.

f \* ck, What's this?!

Everyone was shocked. They realized that the sky had turned dark. They could only see the nine long swords flashing with cold light. They were connected to each other and formed an indescribable sword array. It suppressed Beiming Junjin's aura in an instant, as if it could kill him at any time.

"Save, save me!"

Beiming Junjin was trapped in the sword formation, and a great fear surged from the bottom of his heart. He felt like a Fallen Leaf in the sword Qi that could be ground into pieces at any time. He didn't even have the courage to resist.

...

"What kind of sword formation is this? it can actually trigger Heavenly Tribulation? It's too fake!"

Wen Lin was terrified and hurriedly shouted, " quickly save young master Jun Jin! He's in danger!"

He felt a burst of regret in his heart. He could only blame himself for not bringing enough people. He also felt a sense of anger towards the people of Red Moon City. He said that the city was too chaotic now and there were not enough people. To deal with a mere martial honor, he could send the strong man who could transform into lightning to settle everything.

He was really a little worried, so he went to find the people of the Beiming family to reveal his identity. When the other party heard that the other party was a martial honor, they were also careless and only let Beiming Junjin bring two one-star martial Supremes over. Now, it would be difficult to clean up the mess!

The man from Red Moon City was just a small fry, but Beiming Junjin was different. He was a direct descendant of the Beiming family, and his big brother was the head of the four prodigies of the North Region, Beiming Lai Feng. If Beiming Junjin were to die here, even he would be implicated!

"Frenzied blade drinks blood without a trace!"

Ugly instantly burst out with extremely strong combat power and rushed into the sword formation, killing a way out. He shouted, " "Young master, run!"

If something happened to beiming Junjin, they would be finished. Ugly had almost unleashed all his power, but it was impossible to destroy the sword formation!

Wen Lin's heart was overwhelmed with shock. He looked at the nine treasured swords that had formed a certain pattern and said in a daze, " "These, these nine sword puppets are all ninth tier profound armaments? How ... How is this possible?"

Seeing a way out, beiming Junjin was overjoyed and rushed out, crying with joy, " "Many thanks, ugly Guardian!"

In an instant, he flew out of the sword array through the ugly passage, gave a strong kick, and was about to leave. His eyes were filled with killing intent as he stared at Yunxiao coldly and said, " "You really have the guts. I hope you can come to the wind and Moon hotel's hero gathering in two days! I'll have my big brother entertain you well!"

...

His body gradually faded as he planned to be the first to leave. This place was too dangerous. It wasn't suitable for a young master with a noble bloodline like him to stay here.

Chapter 792-ape

Yunxiao sneered and said sarcastically, " I will go to the gathering of the heroes, but you are not a hero, so you don't have to go. Stay here forever!

He changed the seal in his hand, and the power of the sword formation radiated out. Not only did it trap ugly, but it also turned into a Sea of Swords that slashed toward beiming Junjin. His left hand took out the sunset cloud treasure mirror again, and a beam of mirror light shot out, directly freezing beiming Junjin, who was about to break open the mirror and leave!

Ugly was a martial sovereign of the nine Heavens, but he was as slow as a snail when Yunxiao used the Twilight Cloud Mirror. Beiming Junjin was only a nine-stars martial Supreme, so he could barely move.

Looking at the sky full of sword light, beiming Junjin was shocked and cried out in horror, "No, don't kill me! My father is the darknorth Duan Jue, and my big brother is darknorth Laifeng. Won't they be angry if you kill me?!"

All the begging and threats ended up in a miserable scream. Ten thousand sword rays pierced through beiming Junjin's body, and a blue armor appeared. It only lasted for a moment before it was broken. The sword rays entered his body and cut him into a sieve in the air. His flesh and blood were a mess. He couldn't be more dead.

"Plop!"

The completely dead beiming Junjin fell from the sky, landing on the ground and bleeding profusely. He had completely turned into a pile of mud.

"?! You, you, you really, really killed him?"

Wen Lin sucked in a breath of cold air and felt his entire body turn cold. His eyes widened and he said in horror, "You really dare to kill the young master of the beiming family?"

Yunxiao raised his head and said coldly, "He wanted to kill me, and if I didn't kill him, wouldn't I be an idiot? I can kill anyone who wants to kill me! Let alone young master darknorth, even if your father darknorth were to come, he would still die!"

"Ah?"

When Wen Lin heard these remarks, he was so frightened that he retreated several steps.

Even among the seven superpowers, beiming Dark Palace was one of the top forces. They had always been the ones bullying others, and no one had ever dared to bully them. What Yunxiao said was right. Since beiming Junjin was going to kill him, wouldn't he be a fool if he didn't return the favor? But

"But if you kill him, you'll still die!" He swallowed his saliva and said bitterly.

who knows? ” Yunxiao snorted coldly. who knows who will die and who will not? ” But I only know that anyone who wants to kill me must die! Beiming Dark Palace is like this, and even the Saint realm is no exception!”

He was implying something, and his eyes were shining like stars. He looked straight at Wen Lin, as if he wanted to see through him inside out.

“?!”

Wen Lin was so shocked that his entire body trembled. He once again took a few steps back, but he was still unable to suppress the chill in his heart. A voice in his heart was madly shouting, ” ‘As expected, he read my memories!’ Lunatic, this person was truly a lunatic!

he’s dead, Qianqian! Young master Jun Jin is dead, Qianqian!

Ugly was in a daze within the sword formation. He didn’t even notice the lightning that started to fall from the sky. He only felt that everything was a dream. The high and mighty young master of the Beiming family, the future Overlord of the region, was actually like mud in his eyes.

And just a few hours ago, when Wen Lin first came to find them, they were still drinking wine in the brothel, admiring the flowers, the moon, and the autumn fragrance. Before young master left, he even asked the brothel keeper to gather all the top girls in the nearby brothels together, waiting for him to pamper them. How could they become mud in the blink of an eye?

Yunxiao looked up at the dusky sky and cursed in his heart. The commotion was too great, and if he did not end the battle quickly, it would definitely attract the attention of the Imperial Army of Red Moon City. A murderous look flashed in his eyes as he quickly changed the incantation gesture in his hand. The light of the nine Swords immediately grew brighter, and a different symbol emerged on each sword, exuding a different aura.

“Old freak, what are you doing! The young master is dead!”

In the distance, the vulgar man who was fighting with Luo Qingyun was also greatly shocked. He looked in horror at the mud-like corpse on the ground, the deader than dead darknorth Jun Jin. He was immediately frightened out of his wits and began to curse and roar, "If the young master is killed, you and I will not be able to escape death either! Ahhhhhhhhhhhhhhhhhhh!"

He roared crazily and immediately went berserk. The battle-ax in his hand slashed at Luo Qingyun's body with all his might. The air was constantly blown up, and Luo Qingyun immediately fell into a dangerous situation. He struggled to hold on for a while, but was forced to retreat in defeat.

The uncouth roar also woke ugly from his daze and made him roar again and again. They were almost doomed to die this time. Raising their big drinking sabers, they slashed at Yunxiao with bloodshot eyes and said in a miserable rage, " you cut off our way out. I'll kill you even if I die!"

Yunxiao's face turned cold as he said indifferently, " "You speak so righteously, but don't forget who wanted to kill who first? If you want to kill someone, you have to be prepared to be killed. Don't regret it only when you die!"

Yunxiao pointed a finger at the sky and cried out, " "Sword formation of the nine luminaries star!"

The nine long swords suddenly moved and formed a sword talisman in the air, crazily killing everything in the array. Then, the Thunder fell and blasted into the sword array, refining the swords and all the living things inside!

"

Ugly raised his big knife and could block a few sword lights at first, but as the sword Qi continued to strengthen, it finally broke his knife momentum and cut into his body. He screamed again and again, and finally, with a few Thunderbolts, he was directly turned into ashes, not even leaving mud.

After Yunxiao's sword formation had successfully killed the enemy, his eyes suddenly turned to Wenlin, who was not far away with a pale face, and he said in a cold voice, " "It's your turn,"

Wen Lin's face was deathly pale, but he still pretended to be calm and said, " "Let me go, I didn't see anything today."

I think dead people are better at keeping secrets, ” Yunxiao said. I think dead people are better at keeping secrets.

Wen Lin said bitterly, ”you and I can be considered acquaintances. From the moment you entered the red moon City, I’ve provided you with all kinds of selfless help, Zhenzhen.”

as soon as I entered Red Moon City, you cheated me of primordial stones, dragged me into an evil cult, and sold me to collect membership fees, ” Yunxiao interrupted him. what a cruel act it is for an outsider like me, who is unfamiliar with this place! And you still have the face to mention it!

Wen Lin felt bitter in his heart and could only say, ” “You also know that I’m from the sacred zone. The sacred zone is the Commander-in-Chief of the world, so how about you give me some face?”

I dared to kill the people of Red Moon City and beiming Dark Palace in front of you, ” Yunxiao snorted coldly. I have no intention of letting you go!

Wen Lin knew that there was no point in saying anything more, and an extreme struggle appeared in his eyes. His face gradually became distorted, and he said fiercely, ” “Good! You forced me to do this! If I insist on leaving, you won’t be able to trap me with your ability. However, this move has damaged me too much, and I can’t recover in a short time. I don’t want to use it unless it’s absolutely necessary!”

“Oh?”

Yunxiao’s face flashed with surprise as he said, ” “I really can’t think of any way you can escape with your life,”

A mocking sneer appeared on Wen Lin’s face, and he said, ” “You’ve said before that the world’s martial arts are as vast as the ocean, and there’s no end to them!”

He suddenly made a strange posture and then let out a loud shout, his face filled with extreme pain. Rays of light were released from his body, and his body immediately became five-colored.

Yunxiao's pupils constricted. Wen Lin's posture at the moment was extremely ugly, but it shocked him greatly, because it was one of the postures in the upper part of the tyrant body tempering technique!

As the light continued to flow out, it was as if the seal in his body had been broken. Wen Lin's entire body began to change. Long hair grew from his originally smooth skin, and his face began to turn uglier. His eyes turned dark green, and his body continued to grow longer and longer, turning into a fierce beast similar to an ape!

"This Suan ni ... Demonized?"

Yunxiao looked shocked as he shook his head and murmured, "No, it's not demonic transformation. Although the effect is similar, this state is much more powerful than the demonic transformation state. Also, this monkey is emitting a pressure that makes people's heart palpitate. It seems to come from the ancient times. This monkey is definitely an extraordinary demonic beast!"

"Roar!"

A murderous look flickered in the ape's eyes as it pounced at Yunxiao. The earth trembled and shook as it stomped on the ground, stirring up a towering cloud of dust that quickly covered the ape's body and condensed into an earth armor!

An ape's fist the size of a claypot came crashing down!

Yunxiao was shocked, but he did not panic. The last way to deal with such a heavy attack was to Dodge, not meet it head-on. However, there was an indescribable pressure on the other party's body, which directly shocked the space. It was completely different from the Emperor Qi of the nine Heavens, but its effect was not weaker than the Emperor Qi!

"How troublesome!"

Yunxiao's eyes flickered with a strange look as a hammer appeared in his hand, its surface flickering with lightning. He let out a soft cry and turned his body into lightning as well. He continued to expand and turned into a big fatty in the sky. He was the same size as the ape. He raised his war hammer high and smashed down!

...

“Boom boom boom!”

Under his control, the war hammer became the size of the fist. It brought with it endless lightning and smashed directly on the ape’s fist. It burst out with powerful lightning and instantly turned the sky into a lightning hell.

“Aowuu!”

The sound of bones cracking came from the ape’s fist. Apparently, it was injured by the hammer. It was wailing in pain. The thunder and lightning in the sky kept bombarding its body, giving off green smoke and roaring.

After Yunxiao’s attack, the hammer disappeared into his body, and he fell from the air while constantly controlling various ninth-tier Mystic artifacts. At this moment, all his primordial Qi had been consumed. His face was pale, and he was gasping for breath.

“What’s wrong with this monkey? It’s like a demon transformation!”

Yunxiao was filled with suspicion as he watched the ape gradually struggle out of the prison of Thunder, its eyes still red.

The ape revealed a resentful look and stared at him fiercely, as if it wanted to remember this face. Then, it roared and stretched out its hands, pulling violently in front of it. It actually tore the sky apart, and its entire huge body instantly disappeared into it.

Chapter 793-unsealing

“This bi an ...”

Cold sweat broke out on Yunxiao's forehead. He did not expect Wenlin to run away just like that. Unless he released his two disciples or the calabash King Kong, there was really no good way to keep him here. But, with Luo Qingyun here, he did not want to expose more.

The ape was injured, and it looked like its mind had become Savage. It did not look like Wen Lin at all, and it would take a long time to recover. Wen Lin had also said that this move was extremely harmful to him, so he would probably not be able to find trouble with him for a short time.

At this moment, on the other side of the battle, Luo Qingyun and vulgar were fighting fiercely. But when he saw beiming Junjin and ugly die, and Wen Lin escape in the form of a monkey, vulgar was greatly shocked. And with Yunxiao coldly watching from the side, he knew that he would not be able to escape today.

For a moment, he was disheartened and lost all hope. The Qi in his hand gradually weakened. Luo Qingyun's spear hit his heart and directly exploded into a large cloud of blood mist. He was sent flying dozens of meters away and died.

Luo Qingyun panted heavily. His face was covered in sweat. He still could not believe that he had defeated a martial Supreme. He stood there in a daze with his spear raised.

With a flick of his finger, Yunxiao shot out a stream of flame, burning all the corpses on the ground into ashes. Even their weapons were melted in an instant. "Leave this place immediately. The commotion just now was too big. I'm afraid that the people of the red moon City are on their way."

"As expected, it'll be too late if we don't leave now!" His expression changed slightly as he smiled.

Luo Qingyun came back to his senses and said, "Where to?"

Yunxiao's pupils constricted slightly as he said, "Whatever, you go first. We'll meet in the wind and moon building two days later. They're already here, so I'll hold them off for a while!"

Luo Qingyun seemed to want to say something, but when she thought of Yunxiao's strength, which was already much stronger than hers, the joy of defeating a Martial Emperor was instantly gone. She sighed and said, "Take care!"

With that, he turned into a long green Dragon and flew away.

“Hmph, you want to run after causing trouble?”

Suddenly, a cold snort came from the sky, and an extremely sharp ray of light chased after Luo Qingyun.

With a calm face, Yunxiao raised the great sorrow evening Cloud Mirror in his hand and shone it. The mirror light immediately chased after the light and locked it in the air, revealing the figure of an old man.

“What? What is this light?”

The old man looked at the light around him in bewilderment. The circulation of his essence force was hindered, and Luo Qingyun had already disappeared in an instant.

“If he escapes, you’ll have to stay!”

Although the old man’s Origin Energy was blocked by the mirror light, he was still able to rush down very quickly. He stared coldly at Yunxiao as he gathered his aura and pressed down on him. Clearly, his cultivation base was above that of the uncouth and ugly man.

Yunxiao chuckled. He immediately turned the mirror around and shone it on himself, then disappeared from where he was and reappeared a hundred meters away in the next moment. After that, he circulated his spiritual power and teleported again, transforming his body into a Thunderbolt and fleeing.

“This is an ...”

The old man was stunned. He had never thought that the other party would be able to escape from him so easily. Doubt appeared in his eyes as he mumbled to himself, “That mirror is so magical. I wonder what its origin is. The escape technique that this kid used to escape seemed to be turning his body into lightning. But Qianqian, if you are not a direct descendant of the Jiang family, you must have the

strength of a nine-stars martial Supreme to be qualified to practice it. That young man obviously didn't recognize it. Perhaps it is an escape technique similar to turning his body into lightning."

A moment later, several rays of light fell one by one and surrounded him.

"Elder Shaoyuan, what's going on?" one of them asked."

Jiang Shaoyuan snorted coldly. there were people fighting. The traces of The Fight Show that it was a group fight. Their cultivation levels are quite high. You guys go around and see if there are any clues!"

"Yes!"

yes," the man answered. Then, the dozen or so people began to search the surroundings. All the bodies and weapons had been burned to ashes by Yunxiao's true Phoenix Fire, leaving only some ashes behind. They searched for a long time but found nothing.

Jiang Shaoyuan had no choice but to withdraw his troops.

After turning into a bolt of lightning and fleeing hundreds of miles away, Yunxiao gradually revealed his true body and walked into the city. He turned around for a long time. After making sure that no one was following him, he chose the right direction again, bought a New south-pointing chariot, and went to the ice organization's territory.

He had to meet Jiang ruomei before the gathering of the heroes.

After an hour, the south-pointing chariot finally reached its destination. He immediately hid in the void and waited for Jiang ruomei's arrival.

Every movement in the entire base was under his divine sense. There were only a few existences in the ice cube organization who did odd jobs. It seemed that all of them had gone out again, and he had no idea what they were doing.

Very quickly, the members of the organization returned listlessly. All of them were dejected, and many of them were injured.

“Sigh, I failed the mission again! Since the establishment of the organization, we’ve done more than a dozen missions of all sizes. Except for that time when we helped the goddess snatch a young and beautiful servant girl, none of us have succeeded. What a blow!”

cough, cough, cough. I heard that the servant girl we snatched last time was seen in boss’s courtyard several times. I don’t know if it’s true or not.

“Shush! Don’t talk nonsense, you don’t want your life! Last time, someone in the organization questioned boss and big sister snowball’s authority. The next day, that person’s body was found in the manure pit in the yard!”

“.....”

The man wiped his sweat and said, “that’s f \* cking terrifying!” If it wasn’t for my obsession to see the goddess, I would’ve left the organization long ago!”

“Al, it’s easy to enter, but hard to leave. Last time, someone wanted to leave the organization, but one of his feet was found in the grass the next day. The rest of his body was missing, and I haven’t seen him since.”

Huahua, I just finished my mission and don’t have any energy left. I’m also injured. Can you stop telling ghost stories? ”

As they were discussing, a Tigerking battleship suddenly sailed over, and a huge shadow fell from the battleship.

After everyone was stunned for a moment, someone finally reacted and said in surprise, “It’s sister Xiaoxue! Quick, quickly inform big brother Xing Hua!”

After the snowball landed, its body almost took up half of the yard. It quickly moved inside.

Yan Xing Hua quickly came out with a look of surprise in his eyes. sister Xiaoxue, why did you come here personally? this time, the mission has failed, and we can't find the weight loss divine herb that can make goddess Ruobing slim down. But, let's have a good time.

"Get out, all of you, get out, hurry up!"

The chubby snowball girl shouted impatiently, as if her heart was burning with anxiety, desperately scolding the crowd.

"Go out? What do you mean by that?"

Yan Xing Hua did not understand what was going on.

The chubby snowball girl's face turned serious, and her facial features immediately twisted together. She roared, "I told you all to get out, didn't you hear me? Yan Xing Hua, do you need me to repeat myself?"

A cold aura burst out from her body. She was also a martial arts master. Yan Xing Hua was stunned and quickly said, "Yes, yes!"

everyone, come out with me! he shouted. sister Xiaoxue has something important to do!

Under his command, the members of the ice cube organization left the courtyard full of doubts.

Snowball cast a few runes in the air, which turned out to be a defensive barrier that enveloped the entire small courtyard. It then looked around and said, "Who invited me here? come out! I'm already here as promised!"

...

She called out a few times, her fat body constantly moving in the courtyard, appearing unusually restless.

Yunxiao sighed as he walked out of the void and said, "Miss Ruomei, we meet again."

Jiang Ruomei turned her body nimbly and looked at Yunxiao. The anticipation on her face instantly turned into extreme disappointment. A cold chill spread out of her body, and the temperature in the entire courtyard dropped to winter.

"It's you? You gave that bitch Nalan Zhixuan a Jade slip to trick me out?"

Her voice was almost tearing at her vocal cords, suppressing the extreme anger, and her fat trembled under the anger.

"Lie?"

Yunxiao chuckled. "I really don't like what you're saying, Sister Snowball. Everything I said in the Jade slip is true."

"True? Hmph!"

Jiang Ruomei gritted her teeth and said, "You said you know Gu Feiyang's pupillary abilities. Why don't you show it to me?! Even if it's real, what's the point of using it if you don't have a seventh or eighth-grade cultivation base?"

This was also the reason why she was completely disappointed and even angry when she saw Yunxiao. Even if he really had pupillary abilities, it was impossible for such a young man to have a cultivation base of seventh or eighth-tier in the art of sorcery.

Yunxiao chuckled. Without saying a word, he teleported several times in front of Jiang Ruomei.

...

“?! Teleportation? Teleportation, which can only be performed by eighth-tier alchemists?”

Jiang ruomei was stunned for a moment, then she was ecstatic. She said excitedly, “What about eye techniques?”

Yunxiao’s eyes gradually turned blurry, then suddenly turned into a pair of blood moons, looking extremely demonic.

Jiang ruomei’s body trembled and she lost her spiritual sense in an instant. Her face gradually became dull, as if she had been completely captured. She did not know how long it took before she gradually recovered.

In an instant, her heart was filled with unspeakable excitement. Her fat body knelt down and kowtowed repeatedly. Unfortunately, her body was too fat and she couldn’t kowtow to the ground. She cried, “my Lord, my Lord, you have to help me. I beg you, you are my second parent!

Yunxiao’s face darkened as he said in a hurry, “Get up and talk. I’ve checked your symptoms just now, and I have a general idea of what’s going on. I’ve already tried to eliminate half of the influence left behind by your mother’s womb. You can try to circulate your elemental energy and feel it.”

Jiang ruomei’s body trembled, and she could not even bother to stand up. Her fat body knelt on the ground and began to circulate her vital Qi to check her body. The expression on her face slowly turned from shock to ecstasy, and then to tears of joy. Two streams of tears flowed down her face.

Chapter 794-two conditions

“My Lord, I hope that you can remove all the hidden dangers in my body. As long as the power of the curse is removed, I’m confident that I can return to the body of an ordinary person within three months! No, he was even better than an ordinary person, and he had a devil-like figure! I know all the shaping techniques in the world!”

Jiang ruomei’s eyes were burning with madness. The fact that she had been suppressing for many years had almost made her completely desperate. Even master Lu congzi of the sea of soul formation was

helpless. Who else in the world could cure her? He had the thought of seeking death several times, and had been living in a humble manner, living in the shadows of others.

At that moment, she finally saw hope. A beam of sunlight fell from the sky and shone on her. At that moment, Yunxiao was an Angel in her eyes.

don't get excited," Yunxiao said with a smile. take it slow. I'll remove half of the curse first, and you should be able to slim down by half very soon after you adjust your body size."

I'm still a fatty even if I'm half as thin as before! Jiang ruomei said anxiously. I want to become a slim beauty, even slimmer and more beautiful than Jiang Ruobing!

There was a trace of ruthlessness in her eyes, as if she was already extremely dissatisfied with Jiang Ruobing. She was about to surpass Jiang Ruobing, and the sense of urgency made her so excited that she was about to go crazy.

your skin color, face shape, and facial features are all very good," Yunxiao said with a nod. after you slim down, you will not be inferior to Jiang Ruobing in terms of beauty. However, the removal of the last half of the curse seal is the condition of the deal I want to make with you. Do you think I called you here to learn from Lei Feng?"

Jiang ruomei was stunned and immediately said, " Lord, please speak. As long as it's something I can do, even if you ask me to climb a mountain of daggers or plunge into a sea of fire, I won't even bat an eyelid!

Her face was filled with determination, and the hope of life was inadvertently ignited. She could not give up no matter what. If she lost this ray of sunlight again, she would rather die!

you don't have to go through so much trouble," Yunxiao said with a smile. you don't have to.

Jiang ruomei frowned. When she saw Yunxiao's sunny smile, she was suddenly startled and said, " I understand. You're here to participate in Jiang Ruobing's Challenge Tournament. You want me to help you win? "

She was stunned for a moment and pondered, 'it's hard to fake it when it's held in front of all the heroes in the world! But if you're willing, I can think of a way to let you have a taste of Jiang Ruobing first and make her future husband a cuckold. Hehe, I wonder if you're interested, my Lord?"

Jiang ruomei's eyes revealed a trace of gloating viciousness. She laughed and said, " "Ruomei's body is currently fat and swollen, and she is not worthy of Daren's attention. After I lose weight, ruomei is willing to become Milord's female slave and listen to Milord's commands. Milord can use ruomei however he wants."

Yunxiao looked at the mountain-like fat, and as if someone had poured a bucket of cold water on him, he trembled all over. "Don't think of it the wrong way. I don't have the Fortune to have you two sisters."

I'm here for two things, " he said seriously. first, you must return to the governor's mansion as soon as possible and try your best to help Jiang Ruobing obtain the Dragon's Secret treasure and the 18 moon pearls from the East Sea. Jiang Ruobing will bring these two items to me at the gathering of the heroes two days later. If she fails, then the half of the curse mark on your body will be hopeless."

Jiang ruomei shuddered and said hurriedly, " "Ruomei will risk her life to complete the mission!" A hint of suspicion flashed in her eyes, and she said, " "So it turns out that Daren and little sister Ruobing knew each other from a long time ago."

An indescribable anger suddenly rose in Jiang ruomei's heart. It turned out that Jiang Ruobing knew that there was someone who could break my curse, but she never said a word. She watched as father and mother searched for medicine for me all over the world, but she also pretended to be concerned. It turned out that she had a solution all along!

Damn it, that damned Jiang Ruobing! You've wasted more than ten years of my youth. I can't stand by your side!

Yunxiao had no idea what she was thinking, so he continued, " as for the second thing, two days later, I will go to the wind and moon building with another friend. You have to make sure that we get out of there safely. Otherwise, if something happens to us, you won't be able to touch the curse mark.

"This is simple!" Jiang ruomei hurriedly replied. This is the red moon City, whoever dares to touch you, my Lord, is purely against me. If they don't want me to lose weight, I will definitely kill their entire

family!” Jiang ruomei’s eyes flashed with a trace of fierceness, but she gradually calmed down and said, “Does my Lord have a third condition?”

“Not for now,” Yunxiao said. After we leave the wind and Moon Hotel, I will arrange a place to meet you and remove the last mark on your body.”

Jiang ruomei hesitated and said, “my Lord, you can’t possibly have left unscathed, right?” This matter is too important to ruomei. I can not afford to be careless.”

Hmph! Yunxiao stared at her and snorted. if you think I’m so untrustworthy, you don’t have to make a deal with me. What good would lying to you do me? On the contrary, I’ve caused you to hunt me down in the entire world.”

Jiang ruomei forced a smile and said, “My Lord, don’t be angry. I’m just paying too much attention. Don’t worry, I’ll definitely do these two things well!”

She was very nervous, fearing that Yunxiao would leave in a bad mood, and she would cry and faint on the spot.

Now, no matter what, she had to do her best to satisfy and please this person. Even if she wanted to run around the city naked, she could only brace herself and do it. She didn’t want to have such a fat life anymore. Her heart was like a pool of stagnant water, but now that there was suddenly hope, she would go crazy if she returned to the stagnant water!

yes, you can rest assured. I always keep my word!

After saying that, Yunxiao did not want to stay here any longer. He teleported away, turning into a beam of light and disappearing into the distance.

Jiang ruomei’s eyes widened as she watched Yunxiao walk away. It was only then that she came back to her senses. Everything that had happened just now felt like a dream.

After so many years of depression, she had easily found a way to get rid of it at this moment, which was somewhat unbelievable. After being stunned for a moment, she once again circulated the origin power in her body and suddenly felt that the thick fat in her body was squeezed off bit by bit under the pressure of the cultivation method, squeezed into oil and water, seeping out of her skin. A moment later, she had become a greasy fat woman with a foul smell.

However, Jiang ruomei was overjoyed. She laughed so hard that she almost cried.

.....

After leaving the base of the ice organization, Yunxiao found a random hotel, asked for a secret room, and began to cultivate.

In his battle with Wen Lin, it was the second time he had used that hammer. It seemed that in the state of his body turning into lightning, the connection between him and the hammer had become even closer, and both of them could be strengthened.

After he entered the divine realm tablet, he summoned the hammer and played with it in his hand. He muttered to himself, "the rule of Thunder in this hammer is exactly the same as the Thunder tribulation. If there is a ninth-tier profound artifact in the divine realm tablet, can I use this hammer to replace the Thunder tribulation? The lightning within this monument might be even more powerful than the lightning tribulation outside."

With a thought, Yunxiao summoned the calabash Little King Kong. With a cold gleam in his eyes and a slight smile on his face, he said, "Hehe, let's do an experiment with this first."

His left hand began to continuously make hand seals, sending out all kinds of talismans that flew around the gourd little Vajra. Circle after circle of formation condensed in front of him, surrounding the gourd little Vajra into a big dumpling, and the formation continued to expand.

Yunxiao picked up the hammer with his right hand and poured his divine energy into it. Immediately, the Golden tadpole-like characters shone on it, and tens of thousands of Thunderbolts spread out with the hammer as the center. At the same time, Yunxiao transformed into a Thunderbolt and raised the hammer high, then smashed it down on the gourd Little King Kong.

“BOOM!”

With a single strike, the heavens and earth trembled, and lightning flashed for tens of thousands of miles.

The calabash Little King Kong opened its mouth wide and roared repeatedly. Its face was full of pain. It was obvious that it was very uncomfortable to be hit by the Thunderbolts. The lightning struck his body, and more than half of it was reflected back. However, it was absorbed by the surrounding formation and poured back into him.

With this repeated, the calabash Little King Kong had to go through several Thunderbolts. Its entire huge body was straight under the lightning and it screamed repeatedly.

The demonic Dragon also appeared and said, “ it’s too cruel. I can’t bear to look at it!

Yunxiao’s mouth widened into a smile. I’ve hammered it hard. How can I hope for a rainbow without experiencing Thunder? ” He raised his hammer high again and smashed it down ruthlessly!

“Boom boom boom!”

Thunder and lightning continued to rumble, and the entire divine realm tablet could not calm down. From time to time, there were figures flying over. In a short while, almost everyone had gathered and were watching in horror from a distance.

what did Little King Kong do? ” young Emperor haolian asked in shock. young master Yun, why are you torturing him like this? ”

Mo Xiaochuan smacked his head and said, “ That little Vajra is a profound level weapon, so he should be refining it. I think I should use you to refine it and see if it can improve my IQ!”

“That thing isn’t a profound level weapon. Strictly speaking, it should be a demonic beast, but to use the method of refining profound level weapons to increase the level of demonic beasts, he’s the only one

who can think of it and do it." If this stone beast can survive this tribulation, its future will be boundless."

what if I can't? " Duan Yue frowned. what if I can't? "

Yuan gaohan glanced at him indifferently and said,"If he can't, then he'll really become a profound level weapon."

Duan Yue,"Yingluo."

Suddenly, the DarkThunder beside Duan Yue trembled and growled in a low voice, as if the abnormality of the lightning in the world had stimulated it.

...

what? " Duan Yue asked in surprise. what? " Do you want to go up there and get hit?"

"Pi pa Pi pa!"

A few electric arcs suddenly jumped out of DarkThunder's skin and hair, spreading around its body. Its entire body was charged with electricity, and it was getting stronger and stronger.

"The DarkThunder is a Thunder-type demon beast," Yue julin said in shock,"perhaps it was affected by the field energy of the prison of Thunder." I'm just a martial artist who has cultivated a lightning attribute cultivation technique, but under this energy, I feel like my blood is boiling, like a fish returning to the sea. This beast's senses should be even stronger than mine."

"Yes."

Duan Yue put on a profound look, nodded slightly, and said, " if that's the case, then go ahead if you want to be hammered. No one will stop you.

Chapter 795

## 795 Refining

DarkThunder had been with the two of them all day long, and they had developed a strong tacit understanding with each other. When Duan Yue casually said that, it trembled and bowed slightly, looking straight ahead with an extremely vigilant gaze.

“Whoosh!”

Without anyone noticing, the DarkThunder had really rushed out, leaving everyone stunned.

Although it was a Thunder-type demonic beast, it would still die under the heavenly might of this kind of Thunder, even if it could transform into lightning!

Duan Yue was dumbfounded. He was just making a casual remark, but he did not expect that the beast was really going to court death. He stomped his feet anxiously and roared, “Bastard, come back!”

But the DarkThunder would not listen. It had already reached the periphery of the prison of Thunder. The lightning that was constantly shooting out of it struck its body. Its hair stood on end, and its roar kept getting louder.

Yunxiao had also noticed DarkThunder’s strange behavior, and he looked surprised. While he continued to knock the gourd Little King Kong with his hammer, he observed the demon beast.

To his surprise, he discovered that the demonic Qi fluctuations emanating from the DarkThunder’s body were gradually becoming more and more consistent with the frequency at which his hammer was striking down.

He didn’t know if this was a natural reaction or if the beast was trying to adjust itself. If it was the latter, it would be too shocking.

In the martial Dao, some martial techniques were to adjust one’s own frequency continuously, making it become consistent with the surrounding environment and even the rules of heaven and earth. From there, one could draw on the power of heaven and earth. It was an extremely difficult combat technique

to grasp. It was easy to achieve during cultivation, but in actual combat, the opponent would not give you time to adjust your body.

When Yunxiao realized this, he began to hammer at a regular frequency while he sensed the heartbeats of the two demon beasts with his divine sense. If there was a problem, he would immediately stop.

From a distance, Duan Yue saw that DarkThunder seemed to be fine for the time being, and he was a little relieved. After staying together for so long, the three of them had developed feelings for each other.

“BOOM!”

After Yunxiao’s normal strike, the prison of Thunder suddenly reacted. There seemed to be something wrong with the array that had gathered the Thunder and sent it back. All the Thunderbolts whistled toward the DarkThunder, as if it had a huge suction force. Bolts of tribulation lightning kept piercing through its body, and the roars of beasts were earth-shaking!

Yunxiao’s face flickered, and he hurriedly stopped hammering. This was something he had not expected. The Thunderbolt was so strong that he could no longer feel DarkThunder’s heartbeat, and he did not dare to continue.

All the formations around the gourd Little King Kong were broken by the power of Thunder, and all the thunder and lightning gathered on the DarkThunder. After the thunder and lightning whizzed past, a charred body appeared in the air, even emitting a roasted fragrance.

“This bi an ...”

Everyone was dumbfounded. He actually roasted Tao Wu.

“Well-done?” young Emperor hao lian was surprised. Medium well?”

“Ah? He actually died? What an idiot!”

Duan Yue roared and turned into a beam of light as he rushed forward, his eyes filled with grief and indignation.

Yue Jiulin's face was also gloomy as he flew up.

Yunxiao put away the hammer, glanced at the calabash King Kong, and sighed. There was an accident and I'm stuck at the peak of the martial honor realm. I can only wait for the next time to refine it.

He reached out his hand and stopped Duan Yue and Yue Jiulin a thousand meters away, then said, "Don't get too excited, it's not dead."

As soon as it finished speaking, the DarkThunder's charred exterior began to peel off layer by layer. Rays of green light bloomed from its body, and an invisible force began to appear, pushing it away in the air.

"This is the Tao Wu's domain!"

Duan Yue was shocked, but he was immediately overjoyed. The DarkThunder had advanced to the rank of martial honor after passing the Tribulation!

The domain was unusually powerful, and the two of them found it hard to breathe. The two of them smiled at each other and also released their auras. They were both martial honors and resisted the domain of the DarkThunder together.

So you're not dead. I thought that tonight's meal could be improved.

Young Emperor Haolian shook his head in disappointment.

Both Duan Yue and Yue Jiulin were shocked. This demon beast had just stepped into the martial venerable realm, but the power of its domain was stronger than all of them combined.

Yuan gaohan stared at the DarkThunder for a while and smiled bitterly, a martial arts Grandmaster demonic beast has followed you for so long and has advanced to the eighth rank of martial honor. This bi an. he shook his head repeatedly as if he had nothing to say.

Yunxiao chuckled. aren't you almost at the ninth-tier as well? in my opinion, you'll be able to break through to the ninth-tier after refining seven or eight more swords. When you and I become one, even Lu congzi or your master will be left behind by you. You'll have to protect me more in the future."

Yuan gaohan's expression changed slightly, as if he was a little angry, snorting,"Although my results today are due to helping you refine armaments, but I have also refined nine ninth tier profound armaments for you so I don't owe you anything. When we meet in the future, don't talk about friendship with me!"

"Hahaha!"

don't be so heartless! Yunxiao laughed. it seems that I can only let you go after I have established a good relationship with you.

"You coward!"

Yuan gaohan shut his mouth in anger. This person had a harmless expression, but in fact, who knew what he was thinking in his mind? maybe one day he would come up with a new idea and refine himself. He wiped the cold sweat on his forehead and said,"How's the gourd Little King Kong?"

Everyone looked into the distance. The calabash Little King Kong stood in the air with a dispirited look. Its head drooped and its limbs drooped. It was obvious that it was slowly recovering from the heavy injury.

Yunxiao sighed and said, " I thought I could climb all the way to the nine Heavens realm, but something unexpected happened. I'm stuck at the peak of martial honor now. I can only wait for the next opportunity. Ever since I refined his body, his self-recovery ability has been greatly reduced. But old Yuan, do you have any way to improve it?"

Yuan gaohan glared at him and said, "now the gourd Little King Kong's whole body is made of ninth-tier materials, so its self-recovery will naturally be slow." If he had all the ninth-tier materials and his recovery speed was as fast as before, that would be terrifying!"

He suddenly paused, as if he had a tacit understanding with Yunxiao. The two of them raised their heads at the same time, looked at each other, and called out at the same time, "Memory origin gold!"

Yunxiao smiled and said, "hehe, why did I only think of this now? I'm really looking forward to it!

Yuan gaohan's eyes widened in shock, and he said in shock, if it's successful, wouldn't it become a profound level weapon beast that can heal itself infinitely and can't be killed at all? "

Yunxiao laughed. it's not that terrifying. When I met a peak-stage martial artist, I crushed him with one move, and his heart was gone. How can I not be killed? "

Everyone was speechless. How could he be compared with a powerhouse at the peak of martial arts? if the calabash Little King Kong could advance to the martial Supreme realm and recover its instantaneous self-recovery ability, it would be able to cross several stars and challenge high-level martial Supreme powerhouses. It would definitely be a great killing weapon!

Yuan gaohan said, " your DarkThunder was pulled all the way from a martial ancestor to a martial honor by you. This is also a great achievement. I will write it down in my book as an important experience. If this Little King Kong Calabash can do as you wish, then we can even consider mass producing it. "

Everyone was shocked. As long as there were twenty of them, they would be able to annihilate any existence below the seven major forces!

Everyone fell silent. Just thinking about it made them feel shocked, including Yuan gaohan. He had only casually mentioned it, but he had inadvertently discovered the horror within.

Yunxiao also fell silent for a moment. Then, he suddenly laughed and said, "Haha, the resources that can create twenty gourd Little King Kong are enough to build a big force! First of all, he had to catch twenty Stonehead Kings. One or two of these things were fine, but the rest would depend on luck. next, I need at least forty sets of materials for ninth-tier profound artifacts, and two sets for the size of a

stone beast. Without the unique advantages of the true Phoenix Fire and my divine realm tablet, if an ordinary Alchemist were to refine it, a ninth-tier Alchemist would only be able to refine it twice a year at most, and the failure rate would definitely be more than fifty percent! In that case, they'll need five ninth-tier alchemists to make a backup of a hundred sets of materials for ninth-tier Mystic artifacts."

Yunxiao looked at the stunned crowd and chuckled. a force with five ninth-tier alchemists and a hundred sets of materials for ninth-tier profound artifacts can easily kill any existence under the seven superpowers no matter what.

When everyone heard this, they felt that this was indeed the case. After thinking about it, they relaxed. Otherwise, the effect would be too terrifying.

Yuan gaohan's face was still solemn as he stared at Yunxiao and said, "The problem of success rate and Alchemist you mentioned will not exist if it is refined in your divine realm tablet! With just me alone, I can make nine more in a year's time, if I use the remaining Northern heaven frigid sword star metal and skyshine void metal you have! With such an existence, you can look down on the world!"

...

Yunxiao's expression flickered as he smiled. you can help me refine thirty Mystic swords with the northern heaven cold star Iron. I'll turn them into thirty-six Tiangang sword diagrams. They're enough to kill ten of them. Unless it's a large-scale Guild War, there's no point for me to fight against too many gourd little Guardian Warriors."

"But it's of great significance to the Saint domain!" Yuan gaohan said with a serious expression. With the resources of the Holy region, if such a team was formed, it would be enough to shock the world, and it was definitely a great act for the stability of the heavenly martial arts realm. Li Yunxiao, I hope you can give me the refining method of this Calabash Little King Kong. I'm willing to exchange it with anything you need!"

haha! Yunxiao laughed. you don't have what I want for now. Come and talk to me when you have it!

After saying that, Yunxiao gradually retreated from the divine realm tablet, leaving behind the stunned crowd and Yuan gaohan, whose face was gloomy and uncertain.

Chapter 796-doubts

With the divine realm tablet and many abnormal resources, Yunxiao's growth was enough to pose a big enough threat to the Holy realm. This made Yuan gaohan's heart tremble, and he could not imagine that if he were allowed to continue developing, when Yunxiao returned to the peak of martial arts, with these abnormal means, who in the heavenly martial realm would be able to control him?

Moreover, Yuan gaohan had also vaguely sensed that Yunxiao seemed to have other trump cards that he had not revealed to him. The more he thought about it, the colder his heart became, and the passion he had for refining the northern heaven cold star sword was immediately frozen.

Constantly refining swords with divine fire was of great help to the improvement of his soul power. Just as Yunxiao had said, if he could refine another seven or eight swords, he would very likely step into the ninth-tier, which he had been dreaming of. At that time, he would be able to break through to the peak of the ninth-tier, and even peep into the tenth-tier divine Alchemist Realm.

But, when he thought of how powerful the heavenly Sword picture, shenxiao's Mountain-guarding treasure, was, which was formed by Yunxiao's thirty-six ninth-tier Mystic artifacts, he was afraid that even ao changkong's indestructible golden body would be ground to death!

After weighing the pros and cons, would it be a blessing or a curse if she continued to help him? But, even if he did not help, Yunxiao could refine these things himself, and it would just take him a little more time.

Just as he was feeling uneasy and uncertain, Yunxiao's voice suddenly came to him, " "Oh right, I forgot to ask you something. Have you ever heard of the name Wen Lin?"

Yuan gaohan was stunned for a moment and after thinking about it carefully, his expression suddenly changed and he exclaimed in horror, "What's wrong? You've seen this person before? Where did you hear this name from?"

Yunxiao noticed his unusual expression, and he said with a smile, " "Hehe, so you do know a little. Tell me, what's going on with this kid?"

"What do you mean what happened? I don't know what you're talking about!"

Yuan gaohan also seemed to have noticed his loss of composure and immediately denied it, "I've never heard of it. I'm just curious."

Yunxiao snorted and said with a cold smile, "Oh? Was there a need to be so curious? You're so curious that your face has turned green. He was sent by your master, Amaterasu, and his soul has the brilliant light seal under Amaterasu. I only know that Amaterasu knows how to use this thing. As his disciple, I wonder if you've learned it yet?"

"What?"

Yuan gaohan's expression suddenly changed, becoming extremely unsightly as he roared, "Li Yunxiao! Please don't do anything that will get you killed! You actually read his memories? You're really audacious, you really don't know what death is, you deserve to die!"

Yunxiao found it funny to see him so angry, so he said, "Don't be nervous, I didn't hurt him. He was also the one who spied on my great sorrow Twilight cloud treasure mirror and wanted to use his eye technique to intimidate me. Haha, you should know the result. It's a pity that the key parts were locked by your master. You've received your master's art Dao true inheritance, so you should have learned how to unlock it, right?"

"Hmph!"

Yuan gaohan's face was livid as he coldly snorted, "You want me to unlock it for you? dream on! Don't hurt that person, or else you'll really be like an old man hanging himself, seeking death!"

His expression suddenly changed as he cried out in horror, "What did you just say? He's coveting your great sorrow ancient Cloud Mirror? The sunset cloud treasure mirror is with you?"

Yuan gaohan couldn't remain calm and said in shock, "Where did you get this thing? I've only read about the existence of such a mirror in some information, but I didn't expect it to be real. Master and I tried to make an imitation according to the scattered records in the ancient books. We did make a few, but none of them were satisfactory. Can you let me take a look at your mirror so I can confirm its authenticity?"

Yunxiao was silent for a moment. it doesn't matter to me whether it's true or not. What's important is that I can use it with ease. I'm very used to it now. That's right, that Wen Lin later found people to assassinate me. Those people were all killed by me, and Wen Lin himself also transformed into a monkey and escaped."

m-monkey?!

Yuan gaohan's face was smoking with anger as he gritted his teeth and said,"You really deserve to die, li Yunxiao! You really are a troublemaker!" "If you want me to continue forging swords for you, you must let me take a look at the sunset cloud treasure mirror and swear to never cause trouble for that Wen Lin again!"

it's up to you whether you want to refine it or not, " Yunxiao snorted coldly. if you don't come out with thirty-six swords, you'll have to stay here for the rest of your life! As for that Wen Lin, he's always been the one looking for trouble with me. Please don't be mistaken. Also, if you want to see the sunset Cloud Mirror, it's easy. Just tell me about Wenlin. Hehe, whether it's the sunset Cloud Mirror or the refinement method of the gourd little guardian deity, you're the one who's begging me now,"

"So you'll let me out after I finish forging 36 swords?" Yuan gaohan was furious.

big brother, calm down, " Yunxiao said with a smile. don't be angry. Getting angry was using other people's mistakes to punish oneself. It would hurt one's own body. It was not worth it. One had to relax one's mind in everything. Only then could one live happily and freely. As for letting you go, I won't let you go without the thirty-six swords. Even if I have the thirty-six swords, I'll only let you go after I've confirmed that there's no danger."

Yuan gaohan's face turned green with anger and he snorted,"You want to know about Wenlin? no way! I won't tell you even if my soul is destroyed! I'm warning you, even if you were once a peerless martial sovereign, you don't have the right to touch everything!"

He was so angry with Yunxiao that he did not want to waste his breath on him. He turned into a beam of light and returned to Mount inch.

Gu Yuesheng did not understand why he was angry, but he could guess that he was talking to Yunxiao. He sighed and followed him.

Yunxiao gradually came back to his senses. He sat in the training room and fell into deep thought.

it seems that Yuan gaohan also knows about the Wenlin incident. I wonder what these lunatics of the Holy region are up to. Are they studying the transformation of humans into monkeys? ”

“Although the great sorrowful Twilight cloud treasure mirror is mystical, it shouldn’t be mystical enough for people like Amaterasu to place such importance on it, right? It seemed that this mirror must have a certain function that they needed. Hmm, this is a very good bargaining chip. It might come in handy when we meet Amaterasu in the future.”

“As for the calabash little guardian deity, I’ll think of a way to get the memory origin gold first, then upgrade it to level nine and see the effect. “If the results are satisfactory, it’s not impossible for me to gather more resources and spread it out. However, it’s still too far away now. I should improve my strength and return to the peak of the martial Supreme realm first.”

After letting his thoughts run wild, he was just about to calm down and cultivate in peace for two days when his expression suddenly changed. The demonic Qi in his body became violent and began to surge out of his skin. His entire body was wrapped in a black Qi.

“You’re not giving up?”

I’m a peerless Martial Emperor, ” Yunxiao said coldly. I’m not someone you can possess with just a mere clone. If you’re smart, you’d better stay here!

A white light flashed in his hand, and the moon Pearl of the East Ocean appeared. His body also reacted, and beams of moonlight shot out, illuminating the entire room.

Suddenly, a beam of light flew out of Yunxiao’s body and stood in front of him. It was the demon Dragon’s incarnation, and he said with a serious face, ” “Are you alright?”

Yunxiao performed an incantation gesture with one hand and cried out softly, ” “I’m fine!”

The black gas was completely penetrated. Di ye's human face kept growling in the black gas, as if he was unwilling to yield. However, in the end, he couldn't suppress the powerful force of the divine body and was suppressed.

"The backlash from this mo physique is getting stronger and stronger. I have to find a complete method to refine it, or it will be a hidden danger in the end."

A cold gleam flickered in Yunxiao's eyes, and black smoke was still surging between his brows. Although the devil could not take over his body, it was gradually changing his temperament, making him more and more violent. when we find this East Ocean moon Pearl, " he said, " it seems that the sea of soul formation is imperative!

The demonic Dragon also nodded and said,"that Hu Shengfeng has been cultivating demonic Arts for generations. He can even create something like the demonic vitality lock. He must have a way to deal with the demons." He also obtained Di Jun's body in the Dragon Transformation pool, but I don't know where he hid to refine it. "

no matter whether he wins or loses in refining Di Jun's body, he will definitely return to the sea of soul formation, " Yunxiao said. because he is nie Shengfeng!

The two of them were discussing when they suddenly heard a knock on the door.

"Guest, someone has sent a letter," a voice said.

Yunxiao and demonic Dragon exchanged a glance, both surprised. How could a letter be delivered from a place like this? Filled with suspicion, Yunxiao stood up and went to open the door.

It was the inn's waiter, who handed over a letter and said, Sir, someone left this letter just now, saying that it was for the guest in the ninth room. It should be you.

There was no doubt that the waiter was an ordinary mortal, and he couldn't have hidden his strength under the investigation of his divine sense.

Yunxiao unfolded the letter, and a few words were written in fresh and beautiful handwriting: Three hundred miles outside the north gate of Red Moon City was the nihong bridge. It was signed with the name Jiang Ruobing. The handwriting was not only elegant and refined, but it was also pleasing to the eye. There was also a faint fragrance between the lines. It was indeed written by a woman.

The demonic Dragon also saw the words and asked in surprise, " "Could it be Jiang Ruobing? You've succeeded so quickly, but wasn't the appointed time a day later?" Yunxiao had spent a day in the divine realm tablet refining the gourd Little King Kong.

it's most likely a trap, " Yunxiao sneered. it's a trap.

The demon Dragon looked at his expression and said with a bitter smile, " "If you know it's a trap, you should still go back."

"Not bad!"

you really know me well, " Yunxiao praised. Not to mention that there's still a 1% chance that it's true, even if it's 100% false, I Won't Back Down. If someone wants to deal with me, I'm more than happy to grant their wish."

...

"Can you guess who it is?" the demon Dragon asked.

Yunxiao burned the letter in his hand and said coldly, " "I have some speculations, but I'm too lazy to care. We'll know when we go!"

With a wry smile, the Dragon turned into a beam of light and disappeared into its body. Yunxiao immediately went out, threw out the south-pointing chariot, and headed north of the city gate.

Chapter 797-Rainbow Bridge

Red Moon City occupied a large area, and it was still expanding. As soon as Yunxiao left the city's North, he was no longer restricted by the city's flight restriction. He turned into a beam of light and flew away.

An hour later, he saw a colorful bridge two hundred miles away. It was across a River, and there were farms and orchards around it. Someone was living in seclusion here.

The sound of water gurgled, and white smoke rose from the splashing water. It was like a paradise.

Yunxiao looked down at everything from the sky and sneered. He landed on the bridge in an instant and said coldly, "I'm already here. Whoever you've agreed to meet, come out."

No one came out, but the sound of a zither rang out. It was like resentment, admiration, tears, and complaints. Suddenly, the music changed into a clanging Iron Horse that crossed the river. It was filled with killing intent, and even the sound of the water became panting under the music.

"Clang"

The sound of the zither was smacked down by a large hand and suddenly stopped, letting out a "Zheng Zheng" echo. It reverberated around the bridge, filled with a solemn killing intent.

Pa, pa, pa pa!

A round of applause rang out, and someone softly praised, "Good song, good song. To put the killing intent into the music, I'm afraid that even the Tianqin Martial Emperor, li Huachi, is only at this level."

Then, a ray of light came from the sky and landed directly on the opposite side of the bridge, revealing several figures. One of them was sitting in front of the crowd. It was the person playing the zither. He smiled and said, "Uncle Gou, you're too kind!"

Yunxiao looked over and found that the man was ruan Ziling. He laughed and said, "This is a group of shameless people. Do you dare to say those words in front of li Huachi?"

"Why wouldn't I dare?"

I'm just stating facts," Gou Xingguang retorted coldly. even if li Huachi's martial arts are slightly stronger than mine, can't someone else surpass him in the zither Dao?"

Yunxiao felt nauseated and hurriedly stopped him from continuing. "Alright, alright, you're right. Let's not talk about this anymore."

Ruan Ziling's face was filled with unconcealed malevolent killing intent as he mocked, "It's really a knife above lust! I knew you wouldn't come without a message from the beauty! Now that you've seen me, you know you've been tricked, right? Do you regret it? But it's too late!"

With a wave of his hand, the White smoke was filled with air-breaking sounds. Countless people were lying in ambush around Yunxiao, and their killing intent was almost condensed.

"Haha, brother Ziling, you think too highly of him. To kill such a small fry, you have to make such a detailed plan and send so many experts."

The other young master could not help but laugh. He was also the young master who had been in the restaurant that day. Yunxiao took a look and found that all of them were here.

"Even a Lion has to do its best to hunt a rabbit, this is the logic."

Ruan Ziling smiled slowly. no matter what, this person killed one of the five heroes of the Western Region. We have to give him some face.

Another young master flattered, "Brother Ziling is indeed a genius. I've learned a lot!"

Ruan Ziling stared at Yunxiao and said with a hideous smile, "Li Yunxiao, you are a heartless man, but I am not an ungrateful one. As long as you are willing to crawl over from the opposite side, kowtow three times in front of me, and then crawl over my crotch, I can consider sparing your life.

The ferocious smile on his face gradually froze. He had wanted to see Yunxiao's panic after falling into the trap, or the Furious look when he saw him again, or the hesitant look when he heard that he could live, but he did not see any of those!

What he saw was a nonchalant face that was asking for a beating. The faint smile on that face, the calmness of an ancient well, and the calm eyes made him want to beat her to death, a hundred times!

When he asked for mercy, the other party didn't respect him at all and even dug his nose in front of him!

That face of innocence and innocence

He was picking his nose with his mouth wide open, and he looked absent-minded.

Ruan Ziling had calmly arranged so many things. Instead of killing Yunxiao, he wanted to see his spirit destroyed, so that everyone would know that offending him would lead to eternal damnation. However, at this moment, he no longer had the leisure to do so. He suddenly felt that it was really boring for him to make so many fancy moves.

"Take him down, but don't kill him. I want to play with him slowly."

Ruan Ziling waved his hand and said in a low voice. He felt a sense of powerlessness. It seemed that only by taking Yunxiao down and slowly torturing him could he wake up and see the expressions he wanted to see.

In the air, waves of elemental energy fluctuations suddenly spread out. Everyone was on guard, and as one person instantly attacked, dozens of people simultaneously brandished their weapons. In an instant, brilliant light illuminated the entire sky, dispersing all the White water vapor and blasting it down towards the Rainbow Bridge.

"Uncle Gou, it's a pity that you can't keep your Rainbow Bridge today," ruan Ziling laughed softly.

"The bridge can be rebuilt if it's destroyed," Gou Xingguang laughed heartily."Since it was willing to sacrifice itself for young master Ziling, its mission can be considered complete."

Ruan Ziling laughed. hehe, if it wasn't for the fact that all the martial Supreme powerhouses in the Redmoon city are recorded in the book, I wouldn't have the slightest authority to mobilize them. Otherwise, I wouldn't have to come here and trouble uncle Gou.

"It's my honor," Gou Xingguang laughed heartily. "Young master Ziling, you're treating me as an outsider if you continue to say this. In my opinion, the martial honorables that the young master himself brought are enough to kill this kid."

I hope so," ruan Ziling said. after all, this person killed Cheng Yong with one move. He can't be underestimated!

The dozens of people who had attacked were all people that ruan Ziling had secretly brought out from the ruan family. They were at least martial honors and were almost the core strength of the ruan family that he could mobilize. They had all been dragged over! After all, without the token of the elders, he couldn't mobilize the martial sovereigns of his family. Without ning hangfeng's verbal order, he couldn't mobilize the power of the Imperial Army. These were all experts he had found within his ability.

they're all martial Venerables. This scene ... Tsk, tsk, tsk, tsk, tsk ...

Yunxiao praised, but there was a mocking look on his face. His body slowly turned light green, and in an instant, he turned into a Thunderbolt prison. A hammer emerged in the center of the Thunder prison, and immediately, the sky changed color as tens of thousands of Thunderbolts exploded!

fifteen ton weight of Thunder splitting dynamic light wave!

Yunxiao's joyful voice rang out as the lightning devoured the sky and earth, instantly devouring the sky and earth on the other side of the rainbow Bridge. The entire world was turned blue, and all the martial Supremes were enveloped by it. The light of all kinds of attacks dissipated in an instant, leaving only miserable screams!

"?! What? Turning his body into lightning?"

Ruan Ziling and the others jumped up, their eyes almost falling out of their sockets!

The lightning hell covered half of the sky and the earth, devouring everything!

this ... This is indeed the Thunderbolt that the Jiang family has transformed into!

Gou Xingguang's entire body was drenched in cold sweat as he said apprehensively, "Young master Ziling, is this man really not a member of the Jiang family?" His heart was fluctuating. He thought to himself, could it be that ruan Ziling is here to lure me into a fight because he's angry with the Jiang family? the consequences of offending the Jiang family are much more serious than pleasing me, a direct descendant of the ruan family.

Ruan Ziling's face was contorted in an unusual manner. He roared, "Jiang Ruobing! You b \* tch! He dared to teach such a secret technique of the Jiang family to outsiders! She's about to become my sister-in-law, but she's actually secretly in love with this brat. She should die!" His face twitched as he grinned hideously, "Haha, this time, li Yunxiao is dead! If you secretly learn the Jiang family's lightning transformation, you'll definitely die!"

He was suddenly in a good mood. If he had known that Yunxiao knew this move, he would have told the Jiang family directly, and he would not have needed to do anything.

"Young master Ziling, are we still going to make a move?" Gou Xingguang asked in embarrassment. Your subordinates are about to die."

what?" ruan Ziling was shocked and said anxiously, " attack! Quickly attack!

Cold sweat broke out on his forehead. These were the core strength of the ruan family. If they all died, he didn't dare to imagine the consequences!

yes," Gou Xingguang replied softly. With a wave of his hand, a powerful sword-light descended from the sky and slashed directly into the prison of Thunder. Emperor Qi swept across the place where the sword-light passed, splitting the green sky and earth. A martial Supreme had made his move!

Suddenly, a huge hand emerged from the thunderous hell that Yunxiao had transformed into, raised the hammer, and smashed it at the sword beam.

...

“Bang!”

The sword beam hit the hammer, sending out tens of thousands of Thunderbolts. The Rainbow Bridge suddenly collapsed, and Yunxiao, who had transformed into a prison of Thunder, returned to his original form. He was knocked down into the water with the hammer!

“Huala”

It created a shocking water dragon and disappeared.

A figure descended from the sky, carrying a huge sword on his shoulder. He stood on the broken bridge and looked coldly at the river.

The dozens of martial Supremes in the sky who had been struck by the lightning were scattered in all directions. Many of them could no longer be seen clearly, and only their bodies were charred black. More than half of them were dead.

“Dammit! You should die!”

Ruan Ziling was so angry that her whole body trembled. She repeatedly slapped her palm on the guqin, directly shaking it to pieces. She threw it out with a single throw. Her eyes were full of haze as she said, Uncle Gou, did li Yunxiao take the opportunity to escape when he fell into the river? ”

Gou Xingguang smiled. don't worry, young master Ziling. This River is used to refine aegirine, and there are thousands of various formations and restrictions down there. Furthermore, my second brother Gou yueguang is guarding it. If he's on the shore, he might have a chance of survival, but he'll definitely die if he goes down there!

“BOOM!”

Suddenly, a Whirlpool appeared in the river, stopping the rapid flow of water. It suddenly exploded, creating a water dragon that soared into the sky.

...

Yunxiao's figure was faintly discernible in the water Dragon.

"Hmph!"

On the broken bridge, Gou riguang, who was carrying a large sword, snorted coldly. His broad sword slashed towards the Water Dragon. Hundreds of sword radiances were produced in an instant, shattering the Water Dragon into pieces, leaving only water vapor in the air.

But, Yunxiao was nowhere to be seen.

A sneer appeared on Gou RI Guang's face as he raised the large sword in his hand and began to brandish it in the air. Streaks of sword light shot out in all directions, splitting the entire sky into pieces and over a hundred spatial rifts appeared all of a sudden. It was truly terrifying!

Chapter 798

798 The great killing array

Yunxiao's figure was constantly slashed apart in the space, then turned into a beam of light and disappeared. All that was cut was an afterimage, but the speed of the sword light was getting faster and faster, approaching him step by step.

"Cut your sister, aren't you tired?"

Yunxiao gave a furious roar and finally stopped. Holding the cold sword in his hand, he greeted the incoming attack with the thousand feet sword technique.

"Bang!"

Gou riguang's sword Qi was so fierce that it made Yunxiao's body go numb and he kept retreating.

Without the slightest chance to catch his breath, Gou riguang's figure flickered as he caught up to them. The large sword in his hand didn't stop for even a moment. Within the hundred sword lights, he raised his sword and circulated his Qi. An unparalleled sword light condensed and streaked across the sky, slashing through the void!

Yunxiao was taken aback. Gou Ri Guang's strength was at least no weaker than mo Xiaochuan's. This place was a little strange, and he could not sense everyone's cultivation base with his divine sense. The strange feeling came from the bottom of the river.

At the same time, there was a Martial Emperor hiding in the river. If he had not walked quickly when he fell in, he would have been buried under the river.

"It seems that in order to kill me, you did put in some capital!"

Yunxiao took out the mirror of sunset clouds with his left hand and held it in front of him.

"Bang!"

The sword Qi hit the mirror and split into two in an instant. Most of it was sent back the way it came, while the other half went through the mirror and headed toward Yunxiao.

The devil Sky silk was revealed at this moment, and the sword Qi shook the armor. The pitch-black armor that was surrounded by demonic Qi was shaken out, and the demonic Qi was dispersed.

Yunxiao's body was also wounded, and his blood and Qi were in turmoil. A mouthful of blood flowed up his throat, and a sweet taste of blood filled his mouth.

"What?"

Gou Ri Guang's heart jolted with shock, and he instantly struck out with his sword again, slashing towards the reflected sword light. A large ball of blinding light exploded, and only then did he manage to avoid being injured by the sword light.

"What kind of mirror is that? It can actually counter-shock attacks?"

Gouxing Xing's eyes focused, and he revealed a look of joy. He shouted, "Third brother, quickly kill him and take the mirror and sword!"

Yunxiao's face darkened. This Gou Ri Guang, the one in the water, and Gou Xing Guang, who was next to ruan Ziling, there were at least three martial sovereigns lurking here, and all of them had extraordinary strength. If he wanted to leave, no one could stop him, but it would be even more difficult to kill the three.

"Your strength isn't bad, but you can't escape death!"

Gou riguang spat out these few words concisely, and his body instantly flew up, slashing down with his sword light again. He had learned his lesson this time, and didn't dare to use too much of his full strength. He didn't want to be reflected back by the other party's treasured mirror and catch himself off guard.

With a flash between Yunxiao's eyebrows, the calabash Little King Kong flew out, which grew huge in the blink of an eye and threw a punch.

"BOOM!"

The fist landed on the sword light, and a powerful aftershock burst out. The gourd Little King Kong was sent flying by the sword Qi, and only a crack appeared on his fist.

He immediately roared and pounced forward. This time, he didn't use the Vajra punch, but his two fists kept smashing down in the air like a madman. The sky was filled with fist shadows and the rumbling sound of space breaking.

“What is this?”

Gou RI Guang’s heart jolted with shock. The fist shadows that filled the sky were so dense that even the wind couldn’t pass through. Every strike was like a ninth tier profound artifact smashing down. Although it wasn’t able to cause him any fatal injuries, he had no choice but to block. He also raised his sword and started to dance around him. Sword Qi slashed out and broke the fist radiance!

Soon, the gourd Little King Kong’s fist wind was suppressed, and the sword light continued to cut directly on his body, making a “ bang, bang ” sound of metal clashing, but it was useless. It did not reduce the gourd Little King Kong’s fighting spirit at all. The more it fought, the braver it became. Moreover, it gradually pressed closer to the sword Qi, and the fist in its hand did not weaken at all.

Ruan Ziling was a little dumbfounded. He said awkwardly, “ “Is this a puppet?” Initially, he thought that the battle would end in an instant with the help of a Martial Emperor. He did not expect it to drag on for so long. Moreover, it looked like Gou RI Guang was starting to lose.

Gouxing Xing was also feeling a little dizzy.”It should be a puppet, right? However, Yingying is a puppet. Why is she roaring so furiously?”

A handsome young master said, “ I have some understanding of the art of puppets. Sometimes, in order to make it more realistic, sound wave formations will be embedded in it. For example, this beast-shaped puppet can be made with the roars of the beast Kings. It can appear more realistic and scary. Look at the strength of his body, it’s definitely made of ninth-rank materials. Otherwise, even a ninth-rank monster beast wouldn’t be able to take so many sword Qi strikes without being hurt.”

“It’s the ninth-tier material, Kasaya, again!” Gou Xingguang exclaimed in surprise.”Young master Ziling, what is the background of this person? I can see that his treasured sword, treasured mirror, and even the treasured armor that he revealed earlier are all ninth grade profound armaments!”

His heart was filled with apprehension. Even a direct descendant of the Jiang family would not be able to receive such luxurious treatment.

Ruan Ziling’s heart was also in a mess after hearing what he said. He then thought of how Jiang Ruobing was definitely not an ignorant person. She had so easily transformed her body into lightning and sent it out. Could it be that this kid really had a great background?

When he thought of how Ning Hangfeng was very confused and afraid of Yunxiao's method of killing Cheng Yong in the restaurant, he immediately broke out in a cold sweat. He was almost certain that the man in front of him had an extraordinary background.

"Uncle Gou, it's too late to speculate about his origins now. We've already done half of the job. This kid will die today!" He shouted. To tell you the truth, I don't know where he came from either. I only know that he must die today, or you and I will both be in trouble!"

Ruan Ziling's expression softened a little and he said, "Uncle Gou, you've been guarding this aegirine for several decades. Once this matter is over, I will definitely find a way to transfer you back."

Gou Xingguang's heart trembled, and a fierce look appeared in his eyes. He gritted his teeth and said, alright, no matter what his background is, the three brothers of the Gou family will be tied to the same warship as young master Ziling today!

A wave of primordial Qi rippled out from his body, and his long robe fluttered. With a flash, he flew above Yunxiao, and with a sword in his hand, he slashed down!

When a Martial Emperor powerhouse attacked, he did not even say a word and only wanted to kill in one blow!

By the time Yunxiao discovered it, the surrounding space had been locked by the opponent's Emperor Qi. The power of this sword was even stronger than that of light-cutting hook, and could be compared with the strike of the tyrannical sky Tiger. He picked up the mirror and also gathered 10000 rays of light and shot them out, trying to confuse the other party's eyes.

Gou Xingguang felt a sharp pain in his eyes, exactly the same as when the tyrannical sky Tiger attacked him. The sword Qi shook the mirror, making a loud bang.

A tremendous force passed through the mirror and hit Yunxiao, throwing him into the river and splashing water.

A light suddenly appeared on the surface of the river. Slowly, a green array flashed on the water's surface and disappeared.

Seeing this, the calabash Little King Kong suddenly roared and stopped its attack with Gou riguang. It rushed into the river and disappeared with a splash.

Gou Xingguang and his brother were stunned for a moment. As they hovered in the air above the river, strange expressions appeared on their faces.

Ruan Ziling flew forward and hurriedly said, "Why aren't you chasing? Don't let him escape!"

don't worry, young master Ziling," Gou Xingguang said. the array that appeared just now should be the Taihua gold talisman locking array that seals the aegirine. Li Yunxiao must have touched it and been trapped inside. I'm afraid it won't be long before it is refined."

Ruan Ziling frowned and asked suspiciously, "You're sure he'll be refined?"

"Of course," Gou Xingguang replied with a smile,"this is a formation specially used to refine aegirine. Even that ninth-ranked puppet will undoubtedly be refined. It's a pity that he has so many treasures." He sighed.

Ruan Ziling still seemed to be worried and said, "How long will it take to completely refine it into dregs?"

at most, half a day will be enough," Gou Xingguang replied. even if he's lucky enough to escape death, my second brother is still guarding below. It'll be absolutely safe. Young master Ziling, you can rest assured.

"In that case, I'll wait for half a day," ruan Ziling nodded.

...

“It’s so boring on this Great River. Why don’t you come to my house and have a seat, young master Ziling? my third brother can guard this place,” Gou Xingguang said with a smile.

Ruan Ziling then entered the nearby Orchard with Gou shengguang. Gou shengguang, on the other hand, directly sat down in the air above the large river and began to cultivate quietly.

When Yunxiao was thrown into the river by the sword, he was immediately swept up by a strange force and sucked down to the bottom of the river like a vortex. At the same time, his armor and the power of his golden body emerged and automatically protected him.

He was also extremely curious. The power that suppressed his divine sense seemed to have come from the bottom of the river. He also wanted to see what it was, so he allowed the power to sweep him down.

Soon, it was washed to the bottom of the river by the current and the force, and the pulling force disappeared.

However, what came with it was an even more bizarre force that pressed down from the sky, as if it wanted to kill all living beings!

Yunxiao was taken aback. The devil-sky silk emerged from his body, and demonic energy kept rolling out of it. Apparently, it was trying its best to resist the pressure, and the demonic energy was being consumed violently.

Yunxiao performed an incantation gesture with one hand, and a few runes flew out and struck in all directions. After flying for only a dozen meters, they turned into a faint light and dissipated into the water.

“Eh? It’s a refining formation. What kind of formation is so powerful?”

Yunxiao was surprised. He instantly judged the effect of the array, but he was a little surprised by its power. Even a battle suit like the demonic sky armor seemed to be a little overwhelmed.

“This is strange. How could there be such a killing formation in a perfectly fine River?”

...

Yunxiao pondered for a moment, then began to sense the river. The strange divine sense suppression came faintly, and he slowly swam in that direction. Soon, he saw a stone building, which was a simple energy-directing array.

In the center of the array was a model of an altar. It was only half the height of a person, and on top of it was an ordinary stone with an decadent color. At first glance, it gave people a sense of shock!

Chapter 799-neonite

An decadent color appeared on the stone, giving him a hallucinatory feeling. Yunxiao’s mind trembled, and his vision began to slacken.

Suddenly, the demonic Dragon’s Roar came from within his soul, and he was jolted awake. In his shock, he hurriedly executed his eye technique, and waves of mental energy spread out to block the strange power. With his ability, he was almost taken in by the stone. One could imagine the shock in his heart.

there’s something strange about this stone. Even I feel very uncomfortable about it!

“This killing formation should be set up to deal with this stone!” The demonic Dragon said in shock.

Yunxiao performed an incantation gesture with both hands, and his third eye suddenly opened. The three eyes formed different shapes, and their power shot straight into the stone, trying to see through it.

That stone seemed to have sensed something. Just as it was about to clear the clouds and reveal its true appearance, an inexplicable force intercepted the eye technique’s divine sense and rebounded it back in the direction of the investigation!

The backlash was unimaginably fast, and it arrived almost instantly. It broke the eye array in front of Yunxiao and shot into the immemorial heavenly eye between his eyebrows!

“Ah!”

Yunxiao’s forehead was struck by the force, and it exploded with a bang. His spiritual altar and ocean of consciousness were thrown into chaos, and he roared several times as his body rolled in the water, as if he were in great pain.

“Li Yunxiao!”

The demonic Dragon was shocked and quickly chanted a mind-clearing spell. A strange sound came out of his body, but it was to no avail.

“Shut up, you mixed-blood trash bug!”

Suddenly, Yunxiao roared, his eyes turning black as he was completely demonized, with black demonic patterns on his skin. He stared at the stone, and a look of surprise gradually appeared on his face. Then, he suddenly burst into joy and laughed wildly, “Haha, aegirine! It was actually neonite! It was really like he had worn out his iron shoes in a long search, but found it without any effort! It seems I’m the true fate ruler!”

With an excited look on his face, he walked toward the raw stone step by step. Suddenly, an invisible force stopped him. He tried to push forward with all his might, but he was knocked away and rolled over and over in the water!

“What the hell is this formation?!”

Yunxiao was bewildered. His appearance had changed, and he now looked exactly like di ye. He looked around carefully, but the third eye between his eyebrows had not faded away. It was tightly closed, with blood oozing out.

“With the aegirine, all divine sense is blocked. It seems that we can only break the formation with force!”

With a fierce look in his eyes, Yunxiao stepped forward and slowly formed a strange incantation gesture with his hands in front of him. Gradually, a black shadow emerged behind him, and as he performed the incantation gesture, the black shadow also struck down with its palm.

“Whoosh!”

The sound of water gurgled as the black Shadow’s giant palm struck down, pouring into the array around the stone and sending out a large amount of demonic Qi.

A ray of green light appeared in the array around the stone, blocking all the aura outside, unable to penetrate it in the slightest.

“What?”

Yunxiao’s face turned ferocious. After a moment of hesitation, he reached out his right hand and began to constantly activate the divine realm tablet floating above his dantian, trying to take it out and smash the array in front of him.

But as time passed, he tried to use it for a while but to no avail. He immediately cursed, “Dammit! With so many good things in his body, he actually didn’t let me use a single one! The killing array here is extremely powerful. If you don’t cooperate with me, the two of us will die without a doubt!”

But, no matter how he cursed, he could not use any of the profound level weapons in Yunxiao’s body.

“Dammit! I’m a demon master, I don’t believe I can’t break this formation!”

The devil roared a few times and raised his right hand high. A ball of devil Qi turned into a long spear in his hand. It slowly gathered energy, making the spear more solid. Circles of energy rippled from it.

“Clear, peace, split, waste Suan ni”

The demon concentrated all his demonic vitality on the spear. With every word he uttered, a demonic pattern appeared on the spear. In an instant, it caused the river to flow and roll up thousands of layers of waves. Its power shook the bottom of the river!

“Demon master kill!”

The Black Devil spear was thrown out from his hand, and the devil Qi shook the river, causing the world to change. The water in the river turned black!

“Boom boom boom!”

The huge stone array made a cracking sound under his spear, and the broken stones rolled around like profound weapons at the bottom of the river, shaking in all directions. A huge force bounced back the moment the array was broken, directly blasting into the devil’s body, and he spat out a large mouthful of blood!

The blood was also black!

“Not good! This formation isn’t the killing formation!”

the demon’s expression changed and he suddenly felt a destructive power descend. It was the killing intent from before!

“Dammit, dammit! There’s actually a formation outside the formation!”

The demon roared again and again. Unfortunately, he had used up all his energy in that attack and could no longer resist. The black color in his eyes slowly faded.

Yunxiao’s face gradually recovered, and when he opened his eyes again, he was calm. who told you to mess around? you escaped after triggering the killing formation. You can’t do anything but ruin things!

At this moment, on the broken rainbow Bridge, Gou Xingguang's eyes were wide open as he looked in horror at the waves that kept rising in the river and the river that was slowly turning black. A terrifying power that made his soul freeze came from below.

"Whoosh!"

A ray of light flew over. It was Gou Xingguang, Ruan Ziling, and the others.

Gou Xingguang frowned and looked displeased. "What's the matter? why have you summoned me so urgently? could it be that something has happened to that brat?"

"This ... This river is flowing ..."

"Uncle Gou, is there really no problem?" Ruan Ziling asked in shock.

Gou Xingguang's expression changed drastically as well. He stared down for a while before saying, "That brat must be struggling for his life down there, and that's why he triggered the Taihua golden talisman lock formation to reveal his killing intent! "However, this shocking black energy far exceeds that kid's strength. What's going on?" he asked suspiciously.

Ruan Ziling licked his dry lips and said, "Do you think he will break the formation or destroy the Nephilim?" When he thought of this possibility, he was so scared that he trembled. The consequences of that matter were definitely not something he could bear.

"Haha, young master Ziling is overthinking."

"Although this kid is a little strange, it's a joke if he says he can break the Taihua gold talisman locking formation, or the Nephilims!" Gou Xingguang said confidently.

"Have you forgotten the origin of this aegirine, young master Ziling?" he asked with a smile. Back then, the old city Lord had obtained it by accident. Even with his shocking cultivation, he was still affected by this aegirine and became extremely crazy. Later on, we tried all means to peek into the secrets of the aegirine but were still unable to find it, so we invited the world's experts to lay down this Tai Hua gold

talisman locking formation and placed it two hundred li North of Red Moon City, letting us three brothers guard it. If that brat can break the formation and the stone, then the matter of the old city Lord back then would really be a joke!”

Hearing his words, ruan Ziling was relieved and said, ” “I also remember now. The reason why the old city Lord abdicated so early was also because of the influence of this aegirine. He gave up the position of city Lord to Jiang Churan, and there has been no news of him since then.”

His eyes were filled with hatred as he said, ” “If the old city Lord hadn’t left, Gu Feiyang might have died in the red moon City! It wouldn’t have caused our ruan family’s talent to decline!”

“There’s no need to be sad, young master Ziling,” Gou Xingguang said with an apologetic smile.”The moon has its ups and downs, and there’s no such thing as a clan that’s always strong. After so many years of hiding their strength and biding their time, the ruan family now has young master zimao and young master Ziling. In the future, they will definitely become the number one family in Red Moon City!”

...

“Yes, I hope so.”

from what you said just now, ” ruan Ziling said, ” I’m also convinced that li Yunxiao is dead for sure. It’s getting late. Tomorrow, my big brother will hold a gathering of heroes in the Wind and moon building. I’ll take my leave first. If there’s any change in the situation here, inform me immediately.”

“Don’t worry, there won’t be any changes,” replied Gou Xingguang with a smile. The three of us have been guarding this place for too long. I hope that young master Ziling can deal with the higher-ups and transfer us away.”

“Yes, I’ll try my best to deal with this matter,” ruan Ziling said.

He secretly heaved a sigh of relief. He had finally gotten rid of that fiend. The only problem was that too many martial honors had died, and it would be difficult to explain to the higher-ups. Fortunately, the red moon City was powerful and did not have much of an impact.

Under the turbulent River, a ferocious aura circulated. The killing intent was soul-threatening, and all the living creatures in the water lost their lives instantly. It became a land of certain death.

Yunxiao regained control of his body, and his eyes grew solemn as he said to himself, " "This formation is enough to be ranked as one of the world's top killing formations. Could it be that it's all for this so-called 'aegirine'? Even the devil is so excited to see this stone. It seems that if I don't take it, I'll be letting myself down."

The inextinguishable golden body on his body flickered, and his body moved forward quickly in the water. He was about to get the decadent stone on the altar.

Suddenly, an attack shot out from the water at an extremely fast speed, blocking his way forward.

"Huala!

Yunxiao turned back and held the cold sword in his hand. He raised the sword and threw out the dragon-slaying sword technique to meet the light!

...

"BOOM!"

The two attacks collided underwater, forming a Whirlpool that rapidly spun.

"This stone is indeed the key, and it is also the source of energy for the formation. How do I remove it?"

Yunxiao was suddenly caught in a dilemma. The closer he got to the aegirine, the stronger the murderous force he felt. But, even if he did not get close, the array was already in operation, and it would crush him into ashes sooner or later.

The flowing river water around him had become a killing weapon for the formation. The water contained endless murderous intent, and if he didn't have the imperishable golden body to support it, he would have become hundreds of millions of pieces of flesh.

"This Shui Qianqian didn't even give off such a sharp pressure earlier, but it's getting stronger and stronger now. The formation started operating when the demon broke the inner formation. This kind of killing formation is an all-out attack with every strike, so there's no reason for it to become stronger!"

Yunxiao was horrified. If he allowed the array to continue running, even his half-completed indestructible golden body would not be able to last long.

Chapter 800

800 True fiend Dharma idol

The ruthlessness of the killing formation left Yunxiao at his wit's end. He was not in a hurry, but he was a little helpless. If the indestructible golden body could not withstand it, he could hide in the divine realm tablet, which was absolutely safe. The only problem was how to take the aegirine.

Something gradually floated over from the distance. He fixed his eyes on it and saw that it was the calabash Little King Kong. It was also struggling in the river water, waving its fists in all directions. It looked unusually clumsy, and the surface of its body was deformed by the pressure of the killing intent.

"Even a ninth tier profound armament can't block it?"

Yunxiao was taken aback. He spread out his mental power and summoned the calabash Little King Kong back into the divine realm tablet.

li Yunxiao, " the demon Dragon suddenly said. do you remember the devil's all-out attack just now? the river was filled with Devil water and energy.

you mean to say that the demonic aura has corroded the river water, so the killing power of the array has been reduced? " Yunxiao asked. what do you mean? " Hmm, that's a possibility."

“Demon, didn’t you say that if the two of us don’t cooperate, we’ll die?” he said in a deep voice. Why are you hiding now that it’s your turn to cooperate? Don’t tell me you only know how to talk and make others cooperate with you?”

He shouted several times before a cold voice came out of his body, “ “This Lord isn’t as selfish as you. If you want my demonic Qi, then take it. How much you can take is up to you, haha!”

The Fiend grinned hideously. In an instant, a large amount of fiend energy gushed out of Yunxiao’s body and began to demonize him.

Yunxiao’s brows flickered as he sneered, “ “You think you can demonize me again like this?”

His hands quickly formed a seal, and the power of the devil essence formed various patterns in his hands, which flew towards the river. In an instant, the water around him was dyed black, and the murderous aura was reduced.

the demon was shocked and furious, “ how could this be? ” he roared. How do you know my mo skills? Where did you learn that?”

What Yunxiao used was just some simple Devil Arts, which only needed to guide the devil energy surging out of his body through his body. In his shock and anger, the devil tried to cut off the supply of devil essence, but it was too late. The power of the devil essence around him was now under Yunxiao’s control. He was extremely weak after the previous blow, and at this moment, he had no strength to seize the control of the devil essence.

“This devil essence is actually so powerful!”

As the devil essence circulated in Yunxiao’s body, he immediately felt the magnificence of the power, which washed his body over and over again and began to refine his body on its own!

The true fiend Dharma idol left behind by the skeleton suddenly appeared in his mind, and he instantly felt his mind shake. A chaotic and hazy power had completely blinded his divine sense, and the entire world turned dark. The sun and moon had lost their light.

Yunxiao was shocked. It was just the key to the true fiend Dharma idol, but it had already caused such an abnormal phenomenon. He hurriedly calmed himself down and circulated the ball of energy. At this moment, only this kind of energy could resist The Fiend energy that had entered his body. The energy flowed along his six meridians and rushed to his forehead. The dark scene in front of him was instantly shattered, and the surroundings were restored to clarity.

However, the demonic energy in his body began to circulate on its own after being activated, out of Yunxiao's control. It emitted waves of endless power, shaking his meridians and washing his internal organs.

such a powerful corrosive power can actually create such a lively scene. It's indeed the creation of life and death.

Yunxiao was shocked. Since he had already started, he did not plan to stop. He began to cultivate according to the true fiend Dharma idol key formula. Moreover, once the demonic technique came to life, it would evolve on its own, and his body would gradually begin to show strange signs.

“True fiend Dharma idol, it's actually a true fiend Dharma idol!”

The demon's voice kept roaring in his body, but it was getting weaker and weaker, " impossible, it's impossible to be defeated.

Naturally, Yunxiao ignored The Fiend. A huge force rushed out of his dantian and broke through the shackles of his body. The endless power circulated in his body, and a little bit of clarity emerged in his spiritual altar and sea of consciousness. He had actually mastered all the key techniques of true fiend Dharma idol!

“Clear, peace, split, waste Suan ni”

Yunxiao began to spit out devil runes, his face solemn. A Dharma form with three heads and six arms began to emerge on his back, its face dark green and cold, and its face red with anger. Its four arms kept waving in the air, and finally, it performed the same incantation gesture as Yunxiao's real body and placed them in front of its chest. Only then did the other two Dharma forms gradually calm down and their faces returned to normal.

Circles of devil Qi rippled from his body, and when the surrounding river water turned black, the murderous aura of the ominous formation was reduced to almost imperceptible levels.

“This way, we might be able to obtain the aegirine!”

Yunxiao suddenly opened his eyes, and so did the other two Dharma images. Their eyes were cold, and they turned into blood moons, shooting out powerful spiritual power. His body twisted with the space and disappeared from where he was, trying to teleport directly above the aegirine to take it away.

“BOOM!”

The entire bottom of the river trembled, and the space above the aegirine rotated. Several strong lights struck from the distance in an instant, directly cutting the space and blasting into the void. The surroundings of the aegirine returned to its calm.

Then, more than ten meters away, the space twisted slightly, and Yunxiao’s body emerged, his eyes filled with horror and a trace of blood flowing from the corner of his mouth.

There was a trace of hostility in his eyes as he said angrily, “ even the law of the Four Seasons formation of the king level immortal mountain can’t kill me. I don’t believe that this murderer can kill me!

Yunxiao performed an incantation gesture with both hands and summoned the divine realm tablet, which transformed into a small mountain at the bottom of the river and pressed down on the neon stone!

The Taihua gold talisman locking array suddenly made a “ Hua Hua ” sound, and the whole river bottom surged. A vortex appeared above the aegirine, gathering all the power of the array in the river to resist the world power of the divine realm tablet.

Although the formation was strong, it could not stop the world power from devouring it and was constantly being consumed.

However, the aegirine began to change at this moment. It emitted rays of multicolored light that supplemented the formation. In an instant, the power of the world was stopped, and the entire riverbed became a five-colored light.

Yunxiao's face flickered. The power of the aegirine and the murderous array was beyond his expectation. Although the power exerted by the divine realm tablet was limited, it was the complete power of a realm. It was like a collision between two worlds, but it was still blocked by the array. It was simply incredible.

"Let's see how far you can go!"

A hint of killing intent appeared on Yunxiao's face, and so did the other two Dharma images, their six hands forming different incantations.

Five rays of light suddenly flew out of his body, emitting a powerful weapon power that shook away the surrounding Black River water and slowly fell into his five arms. They were the cold sword, Ice Frost, the great sorrow Twilight cloud treasure mirror, the hammer, the dynasty Bell, and the thousand-year Overlord saber!

He conjured an art to his left and right, and the other five beasts each held a profound level weapon. They began to pour their power into it, and a terrifying pressure spread in all directions!

Other than the northern heaven cold star sword from the heavenly Sword picture, he had displayed all of his offensive treasures.

what?" the demonic Dragon said in horror, "you're using five profound level weapons at the same time and controlling the divine realm tablet at the same time? are you crazy?" It'll suck your essence, Qi, and spirit dry in an instant!"

Yunxiao's face turned pale, and a crazed look appeared in his eyes as he said with a hideous smile, "Don't you find it interesting?"

He picked up the mirror with one arm and immediately shot out a ray of light. When it was a few feet away from the aegirine, it encountered an invisible force and directly refracted the mirror light, bouncing it into the distance.

Clang! Clang!

The dynasty Bell, which had not been used for a long time, produced a powerful sound wave force that shook the entire river bottom. The sound wave pushed the water ripples forward, pressing forward like waves.

Then, the Golden tadpole-like characters emerged on the hammer, and the power of thunder and lightning flickered. An arm was raised high and suddenly smashed out. A hell of thunder and lightning appeared, rushing toward the neon stone with irresistible force.

The ice sword and the thousand Autumns tyrannical saber were infused with powerful elemental energy at the same time. They trembled continuously, and the saber radiance and sword Qi reflected each other as they slashed out at the same time.

Five ninth-tier Mystic artifacts and the divine realm tablet burst out at the same time, immediately causing the river water to boil. With the pressure of the mystic artifacts, the entire river water split into two, starting from the bottom of the river to the top. The earth shook and the mountains shook, revealing a vacuum zone!

“This Tao Wu!”

A shocked voice came from somewhere at the bottom of the river. A pair of eagle-like eyes suddenly opened, full of shock and fear. Gou yueguang had guarded the bottom of the river for decades and had never seen such a strange phenomenon. He suddenly split the river water with a blade light and rushed to the place where the incident happened.

Above the river, Gou Ri Guang and Gou Xing Guang were also dumbfounded. They watched as the river split in half, and then Yunxiao’s true fiend Dharma idol with three heads and six arms appeared in front of them as he walked toward the aegirine step by step.

...

The combined power of the six profound level weapons kept attacking the Taihua golden talisman locking array, the divine realm tablet pressed down madly, and the power of the five ninth-grade profound level weapons hovered around, attacking the aegirine in waves.

“BOOM!”

Finally, the formation showed signs of breaking. Once the balance was broken, a violent force immediately swept through everything! The water that had been split on both sides rushed into the sky like a wild beast, reaching a height of several thousand feet, covering the sky!

“Pa!”

Yunxiao finally grabbed the aegirine with one hand, and suddenly, an unparalleled force penetrated through his palm into his body, like a sharp knife swimming along his meridians and trying to cut him apart!

“F \* ck you, what the hell is this!”

Originally, after using six profound level weapons, his entire body's essence, Qi and spirit had been emptied out. But now, he was forcefully injected with this inexplicable power. Not only was it incomparably powerful, but it was also extremely painful.

Yunxiao was in so much pain that his eyes almost popped out of their sockets. A wisp of power gushed out of his eyes in an instant, and with a twist of the space, the neon stone was directly shaken up and sucked into the divine realm tablet.

“Huala”

As soon as the aegirine disappeared at the bottom of the river, the strange force in the entire space suddenly disappeared. The shocking waves that rose up in the sky instantly fell down, and the vacuum zone that was torn apart also began to flow back.

It was as if two dams had collapsed in an instant, pressing down on each other. The huge force surged, and the entire sky near the nihong bridge was covered with a Strange Rain. All the orchards and farms were destroyed, and the earth cracked!
