

The Eternal 811

Chapter 811-you can't live without going crazy

Other than the tyrannical sky Tiger and the other two, there were many other places where elemental energy fluctuations could be felt. It was as if there were objections and doubts, but they all quieted down after a short while.

Ning hangfeng and the other martial sovereigns sat quietly outside the Sky Garden, turning a blind eye to what was happening inside.

In the garden, ruan zimao's eyes wandered as he looked at the flowing lights on the heaven wave mirror. He sent a spell into it and smiled.

Even aunt Jiu was illuminated by the mirror light. Her face was calm and listless, and she was trapped in the illusion.

Looking at his unruly and evil face, Yunxiao fell into deep thought and said to himself, " ruan zimao said that this heaven wave reflection can reflect the five essences of a person, karma and karma. Could it be that the person in front of me is formed from the five essences? "

With a thought, sword Qi condensed in his hand and he pointed his finger.

The sneer on the man's face remained unchanged. He leaned his right shoulder back and pointed out a finger as well. As the two finger beams collided in the air, the man actually had the upper hand. Yunxiao was forced to take a step back, and he immediately frowned.

The other party snorted coldly and directly rose into the air. Using his finger as a sword, he instantly shot out tens of thousands of sword rays, which rained down.

Yunxiao was very depressed. It was the same move, but this illusion was stronger than his. A cold sword of ice appeared in his hand, and he thrust it out with the song of Green Lotus sword, producing nine green lotuses that blocked the finger shadows that filled the sky.

The illusion's expression did not change. A cold light flashed in its hand, and a cold sword of ice appeared. It slashed down from the sky, and green lotuses bloomed all over the sky. It was like a world of flowers, and the shadows of green flowers fell down. It was a beautiful sight.

Yunxiao was stunned for a moment, as if his opponent would use whatever move he used. After thinking for a moment, he took out the Twilight mirror and shone it on his body, then immediately teleported away.

Sure enough, the illusion seemed to only allow him to use the moves and weapons he had used before. He also took out the sunset Cloud Mirror, but he covered Yunxiao with it and locked the space.

“Your sister! Fortunately, he didn't turn into lightning, or he would have died!”

damn it! Yunxiao cursed. If the illusion could also transform into lightning, he would be in big trouble.

In fact, the best way was to use eye sorcery to break the illusion, but the risk was too high. Once the eye sorcery broke the illusion, there would be waves coming from the sky Garden. There were too many people here, and if someone caught the power of the moon eye, it would be a big problem.

After thinking it through, he could only pick up the mirror and shine it over.

The two mirror lights collided in the air and reflected thousands of rays of light that spread in all directions. The space where the two stood was filled with rays.

it's very troublesome. If I take out the divine realm tablet, can I take him away? ”

Yunxiao frowned and thought for a while. Although it was difficult to spy on the other party's spiritual world in such a large-scale illusion, the power of the divine realm tablet could suppress and devour all unusual phenomena. If the illusion was broken, it would be troublesome if the fluctuation of artifact reserves was detected.

This heaven wave mirror was only a profound level weapon to assist in cultivation. He had also figured out the function of this profound level weapon's illusionary formation. It could project his own five skandha forms. Only by defeating his illusion could he break out of the formation.

What he needed to do now was to kill his own illusion without destroying the illusion formation and get out of here.

"Since that's the case, I'll cultivate in peace for a while. I just wonder what the time pattern here is."

Yunxiao's eyes gleamed as he thrust his sword forward, unleashing the first style of the heavenly righteous art. He planned to use his martial arts as much as possible to make the illusion possess all-encompassing martial techniques. This way, it would be more interesting to fight.

He made hundreds of moves in a row, all of which were different martial techniques. As long as he made a move, the illusion would be immediately learned and used with more power.

Soon, Yunxiao was at an obvious disadvantage, and he was forced to retreat.

interesting. It's as if every single detail of the exquisite martial technique's execution is calculated within the moves, leaving no gaps or flaws. The marvelousness of the use of the technique is all about one's heart.

With a thought, Yunxiao performed an incantation gesture with one hand. In an instant, a cloud of demonic energy surrounded him, and black and complicated demonic patterns immediately covered his body. Two heads emerged behind him, and a Dharma form with three heads and six arms appeared.

The moon pupil was a technique that he did not dare to use in Red Moon City, and the divine realm tablet was a trump card that he did not dare to use in front of any expert. Other than these two, he did not have much fear.

As soon as the true fiend Dharma idol appeared, the illusion also formed an incantation gesture, and three heads and six arms appeared. The six arms were the same as Yunxiao's, six ninth-tier Mystic artifacts: The thousand-year Overlord saber, the ice sword, the hammer, the mirror, the dynasty Bell, and the nine Northern heaven cold star swords formed a sword diagram.

However, the profound level weapons in Yunxiao's hands were not real, but phantoms condensed by his mental power. More importantly, those profound level weapons were too powerful, and he was afraid that they would break the array.

This kind of method of turning illusionary into real was also a divine skill. However, this was an illusion, so it was relatively easier.

"Not bad, this is a good place!"

it's not difficult to cast the true fiend Dharma and turn the void into reality! Yunxiao said in great joy. now, I can cultivate this Dharma idol as much as I want!

The first true fiend Dharma idol he'd used in the Taihua gold talisman sealing formation couldn't completely merge with his two Dharma idol bodies, and he couldn't maintain it for a long time, so the backlash was severe.

Furthermore, because he had used his true fiend Dharma idol without permission, cultivated in seclusion after leaving the Rainbow Bridge, and fought with the devil for control of his physical body, the hidden danger was getting bigger and bigger.

Moreover, he found that his Dharma power was very different from the demon master's three heads and six arms. This was obvious at a glance when he saw the three heads and six arms that he had faked. It gave him a completely different feeling from the demon master's.

perhaps it's just as the devil said, " Yunxiao said to himself. only by tempering the body with a large amount of devil essence can this Dharma form be achieved. But Where can I find devil essence in the entire heavenly martial realm? " All the martial arts in the world are related to the Dao, and if you can master one, you can master all of them. I don't believe that you'll be limited by this lack of demonic Qi."

He shouted and suddenly activated the imperishable golden body. Suddenly, a large amount of golden light shot out from his skin and intertwined with the black demonic Qi. It even suppressed the demonic Qi, turning his three heads and six arms golden.

An illusion was cast as well. A golden body with three heads and six arms appeared in front of Yunxiao, looking magnificent and solemn. Under the golden light, a sacred aura spread out, making people not dare to open their eyes.

Yunxiao glanced at it, and after being stunned for a moment, he burst into laughter and said, "Haha, it looks much more majestic like this! It seems that my true fiend Dharma idol modified by the imperishable golden body technique won't be too bad!"

His eyes lit up as if he had found a way to heaven.

The demonic Dragon's voice came with a sense of powerlessness, "Sooner or later, you'll go into Qi deviation! This true fiend Dharma idol lacks the refinement of devil essence, so it's a semi-finished product. The imperishable golden body also lacks the latter half of the cultivation method, so it's also a semi-finished product. Both of them are top-tier divine abilities, and refining only half of them is already a hidden danger. Now you're messing around and making such a golden appearance, you're courting your own death!"

you can't live without going crazy! Yunxiao said with a smile. you can't live without going crazy!

After he combined the true fiend Dharma idol and the inextinguishable golden body into one, he felt extremely satisfied. The profound armament in his hand started to rotate and started to charge towards his illusion.

This kind of cultivation opportunity was extremely rare. Regardless of what connection the time laws of this illusionary realm had with the outside world, he didn't plan on easily killing his illusion until he completely grasped this secret technique. Otherwise, he didn't know when he would be able to have such an environment again.

The two identical three-headed and six-armed Dharma laksanas fought in the air. All kinds of profound level weapon lights collided, and the whole world was dazzling.

In every warrior's illusion, there was no one who didn't fight until the sky fell and the earth cracked. However, the space garden was quiet and peaceful.

Ruan zimao smiled and counted, "seven, eight, nine, ten!" We've arrived at Chengcheng."

As soon as his voice fell, the light on the heaven wave mirror disappeared and returned to its Ordinary Form. It was like an old antique that had just been unearthed. It was full of rust, and the patterns on it had been eroded to the point that it was difficult to distinguish.

After a while, the people in the garden gradually woke up one by one. When they opened their eyes, they were actually shocked and confused.

Unknowingly, Yunxiao had spent six months in the illusion, and finally, he had completely combined the imperishable golden body with the true fiend Dharma idol. In addition, through the continuous battles, the power of the imperishable golden body had been further improved.

Now, he had a certain understanding of this body-tempering technique. It seemed that he had to take more beatings and absorb all kinds of forces to temper his body in order to keep growing.

how many beatings would he have to endure if he wanted to refine it to ao changkong's level? "

...

Yunxiao sighed.

Then, he looked up at the Golden Dharma idol that was still standing in the sky and suddenly laughed, "I've already mastered this technique, so I don't need you to be my sparring partner." "Even if you completely duplicate me, can you also duplicate martial arts comprehension and rule force?" he scoffed.

Yunxiao retracted his golden body Dharma idol, then clenched his fist and made a few strange poses in the air. A faint power of rules emerged over his body as he threw out the Vajra fist.

The entire space froze, and a world of fist intent spread out. Under this punch, there was nothing else in the world.

The illusion also displayed a few movements, which was the sacred skill's rule induction technique. The power of rules also appeared, and then he also punched out, but it was just an ordinary Vajra punch, and could not blast out a world.

The comprehension and intent of martial arts could not be replicated!

He pretended that the Vajra fist, which was more powerful than Yunxiao's, had smashed into the world of fist intent.

“Bang Bang Bang!”

Although it was stronger, it was shattered by a single punch. The world of fist intent spread out and directly swallowed the illusion.

The entire sky changed, and the world began to collapse. Gradually, the wondrous garden in the wind and Moon Hotel appeared.

Chapter 812-ten breaths

At that moment, a strange force suddenly emerged directly in Yunxiao's spiritual altar. It was weak and delicate, and it slowly surged into his soul, making it difficult to detect.

But, Yunxiao's soul power was much more powerful than ordinary eighth-tier alchemy techniques, so he sensed it in an instant. A clone immediately separated from his soul and grabbed the force in his palm, frowning as he observed it.

There was an extremely tiny symbol in the power that was spinning non-stop.

“Imprint seed?”

Yunxiao said in surprise. Suddenly, he was taken aback, and he immediately understood ruan zimao's intention in using the heaven wave illumination. He wanted to plant the seed of the mark in everyone's body.

His expression suddenly changed. This imprint seed was undetectable. Other than him, there might not be a second person who could discover it.

Moreover, the wind and moon building was a place where all the heroes of the world gathered. They would definitely become the overlords of a region in the future. If he planted this mark seed in all of them, the consequences would be chilling.

"This kid is really gutsy!"

I don't know if it's his own idea or Red Moon city's," Yunxiao said with an uncertain look. if it's the latter, then it's very meaningful.

At this moment, the scene in front of them returned to the wind and moon building. Everyone seemed to wake up in an instant, and they looked at each other in a daze.

At this time, rays of light suddenly bloomed from different people. It was the light of advancement. More than half of the people started to advance on the spot.

There were even people who crossed several stars in a row, shocking the entire place.

Even Cheng haomiao, who was sitting on the throne, had a look of surprise on his face. A ray of light rushed out of his body and he had stepped into the two-star Martial Emperor realm!

Ruan zimao's expression changed drastically, and a trace of regret flashed in his eyes.

"How do you feel, everyone?"

Ruan zimao suppressed the complicated emotions in his heart and looked at the confused people with a smile.

Suddenly, someone exclaimed, " "Argh! This is the wind and moon building, I remember now!"

Beiming Laifeng was filled with doubts,"brother zimao, what's going on?" I've only been in the illusionary realm for about a month. How could someone break through four stars in a row? isn't this too exaggerated?"

One must know that all the people here were martial honorables. To break through to four-star in a month, this would make all the geniuses in the world unable to live.

"Ah? More than a month?"

The young revered martial artist who had broken through to four stars was shocked and said, " "I remember that I stayed in that illusionary realm for five years! I fought against my own illusion for five years before I won!"

"More than a month? Five years? I clearly remember it was half a year!"

"Mine is one year and seven months old."

Everyone was shocked to find out that everyone's time was different, but the only similarity was that they had defeated their own illusion.

Ruan zimao chuckled and said,"this is the miraculous effect of the heaven wave reflection. In fact, you've only entered the illusion for ten breaths." If you don't believe me, you can look at the tea beside you. That's why this phenomenon is also known as the 'ten breath reflection' . "

Everyone looked at the blood tea beside them and saw the fragrance and hot smoke rolling out. After carefully remembering it, it was indeed the same as before they entered the illusion.

“How can it be so magical?” beiming Laifeng asked in shock. If it can only last for ten breaths and it can last for several years, then if I use this heaven wave mirror to cultivate, wouldn’t I be able to reach the peak of the martial Supreme realm in a day?”

As soon as he said this, everyone gasped in shock.

“Hahaha!”

Ruan zimao laughed out loud. it’s impossible for such a situation to exist. Otherwise, the current Red Moon City would not be composed of the seven superpowers. The city would have been filled with peak martial Supremes.

He explained, “the heaven wave mirror’s advantage is to observe the five essences, condense karma, and turn enemies into your enemies. You can’t come out until you defeat the illusion.” But no matter how long you’ve experienced it, it’s only ten breaths in the realm of heavenly martial arts.”

even so, it’s still a god-like thing, ” beiming Laifeng continued. with this item, even a pig can advance to a martial Supreme if it can observe it several times a day.

Everyone’s expression turned grave. Having such a large-scale illusion cultivation technique was definitely the dream of all the sects. Not only in the wind and moon building, but many old monsters who were staring at the sky Garden were also extremely shocked.

However, they also knew that there must be a limit to this item. Otherwise, it would be too heaven-defying, and it was impossible for the red moon City to display it.

As expected, ruan zimao smiled and said, “once the wuwen image is destroyed, it’s useless to observe it.” In other words, a martial artist could only use it once in his life. The more time passed, the worse one’s comprehension of martial arts would be. Brother Laifeng only took a month to come out. I really admire you. Back then, I had to stay for three whole months before I came out.”

“I see!”

Everyone sighed in their hearts, and the tense atmosphere finally dissipated. Cheng Hao Long said, "Yes, I also stayed for three months! Compared to brother Feng's talent, I really don't want to live!"

He glanced at Beiming Laifeng, and the joy he had felt from just breaking through immediately disappeared as he calmed down.

Yunxiao nodded to himself. He had stayed for half a year to cultivate the Golden body Dharma form, or he would have shattered the illusion with a Vajra fist.

Beiming Laifeng chuckled and said, "brother vast expanse really knows how to make fun of me." You've broken through to the level of a two-stars martial sovereign in just three months. Now, the younger generation in the world must respect you. I hope that you'll take care of this little brother in all aspects in the future."

Cheng Haobo revealed a strange smile and said, "The difference in cultivation level doesn't matter. It only means that I've absorbed more Yuan Qi than you. After becoming a Nine Heavens martial sovereign, it was more important to have a deeper understanding of the rules of heaven and earth. The deeper one's understanding, the stronger one's strength would be and the further one could walk on this path. Brother Laifeng, you've defeated your illusion in just a month. I'm afraid your talent is number one in the world. You have to take care of this little brother in the future."

The conversation between the two of them was heard by everyone, and they all remembered it.

The youth who had just broken through four levels, his joy was immediately gone, as if he had been doused with cold water. Hearing Cheng haomiao's words, his talent should be extremely low, and it would be difficult for him to go far in the future. Instead, he became depressed.

Beiming Laifeng shook his head with a wry smile, "I have to thank brother zimao for his blessing this time, allowing all our friends to obtain great benefits. I can't thank you enough."

Everyone also expressed their thanks. These were all from the bottom of their hearts, and they had a good impression of ruan zimao and the red moon City.

Ruan zimao was grinning from ear to ear. This was the result he had expected. The only thing he was unhappy about was that Cheng haomiao had advanced to a two-star martial sovereign.

However, if you don't give up the child, you won't be able to catch the wolf. These were insignificant compared to the imprint seeds planted in everyone's soul. And looking at the situation, it seemed that no one noticed it, all of them were grateful.

However, there were also exceptions, and that was the two monkeys from the southern mountain range.

Ruan zimao looked unhappily at the two monkeys. One of them had an indifferent expression as he gently sipped his tea. The other had a dazed expression as if he had not yet woken up.

"Why do my two friends from the southern mountain range seem to be unhappy with my arrangements?" he snorted.

Everyone's eyes immediately fell on the two of them.

Yunxiao sneered in his heart and said indifferently, "there's no joy or anger. There's no such thing as a free lunch in the world.

Ruan zimao's body trembled, and a huge wave was set off in his heart. He did not know what Yunxiao meant by his words, and with his strength, it was impossible for him to notice anything unusual. But, the speaker did not mean it, but the listener paid attention to it. What's more, the speaker had meant it. This made ruan zimao unable to calm down.

...

"Hmph, insatiable greed!"

"Drinking someone else's good tea and getting their help, you won't be able to spit out ivory!" Cheng haomiao said coldly.

“That’s right, he really has no class, no class, and no integrity!”

“Al, I didn’t expect the people of the southern mountain range to be like this.”

Cheng haomiao’s words were immediately echoed by the crowd, all of them were slightly angry, disdainful and cold.

Seeing that Yunxiao did not say much, ruan zimao’s nervous heart finally calmed down a little. “Nothing can satisfy everyone, so there’s no need to blame anyone.”

Yunxiao smiled and said nothing. fellow townsman, you look very serious, but you look very strong. You’ve vaguely reached the peak of a one-star Martial Emperor and you look like you’re about to make a breakthrough at any time. How long have you spent? ”

Following his words, everyone’s gaze fell on Li Yi.

Li Yi’s eyes were filled with doubt ever since he came out, and there was even a hint of casualness in them.

At this moment, when Yunxiao asked him this question, his eyes began to show confusion. Suddenly, a bright light flashed in his pupils as he glared at Yunxiao and shouted, ” “Li Yunxiao! You’re li Yunxiao!”

Yunxiao wiped his sweat and said in embarrassment, ” “Could it be that my fellow townsman has been in there for ten or twenty years?”

...

Li Yi glared at Yunxiao with eyes full of hatred and snorted angrily. It seemed that only then did his divine sense gradually come back from the environment and began to accept the reality before his eyes.

“Puchi!”

Someone couldn't help but laugh. haha, you don't even recognize him. You couldn't have stayed here for a hundred years, right?"

There were many people who laughed lightly, but none of them dared to laugh so arrogantly. After all, the martial Supreme's strength was clear for all to see. Moreover, he was not a kind person.

Ruan zimao and the others were also secretly surprised. If Yunxiao had not pointed it out, they would not have noticed that Li Yi's complexion had indeed changed a lot, and the faint aura coming from them was indeed that of a peak one-star Martial Emperor!

Ruan zimao and beiming Laifeng were shocked. Before entering the heaven wave reflection, Li Yi's aura was at most similar to Zhu shuoqi and Lu Yuxing, but now, it was even stronger than theirs.

It was a hundred times more difficult for a martial Supreme to break through than a martial honor. Cheng haomiao had been stuck at the peak of a one-star martial Supreme for a long time. With the help of the two cups of blood tea and the heaven wave reflection, he had finally broken through.

Could it be that he had really stayed in there for decades?

Li Yi's expression slowly recovered from the solemnness and confusion. He had finally stepped into reality and returned to his arrogant self. His cold gaze swept across everyone, sending chills down their spines!

Chapter 813-do you dare to fight

Yunxiao was a little surprised. He looked at Li Yi's appearance and found that he had concealed his aura, but his spirit was placed in his bones and acupuncture points. He vaguely had the characteristics of an expert, which was completely different from before he had entered the array.

There was a hint of martial arts in his every move. He suddenly had a feeling that the person who gained the most from the ten breaths reflection was Li Yi. Although he could not put his finger on it, this feeling was indeed very strong.

Li Yi retracted his sharp gaze and retracted it. His eyes became a little cloudy as he snorted and laughed, "This heaven wave mirror is not bad. How much is it? I'll buy it."

Everyone was floored. Not only could this kind of magic treasure be used in battle, but it was also of great significance to a sect. It was almost at the level of a sect's treasure, and this native actually dared to say that he wanted to buy it.

Ruan zimao also snorted. The significance of the heaven wave mirror to a sect aside, just the fact that it had planted a brand seed in everyone's body was irreplaceable.

Li Yi rapped his fingers on the table as his eyes wandered, " "It's an excellent item, but it's a pity that it's buried in the hands of mediocre people."

Ruan zimao's face darkened and he said coldly, " "Is there something wrong with your brain again?"

Li Yi snorted and said, "I heard you guys talking about martial arts just now. It was so funny." What do you mean by 'the more time passes, the lower your talent becomes'? you're a laughingstock."

"Oh?" Cheng haomiao replied coldly. Does this mean that you have more brilliant ideas? I'm interested to hear what you monkeys of the southern mountain range have to say about martial arts."

"But I'm not interested in talking to trash like you."

"Martial arts are meant for fighting, not for discussing!" Li Yi said sarcastically.

As soon as he said this, his aura fluctuated with his words, and a faint pressure was exuded, making people feel extremely depressed.

Yunxiao frowned slightly. He was a little familiar with this pressure, as if he had felt it from Yu before. It was indeed demonic aura, but it was purer and stronger than ordinary demonic aura.

Li Yi's constant arrogance caused the atmosphere in the Sky Garden to become increasingly tense.

Ruan zimao's face darkened. As the host of this banquet and the initiator of this banquet, he could only secretly call himself unlucky to have encountered such a thorn in his side. If he did not handle it well, it would show that he was incompetent.

At this time, he had no choice but to step forward.

Ruan Zi put away the heaven wave mirror and sneered, " hehe, I've given you a taste of sweetness. Do you think that you can look down on all the heroes in the world just because your strength has improved a little? "

His aura rose and he immediately pressed forward. A spirit pressure appeared in front of Li Yi and blocked the power. The two of them were locked in a stalemate.

Everyone was secretly happy and waiting to watch a good show. The leader of the seven stars of the Eastern Region finally couldn't bear it anymore and was going to attack the country bumpkin. However, this monkey was also very strong, and it was very likely to turn into a fierce battle.

They couldn't wait for the two of them to fight until both of them were injured, and maybe they could get some benefits.

Li Yi laughed out loud and said arrogantly, " I'm not looking down on the group of heroes. I'm just a genius blessed by the heavens.

"I'm going to laugh my head off!"

Ruan zimao sneered coldly and suddenly attacked. A cold light flashed in front of everyone's eyes. Everyone felt the sudden glare and closed their eyes with a scream.

"Hahaha!"

Li Yi laughed out loud, and the sword on his body suddenly spun, emitting a clanging sound. A sword Ray Rose into the air, clashing with ruan zimao's sword aura!

“BOOM!”

Under the attack of the two extremely powerful sword gleams, the sword aura was shattered into countless rays of light that scattered in all directions. A faint glow appeared beside ruan zimao, blocking the sword aura. Meanwhile, the temperature in front of Li Yi dropped drastically, and a layer of ice appeared. The shattered Sword aura was completely frozen, and it was still frozen in the air.

Beiming Laifeng's heart trembled, and he clenched his fists as a sharp light flashed in his eyes. He was now 100% sure that Li Yi had learned the beiming family's key to frost.

The martial Supremes in the Sky Garden started to panic. In a battle between martial sovereigns, they would not be able to withstand the residual sword Qi. At this moment, a spiritual pressure suddenly appeared in the garden and suppressed all the sword Qi. Then, they teleported to the outside space. This was the defense system that came with it.

Li Yi snorted coldly and stood proudly with his sword in a Flower Dance, his face frivolous.

Ruan zimao's brows were tightly locked together. His attack this time was also to verify Li Yi's cultivation level. After one move, it looked like a draw, but in reality, he was at a disadvantage, and the killing intent in his eyes increased.

do you think you can defeat a one-star Martial Emperor just because you're a peak one-star Martial Emperor? ”

The sword in ruan zimao's hand slashed into the air, his hands continuously forming hand seals. That ninth level profound armament became one with his body, and a faint shadow appeared on the sword. It was actually the spirit of the weapon, and it continuously resonated with ruan zimao's aura.

“One sword to level the river!”

Ruan zimao let out a soft cry, and his sword's momentum was like a rainbow. With a 'hiss', it directly split the sky, and a crack followed the sword's momentum and slashed down on Li Yi!

The battle between the two of them attracted everyone's attention. It also triggered the nerves of the old monsters who were secretly observing in Red Moon City.

The tyrannical sky Tiger sighed. this brat is so arrogant just because he has a little bit of ability. It's hard for him to achieve anything great. I think he'll die sooner or later.

"Did I?"

Little Myna laughed, " I think he's quite capable. He's so brave and daring. He's so arrogant in front of the world's young elites. He's completely different from our death god Palace's style of always acting in secret. I have high hopes for him.

Hmph, the tallest tree in the forest is bound to be destroyed by the wind. If you don't know how to restrain yourself, you'll be met with misfortune!

The tyrannical sky Tiger said disdainfully,"I think the death god Palace is going to be defeated by you ignorant kids." What do you think, little girl?"

He looked at li, who had been silent all this time. Suddenly, her body trembled, and her calm eyes shrank. She seemed to be able to see beyond the layers of space. The situation in the garden in the sky made her heart tremble.

Li Yi's cold expression gradually turned into a ferocious smile as he faced the unstoppable sword. He said coldly, " I don't know if a peak one-star Martial Emperor can defeat a one-star Martial Emperor, but you, Qianqian, are still nothing in front of me!

His body suddenly trembled, and a tyrannical aura spread out. His body seemed to have increased in size, and his surging demonic power blocked the sword!

Yunxiao's pupils constricted, and there was a look of horror in his eyes. A blood-red Meridian appeared on Li Yi's arm. It was the ancestral bloodline of the demon race!

"BOOM!"

As the demonic energy surged out, the space seemed to tremble slightly. The ancestral bloodline appeared on Li Yi's body, and his peak one-star Martial Emperor cultivation instantly broke through. The power of a two-star Martial Emperor spread out as he took a step forward!

"?! He actually broke through in the middle of a battle?"

Everyone was greatly shocked. The expressions of the people on the throne changed, revealing a look of shock. The martial arts duel, which he had originally predicted to be a fierce battle, was instantly tipped in Li Yi's favor.

"One Qi shakes the nine Heavens!"

Li Yi threw a punch and ruan zimao's sword aura was instantly disintegrated. The fist's momentum was earth-shattering and shattered the space with a loud bang, completely suppressing ruan zimao.

"Bastard! Don't be so arrogant!"

Ruan zimao was furious. He was filled with regret. If he had known that the heaven wave mirror would increase the monkey's strength so much, he wouldn't have helped him grow even if he didn't plant the seed of the brand in everyone's body.

...

Today, the eyes of the world were focused on him. If he lost this battle, his reputation would be in vain!

He frantically poured all his Emperor Qi into the sword, ready to strike with all his might to regain his dignity!

In the red moon City, ruan Hongyu was also shocked. She said in disbelief, "How is that possible? That youth from the southern mountain range had destroyed Zi Mao's flat plains sword with a single punch! Even if it's one star higher, it's still impossible!"

Jiang Churan's face was also solemn, but she was much calmer. She said in a deep voice, "this kid has the bloodline of the demon race. If I'm not wrong, it was the power of the ancestral bloodline of the demon race that helped him break through to the two-star level. If it's really a demon who has activated the ancestral bloodline, then zimao will lose today without a doubt.

Ruan Hongyu was stunned for a moment before she said anxiously, "This Yingluo, what's good about this? Husband, quickly think of a way. Zimao is the leader of the seven stars of the Eastern Region. He can't lose! If he loses, his reputation and self-confidence will suffer an unparalleled blow!"

Jiang Churan glanced at her beloved wife and sighed, "I told you not to be too optimistic. If we lose today, it might not be a bad thing for zimao. On the contrary, it will help him grow. Can't the leader of the seven stars of the Eastern Region lose? Then didn't I, the city Master of Red Moon City, the leader of the Eastern Region, still lose back then? If you can't afford to lose, how can you grow?"

Ruan Hongyu stared at the water screen in a daze, her face dejected.

"Oh? Do you want to use the great reverent technique?"

Li Yi came from the sky and laughed, "wherever I step, I'll make them submit!" One Qi shakes the nine Heavens!"

He shouted and circulated the power of the zu bloodline again. The blood on his hand was bright red, and the true Qi of the key to ice formula was on his skin. The surrounding temperature dropped suddenly, and the entire Sky Garden seemed to have entered the winter solstice.

"One sword to split the heavens!"

...

Ruan zimao was filled with grief and indignation. His sword Qi soared into the sky, wanting to kill everything!

However, reality was always cruel. The sword light was instantly suppressed by the fist force and collapsed bit by bit. The long sword was sent flying with a bang, turning into a rainbow light and falling to the ground.

Li Yi's fist intent did not slow down as it directly landed on his chest.

"Bang!"

A muffled explosion rang out as the ice true Qi directly entered ruan zimao's body, instantly freezing his meridians, limbs, and bones. His entire person was as still as a rock!

The crowd was shocked. Although everyone had expected this result when Li Yi broke through to two-stars Martial Emperor, it was not such a strong visual impact. With just two moves, he had completely suppressed the leader of the seven stars of the Eastern Region and the number one person among the younger generation in the entire Eastern Region!

Beiming Laifeng suddenly stood up and said in a cold voice, "Where did you learn the essentials of profound ice?"

Li Yi sneered, "are you saying that only the beiming family can use the essentials of Mystic ice and I can't?" Why? If you're not convinced, then go! Otherwise, shut up!"

Beiming Laifeng's face was ashen. Ruan zimao's battle just now had given him a great shock. Although he was confident that he wouldn't lose so badly if he went up, his chances of winning were still very small.

He snorted with a gloomy face and floated to ruan zimao's side. He began to circulate his cultivation technique to relieve the cold.

If the beiming dark ice Qi stayed in the body for a long time, not only would it cause frostbite, but it would also directly affect one's martial talent.

Li Yi laughed arrogantly and swept his eyes over the crowd, but no one dared to look him in the eye. Finally, his eyes fell on Yunxiao, and he said in a cold voice, " li Yunxiao, do you dare to fight me for your old hatred? "

Chapter 814

814 Flowers bloom and fall all over the sky

li Yunxiao, do you dare to fight me for your old hatred? "

Li Yi's loud shout reverberated throughout the entire Sky Garden. His voice travelled thousands of miles, reaching far and wide, and everyone's ears could hear him.

The three people hidden in the void were all stunned.

Li's face was extremely solemn. She kept casting voice transmissions, ordering Li Yi not to get into a conflict with Yunxiao, but she found that her voice transmissions were blocked by the other party.

"Ha, haha, domineering, domineering!"

Eighty clapped and laughed. not only did he win in a domineering way, but his shout was also domineering. Although he disobeyed the chief's order, I still admire him.

The tyrannical sky Tiger revealed a worried expression and remained silent.

All eyes fell on Yunxiao. The gap between their realms was too big, and the fact that Li Yi had challenged him directly puzzled everyone. With his extremely arrogant character, he should have directly challenged the superior heaven's expanse Palace. Moreover, the only one who had a chance of defeating him and avenging the three regions was Cheng heaven's expanse Palace.

Even Cheng haomiao felt that it was time to fight. His mind was constantly analyzing Li Yi's punch. The combination of extremely strong demonic power and frosty air was indestructible and extremely overbearing. However, Li Yi's opponent had stunned him.

Yunxiao chuckled. it's a good banquet. Why do you have to make it so full of people? is this what you call 'martial arts'? " No wonder people call you a monkey of the southern mountain range. Can't you establish a good image for the southern mountain range?"

Li Yi sneered,"so much nonsense. Can it save your life?" The ears of the world are all here, you only need to answer me if I dare or not?"

it's not that I don't dare to, " Yunxiao said with a smile, his hands clasped behind his back. I just don't care, because I really can't find a reason to attack.

"Ha, haha, hahaha!"

Li Yi burst out laughing. His laughter was unusually loud. No one in the hall was in a daze as they listened to his laughter quietly.

After laughing to himself for a while, he laughed so hard that tears came out. I haven't thought of how to torture you yet. All the methods in the world are too light and too kind. I will bring you back to death god Palace and let you experience the pain I've suffered ten times!

With the help of beiming Laifeng, ruan zimao gradually dispelled the zhenqi in his body. His face was as pale as a sheet of paper, and his eyes were dull. His reputation had been ruined in an accident today, causing him to be filled with dejection and somewhat at a loss.

Although Li Yi was looking forward to a battle with Yunxiao, he knew that his opponent had extraordinary strength, so he was very afraid of him. After provoking him to no avail, he gave up on pressing him. Instead, he looked at the group of heroes with contempt and sneered, " "There's no need to fight in the ring, I think we should just finish it today! I want to take that Jiang Ruobing as my subject. If anyone is not convinced, come up. If I meet anyone who doesn't fight today in the arena, I will kill them without a doubt!"

Everyone's heart trembled. They were so intimidated by his aura that their hearts turned cold. One by one, they turned their heads away, not daring to look directly into his eyes.

“Hmph, I don’t believe that no one in the world can take care of you!”

Cheng Hao Miao’s voice finally rang out, like a hot spring pouring into everyone’s cold hearts, slowly raising a glimmer of hope. All of a sudden, everyone seemed to have been resurrected, as they looked at Cheng Hao Miao with longing, this was the last person in their hearts who could save their dignity.

“I was just waiting for you to say that!”

Li Yi said coldly as he unsheathed the sword in his hand. With a swing of his sword, the world instantly turned cold.

The battle between the top powerhouses of the younger generation across the entire heavenly martial continent was imminent. Everyone held their breath, and an extremely oppressive atmosphere spread.

Even Li Yi was feeling a little pressured by the high-tier boundless sea, and he no longer dared to be as relaxed as he was before.

Cheng haomiao did not dare to underestimate his opponent. He made a move in the air and the soul devouring flag appeared in his hand, ready to fight with all his might.

In fact, he was also feeling bitter in his heart. Ruan zimao had been defeated, and beiming Laifeng had given up on the battle. This was understandable. After all, these two were only one-star martial sovereigns. If he, who was also a two-star martial sovereign, were to give up on the battle, he would become the laughingstock of the world. Therefore, he had no choice but to fight!

Just as the atmosphere was tense, a faint fragrance suddenly drifted over. Hundreds of flowers bloomed in the garden. A breeze blew, and the petals floated into the air. The flowers were like brocade, like a dream, adding a few hints of wind and moon to the cold and somber atmosphere.

A clear and melodious voice rang out, causing one to reminisce.

“Flowers bloom, flowers fall, and the sky is filled with flowers. Who will pity you when spring comes and goes? Once spring is over, the beauty will grow old, and The Butterfly Dream will be like clouds and smoke.”

A ray of light appeared in the garden and gradually spread out. The beautiful figures of three beautiful women stood in front of everyone, and with a single order, the flowers paled in color and the moonlight lost its brilliance.

Jiang Ruobing, Nalan Zhixuan, and Xiaoxue walked out of the flowers. The three of them moved their lotus petals lightly. One of them had a cold expression, one of them had a dark gaze, and the last one had a smile on his face.

The murderous atmosphere between Cheng haomiao and Li Yi had unknowingly crumbled. The heroes in the garden were dumbfounded. They were all as calm as the spring breeze, and the atmosphere became quiet.

Yunxiao’s heart was moved as well. Although he had seen Jiang Ruobing in men’s clothes, the red makeup on her face still made his eyes light up, like a White Lotus out of the world, noble and heroic, and beautiful.

“Younger cousin sister, why have you come?”

Ruan Ziling withdrew his long sword and hurriedly went up to meet the attack. “My brother is injured!”

When ruan zimao, who was recuperating, heard that, he was so angry that he spat out a mouthful of blood on the spot!

He was really a pig-like teammate!

The thing he was most afraid of in such a sorry state was to be seen by Jiang Ruobing, ruan Ziling, this pig-like teammate!

“So she is Jiang Ruobing’s darling.”

Everyone's heart skipped a beat. That city-toppling beauty was indeed worthy of her reputation. Everyone suddenly felt that the shocking dowry for this joust for a spouse event was nothing compared to Jiang Ruobing's real appeal!

Jiang Ruobing was stunned for a moment. I heard that cousin is hosting a banquet here to meet friends. I also have a few good friends I want to meet. So, I came to take a look. How did it become a martial arts battle? Cousin zimao, are you alright?"

"I'm fine, it's just a superficial wound!"

Ruan zimao forced himself to gather his true Qi and put on a relaxed look as he laughed a few times, but his head was covered in sweat.

Jiang Ruobing frowned. I can see that cousin's injuries are not light. So this friendly martial competition is actually a martial competition. It's fine if we don't hold it.

"Hehe, it's fine."

Ruan zimao forced his body up and said in surprise, "Younger cousin sister has always been in Red Moon City and has not left. I wonder which good friend she is meeting?"

Jiang Ruobing's gaze swept across the crowd. All the men tried their best to puff up their chests and raise their heads slightly to pose, so that they could meet the Beauty's gaze at the best angle. The oppressive and embarrassed atmosphere caused by Li Yi completely disappeared, as if nothing had happened.

"Why are you alone? where's big brother Qing Yun?"

Jiang Ruobing ignored all the posturing and threw something out of her hand, which turned into a stream of light and shot toward Yunxiao.

Following the light, all eyes fell on Yunxiao, full of shock, confusion, resentment, resentment, and jealousy.

Ruan zimao's face darkened as well, and the way he looked at Yunxiao began to turn extremely unfriendly.

Yunxiao felt dozens of gazes on him, as if he was being roasted on a fire. He smiled wryly and said, "He might have slept late last night and is still in bed."

The object in his hand was a crystal box. Yunxiao injected his divine will into it and was immediately overjoyed. It was indeed the moon pearls of the East Sea, eighteen of them, not a single one missing.

...

This time, dozens of divine thoughts swept over. He snorted coldly, and an invisible spiritual force spread out from his body, blocking all the probing. He flipped his right hand and put the box away.

Everyone was shocked. The obstacle that their divine will had encountered was like a high wall that they could not climb over, causing them to return without any success.

Many people immediately thought of Yunxiao's movement technique when he seized the throne, which was very similar to the teleportation that only eighth-tier alchemists could perform. At this moment, through the collision of their mental powers, they immediately guessed that he was an eighth-tier Alchemist, and the contempt they had for him before was reduced by half.

young master Yunxiao is still as funny and humorous as ever. How could big brother Qingyun sleep late? he must have something urgent to do.

Nalan Zhixuan chuckled, but her eyes were filled with worry. The seduction technique on her body naturally spread out, making the man who was looking at her feel his bones go soft. His heart was like a monkey, and he kept swallowing his saliva.

what urgent matter can he have?" Yunxiao laughed. I think he just overslept. Lady Ruobing, this is the correct item, I'm very grateful."

Jiang Ruobing snorted and said coldly, "Someone helped you a lot to retrieve this. She asked me to tell you that a gentleman's agreement is worth a thousand gold."

Yunxiao laughed. He knew that it was Jiang ruomei, and she was afraid that he would break his promise. "Tell her not to worry. I've always been a man of my words."

Jiang Ruobing snorted and said sarcastically, "I didn't know that you knew so many people. You even know her. You're really capable."

Other than a cold sneer, there was also a hint of bitterness in her tone. In the ears of others, it was as if a woman was complaining to her lover.

Everyone was shocked. Ruan zimao's already pale face became even paler. His eyes were about to spit fire as he said coldly, "Cousin, how do you know this li Yunxiao?"

...

Jiang Ruobing was obviously in a bad mood. She turned her eyes from Yunxiao and said coldly, "Do I need cousin to ask who I'm with? I heard that Biao older brother is also participating in the arena tournament this time. I do not know what Biao older brother's intention is?"

Ruan zimao was at a loss for words under Jiang Ruobing's cold gaze. He had always taken good care of this younger cousin of his and had never been harsh on her. He was at a loss for words after being rebuked by Jiang Ruobing.

"Younger cousin Ruobing, could it be that you still don't understand my brother's feelings?"

Ruan Ziling walked out from the crowd and said, "A fair and graceful lady, a gentleman's desire. My cousin and you were childhood sweethearts. In order to get a chance to participate in the competition,

he begged his aunt and uncle countless times before he got the chance. How could you not know of my brother's kind intentions?"

Jiang Ruobing's expression changed slightly. She said angrily, " you guys fight in your own arena. Don't get involved with my marriage. I won't marry anyone I don't like, even if he's the most powerful man in the world! If you want to get married, then let my parents get married by themselves!"

She turned around in anger and was about to leave.

Suddenly, Li Yi, who had been silent all this while, laughed and said, " Haha, not bad, not bad at all. You're my type. Little girl, wait for me at home. After I defeat these so-called heroes, I'll take you under my feet, haha!"

His laughter was filled with savagery and lust!

Chapter 815-hitting someone, not hitting the face

The seats were filled with people dressed in snow-like clothes, but they did not dare to voice out their anger when they heard Li Yi's frivolous words.

Ruan zimao's heart was filled with anger. He forcefully gathered his zhenqi and immediately felt as if all the bones in his body were frozen. His zhenqi instantly scattered and he vomited a mouthful of blood.

"Can't you see that my heart already belongs to someone else?" Cheng haomiao sneered. Do you like to be a scapegoat?"

Li Yi's gaze turned cold as he snorted with a strange smile, " Hehe, as long as she becomes my woman, even if her heart is as hard as stone, I can still train her to become a bitch."

As soon as these vulgar words came out, the air froze and a murderous intent filled the air. Jiang Ruobing let out a furious roar in embarrassment and flew up with her sword. Her sword turned into a long rainbow and went straight for Li Yi!

Her swordsmanship was ethereal and beautiful, like a fairy, but her strength was limited. It was like an egg hitting a rock.

Aiya, you have a big temper. I like to play conquer!

Li Yi frivolously stuck his head out and sniffed the air. He praised, "It smells so good!"

Then, without even looking, he lifted the sword in his hand and gently knocked it on the body of Jiang Ruobing's sword. A force bent the sword slightly, and it bounced up suddenly, directly sending Jiang Ruobing flying.

Nalan Zhixuan's clone stood up and caught Jiang Ruobing. She said angrily, "how dare you hurt young lady Ruobing!"

Li Yi's face was full of disdain. He laughed and pounced on her, laughing lecherously, "What heiress? what natural beauty? I think you're not bad either. I'll accept the two of you on this trip to the red moon City. In the future, the two of you will stay in the mansion every day and let me have a good time, haha!"

His movement technique was extremely fast, and he arrived in front of Nalan Zhixuan in an instant. He stretched out his hand and grabbed Nalan Zhixuan and Jiang Ruobing.

Just as the two girls were in a state of shock, Li Yi's expression suddenly changed. An inexplicable chill rose from the bottom of his heart, and his entire body was suddenly filled with fear.

His face was filled with shock as he retracted his hand and retreated.

An indifferent voice came, ethereal and melodious, "Do you have to make me find a reason to slap you?"

li Yunxiao! Li Yi was shocked and furious. you dare touch me? "

Yunxiao was stunned. He stood with his hands behind his back and said with a laugh, "Fellow townsman, you must be joking. Could it really be as they said, that his brain was damaged from cultivating too much? It's just a matter of beating you up for a few minutes, how is it related to whether you dare to or not? I was just disdainful earlier."

Li Yi's face darkened and he said coldly, "Disdain? Haha, good, good, I know you're quite capable, even rain died in your hands. But now, I'm even more powerful than Yu was back then!"

The power in his body suddenly exploded, and his body seemed to have become bigger. The bright red zu's bloodline appeared on his arm, and an extremely demonic Qi rippled in the entire garden. The level nine treasured sword flashed with a cold light, and pierced through the air.

The defensive enchantment in the space garden emitted rays of blue light, forming different shapes and spreading out. It turned into a dazzling sky, beautiful beyond compare, but no one had the mood to admire it.

Not only in the garden, but for a moment, everyone's attention fell on Yunxiao, and the experts hidden in the void also focused.

Li's expression suddenly changed, and he wanted to escape in an instant. He cried out, "Stop him!"

Little Myna stretched out his hand and stopped Li. Let's wait and see. I think this kid has the strength to fight Li Yunxiao. Although the chief has asked him to avoid Li Yunxiao for the time being, it seems that he will have to fight in the arena sooner or later. If we try it out now, we'll be able to see the difference between the two of them and prepare for the group arena."

The tyrannical sky Tiger nodded its head in agreement with Li.

In the city Lord's mansion, Ruan Hongyu's expression was the same as usual. A bunch of trash. All of them wanted to marry Ruobing, but they didn't even dare to make a move when Ruobing was being bullied. What's the use of calling these trash over!

Jiang Churan said, " this Li Yi has an arrogant and despotic personality. He does everything he likes. He's not someone who will do great things. But this city Lord of Yanwu always gives me a feeling that I can't see through him. I can take this opportunity to see what he's really like."

this kid is brave, but he doesn't care about the difference in strength," ruan Hongyu said. he's brave but not smart. We can't do that.

Jiang Churan laughed. it's not advisable to be too profound. It's also not advisable to have stage fright. What do you think we should do then, Madam? "

Ruan Hongyu scoffed. zimao lost earlier because it happened too suddenly. If both of them were fully prepared and had a fair fight, it would be hard to say who would win.

Jiang Churan smiled. zimao is indeed good. Let's see how the city Lord of Yanwu is. Ruobing seems to have a good relationship with him. She even stole the moon Pearl from the East Sea and gave it to this man.

Above the sky Garden, an overbearing demonic aura filled the sky and enveloped Yunxiao in an instant, while a sword beam cut through the void and fell in an instant.

Everyone held their breath, their faces pale, and they couldn't help but take a step back.

Cheng haomiao's face was also solemn. Judging from the momentum of the sword, Li Yi's strength might be above his expectations. He now hoped that Yunxiao could hold on a little longer and waste more of Li Yi's energy. That way, he would be more confident when he came up to clean up the mess.

"I've missed you after our farewell. He thought that they could have a drink and chat happily, but he didn't expect that he still had to slap his mouth to make him feel good. Since that's the case, I'll be a living Lei Feng again."

Yunxiao smiled indifferently, paying no attention to the sword Qi. With a yellow flash in his hand, the great sorrow Twilight Cloud Mirror fell into his hand, which instantly turned into a shield and seemed to stand in front of him.

“Bang!”

The domineering sword Qi hit the mirror and bounced back. Although the light did penetrate the mirror, it was instantly extinguished by Yunxiao.

After that, he picked up the mirror and held it high in his hand. A yellow light shot out.

Li Yi turned pale with fright. The reflected sword gleam was almost 100% of its strength. In his shock, he hurriedly channeled his arm and blasted out an even stronger force to dispel the sword gleam.

At this moment, the light of the great compassion mirror descended and shone directly on him. The surrounding space suddenly seemed to become viscous, and his elemental energy began to have difficulty circulating. His body's movements also became extremely slow.

“Space power?”

Li Yi was taken aback. He stomped on the ground and a force spread out from his limbs and bones. A rumbling sound came from the yellow light. He was going to use his demonic power to break the seal.

With a sneer, Yunxiao teleported up in the air and threw a punch.

Li Yi's eyes glowed with ferocity, and he suddenly shouted, “Shattered ice true armor!”

A blue cold air spread out of his body and condensed into an Ice Armor that covered his body. When Yunxiao's fist hit the cold air, it was greatly hindered, as if it had hit a pile of sand.

Not only that, but the cold air also shot out from Li Yi's body, freezing his arm into a light blue popsicle.

big brother Yunxiao!

Seeing this, Jiang Ruobing panicked and raised her sword, wanting to rush forward to help.

Nalan Zhixuan quickly stopped her and said, "Don't go if it's dangerous! Young master Yunxiao has extraordinary strength. He won't be in danger."

Although she comforted him like this, she was not confident in her heart. She knew how powerful Yunxiao was, but she did not think he could defeat a two-stars Martial Emperor.

haha, your arm is completely crippled after being frozen by my ice true Qi!

Li Yi laughed smugly and said, "Do you still remember Chen Dasheng and Xiao qingwang? The two of them were injured by my master's icy Qi, and now you're following in their footsteps."

With a flash of sword light in Li Yi's hand, he thrust it toward Yunxiao's forehead at lightning speed and said with a hideous smile, "Everything is over! I didn't expect you to be so weak. I'm so disappointed!"

...

As the sword touched his glabella, Li Yi's pupils contracted. A bad feeling rose in his heart and immediately spread throughout his body.

Because he saw Yunxiao's calm eyes looking at him with a smile. The corners of his mouth were slightly raised, and he did not know whether it was a mocking or cold smile. It made him tremble, but at the same time, he was furious!

It's this smiling face, this damn disgusting smiling face, I've fantasized about tearing it apart countless times! Now, it had appeared in front of him again!

childish! Yunxiao smiled indifferently.

"Bang!"

The blue ice on his arm was instantly shaken off, and a trace of black Qi surrounded his hand, and the demonic pattern was faintly visible.

“?! What?”

Li Yi was instantly shocked, so much so that his hand that was holding the sword trembled.

In fact, Yunxiao could have broken the cold air with his imperishable golden body, but it would be a suicide to reveal it under such circumstances. He would rather use The Fiend energy that could corrode everything.

He took a step forward and easily dodged the sword. With a smile on his face, he closed in on Li Yi and conjured a spell with one hand. A strange seal formed in his hand and was directed at Li Yi’s chest!

When the seal landed on the shattered ice true armor, flower-like runes spread out, and cracking sounds could be heard wherever the runes passed.

...

“How is that possible? He can actually break through the shattered ice true armor?”

Beiming Laifeng’s entire body trembled. This shattered ice true armor was one of the protective Arts recorded in the profound ice essentials, and was much stronger than ordinary battle armors. It also had an extremely cold attack attribute, and profound level weapons were hard to break through. Yet, it had been shattered by a single palm from him?

This was simply unimaginable. It was as if he was the one being attacked instead of Li Yi. His entire person was stunned!

“Bang!”

Finally, the entire shattered ice true armor shattered, turning into cold light speckles that scattered in the air. Li Yi's face was reflected, and he was so shocked that he almost stuffed a watermelon into his mouth.

"You think I can't slap you if you open your mouth wide?"

then I'll knock your teeth out first," Yunxiao said coldly.

A cold glint flashed in his hand, and a bolt of lightning appeared. The hammer appeared in his hand, and he slammed it down on Li Yi's mouth.

"?!"

Li Yi was scared out of his wits and quickly shut his mouth. Thousands of lightning bolts flashed down and struck his face. With a flash of green light, his entire body was sent flying with a scream.

Everyone's eyes almost popped out of their sockets as they trembled in fear. Just looking at that attack made them shiver all over. They were completely chilled!

As the saying goes, don't expose one's shortcomings when scolding, and don't hit one's face when hitting someone. This guy actually used ten thousand lightning bolts to strike the other party's face, was this Tao Wu even human?

Chapter 816-how is this possible?

As soon as Yunxiao succeeded, he teleported up. The hammer grew huge in his hand, and he wrapped his arms around it before he smashed it down on Li Yi, who was wailing in pain!

Another Thunderbolt flashed, illuminating the sky with a green color, as if the God of Thunder had descended!

During the six months in the reflection of the sky wave, he had not only completed the cultivation of the Golden body Dharma, but also mastered these profound level weapons. Even if he could not exert their full power, he could at least use them casually.

“BOOM!”

Perhaps it was because the hammer had been too brutal, but Li Yi covered his face and screamed in pain in the air. He ignored the sledgehammer that was falling from the sky and was hit directly!

The lightning gathered on his body and made a shocking thunderous sound. Li Yi cried out in pain as his body was charred black and smoking. He fell from the sky and landed in the garden with a loud ‘bang’. It was unknown if he was Dead or Alive.

“Are you finally satisfied?”

Yunxiao put away the hammer and stood quietly in the sky with a smile on his face.

It had only been a few rounds of fighting just now, and it seemed as if every move he made was so easy and effortless. He had crippled a two-star martial sovereign with ease, as if he had just drunk a cup of tea.

At that moment, the entire Sky Garden was silent. Everyone looked at the world in a daze before looking at Li Yi, whose fate was unknown in the distance.

The garden was so quiet that a ghost could have come out of it. Many people even suspected that the two monkeys of the southern mountain range were putting on an act.

Although the mirror and hammer Yunxiao had shown them were extremely powerful profound level weapons, no one believed that a six-stars martial Supreme could defeat a two-stars Martial Emperor, not even when they had seen it with their own eyes.

Jiang Ruobing and Nalan Zhixuan were also dumbfounded as they looked at Yunxiao in a daze. Although they knew that Yunxiao’s combat strength was far from that of a six-stars martial Supreme, the fact that he had easily defeated a two-stars Martial Emperor still made the two women lose their ability to think.

All of a sudden, all eyes fell on Yunxiao. There were all kinds of complicated looks in their eyes, which represented different thoughts, but most of them were filled with contradictions and jealousy.

Waves of Yuan power fluctuations also spread out in the void outside the garden. Clearly, those old monsters who had hidden themselves were also quite shocked.

Ning hangfeng's face was also full of shock, the waves in his heart hard to calm. He was the closest to where the two were fighting, so he could see everything clearly.

Yunxiao seemed relaxed, but he had a very deep understanding of martial arts. Whether it was the mirror or the hammer, every strike was just right, and the means to break the ice true Qi and shatter the ice true armor were top cultivation techniques.

In the air, Li's face turned cold as he snorted. "Now you two are satisfied. Did you get the answer?"

Little Myna's face was also blank as he said awkwardly, "This, this Wufu, how can there be such a huge difference? Senior tyrannical sky Tiger, did you understand this battle?"

The tyrannical sky Tiger's cloudy eyes had long disappeared, replaced by an unprecedented solemnity. It shook its head and said, "I didn't really understand it either. There were too many inconceivable things in those few moves. When I tried to assassinate him, I thought that he was just lucky to escape. Now it seems that I was too naive! Li Yi's defeat is rather baffling!"

Little Myna also mumbled, "that's right. It's really inexplicable. I thought there would be a fight and at least we would be able to fight till the end. This plot has ended too quickly!"

The three of them fell silent, not knowing what to do. However, they were still able to sense Li Yi's life force. The devil's mother would not die so easily.

In the city Lord's mansion, Jiang Churan's expression was grave as she said in a low voice, "just as I expected, this person is not simple at all. What a terrifying talent for combat. Even though there's suspicion that he's pulling a fast one, he's definitely stronger than Li Yi in terms of overall strength!"

Ruan Hongyu was also stunned. She was a martial arts master herself. Although she didn't look as closely as Jiang Churan, she could still see some clues. She was petrified and couldn't believe it.

Jiang Churan said, " first, he used that treasured mirror to win by surprise. He used a counter-shock move and a spatial lock move to gain the upper hand. Then, he tried to punch out with the Vajra fist. The Vajra fist was the beginning of 10000 fists. His punch could test the enemy and attack. He could advance and retreat at will. With such a young heart, he can actually win without pride. He can still be so calm and composed in the situation where he has the initiative. It's simply too terrifying!"

Ruan Hongyu said awkwardly, " the technique that broke the ice true Qi should be a demonic technique. The demonic Qi rots everything. Even the ice true Qi can't resist it. However, what was with the Wufu and the seal that shattered the true Ice Armor? Even an attack of the same cultivation base can't break the beiming Dark Palace's true Ice Armor!"

Jiang Churan nodded slightly and said, " breaking the true Ice Armor is the key turning point of this battle. I can't see the secret of the seal, but I'm sure that the city Lord of Yanwu must have studied the beiming Dark Palace's true Ice Armor a lot, or learned the relevant ways to break it. It was precisely because his true armor had been broken that Li Yi was completely flustered and lost his mind. Otherwise, with his strength, he would not have been defeated so easily and even be struck by lightning. That hammer and mirror are both extraordinary items. I'm getting more and more interested in this person!"

His eyes were fixed on Yunxiao through the water curtain, as if he wanted to see through the projection and dig out all the secrets of the young man.

Ruan Hongyu was stunned for a moment before she smiled bitterly. "Is it possible for zimao to win against this person?"

"What do you think?" Jiang Churan asked. The most terrifying thing about this man was not his strange Xuan artifact, nor his demonic secret technique, but his calmness and calmness despite the collapse of mountains and mountains, as well as the confidence and calculation that he had in his heart in actual combat! This kind of strength can't be achieved by just training, but through repeated tempering!"

Ruan Hongyu laughed bitterly. How could she not see the difference between the two of them? it seemed that the biggest obstacle for ruan zimao to marry Jiang Ruobing was this man. She began to think.

Everyone in the Sky Garden gradually came back to their senses. Although they had accepted the reality in front of them, they were still suspicious. Many people secretly recalled the profound level weapon he had used before and attributed the mystery to that profound level weapon. For a moment, it made everyone's heart burn with excitement and their eyes revealed an unfriendly look.

Who wouldn't be tempted by a profound level weapon that could cross a major realm and allow a six-star martial Supreme to easily defeat a two-star Martial Emperor?

Even most of the experts who were hiding in the void thought so too. They began to stir their thoughts.

Suddenly, a secret voice rang out in Yunxiao's ear. It was ruan zimao, who was using the secret voice transmission. "If you want that piece of iron, then kill this man for me!"

Yunxiao was stunned for a moment. Looking down, he saw ruan zimao's eyes were cold and filled with killing intent. He smiled indifferently and sent a voice transmission, "It's that simple?"

Ruan zimao said, "first, kill this person!" Two, you will also withdraw from the group arena!"

He was killing two birds with one stone. He had eliminated the two factors that were out of his control. At this moment, he was very nervous. He didn't know how heavy the piece of metal was and whether it would make the other party agree.

Soon, ruan zimao breathed a sigh of relief, and Yunxiao's indifferent voice came through, "Deal!"

Just like that, Yunxiao used Li Yi's life as a bargaining chip in exchange for the iron plate. He rushed down from the sky, turned his palm into a blade, and slashed at Li Yi, whose life and death were unknown!

"Not good!"

With a loud cry, Lil eight instantly flew out of the void and rushed in as if he had teleported. With a movement technique that was faster than a sword beam, his Emperor aura arrived before he did, freezing the entire space and intimidating Yunxiao!

He wasn't naive enough to think that Emperor Qi alone could suppress the person in front of him. Then, sword Qi filled the sky. Lil eight became one with the sword and slashed out a sword light!

Yunxiao's pupils constricted as he immediately recognized the man in front of him. He snorted coldly and dodged the sword in the air with a movement technique.

The sword Qi shot up into the sky like a rainbow, beautiful and magnificent.

After little Myna's attack, he immediately landed beside Li Yi. At the same time, tyrannical sky Tiger and Li arrived as well, and the three of them stood guard in front of him.

"Who is it?" ruan zimao was shocked and furious. How dare you break into the wind and moon building! You deserve to die! Uncle hangfeng, please take down these three people!"

He had thought that Li Yi was dead for sure, but his excitement was ruined by the three people in front of him. He wished he could go up and tear them apart!

Ning hangfeng's eyes focused and five streaks of Emperor Qi locked onto Lil eight and the other two at the same time. He came into the garden in an instant and said coldly, "You three dare to break the rules here?"

Little Myna laughed in embarrassment. please calm down, military governor. We'll withdraw from the gathering on behalf of Li Yi. We'll leave now.

He picked Li Yi up from the ground and was about to leave.

All of a sudden, Lil eight felt his body become heavy as an indescribable pressure pressed down on him like a mountain. His expression changed as he looked up into the sky in shock. He saw a wave of energy fluctuations in the sky and an old man in silver clothes appeared above him with four martial artists behind him.

When beiming Laifeng saw who it was, he hurriedly went up to him in surprise and bowed respectfully, "Greetings, elder Kang Tian!"

...

Darknorth kangtian nodded slightly, then he stared at eighty with a cold look and said in a cold voice, "Since you're here, let's have a few cups of tea and have a heart-to-heart talk. This old man also has a few questions that I would like to know."

Beads of sweat began to form on little Myna's forehead. He did not expect this person to be here as well. Needless to say, the question he wanted to ask must be about Li Yi's knowledge of the essentials of Mystic ice. He smiled awkwardly and said, "Senior Kang Tian is a famous figure in the world. The things he knows are dozens of times more than what we know. Why would he have any doubts about us? We're not feeling well, so we'll have a chat another day."

He grabbed Li Yi, who was completely charred black, and was about to break through the air and escape with the other two. However, he found that the surroundings were icy cold, and the space had been frozen. Darknorth kangtian had quietly made his move.

Chapter 817

817 The rules of the red moon City

"Senior Kang Tian, with your status, you wouldn't want to fight with us minions, would you?" Lil eight was shocked and asked hurriedly.

Darknorth kangtian coldly looked at him and snorted, "You do have some self-awareness, but the word 'attack' is a bit too big. I can turn you into ashes in an instant, so it's really not a fight. Whether you live or die, it's not up to me, but up to you."

"Senior, please enlighten me!" Little Myna smiled apologetically.

Darknorth kangtian's face darkened, and he shouted, "I just complimented you for being smart, and now you're acting dumb in front of me!" He pointed at the unconscious Li Yi and said coldly, "Where did he get the essentials of profound ice technique?"

The profound ice essentials of martial arts was being Dark Palace's sect treasure, and it had been continuously leaked out for tens of thousands of years. However, what Li Yi used was the most authentic secret to Mystic ice, and non-core disciples were not allowed to learn it.

Darknorth kangtian's aura condensed, immediately making Lil eight and the other two feel as if they had fallen into an ice cave. As long as they lied or gave an unsatisfactory answer, they would probably die instantly.

The tyrannical sky Tiger's body trembled, dispersing some of the cold air. It then said with a trembling voice, "Elder Kang Tian, my boss will send someone to explain to you about the essentials of Mystic ice skill."

"Oh? Who the hell is your boss?"

Darknorth kangtian's eyes turned cold. Obviously, he was not satisfied with this answer. His tone was neither fast nor slow, but the killing intent in his eyes increased, and the sneer on his face became even more obvious.

Yunxiao's expression also changed as he listened. Although he had some guesses about the man who led the eight symbols, he could not come to a conclusion.

The tyrannical sky Tiger's body was extremely cold. It hurriedly moved its lips and sent a secret Sound over.

Darknorth kangtian's entire body trembled. His arrogance and mockery were instantly replaced by shock and bewilderment. "It's him? You're not lying to me?"

"Why would we dare to lie to you?" the tyrannical sky Tiger smiled apologetically. "I'm sure the palace Master of being Dark Palace knows about this as well."

Darknorth kangtian pondered for a while and said, "Hmm, I don't think you have the guts to lie to me. Since you have this person's support and he can personally explain to the palace Master, that's for the best. Your little lives are saved, you can get lost!"

After he spoke, he lost all interest in the three men. Instead, he turned his eyes to Yunxiao, his eyes cold.

Yunxiao felt a chill coming from the bottom of his heart, as if his whole body was about to be frozen. He had a headache. 'Beiming kangtian must be thinking about the fact that I broke the ice-shattering true armor with a seal just now. I was too careless,' he thought to himself. He did not expect the beiming family to send such an expert here.

Little Myna lifted Li Yi up and waved at the crowd. He kept blowing kisses as he laughed, " "Mua! Goodbye, everyone! I'm sorry for the trouble!"

"No!" Ruan zimao suddenly said anxiously. These three people broke into the wind and Moon Hotel and broke the rules of the red moon City. We are the ones who decide whether they should stay or leave!"

Darknorth kangtian looked away, turned around, and gave him a glance. He sneered and said, " "If you have the ability, then go and make them stay!"

Ruan zimao's face turned red and he didn't dare to make a sound. He watched helplessly as little eighth and the other two reversed the space and were about to break through the air and leave.

Suddenly, an extremely dissatisfied cold snort came, and the reversed space instantly returned to normal. The three people, who had half their bodies in the void, were shaken out by a huge force. At the same time, their expressions changed greatly, but they could not resist.

Three muffled sounds rang out. The tyrannical sky Tiger, Lil eight, and Li were all injured and sent flying back to the Sky Garden. They had to retreat several steps before they could dissipate the force.

The three of them wore bitter faces. They looked at the space in fear, knowing that trouble was coming.

The space rippled and a middle-aged man walked out with his hands behind his back. He sneered, elder Kang Tian, what do you mean by this? are you laughing at our Redmoon city for having no talents? "

Ruan zimao was overjoyed and hurried forward with ruan Ziling. The two brothers called out at the same time, " "Father!"

Darknorth kangtian furrowed his brows. A troublesome person had come, and it was someone else's territory. He could only welcome him with a smile, "So it's Lord Yuan si, you've misunderstood my words. I'm just telling my nephew that he has to do it himself."

Ruan yuansi nodded and said indifferently, "So that's how it is. Then I'll take care of these four myself. There's nothing else for elder Kang Tian to do here, you can leave."

Darknorth kangtian was stunned for a moment before he said, "Alright then, I'll take my leave!"

With a casual wave of his hand, a powerful force rolled toward Yunxiao without any warning as he shouted, "Boy, come with me to beiming Dark Palace!"

Yunxiao felt as if the space had been completely frozen, as if he was frozen in an iron block. He could not even blink, let alone move.

Ruan yuansi suddenly took a step forward, and the laws of heaven and earth seemed to be touched. The stomp shattered the frozen feeling around Yunxiao, and the force of darknorth kangtian disappeared completely.

It was only then that Yunxiao's face changed. He had indeed been targeted by the people of beiming Dark Palace. Now, with so many old monsters here, he could not escape even if he had extraordinary abilities. He could only try to survive in the cracks.

Darknorth kangtian's expression changed, and he said in a deep voice, "Brother yuansi, what do you mean by this?"

Ruan yuansi's face was still expressionless as she said indifferently, "Didn't I say that you have nothing to do? Don't tell me that the high and mighty elder Kang Tian doesn't understand the words of us lackeys?"

Darknorth kangtian's anger instantly rushed to his head. With his high status, he had never been ridiculed and ignored by anyone like this. He said angrily, "This man has a secret technique that can break the true spell of my beiming Dark Palace. I must bring him back!"

Ruan yuansi looked surprised and asked, "There are thousands of martial arts in the world, and if there's a move, there's a break. Isn't it normal to know how to break the seal of the true profound ice formula? Can't your beiming family's martial arts be broken?"

"Haha, brother yuansi is right. Your martial arts has been broken, and you want to capture the other party? what kind of logic is this in this world?"

A ray of light suddenly appeared in the sky without any warning and fell into the garden. A few figures appeared from within, all of them wearing the same clothes. As soon as they landed in the courtyard, they immediately gave off an extremely gloomy and terrifying aura, making people feel uncomfortable.

Cheng Haobo went up to him and said respectfully, "Elder Hao!"

Dongmen kun looked at Cheng haomiao with admiration and laughed, "not bad, not bad. You're a two-star Martial Emperor. There are only a handful of people in the world who have a talent like yours.

"Elder Hao, you're too kind. It's just an opportunity," Cheng Haobo quickly replied.

Dongmen kun nodded slightly and greeted ruan yuansi. thank you for the help of the red moon City, allowing the heaven's expanse Palace to rise to a higher level.

that's easy, " ruan yuansi said. it's just his personal luck.

All the young talents present suddenly became silent. These legendary figures had appeared one after another, which made them feel excited. The three people in front of them were existences that could shake the entire heavenly martial realm with a single kick!

There were energy fluctuations coming from the void, and there were many powerhouses hidden. However, under the powerful aura of these three people, no one dared to show themselves and could only watch silently.

Little Myna and the other two also felt a great headache. They didn't know if the trump card of the chief would still be useful.

"Dongmen Yin, you've also come out to join in the fun?" darknorth kangtian said with a gloomy face.

Dongmen kun sighed repeatedly and shook his head. "I didn't want to come out at first, but I've recently studied a martial art of beiming Dark Palace, the netherworld hand, and I seem to have found a way to break it. However, when they thought that this is the territory of the red moon City, with brother Yuan si around, there shouldn't be anyone who would dare to act presumptuously. That's why they gathered their courage and stood out."

"Brother yuansi, is my safety guaranteed?" he asked cheerfully.

"You coward!"

Beiming kangtian's face was ashen, and his hair stood on end. His emotions turned into waves of origin power that spread out, causing the temperature of the area to drop and making the people around him shiver.

"Of course!" Ruan yuansi smiled calmly. In the red moon City, as long as one followed the rules, everyone's life and safety were guaranteed. Anyone who breaks the rules must be severely punished. No matter who they are, be it the seven oxen, eight pigs, nine dogs, or the elders of some large sect, they will be treated equally."

"Good, good!"

...

Darknorth kangtian's body was trembling, and cold air kept spreading out as he breathed in anger. He had endured it to the extreme.

Dongmen Yao smiled. the eight elephants of death have always been like rats on the street. Their reputation is extremely bad. Today, they even dared to come and disturb the red moon city's Grand meeting. No one can save them. How does brother yuansi plan to deal with them?"

since we've broken the rules," ruan yuansi said, " we'll naturally be punished according to the rules.

His answer was as good as not saying anything, and it made everyone feel a little dizzy. Even Dongmen Yin was stunned. Li Yi was now the only powerhouse among the younger generation who had advanced to a two-star Martial Emperor other than Cheng haomiao. Deep down, he did not want this person to be alive.

Ruan yuansi's answer was too perfunctory.

Ruan yuansi wasn't a fool. The eight guardians of the death god had been notorious for a long time, but they were still alive and well. Meanwhile, darknorth kangtian didn't interfere after hearing about their leader's identity. It was obvious that these people had a very strong background.

As for the punishment, it would depend on the strength of the background. If the background was not strong, these four people would be turned into ashes.

"Hehe, based on the rules of the red moon City, these four people are definitely going to die," Dongfang Yi said with a smile, somewhat unwilling to give up.

He deliberately provoked her with his words, forcing her to decide whether to kill or not.

Ruan yuansi smiled faintly. the rules of Red Moon City are that the people of Red Moon City have the final say. If you want him to die, he will die. If you want him to live, it will be difficult for him to die even if he wants to.

The hidden edge in his words was once again dispelled by his Tai Chi circle.

...

Which one of these people wasn't an old fox? Dongmen kun cursed in his heart, but he still smiled and said, "This is ... This is ..."

"Since there are rules of the Redmoon city here, I naturally have to respect them," said beiming kangtian coldly. However, I'll take him after he leaves the wind and Moon Garden. Brother yuansi, you won't have any objections, right?"

Ruan yuansi smiled and said, "we'll see if you have any objections later." However, now that the younger generation is having a gathering, it's better for the two of them to leave. Do you want to stay and give them some pointers on the true martial Dao?"

Chapter 818-Far East Gate

"Hmph, brother yuansi, it's not wise to protect this person for no reason!"

"I'll be waiting in this city. I hope brother yuansi will consider the relationship between us carefully," darknorth kangtian said with a serious tone.

After he finished speaking, he waved his hand and disappeared into the garden with the people behind him. With his departure, the temperature of the entire sky gradually warmed.

Jiang Ruobing shouted in the direction where beiming kangtian had left, "big brother Yunxiao will stay in the red moon City for the rest of your life. If you have the ability, don't leave for the rest of your life!"

She was just throwing a tantrum out of anger, but it had a different meaning to everyone's ears, and they all felt strange emotions.

Ruan zimao was so angry that his injuries kept getting worse. He said in a low voice, "Younger Biao sister, do not act on impulse. The beiming Dark Palace has always been on good terms with our Red Moon City. How can we let an outsider ruin the harmony between our two factions?"

Now that Li Yi was under control, Yunxiao's use was completely gone. At the thought of his unfathomable strength, a killing intent rose in his heart, and he could not wait to let the people of beiming Dark Palace take Yunxiao away and kill him.

Jiang RUO Bing stared at him coldly, causing ruan zimao to feel weak in his heart. He felt that his hands and feet were a little cold. let's not talk about how my friend became an outsider. When Li Yi injured me just now, only big brother cloudsky saved me. Now that you want to hand over the benefactor who saved me, then you should hand me over first!

"My cousin was injured by the frosty Qi and is unable to use his true essence. Otherwise, he would have come to save my cousin even if he had to die!" Ruan Ziling helped. Besides, this is Red Moon City, and no one can really hurt my cousin. It's because li Yunxiao saw this that he made a move!"

Nalan Zhixuan didn't have a good impression of him. She snorted,"Young master Ziling's words are truly disappointing. Your brother was injured by Li Yi, and young master Yunxiao has avenged him. How dare you say it's just a show? Hmph." She did not hide the contempt on her face.

Jiang Ruobing sneered and said, " the old man from beiming Dark Palace is being overbearing now. I'll have to trouble cousin Ziling to put on a show. Please drive him away. Ruobing and the rest of the heroes will be waiting to see your performance."

"You coward!"

Ruan Ziling flicked his sleeves in anger and ignored Jiang Ruobing. Ruan zimao's face was ashen, and he didn't say a word. His eyes were empty and filled with pain.

Dongmen kun glanced at the juniors and said to ruan yuansi, " the eight elephants of death have enemies all over the world. They're a scourge to the realm of heavenly martial arts. I hope brother yuansi can help us get rid of this scourge.

"What a good" getting rid of evil for the world "! Dongmen kun, why don't you get rid of me first!"

A cold voice reverberated in the sky, and the wind and clouds surged. Above the entire Sky Garden, under the moon sundial, countless green lights flashed and gathered to form a huge golden face. Its eyes were empty and listless, and it kept changing in the air.

The face kept letting out a strange laugh that sent chills down everyone's spine. All the young talents held their breaths and unconsciously retreated.

Dongmen kun was shocked and said, "you, you are bi an!"

Little Myna was overjoyed and quickly sent flying kisses into the air, "Senior Yuan, you've come to save us!"

When Dongmen kun heard this name, his entire body trembled. His eyes were filled with disbelief as he said in horror, "Y-y-you're really third brother?"

The Golden face kept changing in the air and said in a cold voice, "Dongmen kun, since you already know my identity, do you still want to kill my people?"

"Gulp!"

Dongmen kun swallowed his saliva with difficulty and said, "You, aren't you already dead? How did he become the leader of the eight divisions?"

"Hmph, you talk too much nonsense!"

The Golden face snorted impatiently, "I'm not the leader, but I'm the second of the eight symbols. It's not good for you to know more about the rest. Today, whoever dares to touch the people of the eight symbols will have to wait for their own sect to be massacred!"

Dongmen Yin's face was ashen, and he was even more dazed. He stood there in a daze, not daring to make a sound.

Cheng haomiao frowned. As a core disciple of the soul Devourer sect, he had no impression of this so-called third brother of elder Yao. However, when he looked at the soul slave in the sky, an uncontrollable fear spread in his heart.

Soul slaves from the ninth heaven could turn golden, but even Golden Soul slaves were divided into four ranks: heaven, earth, black, and yellow. His own soul slave was yellow rank, and the huge Golden Soul in front of him gave him a vast and unknown feeling. Although he couldn't judge its rank, it was at least earth rank!

Ruan yuansi's expression suddenly changed slightly, as if she had thought of something. are you Dongmen Yuan, the soul Devourer who killed more than 20 Martial Emperor powerhouses in the soul Devourer sect in order to cultivate soul slaves?!

As soon as these words came out, everyone was shocked, and these young people could not help but tremble slightly.

Cheng haomiao's face also turned pale. He finally knew who this person was!

He was the biggest traitor of the soul Devourer sect in the past hundred years. In order to cultivate a heaven-rank Golden Soul slave, he had killed more than 20 Martial Emperor powerhouses in the sect, including his own friends, brothers, even his father, who was the Vice sect master, and another vice sect master. All of them had become the souls of the dead in his soul devouring banner.

Even the sect master, Huangfu bi, was injured by him, but at the same time, he also killed Dongmen Yuan with his great power. This became the biggest tragedy in the soul Devourer sect in the past hundred years, and it was also a mystery.

They didn't expect that Dongmen Yuan, who they thought was already dead, was still alive and had even become the second in the ranking of the death God's eight elephants!

What was even more terrifying was that if such a person was only ranked second, then what kind of person would the top Ranker be?

Ruan yuansi was also shocked. He seemed to have underestimated the abilities of the eight elephants. Suddenly, an ethereal voice entered his ears, telling him some information, causing his entire body to tremble. His eyes were unprecedentedly serious.

In the city Lord's mansion, Ruan Hongyu snorted in disdain. "Indeed, birds of a feather flock together, a cockroach with a mouse! What did you say to my big brother? How should he deal with the current situation?"

Jiang Churan laughed, "I'll just let him adapt to the situation. However, we can't have a fight with the eight symbols unless we're confident that we can eliminate them in one fell swoop. Otherwise, with our huge Foundation here, and them coming and going without a trace, they can just run away after fighting and come to attack you from time to time. Just the chief and Dongmen Yuan are enough to make us suffer."

Ruan Hongyu said unhappily, "you're already making a scene in front of our house. If you compromise, Won't You Be laughed at?" In my opinion, why don't we take down Dongmen Yuan and the other cockroaches to lure the leader out, and then kill him and the rest of the rats in one fell swoop? This way, the prestige of our Red Moon City will be above the other six major sects."

Jiang Churan shook her head helplessly and said with a bitter smile, "Let's not even talk about whether we can lure that person out. Even if he really comes, let's not talk about his unparalleled assassination skills. Even if he comes openly, we have no confidence in keeping him."

Ruan Hongyu fell silent, as if she had been triggered by something.

Jiang Churan was also infuriated. She suddenly scolded, "To hell with the sect leaders of the seven major sects, they can't do anything! I really wish I could leave everything behind and roam the world freely!"

He felt extremely helpless. Everything was like a chain that bound him and prevented him from flying.

In the wind and moon Pavilion, Ruan Yuansi calmed down and said, "I don't care who you are, as long as you follow the rules, you'll be safe. However, these people forcefully attacked and ignored the rules of our Red Moon City. They must accept the punishment of our Red Moon City. No matter who you are, you can quietly wait for the punishment in the city!"

Although his words were still unyielding, everyone could hear the meaning behind them and thought that these four people's lives had been saved.

However, Dongmen Yuan did not seem to be satisfied. He sneered, "Deal with? Hmph, the one who broke the rules should be the city Lord of Yanwu, right? He dared to kill my death god Palace's people, could it be that we can kill people at will in this gathering of the great heroes?"

Ruan yuansi's eyes flickered as she said, "It's inevitable that there will be mistakes in a competition between two people. as for killing people at will, Li Yi was only injured. When did you see him die? How could he make a judgment so easily and casually pin a crime on someone! However, the evidence of your people forcefully interfering with the competition is irrefutable and witnessed by tens of thousands of people. Why don't you wake Li Yi up and let them fight fairly? no one else will interfere. If the city Lord of Yanwu dared to kill someone on the spot, we would also punish him."

"You coward!" Dongmen Yuan said angrily.

Although Li Yi was strong, he was obviously no match for Yunxiao. He would not be able to escape defeat even if he stood up and fought again. Ruan yuansi's intention was obviously to send him to death.

"Good! You can fight, but you must let little eighth fight!"

Dongmen Yuan said, "although there's an age limit for this gathering of heroes, little eighth isn't much older. Moreover, my death god Palace has some enmity with this brat. We can let them have a life-and-death battle to settle our old grudges.

Lord yuansi, don't listen to his nonsense," Yunxiao said in a hurry. I don't know them. There's no such thing as old grudges between us.

Ruan yuansi nodded. Dongmen Yuan, look. Everyone is saying that you're lying.

...

The Golden face in the sky roared and said angrily, "Little brat, you're looking for death! You don't have any grudges with us, but we have a grudge against you! You don't need to know what it is! If we win, we can live, but if we don't fight or lose, we die!"

Everyone felt dizzy. How could there be such an overbearing thing? it seemed that Yunxiao was doomed.

“Uncle yuansi, you can’t!” Jiang Ruobing hurriedly said.

Ruan yuansi looked at Yunxiao and said, ‘what do you think? If you agree, I won’t stop you, but if you don’t, I’ll chase this person away for you. At least you’re safe in the red moon City, but I can’t be responsible for your safety outside the city.”

Jiang Ruobing said, “ don’t worry, big brother Yunxiao. With your talent, you can cultivate in the red moon City. This is the place with the most abundant spiritual Qi in the Eastern Region. In a few decades, it’s enough for you to reach the peak of martial arts. When the time comes, you can go to old man Kang Tian and see if he dares to take you back!

Everyone’s face darkened, thinking that Jiang Ruobing was really trying to make him her husband. What was the point of fighting in this Challenge Tournament? not to mention that he could not defeat Yunxiao, even if he did, he would probably be a scapegoat.

Chapter 819

819 Earth-grade soul slave

In the city Lord’s mansion, ruan Hongyu also frowned and said unhappily, “ “Ruobing, this girl, is so outspoken. As a girl, she doesn’t have any restraint at all! How will the world’s heroes look at us!”

Lord Yuan, “ Yunxiao said with a wry smile, “ can you respect my own opinion? Is it okay for you to arrange my Affairs? Have you refined your soul slave to heaven rank? You have the time to meddle in other people’s business?”

Silence. There was complete silence. Everyone’s mouth was wide open in shock.

He actually dared to speak to Dongmen Yuan like this? was he crazy?

Everyone felt that this was absurd. The man in front of them was not only a murderer who had killed more than 20 martial sovereigns and even his own father, but also the soul slave shining with golden

light in the sky. It was terrifying to look at. The best solution now was undoubtedly as Jiang Ruobing had said. He had been hiding in the Redmoon city for decades. With his talent, it was only a matter of time before he left. At that time, no one would dare to stop him.

“Die! No one will be able to save you today!”

Dongmen Yuan roared, and the Golden Soul slave in the sky suddenly burst out with a golden lightning bolt and struck at Yunxiao!

Cold sweat oozed out of Yunxiao’s forehead. He was taking a gamble by instigating Dongmen Yuan with words. With his personality, Dongmen Yuan would definitely attack in anger. So, in order to maintain their image, Red Moon City had to come out and protect him. As long as he could cause a conflict between the two, he would have room to maneuver.

As expected, Dongmen Yuan was furious. The Golden lightning not only contained extremely powerful lightning power, but it could also directly attack the soul. Anyone who was hit would die.

Ruan yuansi’s face was filled with shock, and she said angrily, “Dongmen Yuan, you dare to kill someone in front of me? You should die!”

you’re courting death! he shouted angrily and stared at Dongmen Yuan with his knife-like eyes. However, he did not move at all and just stood there.

Yunxiao’s heart jolted as he thought to himself, “Not good! Ruan yuansi didn’t have any intention of protecting him at all. He was deliberately watching him get killed! As his gaze swept past, he saw an almost imperceptible smile on ruan yuansi’s lips.

Jiang Ruobing let out a cry of surprise and rushed out. However, ruan Ziling snorted coldly and blocked her way. He turned his hand and slapped out, stopping Jiang Ruobing.

At this moment of life and death, a fierce look flickered in Yunxiao’s eyes. He no longer cared about his trump cards. Just as he was about to transform into the imperishable golden body and summon the divine realm tablet, a golden light suddenly shot down and hit the Thunderbolt, causing a ball of light to

explode and spread in all directions. The impact alone was enough to shock everyone and stir their blood and Qi.

“Who is it? You dare to meddle in my business!”

The Golden face in the sky roared angrily and kept changing its shape, but most of them were ferocious.

A beam of light fell in front of Yunxiao, and a light green figure gradually emerged in the sky. As the figure slowly descended from the beam, a melodious voice came out of its mouth, “Those who are controlled by time will no longer have freedom. Looking at the vast world, who secretly changes the beautiful light. Whether it’s a person or a soul, they’re just the shadow of the moon in the Lotus pond.”

The beautiful figure landed in front of Yunxiao. Her hair was tied up in a bun, and two strands of hair on her cheeks gently brushed against her face. She was wearing a light green floral dress, and her waist was so small that it could be held in one hand. Her beauty was no less than Jiang Ruobing’s, so flawless that she seemed otherworldly, and everyone was stunned.

“Master!”

Jiang Ruobing was overjoyed. She ran up to him and said coquettishly, “When master isn’t here, they all bully me! And you’re bullying my friend!”

Ning hangfeng, who was not far away, was shocked. He quickly flew down and said respectfully, “Second sister!”

His heart was filled with horror. His second sister, who had been away from the world for many years, had never asked about the world, so why would she appear here for Yunxiao? moreover, judging from her face, there was no trace of her usual dejection, but a plain and quiet maiden.

Ruan yuansi’s heart also trembled, and she hurriedly said, “So it’s little sister ke Yue, why did you leave the peach blossom Cove?”

It was ning keyue. After she landed, she ignored everyone's words and turned to Yunxiao with a smile. "We meet again,"

Yunxiao breathed a sigh of relief. With ning keyue here, he was safe. He immediately regained his previous calm and said with a chuckle, "Heaven and earth are the paths of all living things. A person of light and Yin is a passerby of a hundred generations!"

Ning keyue's eyes flickered with a trace of surprise as she carefully pondered the meaning of Yunxiao's words. What surprised her even more was that the young man could still be so calm in such a situation. This kind of talent was not rare, but unique and incredible.

In the city Lord's mansion, Jiang Churan and ruan Hongyu were both shocked. They looked at each other with shock in their eyes.

Ruan Hongyu's expression was complicated. "Why is she here? It didn't make sense! Even if the Redmoon city was razed to the ground, I don't think she would leave the peach blossom Cove. Why would she come out to save the city Lord of Yanwu?"

Jiang Churan was also staring at the water screen in a daze. Her eyes were filled with disbelief.

what?" ruan Hongyu suddenly said, "does this li Yunxiao have some special identity that we don't know about?" That Well-Tempered combat technique, powerful ninth-tier Mystic artifacts, and martial techniques, and the fact that he sat in Yanwu, the sacred land of the spirit Mountain, and even attracted li Huachi and Yao Jinliang to appear at the same time ... This kid must have a background that we don't know about! With this background, even ning keyue can get help from him!"

There was a hint of sternness in her voice as she spoke, and her eyes were bright.

Jiang Churan frowned. no matter how powerful Yunxiao's background is, it's impossible for him to affect sister keyue. Besides, it looks like they've already met and got along very well. But, sister Yue had never left peach blossom Ridge, so it must have been Yunxiao who had come to her. How on earth did he affect sister keyue? I'm really curious!"

Ruan Hongyue's expression was cold as she snorted. "What, after seeing the beauty of the past, your heart is moved? Do you think your chance is here?"

Jiang Churan laughed when she heard those words filled with jealousy. She hugged her beloved wife and said, "With such a beauty here, I am indeed a little moved."

Ruan Hongyu's face turned red and she said angrily, "Be serious! Things were getting more and more out of control. God knows what this crazy girl would do. Back then, she was known as the demoness of the red moon City and never cared about the consequences of her actions! Otherwise, with her talent back then, the position of the city Lord of the red moon City might not have been yours."

"Sigh, I wish it wasn't my turn back then!" Jiang Churan sighed.

In the sky above the wind and Moon Garden, the Golden face kept changing. Then, it shrank violently and condensed into a thin figure of a man in gray. He looked down coldly with a dark expression.

Dongmen Yao's heart trembled. Although he knew that the person in front of him was his third brother, he still trembled when he saw him.

Dongmen Yuan's body was emitting a cold aura. He said angrily, "Who are you? You dare to meddle in my business!"

Jiang Ruobing raised her sword and waved it around. She said smugly, "This is my master. Your time of death is here, why aren't you running away!"

Dongmen Yuan was both angry and amused, "haha, escape?" There aren't many people in the world who can match me with this character! If you're smart, hand over this person and we'll pretend nothing happened today."

"Nothing happened?"

Ning keyue said in surprise, "you came to the red moon City to make a scene and break the rules, and you want to pretend that nothing happened?" Is there such a cheap thing in the world?"

Dongmen Yuan was stunned for a moment. He did not expect such an answer from the other party. He said in a daze, "Well, what do you want then?"

"Tsk! Of course, I'm going to take you to the dungeon!"

A cold light flashed in Ning Keyue's eyes, and her aura suddenly became fierce. Jiang Ruobing, Li Yunxiao, and the others were pushed away by an aura, and they could not stand steadily.

Ruan Yuansi said in horror, "Little sister Keyue, this is a bit of an..."

Ning Keyue didn't even look at him. She just said coldly, "You, stand aside!"

Ruan Yuansi, "Yingluo."

"Ha, haha, interesting, really interesting!"

Dongmen Yuan couldn't help but laugh wildly. "It's been a long time since I've seen such an interesting thing. In all these years, the number of people who dared to fight me can be counted on one hand, and there's not a single woman who dared to fight me! Today, let me play to my heart's content, and let these juniors see the demeanor of a martial Dao senior!"

A light flashed in his hand, and the soul devouring flag appeared. With a wave of his hand, the Golden Soul slave from before gradually took form. It glowed with golden light as if it had a physical body, and it turned into a strong man. It descended from the sky and roared repeatedly.

"Earth soul, it's a peak Earth Class soul slave!"

...

Dongmen Yao cried out in shock. His eyes were filled with fear and he actually backed away in fear.

Cheng haomiao's heart was also greatly shaken. The pressure that the Golden strongmen brought to the soul devourers was far greater than the others.

All the experts hiding in the sky were greatly shocked. The soul Devourer clan was already an extremely fearsome existence, and the Golden Soul slave was even more terrifying!

In the four ranks of heaven, earth, black and yellow, many sects had speculated whether heaven-grade soul slaves really existed. This dispute had never been concluded because no one had ever seen Huangfu bi in action.

However, at this moment, a peak earth-rank soul slave had appeared in front of everyone!

Ning keyue's expression didn't change at all. She sneered and said, "Interesting? Then I'll make it more interesting!"

She raised her right hand high and spread her fingers. Her left hand formed a seal in front of her and she chanted an incantation. Suddenly, the sky trembled violently and the Golden warrior's descent suddenly stopped. Dongmen Yuan's eyes narrowed slightly.

Ruan yuansi was shocked. He seemed to have guessed what ning keyue wanted to do, and two lines of cold sweat dripped down.

In the city Lord's mansion in the distance, a Red Cloud suddenly rose up. Under the eyes of tens of thousands of people, it spread out in the sky, filling the sky with colorful clouds, beautiful and magnificent.

"?! It's actually that thing!"

Jiang Churan was shocked. In a flash, she immediately appeared at a sacrificial place in the city Lord's mansion. In the center of the solemn altar, there was an ordinary copper stick. It had been there for decades. It was ordinary and had never changed.

...

However, at this moment, the rod was shining with a golden light. Patterns began to appear on the originally ordinary surface of the rod. The light emitted by the rod was filled with auspicious clouds, which reflected the beautiful scenery in the sky.

Chapter 820-time flies

Ruan Hongyu also arrived in an instant. Her face was ashen as she gritted her teeth and said, "You've been trying to communicate with it for so many years, but you've never succeeded! This crazy girl hasn't touched this thing for so many years, but it can still be activated. Did she do something to it back then?"

Jiang Churan shook her head and smiled bitterly. treasures have their own spirituality. Everyone has their own opportunities. You can't force it.

As soon as he finished speaking, the golden rod suddenly flew out of the altar and turned into a stream of light. The entire sky was dyed red as if it was burning.

Dongmen Yuan's expression changed drastically. He suddenly felt an endless force pressing down on him. Soon, he saw the Golden staff breaking through the air, as if it was going to crush everything!

"?!"

He suddenly sucked in a cold breath. Ever since he was injured by Huangfu Xuan, this was the first time he felt great danger! He hurriedly made a hand seal, and the Golden Warrior suddenly roared and became huge. It slammed its palm toward the stick!

With one move, the pressure was like Rolling Thunder. The entire Sky Garden trembled violently and was about to collapse at any moment!

Ruan Yuansi exhaled and said in horror, "It really is a scepter!"

A complicated look appeared in his eyes. He also formed a seal with one hand, and a power immediately appeared from his body. It formed a barrier that enveloped the entire space garden. Only then did the trembling stabilize.

“Hmph, does it mean that the bigger you become, the more powerful you are?”

Ning keyue sneered and made a strange gesture with her hands. It was as beautiful as a dance, which was pleasing to the eye. Unfortunately, no one was watching. Everyone’s eyes were frozen in the sky.

The Golden scepter suddenly split open and began to transform in the air. In an instant, it turned into a huge Golden Pigeon. It was extremely fat and cute, and its two small claws grabbed at the Golden warrior’s arm.

Dongmen Yuan’s expression changed drastically. The soul slave was directly connected to his soul. As the Golden Pigeon grabbed at it, he felt a powerful weapon accumulation shaking into his soul. It was actually trying to tear the soul slave that had gathered 10000 souls into pieces!

This situation scared Dongmen Yuan out of his wits. An unreal feeling appeared in his mind. He was a peak earth-rank soul slave! Its power far exceeded that of an ordinary ninth tier profound armament, so how could it be easily torn apart?

He quickly made hand seals with one hand, and the soul devouring flag in his other hand quickly unfolded, fluttering in the wind. A terrifying scene of hell appeared in the sky, and everyone broke out in cold sweat when they looked at it.

Ning keyue waved her body and said softly, “ memory is a curtain full of wind chimes, and a person’s life is mostly centered on regrets, extending in time.

As her voice rang out, the Golden Pigeon grabbed onto the soul slave and refused to let go. It allowed the surrounding environment to change and countless vengeful souls and evil spirits to rush out, but it was not moved in the slightest.

no one can stop those years that have gone far away. Everything is just like the quicksand of a finger.

Ning keyue's eyes suddenly turned cold. She said, "Time-song!"

"BOOM!"

In the purgatory, the Golden Soul slave suddenly let out a cry of horror and was torn into pieces by the pigeon. Countless souls rushed out and wailed in the world of the soul devouring flag.

"Pfft!"

Dongmen Yuan spurted out a mouthful of blood. The destruction of the earth soul formation had given him a huge backlash. The genuine Qi in his body was tumbling, and his body was in great pain as if it was about to be torn apart.

Dongmen Yin and Cheng haomiao were completely dumbfounded. They were well aware of the power of the earth-grade soul slave. How could it have been killed so easily?

Although the soul could be condensed from the soul devouring flag after a certain amount of time as long as it was not destroyed, how could such a godly existence in their sect be so vulnerable?

Their self-confidence was severely damaged, and they began to have great doubts about the future development of soul slaves.

With a smile in his eyes, Yunxiao nodded slightly and praised. Ning keyue had been dispirited for so many years, but her martial arts had improved instead of regressing. It seemed that her emotionless and quiet cultivation of martial arts had turned out to be a blessing in disguise.

"You actually tore my earth soul, I'll fight you to the death!"

Dongmen Yuan went completely mad. After spurted out a mouthful of blood, he waved the soul devouring flag in his hand. The world of purgatory of evil spirits suddenly descended, trying to swallow the entire breeze and bright moon.

“Protect the garden,” ning keyue said to ruan yuansi.

After spitting out these two words, she flew into the air and lured away the evil ghosts and resentful spirits.

Ruan yuansi laughed bitterly. A long green sword appeared in the air, and sword Qi flashed. He placed both hands on the hilt of the sword and stabbed it into the ground.

A wave of sword Qi spread out from the ground with him as the center, covering the entire wind and moon building under his sword light and repelling all the yin Qi outside.

Only then did everyone feel a trace of warmth, and their blood was surging. A battle of this level had only existed in various legends. Now that they could see it with their own eyes, this trip had not been in vain!

“You want to leave? Even if you go to the ends of the earth, you will still die!”

Dongmen Yuan’s mind was filled with anger. Countless vengeful souls and evil spirits turned into streams of light and charged forward.

Ning keyue waved her hand and the scepter, song of the ages, immediately returned to her hand. She waved it gently and scattered the souls.

Hmph, I have billions of living souls here. Let’s see how long you’ll keep fighting!

Dongmen Yuan grinned hideously and waved his hand again. An overwhelming number of evil ghosts rushed out of purgatory and roared.

Ning keyue frowned and said in a cold voice, “ the soul Devourer sect is really a sect that shouldn’t exist. How many people do they have to kill to make a banner? ”

She held the Song of Time in her right hand and raised it high. A golden light flashed on the scepter and it immediately transformed. The golden light illuminated her entire body.

A sorrowful voice rang out, "The past few years should be a good time in name only. Even if there are a thousand different styles, who can you talk to?"

In the blink of an eye, the scepter disappeared, and the dazzling golden light reappeared on her body. The Golden battle clothes on the beautiful figure shimmered like a light, slowly shining under the moonlight. She held a golden sword in her hand, like a fairy of the moon, as she came over on the waves.

Ruan yuansi's eyes were filled with complicated emotions. They were filled with all sorts of envy and jealousy.

Scepter-song of the ages, it was the symbol of the highest power in Red Moon City. At the same time, it was also an extremely powerful profound level weapon. It was something that the previous city Lords had to refine.

However, since he became the city Lord, only ning keyue could control it. If it wasn't for the incident that disheartened her and made her live in seclusion at peach blossom Cove, the position of city Lord wouldn't have been Jiang Churan's.

Dongmen Yuan's heart skipped a beat. The scepter's transformation made him feel even more frightened. He shouted and quickly formed a seal with his hands. A cold and gloomy light appeared in the purgatory-like scene in the sky and turned into a huge ghost head. It desperately devoured and absorbed hundreds of millions of souls.

"?! The ghost Pagoda!"

Dongmen Yao was shocked, and cold air came out of the pores all over his body. Cheng haomiao, who was standing beside him, could not help but frown as he felt his body temperature drop.

"Master Hu, what is this ghost Pagoda?" he could not help but ask.

Dongmen kun's body trembled and he said with a dry throat, " the ghost Pagoda is a kind of giant spirit magical power. It's similar to gathering murderous aura to make the God of killing descend. This ghost Pagoda uses ten thousand souls to serve the ghost king, so that the ghost king will come to the human world!

The ghost head in the purgatory continued to grow stronger after devouring thousands of souls. It gradually condensed into a body and emitted a terrifying aura.

hahaha! Dongmen Yuan laughed loudly. I will make up for the souls I lost by feeding the ghost king today from your Redmoon city!

...

He cast an incantation seal on the ghost king's body, which emitted a clear light. He shouted, " "Ghost Pagoda, attack!"

"Rumble!"

The body of the ghost king in the purgatory continued to condense. It opened its terrifying mouth and cupped its hands in a circle in front of it, forming a black energy ball.

The ball was filled with all kinds of negative energy, and just the pressure alone was enough to shock the hidden experts in the void. Dozens of light beams broke through the void, and they all fled into the distance.

Ruan yuansi, The Guardian of the wind and Moon Garden, was also sweating profusely. She felt great pressure.

All of a sudden, a ray of green light rose and spread out in the garden. It was ning hangfeng who had made a move. He controlled it together with him, and the pressure was greatly reduced.

Dongmen Yuan had already raised his vital essence to the limit and shouted angrily, " "Six paths open at the same time, thousands of ghosts and souls, Buddha purgatory!"

The black energy ball in the ghost king's hand suddenly emitted a powerful ghostly light and began to devour everything in its surroundings. It was as if it wanted to pull the entire world into purgatory and drop the six paths together!

“Ah!”

Miserable screams kept coming from the sky. Many people who thought they were powerful and hid in the void were swallowed by the black ball. Their bones and souls were gone.

This caused even more experts to escape, but it was too late. Except for a few who self-detonated their Xuan artifacts and burned their souls to escape, most of them were absorbed and could not escape death.

...

It was as if the gates of hell had opened in the sky above the entire Red Moon City. A terrifying ghostly appearance shocked everyone in the city, and everyone was terrified.

Ning keyue's expression remained unchanged. She took a deep breath, closed her eyes, and placed her right hand on the sword behind her back. She slowly condensed her Yuan Qi. Strange symbols appeared on the sword, turned into golden light, and dissipated in the air.

An almost inaudible song seemed to ring out from the sword energy. It was as if it came from the celestial capital. It was like a dream, drifting over the Redmoon city and entering everyone's ears. It tugged at their heartstrings.

‘Kowtowing on gold, weaving clothes,’ Yunxiao began to recite. The clouds and water flow, the waves of the sky rise. Sweep away an Army of thousands and guide them like a river. Empty embrace of ten thousand worlds, a song of the ages.”

Everyone's hearts trembled. This poem actually matched the ethereal song seamlessly, making people feel a sense of endless passage of time and the world's desolation.

When he stopped, ning keyue opened her eyes and said, a Thousand Autumns like snow, a half night like a dream, a sword to suppress the soul of time song!

The sword seemed to have experienced the vicissitudes of life. The sword light swept out, and a golden light cut through the sky. The order of time was disrupted, as if it was a Thousand Autumns and ten thousand years old, a white stallion passing through the crack. Everything was condensed in this sword, and it was going to cut the past, the present, and the future!
