

The Eternal 821

Chapter 821-the heavens and earth

Under the Song of Soul subduing sword, everyone was at a loss. It was as if everything in the world no longer existed. Looking back, only fragments of time were left, constantly shattering in their memories.

There were no ancients, and no future. Time was like a song.

The experts who could still open their eyes watched in horror as the huge ghost King's body was cut in half by the sword light like a persimmon. The black energy ball also burst open in an instant, and a large amount of black energy exploded in all directions. Countless resentful souls and malicious ghosts screamed and rushed out in all directions, but they were annihilated by the vicissitudes of life, leaving only loneliness in the world.

Thousands of ghosts and broken spirits were expiated by the song of Requiem and led to the Nirvana realm of the six paths, the unknown kingdom of heaven.

Dongmen Yuan was so frightened that he couldn't make a sound. His mouth was wide open, and his face was completely numb.

“Bang!”

The soul devouring banner in his hand suddenly exploded, and his body was like this grey banner. Blood mist burst out from several of his apertures, scattering into the sky.

His entire body was like a deflating balloon, losing all of his energy. He suddenly became dispirited, and his face seemed to have aged hundreds of years in an instant, becoming dim and lightless.

The tyrannical sky Tiger was shocked and exclaimed, “Great man!” He hurriedly flew up to save Dongmen Yuan.

Ning keyue's golden armor and sword instantly turned into golden light and condensed in front of her, forming the shape of a scepter.

She gently grabbed song of the ages and placed it beside her. The entire space shook slightly.

The tyrannical sky Tiger suddenly let out a blood-curdling screech. It was as if someone had hammered its chest. It spat out a mouthful of blood and fell to the ground.

At this moment, everyone finally recovered from their dazed state, their faces pale. The battle just now was too shocking and unbelievable. They still didn't understand what had happened. They only knew that ning keyue had won!

Dongmen Yuan fell from the sky and landed heavily on the wind and Moon Garden, stirring up dust.

The entire sky was deathly silent. No one dared to make a single sound. Even their breathing was extremely careful, and their faces were all pale.

Ning keyue was still wearing a light green floral dress. She held an ancient scepter in her hand and slowly fell from the sky. Her face was a little pale, but she looked more Holy and solemn, like a fairy.

This unbelievable battle caused everyone's respect for the woman before them to reach an extreme level. Even ruan yuansi and ning hangfeng, as well as the countless people watching from various places, felt their hearts turn cold.

That sword-art, the song of ages, was definitely the strength of one of the seven sect Masters and a titled martial sovereign. It had already surpassed hundreds of millions of people and stood at the peak of this mainland!

Among the eight divisions, only Lil eight still had strength left. He gathered his courage and placed his sword in front of Dongmen Yuan. He said in a trembling voice, " "You, you can't kill him. You, you, you, do you know who our boss is?"

Ning keyue took a few steps forward and walked directly in front of eighty. She didn't even make a move, but an invisible force turned into a huge palm and slapped directly.

“Pa!”

A loud and clear sound rang out, and eighty’s entire body was sent flying. Its body flipped a few times in the air before falling down.

Ning keyue sneered, “your boss?” Tsk, isn’t it just Ling Baiyi? If you have the guts, then let him hit me!”

“Pa!”

Another slap sent eighty flying.

“?! What?”

At this moment, everyone sucked in a breath of cold air. They were so shocked that they couldn’t help but exclaim.

“Ling Baiyi, Qianqian.”

Everyone couldn’t help but shiver. No wonder darknorth kangtian didn’t say anything when he heard this. It was actually the Lord with the title of Night Shade, ranked fourth on the heaven and earth Power chart!

Yunxiao’s expression flickered, and a look of reminiscence flashed in his eyes as he sighed. It was indeed him. This was big trouble. Only a demoness like keyue would be fearless and completely disregard the consequences. If Jiang Churan was here, she would definitely not break off relations with the eight divisions so completely.

Ruan yuansi’s forehead was also covered in cold sweat as he silently cursed. If Ling Baiyi’s identity had not been made public, they could still operate in secret and deal with the people from death god Palace flexibly. However, now that it had been revealed in public, it was not right to kill or not to kill.

Moreover, he had already revealed the identity of the top dog. If he attacked again, wouldn't he be making an enemy of that person?

"You, you know and you're still hesitating?"

No. 8 covered his face and stood up, looking unconvinced.

"Pa!"

Another slap was delivered, and his entire body was sent flying again. His face was already extremely swollen.

"Lady ning, why are you ..."

"Pa!"

"My boss Yingluo"

"Pa!"

"Your Excellency, please mind your manners!"

"Pa!"

"Waa! Stop fighting!"

"Pa!"

"I'm going to kill you!"

“Pa!”

“Stop, stop, stop! What do I have to do to make you stop fighting?”

“Pa!”

The sound of the slaps shook everyone’s hearts. They all felt cold all over and their lips were extremely dry. Especially after knowing their boss’s identity, he still dared to make such a move.

As the saying goes, you have to look at the owner before hitting the dog!

Little Myna’s head was swollen like a watermelon, and it was a purple one at that. He stumbled and got up. It seemed that his head had become heavier after it had grown bigger, and he was falling forward.

His eyes were bloodshot as he stared at ning keyue with resentment.

what’s wrong? ” ning keyue asked coldly. why aren’t you talking? ”

...

No. 8 pursed his lips tightly, afraid that he would say something again.

“Pa!”

Another slap landed on his face. This time, he was directly smashed into the ground, and his entire head was buried in it.

Everyone’s heart skipped a beat. They touched their faces with trembling hands and didn’t even dare to breathe. She hit when she spoke and even hit when she didn’t speak. This woman was really crazy!

No. 8 had learned his lesson. He kept his head in the ground so that he wouldn't be beaten.

"Hmph! Ling Baiyi was the best? Even if your boss is ao changkong, he won't be able to save you!"

That lady-like image, but when she spoke, she had a Hooligan's domineering aura. She slammed the scepter in her hand on the ground, and immediately a huge force shook out from the ground, directly into the top of little eighth's head, blasting him into the sky. When he fell again, he immediately fainted and lost consciousness.

Three of the death God's eight elephants and the death god Palace's Palace Master, Li Yi, were all lying on the ground, losing all their combat power.

Li's face was pale, and he didn't know what to do.

The strength of the woman in front of her was too terrifying. Even if she recovered to the peak of her demonic power, she was most likely not the woman's opponent. This person was the strongest human she had seen since she woke up!

Ning keyue looked at her coldly and said to ning hangfeng, "Take these five people to the dungeon. According to the rules of Red Moon City, whoever they are, kill them!"

...

"Yes, yes!"

Ning hangfeng was also covered in cold sweat. Today's matter was no longer something he could make a decision on. He hurriedly summoned the Martial Emperor powerhouses in the Imperial Army to act as porters and captured Li Yi and the other four.

The song of ages in ning keyue's hand suddenly turned into golden light and disappeared.

She looked at the sky quietly and said, "Lord Kang Tian, just now you said that you wanted to bring my little friend back to Beiming Dark Palace? Please come down and tell me the details. You're standing too far away, it's not convenient to talk."

The sky where she was staring at trembled, and then Darknorth Kangtian's figure appeared. He had a nervous expression on his face, and he turned into a light that fell into the wind and Moon Garden.

Darknorth Kangtian was also having a headache. He didn't expect that he would provoke such a powerful person. He smiled apologetically and said, "I don't know where that Li Yunxiao learned the cracking method of my Beiming Dark Palace's secrets, but I'd like to invite him back for a chat over a drink, so that we can verify our martial arts and improve together."

Everyone felt dizzy after hearing that. Even the elders of Beiming Dark Palace had to be careful in front of Ning Keyue.

Yunxiao, "Ning Keyue said to Yunxiao, boy, are you willing to go?"

Of course not! Yunxiao shook his head and said, "This elder Kang Tian is too fierce. I don't dare, he'll kill me."

He said innocently with a harmless look.

"Haha, why would I?"

Darknorth Kangtian laughed awkwardly and said, "This old man admires young juniors who innovate in martial arts the most, and I can't wait to cherish them. In Beiming Dark Palace, as long as I'm here, no one can lay a finger on you! Of course, we have to respect your opinion and not force you to go!"

Then why did you say you would wait for me in Red Moon City?" Yunxiao asked. and you told me not to go out for the rest of my life if I had the guts?"

Darknorth kangtian laughed and said, "haha, that's just a joke. It's really because of the beautiful scenery in Red Moon City. I just want to stay here for a few more days. Haha. But lady Yue, I'll be staying for ten days to half a month, is that okay?"

"Yes," ning keyue said indifferently.

Darknorth kangtian,"Suan ni."

if there's nothing else, just go back, " ning keyue said. the red moon City doesn't like idle people.

Darknorth kangtian was furious. Although he was very afraid of ning keyue, he was still an elder of a sect. He wasn't afraid that ning keyue would kill him. After all, beiming Dark Palace was not to be trifled with. However, he was afraid that this demoness would torture him like how she tortured Lil eight. If that happened, his face would be completely destroyed.

The situation was stronger than the person, so he had no choice but to lower his head!

"Then I'll take my leave!" He cupped his hands and said in a deep voice.

He didn't dare to say anything more, nor did he dare to throw out any harsh words. He was filled with anger and grievance as he disappeared from the garden in an instant. He did not want to know the result of the challenge Tournament. With ning keyue here, no one could touch Yunxiao.

As soon as darknorth kangtian left, the sky suddenly changed color. A red light fell down and illuminated the garden, making it look exceptionally beautiful.

Yunxiao's heart trembled, and an indescribable feeling welled up in his heart. He felt a pain in his head, and his eyes could not help but turn into blood-red lunar pupils. He was horrified and hurriedly tried to suppress them. If they were to appear at this moment, even ning keyue would not be able to save him!

Suddenly, ruan Ziling cried out in shock, "Crimson Moon, Crimson Moon! The moon has turned red!"

Chapter 822

822 Martial skill inheritance

The entire wind and Moon Garden was as red as the setting sun. The blood-red moon hung high in the sky, and everyone looked up in shock.

Everyone in the city looked up and was dumbfounded.

The moon GUI turned red, indicating that in a month, one of the four secret lands of the four major domains, the everlasting earth and the heaven wasteland, would descend on The Purple Cloud Peak outside of the red moon City.

This change came too suddenly, making it difficult for everyone to react for a moment.

big brother Yunxiao, are you alright? ”

Yunxiao! Jiang Ruobing suddenly cried out and found Yunxiao covered in cold sweat. His face was extremely pale and his eyes were tightly closed.

Yunxiao did not dare to open his eyes at this moment, so he said in a hurry, ” I’m fine. I’m just a little uncomfortable. I’ll be fine after resting.

Jiang Ruobing stepped forward to support him and said, ” maybe it’s because of the battle just now. You can sit for a while.

She helped Yunxiao to the throne and let him sit down slowly to rest. The scene made everyone feel very uncomfortable.

“Let me help you,” ning keyue said. She reached out her hand.

Yunxiao trembled with fear as he hurriedly leaned back and said, ” no need, no need. It’s an old illness acting up. Don’t do it!

Ning keyue was stunned for a moment. She took back her hand and said, " alright, then you should rest quietly. A hint of doubt flashed in her eyes.

"Sister keyue, how did you know the city Lord of Yanwu?" ruan yuansi suddenly asked.

"It's fate, so I know him," ning keyue said.

Ruan yuansi, "Yingluo."

Everyone knew that she did not want to say it. However, for this person, she dared to cripple Dongmen Yuan and offend Martial Emperor Ye Ying, Ling Baiyi, in public. The relationship between the two of them was not that simple.

In fact, they were overthinking it. Ning keyue was a fearless demoness. Saving Yunxiao was one thing, but Dongmen Yuan had dared to be so arrogant in Red Moon City. Even if there was nothing else, he would still be crippled.

Although ruan zimao was extremely unhappy, he was much more at ease than before. Now that Li Yi, the big threat, was gone, Yunxiao still had iron sheet to control him, and Cheng haomiao and beiming Laifeng had agreed to go easy on him, the victory in the group arena was basically guaranteed.

"My Lords, can the red color of the sundial really accurately indicate the arrival of the end of time?" Dongmen Yao asked in a deep voice.

"There's a slight error, but not by much," ruan yuansi said.

yes! Dongmen kun nodded. this is a serious matter. I have to report to the soul Devourer sect first. There's also my third brother's matter, Lao Ai.

I hope your sect can spare his life for the time being," he said hesitantly. my sect leader will definitely ask about this matter personally.

Ruan yuansi was just about to agree. He had no intention of killing Dongmen Yuan, but he still fell silent and turned to ning keyue. It seemed that this matter was no longer up to him to decide.

I really don't have a good impression of your Soul Devourer sect," ning keyue said indifferently. even if Huangfu bi asks, Dongmen Yuan will most likely die.

Everyone was sweating profusely. This demoness's words were too willful.

Ning keyue looked at Dongmen Yin, who had an extremely ugly expression, and snorted. "However, as one of the seven Supreme sects, I will still give this little face to Huangfu bi, even though the outcome will be the same."

Only then did Dongmen kun's expression turn for the better. He cupped his fists and said, "If that's the case, then I'll have to thank lady ke Yue. These two matters are rather urgent, so I'll return to the sect now. Brother yuansi, goodbye."

After he finished speaking, he turned into a ray of light and left.

At this moment, many of the powerful cultivators in the void who had escaped the calamity had left one after another. It was as if the opening of the end of the world had shocked them greatly.

In the city Lord's mansion, Jiang Churan could not suppress the excitement in her heart as she muttered to herself, "The immortal realm has finally arrived! Tiansi, I must obtain it no matter what!"

Ruan Hongyu looked at him worriedly and said, "The ability of heavenly thoughts is too powerful. We'd better find Yunxiao first and see if he can fully come into contact with ruomei's curse mark. If he can, we don't need to take this risk.

Jiang Churan shook her head and said,"not just for ruomei, even if it's for the sake of the red moon City, I must obtain tiansi." If I can refine the heavenly thoughts, Red Moon City will be able to stand above the other six sects, and I won't have to always complain about my incompetence."

Ruan Hongyu's heart ached and she said sadly, "Churan, why are you so sad? you've already done very well."

Jiang Churan said, "this is also for my own sake. It's already very difficult to make any further progress after cultivating to this stage." "This heavenly thought may be a breakthrough in my path of martial Dao. If I obtain it, there will be a vast sea and sky in front of me. If I lose it, it may be the end."

Ruan Hongyu snuggled up to Jiang Churan and held her from the side. She said gently, "But no matter what, you must place your safety as your top priority. It doesn't matter if it's for the sake of the red moon City, me, or our daughter."

Jiang Churan smiled and patted her little hand. "Don't worry, I'm one of the few experts in the world, what are you afraid of? There isn't much suspense in the arena battle this time. Zimao will win without a doubt."

Ruan Hongyu was taken aback and asked, "why are you interested in zimao again?" That li Yunxiao's combat strength is far above zimao's."

Jiang Churan smiled and said, "the arena is a competition of strength, but the competition below the arena is a competition of comprehensive strength." I believe zimao will handle Yunxiao's matter well. If he can't, I'll be disappointed."

but from what I can see, Ruobing has no interest in zimao, " ruan Hongyu said with a frown. instead, she has a good impression of this li Yunxiao.

this li Yunxiao is indeed a rare talent, " Jiang Churan said with a smile. but his identity is too mysterious. I feel more at ease handing Ruobing over to zimao. As for good feelings, they would naturally have good feelings after being together for a long time. What attracts her to Yunxiao is his unique mystery. What girls want in the end is that sense of security."

"It seems like you really understand women," ruan Hongyu muttered. "You've got your ways!" Why didn't you take this witch in back then?"

Jiang Churan laughed, "didn't I take you in as my disciple?" Hahaha! "However, the only thing that worries me now is Yingluo." His smile suddenly disappeared.

Ruan Hongyu seemed to have sensed something and said, " "Ning keyue?"

"Not bad!"

Jiang Churan nodded gently. this crazy girl loves Ruobing very much. If she tries to stand up for Yunxiao, I'm afraid the ending will change. However, if sister keyue can guarantee Yunxiao's safety with his background and identity, with his talent, his future achievements will be no less than mine, and I might consider letting Ruobing marry him."

that crazy woman doesn't think so much, " ruan Hongyu quickly said. she's always doing what she likes! If she were to do it, she would harm Ruobing for the rest of her life! Even though I'm not Ruobing's mother, I've always treated her as my own and have never taken her side. I can't let Ruobing marry li Yunxiao!"

"Chu ran, if there's really a conflict, are you sure you can suppress that crazy woman?"

Jiang Churan was stunned for a moment before she shook her head with a bitter smile.

Ruan Hongyu's expression changed drastically. "How is that possible? Even you are not her match?"

Jiang Churan shook her head and said, "this isn't a matter of strength." You also know that she's a demoness who never considers the consequences of her actions, and I'm the red moon City Master. My identity has determined that I will never fight with her. Even if he could suppress her, it would be a lose-lose situation for both sides. The consequences would be too serious. So, if she insists on supporting Yunxiao, zimao will have to solve it himself. As her uncle, I can't force her to do it. "

Ruan Hongyu's expression became extremely ugly. From the sword she had seen through the water curtain, even if she and ruan yuansi joined forces, they would not be a match for that woman.

Jiang Churan glanced at her and sighed, " "Besides, I'm very happy to see sister Keyue walk out of the peach blossom Cove and her martial skills have improved. With the opening of the ancient times, I will be able to wholeheartedly search for Tian si."

Ruan Hongyu was shocked. Churan, don't say that. I'm so scared!

...

Jiang Churan laughed, "haha, don't worry, I'll be fine!" However, if I'm injured or something else, Red Moon City won't be affected much with little sister Ke Yue here."

Ruan Hongyu's mind was in a mess. She threw the challenge Tournament to the back of her mind and didn't have the mood to think about it.

"What? This is a Kasaya!"

Suddenly, Jiang Churan let out a shrill cry, which made Ruan Hongyu's heart skip a beat. Her husband rarely lost his composure like this. Even when the moon turned red, he still looked very calm.

She followed her husband's gaze and looked into the water curtain. She saw Yunxiao's throne emit a strong light, resonating with the other six Thrones and slowly rising into the air, as if connecting with some kind of array. Then, beams of light converged on Yunxiao.

"W-What's this?" Ruan Hongyu asked in shock. She had never seen such a phenomenon before.

Jiang Churan's expression was extremely grave as she said in a low voice, " "Martial skill inheritance! Yunxiao had actually triggered the martial technique inheritance on the throne! F * ck me, how is this possible?"

As one of the seven sect Masters, he couldn't help but swear!

“Weren’t the martial arts techniques on the throne all messed up and sealed by the city Lord 10000 years ago?” ruan Hongyu asked in shock.

“That’s right,” Jiang Churan replied. However, the city Lord who sealed the throne 10000 years ago had engraved his martial arts inheritance on the seal, and no one had been able to undo it for so many years. As time passed, everyone thought that it was non-existent. I didn’t expect it to be true!”

“Inherited martial skill, Kasaya.”

...

Ruan Hongyu was also stunned. She had heard of the rumor and never thought that she would be able to see it in her lifetime.

Jiang Churan’s expression was unusually grave as she said in a low voice, “That generation’s Red Moon City Lord was known as the strongest generation in the past ten thousand years! A martial technique that even he can’t help but inscribe is definitely not an ordinary thing. In any case, li Yunxiao must stay!”

Chapter 823-dispute

At this moment, the wind and Moon Garden was filled with shock and confusion.

Just as Yunxiao was sitting on the throne and resting, a beam of light appeared naturally and enveloped him. Then, the seven Thrones resonated inexplicably and slowly rose into the air, forming an array.

Everyone stared blankly at the seven Thrones in the sky, which were connected in a line, and all the beams of light were converging on Yunxiao. They immediately thought of the martial technique inheritance that ruan zimao had mentioned earlier, and their hearts were filled with unspeakable envy, jealousy, and hatred.

Ruan zimao trembled with jealousy. The Supreme martial art of Red Moon City, a divine ability that no one had been able to inherit for ten thousand years, had been inherited by Yunxiao in front of him. If ning keyue had not been here, he would have rushed forward to interrupt the inheritance even if he would have been seriously injured.

master, " Jiang Ruobing said awkwardly, " is this a Kasaya? a martial technique inheritance? "

Ning keyue nodded. There was an indescribable feeling in her eyes."This brat actually has such good fortune. It seems that he is not an ordinary person. If you marry him, you will not suffer a loss."

"Master, what nonsense are you talking about?"

Jiang Ruobing was extremely embarrassed. With so many people present, her face was as red as an eggplant. She said in embarrassment and anger, " I'm just an ordinary friend of his. Master, don't you dare speak nonsense and ruin my reputation!

Ning keyue smiled. it's okay. No one can beat him in the challenge Tournament anyway. You will marry him sooner or later.

Jiang Ruobing felt everyone's eyes on her. She was so embarrassed that she felt dizzy. She stomped her foot and said angrily, " "Master is too bad, I'm not going to talk to you anymore!"

She immediately turned into a ray of light and fled, too embarrassed to stay.

Nalan Zhixuan laughed and followed after him with her maidservant, Xiaoxue.

Ruan yuansi looked at her son's pale face and felt her heart tighten. She stepped forward and said, " "Sister keyue, isn't it a little inappropriate for an outsider to obtain the exceptional inheritance of our Red Moon City?"

Ning keyue said, 'I don't want outsiders to get it either, but if you're so capable, why don't you try to get it for me? These seven Thrones have been in the red moon City for ten thousand years, and no one has ever obtained them."

Ruan yuansi said in a deep voice, " even if no one in the red moon City can get it now, it still belongs to the red moon City. Sooner or later, someone from the red moon City will get it. If the inheritance is passed on, it will be lost.

Ning keyue snorted. heh! You mean you want me to interrupt his inheritance now? ”

“Yes!” Ruan yuansi said. If little sister ke Yue feels that it’s not convenient for you to take action, then let this big brother do it for you.” He released elemental energy waves from his body and was ready to attack at any moment.

Ning keyue’s eyes flashed coldly. “You dare?” She immediately suppressed ruan yuansi’s aura with her aura and sneered, ” You don’t have to worry. After the challenge Tournament, this li Yunxiao will be one of us.

Anger appeared on ruan yuansi’s face, but she had nothing to say.

Suddenly, a voice rang out. the inheritance of the throne is something that has been seen for the first time in ten thousand years. It is an opportunity. You must not interrupt.

With a flash of light, Jiang Churan and ruan Hongyu appeared.

The people of Red Moon City were shocked and hurriedly came forward to bow, ” “City Lord!”

Everyone was shocked. It was actually the city Lord of Red Moon City, one of the seven sect Masters. These juniors were all hot-blooded and their eyes shone with a strange light. All of them appeared to be a little nervous.

They had all grown up listening to the stories of these legendary figures. Now that they had seen them in person, they could not help but be extremely excited.

Jiang Churan excused everyone and smiled, ” congratulations, sister keyue, for walking out of the haze of the past.

Ning keyue smiled and bowed. “Thank you for your concern, city Lord.”

Jiang Churan nodded and said to the crowd, "Thank you all for coming all the way to Red Moon City to give me face. Today's meeting will end here. Everyone, please disperse. The arena tournament will be held three days later, so there's no need to sign up. I welcome everyone to participate."

Everyone was flattered and expressed that they would definitely attend. Then, they left one by one under ruan zimao's arrangements.

Everyone knew that they had to deal with the matter of the martial skill inheritance. At that time, Dongmen Yuan was so arrogant that Jiang Churan could not come out. Now, he had come here personally. It could be seen how important the inheritance was. It was somewhat inconvenient for them to be present.

This time, not only did they get the help of the heaven wave mirror, but most of them also had a breakthrough in martial arts. They also witnessed the incredible battle with their own eyes, which caused unimaginable shock to them. Finally, they even saw the master of Red Moon City, one of the seven sect Masters. It could be said that this trip was not in vain.

After everyone had left, ruan yuansi hurriedly said, "city Lord, this li Yunxiao is really an outsider. If we don't pass on the martial arts to him, the peerless martial arts of Red Moon City will be leaked to the public!

"I understand what you're saying," Jiang Churan said. "Let's not talk about whether Yunxiao will become one of us, but it's a good thing that he can take the cultivation technique on the throne, as it has not been passed down for many years. Moreover, we can use him as an opportunity to find the lost supreme art. If we rashly interrupt it, we don't know when we will be able to obtain it again."

Ruan yuansi was stunned for a moment, and she had nothing to say. She sighed and stood silently to the side.

Ning keyue was a little worried and said, "Since this absolute art has to be passed down through the throne, it's naturally difficult to teach it with words and actions. If Yunxiao has learned it, how does the city Lord plan to let him spread it out?"

"You don't have to worry about how to get him out, sister," ruan Hongyu said. "I'm very curious, what's the relationship between the girl and this person? For him, you've crippled the second place of the eight

symbols ranking and even broke off your relationship with a titled martial sovereign. Hehe, this courage is unparalleled.”

Ning keyue said indifferently, “since it doesn’t matter how he spread it, my relationship with him is even less important.” However, if you use the soul-searching technique to read his memory inheritance ... Hehe, that won’t be fun.”

Jiang Churan said, “it’ll be great if he can use his own methods to pass down the martial arts.” If it didn’t work, soul searching was the best way. Although it’s dangerous, as long as you control it carefully, you can still avoid hurting him.”

Ning keyue frowned. soul-searching is out of the question. City Lord, you’d better think of another way. Otherwise, you’ll make everyone unhappy.

“Ning keyue!” Ruan Hongyu said angrily. Isn’t the peerless inheritance of the red moon City worth the risk?”

Although there were no outsiders here, ning keyue’s disrespect for Jiang Churan still made her furious.

Ning keyue smiled and said, “It’s not worth it!”

“You! Who is this ning keyue standing in front of me?”

“Is it the witch or someone from the ning family of the Redmoon city?” ruan Hongyu asked.

If she was a demoness, Jiang Churan would be able to drive her out of the city. If they were from the ning family, they must obey the city Lord’s orders!

Ning keyue sneered and said, “ don’t try to pressure me with your reasoning. I’m a witch. I’m also a member of the ning family! I’ll listen to the city Lord’s orders if they’re reasonable, but if they’re unreasonable, then I can only hehe.”

Ruan Hongyu was so angry that her chest heaved up and down. She had been the mistress of the Jiang family for so many years and no one had ever dared to talk back to her like this. However, she couldn't even beat the person in front of her!

She was so angry that her body trembled, and she didn't know how to vent the anger in her chest.

"Alright, alright, stop arguing." Jiang Churan said with a headache. Perhaps he could easily obtain the absolute art. If he really wanted to reach that step, he would have to wait for that step. My attitude is that the ultimate technique of the red moon City must be left in the red moon City."

Ning keyue smiled and said, "why not?" Who could defeat Yunxiao in the arena tournament three days later? Big sister Hong Yu, he's going to be your son-in-law soon. You have to treat him better."

"Bullshit! I don't agree!"

Facing ning keyue, ruan Hongyu couldn't help but swear. She said angrily, " I'm Jiang Ruobing's mother. I don't agree. It's useless even if he's invincible!

"Oh?"

Ning keyue smiled and said, "is brother Churan going to break his promise of the Crimson Moon order?" Now, there's suddenly some additional conditions, and you even need your parents "consent. Hehe, this will make the world's heroes laugh at our Red Moon City."

...

Jiang Churan felt a headache when she saw the two women arguing. They were both people she could not afford to offend, so she could only say, " it's still unknown whether this li Yunxiao will take part in the challenge Tournament or not. Besides, the inheritance of martial arts can't be completed in one or two days. I'm afraid he might not make it in time.

Ruan Hongyu's eyes lit up. The arena tournament will begin in three days. Since it's an unparalleled technique, it's normal to pass it on for a year and a half. Haha, you want to be my son-in-law in Red Moon City? there's no hope in this life! Just wait for your soul to be searched!"

She sneered. She didn't know why, but she just didn't like ning keyue.

Ning keyue snorted and said, "Hmph, next life?" It's not like your daughter is the only one in the red moon City. At most, I'll find a girl from the ning family to marry him. Is it so difficult to be the son-in-law of the red moon City?"

"You coward!"

Ruan Hongyu was speechless.

"That's a good idea," ruan yuansi said.

He also hoped that his son would marry Jiang Ruobing, as long as Yunxiao could be sent away. As for who said the martial art inheritance was, he did not care so much.

Jiang Churan said, "let's leave this matter as it is for now. We'll talk about it after he comes out of the inheritance." The most important thing now was the opening of The World's End. Soon, the world would be shaken, and experts from all sects would come. It was a huge pressure on the safety of the red moon City. But you've completely offended Ling Baiyi at this time, so it's not wise."

Ruan Hongyu sneered, "hehe, sister keyue's martial arts are unrivaled. Ling Baiyi is nothing to her. Besides, she also said that Ling Baiyi would come and beat her up. When this man comes, sister keyue will deal with him. We can rest assured.

Jiang Churan frowned and said, "Hongyu, don't be so cold." At this time, everyone should work together. If Ling Baiyi was here, he would be the enemy of the entire Red Moon City! However, sister Yue's method is not wrong. Crippling Dongmen Yuan and raising the prestige of our Red Moon City is not a bad thing!"

...

Chapter 824-annihilating the ape

Churan, " ruan Hongyu said angrily, " she has made such a great enemy for the red moon City, and you're still protecting her? "

Jiang Churan sighed and said,"Hongyu, even if keyue didn't do anything, I would have done something. It's just that I wouldn't be so ruthless." Her action would make up for the embarrassment of the red moon City, so that people would not think that the sect master had to take care of such a small fry personally. We'll make it so that people can't see through the depths of our Red Moon city's strength."

it's all my fault for being weak, " ruan yuansi said guiltily. I'm sorry that you have to worry about everything, city Lord.

Jiang Churan shook her head and said,"although hard work is important in martial arts, opportunities and talent are more important." At your level, the effect of hard work is getting less and less, but as long as you keep working hard, there will always be a chance. This is the way of heaven rewards hard work."

He gave Yunxiao an envious look and sighed, " a person like him with such cultivation at such a young age will definitely have great achievements in the future. It's terrifying just thinking about it!

Ning keyue struck while the iron was hot. then the city Lord can consider making him your son-in-law.

Jiang Churan laughed. although fate is mostly arranged by parents, it's mostly fate. But what do you think, sister Yue? "

Ning keyue was stunned and then fell silent.

Jiang Churan laughed,"I've brought up your sad past again." Everything had a fixed fate and was difficult to force. The most important thing now is the defense of the red moon City. The biggest hidden danger is Ling Baiyi."

He said solemnly, " this person has disappeared for so many years. Back then, I heard that he was chased by Huangfu bi and I was puzzled. Today, I found out about the matter of Dongmen Yuan. I think that must be the reason. If I'm not wrong, Ling Baiyi is most likely the mastermind behind the great change in the soul Devourer sect. Dongmen Yuan has killed so many of our fellow sect members and even injured Huangfu bi. Judging from his strength today, it is impossible for him to survive without Ling Baiyi's help."

"If that's the case, it's very likely that Huangfu bi will personally come to the red moon City this time when the earth is old and the sky is barren," ruan yuansi said.

Jiang Churan said, 'well, yuansi's words reminded me. I'll send a letter to Huangfu bi and invite him to the red moon City for a chat. First, it's to deal with Dongmen Yuan's matter, and second, it's to give him more help to deal with any unexpected changes."

Ruan yuansi laughed. if there are two sect Masters in Red Moon City, in addition to sister keyue's strength, which is comparable to the sect Masters', then Red Moon City will be a City of Iron. Even if ao changkong were here, he would still fall!

Jiang Churan glanced at Yunxiao, who was sitting on the throne, and said, " "Hangfeng, during this period of time, guard this place with a large number of soldiers. Do not let anyone disturb you."

"Yes!"

Ning hangfeng quickly accepted the order.

Ning keyue said,"the scenery in the wind and Moon Garden is unique. You can also enjoy the rare beautiful moon." I'll stay here for the time being."

Everyone was slightly surprised. They did not expect ning keyue to care about Yunxiao to this extent.

"Are you worried about your brother's strength?" ruan Hongyu sneered.

Ning keyue laughed, "hehe, it's not a problem for hangfeng to deal with outsiders." I'm just afraid that there's a woman in the city who has more power than him, and she'll use her power to pressure him. If this silly boy doesn't know how to be flexible, then it'll be troublesome."

Although she didn't point it out, she directly said the word " woman ", which made ruan Hongyu so angry that she gritted her teeth.

Jiang Churan shook her head and said, "it's great that sister keyue is here." I can also let hangfeng air handle the upcoming security measures. We'll see how things go. Everyone, let's disperse."

He turned around and disappeared with ruan Hongyu. Before ruan Hongyu left, she stared at ning keyue coldly.

"Sister keyue, military governor, I'll also take my leave first," ruan yuansi said.

He and Erzi also left in an instant.

At this moment, ruan Ziling was the one who felt the most uneasy in his heart. He had not dared to disclose what had happened outside the bridge of rainbows, so everyone was still unaware of the situation.

The disturbance caused by the aegirine was great, but the world knew little about it. At the same time, it was regarded as an ominous object, but it was a pity to abandon it. Therefore, it was placed outside the red moon City and guarded with a killing array. Three martial sovereigns were sent to guard it, and it had been peaceful for many years.

He wished he could immediately fly out of the city to investigate. If something had really happened to the aegirine, the responsibility would be heavy. Just thinking about it made him break out in a cold sweat.

Just as the heroes of the wind and Moon Tower were having a gathering, in a forest outside the red moon City, spiritual Qi was dense. Birds were startled and beasts were running. It seemed that they were threatened, making the originally peaceful and primitive environment become somber.

A figure flickered through the forest and mountains. Very quickly, he had traversed hundreds of miles before finally stopping on top of a huge tree. Deep in the mountains, ancient trees towered into the sky, blocking out the sun. Through the narrow and curved old ginseng path, the person gazed at the flowing stream in front of him.

The wind swayed on the top of the tall trees, making a huge and slow rustling sound. It was like a Sea of Trees moving above their heads like a desert, setting off a suffocating solemnness and coldness.

In front of the small stream, a huge ape was swimming with its head lowered. Suddenly, its ferocious face lifted up from the water, as if it had sensed danger. It suddenly roared and rushed behind it.

A force of impact roared out from the ape's body, and a large area of the forest was instantly turned into ashes.

The man's figure appeared unusually thin under the huge shock wave, but his body technique was extremely fast. He jumped up lightly and quickly retreated diagonally.

"It's indeed the atavism of the bloodline. You're from the sanctuary-realm!"

The man gently stepped in the air and waved his right hand. A long spear appeared and a cold face was revealed. It was Luo Qingyun. He said with a serious expression, "What's wrong? Have you lost your mind?"

After the ape's roar, its eyes revealed a fierce light. The ancient and wild aura on its body grew stronger and weaker with its breathing, completely out of control.

Luo Qingyun's face revealed a touch of desolation as he sighed, he has indeed lost his mind. This is the result of forcefully opening the seal on his gene chain.

"Since you've lost your mind, let me find out what's going on with the genetic chain in your body!" He said solemnly, waving his long spear.

Luo Qingyun's body suddenly rushed forward and turned into a Green Dragon Shadow in the air. The Aragami bright moon spear in his hand turned into a Swimming Dragon and fell from the sky! It was like a nine-day lightning tribulation, bombarding the boundless forest.

"Roar!"

The ape stretched its neck with all its might and roared. It suddenly rushed up, raised its fist, and smashed out.

"Boom boom boom!"

A terrifying power spread in the sky above the forest, and a large area of trees instantly disappeared.

The ape's attack had actually broken Luo Qingyun's spear power. Its huge body broke through the dragon-like pressure and rushed toward Luo Qingyun with a roar.

"What? He's actually so powerful!"

Luo Qingyun's eyes also popped out. He clenched his spear and began to display his true dragon Avatar. Scales grew out of his skin, and the whole process of dragonification was completed in an instant. He raised his spear with his right hand and roared. A Dragon's might shook out of his mouth, and the spear momentum followed and bombarded!

"Roar!"

The ape trembled under the Dragon's might. With a ferocious face, it gritted its teeth and threw another punch!

"BOOM!"

The two of them used all their strength to strike each other again, and they were both sent flying.

The ape seemed to have become numb to pain. It roared and rushed up again, waving its fists in the air. It only knew how to fight with all its might, and the forest was a mess.

Luo Qingyun's face was livid. She had already transformed into a true dragon dharma body, and like a half-demon, she continued to resist Wen Lin's crazy attacks.

...

Both of them were strong and fierce martial artists, and their battle was extremely fierce. Each move caused their bodies to tremble and their blood to boil.

"Roar Roar Roar!"

The more the ape fought, the more it lost its mind and became more and more violent. Its strength also increased. With a punch, Luo Qingyun, who had been struggling, was shaken and blood flowed out. He flew hundreds of meters away before the huge force was relieved.

"What's going on? Did he release another gene chain with that punch?"

Luo Qingyun's face turned pale as he thought of this possibility. He looked at the ape flying towards him in horror. He saw two Scarlet blood lines on the ape's chest, like meridians, which were extremely eye-catching!

After a brief moment of fear, a rush of hot blood rushed up to his heart. With a loud roar, he burst out his aura, and streams of Dragon Qi soared into the sky.

Under the surge of his Dragon Qi, the desolate God bright moon spear also unleashed a similarly powerful weapon's accumulated power, reflecting off each other. A wave of intertwining power spread out, pointing straight at the big monkey in front of him!

The ape was stunned for a moment. It seemed to have noticed that something was amiss, but its bloodthirsty wildness still made it rush down madly. It roared repeatedly, as if it wanted to use its voice to drive away the fear in its heart.

Luo Qingyun's expression became calm, and he said, "Since you've already unlocked your second genetic chain, it's impossible for you to regain your consciousness. Why don't you show me the secret of these two genetic chains? it'll be a worthy death!"

He grabbed the long spear in his hand and lifted it up. His entire body soared into the sky, and the long spear and his body became one, making the final attack.

"When I die, I will dissipate from the earth and return to the dust. If you live, you will obtain the method to unseal and open your bloodline!"

...

Luo Qingyun's eyes were as calm as the lake, but it gave people a feeling that the world was about to collapse. The whole space was like glass under this aura, and there were cracking sounds from time to time.

"The Dragon roars in the nine Heavens, the missing moon is hard to round!"

As the spear pierced through the air, the entire world turned black, leaving only the spear radiance and the ape. They collided fiercely on the axis of time.

The moment the desolate God bright moon spear was broken, an unparalleled primordial will was emitted from the spear. It was as if a God who had been sleeping for a long time had awakened at this moment. Luo Qingyun was stunned for a moment, as if he had heard an illusion of breathing.

"BOOM!"

The two extremely overbearing forces clashed together. The long spear cut through the ape's body like a hot knife through butter. The ape's body exploded, and a bloody mist appeared in front of Luo Qingyun.

"You won? Haha, I'm not dead!"

The monkey did not seem to be as powerful as she had imagined. Luo Qingyun was overjoyed, but she did not have the time to be happy. At this time, a circular light began to appear in the ape's exploded body. It was the seal of the two gene strands, and it was now open!

Chapter 825-spouse finding martial competition

In the light blue seal, two blood-red meridians also began to gradually disappear and collapse, bit by bit, turning into a faint blood light.

Luo Qingyun's eyes narrowed slightly as he quickly recorded the formation pattern in his mind.

All of this happened in the instant that the monkey's body was destroyed. He gently closed his eyes and fell into deep thought.

Blood and all kinds of minced meat fell from the sky and landed on his body and face. The heat of the blood actually corroded holes in his long robe.

Luo Qingyun opened his eyes and said in a self-deprecating manner, "What I see today may be the future of Wen Lin."

He put away his spear, turned around, and strode away, leaving behind a ground full of wolves and ruins.

.....

In Red Moon City, after the gathering of the heroes, the whole city was spreading the news about ning keyue and Dongmen Yuan.

"Tsk! Ning keyue is a Beast Tamer. How can you think of controlling demon pigeons to fight?"

“Although I didn’t see it with my own eyes, it was the senior Sister apprentice of the female superior of the father-in-law of the son of my third aunt’s uncle’s neighbor who saw it with her own eyes. How could she lie to me!”

“Hmph, I’ll tell you the truth. The niece of my second uncle’s seventh uncle’s uncle is the wife of the cousin of the eldest aunt’s fiancé, who is the fiancé of the Jiang family’s mistress in Red Moon City! She had said that ning keyue had the blood of a demon pigeon and had turned into a Fat Pigeon in the battle to defeat Dongmen Yuan! You have to know that at the same level, demonic beasts are more powerful than humans by more than a little!”

“Hmm, this speculation makes sense, but it’s not the truth. The truth was that ning keyue was a pigeon-man in the demon clan and had been secretly raised by the red moon City. This matter was just a small test. Don’t ask me how I know. I won’t tell you that the breeder who kept ning keyue in captivity is the son-in-law of an old woman in the village where my childhood friend raised her. ”

The entire Red Moon City was talking about that battle, talking about it with great relish, and it was widely known. Also, the moon’s turning red was also a hot topic, indicating that the red moon City would be overcrowded in the next few months.

At this moment, within the ruan family mansion, there were beautiful trees and green onions, and strange flowers were shining brightly. A clear stream flowed through the winding flowers and trees, and a bridge crossed the water, leading to the pavilion.

There was an octagonal table in the pavilion. Ruan zimao burned incense and played the zither. The sound of the zither was clear.

the arena tournament is tomorrow, ” ruan yuansi said. how confident are you? ”

Ruan zimao was calm and composed. The injuries on his body had already healed, and his cultivation seemed to have improved slightly. He said, ” “Ten points!”

not bad, ” ruan yuansi laughed. I like your confidence. In many cases, strength doesn’t decide everything. If Yunxiao suddenly appears, are you sure you can win?”

When ruan zimao heard this name, a dark look flashed across his eyes and he said coldly, "Of course. The metal sheet in my hand is something he desperately wanted. At that time, he also agreed to kill Li Yi and not participate in the competition in exchange. This shows how attractive the metal sheet is to him."

His eyes were filled with doubt. He stopped playing the zither and took out the metal piece, "father, what is this thing? ninth aunt refused to say, but it must be something extraordinary.

Ruan yuansi frowned. although I can't be sure, I'm guessing that it's some kind of legacy level cultivation technique. However, we can't find the key to it. It's useless to keep it. If Yunxiao can't get out of the ring before the time is up, then this iron sheet will be even more useful!"

"Father, are you talking about the legacy level cultivation technique on the throne?" ruan zimao was stunned.

Ruan yuansi laughed and said, "The generation of city Lord who sealed the throne was known as the strongest generation of city Lords in the history of Red Moon City. How could the cultivation method he left behind be an ordinary thing?"

Ruan zimao nodded slightly and continued to play the zither, calming his turbulent heart.

Ziling, " ruan yuansi said. you've been absent-minded since the beginning. You've wanted to say something many times but stopped. What's the matter? That's not like you."

Ruan Ziling, who had been standing by the side, shivered. Large beads of cold sweat began to drip from his body.

Ruan yuansi and ruan zimao both frowned, as if they had a bad feeling.

Ruan Ziling could no longer hide it and immediately told her everything about the Rainbow Bridge. He did not dare to exaggerate anything. After he finished, he found that he was already soaked in cold sweat.

“Pa!”

A slap had sent him flying. Although it was extremely painful, he actually felt relieved.

Ruan Yuansi's face was livid as she rebuked, "Wastrel, I'm so angry!"

He instantly turned into a ray of light and headed out of the city.

Ruan Ziling's expression was also serious. "Ziling, you've really pierced through the heavens this time! Although the aegirine is placed outside desolate, its importance is self-evident, and it is even related to the whereabouts of the old city Lord. You don't know the severity of your actions!"

Ruan Ziling trembled in fear and was on the verge of tears. "Brother, I didn't know that Li Yunxiao could defeat three martial sovereigns, and the Gou brothers are no ordinary martial sovereigns! Moreover, there's the Taihua gold talisman locking formation. This Suan ni was originally a sure-win situation!"

It's impossible for Li Yunxiao to do it alone," Ruan Ziling said. "Something must have happened while you were gone. As for the situation, only Yunxiao knew. Fortunately, he was still in the Wind and Moon Garden, and there might be a chance for things to turn around. Stay in the Ruan residence and don't go out. Father will make the decision."

He pondered for a while and then headed toward the Wind and Moon Garden in the sky.

On the second day, the streets were empty. Everyone was crowded in the city's largest square, waiting for the long-awaited joust for a spouse.

The Jiang family's daughter was getting married, and the city was filled with red makeup. People were moving everywhere, but everything was in order. The two sides of the road were already covered with countless roses. The breeze blew the petals, and the city was filled with fragrance.

The shops, houses, and trees in the city were all decorated with red silk ribbons. All the Imperial Army soldiers in the city had been mobilized, and the surging crowd was endless. Each and every one of them was smiling as they watched the rarely seen joust for a spouse event.

In the middle of the square, the stage for the competition was temporarily transformed from a profound level weapon. The four corners had ferocious beast heads. In order to cater to the atmosphere today, the shape had been completely changed into four smiling dolls. Each of them held a toy in their hands, and there was no murderous atmosphere at all.

At the back of the ring, on the observation platform built with white jade, Jiang Ruobing, who was dressed in red and white, sat on the upper right corner with a veil over her head. Three maidservants stood on each side.

There was a limited number of seats on the grandstand. Apart from the high-level officials of the red moon City, only a few people of high status were qualified to sit. At the same time, they were also witnesses.

A huge battle drum as tall as two people was set up below the stage. A ray of light descended from the sky, and a strong man appeared in front of the battle drum. He carried a drumstick in his hand, and after signaling upwards, he suddenly struck the drum!

“BOOM!”

An extremely powerful sound wave spread out from the drum and into the city. It was like the beating of a heart, causing everyone to tremble and immediately stop their noise.

The center of the city, which was crowded with people, suddenly became silent.

Not only did the sound of the drum stop, but it also seemed to have some kind of influence, making everyone present feel a warm blood gradually surge in their bodies, as if it was on fire, and they wanted to go up and risk their lives.

This was especially so for the young talents in the front row. All of them were breathing heavily. They all knew that their chances of winning were extremely small, but it was definitely the best time to compare notes with their peers in the world. They were all rubbing their fists and waiting to go into battle. Perhaps there would be a big surprise in the sky.

“BOOM!”

The drum sounded for the second time. The space on the viewing platform was slightly distorted. Jiang Churan and ruan Hongyu appeared together, causing a commotion and screams.

The red moon City Master had always lived in seclusion, and even the people in the city rarely saw him. However, because the city's laws were extremely strict, and the protection of various forces and merchants was extremely good, he won the hearts of the people.

Jiang Churan was dressed in a long green robe with a purple bat-patterned horn belt tied around her waist. Her hair was like clouds and her eyes were as bright as the moon. She had the demeanor of a Grandmaster.

He nodded at the high-ranking officials and distinguished guests in the city, then slowly walked to the front of the stage and said with a smile, “Thank you, everyone, for coming all the way here to participate in my daughter's joust for a spouse. At the same time, it was also a pleasure in life to be able to see the elegant demeanor of the world's outstanding juniors. The rules have already been announced to the world, so I won't go into detail. Let's begin.”

...

He gently flicked his sleeve and turned back to his seat. His short speech was shocking. No matter what, he was marrying off his daughter, but he didn't say more.

The space above the arena shook slightly, and a man in chestnut-colored tight clothes appeared in the center of the arena. He had long flaxen hair, and his eyes were as bright as a Tiger's. He smiled and said, “I'm Jiang bieli, the host of this joust for a spouse event. I'll be the one to decide the outcome. Let's begin. Those who want to participate can come up.”

As soon as he said that, the entire arena was silent for a moment. Then, someone immediately jumped up and rushed towards the stage.

Suddenly, a ray of green light appeared on the ring and blocked the man's way. Then, a scream was heard and the man was sent flying to the ground, his face pale.

“?! What’s going on?”

Everyone looked on in shock.

Jiang bieli made a hand gesture and smiled. “Everyone, be quiet. I forgot to explain. In order to prevent too many bored people from participating, the minimum cultivation base for this joust for a spouse Festival is set to be a martial Supreme of the eight desolates realm. Otherwise, no one can enter the arena.”

“So that’s how it is. This is correct. Otherwise, if any Tom, Dick, or Harry had to go up there, Jiang Ruobing wouldn’t be able to finish the challenge Tournament even if she was a hundred years old!”

Among the crowd, Cheng haomiao said indifferently.

Beside him, beiming Laifeng sighed, sigh, this is so boring. This is a game that has already been decided. Even lady Ruobing herself is replaced by a fake. Only these minions are interested in playing. I feel that it’s so boring to come here and watch the show.

“How do you know that it wasn’t Jiang Ruobing?” Cheng haomiao asked in surprise.

...

Chapter 826-escape

The eyes of the people around him all fell on beiming Laifeng. Clearly, they had lost the ability to use divine sense to probe him, so they couldn’t make a proper judgment. All of them were curious.

Cheng haomiao’s face revealed a strange smile, Jiang Ruobing only appeared in a hurry. I didn’t expect you to remember her so well. You can’t bully your friend’s wife. Brother Laifeng, you’re being rude!

Beiming Laifeng laughed. brother heaven’s expanse, you really don’t let go of any opportunity to sow discord. I think the soul Devourer sect’s most powerful martial technique isn’t soul Arts, but their mouth

skills. Think about it, with Jiang Ruobing's personality, how could she just sit there and not move? Even that personal maidservant, Xiaoxue, is missing. This is also against common sense, so this person must be fake."

"That's true. No wonder I felt it was strange too." Cheng Haobo nodded. With young lady Ruobing's personality, it's still unknown whether brother zimao will be able to marry a beautiful woman in the end."

"That's none of our business," beiming Laifeng said with a smile. "We'll just sit back and wait to collect our profits."

"Hmm, it seems like there's no need to come."

At this moment, there were already two cultivators on the stage. Although the battle had attracted a lot of cheers, it was not in their eyes at all. Cheng Haoming raised his head and looked up into the sky, muttering to himself, I wonder how li Yunxiao is doing.

Everyone was shocked when they heard the name. Although they still did not believe that Yunxiao's true combat strength could easily kill Li Yi in one hit, they could not help but feel an inexplicable tension and pressure.

"Brother heaven's expanse, everyone, I'll take my leave first." This month, I will stay in Red Moon City and cultivate in peace while waiting for the opening of the ancient land and the wasteland."

"Alright, I'll go with you." Cheng Haobo said. We can exchange and learn from each other, but it's very difficult to find an opponent that you want!"

The two of them looked at each other and smiled, but both of them had a bitter taste.

Originally, they had cherished their own martial arts comprehension, but the appearance of Yunxiao and Li Yi had greatly changed their attitude toward the eyes of execution. They were less arrogant and prejudiced, and there was more pressure and a desire to catch up.

The two of them gradually left the crowd, and many of the remaining people also fell silent and quietly retreated. Everyone was a proud son of the heavens, and no one was willing to lose to others.

At this moment, thousands of kilometers up in the sky, within the wind and Moon Garden.

Jiang Ruobing kept leaning on ning keyue and begging, "Master, it'll be too late if you don't leave now. Master has always doted on me the most and will agree to any request I have."

She had been begging for two days, and ning keyue was annoyed. She scolded, "Such a big matter is not for you to play around with. If you run away, how will Red Moon City explain it to the world! While there's still time, you should choose a husband for yourself. I can help him win!"

Jiang Ruobing became anxious, and two streams of tears flowed down her face. She sobbed, "If master were in my position, what would it be like? Don't give what you don't want to others, not to mention your own beloved disciple. Master, can you bear to see me unhappy for the rest of my life?"

Hmph, how would you know what true happiness and unhappiness are?"

it's your greatest happiness to find a good husband and marry him," ning keyue said coldly. no matter how much you beg me, it's useless.

Ning keyue steeled her heart and closed her eyes. No matter how Jiang Ruobing called out to her, she didn't say anything.

Jiang Ruobing punched and kicked her for a while, but she couldn't get within three feet of her. She then stomped her foot in anger and turned into a ray of light, heading into the city.

She wasn't willing to just sit around and wait to be married, so she secretly changed into men's clothes and headed in the direction of the teleportation array, naively hoping to escape.

"Second miss, please don't make things difficult for us."

In order to deal with the opening of the mystic realm, the guards at the teleportation Grand array were several times more than usual. Jiang Ruobing was discovered by the guard Captain as soon as she arrived. He invited her to the side and said with a bitter smile, "The joust for a spouse is currently taking place in the arena. If people were to know that second young miss is here, I'm afraid that it would cause great trouble."

Jiang Ruobing was furious. She grabbed the guard Captain and gave him a beating before leaving angrily.

Although the red moon City was big, she had a feeling that there was no way out. Feeling irritated, she came to the restaurant and drank fake wine. Suddenly, she said, "The taste of this wine is so strong. I finally know why master calls it" the sorrow of being drunk.""

"Hehe."

Suddenly, a clear and bright laughter rang out, "The reason why people have so many worries is because their memory is too good. But always numbing yourself is never the way to escape."

Jiang Ruobing was stunned for a moment. Two men had appeared in front of her without her knowing and sat down opposite her.

The two of them had demonic appearances, causing anyone who looked at them to feel a chill in their hearts. One of them gave him a feeling that he knew him.

Who are you? " Jiang Ruobing became alert and shouted. Who are you? " Did I ask you to sit down?"

The person who seemed to know him chuckled and said, "Isn't it great to have friends from afar? Young lady Ruobing, I haven't seen you for a few years, but you're much more beautiful than before. You've already become a peerless beauty."

Jiang Ruobing was taken aback. She had indeed seen this person before. He could even recognize her after she had changed her appearance. She frowned and said, "Who are you?"

The man smiled. three years ago, I followed my father to the red moon City. I was summoned by city Lord Jiang. I had a chance encounter with young lady Ruobing.

Jiang Ruobing's face revealed a trace of contemplation, and she suddenly said, " "You're Tang Jie! The young master of the four extremes sect, Tang Jie!"

"Hahaha, it seems that I'm not a failure after all." Tang Jie laughed. Lady Ruobing finally remembered."

"So what if I remember?" Jiang Ruobing said coldly. Could it be that you've come to the red moon City for the joust for a spouse?"

with this idea, " Tang Jie laughed, " I can defeat all the heroes in the world in one fell swoop. Just thinking about it makes me excited and hot-blooded. At such a critical juncture, lady Ruobing was actually running around and seemed to be preoccupied. Hehe, I wonder if I can help?"

Jiang Ruobing's heart skipped a beat. that's right. You're the young master of the four extremes sect. I'm sure you have some skills. Can you wait for me to escape from the red moon City? "

Tang Jie was stunned on the spot. He did not expect such a request. He immediately guessed the reason and said with a wry smile, "Wouldn't I be hunted down by the red moon City?"

you can use me as a hostage, " Jiang Ruobing said. they won't dare to hunt you down.

Tang Jie felt dizzy. Suddenly, the person beside him said, " "Alright. However, there must be conditions for the exchange."

"Lord Shang, no!" Tang Jie was shocked. This matter is too awkward."

"Alright, I agree!"

Jiang Ruobing was overjoyed. She quickly interrupted Tang Jie and said, " "Just state your conditions!"

It was Shang. take us to the prison in the red moon City, " he said, chuckling. once we save our comrades, we'll take you away immediately.

"Saving people from the dungeon?"

you? " Jiang Ruobing was shocked. you are the eight elephants of death?!

I have nothing to do with them, " Shang shook his head. but my friends are in the dungeon with the eight symbols.

"Lord Shang, please don't!" Tang Jie quickly said. If we take her away, we'll be hunted down by the entire Red Moon City!"

"We're going to break into the prison," laughed Shang,"but won't we still be hunted down? What's the harm in bringing her along?"

Tang Jie was dumbfounded and said,"this bi an."

Jiang Ruobing looked at the two of them suspiciously and snorted. "You're robbing the dungeon of the Crimson Moon City? do you think you're titled martial sovereigns? Even if I bring you there, you won't be able to return. I've lost out on this deal. Why don't you think of a way to bring me out of the city first, and I'll tell you the location of the dungeon and its various defenses."

...

Shang laughed. there are three martial sovereigns watching you in the air. If they want to take you out, they'll alert the entire city's defense. A bloody battle is inevitable. How are we going to save them? You just need to lead the way. Even if we fail, you won't lose anything."

Jiang Ruobing was shocked and couldn't help but look at the person in front of her in a new light. At least she didn't realize that she was being watched. She asked suspiciously, " "Are you really confident that you can save them and take me away?"

“Your purpose is just to escape from the marriage,” she said. If this move didn’t work, there were other moves. As long as he wins the first place, you can refuse him at that time. He will never pester you. It’s a way to make up for the conditions of you leading the way. What do you think?”

what?” Jiang Ruobing asked in disbelief, “he can win?”

of all my peers in the world, except for li Yunxiao, I really don’t take them seriously! Tang Jie sneered.

Yunxiao?” Jiang Ruobing was surprised. you know li Yunxiao too?” “Alright!” She said after some thought. I’ll take a risk and try it for my own happiness!” Her face revealed a look of determination, as if she was not afraid of death.

Shang’s face showed a hint of joy, “Tang Jie, with lady Ruobing’s help, you can act alone. I can save them by myself, you will only be a burden.”

“Alright, be careful then, Lord Shang.” Tang Jie nodded. I also want to meet the heroes of the world and see what kind of strength these four prodigies of the North Region and seven stars of the East region have. I want to see if they can arouse my interest in a battle, haha!”

He was full of confidence in his own strength and couldn’t help but laugh. The people in the restaurant all looked at him, thinking that he was a madman.

“Let’s not waste any time,” Shang laughed.

He stretched out his hand and gently drew a green arc above the table. With a flash of light, the three of them suddenly disappeared like a blooming flower.

...

This caused the people in the hotel to be shocked. The hotel owner hurriedly ran over, looked around, and suddenly cursed loudly, “God damn it, I haven’t even given you the money and it’s gone! If you drink my wine, I’ll make sure your son doesn’t have an anus!”

As he was cursing, the space in front of him suddenly twisted and three figures appeared. All of them looked at the empty table in shock.

“Boss, where did the three of them go?”

One of them couldn't help but ask, his face turning pale.

“How would I know?” the boss was stunned and immediately shouted, “you know those three people, don't you?” They haven't paid for the wine yet. Since you know each other, you have to pay!”

Chapter 827-saving people

even we lost him,” another person said in a serious tone. how could the boss know?” Flustered, he grabbed the owner and threw him out of the door. He turned into a black dot and disappeared into the sky.

All the guests in the hotel broke out in cold sweat. They shut their mouths in embarrassment and didn't even dare to look at it.

In the end, the man wiped his cold sweat and said, “What's going on? It had actually disappeared without a trace? There's no aura at all. How is this possible?”

The three of them felt their scalps go numb. If they lost Jiang Ruobing at this time, the consequences would be unimaginable.

The third person immediately said, “go and inform the city guards to activate the hidden space sealing formation. No one is allowed to leave through the space tunnel!” Go to the teleportation array and look for information about the two people just now! I'll report this to the military governor!”

He instantly cleared his mind, and the three of them immediately turned into rays of light and disappeared from the restaurant.

.....

In the red moon City, in a dark and gloomy dungeon, there was a rotten smell.

There was no light here. It had been pitch black for 10000 years, like a dark underground cave that led to an endless abyss.

“Argh! No, don’t, I beg you, don’t! Ah!”

Screams constantly rang out from the abyss. Ever since a few people were imprisoned two days ago, the originally gloomy and cold place had been filled with shrill screams from the largest cage, making people shiver.

“Motherf * cker, what the hell is going on? What kind of perverts are locked up there?”

that scream seemed to have come from the head of Liu Li mountain village, PEI jiuchi. Could he have also met with misfortune? ”

Hmph, when that stupid bird came in, he even said that he was a relative of the Jiang family’s mistress and would be able to leave in two days at most. I’m afraid he’s finished now.

he’s a Martial Emperor! Could it be that the freak who was locked up behind him is also a Martial Emperor? ”

who knows? I heard that a nine-star martial sovereign is imprisoned in the deepest part of this abyss. From time to time, a terrifying aura will come up, but I’ve never heard any sound.

“A terrifying aura? Wasn’t the cultivation base suppressed by a strange force in this prison? Why is there still an aura?”

“God knows what’s going on!”

All the martial artists who were locked up in the prison had lost their cultivation, even the martial sovereigns. It was as if they were affected by some kind of formation and restriction. Once they were locked up, they became ordinary mortals. If they wanted to be the king, it would depend on their strength!

Just as everyone was discussing this matter, PEI jiuchi's inhuman cries began to come from the huge prison. It made everyone cry.

"Blargh, blargh!"

There was also the sound of vomiting, which made people wonder what was going on.

"How is it? How much do you need?"

In the prison, little Myna wiped his mouth. He had vomited everything in his stomach. He looked at Li Yi in front of him in horror. A long robe was draped over his body to cover his shame. PEI jiuchi was lying on the ground naked. His buttocks were covered in blood. It was a terrible sight.

"Blargh!"

No. 8 couldn't help but vomit again. He swore that if he could go back this time, he would never work with this person again in his life.

"Calm down, young man. When you're my age and have seen everything, you won't find it strange anymore."

The tyrannical sky Tiger patted his shoulder and said, "Unless someone comes to save me, my only hope of escape is the palace master's yang yang secrets of great creation."

Li Yi took a deep breath, his face extremely dark. I feel like I'm still lacking a little. If I can get a stronger martial Supreme, I should be able to break through the suppression of the strange force here and recover my origin power!

His gaze swept across the cell, and everyone was so frightened that they squeezed into the corners, trembling in fear.

Li had been sitting cross-legged beside the cell. He had not opened his eyes since he came in, as if he was immersed in cultivation.

Everyone's cultivation level in the prison was suppressed by an abnormal force, so they could not sense the strength of the others. PEI jiuchi was only bragging about how powerful he was, which was why he was dragged out by Li Yi and plucked.

"No one is willing to sacrifice themselves? Then I can only try one by one!"

Li Yi's face turned cold as he walked toward the group.

waah, no! Spare me, spare me!

Those people cried out in fear and tried to hide. Some people were so scared that their legs went soft and they fell to the ground, unable to move.

"Silence!" Li suddenly opened his eyes and said.

Although her voice was weak, it seemed to have a strange power, and all of them quieted down.

"What's wrong, Lord li?" Li Yi frowned.

Li glanced at him and seemed to feel a little uncomfortable. His face was slightly pale as he said, "someone's here to save us. They've already entered the dungeon abyss and just contacted me.

"What? Who is it?"

Li Yi's eyes burned with rage as he lowered his voice and roared, "Why didn't you inform me that someone was coming to save you? You've caused my Yingluo to suffer!"

He was so angry that his body trembled and he almost fainted.

He had always wanted to forget those unbearable past experiences. After cultivating the profound ice essentials, the towering yang creation secrets had also been trying to forget and cut off those tragic past completely.

But now that he was trapped in the mist, he couldn't care less in order to survive. He re-cultivated his Divine Art, intending to break through the strange suppression in this prison in one go. He was about to succeed when Li suddenly told him that someone had come to save them, hehe.

A drop of cold sweat rolled down Li's forehead as he said in embarrassment, "How can I understand the strange behavior of you humans?"

Li Yi replied, "hehe."

"Sister Li, are you serious?"

Little Myna was overjoyed and quickly came over, saying, "Who came to save you?"

"It's me."

A crisp sound was heard, and a round profound level weapon appeared in the prison, emitting a Dao weapon aura. Then, Shang's figure gradually appeared beside the armillary sphere.

"Lord Shang!"

Li immediately stood up and went forward to welcome him, "I didn't expect you to come personally."

...

this place has been sealed by a strange power," little Myna was surprised. Mr. Shang, how did you do it?"

"Mo Wen," the referee said.

He casually drew a circle in the prison, which gradually expanded to form a door. He said, "Li, you take Li Yi and leave first. There's someone waiting outside."

"Yes!"

Li immediately pulled Li Yi, who was still in a daze from anger, and stepped through the door, disappearing from the prison.

Everyone was stunned at the sight of this. Then, they rushed over with joy and wanted to escape.

"Sir, please save us as well. We will never forget the kindness of rebirth!"

"As long as you can Get Me Out Of Here, I'm willing to even pick up soap!"

Everyone squeezed over while crying.

With a light tap of Shang's finger, the tunnel was about to disappear.

"Mr Shang, please slow down, wait for us!" Little Myna said hurriedly.

...

He and the tyrannical sky Tiger helped up Dongmen Yuan, who was almost dead, and rushed over.

Shang looked at him indifferently and smiled, "I'm only here to save Li and Li Yi. As for you guys, do I even know you?"

Little Myna was stunned as he watched Shang's figure slowly disappear with the armillary sphere. He could not help but curse, "I'll do it! The next time I see you, I'll skin you alive and step on you all day long!"

Suddenly, the space around them shook, and Shang reappeared in the prison.

Little Myna was stunned for a moment before overjoyed. He smiled embarrassedly and said, "Mr. Shang, I was just speaking out of anger. Please be magnanimous and don't take it to heart. I knew you wouldn't leave us behind!"

Shang looked at him indifferently and said, "No, the space of the prison was sealed in an instant. There's an expert coming,"

Little Myna, "Yingluo."

"Hmph! Daring to break into the prison of the red moon City, a Toad falling into a pot of boiling water, only death awaits!"

A cold sneer was heard, followed by an aura that immediately shook away the crazed crowd. A ray of light suddenly fell from a place where there was no sunlight for ten thousand years. All the prisoners screamed in pain, almost Blinded by the Light.

Even Lil eight, who had only been here for two days, felt a sharp pain in his eyes when he suddenly saw the bright light. He hurriedly carried Dongmen Yuan with tyrannical sky Tiger and hid in a corner.

They had no cultivation at all now. Even if they were touched by the aftermath of these people's attacks, they would end up turning into ashes.

you have so many people here, ” Shang laughed. I’m only taking two. Do you have to be so petty? ” I hope you can make an exception.”

“Make an exception? No, no, no, I don’t have many people here. You saved two, but I’m going to catch four.”

The man crossed his arms in front of his chest and stared coldly at Shang, ” “I’m already considering beating you half to death and hanging you in the center of the city for the public to see.”

“How unreasonable,” Shang laughed.

“Hmph, you’re not even human, what’s with the kindness!”

The man snorted coldly, clearly losing his patience. He extended his right hand in mid-air and quickly grabbed towards Shang.

“Hehe, you’re very bold and confident.”

Shang chuckled. He took a step forward and dodged the attack with a strange posture. At the same time, an afterimage appeared in the air. His real body was surrounded by the afterimages as he stepped out of the prison and walked out on his own. He mumbled to himself, ” “Since the space is sealed, I’ll just use the main entrance.”

The pupils of the man from the red moon City contracted, and he revealed an unusually serious expression. He said in a cold voice, ” “Without my orders, no one has ever left this prison.”

In a flash, he caught up to Shang. A dark and colorless spear suddenly thrust out, without a sound, like a venomous snake in the dark, sticking out its tongue.

.....

In the wind and Moon Garden, ning keyue, who had been cultivating, suddenly opened her eyes.

The light on the seven Thrones gradually dimmed and rotated in the air in a circle. Under the reflection of the blood-colored moonscale, they slowly descended.

The seven Thrones were arranged in a line in front of ning keyue and landed on the ground. The aura coming from the throne seemed to be from ancient times that connected the present and extended into the endless future.

Chapter 828-seen through?

Sitting in the middle of the throne, Yunxiao suddenly gave her the temperament of a great Grandmaster, which stunned her for a moment.

The light on Yunxiao's body gradually faded as he slowly opened his eyes. The first thing he saw was ning keyue's Starry Eyes looking straight at him, as if she was trying to see through his heart.

"?! What are you doing?"

Yunxiao was taken aback, and his pupils constricted. He hurriedly spread out a strong spiritual power to interrupt her gaze, and only then did he feel a little relieved.

Ning keyue was taken aback, and a hint of surprise appeared on her face. With a sneer, she thrust two fingers into the blade and thrust them into Yunxiao's eyes. The sharp killing intent from her body made Yunxiao feel like he had fallen into an ice cave, and an aura of death spread in his heart.

Ning keyue's fingertips stopped in front of the star-like eyes and she said, "So calm? You're not dodging?"

A drop of cold sweat trickled down Yunxiao's forehead. Although he was one hundred percent sure that the other party was testing him, the aura of death still made him break out in a cold sweat. if you want to kill me, is there any use in hiding? "

Ning keyue snorted. it has nothing to do with whether it's useful or not. It's natural to struggle in the face of death. You will resist even if you know it's useless. Besides, I still have your strength and left you

enough time and space to hide, but you didn't move at all. This patience and determination made me look at you in a new light. Now, should I call you the city Lord of Yanwu, li Yunxiao, or Gu Yunxiao?"

Her words were spoken indifferently, but they made Yunxiao tremble. He looked at her in horror, his eyes rippling, and the blood in his body almost froze at that moment!

She actually recognized my identity!

what are you talking about? I don't understand," Yunxiao said, pretending to be calm.

Ning keyue smiled and said,"you think I'm still testing you?" If you don't understand, then forget it."

Yunxiao was taken aback, and he felt a little dizzy. He deliberately played dumb to test how much the other party knew, but ning keyue did not buy it. "Since it's not a test, please make it clear."

Ning keyue looked at his nervous face and was even more sure of what she was thinking. She smiled and said," Alright, you don't have to pretend in front of me. If I had the intention to deal with you, would you be able to walk out of the red moon City? Others might not know, but I know very well that the condition to obtain the throne's inheritance is to possess the moon pupil! That's because the city Lord who left behind the seal was the owner of the moon pupil!"

Yunxiao was stunned for a moment, then said with a wry smile," "Don't tell me you're going to deny my identity just by using the moon eye? isn't that a little too arbitrary?"

Ning keyue said,"it's not arbitrary at all!" The moon pupil could not be obtained through teaching, or else such a treasure would always be left in the red moon City. However, it could be obtained through blood relations. So, Yingluo "

"You are undoubtedly Gu Feiyang's son!" She said word by word.

Yunxiao,'hehe'.

Ning keyue continued to speculate, 'it's very consistent in terms of age. If that's the case, Gu Feiyang had already lost the power of the moon pupil before he died. I'm curious who your mother is. He risked losing the moon pupil to give birth to you. Gu Feiyang, who lost his eye sorcery, was still a peak existence, but he paled in comparison to the top few experts on the power chart. Perhaps this was the reason why he died in the tiandang mountains."

Yunxiao wiped his sweat and did not know what to say. He didn't know whether to admit it or not. He had a strange feeling in his heart.

Ning keyue blinked a few times and said, "Who is your mother? Although there were a few famous women with the surname Li, they were still far from enough to move your Father's heart. Could it be that he was bewitched by drugs?"

Yunxiao swallowed and said in embarrassment, "I'm not too sure about this Yingluo, so you can do whatever you want. Now that I have the moon pupil, how are you going to deal with me?"

Ning keyue's eyes narrowed. I'm also thinking about this. Due to your father's relationship, I won't disclose anything about you. However, your father has a deep hatred for the red moon City. It doesn't seem appropriate for me to keep it a secret. Why don't we do it this way? you can participate in this martial contest and marry Jiang Ruobing. You can first be the son-in-law of the red moon City. The matter of your identity will be revealed in the future when there is an opportunity. I believe that after so many years, the hatred will slowly dissolve."

"Don't, please don't!"

no! Yunxiao quickly declined. if ruan Hongyu knew that the man who married her daughter was Gu Feiyang's son, she would definitely take me to make tea!

Ning keyue closed in and said coldly, "I think you can't bear to part with your moon eyes, right? Are you afraid of passing it down to the next generation through your father?"

"It's one of the reasons, isn't it?" Yunxiao said with a wry smile. Without the moon pupil, the road to the peak of martial arts will only be tougher, but it's not a problem for me. However, there is a more important reason."

Ning keyue stared straight into Yunxiao's eyes with her sharp eyes, trying to see through his hidden thoughts.

With a clear conscience, Yunxiao looked straight into ning keyue's eyes without avoiding them.

"I want to see your moon eyes," ning keyue said.

Yunxiao hesitated for a moment. Then, he blinked, and a pair of blood-red moon eyes suddenly appeared in his eyes, emitting a strange light, as if they had some kind of connection with the red moon scale in the sky.

Ning keyue took a deep breath and her face turned pale. Although she was mentally prepared, she still couldn't suppress the waves in her heart when she saw these eyes again. All kinds of memories flashed in her mind one by one, and her chest heaved up and down.

"Brother Feiyang," she said sadly, "I never believed that you were dead. Now that your son has inherited the moon pupil, I really believe it." Her tone was filled with endless sorrow and self-pity, "how many of our old friends from The Purple Cloud Peak outside of the Redmoon city are still around?"

Yunxiao sighed inwardly. He could not help but want to disclose his identity, but after a little hesitation, he calmed down. The fewer people who knew about it, the better. He would tell her when the right time came.

Ning keyue was sad for a while before she said, "Let's not talk about the past, it's sad in vain. That's right, the martial skill you inherited on the throne is the Kasaya."

Yunxiao's eyes narrowed as he said, "There's no such thing as a martial technique, what's recorded inside is the method to obtain and subdue Tian si. Back then, this ancestor could have obtained Tian si, but because of a careless move, he regretted it for the rest of his life. The reason why no one in the red moon City could inherit it for 10000 years was because of this moon pupil. If it wasn't for the changes on the moon GUI that triggered my moon eyes, I'm afraid I would have missed the opportunity."

Ning keyue was surprised, 'tiansi? What was this Tian si? Although there are many records in the ancient books, it's always shrouded in a layer of fog, making people unable to see clearly."

Yunxiao's eyebrows rose, and he was obviously puzzled as well. "This ancestor didn't explain in detail, only saying that one can peek at the end of the martial path and obtain the opportunity to become a God. And the moon pupil is the key to achieving heavenly thoughts."

"The end of the martial path, the opportunity to become a God!"

Even Ning Keyue, who was as calm as water, couldn't help but be shocked. But after a short ripple, she immediately regained her composure and said, "There have been many legends of becoming a god since ancient times, but I've never seen anyone really step into the godly state. However, there are many pieces of evidence of the existence of the ten directions godly state. Since you're so lucky, you might be able to obtain Tian Si."

Suddenly, Yunxiao laughed. Ning Keyue's mind is really extraordinary. You can still remain so calm after hearing about the opportunity to become a God. Your cultivation base is already above the seven sect Masters, and it's only a matter of time before you reach the peak of martial arts.

Ning Keyue laughed and said, "I think you're very interesting. You're very bold to talk to me like this. Your personality is very similar to your father's. You're even more talented than him. You won't be less successful than your father in the future. I really hope that you'll consider marrying Ruobing. She's a very good girl and also my beloved disciple. You don't have to sleep with her immediately after you marry her, you can wait until your reliance on the moon pupil is gradually weakening before you do it."

I have a lot of concerns now, so I won't think about it for the time being," Yunxiao said with a wry smile. We'll talk about it when we're fated to.

Ning Keyue heaved a long sigh and said, "Then Ruobing, this child, won't have such fortune. Who knows who the flower will end up in after the groom search competition."

I don't think so," Yunxiao said with a long laugh. With Miss Ruobing's personality, who can tame her? "But Master Yue, I was very happy to be able to see you on this trip to Red Moon City, and I've already obtained what I need, so I'll bid you farewell."

He had obtained the moon Pearl of the East Sea and wanted to find a safe place to refine the Pearl to restrain the demon in his body.

Ning keyue was stunned and said, "you're leaving?" There's still one more month before the opening of The World's End, so why don't you stay in the red moon City to cultivate? this is also one of the world's rare spiritual mountains and treasured lands."

indeed, " Yunxiao said. but this is also a place of trouble. The water is getting more and more muddy, so I won't get myself involved in it. After I return the favor to Jiang ruomei, I will make a trip to the sea of soul formation and then come back to see the opening of the immortal land."

Ning keyue carefully pondered the meaning of the first half of his words and nodded. "Ruomei, that child, is indeed suffering. You should help her. I'm your father's best friend, and I can be considered your aunt. If you encounter any difficulties, you can come back to the red moon City to find me at any time."

A ray of light flew out from her hand. It was a white jade pendant. "There's a wisp of my divine sense on it. If you encounter anything, just break the Jade token and I'll be able to sense it. I can break the space and come over at any time."

Yunxiao's heart warmed, and he felt a little melancholy. Suppressing his sadness, he laughed and said, "I will,"

Although the two of them had not met much, the friendship that they had built up in the past had been passed down through the ages.

Yunxiao turned around and was about to leave when a beam of light suddenly shot up from the city below. It turned into a figure and cried out in surprise, "You can't leave!"

...

Chapter 829-exchange

It was ruan yuansi. He had also noticed that the phenomenon of the throne had disappeared, so he had rushed over. But when he saw Yunxiao about to leave, he hurriedly stopped him.

Ning keyue frowned. master Yuan si, " she said. there's no martial technique in the throne. I can prove that.

Ruan yuansi frowned and said, 'sister keyue, you believed him just because he said so? Although I don't know what kind of relationship you have with him, and I don't have any interest in the martial skill on the throne, I stopped him for another reason. The Tai Hua gold talisman locking formation has been broken, and Ni Shi and the three Gou brothers have disappeared."

"What?"

Ning keyue was so shocked that she almost couldn't control her aura. Her face suddenly darkened. what happened? "

Ruan yuansi snorted as she stared coldly at Yunxiao and said, " "We'll have to ask him."

He then told her everything that ruan Ziling had told him, and said, " Now, li Yunxiao is the only one who knows the whereabouts of Nishi and the three brothers of the Gou family!

Yunxiao listened patiently, then sneered, " your son's scheme to harm me failed, and now you're acting like I owe your son something. Master ruan yuansi, not only is your ruan family's power superior, but your logic is also superior. I've learned a lot, hehe.

Ruan yuansi's face flushed red. He felt embarrassed to be ridiculed by a junior, so he snorted."No matter what you say, you won't be able to escape the matter of losing the aegirine."

Ning keyue also said with a serious expression,"Yunxiao, the aegirine is very important to me." It's even related to my father's life and death, so I must find him no matter what."

"Oh? The previous city Lord of the red moon City, your father actually disappeared because of this aegirine?"

Yunxiao was shocked. After pondering for a moment, he sent a voice transmission to her, "I haven't lost the aegirine, but I can't take it out now. I will return it to you in a month's time, when planet Dilao opens."

Ning keyue's brows furrowed slightly, then she nodded and said, "Alright," he said.

Just one word represented her absolute trust in Yunxiao, and ruan yuansi frowned when she saw it.

Suddenly, another ray of light shot up from below and landed in the wind and Moon Garden. It was ning hangfeng. He was stunned for a moment when he saw the crowd, and then immediately looked anxious. He said anxiously, "Second sister, bad news! Young lady Ruobing is missing!"

They were all stunned. Ning keyue frowned and said, "Missing? How was that possible? How can I not know how capable that little girl is? if she can escape from your surveillance, then your position as military governor will have to be given to someone else."

"Do you think I want to be a military governor?" ning hangfeng smiled bitterly. Lady Ruobing went to the city gate and wanted to teleport away. She was stopped and went to a hotel where she met two strangers. After the three of them had a few drinks, they disappeared under the eyes of the three martial Supremes I sent to monitor. They didn't leave any traces behind!"

Ruan yuansi was shocked. to think that such a thing would happen at a time like this. Red Moon City is so big. If they really want to hide, how are they going to explain it to the world once the single-elimination tournament is over? "

Ning keyue said, [don't worry. Even if the battle is over, Ruobing doesn't have to show her face.] All escape techniques can be traced. It can only be said that the two strangers are too powerful. I'm more worried about Ruobing's safety. Immediately activate the city's protective formation. We'll be able to sense anyone who enters through the air. At the same time, send experts to guard the city gates. No one is allowed to leave! Master Yuan si, I already have a plan for the aegirine. Please send someone to look for Ruobing."

Ruan yuansi was taken aback. She gave Yunxiao a strange look and said, "Since little sister ke Yue has said so, I'm naturally relieved. I'll send people to investigate, but the red moon City is too big, so I'm afraid it'll be a little troublesome."

He and ning hangfeng turned into rays of light and immediately went their separate ways.

I can't help you with the search, " Yunxiao said. I won't disturb lady keyue any longer.

Ning keyue said, " you can go now. Take the Jade card I gave you and you can leave the city gate. I hope you can return the aegirine on time in a month.

of course! Yunxiao said. I will!

He didn't say anything more. He turned into a ray of light and left. Ning keyue looked at his disappearing figure and her face gradually became thoughtful.

Yunxiao did not go out of the city gate directly, but headed for the joust for a spouse Festival. He had to get the iron sheet that recorded the true fiend dharma body.

The square was crowded with people, and Yunxiao could not fly. After landing, he squeezed through the crowd. Ruan zimao was at the forefront, waiting for the exhausted, watching the competition with cold eyes. The two young martial honors were having a great time fighting in the ring, causing a series of cheers.

Suddenly, Yunxiao stopped. He saw a familiar figure in the crowd, and his heart skipped a beat as he quickly calculated in his mind.

The person in front of him was Tang Jie from the four extremes sect!

"What is he doing here? Could it be that you're also here to participate in the joust for a spouse event and want to obtain the first place?"

Yunxiao's face turned slightly serious as he fell into deep thought. "Li Yi and Li have already entered the dungeon. If Tang Jie is here, then Shang and the others would naturally know about Li Yi and Li's situation. With Shang's character and style of doing things, I'm afraid he's going to break into the prison.

I don't know how they've set it up, but maybe this is a good time to get rid of these demons with the help of the red moon City!"

A trace of coldness flashed in his eyes. With a flick of his finger, a strong wind shot out from his hand and went straight for the back of Tang Jie's head.

"Who is it?"

As the wind moved, Tang Jie instantly sensed it. With a shout, he turned his hand and grabbed it, directly annihilating the finger light in his palm. Suddenly, he saw a calm smile and nodded to him.

"?! Li-Yun-Xiao!"

Tang Jie sucked in a breath of cold air and said angrily word by word. His eyes were full of anger and fighting intent.

you did me a lot of harm in songyue city, but I didn't get angry at you," Yunxiao said in surprise. why are you the one who killed me as soon as you saw me? "

Tang Jie stretched out a finger and grinned. "Just in time! I've achieved great success in my divine power, and I wanted to find these shrimps to make a scene, but it's great that you're here!" He pushed the crowd away and walked toward Yunxiao step by step.

The surrounding people all glared and cursed, causing quite a commotion. However, compared to the sea of people, this disturbance was insignificant.

since you want to fight," Yunxiao said with a smile, " come with me.

As soon as he turned around and left, Tang Jie sneered, " I heard that you were the one who took that perverted Li Yi into the dungeon? Very good, I've long found that pervert unpleasant to the eye. As a token of my gratitude, I'll spare your life today and take you in as a servant!"

He quickly followed Yunxiao's pace. Both of them walked slowly without leaving the ground, but they both used spatial bending. In just a few moments, they had left the city center and arrived at a deserted place.

Only then did Yunxiao stop. He turned to look at him and said with a smile, "The whole world has been looking for you all this time, right? You actually dared to show your face in public, very bold. After I left that day, the rest of them were killed by you?"

After Song Yueyang's incident, Yunxiao had found an opportunity to inquire about the situation from many sources, but there was no news of Cui Bo and the others. He was certain that they were dead.

Tang Jie crossed his hands in front of his chest and snorted confidently, "Hmph, they're just a bunch of stubborn old people. Even if we don't kill them, they're still the dregs of the era. What's the point of living?"

What? "Yunxiao was stunned. How did Shang brainwash you?" How could you be so arrogant to this extent? That Li Yi looks exactly like you. You're Birds of a Feather indeed."

Don't compare me to that pervert! Tang Jie shouted angrily. He's just a clown. He deserves to go to prison. It's fine if he dies, but there's no value in saving him.

Yunxiao laughed. You are indeed here to break into the prison. You are really bold. How dare you go to the dungeon of Red Moon City? "It should be Shang himself. I wonder how much he's recovered?"

These great demons were originally at the peak of martial arts, but their strength had been drained after tens of thousands of years of turtle breath. Now that they were with the behemoth Four Extremes Sect and had an endless supply of resources, Yunxiao had always been wary of them.

If the few great demons were to return to their peak, their overall strength would be unimaginable. Shang had refined the Armillary Sphere tens of thousands of years ago. If he were to return to his peak this time, he would be the most promising existence to enter the Ten Worlds Divine Realm.

"Lord Shang?" Tang Jie laughed. He laughed out loud and said, "Haha, do you still want to be the enemy of Master Yi?" You'll never know how fearsome and mighty Lord Shang is, your opponent is me!"

A muffled "boom" sound came from his body, and his body suddenly grew a size bigger. His demonic power surged out, and a treasure blade shining with red light appeared in his hand. He raised the blade high and slashed down.

A cross-shaped crack was formed in the space by the blade beam, which expanded rapidly and enveloped Yunxiao.

...

Yunxiao's eyes were filled with surprise as he said, "A two-star Martial Emperor? Sure enough, you have the capital to be arrogant, but what I admire most about you is still your pure ignorance, and it's also because of this that you do things without fear. Although you're a bit rash, it's extremely beneficial to your martial Dao cultivation."

His body glowed with green light and turned into a flash of lightning that flashed several times in the air. It was as if he had drawn several curves in the air. He easily avoided the attack and landed on the ground again, revealing his body.

Tang Jie said disdainfully, "turning your body into lightning, how dare you use such an old trick!" Under the Emperor Qi, any lewd techniques will be crushed!"

The sound of bones cracking came from his body, and his whole body changed greatly. At this time, a gentle light came out of Tang Jie's body, reflecting his skeleton. It was as warm as Jade, and it was flashing.

Although the skeleton looked very much like a human, there were various minute differences, and it exuded a powerful force.

what?" Yunxiao was stunned. you changed your bones?" No wonder you're advancing so quickly. You're only seeking power, and you don't even want your human body anymore. Is this really a good thing?"

Chapter 830 Reading memories

“Haha, a human body?” Tang Jie laughed. if one stepped into the omnidirectional divine realm and allowed his body to transform into anything he wanted, what difference would it make if he was a human or a demon? all forms of emptiness, eternal martial arts! li yunxiao, you’re not as good as me in this regard!”

I do praise your courage and determination, ” Yunxiao sighed. but if you can still step into the immortal realm by making yourself look like a grotesque monster, then wouldn’t the legendary realm that has existed for countless years be a joke? ”

“whether it’s a joke or not, let’s use facts to determine! I’m alive, and you’re dead. This is the truth!”

Tang Jie’s face darkened. In a flash, he disappeared from his sight and reappeared in front of Yunxiao in the next moment, slashing his saber down.

“So fast!”

Yunxiao was taken aback. Although he could capture the man’s movements with his divine sense, his body’s reaction was a little slow. In a flash, the saber beam came down close to his body.

a powerful blast of air blasted out and hit his body, sending him flying for over a hundred meters before he could stop.

“Haha, this is the power of my Earth Dragon cursed bone!”

The demonic aura emanating from Tang Jie’s body soared to the sky. With a single step, he flashed in front of Yunxiao and slashed down again.

A cold light flickered in Yunxiao’s hand, and a cold sword appeared, blocking the attack.

“Bang!”

The two ninth-tier Mystic artifacts clashed, and the cold air on the cold sword was scattered by the saber Light. Yunxiao felt a huge force pressing down on him, and his entire arm went numb as he was sent flying again.

haha, this is fun! Very fun!

Having succeeded in two moves, Tang Jie cried out in excitement. He separated his feet from the ground and leaped into the air, approaching Yunxiao and swinging his sword again.

Although Yunxiao's blood and Qi were in turmoil, his face remained calm. As he kept retreating, he made a hand seal with one hand, and the primordial heavenly eye between his brows opened. A flame turned into a Phoenix, which let out a long cry and flew out to meet Tang Jie's Saber Light.

Tang Jie was slightly shocked. This flame gave him a feeling that it was enough to burn his body. He hurriedly retracted his saber and drew several saber beams in the air. Under the Emperor Qi, the flame was isolated, forming a vacuum.

no matter how powerful your methods are, the huge gap in cultivation is enough for me to defeat ten people with my strength alone!

Tang Jie's hand formed a knife gesture, and black cracks began to appear in the vacuum. The thin hair slowly increased and spread out, gradually forcing the sea of fire back.

Yunxiao stood in the air and sneered. A hurricane slowly condensed in his palm, then he turned it over and pressed it down. A huge windmill swept across the sky, and wherever it passed, flames suddenly burst out, forming waves of fire that pounced on Tang Jie and devoured the black cracks in an instant.

"What?"

Tang Jie was shocked. He waved his red blade and his demonic power surged out, turning into a circular barrier to protect himself.

The fire tornado swept down from the sky and wreaked havoc around him, but it was unable to break into the barrier.

“No matter how many strange moves you have, what’s the point if you can’t break through my absolute defense?” Tang Jie said coldly.

Yunxiao ignored him and just sneered. After putting away the ice sword, he quickly performed an incantation gesture with both hands. In an instant, the flame tornado changed and gradually shrank toward the center, turning into a dazed crocodile, its body red as if it were on fire. Then, it pressed down from the sky and pounced at the barrier.

“What is this?”

Tang Jie felt a chill in his heart. Under the crocodile’s gaze, his body emitted cold air, as if a bloody mouth was opening up to him.

“Bang!”

The crocodile finally landed on the barrier and lay there in a daze. The flames on its back were burning, and it looked extremely terrifying.

“What?”

Tang Jie looked at the crocodile in horror, thinking that it would make a big move. His whole body was extremely vigilant, but after waiting for a while, he found that the crocodile seemed to have fallen asleep on his barrier.

Yunxiao’s face was filled with black lines. He cried out in a hurry, and the dynasty Bell appeared in his hand. An ancient sound rang out and spread out, causing the entire space to tremble.

The crocodile’s body also trembled under the sound waves and finally woke up. It roared and bit the barrier.

“BOOM!”

The entire enchantment was broken in an instant. Tang Jie was so shocked that he broke out in a cold sweat. Suddenly, the sound of a heartbeat came from his body. The powerful demonic Qi suddenly turned into a pair of wings. On the wings, there was a faint flash of lightning. In an instant, he escaped from the mouth of the crocodile that was falling from the sky. He retreated hundreds of meters before he stopped, his face full of panic.

“Oh? It’s actually the lightning movement.”

Yunxiao smiled in surprise and snapped his fingers. The crocodile exploded in the air and disappeared without a trace.

Tang Jie’s face was extremely gloomy. The aura of the crocodile was too terrifying, which made his excited fighting spirit suddenly doused in cold water, and he became extremely careful.

Yunxiao laughed. Wilted?”

“Hmph, how long can you control this monster with your strength?”

Tang Jie snorted disdainfully. His face suddenly turned serious. A wave of demonic energy rippled with the beating of his heart, and his body seemed to be changing.

“Bang! Bang! Bang! Peng! Peng! Peng!”

With every beat, his aura would become stronger. After the ninth beat, his aura had completely changed. He had actually crossed the one-star gap and reached the level of a three-star martial sovereign!

“Ha, haha, this feels great!”

Tang Jie laughed wildly. With one hand covering his heart, he said, " "This is my nine aperture exquisite heart! 'Li Yunxiao, are you trembling? I'm a three-star Martial Emperor, and I have more power and speed. I can crush you like a dog!"

His figure flickered, and without leaving any trace, he appeared in front of Yunxiao in an instant as if he had teleported and slashed out with his saber!

Yunxiao took out the great sorrow evening Cloud Mirror and waved it in front of him. A beam of mirror light shot out and shone directly on Tang Jie, freezing the space around him!

"What? Spatial imprisonment?"

Tang Jie was shocked and the speed of his blade immediately slowed down. He suddenly shouted and his demonic energy burst out, shattering the space sealed by the mirror light!

Yunxiao's indifferent voice came over, " "Suppressing power, speed that's hard to catch, these all appeared on Yu's body, but he still died. And he has an ability that you can't even hope to reach, and that is mental attacks!"

Suddenly, an intense pain emerged in Tang Jie's mind. He screamed and raised his head in horror, only to see a pair of blood-red pupils emitting a demonic light.

Yunxiao performed incantation gestures with one hand and kept chanting an incantation. The colors in his eyes began to change, and the surroundings turned dark."I'll just watch from the sidelines!"

Tang Jie was so shocked that he broke out in a cold sweat. He only saw a huge blood-drenched eye appear in the space in front of him, staring at him. There was nothing else in the world!

"Ah! Tell li Yunxiao to come out, come out!"

...

Tang Jie was horrified. He knew that he had fallen into an illusion, and an uncontrollable fear spread in his heart. Although he was not paying attention, he was still a three-star martial sovereign. How could an ordinary Alchemist trap him so easily? "If you have the ability, come out and fight! If we win by using schemes and intrigues like this, it won't be honorable!"

No matter how he shouted, no one responded. Moreover, that huge eyeball was getting weirder and weirder, making him feel dizzy and his head was getting heavier and heavier.

The key was that Tang Jie did not have any experience in dealing with illusions. If he was a battle-hardened expert, with the cultivation of a three-star martial sovereign, he would not be so easily affected by the spiritual power at the moment. As long as he waited for the right time, he could break out of the illusion. After all, the opponent had to consume a lot of spiritual power to create such a large illusion.

However, Tang Jie's heart had long been in a mess. The more chaotic it was, the more affected he was, and soon he became confused.

In the dark space, the huge eyeball instantly transformed into Yunxiao's figure and descended. His face was extremely pale as he grabbed Tang Jie's head with one hand and began to read his memory.

A moment later, due to the exhaustion of his spiritual energy, he was finally jolted out of his divine sense by the other party's subconscious mind. His body was so weak that he retreated continuously. The darkness around him was completely dispersed, and he returned to reality.

"I see!"

Yunxiao cried out in alarm. He had used up all his soul power, so he did not dare to stay any longer. He hurriedly turned into a bolt of lightning and retreated.

Tang Jie woke up in an instant, and there was a hint of confusion in his eyes. But, he regained his clarity in an instant and immediately understood what had happened. When he saw Yunxiao fleeing, he spread his wings with a roar and chased after him.

Both of them were using the Thunderbolt escape technique, but Tang Jie relied on a pair of thunder wings, which was obviously much weaker than Yunxiao's Thunderbolt form. In just a few flashes, he had lost sight of the other party.

"I'm, I'm angry!"

...

Tang Jie roared at the sky and trembled with anger. Not only did he fail to kill the other party with his three-star Martial Emperor strength, but his memory was also read by the other party. A great sense of frustration and shame welled up in his heart.

After a long while, he gradually calmed down and said coldly, "I don't know how much of my memories he has read. If the matter of the four extremes sect is exposed, I'm really done for! We can't let this man live, we must kill him. I'll go meet with Lord Shang first and discuss how to kill him!"

He was no longer in the mood to participate in the arena tournament. He flapped his wings and flew in the direction of the dungeon.

After Yunxiao had fled a few miles away and made sure that he had shaken off Tang Jie, he transformed and landed on the ground. After swallowing a few medicinal pills, he circulated the great expansion divine technique to recover his soul power.

It was also his spontaneous idea to drag the three-star Martial Emperor into the illusion. There was a huge gap between their cultivation bases. His idea was that if he failed to hit Tang Jie, he would turn into the Golden body Dharma to completely suppress Tang Jie and then interrogate him in detail.

What made him feel relieved was that this guy had too little experience in dealing with enemies, and he would fall for it if he was not careful, which saved him a lot of trouble. However, he had consumed a lot of soul power, so he could not read all of his memories. However, he had obtained some very useful information.

"So it's Shang himself. If it's him, there's a good chance that the prison break will succeed. In addition, the armillary sphere was a Supreme-grade profound-level weapon. It was not difficult to bring Jiang

Ruobing out of the red moon City without anyone knowing. It's indeed a clever move to get rid of these big demons with the help of Red Moon City, but if that armillary sphere puppet dies, will it also give up my divine realm tablet?"
