

The Eternal 831

Chapter 831-Lake

Yunxiao was caught in a dilemma again. If Shang exposed his divine realm tablet, even Ning Keyue would not be able to protect him.

There was an invisible tacit understanding between him and Shang. Neither of them had revealed to outsiders the Supreme grade profound level weapon in the other's hands. Both of them were smart people and had similar experiences. Both of them had come down from the peak of martial arts, but both of them lacked resources and time. Now that both of them had the resources, the only thing they lacked was time.

however, if he continues to grow and recovers to the peak of the martial Supreme realm, coupled with the completely refined armillary sphere, who will be his match in this world? ”

Yunxiao immediately put an end to the idea of informing Red Moon City. After recovering most of his soul power, he turned into a bolt of lightning and headed in the direction of the dungeon, intending to find out what was going on. It would be best if he could kill Shang without him knowing.

Although there were more martial artists in the city guards, they were all busy maintaining the order of the challenge Tournament and secretly searching for Jiang Ruobing. They had no time to care about the fighting and fighting everywhere.

After the time it took to brew a cup of tea, he found the location of the dungeon according to Tang Jie's memory and Jiang Ruobing's guidance. It was actually a Lake surrounded by mountains in the city.

There were mountains in the city, and there was a Lake in the mountains. The bottom of the lake was actually a dungeon.

When Yunxiao's divine sense reached halfway into the lake, it was stopped by a force and could not go any deeper.

there's indeed a shield. It seems that this is the right place.

There were no guards in the surroundings. Yunxiao tried to break through the void and go down, but he found that the space was also sealed and could not be moved at all.

“I can only dive in.”

A ray of light appeared on his body, and he placed himself in a vacuum and dived down to the bottom of the lake. Soon, he reached the limit of his divine sense, and even further down was a huge Whirlpool!

The Eye of the Vortex was pitch-black and led to an unknown place below, which was the dungeon that Jiang Ruobing had described.

“Hualala!”

Suddenly, the sound of chains came from the water. The cold iron chains came from all directions. Suddenly, there were thousands of them, forming a cage and blocking the way.

A figure slowly emerged from the water, and a voice that seemed to come from the netherworld said, “A hero with a thousand-year-old heart, stepping into this Lake and never returning. The pitiful prisoner who doesn’t even know he’s about to die!”

Yunxiao’s face darkened as he shouted, “Someone broke into the prison and you’re still reciting poems. Hurry up and go down to take a look!”

The man snorted heavily and said, “What a joke! Since the establishment of the red moon city’s prison, no one has dared to break into it!”

“Boom boom boom!”

Suddenly, the huge Whirlpool at the bottom of the lake surged. The black Mouth in the center of the whirlpool suddenly opened, and a figure slowly stepped out from it. He directly broke through the lake water and was about to fly away.

Yunxiao's heart jolted. The man in front of him was Shang!

"Who is it?"

That person also realized that something was wrong and immediately shouted, "Stop!"

With a flash of an incantation gesture in his hand, a huge runic seal spread out on the surface of the water and immediately closed up the parted lake water. The runic seal pressed down and enveloped both Shang and Yunxiao!

"Eh? Li Yunxiao?"

Shang noticed him as well and was surprised. He then sneered, "It seems like we've gained something from this trip. Since you're here, come with me." He instantly wanted to capture her.

It stomped on the bottom of the lake and charged at Yunxiao, turning a blind eye to the sigil that was falling from the sky.

Yunxiao's heart trembled. He was not as calm as he was now. The seal contained a very strong Emperor Qi, and if he did not block it, he would definitely be blasted half to death. As Shang was approaching him step by step, he instantly took out his ice sword and slashed out!

A cold air rose from the sword and started to freeze with him as the center. In an instant, more than half of the lake was completely frozen. From a distance, it looked like a huge Lotus-shaped ice sculpture, with Shang and the countless chains frozen in the air.

"Thousand li ice Lotus turning into Jade fragments!"

Yunxiao waved his sword again, and the huge ice Lotus broke apart in an instant, turning into hundreds of millions of crystal dust that shot out in all directions with cold gleams.

Countless clanging sounds rang out, all of which were the sounds of ice crystals being crushed by the seal. Although it could not stop the falling momentum, it had won a lot of time. There were also countless attacks that landed on Shang's body, but they were like drizzling rain, unable to even get close to him.

Yunxiao took out his great sorrow sunset Cloud Mirror, which immediately turned into a cone-shaped defense in front of him. When the talisman broke through the crystal dust and fell down, it was pierced by the tip of the cone and slid down from his side.

Shang, on the other hand, raised his fist and clenched it. A fist force exploded from his hand, blasting a hole in the seal, but it could not hurt it at all.

At this moment, the countless chains in the water suddenly began to dance, emitting waves of elemental energy fluctuations, and bound the two of them.

Shang! Yunxiao suddenly shouted. where is miss Ruobing? " Not only did you dare to break into the prison, you even captured lady Ruobing. Do you really think that Red Moon City is nothing?"

The person in the water trembled and his pupils constricted. He immediately formed a seal with both hands and the direction of the chain changed. It spun layer by layer and locked onto Shang. At the same time, he shouted,"Kid, what did you say?"

we're on the same side, " Yunxiao said hurriedly. this man is a demon who has kidnapped miss Jiang Ruobing. The entire Red Moon City is looking for him now!

"Really?" the man was shocked.

It was hard for him to believe that the main character of today's joust for a spouse event, Jiang Ruobing, who was the focus of the world's attention, could be kidnapped. Wasn't that the biggest joke in the world?

However, there had never been a Prison Break in the red moon City for tens of thousands of years. Now that it had happened, his thoughts were in a mess. He shouted at the referee,"Where's yuan Feng ping who's guarding the prison?"

“The one with the spear?” Shang laughed. You’ll know when you go down and see for yourself.”

“Damn it!”

The man shouted in anger, and countless iron chains wound around the house, trapping it within.

“Is rope all you can do?” Shang asked indifferently. A ray of light shot out from his hand. Like sword Qi, dozens of rays shot out in an instant. Each hit hit the key parts of the iron chains, and they exploded. In a few moments, all the iron chains were destroyed.

Shang ignored the man in the water, as if he did not take him seriously at all, and continued to head toward Yunxiao.

The man was shocked and angry. The anger of being looked down on grew in his heart. At this moment, the situation was too serious. He instantly made a decision and fled towards the lake, wanting to call for help.

Yunxiao felt the pressure coming from Shang, and he was horrified. The man in front of him had undoubtedly recovered to the rank of a Martial Emperor!

“You have the same trump card as me, so you must be the chosen one. Either you submit to me or die!”

Facing Yunxiao, the judge did not dare to be careless. He folded his arms, and the lake water was pushed away by a force. The armillary sphere slowly came out, with stars shining on it. At a glance, Yunxiao seemed to see the Milky Way in the universe!

His mind was suddenly seized by a force, and in a moment of horror, the spiritual power in his mind gushed out and cut off the force. He was so shocked that he kept retreating.

Shang’s brows furrowed slightly, before he smiled. you’re very vigilant. Don’t you want to see the world inside my armillary sphere? ”

Yunxiao did not dare to be careless anymore. The divine realm tablet slowly emerged in his hand as he said coldly, "it's too high-end. I'm afraid that the scene will be too beautiful and I won't dare to look at it."

...

Both of them had their transcendent grade profound level weapons in their hands. A shocking battle was about to start. Perhaps it was the reaction between the transcendent grade profound level weapons, but the entire bottom of the lake began to feel strange.

aren't you afraid of causing a commotion and attracting the attention of the people of Red Moon City?" Yunxiao asked.

"I am," Shang replied calmly, his eyes focused. That's why I've decided to strike you once. If I can't capture you in one strike, I'll turn around and retreat."

do you think you are a peak martial Supreme?" Yunxiao sneered. you want to capture me with one strike? what a joke!

The judge did not say anything. Instead, he performed a seal with one hand and slapped it on the armillary sphere. Suddenly, rays of golden light appeared around the armillary sphere and condensed into the ancient Maha characters in the air. They dissipated one by one, and the entire world under the lake began to change. Stars appeared in the sky.

Yunxiao's heart trembled. Shang's control over the armillary sphere was far superior to his control over the divine realm tablet. If the attack came down, he might not be able to withstand it!

He immediately conjured a seal with one hand. While activating the divine realm tablet, he turned into a golden light and a three-headed and six-armed golden body Dharma form appeared behind him. Each hand held a ninth-tier profound artifact, and he activated it at the same time.

"What?"

The judge was stunned for a moment, and his eyes revealed a look of shock. Moreover, when he felt the power of those profound level weapons, his initial confidence was suddenly shaken. He said in a serious voice, "What kind of divine ability is this?"

my unique skill, golden body Dharma form! Yunxiao sneered. today, I'll make you my first victim!

His six arms started to move at the same time, and one of his hands was in a supporting position. Two of his fingers pinched together, and streams of sword light gradually appeared on it, as if a Mystic weapon was about to be formed.

...

Shang's expression was unusually serious as well. Finally, he heaved a sigh of relief and kept the armillary sphere with a wave of his hand."Interesting. I don't have 10% confidence that I can take you down in one move. I look forward to the next time we meet, we can fight to our hearts "content."

"Hmph!"

Yunxiao instantly retracted his abnormal phenomenon and returned to normal. His face was a little pale as he said, "I'll keep you company at any time. However, it's better for as few people to know that you and I have a Supreme grade profound level weapon.

"Of course," Shang laughed,"haven't we been keeping it a secret?" Goodbye." He turned around and was about to leave.

wait! Yunxiao shouted. Where's Jiang Ruobing?"

I promised to bring her out of the city, " Shang turned to him. I have to keep my word.

Yunxiao sneered. you mean what you say? You're courting death! I'd like to see how you can leave the red moon City!"

He also flew up at full speed, wanting to be the first to inform the others.

Shang frowned and followed closely behind. Although his cultivation base was stronger than Yunxiao's, his escape technique was not as good.

Just as the two of them were about to break out of the water, a figure suddenly descended from the sky and pounced on the two.

“What?”

Yunxiao was taken aback. He looked over and saw that the man was the one who guarded the bottom of the lake. At this moment, his face was ferocious, and several of his major apertures had exploded, all of which were lifeless. He was just sinking down!

Chapter 832-literary competition

shang also noticed it at the same time, and both of them were shocked. this person was a martial emperor, and yet he was killed right beside them. this was too terrifying.

“Gulu Gulu!”

The corpse's mouth kept bubbling and sinking. The remaining gas in the body was evaporating for the last time. It was obvious that the corpse had just died.

Shang's eyes were serious. When the corpse passed by him, the ferocious face seemed to be sneering, and an inexplicable sense of danger spread in his heart.

There was no sign of it. He just felt that the instinct of a warrior made him feel extremely uncomfortable.

suddenly, he felt a sharp pain in his stomach!

“Bang!”

It was as if a bomb had been placed in his body, and it suddenly exploded. An extremely overbearing force wreaked havoc in his body, crushing all his meridians and starting to rush into his limbs and bones. The violent force burst out from his aperture acupoints, just like the dead guard in the lake!

Shang was shocked as he was suddenly seriously injured. Fortunately, his demonic body was strong. Four ancestral bloodlines appeared on his body. His demonic power suddenly wrapped around his body, forming a defensive power around him and healing his body at a rapid speed.

“What’s going on?”

The two of them were greatly shocked. Such a strange attack actually exploded directly from the inside of their bodies, leaving no trace at all!

Suddenly, Yunxiao turned into a bolt of lightning and shot toward the surface of the lake. As long as he left the lake, he would be much safer.

Suddenly, his body stopped moving. The water seemed to have turned into a thick paste, and a large amount of Emperor Qi was spreading in the paste. His body of thunder and lightning suddenly broke apart, revealing his true form. He could not even raise his hand.

In the surrounding lake water, a terrifying aura spread out. The water elements seemed to be extremely restless!

“Not good!”

Yunxiao was shocked. In the double seals tower, he had cultivated the affinity with the elemental origin, and his keen divine sense had sensed great uneasiness!

He made a hand seal instantly, and black demonic Qi gushed out of his body. Under the dazzling light, the demonic sky armor broke out of his body, forming a defense that repelled the lake water!

at that moment, the violent elements in the water finally reacted and exploded!

“Bang Bang!”

A huge force swept over with a splash of water, directly crushing the demonic sky armor’s defense and blasting on his body, causing him to spit out a mouthful of blood!

“Your sister! What monster? I don’t believe this!”

fire! Yunxiao roared as a flame rose from his hand. It grew bigger and bigger, pushing the water dozens of meters away from him and forming a huge space of fireballs. Inside, his eyes turned into blood moons as he stared coldly at the lake.

Shang’s expression changed as well, as if he had sensed something wrong in the water. He struck out with his palm, and demonic power surged out of his body, pushing the water away. A huge explosion rang out beside him. The impact was strong, but it was all blocked.

Yunxiao’s pupils constricted, but he immediately regained his clarity. “Let’s see if you’re still hiding!”

He changed his hand seals, and the huge fireball shot out a flame that turned into a Phoenix. It rushed out with a whoosh, and its target was the corpse.

“Bang!”

The corpse was hit and immediately burst into flames. An imperceptible light shot out and disappeared into the water.

Shang threw the armillary sphere into the water, and a beam of celestial power shot out, locking the space in place. A transparent figure could be seen moving in the water.

“Hmph, you’re courting death! Power of the world, transform!”

Shang slapped the armillary sphere, and the power of the world rippled out. The entire Lake was about to form a heavenly cycle of stars.

The figure seemed to have sensed danger. His body suddenly moved, and a stream of water power turned into a giant statue behind him. It opened its mouth and roared, punching in all directions. The entire Lake was disturbed and rippled.

“Water element critical strike!”

The man let out a loud roar as he unleashed a powerful punch. In an instant, he sent out hundreds of fist shadows, which shattered the star-shaped phenomenon that had yet to take shape. Then, the figure gradually revealed his true form in front of the giant water spirit. It was an old man in silk. He had the shrewd look of a merchant on his face, and did not look like a warrior at all.

“It’s you!” Shang was stunned.

“Hehe.”

“You haven’t paid yet, so I’m here to collect the bill,” the old man laughed dryly.

The old man was the owner of the restaurant. He was the one who was thrown away by a martial sovereign of the red moon City and disappeared into the sky.

I understand now, ” Yi said. there was something wrong with the wine I drank in the restaurant, so your first attack just now was to trigger the remaining energy in my body and make it explode from the inside.

The old man squinted his eyes and smiled, “there’s no problem with the wine, but it’s a problem when it comes to me.” Where’s Li Yi? hand him over and you can leave.”

He said resentfully, “Li Yi?” You’re from death god Palace?”

“Senior Jie Nan is ranked fourth among the eight symbols.”

Little Myna’s voice came from the vortex. Then, two figures rushed up, one after the other.

“Haha, it feels great to recover my strength,” little Myna said with a proud smile. Mr. Shang, we meet again.”

“Where’s second?” Jie Nan asked.

The tyrannical sky Tiger smiled bitterly. he lost the billion soul live streamer and all the meridians in his body were shattered. The impact he suffered is too great. He doesn’t want to come out.

“Then let him rest inside for a while. I’ll come back to take him away in the future.” Jie Nan nodded. If you have lost hundreds of millions of souls, you can just go to the soul Devourer sect and steal some to refine. Do you have to be so dispirited?”

a peak Earth Class soul slave couldn’t even block ning keyue’s sword, ” the tyrannical sky Tiger sighed. it’s a huge blow to him.

“With ning keyue’s strength, I’m afraid only you can subdue her,” Jie Nan said.

“Seniors, now is not the time to chat. Let’s leave the red moon City first!” Little Myna said.

there’s no hurry, ” Jie Nan said. I’ve already set up a heaven and earth reversal formation on the lake. The people of Red Moon City won’t be able to discover the problem for a while. We’ll capture the two of them first, I’m afraid we’ll need to use Jiang Ruobing to get out of the city.”

The three men’s eyes fell on Yunxiao and Shang at the same time, and their eyes were filled with hostility.

“Seniors,” little Myna laughed, “is it okay for us to bully you with our numbers?”

Hmph! Jie Nan snorted coldly. as long as we complete the mission, we'll do whatever it takes. You're really a disgrace to the eight symbols! I'll leave Yunxiao to you, and fifth brother and I will deal with this demon beast!"

...

Yunxiao felt a little dizzy. He said with a wry smile, "The three of you, I have no grudges with you. I don't have Li Yi or Jiang Ruobing in my hands, and I have a grudge with this demonic beast. As the saying goes, the enemy of my enemy is my friend. Since we're all friends, why don't you let me go first?"

"Let you go? You even tried to set me on fire just now, and you still want me to let you go?"

Jie Nan sneered, 'since this person is of no use, then kill him! Do it!"

As he shouted, the three of them immediately split up into three rays of light and attacked the two of them.

Shang listened to them quietly, and the killing intent in his eyes grew stronger. "You're looking for death!"

His body suddenly transformed into a demon, revealing an evil look. He suddenly became several times taller. Holding the armillary sphere in his hand, he rushed into the battle circle.

In an instant, Lil eight flew to Yunxiao's side and said with a smile, "Now, you and I are fighting one-on-one. It's finally a fair fight. I've always been curious about how strong you are."

he's just a six-stars martial Supreme," Yunxiao said with a chuckle. how strong can he be? "You're considered a killer with the spirit of martial Dao. With such grace and elegance, you're really not suitable to fight with me."

Little Myna blinked. you're right. But I've received an order to kill you. What should I do? "

how about this? ” Yunxiao laughed. it’s too ungentlemanly to compete in martial arts. Let’s have a competition in literature.

“A competition of words? Interesting.”

...

“But if you lose, will you let me kill you?” little Myna asked.

haha! Yunxiao laughed. I’ve never seen anyone who can beat me in a literary competition. How you want to compete, it’s up to you.”

Little Myna thought for a while and said,“how about this, let’s make it simple, we’ll fight couplets.” If you can’t match it, you lose, and if you lose, you die.”

you want me to kill you even if you lose? ” Yunxiao laughed. you want me to kill you? ”

Little Myna raised his eyebrows and said,“of course!” My name is little BA, and I’m known as the genius of the eight departments. If I didn’t have some skills, would I have agreed to your request?”

“Alright, then I’ll show my incompetence.”

Yunxiao pondered for a moment, then said with a smile,‘listen well, the first half is: I’m not in a good mood, so please don’t disturb.”

“Yingluo, you’re not in good health. Don’t pick a fight!”

“Haha, not bad. Interesting.”

Yunxiao clapped his hands and laughed. The three men were engaged in a fierce battle over there, and all kinds of energy fluctuations were coming from them. The entire Lake was completely thrown into chaos, but the two men turned a blind eye to it.

Lil eight snorted and looked around the battlefield. Shang's eyes were like stars as he shot out two sharp attacks, shattering the upper body of the giant water spirit. Lil eight had an idea and shouted, "Demon head, evil face, shoot shoot shoot two cold eyes!"

Pointing at Jie Nan, Yunxiao was performing an incantation gesture with a solemn face to restore the giant Spirit's body. Then, he reached out to grab Shang and said with a smile, "A human body and a Ghost Face, and a turtle head!"

"Bah, vulgar!"

Little Myna scoffed and said with a look of disdain, "Couplets are supposed to be elegant, but why does it have a completely different flavor when it comes out of your mouth?"

Shang's armillary sphere flew out of his hand and began to form the stars in the sky. The power of the world spread out and devoured all the attacks.

it's so well-connected," Lil eight praised in surprise. one move can penetrate the East and West, and transform the stars in the sky.

Jie Nan and the tyrannical sky Tiger were shocked, as if they had realized that Shang's armillary sphere was not ordinary, and quickly retreated under the power of the world.

I know how to be elegant," Yunxiao said with a smile. I know how to be elegant, too. Hmm, three mountains five peaks, half-style traversing North and South, suppressing two little ghosts."

"No, no, no!"

Little Myna shook his head repeatedly. although the battle is neat, it still feels weird. We can't use the scene in front of us as a contrast. We have to think of something out of thin air.

“Haha, then I’ll satisfy you. Listen up!”

three talents,” Yunxiao blurted out. heaven, earth, and man.

After saying that, he smiled and looked over.

Chapter 833-no match

Lil eight was stunned. This couplet seemed simple, but it was impossible to match!

The first part used the word “three,” so the second part could not be repeated. There were only three words below the word “three,” so no matter which number you used to match it, the words that followed were either more than three or less than three.

Little Myna was stunned and said, “Three talents, heaven, earth, and man, it’s impossible to match them!”

there’s nothing you can’t do in this world,” Yunxiao said with a smile. you’ve lost.

“Unless you can match it yourself, it can’t be considered a win!” Little Myna retorted.

listen up,” Yunxiao said with a faint smile. ten thousand in one color!

“This bi an ...”

Little eighth’s head was dizzy as he said, “this bi an.”

What Yunxiao was facing was exactly the same color in Mahjong. It could either be a cylinder of one color, a thousand pieces of one color, or a bar of one color.

“Can’t you be a little more elegant?” little Myna said.

“Hehe, if you want to be elegant, that’s fine too. Nine chapters on the hook.”

Little Myna’s mouth was wide open, and cold sweat began to form on his forehead. He could actually think of a few of such absolutes.

“Haha, there’s also the Four Seasons, summer, autumn, and winter!”

Yunxiao laughed out loud and said, “ ten poems, nine chapters, and eight literary ideas. Compared with my literary knowledge, you are still far from it. I’ll kill you with my head!

“There are four Seasons in a year. Spring, summer, autumn, and winter. What about spring?”

you’ve lost, ” Yunxiao said with a smile. I’m going to kill you soon. Will you still have a spring? ”

Little Myna,”Yingluo.”

Just as he was in a daze, the battle over there had already turned into a complete mess. After Shang revealed his demonic form and heavenly cycle stars, he was actually suppressing Jie Nan and the tyrannical sky Tiger, steadily gaining the upper hand. The two of them were heavily injured and were spitting out blood. It was a tragic sight.

Jie Nan’s giant water spirit had even crumbled several times, and it was difficult for it to even consolidate its form now. He sneaked a glance over and almost vomited blood in anger. He roared in rage,”Xiaoba, what are you doing? Hurry up and kill that scum and come help!”

senior Jie Nan, ” Xiaoba said dejectedly. I lost the competition. What should I do? ”

“Pfft!”

Jie Nan finally spat out a mouthful of blood. He said furiously, "Compare your sister with words! Quickly kill him and come help, fifth brother and I can't hold on much longer!"

As he was speaking, two attacks shot out from Yi's Silver horn on his forehead, breaking through his water elemental defense. The aftermath blasted into Jie Nan's body, washing his internal organs and causing him to spit out another mouthful of blood.

I don't think this is a good idea, " little Myna said embarrassedly. one must keep his word. If you don't believe him, you can't stand!

"I'll believe your sister!"

Jie Nan spat out a large mouthful of blood. His hands quickly formed seals to repair the damage to his body. He retreated at an extremely fast speed and began to fight.

The stars in the sky were formed by the armillary sphere. Both he and tyrannical sky Tiger felt as if they were in outer space. All of their Yuan energy was restricted by the power of the stars, and they couldn't use it to their heart's content. The more they fought, the weaker they were.

The tyrannical sky Tiger didn't know whether to laugh or cry. a loss is a loss. I'll fulfill my promise next time! it said.

"Yeah!"

Xiaoba clapped his hands and said to Yunxiao with a smile, "There's a reason for this. I'll let you kill me next time."

Yunxiao stared at Shang, his eyes flashing. When he came back to his senses, he smiled and said, "Go, it's more important to kill this demon."

Lil eight was jolted out of his depression. A sword appeared in his hand and he laughed as he charged towards Shang. His sword flashed and the sword light turned into the head of a beast. It roared and slashed towards Shang.

Shang's face darkened. He raised his right fist and punched the beast's head, instantly dispersing the sword light. However, the sword Qi was so powerful that it cut off the muscles and meridians on his arm, causing dozens of streams of blood to spray out.

”

Shang roared in anger, ” “You can come in too!”

Several beams of light hit the armillary sphere, and the earth axis spun with a clang, displaying the latitude and longitude of the earth and instantly covering the entire Lake. Even Yunxiao was not spared. The whole world turned into a Galaxy, filled with twinkling stars.

your sister, what kind of profound armament is this? it's actually so abnormal!

Jie Nan vomited a mouthful of blood in grief and indignation. What he had thought was an easy task had actually turned into this situation. Moreover, looking at the other party's appearance, they were undoubtedly going to be killed.

“I was afraid that I'd make too much noise and attract the elites of the red moon City,” Shang replied coldly. Now it seems that the illusory formation you set up is very effective. I don't have to worry about killing the four of you.”

Jie Nan felt bitter in his heart. This was completely shooting himself in the foot.

Shang's hands were constantly changing hand seals, as if the world had yet to fully develop.

The stars in the sky began to shine intensely, spinning in the sky at an extremely fast speed, as if forming a huge formation that emitted a terrifying power.

The hearts of the three men and Yunxiao trembled. This method of using the sun, moon, and stars as an array was simply sensational. Even the great heavenly cycle generated by a profound artifact made them shudder.

Yunxiao finally moved. He could no longer watch. He knew that if the eight elephants were killed, he would not be able to escape!

Even if he encountered a stronger Martial Emperor, Yunxiao was confident that he could fight with him, or at least survive. But when it came to Shang, a great demon who had the same experience as him and could completely control a Supreme-grade profound level weapon, he had no confidence at all.

“Everyone, let’s break this phenomenon together! Otherwise, we’re really done for!”

Yunxiao could no longer care about anything else. After roaring, he took out the divine realm tablet, which emitted a nine-colored glazed light. The power of the world circulated around the tablet, pushing open the dark night. It suddenly turned into a huge mountain in the sky and smashed down on the armillary sphere!

The three men were taken aback. They had almost lost all hope under the strange phenomenon, but after Yunxiao’s shout, the unyielding and tenacious character of a warrior was stimulated. Looking at the power of the divine realm tablet, which seemed to be no weaker than the armillary sphere, it gave them a boost of confidence.

“Go all out! I’ve lived for more than a hundred years, and that’s about enough. Even if I risk my life to kill this demonic beast, I’ll still earn something!”

water elemental critical strike! Jie Nan roared in rage. His body gradually turned transparent, and water vapor condensed in the dark night. A giant water elemental spirit formed behind him, becoming more solid. water elemental critical strike!

The giant water spirit opened its mouth wide and threw a punch into the air. The king Qi on the punch shattered the endless space and time, and it went straight for the armillary sphere and Shang, as if it was going to destroy all the phenomena!

sigh, it seems like I can’t retire.

The tyrannical sky Tiger smiled bitterly and said, " I've come out to make a living. I'll have to pay you back sooner or later. That's true. If I die in the line of duty, I wonder if boss will give me a nickname or something."

...

A faint light flickered in his hand as he gathered energy. It became brighter and brighter as he used all his strength. A sword appeared out of thin air. He and the sword became one and cut through the void!

I already owe my life anyway, " said eighty with a smile. if I die, it's Li Yunxiao's fault, not mine.

A sword suddenly appeared in his right hand. He waved it a few times and the scabbard flew out with a clang. The sword light flashed and formed various images of demonic beasts in the space. Finally, it turned into a fierce tiger. As he stabbed with the sword, it roared and pounced on Wang Shang!

Under the starry sky, the three extremely powerful martial sovereigns attacked with all their might, and the divine realm tablet shook in the air. The whole heavenly cycle star phenomenon began to crack inch by inch, as if victory was in sight.

But, Shang's face was as calm as usual, and he seemed to be indifferent to the attacks of the three men. He just glanced at Yunxiao and chuckled. "A Saint artifact is not to be used as a brick,"

His eyes began to turn hazy as he said, " the Starlight that has never been extinguished since the ancient times, fall from the eternal Sky!

A silver-gray color flashed in his eyes as he pointed forward and said, " "Starfall!"

The entire universe seemed to be frozen at this moment. All time and space were still. The only thing that was still moving was the divine realm tablet. It was flowing with light and vibrant colors above and was not affected.

But, Yunxiao was so anxious that he was suppressed by the power of the world generated by the Grand microscopic armillary sphere. His control over the divine realm tablet grew weaker and weaker, and he was completely powerless.

At this moment, the sky suddenly changed. Tens of thousands of stars turned into meteors and fell from the sky. It was as if the end of the world had arrived in front of the four of them. The universe was collapsing and everything was annihilated!

Cold sweat dripped from the foreheads of the four people, but they were helpless. They could only watch as they were destroyed along with the world.

...

Suddenly, Shang's expression changed. His eyes were filled with shock as he looked down.

In the starry world, the scene below returned to the lake. From the black hole in the Eye of the Vortex, there seemed to be a leisurely and faintly discernible voice.

"Kowtowing on gold thread clothes, will falling into the devil. The clouds and water flow, the waves of the sky rise. Sweep away an Army of thousands and guide them like a river. Empty embrace of ten thousand worlds, a song of the ages."

The poem was intermittent and faintly discernible, but it clearly rang in everyone's ears.

Yunxiao trembled. The poem was sung by him when ning keyue performed the song of subduing the soul, but it was not written at that time. It was created decades ago when he first saw the song of subduing the soul on The Purple Cloud Peak outside Hongyue city.

At this moment, when he heard that voice, his mind was shaken and his mind went blank. At this moment of life and death, he actually forgot to think!

Suddenly, a large number of prisoners' horrified roars came from the dungeon below. The sounds were mournful and terrifying.

Suddenly, a ray of golden light shot out from the Eye of the Vortex and into the world of stars!

One, two, three streaks of mist.

A total of nine rays of golden light shot up and instantly turned into nine golden dragons. They bared their fangs and brandished their claws, disturbing the stars in the sky!

The end of the world was interrupted at this moment, and the stars that filled the sky disappeared.

The interference of the nine Dragons shocked Chi, and the power of the world gradually collapsed under the wreaking of the nine golden dragons. Finally, the dark night gradually cracked, and a dark green light shone in, revealing the real world in the lake.

“Pfft!”

A mouthful of blood spurted out of Shang’s mouth. His eyes were filled with shock as he stared at the Eye of the Vortex, a chill rising in his heart.

Yunxiao’s face turned pale as he could not believe what he was seeing. “Nine Dragons sword, thousands of bodies!”

The voice was filled with endless shock, confusion, daze, confusion, and all sorts of other emotions.

Chapter 834-chaotic heart

The nine golden dragons wreaked havoc in the lake, causing a huge tremor. All of a sudden, they all exploded, and a shocking force shot up into the sky. The water in the entire Lake flowed backward into the sky.

The five of them were completely defenseless in this astonishing reverse flow and were swept up into the sky.

A desolate figure walked out of the dungeon. He traveled 1000 miles with one step and was about to disappear into the distance.

Yunxiao hurriedly activated the power of the lunar pupil, trying to see the figure's face clearly, but a familiar face flashed in front of his eyes, and he could no longer catch any trace of it.

“Pa!”

With the disappearance of that person, the force of the lake's water flow gradually weakened. The other four people instantly broke free and turned into rays of light to escape to the ground. Their whereabouts had been exposed. If they didn't escape now, they would be dead!

The lake water turned into a Dragon's Roar that soared into the sky, straight into the nine Heavens. The entire sky was covered with dark clouds, and it was actually about to rain.

More than a dozen beams of light arrived in an instant, surrounding Yunxiao.

“Who is it?”

The Imperial Guards were shocked by the strange phenomenon in front of them. When they realized that his cultivation was only at the martial honor level, they suddenly became arrogant and shouted coldly, “What's going on?”

Yunxiao was dumbfounded at the moment, and it took him a long time to recover from the shock. His face was pale as if he had lost his soul, and there was only one voice in his heart.

“Big brother Murong, you didn't die! How did you not die? what happened? If you're still alive, then back then, Xuanji ...”

His heart was in a mess, completely in a mess!

The nine Dragons formed by the sword, the magical power formed by the thousands of bodies, and the desolate figure could not be mistaken under his moon eyes. He only felt that his breathing was a little pale, and his blood had also frozen at this moment.

I'm asking you a question. Answer me quickly, or you'll have to bear the consequences!

The Imperial Army man seemed to be impatient. With a cold look on his face, he released a mighty pressure from his body and rushed over, trying to intimidate Yunxiao.

Suddenly, a ray of light fell and dispelled the power, revealing a figure frowning.

The hearts of the Imperial Army soldiers trembled, and they hurriedly stepped forward and bowed. "Military governor!"

Ning hangfeng looked at the lake water that was almost empty, and his face turned pale. He said, "Li Yunxiao, what happened?"

Yunxiao was stunned for a while as he kept patting his head with his hands and kept saying in his heart, 'I'm not going to let you go. Calm down, calm down, calm down!

you don't look too good, " ning hangfeng said. but this is the dungeon. Why are you here? what happened? tell me immediately!

There was a cold urgency in his voice, and anger gradually rose to the tip of his eyebrows.

Yunxiao composed himself and said, " the monster race and the eight guardians of the death god have come to break into the prison. Now, lady Ruobing is in the hands of the monster race. Their goal is to escape from the red moon City.

"Preposterous!"

shut up! ning hangfeng shouted angrily, " martial law is imposed on the city immediately! No one is allowed to leave the city!

"Yes!"

The dozen or so subordinates responded with deep voices, immediately turning into ten or so rays of light and disappearing into the air.

After everyone had gone far away, ning hangfeng then said, Li Yunxiao, why did you go to the dungeon?"

Yunxiao was slightly taken aback. It was really difficult to explain, so he could only say, " it's a long story. I've also sensed that lady Ruobing might be with these demons. I've also noticed signs of the demons breaking out of the prison, so I followed them here.

"Oh? Such a noble and righteous person is rare in the world."

Ning hangfeng said coldly. His eyes showed that he did not believe her at all.

Yunxiao knew that this explanation was hard to convince, but the truth was almost the same. He just did not want the matter of the Supreme-grade Mystic artifact to be exposed. At the moment, his emotions were in a mess, and he was not in the mood to argue with ning hangfeng."En. After all, I'm also a friend of lady Ruobing. Military governor, if you have time to argue with me, why don't you go and save the second miss?"

Ning hangfeng's eyes flashed and he said coldly, " Li Yunxiao, I'm warning you, don't think you can do whatever you want with my second sister's support! If you touch the interests of the red moon City, even second sister can't protect you!"

"Oh, I'm so scared."

Yunxiao sneered as he took out a jade pendant and waved it in his hand, " This is the jade pendant your second sister gave me. Should I not break it and let your second sister explain it to you?"

“You coward!”

“Take care of yourself!” Ning hangfeng said angrily. He flicked his sleeve and turned to leave.

Yunxiao’s mood was also in a mess, or he would not have spoken so fiercely. He stared at the jade pendant in his hand for a while, then finally put it away and flew toward the wind and Moon Garden, which was thousands of miles high in the sky.

The garden was still filled with the fragrance of flowers, and ning keyue was meditating with her eyes closed.

Yunxiao gently came to her side and gazed at the person who used to be his sister but was now going to be his aunt.

Ning keyue didn’t know what he was thinking. She slowly opened her eyes and said, ” “Didn’t you leave? Is there anything else?”

Yunxiao sighed and told her everything, including reading Tang Jie’s memory and the battle in the dungeon. But later, Murong Zhu appeared and went into hiding, saying that it was a few people who had joined forces to create the scene of the Water Dragon Rising into the sky.

that crazy girl, ” ning keyue said calmly. if it weren’t for the competition, I would’ve let her go. Let’s see how she loses.

that Shang is extraordinary, ” Yunxiao said with a wry smile. I can’t defeat him even if I join forces with three of the eight symbols. But, lady Yue, you’d better do it yourself.

“It’s fine,” ning keyue said. As long as the city was sealed off and the defender array was opened, no one would be able to leave quietly. If I have to do something as trivial as finding someone, then what’s the use of keeping these people in Red Moon City? it’s better to disband them early.”

I’m afraid we don’t have much time, ” Yunxiao said. but I have a plan to capture these people.

“Oh?”

Ning keyue was interested. She smiled. the red moon City is so big. If these people hide in the city, even we can't take them down.

if a city is on fire from all sides, there is no way for people to escape, ” Yunxiao said. but if the fire at the East Gate is put out at this time, what will happen to the people inside? ”

Ning keyue immediately understood and said,“you mean we should create an opening to lure them out?”

Yunxiao nodded and said, ” yes. Red Moon city's great array is that fire, which can create signs of Masters forcing a crack to break in, making a hole in the defense, and at the same time strengthen the search in the city. This way, the eight divisions and hou will definitely not be able to hold back.”

Ning keyue laughed. it's a good plan. You're as cunning as your father.

Yunxiao looked hesitant, as if he could not decide what to say.

...

there's no need for too many grudges between us, ” ning keyue said. we can be direct.

Yunxiao pondered for a moment, then finally mustered up his courage and said, ” “I want to ask, did Murong Zhu really die that year?”

Silence, absolute silence.

Ning keyue's face turned pale in an instant. Her emotions fluctuated, making her breath extremely unstable.

“Why do you ask?” she asked after a long time.

“I’m just asking,” Yunxiao sighed. “If it’s inconvenient for you to answer, just forget it.”

Ning keyue closed her eyes and said, “Of course he’s really dead. Your father was there at the time. Who could play dead under his moon pupil technique?”

Crystal beads began to appear on her long eyelashes, reflecting the blood-colored moonlight in the sky like blood tears.

Yunxiao’s heart skipped a beat. It seemed that Ning keyue really did not know what had happened to Murong Zhu in the dungeon. Otherwise, she would not have been so calm when they talked about the battle in the dungeon. Moreover, Murong Zhu had indeed died that year. He had personally verified this, so it was definitely true. It seemed that there was more to what he had just seen.

“I’m sorry,” he apologized.

Ning keyue smiled and tried to control the sadness in her heart. “I’m fine. I’ve already walked out of the past, and I won’t go back.” “Let’s go, set a fire and catch some fish,” she said with a smile.

...

Just as the two of them were about to leave, a tremor suddenly came from the sky. The city’s protective formation was impacted, and a Halo spread out in the sky, forming a nine-colored light, which was very dazzling.

Ning keyue’s face changed and she sneered. “It seems like the fish is looking for an exit on its own!” Ning keyue instantly turned into a beam of light and left, while Yunxiao followed closely behind in the form of a Thunderbolt, but he could not catch up.

At this moment, the joust for a spouse event was still going on intensely in the center of the city.

The sound of the city's defender array being bombarded reverberated, causing everyone to be shocked and look up at the sky.

Jiang Churan's eyes were cold as she stared at the Halo.

Ruan Hongyu stood up slowly and smiled at the bewildered crowd. don't worry about the competition. Those who are not afraid of death will die soon if they barge into the red moon City.

haha, so it turns out that someone broke into the city. Truly a fool looking for death!

"I've lived for so many years, but I've never heard of anyone trespassing in the red moon City."

sigh, people these days think that they are invincible just because they have some ability. What kind of place do they think red Moon City is? "

Everyone had a look of ridicule and disdain on their faces, waiting to see those unlucky bastards get crushed.

The competition was still going on. Everyone had recovered from their shock and no longer paid attention to the fluctuations in the sky.

Jiang Churan and ruan Hongyu looked at each other and saw the worry in each other's eyes. The appearance of the nine-colored Halo meant that the defender array had been suppressed to the extreme. The attacker was definitely a master!

However, it was impossible for them to leave in this situation, but they felt a little relieved when they noticed that several extremely powerful forces were heading toward the scene of the incident.

The other higher-ups of the red moon City naturally understood the meaning of the Halo. They were also worried, but most of them had cold expressions. No matter who it was, anyone who dared to break into the red moon City would die.

On the stage, a man spat out a mouthful of blood. His eyes were full of panic as he said hurriedly, "Stop! I admit defeat!"

The other man immediately stopped and stood with his hands behind his back. He smiled and said, "Thanks for letting me win!"

"Lu Yuxing won this round, is there anyone else who wants to fight?" Jiang Bieli, the host, said.

"Thank you for showing mercy, brother Yu Xing," the man who lost forced a smile and said.

He walked down from the stage in a carefree manner. He was neither upset nor angry. Many people knew that their chances were slim. They wanted to try it out and also to compare notes with others to prove their martial arts.

Chapter 835-forced by circumstances

Lu Yuxing nodded slightly and looked towards a certain spot below the ring, smiling, "Brother Zimao, are you still waiting? If you still don't come out, lady Ruobing will be mine."

"Hmph!"

Ruan Zimao snorted lightly. Lu Yuxing's strength could be considered to be at the top among the younger generation. If he hadn't personally taken action, there would already be no one who could defeat him.

He peeked at Zhu Shunqi beside him and chuckled, "Brother Kuai Qi, don't you want to go up and test your skills?"

"I think brother Zimao is stronger than brother Yuxing. It'll be more interesting to have an exchange with brother Zimao later," Zhu Shuoqi said indifferently.

The two of them chatted happily like old friends, but the fighting spirit in their eyes was getting stronger and stronger. At their level, although they were mainly sparring, they were only one step away from winning the championship. It was not something impossible, so every step they took was unusually cautious.

“Hehe, since that’s the case, then I’ll show my incompetence first!”

Ruan zimao’s eyes darkened, and he leaped forward. Zhu Shunqi would be his biggest opponent this time, and Lu Yuxing in front of him was not to be underestimated either.

“Do you want to rest?” Jiang bieli asked Lu Yuxing.

In order to highlight the fairness of the competition, the party who stayed in the ring could propose the condition of rest.

Lu Yuxing chuckled. of course. Even though it didn’t use much essence force, the opponent is brother zimao. We have to face him at 120%!

Ruan zimao snorted coldly and stood with his hands behind his back, waiting quietly.

The spectators were all in high spirits. After more than ten rounds of elimination, it was finally time for the battle between the martial Supremes. Everyone’s eyes shone with excitement.

On the other hand, Jiang Churan’s eyes were dull and lifeless, as if she was completely unconcerned.

Ruan Hongyu poked him with her finger and said angrily, “ zimao is going on stage. Who do you think will win in the end? ”

Jiang Churan came back to her senses and smiled. “It’s hard to say. Zi Mao’s chances of winning weren’t small, but Zhu Shunqi didn’t seem simple either. Before the competition is over, no one can be certain of the result.”

“Hmph, from what you’re saying, it seems like it’s going to be difficult for zimao to win!”

I don’t think you’re in the mood for the competition, ” ruan Hongyu said unhappily. are you thinking about the nine-colored Halo? ”

Jiang Churan nodded slightly and said seriously, ” “I didn’t sense any peerless expert making a move. That nine-colored Halo might have been created by some other means, but keyue has already passed, so she should be fine. It’s just that we’re in the middle of an eventful period, and Ruobing is still running around as she pleases. It seems like we’ve been too lax in our control of her. ”

Ruan Hongyu laughed. it’s too late to do anything now. She’s about to get married. She’s going to ruin her in-laws.

Jiang Churan shook her head with a bitter smile. She looked over, trying to see through the layers of light and see the mystery behind it.

In the depths of the Halo, rays of golden light spun non-stop, blasting away the nine-colored light. A hole was forcibly opened in the entire defender array, opening up a passage to the outside.

“Success! It’s connected to the formation outside the city!”

Li’s face revealed a trace of joy, “Lord Shang, let’s go!”

The void flickered slightly, and four figures appeared. They were Shang, Tang Jie, Li Yi, and Jiang Ruobing.

Jiang Ruobing’s face was full of excitement as she said happily, ” “Haha, I can finally leave! Let’s hurry up and leave!”

“The other end of this formation is 100000 miles away, which is equivalent to a small-scale teleportation formation,” said li with a smile. As long as we’re teleported in, we’ll be safe unless the other party has a nine-stars Martial Emperor expert chasing us.”

Before Shang entered the city to save the people, he had set up a formation a hundred thousand miles away just in case. He did not expect it to come in handy.

Shang nodded. Just as he was about to enter the tunnel, his expression changed and he shouted, "Not good! Hurry up and run!"

He suddenly struck out with both palms, forming a force that could topple mountains and overturn the seas. He pushed the four of them into the passage, and took a step out himself. Half of his body had entered the passage, but he suddenly froze.

you think you can escape just because there's a space tunnel? what do you think my Red Moon City is!

Ning keyue's cold voice sounded. Song of ages appeared in her hand. She threw it forward and it flew into the tunnel. At the same time, she kicked Shang into the tunnel.

Shang's heart was filled with fear. As soon as he entered the tunnel, he realized that something was wrong. The entire dark tunnel began to collapse under the Golden scepter. The figures of the five people appeared in the heavenly martial realm and fell from the sky.

Everyone's faces were filled with shock. Not only was the passageway destroyed, but they also discovered to their shock that there were three more people beside them. They were the eight guardians of death!

senior Jie Nan, " Xiaoba said with a bitter smile. your art of concealment is unparalleled in the world. You've been discovered as well.

Jie Nan was exasperated and shouted, " What do you mean we've been discovered? it's all because of this group of demons. When the people of Red Moon City caught up to us, they destroyed the tunnel and implicated us!

"Bastard!" Tang Jie was furious. You guys took advantage of us and now you blame us for being a burden? I'll kill you bastards!"

He wanted to leap up and fly over to kill, but he felt weak all over.

The seven of them were restrained by a force and fell to the ground.

Song of Time also fell with them. With a clang, it stabbed into the ground and gave off a golden light. The seven people were all fixed in place, unable to move.

it's over! It's over! It's my master's scepter! Jiang Ruobing exclaimed.

"You're not finished, we're finished!" Little Myna replied. When your master comes, you'll only be reprimanded a few times, but we'll lose our lives!"

"Mr. Shang, what do we do now?" Jiang Ruobing asked anxiously. My master is about to catch up!"

Shang's expression was also unusually grave. The master that Jiang Ruobing had mentioned was naturally the woman who had stopped his figure and kicked him into the passage. That power was definitely a nine-stars martial sovereign!

He said in a serious voice: " this place should be outside of Red Moon City. We don't know how far it is. We can leave as long as we work together to break through the power of this profound level weapon. Otherwise, we will be finished when they arrive!

"How do we break it?" Jie Nan cursed angrily. All the elemental energy in my body has been frozen. This damn scepter!" His eyes suddenly lit up and he said hurriedly, " "Mr. Shang, don't you have a powerful ball? Quickly take it out and break this scepter!"

"How are we supposed to retrieve the armillary sphere when all the elemental energy in our body is frozen," Shang said coldly. I can't even transform into a demon now!"

"Then what should we do?" Jie Nan said dejectedly. Sit and wait for death?"

no, no! Jiang Ruobing hurriedly said. don't just sit here and wait for death! Everyone can use the strength of their bodies to move bit by bit. The further away you are from this scepter, the less you will be affected. At that time, you can take out your profound level weapon and break this thing!"

"Good! Go all out!"

Everyone had a strong desire to live. They gritted their teeth and started to move away from the scepter. Jiang Ruobing was cheering on the side.

In the sky above the red moon City, ning keyue closed her eyes and calculated. She snorted softly."Three thousand miles north of the city."

At this moment, ning hangfeng and the others had also gathered because of the Halo phenomenon. After hearing the order, they immediately led the Masters to the north of the city.

...

Ning keyue said, " let's go and have a look. Ruobing is too insensible. I have to teach her a lesson this time!

She and Yunxiao also turned into beams of light and headed toward the north of the city.

Everyone's speed was extremely fast, and they soon found where the group was. They were all desperately trying to move away.

Ning hangfeng snorted coldly. More than ten people immediately landed and surrounded the nine people, each of them sneering.

Shang and the others paled, knowing that they would not be spared.

miss Ruobing, " ning hangfeng said, " you're too insensible. You've caused such a big commotion.

“If you still acknowledge me as the second young lady, help me pull out this scepter immediately and bring your men back!” Jiang Ruobing said hurriedly.

“Impudent!”

The air twisted slightly, and Ning Keyue and Yunxiao walked out together. Ning Keyue’s face was cold as she glared at Jiang Ruobing.

Jiang Ruobing trembled in fear. It was difficult for her to move her body, but she was so frightened that she took a step back and bumped into Li.

Li Zheng stared at her, panting. His eyes flickered.

...

Jiang Ruobing looked into her eyes and suddenly felt a little scared. Sister Li, everyone’s trying to squeeze out. Why are you squeezing toward me?”

“I can’t escape, so I can only let you down, sister,” Li laughed bitterly.

She raised her hand gently and clutched Jiang Ruobing’s neck. Her cold nails scratched Jiang Ruobing’s neck as she said indifferently, “My Lords of the Red Moon City, we have no enmity between us. The only thing that we have is the eight signs of death. I hope that everyone can live in harmony.

“You coward!”

“You actually took me as a hostage!” Jiang Ruobing shouted in anger. To think that I treated you like an older sister!”

Li smiled bitterly. I’m sorry, sister. I’ll make it up to you next time if I have the chance. I’m dead, but Master Shang can’t. That’s why I’m the one who’s holding you hostage.

Jie Nan smacked his forehead and said in frustration, 'what a smart demonic beast! Why didn't we think of that!' He was frustrated. Holding Jiang Ruobing hostage might be his only chance.

The people of Red Moon City were all shocked and angry, not knowing what to do.

li, " Yunxiao sneered, " we have no grudges against each other, but you've held the second miss of Red Moon City hostage. That's already a deep hatred.

"I'm forced by the circumstances, and I don't want to either," li replied calmly. If you were in my place, you would have done the same."

she made a mistake, " ning keyue said coldly. she deserves it. Kill her if you can!

"Stop it!" Li's pupils shrank and he shouted.

By the time she finished speaking, her five fingernails had already dug into her throat. Bright red blood flowed down and dyed her white top red, making her look even more shocking.

Ning keyue's face darkened. She had wanted to intimidate li with her words and then kill him. She didn't expect that he would see through her. This female demon was not simple!

"The situation forced us to do this!" Li said sternly. If you insist on perishing together, I have nothing to say!"

Her five fingers went even deeper into the wound. Jiang Ruobing's face turned pale. If she used a little more force, her entire head would be cut off. Then, there would be nothing she could do to save the situation.

Chapter 836-crisis

Li's face was cold and stern as he said coldly, " "My Lords of Red Moon City, please make a decision whether to let me go or to die!"

She was ready to give it her all. As powerful monsters, they had been with Shang for so many years, and they saw Shang's life as more important than anything else. They would do anything to keep him alive!

Ning keyue looked into Li's eyes and felt her vision burn. She slowly said, " Li Yunxiao, what do you think? "

Everyone was taken aback. Why did he ask Yunxiao about such an important matter?

"Swish!"

Everyone's eyes fell on Yunxiao, and so did Jiang Ruobing, who wore a slightly pained and pitiful look.

Yunxiao smiled wryly and said, " although these people are despicable, how can their lives be compared to miss Ruobing's? If we let them go this time, we can kill them again next time, but they're just some minions."

Although he really wanted to kill Shang with the help of the red moon City, even more so than killing Shen baxiang, he had to save Jiang Ruobing.

Ning keyue snorted and said, " "Jiang Ruobing colluded with outsiders to break out of the prison, which is a capital crime! Why do you still want to save her?"

Yunxiao found it funny when he saw the almost undetectable look of relief in ning keyue's eyes. Old fox, he obviously wanted to save Jiang Ruobing, but he couldn't lower his face and the rules of the red moon City, so he came to consult him.

Now that he had seen through ning keyue's intentions, Yunxiao naturally had to cooperate with her. He quickly said in surprise, " "No! But master Yue, although lady Ruobing deserves to be punished, she has now seen the true colors of the bad guys and has suffered. Why don't we save her first and then punish her according to the corresponding regulations when we return to the city?"

Ning keyue gave Yunxiao a surprised look, and an imperceptible hint of admiration flashed in the depths of her eyes.'This boy is indeed as good as his father,' she thought.'His answer is so in line with my taste.'

She pretended to ponder and snorted, "Hmph, isn't this letting her off easy? Hangfeng, what do you think?"

Ning hangfeng cursed her in his heart and thought to himself, "Since Yunxiao has said so, I can't just say that I don't care about Jiang Ruobing's life, can I?" "Yunxiao's words are reasonable. After all, we have broken the rules of Red Moon City, so we have to punish ourselves. Besides, we don't have any enmity with these demons, so there's no need for us to fight to the death,"

"Alright, since that's the case ..."

Ning keyue glanced at li and said, "Put Ruobing down and you guys can leave." She pointed in the air, and the scepter immediately turned into a ray of light with a clang, returning into her body and disappearing.

Li was overjoyed. He heaved a sigh of relief and said, "sorry for the offense, sister. I'll make it up to you next time if there's a chance.

Without the restraint of the scepter, they had recovered their strength. Li gently patted Jiang Ruobing and pushed her to ning keyue.

Jiang Ruobing was like a child who had made a mistake. She lowered her head in front of ning keyue and didn't dare to make a sound, but blood was still flowing from her fair neck. Her whole white dress was stained red with blood. It was a shocking sight, but she looked very pitiful.

Yunxiao hurriedly performed an incantation gesture and pointed it at her throat, stopping the bleeding.

Shang gave Yunxiao a complicated look, then turned to ning keyue and said, "Milords, farewell. That's right, these eight elephants of death have nothing to do with our monster race and are not on the list of conditions for exchange. How you want to deal with them has nothing to do with us."

Jie Nan's expression instantly changed and he said angrily, "Yao Shang, I won't bring you guys along!"

I'm not a human," Shang sneered. goodbye. Have fun.

Li Yi's expression changed several times before he sighed, " "My Lords, I can't help it. I can't save you."

Mr. Shang, let's talk this out! We're all acquaintances after all, we should stick together! little Myna quickly shouted.

The referee could not be bothered with them anymore. He snorted coldly and turned into a ray of light with Tang Jie, Li Yi, and the others to escape. As long as they were still within the scope of the red moon City, they would not feel safe.

"Let's go!"

Jie Nan instantly shouted and flew into the distance.

"Naive!" Ning keyue said.

She didn't seem to have moved, but Jie Nan suddenly hit his head on an invisible force. He fell down again with a scream. The entire area was covered with the restriction ning keyue had set up.

Lil eight and the other two had bitter expressions on their faces. They had to go back to prison now. All their efforts had been in vain. They were all dispirited like roosters who had lost a fight. They could not lift their spirits at all.

"Bring all three of them back to the dungeon!" Ning hangfeng ordered coldly.

Just as the guards were about to capture him, a faint voice suddenly rang out from the air. Although it was extremely soft, it resounded in everyone's hearts, " "Let's go!"

Although it was only one word, it seemed to have infinite power and broke ning keyue's seal at this moment. The Qi in the sky suddenly condensed and turned into boundless killing intent. The sky began to turn dark and the clouds changed color!

A chill suddenly rose in everyone's heart, and their blood almost froze. Not only that, but boundless fear also spread from the bottom of their hearts!

"Boss!"

Little Myna cried out in surprise. Just as everyone was about to break down, he seemed to have heard the most beautiful sound in the world. He was overjoyed and turned into a ray of light to leave.

His shout made everyone's heart shake and their faces turn pale! Everyone understood the meaning of these two words!

Ling Baiyi, the fourth on the heaven and earth Power chart, the martial sovereign who was given the title Night Shadow by the Holy region, the chief of the eight divisions, had appeared outside the Redmoon city!

At this moment, ning hangfeng, the other Imperial Army members, and Yunxiao all stiffened, not daring to move. The killing intent was like an infinite martial Dao that suppressed them on the spot, and they would be killed if they moved even a little.

Yunxiao's heart trembled. He was very familiar with this feeling. It was Ling Baiyi's Green edge murderous Aura Art. The murderous Aura Art he had taught the Army of Tianshui back then was a superficial knowledge he had learned during the battle with Ling Baiyi!

"Did you ask me before leaving?"

Ning keyue's cold voice was as calm as water. Although she was also shocked, she could not panic at this time. A golden light flashed in her hand, and the Song of Time appeared in her hand. She waved it in the air and a strong spatial power spread out, suppressing the three who were about to escape.

At the same time, a few strange incantation seals appeared in her hands and were sent into the song of Time, emitting a bright light.

Then, he unsealed song of the ages and turned it into a golden battle suit that covered his body. His cold eyes flashed sharply as he stared at the void with extreme vigilance. He raised his golden sword across the sky and began to slowly channel his power, ready to attack at any time!

Ning keyue had never encountered such a great enemy in her life, so she didn't dare to pay any attention to him.

As ning keyue's strange symbols entered the scepter, the distant Red Moon City seemed to have sensed it.

Three beams of light shot out from three different places at the same time. They were red, yellow, and blue, and they spun in the air. They were three old men in different attires. They were summoned by the scepter and rushed out of their seclusion at the first moment. They flew out of the city at an astonishing speed!

In the arena, Jiang Churan's heart suddenly moved. He raised his head in shock and saw three rays of light in the sky. His face turned pale and his mind went blank for a moment. Then, he immediately soared into the sky and followed the three people.

These three elders were the oldest generation in Red Moon City. They never asked about anything and focused on cultivating martial arts. Only the scepter that represented the highest power in Red Moon City could command them. Now that the three of them had appeared at the same time, they must have been summoned by ning keyue.

With ning keyue's strength, she would not have summoned these three elders for no reason. She must have met a terrifying opponent!

The crowd around the arena tournament looked on in shock, all of them somewhat confused. Ruan zimao and Lu Yuxing were locked in a fierce battle, and just as everyone was enjoying themselves, the city Lord of Red Moon City left without saying goodbye. What kind of signal was this?

don't be suspicious, " ruan Hongyu said. my husband has gone to deal with some small matters.

"A small matter?"

...

Everyone laughed bitterly in their hearts. No one was a fool. Why would the city Lord of Red Moon City need to come out and deal with such a small matter at this juncture? Moreover, those three extremely strong auras just now were also heading in that direction. This so-called small matter was probably a shocking small matter!

The two people fighting in the ring also noticed that something was wrong, but they were only slightly distracted and focused on the battle again. Even if the sky collapsed, there would be Masters to hold it up. Moreover, this was red Moon City, what could happen?

Ruan zimao's brows were tightly furrowed as well. He felt a little uneasy in his heart. Originally, his strength wasn't much higher than Lu Xingyu's. Now that he was disturbed by Jiang Churan's sudden action, he started to be at a disadvantage.

Some of the higher-ups in the audience understood what those three colored lights represented, and their faces turned white one by one. For these three elders to be dispatched, it was clearly a moment of life and death for the red moon City!

The last time the three of them had joined forces to fight was decades ago when Gu Feiyang had wreaked havoc in the Redmoon city and killed many experts. Later on, he had no choice but to ask these three people to join forces to drive Gu Feiyang out.

There were also many distinguished guests who had also seen the clues. In addition to being shocked, they were also speculating in their hearts. Who was so bold that he dared to provoke the city Lord of Red Moon City to personally attack?

However, since ruan Hongyu said that it was a small matter, everyone knew that it was not a small matter, so they could only treat it as a small matter. They sat down and continued to watch the competition, but it was hard for them to concentrate.

At this moment, three thousand miles North of Red Moon City, ning keyue was staring at an Aurora above her. It was so bright that it was blinding, and it was getting bigger and bigger.

A distant and clear voice rang out from the white light, as if it came from an infinite distance, "It's not that I'm the one who evolved the four poles, it's just that I'm amazing. It's not my little world, it's just talent. It's not that I've been unrivaled since ancient times!"

Chapter 837-determination

In the Aurora, a figure slowly emerged. His white clothes fluttered in the air, and the entire blinding light was like his afterglow. He stepped on the waves and came over.

Everyone tried their best to open their eyes and endure the intense pain. They wanted to see the peerless martial sovereign's face clearly. However, they could only see the calm figure in the Aurora as if his body had already been fused with the light.

As Ling Baiyi stepped down, Ning Keyue felt great pressure. The golden sword began to sing, and runes flew out of it and danced around. The sword power had been activated to its limit!

Ling Baiyi stopped in his tracks and hovered in the air. A cold glint flashed in his eyes as he said, "Ning Keyue, you dare to fight me?"

Every word he spat out was filled with boundless killing intent, like a sound wave martial technique. As it fell, the guards of the red moon City could not help but tremble, almost kneeling down and begging for mercy on the spot.

"You don't dare? Do you really think you're invincible?"

Ning Keyue's face was solemn. In addition to the solemnity, there was also the determination to sacrifice herself for the battle. Her battle suit and the golden sword became one, turning into huge symbols that spread in all directions. Her full sword power was raised again.

Ling Baiyi frowned, and a faint green light began to appear around him. He raised his hand and pointed to the sky, and a terrifying phenomenon appeared in the sky. It was like a purple-black lightning, and it was like a dragon rolling in the sky. It was full of killing intent!

Under the two's heaven-shaking momentum, they squeezed out an extremely strong spiritual pressure. Everyone present trembled and hurriedly circulated their cultivation to resist.

Yunxiao was also shocked, and he found it extremely difficult to breathe. His eyes were filled with worry. At this moment, he could still withstand the power of the Spirit pressure. If the two of them really exchanged blows with all their might, the aftermath of the shock wave would spread out, and even if he formed a golden body Dharma, it would be destroyed.

Ling Baiyi's aura continued to rise. Suddenly, he let out a soft 'huh' and looked up. The three-colored light in the sky was flying toward him as soon as he could see it. It was like a Yin Yang fish that was circling around the strange phenomenon in the sky. It actually trapped the strange phenomenon. The three-colored light spread out and illuminated the entire sky.

"It's these three old monsters."

Ling Baiyi's voice was filled with surprise, and his expression became serious.

Yunxiao was also surprised that the three men were not dead, but he was a little relieved. The three old men were limited by their talent, so it was very difficult for them to advance in their comprehension of the martial Dao. They could only constantly absorb Origin Energy and try to break through in the process of cultivation, but their hopes were slim.

Even so, the power and Foundation that had been accumulated over the years was also unusually terrifying.

"Isn't it great to have friends from afar!"

A soft voice was heard, followed by a ray of light that descended and turned into Jiang Churan's figure. She said with an indifferent expression, "Brother Bai Yi, since you're here, why don't you give me some face and come in for a cup of blood tea?"

Although he was inviting her in a friendly manner, the aura on his body was rising. A hollow flower ball appeared in his right hand, which was breathing in and out vital Qi, forming a mist around the ball. It was unknown what profound level weapon it was.

Ling Baiyi's expression changed again. Jiang Churan had fallen to his left. She and Ning Keyue were in a corner position, and they were working together to suppress his aura. The three old monsters in the sky had joined forces. Not only did they suppress his strange phenomenon, but they had also sealed off the sky and cut off his escape route!

"Brother Churan, do you want to invite me into the city for tea, or do you want me to go in and feed you tea?" Ling Baiyi sneered.

Jiang Churan's expression was calm. "Whether you drink it or feed it, it's all up to you, brother Bai Yi. However, if you're willing to feed it with your body, you'll definitely be able to get some top-grade tea. I'm looking forward to it."

Ling Baiyi laughed and said, "Haha, Churan is threatening me." It's always been Bai Yi threatening others. This is the first time I've been threatened by someone else. It's very fresh."

He raised his hand, and suddenly, one of the Imperial Army soldiers of the Red Moon City began to scream in fear. His body flew into the sky without his command, and he was caught by Ling Baiyi's killing intent. He was so scared that his liver and guts were about to burst out, and he began to cry for mercy.

Jiang Churan's expression changed drastically as she said angrily, "Release him!"

"Bang!"

As soon as he finished speaking, the Imperial Army soldier's body suddenly exploded. He didn't even have time to scream before he was reduced to a bloody paste that floated in the air. However, he didn't fall down, causing one to feel a wave of terror and nausea!

"Waa!"

Jiang Ruobing was the first to be frightened by this tragic scene. After letting out a scream, she covered her mouth with her hands. Large drops of tears of fear flowed down from her eyes, and her whole body trembled.

Let alone her, all the Imperial Army soldiers paled in fear. To be able to kill people so casually while being surrounded by five top-tier experts ... How could a titled martial sovereign be considered a martial artist? he was like a god!

“You coward!”

Jiang Churan’s body trembled as she looked at him in shock and anger. Her eyes were filled with anger and killing intent.

“I don’t like to waste time talking,” Ling Baiyi said with a smile, “all of you, retreat and let us leave.”

The entire atmosphere had become unusually somber. Every martial artist’s forehead was covered in a large amount of cold sweat, which directly froze on the surface of their bodies!

Yunxiao also felt a chill run down his spine. If he were the target of Ling Baiyi’s attack just now, he would not even be able to hide in the divine realm tablet. What a ruthless method! With so many people’s lives being taken as a threat, the red moon City would have no choice but to submit.

The tri-colored light in the air was also shocked by this ruthless method. Violent elemental energy fluctuations spread out, as if it was extremely difficult for it to calm down.

“What’s wrong? Unconvinced? Hehe.”

Ling Baiyi lazily raised his eyes and coldly smiled. “Do you want these people to die?”

His voice seemed to come from the netherworld, making one’s hair stand on end. The members of the Imperial Army of the red moon City felt a chill run down their spines, as if their souls were about to die.

The fear in everyone’s heart had reached a point of no return. Under the pressure of this terrifying might, their legs all went soft.

“Leave? If you kill the people of my Red Moon City, don’t even think about leaving this place!”

Ning keyue’s cold voice broke the silence!

She grabbed at the air, and Jie Nan, who was suppressed by her Emperor aura, instantly flew under her five fingers and squeezed hard.

“Bang!”

Jie Nan’s head instantly exploded like a watermelon, his brain matter splattering everywhere!

A headless corpse fell to the ground in everyone’s shock. He couldn’t be more dead!

“Argh! Senior Jie Nan!”

Lil eight suddenly let out a blood-curdling screech, its face filled with endless grief. The tyrannical sky Tiger’s face also turned pale, and its eyes revealed great fear.

“You coward!”

This time, it was Ling Baiyi’s turn to be furious. He said coldly, do you really want these people of the red moon City to be buried with you?!

Ning keyue stared into his eyes without fear and said coldly, “if you have the guts, then continue killing. If you kill one more person, I will kill the remaining two. At most, my Red Moon City will suffer some losses and let you kill a few more people.

Ning hangfeng broke out in a cold sweat and said, “second sister, miss Ruobing ...”

Ning keyue glared at him coldly. The coldness in her eyes penetrated his soul. He was so scared that he didn’t dare to speak.

Ning keyue smiled and said, "no matter if you're a citizen of the Redmoon city or my disciple, you must have the spirit to sacrifice for the Redmoon city." Today, Jiang Ruobing, ning hangfeng, and even I, ning Yue, will die! Even if they were to die, they would never compromise with the enemy! You all answered that Yingluo is afraid of death?"

...

Her words made everyone calm down. The cold blood that was soaked in killing intent gradually surged. Ning hangfeng laughed to the sky and said, "Haha, don't be afraid! Second sister, remember to kill this titled Martial Emperor and bury him with us! Brothers, how does it feel to have a titled Martial Emperor die with us?"

"Cool!"

Everyone shouted in unison, their heroic spirit soaring to the sky. The chill that they had been feeling from the Qing Ling murderous air charm was instantly dispelled by their hot blood. Their faces were filled with a look that said they were not afraid of death as they stared at Ling Baiyi coldly.

The atmosphere in the entire arena suddenly changed. The great fear instantly turned into boundless anger and a spirit that was not afraid of death.

Even Jiang Ruobing said excitedly, "I'm not afraid of death! Father, master, kill this thief and take revenge for me!"

Since ancient times, who didn't die? no matter if you were born lowly or noble, when you set foot on the path of martial arts, you had to be aware that you could die at any time.

Yunxiao also praised ning keyue's decisiveness in his heart. Ling Baiyi was not Shang, and in the eyes of Red Moon City, Shang was just a small fry who was not worthy of sacrificing Jiang Ruobing's life. No one would gossip even if he were released.

However, Ling Baiyi was different. He was a titled martial sovereign, an existence that the world respected. The red moon City was the same. Therefore, in front of Ling Baiyi, whether it was reputation

or safety, the red moon City could not compromise. Even if he had to sacrifice Jiang Ruobing and more than half of the Imperial Army's experts, he had to kill him!

Jiang Churan replied, "that's right!" This is the spirit that my Red Moon city's guards should have, this is my good daughter! Today, I'm going to kill a titled Martial Emperor to be buried with you!"

At this moment, he suddenly felt that he had been timid and unable to do anything for so many years, not because he was the city Lord of Red Moon City, but because of his own weak personality. If he had a fierce tiger in his heart, he would be invincible in front of him!

If they compromised with Ling Baiyi today, not only would the reputation of the red moon City plummet, but they would also be left with a great threat. They had to kill him even if it meant sacrificing everyone. Although it would cause the strength of the city to drop, it could be exchanged for prestige like the sun in the sky. Who would dare to invade under the heavens?

...

He placed his right hand on his left shoulder and unbuttoned his cloak. He waved his hand and threw the cloak up. It fluttered in the cold killing intent and floated to the sky.

"As long as the red moon City has this kind of unafraid spirit of death and would rather die than be destroyed, no one will be able to threaten us!"

Jiang Churan cast an incantation seal into the hollow ball. Green gas surged around the ball and formed various strange phenomena in the White fog.

Ning keyue's golden sword began to emit an ancient sound, which was like resentment, admiration, tears, and complaints. The lingering sound lingered in the air.

The three rays of light in the sky were also greatly shaken, gradually swallowing the purple-black evil face.

Unity of will was an unstoppable force!

Chapter 838

838 Resolving

Ling Baiyi's expression changed. He did not expect that his plan to threaten Jiang Churan and force the red moon City to compromise would end up like this. With Jiang Churan's personality, she would never take such a big risk to break off with him. The main culprit was ning keyue, who killed Jie Nan in a flash and used her power to subdue him!

He was in a very passive situation now. Jiang Churan and ning keyue were on his left and right, and the three old monsters of the red moon City were blocking the sky above him. Under the joint attack of the five peerless Masters, he might not even be able to escape, let alone win!

He had been unrivaled in the world for so many years, but this was the first time he felt that he might be defeated!

The tyrannical sky Tiger smiled bitterly. the mission this time was too complicated. In the end, I didn't have a good ending. This is the punishment from the heavens. It's hard to even retire.

"Senior," little Myna laughed, "it'll be great to have so many experts accompanying us to the netherworld. It'll be fun to have company." Maybe the boss will come with us."

"Can't you say something nice?" the tyrannical sky Tiger laughed and scolded. If the boss dies, the eight symbols will be completely finished."

The two of them could be considered as weirdos. They still had the mood to tease in such a tense atmosphere. Perhaps they knew that they would definitely die, so they became relaxed instead.

Ling Baiyi's expression changed several times before he finally said, "You win. I'll compromise. State your conditions and let the three of us leave."

"What?"

“Boss, you can’t compromise!” Little Myna was shocked and quickly said. We can’t lose the prestige of the eight elephants. Our deaths are not to be regretted, you can kill more people of the red moon City to be buried with us!”

Ling Baiyi’s face was full of black lines. He said angrily, “Shut up!”

“Compromise? Hmph, aren’t you a small world that has existed since ancient times?”

Ling Baiyi is a titled martial sovereign, ” ning keyue sneered. the red moon City doesn’t dare to accept this compromise.

The people of Red Moon City in the surroundings were all fired up. Since he was able to force a titled Martial Emperor to compromise personally, and they had all experienced it personally, they would die without any regrets.

Ling Baiyi’s face was filled with anger, and his eyes were filled with coldness. He said coldly, “Don’t try to show off in front of me. You, ning keyue, don’t want to see both of us get hurt. However, your determination won! If there was a possibility that you wouldn’t win, you wouldn’t have chosen to fight me head-on!”

The sneer on ning keyue’s face didn’t fade, but she still nodded and said, ” “No one is willing to watch their family and subordinates be killed! If you want to compromise, you can do it. First, you have to announce to the world that you, Ling Baiyi, have lost in front of our Red Moon City. You have lost fair and square! 2. Swear not to kill anyone in my Red Moon City for the rest of my life! Once you’ve done these two things, the three of you can leave in peace.”

“Haha, what a joke!”

Ling Baiyi was furious and said, “to announce to the world, how dare you think of that!” If this is the condition, then let’s fight to the death!”

“Do you think I’m afraid of you in a life-and-death battle?” ning keyue sneered. The golden sword in her hand spread out, and her melodious singing faintly rang out. The conditions had fallen through, and the atmosphere became heavy again.

Yunxiao secretly breathed a sigh of relief. No matter how tense the atmosphere seemed, he knew that the fight was over.

The result of this battle was actually unbearable for both sides. They would not fight if they could. Since they both had the heart to compromise, they would not fight. What was missing now was a common condition, and Ning Keyue's sword singing was just a bluff.

"What do you think we should do then?" Jiang Churan asked.

Ling Baiyi snorted coldly. "Let's forget about today's matter. I'll pretend that nothing has happened. I won't hold a grudge against your Red Moon City. That's my biggest condition."

Jiang Churan sneered, "Ling Baiyi, I can understand that you're used to being arrogant." However, there are still many places in this world that you can't afford to offend. The matter of announcing to the world can be removed. As long as you swear that you will not kill anyone in the Red Moon City for the rest of your life, and will not step into the Red Moon City for the rest of your life, you can leave. Otherwise, you can stay. I have no other conditions."

Jiang Churan was the type of practical leader who placed the big picture first. She was relatively easy to talk to. Ling Baiyi frowned. He knew that this was Jiang Churan's bottom line. Whether they fought or retreated, it was all up to him.

If they were to fight, other than these five peerless experts, everyone else present would instantly turn into ashes. He didn't care about these things. He only cared about how confident he was in escaping from the five of them and how long it would take for him to recover from his injuries.

All of this was extremely unknown, because he had always done things with great confidence in his life. He had never been so passive before.

He finally gave in and said, "Alright, I agree. I have an additional condition. Even Dongmen Yuan must be released safely."

Although Dongmen Yuan had lost his soul devouring banner, Gao Jue's cultivation was still there. As long as he ran to the soul devouring sect a few more times, he could easily get hundreds of millions of living souls.

"Alright, sure."

Jiang Churan agreed readily. Dongmen Yuan could be captured or released, and was not a threat to them. However, it seemed that he had to explain it to the sect master of the soul Devourer sect, Huangfu bi.

Ling Baiyi raised his hand and swore, "I, Ling Baiyi, will not kill a single person in the red moon City for the rest of my life. I will not step into the red moon City for the rest of my life." &Nbsp;

This oath was like an endless humiliation, making him ashamed and angry. He said angrily, "But if I see any blind people from the red moon City outside, don't blame me for cutting off their limbs and crippling their dantian."

Everyone's heart trembled. Even Jiang Churan felt a headache coming on. She secretly blamed herself for not being careful with her words, allowing the other party to take advantage of the loophole. However, the words she had said were like spilled water, how could she take them back?

Ning keyue snorted and said, "sure, but if you hurt any of the disciples of the red moon City, they will hunt you down no matter where you are." However, according to the oath, you can't kill us. This is a good deal."

"Hmph, do you think I'm afraid of you? What a joke!"

He left a murderous look in his eyes and turned to leave.

As soon as Ling Baiyi left, the killing intent in the entire space disappeared. The cold air on everyone's bodies gradually dissipated, and the air finally warmed up.

Everyone was in a daze for a long time. In such a short period of time, they had walked through the gates of hell, and each and every one of them felt extremely fortunate to be able to survive.

Jiang Ruobing hurriedly ran over and said, "father, master!" Why didn't you kill her? don't mind my comfort!"

"Pa!"

Jiang Churan suddenly slapped her and sent her flying. She said angrily, "It's all your fault! Change your clothes immediately and go to the arena!"

Ning keyue frowned and stood in front of Jiang Ruobing. She said coldly, "You hit your own daughter after being threatened. You're very capable, city Lord! Although today's matter was extremely dangerous, it wasn't necessarily a bad thing. The matter with the death God's eight elephants has come to an end, and it has also shaken the reputation of our Red Moon City. I'll have people write all kinds of stories about this and spread it to the entire realm of heavenly martial arts! Let the world know that Ling Baiyi has suffered a great loss in our Red Moon City!"

lady keyue, "Lil eight said embarrassedly, "I don't think that's a good idea. As a peerless master, can't you be more low-key?"

"Pa!"

No. 8's face was smacked heavily, and his entire body was sent flying, before he fell hard on the ground.

Ning keyue stared at him coldly and said, "If you don't want me to slap you into a pig's head again, then shut up! Follow hangfeng and move that rat, Dongmen Yuan. If he doesn't leave, kill him on the spot. It won't be considered a breach of contract."

Lil eight was covered in cold sweat. He covered his mouth with one hand and didn't dare to make a sound. He remembered how ning keyue had slapped him into a pig's head last time. He shivered and followed ning hangfeng with the tyrannical sky Tiger. They went to the prison in the city.

Seeing that the matter had been settled, the three colored lights in the sky finally stopped spinning and turned into three streams of light. They fell into the city one after another and disappeared without a trace.

“Thank you, elders, for your help!” Jiang Churan quickly said.

There was no response from the sky. From the moment the three people appeared to the moment they left, they did not say a single word. The three of them were the elders of Jiang Churan and the others. They had long devoted themselves to cultivating martial arts. If it was not for the invasion of a peerless expert like Ling Baiyi, they would never have come out.

Jiang Ruobing covered her red face and hid behind ning keyue. She begged pitifully, “Master, I don’t want to go to the joust for a spouse Festival.”

“It’s not up to you!” Ning keyue’s face turned cold.

...

She reached out and wiped Jiang Ruobing’s face, and the red and swollen area was mostly healed. Then, she pointed her finger and a ray of green light shot into Jiang Ruobing’s shoulder.

Jiang Ruobing shrieked in pain and said, “Master, why did you hit me?”

I didn’t hit you, ” ning keyue said coldly. I just left a mark on you. That way, even if you run to the end of the world, I’ll be able to sense you immediately.

Jiang Ruobing was in despair when she heard that. She knew that it was impossible to escape, and she looked aggrieved.

Ning keyue glanced at Yunxiao and praised, ” when Ling Baiyi released his power, even I could feel the fear from hangfeng’s heart. You were the only one who didn’t feel any fear because you were the closest to me. I’m both confused and impressed.

Her words immediately attracted Jiang Churan's gaze and everyone looked at her in surprise.

Yunxiao wiped his sweat and said in embarrassment, "Actually, I was scared silly. I don't know what fear is anymore."

"Oh, so you were scared silly."

Everyone sneered a few times before retreating back to the city.

Jiang Churan said, "sister keyue, Ruobing is waiting for you to bring her over. I'll go over first. We don't want to leave for too long and cause people to speculate."

Ning keyue nodded slightly, and he turned into a ray of light and left.

...

Ning keyue gave Yunxiao a cold glance. Knowing that he was talking nonsense, she said, "the arena tournament is about to end. Are you really not going to participate?"

She grabbed Jiang Ruobing and lifted her chin with her fingers. "Look at this little girl, she's quite pretty, aren't you tempted?"

"Master!"

Jiang Ruobing's face suddenly turned purple. She was so embarrassed that she ran away and hit ning keyue with her fists.

Yunxiao's face was dark. I'm tempted, but I can't do anything if I don't have the strength. I'll go and take a look, and I'll just finish something."

He was talking about Jiang ruomei's treatment. With ning keyue's help, he did not have to worry about being found out.

Chapter 839-victory in sight

Everyone flew towards the red moon City. After an intense battle, ruan zimao had defeated Dao Yuxing, but he had also lost a lot of vitality.

With the return of Jiang Churan and the tri-colored light, everyone's thoughts came back to themselves.

Under ning keyue's arrangement, Jiang Ruobing successfully replaced the fake bride. She angrily pulled off her red veil and angrily sat at the side, not saying a word. She shot a fierce look at ruan zimao on the stage.

With a wry smile, ruan zimao turned his head away from her, only to find that Yunxiao was also in the stands, sitting right next to ning keyue. He was shocked and looked over with a puzzled look.

Yunxiao smiled and gave him a reassuring look. Only then did ruan zimao breathe a sigh of relief and feel at ease.

"Ruan zimao has won. Are there any more matches?" Jiang bieli asked.

Zhu Shunqi then slowly walked up to the stage, he smiled and said: "Brother zimao, I'm sorry. I'm going to take advantage of this."

Ruan zimao stared at him coldly and laughed, "Pick up a bargain? I'm afraid I'll pick up a pile of shit." After he finished speaking, he asked to rest. After taking a few medicinal pills, he sat down cross-legged to regulate his breathing.

"Who do you think will win in the end?" ning keyue asked softly.

it should be ruan zimao," Yunxiao said. if I'm not mistaken.

“Oh? You think so highly of zimao too?”

Ruan Hongyu, who was sitting in the front, turned her head and gave Yunxiao a faint look as she said, “You are the city Lord of Yanwu, right? I’m very interested in your method of treating the curse in ruomei’s body.”

Yunxiao smiled faintly and said, “ruan zimao is a smart man. He never does anything he is not confident in. He must have a way to deal with Zhu Shunqi. Otherwise, Zhu Shunqi would not be in the ring now. As for the method to dispel the technique, I’m sorry, but I can’t tell you the secret technique that was passed down from my ancestors.”

When the surrounding people heard this, they all felt that it made sense and revealed strange expressions.

Ruan Hongyu sneered and said coldly, “What do you mean? It sounded as if zimao had used some tricks to win? All the heroes in the world are here, and everyone has eyes.”

Ning keyue snorted coldly and said, “how is that wrong?” Why don’t I see beiming Laifeng or Cheng haomiao?”

Ruan Hongyu was even more furious when she heard her rebuking her. She snorted. “My daughter is also the world’s number one beauty, anyone would be moved. Was it strange that someone didn’t want to participate? More than half of the seven stars, five heroes, and four prodigies of the younger generation were here. It was rare that all of them had to be here? If one person doesn’t come, it means that zimao is playing tricks?”

Jiang Churan immediately felt a headache coming on. The two women were in the same drama, and they would never end their argument. Furthermore, if they continued to argue like this, it would only damage the reputation of the red moon City. He shouted, “All of you shut up! How are you going to let everyone watch the game if you keep on chattering!”

The two women snorted coldly and no longer spoke. They were only giving Jiang Churan face outside. If there was no one else, they would not have stopped shouting.

Jiang Churan, on the other hand, gave Yunxiao a surprised look, slightly surprised by his observation.

At this moment, ruan zimao, who was on the Thunder platform, had adjusted his breathing for a while. With the effect of the elixir, all parties had recovered to the extreme. He suddenly opened his eyes and laughed coldly, "Brother Kuai Qi, let our battle put an end to this arena battle!"

Zhu Shunqi's eyes were burning with Flames of War, his calm attitude immediately disappeared, he said word by word: "As you wish!"

As soon as he finished speaking, ruan zimao finally attacked first under a vast Emperor's pressure. The yuan power on his sword rippled like autumn water, like raging waves, engulfing the last great enemy in front of him.

The head of the Eastern Region's seven stars represented the strongest of the entire Eastern Region's younger generation!

Zhu Shunqi was only the second of the four prodigies of the North Region. This was a battle between the young powerhouses of the two regions. Whether it was the competition itself or the intention of the competition, he could not lose.

The battle fire in Zhu Shunqi's eyes burned. He circulated his inner Qi and a red fire sword appeared in front of him. It created a sky full of sparks and hit the autumn water. The impact of the two different elements caused a huge fluctuation.

Ruan zimao's eyes flashed coldly as he faced the force of the impact and shouted, "One sword to level the river!"

The cold shadow of the sword swept across the sky, and the barrier on the ring shone brightly.

The sword spirit of the sword in ruan zimao's hand awakened. It was in sync with his mind and soul. It circulated smoothly, and the sword and body became one.

There were all kinds of exclamations from the audience, full of praise.

he really didn't use his full strength in the battle with Lu Yuxing just now. This is the true power of the leader of the seven stars of the Eastern Region!

they're so strong. They've already surpassed the younger generation. They represent the top existences of the continent!

Under ruan zimao's pressure, Zhu Shunqi was in danger at every step. However, he used his strange movement technique to survive in the cracks. He kept waiting for the opportunity to attack. As long as ruan zimao stopped for a moment, he would counterattack. From time to time, flames would burst out.

Ning keyue frowned and said, "this Zhu Shunqi is smart. He knows how to play to his strengths and avoid his weaknesses. However, he lacks courage. How long will this kind of fighting last?" With their strength, I'm afraid they'll fight for days and nights."

courage is often accompanied by bad results," Yunxiao said with a smile. both of them are calculative. If they were to fight head-on, Zhu Shunqi's chances of winning would be lower. Of course, he would choose a way with a higher chance of winning. After all, this wasn't a simple competition. It involved a major event like a marriage alliance. However, Yingluo "

Yunxiao's eyes narrowed slightly. ruan zimao will not allow this to happen. He must have a way! he said.

Ruan Hongyu was a little surprised, and a hint of fear flashed in her eyes. She became vigilant against Yunxiao's observation.

On the stage, ruan zimao's sword Qi was dancing. Under his continuous attacks, he laughed coldly, "Brother Kuai Qi, are you playing a game with me?"

"Brother zimao's moves are too strong, I don't dare to take them on. I can only retreat in order to advance." Zhu Shunqi's figure flashed and he smiled.

"Hmph, if you don't dare to accept, why not admit defeat?"

I'm too obsessed with martial arts. I want to see the seven-star leader!

"Then watch to your heart's content!"

Ruan zimao suddenly withdrew his sword aura and the heaven wave mirror appeared in his left hand. He pointed it at the sky and a vast aura surged out. The entire stage was under the mirror's light and the scene between the two began to change inexplicably.

"An illusory formation!"

Zhu Shunqi was shocked, "isn't this illusory formation supposed to aid cultivation?" Even if it can attack, it's useless against me. "

"We'll have to see if it's useful!" Ruan zimao sneered.

"Flat plains!" He raised his long sword high and shouted.

The sword Qi swept across and created thousands of layers of attacks. They were like ten thousand galloping horses, slashing down from the sky!

Zhu Shunqi furrowed his brows slightly. He used his body technique and was about to Dodge. Suddenly, he was shocked to find that the sword's power had split into thousands of swords, slashing from all directions. More and more swords fell like rain!

A drop of cold sweat trickled down his cheek. Such a sword momentum, was this the effect of an illusion?

What was even more terrifying was that he couldn't tell the difference between real and fake!

Zhu Shunqi's potential burst out in an instant. The long sword in his hand turned into a flying rainbow, like a colorful cloud crossing the sky. It condensed into a sword aura around his body, and suddenly slashed out!

“BOOM!”

...

The two swords collided. Zhu Shunqi's Foundation was slightly weaker, and he was forced to retreat.

After ruan zimao's sword had succeeded, his body turned into a faint green smoke and dissipated. His figure could not be seen in the entire illusory formation.

Zhu Shunqi's expression finally changed. The advantage of his movement technique turned into a disadvantage. In the illusionary formation, he could not catch ruan zimao's figure at all, unless he broke this heaven wave shadow.

He waved the long sword in his hand, sending out sword Qi that surrounded his body. He was ready to use his ultimate skill to break the formation.

Suddenly, a foot came down from the sky and touched his sword. Ruan zimao laughed and said, "Haha, you're finally willing to make a move?"

“Brother zimao, isn't it unfair for you to use such a treasure to hit me?” Zhu Shunqi's expression changed slightly.

“Fair?”

“Profound level weapons are also a part of one's strength!” Ruan zimao sneered.

His sword fell into his hand and pointed at Zhu Shunqi. The latter suddenly poured his Origin Energy into the sword, sending him flying. Then, the sword Qi soared into the sky and fiercely collided with each other.

“Bang!”

The power of Zhu Shunqi's sword was knocked back, and the qi and blood in his body trembled as he retreated.

...

"Zhu Shunqi, there are many ways to defeat you, but I don't have the patience to waste my time with you. Let's decide the winner with one sword!"

Ruan zimao became a little anxious. If he could step over this stone in front of him, he would be the champion. The sword light in his hand became more rapid. The sword spirit and his mind became one, and the Qiankun sword finger pointed upwards!

"One sword to level the river!"

Zhu Shunqi's face was also extremely solemn. He knew that he could not avoid this sword. The potential in his body burst out at this moment. The sword force seemed to have a life of its own, constantly roaring and emitting waves of malevolent intent!

"Boom boom boom!"

In the final sword attack, both of them used their ultimate moves. The collision of water and fire turned into a violent sea of sword Qi, breaking through the illusion of sky wave reflection and returning to the ring, shaking the defense slowly.

The two of them separated after a single strike, their faces pale.

Zhu Shunqi spurted out a mouthful of blood. He bitterly shook his head and said, your strength is indeed stronger than mine. I admit my defeat.

Blood trickled down the corner of ruan zimao's mouth. He said coldly, "I won't send you off!"

Zhu Shunqi calmed the surging elemental energy in his body and slowly walked down the stage. Although he was the loser, he received a huge round of applause and cheers.

“Yes, only this battle is worth watching. Even though ruan zimao’s chances of winning are higher without the heaven wave shadow reflection, it’s hard to be so decisive.”

Ning keyue began to analyze the situation.

victory is in sight, and he can’t help but hug his bride,” Yunxiao said with a smile. that’s why he’s so anxious. Otherwise, with his usual temperament, he would have won even if the battle dragged on.

Ning keyue looked at him and sighed. “As long as you don’t go on stage, the competition will end here. Ruobing is my beloved disciple, so I’d rather she marry you.”

I’m afraid I won’t have the Fortune to do so,” Yunxiao shook his head and smiled. I’m afraid I won’t be able to.

“Ruan zimao won. Is there anyone else who wants to fight?” Jiang bieli shouted.

The moment his voice rang out, the entire place fell silent. Even though ruan zimao was currently injured, the martial arts technique that he had just displayed was already unrivaled. None of the younger generation dared to compete with him.

I’d like to recommend a friend’s book, Mu Chen’s “one hand to cover the immortals.” If the heavens don’t pity me, why should I respect them? Immortals don’t respect mortals, I cover the sky with one hand.

Chapter 840-regret

Jiang bieli asked three times in a row and the entire place was silent. No one could accept the challenge. Everyone’s eyes swept around, searching for the figures of beiming Laifeng and Cheng haomiao, but they found nothing. It seemed that these two would not be fighting.

Ruan zimao's emotions were fluctuating violently. He turned to look at Jiang Ruobing with a red face. Jiang Ruobing snorted and turned her head away.

A smile appeared on ruan Hongyu's face. Jiang Churan nodded slightly as well. If Jiang Ruobing married ruan zimao, there would be no point for them to be parents.

When Jiang bieli saw that no one responded and was about to announce the end of the competition, a figure suddenly squeezed out from the crowd and stepped onto the stage. It instantly caused an uproar as everyone's eyes gathered on it.

"It's him?"

Yunxiao was slightly surprised, but he immediately understood.

Jiang Ruobing also cried out in surprise, "Brother Luo!"

Ruan zimao's face immediately darkened and he said coldly, "Who are you?"

"Luo Qingyun," the man replied indifferently.

Ruan zimao's brows twitched. He seemed to have heard of this person's reputation before. He laughed coldly and said, "You also want to compete with me?"

Luo Qingyun's eyebrows rose, and his lips moved slightly. He sent a message, I have no intention of fighting with you for lady Ruobing, but I want the Dragon's whisker. As long as you agree to give it to me, I will immediately lose.

"Hahaha!"

Ruan zimao laughed without restraint and said loudly, "You're just an eight-stars martial Supreme. Do you think you're qualified to negotiate with me? Pick up your weapon and fight!"

Luo Qingyun frowned. you haven't recovered your vitality yet. I don't want to take advantage of you. You should rest.

"No need!"

Ruan zimao rejected him immediately. dealing with an eight-star martial Supreme is just a matter of one move. Let's not waste any more time! With victory in sight, he couldn't wait any longer. He wasn't going to be polite to anyone who tried to stop him.

Yunxiao suddenly laughed and said, "Ruan zimao lost the championship."

The people around were shocked, and ning keyue also said in surprise, "This Luo Qingyun is indeed hard to see through, but it's not enough to defeat ruan zimao, right?"

Ruan Hongyu also snorted coldly. No matter how heaven-defying he is, he can only threaten zimao at most. You can't just say that he lost the championship so easily."

"Do you have any proof for what you've said?" Jiang Churan asked.

After all, Jiang Ruobing was his daughter. It was fine for her to marry ruan zimao. However, this kid who suddenly appeared was unknown and not a disciple of a large sect. He couldn't help but feel worried.

the basis is that I know Luo Qingyun's strength, and I also know ruan zimao's strength," Yunxiao said with a smile. that's why I said ruan zimao would definitely lose.

His words shocked ruan Hongyu. She looked at the figure in the arena in disbelief. She really didn't know Luo Qingyun's strength, but how strong could an eight-stars martial Supreme be?

In the arena, Luo Qingyun hesitated for a moment before saying,"Alright, then I'll have to offend you."

He clenched his fist and punched out without any fancy moves. He relied on his strength to break the space, making a sharp and ear-piercing sound.

Ruan zimao's heart trembled, and his face was filled with shock. It was clear that the power of this punch had exceeded his imagination. Suddenly, a bad feeling rose in his heart, as if he had made a big mistake.

"Good!"

He instinctively shouted and also turned his palm, pouring all his strength into it.

"Bang!"

The two attacks collided in the air, and the violent force of the extreme masculine yang exploded. The two of them were both forced to retreat.

"?! How is that possible?"

Everyone was shocked. The two of them were actually tied after one move!

Ruan Hongyu was so shocked that she stood up. She couldn't hide the shock on her face and knew that things weren't good.

"A draw?"

With her eyesight, she could naturally see that Luo Qingyun had not used his full strength in that palm strike, but ruan zimao had used his full strength!

This had to do with ruan zimao's great loss of vitality, but the other party was only an eight-stars martial Supreme. How could the difference be so great? She gave Yunxiao a look of horror. Another freak had appeared.

"Have you really decided not to rest?" Luo Qingyun asked again.

Ruan zimao's face turned green and white. He really wanted to rest and recover his essence energy, but he had already made a promise in front of everyone. How could he take it back? "Of course not!" He could only grit his teeth.

The heaven wave mirror in his hand flashed, and the entire illusion appeared. His figure gradually disappeared into it. With the heaven wave mirror, his chances of winning were still very high.

Luo Qingyun gently nodded and said, "Then I won't stand on ceremony."

He grabbed with his hand and the huangshen spear appeared in his hand. A wild and ancient will spread out. He stood there quietly, but it was as if he had stood there for ten thousand years. There was only a spear will that came from the ancient times, and no one else.

The audience was full of experts, and the mere illusion array couldn't block their eyes at all. Luo Qingyun's move made everyone's heart tremble, and they knew that things were going to be bad.

Yunxiao also looked surprised. It had only been a few days, but Luo Qingyun's strength seemed to have undergone a tremendous change. With the strength he had when they separated, it would not be difficult for him to defeat ruan zimao. At this moment, he had entered a mysterious realm, and even he could not see through him without using the moon pupil.

Ruan Hongyu's face turned extremely ugly, and her palms were covered in cold sweat.

"One sword to split the heavens!"

Ruan zimao's voice came from the illusionary formation, and it was hard to tell the direction. At the same time, a mocking sneer sounded, "In my sky wave illusionary formation, you can't even catch my shadow. How can you fight me?"

Luo Qingyun remained silent. He gently pointed to his left and right, and a seal was inserted into the spear. The ancient charm suddenly burst out and transformed into a huge spear shadow around him. The whole spear was shining with golden light, and golden tadpole-like characters emerged on it. There were more than ten characters, and they were shining one by one!

“What?”

This time, even Yunxiao jumped to his feet, his eyes wide with shock!

“The Maha ancient weapon!”

Ruan zimao cried out in shock. Although he was hidden in the illusionary formation, he could still feel a terrifying and dangerous aura. The power in his sword increased by a few notches, and he roared as he attacked with all his might!

A few strange syllables came out of Luo Qingyun’s mouth, and the two characters on the spear suddenly emitted a dazzling light, covering all the other characters. An unparalleled force was emitted from the spear.

Yunxiao’s eyes were filled with solemnity. Not only was Luo Qingyun’s strength at this moment, but even his aura was completely different from before. A violent aura was hidden under his calm appearance, as if it would explode at any time.

...

Ruan zimao’s sword aura slashed down from all directions. Luo Qingyun’s spear turned and the huge spear light that was condensed shot up into the sky. It turned into waves of Yuan Power Pressure and spread out, actually blocking the sword aura!

“What?”

Ruan Hongyu’s heart trembled. The other party was able to block ruan zimao’s full-powered sword with just the power of his spear. How could they fight?

“Boom boom boom!”

The entire sword force fell apart under the Spear's light. The illusory formation disappeared in an instant. Blood sprayed down from the sky. Ruan zimao was suddenly jolted to the arena and vomited blood.

"?! What was going on? How could it be like this?"

The people below the stage were all shocked. They didn't see what had happened, but they could only see this completely incomprehensible result.

Ruan zimao's body convulsed violently on the stage, constantly vomiting blood. His eyes were filled with despair, and his heart was filled with frustration and hesitation. His injuries worsened, and he didn't even have the strength to stand up.

Ruan Hongyu's face was also pale. She sat down dejectedly, her face pale.

Ning keyue asked Yunxiao, 'do you know Luo Qingyun well? How is he?'

Everyone perked up their ears. They were extremely curious about this newcomer who had suddenly appeared. Even Jiang Churan turned around.

...

Yunxiao laughed. his character is just so-so. He can't be compared with me. He's better than most people. However, I don't think he will become the son-in-law of the red moon City. He should be here for the Dragon's Secret treasure."

Ning keyue's face turned cold and she said coldly, " "Since he won the competition, it's not up to him to decide whether he wants to or not!"

Yunxiao shook his head with a wry smile. Luo Qingyun had participated in the competition purely for the Dragon's beard, and he was afraid that he would cause trouble this time.

Luo Qingyun looked up and nodded at Jiang Ruobing. "Second miss, I'm sorry. I'm here for the Dragon's Secret treasure, not for the marriage."

"Huala"

Everyone was shocked and in an uproar. Ruan zimao, who was lying on the fighting ring, felt great regret. If he had not been so arrogant and had agreed to his conditions at the beginning, how good would it have been? he would not have ended up in this state. Not only had he lost the opportunity, but he had also lost all his face in front of the heroes of the world. He felt extremely remorseful and desperate.

"Impudent!"

Ruan Hongyu shouted, " "Since it's a martial arts competition, you have to find a groom. Otherwise, it'll be invalid and you can get lost!"

Luo Qingyun glanced at Jiang Ruobing and knew that she didn't want to become a chess piece. He turned around and ignored ruan Hongyu, pretending not to hear her.

Ruan Hongyu's face turned white with anger, but she couldn't do anything about it. The other party had been playing by the rules so far and hadn't broken any rules.

"Are there any other participants?" Jiang bieli asked as per usual.

This caused quite a commotion below. After all, Luo Qingyun's strength as an eight-star martial Supreme was clear for all to see. Not many people clearly saw how ruan zimao had lost, and they were all getting restless instead.

"Hehe, Luo Qingyun? It's been a long time since we last met, you've improved quite a bit."

Suddenly, the dark clouds changed color, and the entire sky turned gloomy. An overbearing force condensed above the arena, and a cold voice came down, laughing strangely, " "Hehe, you're also looking for Dragon's Secret treasures? Hehe, what a pity, I'm taking this Dragon beard!"

Lightning flashed within the dark clouds, and there was a faint image of a Dragon and a Tiger leaping within. Slowly, it condensed into the appearance of a man, who strode down from the clouds.

“Who are you?” Jiang bieli frowned and shouted.

That person snorted lightly and retracted the strange phenomenon around him. Under the gaze of tens of thousands of people, he stepped onto the ring with both feet and said proudly, “Runxiang of the northern Sea!”
