

The Eternal 841

Chapter 841-bloodline level

“Runxiang of the northern Sea!”

The moment these words entered everyone’s ears, they were all stunned, as if they had never heard it before.

Only a few martial arts ancestors’ expressions changed drastically as they immediately understood the meaning behind it!

Yunxiao’s pupils constricted as well. ‘Oh no!’ The man was Xiangzi, who was standing on songyue yang city. He was indeed from the royal family of the North Sea!

He must have come here for the Dragon artifact. Based on the strength that RUO Xiang had displayed in songyue yang city, Luo Qingyun was not his opponent at all!

Guang, Qin, shun, and Xun were the surnames of the four Seas’ royal families. Only some of the continent’s top experts knew about them. This person’s Dragon Qi was surging when he appeared just now, and his surname was Xun. There was no doubt that he was from the northern sea’s royal family.

Jiang Churan’s face turned serious as she said slowly, ” so you’re a guest from the sea Race. It’s my honor to have you come to my Crimson Moon City!

“What? The sea tribe?”

This time, the crowd burst into an uproar.

There was basically no interaction between the sea Race and human beings. The most recent impression was that Gu Feiyang had provoked them decades ago. The Bo family, the sovereign of the four Seas, had personally led people to the Holy region to seek justice. In the end, the Holy region had closed the entrance and pretended to be dead. It was a great humiliation to the human race.

Therefore, when everyone heard that they were from the sea Race, they were all filled with hostility. However, the powerful impression of the sea Race still made everyone feel fearful.

“Hehe, there are even more glorious things to come.”

“You’re about to become my father-in-law, but as the Lord of Red Moon City, you do have the right to do so,” RUO Xiang said with a proud smile.

“What? He’s here to participate in the arena?”

“Nonsense! The sea Race is also participating in the human race’s competition. Isn’t this a mess?”

There were fierce voices of opposition all around, and more people began to shout “get lost.” For a time, the atmosphere of hatred rose and fell.

Jiang Churan furrowed her brows and said, “ we’re of different races. How can we intermarry? ” As a member of the royal family of the North Sea, we welcome you to the red moon City for tea and moon viewing.”

“Oh, this Luo Qingyun in front of you can be considered half-human and half-demon, and interracial marriage is not allowed. Did you explain this when you announced to the world that you’re competing for a spouse? When I came all the way from the North Sea, you said that intermarriage was not allowed. Are you toying with my sea tribe?”

RUO Xiang’s face was cold, and when he spoke to the end, he looked fierce but was actually timid, and waves of coldness spread out from his body.

The expressions of the people of Red Moon City changed slightly. The words “ toying with the sea Race ” could be light or heavy. Moreover, the other party was a royal family of the North Sea. The weight of the words coming from him was worth pondering.

Jiang Churan felt a headache coming on. At this moment, every word he said represented the attitude of the red moon City. In front of the heroes of the world, he could not lose his bearing. At the same time, he could not become enemies with the sea Race. Otherwise, it would be troublesome if a war between the two races was triggered.

Humans lacked knowledge of the sea race's overall strength. Even the sanctuary-realm had avoided war. With Jiang Churan's steady and cautious character, she did not dare to speak of war lightly.

However, ning keyue couldn't care less. She sneered and said, "What a joke! My Red Moon City announces to the world that the right of interpretation naturally belongs to us. Whoever we want to participate will participate, and whoever we don't want to participate will have to get lost! Now, you, Wanwan, get out of my sight! Otherwise, don't say that I didn't give your Sea Race Face!"

RUO Xiang's expression changed drastically as he looked at the person who spoke. His gaze instantly turned to the side as he said in shock, "Li Yunxiao! You're here too?"

Ning keyue, Jiang Churan, ruan Hongyu, and the other high-level officials of Red Moon City all looked at Yunxiao with strange expressions. How did he know all these strange people? It seemed like birds of a feather really did flock together.

Xiangzi, " Yunxiao said with a faint smile. it's not that enemies don't meet!

A hint of excitement flashed across run Xiang's face as he sneered, "Haha, I've worn out my iron shoes and searched high and low. My Lord, I can leave if you want, but leave Long Xu and Li Yunxiao to me, and I'll leave without a word!"

li Yunxiao is an honored guest of our Red Moon City," Jiang Churan said. this Dragon's Secret treasure is my daughter's dowry. It's really difficult to agree to such a condition for no reason.

"No matter what, I must obtain this Dragon's beard today. If you humans still have the slightest bit of courage, then let me participate in this joust for a spouse event. Otherwise ..."

He raised his middle finger and fell down in disdain. He said sarcastically, "It's a race of cowards! Hahaha!"

The crowd was furious, each and every one of them was filled with righteous indignation as they roared endlessly!

“F * ck off! You’re just a sea beast, and you dare to have designs on my human beauty!”

“Coward your sister! Go back and hug your big sea leopard!”

All kinds of curses and ridicule were being hurled at Jiang Churan. Jiang Churan felt a great headache. If they let the battle go, it would be fine if the humans won. But if they lost, the entire Red Moon City would fall into the hands of the world.

This battle not only concerned his daughter’s fate, but also the honor and disgrace of the human race. With Jiang Churan’s insight, she could not see through the other party’s strength. She only had a faint feeling that it was not simple, so she did not dare to start a war.

“It’s just a battle, what’s so difficult about it?”

Just as everyone was arguing, scolding, and laughing, Luo Qingyun held his spear horizontally and spoke coldly. His momentum soared to the ninth heaven!

After seeing run Xiang, his mood had also fluctuated greatly. At this moment, the aura on his body was like a dormant beast, ready to reveal its fangs at any time.

The martial artists near the ring were so shocked that they retreated again and again. They were intimidated by the noble spirit and felt a chill in their hearts. He had never felt this way before, not even during the battle between ruan zimao and Zhu Shunqi.

“Hahaha! I like your courage!”

RUO Xiang sneered as he closed in step by step and said, “Let me see what kind of limits you can reach as a defective product! Come, use all your strength to hit me, let’s see how much you’ve improved!”

Luo Qingyun didn't say anything. He picked up his spear and rushed up. He thrust his spear in the air. Golden light shone on it, like a fierce beast from the primordial era opening its fangs.

RUO Xiang was stunned for a moment, and a drop of cold sweat seeped out of his forehead. The power of this spear was far beyond his expectations. He had originally planned to fight with his bare hands, but his thoughts had also changed. He also stabbed out with his battle spear, and the two extreme forces collided together!

"Luo hou's attack!"

"BOOM!"

A huge explosive force blasted out, forcing the two of them to retreat. The defense of the entire ring was squeezed until it was colorful and dazzling.

Under the might of this spear, all the sounds stopped, and everyone held their breath and focused on it.

Jiang Churan felt a great headache, but the battle had already started, so he could only wait and see. However, no matter what, he could not let Runxiang leave in victory. Otherwise, his Redmoon city would become a laughing stock.

"Hey, what's that weapon in your hand?"

Run Xiang was shocked and instantly revealed a greedy expression. He laughed and said, "I want it!"

The Luohou spear in his hand was transformed from a Dragon artifact, so he couldn't use it when he transformed into a Dragon. However, the power of Luo Qingyun's spear seemed to be above his Dragon artifact!

"The divine spear already has an owner. What qualifications do you have?"

Luo Qingyun sneered. After killing Wen Lin, the desolate God moon spear seemed to come to life. The weapon spirit inside was slowly communicating and integrating with him. The terrifying wild will of the spear was something that even his divine sense would tremble with fear every time it touched!

...

"I heard that you've obtained a lot of Dragon's Secret treasures, which will save me the trouble of looking for them one by one!"

Golden runes began to flash on the desolate God spear. An ancient aura began to appear around Luo Qingyun's body. At that moment, his entire body began to transform into a demon. Green scales covered his entire body, revealing the form of a Demon Dragon!

That wild and ferocious power wreaked havoc on the stage, making people feel intimidated!

"Bang!"

Luo Qingyun's body shot out in an instant, and the profound level weapon stage under his feet caved in directly, making a violent trembling sound.

The spectators' hearts skipped a beat. Such explosive power could only be achieved by a demon body with an ancient bloodline. It was enough to fight with a martial artist with just its physical body.

Run Xiang's pupils constricted, and he put away his contemptuous heart. He snorted coldly and said, although you have the same dragon body, you're nothing compared to my pure bloodline!

He roared loudly, and a Dragon's Roar shook the nine Heavens. His body began to change violently, and the extent was much more intense than Luo Qingyun's. The Luo hou spear in his hand turned into a long spine with white bones, and he suddenly lashed out!

Luo Qingyun's body suddenly stopped, and he felt a slight tremble under the Dragon roar! It was the weakness of his bloodline. He was suppressed by the other party. He said in fear, "Your bloodline is dense!"

“Hehe!”

RUO Xiang revealed a fierce expression and suddenly laughed wildly, and said, “Haha, haha! My bloodline has already been purified to the point that it’s infinitely close to atavism! It’s not on the same level as you defective products!”

...

“Luohou nine-foot whip!”

The spine was raised in his hand and bent into the shape of a long Dragon. A terrifying Dragon’s might was emitted from Yun Xiang’s body, and the cultivators outside the ring were all trembling in fear. Under that pressure, they couldn’t help but have the urge to kneel down and worship!

“BOOM!”

The spine of the Dragon struck out with a loud bang and shook the desolate God spear radiance. It broke through Luo Qingyun’s overbearing and ferocious essence and blasted into his body!

“Bang!”

With just one move, Luo Qingyun’s Demon Dragon body’s chest was blasted into a bloody mess. He was sent flying to the ground. He trembled as he used the Aragami spear to prop up his body, but his legs were trembling!

It was a fear that came from the depths of his soul. The pressure from his bloodline made it difficult for him to resist the power of the Dragon King. The more he circulated his dragon power, the more he wanted to kneel down.

“You motherf * cker!”

He, who had always been calm, finally couldn't help but curse!

Although his body was intimidated, that extremely powerful martial essence would never admit defeat!

“Clang”

Luo Qingyun gritted his teeth and forcefully suppressed the trembling of his body. He charged forward while dragging the godly spear. The spear light swept across the area!

Although the aura was shocking, the higher-ups of the red moon City all shook their heads one by one, and their faces became ugly.

Not to mention the suppression of the bloodline level, even they felt that the qi and blood in their bodies were not flowing smoothly, and there was an extremely oppressive and uncomfortable feeling. In this case, Luo Qingyun had no chance of winning!

Yunxiao's face flickered as well. This run Xiang was even more powerful than when he was in songyue city, and the power of the Dragon might was only the tip of the iceberg of his true Dragon's sigh!

Chapter 842-shocking spear

Song Yueyang had used the sigh of the true dragon to suppress almost all the strong cultivators, and now he was even stronger than before. If he used it, Luo Qingyun would not be able to resist at all.

Even the advantage of his bloodline level was enough to deter Luo Qingyun and make him almost unable to fight. There was no suspense in this battle.

“Bang!”

The desolate God spear struck the Dragon's spine, and a ferocious aura spread out, causing RUO Xiang's aura to weaken. He frowned and said, “You're worthy of my respect for being able to fight with your spear in this situation.”

“You’ll see him in a different light soon!”

Luo Qingyun snorted coldly, and the spear in his hand continued to spread out. The power of the Maha ancient text on the spear became stronger and stronger, and the Dragon’s spine continued to sink!

RUO Xiang’s eyes revealed a surprised light as he repeatedly praised, “Good spear, it’s really a good spear! It’s too dirty in the hands of a scum like you!”

“Bang!”

Luo Qingyun suddenly turned his spear, and a Savage and ancient aura directly shook away the Dragon’s spine, stabbing towards Yun Xiang’s heart!

what?! RUO Xiang was shocked. Under that overbearing force, he leaped back, but he couldn’t Dodge the speed of the spear. The Spear’s consciousness broke through his defensive Qi and suddenly exploded on his body!

“Bang!”

A dragon scale suddenly appeared where his heart was, blocking the spear!

After that, the Dragon scale evolved on its own. One turned into two, two turned into three, and separated from that piece. It immediately wrapped around run Xiang’s entire body, and the appearance of the two people began to become somewhat similar.

The difference was that the Dragon scales on Luo Qingyun’s body were the result of his own demonic transformation. To put it bluntly, they were demonic scales, which were too low in level. And the scales on RUO Xiang’s body were the remains of a real ancient true dragon!

It was like a real knife and a toy wooden knife.

Luo Qingyun's face also became extremely unsightly, and he said with an ashen face, a true dragon secret treasure?!

"Hahaha! To deal with a piece of trash like you, you actually need me to use two true dragon secret treasures, you can be proud!"

RUO Xiang suddenly roared, and the Dragon's spine in his hand began to coil around his body. It gradually tightened and dug into his flesh, directly disappearing into his body!

A majestic power exploded from Ru Xiang's body. His fists condensed in the air, and a Dragon shape formed before suddenly blasting out!

That feeling was like a real Dragon was alive, the Dragon's might rolling down, shocking people!

The martial artists outside the ring began to tremble, and many of them directly knelt down with a 'plop'.

Luo Qingyun's body was also trembling. This punch contained the power of two Dragon secret treasures, and in his eyes, it was like an ancestor had arrived. The pressure directly seeped out of his soul and blood, making his body constantly tremble.

"Haha, why? You can't even hold your gun properly?"

RUO Xiang's mocking voice came over, and he said coldly, "I'm the noblest descendant of the Dragon, and I'm not someone that you can look up to. The difference between you and me is like this punch, and you'll never be able to cross it. Die!"

The green fist came down and instantly arrived in front of Luo Qingyun.

Luo Qingyun's body suddenly calmed down, and he said indifferently, "With a Brave heart of a warrior, there will be no chasms in this world that can't be crossed,"

The sealing technique on Wen Lin's body appeared in his mind. He suddenly formed a seal with one hand and a strange light spread out in front of his chest. His heart beat violently!

"Bang Bang!"

Many people seemed to have noticed his heartbeat, and Yunxiao frowned. Under such circumstances, Luo Qingyun's power had been exerted to the extreme, and he really could not think of any way to restrain Ru Xiang.

"The first genetic chain has been unlocked!"

Luo Qingyun screamed in his heart, and his eyes suddenly burst with a sharp light. At this moment, his body underwent a subtle change. The demonic scales on his body no longer seemed so fake, and they faintly revealed Dragon Breath!

At this moment, a thought came from the spear and went straight into his mind. A spear technique that he had never heard of appeared out of nowhere.

kill 100000,3000 worlds!

Under the pressure of the Dragon Fist, he used this spear skill that he had never learned before without thinking.

Suddenly, an angry roar emerged from the spear. The artifact Spirit directly appeared and slowly raised its head from the spear. The two huge bull horns were completely disproportionate to its body. With a roar, it broke through the Dragon Fist, and the entire sky changed!

"Ah?"

RUO Xiang was completely dumbfounded. This sudden change came without any warning. The sure-win punch actually led to such a powerful counterattack. Under the demon image of the bull-headed Artifact Spirit, the Dragon's might on his body was actually suppressed!

“What kind of monster is this? It’s actually stronger than my Dragon’s might?”

RUO Xiang was dumbfounded. He didn’t have time to think as he suddenly exploded with all the power in his body and formed a long spear in front of him. He roared, “3000 karmic hindrances, Luo hou’s strike!”

His spear attack was like a toothpick under the bull-headed monster’s attack, instantly collapsing!

“BOOM!”

A huge ray of light flashed, and Yun Xiang was completely submerged by the spear. The aftermath was like the eye of a storm, wreaking havoc in the sky.

The Dragon’s might dissipated, and everyone immediately recovered from the chill, looking at the unbelievable turn of events in horror.

Ruan zimao’s heart was also trembling. Whether it was Yun Xiang’s Dragon-shaped fist or Luo Qingyun’s terrifying spear, they were both not something he could take on. At the beginning, he was still dissatisfied with his defeat, but now he was completely convinced.

The experts in the audience were also filled with shock. The power of that spear was probably unparalleled among the younger generation in the world!

Ning keyue was shocked. She glanced at Yunxiao and said, “Can you take that spear?”

Yunxiao was taken aback for a moment, and then he smiled wryly.

If he was in full state, of course he could take it, but in this Red Moon City, would he dare to use his ultimate skill?

Ning keyue misunderstood him and thought that he couldn’t do it either. She nodded gently. It was indeed too much for a martial venerable to take the power of this spear!

“Pfft!”

Luo Qingyun, who was in the air, suddenly spat out a mouthful of blood. Opening his genetic chain had already taken a toll on his body, and the earth-shattering shot just now had directly drained all his strength. Even maintaining his balance in the air was a little difficult for him. Finally, he slowly landed and sat down cross-legged to regulate his breathing.

“Did you win?”

Everyone had the same question in their hearts. It was unknown where Yun Xiang had been blasted to by the spear, and he had disappeared into the sky.

...

“BOOM!”

A loud noise suddenly came from the sky, and a hole was suddenly pulled open. Yun Xiang’s body squeezed out from the hole, and the Dragon scales on his body were covered in blood. He was panting as he stared at Luo Qingyun below, his eyes filled with horror!

“?! He actually didn’t die!”

Everyone was in an uproar!

To be able to escape from such an earth-shattering spear attack, was this sea beast immortal?

“Dammit! You actually put me in such a sorry state!”

RUO Xiang gritted his teeth and walked down from the sky step by step. He could also see that Luo Qingyun was already an arrow at the end of its flight, and it would be difficult for him to fight again.

“Stop! You’ve already won!”

Suddenly, a figure rushed up the stage and blocked Luo Qingyun’s path. Her face was pale. Facing the pressure that Yun Xiang was pressing down on her, she felt a chill in her heart. However, she still gritted her teeth and held on, standing with her head up!

“Eh? Tsk! You’re so weak that you need a woman to block the enemy for you?”

RUO Xiang ridiculed in disdain, but there was no longer any true contempt in his eyes. Instead, he became serious.

...

“Little sister Zhixuan, get out of the way!”

Luo Qingyun adjusted his Yuan power slightly and wanted to stand up to fight again.

“This battle, run Xiang wins, Luo Qingyun loses!”

Jiang bieli’s voice suddenly sounded. His voice was emotionless. Even though he didn’t want the sea Race person to win, he could naturally see that even though Yun Xiang looked like he was in a sorry state, he wasn’t really injured by that spear. As for Luo Qingyun, he was completely powerless.

It was also because he had a good impression of this young man, and it was a way to protect him.

“Hmph, you’re lucky!”

RUO Xiang took a step forward, and the aura from his body surged out, directly shaking Nalan Zhixuan away. He then grabbed Luo Qingyun and shouted, “Hand over the divine spear!”

Jiang bieli snorted coldly and took a step forward as well. A huge force was released and collided with Yun Xiang's power, causing the latter to take a few steps back.

"You, what are you doing?"

"Don't tell me you humans want to bully the weak?" run Xiang was shocked and furious.

"Since the competition has ended, you can't fight anymore. You can't attack him on this stage!" Jiang bieli replied coldly. He gently waved his hand, rolled Luo Qingyun up, and flew toward Nalan Zhixuan.

"Hmph, then we'll let him live a little longer!"

Then, RUO Xiang's gaze swept across the surroundings and he said coldly, is there anyone else who wants to come up and die?!

The cold voice spread out, and everyone felt cold all over and retreated.

Nalan Zhixuan hurriedly caught Luo Qingyun and supported him back to the stands. She asked with concern, "Big brother Qing Yun, are you alright?"

Jiang Ruobing also ran up to him with a face full of concern.

The eyes of all the Masters were also on him. At his age, he would definitely be a powerful figure in the realm of heavenly martial arts in the future. They couldn't help but show kind eyes, and several invited guests even took out pills and provided them.

Luo Qingyun rejected them one by one with a livid face. Finally, she turned her eyes to Yunxiao and said, "Perhaps only you can defeat him."

His words startled everyone, and they could not help but look at Yunxiao with strange expressions. Only a handful of people who had seen him defeat Li Yi knew what was going on, but they all shook their heads in their hearts, obviously not optimistic about his chances.

Yunxiao laughed. don't joke with me! That's a sea beast! If you ask me to go, I'll be killed!

At this moment, Jiang Bieli was also frowning on the stage as he shouted, "Is there anyone else who wants to accept the challenge?"

The entire place was silent.

are you a man? " Jiang Ruobing asked Yunxiao anxiously, " why are you so afraid of death?! Do you have the heart to let me marry a sea beast?"

She said it pitifully and her tears were about to fall.

Chapter 843-humiliation

"Hmph, sea beast? I'll let you taste the benefits of sea beasts tonight! Hahaha!"

RUO Xiang's face was filled with a malevolent smile, and his mouth was full of filthy words, which made people surprisingly angry. However, no one dared to step forward to accept the challenge. Under that wild laughter, the entire place was silent. Being shown off by the sea Race in the human race's Grand gathering was a disgrace to everyone!

The people in the audience were also so angry that their eyes were filled with killing intent, but they could not attack. One of the distinguished guests from the soul Devourer sect said, " I've already used a secret technique to inform Cheng haomiao. In the entire younger generation, he's the only one who has a chance of defeating this person!"

"Right! The first of the five heroes of the Western Region and the head of the four prodigies of the northern region. We will definitely win with them!"

I don't think so. That ruan zimao's strength isn't much different from theirs. Didn't he still lose? "

hmm, Cheng Haoming has a higher chance. After all, he's a two-star Martial Emperor. Moreover, with the soul Devourer sect's terrifying martial technique, I think there's still a slim chance.

"That's the only way. Otherwise, where will the face of our human race be? It's no longer a matter of the red moon City, but the dignity of our human race!"

These famous experts in the world couldn't keep their cool anymore. They were now facing a common enemy.

At a certain place ten thousand meters in the air, a soft sound of surprise suddenly rang out. With a wry smile, the voice said, "Brother Laifeng is also here?"

yes, I expected that brother heaven's expense would have received the voice transmission as well. As expected, he was one step ahead of me.

"Hehe, I'm at ease now that you're here, brother Laifeng. We'll win this game without a doubt!"

"Hehe, brother Hao Yun's schemes are still as deep as ever. I'm sure you've felt Luo Qingyun's spear just now, right? I can't take it. Today, I'll leave the dignity of the human race to brother heaven's expense. If we win this battle, then brother Hao Xiang will be the number one of the younger generation!"

"Hmph, don't try to flatter me! I know very well how much I'm capable of. Although Luo Qingyun's spear was terrifying, it wasn't at the level where it could shake the heavens and make the earth cry. The terrifying thing was that after Yun Xiang took the spear head-on, he was actually safe and sound. Although he's in a sorry state with some blood on his body, his Dragon Breath and dormant aura have not changed at all. I'm afraid this person's strength has already exceeded the range of a low-level martial Supreme!"

"Oh? This means that his battle prowess is at least four stars?"

the lowest is four-star. No matter how high it is, it's not something that you and I can predict.

The two of them fell silent.

After a while, Beiming Laifeng smiled wryly. "Another voice transmission. What should we do?"

Cheng haomiao took out an exquisite small box, which was the voice transmission object, and threw it into the air, snorting, "What else can I do? of course, I'll play dead! Now, it's only the entire human race that will be humiliated. If we show up, not only will the human race be humiliated, but we will also be humiliated."

"You're right, brother heaven's expanse!"

Beiming Laifeng also threw his voice transmission device into the void. He didn't get annoyed or annoyed by the sight of it, and chuckled, as long as we don't take action, at least everyone will have some hope. If we take action, then everyone will only be left with despair.

well, now we'll see what the red moon City plans to do.

By the way, li Yunxiao is also down there. If he makes a move, do you think we can win? "

hmm, this person's strength is also a little strange. He might be able to hold on for a while, but I really don't see any hope of winning!

"Al, it seems that our clan has lost a lot of face this time!"

The voices of the two people fell silent, and there was no more conversation.

The people in the stands waited for a moment, and their faces turned extremely ugly. Cold sweat broke out on the elder's forehead as he said awkwardly, "I've been trying to contact Cheng Haoming for a long time, but I can't get through. Maybe he's in closed-door cultivation."

"I'll contact darknorth Laifeng as well. What should we do?"

When the crowd heard that the two of them could not be contacted, they became anxious again after calming down.

who cares? ” ning keyue said coldly. why don't I kill this man directly? it'll save me a lot of trouble!

“You can't!”

Jiang Churan was shocked and said in a low voice, ” “Don't do anything stupid. The world has eyes and ears. How can you just do whatever you want?”

“Hmph!”

Ning keyue snorted and said, ” “Forget it! Anyway, Ruobing is your daughter, so you can do as you see fit!” She turned her head away in anger and ignored him.

On the stage, Jiang bieli's expression was also unsightly. He had already called out twice. If he called out again and no one responded, the result would be announced. However, he was unable to call out for the last time and everyone felt that a long time had passed.

Suddenly, a figure rushed up the stage and shouted angrily, ” “If no one dares to fight, then I'll do it!”

Jiang Ruobing herself flew up with her sword in hand. Her sword force spread out in the air and went straight for Yun Xiang's throat.

Hmph, could it be that humans are so weak that they need a woman to appear? ”

RUO Xiang laughed wildly, his voice full of ridicule and contempt. He gently stretched out two fingers and flicked the long sword. A huge force pressed down, directly shaking Jiang Ruobing's long sword out of her hand, and her whole body was sent flying.

His arrogant laughter made all the human powerhouses feel great humiliation, and their eyes were about to pop out of their sockets!

“My wife, ah, can’t wait to consummate our marriage now?”

RUO Xiang grinned hideously and caught up with Jiang Ruobing, who had been sent flying. He reached out and grabbed her tender neck.

For a moment, grief and indignation filled the air, and everyone’s eyes were spitting fire. They could only watch helplessly as the beautiful woman fell into the claws of the devil, but no one dared to touch her. That kind of powerlessness and shame spread in the hearts of every man.

“Pa!”

Just as Yun Xiang’s five fingers were about to grab the frightened Jiang Ruobing, a slender arm came from the sky and directly grabbed his wrist. The arm was smooth like jade and seemed to be weak, but with a light grip, the sound of bones cracking could be heard.

“Crack!”

“?! Ah!”

RUO Xiang’s wrist immediately dislocated, and with a furious roar, he raised his leg and kicked the person in the face. At such a close distance, the air was directly compressed to the extreme, and it instantly exploded!

“Bang!”

The person took out a treasured mirror and placed it in front of him. The mirror light flashed, and the overbearing Qi under Yun Xiang’s feet was reflected back, instantly sending him flying dozens of meters away.

This sudden change made everyone’s hearts suddenly relax. The beauty was temporarily out of the devil’s claws.

After clearly seeing who it was, everyone sighed again, revealing a look of despair. However, as a six-stars martial venerable, he would definitely die if he went up. It seemed that he was also a hot-blooded person. Although the hero saving the beauty was praiseworthy, he was brave and lacked intelligence.

Yunxiao looked at Jiang Ruobing, who was so frightened that she almost cried, and felt pity for her. Although she was the second young lady of the Jiang family and had an extremely noble status, she was just a person who fought for her own fate.

“Alright, it’s fine now,” he said softly. I’ll chase this sea beast away for you.”

...

“Waa ~ wuwuwu ~”

Jiang Ruobing raised her head. Her eyes were bloodshot and red. She suddenly covered her mouth with her hand and finally burst into tears.

Bean-sized teardrops rolled down the corners of his eyes like running water, and his face was full of bitter tears. Her whole body was trembling, and there were crystal-clear tears in her eyes. The tears flowed down her cheeks. Her trembling hands wiped the tears from her face, but the tears were like a broken string of beads, and she couldn’t stop them no matter how she wiped them.

She was weak, even if she was the Honorable lady of the red moon City, how could she resist the gears of fate?

Finally, she cried out and rushed into Yunxiao’s arms, her tears soaking her green robe. In front of the eyes of thousands of cultivators, she cried unscrupulously. Her delicate body and her weeping made everyone’s heart move and it was heartbreaking.

Ruan zimao’s eyes were red. He growled in a low voice, ” “Li Yunxiao! Help me kill this sea beast!”

Although he was extremely unwilling, there was nothing he could do. He could only entrust the grief and indignation in his heart to others. When he said this, the leader of the seven stars of the Eastern Region finally lowered his proud head.

While gently patting Jiang Ruobing's hair, Yunxiao said to ruan zimao, " "Don't egg me on, the other party has a great background, how would I dare to offend the four Seas" royal families? I'll be thanking the heavens if he doesn't kill me. "

Ruan zimao's eyes were filled with unyielding tears. He raised his middle finger and said fiercely, " "I've seen through you. You're a b * tch!"

"Hahaha!"

Yunxiao did not take it seriously. Instead, he smiled and patted Jiang Ruobing, then gently pushed her waist with his hand and sent her back to the stands, where ning keyue was.

...

Ning keyue's face was solemn. After taking Jiang Ruobing, she said in a deep voice, " "If you can't win, then don't force yourself. I don't want anything to happen to you."

don't worry, " Yunxiao said with a smile. although it's tricky, I've decided to beat him until his parents can't recognize him.

Ning keyue was stunned for a moment, then she smiled and said, " "Your personality is exactly the same as his. Good luck!"

A cheer was heard, immediately causing a chain reaction. The entire square was filled with cheers.

"Come on, beat him up, beat him to death!"

all the best, li Yunxiao! Bring glory to the human race! Beat him up until even his parents can't recognize him!

you're good. We'll support you. Cripple this sea beast!

For a moment, everyone was boiling with excitement. The sea of cheers, each wave higher than the previous, shook the entire sky above the red moon City! In this Thunder-like surge, the dark clouds in the sky were dispelled, and the world was clear!

"Li Yunxiao! You dare to fight me? That's good, we can settle the old scores from last time!"

RUO Xiang's expression became extremely ugly, full of coldness and ridicule, and unconcealed killing intent gradually rose from his body.

Hearing almost the same words as Li Yi's, Yunxiao laughed and said, "Why are all of you like this? last time, it was you who wanted to kill me. If there is a debt, it should be me who should settle it. Why do you all act as if I owe you?"

Hmph! run Xiang snorted coldly. if I'm not wrong, you must have obtained what I want from the art Pagoda. Hand it over to me this time!

His eyes flickered with excitement. He now had four Dragon artifacts, and if he could get the one on Long Xu and Yunxiao, his strength would more than double again!

Chapter 844

844 Hiding

look at how excited you are," Yunxiao said with a smile. it's as if you've become a real Dragon. Calm down, young man.

"Hmph, you're still as cheap as before!"

" I was interrupted in the last battle and couldn't kill you, " RUO Xiang said coldly. I've always regretted it. This time, I can settle it once and for all!

He clenched his five fingers, and a powerful Dragon Qi rushed out of his body. It was even more powerful than when he had fought against Luo Qingyun!

He was just playing around with Luo Qingyun, and Yunxiao's performance in Songyue city was enough to make him fear him. But at the moment, he had four Dragon artifacts with him, and with his strength that was extremely close to his ancestral bloodline, he was fully confident that he could kill Yunxiao.

The dragon's breath exploded from Ru Xiang's body and immediately dispersed in all directions. The expressions of the martial artists closest to him changed drastically, and they began to break out in cold sweat as they shivered.

Facing the dragon's breath, Yunxiao chuckled and said, " "Is this child's play meaningful to me? Show me your sigh of the true dragon, and I might still take it to heart."

RUO Xiang's expression changed slightly, and he snorted coldly. The sigh of the true dragon consumed a great deal of energy, and he could barely cast it by constantly absorbing the power of Dragon crystals in Song Yueyang City, which had little effect on Yunxiao, so it was impossible for him to cast it at this moment.

"Do I need to use my sigh of the true dragon to deal with you?"

RUO Xiang shouted coldly, and his body instantly rushed up. The two Dragon secret treasures completely merged in his body, and with a raise of his hand and a raise of his foot, there was a huge dragon power. In the air, he stepped down, and a green foot shadow condensed, covering the entire ring, and suddenly fell down!

Yunxiao performed an incantation gesture with both hands, and the thousand-year blade suddenly appeared in front of him, gradually transforming into the shape of a corpse puppet. From time to time, the blade gleamed with a sharp aura, and as he cast an incantation gesture, the corpse puppet suddenly absorbed all the surrounding heaven and earth Spirit Qi, then transformed into a huge long blade and slashed into the sky!

“Whoosh!”

The huge foot shadow was directly broken by the blade light, and the Green Dragon Qi instantly dissipated in the air. After the attack, the great corpse puppet seemed to have exhausted its spiritual Qi and fell directly, turning into a treasured blade and stabbing into the ring with a clang, flashing with cold light.

RUO Xiang snorted coldly. That kick was only a test, and then his entire body flew down like a dragon swimming in the four Seas. There were thousands of fist shadows, and each fist had a shocking might, shaking the air until it exploded repeatedly.

Yunxiao’s figure flickered as he took light steps under his feet, turning his palm into a blade as he bypassed the tens of millions of punches and slashed at his opponent.

The two figures were extremely fast. In the eyes of the people below, they were like butterflies dancing in the sky. In an instant, they were dazzled. All kinds of fist forces and palm shadows rushed into the defense of the ring like fireworks, which were extremely gorgeous.

Yunxiao had taken his opponent’s fist force head-on several times, but his blood and Qi were tumbling and his bones and bones were about to crack. Under the condition that he could not use the imperishable golden body, he could not fight his opponent’s body head-on, let alone when he had only fused two Dragon artifacts.

“Bang!”

Yunxiao was forced back by the palm strike.

The people around him secretly shook their heads, not optimistic about his chances. It was already beyond everyone’s expectations that he could hold on for this long.

Ning keyue’s face was also solemn. She knew that Yunxiao was afraid. He could not use his family’s unique skill and moon pupil, so it was impossible for him to defeat such a powerful opponent.

She was ready to attack at any time. As long as Yunxiao was no match for her, she would immediately save him and kill this run Xiang. She would not allow Yunxiao to be killed, and she would not allow Jiang Ruobing to marry this man.

After thinking it through, her eyes flickered with a cold killing intent. She didn't care about the important matters of Red Moon City or the dignity of the human race. As long as it was someone she wanted to protect, she would protect them even at the cost of her life.

Li Yunxiao, is this all you've got? ”

RUO Xiang snorted coldly and pointed his finger in the air. Dragon Qi broke through the air and directly cut open the space. From a distance, it looked as if a hole had appeared in the sky itself and was going to break through everything!

Yunxiao waved his hand, and Chiaki Badao, who had been stuck in the ring, suddenly shot out a beam of light toward the finger force!

“Bang!”

The saber radiance cut through his finger force and shot into the air.

RUO Xiang snorted coldly, closed his fingers, and slashed his palm down like a blade. A gust of wind from his palm destroyed the blade Qi, and then the force of his palm fell, forcing Yunxiao to retreat.

The force of the palm hit the ring and dispersed like rolling dust.

The two of them stopped after the attack and looked at each other.

The people in the surroundings knew that the previous few attacks were just probing attacks. However, what they didn't understand was that when dealing with a mere martial honor, was there a need to probe this insufferably arrogant Sea race's King?

“The warm-up is over!”

Run Xiang said coldly. His hands danced in the air and turned into a Dragon that coiled around his arms. The dragon’s head suddenly pointed down and he shouted, “The Dragon fights in the wild!”

The Dragon suddenly came crashing down, and under the guidance of Run Xiang’s magic art, it suddenly exploded into dozens of tiny golden dragons, which wreaked havoc on the arena and rushed toward Yunxiao.

Yunxiao circled around the blade. He did not dare to use it too much, and the key was that he could not control it as he wished. It might drain one’s primordial energy at once, making one cry without tears.

He conjured a sword spell with one hand, and five Northern Heaven Frigid Star Swords suddenly appeared and formed a sword array. The terrifying sea of sword Qi suddenly spread out and rushed toward the Golden dragons formed by the Dragon Qi, exploding in an instant!

A huge force swept across the arena. With Yunxiao as the center, a vortex of sword Qi and Dragon Qi wreaked havoc, pushing the defensive power of the arena to the maximum and almost shattering it. The surrounding Warriors were so frightened that they fled backward in horror.

Many of the experts in the audience felt a chill in their hearts. They could all feel the vibration of the weapon essence of those five long swords. Those were definitely ninth tier profound armaments!

A revered martial artist controlling five ninth tier profound armaments? Start what kind of joke is this?

Moreover, Jiang Churan’s eyebrows rose. The power of the sword array was far from as simple as it seemed on the surface. It was just that Yunxiao’s strength was limited, so he could not exert it.

“Keyue, what’s the background of this person?” he finally couldn’t help asking.

Ning Keyue was also shocked, but she still said calmly, “Just a new friend. I never ask about the background of people I make friends with.”

Jiang Churan was stunned. She shook her head and smiled bitterly, knowing that she would not be able to get anything out of him.

Jiang Ruobing's hands were also covered in cold sweat. She said anxiously, "master, can big brother Yunxiao win?"

Ning keyue pondered for a moment, but she couldn't see the odds of winning. At this moment, the formation of five ninth-tier Mystic artifacts seemed to be powerful, but the consumption of one's own Yuanli was incalculable and couldn't be sustained at all.

The biggest problem now was that Yunxiao did not have a martial technique that could really hurt his opponent. If he did not have one, how could he win? "We all have our own chances of winning, it's impossible to predict," she shook her head as well.

This sentence was actually the greatest comfort to Jiang Ruobing.

Even Luo Qingyun, who had always known Yunxiao well, was not confident, so she just watched him with a solemn expression.

"Runxiang, is this the end of the warm-up you were talking about? Why do I feel like you're still playing?"

Yunxiao looked up coldly with a sneer on his face.

"Hmph, if you want to die earlier, I'll fulfill your wish!"

RUO Xiang grabbed in the air and a golden light flashed in his hand, turning into a three-pointed halberd. The power in his body rose again, and the halberd emitted a bloodthirsty desire!

...

"3000 karmic hindrances, luohou strike!"

A cold light flashed through his hand as he became one with the halberd and slashed down!

sword formation of five colors!

With a point of his finger, the five swords transformed into different sword auras and stacked together, producing a five-colored beam of light that greeted the halberd!

“BOOM!”

Under the collision of the two forces, the sword array was still at a disadvantage. It was suddenly broken, and the five swords were sent flying. Holding the halberd in one hand, run Xiang slashed at Yunxiao’s head.

Yunxiao threw out an incantation seal and slapped it on the halberd. Under the tremendous force, he suddenly felt the domineering aura of the halberd spring up and push his palm away!

“What?”

Startled, he thrust his halberd at Yunxiao. Yunxiao turned around abruptly, and with a cold flash in his hand, he thrust out the cold sword, frost, and the first strike of the thousand feet vast art!

“What? Another ninth tier profound armament?!”

Everyone’s heart skipped a beat. They thought that this person was either from the myriad treasures store or the sea of soul formation. Even the seven superpowers were not so generous!

...

RUO Xiang pulled back his halberd, and the three thousand karmic obstruction once again burned with a cold light as it slashed down!

“Bang!”

The momentum of the sword was broken, and the two weapons collided. A huge force came, and the cold air of the halberd penetrated into Yunxiao’s body, sending him flying and causing a mouthful of blood to rush up his throat.

He had been too cautious and cowardly in this battle. There were too many things he wanted to hide, but in the end, he was restrained in every way and was at a disadvantage.

RUO Xiang’s move was successful, and he was immediately overjoyed. His battle halberd once again stirred up a ray of light, and slashed across the sky. That whistling aura caused the ring to emit a trembling sound. This arena was also a profound level weapon, and under this slash, it also produced a level restraint.

Everyone’s heart trembled. The martial artists far below the ring felt a chill, and their faces turned blue and cold. They all squeezed to the side.

Yunxiao’s eyes rippled. He had several ways to withstand the attack, but he did not know which one was better. For a moment, he was stunned, and his mind began to be in a mess.

“Hmm, this is interesting.”

Jiang Churan, who was watching from the side, suddenly exclaimed in surprise. A strange smile appeared on her face as she said, “this kid is really interesting. He’s actually hiding so deeply!

“What do you mean?” ruan Hongyu’s expression turned ugly. You’re going to die soon, and you still want to play?”

Ning keyue was ready to fight, but she was shocked when she heard Jiang Churan’s words.

Jiang Churan laughed. at first, I also thought that this kid had no chance of winning. However, from the looks of it now, this kid has been hiding a lot of his strength. Could it be that he is afraid that we will see through his background? ”

“What?”

Ruan Hongyu was shocked and shook her head. “Are you saying that he has been hiding his true strength in the battle? How is this possible? he has even used six ninth tier profound armaments and this is already his greatest trump card. Could it be that he has a trump card that is even stronger than six ninth tier profound armaments?”

Chapter 845-Nine Heavens Embracing the Moon

Ning keyue was shocked. A trump card that was stronger than six ninth-tier armaments? that was undoubtedly the moon eye! Her hands were covered in sweat. If Yunxiao had used his eye sorcery on the spot, even she would not have been able to save him!

Jiang Churan chuckled and said, ” I’m also very curious. This kid’s eyes seem to be struggling. It seems the situation isn’t going to be as one-sided as we expected.”

In the arena, the halberd slashed down from the sky. Yunxiao’s face changed several times. He was distracted for a moment and could not Dodge in time. He stepped out with his body technique, but his chest was still cut open, revealing the red flesh and blood.

“Hmph, only this much strength? It seems like the battle will end earlier than I expected!”

RUO Xiang grinned hideously as he spun the halberd in his hand and struck out one after another. Under the continuous attacks, Yunxiao was overwhelmed and in danger.

Luo Qingyun also frowned. He knew that Yunxiao’s strength was far more than that, but he did not know why he had hidden it.

“Bang!”

Suddenly, the sound of profound level weapons clashing rang out, accompanied by a huge flash of lightning. At last, Yunxiao could not bear it anymore. He took out a hammer and smashed it on the halberd, sending out tens of thousands of lightning bolts.

The Maha ancient text that represented the rule of Thunder appeared in the lightning and shook the opponent's Trident away.

"Heavens! It's another ninth tier profound armament, the Kasaya!"

Everyone's hearts twitched again. This was the eighth ninth-tier Mystic weapon Yunxiao had used! Everyone's face was almost dazed.

"You've finally pissed me off. You've already dug your own grave!"

Yunxiao's face flickered with a fierce look. He knew that runxiang still had two Dragon secret treasures, and if he kept hiding them, he would be in more danger the more they fought. Besides, as long as he did not use the lunar pupil and the star-cutting sword technique, he would be safe in Red Moon City.

He pointed with both hands, and another four Northern heaven cold star swords flew out. The five swords scattered around the ring were affected at the same time and flew into the air together. The nine Swords were in the air, emitting cold air. They pulled each other, and a faint formation map appeared on the nine Swords.

"Ah? Another four kasayas."

The people who were completely numb opened their mouths wide, feeling that nothing in the world could stimulate them anymore.

Ruan Hongyu was also completely stunned. She pursed her lips and didn't know what to say.

Jiang Churan was also stunned. She then frowned and said, "although there are many ninth tier profound armaments, one should not bite off more than one can chew. I think he can't exert any power of any of them. It's better for Luo Qingyun to concentrate on the spear.

Ruan Hongyu said awkwardly, " that may be true, but there are too many ninth-tier Mystic artifacts. Aww! There are so many of them that they can be used to set up an array. Aww!

"Sword formation-Nine Heavens Embracing the Moon!"

Yunxiao gave a loud cry, and there was no hesitation in his eyes. The pattern on the sword array pressed down quickly, and the nine Swords each took the shape of a sword. Above the pattern, the image of a giant sword condensed again, crazily absorbing the surrounding natural energy, and a terrifying sea of sword Qi spread out.

"What a powerful sword formation! What kind of formation is this? I've never even heard of it before!"

Jiang Churan's face turned pale with shock. The sudden change in the sword formation had shocked him greatly. The martial artists who were watching from below the stage also held their breath. Many people were shocked to find that their skin had begun to crack and bleed.

"What's going on? Didn't they have the ring's defense? The sword Qi can actually pass through it?"

The people below were all shocked and hurriedly circulated their Qi to resist.

An old man in the audience said with a serious expression, " My sect's nine Yin and nine yang sword formation is famous throughout the world, but it's still ... he finally admitted, " "But it's still a bit inferior to this Nine Heavens moon encirclement. Such a domineering sword formation can't be unknown! Could it be that none of you have seen it before?"

"Oh? Your sect's nine Yin and nine yang sword formation is the strongest sword formation I know of, but it's not as good as this Nine Heavens embracing moon?"

I think the number of changes in this sword formation might be more than nine, " another old man said in surprise. it's just that this young man's strength is too shallow, and he can't unleash its power at all.

nine is the extreme of numbers, ” the old man said. it’s the extreme of evolution. If this sword formation can break through the extreme of nine, its power will show a terrifying increase. This person is only a six-stars martial Supreme now. If he were to wait until he becomes a Martial Emperor or a nine-stars Martial Emperor and then use this sword formation, who in the world would be able to defeat him?”

Everyone was shocked. Judging from the current situation, the fact that Yunxiao could take out so many ninth-tier Mystic artifacts at once must be supported by a huge amount of resources. Moreover, with Yunxiao’s current aptitude, it was no surprise that he would become a martial Supreme. If he was allowed to grow, he would probably become a great man as powerful as ao changkong!

“Damn it!”

RUO Xiang’s face was filled with shock. At this moment, the sword diagram was already pressing down on him, making it difficult for him to move. If the nine Swords in the sky took form and fell down, all the Dragon scales on his body would probably be destroyed!

He roared in anger, and his normal hands began to evolve into dragon claws. A desolate power spread out, and the shocking true dragon claws suddenly grabbed the halberd, and a powerful force pushed the sword picture up.

“Hmph, so this Dragon Claw is the benefit Shang gave you? I remember that you still have a pair of dragon horns, right? It’s better to use them together, don’t blame me for not warning you!”

Yunxiao stared at him coldly.

The confident smile at the corner of his mouth made run Xiang fly into a rage and he roared, ” “Three Dragon secret treasures are enough to deal with you!”

The halberd in his hand spread out, and several slashes crossed the sky. In an instant, the sword picture was broken, and the sea of sword Qi was split open!

“Another Dragon secret treasure? No wonder these people with dragon blood are so desperate for this thing. I can see that his strength has increased several times!”

Ruan Hongyu exclaimed.

“It’s rumored that one can transform into an ancient true dragon after gathering all nine Dragon secret treasures,” Jiang Churan said worriedly. “Although the rumor is exaggerated, it shows the importance of the Dragon secret treasure. If that Dragon beard is also obtained by this person, there will be no one in the younger generation who can suppress him.”

Ruan Hongyu was also remorseful. “This Dragon’s Secret treasure was originally the eye of a sealed array in the burial land. I thought it was extremely precious, so I took it as a dowry. I didn’t expect it to evolve into such a situation, even attracting the sea Race.”

On the arena, Yunxiao sneered, “Since you don’t listen to my advice, then go to hell! Nine Swords transformation, slash!”

He cast a spell, and under the trembling of the nine Swords, the huge sword shape rumbled down like a giant beheading blade, instantly slashing down!

“Shake the heavens and earth, and make the mountains and rivers cry!”

After RUO Xiang had integrated the Dragon Claw into his body, his confidence and strength had greatly increased. Although that halberd was just an ordinary ninth tier profound artifact, it was enough to unleash more than half of its power. With a slash, it faced that sword-shaped attack!

“BOOM!”

An unparalleled power exploded, and the two extremely overbearing slashing forces were instantly shattered, sweeping everything in its path!

The stage’s defense instantly emitted nine colored rays of light. Under the pressure of the many ninth tier profound armaments and the sea of Swords, the stage which was also a profound armament finally couldn’t bear the burden. The defense was stretched to its maximum but it still couldn’t withstand the impact and instantly crumbled!

“Not good!”

Several shocked voices rang out in the chaos. Everyone watched helplessly as the defense was broken. The terrifying shock wave spread over and scared them out of their wits.

“Calm down, calm down!”

Jiang bieli’s voice was heard and it was transmitted directly to everyone’s heart. A few figures appeared in the air and they worked together to set up a new defensive barrier to stop the battle between the two.

“Phew, you scared me to death. Motherf * cker!”

...

Wuwu, I almost lost my life. That was so close!

“I’m risking my life to watch a game. Damn it, I’m not watching!”

After everyone complained for a while, they gradually calmed down.

In the arena, after Yunxiao slashed down with a sword-shaped move, he made a grabbing motion in the air, and the thousand-year saber clattered in his hand. A green ball of water appeared in his left hand, which he gently brushed over.

“Clang!”

The saber seemed to have been drawn to blood, and it happily cried out. Its might became stronger and stronger, and it gave off a piercing light. It actually formed a saber barrier around its body, blocking the huge impact!

“?! What? What the hell is that?”

Under the impact of the aftershock, Yun Xiang, who was struggling to resist, suddenly opened his eyes wide and shouted in shock, “A Dragon’s Secret treasure! You really do have a Dragon’s Secret treasure in your hands. Give it to me!”

His roar was filled with strong desire and excitement. He suddenly brandished his halberd and faced the impact head-on!

Yunxiao’s face slowly glowed under the green water, and he said with a cold smile, “Since you want it, then take it!”

The thousand Autumns tyrannical saber’s power grew stronger and stronger. A huge corpse puppet appeared in the sky above the arena and slowly descended!

...

“This, is this an Artifact Spirit?”

Everyone was shocked, and many people said in shock, “I’ve seen artifact spirits before. How can there be such a corporeal existence?”

Jiang Ruobing pursed her lips, her eyes filled with shock and disgust. She frowned and said, “Master, this Artifact Spirit looks so disgusting! It was clearly a large corpse puppet! Yunxiao is really disgusting to use this thing as an Artifact Spirit!”

After her previous emotional fluctuations, she gradually stabilized and returned to her previous liveliness.

Ning keyue also frowned and said, “It doesn’t look like an Artifact Spirit, but what is it if it doesn’t have an Artifact Spirit?”

“This should be the saber’s true body!”

“This treasured saber should have been refined from this giant corpse puppet. It’s now being stimulated by the green water, so it has revealed its original form when it was alive,” Jiang Churan suddenly said.

He smiled bitterly. this kid is full of strange things. Every one of them is shocking to hear. No wonder he’s trying so hard to hide it.

Luo Qingyun’s eyes were solemn and filled with extreme desire. He muttered to himself, “What is that green water? Why do I feel like it’s a Dragon’s Secret treasure? it’s making my blood surge!”

The green water was the true Dragon’s tear. Back in the burial land, the corpse puppet saber had been extremely friendly to this item. At this moment, it was directly attached to the saber’s body, allowing it to manifest its true form and emit a terrifying aura.

Yunxiao stared at runxiang coldly as he performed a knife incantation and slashed down from the sky while chanting, “ a Thousand Autumns like snow, half a night like a dream, one blade to suppress the soul!

Chapter 846-number one in the world?

The people of Red Moon City were all shocked. He had actually imitated ning keyue’s song of one sword subduing the soul and used his saber as a sword to perform the song of subduing the soul!

Ning keyue was also shocked. Although Yunxiao’s saber momentum was much weaker than her Song of Soul subduing, the spirit of it was somewhat similar, and there was a faint sense of subduing the soul spreading.

The moves could be imitated, but how could the martial essence of that sword be so easily learned?

And under that blade, the power of the natural order emerged. Just as everyone was at a loss, three Maha ancient characters appeared on the blade again. It was the soul attack method recorded on the Dragon Bone bead!

As the saber slashed down, the giant corpse puppet descended from the sky. The shape of a saber condensed on its body, and the surroundings were an ocean of Saber Light, instantly suppressing Yun Xiang!

Not only was the rule force restricting him, but there was also a strange force directly attacking his soul in this terrifying world of blades.

In his panic, RUO Xiang hurriedly poured all his power into the Trident and fiercely met it!

“Bang!”

The halberd directly slashed at the giant corpse puppet’s head, causing sparks to fly. However, it was unable to stop that terrifying power from pressing down. The world of Blade light, rule force, and soul attack-the Trinity combined was about to crush him into pieces!

“BOOM!”

In just an instant, he couldn’t withstand the suppression of the corpse puppet and fell down with the big corpse puppet’s body. When he landed, the entire blade light world exploded and a flower bloomed, emitting a brilliant light.

The new wizardry barrier set up by Red Moon city’s martial artists also became precarious under this blade light. The faces of those who joined forces to set up the array changed greatly, and cold sweat oozed from their foreheads.

“Gulp!”

Only the sound of saliva being swallowed could be heard, and the entire place was silent.

“Is He Dead?”

A question was asked in the crowd, but no one could return. The terrifying power in the enchantment was still attacking, and the light was blinding, making it difficult to detect the situation inside.

“How could this blade have rule force?”

Jiang Churan was obviously a little stunned as well. “Keyue, did you teach him this?”

Ning keyue did not know how to answer. If she said no, then how did Yunxiao learn the strange song of the soul? Even if she did, she could not explain Jiang Churan’s doubts.

“Master, is that sea beast dead?”

Jiang Ruobing’s voice was slightly excited, and her eyes were full of anticipation.

Ning keyue said, “he’s definitely seriously injured, but he won’t die.” The conjured body fused with the Dragon’s Secret treasure is much stronger than an ordinary demon body, but this strike should be the key to reverse the situation. I just don’t know how long Yunxiao’s primordial energy can last.”

“He didn’t die from this strike?”

Those cultivators who heard this all broke out in cold sweat. That Ren Xiang was too durable and too terrifying.

After the attack, Yunxiao hurriedly put away the zombie saber. He could not fully control the saber, and he was afraid that it would suck his primordial energy all at once, and then there would be nothing he could do to save it. Fortunately, it seemed to like the true Dragon’s tear very much, so it did not absorb his primordial energy on its own.

this blade is not enough to kill this kid. I’ll add another brick to your attack!

At this moment, the light on the stage gradually dissipated, revealing an incomparably dark pit. Although the spiritual Qi on the stage had been completely destroyed, it was still a profound level weapon lying there. However, it had actually been blown into ashes and smoke, and the materials no longer existed.

Yunxiao took a deep breath and adjusted his condition, then flew the divine realm tablet out of his hand. As he cast a spell, the power of the world spread out and instantly turned into a small mountain, which fell into the black pit!

“Another ninth tier profound armament, Kasaya.”

Everyone thought silently in their hearts. This time, no one was shocked. Everyone was used to it.

Jiang Churan’s heart trembled slightly, and a hint of surprise flashed through her eyes. Although they were both ninth-tier profound artifacts, he could instinctively feel that this divine realm tablet was extraordinary.

“BOOM!”

The divine realm tablet smashed directly into the pit, and the earth trembled violently. The entire Red Moon City seemed to be about to collapse!

Everyone’s faces changed drastically. The power under this attack was actually not beneath that saber previously!

Oh my God, what’s wrong with this kid? He was only a six-stars martial Supreme, but he was fighting like a six-stars Martial Emperor!

Suddenly, a beam of light shot out of the black pit. It was the divine realm tablet, which had lost its spirit Qi, and was put away by Yunxiao with a wave of his hand.

What followed was a terrifying dragon’s breath. The black pit was like a Dragon’s Den, and it seemed to be breathing.

“Bang!”

A muffled explosion came from inside, and then a shadow soared into the sky and instantly blasted toward Yunxiao!

“BOOM!”

The space where Yunxiao stood was instantly blown up. He had been prepared for this, so he dodged in the air, but he was still sent flying by a blast.

“What? He’s actually become stronger?”

Everyone was dumbfounded and dumbfounded. Under the bombardment of those two profound level weapons, not only was he fine, he even became stronger. How could they fight?

Cheng Hao Miao and beiming Lai Feng, who had been hiding in the sky, were dumbfounded by what they had just seen, and even held their breaths. At this moment, the two of them couldn’t help but swallow their saliva, secretly rejoicing that they hadn’t tried to force themselves into the battle. Otherwise, they would have most likely lost their lives.

another Dragon secret treasure. Is he really going to gather all nine? ”

Luo Qingyun’s face was filled with shock as he stared at Xiang Zi, who was already in his half-dragon state. Although he was in a rather sorry state, a powerful aura was still emanating from him.

Jiang Churan said, ” this is his last transformation. I can feel his blood burning. There should be some flaws in the fusion of the Dragon secret treasure. This kid is relying on his own bloodline power to forcibly fuse with it. Let’s not talk about whether he still has secret treasures on him. Even if he does, he can’t fuse with another one in his current state, or his body will collapse.

Luo Qingyun was shocked when he heard this. He didn’t know much about the fusion of Dragon artifacts, but he knew that the more he got, the better it was. However, as one of the seven sect

Masters, Jiang Churan's vision was naturally good. It was rumored that nine artifacts combined to form a true dragon. Perhaps it was true, but fusing a ninth-rank artifact would be extremely difficult.

Ning Keyue stared at the field with an ugly expression. Every time I merge with the rare treasures, I almost recover from my physical injuries. How can I fight this battle? "

Jiang Churan replied, "yes, it's indeed quite troublesome." "But I don't see Yunxiao panicking, and he still looks calm and composed. If he doesn't have absolute confidence, then it's the calmness of someone who has gone through many vicissitudes of life. His future growth will be too terrifying.' I even dare to say that it wouldn't be an exaggeration to say that he would become the number one person in the world in a few decades!"

Everyone was shocked. Although the judgment of the city Lord of Red Moon City was not absolutely correct, there was at least a strong element of reference. Moreover, with Jiang Churan's cautious style of doing things, she dared to say such a thing. She obviously had a certain degree of certainty and confidence.

The number one person in the world?

These words lingered in everyone's minds, and they were even more shocking than the battle in front of them. If it was said that he had the potential to become a sect leader or a titled martial sovereign, everyone could still accept it. However, no one could remain calm when they heard that he was the number one person in the world!

...

Ruan Hongyu's heart trembled as well. She suddenly smiled and said, "since my husband dares to make such a claim, he must have a very high opinion of this Li Yunxiao. As long as he wins, the joust for a spouse will be a success.

What she meant was that she already had the idea of making Yunxiao her son-in-law.

Ruan zimao was dejected when he heard that. He had planned to use the metal piece to threaten Yunxiao and make him give up on marrying Jiang Ruobing, but now that Jiang Churan had made a judgment on Yunxiao's future achievements, no one would let go of such a popular candidate.

Even Jiang Churan himself felt that it was very strange. With his character, he would never say such words. However, that feeling was unusually strong. This was an instinct of a martial artist. At his cultivation level, this instinct was rarely wrong.

Hmph! City Lord Jiang, you're being too serious. The outcome will be revealed soon, and I don't think this Li Yunxiao will even make it through this.

Finally, someone was unconvinced and retorted coldly.

Jiang Churan smiled and said, "let's see how Yunxiao will deal with this. According to my estimation, Xiangzi's strongest strength should be at the peak of a four-star Martial Emperor at most. It will be difficult for him to go any further. And Yunxiao was stunned.

"Oh?" the man frowned. How strong was Yunxiao? Could it be that he's a five-star Martial Emperor?"

Yunxiao?" Jiang Churan smiled indifferently and said, "I can't estimate Yunxiao's strength at all.

Hmph! That's just city Lord Jiang's opinion," the man said. let's wait until Yunxiao wins. I think his chances are slim.

In the sky above the black pit, run Xiang had already changed beyond recognition. After the Dragon Horn fused into his body, the power of his bloodline had also been unleashed to its limit. Half of his body had already transformed into the shape of a Dragon, and he held the Trident in his hand. He had the standard appearance of a member of the royal family of the four Seas.

...

"Hehe, you're finally willing to show your strongest form?"

With frost in his hand, Yunxiao waved his hand, and the nine Northern heaven cold star swords condensed in front of him again, forming a line.

The halberd in RUO Xiang's hand was placed horizontally, and his aura began to rise violently. With him as the center, the sky trembled, and rays of light overflowed from his body. Under the Dragon's soaring, the wind and rain attacked.

The sky began to be covered with dark clouds, accompanied by lightning and thunder. At this moment, a terrifying Phantom gradually emerged from Yunxiang's body. A huge dragon head was slowly raising its head, its lantern-like eyes wide open as if it had crossed through endless time and space, staring at Yunxiao!

"?!"

Under the gaze of the dragon's eyes, Yunxiao could not help but shiver. He hurriedly circulated the great expansion divine technique to calm his mind.

you're very strong. You're number one among the younger generation of humans!

"To be able to force me to this extent, it's simply incredible," RUO Xiang said calmly. If Song Yueyang didn't obtain the fourth Dragon's Secret treasure in the city, I would have really died in your hands today."

do you mean that you're going to win? " Yunxiao sneered. you're saying that you're going to win? "

Chapter 847-just beginning

"Of course!"

"I'm a proud son of the sea Race, and my talent far surpasses you humans. You can fight me to this extent. Don't you think you should be proud?" You actually naively want to win?"

Yunxiao slapped his forehead and said helplessly, " "You've already been beaten beyond recognition by me, and you still dare to speak such arrogant words. Where do you Sea beasts get your sense of superiority from? After staying in the sea for so long, have water entered their brains?"

"Damn it!"

RUO Xiang shouted, and a feeling of anger and humiliation welled up in his heart. The halberd in his hand also let out a series of trembling sounds, and the huge dragon head shadow behind him seemed to be gradually merging into his body. Under this abnormal state, the space actually collapsed on its own.

"Power to rule the world!"

RUO Xiang seemed to be in extreme pain in that state of fusion. He suddenly let out an angry roar and a slash came slashing down from the sky. It turned into a bright and dazzling color, and split the sky in half!

Yunxiao's face was solemn. The power of the slash came across the sky, and the nine Swords in front of him trembled slightly. It was a cry of sorrow in the face of absolute power.

"So strong! It can actually cause a ninth tier profound armament to tremble?"

Yunxiao performed an incantation gesture with one hand, and the great sorrow sunset Cloud Mirror appeared in his hand. The mirror light shot down, and the sky suddenly changed its appearance. Mirror surfaces formed in front of him, forming a mirror array!

"Bang!"

The nine Swords in front of him were instantly knocked away by the halberd. After Yun Xiang merged with the Dragon head, his entire body became pitch-black, and he also became taller.

His ancestor was a horned dragon, one of the sons of Dragons, and his entire body was a Black Dragon species. At this moment, signs of atavism appeared on his body, and his strength also climbed to the peak!

“Small tricks!”

“Bang!”

The rows of mirrors suddenly shattered in an instant, and the light from the sunset Cloud Mirror instantly disappeared!

When RUO Xiang broke those mirrors, a portion of his power was disintegrated and dissipated. At the same time, he also suffered a backlash from his own power, and his overwhelming power completely disintegrated!

“Hmph, let’s see how many more life-saving methods you have!”

RUO Xiang snorted coldly. His figure and the halberd charged up together, and he ruthlessly swung the halberd down in the air!

After Muyun lost all his spirit energy after the attack, RUO Xiang’s domineering slash rose into the air and struck the ice sword in his hand. The huge force almost penetrated Yunxiao’s body, trying to crush him completely!

“Bang!”

Yunxiao could not withstand the power of the halberd at all. The tremendous Dragon might and power shook him and sent him flying into the sky. Everyone watched in horror as the two of them turned into a beam of green light and rose into the sky.

“Li Yunxiao, you’ve run out of tricks, but I’ve only just started! Hahahaha!”

The air was filled with RUO Xiang’s sinister laughter and powerful Dragon’s might.

All the martial artists’ hearts sank. This was basically over for them.

hehe, city Lord Jiang, if this li Yunxiao can't even make it through this round, I'm afraid he'll either be dead or crippled after the game. He'll become the future number one man in the world, haha!

The person who didn't accept it earlier heaved a sigh of relief, his mood was much better.

Jiang Churan furrowed her brows and stared at the sky, deep in thought.

"Shut up!"

Ning keyue's face was gloomy as she scolded, "One more laugh and you'll get lost!"

The man's expression changed slightly, and he snorted, "Hmph, I'm an honored guest invited by the red moon City!" Is this how you treat your guests?"

Ning keyue's killing intent froze and she said coldly, "If I don't like you, you're not an important guest. If you're not an important guest, you'll die easily!"

The man's expression changed drastically and he immediately shut his mouth under her imposing manner. However, his eyes were still cold and proud.

li Yunxiao is a member of our tribe, after all," another man added. if he loses, isn't it good for you to gloat like this?"

uncle bieli," ning keyue stood up and said, "I'll wait for Yunxiao to admit defeat. Please stop the match immediately!"

Her action immediately caused an uproar!

Jiang bieli frowned and said, "he must admit defeat, lose his combat strength, or lose in my heart before he can be considered to have lost." &Nbsp;

Ning keyue said, [it's already like this. You still don't think you've lost?] Her face darkened and she said with slight anger, " Do you also want to see Yunxiao die? "

Jiang bieli glanced at her and didn't say anything. Instead, he looked up into the sky.

Under the immense Dragon's might, those martial artists with lower cultivation would be thanking the heavens and earth if they could not kneel, let alone raise their eyes to look. At this moment, only a very small number of people could still see the situation clearly.

what should Ruobing do if li Yunxiao admits defeat now? " ruan Hongyu asked. what should Ruobing do? " As Ruobing's master, how could you be so cruel?"

Ning keyue snorted coldly and said, " it's better to choose the lesser of two. If li Yunxiao loses, we can still find a way to settle Ruobing's marriage. If Yunxiao dies, how can he be resurrected?"

Yunxiao was Gu Feiyang's son, and she would protect this bloodline for him no matter what!

Jiang Churan suddenly asked,"huh?" He actually still has the strength to resist?"

"What?"

As soon as his words fell, those who could still see the situation looked up and saw that in the huge green light, Yun Xiang's face was ferocious, and the power in his hand was increasing. He was going to crush Yunxiao completely!

Just when he thought that Yunxiao had no way to save him, a domineering and unparalleled force suddenly emerged and gradually resisted his Dragon might!

"What? This is Yingluo."

Run Xiang's pupils contracted as he looked over in shock.

At that moment, Yunxiao's body suddenly shone with a golden light, as if he was covered in a layer of golden clothes, as beautiful as the sun. The power of the Dragon's might was completely blocked, and his body, which was about to collapse, seemed to have recovered its strength!

Yunxiao performed an incantation gesture with one hand and cried out, "Transcendence golden body!"

Other than the golden light that his body had turned into, the three-headed and six-armed Dharma form appeared immediately. Its eyes were like torches, burning people with its gaze.

"That, that's Yingluo."

...

Everyone was instantly stunned. Looking at the strange three-headed and six-armed creature, their brains froze.

Jiang Churan was stunned, "this, is this the inextinguishable golden body? Why is there a three-headed six-armed one?"

When everyone heard the words "inextinguishable golden body," they all sucked in a breath of cold air. This was because these words represented the number one expert in this world!

Ning keyue was also shocked. She did not expect Yunxiao to have so many cards in his hand, but she immediately understood the seriousness of the matter and said, "How can it be the inextinguishable golden body? have you seen ao changkong transform into three heads and six arms? It should be a powerful Dharmakaya technique that has the effect of manifesting a golden body."

In fact, she was also suspicious in her heart, but regardless of whether it was the imperishable golden body or not, she had to deny it first. Otherwise, the consequences would be too serious.

"I've seen ao changkong's inextinguishable golden body before. It's not like this," Jiang Churan nodded.

With the judgment of the city Lord of Red Moon City, the crowd was a little relieved, but they still kept discussing in low voices, and felt powerless about the endless cards Yunxiao had.

At that moment, everyone suddenly had an inexplicable feeling. They felt that if the battle continued, Yunxiao might have several more, or even several trump cards, and he would keep turning the tables until he won.

“Xiang Zi, our battle is over!”

All three of Yunxiao’s faces were cold. An eye suddenly opened between his eyebrows, and a terrifying power of flame flew out of it, turning into a divine Phoenix that instantly burned down!

“?!”

...

RUO Xiang was shocked. The two of them were too close to each other, and when the flames burned, he felt an extremely terrifying power. Even his Dragon Qi was about to be burned out!

“True Dragon’s destruction!”

RUO Xiang suddenly opened his mouth, and the head of the Green Dragon overlapped with his, and a dragon’s breath suddenly shot out!

The power of the dragon’s breath immediately scattered the Phoenix’s form and even morphed into an Azure Dragon in the air, roaring as it soared!

“Hmph, Phoenix divine flame and my great pinwheel!”

Yunxiao performed another incantation gesture, and the scattered flames gathered together. A whirlwind shot out from between his eyebrows and fused with the flame, forming a fiery whirlwind that shot toward the Dragon Breath!

At the same time, the cold sword in Yunxiao's hand exuded an amazing cold air that froze the space. The cold sword intent directly penetrated the halberd's light, making run Xiang feel a chill.

"Song of the Azure Lotus sword-Hundred Flowers bloom!"

He suddenly roared and formed a huge ice Lotus on his cold sword. He suddenly cut off the layers of power that were pressing towards him and retreated rapidly under the backlash of this sword!

In the sky, hundreds of ice lotuses bloomed under this sword. Although the ice lotuses were beautiful, they were condensed from sword Qi!

When the ice petals bloomed to their largest size, they instantly flew towards run Xiang!

For a moment, the sword Qi of ice filled the air, emitting a cold light, like a meteor shower streaking across the sky!

On the other hand, the fiery whirlwind was fighting against the Dragon Breath. It gradually gained the upper hand and was about to annihilate the latter.

The entire sky was as beautiful as fireworks, and everyone who was watching was stunned. They actually felt a sense of fascination.

"Damn it!"

RUO Xiang was taken aback. He did not expect Yunxiao to have such a powerful trump card. He stood still in the air and waved his halberd in a rage, annihilating all the ice sword Qi!

Yunxiao took the opportunity to catch his breath and retreat before he died. Stepping on the crocodile, his six arms began to glow, and profound level artifacts appeared one after another. His six eyes were cold as he stared at the creature.

“What’s this Suan ni and this crocodile?”

“Pet? Could he be a Summoner?”

“Three heads and six arms? what ... What kind of Divine Art is this?”

Suddenly, everyone was at a loss. They felt that this match was getting more and more outrageous, and it was going beyond their imagination.

Jiang Churan’s eyes also flickered and she seemed to be a little excited. She praised sincerely, “So strong! This should be his strongest state! The two of them have finally revealed all of their trump cards. The real battle is only starting now!”

As soon as this was said, everyone immediately fainted!

The battle had already caused the heavens to collapse and the earth to crack. The profound level weapons on the stage had all been shattered. Deep pits had appeared on the ground and cracks were everywhere in the sky. Was this only the beginning?

Chapter 848

848 Ten directions divine power

“Today’s battle is enough for your name to be remembered for a hundred years!”

“To be able to witness this battle with all the heroes in the world in Red Moon City, it’s a great thing in life!”

yes, I now believe city Lord Jiang's words. If this person doesn't die today, he will definitely become the number one person in the world in the future!

"The number one in the world is too vague, but at least he is worthy of being the number one among the rising stars!"

All kinds of discussions were heard. Some were praising, some were looking up at, some were envious, some were jealous, and some were sour. Everyone had different feelings, but in any case, after this battle, Yunxiao's name would definitely be famous all over the world!

At this moment, ruan zimao was the most dejected one, as well as the hidden Cheng haomiao and beiming Laifeng. Their invincible image among the younger generation had completely disappeared, and all the glory was gathered on the man who was like a god in the sky.

"Is this your strongest state? In the battle of songyue yang city, I didn't see you this powerful even when you were struggling on the line of life and death. It's obvious that you've learned it recently. Your growth rate is too shocking."

RUO Xiang's face was gloomy, and he did not hide his fear of Yunxiao at all. today, I must kill you in your incomplete state. Otherwise, you'll be too terrifying!

Yunxiao's strength and speed of progress made even Yun Xiang, who claimed to be the most likely to succeed in atavism, feel great pressure. He held the halberd across his forearm and quickly performed incantation gestures with both hands. Suddenly, he opened his mouth and gave a soft cry, and a sound wave spread out, shaking the entire space!

A strange sound wave rang out and spread out in all directions. Anyone who heard it was horrified!

"Not good! How can we block the power of this sound wave?"

Jiang bieli was shocked. The sound wave attack was omnipresent. Many martial artists began to mutate upon hearing it. Each of them seemed to have been demonized and gradually lost their consciousness.

“This bi an ...”

Red Moon city’s higher-ups were all shocked, and were at their wits ‘end about this phenomenon. It was already very difficult for them to resist their Emperor Qi, let alone the Warriors below the martial Supreme realm. They were basically defenseless.

Ning keyue suddenly flew up into the sky. The scepter appeared in her hand. A soft light spread out. It was a song to calm the soul. It gradually sounded in everyone’s heart and eliminated all the abnormalities.

She raised her head worriedly and focused her eyes. Sound wave attacks were very rare and troublesome attacks.

“Dragon language! It was actually the language of the true dragon! Quickly seal off your five senses and six Senses!”

The demonic Dragon’s voice sounded from within his body. It was a little flustered, as if it was very afraid of the Dragon language.

Yunxiao also felt the power of the sound wave penetrate his indestructible golden body and begin to affect the changes in his body. But, his spiritual power was so strong that he could not shake the divine sense.

The dynasty Bell on one arm flew up high, while the other arm raised the big hammer and slammed it down fiercely!

what? ” Yunxiao suddenly cried out, ” a day is a century! I’ll also smash your big iron hammer into pieces!”

Clang! Clang!

A crisp Bell rang in the sky. It came from the distant past and connected with the endless future. This Bell seemed to pass through countless centuries, and time stopped at this moment.

Everyone's heart trembled, as if they had experienced a hundred years, and the evening drum and morning bell woke them up.

Then, a bolt of lightning shocked everyone out of their deep thoughts. A huge Maha ancient character appeared in the sky, forming a Thunder hell that spread out continuously.

After the dynasty Bell was struck once, it became bigger and bigger, like the sky covering the top, and it fell down towards Yun Xiang! Tens of millions of lightning bolts also burst out from the prison of Thunder, sweeping across the sky and destroying everything!

"Flying dragon in the sky, summoning rain and clouds!"

RUO Xiang roared in anger, and streams of light shot out from his halberd. He combined with his halberd and slashed out the lightning. He tore the green lightning prison apart like a zipper and split it into two!

His entire body transformed into the form of a true dragon, roaring as he tried to break out of the suppression of the dynasty Bell! The clouds in the sky also changed color, as if a Dragon was soaring in the clouds. It felt like a storm was coming, and a dark cloud was gathering.

The dynasty Bell began to tremble under the huge Dragon's might. The sound spread out in waves, and its speed became extremely slow.

Hmph, you're just a worm in the trench. Do you really think you're a true dragon? "

Yunxiao took out the sunset Cloud Mirror again, and the mirror light shone down, illuminating the sky and enveloping Yun Xiang in its light.

Everyone raised their heads and saw a black flood Dragon struggling in the air. Everyone was shocked and terrified.

"Let's see what other means you have to escape this time!"

Yunxiao glared at him coldly as he raised a hand in the air. Nine Northern heaven cold star swords gathered together and formed a sword diagram. Its power continued to rise, and it took the shape of a huge sword!

“I’ll let you experience my Nine Heavens grabbing moon and wind Fire giant wheel!”

He stepped on the back of the crocodile and shouted, “Go!”

For a long time, the crocodile had no reaction. It was actually dozing off, its eyes empty and lifeless.

Yunxiao was embarrassed. He kicked the crocodile’s head several times in a row, and the crocodile roared and rushed forward.

The sword Qi and the fire and wind gradually merged together, and a destructive force began to form!

RUO Xiang was greatly shocked. The space seal of the sunset Cloud Mirror and the suppression of the dynasty Bell was like a dome, making his movements abnormally slow. And the sword shape in front of him that combined Wind and Fire, just the pressure was so terrifying. If he was cut by the sword, his half-dragon body would probably be completely finished.

Suddenly, a light green stone appeared in one of the dragon’s claws. He threw it into his mouth and swallowed it. His pitch-black body suddenly started to turn green, and he really showed signs of transforming into a Dragon!

Yunxiao was taken aback. “Another Dragon’s Secret treasure?”

“That’s the Dragon Crystal!” The demonic Dragon’s voice came. True dragons are born from the heaven and earth, but there are times when they fail and leave behind a large number of Dragon crystals, which are also priceless treasures!”

The Dragon Crystal that RUO Xiang had swallowed was his Last Dragon Crystal. As a member of the four Seas ‘royal family, he only had four of them. Those were his most precious treasures. In order to

exchange for the Dragon Claw from Shang, he had used three of them in a row to cast the sigh of the true dragon and suppress the martial artists in songyue yang city. If he had not realized the great danger, he would not have used the Last Dragon Crystal at all!

“Li Yunxiao, everything is over! Transform into a true dragon and suppress all directions!”

“BOOM!”

A terrifying aura burst out, shattering the space seal of the mirror and rushing out of the range of the dynasty bell at the same time. An existence similar to an ancient true dragon soared between heaven and earth and rushed toward Yunxiao!

Countless cultivators below suddenly felt a chill in their hearts at this moment. Their knees could no longer hold back and they fell to their knees with a plop!

The martial sovereigns also circulated their martial arts to resist the uneasiness. Jiang Churan, ning keyue, and the other nine-star martial sovereigns were also shocked and solemn. Jiang Churan murmured to himself, “Ancient true dragon, is this the imitation of the ancient true dragon?”

“?!”

Yunxiao’s heart trembled. The feeling came from a Supreme pressure, which made him unable to resist!

“The pressure of a true dragon! This is too f * cking abnormal! This run Xiang is really a one in a million genius in the dragon clan!”

...

The demonic Dragon was also filled with fear as it looked at the Dragon Shadow that was coming across the sky. Its voice was trembling! It was an ancient inheritance that came from the depths of the soul!

Yunxiao circulated the great expansion divine technique with all his might to offset the trembling that came from his soul. At the same time, he controlled the fiery wind sword and suddenly slashed out!

RUO Xiang had already rushed into the sea of Swords. All of the sword Qi suddenly collapsed and finally collided with the sword shape. It entered the power of the rotation of Wind and Fire and gave off a shocking BOOM!

“Boom boom boom!”

The shape of the sword collapsed instantly, and the power of wind and Fire was completely dispersed. The Dragon Shadow appeared, almost about to devour the world!

Yunxiao was horrified. At this moment, his primordial energy was almost exhausted. He hurriedly circulated his energy, grabbed the divine realm tablet in his hand, and smashed it down like a brick!

His other arms also performed hand seals to cast spells. The great realm deity technique was performed through his six arms, and his speed was three times faster than before. One by one, the Maha ancient scriptures were sent into the divine realm tablet, and the four territories overlapped, condensing the power of the world and suppressing the Dragon Shadow!

“BOOM!”

RUO Xiang finally crashed into the divine realm tablet, and an Aurora burst out instantly. It spread rapidly like a black hole, and a dazzling white light shone out. It was as if the world had collapsed, and everything was still, leaving only the vast expanse of white in the universe.

In the vast expanse, there seemed to be two figures standing in comparison.

“You’ve won,”

...

“You are very strong.”

The two voices rang out one after another, ending the conversation in an instant. The figures gradually dispersed in the white light.

“Boom boom boom!”

The sky was still rumbling, and it had already collapsed beyond recognition. The light of the day slowly dissipated, and it was as if the heavens and earth had been split open and the world was beginning to take shape. That majestic power scattered down, and everyone was moved and shocked.

is this the feeling of the ten regions realm? ”

Jiang Churan was also extremely shocked and had a look of fascination. However, a trace of confusion flashed in her eyes as she muttered to herself, ” “Why are there two of these feelings? It’s understandable that the ancient true dragon has the aura of the ten directions realm, but what’s with the other aura that Tao Wu has?”

His face was full of solemnity, as if it was a form of respect for those who were once Supreme existences.

“Pfft!”

In the sky, Yunxiao coughed up a mouthful of blood. His transcendence golden body collapsed in an instant, and blood burst out of his body as he fell from the sky.

“What happened just now?”

“Who won?”

has li Yunxiao finally been defeated? ”

“Where’s the true dragon? Where did the soldiers of the sea go?”

One by one, questions rose in everyone’s mind. They were all vexed and blamed themselves for their low cultivation. They couldn’t even see such a shocking battle clearly. In the future, when they boasted to others, they could only make up stories.

A figure flew into the sky and hugged Yunxiao. His cold body looked proud and aloof under the blood Moon in the sky.

It was Ning Keyue, who had an expressionless face. As soon as Yunxiao held it in his hand, he immediately checked it with his divine sense and found that it was not life-threatening. Relieved, he slowly descended from the sky.

Chapter 849-crossing the sea with underhanded means

“What about the soldiers of the sea? Could it be that they have been annihilated?”

Everyone couldn’t help but ask, and their tone changed from “sea beast” to “soldier of the sea”. The strength that Run Xiang had displayed in this battle had already frightened them into submission, so their tone was full of respect.

Jiang Bieli stared at Yunxiao for a while with a frown on his face. He opened his lips slightly and used secret voice transmission to discuss with the city Lord of Red Moon City. Finally, they seemed to have come to a conclusion. This battle was fierce enough. Runxiang of the sea tribe was seriously injured, and he fled with his life-saving magical treasure. Yunxiao was also seriously injured and unconscious. Their strength is equal, and it is difficult to determine the winner. So, it’s a draw.

“Huala”

This announcement immediately caused an uproar. It turned out that the warrior of the sea Race had escaped and hadn’t been annihilated.

“Since it’s a draw, who will be chosen in this joust for a spouse Festival?” someone asked loudly.

runxiang escaped, but li Yunxiao stayed, ” Jiang bieli said. naturally, li Yunxiao is qualified. However, he is currently unconscious. After he awakens, if you are willing to challenge him again, you can try!”

Everyone shut up. Who would dare to challenge him?

Even Cheng haomiao and beiming Laifeng’s faces had turned deathly pale, and they had vomited an uncountable amount of blood. However, they were still struggling to hold on, waiting for everything to end so that they could leave.

Yunxiao and run Xiang fought in the air. Although they were so far away, the impact was the closest to where they were hiding, and they could not show themselves and escape under the eyes of thousands of people, so they could only resist it by force. As a result, the two of them were seriously injured and had taken a lot of medicinal pills, but they were still in a precarious situation.

“Isn’t this a little inappropriate?”

The old man who had been looking for trouble earlier said with a solemn expression, ” “That runxiang still had the strength to escape, but Yunxiao is still unconscious. Runxiang should have won. Although the other party is a different species, as judges and guests, we must uphold fairness. Otherwise, how can we submit to the world?”

As soon as he said this, the other distinguished guests immediately nodded in agreement. The foreign tribe had been driven away, and it had immediately become the time for internal strife. No one wanted such a powerful youth to join the red moon City. His future potential was too terrifying!

Now, almost no one would doubt Jiang Churan’s words. In a few decades, the number one person in this world would definitely be this young man!

Ruan Hongyu sneered. that runxiang had already fainted before he escaped. He was just using a magic treasure that operated on its own to escape. With everyone’s strength, you should have noticed, right? ” In terms of fainting, li Yunxiao seems to have fainted later than him!”

“This Yingluo, cough, cough cough, of course I can tell! However, RUO Xiang had already escaped, and it was difficult to determine who would faint first by relying on their eyes, so they would consider it a

draw. This joust for a spouse has already delayed everyone's time. I think it's better to continue the competition tomorrow and choose the winner. After all, everyone's time is precious and we can't keep competing without end."

His words immediately gained the approval of all the judges. Everyone knew that with Yunxiao's current injuries, it was impossible for him to recover tomorrow. As long as the competition continued tomorrow, Yunxiao's elimination would be a foregone conclusion.

"Hmph! Right now, Cloudsky's meridians were already crippled, his dantian was damaged, and even his martial Dao talent was directly impacted. It would probably be very difficult for him to recover without ten or twenty years. How do you expect him to fight again tomorrow?"

Ning Keyue's cold voice was heard. Her eyes were almost spitting fire.

"What? Your dantian is damaged?"

his martial Dao talent has been impacted? "

The guests were all shocked. If that was the case, then a peerless figure of a generation had been completely crippled!

Everyone looked suspicious. One of the old men said, "But Fairy Yue couldn't have seen wrongly, right? Many of the powerhouses here have secret techniques. Perhaps they can find a cure. Why don't you show it to us?"

Everyone agreed and asked for an investigation.

Of course, he wanted to confirm if what Ning Keyue said was true. As for saving Qianqian, Humph, what a joke. He would rather this genius be crippled as soon as possible.

Jiang Churan was also shocked. She didn't know if Ning Keyue was telling the truth. If she was, it would be a pity.

Ning keyue snorted and said, "if you want to see it, then see it for yourself." &Nbsp;

She did not hesitate to place Yunxiao's body on the stands, allowing the crowd to examine him.

She had checked Yunxiao's body, and he was indeed missing half of his dantian. At that time, she was shocked and thought that Yunxiao was completely dead, as if she had been doused with cold water. Later, she found that the other half of his dantian had been invaded and devoured by a Black Force, which made it look like he only had half of his dantian left.

As for the black energy, she had already confirmed that it was demonic Qi. This shocked her greatly. As soon as her divine sense entered it, it was immediately corroded and devoured by the demonic Qi, which showed how powerful it was.

"This brat actually still has several trump cards that he hasn't used! My God, what kind of monster is he?"

Ning keyue naturally knew that Yunxiao still had the lunar pupil and the sword technique, which were skills that he would never dare to use in Red Moon City. Now that she found out that there was such a deep demonic energy hidden in his body, she was even more shocked.

"Are you done? Get lost!"

After all the guests had checked one by one, ning keyue swept over them with a force at the right time and pushed them away. She said coldly, "Haven't you seen enough?"

Everyone's faces changed slightly. They had also discovered that Yunxiao only had half of his dantian left, but before they could figure out the reason, they were interrupted by ning keyue. However, no matter what, having only half of his dantian left was definitely troublesome. Even if he was cured, his martial Dao talent would be destroyed without a doubt.

With the strongest strength Yunxiao had shown earlier, he had barely reached the level of a six-stars Martial Emperor, or even worse. To have another six-star Martial Emperor in the red moon City was not a big deal.

Everyone finally felt relieved, but a trace of pity flashed in their eyes. After all, such a genius who swept across the sky like a comet might not appear in tens of thousands of years, or even hundreds of thousands of years. It was a great loss for the human race to die just like that.

Jiang Churan's face turned pale when she saw the relaxed expressions on everyone's faces. She already knew the answer and was stunned.

sigh, the heavens are really jealous of geniuses. As expected, only half of his dantian is left!

that's right. He's such a peerless young man. If he grows up, he'll be another unparalleled martial sovereign in the human race!

"No matter what, he has brought glory to our human race. He is a hero worthy of everyone's pride. I suggest that he should be the winner of this joust for a spouse Festival. The rest of the people are not allowed to challenge him!"

"I agree, I absolutely agree! Hehe, congratulations to city Lord Jiang for finding such a peerless son-in-law."

The guests were all smiling like flowers as they congratulated him.

"Hmph! How could it be easier for everyone to change their faces than drinking water? Just now, you said that it was difficult to determine victory and defeat, and it would be better to fight tomorrow. I think we should follow what you said earlier and fight tomorrow!"

Ruan Hongyu also knew that Yunxiao's dantian had been destroyed, so how could he be willing to let his daughter marry him? she immediately objected.

"This is an ..."

The guests hesitated and looked at each other before smiling. it's fine. After all, this is a marriage in the red moon City. We naturally have to respect Madam Jiang's rules. We are only outsiders, so it's fine as long as we monitor the fairness and fairness of the marriage.

“Hmph!”

Ruan Hongyu snorted coldly, her expression icy.

All the peerless young men had already participated in the battle today. Even if they were to compete tomorrow, what good results could they get? this was just a delaying tactic. She would think of a countermeasure tonight. In short, RUO bingjue would never marry a minion below the rank of a martial Supreme.

Jiang bieli shouted, “ today’s battle ends here. We will continue tomorrow. Everyone, disperse!

Everyone’s conversation was clearly heard by the cultivators below, and many of them were well aware of the schemes between them, so they immediately dispersed with their own thoughts.

“Hehe, we’ll be taking our leave first. Today was very exciting. I look forward to seeing even more outstanding young people jumping out tomorrow, haha.”

...

The guests also smiled and cupped their fists as they left.

The center of the square immediately became sparsely populated.

Ruan zimao’s originally dispirited mind was suddenly reinvigorated when he learned that Yunxiao’s dantian had been destroyed. It seemed that there was still a chance for things to turn around, and not only that, but the chance was great.

His heart suddenly jumped and he looked up, only to see ning keyue staring at him coldly. He was shocked and hurriedly said, “Aunt keyue, what’s the matter?”

Ning keyue snorted and said, "where's that piece of iron?" Don't think I don't know what you promised Yunxiao."

Ruan zimao's heart lurched. Yunxiao was now a cripple and could not pose a threat to him at all. That piece of iron must be something extraordinary. If even Yunxiao, who had so many ninth-tier Mystic artifacts, valued it so much, it must be a top-notch existence. I promised Yunxiao that I would kill Li Yi and not participate in the challenge Tournament. He did not do anything. He broke his promise first, and I can't keep it.

Ning keyue's face turned cold and she said, "I don't want to ask you a second time. Answer me, will you give it to me or not?"

Ruan zimao suddenly felt as if he had fallen into an ice cellar. His heart trembled, but he was sure that ning keyue couldn't do anything to him. He gritted his teeth and said, "That metal piece is no longer with me, it's with father."

As soon as he spoke, the cold air around him dissipated.

Ning keyue withdrew her aura and said coldly, "I'll ask ruan yuansi for it. If I find out that you lied to me, you'll see what happens to your elders when you're old enough, according to the rules of the red moon City!

She turned around, picked up Yunxiao, and took off into the air. With one step, she disappeared into the sky.

...

Ruan zimao's expression changed several times. He knew that this was bad. The metal piece was still on him. It seemed like he had to quickly send it to his father. Otherwise, if he angered this aunt, even his father wouldn't be able to protect him.

"Master, master, wait for me!"

Jiang Ruobing shouted a few times and wanted to follow her, but she couldn't. She watched ning keyue disappear in front of her.

Chapter 850-controlled

lady keyue must have gone to treat Yunxiao,"Nalan Zhixuan stepped forward and said. sister Ruobing, you shouldn't go with her. Otherwise, you'll only cause more trouble.

Jiang Ruobing looked down and said worriedly," I wonder if big brother Yunxiao's injuries can recover. It's all for me. If his martial arts Foundation is completely crippled, then I'll be sorry.

She suddenly fell into a Deep State of self-blame, and her voice started to sob. She couldn't help but cover her mouth with one hand.

Hmph, only half of his dantian is left. Even if he is cured, his talent will be destroyed. He can only stay at the level of a six-stars martial Supreme for the rest of his life.

Ruan Hongyu snorted coldly and stared at Jiang Ruobing without any mercy. Ruobing, come back with me. You're not allowed to leave the city Lord's mansion during this period of time. You'll only cause trouble for everyone!

Upon hearing this, big drops of tears fell from Jiang Ruobing's eyes. Finally, she sobbed and said," wuwuwu, it's all my fault. I've harmed big brother Yunxiao. Wuwuwu ~"

She was caught in endless self-blame. If she had not forced Yunxiao to fight, this would not have happened at all, and Yunxiao could have cultivated martial arts in peace until he became the strongest man in the world.

"Everyone has their own fate. Ruobing, you don't have to blame yourself. Maybe his talent was so outrageously strong that even the heavens couldn't bear to see it, so he borrowed the hands of run Xiang to destroy it."

Jiang Churan let out a long sigh and comforted Jiang Ruobing, " "The heavenly Dao is unfathomable. This is his own tribulation, and has nothing to do with you."

“Right, everyone has their own destiny! I believe that li Yunxiao will be able to survive this tribulation!”

Luo Qingyun’s expression was also extremely ugly. After saying this, he turned around and left.

Nalan Zhixuan was stunned, but she quickly followed.

Yunxiao’s martial Foundation had been destroyed, and his talent no longer existed. The higher-ups of Red Moon City had lost interest in him, so they just sighed and left one after another. Jiang Ruobing was also brought back to the city Lord’s mansion, and the entire central square suddenly became empty.

“Pfft!”

“Pfft!”

At this moment, two streams of blood spurted out from the sky. They were Cheng Hao Miao and beiming Lai Feng. The two of them had been hiding in the sky all this time, only revealing themselves after everyone had left. Their faces were pale and their bodies were trembling.

“Brother heaven’s expanse, I keep feeling like someone has noticed our tracks.”

yes, of course we can’t hide it from the city Lord of Red Moon City and those people. It’s fine as long as no one sees it.

“This Wufu has really damaged our image!”

“Tsk! Which was more important, life or image? With Yunxiao’s martial Foundation crippled, we’re still rising stars and the future leaders of the world. Who dares to say that we have a bad image?”

“Hmm, that’s true. That li Yunxiao is really terrifying, and so is that sea tribe’s runxiang. Fortunately, li Yunxiao is crippled, but I wonder how runxiang is doing.”

“I think it’s about the same. Even if he’s not, that’s a matter of the outsiders. We don’t have to worry about it.”

After the two of them finished speaking, they turned into a ray of light at the same time and fell towards the red moon City to find a place to heal their injuries.

Not long after the two of them left, the sky suddenly twisted slightly, and a figure walked out from it. Every step he took was like stepping on the water, creating ripples. Layers of Twilight silently appeared, as if to welcome his arrival.

The man’s sideburns had already turned white, and his face seemed a little stiff and cold, like a piece of white marble. He slightly raised his chin, closed his eyes, and sniffed the air, as if he was enjoying the fragrance of flowers.

it’s indeed the taste of the ten regions realm. The Qi of the true dragon and the spiritual force, but too little, too little.

The man was the one who had come out of the dungeon and was called Murong Zhu by Yunxiao. After sighing with emotion, his figure gradually disappeared into the twilight, and the earth began to turn dark.

But this night in Red Moon City was a sleepless night for most people. Almost all the restaurants were brightly lit, and all of them were talking about today’s battle, their saliva flying everywhere as if they were the ones who had participated in the battle. They even described Yunxiao and runxiang’s mental activities at that time very clearly. With great interest, they did not rest all night, and the business lasted until dawn.

The next day, the Warriors who had talked all night and drank almost all the wine came to the central square again in high spirits. However, they received news that the Jiang family’s second young lady had been frightened by last night’s battle and had fallen quite sick. The experts of Red Moon City had taken her to seek medical treatment elsewhere. In order to keep their promise, another woman of the Jiang family had taken her place as the object of the joust for a spouse. Not only had the dowry not been reduced, but there had also been some more treasures. However, the moon Pearl of the East Sea and the Dragon’s Secret treasure had been replaced.

Everyone felt that it was strange. He was fine yesterday, how could he be so sick overnight? moreover, the red moon City was one of the seven major forces in the world. If he could not be cured here, where else could he go?

However, no one dared to come out and complain. Moreover, there was another woman of similar beauty to replace her, so the dowry did not decrease but increased instead, so no one had anything to say. As for the Jiang family's woman who had replaced him, she was naturally a woman of marriageable age randomly found in the branch family.

However, Jiang Churan and ruan Hongyu didn't show up for today's competition. Instead, they sent an elder to host it. The invited guests were all present. Although they had guessed the inside story of the sudden change in the red moon City, it had nothing to do with the various forces, so they didn't bother to say anything.

They were more concerned about Yunxiao's injury. However, after he was taken away by ning keyue, he had gone straight to peach blossom Cove, which was a forbidden zone that she had created. Even the top echelons of Red Moon City did not dare to enter it without permission, so there was no news about him. But, judging from the Jiang family's current attitude and the results of their personal investigation yesterday, Yunxiao would definitely be crippled, so there was no need to pay too much attention to him. So, one by one, they enjoyed their tea and watched the competition.

master, how is big brother Yunxiao? quickly tell me, okay?"

In the peach blossom Cove, Jiang Ruobing was as anxious as an ant on a hot nest. She could not calm down and was jumping up and down like a rabbit.

However, she was at the bottom of the river next to the peach tree, wrapped in a huge bubble. No matter how she struggled, she couldn't break it. What she didn't know was that her voice couldn't be transmitted out of this bubble, so no matter how she shouted, it was useless.

There was a small bridge on the river that connected the pavilions in the North and the South. It extended along the winding corridor and passed through a Lotus Garden. It was a huge secret training room.

Most secret chambers were built underground or in secret places, but this secret chamber was directly located at the end of a row of buildings, showing the owner's incomparable confidence that no one would dare to disturb him without permission.

The only person who dared to do so had already been sunk to the bottom of the river by her.

The secret chamber was filled with all kinds of complicated array lines and symbols, and Yunxiao was lying in the middle at the moment. An array on his lower body was absorbing the amazing power of the primordial core around him and pouring it into his body.

Ning keyue, on the other hand, was sitting cross-legged on the side. She seemed to be resting with her eyes closed, but she was actually monitoring the changes in Yunxiao's body every minute, and the worry in her heart had never stopped.

The recovery power of Yunxiao's body was far beyond her expectation, and the absorption of his primordial core was also amazing, which had long exceeded the strength of a six-stars martial Supreme. However, considering his real battle strength, ning keyue didn't take it seriously at first. She thought it was normal to absorb more, but this "bit" was actually fifty times more than that of an ordinary six-star martial Supreme!

And it was still absorbing endlessly, as if there was no end.

A drop of cold sweat trickled down ning keyue's forehead. She wondered if she should find a ninth-tier Alchemist to take a look. But, in that case, she would not be able to hide the fact that Yunxiao's dantian was not damaged, at least not from Jiang Churan.

"Could it be that there's really a problem with his dantian, and he can't gather Qi?"

Thinking of this, ning keyue was shocked. She quickly checked it carefully and found that it was not the case.

my dantian is full of energy. The yuan power I absorbed seems to have been completely digested by my body. What kind of magical power is that three heads and six arms Dharma? it looks too amazing, and its

defense is also extremely abnormal. I'm really lucky to be able to survive under the power of the true dragon!

Although the state of the true dragon that Yun Xiang had conjured was very limited, it still contained the power of ten directions. Even a low-level martial Supreme would definitely die, and it was not something that a martial Supreme could block.

"Eh? It stopped?"

Just as Yunxiao's body had absorbed eighty times the primordial energy of an ordinary six-stars martial Supreme, he finally stopped.

Ning keyue hurriedly sent her divine sense into his body and checked his dantian first. After all, that was the most important place.

"What's going on with this Yingluo?"

She was taken aback when she found that Yunxiao's dantian had completely disappeared, replaced by the black fiend energy!

...

Suddenly, a devilish aura was emitted from his body. All kinds of black patterns began to appear on his repaired body. They were intertwined and seemed to follow some kind of law as they gradually covered his entire body.

Just as ning keyue was panicking and at a loss of what to do, Yunxiao suddenly opened his eyes, which were a demonic purple!

"BOOM!"

Yunxiao, who was lying on the ground, suddenly turned over and immediately slashed out a saber beam at Ning Keyue. At the same time, he retreated a distance in an instant, his whole body on guard.

The saber flare was nothing in front of Ning Keyue. She reached out and destroyed it with her hand. Her eyes turned serious as she said, "Who are you?"

Anyone who saw Yunxiao's look would know that he had been possessed by something else.

"Ha, haha!"

Yunxiao suddenly laughed wildly and said with excitement, "Finally, I can finally control this body! Not only the strength of my body, even the profound armaments in my body are all under my control! Ha, haha, hahaha, that's great!"

He couldn't suppress his excitement. His face was flushed as he muttered to himself, "With this powerful body and those perverted profound level weapons, I even have the capital to compete with those clones! Haha, that's great! After absorbing those clones, I'll be the demon master of this era!"
