

The Eternal 861

Chapter 861-defeat

It was not until this moment that Hanxuan showed a little worry, but when she turned to look at Yunxiao, she saw a sneer and mockery in his eyes. Only then did she relax and watch the show with peace of mind.

She thought to herself, 'the man in front of me is known as the number one rising star in the realm of heavenly martial arts!'

"Elder li!"

Liu Jingshan cried out in grief and anger as he immediately charged toward an old man who had suddenly appeared in front of him.

The old man directly stretched out his hand and made a gesture to interrupt, and slowly said, "I know. Fortunately, this old man had come to Tianhai town for some business, or else I wouldn't have been able to deal with this situation."

The crowd was shocked and their expressions changed. Almost everyone had realized that the old man in front of them was a martial sovereign of the ninth heaven.

The overall strength of Haitian town was not strong. A Martial Emperor expert was enough to cause a great shock. The people of the major Chambers of Commerce began to sigh in pity. The originally one-sided situation was completely suppressed. With a Martial Emperor in charge, the thunderwind Chamber of Commerce would be safe.

As for the damage to his reputation, he could easily salvage it by putting on a few acts. The only difficult thing to do now was that Liu Jingshan had killed si deyuan and had to accept the investigation of the sea of soul formation. However, that was easy. As long as he completely took over The Purple Cloud trade union, he could just push all the blame onto The Purple Cloud trade union and get away with it.

Such a powerful force was still so vulnerable in front of a martial Supreme!

In this world, all schemes and intrigues were nothing but clowns. Only strength was eternal!

“Are you going to kneel down and admit your mistakes, or do you want me to do it?”

Elder Li said unhurriedly. The expression on his face was languid, as if the millions of people in front of him were nothing more than ants in his eyes, not worth a mention.

The faces of the people of The Purple Cloud trade union turned pale. They were all on guard, and no one dared to make a sound.

“Tsk!”

what? ” Yunxiao sneered disdainfully. are you trying to suppress justice with force? ”

“Justice? Hahaha!”

Elder li threw his head back and laughed, then gave Yunxiao a contemptuous look and said with a sneer, ” “Where is justice in this world? The one with the bigger fist was justice! Little kid, go home and drink milk for a few years before you come out! However, the premise is that all the people of The Purple Cloud Chamber of Commerce must kneel in front of our Chamber of Commerce in a row until we are satisfied, and then you will have a chance to live.”

“Aren’t you going too far with your bullying?”

Angry voices suddenly rose from the crowd. Everyone was surprised. At this time, there was still someone who wanted to be the first bird? Wasn’t that like an old man hanging himself and looking down on his life?

The crowd parted, and an old man walked out. He cupped his fists and nodded, ” “I’m ju Anran, the president of the Haitian Town Branch of Tianyuan trading company. Your conditions are too harsh!”

It turned out that he was from Tianyuan trading company. Everyone couldn't help but wonder if Tianyuan trading company was behind this incident.

Elder li sneered, "a branch president also dares to fart in front of me?" If I find out that you're behind what happened today, don't blame me for loosening your bones without considering the merchant Union's feelings!"

Ju Anran's expression changed drastically, but he still argued, "Although strength is the most important thing in the world, justice still exists in the hearts of the people. Even if elder li suppressed us with martial arts today, when the headquarters finds out in the future, they will definitely send even stronger martial artists over, and it will definitely cause a war between the two associations. At that time, I'm afraid that even elder li would find it difficult to bear this responsibility, right?"

"Haha, responsibility? How could the senior management of Tianyuan trading company start a war with thunderwind trading company for you ants? Don't you think you're overestimating your status?"

Elder li sneered without the slightest attempt to hide it, "A bunch of goons trying to show off their existence in front of me, bah!"

He directly spat out a mouthful of phlegm, which transformed into a strong wind that directly pounced on ju Anran's face.

Ju Anran was gobsmacked. He struck out with his long saber in horror, displaying a set of exquisite saber techniques, instantly flashing out layers of Saber Light, swallowing and spitting.

"Bang!"

The overlapping layers of Saber Light were actually completely annihilated by that thick phlegm. Ju Anran's entire person was sent flying, crushing a large part of the crowd.

The crowd was even more shocked. This was the might of a martial Supreme, and no one dared to make a sound!

“Hehe, Haha, haha!”

Suddenly, a person laughed. From the light laughter at the beginning, it turned into a loud laugh. Then, he even started clapping and cheering. “Amazing, amazing! Elder Li’s spit was wonderful!”

Everyone looked at Yunxiao in shock, wondering if he had gone crazy. Or did he surrender to the might of the Martial Emperor and change his side?

Other than Luan Xuan, everyone in The Purple Cloud Chamber of Commerce had ugly expressions on their faces. Elder Wu’s face was ashen, and he sighed inwardly. The president didn’t listen to his advice, but followed this reckless and ignorant kid. Now, he was finally in trouble, and he was afraid that he would die in the line of duty.

Elder Li’s eyes turned cold as he stared at Yunxiao and said, “Why, do you want to enjoy it too?”

“Hehe, it’s nothing. It’s just that Yingluo ”

The smile on Yunxiao’s face gradually froze as he said coldly, “It’s just that I’m a bit of a clean freak. Whenever I see someone spitting on the ground, I can’t help but ask him to eat back what he spat out!”

“Eh? You’re looking for death!”

die! elder li roared as he made a grabbing motion in the air. Emperor Qi condensed in his hand, and Yunxiao’s body was pulled over by a force!

Elder Li’s face flickered, and a bad feeling suddenly spread in his heart. Yunxiao’s body was undoubtedly caught by him and he was flying in the air, but there was no panic on his face. Instead, there was a look of ridicule!

This kind of calmness was definitely not an act, because a person’s eyes would not lie!

But, Yunxiao’s eyes were filled with killing intent and pity!

“What? Is he pitying me? Is he crazy?”

There was a huge question mark in elder Li’s mind, but the uneasiness and fear in his heart intensified.

Suddenly, a gentle breeze blew over, making him feel a slight chill. He was instantly shocked. With his strength and cultivation, how could he be cold from the wind? he hurriedly struck out with his palm.

Colorful clouds suddenly appeared in the sky, and the wind grew stronger and colder.

Under the colorful cloud, Yunxiao seemed to be stepping on a breeze as he gently thrust out his palm. The power of laws condensed out of thin air and turned into a palm that fell down!

“I’ll take the wind and cloud!”

“What? The power of regulation?”

Elder li was completely dumbfounded. The power of regulation that could only be displayed by a martial Supreme had actually appeared on the body of a martial honor! He hurriedly increased his strength, pouring all his essence force into his palm, and slapped it out with a loud shout!

Even if the other party could inexplicably display rule force, he was a genuine martial Supreme after all. Thinking of this, his confidence recovered a little, and he roared and attacked.

“Bang!”

Under the shock of the two huge forces, the sky changed color and the wind and clouds swept!

...

It was only at this moment that elder li realized that he had thought wrong. His entire brain instantly lost the ability to think, and his internal organs shattered on the spot. He spat out a large mouthful of blood and was directly sent flying, falling far away on the ground.

“This bi an ...”

Everyone lost their ability to think in an instant. The entire place became silent, as if tens of thousands of people had left. There was not a single sound, and it was so quiet that it was strange.

Wasn't that elder li a Martial Emperor powerhouse?

Everyone's gazes looked over in a daze, only to see elder li currently trembling as he swallowed large amounts of medicinal pills. His face was as pale as paper, and his eyes were filled with terror.

As for Yunxiao, who was thought to be dead for sure, he was standing with his hands clasped behind his back and looking at the people of the thunderwind Chamber of Commerce with a calm face.

“?!”

Liu Jingshan was the first to react. He sucked in a breath of cold air and screamed as if he had seen a ghost. He was so frightened that he retreated with all his might.

“Don't, don't come over!”

This time, he was completely terrified. A Martial Emperor powerhouse could not even withstand one of his palm strikes? Who was this young man?

The same question arose in everyone's heart, and they were all dumbfounded.

...

Ju Anran was stunned for a moment, and then smiled bitterly. It turned out that he had been an unnecessary person to stick up for, and had made a fool of himself instead. But, he was also shocked in his heart, and he could not help but speculate about Yunxiao's identity.

After a short moment of shock, The Purple Cloud trade union members burst into cheers.

Who had ever seen a battle like the one that sent a Martial Emperor flying with a single palm strike?

Elder Wu was petrified, his brain unable to think. He finally understood where the president's blind confidence came from. It turned out that he was short-sighted.

The sudden reversal of the situation was hard for everyone to adapt to. It was only when Liu Jingshan's anguished wailing that they came back to their senses.

"Am I seeing things? This young man sent a martial sovereign flying with a single palm strike?"

"This is fake, right? Don't tell me that the two Chambers of Commerce are working together to put on a show?"

"Definitely! This young man will definitely take out pills and equipment to sell later!"

tsk tsk, to be able to invite a Martial Emperor to star in it, how much money did they spend!

While everyone was waiting quietly for Yunxiao to take out some pills to sell, they saw him walking toward the thunderwind Chamber of Commerce and saying coldly, "Just now, elder li gave us a good idea. Everyone, kneel in a row and confess your sins. Tell us everything about how you framed The Purple Cloud trade union. Don't miss any of the evil deeds that you've done."

His eyes gradually turned into blood moons as he began to cast eye sorcery on the people of thunderwind Chamber of Commerce.

As their backs were facing the rest of the people, no one understood what was happening. They could only watch in shock as the people of the thunderwind Chamber of Commerce began to kneel down one by one, including Liu Jingshan. All of them knelt down in an orderly manner.

“Liu Jingshan, what are you doing!”

In the distance, the heavily injured elder li, who had swallowed a pill, said angrily, “You actually don’t have any backbone at all!”

Liu Jingshan’s next words surprised everyone. He shouted, “Backbone? It’s not that I don’t have a backbone, but it’s great to know my mistakes and change! Elder li, stop being so stubborn. Let’s kneel in a row and fight for The Purple Cloud trade Union’s forgiveness. We’ll get a chance to start over!”

Chapter 862

862 City Lord Liao yangbing

“Pfft!”

Elder li, who had just swallowed a large number of medicinal pills and his injuries had slightly improved, was so angry that he spat out a mouthful of blood again. His internal injuries were rapidly deteriorating!

not bad, not bad. President Liu’s performance was very good. You can get a chance to be treated leniently.

Yunxiao narrowed his eyes and smiled. now, tell us all the despicable things you have done in front of everyone. As long as you can get everyone’s original place, The Purple Cloud Chamber of Commerce will not make things difficult for you.

“Yes, yes! Thank you, everyone, for your magnanimity!”

Liu Jingshan’s face was full of remorse as he began to recount his evil deeds in tears. The martial artists kneeling beside him also added a few sentences from time to time, fighting to repent.

Although this scene was very comical and caused everyone to snicker in private, in the eyes of the major forces, it was unprecedentedly serious.

The thunderwind Chamber of Commerce had The Purple Cloud Chamber of Commerce in their grasp, no matter how one looked at it. Not to mention, they had the help of si deyuan, an eighth-tier Alchemist, and a Martial Emperor lurking among them. There was no possibility of them failing. However, they had actually lost in such a sure-win situation, and they had lost completely.

The power displayed by The Purple Cloud trade union had shocked everyone, especially the young man in front of them. He had injured a martial Supreme with a single palm strike, which meant that he must be a martial Supreme himself!

In the beginning, the crowd was gloating at the misfortune of Liu Jingshan and the others as they repented. However, as they listened on, their expressions changed drastically.

“What? You guys were the ones who poisoned a large number of people last time just to sell the antidote?”

“I didn’t expect that the molesting of a boy was true! No wonder it’s so common to hear that little boys go missing in the city. Damn it!”

“Nonsense! What a load of nonsense! How dare you frame my money gang for colluding with you! Liu Jingshan, I’ve never known you!”

In addition to some embarrassing things, Liu Jingshan also began to talk about how he secretly schemed against the various Chamber of Commerces and formed cliques. In an instant, many of the Chamber of Commerces ‘expressions changed, and they all stood up to rebuke him.

kill him, kill him quickly! He’s full of nonsense!

An old man stood out and said to Jiang qianrong, ” President Qian Rong, this person is spouting nonsense and slandering everyone. His crime is unforgivable and can not be forgiven!

Jiang qianrong stared at the man coldly and said, "So it was you who robbed my goods last time! Old fogey, I'll deal with you after the thunderwind Chamber of Commerce is done!"

Hanxuan, "Yunxiao suddenly said, "take out a book and write down everything that has happened to us, Tianyuan Chamber of Commerce, or some of our friendly Chambers of Commerce. Record it down. After they're done confessing, we'll go check them out one by one."

"Yes."

Hanxuan smiled with an indescribable charm. A woman would only show her greatest beauty in front of the man she loved.

As soon as he said that, many presidents' faces changed and they started to shiver.

The infighting between the Chambers of Commerce had never stopped. It was common for them to form cliques and secretly attack each other. It was also common for them to attack Tianyuan Chamber of Commerce and its Affiliated Chambers of Commerce. Now that Liu Jingshan had mentioned it one by one, the people outside the Chamber of Commerce frowned and sighed at how messy the circle was.

Just as Liu Jingshan was complaining in tears, the sound of the wheels of a horse carriage turning could be heard from afar.

Everyone turned their heads, and someone immediately cried out, "It's the city Lord's carriage! The city Lord is here!"

Immediately, someone made way for the luxurious carriage to move on the road towards the gate of the Thunder wind Chamber of Commerce.

Everyone held their breath, knowing that this matter had gone through the roof. Not only was the Martial Emperor injured, but the thunderwind Chamber of Commerce was also completely destroyed. Moreover, it was related to the death of Si Deyuan, an eighth-tier Alchemist. If it was not handled well, the sea of soul formation would send someone here to make a transfer, which would be a great trouble for the city Lord.

The horse carriage stopped in front of Liu Jingshan, and there were more than ten guards and maidservants following behind it.

“What’s going on?”

“Where’s master si deyuan?” a stern voice was heard from the carriage. I heard that he was also captured.”

“It’s the city Lord’s voice!” Someone exclaimed.

Liu Jingshan turned a blind eye to the city Lord’s arrival. He was still expressing his bitter regret, as if he was addicted to it.

Elder li was shocked and hurriedly struggled forward, shouting, ” “City Lord, city Lord, please be wise and seek justice for our thunderwind Chamber of Commerce!”

He was afraid that The Purple Cloud trade union would beat him to it, so he hurriedly said, ” The Purple Cloud Chamber of Commerce brought people to cause trouble. Not only did they injure many people of the thunderwind Chamber of Commerce, but they also killed master Jia si deyuan!

“What? What did you just say?”

A furious roar came from within the carriage. Immediately after, a figure shot out. A man directly lifted up elder li and roared in rage, ” “What did you just say? Master si deyuan is dead?”

Elder Li’s body was directly jolted by the other party’s aura. His already heavily injured body was suppressed to the point of extreme discomfort. He was completely unable to speak. He could only use his finger to point at the completely destroyed prison cart in the distance, as well as the corpses inside.

The man threw elder li away and arrived beside the corpse in an instant. He immediately confirmed that it was indeed si deyuan.

“Anger, anger! Who, who did it?”

The man was the city Lord, Liao yangbing. He had thought that it would only be a large-scale battle between Chambers of Commerce. He had only come to take a look after hearing that si deyuan had been involved. He had not expected to see si deyuan’s corpse.

At this moment, he was like a volcano that was about to erupt. He roared repeatedly and his murderous eyes flashed across everyone. He said coldly, ” “Who is it? Who did this?”

Yunxiao thought to himself, ‘a four-star Martial Emperor is indeed a powerful force. He laughed coldly. thousands of people witnessed master si deyuan’s death with their own eyes. You can ask anyone you like, city Lord.

“Eh? How did the master die?”

Liao yangbing’s Qi made everyone shiver. Finally, someone couldn’t help but say, “Liu Jingshan killed him with a single palm!”

“What?”

Liao yangbing was shocked and teleported right in front of Liu Jingshan. He was about to strike out with his palm in anger, but he suddenly stopped mid-strike and asked coldly, ” “Did you really kill master?”

Wuwu, I killed him. I’ve sinned so much that I deserve to die!

Liu Jingshan cried bitterly, his face full of grief and indignation. He cried so hard that he could even wail at the heavens. It was an extremely miserable sight.

“Damn it!”

Liao yangbing was furious. Without any more suspicion, he kicked the man into the wall and knocked him out.

With his anger, he would definitely tear him to pieces. However, now that the matter concerned the sea of soul formation, they might send someone to investigate, so he had to keep him alive to deal with the questions of the sea of soul formation.

“My Lord, my Lord! Although master si deyuan was killed by Liu Jingshan, he was framed by the people of The Purple Cloud trade union!”

Elder li was shocked. He endured the pain and struggled to come forward. Now Liao yangbing had become the only possible Savior of the Thunder wind Chamber of Commerce. He must seize this opportunity!

“And who are you?”

...

Liao yangbing could also see elder Li’s cultivation base of a Martial Emperor. He was secretly surprised because he did not find any powerhouse who could injure a Martial Emperor here.

he is an elder of the thunderwind Chamber of Commerce,” Yunxiao said. he is also an accomplice in master si deyuan’s death. City Lord, you can ask these penitent people and you’ll know.”

He looked at the cultivators kneeling on the ground, and one of them immediately spoke up.

However, the matter of Yunxiao imprisoning si deyuan in the prisoner’s carriage was omitted, and the focus was on the schemes of the thunderwind Chamber of Commerce, which had stained si deyuan’s reputation. Then, Liu Jingshan and elder li had killed master si deyuan, and The Purple Cloud Chamber of Commerce had failed to rescue him.

“Dammit! The thunderwind Chamber of Commerce has gone too far, they deserve to die!”

Liao yangbing was furious. He kicked out and exploded elder Li’s dantian, killing him.

The pitiful elder li thought that his Savior had arrived, but he did not expect it to be a fiend, dying in vain just like that.

After the kick, Liao yangbing suddenly realized that something was wrong, but the man was already dead, and there was nothing he could do. He still felt that something was wrong. It shouldn't be so simple.

Pa, pa, pa!

Yunxiao clapped his hands and laughed. "Good, good kill! City Lord, you punish the evil and promote the good, you're a big man!"

Everyone from The Purple Cloud trade union also began to clap and cheer. Everyone's face was full of smiles.

...

Liao yangbing's face slowly darkened. He felt that there were many suspicious points in the man's words. Now that he thought about it carefully, there were many loopholes. For example, why did they kneel here and repent? why did master si deyuan anger Liu Jingshan? none of them made sense.

He wasn't a fool, and he immediately knew that he had fallen into someone else's trap.

It was not a big deal to kill elder li, but he was afraid of angering the thunderwind Chamber of Commerce behind him. Once the responsibility was pursued, his strength was not enough.

But in front of thousands of people, he couldn't show that he had fallen for the trap or regret. Otherwise, where would his face and dignity be?

Looking at this matter and the current situation, it was undoubtedly The Purple Cloud trade Union's doing. However, the situation was irreversible now. The thunderwind Chamber of Commerce had to be

convicted of the murder of si deyuan. This would be an explanation to the sea of soul formation and the headquarters of the thunderwind Chamber of Commerce.

Liao yangbing glared at Yunxiao with eyes full of killing intent, then said slowly, " "Although the evil person who killed master si deyuan has been executed, this is only to avenge the master. I don't think today's matter is as simple as it seems. I will definitely investigate it thoroughly! You all live in Haitian town, so please give me some face and try to control your behavior in the future!"

"Definitely, definitely!"

All the Chamber of Commerce's presidents nodded. Liao yangbing was the number one master in Haitian town, so no one dared to disrespect him.

Liao yangbing then said, " everyone, please leave. The Presidents of the Chamber of Commerce will come to my mansion tomorrow. I want you to explain everything that happened today. In addition, I have another matter to discuss with you all!"

Chapter 863-Mantis trying to stop a car

Liao yangbing had already realized that today's matter was a huge circle, and there might be more problems if he stayed any longer. What he needed to do now was to figure out the whole thing, and not be dragged around by the nose.

After that, he got into the luxurious carriage and drove away. He didn't wait for the others to reply if they agreed or if they were free. However, no one dared to be busy. If they were busy, they would basically be waiting for death. Even if he wanted to get rid of you, he would play you to death in secret.

Liu Jingshan was also dragged away by his men. This was an explanation for the sea of soul formation, so he could not die.

After Liao yangbing left, Yunxiao said, " "The city Lord is really righteous. As soon as he appeared, he executed the chief villain and caused the collapse of the Thunder wind Chamber of Commerce! The Purple Cloud Chamber of Commerce has played a major role in cracking down on the delinquents of the

Chamber of Commerce. I suggest that The Purple Cloud Chamber of Commerce take over the market share of the thunderwind Chamber of Commerce in Haitian town. What do you think?"

"What?"

This caused an uproar. Except for the Chamber of Commerce under the Tianyuan Chamber of Commerce, everyone shook their heads and protested.

Yunxiao was a little surprised by the crowd's intense reaction.

Hanxuan replied softly, "merchants value profits, and the market is where their lives are." Although you've intimidated everyone with your means, I'm afraid it won't be easy for you to monopolize the shares of the thunderwind Chamber of Commerce."

The president of the money Chamber of Commerce said coldly, "if the thunderwind Chamber of Commerce quits, the cake left behind will be huge. I'm afraid The Purple Cloud Chamber of Commerce alone can't swallow it. There's a saying that goes, "a greedy snake can't swallow an elephant." Don't be afraid that you'll die from overeating!"

if we can't finish it, we can share it with our friends," Yunxiao snorted. but we've worked so hard to drive away the Tigers and wolves, so it's a little unreasonable to let a non-friend have a share of it.

"Hehe, you chased away the Tigers and wolves?"

The president of the money Chamber of Commerce sneered, "if we didn't work together to stand on your side, would the Thunder wind Chamber of Commerce yield?" Besides, if you take it all, I'm afraid we'll have to boycott your purple cloud trade union and isolate you. Our friends won't be able to have fun together!"

"Oh? That awesome?"

in that case," Yunxiao said coldly, "let's not play together anymore. Tomorrow, I'll start to send people to take over the thunderwind Chamber of Commerce's business. If any of you are unhappy, you can

come out and say something. I don't mind taking your territory as well. At most, The Purple Cloud trade union will work hard and take all the business in Haitian town. I don't believe that I will be stuffed to death."

"Hmph, arrogant!"

The president of the money Chamber of Commerce sneered, 'you think you're invincible just because you're a martial Supreme? Which of the seven Chambers of Commerce doesn't have a large number of martial Supremes? if you're too presumptuous, there's no guarantee that the higher-ups won't send someone to clean up the mess. By then, The Purple Cloud Chamber of Commerce will be playing with fire!"

"It is! The Purple Cloud trade union is nothing in the merchant Union!"

His words immediately resonated with everyone, and they all voiced their support, as if they would not retreat even if they died.

Hanxuan also sent a voice transmission to him. young master Yun, let's put this matter aside for the time being. It's already a surprise that we can bring down the thunderwind Chamber of Commerce. This market is too big, and it's difficult for The Purple Cloud Chamber of Commerce to swallow it alone.

Yunxiao ignored him and stared coldly at the president of the money Chamber of Commerce as he sneered, " "Money Chamber of Commerce, right? Hanxuan, did Liu Jingshan mention anything about the money Chamber of Commerce plotting against us in his confession?"

"There are!"

Hanxuan took out the notebook she had just taken down and read, " last year, a batch of sea beast cores was purchased. After they were transported out of the ocean Sky town, they were robbed by the Thunder wind Chamber of Commerce and the money Chamber of Commerce.

The face of the president of the money Chamber of Commerce changed, and he flatly denied, " "Absolutely not! Liu Jingshan is spouting nonsense!"

nonsense or not, ” Yunxiao sneered. we’ll know when I send someone to search your money Chamber of Commerce!

“What? You want to search my money Chamber of Commerce?”

The president of the money Chamber of Commerce was shocked when he heard that. He thought he had heard wrong.

how can you prove your innocence if you don’t search? ” Yunxiao said coldly. Warriors of The Purple Cloud trading company, go to the Chamber of Commerce and search for the inner cores. As playmates, we have the responsibility and obligation to clear the Chamber of Commerce’s name!”

“What? Were they really going to search the money Chamber of Commerce? Is this kid crazy?”

“Heavens, what kind of world is this? You just destroyed the Thunder wind Chamber of Commerce and now you want to attack the money Chamber of Commerce?”

it must be fake. He must be scaring people. I don’t believe that there is such a bold person in the world.

Amidst the crowd’s disbelieving voices, Yunxiao led the people of The Purple Cloud Chamber of Commerce and headed toward the shop of the money Chamber of Commerce.

“How dare you, you Rascal!”

The president of the money Chamber of Commerce finally realized that it was not a joke. He broke out in cold sweat and hurriedly stood in front of the team, roaring, ” if you dare to step into the money Chamber of Commerce, the headquarters will definitely send experts to crush you!

“Get lost!”

Yunxiao said coldly. With a casual wave of his hand, he threw out a palm strike and sent the president flying away, then disappeared into the sky.

“?!”

Everyone sucked in a cold breath. He was actually serious!

None of them knew Yunxiao well, including Hanxuan, or they would not have dared to oppose him from taking over the territory of the thunderwind Chamber of Commerce.

What kind of person was Yunxiao? Why would someone from the sanctuary and soul formation realm care about the opinions of these Chambers of Commerce? Not to mention, it was just a small branch. In his eyes, they were insignificant!

If a Mantis’s arm dared to block a car, then he would directly crush it!

Under everyone’s shocked expressions, the people of The Purple Cloud Chamber of Commerce had completely ransacked the gold and money Chamber of Commerce in front of everyone!

Even ju Anran of Tianyuan trading company could not stand it anymore and tried to stop him many times, but Yunxiao just chuckled and ignored him.

Soon, the large Chamber of Commerce was wiped out, and dozens of cultivators were blown to the ground by him in one move. Some of the stronger ones also saw the situation and lay on the ground, not daring to stand up.

Finally, one of the Presidents of the Chamber of Commerce couldn’t stand it anymore. He stood up indignantly and scolded, “ you dare to go against the world’s condemnation because you have extraordinary strength, but can you be stronger than the Joint Forces of many Chambers of Commerce?”

”

Yunxiao gave him a pitiful look and said, “ “Why are there always people who like to think so highly of themselves?” He squinted his eyes and asked with a smile, “ “Old man, which Chamber of Commerce are you from? Please tell me your name.”

The president's expression changed and he hurriedly covered his mouth, not daring to make a sound.

"Hmph!"

Yunxiao snorted coldly as he looked around and said, "For those who have been exposed by Liu Jingshan to have attacked The Purple Cloud trade union, if the circumstances are serious, you will have to compensate two-thirds of the market business. If the circumstances are not serious, you can compensate half of the market business. You can decide for yourself whether it's serious or not. If it's too little, we'll collect it ourselves. I don't know how much we can collect."

"What? Isn't this forcing everyone to their deaths?"

Finally, it once again incited public anger. All kinds of voices of resistance rose one after another, with a sense of unity.

"Hmph, kid, you're too arrogant! This old man can't stand it anymore!"

A voice boomed like thunder, rumbling like dark clouds. The Emperor Qi of the nine Heavens pressed down, immobilizing all the Warriors of The Purple Cloud trade union.

"This brat is a bit strange. Since brother Zhan Ben has also made a move, I naturally can't hide. If I don't teach him a lesson, he won't know how high the sky is and how thick the earth is!"

...

Another cold voice sounded, and then a figure streaked across the sky and landed on a roof, standing with his arms crossed.

hehe, every generation has its own talents. Let us three old men meet this young man today.

On the roof of another room, a person had suddenly appeared. He was lazily half-lying there, holding a broken wine pot and drinking by himself.

“So it’s brother yiguang and brother Xiangchen. I usually don’t see any traces of you, so I thought you went out to sea to train.”

The voice at the very front sounded once again. It revealed a surprised expression, but it also carried a sense of joy.

hahaha! Xiang Chen laughed, “ we haven’t met in years. When this is over, the three of us should have a good gathering and learn from each other.

“Hmph, you fighting fanatic! I’m afraid you’ve learned a lot of good things!”

Yi Guang, who was standing on the roof with his hands behind his back, had an ice-cold expression on his face. However, a hint of battle intent also burned in his eyes.

Zhan Ben’s voice came over. yes, it’s indeed a rare opportunity. We must meet and Exchange our martial arts insights. Which one of you will go teach this kid a lesson?”

Yi Guang snorted, “ brother zhanben has already made his move. The two of us will be happy to watch. It’s also a good opportunity for you to witness my strength. I wonder how much I’ve improved.”

“Haha, I think brother yiguang is going to be disappointed!”

...

Xiang Chen laughed. with Zhan Ben’s strength, he doesn’t need to be graceful to deal with this young man. He can send him flying with a single slap.

The appearance of the three immediately caused the merchants below to be overjoyed. All of them felt as if they had been doused in sweet dew, and all of their suppressed emotions were swept away.

haha, it’s the Martial Emperor powerhouse who’s hidden in the Chamber of Commerce!

The old man who had questioned Yunxiao earlier burst into laughter. now you know you've caused a big trouble, don't you? Even the hidden experts have been drawn out by you. You're playing with fire and you've brought this upon yourself. Haha!"

All the people of The Purple Cloud trade union were smiling, waiting for a good show. Their faces were full of cold mockery.

young man," Zhan Ben said, "you're very talented, but you can't be too ruthless. Otherwise, you'll die young. Return everything to the Chamber of Commerce and stop making trouble, and I'll let you off this time!"

The old man from the Chamber of Commerce was shocked and hurriedly shouted, "Milord, you can not! This child is meticulous, his strength is high, and his methods are vicious. I hope that Your Excellency can suppress him and prevent future trouble!"

Chapter 864-boundless sea and sky

Yunxiao gave the old man a pitying look, then turned to the sky and said indifferently, "Seeing that you still have good intentions of letting me go, the three of you can leave."

Silence. The entire Hall suddenly fell silent, and everyone was stunned and speechless by Yunxiao's words.

"Hehe, the young man is quite ambitious. It's a pity that you don't know the vast sea and the vast sky. Today, I'll give you a lesson on behalf of your family's Lord and let you know that there's always someone better than you!"

With that, dark clouds gathered in the sky and gradually condensed into a fist beam, which then smashed down at Yunxiao!

The fist radiance was like a meteor, creating a terrifying phenomenon in the sky. Everyone felt as if the end of the world had arrived, and they all had difficulty breathing.

Hanxuan's face changed drastically as she looked at Yunxiao anxiously, her eyes full of concern, fearing that he would not be able to resist the attack.

Yunxiao looked into her eyes and chuckled. "Don't worry. It's just three low-level martial sovereigns."

When he raised his eyes, the smile on his face disappeared and was replaced by a sharp look. He said coldly, "The three of you are the ones who don't know what's good for you!"

With a point of his finger, three Northern heaven cold star swords appeared in front of him. Yunxiao flicked his finger and said, "Demon slaying!"

"Clang"

A long sword turned into a ray of green light and flew straight up, like a dragon leaping into the abyss.

"Star obliteration!"

He flicked his index finger again, and the second sword turned into a ray of black light. It was like the endless night, the sword Qi of death that returned to silence!

"Morning light!"

The third finger flickered, and the last sword was like the first ray of light at dawn, bringing people endless hope and yearning.

In just a short moment, three swords were slashed out and shot toward the three Martial Emperor powerhouses. Three endless sword intents rippled in the air and divided the sky into three regions, each of which was incompatible!

The demon Slayer Sword instantly broke through the martial sovereign's fist radiance and rushed into the dark clouds like a flying dragon. A faint dragon roar could be heard, shaking the strange

phenomenon in the sky. An old man's figure appeared, and he hurriedly drew his sword to meet the attack in shock!

"Bang!"

Zhan Ben's longsword trembled as it met the attack. It let out a sorrowful cry. His entire body was also hit by the violent impact. He was pushed back by the sword Qi, and the air was compressed to the point that it was burning.

The other two were not having a good time either. Yi Guang and Xiang Chen were shocked by the two sword Qi, and only then did they realize that the situation was not right. They moved to receive the attack, but to their shock, they discovered that the power of the sword Art was far above their own abilities!

"Bang!"

"Bang!"

With two muffled sounds, the two's defenses were directly broken. After spraying blood in the air, they fell far away, vomiting blood.

The three swords returned in an instant and stood in front of Yunxiao. With a point of his finger, they were all absorbed into his body. Then, he sighed and said, "Sigh, without the Emperor Qi of the nine Heavens, the power is still not enough!"

This process only took an instant. Everyone's brains crashed, and they couldn't react at all.

The three people who had been so majestic a moment ago, Zhan Ben had been shaken to the point where he was nowhere to be seen. The remaining two were vomiting blood on the ground in the distance. The contrast of this scene was extremely challenging to the human mind, and none of them could understand it.

Hanxuan and elder Wu were completely dumbfounded as well. That's three martial sovereigns! He had actually attacked at the same time and defeated three martial Supremes.

Yunxiao's indifferent voice rang out, "Now you know how high the sky is and how wide the sea is, right?"

Hanxuan's face gradually recovered, but the shock in her heart could not be eliminated in a short time. Although she knew that Yunxiao was the number one among the rising stars, she did not expect him to be so terrifying.

Back in lifire city, the Big Dipper sect's sect master, Zhang linghua, had only just broken through to the martial Supreme realm and was already able to easily intimidate and defeat him. How long had it been since then? He could actually defeat three famous Martial Emperor powerhouses at once!

It was said that Jiang Churan, the city Lord of Red Moon City, had personally declared that Yunxiao would be the number one man in this world in a few decades. At first, Hanxuan thought it was too much of an exaggeration, but now she completely believed it.

"?!"

A wave of cold air spread across the field, and everyone suddenly felt the temperature drop. They felt cold all over and began to shiver.

Especially the old man from the Chamber of Commerce, he was so scared that he knelt down. He was so cold that his lips were turning blue and purple.

A beam of light shot down from the sky and landed beside Yi Guang and Xiang Chen. It was really Zhan Ben. His face was pale. He checked the two's injuries and said heavily, "How are the two of you?"

The two of them took some pills and felt much better. Their pale faces were slightly relieved.

Xiang Chen said bitterly, "I've really stepped on an iron plate this time. What's this kid's strength?" Could it be that he intentionally suppressed his cultivation so that even you and I can't tell?"

Yi Guang's face was also pale. He said with some fear, "He's at least a peak three-star Martial Emperor! Otherwise, he wouldn't be able to fight one against three so easily, as if he didn't use all his strength!"

a peak three-star Martial Emperor, huh?"

Zhan Ben was the best of the three, but he only had a light injury. He said, "Why don't the three of us join forces and try again?"

Yi Guang's expression instantly turned ugly. He said, "From the looks of it, he doesn't seem to have any intention of killing us. If we offend him again, I'm afraid it won't be so good." He was obviously afraid.

"Judging from his three moves, they contain three completely different sword intents, each of which is breathtaking and terrifying," Xiang Chen said worriedly. This brat is too terrifying. Is he really as young as he looks?"

Zhan Ben's idea of trying was completely dispelled by the worry of the two. He shook his head and said, "Is he going to mess around with the Chamber of Commerce's layout in Haitian town?"

Yi Guang said bitterly, "If you don't have the strength, then it's called messing around. If you have the strength, then it's not called messing around. It's called reorganizing." The three of us can't do anything about this, and the only person who can restrain him in the entire Haitian town is probably the city Lord, Liao yangbing."

The three men were dejected. When they saw that Yunxiao had no intention of making things difficult for them, they helped each other up, then turned into a beam of light and disappeared without saying a word.

At that moment, all the people from the Chamber of Commerce fell silent, and no one dared to object to Yunxiao's proposal.

Yunxiao pointed at the President of the Chamber of Commerce and said, "This old man should retire and enjoy his old age. The Chamber of Commerce he's in will give up all of its market share, and the rest

will do as I said before. This young master doesn't have time to waste on ants like you. If I hear any more discordant voices, I'll directly put you all in harmony!"

The old man from before immediately became dispirited. His legs went soft, and he lay on the ground like a dead pig. He no longer had any strength.

The rest of the people were also angry, but they didn't dare to say anything. They all left with their heads lowered.

Soon, a large amount of information was spread out from Haitian town that day. It was all reported to the top by the major Chambers of Commerce. No one was willing to accept the inexplicable loss of market share, and they couldn't afford to take the responsibility.

All the negative emotions were temporarily suppressed, and the people of The Purple Cloud trade union began to get busy, taking over the territories of the major trade unions.

Yunxiao, Luan Xuan, and the others returned to the headquarters of The Purple Cloud trade union first.

In the living room, Hanxuan sent everyone away, leaving only Yunxiao behind. They looked at each other and smiled.

...

young master Yun," Hanxuan said courteously, "you've saved The Purple Cloud Chamber of Commerce again. I'm very grateful. I can't repay you.

why?" Yunxiao laughed. Hanxuan, you don't have to be so polite, right?" I didn't expect to see you in Haitian town. What a coincidence."

Hanxuan laughed, her eyes looking back at the flowing waves, full of tranquility, and said, "The last time we parted, I thought that it would be a long time before I could see you again, but it's only been half a year, and I'm lucky enough to see you again. Moreover, after meeting him today, young master Yun had grown from a quiet young man to a level that others could only look up to. I saw young master

Yun make a move just now, so I'm sure he deserves the honor of being the number one among the younger generation!"

this honor is a disaster, not a blessing," Yunxiao said with a wry smile. if it comes from Jiang Churan's mouth, how many people in the world will come to me for trouble? " Jiang Churan looks like an honest person, but I didn't expect her to be so sinister."

Hanxuan laughed involuntarily. Only someone as carefree as him would dare to comment on the seven sect Masters in such a way. city Lord Jiang is definitely not a person who can speak eloquently. If it's what he said, it's most likely true. The battle with the sea tribe's King seems to have only happened recently. How are your injuries, young master Yun?" Her eyes were full of concern, and she was not just being polite.

I've fully recovered," Yunxiao said gently. thanks to that battle, my strength has improved a lot again. This time, we came to Haitian town for the moon Pearl of the East Sea. Has Hanxuan heard of this item?"

"Moon Pearl of the eastern sea?"

Hanxuan was bewildered for a while. She immediately recalled something and said, " rumor has it that there is a Merman race in the eastern sea that will shed tears towards the moon on a moonlit night. Their tears will turn into pearls, is this the item? "

"It is!"

Yunxiao took one out and lay it in his hand, emitting a soft light that gave off a pure beauty.

"What beautiful pearls!"

...

I've only heard of this item before," Hanxuan praised. since young master Yun needs it, I'll have someone pass down the order to buy it at a high price all over the world.

thank you," Yunxiao nodded and said. I'll have to trouble you then.

Hanxuan smiled, twirled her long hair with her fingers, and said, "If it weren't for young master Yun's help twice, The Purple Cloud trade union would have been destroyed. Not to mention mere pearls, even if you ask Hanxuan to hand over the Chamber of Commerce, it's just a word."

Her words were unhurried, and the faint scent of Rouge spread out. Through his thoughts, the night outside the curtain was quiet, and the moon was slightly bright. A kind of embarrassment was written on his face.

Yunxiao was naturally intelligent, and he had lived two lives, so how could he not understand what she meant? "If that's the case, then I won't thank you."

Hanxuan's eyes flashed with desolation, a secret love creeping into her heart, but unfortunately, the flowing water was heartless, and the flower was hurt alone.

She forced a smile and said, "I'll get someone to make the arrangements. It's already late. Young master Yun, you should rest early."

With her head lowered, her beautiful figure brushed past Yunxiao, leaving a wisp of fragrance in the air.

Chapter 865-neon stone changes

Hanxuan soon arranged a secret room for Yunxiao to rest in, and at his request, she brought Xiao Hong in.

Jiang qianrong felt that it was inappropriate. After all, they were alone, and Xiao Hong was too young, so she was afraid that she would be at a disadvantage.

Hanxuan saw her worry and said calmly, "Don't worry, not to mention this stupid girl, even if a heavenly beauty was in front of him, he would not be moved."

Hanxuan seemed to be a little unhappy.

Jiang qianrong was confused, President, you seem to know this man very well. May I know his background?" she was also very curious about Yunxiao's identity.

Hanxuan glanced at her and sighed, "Who in the world doesn't know you? A few days ago, in Red Moon City, he defeated the sea race's King in one fell swoop and was praised as the number one rising star by the city Lord of Red Moon City. He is the one."

"Argh! Li Yunxiao!"

Jiang qianrong was shocked and lost her composure. She quickly covered her mouth, unable to hide the shock in her eyes.

"That's him," Hanxuan nodded.

Jiang qianrong immediately shut her mouth, and the suspicion in her heart instantly disappeared.

These three words were enough to explain everything. She did not expect her own President to have a friendship with such a legendary figure. This would be a great help to the future development of The Purple Cloud trade union.

But for some reason, the president didn't seem to be happy. There seemed to be a faint worry between his brows.

Jiang qianrong did not ask this question.

This night was destined to be a restless one. All the Chambers of Commerce could not sleep. Other than reporting to the headquarters, they also formed groups and began to discuss how to deal with the situation.

The city Lord's mansion had also sent people to investigate the ins and outs of the matter. The entire Haitian town was brightly lit.

Yunxiao did not enter a meditative state to cultivate. Instead, he turned his eyes into blood moons and began to examine Xiao Hong's body. An hour later, he gradually stopped.

"Did you see anything?" The demonic Dragon's voice came.

yes, I can be sure that this little girl isn't human. I can't tell what she is exactly. There's a force that's blocking my spiritual power.

and what I find the strangest is that this force seems to be a little familiar to Lao Ai, " Yunxiao said thoughtfully while holding his chin.

"Familiar?"

"Since you're familiar with it, why can't you remember?" the demonic Dragon asked in surprise.

it's not that I can't remember it, " Yunxiao said. it's just similar. What on earth is it? " his pupils suddenly constricted, as if he had thought of something, and his face changed drastically!

He stretched out his hand and pointed, and the divine realm tablet shot out from between his eyebrows. Then, he grabbed Xiao Hong, who was still asleep, and flew down.

The time in the divine realm tablet was controlled by him at will, so it was still daytime. With a thought, a stone appeared in front of him. It looked ordinary, but it made Yunxiao feel afraid, and he did not dare to get too close.

"Aegirine!"

The demonic Dragon's figure appeared with a look of horror on his face as he said, " "The aura on this little girl's body is similar to that of the aegirine?"

it's not the same," Yunxiao shook his head and said. but it gives me the same strange feeling.

After the neon stone appeared, its state, which was originally like an ordinary stone, suddenly changed. It opened in the air and slowly became bigger. It was like a dry sponge soaking in water, slowly spreading out, as if it had come to life. It could take a solid form at any time, but it did not change its shape.

The two of them were shocked and immediately became alert. The point was that ning keyue had described the aegirine as magical, so they had to be careful.

After the neon stone expanded, it suddenly opened its mouth like a monster and sucked in a deep breath, immediately swallowing Xiao Hong, who was floating in the air, into its "stomach"!

"?! What?"

Both Yunxiao and the Dragon were taken aback!

Suddenly, Yunxiao threw out a sword incantation and shouted, "Spit it out!"

"BOOM!"

The sword technique struck the aegirine directly. The sky trembled, but it only left a shallow scratch on the surface of the aegirine.

Both of their faces fell. With Yunxiao's strength in the divine realm tablet, he was at least a high-level Martial Emperor. Even a casual slash would have shaken an ordinary ninth-tier Mystic artifact, but at this moment, it only left a shallow mark.

the nature of this aegirine is probably beyond our understanding," the demonic Dragon said. even I, who have lived for countless years, have never heard of such a thing.

After the neon stone swallowed Xiao Hong, its form began to gradually stabilize. It was like a long human figurine that quietly floated in the air. The aura on it was greatly different from before. Other than being strange, it was also filled with hostility.

Yunxiao's face was extremely unsightly as he said in shock and anger, "Xiao Hong has been swallowed and the aegirine has changed. How should I explain this to Hanxuan and Keyue?"

He pondered for a moment and finally pointed his index finger. The Phoenix true flame burned in the air, and the flames immediately placed the entire aegirine into it and slowly calcined it.

At the same time, he also spread out his powerful spiritual sense and carefully observed the changes in the aegirine, afraid that it would burn and endanger Xiao Hong's life.

However, after a while, his face became more and more unsightly. There were indeed some traces of burning on the surface of the aegirine, but they were very shallow. He also found something strange. The temperature of the stone's surface did not rise under the burning of the flame. Instead, it began to drop slowly, becoming colder and colder!

In the end, the Phoenix true flame was gradually blocked by a cold air, and it could not even burn the neon stone's body. It could only spit out flames outside the cold air.

"This is an ..."

The two of them were stunned. That true Phoenix Flame was a tenth-tier item! There was basically nothing that it couldn't transform into. No one in the world had ever heard of someone being able to block its cold energy!

With a solemn look on his face, Yunxiao took back the flame and summoned Little King Kong, the calabash, to touch the aegirine with its hand.

The gourd Little King Kong's huge palm had just fallen, and before it could touch the body of the aegirine, one of its hands was completely frozen. A thin layer of colorful material formed on its arm, which covered its whole body in an instant. Its whole body seemed to be frozen, and it was fixed in place.

That thin layer of multicolored substance seemed to be an extremely powerful ice-attribute existence.

“This thing should be the power of the aegirine itself,” the demonic Dragon said in a deep voice. “It’s activated by itself under the burning of your Phoenix Flame and has become a self-protection state. Now, it would be even more troublesome to get Xiao Hong out. In addition, given the current situation, we can’t even be sure if Xiao Hong is still alive or not.”

Yunxiao remained silent. He had never seen such a phenomenon before. “That little red isn’t human to begin with, and it should have some sort of connection with the aegirine, so it shouldn’t be too dangerous.”

“I’m not as optimistic as you,” the demonic Dragon snorted. Have you ever thought that the little girl’s original body might be the material that this aegirine likes to devour!”

His words immediately made Yunxiao’s face turn extremely unsightly. If that was the case, Xiao Hong would be dead for sure. “When will you ever say something nice? Believe it or not, I’ll throw you over and feed you to the aegirine too!”

The demonic Dragon immediately shut up because he believed him.

...

“Bang!”

Suddenly, with a crisp sound, the colorful thin ice on the gourd Little King Kong broke and turned into colorful fluorescent light.

The gourd Little King Kong seemed to have been seriously injured. Its clumsy and huge body fell backward and directly fell from the air.

Yunxiao’s pupils constricted. With a thought, the calabash Little King Kong was immediately sent to him, and he sent his divine sense into it, trying to understand the changes in the little king Kong’s body.

“What?”

He, who had been calm all this time, finally couldn't help but scream. His eyes were filled with horror as he retreated several steps in the air, as if he couldn't believe it!

“What's wrong?”

The demon Dragon was shocked as well. He had rarely seen Yunxiao lose his composure like this.

Yunxiao's face was extremely unsightly as he stared at the body of the calabash King Kong in silence, as if he could not believe what he was seeing.

The demonic Dragon also sent out a strand of divine sense and said in shock, “Dead?”

At this moment, the gourd Little King Kong no longer had any breath of life. It stood quietly in the air like a profound level weapon, with a dull expression.

...

The demon Dragon's forehead started to sweat as he said, “ he was able to take the gourd Little King Kong's life so silently in the divine realm tablet. Didn't you notice it at all? ”

Yunxiao's face changed several times as he gritted his teeth and said, “ He should have died the moment he was frozen. Its body is much stronger than an ordinary ninth tier profound armament, but now it's completely destroyed. It can't be seen on the surface, but the structure of the materials has been completely destroyed.”

“?! It's been destroyed directly from the structure of everything?”

The demonic Dragon was greatly shocked!

There was a trace of pain in his eyes. Although the calabash Little King Kong wasn't very intelligent, it was still a demon beast after all. Moreover, it had been through life and death with them for so long. It was a bit hard for him to accept that it had died just like that. He said in a deep voice, "Is there any hope of saving him?"

A sad look flashed across Yunxiao's face as he said, "I can reforge its body, but what about its soul?"

this is the boundary stone," the demon Dragon said. you control the rules of everything here. Even if you die, your soul will still be in this world, right? "

Yunxiao frowned slightly and said, "I'll try."

He also felt a little guilty for letting the calabash Little King Kong take such an inexplicable risk. His face turned serious, and he made a hand seal with one hand. He began to operate the great realm divine technique silently and searched the soul of the entire divine realm tablet.

A single thought could travel thousands of miles, and a single thought could last hundreds of years.

The time and space of the entire world were under his perception. Even Duan Yue, who was picking his nose, and the power of Thunder flowing in DarkThunder's body were all under his perception, but Yunxiao's face was getting uglier and uglier.

"What's wrong? Don't tell me you can't sense it?" The demonic Dragon was shocked.

Yunxiao suddenly opened his eyes, which turned into blood moons as he looked into the dead Calabash Little King Kong's body. A complete body began to be magnified and disassembled in his eyes, and all kinds of subtle conditions were examined one by one.

Thank you for your tips, everyone. I'm really in fear and trepidation. The original subscription is the result of my hard work, but the tips are an extra reward from the fruits, which makes me feel uneasy. Today was just Monday, and he had received nearly 20 gifts. This made Taiyi anxious, afraid that he would be unworthy of everyone's love if he did not write well.

Chapter 866-be on guard

A moment later, Yunxiao retracted his gaze and slowly closed his eyes. Clearly, he had consumed a lot of soul power.

After a while, his soul power had recovered to its peak. He opened his eyes and said, " although the colorful ice completely destroyed his body, it formed a beautiful Ice Flower and trapped the soul of the gourd Little King Kong in his heart. It has not died yet.

"That means there's still hope?" the demonic Dragon was overjoyed.

in theory, yes," Yunxiao said in a deep voice. but, how are you going to break the ice Flower and release your soul? " Its most important part, its heart, is also well-preserved, but it's completely still, as if time has stopped."

at least this is a blessing in disguise," the demon Dragon sighed. there's always a way to survive.

'It's a mystery,' Yunxiao said. Moreover, the structure of all living things in this body has been directly destroyed. I don't know if the calabash Little King Kong can recover with its healing properties. Unless it can step into the ninth step of the great emperor realm and activate the power of laws, it can't possibly repair itself."

"We don't know if Xiao Hong is Dead or Alive, how am I supposed to explain this to Hanxuan?" Now that the aegirine has undergone such a great change, I wonder what kind of expression keyue will have when she finds out."

After he finished speaking, he left the divine realm tablet and returned to the secret room.

It was dawn, and Yunxiao walked out of the secret chamber. The matter of the Chamber of Commerce was not yet settled, and there would inevitably be a series of backlash and resistance. He planned to leave Haitian town after everything was settled and make a trip to the sea of soul formation before the opening of the world.

“Young master, you’ve come out!”

A maidservant was waiting outside the door. When she saw Yunxiao come out, she immediately sent a talisman to the jade pendant in her hand and sent out the message.

Soon, Hanxuan, Jiang qianrong, and the others arrived in the blink of an eye. The desolation on their faces had long since disappeared. They smiled and said, “I’ve been waiting for you for a long time, young master Yun.”

Yunxiao nodded and said, “I’ll go to the city Lord Mansion with Hanxuan, and those Chamber of Commerces might gather to counterattack.”

Hanxuan looked at the secret room in surprise and said, “Where’s little red?”

An embarrassed look appeared on Yunxiao’s face. This was a question that could not be avoided. Fortunately, he had already thought of how to answer it. she’s in a very strange state now. Although she seems to have disappeared, she’s actually still here.

Everyone was stunned, not understanding what he meant.

Jiang qianrong revealed a worried expression and said, “Is she safe now?”

Yunxiao was silent for a moment, but he still told the truth, “I don’t know,”

“This bi an ...”

Jiang qianrong hurried into the secret room, but there was no one there. Her face turned pale. She was the one who had brought Xiao Hong back. Although Xiao Hong was a little clumsy, she was innocent and cute. She treated Jiang qianrong like her own little sister. Now, it seemed that Xiao Hong was not in good shape.

Even though she knew Yunxiao's identity, Jiang qianrong still could not help but burn with anger. May I ask young master Yun, what's wrong with Xiao Hong? How could she provoke you to personally investigate her? Now, we don't know if she's Dead or Alive!

I'm sorry," Yunxiao said with an ashamed look on his face. It's my negligence, but I'll do my best to bring that little girl back.

Jiang qianrong was stunned for a moment, then fell silent. She had always been concerned about Yunxiao, which was why she had contradicted him. She would not have dared to do that under normal circumstances, but she did not expect him to apologize to her, which made her a little bewildered.

In the realm of heavenly martial arts, it was said that those super experts could easily slaughter cities and exterminate families. Every time they made a move, it was easy to kill thousands of mortals. It was not an exaggeration to say that mortals were like ants and grass.

Although Xiao Hong was adopted by her, she was just an ordinary little girl. Her clumsy intelligence might not even be considered ordinary. Even if hundreds of millions of such mortals died, it would not make a super expert frown at all. But at this moment, it made Yunxiao feel very guilty and even apologized in a low voice, which made Jiang qianrong feel a little uneasy.

Hanxuan said, "since things have come to this, there's no use blaming." Besides, I believe that young master Yun didn't do it on purpose, and I'm sure he'll do his best to save you." Although she did not know the inside story, she believed and obeyed Yunxiao unconditionally. "It's getting late, I'm afraid Liao yangbing is getting impatient."

The carriages of The Purple Cloud trade union were already prepared, and the group of people headed towards the city Lord's mansion.

There were few pedestrians on the road, and many shops were half-closed. From time to time, people peeked at the vehicles of The Purple Cloud trade union and exchanged information with each other.

Naturally, Yunxiao could not hide this from his divine sense. But, there were no experts in the entire Haitian town, so he did not need to be afraid of anything. Even if the merchant Union did send experts, they would not be able to do anything to him unless they were high-level martial sovereigns.

The crowd soon arrived at the city Lord's mansion. There were many carriages parked outside. It seemed that the Chamber of Commerce had arrived long ago.

don't worry, everyone. Now that I know everything, I will not allow The Purple Cloud trade association to mess around. Although I am not from the merchant Union, I am the Lord of Haitian town. I will not allow anything to disrupt the normal trade of Haitian town!

In the city Lord's mansion, on the main seat, Liao yangbing snorted coldly, " I can't tolerate people scheming against each other. This time, even master si deyuan died an innocent death. Although thunderwind Chamber of Commerce has done something wrong, it shouldn't be removed from the list!

that's right. The Purple Cloud trade association is the main culprit!

An old man was lying on his back in a wheelchair, complaining angrily. He was the president of the money Chamber of Commerce, who had been sent flying by Yunxiao with a palm strike. Judging from his appearance, he seemed to be seriously injured.

The president of Tianyuan trading company, ju Anran, sneered. I also feel that The Purple Cloud trade Union's matter is slightly inappropriate. But we all know who the main culprit is!

"Humph, the thunderwind Chamber of Commerce has been completely removed from Haitian town! Who would believe that you can talk nonsense about all causes and effects?"

The president of the money Chamber of Commerce snorted coldly, as if he could not wait for The Purple Cloud Chamber of Commerce to die.

"Yeah, who would believe that! We don't believe it!"

The crowd clamored. Although they had seen it with their own eyes the day before, The Purple Cloud trade union had already provoked public anger. Everyone had a tacit understanding to fight against it.

Ju Anran's face was full of worry. He knew that The Purple Cloud trade union had gone too far this time. Yesterday, he had personally come to communicate with Hanxuan, but she had turned a deaf ear to him. If he was not careful now, he might invite a disaster.

A young man sitting on the first seat smiled and said, "however, I heard that the powerhouse of The Purple Cloud Chamber of Commerce could defeat three famous martial sovereigns at the same time. This is a little tricky. As far as I know, The Purple Cloud Chamber of Commerce has never had such a strong powerhouse. I don't know about this person's background and strength. Have you found out anything?"

haha, what famous martial sovereign? young master liefeng, don't be misled.

Liao yangbing laughed. although the three of them were martial sovereigns a long time ago, they've made little progress in the past few decades of cultivation. I've been paying close attention to them. They're just three two-stars martial sovereigns with extremely poor aptitudes. As for their combat strength, it's greatly reduced! Originally, I wanted to bring the three of them in today's matter, but I didn't expect their strength to be so weak. It seems there's no need for that!"

The young man was none other than beiming Laifeng. He furrowed his brows slightly and said, "How is it possible for a young man to defeat three two-star martial sovereigns with one move? I know most of the outstanding people in the younger generation, but I've never heard of such an expert. Could he be a disciple of a hidden family?"

Liao yangbing laughed and said, "young master wind, you're overthinking. How can he be a teenager?" He must have a technique to maintain his youthful appearance or a magic treasure on him to be able to show his youthful appearance. From everyone's discussion, this person was at most a three-star martial sovereign. Hmm, if he understands the situation, we can consider roping him in."

"What is the 'matter' that the city Lord has been talking about when he summoned everyone here?" ju Anran asked.

Everyone also looked over. Although Liao yangbing was the Lord of Haitian town, he rarely spoke to the Chamber of Commerce. As long as the Chamber of Commerce paid the protection fee every month, they would not see him once a year.

“It’s great news,” Liao yangbing said with a smile. However, let’s take things one step at a time. Let’s settle The Purple Cloud trade union first.”

Liao yangbing smiled but didn’t say anything, but he felt very comfortable inside. The Purple Cloud trade union had done him a great favor by causing trouble at this time. Strictly speaking, he had something to ask the Chamber of Commerce for help, and now he had a huge favor in front of him. As long as he settled the matter with The Purple Cloud Chamber of Commerce, the people of the merchant Union would feel embarrassed to not help him.

“The Purple Cloud trade union is here!”

Someone suddenly shouted, and the atmosphere in the hall suddenly became solemn. Everyone’s eyes were wide with anger, and a sharp killing intent was released from their bodies. They were ready to meet the enemy in an aggressive manner!

Yunxiao and the others could feel the solemn atmosphere even when they were outside.

“Be careful, everyone!” Elder Wu said in a deep voice. I’m afraid that this meeting won’t be simple!”

...

Yunxiao did not take it seriously. As he walked in, he laughed loudly and said, “There are many bastards in Chi Qian, but no matter how many there are, they are still just bastards.”

A clear voice entered everyone’s ears, and their faces turned green with anger. Each of them cursed angrily.

Liao yangbing’s face changed drastically, and his eyes turned cold. He had the intention to recruit them, but now his eyes were full of killing intent and anger.

Beiming Laifeng’s heart trembled violently. That familiar voice, that familiar arrogance ... When he raised his head, he suddenly saw a familiar face that he wanted to step on. He exclaimed in shock, “Li Yunxiao!”

These three words seemed to have some kind of magical power, instantly intimidating all the killing intent in the area. All the low growling and cursing stopped, and it became silent.

“Yi, isn’t this the head of the four greats of the Western regions, beiming Laifeng?”

Yunxiao was also surprised when he saw beiming Laifeng.

“What? What did young master Lai Feng call this person just now?”

“I didn’t hear wrong, did I? Is he shouting Lu Yunxiao or li yexiao?”

“Li Yunxiao? The number one rising star?”

the one who was praised by the city Lord of Red Moon City as the future number one in the realm of heavenly martial arts? ”

...

Oh my God! He’s Li Yunxiao?!

Everyone was shocked, and their faces turned pale. Even the people from The Purple Cloud Chamber of Commerce, except Jiang qianrong, including elder Wu, were stunned.

So far, there have been 32 gifts today. This Wanwan, she scared me to death! Taiyi still said the same thing, ” everyone, just save your book coins for your subscription. I’m really in fear and trepidation for rewarding you. I don’t know how to repay you. And the monthly votes actually increased by nearly 100 in a day. It really scared me. It had only been a few days since he opened up the channel, and he had rushed from the hundreds of places in the monthly rankings to the 19th place!

Chapter 867-I want to hit you

The president's face instantly turned as dark as a pig's liver, and his body began to tremble. The demonic young man was the world-famous Li Yunxiao!

Liao Yang Bing was also stunned for a moment before he came back to his senses. He turned to look at Beiming Lai Feng, and saw the shock and bitterness on his face. He immediately confirmed the identity of the person in front of him, and he was a little stunned. It seemed that all the countermeasures he had thought of earlier were useless.

Beiming Laifeng smiled bitterly and said, "What a small world. Brother Yunxiao, aren't you still recuperating in the Redmoon city? Why did you come to Haitian town?"

Yunxiao snorted and said with a cold smile, "I've already told you that I have no friendship with your Beiming family, and sooner or later, there will be enmity between us. Please don't try to get close to me."

He didn't hold back at all in rebuking Beiming Laifeng's words, immediately causing everyone to feel dizzy. It had always been others who tried to get close to the Beiming family, when had the Beiming family ever tried to get close to others? However, as the number one person, he had the right to say such words. It was just that he was too arrogant.

Beiming Laifeng was also puzzled. This Yunxiao had disliked him since the first time they met, as if he had a natural hatred for Beiming Dark Palace. I heard that young master Yunxiao's dantian was accidentally destroyed in the battle with the sea tribe's King, and his martial arts Foundation was completely destroyed. Why didn't you try to make up for it? Instead, you came to this seaside city. Could it be that you can't make up for it, so you're here to relax?"

"What? Destroying the dantian and ruining the foundation of martial arts?"

Everyone was also shocked. Although some people had heard similar rumors, they didn't take it to heart at all. Most of the rumors were false. But now that it had come from Beiming Laifeng's mouth, it was a completely different matter. It was much more reliable.

"Ah!"

Hanxuan also cried out in surprise and covered her mouth with her hand. Her face turned pale instantly, and she felt an invisible force pressing on her chest. She swayed a little, and even her breathing was difficult. She did not dare and did not want to believe it, so she raised her trembling eyes and looked at Yunxiao.

Beiming Laifeng's eyes were filled with gloating as he chuckled, you must be the president of The Purple Cloud trade union. I thought you had found a strong backer, but you turned out to be a half-disabled person, right? "

Yunxiao turned his eyes and saw a look of relief in the shocked eyes of the people in the hall. He smiled coldly and said, " young master Laifeng is right. My dantian is damaged, and my martial arts Foundation is destroyed. That's why I'm injured.

His voice suddenly turned cold, like the cold wind from the nine netherworlds. He said coldly, " That's why I'm so desperate now! I'll kill the entire family of anyone I don't like!"

"?!"

Just as everyone let out a breath of relief, they were immediately shocked by these words filled with killing intent. Their hearts were all beating violently, and their faces were pale. Cold sweat broke out on their foreheads, thinking that they had indeed met a madman.

He was the number one rising star with unparalleled talent in the world. No one could stand the fact that his martial arts Foundation had been destroyed and his cultivation base could no longer be improved. It was normal for him to do a series of crazy things. Whoever dared to touch his eyebrows again would be courting death.

At the thought of this, everyone lowered their heads, and no one dared to meet his gaze. The president of the gold and money Chamber of Commerce was trembling non-stop. He buried his head in his collar and didn't dare to stick it out.

Beiming Laifeng stared blankly for a moment. He was also shocked by the killing intent on this man's body, but when he realized that this man's strength would remain the same for the rest of his life, there was nothing to be afraid of. He couldn't help but sneer, "Young master Yunxiao, you're so impressive. You're still so domineering even when your future is completely ruined. Tsk, tsk, I'm impressed."

“Hmph!”

Yunxiao snorted as he took a step forward and said in a cold voice, “I’m sure I’ll be happy to have being Dark Palace’s most promising junior as my scapegoat!”

The aura on his body condensed and turned into a strong wind that directly broke through.

Beiming Laifeng was shocked. He knew how strong Yunxiao was, and he could not resist him at all. So, he hurriedly retreated.

At this moment, the two guards of being Dark Palace who had come with him suddenly shouted and took a step forward. Their Emperor Qi surged out of their bodies and blocked Yunxiao’s aura. The force shook the entire Hall, and a buzzing sound rang out. The faces of the Presidents of the Chambers of Commerce turned pale, and their qi and blood were in turmoil.

Li Yunxiao, ” one of them said coldly, ” we respect you as a hero who has brought honor to our race in Red Moon City. But to put it bluntly, you’re just mediocre. If you dare to disrespect young master, even a hero will have to kneel down.”

Both of them were four-star martial sovereigns, and they had witnessed the battle in Red Moon City. But, they knew that Yunxiao’s peak combat strength was at most on par with theirs, not to mention that his dantian was damaged, which could not be healed so easily. Moreover, there were two of them, so they naturally had nothing to fear.

Yunxiao was not afraid of anything. With the strength of the two men, mo Xiaochuan alone was enough to deal with them. Even if Liao yangbing were to interfere, he was confident that he would be able to suppress him.

Both sides had a fearless look on their faces, unwilling to back down. The atmosphere in the hall suddenly became unusually tense and oppressive. The Presidents of the Chambers of Commerce were all terrified, afraid that these people would fight and they would be the fish in the pond.

Liao yangbing suddenly thought of something, and a smile appeared on his face. He suddenly laughed and said, "Haha, both of you are rare heroes in the world. It's my great fortune to be able to see it today. I've called everyone here today because I have something I need your help with. Please don't hurt our relationship."

since city Lord Liao has spoken, we have to give him some face," the guard said coldly. however, if anyone dares to speak without thinking, don't blame us for crushing the younger generation!

The two guards had cold and arrogant looks on their faces as they retreated. Only then did beiming Laifeng dare to step forward again.

Yunxiao waved his hand and said, " let's put this matter aside for the time being. I also want to hear what the city Lord has to say. But ... he pointed at the guard and said coldly, " "Don't leave, I'm going to hit you."

This Kasaya

Everyone's face was filled with black lines, feeling a burst of madness. How was this a conversation between experts? this was simply a local ruffian!

The guard was also stunned for a moment. He couldn't help but laugh. "Haha, good, good! I'll meet this junior of yours later, the so-called number one rising star!" His eyes flashed with a cold light and killing intent.

Liao yangbing was also sweating profusely, and he shook his head slightly, thinking that Yunxiao had probably given up on himself because his dantian had really been destroyed.

Even Hanxuan began to have the same thought, and her heart ached. She suddenly remembered that Yunxiao had come to Haitian town for the moon Pearl of the eastern sea. Could it be that the Pearl could cure the injury in his dantian? When he thought of this, he felt a little better in his heart. When he returned, he would pass down the order that the search for the bead was the top priority!

But who could know what Yunxiao was thinking at the moment? As his strength gradually approached that of a martial sovereign, his desire to recover his strength became stronger and stronger, and the

attitude of a peak expert was gradually revealed. He pursued the pleasure of an Eagle soaring in the sky and a fish soaring in the shallow bottom. These people in front of him were just ants passing by. In addition, he had always had a grudge against being Dark Palace, so his attitude was naturally not good.

Liao yangbing let out a sigh of relief and glanced around the hall. He had “forgotten” all the methods he had prepared to deal with The Purple Cloud trade union. “I’ve summoned all of you here to discuss something with you. All of you can be considered as the elders of Haitian town, have you heard of the royal family of the East Sea?”

Everyone’s expression changed drastically. Could it be that today’s incident was related to the royal family of the East Sea?

Yunxiao’s expression was stern. He was no stranger to the East Sea, and no one present knew it better than him. He had killed many people from the royal family of the East Sea.

Liao yangbing looked at Yunxiao and said, “Young master Yunxiao, you’ve just fought with the royal family of the North Sea, so you should know that they are extraordinary. Compared to us humans, the sea Race has too much of an advantage in talent and resources. It’s not easy for young master Yunxiao to defeat the North Sea’s royal family at such a young age.”

His tone was filled with sincere admiration as he continued, “the heavenly martial arts realm has been changing for countless years, and the resources available for cultivation on the continent have been getting fewer and fewer. Even the smallest spiritual mountains and treasured lands have been fought for. Over the years, the places with the least change have been the four Seas, which also contain amazing cultivation resources. Everyone here should know about this.

indeed,” ju Anran said. I’ve been in Haitian town for more than 50 years, and I’m very shocked by the resources near the East Sea. God knows what it’s like to be in the deeper parts of the sea. However, the sea race’s people are powerful. Lord Liao, you’re not thinking of snatching the eastern sea’s resources, are you?”

Everyone’s expression changed drastically. Snatching Eastern sea’s resources was asking for death.

Liao yangbing was also shocked and laughed, " "Haha, President ju, don't joke around. I'm not tired of living. It's fine to sneakily get some, but 'snatch' is too scary."

"Due to the sea race's rich resources, many human experts have fled overseas, either establishing their own sects or cultivating on their own to compete with the sea Race for resources." All the sects that had survived were extremely powerful. This Liao also has an old friend who lives alone on a deserted island full of spiritual Qi, cultivating with great concentration year after year. This good friend is also a Guardian of beiming Dark Palace, and his name is beiming Tianlu."

Everyone listened in silence, knowing that what was to be said next would definitely be related to beiming Tianlu.

As expected, Liao yangbing sighed,"brother Tianlu has been overseas for several decades, and there has been no news of him. I thought he had already lost his life in the sea." I didn't expect that a message would be sent out not long ago."

Chapter 868

868 Sea view

Liao Yang Bing shot out a ray of light, which spread in the air and gradually revealed a real Sea Map.

The picture first showed a huge sea view, and then it slowly moved. Although the light screen looked very slow, everyone knew that the inside changed a little and it was already an extremely far distance.

If there were no coordinates such as islands on the sea, no matter how long you flew, you would feel like you were walking in the same place. The sea Map that Liao yangbing showed was moving very fast, so it gave a feeling of moving forward.

From time to time, black dots would flash across the island, and they were all islands that could not be seen clearly.

Everyone was shocked. They didn't know how this light map was created.

Finally, the scene began to slow down. For a moment, time seemed to have stopped moving. In fact, it was only because there was no reference that it seemed to be still. A tiny black dot began to appear in front of everyone, and then it began to enlarge slowly. It was as if they were looking down from the sky, gradually revealing the true appearance of the island.

Yunxiao was surprised. As the black dot gradually expanded, it turned out to be a row of islands. They were not isolated islands, but were connected together, at least a thousand nautical miles wide.

The island was overflowing with spiritual energy, creating a white mist. At a glance, one could tell that it was a wonderful spiritual mountain and treasured land.

“I didn’t expect uncle Tianlu to have such good luck,” beiming Laifeng exclaimed, “to be able to find such a wonderful place in the vast Eastern Sea.”

Liao yangbing also said enviously, “the resources in the four Seas are too rich. Even if we squeeze out a little, it’ll be hard for us humans to resist. The island that brother Tianlu has arrived on is merely one of the hundreds of millions of islands in the four Seas. However, from the looks of it, the spiritual energy here seems to be even denser than that of the seven great sects.”

He gave Yunxiao a look and said, “I’m afraid only Yanwu, which has a new look, can compare to it.

Yunxiao snorted and said indifferently, “Oh? Did you go to Yanwu, city Lord Liao?”

Liao yangbing laughed and said, “haha, I’m already a pile of bones. I’ll just live my life in Haitian town. I don’t want to go anywhere. I’ve heard too much about the famous city of Yanwu from the Presidents of the Chamber of Commerce.”

Yunxiao smiled faintly, but his heart was on alert. He had been away from Yanwu for a year, and he wondered how his friends were doing. Moreover, Yanwu’s spiritual energy seemed to have caught the attention of many people. Although these forces did not dare to do anything openly with the Holy iron token, it was hard to guarantee that they would not play some dirty tricks in the dark.

However, with his current strength, it was unrealistic for him to completely control Yanwu and not allow anyone to touch it. Only by breaking through to the Martial Emperor realm as soon as possible could

Yanwu be regarded as an iron plate. Right now, it was just a fat piece of meat, and no one knew how long the binding power of the Holy iron token could last.

Beiming Laifeng's eyes also flickered. No one knew what he was thinking, but everyone's eyes returned to the seascape.

The island's scenery was gradually revealed. Under the rays of the sun, the island's spiritual Qi rose in spirals, and there was a faint glow of Sunglow. It was a sign of Immortals.

Yunxiao's heart skipped a beat. The faint light seemed to be refracted by the sun, but he felt that it was more like a kind of array.

Liao yangbing didn't say anything, so he kept silent and continued to watch.

The island was filled with mountains and forests, and all kinds of strange trees, flowers, and plants that had never been seen on the continent bloomed in bright purple and red colors. There were also some small animals of strange shapes and sizes.

However, the scenery quickly turned from the island to the surface of the sea. The sea water was clear for dozens of meters, and only after a few hundred meters did it slowly turn dark green. After the time it took to brew a cup of tea, it finally dove deep into the sea.

The seabed map was a little blurry, but it was still visible. Some buildings could be seen faintly in front of him.

Everyone's eyes were wide open. The scene just now had sunk for the time it took to brew a cup of tea. By calculation, it had sunk at least ten thousand meters. If there was a building in such a place, it was definitely not simple.

The scenery began to move forward slowly, and the things in front of them gradually became clear. It was actually a group of abandoned buildings from a long time ago. There were actually many buildings like this in the deep sea. Because there were too many sea tribes in the four Seas, they died out quickly, and often left behind a large number of buildings.

However, the ruins in front of him were not simple. There was a real Dragon engraved on a broken stone door!

“The royal family of the eastern sea!”

Yunxiao was shocked. The Royal clans of the four Seas were all descendants of the true dragon, and only they were qualified to use the pattern of the true dragon as a totem. Once any other race used this pattern, it would be a disaster!

The scene continued to move forward, and the trash became clearer and clearer. Suddenly, the whole scene stopped, as if an invisible force had spread out, making it difficult to move forward even an inch.

Gradually, the sea Map turned pitch-black, and the entire water curtain broke apart, turning into fluorescent light and disappearing.

Only then did everyone return to their senses. Each and every one of them revealed a thoughtful expression, as if they were reminiscing the process.

“This is one of the two messages that brother Tianlu sent back,” Liao yangbing said. “The other message is written in words, but it involves some secrets, so it can’t be fully revealed to everyone.”

we’ve already seen the scenic Sea Map, ” Yunxiao said. city Lord Liao, you should have invited us by now, right? ”

“Of course!” Liao yangbing laughed. Brother Tianlu has explained the situation of these ruins in detail in another set of information. It’s very likely to be the palace of the eastern sea!”

“What? Donghai Palace?”

Everyone was shocked. As the name suggested, the palace was the territory of the royal family of Donghai. Its status was equivalent to the seven superpowers of the human race. How could it be reduced to ruins?

Yunxiao frowned as well. He found it unbelievable, but he did not completely deny it. The palace of Donghai is not in this Sea area, but the true dragon totem that appeared just now could only be used by the royal family. Maybe it's a branch of the royal family.

"It's indeed possible, but brother Tianlu seems to be very certain about it in his message," Liao Yangbing said with a smile. He sent out these two messages to ask for help because he encountered some trouble in the ruins and was trapped in a restriction."

So, the purpose of city Lord Liao's summoning us here is to go out to sea to save someone?" Yunxiao said indifferently. Aren't there experts from the Beiming family here? What use do we have?"

Everyone nodded. For the first time, they felt that Yunxiao's words were so pleasant to hear.

The scene showed that the sea area was already deep in the East Sea. It was a problem whether an ordinary martial artist could reach that far safely. Moreover, without a coordinate pointer, it would be difficult to find it even if one's strength was extremely high. The most important thing was, who knew Beiming Tianlu? Why should he take the risk to save her?

"Hehe, there's strength in numbers!"

Liao Yangbing's eyes were filled with a cold smile. "Also, of course, I won't let you guys do it for free. Brother Tianlu mentioned in his message that this was the ruins of the palace of Dong Hai from a long time ago. Not only was the formation that had been running for countless years preserved, but there was also a huge amount of treasure buried inside. If everything went smoothly, then everything would be distributed according to merit. Everyone here is a merchant, and this is also a business deal. It's up to everyone to decide whether to do it or not."

This matter is too mysterious. There's no trace of it at all. How do we do it?"

"It is! What palace ruins? That's too much of a load of Bullsh*t. It's possible that those reckless races created their own true dragon totems, which led to the extinction of their race."

"Yes, even if there is a Palace site, how could the royal family of Donghai not know? That treasure or whatever is just bait."

“Hehe, it must be that beiming Tianlu is trapped inside and can’t come out. Thus, he made up a story to let people take the risk for nothing.”

Everyone had a disdainful and cold look, clearly not interested in this matter at all.

Liao yangbing looked at the crowd coldly and found that Yunxiao was unexpectedly quiet. He sat there without saying a word, as if he was thinking about something.”What do you think, young master Yunxiao?”

Yunxiao did not say anything because he knew more about the East Ocean than most people.

The current Donghai Palace had indeed migrated here. Even if the ruins were not what the former Donghai Palace had left behind, they were at least important figures in the royal family.

This was because the true dragon totem could only be used by the Orthodox royal families of the four Seas, and it symbolized the Supreme power and faith of the sea Race. Even the branch of the royal family could only use the ancestral totem, which was the son of the true dragon.

In a place like the sea Race, where hierarchy was extremely strict, no race would be stupid enough to get a true dragon totem. That kind of pressure that was immersed in the bloodline was simply difficult to overcome.

The broken gate in the scene map was indeed similar to the current Donghai Palace.

...

I have too little information,” Yunxiao said. I don’t have any opinions. If city Lord Liao can show everyone the complete text of beiming Tianlu, I believe that it will be extremely convincing.”

“Yes, yes!”

Everyone also echoed.

“There are many secrets in that written message,” beiming Laifeng said leisurely. “It’s not convenient to disclose them for the time being. However, if anyone is willing to join us, we will naturally announce it to everyone.”

that’s a joke, ” Yunxiao laughed. it’s like buying something. You can only state the price after you’ve confirmed your purchase. Your beiming family’s business is really good.”

A cold light flashed in beiming Laifeng’s eyes as he snorted, “Li Yunxiao, you don’t have to be so sarcastic! If you’re participating, I’ll naturally welcome you. If you’re not, then you can shut up. As for the reward, other than the reward that city Lord Liao mentioned earlier, the beiming family will also give you another reward. All the martial Supremes who join will be given a ninth tier profound level weapon. As for Wu Zun, he will get an eighth-tier profound armament and three eighth-tier medicinal pills that can increase cultivation.”

“What? A ninth tier profound armament?!”

Everyone was shocked. A ninth tier profound armament was not something that could be found on the ground. How many martial Supreme powerhouses could not get their hands on it in their entire lives?

Chapter 869-plan

Liao yangbing’s face twitched, as if he was shocked by the reward.

Yunxiao was even more certain that the ruins were the old site of Donghai Palace, and beiming Laifeng must have some information, which was why he dared to make such a heavy promise.

“Young master wind, do you dare to take up the responsibility?” someone couldn’t help but ask.

Beiming Laifeng laughed contemptuously. they’re just some ninth-tier Mystic artifacts. I’m fully in charge of the beiming Dark Palace’s Affairs in the East Sea this time, so I can mobilize a lot of resources. Since I dare to say it, I’m naturally confident.

Everyone fell into deep thought. No one had any thoughts about going out to sea before such conditions were proposed. However, the amazing reward and the possibility of finding the treasure were all hot-blooded just thinking about it.

Moreover, beiming Laifeng had also said that he would be fully responsible for this matter on behalf of beiming Dark Palace, which proved that beiming Dark Palace also attached great importance to this trip. However, they had sent a junior to train this person. As the leader of the four prodigies of the North Region, he would definitely be the new palace Master of beiming Dark Palace in the future.

Otherwise, no matter how outstanding the younger generation was, it was impossible for them to have the right to promise so many ninth tier profound armaments. This was already a large sum of money from a Grand Master.

Ju Anran asked, "with beiming Dark Palace's strength, can't they send people?" It shouldn't be a problem to gather dozens of martial Supremes, right?"

Beiming Laifeng glanced at Liao yangbing, and a dark look flashed across the latter's eyes. Beiming Laifeng smiled coldly and said, "When city Lord Liao received uncle Tianlu's message, he tried to break the seal on it himself. As a result, the text message was greatly damaged. Although the beiming family repaired it, some of the content is still unclear. Thus, the mystical palace did not pay much attention to this matter. According to my speculation, the family most likely underestimated the message that uncle Tianlu brought back, and they really did not have enough manpower. That's why I made the decision to recruit people. But don't worry, I still have a lot of say in the distribution of beiming Dark Palace's resources, so don't worry that I won't be able to fulfill my promise."

A trace of anger flashed in Liao yangbing's eyes, but she still smiled and said, "There was indeed a restriction in the text message brother Tianlu sent back, but this Liao was worried about brother Tianlu's safety, so I urgently wanted to break it first and think of a way to save him. Who would've thought that my good intentions would end up in such a bad situation? alas!"

The people present were not fools. They all knew the reason, but they all pretended to be regretful and sighed.

"City Lord Liao is indeed righteous, but there aren't many experts in Haitian town, so I'm afraid it'll be difficult to gather a group of people," ju Anran added. I heard that the Eastern Region Fairyland is about to open. At that time, there will be a gathering of strong people in the world. If a ninth-tier profound artifact is used as a reward, it will definitely attract a large number of people."

Beiming Laifeng's eyes flashed with worry as he said, "I'm afraid that the opening of the ancient times will attract a mix of good and bad people. Also, it's not appropriate for too many people to know about the ruins of Donghai Palace before we explore it. Everyone can help spread the news, but it's best not to make it too public."

"I see. Young master Leifeng's worries are very true," ju Anran nodded and said.

"Do you have the coordinates of the sea area where beiming Tianlu is located?" Yunxiao suddenly asked. How do we go there?"

Beiming Laifeng glanced at him and snorted, "What's wrong? Young master Yunxiao was also tempted? With young master Yunxiao's strength, you naturally can't treat him as a martial honor. The reward should be a ninth-tier profound armament, but I remember that young master doesn't seem to lack ninth-tier profound armaments, right?"

Everyone in the world knew that Yunxiao had so many ninth-tier Mystic artifacts that even the seven sect Masters might not have as many as him.

is it any of your business whether I lack ninth-tier Mystic artifacts or not? " Yunxiao said coldly. Now, it's you, darknorth Laifeng, who's looking for talents. Are you not allowed to ask questions?"

Beiming Laifeng's chest felt like it was being suffocated, but when he thought about how he was in charge of this matter alone, and how it was the clan's first test of his abilities, he knew that he had to produce amazing results to establish his position as the future Palace Master. It really wasn't good for him to make too many enemies, so he suppressed his anger and said, "I know the general location of the sea, but I don't have the precise coordinates."

"Could it be that the information Sir beiming Tianlu sent back didn't have the precise coordinates? In this vast ocean, I'm afraid we might not be able to find it even after decades or even centuries!" Someone couldn't help but ask.

the precise coordinates have also been accidentally damaged by city Lord Liao, " beiming Laifeng said. however, we know the general location. There's no way we'll make a mistake. I estimate that the trip will take three months at least, and a year at most."

The man revealed a thoughtful expression and said, " young master Lai Feng, you're too optimistic, aren't you? based on what we saw on the map just now, we don't know how many tens of thousands of miles of ocean roads there are. If we don't have a teleportation formation, I'm afraid we won't be able to get there even after several years.

Everyone had the same opinion, and they all nodded. They had been on the coast of the East Sea for a long time, and their understanding of the East Sea was probably better than anyone else in the realm of heavenly martial arts. This was also the reason why beiming Laifeng agreed with Liao yangbing's point of view and came to negotiate with these people.

"If we were to fly normally, it would naturally take several years or even longer," beiming Laifeng chuckled. However, for this operation, I will request a ninth-grade battleship from my family, the wicked (sinister) battleship. With the speed of the wicked (sinister) battleship, even if it were to cross the entire Eastern Sea, it would take a year!"

Everyone gasped in shock, and even Yunxiao's face changed slightly. It seemed that beiming Dark Palace had indeed raised beiming Laifeng as the future Palace Master!

A ninth grade battleship was a top grade flying Mystic weapon that only the seven super forces and the two Holy Lands possessed. The cost of its construction was immeasurable and its power was also shocking. In a battle between large sects, it was almost a fatal existence.

Other than the seven superpowers themselves, if any sect was attacked by a ninth-grade battleship from above, the entire sect would definitely be reduced to ruins. Not to mention the casualties, at least all the spirit Qi would be scattered, and the sect would no longer be able to stand.

To become a superpower, the most basic requirement was to have the power to resist a Grade 9 warship!

It seemed that beiming Laifeng had made up his mind. He had to establish the prestige and aura of a future Overlord. Looking at the silence and shock in the crowd, a hint of pride flashed in his eyes.

with a ninth-grade warship and the general coordinates," Yunxiao said, "it won't take too long. But there is only half a month left until the opening of the Eastern Region Fairyland. I wonder when we will go out to sea?"

"The opening of the immortal land is extremely rare," darknorth Laifeng said. "We naturally can't miss it. According to previous information, the opening time of the immortal land is generally about three months, and the matter of the Donghai Palace is not urgent. We can set it as a month after the immortal land closes."

Liao yangbing also nodded slightly and said, "that's good. Then we have a lot of time to prepare. I don't want to miss the Eastern Region Fairyland. In addition, young master liefeng and I have reached a consensus after discussing. The minimum cultivation level of the participants must be at the seven constellations realm Martial Emperor realm. Those who are below the seven constellations realm should not embarrass themselves!"

The people of the Chamber of Commerce nodded. There were at least three to four months left, so they could report to their superiors and start preparing. It was also very reasonable for him to set up his cultivation base at the Martial Emperor realm.

The discussion was almost over, and everyone began to leave. As for The Purple Cloud trade union, no one dared to mention it again. They could only report it to the higher-ups and let them think of a way.

As for The Grudge between Yunxiao and the guard, it was a mess.

The Guard's face was cold, and he didn't hide the provocative look in his eyes. It was as if he was saying, "hit me, hit me!"

There seemed to be some anticipation in beiming Laifeng's eyes as well. He wanted to know how much strength Yunxiao still had after his dantian was damaged, but unfortunately, Yunxiao did not seem to want to fight.

"I'll beat you up later. Don't worry, I won't forget." After saying that, Yunxiao left with the people of The Purple Cloud Chamber of Commerce.

At first, he thought that he wouldn't have anything to do with beiming Laifeng and that if they really fought, then so be it. But now that the ruins of the palace were extremely attractive to him, it wasn't the time to completely fall out with beiming Dark Palace. Besides, the longer he kept the matter of his dantian a secret, the better.

"Hmph, you're just a coward. This person is no longer a threat to young master."

The guard said coldly.

Beiming Laifeng watched Yunxiao's back disappear before his eyes, and then he said indifferently, "His dantian was destroyed, but he's already very strong. In the beginning, he might have given up on himself, but when he heard that there was a secret treasure of the eastern sea's royal family, he might have had a glimmer of hope, so he endured it."

The guard couldn't help but laugh. Haha, I've never heard of a way to cure a person whose martial arts foundation has been destroyed. His last glimmer of hope will soon turn into despair!

Beiming Laifeng also smiled as he nodded lightly, "However, his strength is indeed extraordinary. Even if it's difficult for him to improve his cultivation base, he's at least a mid-stage martial Supreme. He'll be a great help to us on this voyage. Especially if he has hope in his heart, that's even better. He'll do his best!"

The guard said with a fawning expression, "For the sake of young master's grand plan, I'll settle the score with him after I return from the sea. However, the prerequisite is that he has the life to return from the sea, haha!"

The three men from the beiming family and Liao yangbing all had a cold smile on their faces, but there was a hint of fierceness in Liao yangbing's eyes.

"Young master Yun, are you really planning to go out to sea with the beiming family and Liao yangbing?"

In The Purple Cloud trade union, Hanxuan said worriedly, "That Liao yangbing doesn't seem to be a good person, and young master Yun doesn't seem to be on good terms with the beiming family. It's too dangerous to go there recklessly."

Yunxiao seemed to have been lost in thought, and he said, "there is danger, but it won't come from them. I'm free to plan for this matter. Hanxuan, you don't have to worry.

He glanced at Ju Anran, who was beside him, and said, "Mr. President, do you have any news about Ling 'er?"

Chapter 870 angry

"Haitian town is located in a remote area. Although it's not a paradise, I'm just a small President. I don't have the right to know President Ding's whereabouts and information." However, as long as I report young master Yun's situation here, I should be able to get a reply soon."

yes, there's only half a month left before the opening of planet Tianhuang. I'll stay in Haitian town and cultivate while I wait for Ling 'er's news.

are there any islands with abundant spirit Qi nearby? " Yunxiao asked the two.

Hanxuan's heart was filled with an indescribable feeling of jealousy. If it weren't for the fact that she was waiting for Ding Ling 'er's news, she would not have been able to keep him here. But at the same time, she was happy for Ding Ling 'er and secretly blamed herself for being so womanly. Besides, young master Yun was Ding Ling 'er's, so why should she be jealous?

But the more he thought about it, the sadder he felt.

Ju Anran thought for a while, then said with a bitter smile, "Young master Yun, there aren't any islands with abundant spiritual Qi within a thousand miles. Otherwise, being Tianlu wouldn't have needed to run away. If you only want to cultivate for half a month, Tianyuan trading company can provide enough Supreme-grade primordial stones to build a secret cultivation room for young master Yun's use."

Yunxiao was about to thank her when Hanxuan hurriedly said, "The Purple Cloud Chamber of Commerce can also build such a secret chamber. There's no need to trouble President Ju.

Ju Anran could also see the friendship between Hanxuan and Yunxiao, but he did not know what Yunxiao's attitude toward her was. But this was not something he was qualified to care about. He laughed and said, "Then I'll have to trouble lady Hanxuan."

After the few of them discussed for a while and understood some things about the East Sea, ju Anran took her leave.

Hanxuan immediately asked Jiang qianrong to provide all the Supreme-grade primordial stones in the Chamber of Commerce and Exchange them with the nearby Chambers of Commerce to support Yunxiao's cultivation for half a month.

After confirming that the person behind The Purple Cloud Chamber of Commerce was Yunxiao, the new power structure of the chamber of Commerce in Haitian town was unstoppable. Only if Yunxiao suddenly died one day would it be possible to cause a change in the structure.

The Presidents of the Chambers of Commerce were all astute people. They knew that they should take advantage of the situation and look forward. Since there was no way to change the situation, it was imperative to build a good relationship with The Purple Cloud trade union.

Therefore, many Chambers of Commerce were very generous in offering some Supreme-grade primordial stones for exchange, and they were far lower than the market price.

Yunxiao's greatest desire now was to quickly advance to the martial sovereign realm. As long as he could control the Emperor Qi of the nine Heavens, with his current trump cards, although he could not dominate the continent yet, he could do whatever he wanted.

He set up a small spirit gathering array, closed his eyes, and began to cultivate.

In just a moment, he suddenly felt a pressure coming from the sky. The Emperor Qi of the nine Heavens that he longed for was directly turned into a force that shook down, like a meteorite that was about to smash him into pieces.

Could they be the guards of the beiming family?

After a brief moment of thought, Yunxiao drew his sword. The coldness of the ice sword froze everything around it, and with a sweep of the sword, it immediately broke the Emperor aura!

The secret cultivation room that had just been set up was completely destroyed by the punch and the sword. All the top grade primordial stones were shattered, and a sea of primordial Qi spread throughout The Purple Cloud trade union.

After the attack, the person's figure flickered in the air and headed towards the sea.

Yunxiao's pupils constricted, and his eyes turned as bright as the moon. Looking at the man's back, he recognized who he was. After a brief thought, he turned into a bolt of lightning and chased after him.

The sound of their fight immediately alarmed all the people in the Chamber of Commerce. By the time Hanxuan and the others ran out, Yunxiao was long gone.

Jiang qianrong, on the other hand, felt the yuan Qi that filled the sky. It was only then that she realized that the Supreme-grade primordial stones that she had prepared for half a day had all gone to waste. She felt a wave of heartache.

After Yunxiao chased for a while, the two of them left Haitian town and went straight into the East Sea. They flew for at least a thousand miles before the man in front slowly stopped.

Yunxiao also came out and stood in the air as he said coldly, "City Lord Liao, this is a very special way of greeting."

The man turned around with a smile on his face. It was Liao yangbing.

Yunxiao thought the man would say something, but to his surprise, the man attacked without saying a word. A blue saber beam instantly cut through the space and cut the seawater a thousand meters below in half!

Although Yunxiao had a lot of tricks up his sleeve, it was still very difficult for him to resist the slash of a mid-stage Martial Emperor head-on.

He directly took out the divine realm tablet, and the power of the world extended in the air, crazily devouring the saber Qi that filled the sky and flying toward the saber Light!

“BOOM!”

With just one blow, the divine realm tablet lost all its light and was sent flying back, together with Yunxiao.

The sea water was pulled by the aftershock, creating a huge rotating force. A huge current went against the sky and shot straight into the sky!

The divine realm tablet was connected to Yunxiao’s mind, so he was also shaken. His internal organs were damaged to a certain extent, and he coughed up a mouthful of blood.

Holding the brick-like divine realm tablet, Yunxiao glared at Liao yangbing, who was at the other end of the ocean current pillar, his eyes full of anger.

Liao yangbing’s strength should be about the same as mo Xiaochuan’s. With his transcendence golden body and shaohuang haolian’s help, the chances of killing Liao yangbing were quite high.

While he was hesitating, Liao yangbing suddenly burst into laughter in the distance and came to Yunxiao’s side in a few flashes, a happy look on his face.

Yunxiao wiped the blood from the corner of his mouth and said coldly, “Is it funny? If you can’t give me an explanation today, the city Lord of Haitian town will have to be replaced.”

Liao yangbing naturally didn’t believe him, thinking that he was just trying to save face. He laughed and said, “It’s not funny, I’m just very happy. Young master Yun’s strength has indeed not disappointed me. I think we can have a good talk now.”

Yunxiao suppressed the anger in his heart and said coldly, “That slash just now was to have a good talk?”

“Of course!”

if li Yunxiao, who is known as the number one rising star, can't even take a strike from me, " Liao yangbing said indifferently, " he has an undeserved reputation, and I'll just kill him. Only if you can take one of my attacks will you have the right to talk to me. "

He could see the anger on Yunxiao's face, so he smiled indifferently and said, " "Young man, don't be angry. This was the reality of the world. If one didn't have a certain level of strength, how could they play happily together? I know you still have some tricks up your sleeve, but I'm the same. Only idiots would get angry and fight."

Yunxiao was surprised. This Liao yangbing looked carefree, and he was even tricked into the trap by him during the matter of the Thunder wind Chamber of Commerce. At this moment, it seemed that he was not a simple person. Perhaps he had taken advantage of the Thunder wind Chamber of Commerce on the surface, but in fact, he had also helped the other party.

This was the first time he realized that he had misjudged someone. He couldn't help but size the other party up a few more times before saying coldly, " "I hope City Lord Liao can remember this. Don't get angry with me in the future."

Liao yangbing's eyes narrowed into a line as he laughed."Haha, of course I won't. I'm already so old, why would I be angry with you juniors? Young master Yun, you're indeed not an ordinary person to be able to dispel your anger with a single sentence from me. "

At this moment, Yunxiao's mind had completely calmed down. He secretly circulated his Qi to slowly heal his injuries while waiting to see what the other party would say. If he was not satisfied, he might have to use his trump card and wipe the other party out!

Liao yangbing thought that Yunxiao would sneer at her, but after a while, he found that Yunxiao was silent and just meditating. So, he said with a bitter smile, " "Young master Yun's temperament is indeed extraordinary. I've invited young master Yun out this time because I have something to discuss with you,"

He deliberately spoke vaguely, hoping that the other side would answer him. But after waiting for a while, Yunxiao still had no expression on his face, and he did not know if he was listening to him again. This made him, who was used to being a city Lord, a little unaccustomed to having a large group of people echo his words every time he spoke.

How could he know Yunxiao's thoughts? he wanted to buy as much time as possible to heal his internal injuries. He thought that Yunxiao was so calm that he could not help admiring him in his heart. So, he stopped beating around the bush and said directly, "I invited young master Yun out to form an alliance with you to fight against the beiming family together!"

"Oh?"

Yunxiao's eyelids twitched, but he continued to regulate his breathing with an expressionless face and did not say another word.

Liao yangbing waited for a while more, and felt that this conversation was a little suffocating, as if a big stone had been stuffed into his chest. He was a little angry, and said unhappily, "Are you interested, young master Yun?"

Yunxiao rolled his eyes and gave him a sidelong glance, then turned back. After that, he simply closed his eyes and regulated his breathing.

...

"This Yingluo, you Yingluo!"

Liao yangbing finally pulled a long face and said angrily, "Young master Yun, what do you mean by this? Give me your opinion!"

He called out to Yunxiao several times, but the latter remained silent.

"I'm furious! What the f * ck do you mean by that?"

Liao yangbing finally went crazy. He condensed his Qi and pressed down.

Yunxiao suddenly opened his eyes, which were shining like stars, and said in a cold voice, "I was injured by city Lord Liao's saber attack just now. I'm currently recuperating, so don't disturb me!

"You coward!"

Liao yangbing was so angry that he almost vomited blood. He stomped his feet and said angrily, "Could it be that you're so injured that you can't even speak?"

After Yunxiao said those words, he seemed to have heard nothing and paid no attention to anything.

Liao yangbing finally broke through the limit of his patience, and with a gloomy face, he struck out with his palm!

Yunxiao slowly opened his eyes and retreated hundreds of meters in an instant. With his hands behind his back, he said coldly, "City Lord Liao, what do you mean by this? You want to add injuries to my injuries? Didn't we already make peace and agree to have a good talk?"

...

"Pfft!"

Liao yangbing finally spat out a mouthful of blood and roared, "You motherf * cker! You also know that you need to have a good talk! F * ck!"
