

The Eternal 871

Chapter 871-sincerity

Yunxiao sneered as he looked up at the sky and said slowly, "City Lord, please don't be angry. Impulsiveness was the devil in this world. If one's mind was clouded by anger, how could they have fun together? I know you still have some tricks up your sleeve, but I'm the same. Only idiots would get angry and fight."

Liao yangbing felt dizzy. Yunxiao had slightly modified what he said and returned the favor. He found that the other party was really cheap, so cheap that he could not help but want to crush him into a pulp, if he was not of any value to him!

Yunxiao saw that the other party was almost done with his anger, and that his chest would explode if he continued, so he said, "I've almost fully recovered from my injuries. Is there anything I can help you with, city Lord Liao?"

"Pfft!"

Liao yangbing spat out another mouthful of blood, which meant that he had wasted his words!

His eyes were filled with hatred and complicated emotions. He seemed to be considering whether to fight or make peace.

After a long time, he finally suppressed his anger and revealed an extremely ugly smile. He laughed dryly and said, "Ha, ha, ha, of course I won't be angry. It's my fault for causing young master Yun to be slightly injured just now, so it's only right for me to treat my injuries first."

He repeated the question he had asked earlier, and the veins on his arms bulged slightly. If Yunxiao still pretended to be deaf and dumb, he would kill him without saying a word.

Fortunately, Yunxiao's answer was quite straightforward this time. "Form an alliance to resist the beiming family? Hehe, we're all going out to sea together, aren't we all Friends of the Alliance?"

Liao yangbing returned to normal and laughed, "Young master Yun is a smart man, and you can see that there are some conflicts between you and the beiming family. After all, they're a super force, and we're just a bunch of scattered soldiers. If we don't unite, it's hard to guarantee that we won't suffer a big loss!"

then, what kind of unity is it?" Yunxiao asked calmly.

"First of all, both sides must be extremely sincere," Liao yangbing said seriously. "Only then can we be at peace."

in that case," Yunxiao interrupted, "city Lord Liao, please share the text message with us.

"Uh, this Yingluo."

Liao yangbing was dumbfounded for a moment. He did not expect Yunxiao to catch his words and ask for it so directly. So, should he give it to him or not?

If he gave it to her, the information in the words was very important. It could be said to be an important bargaining chip. It would be a pity to give it away just like that. If he didn't give it to her, he would be slapping himself in the face.

This put him in a difficult position, and his expression became uglier and uglier.

Yunxiao laughed and looked surprised. "Could it be that city Lord Liao doesn't even have this bit of sincerity? the so-called 'sincerity' is just to make others be sincere to you?"

Liao yangbing blushed and gritted his teeth. "Of course not! Even if young master Yun didn't mention it, I was planning to give it to you later. Since you mentioned it first, there's no harm in giving it to you now!"

He threw out a jade talisman, which turned into a blue light and shot toward Yunxiao.

Yunxiao's heart stirred. It seemed that the powerful intervention of the beiming family had made this old fox feel a great sense of unease, so he did not hesitate to cut off his own flesh to seek an Alliance.

Yunxiao took the Jade talisman in his hand and sent a stream of divine sense into it to read the information inside.

Then, his pupils shrank and returned to normal. No expression could be seen on his face, but he seemed to be in deep thought.

Liao yangbing had been paying attention to Yunxiao's expression. When he saw that Yunxiao was so calm, he could not help but have a higher opinion of him. However, he was not in a hurry and just waited quietly. The other side would naturally be able to judge the authenticity of the content.

After a while, Yunxiao finally said, " the message is true. City Lord Liao's sincerity is indeed not just a lie. I am very touched.

"Hehe, there's no need to be touched. I hope that we can take care of each other during the operation and not let the beiming family win."

Liao yangbing chuckled and seemed to be relieved. by the way, I'll also be going to Red Moon City in half a month's time. I hope to see if I can find some opportunities in the end of the world. Young master Yun has a very good relationship with Red Moon City, so I hope you can take care of me when the time comes.

Yunxiao smiled faintly. It was a big misunderstanding to say that he had a good relationship with Red Moon City.

However, in Liao yangbing's eyes, he thought that the other party had agreed, and his mood was instantly lifted. Although he was an Overlord and the king of Haitian town, in a place like red Moon City, he was just an insignificant minion. With acquaintances to rely on, he felt more at ease.

Liao yangbing threw a storage bag to Yunxiao and said, " there are some Supreme-grade primordial stones in here. Before I summoned young master Yun, I destroyed a lot of primordial stones. These should be enough compensation, right? "

Yunxiao glanced at it and found that it was only a little more. He smiled and said, "I can feel city Lord Liao's sincerity even more now!"

The two of them looked at each other and smiled. After a few more irrelevant words, they turned into two rays of light and left.

A while after the two of them left, the pillar of seawater that shot up against the sky gradually became thinner and disappeared from the sea. However, the whirlpool in the sea was still rolling and stirring the surrounding Sea area.

At an unknown depth of the whirlpool, a group of Warriors of the sea tribe with feelers on their heads and a layer of transparent shell on their bodies were gathered in a circle in fear. Their faces were filled with horror, and they held steel forks in their hands. They were on high alert as if they were facing a great enemy, and their protruding eyes were staring at the top of the whirlpool.

There were hundreds of them, and no one knew what race they were from. They spent a long time in shock, not daring to move.

One of them was a slightly burly man. He seemed to be the clan leader of this clan. His cultivation was at the low-level martial honored realm. His face was pale and his expression was indescribably nervous.

After a long time, he cleared his throat and said, "There seems to be no more movement. Mingbu, go and check if the two experts have left."

A slightly longer member of the sea tribe shivered, and fear appeared in his large protruding eyes. He didn't want to go, but he couldn't disobey the orders of his clan leader. He still bravely swam up slowly.

After a long time, as long as the night, Ming bu reappeared in front of everyone and shouted, "Let's go! They all left! There are no experts outside!"

"Huala"

The people of the various races all heaved a sigh of relief. That stern aura suddenly dissipated. One by one, they bowed their bodies and swam away in the sea.

The clan leader also heaved a sigh of relief. There was still a trace of fear in his eyes as he said, "One of the human men has at least the cultivation of the nine Heavens realm. Although humans often come out to hunt sea beasts in the coastal waters, it's rare for such a terrifying expert to appear!"

clan leader, we are considered a high-level sea clan, and we rule the surrounding ten thousand miles of sea. Why don't we choose a deeper place to settle down? we live in fear all day long near the sea. From time to time, our clansmen will meet those human experts and die. Ming bu said with lingering fear.

Ming bu's words immediately gained the approval of most people, but there were also some old men who sighed and shook their heads, as if there was something hidden.

The clan leader also sighed, "Al, why wouldn't I want to?" However, the struggle within the deep sea is even more intense. Although we are near the sea, at least we are safe and stable. Moreover, the coastal waters are in contact with the humans. Our race also shoulders the orders of the royal family-to monitor the humans and build the first line of defense near the sea."

Ming bu and many of the young members of the heavenly wild shrimp tribe were shocked. Ming bu said, " "Monitor the humans and build the first line of defense? How can we bear such a heavy burden? Moreover, they guard the sea area for no reason, and the royal family doesn't even give them any benefits!"

"Shut up!" The clan leader's expression changed greatly as he angrily rebuked. How dare you speak so bluntly to the royal family? do you want to die?"

He released his aura, and Ming bu immediately spat out a mouthful of blood and was sent flying.

The clan leader looked at the terrified Ming bu and said coldly, " "Be careful of the exit! It's fine if you die, but don't drag our race down with you!"

Ming bu nodded his head repeatedly, his body trembling.

The clan leader then softened his tone and said, "There are actually benefits. In the sea area under the control of any sea clan, there would more or less be dissatisfaction and resistance from the clans under them. They would often be replaced. And in the ten thousand miles of the sea near the sea, there are two or three groups of sea clans that are on par with us, but they never dare to disobey our clan's orders. Do you think it's our clan's strength that makes them tremble?"

there's also the resources that these clans contribute every year," he snorted. do you think they don't have anger in their hearts and don't want to take our place? It's all because we didn't fight for our ruling position, but because it was given to us by the royal family of Dong Hai! Who would dare to resist?"

The younger generation of the heavenly wild shrimp tribe was dumbfounded when they heard this. Only now did they know that there was such a secret behind this.

...

The clan leader looked a little tired as he waved his hand and said, "All of you may leave. Remember to do all kinds of inspections, especially in the next few days, when the palace may send envoys. You must receive them well and give the royal family a good impression."

"Yes!"

Everyone responded, and just as they were about to leave, their faces suddenly changed. A group of shadows swam over from the distance, and the huge aura they emitted was not concealed at all, shocking everyone present.

The number of people in the shadows was almost equivalent to an entire sea tribe!

The tribe leader of the heavenly wild shrimp tribe was shocked. He hurriedly shouted, "which tribe are you from? how dare you enter the sea area under the rule of my heavenly wild shrimp tribe without warning? How dare you!"

His voice was extremely loud, and it reverberated on the seabed, directly entering everyone's ears. However, the shadow in front of them did not move at all. Soon, it appeared above everyone. There were hundreds of people, and each of them had fierce expressions. They were all experts!

“What kind of race are you?” the Tian Ye clan’s patriarch asked in shock. I’m the commander of the coastal waters enfeoffed by the eastern sea’s royal family, and I’m in charge of this Suan ni with the Royal Order.”

His voice suddenly stopped, and a look of horror appeared in his eyes, because he had already seen that on the battleship at the head of the crowd, an ancient true dragon was engraved!

Chapter 872

872 The heavenly coffin

Within the four Seas, only the Bo family and the four Seas ‘royal family dared to use a true dragon as a symbol.

As soon as the tribe leader of the heavenly wild shrimp tribe saw this symbol, he immediately shut his mouth and knelt down in horror. He crawled on the ground and said while trembling, “The Tianye clan’s clan head, uncle Ming, pays his respects to the Lord emissary from the palace!”

Uncle Ming’s heart was filled with fear at the moment, and his body couldn’t help but tremble. Normally, only two or three emissaries from the royal family would come out to patrol. This time, there are actually more than a hundred of them. They are obviously not simple. This force is enough to wipe out the entire heavenly wild shrimp tribe!”

When the people from all four sides heard this, they all knelt down in horror, especially Ming bu, who was so scared that his courage was about to shatter.

The battleship was just an imitation of a human type 8 battleship, and looked more impressive.

Although the sea tribe was rich in resources, alchemists and Mystic artifacts were extremely rare, and they were forbidden from trading with human beings. So, those who could ride eighth-grade warships were already the most powerful existences.

A lazy voice came from the battleship. It seemed to be a young man. “Were you the ones who sent a message to the palace, saying that you found a stone coffin with the symbol of a true dragon?”

“Yes, yes, that’s right!”

“When I was patrolling the sea a few days ago, I found a stone coffin lying quietly at the bottom of the sea,” uncle Ming said, trembling. “In addition to all kinds of patterns on it, there’s also the symbol of a true dragon printed on it. As such, I didn’t dare to act rashly and immediately sent a message to the palace, awaiting further orders.”

The voice from the battleship came again, “Well, you’ve done well. Where is the stone coffin now? take me to it.”

Uncle Ming immediately got up and carefully led the way. The rest of the Tian Ye clan members remained kneeling on the ground, not daring to get up.

Soon, the group of people arrived at an ordinary Sea area. A stone coffin was quietly inserted into the bottom of the sea. Only a small part of it was exposed, but a clear true dragon Mark was engraved on it.

“Eh? This is the life-gathering heavenly coffin from the North Sea!”

The voice of the man on the battleship gave him a shock. The next moment, he saw a tall and sturdy figure appear in front of the life gathering heavenly coffin and carefully observe it.

The figure stretched out his hand and gently touched the coffin. Immediately, a seal appeared and emitted a seven-colored light.

The man frowned slightly, as if he was thinking about something. His hands displayed a strange spell, one by one, he pointed at the stone coffin. With each point, the seven-colored light dimmed a bit, and finally disappeared completely.

The man gently patted the coffin, and the heavy coffin lid rumbled open. A pale but handsome face appeared in front of him.

“Runxiang of the northern Sea!” The man’s pupils contracted as he exclaimed.

He hurriedly put his hand in and found that RUO Xiang had already fallen into an extreme coma, and his life was hanging by a thread.

The life-gathering heavenly coffin was a life-saving tool used by the North Sea's royal family. Once activated, the heavenly coffin could bring people millions of miles in the direction of the sea in an instant. At the same time, it would activate the defense and life-saving formation. It would also send the coordinates of the heavenly coffin directly to the North Sea Palace.

The man's expression darkened as he looked at Run Xiang, and he muttered to himself, "Runxiang of the northern Sea is also very famous among the four Seas, and there are few in the younger generation who can match him. Who on earth injured him so badly? It's rumored that he has a Dragon secret treasure on him. I wonder if it's still there."

A light flashed in his eyes as he reached into the stone coffin.

"Pa!"

Suddenly, his hand was hit, and he was jolted out of the stone coffin.

The life-gathering heavenly coffin suddenly rushed out from the bottom of the sea and flew back dozens of meters before stopping. As the coffin lid had already been opened, Yun Xiang's entire body was revealed to everyone. That pale face suddenly opened his eyes, and his gaze was like a knife as it stared straight at the young man!

"Guang Yi, it's you! You dare to touch me?"

Run Xiang's face twisted in the life-gathering heavenly coffin, and his eyes were filled with anger.

In his current state, he could not take a single step out of the heavenly coffin. Without the life gathering technique in the heavenly coffin, he would probably die the moment he stepped out. If Guang Yi wanted to kill him now, it would be as easy as turning his hand.

Guang Yi was shocked as well. He didn't expect the other party to not be unconscious, but to enter a self-repairing state of suspended animation, and to be so alert. He snorted coldly and said in a strange tone, "Ha, I didn't think that older cousin runxiang would actually wake up. You made me worry for nothing."

In one sentence, he turned his desire for the Dragon's Secret treasure into concern and love.

RUO Xiang snorted heavily. Since the other party had said this, he couldn't expose him or not appreciate it. Otherwise, he might really be finished.

Guang Yi's mind moved like lightning. Since runxiang had already woken up, he definitely couldn't kill him, because the heavenly coffin contained a secret technique that could directly contact the palace of the North Sea. He didn't know if runxiang had sent a message back, but if he killed runxiang rashly, it would definitely cause a war among the sea Race, and it would really be a disaster for the four Seas.

After he made up his mind, he revealed a gentle smile and said, "I don't know how cousin brother ended up like this? This really shocked younger cousin brother!"

RUO Xiang also felt that the other party didn't have any hostility, so he heaved a sigh of relief and said, "It's a long story. Cousin, please help me contact the palace of North Sea and ask them to send someone to take me back."

"Oh?"

Guang Yi's eyes flickered and he asked without changing his expression, "I've heard that once the life-gathering heavenly coffin is activated, it will send the coordinates of its location back to the North Sea. Could there be a mistake? or is there something wrong with the life-gathering heavenly coffin?"

Run Xiang's expression suddenly changed, and he knew in his heart that this was not good.

The life-gathering heavenly coffin indeed had such a function, but the message had been sent out for many days, and no one from the North Sea had come to find him. Right now, even runxiang was not sure if there was a problem with the message.

If they confirmed that there was a problem, the other party would probably kill them directly!

RUO Xiang suppressed the fear in his heart and shouted sternly, "Guang Yi, what's the meaning of this? Are you trying to kill me?"

Guang Yi's inner thoughts had been seen through by him and he became a little hesitant. Finally, he smiled. "Cousin, what are you saying? The royal families of the four Seas are all brothers and sisters. Cousin's words really make cousin feel bitterly disappointed!"

it's good that you're not, " run Xiang said coldly. otherwise, if you cause a war among the sea Race, even your Imperial father won't be able to protect you!

Guang Yi's heart jerked violently. Thinking of the consequences, it was indeed not something he could bear. He immediately dispelled the idea of killing and snatching the treasure. The smile on his face became sincere, " "Cousin is overthinking. I just so happen to have a bottle of my Eastern sea's myriad year spirit milk with three drops inside!"

"The spirit medicine that's rumored to be able to bring the dead back to life and grow flesh from bones with just a drop?" run Xiang's expression changed as he said in shock.

"Hehe!"

Guang Yi took out a small white bottle and smiled, " "Although it's not as exaggerated as the rumors say, it's indeed a holy healing medicine. Even with cousin's current injuries, I think two drops would be enough."

"Then thank you, younger cousin brother, quickly give it to me!" Run Xiang said anxiously.

"Give?"

Guang Yi revealed an exaggerated expression and shook his head hurriedly, " "Cousin, you don't know this, but the myriad year spirit milk is extremely precious even in the palace of Dong Hai. One drop was given to me by father, the other was secretly given to me by mother out of heartache. As for the last

drop of Kasaya, hehe, you won't know even if I tell you. In short, this spiritual milk is hard to exchange for even ten thousand gold. Younger cousin is also very curious and can't bear to give it!"

"Since younger cousin can't bear to give it, but still took it out for older brother to see, then there must be a condition," run Xiang said calmly.

Guang Yi smiled, "it's true that Eastern Sea is lacking in resources and can't be compared to cousin's Northern Sea." I heard that cousin has a few true dragon secret treasures?"

Run Xiang's expression changed drastically, and he said angrily, "younger cousin's plan is good!" Don't tell me you're thinking of using this spirit milk to exchange for my true dragon secret treasure?"

Guang Yi smiled humbly. the true Dragon's Secret treasure can only be used when you're alive. I don't know if cousin can still survive by hanging on the life-gathering heavenly coffin. If you die by accident, what's the use of the true Dragon's Secret treasure? "

...

"This heavenly coffin is enough to protect me from death. When the people from the North Sea arrive, they'll naturally have a way to cure me," run Xiang snorted angrily.

"Oh? Cousin, are you that confident in sending back the coordinates of the heavenly coffin?"

Guang Yi sneered. if something goes wrong and you delay cousin's treatment, let's not talk about whether you can save your life. Even if you can, if it affects your martial arts Foundation, the consequences will be dire. Hehe, cousin, you should be a smart person. Of course, I'll definitely help my cousin to inform the palace of the North Sea. However, I'm under orders to leave the palace this time. I can only return after completing my mission, which will take at least a year and a half."

RUO Xiang's heart was burning with anger, but he had no choice but to lower his head. What Guang Yi said was exactly what he was worried about.

"Alright, I'll change! Give me the three drops of spiritual milk!"

After thinking it through, run Xiang finally felt that staying alive was more important, so he gritted his teeth and said.

Guang Yi's eyes flashed with joy, but he still exclaimed exaggeratedly, "All three drops? How many Dragon secret treasures does cousin have?"

"What? Do you want to exchange three drops of spiritual milk for a few more?"

RUO Xiang only felt a mouthful of anger attack his heart, and he almost fainted from anger.

"Of course!"

Guang Yi said seriously, "cousin knows the preciousness and effects of the myriad year spirit milk. It's not inferior to the true Dragon's Secret treasure at all. Besides, cousin is waiting to save his life now." A true dragon Treasure in exchange for a drop of spirit milk."

...

"Pfft!"

When RUO Xiang heard this price, he finally spat out a mouthful of blood. He was so angry that he trembled in the heavenly coffin and said angrily, "Get lost! You're a despicable person! Even if I die, I don't want your spiritual milk!"

Guang Yi's face darkened and he snorted, "Biao older brother's words are too hurtful. If you don't want to exchange then don't exchange. You have the freedom to buy and sell, is there a need to curse?"

After he finished speaking, he kept the spiritual milk and said, "If cousin brother has thought it through, you can come and find me at any time. Cousin brother will probably have to stay in the coastal waters for a while. Oh right, in order to prevent anyone from disturbing cousin's healing, cousin will seal the area within a thousand miles to ensure cousin's safety!"

When RUO Xiang heard this, his expression changed even more, and he immediately understood what the other party was thinking.

If Guang Yi sealed off the surroundings, even if the palace of North Sea got the information and coordinates, they wouldn't be able to find him in a short time. This was equivalent to putting him under house arrest and hiding!

Chapter 873-exchange

During this period of time, although run Xiang's injuries had been suppressed in the life-gathering heavenly coffin, they were still showing signs of deterioration. If he was not treated soon, he was afraid that his martial arts Foundation would really be destroyed.

"Guang Yi, don't go!"

After weighing the pros and cons, RUO Xiang finally called out to Guang Yi, who was about to leave.

"Oh? Did cousin change his mind?"

Guang Yi's face was smug, a playful smile on his lips. He seemed to have expected that he would change his mind.

"I can't give you the true Dragon's Secret treasure, but I can trade it for something else," said run Xiang with a dark expression.

Guang Yi's expression changed slightly and he sneered, "Cousin, you must be joking. The value of the omnipotent spiritual milk is so high that it's almost equivalent to having an extra life. Without a Dragon artifact, I won't exchange it even if it's a Dragon Crystal!"

With a calm expression, RUO Xiang said indifferently, "The blood of the first Dragon."

"What?"

Guang Yi's entire body trembled as if he had been struck by lightning. He was so shocked that he retreated and said in horror, "Are you kidding me? You have the blood of the first Dragon?"

Not only Guang Yi, but the hundreds of soldiers of the sea tribe behind him were also shocked and even caused a commotion.

These Warriors were all abnormally tall, and their faces were ferocious. Two huge fangs took up half of their faces, and their thick skin had extremely strong defensive power. They were a branch of the middle teeth whale clan of the sea Race, and they were also a superior super race. They naturally understood the value of the first dragon's blood.

The so-called first dragon was the first generation ancestor of the four Seas 'Royal clans. He was also the descendant that was closest to the true dragon, just below the true dragon.

Uncle Ming stood to the side in fear and caution. He didn't really understand the conversation between the two, and he didn't want to understand either. He only knew that they were existences that couldn't be provoked.

His tone was filled with unconcealable shock and doubt. Guang Yi snorted coldly, "Since when did cousin like to joke so much? If you have the blood of the first Dragon, why don't you use it and leave it to me?"

"Of course it's not the real blood of the first Dragon, but it's infinitely close!" You can feel it!"

A ray of red light shot out from the heavenly coffin. It was just a trace of blood Qi.

Guang Yi didn't think much of it and laughed coldly, "the so-called infinitely close is all bullshit!" Cousin brother, don't even think about Yingluo."

His voice suddenly stopped, and a stunned expression appeared on his face. Then, it was shock, and then it was incomparably shocked!

On the other hand, RUO Xiang kept smiling coldly, as if he had already expected that he would have such an expression.

“This bloody Kasaya, this bloody Kasaya!”

Guang Yi’s face was red with excitement as he said anxiously, “Where did this blood come from? What was going on? It’s really filled with the smell of the first Dragon!”

“This isn’t something that younger cousin brother should know,” run Xiang said coldly. “Do you want to exchange or not? just say it.”

Guang Yi suppressed his excitement and rolled his eyes. He smiled, “Since cousin brother still has such a good thing, then naturally I will exchange it. One drop of myriad year spirit milk for ten drops of this blood.”

Hmph, Guang Yi, don’t put on an act in front of me. The value of this blood is simply immeasurable. It’s even higher than the true Dragon’s Secret treasure. One drop of blood for three drops of your spirit milk. If it doesn’t work, then forget it. I’ll just be able to hold on for a little longer with my injuries.

RUO Xiang’s face was calm, as if he was too lazy to say anything more, and he slowly closed his eyes.

Guang Yi’s expression changed and he thought, ‘if it’s really the blood of the first Dragon, a drop is definitely worth it! However, this blood is obviously defective. Even if I ask for a drop, the chances of the bloodline returning to its ancestor’s state are not high! As long as there are two drops, I will exchange for it!’

The real blood of the first Dragon was also an item of the ten directions divine realm. With one drop, one could obtain more than a 50% chance of atavism. As long as one chose a member of the dragon clan with decent talent and consumed it, one would basically be able to achieve atavism with certainty.

As for RUO Xiang’s inferior grade, although the power of his bloodline was already infinitely close, the grade of his bloodline could not be raised to the tenth rank, and the difference in the effect was huge.

After he had consumed three drops of this blood, his bloodline had achieved atavism, which allowed him to integrate a large number of true dragon secret treasures. Otherwise, with the bloodline power of the four Seas 'royal families, it was impossible to integrate four secret treasures.

RUO Xiang, who had already achieved atavism in his bloodline, no longer needed this kind of blood. He only had two drops left on him now. He had originally planned to exchange it for the Dragon secret treasure with the royal family of the other Sea regions, but now that he was seriously injured, he had no choice but to part with it.

RUO Xiang thought about Guang Yi's conditions and said, "Three drops of myriad year spiritual milk and a piece of Dragon Crystal. I only have two drops left, I don't have more."

Guang Yi's expression changed several times. He only had one dragon Crystal, and it was a secret that no one in the palace knew about.

However, when he thought of the taste of the blood, he finally gritted his teeth and said, "Good! Change it!"

He took out the Jade bottle from his body and threw it to Yun Xiang along with a box. In his current state, the other party was not afraid of any tricks.

RUO Xiang carefully opened the Jade bottle, and a strong fragrance hit his face. Just by smelling it, he felt refreshed, and the injuries on his body seemed to have recovered by more than half. The other box contained a green crystal stone that seemed to be on the verge of rising up and turning into green smoke. It was undoubtedly the Dragon Crystal.

After confirming, RUO Xiang also took out a small ancient bottle and threw it over. He then poured out a drop of spiritual milk from the Jade bottle and swallowed it. Immediately, he felt that his injuries had stopped and a mysterious power melted, quickly repairing his body.

When Guang Yi received the bottle, he hurriedly opened it to examine it. Two drops of blood lay in the bottle. His eyes revealed an unusual look of desire and excitement. His body began to tremble. He took out an even bigger bottle and placed the bottle inside. He then took out a Jade box and placed it inside the bottle. Finally, he kept it.

“Haha, older Biao brother, my spirit milk didn’t disappoint you, right?”

Although Guang Yi had lost four treasures, he was clearly in a good mood.

“Bang!”

With an explosion, the life-gathering heavenly coffin exploded and was blown to pieces.

RUO Xiang slowly walked out from the explosion. He looked like he was on the verge of death earlier, but now, his aura soared and he seemed to be at his peak!

“This myriad year spirit milk really didn’t disappoint me!”

RUO Xiang’s face blushed and he praised, “Although only a third of my injuries have been healed, I’ve already completely reversed the situation. There’s no need to waste spiritual milk anymore. I’ll just adjust my breathing on my own,”

Guang Yi’s face twitched and he exclaimed, “Only one-third better? Who beat cousin to such a serious injury?”

“Hmph!”

Yunxiao’s face flashed through RUO Xiang’s mind, and he snorted heavily, his body filled with killing intent.

Guang Yi was stunned for a moment, then he smiled and said, “there must be something else. However, cousin doesn’t even want the life-gathering heavenly coffin anymore. That thing is a life-saving treasure!

“Each life-gathering heavenly coffin can only be used once, and the energy inside is only enough to last for a month. If no one comes after half a month, I’ll die without a doubt.” Speaking of which, it’s really all thanks to younger cousin!”

Guang Yi was stunned for a moment, the flesh on his face twitching violently. His eyes were filled with annoyance, but he still forced a smile. hehe, this is all heaven's will. Cousin brother is lucky!

RUO Xiang sneered and said, " the injuries on my body have yet to recover. This place is too far from the North Sea. I plan to go into seclusion to recuperate. I will leave after I have fully recovered. I will have to trouble younger cousin to provide some resources.

"I should, I should!"

...

Guang Yi said to the respectful uncle Ming, " "Clan leader, immediately provide this cousin of mine with a large amount of top-grade essence crystals. Give him as many as he wants!"

"Yes, yes!"

Uncle Ming's head shook like a sieve, not daring to say a word.

The group of people quickly returned to the heavenly wild shrimp tribe's territory. Uncle Ming immediately ordered the tribesmen to supply all the top-grade essence crystals for Yun Xiang to recover.

Only then did RUO Xiang leave, satisfied. He found a hidden place in the nearby sea to recuperate.

Guang Yi looked at his back as he left, his face immediately turning dark. He was deep in thought, not knowing what to think.

The hundreds of teeth whale Warriors didn't say a word and just stood still. However, their imposing manner alone was enough to make all the tribesmen of the heavenly wild shrimp tribe prostrate on the ground, not even daring to raise their heads.

After a long time, Guang Yi returned to his senses and said to uncle Ming, " "When you were guarding the coastal waters, did you see a human-like girl enter the human territory from the East Sea?"

Uncle Ming's body trembled as he thought hard. With a bitter look on his face, he muttered to himself, "This, this Yingluo"

The sea was so big, how could a girl notice it? this question was simply nonsense, but he didn't dare to refute it. He was so anxious that cold sweat dripped down his forehead, and he hurriedly shouted, "Mingbu, come here!"

The slightly taller young man from the heavenly wild shrimp tribe hurriedly crawled over and continuously kowtowed. He had never seen such an important figure before, and his legs were soft.

...

stop kowtowing," uncle Ming rebuked. hurry up and answer His Excellency's question!

Guang Yi was irritated. He pointed in the air and a scene immediately appeared in the water. There was a seemingly stupid little girl swimming slowly in the sea. Her eyes were misty and she seemed to be unconscious. There was a faint glow around the girl.

"Have you seen this little girl before?"

Guang Yi asked again.

Uncle Ming and Ming bu both raised their heads to look over, and Ming bu said,"My Lord, I've been patrolling the sea every day, but I didn't find this little girl."

Guang Yi's face showed some disappointment, " "Alright, I understand. My mission this time is to find this girl. According to some clues, this girl should still be in Tianhai town the day before yesterday, but now we've suddenly lost contact with her. I've been puzzled."

"Lost contact?"

Uncle Ming pretended to be deep in thought, then suddenly realized, " "Could he have been killed by the human race? Those humans are all like uncivilized savages, eating raw meat and drinking blood. It's normal for them to kill this little girl!"

Chapter 874-asking for people

Guang Yi rubbed his temples and looked at him like he was an idiot. "Even if this little girl is dead, I have a way to sense her. It's very likely that she's trapped in some kind of barrier formation. I have to find her. You should be very familiar with the human race in Haitian town, so I'll leave this matter to you. It's best if you don't mobilize the Army. If the negotiation is over, it's not too late to take action. I've been in seclusion for a few days, so I'll be waiting for your good news here."

Guang Yi couldn't stay calm after getting the two drops of dragon blood.

Many of the descendants of Dragons were extremely talented and were born as martial emperors of the nine Heavens realm. During the process of cultivation, other than constantly absorbing the natural Yuan Qi to strengthen their realm, they also needed to constantly refine their bloodline so that it would be refined in the direction of their ancestors. This was the so-called atavism of the bloodline.

Guang Yi was also an astonishingly talented person. He had prepared a large amount of cultivation resources, and with these two drops of blood, he had great confidence in condensing his bloodline to a terrifying degree.

"I'll go and talk with you?" Uncle Ming said awkwardly, dumbfounded.

Guang Yi frowned, a trace of unhappiness appearing on his face."Your heavenly wild shrimp tribe is the most familiar with this place. You should also know the most about humans. If those greedy humans had any conditions, as long as it wasn't too much, he would agree to them. In short, no matter what, I want to see this little girl alive, and I want to see her corpse dead!"

After he conveyed the order, uncle Ming didn't dare to disobey and agreed repeatedly.

Guang Yi also began to cultivate his bloodline in seclusion. It was important to find the little girl, but raising his own cultivation was even more urgent. He had hundreds of teeth whale guards protecting him, so there was no need for him to choose a hidden place.

.....

After Yunxiao returned from the sea, everyone was busy asking about the whole story. He simply gave a few excuses and told the truth to Hanxuan, then went back to his seclusion. Hanxuan was secretly happy, as if a secret was being shared.

The next two days were peaceful.

Yunxiao had been quietly devouring primordial Qi. He had not encountered any problems during his cultivation journey, except for the lack of primordial Qi. But, it was different for him to break through to the nine Heavens martial sovereign realm. This stage did not just require him to have a sufficient understanding of martial arts, but to communicate with the power of heaven and earth, so that his limited power could be integrated into the infinite laws of heaven and earth.

However, he was still two levels away from becoming a martial Supreme. He did not know how many primordial stones he would have to use to replenish the vital Qi of these two levels. Moreover, the effect of the Supreme-grade primordial stones was still much worse than ning keyue's primordial core.

On the third day, strange phenomena began to appear on the sea's surface. A large number of strange-looking members of the sea tribe surged up from the bottom of the sea. They covered the sky and the earth with no end in sight. There were probably tens of thousands of them. It was a terrifying sight.

A large number of human warriors rushed into Haitian town. They did not know what had happened, and they were all terrified.

The major forces in the city were also alarmed at the first moment. Several beams of light shot up into the sky and looked in the direction of the sea. They all sucked in a cold breath.

Among them, Liao yangbing's expression was the ugliest. If the sea race's Warriors rushed up to the shore, they would swallow Haitian town.

Just as he was at a loss and his heart was filled with panic, a voice came from the sea far away, "Who is the leader of the human race? come out and speak!"

“The leader of the human race?”

Everyone looked at each other. The only one who could be called that was probably a Saint, but the sea beasts were definitely referring to the leader of Haitian town. All of a sudden, everyone’s eyes were on Liao yangbing.

f * ck! Liao yangbing cursed. It must be some blind Hunter who killed an important member of the sea tribe!

In the past, conflicts with the sea Race had often occurred, but they were all small fights. They had never seen such a large-scale conflict. This was simply a war between two armies!

Now that everyone in the city was looking at Liao yangbing, he had no choice but to fly over.

On the horizon, in front of the tens of thousands of soldiers of the sea tribe, Uncle Ming’s face was full of energy, and he was ordering them around arrogantly.

There were a few other martial Venerables beside him. They looked strange and were obviously from other races.

A crab-headed oceanic species ‘expert with Armor All over his body had a look of extreme dissatisfaction in his eyes. He snorted and said, “It’s just a negotiation with the humans, is there a need to make such an exaggerated scene? Could it be that your heavenly wild shrimp tribe is afraid and has asked everyone to come?”

Uncle Ming’s face was filled with anger as he shouted, “Damn crab, you dare to spray me? I’m the commander of this vast ocean! This negotiation with the humans is of great importance. If we screw it up, you’ll have to give an explanation to Lord Guang Yi!”

“Hmph, you can only rely on your position to suppress others, but you don’t have any ability!”

Crab head mocked, if it wasn't for the commander appointed by the palace, who among the tens of thousands of Warriors in the ocean would be willing to submit to you? "

"You dare question my authority?" uncle Ming roared, his embarrassment turning into anger. Good, good, questioning me is questioning the authority of the palace. I will definitely report it to Lord Guang Yi!"

Crab head's face turned green when he heard that he was going to tell Guang Yi. He squeezed out an ugly smile and said awkwardly, "Brother Ming Bo, this little brother has misspoken. Brother Ming Bo is a magnanimous person, please don't hold it against this little brother."

"Hmph!"

Uncle Ming was pleased with himself and turned his head away.

Sweat trickled down crab head's face. This matter could be big or small. It could be as big as exterminating an entire family, or as small as not worth a mention.

An expert with an inverted triangle head in the front row couldn't help but speak up to help, "Brother uncle Ming, we've been neighbors for many years. If there's a small conflict, we can settle it internally. There's no need to bring it to the royal family. You've been a commander in the coastal waters for more than a hundred years, and everyone still respects you. Besides, now that we're working together for the royal family, it's not easy to start an internal conflict. If we don't complete the task, how can we explain it to the royal family?"

"Yes, yes, yes, I respect you very much! It's not good for internal strife!" The crab head also quickly agreed.

"If that's the case, then I'll put this matter aside for the time being. If there's a next time, I won't let you off easily!" Uncle Ming snorted.

He was just saying it to scare people. He didn't dare to mention such a trivial matter in front of Guang Yi, and he was really afraid that it would delay his official business.

As the few of them were talking, a huge aura came over, immediately suppressing everyone so that they couldn't raise their heads, and their hearts were filled with panic!

a martial sovereign! He's actually a martial sovereign of the nine Heavens!

Crab head was terrified. If a Martial Emperor really came, even if they had tens of thousands of soldiers, they would not be able to kill him!

Uncle Ming was scared out of his wits. He immediately determined that this aura belonged to the person who had created the thousand-mile Whirlpool in the sea a few days ago!

Just as they were panicking, Liao yangbing also felt scared. Although he didn't sense any unusually powerful existence, there were so many sea tribe warriors. If they didn't communicate well, it was very likely to turn into a war between the two races. He couldn't bear the responsibility.

"I'm Liao yangbing, the city Lord of Haitian town. What can I do for you? They actually want to make such a big formation."

Liao Yang Bing's divine senses instantly swept through tens of thousands of sea tribe members and finally landed on the ten people in the front row. He secretly heaved a sigh of relief. Only these ten people were martial honors. The rest were not enough to deal with him.

Uncle Ming suppressed the trembling in his heart and said, "We're here on the orders of the eastern sea's royal family's Lord Guang Yi to find a woman. There's evidence that the woman has entered Haitian town, at least a few days ago. Please hand her over quickly, so as not to break the peace between the two races!"

Liao yangbing was stunned. So this was for the purpose of looking for someone. He asked in surprise, "What woman is it? Any special characteristics?"

Uncle Ming cast a spell in the air. A green light shot out and condensed into the shape of a girl in the air. She was cute and adorable. it's her. She's the person that Donghai Palace must find. No matter where she hides, we must find her. I hope you'll be smart and cooperate with us. Don't be stubborn.

A trace of anger welled up in Liao Yang Bing's heart. It was the first time he had been scolded by some martial Venerables. However, he didn't argue with them on account of the low IQ and uncultured Sea Race. He said, there are at least eight thousand girls like her in Haitian town. How can we find her in the vast sea of people? "

"The vast sea of people," uncle Ming said in shock and anger, "can it be as big as my East Ocean? I advise you not to have any conflicting thoughts, this is for your own good! Otherwise, when I report back and Lord Guang Yi comes personally, it won't be so easy to talk to him!"

Liao yangbing thought that Guang Yi should be a member of the royal family of the eastern sea. Who was this little girl? how could she be involved with the royal family? he was still worried. "Our two clans have always been friendly neighbors. We must not break our relationship because of a small matter. I'll go back to the city and make an announcement to search for this girl. I'll give everyone an answer in three days. If there's no result, then I can't do anything."

"That's good!" Uncle Ming nodded repeatedly. But it's best if there's a result. Otherwise, you humans won't be able to bear the wrath of the royal family."

After he finished speaking, tens of thousands of sea tribe members retreated under his lead. They gradually sank to the bottom of the sea and disappeared without a trace.

...

Liao yangbing frowned. This was a troublesome matter without any reason, and it involved a lot of people. He was considering whether he should send a message to the red moon City and let them deal with it.

After all, the red moon City was the leader of the Eastern Region. This matter involved two clans. If it was not handled well and a war broke out, the responsibility would be great.

The most recent large-scale invasion by the sea Race was caused by the Vanquisher martial sovereign, Gu Feiyang, decades ago. The people of the four Seas had come together and led the Army directly to the holy city of lanxue. Even the Holy region did not dare to fight.

I don't care anymore. Let's see if we can find this girl first. If we can find her, it'll be best to hand her over to the sea Race to settle this matter. If we can't find her, and the situation worsens, it won't be too late to send an urgent message to the Redmoon city.

After making up his mind, Liao yangbing immediately turned into a ray of light and returned to Haitian town.

The monthly votes list of the host was blue sky again. Taiyi's actual ranking should be third, but it was shown to be seventh. Although I'm in third place, there's still a wide gap between me and the first and second place. The other party's votes are basically five times more than mine! This month, I'll try to protect three and fight for one!

Some attentive readers should have discovered the source of the surnames of the royal families of the four Seas, right? In Journey to the West, the Dragon Kings of the Four Seas were named Ao Guang, ao Qin, ao shun, and ao kui. So I directly took the last word as the surname of the four Seas 'royal family, which is a bit old-fashioned.

Chapter 875-settled

On the fourth day of Yunxiao's seclusion, a message fluctuation suddenly came from outside the secret chamber, and he slowly opened his eyes.

Usually, Hanxuan wouldn't disturb him at this time unless it was something urgent. He waved his hand, and the message was sent to his mind.

Yunxiao's face flickered as he suddenly rose to his feet and walked out of the secret chamber. Hanxuan had been waiting outside for a long time, her face filled with anxiety.

"Young master Yun, look at this!"

Hanxuan cast a spell without a second word, and Xiao Hong's image appeared in the air, along with a missing person notice issued by the city Lord's mansion.

"Just yesterday, the Marine race came in an aggressive manner to find little red!" Fei Xuan said.

Yunxiao did not show much reaction on his face. He knew more about the sea tribe than ordinary humans, so he did not panic. He just muttered to himself, " "So she came from the eastern sea, then the person who is looking for her must know what she is."

Hanxuan was taken aback. She did not understand what Yunxiao was talking about, but she said anxiously, " "What should we do now? The whole city is looking for Xiao Hong. She once publicly worked as a shopping guide in the shop, so I'm afraid that people will come to our door very soon."

As soon as she finished speaking, Jiang qianrong rushed in and said, " President, young master Yunxiao, city Lord Liao, and young master Lai Feng have brought a large group of people!

There was no way to hide the fact that Xiao Hong was in The Purple Cloud trade union. After all, too many people had seen her.

They soon arrived at the main hall, and the guest seats were already full. Liao yangbing, some of the city's big shots, and beiming Laifeng were all looking at them.

Liao yangbing went straight to the point, young master Yunxiao, guild leader Hanxuan, I'm sure the two of you already know why everyone is here. I don't need to say more, do I? "

Hanxuan did not say a word, but she turned her head slightly and gave Yunxiao a glance. Her hint was also very clear, which was to let Yunxiao take charge of everything.

Yunxiao nodded. I already know, but I can't hand over Xiao Hong. For some reasons that I can't explain, I can't hand her over either.

Everyone was stunned. Beiming Laifeng sneered, "You think you can't hand it over just because you say so? If the sea Race comes to ask for you two days later, we'll just hand you over."

Everyone thought that Yunxiao would fly into a rage, but to their surprise, he just nodded with an expressionless face and said, " "That's good, I also want to find out some things from them."

“This bi an ...”

Beiming Laifeng was also stunned. Liao yangbing and the rest of the people were also stunned. They didn't expect the other party to be so straightforward.

young master Yunxiao, ” Liao yangbing said earnestly, ” this concerns the peace between the two races. I hope you can consider it carefully. Handing over Xiao Hong is the right way to resolve the conflict. He had just made such an ally, and he did not want anything to happen to him.

don't worry, ” Yunxiao said with a smile. I'll give the sea tribe an explanation.

In his heart, he thought that he could use the sea Race as a breakthrough point to find out about Xiao Hong and the ni Shi. As for the peace between the two races, even if the sky collapsed, there would be someone tall to hold it up. Back then, he had broken through the sky and had a Holy region to hold it up.

Liao yangbing was at a loss for words, but since the other party had already said so, they had nothing to say.

everyone, work hard these two days, ” beiming Laifeng said. keep an eye on The Purple Cloud trade union. Don't let anyone escape.

Everyone had the same thought. After they left, they sent a large number of experts to keep an eye on the island for twenty-four hours, and the array on the teleportation Island was temporarily suspended, in case Yunxiao and the others took advantage of the situation and ran away.

Two days later, Yunxiao came out of his seclusion as promised and flew toward the sea alone.

Liao Yang Bing, beiming Lai Feng, and the others were watching from a distance. When they saw him approaching the tens of thousands of soldiers of the sea tribe, they all heaved a sigh of relief.

“Who are you? Where's the city Lord Liao yangbing?”

A look of anger appeared on uncle Ming's face. The other side's city Lord had actually stood them up and sent a young martial honor. It was clear that he didn't value them.

Yunxiao scanned them with his divine sense and found that there were no experts among them, and these sea Warriors were all ugly. It seemed that several races had merged together. He laughed and said, " city Lord Liao had too many mistresses last night, and his body is severely injured. I'm afraid he won't be able to come, so he sent me to meet you.

"What? He actually still has the heart to flirt with his daughter. Did he do what we ordered him to do?" Uncle Ming said angrily.

of course! Yunxiao laughed. it's done! It's because it's done that city Lord Liao is so happy that he's masturbating without restraint. He's still resting on the bed in the city Lord's mansion."

"What about the little girl?" uncle Ming was overjoyed.

Yunxiao cast a spell in the air, and Xiao Hong's appearance from a few days ago immediately appeared in his mind. "Is she the one you're looking for?"

Uncle Ming and the others stared at the scene for a while and confirmed it without a doubt. He said in great joy, " "Yes, yes, yes! Hurry up and hand her over, or you'll have to bear the consequences!"

With a faint smile, Yunxiao flicked the image away and asked, " "I wonder why you all want this little girl? Can you tell me?"

Uncle Ming didn't know. His face darkened and he shouted, " this is a secret of the East Ocean. You are not qualified to know it. Hand it over now!

Yunxiao pondered for a moment. It seemed that these shrimp soldiers and crab generals did not know about Xiao Hong and Ni Shi. He did not want to waste any time, so he said directly, " I'm afraid that the little girl can't come. She's in a state that I can't explain. Can you call your boss over to talk? "

"Leader? I'm the leader of this sea!"

Uncle Ming raised his thick eyebrows and shouted, " if you have anything to say, just say it to me. Our Lord Guang Yi has said that I want to see this girl, Dead or Alive!

Guang Yi?

Yunxiao immediately knew that the word 'Guang' was the surname of a royal family of Dong Hai. It seemed that Xiao Hong was indeed famous, and she might even have come from the palace of Dong Hai."Let that Guang Yi or whatever come see me. I won't be able to get anything out of talking with you minions. It's just a waste of my time."

"What? How bold! Lowly human, how dare you call us, the noble heavenly wild shrimp tribe, your minions!"

Uncle Ming trembled with anger. Crab head and the inverted triangle head were also furious. Although they were not on good terms with uncle Ming, they were brothers standing outside the wall to defend against an enemy. Their auras surged and they were ready to start a fight if they didn't agree!

With a cold smile, Yunxiao suddenly opened his immemorial heavenly eye, and a stream of mental power poured out and pressed down on the dozen martial Venerables in front of him. The mental power actually contained the might of a Dragon!

"?! Dragon's might, it's Dragon's might!"

Uncle Ming lost his voice in shock. His whole body trembled, and he could no longer raise any resistance. All of a sudden, more than ten people were shocked on the spot, and each of them broke out in cold sweat.

This was the pressure of the level, and it came from the trembling of the soul!

The demonic Dragon was also a descendant of the true dragon. Although its bloodline was not as rich as the Royal clans of the four Seas, it still had the Dragon's might. Coupled with Yunxiao's strengthened spiritual power, it was like an amplifier that immediately intimidated tens of thousands of sea clan people.

A cold gleam flickered in Yunxiao's eyes as he said in a cold voice, "Tell Guang Yi to come see me. I'll wait for him in Haitian town. If he doesn't come, you can forget about seeing this little girl in this life! By the way, my name is Li Yunxiao."

All the sea tribe members trembled. Although Yunxiao had a human body, in their eyes, he was like a demonic Dragon Speaking at the moment, making their hearts tremble. It was not until he finished that the terrifying pressure that made their souls tremble receded.

Uncle Ming and the others trembled for a while, and when they saw that Yunxiao was no longer moving, they sank to the bottom of the sea in fear and fled frantically.

Yunxiao pondered for a while before flying back to Haitian town. Everyone was watching from the City Tower, and they felt very strange when they saw the sea tribe retreat.

"Young master Yunxiao, is it done?" Liao yangbing went up to him.

...

it's done," Yunxiao said with a smile. everything's fine now. You can go now, everyone.

"This Yingluo, where's the little girl? They don't want it anymore?" Liao yangbing felt that something was wrong, but he could not tell what it was.

no, I've already told them that the little girl is no longer in Haitian town. They had no choice but to leave. Yunxiao was full of nonsense.

He could only make up a story. If he were to tell the truth, he was afraid that these people in front of him would be angered to death.

Beiming Laifeng also frowned in disbelief,"How can the people of the sea Race be so easy to talk to?"

Yunxiao gave him a look and said with a cold smile, " the people of the sea are pure and cute. They are very friendly and hospitable. After they found out that the girl was not in Haitian town, they even invited me to have tea with them.

Beiming Laifeng,"hehe."

"Haha, it's good that it's settled!"

Liao yangbing was afraid that the two of them would fall out again, so he quickly changed the topic and smiled. young master Yunxiao, you're skilled and bold. You're not afraid of the alien race at all. I'm impressed.

The big shots of Haitian town also echoed and praised. Haitian town was the foundation of these people. If they had a fall out with the sea Race, they would be the first to be affected, so they were more nervous than anyone else.

I'm fine now, " Yunxiao said with a smile. you can leave now.

...

After everyone saw that the sea tribe had indeed retreated, they no longer had any doubts and returned one after another. They didn't expect that an extremely tense crisis would be resolved so easily.

Yunxiao returned to The Purple Cloud Chamber of Commerce and continued to cultivate in seclusion.

After a few days, the sea suddenly became turbulent. The sea water rose up in waves, and dark clouds suddenly gathered in the sky. Lightning and thunder kept flashing, as if something strange was happening. A terrifying aura came with the waves, directly hitting the foot of the city.

The isolated teleportation Island was annihilated in an instant. The experts on the island hurriedly joined forces to form a defensive formation to open up the sea and maintain the safety of the people on the island. However, the bridge leading to the city had completely collapsed, and mortals could no longer pass through.

The powerhouses of Haitian town turned pale with fright and flew to the city wall one after another, looking into the distance.

In the sea, a huge splash rose slowly, like a garden in the sky. A few figures were sitting on it. Then, one after another, figures sprang up from the sea and filled the sky.

I wish everyone a Happy Chinese Valentine's Day. I wish all the fruits, and any girl you like on the street can take the initiative to throw yourself into your arms! Although the reality is cruel, my heart still yearns for a beautiful wish!

Chapter 876-rainbow stone

Liao Yang Bing, who was on top of the city wall, felt a headache coming on. He looked at the aggressive Sea Race, the rolling dark clouds, the monstrous waves, and the powerful aura between the sea and the sky, which all shocked him.

“What’s going on? Didn’t young master Yunxiao settle everything?”

The big shots of Haitian town stared with their eyes wide open and cold sweat rolled down their foreheads. This time, they were not some shrimp soldiers or shrimp generals. Each of them looked fierce and evil. They were not to be trifled with.

Liao yangbing’s face was also livid, and he suddenly shouted, ” “Who are you? What’s the matter?”

He was also a peak four-star Martial Emperor expert. With his shout, his voice immediately reverberated for thousands of miles, dispersing the strange phenomenon above Haitian town, and immediately reducing the pressure on the people in the city.

The huge splash was still rising, and a giant whale emerged from the sea.

Tables and chairs were set up on the surface of the water. Guang Yi was leisurely eating all sorts of rare and precious fruits. His aura was completely different from a few days ago. There was a violent energy surging in his body.

Liao Yang Bing's voice came from afar. He was shocked as he realized that the other party was not an ordinary person. He was at least a mid-stage Martial Emperor.

Uncle Ming and the others stood behind Guang Yi in fear. Uncle Ming hurriedly stepped forward and said, " my Lord, this man is the city Lord of Haitian town. Last time, he was injured by too many prostitutes, so he sent li Yunxiao here. Now, he has probably recovered, so he came here himself.

Guang Yi frowned. As a mid-stage Martial Emperor, how could his body be injured by too many prostitutes? Could it be that the other party was cultivating a secret technique?

A man from the teeth whale clan who was standing beside him received the order and shouted, Lord Guang Yi of the royal family of East Sea is here. The city Lord of Haitian town and Li Yunxiao have come to see you!

"What? The royal family of the eastern sea!"

The people on the city wall were all shocked.

Darknorth Laifeng was also worried. If a war were to break out, he would probably be dragged into it as well. Now that the teleportation Island was completely flooded, there was no chance of leaving at all.

Liao yangbing didn't dare to go over and shouted, " "The royal family of the eastern sea is not the royal family of our human race, why should we have an audience with them? If there's nothing else, please return quickly and don't disturb the human race's territory!"

"Impolite!" The tooth whale clan member shouted in anger. Call that li Yunxiao up here now, or I'll destroy your Haitian town with tens of thousands of soldiers of the sea tribe!"

As he roared, the hundreds of teeth whale Warriors between the sea and the sky began to exude powerful auras. They were all martial Supremes! The tens of thousands of shrimp soldiers and shrimp generals were also beating gongs and drums with a thunderous momentum!

The waves became even more violent under such power.

The faces of the humans on the city wall were all deathly pale, without a trace of blood.

The toothed whale clan was a naturally powerful clan. Many of their descendants with amazing talent were born as martial honorables of the eight desolates realm. Even those with extremely low talent would be expelled from the clan if they could not reach the martial honorables realm by the time they reached adulthood. They would have to find their own way out.

As such, the teeth whale clan was one of the most powerful clans under the eastern sea King clan.

“Damn it! It must be that Li Yunxiao who caused trouble! I knew he wouldn’t do anything good!”

Beiming Laifeng said through gritted teeth.

“Yeah, where’s Li Yunxiao? Didn’t he defeat the king of the sea Race?”

“Oh no, where is he? Don’t tell me he has already run away?”

The Purple Cloud trading company! Go to The Purple Cloud trading company and find her!

A faint voice rang out, and Yunxiao’s figure appeared on the top of the city wall. “There’s no need to look for me, I’m here.”

“Li Yunxiao! The trouble you caused, see for yourself how you’re going to clean it up!”

Beiming Laifeng’s face was ashen as he angrily said, if a war between the two races is triggered, not only will the entire Haitian town not be spared, how will you explain it to the human race? ”

Yunxiao sneered. what war between the two races? ” he asked. what war? ” Last time I talked to them, they were all very happy. This time, they’re probably here to invite me to have tea. I’ll go have a few cups first.”

He instantly turned into a beam of light and headed toward the Marine race expert.

Only then did everyone’s hearts calm down a little, thinking that Yunxiao would not take his life as a joke.

Yunxiao flew over the huge whale and looked at the people in the spray of water with a smile.

The other party’s formation could only scare those who had never come into contact with the high-level sea tribe and were afraid of them. To him, this formation was not worth showing off.

He immediately flew towards the water.

“Impudent!”

The man from the teeth whale clan’s face darkened, and a layer of watery light appeared on his huge fist. If one looked carefully, it was actually compressed to the point that it was almost solidified. As he attacked, a loud trembling sound was heard in the air. It was the might of a martial sovereign of the nine Heavens!

Yunxiao’s eyes turned cold as he slashed out his ice sword. The temperature between the sea and the sky suddenly dropped to the extreme, and the power of the punch was greatly reduced under the influence of the cold air. Then, it was broken by the sword beam, and the aftershock was also dispersed, causing thousands of ice lotuses to bloom and freeze in the air.

The strong man from the teeth whale clan was shocked. Yunxiao was only a martial Supreme, so how could he have blocked his attack?

While he was still in shock, Yunxiao had already stepped on the ice lotuses and was about to step into the water.

“Impudent! The boundless sea!”

The tooth whale clan expert let out a loud roar, and his upper body suddenly enlarged. He placed his palms together in front of his chest, and his essence force spread out. It was as if a miniature whale was swimming around his palms, and he pushed them out with a loud roar!

Each wave of power was stronger than the last, like the waves crashing against the city wall, each wave higher than the last.

Yunxiao drew a circle in front of him with one hand, and the great sorrow Twilight mirror was summoned, which grew to more than two meters in diameter and blocked in front of him.

“Bang!”

The huge force struck the mirror, and only a small part of it pressed down on Yunxiao’s body through the mirror, but it could not cause him any harm at all. And the absolute majority of the force was reflected back without moving!

“Bang!”

Another loud sound rang out, and the tooth whale clan expert was instantly sent flying by his own palm force. He spat out a mouthful of blood, and was actually injured!

Guang Yi’s pupils constricted as he stared at the mirror in Yunxiao’s hand with a surprised look.

The sea Race lacked alchemists, so ninth-tier profound armaments were extremely precious among the human race. In their Sea Race, except for the four Seas ‘royal families, ninth-tier profound armaments were basically not seen. The alchemists of the sea tribe were as respected as gods.

After being defeated in a single move, the tooth whale clan expert was both shocked and furious. He let out a series of roars and charged forward, wanting to fight again.

“Stop!”

Guang Yi stopped him with a light shout, then turned to Yunxiao, who was stepping on the water, and said coldly, “You are Li Yunxiao?”

...

Yunxiao sat down on the chair next to Guang Yi and poured himself a drink. At the same time, he smiled and said, “That’s right. I haven’t tasted the good wine of the eastern sea’s royal family for a long time, but it’s still so fragrant.”

“Oh? So you’ve tasted it before?”

Guang Yi looked Yunxiao up and down, but he did not find him familiar at all.

“Hehe, it’s all thanks to others.”

Yunxiao changed the topic and went straight to the point, “That little red is now my godsister. Why are you looking for her?”

Guang Yi’s expression changed instantly, his elegant Prince’s demeanor swept away. He exclaimed, “What? The rainbow stone is your sister? You must be joking!”

Yunxiao’s heart skipped a beat. So, Xiao Hong’s original body was called rainbow stone. It seemed that it was also a kind of stone.

Rainbow stone Pixiu, neon stone Pixiu, the two fused together, could it be called “rainbow stone”?

Yunxiao began to guess in his heart. The more he thought about it, the more he felt that it was possible. The names alone matched so well, and now they had indeed fused together.

Guang Yi's face was extremely gloomy and he said coldly, "Where is the rainbow stone now? Immediately hand it over!"

calm down," Yunxiao said with a gesture. I wonder if brother Guangyi has ever heard of something called 'aegirine'?"

...

"Neonite?"

Guang Yi frowned and didn't seem to know. His eyes suddenly flashed and he said, "Neonite, rainbow stone, could there be some connection between these? A rainbow stone?"

Yunxiao was a little disappointed. It seemed that Guang Yi did not know the relationship between them."What exactly is this rainbow stone? can brother Guang Yi dispel your doubts?"

Guang Yi stared at him coldly and sneered, "Don't you think you've asked a lot? With your cultivation base and strength, it's already a blessing that you've cultivated for several lifetimes to be able to drink with me."

Yunxiao sneered as he got up and strode away. "Since that's the case, I'll take my leave. You can drink this wine alone."

"You want to leave without leaving the rainbow stones? What a joke!"

Guang Yi's aura rose and a Dragon's might pressed down from the sky like a dark cloud!

Behind him, uncle Ming, crab head, and the others all turned pale. Although this Dragon's might wasn't directed at them, their legs were trembling in horror. Even the surrounding teeth whale clan experts revealed looks of fear.

“The smell of the bugs is so bad.”

Yunxiao waved his hand next to his nose, then took a step into the air with a smile, transformed into a beam of light, and fled.

“What? He’s actually not affected by the Dragon’s might?”

Guang Yi, who was used to using Dragon’s might to suppress the sea Race at the bottom of the sea, was a little uncomfortable and hurriedly shouted, “Stop him!”

In an instant, the surrounding powerhouses of the teeth whale clan rushed over and formed a huge wall of meat. At the same time, several of them struck out with powerful palm forces, and for a moment, water vapor soared into the sky, sealing off the sky and the earth, blocking Yunxiao’s escape light!

This was especially so for the tooth whale clan expert who had injured him earlier. He seemed to be a small leader, and he immediately rushed over to take revenge!

“The boundless sea!”

Several similar martial arts techniques came from all directions. The martial arts of these sea people were as rare as profound level weapons, but each race would always have one or two martial arts techniques that matched their race’s characteristics, just like the teeth whale race’s boundless sea. It was open and wide, and the characteristics of their vigorous Palm Power were vividly displayed. It was even more difficult to deal with than those gaudy martial arts techniques.

Furthermore, the rolling waves between the sea and the sky was the most favorable environment for them!

Chapter 877

877 Big and small firestorm wheels

The faces of the people on the wall of Haitian town in the distance were extremely ugly. Finally, a fight had broken out!

he's indeed unreliable," Beiming Laifeng said coldly. I've already said that he can't do anything good!

it's too dangerous for young master Yun to be alone! Hanxuan exclaimed. Lord Liao, please send someone to help him!

"Hmph? Receive? He's looking for death, and he even dragged us all down!"

Beiming Laifeng's face was cold. He would be happy if Yunxiao were to die here, but the only thing he was worried about now was how to survive this disaster. He could not afford to put himself in danger. So, he began to quickly think of a way to escape.

Liao Yangbing's face twitched as well. He naturally did not want to save Yunxiao, but he was now in an alliance with him, and they would fight against the Beiming family's powerful force together in the future. He did not want Yunxiao to die just like that.

"Let's wait and see. After all, we don't know the situation."

Liao Yangbing said with a blank expression.

Hanxuan was anxious, but the battle in the distance wasn't something she could interfere with. It would be useless even if she went, and she would only drag down the other party. She could only be anxious.

The rest of the big shots were also unwilling to make a move. They all looked on with gloomy expressions.

Sensing the attacks coming from all directions, Yunxiao did not panic even though it was airtight. These were only martial honors of the sea tribe, and they could not cause him any harm!

His body directly turned into lightning. The thousands of palm forces collided with each other, causing Thunder to roar, but they could not hurt him at all.

His body turned into lightning, a move that was almost invincible under the martial Supreme realm!

you big whales hide at the bottom of the ocean all day long. You must have never experienced the power of the heavenly lightning, right? ”

Yunxiao’s body slowly expanded. The rolling dark clouds in the sky seemed to be affected by him, as the lightning flickered even more violently and kept falling, all of which were absorbed by him.

“The fragrant grilled fish with the force of a Thunderbolt!”

His body, which had expanded to the point of becoming almost transparent, suddenly exploded, turning into tens of thousands of Thunderbolts that blasted in all directions. It was like the might of heaven and earth, and a Thunder hell had opened up in the mortal world!

“Argh! “Ah!” Ah!”

Under the deafening Thunder, the screams of countless soldiers of the sea tribe were endless. The lightning dragons rumbled across these people, and the huge teeth whale clansmen were all struck by the lightning.

“I’m furious!”

The young commander of the teeth whale clan roared with rage, and his eyes spewed fire. Then, he cast a boundless ocean from the sky and broke through the prison of Thunder with the Emperor Qi of the nine Heavens. He gathered all his strength in his palm, trying to kill Yunxiao once and for all!

In the center of the prison of Thunder, Yunxiao’s figure slowly emerged. He made a hand seal, and two streams of elemental power shot out, condensing into a huge firestorm wheel that spun in front of him. The teeth whale clan warriors who were close to him trembled with fear and despair.

The power of lightning and fire were the nemesis of the sea tribe. Just the elemental damage alone was difficult for them to withstand.

“Wind rhythm, fire intent, Wind and Fire circulation, 3000 small worlds of light!”

Under the control of his palm force, Yunxiao circulated the firestorm wheels to the extreme and suddenly threw them out!

“BOOM!”

The commander of the teeth whale clan, boundless ocean, instantly exploded and disappeared without a trace. A powerful elemental force swept out, and not only him, but also over a hundred teeth whale clan warriors in the surroundings were all sucked into it, causing them to scream in pain.

The firestorm wheels spread out between the sea and the sky like a blazing sun, breaking the strange phenomenon in the dark sky!

Yunxiao hovered in the world of Wind and Fire like a god, staring coldly at the sky.

The tens of thousands of soldiers of the sea tribe were so frightened by this power that they kept retreating. A large number of low-level members of the sea tribe were so scared that they directly fled into the sea.

In the distance, on top of Haitian town’s city wall, everyone was also shocked. Although they knew that he was the number one rising star, when he really showed his strength, it was still shocking.

Liao yangbing’s eyes were also filled with surprise, thinking that this must be Yunxiao’s trump card. As long as he was stronger, he would have a higher chance of fighting against the beiming family.

The commander of the teeth whale clan was burnt black. He spat out a large mouthful of blood and was sent flying for more than a thousand meters. However, the spirit of the sea race’s Warriors made him endure the pain and roar as he charged over again.

“Stop!”

Guang Yi finally couldn't take it anymore. He was also shocked. The terrifying aura emitted by the Wind and Fire power made him feel apprehensive.

Yunxiao waved his hand in the air, and the wind and Fire that filled the sky quickly shrank, while the sky that was like a blazing sun slowly turned clear. A moment later, a crocodile appeared under Yunxiao's feet.

The crocodile looked completely different from when it was in the outer-realm starry sky. The current crocodile only had half of its original body. With the addition of the Phoenix divine fire, its body now had many strange fiery-red patterns, and a flame-like dorsal fin grew on its back.

Guang Yi looked at this strange creature in shock. He didn't know what it was, but he felt a faint fear in his heart. It was as if the pressure this thing was emitting was even above his Dragon's might.

The crocodile spread its four legs in the air and climbed up clumsily. However, it was extremely fast and arrived in front of Guang Yi in an instant.

Guang Yi couldn't sit still anymore. He stood up and retreated, exclaiming, "What kind of creature is this?"

Yunxiao smiled faintly and said, "It's just a stupid crocodile that I've raised. Of course, young master Guang Yi is a member of the royal family of Dong Hai. He is high and mighty. Naturally, he will not recognize these low-level monsters.

"C-crocodile?"

Guang Yi's eyes widened. It was indeed a crocodile. Although it had patterns and dorsal fins, it should be a variant.

"You've injured so many of my sea tribe's Warriors without restraint. Aren't you afraid of starting a war between the two races?" he asked after he calmed down.

Yunxiao sneered and snorted. the so-called war between the two races is just a way for our Warriors to gain more experience. What are you afraid of? ” Anyway, the eastern sea is so big, and there’s no way to kill all the sea Race. If we kill them, we can always have more, so what’s there to be afraid of?”

“You coward!”

Guang Yi’s face instantly turned livid, the veins on his arms bulging. His killing intent lingered around as he said coldly, ” “Once the two races start a war, it will be the end of the world for you humans! Even your so-called Saint domain will be destroyed in an instant!”

haha! Yunxiao laughed. it’s none of my business. I’ve also found those old geezers of the sacred zone to be an eyesore for a long time. I’ll have to trouble you to go and flatten them. If you don’t flatten them, you’re a coward.”

Guang Yi was so angry that he bared his teeth. His face began to twist and transform as if he was about to turn into a Dragon. As a descendant of a high and mighty royal family, when had he ever suffered such a humiliation? but when he thought of that rainbow stone and the terrifying power of this person in front of him, his reason triumphed over his emotions. He said angrily, “I don’t want to waste my breath on you. Hand Over the Rainbow stone and you can leave. We’ll also directly withdraw our troops!”

With a cold look on his face, Yunxiao snorted and said, ” “What does it have to do with me whether you retreat or not? Don’t retreat if you don’t want to. I’ll be leaving first, you guys can do whatever you want.”

He stepped on the crocodile and was about to leave. He mumbled, ” what a bunch of clowns. If you have the ability, stay on the sea for a few years. You’re all cowards if I don’t.

“You, you, you coward, damn it, damn it!”

Guang Yi was completely mad and roared, ” “Teeth whale warrior, summon totem Meng Tian!”

...

The junior commander of the teeth whale clan, whose entire body had been burnt, was shocked. He hurriedly accepted the order. At this time, the teeth whale clan warriors who were slightly injured all gathered around. A total of seven people formed a huge circle and began to use all kinds of techniques.

Uncle Ming and the rest of the shrimp soldiers had long since hidden far away. Tens of thousands of people watched in horror, but they were of no use.

Yunxiao's face flickered, and he finally turned serious.

Every member of the sea Race had their own totem. These totems weren't made up out of thin air. They were super strong Warriors who had existed before or now. For example, the totem of the royal family was the true dragon, and the totem of the collateral branch of the royal family could only be the Shi Dragon.

The totems of the teeth whale clan were this thing called Meng Tian. Obviously, she was a powerful existence that still lived in the sea. Yunxiao's instinct as a warrior made him feel that it was not good to lose his composure. If she were really summoned, the entire Haitian town would be doomed!

Although he looked carefree on the surface and did not take anything to heart, it was impossible for him to turn a blind eye to the lives and deaths of millions of people.

"Do you think you can summon me just because you want to? Do you think I don't exist?"

Yunxiao teleported and appeared directly above the huge circle. The crocodile under his feet immediately turned into a firestorm wheel and spun down rapidly.

Guang Yi was shocked. He was already prepared to attack, but he didn't expect the other party to teleport directly. Without thinking, a blue light flew out. It was a seabird made of water.

"Gulu Gulu!"

The seabird was formed from some strange water element. It rapidly grew in size. When the 3000 wheels of Wind and Fire slammed into the seabird, it did not collide. It was like a rock falling into the sea, sinking into the sea!

...

“What?”

Yunxiao was taken aback. He really could not figure out what element in the world could withstand the combination of his primordial wind and Phoenix divine fire. But, the world was so big that it was impossible to see everything. Everything had its own natural and natural restraints.

Yunxiao did not panic. He changed his hand gesture and shouted, “3000 radiant great worlds!”

The power of the firestorm wheels, which had sunk into the seabird’s body, suddenly increased by one level. The spinning range continued to increase, and in an instant, the seabird was burst open and suddenly pressed down.

“Boom boom boom!”

The water element that had condensed the seabird was completely vaporized in an instant!

Guang Yi’s face turned pale with fright, clearly in disbelief. At the same time, he felt a burst of pain but it bought him quite a bit of time. He transformed into a half-dragon form and stabbed out with a golden steel fork in his hand!

“Water strike 3000!”

The people of the sea Race were extremely short of profound level weapons. The Trident was the symbol of the Bo family, the Lord of the four Seas, so they all liked to imitate it. Moreover, the Trident was also extremely easy to make, so it was suitable for the use of the people of the sea Race.

With Guang Yi's stab, the sky changed color. Water vapor from all directions quickly gathered, forming a huge stream of water that pressed down with boundless might.

Chapter 878

878 Summoning

Like a whale spewing out a pillar of ocean, the water strike broke through the wheel of Wind and Fire and shot toward Yunxiao like an erupting volcano.

Yunxiao was taken aback. The aura that burst out of Guang Yi's body was actually somewhat similar to that of Sun Xiang, and he was also a genius with an extremely pure bloodline!

He had seen royal descendants of the sea Race with such a bloodline in the East Sea, but they were extremely rare. He had only met two royal descendants of the sea Race, and they were both geniuses?

Was he just too lucky, or had the four Seas changed after several decades?

He did not have time to think about it. The water column was too powerful, but its speed slowed down after it broke the firestorm wheels, so Yunxiao dodged it in the air.

These few short moves were enough, and the summoned teeth whale Clansman was already being recalled under Guang Yi's protection.

The surface of the sea also began to rise slowly, and the back of a giant whale was revealed. The platform that Guang Yi was on earlier was the pillar of water that it had shot out. The back was actually engraved with a dense array that dazzled the eyes.

Next, the teeth whale clan's Warriors also flew up into the air, guarding Guang Yi's side. Although they had suffered varying degrees of injuries, it was their duty and mission to protect the Royal clan with their lives.

The few soldiers responsible for recalling them had already finished working together, and a dark passage was slowly opening up.

Yunxiao's face turned cold as he said, "Guang Yi, stop summoning immediately, or I'll kill you!"

Guang Yi didn't know why, but he felt a chill in his heart when he heard that. However, how could he stop because of that? he said coldly, "If you want to stop, it's simple. Hand Over the Rainbow stone!"

give me three months to think about it," Yunxiao said thoughtfully. I'll give you an answer after that.

"Three months to consider? In your dreams!"

no! Guang Yi refused and said coldly, "since we can't talk, then I'll take it myself!"

A terrifying aura gradually came out of the passage that was gradually opening. It carried the smell of barbarism and blood. It seemed that the so-called totem had begun to move.

The killing intent in Yunxiao's eyes gradually gathered as he said in a cold voice, "If that's the case, then you're asking for it!"

He beckoned in the air, and nine Northern heavens cold star swords flew out, forming a sword diagram in the air. It spun continuously like dark clouds, and sword Qi seeped out from it.

sword cloud rain! Yunxiao pointed a finger in the air and shouted. sword cloud rain!

The cloud of swords shot out ten thousand beams of strong light, and a terrifying rain of swords came down, splitting the sky and earth!

All the members of the sea tribe were shocked. Not only did the rain of swords cover a wide area, but it was also extremely powerful. Each sword contained the attacks of martial honorables from all directions. It was as if countless martial honorables attacked at the same time!

"Argh! "Ah!" Ah!"

The minions of the sea Race all came out and screamed. All of them under the eight desolates realm were killed. Even the injured teeth whale clansmen couldn't resist it, and their injuries worsened.

In order to avoid too many injuries, Yunxiao tried to control the range of the sword rain with the summoning array as the center. The tens of thousands of shrimp soldiers and generals of the heavenly wild shrimp tribe had long been scared into hiding in the distance in the previous battle, so the casualties were minimal.

li Yunxiao, how dare you kill my soldiers! You deserve to die!

Guang Yi was furious. Together with a few powerful teeth whale clansmen, they rose from the sky and surrounded Yunxiao.

'What a joke!' Yunxiao sneered. If the negotiation fails, isn't it just killing?"

He changed his hand gesture, and the sword cloud instantly disintegrated. The nine Northern heaven cold star swords flew back to him and formed a sword diagram. The sea of sword Qi suddenly spread out, and light shot out and shone down!

sword picture: Embracing the Moon in the nine Heavens!

As he shouted, a huge sword-shaped sword formed in the sky and slashed down!

The space was torn apart like a zipper, and the charging teeth whale clan warriors were all blasted apart by the sword-shaped sword, turning into a pile of flesh and blood that dissipated in the air.

Guang Yi's heart was filled with shock. Under the sword-shaped aura, he could not help but tremble slightly. If he had not just condensed his bloodline, he would not have been able to withstand the sword-Qi!

The commander of the teeth whale clan suddenly exploded with a tremendous amount of energy as he roared, "Don't hurt Lord Guang Yi!"

He didn't know any other martial skills. It was still the boundless sea, but it seemed to have used up all his strength. A strange image appeared behind him. The palm Power rushed up with the shocking sea water and blocked in front of Guang Yi.

“Bang Bang Bang!”

The Qi of the nine transformed swords shook the boundless sea of palm energy until it became chaotic and the palm energy exploded.

“Pfft!”

The commander of the teeth whale clan finally spat out a mouthful of blood from the backlash. He was no longer able to block that sword, and he refused to retreat in his despair. In the end, he was crushed into pieces by the sword Qi, leaving nothing behind!

Under the defense of the human wall, Guang Yi managed to buy a lot of time. The Trident emitted rays of light, condensing into a colorful shadow. Like a rainbow piercing through the sun, it struck out with a bang on the sword-shaped strike!

“BOOM!”

The nine Swords' form was broken, but Guang Yi himself wasn't in a good state either. He was sent flying.

At this moment, the horror in his heart had reached its peak, and his face turned pale with fear. He quickly retreated to the back of the whale and began to cast incantations into the complicated array around it. His eyes were filled with hatred as he stared at Yunxiao and said through gritted teeth, “Dammit! You really dare to kill my soldiers of the sea! This enmity won't rest until one of us is dead!”

Yunxiao retracted his Nine Swords and said coldly, “If the negotiations break down, doesn't that mean we'll start killing? The deaths of these people should be counted on your head!”

Yunxiao opened the heavenly eye between his brows, and the divine realm tablet flew out. He cast a few incantation seals into it, and the land immediately expanded. An infinite gravity took shape at that moment, and the entire space was deformed by the huge gravity, collapsing toward the divine realm tablet.

At that moment, the divine realm tablet turned into a mountain and suddenly fell down. The sky was pulled down like a white cloth and fell on the back of the giant whale.

The giant whale of the sea tribe was like a human battleship. It was extremely powerful, and once it was used, its power was unstoppable. Its weakness was that it was too big, and it was hard to get rid of its tail.

Therefore, Yunxiao threw out the nemesis of his warship. The infinite gravity on the divine realm tablet fell, and before it even touched the whale, the distorted space began to press it down into the sea.

Guang Yi's mouth was wide open, his eyes almost popping out. He didn't know how heavy the whale was, but to be able to force it to sink down was simply unbelievable and impossible!

However, this impossible thing was right in front of him. After a moment of shock, he did not bother to activate the formation on the back of the giant whale. He directly turned into a ray of light and escaped. Based on what he saw so far, if he was touched by the divine realm tablet, he would probably be turned into a meat paste.

"Boom boom boom!"

The divine realm tablet finally landed on the back of the giant whale, crushing it so hard that it let out a muffled cry. Its huge body pushed away the seawater and sank down. Huge waves surged on the surface of the sea, and strange phenomena appeared one after another.

In the distance, the people on the city wall of Haitian town were also frightened and frightened. They all thought that it was fortunate that his martial Foundation had been destroyed. Otherwise, if he was allowed to develop, he would really be the world's number one in the future.

Just as the waves were rolling and the world was changing, a terrifying aura came from the sea, accompanied by Guang Yi's wild laughter, "Haha, come out, Meng Tian has come out! Li Yunxiao, let's see how you're going to stir up trouble now!"

In the dark space tunnel, the terrifying aura was getting stronger and stronger. A pair of red eyes bigger than lanterns flickered with a bloody light, and the huge head had already crossed the tunnel.

...

The few teeth whale clan experts in charge of summoning all began to tremble, and their foreheads were already drenched in sweat. However, their eyes were filled with joy.

This Meng Tian was the totem of the teeth whale clan. With only her head exposed, the aura had locked onto Yunxiao.

Yunxiao felt as if there was a dagger on his back. He had seen this Meng Tian before, but he did not know that it was the totem of the teeth whale clan.

His eyes instantly turned into blood moons, and strange patterns formed in his eyes. A strange spiritual force attacked Meng Tian!

Meng Tian's eyes, which were as red as giant lanterns, suddenly focused, reflecting the array pattern in Yunxiao's eyes. Her body, which was still hidden in the passage, suddenly trembled and stopped moving forward. The bloody aura in her eyes began to slowly dissipate.

haha, the menghong beast is an ancient ocean Race, and the teeth whale clan is its descendant. Its strength is comparable to a high-ranked martial sovereign. If you dare to kill a warrior of The Ocean Race, you will become its food!

Guang Yi was still laughing, his face smug as he looked coldly at the figure moving up and down in the waves.

"Hmm, what's going on? What's wrong with Lord Meng Tian?"

Suddenly, one of the teeth whale clansmen felt that something was wrong and asked in shock.

The other person's expression also changed slightly, and he said in surprise, "I don't know. Why did you stop?"

the third person's originally pale face turned even paler, and his body could not take it anymore. he said anxiously, "I can't hold on much longer!"

...

Guang Yi also seemed to notice something was wrong and hurriedly turned around to ask, "What's going on? What happened?"

"Lord Guang Yi, there seems to be something wrong with Lord Meng Tian. He's not moving in the air tunnel!" A tooth whale Clansman said anxiously.

Guang Yi's heart jolted and he hurriedly went forward to check. He saw that Meng Tian's body was stirring, but the wild and violent aura on her body had already disappeared. The situation didn't seem right.

And at this moment, something that made them completely dumbfounded happened. After a moment of irritation, Meng Tian actually began to slowly retreat back into the passageway, and finally disappeared before everyone's eyes. As the few of them could not hold on, the passageway finally closed.

"Pfft! Pfft!"

The teeth whale clansmen were all exhausted, and the reality in front of them had struck them hard, causing them to vomit blood.

Guang Yi was also completely stunned. His entire person was stunned!

Yunxiao closed his eyes, and his forehead was covered in sweat. The ocular technique consumed too much of his mental power, making him a little dizzy. It took him a long time to come back to his senses.

Chapter 879-leaving town

Fortunately, everyone was completely dumbfounded. The entire sea suddenly became calm, and there were no disputes.

After a long while, Yunxiao took the lead and said, "Brother Guang Yi, are you done? Are we still going to continue this fight?"

Guang Yi's body trembled and he gritted his teeth, "You killed many of my soldiers of the sea. I won't let you go!"

Yunxiao's face turned cold. He pointed his finger, and nine Northern heaven cold star swords appeared in front of him, exuding the aura of an artifact as they pressed forward.

The killing intent penetrated straight to the bone. Guang Yi said in shock, "Wait! As long as you hand Over the Rainbow stone, we can forget about everything that happened!"

As soon as he said that, the nine Northern heaven cold star swords formed a sword diagram under Yunxiao's control, slowly taking the shape of a sword.

This time, Guang Yi was truly flustered. That rainbow stone was exceptionally important. If he could, he didn't want it in this situation. Staying alive was more important, but he really couldn't lose the rainbow stone. He hurriedly said, "Do you want to have three more months to consider?"

Only then did the sword diagram's power Stop. It disassembled into nine long swords and was put back into Yunxiao's body. "Aren't you being cheap?"

Guang Yi's face turned green, but he didn't dare to speak.

All the members of the sea tribe felt as if they had been greatly humiliated. They wanted to rush up and die together.

you're not allowed to stir up any trouble for three months," Yunxiao said. Also, how much do you know about this rainbow stone? tell me everything."

Guang Yi's expression changed drastically, but under the other's cold gaze, he still gave in. He endured the humiliation and said, "this rainbow stone is the treasure of the Dragon Palace. I'm not too sure about the reason, but I know that father values it very much.

Sensing Yunxiao's discontented look and coldness, Guang Yi braced himself and said, "There was a great change in the East Ocean Dragon Palace, and the entire royal family migrated. It seems to be related to this rainbow stone. I don't know anything else, even if you kill me I won't know."

Yunxiao's heart jolted, and he knew that it would be difficult to get any more information from her. "Hand it over or not, I'll give you an answer in three months. You can wait for my news."

After saying that, a ray of light flew out from the bottom of the sea. It was the divine realm tablet, which had already pressed the huge whale to an unknown depth.

After putting away the divine realm tablet, Yunxiao rode the wind and broke the waves, leaving behind Guang Yi, who had a gloomy and resentful face.

Very quickly, the sea Race gathered their troops and sank into the sea. The hundreds of teeth whale clan warriors that Guang Yi had brought with him were almost completely wiped out, leaving only a few dozen injured soldiers. On the contrary, uncle Ming and the other shrimp soldiers and crab generals were basically preserved.

Yunxiao broke through the waves and soon returned to the top of Haitian town.

Everyone's faces were filled with shock. They looked at him with some fear, not daring to make a sound.

"Young master Yun, how is it?" Liao yangbing asked.

don't you see?" Yunxiao laughed. hasn't it been solved? "

Everyone's face was filled with black lines. After a huge battle, this was called resolved?

"Deal with it?" Beiming Laifeng snorted coldly. You said that it was settled, but a group of even fiercer ones came. Now you're saying it's been resolved, but who knows what will happen after that!"

so, young master wind, do you think I didn't solve the problem thoroughly? " Yunxiao laughed. Next time, I'll have to trouble young master wind to deal with it. "

Beiming Laifeng turned his head and snorted,"This is your business, what does it have to do with me?"

Yunxiao's face turned cold as he said sarcastically, " "You also know that it has nothing to do with you, so what are you blabbering about?"

"You, you're so unreasonable! You're so rude, so rude!"

Beiming Laifeng was furious. If it wasn't for the fact that he was afraid of the other party's strength, he really wanted to go up and kill him.

Liao yangbing's face darkened, and she quickly said, " "What's the situation now? will they come again? Haitian town can't stand their repeated invasion!"

don't worry, city Lord Liao, " Yunxiao said with a smile. although it hasn't been completely solved, it's almost done. The eastern sea's royal family promised me that they won't come back for three months, and I'll completely deal with them in three months."

"Three months? You can only keep it for three months?"

Many of the big shots of Haitian town were in a panic again.

Liao yangbing's face was also gloomy. they only want that little girl. Young master Yun, won't everything be fine if you hand her over? "

Yunxiao's face was filled with pain and regret as he sighed, " "Have any of you seen that little girl these past few days? When the thunderwind Chamber of Commerce had caused trouble that day, the little girl had been sent flying by a martial honor of the eight desolation realm with one punch. Hundreds of people had seen it. Can an ordinary little girl withstand a punch from a revered martial artist?"

"What?"

Everyone's face turned green. Liao yangbing said, " "This, could it be that you're already dead, little girl? This group of marine race members said that they want to see the person if he's alive and the corpse if he's dead. Where's the corpse?"

Yunxiao gave him a glare and said, " an ordinary ten-year-old girl was punched by a martial honor. Do you think there would still be a corpse? "

"This bi an ..."

Everyone felt dizzy.

"Then how did you negotiate with the sea Race?" Liao yangbing asked doubtfully. How are we going to reply to them in three months?"

I promised to find a little girl who looks about the same for them three months later, " Yunxiao said. I'll just go back and report to them.

"This works too?"

Everyone felt dizzy and thought it was a little ridiculous, but Yunxiao was the only one who knew the details of the matter, and no one could do anything about it if he did not say it.

Liao yangbing didn't believe it. He smiled bitterly and said, " brother Yunxiao, Haitian town is the foundation of my life. You must not neglect it.

don't worry, brother, " Yunxiao said with a smile. I'll get it done for you in three months.

Since the matter had already come to this, there was no point in saying anything more. Everyone left with their own thoughts.

Some of the big shots felt that things were not good and began to prepare to transfer some of their assets out for safety.

After that, Yunxiao went into seclusion again. He asked Liao yangbing for a large number of Supreme-grade primordial stones without any hesitation, and the latter gave him more without hesitation.

The sea was indeed calm. As a member of the royal family of Donghai, Guang Yi had to keep his word. As for whether he returned to the palace or continued to stay in the coastal waters, no one knew.

Not long after, the people of the beiming family went to the red moon City and waited for the immortal land to open.

Liao yangbing also had the intention to break into the immortal realm, but she was waiting for Yunxiao to come out of seclusion.

Finally, ten days later, Yunxiao came out of seclusion. He had absorbed an amazing amount of primordial Qi, but he had only reached the mid-tier eight-stars martial venerable realm, which was still some distance away from the peak.

"Is there any news of Ling 'er?" Yunxiao asked.

...

Hanxuan took out two communication Jade tokens and handed them to Yunxiao as she said, "Young master Yun, you can take a look yourself."

Yunxiao scanned it with his divine sense and immediately read the information inside, and his face changed slightly.

Hanxuan's eyes flashed with a trace of worry as she said, "the two messages were sent only two days apart. Young master Yun, you've already noticed the problem?"

"Two days, huh?"

Yunxiao crushed the jade pendant in his hand, and his face darkened.

The two Jade tokens were sent from the headquarters of Tianyuan trading company. One of them said that there was no news of Ding Ling 'er, while the other one was sent in Ding Ling' er's tone, saying that she was already in the headquarters of Tianyuan trading company and everything was fine, and that Yunxiao should not miss her.

"It's a little strange, but it's indeed from Tianyuan trading company," said Hanxuan. It can be determined that little sister Ling 'er must be in the headquarters of Tianyuan trading company at this moment."

yes," Yunxiao continued. but there seems to be something going on in the headquarters of Tianyuan trading company. If I'm not wrong, Ling 'er has already lost her power in the Chamber of Commerce!"

"What?"

Hanxuan was shocked and said in horror, "sister Ling 'er is the president of Tianyuan trading company. She has been in control for many years and has a deep foundation. How can she suddenly lose her power?" Who had such a great ability to bring her down? Could it be that ding Peng is colluding with outsiders again?"

Yunxiao's judgment made her panic. She was not only worried about her sister, but also worried about the future of The Purple Cloud trading company once Tianyuan trading company changed.

...

Yunxiao sneered and thought to himself, 'it seems that my guess about Tianyuan trading company is right. Ding Shan has been controlling the whole situation behind the scenes.' Otherwise, how could Ding Ling 'er, who did not even have a Martial Emperor by her side in the merchant Union, which was occupied by Tigers and wolves, have survived for so many years?

Ding Shan, Oh ding Shan, you've been hiding your talents for so many years, but I didn't expect you to have such great ambitions!

Yunxiao's eyes grew colder. A man who could endure for so many years must have extraordinary ambition and ability!

He looked at the worried Hanxuan and comforted her, "Don't worry. Ling 'er will be fine for the time being, and Tianyuan trading company will continue to operate as usual for a short time."

"How do you know?" Hanxuan quickly asked.

I can't tell you the details for the time being," Yunxiao said. in short, Ling 'er should be safe, but her freedom is restricted. When the time is right, I'll go to the headquarters of Tianyuan trading company and figure it out in person."

In his previous life, he did not know much about ding Shan. However, if Yuwen Bo was really killed by ding Shan, then with his current strength, even if he went to Tianyuan trading company, he would not be ding Shan's match.

"I'm relieved to hear that, young master Yun," Hanxuan said, slightly relieved.

She seemed to have a blind trust in Yunxiao, and she had no doubt about him, whether in terms of strength or words.

although there are no requirements for the people who enter, it's extremely dangerous inside," Yunxiao said. with Hanxuan's strength, she'd better not go in.

Hanxuan's face blushed slightly, and she chuckled, " "Hanxuan is a merchant, and she only learned martial arts to protect herself. I naturally won't go to the Eastern Region Fairyland."

She had already told Jiang qianrong everything and planned to go to Red Moon City with Yunxiao. But now, she felt a little sour in her heart, and she forced a smile and said, " and I just happen to have some things to deal with, so I'm afraid I can't accompany young master Yun to the red moon City.

it's fine. Yunxiao nodded. I've disturbed Hanxuan for so long, and it's time to take my leave.

A moment later, two figures flew out of Haitian town and headed for the teleportation Island.

They were Yunxiao and Liao yangbing. Not long after they stepped onto the teleportation Island, the array was activated, and the two of them arrived in Red Moon City.

She had taken her son out to play today and only started writing at night, so it was a little late. He couldn't take it anymore, so he went to sleep first. He had just taken a look, and his monthly votes fell to fourth place. He was caught up by a girl's romance novel. He fainted. I'm going to be hit by the monthly votes and recommendation votes that you're shouting for in the middle of the night!

Chapter 880-becoming an official

At this moment, the Redmoon city was even more crowded than the previous joust for a spouse Festival. Just as they were teleported over, they heard the guards 'shouts, " don't just stand there! Everyone, walk inside!

Yunxiao was a little surprised. The voice was quite familiar. He looked up and saw that it was the fat man, Zhu Jingyi. He had no idea why he had changed into the uniform of the guards of Red Moon City.

Liao yangbing listened to the instructions obediently and began to walk slowly with the crowd. Although he was the Overlord of Haitian town, no one could recognize him here. He could already sense the aura of several Martial Emperor powerhouses at this small teleportation point.

Zhu Jingyi commanded the crowd with a straight face, and his fat body made the place seem very crowded.

“Yi, you, you are, you are Yingluo.”

When Zhu Jingyi finally saw Yunxiao, the fat on his face immediately squeezed together, and he looked extremely frightened. He opened his mouth and was about to scream.

Yunxiao patted his belly in time, sending a stream of energy into his throat and shutting his mouth.

“Don’t expose my identity. There are too many people here, and I don’t want to be the center of attention.”

Zhu Jingyi nodded his head with all his might and gestured with his hands, looking extremely anxious.

A guard at the side seemed to have noticed the situation and immediately walked over, saying, “Brother Zhu, what happened? I just saw this kid hit you.” His face turned fierce as he glared at Yunxiao and roared, “You dare to hit the people of my Red Moon City, are you tired of living?”

Zhu Jingyi’s face immediately turned green and cold sweat broke out on his forehead. He hurriedly stopped the guard.

“Don’t be afraid, brother Zhu. I’ve seen plenty of second-generation young masters from small places like this!” Today, I killed a few of them. It seems like there will be one more!” He raised his fist and was about to grab at Yunxiao.

“Bang!”

Zhu Jingyi knew that he could not hold on any longer, so he punched the back of the Guard's head, causing him to fall to the ground. Then, he punched and kicked him for a while, and the breath in his throat disappeared immediately. He felt much better.

"Ahem!"

Zhu Jingyi coughed hard. When he realized that he could speak again, he smiled apologetically and said, this blind fool actually attacked Yun...Yun... Big brother Yun. He really needs to be taught a lesson!

"Bang Bang Bang!"

He kicked a few more times with his fat legs and shouted, "Big brother Yun, you don't even know him, get lost!"

The guard didn't know what was going on. He was beaten black and blue, and he felt wronged in his heart. But looking at the scene, how could he not understand that an important person had really come? he was so scared that he hurriedly ran away.

"Da Fei, come over and help me maintain order. I have something important to do and need to leave!"

Zhu Jingyi called over a thin man to take his place, then pulled Yunxiao into the hall with a smile on his face. I didn't expect that the person I, Zhu Jingyi, knew would be big brother Yunxiao. I'm really lucky. It's a blessing from my previous life. My ancestors' graves are smoking, and I've been praying for 500 years in front of the gods.

"Alright, alright!"

Yunxiao immediately interrupted these disgusting flattery and said, "How did you become a guard of the red moon City? Looks like you're a small leader, doing well?"

"Hehe!"

Zhu Jingyi squeezed his fat face together and smiled in a flattering manner. "It's all thanks to big brother Yunxiao! The members of our ice cube organization have now become guards of the red moon City. Sister Xiaoxue knows that I'm close to big brother Yunxiao, so she promoted me to be a small leader."

"Big brother Yunxiao, you don't know how impressive I am now!" He said in a high and mighty manner. No ordinary person can be the guard of the red moon City. No matter what cultivation level the experts from all over the world have, even if they are martial sovereigns of the nine Heavens, no one would dare to say a word when I berate them loudly and glared at them. Haha, this is so satisfying, so satisfying!"

Liao yangbing, who was standing aside, nodded inwardly, thinking that Yunxiao really had a very good relationship with Red Moon City. He could be taken care of even though they only knew each other. It seemed that it was right to invest in him.

Yunxiao found it funny and said, "Oh? Where's snowball, oh no, sister snowy now?"

Zhu Jingyi's eyes lit up and he said, big brother Yunxiao, you don't know this, but sister Xiaoxue has lost a lot of weight recently. She's been looking for you everywhere. He suddenly leaned over and said softly, "I heard from the brothers in the organization that sister Xiaoxue missed big brother Yunxiao so much that she couldn't even eat or drink. That's why she's getting thinner day by day!

"Pfft!"

Yunxiao coughed out a mouthful of blood, which splashed all over Zhu Jingyi's face.

Zhu Jingyi smiled apologetically and said, big brother Yunxiao, come with me to see big sister Xiaoxue. If you don't go, big sister Xiaoxue will miss you so much that she'll become as thin as a stick. Our brothers will be heartbroken!

Yunxiao immediately understood that Jiang ruomei had arranged for Zhu Jingyi to guard the teleportation array so that she could get news of him as soon as possible. She could not wait to lose weight.

Remembering that he had already promised the woman, and that he was the cause of her obesity, Yunxiao immediately agreed and said, "Ask that chubby girl to come to peach blossom Cove. Although I have a way to help her, my power is limited. I need to borrow the power of other strong practitioners."

Zhu Jingyi was overjoyed. He looked as if he had been relieved of a heavy burden and ran away happily.

Yunxiao pondered for a moment, then went to peach blossom Cove with Liao yangbing.

He didn't dare to use the moon pupil in the red moon City. He had to have the protection of a strong master like ning keyue to use it.

Knowing his status, he flew in the air with Liao yangbing. As expected, no one stopped them and they soon arrived above peach blossom Cove.

Although the environment had not changed, there was more spiritual Qi and vitality than the last time he came. It seemed that ning keyue had come out of her closed heart. Even the environment had changed with the change of her state of mind.

"Since you've come, come down." Ning keyue's melodious voice came.

The two of them quickly flew down. Suddenly, a green light appeared and with a "bang", Liao yangbing's body was blocked by something and bounced out. He did a few somersaults in the air and was sent hundreds of meters away.

Liao yangbing's face was filled with horror, and his heart was filled with fear. The green light seemed to have been flicked by the other party casually. With his strength of a peak four-star martial sovereign, he naturally had no power to resist at all. He was like a small boat facing the magnificent waves, and could only be manipulated by the other party.

The red moon City was indeed one of the seven great forces in the world. Any random woman was already so powerful!

Liao yangbing was, after all, a sly old fox. A respectful expression immediately appeared on his face as he carefully stood in the sky, not daring to move.

lady keyue, " Yunxiao said. this friend is my companion.

Ning keyue's voice was heard."My Peachwood doesn't welcome outsiders, including some of your inexplicable companions, unless they are pleasing to my eyes. He no longer has this, so just stay outside."

Yunxiao was speechless. He was about to say something when Liao yangbing hurriedly said, " it's my Lord's precious land, so it's not appropriate for me to disturb you. It's fine to stay outside. Young master Yun, you can go in by yourself.

Seeing the old fox's pious look, Yunxiao knew that he did not want to leave a bad impression on the peak expert in front of him, so he did not force him to do so. He turned into a beam of light and flew into the building.

A faint fragrance wafted out from inside. It was the best Dragon's saliva. Just one whiff was like absorbing hundreds of primeval stones. It was definitely not something that ordinary people could afford.

Yunxiao walked straight into the building without any fear.

Ning keyue was sitting cross-legged on the seat of honor, inhaling and exhaling her essence force, cultivating quietly. She slowly opened her eyes, which revealed a glimmer of light, and said in surprise, "Not bad, not bad at all. You've just broken through to the eight-stars martial venerable realm a month ago, and it's only been twenty days, yet you've already stepped into the middle level of the eight-stars martial venerable realm. Such a cultivation speed is rare in the world!"

She paused for a moment and suddenly laughed hoarsely, " I'm confused. If you didn't have such a peerless talent, you wouldn't have been able to achieve such amazing achievements at such a young age. Did you gain anything from Haitian town? "

Yunxiao pondered for a moment and said, 'it's dispensable. Either there's still no news of the moon Pearl from the East Sea, or they've obtained some other strange things.'

...

"Oh?"

Ning keyue's interest was piqued. Looking at Yunxiao's straight eyebrows, she could not help but comfort him, "I don't believe that I can't find a few beads in this world."

Yunxiao nodded slightly in agreement, but he had other thoughts in his mind. Since he could not even find Red Moon City or Haitian town, perhaps he had to return to the southern region and go to the cave abode where the heavenly jewel sect had obtained the divine body inheritance.

The walls of the cave were inlaid with moon pearls from the East Sea, but the restrictions and power in them seemed to be difficult to break. Moreover, the inheritance of a divine body was simply unimaginable. The things left in the cave wall were definitely done by an Almighty person a long time ago. It would be a pity if they were destroyed to take the pearls.

However, even if he could not break through the wall to retrieve the Pearl, if he could trigger the light from the divine body inheritance, he might be able to restrain the demon master's clone in his body.

Ning keyue didn't know what he was thinking. She just smiled and asked, "What do you mean by inexplicable gains?"

Yunxiao performed a few incantation gestures with both hands and slowly opened a space in front of him. A soft light came out of it, and a huge stone slowly emerged, shining with a colorful light.

Yunxiao frowned slightly. The aegirine seemed to have changed again.

Ning keyue was shocked and said, "this, this is the Pixiu aegirine?!"

Her tone was filled with shock and disbelief. Not only was her body size different, but her aura was also completely different from what she remembered.

“How did you get yourself into this state?”

...

After a while, ning keyue finally accepted the fact that the stone in front of her was a piece of aegirine, and her eyes showed fear.

Yunxiao told her everything in detail and said, “Right now, I don’t even know if the little girl inside the aegirine is alive or dead. I can only let her transform on her own.”

Ning keyue was stunned for a while after hearing this. She fell into deep thought and finally said, “As you said, that Xiao Hong should be transformed from a rainbow stone. There must be a great connection between the rainbow stones. If we want to figure out the relationship, we might have to go to the palace of Eastern Sea.”
