

The Eternal 881

Chapter 881-big brother

no! Yunxiao cried out in surprise. no! The palace of Donghai is definitely more powerful than the Redmoon city. It's extremely dangerous!"

Ning keyue stared at the ever-changing neon stones in the air and said, " "But this is the only clue. We invited too many experts to analyze this piece of aegirine, but no one could recognize it." She said worriedly, " from what Guang Yi said, the rainbow stone had even caused the disaster of the palace of Donghai back then. It must be an existence of the same level as this neon stone. Now that the two have combined, it's even more disturbing.

The aegirine continued to change shape in the air, as if it had begun to evolve after absorbing Xiao Hong. That strange feeling grew in the two's hearts at the same time, causing them to feel extremely uneasy.

don't go to Donghai Palace for the time being, " Yunxiao said in a deep voice. since the nepheline stones have appeared at the same time, it may be an arrangement of some unseen force. There must be other clues next.

Ning keyue was taken aback. She suddenly felt that Yunxiao did not sound like a junior at all when he spoke to her. His tone and posture did not show the respect for an elder, but were completely conversing with someone of the same generation. Moreover, he did not look like an old man at all. Instead, he looked like an indifferent person who had experienced many vicissitudes of life.

A hint of suspicion flashed in her eyes. No matter how heaven-defying a young man was, the wisdom revealed in his eyes could not be stained with the traces of time.

Yunxiao did not notice ning keyue's suspicion, so he continued, " "It's safer to leave the aegirine with me for now."

Ning keyue said indifferently, 'since you have an idea, I'll do as you say and stay here for the time being. If there are any other changes, remember to let me know at once."

"Yes."

Yunxiao nodded and put away the aegirine. His expression changed as if he had sensed something. He frowned slightly and said, "Lady ke Yue, what are you thinking about?"

Ning keyue was shocked. She was just suspicious, but he had noticed it. How was this possible?

She suppressed the shock in her heart and smiled, "It's just some thoughts, nothing much. The opening of the world was imminent. Now, the world's most powerful cultivators had gathered in the red moon City. Many reclusive sects had also come out. Even the Holy region and the sea of soul formation had sent their Masters. It was really a rare sight. In the North of the red moon City, a large open space has been specially marked out to temporarily build a market. You can go and take a look."

a market?" Yunxiao laughed. Hehe, I still prefer lady ke Yue's primordial core. There are less than ten days left, so let me stay here and cultivate for a while, alright?"

Yunxiao, who was full of amazing treasures, really did not care about the so-called market. If it were not a top auction on the continent, he would not be tempted at all.

"Hehe, your talent is so high, you deserve a reward!"

Ning keyue smiled and then threw out a storage bag, which had 30000 essence elixirs.

Yunxiao was overjoyed. The thirty thousand primordial pills were enough for him to cultivate for ten days.

However, ning keyue's estimation was to give him a year's worth of cultivation resources. If it was known that this kid could use up all of them in ten days, even the red moon City could not afford him.

"I'll also give you this thing. After studying it for half a day, I can only speculate that it's the carrier of some kind of cultivation method inheritance, but I've tried all kinds of methods, but I'm still unable to open the information inside."

Ning keyue threw out an item, which turned into a beam of light and shot at Yunxiao.

When Yunxiao read it, he was overjoyed and cried out, "Thank you, thank you, lady ke Yue!"

Ning keyue smiled bitterly and said, "I've given you 30000 Vitality Pills, but you didn't even look this excited." But I still have to warn you, don't bite off more than you can chew!"

Yunxiao nodded with a smile.

At this moment, a melodious sound like that of a silver bell suddenly came from outside. It was like the chirping of an Oriole and the chirping of a Green Willow, making one feel unspeakably comfortable.

"Jiang ruomei pays her respects to aunt keyue!"

Ning keyue was taken aback, but when she saw Yunxiao's wry smile, she immediately understood. "Come in!"

"Thank you, Auntie!"

Jiang ruomei's voice was filled with joy. She was very polite and did not dare to show any neglect.

Soon, a strong fragrance filled the air. Ning keyue's face showed a slight displeasure.

"Greetings, aunt keyue!"

Although Jiang ruomei was still very fat, she was much better than the fat lump of meat. She smiled and said to Yunxiao, "I didn't expect that the person who cured ruomei would be the man who defeated the king of the sea clan and is known as the World's Strongest Man-big brother li Yunxiao!"

Her face was like a peach blossom, and there was an indescribable charm on her face. However, with her figure, it made people burp.

“Hmph! I think there’s a big problem with ning keyue!”

Ruan Hongyu’s face turned cold. “What do you mean by using her power to treat him? I think he’s using her power to deceive everyone! Could Yunxiao really be related to Yue Tong or Gu Feiyang? Gu Feiyang had a very good relationship with this demoness, so it’s reasonable for him to help Yunxiao like this!”

Jiang Churan said, “ we don’t have any evidence, so we can’t talk about it. Besides, Yunxiao is helping us now. At least, it’s in our favor. As for the rest, we can slowly find out later.

Yunxiao! ruan Hongyu said coldly, “ if it weren’t for ruomei, I would have gotten to the bottom of that li Yunxiao right now! Don’t ever let me find out that he’s related to Gu Feiyang, or else things will get out of hand!”

Jiang Churan frowned and sighed to herself.

A few hours later, Yunxiao and Liao yangbing appeared in the market in the north of the city.

After Jiang ruomei was knocked out by ning keyue, he used the lunar pupil to touch all the curse marks on her body and then left.

There was no place to go for a while, and all kinds of restaurants were already full of people. Helplessly, he thought of the market, so after discussing with Liao Yang Bing, the two of them went together.

Although it was a market, the scale of the city’s North was still very large. It was divided into various large areas, with shops of different sizes all around. Tens of thousands of people went in and out, and it was very lively.

All the shops had number plates. These were all relatively high-end shops, and many of them had floor shops on the ground.

...

Although the market was not guarded by Red Moon City, Yunxiao could still sense more than a dozen powerful auras in the void above.

“?! There’s an earthly yellow golden pill?”

Liao yangbing was surprised. He walked to a shop on the side. A water curtain appeared in front of the shop, and the main items were listed in striking words.

The earthly yellow golden elixir was a ninth-grade item. It was usually used to strengthen the foundation of Martial Emperor powerhouses and was extremely difficult to find.

Yunxiao was also quite surprised. If an earthly golden pill appeared in a large auction, it would basically be the finale. No wonder ning keyue had suggested him to come here for a stroll. It seemed that the standard of this market was by no means ordinary!

The two of them walked straight in, and Liao yangbing asked, “Boss, do you sell earthly yellow golden pills here?”

The shopkeeper was reading a book on alchemy. He turned around and looked at Liao yangbing, “A peak four-star Martial Emperor? Not bad, not bad at all!”

Liao yangbing was shocked. The other party could see through his cultivation level with just a glance, but he could not see through it at all. This could only mean that the other party’s strength was far above his. Could he be a high-level martial Supreme?

“I’m asking if there are any earth golden pills for sale. Why are you looking at my cultivation level?” he asked hurriedly.

The shopkeeper put away the alchemy book and said with a smile, “because I’m only selling this earthly yellow golden elixir for conditions, not primordial stones.

“What condition?” Liao yangbing asked curiously.

...

The shopkeeper gave Yunxiao a look, thinking that he must be Liao yangbing's servant or disciple, so he did not care and said, "In exchange, I'll give you a chance to make a move!" He explained, "I'm going to capture a ninth-rank demonic beast for the opening of planet Tianhuang. I'm almost there by myself. However, it's better to invite more people to be on the safe side.

"Ninth-order monster beast Suan ni"

Liao yangbing's face changed instantly. He shook his head and said, "Although this earthly yellow golden elixir is precious, it's not worth my life in exchange."

"Who said I want you to exchange your life for it?" the shopkeeper laughed. "I've already invited a few experts, and they're all willing to give it a try."

Liao yangbing fell into deep thought. He had been stuck at the peak of the four-star Martial Emperor realm for a long time. If he had the help of this earthly yellow golden pill, it was very possible for him to break through this bottleneck. The main purpose of his trip to the end of time was to find an opportunity to break through.

He hesitated for a while. but I have a condition. If I encounter an irresistible force, I will leave immediately. I will not risk my life.

"Haha, that's for sure!"

"I need the help of a friend, not the life of a friend," the shopkeeper laughed. "With you joining us, our chances of success will increase by quite a bit."

A green light flashed in his hand, and a box carved out of white bones appeared. He handed it over.

Chapter 882-market

“Now?” Liao yangbing was stunned.

In his mind, there should only be a reward after the task was completed. He took the white bone box and opened it. A dazzling golden core flashed inside, and he hurriedly put it away with great joy.

The shopkeeper looked at him and smiled. He put a square item on the ground and said, “ this is a special formation disk. After entering the end of the world, all the landing points are random. We’ll rely on this to connect the dots.

Liao yangbing was at a loss as he held the formation plate. He had only made a small promise, and the other party had really given him the Golden core.

And after the shopkeeper finished all this, he picked up the alchemy book and continued to read it, no longer looking at the two of them.

Liao yangbing stood there, not knowing whether to leave or not. It was only after Yunxiao said, “ let’s go. the two stepped out of the shop and continued shopping.

Liao yangbing felt uneasy along the way. He took out the earth Gold pill and looked at it carefully a few times.

no need to look at it, ” Yunxiao said with a smile. the earthly golden pill is real.

“Do you think that’s reliable?” Liao yangbing smiled bitterly. Isn’t he worried that I’ll run away?”

“Run?”

what? ” Yunxiao sneered. do you think a man who can give an earthly yellow golden pill to someone at will will be worried about you running away? I advise you to stop shopping and quickly find a place to consume this earthly yellow golden pill so that you can successfully breakthrough to the level of a five-star martial sovereign. In this way, the chances of your trip to the end of the world surviving will be much higher.”

what? ” Liao yangbing’s expression changed drastically. you’re saying that it’s very dangerous to kill a ninth-rank monster beast? ”

Yunxiao chuckled and said, ” I can’t see through that man’s strength either, but you’re definitely not the only one he recruited. The demon beast he’s after must not be simple if he’s willing to give up so many earthly yellow golden pills. It can’t be an early-stage ninth-tier demon beast, but at least a mid-tier one, or even higher!

The more Liao yangbing thought about it, the more he felt that it was inappropriate. He turned around and said, ”I’ll return this golden core to him!”

“Return?”

I don’t think it’s possible, ” Yunxiao said with a smile. you’ve accepted their mission, so it’ll be difficult for you to quit.

you ... Liao yangbing said in disbelief, ” everyone is free to do business in the world. How can you force me? ”

He turned around and walked back, but soon came back with a dejected face and a gloomy expression.

“Hehe, what’s wrong?”

Yunxiao blinked and said with a smile.

“If you want to cancel the mission, you’ll have to give me another earthly golden elixir in addition to this one,” Liao yangbing said with a livid face.

“Hahaha!”

haha! Yunxiao laughed and said, ” I guessed so. Actually, you don’t have to be so dejected. Adjust your mentality and aim for a five-star Martial Emperor. This is the right way!”

“Yes, young master Yun, you’re right!” Liao yangbing said seriously. If I can break through to the five-star Five-Emperor level, it’s worth it even if I have to risk my life for them!”

Seeing that it was impossible to withdraw the pill, Liao yangbing could only choose to accept it. Without any hesitation, he said goodbye to Yunxiao and went to find a place where he could cultivate in seclusion to break through.

Although the red moon City was overcrowded, it was a place where spiritual energy gathered, which was rare in the world. It was also an excellent place to break through.

After sending Liao yangbing off, Yunxiao strolled around alone. There were indeed many things in the market, and he could not help but make a few trips to buy some materials.

In the center of the entire market was a temporarily built Hall. It was also the highest standard trading venue, and it was stipulated that no one below the rank of martial honor was allowed to enter.

The hall was covered in a layer of restriction. Those without cultivation in the eight desolation realm could not enter.

Yunxiao stepped into it and found that it was very spacious. It was also composed of shops of various sizes, but they were all scattered on both sides. In the center, a huge water screen was constantly rolling with all kinds of information, and a group of people stood below it, watching.

Yunxiao’s eyes swept over the water curtain, and suddenly his pupils constricted as a few clear, small characters came into his sight.

“Exploding Yuan fruit!”

Yunxiao’s heart stirred. The exploding Yuan fruit was extremely useful for his cultivation. He immediately found the corresponding store according to the suggested number after the exploding Yuan fruit. There were also many people inside who were consulting and trading in detail.

“Shopkeeper, do you have explosive Yuan fruits here?” he asked after a quick scan with his divine sense.

His question caught everyone’s attention, and they all turned their heads and looked at Yunxiao in surprise.

“Eh? My Lord, you want to buy the energy burst fruit?”

The waiter was also stunned for a moment, and hurriedly said, “I’ll go inform the manager!” He put down his business and immediately went to the back of the shop.

Suddenly, a voice came from the back of the shop. It said without any politeness, the explosive Yuan fruit is not something that a martial Supreme can afford. Get lost!

The people in the shop were stunned for a moment. These waiters were quite kind, but they didn’t expect the owner to be so rough. Most of them were martial honorables and were the pillars of support in any place. However, in this trading hall, they were looked down upon by everyone. All of them felt bitter in their hearts.

Yunxiao did not get angry. The dynasty Bell flew out of his hand and rang gently. An ancient artifact essence vibrated and buzzed into his ears, waking him up.

“Eh? Ninth tier profound armament?”

A bewildered voice came from behind the shop, then said, “It seems you have some wealth. Come in.”

The martial Venerables in the shop were also shocked. A person in the eight desolation realm who could own a ninth-tier profound level weapon was definitely a rich man. Moreover, looking at the appearance of the profound level weapon, it was a musical instrument. Such a strange profound level weapon was even rarer.

Under the envious gazes of the crowd, Yunxiao walked to the back of the shop. The space inside was not large, and there was only an old man who was breathing with his eyes closed. “You want the explosive Yuan fruit?”

“Yes, I am.”

yes,” Yunxiao answered simply. He did not ask how much he wanted to sell it, but waited for the other party to speak.

The old man gently nodded and went straight to the point, “I’ll give you three conditions. If you can satisfy one of them, you can take it. First, I want a mid-ninth level defensive battle suit.”

Yunxiao’s eyes turned cold as he said sarcastically, “Have you gone crazy? An explosive energy fruit in exchange for a ninth-rank intermediate armor? Why don’t you exchange it for Noah’s ship?”

The old man’s face was slightly red. He knew that his price was too high, so he said angrily, “This thing is mine. I can sell it at any price I want. You can choose not to buy it!”

The exploding Yuan fruit was an extremely rare ingredient among the ninth-tier ingredients. Its function was to allow the yuan Qi in one’s body to suddenly increase by several times, which was extremely terrifying.

However, most of the martial artists did not dare to take this kind of thing. Even a martial sovereign of the nine Heavens realm, even when he was extremely weak, could instantly recover his origin power and explode to death if he took it. Therefore, this fruit was mostly used to make elixirs that could instantly recover one’s strength. Moreover, one such elixir could be used to make a lot of such elixirs, so it was considered extremely precious. However, it was still a far cry from a ninth-rank intermediate battle suit.

what about the second condition?” Yunxiao asked without changing his expression.

Hmph! the old man snorted coldly and said, “the second condition is simple. As long as you have enough primordial pills, you can exchange for it. Just take two million primordial pills.

...

Yunxiao's face immediately darkened as he said, "If I had an exploding Yuan fruit, would you buy it with two million Yuan dan?"

"Hehe, of course not! It's because I don't need the exploding Yuan fruit, but you do!"

"If you can't satisfy my conditions, then get lost!" The old man said word by word. Don't waste your time here and delay this old man's cultivation!"

Yunxiao thought about the success rate of snatching it. If it were in the wilderness, he would have a hundred percent chance of snatching it and retreating, but in this place, he would rather forget it!

"Isn't there another condition?" he sighed.

The other party was right. The item belonged to someone else, so they could sell it however they wanted. Even if they really wanted to sell it at the price of Noah's ship, he had no choice.

there's one more condition. You don't have to listen to it. Get lost! The old man's face was full of disdain, as if he had seen a poor ghost, and he impatiently waved his hand to chase them away.

tell me," Yunxiao said calmly. it's good to let me give up after hearing it.

The old man raised his eyes and looked at him. He snorted coldly and said, "The cultivation technique I'm practicing requires a very strange weapon, and I've found all the materials I need. Now, I'm short of a powerful ninth-tier Alchemist to help me refine it. If you can find a ninth refinement Alchemist and help me refine it successfully, you can also take this exploding Yuan fruit!"

"Oh? Do you have a recipe for the weapon you need?"

Yunxiao said, his face expressionless.

...

don't tell me you can find a ninth-tier Alchemist to help me," the old man sneered. and I only have one set of raw materials, so I can only succeed. I can't fail. These ingredients are extremely difficult to find. If I fail, you'll have to compensate me with a portion!"

Yunxiao wished he could rush up and beat him to death. Usually, when one asked an Alchemist for help, they would have to pay a large amount of remuneration in advance, and if they failed, they could only admit that they were unlucky. Alchemists would not compensate for the materials, nor would they refund the remuneration.

Moreover, even a peak ninth-tier Alchemist dared not say that his success rate was 100% when it came to refining ninth-tier items, and the success rate of others was even lower. Those alchemists who had just stepped into the ninth-tier might not even have a 30% success rate.

Yunxiao raised his middle finger and gave him a disdainful look. "Keep your explosive Yuan fruit to burst your anus!"

He didn't even shake her off and turned around to leave.

The old man was stunned for a moment, and he hurriedly said, "Wait! Do you really know a ninth-tier Alchemist? How's his strength?"

Yunxiao turned around and looked at him coldly as he said, "if you want to refine it, show me the recipe first. I can tell you an accurate success rate. If the refinement fails, I can return the explosive Yuan fruit to you, but the compensation for the materials is out of the question.

The old man pondered for a moment. It was already a great concession for him to return the payment if the refining failed, and he reckoned that no Alchemist would be willing to do it. He pondered for a while and said, "Take a look at the recipe first." He took out a Jade slip and handed it over.

Chapter 883

883 Explosive Yuan fruit

This profound level weapon indeed had a strange style. It was big in the front and small in the back, with a bulge in the middle. It was a bit like a flat strange sea fish, and its function was also very strange. It had

all five elements, and all five elements were restrained. The refining method was extremely complicated, with thousands of records.

After reading it, Yunxiao pondered for a while and said, "This profound armament can be used to attack the main points, its balance is excellent, and it can also be used as an array armament. It is a ninth tier profound armament with an extremely comprehensive range of functions, each of its characteristics is not outstanding, but it wins in diversity. Very few people would choose this kind of profound armament, so I believe your cultivation method can be combined with it flawlessly?"

The old man was shocked. you have a good eye, little brother. he said hurriedly. are you an Alchemist too? "

His attitude immediately took a big turn. Usually, only alchemists would buy the energy burst fruit, and Yunxiao was able to tell so many things just by looking at the recipe. There was no doubt that he was an Alchemist. Seeing that Yunxiao did not answer, he asked carefully, "I wonder who little brother's master is?"

Yunxiao gave him a look and said, " you don't have to worry about that. If I'm in charge of this strange profound artifact, the success rate of refining it should be thirty percent. It's up to you whether you want to give it a try or not.

"Thirty percent?"

The old man was stunned for a moment and fell into deep thought, not knowing what to think.

Yunxiao was not in a hurry, so he waited patiently. He believed that unless he went to the sea of soul formation or the Holy region, there were very few places that could exceed this success rate.

The old man was also in a dilemma. He had indeed visited many ninth-tier alchemists, but the highest success rate they offered was only thirty-five percent, and the reward was extremely high. He would not have to pay if the refinement failed. At least Yunxiao had promised to not ask for any reward if the refinement failed.

"Little brother, can't the success rate be higher?"

The old man asked bitterly. Although he was a Martial Emperor, in front of an Alchemist, he was just a miserable man who could only hope to be helped.

give me your list of materials," Yunxiao said. I'll take a look.

The old man hurriedly took out a storage bag and handed it over with both hands, "These are all the materials I've collected. Most of the precious ones are almost extinct."

He narrowed his eyes and stared vigilantly at Yunxiao, in case the latter touched his feet.

Yunxiao did not take it seriously. He took it and carefully examined it, then frowned and said, "Many of the important materials inside are damaged. For example, this nandou snow stone. The recipe requires ten catties of pure stone, but yours only has nine and a half catties, and it's a slightly mixed one. These are all fatal injuries, so the thirty percent chance of success has to be reduced."

After the final examination, Yunxiao pondered and said, "I'm about 23% confident."

The old man's heart turned cold when he heard this. He licked his dry lips and said, "23%, so it's almost certain to fail? Can your master do it or not?"

you can take this pile of materials to the sea of soul formation and find Lu congzi, or find tenzongzi in the sacred zone," Yunxiao said with a sneer. if these two old men say that their success rate is as high as eighty percent, I'll chop off my head and let you sit on it.

eighty percent? that's already very high! You can only give me twenty-three percent! It's like heaven and earth! the old man exclaimed.

Yunxiao stared at him coldly and said with a sneer, "These two old men were already peak ninth-tier alchemists decades ago, and they are probably only one step away from becoming tenth-tier alchemy gods. Their success rate is four times that of mine, but even if you offer forty exploding Yuan fruits, you can forget about getting them to help you. Moreover, if he fails, he won't be able to compensate you with a single primordial stone."

He looked at the old man who was deep in thought and said coldly, "I'll hire whoever pays me. I've already made a loss by refining these for you with one exploding Yuan fruit, not to mention that I've promised to return your payment if you lose."

The old man's face was full of embarrassment as he bitterly said, "I understand what little brother is saying, but this old man really doesn't dare to try a 23% success rate. I've paid a great price for these materials, so it'll be very difficult for me to get another set."

After pondering for a while, Yunxiao said, "If you can complete the main ingredients and get a few supplementary ingredients, I can increase the success rate to 40%. Limited by my master's strength, no matter how good the ingredients are, they can't increase the success rate."

"Forty percent?"

The old man's eyes lit up. This was the highest success rate he had ever heard of. He hurriedly said, "Little brother, please pass down your orders."

Yunxiao raised his hand and wrote dozens of words in the air, all of which were the names and quality requirements of the materials. The words were golden in color and condensed in the air without scattering.

The old man hurriedly took a glance and memorized everything in his mind.

can you give me this exploding Yuan fruit first?" Yunxiao asked. I'll take it.

"This is an ..."

The old man was put in a difficult position and laughed a few times, obviously unwilling.

Yunxiao casually pointed his finger, and the ice sword was unsheathed and stuck into the ground with a clang. "Use this sword as collateral."

The old man's pupils contracted,"another ninth tier profound armament?"

Moreover, with the old man's eyesight, he could tell that this was no ordinary ninth tier profound armament. The chill that emerged from it made him a little apprehensive.

He could not help but look at Yunxiao a few more times, and he was certain that this man must be the disciple of some great Alchemist. Otherwise, it was impossible for him to be so familiar with ninth-tier alchemy recipes and have two ninth-tier Mystic artifacts with him.

The old man pondered for a moment and said decisively, " "Good! It's rare for little brother to be so thoughtful, so I'll definitely make you my friend!"

He took out a small Jade box and handed it over. If he could gain the friendship of a great Alchemist, it would be worth it no matter how many exploding energy fruits he gave.

There was a hint of joy in Yunxiao's eyes. The fruit in the box was extremely ugly, and it was undoubtedly the exploding Yuan fruit. He put it away and said, " I pawned this fruit with my sword. When the time comes, it'll be the reward for helping you refine the profound level weapon. We each take what we need and we don't owe each other anything. There's no need to talk about making friends, I'm not interested.

The old man was taken aback, and his heart was filled with a wry smile. But, he was even more convinced that Yunxiao was the disciple of some great Alchemist, because only those alchemists who thought themselves high and mighty would be disdainful of the friendship offered by a Martial Emperor.

Yunxiao handed over a jade pendant and said, " "Once you've collected all the materials, break this jade pendant. I'll be able to sense your coordinates and come over in time. I'll leave this sword with you for the time being. If anything goes wrong, I won't let you off easily!"

"Don't worry, this sword is 10000% safe with me! I'll go collect these things now, little brother wait for me!"

The old man promised and carefully put away the sword. The power of this cold sword seemed to be above the profound level weapon he wanted to refine, but it was a pity that it did not match with him.

The old man then ordered the shop assistant in front of him to remove the information about the energy burst fruit from the water screen in the center of the hall. At the same time, he sent people to collect the materials written by Yunxiao.

Yunxiao was very satisfied with the fruit, and he was no longer in the mood to wander around. He decided to find a place to cultivate in seclusion, just like Liao yangbing.

As for the profound level weapon that the old man needed, as long as the materials were complete, he and Yuan gaohan could join forces in the divine realm tablet, and they would be very confident.

Just as he was about to leave the trading hall, a tall and sturdy figure blocked his path and said coldly, "You are li Yunxiao?"

Yunxiao looked up and saw a sneer on the man's face, but his eyes were lifeless, like those of a dead fish. Frowning, he said, "What's the matter?"

"Hehe, as expected!"

The man's smile was very stiff, and the strange expression on his face made people shudder. He said coldly, "I heard that you're the number one person among the late-stage talents? I'm not convinced."

Yunxiao was speechless. it's none of my business whether you are convinced or not. Get out of the way, dead fish eyes."

The man didn't get angry. Instead, his smile became even more sinister."Hehehehe, I'm not convinced, so I'm naturally going to challenge you. This is the trading hall, fighting is forbidden, but the upper floor is a specially built fighting space for martial artists who can't hold back to vent their hatred. Do you dare to come up with me and fight?"

"I don't dare to."

Yunxiao refused directly. I'm not strong enough, so don't bully me, you experts. Please get out of my way. My mother is calling me home for dinner.

He really didn't have the time to deal with this kind of boring provocation. He had just obtained the energy burst fruit, and he was planning to go back and eat it in high spirits.

...

"Coward!"

The man cursed contemptuously, "as expected of an undeserved reputation!" I knew it. The southern mountain range is a place full of monkeys. What good birds can be born there?"

He cursed a few times, but when he saw Yunxiao's expressionless face, as if he had been waiting for him to make way, he suddenly felt that it was boring. He was suddenly angry for no reason and snorted, "It doesn't matter if you're afraid of death. As long as you lie down three times around the trading hall and bark like a dog with every step, I'll let you go."

Yunxiao patted his forehead helplessly and thought, 'another one is courting death!'

"So what?" the man snorted coldly. Don't lower your head and answer me. "

Oh? " Yunxiao looked up and asked, " are your elders nearby? "

"What do you mean?" the man was stunned.

Yunxiao said, " I'm afraid that if I kill you, your brother will come out again. If I kill your brother, your father will come out again. If I kill your father, your grandfather will come out again. That will be endless. If your family's elders were here, I wouldn't hit you. If you're alone, I don't mind killing you."

"Impudent!"

The man was furious and shouted, "If you have the guts, then come up with me and have a competition. We'll sign the life and death contract!"

His loud shout immediately attracted many gazes. Everyone was happy to watch the show when they saw that there was a show to watch.

...

The fighting space was set up on the second floor of the trading hall. Although it occupied the second floor of the building, it was an independent infinite space. Unless the restriction was broken and the space was broken, all the attacks inside would not affect the outside.

In a vip room on the second floor, several figures were watching the conflict between Yunxiao and the burly man below through the one-way crystal wall.

The third and fourth place for monthly votes are in a stalemate. The gap is so small. Eternal is leading by a small margin. Everyone, let's put some effort into widening the gap! It was still the third watch period today!

chapter 884-bet

One of the men had delicate features and a head of silver hair. He wore an indifferent expression as he looked down.

Fenghua, what do you think of this li Yunxiao?"

The yellow-robed old man beside him was short and slightly bloated. He looked at the silver-haired man with a faint smile.

The silver-haired man's eyes gleamed as he slowly said, "I don't know,"

The old man chuckled. you're still as cautious as ever. This li Yunxiao is just an eight-stars martial Supreme. He's not as divine as the legends say. I wonder how many moves he can take from Feng Jun.

"How many moves?"

The silver-robed man beside him, who was slightly stronger, smiled and said softly, you reclusive families are still so supercilious. This kid is the number one rising star that city Lord Jiang personally said. Don't tell me you don't believe in city Lord Jiang's judgment? "

"Hehe, Jiang Churan? These people from the seven superpowers were all arrogant but weak. Their strength was average, but they thought highly of themselves. It must be because Yunxiao's level has exceeded the younger generation of disciples in Red Moon City, that's why he's crowned as the so-called number one rising star. What a joke! Haha!"

Mu Hong laughed without restraint, his eyes filled with undisguisable mockery. there are so many so-called geniuses like him in our hidden families!

The silver-robed man didn't argue. He stood with his hands behind his back and smiled. In that case, why don't we make a bet? let's bet on li Yunxiao and mu fengjun and see who wins.

"Hmph, does elder tianyun want to bet on Feng Jun?" Mu Hong sneered.

of course! Yong tianyun laughed. I bet on li Yunxiao!

"Oh? Then what are the stakes?"

"You and I can't possibly take a few hundred primeval stones or something like that," Mu Hong sneered. He was extremely confident in mu fengjun.

"You can name the bet as long as I can afford it." Yong tianyun looked at him and said.

Mu Hong's expression changed slightly and he asked suspiciously, "is that true?" Has elder tianyun seen this li Yunxiao's true strength?"

"No, but I've heard of him. I didn't expect him to rise so quickly." Yong tianyun shook his head. The reason why I dared to bet on it was because I believed in Jiang Churan's judgment."

Mu Hong pondered for a while and could not help but look at Yunxiao a few more times. He did not believe that Yunxiao could beat mu fengjun, but when it came to a bet, he had to be careful.

"There is a rank 9 material, Soul Sprout, among the items your sect is trading with my sea of soul formation. I want five kilograms." Yong tianyun chuckled.

five kilograms of soul sprouts?!

Mu Hong jumped in shock and his expression changed. "Ten Jin is too much, five taels at most!"

Mu Fenghua, who had been silent the whole time, was also moved. He looked at Yong tianyun with a profound look.

"You and I can be considered the top existences on this continent. If you don't have five kilograms of soul sprouts, do you have the nerve to take it out?" Yong tianyun smiled.

Mu Hong snorted heavily and said, " my mu clan only earns one or two taels of soul sprouts every year. If I were to take out ten catties to bet, I would definitely be beaten to death by the clan head if I were to lose!

"In the end, it's elder Hong who's not confident," Yong tianyun said with a smile.

"Don't try to provoke me!" Mu Hong waved his hand and interrupted. If it's Fenghua, I'll bet 10 pounds of soul sprouts with you. Although I'm sure that Feng Jun can win, there's still a risk. I can bet 1 pound of soul sprouts!"

“Alright, one Jin it is!” Yong tianyun was a little suspicious.

“One Jin of Soul Sprout on my side, then what kind of equal bet Will Elder Tian Yun put up?” Mu Hong said coldly.

“I’ll be generous. Five taels of gold for a day,” Yong tianyun said with a smile.

“Heavenly shine Imperial Gold!”

Mu Hong was shocked and overjoyed. As if he was afraid that the other party would go back on his words, he immediately laughed and said, “haha, elder tianyun is indeed forthright. The sea of soul formation stage is indeed rich and overbearing!

What the MU family is lacking is this kind of peerless precious material. Five taels of heavenly shining gold is enough to forge a high grade ninth level profound armament. Moreover, if it is used to upgrade the existing profound armament, it can also increase its power greatly. Its value is far above a Jin of Soul Sprout.”

Mu Fenghua was much calmer than Mu Hong. He said calmly, “elder tianyun is so generous. Obviously, you are very confident in Yunxiao’s victory.

“Hehe.”

“Actually, I’m also very curious. How can a martial honor restrain the Emperor Qi of the ninth heaven?” Yong tianyun smiled indifferently. However, I know Jiang Churan very well. She’s a very steady and cautious person. She never talks nonsense and never does anything without reason. The red moon City has been running steadily these years, so I believe everything he said.”

yes. mu Fenghua nodded and said, “it’s not impossible for a martial Supreme of the eight desolates to deal with the Emperor Qi of the nine Heavens. However, Feng Jun is no ordinary expert.

“Let’s wait and see,”

Yong tianyun smiled faintly, but his eyes were sparkling as if he was thinking.

Yunxiao had no idea that he had become a tool for others to make money. If he had known, he would have extorted them. He had now come to the second floor of the trading hall with mu fengjun, and there were many people crowded there.

In the center was a large array with a water screen suspended above it. In the image, two cultivators were fighting each other, each of their moves fierce and fierce, as if they had a deep hatred for each other. Moreover, everyone was talking and laughing, watching with great joy.

The two figures in the water curtain were both at the peak of the martial venerable realm. The two of them were standing in a dark independent space.

Yunxiao glanced at the array and immediately understood what was going on. He began to pay attention to the fight between the two men inside. It seemed that the battle had already reached its end. Both of them were out of essence energy, and their bodies were covered in spots of blood.

On the left, a man in white swept out with his sword, and a ball of sword Qi entangled like silk, silver and dazzling. this is a battle of life and death. Someone must die today!

“Hmph! I’ve been at the peak of the martial venerable realm for more than 20 years, so my comprehension of the rules is far stronger than yours!”

The green-robed man on the right raised his long sword with all his might. A ball of essence force exploded from the sword, and his entire person turned into an arrow, flying towards the white-robed man.

He turned his body into a sword, and his sword Qi was like a rainbow!

“Bang!”

As the two swords clashed, a ball of true force and Yuan Qi spun like a Whirlpool and sucked the two in.

“Pfft!”

“Pfft!”

The two of them spat out a mouthful of blood and were sent flying.

However, the light of the armor on the man’s body flashed and shattered with a ” bang. the man’s face turned extremely ugly and his eyes were full of anger.

“Ha, haha! The armor you were so proud of is gone. Let’s see how you can fight me!”

...

The man in white gathered his vital Qi again, and the sword Qi split into two, showing the rotation of yin and yang, and turned into a Tai Chi light, slashing down from the sky!

“Bang!”

A demonic look flashed in the eyes of the man in green. He quickly formed a hand seal with one hand, and a white light appeared around his body. A white armor suddenly materialized and blocked the sword light!

“Bang!”

The battle armor received a huge shock and retreated back into the green-robed man’s body. He could not withstand all the power and spat out a mouthful of blood. However, his face revealed a ferocious expression!

“What? Your battle armor, Pixiu!”

The white-robed man’s eyes widened and his face turned pale!

“Hahaha! Who told you that I only have one set of armor? Do you think I’ve been living like a dog for the past ten years? Go to hell!”

A cold look flashed across the green-robed man’s face. An extremely sharp sword Qi shot out and directly pierced the white-robed man’s chest. The long sword went through his heart. The white-robed man’s eyes revealed a look of despair and gradually lost its color.

“Bang!”

The green-robed man poured his essence force into the sword and mercilessly jolted it out, blasting the white-robed man’s body into pieces on the spot.

...

Then, he grabbed the ownerless sword and put it away.

Although it was only an eighth-tier Mystic weapon, it was still a great fortune for these Warriors, and not everyone could compare with Yunxiao.

phew, I won. The winner has finally been decided. My neck is stiff from watching!

“We’ve been fighting for ten hours! The difference in strength between the two of them is too small!”

“Yes, if it wasn’t for the fact that this green-robed man’s family background is even more solid, I’m afraid he would have been the one to die.”

“Hehe, in a situation where both sides are equal in strength, isn’t it a competition of family assets?”

Soon, the water curtain in the center disappeared, and a ray of light gathered on the array. A door of light gradually appeared, and the man in green who had won walked out from it. His eyes were full of joy and relief after surviving the disaster.

An old man walked up, took out a small box, and handed it to him, saying, "You win, this pill is yours."

"Haha, that's great!"

The green-robed man paid enough money and snatched the pill. He then squeezed through the crowd and fled, obviously not wanting to stay for too long.

Alright, alright. We're done. You can all disperse!

An old man sitting in the corner mumbled, "Those who still want to fight, come and register with me!"

Yunxiao glanced over, and a faint force from the old man bounced his divine sense away. Clearly, he was an expert.

"I want to fight!"

Mu fengjun shouted loudly, immediately stopping everyone who was about to leave.

The old man raised his head and looked at him. A glimmer of light flashed in his eyes. He squinted his eyes and said, "Hehe, kid, you're quite strong. Who do you want to fight? Who was so blind to have provoked you?"

Mu fengjun snorted coldly as he pointed at Yunxiao behind him and said, "It's him! Write a life and death agreement!"

"What?"

The old man looked behind mu fengjun, trying to see who the blind man was. He happened to see Yunxiao, who had a calm face. After a brief moment of contemplation, he suddenly cried out, "ah! He cried out in shock, You are li Yunxiao!"

“What? Li Yunxiao?”

Everyone in the hall was shocked and looked at each other in horror. Each and every one of them had a shocked and excited expression on their faces. The young man wanted to challenge the world famous, the legendary number one rising star!

At the same time, everyone had a question mark in their hearts: ‘Isn’t this kid courting death by challenging Yunxiao?’

Chapter 885-I like it, I want it

Mu fengjun didn’t think so. He said proudly, ” “Not bad! The person I want to fight is this deceitful liar who doesn’t live up to his name. What number one rising star? today, I’m going to expose him in front of everyone!”

Everyone’s face darkened, and many of them, who had witnessed Yunxiao’s battle, could not help but laugh.

haha, where did this brat come from? to sign the life and death agreement, the ignorant are fearless!

sigh, these days, thinking that you’re the best in the world just because you have a little bit of strength. People’s hearts are not what they used to be.

“I hope he won’t pee his pants later, haha!”

let’s see. Since he dares to challenge li Yunxiao, he must have some strength. Maybe he can withstand one or two moves.

“There’s a lot of jokers every year, but there’s a lot more this year.”

All sorts of mocking and mocking voices rang out, causing mu fengjun's expression to change greatly. He roared, " "All of you shut up! The so-called number one in your eyes, I'll hold his head in a moment and let you laugh as much as you want!"

The old man in charge of registration was also grinning from ear to ear. He quickly said, " that's right, that's right. Don't listen to their nonsense. Hurry up and hand over the vitality stones to sign the life and death contract. We'll start the fight. I still think highly of you. Teach this number one a lesson.

When mu fengjun heard this, he felt uncomfortable. His face was covered with a layer of frost as he said coldly, " "I'll make all of you shut up in a moment!"

He paid the full amount of primordial stones and immediately entered his name on a life and death contract.

Yunxiao glanced at the contract and also pressed a name.

The old man took a look and kept the contract. He pointed at the teleportation array in the middle of the field and said with a smile, " go in. You will be automatically transported to the battle space. He gave mu fengjun a meaningful look and chuckled, " "Young man, hit him hard. You don't have to give me face."

Mu fengjun's face turned livid as he looked at the mocking faces in the hall. He snorted heavily, planning to kill Yunxiao with a killing move and slap these people's faces hard after he entered the hall!

The people in the VIP room looked at the water screen projection in the room with different expressions.

Yong tianyun maintained a graceful smile from the beginning to the end as he leaned back on the comfortable chair and sipped his fragrant tea.

On the other hand, Mu Hong's face was full of sarcasm as he sneered, " "This group of frogs in a well! Could it be that the martial artists of the continent have become so short-sighted?"

“It’s a pity that elder Hong is only betting with me. If he were to open a bet, I guess his biggest gain this time would not be trading with my sea of soul formation or going to the end of the world. He would have won the bet.” Yong tianyun said with a faint smile.

“Yong tianyun, you don’t have to sneer at me.” Mu Hong said coldly. That’s because you don’t understand mu fengjun’s strength. You won’t be able to Cry Later!”

“Oh? Then I’ll be at ease.”

Yong tianyun didn’t speak anymore, but the smile on his face didn’t decrease. He just drank his tea.

Mu Fenghua, who hadn’t said a word, was still standing there quietly. His eyes were fixed on the water curtain, and he didn’t move at all, as if he was a wood carving.

Yunxiao and mu fengjun walked into the formation one after another. The light of space conversion lit up, and the two were soon sent into a dark space. It was endless and boundless, the most suitable place for fighting.

Yunxiao sniffed the air and felt a little uncomfortable. A very strong smell of blood filled the air. The killing here was too heavy. Obviously, it was not just the two men who had fought earlier, but many more people had died.

Grudges, murder, robbery, and so on. Countless Warriors died every day in the realm of heavenly martial arts.

li Yunxiao, your deception ends today!

As soon as mu fengjun stepped into the battle space, his aura spread out. Although he was extremely angry at everyone’s ridicule, his expression was still cold and emotionless.

I don’t think it has anything to do with you, ” Yunxiao said indifferently. whether I deceive the world or not, it seems to have nothing to do with you. If you want to punish the evil, there are so many unfair things in the world, why don’t I see you draw your blade?”

Hmph, there's no point in saying more. No matter how glib your tongue is, I can't save you!

Right now, mu fengjun was bent on using him to establish his might and slap the mouths of those who ridiculed him. He clenched his five fingers into a fist, and his entire body turned into a ray of light as he rushed forward.

A cold light flashed in Yunxiao's eyes, and the thousand-year domineering saber appeared in his hand. With the true Dragon's tear in his left hand, he slowly activated the blade, and the shadow of the great corpse puppet gradually emerged behind him, gradually becoming more solid.

"This saber Qi is so strong!"

Mu fengjun was the first to feel that something was wrong. He was shocked. The saber Light flashed, forcing his movements to be a little stiff.

The pupils of the few people in the VIP room constricted and their eyes widened as they watched without blinking. Although Yong tianyun had great confidence in Yunxiao, he was also very curious about why the boy was so powerful.

The thousand Autumns tyrannical saber's power grew stronger and stronger, and the corpse puppet's entire body emerged. A sword-shaped object crossed with the corpse puppet's body in a flash.

Yunxiao sneered and said, "A mere puppet dares to be so impudent in front of me, what a joke!"

"What?"

Mu fengjun was shocked. He didn't expect that the other party had already seen through his puppetry!

The corpse puppet's saber had already slashed out, and the entire space was sealed under that saber. There was no way out. His face still had that cold expression, but it finally disintegrated under the saber Light, instantly turning into dust!

“Hmph, hiding in the formation space drawn out inside the puppet?”

Yunxiao sneered disdainfully. Just as ‘mu fengjun’ was turned into ashes, the space fluctuated slightly, and a young man in silver revealed his true face with a shocked expression.

Yunxiao pointed out with one hand, and the giant corpse puppet hovered in the air after launching a strike, its Saber Light shining like an ocean as it continued to crush down!

That youth, the real mu fengjun, finally didn’t have that numb and cold expression on his face. Instead, he was shocked. He quickly formed hand seals with both hands, and a huge golden puppet appeared in front of him.

Mu fengjun continued to cast spells in front of him as he shouted, ” “Spinning Nebula!”

The puppet stretched out its hand and clenched its five fingers tightly. A stream of origin power exploded out like a sea of stars and clouds as it violently attacked!

“What? He’s already using the swirling Nebula?”

In the VIP room, Mu Hong’s expression turned ugly. He had a bad feeling about this. It proved that Yunxiao’s attack had put too much pressure on mu fengjun, which was why he had shown his ultimate skill!

“BOOM!”

The force of the nebula’s rotation collided with the corpse puppet’s sea of blades, immediately creating two distinct spaces that squeezed each other. They were equally matched!

And at the point where the two forces intersected, the powerful spiritual pressure was squeezed to the point that it swallowed each other, as if there were signs of a break in the balance.

“Eh? Interesting, you can actually withstand a slash from the thousand Autumns tyrannical saber?”

Yunxiao looked surprised. He performed an incantation gesture with one hand, then changed the sword gesture and cried out, “ a Thousand Autumns like snow, half a night like a dream, one blade to suppress the soul!

Three golden Maha ancient characters immediately appeared on the corpse puppet. The corpse puppet’s body immediately swelled up, and the power of the saber Light doubled. It directly pressed into the nebula space!

...

In the VIP room, Yong tianyun’s expression changed drastically. The calm smile on his face disappeared and was replaced by extreme shock and horror. He stared at the three Maha ancient characters, and his eyes glowed.

The three Maha ancient characters were the mental attack method recorded on the Dragon Bone bead. When Yunxiao used it on the thousand-year domineering saber, it could simulate ning keyue’s one sword attack, the song of subduing the soul of time. Although the power of the two was still very different, it had some kind of soul-subduing charm.

“Pi pa Pi pa!”

The blade light was like lightning as it continuously invaded the space of the Nebula. The blade Qi spread out like vines and completely tore the space of the Nebula apart in minutes!

“Boom boom boom!”

The Nebula space completely collapsed. The sword-shaped corpse puppet instantly crossed over and directly slashed at the huge golden puppet!

“Bang!”

The Golden puppet exploded and was blown to pieces by the blade light!

Mu fengjun was completely dumbfounded. His mind was completely blank. His strongest move had been so easily crushed by his opponent. He couldn't believe it no matter what. He had completely lost his ability to think. He could only watch as the blade light descended. His eyes were filled with fear and despair.

He wanted to open his mouth and beg for mercy, but his throat was too frightened to make a sound under the fear of death.

The killing intent in Yunxiao's eyes did not diminish. Just as he was about to kill mu fengjun, a hurried voice suddenly came over, "Stop! Don't kill him!"

...

Yunxiao was taken aback for a moment, and then a sneer appeared on his face as he looked into the void and said sarcastically, "Who Do You Think You Are? Do you think I won't kill you just because you say so? I'll kill them for you to see!"

The blade light's momentum didn't decrease, and it was about to completely cut mu fengjun into pieces.

"I am Yong tianyun from the sea of soul formation. Let him live and we can talk."

In his shock, the voice immediately revealed his identity and said anxiously, "This person also has a great background. Everything can be discussed!"

Yunxiao's heart jolted, and he finally stopped the saber. Then, he performed an incantation gesture with one hand and put the thousand-year saber away.

At this moment, mu fengjun was completely scared out of his wits. His entire body was as white as a sheet of paper, without the slightest trace of blood. His eyes were filled with fear and terror.

The disciples of the reclusive families were all strong, but they lacked real combat experience and awareness of death. There was still a huge gap between them and the Warriors on the heavenly martial continent who fought on the line between life and death all day long.

Yunxiao stared at him coldly and said, "You have a pretty good backer, so you can keep your life for the time being."

He turned around and was just about to leave the battle space when countless golden rays of light suddenly gathered in the air, condensing into a Golden Ball in front of mu fengjun. It continued to grow in size, and the Golden puppet that had been shattered into pieces had actually recovered. It was just that the spiritual energy was too lacking.

"Memory origin gold!"

This puppet actually had memory origin gold that could repair itself infinitely!

Yunxiao was taken aback, but then his eyes lit up. With a wave of his hand, he grabbed the Golden puppet and threw it into the divine realm tablet. Looking at mu fengjun, who was trying to resist, he sneered, "that puppet is not bad. I like it. I want it."

Chapter 886-a chat

I like it, I want it!

These few words caused Mu Feng Jun's words to be stuck in his throat. He wanted to say it, but he didn't know what to say. He could only watch helplessly as the other party kept his puppet and left.

An endless sense of grievance and humiliation spread in his heart, causing his expression to become extremely ugly. His eyes were bloodshot and completely red.

haha, elder Hong, I'm so sorry. Hand over a Jin of Soul Sprout!

Yong tianyun laughed out loud and extended his hand to ask for it.

Mu Hong's expression was extremely ugly. He didn't expect mu fengjun to lose, and to lose so thoroughly and so quickly. It was completely different from what he had expected.

that li Yunxiao is only relying on his amazing profound artifact! he gritted his teeth and said angrily, " he really has an undeserved reputation!

"Hehe, I don't care if he has an undeserved reputation."

Yong tianyun's eyes glowed as if he was thinking about something. He only smiled and said, "I'm thinking about how to use all these soul sprouts. Hahaha!"

The smug look on his face was revealed without any scruples.

"Hmph!"

Mu Hong's face turned purple with anger. He threw out a storage bag, and his facial muscles twitched a few times.

Mu Fenghua had also been in deep thought, as if he was still immersed in the previous battle. He gradually came back to his senses and bowed to Yong tianyun. "Thank you, lady Tian Yun, for saving my brother."

"It's fine," Yong tianyun chuckled. I am doing this for my own good. If my younger brother were to die, elder Hong would probably rush out to kill him on the spot, and my 500 grams of Soul Sprout would also be gone."

Mu Hong snorted coldly, "of course he'll kill!" But I won't renege on your Soul Sprout! Do you think that I, Mu Hong, am so untrustworthy?"

"I naturally trust elder Hong's reputation," Yong tianyun said with a smile. However, you have broken the rules of the red moon City by rushing out to kill people. I'm afraid that you will become a prisoner of the red moon City in the blink of an eye. Who can I go to for my Soul Sprout?"

Hmph! Mu Hong's expression changed slightly. although the red moon City is powerful, I'm not afraid of them!

"Hehe."

Yong tianyun smiled and stopped talking to him. He looked at mu Fenghua and asked, "Young master Fenghua, what do you think of the battle just now? If it were you, would you be able to win?"

A ripple appeared in mu Fenghua's calm eyes as he said softly, "very strong. That li Yunxiao is really strong. I'm looking forward to fighting him.

He spoke in a relaxed manner, but the veins on his hands behind his back were bulging, and the blood in his body was gradually warming up.

When Yunxiao and mu Tianjun walked out of the fighting space one after another, many people rushed up to like and follow each other, but under Yunxiao's cold gaze, they all retreated in horror.

Then, when mu fengjun came out, all kinds of ridicule and sneers were heard.

Mu fengjun was in a daze. He only felt the world spinning. He spat out a mouthful of blood on the spot and fell to the ground, unconscious.

The battle had attracted a lot of attention, and Yunxiao did not want to cause too much trouble. He quickly left the second floor, trying to walk out of the trading hall.

Suddenly, a figure blocked his way. It was a young man in a black robe. He had a handsome face and an Alchemist badge on his chest, which had a complicated pattern.

Yunxiao recognized it at a glance as a sixth-tier badge.

"Lord Yunxiao, my master would like to have a chat."

The young man said humbly and courteously, his face full of sincerity. As an Alchemist, there were very few who could be so gentle and elegant.

is your master Yong tianyun? ” Yunxiao asked. is he? ”

The young man was taken aback and immediately said, ” “It is!” “Could it be that my Lord knows my master?” he asked curiously.

I used to know him, ” Yunxiao said with a smile. but not anymore.

The young man pondered for a while, not understanding the meaning of this sentence. He could only smile and say, ” Lord cloudsky must be joking. Please follow me.

Yunxiao followed him and soon walked into a luxuriously decorated vip room, where he could see the entire trading hall. Lord Yunxiao, please wait for a moment. My master will be here soon.

Yunxiao frowned and said, ‘he wants to see me, and he wants me to wait for him? I’m sorry, my time is precious. Since he’s not here, then let him come see me next time.’

Yunxiao turned and was about to leave.

“This Tao Wu!”

The young man was completely dumbfounded. How many overlords and grandmasters wanted to see his master? they could wait for a year and a half without any complaints, and they felt very honored. Yet, Yunxiao was not willing to let him wait for a moment, and even wanted his master to meet him in person!

Who does he think he is? The seven sect Masters or the ten martial emperors?

F * ck!

The young man, who had always been gentle and elegant, couldn't help but curse in his heart. He really wanted to rush up and hit him with a few bricks from behind!

Lord cloudsky, Lord cloudsky, wait a moment!

But, his great self-restraint made him hold back. He ran up to Yunxiao politely and stopped him, explaining, "My master was slightly delayed by something, but he will be here soon." "You really know my master?" he asked suspiciously. My master is an elder of the sea of soul formation, a ninth-tier Alchemist, Yong tianyun."

The young man felt it was very necessary to declare the identity and status of his master. As for the Yong tianyun Yunxiao knew, he must be someone else.

Yunxiao gave him an indifferent glance. Not bothering to say another word, he walked straight out.

"Haha, is young master Yunxiao really that impatient?"

Yong tianyun's laughter rang out, followed by a middle-aged man. The two of them came up to Yunxiao with a smile on their faces.

Yunxiao glanced at Yong tianyun and felt a little disappointed. Although he was not very familiar with Yong tianyun in his previous life, they were both sea of soul formation elders, so they could be considered colleagues. Things had remained the same, but people had changed. He did not expect to see him in such a situation when they met again.

When he had spared mu fengjun's life earlier, Yong tianyun thought that it was his reputation that had intimidated Yunxiao, but in fact, Yunxiao had only shown mercy for the sake of their past cooperation.

it's all because elder tianyun is too arrogant," Yunxiao said indifferently. that's why I lost my patience.

Taken aback, Yong tianyun secretly gave Yunxiao a few more glances in surprise. He had thought that Yunxiao would be flattered by his appearance, or at least be polite in front of him. He did not expect him to criticize him.

But, he was a ninth-tier Alchemist after all, so he naturally would not make a fuss about it. Moreover, he had just won a pound of soul sprouts, so he was in a good mood. It's not that I'm being arrogant, but I was indeed delayed by something. This is the president of The Alchemist Association in Red Moon City, and also my first disciple, Fu Yu.

He introduced the middle-aged man behind him. With a respectful look on his face, Fu Yu hurriedly stepped forward and said to both Yong tianyun and Yunxiao, "It's my great fortune to be able to recognize young master Yunxiao!"

...

Fu Yu had once witnessed Yunxiao's battle with runxiang, so he was one hundred percent convinced, and the respect he showed at this moment came from the bottom of his heart.

He seemed to be older than Yong tianyun, but in fact, they were about the same age. However, in the art of alchemy, the most accomplished Alchemist came first, and Fu Yu was only an eighth-tier Alchemist.

The Alchemist Association's power in Red Moon City was very weak, and the city's strategy was to develop merchants and suppress the forces of sects.

Therefore, all the businesses in Red Moon City were flourishing, and the seven permanent members of the Business Alliance were all very weak, so the influence of The Alchemist Association was minimal.

The young man, on the other hand, had a strange look on his face. His senior brother was an eighth-tier great Alchemist, so it was a little unreasonable for him to be so respectful to this young man.

Yong tianyun looked at him and smiled. "This is my second disciple, xiuran. I hope young master Yunxiao doesn't blame me for my rudeness earlier."

Yunxiao gave the two men an indifferent look and said, " your disciples are all quite polite. There's nothing impolite about them. It's someone else who's being unreasonable.

Yong tianyun laughed and said,"In that case, let's go in and talk."

How could he not know that he was the one who was being unreasonable? after spending a short time with Yunxiao, he had a rough idea of what kind of person the other party was, and he would lose face if he continued to talk about it. So, he immediately changed the topic.

The four of them walked into the VIP room. Yong tianyun cast a seal to isolate the room from the outside to prevent anyone from eavesdropping.

When Yong tianyun saw Yunxiao's calm expression, he could not help but admire him in his heart. young master Yunxiao's strength has shown itself in the battle just now, and it has already broadened my horizons. That corpse puppet battle saber should be an antique, right? "

...

With his eyesight, he could naturally tell that the thousand Autumns tyrannical saber was extraordinary. There were probably only a few people in the world who could refine it.

hehe! Yunxiao yawned. it's just ordinary.

This answer was neither painful nor itchy, which stunned Yong tianyun. He only felt that he had nowhere to go, so he could only ask his question directly, I saw three golden tadpole-like characters appear under your blade just now. I wonder if you can recognize those three characters? "

Yunxiao rolled his eyes at him and said slowly, " "Oh? Are you talking about the three Maha ancient characters?"

"Gulp!"

Yong tianyun's throat seemed to be stuck for a moment. He thought that the other party wouldn't know, but he didn't expect that the other party would be more professional than him. He said awkwardly, "Yes, yes, it's the Maha ancient scripture! Young master Yunxiao actually knew these words? I wonder how many words you've mastered?"

"How many words?"

Yunxiao was stunned for a moment, then asked, "What's so strange about this word? I've been learning since I was young, so I've probably mastered tens of thousands of them."

Silence, a deathly silence. The eyes of the three people popped out, and there was no sound.

"Nonsense!"

Xiu ran finally couldn't hold it in and angrily said, "there are only about 400 Maha ancient characters found so far. Where did these tens of thousands come from?"

Chapter 887

887 Five great mysteries

Yong tianyun and the other two's faces instantly turned ashen white, especially xiuran, who instantly lost all color.

The person in front of him was too cunning. He had originally planned to dig out the other party's background, but he didn't expect that the other party would dig out the soul formation sea's background with a casual sentence!

The research of the Maha ancient scripture had always been one of the top secrets of the sea of soul formation and the Holy region. Even Gu Feiyang, who was an honorary elder of the sea of soul formation, did not know about it. The three of them were the researchers of this work.

cough, cough, cough. Young master Yunxiao is so cunning.

Yong tianyun coughed a few times to cover up the embarrassment of the three of them and said with a smile, the sea of soul formation has almost mastered the discovered characters.

yes," Yunxiao nodded with a smile. the same.

"Young master Yunxiao, what do you mean by 'the same'?" Yong tianyun asked.

it's the same as the 'similar' you mentioned," Yunxiao said with a smile. it's the same as what you said.

Yong tianyun's heart was stifled. He coughed a few times and said seriously, young master Yunxiao, I hope that we can have a frank and honest talk.

this honesty and frankness will depend on elder tianyun's sincerity," Yunxiao said.

Fu Yu couldn't stand it any longer and hurriedly said, young master Yunxiao, my master can be considered an all-powerful figure. He came to talk to you personally, which shows his sincerity.

alright! Yunxiao frowned and said, " I'll see how you're going to be honest.

Yong tianyun nodded. to be honest, I have a copy of young master Yunxiao's information. It's recorded from your birth in the southern region to your defeat of runxiang in the northern Sea. I even found out how many generations of your ancestors were there, but the information in some places is very vague.

Yunxiao's face was as cold as ice as he said in a cold voice, " "You mean you want me to complete this information?"

Yong tianyun felt his anger and smiled."Young master Yunxiao, please don't be angry. Although it's shameful to investigate your background, I believe that after the battle in Red Moon City, every force is doing it. It sounds hard to accept, but with young master's intelligence, you should be able to understand. However, if the sea of soul formation couldn't find out the details, it's even more impossible for them to find out."

What Yong tianyun said was true, and Yunxiao had already guessed it. After the battle of Red Moon City, or even earlier, many people must have investigated his identity, but it was inevitable that he would be a little angry when someone said it in front of him.

what did you find? what are you missing? ” Yunxiao said grumpily. see if I can make it up for you!

Yong tianyun forced a smile and said, “Before he went to jialan Academy, young master Yunxiao was a profligate son. Although his cultivation talent wasn’t trash, he was almost there. He had never done anything outstanding. The only interesting thing was that you, Chen Zhen, and han Bai were bullied by LAN Fei and the others. You were supposed to lose, but you went crazy and fought with your life on the line, and you won in the end. This was the only time you stood out before you entered jialan Academy.”

Yunxiao, ‘hehe’.

Yong tianyun looked at him and continued, among these rich and powerful nobles in Tianshui, you and LAN Fei have had a total of one hundred and seventy-three fights, but you have only won about thirty times, and you were beaten badly each time. “En, not cowering despite being defeated, this can be considered a kind of talent.”

Yunxiao’s eyes burned with anger. In this way, would he still have any privacy?

Yong tianyun leaned on the chair and smiled. this is the scary thing about intelligence work. With your rise, these things will be investigated clearly sooner or later.

after you entered jialan Academy, you didn’t do anything at first. You continued to be a coward and was bullied all the time. You never changed.

Yong tianyun continued, “until he died.”

He changed the topic and his expression became serious, it was not until you showed your extremely high talent in alchemy when you first went to The Alchemist Association that everything began to change!

it should have changed when you showed your talent in alchemy, " Yong tianyun said. so, this change should have appeared before you went to The Alchemist Association for the first time!

what does that mean? " Yunxiao asked coldly.

Yong tianyun smiled and said, " we don't know why this change happened. In fact, it's not important. This is only the first mystery. However, there are still a few things we don't understand. For example, why did Martial Emperor Tianqin and divine control Martial Emperor appear in the sky above Yanwu? " I don't believe they're here to fight for the land of spiritual energy in Yanwu."

"The third mystery is in the center of the demon land. What happened in the enchantment set up by the throne? Is the legendary Supreme artifact Noah's ship coming into being?"

"The fourth mystery, what happened above songyue city? Where did the demon clan and the four extremes sect go? are all the people of the merchant Union dead?"

the fifth mystery, where did young master Yun get all his profound level weapons from? "

Yong tianyun said this in one breath and felt much better. These were the results of the sea of soul formation's extensive investigations. The higher-ups of the sea of soul formation had been at a loss for a long time.

elder tianyun, " Yunxiao said indifferently. are you interrogating me? "

"Of course not. It's just that these mysteries are too confusing. Young master Yunxiao has the right to not answer them," Yong tianyun replied with a smile.

After the battle in Redmoon city, Yunxiao had entered the focus of observation of all major forces. Jiang Churan's judgment made everyone eager to know his background.

After pondering for a while, Yunxiao said, " "Don't you have any guesses of your own?"

“Young master Yunxiao, you’re indeed cautious, but it’s normal for this to concern your privacy. Of course, there are conjectures. For example, Enigma 1 and enigma 5 should be caused by the same thing. We guess that you have obtained the inheritance of some powerful person. And the saber you used in the battle space against mu fengjun further confirmed this conjecture. Although I didn’t take a close look at that battle blade, I’m sure that it’s an upper grade ninth level profound armament. There are only a few people in the world who can refine it.”

this speculation is almost the truth,” Yunxiao said slowly. it’s almost the same as the truth. As for the other three, I’m afraid I can’t answer them.”

Disappointment flashed across Yong tianyun’s eyes, but this result was reasonable. He said, although it seems that we did not gain anything, at least we have confirmed the first and fifth mysteries. It has solved many of our doubts.

I can explain what happened in songyue yang city,” Yunxiao said. after Chen Feng of the blade sect left, I also flew away with the people of Tianyuan trading company with a magical treasure. I’d like to know what happened after that!

“Oh? This means that other than the four extremes sect and the demon race, no one else knows?”

Yong tianyun’s face turned serious.

runxiang of the North Sea is also an accomplice,” Yunxiao said. but it seems to be more difficult to find him than the people of the four extremes sect and the demons, right? ”

“The sacred zone has already sent people to the headquarters of the four extremes sect, but they were all gone. All the resources have been transferred away. The current four extremes sect had already become an empty shell. Although it was still huge, it had completely lost its backbone. Now the merchant Union is busy dividing up the four extremes sect’s industries and is not so keen on finding the murderer.”

“Oh? The merchant Union has eyes all over the world, even above the Holy region and the sea of soul formation. If they want to find the murderer, they can’t have no clues!”

Yunxiao frowned as he thought for a moment and said, "Is there another change in the merchant Union?"

"It does seem like there's a problem now that you've put it that way." Yong tianyun also pondered. It had been some time since the incident in songyue city, which had a great impact on the merchant Union. They should have taken action. However, these matters should be the responsibility of the Saints. We, the sea of soul formation cultivators, don't have so many thoughts."

Yunxiao gave him a look, snorted coldly, and said, "If you don't think so much, why did you list out the five great mysteries?"

"Haha, young master Yunxiao, you don't have to be afraid of me. After all, I don't have any ill intentions." Yong tianyun laughed. Besides, young master Yunxiao has also received The Alchemist badge of my sea of soul formation. From what I can see, young master is already an eighth-tier being!"

"What?"

The two disciples behind him were taken aback as they looked at Yunxiao in horror. The number one rising star of martial arts was actually an eighth-tier Alchemist?

"I wouldn't have believed it if I hadn't seen it with my own eyes," Yong tianyun forced a smile. I wonder what inheritance young master Yunxiao has obtained? You're so terrifying in both martial arts and sorcery. I'm afraid you'll be the number one sorcerer of the younger generation!"

He seemed to be reminiscing and sighed. as far as I can remember, the only person who has achieved such amazing achievements in dual DAOs in the past hundreds of years is the martial sovereign Vanquisher, Gu Feiyang. From what I can see today, young master Yunxiao's future achievements will definitely be above Gu Feiyang's!

...

Yunxiao did not deny it, but said indifferently, "Elder tianyun, are you mocking me? Now, the whole world knows that my dantian is damaged and my martial arts Foundation is destroyed. It will be difficult for me to advance in the future."

“There’s indeed such a rumor. I believed it at first, but I don’t believe it anymore after seeing you.” Yong tianyun smiled faintly. I don’t believe that a peerless genius can still be so calm after his martial Dao Foundation has been destroyed. He can still stroll around the market, fight, and chat with me. Hehe, young master’s deception is truly brilliant.”

Yunxiao frowned and snorted. it’s up to you whether you believe it or not. Do you think you have to frown every day just because your martial Dao Foundation has been destroyed? ”

“Then, do you dare to let me take a look, young master Yunxiao?” Yong tianyun asked with a smile. If the foundation of martial arts is really destroyed, then I’m afraid that the only one in the sea of soul formation who has the hope of curing young master is me!”

no need, ” Yunxiao refused flatly. let’s talk business. Did elder tianyun ask me to be honest with you just to answer your questions?”

that’s only one of the reasons. The second reason is that, as an elder of the sea of soul formation, I’m now officially inviting young master Yunxiao to join the sea of soul formation! Yong tianyun said.

Chapter 888-invitation

“Join the sea of soul formation?”

Yunxiao was taken aback and fell into deep thought. This was beyond his expectations.

Yong tianyun’s eyes narrowed slightly as he watched the change in Yunxiao’s expression. as far as I know, young master Yunxiao hasn’t joined any force yet, but he has a sacred mountain like Yanwu, many ninth-tier Mystic artifacts, and an extremely flamboyant reputation.

“Hehe, all of this is very enviable.” He laughed indifferently. Young master Yunxiao is like a child holding a gold ingot as he walks in the market with everyone’s eyes on him.”

Yunxiao pondered silently. He had also realized this. Although he wasn’t a pushover, not everyone knew that. Moreover, his strength was indeed not enough in front of the truly large sects.

the benefits of joining the sea of soul formation are self-evident," Yong tianyun encouraged. you can get a lot of resources and support, and no one in the world dares to provoke you.

what about the obligations?" Yunxiao asked.

"Hehe, of course I have a duty."

"Since we've joined the sea of soul formation, we must put the benefits of the sea of soul formation above all else, because this is our shared glory!" Yong tianyun said seriously.

I understand," Yunxiao said. for the sea of soul formation, I can even give up my life.

"How can it be that bad?" Yong tianyun laughed and said,"I'm afraid you'll be finished when the sea of soul formation requires you to risk your life."

What if I don't join?" Yunxiao asked. What if I don't?"

Yong tianyun looked up and said leisurely,"Young master Yunxiao is a smart man. By the way, I also have to deal with a murder case on the way to the red moon City. Master si deyuan, an eighth-tier great Alchemist of my sea of soul formation, was framed and killed. I wonder if young master Yunxiao knows the real murderer?"

Yong tianyun especially emphasized the word "murderer." The meaning in his eyes was self-evident.

Yunxiao cursed in his heart and said resolutely, " master si deyuan was killed by thunderwind Chamber of Commerce. The entire Haitian town witnessed it with their own eyes. There are tens of thousands of witnesses. The murderer has been executed by Lord Liao yangbing, the city Lord of Haitian town. There is no doubt about it!

"Oh? That would have to be investigated carefully. In many cases, seeing may not be believing. For example, I think it's quite mysterious about the damage to young master Yunxiao's martial Dao Foundation." Yong tianyun chuckled.

can you give me some time to think about it? ” Yunxiao frowned. I’ll think about it again.

In his previous life, he was also a member of the sea of soul formation and had a certain friendship with it. However, he was too weak now. Once he entered the sea of soul formation, he would be at the mercy of others.

The two partners had to have similar strength to ensure fairness. Otherwise, the weaker one was, the greater the loss.

“Of course you can!”

Seeing that Yunxiao did not refuse, Yong tianyun was quite satisfied. A light flickered in his hand, and an exquisite badge immediately emerged, exuding a very strong power. This is the badge of an eighth-tier Alchemist. Young master Yun, please accept it.

The two disciples behind him were taken aback, and a strange look appeared on their faces. Generally, an Alchemist needed to take a test to advance to the next level, especially for a high-rank Alchemist like the eighth-tier, which could not be taken lightly. But their master had just given the badge to someone else.

The Alchemist badge is only a symbol below the sixth-tier, but from the sixth-tier onwards, the materials used are extremely precious, and it has a certain auxiliary effect during refining. It is also a small profound artifact.

young master Yun, ” Yong tianyun explained, ” you only need to imprint a piece of divine sense into it, and there will be a corresponding record in the sea of soul formation. If something happens to you, the sea of soul formation will know immediately and find out the truth!

Yunxiao picked up the badge and put it away without branding it with his divine sense. “Let’s talk about it after I join the sea of soul formation.”

Once one’s divine sense was imprinted, one would be detected by the sea of soul formation no matter where they were unless they had the power of their previous lives to track and block it.

“That’s great.” Yong tianyun wasn’t in a hurry. I’ll also stay in the red moon City and explore the world. If you need anything, you can find me at any time.”

Yunxiao nodded. It would be a great help to him if he could rely on the sea of soul formation at this time. Suddenly, his expression changed as he asked tentatively, “Elder tianyun, have there been any changes in the sea of soul formation recently?”

Yong tianyun was taken aback, and then his face changed drastically. His eyes shot out a fierce light as he looked straight at Yunxiao.

From the time the two of them had been conversing until now, they had never seen him so nervous, nor had they seen him have such a serious expression.

An enormous soul power rolled out of Yong tianyun’s body, and his sharp eyes seemed to be able to break through all of Yunxiao’s defenses and read his mind.

Yunxiao’s face flickered as he hurriedly circulated the great expansion divine technique to block the incoming spiritual power!

But it disintegrated in an instant. The other party was a true ninth-tier Alchemist! Only by using eye-bloodline techniques could he face them head-on. If he only relied on mental energy to fight, he would lose without a doubt!

“Clang”

Yunxiao clenched his fists in front of him, and a cold light condensed in front of him. The thousand-year blade let out a crisp sound as it vibrated, and three Maha ancient characters rose from the blade, resisting Yong tianyun’s spiritual attack together with his soul power.

When Xiu ran and Fu Yu saw the treasured saber, they were immediately alarmed and became extremely alert!

elder tianyun, if you keep staring at me like that, I'll be embarrassed and I might not be able to hold my saber!

Yunxiao was secretly shocked. Yong tianyun's spiritual power was much stronger than it was decades ago, and he could not even hold on for the expected time.

hehe. Yong tianyun suddenly laughed and withdrew his spiritual power. He was even more shocked than Yunxiao. He had been worried about whether Yunxiao really had the strength of an eighth-tier Alchemist. From the fight just now, he could tell that his soul power had almost reached the peak of the eighth-tier!

This brat was not even twenty years old, he wouldn't be advancing to tier 9, right?

This thought shocked him greatly, and his heart began to beat rapidly! A ninth-tier Alchemist who was less than twenty years old ... What did this mean? At the very least, it meant that he would be the most respected person in the art of cultivation for the next few hundred years!

The two of them looked a little unsightly.

What do you mean, elder tianyun? " Yunxiao asked coldly. You've asked me so many questions in a row, and I've only asked one question, and you're already making things difficult for me?"

Yong tianyun suppressed the shock in his heart and thought for a while before sighing. young master Yun is also a person who experienced the burial land. What kind of changes do you think the sea of soul formation will have? "

Yunxiao sneered. this is your sect's business. How would I know? since elder tianyun is not willing to tell me, then forget it. I'm not that curious about gossip.

Yong tianyun looked at him deeply and said,"Do you know who Yu Shengfeng is?"

Yunxiao chuckled. although this name has been around for hundreds of years, it was one of the two great leaders whose names shook the continent hundreds of years ago. He was the leader of the sea of

soul formation of the previous generation, the president of The Alchemist Association, and the master of the current president, Lu congzi!

Yong tianyun's face was extremely serious. After the time it took to brew a cup of tea, he said, "Since you already know, I won't hide it from you. The current situation in the sea of soul formation was very complicated, and there were signs that a storm was coming. Lord NIE's return is a disaster, not a blessing!"

Yunxiao's expression flickered. what you just said contains a lot of information. he said. Back in the Boneyard, the Saint realm's Xu Chu had also found out about Chu Shengfeng's identity. However, he had already lost his physical body. It was really surprising that he could still compete with Lu congzi after returning to the sea of soul formation. Could it be that Lu congzi still remembered their old friendship? He's not a soft-hearted person."

The three of them had extremely unsightly expressions, and cold sweat seeped out of their foreheads. It was one thing for this kid to call Lord Lu congzi by his name, but he also said such shocking words, making them feel a chill down their backs.

Yong tianyun looked at him and said seriously, "Young master Yun, the amount of information in your words is even greater than mine! These are all major events that are enough to stir up the winds and clouds on the continent, and they are not things that you and I can discuss. This matter will stop here!"

Yunxiao snorted coldly in his heart. It seemed that there was indeed something wrong between Lu congzi and his disciple.

Yu Shengfeng cultivated a devil technique and had obtained the broken body of Emperor Jun. In addition to his prestige in the past, he would certainly have many great alchemists who were highly respected.

...

More importantly, when he was training on qionghua Island in the southern region, the crystals that came out of the soul formation sea were all filled with demonic Qi!

It proved that there were still potential devil cultivators and alchemists in the sea of soul formation. The existence of these people must be greatly related to the fact that Yu Shengfeng was the leader of the sea of soul formation back then.

With a smile in his eyes, Yunxiao said leisurely, "the situation on the continent is getting more and more chaotic. The situation in the merchant Union is unclear, and a storm is coming in the sea of soul formation. Fortunately, the Holy region and the seven superpowers are still in peace. Otherwise, it would be a real disaster!

"Stable? I hope so."

Yong tianyun's eyes were filled with worry as he asked, "Young master Yun, are you really not willing to disclose the information about Noah's ship? If there is turmoil in the realm of heavenly martial arts, it must be suppressed by a peerless master. If Noah's ship can be used by the power of justice, it will have a great positive effect on the future turmoil!"

"What is justice?"

Yunxiao chuckled. treasures have spirits, and Noah's ship has its own mission. The heavenly Dao is leisurely. It seems chaotic, but everything is in its destiny. As a ninth-tier great Alchemist, elder tianyun also plays a pivotal role on the continent. Doing your best will play a positive role in stabilizing the situation of the heavenly martial realm."

Yong tianyun was taken aback. He did not expect Yunxiao to say such philosophical words. He immediately fell into deep thought, and the more he thought about it, the more he felt that it made sense.

"Today's discussion has benefited me."

alright! Yunxiao rose and said, "if there's nothing else, I'll take my leave.

Yong tianyun looked up at Yunxiao and had an illusion that the man standing in front of him was not a junior, but a friend of many years.

Chapter 889-splitting heaven and earth

This feeling made Yong tianyun feel strange. It was as if an extremely powerful soul was hiding under this young body!

He had also guessed that he would be possessed by someone, but once he was possessed, the damage to his body would be extremely great. It was already difficult for him to maintain his cultivation level without declining, not to mention such rapid progress.

Moreover, with his cultivation, he could tell with a single glance whether he was possessed by an expert or not. There was no way he could deceive him. Yunxiao's eyes were as clear as stars, and it was impossible for him to be possessed by a strong man.

"Young master Yun, please consider joining my sea of soul formation," Yong tianyun said. By the way, the person you were fighting just now is from the reclusive Mu family. They will also explore the world and have extraordinary strength. It's still safe in the red moon City, but if you enter the end of time, you have to be careful."

Yunxiao frowned. He did not expect that the opening of the world would draw the people from the reclusive families out. He nodded and said, "I will. Don't cross the bridge."

After that, Yunxiao walked straight out of the VIP room and left the trading hall in search of a remote place.

Xiu ran finally couldn't bear it anymore and said, "Master, this li Yunxiao is so arrogant. Why did you lower yourself to ask him to come?"

Yong tianyun pondered and paced back and forth in the room with his hands behind his back. He sighed, "This kid is definitely not an ordinary person! He's even more monstrous than I expected. He'll definitely be the one to stir up the world in the future!"

Xiu ran and Fu Yu were both shocked. They had never heard Yong Tian Yun praise someone like this before.

.....

Yunxiao walked straight out of the trading hall and instinctively felt many eyes on him, many of which were strong and malicious.

As soon as he left the trading hall, he rose into the air and disappeared into the sky in a flash of light. Those who were following him in the dark could do nothing about it. They did not dare to fly above the red moon City.

Yunxiao's escape technique was extremely fast. In just a few flashes, he had left Hongyue city and was heading out of the city. Everyone only saw a flash of lightning across the sky, and in an instant, he was thousands of miles away.

A moment later, he arrived at the place where he had obtained the aegirine. The place had been destroyed and turned into a lake and river, but it was suitable for hiding and cultivating. He didn't stay at ning keyue's Peachwood because he didn't want to have anything to do with Jiang ruomei. He was even more afraid that he would expose the moon pupil.

He had removed the curse. Although ning keyue had helped to block the investigation, the higher-ups of the red moon City would still be suspicious. The more contact they had, the worse it would be.

Looking at the lake, the divine realm tablet shot out from between Yunxiao's eyebrows and fell directly into the river, stabbing into the bottom of the river. Then, he turned into a beam of light and flew into the lake.

Since he could do whatever he wanted in the divine realm tablet, he took out all the thirty thousand primordial pills that ning keyue had given him and began to meditate and absorb them.

Time passed by bit by bit. Yunxiao was still surrounded by spirit Qi, and even his figure could not be seen clearly. A few days later, the hazy spirit Qi gradually faded, and the shadow that seeped out of it finally moved. Vaguely, one could see that his hands were constantly making incantation gestures.

The gradually decreasing spirit Qi in the surroundings suddenly shrank toward the center, all of which was sucked up by Yunxiao.

He took out the exploding Yuan fruit with a serious expression, put it in his mouth, and swallowed it.

Immediately, a violent force formed in his body. His body, which had been full of primordial Qi after being devoured by the one Qi creation skill, grew explosively under the guidance of the exploding Yuan fruit. In an instant, Yunxiao's body swelled up like a balloon.

Yunxiao quickly performed incantation gestures with both hands, and his body suddenly turned golden, as bright as the sun. Three heads and six arms appeared under the Golden body, while the other two faces closed their eyes and performed different incantation gestures.

Even with the appearance of the Golden body with three heads and six arms, it was still unable to suppress the exponential increase of the elemental energy in his body. It was like a wave crashing against his meridians and bones, as if every cell was filled with energy, squeezing his whole body to the brim. The energy around his body condensed into a strong wind and shot out. His three faces all showed a painful and ferocious expression.

“BOOM!”

A muffled sound came from his body. The bottleneck of the eight-stars martial Supreme had been broken through. He still couldn't digest the power in his body, and his momentum was still rising.

Yunxiao's three heads and six arms were twisted and deformed. His eyes were bloodshot, and the power of the lunar pupil spread out to cast an illusion on himself, paralyzing the nerves in his brain and reducing his pain.

The whole process lasted for a day and a night. When the energy in his body was exhausted, Yunxiao could not even think about it. He fell from the air and fell to the ground, unable to get up.

A few days later, a beam of light shot up from the bottom of the river. It was Yunxiao, who had become a mid-grade nine-stars martial venerable. He turned into a beam of light and headed toward Red Moon City.

Suddenly, he had an idea. After flying for thousands of miles, he suddenly stopped. A layer of killing intent appeared on his face. He looked around and said coldly, “All of you, come out!”

The space around them fluctuated slightly, and several extremely strong auras spread out, sealing the space where Yunxiao was.

Then, four martial emperors came out from four different directions and surrounded Yunxiao.

The man on the east side raised his eyes slightly and chuckled, "You made us wait. We thought you wouldn't come back."

The man from the North heaved a sigh of relief. "If we still don't see anyone after half a day, we'll all give up. There's only a moment left before the strange phenomenon of the red moon hanging high above The Purple Cloud Peak. After that, the opening of the ancient land and the heaven will open. If we don't see you soon, we'll have to leave."

"Everyone, stop talking nonsense. This brat has some ability, and it might be a bit difficult to kill him. Kill him quickly, don't delay our journey to the immortal land!" The man in the South had a murderous look in his eyes.

"It's tricky, but with the four of us working together, it won't take long for the four of us to become four-star martial sovereigns!" the man from the West laughed.

The four of them released their auras at the same time. In an instant, the sky changed color, the earth trembled, and all kinds of auras surged around Yunxiao, as if they were going to roll him into a meat paste.

Yunxiao's face was calm as he said indifferently, "You want to kill me, but you're not even going to give me a reason?"

The man in the North laughed, "The reason is that you have too many treasures on you!"

The four men had tracked him down from Red Moon City to seize the treasure, but Yunxiao's escape technique was too fast for them to catch up with. So, they had to wait for him on the only way back.

After the man from the North finished speaking, he sneered and threw a punch. The entire space exploded and fell down!

that's almost what I guessed, " Yunxiao nodded.

his figure flickered slightly and shifted rapidly in the air, dissolving the fist force. a cold expression appeared on his face as he said coldly, " "in that case, let's end the battle quickly. i'm also in a hurry to go to the immortal land!"

He raised his right hand and threw the divine realm tablet into the air. A few figures flew out of the tablet. They were Mo Xiaochuan, Shaohuang Haolian, and the three Gou brothers. The five of them had mocking expressions on their faces as they stared at the four people, trying to find their targets.

"What? What's going on?"

The four people were shocked. Their momentum and pride were instantly frozen, and their faces were dazed and frightened.

"Why are there five more people suddenly?"

"?! Not good! They're all martial sovereigns of the nine Heavens!"

The four of them immediately came to their senses. Although they didn't know what was going on, at least they knew that their ambush was going to fail!

The person from the East had an extremely ugly expression. He gritted his teeth and said, " the situation has changed. We can't stay for long. Let's go! He was decisive and did not take risks.

"You want to leave? You're all martial sovereigns with extraordinary strength. Why are you all so silly and naive?" Mo Xiaochuan's face revealed a hint of mockery. In a flash, he blocked the man on the east side and swept his sword across.

“Bang!”

The man on the east side hurriedly took out his sword to block the attack. The two swords clashed and he was sent flying hundreds of meters away! He paled in shock and immediately judged that the other party's strength was definitely not below his!

The other three people were shocked and were about to escape separately. They weren't good friends, but they came together because they had the same goal and were equal in strength.

...

Speaking of which, they had also helped Yunxiao a lot, and many other scumbags who had designs on him had been driven away by them.

“You look stronger than me, so I'll kill you.”

Gou yueguang's expression was ice-cold as he appeared in front of the man in the North. He swung his sword like water and trapped the man in the North without any warning.

Gou Xingguang and Gou riguang were slightly weaker, but the two of them still joined forces to surround the person in the South.

“Why did you leave the most trashy one for me again?” young Emperor haolian frowned.

because You're the Worst on our side, ” Yunxiao rolled his eyes at him and said. You're the Worst.

Young Emperor haolian's face was covered in sweat as he awkwardly said, ” “Alright,” he said. He hurriedly flew over, and the helmet on his fist unfolded like the head of a small beast. It suddenly opened its fangs and bit down in the world of the fist intent.

In the end, the man in the West was secretly delighted. The one who stopped him was only a two-star martial sovereign, and he was still able to kill him in minutes. However, as soon as the fist intent world appeared, his expression changed drastically.

Looking at the entire complicated battlefield, it was actually haohuang who caused the most commotion. The immortal fist intent extended and formed a world of its own.

“What kind of martial Dao Comprehension is this? He’s actually so abnormal!”

The man on the west side was shocked. He put away all his underestimation and poured all his strength into the sword in his hand. He slashed out three times in one go, wanting to split this world apart!

...

Suddenly, a few strange powers formed in the world of the fist intent. At first, it was just a small cluster, but then it increased and became bigger and bigger. It actually evolved into four colors, chaotic together, and suppressed the sword Qi.

Hmph, these are the elemental powers of earth, water, fire, and wind in my fist intent world. I shall name this improved Vajra fist as the creation of heaven and earth!

Young Emperor haolian’s eyes narrowed, and the power of earth, water, fire, and wind began to spin, transforming into a chaotic Mass. All the power in the entire fist intent world was instantly sucked into the chaotic mass, collapsing into an extreme point!

Chapter 890

890 The Crimson Moon hanging in the vast sky

Yunxiao’s mouth was wide open as he looked at the punch in horror. When he made the helmet, he had only fused part of the elemental power of earth, water, fire, and wind into it on a whim. He did not expect that haolian shaohuang had actually cultivated such a shocking punch. The extreme of the entire fist intent world was so condensed that even he felt his heart palpitate!

“Split-open-heaven-earth!”

Young Emperor hao lian's eyes were calm as he coldly spat out these four words. The world seemed to tremble slightly. Everyone present felt it and turned around in shock.

“BOOM!”

The extreme point suddenly exploded, and a destructive force was formed. It instantly devoured the four-star Martial Emperor, and the entire sky was shattered.

Everyone was shocked, especially Yunxiao. In addition to shock, there were also countless doubts and puzzlement in his eyes.

The mighty power that swept everything was actually similar to the power of the world on his divine realm tablet.

“Could it be that by possessing the four elements of earth, water, fire, and wind, one can create a world of their own?” A strange thought was born in Yunxiao's heart, and it spread out uncontrollably.

In the shattered Sky, the four-star Martial Emperor who had been swept into the sky by haohuang's punch rushed out of a crack a moment later. He was in a sorry state.

His eyes were filled with horror, and he no longer had the heart to continue fighting. He instantly wanted to escape.

“What? You're actually fine?”

A strange expression appeared on young Emperor hao lian's face. Although a single punch wasn't enough to kill the other party, the other party's unscathed state still left him stunned. He muttered to himself, is the gap between two stars that big? ”

“One star is a world. You've already done well by making him flee in a sorry state.”

let's go," Yunxiao said indifferently. Then, he teleported out and transformed into a bolt of lightning. The thundercloud moved quickly in the sky and devoured the man in an instant!

"Bang!"

The thunderclouds were blown apart by a force. The martial sovereign was protected by a layer of faint yellow light, and the lightning crackled on top of it. Although it was beautiful, it could not cause him any real harm. He said in shock and anger, "Li Yunxiao, do you want to fight to the death? Let me go, and I won't have any more ideas about you!"

The exploding Thunderbolts gathered in front of him and gradually condensed into Yunxiao's body. "He's very perverted and violent when he's in power, but he's very silly and naive when he's out of power."

He formed hand seals with one hand and revealed his golden body Dharma form. His six arms were either holding weapons or forming hand seals. The Dharma form was solemn!

The power of wind and Fire swirled under his feet and slowly condensed into the shape of a crocodile. It looked majestic under his feet.

The four-stars Martial Emperor's face turned extremely unsightly. Although Yunxiao had a cultivation base of nine-stars martial Supreme after all, the Supreme technique he had just shown had made his heart tremble. Li Yunxiao, don't be too ruthless. Leaving a line of leeway for others is also leaving a line of leeway for yourself!

A cold gleam flickered in Yunxiao's eyes as he said sarcastically, "So you also understand this logic. When you wanted to kill me just now, did you think of this sentence?"

He pointed with his right hand, and nine Northern heaven frigid star swords appeared. They flew in the sky and turned into a huge sword formation. They were connected from head to tail and swallowed and spat out each other. Gradually, they formed a huge sword shape and slashed down.

Nine Heavens grabbing moon! the four-star Martial Emperor attacked in shock. Sword light slashed out from his body. It was a completely defensive attack. It formed a cocoon-like barrier and resisted the attack!

Yunxiao sneered, and the divine realm tablet on one of his arms flew up as well, growing limitlessly like an immortal monument. It broke through the sky while the power of the world kept devouring the Emperor Qi of the ninth heaven and sweeping away everything!

“BOOM!”

Under Yunxiao’s two strongest moves, a huge power exploded with a bang, which was even more terrifying than haolian shaohuang’s Genesis.

“Hmph!”

Suddenly, Yunxiao snorted coldly. He raised an arm behind him and shot out a beam of mirror light, which broke through the space and froze one of the fleeing Shadows in the Void!

Following that, the crocodile beneath his feet let out a deafening roar as its body gradually grew larger, transforming into a humanoid crocodile that was over 80 feet tall. It looked clumsy, but it charged into the mirror light at an extremely fast speed and pounced toward the martial sovereign!

“Ah!”

The martial sovereign let out a terrified scream and was swallowed by the crocodile.

The crocodile’s belly began to change shape. Emperor Qi kept bursting out of its body, but it was getting weaker and weaker. In the end, it slowly calmed down, and the Martial Emperor’s aura disappeared completely.

“?!”

As Yunxiao's battle was too magnificent, it attracted the attention of the crowd from time to time. When they saw the scene of the martial sovereign being eaten by the crocodile-man, everyone gasped in horror and could not help but shiver.

The morale of the people who had the upper hand rose even higher, and they all attacked with all their might.

Seeing that the matter here was settled, Yunxiao threw the divine realm tablet over and rushed to the battlefield where the others were fighting. After eating a martial sovereign, the crocodile burped a few times and walked over step by step.

The remaining three people were scared out of their wits. They were already at a disadvantage, and now, they had no desire to continue fighting and anxiously asked to retreat.

"BOOM!"

The man on the east side was struck by mo Xiaochuan's sword in his panic and died.

The man who was fighting against Gou yueguang saw the gator-man suddenly speed up and charge at him. He was so scared that his body trembled and he used all his strength to push Gou yueguang away.

The gator-man suddenly rushed over and turned into a wheel of Wind and Fire, bombarding it!

"BOOM!"

The firestorm wheels were knocked away by the attack, but they didn't dissipate. They condensed again and trapped the man inside.

Gou yueguang's expression turned cold as his Saber Light sliced through the air like water.

"Spare his life!" Yunxiao suddenly shouted.

However, it was too late. The saber radiance tore through the sky and turned the person who was struggling to resist the firestorm wheels into dust.

Yunxiao's expression flickered, and he immediately threw out the dynasty Bell from his Dharma idol. An ancient sound spread out and fell on the last three people in the battle, enveloping the last man in an instant.

"Young master Yun, you're not going to kill him?"

Mo Xiaochuan came up to her with a puzzled look on his face.

leave one," Yunxiao said with a smile. I need him.

He pointed at the dynasty Bell and put it away. The remaining Martial Emperor was thrown into the divine realm tablet.

Young Emperor haolian stepped forward with a smile and said,"Young master Yun, how was my punch? Since you're not willing to teach me the second martial skill, I'll create my own."

Yunxiao's face was filled with admiration as he said," "Very strong, very strong. It also gave me great inspiration. Among my many disciples, you might be the one who will go the furthest."

...

Young Emperor haolian was overjoyed. He winked at mo Xiaochuan, his face beaming with joy.

"It's been hard on you to use your limited intelligence on the infinite martial arts," mo Xiaochuan said indifferently.

"You're asking for a beating!"

Young Emperor hao lian shouted and raised his fist as he charged forward.

The two of them immediately became one, flashing back and forth in the sky.

The three brothers of the Gou clan walked forward with expressions of reverence. Gou Xingguang carefully asked, young master Yun, we've listened to your orders. Can you set us free now? "

The conversation between Yunxiao and haolian shaohuang startled the three of them. Yunxiao was their master?

However, ever since he entered the divine realm tablet, he could basically accept anything no matter how strange it was. Now, all he wanted was to regain his freedom.

"I've only heard it once."

Yunxiao's eyes bulged as he snorted and said, " "Back then, the three of you wanted to take my life. Do you think it would be so simple? These four people wanted to take my life, did you see what happened?"

"Don't tell me young master Yun is going to lock us up for life?" Gou Xingguang asked bitterly.

...

"Not a lifetime, probably in a few years. Although the spirit Qi in the divine realm tablet is far inferior to that in Red Moon City, I will provide you with some ninth-tier medicinal pills on time as compensation for the lack of spirit Qi. And is a few years really that hard for you?"

Yunxiao said lightly, his tone emotionless. But, with the seals he had placed on the three of them, how could they dare to say no when they were under his control?

The three of them obediently returned to the divine realm tablet. Mo Xiaochuan and shaohuang hao lian also went in after messing around for a while.

Yunxiao put away the divine realm tablet, then turned into a beam of light and flew toward Red Moon City.

At this moment, the sky was gradually getting darker and the sky began to turn blood red. The crescent moon was like a huge eye, staring at the earth.

Outside the red moon City, there was a huge mountain peak that was surrounded by clouds and spiritual energy all year round. There were many demonic beasts and countless spiritual plants, making it a paradise for many adventurers. However, it was shrouded in clouds, and the pointer could not accurately point the way, so the danger was the highest.

The clouds would only disperse when the red moon hung in the sky. Under the moonlight of the red moon, the spiritual Qi of the mountain was like a blood-red setting sun, and the clouds on the top of the mountain turned purple, as if purple Qi came from the East.

Such a scene would last for about a month.

There was no regular pattern to the opening of the planet. According to past statistics, the longest period of time was no more than two months, and the shortest was only ten days. It was entirely up to luck.

At this moment, The Purple Cloud Peak was already filled with experts and heroes. Moreover, a large number of people had begun to surge up from all directions.

The sky had long been set up by the red moon City, and no one was allowed to fly. If too many people flew in the air, it would be difficult to manage.

Now, everyone had to rush all the way from the foot of the mountain, and the red moon City could set up a checkpoint on the main road to collect fees.

“What? 500 million mid-grade primordial stones as a toll?”

At this moment, an angry roar rang out from the checkpoint. "This place is the Fairyland of the Eastern Region and belongs to the entire Eastern Region. Why does your Red Moon City charge for it? And it's so expensive!"

Due to the large number of people, the ten young women at the toll booth were a little busy.

A middle-aged man trembled in anger after hearing the amount of toll. He looked like he was about to flip the table.
