

## **The Eternal 891**

### Chapter 891-Grand occasion

Although the ten beautiful maids were only martial Lords and martial grandmasters, none of them dared to make a scene.

The Warriors who had already paid the vitality stones frowned, turned around, and ran towards the top of the mountain. Those who had yet to pay stopped and watched quietly. After all, 500 million medial-grade primordial stones was not a small sum for most people.

Just when everyone thought that the beautiful servant would get angry, she only glanced at the middle-aged man in front of her indifferently and said, "master bieli also said that the wealth is shared by everyone in the realm of heavenly martial arts, not our Red Moon City.

"Eh? Then why did you set such a high fee for the checkpoint?"

The middle-aged man was also stunned. Then, he mumbled in dissatisfaction.

The beautiful servant smiled gently. master bieli said that the earth and heaven Immortals are the most precious treasures of the heavenly martial arts realm. If you really want to charge them, it will be five billion. Even fifty billion is not enough. We've only set up the checkpoint to collect the fee to ascend The Purple Cloud Peak. After all, The Purple Cloud Peak is the private property of our Redmoon city."

"This Kasaya is too expensive!"

Hmph! the middle-aged man snorted angrily. also, as long as you don't set up a flying ban, only ghosts would run through these mountains!

"I'm sorry," she said.

The beautiful maid replied humbly, " "This area belongs to the red moon City. We have the right to prohibit flying, and this is also to ensure everyone's safety. If it wasn't for our Red Moon City to maintain order, everyone would've already killed until blood flowed like a river."

what?" the middle-aged man said angrily, " so you're saying that the 500 million primeval stones you're taking is for our own good? "

"Yes, I am." The beautiful maid said in a neither humble nor arrogant manner.

you, you guys, you're like bandits! The middle-aged man trembled in anger.

The beautiful maidservant said, " Sir, please move aside. Don't delay others from going up the mountain. We are all civilized people. Don't make us use force.

you, you want to kill people?!

The middle-aged man's face was livid with anger.

"Master bieli has said that those who can't pay the toll are usually poor people with no backing. If they're killed, then so be it," the beautiful maidservant said politely.

The middle-aged man replied,"hehe."

sigh, brother, the situation is more pressing than the person. It's better to hand over the money.

The other man behind him shook his head helplessly. After throwing out a bag of vital stones, he ran towards the back of the mountain.

The beautiful maidservant revealed a charming smile and said,"What this Lord said is true. How many years does it take for the world to open? our Red Moon City can only earn some money at this time, and there are still people who are not happy and want to haggle over every small detail. Why didn't he think about it? if it wasn't for my Red Moon city's sundial, who would be able to catch the opening time? Have you paid for the research and making of the moon sundial?"

Everyone's face was filled with black lines. They knew that they couldn't escape with the money, so the team that had stopped to go up the mountain continued to move forward.

Suddenly, a green Thunderbolt streaked across the sky, and the restrictive spell space in front of them suddenly caved in like a sponge. A layer of white light appeared on the Thunderbolt, which seemed to be the flickering of sword Qi.

A small hole was immediately opened in the restrictive barrier, and the lightning bolt went in.

The people below were all shocked. The middle-aged man also said in surprise, "Someone broke into the restriction, and you're not going to do anything?"

The beautiful servant also looked up at the sky and said, "Although the red moon City is one of the seven superpowers, not everyone can control it. If you have the ability, you don't have to pay the toll, but do you have the ability to do so?"

Everyone was silent, their hearts bitter. This was the world where the strong preyed on the weak, and martial arts were respected.

"Hmph! I saw that the person who had just broken the seal was only a nine-stars martial Supreme, and he was only at the primary level. I am a middle-grade nine-stars martial Supreme. If he can break it, I don't believe that I can't!"

The middle-aged man, who had been reluctant to pay, suddenly turned into a ray of light and flew up to the restriction.

He took out a triangular treasure and immediately transformed it in front of him, covering his entire body. Like a pangolin, he rushed up the mountain.

"Bang!"

Finally, it hit the seal. A white light shot out like an electric arc and hit the triangular treasure.

“BOOM!”

In just an instant, the triangular treasure and the middle-aged man turned to dust. The light ripples spread out and quickly dissipated, as if nothing had happened.

Everyone’s heart trembled, and no one dared to raise any objections to the toll. They all obediently paid the primordial stones and went up the mountain.

The Thunderbolt was Yunxiao. Of course, he would not pay the toll, as he was already familiar with the place. After breaking the restrictive barrier, he rushed to the top of the mountain in an instant and landed on a Flat Rock.

There were thousands of people gathered on the mountain peak, but they tried their best to squeeze at the bottom. The mountain peak was flat, but there were only a few dozen people. They were all Lords of their respective regions, heroes of the world.

This was also a sense of distance caused by the difference in strength. The powerhouses below the rank of martial Supreme were squeezed halfway up the mountain, and the people on top were all existences that they had to look up to.

“Eh? Turning into lightning?”

On the mountaintop, among the forces with the largest number of people, Jiang Churan’s pupils shrank as he looked at li Yunxiao, who had revealed himself under the Thunderbolt, and was quite surprised.

Yunxiao’s arrival attracted the attention of many people, and countless eyes immediately swept over.

“Who is this kid? A martial honor dares to stand with the legendary figures and overlords, is there a hole in his brain?”

don’t talk nonsense if you don’t know anything. This is li Yunxiao, the number one rising star whose strength is comparable to a four-star Martial Emperor!

“What? It’s actually him! No wonder he’s so strong! I heard that his dantian was shattered and his martial arts Foundation was destroyed. How can he still be so strong?”

he’s probably just throwing the pot to the ground. Anyway, the foundation of his martial arts has been destroyed, so everything doesn’t matter.

“Hmm, you’re right. If you enter the depths of the world, you must be careful when you meet this person.”

All kinds of discussions came and went into Yunxiao’s ears. He smiled and released his divine sense when the others scanned him unscrupulously. To his surprise, he found many familiar faces among them.

When ruan Hongyu saw him, her face changed slightly. She turned to ning keyue and said, ” “You taught him?”

His daughter’s curse had been cured by Yunxiao, so he had a good impression of him. But now, when he saw him show his hand, he immediately felt a layer of disgust.

“Do you have evidence?” ning keyue frowned.

Ruan Hongyu snorted heavily and said, ” the lightning transformation isn’t a top-tier cultivation technique, but the act of spreading the secret art is too vile. We must investigate who did it. No matter how high the status of the person is or how strong he is, we must not let him off easily!

“Whatever!” Ning keyue said.

She waved at Yunxiao, as if she had something to say.

...

In a few flashes, Yunxiao arrived in front of the people of Hongyue city. First, he nodded slightly at Jiang Churan, with a smile in his eyes as a greeting.

Jiang Churan was stunned for a moment. A strange feeling welled up in her heart. Which junior would not be respectful and excited when they saw her? this kid actually greeted her as if she was an old friend. He smiled and nodded. He did not have the nervousness of meeting a sect leader or a top master at all.

When everyone saw this scene, they thought that Yunxiao's relationship with Red Moon City was not ordinary.

Without saying a word, ning keyue took out a Jade tablet and put it in Yunxiao's hand. "We'll take a look after we enter. Be careful."

With a flip of his hand, Yunxiao put it away and nodded gently. "I will,"

"Young master Yun, have you considered the matter I discussed with you?" Not far away, Yong tianyun asked with a kind smile.

Everyone was shocked. Yong tianyun was a ninth-tier great Alchemist, who represented the Supreme authority of the sea of soul formation. In terms of status, he might not be as high as Jiang Churan, but at this moment, he represented the sea of soul formation, and his authority was no less than Jiang Churan's.

I don't have enough time to think about it," Yunxiao said with a faint smile. I'll tell elder tianyun when I figure it out.

"Alright, I'll be waiting for your good news!" Yong tianyun nodded with a smile.

A few sharp gazes from Yong tianyun's side were looking at him. They were the people from the MU family.

Mu fengjun's face was ashen as he said sternly, "Give me back my golden armored man!"

...

Yunxiao ignored him and turned his eyes to the rest of the people. Under the platform at the top of the mountain, he even saw the figure of Zhang linghua, the sect master of the Big Dipper sect.

When Zhang linghua saw Yunxiao looking at her, her face turned extremely unsightly, so she forced an ugly smile, her forehead covered in cold sweat.

Liao yangbing and the other six people were standing in a corner, greeting him.

One of the six people was the owner of the shop that provided the earthly golden pills. He was also surprised by Yunxiao's identity and could not help but look at him a few more times.

The boss who provided the exploding Yuan fruits was also among the crowd in the distance. He seemed to be a little hesitant and didn't dare to come forward. He just smiled apologetically from a distance.

In addition, there were many familiar faces, both in this life and in his previous life.

For example, the blade sect's Chen Feng had the Tianyi merchant Association's Liang Yuyi behind him. After the battle at songyue Yangcheng, Liang Yuyi should have already joined the blade sect. Even Xiao Jingming and Shui luoyan were among them.

The people of the blade sect looked at Yunxiao with extremely cold eyes.

Although Chen Feng wanted to come forward and greet him, Yunxiao was the focus of everyone at the moment, so he did not want to show up.

There was also li Feiyu from the ten thousand treasures tower, as well as experts from various sects in the world. Even some of the large sect experts he knew in his previous life were also present. It was definitely one of the best grand events.

Li Yunxiao, quickly return the Golden-armored man of my Mu family!

After mu fengjun spoke, Yunxiao directly ignored him, which made Mu Hong's face extremely unsightly, and he had no choice but to step forward and speak.

Yunxiao's eyes turned and fell on him. Frowning, he said, "Who are you? Do I know you?"

"Hmph Hmph!"

Mu Hong snorted a few times and sneered, "Don't think that just because you're the number one among the younger generation, everyone will give you face. This face is not useful in my Mu family!"

Chapter 892-exchange

Yunxiao gave him a sideways glance and sneered, "You're crazy!" He then turned around and no longer paid any attention to them. Instead, he greeted li Feiyu and the others from a distance.

Mu Hong's face turned ashen and he said angrily, "Good boy! Don't you even know the manners to respect your martial Dao seniors?"

But, Yunxiao still greeted li Feiyu and the others, and then his eyes fell on an open space in the distance. Although there was no one there, the undisguised powerful aura exuding from the void was definitely not an ordinary person.

"Damn it!"

you're courting death! Mu Hong roared angrily. The contempt had driven him completely mad. His aura burst out in an instant, and the rocks under his feet cracked like a spider web as a powerful aura pushed toward Yunxiao.

"Impudent!"

Ning keyue's face darkened. A force came out of her body and condensed into a huge transparent pigeon, which flew over.

As soon as the pigeon landed above Mu Hong, it immediately suppressed his aura and slowly descended.

"Aura can actually transform?" Mu Hong was shocked.

He was shocked. Only now did he understand how terrifying the seven superpowers were. He said in fear, "Stop! I just want to teach this rude Junior A lesson. You don't have to offend our Mu family for him."

Mu Hong's face was filled with pride as he said, "Although the seven of you are the most powerful on the continent, our hidden mu clan's strength is definitely above yours. It's probably similar to your Holy region and soul formation sea. If you offend our mu Qianqian,"

"BOOM!"

Ning keyue condensed her breath, and the huge fat Pigeon fell directly, shattering Mu Hong's breath and turning into a strong wind.

Mu Hong, who was still feeling smug, was immediately sent flying by the explosion, spitting out a mouthful of blood.

Fortunately, his own strength was not ordinary. After being sent flying a few times in the air, he landed safely on the ground. His eyes were filled with shock and he said in anger, "Are you guys really going to be enemies with the MU family?"

Everyone looked at him as if he was an idiot. Everyone here was an Overlord and a famous person. They had long wanted to beat him up when they heard him talking so much. They were still blaming ning keyue for being too gentle.

Yong tianyun couldn't stand it anymore. The MU clan had always been on good terms with the sea of soul formation. If something happened to Mu Hong here, he wouldn't be able to answer to the MU clan. In fact, Mu Hong wasn't a bad person. It was just that these reclusive families didn't know the situation on the mainland at all. They had been separated from the mainland for too long and were all ignorant and arrogant.

"Cough, cough cough! City Lord Jiang, this Mu Hong and I have some friendship, I hope you can show mercy!" Yong tianyun begged.

Jiang Churan gestured for ning keyue to leave. She smiled and said, "Since elder Tian Yun has spoken, I'll naturally give you face. Otherwise, if you cause trouble on The Purple Cloud Peak, it won't be settled by just spitting out blood."

"Thank you," Yong tianyun cupped his hands.

After being hit, Mu Hong's face turned livid. He seemed to have become more honest and did not dare to speak nonsense again. He only said with a gloomy face, "elder tianyun, this kid has taken the MU family's golden armored man. We have to make him return it no matter what!

Yong tianyun was speechless. the two of them signed a life-and-death contract. It was a fair competition. Young master Yun won, but he didn't take Feng Jun's life. He only took a puppet. He's already been very kind.

When everyone heard this, they finally understood what was going on, and each and every one of them revealed looks of disdain.

that golden-armored man is an important weapon of the MU family! Mu Hong said anxiously. we can't let anyone else know about it!

"Tsk!"

Everyone started to mock them disdainfully. These people from the hidden aristocratic families were really stupid. Who cared if the MU family could spread the news or not? if they lost, they had to admit their loss.

Yong tianyun was a little angry at his stubbornness. He waved his sleeves and said, "Then I can't do anything about it. Brother Hong, you have to think of a way yourself."

Just as Mu Hong was at a loss, mu Fenghua, who had been expressionless and silent the whole time, suddenly said, "Li Yunxiao, what will it take for you to return the Golden-armored man to my younger brother? Everything can be discussed."

Yunxiao gave him a look and said with a smile, "At least the MU family has someone who can speak. That gold armored man is of no use to me, but I'm very interested in one of the materials used to make it."

"Oh? I wonder what it is? If it's possible, I'm willing to exchange for the Golden armored man."

Mu Fenghua said quietly, neither servile nor overbearing.

Yunxiao praised him in his heart. Under his divine sense, he could tell that the young man's strength was like a still volcano, and he had no idea how high it could erupt. Besides, his nonchalant attitude was extremely rare. His lips moved slightly as he sent a voice transmission directly.

Mu Fenghua's pupils contracted, and his expression changed. He muttered, "This item is also extremely rare for our mu clan. Can we exchange it for something else?"

Yunxiao shook his head and said, "to be honest, I know a little about the reclusive families. They are basically all poor people. There are very few things that I like. If I don't have it, I'll have to melt the Golden-armored man down and refine it."

When Mu Hong heard this, it was as if he was being called a pauper. He was furious and shouted, "Fenghua, what does he want?"

Mu Fenghua also sent a voice transmission over and said, "Memory origin gold."

"What? This thing!"

Mu Hong's eyelids twitched. This item was indeed extremely precious. His face turned ugly, like a pig's liver.

it is indeed very difficult for you, who are extremely poor in resources," Yunxiao said with a smile. it is very difficult for you.

"Hmph, although this thing is precious, our Mu family still has a large stock."

"How much do you need to exchange for the Golden armored man?" Mu Hong laughed coldly.

Everyone's face was filled with black lines, revealing a stunned expression. They all thought in disbelief, "How could these people be so innocent? All of them were like children, falling for a simple provocation. It seemed that these reclusive families only knew how to cultivate in seclusion, and their intelligence had degenerated.

five hundred catties?" Yunxiao narrowed his eyes and said with a smile. I guess so.

"Pfft!"

Mu Hong spat out a mouthful of blood. His eyes widened like copper bells and he roared, "Five, five hundred Jin? You're playing with me?"

The smile on Yunxiao's face did not fade, but it only grew colder as he snorted and said, "That golden-armored man must be at least ten thousand Jin heavy, right? I'm asking you to exchange for five hundred Jin, and you're still not satisfied?"

Mu Hong wiped the blood from the corner of his mouth and said angrily, "Is there a need to compare? At most, it would weigh a hundred Jin! No more talking!"

Yong tianyun's heart twitched. He looked at Mu Hong in shock, then at Yunxiao.

Although the memory origin gold was not of much use, it was definitely an extremely difficult item to obtain. A hundred catties was simply a sky-high price. It was much more precious than his one catty of Soul Sprout. He also had some understanding of the Golden-armored man. Although it was a ninth-rank puppet, it definitely wasn't worth 50 kilograms of memory origin gold.

Mu Fenghua's thick eyebrows rose.

Mu Hong's heart was also bleeding. His limit was only twenty catties, but the difference between his price and Yunxiao's was too great. He was afraid that he would be laughed at if he told the others. All the heroes of the world were gathered here, and they must not weaken the MU family's prestige.

Yunxiao looked displeased and said, "The memory origin gold is a metal. How much can one hundred Jin be? And he said he had a large stock. Forget it, I'll refine the Golden-armored man myself. Perhaps I'll be able to refine some other precious things and perhaps even figure out the method to refine this puppet."

Everyone's face darkened when they heard that. They thought that Yunxiao was too unkind. He was setting up a trap again, and with Mu Hong's intelligence, he had almost zero defense against it.

...

As expected, Mu Hong's expression changed and he said angrily, "Even if you were to refine all of the memory origin gold from that golden-armored man, it would only be seven to eight Jin at most! I'll add another 20 catties at most, so I'll give you 120 catties. Don't be too greedy! Although our Mu family is rich, we will never do business at a loss!"

Everyone,"hehe."

"I see, that makes sense."

With a sincere look on his face, Yunxiao said awkwardly, "Alright, it's really hard to do business with your Mu family. I wanted to take advantage of you, but you saw through me!"

With a wave of his hand, a huge golden puppet appeared in front of him. It exuded an extremely strong power of tool accumulation and seemed to be extremely extraordinary, attracting everyone's attention.

It seemed that this hidden mu clan really did have some skill. This golden puppet was definitely a ninth-ranked item. On the heavenly martial continent, there were very few sects that used puppets as weapons, and no one had ever heard of a level nine puppet.

"Of course!" Mu Hong said proudly. The MU family has been trading with the sea of soul formation for hundreds of years and we have never suffered any losses." The heartache of paying one hundred and twenty pounds of memory origin gold was slightly relieved after Yunxiao's praise.

Everyone looked at Yong tianyun with a strange expression.

Cold sweat appeared on Yong tianyun's forehead. He made an innocent gesture, which meant that the sea of soul formation didn't take advantage of them.

However, everyone's eyes were filled with disbelief.

The transaction was carried out on the spot. Mu fengjun hurriedly came forward and cast a few hand seals, absorbing the Golden-armored man into his body. He then returned to Mu Hong's side with great joy.

...

Yunxiao was overjoyed when he got more than fifty kilograms of memory origin gold. the MU family is indeed rich. I hope that we will have more opportunities to cooperate and trade with the MU family in the future.

"Our Redmoon city is also very happy to make friends with the MU family." Ning keyue said with a smile.

"It's the same for our blade sect."

and our Soul Devourer clan. Can you leave us your contact information? we can work together in the long term.

“Our beiming family also has the intention to get to know my Lord and trade precious items with him.”

myriad Stars Valley is the same. We just happened to obtain a lot of good things recently. Let’s exchange more!

After Mu Hong was stunned for a moment, he was immediately overjoyed. He was extremely smug. Even the seven major forces were fighting to befriend him. It seemed that he had given the MU family a lot of face!

Just as he was feeling extremely pleased with himself and was grinning from ear to ear, everyone’s voices suddenly stopped, and a strange phenomenon began to appear in the sky!

Chapter 893-ambush

Thick black lines suddenly appeared in the blood-red setting sun, as if the sky had been torn apart. Those thick black lines were like long snakes slithering in the air.

Lightning flashed and Thunder rumbled. Vortexes of different sizes formed one by one, surging and devouring each other. The whole world seemed to have been created by chaos. Under the shroud of red, the entire purple cloud Peak was illuminated.

The huge Red Moon was as demonic as a human’s eye. It stared coldly at the ground, making people shiver.

Yunxiao was horrified. Under such a weather, he had a faint feeling that his lunar pupils were about to flare up. He hurriedly circulated his primordial Qi and sealed all the meridians around his eyes, only then did he manage to suppress the lunar pupils.

don’t panic! Jiang Churan’s expression was solemn. the passage is about to open. His words immediately calmed everyone down.

The light from the Crimson Moon grew brighter and brighter, and a huge red pillar of light shot out from it, rushing to the ground!

At this moment, The Purple Cloud Peak seemed to have sensed something. A purple light enshrouded the mountain and rose into the sky to meet the light coming from the red moon.

The purple and red clashed together, creating a strange two-dimensional space. Under the force of the collision, a large number of strange runes appeared, scattered in the sky, and then disappeared one by one.

As the strange plane opened up, the mountain and the sky began to stabilize.

Everyone looked up with a solemn expression. This strange scene and the mighty force that was emitted made everyone feel reverence in their hearts.

Jiang Churan turned around and looked at the people of the red moon City. "Hong Yu, ke Yue, I'll leave the matters of the red moon City to you."

don't worry, husband," ruan Hongyu said hurriedly. be careful. Don't force anything! Jiang ruomei's curse seal had already been removed, and the matter of finding Tian Si was no longer as urgent.

"I will," Jiang Churan nodded. Hong Yu will be in charge of all matters in the city, while ke Yue will be in charge of the city's security."

Ning keyue smiled. don't worry, my Lord. The city will still be here. Even if I die, the city will still be here!

Jiang Churan then laughed heroically and said, "I'm relieved. People of Red Moon City, if you want to enter the end of time, come with me!"

He was the first one to fly up and fly towards the strange plane of space between the sky and the earth. Behind him, dozens of experts of the red moon City immediately followed. They were all martial artists who were stuck at the bottleneck of their cultivation, hoping to find a chance to break through.

“I can’t believe I’m able to enter the celestial realm in my lifetime.”

Yong tianyun sighed slightly before flying up into the sky. Xiu ran and Fu Yu followed closely behind.

At this moment, a large number of Warriors were flying toward the strange plane, and mu Fenghua also leaped up gently. Suddenly, he turned around and looked at Yunxiao. “I hope to have a chance to fight with you. The bargaining chip is 120 Jin of memory origin gold.”

Yunxiao was stunned for a moment, and then a smile appeared on his lips as he said, “As you wish, I’ll accompany you at any time!”

The sky was filled with martial artists, flying into the plane like a plague of locusts.

Yunxiao turned into a beam of light and flew toward the flat surface. This was the second time he had come here, and he had a different feeling in his heart.

Suddenly, an inexplicable force pressed down on him. It broke through the void and turned into a yellow light. It turned into a beautiful rune and flew down like a butterfly.

Yunxiao’s face flickered. Although the force had no ill intent, it was very powerful, and he had no idea what it was trying to do.

He pointed with a single hand, and a bolt of lightning directly blasted over.

“Bang!”

The butterfly-shaped yellow light exploded, but a tiny force rushed out of it. Yunxiao was careless, and it hit his right shoulder, leaving a bloody wound.

Only then did the surrounding cultivators realize that something was amiss, and they all retreated far away in horror.

Yunxiao was taken aback. After the strike, the aura of the man in the void had completely disappeared, leaving no trace behind.

At this moment, a huge suction force began to appear on the surface. Within a thousand meters, there was no need to fly. They were directly sucked in by the force.

In the time it took to brew a cup of tea, countless cultivators had broken through the air and entered, and there was still a steady stream of people entering from below.

Ruan Hongyu looked at it for a while and said, "Let's all go back. In about a month's time, this immortal realm passageway will disappear, and the people inside will all be transported out by themselves. Sister keyue, I'll have to trouble you during the time when Chu ran isn't around."

"You don't have to tell me. I know," ning keyue said indifferently. After saying that, she immediately turned into a ray of light and flew in the direction of the red moon City.

Ruan Hongyu's face turned cold. She snorted and turned around. "Uncle bieli, I'll have to trouble you to maintain order here. I'll be returning to the city first."

"The city Lord has already instructed us to leave the daily order of the red moon City to Lady Hong Yu." Jiang bieli laughed.

Ruan Hongyu explained a few things and left with a dozen people in a flash of light.

When Yunxiao was sucked in by the power of the immortal realm, all the primordial energy in his body stopped circulating, and he felt like he was about to be torn apart.

In the blink of an eye, all the pain disappeared. He had already been transported to the end of time. When he opened his eyes, he was actually in a vast White Sea.

"Eh? There's an ocean in this place?"

Yunxiao was stunned for a moment, but then he was relieved. He did not know how big this immortal realm was, so it was normal for there to be an ocean in it.

He looked at his injured shoulder, and his expression became very ugly.

He had already recuperated from the wound, but the power of the seal remained in his body and could not be erased.

It was only then that Yunxiao realized the man's intention. He wanted to leave a mark on him, and his face darkened as he fell into deep thought.

"He actually left a mark on my body so brazenly. It's clear that this person has absolute confidence in himself and will probably come looking for me soon. Should I wait for this person to come and see who he is, or should I erase the mark?"

Yunxiao pondered for a moment before he said, "I'd better erase it first! That person's strength is extremely strong. I might not be able to suppress him."

With that, he formed a hand seal with one hand. A stream of demonic Qi gushed out from his dantian and rushed directly into his right shoulder, starting to devour and corrode that force. What made Yunxiao's face change was that even the devil essence had little effect on the mark!

"This is really not fun!"

The expression on his face changed several times. Based on the feeling on his right shoulder, it would probably take ten days to half a month to erase the mark, which was enough for that thing to find him. I can only deal with it as it comes.

He calmed down and took out a jade pendant that Ning Keyue had given him. He broke it and a message came into his mind.

Yunxiao's face changed drastically. A fierce gleam flickered in his eyes as he looked at the vast sea and said to himself, "No wonder Jiang Churan came in personally. But according to the information passed

down from the throne, if we want to find tiansi, we must use the moon eye as a guide. Hmm, I hope there won't be any conflict with Jiang Churan."

Yunxiao raised his head and looked up at the sky, where a huge Blood Moon hung high.

This moon was not the one in the sky of the heavenly martial arts realm. It should be something unique to the world. According to the records that had been passed down over the years, this Blood Moon would not move, and it was the best reference for determining the direction.

the ruins ning keyue mentioned are about 100000 miles to the southeast of the Blood Moon. I remember that it was a desert.

...

When Yunxiao found himself in the opposite position, he did not waste any time. Instead, he turned into a bolt of lightning and flew away.

The ocean was boundless and seemed to be a little too calm. The place where he had obtained the moon pupil was a forest. The only similarity was that it was rich in spiritual Qi, far above all the spiritual mountains and treasured lands in the heavenly martial arts realm.

This was also the reason why a large number of martial artists were brave enough to enter the celestial realm. Even if they could not obtain any benefits, they could at least use the astonishing spiritual Qi inside to break through the barriers of martial arts. The density of spiritual Qi in any place was not inferior to that of a spirit gathering array set up with top-grade primordial stones.

As long as one stayed in a fixed place and waited for the immortal land to open, it was still very safe. At least, it was enough to earn back the 500 million medial-grade primordial stones that they used to climb the mountain.

But, Yunxiao would naturally not waste such an excellent opportunity to practice by meditating.

He flew for a while, and suddenly a figure fell from the sky in front of him. It should be the cultivator who had just been teleported in. His body clearly lost balance in the air, and he fell directly into the sea.

“Huala!

Suddenly, the calm sea water split open, and a huge long black fish broke through the air. It opened its mouth wide and swallowed the martial artist who had not yet regained his consciousness.

After the black fish ate the cultivator, it fell into the sea.

Yunxiao’s eyes narrowed, and a huge black shadow gradually emerged from the sea where the fish had fallen.

The falling dark fish seemed to have discovered something as well. It was rather intelligent, and its body began to sway violently in the air, actually stopping the force of its fall. It began to struggle forward as if it wanted to escape.

...

“Huala”

The surface of the ocean split open once more as a gigantic sea beast that was tens of times the size of the black fish revealed half of its head. It opened its mouth wide and sucked in with all its might. The struggling black fish was instantly caught by a whirlwind and sucked into the sea beast’s mouth.

After swallowing the dark fish, the sea beast blinked its lantern-like eyes in satisfaction. As if it had seen Yunxiao, it looked at him with its wild eyes.

Yunxiao trembled when he was stared at by the gaze, and a sense of extreme danger welled up in him. He teleported a few times in an instant and shot straight up into the sky, rising more than ten thousand meters in an instant before he was freed from the dangerous aura.

The sea beast stared at Yunxiao for a while, then slowly sank to the bottom of the sea, and the surface of the sea returned to its calm.

Yunxiao breathed a heavy sigh of relief. There were many powerful and nameless existences like this in this world. Perhaps it was because of the spirit Qi here, but people of the same level were stronger than demon beasts in the heavenly martial realm.

Chapter 894-moved

In order to avoid the interference of the sea beasts, Yunxiao flew as high as possible.

A moment later, a huge island appeared in front of them. The island was full of mountains and rocks, without any trees or flowers. It was like a small piece of land dotted on the sea.

To Yunxiao's surprise, there were a few figures on the island.

"The one flying above is young master Li Yunxiao, the number one young man, right? I wonder if you're interested in coming down for a gathering?"

Suddenly, a vigorous voice rang out on the deserted island, echoing from a distance, rushing into the nine Heavens, and reaching Yunxiao's ears. Although the voice was questioning, there was an irresistible Majesty to it, which made Yunxiao's heart skip a beat. it's him? "

Yunxiao could not help but stop and fly down to land on the deserted island.

There were a total of three people on the island, and they looked over at the same time. All three of them were Martial Emperor powerhouses, and they looked indifferent. The old man in the lead sized Yunxiao up and said with a smile, " my eyes are bad. I didn't see through young master Yunxiao's identity that day, but I'm lucky to have met you now. It's an opportunity.

This old man was the old man who sold earthly yellow golden pills in the market. The two people behind him were certainly the Masters he had invited.

Yunxiao's expression remained unchanged. you're very fast. The world is so vast, and yet, three of you have already gathered here? " Could it be that the demonic beast you're trying to capture is actually a sea beast?"

The old man stroked his beard and smiled. although the teleportation is random, it's not completely unpredictable. Although I can't land in the same place, I can still land in the same area. I can ask myself.

"Oh? There's such a secret technique?"

Yunxiao was taken aback and found it hard to believe, but the old man did not seem to be lying.

At this moment, another ray of light flew over from the horizon. It was extremely fast and landed on the island in the blink of an eye.

The man was holding a square disk array in his hand, and it was Liao yangbing. He glanced at Yunxiao and said in surprise, " What are you doing here?"

Yunxiao immediately believed the old man's words, and he could not help but be extremely surprised. He said with a wry smile, " It's just a coincidence."

hehe, there's no such thing as a pure coincidence in this world. It's God's will to send young master Yunxiao to me!

The old man was obviously in a good mood as he chuckled, " Oh right, I forgot to introduce myself. I'm Lu Jianbo."

Yunxiao pondered over the name carefully and frowned. He had never heard of it before, so it did not seem to be a big deal. Seeing that the other party seemed to have the intention to recruit him, he sneered in his heart and said, " I still have matters to attend to, so I won't stay any longer. I wish you all the best in capturing the sea beast.

"Hold on!"

Lu Jianbo said anxiously. He moved and stopped Yunxiao with a smile. I need young master Yunxiao's help. We can discuss the conditions.

Yunxiao gave him a cold look and said indifferently, "I see that Lord Lu has already gathered many mid-stage Martial Emperor powerhouses. How can I be of help? Hurry up and leave now. It's already helping out if you don't hold her back."

haha, young master Yun, you're too humble. You're different from the rumors.

Lu Jianbo laughed. it's said that the number one rising star, li Yunxiao, is arrogant and despotic. His eyes are higher than the sky, and his strength is extraordinary. He is not so humble.

"Hmph, even if he's the number one rising star, what's the use if he hasn't condensed the Emperor Qi of the nine Heavens? Could it be that old Lu is still worried about us joining forces? one of the Martial Emperor powerhouses behind him looked extremely dissatisfied.

Yunxiao looked over and saw that the Martial Emperor's body was covered in lumps of muscles, and as he vented his dissatisfaction, wisps of thick aura spread out. Obviously, he was cultivating an Orthodox earth-elemental cultivation technique, and he had achieved great success.

Lu Jianbo laughed. of course not. It's just that young master Yunxiao has a special ability. It can be of great use when capturing this sea beast.

The muscular martial sovereign's expression changed. "Could it be that his body has turned into lightning?"

On The Purple Cloud Peak, he had also seen Yunxiao coming at him in the form of a Thunderbolt. "No matter how powerful the divine power is, it will be restrained by the Emperor Qi of the nine Heavens. What we're trying to capture is a ninth-rank sea beast. How is he going to maintain his lightning body under such a powerful aura?"

Lu Jianbo chuckled and said, "it's indeed a Lightning God art, but it's not that the body can turn into lightning." I heard that young master Yunxiao used a lightning-based Maha ancient weapon in the battle at the red moon City?"

Yunxiao was taken aback, and he knew that the man was talking about the big hammer. He could not help but be vigilant as he said in a serious voice, "I do have such a thing, but I can't fully grasp it. I can only use a little bit of its power, so I'm afraid I can't help you."

Lu Jianbo wasn't unhappy. Instead, he was overjoyed. "Can you show me the hammer?"

of course not," Yunxiao said. I can't.

"Eh?!"

Lu Jianbo was stunned for a moment. He nodded and said slowly, "But does young master Yunxiao know about the Maha ancient scripture?"

I've heard a little about it," Yunxiao said. but I don't know the details.

Lu Jianbo pondered for a moment and seemed to be organizing his thoughts. He said slowly, "This Maha ancient scripture is a very magical thing. Every word represents a certain rule, and can even be combined into words, sentences, sections, and chapters. When combined, the power will continue to multiply. The strength of the rules represented by each word was also different. Some words could not be condensed into rules alone and had to be combined, while some could be used alone. If I'm not wrong, the characters on young master Yunxiao's Maha ancient artifact should be the condensed rules of Thunder!"

With a lazy look on his face, Yunxiao smiled and said, "Isn't that a little too much? Even if that was the case, so what? This hammer is very precious to me, so I can't let you have a look."

Lu Jianbo smiled and said, "it's fine. I hope young master Yunxiao can show us. If it's the rule of lightning, I can give you an opportunity."

"Lucky chance?"

I'm a man who won't let go until I see the rabbit," Yunxiao said. You'd better tell me what kind of opportunity you have first, and then I'll show you.

Lu Jianbo was speechless. He found that he had no way to deal with a person like Yunxiao, who had all the initiative in his hands, and he could only be passive. After all, he had a favor to ask of him.

Lu Jianbo shook his head helplessly before saying, "I have a secret technique that can allow you to completely control the rules of lightning."

"This is true!"

Yunxiao was finally moved. If he could master the Maha ancient character, he could completely refine the hammer himself, and its power would increase by at least several times.

Lu Jianbo saw that he was moved and felt that he had seized the initiative. He smiled and said, "Of course! This is undoubtedly great news for you. If you can completely control the Thunder hammer, the Thunderbolts that you can transform into will be comparable to the ninth heaven Emperor Qi. By then, even martial sovereigns will not be able to suppress you."

Liao yangbing and the other two's faces changed slightly when they heard this. The Thunderbolt that was transformed from his body was a match for anyone below the martial Supreme realm. If even the Emperor Qi of the nine Heavens could not suppress it, it would be too terrifying.

Yunxiao pondered for a moment. Without saying a word, he retreated a thousand meters away, then took out the hammer and threw it into the sky. A golden character emerged, shining with a bright light.

It only flashed for a moment before it was taken back by Yunxiao. He asked from a distance, "Is this the lightning rule?"

Lu Jianbo's eyes flashed with a hint of greed as he excitedly shouted, "Not bad, not bad! It is the Maha ancient text that represents the law of Thunder!" He stared at Yunxiao excitedly and said, "Young master Yunxiao, can you sell this hammer? No matter what the conditions are, you can name them!"

Yunxiao's face flickered, and he immediately became vigilant. "What do you think?"

Lu Jianbo rubbed his hands and chuckled. there is a bargaining chip for everything in this world. Young master Yunxiao, why don't you name a price? perhaps I can really take it out.

Yunxiao snorted coldly and said sarcastically, " Mr. Lu is right. How about this? you can exchange the heads of the seven sect leaders for it.

Everyone's face turned black. This was obviously sending Lu Jianbo to his death.

...

Lu Jianbo also smiled bitterly. He threw a Jade slip over and said, " some precious items that I have collected are recorded in it. Young master Yunxiao, why don't you take a look before you make a decision? you might need them.

Yunxiao caught the Jade slip. Although he did not have the slightest intention of exchanging it, he could not help but scan it with his divine sense.

In the span of a few breaths, Yunxiao's face changed drastically, filled with shock and disbelief. And his shock was getting more and more intense, and after a long time, he finally withdrew his divine sense, his expression uncertain.

Lu Jianbo had been staring at his expression. At this moment, he smiled and said, " "How is it? Young master Yunxiao seems to be moved?"

Yunxiao threw the Jade slip back and said solemnly, " "That's right, there are indeed three things inside that interest me greatly. In my opinion, their value is even higher than that of the hammer."

Lu Jianbo's eyes revealed a hint of surprise. the treasures and secrets recorded here are all unparalleled items, but only three of them moved young master Yunxiao. May I know which three they are? "

I won't go into detail about the three," Yunxiao said in a deep voice. I'd like to think about the exchange. Can we talk about it after we leave Kai di and Tian Huang?"

Lu Jianbo nodded and said,"sure." The exchange can be postponed, but let's talk about what's in front of us first. I'll teach you the key to controlling the Thunder Law, and you'll join my hunting team. Are you willing to do so?"

Yunxiao was a little unsettled. He found that the initiative of the conversation was slowly shifting to the other party. Mr. Lu, please tell me what kind of sea beast it is and how strong it is. If I can't defeat it, can I escape first? "

Lu Jianbo laughed. this sea beast is called iron tear. Young master Yunxiao might not have heard of it. Its strength is at the mid-ninth level.

If it were a demonic beast of the celestial martial realm, with their combined strength, it would be a piece of cake to capture it. However, the sea beasts here seemed to be much stronger than those of the same rank, but this was not the key.

...

The key was that the situation in the sea was complicated, and there were more than one or two powerful sea beasts. Who knew if there would be other changes?

Chapter 895

895 The Aurora flag

Lu Jianbo could see Yunxiao's worry, so he smiled and said, " if the situation turns out to be too disadvantageous for us, not only young master Yunxiao, but everyone else can escape immediately. I can't let you all die Here.

"If that's the case, then I have nothing to worry about. Mr. Lu, please send me the secret technique. I'll take some time to master it, and I'll be more confident in helping you later."

When Yunxiao heard that he could run, he agreed without hesitation.

A golden beam shot out of Lu Jianbo's hand toward Yunxiao. It was a piece of golden paper, which had no words on it, but was composed of thin lines.

It was evident that the level of this secret technique was extremely high and could not be recorded in ordinary Jade slips.

Yunxiao took it and touched it, then sent his divine sense into it and began to study it.

Liao yangbing looked at Yunxiao and breathed a sigh of relief in her heart. After all, they were allies, and they could look out for each other when they were together, which would increase their chances of survival.

While Yunxiao was studying the secret art, the rest of the people did not stay idle. They all sat down cross-legged and began to cultivate. After all, the spiritual Qi here was very rare, and it was not easy to give up.

After taking the earthly golden pill, Liao yangbing went into seclusion for ten days to half a month, but he was still unable to break through to peak four-star. He felt that there was a thin line between them. At this moment, he was trying to break through again on the deserted island. If he could not break through, then this trip to the celestial realm would be in vain.

Although the surrounding spirit Qi was shockingly dense and filled Liao yangbing's entire body, no matter how hard he circulated his essence force, he could not make any progress. It was as if he was turning into a dead end and was very close to the five-star realm, but very far away.

Suddenly, the sound of chanting entered his ears. Every word seemed to contain great power, like thunder piercing his ears, deafening even the deaf.

Liao yangbing was shocked. She knew that Lu Jianbo was helping her. She was overjoyed and quickly calmed down. Soon, she entered a state of selflessness, and the thin line between them loosened.

A few days later, a nine-colored phenomenon suddenly appeared on Liao yangbing's body. A surging power gushed out of his body and formed rays of light around him. The clouds in the sky rolled and echoed with it.

congratulations, brother Yang Bing! Lu Jianbo's laughter rang out as he said, " congratulations on becoming a five-star martial sovereign and becoming a legendary figure of your generation.

Liao yangbing was very excited. The vigorous power in his body was much stronger than the four-star power before. He quickly got up and bowed, saying sincerely, " Thank you, Lord Lu, for your help. I'm very grateful!"

Liao yangbing realized that even after she had advanced to a five-star Martial Emperor, she still could not see through Lu Jianbo's cultivation base. She could only describe it as unfathomable.

Lu Jianbo laughed. this is all your own fate. I'm just pushing the boat along.

At this moment, there were five more people on the deserted island. They had all come according to the array disc and were all waiting for Lu Jianbo's instructions.

A hint of jealousy flashed in the eyes of the muscular martial Supreme from earlier. He snorted and said, " Mr. Lu, how long do we have to wait for this li Yunxiao? Everyone is here. If we wait any longer, this place might close."

Lu Jianbo smiled indifferently. there's no rush. Three days is enough. Let him comprehend for a while. This way, we'll have a greater chance.

"Hmph, three days? Then can I come back in a month? If we wait like this, won't we be wasting our opportunity to explore the world?"

Another Martial Emperor powerhouse with a cold expression expressed his dissatisfaction and said, " We only agreed to help you take action, but we didn't agree to wait with you. If you still don't wake him up, then forgive me for taking my leave."

Just as Lu Jianbo's face darkened, Yunxiao came out of his seclusion and slowly opened his eyes.

"Young master Yunxiao has already comprehended it?" Lu Jianbo furrowed his brows.

Yunxiao glanced at the crowd and snorted, "Fully comprehended? The secret technique that Mr. Lu gave me was a trap!"

"Oh? What do you mean?" Lu Jianbo smiled.

I can't believe I have to absorb five different types of mutated Thunderbolts to cultivate this Thunder art," Yunxiao said with dissatisfaction. only then can I develop the origin of Thunder and form a real body of Thunder to compete with the Emperor Qi of the nine Heavens. Where do you want me to find five different types of mutated Thunderbolts? "

one naturally has to pay a huge price to achieve a great magical power," Lu Jianbo said indifferently. even if you can't succeed now, young master Yunxiao's grasp of the lightning rule on the hammer should be more or less complete, right? "

Yunxiao fell silent. He had indeed mastered seventy to eighty percent of the Maha ancient character, and he even suspected that the Thunder art was derived from it, or was an annotation of the ancient character.

As for the mutated lightning, he already had the lightning of Heavenly Tribulation in his immemorial heavenly eye. If he fused it with his own lightning body, it would increase its power greatly. It wouldn't be difficult to find the remaining four types of lightning.

He didn't answer Lu Jianbo's question and instead asked, "Everyone's here?"

"Hmph, they've been waiting for you two for a long time. We've wasted a few days!"

The cold Martial Emperor's face turned cold as he stared at Yunxiao with a faint killing intent.

Yunxiao naturally understood that these were all proud martial emperors, and they would naturally be dissatisfied with him, a martial honor. Besides, he had a precious treasure with him, and many people present were already exuding killing intent.

Lu Jianbo seemed to have noticed this as well. He said coldly, "Everyone's here. I'll start making arrangements to capture that sea beast. I've said this before, if you encounter any danger that you can't resist, you can escape. However, if you run away before you lose, don't put in any effort, or don't cooperate with each other, then don't blame me for being merciless!"

The cold air from his body spread out like a gust of cold wind, causing everyone to shiver and panic.

Lu Jianbo's strength must have reached the level of a high-level martial Supreme!

"Lord Lu, don't worry. Since we've taken the benefits, we'll definitely do our best!" One of the Martial Emperor powerhouses said sternly.

The rest of the people also echoed his words. The few people who had their eyes on Yunxiao were also nervous, so they hurriedly put away their thoughts and cheered up.

Only then did Lu Jianbo feel satisfied. I hope that everyone will keep their word. I won't allow any failure in this operation! With a wave of his right hand, a ghostly light shot into the sky, and a dark cloud immediately condensed on the island. Lightning flashed and Thunder rumbled inside, and several triangular flags of various colors could be faintly seen.

there are nine Aurora array flags here. They represent the power of the nine aurora lights and can be used to detect and attract sea beasts. Each of you will take one and spread out with this Island as the center. Once there's any movement, send out a signal immediately and the rest will come to your aid!

Lu Jianbo's expression turned serious. He cast a spell into the air and the dark clouds dissipated instantly. Nine rays of light shot down from the sky and landed right beside everyone's feet.

The triangular flag under Yunxiao's feet was a pure yellow flag. He opened his palm, and a suction force immediately pulled the small flag into his hand. As expected, there was a yellow Aurora inside, which was extremely powerful. The flag could be considered a ninth-tier item.

Yunxiao's face turned a little serious. If it was just an ordinary mid-ninth-tier sea beast, the price Lu Jianbo had paid was a little too high.

Lu Jianbo smiled and said, "originally, there were nine people including me. Now that young master Yunxiao is here, he should be able to hold off one side with his strength. I will stay on this deserted island and will rush over as soon as there is any movement. Everyone, let's begin!"

Yunxiao grabbed the flag and glanced at Liao yangbing, who was holding a purple Aurora flag. At the same time, Yunxiao looked at him. After exchanging a look, the two of them began to head in their respective directions.

In the sky above the sea, Yunxiao waved the small yellow flag in his hand, and the space he was in immediately turned orange. The light shone down on the bottom of the sea, going hundreds of meters deep into the sea and still going deeper.

The power of the auroras was the nine original spectrum that formed the world of light. Each of them contained their own color rules and was also a part of the rules of heaven and earth. The nine colors combined to form a colorless pure white light. Ding Shan of Tianyuan trading company had cultivated nine kinds of Aurora in one body.

The power of the auroras could shine for ten thousand miles without dissipating. Even the layers of seawater could reach the depths of the ocean.

According to Lu Jianbo, the so-called iron tear Sea beast was an existence that loved the Aurora. As long as it sensed the Aurora, it would definitely appear.

With the deserted island as the center, the nine of them began to radiate outward. Under the illumination of the nine-colored auroras, all the creatures in the sea could be seen clearly, and the seascape could be seen at a glance.

Yunxiao flew for thousands of miles with the yellow flag in hand. Along the way, he saw many low-and mid-tier sea beasts, and even a ninth-tier one. However, judging from its appearance and characteristics, it was not the so-called iron tear. Under the Aurora, it revealed an extremely fierce aura, went wild in the sea, and swam away.

Compared to demonic beasts, the biggest flaw of sea beasts was that they couldn't leave the sea. Otherwise, their strength would be greatly reduced, and they might not even be comparable to a first tier demonic beast.

...

After flying for a while, Yunxiao suddenly stopped, a hesitant look on his face.

Further ahead was the place where he had come from. He knew that there was another terrifying existence hidden in this sea, and its strength was not below iron tear's. If he shone the yellow Aurora all the way, he would most likely encounter that sea beast.

Moreover, the territorial division of sea beasts in the sea was very clear. It was difficult for two peak existences of the same strength to accommodate each other in the same Sea area. It was the same logic as a mountain can not accommodate two tigers. If they continued to walk forward, they should be in the territory of the ferocious sea beast, and there should be no iron tears.

After pondering for a while, Yunxiao was about to go back when a loud rumble came from the distance. It exploded in the sky, illuminating the sky with a dazzling red color!

It was the agreed signal!

Yunxiao's face flickered as he hurriedly put away the yellow Aurora flag. Then, he turned into a Thunderbolt and flew in the direction of the red. He was so fast that he split the entire sea and set off stormy waves.

Chapter 896

896 Barrier

A moment later, Yunxiao had stepped into the area of the red aurora. From a distance, he could feel extremely powerful primordial energy fluctuations, and the surrounding seabed was also hit by the force. The tides became chaotic, and vortexes of all sizes formed in the sea, devouring each other.

On the left, two people were also rushing over, their speed not much slower than Yunxiao's Thunder escape.

Under the violent impact of the essence force in front of him, circles of waves rolled up into the sky. They actually broke away from the sea and came charging over like walls. The ocean was filled with a surprisingly brutal aura, which condensed the waves into an iron wall.

as expected of a ninth-rank intermediate-level sea beast. It can't be underestimated!

die! one of the martial Supremes in front of him shouted. An arm guard appeared on his right arm with a few purple lights spinning on it. Then, he threw a punch!

"Bang Bang Bang!"

The fist force was condensed and did not dissipate, shattering the waves that were sweeping over. Water vapor filled the sky, and one could not see the figure clearly.

not good! Yunxiao said solemnly, " the man in front doesn't seem to be able to hold on. Let's use the Aurora to attract iron tears away and save him! after he finished speaking, he unfurled the yellow flag in his hand. A yellow light instantly broke through the sky, and the entire sky turned yellow.

The other two also took out their light flags at the same time. One blue and one green, the three-colored light crossed each other in the air and gradually fused together, illuminating the entire sky and sea with a strange color.

Under the light of the Aurora in the distance, iron tears stopped attacking and a black shadow quickly advanced on the sea surface, running toward them.

"Be careful, this sea beast is not simple. The friend with the red flag seems to have died."

One of the martial sovereigns 'face turned ashen as he spoke with extreme vigilance. In the end, he did not finish his sentence. However, everyone could sense that the martial Supreme's aura had already disappeared.

Yunxiao's expression changed. let's not fight it head-on. Retreat quickly and draw it over with the Aurora. We'll attack together when Mr. Lu comes! he said.

The other two also agreed.

The three of them raised their small flags as they quickly retreated toward the auras that were coming from behind.

"Eh? How did that sea beast sink to the bottom of the sea?"

it's sinking in a straight line, " one of the martial sovereigns suddenly said. it didn't come here by traveling through the sea. Could it have sensed danger and stopped chasing the Aurora? "

The three of them stopped, their faces filled with confusion.

Suddenly, Yunxiao's divine sense flickered as he cried out in alarm, " "Not good!"

A Whirlpool had appeared on the surface of the sea under the feet of the three of them. It was rotating silently, and a huge head that looked like a pill popped out. Then, several attacks broke through the sea surface and soared into the sky. They were actually the tentacles of the sea beast. The three of them were caught off guard!

After Yunxiao shouted, he hurriedly teleported away, but he was blocked by a huge force dozens of meters away, and his teleportation could not penetrate it. At this moment, the three tentacles behind him attacked at an extremely fast speed, almost in the blink of an eye.

Yunxiao's face flickered. The attack of this mid-tier sea beast was not something he could block at all. Hurriedly, two yellow lights flashed in his hands, and the yellow Aurora flag was thrown away in an instant. In his other hand, the mirror of the evening clouds of great sorrow appeared, and he shone it on iron tear's tentacle.

Iron tear's tentacles paused for a moment. One of the three pursuing tentacles directly rolled toward the yellow Aurora flag, while the other two were also slowed down by the sunset Cloud Mirror.

Yunxiao seized the opportunity and hurriedly transformed into a bolt of lightning, flying into the sky.

At this moment, the other two had also escaped the attack with their own divine abilities. One of them had suffered a considerable injury, but they were both doing their best to escape along the surface of the sea.

"Bang!"

The two of them almost collided with a force at the same time and were jolted back.

"What's going on? There's a barrier?" One of them's expression changed drastically, turning as white as a sheet of paper.

The other injured man also shouted in fear, "Not good! This beast has its own barrier, what should we do?"

At this moment, more than ten tentacles attacked the two of them at an astonishing speed. Their destructive power was extremely strong, and wherever they passed, the space would be shattered!

"Quickly throw the Aurora flag and escape into the sky!" Yunxiao suddenly cried out.

The two of them immediately came to their senses and hurriedly threw the Aurora flags into the distance. Sure enough, iron tear paused for a moment, then split off some of its tentacles to catch the Aurora flags. The two of them immediately turned into beams of light and shot up into the sky, heading toward Yunxiao.

Even in the sky, they were quickly blocked by a force and had nowhere to run. The three of them turned completely pale.

“Why aren’t Mr. Lu and the others here yet?” “Don’t tell me those people saw how powerful the beast was and ran away?” one of them asked anxiously.

we can’t sense the aura of the outside world inside this enchantment,” Yunxiao said in a deep voice. but earlier, we could sense that they were coming. Now, it’s up to us whether we can hold on or not! As long as we work together, we can hold on until Mr. Lu and the others come, let alone defeat this beast!”

“Right! This beast is only at the mid-ninth rank. I don’t believe it can kill the three of us so easily!”

One of the martial sovereigns calmed down. He quickly made hand seals in front of him, and a golden battle suit appeared. It emitted the power of a barrier and protected him. He waved his hand in the air, and the air trembled slightly. Then, a huge saber appeared in his hand and he carried it on his shoulder.

Yunxiao’s heart was immediately relieved when he saw this man. This man had the strength of a five-star Martial Emperor, and with the ninth-tier battle suit and saber, his strength was immeasurable.

The other injured man was stunned for a moment. He looked at the five-star Martial Emperor and smiled bitterly. this friend must be from a great aristocratic family, right? if I had such resources, I wouldn’t have to risk my life for Lu Jianbo.

He spread his hands in front of him and formed a halberd. It was an eighth-grade weapon.

The five-star Martial Emperor also frowned and said, “ you’re a four-star Martial Emperor, but you don’t even have a ninth-tier profound weapon? ”

That person said bitterly, “ this time, I’m working for Lu Jianbo. He promised me a ninth tier profound weapon. If I can’t make it through, then he’ll save his profound weapon.

Yunxiao’s expression froze as he suddenly cried out, “ “Don’t say such dejected words! The sea beast is here!”

His body immediately glowed with golden light, and his three-headed and six-armed Dharma form appeared. Each of his arms was holding a profound level weapon or making hand seals. His Dharma form was solemn and exuded a majestic and divine Qi.

With a light touch of his left hand, the nine Northern heaven cold star swords appeared in front of him, forming a nine sword diagram that could be used to attack and defend.

The injured martial Supreme's eyes almost popped out of their sockets. Those profound armaments were all ninth-tier armaments!

As a four-star Martial Emperor, he was holding an eighth-tier halberd. His opponent was only a martial honor, but he had more than a dozen ninth-tier profound armaments. How could he be at ease? young master Yunxiao, the enemy is right in front of us. Why don't you give me a ninth-tier Mystic weapon and I'll return it to you after the enemy retreats? "

cut the crap! Yunxiao shouted. stop talking nonsense! If you concentrate on facing the enemy, how can you control these ninth tier profound armaments in an instant!"

Dozens of tentacles shot up from below like a fairy scattering flowers, and they made an extremely ear-piercing sound that made people's bodies numb and their backs cold.

"Leave these disgusting things to me!"

The five-star Martial Emperor took a step forward. He moved his right hand, and the huge saber on his shoulder fell. A golden light flashed as he slashed down!

"Killing blade flowing arrow!"

The blade light seemed to have split the world apart. The sky was split apart just like that, and the enchantment trembled a few times. Black cracks appeared in the void under the blade light, cutting off the countless tentacles, turning them into countless pieces of meat and scattering them in the air.

...

What made people shiver was that the countless pieces of meat were still jumping in the air. Each of them had countless small suction cups on it, as if they were pulling each other. They actually began to suck each other, turning into a ball and getting bigger and bigger.

“Gulp!”

The three of them swallowed their saliva. The scene in front of them was simply too disgusting!

The immemorial heavenly eye on Yunxiao’s forehead suddenly opened, and a stream of divine fire turned into a Phoenix, which let out an ancient cry and burned at the meat ball.

The divine fire burned fiercely, and the meatballs that filled the sky were all ignited. However, it seemed to have no effect on them. They still gathered from all directions into the huge flame and fused with the meatball inside.

“What? He’s not afraid of fire?”

The four-star Martial Emperor’s face was filled with horror. He could also sense that the fire unleashed by Yunxiao was by no means an ordinary fire, and logically speaking, things in the sea should be most afraid of fire.

“I understand!”

Yunxiao suddenly cried out. He quickly performed an incantation gesture with both hands to withdraw the flame, while he raised the hammer high in his other arm and smashed it down!

Lu Jianbo had his eyes on his lightning power, so it was obvious that this sea beast was afraid of lightning!

The ancient character of Maha, which represented the rule of Thunder, appeared under the hammer and transformed into a Thunder hell, which suddenly struck down.

...

“Boom boom boom!”

The Thunderbolt struck the ball of meat and immediately displayed its great effect. The entire ball of meat was instantly shattered into countless pieces of meat!

“Roar!”

This seemed to have angered Iron Tears, who was on the ground. His pill-like big head shook violently. At a closer look, one would find that there were countless small holes on his head. At the same time, he was breathing, which produced an extremely harsh sound that came from far away.

“Ah! It’s a sonic wave attack!”

The three people’s expressions changed drastically. The power of the sound wave directly penetrated their defenses and jolted into their bodies. Yunxiao performed an incantation gesture with both hands and circulated the great expansion divine technique to calm his mind. Meanwhile, his other hand formed a sword pattern, and the nine long swords transformed into a huge sword that slashed at the sky!

The arm that was holding the hammer continued to strike down lightning. The lightning was like the power of the heavenly Tribulation, shattering the minced meat in the air into powder and falling on the pill’s head.

“BOOM! BOOM!”

The lightning struck down one after another, but it was blocked by the Iron Tear’s defense. Circles of spiritual pressure shook out, but it was unable to hurt it in the slightest. However, the power of the sound waves was getting stronger!

Chapter 897-iron tears

“Not good! I’m too weak, this lightning can’t hurt him at all!”

Yunxiao put away the hammer, then summoned the dynasty Bell and cast several incantation seals into it, producing a distant and clear sound as he tried his best to resist the sound wave attack.

“Pfft!”

The four-star Martial Emperor couldn’t hold on any longer. He spat out a large mouthful of blood, and his eyes began to lose their light gradually. His eyes were filled with ruthlessness, and the aura on his body began to become strange.

“What’s going on?” The five-star Martial Emperor was shocked. He noticed that the four-star Martial Emperor was looking at the two of them with a strange expression. He seemed to be unaffected by the sound wave as he walked toward the two of them.

The four-star Martial Emperor suddenly brandished his halberd and slashed it at Yunxiao!

Yunxiao’s face turned cold as the hammer appeared in his hand and he suddenly struck the dynasty Bell, sending out a wave of lightning!

“BOOM!”

The force of the four-star Martial Emperor’s halberd tore the lightning apart, but he was also hit by the lightning and sound waves. The bell sound, in particular, woke him up. It made the expression in his eyes struggle violently, as if he was unwilling to be controlled.

Yunxiao saw that he could still be saved, so he struck the dynasty Bell with a hammer with one arm and performed an incantation gesture with his other hands, forming a heaven and earth seal with three Maha ancient characters shining on it. It was the spiritual attack technique. Suddenly, he teleported in front of the martial sovereign and smashed down!

“Bang!”

“Pfft!”

The four-star Martial Emperor was hit by the heaven and earth seal, and then the spiritual attack hit his mind. With the ringing of the dynasty Bell, his whole body trembled violently and he was freed from the control.

“Thank you, thank you!”

The four-star Martial Emperor felt a lingering fear and thanked him profusely. His face had already turned pale from fear.

After Yunxiao saved the four-star Martial Emperor, iron tear’s sound wave attack suddenly stopped, either because she was tired or something else.

The five-star Martial Emperor had been paying attention to the sea beast below. He said with an extremely ugly expression, “What’s going on? Lu Jianbo and the others aren’t here yet?”

Yunxiao also felt that something was wrong. According to the time, they should have arrived a long time ago. Could it be that they could not break the barrier? Not to mention that it was impossible, even if it couldn’t be broken, at least they would feel the vibration of the barrier.

it seems that Lu Jianbo and the others are unreliable,” Yunxiao said with a gloomy face. this iron tear doesn’t seem to be as powerful as I thought. Maybe we can kill it if we join forces!

“Join forces to kill him?”

The other two’s faces were extremely unsightly. From the beginning until now, the three of them had the mentality of running away and waiting for help. They had never thought of fighting. Now that they couldn’t rely on the outside world, the three of them gradually accepted and faced reality.

“Not bad! Iron tears “strength doesn’t seem to be as strong as expected. The three of us have a great chance of winning if we join forces!”

if it had a way to kill the three of us, we would have been dead long ago, ” Yunxiao encouraged them. it’s time for it to die!

“Not bad! Young master Yunxiao is right!”

A determined look flashed across the five-star Martial Emperor’s face as he said, ” “Kill our way out! I want Lu Jianbo to give us an explanation!”

“Since the two of you have agreed, I will naturally not object!”

Although the four-star Martial Emperor was extremely afraid, he had to muster up his courage and fight with all his might at this time.

At this moment, the seawater suddenly changed. The surroundings seemed to be boiling and the entire space was filled with steam, turning it white.

not good, it’s evaporating the water. It’s coming out of the sea!

Yunxiao immediately understood what was going on. Once a sea beast left the sea, its strength would be greatly reduced. This was the seawater environment created by iron tears, which could preserve its strength to the greatest extent.

“Huala”

All of a sudden, a huge object rushed out of the sea, and a black shadow rushed up at an extremely fast speed. It seemed to be able to judge the strength of the crowd, and it attacked the five-star martial sovereign.

“The loss of the killing blade!”

The five-star Martial Emperor’s face suddenly changed, and he immediately stopped fighting. He used all his strength to slash his saber!

“Bang!”

The ninth-tier battle saber directly hit iron tears 'body. It was as if it had hit a solid metal, and strong sparks burst out. The man and the Beast were both sent flying by the huge force.

At this moment, the three of them finally saw the true appearance of the iron tear. It turned out to be a huge strange crab!

The crab's head was like a huge pill, and the back of the head was covered with tentacles. They had all been cut off, and the roots of the tentacles were still shaking. It was extremely ugly.

“Haha, not very strong! I can win!”

The five-star Martial Emperor was overjoyed after the attack. He shouted and his combat strength increased by several folds. He turned into a beam of light and rushed over. He turned into countless shadows and waved his saber. A series of “ Bang Bang Bang ” sounds were heard as light scattered in all directions!

Although the crab was extremely agile, it was clearly not as good as a human in battle. It could only defend itself.

The four-star Martial Emperor was overjoyed when he saw this. “I'll go help him!”

In an instant, he turned into a ray of light and rushed forward. He waved his halberd and immediately engaged in a battle.

Yunxiao felt a little strange in his heart. Although the iron tear had left the sea and its strength had been greatly reduced, it should not only have this little power. It seemed to only have the strength of the initial ninth-tier, and Lu Jianbo seemed to be able to deal with it alone.

However, this was not the time to think about this. The most important thing now was to break the enchantment and get out as soon as possible.

He retracted his golden body Dharma form. With the crab's current state, he didn't need to use his full strength. He drew a circle in front of him with his hands, and the wind Fire crocodile was immediately summoned. It turned into a giant crocodile Man and pounced toward the strange crab below!

The two martial sovereigns were taken aback when they saw the gator-man's stance. They quickly stepped aside.

"Roar!"

The gator-man pounced on the iron tear and bit it with his mouth wide open.

"BOOM! BOOM! BOOM!"

The crocodile man's body was constantly crushed by iron tear's pincers, but it was not affected at all. It still bit down firmly and swallowed bit by bit!

Yunxiao was overjoyed. He performed a hand seal and said, "Come back!"

The iron tear struggled desperately in the crocodile's mouth, but it could not break free. It was carried up by the crocodile, and with a point of Yunxiao's hand seal, it was sucked into the divine realm tablet.

...

"This Suan ni, where are the sea beasts?"

The five-star Martial Emperor was completely dumbfounded. The battle that he had thought would be extremely difficult had ended so easily?

that's my summoned beast," Yunxiao said with a smile. I'm a beast Tamer. The sea beast should have been eaten by my summoned beast, right? "

“You ate the Kasaya?”

The two of them widened their eyes in horror. What kind of summoned beast could eat a ninth-rank intermediate-level sea beast? Advanced ninth-rank?

Just as the two of them were in a daze, the barrier finally shattered, gradually revealing the scene outside. Suddenly, a powerful elemental energy fluctuation could be felt.

“Ah? This is a Kasaya!”

The three of them were shocked. They saw a huge iron tear outside, which was more than ten times the size of the one they were fighting. Half of its body was exposed, standing on the sea like an Island.

Countless huge tentacles danced in the air, and several rays of light kept dodging in the air. They were fighting hard. It was Lu Jianbo and the others.

“Ah!”

“Bang!”

...

While the three of them were still in a daze, a huge tentacle struck down from the sky and directly blew up the four-star Martial Emperor in the air, leaving no corpse behind!

Under this attack, the tentacle seemed to have suffered a great injury, and it directly fell down powerlessly. There were already more than ten huge tentacles hanging on the sea surface, which should have been scrapped from the battle.

“Whoosh!”

“Whoosh!”

Another two huge tentacles came at Yunxiao and the five-stars Martial Emperor. The tentacles were as thick as five or six people’s arms, and the countless tiny suction cups on them were opening and closing, making them look very disgusting.

Both of them felt a chill run down their spines, and they fled into the sky at their highest speed!

“BOOM! BOOM!”

The huge tentacles pierced into the sea, causing a huge splash. Two water pillars shot up into the sky.

The moment Lu Jianbo saw the two of them, he was both angry and happy. He shouted, “ where did you guys go just now?!”

The five-star Martial Emperor was also shocked and furious. He roared, “ “We were trapped by an even smaller iron tear just now! It wasn’t easy for us to kill it and escape. Lu Jianbo, is this the monster you want us to kill?”

His eyes were about to spew fire. He hated that he couldn’t change sides and kill Lu Jianbo. Just now, the small one had already wasted their strength. This big one was obviously several times stronger. How were they going to fight?

“What? You guys killed a small one?”

Lu Jianbo was stunned for a moment. Then, he said ecstatically, “ “What about the corpse? Where’s iron tears “corpse?”

Just as the five-star Martial Emperor was about to answer, a few tentacles suddenly attacked him from the sky and immediately interrupted their conversation. All of them began to move around, and every move was extremely dangerous.

Yunxiao's face was also extremely gloomy. This huge iron tear was indeed a mid-ninth tier beast, but it was definitely at the peak of that level! With a sweep of his divine sense, he found that there were only six people left. In addition to the person who discovered iron tears first, two more people had fallen!

Lu Jianbo, it's impossible to win against this iron tears. If we continue fighting, he'll die without a doubt. Forgive me for not accompanying you!

The Martial Emperor powerhouse with muscles all over his body finally couldn't help but speak. Then, without waiting for Lu Jianbo's reply, he turned into a beam of light and escaped.

His words immediately gained everyone's approval. They had long wanted to run and were just waiting for someone to take the lead. They all said their goodbyes and used their escape techniques to escape.

Lu Jianbo's face was unusually ugly. The strength of this iron tear exceeded his original expectations. Although he could deal with it with his own strength, it would be extremely difficult to kill it in the sea.

As he watched the powerhouses leave one by one, he could not care less. In a few flashes, he arrived in front of the five-star martial sovereign and grabbed him. He shouted, "where's the corpse of iron tears that you just killed?!"

His expression was no longer gentle and elegant. Instead, it was calm and composed, and now it was very ferocious.

Chapter 898-pursuit

The five-star Martial Emperor was also taken aback by his appearance. He quickly said, "I-I was eaten by li Yunxiao's summoned beast.

"What? Was it eaten by a summoned beast?"

Lu Jianbo was stunned for a moment. Then, he laughed coldly and said angrily, "Do you think I'm an idiot?"

Seeing this from a distance, Yunxiao cursed in his heart. He immediately transformed into a bolt of lightning and shot away.

“You want to escape?”

Lu Jianbo immediately noticed Yunxiao’s action, and his face darkened. He raised his hand and slapped the five-star Martial Emperor with his palm. A strange talisman formed in front of his chest, catching the five-star Martial Emperor off guard. He did not expect Yunxiao to suddenly attack, and all his meridians were sealed in an instant!

“What? You!!!”

The five-star Martial Emperor was shocked. He was about to cry out in alarm when Lu Jianbo grabbed him and threw him toward the iron tear’s tentacle.

“Bang!”

As iron tears ‘tentacle stabbed down, the battle suit automatically manifested to protect the body. There was a burst of intense light, and the martial sovereign fell into the sea, his death unknown.

Lu Jianbo snorted coldly, then immediately turned into a beam of light and chased after Yunxiao. Although the tentacles were dense and powerful, they could not hurt him at all.

Yunxiao’s heart sank. Knowing that he was in trouble, he hurriedly activated the power of thunder and lightning to the maximum to escape.

The sea beast, iron tear, seemed to have noticed something as well. It suddenly went crazy, and waves rose to the sky. The entire sea level rose abruptly, and the sea water rolled up to the sky. Half of the huge iron tear’s body was hidden in the waves as it chased after Yunxiao and Lu Jianbo at a high speed.

“Li Yunxiao, what are you running for? Stop it!”

At this moment, Lu Jianbo was extremely vexed. It was all his fault for giving the other party the lightning technique. Now that he was flying faster than before, he couldn't even catch up to him.

Yunxiao's chuckling came over as he said, "Mr. Lu, why are you chasing me? I'll stop after you."

"The monster is chasing me closely, how can I stop?" Lu Jianbo said angrily. Do you have little iron tear's corpse with you? Let's find a place to have a good talk."

if you want to talk, do it now! Yunxiao shouted. it's very exciting! It'll be no fun once you stop!

Lu Jianbo's face was ashen as he anxiously shouted, "I have great use for little iron tear's corpse. I hope young master Yunxiao can give it to me. We can discuss the conditions.

Just as Yunxiao was about to speak, the strange phenomenon in the sky suddenly became more intense. The waves almost broke the sky, and a dark aura spread out in an instant. All of a sudden, the entire sea area was shrouded in this gloom, and the dark atmosphere made people feel depressed.

"A strange phenomenon in the barrier, not good! This iron tear is starting to release a barrier!"

Lu Jianbo's expression changed drastically. young master Yunxiao, "he said anxiously, "quickly give me iron tears 'corpse. Didn't you take a fancy to a few of my treasures?" I'll give it all to you, let's make the deal now!"

Yunxiao's heart jolted. The iron tear might be an important treasure, but at least it was useless to him now. However, the Three Treasures Lu Jianbo had were extremely important and precious.

If Yunxiao's heart was not strong enough, he would have agreed on the spot. But the more anxious Lu Jianbo was about the deal, the more suspicious he became. Moreover, he was the one who had personally thrown the five-star Martial Emperor to iron tears just now. Yunxiao had seen it clearly, and he knew that this man was by no means a good person.

Lu Jianbo seemed to have seen through his doubts and said anxiously, " "This iron tears" wizardry barrier has a feeling of a world anomaly. It's very dangerous, and even I'm not sure if I can walk out of it. Let's complete the deal immediately, and then we'll leave our lives to our own abilities!"

So that was how it was!

Yunxiao's face also showed a hint of solemnity. This strange phenomenon made him feel a little uneasy. "If I can't get out of here alive, what's the point of having your things? Let's wait until we're out of here, and if everyone is still alive, then we can trade."

Yunxiao was not worried about Lu Jianbo at all. Lu Jianbo was an expert that even he could not see through, so he did not believe that he would die in this Sea area. Instead, he was the one who had to worry about himself.

Lu Jianbo was furious. His face was even gloomier than the sky. He suddenly stopped chasing. He took out an item and threw it in the air. It kept spinning in front of him. It was just a rectangular horizontal bar, but it became bigger and bigger. In the blink of an eye, it turned into a door that was two meters tall. Green light flashed around it. He gently pointed with his finger and the door opened. It was a vast white inside.

This door stood between the sea and the sky, emitting a faint light. It seemed to be swallowed up by the natural phenomenon at any time, appearing thin and isolated.

Lu Jianbo's expression gradually calmed down and he regained his previous calm. He lifted his feet and walked through the door. His figure immediately disappeared.

Yunxiao, who had been paying attention to Lu Jianbo's movements, was taken aback when he saw it. "A space gate?"

Spatial Mystic artifacts were the most precise and complicated part of alchemy. If it was just to open up a still space, such as a storage bag or a storage ring, it would be very simple. There was a set of fixed procedures, and only a third-tier Alchemist could do it.

But, it became more and more difficult to go further. Only the top ninth-tier great alchemists could successfully refine such a space gate. Even in Yunxiao's previous life, he had little chance of success.

The reason why a transcendent-grade profound level weapon was unparalleled was that the spatial refinement method within it was stuck, and it could not form its own world.

“Bang!”

The iron tear Sea beast's tentacle caught up with the gate and smashed it into pieces, causing a burst of light to burst out.

Yunxiao sighed in his heart. But, most of these space gates were one-time consumables. His expression turned a little serious as he thought for a moment and said, “ Could it be that the strange phenomenon of the iron tears barrier was so terrifying that even with Lu Jianbo's strength, he had to open a space gate to escape?

Just as he was feeling suspicious, a sense of impending death suddenly spread from the bottom of his heart. That terrifying and helpless feeling made him feel as if he had fallen into an ice cellar!

“Transcendence golden body!”

Yunxiao did not know where the sense of danger came from, but he gave a loud cry and immediately manifested three heads and six arms, his body covered in golden light.

After that, the devil-sky silk broke out of his body and revealed the physical body of the battle armor in front of him. The great sorrow sunset Cloud Mirror also enlarged at the same time and began to form the mirror formation!

“Bang!”

The sunset Cloud mirror's mirror formation had yet to be formed when it instantly shattered, and the entire mirror lost its light. The devil-sky silk was also hit by a huge force and was directly jolted back into

its body. After that, a figure descended. His five fingers were as thin as firewood, and he grabbed at the devil-sky silk.

Yunxiao was taken aback. A beam of Saber Light flew out in an instant, and the thousand-year tyrannical saber turned into the corpse puppet's real body as it slashed across the sky!

“Bang!”

The big, skinny hand hit the Zombie's head at an extremely fast speed, knocking it back into the shape of a blade and then continued to grab at Yunxiao. Only then did the face of the owner of the hand reveal itself. It was Lu Jianbo, who had a calm and cold face!

It turned out that he had not used the space gate to escape, but to capture Yunxiao!

At this moment, light swirled around his other four arms as he cast spells one after another. Just as several treasures were restrained, the Thunder hammer and the dynasty Bell smashed down together. The nine Northern heaven frigid star swords had also formed a sword formation, and a huge sword-shaped sword slashed down from the sky!

Hmph, you do have some magical powers. No wonder the red moon City Master thinks so highly of you!

Lu Jianbo's expression changed slightly, but he didn't panic at all. His five fingers pointed out repeatedly, and a ray of light shot directly onto the Thunder hammer. The light of the Thunder was instantly sealed and couldn't be released.

After that, a finger radiance struck the dynasty Bell. The trembling sound shook violently and swept out. It made Lu Jianbo frown, but it was only for a moment. Then, he punched out and sent the dynasty Bell flying. At this moment, a sword from the nine Heavens wrapped the moon and fell. The sword diagram trapped him inside.

this sword formation has some skills. Unfortunately, it's too weak!

...

Lu Jianbo threw a punch in the air. That tyrannical and unparalleled giant sword shape twisted in the air and shattered with a " bang "!

The nine long swords instantly flew up and turned into a rain of swords, slashing down one after another.

Yunxiao also took the opportunity to catch his breath. While performing an incantation gesture to restrain his opponent, he retreated in the opposite direction toward the iron tear. He had to rely on the iron tear's strength to fight Lu Jianbo.

don't make any unnecessary struggles. I just want to keep you alive, so I've been showing you mercy. Otherwise, how could you have taken one move from me, a peak seven-stars martial sovereign? "

Lu Jianbo's expression was cold. The rain of swords that filled the sky was nothing. He directly stood with his hands behind his back and took a step forward. The entire space trembled. The rain of swords fell one after another, but they could not get close to him!

Yunxiao dodged several attacks from the iron tear's tentacles, then opened his three eyes at the same time, which turned into a blood-red color with different patterns. He began to perform a spiritual attack that rushed directly into the iron tear's mind. I can only try. If it doesn't work, I'll have to hide in the divine realm tablet. This Lu Jianbo reported his strength. If he's a peak seven-star, we don't have to worry about him breaking the power of a realm!

Generally, sea beasts with extraordinary strength would also have extremely high intelligence, but this iron tear seemed to have an extremely low intelligence. Such demonic beasts often did not have strong mental power and were easy to control, not to mention that he had an unusually powerful moon pupil!

"

Iron tear, who had never made a sound before, suddenly screamed towards the sky. Its voice was sad and desolate, and there was a trace of panic and fear in it. Its entire huge body trembled.

Yunxiao was suddenly overjoyed. His spiritual attack had only been hindered for a moment, but it broke through in an instant and directly invaded the other party's brain and soul.

Iron tear's manic mood seemed to have gradually calmed down, and all the tentacles in the sky stopped moving, only the countless large and small suction cups on them were still breathing.

...

Yunxiao was both overjoyed and surprised. After all, the sea beast was of a very high level. Even if its spiritual power was not strong, it should not be so easily controlled by him. When he used moon pupil, it seemed to have a great fear in its soul, which was why it had submitted to him.

"Eh? What's going on?"

Not far away, a question suddenly popped up in Lu Jianbo's mind. Why did iron tears, who had been stirring up trouble, suddenly become so quiet, and Yunxiao, who had his back to him, also stopped moving?

Chapter 899-Helios Luna

The strange scene in front of him made Lu Jianbo feel uneasy.

He unconsciously raised his head and looked at the blood-red moon in the sky. It was like a huge pair of eyes staring at him coldly, and he couldn't help but tremble!

"Whoosh, whoosh, Whoosh!"

All the tentacles on iron tear's head suddenly sprang up and straightened in the air. They became straight and exuded a surging force, spreading out in the air in a semicircle!

Lu Jianbo's expression changed drastically. He suddenly stopped in his tracks. Although he didn't know what had happened, he knew that the sharp tips of the tentacles were pointing at where he was standing!

“Li Yunxiao, what happened? Don’t tell me that you’re controlling iron tears?”

When he asked this question, Lu Jianbo’s heart was filled with a huge sense of uneasiness. Although it was hard to believe rationally, what he saw in front of him was very likely to be the truth.

“Whoosh!”

Yunxiao’s figure suddenly moved and teleported directly above iron tears. He slowly turned around, the pupils in his three eyes turning into strange shapes, and his left and right eyes were blood-red!

“?! Eye technique? Those red eyes are a Kasaya.”

Lu Jianbo’s heart trembled. It was as if someone had hit his chest with a hammer. He stepped on the surface of the sea and retreated. ta, ta, ta. a line of waves splashed up.

At this moment, Yunxiao’s eyes were like the Blood Moon in the sky, extremely demonic, and the killing intent in them was strong. “So far, those who have seen me, moon pupil, are either friends or dead!”

Beads of cold sweat rolled down Lu Jianbo’s forehead. After such a long time, he finally lost his composure. His calm and composed demeanor was swept away, and his body couldn’t help but tremble from the excessive panic. yuetong Xuanji is really yuetong Xuanji. It’s really yuetong Xuanji. How is this possible? ” Gu Feiyang had already fallen, so how could the moon eye still exist in this world? No wonder this iron tear is under your control. Are you li Yunxiao or Yue Tong now?”

you don’t need to know all this, ” Yunxiao said coldly. it’s been a long time since I fully exerted the power of the moon pupil. Lu Jianbo, enjoy this!”

Yunxiao’s pupils constricted, and different patterns appeared in all three of his eyes. Then, an extremely strong spiritual power surged out, and with Yunxiao as the center, the entire sky and sea began to change shape, turning into endless darkness!

The darkness spread rapidly, and all the light in its path disappeared, leaving only his calm figure and iron tear's huge body.

"Change the heavens and earth, reverse time and space!"

Lu Jianbo was so shocked that he could no longer remain calm. He stomped hard on the ground, and a splash of water burst out as he flew backward. But no matter how fast he was, he could not be faster than Yunxiao's eye sorcery. With a single thought, he could travel thousands of miles in an instant and a hundred years in an instant!

The entire sea and sky disappeared, turning into an endless dark space. Only Yunxiao, iron tears, and Lu Jianbo were left.

In the sky above the dark space, the Blood Moon was still hanging high, as if it contained endless cold light and ridicule, looking down on all the lowly lives on the earth.

Lu Jianbo's face was as ugly as it could get. His entire body was so twisted that it was almost out of shape. He gritted his teeth and said, "you are not Li Yunxiao! Who the hell are you?!"

At this moment, Yunxiao's appearance was also extremely terrifying. Blue veins were bulging around his pupils, spreading to less than half of his face. His hair was disheveled, fluttering behind him without any wind, and his face was expressionless.

Lu Jianbo looked at him and became more and more flustered. He hurriedly said, "I don't care who you are, you're almost under the moon eye's control! Hurry up and break free, or it'll be too late!"

Yunxiao raised his head slightly and glanced at Lu Jianbo with his heart-palpitating, hollow eyes. "Oh? It seems like you know quite a bit about the moon eye?"

Lu Jianbo felt as if he had fallen into a bottomless abyss when he was looked at by those demonic and empty eyes. He couldn't help but feel a huge sense of fear. As the fear spread, he suddenly realized that his body had started to fall. He had really fallen into a bottomless abyss and would never stop falling!

Lu Jianbo was shocked. He knew that he had fallen into an illusion. He suppressed the shock in his heart and circulated his essence force with all his might. He started to perform the concealment of spirit and Qi to guard his spiritual altar. After a while, he finally broke free from the endless fall. However, he was already drenched in cold sweat.

Yunxiao gave him a cold look and said slowly, "I thought I would need to borrow the power of iron tears to contend with you, but it seems very easy now. The power of my moon eyes can be more than ten times stronger in this ancient place. Even if you're a peak seven-stars martial sovereign, you can't escape death!"

The iron tear suddenly moved, and all of its tentacles that were stretched out in the air fell down like thousands of arrows, covering the sky and the earth!

Lu Jianbo licked his dry lips. He knew that he was in great danger. This place was yuetong's hometown. Here, yuetong was the Supreme existence. Everything had to submit to her!

In that split second of distraction, Lu Jianbo was about to Dodge the countless tentacles that were attacking him. However, he suddenly realized that he couldn't move his body. When he took a closer look, he was immediately scared out of his wits. He didn't know when his body had actually become a target that was filled with concentric circles!

When he raised his head again, the tentacles that filled the sky had all turned into arrows, densely covering the entire space.

"Immovable King fist, Qi shock the nine Heavens!"

Lu Jianbo roared. A ball of green energy suddenly burst out from the body of the target. It formed a strong wind that shook the surroundings and blocked the dense arrows.

At the same time, he shouted, "li Yunxiao, let's talk this out! Let's stop and talk slowly! I've been merciful to you since the beginning and taught you the lightning technique. There's no need to make it a life-and-death battle!"

"Hehe, I didn't want to kill you, but you know I have the moon pupil. I can't rest easy if you don't die!"

As Yunxiao's voice rang out, Iron Eye rushed up and raised his big pincers like scissors, trying to cut the target in half!

A large amount of green gas suddenly spurting out from the target, as if it was resisting the power of the moon pupil. Lu Jianbo's body also gradually transformed back. His face was as pale as a piece of paper. Suddenly, a blinding golden light appeared in his hand, as if it had opened up all the abnormalities!

A golden long sword burst out of his body. A blazing sun appeared beside Lu Jianbo as he slashed the sword in the air!

"Bang!"

When the golden sword and the iron tear's pincers collided, Lu Jianbo was sent flying hundreds of meters away. Although there was a huge difference in strength, he didn't suffer any injuries.

Yunxiao's expression turned serious. Although the power of his lunar pupil had been greatly derived and strengthened, his opponent was a peak seven-stars martial sovereign, after all, and the golden sword in his hand was by no means an ordinary object. It would be difficult to kill him in a short time, and it would most likely be a protracted battle!

However, since his killing intent had risen, he had to kill the other party!

"Pupil technique-Helios Luna!"

Yunxiao's expression was cold as he cried out solemnly. A ring of light as bright as the sun spread out from his eyes, and even the primordial heavenly eye could not withstand the power of the moon and closed instantly.

At this moment, countless sun and moon-like shadows appeared around him. A golden light shone and a huge Golden Wheel rose from behind him. It was like the light of a God's wheel. There was actually a manifestation of the world in it!

Lu Jianbo was shocked and shouted in fear, "Eye technique, Helios Luna? Gu Feiyang's heaven peeking pupil technique! Who the hell are you?"

He was already restrained in this illusionary space. Now that Helios Luna appeared, he was even more shocked. Even his will to fight began to show signs of crumbling. What was even more terrible was that in the moment of his daze, he suddenly found himself turning into a toilet bowl and couldn't move!

The round light from the round pupil rose up like the might of the heavenly Dao. It rolled over and wanted to crush everything!

At this moment, iron tears was also summoned. He roared and raised two big iron pincers, flying across the sky and flushing them on the toilet!

Lu Jianbo's heart was filled with fear. He was on the line between life and death. The potential of his life was unleashed at this moment. The shadow of the golden sword suddenly appeared on the toilet bowl. One turned into two, two turned into three, and in an instant, the entire sky was filled with sword shadows protecting his body, emitting an extremely violent power!

"Sword explosion!"

Lu Jianbo's eyes were also red. His emotions were so fluctuating that the entire toilet bowl was shaking. At this moment, he took out his own life-bound profound weapon. Even if he didn't want his treasured sword, he wanted to cut out a chance of survival!

"Boom boom boom!"

...

Thousands of sword shadows stabbed out and exploded in the air. The dark illusory space began to crack one by one, revealing the sea and sky World outside.

Under the self-explosion of the ten thousand swords, the iron tear changed from attack to defense. Sword shadows constantly bombarded his body and exploded, causing "Bang Bang" sounds to ring out. He kept retreating.

As for Yunxiao's round light of the moon and the sun, it stopped pressing forward under the explosion and impact of the sword Qi, and was constantly being suppressed back!

The illusionary space was broken and the toilet turned back into Lu Jianbo. His face was extremely pale. He endured the backlash from the golden sword's self-destruction while his hands rapidly formed hand seals. As the afterimages of his hand seals appeared, a faint pink color began to appear around him. Like smoke or fog, it enveloped him.

"Boom boom boom!"

As the last of the sword Qi exploded, Yunxiao also suffered a great impact. The moon and sun phenomenon disappeared in an instant, and one of his eyes was closed on the spot, greatly affected. The Blood Moon in the sky seemed to dim a little.

Li Yunxiao, we'll meet again. I'll definitely investigate what happened today and pay you back a hundred times in the future!

Lu Jianbo's voice rang out. The pink smoke around him grew more and more, and his figure gradually faded.

Yunxiao was taken aback, and his face turned livid. He gritted his teeth and said, "Pink crystal dust!"

It was the pink crystal dust that could create space tunnels above the ocean and teleport in random directions!

Chapter 900

900 Landing

"Pfft!"

As he watched Lu Jianbo's body finally disappear before his eyes, Yunxiao finally could not help but cough out a mouthful of blood. He closed all three eyes at the same time. He had consumed too much energy in this battle, and his entire body instantly withered.

This Lu Jianbo's background was too mysterious. Not only did he have many treasures, but he even had things like space gates and pink crystal dust. However, he had never heard of them in his previous life.

Yunxiao's body fell from the sky and landed on the surface of the sea with a loud thud. His feet were planted firmly on the waves, and his body was moving up and down with the waves. His face was extremely pale.

At this moment, the iron tear was floating in the air, motionless. Its tentacles were slowly moving back and forth, as if it was an instinctive nerve reaction.

After a while, iron tears slowly recovered. But, as if she was afraid of Yunxiao, she flew slowly in the air for a while before plunging into the sea and quickly disappearing without a trace.

Yunxiao watched it leave. With his current strength, he could not use the moon pupil to capture it. Although it was a pity, he was safe.

He casually threw out a Tiger King battleship and jumped on it. Just as he was about to leave, a weak voice suddenly came over. It was actually a cry for help.

Yunxiao spread out his divine sense and immediately found a figure floating in the sea in the distance. It was the five-stars Martial Emperor who had fought with him against little iron tear. After being thrown out by Lu Jianbo's sneak attack, he had not died after being hit by iron tear's tentacle.

There was a hint of hesitation on Yunxiao's face. After making up his mind, he drove the chariot over and stopped it on the water, allowing the Martial Emperor to climb up.

"Thank you, thank you for your great kindness, young master Yunxiao! When we leave this place, I will definitely reward you handsomely!"

With a grateful look on his face, the man lay on the chariot and gasped for breath. He gradually calmed down, then looked at Yunxiao with embarrassment and said, "young master Yunxiao, can you give me some elixirs? my storage ring was shattered by that attack, and all the items in it disappeared into the void. I'll return it a hundred times more when I get out!"

As if he was afraid that Yunxiao would not believe him, he quickly revealed his identity and said, "I'm Deng Yufeng, an elder of the heavenly universe tower. My token has been destroyed along with my storage ring. Otherwise, it could have proved my identity."

If Yunxiao had given him a few ninth-tier medicinal pills, he would not have had to return a few hundred of them. But at this moment of life and death, nothing was more important than his life. Even if he had to go bankrupt, it would be worth it.

Yunxiao knew a thing or two about the tower, which was one of the top-ranked buildings in the heavenly martial realm.

He directly threw some healing pills to him and said indifferently, "forget about the repayment. Do you know Lu Jianbo's background?"

When Deng Yufeng heard the name, he looked fierce and said through gritted teeth, "I must take revenge for this!"

He was burning with anger, but after a while, he gradually calmed down and shook his head. "I only met him at the red moon City Market. I was moved by a mother-son green stone, so I followed him here."

mother-son green stone?" Yunxiao asked in surprise. the mother-son green stone that can be used to refine the mother-son clear Jade pill?" It is indeed worth your time."

Deng Yufeng's face was filled with regret. "It's a pity that the Emerald rock was destroyed along with the storage ring."

after all, things are just worldly possessions," Yunxiao said. you're already very lucky to be alive.

Deng Yufeng pondered for a while before he said, " although Lu Jianbo's identity is mysterious, he has so many extraordinary things. He must have a powerful backer behind him. I don't know why, but I have a feeling that he should be from the merchant Union. Maybe it's the temperament on him that makes me feel like him? "

"The merchant Union?"

Yunxiao's pupils constricted slightly as he fell into deep thought, but no expression could be seen on his face.

Deng Yufeng stopped talking and sat down cross-legged to recuperate. Fortunately, the spiritual energy in the world was surprisingly abundant, and the two of them recovered very quickly.

A few days later, Yunxiao had fully recovered his strength. Although Deng Yufeng's speed was not as terrifying as his, he had almost recovered, and his face gradually regained the confident look he had before.

He looked at Yunxiao in shock and said, " "Young master Yunxiao's technique of devouring the spiritual Qi of heaven and earth is too shocking. I wonder if you can teach it to me at a price? I'm willing to give you more money!"

As a five-stars Martial Emperor, the amount of heaven and earth Spirit energy he breathed in and out was far less than Yunxiao's. It was like a chick pecking at rice and an elephant sucking on water. It was like two different worlds.

Yunxiao smiled and said, " I'm just mumbling. Although this cultivation technique has a large capacity, very few of them can be used. So, it might not be suitable for you, brother Feather Wind.

It was true that the key to the cultivation technique of inhaling and exhaling primordial Qi was to transform it into one's own use, but Deng Yufeng would not believe Yunxiao's magical whale swallowing technique without the corresponding transformation incantation. He knew that it was just an excuse, but no one would be willing to transfer a unique secret technique, let alone this kind of cultivation technique that could speed up one's cultivation. It was simply a priceless treasure.

I see. However, young master Yunxiao must have contributed greatly to becoming the number one among the younger generation. Deng Yufeng asked tentatively.

Yunxiao smiled indifferently and did not comment. He looked up at the horizon, and his eyelids suddenly twitched as he said, "We're here, we can already see the land!"

Deng Yufeng hurriedly leaned on the railing and looked over. He was overjoyed as if he had just survived a disaster. He heaved a sigh of relief and said, "It'll be much safer on land!"

The two of them had encountered a lot of sea beasts on their way here. Fortunately, both of them were strong enough to kill many low-level sea beasts along the way, including eighth-rank ones. When they encountered ninth-rank sea beasts, they naturally tried to avoid a direct confrontation and mainly ran away.

Along the way, he had also obtained a lot of demon cores of sea beasts, all of which were extremely precious raw materials in alchemy. Deng Yufeng was too embarrassed to ask for it because Yunxiao had saved his life, so he gave it all to him.

I heard that it's even more dangerous on land than in the sea," Yunxiao said with a smile. it's said that it's even more dangerous on land in this ancient land.

Deng Yufeng said seriously, "I've heard that too. There are more ferocious beasts on land, but at least they're not as powerful as the sea beasts. They're so much stronger than the sea beasts of the same rank!

that's because they have the natural advantage of the sea," Yunxiao said with a smile. it can greatly enhance their demonic power. I wonder what brother Feather Wind plans to do after we reach the land?"

Deng Yufeng said, "my main purpose of going to Earth and heaven is to get the mother-son green stone. Now that it's empty and I've almost lost all my fortune, I don't have any good ideas. I'm just going to find a safe place to cultivate for the rest of my time.

that's good," Yunxiao said with a smile. cultivating here for more than ten days is equivalent to a year and a half outside.

In fact, for powerhouses like Deng Yufeng, it was completely unnecessary to go to the end of the world just for cultivation. With their status in their respective sects, they had a large supply of Supreme-grade primordial stones, and they might even have primordial cores. The cultivation environment was no worse than that in the celestial realm.

He had originally planned to explore, but he was just framed by Lu Jianbo and almost died. After surviving the disaster, he was a little disheartened and only wanted to find a safe place to quietly cultivate.

"I wonder what young master Yunxiao intends to do?" Deng Yufeng asked.

yes," Yunxiao said without hesitation. I plan to go Southeast.

"Southeast?"

Deng Yufeng frowned and suddenly said, "I also had a plan to explore the southeast, but I'm not willing to go now. I originally had a simple map that depicted the ruins of a historical site, but it was destroyed along with the storage ring. If young master Yunxiao is interested, I can imprint the map."

"Oh? I'm very interested." Yunxiao said rudely.

Deng Yufeng asked for a blank Jade slip and placed it on his forehead, then recorded the map in his mind with his divine sense. He handed it back to Yunxiao and said, "This is the information my sect's seniors have obtained after entering the end of time. Through constant summary, they have obtained a rough map, and most of it is centered around the ruins. However, according to the sect's ancient records, there are many powerful demonic beasts in the vicinity, and there are many ninth-rank ones. Young master Yunxiao, you must be careful."

Yunxiao scanned the Jade slip with his divine sense and immediately understood everything. He smiled and said, "Many thanks, brother Feather Wind!"

I haven't even thanked you for saving my life," Deng Yufeng said with a smile. young master Yunxiao, you're too kind!

As the two of them spoke, the Tigerking had already reached the land and stopped.

Deng Yufeng cupped his fists and said,"goodbye!" When we're out of here, young master Yunxiao must come to Tianyu tower as a guest. Otherwise, you're looking down on me, Deng Yufeng!"

Yunxiao chuckled. He was about to be polite when both of their faces suddenly changed!

...

A violent tremor came from the distance, and it seemed like there was a giant walking on the ground below. The pace was not fast, but every step was earth-shattering.

There were demonic beasts!

The two of them looked at each other, both having the same thoughts.

Heaven knew the strength of the demonic beasts in this world. If they were not careful, they would die. The two of them became extremely cautious.

Suddenly, an extremely ear-piercing sound broke through the air. It sounded like a whistle, but just listening to it made one's eardrums burst and blood oozed out. The qi and blood in one's body trembled, and one's chest was blocked, making one want to vomit blood.

Then, the sky and the earth in the distance kept shaking. The violent air came from far away, blowing their Tigerking chariot thousands of meters in the air and directly above the sea, still shaking.

The seawater was also impacted by this force, and the waves directly flowed against the flow, from the outside to the inside, one wave after another, overwhelming the mountains and the sea.

Deng Yufeng's expression changed and he smiled bitterly. young master Yunxiao is right. The demonic beasts on land seem to be more ferocious.

On the other hand, Yunxiao narrowed his eyes and looked into the distance. He saw a strange blue color in the sky, with lightning and thunder looming in it, and a strange phenomenon was coming in their direction.

lightning, " he mumbled to himself. it's a blue mutated lightning. It's actually a lightning-attribute demonic beast.
