

## The Eternal 911

### Chapter 911

#### 911 Above the moon

“Oh? It’s rare for brother Feng to be so polite.”

I heard that the Beiming family has an Outworld dark stone,” Yunxiao said with a touched expression. it’s an item of extreme Yin and cold in the world. Can I have a look at it? ”

“Haha, young master Yun, you must be joking.”

Beiming Laifeng laughed. the Outworld dark stone is an important treasure of our sect. It’s the foundation of our sect. How can we lend it to others? ”

Hmph! Yunxiao snorted. in that case, what friendship is there to talk about? ” Brother Feng, please step aside. Don’t delay my study of the mysteries of this place.”

Beiming Laifeng’s heart was stifled. If it were not for his lack of strength, he would have torn Yunxiao into pieces long ago!

And for the first time, he felt a great desire to kill Yunxiao. The talent of the man in front of him was too terrifying. He had thought that Yunxiao’s martial Foundation had been destroyed, but now it seemed that it was most likely nonsense. Since he could not befriend such a terrifying man, he must be killed, or he would definitely become a stumbling block for him to dominate the world!

then, young master Yun, hurry up and study it. I won’t disturb you any longer!

Beiming Laifeng flew down, but his face was extremely dark.

The two of them did not lower their voices on purpose, so everyone present was a Martial Emperor. They had heard everything clearly, and each of them had their own expressions. However, everyone

from the beiming family had a murderous look on their faces, especially beiming Tongfang, who had a flash of killing intent.

At this time, everyone was on high alert, fearing that beiming Tongfang would suddenly kill him. After all, Yunxiao seemed to have found something, and it was their hope to find the relic. They could not let the people of the beiming family kill him. It would not matter anymore after they found the entrance.

“Young master Yun, how is it? did you find anything?”

One of the experts from myriad Stars Valley finally could not stand it anymore. He saw Yunxiao’s figure stay in the sky for several hours without moving.

perhaps, ” Yunxiao said. I’ve already found a way to enter the ruins.

“What?”

Everyone was shocked and hurriedly flew into the sky, surrounding him anxiously.

“Did you manage to capture the coordinates of the ruins?” Chen kaihong quickly asked.

Yunxiao slowly opened his eyes and said, ” “No, look at the Blood Moon in the sky. Doesn’t it look like something?”

Everyone raised their heads as beiming Tongfang said in a deep voice, “It’s like a human’s pupil, exactly the same as Gu Feiyang’s moon eyes.” He saw everyone looking at him and added, ” “I’ve seen Gu Feiyang’s moon eyes.”

Yunxiao gave him a surprised look, but he had no impression of this man. He thought that this man was just a minion of the beiming family in the past, but now his strength had improved greatly.”Everyone, look at the broken walls on the ground. What do they look like?”

As everyone looked down, Chen kaihong said, " it should be an eye. I've seen many descriptions of this place in the murals. Now, it's almost destroyed, and the shape is not very clear.

"Not bad."

one pupil, one eye," Yunxiao said seriously. have you noticed that the Blood Moon in the sky is moving?  
"

Cheng Haobo frowned, " that's true. I've noticed this a long time ago. It seems to be rotating in a certain pattern. However, it's been many days and there's no sign of anything unusual.

it's not that they didn't show up, " Yunxiao said. it's because you haven't caught them! I'm sure that in the entire world, only when you look at the Blood Moon within the range of this huge eye will you feel it moving. And when the moon shines into the pupil of the eye, there will definitely be a strange phenomenon."

He dared to say this because as the moon moved, an extremely familiar frequency fluctuated in the sky, and it was getting stronger and stronger, which gave him this idea.

Everyone's face was full of disbelief. Some people even showed a look of ridicule, laughing at him for being too arbitrary. Some people even shook their heads repeatedly.

Yunxiao remained silent. He stood there indifferently with his hands crossed over his chest, waiting quietly.

Gradually, the faint projection of the moon moved on the ground, and soon it finally landed in the center of the remnant, where the eye should have been!

Everyone was shocked. Although they did not quite believe Yunxiao's words, they were still nervous when they arrived.

Time passed by slowly, and nothing unusual happened.

haha, li Yunxiao, your speculation is too naive. If there was something unusual, how could we not notice it after staying here for several days? ”

Chen Wen couldn't help but sneer. It was as if he had vented his previous depression. His face was full of pride and ridicule.

Everyone was also greatly disappointed, shaking their heads and sighing.

Chen Kaihong sighed, "perhaps the method to open the ruins can only be used once. Once Jiang Churan and the others use it, we won't be able to enter again." &Nbsp;

The rest of the martial artists were also quite disappointed. Cheng Haoqi sighed, " "Perhaps this is because I didn't have enough opportunities."

Just as everyone was feeling dejected, the frequency fluctuation Yunxiao sensed reached its maximum. He finally found something. He looked up at the sky and said with a solemn expression, " "Everyone, look at the Blood Moon. Isn't there something unusual about it?"

Everyone was startled and hurriedly looked up at the sky. They saw that the strange moon seemed to have become even stranger, but they couldn't tell what was wrong.

Chen Feng looked on in a daze and suddenly said, " "The moon earlier was like a human's pupil, but it was the kind that appeared when one fell asleep after closing their eyes. At this moment, the moon's eyes seem to have grown wide. The pupils are open, and not only are they emitting light, but they also have the spirit of the owner of the pupils."

the owner of the pupil?!

Everyone was taken aback, and their hearts trembled. This was just a moon that looked like a moon pupil. Could it really be a big pupil and had an owner?

Although Chen Feng's words were outrageous, when everyone followed his words and thought about it, they felt that it was more and more similar, and they were all shocked.

Chen Wen could not help but say, 'even if it's a little different, what does it mean? We still can't find the passage!'

Yunxiao gave him a faint look and said with a sneer, "You can't find the passage because your cultivation is too low, so you can't sense it. Lord Kai Hong, you should be able to sense it, right?"

Chen Wen's face instantly turned red from embarrassment. He said angrily, "Li Yunxiao, what nonsense are you talking about? If everyone could sense it, they would have left this place long ago!"

Chen Kai Hong's eyes were filled with confusion. He stared at the Blood Moon in the sky for a while, then turned to Beiming Tong Fang, "Sir Tongfang, you have the highest cultivation level here. Can you sense it?"

Chen Wen's expression changed slightly and looked a little ugly. Was it really because his cultivation level was too weak?

The strongest experts from the myriad Stars Valley and the soul Devourer clan also turned their gazes over. Each and every one of them was frowning, as if they were not too confident.

Beiming Tongfang was also puzzled, "you've also noticed it?" I thought I was hallucinating, but there seemed to be a faint spatial fluctuation above the Blood Moon."

"What? Above the Blood Moon?"

Everyone was shocked. Could it be that the so-called ruins were on the moon?

Although this moon was not the moon of the realm of heavenly martial arts, it was still a strange celestial body. It was tens of thousands of miles away, much further than the outer starry sky of the realm of heavenly martial arts. How could they get up there?

Only then did Chen Kai Hong speak in a serious tone: "as expected, I felt the same way. Since master Tong Fang also feels the same way, then it should be correct.

...

Chen Feng couldn't help but be shocked, " Li Yunxiao, did you sense it too? "

Only a few six-stars martial sovereigns had a faint sense of it, and the others had not found anything at all. Yunxiao was the first one to discover it, so how could he not be shocked?

don't forget that I'm an eighth-tier Alchemist, " Yunxiao said indifferently. my divine sense is stronger than any of you.

A badge suddenly appeared in his hand and flashed in front of everyone.

It was an eighth-tier Alchemist's badge, and everyone's faces changed drastically.

Chen Feng knew more or less about Yunxiao's cultivation base in sorcery, but the others did not. The fact that Yunxiao was so amazing in both sorcery and martial arts made it even more difficult for the people of the seven major forces to suppress the horror and fear in their hearts.

How old was this kid? He actually had such an achievement. Given time, if he was given another ten or twenty years, who in the world could subdue him?

Beiming Laifeng's heart was also extremely heavy, and his killing intent was spreading uncontrollably.

I didn't expect young master Yun to be an eighth-tier alchemy master. I've been disrespectful!

Chen kaihong's face turned solemn, and he no longer treated his juniors with the same attitude. After all, he did not dare to show off his status in front of an eighth-tier Alchemist.

Luo yuankai, the leader of the myriad Stars Valley, said, " young master Yun, do you feel anything? "

...

As an eighth-tier Alchemist, his divine sense must be stronger than all of them. It was difficult for him to sense the abnormality while none of them had noticed it.

my senses are the same as everyone else's," Yunxiao said. although I don't know what's going on, the so-called relic is likely to be on the back of the moon. As for the passage ... It might not exist.

"Doesn't exist?"

Luo yuankai was slightly stunned and asked,"what do you mean by non-existent?" Do we have to fly over?"

maybe we're flying over! Yunxiao said seriously. we're flying over there!

"You must be joking!"

The leader of the soul Devourer clan, fade Yangyuan, snorted coldly, " if we really fly, we won't be able to get there without decades of time. Are we going to wait until the next opening of the world? "

in fact, what you see may not be true, " Yunxiao said indifferently. it may take decades to fly to the Blood Moon from other places, but it may only take a moment to get there from here.

"What do you mean?" fade Yang Yuan frowned.

on your way here, have you found that the space in this desert is actually very distorted? " Yunxiao said. even if you spread out your divine sense, you can't find all the hidden things. There are only a large number of spatial rifts, and many demon beasts like to hide in those rifts, waiting to give people a fatal blow.

Everyone nodded slightly. They had fought a lot along the way, and many of them even smiled. The more they fought, the more they gained.

## Chapter 912-altar

and this place is the most twisted place," Yunxiao said seriously. even I didn't notice it. It was not until this strange moon blood that I realized something was wrong.

He was afraid that the crowd would not understand, so he explained again, " it's like a huge piece of white paper. Everyone can feel that it's not flat if there's a slight bump on it, but when the white paper has been twisted into a ball, we can still feel that it's on the surface of a platform.

The crowd fell into deep thought. Cheng Haobo frowned and said, young master Yun's words are too mysterious. Just tell me the result.

Many people seemed to not understand, but they also nodded.

Yunxiao smiled and said seriously, " the result is that the entire desert's spatial distortion field is created with this place as the center, and the degree of distortion here has reached an astonishing degree, directly leading to the moon above our heads. Only when the moon moves to the center of the eye below will this twisted and almost flat passage open up. This is why the moon above us seems to have opened its eyes."

Cheng haomiao patted his forehead and said bitterly, I still don't understand. Young master Yun, just tell us what we should do. How can we enter the ruins, or how can we go to the moon? "

With a smile in his eyes, Yunxiao said, " it's very simple. Like I said just now, just fly up.

"Directly fly up?"

The crowd was still stunned, and obviously did not believe him. Luo yuankai frowned slightly and began to think, as if he was thinking about what Yunxiao had said earlier.

Yunxiao did not say anything more. Instead, he leaped up and turned into a beam of light, flying further and further into the sky.

Everyone looked up and waited quietly for the result. Suddenly, they were all shocked. Yunxiao had disappeared completely right before their eyes, leaving no trace behind.

“This Tao Wu, is it really as he predicted?”

Everyone was shocked.

Other than shock, beiming Tongfang’s eyes were also filled with killing intent. He said coldly, “This kid is too terrifying!”

Chen Kai Hong said: “ let’s hurry up and follow him. If we let him go too far, it will be difficult to deal with him if he is still blocked from behind.

that’s right. Not only does this kid have shocking talent, but he also knows more about this place than any of us. Don’t fall behind!

After Luo yuankai finished speaking, he flew into the sky and soon disappeared. Only then did everyone rise into the air and fly towards the moon.

There was indeed an abnormality in space. The ground had shrunk to an inch, and it was so close yet so far.

After flying for a while, Yunxiao was shocked to find that he was already in the sky above the Blood Moon. Looking down, he saw rows of strange buildings stretching out under the gray sky, looking magical and decaying.

“Is this really yuetong’s hometown?”

When Yunxiao opened his eyes, his pupils had turned into blood moons. He felt a familiar yet strange feeling in his heart, and the blood in his body began to heat up.

He looked at a tall building in the distance. It was unusually tall among all the other buildings. It seemed to directly Enter the Void, solemn and majestic.

Soon, he flew directly to the front of the huge building. Sure enough, it was a tall altar with many huge patterns engraved on it, as vivid as a picture scroll.

In ancient times, the spiritual energy of heaven and earth was much richer than it was now, and the number of species increased explosively. Moreover, they were extremely powerful, and there were a large number of existences that were like true spirits.

Moreover, every race or even every tribe had their own totems to worship. They were usually ancestors or abnormally powerful existences within the race.

The sea tribe had preserved the characteristics of the ancient race. This was also because the spiritual Energy and Environment of the four Seas were extremely stable, so there were very few changes over countless years.

Yunxiao looked up and stared at the altar for a while. A unique emotion seemed to surge in his red eyes, and a drop of blood slowly condensed and slid down the corner of his eye.

“Eh? Are you crying?”

Yunxiao’s face was very calm as he said indifferently, ” “Who has been immortal since the ancient times? The races that were much stronger than the eye race were all wiped out in the long river of history, so stop crying.”

The moon eye had lost its own mind and was completely under Gu Feiyang’s control, but it seemed to still have a trace of emotion in its subconsciousness. After Yunxiao finished speaking, the tears in its eyes slowly evaporated, and its eyes turned cold.

Li Yunxiao, have you found anything? ”

Behind him, the experts from the seven great sects also caught up one by one. He didn't even check for a moment before he started asking.

this should be yuetong's hometown, " Yunxiao said. if Tian si really exists, she should be in this altar.

The few of them flew around the altar and said, " there's not even an intersection. We've come so late. Could it be that the red moon City Master has already arrived? "

Yunxiao glanced at them and said, " "The red moon City Master is more prepared than anyone else, and his strength is also stronger than everyone else. If he really has the time to think about it, it's only natural for him to obtain it. It's rare for you to think that you can snatch Tian si from the hands of the red moon City Master? Unless Tian si is a bunch of things, then everyone can have a share."

Everyone looked at each other in silence.

Chen Kai Hong said,"if there's really such a Wondrous Item like the heaven's thoughts, there must be other rare treasures as well. There's no need to be discouraged." Even if we can't get anything, at least we'll be able to gain some experience. It's not a loss."

"Brother kaihong is right. Rather than wasting time here, why don't we go in and take a look?"

"Young master Yun, have you noticed anything strange about this altar?" Luo yunkai asked anxiously.

I haven't found any clues about how to get in, " Yunxiao said. but I found something interesting.

He pointed at some marks on the ground and said, " "The people of Red Moon City should have arrived here. Look at that empty piece of land, there are traces of origin power being released, which means that the people of Red Moon City have attacked here."

Chen Wen snorted coldly and said,"fought?" Then why was there not a single trace of damage? You must know the strength of the red moon City Master. If he really made a move, more than half of the ruins would be destroyed."

I agree with young master Yun's point of view, " beiming Laifeng suddenly said. with the strength of the red moon City Lord, it's only natural that he ended the battle in an instant, so he only left behind a trace of his essence force. This is very reasonable.

Chen Wen's face reddened as he glared at beiming Laifeng, his face ashen from anger.

Beiming Tongfang's expression turned grave. indeed, with city Lord Jiang's strength, it's already extraordinary for him to personally take action. However, there are no corpses or anything else left here. What exactly happened? "

Yunxiao stared at the various huge patterns carved on the altar and said, " everyone, look at these things. Maybe you can find the answer.

On the huge altar, other than the various activities and rituals of the eye race, there were also a large number of environments, deserts, oceans, Plains, and forests. It was as though they were all the various situations in the world. Above these images was a huge eye that was looking down at everything.

"These things look like they're from the ancient times, but there seems to be something wrong."

Yunxiao fell into deep thought. Before he put away the lunar pupil, he had already felt that there seemed to be something wrong with these scrolls. He just didn't have time to look at it in detail.

Chen kaihong was also deep in thought. these things only describe the daily activities of the pupil race. Why do I feel that something is off? "

indeed, " Luo yuankai said. everything on it seems so lifelike, as if it's right beside me.

After he finished speaking, there was a sudden deathly silence. Everyone's minds were instantly muddled. They were so shocked that their mouths were wide open, but they couldn't make any sound.

They were originally standing in front of the altar, but at this moment, they were in a desert. The sky was vast and bright, and the gloominess and darkness from before were completely gone.

...

“What’s going on with this Yingluo?”

“We’ve been thrown out?” Cheng Haobo asked in horror.

“Gulp!” Beiming Laifeng swallowed his saliva and pointed in front of him in shock, “This, isn’t this the altar?”

Several tens of thousands of meters in front of them, a towering altar reached into the sky. Above the altar was a blazing sun that radiated with the power of extreme yang. It was so bright that it was impossible to open one’s eyes, making it difficult to see what the sun was like.

Chen Kai Hong was also shocked, “what’s going on? why did the space suddenly change?” He didn’t even notice it! “He looked around and saw nothing except for the altar tens of thousands of meters away.

Yunxiao was also secretly surprised, but he quickly reacted and said, “ “Don’t panic, we’ve already entered the altar.”

“Young master Yun, what do you mean?” Luo yuankai asked.

Everyone turned their eyes to him, and Yunxiao seemed to have become their guide.

we are now in the mural we saw earlier, ” Yunxiao said. some force must have sucked us into the mural.

“What should we do now? can we still get out?” beiming Laifeng asked worriedly.

“Go out?” Yunxiao smiled and said, “ why should we go out? Tian si, whom we are looking for, may be in the altar ahead. If I’m not wrong, the red moon City Master should have also come in. It’s just that his strength was superior, and when that force attracted him in, he was detected, which left behind traces of origin power fluctuations.”

...

Yunxiao lowered his head and pointed at the dazzling golden light on the altar in front of him. "With such a powerful extreme yang power, there's definitely more to it than meets the eye. Since there's another world inside the mural and we can't go out for the time being, why don't we go and take a look?"

The others hesitated as they watched him walk toward the altar alone. After all, things were getting out of their imagination and control.

"Wealth is found in danger!" Luo yuankai gritted his teeth after pondering for a while. After he finished speaking, he also followed.

Beiming Tongfang, on the other hand, suppressed the killing intent in his heart. He had planned to find an opportunity to get rid of Yunxiao, but now it seemed that he could not do it without him. He could only think of a way to kill him later.

Chapter 913-you really are a bad person

The group of people were bold and courageous. They were all martial Supremes and above. Although they felt that this place was strange, there was nothing to be afraid of. They quickly made their way to the altar.

However, the extreme yang power in the sky was too strong. Even as martial sovereigns, they began to feel extremely uncomfortable.

Chen Feng was the weakest among the group, and his face finally turned ashen. He gritted his teeth and said, "No, I can't go any further. If I go any further, I won't be able to block that extreme yang power."

Some of the other low-level martial sovereigns were also drenched in sweat. They panted heavily as if they had just gone through a difficult battle. The Emperor Qi defense that covered their bodies was being depleted very quickly, and it was very difficult for them to maintain it.

"Young master Yun, if they stay here, will they have a chance to leave later?" Chen kaihong asked hurriedly.

Yunxiao rolled his eyes at him and said indifferently, "You really think I know everything? How could I know about this? let alone them, even we might not be able to get out of this place. It's normal for us to die at any time after entering such a strange place."

When the crowd heard that, they fell silent. Yunxiao's words made a lot of sense. He was just a little smarter, so how could he know the situation inside the mural? but his performance so far had made everyone somewhat used to treating him as their leader.

Suddenly, Yunxiao looked at the few people from the beiming family and smiled. "The beiming family's ice-cold Qi is an extremely Yin-type item, and it is a perfect counter to this extremely yang-type. I can see that the beiming family's friends are all calm and composed, and don't take this extreme yang energy seriously at all. If you are willing to help, I believe that everyone will be able to cross the barrier of this extreme yang region and go further."

As soon as Yunxiao said that, everyone's eyes immediately turned to the few people from the beiming family. Sure enough, all of them looked calm, and a faint layer of cold air emerged from their bodies to protect them, which was very effective.

Chen Kai Hong immediately said, "brother Tongfang, please."

"Hmph!"

Beiming Tongfang interrupted him as he stared at Yunxiao coldly and snorted, "Li Yunxiao, what nonsense are you talking about? Even if my beiming family's ice Qi can resist this extreme yang, are you telling us to teach everyone the true ice formula?"

of course not, " Yunxiao said with a smile. if I'm not wrong, with your strength, you can condense the cold energy into a special domain, which will protect everyone inside. Then, you won't have to be afraid of extreme yang.

Beiming Tongfang's face flickered as his aura burst out and pressed down on Yunxiao. "You know quite a lot, kid!"

With a sneer, Yunxiao turned into a Fallen Leaf and drifted backward, looking fearless, which made the killing intent in Beiming Tongfang's heart grow stronger.

Luo Yuankai frowned and said, "Brother Tongfang, is young master Yun telling the truth?" We're all in the same boat right now, so if you really have the ability, you shouldn't be hiding it."

"Hmph, I'm hiding something?"

It's true that I can condense a mutation domain," Darknorth Tongfang sneered. However, that state will consume a lot of my origin power. If I encounter danger, who can protect me?"

This place was extremely dangerous, and no one was willing to waste any more energy.

Chen Kaihong said, "We're now using your strength to protect everyone. If we really encounter any danger, we'll naturally work together to protect you." If everyone is selfish and only cares about their own comfort, I'm afraid this trip will be fraught with grim possibilities."

Seeing that Beiming Tongfang was still unmoved, a pained expression flashed across his face. He took out a golden pill and said, "I'm sure you're familiar with the effects of this pill of the Living Dead, right? As long as Brother Tongfang releases your domain of extreme frost and escorts everyone through this extreme yang region, this pill will be your reward. In addition, if we encounter any danger, our three sects will definitely join forces to face the enemy."

Chen Feng was the son of the sect master. Even if he had to risk his life, he had to protect him and bring him back.

Beiming Tongfang's heart trembled slightly. The Living Dead pill, as its name suggested, was a Holy medicine for healing and could instantly replenish a certain amount of origin power. Its value was so high that he couldn't help but be tempted. Moreover, he couldn't afford to fall out with everyone at this time. Who knew what kind of danger would await him?

"Brother Kaihong is too polite."

Beiming Tongfang accepted the pill and put it away. He smiled, I'm not willing to exhaust myself because I'm thinking for everyone as a whole. After all, with great power comes great responsibility.

The flesh on Chen Kai Hong's face twitched, but he still managed to squeeze out a smile and said, "Brother Tongfang is right!"

After taking the benefits, Beiming Tongfang no longer held back. A cold Qi began to spread from his body, and a blue shadow immediately spread out with him at the center, forming a semicircle around ten meters in diameter, blocking the extreme yang power.

"All the low-level martial sovereigns, come in!"

Beiming Tongfang lightly shouted and slightly frowned. The amount of origin power consumed to support this domain seemed to have exceeded his imagination, and his expression became slightly unsightly.

Chen Feng and the others were immediately overjoyed, and they quickly gathered around.

Yunxiao chuckled and said, "Lord Tongfang is too stingy. I can't believe there is only such a small space. I also want to get some shelter, but there are no seats left.

Beiming Tongfang's eyes were like daggers, and he said coldly, "You really do have a deep understanding of my Beiming family. I once heard that you even used a secret technique to break my Beiming family's ice true Qi in the red moon City. At first, I didn't believe it, but now I completely believe it!"

Yunxiao laughed and said, "All the martial arts in the world can be learned. The Beiming family is so big, and it has been standing for tens of thousands of years. They have offended at least nine billion people. How many of them have devoted themselves to studying the way to break your ice true energy? Do you find it strange?"

As soon as Luo Yuankai heard the conversation between the two, he seemed to be getting angrier and angrier. He was afraid that they would start a fight, so he hurriedly tried to smooth things over and said, "Stop quarreling, this is not the place to argue. If there's anything, let's talk about it after we're out of here,"

Beiming Tongfang's eyes were already filled with killing intent, but after some thought, he suppressed it, turned his head around, and walked forward.

Yunxiao sneered in his heart as he thought about how to get rid of beiming Tongfang. Except for beiming Laifeng, who he could not kill yet, the rest of the people from the beiming family were already on his must-kill list.

In his previous life, he already had a deep grudge with the beiming family. If his identity was exposed, the beiming family would immediately turn out in full strength and kill him.

After walking forward for a while, Yunxiao suddenly stopped and stood still.

Everyone was slightly shocked and became alert. Luo yuankai said warily, "Young master Yun, what's wrong?"

the power of extreme yang is too strong," Yunxiao said with a wry smile. I can't walk anymore. I'll die if I go any further.

"Hu!"

Everyone heaved a heavy sigh of relief, thinking that something had happened. Then, they all turned their eyes to beiming Tongfang.

A cold smile appeared on beiming Tongfang's face as he snorted, "Why are you all looking at me? I'll never let Yunxiao come into my ice domain! You can give up!"

who cares about your protection?" Yunxiao sneered. I really like to think too much.

"Then what about you?" Luo yuankai frowned.

Yunxiao looked indifferent as he shrugged and said, "If I can't leave, then I won't. In any case, a month's time is almost up. I'll just wait for the automatic teleportation. Although this is a mural, it should still abide by the power of the rules of the earth, heaven, and earth. When the time comes, it will definitely be teleported out."

"What if they don't?" Luo yankai asked.

if it's not teleportation, " Yunxiao said with a smile, " I'll make a big profit. He would cultivate in the celestial realm for a few decades and wait for the next opening. With the resources here, if I cultivate for a few decades before leaving, I'll basically be able to do whatever I want in this world."

Everyone was speechless. These words were true, but this brat was also a little too optimistic. Why did it seem like he didn't care about anything?

As soon as Yunxiao stopped, everyone seemed to be a little afraid to continue moving forward, and they all stopped.

Beiming Laifeng furrowed his brows, then put on a carefree smile and said,"What, does everyone want to rest? If he's not strong enough, then let him stay. He'll only be a burden if he continues to follow us."

The other members of the beiming family also nodded in agreement.

"Alright, let's continue," Chen Kai Hong nodded in agreement.

...

The group began to move forward. Beiming Laifeng turned around and gave Yunxiao a look, a contemptuous smile on his face.

Yunxiao still looked calm and did not get angry. Instead, he simply gave him a smile.

Yunxiao remained standing still as he watched the crowd slowly move forward.

The demonic Dragon's voice was heard. "Why aren't you moving forward? With your strength, it's impossible that you can't resist this level of extreme yang."

there seems to be something in front of us," Yunxiao said with a smile. I can't detect it with my divine sense, but my intuition tells me that it's dangerous.

"Oh, I see. You're really a bad person."

we're all in the same boat now," the evil Dragon said jokingly. why don't you tell us directly? it'll reduce our losses if we encounter any danger.

A cold look flashed across Yunxiao's face as he snorted and said, "Help each other in the same boat? If we were really in the same boat, they wouldn't have left me behind. If they hadn't abandoned me, I would have naturally told them about the danger. But now that they don't care about me, I'm happy to watch the fun from the side."

As soon as he finished speaking, a loud bang was heard in front of them. It was a Martial Emperor powerhouse's scream.

One of the Martial Emperor powerhouses was seen flying into the air. A line of blood shot out from his body as he retreated in the air in shock.

Fortunately, he was still quite agile. After being attacked for no reason, he immediately adjusted himself and released his Yuan Qi. He was on guard with a frightened look.

...

"What's going on?"

Everyone was shocked. They were all on high alert and quickly scanned the surroundings with their divine senses.

## Chapter 914

### 914 Working together

“BOOM!”

Suddenly, the ground trembled, and a bamboo-like sharp object quickly emerged and rose up. An irresistible heat spread out like a wave, and everyone's face changed greatly as they quickly retreated in all directions.

As soon as being Tongfang retreated, the low-level martial sovereigns who were under his protection were immediately exposed to the extreme yang power. At the same time, they were swept away by the heat wave that came at them like a wave. A few one-star martial sovereigns immediately let out blood-curdling screams as their bodies began to melt uncontrollably.

Chen Feng also let out a cry of horror. A blue armor appeared on his body, emitting a soft light. It resisted for a moment before being destroyed.

But, it also bought Chen Feng a little time. He unleashed his Tiangang sword and shattered the space in front of him, pushing the power of extreme yang to the side again. Then, he turned into a beam of light and fled desperately in Yunxiao's direction.

Several rays of light followed behind him. They were also the people who suddenly reacted. While resisting the extreme yang in pain, they also fled frantically.

The wind and dust rushed directly past Yunxiao and did not stop until it was hundreds of meters behind him. The extreme yang power here was within his tolerance.

At this moment, the armor on his body had already melted away, and most of the water in his body had evaporated due to the extreme yang rays. His skin had also been carbonized and turned black. His eyes were filled with fear and lingering fear as he looked ahead with resentment.

There were a few other figures who were not so lucky. In the process of escaping, they could not resist the power of extreme yang and were directly shone through by the powerful sunlight. Their moisture

was instantly evaporated completely, turning into dried corpses that fell to the ground and were buried by the dust.

There were eight of them in total. Only Chen Feng and two other one-star martial sovereigns who reacted quickly survived. However, they were also covered in wounds, and three of them were charred.

The other five people were completely dead. Five mummified corpses fell to the ground and were half-buried by the yellow sand in just a moment.

Just a moment ago, they were all fresh faces, and they had even been moving together under the shade of Darknorth's party. But now, they were separated by heaven and earth. Looking at the five mummified corpses, the three survivors were all terrified and trembling.

The cultivators of the three great sects watched their own sect members die, and their anger soared to the sky. They all turned their cold and questioning eyes towards Beiming Tongfang.

Chen Kai Hong was so angry that smoke was coming out of his head. He gritted his teeth and said, "Darknorth Tongfang, where are your morals?"

Beiming Tongfang frowned, but he didn't seem to feel anything was wrong, indifferently saying, "This danger that appeared out of nowhere, can't I avoid it?"

Chen Kai Hong roared in anger, "With your abilities, you should have been able to escape with everyone else. Yet, you chose to escape on your own and caused everyone to die in vain!" Hmph, the Beiming family's style really lives up to its reputation!"

Beiming Tongfang snorted heavily, a cold look flashed across his face. He instinctively wanted to refute, but everyone was staring at him with burning anger. He knew that he had provoked the public's anger, so he could only suppress his emotions and no longer say anything.

A martial sovereign of the nine Heavens was a high-end combat force for any sect, and it was an unbearable loss. Just now, a total of five people from the three major sects had died. This debt would probably be placed on the Beiming family's head.

Beiming Laifeng also felt a headache coming on. Yunxiao was to blame for starting a feud with three major forces for no reason. If he had not pointed out that beiming Tongfang could release a mutation domain, all these troubles would not have happened.

His killing intent and hatred for Yunxiao grew stronger.

“That brat suddenly stopped in front of us. Could it be that he had already predicted that there would be danger here?”

Beiming Laifeng’s heart trembled. He turned his head and looked at Yunxiao, who had an indifferent expression on his face, which further proved his guess, and his face turned so dark that it looked like water was about to drip out.

it’s not bright. What are you doing?!

Luo yuankai suddenly shouted and glared at a skinny old man.

The soul devouring banner in the old man’s hand opened up and flew into the air. It exuded a gloomy aura and a few strange faces were floating in it.

Bu guangliang made a hand seal and the soul devouring flag spun in the air before returning to his hand. His eyes were filled with shock.

Cheng haomiao was also shocked and explained, “The dead can’t be resurrected. They’re all martial Supreme powerhouses, so their souls can’t be wasted. However, my uncle-master couldn’t find their souls when he attacked just now. This extreme yang power is so abnormal that it directly destroyed their souls.”

Everyone’s hearts trembled, and an indescribable sense of sorrow welled up in the hearts of those from the three sects. Their anger towards beiming Tongfang grew even more!

“This isn’t the time to discuss who’s right and who’s wrong. We should work together to deal with this demonic beast,” beiming Laifeng said, embarrassed.

“Hmph, what a good” United “!”

“Lord of the beiming family, please forgive the blade sect for not being able to do that!” Chen kaihong said coldly.

“The three of us will work together, and your beiming family will work together,” Luo yuankai also snorted coldly.

The members of the soul Devourer clan remained silent. However, from their cold and mocking expressions, it was clear that they were disdainful of working with the beiming family.

The beiming family suddenly fell into a very passive position. Beiming Tongfang’s face darkened as he coldly snorted, “Hmph, could it be that without you three sects, my beiming family can’t pass? Then let’s use our own methods!”

These words immediately announced the end of the cooperation between the beiming family and the three sects, and that they would go their separate ways. The atmosphere suddenly became stiff.

Yunxiao was surprised to see the beiming family break off relations with the others, but he was also happy to see it. At that moment, his eyes fell on the demon beast whose body was emitting a glazed light. After pondering for a while, he suddenly realized something and said, “This thing is actually Liu Xiao!”

The demonic Dragon in his soul was also slightly moved. He exclaimed, “You mean the true spirit crystal flame light net’s descendant Liu Yan?”

yes,” Yunxiao said seriously. I’ve read some information about ancient true spirits in ancient books. The Lapis Lazuli Light net seems to be born from the gathering of all the auroras in the world. It has a unique shape, and its whole body exudes a glazed light that is particularly prominent. Although its descendants didn’t have the power of true spirit, they still inherited this form. However, this Liu Yan isn’t an eye. It should be controlled by some kind of eye race.”

“A true spirit descendant is blocking the way,” the demonic Dragon laughed. “They’ll be busy.”

'This Liu Xiao shouldn't be very strong,' Yunxiao said. If they had the complete power of Liu Huang, they would at least be a nine-stars Martial Emperor. In addition, this place is under the extreme yang, which is Liu Huang's favorite environment. It can maximize their power, and even Jiang Churan would not be able to pass through so easily."

"Perhaps it's been too long," the demonic Dragon sighed."I'm almost out of energy."

As the two of them were talking, the people in front of them seemed to have discussed it. They suddenly split into two sides and rushed to Liu Yuan's left and right. Each of them exerted their escape technique to the extreme, hoping to escape without fighting.

Liu Xu didn't see it move, but its eye suddenly opened wide and emitted a demonic purple light. The surrounding space was reversed.

In an instant, the cultivators who had rushed out were all shocked to find that they had returned to their original positions!

"This is an ..."

Luo yankai's expression turned ugly. He gritted his teeth and said, "changing time and space, twisting heaven and earth ... He's indeed from the eye race!

Chen Kai Hong's expression was also grave. it seems like we'll have to beat this thing down if we want to get past it. I wonder how strong it is. Will we be able to win? "

Luo yankai said, " we can only try to see how strong it is. Otherwise, we can wait here and be automatically teleported away like Yunxiao. Fortunately, this thing doesn't seem to have any malicious intent of attacking. It should only be a guard of the altar.

As soon as he finished speaking, Liu Xiao suddenly raised her hand and slapped him.

The blinding Halo in the palm was exactly the same as the extreme yang light above the altar, like a setting sun!

“You jinx!”

Chen Kai Hong cursed out in shock. Everyone was shocked as they hurriedly flew in all directions to avoid the attack.

Liu Yan’s palm force fell directly on the sand, but it didn’t cause a shock. A Halo appeared and then spread out. The temperature of the whole land suddenly rose.

...

“So strong! It’s actually using extreme yang power as an attack. In this environment, I’m afraid that one side will lose while the other side will gain!”

Luo yuankai’s face was solemn, and everyone retreated dozens of meters away, watching from a distance. No one dared to take the lead.

After Liu Huang’s palm scattered the people of the three sects, his only big eye turned towards the beiming family’s side. He also sent out a palm strike, and several rays of extreme yang energy shot out from his palm, bombarding the beiming family.

Everyone from the beiming family had a slight change in their expressions. They didn’t try to fight back, but turned into birds and scattered.

For a time, everyone was scattered around Liu Huang like a plate of scattered sand. They were all watching quietly, and no one took the initiative to attack.

The people of the seven great sects all had their own thoughts. Who wouldn’t be willing to put in more effort? especially after falling out with the beiming family, they were all waiting for others to make a move.

Yunxiao frowned as he watched from a distance. 'How long will this fight last?' he shouted, " "Let's work together and forget about our past grudges. Defeating this demonic beast in a reasonable manner is the right way. Otherwise, in this extreme yang environment, the longer we waste time, the more dangerous it will be. If there's any hatred, we can resolve it after we're out of here."

Everyone understood this principle, but no one was willing to mention it. They were all angry with each other.

With Yunxiao as the trigger, things would go smoothly. Luo yuankai said with a serious face, " you're right, young master Yun. We have our priorities. Our top priority now is to join forces and fight the enemy.

that's right, " Chen kaihong said. our three sects should work together. I wonder what beiming Dark Palace is thinking. They won't stab us in the back, will they? "

Beiming Laifeng was driven mad. When he said that they would work together, all of them were mocking him, but now, when Yunxiao said that they would work together, all of them agreed with him. He was the next Master of beiming Dark Palace, so what the hell was that li Yunxiao? how could these idiots listen to him?

...

Chapter 915

915 The long family of Sky Ridge

But at this moment, he couldn't afford to lose his temper. Beiming Tongfang also said, "Everyone must be joking. In the face of a great enemy, we must work together. Even if you have some misunderstandings about me, I, beiming Tongfang, will not take it to heart. As time passes, everyone will naturally understand the sincerity of our beiming Dark Palace."

Chen Kai Hong snorted coldly to express the dissatisfaction in his heart. Although everyone's words were fake, they knew that since they were working together, they needed a name. It would not be easy to expose them.

Beiming Tongfang suddenly said in a clear voice, "to show the sincerity of our beiming family, let this old man fight this demonic beast first. Everyone, please hold the line!"

The people from the three sects were secretly happy. Cheng haomiao squinted his eyes and smiled, "With Sir Tongfang's help, there's no need to worry about the demonic beasts not being exterminated."

Beiming Tongfang stepped forward. With every step he took, the cold Qi on his body increased a bit. After three steps, an extremely blue light suddenly bloomed on his right fist. It was the limit of the cold Qi. It directly turned into a light and flickered on the fist wind.

Everyone's expression changed slightly. When this fist was formed, the temperature of the entire surroundings dropped, and the pressure of extreme yang decreased sharply. Many people secretly heaved a sigh of relief, thinking that in order to change his image, this old man was probably going to use his real power.

Liu Huang also seemed to feel that this person was extraordinary. She raised her hands high, made a seal on her head, and suddenly slammed down.

"What? Demonic beasts can also form hand seals?"

Beiming Tongfang was shocked, but he didn't panic. He took a step back and retreated dozens of meters. He condensed a fist force and threw it into the sky.

"Eh? What's wrong with this old man? Were his eyes playing tricks on him? He's actually hitting the sky?"

"Isn't this too f \* cking ridiculous? The people of the beiming family are indeed unreliable!"

Just as everyone was cursing, not light from the soul Devourer clan said, " "Could it be that Swish Swish?"

The punch blasted into the sky and turned into an extreme explosion. A blue, cold Qi spread in all directions. The fist force hit the spatial node and a crystal-like ice Flower bloomed. With the Ice Flower as the center, little crystals appeared. More and more crystals appeared and began to fill the sky.

“It’s indeed a World of Ice!”

Yunxiao looked at it calmly. He was no stranger to this move. Back then, the palace Lord of Beiming Dark Palace had frozen a thousand-mile mountain range with one move, killing all the living creatures in it. Compared to this move, Beiming Tongfang’s move was really a child’s play.

Darknorth Tongfang struck out, and the entire world was instantly frozen in ice. The power of extreme yang was completely repelled, and the range covered a radius of several hundred meters.

Everyone was secretly shocked, and began to fear Darknorth Tongfang’s strength. To be able to freeze such a large area in this environment was enough to show just how terrifying his cultivation was.

Darknorth Tongfang was also secretly shocked. His full-powered attack had only created such a small World of Ice and snow, and the ice crystals in the sky were also beginning to melt. The harshness of the surrounding environment had exceeded his expectations.

“Under my freezing sky and earth, the connection between the demonic beast and the extreme yang is cut off. This should be the time when its strength is at its weakest. Everyone, attack together!”

Beiming Tongfang shouted as he also threw out a mirror. It enlarged in the air, gathering all the cold Qi in the surroundings and then blasting out.

Liu Yuan also seemed to be aware that this move was extremely harmful to her. She made a simple seal with her hands in front of her body, and a Halo appeared around the big eye, blocking the cold air.

Then, the eye flashed, and the entire body of Liu Yan turned into a ball of red fire, growing larger and larger, as if it was going to break open the frozen world.

The expressions of the people from the other three sects changed slightly, and they also made their moves. For a time, all kinds of moves were performed, and the light shadows that filled the sky all fell into the flame.

Without the suppression of the power of extreme yang, everyone could display their full strength and extinguish Liu Xiao's imposing manner.

An eye gradually emerged from the flames. Its pupils were full of fierceness, without any human emotions. As soon as the eye appeared, the flames began to shrink rapidly, compressing into a round ball, but it emitted a heart-palpitating aura.

Although everyone's attacks seemed powerful and numerous, they didn't seem to have much power. They didn't seem to hurt much.

"Not good, retreat!"

Beiming Tongfang suddenly let out a loud shout. The frozen sky and frozen earth that he was supporting suddenly showed signs of crumbling at this moment, and seeing that the situation was not good, he immediately fled backwards.

The rest of the people felt a chill in their hearts. Then, they felt a terrifying and dangerous aura spreading through their bodies, and they retreated in horror.

"BOOM!"

The fireball exploded and broke through the ice. The Ice Flower in the sky cracked and disappeared with a "bang".

A beam of light suddenly shot out from the glaring sun on the altar in the distance, penetrating layers of space and landing on the eye in the flame.

An unusually powerful aura continued to rise, becoming stronger and stronger. The flame also gradually shrank, turning into the figure of Liu Xiao. However, its aura was stronger than before. It raised one hand high to receive the power of extreme yang.

“What do we do? This guy is so powerful!”

Beiming Laifeng was secretly shocked. He retreated several hundred meters away and stared at the scene with full vigilance.

Chen Kai Hong said in shock, “if its energy can be continuously replenished, how can we fight it?” Unless we can kill him in one strike!”

“Hmph, how do we kill them? But from the way they joined hands just now, it seems that no one really did use their full strength. They were all just doing it perfunctorily!” Luo yuankai said in dissatisfaction.

Beiming Tongfang snorted coldly and said, “you still have the cheek to say that? other than my freezing sky and earth punch, which one of you has really used your full strength?” Brother yuankai is really lenient towards himself and strict towards others.”

“If everyone continues to play around like this, we’ll really be in trouble,” beiming Laifeng said with an ugly expression.

A cold voice suddenly came from the sky, full of disdain and contempt, “ Hmph, a bunch of selfish and despicable people. It’s a disgrace for us to be part of the seven great system-allocated sects like you!

Everyone’s expression changed greatly, and their faces were filled with anger. Their divine senses spread out in all directions, but they could not find any traces.

“Who is it?” beiming Tongfang asked coldly. If you have the guts, come out and speak!”

The voice did not appear again, as if it was just passing by.

Chen kaihong said seriously, " you claim to be from the seven great sects. There are four sects gathered here, and the people from the red moon City have already walked to the front. The divine cloud Palace has been sealed off for many years, and most of them are women. Could you be from the long family of the heavenly Mountains of the northern region? "

In the distance, Yunxiao's expression also changed slightly. He had not discovered that someone was hiding in the dark until the voice rang out just now. Only then did he vaguely sense that someone was in the void, and this aura was the mysterious people he had sensed before he entered the immortal realm. He did not expect it to be the long family of Sky Ridge.

The so-called long family of the heavenly Mountains did not have the surname long. The reason why they were called " long " was that ancient true dragons were the top existences among the true spirits, while the people of the heavenly Mountains of the North were all Supreme martial artists who had the bloodline of the true spirit!

A black line suddenly appeared in the air and started to move. Finally, it stopped in the air and slowly tore apart.

Three figures stepped out one by one with dragon-like steps and Tiger-like steps, lining up in the sky. They were all awe-inspiring, and a wave of pressure spread out.

Their leader had a round face and large ears, with a few strands of beard on his cheeks and a pair of silver-threaded golden rings hanging from his earlobes. All three of them exuded an extremely wild aura, seemingly related to the awakening of their true spirit bloodline.

Everyone's face was cold and contemptuous, as if they were high and mighty experts looking down on the common people.

None of the seven superpowers were simple. Among them, the one with the largest territory was beiming Dark Palace, the most mysterious was the soul Devourer clan, and the one with the longest history was divine cloud Palace. The one with the most experts was the long family of the northern Heavenly Mountains.

Chen kaihong sneered disdainfully and said, " what's the point of acting all high and mighty? since we're all part of the seven great forces, that means that we're on par with each other. If you want to show off your superiority, go find the Saint realm and the sea of soul formation. You piece of trash!

He was extremely disgusted by the three's previous words and current attitude, and couldn't help but mock them.

...

The rest of the people nodded in agreement and looked back in disdain. Since you look down on us, we naturally can't be bothered to hang you up.

Which of the seven major forces was not a lofty existence that looked down on everyone? it was indeed very difficult to get them to cooperate with each other openly and honestly.

The three men from the long family were furious. Yu Zhuo, who was the leader, said coldly, " Our sects are evenly matched, but that doesn't mean that the three of us are on the same level as ants like you. We can't even take down a descendant of the crystal flame guangluo, what a disgrace to our own sects."

"The glazed flame light net?"

Everyone was slightly stunned. They didn't expect these three people to be able to recognize the demonic beast's origin. However, the name was extremely unfamiliar, as if they had never heard of it.

Bu guangliang's contemplative expression suddenly turned into shock, " The ancient true spirit crystal flame light net? She's actually a true spirit?"

"Oh? I didn't think that there would be someone among you with some knowledge."

Yu Zhuo said sarcastically, " don't be so surprised. He's just a true spirit descendant. The difference is huge. All of you can leave now. I will show you a little bit of my power to broaden your horizons!"

Everyone was burning with anger when they heard this. Luo yuankai coldly mocked, "I don't think it's a good idea for you two to kill each other after you've both reached the true spirit realm, right?"

The long family's eyes flashed with ferocity. Three pairs of eyes looked over at the same time. Yu Zhuo said coldly, "What did you just say? It seems that I need to exercise my muscles and bones before I capture Liu Yan."

The man's aura exploded in an instant, and an overbearing force crossed the sky and pressed down on Luo yuankai.

...

Everyone felt the violent and wild power, and their faces changed.

Bu guangliang, who had been quiet all this while, said, "If the three of you have the ability, you should first subdue this monster beast. No matter how strong you are, do you really think you can compete with our four sects at the same time?"

Chapter 916

916 Profound level weapon clone

Luo yuankai's face was cold. He wasn't afraid of Yu Zhuo's provocation at all. He crossed his hands in front of his chest and looked at Yu Zhuo coldly.

Chen kaihong also said slowly, "how long have the three of you been following us?" Could it be that you've waited until now to mock us and show off your strength?"

Yu Zhuo's expression changed slightly. He retracted his aura and said, "That's right, we've indeed come for this Liu Xu. Although its true spirit bloodline is extremely weak, it's still a descendant of a true spirit and will be of great use to us. I was hoping that you guys would be able to contribute a little, but it seems like I can't count on you guys anymore."

He looked at Luo yuankai coldly and said, "I'll settle the score with you after we're out of here!"

He snorted coldly and turned around to walk toward Liu Yue.

“As you wish!” Luo yuankai scorned.

Yunxiao sighed to himself as he watched from a distance. Although the long family was strong, they seemed to be too proud and simple. He was afraid that they would be used by these old foxes to lead the charge.

Sure enough, everyone watched Yu Zhuo and the other two charge forward from a distance. They all had a smug expression on their faces, squinting their eyes at the three idiots.

Under the power of the extreme Yang, Liu Xiao not only recovered all her energy, but she was even more powerful. Her sharp eyes stared at the three people who were walking toward her. She blinked, raised her hand, and shot three beams of extreme yang power.

Without a sound, the three of them dodged instantly. The extreme yang shot on the ground did not cause any movement. It spread out directly and increased the temperature of the entire environment.

“Set up the formation and capture this beast alive!” Yu Zhuo ordered coldly.

The three of them instantly separated and trapped Liu Luan in the middle in a triangular formation. They worked together to lay out a strange formation. The surrounding scene suddenly blurred, and then countless golden light spots emerged, condensing into an iron wall that pressed toward Liu Luan in the middle.

Liu Yuan blinked, and the flames around her began to shrink to the center, exactly the same as the previous scene.

“This demonic beast won’t self-destruct again, right? Isn’t there anything new?” “If he self-destructed at every turn, how can we fight?” Cheng haomiao could not help but frown.

“Hehe, let’s see how the three experts of the long family will deal with this,” beiming Laifeng laughed.

To everyone's surprise, Liu Xu didn't explode. Instead, it turned into an eye with a long flaming tail. Like a comet, it flew around the shrinking array boundary.

"Bang! Bang! Bang! Bang!"

Liu Yan collided with the wall a few times and bounced back. The sound of each shock was different. Then, she rushed to a side.

The three people's faces changed at the same time. The people in front hurriedly changed their magic arts and several runes were sent into the array, just as Liu Xu was about to face them.

"BOOM!"

The two forces collided, and the barrier shattered with a bang. The expert was also forced back a few steps, and his expression was ugly.

After Liu Xu broke the formation, she immediately spun upward and transformed into her true form again in the air. She raised one hand to the sky and began to gather extreme yang at her fingertips.

Yu Zhuo's expression changed. how could this thing have such high intelligence? " he asked, confused. it can actually see the weakest link of the array? "

In fact, what he didn't know was that Liu Xiao was only a body at the moment and was actually controlled by that eye. Its intelligence was not inferior to theirs. When Jiang Churan and the others passed by earlier, it simply hid and didn't come out.

A ring of light spread out from Liu Xu's fingertip, and the entire space shook slightly.

In the distance, the faces of beiming Tongfang and the others changed slightly, and they couldn't help but retreat a distance, afraid that they would be affected.

Liu Huang didn't seem to use his own power. He borrowed it to come over. The extreme yang on the altar in the distance shone over and gathered at his fingertips. Then it disintegrated again and turned into a rain of yang, falling down one after another. The whole world became a furnace.

what?" Yu Zhuo was shocked. He clasped his hands in front of him and a huge force was generated. It instantly turned into countless black cracks that rushed into the sky like earthworms and began to devour the extreme yang.

The other two didn't panic. Instead, they formed hand seals and disappeared without leaving any traces. It was as if they had disappeared into thin air.

The next moment, the two of them suddenly appeared beside Liu Yan. One on the left and one on the right, one fist and one palm, they seemed to reflect each other and crushed each other.

The big-eyed man's expression changed, and Liu Yue's lips moved slightly, as if she was saying something. Then, she quickly formed a few seals, condensed them into a finger, and raised it high. The finger seemed to instantly absorb the surrounding spiritual energy, turning it into a vacuum.

The light pierced everyone's eyes, making it difficult for them to open their eyes. However, under the prying eyes of many experts, a figure slowly gathered in the Halo and appeared behind Liu Yuan.

The figure seemed to be formed by tens of thousands of light souls. Its body was crystal clear, and its face could not be seen clearly, but it gave people a feeling of unparalleled power.

Everyone's heart trembled as they immediately reacted. That shadow was the true spirit crystal flame light net.

Yu Zhuo's expression changed, and he quickly began to perform hand seals. His body instantly expanded, and his originally burly figure even rose from the ground. In an instant, he grew several times in size, and his face was no longer human. He became abnormally ferocious, and an image appeared behind him. He threw a punch.

"Boom boom boom!"

The wind from the fist and the extreme yang finger collided, immediately creating a huge storm. The three people and one beast were all sucked into it and quickly spread out.

The people of the four major sects retreated again, almost to Yunxiao's side.

Dust and sand filled the sky as strange forces shot out from time to time. The unusually complex and violent forces wreaked havoc inside, and everyone's divine sense couldn't penetrate it, so they could only watch quietly.

"Do you think the three from the long family are dead?" beiming Tongfang chuckled.

Chen Kai Hong frowned slightly and said unhappily, "Brother Tongfang, why are you asking this? why don't you ask if the demonic beast is dead?"

Everyone glanced at beiming Tongfang. No matter what, the long family was on the same side as them, so how could they curse their own people to death?

Beiming Tongfang laughed. I saw that Liu Yan's last attack actually manifested a true spirit shadow. It was truly powerful. I'm really worried for the three friends of the long family.

Luo yuankai laughed as well. haha, I'm the same. But I can see that those three friends are also very big and strong. They won't die so easily, right? "

As the two of them were ridiculing each other, a cold snort came from the yellow sand. It was Yu Zhuo's voice, " don't worry. A mere descendant of a low-level true spirit can't trouble us!

The dust gradually stopped, and a shocking scene appeared before everyone's eyes. Two members of the long family joined hands to form a seal and trapped Liu Huang in front of them. The big eyes on her face had been seriously injured at some point. At this moment, they were half-closed, and blood was flowing out. It was a shocking sight.

Yu Zhuo was still in his giant form. His right arm was red, and his veins were protruding. His fist was a bloody mess, completely deformed.

His left hand formed a few hand seals and a scroll appeared in the air. The scroll slowly opened.

There were many small characters drawn on the scroll, each of which was shining with golden light. After opening it, all kinds of patterns appeared, all of which were lively birds of prey and demonic beasts.

Yunxiao was taken aback. The small characters in the pattern were Maha ancient characters. With a quick glance, he could not see the shape of the characters clearly, but there were at least a hundred of them!

The scroll flew out of Yu Zhuo's hand and floated above Liu Xu. It radiated golden light and tried to capture Liu Xu.

Liu Xiao growled in fear and kept struggling. However, her aura became weaker and weaker as she slowly flew up.

“That’s the Suan ni hundred spirit painting!”

...

Luo yuankai trembled and said in horror, “The long family’s Supreme secret treasure, the hundred spirits painting, is actually on you!”

hundred spirits painting?!

Yunxiao was shocked as well. the hundred spirits painting is a legendary item. It is said that hundreds of true spirits are recorded in it. How can it really exist? ”

He had read about this item in ancient books. At that time, he had scoffed at it and didn’t believe it at all. Never in his dreams would he have thought that he would see it with his own eyes!

The rest of the people were also confused, but when they heard Yunxiao's explanation, their mouths were also wide open in shock, and they were all petrified.

Yu Zhuo's gaze swept across the crowd and he snorted coldly, "You've heard of the hundred spirits painting? You're quite knowledgeable."

Luo yuankai said, "the hundred spirits painting of the long family of the heavenly Ridge is not as freakish as the legends say it is. It is made from bits and pieces of the legends. However, the demonic beasts recorded in it are all extremely powerful beasts above the ninth rank. No one has ever seen how powerful it is when it is used.

Everyone heaved a sigh of relief. But even so, wasn't this a little too abnormal? if they could really collect 100 ninth-order monster beasts, wouldn't they be able to sweep the world?

Yu Zhuo nodded. the hundred spirits painting of the long family is indeed a replica. Even so, it is still a top-tier profound level weapon on the continent. The scroll in my hand is just a clone of the hundred spirits painting. Not all ninth-order monster beasts were qualified to be included in it. They had to have a true spirit bloodline or be extremely fierce and powerful. Although this Liu Xiao's strength isn't good, it's born in a good family."

Everyone's heart, which had just relaxed, jumped up again. A profound level weapon that could create a clone, what kind of existence was this?

Yunxiao's face was solemn as well. As a top Alchemist, he naturally understood the power of the hundred spirits painting, which was probably enough to compete with the million sword illustration of shenxiao Palace.

...

you three, " beiming Tongfang suddenly said, " you may have defeated Liu Yan, but we also contributed to it. It's not very nice for you to take all of it, is it? "

Everyone felt a wave of dizziness. This darknorth Tongfang was far too shameless. They told him to do his part, but he didn't. Now that someone else had caught him, he actually jumped out to snatch the fruits of victory.

The people from the other three sects all stood a little further away from him, pretending not to know him.

As expected, Yu Zhuo's expression changed and he said angrily, "What do you mean? Why don't I let it go and let you catch it?"

Chapter 917-bee

Darknorth's expression didn't change as he replied, "We're all from the seven great sects, so there's no need to be so distant. Liu Huan will naturally belong to the long family, so no one has any objections. However, if there are any other treasures ahead, I hope that the long family will give in a little. Everyone will get a share of the benefits."

This time, the people from the other three sects also echoed, and their words entered the depths of everyone's hearts, and they all agreed.

Yu Zhuo was so angry that his face turned green. They were all shameless villains. He was so angry that he had nothing to say.

Liu Xu struggled with all his might and was soon absorbed into the hundred spirit painting, becoming one of the paintings. The scroll was instantly closed, and with a light touch from Yu Zhuo, it was absorbed into the space between his eyebrows.

The other two members of the long family heaved a sigh of relief. They circulated their Qi and regulated their breathing, recovering some of their strength.

the laws of the world have always been that the strong have more. If you have the ability, take it for yourself!

let's go! Yu Zhuo said before he left.

A smile appeared on everyone's faces. What they wanted was someone to open up a path for them, and they followed one by one.

Only Chen Feng and the other two were left standing in the distance, not daring to advance any further. They planned to stay until the end of the secret realm so that they could be teleported out.

After thinking it through, the three of them calmed down and sat down to adjust their breathing and heal their injuries.

Moreover, this extreme yang power was also a rare place for cultivation. Staying here for ten days to half a month could be considered to have gained something.

Beiming Laifeng suddenly thought of something. He turned around and stared at Yunxiao, who was walking slowly at the back of the group, and said coldly, "Young master Yun, didn't you say that you couldn't resist the power of extreme yang and could only stop outside? Why do you look fine now?"

His words immediately caused everyone to turn their heads, all of them filled with confusion.

that's right! Yunxiao was also surprised. how come you're fine now? " He looked around and said in surprise, " haha, it must be that Liu Yan was taken, so the extreme yang power is greatly reduced.

"Bullshit! The power of extreme yang is coming from the altar. What does it have to do with Liu Yan?"

Beiming Laifeng's temper was rising, and everyone could see what was going on. They knew that Yunxiao must have been pretending before, and they could not help but be secretly shocked. This could only mean that Yunxiao had long noticed Liu Fei's existence, and that was why he had been pretending to be a pig.

Yunxiao rolled his eyes at beiming Laifeng and said innocently, "I don't know what's wrong with that. I just felt uncomfortable just now, and now I'm feeling very comfortable. Don't tell me I'm not allowed to feel comfortable?"

Beiming Laifeng was so angry that he wanted nothing more than to rush up and beat him to death. He glared at him fiercely and turned his head away, not wanting to take a second look.

Without Liu Xu, everyone had a smooth journey, and the altar was right in front of them.

The three people from the long family suddenly stopped in their tracks, and their expressions became serious as if they had discovered something strange.

A hundred meters away, the people of the four sects and Yunxiao stopped at the same time, all on high alert.

“My three friends, why did you stop all of a sudden?” beiming Tongfang called out from afar.

The three of them did not reply. Suddenly, a buzzing sound could be heard. It was like that of a bee. At first, it was very small, but it slowly grew larger and larger. In an instant, the entire world seemed to be filled with this sound. It made people feel upset and their qi and blood were boiling.

“Bang!”

Yunxiao was the first one to rush into the sky, then he looked down in horror.

Before the crowd could understand what was going on, they suddenly heard a blood-curdling scream. A disciple of the beiming family had his legs covered in a dense layer of black matter, as if it was devouring his body and continuously climbing up.

At this time, everyone was shocked to find that the sand under their feet was actually filled with dense black dots, which began to climb up their bodies.

This time, all of them were scared out of their wits. They hurriedly circulated their Yuan power and poured it into their legs, trying to shake off those black spots. However, just as they shook off a layer, more lay on the ground. Moreover, those black spots could actually devour the Emperor Qi of the nine Heavens. Many of them burrowed into their legs.

“Damn it!”

Beiming Tongfang cursed in anger. He stomped his foot down and a stream of icy Qi shot into the ground, instantly freezing everything within a hundred meters. Only then did the black dot stop spreading.

“Have you killed them all?” Luo yuankai asked in horror.

Due to the cold air, everyone’s legs were frozen numb, so they couldn’t feel the black spot spreading for the time being. The world also became quiet.

“They should all be dead. The beiming family’s cold Qi and yin energy, these insects that live under extreme Yang can’t resist it at all.” Bu guangliang said slowly.

As soon as he finished speaking, a soft sound of ice breaking was heard, and he knew that he was wrong.

Then, a large number of tiny “Bang Bang Bang” sounds hit the window like raindrops. They were continuous and filled the sky.

The shocked people shattered the ice and flew into the air like Yunxiao, desperately circulating their Emperor Qi to force the bugs out of their legs one by one before killing them with it.

It was only then that everyone realized that these bugs were actually tiny bees and were extremely poisonous. Many people’s faces began to turn green and purple. One could only imagine how poisonous they were to be able to poison a martial Supreme. Everyone was so frightened that they quickly swallowed all kinds of spirit pills.

“How come the three from the long family are completely fine?” Cheng haomiao suddenly asked in surprise.

only then did everyone realize that Yu Zhuo and the other two were still standing in front of them. There was not a single bee under their feet, making them extremely safe. Behind them, more and more bees were pouring out from where they had been standing.

Yu Zhuo and the other two also found it strange, their brows furrowing in confusion.

is it because of the true spirit bloodline in their bodies that these bees don't dare to approach them? ” Yunxiao asked.

Although this deduction was a little farfetched, it was the only explanation.

More and more bees appeared on the sand, and they actually formed into a swarm of bees, forming various patterns. They began to fly toward the group, and buzzing sounds filled the sky.

“Everyone, move aside. Let me deal with these bugs.”

Luo yuankai suddenly said, his eyes flashing. He seemed to be very interested in these bees.

Chen kaihong said, “I heard that brother Yuan Kai has a technique to control insects. It seems like it's true. Today, I'll be able to broaden my horizons.” He retreated tens of meters in an instant, giving Luo yuankai space to display his skills.

The rest of the people also couldn't wait for someone to stand up for them, so they all retreated.

The swarm of bees flew towards Luo yuankai, surrounding him in an instant and stinging him.

A mini battle suit appeared in front of Luo yuankai's chest. It emitted rays of purple light and condensed a defensive power around his body, immediately blocking the swarm of bees.

However, his expression quickly changed. The purple light rapidly shrank and was constantly devoured by the bees. He was shocked to find that he seemed to have misjudged the strength of these things. In a panic, he hurriedly cast several incantations and threw out an ordinary cloth bag.

As the cloth bag flew into the air, a golden pattern suddenly appeared on the originally ordinary cloth bag. It looked like some kind of strange symbol, and it bloomed with golden light. Under his control, he

immediately opened the mouth of the bag, and an extremely powerful vortex immediately formed at the mouth of the bag, which began to frantically absorb the bees.

A large number of bees were sucked into the vortex, and the noise was reduced.

“What a powerful weapon, I wonder how much it can swallow.” With these bees, Luo yuankai’s strength will probably increase greatly.”

...

The Golden patterns on the cloth bag became brighter and brighter. It seemed to have reached its limit, and the suction force gradually decreased.

Luo yuankai was slightly surprised. He changed the spell in his hand, and immediately three more sacks flew out from his waist and opened up in the air one by one. However, this time, they were no longer golden patterns but silver ones. The mouth of the sacks was also a size smaller, continuing to absorb in place of the Golden sack. The bees that filled the sky immediately divided into three batches and rushed toward the three sacks.

Luo yuankai’s hand seals changed a few more times, and the Golden cloth bag immediately sealed the mouth and flew back to his hand, returning to its previous ordinary appearance. His face showed great joy, and he hurriedly drew a few runes in the air, which were directly inserted into the cloth bag, and then put it away safely.

Soon, the three silver bags were also full. Luo yuankai sealed the mouths of the bags with the same technique and put them away.

At this time, he also frowned. The four wind bags were all full, but only two-thirds of them were taken. The remaining one-third of the swarm of bees began to buzz and sting towards him.

“The wind on the river dances against the moon in autumn, and the sword strikes in all directions!”

A trace of coldness flashed in Luo yuankai's eyes. He made a hand seal with one hand, and the shape of a sword appeared in front of him. With a change of the hand seal, a sea of sword Qi instantly appeared, slashing in all directions.

Sha Sha Sha " sounds could be heard wherever the sword Qi passed. All the bees were shaken away, and only a few were killed by the sword Qi and fell down.

"What?"

Luo yuankai's eyes were about to pop out. His sword energy was the standard power of a five-star Martial Emperor, but he could not kill these bees?

This made him both surprised and happy. He was happy because he had collected so much. If he refined all of them, his strength would be unimaginably high. He was also shocked because what should he do now?

...

The beehives buzzed and floated over again, like black clouds.

Yunxiao was also surprised. when these bees are gathered together, they can directly stack their power. When thousands of them form a group, they can actually fight against a martial Supreme. This is amazing!

Luo yuankai was shocked when he heard this and hurriedly said, " "Young master Yun, do you have any good ideas with your knowledge?"

He had boasted that everyone should step back, so he was too embarrassed to ask for help now. He could only brace himself and ask Yunxiao for a solution.

Under the guidance of his sword technique, the sword Qi spread out in all directions, but he could only maintain an undefeatable situation. He was anxious.

I'll try," Yunxiao said after some thought.

He took a step forward, and divine fire condensed in his hand. He immediately transformed into the form of a Phoenix, and with a long cry, he flew out.

"The flame of true spirit!"

what?" Yu Zhuo's entire body trembled as he cried out in shock. His face was filled with disbelief as he looked at the flames that covered the sky, turning it red.

The faces of the people from the beiming family also changed slightly, revealing a look of displeasure. They were all cultivators of extreme cold, and what they hated the most was this kind of scorching yang attribute item.

Chapter 918-gate

The divine fire Phoenix directly burned across the sky and swallowed the mass of bees in an instant, making a large number of crackling sounds like frying beans.

Luo yuankai was also slightly shocked. The bees that his sword Qi couldn't hurt had exploded in an instant in the flames, causing countless deaths and injuries.

He hurriedly opened a defense to isolate the fire so as not to burn himself, but he found that the fire did not seem to be as powerful as he had imagined, and it was easily blocked.

A moment later, the swarm of bees that filled the sky was burned to nothing by the divine fire.

Yunxiao changed his hand seal, and the flame gradually extinguished.

Luo yuankai flew over and gave Yunxiao a fearful look. He cupped his fists and said, "Thank you for your help, young master Yun."

it's just a small matter," Yunxiao chuckled. it's not a big deal.

Although Yunxiao had always been known as the number one rising star, these martial emperors did not take him seriously. After all, the gap between them was a major realm, and it was not easy to make up for it. It was not until he and Chen Wen made a move that he had truly entered the eyes of the people, and at this moment, he had finally gained their attention.

Yu Zhuo raised his head and said in a deep voice, " Li Yunxiao, was that a wisp of true fire Qi of the true spirit Phoenix you just used? "

Yunxiao nodded and smiled. that's right. It's true Phoenix Fire. However, I haven't refined all of it yet, so its power is limited. However, those wasps seem to be extremely fearful of this true spirit object. Perhaps they're being restrained."

"Can you name a price for this flame?" Yu Zhuo asked after some thought. When he saw Yunxiao's face darken, he quickly said, " of course I know that this is an unparalleled treasure, but there's always a price to everything in the world. Young master Yun, please tell us. Perhaps we can do it.

do you want to take it? " Yunxiao said indifferently. will you consider it? "

Yu Zhuo's face was filled with disappointment,"Young master Yun, if you ever change your mind, you can come to the long family's residence to find me at any time,"

After the incident with Liu Huang and the Wasp colony, everyone was even more careful with their path forward. Even with the three people from the long family opening the way, they were still not at ease.

However, everything went smoothly until they reached the altar. They didn't encounter any more dangers or obstacles.

A giant gate that was dozens of meters tall appeared in front of everyone. The gate was made of neither gold nor Jade. It was unknown what it was made of, but it looked very simple. There were no patterns or carvings on it, and it was completely gray-white.

However, due to its unusual height and the color that did not fit in with the surroundings, it appeared a little abrupt and majestic.

More than ten people stood quietly in front of the door, looking up, not knowing how to enter.

Yu Zhuo examined the door for a moment, then walked forward alone. He carefully placed his hand on the door, and after not noticing anything unusual, he pushed it hard!

“Bang!”

with a loud boom, Yu Zhuo was sent flying dozens of meters before he could stop himself.

Although they were shocked, it was within everyone’s expectations.

“Brother Zhuo, how do you feel?” Chen Kai Hong asked.

“Ten times, ten times the power of the rebound,” Yu Zhuo said.

“Ten times?”

Everyone was shocked. If that was the case, how could the door be opened?

“Then we can only go through the door’s limit,” beiming Tongfang said.

Chen kaihong frowned and said, “ no one knows the limits of this gate. If we can’t even pass through it even with a full-powered attack, then who can withstand the rebound of ten times? ”

li Yunxiao, “ Yu Zhuo suddenly said. you can burn the gate with Phoenix Fire. Perhaps you can break it.

Yunxiao chuckled and said, “ if I can completely refine the Phoenix Fire, I might be able to do it. But now, its power is limited. You have overestimated it. But, I can give the beiming family’s ice true Qi a try.

This time, Beiming Tongfang didn't object. He took a few steps forward and reached out his hand, trying to release some cold Qi towards the door. Soon, a thin layer of ice completely froze the door.

At this moment, a change occurred. The originally ordinary-looking door had turned into a beautiful piece of Crystal Jade. Patterns began to appear on it, and they grew in number. It was as if a brush was rapidly drawing on it. The mountains, rivers, plants, rare birds, and strange beasts were all very lifelike.

"Bang!"

The thin layer of ice suddenly shattered, and a huge ancient character of Maha popped out, which disappeared in a flash.

"Maha ancient text!"

there's actually rule force protecting it? " Yu Zhuo asked in shock. how did the people of Red Moon City get in? "

"Maha ancient language?"

Everyone looked puzzled. Beiming Laifeng and Cheng Haobo had heard aunt Jiu's explanation before, so they knew what it was, but they were also secretly surprised. Most of the others were hearing it for the first time, so they were all suspicious.

Beiming Laifeng briefly relayed ninth aunt's explanation, and everyone was shocked. They lamented how small their strength was compared to the vastness of the world.

Chen Kaihong suddenly said, "I see that this so-called 'Maha ancient text' is very similar to the symbols that appear when young master Yun uses his lightning divine ability. Perhaps young master Yun has done some research on these things?"

Yunxiao admitted, " what I said is indeed the Maha ancient language of the law of Thunder. It is not as magical as you think. It's just that very few people in today's world can master this language, and I can

only recognize a few words. There seemed to be hundreds of Maha ancient characters on the hundred spirits painting just now.”

Everyone’s eyes immediately turned from Yunxiao to Yu Zhuo and the other two.

Yu Zhuo nodded. those are indeed ancient Maha characters, and they are complete paragraphs. But I don’t know what they are.

“Don’t be modest,” said beiming Tongfang indifferently, “this is not the time to be modest. Only the two of you understand these words, so I hope you can think of a way to use it.”

Yunxiao sneered. along the way, the three people of the long family took Liu Xiao, and myriad Stars Valley and I destroyed the swarm of bees. The soul Devourer race, beiming Dark Palace, and the blade sect are the only ones left. Don’t you want any contribution? ” At the very least, you have to think of a way to break this door.”

young master Yun is right, ” Luo yuankai immediately said. experts from the three sects, please show your skills.

With that, he and Yunxiao retreated to the side with great tacit understanding. Yu Zhuo and the other two frowned slightly, then stepped back and gave up their seats. Although the three men were arrogant and simple, they were not fools.

“Cough, cough cough.”

Bu guangliang coughed a few times. in that case, I’ll show my incompetence. If I can’t pass, please help me.

He was the smallest and most inconspicuous person in the group, but no one dared to underestimate his strength. Even the one with the highest cultivation, beiming Tongfang, was somewhat wary of him.

Bunliang took out the soul devouring flag and raised it in the air. Suddenly, the world became dark, and the dizziness made people feel depressed and depressed. A golden light slowly condensed in this darkness, turning into a smiling Ghost Face, wandering in the air.

“Stop playing, it’s time to move the bricks.” Bu guangliang shouted.

The smile on the Golden Ghost Face disappeared and turned into a ferocious look. It rushed towards the giant door. When the golden light touched the door, it went straight through the door with a “ pop ” like a bubble bursting.

...

Everyone’s pupils contracted, and they were on high alert all of a sudden.

It seemed that this door could only reflect attacks and had no resistance against things like souls. The Maha ancient character was still floating on the door and had no reaction.

Bu guangliang’s eyes were also filled with joy. He hurriedly made hand seals with both hands. His movements were very slow, but every time he did it, it seemed to trigger the power of heaven and earth.

Suddenly, behind the Maha ancient character on the door, a ferocious face appeared. It was as if it had been there all along.

The seal in baguang’s hand changed again, and the Golden Soul slave began to move. It floated above the door, but it kept circling around the ancient Maha character. There was no smile or fierceness on its face. It was extremely calm.

Everyone watched quietly. The soul Devourer clan had always been the most mysterious of the seven sects, and they were also the most feared. No one had ever seen such a situation before. Although they were full of doubts, they still held back their words.

The expression on his dark face repeated several times. He seemed to be very hesitant, as if he was thinking about something.

Suddenly, a look of determination flashed in his eyes. His hands formed a series of hand seals, forming a strange symbol.

The Golden Soul slave on the door also changed instantly. It suddenly turned into a ball, and its face became ferocious again. It rushed out of the door, opened its mouth, and bit down on the Maha ancient character.

“Ah?”

Cheng haomiao couldn't help but exclaim and took a step back in shock.

...

Everyone's mouth was also wide open. They didn't expect such a scene, and they were all on guard, afraid that something unexpected would happen.

“Gulp!”

Looking at the Golden Soul slave's swallowing appearance, the dull throat also made a “Gu Gu” sound. With an unusually nervous expression, the hand seals became faster and faster. In an instant, hundreds of hand seals were cast, all of which flew into the Golden Soul slave.

After the Golden Soul slave devoured the Maha ancient character, it did not seem to have changed much. It only seemed to be a little full, as if it was feeling uncomfortable. However, under the dim light of all kinds of magic arts, his face slowly calmed down, his eyes gradually closed, and he finally fell asleep.

On the other hand, bu guangliang's face was filled with wild joy. He hurriedly stretched out his hand and beckoned the soul devouring banner in the air. Suddenly, the dark colors that filled the sky were all absorbed into it and flew back to his hand. He couldn't help but laugh.

After the ancient Maha character disappeared from the door, the spiritual Qi on the door instantly dissipated. The mountains, rivers, and the paintings of rare birds and beasts were all gone, and it returned to its ordinary state.

No one could react in time, especially Yunxiao and Yu Zhuo. They knew the power of the Maha ancient text, but seeing that it could be swallowed directly, it simply subverted their understanding, and their minds were filled with question marks.

Luo yuankai couldn't help but ask, "brother guangliang, how is it?" Brother guangliang's face looks so happy, it seems like you've gained a lot?"

Not Bright's face was red, as if he had suddenly become a few years younger. He just laughed and didn't answer.

Chen Kai Hong's expression suddenly changed as he exclaimed, " "Is brother guangliang's soul slave about to advance?"

I'll continue to ask for monthly votes and recommendation votes, and I'll soon lose my fourth place!

Chapter 919

919 Exotic flowers and rare herbs

Bu guangliang chuckled. brother kaihong, you have good eyes. My soul slave was originally at the peak of the yellow rank. Just now, it seemed like it was about to enter the Earth rank. I didn't expect this, I didn't expect this, hehe!

Everyone's heart trembled, and their eyes were filled with envy, jealousy, and hatred.

"Then congratulations, brother guangliang," Chen kaihong could not help but say sincerely.

The rest of the people also congratulated him one after another, but their words were full of bitterness, without any real joy. Only a few people from the soul Devourer sect sincerely congratulated him. Bu Guang did not mind and kept laughing.

Luo yuankai said, " the ancient Maha character that represents the power of rules has been eaten by the soul slave. This door seems to have lost its spiritual energy. I don't know if it can be easily broken.

"I'll try," Yu Zhuo said. He retreated more than 10 meters and gently slapped his palm in the air. The wind from his palm instantly hit the door.

"BOOM!"

The door shook violently a few times, and a large amount of dust fell down. It indeed had no power to resist.

Yu Zhuo changed his palm into a fist and added a bit of strength to it. He threw a punch in the air. The air was compressed to the extreme and instantly shot out.

"Bang!"

A huge hole was instantly blasted open in the door, and the sound of the vibration spread far and wide. The sound of " emptiness " echoed in the ears.

Looking in from the outside, it was a long, pitch-black path, and spiritual sense could only penetrate a few meters. There was obviously an effect of blocking spiritual sense inside.

Everyone was overjoyed, but they all stood there without moving. No one went in first. After looking at each other, everyone's eyes fell on Yu.

"Hmph, a bunch of rats!"

Hmph! Yu Zhuo coldly snorted. He immediately turned into a ray of light and flew into the hole. The other two members of the long family followed him in.

Only then did the crowd enter one by one happily. Yunxiao did not want to take the risk of being the first to enter, so he mixed in with the crowd. Soon, all of them entered the altar.

Although the passage was long and narrow, they did not encounter any danger. After passing through, they actually saw sunlight, grass, and green trees. It turned out to be a garden full of spiritual energy.

“This is an ...”

Everyone was stunned. Yu Zhuo frowned and said, “the entire altar is sealed. Even if there’s a world inside, it can’t transform into heaven and earth. What’s going on?”

we can’t use common sense to understand the altar anymore,” Luo Yuankai said. don’t forget that we’re in the mural on the broken altar above the Blood Moon.

it’s indeed reasonable. Everyone, look, the people of the red moon City have already taken the lead!

Chen Kai Hong pointed to the two sides of the garden. The plants planted there were all emitting an astonishing amount of spiritual Qi, but they were all incomplete, as if they had just been picked by someone. Some of them even had their roots dug out.

Yunxiao’s face flickered as he scanned the herbs with his divine sense. He could only identify a dozen of them, and most of them were top-grade spirit flowers and rare herbs that had been lost. He had even suspected that a few of them were fabricated. He did not expect to find them here.

“Dammit! That damned Jiang Churan!”

Yunxiao quickly examined the remaining flowers and plants one by one, and his face turned even uglier than a pig’s liver as he roared, “Sinner! He’s a sinner!”

As an Alchemist, Yunxiao naturally knew how precious these things were. All of a sudden, he became extremely agitated and angry, and his heart ached for them. His eyes turned slightly red as he dug up some broken roots and leaves, then carefully put them into a few Jade boxes and put them away.

After checking it a few more times, he looked at the sky with a pained expression and sighed.

Everyone had a strange look on their faces. Although Yunxiao was young, in their impression, he was more cunning than many old foxes, and they had never seen him reveal his inner emotions like this. It seemed that alchemists were all lunatics, and they were not wrong.

“Young master Yun, are these all top-grade materials?” Cheng haomiao could not help but ask.

“Top-level? Hmph, you also know what top tier?”

Yunxiao’s face was dark as he ridiculed him disdainfully. He was thinking about how to snatch the thing from Jiang Churan. If everyone knew what he was thinking, they would probably call him a lunatic.

Cheng haomiao didn’t mind being poked, and smiled, “ Young master Yun, as an eighth-tier great Alchemist, I naturally don’t dare to call myself familiar with it, but I do know some common top-grade materials. I don’t seem to see any of them here.

“Haha, ignorant brat!”

Yunxiao’s heart was filled with anger at the moment, and he wanted nothing more than to find someone to beat him up. “Why don’t you tell me about all the top-grade spiritual flowers and rare herbs you know?”

Everyone’s face was filled with black lines. He was probably the youngest here, yet he actually called someone “little child.”

It was also Cheng haomiao’s first time seeing Yunxiao so angry. Not only was he not angry, but he was also curious. After a moment of thought, he said, “ for example, the three worms and three grass that everyone is most familiar with. They are all top-notch items, each with their own unique effects. Any one of them is worth more than a ninth-tier profound armament.

The sneer on Yunxiao’s face did not fade as he said, “Trash!”

The crowd's faces changed slightly, and they all looked unconvinced. The three worms and three herbs were the collective name of the six top-tier materials, and they were the core materials used to refine some top-tier ninth-tier medicinal pills. They had always been in high demand, but not in the market. Even ninth-tier alchemists were in a rush to get them.

Cheng Haobo's expression was calm as he continued, "The myriad wonder flower is the main ingredient for the myriad wonder pill. Even if a high-level martial Supreme consumed the myriad wonder pill, it can increase the chances of breaking through a bottleneck. This pill only exists in the two Holy Lands and the seven great sects. I've never heard of it being circulated on the market."

Yunxiao's sneer faded a little, but he still put on a disdainful look as he snorted and said, "Average."

This time, Hao Yao's expression also changed as he snorted, "Even this item is ordinary. Young master Yun, you're too boastful! I'm afraid that the number of exotic flowers and rare herbs in the world that can surpass this can be counted on the fingers of two hands."

"Haha, I told you you're an ignorant child, but you didn't believe me! Tsk, you can't even count them with two hands, bullshit!"

Yunxiao sarcastically added, "The flower of myriad wonders appeared once at myriads treasures store's auction, but it caused such a big commotion that even the two secretaries of the Holy domain's spirit Department and Intelligence Department were attracted, as well as a Deputy sect master of the blade sect, four ninth-tier alchemists of the sea of soul formation, and people from the long family of the heavenly Ridge. Their identities are unknown. In the end, a mysterious force intervened in the air and triggered a great battle. Several Martial Emperor powerhouses fell because of it. The ending of that myriad wonder flower has also become a mystery. From now on, the myriads treasures store no longer dared to auction such an item."

Everyone was shocked when they heard this, and they all revealed suspicious expressions. If there really was such a secret, it was impossible for them not to know.

hahaha! beiming Tongfang laughed coldly. you're just making things up. How come no one here has heard of such a big event? "

not hearing about it only means that you are short-sighted," Yunxiao said sarcastically. how can you have the cheek to publicize it when you are short-sighted?" If I were you, I'd definitely put on a helmet to cover my face and be too embarrassed to face anyone!"

Beiming Tongfang was furious, and just as he was about to attack, Chen kaihong suddenly spoke, "Young master Yun is right, there is indeed such a thing. Back then, the Vice sect leader of our blade sect had brought along a few Martial Emperor powerhouses to participate in the battle, and one of them had died. Because this matter is too important and is not good for myriad treasures store's reputation, all the major forces have joined forces to suppress it and not spread it."

He gave Yunxiao a suspicious look, not understanding how Yunxiao knew such a secret.

"The flower of wonder was eventually taken away by the spirit director of the sacred zone, Yuan gaohan." One of the three from the long family, a middle-aged man with a long beard and tied hair, suddenly said.

Yu Zhuo turned around in surprise and said, "Could it be true? How come I don't know about it?"

"I was one of the participants back then," the middle-aged man laughed bitterly,"and I was going with Lord Shaoyuan. I didn't expect a mere spiritual flower to cause such a huge battle." At that time, I had just broken through to a one-star Martial Emperor, and I was just cannon fodder. Fortunately, I managed to keep my life."

As soon as the man said that, the crowd no longer had any doubts about Yunxiao's words. Beiming Tongfang's face turned blue, red, and purple, and he had killed Yunxiao ten thousand times in his heart.

"Since young master Yun also knows such a secret, are you still going to say that the flower of thousand wonders is ordinary?" Cheng Haobo frowned.

...

Yunxiao's expression did not change as he said indifferently, "Average."

This time, everyone couldn't hold it in any longer. Beiming Laifeng said sarcastically, "Then tell me, what else is extraordinary!"

Cheng haomiao, on the other hand, continued to ponder. They were not alchemists, and they only knew a little about all kinds of exotic flowers and rare herbs, so they could not count them as family treasures. Suddenly, his face eased, and he said with a chuckle, "If this young master Wu Yun below is still speaking ordinary words, then I can only say that your mouth is thick-skinned and your stomach is hollow, and you only know how to talk big."

Yunxiao raised an eyebrow and snorted. I'd like to know what you're talking about."

Cheng haomiao seemed to be full of confidence, legend has it that there's a Supreme-grade spiritual flower called the seven-leaf Golden Lotus. I heard that the flower doesn't have any special effects and is just like a normal spiritual herb. However, the seven leaves each represent seven different types of power. There's no need to refine them. As long as you swallow any one of them, you can obtain a corresponding power. It's indeed a top spiritual herb on the continent!

"Seven Leaf Golden Lotus? I've heard of it before, but it's too magical to be true." Yu Zhuo said indifferently.

"This item is real. There is indeed a Seven Leaf Golden Lotus in this world."

Yunxiao's expression eased as he said, "This item can be considered top-grade."

Cheng haomiao couldn't help but laugh, "haha, you think so?" Could there be something here that can compare to the seven Leaf Golden Lotus?"

Yunxiao sighed and felt a pang of pain in his heart. He pointed at a root in the spiritual garden that had turned yellow and lost all its spirit energy and said, "Look at the stem of this spiritual flower, there are faint patterns of seven leaves spreading out."

Cheng Haobo's heart suddenly trembled. He looked over and saw that there were indeed Seven Leaf patterns on the half of the withered root. They were evenly distributed, showing the shape of a Lotus. He suddenly exclaimed, could it be that Qianqian, this flower is the seven-leaf Golden Lotus? "

...

## Chapter 920

### 920 Sea of fog

Cheng Haobo's heart suddenly trembled. He looked over and saw that there were indeed Seven Leaf patterns on the half of the withered root. They were evenly distributed, showing the shape of a Lotus. He suddenly exclaimed, could it be that Qianqian, this flower is the seven-leaf Golden Lotus?"

Everyone was taken aback and looked over. It was exactly as Yunxiao had said. If it was really a seven-leaf Golden Lotus, its value was so high that it was difficult to estimate. They were even willing to give up their so-called thoughts of heaven in exchange for it.

Yunxiao glanced at the crowd and said indifferently, "This isn't a Seven Leaf Golden Lotus."

"Hu!"

Everyone heaved a heavy sigh of relief.

this thing is called the seven-leaf immortal Lotus," Yunxiao said. one of the seven leaves of the seven-leaf Golden Lotus blooms every thousand years, and it must be seven thousand years old to fully mature. After maturing, the flower will not wither, but will continue to absorb the spiritual Qi of heaven and earth to continue growing. Every thousand years, a leaf will fall off, but the spiritual Qi within will be completely absorbed by the Lotus. After seven thousand years, the leaf has completely fallen off, and all the spiritual Qi and strange power have been absorbed by the Lotus. Only then can it be called a seven-leaf immortal Lotus. This Lotus has already exceeded the ninth grade, and no one knows what will happen after consuming it."

"Ah?"

Everyone was completely dumbfounded. The seven Leaf Golden Lotus was already a legendary item, but this immortal Lotus was even more unheard of. It was as if they were listening to a myth.

However, at least everyone understood how much wealth the red moon City had obtained. Cheng haomiao was stunned for a moment, and even breathing was a little difficult. He said, "You're saying that city Lord Jiang has a level ten divine medicine?"

Yunxiao sighed. these are only the herbs I know. I don't know at least two-thirds of the exotic flowers and rare herbs here. Their value is beyond description. If this matter were to spread, I'm afraid that the soul formation sea and the Saints would personally come to the red moon City, but Jiang Churan would definitely not admit it. "

Everyone swallowed their saliva. No one would admit to this kind of thing. After all, it was too shocking.

Beiming Tongfang's face turned green as he snorted, "everyone here witnessed this, he had no choice but to admit it!"

Chen kaihong said in a deep voice, " let's not waste any more time. There might be more treasures ahead. If we're too late, we'll be in trouble.

When everyone heard this, they hurriedly walked towards the back of the garden. They saw a two-story Pavilion standing there quietly. It was very simple and exquisite. The door was also made into the shape of an eye, and it seemed to be smiling at everyone.

After everyone stopped for a moment, they all rushed in and saw a spacious room. It was empty, with nothing inside.

However, there were traces of items being placed everywhere on the ground, proving that there had been items there before, but they had all been taken away.

"Damn it!"

Beiming Tongfang cursed in a low voice and suddenly rushed to the second floor. A group of people followed behind him, but only a few people stood still.

Yu Zhuo seemed to be very interested in Yunxiao as he said, " "Young master Yun, why don't you go up?"

Mr. Zhuo, " Yunxiao sneered, " aren't you asking the obvious? There isn't even a chair left on the first floor, so it can be seen that the people of Red Moon City take everything they see and take whatever they can. How could there be anything left on the second floor?"

Sure enough, after a short while, that group of people ran back down again, each and every one of them extremely disappointed.

In fact, anyone could have thought of such a simple thing, but they were blinded by greed.

Chen kaihong gritted his teeth. I'm afraid we won't be able to get any benefits. Everything that can be moved away has been taken by the red moon City!

Everyone suddenly became disheartened. According to this situation, even if there were still good things ahead, it would not be their turn to get them.

" I don't think so, " Yu Zhuo said, " even if these rare and precious weapons were taken away, the most important one, Tian si, would definitely not be so easily obtained.

He turned around and walked out, causing everyone to be stunned.

Yunxiao was also slightly surprised. This Yu Zhuo seemed to know something. He smiled and followed him.

Behind the pavilion was an empty space, which seemed to have reached the end. There was no other road, and in the empty space was an ancient formation. Several large pillars stood in the surroundings, which seemed to be a place where energy was poured in. It was extremely different from the common formations of today.

a teleportation array? " Yunxiao asked in surprise. a teleportation array? "

Everyone was stunned and fell into deep thought. It was thought-provoking to encounter a teleportation formation in this kind of place. Only the heavens knew what was on the other side of the teleportation formation.

“What do you all think?”

After thinking for a while, Luo yuankai spoke. He glanced at the crowd, who were all hesitant.

“Hmph, wealth comes from danger. If you’re afraid, then stay.”

Yu Zhuo was very straightforward. After he finished speaking, he walked into the teleportation array. Without any movement, the teleportation array began to operate on its own, emitting rays of light. It was the spatial teleportation light that everyone was familiar with.

In the blink of an eye, the three people from the long family had disappeared from everyone’s sight.

Yu Zhuo and the other two were so straightforward that everyone looked at each other and couldn’t make up their minds.

Luo yuankai turned to look at Yunxiao and said, “Young master Yun, what do you think?”

Yunxiao smiled as he strode forward and said, “If the red moon City Master can leave, why can’t I?”

He also stepped into the array, and just like Yu Zhuo, he was teleported away in a few breaths.

This time, everyone was even more anxious. They didn’t know whether they should go forward or not. They were all looking at each other.

Bu guangliang chuckled a few times, but he didn’t say anything and also walked up.

The people from the soul Devourer clan hurriedly followed, and in the blink of an eye, several more people had disappeared.

“Hmph, even that old fogey, baguang, dares to leave, what are we afraid of!”

Beiming Tongfang glanced at the people of Beiming Dark Palace and signaled for them to go up together.

Luo Yuankai snorted coldly. When he's here, he calls me brother Guangliang. When he's gone, he calls me an old ghost. He's really one-faced and one-faced.

Chen Kai Hong said, “brother Yuan Kai, stop complaining.” Let's all go together. I hope this isn't a random teleportation formation, or it'll be really troublesome.”

Seeing that the leaders had made their decision, everyone followed one after another for fear of falling down. Soon, no one was left.

At this moment, a figure slowly appeared on the Blood Moon. It was Murong Zhu. Every step she took was very elegant and calm. Her figure moved a hundred steps in an instant and a thousand miles in an instant. She arrived in front of the broken altar in an instant.

“Mm, has Yuetong already entered?”

A trace of surprise flashed across Murong Zhu's face. She looked at the pattern on the wall and reached out her hand to touch it. She sighed deeply and said to herself, “Since that's the case, I'll wait for him in the front.”

His figure also gradually dimmed, turning into specks of light and entering the mural.

Yunxiao was sent away by the spatial teleportation array, and in the next moment, he appeared in a Sea Fog.

“It’s actually completely blocking divine sense, what’s good about this?”

...

Yunxiao was taken aback. The sound of waves kept coming from under his feet, telling him that he was above an ocean, but he could not see his fingers in the dark, and he could not even release his divine sense. He did not even have any coordinates in such a place.

What made him even more worried was that heaven knew what was in the sea. Previously, in the sea that was so old that it was as if he had died of fear.

He did not know if the teleportation formation was random or directed, but even if it was directed, it was impossible to contact others in the sea fog.

The dynasty Bell appeared in Yunxiao’s hand, and he slapped it hard.

“Dang!”

“Dang!”

The sound of the bell was clear and melodious, spreading in all directions, each sound stronger than the last.

“Eh? There’s something strange about this sea mist!”

Yunxiao suddenly became vigilant. With the power of his dynasty Bell, he could directly penetrate the power of ordinary phenomena. As long as they were teleported in a specific direction, they would be able to hear his Bell and follow the sound to find their way here. But, he did not.

There could only be two reasons. The teleportation formation was random, or the sea fog had blocked his Bell.

Just as he was feeling puzzled, a soft voice suddenly came, " "Young master Yun, is that you?"

...

A figure appeared from the sea mist. From the voice and figure, it was Chen kaihong without a doubt. Then, more figures appeared around him. They were the people from the five sects.

phew, it's fortunate that we had your Bell, or we would have all been lost in this Sea Fog.

Cheng haomiao's voice sounded, and he heaved a sigh of relief.

young master Yun, your Bell can penetrate the sea fog, but our divine powers are restricted, " Luo yuankai said. I wonder if you have any way to find the direction? "

Yunxiao gently patted the dynasty Bell and said with a calm face, " "Let me try!"

The thousand Autumns tyrannical sword appeared in his hand, and he poured his elemental energy into it. A Saber Light suddenly appeared, and he slashed it to the side!

"Young master Yun, I'm teasing you!"

Luo yuankai was shocked. With a scream, he was immediately cut in half. Blood gushed out, and the two halves of his body fell directly to the bottom of the sea.

Li Yunxiao, why did you kill him? "

Sounds of shock and chaos immediately came from all around. It was clear that his blade had exceeded everyone's expectations.

Yunxiao sniffed the blood in the sea mist and said coldly, " it's indeed not human blood. A bunch of clowns. Die!

He struck the dynasty Bell floating beside him with his left hand, and an ancient sound rang out. An extremely powerful offensive sound wave spread out, and the people of the five sects around him all started to cry out loudly. Their voices were very sharp and terrifying, and they didn't sound like humans at all.

Yunxiao performed an incantation gesture with one hand, and his body shone with a golden light. All of a sudden, he revealed his three-headed and six-armed transcendence golden body, with three eyes opened at the same time. As for the other two transcendence forms, one had a ferocious face, and the other sneered, with the mystic artifacts in their hands shining with a golden light.

After the immemorial heaven's eye opened, a cold and sharp gaze swept out. It could actually see within a radius of tens of meters.

In the air, there were monsters with human bodies and fish heads. Their fish eyes were protruding out and they covered their ears to resist the bell. Their heads were covered in scales and they had fangs in their mouths. They were extremely ugly.

One of the larger fish heads opened its mouth and spoke in Yu Zhuo's voice, " young master Yun, what are you doing? "
