

The Eternal 921

Chapter 921

921 The giant mountain that reached the sky

With a cold smile, Yunxiao immediately swung the thousand-year saber and said sarcastically, "I'm going to take your lives!"

The fish-headed monsters suddenly noticed the third eye on Yunxiao's forehead, which was full of mockery. They were shocked and realized that their disguise had been broken. They roared and turned into beams of light, spinning in the air before rushing down.

The fish-headed man who was cut by Yunxiao was also alarmed and quickly retreated dozens of meters. But, a fin was also cut off by the saber beam, and he cried out in pain.

The rest of them were all charging around in the sea fog, using their heads to hit the enemy.

These fish-headed monsters didn't seem to know any martial arts or strong offensive techniques. They only relied on the sea fog, their own form, and simulated voices to deceive people.

"Since you guys like to hit me with your heads, then hit me to your heart's content!"

A hammer suddenly appeared in Yunxiao's hand, which grew to more than twenty feet long. He raised both hands high and smashed them directly on the heads of these fish-headed monsters!

"Bang!"

As the hammer came down, a fish-headed man's head immediately exploded, and his brain matter and other things sprayed all over.

"Bang!"

“Bang!”

Yunxiao swung the hammer quickly and smashed out several times at a time, each strike accurate. The heads of those who rushed up were blown off one by one, and a large number of corpses fell to the ground.

The fish-headed monsters didn't seem to have high intelligence, but they weren't absolute fools either. They soon discovered that something was wrong. All of a sudden, they kept making strange “ji ji ji” sounds, and no one dared to rush up again. Instead, they all flew down and plunged into the sea, disappearing without a trace.

Only then did Yunxiao put away the profound level weapon and start to look around. He poured his primordial energy into the primordial heaven's eye, which allowed him to see nearly a hundred meters away. Any further and it would just be a blur.

All of a sudden, some slightly bright pearls appeared beside him. They were round like small balls.

Yunxiao looked carefully and found that they were left by the dead fish-headed monsters, which seemed to be their inner cores.

The fish-headed monsters' inner cores were all in their brains, and after their heads were blown up by Yunxiao, they dropped out. There were more than ten of them in total, but they did not fall down.

Yunxiao reached out and grabbed one of them. He found that it was extremely light, like a bubble, but full of spirit Qi, no different from ordinary inner cores. With a sweep of his hand, he immediately put all the inner cores into his bag.

“Which direction is the right one?”

Yunxiao closed his immemorial heavenly eyes, and his pupils shrank slightly, immediately turning into a Blood Moon. The sea fog in front of him was immediately penetrated by his vision, and he could see a place thousands of meters away.

It was a sea that stretched as far as the eye could see. In the middle of the sea, there was a towering mountain. It reached the bottom of the sea and reached the sky, giving people a sense of magnificence.

Yunxiao paused for a moment, then immediately transformed into a bolt of lightning, breaking through the sea fog and heading toward the mountain.

Around the huge mountain, abundant spiritual Qi enshrouded the area, separating the sea fog and restoring the mountain in a short time. However, the soul consciousness was still suppressed and couldn't be spread out.

The huge mountain was filled with lush trees and blooming flowers, making it look like a spiritual mountain.

Yunxiao flew down, and suddenly, a beam of green light shot out and shook his body away. Then, an overbearing demonic power spread out, and a shocking roar broke through the sky!

“Roar!”

The force of the sound wave turned all the towering trees into wood chips and sent them flying. Even a large part of the sea fog outside the mountain was washed away, and a part of the mountain was directly bald. Yunxiao immediately saw a demon ape with a fierce look in its eyes staring at him, and the aura it exuded was suffocating.

“A mid-ninth rank demonic beast!”

Yunxiao's face changed on the spot. An existence of this level was comparable to iron tear, and the rabbit he had killed with all his might was only at the initial ninth-tier.

The ape's aura locked onto Yunxiao. It raised its hands high, and a green light formed between them, then threw it out.

The green light turned into an arrow as fast as lightning and arrived in front of Yunxiao in an instant. The terrifying power suppressed him, leaving him no room to escape.

“Great sorrow sunset Cloud Mirror!”

Yunxiao transformed into an imperishable golden body and held the sunset Cloud Mirror in front of him with both hands, using it to block the attack.

“Bang!”

The green light hit the mirror and immediately split into two. One shot out of the mirror and hit Yunxiao, while the other shot back at the ape.

“Pfft!”

Yunxiao immediately coughed up a mouthful of blood as he was sent flying thousands of meters back into the sea fog. The light on his body dimmed and eventually disappeared, and his face was extremely pale.

“Is this really still the inside of the altar? Why are there so many random things?”

Yunxiao took a deep breath and adjusted his breathing. He began to have some doubts. At this moment, the only evidence that supported his belief that they were still inside the altar was that there was no blood Moon in the sky. The Blood Moon could be seen in any place in the world, and since it could not be seen now, it meant that it was still on the moon.

The huge mountain was in front of them, but they didn't dare to approach it. It was very likely that the exit of this foggy sea was in the mountain.

Yunxiao fell into deep thought when he suddenly saw a beam of light flying over from the distance, also heading toward the giant mountain. He took a closer look and saw that it was Chen kaihong!

it's indeed a directional teleportation. If Chen kaihong is here, then the rest should be in this sea of fog as well.

Yunxiao was overjoyed. It would be much safer if he could gather everyone's strength. However, he did not have a good way to gather everyone, so he could only rely on their own luck.

“Bang!”

A few thousand meters away, Chen Kai Hong was also sent flying by the ape, causing a huge tremor that was even more intense than his previous attack.

Yunxiao flew forward for a distance, then retracted his lunar pupil and hid himself quietly. He only opened his primordial heavenly eyes to watch the battle from the side.

Chen Kai Hong also seemed to have discovered the strength of the ape, and his expression did not look too good. However, he did not panic, and only stared at the sky, fully alert.

The ape's huge nostrils snorted heavily a few times, looking a little unconvinced. Its body squatted slightly, and its legs kicked hard, making a huge vibration. Its body shot out, and it roared as it threw a punch at Chen Kai Hong.

There was no technique to this punch, and it was purely based on absolute power. The entire space was like a rag that was grabbed by his hand, completely twisted out of shape.

Under the might of this punch, any possibility of escape was completely suppressed. The only way was to resist.

Chen Kai Hong's expression turned extremely ugly. He gritted his teeth and unleashed all of his potential. His hands quickly formed a series of hand seals, and a golden treasured saber burst out of his body. He threw a punch around his body, and his weapon's aura started to beat like a heart. The entire space that had been suppressed seemed to loosen up, and it started to tremble at the same frequency.

“Unparalleled heavenly blade, breaking ten directions!”

Chen Kaihong's expression returned to normal. His right hand grabbed the hilt of his blade and slashed down fiercely. A huge blade shape appeared in the sky above him, and it also slashed down fiercely.

...

"Boom boom boom!"

The saber-shaped slash landed on the ape's fist and immediately produced a mountain-splitting sound. The violent energy formed a whirlwind and blew in all directions.

Yunxiao was also knocked back more than a hundred meters by the whirlwind before he could stabilize himself.

The power of Chen Kaihong's saber was actually comparable to the ape's. Yunxiao secretly cursed him for being an old fox. These people had hidden their true strength very well, and they would not reveal their true strength unless it was a critical moment. Even now, he did not think that Chen Kai Hong had used his full strength. If he had, he would have been able to suppress the ape.

The ape's punch was not effective, and its entire body was shaken down. It stood in the mountain and roared repeatedly, venting the anger and unwillingness in its heart.

Chen Kai Hong held his blade in one hand, his expression grave. He stood in the air with an awe-inspiring presence, and walked towards the huge mountain step by step.

"Roar!"

The ape roared with all its might, and sound waves rushed out of its mouth. The frequency of each sound wave was different, and they stacked on top of each other, forming a sense of layering.

On the other hand, Chen Kai Hong's expression changed drastically, and his face turned red in an instant. Although the sound wave could not directly injure him, it caused the qi and blood in his body to surge, and his Yuan Qi began to show signs of disorder, and it was getting stronger and stronger.

Yunxiao was deeply affected. He had been injured by the ape's punch, and the indiscriminate attack of the sound wave had worsened the injuries in his internal organs. He was about to show himself and resist the sound wave with the dynasty Bell, when he suddenly focused his primordial heavenly eye and saw two other beams of light flying toward him from afar. At last, he held back his urge and did not show himself.

"Lord Kai Hong, this is a Suan ni!"

...

The two rays of light had just rushed out of the sea fog when they saw Chen kaihong and the ape. They immediately understood what was going on.

Chen kaihong was also struggling to resist the power of the sound wave. He was also waiting for help. If he used his full strength, he might be able to chase the ape away, but he would definitely end up with serious injuries. In this strange environment, once he was seriously injured, his chances of survival would be greatly reduced.

Chen kaihong also wanted to know if there was anyone else here besides him. When he heard someone shouting, he was overjoyed. He turned around and saw that it was Cheng haomiao from the Soul Eater race, as well as another expert from the Soul Eater race.

"So it's nephew Hao Xiang. Quickly help me chase away this ape!"

Cheng haomiao and the other person were both two-star martial sovereigns. Although they were not strong enough, it was better to have someone's help than to fight alone. Even if they were to be cannon fodder and absorb some attacks, it would be fine.

The qi and blood in Cheng haomiao's body were also tumbling, and there was a faint taste of blood in his throat. It was extremely uncomfortable, but he did not act rashly. He chuckled and said, "A monster beast that even Sir Kai Hong can't defeat, the two of us attacking is just scratching an itch across space, it's of no use."

Chen Kai Hong's expression changed slightly, and he snorted coldly, " "Since that's the case, then let's continue to waste time. Let's see if you two juniors can last longer than this old man."

He deliberately suppressed the chaotic Qi in his body, showing an uncaring look, and even hummed a few lines of song.

Chapter 922-entering the mountain

This time, Hao Miao and the other man's faces finally turned ugly. Although they did not believe that Chen Kai Hong would be completely fine under such a sound wave attack, it was certain that he would last longer than them.

"I hope that Lord Kai Hong will drive this ape away. The two of us will do our best to help!" Cheng Hao Long smiled bitterly.

"Hmph!"

Chen Kai Hong snorted heavily, showing his unhappiness. However, he would not really be calculative at this moment. He only wanted the two of them to put in more effort. Thus, he said coldly, I'll break this sound wave attack. The two of you, help me from the left and right. If anyone doesn't use their full strength, I'll just turn around and leave.

"Definitely!"

The two of them had cold sweat all over their faces, and they didn't dare to overstep their boundaries.

Only then did Chen Kai Hong circulate his essence force. The Golden Saber in his hand let out a clang, and his entire body became one with the saber Light. He slashed down from the sky, directly splitting the entire sky into two!

The frequency of the sound wave was instantly broken, and it became noisy and ear-piercing. Although it was more unpleasant to hear and hurt one's eardrums, it did not have the effect of shaking one's soul and stimulating one's qi and blood.

Cheng haomiao and the other Soul Eater were overjoyed. They turned into two rays of light and attacked from the left and right according to Chen kaihong's instructions.

Taking advantage of the vast expanse of soul devouring flag, the yellow rank Golden Soul slave rushed towards the giant ape to devour it. The entire spirited mountain turned cold and dark in an instant. The ape was stunned for a moment and looked at the soul slave with a trace of fear. It was obvious that it was also afraid of this kind of ghostly thing.

Chen Kai Hong had already dispelled the sound wave. The ape immediately stopped its sound. A ray of light condensed on its fist and smashed towards the soul slave, instantly dispersing the dark sky.

Cheng Haoxiang's mind was shaken, and he spurted out a large mouthful of blood on the spot. He was sent flying along with the soul devouring banner.

The other Soul Devourer made a hand seal and muttered the incantation. His entire body began to turn demonic as a faint power surrounded his body. An extremely long tail appeared, and his back was covered in scales. His hands formed the shape of a Dragon.

The moment Cheng haomiao was sent flying, a huge demonic shadow appeared behind the Soul Eater, and its actions were in sync with his.

"Soul battle technique-ghost weep!"

A surge of power rushed out from the man's body and turned into the body of a huge demonic beast, which pounced on the ape with a ferocious look.

Yunxiao watched quietly in the sea fog, his eyes flashing with a gleam. He had also cultivated soul techniques, but their effects were far inferior to the true techniques of the soul Devourer race. At this moment, he was constantly pondering and comprehending them.

The person who had fused with it was a descendant of a sub-Dragon, or one of the earth dragons, which was also an extremely powerful ninth-rank existence.

“Roar!”

The ape opened its mouth wide and roared in anger. Just the might of its voice was enough to disperse the power of manifestation. As it jumped up with its legs, it used its head to push up and dispersed the surging power with a loud bang. It seemed to be affected to a certain extent as the hair on its entire body stood up, and it looked like it was about to go berserk.

After the attack, the Soul Eater clan member's aura plummeted and he became extremely weak. Blood flowed from the corner of his mouth as he shouted with all his might, “Lord Kai Hong, why aren't you moving!”

Chen Kai Hong had originally planned to attack, but after the ape went berserk, the aura on its body became even more overbearing and brutal, causing him to be stunned. He retracted the blade light that was condensed in his hand and said indifferently, “I know when to act, I don't need your command. The ape's aura is extremely chaotic right now, and it's at its peak. We can't fight it head-on with our strength, so why don't we wait for the others? There's only one such mountain in the entire mist sea, and the others will soon arrive. It won't be a problem for us to capture the ape.”

Cheng haomiao and the soul Devourer were so angry that they almost vomited blood. ‘You should have said so earlier that you wouldn't attack. You've caused us to be injured, and now you're saying that it's not appropriate to attack. I'll f * ck your entire family's ancestors!’

However, the two of them didn't dare to raise any objections. After revealing resentful expressions, they distanced themselves from the ape and quietly stood on the sea of fog to regulate their breathing.

The ape did not seem to dare to rush out of the giant mountain. It only stood in the mountain and roared a few times. It slowly quieted down and continued to stare at the fog with an ominous glint in its eyes, as if it was The Guardian God of the giant mountain.

The whole area fell silent all of a sudden, and only the sound of the waves below could be heard. They were all circulating their Qi and regulating their breath. Among them, Cheng haomiao and Yunxiao were the most seriously injured.

After a while, someone finally came and coughed. "Cough, cough, cough, what are you guys doing? You didn't move at all, so I thought you were all dead. I was so happy that I wanted to collect your souls, but I found out that you were alive."

"Martial uncle!"

Cheng haomiao suddenly came back to his senses and said with joy, "Uncle-master is finally here!"

The other Soul Eater race member also had a look of joy on his face. With the buguang around, it would not be a problem for them to take down the ape together. Furthermore, they would not be bullied by Chen Kai Hong.

Chen Kai Hong's expression changed slightly, and he laughed awkwardly, "Brother guangliang, you've come at the right time. The two disciples of your sect and I were blocked by the demonic ape and couldn't enter the mountain. Now that brother guangliang is here, there's nothing to fear."

Not only that, but a skinny figure also appeared from the sea fog. He chuckled and said, how can I do that? my soul slave is still sleeping. I don't have the strength to even truss a chicken. I need brother kaihong to protect me.

Hmph, you can cross this sea of fog without the strength to tie up a chicken. If you have the strength to tie up a chicken, Won't You Be able to kill us with a raise of your hand? "

Luo yuankai's disdainful voice came from the fog, and then his figure gradually appeared.

Chen Kai Hong was overjoyed. brother Yuan Kai is here as well. This time, it will be easy to capture this ape. It will be a piece of cake.

Luo yuankai looked around and said, "Why don't we wait for everyone else? although this Sea Fog is mysterious, it's not dangerous. On the contrary, this giant mountain gives me a feeling that it's not simple."

The three monks didn't have any water to drink, and no one was willing to put in more effort, so they continued to wait there.

Yunxiao sighed inwardly in the fog. These people from the seven major sects were all powerful, and each of them was like a dragon, but once they joined forces, they would be like insects.

He continued to adjust his injuries in the fog. After an unknown amount of time, he faintly heard a conversation and came back to his senses. His injuries had recovered by 50 – 60%, and there was basically no big problem.

At this moment, almost half of the people had gathered. However, the three from the long family were nowhere to be seen, while only two from the beiming family were present.

Chen Kai Hong seemed to have lost his cool, and said, "Everyone, do you still want to continue waiting? Heaven knows how big this sea of fog is. Perhaps some people will be teleported tens of thousands of miles away and won't be able to make it back in their lifetime."

the key to this sea is that we can't see. It shouldn't be that big. We're not too far away from each other. The rest of them shouldn't be too far away either. I'm afraid they've encountered something we haven't encountered.

Chen Kai Hong said, " beiming Tongfang hasn't appeared either. It's best if he dies in this fog sea. I suggest that we chase this ape away and enter the mountains first. If there are still people coming after us, they'll naturally be able to find a way to catch up.

When the two men from the beiming Dark Palace heard this, their faces turned ashen with anger, but they did not dare to make a sound. Chen kaihong seemed to intentionally or unintentionally glance at them, and they were so frightened that they quickly shut their mouths.

Luo yuankai also nodded in agreement. that's good. We can't wait any longer. It's been more than a month now, and I'm afraid the world will close at any time. Let's hurry.

Chen Kai Hong said: " that's right. If we work together, we will be able to take care of this ape in less than one round.

Everyone's aura burst out at once, linking with each other, forming a huge Qi field that dispersed, even the fog was dispersed.

The ape in the mountain was shocked. Its eyes were filled with horror as it growled in a low voice. It couldn't help but take a step back. Under such an aura, it was also afraid.

"Hmph, weren't you very impressive and awesome just now?"

Cheng Haoxiang hated it the most. With a flash of killing intent in his eyes, he opened the soul devouring banner in his hand and slashed it out like a huge blade.

Everyone started to move one after another, all kinds of ultimate moves bombarding down.

The ape jumped up in fear and quickly fled into the mountains. It didn't dare to take the attack head-on. A wave of attacks rained down on the mountains, shaking them violently. The ape also fled without a trace.

Luo yuankai looked in the direction that the ape had fled and said, "That ape has been escaping all the way up. The passage to leave this place should be this mountain. Let's go up the mountain and take a look."

...

Everyone finally entered the mountain and felt the water-like spiritual Qi. One by one, they flew up along the mountain path, the top of which directly reached the sky, and no one knew how deep it was.

After entering the mountain, his divine sense had also recovered. From time to time, he could feel powerful auras moving in the mountain. Some auras seemed to be checking on them, but they were all in peace. No demonic beasts jumped out to cause trouble.

"There's a restriction!"

Luo yuankai was suddenly startled and hurriedly shouted, causing the entire team to stop.

In front of them, there was a flash of light. There was a barrier in front of them, and light was flashing on it.

Luo yuankai shot out a beam of light from his finger, trying to test the waters.

The ray of light passed through the restriction without any hindrance. It did not seem to be very powerful.

Luo yuankai frowned. He still seemed worried. He took out a bamboo tube and gently opened the lid. Three golden beetles immediately flew out and lay motionless on the lid.

Luo yuankai drew a symbol in the air and sent it into one of the beetles. The beetle immediately buzzed and flew up to the light of the restriction.

The beetle slammed into the restriction with a " PA " sound and was directly bounced back. It flew over again, and after a few consecutive hits, it was directly bounced back without exception.

Luo yuankai frowned and said, " "As expected, there's a name to it."

...

After a few failed attempts, the beetle flew back under his control and returned to the bamboo tube.

Chapter 923-breaking restrictions

"Lord Yuan Kai, you can come to a conclusion with just one beetle?" a warrior could not help but ask.

Chen Kai Hong glanced at the man and said, "Brother Yuan Kai's insect controlling technique is unparalleled in this world. Those three beetles are enough to take your life. If you don't believe me, you can try."

The man's face was clearly filled with disbelief, but he didn't dare to say anything in rebuttal and tactfully retreated to the side.

One of them said, "it seems like this restriction is specially set up for living beings. Even attacks can be filtered through. It seems like it'll be a little troublesome to pass through.

Everyone turned their heads to look at the person who spoke. Cheng Haobo was stunned for a moment before he said, "Li Yunxiao? When did you come?"

hehe, " Yunxiao laughed. a small figure like me just has a low sense of existence. I can't help it.

"I'm afraid young master Yun was already there when we attacked the demonic ape, right?" Cheng haoxi said sarcastically. Don't think of yourself as a small figure and don't do anything."

I don't like what you're saying, brother haomiao, " Yunxiao snorted. if I don't want to help, why should I stand out now? "

"Young master Yun, do you have a way to pass this?" Luo yuankai asked.

It was only then that everyone remembered that he was an eighth-tier Alchemist, and they were overjoyed.

Yunxiao looked around a few times, then walked up and gently touched it with his hand. The light of the restrictive spell suddenly lit up and flicked his hand away.

He placed his right hand in front of him and began to think. Then, he cast a few hand seals and flicked them on the restriction. A small strange talisman appeared and then disappeared.

After that, he cast dozens of spiritual arts in succession. Every time he did so, the restriction would light up and form a strange array. It was as if he was drawing a Grand scroll.

A moment later, Yunxiao finally stopped and said, "it's almost time. Whoever has extra ninth-tier profound armaments can borrow them to break the formation.

Everyone looked at each other. Ninth-tier profound armaments were their lifeblood. Some people didn't even have one, so how could they dare to lend it to others at will?

in terms of ninth-tier Mystic artifacts, all of us combined might not have as many as you, li Yunxiao," Cheng haoqi said. how can you ask us to lend you? "

I have a lot," Yunxiao said. but I don't have any extra.

Chen Kai Hong seemed to have noticed something and said, "Young master Yun, are you trying to break an array with an array?"

Yunxiao nodded and said, "that's right. This restrictive spell is really difficult to understand, and we don't have much time to study it. We can only break it with an array. I've already laid out a small inverted array on this restrictive light, and I need a profound artifact as the eye of the array. It is very likely to be destroyed when I break the array.

"Destroy it?"

This was something everyone treasured and it was impossible for them to take it out. To destroy a ninth tier profound armament, this price was something no one could afford.

Chen kaihong frowned and said, "anyone's ninth-tier profound armament is a life-and-death cultivation. How can there be an extra one? can't an eighth-tier one work?" I do have an eighth-grade treasured saber here that I used in the past. Now, I only have some nostalgia for it. If it's useful, I can contribute it.
"

if I have a ninth-tier Mystic artifact as the eye of the array, I'm very confident that I can break this restrictive barrier," Yunxiao said with a frown. but if it's only an eighth-tier Mystic artifact, I'm not so sure.

Chen Kai Hong replied: " let's give it a try. Who would take out their own ninth tier profound armament and destroy it? "

A Golden Saber appeared in his hand with a flash of light. His eyes revealed a trace of pity as he handed it over with both hands.

Yunxiao took the saber and gave it a look. Then, he said with a wry smile, " "And it's mid-tier? Even if it's an eighth tier, shouldn't it at least be a top eighth tier profound armament?"

Hmph, it's easy to say. Even I don't have a top eighth tier profound armament.

A warrior immediately complained, as if a full man didn't know the hunger of a hungry man, I'm a three-star Martial Emperor, but I only have one eighth-tier medium-grade profound armament.

Yunxiao pondered for a moment, then placed the Golden Saber in the air and sent a stream of flame over to burn the blade.

Then, a pile of materials appeared in his hand. He picked a few and threw them over, then began to cast one alchemy spell after another.

Before this, no one understood what he was going to do, but now they all reacted, and their faces were all filled with shock.

Yunxiao was actually going to refine the grade of the Golden Saber on the spot!

Even Chen Kai Hong himself was shocked. He could not believe it.

In order to improve the level of this Golden Saber, he had collected a lot of materials and gone to those proud alchemists. After begging for a lot, those alchemists reluctantly agreed. After paying the sky-high Alchemy fee, they failed and returned the saber, all the materials and alchemy fees gone down the drain.

From then on, he had completely given up on upgrading his Golden Saber. He had never thought about it until he became a four-star martial sovereign and became the absolute mainstay of the red moon City. Only then was he able to get a level nine Golden Saber from the higher-ups.

In other words, he had always been using this mid-tier level eight Golden Saber before he became a four-star Martial Emperor.

How could he not be shocked when Yunxiao had upgraded on the spot with nothing?

He was not the only one. All the Warriors present had been observing the alchemists' expressions all the way here, and they knew the difficulty of refining profound level weapons. They also knew that it was not an easy task and the failure rate was extremely high.

forging an artifact at such a critical moment?" Cheng Haobo could no longer hold back. young master Yun, you're joking!

A disciple of Beiming Dark Palace snorted and said, " "This person is used to doing whatever he wants, sooner or later he will cause a great disaster!"

Bu Guangliang's eyes also revealed a look of shock, but he laughed a few times and said, " it seems like he's very confident in his art cultivation!

After Chen Kai Hong looked at it for a while, his heart trembled, and he said, "Everyone, please be quiet. It's good to let him try. After all, this is related to everyone's progress. Even if he fails, it doesn't matter."

The disciple of Beiming Dark Palace complained, "Hmph, it's not that I don't want him to try, but I'm wasting everyone's precious time."

Although the crowd was dissatisfied, since Yunxiao had already begun, they no longer said anything, so as not to affect the breaking of the seal.

Yunxiao did not say a word from the beginning to the end. With his current strength, it was not difficult for him to upgrade the Golden Saber to the advanced eighth-tier, and as he kept casting magic arts, the aura of the Golden Saber began to grow stronger.

Everyone present was an expert from the nine Heavens. Naturally, they were sensitive enough to sense Golden Sabre's change. They were all shocked.

The Golden Saber was constantly being refined, and its aura had been raised to the high eighth-rank. Then, the weapon accumulation began to vibrate, and the speed became faster and faster. The Golden Saber shone brightly, and it had undergone a completely different transformation from before. It was as if it was brand new!

Chen Kai Hong suddenly sucked in a breath of cold air and said in shock, "Yingying advanced just like that?"

Yunxiao's clothes were already soaked, but he kept staring at the blade without blinking and sending incantation gestures into it. It's already at the high level. I'll try to see if I can refine it directly to the peak of the eighth level. It's a one-time consumable item anyway!

The speed of his hands became faster and faster, and soon, he had turned into countless figures, leaving behind afterimages.

After the transformation of the weapon accumulation, the aura of the Golden Saber's saber ray began to rise again.

Everyone was completely dumbfounded. It wasn't like they had never seen artifact refining before. It seemed to be an extremely solemn ceremony with a large number of assistants assisting by the side. Furthermore, they had activated array disks or cauldron artifacts. It was like a pilgrimage, and the failure rate was extremely high.

Every time they asked for help from alchemists, they would pray, but most of the time, they would be heartbroken.

...

This time, Yunxiao's artifact refining seemed to be as casual as eating, and they were all mocking him from the side, but the result seemed to be the opposite.

"It's almost time!"

Yunxiao suddenly said, his eyes very serious. The Golden Saber was in an extremely unstable state at the moment. Although it had been forcibly raised to the peak of the eighth-tier, he had completely stimulated the saber's potential, and it could break at any time.

"Go!"

With a light cry, he cast a spell, and the Golden Saber instantly flew over. As soon as it touched the restrictive light, it was blocked, but with Yunxiao's minor reversal formation on it, it was immediately hindered and suspended in the air.

Yunxiao then formed a seal with both hands and pushed it out, hitting the Golden Saber.

An extremely dazzling light bloomed out from the Golden Sabre. Then, all the talismans and arrays he had laid down were activated, releasing endless energy. With the Golden Sabre as the center, the energy started to spin, getting bigger and bigger.

The entire sky brightened up in an instant. The terrifying aura emitted from the Golden Saber spread in all directions, devouring the restrictive light like a flame.

Everyone couldn't help but retreat, afraid of being affected. However, the power of the Golden Saber continued to spread on the restriction and didn't rush out.

A moment later, the Golden Saber broke with a bang and fell down as a piece of scrap metal.

go! Yunxiao suddenly said, " go over there quickly! This restrictive light is too strong and endless. I don't know where the source is. I only burned a big hole now, but I'm afraid it will recover by itself after some time!"

...

He was the first to turn into a ray of light and rush through the light of the restriction, landing above it.

The rest of the people were also overjoyed and immediately rushed over. Sure enough, after a while, the restriction was restored at a speed visible to the naked eye.

At that moment, everyone looked at Yunxiao with a different look of respect.

young master Yun, you are indeed worthy of the title of an eighth-tier Alchemist, " Chen kaihong said. you are even better than ordinary eighth-tier alchemists. Your future achievements are inestimable!

Yunxiao smiled and said, " I'm flattered. Let's go. It's rare to come to the immortal land. If we don't hurry, we'll be there soon.

At this moment, Yunxiao's status had suddenly risen to the same level as Chen kaihong and the others. The others all agreed politely and continued to run toward the top of the mountain under the lead of a few people.

There were no more obstacles along the way, and even the aura of demonic beasts no longer existed.

Soon, Yao Yao saw a Grand Hall at the top of the mountain. It was shining with light and the clouds in the sky were all dazzled.

"The power of extreme yang!" Luo yuankai exclaimed.

The peak of the mountain was actually the top of the altar. The power of extreme yang hung high above, illuminating the surroundings!

Chapter 924-returning to the Jun courtyard

The power of extreme yang shone down from the top of the palace. The entire mountain peak was under the scorching power, and even from afar, one could feel their hearts palpitate.

Luo yuankai looked at the extreme yang light in horror and said in surprise, "Just what kind of Supreme treasure is at the top of this Palace that it can emit such a powerful force? if it's obtained by someone, wouldn't that person be able to dominate the world?"

Chen Kai Hong's heart also thumped as he muttered, "this light seems to be approaching the sun. We are all shocked when we look at it from afar. How do we enter the palace?"

Everyone became anxious. They stood in the distance, and the extreme yang couldn't shine on them. Even they felt a wave of scorching discomfort, let alone directly stepping into it.

"Is the power of extreme yang really that terrifying?" Cheng haomiao could not help but ask.

Bu guangliang said indifferently, "this thing is a variant of rule force. It's enough to resist the Emperor Qi of the nine Heavens. If it's extremely strong, even the Emperor Qi can't resist it.

"This place is about 500 meters away from the entrance of the main hall. It shouldn't be difficult to hold on," Luo yuankai said in a serious tone.

He raised his aura to its strongest state and suddenly turned into a ray of light and rushed out. A strong light flashed in the air and ignited into flames. Luo yuankai's entire body was directly sent to the opposite shore, but he had already turned into a man of fire. He hurriedly circulated his origin power to shake off the flaming Qi and was safe and sound.

However, most of his clothes had been burned off, and half of his body had turned black. Most people were shocked to see him in such a sorry state even with his strength.

Luo yuankai said from afar, " although he's very strong, as long as he's not too late, nothing will happen. Come over!

Only then did everyone feel a little relieved. They began to fly over one by one, all of them unleashing their defense and speed to the extreme. All kinds of colorful battle clothes also appeared, and many people still let out blood-curdling screams. By the time they reached the other side, they were all burned to black charcoal.

There was even a Martial Emperor powerhouse from the soul Devourer race who seemed to be restricted by the extreme yang power. In the end, no one managed to make it through and died on the way. The water in his body evaporated instantly and he turned into a dried corpse.

The faces of bu guangliang, Cheng haomiao, and the others changed slightly, revealing shock and cold expressions.

Yunxiao was the only one left outside the hall, and he seemed to be hesitating.

"With young master Yun's abilities, it shouldn't be a problem for you to cross this region, right?" Chen kaihong asked.

Yunxiao thought for a while, resting his chin on his hand. He had seen everyone rush over just now. "I'll try. It doesn't seem to be as difficult as everyone thinks. Perhaps I can find a simpler way."

"Oh? Then we'd like to see what other methods young master Yun has."

Cheng haomiao said coldly. He was in a bad mood after losing an expert of the soul Devourer clan.

Yunxiao snorted and ignored him. He slowly condensed a cloud of water vapor and formed a thin layer of ice over his body, then walked into the extreme yang.

"Ha, you want to use that little bit of ice as the power of extreme yang? Does he think that he's cultivating the ice true Qi of our beiming Dark Palace?"

A disciple of beiming Dark Palace sneered in disdain.

Everyone's faces were also full of contempt, waiting to see him get burnt.

Yunxiao stepped into the extreme yang zone, but he did not fly away quickly. Instead, he stopped for a moment, and then slowly walked forward.

"Ah? What?"

"What's going on with Yingluo?"

Everyone was instantly dumbfounded. Their eyes widened so much that they almost fell out of their sockets. Disbelief was written all over their faces.

The layers of ice that appeared around Yunxiao formed a thin ice Armor, but there were several of them. Moreover, they were not simply attached to his body, but had been precisely condensed into a complex prism structure. Most of the extreme yang light was refracted away, and not a single one fell on him. All he had to do was keep maintaining the ice Armor with his primordial energy.

Even though the ice Armor was being consumed at an extremely fast rate, Yunxiao's power was enough to maintain it for half an incense stick's time.

Everyone present was an expert. They immediately discovered the secret behind this. Their faces darkened one by one. They had been burned into black charcoal, and some people had even died because of this. However, he was still walking leisurely under the extreme yang. His steps were so relaxed that he was even skipping. It was very pleasant.

Cheng haomiao's face was ashen, as he gritted his teeth and said, Li Yunxiao, you came up with such a wonderful idea, but you didn't say a word and killed an expert of my sect. You're really vicious!

Yunxiao rolled his eyes at him and said, "I thought of this method when I watched you fly. Besides, there is no precedent. Who would dare to try it?" If he dies, he can only blame his cultivation for not being strong enough. Don't you feel bad calling me vicious?"

Cheng haomiao was dumbfounded. He knew that he could not win in an argument against Yunxiao, so he gave him a fierce glare and said nothing more.

Luo yuankai gave Yunxiao a deep look, feeling more and more terrified of him, but he did not show it on his face. "Since everyone is here, let's go in."

The main hall was Grand and dignified, supported by a row of pillars. There was no door, and it led directly to the inner hall.

After walking through the long corridor of the front hall, everyone's eyes immediately lit up. They saw a large pavilion in front of them, faintly sitting in the spiritual light. From a distance, it looked like a celestial realm.

There was a passageway that led directly to the pavilion. On both sides of the passageway, there were a pair of bronze terracotta soldiers every ten meters. They seemed to be guarding the front.

Chen Kai Hong was overjoyed, "it's such a large area of buildings. I can see that there seems to be a restrictive light on every building. How can the people of Red Moon City obtain all of them?! I don't know where that Tian si is hiding, but it'll all depend on your luck. Members of the blade sect, follow me!"

He immediately turned into a ray of light and flew toward the buildings. The few martial sovereigns from the blade sect followed closely behind.

The people from the other sects were equally matched, and they could not wait to catch up. Soon, Yunxiao was the only one standing in front of the passage.

"You've gone through so much to get here, and yet you're still so calm. That's quite rare," the demonic Dragon said.

Yunxiao laughed. according to the records of the city Lord of Red Moon City, Tian si is fleeting and untraceable, and only Yue Tong can find it. These people are just reading with the Crown Prince. Even Jiang Churan may not be able to find it.

His eyes flashed and the moon pupils immediately appeared in his eyes. He looked at the building and there seemed to be a strange feeling in the front left. It was as if a soft call was surging in his heart.

Yunxiao was slightly taken aback, and his lunar pupils immediately disappeared. His face was filled with horror. After so many years, was the so-called Tian si really still here?

He muttered to himself for a moment, then immediately headed in the direction he had sensed earlier. It was an unremarkable little courtyard, but unlike the surroundings, there was no light of restrictions.

“Eh? Could it be that the people of the red moon City have already found this place?”

Yunxiao was taken aback. He quickened his pace and walked into the courtyard, where the sound of trickling water could be heard.

Not only that, but three figures were also in the courtyard. They turned around at the same time and saw the three people from the long family.

A hint of shock flashed through Yu Zhuo’s eyes, but he quickly recovered and smiled, “Oh, young master Yun? You’re here too.”

Yunxiao asked in surprise, ‘brother Yu Zhuo has arrived long ago? Could it be that there’s another path that leads to this place without going through the mountain?’

“A giant mountain?”

Yu Zhuo chuckled and said, “ we don’t know what mountain it is. We just randomly walked around the fog sea and ended up in this Palace. There should be many paths. He narrowed his eyes and asked, “ there are many palaces and buildings here. I can’t count them one by one. Young master Yun, why are you so interested in this unremarkable huanjun court? ”

“Oh? Is this courtyard called the sovereign courtyard?”

Yunxiao looked up at the strange characters on the plaque in the courtyard and laughed in surprise. "I just came here casually. But brother Yu Zhuo, you actually recognize the words of the eye race?"

...

Yu Zhuo was shocked and knew that things were not looking good. However, he quickly smiled and said, "I just felt that these words were somewhat similar, so I just casually called them out."

Yunxiao sneered in his heart, but he still said indifferently, "So it's just casual. Then let's just walk around."

Yu Zhuo awkwardly laughed a few times, then began to pace around the courtyard, but his heart was filled with anxiety.

Yunxiao also began to observe carefully. He was now very sure that there was something strange about the courtyard, but he did not know why Yu Zhuo was here. The three seemed to have been here for a long time, but they did not seem to have found anything.

After a while, Yu Zhuo finally couldn't help but say, "There's nothing here, so there's nothing to see. Let's go elsewhere. After all, time is limited, so don't delay the treasure hunt."

Yunxiao said with a smile, "brother Yu Zhuo is right. You can go first. I encountered a demon beast on my way up the mountain just now, and I've been injured. It's just nice that this place is quiet, and I can heal my injuries.

Yu Zhuo's expression changed slightly. He took out a Scarlet pill and handed it over, saying, "I have a holy healing pill here. Young master Yun, you'll definitely recover after taking it. You'd better leave quickly and not delay the treasure hunt.

Yunxiao took the pill and put it away as he said with a smile, "It's fine. I still have a few profound level weapons on me. Brother Yu Zhuo, you can go first."

Yu Zhuo's anger surged and he snorted, "How many profound level weapons do you have? You're just a nine-stars martial Supreme, why are you being so generous? As one of the seven super forces, the long family of Sky Ridge has countless profound level weapons. I don't care about them. You'd better leave quickly!"

I'm an eighth-tier Alchemist," Yunxiao said with a smile. treasures are not attractive to me. Brother Yu Zhuo, you'd better go and do your work. Don't worry about me.

The other long family member finally couldn't take it anymore and said angrily, Li Yunxiao, what will it take for you to leave?"

...

Yu Zhuo's aura also became a little violent. He coldly said, "Li Yunxiao, I think you're a rising star, and I want to make friends with you. Since you've already taken my pill, how can you still be so thick-skinned and stay here? If you don't leave now, don't blame the long family for being unfriendly!"

The three of them immediately surrounded him, releasing their Qi slightly. A wild and brutal Qi rushed over, and all of them had unfriendly expressions.

Chapter 925-main hall

Yunxiao chuckled as he took a few steps back and said, "I've always thought that brother Yu Zhuo was a straightforward person. How did you become so full of schemes?" His smile disappeared, and he said seriously, "If I'm not wrong, this huanjun courtyard might lead to the place where tiansi is."

Yu Zhuo's face flickered, and the other two men immediately took a few steps to the left and right, blocking all of Yunxiao's escape routes. With only one order, they immediately killed him.

With a faint smile on his face, Yunxiao said, "Heaven's thoughts can only be obtained by those who are fated to. Brother Yu Zhuo has probably been here for a long time, but has not been able to grasp the main point. Why don't you tell us what you know so that we can all study it together?"

One of them shouted,"even if it's obtained by the fated, it will never fall on you, a mere martial honor. Knowing more will only add to your troubles." Now that you've spied on our secret, it won't be easy for

you to leave. This is called “you won’t die if you don’t seek death!”” One of his hands had already turned red, as if he was brewing some ultimate skill.

Yunxiao was on full alert. The three men were extremely strong, and they had not even used their full strength in the battle with Liu Luan. brother Yu Zhuo, do you really want to fight me? ”

“A battle? Tsk, do you even have the right to do so?”

The other man shouted coldly with a face full of disdain. In his eyes, the person in front of him was just a piece of cake.

Yunxiao ignored the two men’s sneers and stared coldly at Yu Zhuo. He was the backbone of the long family.

Yu Zhuo pondered for a while, then gritted his teeth and said, ” “Alright, there’s no harm in telling you.”

“Lord Yu Zhuo, this bi an ...”

what’s going on? ” one of the long family members was extremely anxious. This was clearly no small matter. Yu Zhuo’s decision had exceeded their expectations.

Yu Zhuo also knew the seriousness of the matter, so he interrupted the man with a gesture, then said to Yunxiao, ” “Just as you said, tiansi was obtained by the fated. Now is not the time to compete in strength. Perhaps with your luck, you might be able to help us find tiansi.”

Yu Zhuo waved his hand. Although the other two were extremely unwilling, they still stopped, retracted their energy, and quietly stood to the side.

Yunxiao breathed a sigh of relief in his heart and said with a smile, ” “That’s a correct decision, but I’m very curious, where did you all obtain this information about Tian si? what kind of existence is this Tian si, and what will you do after obtaining it?”

Yu Zhuo frowned. it's not that I can't tell you, but you have to tell me first. There are so many buildings here, so why are you only interested in this Jun family courtyard? "

simple! Yunxiao smiled. it's easy! The immemorial heaven's eye on his forehead suddenly opened and he said with a smile, " because I have this eye in my body, which is also considered an item of the eye race. I felt that there was something strange about this place when I looked around, so I came over.

Yu Zhuo was stunned for a moment, then he hurriedly said, " "Can you see anything else?"

Yunxiao looked around with the immemorial heavenly eyes, but found nothing unusual. He could only shake his head.

Yu Zhuo immediately revealed a disappointed expression.

After a moment of silence, he slowly said, " "This huanjun courtyard is the way to where Tian si is. This is a shortcut. If we don't go from here, there may be other paths, but they are even harder to find. We were one day earlier than you, and we have searched everywhere, but we did not find anything unusual."

Yunxiao nodded slightly. He had already scanned the whole yard with his divine sense, but he did not find anything strange. His eyes flickered as he said, " "Since brother Yu Zhuo hasn't found anything even though you've been here for an entire day, why don't we just use force and destroy this place? perhaps we'll find something,"

"Destroyed? You can't!"

Yu Zhuo was shocked. He had never thought of this.

we can't find it anyway, " Yunxiao chuckled. if we continue to waste time, the time will be up. Do you still want to wait for the next time to study it, brother Yu Zhuo? "

Yu Zhuo was stunned for a moment, then fell into deep thought. It was impossible to wait for the next time. Who knew how long it would take for this place to open? there was no pattern at all. It could be a few years, or a few decades. It could even be that it would never open again in this lifetime.

“How do you want to destroy it?” he asked after thinking for a while.

it’s simple,” Yunxiao said. just grind this place flat. If there’s really something going on, we’ll be discovered.

Yu Zhuo and the other two looked at each other and felt that it was feasible, so they nodded in agreement.

Yu Zhuo immediately cast a few spiritual arts to seal off the surrounding space, so as to avoid making too much noise and alerting the others.

after making all sorts of preparations, the four of them flew into the air. Yu Zhuo clenched his fist and formed a fist in the air, then smashed it down.

The fist landed on the ground like a meteor and the entire courtyard exploded. The impact spread out, but all the sound was sealed inside the restriction.

The four of them looked down nervously, afraid that they would miss something or destroy something.

After the force of the explosion dissipated, the small courtyard suddenly became dark. Not only could one’s vision not enter, but even one’s divine sense was completely swallowed.

“As expected, there’s a name to it!”

The four of them were surprised and happy. Just as they were about to go down and find out what was going on, something faintly emerged from the darkness. It was a sharp eye that was staring at the four of them!

“?! This Yingluo ”

The four of them were so shocked that their bodies turned cold. There was no expression in that eye. It was so cold that it seemed to have been there quietly for countless years. It was not a pair of eyes that a living creature should have.

Just as the four of them were in shock, they were shocked to find that they were already in another place. They were standing in a pitch-black Hall, and only the cold metal on the pillars around them would reflect some dim light.

“This Suan ni, is this an Illusion or Reality?”

Yunxiao was horrified. At this moment, even he could not tell whether the situation was real or not. The feeling of the surroundings seemed real and not an illusion.

“Could this be where the core is, where Tian si is hiding?” Yu Zhuo asked in shock.

His voice was filled with joy and excitement as he began to expand his surroundings. Although it was pitch-black, his divine sense and vision were not obstructed, and he could explore without any restraint.

Yunxiao also swept through the hall in an instant, but he found nothing. The only thing that made him feel strange was the material that made up the hall. It was neither gold nor stone, and he had no idea what it was made of, but it seemed to be extremely strong.

“There’s nothing here. How did this happen?”

After Yu Zhuo carefully scanned through it, his expression became dejected. He cried out in surprise, “Could it be that the people of the red moon City have already taken it?”

Yunxiao was also full of doubts. Since the huanjun courtyard had teleported them here, there must be a reason behind it. But, there was nothing in front of them except an empty Hall.

Just as the four of them were feeling extremely dejected, a calm voice was heard, " the people of the red moon City have never entered. You are the first batch.

"?! Who is it!"

The four of them were greatly alarmed and immediately became alert, looking in the direction of the sound.

At the head of the hall, a throne had appeared out of nowhere. A handsome middle-aged man sat there steadily and looked at them with a smile.

Yu Zhuo and the other two were so shocked that their bodies turned cold. They had clearly inspected every inch of the place, but there was no sign of any living being. How could there be an extra person for no reason?

Yunxiao's face turned pale in an instant, and a stream of qi and blood inexplicably surged in his body. The man in front of him was Murong Zhu!

He wasn't as excited as he was when he first saw Murong Zhu. After a slight fluctuation in his emotions, he quickly calmed down. He had never been so calm before. He was like a pool of still water, so calm that it was terrifying.

...

Yu Zhuo licked his dry lips and said, "Who are you?"

Murong Zhu sat peacefully on the throne with one leg crossed and her hands in front of her. Her watery eyes had been sizing up Yunxiao. It was not until Yu Zhuo spoke that she turned to glance at the three and said with a smile, "It doesn't matter who I am. What's important is that I want to talk to him alone. Please make way."

Yu Zhuo and the other two were taken aback. They gave Yunxiao a strange look, which shocked them and made their faces fill with horror.

Yunxiao had no aura at the moment, as if he was a dead man. If not for his eyes, no one would have known that he was beside them. It was an extreme silence that made people feel a trace of fear.

“Gulp!”

The sound of swallowing could be heard. Yu Zhuo suppressed the uneasiness in his heart and said to Murong Zhu, “Give way? We’ve gone through so much to get here, and you think we’ll let you? At least tell us who you are, and whether or not Tian si still exists. If it exists, where is it?”

Murong Zhu smiled indifferently and gave an irrelevant answer, “What do you guys think of this Hall?”

Yu Zhuo was stunned. He glanced around the hall and said, “It’s cold and dark. I don’t like it.”

The corner of Murong Zhu’s mouth slightly rose as she said indifferently, “Since you don’t like it, then why are you talking so much nonsense? If you don’t move, this will be your grave.”

Yu Zhuo and the other two were startled, and they hurriedly circulated their Yuan Qi to raise their guard.

Although they couldn’t see through Murong Zhu’s abilities, the three of them didn’t know why they felt an irresistible sense of fear. After Murong Zhu said those words, an inexplicable sense of danger and even despair welled up in their hearts.

...

The three of them were already drenched in cold sweat.

Yunxiao, who had been as quiet as dead water, suddenly said, “The three of you should retreat. If he makes a move, he will kill you all in an instant.”

Yu Zhuo and the other two were taken aback. Even if Yunxiao had not said that, they would have instinctively felt that this would be the result.

“Young master Yun, please take care of yourself. I’ll take my leave now!” Yu Zhuo hurriedly cupped his fists.

Although Tian Si was important, he was still more important than their lives. The three of them quickly escaped.

At this moment, the Great Hall was restored to its quiet and cold state, leaving only Yunxiao and Murong Zhu, who were looking at each other with four eyes as bright and sharp as stars.

After a long time, Murong Zhu finally spoke, “Yuetong, you’re finally here.”

“Moon pupil?”

Yunxiao’s cold expression suddenly melted as he laughed.

Chapter 926-Tian si

“Laugh? You’re smiling?”

Murong Zhu’s brows slightly rose as she said, “I don’t know what’s so funny, but it makes me happy. It’s been a long time since something fun happened.”

Yunxiao’s smile did not fade, but it was a little painful. “Because you’re not Murong Zhu, I’m happy, but my heart also aches. Who are you?”

“The Murong Zhu You mentioned is this body, right? I’m quite satisfied with this body. I can live here for a while,” Murong Zhu said.

Yunxiao’s eyes grew colder and colder as he said in a cold voice, “Who are you?”

That familiar face, yet an unfamiliar expression, caused a wave of anger to rush up to his bier, and the blood in his body began to burn.

The main hall was instantly filled with a murderous aura and a bone-chilling cold.

Murong Zhu's expression didn't change. He sneered, "Don't you know who I am? Then do you know that the owner of this body died because of you?"

"What?"

Murong Zhu's words struck Yunxiao's head like a Thunderbolt, causing him to retreat in horror and lose his balance. He suppressed the emotions that were surging in his heart and said in anger, "What nonsense are you talking about? Big brother Murong was killed by the red moon City, I saw it with my own eyes!"

"Red Moon City? Hehe."

Murong Zhu chuckled, which made Yunxiao's face turn uglier and uglier, and his heart kept sinking into a bottomless abyss. Scenes of the past flashed through his mind one after another, and some key points seemed to be vaguely emerging.

Murong Zhu's face was filled with contempt. He snorted, "Even though you've changed your appearance, I can still recognize you. You're the man who took away the moon eye in the heaven desolate land that day."

Yunxiao's body trembled, and his heart felt as heavy as lead as he said in a trembling voice, "who the hell are you? what nonsense are you talking about? tell me clearly!"

The last few words were shouted out with all his strength, as if he had used up all his strength.

Murong Zhu looked at him with a mocking expression. She smiled and said, "In fact, you already know who I am in your heart, don't you? The owner of this body was a powerhouse at the peak of the nine-

star level and before the end of martial arts. It seems that there is no more omnidirectional divine realm under the sky. Who can kill him?"

Yunxiao's knuckles cracked, and a force came out of nowhere. His aura turned extremely cold as he said in a cold voice, "Then how did big brother Murong die? Please tell me, tiansi!"

Murong Zhu laughed and said, "you finally dare to admit what you are thinking. As for the owner of this body, although he didn't die directly in my hands, he wouldn't have died without me. Who in the red moon City could have hurt him?"

Yunxiao found it hard to calm down. It was as if the truth of something was slowly being unraveled, and an unbearable answer was waiting for him.

At this moment, he began to calm down bit by bit. He said coldly, "So you're the real murderer who killed big brother Murong?"

you can put it that way. Tian si nodded his head without any hesitation. but the person I want is not him, but you!

A mocking smile could be seen in Tian Si's eyes as he replied, "Knowing that I was going to kill his brother, he, as the Big Brother, stood in front of me without hesitation. He knew that he was going to die, but he did not turn back. Hehe, I'm also very touched by this sentiment."

"Pa!"

Yunxiao's body trembled violently, and the fingers in both hands were broken by him. The blood in his heart was burning like a volcano, and he tried his best to control his emotions, so much so that his whole body was trembling.

Tian si stared at Yunxiao with a gleam of excitement in her eyes and said, "you're probably wondering why I'm looking for you, because you're the last moon eye in this world, and my existence must rely on the power of the moon eye to live forever, and you're my hope for survival."

“Thirty years ago, I was also looking for this last moon eye. It was hiding from me and let you have it. Otherwise, why do you think the moon eye chose you? The moment you obtained this Moon eye, your fate was already decided. As for Murong Zhu’s fate, it was also decided by you thirty years ago.”

A cold smile appeared on Tian Si’s face, “I’m very surprised. In order to protect his brother, he could actually seal me in his body when I broke his martial Yuan. The emotions of you humans are sometimes very terrifying!”

“His martial Yuan has been broken, and his power is constantly leaking. Even if he can temporarily seal me, he can only seal me for seven days at most. Although we were once enemies, I still admire him.”

Tian si spoke slowly, as if he was still immersed in that battle thirty years ago. Those misty eyes, that wild laughter, that life-like martial soul and blood gall, that life-like person, all of them were once again reflected in his mind.

“Do you think it’s worth it to sacrifice yourself for someone else?”

“It’s worth it!”

“Then you only have seven days left to live, how do you want to live?”

“I want to see the person I want to see again. She must be waiting for me under the peach tree.”

Tian Si’s expression became slightly reminiscing, but it quickly returned to normal, carrying a hint of coldness, devoid of any human emotion.

Yunxiao’s body trembled. Some things that he could not understand in the past were finally clear now. Why did Murong Zhu die in Red Moon City even though she had strength no weaker than his? he now understood everything!

He felt as if his body was about to explode as he roared, “Enough, enough! Damn you, you animal!”

Tian si looked at his furious and sorrowful expression and laughed nonchalantly, "You're angry, aren't you? You let your brother die because of you, but you never knew. Now that you suddenly know the truth, do you have a feeling that you want to tear me into a thousand pieces? But, my body is Murong Zhu's. Can you really kill her? Not to mention Zhenzhen."

A hint of mockery flashed in his eyes, and he said in disdain, "Not to mention that your strength is simply trash!"

"Bastard, die!"

Yunxiao roared. The intense pain and grief almost drove him mad. The lunar pupils in his eyes seemed to sense the danger as well, and they emitted a powerful force. Half of Yunxiao's face was filled with blood vessels, making him look terrifying and ferocious.

The thousand Autumns tyrannical saber in his hand absorbed the energy from his body like crazy. It transformed into a roaring Dragon and slashed at the sky.

Tian si replied coldly, "he's already trash to begin with. Now that he's enraged, he can't even withstand a single blow. Even the moon eye is left with such a weak power?"

He did not make any move, but Yunxiao's saber was blocked by a force three feet in front of him. Cicadas kept chirping from the blade, but it could not advance any further!

Yunxiao's mind had been overwhelmed by grief and indignation, and he desperately poured his power into the saber. However, the gap between them was too great, like an ant trying to shake a tree.

Tian si shook her head and sighed, "you were one of the strongest of your generation back then. I didn't expect you to become so weak. How sad. However, for you, I have extended my life for almost thirty years. Murong Zhu should be able to rest in peace now."

He raised his hand and gently pointed with a finger.

"Bang!"

The thousand-year tyrannical saber in Yunxiao's hand was sent flying, and his aura was instantly broken by the force of the finger. He coughed up blood in grief and indignation and fell to the ground far away. His heart was filled with endless sorrow. When had he ever thought that he would be so helpless?

He laughed bitterly.

Yunxiao looked up, his eyes filled with bitterness.

Tian si rose from his throne and came to Yunxiao's side with a single step. He reached out his hand and grabbed Yunxiao's head as he said coldly, "you're not even a martial sovereign of the ninth heaven. No wonder the moon pupil has become so weak. I'll take it after I've enlightened you to the martial sovereign realm!

A strange force came out of Tian SI's five fingers and poured directly into Yunxiao's body from the spiritual altar, forcibly raising his cultivation base!

In horror, Yunxiao activated his imperishable golden body, trying to shake the force out of his body. But, as soon as a golden light emerged, it disintegrated in an instant. Under Tian SI's power, he was like a Mantis trying to stop a chariot, unable to put up any resistance.

...

A strange force rushed into his body, forcibly opening his meridians and pouring into his dantian.

The moon-like pupils in her eyes also flickered with struggle, but it was to no avail, and she gradually yielded to that power.

Yunxiao was in despair. Looking at the familiar and cold face, a stream of tears flowed down his face.

Tian si replied coldly, "will the pain in my heart be reduced if I shed tears in my eyes? Don't be sad, there will be no trace of you in this world soon."

Yunxiao's face was full of pain, and his trembling body seemed to be reluctant to yield to the warmth in his memory.

Do you think it's worth it to sacrifice yourself for others?

It was worth it!

Tian Si's face was cold, and the power in his hands grew stronger. struggling will only make your pain worse and make your death more miserable. The outcome can't be changed, so why do you want to go against fate and refuse to accept your death? "

because if I close my eyes, I can't avenge him anymore! Yunxiao said miserably.

Tian Si's expression did not change, he replied indifferently, "to know after death is a bitter thought, and to be ignorant after death is even more bitter." It's really sad that a peerless expert of his generation is struggling with the powerlessness of life."

Yunxiao's face was completely twisted. The lunar pupil, which had been sleeping under his suppression, seemed to be slowly waking up. The pain in its eyes gradually reduced, and the coldness and fierceness in its eyes intensified.

...

Tian si looked at his blood-red eyes and felt a surge of excitement in her heart.

Suddenly, there was a slight fluctuation in the air, and a ray of light shot over silently. It was not fast, but it was so sharp that he did not dare to easily receive it.

Startled, Tian si involuntarily let go of Yunxiao's head and dodged the attack. Then, he stared out of the hall with a solemn and cold face and said coldly, "It's you? You've finally arrived."

A figure flashed outside the hall and walked into the hall.

The sound of a poem was heard as the man walked. for whom do I live and die, for whom do I speak lightly, a quiet dream breaks what years. Why do we need worldly sentiments, why do we need to force ourselves to be beautiful, when old friends meet with a smile.”

Chapter 927-that name

Yunxiao fell to the ground in pain, his eyes filled with great pain. He struggled to raise his head, and as expected, he saw a familiar figure under the familiar voice.

Tian si stood silently in the air, the coldness in his eyes increasing, ” “Red Moon City Master.”

Jiang Churan glanced at him and said indifferently, ” “Tiansi?”

“This isn’t a place you should be at,” Tian si replied.

“This is where I should be,” Jiang Churan said indifferently.

Tian Si’s brows furrowed, and his face darkened as a cold glint flickered in his eyes.

Jiang Churan did not take it seriously. Instead, she looked at Yunxiao, who was coughing on the ground, and asked with concern, ” “Are you alright?”

I’m fine, ” Yunxiao said with a bitter smile. I’m fine.

Jiang Churan nodded and suddenly asked, ” “Who are you?”

Yunxiao’s heart jolted. He struggled to his feet, swallowed a large number of medicinal pills, and sat in a meditative position. While adjusting his injuries, he said, ” “Don’t you know me, Red Moon City Master? Thanks to you, I’ve been given the title of the number one among the younger generation, and I’ve been in a lot of trouble.”

At this moment, his state of mind had changed with Jiang Churan's arrival. The situation of certain death had been broken, and there was an additional ray of hope.

He couldn't die, and he couldn't die in such a humiliating way.

a drunken dance with the shadow of a Phoenix, a feather in the clouds for all eternity," Jiang Churan said. what a good li Yunxiao! But I'm not asking for that name or that identity." He looked at her and said slowly, "Are you the person I'm thinking of?"

Under his gaze, Yunxiao's heart seemed to be seen through in an instant. His body trembled slightly, but he gradually calmed down and said, "Which name is it? Which identity? Who is the person you are thinking of?"

Jiang Churan's gaze seemed to be able to see through the endless distance, looking at the distant past. She said word by word, "that name, that identity, the person in my heart, he's called a smile for a thousand years of wind and clouds, soaring for ten thousand years and shining through the ages!

Yunxiao had a premonition in his heart, but he still felt a little uncomfortable when these two once all-powerful poems were read out. "The person you're talking about, is he the Vanquisher martial sovereign, Gu Feiyang? What makes you think I'm gu Feiyang? just because I have the moon pupil?"

At this moment, his eyes were still blood-red, and the upper half of his face had completely taken on a demonic form, looking ferocious and terrifying.

Jiang Churan stared at him and said, "that's just one of the reasons. The most important thing is the feeling. The feeling you give me is too similar to him. For people at my level, their feelings are usually more accurate than their cognition!

Yunxiao also understood this. The peak of martial arts almost mastered the laws of heaven and earth, so it was impossible for them to sense it for no reason. If there was, it must be a response.

Yunxiao remained silent, neither admitting nor denying it, and the entire Hall fell silent.

Tian si glared at the two of them coldly and mocked, " "Are you done reminiscing? If it's over, you can leave, Jiang Churan."

Jiang Churan nodded and agreed. He took a step forward and was about to help Yunxiao up and leave with him.

"He can't leave!" Tian SI's face turned cold.

"I won't leave if he doesn't," Jiang Churan replied.

A look of anger appeared on Tian SI's face, and he sneered coldly, " "Another stupid human. Do you want to follow in Murong Zhu's footsteps and die for him?"

Jiang Churan looked surprised and said, " "So Murong Zhu died to save him. Tiansi, you've made the red moon City take the blame for you."

"You're the ones who are stupid, who can you blame?" Tian si sneered.

Jiang Churan nodded and said, "indeed, you can't blame anyone." However, this matter has made me very angry."

"Oh? Then what do you want?"

A hint of playfulness appeared on Tian SI's face, but his eyes were exceptionally sharp and he was on full alert.

I don't know either, " Jiang Churan laughed. but it's definitely right to beat you up first to vent your anger.

"Are all humans so arrogant?" Tian si sneered.

The entire Hall was suddenly filled with a murderous aura. Neither of them had used their primordial energy, but the extremely strong chill spread out and hit Yunxiao's seriously injured body again, causing him to cough up blood on the spot.

Both of them were peak nine-stars martial sovereigns, and they were not any weaker than Gu Feiyang when he was at his peak. Their auras spread out in the hall, creating an empty echo.

Fortunately, the material of the hall was special, otherwise, it would have been destroyed by the two of them.

Yunxiao hurriedly turned into a bolt of lightning and fled to the edge of the hall. At the same time, he took out a large number of Supreme-grade primordial stones and began to absorb them together with the spirit Qi that filled the sky.

In the face of the two, he was just an ant in a storm, but even if he was an ant, he had to grab every chance he could to survive.

Tian Si's expression was extremely unsightly. He was in a hurry to obtain the moon pupil, and Jiang Churan's strength made him realize that he would not be able to defeat her easily. It would definitely be an extremely brutal battle.

"Red Moon City Master, this battle will be pushed back," Tian si said.

"Sure, I'll bring him along," Jiang Churan replied.

"No!" Tian si replied.

"Then there's no other way," Jiang Churan said.

A few simple sentences had already declared that negotiations could not proceed and that a battle was necessary.

“You’re very unwise,” Tian simiao said angrily.

“I don’t like wise,” Jiang Churan said.

Killing intent was evident on Tian SI’s face as he said coldly, “As you wish!”

He didn’t waste any more words. The battle intent in his body continued to rise like a fully-strung bow. Without moving his body, his protective Dipper energy directly condensed into many blades. They took shape in the air and slashed at Jiang Churan.

Jiang Churan stretched out her hand and conjured a water sword that was two fingers wide. She waved it in front of her.

The sharp sword turned into a few afterimages, swallowing and spitting out a few feet of cold light, blocking all the body-breaking blades.

Tian si raised his hand, and a ray of light condensed at the tip of his finger. “Nine Dragons sword!” The shape of a sword appeared on his right arm and split into nine sword shadows. Then, the nine sword shadows turned into a Golden Dragon and circled around the sword shape, ready to roar and attack at any time!

“Murong Zhu’s Sword Art?” Jiang Churan asked.

He didn’t dare to be careless. He held his sword horizontally in front of him and immediately created seven clones. Each clone had a kind of sword aura and contained some kind of sword intent. Then, with a sword spell on his body, the seven clones immediately returned to his body. The sword aura was all gathered in the sword in front of him and condensed into an extremely powerful sword that slashed across the sky!

Tian SI’s face turned frosty as he slashed down with his sword, summoning nine roaring dragons.

...

Jiang Churan's sword contained seven different sword forces, splitting the sky and cracking the earth. The bodies of the nine Dragons were completely annihilated by the sword Qi.

"Bang! Bang! Bang! Bang!"

The two extremely domineering sword techniques devoured each other, and the aftershock of the sword Qi shook the hall. When it struck the pillars, it only left sword marks!

Yunxiao's face turned pale as he hurriedly hid behind a huge pillar. With his current cultivation base, he would die on the spot if he was touched by the sword Qi, or even die without a corpse. There was no way he could survive.

"What an annoying person!"

Tian si gritted his teeth and formed an incantation gesture with his hands. A huge sword appeared behind his back, spreading its tail like a Peacock. It shone brightly with the incantation gesture in his hands, and struck out.

Then, sword shadows appeared all over the sky. Under the guidance of the powerful Qi movement, they presented a myriad of magical and magnificent sword postures.

Jiang Churan's expression changed slightly. She held the hilt of the sword and stabbed it into the ground in front of her. Then, she performed a sword technique with both hands and sent it into the sword. She shouted, "Endless sword intent!"

The sharp sword seemed to have blossomed on the ground, instantly turning into tens of thousands of sword shadows. They spread out on the ground like wild flowers in the mountains, extending to the sky.

All of the sword auras were moving unhindered, killing and devouring each other in the entire Hall. It was dazzling and boundless, and there were only endless sounds of astonishment in their ears. The two of them stood in the Sea of Swords, allowing the sword Qi to pass by them as they stared at each other coldly.

“The strongest powerhouses of the human race, the seven sect Masters and the ten martial sovereigns, they have not disappointed me!” Tian si replied coldly.

...

“As a person who is on par with yuetong, is this all tiansi has?” Jiang Churan replied coldly.

there’s no need to rush. I’ll make you understand the consequences of your foolishness. Even if you’re a powerhouse who has glimpsed the end of the martial Dao, you’ll still die in front of me! Tian si sneered.

Tian Si’s hands were clasped in front of him, and a golden light appeared. It grew larger and larger, and actually let out the sound of a tool. It buzzed endlessly, and the sound waves rippled out in rings, containing boundless spiritual sense, directly shaking one’s soul.

Yunxiao, who was hiding behind a pillar, coughed out a mouthful of blood on the spot. He hurriedly circulated the great expansion divine technique to suppress the spiritual attack.

Fortunately, he was a Peak Eight-star Alchemist, and with the help of the great expansion divine technique, he could basically stabilize his mind. However, his eardrums were directly broken, and two streams of blood flowed out of his ears.

At this moment, his heart was extremely bitter. Under the confrontation of two experts, let alone watching the battle, even staying alive had become difficult. Every time his internal injuries recovered a little, there would immediately be shockwaves, adding to his injuries.

He didn’t care about hiding it anymore. He immediately summoned the inextinguishable golden body and absorbed a small amount of the sound wave power into his body. After nourishing it, his injuries were slightly stabilized.

And the bigger hidden danger was not the outside, but the pair of lunar pupils in his eyes. Previously, when the heavenly thoughts were activated, the lunar pupils that he had been suppressing all this time seemed to show signs of awakening. If this was really the case, it would be no different from a house of annihilation for him!

Back then, even with the strength of a nine-star Martial Emperor, he couldn't suppress the moon eye. He had to constantly cultivate and use the secret eye technique to completely suppress it. He fell into an endless deep sleep. If he woke up, his consciousness would be destroyed in an instant and he would become an existence like Murong Zhu.

Yunxiao spread out his divine sense and began to search for the exit of the hall.

he and Yu Zhuo had been directly teleported here. At first, they weren't sure if this place was real or an illusion, but now, they were certain that it was real.

Although Jiang Churan came in from the outside, there seemed to be an extremely strong restriction at the entrance of the hall. The aftershock of the battle between the two experts could not rush out of the hall. He had no hope and seemed to be trapped in a situation where he could not escape.

Chapter 928

928 Silver thread ancient rhinoceros

"Do we have to wait until the time is up?"

Yunxiao's heart was filled with bitterness. The time in this world was always uncertain, but it was normal to delay it for a few days. If the two fought for a few days, the hall would be destroyed no matter how strong it was, and he would have no choice but to hide in the divine realm tablet.

However, for an expert of this level, even the divine realm tablet, which was almost a life-saving weapon, couldn't resist it!

The golden light in Tian Si's hands grew stronger and stronger, and the sound waves also became extremely ear-piercing. Rings of weapon accumulations jolted out, appearing to be extremely extraordinary.

Jiang Churan's expression was also extremely serious. The sharp sword in his hand turned into a blue sword light under his Sword Art and condensed into a circular Sword Ring around his body. As Jiang Churan's Sword Art entered it, its aura kept rising.

The two masters were gathering their power crazily. One was as tall as a mountain, while the other was as deep as a cold abyss. The whole space was distorted, and the hall became unstable.

Jiang Churan's battle intent was even higher. Both of them were peerless experts. This was a rare encounter, and he could fight to his heart's content.

As the red moon City Master, there were too many heavy responsibilities on his shoulders. Many times, he could not help himself. But at this moment, he had completely forgotten his own identity. The person standing in front of Tian Si was not the red moon City Master Jiang Churan, but the peak nine-star martial artist Jiang Churan.

The golden light in Tian Si's hand gradually took form, and it was a golden spear. It hung in front of him, and a terrifying aura mixed with the sound of the weapon essence was shaken off from the profound level weapon. Tian si pointed a finger at the spear, and it immediately spun and slashed out in the air!

The sword Ring beside Jiang Churan gave birth to endless sword intent. Tiny sword shapes appeared around the ring, interlocking with each other and forming countless sword shadows.

"3000 rays of sword Qi, soaring the void!"

The incantation gesture in Jiang Churan's hand condensed into a pair of wings, which lightly hit the sword Ring. Immediately, the countless sword shadows spread their wings at the same time, turning into flying swords that filled the sky, resisting Tian Si's fierce and unparalleled dagger-axe!

"Bang! Bang! Bang! Bang! Bang! Bang!"

The sound of countless swords shattering rang out, and the three flying feather swords were completely shattered under Tian Si's halberd. The entire Sword Ring could no longer withstand the pressure and let out a heart-shaking "creaking" sound!

"Bang!"

The boundless sword will in front of Jiang Churan was broken and she was forced to retreat. The sword Ring that was unsealed flew into the air and landed on the ground. Then, it broke with a " bang ", leaving only half of the blade.

Jiang Churan furrowed her brows. Although this sharp blade of his was only an ordinary ninth tier profound armament, it had been by his side for many years. Their minds were already connected, and he could use it to perfection. He didn't expect it to be destroyed here.

Having succeeded in his move, Tian si immediately grabbed the dagger-axe back into his hand and placed it behind him. A calm expression appeared on his face as he said, a jar will never break from the mouth of the well. It's not an insult to it to be destroyed by the sharp light of my dagger-axe. Red Moon City Master, my condolences.

Jiang Churan nodded slightly and took out a hollow ball. She held it in her hand and said, "Let's continue,"

Tian Si's sword-like eyebrows raised and she said coldly,"Red Moon City Master, do you really intend to fight to the end?" If we continue to fight, there will be no turning back."

let me take li Yunxiao away, " Jiang Churan said. I'll take him away.

"Then let's have a life-and-death battle!" Tian si roared.

The dagger-axe could feel the endless fighting will of Tian si. It pierced through the air, and the sharp Qi split the killing realm between the two. The conditions that could not be compromised had left the two with no room for reconciliation.

Jiang Churan took a step back with her right foot. The hollow ball in her hand was breathing in and out green qi. A layer of white mist slowly appeared around the ball, as if there was a Dragon shuttling through it. It was his current Natal profound artifact-rhinoceros horn goumang.

The dagger-ax's sharp light pierced into the goumang with a clang. The ball suddenly enlarged and the dagger-ax went through it. However, it stopped a few inches in front of Jiang Churan.

Tian Si's expression changed slightly. The rhinoceros goumang was like an iron lock that had trapped his dagger-axe, preventing it from moving forward or backward. At this moment, the green qi on goumang's dagger-axe gushed out from the hollow eyes and crept up the dagger-axe.

"Hmph!"

Tian si snorted coldly and pointed a finger at the battle spear.

Rays of golden light began to spread forward from his finger gesture. Every few inches, a golden Maha ancient character would pop up and appear in the air, forming a string of incomprehensible words.

"Bang!"

There was a shock from goumang. After the line of Maha ancient characters appeared on the spear, it changed greatly again. It broke through goumang's blockade and continued to stab forward.

Jiang Churan's expression changed drastically. She also changed her palm into a seal and instantly slapped on that goumang. She shouted, "Arrogance in the wind, ten thousand streams return to one!"

The rhinoceros goumang's form changed. Like the head of a strange beast, it bit the sharp light halberd tightly. Rays of green qi shot out from it, illuminating the entire Hall in a dazzling and magnificent way. The terrifying power was released bit by bit, gradually forcing out the sharp light!

Yunxiao was hiding behind a pillar, but he could see the other side directly with the power of his lunar pupils. He was shocked.

That goumang ball was indeed forged from a rhinoceros horn, and it was actually able to contend against a Maha ancient weapon. Moreover, ordinary Maha ancient weapons usually only had a single tadpole-like character, but Tian Si's dagger-ax had a complete string of ancient characters on it. That rhinoceros horn was definitely a true spirit level existence, and the red moon city's Foundation was very deep.

At this moment, Yunxiao was more concerned about the final outcome. He could not help at all with his ability, so he could only wait for the judgment of fate.

What surprised him was that the sacred healing pill that Yu Zhuo had given him was extremely effective. In addition to the various natural treasures that he had consumed, most of his injuries had already healed. Furthermore, he had also been enlightened by Tian si. At this moment, his realm had also risen to the peak of the nine-star realm, and he was only one step away from becoming a martial Supreme.

If he could step into the nine Heavens realm at this moment, Yunxiao could find a way to sneak up on Jiang Churan at a critical moment and help her defeat Tian si.

With that thought in mind, he immediately calmed down and took out all the resources he had and began to break through to the nine Heavens Martial Emperor realm.

Not far away, Tian Si's expression changed slightly. The sharp light of his spear was unstoppable and contained an extremely powerful penetrating force. Yet, it was actually trapped by the strange little ball of the other party. It was simply unbelievable.

“Bang!”

Jiang Churan slapped goumang once again. A green light bloomed and the dagger-axe was thrown out directly. Tian Si was hit by the huge impact and took a few steps back.

The rhinoceros horn goumang was in Jiang Churan's hand. The heads of beasts seemed to be faintly visible in the White fog around them, forming a strange phenomenon. A Savage and brutal aura could be felt. It was as if they were dreaming of the ancient times and those peerless ferocious beasts had come back to life!

“Silver thread ancient rhinoceros horn?” Tian Si was moved.

The shadow of an ancient beast gradually appeared behind Jiang Churan, who was holding goumang. It stared ahead coldly.

Goumang, who was in the White mist, gradually unraveled and turned into a curved silver blade that emitted a cold light.

Tian Si's expression turned serious. The silver thread ancient rhinoceros was one of the top true spirits of the ancient era, and unlike the other true spirits, almost all of its power was concentrated on that silver horn.

Even though it had been circulating for thousands of years and was man-made, the power within it had been greatly depleted, but it was still extremely fierce.

"Hmph, unless the true spirit reappears in the world, no one can save you!"

Tian Si's expression was solemn as she raised her dagger-ax high up in the air. The ancient Maha characters on it glowed with a brilliant light, and with just a single movement, the pillars of the entire Hall were unable to withstand the heavy pressure and began to twist and distort.

Yunxiao, who was trying hard to calm his heart and regulate his breathing, could not calm down under such an aura. He opened his eyes in horror and saw that the huge pillar beside him had also begun to bend and press down. Through the pillar, he saw that not only were the ancient Maha characters flashing on the Golden spear in Tian Si's hand, but there were also strange patterns that were constantly changing, as if they were playing out a story.

Jiang Churan's expression turned serious. She used the sword technique in her left hand to point at the silver blade. In an instant, a fierce aura soared into the sky. Silver light shot out in all directions and the sky was filled with the shadow of the silver blade. It faced the golden light of the battle dagger-axe from a distance and divided the main hall into a clearly divided world of gold and silver.

"Today, I'm going to split the heavens and earth!"

...

Tian Si's gaze was ice cold as countless illusionary figures appeared from his body. This was Murong Zhu's ultimate technique, the myriad of illusionary bodies. He grabbed his spear and charged forward. Without any techniques, he directly slashed down from the sky!

At their level, they had already mastered the laws of heaven and earth, and any move was already redundant.

“Roar!”

The silver thread ancient rhinoceros behind Jiang Churan suddenly let out a loud roar. The silver horn on The Phantom gave off a monstrous light, and the silver Blades that filled the sky gathered and rushed into the goumang, slashing out in the air!

“BOOM!”

The two unparalleled forces collided, and all the light was shattered. The gold and silver colors intertwined and devoured each other. Huge cracks began to appear in the entire Hall, and the few giant pillars closest to the two of them collapsed!

The sharp light halberd and the rhinoceros horn goumang squeezed against each other, and golden and silver lights shot out one after another. Each of them was extremely powerful, and they pierced thousands of holes in the entire Hall. The ground cracked open like a turtle’s shell, as if the end of the world had come.

Jiang Churan’s face was ashen, but there was a hint of madness in her eyes. Her battle intent grew stronger and stronger as she laughed wildly. haha, this feels great!

For many years, he had never released all his power like today and fought without any fear!

no matter how exhilarating a duel is, there will always be an end to it. Since I’ve had my fun, I can die without any regrets! Tian si replied coldly.

“Clang”

...

A crisp metallic sound suddenly rang out from the battle spear, and it suddenly transformed into a series of Golden Shadows, forming a strange weapon formation in front of Tian si like a clone.

“Golden spear flowing shadows, clear the clouds and reveal the sun!” Tian si replied coldly.

The weapon array spread out and pressed down on Jiang Churan.

Jiang Churan was shocked. Goumang turned into thousands of silver lights and shook off the sharp light. The giant ancient rhinoceros shadow behind him rushed into the silver Blades and slashed at the weapon array!

“Bang!”

The artifact array formed by sharp light’s clone suddenly spread out into tens of thousands of golden beams that shot in all directions, turning the entire Hall into ruins. One of the Golden beams was shooting in Yunxiao’s direction, and it arrived in front of him in an instant!

Chapter 929-nowhere to run

Yunxiao was taken aback. When the golden light came, it had already pierced through two towering pillars, but its power was still not reduced. It even pierced through the pillar in front of him and shot out.

Although it was only the power of the aftermath, it was not something he could block. Moreover, this golden light contained endless nomological intent, sealing off all possibilities of escape.

A cold light flashed in his eyes, and a demonic power shot out from his eyes. He said softly, “Eye technique-buried sun!”

The scene around him changed slightly. The sharp golden light gradually dimmed and disappeared in front of his eyes!

He could change heaven and earth and reverse time and space!

“En!”

Yunxiao snorted in a muffled voice. A mouthful of hot blood welled up in his throat, but he quickly suppressed it. He had forcefully raised the power of the moon pupil and changed the world, wiping the golden light from reality. However, he had also suffered a backlash from the power and injured his internal organs.

At this moment, his mind trembled and he closed his eyes. He covered his eyes with his hands and a terrifying aura spread out from the depths of his soul.

He was not unfamiliar with this aura. It was the moon eye that had been sleeping for a long time. It seemed to be waking up.

The demonic Dragon was also startled, and a chill ran down their spines. li Yunxiao, this power is very strong. Can you suppress it? ”

I have to suppress it even if I have to burn the power of my soul, ” Yunxiao said bitterly. otherwise, you and I will both be wiped out by it!

Horried, the Dragon hurriedly performed a hand seal, and his entire body began to merge with Yunxiao’s soul. It was the soul battle technique of the soul Devourer clan, and they joined forces to suppress the moon eye that was about to wake up.

Yunxiao had never felt so powerless before. There were strong enemies on the outside and troubles on the inside, and they were all so powerful that they made him tremble.

After merging with the demon Dragon, Yunxiao’s body began to show signs of demonization. At the same time, he began to circulate the great expansion divine technique, and the terrifying aura in the depths of his soul began to gradually subside.

After Jiang Churan shattered the weapon array with a single move, the dagger-axe was already in Tian Si’s hand. He took a step forward and thrust it down. The surging power was like the collapse of mountains and the evaporation of rivers and seas!

“Bang!”

Jiang Churan’s expression changed drastically, and a trace of panic flashed through her eyes. She hurriedly parried with the silver blade in her hand, but it was broken by the battle dagger-axe and her whole body was sent flying.

Jiang Churan only managed to stabilize herself after she retreated to the entrance of the main hall. However, her face was already pale, and the golden light of her dagger-axe kept flashing on her body. A stream of blood flowed down from the corner of her mouth, and her eyes were filled with fear.

“Haha, everything is about to end!”

Tian Si was overjoyed. He didn’t think that a single slash would be able to injure his opponent. The power of the dagger-axe was extremely overbearing, and once it entered his body, even if his opponent was a peerless expert, he would definitely be heavily injured. He laughed maniacally as he took a step forward and used spatial bending. The dagger-axe flew straight towards him as he mocked, even the human’s peak expert is only so much. I’m really disappointed!

The halberd glowed with layers of golden light, and all kinds of Maha ancient characters were constantly deducing on it. Then, it directly stabbed down.

“Oh? Are you disappointed?”

Jiang Churan’s mouth suddenly revealed a trace of a smile. The golden light of the dagger-axe on her body suddenly disappeared. The silver blade turned into a symbol and stood upright in front of her. The fear in her eyes was swept away, replaced by a look of ridicule.

“What?”

Tian Si’s heart instantly sank as he exclaimed in shock and anger, “You’re not injured? Are you lying to me?”

I thought that the competition between the top experts is not only about strength, but also about wisdom. Did I misunderstand?" Jiang Churan smiled faintly.

"You coward, you should die!"

In Tian Si's rage, it was already too late. The silver blade exuded an extremely overbearing force, and the silver thread ancient rhinoceros's Phantom rushed out in an instant. It roared and lowered its head, using its silver horn to block the attack.

"The God welcomes the three lights, the selfless is boundless!"

Tian Si's face was ashen. In this huge crisis, he poured all his strength into the battle dagger. Under the monstrous golden light, the Maha ancient characters flew in a circle and quickly struck the rhinoceros horn.

"Bang!"

A deafening boom rang out as a tremendous force exploded forth. Tian Si was sent flying in an instant, and the entire Hall crumbled completely under the impact. All the buildings collapsed, turning into pieces of rubble that were sent flying in all directions.

Yunxiao was also swept up by the aftershock, like a small boat in a Whirlpool. He could not help but let the force drag him into the air.

The large amount of gravel in the aftermath of the whirlpool was also full of violent power. Like pieces of profound level weapons, they continued to rush over and hit his body like raindrops. He was dizzy from the impact and all the acupuncture points in his body burst out blood.

At this moment, he once again felt the sorrow of being a minion. When Immortals fought, mortals suffered.

this won't do. If this goes on, I'll be killed by Jiang Churan before the lunar pupil awakens and before Tian si can kill me!

In a hurry, Yunxiao took out the divine realm tablet and activated the earth territory to freeze the space where he was, and then the wind territory to block all the powerful gravel outside.

Even so, his body was still involuntarily lifted up, and the gravel continued to hit him. However, it was already much better, and it was basically within his control.

It was only then that Yunxiao could see the situation outside. After the Great Hall was destroyed, the dull and rotten buildings below had mostly been wiped away. He had returned to the Blood Moon, and most of the highest altar had been destroyed by the attack.

The dagger-axe in Tian Si's hand was none other than the Supreme treasure that was radiating the power of extreme yang. With this item taken away, the Grand and imposing air surrounding the altar was completely obliterated, and it became no different from any other ordinary building.

The painting space also broke apart along with the destruction of the Great Hall. Rays of light shot out from the altar. They were the people of the seven great sects. Each of them had a frightened expression on their faces, not knowing what had happened, and they were looking around.

Yu Zhuo was the first to see Yunxiao, who was standing in the air, covered in wounds. He was shocked. He thought that Yunxiao had been seriously injured in the battle with tiansi, and could not help but gasp in horror.

Everyone looked at each other, not knowing what was going on. Among them were people from the red moon City. They soon saw Jiang Churan standing quietly among the waste in the distance and flew over in joy.

No matter what happened, they were safe with Jiang Churan around.

Suddenly, an aura emanated from Jiang Churan's body, directly pushing back the people who were flying over.

At this moment, the people from the other sects also saw Jiang Churan's figure. Beiming Tongfang's heart trembled and he said in shock, "Red Moon City Master?"

At this moment, Jiang Churan's aura was as strong as a towering mountain. Just a glance at it was enough to make one feel terrified.

Only then did everyone understand why the space suddenly changed when they were searching for treasure. They were directly jolted out of the mural. It turned out that a shocking battle had destroyed the mural and twisted time and space.

Jiang Churan's expression did not relax at all after she sent Tian si flying. She said in a serious tone, "Everyone, leave immediately!"

Everyone's heart trembled. That sentence was like an order that could not be disobeyed, making it impossible for anyone to resist. At the same time, they were shocked. Who was fighting with the red moon City Master?

It was only then that Yu Zhuo and the other two realized that it was the city Lord of Red Moon City who was fighting Tian si, not Yunxiao. They were almost scared to death.

At this moment, Tian Si was nowhere to be seen. In addition to the astonishing aura of Red Moon City, Yunxiao, who was high in the sky and covered in wounds, was there as well. The rest of the people had strange looks on their faces, wondering if they were fighting with Yunxiao.

As soon as the thought flashed through their minds, they immediately rejected it. They would rather believe that Yunxiao was a woman than believe that he could fight the city Lord of Red Moon City.

...

"Let's go!"

Jiang Churan shouted again, as if she was very dissatisfied with the group's continued stay.

Everyone's heart thumped wildly. They did not dare to stay any longer. They hurriedly flew up into the sky and headed in the direction they came from. As long as they stepped into that space, they would immediately be transported to the desert.

After stabilizing his injuries, Yunxiao hurriedly transformed into a Thunderbolt and tried to escape with the others.

Suddenly, an ice-cold voice rang out, " "You can't leave!"

Just as he transformed into a bolt of lightning, he was immediately locked down by a force and was unable to move.

Jiang Churan snorted and slashed out her silver blade in the air. It was like a Silver Dragon soaring into the sky and instantly cut through the sealing force. It exploded in the air and turned into countless silver rays again, shooting into the void.

"Whoosh! Whoosh! Whoosh! Whoosh!"

The sky was filled with terrifying silver light. The Martial Emperor powerhouses' faces turned pale. Although they did not know who was in the void, they at least knew that it was an existence that they could not afford to offend. All of them quickly ran back the way they came.

Yunxiao felt his body lighten, and the sealing force disappeared completely. He hurriedly turned into a Thunderbolt and fled.

"Hmph, I said you can't leave, no one can save you!"

...

Tian Si's voice rang out once more, and the silver light in the sky disappeared in an instant, as if it had never appeared in the first place. It was as if it had been wiped away by some kind of power.

Yunxiao trembled and cried out in horror, " change heaven and earth, twist time and space?!

This was also a divine ability that only his moon pupil possessed, and since Tian Si was on par with the moon pupil, it was not surprising that he knew the moon pupil's moves.

An unparalleled force came down from the sky, and his state of thunder and lightning was broken again. It was as if someone had kicked his chest in the air, and he flew out directly and was blasted into the altar.

Tian si did not seem to care about the lives of the others at all. All the martial sovereigns had run away without a trace, and he did not even make a move.

Jiang Churan's expression grew more and more solemn. He had also sensed the extremely strong spiritual fluctuation in the sky, especially the words Yunxiao said. It made him tremble and put him on full alert.

The sky was as dark as ink, as if it had devoured all the light, as if it was facing an abyss.

Suddenly, a Firefly-like blue light lit up in the sky and gradually became the size of a fist. It was like a blue flower in full bloom. It was crystal clear and emitted a crystal-like light. It was so beautiful that it couldn't be compared to anything else. It was as if it had come from another world and slowly descended.

Chapter 930-turning void into reality

The entire world was silent, and only the blue crystal Flower was free of dust as it quietly fell.

The darkness in the sky gradually dispersed under the light of this flower. Murong Zhu's figure was also revealed. It turned out to be a blue light on his forehead. When he focused his eyes, he couldn't see the shape of this blue light. He only felt that it was extremely beautiful and spiritual, as if it had a very high level of intelligence.

Jiang Churan's Silver blade goumang was in front of her, gradually recovering its spirit Qi. The earth-shattering blow just now had also consumed a lot of goumang's spirit Qi. This kind of divine weapon had

its own spirit Qi and could absorb the energy between heaven and earth to recover itself, just like a martial artist breathing and cultivating.

Tian si lowered his head, his eyes devoid of any expression. However, Jiang Churan could feel a pair of bright eyes staring at him, and this feeling came from the blue flower of light.

“The eye clan’s totem, Tian si, descended to the mortal world in such a form?” Jiang Churan asked.

“Hmph!”

Tian si snorted coldly and replied, “I am an invisible existence. As for the totems, Yue Tong and I are merely using each other. That’s all.

“Oh?”

“That’s a fresh theory. I’m all ears,” Jiang Churan said in surprise.

“There’s no need for that!”

Tian si laughed coldly, “the red moon City Lord has raised the level of a duel to the level of intelligence. Now I believe it.” You’re just trying to stall for time so that your silver thread ancient rhinoceros horn can recover as much power as possible.”

“I can’t rule out that possibility, but I’m really curious,” Jiang Churan said with a smile.

“Then, bring your curiosity to the grave!” Tian si replied coldly.

Tian si stood silently in the air. All of a sudden, the ground began to tremble, as if ten thousand horses were galloping. The ancient, decaying buildings in the surroundings crumbled one by one, and one after another, gigantic figures walked out from them. It was as if they had come from a country of death, and were resurrected.

Jiang Churan's expression changed drastically. The hundreds and thousands of huge figures were of different shapes and races, but the only thing they had in common was that each of them had a pair of blood-red moon eyes. Moreover, the strong aura on their bodies indicated that they were all martial sovereigns of the nine Heavens!

"An illusion!"

Jiang Churan's expression turned serious. The illusion in front of her was completely real. The aura of each lunar pupil was different. Even if she knew it was fake, she couldn't treat it as a non-existent existence.

A ray of golden light shot down, shining upon all of the moon eyes. Tian si raised her spear high, and the blue light was filled with a holy aura.

After Murong Zhu's physical body was injured, Tian si understood that it was impossible to defeat Jiang Churan with just the strength of his physical body. He could only use his own strength.

He opened his mouth slightly and softly said, "Kill!"

The lunar pupil elites who were illuminated by the golden light were filled with fighting spirit. They roared and charged forward, wanting to tear Jiang Churan into pieces!

Cold sweat trickled down Jiang Churan's forehead. This scene was too realistic. If he did not face the enemy and was killed, he would definitely die. If he faced the enemy and was caught in this endless battle, he would only die.

In his desperation, he calmed down. The silver blade gougou in his hand turned back into a hollow ball and he held it in his palm. His eyes were slightly closed as if he was in deep thought.

The blue light on Murong Zhu's forehead flickered imperceptibly. She seemed to be very confused about Jiang Churan's actions.

"Swish!"

“Shua shua!”

Jiang Churan’s left hand suddenly patted gougou, making a “Chi Chi” sound. Every time she patted gougou, the shadow of the ancient rhinoceros would appear.

“Woof! Buzzzzzz! Whoosh!”

The speed of his smacking began to increase, containing a certain rhythm.

At this moment, the battle roars of the countless moon pupil powerhouses seemed to have disappeared. Only the dull “shua shua” sound was left between the heaven and earth, knocking on everyone’s heart.

Tian Si’s face fell, and the blue light on his forehead flickered unstably like a flame, as if in disbelief. At the same time, the countless powerful warriors also stopped in their tracks.

you ... Tian si struggled to open her mouth, “you can actually break my illusion?”

Jiang Churan smiled bitterly and said-“back then, I had-battle with Yue Tong and I saw the power of his illusion. After that-I spent a long time thinking about how to break it. Finally-I found this technique-breaking the illusion with sound. Unfortunately-I didn’t have the chance to test it out. Thank you for helping me today.

“So you’ve fought with the moon eye before, no wonder you’re on guard.”

The shock on Tian Si’s face gradually disappeared, and he regained his usual calm. but do you know what the strongest state of illusion is? ”

Jiang Churan’s heart skipped a beat. She suddenly realized that something was amiss and said in a serious tone, “isn’t it changing heaven and earth, changing time and space? ”

The corners of Tian Si's lips curled up slightly, revealing a cruel smile. the highest realm of illusion is to turn illusion into reality!

The blue light on his forehead suddenly bloomed, and he shouted, " these ten million moon pupil powerhouses are real existences that have walked out of my illusionary technique!

The dagger-ax immediately slashed down and said, " "Kill!"

The moon pupil powerhouse who had all stopped suddenly trembled. A shocking roar spread out, layer by layer, instantly breaking the knocking sound on the goumang, and the sound of fighting shook the world.

Jiang Churan's expression changed drastically. This scene was too mythical for him to believe. However, there was no time to think at this moment. The disdainful miyin could no longer stop these experts who were like death Warriors. Goumang instantly turned into a silver blade and slashed at the hundreds and thousands of moon pupil experts!

"Bang!"

The first Martial Emperor powerhouse who charged forward was instantly beheaded by his blade. Blood spurted out like a fountain. The blade light didn't decrease and continued to move behind him, killing a large number of people.

Then, the silver blade turned to his side and flicked out several silver symbols, which immediately turned into nine sword postures containing nine different sword intents. They slashed out in front and behind him respectively, and blood shot into the sky.

Jiang Churan's expression was grave. She struck the silver blade with a few sword techniques and it instantly turned into thousands of light and shadows that filled the sky. It was as if a barrier had been opened up wherever it passed.

However, the moon pupil experts were not afraid of death at all. They charged forward in waves and entered the silver light, only to be chopped into pieces.

At that moment, Yunxiao was crazily absorbing all kinds of heavenly materials and earthly treasures in the altar. He took out almost all the resources and swallowed them.

you ... the demon Dragon was shocked. if you break through to the martial Supreme realm by force, the heaven Earth Law will gather and you'll explode!

Unlike the surging primordial energy in his body, Yunxiao's face was unusually calm, as if he had entered a meditative state. He opened his mouth slightly and said, " you always like to say some harsh words. You might really be right once. I know better than anyone else the risk of breaking through to the martial Supreme realm by force. However, if I don't do it, I'll have no chance of survival.

The demonic Dragon swallowed his saliva with difficulty and said, " how could that be? I can see that Jiang Churan is handling it with ease. Even if she can't save you, it shouldn't be a problem for her to deal with it until the end of time and the closing of the world.

Yunxiao's eyes rippled as he shook his head slightly and said, " it's no use. Jiang Churan has already fallen into tiansi's illusion. If we can't break out of it, we can only continue killing him like this until he dies.

"An illusion?"

"Didn't you turn the void into reality?" the demonic Dragon asked in shock. Could it be that these moon pupil powerhouses are all fake?"

...

of course it's fake! Yunxiao said solemnly. it's fake! How could there be a divine ability to turn illusionary into real in this world? that's something only the God who created this world could do!"

"But Yingluo"

The demonic Dragon was shocked. I saw it through your lunar eyes when my soul merged with yours. I am a real existence. Can't even your lunar eyes see through me? "

my strength is too low," Yunxiao said. I can't dig out all the power of the moon pupil. If it awakens, although it can fight against Tian si, I'm afraid you and I will be completely wiped out.

The demonic Dragon no longer spoke as it quietly accumulated its strength. Today's battle was probably the most dangerous one in its life. If it lost, it would be doomed forever!

Jiang Churan's heart sank as the battle progressed. Not only did he see these experts, but the team seemed to be expanding as well. Corpses piled up in front of him like mountains. From time to time, they would be blasted into dust by huge attacks.

"The materialized void Suan ni, is there really such a thing as materialized void in this world?"

Jiang Churan was overwhelmed with shock. Although there was no danger in the short term under the silver glow, it was only a matter of time before she was finished. Moreover, tiansi was still watching her from the side, waiting for her to reveal her weakness. The situation was extremely dangerous.

"Whether he's real or fake, at least this Tian si in front of me is real!"

Jiang Churan thought about it and held the silver blade in front of her. The silver light that penetrated the heaven and earth all gathered and an extremely strong Qi activity rotated on the silver blade. The giant shadow of the ancient rhinoceros appeared in the sky and slowly descended.

Tian SI's eyes narrowed in shock and she hurriedly made a few hand seals in front of her. The light on her dagger-axe grew even brighter and a strange force descended from the sky.

...

Although the moon pupil powerhouses were all martial sovereigns, they did not seem to have their own will. Under the strange power, the aura on their bodies rose rapidly, and their violent aura became stronger and stronger.

Jiang Churan's expression changed. She slashed out with her goumang silver blade and immediately opened up a path that led straight to the sky.

The power in his body continued to rise as he walked toward the sky. With every step he took, there was an unknown fire under his feet that burned in all directions, shaking away all the moon pupil powerhouses.

Tian Si's heart trembled. Jiang Churan had already integrated with heaven and earth. Every movement of his could follow the rules of this world. He was only one step away from the ten directions divine realm. Those moon pupil elites could not stop him at all.

The goumang in Jiang Churan's hand moved, and a strange phenomenon occurred. Rotten silver light shone through the sky, and it was as if the world was in heaven.

The giant silver rhinoceros shadow also finally landed and merged with his body. A huge silver light burst out like fireworks in the endless darkness.
