

The Eternal 931

Chapter 931

931 Soul ignition

“The snow falls on the West Mountain, and the sun and moon are present on the xuanmang mountain. Hanyan of the eastern Mountain, borrowing the wind and thunder from beyond the nine Heavens!”

Jiang Churan recited a poem as the silver blade in her hand emitted a crisp sound. A Silver River descended from the nine Heavens, washing away all dust and dirt as if it was about to be reborn from the end of the world.

Tian Si's expression was stern. He had also seen through Jiang Churan's thoughts. Jiang Churan wanted to break through all the techniques with a single force and force him into the final battle to the death!

“Hmph, how can I let you have your way?”

He held the spear in front of him, and the Maha ancient characters appeared one by one. They rotated around him and formed a golden circular enchantment.

As long as he defended well and continued the current situation, he would definitely win, so he was not in a hurry.

Tens of thousands of silver lights slashed down from the sky and struck the Golden barrier. The sound of metal colliding rang out like thousands of birds chirping!

At this moment, the moon pupil powerhouses below were all roaring with anger. One by one, they rushed into the sky and raised their aura to the extreme. They burned their soul power and rushed into the silver Sea of blades!

“Bang! Bang! Bang! Bang! Bang! Bang!”

A large number of martial sovereigns self-destructed, and there was no lack of high-level martial sovereigns among them. Each blow caused Jiang Churan to suffer a great backlash. Even though he was the sect master, he could not withstand such a torment.

Jiang Churan flipped her left hand and a red light rose.

Tian Si's pupils contracted as she saw that beneath the Crimson light was a Crimson Jade seal with mountains, rivers, birds, and beasts carved on it. All of them manifested at this moment and flew around the Jade seal.

The bottom part of the Jade seal was smooth and red without any chiseling. In Jiang Churan's hand, the Jade seal turned into a palm force and slammed out. A huge Maha ancient character was printed in the sky and spread out in the air.

"Bang! Bang!"

The mountains, rivers, birds, and beasts were all formed and devoured the moon pupil martial artists from all directions.

After that, the Jade seal flipped over and Jiang Churan once again raised a mouthful of true energy and blasted it towards the Golden sphere barrier that Tian Si was in!

The Maha ancient character and the silver World overlapped.

"Ka! Ka! Ka!"

A shattering sound rang out from the barrier of the Golden sphere, and Tian Si's expression changed drastically. He poured all of his energy into his halberd, but he was still unable to hold on.

"Bang!"

With the crisp sound of glass shattering, the Golden barrier around Tian si shattered, turning into thousands of specks of light that slowly glowed in the night sky. The light that shone on Tian Si's face, however, made it appear as if he was deathly pale.

It's over, tiansi!

Jiang Churan snorted coldly and instantly pounced forward. Goumang stabbed down and broke the defense of the dagger-ax's sharp light.

"Don't!"

Suddenly, Yunxiao's cry of surprise rang out over the ground, coming from a distance.

However, it was too late. The goumang silver blade had already pierced through Tian Si's body, and the entire sky instantly fell silent.

Time seemed to have stopped at this moment. The moon pupil martial artists all stood there in a daze. Then, their bodies became fainter and fainter, and they slowly disappeared one by one.

When Jiang Churan heard Yunxiao's voice, her heart skipped a beat. She had a bad feeling, but she could not tell why.

It's still an illusion after all. It's impossible to turn illusions into reality in this world.

Jiang Churan thought to herself. The aura on Murong Zhu's body was getting weaker and weaker. Her eyes were hazy and seemed to be closing. The power of the goumang silver blade was enough to destroy the strongest physical body, and Murong Zhu was no exception.

The blue light on his forehead throbbed even more intensely, as if it was going to be extinguished at any moment.

Jiang Churan asked herself in her heart, is everything over?

A faint voice suddenly rang in his heart. It was emotionless, empty, and cold, " "Yes, everything is over."

"?!"

Jiang Churan took in a deep breath of cold air. She felt a chill from head to toe and her eyes were filled with shock and disbelief.

He felt an inexplicable pain in his heart. He lowered his head and found a sharp weapon in his heart. It was his goumang silver blade!

His previous slash was actually suicide!

how could this be? how could this be?!

Cold sweat broke out on Jiang Churan's forehead, and a great pain came from her heart. The aura that had once been at its peak instantly fell. An aura came from Tian SI's body and directly sent him flying far away, throwing a trail of blood into the sky!

The blue flower on Tian SI's forehead gradually grew larger, covering the upper half of his face. It exuded boundless energy that reversed time and space, traveling through the past and present.

"Pfft!"

Jiang Churan steadied his body and quickly pulled the goumang out. Blood spurted out from the goumang and was immediately stopped by a few hand seals. With the strength of his physical body, he would be fine even if his heart was pierced. However, his Yuan force had been exhausted after the last desperate strike. In addition to the heavy injuries on his physical body, he no longer had the strength to fight Tian si.

"What happened just now? I clearly pierced your body."

Jiang Churan's face turned pale. The silver goumang blade was extremely destructive. A large amount of it remained in his body, preventing his body from healing. Not only was his elemental force greatly damaged, but his peak martial arts realm was also beginning to shake as if it was about to collapse.

"Everything is over!"

Tian si raised his head slowly, his voice tinged with a hint of fatigue. It was as if the sudden change of events earlier had also exhausted him.

The blue crystal Flower slowly became smaller after releasing an extremely strong spiritual power and returned to its previous state. It raised its spear, took a step forward, and pointed it at Jiang Churan.

Inside the altar, Yunxiao was in extreme pain at the moment. He had forced himself to circulate his essence force to break through to the martial sovereign realm, and finally, the laws of heaven and earth had fallen, constantly striking his golden body, and his indestructible golden body was crumbling inch by inch.

Li Yunxiao, what are you doing?"

In the altar, the demonic Dragon seemed to have sensed something and asked in shock.

A large amount of blood burst out of Yunxiao's body, and his major aperture acupoints were broken one by one under the laws of heaven and earth, beginning to collapse.

Enduring the great pain, Yunxiao stood up from the ground. His eyes were almost popping out of their sockets as he gritted his teeth and said, "You jinx, you never say anything good. This time, you're really right. I'm going to explode!"

The demonic Dragon was shocked. what are you talking about? hang in there! You must hang in there! Don't forget that you're the peerless martial sovereign, Gu Feiyang!

...

“Ancient your sister! Why didn’t you say that when you jinxed it!”

Yunxiao’s anger surged up, but the fierceness and coldness in his eyes grew stronger and stronger!

At the same time, the demonic Dragon also felt the chill that came from the depths of his soul. It was a completely unfamiliar and terrifying existence, like a beast that had been sleeping for a long time and was gradually waking up.

“Demonic Dragon, are you afraid of death?”

what’s wrong? ” Yunxiao suddenly became extremely calm and asked out of the blue while the two were still in a state of turmoil.

The demonic Dragon was taken aback. I’m just a spirit. I’ve been dead for God knows how many years. What’s there to be afraid of? ”

The corners of Yunxiao’s mouth turned up slightly as a smile appeared on his face. “Then play with me this time. If you die this time, your soul will be scattered.”

The demonic dragon’s heart trembled. All of a sudden, a powerful flame burned from the depths of his soul, growing stronger and stronger!

li Yunxiao! the demon Dragon cried out in horror, ” you’re crazy, li Yunxiao! Are you going to burn your own soul?”

Yunxiao’s face flickered with madness as he said ferociously, ” “In any case, it doesn’t matter if my soul exists or not if I die!”

“You’ve cultivated the great expansion divine technique, so perhaps you’ll have a chance to reincarnate again?” the demon Dragon’s body trembled violently.

...

Yunxiao softly said, "No need!"

The demonic Dragon's body couldn't help but tremble. On the one hand, burning his soul was extremely harmful to him. On the other hand, the terrifying aura from the depths of his soul had finally rushed up without any regard.

At this moment, the strength in Yunxiao's body soared crazily, and the souls of two lives burned in the karmic fire. The moon-like pupils gradually woke up, emitting a peerless fierce light!

little Yue Yue, be honest. I could seal you back then, and I can do the same now.

"Quickly stop! If your soul is destroyed, I will also cease to exist!"

"That's why Yingluo told you to be more honest!"

Yunxiao's eyes shone with a fierce light, which mixed with the fierce light, and a very strong spiritual power rushed out of the altar in an instant.

In the distance, the Tian si battle dagger-axe was thrust down. He seemed to have noticed something and was suddenly startled."Not good," he thought in his heart, and the blue light on his forehead suddenly shrank.

After a brief moment of shock, the sharp light in Tian Si's hand pierced down even more. If he did not finish off Jiang Churan as soon as possible, there would definitely be more trouble.

"Swish!"

Without any obstruction, the sharp light directly pierced through the head of the other party. Jiang Churan's frightened expression instantly froze. Her aura completely dissipated, and there was no sign of life left.

“Hu!”

Tian si breathed a heavy sigh of relief. Now that the biggest problem had been solved, he had nothing to fear even if the lunar pupil awakened in Yunxiao’s body.

“What?”

All of a sudden, Tian SI’s pupils contracted as she stared in front of her in shock. Jiang Churan’s corpse, which had been hanging on her dagger-ax, had disappeared. There was not a single drop of blood on the sharp light!

“?! How was that possible? His illusion can actually fool me?”

Tian SI’s face contorted in shock, and he raised his halberd in front of him, looking around vigilantly.

All of a sudden, an extremely powerful spiritual force came from the sky, almost taking form. It contained endless roars and anger, wanting to crush everything!

Tian SI’s heart trembled, but he did not panic. With a wave of his spear, the ancient Maha characters flew out and formed a golden barrier once more, blocking the mental energy.

However, to his shock, the Golden barrier was actually twisted by the other party’s mental force!

are you li Yunxiao or Yue Tong? ”

Tian Si was shocked and bewildered. The spiritual power was as strong as the moon eye, but it did not have the familiar aura of the moon eye. It seemed to belong to Yunxiao.

In the sky above the altar in the distance, a figure gradually condensed. With one step, he was so close yet so far away.

Along with the figure, a poetic voice slowly descended. a smile on the thousand-year-old wind and clouds. The world flies and shines from the past to the present!

please continue to ask for monthly votes. Everyone's voting for these beasts is very powerful. We've guaranteed the sixth place. In the future, our goal is to be first. We'll always look towards being first!

Chapter 932

932 Divine skill of ten directions

On the altar, Jiang Churan stared at the figure with a complicated look in her eyes.

After that, he swallowed some medicinal pills and sat down cross-legged, his hands forming a strange gesture in front of him as he began to regulate his breathing.

The goumang silver blade was almost the same as the power of the true spirit and it was wreaking havoc in his body. Not only was his heart on the verge of death, but he was also being protected by a spiritual pill and his cultivation at the peak of martial arts was also starting to collapse.

Even if he could survive today, it would be difficult for him to return to the end of the martial Dao.

In the distant sky, Tian Si was overwhelmed with shock and exclaimed, "Li Yunxiao? With your current power, how can you suppress the moon eye's will?"

"There's no need to know about someone who's about to die,"

Yunxiao's figure appeared, his face ferocious and terrifying. He had come with the determination to die, and his two demonic eyes seemed to cross through time and space, staring at his old enemy.

Two completely different expressions and gazes met in the sky.

Tian Si's face turned even colder, and he said coldly, "Even if the moon eye awakens, how can you fight me with your current power? A Mantis trying to block a chariot, an ant trying to shake a tree!"

He pointed his finger forward, and the Golden barrier was instantly broken. The halberd turned into a sharp light and slashed down from the sky!

Even though Yunxiao had the power of the lunar pupil, there was still an insurmountable gap between his cultivation base and that of Yunxiao's. Tian Si was not afraid at all. Instead, he looked at the awakened lunar pupil and began to show excitement. "Haha, very good. It saves me a lot of trouble!"

Yunxiao's face was so calm that it was frightening. Strange patterns emerged in his eyes, like two blazing Suns, as he said softly, "Eye technique-buried sun!"

Under the gaze of his eyes, the Golden slash seemed to burn for a moment. Before it could reach him, it gradually disappeared in the sky, wiped out by the eye technique!

"Eh? He's got some skill."

Tian Si's expression changed, but he still sneered, "you're too naive if you think you can kill me with just a little eye-bloodline technique without reaching the end of the martial Dao!"

The dagger-axe was raised high up in the air as the Maha ancient character spun around. The blue light on Tian Si's forehead bloomed and the entire world began to spin under the control of his mental energy.

The blue light on his forehead flickered like an eye, and the spinning force of heaven and earth changed as well. It was as if two giants had stepped into it and began to grab Yunxiao's body, trying to tear him into pieces!

At the same time, the dagger-axe also emitted a terrifying golden light. It flew through the space and pierced through the sky and earth.

Although Jiang Churan was on the altar, he was also caught in the illusion. His face was as pale as a sheet of paper. This kind of spiritual attack, which was close to a divine skill, and the sharp light of the battle spear, as well as Murong Zhu's peak nine-star power, even if he immediately recovered to his peak state and started all over again, he might not be able to win.

His face was full of worry. Today, the two of them were most likely doomed.

Yunxiao's body was extremely twisted under the magical spiritual power, as if it would break into a pulp at any moment.

His only attack was the lunar eye, and it was also the only existence that could stand against Tian si. As for the other attacks, they would be able to kill him with a single strike, and he could not allow any of them to land on him no matter what.

Yunxiao performed an incantation gesture with one hand, and the pupils in his eyes turned into several hexagons, overlapping one by one. The surrounding space also turned into the same shape with the changes in his pupils, like doors that opened in the twisting world.

pupillary abilities-divine nothingness.

Yunxiao's body immediately became faintly discernible behind the door, as if he was no longer under the sky.

Tian Si's face flickered. He had spun the heaven and earth with his mental power in order to lock Yunxiao's lunar pupil power, so that he could not use his pupil technique to Dodge his attack. But, he did not expect that Yunxiao could still open a space under his mental power.

He had already lost to the moon eye in this battle.

"Dammit! How did this happen? Yue Tong's spiritual power is above mine?"

This was a reality that Tian si found hard to accept, and his expression turned extremely unsightly. Although he needed the moon pupil to recover its power for his use, he could not surpass him.

Little did he know that it was all because Yunxiao had burned his soul. His soul, which had lived two lives, was once at the peak of the ninth-tier, was burning slowly under the power of the Hellfire, and with the full cooperation of the lunar eye, and after the battle between Tian si and Jiang Churan, his

essence force and mental power had been greatly depleted. As a result, he was no longer as good as Yunxiao in terms of illusion.

“BOOM!”

The sharp light of the spear cut through the door, and the golden light pierced through the power of the illusion and knocked Yunxiao out.

“Pfft!”

Yunxiao coughed up a mouthful of blood on the spot. In terms of illusions alone, he could suppress Tian si, but the sharp light of the opponent’s dagger-ax and the fact that he had reached the end of the martial Dao realm were almost invincible in this world!

Tian Si’s unsightly face finally eased after Yunxiao was shaken out of the sharp light. “Although I don’t know how you managed to subdue the moon eye, it seems like you have no chance of winning.”

Yunxiao could not help but feel a little anxious. Ever since his soul began to burn, his body had been enduring great pain, and he did not know how long it would last. He had to use the technique as soon as possible.

He immediately calmed his mind and got rid of all distracting thoughts. His hands quickly formed a seal in front of him and raised it high. His eyes glowed with a strange light, which reflected the seal in his hand. Strange scenes began to appear in the sky. All kinds of strange things started to change around him like clouds.

The clouds in the sky were like white clothes, and Si Xu was like a dog.

is this the power of the world, the White cloud dog?!

Tian si jumped in shock. To be able to use illusionary Arts to manifest the power of the world, that was absolutely something that only immortal state cultivators could do!

His face was almost completely twisted together as he hissed, "No, impossible! This must be an illusion! You can deceive my eyes with the fake power of the world, but you can't deceive the power before the end of the martial Dao!"

The dagger-axe was raised once again, and Tian si poured all of his power into it. The Maha ancient characters continued to form on the dagger-axe, pushing it open in circles.

At this moment, Yunxiao finally understood that the throne's inheritance he had obtained in the wind and Moon Tower was not a method to subdue Tian si, but a method to kill him!

From all the signs, it seemed that the city Master of that generation had died long ago, and the moon eye had always been in control of his body, so he had left behind this divine skill in order for the moon eye to appear in the future and be used to kill Tian si!

After making up his mind, Yunxiao let out a soft cry.

"I peeked at the birds outside the bamboo, the water outside the tree, and the clouds outside the peak. Did I do it intentionally or unintentionally?"

With the sound of the poem, a divine light suddenly appeared. Immediately after, the world was filled with flying clouds, and a colorful sea of multicolored light began to appear. Peaks gathered within, and strange rocks were craggy. The whole scene was dazzling and dazzling.

Tian Si was horrified. Under the vision of the world, his body was unable to move. Even the sharp light of the battle spear in his hand was affected. The golden light was constantly fading and was pressed back into the spear. The ancient characters of Maha also became unstable.

To be able to suppress his extreme power at the peak of the martial path, this celestial-like World in front of him, even if it was not the real power of the God Realm, it was probably not far from it.

A sense of unwillingness and despair surged in his heart. In the countless years of entanglement with Yue Tong, in the end, he had actually lost!

“I’m not willing! You’re not worthy!”

Tian si let out a furious roar and the blue light on his forehead grew even brighter, turning into a crystal that spread out in all directions. A malevolent voice rang out within the blue light, “Both yuetong and Li Yunxiao, you really know how to surprise me! Even if it really is the power of the world, can you control it?”

The flower made of blue crystal suddenly bloomed and spread the sky and the earth. The sharp light of the dagger-ax danced again, and ancient Maha characters popped out. Each of them turned into a Golden Dagger-ax that condensed into an array around him.

...

“The God welcomes the three lights, the selfless is boundless!”

Tian SI’s face was cold. Under his extremely strong spiritual attack, the power of the dagger-ax cut open a path between heaven and earth. Before the power of the world condensed by Yunxiao could take shape, it was cut by the ultimate power of martial arts and began to melt!

On the other hand, on Tian SI’s side, the blue light grew stronger and stronger, as if ice lotuses were blooming one after another, forming a small world as well!

“Haha, this is a Kasaya.”

Tian SI’s excited voice rang out, trembling with excitement. “This is the Suan ni, this is the Suan ni, is this the power of the Ten Worlds? I’ve actually profited from this misfortune and can evolve a world?”

Yunxiao’s face flickered. The pain of his soul burning made it difficult for him to remain calm. A fierce light shone in his moon-like eyes, as if he wanted to escape from his body.

At this moment, his world was beginning to collapse under the battle of the halberd. On the other hand, Tian Si was the exact opposite, as if he was about to comprehend the ultimate profound meaning of the martial Dao!

don't worry, I've only used half of this move. Now, I'll let you see its full power!

Suppressing the pain, Yunxiao changed his hand incantation gesture and joined his fingers together, forming an eye that looked at the vast land above the moon.

"Birds come to spy on people, the moon peeks at wine, and the snow peeks at books, but they see that he is heartless."

With the sound of the poem, the omnidirectional divine skill was fully displayed. The entire earth was pulled by a huge force, as if it had come alive. A vast power gushed out and rushed into the sky!

...

All the buildings on the ground were completely destroyed at this moment. The altar had also completely collapsed. Jiang Churan flew up into the sky in horror and looked at the ground. Her heart suddenly trembled!

A huge vortex formed where the mighty force rose. It pushed in all directions and swept everything on the ground.

As the vortex swept past, a huge mural was gradually revealed.

"?!"

Jiang Churan was so shocked that she almost fell down.

It was not a mural, but an eye that had been closed all this time, and it was slowly opening!

The blood-red moon turned out to be a huge Moon eye, which was gradually awakening under Yunxiao's divine skill!

Chapter 933

933 The ancestral Spirit's return

The entire moon was actually a moon pupil?

Jiang Churan and Yunxiao were instantly dumbfounded. That day, they seemed to have known about it long ago, and the entire world of blue light became restless.

The eye on the ground slowly opened, and a Scarlet pupil appeared in front of them. Divine light shot out, illuminating the world red.

Jiang Churan's heart trembled. Under that gaze, his body was immediately locked and he could not move at all.

What calmed him down a little was that not only was the elemental energy in his body sealed, but even his injuries were also under control, and did not spread on a large scale.

This kind of divine power made his heart tremble. Standing at the peak of the continent, he felt like he was a drop in the ocean.

Under that gaze, the three of them felt the world spin around them, and they almost lost control of their minds.

The power of the world around Yunxiao began to collapse, and Tian SI's Blue light was gradually suppressed as a violent force gushed out of his body.

damn it, it's actually the sinkhole's will. Damn it!

Tian SI's indignant voice resounded throughout the heavens and earth, as though he had entered a berserk state. A powerful aura burst forth from him, trying to contend against the eye on the ground.

"Not good, the ancestral Spirit's will has awakened!"

A heavy voice rang out in Yunxiao's mind. It was The Voice of the Moon pupil, which showed its anxiety.

don't be restless! Yunxiao said in shock. I can't hold on any longer. What is the will of the ancestral spirits? "

Yue Tong was also extremely shocked, and said solemnly, " this land of ancestral spirits was formed from the will of the first generation moon pupil. It is also the pupil clan's land of ruin and protection. It is currently in a state of initial awakening and will unconsciously attack everything!

"What? An unconscious attack?"

Yunxiao was taken aback when he suddenly found that his body was also shackled, and he could not move.

His expression became extremely serious. Originally, the moon also looked like a Moon eye, so it should be the same kind as the one in his body. He said in shock and anger, " "Since it's the first generation moon pupil, it should at least have the will to protect its own kind, right?"

yes, " Yue Tong said, " but he's only in a state of awakening. He can only rely on his aura to attack the strong enemies and protect himself. If I were to control your body and soul, not only would I be able to suppress this sinkhole ancestral spirit with the secret arts and aura of my moon pupil clan, I would also be able to control it to deal with tiansi."

Yunxiao was shocked, but he still sneered and said, " "If I let you control my physical body and soul, the first thing you'll do is extinguish the karmic fire and then wipe out my will."

After all, the ancestral spirit of the sinkhole below was too terrifying. Even if Yue Tong really had a secret technique to control it, it was not something that could be done with ordinary power. Once he gained control of his body and soul, Yue Tong's first choice would, of course, be to extinguish the karmic fire and then completely wipe out Yunxiao's will.

"Hmph, it's fine if you don't believe me, but you're so suspicious of me. Why do you need to use my power?"

Yue Tong's disdainful cold laughter rang out, and after a pause, she said, "You're not really going to burn all your soul power and turn into dust, are you?"

I don't want to," Yunxiao said bitterly. do you think I want to do it if I'm not at my wit's end? "

Yue Tong fell silent. now that the sinkhole has awoken, I'm afraid tiansi won't have the time to care about anything else. Extinguish the karmic fire. There's still a chance for you to live.

Yunxiao hesitated. He did not want to die like this.

Tian Si's Blue light grew stronger and stronger, as if it was struggling with all its might.

haha, the ruins of end Moon eye. This is the time when it has just awoken. The heavens are helping me!

Tian si howled madly as his entire body changed shape. The sharp light from his battle spear exploded to the extreme, exuding an extremely powerful weapon's essence. Rays of golden light pierced through the heavens and earth, pushing away the power of the ultimate!

"Not good, he's completely gone crazy! The sinkhole has just woken up from a deep sleep, and the heavenly thoughts want to kill him!"

Yue Tong said in shock.

obliterated?" Yunxiao was horrified. obliterated?" You can even kill such an existence?"

obliterate his consciousness," Yue Tong said. let this giant celestial body become a living but unconscious object. The ultimate is still in a state of awakening, so its consciousness is very weak.

A look of struggle flashed across Yunxiao's face. He shot a beam of light at Jiang Churan and broke the seal around her. "Let's go!"

Jiang Churan smiled wryly. He had saved Yunxiao before, but he did not expect that it would be Yunxiao who saved him now.

“A smart choice,” Yue Tong said, “there’s still time.”

He breathed a heavy sigh of relief. He could sense that Yunxiao was slowly extinguishing the karmic fire in his soul. Although he would be severely injured from now on, and it would even be difficult for him to advance his soul power, it was not necessarily a bad thing for him. Perhaps he could even wait for the opportunity to seize the power of his physical body.

Just as the two of them were about to leave, a terrifying aura suddenly came.

Tian si and Murong Zhu’s figures were standing above the guixu ruins, and they were actually safe and sound. The guixu ruins ‘huge eyes seemed to sweep past Tian si and directly looked up, freezing the two of them!

The corners of Tian Si’s mouth curled up slightly, revealing a mocking smile.

A ray of golden light appeared from his hand and instantly moved upwards. It seemed to pass through time and spread out in front of his eyes without any time. It was about to devour everything!

“What? How could this be?”

Yunxiao’s heart trembled. Tian Si was clearly being held back by the ultimate, so how could he still attack them?

The speed of the golden light was too fast, and there was no time to guard against it.

At this moment, a Brilliant Silver light bloomed in the sky like a huge flower, suppressing the golden light.

The giant shadow of the silver thread ancient rhinoceros landed between the two of them and charged forward with a loud roar.

The momentum of Tian Si's halberd didn't slow down, and it instantly shattered the illusionary figure, revealing the goumang silver blade's true form. The two peerless divine weapons clashed together, and a golden and silver light bloomed from them, illuminating the sky!

"You're injured to this extent and you still want to fight against me? do I call you great or stupid?"

Tian si sneered. He could feel that Jiang Churan's strength was like an arrow at the end of its flight. The sharp light from his battle spear pushed forward and instantly disintegrated all the silver Radiance. The battle spear pierced into Jiang Churan's chest without any obstruction!

A flower of blood bloomed in the air.

"Jiang Churan!"

Blue veins bulged on Yunxiao's face, and all his meridians exploded. He was greatly shocked!

The flower of blood gradually enlarged in front of his eyes.

Tian Si's lips curled into an arrogant smile, and he threw his head back and laughed. "Ha, haha, hahaha, I've finally stabbed it this time! Li Yunxiao, can you still save him this time with the combined power of the ultimate and me?"

...

The moon eye in his body was also extremely shocked, as if it couldn't understand!

Tian si could not help but burst into laughter, "haha, what a slip-up!" Yunxiao, did yuetong teach you that divine skill? " He is indeed powerful, and he even managed to wake up the ultimate by accident. Perhaps it wasn't a coincidence, but this was all part of Yue Tong's plan?"

Anger flashed across his face. but there's a flaw. The ruins of end can only recognize familiar auras when they wake up. Although you have the power of the moon pupil, you don't have the moon pupil's aura. The ruins of end naturally won't treat you as family. And I, Yingluo "

even the moon eye in your body might not know. I am the first moon eye, a creature created by your ancestors!

As soon as he said that, the lunar pupil in Yunxiao's body burst with strong restlessness, as if it could not accept it.

Tian si replied coldly, " even though my relationship with the eye race has been broken, the sinkhole has not treated me as a stranger. I'm the only 'acquaintance' he had when he first woke up! But, Yunxiao, I do admire you. Thirty years ago, an unparalleled expert died for you, and thirty years later, another unparalleled expert died for you. Why can't I see that you're so charming?"

Yunxiao's face was extremely pale, and the soul Fire that was gradually dying out burned again.

stop! Yue Tong was shocked. you'll really die if you keep burning like this!

However, he seemed to be unable to hear any of this. The ruthlessness in his eyes grew stronger and stronger, but his expression was terrifyingly calm.

Jiang Churan spat out a mouthful of blood. The spear had pierced through his body. The power of the sharp light spread throughout his body along his meridians, and his martial arts Foundation had collapsed.

He shook the dagger-ax out and retreated.

...

Tian si wasn't in a hurry either. He kept his halberd and stood in the air, watching quietly. Although he was an enemy, he respected the other.

Jiang Churan coughed violently and said with a bitter smile, "You spared my life back then, and I'm returning it to you now."

Yunxiao's face was frighteningly dark, and no expression could be seen. It was like a black hole that could devour light, and no one could see it clearly.

"I didn't ask you to return it."

"I don't feel good if I don't return the things I owe."

"Are you comfortable now?"

"It's comfortable now."

Jiang Churan smiled indifferently.

A string of blood beads dripped down from Yunxiao's fist as he said, "I don't want you to feel comfortable. If you feel comfortable, it will make me very uncomfortable."

He lifted his head, the expression on his face was calm as he walked step by step towards Tian si. His eyes were calm, even if the world were to collapse before his eyes, it would no longer cause him to be moved.

"I peeked at the birds outside the bamboo, the water outside the tree, and the clouds outside the peak. Did I do it intentionally or unintentionally?"

A soft voice rang out, and the surrounding scenes appeared one by one around him, presenting a whole new world.

Tian Si was moved. He could also see Yunxiao's determination to die, and there was no human emotion in his calm eyes.

At this moment, the power of the world that was formed was actually close to perfection.

In his shock, Tian si wanted to channel his strength to resist, only to find that he was completely unable to move. Not only him, even the power of the ancestral spirit returning to the void seemed to have been suppressed.

“Birds come to spy on people, the moon peeks at wine, and the snow peeks at books, but they see that he is heartless.”

Yunxiao took another step forward and raised his right hand, about to point.

Tian Si's heart instantly sank, and beads of cold sweat trickled down his forehead. He felt his entire body turn cold, as if that single finger would be the end of the world.

Suddenly, Yunxiao's body trembled slightly, and his calm eyes rippled.

His heart was in a mess at this critical moment!

“Gu Feiyang, I will not die with you!”

Yue Tong's unwilling roar came from his soul. When he was about to die, Yue Tong's fierce and powerful nature was revealed, and she roared to suppress the soul Fire.

Chapter 934-great change in the sky

The demonic Dragon, which had been silent for a long time, also let out a loud roar and bit at the moon eye. Both of them were extremely fierce existences, and they fought each other above the Hellfire.

Yunxiao's soul power, which had reached the peak, was instantly thrown into chaos, and his world power was immediately flawed.

Tian si naturally wouldn't let this chance slip by. With a furious roar, the blue light around his body soared into the sky, and the sharp light of his battle spear shone with a thousand rays of light as the ancient Maha character appeared one by one.

Yunxiao was burning with anger as he forcibly suppressed the power of the lunar eye. However, the demonic Dragon was no match for him at all, and it was soon suppressed by the lunar eye. Meanwhile, its Soul Fire grew weaker and weaker, and the world it had transformed into began to dissipate.

"Damn it!"

Yunxiao was shocked and furious, but he found himself helpless. Even if he wanted to die, he could not control the situation before him.

At this moment, he suddenly felt a pain in his back. Someone had hit his acupuncture points with a strong Qi. His whole body suddenly went numb, and all his strength was sealed.

"Jiang Churan, you're so annoying!"

Yunxiao turned around in anger, only to see a pair of eyes as calm as water.

Jiang Churan's body was immersed in a silver glow. She said, "Let me do it. Don't let both of them die."

Yunxiao seemed to realize something as he roared angrily, "What are you doing? Return my life? Pfft, hurry up and leave, leave!"

The veins on his face were bulging, and his eyes were swollen because of the struggle with the moon eyes, making him look ferocious and terrifying.

"Get lost! I don't want you to pay me back with your life! All of you are so full of yourselves, Who Do You Think You Are!"

Two streams of blood tears rolled down from his red eyes. Yunxiao's curses grew more and more mournful as he roared, " what seven sect Masters? what prestigious family? do you think you're so cool? you're nothing in my eyes. Jiang Churan, get lost!

His voice became more and more mournful, his eyes were blurry, his body was trembling, his face was full of tears, and his body was covered in blood.

"I'm one of the ten great conferred martial sovereigns. Do you feel a sense of accomplishment from saving me? Why are you all acting all high and mighty in front of me? f * ck off!"

Yunxiao cried out hoarsely as he struggled in the silver light, crying out blood.

However, Jiang Churan ignored him and slapped him. A silver light surrounded him and he flew towards the direction of the end of time.

"Jiang Churan, stop!"

No matter how Yunxiao roared, he could not move his body. He watched as the battlefield grew further and further away from his eyes, and the lunar eye in the depths of his soul suppressed the Hellfire, drying up the source of his power in an instant.

Tian Si's pupils constricted. She wanted to chase after Yunxiao, but she suddenly found that Jiang Churan's aura was extremely dangerous at the moment. Not only had it returned to its peak, but it was also rising.

And the consciousness of the ancestral Spirit's ultimate below was also constantly gathering. If the ultimate was allowed to fully recover, he would probably be devoured as well.

After weighing the pros and cons, Tian Si's face darkened, and he finally watched Yunxiao leave.

"Our battle isn't over yet, tiansi."

Jiang Churan said indifferently. His entire body was covered in silver light, so his face could not be seen clearly.

“Dammit! Since you want to fulfill Yunxiao’s wish, I can only fulfill your wish!”

Tian si howled in anger as his halberd transformed into a gigantic shadow that floated in the air above him. It was like a giant ship that was floating in the sky.

the snow falls on the West Mountain, and the sun and moon grow on the xuanmang mountain.

“Hanyan of the eastern Mountain, borrowing the wind and thunder from beyond the nine Heavens!”

Jiang Churan’s figure became fainter and fainter as streams of energy shot out from his body. The gougou silver blade let out a loud wail while the giant shadow of the ancient rhinoceros flickered and disappeared as if it was very reluctant to part with it.

A Silver River descended from the nine Heavens like a rainbow in the sky. The sun had just risen, and it was a clear world!

Tian Si’s face fell, and he gritted his teeth as he bellowed, ” “The God welcomes the three lights, the selfless is boundless!”

The power of the tens of thousands of silver rays came down from the sky and instantly cut through his golden light. The Blue World power around him was also torn apart, and his body was about to collapse under the silver light.

This was Jiang Churan’s attack that burned her life. She was a peak martial sovereign of the ninth heaven, an existence that existed before the end of martial Dao.

“In the end, Qianqian stopped at Qianqian’s place, Qianqian”

Jiang Churan sighed in her heart. Her life was rapidly fading away. She looked at Yunxiao, who was gradually getting further and further away, with an indescribable complicated expression.

Since ancient times, who could be the Big Dipper?

The figure of the sect master, a hero of the world, gradually disappeared into the silver light. It was as if his body had transformed into silver light and continued to transform into a world.

Tian Si's face was filled with fear. The sharp light of his spear and his body were gradually crumbling under the power of the world. He panicked and roared, "Sinkhole, save me!"

The huge eye on the ground was still changing and was gradually waking up. A beam of light stared over, and the entire sky turned blood-red in an instant. The world seemed to have become one with it and was constantly changing.

The silver light finally dissipated under the blood-red light. In the sky, other than Tian Si's lonely figure, there was only silence.

.....

At this moment, beyond the heavens and earth, above the red moon City, a huge meteor streaked across the sky and quietly passed by the blood-red moon.

The sky was gloomy, and the entire land was under great pressure, as if it was a sign that the sky was about to change.

Ruan Hongyu felt flustered for some reason. She had never felt so uncomfortable before. She found it hard to circulate her vital Qi. She was showing signs of Qi deviation when she forcefully circulated her vital Qi.

The moon outside the curtain was hazy, and the blood-like moonlight shone down, making her heart beat more and more violently, and more and more painful.

“Chu ran, Qianqian.”

She cried out in surprise, her heart trembling inexplicably. She wiped her face with her hand and found that tears were flowing down.

“What’s going on?”

Ruan Hongyu’s body couldn’t help but tremble. The Blood Moon in the sky was unusually red, and the shooting star made her tremble uncontrollably. She couldn’t control herself anymore.

“Pfft!”

That chaotic mood directly disrupted her breathing, and she spat out a mouthful of blood on the spot. The blood was bright red and piercing to the eyes.

Ruan Hongyu’s face was pale. She turned into a red light and rushed to the wind and Moon Garden in the sky. A pale yellow figure was standing on it, looking up at the moon.

...

Ning keyue’s solemn figure made her heart feel heavy.

“Something happened to Chu ran!”

Ruan Hongyu trembled as she pressed herself against the railing to support her body. She was about to lose her balance, and her tears flowed uncontrollably, blurring her vision.

Unknowingly, specks of white began to appear in the sky. Suddenly, more and more specks of white appeared and scattered all over the sky, falling one after another.

It was actually snowflakes.

“Please, please, please save him.”

Ruan Hongyu’s eyes were already so blurry that she couldn’t see clearly. The snow was getting heavier, but it couldn’t cover the coldness in her heart. The coldness on her body was even colder than the wind and snow.

Ning keyue remained silent and stood there quietly. She looked up at the sky, and her expression could not be seen.

please, as long as you are willing to save him, I am willing to promise you anything. I will definitely make him step down from the position of the red moon City Master, and you will be the next city Master. I will definitely make him do it, I swear!

Ruan Hongyu’s crying body gradually bent over. Her heart ached so much that she couldn’t stand up straight, and her whole body slowly fell into the snow.

In front of her blurry eyes, there seemed to be a tall figure smiling at her. Then, he turned around and walked away.

...

It was as if his heart was being cut by a knife and it was so painful that he couldn’t breathe.

please, I’m begging you. You’re the only one who can save her now. I’ll do anything you want me to do.

Ruan Hongyu lay on the ground and started to lose consciousness. She kept muttering, “Please, I beg you.”

Snow fell from the sky, and the wind and Moon Garden was soon covered in white. Ning keyue did not move at all. The snow did not dare to fall on her clothes, and her gown was spotless.

A ray of light flew across the sky and landed on the wind and Moon Garden. His face was so heavy that it seemed to be covered in a layer of frost.

And the heavy snow in the sky made his mood as heavy as lead.

The snow was getting heavier and heavier, dancing slowly in the sky. The shooting star was moving very slowly, and the light of its tail could still be seen flashing in the dark night for a long time.

Ning hangfeng's heart skipped a beat. In the blizzard, ning keyue's figure was like a lonely plum blossom, unspeakably lonely.

At the same time, he saw ruan Hongyu's face full of desolation and tears. She was lying in the snow, trembling as if she would be blown away by the wind at any moment. He was shocked, and he seemed to realize something. He felt as if someone had punched him in the chest."Lord Hong Yu!"

After a brief moment of shock, ning hangfeng quickly reported,"Second sister, bad news! The Purple Cloud Peak has been sealed by someone, and the entrance to the peak seems to have been sealed by some force!"

When this news came out, he couldn't believe it himself. Who would dare to do such a big thing? the entire Red Moon City seemed to be in a great crisis.

Ning hangfeng waited for a while, but ning keyue did not move. He said anxiously,"Second sister, what do we do now?"

He was panicking inside as he knew that something big was about to happen. The two people in charge that Jiang Churan left behind were both here. One of them was lying on the ground, sobbing. It seemed like he couldn't come up with any plans at all. The other one was standing like a statue, not saying a word. No one knew what he was thinking.

After a long time, ning keyue slowly lowered her head and closed her eyes. No expression could be seen on her smooth face. ring the illusory world Bell and activate the city's defensive formation. Tell ruan yuansi that from now on until I return, he will be in charge of everything in the city.

Ning keyue's voice was unusually calm and emotionless, but ning hangfeng was shocked. He could tell that there was something unusual about it.

When he wanted to ask again, ning keyue had already turned into a long rainbow and disappeared from the sky above the red moon City. She was heading towards The Purple Cloud Peak!

Ning hangfeng's heart trembled. He looked over. Not far from the Blood Moon, the shadow of the shooting star seemed to still leave a faint glow, shimmering in the endless night.

He glanced at ruan Hongyu and hurried out of the wind and Moon Hotel, heading for the city Lord's mansion.

Not long after, a clear and melodious Bell rang in the sky above the red moon City. The sound reached a hundred miles and directly touched the hearts of everyone. Everyone knew that the sky was about to change!

Chapter 935

935 Members of the parliament

Ning hangfeng followed ning keyue's instructions and went to the city Lord's mansion to ring the bell of illusion. The whole city was shocked.

Soon, powerful auras rushed up from all directions and flew toward the city Lord's mansion. They were all martial Supreme powerhouses of the red moon City.

The bell of illusion was the highest level of warning in the red moon City. Once the bell rang, all the powerhouses above the rank of martial Supreme had to put down everything they were doing and gather at the city Lord's mansion as soon as possible.

In just a moment, dozens of experts had landed in the manor master's Hall, each of them with a grave expression.

It was a strange phenomenon. Meteors fell, and snow flew in the middle of the night. As experts of the nine Heavens realm who could communicate with the heaven and earth, they could also vaguely sense that something big was happening.

As for the bell of illusion, it had never rung again since Gu Feiyang wreaked havoc in Redmoon city.

When the bell rang, it made most people feel as if a lifetime had passed, as if they had returned to that miserable scene in the past.

Most of the people here had experienced the battle back then and knew the severity of the ringing of the illusory world Bell. They were all nervous and did not know the exact cause of the incident.

Suddenly, three terrifying auras appeared. They were the red, yellow and blue lights. They were spinning around each other. The three lights just hovered above the city Lord's mansion and did not land. It seemed that they did not want to participate in the meeting and were just waiting quietly.

The strength of this aura shocked all the cultivators in the hall, and even these three were alarmed.

This caused all the experts in the hall to become even more restless as they whispered to each other. Only a middle-aged man in white had an indifferent expression, giving off an extremely quiet feeling.

The middle-aged man opposite the white-robed man glanced at him and finally couldn't help but say, " ruan yuansi, you look so calm. You seem to know something. Why did the bell of the illusory world ring? "

The middle-aged man's words immediately caused everyone to fall silent, all of them focused on ruan yuansi.

A hint of nervousness flashed through ruan yuansi's eyes, but she replied indifferently, " I just came out of seclusion, so I don't know what happened. This natural phenomenon, meteors and snow, is truly worrying."

This answer made everyone feel bored. They looked at the five old men sitting at the top at the same time. They were members of the Supreme Council of the red moon City. They were ning Huaishu, ning yuanmen, Jiang Ruoxi, ruan Yuanwu, and Fu Yichun.

At the beginning of the establishment of the red moon City, there was a parliamentary system with seven Thrones. Later, it was replaced by the city Lord system. Later on, in order to suppress the absolute power of the city Lord, a parliamentary system was added under the city Lord, and a highly respected elder was elected to take the position to compete with the city Lord's royal power.

For a period of time, the relationship between the members of the parliament and the city Lord was like fire and water. This had also led to the successive city Lords constantly weakening the rights of the members of the parliament.

However, there was also a good side to this relationship. That was, when something happened to the red moon City Master, the members of the parliament could jointly discuss and discuss the matters of the city, big and small, so that there would not be chaos.

In the past hundreds of years, the strength of the city Masters of several generations had been unusually strong, causing the power of the council members to be extremely weak. However, this also made the relationship between the two sides quite harmonious.

Moreover, Jiang Churan had always been a prudent person. Although she didn't go in often, she was still very cautious. Nothing major had happened all these years. The five members of the parliament also rarely showed themselves. They were all focused on their cultivation and it was rare to see them on normal days.

Ning Huaishu frowned. the bell has already rung. Even the three old men have been alarmed. Why hasn't the person who rang the bell appeared yet? "

A martial artist below frowned and said,"could it be related to the end of time?" It's been more than a month, but the immortal land still hasn't closed. Could the so-called strange occurrence be a change in the immortal land?"

"It would be great if it was that simple," ruan yuansi said, her heart throbbing.

Ning Yuanmen snorted coldly and said, "what a joke!" The illusion world Bell can only be rung when the red moon City is in a life and death situation. Once the bell rings, any expert of the nine Heavens realm must rush to the city Lord's mansion to gather at the first moment. How can such a serious matter be related to the end of time!"

Ning Huaishu's face was also dark as he said, "If the ringing of the bell was because of such a small matter, then the person who rang the bell should be executed!"

As soon as he finished speaking, a figure flew into the hall. It was Ning Hangfeng. He came in with a heavy and oppressive aura.

"Ning Hangfeng? Why are you here?"

"Could it be that you were the one who struck the illusion Bell?" Ning Huaishu frowned.

A dark expression appeared on his face, and everyone in the hall was taken aback, their expressions strange. It was obvious that Ning Hangfeng did not have the right.

"It's an emergency," Ning Hangfeng said in a deep voice. "My second sister has already gone to The Purple Cloud Peak. Before she left, she asked me to ring the fantasy Bell. She also has a few words for everyone."

"The Purple Cloud Peak?"

Everyone was shocked. Could it really be related to the end of time?

Ning Huaishu's expression changed, and he snorted heavily. "Keyue is really messing around. The moment Jiang Churan gave her power, she actually ordered someone to ring the fantasy world Bell. What nonsense!"

"This is a serious matter," Ning Hangfeng said anxiously. "It might even affect the life and death of the red moon City. My second sister only made her decision after thinking it through."

“Oh? What kind of life and death?”

“If you can’t convince everyone, you and your sister will be in deep trouble!” Ning yuanmen said coldly.

At this moment, another figure flew in from outside. Under the flash of white light, ruan Hongyu’s true form was revealed, but her aura was extremely weak. She said softly, “ this is a decision made by ning keyue and I. When Chu ran left, he let me control the inside and let him control the outside. Can’t we make a decision together? ”

She had already pulled herself together from the extreme grief, but she was so Haggard that she was beyond recognition. Not only had she lost a few pounds of weight, but she also had no blood.

“Sister!”

Ruan yuansi was shocked and said in horror, “What happened?”

Ning Huaishu frowned and said, “ since it’s a joint decision by the two of you, I have nothing to say. But what exactly happened? the illusion Bell has only sounded once thirty years ago during the battle with Gu Feiyang. Could it be that the danger this time is comparable to thirty years ago? ”

Ning hangfeng glanced at the weak ruan Hongyu, then turned to the crowd with a serious expression. based on the accurate information we have so far, someone has tampered with The Purple Cloud Peak. All the restrictions we set up have been replaced. We don’t know who is inside, but according to my speculation, the people inside are probably dead!

“What? Someone has occupied The Purple Cloud Peak?”

Everyone was taken aback. Jiang Ruoxi, one of the five people in the seat of honor, changed her expression and said in shock, “Is brother bieli guarding The Purple Cloud Peak?”

“Yes, it’s master bieli!” Ning hangfeng nodded.

“Swish!”

Jiang Ruoxi gasped and said in horror, “brother bieli is an eight-stars Martial Emperor. They’ll be embarrassed if the restriction on The Purple Cloud Peak is changed.

“Could it be that Jiang bieli changed the formation out of necessity?” Fu Yichun frowned.

Ning hangfeng said in a low voice, “based on the current situation, the possibility of this is very low. Not only is it impossible to enter The Purple Cloud Peak, but the divine sense is also blocked. I even used a profound level weapon Thunder instrument, but I couldn’t detect master bieli’s aura. I’m afraid that he’s probably dead.

Everyone’s heart suddenly sank. The profound level weapon Thunder instrument was an extremely precise detection profound level weapon. It could play a miraculous role in some places where divine sense was suppressed.

A martial artist stood up from his seat in anger and said, “There’s actually someone who dares to touch the ground on top of the red moon City!”

Everyone was furious, only the five council members were calm. Ning Huaishu frowned and said, even so, it’s not worth it for you to ring the illusion Bell. Ning keyue and ruan Hongyu, you two are too young. You didn’t even discuss such a big matter with us.

Ruan Hongyu’s eyes were red, and she couldn’t help but cry again.

...

“Sis, what else happened?” ruan yuansi asked in a low voice.

Ruan Hongyu wouldn’t be like this if it was only about The Purple Cloud Peak. He seemed to have sensed something.

Ruan Hongyu's lips moved slightly. She wanted to speak a few times, but no words came out. Instead, her sobs became louder and louder.

Ning hangfeng sighed. let me tell you. According to my second sister and Lady Hong Yu's speculation, the city Lord has probably died!

The entire Hall instantly fell silent, as if it was a haunted house. It was so quiet that even the insects in the grass outside the hall could be heard clearly.

"What? Who had fallen? Who did you say died?"

The five of them were all shocked. Ning Huaishu shrieked, as if doubting her old ears.

Ning hangfeng's face was unusually serious as he said word by word, "The city Lord might have already fallen!"

This time, everyone sucked in a breath of cold air, and the entire Hall became icy cold.

The three rays of light that had been hovering above the city Lord's mansion descended in an instant. The powerful aura made it hard for everyone to breathe. They all hurriedly stood up and walked out of the hall to welcome him.

"We welcome the three great elders!"

...

The three old men were dressed in red, yellow, and blue. The one in the lead, elder Hong, had a torch-like gaze as he stared straight at ning hangfeng and said coldly, "What do you mean he might have fallen?"

This news was so shocking that even the three old men, who never interfered in business, could not bear it and appeared.

Under elder Hong's gaze, ning hangfeng did not back down or avoid it. He said, "Elder Hong, it's the reaction of lady ruan Hongyu and my second sister, as well as the strange phenomenon of the shooting star and snow."

The three old men looked at each other, all of them shocked.

As nine-stars Martial Emperor powerhouses, they were naturally aware of such an unusual phenomenon. They had been feeling uneasy all along, but they did not expect it to be such a big matter. Although he did not witness Jiang Churan's death with his own eyes, he was sure that she was dead.

Ruan Hongyu couldn't help but sob. She had run out of tears, but she still couldn't help it.

The shock in ruan yuansi's heart was indescribable. She hurriedly went forward to support her falling sister.

"Did ning keyue say anything else before she left?" elder Hong asked seriously.

"Open the city's defensive formation and raise the alert to the highest level!" Ning hangfeng quickly said.

Elder Hong nodded. keyue's instructions are very good. Before things are clear, we're to maintain the highest level of vigilance. Kill anyone who makes any movements!

The chapter ended.

Taiyi wanted to say a few words about the death of the red moon City Master.

Many people were sad about the death of the red moon City Master. They sent me messages saying that I shouldn't be so cruel.

Some people said that a good person had finally appeared since ancient times, but he had died just like that.

“I’ve thought about it. In fact, there’s no good or bad among the people in the ancient times. Everyone has their own path, their own choices, and their own destiny. Li Yunxiao is like this, Li Yi is like this, the Emperor is like this, Shang is like this, Yu is like this, and the city Master of Redmoon city is also like this.

He was a qualified Overlord of the world, but he might not like this identity. He was also a peerless master. The identity of the red moon City Master, husband, and father had all restricted him.

The battle with Tian Si was perhaps the happiest thing that had happened to him since the battle with Gu Feiyang thirty years ago.

If a jar broke from the mouth of the well, the general would inevitably die in front of the battle.

He had displayed his full strength in the martial arts competition. At the very least, he would definitely be happy in this battle.

If he could go back in time to the moment he entered the world of desolation, he would definitely go in without hesitation because he was the red moon City Master and a peerless expert!

In addition, at the moment when the ancestral spirits returned to the ruins and woke up, Jiang Churan and Yunxiao could no longer retreat safely. One’s body had collapsed, and the other’s soul had collapsed. Yunxiao’s identity as the protagonist had determined that he would not die, so the one who died was Jiang Churan. Do you still remember Jiang Churan’s appearance in the last battle?

“For whom I live and die, for whom I speak lightly, a quiet dream breaks which year.”

why do we need worldly sentiments? why do we need to strengthen our looks? when old friends meet, we smile.

Chapter 936-power struggle

Elder Hong nodded. Keyue's instructions are very good. Before things are clear, we're to maintain the highest level of vigilance. Kill anyone who makes any movements!

Behind him, elder Huang sighed, "it's only been 20 years since the red moon City has had two new city Lords. This is definitely not a good sign!" Chu ran has a calm temperament and does things properly. He's a rare Overlord talent. If something happens to him, who can take over the leadership of the red moon City?"

Everyone fell silent. Although there were all sorts of internal struggles in the Redmoon city, and there were many people who were not convinced by Jiang Churan, now that Jiang Churan was dead, everyone suddenly felt that they had lost their backbone. No one would be suitable to lead the Redmoon city.

At this time, everyone was shocked to find that although Jiang Churan was usually gentle and quiet, did not have an overbearing aura, and was looked down upon by many people, Red Moon City really could not do without him.

reporting to the three elders, " ning hangfeng said. before my second sister left, she said that before she returned, all matters in the city will be handed over to ruan yuansi to manage.

Ruan yuansi's body trembled slightly, and his eyes were full of confusion. He obviously did not expect ning keyue to call him.

Ning Huaishu's face was filled with anger, and he said, " "Hmph, ning keyue is really troublesome. Does she have the final say in who can be the master of Red Moon City?"

"Not bad!"

that's right! Jiang Ruoxi nodded. when you're not around, it should be the five of us, the members of the parliament, who discuss and decide.

Ning hangfeng frowned. when city Lord Jiang left, he appointed my second sister and Lord Hongyu to temporarily take over. Now, my second sister and Lord Hongyu are giving temporary power to ruan yuansi. This is understandable.

Fu Yichun scoffed. hangfeng, it's not that we're fighting for anything with ruan yuansi. When Jiang Churan was around, did you ever see us interfere in any internal or external Affairs? " It's just that this is a very important time, and the five of us have to take up this responsibility."

Ning hangfeng resisted. I can empathize with the five Lords 'worries. However, the five Lords have been away from politics for a long time and are not familiar with the affairs of the red moon City. Ruan yuansi has always been by city Lord Jiang's side. I also secretly think that ruan yuansi is the best candidate to temporarily take over.

"Ning hangfeng, Who Do You Think You Are?!" Ning yuanmen shouted angrily. Do you have the right to speak here?"

Now was the best time for the five of them to take control of the red moon City, so they naturally wouldn't give it to ruan yuansi. With Jiang Churan's death, there was really no one who could match up to the five of them in terms of seniority.

"Did I have the right to speak when Churan passed the authority to me before he left?" ruan Hongyu asked coldly.

Ning yuanmen glanced at her and said indifferently, " "Of course, Hong Yu has the right to speak. However, when Jiang Churan left, she handed over the internal and external power to you and ning keyue, which was against the rules of the red moon City. Now that Jiang Churan has met with a mishap, the five of us can't just focus on Qingxiu every day. We have to take up this responsibility."

Many people in the hall also agreed, but at the same time, many people expressed their opposition.

From the soft discussions at the beginning to the public condemnation at the end, it suddenly became a hubbub of voices, almost to the point of a big fight.

"The five Lords are highly respected and won the hearts of the people. They were chosen with no regrets."

Hmph, I haven't been involved in political affairs for many years. I don't know anything, so how can I be in power? "

what could happen in Redmoon city? we'll get used to it in a few days. Besides, this has always been the rule. When the city Lord is not around, the councilmen have the highest authority!

"Hmph, representatives are the most powerful? The fist is the strongest in this world. If the five of you can defeat ruan yuansi, I will be convinced."

The five of them listened to everyone's discussion, and their faces darkened. If they had to fight ruan yuansi, they really didn't have much confidence, unless the five of them joined forces. However, if they did that, they would lose all their face.

Ruan yuansi, who had been silent the entire time, suddenly shouted, "Everyone, don't argue. Red Moon City is now in a critical period, and we can't tolerate internal strife. I'm very much in favor of letting the five Daren be in charge. I'm more familiar with the matters of the red moon City and am willing to fully assist the five Daren."

His words immediately caused dissatisfaction among his supporters, and they all became anxious.

Ruan Hongyu was also anxious and pulled on ruan yuansi's sleeve.

"Everything is for the sake of the overall situation of Redmoon city," ruan yuansi said with a faint smile.

Ning yuanmen revealed a proud smile and said, "Yuansi is a sensible child."

Ruan yuansi smiled and nodded at the five of them, her eyes shining. No one knew what she was thinking, but there seemed to be a hint of playfulness in her eyes.

Seeing that ruan yuansi was willing to give up, the supporters fell silent as well. The five members of the parliament all had smug expressions.

The three elders looked at each other and secretly nodded. Only then did elder Hong say, "it's rare for Yuan si to be so open-minded. The five of you will temporarily take over the management, and Yuan si

will do his best to assist you. We'll make a decision after ning keyue comes back from The Purple Cloud Peak.

"Yes, I will follow the orders of the three elders!"

The five of them were overjoyed and secretly smiled at each other. With the approval of the three old men, they would at least be in power for the time being.

As for ning keyue, she was just a little girl. They couldn't beat her in terms of strength, but they didn't care about her schemes and means. They would be able to play with her easily.

The pride of the five people, which had been worn down for a long time, was suddenly restored. Each of them was in high spirits, as if they had suddenly become the rulers of the world, making everyone frown.

Even if he was happy, he shouldn't show it in such a time of internal and external troubles. How could a person who couldn't control his emotions achieve great things? even the three elders of red, yellow, and blue looked unhappy, as if they felt that it was inappropriate.

Suddenly, a faint laugh came from outside, "It's a good arrangement, but it's a pity that ning keyue won't be coming back."

Everyone's body trembled, and their expressions changed. There was actually someone who dared to be so presumptuous in the red moon City. This had not happened in many years.

The red, yellow, and blue elders' faces were extremely gloomy. They didn't even notice that someone was eavesdropping outside. This showed how terrifying the person's strength was. They also secretly blamed themselves for forgetting to set up a defense shield for such a major event. It seemed like they really lacked countermeasures without Jiang Churan around.

However, on second thought, if Jiang Churan was still around, who in the world would dare to eavesdrop on them?

The three of them secretly sighed and turned into three rays of light and rushed out. The rest of the people also broke through the sky one after another.

In an instant, the city Lord's mansion was filled with experts, all of them looking at the sky with angry eyes.

The dark sky rippled, and a large number of human figures gradually appeared. In the darkness, their faces could not be seen.

Elder Hong glanced at the five members of the parliament and reminded them, "Right now, the five of you are the leaders of the Redmoon city."

Only then did ning Huaishu react. It was time for the five of them to step up. He was both surprised and happy, and shouted towards the sky, "Who is it? How dare you act so atrociously in the sky of Red Moon City, you don't know what death is!"

"Hehe."

A faint laugh came from the sky, "Jiang Churan is trapped in the end of time, and ning keyue is trapped in the Amethyst Mountain. Are the three elders red, yellow, and blue speaking?"

Everyone was slightly shocked. It seemed that the other party had come prepared. They had deliberately chosen to appear when the two experts were not in the city.

Ning Huaishu shouted, "I am ning Huaishu, a member of the Redmoon City Council. I am now in charge of the Redmoon city. Who are you?"

"Ning Huaishu? I've never heard of it."

The voice in the sky sighed, "when there are no Tigers in the mountains, the monkey will be the king. Could it be that the red moon City can only send such a character to support the stage?"

“Damn it!”

Ning Huaishu was furious. He had just come to power and needed prestige. How could he tolerate being looked down on like this? with a roar, he rushed into the sky. A giant blade appeared in his hand and he suddenly slashed at the source of the sound. In an instant, a bright light shone, illuminating the entire sky.

...

The five members of the parliament had been cultivating every day. Although they were a little stupid, their strength was indeed not ordinary.

The space where the sound came from twisted violently and was torn apart by the light blade. A figure appeared.

The corner of the man’s mouth rose, and he raised his hand slightly. The tip of the finger on his index finger glowed with a red light, shooting out thousands of red lights that pierced through the dark night sky and shot down.

The shadow of the light blade was suppressed in an instant. It trembled in the countless red lights and then disintegrated.

The figure sneered contemptuously. He took a step forward and pointed his finger at the air again.

Ning Huaishu was shocked. The aura on the other party’s finger cot was abnormally terrifying, like a poisonous Scorpion staring at you. He couldn’t help but feel cold all over.

In a moment of desperation, he once again brandished his giant blade, pouring all his strength into it, and slashed it without any explanation.

Below, the red, yellow, and third elders all frowned, as if they were extremely unhappy. This ning Huaishu was too inexperienced in dealing with enemies. In the situation where his cultivation was weaker than his opponent’s, he was still so rash. He was afraid that he would lose very soon.

Sure enough, the figure took a step forward, and his figure directly passed through the giant blade, like an illusion, but the red light in his hand was real, and he directly pointed it down.

“Bang!”

A ray of red light broke through ning Huaishu’s Emperor Qi defense, shooting into his chest and out of his back. Then, he raised his foot and stepped on it.

...

A huge shadow of a foot formed in the air. Ning Huai’s tree King Qi was broken, and the shadow of the foot contained an extremely strong pressure, making him unable to avoid it. He watched in despair as the Big Foot came down.

“Bang!”

Without any suspense, ning Huaishu spat out a mouthful of blood. He was stomped down from the sky and jolted into the ground.

Everyone sucked in a cold breath and felt a chill all over their bodies. Ning Huaishu was a high-level eight-star martial sovereign, but he was defeated in one move?

After the footprint landed on ning Huaishu, it turned into countless specks of light and dissipated in the air.

That person’s figure also gradually appeared in the faint light. He stood in the sky with a smile and said, “ in this world, fists speak. Don’t talk without fists.

Ruan yuansi was startled and immediately recognized the person. She exclaimed in shock, “Tang Qing? It’s you!”

As soon as this name came out, everyone's hearts shook and they were shocked.

No wonder he could defeat ning Huaishu with one move. The person was one of the members of the Business Alliance Council, the sect leader of the four extremes sect, Tang Qing!

Chapter 937

937 Good and bad news

Even in the merchant Union, the four extremes sect was a core existence. Other than the myriad treasures store, no other merchant would dare to say that they could suppress it.

Tang Qing slowly descended from the sky with grace, and the countless strong men behind her followed one by one. At a glance, their aura was amazing, and they looked at the people of Red Moon City.

The people of the entire Red Moon City were also awakened by the previous battle. They all ran out of their homes and looked up at the sky, all of them shocked.

"I'm here to bring you good news and two bad news," said Tang Qing with a chuckle.

"Please tell me what is good news and what is bad news, chief Tang," ruan yuansi said seriously.

The other four members of the parliament didn't dare to utter a word as they all looked ashen.

They weren't afraid to go up and fight, even if they died in battle, there was nothing to be afraid of. But ning Huaishu had just been stepped on by the other party, and they couldn't afford to lose face.

Tang Qing glanced at ruan yuansi and smiled indifferently. "The good news is that I've brought all the elites of the four extremes sect to join the red moon City. From now on, the red moon City will no longer be a situation where three families are at each other's throats, but a Golden Age where four families are competing for glory."

"What?"

Everyone was stunned for a moment. They were completely shocked by this news and didn't know how to react.

Ruan yuansi's heart was also greatly shaken, and he immediately understood Tang Qing's thoughts. The so-called joining was most likely for the control of the red moon City. Now, other than the three elders of red, yellow, and blue, who did not care about worldly affairs, there was probably no one who could be his match.

It was not that the red moon City did not allow other forces to join. The current structure of the red moon City also had many aristocratic families, with only three families being the largest. However, at this time, allowing a powerful existence like the four extremes sect to enter was no different from inviting a Tiger into the house.

He suppressed the shock in his heart and said coldly, "What about the two pieces of bad news?"

A glint flashed in Tang Qing's eyes. Ruan yuansi was not flustered in the face of danger. He was still able to remain calm after hearing this news. It seemed that he was a troublesome person. He smiled slightly and said, "The first bad news is that the world seems to have been sealed by a secret technique. I'm afraid no one can come out."

"Swish!"

All of the experts in Red Moon City sucked in a breath of cold air. This news was even more shocking than the first one. Seal the world for eternity? How was this possible?

Tang Qing sighed. In other words, city Lord Jiang may never be able to come out. This sky full of snow is perhaps a silent tribute for the strong people inside.

At this moment, Ruan yuansi's shock could not be any greater. She only felt that a huge conspiracy was heading towards the red moon City. To be able to seal the entrance to the immortal land, this kind of unheard of thing was definitely not something that Tang Qing and the four extremes sect could do. Then who could it be?

The four extremes sect was already one of the most powerful sects in the world. If they had an expert behind them, what kind of terrifying existence would that be?

He only felt a chill all over his body as he said in a deep voice, "What's the other bad news?"

Tang Qing smiled. there's another piece of bad news. I've just told you. Ning keyue will not be able to come back from The Purple Cloud Peak.

"Who the hell sealed The Purple Cloud Peak and the end of time?" ning hangfeng was shocked and said angrily. Your four extremes sect isn't capable of doing such a thing, is it?"

Tang Qing said indifferently, "of course it's not me. I also heard about this matter by accident. I thought of my good relationship with the red moon City in the past. At this time, I should be righteous and help. That's why I led all the elites here to join the red moon City to deal with the immediate crisis.

"Then who was it?" ning hangfeng gritted his teeth in anger. His heart was burning with anxiety, and he didn't know what to do.

Tang Qing laughed. although I know this, it's not convenient for me to disclose it. After all, we are not a family yet. When we move into the red moon City, we will be a loving family. Then I will tell you.

"A loving family?" ruan yuansi asked coldly. Now the four extremes sect is like a rat on the street. Not only is the merchant Union looking for trouble with you, but even the Holy region is looking for trouble with you. If you join the Redmoon city, wouldn't you be attracting trouble to the East and have the Redmoon city resist the two giants for you?"

"Hehe, brother yuansi, you're overthinking things."

Tang Qing smiled. there was indeed a little unpleasant misunderstanding between me and the merchant Union. But it's just a small misunderstanding. It can be easily resolved. As for the sanctuary, I've already made a trip to the holy city of misty snow before coming here, and I've cleared up the small misunderstanding."

“What? You’ve been to the Holy region?”

Ruan yuansi was shocked. If this was true, then the attitude of the sacred zone was intriguing.

Tang Qing’s face was always full of a smile, full of confidence, and said, “Yes, I’ve already explained this matter clearly in front of Lord Wei Qing of the Holy region, and also revealed my intention to join the red moon City. Lord Wei Qing said that the East region is weak and only has one super power, the red moon City. He expressed his high praise for me leading the four extremes sect to the red moon City.”

Everyone was shocked. If Tang Qing got the support of the Holy region, then tonight’s trouble would be big.

Ruan yuansi also realized the seriousness of the matter and said coldly, “How can the Holy region blindly worry about the matters of the Eastern Region and the red moon City? It’s not that our Red Moon City doesn’t welcome foreign forces, it’s just that now is a very important time, so such a big matter is temporarily put aside. If leader Tang is really interested in entering the red moon City, you can come with us to The Purple Cloud Peak now and rescue ning keyue. At the same time, we can open the seal. If that’s the case, I’m sure everyone will be happy to have you join.”

Everyone nodded in agreement, secretly thinking that ruan yuansi’s words were brilliant. If ning keyue was really saved, then at least there would be someone who could suppress Tang Qing.

Tang Qing frowned, and the smile on her face gradually disappeared. She snorted and said, “the world is sealed because of a powerful man. I, Tang Qing, don’t dare to touch this matter. If you want to save people, then go with ease. I will protect the red moon city for everyone. It is a small token of my appreciation as a new member.

Ruan yuansi flicked his sleeves and said, “there’s no need for leader Tang to worry about the matters of Redmoon city. Please leave immediately. Otherwise, if we can’t persuade you again and again, we’ll suspect that leader Tang has ulterior motives and is deliberately looking for trouble. In that case, Redmoon city will do its best to solve the problem at hand.

As soon as he said that, the atmosphere became tense. The snow froze, not daring to fall in this area.

Tang Qing's face immediately turned cold, and she said, "Brother Yuan Si's stubbornness will bring harm to the red moon City!"

Ruan yuansi did not back down and said coldly, "I, ruan yuansi, can't decide whether I'll harm the Redmoon city or not. Even if I do, the people of the Redmoon city will naturally oppose me. Brother Tang Qing, you're worrying for nothing.

Tang Qing's face was slightly cold, and the elemental energy fluctuations on his body spread out faintly, as if his heart was burning with anger.

The red, yellow, and blue elders immediately stepped forward and blocked ruan yuansi's path. The three of them had devoted themselves to cultivation and paid no attention to the affairs of the world. They were not clear about the various disputes on the continent, but they still carried out the decisions of the red moon City one hundred percent.

Tang Qing's strength was only an elementary nine-stars martial sovereign. Any one of the three of them could easily take her down. Therefore, they did not take her seriously at all.

Tang Qing's face changed a few times, but she suppressed her anger and said coldly, "The three elders have long heard of your great name. You are the pillars of the red moon City. If the three of you want to make a move, please consider the consequences first."

He raised his hand, and a red light shot into the sky.

Suddenly, the dark night seemed to be pushed open by the red light. The sky rippled faintly, giving off an extremely oppressive feeling.

All the people of the red moon City below looked on in horror. Many of them had already sensed that something big was about to happen.

Elder Hong's expression changed. He was the first to see the object that was slowly approaching. He said in shock, "a ninth-grade warship!"

Everyone's heart trembled as they looked at the void in horror.

A ninth-grade battleship was almost like a moving fortress. Although it had a large tail and could not be removed, and its movement was slow, its destructive power was extremely terrifying. He did not expect the four extremes sect to have such a terrifying item.

Tang Qing's face flashed with excitement as she laughed and said, "Are you all still thinking the same thing?"

Ruan Yuansi was shocked and angrily said, "even if it's a ninth-grade warship, brother Tang Qing, you seem to have forgotten that this is Red Moon City!"

Due to the arrival of the battleship, the power of the city's incharge immediately activated the city's protective array. Several rays of light shot directly into the sky from several directions of the city and bloomed like fireworks, constantly pushing in all directions. They immediately stacked together and formed a five-colored Halo, protecting the entire city.

"I naturally know that the Redmoon city is not afraid," Tang Qing said coldly. "But at this moment, brother Yuansi, do you really want to have a big fight with me and let the Redmoon city fall into eternal damnation?" The red moon City has lost Jiang Churan. If my battleships break the city's protective array, you will have to fight with my people again. Hehe, there have been many forces suppressed by the red moon City over the years, right? There are many forces that Harbor resentment, right?"

...

Ruan Yuansi retorted with disdain, "Brother Tang Qing, you think too highly of yourself. A mere ninth-grade warship wants to blow up our city's defensive formation? Also, you only have a few hundred people, and you think you can fight with us? It's easy to make a fool of yourself by misestimating your strength."

"Is that so?"

Tang Qing chuckled, but her eyes were cold to the bone. "If one is not enough, what about two?"

After the gigantic warship came out, the spatial teleportation power had yet to end. Sure enough, another warship slowly sailed out. The two warships were so big that they covered the clouds and the sun. They were side by side, blocking the entire Red Moon City.

This time, everyone was shocked.

Tang Qing sneered and said again, "as for the four extremes sect, we naturally don't dare to fight with you. After all, with the red, yellow and blue elders here, any one of them can kill us all. But what if the three elders can't do it?"

"What?"

Everyone was shocked, and the three old men's expressions changed slightly. They didn't understand what he meant.

Ruan Yuansi was also shocked. The reason why he dared to be so unyielding was because the three old men were here. Could it be that Tang Qing still had a trump card to deal with the three old men?

Chapter 938

938 The prelude of an era

The faces of the people of Red Moon City were extremely ugly. Tang Qing was by no means a reckless fool. After the incident with Song Yueyang in the city, he was still alive and well. Moreover, the four extremes sect's forces were so powerful. This man was definitely not simple.

"Tang Qing, you brat, aren't your words a little too big?" elder Hong said coldly. This old man really wants to see what kind of trump card you have that can stop me from making a move!"

Tang Qing smiled slightly and respectfully invited somewhere in the sky, "My Lord, please show yourself."

Everyone's heart trembled as they turned their eyes towards the void.

As Tang Qing's voice fell, the endless black night seemed to gather there, condensing into a black robe, and gradually revealed a figure.

The man walked forward gently, and with every step, a ripple spread in the air. He walked extremely slowly, but everyone in the red moon City had a gloomy expression.

Because they couldn't feel any aura from that person. If they didn't see it in front of them and only relied on their divine sense, they wouldn't have thought that there was someone there.

For a moment, everyone's eyes were focused on the black robe, and they could not see the man's face clearly. They only felt that they were looking at the void.

Ruan yuansi and the other powerhouses of Red Moon City all had cold sweat on their palms. This could only mean one thing-this person's comprehension of martial arts was already above all of them. He had almost merged with heaven and earth, and he was no longer self or anything.

The three elders, red, yellow and blue, also looked serious. Elder Hong said coldly, "Who are you?"

The black-robed man ignored him and walked directly to Tang Qing. Then, he turned around. The snowflakes seemed to reflect the man's face. He flashed in front of the three old men, but his face fell into the eyes of the three old men.

"Ah?"

The three old men screamed at the same time and retreated in shock!

The three of them looked at each other in disbelief and confirmed that what they had seen was right.

Ruan yuansi and the others were even more shocked. They didn't know who this person was that could make the three old men, who usually didn't care about worldly affairs, so terrified. His heart immediately sank, and he realized that the situation was extremely bad.

Elder Hong suppressed the fear in his heart and said in a trembling voice, "Is it really you?"

A voice came out from the black robe, "It's me."

Elder Hong's expression changed. This familiar voice made his body tremble. He gritted his teeth and said, "Why?"

the cycle of the heavenly Dao is endless," the black-robed man said indifferently. history will roll forward. Isn't it good for the red moon City to include the four extremes sect?"

"This bi an ..."

Elder Hong couldn't answer for a moment. The three of them had always been in closed-door cultivation, so they couldn't answer these questions.

Ruan yuansi hurriedly said, "the matter of accepting the four extremes sect is not impossible to discuss. If the four extremes sect is really willing, we can do as I said. I believe that Red Moon City will definitely consider accepting them in detail.

"You're ruan Zhengye's son. Not bad," the black-robed man said.

Ruan yuansi's heart trembled. This black-robed man gave him an extremely familiar feeling. Furthermore, he seemed to contain an infinite amount of Majesty that made him not dare to offend him.

"Who are you?"

Jiang Ruoxi couldn't help but cry out.

The black-robed man slowly raised his head. In the endless void, there seemed to be a ray of light flashing through the sky, which was shocking.

“Swish!”

Jiang Ruoxi was instantly dazed and retreated in shock. She looked as if she had seen a ghost and said in horror, “You, Yingluo, you’re Yingluo.”

The rest of the words seemed to be stuck in his throat. His face was red, but he could not say it no matter what.

Ruan yuansi was suddenly startled, and finally remembered who the person in front of him was. His eyes were filled with shock as he said, “Y-y-you ... Are you really my Lord?”

The black-robed man nodded slightly and said, “you remember me too.” &Nbsp;

Ruan yuansi felt as if her heart had fallen into a deep abyss. Today’s matter would not end well. If the person in front of her was really this person, then Red Moon City would no longer be able to stop the wheels of change.

“What if we refuse?” he gritted his teeth and asked.

“Do you want to attack me?” the black-robed man asked slowly.

Ruan yuansi suddenly shut her mouth, her face deathly pale. Even the red, yellow, and blue elders’ faces were ashen, as if they had no idea what to do.

Ruan Hongyu’s heart skipped a beat as she recalled the owner of the voice. “So it’s you!”

Her eyes were filled with shock as she said anxiously, “if it’s really you, why didn’t you save ning keyue, who is now trapped on The Purple Cloud Peak?”

The black-robed man seemed to be slightly moved, but he quickly regained his calm and said, “Because in my heart, the matter of the red moon City is far more important than my daughter.”

“Swish!”

Cold air was drawn in the air, and everyone was shocked to the extreme!

Everyone immediately understood the identity of the black-robed man. He was ning keyue’s father, the previous Lord of the red moon City-ning Kewei!

Didn’t the previous city Lord go missing for many years? Why was he with the people from the four extremes sect? Moreover, at this crucial moment of life and death, he was actually helping an outsider?

Everyone revealed a shocked and strange expression, unable to understand.

Ruan Hongyu sneered, “the matter of the red moon City is more important than your daughter?” You’re definitely not the previous city Lord, ning Kewei. No father would watch his daughter die without saving her. No sect leader with a conscience would watch his sect’s Foundation be destroyed and help the evildoer!”

“Whether I’d rather do it than let you decide,” the black-robed man said. “No one can change the facts.” With the three elders “strength, they can naturally tell if I’m real or not.”

“He really is the previous city Lord, ning Kewei. He’s not fake at all.” Elder Hong’s face was ashen as he gritted his teeth.

Unless one had reached the level of Gu Feiyue’s heaven-peeking eye technique, there was no illusionary technique in the world that could deceive the three of them, or even the countless experts in the entire Red Moon City.

“Since the three old men have already confirmed my identity, you should listen to me,” the black-robed man said. Now, I will use my identity as the city Master of Red Moon City to absorb the four extremes sect and make it a glorious situation for the four sects to prosper together.”

Everyone’s heart trembled, and they didn’t know what to do. The opponent’s trump card was actually their highest commander. How was the situation going to develop?

Ruan Hongyu said firmly, " even if you are the previous city Lord, that was a long time ago. There is only one city Lord in the red moon City now, and that is my husband, Jiang Churan. Everyone must listen to the city Lord's orders, even the previous city Lord! As of now, my husband is still in the depths of the world, and the entire Affairs of the red moon City are under the control of the five elders of the Parliament. This is also the rule of the red moon City, and now the entire Red Moon City is under the control of the five elders of the Parliament. Since you are also a person of the red moon City, you should naturally listen to the orders of the five elders!"

"Not bad!"

if you're still a citizen of Red Moon City, you should follow the rules of Red Moon City, " ruan yuansi said seriously. if you're no longer a citizen of Red Moon City, then you naturally don't have the identity of the previous city Lord.

...

"Oh? Ruan Zhengye has a pair of sharp-tongued children."

who are the five elders in the Parliament?" ning Kewei said coldly. ask them to come out and talk to me.

Everyone in Red Moon City immediately looked at ning yuanmen and the other three. After ning Huaishu was stepped on by Tang Qing, he felt ashamed and angry. He did not have the face to see the crowd and did not get up again.

The faces of ning yuanmen and the other three turned pale. When had they ever experienced such a scene?

In particular, ning Kewei's Black robe seemed to flash with an extremely stern gaze. When they thought of this person's previous governance of the red moon City, the four of them were frightened and their faces turned pale.

Fu Yichun gritted his teeth and said, " before city Lord Jiang entered the end of the world, he instructed ruan Hongyu to handle internal affairs, and ning keyue to handle External Affairs. Now, ning keyue has

also instructed ruan yuansi to handle External Affairs. In that case, everything will be decided by the ruan siblings. The five of us, as members of the parliament, will do our best to assist them.

The people of Red Moon City were filled with contempt.

Fu Yichun and the other three felt their faces burning. They could feel the contempt and disdain from the crowd, but compared to facing ning Kewei's pressure, they would rather bow their heads.

"Hmph, you five were trash before, and you're still trash now!"

Ning Kewei snorted contemptuously and disdainfully, as if he was angry.

Tang Qing, who had been watching coldly from the side and did not say a word, frowned slightly when she heard this, but she quickly regained her calm.

...

Fu Yichun and the other three's faces were so red that blood was about to drip out. They wished that they were the ones who were stepped on by Tang Qing earlier, so that they could hide below and not come up.

Ning Kewei looked at ruan Hongyu and the other woman and said indifferently, " "Since the entire Red Moon City is now listening to the two of you, then the direction of the red moon City will be on the shoulders of the two of you."

The two of them were shocked, as if they had heard something unusual. They looked at each other in horror, only to feel that their palms were covered in cold sweat.

The two of them felt a little breathless with such a huge burden on their shoulders.

Ning Kewei said, " if you resist, not only will you have to face me tonight, but you will also have to face the entire four extremes sect. Even if you are lucky enough to survive tonight, when the sun rises

tomorrow, you might have to face all the sects in the Eastern Region that are suppressed by the red moon City. Are you two confident? ”

Ruan yuansi and his sister’s faces were as white as a sheet. How could they be confident in such a thing? The red moon City had stood in the Eastern Region for countless years. God knew how many enemies were hidden in the dark. If their power declined, the result would be unimaginable.

Ruan yuansi’s gaze turned to the red, yellow, and blue elders, seeking their opinion. At this moment, his entire body was already drenched in cold sweat.

The three old men all sighed inwardly and gave him an encouraging look, meaning that he could make the decision.

The three of them were good at fighting, but their ability to deal with important matters was very limited. They knew their own limitations, so they did not participate in political affairs.

Ruan yuansi swallowed with difficulty as she looked at the burning gazes of the martial artists of the red moon City and the cold expressions of the four extremes sect. She would rather think about the unfathomable thoughts of the black-robed man.

It was as if he had made the most difficult decision in his life.

“I ... Agree!” He said through gritted teeth, his body trembling.

This sentence used up all his energy, and his entire person became dispirited and dejected.

The heavy snow fell on the hearts of every strong man in red Moon City, and it was difficult to dispel the chill.

It seemed to be announcing the end of an era and the arrival of a new one.

Chapter 939-yang yuanshu

The Purple Cloud Peak was shrouded in clouds and mist, and the divine sense couldn't penetrate it. Under the moonlight, it was like the shadow of a monster, devouring all light.

Ning keyue's face became more and more unsightly. The restrictive spell in the mountains had changed. It was no longer a means set up by the red moon City. Then, the strong men of the red moon City who were guarding the mountains were probably dead.

Snowflakes filled the sky, and the atmosphere between heaven and earth became increasingly heavy.

Her face was extremely gloomy. She raised her hand, and a golden light gathered into a blade shadow, which directly chopped down at the mountain.

"Hiss!"

There was no huge tremor as expected. Instead, a ray of restriction light was torn apart like a piece of cloth, like the coat of a mountain being torn apart, revealing the White flesh inside.

Ning keyue instantly turned into a golden light and entered it. After a few flashes, she appeared on the top of the mountain. Under the moonlight, it was like the setting sun.

A tragic scene appeared in front of him. All the disciples of the red moon City were dead.

The entrance to the ancient place in the sky was blocked by a layer of white mist. It seemed to be the smoke coming out of the entrance, and no one could enter it.

Ning keyue's face was frighteningly calm. She walked to a corpse, bent down, and gently picked it up.

It was Jiang bieli. His body had been pierced through the heart and there were no signs of a battle around him. He had been killed in one move.

A tier 7 Martial Emperor had been killed in one move.

Jiang bieli's eyes were filled with fear. It was obvious that he had died with grievances.

Suddenly, Jiang bieli's hand that was hanging down moved as though it was spasming.

Ning keyue was shocked and hurriedly grabbed his hand. Perhaps she still had a chance to live.

At this moment, Jiang bieli suddenly opened his eyes and a green radiance shot out from his eyes. He opened his eyes and spat out a mouthful of thick smoke and poison.

Ning keyue reacted very quickly. A beam of Emperor Qi burst out of her body to block in front of her, but the smoke could directly corrode the Emperor Qi. It reached her in an instant.

"Swish!"

Ning keyue shouted. A strange note suddenly appeared and blew away the poisonous smoke. She quickly retreated a few meters and looked around vigilantly.

All the corpses on the mountain peak began to move. One by one, they got up from the ground, shaking their heads. Their movements were very slow, and their flashing green eyes proved that they were already dead and controlled by someone.

"Who is it?"

die! she shouted in a gloomy and angry voice. Her killing intent was released without any restraint, shooting out like a sharp wind.

These were all disciples of the red moon City. Not only had they been killed, but their bodies had also been used by others. Ning keyue's heart was burning with anger. She spread her divine sense in all directions, but she could not find anyone.

The restrictions on the mountain seemed to be able to be used by the other party to hide their tracks.

The dozens of corpses had already stood firm at this moment, and the aura on their bodies began to rise. It was mixed with an extremely rotten smell, which made people feel nauseous.

Ning keyue's face was so gloomy that water was about to drip out. She made a gesture of playing the flute with her hands and gently placed it at the corner of her mouth. She began to play a tune, which was like the murmuring of water and the dew of bamboo leaves. It was shocking in the snow.

The aura of the corpses that were emitting a sense of decay stopped rising, as if they were listening.

Time passed unknowingly, and the melodious sound of the flute changed slightly, like an Elegy, for whom, and for whom.

"Plop!"

Suddenly, a corpse lost its balance and fell down. Its entire face was buried in the snow, and it stopped moving.

"Plop! Plop! Plop! Pfft!"

Then, a series of corpses began to fall one by one, and in the end, no one stood up.

The mournful sorrow intertwined with the elegy of the flute, flying in the sky of snow.

Jiang bieli's corpse was lying on the White snow with his head facing the sky. His eyes were closed and he looked peaceful.

"Eh?"

A questioning voice suddenly came from the air, as if it was unbelievable.

Ning keyue's pupils shrank. She changed the sound of the flute and turned it into a sharp sound wave that shot out directly, rippling the snow in the sky.

In the direction of the sound wave, the space fluctuated, revealing a gray figure, who casually slapped down.

The two forces collided in the air, shattering the flying snow like thousands of rags scattering in the sky. The shadow appeared and then disappeared rapidly, as if it did not dare to confront it directly.

"Trash, come out!"

Ning keyue shouted, and the scepter immediately appeared in her hand. It immediately glowed with golden light, illuminating the entire mountain.

Her right hand trembled slightly, and an ancient sound spread out. The entire space fluctuated with the frequency of the ancient sound, pushing forward layer by layer.

In the upper right corner, the gray figure appeared again. He quickly made a hand seal, and rays of light gathered from all directions, turning into a mini mountain in his hand. With a point of his finger, the mountain immediately pressed down on ning keyue.

Upon a closer look, the mini mountain looked exactly like The Purple Cloud Peak!

Ning keyue was also shocked. She said in surprise, "extracting the mountain Soul?!"

The other party had actually extracted the mountain Soul essence with a simple gesture, borrowing the power of the mountain to resist the opponent.

"Song of subduing the soul-the business of five tones!"

Ning keyue's face darkened. She released a Shang Yin from the Song of Time. A strong power of the five elements broke through the air and blocked the mountain Soul essence.

“Song of subduing souls-feathers of five tones!”

The melody of the Shang music changed, and the mountain Soul essence trembled. With a “ bang “, it scattered in the air and turned into countless rays of light. They flew back to The Purple Cloud Peak.

The grey figure’s eyes were filled with shock, but he didn’t Dodge again. Instead, he stood in the sky and slowly said, he’s stronger than I expected. It seems like I’ve underestimated him.

Ning keyue’s eyes were full of killing intent. She said coldly, “Who are you? What is your intention?”

The man flew down from the sky and stepped on the snow, saying, “You can call me yang yuanshu,”

...

“Yang yuanshu?”

Ning keyue frowned. Such a strange name, but he was so powerful.

“As for the purpose, it’s to kill you!” Yang yuanshu continued.

“Kill me? Just you? What a joke!”

Ning keyue sneered coldly.

“You’re indeed stronger than I’d expected, but don’t look down on me,” yang yuanshu said seriously. “The entire purple cloud Peak is within my spell formation, and I’ve long since set up all sorts of killing moves.”

Ning keyue frowned and pointed to the White mist at the entrance of the planet. "You made that thing too?"

Yang yuanshu said, " it's an item developed according to an ancient alchemy recipe. It can be used to seal the entrance to a space. This is also the first time it's being used. However, I'm just a support. I'm not strong enough to seal the immortal realm."

Ning keyue's heart trembled. She felt that there was a huge trap coming toward the red moon City. Although the man in front of her was ordinary, he had amazing means. He was not the leader yet. Ning keyue said coldly, "You're a secret Alchemist? Who is the person behind you?"

"So what if you know who's behind me?" yang yuanshu asked. It can't change your fate."

Yang yuanshu quickly drew a few formation talismans in front of him and threw them into the ground. Immediately, the mountain peak trembled violently. With a rumble, coffins broke out of the ground one after another, as if they were tombstones standing on the summit of the purple clouds.

...

Ning keyue was shocked. These coffins all gave off a rotten smell, and the shape and material were the same, but they were of different ages. It seemed that they had been excavated from the same place.

"Huala Huala!"

The lids of the coffins immediately flew out, and the corpses inside all exuded an unusually powerful aura. The putrid smell of decay also hit them in the face.

Ning keyue's face suddenly turned pale. Not only was the smell disgusting, but the bodies in the coffins were also strange. Many of them had been dried up, and some had more than half of their bones exposed. It was chilling.

What really changed her appearance was the Qi on these mummies. Each and every one of them was unusually powerful, and three of them gave her an extremely oppressive feeling. The cultivation of these three people was definitely not below her when they were alive.

“Which sect’s tomb did you Rob?” ning keyue was furious.

Yang yuanshu’s eyes flickered with extreme excitement as he looked at the corpses. He let out a strange laugh and said, “Haha, what do you think? In order to exchange for these corpses, you almost made me go bankrupt! All of them are my treasures!”

Yang yuanshu, who had looked normal before, became a little twisted after seeing these corpses, like a lunatic. He even stretched out his mouth and kissed them a few times, which made ning keyue feel nauseated. She thought to herself that these alchemists were all abnormal and unreasonable!

But what shocked her was that the positions where these corpses appeared seemed to be arranged in an extremely powerful array. Each person’s position had a hidden profound weapon.

Yang yuanshu laughed strangely and said, “these 36 ancient corpses were all nine-stars martial sovereigns before they died!” Moreover, the three that I love the most were peak nine-star experts when they were alive. They are not inferior to you at all!”

Ning keyue felt a chill in her heart and said angrily, “such a peerless figure has to be humiliated by you even after his death. He really deserves to die!

A cold light flashed in her hand as she struck the nearest corpse. A golden light shot out from the song of the ages and turned into a slash.

“Bang!”

The coffin behind the corpse was directly shattered by the force, and after the corpse was hit, only half of its neck was cut in, but it could not penetrate through!

“What?”

Ning keyue was shocked. Even an eighth-tier Mystic weapon would have been broken by her attack just now. How could this corpse be more powerful than an eighth-tier Mystic weapon?

“Damn it!” Yang yuanshu roared in shock and anger. How dare you sneak attack my baby! Go!”

He shot out a strange symbol in his hand, and the corpses seemed to come to life. Their eyes glowed green and emitted a powerful aura as they charged toward ning keyue.

The corpse that had been attacked earlier made a hand seal with one hand. A fist radiance flew over, and the fist force roared in the air and blasted down.

Chapter 940-one move

Ning keyue was shocked. The shock in her heart was indescribable. This corpse could actually use the ultimate technique of his life!

She was so shocked that she didn't have time to think. The scepter in her hand immediately turned into a golden sword. The sword Qi struck down and cut the fist radiance. The sword Qi was about to hit the body, but another sword radiance came from the sky. It was another body. The sword Qi in his hand destroyed ning keyue's sword Qi and saved his companion.

At this moment, the formation of the 36 people was activated. Ning keyue felt her heart tremble. An unknown force came from the ground with a violent and decaying aura, which directly affected the operation of her Yuan power.

There was no time to think carefully. Three powerful auras came from behind him. The three corpses joined forces to attack. One clenched a fist, one formed a finger, and one formed a palm.

The three of them were all nine-stars martial emperors when they were alive, so it was impossible for them to join forces and do something so ungentlemanly. However, everything was under yang yuanshu's control at the moment, so they would not resist even if he asked them to pounce on dog sh * t.

Ning keyue turned around and swung her sword. The sword radiance was like a Peacock spreading its tail, repelling the three of them.

At this moment, she also realized that these corpses' strength was far from when they were alive, but their physical bodies were comparable to profound level weapons. Even with her extremely strong sword force, she could only injure these corpses.

Yang yuanshu laughed loudly and said, "do you feel that your life is fading away?" I've set up the book of the nether ghost formation under this mountain peak, which can continuously devour the vitality of living beings and strengthen the evil Qi of ghosts and corpses. Do you feel that it's very difficult to reduce one and increase the other?"

His eyes were filled with greed as he licked his dry lips and grinned, "What a beautiful body. After you are killed, I will definitely dress you up and make you my corpse concubine."

As if he was too excited, a tent was erected on a certain part of his body.

After the three bodies were blown away by ning keyue, more bodies fell from the sky. All kinds of light bloomed one by one. It was the ultimate skills of these Masters.

Ning keyue was furious when she heard this. Her eyes flashed with killing intent. She narrowed her eyes slightly, and a soft song came from the sword. A light sword will spread out and danced on the top of the mountain. Snow flew in the sky, and the desolation of the passing of time spread.

"Sitting alone in the cool night breeze, watching the snow fall from the mountain peak. Listen to Fei Hua's whispers and count the traces of the past."

The ultimate techniques revealed by the corpses were all broken by this ancient chill. This was a kind of law of Time, and time was like a knife.

The peerless powerhouse of the past had become a dried corpse in the traces of time.

The thirty-six corpses seemed to have been touched, and a kind of bone-chilling sadness spread out from the corpses, as if the peerless will of the cultivators when they were alive had been awakened by this song, and they were trying their best to resist.

The three peak nine-star corpses beside yang yuanshu trembled violently in an attempt to break free from this restraint. Two streams of blood tears flowed down from one of the mummified corpses!

“Damn it, you can actually break my corpse controlling technique?”

Shocked, yang yuanshu hurriedly formed hand seals with both hands, and a series of obscure notes came out of his mouth. They were actually a stretch of nether words that traveled down the mountain peak. The wavering corpses immediately calmed down, and the corpse Qi on their bodies surged as they pounced once more.

Yang yuanshu’s face turned slightly green. Gritting his teeth, he sent a few talismans into the three strongest corpses, and his aura instantly weakened. As if he had been drained of all his energy, he shriveled up and became much more dispirited.

The three corpses trembled slightly and immediately emitted a monstrous corpse Qi as they charged into the battle formation.

The corpse controlling technique could not control the number of corpses at will, but it was based on the caster’s strength. Yang yuanshu’s strength was not enough to control these 30 mummies at the same time, so only a dozen or so attacked ning keyue while the others stayed on the side.

Three former peak nine-star experts rose into the air, and the aura of the entire battle formation changed. The other corpses suddenly retreated, and three extremely powerful attacks came from the air.

“Haha, these three were no weaker than you when they were alive. Today, this place will be your place of rebirth. From now on, you can be my Harem’s corpse concubine!”

Yang yuanshu laughed maniacally and licked his lower lip, revealing an expression of extreme desire.

Ning keyue's face was cold. She turned the sword Qi in her hand, and a strong ancient sound came out. She said coldly, " every expert here could have killed you wantonly when they were alive. How dare you humiliate them like this? there's no reason for you to live in this world!

The ancient Music on the sword was mesmerizing and resounded.

a Thousand Autumns like snow, a half a year like a dream, one sword to suppress the soul of time song!

Ning keyue said softly. The sword light pierced the sky and bloomed on the top of the mountain. The Wheel of Time seemed to be disrupted at this moment. This sword connected the distant past and passed on to the endless future.

The corpses of the three peerless experts immediately froze, and the three powerful attacks also stopped at this moment.

"Bang! Bang! Bang! Bang!"

The bodies of the three corpses exploded, and a smile appeared on their hideous faces. Two streams of tears flowed down as if they were looking at the present from the sky a long time ago and saying thank you.

Yang yuanshu turned pale with fright and said in shock,"You, Qianqian, how could you kill them, Qianqian?"

Ning keyue stepped forward and said coldly, " "They aren't willing to be controlled by you and can only use 30% of their strength at most. How can they defeat me? As for this life-extracting formation, no matter how much my Origin Energy is suppressed by you, it's more than enough to kill you!"

Yang yuanshu was so shocked that he kept retreating. He said in fear,"Save me! Sir, save me!"

Ning keyue's sword Qi scared him out of his wits. He couldn't care less about his favorite treasures and turned to escape.

Ning keyue's body trembled slightly. She immediately felt a powerful aura coming toward her, and her expression changed drastically.

She was no stranger to this aura. She had encountered it not long ago.

The White figure gradually appeared in front of him, and the snow between heaven and earth stopped, as if it did not dare to fall because of this person's arrival.

A poem was recited at the peak of the mountain, "It's not that I'm the one who evolved the four poles, it's just that I'm amazing. It's not my little world, it's just talent. It's not that I've been unrivaled since ancient times!"

"Ling Baiyi!"

Ning keyue's face was pale. She gritted her teeth and said, "So it was you behind the scenes!"

A huge sense of regret welled up in her heart. She regretted that she had not been able to kill this person when she had the absolute advantage outside of Red Moon City. Now that the time was not right, she had to suffer instead.

haha, Lord Night Shadow, you're finally here!

Yang yuanshu was overjoyed and hurriedly ran forward with an apologetic smile. "Please kill this woman and leave her body to me, Sir."

Ling Baiyi descended from the sky, and his figure fused with the snow.

"We meet again, ning keyue."

Ling Baiyi said indifferently. His appearance this time was much calmer than the last time. It was as quiet as a snowflake in the mountain, hard to distinguish.

Ning keyue's face was pale. Now that this person had appeared, she knew that it was impossible for her to go back today. She said coldly, "Ling Baiyi, tell me, was this all your plan?"

Ling Baiyi shook his head and said, "Although I want to kill you, I have my own methods. I despise such methods."

Ning keyue was stunned. She was shocked and said, "Then who is Yingluo? He even managed to invite you?"

"Hahaha!"

Yang yuanshu laughed maliciously, "Master Night Shade is the world's number one assassin. Since he's an assassin, he naturally has a price. If that master can afford it, master Night Shade will naturally take action. You didn't expect this, right? The one who's waiting to kill you isn't me, but the fourth-ranked martial sovereign!"

...

"That person knows that I have a grudge against you, so he offered a very attractive price for me to make a move," Ling Baiyi said indifferently. So don't be afraid, I'll leave immediately after one move."

Even if it was only one move, who in the world would dare to say that they could take it?

Even ning keyue, who was in a state of great turmoil, didn't dare to say that she could take one move from him.

Ling Baiyi's aura gradually spread out, and his killing intent seemed to have materialized. Yang yuanshu's expression changed drastically, and he hurriedly retreated a few dozen meters, deeply afraid that he would be drawn into it.

The snowflakes that had stopped in the sky seemed to have been summoned and fell again at this moment. However, every snowflake turned into ice crystals with the bone-chilling cold Qi, freezing the world.

Ling Baiyi moved. To be exact, he didn't move. Only the snow on the ground moved. It was sent flying and spinning in the air by a force.

The snowflakes were sharp and carried a shocking murderous intent. Every snowflake was like a sharp blade that could kill. Ling Baiyi's face was unusually calm and emotionless.

The power of the snowflakes brought great pressure to Ning Keyue, forcing her sword to unseal itself. A golden battle suit covered her body, but she still couldn't help but step back.

Ling Baiyi moved. This time, he really did move. He stretched out his hand and a snowflake fell on his fingertip. He used the snowflake as a sword and quickly pierced through the layers of flying snow. The extremely white flower seemed to have integrated with the essence of The Purple Cloud Peak and the law of snow.

Ling Baiyi's white figure suddenly turned black. He was like a shadow that was cast on the snow-covered mountain peak. Behind him was the endless dark night sky. It was as if the endless night sky had turned into his reflection at this moment.

Only this patch of white and this patch of black was left in the world.

...

Ning Keyue's heart trembled. She watched in horror as a snowflake floated towards her. It was so slow and beautiful, but she seemed unable to resist it.

She used all her strength to raise the golden sword in her hand and thrust it out in the air. There was no fancy move. Just this thrust was her strongest power.

The golden sword emitted a scorching light like a cloud, and the tip of the sword finally touched the White snow.
