

## **The Eternal 971**

### Chapter 971

#### 971 The power of the neonite

One by one, the cultivators knelt in front of them. Their bodies had been pierced by the demonic Qi, and their wounds had begun to corrode. Circles of demonic patterns began to appear on their bodies, and the horror on their faces slowly disappeared. In the end, they all revealed strange smiles and stood up from the ground.

Yunxiao looked at them coldly. He knew that these martial artists had been demonized and had become Chu Shengfeng's demonic slaves.

Yu Shengfeng didn't even look at these demonic slaves. Instead, he directly walked forward and looked at the person sitting on the throne. He said indifferently, "Lord Grandmaster, the trap you set up seems to have failed."

Yunxiao's body trembled, and his face was filled with horror. Yu Yixian was actually Chu Shengfeng's Grandmaster?

With this deduction, Yu Yixian was also a descendant of the demonic servant lineage. No wonder Yu Shengfeng knew of this place and came alone.

"I'll take over what Grandmaster failed to accomplish," Yu Shengfeng continued.

He took a step forward and was about to grab Yu Yixian.

Suddenly, the big sword in Yu Yixian's hand shone and a sword light shot out.

Yu Shengfeng's expression didn't change. He grabbed down from the sky and destroyed the sword Qi in his hand. He then struck out with his palm and directly hit Yu Yixian.

Suddenly, a strange force came out from Yu Yixian's body. It seemed to repel the demonic energy and directly shook away Yu Shengfeng's Palm Power.

Yu Shengfeng frowned and stared at Yu Yixian's body, as if he was thinking about something.

Yunxiao, on the other hand, was greatly shocked. He was no stranger to the power that Yu Shengfeng had stirred with his palm just now!

No wonder he felt a sense of familiarity along the way. The power that overflowed from Yu Yixian's body just now was the power of the aegirine that gave him a headache!

Could it be that Yu Yixian also had aegirine in his body?

Yu Shengfeng said indifferently, "Grandmaster, you've been dead for many years, why are you so stubborn?" This treasure should be passed on to the younger generation!"

His figure began to move, and his hands kept forming seals. One by one, he hit Yu Yixian's body, and every hit was bounced off by the power of the aegirine. However, he still did not stop, and his speed became faster and faster.

Yunxiao watched carefully. What Yu Shengfeng had displayed was an extremely exquisite refining technique, and his understanding of the Dao of alchemy was even higher than his, and his every move was in line with the heavenly Dao.

The power of the aegirine in Yu Yixian's body also began to grow stronger and stronger. Like an activated volcano, it began to erupt.

"Clang"

The broad giant sword seemed to be affected by the power of the aegirine. It let out a long cry and its sword intent spread out.

Yu Shengfeng's expression changed greatly as he quickly retreated.

"Shua shua!"

The sound of a sword light breaking through the air could be heard as a black crack swept over. A monstrous sword intent chased after Yu Shengfeng and slashed out.

At the same time, the big sword in Yu Yixian's hand trembled violently. It gradually condensed into an 80-foot Vajra. He put his hands together in front of him, roared, and his whole body struck out.

Yunxiao's heart trembled. It was the sword that had directly taken form!

Yu Shengfeng was also shocked. He stopped in the air and made a hand seal. A demonic light appeared in his hands and he shouted, "Magic light flash!"

As if struck by a black lightning bolt, endless demonic Qi gushed out and turned into a sharp light that struck the sword Qi!

The two forces collided in the air, and the aftershock dispersed, shaking the entire tomb.

Yunxiao's pupils constricted. He had seen di Jia use this move in Mount Meru. At this moment, Yu Shengfeng had probably completely absorbed Di Jun's remains, and was not much different from a devil Lord's avatar.

After the sword Qi was annihilated by the demonic light flash, the sword's manifestation also attacked. With a loud roar, it pushed forward with its hands clasped together. It was like an attack of sword Qi, its power even greater than before!

Yu Shengfeng's expression was serious, but he didn't panic. His hand seals changed quickly, and a huge demonic shadow appeared behind him.

"True fiend Dharma idol!"

Yu Shengfeng shouted as he placed his right hand in front of him and pointed a finger down.

The demonic shadow behind him also raised its hand and pointed at the hands of the sword.

“BOOM!”

The two forces collided with a loud bang, and a large area of space was shattered, spreading in all directions. The entire Hall was overturned at this moment, and all the building materials were turned into ashes in the aftermath.

With the point of collision as the center, an energy storm blew out. Not only was the hall instantly destroyed, but the entire bottom of the lake was also stirred up. More than half of the lake water was directly evaporated, and the remaining water turned into a Dragon's Roar that soared into the sky.

The two Wei family members and the demonic slaves were the first to be affected. The Wei family member and a few demonic slaves were crushed on the spot. Wei Dongyang and the remaining demonic slaves were also thrown out by the impact. It was unknown whether they were Dead or Alive.

Yunxiao was shocked as well. The energy vortex was like a mixture of an ocean of sword Qi and a sea of devil essence, constantly washing his body and cracking it.

However, at the same time, his body was also continuously absorbing these two types of energy to repair his damaged body. Although his injuries were constantly expanding, it was very slow.

The people of the Shuai family and the du family were further away and were well prepared. Although they were also affected and attacked, they were only injured on top of their injuries. There were no casualties, but their faces were full of fear, not knowing what had happened.

After the exchange of moves, not only did the water in the entire Lake evaporate, but the environment also seemed to have changed. Everyone felt as if they were no longer at the bottom of the lake. A strange scene spread out, and everyone was actually in a square!

There were strange buildings all around, as if they were the shells of insects placed on the ground. Although strange, they exuded a Grand Power that made people feel admiration and worship.

After a moment of shock, Yunxiao calmed down. He had deduced from all kinds of clues that an extremely powerful force once existed in this area, and what was now in front of him should be the ruins left by that force. However, judging from the buildings, they did not seem to be human.

“Lord Yunxiao, what happened? What’s going on?”

After a brief panic, Marshal Junwei immediately noticed Yunxiao and hurried over to ask.

Yunxiao was in a sorry state at the moment. His body was covered in wounds, which looked shocking, but in fact, they were all superficial wounds and did not touch his internal organs.

He raised his head and looked up. Yu Shengfeng had disappeared after the battle with the treasured sword. Not only that, but Yu Yixian’s body had also disappeared.

“BOOM!”

A huge explosion suddenly rang out in the sky. The intense light was shocking, and a figure fell from the sky at a rapid speed. He was directly smashed into the ground, causing the earth to crack!

Yunxiao was shocked. The man who had been knocked down was actually Gu Shengfeng!

“How is that possible? Don’t tell me that the treasured sword’s manifestation has the upper hand?”

Just as he was feeling extremely puzzled, Yu Shengfeng crawled up from the deep pit in the ground. He looked up at the sky with a calm expression and said, “Grandmaster, I came here in accordance with your instructions. Why are you not willing to pass this body to me?”

...

In the strong light in the sky, a figure gradually appeared. He held a big sword in his hand and the figure's face gradually became clear in front of everyone. It was Yu Yixian!

"Shock!"

It was not just Marshal Junwei and the others, but even Yunxiao, who had been calm all this time, was startled, and he could no longer keep his calm!

The figures of the demonic slaves in the distance immediately flew over and spread out around Chu Sheng Feng, forming a defensive posture.

Wei Dongyang, on the other hand, was nowhere to be seen. He had probably hidden himself long ago.

Although Yu Yixian was in high spirits, his expression and gaze were a little dull. He slowly opened his mouth and said, "The power of devil essence, my junior has finally found it for me."

Yu Shengfeng's expression changed, and his eyes became cold as he said, "Grand uncle, what is going on? please tell your successor."

"Give me the demonic energy," Yu Yixian said.

Yu Shengfeng's pupils shrank. He naturally saw that Yu Yixian was not normal and coldly said, "Lord Grandmaster, are you still alive or dead?"

Yu Yixian's face suddenly turned ferocious and he roared, "Give me the mana!" After that, he raised the greatsword with both hands and swooped down.

The sky was cut in half, and the huge sword light fell from the sky like a meteorite!

...

Yu Sheng Feng's expression was cold. Although he was serious, he didn't panic. It was as if he could still control the situation.

He formed a hand seal and stood there quietly. Suddenly, the space around him twisted and he disappeared.

It was the teleportation technique. With the strength of his soul power, even the Emperor Qi of the nine Heavens could not suppress the space and prevent him from teleporting.

On the other hand, the demonic slaves' faces turned abnormally ferocious. They roared and rushed towards Yu Yixian. Their bodies expanded one by one, wanting to self-destruct as an attack!

These people were all mid-stage Martial Emperor powerhouses since they were able to survive from the previous fierce battle until now. Now that they had all self-destructed, the power of the explosion was terrifying.

"Bang! Bang! Bang! Bang! Bang! Bang!"

There was a huge shock. Every martial artist's self-explosion would directly blow up a black hole. Yu Yixian's sword Qi was directly annihilated by the power of this explosion, and his entire body was affected.

Yu Shengfeng instantly appeared in the sky not far away and once again displayed his true fiend Dharma idol. The huge Phantom spirit formed a seal in the air, forming a strange black symbol that suddenly fell towards the explosion.

Although Yunxiao and the others were standing in the distance, they also felt a great pressure, as if the sky was covering them!

"Boom boom boom!"

The huge black symbol fell and exploded at the place where the demonic slaves had exploded. A huge force shot out in all directions, and the surrounding magnificent buildings were destroyed in large numbers, turning into powder and no longer existing.

Everyone was affected once again, and they all spat out a large mouthful of blood. Each and every one of them revealed a look of fear. If such a powerful force were to come a few more times, they would all be completely finished.

Yunxiao was the only one who remained calm, but he had a solemn look on his face, and the wrinkles on his forehead could not be undone. He seemed to be thinking about something.

Chapter 972-possession

The dust in the sky dispersed, gradually revealing the damaged landscape of the square. Under the devil seal, almost all the buildings were destroyed and turned into ruins.

After the demonic slaves self-destructed, Yu Yixian was also smashed into the ground by the demonic seal, leaving a bottomless black pit that led to the ground.

Yu Shengfeng stood quietly in the sky with his hands behind his back. His face was unusually calm, as if everything was under his control.

Yunxiao's eyes flickered. He estimated that Yu Shengfeng's strength should be comparable to Lu Jianbo, who was at the peak of seven-stars, or even higher. The shock in his heart was indescribable. It should be known that Yu Shengfeng's current body was only that of a martial Grandmaster, and he was relying purely on his soul and the power of his devil essence. If he could find a powerful body to possess, his strength would probably rise to nine-stars.

From his mumbling earlier, it seemed like he wanted to possess Yu Yixian's body!

It was rumored that Yu Yixian was also a body technique expert. Although his physical strength was not as well-known as ao changkong's, he also cultivated an extraordinary cultivation method and seemed to have mastered the power of the aegirine. If nie Shengfeng obtained it and refined it, his combat strength would definitely be comparable to a nine-star martial sovereign.

“Bang! Bang!”

Suddenly, a few loud sounds came from the ground. Then, the square with the black pit as the center completely cracked, turning into pieces.

An extremely powerful attack rushed up from below and slashed towards Chu Shengfeng. Yu Yixian also rushed out. He became one with his sword and waved his big sword up. He just slashed randomly.

“Lord patriarch, it’s useless.”

Yu Shengfeng’s expression was indifferent. He sighed softly and said, “I know you’re already dead. It’s just that the aegirine has developed a wisp of its own consciousness and is controlling your body.”

His figure slowly faded in the air and he teleported down directly, landing behind Yu Yixian. A green light appeared in his hand and turned into a green net.

He bent and stretched his five fingers, and the green net quickly spread open. Like a Fallen Leaf being blown by the wind, it flew towards Yu Yixian.

Yu Shengfeng’s finger incantation kept changing and that net covered the sky and covered the earth. It covered the frenzied Yu Yixian and then quickly closed up.

Yu Yixian’s expression was ferocious. He waved his sword with all his might, trying to cut open the green net. However, the sword Qi directly passed through the green net and slashed into the distance, unable to hurt it at all.

The moment his body was touched by the green net, it was locked.

Yunxiao’s heart trembled when he saw this scene. “The tendons of the illusionary crane Yan Luo! There really is such a thing in this world!”

Yu Shengfeng turned to give Yunxiao a look of approval and said, "that's right. It's the tendon of the misty illusionary crane. It's completely green and transparent. It can see through all powers. It's the best thing to use to tie people up.

He continued to perform hand seals, and the green net became tighter and tighter. No matter how much Yu Yixian struggled, it was useless. In the end, he was so tightly bound that he couldn't even swing his sword. Even his physical strength was penetrated by the green net, and he couldn't hurt it.

This illusionary crane was also a legendary demonic beast. Although it was not a true spirit, its tendons were even more valuable than true spirit secret treasures. This kind of thing could penetrate all power, even sword Qi could not cut it. It was almost an invincible existence.

The green net directly pierced into Yu Yixian's flesh, but it could not break his skin, which showed how strong his physical body was.

Yu Shengfeng's eyes revealed a look of excitement as he laughed, "Lord martial ancestor, this aegirine is really naughty. Right now I'm very nervous, will it like me?"

No matter how Yin Yixian struggled, his four limbs were completely bound and he could only fly in and out of the air like a club.

Yu Shengfeng then took out a formation plate and slapped it. A green light spread out in the air like a calm lake, splitting the sky into two. Two strange formation arrays appeared on the surface of the fan.

Yu Yixian, who was bound by the illusionary crane tendons, was pulled into the array by a huge force. He himself also walked into the array and began to form seals with a serious expression.

Yunxiao was shocked. Even he did not know these two strange arrays, but he had already speculated that Yu Shengfeng was going to seize Yu Yixian's body on the spot!

Generally speaking, possession was extremely dangerous. It was not that the soul and the body that was seized might not be able to integrate together. Only when the compatibility was higher would the repulsion between the two be smaller.

Yunxiao's face was gloomy. He did not know where Yu Shengfeng got his courage from. He was too arrogant to possess someone right in front of him!

This made him hesitate, wondering if he should take the opportunity to kill Yu Shengfeng. After all, Yu Shengfeng's body was now filled with devil Qi, and he was a peak ninth-tier Alchemist, which made him even more powerful than an ordinary Devil master's clone.

The most important thing was that the other party knew that he had the great expansion divine technique and the power of demonic essence. Even if he didn't kill the other party, the other party would definitely not let him go.

After making up his mind, Yunxiao's eyes flickered with killing intent.

However, he also knew that this wasn't the best time. The moment Yu Shengfeng successfully took over the body was the best chance to kill him.

since you have such courage, I don't mind trying to see how you can block my killing move during the possession!

Yunxiao's expression gradually calmed down as he began to watch the possession ceremony. The disk array was definitely refined by Gu Shengfeng when he was at his peak, so he could just use it now. Otherwise, he would not be able to do it with his current strength.

The two strange formations started to operate, and Yu Shengfeng's body emitted a Holy Qi. His face was pious, and his hands were clasped together as he muttered to himself as if he was praying.

Then, a large amount of demonic Qi gushed out of his body and swirled around him. All kinds of symbols appeared and disappeared in the air.

The two strange formations were like stones being thrown into the water, rippling and overlapping, slowly fusing together and finally forming a large formation.

The cloud of black Qi surged into Yu Yixian's body. Yu Yixian, who was struggling, suddenly stopped and his face began to twist.

The original Heng Yuan's body slowly turned dull and lifeless. In the end, he lost all his spirit and turned into a shell. He fell directly on the flat surface but did not fall.

Yunxiao's pupils constricted, and his heart was filled with horror. He did not expect the whole process to be so simple, and it seemed that the aegirine spirit wisdom in Yu Yixian's body did not resist.

He struggled in his heart for a while and finally made up his mind. Under the horrified gazes of the Shuai and du families, he took out 11 Northern heaven cold star swords, which instantly formed a huge sword shape and slashed in the air!

The sword-shaped object pierced into the flat surface, and its speed became extremely slow. The flat surface rippled with ripples, which actually gave people a pleasant feeling.

Yunxiao's heart sank. He knew that he was in trouble. The disk array also had a very strong defense. At least, what he saw could slow down his attack!

Yu Yixian's face revealed a trace of mockery and said, "You finally couldn't help but make a move."

That voice was Chu Shengfeng!

Yunxiao snorted coldly and shouted. Then, he changed the incantation gesture in his hand, and the sword instantly exploded in the air, sending out a storm of sword Qi that crumpled the entire surface.

"Bang! Bang! Bang! Bang!"

The mirror surface shattered bit by bit under the sword Qi storm.

Then, Yunxiao performed another incantation gesture, and the storm of sword Qi instantly blew toward Yu Yixian. I'm curious. Now that you're tied up by Yan Luo's illusionary crane tendons, how are you going to block my sword Qi? "

Yu Shengfeng didn't seem to care about his attack. Instead, his expression kept changing, as if he was accepting this body and something strange had happened.

Only when the sword Qi storm was right in front of him did he take a look and sneered, " although the misty illusionary crane tendon can see through all kinds of energy, it can't see through the power of corrosion. You also have demonic Qi, so you should be very clear that demonic Qi can corrode everything.

"Bang!"

As soon as he finished speaking, the smoke net illusionary crane tendon that was wrapped around Chu Shengfeng's body broke apart and turned into a faint green smoke in the air. Such a precious treasure was gone just like that.

...

However, Yu Sheng Feng didn't feel any heartache at all. That thing had already completed its mission to him. He gently made a hand seal with one hand and his entire body moved in a flash, disappearing from the spot.

Yunxiao's storm of sword Qi crushed everything in its path, and eleven swords appeared in an instant, flying back and stabbing into the ground.

In the next moment, Yu Shengfeng appeared in the sky not far away. He looked at the swords and revealed a surprised expression. "Eleven ninth grade profound armaments? It seems that your level of demonic talent is above my expectations. It's really too terrifying! If it weren't for the fact that I could see your true age, I would've really thought that you were a body possessed by some old monster."

Yunxiao snorted coldly. Knowing that he had no chance to hurt Chu Shengfeng, he waved his hand and put away the eleven swords, then turned into a bolt of lightning and tried to escape.

“Hmph, you only know to run now? Do you think I’ll allow you to leave?”

Yu Shengfeng sneered mockingly, “ you’re very smart. You knew to take the opportunity when I was trying to seize the body and escape before I could fully integrate with this body. But what you don’t know is that in order to get this body, you’ve been preparing for thousands of years from my master!

He teleported in the air and appeared in front of Yunxiao in a flash, then threw a punch at him.

The powerful force on the fist directly broke through the space, layer by layer, and swept across the sky like a sea wave!

Yunxiao’s heart sank. The punch was definitely Yu Yixian’s strength. If Yu Shengfeng had completely integrated with this body, he would have no chance of escaping.

However, although this punch was powerful, it was only comparable to an advanced seven-star martial sovereign. It was either that Yu Shengfeng did not want to use his full strength, or he had not truly mastered it.

Yunxiao took a deep breath and turned into a Thunderbolt again as he flew backward. At the same time, he took out the mirror of sunset clouds and unfolded it in the air.

Chapter 973-intense battle

The light of the mirror shone on the entire area, and the fist radiance was instantly blocked, but it still hit the mirror. Part of the power passed through it and was refracted into countless tiny rays of light, which dodged the attack. A small part of the power fell on Yunxiao’s body, causing his blood and Qi to roll and him to retreat in the air.

Yu Shengfeng’s face revealed a shocked expression, “Great sorrow sunset Cloud Mirror? You actually have such a treasure in your hands!” His face turned gloomy and he said coldly, “ I’d like to see how many more cards you have hidden since you have the heavenly fate!”

He formed a seal with his hands, and a true devil giant spirit appeared behind him. He pointed his finger down from the sky, and the dark clouds in the sky rolled down as if it was the end of the world.

Yunxiao's expression flickered. His guess should be right. Yu Shengfeng could not completely control Yu Yixian's body, or he would not need to use his true fiend Dharma idol. Just one-tenth of Yu Yixian's power could easily kill him.

His eyes flashed, and Mo matrices started to appear on his body. His hands quickly formed seals, exactly the same as Chu Sheng Feng.

“Boom boom boom!”

A loud noise came from the sky, and a dark shadow slowly emerged behind Yunxiao. It was also a huge true devil, and as Yunxiao threw a punch, the dark fist fell from the sky.

“?! True fiend Dharma idol!”

Yu Sheng Feng's mind trembled and his face revealed a look of disbelief. The killing intent in his eyes was incomparably strong.

If this child wasn't eliminated today, he would definitely be a great disaster!

“BOOM!”

The two true fiend Dharma idols collided in the air with one finger and one fist. Yunxiao's strength was obviously weaker, as the wind from his fist collapsed one by one, and the giant spirit behind him was also shaken and collapsed.

A huge force was transmitted directly to Yunxiao's palm, and a sharp pain spread out. The demonic patterns on his arm were untied inch by inch like bandages, as if they had been skinned.

A sharp glint flashed in Yu Shengfeng's eyes as he took a step forward. The true devil giant spirit also stomped on the ground, sending rocks flying.

The true demonic giant spirit raised a fist and chased after him.

Wherever the giant spirit demonic fist passed, the aftershock spread out violently. The hearts of the people from the Shuai and du families trembled, and their faces were filled with horror. Their bodies were almost like lamps on the verge of dying, so how could they withstand such a torment? under the rolling demonic Qi, they were shaken until they spat out large mouthfuls of blood and flew out on the spot.

What made them even more frightened was that a large amount of devil Qi rushed into their bodies from their wounds and began to demonize them.

Yunxiao's face darkened as he held the northern heaven cold star sword in his hand and performed a sword incantation.

Under his demonized body, the Emperor Qi of the ninth heaven gushed out and gathered around the sword, turning into the light of the day. Under the guidance of his sword spell, thousands of Starlights gathered.

"Sword Art-morning light!"

The sword slashed out in the air like the first ray of morning sun breaking through the night sky. It dispelled the boundless darkness and brought warmth from the end of the sky.

Yu Shengfeng's face flickered. The sword intent of the attack had caused a strange phenomenon in heaven and earth, and he seemed to see a ray of dawn rising behind Yunxiao.

"Swish!"

The fist radiance was penetrated by the sword Qi. The first rays of the morning sun pierced through the darkness and shone down.

“Hmph!”

Yu Shengfeng snorted coldly and held his sword in front of him, blocking the light and causing a series of “Bang Bang” sounds.

Yunxiao’s sword intent did not decrease at all, and it was still rising. He stood there quietly with his hands behind his back, like a peerless sword that would be unsheathed at any moment, exuding a terrifying aura.

such sword intent, you’ve already reached the peak of martial arts, ” Hu Sheng said coldly. you can’t be this young. What kind of existence are you? ”

“Does this have anything to do with you?” Yunxiao asked quietly. Everyone’s path is different. Although I’m not your match, it won’t be that easy for you to kill me. If I’m not mistaken, you’ve just obtained Yu Yixian’s body. I’m afraid it’s not as good as the previous Heng Yuan, right?”

A strange look flashed across Yu Shengfeng’s face. Yunxiao looked calm and composed at the moment, like a Grandmaster. The sword will just now and the demeanor of a sovereign were definitely not something that could be faked. It could only be achieved through a thousand tempering processes.

“Hmph, as expected, there’s a name to it!”

Yu Sheng Feng said coldly, ” what kind of existence you are indeed has nothing to do with me. However, you have the complete soul refining Divine Art, as well as the power of devil essence and devil techniques. There are even some things that I can’t see through. I can’t tolerate all of this!

but you can’t control Yixian’s body now, ” Yunxiao said indifferently. are you sure you can keep me here? ”

“How would you know if you don’t try!” Yu Sheng Feng snorted.

After the brief conversation between the two, the atmosphere suddenly became cold and severe. Both of them were once experts who stood at the peak of the continent, and they both had secret techniques and secret Arts.

Yu Shengfeng's eyes grew colder and colder, because he did not know Yunxiao's background.

But, Yunxiao's eyes were indifferent and lazy, because he knew all about Yu Shengfeng.

Yu Shengfeng was a little regretful, regretting that he had not taken down Yunxiao first when he came here. Now, as the other party had said, this body was not as good as Heng Yuan's, and Yunxiao had recovered most of his soul power after regulating his breath. With one side losing and the other gaining, the gap between their strengths had been pulled very close.

"Leave behind the soul refining Divine art and I can let you go today," said Yu Shengfeng.

impossible," Yunxiao said. I don't think so.

Yu Shengfeng didn't say anything more. The giant sword in his hand disappeared in a flash as he flew up, his five fingers closed like a blade, and chopped down. He couldn't control the giant sword at will, so it was better to have it without it.

Yunxiao raised his hand, gathered the sword will around his fingertips, and then thrust it out.

"Bang!"

The saber radiance and the sword will were extremely powerful. The two figures were drowned in the power. The world shook, but the two of them did not move at all.

Yu Sheng Feng raised his head and coldly said,"You've also cultivated a body refining technique? Then all the more I can't tolerate you today!"

He gathered his fists in front of him and pushed them out without any fancy moves.

“Boom boom boom!”

A large number of runes rolled out from his arms, dyeing his fists with a dazzling golden light.

Yunxiao’s expression was solemn. He raised his hand, and thousands of clouds and wind gathered together. A gorgeous glow spread out in the sky, dyeing the area hundreds of meters around him into a dreamlike scene.

“I’ll take the wind and cloud!”

The wind from his palm struck out in the air, and an extremely dense and bright light burst out.

“Bang! Bang! Bang! Bang!”

With a series of explosions, the Golden runes on Yu Sheng Feng’s fists were like fragile candlelight, flickering under the power of wind and cloud and extinguishing one after another.

...

Yu Shengfeng’s expression suddenly changed as he said in shock, “What a powerful fist intent palm technique!” He suddenly pulled back his fists and held them upside down beside his body. Then, he half-squatted in the air.

“Bang!”

After breaking the fist force, Yunxiao’s palm hit him directly in the chest. An extremely strong force pressed a dent in his chest, and the power of wind and cloud exploded, filling the air with thousands of rays of light.

However, after the palm pushed forward, it seemed to have hit an iron wall, and it was difficult to advance any further.

A trace of coldness appeared at the corner of Yu Shengfeng's mouth as he said, "Break the mountain and the stele!"

The muscles on his body trembled, and a strange force shook out of his chest. Like a prehistoric beast, he let out a roar.

A great pain came from Yunxiao's palm, and his entire arm glowed with a golden light as he activated his imperishable golden body to resist the heavy pressure.

"Bang!"

The two forces finally lost their balance, and Yunxiao was knocked away.

A trace of blood seeped out from the corner of Yu Shengfeng's mouth, but he still stepped out in the air and chased after him, his hands forming seals.

"Desolate beast mark!"

...

Yunxiao's blood and Qi were tumbling inside his body, and his arm was numb. As its name suggested, the seal turned into a huge beast head and swooped down, trying to swallow him.

Yunxiao performed an incantation gesture with his left hand in front of him, and immediately, a three-headed and six-armed Dharma idol appeared, quickly forming seals.

Yu Shengfeng's eyes turned cold. Since the other party was able to display the true devil giant spirit, then this three-headed six-armed Dharma wasn't strange.

"Floating like a dream, flying with a seal!"

“The sea of suffering in the mortal world, transcend the other shore!”

“Boundless heaven and earth, six paths reincarnation!”

His six arms instantly formed three big seals, and thousands of runes gathered from all directions, giving rise to different martial intents. Under the seal technique, his whole body seemed to be surrounded by stars and clouds, and strange patterns disappeared in the air.

Yunxiao’s face glowed brightly under the light of the three seals, but his expression was still as calm as water as he pushed them out at the same time!

“bang! Bang! Bang! Bang! Bang! bang!”

The world was like a giant seal that collapsed and the sun and moon lost their light. The beast’s head directly exploded under the light of the three seals, and a Supreme aura swept across the world!

Yu Shengfeng also spat out a mouthful of blood from the shock of the three seals. He was sent flying back several hundred meters before he could stabilize his body.

his eyes were filled with shock and disbelief.

After the attack, the light on Yunxiao’s body dimmed. It was too much for him to use three seals at the same time, and all of them had triggered the laws of heaven and earth. Although the attack had forced nie Shengfeng back, it had consumed too much of his energy and could not be continued.

“You, do you still want to fight?”

Yunxiao said proudly in the air, his eyes full of fighting intent. As he returned to the rank of a martial sovereign, his peerless heart of a King had also returned. Once he made a move, he would not fear anyone!

“Hehe, not bad!”

After a brief moment of shock, Yu Shengfeng suddenly laughed. He wiped the blood from the corner of his mouth and said, you’re very strong. I like it. Let’s fight for another 1000 moves!

He let out a roar and his hands formed a strange gesture in front of him. A faint roar came from him as he blasted out. His figure took extremely strange steps, and as he attacked, a fine golden light appeared under his feet.

Yunxiao frowned. The attack came from the sky and brought him great pressure, but what made him frown was a sense of uneasiness.

Yu Shengfeng couldn’t control Yi Xian’s body at this moment. He should have used his soul power and magic power to attack, but what he was doing now was neglecting the fundamentals and focusing on the trifles. He used Yi Xian’s physical strength and cultivation to fight against himself, as if he was mocking him.

Yunxiao’s body trembled as he suddenly thought of a possibility, and that was that his opponent was using the battle to temper his body!

Chapter 974

974 Top-grade profound level weapon

Yunxiao sucked in a cold breath, and his eyes flickered as if he could see the smug smile on the corner of Yu Shengfeng’s mouth.

“Your sister! You actually used me as a sparring partner!”

Yunxiao roared angrily as a feeling of being fooled welled up in his heart. He opened the immemorial heavenly eye between his brows, and the little Vajra gourd flew out, transforming into an eighty-foot tall Vajra and throwing out a Vajra fist.

Tiny black vortexes spun under the fist wind of the gourd Little King Kong, making an ear-piercing “ Zi Zi Zi ” sound.

“Bang Bang!”

The power of Yu Shengfeng’s move was extremely strong, far above the calabash Little King Kong’s Vajra fist. It directly drowned the little king Kong’s fist wind, and the huge force light completely swallowed the little king Kong.

Yu Shengfeng sneered. His figure also followed and rushed into the light. He threw another punch, wanting to destroy the puppet in front of him.

In the process of fighting with Yunxiao, he was pleasantly surprised to find that his compatibility with the body was getting stronger and stronger. So, the more he fought, the happier he became, and the braver he became.

“Bang!”

Yu Shengfeng’s fist landed directly on the body of the gourd Little King Kong, making a metal sound. A very painful feeling went into the brain, and the bones of his fist were almost cracked.

“?! What is this thing made of?”

Yu Shengfeng was shocked. He immediately understood that the puppet in front of him was made of top grade ninth-tier materials. It was impossible to destroy it with his own body.

The calabash Little King Kong was forced back a few steps by the punch. With a look of anger on his face, he launched another punch.

At that moment, the DarkThunder was released by Yunxiao again. Stepping on golden lightning, it swooped down and spat out a bolt of lightning.

Yunxiao knew that he would not stop until he completely repelled his opponent. So, he immediately transformed into three heads and six arms again, each holding a weapon.

A gust of wind and Fire power was also shot out, turning into a crocodile under his feet. However, the shape of the crocodile seemed to have changed. The original red dorsal fins and fire patterns on its body seemed to have faded a lot, with some white mixed in.

Yunxiao frowned, but he was overjoyed in his heart. The Phoenix divine flame had indeed evolved by devouring part of the ice flame, but he could not sense its existence. However, the crocodile could summon the power of the divine flame.

This might be the natural affinity of elemental power.

This time, apart from summoning the Martial Emperor powerhouses from the divine realm tablet, he was basically in his best condition. Unless he was confident that he could kill the other party, he would never reveal the secret of the divine realm tablet, which was even more fatal than leaking the divine formula.

Under the combined attack of the gourd Little King Kong and the DarkThunder, Yu Shengfeng teleported away, causing the two forces to miss.

He looked at Yunxiao coldly, then his eyes fell on the crocodile as he said slowly, " "These should be your strongest state and all your trump cards, right?"

yes or no," Yunxiao said coldly, " you'll only know after you try! You dare to play me like a monkey, you're really bold!"

Yu Shengfeng's sword-like brows raised in surprise. His tone revealed extreme disdain as he indifferently said,"I was discovered by you, but isn't it normal for me to play with you with my strength? I really liked the warm-up matches before, and I wanted to exchange a thousand moves with you."

but I'm very busy," Yunxiao said coldly. I don't have time to play with you.

"Oh?"

Yu Shengfeng laughed and said, "you want to get serious?" As a ninth-tier Alchemist, you should know that without the power of Emperor Qi of a high-level martial sovereign, it's impossible to suppress my teleportation. I was destined to never lose this battle from the very beginning!"

you're too confident," Yunxiao sneered. I hope you can still laugh later!

With a thought, the calabash Little King Kong immediately moved forward. The DarkThunder also spat out golden lightning from its mouth and struck down from the sky.

Yu Shengfeng looked at the incoming fist with a mocking expression, "Could it be that people with the will of the heavens are this stupid?"

Just as he was about to teleport away, he suddenly saw Yunxiao's lips curl up slightly, and his eyes turned into blood-red Crescent moons, looking extremely strange.

"What? A spiritual attack?"

Yu Shengfeng was stunned for a moment. Although the other party also had ninth-rank soul power, he was still far from being comparable to him. He was about to mock the other party for showing off his skills in front of an expert and overestimating his own strength when he suddenly discovered that the space around him had been locked. It was like an iron wall that couldn't be broken!

Not only that, but the entire sky had turned blood red. It was abnormally demonic. The sun that shone in the sky had turned into a huge eye that was looking at him coldly.

"?! An illusion?"

"I fell for an illusion?" Yu Shengfeng was shocked.

The shock in his heart was indescribable, and he shouted, "Junior, don't underestimate me!" He made a hand seal, and an invisible mental wave spread out from his body. There was a faint mist on his skin.

“Bang!”

The strange phenomenon created by the moon pupil was instantly broken, but the gourd Little King Kong’s fist was already in front of him, and the Golden lightning also poured down.

Yu Shengfeng’s hands formed a seal in front of him to meet the fist. Three heads and six arms also appeared behind him. One of his arms formed a finger seal and raised high. A white flame condensed at the tip of his finger and shot out, swallowing the Golden lightning.

“Pa!”

At the same time, the calabash Little King Kong’s fist wind had already fallen into his palms, shaking the entire sky.

Yunxiao gave the crocodile a kick, and it immediately turned into a wheel of Wind and Fire, rolling over in the air. The terrifying power of elements spread out, crushing the entire sky.

Yu Shengfeng’s expression changed greatly as he shouted, “brush strokes!”

He held a red brush in one of his arms and drew a few times in the air. With every stroke of the brush, a martial artist would appear. Immediately, thousands of soldiers and horses appeared and rushed toward the firestorm wheels with murderous intent.

Yunxiao’s body trembled, and his face was filled with horror. He recognized the red brush as well. It was a legendary item refined by a Peerless Alchemist named Ma Liang, who could turn stone into gold and turn something rotten into something magical. This red brush was also called Ma Liang divine brush.

Back then, Yu Shengfeng was in charge of the sea of soul formation and led all the alchemists in the world, so he definitely had more treasures than Yunxiao did. For the first time, Yunxiao felt that he had become a country bumpkin from a rich man. He gritted his teeth, raised the mirror of evening clouds, and shone it at the sky.

The thousands of soldiers and horses slowed down under the mirror light. The wind and fire wheels rolled directly under the countless experts. Suddenly, screams were heard. The scene was like a real battlefield, but there was no blood. Instead, the dead martial artists instantly turned into red ink and dissipated in the air.

Yu Shengfeng drew in the air again, and a giant door appeared in front of him, blocking the wind Fire wheel.

“Boom boom boom!”

The giant door was being shaken by the firestorm wheels, and it seemed like it couldn't withstand more than a few hits.

Yu Shengfeng's expression changed. At this moment, he was still holding the gourd Little King Kong with both hands. He continuously sent out a few seals on the little king Kong's body, then grabbed his arm and threw him out.

A hand stretched out from the Dharma form behind him, dragging a green underworld wheel with a strange pattern carved on it. It was daunting, and Maha ancient characters were constantly spreading from it.

The Dark Wheel let out countless sharp howls and a huge green wheel shadow flashed in the sky.

...

“Bang!”

The gourd Little King Kong, who had been thrown out, was hit by The Dark Wheel. Nine-tenths of its neck had been cut in, and only a little bit was left hanging there. Its whole head was hanging back.

“What?”

Both Yunxiao and Yu Shengfeng screamed in shock at the same time, their eyes filled with horror, as if they could not believe it.

Yu Shengfeng finally realized that the strength of the opponent's profound level weapon was not inferior to his. The power of The Dark Wheel seemed to be able to cut through everything. Even a ninth tier profound level weapon could not block its attack. That gourd Little King Kong couldn't even cut off its head!

What shocked him even more was that the gourd Little King Kong's neck was recovering at a speed visible to the naked eye.

"Memory origin gold! There's also the northern heaven frigid Star Iron and the heavenly shine Imperial Gold! There are actually three items in this puppet!"

The coldness in Yu Shengfeng's eyes was loud. He gritted his teeth and identified all the materials at once. However, he didn't recognize that the gourd Little King Kong was half-demon and half-tool, and definitely not a puppet.

"Bang!"

The door that blocked the Windfire wheel was finally blasted open. The Windfire power turned into a whirlwind and swept over.

At the same time, Yunxiao's body glowed with cold light as he took out eleven Northern heaven cold star swords again. The sword talismans flew into the air, turning the entire sky golden and cracking the sky and earth!

...

Yu Shengfeng's expression was extremely gloomy as he said coldly, "to be able to force me to use two top profound level weapons, you are truly a terrifying opponent!"

It was originally a cat toying with a mouse, but unexpectedly, it began to fall into a bitter battle.

The Shan Ming wheel in his hand suddenly moved. A green light flashed in the air and immediately shattered the sword talisman in the air. With a “bang,” thousands of sword lights burst out.

Ma Liang’s divine brush pointed in the air, and a Silver River appeared, crossing the vast sky and flowing towards the firestorm wheels.

“BOOM!”

When the firestorm wheels came into contact with the power of the Silver River, they were immediately stopped and unable to move forward. They immediately transformed into their crocodile true form, becoming a monster with a crocodile head that was eight Zhang tall. They pushed the Silver River with all their might with both hands and roared towards the sky.

Yu Shengfeng snorted coldly, and then he raised his dark wheel again. A green light flashed, and Yunxiao’s face was filled with horror as the danger of death emerged in his heart.

The terrifying thing about the underworld wheel was not only that it could slash through anything, but the speed of its attack was even more terrifying. It seemed to have teleported. If one could not catch it in advance, it was impossible to receive it at the last minute.

At this critical moment, the arm that was holding the divine realm tablet behind him blocked.

The divine realm tablet instantly appeared in front of Yunxiao, and the power of the world transformed into something that could swallow everything!

“Bang!”

The power of the world that had just evolved from the stele was also cut open by The Dark Wheel’s Green light, and a huge force knocked Yunxiao back in the air, while his arm went completely numb.

Yu Shengfeng's expression changed drastically. The underworld wheel, which had always killed the enemy in one move, had attacked twice today, but both times had failed. This gave him a preposterous feeling, as if this was not real.

Chapter 975-shock

Yunxiao was even more shocked than Chu Shengfeng. Not only had the light disappeared from the divine realm tablet in his hand, but there was also a shallow mark on it.

The divine realm tablet was actually injured?

Cold sweat broke out on his forehead, and he felt cold all over. If such a heaven-defying profound level weapon were to strike him again, how would he be able to withstand it?

Yu Shengfeng also felt bitter in his heart. The power required to activate The Dark Wheel was too great, and it had already been activated three times. With his current physical condition, he might be able to forcibly activate it twice, but Yunxiao's profound level weapon was safe and sound under his slash.

One must know that the calabash Little King Kong, which was a mixture of heavenly shine que metal and Northern heaven cold star metal, was almost beheaded!

This caused Yu Shengfeng to feel uneasy and he didn't dare to rashly activate his underworld wheel.

"Boom boom boom!"

Just as the two of them were still wary of each other, the crocodile directly broke the Silver River. The silver light that filled the sky disappeared, leaving only a little bit of red ink.

The crocodile monster roared a few times and stared at Yu Shengfeng, but it didn't rashly charge forward.

None of the three monsters surrounding Yu Shengfeng were normal. The DarkThunder had advanced all the way to the ninth-rank after several incredible mutations. There was no need to mention the

calabash King Kong and the crocodile monster. There was no second one like these three monsters in the entire heavenly martial realm.

With a solemn look on his face, Yu Shengfeng sized up the three monsters and then turned his eyes to Yunxiao. In his eyes, Yunxiao was the biggest monster!

“Hualala!”

Suddenly, the sound of chains clashing came from the air. Yu Shengfeng made a hand seal, and a faint black gas appeared around his body. A chain shuttled out from it, circling from bottom to top like a Nebula.

Yunxiao’s pupils constricted. This chain was The Fiend essence lock that he had used to lock di Jia in the dragonize pool, and it was what he had been looking for.

The devil essence chain twisted in the air like a long snake, and one end landed on Yu Shengfeng’s palm. A cold expression flashed across his face, and he changed his hand seals. The chain instantly spread out, covering a radius of a hundred meters.

“The keyhole Nebula!”

break! Xi Shengfeng shouted, and the entire sky was filled with clattering sounds. The chains that filled the sky split into two, then two into three, spreading out like a spider web.

In the blink of an eye, it formed a strange array and locked Yunxiao inside.

my demonic vitality lock can even lock the demonic vitality of a demonic Lord,” Chu Shengfeng said coldly. without the support of demonic power, I’d like to see how you’re going to use your Dharma true body!

He changed his hand gesture, and the array formed by the chains immediately closed up, tying Yunxiao up like a big dumpling.

There seemed to be some kind of power in The Fiend lock. The Fiend energy around Yunxiao receded like a tide, and the black fiend patterns all over his body disappeared one by one. His Dharma true body also returned to normal.

Yunxiao's eyes filled with surprise as he stared at The Fiend essence lock. In addition to being completely black, there were some white spots scattered in the middle. He did not know what material it was made of, but he could feel a cold and refreshing feeling coming from the part tied to his body.

Yu Shengfeng's face was cold as he said, "I originally wanted to take you as my disciple, but I've given up on that plan. Hand over the deity tier spiritual art and I can let you die a quick death. You don't want me to use your soul to refine you, right? Even though you also have a ninth-rank soul power, you should clearly understand the difference between you and me!"

I'd like to know how this fiend lock is made," Yunxiao said. why can it restrain fiend energy?" Master Hu, can you please explain to me?"

A fierce look shot out of Yu Shengfeng's eyes. The fact that Yunxiao could still look calm in such a state meant that he either had great self-control or had a trump card in his hand!

"Hmph, it's easy to know. Let me destroy your martial arts Foundation first!"

Suddenly, a ruyi scepter as smooth as water emerged from an arm behind him. It flew out of his hand and turned into a stream of light, shooting toward Yunxiao.

Yunxiao's face flickered. At a glance, he could tell that the Ruyi was also a ninth-tier artifact, and usually, such strange-shaped Mystic artifacts were extremely extraordinary. He did not dare to be careless, so he suddenly shouted, "Since master Xi is not willing to dispel my doubts, then this junior will have to figure it out on his own!"

Clang! Clang!

His body glowed with a golden light, and rays of golden light burst out of his body. His three heads and six arms appeared again, and the six arms directly broke the devil essence lock that bound him.

“What?”

Yu Shengfeng was shocked. He didn't understand why the other party could still use three heads and six arms without the power of devil essence. The golden light on his body seemed to be a legendary supreme body refining technique!

Yunxiao clenched the chain with both arms. The thousand-year blade appeared in one arm, and he poured a ball of energy into it. In the other, he held the tear of the true dragon, which brushed over the blade and activated the corpse puppet's divine sense. A dazzling light rose into the sky and slashed at the Ruyi with a long whistle!

His remaining two arms quickly formed hand seals and struck out talismans that were like stars circulating in the sky. The moon pupils in his eyes reappeared, and wherever he looked, the devil essence lock began to slowly move.

Yu Shengfeng was shocked, and he immediately understood Yunxiao's idea. He wanted to take his fiend lock, so he cried out in anger, "Savage!"

“BOOM!”

The giant corpse puppet in the sky rushed toward the ruyi scepter, causing a huge shock. The saber radiance immediately disintegrated.

The falling momentum of the Ruyi was blocked, but it was spinning rapidly in the air. A jade light spread out and began to grow bigger and bigger.

Yunxiao was shocked. He did not know what kind of treasure the Ruyi was, but it had only begun to unseal under the most powerful strike of the thousand Autumns tyrannical saber!

A strong sense of danger emerged in his heart. At this moment, in the state of the inextinguishable golden body, the demonic Dragon had also become one with him, but he was still a little exhausted. Most of his power was used to collect the devil essence lock, and the light in the moon eye became more and more strange.

The shock in Yu Shengfeng's heart was no less than Yunxiao's. He was also looking at the Ruyi that was constantly being unsealed, and he said angrily, "Good boy, you really deserve to die!"

A ray of white light slowly appeared in his hand, and then it became dazzling. A ray of metallic light appeared, and another abnormal profound level weapon was about to be used.

Yunxiao was horrified. The ruyi scepter that was constantly unsealing in the sky still made him shudder. If another treasure of the same level appeared, he would be dead for sure."Gourd Little King Kong, punch with all your might!"

The aura of the gourd Little King Kong, who had just repaired his neck, changed. It was as if a strange force had shaken off his arm. Yu Shengfeng's face was full of murderous intent. Suddenly, an extremely ominous feeling welled up in his heart, and he even felt a trace of fear.

"Pa pa!"

The calabash Little King Kong clenched his fist, and rings of air exploded around him. The wind from his fist seemed to have a strange color.

"What's going on?"

Yu Shengfeng was shocked, and that ominous feeling became more and more intense. He stared at the gourd Little King Kong, somewhat bewildered.

The calabash Little King Kong finished accumulating power, took a step forward, and then threw a straight punch. A tiny ice flame appeared on the fist wind, like a dazzling white light in the dark night.

"This is a Pixiu, Pixiu! The ice fiend Heart Flame!"

Yu Shengfeng's entire body jumped up as he cried out in fear!

He seemed to have seen something extremely terrifying. His face immediately twisted, and his body trembled violently from fear. the ice fiend Heart Flame. It's actually the ice fiend Heart Flame. It's impossible!

Yu Shengfeng suddenly went crazy at this moment. He suddenly teleported away and appeared on the huge Ruyi in the next moment. He teleported away again with the Ruyi.

...

The next moment, a ray of light appeared hundreds of meters away. It was Yu Shengfeng. He turned into a stream of light and fled.

"This bi an ..."

Yunxiao was suddenly stunned. He did not expect that Chi Shengfeng would run away without fighting, and a strange look appeared on his face.

As soon as Yu Shengfeng and the Ruyi disappeared, all the pressure was lifted, and Yunxiao breathed a heavy sigh of relief in his heart. He poured all his soul power into the lunar pupil, and the shape of the pupil began to change.

"Hualala!"

The speed of The Fiend lock's movement increased, and in just a few breaths, it was completely absorbed into Yunxiao's glabella.

"Hu!"

He let out a heavy breath. The golden light disappeared completely, and he almost collapsed.

Not only him, but even the demonic Dragon was also in a state of near exhaustion. It began to fall into a deep sleep.

“Ice fiend Heart Flame? This white icy flame is called the “ice fiend Heart Flame”?”

Yunxiao looked at the calabash King Kong, who was still motionless in the air after the punch, and said to himself, “it seems that Xi Shengfeng knows a lot about the ice fiend Heart Flame. No wonder he was once the master of the sea of soul formation. Although this thing is terrifying, there are too few of them. He only scared it away. I have to leave quickly. If he calms down and comes back, I’ll really be dead!

...

This flame was produced by Xiao Hong’s body, which was the fusion of the two neon stones, and Yu Yixian’s body had the existence of neon stones. It seemed that there was some connection between the two.

“What is the rainbow stone?”

Yunxiao’s heart was filled with great questions. This thing that he had never heard of seemed to contain great energy. Not only Gu Shengfeng, but Yu Yixian and the previous city Lord of Red Moon City were also involved in this matter.

I’m afraid the sea of soul formation is going to fall into a great storm. It may affect the entire realm of heavenly martial arts.

Yunxiao looked in the direction in which Yu Shengfeng had fled. If that peak-level soul completely merged with Yu Yixian’s body, no one in the world would be able to defeat him.

Lord cloudsky, save me!

Just as Yunxiao was about to leave with Thunder escape, Marshal Junwei’s voice suddenly came from the distance. At the moment, his whole body was pitch black, and circles of demonized patterns appeared on his body and face.

However, there was fear and struggle in his eyes. A trace of spiritual intelligence was struggling. Du linling was the same, his eyes showing a pleading look.

The rest of them had been completely demonized, and when they saw Yunxiao coming over, their eyes shone with a fierce light.

Chapter 976

976 Returning to the red moon City again

Yunxiao sighed. These people who had been completely possessed by the devil could still maintain a certain level of consciousness on normal days, but as soon as they saw Yu Shengfeng, they would completely become his slaves. They had seen his battle with Yu Shengfeng just now, so he had also become their enemy.

“BOOM! BOOM!”

The two demonized people rushed up directly, and the wind from their fists broke through the air. They had actually recovered to their peak state, and their attacks were ruthless and deadly.

At this moment, Yunxiao was almost exhausted. Under his will, the calabash King Kong in the air instantly flew down and punched out with all his strength. The ice fiend Heart Flame suddenly exploded at the tip of his fist, and the wind from the punch scattered in all directions with flowers of flame. The whole space was frozen.

“Crack!”

The two demonized martial sovereigns who had rushed forward seemed to be covered in a layer of frost. They were pale blue in color, and their bodies began to disappear slowly.

It looked like it was frozen, but it was actually burning. It was extremely strange.

Both Marshal Junwei and du linling were shocked and terrified.

The remaining few demonized martial emperors were not afraid at all. They roared and charged forward.

The crocodile in the sky also roared and rolled down like a windmill, smashing a martial artist into pieces on the spot.

DarkThunder also spat out lightning in the air. With the three monsters working together, they killed all the demonized martial artists in a few breaths.

Shuai Junwei and du linling turned their eyes to Yunxiao. They were both trembling with fear and pleading.

“You won’t blame me for killing them, will you?” Yunxiao asked.

“No, no, of course not!”

The Marshal shook his head like a rattle-drum and said anxiously, “ They’ve been possessed by the devil and can’t be saved, but we still have our minds. Please save us, Your Excellency li Yunxiao!

don’t worry, ” Yunxiao nodded. I’ll save you.

He stepped forward and made a few hand seals in the air. Two forces poured into the two of them.

To the shock of Marshal Junwei and du linling, the Emperor aura Yunxiao had sent into their bodies was just ordinary Emperor aura, but it could dissolve the demonic aura that had eroded their flesh and divine sense one by one and quickly disperse it.

The two men still couldn’t believe it. After checking their bodies carefully, they were overjoyed and thanked him profusely.

Your Excellency Dongyang, ” Yunxiao said indifferently, ” you have been hiding underground for a long time. Now that your master has left, when will he come out? ”

Both du linling and Marshal Junwei's expressions changed. They looked at each other, and their eyes gleamed.

The entire pile of trash was silent, without a single sound.

The DarkThunder roared and spat out a bolt of lightning. It hit the ground and cracked open the earth's crust. The Golden lightning kept drilling in.

"BOOM!"

Not far from where the lightning struck, the ground cracked open. Wei Dongyang turned into a beam of light and escaped into the distance without any hesitation.

Yunxiao sneered as he took out the great sorrow sunset Cloud Mirror and shone it into the sky.

Wei Dongyang's body stopped for a moment, but in that instant, the three monsters caught up and surrounded him.

Wei Dongyang's physical strength had not even recovered to 30%. He looked at the three monsters in horror and begged for mercy, "Lord cloudsky, please spare me! I'm willing to be your low-level subordinate!"

Yunxiao's face darkened as he said contemptuously, "I don't have a fetish like Yu Shengfeng, kill him."

He muttered two words and the three monsters immediately attacked. Without a doubt, Wei Dongyang killed them all.

Both Marshal Junwei and du linling were frightened, both happy and afraid. At this moment, their lives were in Yunxiao's hands, so they were very respectful.

Yunxiao glanced at the two and said indifferently, "Let's go," he said.

Marshal Junwei was stunned for a moment and said, "leave?" Where are you going?"

of course, " Yunxiao said with a smile. I'm going back. There was once a powerful existence here, but it has also disappeared in history. I'm afraid that only Chu Shengfeng knows why Yu Yixian chose this place to build a tomb. There are no treasures here, why not go back?"

The two of them fell silent. This time, the people from the two cities and four families had come out in full force, and almost all of them had been wiped out.

This time, not only would the situation of the two cities change, but the Shuai family and du family would also become the dominant families. The Earth Dragon City and Long Valley City would also be at the bottom of the rankings.

Lord Junwei, " Yunxiao said, " I would like to borrow the teleportation array of the Shuai family to go to Red Moon City. May I? "

The Marshal jumped in shock and said, " "Of course, of course!"

He didn't dare to say no and quickly said, " no matter what Lord Yunxiao wants to do, as long as my commander's military prestige is still in Long Valley City, it's just a matter of a word!

"I, du linling, am also willing to listen to Lord Yunxiao's orders at any time!"

Du linling also expressed his stance in a hurry. Not only was his life in Yunxiao's hands, but the strength Yunxiao had shown just now was too shocking to hear. The importance and opportunity of being able to build a good relationship with such a powerful man were self-evident.

The three of them flew back as fast as they could. Du linling went to Earth Dragon City alone, while Yunxiao and Marshal Junwei returned to Long Valley City.

After this battle, the Shuai family lost all of their elites. From then on, they crazily increased the investment of resources for the younger generation and wantonly recruited guest elders to consolidate

their strength. The du family also unified the Earth Dragon City and formed a strategic alliance with the Shuai family. They worked together and stabilized the situation of the two cities.

After returning to Long Valley City, Yunxiao and Shuai Junwei did not forget to bid farewell to Zi Ling.

This strengthened the commander's decision to make Zi Ling the next King.

Although Zi Ling was a little sad, she was still very happy. She knew that the gap between the two was too big. It was just a chance encounter under a special environment. Perhaps after this farewell, they would never see each other again in this life. However, just this encounter had changed her life. She was already very content.

After bidding farewell to Zi Ling, he stepped onto the teleportation array and headed directly to the red moon City.

Now, he also basically knew the situation in Red Moon City. It was turbulent and turbulent, and undercurrents were surging. The control and suppression of the entire Eastern Region had become extremely weak, and those powerful sects were beginning to stir.

Right now, everyone's focus was on one thing, and that was the life and death of the Redmoon City Master, Jiang Churan.

Although the rumors were flying around, saying that city Lord Jiang was already dead, before the news was confirmed, this suppressed volcano was still brewing.

I heard that the sect master of the four extremes sect, Tang Qing, is going to be elected as the new city Master of Red Moon City. Is this true? ”

is it true? the notice has been put up in the morning. I'm afraid that letters will be sent to the sects in the Eastern Region today. In a few days, letters will be sent to the Holy region and the other six major forces.

“Bah! What city Lord? he was the acting city Lord! When city Lord Jiang returns, I will definitely teach him a lesson!”

...

“Hmph, city Lord Jiang? Hmph, I’m afraid I won’t be able to come back!”

“What did you say?”

A warrior on the street was furious. He pointed at another warrior and shouted, “if you continue to speculate about city Lord Jiang’s whereabouts maliciously, I will fight you!”

The other martial artist’s expression changed slightly. After weighing the pros and cons, he snorted coldly and said, it’s fine if you don’t want to say it. The whole world knows about it. What else is there to say?”

The other warrior beside them shook his head and sighed, “Tsk, tsk, the affairs of the world are really like chess, and the affairs of the world are unpredictable! Such a big red Moon City changing hands in the blink of an eye, it’s too inconceivable!”

Yunxiao’s face was extremely gloomy. He had heard these remarks along the way. although Tang Qing’s strength is comparable to a nine-stars Martial Emperor, there are many experts in the Redmoon city. I heard that the three elders, red, yellow and blue, have long been nine-stars martial emperors. How could they let outsiders take over?”

The few martial artists sized him up, and one of them said, “You just came from the other three regions, right? That night, it was cold and snowing. The entire Red Moon City and the four extremes sect were at a stalemate in the sky for an entire night. In the end, no blood was shed, and the red moon City compromised. As for the specific situation, I’m afraid no one knows about it except for the red moon City and the four extremes sect themselves.”

compromise?” Yunxiao frowned. compromise?”

The shock in his heart was indescribable. Even without Jiang Churan, the red moon City was still a behemoth. It was not something that a second-rate sect like the four extremes sect could compare to. Why would they compromise for no reason? Moreover, before Jiang Churan went to the end of the world, she had told ning keyue to be in charge. With ning keyue's character, she would never compromise.

"Then do you have any news about ning keyue?" he asked in a deep voice.

The warrior's body trembled and he shook his head, "He's dead,"

...

"What?"

Yunxiao roared in rage, and he almost lost his mind. Unable to suppress his aura, he exploded the air, and the huge impact sent the few Warriors flying, some of them even coughing up blood.

This time, the people on the street were extremely frightened. They thought that a fight was about to happen and hurriedly ran away in fear.

Those peddlers shook their heads with a frown on their faces. If it was in the past, who would dare to cause trouble on the streets of Red Moon City? however, there had been frequent murders during this period of time, and no one seemed to care. They were afraid that they could no longer stay in Red Moon City.

The few Warriors were also terrified. Although they could not tell Yunxiao's cultivation base, they could tell that he was a Martial Emperor realm expert from the fact that he could hurt them with just his uncontrollable aura.

One of them looked at Yunxiao's gloomy face and said in shock, "Milord, Milord, please calm your anger! I've only heard about it, everyone's saying that. It's none of my business!"

Yunxiao gradually suppressed his anger, and his eyes turned slightly red as he said, "Tell me everything you know, or I'll burn your bones and scatter your ashes!"

The martial artists were all bitter in their hearts. This was something that the whole world knew, but they just had to say it and they were unlucky.

The few of them looked at each other, and finally, their eyes fell on a seemingly clever cultivator, all of them indicating for him to speak.

The martial artist swallowed a few times before saying, "rumor, it's just a rumor. On the night the four extremes sect entered the red moon City, ning keyue led people to The Purple Cloud Peak to investigate the matter of old planet Tianhuang being sealed. She was intercepted by experts and died.

Chapter 977

977 Things remain the same, but people have changed

Yunxiao's killing intent stirred up tiny vortexes that spread out in all directions, and the entire Street was covered in frost.

ning keyue's strength is one of the best in the entire continent. Who has the ability to kill her?"

The martial artists were so scared that they almost cried. They hurriedly said, "Lord, Lord, it's none of our business. Please don't kill us. Our status is low, and we only know this much."

Yunxiao's eyes were as cold as a thousand-year-old ice. Looking at the few people crying and begging for mercy, he wished he could kill them all. However, he also knew that these people had limited knowledge, and no matter how much he asked, he would not be able to find out anything.

With a flash, he disappeared from the street and turned into a stream of light, heading toward The Purple Cloud Peak.

During this period of time, there was an undercurrent in Red Moon City. There were more and more martial artists who flew in such a big movement, but it did not attract any attention.

The Purple Cloud Peak was verdant and lush, and spiritual energy was still surging out. It was not affected by the personnel of the red moon City, and it still stood on the ground as usual.

Yunxiao landed directly on the top of the mountain, where there was a huge vacuum. All the grass, trees, and gravel had been destroyed. Clearly, a fierce battle had taken place.

The battlefield had already been cleaned up by the people of the red moon City. There was not a single corpse left, only the bare peak and some shocking traces.

The entire mountain peak was almost split in half, and a deep crack so deep that the bottom couldn't be seen.

Yunxiao spread out his divine sense, but he did not leave any clues behind. However, his heart was extremely heavy. The terrain here showed that some extremely powerful experts had indeed fought not long ago.

He took out the Jade card that ning keyue had given him and held it in his hand. He wanted to crush it several times, but he resisted the urge.

He once again turned into a bolt of lightning and headed towards the red moon City.

Under the peach blossom Cove, there seemed to be a faint light in the pavilion.

Yunxiao's heart skipped a beat, and he immediately flew down.

"Who is it?"

A man's voice full of hostility came.

Yunxiao was greatly disappointed. He recognized the voice, which belonged to ning hangfeng.

“Where’s your sister?” Yunxiao asked directly.

Ning hangfeng’s figure appeared, looking very defeated. He was stunned for a moment when he saw Yunxiao, as if he was quite surprised, but then he said with a smile, “What are you looking for my sister for?”

your sister is dead? ” Yunxiao asked. is she dead? ”

Ning hangfeng’s face froze, then became extremely ferocious. He roared, “Shut up! Your sister is the one who’s dead!”

An extremely violent aura spread out of his body and headed straight for Yunxiao, slamming into his chest.

Yunxiao did not Dodge, but let the blast hit him and then disappear. “So, ning keyue is just missing?”

Ning hangfeng was shocked. His pupils shrank and he said in horror, “ you ... You’ve actually become a martial Supreme?!”

The shock he felt was indescribable, causing him to lose control of his mind.

Yunxiao was only a six-stars martial Supreme when he fought with run Xiang in Red Moon City. No one on the continent had ever heard of such a monstrous speed of progress.

Ning hangfeng came back to his senses after a short moment of daze, and his dejected expression returned. He said indifferently, “Your talent is really incomparable. The city Lord once said that you are the number one among the younger generation, and it was true. In time, I’m afraid that no one in this world will be your match.”

don’t talk nonsense with me, ” Yunxiao said. I just want to ask you one thing. Is your sister dead or missing? ”

Ning hangfeng felt irritated, but he suppressed it and said coldly, "What does it have to do with you?"

A killing intent flickered in Yunxiao's eyes as he said coldly, "If you weren't his younger brother, I would have crippled you right now!"

"Cripple me? Ha, ha ha!"

Ning hangfeng laughed exaggeratedly and said, "Come on, cripple me! Let me see how strong you are, the number one rising star!"

The two of them were extremely frustrated. The suppressed emotions in their blood were slowly burning, and killing intent gradually gathered in their eyes. The entire Pavilion was in a daze under the pressure of these two auras, as if it would collapse at any time.

"Bang!"

Yunxiao did not hold back at all. He stomped on the ground, shattering the floor under his feet in an instant, and then threw a punch at the man.

"Pa!"

Ning hangfeng's pupils constricted. He grabbed Yunxiao's arms with both hands and put them on Yunxiao's arms at an extremely fast and accurate speed. Then, he turned his body and was about to throw Yunxiao away.

The two of them were purely using their physical strength and did not use any origin power.

"What?"

Ning hangfeng's heart trembled. When he grabbed Yunxiao's arm, he felt like he was holding a mountain. No matter how much strength he had, he could not move it at all.

In the moment of shock, Yunxiao's fist force broke through his defense and smashed into his face!

"Bang!"

Ning hangfeng's entire body was sent flying, crashing into countless buildings and almost falling into the river. His face immediately swelled up.

"Ha, haha, well played!"

Ning hangfeng covered his face and laughed wildly. "You hit people but not their faces, you're really ruthless!"

you're shameless," Yunxiao said indifferently. "what's the use of keeping it?"

Ning hangfeng fell silent and said, "My sister is missing."

I've been to the scene," Yunxiao said. "there are only a few people in the world who can kill her, and among them, there are only a few who have the motive to kill her. Do you have any plans?"

Ning hangfeng's body trembled, and his face turned mournful. He smiled sadly and said, "I only know that this matter is related to Tang Qing. There are countless Masters in the world, and any one of them may involve the interests of killing my sister. How can I make a judgment?"

Yunxiao's pupils constricted as he said coldly, "this is also the second question I want to know. How did Tang Qing manage to take over the red moon City and become the acting city Lord? who is the person behind him?"

Ning hangfeng's body trembled, his face full of grief and despair, suddenly turning pale. He gritted his teeth and said, "I can't comment on this!"

Yunxiao's eyes narrowed slightly. "I'm not interested in this matter, but the person who supports Tang Qing must be the murderer of your sister. Don't you want to find out the whereabouts of your sister?"

...

“Haha, the person who supports Tang Qing is the one who harmed my sister?”

Ning hangfeng suddenly laughed so hard that tears came out of his eyes, but he laughed in pain.

The people who supported Tang Qing to take down the Redmoon city were the previous city Lord, ning keyue and his father!

it seems that you've been provoked enough, " Yunxiao said coldly. since you refuse to tell me, I'll find out the truth myself!

He turned around and left like a bolt of lightning.

This matter not only concerned ning keyue, but also the red moon City. Since Jiang Churan had died to save him, he could not just sit by and watch the Red moon City fall into trouble.

However, with a power that the entire Red Moon City could not resist, he also knew that it was difficult to resist.

It was as if a huge rock was pressing down on his heart, causing him to be unable to breathe.

He strolled alone on the streets of the Crimson Moon City. The moon in the sky had already returned to its original white color, and its cold light shone down.

All of a sudden, his expression changed slightly. He turned his head and looked in a certain direction.

Back then, in order to exchange for an explosive Yuan pill, he had pledged Frost Blade, and they had agreed to let the old man crush the jade pendant to call him after he had gathered all the materials. Just now, it was the old man's jade pendant that had sent him a message, and he had immediately sensed the coordinates of a direction.

...

“He’s not in the red moon City?”

Yunxiao frowned and said to himself, “That direction and distance should still be within the eastern domain. Let’s go to the city Lord’s mansion and find out what’s going on before we go retrieve the ice sword.”

After he made up his mind, he was about to head towards the residence of the castellan when a chubby figure appeared in front of him. It was Zhu Jingyi.

“Young master Yun, is it really you?”

Zhu Jingyi’s face was full of surprise. He quickly pulled him aside and said, “The last time I saw you leaving the city with serious injuries, I was worried that you wouldn’t be able to live.”

Yunxiao frowned and immediately understood. Compared to the fact that he was seen leaving the city when he was unconscious, he said, “How much do you know about what happened in the red moon City?”

Zhu Jingyi’s expression changed slightly. Then, he smiled and poked his shoulder. “I knew that you were definitely not a heartless person and would definitely return. That’s why I had my brothers keep an eye on your whereabouts. As soon as I heard the report, I immediately looked for you. Do you know that the red moon City is also looking for you?”

Yunxiao’s heart skipped a beat. you’re looking for me in the red moon City? ” he asked. What do you mean by the Redmoon city?”

Zhu Jingyi forced a smile and said, “ now, Tang Qing basically has the final say in Red Moon City. Of course, the Tang family of the four extremes sect is looking for you. It’s very dangerous for you to appear so suddenly. Hurry up and come with me.

“Where are you going?” Yunxiao asked.

“It’s with the two young ladies, Ruobing and ruomei,” Zhu Jingyi replied.

Yunxiao followed Zhu Jingyi through a few streets and came to a building with civilian houses. He walked straight into an unremarkable courtyard.

This small courtyard was the gathering place of the ice cube organization, but it seemed to have been deserted.

miss ruomei, look who I’ve brought! Zhu Jingyi shouted as he ran in.

Yunxiao followed her into the room and saw a group of women gathered together, as if they were discussing something.

“Li Yunxiao!”

A few exclamations rang out.

Yunxiao’s heart sank as he looked over, and he felt an extreme pressure on his chest.

In addition to the Jiang sisters, ruan Hongyu was also there. They were all the Jiang family’s family members, mostly women and a few men.

Ruan Hongyu had lost a lot of weight. She looked up and said, “It’s you?”

“Young master Yun, you’re still alive!”

Jiang Ruobing squeezed out a rare smile and stepped forward. what’s wrong? are you unhappy to see us? why do you look so gloomy? ”

A graceful and charming woman behind him opened her red lips and said, "sister, big brother Yunxiao must be busy. Don't make a fuss.

The woman with an extremely charming figure was actually Jiang ruomei. After the curse was cast, she lost weight like crazy and finally lost weight. She had become the most beautiful woman in the crowd.

the four extremes sect seems to want to capture you," ruan Hongyu said. why are you going back to the red moon City? "

"Mistress, young master Yun is a man of honor. He must have known that we were in trouble, so he came back to save us!" Zhu Jingyi quickly said.

Chapter 978-Tiger Falls in the sun

"Oh?"

Ruan Hongyu looked at him indifferently and said, "If that's the case, then I'll have to thank you. Although your strength is very strong among the younger generation, it's still not enough to look at in the entire Red Moon City. You should leave on your own."

Yunxiao swallowed with difficulty, his face turning paler and paler. How could he tell the women in front of him that Jiang Churan had died to save him?

"Big brother Yunxiao, quickly come in and take a seat. No matter what your reason is, we are very grateful to you."

Jiang ruomei came forward as well. A fragrant aroma filled Yunxiao's nose as the soft flesh wrapped around his arm. The two beautiful sisters pulled him into the house, one on each side.

I'm sorry," Yunxiao said with difficulty, gritting his teeth.

Ruan Hongyu frowned and said, "What do you mean, young master Yunxiao?"

Yunxiao slowly closed his eyes and said, " in the end of time, city Lord Jiang ... Died to save me.

"Ah!"

Zhu Jingyi suddenly screamed and immediately covered his mouth with both hands. He stood at the side with his eyes wide open in shock.

The entire Hall instantly fell silent. It was extremely quiet.

"What did you just say? Big brother Yunxiao, what are you talking about? My father is dead?"

Tears flowed out of Jiang Ruobing's big eyes, turning into a small river that could not be stopped.

Although ruan Hongyu had already told them about this possibility, everyone still held onto a glimmer of hope. After all, no one could confirm that Jiang Churan was really dead. Even the people from the four extremes sect were afraid.

Jiang ruomei's charming posture disappeared in an instant. She let go of Yunxiao's arm with both hands, and her body was a little unsteady.

Ruan Hongyu's eyes reddened instantly. On the night the star fell and the sky was filled with snow, she knew that Jiang Churan must have died. The heart-wrenching pain was so real. It was the feeling between husband and wife, more real than any news.

"Mistress, what, what should we do?"

One of the cultivators panicked. All these days, the only thing that had supported them was that Jiang Churan was still alive. Now, that belief had collapsed all of a sudden. Everyone felt as if there was no light in front of them.

Ruan Hongyu already knew this would be the outcome, so she was the calmest of them all. Her weak body trembled a few times before she calmed down. Her eyes were red as she sobbed, " "With his cultivation base, who can kill him?"

Yunxiao opened his eyes slightly and said, " "Tiansi."

Ruan Hongyu's body trembled and she cried, " "Tiansi, it really is tiansi!"

I'm sorry, " Yunxiao said guiltily. tiansi wanted to kill me. It had nothing to do with him. He died to save me.

The entire Hall was silent in an extremely sorrowful environment. Only the sound of sobbing could be heard. Only a limited number of male martial artists had ashen faces and worry between their brows.

The sorrowful atmosphere spread as everyone stared at Yunxiao with hatred.

you're the one who killed my father! Jiang Ruobing also cried. compensate my father!

He raised his right hand, unsheathed his sword, and thrust it straight at Yunxiao.

"Bang!"

The tip of the sword stabbed into Yunxiao's chest, but it was blocked by a golden light, unable to penetrate any further.

Yunxiao frowned. At the moment, his body was stronger than a ninth-tier demon beast, and it was not Jiang Ruobing who could hurt him.

He grabbed the sword and stabbed it into his chest.

"Swish!"

The sword entered his body, and bright red blood flowed out.

Yunxiao laughed miserably as well. He felt very bitter in his heart.

Jiang Ruobing was shocked. She stood there with her hand on the hilt of her sword, not knowing what to do. She even stopped crying.

Ruan Hongyu was the calmest of them all. She gave Yunxiao a look and seemed to understand something. saving you was Chu ran's choice. We respect his choice. His death was his own choice. It has nothing to do with you. You don't have to blame yourself.

"Pfft!"

When Yunxiao heard this, the anger that had been suppressed in his chest finally burst out. He coughed up a mouthful of blood and laughed miserably, "Haha, I don't need to blame myself? Of course I don't need to blame myself! All of them were so full of themselves, thinking that their cultivation and martial arts were unparalleled and that they were amazing, right? Now that they're all dead, they must be feeling great!"

Everyone stopped crying and frowned when they saw his crazed look. However, they could not hide the disgust and anger in their eyes.

"Shut up, you piece of trash!"

An old woman finally couldn't take it anymore and exploded, city Lord Jiang died to save you. Please be more respectful in your tone!

"Haha, respect? Why did he have to show off how powerful he is in front of me? he deserves to die!"

Yunxiao threw his head back and laughed.

“Trash, you deserve to die!”

The old woman was furious. She gathered a trace of Yuan Qi in her hand and was about to slash it, but ruan Hongyu stopped her.

this is Churan’s choice, ” ruan Hongyu said miserably. I’m sorry.

Everyone was shocked and angry. At this time, it was their mistress who went to comfort the person who killed the city Lord. Each and every one of them couldn’t control themselves, and their anger soared.

Only ruan Hongyu, who was facing Yunxiao, saw two lines of blood tears flowing down his eyes under his laughter, which was uglier than crying.

haha, he’s indeed hiding here. I was right!

Suddenly, a sneer came from outside the small courtyard. Immediately, dozens of powerful auras were distributed around the small courtyard. Everyone was shocked. They had finally been discovered by the people of Red Moon City.

Moreover, in all directions, there were people guarding the place from both the sky and the ground, surrounding the place so tightly that not even a drop of water could pass through.

Zhu Jingyi’s expression changed drastically as well. He had already recognized the voice.

“Yan Xing Hua, it’s you, you bastard!”

Jiang ruomei gritted her teeth and trembled with anger.

...

Several people walked into the hall. The person beside them was the leader of the ice cube, Yan Xing Hua.

He looked around the hall and smiled proudly. "What are they doing? Was he mourning for Jiang Churan's death? Hahaha!"

Zhu Jingyi seemed to be a little afraid of him. His body shrank back a little before he said, "Big brother Xing Hua, how could you be like this, bringing outsiders to capture young lady ruomei and Ruobing."

"Bah! Get lost, you damn fatty!"

Yan Xing Hua rushed up to Zhu Jingyi and gave him a kick, sending his fat body flying.

"Yan Xinghua, you ungrateful bastard! You're worse than a pig or a dog!"

Jiang ruomei's face was livid with anger. She pointed at him and started scolding him.

"Hmph, bah! I'm ungrateful? You b \* tch!"

When Yan Xinghua saw Jiang ruomei, an evil look appeared in his eyes. He grinned hideously and said, "You used to be as fat as a mountain. How did you torture me every day? I'm really better off dead! Now that you're beautiful, I can return all the things you've done to me in the past to you one by one, haha! And there's also lady Ruobing, tsk tsk, to share with a sister, the joy of life is nothing more than this, hahaha!"

The entire sky was filled with his sinister smile, and all the Jiang family members were filled with righteous indignation, so angry that smoke was coming out of their foreheads.

The young lady of the Jiang family had never suffered such humiliation.

...

A martial artist beside Yan Xing Hua frowned. These people are people that old master Tang wants. You can't control them as you please!

The old woman beside ruan Hongyu glared at the martial artist and gritted her teeth. "Jiang chaopeng, the city Lord treated you well when he was still alive, right? You actually brought an outsider to capture the mistress? You're truly cruel and unscrupulous, worse than an animal!"

A look of shame flashed across the martial artist Jiang chaopeng's face. He immediately lowered his head and did not dare to answer.

"Jiang chaopeng, since you've chosen to follow Master Tang, you should draw a clear line with these old people."

The leader of this group of people had a cold expression on his face. He looked at the people in the room and the corners of his mouth curled up in a mocking smile.

"Yes, sir Hong is right!"

Jiang chaopeng seemed to be extremely afraid of the person beside him as he hurriedly nodded and bowed in agreement.

It's Hong junhuan, the hall Master of the four extremes sect's clear sky Hall," ruan Hongyu said. Tang Qing really thinks highly of us women.

"That's a past identity," Hong junhuan laughed coldly. I'm Hong junhuan, the commander of the guards of the Crimson Moon City. I'm here on the orders of the city Lord of the Crimson Moon City, old master Tang, to bring Madam, the two young ladies, and many other officials back."

Hmph, this Red Moon City is no longer Red Moon City. We would rather die than return!

The old woman coldly snorted, her face filled with determination.

Everyone also looked like they were not afraid of death, showing the determination to fight to the death.

However, there were also a few people who looked like they were struggling. Their eyes were filled with confusion and conflict.

Jiang ruomei replied coldly, " Tang Qing, that old fogey, just wanted to hold my mother hostage to dissolve some of the Jiang family's resistance forces. My mother saw through your plot and escaped. Even if she dies standing today, she will not kneel and go back with you like some gutless beasts!

"You're right!" The old woman said proudly. Today, we will use our blood to awaken the fighting spirit of the Jiang, ning, and ruan families of the red moon City!"

"Hahaha! The heart to fight?"

Hong junhuan laughed. the decision to marry old master Tang was made by Madam's younger brother. It represents Madam's own will and the will of everyone in Redmoon city. Do you want to go against the wishes of everyone in the city?"

Ruan Hongyu, who had been silent all this time, finally spoke, " Yuan si had no choice but to do this, but I didn't expect your Tang family to be so close to us and even want to swallow up our three families. You're truly too greedy, like a snake trying to swallow an elephant. One day, he'll suffer the consequences of his own actions."

"Hmph, even if there is, you won't be able to see it, Madam!"

capture all of them! Hong junhuan ordered. kill anyone who resists!

The Jiang family's expressions changed drastically. They didn't expect the other party to really give the order to kill. They thought that at most, they would just capture her. After all, ruan Hongyu's existence was still of great value to Tang Qing.

Perhaps something unexpected had happened in the red moon City, causing ruan Hongyu to lose her value.

“No, don’t kill me, I surrender!”

Immediately, a few people with weak wills turned pale in fright and hurriedly defected.

Chapter 979-pursuit

The old woman was shocked and furious, “you, you guys, why!”

The traitorous cultivators looked guilty and said, “The situation is more powerful than the people. We just don’t want to die.”

“How have the city Lord and his wife treated you?” the old woman gritted her teeth and asked coldly.

The few of them lowered their heads even more. They knew that they were ashamed and did not dare to raise their heads to look at everyone.

let them be,” ruan Hongyu said indifferently. it’s human nature to seek advantages and avoid disadvantages. Don’t blame them.

“Haha, that’s right! Those who can see the big picture can live, is there anyone else who wants to forsake the darkness for the light?”

Hong junhuan looked around coldly, and no one said anything. They all looked like they were ready to die.

“Good, good, you have a backbone indeed.”

Hong junhuan had a mocking smile on his face. He pointed at the surrendered martial artists and said, “In order to show your sincerity, I’ll let you all make the first move. Each of you will take three heads, and that will prove your sincerity.”

“Ah? What?”

The martial artists were all shocked and dumbfounded. Cold sweat broke out all over their bodies as they pleaded, “Lord Hong, we’re weak and can’t beat the mistress and the others.”

Hong junhuan’s face darkened. I don’t need a weakling, ” he shouted. if he’s not strong enough and doesn’t have any battle merits, what’s the use of him? ” The red moon City doesn’t keep useless people!”

The cultivators stood there in a daze, their faces alternating between red and white. At this moment, they wished there was a hole in the ground to hide in.

“What’s wrong? You don’t want to make a contribution?”

Hong junhuan’s eyes flashed with mockery and killing intent as he snorted. since that’s the case, what’s the use of having trash like you? I’ll kill you all!

“You, you’re humiliating us!”

The martial artists were both embarrassed and angry. Their faces were purple like eggplants as they roared and rushed forward, wanting to fight for their lives.

“Hmph, a few ants. Do you think you have the bargaining chips to negotiate with me? You’re so ugly!”

Hong junhuan raised his right hand, and a blue light gathered in his palm before he slapped it down.

A circle of Palm Power spread out and swept across the air.

“Bang! Bang! Bang! Bang!”

With a series of stone-crushing sounds, the bones of those martial artists were completely destroyed on the spot, and they spat out large mouthfuls of blood. They were crushed into meat paste by the palm and fell to the ground, dying a tragic death.

Many of the Jiang family's women cried out in horror. The way they had died was too terrifying.

seven-stars Martial Emperor!

Ruan Hongyu's face darkened. Hong junhuan's cultivation level was similar to hers, but from the way he attacked just now, he seemed to be stronger.

She transmitted her voice to the old woman in front of her, "granny he, immediately take ruomei and Ruobing and escape. Kill your way to the teleportation zone at all costs. Once you've escaped from the red moon City, immediately head to the Jade Toad clan of the North Region.

The Jade Toad clan was one of the ten great sects of the North Region and had an extremely good relationship with the Redmoon city, especially with the Jiang family.

A look of defiance and unwillingness flashed across granny he's face, but under ruan Hongyu's pleading, she let out a long sigh.

"What, you're leaving behind your last words?"

Hong junhuan could tell that she was using the secret Sound transmission technique. He laughed coldly."Don't even think about leaving today, kill!"

Under his command, the martial artists beside him all moved one after another, heading towards the women.

Just as ruan Hongyu was about to fight the enemy, Yunxiao suddenly stood in front of her and said, "All of you leave, leave this to me."

His face was extremely gloomy. He immediately used the great wind Fire wheel, and a terrifying elemental power filled the hall, quickly spinning toward the martial artists.

“Argh! Ah!”

After a few screams, the martial artists realized that even the Emperor Qi of the nine Heavens could not resist the terrifying power of wind and Fire. They were immediately burned to ashes.

Ruan Hongyu was stunned for a moment, and a look of struggle flashed in her eyes. At this critical moment, she was not a pretentious person. She said, “Take care!”

Suddenly, a sword shadow rushed out of his body and pierced the sky. He shouted, “Follow me!”

The people of the Jiang family followed closely behind, with granny he covering the rear. More than ten people flew out of the broken Sky in a single file.

Hong junhuan was shocked and said angrily, “bastard, you deserve to die!” All of you, chase after him!”

The underlings were intimidated by the giant crocodile’s might. They were relieved to hear the order and rushed out of the house to chase ruan Hongyu.

Hong junhuan himself rose into the air, his palm turning pale blue as he slapped at Yunxiao.

Yunxiao’s face was calm, but the killing intent in his eyes was daunting.

The divine realm tablet appeared in his hand and he hit it like a brick.

“Bang!”

Hong junhuan’s palm hit the divine realm tablet, and he suddenly felt a sharp pain in his hand. He quickly retracted his hand in horror, and his entire palm became a bloody mess.

He was horrified, but before he could think, he saw the divine realm tablet turn into a small mountain and crush down.

“Boy, you dare to look down on me!”

Hong junhuan’s arms suddenly became extremely thick. He held a heavy machete in his hands and slashed at the divine realm tablet with a roar.

“Bang!”

The saber hit the divine realm tablet, and the huge force was reflected back.

“Bang! Bang!”

Hong junhuan’s legs were pressed into the ground by more than a foot, and his face was filled with shock.

His saber ray had at least 10000 Jin of force, which could split mountains and break stones. Moreover, the saber in his hand was slashing at a profound level weapon fiercely. Even ordinary ninth tier profound level weapons would be seriously injured by the impact.

...

However, the divine realm tablet seemed to be fine. It was still pressing on the saber, and it was getting heavier and heavier. The veins on Hong junhuan’s arms were popping out, but he was still gradually unable to withstand the pressure.

“Hmph!”

Yunxiao snorted coldly as he teleported to the divine realm tablet and performed the great realm divine technique in his hand. The power of the world emerged with a loud bang and began to devour the light on the saber, while the infinite gravity increased several times.

“What?”

ah! Hong junhuan cried out in shock. He saw the extremely hard saber in his hand being bent, and the force in his hand seemed to have increased by several times. He could no longer withstand it and was pressed into the ground. The entire courtyard within a hundred-meter radius collapsed from the impact.

Having succeeded in his attack, Yunxiao did not continue to attack. Instead, he put away the divine realm tablet, turned into a bolt of lightning, and shot toward ruan Hongyu and the others.

The most important thing for him now was to ensure the safety of ruan Hongyu and the others. As for the debt of Red Moon City, he could slowly settle it.

Not far away, ruan Hongyu and the others were surrounded by Hong junhuan’s martial artists. There were a few mid-stage martial sovereigns among them, and they were suppressing the women.

“Die!”

kill! Yunxiao cried out. Eleven Northern heaven cold star swords burst out of his body, turning into huge golden sword runes and falling from the sky.

“Sword cloud rain!”

...

He shouted, and the sword talisman immediately scattered into countless small swords, which were like thin needles, and sprinkled down from the sky.

The wind blew and the rain drizzled in the air, forming tiny tornadoes.

“Argh! Ah!”

There were constant screams. Those who were below the martial Supreme cultivation level were almost instantly killed. Even the low-level martial Supremes could only hold on in fear under the drizzle sword Qi. They did not dare to be careless.

Ruan Hongyu was the only high-level martial sovereign among all the women, and she was already overwhelmed with the task of protecting everyone’s safety. She was extremely anxious, and she only breathed a sigh of relief when she saw Yunxiao attack.

She was also greatly shocked. The power of Yunxiao’s attack at this moment was no less than hers.

She knew that now was not the time to think about these things, so she cast a grateful look and continued to lead the group away.

“Milord, they’re trying to escape, quickly chase after them!”

Yan Xing Hua was in the crowd. He had not put in much effort, but his eyes were the sharpest. He immediately screamed.

A killing intent flickered in Yunxiao’s eyes as he teleported above the man and smashed down with the Thunder hammer.

“BOOM!”

A Thunderbolt rumbled, and thousands of Thunderbolts spread out with crackling sounds.

Yan Xing Hua’s entire head was crushed. A headless corpse fell to the ground, charred on the outside and tender on the inside.

“Kid, don’t underestimate me!”

die! a deafening roar rang out as a beam of light descended from the sky. Hong junhuan roared angrily and slashed his saber at Yunxiao.

The blade light rose into the sky, illuminating the night as if it were day.

A large area of houses was turned into dust by the saber Qi.

The martial artists of the red moon City were also shocked. Under the leadership of a few mid-stage martial sovereigns, they continued to pursue ruan Hongyu.

A cold gleam flickered in Yunxiao's eyes. The calabash King Kong flew out of his forehead and immediately transformed into an eighty-foot tall King Kong, then threw a punch at the saber beam.

The ice fiend Heart Flame appeared on the fist wind like a small crystal clear flower that bloomed proudly under the spiritual pressure.

“Bang!”

The saber directly hit the fist of the gourd Little King Kong, and an extremely violent force instantly swept out.

The gourd Little King Kong's entire body let out a powerful sound, and it kept buzzing in the air. At the same time, it was sent flying hundreds of meters away by the huge force.

Yunxiao did not linger in the battle. He turned into a bolt of lightning and fled into the distance. In a flash, he was next to the calabash King Kong, then put it back into his body and continued to chase after ruan Hongyu.

Hong junhuan's expression changed. The saber Light felt like he had hit an extremely hard iron board, and his arm went numb from the impact.

“Who is this kid? He actually has so many rare treasures on him!”

Hong junhuan’s face darkened. He picked up his saber and was about to give chase. Suddenly, he saw the blade of the saber from the corner of his eye. He was shocked and dumbfounded.

A thin layer of ice had formed on the blade of the saber. If one looked closely, they would see that the ice was jumping around like a flame.

What shocked him even more was that the ice flame was devouring his saber, and there was already a fist-sized hole in it.

“?! This, this Suan ni!”

Hong junhuan was stunned in the sky. His saber was made of unusual materials. It was a profound level weapon that was used to cut through things. Its hardness was unimaginable. How could it be swallowed by the flames? And from the looks of it, the gap was still expanding.

Cold sweat broke out on his forehead, and he hurriedly poured his Emperor Qi into the saber to extinguish the flame. However, he was shocked to find that his Emperor Qi immediately turned into nothing when it touched the ice flame.

“This Kasaya can burn everything?”

Hong junhuan was completely dumbfounded. He suddenly shouted and threw a fist radiance at the blade.

Chapter 980-taking action

The Emperor Qi of the nine Heavens suppressed everything and represented the highest rule under the sky. There was no power that the Emperor Qi could not suppress!

“Bang!”

The blade trembled under Hong junhuan's fist force, and the ice-colored flame was suppressed. It gradually died out, and his fist force was also being devoured and burned.

Hong junhuan lifted his saber and looked at the fist-sized hole on the blade. He did not know whether to laugh or cry.

Not only was there a big hole in the saber, but most of its spirit energy had also been lost. His face was gloomy. Not only was repairing the saber an extremely troublesome matter, but with Yunxiao's interference, it would be very difficult to abduct ruan Hongyu, her daughter, and her father.

While his face was still gloomy, a beam of light suddenly flew away and landed on the teleport site.

Hmph! Hong junhuan's expression changed slightly. He snorted coldly, but his heart calmed down a little.

Although the credit could be stolen by others, the consequences of failing the mission were far more serious than the credit being stolen.

He put away his damaged saber and also turned into a ray of light to chase after them.

Ruan Hongyu and the others fled as they killed. A moment later, they arrived at the teleportation area. Everyone was filled with sadness. The former master of this place had to leave in such a way.

Ruan Hongyu looked behind her, and a line of tears fell from the corner of her eyes. She smiled sadly.

Suddenly, a melancholic voice could be heard, " "Since Furen is reluctant to leave, why would you leave?"

A ray of light flashed, and a familiar face appeared from under the brocade robe. It was one of the five council members, Fu Yichun.

Ruan Hongyu's heart trembled as she said in disbelief, " "Lord Yichun also wants to stop me?"

"I can't help it," Fu Yichun sighed.

Ruan Hongyu was dazed for a moment before she laughed bitterly. "Haha, what a good" involuntary "!" It's only been a few days, and you've already become Tang Qing's dog!"

A hint of guilt flashed across Fu Yichun's face as he said, " "Madam, you're wrong. The four extremes sect has been plotting against the red moon City for a long time. And I've always been one of elder Tang's people!"

"What?"

Ruan Hongyu's body trembled. She seemed to suddenly understand why the outsiders from Tang Qing could not only take down Red Moon City at once, but also why the joint resistance of the three families collapsed and became scattered sand. Even her former mistress of Red Moon City had to flee in defeat.

Ruan Hongyu was sad and said, " "Is the current situation in the red moon City the one you want?"

Fu Yichun's body trembled, and a complicated look appeared in his eyes."No matter what, the general trend can not be reversed, and I am just a chess piece. Even if Madam ran away, she wouldn't be able to change anything. It was better to follow elder Tang's wishes and assist him. After all, the glory of this Red Moon City is also due to the great contribution of you and your wife."

"Haha, assist Tang Qing?" ruan Hongyu laughed bitterly. In your dreams! If you want to kill me, then come. It's just life and death."

Her face was full of mockery and ridicule, making Fu Yichun feel ashamed. He shook his head and sighed."If that's the case, then I'll have to offend you." He raised his hand, and countless rays of light gathered in the sky, condensing into a huge green claw shadow, which fell from the sky.

Ruan Hongyu's face darkened. granny he, " she shouted. take them away. I'll block them! A beam of sword Qi shot out from her hand.

Ruan Hongyu knew that she was no match for the enemy and did not dare to be careless. She only hoped that she could stall the enemy for a while so that her two daughters could escape.

Therefore, he used all of his cultivation and turned into sword Qi to split the huge green claw print.

Fu Yichun's expression changed slightly. He only wanted to capture ruan Hongyu and her two daughters alive, so he held back when he attacked."Since Furen want to use death to prove one's will, then Qianqian."

"Then go to hell!" A cold voice suddenly rang out.

Under the bright moon, a huge demonic shadow appeared and threw a punch at Fu Yichun.

Fu Yichun's expression was cold. He snorted. it's just a small trick. You're like a Firefly that dares to compete with the sun and the moon!

He stood still on the spot, and a strong Qi rushed out of his body, condensed into an invisible fist force to meet the attack.

"BOOM!"

The true fiend Dharma idol's punch suddenly collapsed, and Yunxiao's figure descended from the sky. Eleven swords flew around him, and under the guidance of a sword incantation, they cut through the air.

"Hmph, so it's you!"

Fu Yichun recognized Yunxiao at once. He sneered and said, " that's right. Old master Tang was looking for you. Come back with me.

He stretched out his right palm and continuously drew circles in front of him. An invisible force circulated under his palm technique, and the eleven swords were drawn by that force, unable to hurt him in the slightest.

Yunxiao held his breath and quickly performed an incantation gesture with both hands. The eleven swords instantly turned into an array, and a golden sword talisman appeared and pressed down on Fu Yichun.

“What a terrifying talent. No wonder Jiang Churan regards you so highly.”

Fu Yichun’s eyes narrowed, and he changed his palm into a fist. The force of his eight-stars martial sovereign fist burst out and instantly shattered the sword talisman. The eleven swords trembled and flew back.

After Fu Yichun’s attack succeeded, he took the opportunity to take advantage of the situation. He placed his hands behind his back and took a step forward.

“Don’t you still have three heads and six arms? Show me everything.”

“However, no matter how powerful your trump card is, it’s useless Against Me!” Fu Yichun laughed coldly.

Yunxiao put away the eleven Northern heaven frigid star swords, then immediately turned into a bolt of lightning and tried to escape. It was indeed impossible to suppress Fu Yichun, so he could only try his best to distract him and let ruan Hongyu escape.

The sound of fighting was so loud that the entire Red Moon City should have been alarmed, but there was a strange silence under the moonlight.

“You want to leave? It’s impossible!”

Fu Yichun snorted and performed a hand seal in the air. A small bell fell from the sky and covered Yunxiao.

Yunxiao materialized and threw the divine realm tablet out. He conjured the ancient Maha characters in his hands and hit the tablet. The power of the world emerged and collided with the small bell!

“Dang!”

The small bell trembled with fear. It kept chiming as if it wanted to escape.

The divine realm tablet was pressing on the small bell, constantly devouring its power.

“What?”

Fu Yichun was shocked. He had also sensed the fear coming from the bell. He quickly performed a hand seal, trying to summon the small bell.

“Bang!”

...

Before the small bell could fly back, it immediately let out a metallic explosion and fell from the sky.

“Ah!”

Fu Yichun was completely dumbfounded. The small clock fell to his feet like a watermelon that had cracked open. It was obvious that it had been scrapped.

Hong junhuan quickly caught up and turned into a beam of light, rushing past Yunxiao and chasing after ruan Hongyu. “Many thanks for Lord Yichun’s help. I’ll leave this kid to you. Madame ruan, I’ll take care of him.”

“Hmph!”

There was a muffled groan in the sky. No one made a move, but Hong Junhuan fell straight down as if he had been hit by a hammer, creating a huge pit with a “bang”.

Fu Yichun’s expression changed drastically, turning pale in an instant. He stood there in a daze, not daring to move.

Yunxiao immediately understood that since an expert of Red Moon City had taken action, there must be a reason why he did not show up.

He didn’t care about this. He put away the divine realm tablet and went to the teleportation area.

The teleportation array had been activated by Ruan Hongyu and the others. In an instant, Yunxiao turned into a bolt of lightning and flew into it, and no one stopped him.

Under the flickering light, everyone’s figures gradually disappeared from the city.

...

“Bang!”

Hong Junhuan rushed out of the black hole. This was the second time he had been smashed into a hole tonight. He looked around angrily, but there was only silence.

“Where is he?”

He rushed in front of Fu Yichun and said in shock, “He didn’t run away, right?”

Fu Yichun stared into the sky, and his expression gradually improved. He lowered his brows and remained silent.

Hong junhuan looked around and said, "Who hit me?"

Fu Yichun raised his head and glanced at him. He snorted softly and turned to leave, as if he couldn't be bothered with him.

Hong junhuan's face turned red, and his eyes were filled with rage. He turned into a beam of light and rushed toward the city Lord's mansion.

Inside the manor, several fist-sized night-luminescent pearls were placed in a cup of tea, illuminating the hall.

Tang Qing quietly listened to his report, and then said, "I already know who did it. Since ruan Hongyu doesn't want to submit to me, there's no difference whether she's alive or dead. But, that li Yunxiao you mentioned is a little embarrassed!"

He fell into silence, as if he was thinking about something.

Hong junhuan was shocked. Since Tang Qing already knew who attacked, it meant that everything that happened was under his control. Why didn't he stop them?

I can't believe that li Yunxiao managed to escape from you, " Tang Qing muttered to herself. he's really a scourge. If we don't get rid of him today, I'm afraid he'll become a great disaster in the future!

that li Yunxiao is only relying on the power of his Mystic artifact, " Hong junhuan said with a bow. in my opinion, his strength is at most on par with the two young masters.

Tang Qing slowly turned around and walked step by step towards the throne of the city Lord's mansion. She sat down gently and put her hands on the beast's head. Her eyes were blurred as she said indifferently, "I know better than anyone else how capable those two pieces of trash are. They're more than enough to be the leader of a faction and a hero of a region. However, they're still far from being the Overlord of the world and the peerless martial sovereign!"

“Yes!”

Hong junhuan did not dare to respond. He knew better than anyone how terrifying the person in front of him was. It was not just the difference in strength, but also the pressure of a superior that had been formed over the years. He did not dare to disobey.

Tang Qing pondered for a moment and said, “ it’s fine if ruan Hongyu has escaped. Red Moon City is basically under my control. Without her, it will only cause more trouble and make things less perfect. But, we can’t let that li Yunxiao go!

He ordered, ‘follow the coordinates of the teleportation. You must find li Yunxiao and kill him! Let Fu Yichun lead the team and lead the five of you!’”

“What?”

Hong junhuan was taken aback. At a time when the power of red Moon City was unstable, they had actually sent six high-level martial sovereigns to hunt down Yunxiao! Although he was filled with doubts, he didn’t dare to ask any more questions and hurriedly retreated.
