

The Eternal 991

Chapter 991

991 Five elements white fish

what? ” Yunxiao’s face turned cold. you’re playing me! he said.

PU Jinshan jumped in shock, feeling that a single thought from the other party could turn him into ashes. He hurriedly said, ” “No, no, really no! I know that Lord Yunxiao has a lot of precious treasures on him, but that five elements belly white fish is definitely a treasure worthy of your possession!”

Yunxiao’s face returned to normal as he said coldly, ” tell me, what’s worth it? if you can’t convince me, I’ll feed you to the fish.

He pointed his finger in the air, and the crocodile’s body appeared above the two of them. It also became huge, like a cloud floating in the sky.

PU Jinshan was dumbfounded. So he was feeding the fish to this crocodile! He felt cold all over and wiped his sweat. Lord Yunxiao has also seen the refining recipe of the five elements belly white fish. It has all five elements and can be used for both offense and defense. It is not only an offensive profound level weapon but also an array weapon. I wonder if Lord Yunxiao has heard of the elemental barrier? ”

nonsense! Yunxiao shouted. The seven strongest elemental barriers, wind, rain, Thunder, lightning, mist, snow, and frost!”

Back then, the throne had once studied how to combine the seven strongest enchantments into one, but the results were unknown. In addition, when he was in Tianshui and training on qionghua Island, Yunxiao had also learned the method of setting up a rain enchantment from his opponent.

PU Jinshan hurriedly said, ’that’s right, Lord Yunxiao is indeed knowledgeable! The wind, rain, Thunder, lightning, fog, snow, and frost are seven types of Supreme wards, but these seven major elements are all evolved from the five origin elements of gold, wood, water, fire, and earth. Since there are seven types of Supreme wards in the world, has Lord cloudsky ever thought that there is also a Ward of origin of the five elements?”

what? ” Yunxiao frowned. are you saying that your fish-shaped Mystic artifact is used to set up the barrier of the five elements? ”

“Haha, of course not.”

PU Jinshan seemed to have forgotten about the environment he was in. He couldn't help but burst into laughter. the origin barrier can only be set up with the power of the origin. That kind of thing does not exist in this world. My five elements belly white fish imitates the power of the five elements and opens the barrier of the five elements, layer by layer, deducing and deriving from each other. It is endless and unbreakable!

Yunxiao looked at him and said coldly, ” “You think I'm an idiot? I saw the recipe clearly. Where did the five elements enchantment you mentioned come from?”

Only then did PU Jinshan realize the situation he was in. Sweating profusely, he hurriedly said, ” that's because there are three steps to refine this five elements belly white fish. What I showed Lord Yunxiao was only the first step of refining the artifact. As for the second step, I intend to do it myself. I'm not talented, but I can be considered an expert in array.

“Oh?”

Yunxiao gave him a surprised look, which was beyond his expectation. “What about the third step?”

PU Jinshan's expression changed slightly, and he revealed a bitter smile. the third step is to embed the most suitable tool soul into the five elements belly white fish. It can be said to be the most crucial step. It requires a great opportunity to find a tool soul suitable for the power of the five elements, and I happened to get it by chance.

PU Jinshan had already completely admitted defeat, and all he wanted was to save his life. He didn't dare to hide anything. He took out a round glass bottle from his storage tool, and inside it was a gray, flat fish that was swimming around. Upon closer inspection, the fish didn't have a physical body, but a soul.

Yunxiao frowned. This fish looked almost exactly the same as the profound artifact that PU Jinshan was going to refine, and he had never seen such a fish before.

PU Jinshan saw his confusion and explained, " this fish is called whitejoy fish, and it exists in the deep sea. Its ancestor is also one of the true spirits, but it is not very famous. It is very rare for it to have all five elements and develop in a balanced way. It is most suitable to be the weapon spirit of this thing.

Yunxiao was a little tempted. it sounds good to you. I will spend some effort to help you refine that profound level weapon. If the effect is not as good as I expected, your life will also be in danger.

Yunxiao disappeared from where he was in the blink of an eye, leaving behind a nervous PU Jinshan.

In fact, when Yunxiao heard that he was a master of arrays, he had already thought of sparing his life. After all, he had a skill that might come in handy one day. With his current strength, this person was not a threat at all.

After that, he began to cultivate in the sky. For the past ten days, he had been chasing and stopping, which was even more exhausting than fighting to the death.

Three days later, he was finally full of energy. He could faintly feel that his strength had improved a lot.

Yunxiao took out the recipe of the five elements white fish and carefully read it again. After making sure that it was correct, he summoned the cauldron of mountain and river and let it slowly land in front of him.

With the help of this cauldron, his success rate was definitely more than forty percent. Moreover, he now had the Thunder technique, and the Maha ancient text on the heavenly hammer was condensed from the Thunder rules of the heavenly martial realm. The combination of the two was stronger than the heavenly Tribulation in the heavenly martial realm, and it could allow a ninth-tier profound artifact to directly undergo the Tribulation in the divine realm tablet.

The cauldron of mountain and river started to move. All the materials that PU Jinshan had gathered were poured into it, and he began to refine.

In just a day, the fish-shaped Mystic artifact was condensed into shape. Yunxiao turned into the God of Thunder, picked up the hammer, and smashed it down.

Under the lightning and Flint, a flash of lightning flickered, and the rumbling sound continued.

The fish-shaped profound level weapon was neither hot nor cold, as it stuttered and swam in a circle in the air. Its shape was neither gold nor Jade, as flat as a sword, but wide, like a salted fish hanging up.

With a wave of his hand, Yunxiao beckoned PU Jinshan over and pointed at the five-element white fish in the sky.

PU Jinshan was feeling depressed by himself. He did not know what Yunxiao was thinking about, but he suddenly felt a force pulling him, and then he teleported over.

This really scared him out of his wits. This god-like ability had left him completely stunned!

what are you standing here for?" Yunxiao shouted. what are you doing?" If you can't satisfy me, I'll take your soul and pour it into this profound artifact fish."

PU Jinshan was so scared that he trembled. He hurriedly beckoned in the air and immediately caught the five elements white fish in his hand. After carefully observing it, he found that it was much better than he had expected. The more he looked, the more shocked he became.

He didn't dare to have any other thoughts and hurriedly took out all kinds of tools to set up the formation.

Yunxiao watched quietly from the side. PU Jinshan's technique was indeed very experienced, and the array disc he used was also very old, obviously used many times.

Most of the time, the formation was completed during the refining process. However, if it was a specialized formation tool, the formation master would have to engrave it one by one.

In front of PU Jinshan were stones of various colors, emitting different kinds of power. They were all used to inscribe formations. Golden light appeared on his fingertips as he directly set them up in the air.

Yunxiao's attainments in the Dao of arrays were not low either. He watched quietly while pondering in his heart.

Those strange stones of various colors could provide all kinds of energy needed for the formation. They were arranged in a certain shape in the air to produce a specific effect.

PU Jinshan struck out a few talismans before pointing in the air. A golden light shot out from his finger and into a blue stone. It immediately emitted a warm color and refracted the finger light to hit another stone. This continued on and on, and the hundreds of stones of various colors in the air were penetrated by the finger light one by one. They gathered into a Grand formation that emitted an astonishing light.

PU Jinshan gave Yunxiao a look and explained, " this is a boundary of origin that imitates the five elements of metal. Next, hehe.

"Shut up and focus on the refining."

Although his attainments in the Dao of arrays were not as high as PU Jinshan's, at least he could understand what he was doing.

PU Jinshan shuddered and hurriedly shut his mouth, not daring to make another sound.

The huge golden formation in the sky, under the change of his hand seal, directly merged into the sky above the five elements belly white, like a golden hoop hanging on it.

Then, he changed his hand technique and the arranged stones in the air began to rotate one by one, changing into another arrangement.

PU Jinshan's every move was extremely slow and steady, striving to succeed in one try.

Soon, five-colored halos appeared on the five elements belly white fish. His face began to turn serious, and his hand seals became faster and faster.

Yunxiao's pupils constricted. Although the condensation of the first five kinds of barriers was ingenious, he could do it as long as he had the array diagram. But, the final combination of the five elements, which were mutually reinforcing and restricting, and constantly deducing and combining them was extremely exquisite and difficult, so he was not confident at all.

"Wood gives birth to fire, fire gives birth to earth, earth gives birth to Tuan Tuan."

PU Jinshan mumbled continuously, striking out an imprint with each strike. Following that, a ring of light flew into the profound artifact, finally forming five-colored rings that were imprinted into the artifact before gradually disappearing.

...

After doing all this, he still didn't dare to relax. He hurriedly took the profound level weapon into his hand and began to observe it carefully. Only then did he let out a sigh of relief and revealed a satisfied expression.

Yunxiao frowned. you have forcibly stacked the power of the five elements. Although you have suppressed the conflicting elements for a while, they will burst out sooner or later. Is this the precious treasure you mentioned? " Don't lie to me, I'm not well educated."

PU Jinshan was surprised. He did not expect Yunxiao to see through the problem at a glance. He was almost about to cry as he said, " Lord cloudsky, my life is in your hands now, so how could I dare to lie to you? The first step is refining, the second step is forming the array, and the third step is the most important!"

He took out the glass bottle, and the demon Soul inside was still shaking. the fish soul of this white fish is the key to this treasure, and it is also the ultimate coordination of the power of the five elements.

PU Jinshan held up the glass bottle and slapped it in the air. The fish soul immediately swam out, seemingly extremely unwilling, but it had no choice. Under the suppression of the seal, it swam towards the profound level weapon and disappeared in a flash.

The moment the fish entered the profound level weapon, the entire five elements light shone. A formation light suddenly opened, and the world changed instantly.

With a thought, Yunxiao sensed that the array had enveloped an area of thousands of miles, and the so-called Bai Le Fish soul seemed to be very happy, swimming around in the eye of the array and absorbing the power of the five elements.

Chapter 992-meeting acquaintances

“It’s a success, it’s really a success!”

PU Jinshan seemed to be in disbelief as well. He spread out his divine sense and felt the energy fluctuations within the formation.

This array was now connected to his mind and spirit. The surging power was like an undercurrent in a calm sea. As long as he changed his hand seal, it would set off a storm.

PU Jinshan’s eyes flashed with a hint of struggle, and he clenched his fists tightly. Rings of subtle Yuan Qi were raging on his fist wind, and his eyes flickered a few times before he finally calmed down. He gradually let go of his hands and sighed inwardly.

At first, he thought of using the array to break free from Yunxiao’s control, but Yunxiao’s unpredictable ability had left him with a lingering fear. After a few thoughts, he decided to give up.

Yunxiao naturally saw all this, but he did not point it out. this formation is indeed majestic. I wonder how powerful it is.

PU Jinshan said confidently, “ this formation is only the core. Even if a high-level Martial Emperor is trapped inside, it’ll be difficult for him to escape. If we have time to set up an outer formation, we can combine the inside and outside, and even thousands of soldiers can be trapped inside.”

“Oh? Since it’s so powerful, I’d like to give it a try. You can use this formation to attack and trap me. I want to test its power.”

Yunxiao said casually.

PU Jinshan’s heart skipped a beat, and for some reason, his palms were covered in sweat. He nervously guessed that Yunxiao had discovered something, but his blood began to burn, and he was gradually overjoyed. ‘This is Yunxiao’s own doing. It’ll be best if he can be killed, but it’s not his fault if he can’t be killed.’

let’s get started, ” Yunxiao said. drive the array’s strongest power and attack for three rounds, then turn the defense to the maximum. I’ll break the array.

“Yes!”

PU Jinshan responded loudly, and his figure suddenly began to move. His magic arts were like butterflies dancing in the garden, shuttling around his body and constantly entering the surrounding void.

The atmosphere in the entire formation changed. The calm sea began to surge under the push of power, and waves began to rise.

Yunxiao stood quietly in the array. The array was in his divine realm tablet, and all the power of the five elements in heaven and earth that it could mobilize was under his control.

Unfortunately, PU Jinshan did not know that. He even excitedly mobilized all his power and slowly directed it around Yunxiao, making him the center of the attack. In order to prevent Yunxiao from discovering the great power of the array and changing his mind at the last minute, he did everything in secret, thinking that he had done it without knowing it.

Finally, everything was ready. It was like the moment before the storm, extremely depressing.

Yunxiao was also surprised. The power of the undercurrent was already above his estimation, and it had definitely reached the level of a high-level martial sovereign.

Lord cloudsky, it's starting!

A trace of ruthlessness flashed in PU Jinshan's eyes. With a loud shout, he produced a ray of colorful light from his hands and sent it into the formation.

Yunxiao suddenly felt the space around him explode, as if an endless force was pressing down on him, trying to destroy everything. He slowly closed his eyes and began to sense the flow and operation of every stream of power in the array.

"What?"

PU Jinshan couldn't help but cry out in shock, and his face was completely deformed!

Under the mighty force that had reached the level of a high-level martial sovereign, Yunxiao, who was at the center of the attack, was unscathed, and he was even meditating with his eyes closed!

He suddenly felt a chill all over his body. Such a strange and unreal phenomenon had appeared in front of his eyes. A large amount of cold sweat rolled down his forehead, and all the fierceness in his heart was swept away.

PU Jinshan changed the incantation gesture in his hand, and the violent power of the five elements in his body continued to stack and generate, each wave higher than the last, as they slammed toward Yunxiao.

He still didn't open his eyes.

At this moment, PU Jinshan began to suspect that what he was seeing was not a real person, but an illusion.

But no matter what, he could no longer raise any resistance. He respectfully said, " Lord cloudsky, be careful with your final move. I'll transform into this lebai's atavism true body!

He changed his hand gesture and put his two hands together. A ray of green light gently revolved around his fingertips.

Yunxiao finally opened his eyes with a look of horror on his face. In the space inside the boundless array, a white lebai fish came down from the sky. Its body was enormous, and the aura it exuded was vague, seemingly strong but not strong. It was just like lebai's soul, but countless times stronger.

"True spirit?"

According to PU Jinshan, le Bai's ancestor was indeed a true spirit, but how could he return to the true spirit realm?

However, he soon discovered that something was wrong. This huge lebai fish was not a physical entity, but an illusion. However, it made him feel that it was extremely real.

"Turning the void into reality?"

This term appeared in his mind again, and he immediately shook his head. Even Tian si did not possess the power to materialize illusions, but the illusionary figure was truly something that he could not understand.

Yunxiao raised his hand, and a sword beam condensed at his fingertip, then he slashed it out.

"BOOM!"

The lebai fish was cut in half, and the illusion disappeared. The pressure that seemed to be there was also gone.

The fish soul in the array eye suddenly became a little violent and kept swimming.

PU Jinshan was completely dumbfounded at this moment. He stood there in a daze, completely losing the ability to think.

Yunxiao, on the other hand, had a gleam of joy flash in his eyes as he said, " "This formation is extremely powerful. With it, we don't need to fear the pursuit of the rhythmical plant essence, and can turn defeat into victory!"

He made a grabbing motion in the air, and the five elements belly white fish fell directly into his hand. He gently wiped away the traces of PU Jinshan's imprint on it and began to observe it with joy.

PU Jinshan stood there in a daze, his eyes blinking. Such an unbelievable ability, would he still be chased by the rhythmical essence? 100 rhythmical plants would have been directly cut off, right?

this artifact array is indeed a treasure, " Yunxiao said. I'm very satisfied with it. Your life is safe for the time being. If there's nothing else, you can stay here and cultivate."

He turned around and disappeared.

PU Jinshan was stunned for a moment. He wanted to say something, but he didn't know what to say. It was stuck in his throat and he couldn't say anything.

Yunxiao came out of the divine realm tablet and went out of the inn. With a powerful array, he could suppress the rhythmical essence even without summoning the gourd, Little King Kong, and the others.

Upper high city was still in a state of panic. Another teleportation formation had been destroyed, and the passage to the outside world was completely cut off.

Several forces in the city gathered together and held an emergency meeting. The top priority was to maintain order in the city and send a message to Red Moon City, asking for the alchemist's support to repair the teleportation array.

Actually, it couldn't be said to have been restored, because it had been completely destroyed by Lu Zhiyuan. It could only be rebuilt.

sigh, I don't know which wicked person destroyed the passage. It will take several months to recover.

"Yes, it will take several months for the Lord of the red moon City to fly over. Sigh, I'm so unlucky! We've just been stuck in Feng Ling city for a few days, and now we're stuck here for a few months. I can't do business anymore!"

...

yes, everyone, don't panic. Now is a critical time. The war between the sea Race and US will start at any moment. The entire Eastern Region must ensure that the transmission is smooth. I think the red moon City will soon send people to repair it.

baokun city is the main city of the Eastern Region. In a remote and backward place like ours, we may have to wait even longer!

On the way, Yunxiao frowned as he listened to the conversation. According to them, it seemed to take several months to get to Red Moon City from here, so it would be very far to go to Haitian town. He had planned to pack up his rhythmically essence and go directly to Haitian town.

After all, the appointment with beiming Laifeng and the others was about to end, but now that something had happened in Haitian town, he didn't know if he could still go out to sea.

The reason for this sudden situation was Xiao Hong. It seemed that this battle with the sea Race had to be fought because Xiao Hong could no longer be returned to them. Especially after he saw that Hu Shengfeng had obtained Yu Yixian's body, the power of the aegirine made him feel fear.

As he walked, he raised his head and looked at the concealed rhythmical essence ten thousand meters in the air. A trace of killing intent flashed in his eyes.

Suddenly, a sentence entered his ears, causing his entire body to tremble.

“How much is this heavenly jade spider?”

At a stall not far away, a man in a brocade robe with a piece of fine jade on his waist was choosing a Tianxuan Spider from a bunch of cages.

Many merchants would sell these spiders to various places, and some people would raise them and collect their spider silk to sell.

The brocade-robed man was carefully examining a Spider. It was of moderate size, not the best in the entire cage.

...

The spider was the size of a watermelon. Unlike the other spiders, it had green spots all over its body. The man kept tapping on it with his hand, as if he was listening to the sound.

The merchant looked at him in surprise and became very respectful to the man in brocade, “This Lord is also a martial arts master, right? although these spiders don’t have any offensive capabilities, they are all Class 4 demonic beasts. We also need to use special chains to tie them up so that they won’t attack people, but even so, they are still unruly and very few people dare to hit them like this.”

“Are there any more of these spiders with green spots?” the man in the brocade robe nodded.

The merchant smiled and said, “this green-spotted Spider is a mutant. However, the silk it spits out is no different from that of ordinary spiders. It’s rarely seen. I’m probably the only one in the entire upper high city who has one. It’s rare, but I can’t sell it for a high price. If you want it, you can take 50000 mid-grade origin stones.”

The man in the brocade robe threw out 50000 medial-grade primordial stones without saying a word. He took out a beast taming item and put it in it. He turned around and was about to leave when he suddenly saw someone from the corner of his eye and could not take another step.

Yunxiao looked at the man in the brocade robe and said with a wry smile, "It's really a small world. I didn't expect to see master Jian Bo in this kind of ghostly place."

The man was Lu Jianbo, who had lived for a long time. The moment he saw Yunxiao, his calm eyes turned into surprise and fierceness, then slowly turned into shock, and then extremely solemn. "You've advanced to the rank of a martial Supreme?"

Chapter 993

993 The strength of a high-level Martial Emperor

thank you, Mr. Lu," Yunxiao said with a smile. I'm grateful for your help.

A strange expression flashed across Lu Jianbo's face as he said, "Actually, we're friends, not enemies. We can sit down and have a good talk."

Yunxiao smiled. if you don't want to kill me, Mr. Lu, we are indeed friends, not enemies. I've learned a lot from the Thunder art you gave me.

"Oh?" Lu Jianbo sized Yunxiao up and said, "you've collected five types of mutated lightning?"

it's not that easy. Yunxiao shook his head. it's already a lucky chance to get one or two. He looked at the big spiders in the cages of the merchants on the roadside and laughed. "I didn't expect Mr. Lu to have a hobby of raising spiders."

"Hmph!"

Lu Jianbo waved his long sleeves and snorted heavily, "Young master Yun, can you sell me that iron tear? Although there were some unpleasant things in the past, people always look forward."

Yunxiao smiled. let's not talk about the past. But, although I don't know what the use of iron tears is, at least I cherish them. I want to study them more when I have time.

Lu Jianbo didn't get angry. He just said indifferently, "So there's really no turning back?"

What if I don't? " Yunxiao's smile faded. What if I don't? "

Lu Jianbo raised his eyes and stared at him. if I'm not wrong, young master Yun has a lot of secrets. The moon pupil and the imperishable golden body seem to belong to Gu Feiyang and ao changkong, respectively, right? "

Yunxiao's pupils constricted, and a hint of killing intent flickered in his eyes. Although he had fewer and fewer taboos now, if his imperishable golden body was discovered, he was afraid that ao changkong would be drawn over, and he would have no way to escape.

Lu Jianbo's face was still calm as he said,"I don't want to be your enemy, and I know that there are some methods. But if you think that you can defeat me with this, then you are ignorant."

Yunxiao's face turned cold as he said, "Oh? Whether or not we can defeat them isn't something that can be decided by words."

Lu Jianbo pointed to the sky and said,"that person is chasing after you, right?" If you can sell iron tears to me, I'll drive him away for you."

I can deal with that man myself, " Yunxiao said. there's no need to trouble Mr. Lu. If Mr. Lu really wants that iron tear, you can tell me its use and I might consider selling it. The more mysterious you are, the harder it is for me to part with it. "

Lu Jianbo's face revealed a look of surprise as he said, "Can you defeat the peak seven-star martial sovereign in the sky? It seems that your improvement is even above my expectations." He pointed at the Spiders for sale on the street and said, "I need the complete body of this monster beast. Originally, I was planning to use this as a replacement if I couldn't find any iron tears, but if you can give me the body, everything will be fine."

there are quite a lot of this kind of crab shell demon beast with many legs, right? " Yunxiao asked suspiciously. do you really want that iron tear? "

Lu Jianbo revealed a bitter smile and said, " I can't disclose any more details, but if young master Yun can give me the iron tears, I can give you a great opportunity.

"Oh?"

Yunxiao's interest was piqued. "Mr. Lu isn't an ordinary person. He's the Qianqian who you call lucky."

Lu Jianbo hesitated slightly and muttered, " I'll have to think about this for a while. First of all, your strength must be at the level of a high-level martial Supreme before you're qualified to take on this opportunity.

Yunxiao was even more confused. He frowned and sneered, " "Mr. Lu, you can't be thinking of tricking me of my iron tears, right?"

Lu Jianbo knew that it would be hard to convince the other party with such words. He thought for a moment before saying, " "Young master Yun, you've seen a lot. Have you ever heard of the saying," when the natural moat order is out, the martial arts will be gone, and there will be clouds everywhere. Who can compete with you?"

Yunxiao trembled and cried out in horror, " "You have a natural moat token!"

A strange look flashed across Lu Jianbo's face. He said, " I didn't expect that young master Yun would know about the natural moat token. Then I won't say anything more. One natural moat token in exchange for iron tears.

I agree! Yunxiao said without a word.

He couldn't be bothered with the street. He threw the iron tear directly at Lu Jianbo.

Lu Jianbo was instantly overjoyed. He hurriedly kept the iron tear. As it was too large, it attracted the attention of countless people.

However, Lu Jianbo was overjoyed and couldn't help but laugh out loud.

The people passing by all pointed at him and secretly called him a madman.

what about the natural moat token?" Yunxiao asked impatiently.

Lu Jianbo got what he had been dreaming of and was in a good mood. He smiled and said, "Don't be anxious. I've said just now that you must have the strength of a high-level martial Supreme before I can give you this opportunity. The person up there can be used to prove your strength."

He looked at Yunxiao's face, which was turning uglier and uglier, and added, "I already have the iron tears, so I naturally don't want to be your enemy. But since I can issue a natural moat token, I think you can guess my background. I have to be responsible for each of the owners of the natural moat tokens."

Yunxiao's face brightened a little as he said, "You'd better not be playing with me, or I'll make you regret it,"

He immediately turned into a beam of light and shot up into the sky.

Lu Jianbo's eyes flashed. He casually grabbed a chair and laid down on the street to enjoy the performance.

huh?!

Rhythmically essence, who had been cultivating in the sky, suddenly opened his eyes and saw Yunxiao standing in front of him. He was stunned and a little puzzled. "What, you've thought it through? Do you want to negotiate with me?"

talk about your sister! Yunxiao said coldly. get up and get beaten!

"eh?"

A question mark filled Lü Zhiyuan's mind, and he did not know what was going on, but he could still understand that Yunxiao was going to fight him when he threw a punch at him.

"Impudent!"

Lu Zhiyuan was furious. He charged up with a roar and the aura on his body spread out, directly destroying the power of that punch and ruthlessly sending it back.

Yunxiao held his spirit and Qi, holding his hands in front of him to receive the pressure. At the same time, he was secretly surprised, as if he had underestimated the other party's strength.

Lü Zhiyuan was angered by his inexplicable actions, and pounced in the air. One hand behind his back was incomparably arrogant, while the other hand circulated his vital Qi and slapped out in the air.

Yunxiao cried out as he pushed his palms in front of him and performed an incantation gesture with his left hand. Then, he thrust his right palm forward, and his arm turned golden.

"BOOM!"

The collision of the two forces shattered the surroundings with a thunderous boom. The veins on Yunxiao's arms bulged, and his long clothes rustled.

"What?"

Lu Zhiyuan and Lu Jianbo were both taken aback, their eyes nearly popping out of their sockets. Yunxiao could actually take his palm strike in the air!

Lu Jianbo's pupils contracted, and he thought in his heart, "As expected, he had an imperishable golden body. How was this possible? Could it be that there was someone else other than ao changkong who could cultivate this cultivation technique?"

Lü Zhiyuan's face turned cold as he added some energy to his palm. With a loud explosion, Yunxiao could not hold on any longer and was sent flying dozens of meters away.

...

Lü Zhiyuan arrogantly put his hands behind his back and spun in the air, then kicked Yunxiao, who was constantly retreating, with his foot like a battleaxe.

This was the contempt he showed to Yunxiao in the fury in his heart.

Seven-stars was the first huge dividing line above martial Supreme, and those below it were ants.

Yunxiao's face was cold. Just now, it was only his arms that had turned golden, but now, his upper body was shining with a golden light. He quickly performed incantation gestures with both hands, and a Green Dragon shape emerged, roaring and rushing out.

"Bang!"

Under Lu Zhiyuan's kick, the Dragon was instantly destroyed, and the powerful force broke the defense in his palm and jolted into Yunxiao's body. He was sent flying dozens of meters again, a stream of blood flowing down the corner of his mouth.

"You're courting death, so don't blame me!"

Although Lü Zhiyuan had the upper hand in both moves, Yunxiao's bare-handed fight with him had already aroused his incomparable anger. He leaped up, and his body turned into white light that gathered on his palm before he coldly flew down.

since you want to be humiliated as soon as possible, " Yunxiao said coldly, " I'll grant your wish!

He waved his hands in front of him, and the five elements white fish appeared. He threw it forward.

The tough body of the five elements white belly fish actually swayed left and right in the air, like a gray fish slowly swimming forward. Bubbles were even coming out of its mouth.

...

Circles of light spread out from the fish's body, and the colors of the five elements turned into circles of light. It was as if fish patterns were distributed on the body of the artifact.

Lü Zhiyuan's pupils contracted, but he was confident in his skill and boldness. The other party couldn't play any tricks, so he directly smacked a palm on the five elements belly white fish and shouted, "No matter how many tricks you have, it's still rustling."

He stopped mid-sentence, and a surge of power rippled from the fish.

The whole world changed. The profound level weapon spun rapidly under the rhythmical Essence's palm. The power of the five elements generated and derived from each other, constantly stacking up and shaking the rhythmical essence away.

He looked around in shock and anger and gritted his teeth, "Array tool!"

At this moment, the fight between the two had attracted the attention of all the people in the city. They all looked up, and when Yunxiao's five elements belly white fish came out, it changed the world. All they could see was a hazy light of five elements, which kept flashing and spinning.

Lu Jianbo was stunned for a moment. Then, his face revealed a shocked expression as he muttered to himself, "This is a Suan ni, the five elements origin barrier?"

He immediately denied it and shook his head, "How is this possible? it should be a type of barrier made by a strange object that imitates the five elements origin source."

His eyes were extremely sharp and he saw the key point in an instant.

Inside the five elements barrier, Yunxiao performed an incantation gesture with one hand, and a strange symbol was cast into the void. Immediately, the power of stormy waves swept over. It was the move that PU Jinshan had used to attack him, the power that could tear everything apart.

“Good!”

Lü Zhiyuan lightly shouted. The sword in his hand flashed and a cold sword appeared in his hand, slashing towards that force!

“One sword snow engulfing blue pass!”

The sword Qi fell, and a Sword Ring burst out from his body. The surging power in the surroundings was destroyed as if it were dry weeds and rotten wood. Under the sword Ring, it was completely shattered, giving off countless shattering sounds that were noisy to the ears.

Lu Zhiyuan was secretly shocked. The power of this array tool was far beyond his imagination. He gave a light shout and raised his sword. A stream of sword Qi shot into the sky.

Chapter 994-boundless sword intent

Lü Zhiyuan’s sword light condensed into sword rings of various sizes in the air, spreading out the power of the entire formation. He said coldly, “Today, I will kill the number one rising star!”

His sword ray danced in the air several times, and the sword Qi was intertwined as if it was drawn by a brush and ink. Then, it slashed down.

“Se!”

The cold light pierced through the layers of waves and struck directly.

Suddenly, a cold aura gushed out of Yunxiao’s body, and a dazzling white light condensed in his hand. With a slight shake, the sword energy rushed out, and the whole array was filled with a cold air.

“Bang!”

Lu Zhiyuan’s sword ray was instantly cut apart. His pupils suddenly changed and he cried out, “Ice sword? Did you unseal it?”

His tone was full of shock, disbelief, and a deep sense of loss, which turned into an angry roar.

He turned around and started to fly in the air. Circles of sword light broke out of his body and circulated around him. Just this continuously increasing sword power was enough to force the formation light away. The rhythmical Essence’s surroundings were gradually condensed into a white mist color by the sword power. After extreme anger, his killing intent rose.

Lu Jianbo quietly lay on the chair. His eyes were slightly focused as he muttered to himself, “Li Yunxiao, show me all your strength!”

Yunxiao’s face was expressionless. He tapped a few fingers on the ice sword, unsealing the ancient Maha characters one after another as he lifted the sword up in the air.

A sword light split into two, two into three, and three into countless. The sword Qi bloomed like a flower bud, and the entire array was filled with sword shadows!

Everything in the world was contained in the five elements. With his sword will as the guide, Yunxiao turned all the power in the array into sword Qi, and with the sword in his hand, he directly unleashed the infinite sword will, filling the entire five elements enchantment with sword light.

“What?”

Lu Zhiyuan was greatly shocked, his eyes revealing extreme shock. The other’s sword intent was so strong that it seemed to be above his!

Shocked, he rushed up into the sky with the sword in his hand. Sensing Yunxiao’s boundless sword intent, the white light around him turned into countless purple lights in an instant and converged into a Dragon, which spun around him and looked down.

“Violet Qi Dragon-guiding Sword Art!”

Lü Zhiyuan shouted and guided the sword in his hand. The purple dragon lowered its head and its body disintegrated in the air, turning into purple sword Qi.

As soon as the purple shadow Sword Qi appeared, Yunxiao’s boundless sword intent immediately sensed it and began to turn sharp.

The cold sword and frost let out a deafening sound, and the entire formation was activated to the extreme. It was definitely out of his control if it continued to develop.

Yunxiao’s body was covered in a golden light, and if one looked carefully, they would find that it was trembling slightly. With a calm face, he raised the sword high and slashed down.

“Swish!”

A long sword slashed through the air. Countless sword shadows shook and formed groups of sword talismans that shot up.

For a moment, a rain of swords soared into the sky, and purple shadows shook the earth.

Yunxiao and Lü Zhiyuan’s figures flickered under the countless sword beams, making it difficult to distinguish them.

All the people on the ground looked up in horror. They could only see various colors of light rolling like waves, and they couldn’t distinguish the sword Qi at all. They thought that a strange phenomenon had appeared in the sky. It was beautiful and gorgeous, but it revealed a soul-stirring pressure, and all of them trembled.

Only the Warriors who were martial honors and above in the city could sense that there was a battle between the strong. They looked at the rain of swords in horror. It was a unique skill that was completely beyond their imagination.

In the sword rain, the sword Qi continuously cut through Lu Zhiyuan's protective Emperor Qi and his clothes. Thousands of tiny wounds began to appear on his body.

Yunxiao was not any better off. He was extremely shocked. This Lu Zhiyuan was indeed not an ordinary peak seven-stars Martial Emperor. Even with his sword intent driving the cold sword and ice, and the five elements barrier, he still could not kill his opponent!

However, his inextinguishable golden body suffered very little damage from the sword rain, and it recovered to normal in an instant. It still looked like it was shining with golden light. In comparison, the rhythmical essence seemed to be in a much more miserable state.

Lü Zhiyuan's pupils contracted as he felt a sense of urgency. Gritting his teeth, he also used his ultimate skill. The sword Qi in his hand swept and a purple dragon immediately appeared behind him, immediately turning into the shape of a giant sword. His entire person instantly merged into that sword shape and hacked down from the sky!

The whole complicated sword rain was torn apart like a curtain in the sky. Countless sword lights were annihilated and returned to their original form, turning into the five elements that filled the sky, like dust that was scattered in the sky. The scene was extremely beautiful, but it was fascinating.

Lu Jianbo suddenly stood up, Yuan Qi surging in his hands, and a fierce look flashed in his eyes. Yunxiao's sword intent had completely collapsed. If he did not have a stronger ultimate move to take this blow, not only would he be defeated, but he would also very likely be seriously injured and die.

He did not want Yunxiao to die at this moment, and just as he was hesitating about whether to save him, his pupils suddenly constricted. He saw that Yunxiao's face was still as calm as water, without the slightest panic. He just quietly put the sword back and held it upside down in his hand like an arrow drawn from a bow.

The cold sword's frost exuded a cold air that was almost tangible, appearing white. Other than the few Maha ancient characters flashing on the sword, it was dazzling white.

Lu Jianbo's pupils suddenly revealed a look of shock. A small green Dragon suddenly appeared on the cold sword's frost and kept swimming around the sword. The white light suddenly had a lot of spiritual energy. It was as if the dead sword had suddenly come to life.

"It's been a long time since I've had this feeling."

The longer Yunxiao held the sword, the calmer his heart became, and the feeling of power was gradually returning.

The connection between him and the sword grew stronger and stronger, especially when the demonic Dragon transformed into a sword spirit and entered the sword. The two of them shared their souls to begin with, and they immediately found the feeling of being part of the sword.

The dust-like five elements in the sky slowly drifted down, reflecting the extreme calmness of his body and heart.

The lü Zhiyuan's sword light was like the Milky Way falling from the nine Heavens, cutting through everything and flying over.

All of a sudden, the five-colored dust in the sky disappeared. The sky suddenly sank, and the day turned into the pitch-black night. There were only two rays of light left in the whole world.

"What's going on? Why is the sky so dark?"

The people who were watching the phenomenon in the sky were all puzzled and began to discuss.

The experts in the city who were martial honors and above all understood that this was because the martial technique was too powerful and had triggered the world's rules, which was why such an abnormal phenomenon had appeared.

Lu Jianbo, on the other hand, had his heart in his throat. He had seen Yunxiao's movements clearly and knew that he was gathering force and sensing the frequency of heaven and earth. He was waiting for

the best moment, and as the dark curtain fell from the sky, he knew that he had found the space-time point where the attack had been launched.

“Sword Art, star obliteration!”

ice sword! Yunxiao said softly, and the cold sword pierced through the air at an extremely slow speed.

However, those experts all knew that it was not the movement of the sword that had slowed down, but the entire world!

That sword thrust out and met the sword shape of Lu Zhiyuan. The two rays of white light finally met in the air.

“Bang!”

With a soft sound, the huge sword shape shattered like glass, but the ice on the cold sword also trembled and trembled in the sky.

With a single move, the two figures in the dark night were shot back, and a stream of blood shot into the sky.

...

Lu Zhiyuan’s current mood was already indescribable. He, who had extremely high comprehension of the sword path, saw an insurmountable wall in his opponent’s hands. That sword that had shattered his sword form seemed to have pierced out the entire world. His mind was instantly heavily injured.

The sky returned to normal.

Lü Zhiyuan’s face was deathly pale. He gave Yunxiao a resentful look, then spread his black wings and fled a thousand meters away in a flash, turning into a black dot.

Although he still had the strength to continue fighting, he knew in his heart that he could no longer take back the cold sword and frost. If he continued to fight, it was hard to say whether he would win or lose.

That unparalleled sword would not belong to the Lu family, at least in this era.

“Hualala!”

Yunxiao was also sent flying and coughed up a mouthful of blood. He fell to the ground and slid half the street before stopping. All the bricks on the street were lifted up and shattered, and his body trembled violently in the golden light.

“Pa! Pa! Pa pa!”

A round of applause was heard as Lu Jianbo walked toward Yunxiao with a smile on his face. “Wonderful, an extremely wonderful battle. He had transformed the power of the five elements into an infinite sword intent, and the last move was a stroke of genius that could only be encountered by luck. Your power is even higher than I expected, you have the right to take this natural moat command token.”

A token flew over.

Yunxiao’s eyes flickered with a gleam of joy as he hurriedly took it. When he looked at it, he found that the token was made of pure silver, without any patterns or symbols on it. It was just a smooth flat board.

...

“Yes, it’s indeed a natural moat order!”

Lu Jianbo’s face revealed a strange expression as he said, “ “Could it be that young master Yun has seen this medallion before, and can tell the difference between the real and the fake?”

A cunning look flashed across Yunxiao's face as he said, "It's not like there's only one natural moat token, what's so strange about seeing it? However, seeing this order, Mr. Lu's identity is self-evident."

Lu Jianbo smiled, "I've already gotten the iron tears, and I've also given you the natural moat token. Farewell." &Nbsp;

Mr. Lu, do you have a long-distance teleportation technique? " Yunxiao asked. can you give me a ride? "

"It's just a mid-distance teleportation array. How can it trouble young master Yun?" Lu Jianbo was surprised. He smiled indifferently and his body gradually disappeared from the street.

"Motherf * cker, why are you pretending to be an expert!"

Yunxiao cursed in dissatisfaction. It was indeed not a problem to rebuild the teleportation array, but it would take him a lot of time.

Suddenly, several rays of light fell from the street. The person in the lead was a burly man with an awe-inspiring presence.

The surroundings suddenly burst into a clamor of discussion. This man was the city Lord of upper high city and some of the powerful experts who had shocked the entire city.

The city Lord quickly walked up to Yunxiao, bowed, and said, "I am mo Kaixuan, the city Lord of high city. Greetings, my Lord!"

Yunxiao glanced at them and said, "Quickly prepare the materials for me. I want to re-establish the teleportation formation."

The city Lord was stunned for a moment, then overjoyed. He hurriedly ordered all the materials to be brought here, and all the alchemists in the city were dispatched to listen to Yunxiao's command.

Chapter 995

995 Blazing light City

Seven days later, the teleportation formation was finally repaired. What made Mo Kaixuan smile bitterly was that the teleportation formation only led to a small city near Haitian town called blazing light City.

As Yunxiao was in a hurry to go to Haitian town, he only used a simple one-way teleportation, which could save more time.

Mo Kaixuan was both angry and amused, but he didn't dare to criticize her. He even had to thank her respectfully.

But at least, some of the problems had been solved. The merchants in the city could leave through blazing light City, but they could not teleport back and had to wait for the alchemists in Red Moon City.

As a small city adjacent to Haitian town, blazing light City had become the strategic rear at this moment. The whole city was in a tense situation.

A large number of people were coming and going, and each of them was a martial artist with extraordinary strength. Many of them had reached the rank of martial honor, and everyone's face was filled with a solemn atmosphere.

Yunxiao frowned. Had the two races already started a war? Just for a piece of aegirine, those Sea Race people really dared to fight?

He didn't know what level of existence this battle was and who was the main force of the sea Race. If it was only the royal families of the East Sea, it would be easy to deal with, but if the four Seas joined forces, it would be a great disaster that would sweep the world.

In order to prepare for the war, the teleportation formation in blazing light City had been expanded a lot. It had almost become a gathering point on the coast of the East Sea, and all the cities near the sea could be teleported over at the first moment.

Moreover, the teleportation formation that led to Haitian town was being guarded urgently. No one was allowed to use it. The guards were two martial Supreme powerhouses.

Yunxiao frowned. It would be a little troublesome if he wanted to go directly to Haitian town.

all the experts who have come to assist in the battle, please go to the city Lord's mansion. There are special personnel arrangements there. Please cooperate with us!

Not far away from the teleportation array, there were a few martial arts grandmasters who were constantly shouting and maintaining order.

After hearing this, many Warriors immediately flew in the direction of the city Lord's mansion.

Yunxiao took a closer look and found that, in addition to the Warriors who were teleported here in groups, there were also many lone cultivators.

He also mixed in with the Rogue cultivators and deliberately suppressed his cultivation to the level of an eight-stars martial venerable.

Blazing light City wasn't far away, and they soon arrived in the sky above the city Lord's mansion. A large number of people gathered in an open space and were arranged in a unified manner.

Although it was a unified arrangement, Yunxiao still found that there was a difference in treatment. Most of the people in the square were itinerant martial artists below the rank of martial honor, while martial honors were invited into the mansion by special people.

Those who came in groups of sects received even better treatment. They were received directly at the teleportation point by special personnel and didn't seem to be gathered here.

The square was basically surrounded by itinerant cultivators. At most, there would be two or three people walking in groups.

Sir, you must be a martial honor. Please come this way.

A melodious voice rang out. Yunxiao turned slightly and saw a beautiful woman in a light yellow dress flying to his side and asking with a smile.

how did you know my cultivation base? ” Yunxiao asked. how did you know? ”

The woman bowed slightly, nodded, and smiled. the city Lord’s mansion is equipped with a profound sensing weapon. All the strong people within a hundred miles will be sensed by it. As long as a martial Supreme comes, we will send someone to welcome them.

“Alright, you lead the way.”

Yunxiao nodded slightly.

The woman was overjoyed and said, ” this way please, my Lord. My name is Baosheng. I will be in charge of all your matters in blazing light City. You only need to give me instructions at any time!

They were maidservants who were specially assigned to welcome martial honors and above, and they would be rewarded handsomely with every one of them. Baosheng was overjoyed when she heard that Yunxiao was willing to go with her.

The two of them turned into rays of light and flew directly into the courtyard of the city Lord’s mansion. Rows of corridors extended out, leading to different small courtyards. The entire place occupied a large area.

these are temporary residences built for the martial Supremes, ” Baosheng explained as they walked. they are for the martial Supremes.

“Stay?”

Yunxiao stopped and said with a frown, ” didn’t they organize to go to Haitian town? ”

Baosheng laughed. yes, we are going to Haitian town, but we have to wait for the arrangements from the higher-ups. Haitian town is just a small seaside town. It can't accommodate so many people. Moreover, we are afraid that there will be too many people and it will be complicated. Blazing light City will be the center of all arrangements.

Yunxiao nodded inwardly. The red moon City was not in a mess in the face of danger, and it was organized in an orderly manner. As he continued to walk, he asked, "How's the situation in Haitian town now?"

it's very urgent," Baosheng said. the Marine race has already launched a major attack, and there are countless small attacks. The entire Haitian town has almost been reduced to ruins. Now, the experts of my race have set up camp about 15 kilometers away from Haitian town.

When Baosheng saw Yunxiao's silence, he thought that Yunxiao had a heavy psychological burden, so he immediately consoled him and said, "Milord, there's no need to think so much. Ever since our race retreated thirty-some li, we've been at a stalemate. We've never had any large-scale direct contact. I believe that with the arrival of more human experts, the sea beasts will quickly retreat,"

The maidservants had to be aware of the situation of the battle and the counseling of the people. On the one hand, they had to deal with the various counseling of the martial Supremes. On the other hand, they had to counsel them and not let them feel fear.

Yunxiao nodded slightly, but he did not think so in his heart.

He understood the characteristics of the sea Race. If the battlefield was in Haitian town, which was adjacent to the East Sea, the sea Race would have the powerful East Sea as their rear and could continuously send soldiers up.

However, once the battle was delayed, their advantage of living in the sea immediately became a weakness. Unless they were strong martial Venerables or above, once the sea Race members stepped onto the continent, their strength would immediately be greatly reduced.

Therefore, with the retreat of the human battle line, the other party must consolidate and prepare for a certain period of time. If they launched another large-scale attack, they must be fully prepared, and the battle situation would be unimaginably tragic.

who is the one leading the battle in Haitian town? ” Yunxiao suddenly asked. who is the one who is in charge of the deployment in lieguang city? ”

Baosheng replied, ” the one leading the battle in Haitian town is Lord ning Huaishu of the Redmoon city. The one who is in charge of the unified deployment in blazing light City is Lord Wen bojun of the Redmoon city.

Yunxiao frowned. Both ning Huaishu and Wen bojun were eight-stars martial sovereigns. It seemed that the war had escalated to this level.

In terms of personnel arrangement, Tang Qing was also biased against internal and external parties. The Deputy sect master of the four extremes sect was arranged to be deployed in the rear, while the original forces of the red moon City were sent to the front line to kill the enemies.

Baosheng turned around and smiled. don’t worry, my Lord. This time, not only has the entire Eastern Region been mobilized, but even the Holy region has been alarmed. They have sent experts to guard the red moon City. They might even come to the front line in person!

Her eyes were shining as she said excitedly, ” it would be great if that was the case. Baosheng would have a chance to see the glory of a Saint.

In the hearts of all low-level Warriors, the Holy region was a Supreme place.

Yunxiao’s brows furrowed even more. The war between the two races triggered by him had probably helped Tang Qing a great deal.

With the pressure of a foreign race, the Holy region would definitely not allow an internal fight in the red moon City. At this moment, Tang Qing was the temporary city Lord, so he could take the opportunity to clean up the internal enemies through the foreign race and establish his own prestige and status in the war between the two races.

Now that there were powerhouses of the Holy region in the Redmoon city, it at least meant one thing, and that was that the Holy region had recognized Tang Qing’s identity as the city Lord.

Looking at Yunxiao's increasingly worried face, Baosheng could not help but feel a little worried. If the Lord in front of him ran away because he was worried, all his rewards would be gone.

She revealed a charming smile and said, "Milord, we've arrived. Don't worry, everything will be fine!"

...

Yunxiao smiled and did not comment.

Baosheng blinked playfully, then took out a Bell and handed it to Yunxiao. my Lord, this is my personal Bell. If you need anything, please ring it immediately. Baosheng will immediately appear in front of you.

Yunxiao took the bell, which was tied with a red string and looked very delicate.

Baosheng once again handed over a white jade tablet with both hands and said, "please input your information, including your cultivation level, so that I can hand it over to the master in charge of the allocation.

Yunxiao took the jade pendant and scanned it with his divine sense. All kinds of information were asked in great detail, mainly about the battle, including one's specialty, unique skills, and suitable combat methods.

It seemed that Wen bojun did have some talent. In this way, the battle information of all the martial artists could be collected, and the maximum coordination could be made.

It was just that this information was every martial artist's Secret, and not many people would actually write it in.

He filled it in casually. His name was li Feiyang, an eight-star martial Supreme, and his unique skill was good at using the sword. He was suitable for any battle scene.

Baosheng received the Jade token and said with joy, "My Lord, you can cultivate here in peace. If anything happens, I'll inform you immediately. If we can defeat a strong enemy, the reward promised by the higher-ups will only be more."

there's a reward?" Yunxiao asked in surprise. there's a reward?"

Baosheng's body froze for a moment, and he said in surprise, "Ah, you don't know?"

...

no," Yunxiao said with a wry smile. I was too impulsive, and I had the desire to repay my clan, so I came here from thousands of miles away.

"Keke!"

Baosheng was amused by Yunxiao's words, but at the same time, he was filled with admiration. most of the Rogue cultivators here are here for the reward. Sir, you're really a good person.

He was a good person!

Yunxiao smiled wryly. After asking about the remuneration, he found that it was indeed very generous. No wonder so many itinerant cultivators had risked their lives to come here.

He dismissed Baosheng and walked into the courtyard alone.

These courtyards were built temporarily. They were not big, but they were very exquisite. The furnishings inside were also extremely simple, mainly for cultivation purposes. There was also a large number of Supreme-grade primordial stones piled up in the secret training room.

He wasn't in a hurry to go to Haitian town now. Since the battle was so intense, the entire coastline must have been sealed off. Beiming Laifeng was afraid that he wouldn't be able to recruit any experts to go out to sea with him.

Chapter 996-small gathering

The war between the two races had started because of him, so he would pay attention to it no matter what and do his best.

Thinking about it again, the last time the sea Race launched a large-scale invasion, it was also because of him. It seemed that he was indeed a troublemaker. He was still the same even after changing his appearance.

After making up his mind, he didn't think too much about it and started to cultivate in peace.

Three days later, Yunxiao, who was sitting quietly in the divine realm tablet, suddenly felt a flash of light, and his body trembled.

The demonic Dragon, who was sharing his soul with him, also opened its eyes from its cultivation. It was overjoyed.

His soul power, which had been stuck at the peak of the eighth rank, finally broke through the shackles and began to charge toward the ninth rank and above.

At Yunxiao's will, all the resources in the divine realm tablet rushed to him. The spirit Qi had already turned into threads and wrapped around him like a silkworm spinning a cocoon, slowly wrapping him up and condensing into a solid spirit cocoon.

Ten days later, the chrysalis finally began to move slowly. It peeled off bit by bit, turned into spirit Qi, and dissipated.

Yunxiao's figure appeared, sitting cross-legged with a peaceful look on his face.

He suddenly opened his eyes, which were as red as blood. His moon-like pupils emitted a strange light, and his pupils suddenly shrank into strange symbols. The surrounding space instantly became dark, and his entire body disappeared in the darkness. From a distance, it was like a black hole, devouring all light.

Then, the darkness collapsed and shrank rapidly, turning into a black dot and disappearing.

Yunxiao's figure appeared again, and the look in his eyes returned to normal, but he could not hide his joy and cold pride.

With a thought, he returned to the training room. He saw a small pendant hanging behind the door. It was emitting a faint purple light, which was very eye-catching.

This was a signal that someone was looking for him.

Yunxiao stood up and opened the door of the training room. Two Jade talismans flew in and fell into his hand.

Yunxiao separated them, and it turned out that they were sent by the same person, inviting him to some party, and the signatures were all from a man named Liang Yuanji.

He looked at the time carefully. The gathering was to be held today, at the raging flame city's ju Yuan Pavilion.

After pondering for a moment, Yunxiao turned into a beam of light and flew toward ju Yuan Xuan. In any case, he had just broken through to the ninth-tier of soul power, so it would be difficult for him to make any further progress in a short period of time.

The gathering Yuan Pavilion was located in a corner of the raging flame city. It was very secluded and quiet, and in this kind of tense environment, it seemed particularly elegant.

He had just turned into a ray of light and landed when a martial artist came forward to welcome him. "This Lord, are you invited?"

a man named Liang Yuanji invited me here, " Yunxiao said. I'm here.

The warrior said in surprise, 'Lord Yuan Ji? Then you must be Lord li Feiyang?'

Yunxiao nodded.

“Lord Feiyang, please come in!” The martial artist said hurriedly. The Lords have already gone in. I was instructed by Lord Yuan Ji to wait for you here.”

The martial artist led the way in front. After breaking through the front yard, he could faintly hear the sound coming from the main hall.

When Yunxiao walked into the hall, all the voices stopped, and more than ten or twenty people in the hall turned to look at him.

“My Lords, this is Lord Li Feiyang,” the warrior hurriedly explained.

“Oh?”

The eyes of a cultivator sitting at the head of the hall lit up as he hurriedly stood up and greeted with a smile, “Oh, it’s Lord Feiyang. I am Liang Yuanji.”

The moment Yunxiao entered the hall, he swept it with his divine sense. There were nineteen people in the hall, and all of them were martial honors. Liang Yuanji was at the peak of the martial honor realm, and the primordial energy fluctuations emanating from his body were extremely strong. He did not seem to be an ordinary peak martial honor.

Lord Yuan Ji, ” Yunxiao cupped his hands and said politely, ” may I know why I have been summoned? ”

At this time, a middle-aged man with red hair could not help but say, ” “Lord Yuan Ji, could you have made a mistake? This kid is so young, could he be an eight-stars martial Supreme?”

“Hehe, you can’t judge a book by its cover. I can see that this kid’s yuan power is restrained, and I can’t detect his true cultivation base with my divine sense. Even if he’s not an eight-stars martial Supreme, I’m afraid he’s not far away.”

An old man beside the red-haired man was smoking from a copper pipe.

The red-haired man was in disbelief after hearing this. He said in shock, "Even elder Yan can't tell his cultivation level?"

Elder Yan glared at the red-haired man and snorted, "Is it strange that you can't tell? Everyone's cultivation technique is different, or he may have some treasure on him."

Yunxiao gave elder Yan a look. The smoke exuded a refreshing fragrance that made one's internal organs relax with just a sniff. It was a rare spirit herb. The old man was not simple, either. By inhaling the spirit herb like this, he was breathing in and out primordial energy all the time without any delay.

Liang Yuanji laughed and made an inviting gesture, then arranged Yunxiao to sit in a seat closer to the front. there's no need for everyone to doubt it. This is the cultivation level detected by the profound sensing weapon. Lord Feiyang's true strength can only be higher and not lower. What's more, it's rare for him to have the responsibility to take on the rise and fall of the world!

Yunxiao's face darkened. He wondered what expressions everyone would have if they knew that he was the one who had started the war between the two races.

"Hehe, it's indeed rare. kid, you have a bright future ahead of you!"

Elder Yan's eyes narrowed. There was a glimmer in his eyes.

the other ten or so people echoed his words, and their praises were endless. they also wanted to get on yunxiao's good side.

After all, as an individual cultivator, the road of martial Dao was much more difficult than those big sects. It was good to make a few more friends, especially these kinds of existences with a very promising future. Maybe one day, they could help him.

"Hmph, it's just for a huge reward. There's no need to make it sound so noble."

The red-haired man was obviously very dissatisfied. A contemptuous sneer flashed across his face as he turned his head away.

Liang Yuanji said indifferently, "no matter what their intentions are, it's a good thing that they can step forward in such a dangerous situation. I, Liang Yuanji, admire them from the bottom of my heart!

One of the larger Warriors said coldly, "I, Guan Xingyang, just want to see how those sea beasts are. How dare they attack humans? they really don't know what's good for them!

"Brother Xingyang's wish will come true very soon," Liang Yuanji said with a smile.

I hope so," Guan Xingyang said. but I've been living in raging fire City for almost a month, and I haven't received any transfer orders. I'm afraid the sea tribe has already retreated.

Elder Yan took a deep breath of smoke and exhaled. The smoke turned into some strange patterns and disappeared. He said slowly, "if Guan Xingyang was right, then I wouldn't have gained anything from this trip and wasted a month. Lord Yuan Ji, have you reimbursed me for my travel expenses?"

"Hahaha!"

Liang Yuanji laughed and said, "if the sea Race is tactful enough to retreat, that would naturally be for the best." If that's the case, I'll definitely apply to the red moon City to pay each of you at least 100000 Supreme-grade primordial stones for your hard work."

Elder Yan gave him a thumbs up and smiled, "Interesting!"

...

Everyone was overjoyed. Although 100000 Supreme-grade primordial stones was not a lot, it was still a fortune for poor cultivators like them. Moreover, they had obtained it without putting in any effort. Everyone liked it.

Yunxiao's forehead broke out in a cold sweat as he looked at everyone's happy faces. He knew that he had joined a poor organization, and he would not even bother to pick up a hundred thousand Supreme-grade primordial stones on the ground."My point of view is the exact opposite of Sir Xingyang's. I'm afraid I'll soon be dispatched."

"Oh? Why do you say so?"

Liang Yuanji looked surprised and asked, "Could it be that Lord Feiyang has some news?"

Everyone was looking at him. Yunxiao smiled and said, "there's no news. However, on my way to Ju Yuan Xuan, I discovered that the atmosphere in the city was even more tense than when I came to blazing light City. It seemed to reflect the pessimistic situation ahead!

Liang Yuanji's expression turned serious as he nodded, Lord Cloudsky's careful observation is indeed admirable. Now that you've mentioned it, I've also noticed it.

yes," one of the Warriors said. I also found that there are more and more temporary cultivation grounds for martial honors, and they are all full of people.

With that said, the atmosphere in the hall became a little heavy. Everyone was here for money, but they had to ensure their safety first. If the war was too tense, no one would throw away their lives for money.

Liang Yuanji said, "everyone, there's no need to worry too much. Although the sea Race is powerful, their strength is limited. Otherwise, they would not have been in a stalemate for so long. But no matter what, the twenty of us will be arranged as a team and will be under my command. I hope that everyone will listen to the transfer orders when the time comes. If anyone oversteps, I will not show any mercy!"

a hint of killing intent flashed in his eyes, and everyone immediately felt as if there was a dagger on their backs. a chill rose in their hearts, and they all expressed that they absolutely would not dare to.

Liang Yuanji then retracted his aura and said amiably, "I hope everyone can understand. This is related to the war between the two races, so we must all obey. No jokes are allowed!

...

He knew the temperament of these wandering cultivators. They were the most difficult team to lead. Everyone had a strong personality. Otherwise, with their cultivation, they would be the pillars of support in any sect and would not end up as poor cultivators.

Elder Yan nodded and said, "that's right. If anyone dares to do this, he will be harming everyone. I will be the first one to not let him off!

"As long as everyone can follow the rules, I will do my best to bring everyone back in one piece." Moreover, after this battle, we can all be considered brothers in life and death. In the future, we can look out for each other and won't be bullied by others."

"Haha, that's right!"

haha! Guan Xingyang laughed. if we unite, even a martial sovereign of the nine Heavens would have to retreat.

Liang Yuanji said,"that's right. If we work together, we'll be able to cut through gold." I'll be the leader, elder Yan will be the Vice-leader, and the rest of you will be split into six groups of three. You'll be grouped according to your strength."

The double monthly votes have begun. Friends who still have monthly votes, throw them at me! These few days, the company had been busy packing things for the inspection, so they stayed up late.

Chapter 997

997 Mocking

Elder Yan took a puff of his cigarette and said, " I'm used to being idle. I really can't be the vice-captain. Lord Yuan Ji, you should find another expert. I'll just be a normal member.

“Since that’s the case, I won’t force you,” Liang Yuanji said. He looked at the other two nine-star martial Supremes in the field. There were only four nine-star martial Supremes in the entire field, including himself, and they were considered a relatively strong team.

One of the nine-stars martial Venerables was practicing some unknown cultivation technique. His entire face was pale green, as if he had been poisoned. He slowly opened his mouth and said, “Since elder Yan doesn’t want to do it, then I’ll do it.”

“I’m also very assured with the green-faced Mister taking on the role,” Liang Yuanji smiled.

Yunxiao felt a little dizzy. He did not know whether the man’s real name was green-faced, or he had just given himself a random name.

“Hmph, if elder Yan were to be the vice-captain, I, taishida, would naturally have no objections. But for the green-faced man to be the vice-captain, Hmph, Hmph, it’s really hard to listen to!”

The other nine-stars martial venerable immediately revealed a dissatisfied expression and said, “I think other than elder Yan, I’m the most suitable person for this position.”

The green-faced man’s face turned even paler, and a cold aura emanated from his body. He said in a cold voice, “Oh? Are your bones itching again, teshida?”

Liang Yuanji’s head started to hurt. He was afraid of teams like this, where everyone was on their own and did not have a United Spirit. This was also the greatest weakness of rogue cultivators. In terms of individual strength, rogue cultivators were generally stronger than sect disciples of the same cultivation level. However, in terms of unity, they were far from it.

Taishida stood up from his chair and pointed at the green-faced man, saying fiercely, “My bones are itching, so what? If you’re not convinced, then fight!”

The green-faced man jumped up from his chair and attacked without saying a word. He rolled up a green cloud in front of him and directly attacked.

shut up! Liang Yuanji's expression changed. all of you, quiet down! With a wave of his wide long sleeves, universe creator appeared in the hall. With a flash of black light, it swallowed the green cloud.

Liang Yuanji stared at the green-faced man and said coldly, this is the first and the last time. It's also the last time for all of you. If anyone dares to attack your own people, I won't say a word. I'll kill them immediately!

The green-faced man's face twitched. He snorted and sat back in his seat.

Taishida did not say a word, but the light in his eyes grew colder.

Liang Yuanji had a headache. How could he bring such a team out to face the enemy? he looked at elder Yan for help, but elder Yan pretended to be stupid. He smoked his pipe and looked up at the ceiling.

Liang Yuanji was helpless. He looked around and suddenly had an idea."I wonder if Lord Feiyang is interested in being the vice-captain?"

"What? He?"

Everyone was taken aback, mainly because Yunxiao looked too young, and these people were all uncultured. Even if he had the cultivation base of an eight-stars martial Supreme, it would be difficult for him to shock everyone.

Many people were snorting, obviously unconvinced.

The red-haired middle-aged man snorted a few times as if he was afraid that no one could hear him.

Yunxiao was also stunned for a moment. He did not expect Liang Yuanji to point at him directly. When three nine-stars martial Venerables were not up to the task, it was indeed the eight-stars 'turn. But there were four eight-stars martial Venerables in the hall, and the other three looked unconvinced at the moment.

“I’m young and inexperienced. Besides, my strength is limited. I’ll just be a member,” he said.

“Hmph, at least you know your place.”

The red-haired man was also an eight-stars martial Supreme. He sneered and the corners of his mouth curved up to his nose.

Liang Yuanji smiled and said, “ Lord Feiyang, you’re too humble. Even I can’t see through your true cultivation level. Then, it must be higher than what the sensor Mystic artifact detected. Furthermore, Lord Feiyang can predict the battle at the front line from the atmosphere of lieguang city. You’re also a very observant and thoughtful person. I think you’re the most suitable person.

Yunxiao immediately felt eighteen pairs of eyes staring at him, but he did not feel uncomfortable with his status. He only felt that he was being roasted on a fire rack by Liang Yuanji. “Even if I’m willing, many of my friends are not. This will only add to the team’s troubles.”

Liang Yuanji’s gaze sharpened slightly, but his smile remained on his face. “This will depend on Lord Feiyang’s ability to deal with trouble.”

Yunxiao met Liang Yuanji’s eyes and saw the desire in his eyes. His heart stirred, and he agreed. “Alright, I agree to be the vice-captain.”

“Hmph, we might not agree even if you do!”

The red-haired man finally flipped out on the spot and said coldly, “What right do you have to command us?”

Liang Yuanji’s expression turned cold as a wave of pressure pressed down on them. He shouted, “ do you want to make the same mistake a second time?!”

The red-haired man’s face turned pale under the pressure, and he hurriedly circulated his Qi to resist it.

a muffled explosion exploded in front of him, and he was forced to retreat. he said in horror, " "Lord Yuan Ji, please don't be angry. It's just that I'm not convinced by him! I'm also an eight-star martial Supreme, why is he the vice-captain and not me?"

Liang Yuanji replied coldly,"my decision is an order!" I've already made myself very clear just now, are you trying to overstep your boundaries?"

The red-haired man's heart jumped. He could already feel Liang Yuanji's killing intent. He didn't dare to say anything more, and his eyes were filled with hatred.

we will naturally listen to Lord Yuan Ji's words, but if he sends a young boy to order us around for no reason, it is really difficult to obey!

Another eight-stars martial Supreme walked out and stood beside the red-haired man.

Lord Yuan Ji, I have always respected you, but I have indeed made a ridiculous mistake this time.

Guan Xingyang's face was also solemn. He stood up and walked to the two to protest, " after all, fighting against the sea tribe is no joke. We have to be responsible for our own lives. We can't put our lives in the hands of people who we don't trust.

"Right! The three lords are right."

The crowd echoed his words one after another, all of them not optimistic about Yunxiao's chances, and it was even more unacceptable for them to follow his orders.

The green-faced man and teshida's faces were cold and full of ridicule. Elder Yan was still smoking his pipe and leaning lazily on the chair.

Liang Yuanji immediately felt a headache coming on. This was the difficulty of leading unaffiliated ancient martial art practitioners. They had to be convinced of everything before they would listen to him. However, this team had started to have internal strife before he had even brought them out. He

immediately lost his confidence. Such a small team would probably be destroyed the moment they entered the battlefield.

The red-haired man was overjoyed when he saw everyone supporting him. He stared coldly at Yunxiao and said, " kid, it's not that we're looking down on you, and it's not that we're not giving you a chance. The simplest way is to start a martial arts competition. If you can defeat any one of us, I'll be convinced that you'll be the vice-captain!

"That's right, I also agree!"

Guan Xingyang and the other eight-stars martial venerable nodded. They did not mean to make things difficult for Yunxiao, but it was a matter of great importance and could not be taken as a child's play.

Liang Yuanji's eyes immediately fell on Yunxiao. His lips moved slightly as he sent a voice transmission, " although Guan Xingyang's origin Power Pressure is more intense, his path is too fierce. I know this person's background. He's a genuine poor cultivator without any trump cards. It should be the easiest to choose him.

He gave Yunxiao an encouraging look, hoping that he would fight and suppress the situation.

Yunxiao smiled wryly in his heart, but his face was expressionless. He stood up from his seat with his hands behind his back and said indifferently, " the three of you can come at me together. I won't fight back within three moves each. After three moves, as long as you can block one of my attacks, I'll admit defeat.

"What?"

The crowd was shocked and stunned for a moment, then burst into laughter.

Everyone bent over with laughter, and some even burst into tears as they looked at Yunxiao sarcastically and swayed.

...

“Haha, what did he just say? Haha, I’m dying of laughter. He’s going to fight one against three without retaliating?”

“And after three moves, he only used one move to make the opponent admit defeat? Hahaha!”

why didn’t he say that he just glared at the three of them and they died? haha!

All kinds of ridicule came, but Yunxiao’s expression was indifferent, because this kind of thing could not be explained, and it was disdainful to explain. The result would soon be clear to everyone.

Liang Yuanji was also stunned for a moment. He shook his head and smiled bitterly. Only now did he feel that his decision was childish and ridiculous. No wonder everyone was against it.

Such a reckless young man who spoke without thinking was indeed too young. He could only blame himself for having a particularly good impression of him, which was why he had the idea of promoting him. But now, he had completely given up. He also looked at Yunxiao coldly, planning to see how he would end up.

On the other hand, elder Yan’s lazy look was replaced by a serious look as he stared at Yunxiao, as if he wanted to see through him.

The red-haired trio was so angry that they laughed, amused by Yunxiao. good, good, you really have guts. You want to let the three of us have three moves, right? then we’ll thank you!

He looked at the other two, who also shook their heads and sighed with a bitter smile. However, to cooperate with the red-haired man, they also said, “If that’s the case, then we’ll have to offend you.”

The three of them flickered and disappeared from where they were. In the next moment, they were next to Yunxiao and attacked at the same time.

With a fierce look in his eyes, the red-haired man clenched his fist and swooped down from the sky with a whistling sound. The other two lazily attacked Yunxiao from the front and back. Their plan was simple: to prevent Yunxiao from escaping, they would let the red-haired man teach him a lesson.

...

Yunxiao casually took out his right hand from behind him, took a step forward, and put it on the red-haired man's wrist.

"What?"

The red-haired man was taken aback. Before he could see Yunxiao's movements clearly, he found that his palm had been restrained, and the circulation of his primordial energy had been cut off at the spot where the palm hit.

A chill ran down his spine, and he realized that he had laughed at the wrong person!

Chapter 998-shocking everyone

Yunxiao's slap landed precisely on the red-haired man's acupuncture point. As if a surging River had suddenly been cut off, the water suddenly rose, and one of the red-haired man's arms was stretched out to become extremely thick.

Outsiders might have thought that it was some powerful palm technique, but the red-haired man knew exactly what it was. His eyes were filled with fear, and he felt as if his entire arm was about to explode.

At that moment, Yunxiao gently pulled, and the red-haired man's body shot toward the other two like a swordfish. At the same time, his blocked aperture suddenly loosened, and his primordial energy gushed out like a dam that had burst.

"Boom boom boom!"

Elemental energy exploded from the red-haired man's palm, causing the entire Hall to shake.

Guan Xingyang and the other eight-stars martial venerable were taken aback. They had just thrown out a casual palm attack to block Yunxiao's retreat, but they did not expect to be hit by the red-haired man's attack, which was beyond their ability. Shocked, they hurriedly increased the strength of their palm wind, but it was too late.

"Bang!"

The two of them were hit by the palm at the same time and were sent flying. They turned into two meteors and pierced through ju Yuan Xuan.

On the other hand, the red-haired man was safe and sound. He was still in the same posture as before, but cold sweat was dripping down his forehead, and he felt a chill in his heart. If Yunxiao had not opened his aperture just now, his entire arm would have exploded.

Now, he felt a chill run down his spine, and he did not even dare to move when he sensed Yunxiao behind him.

"What's going on?"

Everyone was shocked. From the looks of it, the red-haired man had accidentally injured his companion. However, they were all martial honors, and their control over their strength was already extremely fine. It was impossible for such a huge mistake to happen.

"Red fur, what are you doing!"

The eight-stars martial venerable in the distance rushed over, glaring at the red-haired man. He wanted to settle the score with him.

"Stop! It's this kid's doing!"

A ray of light rushed over and blocked in front of him. It was Guan Xingyang, who said coldly, "this kid's technique is extremely exquisite. He's using force to counter force."

“What?”

The eight-stars martial venerable was dumbfounded for a moment. He couldn't believe what he was seeing.

Not to mention the person involved, even everyone present felt that it was unreal. No matter how strong one's skill was, there was a limit. How could he have done it so easily and circled around three people of the same level?

The red-haired man's forehead was also covered in cold sweat. He was the most clear that it was not as simple as borrowing force to counter force.

“Good! It seems that I was wrong!”

break! Guan Xingyang shouted, and the entire Hall shook as if a meteorite had fallen in and exploded! He threw out a punch and then charged forward, leaving a long light trail behind him as he went straight for Yunxiao's forehead!

This kind of powerful large-scale attack could not be suppressed by a technique!

Everyone's heart was in their throats at this moment. Everyone had a contemptuous look on their faces earlier. Coupled with the dramatic scene, they all felt that they had not seen it clearly. At this moment, they all widened their eyes and stared at it.

Yunxiao's eyes narrowed as he gently pointed out a finger, which seemed slow but was actually fast, and directly touched the wind generated by Guan Xingyang's fist.

“?!”

Everyone sucked in a breath of cold air in shock. Such a fierce and domineering punch, even if a profound level weapon was used to block it, it would still shake by 30%. Wouldn't a finger directly explode?

Liang Yuanji was also shocked as if he had been electrocuted. His martial artist intuition told him that Guan Xingyang was in trouble!

There was no basis for this intuition, but he knew it must be accurate.

“Bang!”

Guan Xingyang suddenly felt that his fist had smashed into a boundless and vast space. It was as if his fist had hit an empty space, but the power of the fist wind was being absorbed limitlessly. His finger seemed to be a black hole!

“Shock!”

what?” frightened, Guan Xingyang hurriedly pulled back his fist without any resistance. He only took a few steps back in shock.

“How is it?”

The remaining eight-stars martial Supreme frowned and asked. Everyone had seen Guan Xingyang’s punch clearly, but no one knew what had happened when the last two moves collided. No spiritual pressure had spread out, and they only felt a faint fluctuation of origin power before Guan Xingyang stopped.

Guan Xingyang was shocked. He gave Yunxiao a horrified look and said in a deep voice, “ Lord Feiyang’s strength is astonishing. I’m convinced!

“Huala!

This caused an uproar among the crowd. Although they did not know what had happened, they knew that Guan Xingyang had suffered.

Other than shock, there was also joy in Liang Yuanji's eyes. His previous low spirits were swept away, and he became proud. It seemed that he had good judgment and did not misjudge someone.

Elder Yan also stopped smoking and looked at the scene with a serious face.

"Eh? Was it really that evil? I don't believe it!"

The remaining eight-stars martial Supreme frowned. He looked at red hair and Guan Xingyang, who had stopped talking, and snorted, "Unless I'm convinced!"

"Swish!"

The blade light cut through the air. The eight-stars martial venerable had learned his lesson from the previous two. Without making any physical contact with Yunxiao, he slashed down directly from the air.

Yunxiao did not retreat. He just stood there with no change in his expression.

He really didn't need to think much to deal with these people.

"BOOM!"

The saber beam hit him directly. To everyone's horror, the saber beam pierced through Yunxiao's body and directly tore off half of Juyuan Pavilion!

"What's this?"

Everyone was so shocked that they jumped to their feet. Yunxiao was standing still, which completely shocked everyone!

The four nine-stars martial Supremes, led by Liang Yuanji, were all horrified, and they could not see through Yunxiao's movements at all.

The eight-stars martial venerable was also stunned. He held a big ringed saber in his hand and stood there, not knowing what to do.

A cold look flashed across Yunxiao's face as he said, " three moves have passed. It's my turn. As long as the three of you can take this move of mine together, I'll give up the position of vice-captain to you!

...

As soon as these words came out, the three people's faces suddenly changed. The previous sneers and ridicule had long been swallowed into their stomachs, as if they were facing a great enemy!

The three of them raised their origin power to the peak and stood together, joining forces to resist the enemy.

Although it might seem a little exaggerated to outsiders, all three of them had exchanged a blow with Yunxiao and understood how terrifying he was. So, they did not dare to underestimate him!

Yunxiao raised his hand, and without any fancy moves, he slapped down like he was swatting a fly.

"BOOM!"

The space trembled, and the remaining half of the ju Yuan Xuan collapsed with a loud bang. The three extremely cautious people felt the entire space shatter, and their bodies were drawn into the energy storm, constantly being stirred.

The three of them struggled to hold on for a moment before their minds went blank and they completely lost consciousness.

To outsiders, the three of them were like fallen leaves in a storm, floating far away and disappearing from everyone's sight.

“Gulp!”

After a few breaths of silence, only the sound of swallowing with difficulty could be heard. Everyone was in the ruins, and the silence was terrifying.

Cold sweat broke out on Liang Yuanji’s forehead. It was at this moment that he realized how terrifying Yunxiao was. This man’s combat strength was definitely above his, and he was probably at least a Martial Emperor.

...

After his shock, he was even more elated. With such a person in their team, everyone’s safety would be even more guaranteed.

However, Liang Yuanji was still in a daze. He wiped his cold sweat and said, “Lord Feiyang, the three of them ...”

don’t worry, ” Yunxiao said. they’re just unconscious. They’ll be fine, provided that they’re treated in time.

Liang Yuanji was sweating profusely. He hurriedly ordered a few martial artists to go and treat them. The three of them were eight-star martial Supremes and were definitely the main force.

who else has any objections to me being the vice-captain? ” Yunxiao asked.

No one made a sound. As his gaze swept across them, they hurriedly lowered their heads, not daring to make direct contact with him. In particular, the martial artists who had laughed loudly earlier were even more apprehensive, afraid that they would be retaliated against.

haha, Lord Feiyang’s strength is shocking. He is worthy of being the vice-captain!

Liang Yuanji was very pleased with himself, secretly praising his own judgment.

Elder Yan seemed to have just come back to his senses. He took out his pipe and took a few puffs, "it's not just shocking. It's beyond our imagination. I'm afraid that even a martial sovereign of the nine Heavens is no better than this.

Liang Yuanji was overjoyed, "with Lord Feiyang here, our team's strength will far exceed the other teams. It'll be much safer." The gathering Yuan Pavilion has been destroyed, so let's all gather here today. As three people are injured, we'll discuss splitting them up in a few days."

When everyone heard that, their depressed mood was immediately lifted. The stronger the leader was, the better it would be. Everyone gave Yunxiao a friendly look before they left one after another.

Yunxiao beckoned to Liang Yuanji, then went straight back to his residence.

He took out the bell that Baosheng had left behind and lightly shook it a few times.

A moment later, a beam of light flew into the courtyard. It was Baosheng, who was still wearing the same light yellow gauze robe. When she saw Yunxiao, she quickly bowed and said, "I've made Lord Feiyang wait for a long time."

let me ask you," Yunxiao said. who is that Liang Yuanji? "

Baosheng was stunned for a moment, then smiled and said, "My Lord, you must have met with Lord Yuan Ji. He is an expert from the Jade drop sect of the Eastern Region and has been arranged to lead the team. It is said that the group led by Lord Yuan Ji is the strongest among all the itinerant cultivators."

"Oh, I see."

the atmosphere in blazing light City seems to be much more tense than before," Yunxiao said. is it because of the war in the front? "

A look of surprise flashed across Baosheng's face. He hesitated for a moment before saying, "The sea Race has indeed launched quite a large attack in this period of time. The experts of my race have retreated another thirty-some kilometers."

Her depressed expression was swept away, and she squinted her eyes and smiled. don't worry, my Lord. Haitian town is tens of thousands of miles away from here. With thirty miles as a line of defense, we won't be able to reach lie Guang city even in hundreds of years.

Yunxiao sweated in his heart. This girl knew nothing at all, and how could the situation of the battle be measured in this way? he was afraid that once the war at the front line collapsed, the sea tribe Army would come ashore in large numbers and sweep across more than half of the cities in the Eastern Region.

Chapter 999

999 Heading to the front line

is there any other news? " Yunxiao asked. what else? "

Baosheng thought for a while, shook his head, and suddenly added, "my lord, the small team led by lord yuan ji might be transferred to the front line soon. The teams that you formed before you came have all gone, so it might be your turn next."

Yunxiao's face was expressionless. He had basically expected all this, and he also wanted to go to the front line as soon as possible to see what was going on.

After sending Baosheng away, he did not have the mood to cultivate in the short period of time left. Instead, he began to focus on refining those profound level weapons.

Especially the devil Sky armor, which required a large amount of devil Qi to activate its power. Now that he could turn Emperor Qi into devil Qi at will, he had the capital to truly control the devil Sky armor.

Each of the profound level weapons that he had obtained from Mount Meru had a great origin and infinite power. As his strength gradually increased, these profound level weapons also began to display their power one by one.

Seven days later, a crisp Bell rang in the training room.

The pendant behind the door was not only flashing with purple light, but it was also shaking violently. It was an emergency call.

Yunxiao immediately rose to his feet and arrived at the city Lord's mansion in a few breaths. With a sweep of his divine sense, he found Liang Yuanji and flew down.

Liang Yuanji welcomed him with joy and said, "Lord Feiyang is number one!" Yunxiao's strength had already attracted his greatest attention.

"Are you going to the front line?" Yunxiao asked.

The smile on Liang Yuanji's face turned serious as he nodded. "That's right. This time, a total of thirty teams were sent at the same time. There are three first-class teams and they are all local sects. The bi Luo sect that I'm in is one of them. There are a total of nine second-level teams, five of which are made up of individual cultivators like us, and each team is made up of twenty people. The other four teams are all local sects and forces of the Eastern Region, no matter how many people there are, they form their own teams. The remaining twenty teams are made up of rank 3 and 4 existences."

Yunxiao immediately understood that the division of ranks was based on cultivation base. Since their team was divided into two levels, the first level naturally belonged to martial sovereigns. "Such a large group, how many people are there in total?"

"Nine hundred and thirty-three people. Our team's name is Warblade," Liang Yuanji said with a bitter smile.

Yunxiao's face darkened as he said, "teleporting so many people at once, could it be that there's a sudden change in the battle?"

Liang Yuanji's expression was equally ugly as he said, half a month ago, the sea Race launched a surprise attack and destroyed the teleportation formation that they had set up temporarily. Now, they have just finished setting up the teleportation formation and are urgently asking for help. Therefore, Lord Wen

bojun is prepared to send over half of the strength that the entire blazing light City has accumulated. I'm afraid that there will be a hard battle once we get there.

As the two of them were talking, the members of the team soon arrived.

The three eight-stars martial Venerables were among them, but they avoided Yunxiao's eyes, not daring to look him in the eye.

Liang Yuanji frowned. it's a critical moment now. Everyone, let go of any grudges you have. When you're at the front line, only orders are given!

The remaining 18 people had been divided into six groups according to their own situation. At the same time, a group leader had been selected. The group leaders would take care of each other. The group leaders would be the six eight and nine-star martial Supremes.

The entire square was filled with people, and all sorts of noises could be heard. The sect disciples were all laughing together, while most of the Rogue cultivators were standing alone, looking around.

With a sweep of his divine sense, Yunxiao knew everyone's situation and cultivation base. The three first-class teams at the front were the most conspicuous. They were the blue sky sect, where Liang Yuanji was from, as well as the ninth Moon Mountain and the ulti-mystery sect. The people in them ranged from martial emperors to martial emperors, and they were all from the entire sect.

"Everyone, be quiet!"

Suddenly, a voice came from the sky, and a five-colored light appeared in the sky, slowly landing on the general's platform next to the city Lord's mansion. Wen bojun's figure was revealed, he was full of spirit and had an imposing appearance, with the style of a Grandmaster.

As soon as he appeared, the entire square fell silent, and everyone's eyes focused on him.

Wen bojun said, " everyone, I won't say much about the current situation. I won't say any hypocritical words either. Those demon beasts in the sea bullied us once decades ago. They think we are easy to

bully. I don't care about the attitude of the Holy region or the other three regions. I only know that in the Eastern Region, if any sea beast dares to climb up without permission, I will completely smash it into a pulp!"

"He'll be smashed into meat paste!"

Dozens of people shouted at the same time. They were the team leaders, including Liang Yuanji.

"He'll be smashed into meat paste!"

"Let those low-level things get back to the ocean!"

"....."

Immediately, the entire square was filled with shouts. Everyone's blood was surging. Moreover, the more people there were, the more daring they would be. Looking at the densely packed people, everyone had a feeling of certain victory in their hearts.

Wen bojun smiled and gestured for her to be quiet, " "We'll let the sea tribe see our true strength, and let the Holy region, who didn't dare to fight us in the past, see our strength. We'll leave everything to you!"

He bowed deeply and paid his respects.

Everyone's blood started to burn as they cheered wildly, feeling as if they had already won.

But, there were also many calm Warriors, such as Yunxiao and elder Yan. The former looked calm and unruffled, while the latter was smoking his pipe with a contemptuous smile on his face.

Elder Yan looked at Yunxiao with interest and said with a smile, " "Lord Feiyang's heart is very firm."

not as good as you, elder Yan, ” Yunxiao said with a smile. I’m not as good as you.

Elder Yan shook his head and said seriously, ”I’m still far from Lord soaring.” Lord Feiyang is truly wise and courageous, while I’m just a coward who has become more timid as I get older in the martial world.”

With that, he picked up his pipe and began to smoke again while observing Yunxiao’s expression. To his disappointment, Yunxiao showed no expression.

They quickly gathered and began a large-scale teleportation. Only 20 people could go at a time, and the number of people in a small team was also determined by the maximum number of people in the teleportation array.

On the platform, Wen bojun was smiling as he looked at the people below swarming toward the teleportation area like a long snake.

A man behind him looked down with a serious expression and said softly, ” I hope this can alleviate the crisis at the front line. The man’s face was revealed. He was delicate and young, but his eyes were shining with wisdom. He was Tang Qing’s son, Tang Xin.

Wen bojun’s smile didn’t falter as he replied, ” “Difficult!”

“Oh? Why do you say that, vice sect master?”

Tang Xin was surprised and asked in confusion, ” there are nearly 1000 people here. The entire Eastern Region has been mobilized.

Wen bojun said in a soft voice, ” the war is still in its initial stage. The sea Race has only sent some low-level clans to attack. We are also organizing these scattered soldiers. The true strength of the two races has not been shown yet. It is difficult to judge who is stronger and who is weaker.

Tang Xin frowned. what should the next stage be? ”

Wen bojun said, " all the Royal forces of the East Sea have been revealed. By then, your father will definitely lead the entire Eastern Region to fight against them. If this situation escalates further, the four Seas will join forces and the world will be in chaos!

Tang Xin's face turned serious and said, " according to what the Vice sect master said, this war will never end unless the sea tribe retreats. But their request is too outrageous. They want to find a human girl. We've cast various spells, but there's no such person in Haitian town!

Wen bojun smiled bitterly. the sea Race has mobilized so many people to attack. I think that girl is real. But she must have left the Eastern Region.

Tang Xin's face showed a strange expression and said coldly, " Hmph! According to all the clues, it must have been li Yunxiao who took it away!

Wen bojun shook his head and said, " I don't think so. We've checked Yunxiao's tracks before he entered the world. He has no one with him. Moreover, when he confronted the sea tribe in Haitian town that day, it was very likely that he had deceived them in exchange for a moment of peace. The possibility of the girl getting lost was very high. Since she was able to escape from the hands of the sea tribe, she naturally won't be easily captured."

...

in any case, li Yunxiao is involved in this situation, " Tang Xin said. if he had reported the situation in Haitian town in time when the incident happened, we could have prepared earlier and not been defeated again and again!

Wen bojun nodded and said, " of course we have to capture li Yunxiao. Unfortunately, we didn't know that he was involved in this matter at that time, so we transferred Fu Yichun and the five Hall Masters back, wasting the opportunity in Fengling city. It's too late to regret now, so we can only find a way to deal with the immediate crisis. But these sea tribe people are too stubborn, and they insist on finding the girl. It's really a headache!

He shook his head repeatedly, his face full of distress.

“Hmph, then let’s beat them until they get the hell back!”

Tang Xin’s face flashed with arrogance and said coldly, “ they really think that we humans are easy to bully. This is the best time for father to take over. I must teach these sea beasts a lesson!

Wen bojun only smiled bitterly and didn’t say anything.

A large number of experts were teleported away one by one, and soon it was Yunxiao’s battle blade team’s turn.

The 20 of them stood on the teleportation array. A beam of light lit up and they quickly entered the space tunnel. Their surroundings were pitch black.

In just a few breaths ‘time, he saw a ray of light appear on the ground.

After the 20 of them stood still, they immediately began to observe the scene in front of them. The huge city was extremely simple and crude, with only some solid metal walls. The city was almost empty, but it was spacious enough.

Liang Yuanji started to contact one of the people in charge and exchanged communication jade pendants. The person in charge simply said, “ “The city is created by an array artifact, so it’s very simple. You can find a place in the city to stay and cultivate in peace while waiting for the orders from the higher-ups.”

...

Yunxiao looked around and saw that the entire city was divided into two halves, and the newcomers they had teleported here occupied a small part of the city. In the other half of the area, many cultivators were cultivating in groups. There were also many people flying here and there, busily.

Chapter 1000-giant city

Liang Yuanji said to everyone, “ let’s go and find an empty space to cultivate. It’s strictly forbidden to attack anyone here. No matter the reason, kill anyone who violates the rules.

With a sweep of his divine sense, Yunxiao immediately understood the structure of the entire city.

The giant city in front of him was made up of seven pieces of unsealed profound level weapons. It should be a complete set of architectural type profound level weapons. After they were unsealed, they were ingeniously combined together to form such a huge city. He did not know which force had provided it. It was extremely rare.

The city walls were gray in color, but they were made of several strong seventh-grade materials. Every hundred meters, there was a martial Supreme guarding them, like an iron bucket.

The main city's Pavilion was designed to have three floors. Two horns protruded from the top, like the head of a beast, and it was very magnificent. The entire place was silver and white, and there were even flashes of light on it. Patterns appeared from time to time, and it was obvious that there was a very powerful restriction inside.

The level one teams, including the Jade drop sect, were invited into the main city's Pavilion. There were no martial Supremes in the entire open space of the square.

Under Liang Yuanji's lead, everyone randomly found a corner to settle down. Liang Yuanji said, "I'll have to trouble Lord Feiyang for the time being. I'll go to the city to handle some procedures."

"Don't worry," Yunxiao nodded.

Only then did Liang Yuanji go to the mansion with a peace of mind. Yunxiao's strength had been recognized by everyone, and he could basically suppress these people.

This was the first time everyone had seen such a huge assembly type profound level weapon. They all revealed looks of surprise and curiosity, as well as some excitement.

"I think even if we let the martial artists attack this city, they won't be able to break through in a short time." Elder Yan was also amazed.

Yunxiao, on the other hand, looked calm. The value of this set of Mystic artifacts was so high that it was difficult to estimate. If even such a precious thing was used, it was obvious that the war was not going well.

He said calmly, " you mean one or dozens of Warriors. It is indeed difficult to exert their power in this giant city's combined profound level weapon. However, if it faces tens of thousands or even hundreds of thousands of sea tribe experts or martial sovereigns above nine-stars, this city will be destroyed as easily as rotten wood.

Teshida laughed and said, " ha, Lord Feiyang, don't scare us. There are more than 100000 members of the sea tribe and a nine-star martial sovereign. How are we going to fight them? we should just surrender.

I don't think there are any nine-stars martial sovereigns, " Yunxiao said. if they do appear, it will be an extremely high level. The East Sea must be preparing to go to war with the humans, but it is very likely that there are hundreds of thousands of sea clans.

The entire East Sea was boundless, much wider than the heavenly martial continent. Even the royal families of the four Seas couldn't cover all of them. There were even more terrifying existences hidden in the East Sea.

Everyone revealed looks of disbelief. In their opinion, it was normal for hundreds of thousands of ordinary people to fight, but it was hard to imagine that there were so many cultivators in a chaotic battle.

There were also many martial artists around the square who had set up stalls to sell their goods. In any case, most people were idle and had nothing to do. In this kind of messy place, very few people could sit still, which added a lot of liveliness.

Yunxiao looked around, trying to ask about the situation of the battle.

"Thump!"

All of a sudden, the entire city trembled as the sound of drums reverberated through the sky!

Everyone's expression changed drastically as they looked up in shock. The voice came from above the city. A beam of green light spread out in the sky, covering a radius of several thousand meters. It was extremely beautiful and shocking.

The entire square quieted down in an instant, and many people revealed terrified expressions.

The members of the battle blade team became nervous and held their breaths.

After a while, there was no other reaction. Elder Yan said, "Is this a signal to gather for battle?"

Yunxiao frowned as well, not knowing what was going on.

Suddenly, a mocking voice came from the side and snorted, "Hehe, are you all new here?"

Everyone turned their heads and saw a man leaning against the city wall. He looked like a ruffian, but he also had the cultivation of an eight-stars martial venerable. He was looking at them with a mocking expression.

"Hmph, so what if he's new? Do you have an opinion?"

The green-faced man snorted coldly with an unhappy expression when he saw the other party's cultivation.

"Hehe, it's nothing."

The eight-stars martial venerable laughed and said, "That drum sound just now was just a warning. It represents the presence of an enemy, but that's all there is. If it rang again, it would mean that there was danger, and he had to be prepared. Three chimes means the enemy has begun their attack, and we must be ready to fight at any time."

So that's the case. Everyone finally understood, and their hearts were at ease.

Although everyone was full of confidence, they were still a little nervous about the real battle. Moreover, it was their first time fighting against a foreign race.

Yunxiao nodded at the man and asked, "How long has this friend been at the front line? Do you know the current situation of the war?"

A cold look flashed across the man's face as he laughed in a carefree manner, "Not too long ago, it's only been two months."

that's quite early," Yunxiao said. can you tell us about the war in detail? "

Everyone perked up their ears and gathered around, all very interested.

"Of course you can!"

The man was very straightforward. He stretched out his hand and asked, "100000 best-grade spirit stones, and I'll tell you everything you want to know."

"Tsk, you're so poor that you've gone crazy!"

The red-haired man flicked his sleeves and said with a mocking expression, "You can ask any old man about these things. 100000 high quality spirit stones? Do you think we're idiots?"

The other people also looked at him with disdain.

That person still had a ruffian look on his face as he mumbled, "Whatever. 100000 best-grade spirit stones is on the account that we are all individual cultivators. Otherwise, don't come to me if you don't have 1000000 best-grade spirit stones."

"Shua shua!"

More than a dozen people raised their middle fingers one after another, each of them with a look of ridicule and disdain.

The man didn't say anything and just looked at the crowd coldly, his eyes full of mockery and pity.

Yunxiao was silent for a moment, then threw out a bag of primordial stones and said, "100000 Supreme-grade primordial stones, check it."

"Lord Feiyang!"

Everyone was taken aback, wondering why Yunxiao would let this man off so easily.

The man was obviously stunned for a moment, but he immediately picked up the storage bag with great joy. After scanning it with his divine sense, he put it away and said with a smile, "Not bad, you know how to conduct yourself and have your own ideas. I'm Chen Zhongwei, and I'm willing to be your friend."

Yunxiao was not interested in being friends with him, so he just asked calmly, "Which batch of soldiers did you come to the front line? How many people were there? How many people are left?"

Chen Zhongwei's body trembled when he heard the question. His eyes were filled with fear.

...

After a while, he calmed down a little and put away his frivolous attitude. "At that time, the entire teleportation was smooth. I can't say which batch it was, but it was definitely one of the closer ones. When the sea Race first invaded, I was already here before Haitian town fell. At the beginning of the battle in Haitian town, we had about seven hundred people. When the battle started, more and more powerful people were sent over. There were no less than three thousand people in total, and only about three hundred survived."

"What? Three hundred left from three thousand?"

The green-faced man couldn't help but shout. Everyone's expression changed drastically. It was obvious that they couldn't accept this result. Each and every one of them had a look of disbelief on their faces.

"How's the cultivation level of these 3000 people?" the red-haired man asked with a livid face.

"There are at least 500 martial honors and above. They are as strong as the ones in the city." Chen Zhongwei grinned.

At this moment, everyone was silent, and their expressions were extremely ugly.

the remaining 300 people either died or went missing in the following battles. I'm afraid there are less than 30 people left in the city. Chen Zhongwei continued.

"?!"

When everyone heard these words, they felt as if they had fallen into an ice cavern. They could not feel the slightest warmth under the blazing sun in the sky, and they all felt as if their blood vessels were about to freeze.

A faint sense of fear spread among the dozen people, and everyone saw the panic among themselves.

Chen Zhongwei laughed and said proudly, "You'll know how terrifying the sea Race is after you understand it for yourself. Right now, the number of martial artists in this huge city has been replenished to more than a thousand. I don't know how many will be left after the next wave of attacks."

...

Elder Yan took a few heavy puffs from his pipe and exhaled mist, "Everyone, don't be too pessimistic. The current situation should be much better than before. If it's really so terrifying, how did these people last until now? This kid is obviously exaggerating to scare us!"

Everyone thought that it made sense, and they all stared at the man with cold anger. However, the fresh excitement they had when they first arrived in the giant city had completely disappeared.

don't be too nervous," Yunxiao said. and don't let your guard down. Compared to the start of the battle, they were more prepared now because they knew the details of the sea tribe. Secondly, the Battlefield on land had been stretched out, and the sea Race was at an increasingly disadvantageous position. Third, the defense of this giant city is far above Haitian town, and it has the power to defend against ten thousand men."

Chen Zhongwei gave Yunxiao a surprised look. He was surprised that this young man had such extraordinary knowledge."You're the captain?"

we're the battle blade team," Yunxiao said. I'm the vice-captain. What methods did the sea Race use to attack the city? Such a great loss?"

Chen Zhongwei suddenly became silent as if he was recalling something. His eyes were filled with fear.

Yunxiao frowned slightly. It seemed that the man had indeed been provoked. He stepped forward and patted him on the shoulder as he said indifferently, " don't be afraid. We're in the city. It's 100% safe.

Chen Zhongwei's trembling body stopped at the slap, and a warm and safe feeling spread in his heart. He looked up and saw Yunxiao's handsome face and bright eyes.

He couldn't help but be startled. This person gave him an extremely reliable and safe feeling. The fear in his heart was dispelled at this moment.

"Starfish, a large number of terrifying starfish! I've never seen so many terrifying starfish in my life. They covered the sky and the earth, and the whole Haitian town was submerged. Those starfish are all man-eating!"

With mixed feelings, he continued to ask for monthly votes. He still had two days, but it had fallen to sixth place.
