

## The Fake 101

### Chapter 101: When Shi Xi Did Not Come, He Even Thought of Not Holding This Banquet

Leng Qiankun took a deep breath and pretended not to hear Tao Yuxuan's advice.

If Tao Yuxuan had not suggested setting off the fireworks, why would he personally set it up and get caught?

Speaking of the source, wasn't it Tao Yuxuan's fault?

Forget it, since Shi Xi liked it, he did not mind.

"The cruise ship will set sail next week. There will be a banquet on the cruise ship." Leng Qiankun looked at Shi Xi. "These are the invitations."

Although he had three invitations, he only looked at Shi Xi.

"I don't have time. I have a program recording this Friday. I'll probably be busy for a while." Shi Xi picked up an invitation and said, "I'll get Shi Xu to attend."

Anyway, he just wanted more people!

Leng Qiankun instantly lost the mood.

If Shi Xi didn't come, he even thought of not holding the banquet.

Tao Yuxuan looked at the invitation card and asked, "Is this the cruise ship you bought from abroad? It's quite a lot of money, right?"

Leng Qiankun said weakly, "Yes."

Ning Yu also took an invitation card. She didn't say whether she would go or not.

.....

However, since she was willing to accept the invitation card, it meant that there was a high probability that she would go.

Seeing her actions, the corners of Leng Qiankun's mouth curled up, and his eyes were cold.

Heh, even if Shi Xi did not go, he would still teach this Ning Yu a good lesson!

"I heard that this cruise ship was custom-made by you from the Royal Caribbean. It can't be similar to those ordinary cruise ships, right?" Tao Yuxuan asked excitedly. She had always been very interested in eating, drinking, and having fun.

"It won't be worse than the Voyager," Leng Qiankun said. "You'll know when the time comes."

Tao Yuxuan shook Shi Xi's arm. "What program are you participating in? Come on this cruise ship with me!"

Shi Xi: "The cruise ship doesn't know how to run. I can go anytime. If I don't participate in the program, I'll miss this opportunity!"

Tao Yuxuan: "..."

The few of them sat at the Leng Residence for a while before leaving.

However, everyone was heading in different directions. Shi Xi was going to the dance studio, while Tao Yuxuan was going home.

Meanwhile, Ning Yu got into Cheng Yue's car and listened to the movements of the Leng Residence.

It was a bug that she had secretly planted when she was at Leng Qiankun's residence.

However, the sound came intermittently.

"The cruise ship will be buzzing next week."

"Don't worry, the trade is done."

There was a lot of noise behind them, and they couldn't listen to it anymore.

"The Leng family has anti-eavesdropping equipment." Cheng Yue adjusted it a few times and pursed her lips. "It seems that we can't get any information from Leng Qiankun."

"See you on the cruise next week. Trade." Ning Yu looked at the invitation in her hand and said, "Will they trade at the banquet?"

Cheng Yue was surprised. "There are so many people. How dare they?"

Ning Yu's eyes were cold. "It's dark under the lights. The more people there are, the more advantageous it will be for them to trade. Besides, the cruise ship sets off from the seaside. If it enters international waters, it won't be regulated."

Cheng Yue said, "I'll get someone to prepare it now. When the time comes, we'll sneak into the banquet."

"Okay." Ning Yu put away the invitation, leaned back in her chair, and closed her eyes.

..

In the dance studio.

Shi Xi had just entered the dance studio when the dance teacher chuckled and said, "Happy birthday, Shi Xi."

"Thank you." Shi Xi's eyes curved as she asked curiously, "Teacher, how did you know my birthday?"

Even though it was her birthday yesterday, how did her teacher know?

"You're already on the trending searches. Of course I know." The dance teacher threw an apple over and said, "Forget about the cake, I'll give you an apple."

Shi Xi took the apple and said, "Thanks."

As usual, Shi Xi followed the dance teacher to practice.

She remembered her movements quickly and could learn an average dance every day. After these few days of training, her physical strength was much better than before.

At least it wasn't like the first day, where she couldn't get up after practicing.

Now, she could at least sit.

## **Chapter 102: We Won't Be Participating In the Same Program**

'I'll sit and eat an apple while watching Pei Jie dance.'

Pei Jie would come half an hour early every day. When Shi Xi was resting, she would watch Pei Jie dance for a while.

She had heard of Pei Jie's name from her dance teacher many times, and she had also searched for him in private.

Pei Jie was a member of a male band in a small company. However, the small company did not have many resources and kept recruiting people to sign contracts. They would then waste their time to earn their termination fees.

The small company did not even have a proper dance class. Pei Jie would work to earn money before coming back to learn dance.

The dance teacher praised Pei Jie endlessly.

Shi Xi chewed on an apple as she watched Pei Jie's movements. She thought to herself that he was just so-so.

It was just that the dance was a little smoother, the movements were a little better, and the control was a little stronger.

How could he compare to her?

Shi Xi took another bite of the apple hatefully.

"Oh right, Shi Xi, can you help Pei Jie take a look at this dance?" The dance teacher stopped moving and said with a smile, "Pei Jie has an interview to attend. See if there's anything else he needs to improve on this dance."

"There's no need."

"There's no need."

.....

The two of them spoke at the same time.

The dance teacher looked at the two of them.

Pei Jie pursed his lips and turned his head away from Shi Xi.

Shi Xi smiled faintly and said, "I've seen it just now. It's very good. There's no need to improve it."

The dance teacher said, "Haha, Pei Jie and I are both men. We just want you to help us see if there's anything greasy in the dance moves. After all, boys and girls have different perceptions of each other."

In the past, there were often moves where the crotch was pushed up against the floor. They thought it was s\*xxy, but the female fans were shouting about how greasy it was.

Shi Xi coughed and praised, "It's not greasy. It's very handsome!"

Hearing Shi Xi's praise, Pei Jie looked at her and said in a muffled voice, "Thank you."

Seeing that the atmosphere between the two of them had improved, the dance teacher said, "Both of you are going to participate in the show. You might have to interact with each other in the entertainment industry in the future. Why don't you add her on WeChat? It'll be easier to contact her in the future."

"There's no need for that. She and I won't be participating in the same show," Pei Jie said first.

Ever since Shi Xi arrived, she had never been treated with such disdain. Her eyes were smiling. "I don't think we'll be participating in the same show either."

She was going to participate in [Star Idol]. They were all girls. How could she possibly meet Pei Jie?

Unless Pei Jie became a dance teacher?

However, with his unknown fame, he wasn't qualified to be a dance instructor.

Pei Jie looked at the smile on Shi Xi's face and said, "Teacher, let's continue practicing."

Shi Xi stood up and smiled politely. There wasn't a single mistake in her smile. "Thank you for the apple, Teacher. I've already rested well. See you next time."

"Alright, see you next time." The dance instructor watched Shi Xi leave. He turned around to look at the disappointing Pei Jie and felt even angrier.

"You brat, I've already helped you set the stage, but you don't even know how to cherish it!" the dance teacher said in frustration. "Having more friends means more opportunities. Shi Xi is so famous. So why don't you practice dancing with her and be friends with her?"

Pei Jie said plainly, "She's very popular, so she doesn't need a friend like me."

The dance teacher was exasperated. "Shi Xi has a good personality and is talented, and her personality isn't as bad as what the Internet says. Yesterday was her birthday, and you were in the same dance studio as her. What's wrong with saying happy birthday?"

"Even if you don't want to be friends with her, you don't have to make her angry, right? Can't you change your personality?"

Pei Jie didn't say anything. He lowered his eyes, and the strands of hair on his forehead hid the emotions in his eyes.

## Chapter 103: Billion Points of Interest

“Eh, I didn’t mean to criticize you.” The dance teacher sighed when he saw Pei Jie’s expression. “Continue practicing your dance.”

“I didn’t want to make her angry.” Pei Jie pursed his lips and said, “The next time I see her, I will apologize to her.”

The dance teacher said, “She won’t be coming.”

Pei Jie was surprised.

“Her classes are over,” the dance teacher said. “How about I push her WeChat to you and you tell her?”

Pei Jie clenched his fists and shook his head. “No need. I don’t think she wants to add me either.”

“Is that because she doesn’t want to add you? You’re the one who said that you don’t want to add her first!” The dance teacher got even angrier as he spoke. “There are so many people who want to be friends with Shi Xi, but they can’t get close to her. You don’t even take the chance when you have the chance!”

Pei Jie pursed his lips. “Isn’t this avoiding suspicion?”

“Forget it, forget it. Let’s continue practicing.” The dance teacher was afraid that if he continued, he would be angered to death by Pei Jie.

He deserved to not be popular!

He thought about how cute Shi Xi’s smiling face was.

He deserved to see Shi Xi gain 8 million fans overnight!

Then, he saw Pei Jie practicing his dance expressionlessly.

.....

He deserved it!!!

Shi Xi had signed up for a total of ten classes. After today, she was going to prepare to record [Star Idol].

She only told Tao Yuxuan that she was going to record the program, not [Star Idol]. She was afraid that Tao Yuxuan would be reluctant to part with her and hold a farewell party for her.

Shi Xi finally figured out the pattern.

As long as it was a banquet, something would definitely happen.

After filling in her request to go to Haicheng University, Shi Xi was happy that she would stay away from the plot for the next four years.

However, when she saw that her recording location was in Yanjing, she was immediately upset.

“Only [Star Idol] was recorded in Yanjing. Most of the other variety shows are recorded in Haicheng,” Han Chuan said. “I’ll help you with the script in the future, and I’ll try my best to help you with the filming location in Feng City.”

“It’s okay, I’m not picky.” Shi Xi sighed. Seeing that there was still time, she said, “I’ll go dye my hair.”

There were more than a hundred girls, and she wanted to stand out from the rest by relying on her hair color!

“What color?” Han Chuan frowned slightly.

“Pink.” This was the color that Shi Xi had wanted to dye for a long time.

Han Chuan was silent for a moment. He did not say anything good or bad. “Aren’t the daughters of famous families very strict?” How could they dye their hair casually?

“I’m not going to a bar or nightclub. I’m just dying my hair,” Shi Xi said weakly.

That was true.

While there was still time, Shi Xi went to her previous shop again to dye her hair pink.

Tony knew that Shi Xi was popular now, so he put more effort into her and said, “Do you want to dye it? The top is pink, and the bottom gradually turns blue-purple. Or from the top to the bottom, layer by layer, it looks especially good.”

Shi Xi looked at the picture that Tony gave her and thought that it was even more three-dimensional than two-dimensional.

But it was indeed garish and very beautiful!

Shi Xi was a little tempted.

“Next time. Dye it pink first this time.” Shi Xi was firm in her initial stance.

Tony had no choice but to dye Shi Xi’s hair pink.

Shi Xi’s hair was originally curly. After dyeing it pink, her long curly pink hair scattered, reflecting her snow-white complexion.

“Not bad.” Shi Xi handed the card to Tony and said, “Pay the bill.”

She had charged quite a lot of money last time.

Tony smiled and said, “You have brought a lot of business to our shop. This time, we won’t charge you.”

“Next time, if you have highlights or gradual changes, come to me and I won’t charge you!”

The last time Shi Xi came to their shop to dye her green hair, it directly led to the sales in their shop doubling that month.

Looking at the results of Shi Xi’s hair dyeing this time, it was estimated that this month’s sales would also double.

Tony thought, 'Beautiful is good. They can pull off any color.'

But few people dared to try pink or green!

#### **Chapter 104: A Man's Words. She Didn't Believe a Single Bit**

Shi Xi looked at her card and said regretfully, "Then I can't use the money I have here?"

The smile on Tony's face froze.

He had never expected Shi Xi to say such a thing.

"Can I use it?" Shi Xi asked again.

Tony: "...When you're done, you can use this card to continue spending."

Shi Xi looked at Tony.

Tony thought to himself, 'You're the one who forced me to tell the truth.'

"Alright, looks like this card of mine is useless," Shi Xi muttered to herself and kept the card. She was thinking of giving it to Tao Yuxuan so that it could display its final value.

How could that be possible?

She would be so famous that the universe would explode.

Hehe.

After dying her hair and coming out, Shi Xi prepared to take a taxi home.

It was time to pack up and go to Yanjing.

.....

Just as she was waiting for an online ride, a skinny and shifty-eyed man came forward and quietly took an item. He said in a low voice, "Sister, I have a good item! The original price is 188,000 for the pink diamond bracelet. I'll sell it to you today at 180!"

Shi Xi turned her head and saw this familiar person.

Back then, she had forgotten to bargain and spent 18 yuan to buy a large magnet from this person!

"You're here to cheat me again?" Shi Xi thought of how her magnet had sucked on Mother Sheng's bracelet and her face turned ugly.

"How can you call this a scam when you're willing to buy it?" The skinny man was anxious. He sized Shi Xi up and recognized her. "You're the girl who bought my magnet last time!"

Shi Xi's looks were too outstanding. Moreover, Shi Xi's green hair had left a deep impression on people last time. They wouldn't be able to forget it even if they wanted to.

Shi Xi gritted her teeth. "Last time, you said that it was a good item that was found in Emperor Qin's tomb."

The skinny man said seriously, "I didn't earn any money from you last time. That iron ring was sold for 20 yuan!"

Shi Xi: "..."

She didn't believe a single punctuation mark of the man's words!

"Look at this pink diamond bracelet. It came in from abroad! The market price is 188,000 yuan. We can be considered fated. 180,000. Forget it, I'll sell it to you for 100 yuan." The skinny man sounded like he was making friends.

Shi Xi looked at the bracelet on his hand.

It was wrapped in a cheap transparent plastic bag. On the silver bracelet was a string of sparkling pink water diamonds. One could tell at a glance that it was fake.

However, it was pretty good-looking.

Shi Xi took a look and asked, "Are you selling it for 10 yuan?"

The skinny man looked conflicted. "At least 20 yuan!"

"15 yuan."

"This is the QR code." The skinny man took out a QR code.

Shi Xi: "..."

Even though he had bargained back and forth, it still seemed expensive?

After paying, the skinny man stuffed the item into Shi Xi's hands and said, "Your car seems to have arrived."

Shi Xi turned around and saw that the taxi had indeed come, so she got into the car first.

After getting into the car, Shi Xi took out the bracelet that he had spent a huge sum of 15 yuan on.

Just as she was about to open the bag and put it on, Shi Xi saw that there was a label on the bag.

[Pink diamond bracelet, 10 yuan]

There was even a small line of words at the bottom: Yiwu Product.

Shi Xi: "..."

Did she dye her hair and have her IQ drop as a result?

Shi Xi hated wearing the bracelet.

Just as she put on the bracelet, the car suddenly made a turn. The biggest pink diamond on the bracelet hit the car door.

Kacha.

The pink diamond fell off.

Shi Xi picked up the pink diamond with heartache.

10 yuan bracelet, 9 yuan spent on this pink diamond!

Although it looked fake in the blurry plastic, the bracelet was worthless if the diamond fell off!

Sob, sob, sob.

Shi Xi had no choice but to put the bracelet and the diamond back into the plastic bag that she had not thrown away in time.

The next time she saw that scrawny little liar, she must return this thing!

### **Chapter 105: The Only Fate of This Thing Was the Trash Can**

When she returned to the Shi family home, Shi Xi had just stepped into the living room when she saw Xie Yunzhou sitting on the sofa.

“Why are you here?” Shi Xi asked in puzzlement.

She remembered that the Shi family and Xie Yunzhou didn’t have much interaction.

Xie Yunzhou hadn’t even been invited to her previous birthday banquet.

He still came uninvited.

“Waiting for Shi Xu.” Xie Yunzhou couldn’t help but look at Shi Xi’s hair. “You dyed your hair again?”

This time, Shi Xi had dyed her hair with cherry blossom powder. There was even some gold in the middle that glittered under the sunlight, making her look even more dazzling.

Her skin was already white, and with the pink color, it made her look even whiter than snow.

“Yeah, do I look good?” Shi Xi flipped her hair, and there was a smile in her eyes. “I even got a card. If you want to dye your hair... Ahem, I didn’t say anything just now.”

Halfway through her sentence, Shi Xi hurriedly stopped.

She could dye her own hair, but how could the big boss villain step into the endless abyss of hair dye?

The president never dyed his hair.

“It looks good.” Xie Yunzhou did not delve into what Shi Xi had said and said, “The hair color from before also looks good.”

.....

No matter what, it looked good.

Hearing the praise, Shi Xi said happily, "Thank you."

Even her displeasure from being cheated of money was swept away.

When she thought of being cheated of money, the smile on Shi Xi's face froze again. She asked the maid, "Do you have glue?"

The maid said, "Water? The lawn outside has already been watered today."

Shi Xi took out her broken bracelet and said, "I mean, the glue that sticks things."

The maid said, "...I'll go get it right away."

"Okay." Shi Xi sat down on the sofa while waiting for the maid to take a break. She then instructed, "Right, serve the guests tea."

Xie Yunzhou: "I've already drunk two cups of tea."

Shi Xi: "Then you've been waiting for quite a while?"

Xie Yunzhou: "...Shi Xu met a traffic jam on the road."

"I see." Shi Xi took out a box of snacks from under the table in the living room and said, "Do you want some?"

Xie Yunzhou looked at the small snacks on it and was silent for a moment. "Thank you, but there's no need."

Shi Xi had no choice but to eat a cotton candy for herself.

"What do you want to stick?" Xie Yunzhou asked.

"This." Shi Xi held the cotton candy in one hand and picked up the plastic bag with the other hand and handed it to Xie Yunzhou.

Xie Yunzhou took it and fell into deep thought.

He couldn't think of any reason why this thing needed to be glued together.

The only place this thing belonged to was the trash can.

Xie Yunzhou asked, "Who gave this bracelet to you?"

Other than having a special meaning, he couldn't think of any other possibilities.

Shi Xi said, "I just bought it."

Xie Yunzhou fell into deep thought again and saw the price on it.

It dropped the diamond right after she bought it. It really matched well with the trash can.

"Do you like this bracelet very much?" Xie Yunzhou asked.

"It's alright." Shi Xi didn't like it very much either. She only dyed her hair pink and felt that this thing matched the color of her hair very well.

She had a momentary impulse and bought it impulsively.

At this moment, the maid brought the glue that was used to glue the shoes over.

“This bracelet needs special glue to be glued properly.” Xie Yunzhou put away the bracelet. “I’ll help you glue it properly before returning it to you.”

When Shi Xi heard that, she said, “It’s too troublesome. This bracelet isn’t expensive either. It’s fine if it’s lost.”

It was just that she felt a little indignant that she had been cheated of money.

“It’s fine. I’m not the one who’s going to glue it.” Xie Yunzhou put away the bracelet.

For such a matter, if he gave an order, someone would naturally help him do it.

When Shi Xi saw that he had already stuffed his bracelet into his pocket, she could only say “Thank you.”

She couldn’t reach into his pocket and pull it back, could she?

There was no way.

#### **Chapter 106: Thanking Myself For My Beauty. I’ve Worked Too Hard**

Fortunately, Shi Xu came back in time and stopped their conversation.

“Brother!” When Shi Xi saw Shi Xu, her eyes curved. “I came back to pack my things. I’m going to Yanjing today.”

“Isn’t the recording tomorrow?” Shi Xu frowned and asked, “Why are you leaving today?”

“Yes, they asked me to come earlier tonight. The recording will start tomorrow.” Shi Xi shook his arm. “I won’t wait for Mom and Dad. You can tell them.”

Shi Xu ruffled Shi Xi’s hair. “Are you afraid that Mom and Dad will say that you dyed your hair?”

Shi Xi stuck out her tongue.

Although Shi Xi’s parents did not object to her dying her hair, seeing such an outstanding hair color, the conservative middle-aged people still felt a little conflicted.

“Go ahead. I’ll get the driver to send you to the airport later.” Shi Xu’s eyes were full of affection for his younger sister.

“There’s no need. Han Chuan will pick me up later,” Shi Xi said, “I’ll go upstairs and tidy up first!”

Watching his sister jumping up and down the stairs, Shi Xu turned to look at Xie Yunzhou and said helplessly, “I’m sorry to have kept you waiting.”

“No problem.” Xie Yunzhou looked upstairs. “Why is Shi Xi going to Yanjing?”

“To record a program.” Shi Xu smiled gently and did not elaborate.

Shi Xi was in his company, so he would naturally protect her well and not let her get hurt.

.....

Xie Yunzhou retracted his gaze.

He would investigate the details that Shi Xu was unwilling to reveal.

\*

After Shi Xi packed her things, she set off on the road to Yanjing.

She was definitely going to debut in the C slot for this stop!

For this, Shi Xi even watched all the talent shows and decided to nurture herself into a vase person who worked hard and made progress.

She was so good-looking, her family had some money, and the company had some influence.

She would buy a few more trending searches and let Shi Xu hold them up.

Wasn't the C spot a sure thing?

Shi Xi was dreaming.

On the way to Yanjing, Shi Xi had already dreamed of herself winning the C spot and giving a speech on stage.

"Thank you, Mom and Dad, thank you, Brother, thank you, Sister, thank you for my own beauty. I worked too hard."

"Wake up, we're in Yanjing." Han Chuan nudged Shi Xi and pulled her down from the C seat.

Shi Xi rubbed her eyes and said tiredly, "We're here?"

"Okay, I can only stay here with you for two days." Han Chuan said seriously, "After you're on the show, remember to be careful with your words and actions. Don't let others catch you."

Shi Xi nodded. "Don't worry, I won't say anything."

Han Chuan looked at Shi Xi's hair color and wanted to say something, but he stopped himself.

Shi Xi's hair color was too outstanding. It was quite good to walk through the airport with her mesmerizing face.

"Let's take the VIP channel," Han Chuan said regretfully. "Put on a mask."

This recording had to be kept a secret. They could not lose the big one for the small one.

The two of them left through the VIP channel and were not caught by the paparazzi at the airport.

However, after avoiding the paparazzi, they bumped into two men they did not know.

The man in white stared at the side of Shi Xi's face and stopped in his tracks.

The other man in black asked, "What are you looking at?"

"That person seems to be Auntie."

"Auntie?" The man in black turned around and saw a head of pink hair. He said speechlessly, "Are you talking about that person with pink hair? Would Auntie be so trendy to dye a three-dimensional pink hair?"

"Maybe she just looks like her."

"Auntie's hair isn't that long."

"Maybe it's a wig?"

"Shut up, Auntie is calling!" The man in black picked up the phone and ended the conversation.

Auntie called and softly expressed her concern before hanging up.

The man in white could not help but say, "It really looks like her."

The man in black said, "I think you look like a r\*tard too."

#### **Chapter 107: Was All About Girls. Where Was the Opposite S\*x**

When Shi Xi arrived at the hotel, the crew came to greet her. They delivered drinks and led the way. They were extremely attentive to Shi Xi.

After entering the hotel elevator, Shi Xi asked, "Are the other trainees staying here as well?"

Before the recording, the trainees would stay in the hotel temporarily. Then, they would go to the recording location on the day of the recording.

The staff member said, "Yes, they usually stay on the 14th to 15th floors, while you stay on the 16th floor."

Shi Xi: Special treatment.

The C spot was secured.

Although she did not know who helped her get through the connections behind the scenes, thank you.

"I'll do a good job recording, thank you." Shi Xi took the room card and realized that she was still in a single room, which made her even happier.

Was this the treatment of being rich and powerful?

It was way too happy!

Han Chuan reminded her a few more times. The gist of it was to let her perform well in the show. She should speak human language to others and nonsense to ghosts.

"Also, don't get too close to the opposite s\*x," Han Chuan said seriously.

Shi Xi wanted to say that the show was full of girls, so there was no opposite s\*x. Then she thought that the mentor was probably a man, so she said, "Don't worry, I definitely won't seek death."

.....

Han Chuan nodded. "Then you rest first. I'll go and talk to the director. If you have any problems, call me."

Shi Xi waved her hand casually. "Goodbye, Brother Han."

When it was time for dinner, Shi Xi wanted to go to the hotel's restaurant for dinner and meet her future friends in advance.

However, the waiter brought over dinner, disrupting Shi Xi's pace.

Shi Xi could only put on a face mask to prepare for the upcoming tough battle.

The next day.

Shi Xi woke up early in the morning to put on makeup and change.

She was going to set off at 9 o'clock, and Shi Xi packed up at 8:30.

Perfect!

She would go to the restaurant for breakfast, and then she could set off immediately!

There was a knock on the door. Shi Xi thought it was Han Chuan, so she opened the door.

"Xie, Xie Yunzhou?" Shi Xi looked at the person outside the door and said in surprise, "Why are you here?"

"To bring you breakfast." Xie Yunzhou carried the breakfast bag in his hand and said, "Also, to bring you the bracelet that you want glued."

Shi Xi turned to let him in and said with some guilt, "It's just a small matter. I'm sorry to trouble you to come personally."

No, wasn't Xie Yunzhou in Feng City?

"When did you come to Yanjing?" Shi Xi asked in surprise.

"Last night." When Xie Yunzhou saw the girl's expression, he guessed what she was thinking and said, "I came to Yanjing on a business trip."

"Is that so..." Shi Xi did not doubt him.

Father Shi or Shi Xu would also go on a business trip for three to five days or a week at a time. The timing was uncertain.

"Let's eat first." Xie Yunzhou placed the breakfast on the table. It was the xiao long bao and soybean milk that Shi Xi liked to eat and drink.

Shi Xi sat down and her beautiful big eyes curved. "Thank you! Then I won't stand on ceremony!"

Xie Yunzhou was Shi Xu's friend, and Shi Xu was her brother.

Then Xie Yunzhou could be considered her brother!

Xie Yunzhou sat opposite Shi Xi and had breakfast with her.

Shi Xi asked, "How long will you be in Yanjing?"

"About half a month." Xie Yunzhou asked, "What about you? How long will you be filming?"

"I'm not sure yet. At least a month?" Shi Xi calculated the time.

Even if it was a round of elimination, it should still be able to last for a month.

Xie Yunzhou replied, "If there's anything, you can look for me."

Shi Xu was far away in Feng City and was not as close as he was.

Shi Xi nodded. "Alright, alright!"

If she could gain the favor of a big shot villain, she would be more than happy to do so!

After breakfast, Xie Yunzhou returned Shi Xi's bracelet. "Your bracelet has been repaired."

Shi Xi took the bracelet and her mouth twitched.

Was this the cheap bracelet that she had spent 15 yuan on?!

How did the street goods become real in just one night?!

### **Chapter 108: Could She Be the Legendary Royal Family**

The simple bracelet had been 'repaired' by Xie Yunzhou for a day, and now it had changed its appearance.

The plastic bracelet turned into a bright silver color, with broken diamonds dangling from it. The pink diamond in the middle turned into a real pink diamond. It was crystal clear under the sunlight, shining with a dazzling light.

"This is my bracelet?" Shi Xi couldn't believe her eyes.

"Yes." Xie Yunzhou didn't even blink his eyes and said, "It's just a little something added."

'How is this a little something added?'

'Other than this plastic bag that I gave you, everything else is added!'

Shi Xi said with a complicated feeling, "Is there a mistake?"

"No, that diamond of yours isn't shiny enough, so I gave you another one." Xie Yunzhou asked, "Shall I help you put it on?"

Shi Xi reached out her hand. "Thank you."

Xie Yunzhou untied the clasp of the bracelet, adjusted the position of the bracelet, and put it on her.

Looking at the man who was very close to her, Shi Xi smelled the faint scent of sandalwood on his body. It was a very faint scent.

Was it his sandalwood bracelet?

Shi Xi stared at Xie Yunzhou's wrist.

.....

"Shi Xi, it's time to go downstairs — sorry, I didn't see anything." Han Chuan pushed the door open and entered. He saw Shi Xi and a man leaning against each other.

The two of them looked intimate, as if they were kissing.

Han Chuan turned around with great discernment.

"It's fine even if you see it." Shi Xi waved her hand. "He's putting a bracelet on me."

When Xie Yunzhou lowered his head to put the bracelet on the girl just now, it did indeed look like he was lowering his head to kiss her.

Han Chuan looked at Xie Yunzhou and then at Shi Xi.

"Go and record." Xie Yunzhou raised his hand to rub Shi Xi's hair. "I'm going to work."

Shi Xi did not avoid his big hand. She hurriedly went to the bathroom to check if her hair was messy.

When she came out again, Xie Yunzhou had already left.

"What's your relationship with him?" Han Chuan had a complicated look in his eyes.

"Ah?" Shi Xi was confused. "Me and Xie Yunzhou?"

Han Chuan glanced at the breakfast on the table. It was obvious that it was for two people. He asked, "Were you together last night?"

"You're thinking too much." Shi Xi said helplessly, "He came on a business trip and gave me a bracelet on the way."

Han Chuan was still looking at the breakfast on the table. "He also gave you breakfast on the way?"

"Probably?" Shi Xi didn't understand why Xie Yunzhou was so nice to her. "Maybe he's trying to curry favor with me because he's working with my brother?"

Thinking about Xie Yunzhou's recent behavior, Shi Xi nodded and said thoughtfully, "Probably."

"Forget it. Let's go to the recording studio first. Don't let them wait." Han Chuan decided not to think too much about it.

As long as Shi Xi was not in the mood to fall in love, it would be fine.

Shi Xi followed behind Han Chuan and got into the car that was going to the recording studio.

In the car, Shi Xi was still thinking about the dance that she was going to perform on her first stage. She had already gotten used to it in the dance studio. There was no way she would make a mistake. She had to perform a stunning dance!

She would never be a vase!

The car stopped and Shi Xi got out of the car. She held her head high and puffed out her chest as she strode into the recording studio.

A staff member led the way and brought Shi Xi to a separate dressing room to do her hair and makeup.

When Shi Xi saw this small dressing room, she asked, "Am I alone?"

The makeup artist smiled and said, "The director has instructed that this dressing room is for you to use alone."

Shi Xi: ...Isn't the treatment too good?

Could she be from the legendary royal family?

She won't be scolded, right?

As Shi Xi thought of this, she suddenly felt a little guilty.

After redoing her makeup and hair, Shi Xi looked at herself in the mirror, unable to take her eyes off her.

The girl in the mirror was really too beautiful!

### **Chapter 109: Pray For the Ladies In the Same Group To Be Beautiful and Generous, To Sing and Dance Beautifully, To Do Less Work and To Earn More Money**

The pink curly hair was braided with silver threads from both sides, looking shiny and pink. The diamond hair clip was pinned to the side, making the entire person look even more dazzling.

There was a few strands of hair on the forehead, making the girl's skin look like snow. Her big beautiful eyes moved around, looking around with a brilliant light.

The makeup artist nodded in satisfaction and asked, "Miss Shi, do you need to make any more changes?"

Shi Xi took a few beautiful selfies in front of the mirror and smiled. "There's no need to make any more changes. You should go and see someone else."

This makeup artist was really amazing!

"Miss Shi, I'm your exclusive makeup artist. I'll only make up for you." The makeup artist smiled and introduced himself. "My name is He Yujie."

If it was Han Chuan, he would naturally recognize that the person in front of him was a well-known magician makeup artist in the industry.

After He Yujie introduced himself, he was already prepared to listen to Shi Xi's compliments.

He was the makeup artist that was the hardest to get an appointment with in the industry. Many people wanted to ask him to apply red carpet makeup at a high price, but he disdained them.

It was Shi Xi's honor to be able to apply makeup for Shi Xi.

However, Shi Xi knew nothing about this. She smiled faintly and said, "Thank you. Your makeup skills are really good!"

He Yujie: That's it?

Not surprised? Not excited?

.....

She didn't know him?

Even if she didn't know him, she must have heard of his name, right?

He Yujie looked at his hand and fell into deep thought.

Was he outdated?

At this moment, a staff member knocked on the door and said, "Miss Shi, it's time to prepare for the recording."

Shi Xi got up from her makeup chair and said, "Alright."

The staff member pointed the way for Shi Xi and said, "Walk from here to the end of the corridor. Just open the door and enter. There are cameras and machines inside."

Shi Xi nodded. During this period of time, she had watched all the domestic and international talent shows. She would definitely display her most beautiful side!

She held her head high and puffed out her chest, lifting her chin slightly.

Shi Xi pushed the door confidently.

Why couldn't she push it?

Shi Xi pushed it twice again, then looked at the doorknob on top and pulled it open.

The door was pulled open.

Shi Xi: "..."

The program team actually posted a push-and-pull notification!

Shi Xi composed her expression and walked in. She discovered that it wasn't a large-scale recording studio. There was no stage, and there weren't a hundred chairs.

There was only a round table, five chairs, and a display screen.

Shi Xi: Huh?

'Are we going to split the teams now?'

Shi Xi knew that the talent show was similar, but every year's talent show directors would come up with new ideas, adding to the rules or appearing on the stage.

Calm down. She couldn't act too ignorant.

Shi Xi walked to the table and asked, "Can I sit?"

No one answered.

There was only the sound of a machine recording.

Shi Xi guessed that they might have to be divided into groups in advance, the first stage group? Or a one-centimeter group?

Shi Xi: ...Hurry up and come and save me!

'I pray that the young ladies in the same group will be beautiful and generous, have excellent singing and dancing skills, and have more money and less work.'

Shi Xi sat down obediently.

The camera zoomed in, and the girl didn't have a single flaw in the camera.

720 degrees, no blind spots.

Behind the scenes.

The director looked at the screen and said with a sigh, "I'm willing to continue watching this face."

The editor nodded and agreed, "Although Shi Xi doesn't have any representative works, her popularity has always been high. All aspects of her data are very stable."

"I just don't know what her personality is like." The director picked up the pager and said, "You can let the others in now."

He couldn't let the beauty wait for too long.

Therefore, the staff let two people in.

Shi Xi was in a trance. When she heard the sound of the door being pulled open, she stood up politely and looked over.

"Hi, you guys—" Shi Xi smiled sweetly. When she saw that the two men had appeared, her eyes were filled with surprise. The "Hello" that she had not finished saying turned into, "Why are you here?"

### **Chapter 110: Turned Out To Be a Male Team**

The two who walked in through the door were not Shi Xi's dream girls, but two male artistes wearing strange clothes.

"Why are you guys here?" The girl's voice was soft and sweet, with a hint of disbelief.

After hearing Shi Xi's words, Zhang Yang, who was wearing earrings and dyed his blue hair, asked curiously, "Didn't they tell us to have a meeting here?"

"That's right." The other guy, who was a little fatter, looked very friendly. He smiled and said, "This should be the first time we've met, right? I'm Ai Yi. Just call me Ai."

"Shuo Nan." The boy wearing earrings and dyed his blue hair looked at Shi Xi's hair, deep in thought.

The corner of Shi Xi's mouth twitched slightly. "Shi Xi."

Although they had introduced themselves to each other, they both knew each other's existence. This was only the first time they had met.

Ai Yi stepped forward and smiled. "Have a seat first. There should be more people in a while."

There must be more people!

Shi Xi had read the script before and knew that the initiator this time was Shen Hanquan, the vocal music instructor Zheng Feicai, the dance instructor Shuo Nan, and that Zhang Yang boy with the earrings and dyed hair, and the rap instructor, Ai Yi.

But why were they in the same place as her?

No.

Shi Xi finally realized what was wrong.

.....

If she was a contestant, how could she have gotten so much information from the script? How could she have a separate hotel room, a separate dressing room, and even a personal makeup artist?

Before Shi Xi could think further, the door was pulled open again, and two people walked in.

They were the initiator, Shen Hanquan, and the vocal music instructor Zheng Feicai.

"All the participants are here. Let's first take a look at the information of the trainees of [Star Idol]."

After Shen Hanquan said that, the screen in the room instantly lit up.

On the screen was a resume of the trainees.

Shi Xi: "..."

This was so different from what she had imagined!

She was here for the talent show!

She was not here to be a teacher!

Everyone present was a senior with achievements in the industry. What did she have?

She only had beauty.

No, how did she have the qualifications to be a mentor!?

Shi Xi felt as if she was sitting on pins and needles.

But fortunately, she had seen a big scene before. She maintained the smile on her face and did not let anyone find anything wrong with her.

And when she saw the resumes on the screen, Shi Xi was even more disinterested.

It was actually a male team...

Shi Xi didn't know almost any of the people listed on it.

"Teacher Shi, do you know anything about male teams?"

Shi Xi was lost in thought when she was asked a question.

Shuo Nan looked at Shi Xi with a provocative smile in his eyes. "I heard that Teacher Shi has learned dance before. What dance did you learn?"

"Ballet." Shi Xi met Shuo Nan's eyes and asked with a smile, "What dance did Teacher Shuo learn?"

The corners of Shuo Nan's mouth curled up slightly, and his gaze was arrogant and unbridled. "I've come into contact with all kinds of dance styles." Otherwise, he would not have been able to become the dance teacher of a talent show at such a young age.

Shi Xi cursed inwardly at this person's narcissism!

He was even more narcissistic than she was!

"Ahem, let's continue looking at the resumes." The good old Ai Yi interrupted their conversation.

Ai Yi had a slightly chubby figure and a fleshy face. He often wore a kind smile and looked honest and steady.

The next person to appear was Pei Jie's resume.

Shi Xi's eyes lit up.

"Pei Jie, 20 years old. He is the captain of Flying Leap Boys and also a dancer." Shuo Nan read the information on the resume and said in a frivolous voice, "I know this person. He is quite hardworking and has a good dance."

Shi Xi thought to herself that he had a bad temper.

She had not expected him to appear in a variety show!

Moreover, Pei Jie had actually bumped into her hands!

The wheel of fortune had turned!
