Chapter 111: The Teacher's Opening Show

Shi Xi finally had some interest and continued to look at the resumes.

There was a total of 109 people. Just looking at the resumes, she quickly finished looking through them.

Shen Hanquan smiled and said, "All the trainees have taken their seats. It's our turn to go on stage."

Shi Xi recalled the information on the script.

She couldn't remember.

This paragraph wasn't on the script!

Why? Did everyone receive different scripts?

Shi Xi smiled politely and followed them out of the meeting room.

Shen Hanquan brought a few people to the recording studio.

109 crystal chairs, 109 youths carrying their dreams.

The lights were dim, and the corners of Shuo Nan's mouth curled up as he walked onto the stage first.

A beam of light shone on Shuo Nan's body.

Shuo Nan lazily took a few steps forward, his gaze wanton and arrogant, carrying the unique arrogance of a youth.

.....

The spectating trainees had already recognized Shuo Nan and were all shouting.

Clearly, Shuo Nan was very popular among this group of trainees.

Shi Xi roughly understood this process.

It was the teacher's opening show.

The music started playing and Shuo Nan immediately entered a state of concentration. Every step he took was precisely on the beat, and his arms moved his body.

Shi Xi looked at the stage intently, her cherry lips slightly pursed.

As expected of a 19-year-old who was able to become a dance instructor and receive so many cheers.

There was indeed something there.

"Wah, wah, wah! Instructor Shuo Nan!!"

"So handsome!! Big Brother is so handsome!"

“Full marks! Explode the lights!”

The spectating trainees seemed to have turned into fangirls as they cheered for Shuo Nan on stage.

Shi Xi: ...All of you can hold back a little.

The lights on the stage were dazzling as Shuo Nan’s dance steps became faster and faster. In the end, he ended with a high-difficulty twist, causing the atmosphere to reach a climax.

Listening to the shouts from below the stage, Shuo Nan tugged at his collar slightly. His eyes looked lazily at the camera as he made his final ending.

The applause instantly became even more enthusiastic, and the people below the stage wished they could smash their hands.

Shi Xi’s good impression of Shuo Nan fell to rock bottom once again the moment he acted cool.

Only after Shuo Nan left the stage did he catch his breath. The performance just now was extremely exhausting. In order to show that he did it effortlessly, he only dared to catch his breath after he left the stage.

Shi Xi took in everything.

Next, it was Ai Yi’s turn to go on stage.

Ai Yi was slightly chubby and looked amiable. He seemed like a good person to get along with.

But after he took the microphone, he seemed like a different person.

He was a fierce rapper.

Shi Xi didn’t know how to rap, but after seeing Ai Yi’s rap, she deeply understood how difficult it was to be an artist.

The trainees went into a frenzy again.

Which boy didn’t love rap?

After Ai Yi’s rap ended, there was a round of applause from the audience.

Shi Xi clapped her hands. She had heard Ai Yi’s rap before, but it was a different feeling to hear it live.

Then came the vocal music teacher, Zheng Feicai’s stage.

Zheng Feicai was nearly forty years old, but she had maintained herself well. She was still a beauty, and her vocal range spanned several degrees. Her bass was soft and graceful, and her high notes were effortless.

After a song, the music lingered.

Finally, it was Shen Hanquan’s stage.

Compared to the previous few people, Shen Hanquan was more like an all-rounder.

Shen Hanquan, who came from an idol background, had handsome features. His short black hair was cool and handsome, and his eyes were calm and domineering. He could sing and dance well, and his rap was also very outstanding. He gave the trainees a complete singing and dancing stage.

Shi Xi could not take her eyes off him and could not help but say, "He's so amazing!"

He could sing and dance at the same time, and his voice did not tremble at all.

Shuo Nan stood beside Shi Xi and chuckled, "For Shen Hanquan to have his current fame, he naturally has some skills."

"Unlike some people, they can easily obtain the position that others want with just a face."

With that said, Shuo Nan took a deep look at Shi Xi.

Chapter 112: A Vase Who Doesn't Know Anything, To Be a Teacher?

Shi Xi naturally heard the dissatisfaction in Shuo Nan's tone.

It was probably because the teachers all had a few tricks up their sleeves, and only her tricks were on her face.

"Even if you're ugly, there's no need to feel inferior. The heavens are fair." Shi Xi tilted her head and smiled at him. "Although the heavens didn't give you outstanding looks, they gave you talent in dancing."

Shuo Nan gritted his teeth. "What did you say?"

Shi Xi smiled and said, "I said, don't be jealous of my good looks. I'm under a lot of pressure because of my beauty!"

Ai Yi pressed down on Shuo Nan and advised him in a low voice, "Alright, alright. What's there to be noisy about? The cameras are still here."

"That's right. You're not good-looking to begin with. If your facial expression management was a little worse, you would look fierce." Shi Xi smiled brightly. "I'm going to freshen up my makeup."

Shuo Nan looked at Shi Xi's back as she left. He held his breath and asked Ai Yi, "Am I ugly?"

Ai Yi replied, "Of course you're not ugly. She's just trying to piss you off."

Shuo Nan's looks were indeed outstanding. To be able to become a dance instructor for [Star Idol], other than his talent in dance, his looks were also extremely outstanding. His facial features were three-dimensional and firm. It was the kind of stunning looks that could be seen at a glance.

This was the first time that he had been called ugly by others.

"I really don't know why the program team invited her here! A vase that doesn't know anything, to give pointers to others? Aren't you afraid of being laughed at!" Shuo Nan said angrily.

"Alright, stop talking." Ai Yi advised, "Don't talk like that in front of the camera."

.....

Shuo Nan said sullenly, "I know."

Shi Xi arrived at a place where no one was around. She took out a small mirror to check her makeup. After making sure that there were no mistakes, she prepared to go on stage to perform.

She really did not expect that she would be the last one to go on stage to perform.

As expected, all superstars had to be the last to go on stage.

All the more reason not to disappoint anyone!

Just as Shi Xi was about to go on stage, the entire studio lit up.

A magnificent and bright voice narration sounded:

"Let's welcome the sponsor of [Star Idol]: Shen Hanquan!"

Shi Xi: ???

'I haven't even gone on stage to perform yet!'

'Ah, hey!'

'I'm still an instructor after all!'

The voice narration said mercilessly, "Let's welcome vocal teacher Zheng Feicai, rap teacher Ai Yi, dance teacher Shuo Nan... popularity teacher, Shi Xi!"

When Shi Xi heard her name, she had no choice but to smile and go on stage.

So they didn't arrange for her to have a coach perform!

Yes!

Her ass!

Her only chance to prove herself was gone!

Popularity coach?

More like an infuriating coach!

Shi Xi was all smiles as she greeted the entire production team in her heart.

*

Pei Jie sat in his seat. After watching the coaches' show, his eyes were filled with solemnity.

He had to do better in order to gain the favor of the mentors.

After the mentor's show ended, the mentors appeared one after another.

"...Popularity mentor, Shi Xi!"

Upon hearing Shi Xi's name, Pei Jie looked over in surprise. With one glance, he saw the pink-haired girl walking onto the stage.

The girl's pink hair was braided with silver strands, and her eyes were as bright as the stars. With a faint smile, it moved one's heart.

"Hello, everyone. I'm Shi Xi."

The trainees were all energetic boys. When they saw the beautiful girl, their eyes went wide.

"It's actually Shi Xi!"

"D*mn, she looks even better in person than in the photos!"

"She looks like an elf. She's so beautiful."

"I feel like my heart is moved."

"She's looking at me! She's looking at me! And she's even smiling at me!"

"She's obviously smiling at me."

The moment Shi Xi appeared, it caused another commotion at the scene.

Hearing the commotion beside his ears, Pei Jie only had two words in his mind:

It's over.

He should not have offended Shi Xi.

Chapter 113: Is Teacher Shuo Nan Blind?

After cheering, the teachers took their seats.

The seats of the five people were very particular.

As the sponsor, Shen Hanquan sat in the center.

Zheng Feicai was a senior with deep experience and sat beside Shen Hanquan. Shi Xi sat on the other side of Zheng Feicai, on the edge.

Ai Yi and Shuo Nan sat on the other side of Shen Hanquan. The two of them were friends and it was easy to communicate when they sat together. As for Shuo Nan, he was sitting on the edge because he was young and inexperienced.

There was a stack of information in front of the five of them. It was bound according to the order in which the trainees would appear on stage.

Shi Xi flipped through it casually. There were hints given by the director team on it. Which trainees would like to take an additional test and which trainees they would like to ask questions about.

Trainees with five stars would need to be taken care of. Those without a single star meant that there was no need to talk nonsense.

Shi Xi: "..."

'D*mn it, it's just a fully automated talent show, right?'

However, the few instructors around him remained calm, as if they were already used to having a script for the talent show.

Shen Hanquan said, "Let's invite the first group of trainees to go on stage."

The first group of the trainees was two delicate-looking boys.

.....

If they were ordinary people, their looks would indeed be outstanding.

However, when Shi Xi came here, she had been facing Xie Yunzhou, Shi Xu, and Leng Qiankun, these high-quality men who could rely on their looks to make a living but relied on their strength to make a living. When she came to [Star Idol], she saw Shen Hanquan, a handsome man in the entertainment industry, and she was already immune to handsome men.

After the two introduced themselves, they began their first stage performance.

Shi Xi held a pen and looked at their first stage performance seriously, trying to be an excellent teacher.

But as soon as they opened their mouths, Shi Xi couldn't help but frown.

They were out of tune when they opened their mouths.

'Brother, this won't do!'

Shi Xi still had her ears closed. When she heard the voice that was out of tune, she revealed a confused expression.

Who am I?

Where am I?

What am I listening to?

When it came to the chorus of the song, Shi Xi finally recognized which song it was.

After watching the mentor show and watching their performance, Shi Xi felt as if she was watching a kindergarten graduation party.

As the lights froze and the music ended, the two trainees made their final ending expressions on the stage.

There was sparse and polite applause from the audience.

Their performance was indeed very average.

Especially when the first group went on stage, they were immediately followed by the gorgeous teacher show.

Even Shi Xi felt pity for them.

Shen Hanquan picked up the microphone and said, "You're a little nervous."

The two trainees nodded nervously.

The first group was going on stage to receive the teacher's remarks, so of course they were nervous.

Zheng Feicai commented on the vocal music and said sternly, "When they opened their mouths, they went out of tune. It wasn't until the chorus that they found their tune again. Their singing isn't up to standard with me."

Shi Xi picked up the microphone. "They..."

"I can tell that their basic dance skills are pretty good. They didn't make any mistakes in the middle." Shuo Nan and Shi Xi were too far away to see each other's movements. He spoke almost at the same time as Shi Xi.

Shuo Nan finished speaking first and then looked at Shi Xi. He smiled and said, "What advice does Teacher Shi have?"

Shi Xi knew that Shuo Nan didn't call her Teacher Shi because he respected her.

Instead, he felt that she had no talent at all and was intentionally addressing her as 'Teacher Shi'.

"They dance very energetically." Shi Xi and Shuo Nan had similar views and it could be seen that although the two of them were nervous, they didn't make any mistakes in their dance. But since Shuo Nan had already finished speaking, she could only praise them for being energetic.

"I thought Teacher Shi would praise them for being handsome." Shuo Nan had a smile on his face and his words were full of holes, hinting that Shi Xi only looked at their faces.

Shi Xi retorted in a neutral tone, "They are indeed very handsome. Even with eyes, you can tell. What's wrong? Teacher Shuo Nan can't see clearly?"

Taking into account the existence of the cameras, Shi Xi embellished the phrase, "Teacher Shuo Nan, are you blind?"

The atmosphere on the stage was filled with flashes of swords.

Chapter 114: Forgive Me For Being Blunt, But All the People Present Were Trash

"Ahem, the two children are indeed very handsome!" The good old Ai Yi once again stepped forward to mediate and said, "Let's discuss the rating."

The first stage was graded by the instructors. Each instructor would write down the rating they wanted on a piece of paper. Usually, the minority would obey the majority. If the difference was too big, then they would discuss it.

There were almost no objections in this group. Everyone gave them a D grade. Only Zheng Feicai gave them an F because the two of them were out of tune.

Shen Hanquan said, "Please bring the next group of trainees to the stage."

The performances that followed were unimpressive. It was hard to find a stage that was worthy of praise.

Shi Xi looked at their performances and felt even more confident in herself.

Half an hour ago: Sob, sob, sob, how am I qualified to be a mentor?!

Half an hour later: With all due respect, everyone here is trash.

However, there were not many opportunities to give Shi Xi comments. Most of the time, it was Shen Hanquan and the others who gave the comments.

Shi Xi was too lazy to say anything more.

novelusb.com

There was basically no room for her to perform on the stage. It was clearly written on the stage that they were going to give an additional test to whoever, and they were going to ask whoever questions.

The five instructors on stage were all tool people.

Shi Xi was so happy that she wanted to go through the motions. There should be a few more of these kinds of jobs that could earn money without talking!

.....

After some mediocre low-star trainees went on stage, there were finally five-star trainees on stage.

Shi Xi lazily raised her eyes, wanting to see who the trainees that the program team could treat as five-star trainees were.

The stage lit up and a group of five walked in. Each of them had a confident smile on their faces.

The performance of this group was indeed excellent. Although it was far inferior to the instructors' shows, it was already a high-scoring stage among the trainees.

Among them, their C spot, Bai Cangyang, who had been questioned and given additional tests.

He was handsome and striking, his dance was smooth, and his vocal music passed. After testing an original rap, the crowd was in an uproar.

No wonder he was treated as a five-star. This ability was indeed outstanding.

After the 'discussion' of the five coaches, Bai Cangyang from this group received an A grade.

Shen Hanquan: "Congratulations, Bai Cangyang, an A grade."

The stage lights flickered, and the background sound that belonged to an A grade rang out.

The lead of the entire venue was an A grade!

Bai Cangyang's face was filled with excitement and disbelief as he kept thanking them.

Shi Xi spun her pen, guessing that he probably did not even know that he had been marked with a five-star rating.

Otherwise, with his acting skills, he would not even need to be a trainee. He could directly become an actor.

Shen Hanquan said, "Please send in the next group of trainees."

Shi Xi flipped to the next page of her resume, and her eyes lit up.

Finally, it was Pei Jie's turn.

The group that went onstage this time had a total of three people. They were originally a group of eight people, but this time, three people had come.

Pei Jie was the captain, but there were no notes behind his name. Instead, it was his teammate, Li Jinfan, who had four stars behind him, with the notes cue and the audition.

The corners of Shi Xi's mouth curled up slightly. She looked at Pei Jie, half gloating and half regretting.

It was a pity that the program team did not push him to the dance studio.

She had no intention of deliberately making things difficult for Pei Jie.

Pei Jie was handsome and cold, and when he smiled, he was also cold and indifferent.

However, Li Jinfan, who was in the same group, was different. When he smiled, his large eyes almost narrowed. His smile was bright and sunny, and his voice revealed his lively and outgoing personality, like a younger next-door neighbor.

The group performance began.

Shi Xi could see that the group dance was simpler than Pei Jie's own practice, and it could even highlight the singing skills of his teammates. This was especially true for Li Jinfan's high notes. He clearly looked like a young, but his high notes were as steady as an old dog, stunning the entire venue.

After the performance ended, there was a round of applause.

Zheng Feicai was very surprised and asked Li Jinfan to try singing.

Chapter 115: Your Teammate Is a Four-Star Trainee, But You're Just a Random Cannon Fodder

Pei Jie stood to the side and was secretly happy for his teammate.

Shi Xi saw his expression and thought to herself, 'What are you happy for?'

'Your teammate is a four-star trainee, but you're just a random cannon fodder!'

As a trainee who was highly valued by the program team, Li Jinfan did indeed have some skills. He chose a difficult song and performed it very well.

Shi Xi clapped from the bottom of her heart. "You sang very well!"

Zheng Feicai smiled and said, "Whether it's in terms of technique or emotions, you handled it very well. I look forward to your performance in the future."

Shen Hanquan also praised him and asked Li Jinfan a few more questions.

Li Jinfan had a lively personality. Even if it was just answering questions, it made the atmosphere on the stage happy.

“I want to take a look at Pei Jie’s additional test.” Shuo Nan finally found a loophole and interjected.

Shi Xi tilted her head and looked over.

She didn’t expect this Shuo Nan to cherish his talent so much!

He actually took the initiative to bring up something that wasn’t even on the script.

Shen Hanquan nodded slightly. “Then let’s take a look at Pei Jie’s additional test.”

.....

Although their entire process followed the script, if there were any discrepancies, they wouldn’t be too conflicted.

As long as they allowed the person who was supposed to take the additional test to do so, it did not matter whether the others took the additional test or not.

Shi Xi spun the pen in her hand and leaned slightly against the back of her chair as she looked at Pei Jie.

Tsk. She was not allowed to watch the dance again in the dance studio.

Wasn’t he still going to perform for her to see?

Shi Xi’s eyes were filled with a smile. She felt that this instructor was very happy to do so.

Pei Jie walked to the center of the stage and tried his best not to look at Shi Xi.

The music started playing. The moment Pei Jie raised his eyes, his gaze was fierce and domineering.

Pei Jie’s performance was extremely outstanding. Without the burden of his teammates, he could show off the results of his day and night training without any restraint.

His powerful explosive power caused the entire audience to cheer.

Even though Shi Xi had seen Pei Jie’s dance many times, she could not help but sigh. Pei Jie’s dance was truly powerful.

When they reached the chorus, Pei Jie’s movements were even bigger and more powerful.

Pei Jie, who was standing on the stage, was even more charming than the dance studio.

The music stopped abruptly. Pei Jie’s movements stopped and he took half a step back. He inadvertently saw Shi Xi clapping.

Pei Jie’s face was a little embarrassed.

He had thought that Shi Xi would embarrass him, but he did not expect that he would be the one judging a gentleman with his petty heart.

Shen Hanquan also did not expect that this seemingly introverted trainee would have such explosive power. He said with certainty, "It's very exciting!"

Pei Jie heaved a sigh of relief. "Thank you."

The performance ended and it was time for the grading.

The five of them gave Li Jinfan an A grade and did not have any objections.

However, when it was Pei Jie's turn, they had different opinions.

"I think we should give him a B grade. His singing is average." Zheng Feicai insisted on her own opinion.

Ai Yi also said, "There are many good dancers. Even if he tries again, he will only be able to dance. He won't be able to sing."

"You won't be able to tell his singing from that song, but his dancing will definitely beat most people!" Shuo Nan guaranteed.

Shen Hanquan also gave him an A grade. He and Shuo Nan had both learned how to dance, so they knew that Pei Jie's performance was very good.

It all depended on Shi Xi.

"Eh, two A's and two B's." Shi Xi smiled faintly. "Looks like my vote is extremely important!"

Shuo Nan looked at Shi Xi with an expression as if he had eaten a fly.

Why did the final rating have to be determined by Shi Xi!!

"Shi Xi doesn't know anything about this. There's no need to listen to her opinion!" Shuo Nan abandoned Shi Xi and argued with Ai Yi, trying to get his votes. "You should be able to feel that Pei Jie's dancing is very explosive. He definitely deserves an A!"

Although Ai Yi was a good person, he had his own principles. "You're an expert in dancing, but I only rate him based on my standards. His vocal music is B in my opinion."

Chapter 116: Other Managers Were Worried That Their Artistes Would Say The Wrong Thing, While Han Chuan Was Worried That His Artiste Would Be Beaten Up By Others

Zheng Feicai was a singer, so she would not change her rating criteria.

Shi Xi smiled and said deliberately, "Looks like it still has to rely on this crucial vote of mine!"

Shuo Nan was so angry that he could not say a word.

Shi Xi pressed her finger on her rating form and smiled cunningly. "Teacher Shuo Nan, don't you want to know my rating?"

Shuo Nan gritted his teeth. "What rating did you give?"

Shi Xi flipped open her rating form. "A."

Although she really didn't like that self-righteous guy like Pei Jie, she couldn't deny that he was very good at dancing and worked hard at it.

When Shuo Nan saw Shi Xi's rating, he heaved a sigh of relief, but he still said stubbornly, "I didn't expect you to have such good taste." He had been worried that Shi Xi would deliberately lower Pei Jie's rating because she wanted to go against him.

Shi Xi said meaningfully, "Don't worry. I have more professional ethics than some people. I will take recording seriously."

Shuo Nan: "!!!"

"Who do you think doesn't have professional ethics?!" Shuo Nan was fuming. The good impression he had of Shi Xi just now suddenly collapsed.

"Of course, I'm talking about those people who are trying to change other people's standards." The girl's voice was soft, and there was a smile on her face.

The good old Ai Yi quickly held down Shuo Nan and said to Shen Hanquan, "Hanquan, it's time to announce the rating."

.....

Shen Hanquan watched helplessly as the two primary school students argued and announced the results of this group's rating.

One group had two A grades, and everyone was stunned.

But when they thought of the performance of the two, they felt that the trainees were worth it.

In this place, strength was above everything.

The initial stage evaluation continued smoothly.

After that, there was no lack of outstanding trainees. After another one-on-one PK, nine members of Class A were selected.

Among them, Bai Cangyang and Pei Jie successfully defended Class A's position.

As for Li Jinfa, he was PKed down to Class F. Although the little puppy was disappointed, he still forced himself to face the camera with a smile. "I will definitely return to Class A!"

Shi Xi clutched her chest. Such a person must be very popular with mother's fans!

She then looked at the cold and indifferent Pei Jie — he deserved it!

Shen Hanquan stood up and announced the following rules:

"The preliminary stage rating ends here!"

"Next, you have three days to learn the theme song of [Star Idol]."

"In three days, the theme song assessment will take place!"

“According to the results of the theme song assessment, the classes will be redistributed.”

“Work hard and persevere! Chase your dreams! You are all star-chosen idols!”

The recording of the first stage ended with a slogan.

The trainees were going to choose their dormitories and were confined to practicing the theme song. As for the instructors, they were free to move around and could rest for the time being.

Shi Xi stretched her back and felt that earning money was easy.

As expected, she who had the system was the female lead!

As long as she smiled casually at the camera, the money would flow into her account.

Happy!

Just as Shi Xi was happy, she heard Shuo Nan’s sneer.

“It’s really easy for some people to become instructors. They don’t have to say or do anything.” Shuo Nan put one hand in his pocket and snorted. He sneered and said, “Unlike us, we still have to coach the students’ theme song tonight.”

Ai Yi was not around, so Shen Hanquan smiled and said, “Different teachers have different roles. Alright, let’s hurry to the practice room.”

Shuo Nan was indignant, but since Shen Hanquan had spoken, he could only snort coldly, glare at Shi Xi, and turn to leave.

Shi Xi looked at Han Chuan and asked, “What am I going to do later?”

Han Chuan said, “You can get off work now.”

God knows how many times he had watched the recording from the side, afraid that Shi Xi and Shuo Nan would fight.

That’s right.

Other managers were worried that their artistes would say the wrong thing.

Han Chuan was worried that his artiste would be beaten up by others.

Chapter 117: Ning Yu Cried and Wanted To Marry Sheng Yan

There were a few times in between. Han Chuan felt that if Ai Yi had not stopped him in the middle, Shuo Nan would have gotten his hands on it.

After all, Shuo Nan did not seem to have much brains.

When Shi Xi heard Han Chuan’s words, she frowned in confusion. “The other teachers are going to the practice room. Can I get off work now?”

Then this money might not be too easy to earn, right?

Han Chuan was expressionless. "If they teach the theme song, will you know how to do it?"

Shi Xi: "...No."

Han Chuan: "Then wouldn't that be enough?"

"They didn't let me learn it before!" Shi Xi felt wronged.

"You're not a functional mentor. Let's go," Han Chuan said calmly.

A functional mentor could provide help to the trainees and provide them with teaching experience.

Meanwhile, Shi Xi stared at the title of 'popularity mentor'. In reality, she was just an ordinary guest.

After getting into the car, Shi Xi asked in puzzlement, "Why did this show invite me to be its mentor?"

Could it be because she was good-looking?

.....

She had nothing to do with the word 'idol'!

Han Chuan said calmly, "The popularity mentor that was originally appointed was Quan Gaoyi."

Shi Xi was stunned for a moment. "The one who wanted to get a divorce because his wife gave birth to a daughter?"

Han Chuan nodded. "After his accident, all his endorsements and contracts were terminated, including [Star Idol], which he participated in.

"And because of the negative impact, the higher-ups are now strictly checking the traffic of celebrities, and [Star Idol] finally found you."

Shi Xi still did not understand. "Then they wouldn't have looked for me, would they? Can Quan Gaoyi and I get the same pay?"

"You wish." Han Chuan did not understand why this rich young lady loved money so much. He said, "Because of Quan Gaoyi's accident, the program team's investment was withdrawn, and they could not afford to hire more famous celebrities. Your background is clean, and your fame and topics just happen to complement the program."

Shi Xi was expressionless. "This is the first time I know that complementing can be used in this way."

Han Chuan was speechless.

"By the way, can I learn that theme song?" Shi Xi asked again.

"Do whatever you want. I'll only accompany you for today's recording." Han Chuan walked Shi Xi to the entrance of the hotel and said, "I'll return to Feng City tonight. If there's anything, remember to call me."

Shi Xi: "Okay~"

Han Chuan walked Shi Xi to the hotel. He did not get out of the car and rushed straight to the airport.

Shi Xi returned to her hotel room and turned on her phone.

There were too many messages.

Before she opened WeChat, Tao Yuxuan's message popped up.

Tao Yuxuan: [When did you go to Yanjing? You didn't even tell me! I didn't even throw you a farewell party.]

[After you left, didn't you just hand over the shares of the Shi family?! Why didn't you pay attention?!]

[And that Ning Yu, I see that she has bad intentions towards Sheng Yan. She wants to seduce your fiancé every day! Hurry up and get engaged!]

Looking at these useless messages, Shi Xi only wanted to delete her from her friend list.

She tried every means to stay away from the male and female leads.

Tao Yuxuan tried every means to make her do bad things.

However, did Ning Yu really seduce Sheng Yan?

Shi Xi asked, [Why did Ning Yu seduce Sheng Yan?]

Tao Yuxuan replied immediately, [Sheng Yan went to your house to look for you. It was Ning Yu who received him!]

Shi Xi asked, [What does that mean?]

Tao Yuxuan's call came immediately. She said, "Sister, you better be careful!"

"Sheng Yan is so handsome and has a good family background. Ning Yu came from a small place. How could she not like him?"

Shi Xi thought that Ning Yu indeed did not like him.

"Although Uncle and Aunt like you, Ning Yu is their biological daughter. If Ning Yu cries and wants to marry Sheng Yan, what will happen then?" Tao Yuxuan said bitterly.

Shi Xi thought for a moment and said, "Then I really want to see how Ning Yu looks when she cries."

Chapter 118: Don't Tell Me That You Have Fallen In Love With Xie Yunzhou? I Heard That He Beats Up Women!

It was hard to imagine that the cold Ning Yu would cry.

Tao Yuxuan was at a loss for words.

"When Sheng Yan is taken away, you will be the one crying!" Tao Yuxuan was exasperated.

"So be it. I don't like Sheng Yan now anyway." Shi Xi turned on the external speaker of her phone and began to remove her makeup.

"Then who do you like?" It was time for Tao Yuxuan's favorite gossip time. She guessed excitedly, "Don't tell me you like Leng Qiankun?"

"Did he move you when he set off the fireworks for you last time? He's infatuated with you. You can choose him."

Shi Xi: "...What nonsense are you talking about? You and Leng Qiankun are my friends in my heart." Moreover, they were cannon fodder friends that she wanted to abandon but couldn't.

"Between a man and a woman, how can there be pure friendship?" Tao Yuxuan chuckled. She said ambiguously, "But Leng Qiankun is indeed not bad! Although his family background is not as good as Sheng Yan's, he is completely devoted to you. Also, he has already gone to jail for you. It is normal for you to fall in love with someone else! Sheng Yan is just too pretentious!"

Shi Xi was speechless. "I thought that you were a fan of Sheng Yan and me."

She had been urging her to get engaged to Sheng Yan every day.

Those who did not know would have thought that Tao Yuxuan was her mother.

"You are my best friend. Of course I'm on your side!" Tao Yuxuan continued to gossip. "Do you really not like Sheng Yan anymore? Or did you quarrel with him? What did he do to provoke you?"

Shi Xi: ...There was nothing she wanted to hear.

.....

At this moment, there was a knock on the door. Shi Xi ignored her good friend and got up to open the door.

"Xie Yunzhou?" Shi Xi looked at the person outside the door and was a little surprised. "Why are you here?"

"I live next door to you." Xie Yunzhou was still carrying the dishes from Jianglou Restaurant and said, "My assistant bought an extra supper. Do you want to eat it together?"

Shi Xi's gaze fell.

The program team's dinner was a box lunch, and she did not eat a single bite.

It was not because she was picky about food, but because Han Chuan was supervising her not to eat dinner.

She was already too hungry, but when she smelled the aroma of the food, her fingers moved.

"Then I won't stand on ceremony. Thank you!" Shi Xi turned sideways and invited Xie Yunzhou into the room, her eyes curved.

Xie Yunzhou's assistant was so nice!

Xie Yunzhou, who had specially instructed his assistant to buy two late-night snacks: "..."

When Shi Xi returned to her room, she heard that the call that had not been hung up was still going on.

Tao Yuxuan: "Don't tell me that you have fallen in love with Xie Yunzhou? He's not some kind person. I heard that he can even hit women!"

"If you choose him, you might as well choose Leng Qiankun!"

When Shi Xi heard this, she no longer dared to look at Xie Yunzhou's expression.

That was a big villain!

Shi Xi quickly stepped forward and hung up the call. Without any hesitation, she said to Xie Yunzhou, "Those words were said by Tao Yuxuan just now. It has nothing to do with me."

She was the first to shift the blame when she was in trouble.

Shi Xi was not a good person.

Xie Yunzhou was silent for a moment before saying, "I don't hit women."

Shi Xi paused for a moment. "I believe you." 'If you don't hit women, you would just throw them into the river to feed the fish.'

Shi Xi was in a low mood.

She really wanted to stay away from the plot!

"Let's have supper first." Shi Xi helped to arrange the supper and asked, "Will you be staying next to me for the next few days?"

Xie Yunzhou nodded. "Yes."

Shi Xi's eyes curved. "That's really a coincidence."

It wasn't a coincidence.

Xie Yunzhou opened his chopsticks.

He knew that Shi Xi would stay in this hotel, so he specially arranged for her to stay on this floor.

Only the two of them stayed on this floor.

Chapter 119: When You See Ning Yu Coming Back, You'll Be Biased Toward Her!

After finishing her supper, Shi Xi slumped in her chair, feeling physically and mentally happy.

Her gaze met Xie Yunzhou's. Shi Xi sat up straight and tidied up the leftovers on the table.

"What do you want to eat tomorrow morning?" Xie Yunzhou asked.

Shi Xi was puzzled. "Tomorrow morning?"

Why? The big shot villain still had to send her food tomorrow?

Xie Yunzhou: "My assistant will buy me some food. I'll ask him to bring you some along the way."

Shi Xi said carefully, "I remember that the hotel will bring you breakfast."

"The breakfast in the hotel is not good." Xie Yunzhou did not mind tarnishing his hotel at all.

"This..."

"I'll let my assistant buy it." Xie Yunzhou got up and asked, "What time are you going to record?"

Shi Xi replied, "I'm leaving at 9."

"Rest early." Xie Yunzhou left the room and took out the trash along the way.

Shi Xi sat back down and asked the system, "Xie Yunzhou is so good to me. Don't tell me he likes me?"

.....

The system sneered, [You expect a single machine to answer such a high-level relationship question?]

Shi Xi thought about it and agreed. She opened her phone and saw the relationship expert, Tao Yuxuan.

Forget it, she might as well watch the dance of the theme song.

She didn't deserve to have emotional problems.

Shi Xi asked the program team for a video of the theme song and prepared to learn it.

At least these three days shouldn't be wasted, right?

It was too easy to earn money, and she felt guilty about getting paid for this job!

Shi Xi opened the video.

Shi Family's Study Room.

Shi Xu said, "I want to postpone Xi Xi and Sheng Yan's engagement party."

"What?" Mother Shi was the first to disagree. She slammed the table and stood up to object. "I don't agree! Xi Xi and Sheng Yan are childhood sweethearts. Now, the news of their engagement has spread! If they don't get engaged, how will Xi Xi face others in the future?!"

Father Shi nodded slightly and said solemnly, "The matter of the engagement was brought up by us, and the Sheng family has already agreed to the engagement. Now that you say you want to postpone it, what's the reason?"

"Xi Xi is still young. If she gets engaged so soon, what will she do if she meets someone she really likes in the future?" Shi Xu said calmly, "Moreover, Sheng Yan is slowly taking over the Sheng family now, and he doesn't lack all kinds of women by his side."

Xi Xi went to Haicheng to study. In the future, she would be busy with her work and studies, and she would definitely be in a different place from Sheng Yan. "If the relationship between the two of them breaks up after the engagement, it might very likely affect our relationship with the Sheng family."

Mother Shi said angrily, "The two of them have been childhood sweethearts. It's inevitable that they'll get married in the future! If she gets engaged now, she'll directly marry into the Sheng family after Xi Xi graduates."

"Xi Xi is now in the entertainment industry because she likes to play. When she gets tired of playing for a few months, she'll come back."

"As for Sheng Yan... We watched that kid grow up. Your father and I know his personality even better."

"If Sheng Yan dares to let Xi Xi down, his parents won't let him off!"

Shi Xu sighed, "What if Xi Xi falls in love with someone else?"

Mother Shi was stunned. "This, this..."

"Father, Mother, Leng Qiankun was the one who set off the fireworks at Xi Xi's birthday party. He even went to jail because of it. Xie Yunzhou was the one who scattered the rain of roses." Shi Xu looked at the two of them. He said helplessly, "Xi Xi is so outstanding, and she has many suitors by her side. Isn't it a little hasty to decide on Xi Xi's marriage now?"

Father Shi asked, "Is it your idea to postpone the engagement party or Xi Xi's idea?"

Shi Xu replied, "It's my idea."

"Let's wait until we ask Xi Xi tomorrow to decide whether we should hold the engagement party or not." Father Shi made the final decision.

Mother Shi said coldly, "Alright! I knew it! When you saw that Ning Yu had returned, you were biased towards her!"

"Although Xi Xi isn't our biological daughter, she's a good child. In the future, when she marries into the Sheng family, she can be considered to have someone to rely on..."

Chapter 120: He Wanted Shi Xi

In the study room, Mother Shi was rambling on, obviously thinking that Shi Xu was going to break up Shi Xi's marriage and marry Ning Yu to the Sheng family.

After Shi Xu finally explained everything clearly and promised that he would not harm Shi Xi's interests, he sent Mother Shi back to her room.

Back in the study room, Shi Xu pressed between his eyebrows and sighed in his heart.

He had already cooperated with Xie Yunzhou, but he had not completed the matter of agreeing to postpone the marriage.

“Why did you suddenly delay the engagement between Xi Xi and Sheng Yan?” Father Shi looked at Shi Xu, his eyes inquisitive.

He was thinking more than Mother Shi.

Father Shi was very confident in the heir he had groomed. Although Shi Xu doted on his sister, he would never delay the engagement just because of something as intangible as familial love.

There was no harm in marrying the Sheng family. If the engagement was canceled now, it would definitely affect the relationship between the Shi and Sheng families.

Shi Xu put on a serious face and took out a contract. He handed it over and said, “This is Xie Yunzhou’s proposal for cooperation.”

Father Shi opened the contract and said, “Xie Yunzhou’s proposal? We have never cooperated with the Xie family. Why would he suddenly propose cooperation?”

Before Shi Xu could answer, Father Shi saw the contents of the contract clearly and said in surprise, “This, in this way, Xie Yunzhou is giving away all the profits?”

Shi Xu nodded.

“Giving away so much profit, what are his conditions?” Father Shi was not a clueless little rabbit, and his expression turned solemn.

.....

Shi Xu said, “He wants Xi Xi.”

“Impossible.” Father Shi frowned. “The Shi family does not sell their daughters.”

Shi Xu said, “I rejected him, and he proposed to change the condition: delay the engagement between Xi Xi and Sheng Yan.”

Hearing this, Father Shi was silent for a moment. “You agreed?”

Shi Xu said, “Yes.”

Father Shi put down the contract and said, “I’ll go to the Sheng Residence tomorrow to discuss the matter of postponing the engagement banquet.”

Shi Xu heaved a sigh of relief.

As long as Father Shi agreed, this matter would be easy to discuss.

“Have you told Xi Xi about this?” Father Shi asked.

Shi Xu was slightly startled and shook his head. “No.”

He wanted to hide it from Shi Xi. After all, no matter how he looked at it, this kind of transaction did not seem like it was open and aboveboard.

“Then let’s hide it from her. Just say that she’s still young and wants to keep her for another two years.” Father Shi continued, “Take advantage of these two years to observe these few people.”

Shi Xu smiled. "I will naturally take Xi Xi's marriage to heart."

That was his younger sister.

After settling his parents, Shi Xu pondered for a moment before dialing Shi Xi's number.

"Brother? Why did you call me so late? What's the matter?" The girl's voice was soft and sweet, so cute that it made one want to dote on her.

"There's something I want to tell you." Shi Xu's voice was gentle.

Shi Xi was just about to go to bed when she heard exciting good news. She exclaimed, "Postpone the engagement party?!"

Shi Xu said, "You're still young and we want to wait for another two years before you get engaged. That's what Dad wants, so he wants me to ask you what you think."

What thoughts could Shi Xi have?

Of course, she was all for it!

"Sure!" Shi Xi could hardly control her joy. "Forget about postponing it, we can even cancel the engagement!"

"Your engagement has been going on since you were young. How can you cancel it so easily?" When Shi Xi didn't object, Shi Xu heaved a sigh of relief and said, "Then you have a good rest. Tomorrow, Dad will go to the Sheng family and talk about postponing the engagement."

Shi Xi: "Okay, good night, Big Brother."

"Good night." When Shi Xu heard his sister's soft voice, he only felt that it was great to have a cute little sister.
