

## The Fake 161

### Chapter 161: Made People Want To Kiss One Another

Xie Yunzhou then recalled that Shi Xi had recently participated in a recorded program, and there were more than a hundred bright and energetic young people in it.

“Has the date of your engagement party with Sheng Yan been fixed?” Xie Yunzhou asked indirectly.

The fact that the timing had not been found by him recently meant that the matter had not been settled yet.

“Not yet. They said that they were going to postpone it, but Sheng Yan did not agree.” Thinking of this, Shi Xi sighed and said, “But Sheng Yan has also come to Yanjing. I’ll talk to him tomorrow.”

“You want to talk to him?” Xie Yunzhou felt a little uneasy in his heart.

However, when he thought that he was trying to poach someone else, Xie Yunzhou gave up again.

How could he have the right to be jealous?

Perhaps in Shi Xi’s heart, she did not treat him as a man of the same generation at all.

Xie Yunzhou drank half a glass of wine and felt even more bitter.

Life was so hard.

“This wine is not as good as beer!”

“I also think that the ’82 Lafite is just so-so!”

“This steak is really delicious, but it’s too expensive.”

“Being expensive is not its weakness, it’s your weakness.”

Xie Yunzhou had a lot on his mind. Meanwhile, the male college students on the other side were full of energy and were commenting on the five-star restaurant.

The joys and sorrows of humans were different. Xie Yunzhou only felt that they were noisy.

After finishing the main meal, the waiter served the birthday cake.

The lights were dim.

The male college students also quieted down. They looked in the direction of the birthday cake and whispered.

“That girl is Shi Xi, right?”

“It should be her. Her pink hair is too eye-catching.”

“Is it Shi Xi’s birthday?” a person asked in confusion.

“No, I just checked. Shi Xi’s birthday is long past.” Another person put away his phone and said, “It should be that man’s birthday. Is that her boyfriend?”

Hua Hengzhe interrupted, “You guys don’t chase after celebrities. What are you gossiping about?”

The few of them shut up.

Hua Hengzhe said again, “You’re not allowed to take photos, and you’re also not allowed to spread what you saw today.”

The scoundrels zipped up their mouths.

..

The cake was not lit with candles, but with a heart-shaped steel wool firework stick. After it was lit, it emitted dazzling sparks.

Shi Xi urged, “Hurry up and make a wish!”

Xie Yunzhou said in disdain, “I don’t have a wish.”

Making a wish was so childish.

He was not eighteen years old.

Thinking of the age difference between him and Shi Xi, Xie Yunzhou fell silent again.

“Don’t you have anything that you can’t get?” Shi Xi raised her eyes and stared at Xie Yunzhou with her bright black eyes.

Xie Yunzhou looked at the girl behind the cold lighted fireworks. The sparkling sparks reflected in the girl’s eyes were like the galaxy in the universe, shining brightly.

“I will fight for what I want.” Xie Yunzhou’s voice was calm and indifferent. “Asking the gods and asking Buddha is just self-deception.”

Shi Xi mumbled softly, “Then why are you wearing sandalwood beads?”

Xie Yunzhou looked at his wrist.

He liked to wear sandalwood beads on his bracelet. People often misunderstood him as a Buddhist.

Under the dim lights, the male college students quieted down. A few musicians saw the birthday cake appear and automatically played the light version of the Happy Birthday song.

“Then I’ll make a wish for you!” Shi Xi smiled faintly. She crossed her fingers, closed her eyes, and began to make a wish earnestly.

Xie Yunzhou saw the girl’s earnest and devout appearance and only thought that she was cute.

She could even make a wish for others?

After the spark, the girl closed her eyes. Her long eyelashes drooped like a small fan, casting a shadow in front of her eyes, delicate and pretty. Under the bridge of her nose, her cherry lips were rosy, making people want to kiss her.

### **Chapter 162: Grass (A Kind of Plant)**

When the firework stick went out, the girl opened her eyes.

Her long and narrow eyelashes were slightly raised, and her eyes were bright.

“Alright, I made a wish.” Shi Xi took the firework stick away and said, “Let’s cut the cake.”

Xie Yunzhou asked casually, “What wish did you make?”

Shi Xi blinked and said, “This is a secret. If I say it out loud, it won’t be effective.”

Xie Yunzhou cut the cake and said calmly, “Tell me, and I’ll help you realize it.”

Shi Xi: ...Grass (a kind of plant).

Xie Yunzhou cut the first piece of cake and placed it in front of Shi Xi.

Shi Xi looked at Xie Yunzhou and considered whether she should tell him her wish.

“Is it difficult to do it?” Xie Yunzhou looked at Shi Xi’s conflicted expression and couldn’t guess what wish she had made.

Shi Xi held the cake in her hand and said, “It’s not really a wish. It’s a blessing for you.”

Xie Yunzhou: “Blessing?”

Shi Xi: “Yes, I hope that Xie Yunzhou is healthy and happy every day. He will always be able to achieve what he wants.” This way, he would not throw her into the river to feed the fish in a fit of anger.

Hearing Shi Xi’s earnest blessing, Xie Yunzhou felt a warmth in his heart.

The elite education that he had received since young required him to always be first and to always do it perfectly. Even if his fever reached 39 degrees, he had to complete his studies that day. He had to always remain calm and not show his emotions.

But no one had ever told him that they hoped that he would be healthy and happy every day.

As for getting what he wanted...

A hint of a smile appeared in Xie Yunzhou’s eyes.

He would definitely be able to get what he wanted.

Shi Xi was eating the cake when she saw that Xie Yunzhou had only cut a piece for her, but he did not eat it himself. She asked, “Why aren’t you eating the cake?”

Xie Yunzhou said, “I don’t like sweet things.”

Shi Xi cut a small piece for him and said, "Then you still have to eat a piece."

Xie Yunzhou took a bite.

It was indeed very sweet.

It was so sweet that it reached his heart.

While the two of them were eating the cake, the other table had already ended.

Hua Hengzhe was calculating the price of this table in his mind —

There was no need to calculate at all!

When that scoundrel friend of his ordered the '82 Lafite, he knew that 10,000 yuan was definitely not enough!

He said that he had money, but this group of people was really not polite!

Hua Hengzhe took his phone and sent a message to Hua Xuanhe, but the other party did not reply.

He could only pretend to go to the bathroom and call for help.

His scoundrel friend pulled him back. "You're not going to run, are you?"

Hua Hengzhe flew into a rage out of humiliation. "What kind of person do you think I am?"

His scoundrel friend said matter-of-factly, "Someone who pays the bills!"

Hua Hengzhe: "...Don't worry, I won't run."

He first went to ask if he could put it on Hua Xuanhe's and his account.

After getting a negative answer, Hua Hengzhe went to the bathroom to call for help.

"Brother, come and save me. I don't have enough money to eat, so I'm going to be left here to wash dishes!"

Hua Xuanhe was having dinner with Sheng Yan when he heard his useless brother's voice. "I just happen to give you a chance to exercise."

Hua Hengzhe: "Please, Brother, I'm treating my college roommates to dinner today. I can't lose face in front of them! Besides, I can't let them help me wash dishes!"

"Where did you eat? I'm going to pay the bill." Hua Xuanhe suspected that his brother was trying to scam money.

"Marriott."

"I happen to be nearby. I'll pick you up in ten minutes." After Hua Xuanhe said that, he directly hung up the phone.

Having a useless brother was more tiring than raising a son.

Sheng Yan asked thoughtfully, "Do you have something to do?"

“Some family matters,” Hua Xuanhe said helplessly.

Hua Hengzhe dawdled in the bathroom for a few minutes. When he came out, he saw his friends eating cake.

“You ordered cake again?” Hua Hengzhe asked.

“It was Shi Xi who invited us to eat it,” Hu Peng explained. “She said that it was a waste not to eat all the birthday cake, so she invited us to eat it together. Hurry up and eat it. She specially saved the biggest piece for you!”

Thus, when Sheng Yan and Hua Xuanhe arrived at Marriott restaurant, they saw Hua Hengzhe eating Xie Yunzhou’s birthday cake.

Xie Yunzhou and Shi Xi had finished their meal and were about to leave.

They bumped into each other.

When Hua Xuanhe and Sheng Yan saw him, they were slightly startled. “Young Master Xie?”

Sheng Yan looked at Shi Xi and his gaze paused.

As for Hua Hengzhe, he was still eating Xie Yunzhou’s birthday cake. “Oh? Brother, you’re here.”

### **Chapter 163: Why Can Such An Ugly Tie Still Be Bumped Into**

Hua Xuanhe saw his silly younger brother, directly ignored him, and looked at Xie Yunzhou. The first thing he paid attention to was his tie.

Didn’t his silly younger brother say that this tie was unique?

Why could such an ugly tie still be bumped into?

Moreover, the tie Xie Yunzhou was wearing seemed to be made of real silk. The texture and dark lines were better than his.

It was not scary to meet the same tie. It would be awkward if the tie was pirated.

Hua Xuanhe calmed down and said with a smile, “I didn’t expect to see Young Master Xie here. Is this lady your girlfriend?”

“No, that’s my fiancée,” Sheng Yan said indifferently.

Everyone: “...”

Shi Xi coughed to break the awkwardness. “Hello, my name is Shi Xi.”

Hua Xuanhe saw Shi Xi’s pink hair and instantly thought of it.

Hua Hengzhe had been calling out that the person who looked like his auntie was her.

At a closer look, it was indeed somewhat similar.

“Hello, my name is Hua Xuanhe.” Hua Xuanhe smiled warmly.

Xie Yunzhou naturally saw Hua Xuanhe’s tie, but he also noticed the difference in the tie.

It was obvious that he was wearing something more advanced.

“If there’s nothing else, we’ll be leaving first.” Xie Yunzhou’s tone was indifferent, and his expression was even colder.

One was Shi Xi’s fiancé, and the other was a man who wanted to strike up a conversation with Shi Xi.

What kind of expression could he have?

“Wait a moment.” Hua Xuanhe looked at Shi Xi and said, “There’s a banquet next week, and there will be many directors and producers from the entertainment industry attending. I wonder if Miss Shi will be able to attend?”

Shi Xi replied, “We’ll be recording soon. I don’t know if I have time next week. I’ll go back and ask my manager. If there’s time, I’ll definitely be there.”

Hua Xuanhe couldn’t help but laugh. “Okay.”

After adding WeChat, Shi Xi left with Xie Yunzhou.

Sheng Yan watched the two leave. After a moment of silence, he said to Hua Xuanhe, “I’ll go back and rest first. We’ll meet again next time.”

Hua Xuanhe nodded.

After sending the three away, Hua Xuanhe paid the bill and took back his useless little brother.

“Isn’t it a unique tie? Did you buy it especially for me?” The corner of Hua Xuanhe’s eyes twitched.

“It was an accident. It was just an accident!” Hua Hengzhe raised his hand and swore. He said sadly, “I can only say that that person’s aesthetic judgment is similar to mine.”

Hua Xuanhe fell silent.

Xie Yunzhou and Hua Hengzhe’s aesthetic judgment was similar?

Forget it.

He couldn’t kill his own brother.

Then he thought about the relationship between Shi Xi, Xie Yunzhou, and Sheng Yan.

The noble circle was so complicated.

\*

Shi Xi came out of Marriott Revolving Restaurant and faced the next difficult problem.

Whose car should she take back to the hotel?

“I was the one who brought Shi Xi out. Naturally, I am the one who sends her back.” Xie Yunzhou stood in front of Shi Xi.

“That Xi Girl is my fiancée. You don’t have to worry about her, President Xie.” Sheng Yan lifted his chin slightly and pursed his lips slightly, looking at Shi Xi behind him.

Xie Yunzhou turned his head to look at Shi Xi. “Whose car do you want to take back?”

Their gazes were focused on Shi Xi.

Shi Xi: ‘I choose to take a taxi.’

“Well, it’s not far. I’ll walk back.” Shi Xi smiled sheepishly. “Just treat it as a walk.”

Sheng Yan: “I’ll accompany you.”

Xie Yunzhou disagreed and looked at Shi Xi. “The hotel is surrounded by paparazzi. Aren’t you afraid of being photographed?”

Shi Xi thought about it and agreed. If the paparazzi caught her shopping with a man, she would be criticized by the netizens.

So, it was better to take a taxi.

Sheng Yan opened the car door and said in a domineering voice, “Xi Girl, come here.”

Xie Yunzhou smiled. “Shi Xi, whose car do you want to take?”

#### **Chapter 164: I Want To Be Under the Car. I Don’t Want To Be In the Car**

Shi Xi decided to leave this deadly Asura arena.

She took out her phone. “I’ll take a taxi.”

As soon as she finished speaking, Sheng Yan carried her and threw her into the back seat.

“What taxi?” Sheng Yan frowned and sat in the back seat as well.

Xie Yunzhou narrowed his cold eyes when he saw Sheng Yan’s action.

In the next second, Xie Yunzhou walked to Sheng Yan’s car and opened the door on Shi Xi’s side.

“My car needs to be sent for maintenance. President Sheng, can you give me a ride?” Xie Yunzhou smiled politely, but he was already sitting in the back seat.

In this way, three people were sitting in the back seat.

When Sheng Yan saw Xie Yunzhou get into the car, he hinted, “The passenger seat is still empty.”

Xie Yunzhou smiled and said, “Yeah, the passenger seat is still empty. Why doesn’t President Sheng sit in the front?”

Sheng Yan said, “I got in the car first.”

Xie Yunzhou said, "You're closer to the passenger seat."

Shi Xi sat between the two of them and raised her hand. "How about this? I'll sit in the passenger seat."

Sheng Yan and Xie Yunzhou looked at each other.

Sheng Yan pressed down on Shi Xi's shoulder. "The back seat is very spacious. Let's just sit like this."

Xie Yunzhou did not say anything.

Shi Xi was already prepared to crawl from the middle of the back seat to the front seat, but was held down by Sheng Yan.

'D\*mn.'

'If you want to fight, then fight. Don't put me in the middle!'

'I want to be under the car. I don't want to be in the car!'

Shi Xi wanted to say something to ease the awkward atmosphere.

Forget it. It was better not to say anything.

Shi Xi simply shut up and counted in her heart when she would arrive at the hotel.

As long as she went back, she would be able to have a good rest.

The other two people did not bother to talk to each other at all. They remained silent all the way.

Seeing that the hotel was right in front of them, Shi Xi heaved a sigh of relief.

She could finally escape the oppressive atmosphere of these two people.

However, just as they entered the hotel, Shi Xi saw the young girl sitting on the sofa in the hall.

Her expression was cold and indifferent, her long hair was black and straight. She raised her eyes slightly, but there were no ripples in her eyes.

'Ning Yu?!'

'Why is she here?!'

When Shi Xi saw Ning Yu, Ning Yu raised her eyes and looked at her, then slowly stood up.

Was she here to look for her?

Had she done anything bad recently?!

Shi Xi wanted to retreat and escape.

But behind her were Sheng Yan and Xie Yunzhou.

Shi Xi had no choice but to bite the bullet and step forward. "Ning Yu... Sis?"

Ning Yu stood up and dragged a basket of hairy crabs over. "My parents asked me to bring this for you."

Shi Xi looked at the basket of hairy crabs and a big question mark appeared in her mind. "Huh?"

Ning Yu explained, "My parents said that the last time they brought you hairy crabs, you gave them to others to eat and didn't eat much yourself."

"This time, when I came to Yanjing, they asked me to bring you a basket alone."

Shi Xi was silent for a moment and said, "I'm allergic to seafood, so I can't eat hairy crabs."

A big question mark appeared in Ning Yu's mind. "Huh?"

Shi Xi said, "That's why when they sent me the crabs the last time, I brought them directly to the cafeteria to give the trainees extra food."

Ning Yu didn't understand. "Why didn't you tell them directly that you're allergic to seafood?"

"I wanted to tell them, but they sent me hairy crabs from thousands of miles away. If I told them directly, wouldn't it make them sad?" Shi Xi said helplessly, "I originally wanted to wait for some time before telling them that I'm allergic to seafood. I didn't expect them to send me the crabs so soon."

Shi Xi didn't want to tell the Ning couple because she didn't want to let down their good intentions.

Besides, who would send hairy crabs across mountains and seas again and again!?

Shi Xi didn't expect that the Ning couple would notice that she didn't eat hairy crabs and even specially send her a basket of them.

And it was sent by Ning Yu.

### **Chapter 165: The Director Opened the Door and He Got Into the Car. The Director Was Angry At Him For Singing**

"Thank you for sending it to me. Thank you for your hard work." Shi Xi covered her heart.

How could she let Big Boss Ning Yu send her hairy crabs?

"It's just on the way," Ning Yu said calmly.

"On the way? On the way to what?" Shi Xi asked, "Did you come to Yanjing to do something?"

Ning Yu nodded.

Shi Xi thought of something and guessed, "Is school about to start?"

"No." Ning Yu sighed. "I'm going to participate in the summer camp."

"Summer camp?"

Ning Yu left the hairy crabs behind and said, "The things have been delivered. I'm leaving first."

Shi Xi stopped her. "Where are you going? Aren't you going to stay here?"

“The summer camp has arranged a place for us to stay. I still have to go to the gathering.” Ning Yu hesitated for a moment. She tilted her head and said to Shi Xi, “Don’t worry about the comments on the internet. They’re just jealous of your current achievements. Just do your best.”

Shi Xi was slightly startled, but then she smiled faintly. “Are you consoling me?”

Ning Yu had her hands in her pockets. She was cool and handsome. Without turning her head, she said, “It was my parents who told me to tell you. I’m leaving.”

Ning Yu waved her sleeves, not taking a cloud with her.

All that was left was a basket of hairy crabs.

Shi Xi stared at the basket of hairy crabs in a daze.

She really wanted to eat them, but she was allergic.

Shi Xi looked at the two people behind her. “Do you want to have some supper? I’ll get the chef to make some crab meat stew?”

The two of them said, “I’m not hungry.”

They had just finished eating.

Shi Xi sighed.

The two of them had to go to work tomorrow during the day.

She had to go to work too.

“Then I’ll bring some extra food for the trainees tomorrow.” Shi Xi could only let the trainees off the hook again.

She hoped that they would keep their mouths shut and say more nice things about her.

\*

The next day, Shi Xi brought the hairy crabs into the car. Han Chuan’s eyelids twitched as he watched.

“Why did you buy so many hairy crabs?” Han Chuan asked.

Shi Xi put the hairy crabs into the trunk and said, “I didn’t buy them. My parents sent someone to bring them to me.”

Han Chuan looked at the live hairy crabs and felt a little emotional. “Are you going to give it to the director?”

Not bad!

She was very self-aware!

Shi Xi closed the trunk and clapped her hands. “This is to give extra food to the trainees.”

Han Chuan: ‘As expected, you can’t expect an artiste to understand the ways of the world.’

Han Chuan thought of the artiste he had brought with him before that could not be more insensible. The director wanted to place food on his plate and he turned the table. He didn't drink the toast given by the director. When the director opened the door, he got into the car. The director was angry at him for singing. He had turned himself from a new generation of traffic idols into an 18-line scribbler, and now he was still scratching his feet at home.

He hoped that Shi Xi wasn't so brainless.

After getting into the car, Han Chuan gave the script to Shi Xi and said, "You don't have to go to the recording studio tomorrow or the day after. I'll bring you to record this variety show."

Shi Xi looked at the werewolf game on the script and asked warily, "What variety show is this?"

It looked so fierce.

Han Chuan said, "It's an indoor werewolf killing variety show. Although the cost is low, the reputation is very good. If you perform well, it will attract a lot of fans."

Shi Xi opened the script to look at the process. When she saw that the guest list was blank, she asked, "Who else will participate?"

Han Chuan replied, "This game has a total of four permanent hosts. Each episode will invite eight guests."

"This episode will invite you and the top three of [Star Idol]."

"There are four other guests. They will find someone else to participate. They haven't decided who they will be yet."

Shi Xi was puzzled. "Why didn't they invite Shen Hanquan and the others over? Shen Hanquan, Teacher Zheng, Ai Yi, Shuo Nan, me, and the top three this time, there are exactly eight people."

Han Chuan was expressionless. "A small variety show, they can't afford to invite them."

Shi Xi: "?!"

Then why could they afford to invite her!?

It was fine if she couldn't compare to Shen Hanquan and Zheng Feikai, but why was Shuo Nan worth more than her?!

### **Chapter 166: Was Now a Female High School Student That Everyone Loved. Next Month, It Would Be the Game Killer Female College Student**

Shi Xi's eyes widened. "Shuo Nan's advertisement fees are also higher than mine?"

Han Chuan was surprised. "How can you compete with him?"

The sharp knife of language stabbed into Shi Xi's chest.

"Why can't I compete with him? Am I not more popular than him?" Shi Xi was indignant.

“Shuo Nan is the youngest champion of [King of Dance]. Apart from learning breakdancing, he also went to the Dance Academy to further his studies. Whether it’s his strength or popularity, he is currently the top performer in the dance industry,” Han Chuan said in a low voice. “I heard that he rejected several male lead roles from the production team and only wanted to focus on dancing.”

Right now, be it singers or idols, they were all turning into actors. It was as if only movies and television dramas were work only.

But Shuo Nan had always insisted on being active on stage.

This made Han Chuan admire him a little.

Shi Xi gave up comparing herself to Shuo Nan. She leaned back in her chair and asked, “Aren’t there any other variety shows that have invited me?”

Han Chuan replied, “Yes, but Shi Xu always said that I can’t accept too many jobs for you.”

“My brother?” Shi Xi tilted her head and looked over.

Shi Xu was so devoted to her?

*novelusb.com*

Han Chuan nodded. “Shi Xu always said that I can’t let you work too hard and it can’t affect your studies. You should still remember that you still have to go to school.”

Shi Xi: “I know. I’m now a female high school student that everyone loves. Next month, I’ll be a female college student who’s a game killer.”

Han Chuan: “?”

‘You’re quite accurate in your positioning.’

And when Shi Xi thought about how she was going to go to Haicheng to study next month, but she still had to record in Yanjing, she felt like she was going to die.

Why didn’t she choose Yanjing University?

It was so close!

Shi Xi continued to look at the script for the werewolf game and asked, “Oh right, is it difficult to kill a werewolf?”

Han Chuan’s eyes widened. “You don’t know how to play Werewolf?”

Shi Xi’s eyes widened. “Yeah, that’s why I’m asking you if it’s difficult.”

Han Chuan: “...Hurry up and learn!”

Before he accepted the job offer, he should have asked Shi Xi if he knew how to play Werewolf!

It was all his fault for being too confident, thinking that everyone in the game knew how to play Werewolf.

Shi Xi looked at the rules and said thoughtfully, "It doesn't look like it's very difficult."

Han Chuan said, "But I don't think you're very smart."

After Shi Xi looked at the rules, she realized that she did not understand them at all.

But the car had already arrived at the recording point.

Shi Xi had no choice but to give up and drag the hairy crabs in first.

Hence, the sister who had been squatting at the entrance all day to take pictures of the trainees managed to capture Shi Xi dragging a basket of hairy crabs in.

The photo of Shi Xi dragging the hairy crabs to record was uploaded to the internet.

[This is hilarious. I originally wanted to wait for Bai Cangyang to get off work, but I didn't expect Shi Xi to bring the hairy crabs to work.]

[Xi Xi Zi is so cute! Let me mua a little!]

[Hahahaha, why did you bring the hairy crab to work?! It's too weird!!]

[That hairy crab looks so fat! My saliva is dripping!]

[Do you know what brand it is? I really want to buy it!]

[I want to too, that hairy crab is really big! I really want to eat it!]

The sister's picture was zoomed in countless times, but the logo on it could not be seen clearly.

Many people had asked, and the topic of #beg for the same type of hairy crab# had actually become a trending topic.

The situation had become even stranger.

[I'm dying of laughter. Other celebrities: beg for the same type of clothes, shoes, and bags. Shi Xi: beg for the same type of hairy crab.]

[So where did she buy it from? Is there a link?]

[I've seen big hairy crabs before, but this basket is so big! It should be specially provided, right?]

[Before clicking on the picture: how big can it be? After clicking on it: it's really big, I also want to ask for the same type.]

[...]

At the same time, the same type of hairy crabs that the netizens were asking for had already been cooked into spicy crabs.

## **Chapter 167: The Biggest One Was For You, The Others Were Not That Big**

After the recording ended, Shi Xi found out that she was trending.

Han Chuan was a little speechless about the trending searches on Shi Xi.

When female celebrities were trending, they would go crazy on the red carpet.

The trending search on Shi Xi was that the hairy crabs were huge.

Was Shi Xi not better looking than the hairy crabs?

But even Tao Yuxuan couldn't help but ask Shi Xi: [The hairy crabs are really big. Where did you buy them?]

Shi Xi: [They raised them at home.]

Tao Yuxuan: [The Shi family is starting to engage in aquaculture? How come I didn't know about it?]

[No wonder you were asked to promote it. To produce it at home, and to promote it as a celebrity... Wonderful!]

Shi Xi: [Not the Shi family. My biological parents raised it in the village.]

Tao Yuxuan stared at it for a while before replying: [Can you get me a basket? I'm hungry.]

Shi Xi: [Wait for me to go back and ask.]

After scrolling through the comments on Weibo for a while, Shi Xi made a video call to Mother Ning.

"It's Xi Xi. Did you eat the hairy crabs that Ning Yu brought for you? How is it?" Mother Ning looked at Shi Xi across from her. "Eat more meat. Look, you've lost weight again."

Han Chuan sat at the side and could not help but mutter, "She's obviously gained weight."

Shi Xi ignored Han Chuan beside her and said, "The hairy crabs are very delicious. Are these raised by the village?"

She remembered that Mother Ning had said that these were all raised by Long Quan Village.

But at that time, Shi Xi did not ask in detail.

Mother Ning said, "Yes, it was Ning Yu who said that she wanted to help the villagers become rich and set up a hairy crab farm. It's just that there are too many of them now, and they're charging a low price for the crabs. That price is too low!"

"Ning Yu said that she would find some streamer to do a live broadcast and bring in the goods. In the end, the equipment was all set up, but that streamer felt that this place was too far away, so she didn't come.

"They were selling it live, but they couldn't sell it no matter how hard they tried. Right now, the village is still thinking about how to deal with this batch of hairy crabs."

Mother Ning was someone who liked to chatter, so she unknowingly spoke a lot more.

Shi Xi could not help but ask, "You can't even sell such a big hairy crab?"

That was ridiculous.

Mother Ning said, "I picked the biggest ones for you. The others are not this big."

Shi Xi: '...No wonder.'

"The others are not small either. It's just that those crab harvesters see that we are easy to bully, so they are pressuring our prices." Mother Ning said indignantly, "This group of black-hearted businessmen!"

Shi Xi thought for a moment and said, "You said just now that the equipment for the live broadcast to bring the goods has been set up?"

"Yeah." Mother Ning lowered her voice. "The people that Ning Yu found are pretty good. They even helped us pack when they came. It's that streamer. She said that she would come, but in the end, she didn't come."

The people that Ning Yu found were definitely reliable.

As for the streamer acting like a big shot...

Shi Xi smiled and said, "I'll help you recommend someone to bring the goods. She'll definitely be able to do it well."

Mother Ning: "En?"

Three hours later.

Long Quan Village.

The car stopped. Tao Yuxuan got out of the car and took off her sunglasses. She felt as if she was in the countryside.

Oh, she was indeed in the countryside.

The village chief and Mother Ning came over to welcome her and brought Tao Yuxuan to the live broadcast room.

Tao Yuxuan sent a message to Shi Xi: [What if I can't sell it?]

Shi Xi: [If you can't sell it, then you can buy it all yourself.]

Tao Yuxuan: "?!"

'Alright, I don't have a lot of things, but I have money.'

Shi Xi asked Tao Yuxuan to open the live broadcast room and sell the goods as usual.

The live broadcast team was very cooperative, as expected of the team that Ning Yu found.

Tao Yuxuan opened the live broadcast and the number of viewers: 1

This 1, it was Tao Yuxuan's own mobile phone that entered.

Tao Yuxuan: I will show you hairy crabs?

Shi Xi duly posted a Weibo, promoting the livestream room.

## Chapter 168: Buying Fans, She Was Familiar With It!

@Shi Xi: [Everyone is asking about hairy crabs. The link is here. The livestream link is [picture].]

Not only did she post the link, but it was also accompanied by photos of spicy crabs taken in the afternoon and Shi Xi dragging a basket of hairy crabs.

Immediately, there were anti-fans jumping around: [As expected, she wants to sell goods, hehe.]

[Other female celebrities sell brand-name cosmetics and clothes, but you sell hairy crabs?]

[The business you take on isn't that good, but you can't be this bad. Why do you need to take on hairy crab advertisements?]

The haters jumped up and down. The fans had already clicked into the livestream room and started buying hairy crabs.

Tao Yuxuan saw the number of people in the livestream room soar and said in surprise, "So many people? Are you buying fans?"

She was familiar with the operation of buying fans!

The staff member raised his sign: [The ones on the shelves now are more than five taels of hairy crabs. You can place your order now.]

After Tao Yuxuan read it, she began to express himself freely. "Old friends, hurry up and buy! Shi Xi has the same type of hairy crabs! If you buy it, you'll make a profit!"

In the livestream room: [There isn't.]

[Where?]

[What link?]

This was Tao Yuxuan's first time selling goods in a live broadcast. When she saw the question in the live broadcast room, she said to the staff member, "Old friends, the link isn't up yet."

Watching the live broadcast, Shi Xi: '...Why did you call them old friends so naturally?'

Tao Yuxuan had already completely blended into the live broadcast with the goods.

The staff member said in surprise, "It's already sold out. It was sold out in 11 seconds! Now, let's open a new link."

Tao Yuxuan looked at the screen and said, "Brothers, you're awesome!"

Shi Xi had initially thought that if she could not sell it, she would let Tao Yuxuan buy it and give them away.

In the end, she did not expect the sale to go very smoothly.

In less than ten minutes, the hairy crabs were all sold out.

Tao Yuxuan had nothing to do and started to livestream eating crabs.

Shi Xi had underestimated her ability to carry goods and had also underestimated her influence.

This was because there were still haters jumping under the Weibo page where she carried goods.

[Shi Xi's resources are really bad. Without a business endorsement or variety show, she can only live broadcast and sell hairy crabs.]

[Haha, she even accepts such a business. Shi Xi is really lousy.]

[If she can't receive the resources of the fashion circle, it's useless no matter how good-looking she is. Last time on the red carpet, she couldn't even borrow a big-name gown.]

[Isn't Shi Xi rich and beautiful? You can't borrow a big-name gown?]

[Shi Xi is a fake heiress! Her parents are both from the countryside. Shi Xi should have been a peasant girl from the countryside. A peasant girl endorsing hairy crabs is a perfect match.]

The anti-fans were hopping.

Zhen, the passerby fans were thanking Shi Xi.

[Thank you, great beauty, for allowing me to snatch the hairy crab! Great beauty, good karma!]

[It's so big! It's even bigger than the streamer's face!]

[The streamer is already eating the hairy crab. It's so fragrant.]

[Sob, sob, sob, sob, sob, sob. I'm so angry that I didn't manage to snatch it.]

[Even if Shi Xi is a fake heiress, she's still better off than the haters. Don't be jealous.]

After pulling back and forth, Shi Xi was once again out of the limelight.

After that, the buyers who received the hairy crabs felt that they had made a profit by buying it. They turned into dragon spring's hairy crab + Shi Xi's loyal fans.

Tao Yuxuan also received a lot of attention because of this live broadcast, but she was not happy at all because the staff sold all the hairy crabs and did not leave a basket for her.

This city, oh no, this village had another sad person.

The staff and villagers next to her were very happy. Only Tao Yuxuan was disappointed.

The joys and sorrows of humans were not the same.

Tao Yuxuan only wanted to eat hairy crabs.

..

After the hairy crab incident, Han Chuan received many invitations to bring goods for live broadcasts.

Even the live broadcast of the hairy crabs that Shi Xi had led was used as an example by the e-commerce industry because of its high sales and instant sales.

Shi Xi instantly became the darling of the e-commerce industry.

Han Chuan: Shi Xi's strange way of leaving the circle.

### **Chapter 169: Life Over Again**

Other female stars: the darling of fashion.

Shi Xi: the darling of e-commerce.

Something didn't feel right.

Shi Xi didn't care about the comments on the internet.

She was too busy learning how to play Werewolf to read the comments on the Internet.

Even if she did, she wouldn't care.

The car drove Shi Xi directly to the recording site of the Werewolf game.

The first ranking for [Star Idol] had yet to be announced, so this time, they chose the top three of the week:

Bai Cangyang, Li Jinfan, and Pei Jie.

Shi Xi knew that Bai Cangyang and Li Jinfan were very popular. As five-star contestants on the program team, it was not surprising that they could be in the top three.

### **novelusb.com**

However, Shi Xi did not expect Pei Jie to be in third place.

Even though it was a weekly ranking, it was still very impressive!

Although Werewolf game was a low-budget variety show, each episode would have a theme that was as unique as possible.

Because the program was well-produced and the content was interesting, it attracted many loyal variety fans.

In this episode, the Werewolf game's theme was a swimming pool party.

All the players wore swimsuits to show off their good figures, which added a bit of coolness to the hot summer days and nine points of eye candy.

The four regular hosts came on stage one by one to introduce today's guests:

"Because of her beauty, the popularity idol mentor — Shi Xi!"

The camera aimed at the spot where she appeared and shot from the bottom up.

Her slender and straight legs, her slim waist that did not have a single bit of fat, and her skin that was as white as milk that made people want to get their hands on her. Cough, cough.

The bright yellow floral bathing suit wrapped around the girl's figure, and she wore white chiffon long sleeves. Her long pink hair fell on her chest, covering the spring light.

Although it was a swimming pool party, the program team did not dare to let the guests wear too revealingly. They chose clothes that could accentuate their figure and pass the censor.

The girl's makeup was exquisite, and her eyes were dark and bright. Her eyeliner was slightly raised, adding a bit of enchantment and charm.

Shi Xi waved her hand to greet them, and her smile was pure and gentle. She didn't reveal anything, but she looked fresh and refined.

This scene was directly captured by the director and placed on the cover of this episode's variety show.

Because of this cover, the number of hits on this episode of [Werewolf Game] had increased exponentially. The number of views in a single episode had exceeded 100 million, which was even higher than the total views of the previous episodes combined!

And after Shi Xi appeared, the fans on the bullet screen mercilessly mocked the haters.

[Haha, Shi Xi doesn't have a variety show. Why did she slap their faces so quickly?]

[Not only is Shi Xi beautiful, her figure is also good. Who's angry to death? So the anti-fans are angry to death.]

[She's officially recognized as a popularity idol mentor. Tsk tsk.]

[Hehe, she can only appear in this kind of small variety show. Does a big variety show like Shi Xi?]

[It's only played for three minutes, and the hatchet man is already here? They're really faster than the fans!]

[...]

The next to appear was the top three of this week in [Star Idol].

Bai Cangyang, Li Jinfan, and Pei Jie were all-rounded and outgoing.

The three of them had very different personalities. The only similarity was that they were handsome and attractive. When they walked out together, the air was filled with a strong youthful aura.

The host, Brother Dao, applauded and said, "So handsome! They're just a little worse than me."

The female host, Qin Coco, looked at him and said mercilessly, "You and they are only one reincarnation away."

Brother Dao covered his heart and said, "Let's just start over again."

Qin Coco led the host on the right track and said with a smile, "Alright, let's give a round of applause to the gamers of this episode. They are friends from Yanjing University's summer camp."

Shi Xi's eyes widened when she saw the gamers walking over.

Why was Ning Yu here?!

## Chapter 170: Do You Nobles Only Drink 19 Yuan a Bottle of Sweet Wine?

Ning Yu also saw Shi Xi. She nodded slightly and walked to her seat.

After that, the host introduced the rules of the game, but Shi Xi didn't listen to a single word.

'Good-for-nothing, why would Ning Yu enter the entertainment industry?' Shi Xi was flustered.

She wouldn't be slapped in the face again, right?

System: [Ning Yu participated in this program as a gamer. There was such a plot in the original plot, don't you remember?]

Shi Xi: '...A novel with a few million words, do you really think I memorized it?'

Even though she said that, Shi Xi still tried her best to recall this plot.

Oh ho, it was because of this plot that she couldn't understand and directly skipped over it.

She didn't expect this day to come.

The system comforted her: [Don't worry, you're not the one Ning Yu wants to slap today.]

Shi Xi: 'Then who is it?'

[It's the girl standing next to Ning Yu. Her name is Nan Yi, and she's also a prospective freshman at the Yanjing University Summer Camp.] The system showed mercy and briefly introduced the plot, [Nan Yi looks down on Ning Yu for coming from a small place and finding fault with her everywhere. In the end, she was completely crushed by Ning Yu.]

As soon as the system finished speaking, Shi Xi heard the sounds of people looking for trouble.

"When drinking red wine, you have to rotate the glass like this to let the fragrance of the wine come out. Then, you can sniff the fragrance of the wine before drinking." Nan Yi shook the red wine glass in her hand, took a sip of red wine, and looked at Ning Yu scornfully. "A person like you who came from the countryside shouldn't have the chance to come into contact with such high-end red wine, right?"

Shi Xi watched from the side and thought to herself, 'Isn't it good to be alive?'

'Why do you have to find trouble?'

Ning Yu raised her wine glass and shook it.

Nan Yi's eyes were filled with disdain as she smiled and said, "It's not like that."

Ning Yu raised her eyes slightly and said, "This is Cabernet Sauvignon Rose Red Wine. It's considered an entry-level sweet wine, 19 per bottle."

Nan Yi: "??"

Ning Yu chuckled and asked in a puzzled manner, "Do you nobles only drink a 19 yuan bottle of sweet wine?"

Nan Yi: “?!”

After saying that, Ning Yu put the red wine glass aside and turned around to look for clues to the mission. She no longer paid any attention to Nan Yi.

Nan Yi was fuming. She wanted to explain herself to Ning Yu, but she was stopped by her colleague, Senior Yan.

“Nan Yi, have you found any clues?” The senior smiled gently and reminded her that she was still recording.

Nan Yi, who was stopped, took a deep breath. “I was just about to look for it.”

There was no rush to crush Ning Yu.

Shi Xi watched the entire process from the side and gave Ning Yu a cry in her heart.

Her sister was mighty and domineering!

Li Jinfan came over and asked, “Sister Xi, have you found any clues?”

Shi Xi asked, “What clues?”

When the host explained the rules just now, her mind was filled with Ning Yu and she didn’t hear a single word.

Li Jinfan said helplessly, “The twelve of us have to look for clues about the identities of others to use to kill the werewolves behind us.”

“Where do we look for them?” Shi Xi asked directly.

Li Jinfan spread out his hands. “I don’t know.”

Shi Xi: “...” It was more or less the same as what she had said.

Seeing that they were looking around, Shi Xi began to look for clues as well.

Li Jinfan followed beside Shi Xi and said, “Shall we form a team?”

Shi Xi said, “Form a team?”

Li Jinfan nodded. His black and bright eyes were pure and flawless. “I’m a villager. What’s Sister Xi’s identity?”

The villagers were good people and did not have the strength to truss a chicken.

Shi Xi smiled faintly. “Trying to get my identity?”

“No! What I want to say is that if Sister Xi is a god, that would be the best.” Li Jinfan’s eyes were clear. “I can help Sister Xi block a knife.”

Shi Xi’s eyes curved. “What if I’m a wolf?”

Li Jinfan was slightly startled.
