

The Fake 201

Chapter 201: She Knew This Question

And the pink diamond was a perfect treasure that combined bling and tenderness.

Sheng Yan took out an earring and handed it to Shi Xi.

Shi Xi didn't stand on ceremony and wore the earring under the reflection of the glass cover.

Her long pink hair was pinned behind her ears, and the sparkling pink diamond earring was very dazzling.

Sheng Yan carefully closed the glass cover and locked it with a passcode, afraid that the item would be stolen.

Shi Xi: '...It's rare to see such a cautious male protagonist.'

In the glass cover, there was only one side of the pair of earrings.

It was still beautiful.

"What's that stage for?" Shi Xi pointed to the small stage in the middle and asked, "Is it for the purpose of welcoming me?"

"It's for the competition," Sheng Yan said. "At 11 o'clock, a small jewelry appreciation competition will be held. The winner will get a prize."

It could also be considered as adding a bit of liveliness to the exhibition.

Sheng Yan asked, "Didn't you read the invitation card I gave you?"

Shi Xi thought of the invitation card lying with the poster. After a moment of silence, she said, "Since you directly picked me up, why should I read the invitation card?"

Sheng Yan said, "You're right."

While the two were chatting, people gradually began to come in.

Sheng Yan invited people who had some assets in Yanjing. When these people saw Red Flame in the exhibition, they couldn't stop praising it.

Shi Xi also saw people who were also drooling at Red Flame.

Hua Xuanhe accepted the invitation, but he didn't have time to come over, so he asked his younger brother, Hua Hengzhe, to come over.

Hua Hengzhe didn't disappoint them. He looked over one by one and finally stopped in front of the Red Flame.

Then he pointed at the Red Flame and asked, "How much is this?"

A staff member standing at the side smiled and said, "Sorry, this is not for sale. It's only for exhibition."

Hua Hengzhe lay on the glass cover and looked at it for a while. Then he reluctantly raised his head and asked, "Then how can I get my hands on it?"

Shi Xi smiled as she passed by.

She knew this question!

"This is the Sheng family's heirloom. If you marry Sheng Yan, it will be yours." There was a smile in Shi Xi's eyes as she told him the method to possess the Red Flame.

The other guests who heard this could not help but laugh.

Hua Hengzhe looked at the source of the sound and saw that it was Shi Xi. He asked in surprise, "Why are you here?"

Shi Xi said, "You're here. Why can't I be here?"

Hua Hengzhe straightened his body and asked, "This ruby necklace belongs to Sheng Yan?"

Shi Xi nodded. "Nonsense. This is the jewelry exhibition he organized."

Hua Hengzhe rubbed his chin, deep in thought.

Shi Xi teased, "What's wrong? Do you want to marry him and get this necklace?"

"What are you talking about? I'm thinking if I should betroth my sister to him." Hua Hengzhe finished scamming his brother and started scamming his sister.

"Who's your sister? Is she here?" Shi Xi looked around.

If Hua Hengzhe's sister liked Sheng Yan, then she would be a supporting actress!

Hua Hengzhe: "No, she hasn't been around recently."

Shi Xi: "... " Then what the h*ll are you talking about!

"But, my cousin is here." Hua Hengzhe raised his head and waved at a place. "Cousin, I'm here!"

Cousin?

Nan Wan?

Shi Xi looked up and saw a familiar girl.

She seemed to have seen her before.

Nan Yi saw Hua Hengzhe calling her and walked to his side. She frowned and sized up Shi Xi. "Why are you here?"

As expected of cousins, they all asked the same question.

Shi Xi replied, "I was invited."

At the same time, Shi Xi also remembered this girl, Nan Yi.

She had the same surname as Nan Wan and was Hua Hengzhe's cousin. She must be Nan Wan's younger sister?

Hua Hengzhe interrupted their conversation and pointed at the Red Flame. He said to Nan Yi, "Cousin, look at this. Is it nice?"

Chapter 202: Scram Then Scram, I'm the Best At Scramming

Nan Yi looked at the ruby necklace in the glass cover and exclaimed, "This is Red Flame, right?"

Red Flame was a top-grade pigeon blood ruby. It was not as translucent as ordinary gemstones. There were many inclusions inside. Therefore, when looking down at the Red Flame from above, one could see that the crystal was like a flickering flame. Under the illumination of the light, the gem seemed to be burning.

Hua Hengzhe nodded. "Yes, but this is not for sale. You can only get it if you marry Sheng Yan."

Nan Yi glanced at Sheng Yan and smiled. "This is the family heirloom of the Sheng family. Of course, it will not be sold."

"Why don't you marry Sheng Yan, Cousin?" Hua Hengzhe started to cheat his sister. "Then, I will give Red Flame to my aunt. Coincidentally, her birthday is coming soon."

Nan Yi: ...She knew that her little cousin was unreliable, but she didn't expect him to be so unreliable.

Shi Xi, who was listening by the side, was also speechless.

This was obviously stealing Red Flame.

He was even more whimsical than her.

NB.

Nan Yi was very helpless. Just as she was about to say something, the loudspeaker on the stage rang.

"Welcome to the exhibition venue of Shengshi Jewelry. In addition to the jewelry on the stage, there is also a small event specially organized for this exhibition! The prize is a diamond butterfly hair clip worth 200,000 yuan!"

The host's voice rang out, attracting everyone's attention.

The diamond butterfly hair clip was presented. The hair clip was made extremely exquisitely, sparkling with bits and pieces of diamonds. It was extremely beautiful.

The eyes of many of the women present lit up.

The host smiled and said, "This small event is to test everyone's understanding of jewelry.

"Those who wish to participate can take a small test from the edge of the stage. As long as they pass, they can enter the next stage!"

Nan Yi's interest was instantly piqued. She pulled Hua Hengzhe and said, "Cousin, let's go and participate! That butterfly hair clip is so beautiful!"

Hua Hengzhe said, "You can go and participate. I know nothing about jewelry appraisal."

Hearing that, Nan Yi thought for a moment and threw Hua Hengzhe aside.

When Shi Xi saw that butterfly hair clip, her heart was also moved for a moment. She was very excited and wanted to participate.

Even if she didn't get it, it didn't matter. The important thing was to participate!

However, when she looked up, she saw Ning Yu.

Why was Ning Yu here?

When Nan Yi saw Ning Yu, she sneered, "Yo, a country bumpkin is here to look at jewelry? That's right. You can only look at things that you cannot afford in your lifetime."

Ning Yu's eyes were cold as she looked at Nan Yi's direction. "Are you going to participate in the competition?"

"Yes, my family owns a jewelry shop. Appraising jewelry is not a problem." Nan Yi covered her mouth and said in surprise, "Don't tell me you also want to participate in the competition and dream of getting diamond jewelry?"

Ning Yu was originally not interested in the butterfly hair clip, but when she heard Nan Yi's words, the corners of her mouth curled up. "Whether it's a dream or not, you'll know in a while."

Shi Xi: Oh, if Ning Yu participates, then everyone else will definitely be runner-up to her!

With the idea of 'participating' as the main focus, Shi Xi immediately gave up.

What was the main focus of participating?

Those were all excuses for the losers to console themselves.

If they were to win the competition internally, who would still want to participate in the running with her? It would be a waste of effort.

Shi Xi felt weak and wanted to greet Ning Yu.

However, the people who had signed up rushed up and blocked their line of sight.

Someone said to Shi Xi, "Miss, if you're not going to sign up, can you move aside first?"

Shi Xi smiled apologetically. "I'll move aside now."

Scram then scram. She was the best at scrambling.

Chapter 203: Can a Pretty Girl Have Many Boyfriends?

Shi Xi took two steps back and couldn't see Ning Yu at all.

Ning Yu was tall and she wasn't short either. But both of them were girls, and they couldn't compare to those tall and strong men.

Forget it. As long as they were in this exhibition, they would be able to greet each other.

The organizer provided the gemstones, and after the contestants observed them, they had to give out information such as the type of gemstones and the origin of the gemstones.

This alone had already stumped most of the participants.

Of course, this was not a problem for Ning Yu and Nan Yi.

When Shi Xi saw the large group of people shake their heads and leave, she heaved a sigh of relief.

It was a good thing that she did not accompany them.

Otherwise, it would have been embarrassing.

Hua Hengzhe stood behind Shi Xi and suddenly asked, "What's your relationship with Sheng Yan?"

Shi Xi turned to look at him. "He's my friend. What's wrong?"

novelusb.com

Hua Hengzhe looked at the pink diamond on Shi Xi's ear and then at Red Flame. "You sure have a lot of good friends."

Previously, when he had celebrated Xie Yunzhou's birthday at Marriott Revolving Restaurant, the two of them had booked the entire restaurant. No matter how he looked at it, it didn't seem right.

Later on, he had heard from Hua Xuanhe that Shi Xi was Sheng Yan's fiancée.

Recently, she had even been trending on #Shi Xi Li Jinfan in love#.

So, pretty girls could have a lot of boyfriends?

Hua Hengzhe revealed an envious look.

Shi Xi asked back, "So what if I have a lot of friends?"

"Nothing." Hua Hengzhe looked at the stage and asked, "Do you like that butterfly hair clip?"

Shi Xi: "It's okay."

Hua Hengzhe looked at Shi Xi and couldn't help but want to rub her hair.

Hold it in!

Hua Hengzhe said, "When Nan Yi wins that diamond hair clip, I'll come over to send it to you."

Shi Xi: "???"

"No need. I think Miss Nan likes it very much too." Shi Xi revealed a polite but awkward smile.

Why were there not many normal people in the Hua and Nan families!?

She did not want to get involved with the people from these two families!

Shi Xi was thinking of a way to escape.

Just as she was thinking, the competition on the stage was getting better and better.

'Forget it, I won't watch the b*stard when there's excitement.'

Shi Xi continued to look at the stage and suddenly met Ning Yu's eyes.

Shi Xi smiled and blinked her eyes. She clenched her fists and cheered for Ning Yu.

Ning Yu's eyes paused on Shi Xi for a moment and continued to look at the gem in front of her.

After a few rounds of appraisal, only Ning Yu and Nan Yi were left on the stage.

Nan Yi said disdainfully, "I really didn't expect a country bumpkin like you to know so much about jewelry. It seems that you've done a lot of homework in order to marry into a wealthy family!"

Ning Yu raised her eyes slightly and said lazily, "Since your family is in the jewelry business, you should take care of yourself. If you make a mistake in the appraisal under such circumstances, it will affect your family's brand reputation."

The other jewelers who came to the exhibition did not participate. Firstly, they did not want to make Shengshi Jewelry famous, and secondly, they were afraid of making a mistake.

After all, such a small event would not provide professional equipment, and it would not give them a long time to slowly appraise it. It all depended on the contestants' eyesight, experience, and luck.

"Don't worry, I definitely know more than a country bumpkin like you!" Nan Yi snorted lightly.

Following that, another sapphire was presented for appraisal by the two of them.

"This sapphire has six shooting stars on it. It should be a Starlight Sapphire from Sri Lanka. Because Sri Lanka's sapphire contains the mineral rutile, it will reflect a unique milky white star-shaped light." Nan Yi raised her hand. She spoke confidently.

The people below the stage applauded one after another. "As expected of Miss Nan Yi. You even dabble in jewelry and jade!"

Nan Yi smiled and said humbly, "I only learned a little."

While she was enjoying herself, Ning Yu slowly opened her mouth. Her tone was slightly casual as she retorted, "The origin of this Starlight Sapphire is not Sri Lanka."

Chapter 204: How Could the Eyesight of Mortals Like You Be Better Than the Female Protagonist?

The girl's voice was clear and cold, like a basin of cold water that was poured directly on the burning flames.

The arena instantly fell silent.

Shi Xi was very far away from the sapphire, so she couldn't see anything. She could only hear the two people talking.

But she roughly knew that Nan Yi was about to be slapped in the face.

Why did she have to mock the female lead?

As expected, Nan Yi spoke.

"Heh, are you saying that I'm mistaken?" Nan Yi crossed her arms and raised her chin slightly. She smiled and said, "Do you know how to identify a gemstone? A country bumpkin like you?"

"According to the geological cause of formation, the quality of the gemstones varies. The sapphire from the Myanmar shop is bright blue because it contains titanium, while the Kashmir sapphire is cornflower blue. It's bright and has a bright color."

As she spoke, Nan Yi picked up the sapphire and showed it to everyone. "Only the sapphire produced by Sri Lanka has milky white starlight on its surface. For example, the Star of Adam was produced in Sri Lanka."

Everyone looked at the sapphire in Nan Yi's hand. In the middle of the sapphire, there was a milky white dot that emitted six milky white lines. It was like the stars were shining.

Those who knew about jewelry nodded one after another. "Miss Nan is right."

"Sri Lanka does indeed produce the Starlight Sapphire."

"Miss Nan's family is in the jewelry business. She can't be wrong."

"I heard that the other contestant is from the countryside? I guess she made a mistake."

Shi Xi listened to the comments of the people around her and the corners of her mouth curled up into a sneer.

Heh, how could the eyesight of a group of mortals be better than that of the female protagonist?

Moreover, did the host say anything?

The host finally remembered his job. He looked at Ning Yu and asked, "Miss, it seems that you have a different answer?"

Ning Yu's eyes were brown. When she didn't smile, her eyes were cold and indifferent, making her look very distant. "This is indeed a Starlight Sapphire, but it's not produced in Sri Lanka, but Madagascar."

Nan Yi laughed out loud and said, "Although the sapphires produced in Madagascar look like a Sri Lanka sapphire, in the eyes of an expert, its quality and value are far inferior to a Sri Lanka sapphire."

"Those who come from the countryside are just ignorant. If you want to learn from others to appraise gemstones, you'd better study for another twenty years before showing off again!"

Hearing Nan Yi's ridicule, Ning Yu did not say anything. A beautiful girl beside Ning Yu became anxious. "The host has yet to reveal the answer. What are you so anxious for?"

“Besides, Ning Yu had already entered the finals. This means that her understanding of jewelry is deeper than most of the people present!”

“Could it be that you mean that the knowledge of so many people present is inferior to Ning Yu, who came from the countryside?”

The moment the pretty girl opened her mouth, Nan Yi was stumped.

When the other guests heard this, they were also a little unhappy.

“I think that Ning Yu is quite knowledgeable. It’s a little impolite for Nan Yi to keep picking on her.”

“So what if she’s from the countryside? Three generations up, which family isn’t a poor farmer? And she even has a sense of superiority?”

“That’s right. I think that girl from the countryside is even more beautiful!”

After a series of comments, everyone switched sides and sided with Ning Yu.

Shi Xi: Tsk tsk. Why bother?

Ning Yu’s brows were still as calm as water. She looked at the host and asked, “It’s time to reveal the answer.”

The host was slightly startled. He came back to his senses and said, “Oh, oh, let’s reveal the answer!”

On the sapphire cushion, there was a card.

The host removed the paper that was pasted on it. On it was written:

[Origin: Madagascar]

Ning Yu was right.

Chapter 205: She Didn’t Say That She Wanted It! Even Though She Really Wanted It

The host: “Congratulations to Miss Ning Yu for obtaining the final victory!”

Nan Yi’s face was pale as she argued, “Impossible!”

The host looked displeased. “Miss Nan, the answer was posted earlier. There’s no possibility of cheating.”

“As the second place winner, you will also receive the exquisite gift provided by Shengshi Jewelry.”

The staff next to her presented a rabbit doll, which was very cute.

However, Nan Yi only felt that it was extremely eye-piercing. Ning Yu got a diamond hair clip, but she got a rabbit doll?

Nan Yi waved her hand and knocked away the rabbit doll, saying stubbornly, “How can this Starlight Sapphire be produced in Madagascar? You must be mistaken!”

The rabbit doll fell at Sheng Yan's feet.

Sheng Yan pursed his thin lips, bent down to pick up the rabbit doll, and patted the dust on it.

"Miss Nan." Sheng Yan's voice was indifferent, with a sense of majesty. "It's true that many high-quality sapphires are produced in Sri Lanka, but Sri Lanka is not the only place where sapphires are produced."

"The Nan family is in the jewelry business. They should know that a new gemstone mine has been discovered in Madagascar, and the gemstones produced are large and high-quality."

Sheng Yan was tall and straight. He had straight eyebrows and starry eyes. When he appeared, he had a male protagonist filter on him.

Even though he was holding a rabbit doll in his hand, it could not hide his domineering aura at all.

The people next to him chimed in, "I heard that the gemstone mine in Madagascar even produced pink gemstones. I wonder if it's true!"

"I like to collect colorful gemstones. If there really are pure colorful gemstones, President Sheng, remember to keep them for me!"

"Why should he keep them for you? I want them too!"

"The one with the highest price will get them. President Sheng, you can't sell them secretly!"

Sheng Yan smiled slightly and nodded. "The colorful gemstones extracted from the mining area this time will definitely be put together as soon as possible and brought to everyone."

Only then was everyone satisfied. "As expected of Shengshi Jewelry. They will definitely be able to stay in Yanjing for a long time."

Nan Yi listened to the discussions of the people below the stage and felt a chill in her heart.

What was she doing?

The Nan family was in the jewelry business. Was she trying to raise the popularity of the other party for free?

Moreover, she had also exposed her ignorance and stupidity.

"I..." Nan Yi wanted to explain. She was the one who was wrong. It was not that the Nan family's appraisal skills were bad.

But no one listened anymore.

The host picked up the microphone and said, "Let me show everyone again. The prize for our champion is a butterfly diamond hair clip worth 200,000 yuan!"

"This hair clip is not only exquisite, but it is also out of print. It has an extremely high collection value."

"Miss Ning Yu, you have to take good care of it."

The staff showed the butterfly diamond hair clip to everyone again and handed it to Ning Yu.

Ning Yu's expression did not change. She closed the box with a bang and wanted to put it in her pocket. She couldn't put it in.

Forget it.

Ning Yu gave up on the idea of putting the thing in her pocket. She swept her eyes over it and walked over to Shi Xi.

Shi Xi was eating a small cake when she saw Ning Yu walking over. She smiled and said, "Congratulations!"

Not only did she slap Nan Yi in the face, but she also received a prize.

Ning Yu threw the box to Shi Xi carelessly and said, "It's for you."

Shi Xi caught the box with one hand and asked, "Oh? You don't like it?"

Who wouldn't like bling bling, a diamond in the shape of a butterfly?!

Answer: Ning Yu.

Ning Yu tilted her head to look at her. "Didn't you say you wanted it?"

Shi Xi: "Ah?"

Ning Yu pointed at the stage and said, "When I was on stage, you told me you wanted it."

Shi Xi felt that her memory had gone awry.

She didn't say that she wanted it!

Even though she really wanted it.

"Wait, what I said to you was — go for it!" Shi Xi remembered.

Chapter 206: We're Half-Sisters

When Ning Yu went on stage, Shi Xi and Ning Yu looked at each other.

Shi Xi clenched her fists. "Good luck."

Ning Yu saw it as — "I want it."

..

Shi Xi held the box in her hands, not knowing what to do.

Ning Yu paused for a moment and said calmly, "I'll give it to you. Just take it."

She wouldn't wear this thing anyway.

Shi Xi's eyes curved. "Then I'll take it. Thank you, Sister!"

Ning Yu replied and turned around to walk out.

The pretty girl beside Ning Yu also left with Ning Yu.

She could vaguely hear her asking Ning Yu, "Do you know Shi Xi?"

Ning Yu: "Yes."

"Why did she call you Sister?"

Ning Yu: "Because she's my sister."

"Ah?" Mu Zhao said in puzzlement, "But you two don't have the same surname!"

"Yeah, we're half-sisters."

Mu Zhao: "???"

There was such a thing?

Mu Zhao turned back to look at Shi Xi. Seeing that she was also looking at them, she quickly turned back.

However, Ning Yu was very mysterious to begin with. She was a hidden big shot, so it was not strange for her to have a celebrity sister.

After the two left, Shi Xi opened the box and took a closer look at the butterfly diamond hair clip.

It was indeed an out-of-print masterpiece. It was really beautiful.

Hua Hengzhe looked over and said, "The butterfly looks real. It's not bad!"

"This should be made by an old craftsman. Nowadays, very few people make this kind of butterfly mechanism." Shi Xi tapped the butterfly's wings. The wings fluttered as if they were about to fly up.

Sheng Yan was still carrying the rabbit doll. He walked to Shi Xi's side and said, "People nowadays pursue simplicity. This kind of complicated technology is even harder to sell."

Shi Xi glanced at him. "Why are you still holding the rabbit?"

Sheng Yan said helplessly, "I just picked it up from the ground. It's not easy to throw it away."

As he said this, Sheng Yan grabbed the rabbit's ear and asked, "Do you want it?"

Girls seemed to like these furry dolls very much.

Shi Xi took a step back and said, "No, I don't like dolls."

She liked to sleep on the big bed alone and did not like having dolls fighting over the bed with her.

Sheng Yan grabbed the rabbit's ear and looked at Hua Hengzhe.

Hua Hengzhe took the rabbit doll and said, "Then give it to me. I'll take it to coax my cousin."

Shi Xi: "?"

'Brother, I'm afraid your brain isn't very bright.'

This rabbit doll was thrown away by Nan Yi.

But Hua Hengzhe had already taken it, so Shi Xi didn't say anything.

The same gift, but maybe the result given by her cousin would be different?

As Shi Xi thought of this, she saw Nan Yi angrily preparing to leave.

Hua Hengzhe walked up to coax Nan Yi. "Don't be angry. Isn't it just a diamond hair clip? You don't lack jewelry. Come, this doll is for you."

Nan Yi looked at this second-place gift and was so angry that her lungs hurt. "I don't want this!"

"Then what do you want?" Hua Hengzhe asked.

"I want the pink diamond earrings at the exhibition!" Nan Yi said angrily.

Hua Hengzhe: "...It's useless to tell me. I can't afford it."

Nan Yi widened her eyes and asked, "Isn't Big Brother's secondary card in your hand? You're not even willing to buy me an earring?"

Hua Hengzhe said gloomily, "That card was taken back a long time ago."

Ever since he was cheated of 8 million yuan in online dating, Hua Xuanhe had practically cut off all his sources of income.

Nan Yi bit her lip. "I don't care! I want that pair of earrings!"

Hua Hengzhe had a headache.

He couldn't handle his little cousin!

Shi Xi pulled up the hair beside her ear, revealing the pink diamond earring on her ear. She smiled faintly and said, "That pair of earrings already has an owner. Miss Nan Yi, it's better to change to something else."

Chapter 207: Biggest Winner: The Shop That Sold Rabbit Dolls

Although Shi Xi was wearing a pink diamond earring, she only wore one, so Nan Yi never noticed it.

Moreover, Shi Xi's hair color was more eye-catching, and her beauty overshadowed the beauty of the pink diamond earring.

She deliberately pulled up her hair, revealing the pink diamond earring.

It looked like she was showing off.

When Nan Yi saw it, she was so angry that she gritted her teeth. "Shi! Xi!"

Shi Xi smiled. "Oh? What's the matter?"

Nan Yi took a deep breath. "It's nothing. That pink diamond matches your pink hair very well."

After saying that, Nan Yi turned around and left angrily.

Hua Hengzhe hugged the rabbit doll and heaved a sigh of relief.

Luckily, Nan Yi did not pester him to buy a pink diamond earring.

He really did not have any money!

Thinking of this, Hua Hengzhe said to the person who saved him, "Thank you!"

Shi Xi: "?"

'Brother, I made your cousin so angry that she almost vomited blood.'

'What are you thanking me for?'

'For not killing her?'

But Hua Hengzhe had already left with the rabbit doll.

One had to say, the silly Hua Hengzhe matched with the simple rabbit doll was inexplicably compatible.

After the exhibition ended, Shi Xi smoothly received another pink diamond earring and a rabbit doll.

According to the staff, they had prepared two rabbit dolls and were ready to give them to the second and third place winners.

In the end, there was no third place winner, so the staff gave the rabbit doll to Shi Xi.

"Xi Xi is so beautiful. Can I take a photo with you?" When she gave the rabbit doll to Shi Xi, the little sister asked for a photo.

"Sure." Shi Xi took the rabbit doll and took a picture with her.

After the picture was taken, the young lady held her phone in satisfaction and went back to work.

When Sheng Yan saw Shi Xi's series of actions, he said speechlessly, "Why didn't you accept the rabbit when I gave it to you?"

Why did she treat people differently?

Shi Xi narrowed her eyes. "Friends and fans are obviously different!"

Sheng Yan: "..."

All in all, Shengshi Jewelry's exhibition today was rather successful.

After Shi Xi received the gifts, she specially posted nine pictures on Weibo, displaying all the gifts she received today.

[Wow! Is this the beauty of a fairy in Shengshi?!]

@Shi Xi replied: [The focus is on Shengshi Jewelry!!!]

[Hahaha, she's getting anxious. She's in such a hurry to clarify. Is it because this is an advertisement?]

[Xi Xi Zi went to participate in the exhibition of Shengshi Jewelry today. These are gifts from the brand. Thank you to the investor father @Shengshi Jewelry.]

The official Weibo of Shengshi Jewelry was also very tactful. Under Shi Xi's Weibo, they praised Shi Xi for being bright.

Win-win situation.

As for the endorsement with Shengshi, that was something Han Chuan had to discuss.

However, since jewelry was a hobby of minority consumers, Shi Xi's Weibo gradually deviated from the topic.

[When I saw Shi Xi's pink earring diamond and hair clip, I wanted to buy the same model. In the end, I found out that they both cost hundreds of thousands. I don't deserve it. [Wave hand]~]

[The only thing I can afford is the rabbit doll in Shi Xi's hand. (Taobao price: 49.9R)]

[Shi Xi's rabbit doll of the same style has entered my hand.]

[I've placed an order. The rabbit doll sleeps with Shi Xi, and the rabbit doll sleeps with me — Rounding up, Shi Xi sleeps beside me!]

[I now announce that the new logical genius is you!]

In the end, the top search was not #Shi Xi Shengshi Jewelry#, nor #Shi Xi Shengshi Beauty#.

It was # Shi Xi same rabbit doll#.

The biggest winner: the seller of the rabbit doll.

And Sheng Yan learned a saying: make a wedding dress for others.

Chapter 208: Take Off Your Clothes!

Other than the fact that Shi Xi had sold out of the same rabbit doll, there was also her affirmation of beautiful Shi Xi.

[Shi Xi is truly the daughter of a rich family. Her clothes and jewelry have never been repeated before.]

[I heard that Shi Xi will be participating in the evening party of Lishi TV. At that time, we will be able to see beautiful female geese again!]

[I'm looking forward to it!]

[...]

Soon, it was the evening party held by Lishi TV.

Shi Xi put on the evening gown that the KL brand had sent over and the diamond necklace that they had lent out.

“This necklace is very expensive. Miss Shi, be careful not to damage it,” the brand reminded her carefully.

Shi Xi touched the diamond on it and said, “It’s just an ordinary necklace. Is it very expensive?”

The brand was silent for a moment before saying, “To us, it’s very expensive.”

Shi Xi: “...”

With that said, she wanted to wear her own necklace.

But the brand had already sent it over, so Shi Xi could not refuse it anymore.

She changed into her gown and put on the necklace. Shi Xi braided her hair at the back of her head and put on two small black bow hairpins.

novelusb.com

It matched the gown very well.

Han Chuan asked, “Aren’t you going to wear any other jewelry?”

He had seen Shi Xi’s jewelry box before.

One word to describe it: gorgeous.

Two words to describe it: extravagant, rich.

Why was she only wearing a pair of bow hairpins today?

Shi Xi pulled out some stray hair from her forehead and said to the mirror, “If you wear too much jewelry, it will look tacky. Look, this is just right.”

She did not even wear her favorite pink diamond earrings.

Han Chuan: “...Then let’s go downstairs.”

Shi Xi continued to pull her hair. “Isn’t the party starting at 8 o’clock?”

Han Chuan said expressionlessly, “I want to take photos of you.”

Shi Xi finally fiddled with her hair and said, “Alright, where are we going to take photos?”

Han Chuan: “The restaurant upstairs.”

Shi Xi: “...”

It looked so miserable just by listening to it.

They hadn’t arrived at the restaurant yet, so there weren’t many people in the VIP restaurant.

Han Chuan ordered a cup of flower tea and got Shi Xi to sit in the restaurant. Then, he started to take photos of her.

The girl was wearing a unique black gauze dress. The dress was wrapped in a layer of black gauze, and her long hair was tied up, revealing her slender and fair neck and delicate collarbone.

Her features were like a painting, and she was smiling sweetly. The crystal clear diamond necklace made the girl's eyes look even more clear like water.

Besides taking pictures of her face, she also took a few full-body pictures, which could clearly show the skirt and Shi Xi's figure.

After taking the pictures, Han Chuan received a phone call.

His expression was a little ugly.

After hanging up the phone, Shi Xi asked, "What's wrong?"

"The people from KL brand are here," Han Chuan said.

"Huh?" Shi Xi was confused.

Han Chuan let out a breath and said, "Let's go back to the room first."

When Shi Xi returned to the room, she saw the people from KL brand carrying a paper bag to the door.

"Why are you here to deliver clothes again?" Shi Xi asked.

How many clothes could she wear by herself?

Han Chuan snorted coldly and opened the door of the room to let everyone in.

"Um, Brother Han, Miss Shi." The person from the brand carefully handed the dress over and said, "This is the dress that Miss Shi is wearing today."

Shi Xi did not take it and asked, "Haven't I already put on the dress that I'm wearing today?"

Han Chuan sneered, "What they mean is that you're not going to borrow this dress."

Shi Xi said in surprise, "How can it be like this?"

There was only an hour left before they walked down the red carpet.

They were going back on their word now?

The person from the brand put down the bag in his hand and said, "This is our mistake."

"To express our apology, this dress is for you. We are compensating Miss Shi."

"Miss Shi, please change your clothes as soon as possible!"

The voice-over from the brand said, "Quickly take off your clothes!"

Chapter 209: Gown Interception

Shi Xi leaned against the sofa and raised her eyes slightly. "Why did you suddenly go back on your word?"

"This is our boss' decision. Please don't make things difficult for us, Miss Shi. We still need to deliver this gown to Miss Nan as soon as possible." The person from the brand lowered his head, not daring to look at Shi Xi.

Shi Xi raised her eyebrows and asked, "Miss Nan? Which Miss Nan?"

"Nan Wan." The person from the brand did not hide anything.

The gown would be delivered in a while, and Nan Wan would wear it on the red carpet at night. There was nothing to hide.

Shi Xi knew that there would be people in the entertainment industry who would intercept resources, but she did not expect there to be people who would intercept gowns.

When she thought of the last time Wen Yao borrowed a gown, she had informed her half an hour ago that she would not be borrowing her gown. She had thought that it was a minority.

She had not expected that she would also run into another one here.

Moreover, she had already put on the clothes, and she still had to take them off.

Emmmm...

Shi Xi and Han Chuan were both calm. Their assistant, Zhu Lin, could not help but speak up, "How can you be like this? Back then, you were the ones who came to us to work together and agreed to lend the gown to Xi Xi. Now that Xi Xi has already put it on, and you're suddenly going back on your word? Where are we going to find a gown to change into?"

The person from the brand handed over the dress. "That's why we brought this dress."

KL was a quasi-first-tier clothing brand, and they did not want to offend Shi Xi (they had already offended her to death), so they sent over a dress.

Zhu Lin opened the bag and took a look. She said angrily, "This is a dress from three years ago, and you have the nerve to give it away?!"

The people from KL could not help but retort, "When we borrowed the gown, we took the initiative to lend it to Miss Shi because of her noble aura."

"But Miss Shi is a fake daughter of a famous family. She was originally the daughter of a farmer. Even if she was raised like a phoenix, she is not a phoenix."

Zhu Lin was exasperated. "What do you mean?"

"That's enough." Han Chuan's eyes were cold as he interrupted Zhu Lin and said, "Zhu Lin, go help Shi Xi change her clothes."

Shi Xi wanted to say a few words to the people from the brand, but when she heard Han Chuan speak, she nodded obediently. "Okay."

The people from the brand reminded her, "Although the compensation dress is an old model from three years ago, it's definitely a classic. Many female celebrities have worn it before."

Others had worn it before, yet Shi Xi still had to wear it?

"No need." Han Chuan sneered. He looked at Shi Xi and said, "There's a dress in the bedroom. Go and change into it."

Shi Xi scratched her head.

Was there?

Why didn't she remember?

Shi Xi went into her bedroom and opened the wardrobe. As expected, there was a big gift box inside.

Eh?

When did she put it in?

"This is from Miss Shi's friend," Zhu Lin explained. She took the box out and opened it. "Brother Han is so farsighted!"

As Shi Xi took off her clothes, she asked, "My friend sent it? Which friend?"

"It's from Miss Tao Yuxuan," Zhu Lin said.

"How come I don't know?" Shi Xi chatted with Tao Yuxuan every day. She had never heard of her sending things to her!

Zhu Lin took out the clothes and said, "This is sent directly to Brother Han. Brother Han told me to put it in the wardrobe."

"Originally, this dress was meant for you to wear on the red carpet next time. I didn't expect to use it this time."

Shi Xi was deep in thought.

When she was changing her clothes, Shi Xi's hair was a little messy. She might as well braid her hair again.

Meanwhile, Zhu Lin carried the black gauze gown and came out with the diamond necklace. She returned the things to the people from the KL brand in a bad mood.

After putting away the dress and necklace, the KL brand left immediately.

They had to deliver the dress to Nan Wan before the party started.

Chapter 210: Rich People Are All Pigs!

Nan Wan looked at the time and frowned.

Why hadn't the clothes been delivered yet?

She hadn't been invited to today's party.

However, Nan Wan had friends who worked at KL and knew that KL wanted to lend Shi Xi the gown, so she specially went to find someone to ask for an invitation letter and snatched the gown that they were going to lend to Shi Xi.

The Nan family was rather famous in Yanjing. Most importantly, the Nan family was on good terms with the Hua family. The other brands would more or less give in to Nan Wan on account of the Hua family.

The people from the brand rushed to deliver the gown to Nan Wan.

Nan Wan changed into the gown and chuckled. "Not bad."

The people from the brand praised her. "Miss Nan has a good figure. It's most suitable to wear our new autumn style!"

Everyone liked to be praised.

Nan Wan thought of something and asked again, "Oh right, this dress was given to me, what was Shi Xi wearing at that time?"

The person from the brand carefully said, "When we went, we gave Miss Shi a classic gown from a few years ago."

"Heh, letting her wear a vintage gown is really letting her off easy." Nan Wan snorted lightly as she thought of something. She smiled and said, "I'm really looking forward to seeing her wearing an outdated gown and not being able to find her seat when she arrives at the venue. Just thinking about it makes me laugh!"

Not only did she snatch Shi Xi's gown, but she also contacted the organizers and removed Shi Xi's seat.

Therefore, Shi Xi would be unable to enter the venue after walking down the red carpet.

She could only scam back dejectedly.

Nan Wan had a smile on her lips.

This was Yanjing, her territory.

Shi Xi was just a fake daughter from another city. Who would help her?

The person from the brand displayed the diamond necklace and said, "This is a matching diamond necklace."

Nan Wan took a look and said in disdain, "This diamond is too stingy. Take it back. I will match it with my own jewelry."

Hearing that, the people from the brand left silently.

Rich people were all pigs!

The Nan family was in the business of jewelry, so Nan Wan naturally would not be stingy with her decorations.

She had previously been filming overseas and had left the domestic entertainment circle for a long time.

This time, she walked on the red carpet with the intention of winning the competition.

She drew on red lipstick with a long eyeliner. Nan Wan put on a diamond necklace the size of a pigeon egg and appeared gorgeous.

*

On the other side, Shi Xi had changed her clothes and was ready to set off after re-dressing.

Han Chuan's cell phone rang. He looked at the caller and his expression became even worse.

Shi Xi waited for him to finish the call and asked, "What's wrong?"

"The organizers removed your seat," Han Chuan said in a muffled voice. "A good friend of mine in the industry secretly told me. They originally planned to let you go just like that. After walking the red carpet, you won't be able to enter the venue and won't have a seat."

Shi Xi's eyes were filled with a smile. "Oh, this method is much better. You appear in front of the camera in a bright and beautiful manner. In the end, you're told that you can't enter the venue, so you can only leave dejectedly."

"The relationships in Yanjing are complicated. We've been mingling in Feng City and Haicheng for a long time. Our relationship with the people here is average." Han Chuan exhaled. "It's just a small party. We won't be going. It just so happens that we can save these clothes for you to wear next time."

"Relationship?" Shi Xi raised her long eyelashes slightly. There was a hint of coldness in her sweet smile. "I have a few friends in Yanjing. If I want to go to a party, it shouldn't be a problem."

Han Chuan thought of something and looked at Shi Xi. "You mean..."

The girl's smile was beautiful. Her eyes were as bright as the spring sun. "I'm not a little white rabbit that can be bullied."
