

## The Fake 251

### Chapter 251: The Collapse of Nan Wan's Persona

Upon hearing Nan Wan's name, Shi Xi's fighting spirit was immediately ignited. "You said that Nan Wan wants to buy it too?"

Zhu Lin said, "Previously, Nan Wan wanted to ask Alex to tailor-make a song for her. She offered 200,000 yuan, but Alex refused."

"Nan Wan raised the price to 500,000 yuan, but Alex still refused. In the end, Nan Wan raised the price to 1 million yuan, but Alex was still unmoved."

"This matter has been widely spread in the industry."

Shi Xi sighed, "It hasn't been widely spread yet. This is the first time I've heard of it."

Zhu Lin: "..."

"Use my name to try. Give the other party as much money as they want." Shi Xi pursed her lips and said, "Have some confidence in me. Go."

"I'll make a call and ask." Zhu Lin had been by Shi Xi's side for a long time, and she had acquired some inexplicable confidence.

After hanging up the phone, Zhu Lin began to make various contacts, and finally found the company that distributed the song.

The other party was shocked by Zhu Lin's inexplicable confidence, and contacted Ning Yu.

"I've said before, I don't authorize any commercial stage," Ning Yu said calmly. "I'm not short of money."

"I know you're not short of money. Even if Shi Xi's assistant keeps calling, I'm getting impatient."

Ning Yu paused. "Who are you talking about?"

"Shi Xi. She's a female celebrity that's quite popular now."

Ning Yu fell silent.

She did not expect that Shi Xi would actually buy the copyright from her.

"Um, Teacher Alex, do you know Shi Xi?"

Ning Yu: "Yes."

"Do you want to sell this copyright to Shi Xi?"

"I'm not selling it," Ning Yu said calmly.

"Ah?!"

Ning Yu: "Give it to her for free."

They were a family, so what was the charge?

“Ah?!!”

After Ning Yu hung up the phone, she thought of her cheap little sister and casually searched.

She wanted to see how this silly little sister of hers was doing recently.

As a result, the moment she logged into Weibo, Ning Yu saw the news that #Shi Xi's role has been stolen#.

Tsk, it looked like she wasn't doing well.

Even her role could be stolen.

Ning Yu was looking at the hot searches online when Mu Zhao's WeChat message came.

Mu Zhao complained, [It's so hot. NW's acting skills are so much worse than Shi Xi's. They've filmed a scene over and over again for dozens of times, and I'm already tired of waiting by the side.]

Ning Yu: [Then why did they change it to Nan Wan?] The internet only said that they had changed the role, but did not say why.

Mu Zhao: [It was the decision of the producer. It's probably because Nan Wan gave them a lot of money.]

Ning Yu scrolled through the comments online. Some people guessed that Nan Wan had more capital behind her, while others guessed that Nan Wan's acting was better, so they changed Shi Xi.

Mu Zhao sat at the side and waited for a long time. When she saw Ning Yu chatting with her, she could not help but complain a lot.

Ning Yu tapped on the keyboard and hacked into the crew's computer.

Ten minutes later.

#Nan Wan looking back's NG times#

There was only one video under the topic, and it was 15 minutes long.

It was a part of Nan Wan being NGed.

It was clearly the same action as Shi Xi, and Nan Wan had shot it dozens of times, but it wasn't even as good as Shi Xi's shot.

The netizens moved when they heard the news.

[Ah, this, this is Nan Wan?]

[The modern costume is okay, but the ancient costume is really not up to par.]

[Look at Shi Xi, the white moonlight. Look at Nan Wan, white rice grains.]

[Those who say that Nan Wan's acting skills are good, come out! They lied to me too deeply! The number of NGs is as high as 56, and this is only one scene. Shi Xi only had 20 or so NGs back then!]

[As expected, only when there is a comparison will there be a difference.]

[I went to count, Shi Xi had 18 NGs, not more than 20. and Shi Xi did not take this scene.]

## **Chapter 252: Sister Will Definitely Like It**

[Previously, everyone was bragging about Nan Wan's good acting skills. Now, it seems that Nan Wan's acting skills are just so-so.]

[I only saw Shi Xi win. Just that face alone won.]

[Shi Xi is at least good-looking. What about Nan Wan?]

In this comparison, Nan Wan's 'good acting' persona on the internet collapsed immediately.

Her beauty was trampled on endlessly.

The same clothes, the same makeup, and even the same movements.

Shi Xi only had one word: absolute.

Nan Wan only had two words: ugly.

After reading the comments on the internet, Nan Wan was so angry that she smashed her phone.

How could she be worse than Shi Xi?!

How could that be!?

"Go find out what Shi Xi is doing!" Nan Wan said angrily.

The little assistant shivered and quickly went out to look for the manager.

\*

*novelusb.com*

Shi Xi was shopping with her mother.

The two of them walked together in harmony.

Butler Wang followed behind them and paid for the two of them.

Shi Xi said, "I think Dad would like these clothes."

Her mother looked at the price. "It's too expensive. He doesn't deserve it."

Shi Xi: "???"

Was this something a wealthy lady should say?

She didn't even blink when her own clothes cost 50,000 yuan.

Her husband's clothes cost 20,000 yuan, but it was too expensive?

Mother Shi taught Shi Xi, "Xi Xi, you've grown up now. Remember to be thrifty and take care of the house. You can't spend money every day."

"Yes, yes." Shi Xi watched helplessly as Mother Shi took out a bag worth more than 100,000 yuan and asked the shop assistant to wrap it up.

Mother Shi continued, "When you get married in the future, you'll know that you'll have to spend money on everything. What clothes, furniture, cars, watches? Men's things are all too expensive!"

"Yes, yes, yes!" Shi Xi saw Mother Shi walk to the men's wear section and bring a pair of two-for-one sportswear for her father.

Butler Wang was not surprised by this.

Mother Shi, with her experience as an experienced person, lectured, "Hubby earns money outside, so treat him better. Every time you go shopping, remember to buy something for him."

Shi Xi: "...I've learned it."

Mother Shi turned to Butler Wang and said, "This sportswear is Shi Xu's size."

Butler Wang: "Yes, Madam."

Mother Shi looked at Shi Xi.

Shi Xi said incoherently, "I get it. Not only do I have to buy it for hubby, I also have to buy it for the child!"

"As expected of my daughter. She's so smart!" Mother Shi was full of smiles as she brought Shi Xi into the luxury goods store. "After doing all this, you can buy a bag for yourself."

Shi Xi was still looking at which bag looked better.

Mother Shi smiled and said to the shop assistant, "Pack up all the new styles for this season."

Shi Xi: "?"

What did she learn today?

She didn't learn anything!

She only knew that her father and brother were so miserable.

After shopping for an entire afternoon, Shi Xi felt that the cloakroom for her and Mother Shi needed to add a lot of clothes.

"I think it's about time." Shi Xi gave a rough estimate and said, "These clothes can last for three autumns and winters!"

Mother Shi was still unsatisfied and said, "Buy some more for Ning Yu."

Shi Xi said, "We've already bought five autumns for Ning Yu!"

Under Shi Xi's strong suggestion, the piano room and dance room on the second floor were opened up and changed into Ning Yu's cloakroom. Mother Shi happily stuffed the clothes inside.

According to Shi Xi, Ning Yu had almost never worn those clothes before.

"Xi Xi, do you think Ning Yu likes this dress?" Mother Shi picked up another piece of clothing.

Shi Xi looked at the clothes that had flowers and could not imagine Ning Yu wearing such sweet clothes.

But she knew that Ning Yu would never wear such clothes.

Seeing Mother Shi's excited gaze, the corners of Shi Xi's mouth twitched slightly. Against her conscience, she said, "Sister will definitely like it."

'I'm sorry, Sister.'

### **Chapter 253: Mother Ning and Father Ning Looked Ordinary, But They Gave Birth To Her As Beautiful As Flowers and Jade**

Seeing Mother Shi happily buy a series of pink and green clothes, Shi Xi could already imagine Ning Yu's expression.

She walked to the cloakroom expressionlessly.

She came out expressionlessly and looked for her own clothes to wear.

Shi Xi sighed. She had already tried her best to help buy some simple styles of clothes.

"Oh right, there are also some pajamas for autumn and winter. I also need to buy a few sets." Mother Shi saw the pajamas shop next door and grabbed Shi Xi to go in.

Shi Xi immediately saw the rabbit pajamas in the shop. She thought to herself that she did not mind the rabbit pajamas and hoped that Mother Shi would not buy them for Ning Yu.

Mother Shi pointed at a set of giant panda pajamas and asked, "Xi Xi, do you think this looks good?"

"Who's wearing it?" Shi Xi asked cautiously.

"Shi Xu!" Mother Shi said, "He loves giant pandas the most!"

Was that so?

Shi Xi wasn't too sure.

However, if Shi Xu liked it...

"Then, buy this set." Shi Xi nodded.

Mother Shi added four sets of pajamas for everyone in the house, two each for autumn and winter.

Shi Xi looked at Mother Shi's preferences and thought to herself, 'This is a world of difference from Ning Yu's preferences.'

**novelusb.com**

Were they really mother and daughter?

Shi Xi quietly asked the system, 'Dear System, are Mother Shi and Ning Yu really mother and daughter?'

System: [Of course they're mother and daughter!]

She really couldn't tell.

There wasn't even a similarity in their looks.

Shi Xi looked at Mother Shi's happy face and then thought about Ning Yu's cold and indifferent face.

Similarity: 0

Forget it, she didn't look like Mother Ning either.

Ning Yu's parents looked ordinary, but they gave birth to her like flowers and jade.

Thinking of this, Shi Xi sighed with emotion at the wonder of the creator.

Finally, when Mother Shi was tired from shopping, the two of them prepared to return home.

"Mom, you should go back. I'm having dinner with my friends tonight." Shi Xi had an appointment with Xie Yunzhou that night.

"Who are you having dinner with?" Mother Shi asked casually.

Shi Xi paused for a moment before lying through her teeth. "Tao Yuxuan!"

If she were to say that she was having dinner with a man, she would probably think that she was in love with him because she was young.

Hearing that it was Tao Yuxuan, Mother Shi let her go and said, "You should comfort that child properly. Sigh, she's also a pitiful person."

Shi Xi: "Huh?"

However, Mother Shi had already boarded the car and closed the door halfway through her sentence.

Shi Xi was at a loss.

How was Tao Yuxuan pitiful?

Could it be that she had gone out to look for trouble and got slapped in the face again?

She had not heard of it!

Shi Xi looked at the chat logs with Tao Yuxuan.

The two of them had not chatted recently. In the past, Tao Yuxuan had shared all sorts of things with her every day, but it had disappeared in the past few days.

Could it be that something had really happened?

Although she, Tao Yuxuan, was a reckless cannon fodder, she had to admit that Tao Yuxuan was very good to her.

She was a very good friend.

She just did not have much brains.

Shi Xi was fiddling with her phone. She was worried, so she sent a message over. [I'm back in Feng City. Are you free tomorrow? Do you want to have dinner together?]

After a while, Tao Yuxuan replied, [Sorry, I haven't been free recently. Let's wait for next week.]

Shi Xi: [Alright.]

Playing with her phone, Shi Xi guessed that Tao Yuxuan must have met with something.

'Should I ask Leng Qiankun?'

Shi Xi clicked on the chat box with Leng Qiankun and gave up.

'Forget it, let's go home and ask Mother Shi or Brother.'

In any case, Ning Yu was not in Feng City recently. She could do whatever she wanted!

She did not have to be wary of the female lead!

Putting away her phone, Shi Xi's smile spread across her face as she prepared to enjoy the beautiful time that belonged to her.

She was going to eat an all-crab feast!

Shi Xi sent a message to Xie Yunzhou, saying that she would wait at Qingshui Restaurant first.

Just as she stepped into Qingshui Restaurant, Shi Xi saw Sheng Yan.

Oh, f\*ck, what a coincidence.

## **Chapter 254: Eating Crabs Until You Choke To Death**

Sheng Yan also saw Shi Xi.

Not only Sheng Yan, but also his friends.

"Isn't that your fiancée?" His friend whispered, "Is she here to check up on you?"

Sheng Yan glared at him. "You're overthinking it."

Their engagement party had been canceled, but the people of Feng City still felt that the two of them were a good match and that they would be together in the end.

"Hey, you guys are here for dinner too?" Shi Xi greeted them with a smile.

After all, Sheng Yan had lent her Red Flame. Although they were not in a romantic relationship, they could still be considered friends.

“Yeah, is Shi Xi coming with us?” His friend said, “We’re just having a casual gathering.”

The woman behind Sheng Yan said, “Shi Xi? Is that the female celebrity?”

Sheng Yan had come with five or six other people. That woman was really inconspicuous.

Shi Xi smiled and nodded. “It’s me.”

The woman said apologetically, “I thought female celebrities were also very beautiful in private. I didn’t expect...”

Shi Xi did not take it to heart at all. She simply said, “It’s alright. I thought you were a waiter just now. I didn’t expect you to be with them.”

The woman: “?!”

However, Shi Xi’s smile was very gentle, as if she had not meant to say it.

Sheng Yan interrupted their conversation and asked Shi Xi, “You want to eat together?”

“There’s no need. My friend and I have booked an all-crab feast.” Shi Xi smiled faintly.

“Aren’t you allergic to seafood?” Sheng Yan looked at Shi Xi and asked in puzzlement, “You still want to eat an all-crab feast?”

Shi Xi was stunned on the spot.

Sheng Yan asked, “Have you forgotten?”

Shi Xi said hesitantly, “If I eat it once in a while, I should be fine, right?”

They had all booked seats.

“It’s fine. You won’t die from eating it,” Sheng Yan said. “At most, you’ll have red spots on your body.”

Shi Xi: “...”

This body was allergic to seafood, but she was not allergic to seafood!

Therefore, why did Xie Yunzhou order the all-crab feast!

“Which friend did you come to eat with? Tao Yuxuan? Leng Qiankun? Don’t they know that you are allergic?” Sheng Yan frowned slightly.

Shi Xi sighed. “It was me who didn’t remember.”

Xie Yunzhou had not seen her for a long time and had probably forgotten about her allergy.

If she had not met Sheng Yan, she would have gone straight to the hospital after eating.

At this moment, Xie Yunzhou arrived.

After Xie Yunzhou entered, he walked straight to Shi Xi.

“You’re eating together?” Sheng Yan saw the two of them together and had a subtle expression.

“Can’t we?” Xie Yunzhou asked back.

The engagement between the two of them was gone, so why did Sheng Yan care so much?

Xie Yunzhou was dissatisfied.

“Of course you can. It’s just that Girl Xi is allergic to seafood. Why are you eating an all-crab banquet with her?” Sheng Yan was even more dissatisfied.

The two of them looked at each other with disgust.

No matter how they looked at each other, they did not like each other.

“Who said that we’re having the all-crab banquet today?” Xie Yunzhou looked at Shi Xi and said, “I was going to order the all-crab banquet, but I thought that she was allergic to seafood, so I changed it.”

Shi Xi mercilessly tore down the table. “Did you change it?”

Xie Yunzhou: “...Didn’t you listen to my call?”

Shi Xi recalled, “I only heard that we came to Qingshui Restaurant to eat the all-crab banquet tonight. Did you say anything else in the middle?”

Xie Yunzhou simply walked toward the private room. “Don’t worry, it won’t kill you.”

Shi Xi: “???”

That’s right. If she was going to die at the hands of the antagonist boss in the end, she might as well eat crabs with him until she choked to death.

Shi Xi followed behind Xie Yunzhou with an expression that said that she was unafraid of death.

“Sheng Yan, let’s eat.” The woman wanted to grab Sheng Yan’s arm.

Sheng Yan avoided her hand and said, “You guys eat. I have something to discuss with Xie Yunzhou.”

The woman gritted her teeth.

He wasn’t looking for Xie Yunzhou!

He was definitely looking for Shi Xi!!

### **Chapter 255: Who Invited Him Last Time**

Xie Yunzhou entered the private room and saw Sheng Yan who had followed him in. He laughed in anger. “I don’t think I invited President Sheng, right?”

Sheng Yan sat down naturally and said with a smile, “This meal is on me.”

Shi Xi was sandwiched between the two of them and the corner of her mouth twitched.

How could this be?

Xie Yunzhou saw that Sheng Yan refused to leave and his mood was reduced.

For a moment, the private room fell into an awkward silence.

Shi Xi wanted to say something to break the awkward silence.

However, she was afraid that she would say the wrong thing and cause a fight between the two of them.

Forget it, let's wait for the meal quietly.

The dishes were served very quickly. Shi Xi looked at the dim light beef in front of her and felt that it was bland and tasteless.

She had thought of all kinds of ways to eat the steamed and salted crabs last night that she was almost drooling.

Shi Xi took a bite of the bland shadow beef.

Oh, it was even more delicious than before!

As expected of Qingshui Restaurant!

It had been improving all the time and had never been surpassed!

Shi Xi quickly recovered and lowered her head to eat.

Sheng Yan and Xie Yunzhou were not in the mood to eat. They looked at each other and guessed what the other was thinking.

He couldn't be in love with Shi Xi, right?

This thought appeared in their minds at the same time.

They immediately denied it.

Xie Yunzhou thought that Sheng Yan definitely did not like Shi Xi. Otherwise, why would he cancel the engagement party? Wouldn't it be best to get married conveniently?

Thinking of this, Xie Yunzhou was a little jealous.

If he had Sheng Yan's advantage as a first move, he would have married Shi Xi long ago.

(minimum age for women to get married: 20 years old)

Sheng Yan had suspected that Xie Yunzhou had ill intentions toward Shi Xi, but when he looked at Shi Xi, he did not quite want to believe it.

What did Xie Yunzhou like about Shi Xi?

Besides being beautiful, what other advantages did Shi Xi have?

If it was not Shi Xi... Could it be that he was interested in the Shi family's assets and wanted to annex the Shi family?

Sheng Yan had heard that Xie Yunzhou had recently cooperated with the Shi family.

The two of them had deep thoughts. They were both people who would take a step at a time, trying to figure out each other's thoughts.

As for Shi Xi, she would follow wherever she went.

It wasn't that she didn't have a plan, but that her plan couldn't keep up with the changes.

According to Shi Xi's plan, she should be filming on the set right now.

Sigh.

Life was unpredictable.

Xie Yunzhou and Sheng Yan maintained their peace on the surface and even exchanged a few pleasantries.

"I was supposed to pay the bill, but I didn't expect President Xie to pay," said Sheng Yan.

Xie Yunzhou: "I booked the private room and have already paid the bill in advance."

Sheng Yan: "I'll treat you next time."

Shi Xi recalled such an awkward dinner. It seemed to have happened once before, so she asked, "Who invited you last time?"

Sheng Yan was silent.

He was just exchanging pleasantries. He didn't expect there to be a next time.

Xie Yunzhou walked to Shi Xi's side and lowered his head. "I'll send you home."

Sheng Yan chuckled. "I have something to tell Miss Xi, so I'll send her home."

Xie Yunzhou looked up at him and said unhappily, "What do you have to say that you can't say just now?"

Must he say it now?

Sheng Yan said, "I suddenly remembered."

Xie Yunzhou stood where he was and said, "Then talk about it now. After that, I'll send Shi Xi home."

Sheng Yan looked at Shi Xi and asked with a smile, "Girl Xi, who do you want to send you home?"

Shi Xi only wanted to have a car of her own now, so that she could generously say that she would go home herself.

Girls should learn to drive!

They should have their own cars!

"Send her back." Xie Yunzhou did not want to see Shi Xi in a difficult position. He took a step back and said, "I'll go back first."

Shi Xi heaved a sigh of relief.

She really did not want to make Xie Yunzhou angry.

After watching Xie Yunzhou leave, Shi Xi asked Sheng Yan, "What do you want to tell me?"

### **Chapter 256: No, No, No, I Don't Like Sheng Yan**

Sheng Yan held the car keys and said as he walked, "I warned you before to keep a distance from Xie Yunzhou. Why are you still so close to him?"

"I just came out for a meal." Shi Xi blinked. "He helped me a lot."

"I helped you so much. Why didn't you treat me to a meal?" Sheng Yan gave Shi Xi a sidelong glance.

Shi Xi: "He was the one who invited me."

Sheng Yan: "..."

After getting into the car, Sheng Yan asked, "I heard that your role was changed?"

Shi Xi was already calm. "That's right."

Since she had already changed, what else could she say.

Sheng Yan: "Then why didn't you go back to school and study hard?"

Shi Xi: "?!"

Why didn't you play by the rules!

Where was the part where he consoled her?!

Shi Xi was immediately dumbfounded by the question.

Sheng Yan glanced at Shi Xi and said, "What happened? Did you get expelled from school?"

"You were the one who got expelled!" Shi Xi leaned back in her chair and said, "I did ask for leave from school! I didn't go back to school because I still have to go to Yanjing to record the program next week."

"You still have to go to Yanjing?" Sheng Yan thought of something and said, "Then remember to find some time to shoot the promotional video for Shengshi Jewelry."

"You really want me to endorse it?" Shi Xi was surprised.

Sheng Yan said, "The promotional side said that they want you to be the spokesperson for the series."

Shi Xi thought of her schedule and said, "I'll go back and ask Brother Han. I'll shoot it as soon as possible."

Anyway, she had almost no job at the moment.

After Sheng Yan sent Shi Xi home, Shi Xi thanked him obediently.

“Do you want to come in and have a cup of tea?” Shi Xi asked.

Sheng Yan replied, “No, I’m afraid Auntie will let me marry you.”

“...” Shi Xi closed the car door and was about to go around the car to enter the house when she saw Ning Yu slowly appear.

Shi Xi: “?!”

Why was Ning Yu back!?

Shi Xi widened her eyes and looked at Sheng Yan again.

Could there be a plot point here?

Sheng Yan had not closed the car window yet. When he saw Shi Xi looking at him, he asked, “Why? Do you still have something to say?”

Shi Xi replied, “No.”

“I’m leaving.” Sheng Yan closed the window and drove off.

Something was not right.

It shouldn’t be.

Shi Xi watched Sheng Yan’s car drive off into the distance. She thought to herself, shouldn’t something have happened between the two main characters?

“If you like him, why did you break off the engagement in the first place?”

Ning Yu’s voice suddenly rang out.

“Ah?” Shi Xi came back to her senses and hurriedly waved her hand. “No, no, no. I don’t like Sheng Yan!”

“I was just asking casually. Why are you in such a hurry to refute?” Ning Yu’s usually cold eyes were filled with a hint of a smile. “Are you feeling guilty?”

Shi Xi: “I really don’t like him, that’s why I broke off the engagement.”

‘Moreover, the guilty conscience is because of you!’

‘You guys are the official couple!’

Ning Yu could not figure out these people’s love affairs, so she did not probe further.

When she entered the door, Mother Shi saw that her two daughters had returned. She said happily, “Ning Yu is back as well. Have you eaten?”

Ning Yu stopped in her tracks. “I’ve already eaten.”

Sometimes, when Shi Xi tried to mediate between them, Ning Yu and Mother Shi’s relationship eased up a lot even though they still did not look like mother and daughter.

“Then go take a shower and change into the new pajamas that I bought for you.” Mother Shi smiled and urged, “Xi Xi, go too.”

The whole family had to be neat and tidy.

Ning Yu asked in puzzlement, “New pajamas?”

Shi Xi gave her a determined look. “I left them in your cloakroom.”

Ning Yu was silent.

She knew that after she came back, Mother Shi wanted to make it up to her and bought a lot of clothes.

Ning Yu also thought about going to wear the clothes that Mother Shi bought for her.

But when she entered the cloakroom, she really couldn’t find any clothes that she liked.

Shi Xi’s style was sweet, but hers wasn’t!

### **Chapter 257: What Kind of Life Do I Have**

Shi Xi would not reject cute pajamas. She happily took a bath and changed into the green dinosaur pajamas she bought during the day.

Ning Yu took a bath and looked at the rabbit pajamas on the bed. She did a mental workout for half an hour before she put them on.

When she went downstairs, Ning Yu saw Shi Xu when she sat on the sofa. He was wearing the giant panda pajamas.

She instantly regained her balance.

So what if she was wearing rabbit pajamas?

Shi Xu had already become the CEO of the Shi Corporation. Didn’t he still have to obediently wear giant panda pajamas?

Ning Yu looked at the dinosaur knitting a scarf on the sofa and wondered why.

When Shi Xu saw Ning Yu, he thought of something and asked, “Do you like white?”

Ning Yu looked at her rabbit pajamas.

Pure white.

“It’s alright.” Ning Yu’s answer was vague.

“It’s good that you like it.” Shi Xu turned his head and asked Shi Xi, “Xi Xi, is your scarf done?”

“Yes, yes, it’s done.” Shi Xi said, “Don’t be in a hurry! I’ll definitely finish it before I leave!”

“I’m not in a hurry.” Shi Xu smiled gently and innocently, like a pure panda. “But I like black. Give this white scarf to Ning Yu and knit another black one for me, okay?”

Ning Yu: “?”

Shi Xi’s scarf, for her?

Ning Yu looked at Shi Xi.

Shi Xi looked at Shi Xu and said, “Alright, I’ll give the next one to you.”

Shi Xu smiled warmly and took a sip of tea. “It’s alright. It’s still early before winter, so I’m not in a hurry.”

Ning Yu sat on the single-seater sofa and could see that Shi Xi had already finished more than half of her scarf.

She finally understood why Shi Xu wanted to give it to her.

This was Shi Xi’s first time knitting a scarf. The stitching at the front was a mess.

The stitching at the back should have been more experienced and tidied up a lot.

Ning Yu looked at Shi Xi.

Shi Xu smiled like an old fox and said with peace of mind, “Ning Yu, do you want to eat some fruit?”

Shi Xi said, “I want to eat grapes.”

Ning Yu: “I want to eat peeled grapes.”

Shi Xu: “!!”

When Shi Xi heard that, she said incoherently, “You’d better pick out the grape seeds as well.”

Shi Xu: ...What kind of fate do I have in this life!

\*

After eating the grapes, Shi Xi went back sleepy and prepared to sleep.

When she pushed open the bedroom door and entered, Ning Yu stopped her and said, “This is a face cream that I made myself. You can try it.”

Shi Xi took the face cream and her eyes lit up. “Thank you!”

The female lead sister was a godly doctor!

The face cream that she made was definitely not an ordinary product!

When she returned to her room, Shi Xi looked at the face cream over and over again.

There was only a label on it that wrote the words ‘face cream’ and its expiry date.

Shi Xi happily applied the face cream and fell asleep, waiting for herself to become even more beautiful the next day.

\*

\*

[Ning Yu and the Shi family were incompatible.

She was born in a poor family. She had always relied on her own hard work to earn everything she had.

Ning Yu did not pay attention to her appearance. As long as she wore simple and comfortable clothes, it would be fine.

As for the clothes that her mother bought for her, she did not like it and was not used to it.

“Mom, you bought so many clothes for Sister, but she never wore them!” Shi Xi said coquettishly, “Just give me those clothes! And Sister’s cloakroom, it’s even bigger than mine!”

Mother Shi said, “Didn’t I buy you clothes? Are you still thinking about Ning Yu’s?”

Shi Xi continued to act coquettishly. “But I think the clothes that Mom bought for Sister are all very nice. Anyway, Sister doesn’t wear them, so why don’t you give them to me!”

Ning Yu went downstairs to eat and heard all these words.

Looking at the troubled Mother Shi, Ning Yu said to Shi Xi indifferently, “If you like them, I’ll give them all to you.”

#### **Chapter 258: Was So Popular That It Made People Jealous**

Shi Xi made a, “Yay” sound and said, “Sister, my cloakroom is full. I’ll put those clothes in your cloakroom first. I’ll go in and get them in the future, okay?”

Ning Yu didn’t even raise her head. “I’ll give the cloakroom to you too.”

Shi Xi’s goal was achieved, and she smiled even more proudly.

After eating, Ning Yu was going to give Mu Zhao face cream.

Thinking about how Mother Shi had been worrying about wrinkles recently, Ning Yu took a bottle and gave it to Mother Shi.

Mother Shi had just accepted it when it was snatched away by Shi Xi.

“What is this?” Shi Xi looked at it a few times and said in disdain, “Sister, you’re using this kind of unverified product? Aren’t you afraid of your face being ruined?”

As she said this, Shi Xi threw the face cream into the trash can and said, “Mom, you can’t put this kind of thing on your face!”

...]

Ning Yu woke up in a daze.

She seemed to have had a bad dream.

But Ning Yu couldn’t remember what she had dreamed.

Forget it, it wasn't a good dream anyway.

Ning Yu got up to eat.

Her mother poured her a cup of hot milk tea and said with a smile, "I used the cream you gave me last night, and I feel that there are fewer wrinkles at the corners of my eyes!"

"The cream only has a soothing effect and cannot eliminate wrinkles," Ning Yu said.

Mother Shi: "..."

Father Shi drank the tea and said, "People will have wrinkles when they are old. Why do you care so much?"

Mother Shi: "..."

"By the way, where is Xi Xi?" Mother Shi asked.

"She hasn't woken up yet. You don't have to wake her up. Just leave some food for her." Shi Xu knew Shi Xi very well.

Mother Shi looked at Ning Yu. "Ning Yu, what do you want to eat for lunch?"

Ning Yu said, "I'm not coming back today, so there's no need to cook for me."

Hearing that, Shi Xu looked at Ning Yu.

He really wanted to lecture this sister of his, but when he thought of Ning Yu's personality, which would not listen, he suppressed it.

After eating breakfast quietly, those who went to work went out.

When Shi Xi got up and faced an empty house, all she could say was 'strive hard'.

After eating breakfast slowly, Shi Xi arrived at the dance studio.

The finals were just around the corner, and she was about to start practicing her dance moves for 'Shadow'.

It was still the dance teacher from before. When he saw Shi Xi, the dance teacher became much more polite to her and asked, "How is Pei Jie doing on the program team?"

Shi Xi replied, "Pretty good." He had been ranked in the top three last time, and was so popular that it made people jealous.

The dance teacher asked, "Can he debut?"

Shi Xi wanted to say that Pei Jie's popularity was so high that he would definitely debut!

But then she thought about it again. She had been acting for a month, yet she had been replaced by someone else.

"I'm not sure," Shi Xi said. "We'll have to see in the finals."

There were a lot of lottery winners in the talent show.

In the past few days that Shi Xi had been in Feng City, not only did she learn how to dance, but she also took the opportunity to shoot a promotional advertisement for Shengshi Jewelry.

However, when she was not filming, the anti-fans could not help but stomp their feet.

[Is Shi Xi in trouble? There's no new variety show, and she's not in a group.]

[She's already in trouble. A vase like Shi Xi won't be able to handle the traffic after she becomes popular.]

[Shi Xi? The only reason she's popular is because of the program's bonus. In a male team's talent show, there's only one girl. How can she not be popular? Putting her in a female team's talent show, she's simply a beauty that no one cares about.]

[Thank you for saying that Shi Xi is very popular. Right now, Xi Xi Zi still has an online drama that's waiting to be broadcast, and a popular variety show.]

[If you're envious of Xi Xi Zi's popularity, just say it. This is a popularity that you won't be able to get even if you work hard for ten years!]

Just as they were pushing and pulling on the internet, the advertisement of Shi Xi endorsing Shengshi Jewelry was sent out.

#### **Chapter 259: What Does It Mean To Be Sold Out?**

Shi Xi was endorsing the Planet Series of Shengshi Jewelry. There was the Fantasy Galaxy Necklace, Planet Earrings, and the Starlight Bracelet.

Each piece of jewelry was matched with a set of clothes.

At dawn, the girl wore a yellow floral dress and a Fantasy Galaxy Necklace. Her smile was brighter than the sun.

It was as if she could enter the galaxy with her with just a wave of her hand.

The Planet Earrings took a close-up shot. Shi Xi tied up her hair. The closer the camera was, the more beautiful the girl looked.

Her long eyelashes were slightly lowered, and the starlight flowing in her eyes was more dazzling than the entire universe.

When it came to the Starlight Bracelet, Shi Xi danced for a few seconds, and her hand was 'inadvertently' displayed.

There were silver star fragments on the bracelet, and it was decorated beautifully.

After the promotional advertisement was released, the fans called it extremely beautiful.

[Ahhhh! Xi Xi is amazing!]

[Who is so beautiful? So it's my wife.]

[Those who say that Shi Xi doesn't have any resources, come and take a look. What is this?]

[Hahahaha, the anti-fans are good-news birds, right? Just when I said that Shi Xi was burnt, Shi Xi's endorsement came.]

[The promotional video is so beautiful! It's to the point where you can shoot a music video! Sob, sob, thank you, rich daddy, for the editing material again!]

[It's jewelry. It must be so expensive. I can't afford it. Sob, sob, sob.]

[Raising a daughter costs so much money, QAQ.]

After Shi Xi's new endorsement was posted, the fans who were waiting to be fed cried out in excitement.

After all, Shengshi Jewelry was an old jewelry brand. It had a good reputation and good quality.

Fans who liked jewelry and wanted to get their hands on jewelry placed their orders enthusiastically.

The haters continued to be envious:

[Yo, Shi Xi doesn't have a job anymore. She's here to cut the leeks of her fans!]

[How many fans does Shi Xi have? Don't lose your meals just to buy a necklace.]

[Aren't Shi Xi's fans all primary school students? They only know how to brag online. When they need to buy things, they all pretend to be dead.]

[Primary school students should just go to school properly. Don't bet on food just to support your idol.]

[Blind guess sales volume doesn't exceed 100.]

[100 is too little. It can probably sell for more than 200. (laughter)]

To the black fans, as long as they could step on Shi Xi, they would be happy.

When Shi Xi's fans saw this kind of comment, they were so angry that they broke up with the anti-fans passionately.

When the president of the fan club, Ji Yin, saw this kind of comment, she quickly organized her people so that everyone would not be taken away by the anti-fans.

[Don't go against the black fans!]

[Student parties, don't overdraw your living expenses! Eat well and study hard! Leave the matter of buying jewelry to the big sisters!]

[Yes! Jewelry is a little expensive. The big sisters have jobs, so the big sisters can just come and buy it!]

[Brother is also buying jewelry. Aren't male fans also fans?]

[Male fans wear necklaces? I want to see them.]

[I'm not the one wearing them! Can't I just buy them for my girlfriend?]

[You want to chase after celebrities when you have a girlfriend? Brother has something going on.]

[Ah, it's mainly because my girlfriend is also chasing after Shi Xi.]

[Male fans also wear bracelets? I think it's okay.]

[It's not okay!]

[Male fans wear earrings? Where? I want to see them.]

[???

The topic gradually changed.

When the ridiculed fans saw that the topic had deviated from its original meaning, they were both moved and amused.

This group of people was really too good.

After the promotional video was released, three types of jewelry were put on the shelves one after another.

Because it was a new product that was being released, Shengshi Jewelry even held a full discount event.

When the fans who were moved saw it, they received their tickets and bought it one after another.

Placed an order.

Huh?

Why was it out of stock?

Huh?

What did it mean that it was sold out?

\*

Ji Yin tried to stabilize the fans' harmony, telling them not to pay attention to the haters' comments.

Seeing that the chat was peaceful, Ji Yin was ready to buy a set of Planet Jewelry to wear for fun.

Why couldn't she place an order?

Was it not out yet?

No, the sales volume was 10,000+

Was it sold out?

## **Chapter 260: These Strands of Hair Dyed Blue**

A new storm had already appeared.

[Didn't you say that you little sisters don't have any money? Why can't I get it?]

[Within a minute, the sales volume is 10,000+. Are you sisters all average rich women?]

[I got the Pink Planet Necklace!]

[I get it. So I'm the only one who really doesn't have any money.]

[I got it, hehe.]

[Did the male fans get it? I just want to see a boy wear a necklace.]

The male fans were silent.

The sales of Shi Xi's endorsement jewelry were too good.

After the Advertising Department and Sales Department of Shengshi Jewelry saw this data, they discussed to find Shi Xi to endorse other series.

Sheng Yan did not expect that Shi Xi's carrying capacity was so strong.

The sales of Shi Xi's jewelry on this day were even higher than the sales of other similar new products in a quarter.

She could become a live streamer now.

"Do you want to endorse another series of jewelry?" Sheng Yan called Shi Xi to ask.

"Don't ask me. Ask Brother Han," Shi Xi said softly. "I heard Brother Han getting angry just now. I think he said that the endorsement fee was too low."

Sheng Yan: "..."

The current Shi Xi was no longer the same Shi Xi from before.

Shi Xi (increased price version): "Ask Brother Han. If you can accept the price he offered, there won't be a problem."

Sheng Yan: "I'll get someone to contact him."

If the price was right, he wouldn't mind working together for a long time.

And Shi Xi's endorsement results this time made the haters even more incompetent and furious.

Anti-fans (incompetent version): [Shi Xi doesn't have any scenes. Shi Xi is just a marketing person. Other than being good-looking, Shi Xi can't do anything else!]

Fan (perfunctory version): [Yes, yes, yes, you're right.]

The black fan was so angry that he smashed his phone.

..

Since she didn't need to join the production team anymore, Shi Xi went to the hair salon and dyed her hair.

Thinking of how frequently dyeing her hair would cause harm to her hair...

Thus, Shi Xi chose to dye her hair.

She only dyed a few strands of hair.

"Okay, just dye these strands of hair blue, right?" Tony confirmed for the last time.

Shi Xi: "...Yes."

On the other side, Tao Yuxuan said, "I'll just do some normal care."

Shi Xi's head was held down by Tony, so she could only look at Tao Yuxuan in the mirror and said, "Aren't you going to dye your hair? Change your hairstyle and change your mood."

Tao Yuxuan sighed. "I'm not in the mood to change it again."

"What's going on? Why have you been so depressed recently?" Shi Xi thought to herself, 'If there's anything that you're not happy about, just say it to make yourself happy!'

Tao Yuxuan said, "My father brought his son home."

Shi Xi: "???"

Did that mean that he was an illegitimate child?

Tao Yuxuan snorted and said, "That little wolf cub is only seven years old, and he already knows how to bite people!"

"He bit you?" Shi Xi asked.

"Yeah, he was slapped back by me." Tao Yuxuan was not the kind of person who would suffer a loss.

Shi Xi was silent.

It was difficult for an honest official to settle family affairs.

Tao Yuxuan's family affairs were indeed complicated.

Shi Xi had heard from Mother Shi that Father Tao was a romantic and amorous person. After marriage, he was not honest either. The red flags at home did not fall, and the colorful flags outside fluttered.

Mother Tao had only given birth to one daughter, which was Tao Yuxuan.

After giving birth to Tao Yuxuan, Mother Tao's health was not good, and she could not have any more children.

And Father Tao needed a son to inherit the throne, so he found a woman outside to give birth to his son.

"It's okay, that child is still young." Shi Xi advised, "You and Auntie should be more attentive, just hold tight to the shares of the company."

“My father is really flexible! He thought of every possible way to leave the company to his son.” Tao Yuxuan was angry just thinking about it. “Xi Xi, why don’t we take that little wolf cub...”
