

## The Fake 271

### Chapter 271: Found Xie Yunzhou's Cell Phone Number

After knowing that someone had intentionally bumped into Shi Xi, causing her to be injured, Shi Xu's eyes instantly turned cold.

Han Chuan continued, "Yesterday, I brought the lawyer to Yanjing and was preparing the prosecution documents."

"But today, the police came to our door and said that along with the driver, a few people had their legs broken and wanted to record our statements."

Shi Xu: ???

Han Chuan said, "The police suspect that we were the ones who got someone to beat them up."

"...How's the situation now?" Shi Xu leaned back in his chair and pressed between his brows.

Han Chuan said, "Those few people have their legs broken and are currently in the hospital."

"The police have just finished recording their statements. We were all at the hotel yesterday, and there was no evidence to prove that we were the ones who got someone to injure them."

"In addition, those few people were willing to pay the money and settle the matter privately. Two of the illegitimate fans are still in school and are afraid of leaving a criminal record."

"I was just about to call Shi Xi and ask her what kind of result she wanted. Should we continue to press charges?"

Shi Xu's eyes were cold. "Who was the one who broke their legs?"

Han Chuan sighed. "I really don't know. Yanjing isn't a place I'm familiar with. I didn't do anything rash."

In Yanjing.

A name flashed across Shi Xu's mind.

Xie Yunzhou?

That might not be the case. He only found out about Xi Xi's injury today. How could Xie Yunzhou's news be better than his?

"Continue with the lawsuit. I won't accept any more private matters," Shi Xu said calmly. "Don't worry about the financial compensation. We must make sure they are punished."

The Shi family did not lack money.

"Alright." Han Chuan knew what Shi Xu meant. He wanted to send them to jail.

Among those illegitimate fans, two of them were still in school.

But this was not an excuse for them to escape the law.

Shi Xu said, "If anything happens to Xi Xi in the future, report it to me immediately."

After hanging up, Shi Xu looked at Xie Yunzhou's cell phone number.

Forget it.

It didn't matter whether he did it or not.

\*

Shi Xi's variety show was over. There was no new announcement for the time being, and the fans were all waiting to be fed.

[When can I see Shi Xi? I miss my wife Xi Xi so much!]

[Is there a recent schedule? Hurry up and post it, or else we'll have to climb the wall.]

[Isn't the company taking over the variety show while its popularity is rising? Why aren't there any resources? Release my wife and open for business!!]

[There hasn't been any news for three days in a row, and I haven't heard of any variety show after that. Looks like Shi Xi has already been burned.]

[I said that she became famous overnight. It seems that her popularity has reached its peak, and she can only go downhill in the future.]

The fans were looking forward to seeing Shi Xi. The black fans were very satisfied with the current situation, especially Nan Wan's fans.

At this moment, Nan Wan was filming on the set.

No matter how good her acting skills were, how popular she was with the passersby, or how well she was filming, at least she had a job, and there would be scenes that could be broadcasted in the future.

However, there had been no news about Shi Xi, so there was a high possibility that she would be ruined in the future.

Just this point alone made Nan Wan's fans very satisfied.

The cast and crew of [Nine Blades of Tang].

Because Shi Xi had been replaced at the last minute, all of Shi Xi's scenes had to be re-filmed.

The other actors had almost no objections to re-filming this part of the opposite scene.

Even if they were dissatisfied, they did not dare to say it directly.

After a few days of polishing, Nan Wan was finally able to continue filming smoothly.

It was not that her acting skills had improved, but it was that they had lowered the requirements for her acting skills.

Ning Yu came to the set to visit the crew and gave some ointment to Mu Zhao.

When she arrived at the set, the assistant director was explaining the scene to Mu Zhao.

Ning Yu did not disturb her. She was going to find an inconspicuous place to sit for a while and wait for Mu Zhao.

## **Chapter 272: Ning Yu's Face Smacking**

Nan Wan happened to be sitting at the side. When she saw Ning Yu, her eyes were filled with a hint of mockery.

Nan Wan recognized that Ning Yu was the girl who had been with Mu Zhao. She flipped through the script and the corners of Nan Wan's mouth curled up slightly. "You're here to look for Mu Zhao, right? She's currently acting with the director. Why don't you sit down for a while?"

Ning Yu did not expect Nan Wan to be so polite to her and even let her sit down.

She looked around and saw that there was only a chair beside her.

Ning Yu sat down. "Thank you."

Nan Wan chuckled. "You're welcome."

And just as she sat down, there was silence beside her.

Ning Yu naturally noticed that the way the people around her looked at her had changed.

But what was wrong with her sitting here?

At this moment, Mu Zhao finished the scene with the director. When she saw Ning Yu, she strode over and said in a low voice, "Why are you sitting here? You can't sit here?"

"Why can't I sit here?" Ning Yu looked at the chair and asked, "Is this a private chair?"

The production team would put a lot of chairs for the actors to rest.

Some actors would bring their own chairs over.

"This is Chu Yuan's chair. He hates it when others touch his things!" Mu Zhao lowered her voice.

"Previously, Nan Wan sat for a while, but Chu Yuan threw that chair away and replaced it with a new one."

Ning Yu, who was sitting on the new chair, was speechless.

After hearing that this was a private chair, Ning Yu was ready to stand up.

However, it was already too late.

Chu Yuan had already seen her.

Ning Yu stood up and said apologetically, "I'm sorry, I didn't know that this chair couldn't be sat on."

Nan Wan sat at the side and watched the show.

When she first came to the set, she had been reminded that Chu Yuan had slight mysophobia and didn't like others to touch his things.

However, Nan Wan thought highly of herself. How could she listen to others?

Therefore, when Nan Wan saw that Chu Yuan's chair was empty and it was a comfortable resting chair, she laid down on it.

In the end, Chu Yuan had a cold expression and asked his assistant to throw the chair away and buy a new one.

Although Chu Yuan did not lose his temper, this kind of disdainful action was undoubtedly a slap to her face.

Therefore, when Nan Wan saw that Ning Yu had come, she deliberately let Ning Yu sit on Chu Yuan's chair.

Seeing Chu Yuan walk over, Nan Wan was ready to enjoy Ning Yu's awkward moment.

Although Chu Yuan looked gentle, when he was angry, his aura was very cold and heavy.

"It's okay. If you want to sit, just sit. It's more comfortable to lie down." Chu Yuan smiled and asked, "Are you thirsty? I'll ask my assistant to get you some water."

Although it was a question, Chu Yuan had already ordered his assistant to get water from the car, and he even specifically asked for room temperature water.

Everyone present was shocked.

This was not how they had expected things to unfold!

Previously, Nan Wan had only sat down for a moment before she received Chu Yuan's cold face.

But now that Ning Yu was sitting in Chu Yuan's chair, she was treated differently. He even asked his assistant to fetch water for her!

"I'll be fine after standing for a while," Ning Yu said. "You guys go and film. Don't worry about me."

Awkwardness floated in the air.

On the other side, the assistant director was urging them to go on stage to film.

"You can just sit here. My chair is very comfortable." Chu Yuan looked at Ning Yu reluctantly and said, "After I finish filming, I'll treat you to a meal."

From what he said, the two of them knew each other!

Everyone looked at Chu Yuan and then at Ning Yu.

"I'm meeting Zhaozhao for a meal," Ning Yu said.

"Then let's go together." Chu Yuan said.

Ning Yu looked at Mu Zhao.

Mu Zhao didn't dare to say no.

**Chapter 273: Self-Inflicted Punishment (1)**

Nan Wan was so angry that she gritted her teeth when she saw it.

However, this scene belonged to Nan Wan and Chu Yuan. She could only glare at Ning Yu and quickly went on stage.

"I remember that the director of this drama isn't Director Yan? Why don't I see him?" Ning Yu asked.

"Director Yan is sick from anger. The assistant director came to shoot these two days," Mu Zhao said in a low voice. "I heard that Director Yan went to find a producer to ask Nan Wan to leave."

Ning Yu: "..."

On the set, Nan Wan was acting with Chu Yuan.

As the second female lead, Nan Wan had many scenes with Chu Yuan.

Chu Yuan had previously acted with Shi Xi. Now that he was acting with Nan Wan, he could understand the gap between them.

The people watching from the side could also feel the difference in their acting skills.

Chu Yuan was a three-time Best Actor and the core character of the entire drama. He could be said to be the strongest actor of his age.

As for Nan Wan, her acting skills were terrible. She could only rely on the little experience she had learned in school to barely act with Chu Yuan.

When she needed to cry, Nan Wan could not cry for a long time. In the end, she had to use eye drops to make herself shed tears.

The assistant director said, "Pass. Prepare for the next scene."

Ning Yu watched from the side and said in surprise, "This works?"

"The assistant director doesn't dare to offend Nan Wan." Mu Zhao applied the ointment on her arm and put it away. She said, "Where did you buy this ointment? I want to buy a few more bottles for backup."

"This was made by my father's clinic." Ning Yu took a look and said, "If you want it, I'll bring a few more bottles next time."

"You're so kind. After I finish filming, I'll treat you to a big meal." Mu Zhao's eyes curved as she put away the ointment.

"Be careful. Don't get hurt every day." Ning Yu frowned. "Have you used up all the ointment I gave you last time?"

"I've used it up a long time ago." Mu Zhao smiled. "It's inevitable that we bump into each other during filming. I'll be careful."

"Mu Zhao, it's your turn now."

When she heard the scene attendant call her name, Mu Zhao quickly said to Ning Yu, "Wait for me for a while. I only have one scene today. I can leave after filming."

This scene was Mu Zhao and Nan Wan's scene.

Mu Zhao played the role of the evil woman in the play. Her weapon was a whip.

In this scene, she chased after Nan Wan and swung the whip, causing the injured Nan Wan to dodge.

In order to play this role well, Mu Zhao specially learned how to swing the whip.

Although it was still far from the 'using the whip like a god' in the play, it could already hit where it was pointed.

The previous scene had been shot with Shi Xi.

Mu Zhao had thought that today would be as simple as this.

However, Nan Wan said, "You're swinging the whip at me? What if it really hits me?"

The assistant director said, "Don't worry. Mu Zhao has learned how to use the whip. When the time comes, it will only hit the ground."

"If you see her raise her hand, just dodge to the east."

Nan Wan was reluctant. She looked at Mu Zhao and said, "Have some eyes. If it hits me, just you wait and see!"

Mu Zhao took a deep breath and told herself not to argue with an idiot.

When filming started, Nan Wan entered the plot and treated herself as an injured Tang Xi.

When she saw Mu Zhao raise her hand to whip her, she immediately dodged to the side.

"Ah!" Nan Wan, who had been whipped on the back, knelt on the ground in pain. "It hurts!"

The moment Mu Zhao lashed her whip, she wanted to stop.

Nan Wan was dodging in the wrong direction!

The assistant director shouted, "Mu Zhao, what's wrong with you?!"

"Director, Nan Wan dodged in the wrong direction. You already said that she should dodge to the east, but she dodged to the west by herself." Mu Zhao was not used to a missy's temper.

## **Chapter 274: Self-Inflicted Punishment (2)**

In order not to hit Nan Wan, Mu Zhao even deliberately hit some of the empty space in the west.

Even if Nan Wan did not dodge, she would not be hit.

In the end, Nan Wan did not dodge to the east!

She dodged to the west!

Nan Wan immediately accepted this whip!

It was really the case that the east was not as bright as the west. Nan Wan was whatever she looked like.

Nan Wan gritted her teeth. "Stop quibbling. You're just trying to whip me on purpose! It's a personal vendetta!"

"What personal vendetta do I have with you?" Mu Zhao was amused.

"You're jealous that I'm ranked higher than you." Nan Wan was the second female lead while Mu Zhao was the third female villain.

Mu Zhao: ...To be honest, she did not like Nan Wan, but it was not because of her rank.

It was because of Nan Wan's lousy acting skills.

"Alright, alright. It's alright to get injured during filming. Let's continue filming." The assistant director started to smooth things over.

"No! We can't let it go just like that!" Nan Wan started to pester him.

Mu Zhao asked, "Then what do you want to do?"

Nan Wan: "You have to take a hit back!"

Mu Zhao was exasperated. "Nan Wan, don't go too far!"

Chu Yuan also stood up. He felt that Nan Wan was too arrogant. "Nan Wan, it's normal to get injured during filming. Furthermore, that whip was because of your misalignment. You can't blame Mu Zhao."

"You guys are ganging up to bully me!" Nan Wan did not feel that she was wrong at all. She felt that it was someone else who was wrong.

Even if the entire world was wrong, she was still right.

The assistant director was at a loss. "Mu Zhao, just stand there and let her give you a whip."

Mu Zhao's eyes widened. "I didn't do anything wrong. Why should I let her give me a whip?"

"Isn't it just a whip? You've already given her a whip and let her have one back. Then, we can continue filming." The assistant director did not want to offend Nan Wan, so he went to bully Mu Zhao who did not have any backing.

Chu Yuan wanted to say something for Mu Zhao, but was stopped by Ning Yu.

Chu Yuan was puzzled.

Wasn't Mu Zhao Ning Yu's friend?

But seeing Ning Yu's expression, Chu Yuan shut up.

Mu Zhao looked around. She was indeed the person who did not have any backing in this circle.

And no one was speaking up for her anymore.

Mu Zhao had no choice but to hand over the whip in her hand.

Nan Wan picked up the whip with a hint of ruthlessness in her eyes.

Whether it was Mu Zhao or Ning Yu, they were both people who had bullied her before!

This time, she was going to take revenge!

Thinking of this, Nan Wan raised her hand and threw the whip down!

Just as she was about to throw the whip, Ning Yu pinched a stone in her hand and flicked it out.

The whip fell.

“Ah!”

Mu Zhao closed her eyes and waited for the whip to fall. However, she did not feel the pain for a long time. Instead, she heard Nan Wan’s cry of pain.

What happened?

Mu Zhao opened her eyes and saw that Nan Wan had already thrown the whip away. She was holding her face and crying.

Ning Yu’s lips curled into a cold smile. Her eyes were still cold and clear.

In the eyes of others, Nan Wan did not throw the whip at all. Instead, she threw it at her own face.

She deserved what she got.

Mu Zhao smiled and said, “I didn’t hit you this time!”

A whip was something that needed to be learned well before one could master it.

When Mu Zhao went to learn the whip for this character, she had thrown it at herself many times.

But she had never thrown it at her own face.

Mu Zhao thought that Nan Wan was really powerful.

This time, Nan Wan couldn’t blame anyone else. She stepped on the whip on the ground and ran away crying.

The assistant director also wanted to chase after her, but Nan Wan ran too fast and he couldn’t catch up.

### **Chapter 275: Came To See the Injured... Didn’t They Bring Anything With Them?**

Mu Zhao walked forward and picked up the whip from the ground. She patted the dust off it and asked, “Director, how are we going to shoot today?”

“We’re going to shoot your scenes with Chu Yuan first!”

\*

After Director Yan, who was on leave, found out about this, he gave Shi Xi a call.

“Come back and continue shooting.”

Shi Xi, who was feeding the fish, said, “Ah? But I don’t have time. I’ve been reading the script for the new drama recently.”

“What else can be better than my script?” Director Yan was very confident about this.

“Didn’t you guys find Nan Wan? She added so much investment. Are you willing to give it up?” Shi Xi asked, puzzled.

What happened in the production team had not been spread, so Shi Xi naturally did not know.

She only knew that she had been very happy these few days.

“As long as you come back, we don’t need the investment.” This was the result of Director Yan’s careful consideration.

After struggling for a long time between money and the film, Director Yan finally chose his work.

It was not easy to invite the Best Actor and Best Actress. He definitely could not let a rat poop spoil this pot of porridge!

“That won’t do either. I don’t have time.” Shi Xi leisurely fed the fish and said, “And I’ve been injured recently, so I can’t go to the set. Director Yan, you’d better find someone else.”

Shi Xi directly rejected Director Yan.

She did like the script of [Nine Blades of Tang], but it was a wuxia drama.

And Shi Xi was injured, so she couldn’t go to the ground in the near future.

Even if the cast was removed, she couldn’t exercise intensely.

Director Yan still wanted to say something, but Mother Shi called for Shi Xi to eat.

“Let’s not talk about it anymore. I’m going to eat. Bye bye.” Shi Xi hung up the phone.

Director Yan: ?!?

Ever since he became a director, he rarely got hung up on.

Shi Xi was the first artiste who dared to hang up on him!

Wasn’t it just that she was good-looking and had some acting skills?

She actually had a bigger temper than a producer?!

Chu Yuan asked, “Why? She doesn’t want to come back?”

“She said that her schedule clashes, and then she said that she was injured.” Director Yan did not believe a word of it. He gritted his teeth and said, “She must be faking it. She just wants me to invite her personally!”

Chu Yuan: “...Then do you want to go?”

Director Yan took a deep breath, looked at Chu Yuan, and said, “You’ll go with me.”

Chu Yuan said helplessly, “You’re the director. Why would I go with you?”

Director Yan: “I think she quite likes you. If you go, she might come earlier on account of you.”

Chu Yuan was speechless. “Alright, when will we go?”

“Today!”

He did not want to put up with Nan Wan any longer.

This was a woman who could make Director Yan give up 50 million yuan.

It had to be said that Nan Wan was the only one.

\*

In the afternoon, Director Yan brought Chu Yuan to the Shi family home.

When she first joined the group, Director Yan knew Shi Xi’s address, so he went straight to her house to look for her.

When Shi Xi heard that the two of them had come to visit, she was very surprised, but she still invited them in.

Director Yan thought that when Shi Xi said that she was injured, it was an excuse.

He did not expect to see Shi Xi in a wheelchair the moment he entered.

“Why are you here?” Shi Xi asked in surprise.

Director Yan stared at Shi Xi’s leg in silence.

Chu Yuan could only say, “We heard that you were injured, so we came to see you.”

Shi Xi looked at the empty hands of the two people.

They came to see an injured person... did they not carry anything?

Chu Yuan was also a little embarrassed.

They had directly rushed over, but they did not expect that Shi Xi was really injured.

Shi Xi said, “Please take a seat.”

Director Yan and Chu Yuan were both used to big storms and big waves, so they were indeed a little embarrassed to come empty-handed.

But as expected of someone who was used to big storms and big waves, they quickly sat down shamelessly.

### **Chapter 276: Turn Back and Eat Her Grass**

There was a fruit basket on the table.

The two of them pretended not to see it.

“Shi Xi, I hope you can return to the set and continue to play Tang Xi’s role,” Director Yan said seriously.

Shi Xi was slightly surprised. “Why? Nan Wan doesn’t want to continue filming?”

Otherwise, why would Director Yan turn back and eat her grass?

Chu Yuan explained, “It’s not that Nan Wan isn’t willing to continue filming, it’s just that Director Yan is dissatisfied with Nan Wan’s acting skills.”

Shi Xi was even more surprised. “Then... the 50 million investment that Nan Wan brought in?”

Chu Yuan said, “Director Yan is willing to give up the additional investment just to get Nan Wan to leave the production team.”

Shi Xi looked at the expressionless Director Yan and said in admiration, “Director Yan is really magnanimous!”

Director Yan took a deep breath. “I sincerely want to invite you back to the set to continue playing Tang Xi’s role.”

“I do want to go back, but as you can see, my foot doesn’t allow it.” Shi Xi moved her foot awkwardly. “Tang Xi has many martial arts scenes. Even if I remove the cast, I can’t just move it.”

The two looked at the cast on Shi Xi’s foot and fell silent.

Chu Yuan looked at Director Yan.

He was the one who made the decision.

The maid made rose tea and brought it over. Shi Xi picked up a cup and drank it slowly.

Ever since her ankle injury, she had been living a quiet life for a few days.

She was almost slacking off.

If she wasn’t filming, then she wasn’t filming. Anyway, with the money she had saved, she wouldn’t starve to death.

Chu Yuan asked in a low voice, “Director Yan, if Shi Xi goes back, she won’t be able to film martial arts scenes. She can only use stunt doubles.”

Director Yan didn’t like actors using stunt doubles, especially the main characters.

However, Shi Xi's foot was injured. Not only was she unable to film martial arts scenes now, but after the cast was removed, she still had to recuperate properly.

This was a dilemma for Director Yan.

After thinking for a long time, Director Yan finally made up his mind and said, "It doesn't matter. You can use the previous scenes. There's no need to reshoot."

"I'll try my best not to let you move for the later scenes. You just need to stand there.

"If there's a martial arts scene, use a stunt double."

Director Yan had already made a lot of concessions for Shi Xi.

Shi Xi: "..."

She could finally see Director Yan's sincerity.

She could tell that Director Yan really wanted her to return to the production team.

She really wanted to know what Nan Wan had done to force Director Yan to such an extent.

Shi Xi said hesitantly, "But I've already accepted a new script. I'll be joining the production team next month."

Director Yan's expression was twisted. "Whose script did you accept? What level of production is it?"

"Kuai Xue Entertainment invested in it themselves. It should be a B-Grade online drama, right?" Shi Xi said, "It's a relaxed show about sweet talk."

Director Yan was expressionless. "[Nine Blades of Tang] is an S-Grade popular drama."

There was a difference of two levels between the two!

Chu Yuan said to Shi Xi, "Shi Xi, why don't you get your manager to come over? We can all sit down and discuss it together and see how we can balance your time."

Hearing Chu Yuan say this, Shi Xi nodded and called Han Chuan.

At this moment, Shi Xu came in from outside.

"You are?" When Shi Xu saw that two unfamiliar men had come to his house, he frowned slightly.

Did they come to disturb Xi Xi?

"Brother, you're back." Shi Xi controlled her electric wheelchair and said, "This is my director, Director Yan, from [Nine Blades of Tang]."

"The other one is the male lead of our crew, Chu Yuan. He's a three-time Best Actor. He's super awesome!"

Hearing Shi Xi's introduction, Shi Xu sized up the two of them.

"This is my brother, Shi Xu." Shi Xi's eyes curved as she introduced the two of them.

“Hello, Mr. Shi.” Chu Yuan smiled slightly.

Shi Xu walked in and asked, “May I know why the two of you have come to look for Xi Xi?”

### **Chapter 277: They Didn't Bring Anything Over**

“We heard that Shi Xi was injured, so we came over to visit. We also invited Shi Xi back to the set,” Chu Yuan explained the whole situation.

Director Yan added, “I really want to invite Shi Xi back to continue filming.”

Shi Xu smiled gently. “As you can see, Xi Xi's foot is injured, so she can't go back to filming for the time being.”

“I can increase her pay,” Director Yan said.

Shi Xu: “The Shi family doesn't lack money.”

How could they lack money if they could afford to live in such a villa?

Director Yan said stiffly, “Mr. Shi, whether we film or not depends on Shi Xi's decision, right?”

Chu Yuan chimed in from the side, “Xi Xi, you said before that you've memorized the script for [Nine Blades of Tang], and you've already filmed dozens of scenes.”

“If you decide not to film it now, all your efforts in the past will be in vain.”

“Since Director Yan has spoken, he will get the stunt double to help you film the martial arts scenes. He will definitely not let you get hurt again.”

Shi Xu's smile faded. “The two of you, Xi Xi will definitely not film until she recovers from her injuries. Sister Zhang, send them out.”

Director Yan and Chu Yuan looked at each other.

Ever since the two of them became famous, they had never been chased out.

Shi Xu saw the fruit basket on the table and added, “Bring out all the things they brought.”

Sister Zhang said, “They didn't bring anything over.”

Shi Xi: ...

Director Yan: ...

Chu Yuan: ...

Shi Xi kindly explained, “That fruit basket was brought over by Tao Yuxuan when she came over this morning.”

Three minutes later.

At the entrance of the Shi Residence.

Chu Yuan sighed and said, "We should have brought some things over."

"We would have been kicked out even if we brought things over," Director Yan said. "I'll contact her manager and ask her when she's free."

"Do you still need to look for Shi Xi?" Chu Yuan asked.

When Shi Xi saw such an embarrassing moment, Chu Yuan felt a little awkward just thinking about it.

"What else? Do you still want to continue acting with Nan Wan?" Director Yan looked up at him.

Chu Yuan immediately said, "No."

If he continued acting with Nan Wan, he felt that his acting skills would drop by a level.

"Let's go back to the production team first." Director Yan was helpless.

What was going on!

\*

Shi Family.

Shi Xu looked at the huge fish tank that had appeared in the living room and asked, "Did you buy it?"

"No, Leng Qiankun gave it to me," Shi Xi said. "He knew that my foot was injured, so he gave me this fish tank and fish to relieve my boredom."

No one in the Shi family liked to keep pets. Only Mother Shi liked to keep flowers and plants.

Shi Xi controlled the electric wheelchair and arrived in front of the fish tank. "I heard that they are all precious species."

Shi Xu took a glance at it. He thought to himself, with such a colorful appearance, it was obvious how rare they were!

"I'm not sure if it's delicious," Shi Xi added.

Shi Xu: "...I'll fish out two for you and cook them for dinner?"

"No, no, I'm afraid of being poisoned." Shi Xi pointed at a small blue fish with a golden tail and said, "Brother, come and take a look. It's really beautiful!"

"You're eating this for dinner?" Shi Xu smiled.

Shi Xi: ?!

Shi Xu walked to the fish tank and commented, "Your friends are quite thoughtful."

"Oh right, Tao Yuxuan and I are going to Leng Qiankun's cruise ship tomorrow. It will be two days and one night. I'll report to you first," Shi Xi said with a smile.

Leng Qiankun had bought a luxury cruise ship and started using it after he went into the water.

Shi Xi's ankle was injured, so she couldn't go shopping normally. Tao Yuxuan wanted her to go on the cruise ship so she could play without moving.

"Sure, take good care of yourself." Shi Xu rubbed her head. "Do you want me to accompany you?"

Shi Xi covered her hair. "No need!!"

## **Chapter 278: Please Don't Involve the Business War**

Shi Xi had a happy holiday.

The production team was in a mess.

After Ning Yu left, the video of Nan Wan being rude in the production team somehow leaked out.

She used eyedrops to act in crying scenes, and martial arts substitutes to fight scenes.

Because of her own mistake, she was whipped. She desperately wanted to whip back, but she was slapped in the face again...

The topic of #Nan Wan's Acting Skills# quickly became a hot topic.

[Is this the acting skills that people brag about? It can't be the same when filming overseas, right? It's so embarrassing.]

[She's not good-looking, and her acting skills aren't good either. I really don't know how she got this role.]

[Nan Wan's existence gave me an illusion. I can do it too.]

[There are literary and martial artists. When she cries, she uses eye drops. It's really easy to earn money for an actor.]

[Real actors always do it on their own. It's this kind of person who taints an actor's reputation.]

[She's not even as good-looking as Shi Xi. At least Shi Xi is good-looking.]

[Wan Wan is already working very hard!]

[Wan Wan's eyes are red. She's already trying her best to act. Everyone is using doubles. Such a dangerous move would definitely require a professional.]

[That's right. If you don't know, then don't talk nonsense. I wonder who Wan Wan offended to be stepped on like this.]

[It must be Shi Xi. I guess Shi Xi didn't act, so she dragged Nan Wan down with her.]

..

Under the trending searches, fans defended Nan Wan as if she was their own daughter, desperately saying that she was beautiful and hardworking.

If anyone said anything bad about Nan Wan, they would retort.

[Shi Xi's fans are really lacking in quality.]

[What kind of acting skills does Shi Xi have? Don't the fans have any idea?]

[I'm dying of laughter. Compared to Shi Xi, Nan Wan's acting skills are better, right?]

The wind blew toward Shi Xi in an instant.

#The Overbearing School Bully Fell In Love With Me Set#

Just as Nan Wan's fans were mocking Shi Xi, [The Overbearing School Bully Fell In Love With Me] announced that it was set and released a trailer.

Shi Xi played the supporting role of the school belle in [The Overbearing School Bully Fell In Love With Me], and there was quite a bit of footage in the trailer.

A girl wearing a school uniform was walking around the campus with a book in her hands. She turned around and smiled.

[Ah, I'm dead! This is what the school belle looks like in my heart!]

[If our school had such a beautiful school belle, I wouldn't have graduated even if I died!]

In the five-minute trailer, Shi Xi's crying scene was specially shown.

The girl standing at the airport had a bitter smile on her face as she wished others well.

When she turned around, her tears fell.

[Come? Come to see Shi Xi's acting skills?]

[Xi Xi Zi, who has both beauty and acting skills, is finally coming!]

[Don't compare her fans. The more you compare them, the more tragic it gets.]

..

When Nan Wan saw this trending topic, she was so angry that she smashed her phone.

Her manager was already used to it and reported, "Miss Nan, Director Yan has informed me that you don't have to go to the production team anymore."

"What?" Nan Wan sat up straight in anger. "What do you mean? What do you mean I don't have to go to the production team anymore?"

"I've invested 50 million into the production team, and now you're telling me that I don't have to go to the production team anymore?!"

The manager's expression did not change. "Director Yan said that this investment will be returned intact."

Nan Wan said angrily, "I don't agree!"

"Miss Nan, Chairman Nan is already angry when he found out that you invested 50 million yuan." The manager said, "Recently, the Nan Corporation's orders have plummeted and their income is not enough

to cover their expenses. If this 50 million is returned, the Nan family will have more liquid funds and will be better off.”

“Orders have plummeted? What’s going on?” Nan Wan frowned.

The manager said, “I’m not sure about that. I’m just your manager.”

He was already tired from only working in the entertainment industry.

Please don’t get involved in a business war.

### **Chapter 279: Jumped Into Her Electric Wheelchair**

Nan Wan was used to being extravagant. At this moment, she immediately called her father to ask what had happened to the Nan family.

Father Nan said tiredly, “I don’t know how I offended the Xie family recently. They didn’t place any new orders. Instead, they cooperated with other companies.”

“What about the Hua family? Cousin can’t possibly leave us alone!” Nan Wan asked.

“The Hua family hasn’t been working on any projects recently, and there aren’t many collaborations with us. The main focus is still on the Xie family.” Father Nan continued, “I heard from your manager that if you return, the 50 million you invested previously will be recovered. You should come back first. The company is currently in need of money.”

Nan Wan gritted her teeth.

Why wasn’t there anything going smoothly?!

\*

After inviting Nan Wan out of the production team, everyone in the production team heaved a sigh of relief.

Even when they were filming, they felt much more relaxed.

“Director Yan, everyone is filming the male and female lead’s scenes now. Shi Xi’s scenes are too far behind.” The assistant director looked at the script and asked, “When will Shi Xi join the production team?”

Director Yan smoked his cigarette with a melancholic look on his face. “Let the scriptwriter change the script first and change the female lead’s martial arts scenes. I’ll talk to Shi Xi again.”

The scriptwriter had no choice but to stay up all night to change the script.

..

Meanwhile, Shi Xi was on a cruise ship, happily enjoying the wind.

“Isn’t it better than being bored at home?” Tao Yuxuan asked while lying on the recliner under the sun umbrella.

“Not bad, not bad.” Shi Xi drank her sprite and enjoyed the sea breeze. She crossed her legs and asked, “Aren’t you very busy? Why do you have time to come out and play?”

“There’s a blind date banquet tonight. I’ll see if there’s a suitable man.” At this point, Tao Yuxuan sighed and said, “It’s too hard for me to learn how to manage a company. I’m still suitable to buy things at the mall.”

Shi Xi: “...”

Ah Dou, who couldn’t be helped.

“Oh right, I heard that Leng Qiankun invited many people to attend today’s cruise party!” Tao Yuxuan approached Shi Xi and whispered, “He even invited the prince of A Country’s royal family!

“If he takes a fancy to me, I’ll go directly to the royal family and become a princess consort. I won’t have to stay here and guard the Tao family’s little fortune.”

Seeing Tao Yuxuan’s longing face, Shi Xi mercilessly burst her beautiful dream and said, “They will definitely want a native to be their princess consort. To them, we’re foreigners, so it won’t work.”

Tao Yuxuan paused for a moment and said, “Then I can be a side consort! It would be great to have a foreign side consort.”

Shi Xi said, “You should read less novels!”

Tao Yuxuan stood up and looked down from the upper level. “There are so many foreigners, I don’t know which one is the prince.”

Shi Xi said, “You’d better find a local.”

“I heard that foreigners are bigger,” Tao Yuxuan suddenly said.

Shi Xi: ?

“I don’t know if it’s true.” Tao Yuxuan looked at the men below, deep in thought.

“I’ll go back to my room to rest first. You can observe by yourself.” Shi Xi decided to give up on chatting with Tao Yuxuan.

There were floor-to-ceiling windows in the room, allowing her to enjoy the sea view.

After jumping onto her electric wheelchair, Shi Xi prepared to return to her room.

Tao Yuxuan asked, “Do you need me to push it?”

“No need, this is electric.” Shi Xi pressed the start button, and the electric wheelchair moved forward.

Seeing this, Tao Yuxuan turned around and continued to look at the men below, dreaming of marrying into the royal family.

Meanwhile, Shi Xi turned on the electric wheelchair and prepared to go back.

Seeing the corner in front of her, Shi Xi’s eyes lit up.

She was now a level 10 electric wheelchair player, so she could definitely turn around smoothly.

Thus, she successfully bumped into the man who was coming from the corner.

“Sorry, sorry! Eh? Xie Yunzhou?”

### **Chapter 280: I’m Sorry. This Is My First Time Pushing a Wheelchair, So I’m Not Very Familiar With It**

Xie Yunzhou walked around the corner and was hit by the electric wheelchair.

Seeing that it was Shi Xi, Xie Yunzhou said helplessly, “I’m fine. How are you?”

“I didn’t touch my foot, so I should be fine.” Shi Xi asked, “Are you here to play too?”

“Yes.” Xie Yunzhou did not say that he had come specially because he had heard that Shi Xi had come over. “How’s your foot injury? Does it still hurt?”

Shi Xi looked at her foot and said, “Actually, it doesn’t hurt anymore. However, the doctor said that I have to apply the plaster for two weeks before I can remove it.”

“Then follow the doctor’s instructions.” Xie Yunzhou pushed her wheelchair and said, “Where are you going? I’ll push you over.”

“There’s no need. This is electric. I don’t need to trouble you.” Shi Xi thought about asking Xie Yunzhou to help her push her wheelchair, and she felt that he was overqualified.

Emmm, this was the sea. Xie Yunzhou wouldn’t directly push her down, right?

“You bumped into me just now. What if you bump into someone else again?” Xie Yunzhou didn’t let her refuse and directly pushed Shi Xi forward.

Shi Xi couldn’t refuse, so she could only say, “Send me to my room. I want to rest for a while.”

Xie Yunzhou pushed Shi Xi forward.

However, this was also his first time pushing a wheelchair, especially one that was powered by electricity.

Thus, at the next corner, Shi Xi directly bumped into another person.

Shi Xi crossed her hands in front of her forehead, preventing herself from directly bumping into the person.

Shi Xi: “...”

Xie Yunzhou: “...”

“Sorry, sorry!” When Shi Xi saw that she had bumped into a blond foreigner, she hurriedly apologized.

Xie Yunzhou asked Shi Xi, “Are you alright?”

Shi Xi shook her head. “I didn’t bump into my foot.”

She had bumped into someone with her arm just now. At a suitable distance, her foot was still intact.

When the foreigner who had been bumped into saw that Shi Xi was in a wheelchair, he lowered his head and said, "I'm fine."

However, when he saw Shi Xi's face clearly, he said in surprise, "Hua Wenyin?!"

Shi Xi: "Huh?"

The foreigner looked at Shi Xi carefully and quickly said, "Sorry, I mistook you for someone else."

After saying that, he strode past the two of them and left.

Shi Xi looked at Xie Yunzhou.

Xie Yunzhou: "...I'm sorry. This is my first time pushing a wheelchair, so I'm not very familiar with it."

Shi Xi: ??!

You're going to push me like this?

What's the difference between this and me driving a wheelchair?

Don't I always bump into people?!

Xie Yunzhou was a little embarrassed. He changed the topic and said, "What do you want to play after you've rested?"

"When I bumped into that foreigner just now, I touched his waist. He had a gun on his waist." Shi Xi didn't answer Xie Yunzhou's question. She said thoughtfully, "Will there be anything wrong?"

It was legal to own a gun in foreign countries.

But this was China!

"There is a gambling den on the first floor of the cruise ship. There are all kinds of people." Xie Yunzhou frowned slightly and said, "Before boarding the cruise ship, everyone's luggage has been checked."

He did not know how this Leng Qiankun worked!

"I will talk to Leng Qiankun later and ask them to strengthen the protection work," Shi Xi said.

Xie Yunzhou pushed her into the room smoothly and said, "I live next door to you. If you need anything, you can find me."

Shi Xi: OK

Absolutely not.

The cruise ship had a total of six floors. Shi Xi's room was on the highest floor. There was not only a big bed, but also a huge bay window. One could sit on it and enjoy the sea view.

Shi Xi sat on the bay window and called Leng Qiankun first.

After Leng Qiankun said that he would take care of it, Shi Xi was relieved and continued to enjoy the sea view.

The sun shone on the boundless sea, refracting a bit of light. Just looking at it quietly made her feel relaxed and happy.

After blowing the sea breeze for a few minutes, Shi Xi felt that the wind was too strong and it was a little cold, so she quickly closed the window.
