

The Fake 331

Chapter 331: Is This the Legendary Asura Arena

Feng Yingyuan swirled her wine glass and looked at Wu Ni with a dazed expression. “Did I mention that you’re very handsome?”

“It’s not too late to say it now.” Wu Ni chuckled.

There was an ambiguous atmosphere between the two of them.

“Do you want to drink some wine?” Feng Yingyuan asked.

“Sure.”

Feng Yingyuan did not move and handed her glass forward.

[Two people sharing a cup?!]

[Ah, is the progress so fast? Did I miss something?!]

[This is the love of an adult. I’m not surprised if they kiss in the kitchen!]

Just as Wu Ni was about to take the cup, the atmosphere was interrupted.

“Sister Feng?” Xu Ziqing walked into the kitchen and asked cautiously, “Why are you here?”

“I’m here to get some wine.” Feng Yingyuan smiled elegantly and said to Wu Ni, “By the way, I want to eat spicy prawns. Do you know how to cook them?”

“I know how to cook them,” Wu Ni said.

Xu Ziqing interrupted, “Didn’t you say you would braise them in red sauce?”

“I cooked them according to your taste in the afternoon. I want to eat spicy prawns tonight,” Wu Ni said.

“I want to eat spicy prawns too.”

“But I can’t eat spicy prawns,” Xu Ziqing argued.

“I’ll use less chili,” Wu Ni said. “Or make two plates of prawns?”

Shi Xi sat on the sofa and heard their argument.

This was the legendary Asura Arena, right?

Li Jinfan and Shi Xi played flying chess and urged, “Sister Xi, it’s your turn.”

Shi Xi came back to her senses. “Okay.”

What did the Asura Arena have to do with her?

In the end, they still made two plates of prawns.

One plate was braised in soy sauce, and the other plate was spicy.

Other than prawns, there were also crabs, oysters, and scallops.

Shi Xi took a glance at them before her eyes landed on the fried eggs with tomatoes and shredded pork with green beans.

There were only these two dishes that she could eat.

"I remember that seafood allergies can also eat prawns." Xu Ziqing said, "I have a friend who is allergic to seafood. He can eat prawns."

"River prawns are fine. Jiwei prawns are sea prawns." Shi Xi ate the white rice and said plainly, "It's okay. As long as there are dishes that I can eat."

Xu Ziqing said apologetically, "I'm sorry. I didn't expect you to not be able to eat at all."

Shi Xi: "..."

Actually, she could eat a little, but she was afraid that she would not control the dosage properly and have an allergic reaction.

They were still recording, so nothing could happen to her face.

Xu Ziqing liked to eat seafood, so eating naturally made her happy.

Feng Yingyuan poured a glass of wine for Wu Ni, who was drinking, while everyone else was drinking coconut milk.

Before Li Jinfan and Chu Yuan went on the show, their managers had already requested that they were not allowed to drink alcohol on the show.

Feng Yingyuan got what she wanted and ate the spicy prawns without much expression.

Only Xu Ziqing was paying attention to the people eating the prawns. She wanted to see if they were eating the spicy prawns or the braised prawns.

Li Jinfan and Chu Yuan had full EQ. They each ate two prawns and did not take sides. It was obvious that they did not want to get involved in this Asura Arena.

Xu Ziqing insisted on asking, "Does Xiao Li like spicy food?"

Li Jinfan said, "Both are fine. I'm not picky."

"Sister Feng also said that she's not picky." Xu Ziqing had a hidden meaning. "But she still prefers spicy food."

Li Jinfan laughed dryly, unable to continue.

Xu Ziqing asked again, "Why doesn't Brother Wu eat prawns?"

Wu Ni said, "I don't like peeling prawns."

Shi Xi said regretfully, "I thought you were allergic to seafood too."

Wu Ni: "..."

“Prawns are very delicious.” Shi Xi said again, “And peeling prawns is also a process of enjoying delicious food.”

“I don’t like it.” Wu Ni shrugged.

Although this seafood meal was mostly cooked by him, he ate very little.

Shi Xi looked at Wu Ni, feeling envious, jealous, and eager to obtain Wu Ni’s non-allergic constitution.

Chapter 332: Peeled Prawns

“Just because you don’t like to peel prawns?” Shi Xi asked.

“Yes, I think it’s very troublesome.” Wu Ni shrugged.

Shi Xi picked up a spicy prawns and demonstrated it for him. “Pinch off the head and turn it, then you can pull it out.”

Not only did she peel out the entire prawn meat, but she also pulled out the shrimp string.

Shi Xi placed the prawn meat on Wu Ni’s plate and said, “Try your spicy prawn.”

Wu Ni looked at the prawn meat in front of him in surprise. “Is this peeled for me?”

“Uh, you can eat it. I can’t eat it.” Shi Xi added, “I washed my hands before eating. Don’t worry.”

“This is the first time someone has peeled a prawn for me.” Wu Ni looked at the prawn meat in front of him and was still in a daze.

Shi Xi thought for a while.

She couldn’t think of anything.

“Eat it,” Shi Xi could only say.

When the observation room and bullet screen saw that Shi Xi had peeled prawns for Wu Ni, they were all shocked.

[Wow! Shi Xi actually peeled prawns for Wu Ni?!]

[Although, I thought it was for Chu Yuan.]

[Ah, how do I eat this pair? To Shi Xi, Wu Ni is considered an uncle, right?]

[Oh my god, Shi Xi is really flirting everywhere... Li Jinfan is already jealous.]

The camera purposely focused on Li Jinfan.

Li Jinfan’s jealous gaze landed on Wu Ni.

One Chu Yuan was enough, now there was another Wu Ni?!

Li Jinfan rolled his eyes and thought of a good idea. "Sister Xi, teach me how to peel it. What I peel is incomplete."

"Sure." Shi Xi did not doubt him. She picked up another prawn and pinched its head. With a twist of her hand, the string of the prawn was pulled out and the prawn meat was peeled out completely.

Li Jinfan imitated Shi Xi's actions and indeed, he pulled out the prawn meat in an instant.

"Sister Xi is so amazing!" Li Jinfan praised sincerely.

Shi Xi: "That's right. A person who can't eat prawns has a powerful skill in peeling prawns."

She really should be lamenting about the creator's magic.

Shi Xi casually passed the prawn to Wu Ni who was close to her and said, "This is braised in soy sauce. You can eat it."

Li Jinfan: ?!

F*ck, shouldn't she give it to him?!

This was f*cking ridiculous!

He had prepared for this for so long, but she ended up giving it to Wu Ni?

The bullet screen was filled with laughter. [Li Jinfan is so miserable, I'm dying of laughter.]

[I could tell that Li Jinfan wanted Shi Xi to peel the shrimp for him, but he didn't expect Shi Xi to give it to Wu Ni.]

[There's no choice, Wu Ni is sitting closest to Shi Xi-]

[Qing Qing and Sister Wine's expressions aren't right. Wow.]

After peeling the shrimp, Shi Xi used a napkin to wipe her hands. However, she still felt uncomfortable, so she said, "I'm going to wash my hands."

Xu Ziqing stood up and smiled. "I'm going to get some soup."

Shi Xi chose the kitchen nearby.

Xu Ziqing seemed to ask unintentionally, "You and Brother Wu have a good relationship."

"Ah?" Shi Xi recalled what she had done just now. Afraid that there would be a misunderstanding, she quickly clarified, "No, I treat him like a senior."

Wu Ni was already 28 years old!

She was only 18 years old!

Xu Ziqing smiled and said, "I'm just asking. I think Jinfan likes you quite a lot."

"He's just like that. He's full of enthusiasm," Shi Xi commented.

Xu Ziqing scooped some soup and did not say anything else.

After dinner, Shi Xi helped to pack up the things and was alone with Feng Yingyuan in the kitchen.

Unlike Xu Ziqing, Feng Yingyuan did not beat around the bush. She asked directly, "Who are you writing to tonight?"

Shi Xi: "...Can I tell you that?"

"I'm just asking." Feng Yingyuan shrugged and said, "From the looks of it, you want to write to Chu Yuan?"

Chapter 333: President Xie Turned Green

Shi Xi turned the tables and asked, "Are you going to write a letter to Brother Wu?"

Feng Yingyuan was smiling. She put her glass into the dishwasher and said, "I don't know."

The sound of the dishwasher was the end of their conversation.

The bullet screen was filled with discussions. [These two women are not simple people!]

[Sister Wine is obviously not a fool. How can a lawyer be a fool?]

[It's obvious now. Xu Ziqing and Sister Wine are fighting for Brother Wu, but Shi Xi is peeling shrimp for Brother Wu. Both of them are here to question Shi Xi.]

[Shi Xi: I don't know anything.]

Next was the letter-writing segment.

Everyone wrote their letters and put them on the small blackboard. The guests went to pick up the letters.

The first episode of [Secret Love Exchange] ended here.

The next episode's trailer was broadcasted.

The content of the trailer was edited to bits.

Shi Xi stood in front of the blackboard and said in disbelief, "It can't be?"

The camera turned and it was Xu Ziqing who was questioning someone. "Who did you receive a letter from?"

Feng Yingyuan was still shaking her wine glass and said with a faint smile, "You didn't receive a letter. Are you angry?"

The female guest's scene ended there.

The male guest's scene was switched.

The male guest's side was much more harmonious. The three of them gathered together and asked each other:

“Who did you receive the letter from?”

“Who did you write it to?”

“Why did you write it to her?”

The trailer ended there.

The bullet comments were all urging for updates. [Why did they stop here? I want to see who they wrote the letter to!]

[I’m so angry. Who did Xi Xi write to?!]

[Xu Ziqing’s tone is so fierce! From what Sister Wine said, did someone not receive a letter? It can’t be Xi Xi, right?]

[...]

The love observers in the observation room were also guessing who they would write to and who they would receive a letter from.

[Qing Qing definitely wrote to Wu Ni. Although it’s a little contradictory, she probably wouldn’t write to anyone else.]

[Sister Wine is most likely writing it to Wu Ni. It’s also possible that she wrote it to Chu Yuan.]

[Shi Xi is 100% writing it to Chu Yuan!]

[It’s also possible that she wrote it to Li Jinfan! Didn’t they make an agreement during the day that if they had a mission, they would choose the other party?]

After guessing the female guest, they guessed the male guest.

[Li Jinfan wrote it to Shi Xi. Wu Ni is definitely going to choose between Qing Qing and Sister Wine. It’s just that I don’t know who Chu Yuan will write it to.]

[Chu Yuan will probably write it to Shi Xi, right? They were filming together previously, and the two of them had quite a good chat.]

There were many speculations on the internet. Tencent Video even created a small game under the program that allowed them to arrange their speculations and participate in the discussion.

The netizens were discussing happily while urging the program team to quickly update the next episode.

*

After the first episode was broadcast, the program was very popular.

It was so popular that Xie Yunzhou’s assistant could hear all kinds of discussions in the pantry.

Xie Yunzhou had been busy with a merger recently, and his assistant was so busy that his feet didn’t touch the ground. He took the time to take a look at Shi Xi’s variety show.

After seeing the variety show’s name, the assistant was shocked.

[Secret Love Exchange]

F*ck! F*ck!!

President Xie turned green?!

The assistant opened the variety show with his trembling hands.

Please, let Shi Xi be an observer, not a guest.

Xie Yunzhou suddenly appeared and asked, "What are you looking at?"

"Nothing." The assistant hurriedly put away his phone and said seriously, "The revised contract has been sent to your email."

Xie Yunzhou answered and walked to the office.

The assistant heaved a sigh of relief and prepared to go out and find a place where no one was watching.

"What is Shi Xi doing recently?" Xie Yunzhou suddenly asked.

Chapter 334: Xie Yunzhou: I Made Myself Green

The assistant's heart instantly jumped as he reported, "Miss Shi's new drama has been delayed in starting. She is currently recording a variety show."

Xie Yunzhou asked, "What variety show?"

The assistant replied, "...Tencent Video's S-Rank variety show. It's an observation-type reality show."

Xie Yunzhou didn't really watch variety shows. He only noticed the S-Rank variety show and asked, "Is it the S-Rank variety show that we sponsored?"

The assistant said calmly, "Yes."

Xie Yunzhou asked no more questions.

The assistant left the office, went to the pantry, opened the variety show, and watched it on double speed.

Dead.

Shi Xi was mixed-up as a female guest.

Moreover, this program is sponsored by President Xie, specifically asked to let Shi Xi participate by name.

President Xie: I made myself green.

What do we do?!

The assistant held his phone in his hand, at a loss.

When he first received the sponsorship contract, he only saw that it was an S-Rank variety show, so he asked Xie Yunzhou to sign it.

Xie Yunzhou had always given the green light to Shi Xi's project, and this time, it was the main sponsor.

But he didn't expect that this green light would be given to Xie Yunzhou!

The assistant watched the program and quickly thought of a solution.

What the f*ck...

The program was pretty good.

The assistant could not help but continue watching.

"Eh? Sneaking around during office hours?" The female staff member who came to the pantry to pour tea saw the screen and smiled. "You're watching this variety show too? This is super good! We're all watching it!"

The assistant was shocked and turned off his phone with a cold expression. "I'm just taking a look at the company's investment project."

The female employee was shocked by his expression and left without even taking a sip of water. "I just remembered that I still have something to do."

The assistant sighed.

What should he do?!

He had never cared about the entertainment industry before, and there had been a lot of variety shows on Shi Xi recently.

Moreover, this was an S-Rank variety show!

The assistant only regretted that he had not carefully reviewed the show.

But thinking about it carefully, President Xie should not be angry, right?

Although it was a love variety show, it was all fake... Just like when Shi Xi went to film.

The assistant frantically tried to build up his mental state.

In any case, President Xie would not watch this variety show, so he definitely would not know.

The assistant's ideal was right, Xie Yunzhou indeed would not watch these variety shows.

But Xie Yunzhou would read Shi Xi's Weibo and super words.

After he finished processing the documents, Xie Yunzhou opened his Weibo and looked at the latest developments on Shi Xi's Weibo.

[Secret Love Exchange]?

What kind of program was this?

Xie Yunzhou smelled something unusual.

He opened the video and watched it.

When he saw Li Jinfan fawning over her, Xie Yunzhou told himself that Shi Xi was an artist and that all of this was just an act.

When he saw Shi Xi looking for Chu Yuan, Xie Yunzhou told himself that Shi Xi was an artist and that all of this was just an act.

When he saw Shi Xi peeling shrimp for Wu Ni, Xie Yunzhou had told himself —

What kind of lousy variety show was this?!

Don't you know that there's a difference between a man and a woman?!

That Wu Ni was already capable of being Shi Xi's uncle back then, yet he was still so impolite?!

He was more outstanding than Wu Ni, so why didn't Shi Xi peel shrimp for him?

Xie Yunzhou endured the jealousy and dissatisfaction in his heart and continued reading.

When he saw that there was still a letter-writing segment, Xie Yunzhou felt that his life was bleak.

The assistant came in to report. When he saw Xie Yunzhou's expression, his heart thumped. "President Xie, this is the report from the Human Resources Department."

Xie Yunzhou closed the video and said calmly, "Put it on the table."

The assistant prepared to leave.

"Wait," Xie Yunzhou said, "Book today's flight tickets to Yanjing."

The assistant: "...Alright."

Was he going to meet Shi Xi?

The assistant wondered if Xie Yunzhou had seen this [Secret Love Exchange].

After all, it was really very popular and very good to watch.

He wanted to watch the second episode.

Chapter 335: A Date With Xie Yunzhou

Shi Family.

When Shi Xu got home from work, he saw his mother sitting on the sofa with a conflicted look on her face.

"What's wrong?" Shi Xu asked casually.

“I’m watching Xi Xi’s new variety show.” Mother Shi said with a conflicted look on her face, “I’m afraid that Xi Xi will fall in love early, but I’m too embarrassed to say it.”

Shi Xu was puzzled. “What does it have to do with being in love early?”

“Xi Xi’s latest show is about dating!” Mother Shi was beaming with joy. “There’s a man on the show. He came to our house last time, and he’s the fair and clean one!”

“Chu Yuan?” Shi Xu asked tentatively.

“Yes, yes, yes, it’s Xiao Chu!” Mother Shi said with satisfaction, “He and Xi Xi are colleagues, and he’s very good-looking. I’ve asked around. His family is in Xi City. His father is a university professor, and his mother is a doctor...”

“I don’t think you’re worried about Xi Xi’s puppy love,” interrupted Shi Xu. “You just can’t wait for Xi Xi to get together with him.”

“It’s just that Xiao Chu is a little older, seven or eight years older than Xi Xi!” Mother Shi said regretfully

Sitting on the sofa, Shi Xu pressed the remote control of the television and asked, “What variety show did she go on?”

“This is it, [Secret Love Exchange],” Mother Shi introduced, “A show where three men and three women fall in love, it’s really fun!”

Shi Xu’s heart: !!?

His cute and innocent sister, how did she end up on this variety show?!

..

After the first episode was broadcast, Shi Xi received greetings from her friends.

Some asked for spoilers, asking who she had written to, such as Tao Yuxuan and Mu Zhao.

Some congratulated her on finding a lover on the show, such as Director Yun Guang, He Wenyao, and Director Yan.

There were also those who secretly asked her not to fall in love early, such as Xie Yunzhou and Shi Xu, which were filled with flames and cold universe.

Mother Shi was a little more complicated. On one hand, she was worried about Shi Xi falling in love at a young age, and on the other hand, she was observing the three male guests and pointing fingers at them.

Shi Xi: This is ridiculous.

Just as she was waiting for the next recording, Xie Yunzhou called.

“I’m in Yanjing,” Xie Yunzhou said. “Are you coming out for a meal?”

Shi Xi said, “Sure. I found a pretty good restaurant. I’ll send you the address.”

Hearing the girl's voice, Xie Yunzhou felt much more relaxed. All his worries were put to rest, and he asked casually, "What are you doing?"

Shi Xi replied, "Knitting a scarf."

Xie Yunzhou asked in puzzlement, "Knitting a scarf?"

"Yeah," Shi Xi complained, "I have to give a present to the program this time, and I have to make it myself. I can only knit a scarf — I hope the temperature will drop soon. Otherwise, they won't be able to wear it even if I give it to them!"

Xie Yunzhou thought of Shi Xi's program and his lips stiffened. "Who are you going to give it to?"

Shi Xi: "I don't know. I heard it's a blind box. Let's see who gets it."

Xie Yunzhou only wanted to withdraw the sponsorship for this lousy program overnight.

"Then he's really lucky," Xie Yunzhou said lightly.

"That's right. This is the third scarf I've knitted this year. It just so happens to be perfect! I wonder who's the lucky one." Shi Xi sighed. She said, "I'll send you the location of the restaurant first. Then, I'll finish up and go over."

Xie Yunzhou: "Okay."

After receiving the address, Xie Yunzhou went straight over.

However, Shi Xi was even closer.

Moreover, Shi Xi was afraid that Xie Yunzhou would wait for too long, so she brought the half-knitted scarf out and knitted it in the car.

The coarse wool was very fast for weaving scarves. She learned it well and could knit it very quickly.

When she arrived at the dining room, Shi Xi ordered the food first.

Seeing that Xie Yunzhou had not arrived yet, she leaned against the back of her chair and continued to knit a scarf.

When Xie Yunzhou entered the private room, he saw that the girl was seriously knitting a scarf. The warm light fell on her body, and her entire person emitted a gentle aura.

Chapter 336: Giving Up Is Really Very Happy

However, when he thought about how the scarf was going to be given to another man, Xie Yunzhou's heart felt stifled.

Who wouldn't be angry?!

When Shi Xi heard the sound of the door opening, she put away the wool in her hands and said, "Sit down. I've already ordered the dishes."

Xie Yunzhou sat down and asked, "How's the recording going recently? Is it hard?"

It would be best if she said that it was very hard so that he could directly get Shi Xi out of the program team.

"It's going very smoothly. It's not hard at all!" Shi Xi's eyes were filled with gratitude. "I've never been on such a good variety show before! Early to bed and early to rise, and I can even take an afternoon nap!"

She had always been on the production team before, and shooting until midnight was a common occurrence. She had to rush to shoot in the morning, and it was often day and night.

Not only was her schedule chaotic, but it was also difficult for her to eat on time.

So after going on this variety show, Shi Xi was very touched.

No wonder everyone liked variety shows. Money was so hard to earn, so who didn't love variety shows?

Xie Yunzhou: "..."

What else could he say?

novelusb.com

He couldn't say anything.

Shi Xi ordered the food in advance, and soon the dishes were served.

Xie Yunzhou ate the dishes carelessly, his mind racing as he thought about what to do.

"You're still young. If you were to go on a love variety show, would your fans not be able to accept it?" Xie Yunzhou seemed to have 'casually' brought up this topic.

"A little." Shi Xi seemed to be deep in thought.

After the first episode of [Secret Love Exchange] was broadcast, she had attracted a lot of fans, and her popularity had also increased.

However, many of her fans had a wait-and-see attitude toward this.

They did not like their own artistes to be in love variety shows.

They also did not like Shi Xi to be paired with other people.

"Do you want to try other variety shows?" Xie Yunzhou said as if he had 'inadvertently' said, "I have a friend who is in variety shows. I can introduce you to him."

"Ah? Is that good?" Shi Xi said awkwardly, "The response to [Secret Love Exchange] is so good now. If I quit, wouldn't it be bad?"

Xie Yunzhou said, "The response is good because you're popular. If you go to other variety shows, the response will be good too."

Shi Xi thought about it while eating the braised pork.

If Xie Yunzhou could think of it, she could naturally think of it as well.

The [Secret Love Exchange] had brought her a lot of popularity, but it had also brought her a lot of harm.

Chu Yuan and Li Jinfan were both popular celebrities, and their number of fans was no less than hers.

Because they were in a variety show together, their only fans scolded her on her Weibo every day. They would also scold her in private messages, telling her to stay away from the two of them.

Other fans took advantage of the situation, saying that she was three-hearted and wanted to seduce three men.

She could ignore the voices of the haters.

But if her fans saw such comments, Shi Xi's heart would always feel uncomfortable.

She hoped that Mother Shi would not go online.

"I'll think about it again. I can't just give up every time I encounter difficulties, even though it's really happy to give up," Shi Xi said. "Actually, this variety show will only be recorded for a month. After a month, I'll enter the group."

When that time came, she would be broadcasting the variety show to maintain her popularity. She would be waiting to broadcast the drama [Nine Blades of Tang]. She would definitely make a profit.

"Okay, you can discuss it with your manager." Xie Yunzhou smiled.

Shi Xi: "..."

If she received two recording requests at the same time, Han Chuan would definitely weigh the time and accept both of them.

Han Bapi.

After all the dishes were served, another plate of prawns was served.

Shi Xi was slightly surprised. She looked up and asked, "You ordered it?"

She didn't order seafood herself.

Then it could only be ordered by Xie Yunzhou.

Xie Yunzhou: "I suddenly feel like eating."

Shi Xi's heart struggled for a moment, and then put the plate in front of Xie Yunzhou.

D*mn, eating shrimp in front of her!

D*mn!

Chapter 337: New Cruel Punishment Method

Xie Yunzhou looked at the shrimp in front of him. "I don't want to peel it myself."

Shi Xi was wearing disposable gloves and gnawing on a mutton bone. When she heard that, she said, "I'll call the waiter and ask the waiter to peel it for you."

Xie Yunzhou: ??

"Just give them a tip." Shi Xi was ready to ring the bell and call the waiter.

Xie Yunzhou: ?!

"No need. I don't like others to peel prawns for me." Xie Yunzhou was implying something.

"Then who used to Peel Prawns for you in the past?" Shi Xi asked.

Xie Yunzhou: "I rarely eat prawns."

Shi Xi thought to herself, 'Then you shouldn't eat prawns this time.'

There were so many things to do.

Could it be that he wanted his mommy to come over and peel prawns for him?

Shi Xi was about to say something when she met Xie Yunzhou's gaze.

Could it be that he wanted her to peel prawns for him?

Shi Xi's bone-gnawing hand paused for a moment before finally asking, "Did you watch my variety show?"

Xie Yunzhou hesitated for a moment before nodding.

Could it be that Shi Xi had guessed that he was jealous?

Could it be that he had to express his feelings now?

Xie Yunzhou lowered his eyes and avoided Shi Xi's gaze. He was somewhat regretful for his recklessness.

He shouldn't have done such an outrageous thing just because he was jealous.

After reflecting for a moment, Xie Yunzhou quickly thought of a solution.

Should he continue to insist on Shi Xi peeling the prawns?

Or should he pretend to be joking?

While Xie Yunzhou was thinking, Shi Xi spoke.

"No wonder." Shi Xi put down the mutton bone and changed into a pair of disposable gloves. She said, "You must have taken a fancy to my shrimp peeling skills, right?!"

Xie Yunzhou: ???!

He had expected Shi Xi to be angry, compromise, or be suspicious.

He just didn't expect Shi Xi to have such a reaction!

Shi Xi finished peeling a shrimp and placed it in Xie Yunzhou's bowl. "I'll peel the shrimp for you. That variety show you're talking about, you must invite me!"

Xie Yunzhou was still stuck in Shi Xi's brain. When he came back to his senses, there was already two more peeled shrimp meat in the bowl.

After Shi Xi placed the third prawns in Xie Yunzhou's bowl, Xie Yunzhou said, "That's enough."

"Oh?" Shi Xi looked up and asked, "That's enough?"

Xie Yunzhou nodded.

Shi Xi peeled three prawns for him, one more than the unknown man.

"Alright." Shi Xi continued to gnaw on her mutton bones.

Although there was no image in gnawing on bones, but in front of Xie Yunzhou, what image did she want?

Xie Yunzhou suddenly asked, "Has anyone ever peeled prawns for you?"

Shi Xi thought about it for a moment. "No."

Xie Yunzhou did not ask any further. He ate all the prawns that Shi Xi had peeled for him.

They were more delicious than anything he had eaten before.

If Shi Xi had heard Xie Yunzhou's thoughts, she would probably say that prawns were all so delicious.

Just as Shi Xi was about to gnaw on the second mutton bone, there was an extra prawn meat on the plate that was hard to say it was peeled, but it was indeed peeled.

Looking at the rough surface, she knew that this person definitely rarely peeled prawns.

"Oh?" Shi Xi raised her head to look at Xie Yunzhou in puzzlement.

"I peeled it for you," Xie Yunzhou said.

"But I can't eat prawns." Shi Xi was even more puzzled.

Xie Yunzhou: "Then just look."

Shi Xi: ?

Was this some new type of cruel punishment?

She could only watch but not eat?!

Xie Yunzhou did not explain.

He was going to be the first person to peel prawns for Shi Xi.

Moreover, only he could peel prawns for Shi Xi.

Shi Xi could not figure out Xie Yunzhou's logic. Looking at the rough and bumpy prawns being peeled, she lost the desire to eat prawns in her heart.

Very good.

After the meal, Xie Yunzhou wanted to send Shi Xi back.

"I'm going to the boutique to buy a gift." Shi Xi said, "Xu Ziqing is the girl who recorded with me. Her birthday is coming soon."

Chapter 338: Selling the Girls Out In One Sentence

Although the two of them weren't close, the program team had informed everyone that they were going to celebrate Xu Ziqing's birthday, so she could only choose a gift to deal with it.

"What do you want to buy? I'll send it to you," Xie Yunzhou said, feeling somewhat dissatisfied.

Why could people only celebrate their birthdays once a year?

He wanted to celebrate it once a month.

Shi Xi said, "Let's go to the boutique in the mall and take a look around."

She wasn't familiar with Xu Ziqing, so she didn't think of buying any expensive gifts.

She could just go to the two dollar store and buy something to fool her.

Therefore, Shi Xi didn't go to the boutique in the mall at all. Instead, she saw a boutique on the side of the road and asked Xie Yunzhou to stop his car.

Xie Yunzhou: "..."

The boutique was filled with a dazzling array of products. There were even hand-woven scarves.

The scarf was hand-woven by the shop owner.

Shi Xi looked at the scarf in front of her and said enviously, "It's so well-woven!"

It was much better than hers!

Xie Yunzhou looked over and an idea slowly formed in his mind.

The shop owner was a clever female boss. She walked over and introduced, "Beautiful lady, do you want to buy a scarf? It's 20 per scarf."

Shi Xi was speechless.

Such a beautiful scarf was only 20!

Then how could she give away the tattered things that she had knitted?!

Shi Xi was originally full of confidence in the scarf that she had knitted. Now that she saw the scarf that the shop owner had knitted, she felt ashamed of her inferiority.

Xie Yunzhou could see the hesitation in Shi Xi's heart at a glance.

Shi Xi's thoughts were too easy to read. What she thought was completely displayed on her face, and she never hid it.

"Do you want to buy one?" Xie Yunzhou said, "These scarves are knitted quite well."

"But I didn't make them myself," Shi Xi said.

Xie Yunzhou was thinking about how to choose his words when the female shop owner next to him spoke up.

"Nowadays, how can there be so many people who knit scarves themselves?! Many girls come to my shop to buy them. They all say that they knitted them themselves and want to give them away." The female shop owner sold the girls out with just one sentence.

Shi Xi: ??

Xie Yunzhou: ???

"It's not just the girls. The boys also bought some knitting bags from me." The female shop owner sold the boys out with another sentence.

Shi Xi: ??

Xie Yunzhou: ???

"It can be done like this?" This was the first time Shi Xi had seen such an operation.

"Yeah." The female shop owner added, "There are also special requirements. The uglier ones are all over here."

Shi Xi followed the direction of the female shop owner and looked over.

The uglier ones were also better looking than the ones she knitted.

Sob, sob, sob. The scarf she knitted could not be given away!

The female shop owner asked, "Who is the pretty girl giving it to?"

As she spoke, the female shop owner glanced at Xie Yunzhou, feeling puzzled.

This pretty girl's boyfriend was right beside her. She seemed to have said too many things that she should not have said.

Shi Xi turned around and said, "Let me take a look at the music boxes."

Xie Yunzhou followed behind her and said, "You can buy a scarf and give it away as something that you can knit."

"Forget it. The program team asked for it to be handmade, so I'll just make it myself." Shi Xi looked at the goods on the shelves and quickly picked out an angel's music box.

It wasn't like she was a good friend, so she could just casually buy it.

After paying, Shi Xi asked the female store owner to wrap it up for her and put it in a gift bag.

While waiting, the female store owner recommended, "If you want to give handmade gifts, there's a store nearby that can make your own cups. It's also very memorable."

Shi Xi's eyes lit up and asked, "Is it difficult?"

The female store owner said, "It's not difficult. I made those on the shelves."

Shi Xi exclaimed, "You made so many!"

The shop owner sister was really skillful.

Xie Yunzhou raised his eyes slightly and said, "Then, go make cups."

Chapter 339: Congratulations On Becoming Rich

Shi Xi thought that since she had nothing to do, she might as well give it a try.

At worst, she could even give herself a scarf!

There weren't many people in the nearby shop, so the male shop owner guided the two of them to make cups bit by bit.

Shi Xi clumsily learned.

It had to be said that her skill points didn't seem to be on manual work.

She could clearly peel prawns completely!

But now, she couldn't even make a cup properly!

Xie Yunzhou, who was beside her, had already gotten very good at it after listening to the shop owner's theory.

Shi Xi: "..."

Something was wrong.

"Who are you going to give the cup to?" Shi Xi asked.

"I'm just making it for fun." Xie Yunzhou looked at Shi Xi and said, "The bottom of your cup is going to be worn out."

Shi Xi: ?!

She hurriedly saved her own cup.

The two of them had made the simplest cup type, but Shi Xi had made a terrible cup.

Xie Yunzhou couldn't stand it any longer, so he decided to help her.

Shi Xi teared up. "Thank you!"

It was as if a bad student had seen a top student helping out.

When it was time to write, Shi Xi wrote a blessing at the bottom of the cup.

Xie Yunzhou looked at the cup he had made and wrote a string of symbols.

Shi Xi looked at it and asked, "What does this mean?"

She couldn't even tell which language it was written in.

Xie Yunzhou paused for a moment. "Congratulations on making a fortune."

Shi Xi commented, "This is the most sincere blessing."

The shop owner put away the cup and said, "Just come and collect the finished product tomorrow afternoon."

Shi Xi looked at the cup in front of her.

With Xie Yunzhou's help, the cup she made was perfect.

In any case, it was definitely better than the scarf she knitted!

Xie Yunzhou said, "I have a meeting tomorrow afternoon."

Shi Xi waved her hand. "It's alright. I'll get Zhu Lin to come over and get it. I'll bring it for you when the time comes."

Xie Yunzhou's eyes lit up with a smile. "Alright."

..

The next afternoon, Shi Xi received two cups. The more she looked at them, the more she liked them.

Her craftsmanship was really good!

The cups she made were really beautiful!

She completely did not think that these cups were made with Xie Yunzhou's help.

Looking at the two cups in front of her, Shi Xi took a photo and sent it to Xie Yunzhou. "I've got your cup. When are you coming to get them?"

Xie Yunzhou: "I'm going back to Feng City."

Shi Xi: "...Shall I send them to you?"

"They're for you," Xie Yunzhou said. "I wish you a fortune."

Shi Xi thought of the blessings written under the cup and was instantly satisfied. "Thank you! Then I'll accept it!"

Through the words, Xie Yunzhou could see Shi Xi's happiness.

A few days later, Xie Yunzhou received Shi Xi's gift in return.

It was a small fortune-telling cat. As long as he pressed a button, its arm would shake.

Xie Yunzhou placed the fortune-telling cat beside the computer and felt a little helpless.

This little girl.

She really liked money!

* *

The discussion about [Secret Love Exchange] was vigorous, and soon the second episode was broadcast.

At the beginning of the second episode, the program reviewed the previous episode's love story.

Xu Ziqing and Feng Yingyuan were interested in Wu Ni.

Li Jinfan had a single arrow, Shi Xi, and Shi Xi had a single arrow, Chu Yuan.

In the trailer, it was obvious that someone had not received a letter, so someone would receive two letters.

The first person to arrive at the small blackboard was Wu Ni.

He received two letters.

Without a doubt, it was Xu Ziqing and Feng Yingyuan.

And Chu Yuan received a letter, which was written to him by Shi Xi.

Li Jinfan, who didn't receive the letter: "..."

This was f*cking ridiculous!

He was the only one who didn't receive the letter!

Li Jinfan returned empty-handed.

The female guest started from Feng Yingyuan.

Feng Yingyuan received a letter.

Then, Shi Xi went to get the letters. She looked at the remaining two letters on the blackboard in surprise.

Chapter 340: The Falsehood Between Girls

Shi Xi stood in front of the blackboard and looked at the letter on the blackboard. She said in surprise, "It can't be, right?"

Later on, they typed a big "!" on the side

The camera turned to the male guest.

The male guests gathered together. Li Jinfan asked, "Who did you receive a letter from?"

He did not ask who directly. It seemed like he was just asking casually.

Among them, Wu Ni received the most letters.

Wu Ni said, "Qing Qing and Feng Yingyuan."

Then Chu Yuan received Shi Xi's letter.

Li Jinfan was drinking tea at the side as his gaze fell on the two of them. He was both angry and jealous.

How could he be inferior to these two men?

After reading the letter, Wu Ni asked Li Jinfan, "You wrote to Shi Xi?"

Li Jinfan nodded. "Yes."

It was a pity that Shi Xi wrote it to Chu Yuan!

Li Jinfan looked at Chu Yuan and asked, "Brother Chu, who did you write it to?"

If Chu Yuan wrote it to Shi Xi, then wouldn't he have no chance at all?!

Alarm bells rang in Li Jinfan's heart.

Similarly, the fans watching the show were nervous and expectant.

The camera turned back to the blackboard and Shi Xi took down two letters.

There were only three letters in total. Feng Yingyuan had just received one letter while Shi Xi had received two letters.

In other words, Xu Ziqing had not received any letters.

Shi Xi took the letters back and did not know what to say.

It was Xu Ziqing's turn to go downstairs to get the letters.

When she went downstairs, Xu Ziqing was smiling, hoping that she could get a few letters.

But when she reached downstairs and saw the empty blackboard, Xu Ziqing could not smile anymore.

She was worried about the camera beside her, so she turned around and went back.

She was in the same room as Shi Xi, but she did not go back to her room. Instead, she went to Feng Yingyuan's room first.

Before entering the door, Xu Ziqing took a deep breath to control her anger.

After knocking on the door, Xu Ziqing asked with a smile, "Who did you receive a letter from?"

Although she asked with a smile, there was a trace of questioning in her tone.

Feng Yingyuan leaned against the door frame, holding a wine glass in her hand. There was a lazy smile in her eyes. "I received a letter from Chu Yuan."

Xu Ziqing was a little surprised, but she still asked, "How many letters did you receive?"

"Just one." Feng Yingyuan looked at Xu Ziqing's expression and guessed, "You didn't receive a letter from Wu Ni?"

Xu Ziqing's expression changed.

"That's really interesting." Feng Yingyuan's smile widened. "You didn't receive it, and I didn't receive it either... Looks like Wu Ni wrote to Shi Xi?"

Clearly, Wu Ni and Shi Xi had almost no communication today.

"She's really amazing." Xu Ziqing laughed lightly and turned around to return to her and Shi Xi's room.

Feng Yingyuan thought for a moment and followed.

She also wanted to know why Wu Ni wrote to Shi Xi and what he wrote.

When the audience saw this scene, their jaws dropped.

[It can't be? Wu Ni wrote to Shi Xi? Why?]

[I thought the letters that Shi Xi received were from Chu Yuan and Li Jinfan. F*ck!]

[Why didn't Qing Qing receive any letters? She cooked during the day and went out to buy food. In the end, no one thought that she was good? Sure enough, all men like bad women.]

[Why did Chu Yuan write to Sister Wine? He doesn't have much contact with Sister Wine! Annual confusion.]

[Green Tea Qing Qing didn't receive any letters. I'm satisfied.]

After walking in, Xu Ziqing said self-deprecatingly, "I didn't receive any letters."

Shi Xi casually comforted her, "Maybe they don't think they're good enough for you."

It was a pretense between girls.

Xu Ziqing asked Shi Xi again, "How many letters did you receive?"
