

## **The Fake 421**

### Chapter 421 Shi Xi Was Jealous

Apart from that, Shi Xi also sensed a faint hostility from Chu Hua toward her. It seemed like she didn't like her?

Hopefully, she could finish this meal tonight.

\*

Shi Xi and Xie Yunzhou arrived at Qingshui Restaurant first. The two of them ordered the dishes.

"What does Chu Hua like to eat? Do you want to help her order anything? Does she have any dietary restrictions?" Shi Xi asked.

Xie Yunzhou said, "Just order whatever you like. When she comes, let her order it herself."

Hearing this, Shi Xi ordered a few of his favorite dishes and waited for the dishes to be served casually.

Not long after, Chu Hua rushed over with a few bags.

Chu Hua smiled apologetically and said to Xie Yunzhou, "Sorry, I'm late. I've been contacting the factory all day to do the proofing and arranging the lines. I'm really too busy."

Xie Yunzhou said indifferently, "Being busy is a good thing."

It was better than having no one around.

### **novelusb.com**

After exchanging a few pleasantries, Chu Hua looked at Shi Xi and said with a gentle smile, "Miss Shi, thank you for wearing our family's clothes. That's why we have such a high reputation."

Shi Xi smiled faintly. "No need to thank me. It's your clothes that look good."

Chu Hua said modestly, "No matter how good the clothes look, you still have to dress beautifully."

Shi Xi said, "If you want to thank someone, then thank Yunzhou. After all, he was the one who brought me to buy your clothes, and he was also the one who paid for it."

If Xie Yunzhou had not brought her there, she would not have thought of going to such a small studio to order clothes.

"Yunzhou has helped me so much. I will thank him properly in the future." Chu Hua and Xie Yunzhou seemed to be very familiar with each other.

Shi Xi tapped the cup in her hand with her fingertips, her eyes calm.

Chu Hua handed the few bags she had brought over to Shi Xi and said, "Miss Shi, these are a few pieces of clothes that I designed. They are all modified according to your size. I'll give them to you."

Shi Xi looked at the bags in front of her and said indifferently, "I can keep the clothes, but I can't guarantee that I will wear them."

The smile on Chu Hua's face froze for a moment.

Shi Xi explained, "The clothes I wear on the set will be vetted by my assistant or agent. If they agree, I'll wear them."

As she was speaking, Shi Xi's phone rang.

Shi Xi picked it up. When she heard that the production team had requested her to go back and shoot more scenes, she sighed and said to the two of them, "I'm sorry, the production team has asked me to go back and shoot. I'll be leaving first."

Xie Yunzhou said, "Go back after dinner."

Shi Xi said, "I can't make it in time. I can't possibly make the production team wait for me alone, right?"

Just as the dishes were served, Xie Yunzhou said, "Pack up the dishes and bring them for you to eat on the way."

Shi Xi looked at the dishes that had just been served and then looked at Chu Hua. She asked, "What about the two of you?"

Xie Yunzhou said, "Let's order some more."

Shi Xi wanted to be polite, but she thought that if she was polite, she would have to eat takeout when she went back, so she asked the waiter to take away her two favorite dishes.

And when Shi Xi left, she did not take away the clothes that Chu Hua had brought.

Chu Hua put down the clothes and complained, "Miss Shi seems to be a little arrogant. She didn't accept the clothes that I gave her."

In Chu Hua's opinion, Shi Xi was arrogant and rude.

Such a person didn't deserve to stand by Xie Yunzhou's side.

Xie Yunzhou didn't realize that she was driving a wedge. His eyes couldn't help but smile, and his tone was full of indulgence. "That's her personality. You can only go along with it."

Chu Hua sensed that Xie Yunzhou had become a little different, but she didn't dare to ask for his feelings.

Xie Yunzhou added, "I have mentioned to Shi Xi that if you want her to be the spokesperson for Chu Tang Workshop. They might ask for an endorsement fee."

Chapter 422 Xie Yunzhou's Attitude Toward Shi Xi

Chu Hua instantly lost her temper. "Since Miss Shi is so famous, she must be very expensive, right?"

Xie Yunzhou thought about it and did not say anything.

To Xie Yunzhou, if he looked for Shi Xi to endorse, he would definitely be able to reap more profits than he could invest.

However, Chu Hua was not wealthy to begin with, so this investment was a huge risk.

!!

Chu Hua said, "I'll go back and think about it."

Shi Xi wasn't around, so Xie Yunzhou didn't even have the mood to eat.

He glanced at his phone and said, "The company has something to deal with, so I'll go back first. Take your time and eat. Put it on my account."

Chu Hua wanted to stop Xie Yunzhou, but Xie Yunzhou left too quickly.

Moreover, before Xie Yunzhou left, he even packed up the food that had just been delivered.

Chu Hua: ...

Thinking of Xie Yunzhou's attitude toward Shi Xi, Chu Hua had a guess in her heart.

But it was quickly dispelled.

It was impossible.

Xie Yunzhou liked gentle and understanding girls. How could he like Shi Xi?

He must have interacted with Shi Xi because he wanted to help her promote Chu Tang Workshop.

It must be so!

Thinking of this, Chu Hua felt much more comfortable.

\*

When Shi Xi returned to the car, she heard Zhu Lin grumble, "This is too much. They've already let us off work, yet they still want us to go back and continue working overtime."

Shi Xi flipped through the script and asked, "Did they say that they're going to shoot that scene tonight?"

Zhu Lin said, "They're going to shoot the 291st scene today."

Shi Xi looked at the scene and said in surprise, "They're going to go into the water for this scene?"

Zhu Lin said unhappily, "The director said that the weather will get colder in the future and he wants to take advantage of today to shoot the drowning scene. The weather is obviously not good today, and the wind is still strong at night."

"The director has his own considerations," Shi Xi said. "You order the ginger sugar water first and prepare the dry towels. I don't want to catch a cold after shooting this scene."

"Everything has been prepared. There is also fever medicine and cold medicine here."

"..."

When she arrived at the set, Shi Xi realized that it was because of another actor's time change, so they had moved her part to tonight.

Forget it. She didn't have anything to do tonight anyway.

She didn't want to accompany Chu Hua and Xie Yunzhou for dinner either.

Did she want to be their third wheel?

When Shi Xi thought of how close the two of them were, she felt a little uncomfortable.

The big villain actually had female friends!

Chu Hua obviously liked Xie Yunzhou.

Maybe Chu Hua would become Xie Yunzhou's girlfriend in the future.

Men seemed to like this kind of gentle woman.

She gave them her blessings.

Shi Xi looked at the script and attributed her unhappiness to this overtime scene.

\*

This scene mainly said that Lin Yinluo had found out the culprit behind Fang Jingxing's wheelchair.

Lin Yinluo had been following the man and was eventually drowned by the murderer.

\*

When Lin Yinluo transmigrated to work for the florist, she gradually fell in love with the florist, Fang Jingxing.

However, because of the car accident, Fang Jingxing could only sit in a wheelchair for the rest of his life. Moreover, the driver who hit him had escaped, and he had never been able to bring the person to justice.

Just as Lin Yinluo was preparing a surprise for Fang Jingxing, she found some clues about the escaped driver.

Lin Yinluo followed the clues to find the escaped driver and confessed to Fang Jingxing.

Based on these two lines, the plot had been progressing in parallel.

Until finally, the two of them were finally together.

After many misunderstandings, Fang Jingxing accepted Lin Yinluo's confession.

However, before the two of them could have a few sweet episodes, Lin Yinluo happened to meet the getaway driver and followed him.

Lin Yinluo followed him to a lake. The getaway driver found her and drowned her in the lake. Her body was thrown into the water.

Chapter 423 I'm 18 Years Old

During the shoot, the director emphasized several times that it needed to be realistic.

Thus, Shi Xi was really pressed into the water and choked on the water several times. After floating in the water for a while, the director called for a cut.

Fortunately, it was a one-time pass.

After the scene ended, Zhu Lin quickly wrapped Shi Xi up with a big towel.

Lou Ruicong had been watching from the side and praised, "The scene today was not bad. As expected, with my guidance, your acting skills have improved by a few steps."

Shi Xi drank the ginger sugar water. Ignoring Lou Ruicong's narcissism, she directly said to the director, "Director, I'll go back first."

There was no more scene for Shi Xi. The director waved his hand and said, "You go back first. Remember to keep warm and be careful not to catch a cold. You still have scenes tomorrow."

When the cold wind blew, Shi Xi shivered, thinking that she might really catch a cold.

Although she had taken a lot of precautions, Shi Xi sneezed a few times when she was sitting in the car.

"Why don't you ask the director for a leave of absence?" Zhu Lin said worriedly, "Have a good rest tomorrow."

Shi Xi hugged the ginger sugar water. "It's fine as long as I don't have a fever. I'll be fine after a night's sleep."

Zhu Lin took the temperature gun and took her temperature before exhorting, "Take another temperature test before you go to sleep. If you have a fever, don't hold it in."

Shi Xi nodded.

*novelusb.com*

If she had a fever, she wouldn't be able to hold it in if she wanted to.

..

The night scene was shot until 11 o'clock. When Shi Xi returned home, it was already midnight. Everyone in the Shi family had already rested.

Shi Xi took a hot bath and lay on the bed. When she touched her head and felt that it was still warm, she knew that she might have a fever.

She took a temperature test with a thermometer.

38.2

Shi Xi touched her phone and asked for a leave of absence for the director.

The director expressed his regret and showed understanding and tolerance. He gave Shi Xi half a day to recuperate and allowed Shi Xi to return to the set in the afternoon to continue filming.

Shi Xi cursed the director in her heart for being Zhou Bapi. She promised that she would recuperate well and strive to continue filming in the set tomorrow afternoon.

The self-awareness of a laborer.

It was too difficult.

After taking the medicine, Shi Xi thought that she would be fine after a good sleep.

After all, it was only a small fever.

When she woke up the next morning, Shi Xi rubbed her head first.

Her head wasn't as hot as before.

However, she had caught a cold.

While eating breakfast, Shi Xu saw that Shi Xi was eating obediently. Puzzled, he asked, "What's wrong? Are you not feeling well?"

She wasn't usually this quiet.

"I'm fine, I'm just a little tired." Shi Xi's voice carried a nasal tone.

The moment she spoke, the Shi parents looked over.

Mother Shi asked with concern, "Do you have a fever? Why is the nasal tone so heavy?"

Not only was the nasal tone heavy, but her throat also hurt.

Shi Xi shook her head. "I took my temperature this morning and it's no longer a fever. It'll be fine after I take some cold medicine."

Shi Xu frowned and asked, "You had a fever yesterday? Why didn't you tell us?"

"I'm 18 years old, not a three-year-old kid. I'll take my own medicine if I have a fever." Shi Xi's voice was soft and had a hint of rebellion.

Her fever was because she had acted yesterday. If the Shi family found out about it, they would definitely say how tiring it was for her to act. She might as well study hard.

"How did you get a fever?" Shi Xu asked.

She still did not escape this question.

Shi Xi said, "It might be because I caught a cold wind yesterday, so I got a fever. My fever has really subsided, it's just a little cold. Don't worry, the production crew gave me half a day off. I'll be fine."

"You've already caught a cold, why did they only give you half a day off? They should give you three days off to rest and replenish your body," Mother Shi said with heartache.

Chapter 424 Exclusive Diet For Pregnant Women

Shi Xu took out her phone. "I'll tell your director to let you rest at home for the next three days."

Shi Xi did not reject Shi Xu's concern. She had wanted to rest at home.

"Just let me rest for a day." Shi Xi raised her hand. "I'll return to the production team tomorrow."

Shi Xu ignored her and made a call to inform the director that Shi Xi would be resting at home for the next three days.

The director on the other end of the phone pointed at Shi Xi, but was submissive in front of the big boss, Shi Xu.

Shi Xi cursed the director in her heart for being a two-faced person.

Hmph!

After eating breakfast, Father Shi and Shi Xu went to work.

Mother Shi had wanted to accompany Shi Xi, but she had originally booked to go to the exhibition, so she could only leave Shi Xi alone at home.

Shi Xi enjoyed the leisurely life of feeding fish at home, but it didn't take long for Tao Yuxuan to come knocking on her door.

"Auntie said that you were sick and asked me to come over to accompany you," Tao Yuxuan said. "Why are you sick?"

Shi Xi replied lazily, "Nothing much, just a small cold."

She did not expect that Mother Shi would actually ask Tao Yuxuan to come over to accompany her.

Perhaps she was afraid that she would be bored at home alone.

Tao Yuxuan brought some lychees over. Shi Xi initially wanted to eat more, but when she thought about her throat, she only ate two lychees and stopped eating.

"By the way, how is Xu Ziqing now?" Tao Yuxuan asked.

The previous case had not been traced back to Xu Ziqing. The person with the concussion had not woken up yet.

Shi Xi sighed. "I heard that she went to the company today and became the deputy finance director."

Tao Yuxuan said, "That's a very popular position."

No matter what company they were in, the departments related to finance were always the ones with the most profit.

Tao Yuxuan blinked and a plan appeared in her mind. She said in a low voice, "How about this, we..."

Tao Yuxuan told Shi Xi about her idea and Shi Xi immediately rejected it.

"You can't blame her by doing this. The finance director is the first one to be held accountable for the financial problems. You might even help her get rid of the finance director."

"If that's the case, Xu Ziqing might be able to rise up smoothly." Shi Xi did not agree with Tao Yuxuan's manipulation and said, "Xu Ziqing has some skills in the financial field. Don't mess around."

Tao Yuxuan was flustered and exasperated. "This woman is really detestable!"

Shi Xi: "Don't worry. Since she has done something bad, there must be a trail to follow. Let's wait for it to be traced back to her. You have to be careful recently. Don't let anyone hurt you."

"Don't worry. My dad hired a bodyguard for me. He's a retired soldier. He'll protect me twenty-four hours a day. I won't be in any trouble." Tao Yuxuan was very relieved.

Shi Xi looked around.

Tao Yuxuan was eating lychees and asked, "What are you looking for?"

Shi Xi said, "Didn't you say that he'll protect you twenty-four hours a day? Why didn't he come in?"

Tao Yuxuan said, "What danger can there be coming to your place? I'll let him wait in the car."

Shi Xi: "..."

At noon, the kitchen prepared a patient-specific light meal for Shi Xi and a pregnant woman's meal for Tao Yuxuan.

Seeing these two types of meals, Shi Xi asked Tao Yuxuan in a low voice, "Are you and my brother still acting?"

Tao Yuxuan replied helplessly, "I haven't found the right opportunity to confess, have I?"

Back then, Tao Yuxuan had lied to Xu Ziqing about her pregnancy. After the matter was revealed to Grandpa Shi, everyone in the Shi family knew about it.

The Shi parents were originally satisfied with Tao Yuxuan, but now they were even more satisfied. They blamed Shi Xu and asked him why he didn't bring Tao Yuxuan home earlier to be taken care of.

Chapter 425 Empty-Handed White Wolf

To tell a lie, one had to use countless lies to cover it up.

Tao Yuxuan and Shi Xu were riding a tiger.

Shi Xi asked, "Then, have you decided when you want to confess?"

After all, it was not so easy to fake a pregnancy.

After three months, if she did not show any signs of pregnancy, they would be exposed.

Shi Xu and Xu Ziqing's engagement had already been canceled, and it was about time for them to confess.

Tao Yuxuan sighed and said, "Shi Xu said that he will find a time to confess everything. Let's wait for him."

This matter was caused by Shi Xu, and he would bear all the consequences.

Tao Yuxuan did not expect that the two families would be concerned about her.

In the afternoon, the maid said that a person called Chu Hua had come to visit Shi Xi.

Shi Xi was a little puzzled. How did Chu Hua know her address?

Also, why did Chu Hua come to her house?

Tao Yuxuan asked, "Chu Hua? Who is she? Is she a friend of yours in the entertainment industry?"

Shi Xi said, "She's a small boss of a fashion design studio. Let her in."

After all, she was Xie Yunzhou's friend, so she couldn't be so cold.

Maybe Xie Yunzhou was the one who had asked Chu Hua to come visit.

Chu Hua had come to visit only after she had made sufficient preparations. Not only did she bring clothes, but she also brought some design albums from the Chu Tang Workshop.

She pushed the design albums forward and said, "Miss Shi, these are the clothes that our Chu Tang Workshop has designed before. You can take a look."

Shi Xi sat on the sofa and lazily leaned against the back of the sofa. She casually flipped through it and asked, "You didn't come looking for me just to give me the album, right?"

Chu Hua said, "I still have a few clothes."

Shi Xi directly asked, "Do you want me to be the spokesperson for your Chu Tang Workshop?"

Chu Hua nodded. "Yes."

Shi Xi said bluntly, "I remember that I said this yesterday. If you want to look for me to be the spokesperson, you have to look for my agent to discuss it."

Chu Hua looked a little embarrassed. "But, the price your agent offered is too high."

Tao Yuxuan interrupted and asked, "How much is the agent's offer?"

Chu Hua looked at Shi Xi and said, "3 million, and it's only for half a year."

Tao Yuxuan said, "It's not too bad. For a celebrity like Shi Xi, only 3 million is not too much. Our company wanted to hire a B-List celebrity before, but he asked for 20 million."

Shi Xi asked, "Did you sign it in the end?"

Tao Yuxuan shook her head. "No, it's too expensive."

Listening to their conversation, Chu Hua changed the topic and said, "This price is too high. We hope that it can be cheaper."

Shi Xi asked, "Then what's your psychological price?"

Chu Hua said awkwardly, "Our shop only has half a million in working capital now. Moreover, there were too many orders before, so we gave them to the factory."

"So," Tao Yuxuan pondered, "Are you trying to get something for nothing?"

Chu Hua quickly said, "It's not like that. I can write an IOU for this 500,000 yuan first. When this batch of goods is sold, I will definitely settle the bill for Miss Shi immediately."

Tao Yuxuan said, "500,000 yuan? That's too cheap, right?"

She turned to look at Shi Xi and said, "I'll give you 1 million yuan to help our company shoot an advertisement."

Shi Xi said, "I can do anything. Do the people in your company agree?"

Tao Yuxuan sighed and said, "When I become the CEO, I'll look for you to be the spokesperson for our company!"

The Tao family made all kinds of household appliances and was somewhat famous in Feng City.

Chapter 426 An Empty Check For 500,000 Yuan In Exchange For Her Endorsement For Half a Year

But now, with the rise of e-commerce, the major brands of household appliances were in a frenzy, looking for well-known endorsers.

Tao Household Appliances do not have a broad market, but it was not to the extent that they could not survive.

Up or down.

Said to look for endorsers, it was also the Tao family company's previous proposal.

But the endorsement fee was too high.

And finding a cheap spokesperson was ineffective.

This matter had been put on hold.

Speaking of which...

Chu Hua looked earnestly at Shi Xi and said, "Miss Shi, you can take a look at our designs. They're really excellent! I can guarantee that as long as you endorse them, each one of them can sell at least 100,000 pieces."

Shi Xi looked at the designs on them. Some of them were not bad, but most of them did not have any highlights.

Thinking of this, Shi Xi asked, "The clothes I wore yesterday, were they designed by you or Song Song?"

Chu Hua paused for a moment and said, "They were designed by Song Song. I gave her some pointers."

Shi Xi replied with an 'oh' and did not say anything else.

After looking through the entire design album, Shi Xi said, "These designs alone are not enough to move me."

Chu Hua wanted to say something else, but a servant came in and said, "Miss, Young Master Leng is here."

"Why is he here? Let him in." Shi Xi was a little puzzled. She then looked at Tao Yuxuan beside her and asked, "Did you call him here?"

Tao Yuxuan quickly said, "I told him that I was at your house, so he came over."

Shi Xi returned the album to Chu Hua and said, "I'm sorry. The matter of the endorsement is not something that I can decide on my own. Thank you for your approval."

"I suggest that you find some internet celebrities to promote your shop. Now that your shop has gained a reputation, you can slowly expand it."

She wanted to climb to the top in a single step and exchange her endorsement for 500,000 yuan for half a year.

Chu Hua pursed her lips and lowered her eyes.

On the other side, the maid had already brought Leng Qiankun in.

Leng Qiankun saw Chu Hua and sneered. "Why are you here?"

From the looks of it, the two of them actually knew each other.

"I'm here to look for Miss Shi." Chu Hua's expression did not look too good when she saw Leng Qiankun. She kept her art album. She said to Shi Xi, "Since Miss Shi doesn't agree, I'll be leaving first. These clothes were made according to your measurements, so you can keep them. If you like them, you can try them on."

With that said, Chu Hua strode away.

After Chu Hua left, Tao Yuxuan asked Shi Xi what she wanted to know. "How did you two meet?"

Leng Qiankun sat down and said indifferently, "The Chu Tang Workshop is a clothing manufacturer. They once competed with us for the clothing market in Feng City."

Tao Yuxuan asked, "And then?"

Leng Qiankun raised his chin proudly and said, "The clothing market in Feng City was naturally taken over by our Leng family."

Looking at the current situation of the two of them, he knew that too!

Shi Xi and Tao Yuxuan asked some questions and roughly understood some of the history of the previous generation.

Back then, the Leng family and the Chu family fought for the clothing market in Feng City. The Leng family went through wholesale foreign trade, lowering the prices and mass-producing. At the same time, they opened up another path to make targeted high-end clothing designs.

Meanwhile, the Chu family only focused on high-end customization. They tried many times to mass-produce, but failed.

In the end, the Leng family survived the business war. Most of the people in the Chu family didn't know how to run the business. They could only watch the Chu family gradually decline.

When Shi Xi heard that, she sighed. "The current Chu Tang Workshop only has a small studio."

Chapter 427 I Said I Would Go and Try On My Wedding Dress Now~

“The business world is like a battlefield. Very few people can always dominate the business world. Back then, the Chu family’s high-end custom-made clothes were excellent. All the upper-class people in Feng City made clothes at their place,” Leng Qiankun said while leaning against the sofa.

Shi Xi asked in puzzlement, “Then why can’t they do it now?”

Leng Qiankun said, “I heard that there was a problem with their designers, and the supply of the industry couldn’t meet the demand. Anyway, when it came to my generation, their family had already declined.”

Shi Xi nodded thoughtfully.

!!

“However, they did give me inspiration.” Leng Qiankun looked at Shi Xi and asked, “Do you have a clothing endorsement and promotion now? What kind of clothing endorsement did you take before?”

As expected of a legitimate company. They first asked Shi Xi about the endorsement and promotion and considered the differences in competing products.

Shi Xi said, “I haven’t received any clothing endorsements yet. My agent helped me look at a few, but it seems that they haven’t reached an agreement yet.”

Leng Qiankun said, “Give me your agent’s contact information. I’ll get someone to discuss it.”

Tao Yuxuan interrupted, “I was the one who came first. Xi Xi wants to shoot an advertisement for my family first!”

Leng Qiankun raised his eyes lazily. “We are not the same product. Shi Xi Xi can promote it at the same time. You should learn more about the company’s operations. What are you learning?”

Tao Yuxuan shut her mouth.

She was indeed inferior to Leng Qiankun when it came to the company’s operations.

Shi Xi said to Leng Qiankun, “There’s a designer called Song Song at the Chu Tang Workshop. She’s the one who designed the outfit for me yesterday. You can poach her.”

Leng Qiankun raised an eyebrow. “That’s not very good, is it?”

Shi Xi thought to herself, ‘Do you still think that’s not very good?’

“You can invite her with a high salary. Whether she’s willing to go or not is her own business,” Shi Xi said. “I’m just making a suggestion.”

“I’ll get someone to contact her.” Leng Qiankun finished his business talk and left after sitting for a short while.

Tao Yuxuan looked at Shi Xi and said, “Xi Xi, do you not like that Chu Hua?”

Shi Xi said, “No, why do you ask?”

Tao Yuxuan mustered up her courage and said, “Then why do you still want to poach her designer?”

“Poach her? Is it because you don’t like her?” Shi Xi laughed. “I just feel that the designer doesn’t stand a chance in Chu Tang Workshop.”

“Is that so?” Tao Yuxuan was skeptical.

Shi Xi started to chase her away. “Alright, I have to return to the set in the afternoon. You should go.”

“But you’re still sick...”

“I have a small cold. I won’t die.”

“...”

After chasing Tao Yuxuan away, Shi Xi felt that her cold was no big deal, so she went to the set.

Although the director had given her three days off under the pressure of Shi Xu, Shi Xi didn’t really want to miss three days of work.

She was the female lead. If she did not come for three days, how could she continue filming?

After arriving at the production team, Shi Xi realized that she was overthinking things.

Without her, the production team continued filming as usual.

After all, other than the male and female leads, there were also two male and two female leads, three male and three female leads... There were many more scenes that could be filmed.

Shi Xi: TAT

The director knew that Shi Xi had asked for leave, so he did not arrange for her to be in today’s scenes. When he saw that Shi Xi was free... “Then go and try on the wedding dress that the production team has prepared for you. If there’s anything you need to change, just let me know in advance. We’ll shoot the wedding scene tomorrow.”

In [Meeting You In the Depths of Time], Shi Xi had two wedding scenes, so the director put them together to shoot them.

“We’ll shoot it tomorrow? How can you still change it today?” Shi Xi asked softly.

The director: “What did you say?”

Shi Xi: “I said I’ll go and try on the wedding dress now~”

Chapter 428 Couldn’t Be Thinking of Proposing To Her, Right?

The wedding dress prepared by the production team was very normal. It had been rented from a wedding dress shop.

Shi Xi looked at the wedding dress that was already slightly yellowed. She seriously suspected that someone was embezzling the budget of the wedding dress.

“Is there, uh, any other wedding dress?” Shi Xi probed.

“This is rented from a wedding dress shop. Isn’t it nice? A lot of people like this set!” The staff member of the costume team was puzzled.

Shi Xi blinked. “It is nice to look at.”

It was just a little old.

It could be seen that a lot of people had worn it before.

“Then let’s give it a try?” the staff member said.

In the end, Shi Xi did not break through her psychological defense. She said, “I think I’d better go buy it myself.”

This wedding dress was too old.

She did not like it a little.

“In that case, the production team will not reimburse the cost of buying the wedding dress,” the staff member said.

“Return this to them,” said Shi Xi. “I will buy it at my own expense.”

She would rather buy the wedding dress at her own expense.

After Shi Xi said that she would buy it at her own expense, the staff member of the production team did not say anything else.

..

After leaving the production team, Shi Xi thought of looking for Tao Yuxuan to buy the wedding dress together.

However, before she could send out the message, Xie Yunzhou called her.

“What are you doing?” Xie Yunzhou asked.

“Oh, I’m going to buy a wedding dress,” Shi Xi said truthfully.

Hearing the girl’s voice, Xie Yunzhou frowned slightly and said, “Why is your nasal voice so heavy? Do you have a cold?”

The girl’s voice was soft. “...Is it that obvious? Why can you hear it?”

Xie Yunzhou asked, “Why are you going out shopping when you have a cold?”

Shi Xi said, “We’re filming the wedding scene tomorrow. I don’t like the wedding dress that the production team prepared. I want to buy it myself.”

Xie Yunzhou thought of this matter and said, “Go to Aisha Mall. There are high-end custom-made wedding dresses there.”

“Sure, thanks.” Shi Xi had originally wanted to go for a stroll, but after hearing Xie Yunzhou’s suggestion, she let Xiao Tian go to Aisha Mall.

However, when she arrived at the mall, she saw that Xie Yunzhou had also come.

Shi Xi became vigilant. "Don't tell me you want to recommend clothes made by your friend again?"

Although they were really beautiful, when she thought of Chu Hua, Shi Xi felt a little uncomfortable.

"It's not a friend. It's custom-made from abroad. It was just shipped back." Xie Yunzhou led the way and said, "Take a look at them first."

Shi Xi's face was filled with disbelief.

The assistant explained, "Miss Shi, President Xie specially hired a famous French designer to custom-make the wedding dress for you."

Shi Xi's heart jumped and she asked, "Custom-make the wedding dress for me?"

Xie Yunzhou's expression did not change. "I heard you say that there would be a wedding scene in this drama, so I casually arranged it."

Shi Xi felt that it was strange.

No matter how much he cared about her, he wouldn't go so far as to help with the custom-made wedding dress, right?

Mother Shi and Shi Xu cared about her, but they rarely went overboard with her work matters.

Her mind was in a mess, and Shi Xi had already followed Xie Yunzhou to a high-end wedding dress shop.

The shop owner had received the news in advance and was already waiting at the door.

After welcoming them in, the shop owner had someone close the shop door and serve them alone.

"Mr. Xie, your custom-made wedding dress is on the second floor. Please follow me."

Xie Yunzhou walked straight to the second floor.

Shi Xi glanced at the wedding dress on the first floor and had an idea.

It was indeed much more gorgeous and exquisite.

No wonder Xie Yunzhou recommended it.

But...

Why would Xie Yunzhou help her prepare the wedding dress?

Could it be that he wanted to propose to her?

Shi Xi was stunned by her own thoughts.

Chapter 429 That Love Idiot Shi Xi

At the thought of this, Shi Xi stopped in her tracks.

Xie Yunzhou, who was walking in front, turned around. "Why didn't you come up?"

Shi Xi forced a smile. "I'll go up now."

It couldn't be a proposal, right?

!!

They weren't a couple.

How could Xie Yunzhou like her?

They were just friends.

As Shi Xi thought of this, she thought back to their relationship.

They chatted on WeChat almost every day. They often ate together, gave each other gifts, and went shopping together...

Xie Yunzhou even custom-made a wedding dress for her.

This was definitely not an ordinary relationship between friends!

However, neither of them made it clear.

Shi Xi walked to the second floor with heavy steps, thinking about how to continue to get along with Xie Yunzhou.

"So beautiful!" When Shi Xi saw the wedding dress on the second floor, her eyes lit up instantly, and she threw everything else to the back of her mind.

What love?!

Beautiful clothes were the most important thing!

The bright lights in the shop shone on the pure white wedding dress, making it look even more beautiful and holy.

The broken diamonds on the wedding dress reflected a dazzling light.

Shi Xi was never a simple girl. The more gorgeous the wedding dress, the more she liked it.

There were two sets of wedding dresses that were as white as snow.

The shop owner introduced, "This gorgeous wedding dress is called the Swan in the Snow. It has a total of 12 layers. The hem of the dress is a hand-embroidered swan dance. A total of 99 broken diamonds are inlaid."

The large hem of the dress mopped the floor. The veil and gloves were inlaid with broken diamonds.

"This simple wedding dress is called the Elegant Dove. On the chest is an elegant bow design. There are only three layers in total. It is elegant and dignified, noble and exquisite."

Although both sets of wedding dresses were white, one was gorgeous and romantic, while the other was elegant and dignified.

It was a different kind of beauty.

Shi Xi lamented, "They're both so beautiful! It's so hard to choose."

"Miss Shi, these two sets of wedding dresses were custom-made for you by President Xie," the assistant said from the side, "You have a total of two wedding scenes, one set."

Shi Xi was stunned for a moment.

She knew that she had two scenes for the wedding, but she was only prepared to buy one set of wedding dresses.

Including the production team, they only prepared one set of wedding dresses.

In the end, Xie Yunzhou actually directly custom-made two sets?

Just for those few minutes of scenes?

Villain Xie, wake up!

This is a drama that our Kuai Xue Entertainment invested in!

Shi Xi was speechless. She could only look at the wedding dress and said, "It's too much of a waste to only wear it for a few minutes."

Xie Yunzhou said, "This was a rushed order. If you like it, I'll get the designer to make a new one."

"Make another one?" Shi Xi's heart raced.

"You can wear it when you get married." Xie Yunzhou's tone was calm, without the slightest ripple.

Shi Xi's pupils trembled.

Villain Xie, how can you say such a thing so calmly!

"We'll... We'll see." Shi Xi took two steps back and said carefully, "I'll try this one first."

Shi Xi chose the elegant wedding dress and ran into the fitting room.

Watching Shi Xi enter the fitting room, Xie Yunzhou said thoughtfully, "She seems to be a little uneasy."

The assistant: "...Perhaps Miss Shi was too excited to see the wedding dress."

Xie Yunzhou sat on the sofa, thinking about what was wrong with Shi Xi. Suddenly, he chuckled and said, "She's finally enlightened."

The assistant thought to himself, 'That wasn't easy.'

That love idiot Shi Xi, did she finally see clearly that you were chasing her?

Thinking about it, the assistant became nervous.

If Shi Xi rejected President Xie, President Xie would definitely be angry.

President Xie was angry, the first to bear the brunt of this was the small assistant.

Chapter 430 Putting On Shi Xi's Veil

The door of the fitting room was pushed open, and Shi Xi slowly walked out.

Xie Yunzhou heard the commotion and looked over, his eyes shining with an inexplicable light.

The elegant and noble pure white wedding dress was originally tailor-made for Shi Xi. Every detail matched the girl's perfect figure.

The girl's skin was fair, her collarbone was exquisite, and her neck was as long as a swan's. The large bow on her chest covered her chest, giving her an elegant and noble air. Her waist was slender, her long skirt swayed, and the hem of her skirt dragged on the floor.

The store manager motioned for Shi Xi to walk in front of the mirror. He handed over the white gloves and said, "This is a matching pair of gloves. Where's the veil?"

When she was picking up the wedding veil, she placed it on the table beside the sofa.

Xie Yunzhou picked up the veil and slowly walked over.

Shi Xi was lowering her head and putting on the gloves when she noticed Xie Yunzhou walking in front of her.

"Don't move." The man's voice was deep and pleasant to the ears.

Shi Xi lowered her head obediently and allowed Xie Yunzhou to pin the veil on her head.

The two of them were extremely close to each other. Even though it was only a short period of time for the veil to be put on, it was as if they were exchanging rings at a wedding.

Zhu Lin, who was waiting by the side, took out her phone and could not help but take a few photos.

Xie Yunzhou was wearing a suit. When he adjusted Shi Xi's veil, it really looked like a wedding scene!

The atmosphere was amazing!!

"It's done."

Xie Yunzhou took half a step back and looked at the girl in front of him. His eyes could not hide his amazement.

Shi Xi looked at the mirror in the shop and was very satisfied.

The shop manager asked, "Miss Shi, do you think there is anything else that needs to be modified?"

"No." Shi Xi turned around and said, "My neck seems to be a little empty."

The store manager smiled and said, "The store has necklaces, but it's more recommended that you wear jewelry."

Shi Xi suddenly understood.

That's right, you definitely have to wear jewelry when the time comes.

Xie Yunzhou was already thinking about what kind of jewelry to buy for Shi Xi before the wedding.

"I have a few sets of diamond necklaces at home. I can wear them tomorrow." Shi Xi nodded with satisfaction. "I'll try the other set."

Although it was a little troublesome to take off the wedding dress, no one would get tired of wearing such a beautiful wedding dress!

If the Elegant Dove was said to be a noble young lady, then the other wedding dress, the Swan in the Snow, was the gorgeous princess.

The layers of dresses were luxurious and bright, and the broken diamonds were dazzling.

It made people want to get married on the spot.

"They're all very beautiful." Shi Xi's eyes curved as she looked at Xie Yunzhou. "Thank you."

"Which one do you like better?" Xie Yunzhou wanted to know more about Shi Xi's preferences.

He wanted to give more references to future wedding gowns.

Shi Xi looked at herself in the mirror and said, "This Swan in the Snow."

She was just a layman!

She just liked gorgeous wedding gowns!

Xie Yunzhou nodded and noted it down.

These two wedding gowns were received by different designers, and they had different styles.

But they were both very beautiful.

\*

After leaving the wedding dress shop, Shi Xi looked at the photos Zhu Lin sent to her on her phone.

Most of the photos were of her alone, and she looked like a beautiful bride.

When she saw the photo of Xie Yunzhou adjusting her veil, Shi Xi's eyes widened.

Xie Yunzhou sat beside Shi Xi and asked, "Where do you want to eat?"

"Nothing." Shi Xi immediately turned off her phone and said, "I'm not looking at anything."

Xie Yunzhou said helplessly, "I'm asking, you where do you want to eat? Qingshui Restaurant? Or Fenglin Garden?"

Shi Xi said, "Qingshui Restaurant it is. I want to eat their dengying beef."

After saying that, Shi Xi thought about it carefully.

She suddenly realized that Xie Yunzhou did not give her the option of 'going home for dinner'!

This appointment was too natural!
