

The Fake 441

Chapter 441 This Woman Fell Down When She Saw Me. Am I That Handsome and Charming

[Who wouldn't say that Xi Xi Zi is absolutely beautiful?]

[This man is so handsome. Three seconds. I want all his information!]

[Shi Xi has good taste in choosing men. There has never been an ugly man by her side.]

[She still has the capital. She can point out who she wants to be her partner.]

[...]

As the two walked down the red carpet, various comments appeared on the live stream.

At the end of the red carpet, the female host was holding a microphone, ready to go up and interview the two of them.

The female host was wearing 12 cm high heels and was already a little tired from standing. When she walked out, her legs went soft and she fell straight toward Lou Ruicong, who was the closest to her.

Lou Ruicong... fell down with her.

Han Chuan, who was watching the live broadcast: "I knew something bad would happen if I let Lou Ruicong out!"

The audience in front of the live broadcast: Silence.

Shi Xi: Why did she disappear when I turned around?

When she looked down, she realized that she was on the ground.

Lou Ruicong reacted quickly and helped the female host up.

Shi Xi held up her skirt and stood in front of the female host so that she wouldn't feel so awkward.

After the female host was helped up, she quickly apologized, "I'm sorry, I'm sorry. I couldn't stand properly."

It was one thing for her to fall, but she had even dragged Lou Ruicong down with her.

Lou Ruicong smiled charmingly. "It's my fault, not yours."

The female host felt warmth in her heart.

This person was too good!

Shi Xi looked at Lou Ruicong's eyes and instantly understood what Lou Ruicong meant.

It was probably a narcissism of 'This woman fell when she saw me. Am I that handsome and charming?'

It was hopeless.

However, most people did not understand Lou Ruicong that well.

The bullet screens on the live broadcast praised Lou Ruicong's behavior. [Wow! This brother is so well-educated. He even blamed himself for her mistakes! I fell in love!]

[This is a gentleman, right? He is so handsome yet so gentle. I fell into the pit in one second!]

[The details show his character. Compared to Shi Xi who stood by and watched, this brother is simply a moral standard.]

[Hello? There's no need to step on his shoes, right? Things happened so quickly that Shi Xi didn't see it at all, okay? Moreover, when Lou Ruicong was supporting the female host, Shi Xi even helped the female host block the cameras so that she wouldn't be exposed.]

[...]

At the end of the red carpet, the female host asked a few questions before inviting the two of them into the party.

And because of this move, Lou Ruicong had attracted many fans.

Looks, character, acting skills, Lou Ruicong had them all.

There was also an online drama that he was partnering with Shi Xi.

The new fans all felt that Lou Ruicong had a bright future ahead of him and that he would definitely become popular.

Meanwhile, Shi Xi's fans felt that there was another f*cking vampire man who wanted to step on Shi Xi to get to the top.

..

After entering the gala, the two of them followed the directions and found a seat to sit down.

Lou Ruicong could not help but ask Shi Xi, "Am I too handsome today? Will I steal the limelight from others?"

Shi Xi: "...". She did not know what to say.

Lou Ruicong said narcissistically, "I can't help it. I'm just that charming."

"Just don't say such things in front of the camera." Shi Xi could only say so.

"I know. Outstanding people should be a little modest." Lou Ruicong sat up straight and whispered, "You have to keep smiling, or else it won't look good in the camera."

Shi Xi's eyes curved. "It's better not to talk. If the camera catches us whispering, it won't look good either."

Lou Ruicong nodded in gratification. "Not bad. You know how to draw inferences from one example."

Shi Xi turned her head, hoping that Lou Ruicong could see through her intention of refusing to communicate.

Chapter 442 Was Not Attracted By My Beauty

Turning around, Shi Xi saw a gentle woman standing beside her.

“Hello, I’m Windy, the designer of IW.” Hua Wenying smiled and introduced herself. “The dress you’re wearing today was designed by me.”

“Ah, hello, I’m Shi Xi.” Shi Xi stood up and shook hands with her. She praised, “The dress is very beautiful!”

The dress she was wearing was bought by Han Chuan.

It was said that she was a senior designer from IW. Shi Xi couldn’t remember the exact details. She only knew that the price was as gorgeous as the dress.

“Yes, Miss Shi is beautiful.” Hua Wenying handed over a business card and said, “Next month, IW will hold a fashion show in Yanjing. I hope Miss Shi can come and visit.”

“Uh, if I have time, I will definitely go.” Shi Xi looked at the woman in front of her and felt very gentle and warm.

“The phone number on the business card is also my WeChat number. Remember to add me.” Hua Wenying’s eyes were filled with the gentleness that had been accumulated over time. It was irresistible.

Shi Xi: “Okay, whether I go or not, I will tell you.”

In Shi Xi’s heart, she was naturally inclined to go and take a look even though she did not know what the IW Fashion Show was.

Hua Wenying came over to say hello and left.

Shi Xi sat down and looked at the business card in her hand.

It was written in simple white with black text. On it was written: Windy, Hua Wenying.

Editor-in-Chief and Chief Designer of International Wind Magazine.

She was actually the editor-in-chief of the magazine?!

Shi Xi was slightly surprised.

Such a person was trying to strike up a conversation with her?

Could it be that she wanted to be a lesbian with her?

Shi Xi knew that there were many couples in the fashion industry, but this was the first time she had received an invitation from a young lady.

What if she was too beautiful!

Lou Ruicong said from the side, “It’s very difficult to get tickets for the IW Fashion Show. If that person really invites you, I suggest you go take a look.”

Shi Xi did not expect Lou Ruicong to be familiar with this. She asked, “What is this IW Fashion Show? A fashion show?”

Lou Ruicong said, "Something like that. Building a good relationship with such a person will be beneficial for your future fashion resources."

Shi Xi thought about it. She seemed to want to be the spokesperson for Leng Qiankun's fashion company.

"I'll ask Brother Han later and see what he says." Shi Xi decided to leave this difficult problem to Han Chuan.

"Ahem, I don't have any plans for next month. If you can't go, you can let me go on your behalf." Lou Ruicong had a righteous look on his face. "I have such a good figure. Even if I go on stage, I won't be as bad as those male models."

Shi Xi smiled. "Let's see when the time comes."

I definitely won't let you go!

..

Han Chuan watched the entire live broadcast anxiously. When he realized that the two of them did not cause any trouble, he heaved a sigh of relief.

Lou Ruicong, on the other hand, was also a trending topic due to his gentlemanly behavior.

Although it was a low-level trending topic, this heart-warming map was very well-known and had a very good impression of passers-by.

Shi Xi added Hua Wenying's WeChat and told Han Chuan about this matter.

Han Chuan said in surprise, "Windy took the initiative to invite you to watch the fashion show? That's great. When the time comes, I'll free up your time."

Shi Xi was puzzled. "You know about this Windy?"

Han Chuan introduced, "She's an invisible rich second-generation. Her family is super rich."

Windy was originally studying design abroad. She seemed to have been bullied by foreign brands in the early years, so she returned to China.

After returning to China, she opened IW. Everyone thought that she was just playing around, but in the end, she opened it to become a top-tier domestic brand.

"The dress you're wearing today is her latest work, Mermaid."

"She said that this dress was designed by her." Shi Xi nodded and said thoughtfully, "So she wasn't attracted by my beauty."

Han Chuan: ...Couldn't he have a normal artist who wasn't narcissistic?

Chapter 443 Straight A's

After the university's exam week ended, it was time for the results to be published.

Some of the students who received the results were glad that their low scores had passed, while others regretted that they did not pass.

Poster: [Sob, sob, sob, I clearly filled it all up, but I only got 59 points.]

[61 points passed! My teacher who loves me so much!]

!!

[Hahaha, I got 41 points! I'm still far from passing.]

[Please don't be sad. There are still people who wrote all of their test papers but got zero points.]

[...]

Originally, it was just a small discussion thread, but it reminded many people of their school days.

That was until Nan Wan posted her report card.

@ Nan Wan ww: [I flipped to my old report card. I really miss my school days.]

There were two pictures attached to the text. One was a straight A English report card, and the other was a selfie of herself.

The fans immediately blew up their rainbow farts. [Wan Wan is so outstanding! She actually got straight A's! Ahhhh, she's definitely the campus belle top student, right?]

[Wan Wan is so beautiful, and she's so good at her studies. Aww, I'm so envious!]

novelusb.com

[...]

[Isn't the campus belle top student Shi Xi's persona? Why does Nan Wan want to forcefully take advantage of this persona to attract fans?]

The fans were immediately displeased.

[This is hilarious. Does Shi Xi dare to send out her report card?]

[Don't compare Wan Wan with Shi Xi, that flower vase that only knows how to set up a marketing persona. This is bad luck.]

[What's so bad about it? Wan Wan is better than Shi Xi, okay?]

[...]

For a moment, everyone's gaze turned to Shi Xi again.

[Does Shi Xi dare to publish her report card?]

[Wasn't she very high when she set the character setting? Why is she mute now?]

[She doesn't even dare to publish the results. Is she afraid that her character setting will collapse?]

[Do you need to be suspicious when Shi Xi can get into Haicheng University? How many people can get into Haicheng University?]

[...]

Shi Xi and Nan Wan were never on good terms, and their fans hated each other even more.

However, Shi Xi's fans didn't want to fight over the 'campus belle top student' character.

Shi Xi didn't look smart at all.

How could she be a top student?

Moreover, Shi Xi hadn't been to school in the past six months (if not almost, then never).

The fan club had already said that they wouldn't touch the 'top student' character.

Wasn't it good to sit firmly on the title of Haicheng University's campus belle?

Thus, the top student profile of the campus belle that was originally pinned on Shi Xi's head was taken by Nan Wan.

The marketing accounts were even more unwilling and sent out new releases one after another.

@Dead Rabbit That Cannot Be Reported: [I didn't expect Nan Wan to be the real top student and campus belle of the entertainment circle. Are you envious of her results?]

[...]

Zhu Lin looked at these releases and said angrily, "This Nan Wan is deliberately trying to take advantage of your popularity!"

Shi Xi leaned against the sofa and played games. "No way, right? This campus belle character is not my exclusive character. Many people in the entertainment industry have good results."

"But you're the only one who's using this character recently!" Zhu Lin said angrily, "I'm very suspicious that Nan Wan was the one who sent the entire online draft before and wanted to kill you!"

"Don't worry, she's in Yanjing and I'm in Feng City. We won't have any interactions in the future." Shi Xi yawned and said, "Oh right, why do I feel like there haven't been many jobs recently?"

Zhu Lin paused for a moment. "I'm not sure either. It was arranged by Brother Han."

Shi Xi controlled her little character and said, "Forget it, let's rest for a few days then."

She had been busy for so long anyway, it was time for her to rest.

Zhu Lin carefully asked Shi Xi, "Xi Xi, have your results come out yet?"

Shi Xi looked up at her. "Why?"

Chapter 444 Ning Yu Is Back

Zhu Lin: "It's nothing. I'm just asking."

Shi Xi looked at her phone screen. "The results haven't been released yet. Didn't you refresh my school's webpage every day?"

Zhu Lin: "..."

When did she have time to refresh it every day?

!!

With this thought in mind, Zhu Lin logged back in to take a look at the results webpage.

It hadn't been released yet.

She was anxious.

*

Shi Xi returned to Feng City and prepared to rest for a few days.

However, as soon as she entered the main door, she noticed that the atmosphere wasn't quite right.

Entering the living room, Shi Xi saw a cold and aloof young girl sitting on the sofa.

Her long black hair was scattered, her eyes were cold, and there seemed to be an ice fog in her eyes that couldn't be dispelled.

Ning Yu was back!

"He... Hello, Sister." Shi Xi came back to her senses and greeted her with an embarrassed smile. "Long time no see?"

"Yeah." Ning Yu raised her eyes and greeted her.

Shi Xi didn't expect Ning Yu to come back so suddenly. When she sat down, she was thinking that she hadn't done anything wrong recently, right?

She was a lowly supporting actress who had low self-esteem online.

After a few seconds, Mother Shi brought the fruit plate over. When she saw Shi Xi, she smiled and said, "Xi Xi is back too."

"Yeah, after the party ended, I came back since there was nothing going on there."

Sometimes, with her mother around, Shi Xi felt a lot more relaxed.

"Are there any other jobs coming up?" Mother Shi asked again.

"Not this week. Brother Han is still making arrangements for next week's schedule," Shi Xi replied obediently and looked at Ning Yu. "Sister, how long will you be on vacation this time?"

Ning Yu looked up. "School will start after the Lantern Festival."

Mother Shi said, "When that time comes, we'll spend the Lantern Festival together. What kind of filling do you like to eat?"

"I'll go back to Long Quan Village for the Lantern Festival," Ning Yu said calmly.

The moment she said that, she quieted down.

Ning Yu added, "I'll also go back to Long Quan Village for the New Year."

Mother Shi frowned. "Ning Yu, we haven't celebrated the New Year together yet."

Afraid that the two of them would quarrel, Shi Xi hurriedly said, "How about this? Bring Father Ning and Mother Ning over and we'll celebrate the New Year together?"

Remembering that Shi Xi was the child of that couple from the Ning family, Mother Shi came back to her senses and said, "No, we're going back to the old residence for the New Year. Have you forgotten?"

Shi Xi: "..."

Then she had no other choice.

Ning Yu said indifferently, "There's no need to go through so much trouble. How did we celebrate the New Year in the past? It'll be the same this year."

As she said that, Ning Yu paused again and said, "I can come back on the first day of the New Year."

"Is that still New Year?" Mother Shi was displeased.

"Mom, Sister has been spending New Year's at Long Quan Village. She's already used to it," Shi Xi interrupted. "Anyway, it's not New Year's yet. We'll talk about it when we get there."

If they were to see the King of H*ll before the New Year, they wouldn't have to care about such things.

Mother Shi insisted, "Anyway, our family will be reunited!"

Ning Yu looked at Shi Xi and retracted her gaze.

Shi Xi thought to herself, 'Just say what you want to say!'

'With that gaze, I can't understand what you're trying to convey!'

Fortunately, the atmosphere did not turn stiff for long before Father Shi and Shi Xu returned.

"Xi Xi is back. Eh, Ning Yu is back too." Father Shi said happily, "Aiya, my precious daughters, do you miss your father?"

Shi Xi smiled obediently and said, "Yes."

Ning Yu had a look of disdain on her face.

Father Shi rubbed Shi Xi's head, then looked at Ning Yu and asked, "How was school?"

Ning Yu said, "It was alright."

Father Shi said a few more words of concern, then said to Ning Yu, "Your grandfather said that he wanted to see you. Now that you're back, go to the old residence to see him."

Ning Yu had a look of resistance.

She did not want to move.

Father Shi looked at the other two children and said, "Shi Xu, Xi Xi, you two accompany Ning Yu to see Grandfather."

Chapter 445 Is It That You Don't Have Any Real Power As the CEO

With that said, Shi Xu and Shi Xi were dragged into this mess.

Shi Xu replied, "Alright, I'll go see Grandpa tomorrow morning."

Shi Xi had a look of resistance as she thought to herself, 'What kind of old man prioritizes sons over daughters?'

She would rather stay at home!

But at that moment, she could only obediently nod her head. "Alright, Dad."

She had no choice but to nod.

At night, Shi Xi took a shower and changed into her pajamas. She lay down and prepared to sleep.

There was a knock on the door.

Shi Xi opened her eyes.

There were only two soft knocks on the door. It was not Shi Xu.

So it was Ning Yu?

"Please come in." Shi Xi struggled to sit up.

Ning Yu, who was wearing rabbit pajamas, twisted the door handle and entered Shi Xi's room.

It had to be said that the cold and indifferent Ning Yu was wearing rabbit pajamas, there was really a kind of contrast and cuteness.

Shi Xi's eyes curved as she asked with a smile, "Sister, why are you looking for me?"

Ning Yu said, "I'm going to visit Grandpa Shi tomorrow. I want to ask what he likes and what to send."

The corner of Shi Xi's mouth twitched slightly. "He probably likes antique vases or something like that."

Anyway, she had broken one and Grandpa Shi had been thinking about it for many years.

"Antique vases?" Ning Yu nodded thoughtfully. "Thank you."

After asking the question she wanted to ask, Ning Yu went out.

Shi Xi lay down.

Just as she closed her eyes, there was a knock on the door again.

It was Shi Xu.

Shi Xi got up helplessly and invited Shi Xu in. She asked, "It's so late. What did Brother look for me for?"

“What did Ning Yu say to you just now?” Shi Xu asked curiously.

“She asked what Grandpa likes and I said antique vases.” Shi Xi looked at Shi Xu. “What do you want to ask?”

“I want to ask how you’ve been recently. Have you thought about going back to school to study?” Shi Xu sat down and looked like he wanted to talk for a long time.

Shi Xi counted with her fingers. “I’ve filmed a few movies in the past six months, went to a few variety shows, got a few endorsements, and earned a few million. It’s pretty good. I’ll take care of everything at school. I won’t be unable to graduate.”

Shi Xu asked, “Haven’t you thought about studying hard and helping out in the company after you graduate?”

Shi Xi hurriedly shook her head. “I have no interest in managing the company!”

Come to think of it, she wasn’t even part of the Shi family.

She didn’t want to get involved in the matter of earning family assets!

Shi Xu said, “Dad called me into the study just now and told me to let you and Ning Yu go to the company for an internship during the holidays.”

“Ning Yu can go. I have my own work plan,” Shi Xi said sincerely. “I only want to be a female celebrity, not a female CEO.”

“Even if you guys join the Shi Corporation, you should start as an employee.”

Shi Xu complained in his heart. He was the CEO! She could only be an employee!

Shi Xi changed her sentence. “I only want to be a female celebrity, not an employee.”

In comparison, a lowly employee’s choice was even more tragic.

Shi Xu: ...He felt that female celebrities were a little more glamorous.

“Let’s discuss it with Dad tomorrow.” Shi Xu patted Shi Xi’s head. “I respect your decision.”

Shi Xi avoided his big hand.

Shi Xu muttered, “I just don’t know if Dad respects your decision.”

“Brother, don’t you have real power as a CEO?” Shi Xi complained, “Grandpa can let whoever he wants to be the deputy director. If Dad wants us to go in, he can let us in?”

Shi Xi: ...

“Rest early.” Shi Xu got up and left.

Shi Xi thought to herself, ‘If you guys didn’t come to disturb me, I would have gone to bed long ago!’

‘If there’s anything, can’t you just say it at dinner?!’

Chapter 446 Had Never Seen Flowers Or Sunflowers

The next day, Shi Xu brought his two younger sisters to the old residence.

Seeing that Ning Yu was carrying a small box, Shi Xu asked, "What did you bring?"

"A vase for Grandpa," Ning Yu said calmly.

Shi Xu wanted to ask what era the vase was from.

But seeing Ning Yu's cold expression and unwillingness to say more, Shi Xu stopped asking.

Shi Xu looked at Shi Xi. "Do you want to bring anything?"

"If Sister is sending a vase, I'll send a bunch of flowers." Shi Xi leaned back in her chair and said weakly, "Stop by the flower shop when you pass by."

Buying flowers at the last minute.

Shi Xi wanted to buy flowers, but when she passed by the street and saw a sunflower seed seller, she asked the driver to stop by the roadside.

Shi Xu: "...These are sunflower seeds."

A real mature sunflower.

Even Ning Yu couldn't help but look at Shi Xi.

Shi Xi nodded. "I know. Not only is it nice to look at, but it can also be eaten. How good is it?"

As she spoke, Shi Xi bought five plates of sunflower seeds.

Shi Xu + Ning Yu: Speechless.

"Then do we still go to the flower shop?" Shi Xu asked.

"No, this is enough." Shi Xi looked at the big plate of sunflower seeds and said with envy, "I really want to eat sunflower seeds now."

Shi Xu said, "Eat them. No one is stopping you."

Shi Xi said, "No, if I eat them, it won't be a complete plate."

Shi Xu looked at the sunflower seeds that Shi Xi was holding and didn't know what to say.

He had never seen flowers or sunflowers like this before.

There were sunflowers, but there had never been sunflowers like this!

Why was his sister's brain so strange?

Shi Xi's thoughts were very calm.

No matter what she gave him, Grandpa Shi didn't like her.

Then she might as well give him something she liked.

If she gave him sunflower seeds, she could still eat melon seeds.

When they arrived at the old house, they entered with gifts. As soon as they entered, they heard hearty laughter coming from inside.

Besides Grandpa Shi, there was another person in the old house.

Xu Ziqing.

Seeing his grandson and granddaughters enter, Grandpa Shi put on airs and regained his usual dignity. His gaze landed on Ning Yu. "You're Ning Yu?"

Ning Yu: "Yes, I am."

Even under Shi Jingtian's pressure, Ning Yu's expression remained indifferent and unaffected.

Shi Xu said, "This is the vase that Ning Yu gave to Grandpa. Grandpa, please have a look."

Shi Jingtian thought to himself, 'It's another vase.'

He really didn't like vases!

He opened the box, and inside was a very beautiful Runan kiln porcelain. The body of the vase was transparent and beautiful.

"This vase is not bad!" Although Shi Jingtian did not like vases, he was old and had come into contact with many good things. He could tell at a glance that this vase was definitely not an ordinary one.

Xu Ziqing said in surprise, "This is the coagulated jade porcelain made in the Runan kiln of the Song Dynasty, right? I heard that when you pour water into it, the sound of flowing water in the vase is like the singing of a singer."

Hearing this, the butler brought over a basin of clear water and slowly poured it in.

The sound of water flowing against the porcelain was extremely pleasing to the ear, and the structure of the bottle was ingenious, echoing in waves.

Shi Xi's eyes curved as she asked, "Grandpa, do you like it?"

It would be best if he liked it very much, and then never mention the matter of the broken vase again.

Shi Jingtian coughed and said, "It's alright."

Xu Ziqing smiled and said, "Grandfather will definitely be very satisfied. After all, this is a gift from your biological granddaughter. Not only is it expensive, but it's also very satisfying."

Shi Xi thought to herself, 'I didn't ask you. Will you die if you don't speak?'

Xu Ziqing looked at Shi Xi again and said with a faint smile, "Shi Xi, what did you buy for Grandfather?"

Chapter 447 When Shi Xu Graduated, He Was Even More Outstanding Than Them

It had to be said that the bag that Shi Xi was carrying was rather eye-catching.

"I met some people selling sunflower plates on the way, so I bought a few." Shi Xi placed the sunflower plates on the table and said, "Everyone, eat as much as you like."

Shi Xi originally wanted to take a sunflower plate and start eating sunflower seeds.

However, looking at the current situation, it didn't seem suitable for eating sunflower seeds.

Forget it.

Later.

"Shi Xi, you came to visit Grandpa, and this is what you're giving him?" Xu Ziqing's eyes were filled with a mocking smile. "As expected, a biological granddaughter knows how to be filial to Grandpa."

"Xu Ziqing, I'm giving something to Grandpa, not to you." Shi Xi still had a smile on her face, but her words were not polite. "Is it your place to be picky and sow discord here?"

After Xu Ziqing was rebuked, her face did not look good. She complained to Shi Jingtian, "Grandpa, I only said a few words, and Shi Xi got angry."

Shi Jingtian said lightly, "Alright, stop saying a few words. How old are you? You still bicker like a child."

Everyone sat down, and Shi Jingtian asked Ning Yu a few questions.

Shi Xi sat on the sofa in the most remote corner. She sneaked a sunflower plate and ate the sunflower seeds alone.

novelusb.com

The original taste of sunflower seeds was so harmonious!

Ning Yu was cold and indifferent. She didn't say much. Shi Jingtian and Shi Xu Ziqing were discussing the company's matters.

Shi Xi was even less able to interrupt.

She continued munching on sunflower seeds.

Ning Yu maintained her cool persona, but when she saw Shi Xi munching on sunflower seeds with relish, she was a little curious.

Was it really that delicious?

Shi Xi had thought that everyone would ignore her like this before eating.

However, Xu Ziqing brought up the topic of her results. "When I was in school, I only received two of the highest scholarships. Ning Yu, how are your final results?"

Ning Yu said calmly, "Full marks."

Xu Ziqing: "...Grandpa's granddaughter is really amazing!"

Shi Jingtian nodded in satisfaction. "Not bad."

Xu Ziqing looked at Shi Xi again. "Shi Xi, are your final results out yet?"

Shi Xi was munching on sunflower seeds. "Not yet."

"It's been a week since the exam. The results should be out by now, right?" Xu Ziqing kindly reminded her. "Are you too embarrassed to say that you did too badly on the exam?"

"You're already working. How do you know that it's been a week since the exam?" Shi Xi asked. "Why are you so concerned about my matters?"

Xu Ziqing's face stiffened.

Shi Xi took out her phone and saw that the class group had sent out the results form.

She opened the form and said, "Oh, they're all above 90, ranked first."

Xu Ziqing: "..."

Shi Xi's eyes were shallow as she asked, "Why? Are you suspecting that my results are fake?"

Xu Ziqing calmed down. "I'm not suspecting, I'm just curious. You didn't even go to school, so why did you get such a high score?"

Shi Xi: "Because I'm smart."

Xu Ziqing: ??!

Shi Xi's eyes were filled with smiles. "Even though I don't have the ability to remember everything I see, university knowledge isn't that complicated to me."

Ning Yu nodded in agreement and said, "It's a little too simple."

Shi Xu said helplessly, "It's just simple to all of you."

Shi Xi asked, "Doesn't Big Brother think it's simple?"

Back then, when Shi Xu had skipped a grade and graduated, he was even more outstanding than them.

"All of you are smart children." Shi Jingtian looked at Ning Yu and said, "You are also part of the Shi family. After the holidays, you will go to the company to intern. After you graduate, you will be able to go in and help your big brother."

"I don't want to go into the company." Ning Yu's eyes were indifferent as she rejected Shi Jingtian's suggestion.

Chapter 448 Shi Xi's Score Was Trending On the Top Searches

"Uh, I don't want to either." Shi Xi blinked her eyes.

Although no one asked, she wanted to show her attitude.

Shi Jingtian had seen big storms before. He was not angry and only asked, "Then what do you guys want to do?"

Ning Yu said without hesitation, "Play."

She had just finished a difficult task and only wanted to have a good rest.

Shi Xi said, "I want to continue to develop in the entertainment industry."

Shi Jingtian frowned.

These were not nice words.

Shi Xi leaned against the sofa and tried her best to hide her presence.

In any case, Grandpa Shi valued sons over daughters, so he should not drag her into the company.

Shi Xu said, "Xi Xi's achievements in the entertainment industry are not bad. Kuai Xue Entertainment's earnings growth in the past six months can be ranked in the top five in the Shi Corporation."

Shi Xi nodded and echoed, "In that case, I'm actually helping the company earn money. It can be considered as working for the Shi Corporation."

Hence, everyone looked at Ning Yu.

Xu Ziqing smiled and said, "Why don't you let Ning Yu come to the Finance Department? She can be my assistant. I can still take care of her a little."

Shi Jingtian said, "It's settled then. Ning Yu, you will report to the company tomorrow."

Shi Xi looked at Big Boss Ning Yu's expression.

Ning Yu said coldly, "Got it."

There was no expression on her face.

It was hard to tell whether she was happy or angry.

Forget it. Why was she worried about the big boss female lead?

Could Ning Yu be someone who was being bullied?!

Even if she had to worry, she had to worry about herself!

Xu Ziqing was unhappy with her. Who knows, she might be setting her up somewhere.

Shi Xi did not understand.

She had never offended Xu Ziqing before, so why was Xu Ziqing so hostile toward her?

It was really strange.

..

On the way back, Shi Xi received a few days of congratulatory messages.

Were they congratulating her on her good results?

Shi Xi was a little puzzled and asked: [How do you know how much I got?]

Tao Yuxuan: [Your results are trending.]

Shi Xi: ?

How come she didn't know?

Shi Xi opened her Weibo and saw #Shi Xi's Final Results# trending. It was on the list.

@Gossip Rabbit: [Shi Xi's final results are all above 95.]

In the comments below, Shi Xi's fans seemed to be celebrating the New Year.

The other fans started to feel sour.

[There's no need for the test results to be out and also buy a trending search. Is there nothing else that can be marketed?]

[There are so many people with good results in the circle. Shi Xi is the only one who buys trending searches every day. She's a marketing genius.]

[You call yourself a genius just because you're admitted Haicheng University? Those from Haicheng University don't even dare to call themselves geniuses.]

[Nan Wan didn't say anything at all. Shi Xi getting 97 is like celebrating the New Year. Tsk, tsk, tsk.]

[...]

Initially, Shi Xi's results were just something to make Shi Xi's fans happy.

However, someone wanted to talk about Nan Wan.

Finally, someone couldn't hold it in anymore and started to dig into Nan Wan's results.

[Is Nan Wan's straight A's very excellent? Her grades start from S+]

S+, S, A+, A. After that, it was BCD. Nan Wan got an A, but she only got above the passing mark.]

[I didn't want to expose the truth at first. I couldn't stand Nan Wan acting so pretentiously. I went to the same school as her. Last semester, she got an S and a B, and the rest were all A+.]

[To be honest, an A is easy, but an S is hard. Nan Wan didn't even get an S. How could she pretend to be a top student?]

[I really didn't expect Nan Wan to be the one who got slapped in the face in the end.]

[There's no doubt about Shi Xi's results. She scored 666 points in the liberal arts in her college entrance examination. She's already better than most of the people here. Smile.]

Chapter 449 Making a Movie

The matter of Shi Xi's top student, the campus belle, was discussed back and forth for another day. The black fans were furious. However, they had to admit that Shi Xi's results were impeccable.

Only Shi Xi did not understand.

She wanted to see where had been deducted from the points she had made.

Shi Xi took the time to go online and carefully read the score details.

!!

A full score on the test paper was usually 80-90 points.

The final score of the university final exam was considered at the same time as the test paper and the usual score.

Shi Xi had never been to class before. Usually, according to the teacher's different scores, the score would also be different.

No wonder there was a difference of a few points.

But even so, her score was first in the entire class.

..

After the result storm passed, Ning Yu was forced to work in the Shi Corporation.

Ning Yu was still in school and was working as an assistant in the company. She was only doing some miscellaneous work such as packing documents, buying coffee with express delivery, and copying and printing.

The employees in the Finance Department knew Ning Yu's identity before she went in. They were very polite to her and didn't dare to bully her. They also didn't give her any heavy work.

In short, Ning Yu's life in the Finance Department was very leisurely.

No one cared about her work or games.

Ning Yu: This job is not bad.

*

On the other side.

Shi Xi looked at the script in front of her and asked, "Are there no other scripts?"

Han Chuan: "No."

Shi Xi picked it up and asked, "Are there really no other scripts?"

"These are the best scripts that have been picked out," Han Chuan said calmly.

"That's it? The best?" Shi Xi could not believe it. "I'll put some rice on the keyboard. Even the scripts that the chicken pecks out are better than these."

"Then why don't you try putting some rice on it?" Han Chuan was not going along with Shi Xi's joke.

Shi Xi picked up a few more scripts and read them. As she read, she commented, "There are no highlights, no novelty, no logic. The character design is rubbish. The plot is boring."

Han Chuan said, "...Which one are you talking about?"

Shi Xi said, "I'm talking about all of them."

"Just write the script like this. If you want to act, don't act." Han Chuan said, "It's already good enough that you can choose. There are so many in the industry that you can't even act."

Shi Xi did not understand. "My acting skills are not bad, and I'm also good-looking. Why is there no good script to look for me?"

Han Chuan's words revealed the truth. "You're not the person that people want to promote."

"The person who made you famous is Kuai Xue Entertainment."

The entertainment industry's cake was only this big, and there were many beautiful actors.

When the other entertainment companies saw the trend of Shi Xi's popularity, they started to smear and suppress it. How could they let Shi Xi continue to be popular?

Shi Xi looked at the continuous variety show offers and felt a headache.

If she went to a variety show, she would have more money.

But in the long run, it was not good for her future development.

Shi Xi suggested, "Are there no more homemade dramas in Kuai Xue? I think the script for [Meeting You In the Depths of Time] is pretty good!"

"[Meeting You In the Depths of Time] hasn't been broadcast yet. The initial investment hasn't been recovered. Before it is broadcast, the higher-ups will not allocate money to invest in a new series." Han Chuan looked at Shi Xi. "Or, you can ask President Shi if he's willing to invest?"

So, it was still a matter of money?

Shi Xi thought for a moment and said, "If we were to make a movie, how much would it cost?"

Han Chuan was slightly surprised. "Is it a big movie on the internet?"

"No, it's a movie that can go to the cinema." Shi Xi felt that they had to get it right in one step.

"Depends on the theme," Han Chuan analyzed. "First, you have to have a theme that you want to make."

Shi Xi sighed.

Finding a job was so difficult.

Wanting to shoot a movie was also so difficult.

Chapter 450 Opened the Mouth and Asked For 50 million

"I want to shoot a school-themed movie. It shouldn't cost much, right?" Shi Xi was deep in thought.

"At least 50 million," Han Chuan said. "Do you want to adapt a novel that you like?"

"No, I just have a thought in my head." Shi Xi blinked. "Can I write a script and shoot it myself?"

Han Chuan was a little surprised to hear that.

!!

Shi Xi asked, "Can't I?"

"Yes." Han Chuan paused. He wanted to ask what kind of script she could write, but it would be best if he respected Shi Xi's preferences. He said, "You can try writing it."

Shi Xi turned on the computer and said, "Look at what I wrote before. Is it better than these?"

Han Chuan thought that Shi Xi was just saying it casually, but he did not expect that Shi Xi really had a finished product.

And it looked pretty good..

Han Chuan asked, "When did you write it?"

"Oh, when I was filming those television dramas that I didn't like to film," Shi Xi said. "That was when I was filming my first drama."

Han Chuan: "That must have been hard on you. You filmed so many scripts that you didn't like."

"How was it?" Shi Xi asked.

"Don't rush me. I haven't finished reading it." Han Chuan looked at the number of pages and realized that there were quite a few.

Shi Xi leaned against the sofa and asked, "What has Lou Ruicong been doing recently?"

Han Chuan: "Idle."

"Didn't you find him a job?" Shi Xi looked at the rubbish scripts in front of her.

Han Chuan: "He's not suitable."

With Lou Ruicong's personality, he couldn't be allowed free. He could only be watched in front of him.

Shi Xi said, "If it's possible, I can let him play the second male lead in my movie."

Han Chuan: You think you can shoot it before the matter is settled?

After reading a portion of the script, Han Chuan said, "I think it's not bad. Send the script to me. I'll write a proposal in the evening and ask the company for money. Oh, no, I'll ask the company for investment."

Shi Xi: Nice!

Han Chuan added, "You can always mention it to President Shi. The success rate will be higher."

"Are you asking me to use the back door?" Shi Xi asked.

"Yes."

"..."

Shi Corporation.

Ning Yu was holding a health-preserving teacup. She felt that her days here were very leisurely.

The people around her were all working. All she had to do was turn on the computer and work until she got off work.

Moreover, the company had a buffet lunch and afternoon tea.

If she worked overtime, she could have a buffet dinner at night.

It was too good to be true that she could earn money by doing nothing?

Ning Yu blinked her eyes and regained her cool.

No, she was not such a vulgar person.

She took a sip of tea to calm herself down.

The tea was finished.

Ning Yu got up and went to the pantry.

There was also a mousse cake provided by the company in the refrigerator in the pantry!

Thinking of the small cake, Ning Yu's mood was already beginning to brighten.

"I've already given you enough money! How much more do you want?"

"..."

"You want 50 million? Where can I get that much money?!"

"..."

"Get lost!!"

Ning Yu accidentally heard someone else's call. She waited for a few seconds before walking into the pantry.

Xu Ziqing poured a cup of coffee. When she saw Ning Yu walk in, she smiled and said, "Ning Yu? Pour some tea."

Ning Yu: "Okay."

Xu Ziqing thought about the call just now and asked tentatively, "Did you hear anything just now?"

"Hear what?" Ning Yu took the hot water, opened the fridge, and took the mousse cake.

"Nothing. I'm going back to the office first." Xu Ziqing smiled as if nothing had happened.

Ning Yu returned to her seat and finished the mousse cake.

Thinking of Xu Ziqing's call, Ning Yu opened the company's recent financial data sheet.
