*Chapter 5: The Mystery of Shi Xi's Past*

Shi Xi looked at him. "What are you doing?"

"I'm going to the washroom." Xie Yunzhou struggled to get out of bed.

Shi Xi pointed at him and said, "The washroom is on the left side of the stairs."

Xie Yunzhou struggled to get out of bed. Every time he moved, there was a bone-piercing pain.

Shi Xi could not stand it anymore. She walked over to help him out of bed and asked, "Do you want me to help you over?"

"No need." As she got closer, Xie Yunzhou could smell the girl's fragrance and the softness of her body.

Seeing that he could still walk, Shi Xi let him be.

Xie Yunzhou walked out of the infusion room and went to find the washroom.

When he walked to a room, Xie Yunzhou heard the conversation inside.

Mother Ning said regretfully, "I really didn't expect that these two children would be mixed up."

Father Ning comforted her, "It's not your fault. These two children aren't ours, so we can't tell them apart."

"However, these two children aren't bad. Just treat them as if we have two daughters in the future."

Mother Ning sighed. "I don't know if Xiao Xi is used to living here. Do you think she was bullied by the Shi Family and that's why she came here?"

.....

"The Shi Family is rich and powerful, so Xiao Xi won't be hungry." Father Ning was sleepy. "Don't think so much. Hurry up and sleep."

Hearing Father Ning's words, Mother Ning was still nagging. "I don't know which god gave birth to a child and didn't raise it. How good is this child? She's so beautiful and filial!"

"Alright, alright. If they don't want her, we want her. We'll raise her."

The room fell into silence.

Xie Yunzhou listened to the entire conversation outside and furrowed his brows.

Shi Xi wasn't the child of the Ning Family's parents?

After returning from the bathroom, Xie Yunzhou entered the infusion room and saw Shi Xi playing with her phone.

"Were you bullied at the Shi Family's house?" Xie Yunzhou asked.

Shi Xi looked up in surprise. "No."

Xie Yunzhou continued to ask, "Then why did you come here?"

Shi Xi was suddenly taken aback by the great villain's concern. "Isn't it a holiday? I'm for a few days. What's wrong?"

Xie Yunzhou recalled the concern of the couple and felt that their worries were unnecessary.

"How did the Shi Family find out that you're not their biological daughter?" Xie Yunzhou's curiosity was piqued.

Shi Xi thought for a moment and said, "I fainted on the set and was admitted to the hospital. My brother found out that my blood type did not match my parents', uh, the Shi Family's parents' blood type."

"They went to do a paternity test and discovered that I was not their biological daughter."

"After that, my father found the hospital where I was born and found Ning Yu. They did a paternity test with Ning Yu and discovered that Ning Yu was their daughter."

Xie Yunzhou went to bed. "Then did you not do a paternity test with this pair of parents?"

Shi Xi looked at him as if she was looking at an idiot. "There were only two girls born that day. If I'm not the Shi parents' child, then of course I'm the Ning parents' child!"

Xie Yunzhou saw this expression and thought to himself, 'You're the idiot.'

However, from the looks of it, Shi Xi still did not know that she was abandoned.

"It's nothing." Xie Yunzhou lay on the bed and said calmly, "Go to sleep."

Shi Xi: "..."

She did not make this villain angry just now, did she?

Shi Xi silently turned off her phone and pulled the blanket over her head to hide under the blanket.

Xie Yunzhou saw her movements and pressed down the corner of his lips.

He had long noticed that Shi Xi seemed to be a little afraid of him.

Why?

\*

The next morning, the ringtone of Shi Xi's phone woke up the two people in the room.

Xie Yunzhou was injured and in pain yesterday, and he slept in the same room as Shi Xi. He only fell asleep in the middle of the night and was sleepy at this time.

When he opened his eyes, he saw the girl covering her head with the quilt, trying to make her sleep undisturbed in a way that she could not hear the alarm clock.
