

The Fake 501

Chapter 501 Oh, God, That's a Great Idea!

In Shi Xi's opinion, the conversation between the two of them sounded like that between kindergarten students.

They were so childish that they wanted to tell the teacher.

In any case, a heavier sword wasn't that heavy to Shi Xi.

Ron looked at Shi Xi. "I'm friends with the manager here. You don't have to worry."

Shi Xi smiled. "Let the girl have her way."

Seeing the doll's flustered and exasperated look, she was really worried that the doll would cry.

"Her name is Mei Yinni," Ron said in a low voice, "She and her brother are frequent visitors of the fencing hall."

"She should have her own sword, but I don't know why she's here to pick."

The doll glared at Shi Xi and immediately took away the heavy sword that Shi Xi had chosen. "I'll choose this one!"

Seeing the doll's actions, Shi Xi didn't mind and chose another one.

In any case, it didn't matter to her which sword she used.

"Do you want to pick one?" Shi Xi looked at Ron and asked.

"I'm using a custom-made Baroque sword," Ron said. "I'm using a special one."

Frequent members like them all had their own exclusive equipment.

However, it was Shi Xi's first time here, so Ron brought her to pick.

"Take your time, I'll go buy some drinks," Ron said.

"Alright," she said.

Shi Xi had picked her sword and was waiting for Ron when she heard the doll shout, "Yunzhou, I've picked a very good sword for you!"

When she heard the familiar name, Shi Xi couldn't help but turn around to take a look.

Could they have the same name?

But this was M Nation!

Just as she turned around, Shi Xi saw a familiar face in a foreign country.

What was Xie Yunzhou doing here?

And he even knew the doll?

On the other side, Xie Yunzhou had already put on his fencing suit. It looked like he was going to play fencing with the doll.

When Shi Xi turned to look at Xie Yunzhou, he seemed to sense something and looked up at her.

The two of them looked at each other from a distance.

When Xie Yunzhou saw Shi Xi, a hint of surprise flashed across his eyes. He strode over and explained, "I'm here with my partner. She's my partner's sister."

"It's alright, you guys can have fun," Shi Xi said.

She was not jealous, not jealous at all.

"What are you doing here?" Xie Yunzhou asked.

Just then, Ron came over with a drink and said, "I didn't know what you would like to drink, so I bought you an iced Americano. Is that okay?"

Shi Xi's eyes curved into crescents. "Sure, thank you."

"No, she won't feel well if she drinks iced coffee," Xie Yunzhou said coldly.

Ron was stunned. "Sorry."

"It's alright," Shi Xi said while holding her iced coffee. "It's fine to drink it once in a while."

"It's better not to drink it. If you get a stomachache and get hospitalized, you'll cry again." Xie Yunzhou's eyes were calm as he asked, "You guys came together?"

Ron saw Xie Yunzhou and asked Shi Xi, "He's your boyfriend?"

"We're friends," Shi Xi said.

He was jealous.

"We're just friends," Ron shrugged and laughed. "He really cares about you," he said.

The doll noticed that Xie Yunzhou kept talking to Shi Xi and walked over unhappily. "Yunzhou, you know her?"

The doll glared at Shi Xi as she said that.

It was obvious that she still bore a grudge against Shi Xi for snatching her sword.

Shi Xi was helpless.

It was clearly the doll that was too overbearing.

"This is Shi Xi, a very good friend of mine," Xie Yunzhou introduced.

The doll looked at Shi Xi warily.

At this moment, another man walked over. He seemed to be the doll's brother.

"If we all know each other, then let's play together," the elder brother suggested.

Oh, god, that was such a great idea!

Chapter 502 As Long As You Touch Me, I'll Admit Defeat

"I'm fine with it," the doll Mei Yini said with a smile. "But this lady doesn't seem to know how to fence. Would you like to play with us?"

Ron was not afraid anymore.

Mei Yinni's brother was Angev, the champion of the city-wide fencing competition.

Although he was the city champion, he still had a few points to score in front of the champion.

On the other hand, he didn't even get a single point from Shi Xi.

The only time he had managed to land a hit on Shi Xi was when she had dodged it.

"It'll be more fun with more people," Ron said. "Why don't we all play together?"

After a few words, the crowd moved to a larger fencing practice room.

When Shi Xi saw the training room, she felt that it was much bigger than the previous one and had more comprehensive equipment.

"I won't bully you," Mei Yini said arrogantly.

"How about this? As long as you touch me, it'll be my loss."

"Sure," Shi Xi replied casually.

Mei Yinni noticed Shi Xi's carefree personality and Xie Yunzhou's constant stare at her. "Fencing isn't that interesting. Why don't we have a wager?"

"What's the prize?" Shi Xi asked.

Mei Yinni thought for a while and said, "How about this? The loser will treat everyone to a meal at the Kiol Center today."

"Sure," Shi Xi replied.

"Don't say I didn't warn you," Mei Yinni said. "The food here is very expensive. Anything here costs at least ten thousand dollars. US dollars."

"That place is indeed very expensive," Ron said worriedly.

"It's okay," Xie Yunzhou said lightly, "If we really lose, I'll pay."

Hearing Xie Yunzhou's words, Mei Yinni was not convinced. "I asked you to buy me a bag just now, but you didn't even want to!"

And that bag was only twenty thousand yuan!

"I have no choice," Xie Yunzhou shrugged, "I don't have money."

He was poor in front of the person he didn't like, and he was rich in front of the person he liked.

Xie Yunzhou, the peerless double standard.

Mei Yinni was even angrier when she saw that. At the same time, she found Shi Xi even more unpleasant to the eye.

After the two of them were dressed, they prepared to fence.

Mei Yinni was not worried about the match at all.

She had learned fencing since she was a child and was the sister of Angev, the city's fencing champion.

How could she lose to an ordinary girl in such an environment?

After getting into position, Mei Yinni said, "Don't cry when you lose later."

Shi Xi smiled but did not say anything.

Beside them, Ron thought, 'Shi Xi might not be the one who'll end up crying.'

The match began.

Mei Yinni raised her sword and attacked.

Just as Ron had thought, Mei Yinni's swordsmanship was not bad.

With a fencing champion as her brother, how could she be bad?

However, Shi Xi was more powerful.

As Shi Xi dodged, Mei Yinni could barely touch her.

Mei Yinni finally lost her patience and said, "Do you only know how to dodge?"

Even Angev didn't agree with that.

Both offense and defense were an ability of fencing, and not being attacked was also an ability.

However, if they didn't attack, it would be even more disadvantageous in the competition.

After all, in a competition, one could only win by scoring points.

On the other hand, Shi Xi had been dodging all the time, so she hadn't been able to score a single point in the official competition.

Of course, Mei Yinni didn't get any points either.

Xie Yunzhou looked at the well-built Shi Xi, his eyes dark and gloomy.

He had never known that Shi Xi knew swordsmanship.

On the other hand, he had never seen Shi Xi in this state before.

How did he know so little about Shi Xi?

After Mei Yinni's anger subsided, she started to lose her momentum.

Shi Xi's footsteps were still as calm as ever, as though she didn't care at all. It was as though she was just taking a stroll.

Finally, just as Mei Yinni was about to attack, Shi Xi's sword stabbed into Mei Yinni's heart.

The electronic judge rang.

Mei Yinni was so angry that she continued to attack.

However, the more Mei Yinni attacked, the easier it was for her to reveal her flaws.

Mei Yinni's steps were getting more and more erratic, while Shi Xi's steps were getting more and more steady.

At a glance, it seemed that Mei Yinni had defeated Shi Xi.

However, upon closer inspection, it was Shi Xi who was in control of the battle.

Shi Xi didn't even retreat to the safe zone.

Mei Yinni's eyes were fierce as she twisted her wrist and stabbed at Shi Xi's arm.

In an official match, the flower sword was not allowed to attack the arm.

In other words, attacking the arm was useless.

However, Mei Yinni chose to stab in that direction.

Shi Xi retracted her sword and blocked the attack. Then, she used some strength to push the girl back and said, "It's almost time."

The girl's voice was relaxed and happy.

On the electronic screen next to her, Shi Xi had already scored a few dozen points.

As for Mei Yinni, she had zero.

The score hit Mei Yinni's heart. She threw her sword on the ground and said, "Unorthodox methods! Not presentable!"

"With your skills, you can only use them in the practice room. You won't be able to get any results on the stage."

"I'm sorry. It's my first time fencing today, so I don't really understand the rules."

"So, I can't dodge it?"

Her apologetic words made Mei Yinni so angry that she almost vomited blood.

“Of course it can be dodged,” Ron said.

However, to others, dodging was just dodging backward.

To Shi Xi, dodging wasn’t just retreating, it was also an attack.

“Miss Shixi,” said Angev, “How about I play a round with you?”

Ron asked, “What’s wrong? Your sister couldn’t beat her so is big brother going on stage?”

“I just thought that Miss Shi is very talented,” said Angev with a smile. “I just wanted to have a friendly match with you.”

“Sure,” Shi Xi replied nonchalantly.

In any case, she hadn’t practiced with a sword for a long time, so it was a good time to practice.

Ron hesitated for a moment before he pulled Shi Xi aside and reminded her, “He’s the previous champion of the city-wide swordsmanship competition. You have to be careful!”

“The stronger the opponent, the better the practice,” Shi Xi said.

“He’s playing with a heavy sword, so be careful not to get hit.” Ron reminded again.

Shi Xi nodded. “Don’t worry, I’ll be fine.”

She had finally picked up the sword technique that she had neglected for a long time.

However, Shi Xi had not expected it to be in such a setting.

Angev picked up his heavy sword and stood opposite Shi Xi.

While helping Angev tidy up his fencing suit, Mei Yinni said in a low voice, “Brother, teach her a lesson for me!”

“It would be best to cripple her hand so she will never be able to hold a sword again!”

Her voice was extremely soft, but Shi Xi’s hearing was very good, so she still managed to catch her words.

Shi Xi lowered her eyes slightly.

She didn’t expect Mei Yinni, who looked so cute, to be so vicious.

She had only won against Mei Yinni, and Mei Yinni wanted to cripple her hand?

What shocked Shi Xi even more was that Angev didn’t blame Mei Yinni. Instead, he touched Mei Yinni’s head and said, “Just wait at the side.”

Chapter 504 Plum Blossom’s Three Strokes

Shi Xi didn’t know what Angev was thinking, but she was more serious about this match.

This was no ordinary competition.

If she wasn't careful, she might lose her hand.

Shi Xi looked at Xie Yunzhou.

Xie Yunzhou had actually come to the fencing hall with such a person?

If they could play together, they must at least be business partners.

At that thought, Shi Xi felt that it was quite normal.

After all, Xie Yunzhou was a vicious villain in the game, and this was his normal circle of friends.

If Xie Yunzhou was as innocent and kind as she was, why would he throw her into the river to feed the fish in the original plot?

She couldn't forget his real setting because of his usual gentleness!

After letting her thoughts run wild for a while, Shi Xi looked at Angev calmly.

The two of them stood sideways, their swords pointed at each other, and their hands that were not holding swords were behind their backs.

Ron picked up the electronic judge and shouted the start.

Angev had chosen a heavy sword, which had a wide range of attack.

In the beginning, Angev aimed at her head and started to attack.

Shi Xi dodged to the left and right and kept retreating. Finally, her expression turned serious.

When they were fighting Ron and Mei Yinni, although they had some skills, they were more like amateurs.

However, Ron didn't use his full strength, which was why Shi Xi was able to score.

Of course, even if Ron had used all his strength, he still wouldn't have been able to defeat Shi Xi.

But Angev was different.

Those who could win the championship were naturally different.

He played steadily as he focused on all of Shi Xi's movements, attacking and defending.

As Shi Xi dodged, she analyzed her opponent's moves.

This was also a habit she had when she first learned swordsmanship.

When sparring with the other party, one had to know the other party's depth. Only then would one be able to win with one move.

Know yourself and know your enemy, and you will never lose a hundred battles.

Just as Angev was about to stab at Shi Xi's helmet, Shi Xi tilted her head and dodged the attack. Then, she stabbed forward and started to attack Angev.

Seeing that the tip of his opponent's sword seemed to have three afterimages, blocking all his blind spots, Angev was shocked and didn't know which sword to defend.

But he was faster.

His reflective parry allowed him to block Shi Xi's attack.

The three afterimages combined into one solid sword.

...

Ron looked at the exchange of blows between the two from the outside and sighed. "Angev is indeed the champion. I can't dodge this sword!"

Mei Yinni snorted. "Of course! There's no one in K City who is a match for my brother!"

It looked like Angev had dodged it easily, but only he knew how dangerous it had been.

It was a reflex that he had developed after practicing swordsmanship for a long time. He had sensed danger and dodged it.

If it happened again, he really didn't know if he could dodge it!

This girl was not as simple as she looked.

The first round ended in three minutes, and neither of them managed to stab the other.

Mei Yinni said, "Shi Xi, you keep dodging. When are you going to get to the end?"

"I did make a move, but he dodged it." Shi Xi smiled.

This surprised Shi Xi as she thought that Angev wouldn't be able to avoid it.

This move, the Plum Blossom's Three Strokes, had three illusionary forms, which were not something that ordinary people could distinguish.

It seemed that Angev's championship was not low.

After a minute of rest, the two returned to the arena and prepared to fight.

This time, Shi Xi didn't focus on defense. Instead, she took the initiative to attack.

Chapter 505 Let Go of the Desire To Help Others and Respect Their Destiny.

On the other hand, after Angev sensed Shi Xi's intention to attack, he slowly retreated and dodged, trying to find Shi Xi's flaws.

However, just as he was defending, he realized that Shi Xi's attacks were flawless. He couldn't find any flaws!

He was forced to retreat step by step, unable to resist at all.

Ron stood aside and said to Mei Yinni, "What's wrong with your brother? Why isn't he attacking? You won't get any points if you keep retreating!"

!!

Mei Yinni's face turned red with anger when she heard his sarcastic tone.

Xie Yunzhou watched the fight quietly from the side.

Shi Xi's attack was fierce and fast. In the end, she managed to hit Angev's arm and scored a point.

This successfully angered Mei Yinni.

Angev smiled and said to Shi Xi nonchalantly, "With your swordsmanship, you can participate in professional competitions."

"There are too many rules and restrictions here. I'm not used to it yet." Shi Xi smiled faintly.

For example, there were too many places that could not be attacked, and there were too many limitations to only being able to pierce using the tip.

Mei Yinni waved her flag and shouted, "Brother! Another round! Knock her down!"

Shi Xi was a little tired. "Let's call it a day," she said indifferently. "I'm a little tired."

She had just played with Ron for a long time, and then played a round with Mei Yinni.

She didn't want to continue.

There were too many restrictions on this kind of fencing, and she could not let go.

Even if she had to fight against Angev, who was extremely good at swordsmanship, Shi Xi still found it boring.

It was like playing basketball with a child. She might as well go home and lie down.

Angev didn't have any objections, but Mei Yinni said, "Are you afraid? That's why you ran away after getting a point?"

"Trying to goad me into action is useless," Shi Xi chuckled.

If she was so easily goaded, she wouldn't be in the entertainment industry.

"Don't think that I can't beat you. I'm just going easy on you!" Mei Yinni said angrily. "When it's the real competition, that's my home ground!"

"Maybe," Shi Xi shrugged nonchalantly. She wasn't planning to participate in the competition anyway, so she gave her blessings casually. "I wish you all the best in the competition."

She really didn't understand why Mei Yinni had such ill intentions toward her.

When she saw Xie Yunzhou beside her, Shi Xi felt that she understood.

In the novel, everyone would be surrounding the male lead and the supporting actor.

Only she, an untainted female supporting role, worked hard to earn money.

Shi Xi really wanted to tell Mei Yinni, "What's the use of a man? Only money is the most important!"

However, Shi Xi knew that if she told anyone else about this, they would only pity her and think that she had to rely on herself.

Let go of the desire to help others and respect the fate of others.

Ron walked to Shi Xi's side and said in a low voice, "Well done! I've long found this pair of brother and sister to be an eyesore!"

"Be careful," Shi Xi reminded him. "They might vent their anger on you."

"It doesn't matter," Ron said. "I'm not afraid of them."

He and Angev were not on the same track at all.

He learned the flower sword.

Mei Yinni's face turned livid at the fact that she and Angev had both lost to Shi Xi. She threw her sword to the ground and said to Angev, "Brother, let's go!"

Shi Xi smiled and said, "Didn't we agree on where the loser has to spend their money? Don't tell me you want to renege on your debt?"

Mei Yinni's face darkened. "You're too calculative. I was just joking. Did you really take it seriously?"

Shi Xi raised her brows and said, "You're the one who suggested it, not me. You were the one who said there was a prize!"

Chapter 506 Apologize to the Director and Give Him Some Gifts

Mei Yinni suppressed her anger and said, "I was just joking!"

"I really don't know how someone as greedy as you would know Yunzhou!"

Bring Shi Xi to the Kiol Center for shopping?

Mei Yinni did not want to at all!

!!

"I'm willing to accept my loss," Angev said calmly. "Let's go to the Kiol Center together."

"No! I don't agree!" Mei Yinni was furious.

Just as Shi Xi was about to speak, her phone rang. It was Han Chuan.

"I'll take this call first." Shi Xi gave an apologetic smile. "Perfect timing. I'll give you guys some time to persuade the doll. Er, Mei Yinni."

Mei Yinni glared at Shi Xi.

When Shi Xi picked up the call, she was still a little surprised.

There was a time difference between M Country and China. Logically speaking, Han Chuan shouldn't be calling at this time.

After the call went through, Shi Xi heard Han Chuan's exhausted voice.

"Did you offend someone in the Festival Group?"

Shi Xi thought for a moment and replied honestly, "The director and the others wanted to drink at a dinner party earlier, but I didn't drink. The director is angry."

"Is there any more?"

"After that, he invited a lot of girls into his private room. I couldn't stand it, so I left," Shi Xi continued.

Han Chuan sighed in his heart.

He had forgotten that Shi Xi was a person who didn't follow unspoken rules.

"What happened?" Shi Xi asked.

"You've almost no screen time for this episode," Han Chuan said.

Shi Xi paused for a moment. "I know. It's okay. I'm not the main character anyway."

"Apologize to the director and give him some gifts," Han Chuan said.

Shi Xi frowned. "I don't want to."

"I'll reimburse you when I get the money back," Han Chuan said.

Shi Xi thought to herself, 'That's the company's money.'

The company was owned by the Shi family.

"Do I have to apologize to him?" Shi Xi asked.

Han Chuan said, "It's my fault for not making it clear to you before."

This director was extremely narrow-minded. If they offended him, it was likely that they would not have a good ending in the future.

"You're not alone. You have to think about the other trainees in China."

"They also have very few scenes in this episode."

Shi Xi wanted to be tougher, but when she thought of the Chinese contestants in the Festival Group, she had no choice but to answer, "Alright, I'll go find him tonight."

By the time Shi Xi returned from her phone call, Mei Yinni was already looking impatient.

She glared at Shi Xi viciously and said, "You're really lucky!"

“Didn’t you mention anything about the prize when you were competing with others?” Shi Xi asked unhappily. “Did you let them go?”

“At least, I’ve never won such a big prize before!” Mei Yinni said.

“This was your suggestion. I’m just following the bet.” Shi Xi said indifferently.

It was only when they got into the car that Ron asked, “You really want to go?”

“She suggested it,” Shi Xi said. “If I win, I’ll go and spend the money. Is there a problem?”

“Of course, there’s no problem.” Ron pouted. He didn’t expect Shi Xi to really do that.

“Do you think Mei Yinni will let me go if I lose?” Shi Xi asked again.

“She won’t,” Ron replied.

“Since I’ve already offended her, I don’t mind making her bleed a little more.” Shi Xi chuckled.

Mei Yinni would not remember the lesson if she was not made to bleed.

Besides, even if Shi Xi let Mei Yinni off, she wouldn’t thank her.

Just as Shi Xi was about to get into the car, Xie Yunzhou walked up to her and said, “I’ll send you there.”

Ron stood between the two of them and said with a smile, “I drove here.”

Xie Yunzhou ignored Ron and looked straight at Shi Xi.

Chapter 507 Shi Xi Is Already Engaged To Me

“I’ll take Xie Yunzhou’s car,” Shi Xi said. “I haven’t seen him in a long time.”

Seeing this, Ron gritted his teeth and said, “You’re Shi Chen’s younger sister. I feel that I have the right to ensure your safety.”

Xie Yunzhou saw right through Ron’s thoughts and said, “Shi Xi is already engaged to me. You have no chance.”

Ron and Shi Xi were shocked when they heard that.

The two of them turned to look at Xie Yunzhou.

“You guys are engaged?” asked Ron.

Xie Yunzhou pulled Shi Xi away.

“When did we get engaged?” Shi Xi asked in surprise after they got into the car.

Xie Yunzhou said without even blushing, “You said that you would treat me as your first love candidate.”

“You’re still a love candidate!” Shi Xi said. “We’re not even dating.”

“It’s almost time. When we’re in love, we should get married. That’s why I’m not wrong to say that we’re engaged,” Xie Yunzhou said.

Shi Xi wanted to say something to refute him, but she realized that she could not say anything.

Xie Yunzhou's logic was too strange.

"Also, I can see that you want to cut off all ties with that foreigner. If you're engaged, he won't bother you anymore," Xie Yunzhou said, leaning back in his chair.

This was true.

"Then, thank you?" Shi Xi probed.

Xie Yunzhou nodded arrogantly. "You're welcome."

Shi Xi was speechless.

Ron watched as they got into the car and wondered if he should tell Shi Chen about this.

After the car drove off, Shi Xi said, "Thank you for helping me out just now."

"I've said that I'll treat you as my first love candidate, but that doesn't mean that you can make the decision for me."

"I have my own moments. I don't want this kind of misunderstanding to happen again."

Xie Yunzhou paused for a moment, his tone carrying a hint of grievance. "Since you're treating me as your first love candidate, you have to keep your distance from other men."

"But you still haven't managed to keep your distance from the other girls!" Shi Xi said.

"Angev invited me today. I didn't know he would bring his sister. I'm sorry," Xie Yunzhou explained, "There won't be a next time."

"Do you have any business cooperation with them?" Shi Xi asked.

Xie Yunzhou nodded and said, "Don't worry. Since it's something you won, it's yours."

When they arrived at the Kiol Center, Shi Xi looked around and saw that most of the things there were expensive.

She could already imagine how happy Mei Yinni would be if she lost.

Just like how happy she was now.

Shi Xi didn't ask for an exorbitant price. She randomly picked a mid-grade watch and got someone to wrap it up.

Mei Yinni was furious when she saw Shi Xi's merciless selection.

However, Angev still paid for Shi Xi.

When Mei Yinni saw that Shi Xi had bought a men's watch, she asked, "Isn't this watch a little old-fashioned if you give it to Yunzhou?"

Of course, if it was for Xie Yunzhou, Mei Yinni would not be so angry.

If she gave it to Xie Yunzhou, she would have a reason to ask him to go shopping with her in the future.

In this way, the two of them might have something going on.

Angev and Ron also felt that Shi Xi had bought the watch for Xie Yunzhou.

“You’re thinking too much,” Shi Xi looked at the wrapped gift box and said, “This is for the others.”

“Who are you giving it to?” Mei Yinni’s expression changed.

Xie Yunzhou also looked over.

“That’s none of your business, right?” Shi Xi said with a smile.

Chapter 508 Who Do You Want To Give This Watch To?

Mei Yinni thought for a while and said with a smile, “Of course it has nothing to do with me!”

“Yunzhou, you’ve heard her. Miss Shi is not thinking about you.”

“There’s no need to sow discord. We don’t lack this watch between me and him,” Shi Xi said.

Mei Yinni was angry and hateful.

Xie Yunzhou stood quietly at the side, looking at the watch Shi Xi had bought, trying to guess who she was giving it to.

It was probably someone insignificant.

Angev whispered into Mei Yinni’s ear, “This is not for Xie Yunzhou. Shouldn’t you be happier?”

Mei Yinni finally calmed down a little after hearing this.

“Yunzhou,” she said, trying to drive a wedge between them. “You wouldn’t mind if Shi Xi bought such an expensive watch for another man, right?”

“It’s alright,” Xie Yunzhou said.

Just as Shi Xi had said, they did not lack this watch.

“Maybe it’s for her brother,” Ron said. “It’s for her brother.”

Mei Yinni’s face turned dark again.

Angev kept his smile and said gentlemanly, “The bet has been fulfilled. I’ll take Mei Yinni back first.”

They had already lost enough face today.

Angev turned around and left.

Mei Yinni followed behind him and said, “Brother, are we just going to let that woman win so much money like this?”

Angev’s face darkened. “Isn’t it all because of you?”

If it wasn’t for the prize that Mei Yinni had mentioned, he wouldn’t have spent so much money.

“Get someone to teach her a lesson and get that watch back!” Mei Yinni suggested.

“That watch is nothing,” said Angev coldly. “I’ll make her pay.”

**

After the two of them left, Xie Yunzhou turned to Ron and said, “You can go back now.”

Ron seemed to be used to being ordered around, so he nodded and said, “Alright.”

After saying that, Ron felt that something was wrong.

Why should he listen to Xie Yunzhou?

Ron looked at Shi Xi and said, “Will I go back just because you want me to? I still want to accompany Shi Xi!”

“I’m enough for her,” Xie Yunzhou said.

In comparison, Shi Xi was indeed more familiar with Xie Yunzhou.

Shi Xi said to Ron in embarrassment, “Thank you for accompanying me to practice my swordsmanship today. Let’s meet again next time.”

“There won’t be a next time. If you want to practice swordsmanship, I’ll come with you,” Xie Yunzhou said.

Shi Xi, “...”

Ron looked at Shi Xi. “I brought you out. I’m worried about leaving you out there alone.”

Xie Yunzhou was speechless.

Wasn’t he a human?

“Don’t worry, I’ll explain it to Second Brother,” Shi Xi said with a faint smile.

When he heard Shi Chen’s name, Ron cowered and said, “If there’s anything, contact me.”

If Shi Chen knew that he was meeting Shi Xi behind his back...

Then, hehehe.

...

Finally, all the eyesores were sent away.

“Do you have anything you like?” Xie Yunzhou asked, looking at Shi Xi.

The Kiol Center was the luxury consumer area of K City, and it was filled with luxury goods.

Shi Xi glanced at them listlessly and said, “No, I don’t.”

The current Shi Xi had no interest in luxury goods.

Instead of spending money on luxury goods, it was better to spend it on film shooting.

“Who do you want to give this watch to?” Xie Yunzhou asked.

“It’s for the director,” Shi Xi said. “I think I’ve offended him, so I have to give him something as an apology.”

Even though Shi Xi didn’t like such a style, she had no choice but to follow the local customs.

If she was the only one being targeted, it would be fine.

Chapter 509 Why Don’t You Lend Me Some Money

It just so happened that there were Chinese contestants.

If it was for their sake, Shi Xi couldn’t be so willful.

Xie Yunzhou had wanted to buy something for Shi Xi, but she looked around and said, “Why don’t you lend me some money?”

“You’re so short on money?” Xie Yunzhou asked in surprise.

Shi Xi paused for a moment. “It’s not that bad actually. The main issue is the movie’s investment. I don’t know how much it’ll cost.”

“Don’t worry, I’ll pay for the movie’s investment,” Xie Yunzhou said.

“The company has approved 50 million, but I don’t think it’s enough.” When Shi Xi thought about the movie, she felt a headache.

“I can give you an additional 50 million in investment,” Xie Yunzhou said.

This way, she would have 100 million.

Shi Xi didn’t want to trouble Xie Yunzhou, but she realized that if she didn’t agree, she might have to go home and inherit the family fortune.

Shi Xi’s eyes lit up. “How about this? I’ll write you an IOU. If the movie investment fails, I’ll have to compensate you even if I have to sell my body!”

Xie Yunzhou chuckled and asked, “How are you going to sell your body and pay for it?”

“I’m just making an analogy,” Shi Xi replied.

The movie would definitely be a success!

Xie Yunzhou ruffled the girl’s hair and said, “There are risks in investing. Even if the movie really fails, you don’t have to sell your body to pay for it.”

Even if she had to sell herself, she could only sell herself to him.

Xie Yunzhou was so good!

The Shi family even let her go back to inherit the family property after she failed.

Xie Yunzhou wouldn't have such high expectations!

However, Shi Xi had already decided that if her investment failed, she would work for the rest of her life to pay back the money!

Thinking about it this way, it was really difficult.

She had yet to produce any results, but she was already in debt.

If it was just an ordinary movie, 50 million would be enough.

However, if they wanted to earn 500 million yuan at the box office, such a small investment was definitely not enough.

Shi Xi wasn't greedy for money. She just wanted to have a little more protection.

After returning from the Kiol Center without any success, Xie Yunzhou took Shi Xi out for dinner.

Back in the car, Shi Xi asked again, "What kind of business do you do with them? Will I affect your relationship?"

Xie Yunzhou laughed. "Didn't you think about the consequences just now?"

"I did, but I had no choice. She's too annoying."

"The collaboration this time is probably over," Xie Yunzhou said.

"Yeah, haha," Shi Xi said. "They don't look like good people. If they don't want to cooperate, then forget it."

When the assistant sitting in front heard the conversation between the two people behind him, he thought to himself that Shi Xi had really made it sound too easy.

It would be great if cooperation was that simple.

Shi Xi, on the other hand, felt that working with someone like Angev would definitely not end well.

He looked gentle, but he was actually sinister.

Shi Xi suddenly recalled that Xie Yunzhou was also a big shot villain.

"If you really want to work together," she coughed and said, "I can buy a gift of the same price for Angev."

She had to pay for the gift anyway.

"I'm here to work with them for your sake," Xie Yunzhou said.

"Now that I've met you, cooperation or whatever doesn't matter anymore."

Xie Yunzhou was so direct that Shi Xi felt a little embarrassed.

"Really? You're not consoling me, are you?" Shi Xi asked.

"I never intended to work with them."

The assistant in the front row widened his eyes in disbelief. He could not believe what Xie Yunzhou had just said!

This cooperation had clearly been discussed since last year!

The other party finally relented!

Now, it actually collapsed just like that?

Chapter 510 He Shouldn't Have Found a Boss Who Was Crazy About Love

Things were always changing.

Indeed, he should not have found a boss who was crazy about love.

The assistant had already made up his mind. After Xie Yunzhou went bankrupt, he would look for a job again. He would not look for a boss who was crazy about love.

Thinking back to the time when he had just joined the company, President Xie was cold and ruthless. He worked overtime like crazy and didn't get close to women.

Now, President Xie got off work on time and paid attention to Shi Xi's news all day.

At this thought, the assistant thought of Shi Xi.

Perhaps, he could even be Shi Xi's assistant.

He felt that Shi Xi's ambition was much greater than Xie Yunzhou's.

It seemed that he could ask Zhu Lin about her salary next time.

After he resigned from Xie Yunzhou's side, he could go straight to Shi Xi's company to find a job.

Maybe the environment there was better!

Judging from Shi Xi's innocent and kind appearance, she shouldn't have come into contact with things like murder and shooting.

At least he didn't have to live in fear.

Being by Xie Yunzhou's side every day, the assistant felt that he might lose a few years of his life.

Acting too much would annoy the assistant.

...

After the two of them had dinner together, Shi Xi finally realized that Xie Yunzhou was staying in the same hotel as her.

If she stayed in the hotel that the Festival Group had arranged for her, the two of them would stay in the same hotel.

However, she was staying at Shi Chen's house.

In this way, the two of them had missed each other.

When he arrived at the hotel with Shi Xi, Xie Yunzhou said, "We might as well not apologize to the director. We'll just go back to China."

"Huh?" Shi Xi asked. Why?"

"I want to go back to China with you," Xie Yunzhou said.

Shi Xi's face was slightly red.

"I can't stay here for long," Xie Yunzhou sighed.

"You don't have to worry about me. You can go back first," Shi Xi said.

"But, I want to be with you," Xie Yunzhou said, looking at the girl.

The assistant sitting in the front row felt that his idea just now was not wrong.

In the future, he definitely couldn't be with a boss who was crazy about love!

He had to work for a career-oriented boss like Shi Xi!

Shi Xi had to give the director a gift, so she entered the hotel with Xie Yunzhou.

The two of them were going to different levels.

Xie Yunzhou stayed on the 19th floor, while the director stayed on the 16th floor.

Shi Xi took the gift and went to find the director.

"I'll go with you," Xie Yunzhou said.

Xie Yunzhou's original intention was to prevent Shi Xi from being bullied.

"I'm going to give them a gift, not for anything else." Shi Xi smiled.

Seeing that Shi Xi had rejected him, Xie Yunzhou passed her his room card and said, "If you can't get a taxi, you can come to me and we can rest together."

Shi Xi only wanted to throw the room card at him.

When Han Chuan asked Shi Xi to give him a gift, he gave her the director's room number.

Following the room number, Shi Xi found the director's room.

Shi Xi knocked on the door.

Not long after, the door of the room was opened.

But it was not the director who opened the door.

She was a beautiful woman.

When she saw Shi Xi, the woman leaned against the door frame and looked at her warily. "There's already someone here tonight. You can go."

The corners of Shi Xi's mouth twitched.

If it wasn't for the fact that it wasn't easy to give a gift during the day, she really wanted to give the director a gift during the day.

Who would want to see the director at night?

"I have something else to discuss with the director," Shi Xi said. "Help me call him."

The woman obviously didn't believe her.

Seeing how beautiful Shi Xi was, the woman felt insecure.

She was afraid that Shi Xi was here to play by the unspoken rules.

Hence, the woman said, "The director is already asleep. You wouldn't be so shameless as to disturb him, would you?"

"Even if you want to snatch someone, you can't do this!"
