

The Fake 521

Chapter 521 A Big Bouquet of Roses

“Open the door, we have a special mission!” Shi Xi knocked on the door.

The room instantly fell silent.

After a while, the door was opened.

“Hello, Teacher Shi Xi.”

!!

“Good evening, Teacher Shi Xi.”

“...”

The trainee on the screen was extremely gentle in front of the camera as she greeted Shi Xi with a smile.

Even Felomina was smiling at her.

Shi Xi looked around.

There were six or seven girls in the dormitory.

“You all live here?” Shi Xi asked.

“No, someone left, and Julia is moving in,” Felomina said.

Shi Xi knew that Julia was also a member of Felomina’s group.

And the one being bullied was naturally the Cherry Blossom Girl.

The Cherry Blossom Girl’s eyes were red, and it was obvious that she was the one who had been bullied.

“What’s wrong with Mizunashi?” Shi Xi asked.

The Cherry Blossom Girl didn’t dare to tell the truth. She wiped her tears and said, “I just couldn’t help but feel sad when I thought of my friends who left.”

This time, three female trainees from Cherry Blossom country had been eliminated, leaving only two girls.

“Alright.” Shi Xi looked around and said, “Then you can go and live with Haruka. You can have a companion.”

The Cherry Blossom Girl raised her eyes. “Really?”

She had always been bullied in this dormitory. If she could move out, she would be more than happy.

Shi Xi’s eyes curved. “Of course you can. There are only two people in Haruka’s dormitory. You can go and live with her.”

The Cherry Blossom Girl’s heart was instantly filled with gratitude.

If she could avoid sharing a dormitory with Felomina, that would be the best.

At least she could sleep well at night.

The Cherry Blossom Girl was afraid that she wouldn't be able to leave if she dragged it along, so she immediately started packing.

Seeing that her slave was about to move away, Felomina stopped her and said, "It's not good to change dormitories without permission, right?"

Shi Xi smiled and said, "Isn't Julia moving in? Isn't it a little crowded for the five of you?"

Unable to win against Shi Xi, Felomina could only glare at the Cherry Blossom Girl.

The Cherry Blossom Girl thought that if she ran away, she might be beaten, but if she stayed, she would definitely be beaten, so she left resolutely.

The Cherry Blossom Girl had very few things, and Haruka came over to help. They took everything in two trips.

After helping the Cherry Blossom Girl move out, Shi Xi went to the next dormitory.

A few people had left Mu Zhao's dormitory, but Shi Xi couldn't tell if Mu Zhao had been bullied. When she asked if she was willing to move to another dormitory, Mu Zhao politely refused.

Then she was probably fine.

After the surprise attack on the dormitories, Shi Xi was so tired that she didn't want to talk.

After exiting the recording studio, Shi Xi opened the car door to see a huge bouquet of roses.

Shi Xi was so surprised that she couldn't speak. Her eyes were filled with the beauty of the roses.

Which woman didn't like flowers?

"Want to go for some supper?" Xie Yunzhou asked from the car.

"What are you doing here?" Shi Xi asked while hugging the flowers.

"Your driver said that it was too eye-catching for me to stand outside with flowers in my arms, so he let me in. Get in the car first," Xie Yunzhou said with a smile.

Shi Xi got into the car. "You didn't drive here?"

"I asked my assistant to drive the car back. I'm afraid that there will be more rumors about you driving a luxury car," Xie Yunzhou said.

Shi Xi's eyes darted around. "That's not something I can decide."

The netizens had their hands and mouths. They liked to be sour, so what could Shi Xi do?

Was she supposed to reply to the haters, "If you like money, then earn it yourself. Stop slandering people here"?

If she replied like that, she would be satisfied, but the netizens would only say that she had abused commoners online.

What 'anti-haters,' 'true character,' 'manly woman,' these kinds of praise-type characters would not be placed on her!

The netizens would only remember that she was a female celebrity, yet she was so calculative with an amateur.

Hence, Shi Xi could only use an alternate account to retaliate.

Chapter 522 Don't Cry, It Doesn't Hurt

Hugging the fresh flowers, Shi Xi happily took a photo.

She just liked tacky things like flowers and diamonds!

"What do you want for supper?" Xie Yunzhou asked.

"I'm fine with anything," Shi Xi said as she took a photo.

Xie Yunzhou was rendered speechless when he saw Shi Xi retouch the photos after taking them.

He didn't understand girls.

It was getting late, so Xie Yunzhou brought Shi Xi to a nearby restaurant.

Shi Xi picked a seat by the window and ordered.

"Are you recording tomorrow?" Xie Yunzhou asked.

"No, I'll practice my swordsmanship at home. I signed up for the sword arts competition," Shi Xi added.

Xie Yunzhou was speechless.

"I'll invite you to watch the competition later." Shi Xi's eyes curved.

"Why are you suddenly participating in the sword arts competition?" Xie Yunzhou asked.

Shi Xi replied casually, "For physical fitness and as a hobby. There's also a bonus of 200,000 US dollars."

The last reason was the most important one.

"Do you still have time to practice shooting?" Xie Yunzhou asked.

Shi Xi was about to say no when she heard a gunshot.

Before she could react, the other people in the dining room were already shrieking and hiding under the table.

When Xie Yunzhou saw that Shi Xi wasn't moving, he strode over and pushed her down into her seat.

Then, another gunshot was heard!

The glass by the window exploded, and the broken pieces fell.

The screams in the restaurant grew louder.

The shattered glass scattered in all directions, and Shi Xi felt a scratch on her cheek.

Xie Yunzhou reached out to protect the girl's head and whispered in her ear, "Don't move."

"Are you alright?" Shi Xi asked.

However, the only response she got was a series of gunshots.

And screams.

It took a while before the gunshots stopped.

The restaurant owner risked his life to go outside and check. "It's fine now. Someone just robbed a bank and has been subdued."

Only then did everyone in the dining room stand up carefully from under the table.

Shi Xi nudged Xie Yunzhou and said, "It's fine now."

"Yes."

Xie Yunzhou propped himself up and slowly got up.

Shi Xi watched as dark red blood splattered on the floor, then turned to look at Xie Yunzhou's back.

There was a large piece of glass stuck in his back!

"Call the ambulance! Someone's injured!"

Shi Xi looked over and realized that the person was talking about another person.

The man lying on the ground, who was originally hiding under the table, had his neck pierced by the broken glass shards, and blood was flowing out.

The ambulance arrived in no time and Shi Xi followed Xie Yunzhou into the ambulance. As she watched the doctor cut Xie Yunzhou's clothes into pieces and clean up the debris, tears welled up in her eyes.

"Don't cry," Xie Yunzhou consoled Shi Xi. "It doesn't hurt."

"Who cares if it hurts?" Shi Xi asked. "I was so scared that I cried."

Xie Yunzhou chuckled and reached out to wipe Shi Xi's tears.

Shi Xi held his hand and said, "Don't move!"

It was indeed very blissful to be held by a girl.

However, the pain in his back quickly stopped him from smiling.

Even his consciousness gradually sank.

"Is the injury serious?" Shi Xi asked the doctor. "How deep is this glass shard?"

"I'm not sure yet," the doctor said sternly, "we'll have to wait until the hospital to remove the glass."

“If it’s inserted too deeply, it might harm his life.”

Shi Xi continued to cry and hurriedly took out her phone. “I-I’ll get Ning Yu to come over.”

Ning Yu was a miracle doctor. With her around, Xie Yunzhou would definitely not die.

Xie Yunzhou was already unconscious. He wanted to hold the girl’s hand and tell her that he was fine.

But he already couldn’t speak.

...

Ning Yu was a little surprised to receive Shi Xi’s call.

How did Shi Xi know that she had medical skills?

After listening to Shi Xi’s description, Ning Yu said nonchalantly, “I’ll go over now.”

“If he’s still alive when I get there, he won’t die.

Chapter 523 The Predestined Fate

When they arrived at the hospital, Xie Yunzhou was pushed into the emergency room.

When Shi Chen rushed to the hospital, he saw his precious sister sitting on a chair at the entrance of the emergency room, crying silently.

The girl was wearing thin clothes, and there was a bloodstain on her face, making her already pale face look even more bloodless.

“Don’t cry, he’ll be fine. Should I ask the nurse to apply some medicine for you?” Shi Chen said, his heart aching.

!!

“I’m fine. It doesn’t hurt anymore,” Shi Xi said.

Shi Chen sighed.

His precious sister was an artiste, and she did not even care about her face.

“Be good. Wipe your face first. Don’t let him worry after the surgery. I’ll get the nurse to come over, alright?” Shi Chen coaxed her gently.

Shi Xi glanced at her brother and nodded.

The nurse applied medicine to the marks on Shi Xi’s face and said, “Don’t let your wound come into contact with water for the next two days.”

“Will there be a scar on her face?” Shi Chen asked.

“The wound isn’t deep. It won’t leave a scar,” the nurse said.

Shi Chen heaved a sigh of relief.

If his precious sister was disfigured here, he would blame himself to death.

Shi Xi blamed herself. "It's all my fault. If I'd reacted a little faster, I would've hidden under the table and slipped away when I heard the gunshot."

"It's not your fault. I didn't have this awareness when I first came." Shi Chen consoled her. "This is his destiny. Even without you, he would still have encountered other dangers."

Shi Xi looked at him.

Shi Chen knew that theology was not very useful, so he rubbed his nose and said drily, "He'll definitely be fine."

Shi Xi took a deep breath.

She could only pray for Xie Yunzhou's safety.

He was the villain boss!

He would definitely be fine!

In the past, Shi Xi had hoped that the plot would deviate from its original path, but now, she really hoped that the plot would continue to follow its original path.

Just let Xie Yunzhou be safe, even if she was thrown into the river to feed the fish in the end.

When Shi Xi recalled the system that she had neglected for so long, she cried out in her heart, 'System! System? Will Xie Yunzhou be in danger?'

After calling out for a while, the system finally replied, [The current plot has already deviated from the original plot. I'm not sure.]

Shi Xi was speechless.

Useless system!

As expected of you!

[However,] the system said, [Even if the plot is off, the general direction will not be off. Xie Yunzhou is the biggest villain in the book, so he should not die.]

'Probably?'

The system replied, [Don't pick on the words with me. From the moment you entered the book, the plot was already out of control.]

'Then can you tell me how Xie Yunzhou's injuries are? Is it serious?'

The system paused and said, [It's quite serious. The piece of glass has damaged his internal organs, and he's struggling on the edge of life and death.]

That was why the system had used the word 'possibly'.

Shi Xi bit her lip as her tears continued to fall.

Shi Chen's heart hurt at the sight of his precious little sister crying. All he could think of was to drag the one in the emergency room out and give him a good beating.

Why would he be injured?

"Don't cry, don't cry. He definitely won't die." Shi Chen wiped away his precious sister's tears and said, "If he's dead, I'll buy him the best grave,"

Shi Xi laughed in exasperation. "He's already dead. What's the point of living in a good grave?"

"Good fengshui," Shi Chen said. "It'll be better for him to reincarnate."

"It's still better to be alive!" Shi Xi wasn't consoled at all.

"Drink some water before you cry." Shi Chen's heart ached even more when he heard that his precious sister's voice had gone hoarse.

There hadn't been a single armed robbery in the past few months, but his baby sister had to encounter one.

Shi Xi drank some water and continued to wait outside.

Chapter 524 Prepare For the Worst

At this moment, she wished that she was the female lead, Ning Yu, who had the best medical skills.

Ning Yu, come quickly...

Shi Xi prayed in her heart.

Just then, the doctor from the emergency room walked out.

!!

Shi Xi hurriedly stood up and asked, "How is it?"

"It's not looking good," the doctor said sternly.

Shi Xi's body swayed.

"Is his life in danger?" Shi Chen asked calmly, holding Shi Xi.

The doctor said, "The patient is bleeding profusely. I can only say that I'll try my best to save him. You guys should prepare for the worst."

"Sorry to trouble you," Shi Chen said. "The person inside is very important to us. No matter how much money we have to spend, we have to keep him alive."

The doctor returned to the emergency room and continued to participate in the rescue.

As the cold wind blew, Shi Chen looked at his precious sister who was still waiting for him. He could not bring himself to persuade her to return.

He would wait together with her.

Shi Chen had contacted the best surgeon to come over and help with the operation.

In the middle of the night, the lights in the emergency room were still on.

When Shi Xi saw the doctors and nurses going in and out, she didn't dare to go up and ask.

Not long after, Ning Yu appeared.

"Sister!" Shi Xi's eyes lit up. "You've finally arrived!"

Ning Yu thought to herself, she was on a mission in M Country. That was why she came so quickly.

If she really flew from China, it would take at least ten hours.

"What's the situation inside?" Ning Yu asked.

"Not too good. The doctor said that his internal organs were injured..." Tears were about to fall as she said that.

Ning Yu wasn't very good at comforting people, so when she saw Shi Xi crying, she pretended not to see it. "I'll go in and take a look."

Shi Chen stopped Ning Yu. "There's an operation going on inside. What can you do inside?"

"I've studied medicine before. I can be of some help," Ning Yu replied indifferently.

"I remember that you're studying finance, not medicine," Shi Chen said with a probing look in his eyes.

Ning Yu raised her eyes slightly. "Let Shi Xi explain it to you."

With that said, Ning Yu's figure flashed past Shi Chen and entered the emergency room.

Shi Chen had thought that Ning Yu would be chased out, but even after staring at the emergency room door for a long time, Ning Yu still did not come out.

Shi Chen looked at Shi Xi and asked, "Ning Yu knows medicine? You know?"

"Father Ning runs a medical center. It's normal for Sister to have medical skills. She's very skilled in medicine. Don't tell anyone about this," Shi Xi said after some thought.

Shi Chen was speechless.

He didn't even know that his sister had strange skills.

However, she had already gone in, so Shi Chen could only choose to believe her.

The doctor inside could tell better than him whether Ning Yu had any medical skills.

Shi Xi was also staring at the operating room.

Ning Yu had said before that as long as a person was still breathing, she would be able to save them.

She was so popular as the female lead. She could definitely save Xie Yunzhou, right?

No matter what, with Ning Yu around, Shi Xi felt much more at ease.

Shi Chen was a little puzzled when he saw that his precious sister had suddenly relaxed.

Ning Yu was that powerful?

How could she make his baby sister trust her so much?

The doctor he had just contacted was the best surgeon in the city!

Even so, his baby sister did not stop crying.

What Shi Chen did not know was that the best surgeon in the city that he had hired was currently assisting Ning Yu.

Ning Yu had already changed into her surgical gown and put on sterile gloves, standing at the position of the chief surgeon.

The young girl's voice was cold, but her tone was steady and convincing.

But only Ning Yu knew that she was not that calm.

The glass shard had pierced too deep. Even she could not guarantee that Xie Yunzhou would be able to get out of the operating table safely.

Chapter 525 Don't Cry, Even If It's For Him

Time passed by and Shi Xi sat outside the door until dawn.

Looking at his baby sister's pale face, Shi Chen said, "Go and rest for a while. I'll call you when the surgery is over."

Shi Xi shook her head. "I'm not sleepy."

'But I'm sleepy!'

!!

Shi Chen got his assistant to bring him coffee and took a day off, not going to the office today.

"If you're busy, you can go to the company. I'll be fine here alone." Shi Xi's voice was low and hoarse.

"It's okay if I don't go to the office for a day. I'll be here with you." Shi Chen was not concerned about Xie Yunzhou, but his heart ached for his precious little sister.

He hoped that Xie Yunzhou would get off the operating table safely soon, so that his precious sister would not have to sit here anymore.

More bags of blood were sent in.

Shi Xi seemed to be able to sense the tension in the air.

She could only grip the cup in her hand tightly.

She was willing to use all the good fortune she had accumulated to pray for Xie Yunzhou.

If Xie Yunzhou could wake up safely, she would definitely do more good deeds in the future.

*

In the operating room.

The electrocardiogram became weaker and weaker, and the blood that was injected into it flowed out in an instant.

“Go get more blood.”

“Get ready to electrocute him.”

“But the patient...”

“Get ready to electrocute him.” Ning Yu repeated her words in an unquestionable tone. She was calmly dealing with the sudden situation, and her hands did not stop moving.

“Alright,” he said. The doctor at the side looked at Ning Yu’s actions and became more and more impressed, and more confident.

They would definitely be able to save the patient!

Holding the electric defibrillator, Ning Yu’s eyes darkened.

‘Xie Yunzhou, Shi Xi is still waiting for you.’

‘You can’t die.’

...

In his daze, Xie Yunzhou felt as if he had walked onto an empty road.

He didn’t know where he came from, and he didn’t know where he was going.

A voice reminded him, “Walk forward.”

However, when he looked around, there was no one.

His subconscious was telling him not to move forward.

He had to go back.

There were still very important people waiting for him!

The girl’s eyes were hazy with tears. Her tears were like a broken string of pearls, and they kept falling.

“Don’t cry, it doesn’t hurt.”

Xie Yunzhou wanted to reach out and wipe the girl’s tears.

He didn’t want to see the girl cry.

Don’t cry.

Even if she was crying for him.

His strong willpower burst out with the strongest desire to survive.

“...”

“The patient’s heartbeat has stabilized!”

“Let’s continue with the surgery.” Ning Yu looked at the ECG and heaved a sigh of relief.

The most dangerous part was over.

Finally...

The surgery went smoothly.

After pushing the patient out of the operating room, Shi Xi immediately stood up and walked over.

She had been sitting for too long and was dizzy when she suddenly got up. It was only with Shi Chen’s help that she managed to steady herself.

“How was the surgery?” Shi Chen asked on her behalf.

“It’s very successful. We’ll just have to observe him for two more days when he wakes up.” Ning Yu was still as calm as ever.

Upon hearing Ning Yu’s words, Shi Xi heaved a sigh of relief and went forward to hug her. “Thank you!”

Ning Yu was unable to dodge and was hugged tightly by Shi Xi.

Women were so troublesome.

Ning Yu wanted to push Shi Xi away, but after such a long surgery, she no longer had any strength left.

“Can you let me go to dinner now? You’ve already hugged me for 10 seconds,” Ning Yu said.

Shi Xi let go of her and her eyes curved into crescents. “I’m sorry. I’m just too happy. Thank you so much!”

“No need to thank me. I’ll collect the surgery fees as usual,” Ning Yu said indifferently.

“I’ll take you guys out for dinner,” Shi Chen suggested.

“Sure.” Ning Yu had been standing there for a long time, and all she wanted to do now was to eat something and sleep.

“You guys go ahead. I’ll wait for Xie Yunzhou to wake up,” Shi Xi said.

Chapter 526 The Personalities of the Two Younger Sisters Are Really Different From Each Other

“Up to you. I’m going to get something to eat,” Ning Yu said.

Shi Chen looked at his precious sister and said, “I’ll bring you some food.”

Although he really wanted to accompany his baby sister, he wanted to have a full meal more.

Only then would he have the strength to come back and continue to endure with his baby sister.

!!

Xie Yunzhou had already left the critical stage and was sent to the VIP ward.

Shi Xi sat beside him and looked at Xie Yunzhou, who was lying on the bed.

Uh...

This position was a little funny.

Shi Xi wanted to laugh, but she held it in.

He was finally out of danger.

Perhaps she was too relaxed, but Shi Xi felt a little sleepy.

She gently pulled Xie Yunzhou's fingers and leaned against the bed, wanting to rest for a while.

She squinted a little.

...

In a restaurant near the hospital.

"Claire said that you're the best surgeon he's ever met," Shi Chen said after ordering his meal.

Claire was the surgeon that Shi Chen had hired.

Ning Yu replied, "En."

Shi Chen was speechless.

Aren't you going to be humble?

Shi Chen did not know how to continue.

"When did you come to M Country? Why didn't you come and find me?" Shi Chen decided to change the topic.

"I'm just here for a vacation."

"Are you alone?"

"With a friend."

"Is it a male or female?"

"Both," Ning Yu replied.

A group of friends traveling abroad. It sounded like a good idea. Shi Chen had wanted to ask if there was any boyfriend of Ning Yu's, or if there was any guy she liked.

However, looking at the young lady's cold expression, Shi Chen felt that this topic did not seem appropriate.

Should he take the initiative to bring his sister and friends out for a trip?

Awkward.

Fortunately, the food they ordered was served quickly, and the two ate in silence.

After the meal, Shi Chen packed a portion of food for Shi Xi and brought it back to the hospital.

After leaving the restaurant, Ning Yu went to another car.

“Where are you going? Aren’t you going back to the hospital?” Shi Chen asked.

“Why are you going back to the hospital? Xie Yunzhou has already passed the critical stage. The doctor can handle the rest,” Ning Yu said after some thought.

“This...” Shi Chen asked, “Don’t you want to see Xi Xi again? You guys didn’t really talk much.”

“When she’s at home, we can see her every day,” Ning Yu said when she thought of Shi Xi.

Shi Chen was speechless. “...Okay.”

“My friend is still waiting for me. I’m leaving.” Ning Yu turned around and left, looking cool and handsome.

Shi Chen sighed slightly.

The personalities of his two younger sisters were really different.

Ai.

When he returned to the hospital, Shi Chen entered the ward and saw Shi Xi sleeping on the edge of the bed.

He walked over lightly.

Xie Yunzhou was still asleep.

It was really troublesome.

Shi Chen put the lunchbox down and carefully carried his precious little sister to the sofa. He then found a blanket and laid it over her.

It was enough that Xie Yunzhou was sick.

His baby sister couldn’t fall sick.

After he was done, Shi Chen’s phone vibrated.

It was a call from the company. There was an emergency at the company.

Shi Chen instructed the nurse to pay more attention to the situation in the ward before he returned to the company to deal with it as soon as possible.

..

When Shi Xi woke up and saw the blanket on her, she sat up in a daze.

She fell asleep?

When she saw the lunchbox on the table, Shi Xi could guess that Shi Chen had placed her on the sofa when he saw her sleeping by the bed.

Shi Xi turned to look at the bed to see if Xie Yunzhou was awake.

In the end, she only saw an empty bed.

Shi Xi was instantly stunned. She went out to look for the nurse and asked where the patient in the room had gone.

“He’s already gone through the procedures to leave the hospital.”

“Leave the hospital? Why does he want to leave? He was still unconscious after the surgery,” Shi Xi pressed.

Chapter 527 Asking For News About Shi Xi

“I’m sorry, but I’m not sure about that,” the nurse said.

“Who picked him up?” Shi Xi asked.

“A tall, thin man with glasses. He should be his assistant.” Seeing how worried Shi Xi was, the nurse added, “The patient had already woken up before he was discharged. He requested to be discharged.”

Shi Xi was stunned. “Did he ask to be discharged?”

!!

The nurse nodded. “The doctor asked him to stay for a few more days for observation. However, the other party’s private doctor came and took him away.”

Shi Xi couldn’t hear what the nurse said after that.

Xie Yunzhou woke up.

He wanted to leave?

Why?

Why didn’t he tell her?

Was she sleeping so soundly?

She didn’t hear anything?

Shi Xi turned on her phone, wanting to ask where Xie Yunzhou had gone.

When she called, the other party had already turned off his phone.

She couldn’t get through to Xie Yunzhou’s assistant’s phone either.

Shi Xi went to check her WeChat.

He didn't leave her any messages either.

novelusb.com

He left just like that.

She felt even more wronged.

She had been worried for so long, but when Xie Yunzhou woke up, he had left without a word?

At least leave a message!

"There's a microwave in the office. Do you want me to heat up your food?" the nurse said.

Shi Xi wasn't in the mood to eat anything. She said softly, "No, thank you."

She looked at her phone and saw that Shi Chen had sent her a message saying that he had something to attend to and had returned to the company. He even said that Ning Yu had already left.

Everyone had left.

Just as she was thinking about it, her phone vibrated.

It was a call from Zhu Lin.

"Xi Xi," Zhu Lin asked carefully, "there's a recording in the afternoon. Do you want to go? Or are you taking leave?"

Initially, Shi Xi was not in the mood to record, but she had also thought of taking leave to accompany Xie Yunzhou.

But now...

"Come pick me up at the hospital," Shi Xi said.

"Is Mr. Xie all right?" Zhu Lin asked, relieved.

"He's fine."

He had already left the hospital. What could have happened?

Shi Xi took a deep breath and told herself not to be angry.

Perhaps he felt that the equipment in this hospital was not good enough, so he wanted to change hospitals?

But why didn't he answer the phone or leave a message?

When Zhu Lin came to pick Shi Xi up, she saw that the girl's face was pale and she was in a bad state.

"Xi Xi, do you want to rest a little more? It's fine even if you skip one day of filming," Zhu Lin said with concern.

"No need, go and record. I still have to go back and practice my swordsmanship after I'm done," Shi Xi said.

Zhu Lin was speechless.

Zhu Lin didn't know that Shi Xi was going to participate in the swordsmanship competition and thought that she had just found a new hobby.

"Aren't you going to visit Mr. Xie after the recording?" Zhu Lin asked.

"You're so concerned about him? He pays you your salary?" Shi Xi was unhappy.

Zhu Lin sensed that something was wrong with Shi Xi's mood and did not dare to ask further.

Of course, the one paying her salary was Kuai Xue.

However, Xie Yunzhou's assistant would often buy her things, bribe her, and ask her about Shi Xi.

Zhu Lin naturally hoped that Xie Yunzhou would be safe and sound.

Perhaps Shi Xi was too worried about Xie Yunzhou.

Zhu Lin was worried about Shi Xi's condition.

However, after Shi Xi returned to the villa, she took a shower and put on exquisite makeup. Immediately, she returned to being a good-looking teacher.

However, it was not as sweet as usual.

When she arrived at the Festival Group, Shi Xi took a deep breath and forced herself to smile.

The trainees had to prepare for the second public performance this time.

After a round of elimination, there were a lot fewer trainees. However, there were only three or four people in each group, and they were divided into many small groups.

Shi Xi was engrossed in teaching them group by group, not thinking about Xie Yunzhou.

Although she had makeup on, the trainees could still see her fatigue.

Everyone rehearsed seriously and didn't let Shi Xi worry too much.

Chapter 528 A Stone Sinking Into the Ocean

After watching Li Jinfan's group's practice, Shi Xi nodded. "You're good. Be more confident when you sing. Your voices are good. Believe in yourself."

"Sister Xi, why don't you go and rest?" Li Jinfan asked.

Shi Xi leaned against the wall. "It's fine. When I'm done with the last few groups, I'll go back and rest after we're done."

Li Jinfan could not persuade her, so he went to pour a glass of hot water for Shi Xi.

When he went out to get some hot water, Li Jinfan heard a few girls gossiping.

"That b*tch looks very tired today. Her eyes are bloodshot."

“She must have been toyed with by some man last night. That’s why she’s so exhausted today. Her face is even scratched!”

“Maybe she was f*cked by a few men, so she didn’t have the energy to come to class today.”

The female trainees laughed together.

The direction was so obvious that even Li Jinfan found it unbelievable.

How could they say such things?

“That’s enough, you guys. Is there any meaning in talking behind people’s backs?” Li Jinfan interrupted.

Felomina and her friends were gathered together and talking bad about Shi Xi when they were interrupted.

The few of them looked over unhappily.

“It’s that shameless bootlicker! What?” a female trainee asked disdainfully. “Your heart aches? It’s no use feeling heartache, your goddess might have been in someone else’s bed last night.”

...

In the practice room, the next group was rehearsing when they heard a commotion outside.

All the trainees looked outside.

“Focus,” Shi Xi said with a slight frown.

However, the commotion outside did not stop.

“Bai Cangyang, go and see what’s happening outside,” Shi Xi said.

She didn’t have the strength to get up.

Bai Cangyang acknowledged and went out to take a look.

He realized that Li Jinfan was confronting Felomina, and both of them were looking at each other with impatience.

The trash can beside him had been flattened.

Bai Cangyang pressed on Li Jinfan’s shoulder and said, “Don’t cause any trouble here. Teacher Shi Xi asked me to take you back.”

Li Jinfan took a deep breath. “I know.”

Felomina looked at the two people opposite her and smiled contemptuously. “Here comes Bootlicker No. 2.”

Li Jinfan could not help but want to hit her.

Bai Cangyang was much more mature now. He held Li Jinfan tightly and said, "Don't lower yourself to her level."

"But she..." Li Jinfan wanted to repeat what Felomina had just said, but he couldn't say it.

As a man, he could not say such words.

How dare these girls slander Shi Xi!

Bai Cangyang held Li Jinfan tightly and whispered, "Flies can only live in the shadows, while rats and cockroaches can only live in the sewers."

Li Jinfan glared at Felomina fiercely before fetching hot water for Shi Xi and returning to the practice room.

Before entering the practice room, Li Jinfan took a deep breath and smiled brightly again.

After participating in the talent show, Li Jinfan knew that many people were two-faced.

He didn't care what others said about him now.

However, when he heard someone say that about Shi Xi, he felt very uncomfortable.

Shi Xi was clearly the best and most outstanding girl!

...

When Shi Xi saw Bai Cangyang and Li Jinfan return, she did not ask them what had happened outside.

She was too busy with her own matters.

The female trainees were looking at her with disdain, but Shi Xi ignored them.

After the recording, Shi Xi took out her phone to check the message history.

She sent a message to Xie Yunzhou and asked him to call or text back when he saw it.

However, there was no reply.

Han Chuan knew that her face was injured and asked about the injury.

Friends shared their daily lives.

However, Xie Yunzhou did not reply to her message.

The message she sent to Xie Yunzhou was like a stone thrown into the sea.

Chapter 529 Maybe He Was Dying and Didn't Want Her To Worry

Why didn't he reply to her message?

Unwilling to give up, Shi Xi made another call.

His phone was still turned off.

Did Xie Yunzhou block her?

With a heavy heart, Shi Xi got into the car and gave Xie Yunzhou a call with Zhu Lin's phone.

It was still turned off.

"What's going on? Why did he turn off his phone for so long?" Shi Xi frowned.

When Zhu Lin saw that Shi Xi was calling Xie Yunzhou, she suggested softly, "Why don't we go to the hospital to visit Mr. Xie?"

"He's already been discharged. I don't even know where he is now." Shi Xi pursed her lips.

"Ah?"

Shi Xi leaned back in her chair, secretly angry.

Yesterday, he was on the operating table, and it was unknown whether he was alive or dead.

There was no news of him today.

This Xie Yunzhou!

Shi Xi gritted her teeth in anger.

He said that he liked her and wanted to be her first in love.

Was this the attitude that he should have?

Shi Xi pressed on the delete button and hesitated.

Perhaps he was dying and didn't want her to worry?

"Perhaps something happened to Mr. Xie," Zhu Lin said. "He cares so much about you. He definitely wouldn't leave without saying goodbye."

"Contact his assistant and see if you can contact him. If anything happens, let me know immediately." Shi Xi took a deep breath and decided to get to the bottom of this.

"Alright," she said.

*

When she returned to the villa, Shi Chen had not returned yet.

Shi Xi had no choice but to go to the practice room to fence.

She put her phone aside.

She had set a special ringtone for Xie Yunzhou, so that she would be able to hear him immediately if he called her.

In the training room, there was a fighting robot that could perform simple dodging and attacking.

Shi Xi had never thought much of artificial intelligence like this.

But today, she had been waiting to hear news about Xie Yunzhou and had been poked by the robot several times.

She didn't even score a single point in her attack.

Shi Xi threw her sword down and lay on the ground. She couldn't help but let her thoughts run wild again.

She scrolled through her phone and sent another message to Xie Yunzhou.

[I'm very worried about you. Remember to reply after you see the message.]

After waiting for a minute, the other party still did not reply.

'Forget it, I don't care anymore!'

'I'll just treat him as dead!'

Shi Xi took a deep breath and focused on her training.

What bullsh*t love?

Could it be exchanged for money?

This time, she trained all the way until night.

When she was so exhausted that she couldn't even lift her fingers, Shi Xi was lying on the floor.

'It's been a long time since I've had such a good time.'

She looked at the phone not far away.

'He definitely didn't reply. I'm not looking.'

At that moment, the special ringtone that she had set up suddenly rang.

Shi Xi's eyes lit up and she immediately reached for her phone.

Xie Yunzhou replied, [I have some things to take care of in China, so I went back. Don't worry, I'm fine.]

Shi Xi immediately made a call.

After a few seconds, the call was hung up.

Shi Xi: ?

[It's not convenient to answer the phone.]

Shi Xi replied considerately, [Have a good rest, then. Remember to call me when you're free.]

[Okay.]

[Remember to send me a message before you leave next time. I'm worried about you disappearing for so long.]

However, Xie Yunzhou did not reply even after she sent the message.

Or perhaps, he was so sick that he lost his mind.

Shi Xi guessed.

However, knowing that Xie Yunzhou was fine, Shi Xi was relieved.

She sent a message to Zhu Lin, telling her that she did not need to find out anything about Xie Yunzhou.

Zhu Lin looked at the message on her phone and heaved a sigh of relief.

She had not found out.

After heaving a sigh of relief, Zhu Lin started to worry about her artist's love status.

If this continued, would the two of them start dating directly?

Shi Xi's unemployment = she, Zhu Lin, was unemployed!

Chapter 530 Do You Still Want To Make Money?

Knowing that Xie Yunzhou was fine, Shi Xi was instantly revived.

The first thing she felt was hunger.

She hadn't eaten anything all day.

She recorded for half a day and practiced fencing for half a day.

!!

Shi Xi went downstairs and used the ingredients in the refrigerator to make a pot of noodles.

Shi Chen smelled the fragrance the moment he returned to the villa.

"My dear sister cooked? What did you make?" Shi Chen asked with a smile.

"Beef and tomato noodles." Shi Xi brought out a bowl of soup for Shi Chen and said, "Go wash your hands first!"

Seeing how happy his precious sister was, Shi Chen asked, "You're not going to the hospital to visit Xie Yunzhou?"

"He went back," Shi Xi said.

Hearing this, Shi Chen paused in his actions. "He went back right after the surgery?"

"Yes, he said he had something urgent to attend to."

Shi Chen went to wash his hands and could not help but think a lot.

Yesterday, he was struggling on the line between life and death. Today, he was going to go back to work?

It seemed that the position of president was not easy!

"Brother, when will the fencing competition schedule be out?" Shi Xi asked.

"It'll be released next week. What's up?" Shi Chen was sitting opposite Shi Xi. When he saw the big bowl of beef noodles, his fingers flickered.

"I haven't been filming much recently, so I'd like to make a trip back to China." The girl's eyes curved, and when she smiled, it was as if stars were shining in her eyes.

"You're going to see Xie Yunzhou, aren't you?" Shi Chen pointed out.

Shi Xi blinked her eyes. "He saved my life!"

"Alright, alright, you can do whatever you want. He's sick in bed anyway. You can't do anything to him," Shi Chen said slowly.

Shi Xi: "..."

She didn't want to do anything!

Before she went to bed, Shi Xi checked for the nearest flight and was ready to return to China.

This week's recording would be centered around the students, so she had a week's time to return to China.

Shi Xi booked a round-trip ticket and was prepared to return the next day.

After buying the plane tickets, Shi Xi opened her chat with Xie Yunzhou.

'Should I tell him?'

'Give him a surprise!'

Shi Xi sent Xie Yunzhou a goodnight message.

There was no reply.

Maybe he was lying on the bed and couldn't use his phone.

It was so tragic.

Shi Xi sent Tao Yuxuan a message saying that she would be returning to China.

Tao Yuxuan: [Wow! An international female celebrity is returning home in glory!]

[That's right! She's going to be an international superstar in the future.]

Tao Yuxuan: [Why did you suddenly come back? Finished recording?]

Shi Xi thought for a moment and decided not to mention Xie Yunzhou's serious illness. [I don't have much to record recently, so I'll just go back and stay for a few days.]

Actually, if she wanted to, she could take on some interviews in M Country.

However, Shi Xi had rejected them all.

Her fame abroad was limited to her beauty and her stunning first stage performance.

[The Top] was not her personal variety show, so the number of fans she could attract as a mentor was very limited.

Most of them were still passersby fans.

Most of her fans were still in China.

Moreover, the movie would be released in the country in the future.

Tao Yuxuan chatted with Shi Xi for a while and asked her for her flight. She was prepared to pick her up.

Life was wonderful when there were expectations.

...

Shi Xi's thoughts were perfect, but Han Chuan's thoughts were even better than hers.

[You don't have to record this week. Come back for a variety show.]

[...]

[I want to go home and take a look.]

Han Chuan replied, [Fly directly to Yanjing. The variety show will take one day. You can arrange the rest of the time yourself.]

Han Chuan immediately followed up with another message, [Do you still want to make money?]

A beautiful woman couldn't stand a single cent.

Shi Xi had no choice but to agree.

Anyway, there was still a week's time!

Shi Xi was only glad that she had not told Xie Yunzhou in advance.

Otherwise, Xie Yunzhou would have waited in vain.
