

The Fake 541

Chapter 541 Xi Xi, You're Going To Advertise the Goods, Not To Eat Snacks! Work Hard!

With that, Shi Xi stood up and pretended to leave.

"Wait, I agree," the person in charge quickly said.

Today's publicity had been released, and the goods were all prepared.

He had already 'applied for leave' for Sister Qin. If Shi Xi were to leave as well, then he would have wasted a day by saying goodbye!

"Just to be safe, let's sign the new contract." Shi Xi smiled.

There was a printer in the office, and the two of them immediately signed the new contract.

Looking at the new contract, Shi Xi blew on the ink and kept it in her bag.

The person-in-charge thought, 'What are you happy about? You can't earn much anyway?'

The purpose of this live broadcast was to embarrass Shi Xi.

As for the losses?

...

Nan Wan had said that after Shi Xi was done, she would come back two more times to make up for the losses.

The person in charge sat there leisurely, thinking about how he could earn more money by working with Nan Wan in the future.

...

The live broadcast started on time.

The assistant introduced, "Welcome to the live broadcast room and welcome today's guest, Shi Xi~"

novelusb.com

"Hello, everyone!" Shi Xi greeted the camera.

The bullet screen instantly flew up.

[Xi Xi! My dear daughter, you've become more beautiful!]

[Xi Xi, it's been hard on you while you're recording overseas~]

[.....]

Today, Shi Xi was wearing a wide-necked bright yellow dress. A small silver unicorn necklace hung around her collarbone, accentuating her snow-white skin.

...

The girl's makeup was exquisite and her eyes were big and beautiful. No matter what she looked at, her eyes would light up. Her long hair was half tied up, and the rest of her curly hair hung down in front of her chest, pure and clear.

After the small talk, they began to bring the goods.

The assistant said, "The first thing I would like to recommend to everyone is boneless chicken feet. This snack is a must-have for winter. It's a god-like tool for following dramas. It's very delicious..."

The staff pushed the snacks up.

After listening to the assistant's introduction, Shi Xi was already hungry. She asked, "Can I have one?"

The assistant quickly replied, "Of course you can! There are many flavors to choose from. Can Xi Xi eat spicy food?"

Shi Xi nodded. "Sure."

[She can't eat spicy food.] A comment flashed across the screen.

However, it was quickly drowned out by the passionate fans.

"Then you must try the sour and spicy lemon flavor!" the assistant recommended.

Shi Xi opened a bag. "Oh, that's so sweet. They even gave a small fork."

...

The bullet comments said, [Ah, ah, I'm hungry! I want to eat too!]

[Xi Xi, you're going to advertise the goods, not to eat snacks! Work hard!]

The career fans lectured Shi Xi on the spot.

However, Shi Xi was addicted to eating.

The assistant said, "Let's go on the link now. There's a very good discount today. Buy two boxes, get two free boxes. Everyone, click-"

"They've all been sold out," the staff behind the scenes said.

The assistant was speechless.

Staff: "100,000 units. They're all sold out."

The assistant looked at the bullet screen. Many people did not manage to get it.

"Is there any more?" the assistant asked.

"I only have 100,000 yuan worth of goods," the staff said. "Let's move on to the next product."

...

Shi Xi looked at the chicken feet that had been pushed to the side and her eyes followed them.

Hey! I haven't eaten finish yet!

"This sandwiched sweet potato..." As the assistant was making the introductions, Shi Xi's eyes lit up. "I'll open a bag. Xi Xi, you can try it. This matcha-flavored sweet potato is delicious!"

Shi Xi had just eaten spicy food, so it was just nice for her to eat something sweet.

Hence, under Shi Xi's influence, the entire live stream turned into a food stream.

[What a joke. The speed at which Shi Xi eats her snacks can't compare to the speed at which the new stock is served.]

[Hahaha, the streamer beside her is shocked. Is this celebrity here to bring goods or to eat snacks?]

Chapter 542 Shi Xi's First Love

Shi Xi felt aggrieved. The amount of these snacks was really small.

It looked like she had been eating all this time, but in fact, she had not eaten much!

She hadn't had dinner, so wasn't it normal for her to be hungry?

Shi Xi peeled the nuts that had just been served and said, "It's really delicious."

In the livestream room: [I know, I know. Hurry up and post the link. I'll definitely get it this time!]

[I knew it would be delicious when I saw you eating so happily.]

[Xi Xi, stop eating! You have to maintain your figure!]

[Eat more, don't eat snacks.]

[...]

The comments were so fast that Shi Xi couldn't see them.

...

She was peeling walnuts.

She even peeled a few for the assistant.

"You should eat some too," Shi Xi said. "It'll help with your brain. Also, drink some hot water."

He had been talking for half a day.

The assistant looked at the peeled nuts and felt touched. "No one has ever peeled walnuts for me. You're the first."

"I think for the next snack walnuts," Shi Xi said. "There should be a machine to peel walnuts, so you don't have to peel them by hand anymore."

That was really tiring!

Assistant: "..."

The staff silently brought the walnuts up.

The assistant said, "Everyone can buy this walnut and use the machine to peel it. From now on, you can say goodbye to using complicated methods such as squeezing through the door and knocking with a hammer."

Shi Xi nodded. "I saw a post about a guy who bought a bag of walnuts. He packed it in a box and gave it to his lover. He said he peeled it himself."

...

The assistant looked at Shi Xi. "You can even do that?"

"So, friends! Be on guard!"

"The things peeled by a lover's hand might not necessarily be peeled by the other party!"

"It is very likely that it was peeled by a machine."

"Thanks to the technology."

The bullet screen immediately began to explain:

[My boyfriend asked me to peel grapefruit for him. I went to a fruit shop to buy the peeled grapefruit and put it on a plate for him.]

[It can be done like this?]

[Yes, I've learned it. I'm only lacking a boyfriend now. May I know where to get one?]

[Useless knowledge +1]

[...]

...

Half an hour into the live broadcast, the assistant said, "Alright, now it's time for the Happy Lucky Draw! In the comments section, everyone type, 'Xi Xi Zi's World of Snacks'. Let's pick one person to give Shi Xi's autograph."

Shi Xi's eyes curved. "I've already gotten the postcard. I'll give this lucky fan a sign!"

The assistant looked at the screen and said, "We'll start taking screenshots after counting down to three seconds."

"Everyone, get ready. Three, two, one!"

After the assistant took a screenshot, he exclaimed, "Wow!"

"What's the matter?" Shi Xi asked.

Did he get an anti-fan?

It couldn't be that bad, right?

Shi Xi naturally knew how many anti-fans she had.

“The fan that you’ve drawn is already the title of a true fan,” the assistant said.

“Wow-” the staff in the live broadcast room exclaimed.

...

Shi Xi was perplexed.

“There are different titles in the livestream room,” the assistant explained. “If you become a true fan, you’ll have spent more than 150,000 yuan.”

If it was a luxury item, it would naturally be nothing.

But they were selling snacks today!

Who could buy snacks worth 150k?

The assistant showed the screenshot to the camera and said, “This person’s id is ‘Shi Xi’s First Love Candidate’. Remember to contact customer service and get a postcard that’s exclusively for you!”

When Shi Xi heard this ID, the smile in her eyes froze.

The assistant was still looking at the ID and said, “The ID is so long. It seems like he’s a true fan of Xi Xi.”

Shi Xi gave a faint smile and hid all her emotions. She said with a smile, “I’ll sign now.”

It was a common form of address, and it could not have been Xie Yunzhou’s.

How could he watch her live broadcast?

...

He also bought 150k worth of snacks.

He wasn’t sick.

Oh, he really was sick.

Chapter 543 Stay Out of Xi Xi’s Business, Let Her Eat If She Likes It

For the rest of the livestream, Shi Xi maintained her state of mind and continued to deliver goods to everyone.

They had planned to broadcast the products for two hours, but in the end, they were all sold out in an hour.

The person-in-charge at the side was so surprised that he couldn’t close his mouth when he saw the sales volume and flow.

He knew that Shi Xi was popular, but he didn’t expect her commercial value to be so high!

!!

When the assistant saw that the process of listing the goods was completed, he said, “Xi Xi, we’re out of stock today. Shall we have a chat?”

Shi Xi scooped a spoonful of ice cream and said, “Alright.”

Assistant: “You were elected as a fashion show instructor overseas. Did anything interesting happen?”

Interesting things?

Shi Xi recalled and said a few interesting things that made everyone laugh.

“I hope that everyone can vote for their favorite contestants and help them go further!” Shi Xi didn’t forget to ask for votes.

“Did anything else happen when you were abroad?” the assistant asked.

Shi Xi paused.

novelusb.com

The first thing that came to her mind was the scene of Xie Yunzhou protecting her.

Shi Xi smiled. “The most memorable day for me was the first time I went on stage. I saw the trainees from all over the world. I felt that everyone was outstanding.”

Who didn’t know how to say polite words?

...

Xie Yunzhou was watching Shi Xi’s live stream.

She was no different from usual. She was still full of energy, her smile was lively and lovely, and her eyes seemed to be shining like stars.

It seemed like his departure had no effect on Shi Xi.

Without him in her future, Shi Xi would probably have a better life.

Seeing Shi Xi eating ice cream, Xie Yunzhou could not help but send another comment.

Shi Xi’s First Love Candidate: [Don’t eat so many cold things.]

Thanks to the title of ‘true fan’ and the prize he had just won, many people noticed this comment.

The fans immediately disagreed. [Stay out of Xi Xi’s business. Let her eat if she likes it.]

[Xi Xi isn’t fat, so what’s wrong with eating ice cream?]

[Reject fat shaming! Xi Xi, you don’t have to lose weight!]

The fans thought that [Shi Xi’s First Love candidate] despised Shi Xi for being fat, so they expressed their dissatisfaction one after another.

On the other hand, Xie Yunzhou was only concerned about Shi Xi’s health.

He remembered that Shi Xi loved spicy food and ice-cream.

However, he also remembered that Shi Xi's stomach wasn't good. Eating those on an empty stomach was no different from courting death.

Shi Xi was busy finishing her ice-cream and chatting with her assistant, so she didn't see the 'concerned' comments on the bullet screen.

By the time she looked at the bullet screen, it was already filled with [Xi Xi is great], [Xi Xi take care of yourself], and [Xi Xi has lost weight again].

Occasionally, there would be a few comments from haters mixed in.

Shi Xi could only say that she really didn't understand why the haters had to endure their disgust and come to help her gain popularity.

After eating half of the ice-cream, Shi Xi finally felt uncomfortable.

She didn't have dinner that night. She had spicy food and cold food.

However, the livestream wasn't over yet. Shi Xi put down her spoon and continued with the livestream with her assistant.

When Xie Yunzhou saw that Shi Xi was no longer eating and was still smiling, he knew that she was not feeling well.

Shi Xi's First Love Candidate: [If you don't feel well, you can get off the stream early and drink some hot water.]

Fans, [What are you talking about? Xi Xi didn't say she was feeling unwell.]

[Xi Xi doesn't seem to be eating the ice-cream anymore. Is she feeling uncomfortable?]

[Ahhh, the staff who sees the barrage, please take care of Xi Xi and pour her a cup of hot water!]

[Sob, sob, sob, I don't want to, but Xixi has already finished her task for today. Can she get off work earlier?]

Chapter 544 It's Really Tiring To Maintain the Image of a Cold and Domineering President All Day

The staff in the office would constantly watch the live comments. When they saw a large number of fans saying that Shi Xi was not feeling well, someone poured a glass of warm water for her.

Shi Xi thanked him and took the hot water to drink slowly.

The assistant glanced at the bullet screen and asked Shi Xi, "Xi Xi, are you not feeling well?"

"I'm fine. I'll be fine after drinking some hot water. Everyone, please be careful when you eat your snacks!" Shi Xi's eyes curved into crescents as she spoke.

The bullet comments said, [We will! Xi Xi, you're the one who needs to protect yourself!]

[Get off work early, or if there's anything else you want to sell, put it on the shelves quickly.]

[...]

When the assistant saw that the fan had requested for Shi Xi to get off work earlier, he looked at the person-in-charge and said, "Xi Xi isn't feeling well. Boss, should we get off work early?"

The person-in-charge shook his head. "No, we have to fill it up in two hours."

Shi Xi drank half a cup of hot water and read the comments on the bullet screen. She smiled and said, "I'm fine. I don't need to get off work early."

The assistant felt that they could get off work early since everything had been sold out.

However, he wasn't a streamer. He was just an assistant to the streamer and couldn't make decisions. All he could do was speak more and make Shi Xi speak less.

Finally, it was time. The staff said, "Time's up, I'll turn off the live broadcast."

When she heard that the livestream was off, Shi Xi instantly relaxed. The smile on her face disappeared as she leaned against the table for a moment.

She shouldn't have eaten the spicy snacks before eating the ice-cream!

novelusb.com

However, what Shi Xi didn't know was that the livestream hadn't been turned off when the staff said to turn it off.

The fans who hadn't left all saw this scene.

A few seconds later, the livestream room was completely closed.

The fans were heartbroken.

[Xi Xi has been holding on to the livestream all this time, right?]

[My heart hurts. Sob, sob, Xi Xi, take care of your health. Don't eat these spicy and cold things!]

[...]

When the assistant saw Shi Xi lying on the table, he asked, "Miss Shi, do you need me to send you to the hospital?"

Shi Xi shook her head. "I'm fine. I'll just go back and rest for a night."

She stood up and felt even more uncomfortable.

Shi Xi didn't want to take on any work when she returned to the country this time, so she didn't bring Zhu Lin along.

There was no one to help her up.

When the assistant saw Shi Xi's lowered eyes, he asked again, "You really don't need to go to the hospital?"

Before Shi Xi could say anything, a tall man entered the room.

“I’m taking her to the hospital.”

The assistant looked at the man who was dressed in a suit and leather shoes. The watch on his hand was worth a room in Yanjing!

Who was this person?

When Shi Xi saw the man, she said weakly, “I’ll have to trouble you.”

The man supported the girl and realized that she was getting weaker and weaker, so he simply carried her up horizontally.

She was so light.

Shi Xi leaned into his arms and tugged at his clothes. “Thanks...”

“No need to thank me.” Hua Xuanhe looked at the place Shi Xi was holding and frowned in heartache.

These clothes were expensive!

Don’t pull until it’s wrinkled!

However, the girl was already on the verge of losing consciousness, and Hua Xuanhe could only sigh in his heart.

Forget it, a life was at stake.

He carried Shi Xi straight to the hospital and put her on an IV drip. Only then did Shi Xi’s expression ease.

Hua Xuanhe took some time to send a message to Xie Yunzhou. [She’s been sent to the hospital. She’s fine.]

[Thanks, but don’t tell her that I asked you to go.]

Hua Xuanhe wanted to ask why, but he felt that this was not the behavior of a boss, so he suppressed his desire to gossip.

Maybe the couple was quarreling?

Hua Xuanhe thought, ‘It’s really tiring to maintain the cold and domineering image of a boss all day.’

Looking at his crumpled collar, Hua Xuanhe pressed between his eyebrows and told himself that it was fine.

No problem, my foot!

This was the custom-made suit he had just received from Italy!

It was his first day wearing it!

Chapter 545 Aren’t You Happy That I’m Focused On Making Money?

Just as Shi Xi was admitted to the hospital, the topic #Shi Xi Livestreaming While Sick# made it to the top of the search list.

[How's Xi Xi Zi now? Sob, sob, sob, my heart hurts.]

[Did she go to the hospital? Can the studio give us some news?]

[Don't let Xi Xi work while she's sick!!!]

[...]

Very soon, the livestream assistant replied: [Shi Xi has been sent to the hospital by a friend. Fans, don't worry.]

The fans only calmed down when they found out that Shi Xi had gone to the hospital.

The black fans were dissatisfied.

[Shi Xi is working while she's sick. She's really a model worker in the industry.]

[You're so weak. Did your sugar daddy play with you last night?]

[Nan Wan fans, shut up! Are you jealous of our Xi Xi's high sales?]

[The black fans are so concerned about Shi Xi? Is Shi Xi your mother?]

[...]

The war between the fans and the haters never stopped.

...

*

When Shi Xi woke up, it was already midnight.

novelusb.com

She looked around and remembered that she had been taken to the hospital by Hua Xuanhe.

She had to thank him properly.

Shi Xi looked around and saw that she was the only one in the ward.

She saw her phone on the bedside table and picked it up to look at the unread messages.

[Have a good rest. Call me if you need anything.]

[Thank you for sending me to the hospital. I'm fine now.]

Seeing that it was three in the morning, Shi Xi put down her phone and wanted to go back to sleep.

But she had slept long enough.

She couldn't sleep.

Besides, it was easy to overthink things at night. Shi Xi sat up and texted Han Chuan, asking him what she had to do tomorrow.

[Han Chuan: I've arranged a magazine shoot for you. You'll be there at 9 am.]

Sure enough, the only person who was still awake at this time was her beloved manager.

[Any more?!]

Han Chuan was confused. [Why are you so enthusiastic all of a sudden? How's your body?]

[I'm fine! Aren't you happy that I'm focused on making money?]

Of course, Han Chuan was happy.

He was Shi Xi's manager, and the money he earned came from Shi Xi's commissions.

The more jobs Shi Xi took on, the more money he earned, and the higher his salary would be.

[The magazine shoot is tomorrow morning.]

[The afternoon commercial advertisement is a chocolate biscuit, a short-generation of three months.]

Short-generation was a short-term endorsement.

Previously, Shi Xi had rarely taken on any endorsements. Now, for the sake of money, she had finally lowered her head.

Han Chuan released a few more announcements, some of which were business endorsements.

Shi Xi: "..."

She was only been back for a week. Why did she have so many jobs?

[I'll take care of your account after you go to M Country,] Han Chuan added.

Every artist's advertisement was released by the studio, so Han Chuan naturally had Shi Xi's Weibo account password.

[Okay.]

With so many jobs, Shi Xi knew that she would be very busy, so she got tired in advance and fell asleep.

Shi Xi only woke up at seven.

Zhu Lin didn't return. Han Chuan flew directly to Yanjing overnight and took her personally.

"Will it be too much trouble for you?" Shi Xi asked while they were in the car.

"I'm free these days anyway," Han Chuan replied.

"How's Lou Ruicong's hand?" Shi Xi asked with concern. "Is he fine?"

"I don't know." Han Chuan had already given Lou Ruicong free rein.

Shi Xi suddenly thought of something and asked, "By the way, is the male lead still available for casting?"

Han Chuan nodded. "Why? Do you have a candidate in mind?"

...

"Pei Jie? He's not bad looking and willing to work hard. I wonder how his acting skills are," Shi Xi recommended. "We can give him an interview."

Han Chuan chuckled.

Chapter 546 Yunzhou Is Sick, Didn't You Go Visit?

"What are you laughing at?" Shi Xi asked, puzzled.

Han Chuan didn't beat around the bush. "What role are you going to give him?"

"No, I just saw that he didn't have any work to do, so I gave him a chance."

"Oh," Han Chuan replied, "No selfish motives?"

"Uh..." Shi Xi replied honestly, "I hope the male lead of the movie can be a little more serious."

Han Chuan was speechless.

"It'd be best if he could be more handsome."

Han Chuan was speechless. He took out his phone and sent a few messages, saying, "I've already gotten someone to send Pei Jie an interview notice. He'll have to depend on his own luck after this."

"There are so many roles in the movie, he can try other roles too," Shi Xi replied.

Pei Jie was really quite handsome.

Seriously speaking, Shi Xi and Pei Jie had known each other for a long time.

She felt a little emotional.

When they arrived at the studio, Shi Xi closed her eyes and let the makeup artist do whatever she wanted.

"You're really professional to work while you're sick."

When she heard the familiar mocking voice, Shi Xi opened her eyes and saw Nan Wan in the makeup mirror.

Shi Xi closed her eyes again.

So annoying.

Why did she bump into her everywhere?

Shi Xi pretended not to see Nan Wan and let the makeup artist continue to do her makeup.

Nan Wan sat on the chair beside Shi Xi and said, "Sister makeup artist, isn't it time to put on my makeup?"

The makeup artist looked at Shi Xi and then at Nan Wan. "Miss Nan, I'll do it for you after I'm done with Miss Shi."

Nan Wan snorted. "She has hands and legs. Can't she change herself?"

Shi Xi immediately retorted, "You have hands and legs. Can't you transform yourself?"

A professional makeup artist would naturally have a different level of skill from them.

Otherwise, it wouldn't have given rise to the makeup artist profession.

If anyone could casually do makeup for artistes, then makeup artists would not even exist.

"I'm going to shoot a photo for the I Memorial Magazine. It's much more important than the cover of some lousy magazine you're shooting," Nan Wan said calmly.

"...You're really following me. You even know what I'm going to shoot."

The makeup artist didn't want to get involved in the argument, so she quickly found another makeup artist to calm the argument.

Nan Wan snorted.

She knew that Shi Xi wanted to shoot for the monthly magazine, so she had used her connections to shoot for the I Memorial Magazine.

Previously, when Shi Xi had gone overseas, Nan Wan had livestreamed with the goods and it had been very effective.

However, Shi Xi had returned to China and started streaming!

And be it sales or after sales, they were higher than Nan Yan.

Nan Wan was naturally uncomfortable, so she wanted to suppress Shi Xi.

Therefore, when she found out that Shi Xi was going to shoot a photo for OI Fashion, Nan Yan had already hired someone to secure the cover of the commemorative magazine.

Nan Wan had a lot of connections in the Yanjing circle. After a few turns, she was directly parachuted in.

The I Memorial Magazine shoot wasn't scheduled for today, but she had to come to see Shi Xi's expression.

It didn't feel good to be suppressed by her, did it?

However, Shi Xi didn't mind.

Something like a commemorative magazine, weekly magazine, or monthly magazine.

As long as she had money, she would do this job.

Shi Xi: Dedicated model worker.

When Nan Wan saw that Shi Xi didn't seem to care, her eyes rolled and she said, "Yunzhou is sick. Didn't you visit him?"

"What does it have to do with me if he's sick?" Shi Xi replied calmly.

It wasn't like she didn't want to visit him.

It was Xie Yunzhou who had told her not to contact him.

"Oh, that's right. You two can't be considered friends." Nan Wan laughed even more smugly, and her words were extremely harsh. "You're just an actress in the entertainment industry, a fake daughter from a small place. You're not qualified to be friends with Yunzhou."

Chapter 547 He Had the Time To Deliver Medicine To Shi Xi, But He Didn't Have the Time To Have Dinner With His Cousin

Initially, Shi Xi did not want to pay attention to her. However, when she heard Nan Wan's overbearing tone, she chuckled and said, "Looking down on actors, Miss Nan still wants to eat this bowl of rice?"

"What was this called? Ate the food in your bowl and smashed the food in your pot."

"Oh, no, it should be called acting as an actor and flaunting your high class."

"I entered the entertainment industry to pursue my dreams," Nan Wan said coldly. "Unlike you, who's only here to make money!"

"What dream?" Shi Xi asked. "The dream of livestreaming and carrying goods?"

Nan Wan was furious. I only advertise goods occasionally! Not like you! The following announcements will all be full of goods!"

"You really pay attention to me. You remember my schedule so clearly." Shi Xi shot her a glance. "So? Are you going to snatch them all away?"

"I'm not interested in those low-level announcements!" Nan Wan's expression suddenly changed and she said gently, "I've been too busy recently. I've just finished filming my last movie and will be joining Director Zhang's crew next month.

"By the way, Xi Xi, how's your movie? I know a lot of people in the industry. If you need help, you can let me know."

"Everything's normal. You don't have to worry about it."

As soon as she finished speaking, Shi Xi saw Hua Xuanhe in the mirror.

"Cousin, what else did you bring to see me?" Nan Wan said with a smile.

Hua Xuanhe was also carrying a bag in his hand, but he didn't know what was inside. "I'm here to look for Shi Xi," he replied when he saw Nan Wan.

Nan Wan was speechless.

"What's the matter?" Shi Xi was puzzled.

"I'm fine. I just came over to take a look." Hua Xuanhe placed the bag on the table in front of Shi Xi and said, "I went to the hospital this morning and you had already left. This is the medicine the doctor prescribed for you."

“Uh, thank you. I almost forgot.”

“It’s okay,” Hua Xuanhe said. “I’ll get you some water. Take your medicine first.”

Shi Xi was speechless.

She didn’t want to take the medicine, so she didn’t ask the doctor to prescribe her medicine before she left!

Moreover, it was common for her to have stomachaches. As long as she ate regularly, it would not hurt anymore.

What medicine?

However, Hua Xuanhe had already poured a cup of hot water and placed it in front of Shi Xi without any explanation.

Shi Xi blinked. I’m still putting on makeup.”

The makeup artist immediately stopped what she was doing and said, “It’s okay, I haven’t put on your lipstick yet.”

Shi Xi: ¥#...%¥*

Looking at the medicine and hot water in front of her, Shi Xi could only force a smile and eat the medicine.

Nan Wan watched from the side, her eyes red with jealousy. “Shi Xi, when did you become so close to my cousin?”

“To be honest, I don’t know either.”

Hua Xuanhe said lightly, “I just saw that she was sick and was concerned. Remember to take your medicine on time. I still have something to do, so I’ll be leaving first.”

“Cousin!” Nan Wan called out to Hua Xuanhe. “Since you’re here, let’s have lunch together.”

“I don’t have time. I have to go back for a meeting,” Hua Xuanhe replied.

After speaking, Hua Xuanhe turned and left, not giving Nan Wan a chance to speak.

Nan Wan gritted her teeth.

He had the time to deliver medicine to Shi Xi, but he didn’t have the time to eat with his cousin?

It’s just medicine! Can’t you get an assistant or a chauffeur to send it? Even an errand boy would do!

Why did he have to rush to the meeting to deliver medicine to Shi Xi? He even poured water for Shi Xi and watched her drink it?

After Hua Xuanhe left, Nan Wan said coldly, “Shi Xi, you’re really good at this! After Xie Yunzhou, you go and fish my cousin! Don’t you find yourself dirty?”

Shi Xi laughed. "Why would I think I'm dirty? If it's dirty to be with them, then they should be the dirty ones."

Hua Xuanhe didn't expect to hear the conversation between the two just as he walked back.

He bathed every day. How could he be dirty?

Chapter 548 The Bad Girl, Xi

When Nan Wan saw Hua Xuanhe return, her twisted face returned to normal. "Cousin, why are you back?"

Hua Xuanhe put down the lunchbox in his hand and said, "The breakfast I ordered for Shi Xi just arrived, so I brought it over."

Nan Wan looked at the Wanhao Restaurant's logo and was so angry that she could not speak.

He didn't have time to eat with his cousin.

He had time to deliver food to Shi Xi?

Shi Xi didn't understand why Hua Xuanhe was suddenly so nice to her. However, when she saw that Nan Wan had been defeated, she felt great. "Thank you, Brother Xuanhe. I'll definitely eat on time~"

In order to anger Nan Wan, she even called him 'Brother Xuanhe.'

Nan Wan's makeup artist did not dare to make a move.

She was afraid that Nan Wan would ruin her makeup if she moved.

"Xi Xi, your makeup is almost done," Shi Xi's makeup artist said. "Have your breakfast first, I'll help you put on your lipstick later."

"Okay, thank you, Miss." Shi Xi's eyes curved.

Hua Xuanhe finally looked at Nan Wan and reminded, "Film well, don't bully people here."

Nan Wan was speechless.

Nan Wan really wanted to ask what Hua Xuanhe meant.

novelusb.com

But she couldn't bring herself to ask.

Hua Xuanhe finally left after giving his instructions.

Before he left, Hua Xuanhe took a photo of Shi Xi eating breakfast and sent it to the message board: [I've already taken the medicine and delivered the food. Young Master, do you have any other orders?]

He was the president of Hua Corporation, but he had been reduced to running errands for Xie Yunzhou.

There was no justice!

He shouldn't have been a busybody!

Hua Xuanhe didn't want to get involved at all.

What if Shi Xi fell in love with him?

Sigh, after all, he was the male protagonist in a CEO novel!

Hua Xuanhe left.

*

After Shi Xi had her breakfast, the makeup artist reapplied her lipstick and started the day's filming.

She was taking photos of the cover and title page of OI Fashion Magazine, with an interview in the middle.

The makeup artist had put on Shi Xi's magazine makeup this time, making her look both handsome and flirtatious.

Her long hair was tied into a high ponytail, and her eyeliner was elongated. Her silver-gray contact lenses made her eyes look even more indifferent. And her red lips were sharp and extremely impactful.

She was wearing a black leather jacket and high-waisted overalls. When she raised her hand, a small section of her slender waist was exposed.

There were a bunch of accessories hanging around her neck and wrist. She held a baseball bat in her hand and was biting on a lollipop. Her eyes were unruly, and she looked like a bad guy.

She was like a big sister on the street.

After taking a set of photos, the publicity department posted them on Weibo before they could photoshop them.

[@OI Fashion Pioneer: Tthe cool girl, Shi Xi, who is both handsome and sassy! (Jpeg)]

Every picture in the grid was perfect.

[Ah, I'm dead! Xi Xi Zi is so sassy! My baby has become my husband.]

[Is this still my sweet sister Xi Xi? So handsome, so handsome! She even has abs! Shua shua~]

[Who are you, hubby?]

[Xi Xi has suddenly grown up! She can be a 1!]

[...]

The feedback on her Weibo post was positive. The makeup this time had completely destroyed Shi Xi's sweet image.

Who didn't like artists who changed in all kinds of ways?

Even the passers-by were stunned by Shi Xi's makeup.

#Shi Xi's OI Fashion# went straight to the hot search, and Shi Xi's beauty was once again in of the public eye.

The fans were overjoyed.

[Wuhu ~ Every time Baby Xi changes her style, she'll be on the hot search. I'm so happy~]

[I really like Xi Xi's makeup this time. Can we use this for the drama with the bad girl?]

[Hehe, a certain female star doesn't have any works and is not capable enough. All she knows is to sell her beauty and buy hot searches all day. Did she earn back her capital?]

Chapter 549 How's Xie Yunzhou's Injury?

[It's just the cover of a monthly magazine and the fans are already so proud. They really have not seen the world. Our Nan Wan is on the cover of the OI Memorial Magazine (snickering)]

[There's a barrier between marketing and actors. Maybe this is the best resource for good-looking people (dog head)]

[...]

As soon as Shi Xi had a good job, the black fans would appear and start to point their fingers.

!!

They never understood what it meant to be adorable.

When Shi Xi's fans saw these comments, they guessed that it was Nan Wan's fans who had come to make a fuss.

[At least our Xi Xi is pretty. Some people who aren't good-looking should just stay out of this circle.]

[I'm really curious about some people's aesthetics. They're not picky?]

[I don't understand. Don't you look at the appearance when you chase stars nowadays?]

p...]

The two fan groups had already gotten used to each other's tricks.

Nan Wan's fans mocked Shi Xi for not having any good work.

Shi Xi's fans ridiculed Nan Wan for not having the looks and not being popular enough.

In any case, the two fan groups had always disliked each other and would always compare who was better.

After Nan Wan's cover was released,

It was good-looking.

However photoshop edited picture did not even look like Nan Wan.

[Photoshopped to this extent. The retouch master is really bold. Does Nan Wan look like this?]

[I'm dying of laughter. Where's Nan Wan's double chin? Her cheekbones were also smoothed out? Full skin grinding? Nan Wan's eyes are that big?]

[As long as you're bold, you won't be afraid of being scolded when you edit the picture.]

[...]

Nan Wan's fans didn't care. They took the edited photos and bragged about their artiste's beauty.

However, after the two magazines were released at the same time, the sales volume was pulled apart by a large margin.

After Shi Xi's magazine was put on the shelves, the 40,000 copies in stock were sold out in an instant.

As for Nan Wan's magazine, sales volume: 328 copies

Even Shi Xi's fans were shocked.

[Are you serious about the sales? Are fans of the Nan Wan only good at talking online?]

[I'm afraid they're all robot internet water army. Tsk, I won't give them any more popularity in the future.]

It wasn't just Shi Xi's fans, but other fans also started mocking her after seeing the sales figures.

[At least buy a 1k dungeon, right? It's too ugly to sell only 300 copies, right?]

[...]

The Nan Wan fans thought highly of themselves and looked down on Shi Xi wasn't the only one.

They looked down on all the celebrities in the entertainment industry.

After all, Nan Wan was the little princess of Yanjing.

Nan Wan's fans were anxious. [Our Nan Yan is already a filmmaker. She doesn't need to rely on this to make money.]

[This was invited by the magazine. There's no need to look at the sales volume.]

There were all sorts of words to save face.

However, the fashion industry saw the purchasing power of Nan Wan fans from this and avoided the thunder.

The fans had already said that if they didn't pay for it... They, as businessmen in the fashion industry, had to make money!

Since then, Nan Wan's commercial value had been re-evaluated. Many commercial spokespeople who wanted to look for Nan Wan maintained a wait-and-see attitude.

After all, these sugar daddies were looking for a spokesperson to earn money, not for charity.

Shi Xi's few endorsements were all very effective – the sugar daddies were very happy and wanted to ask her out.

Although the price was high, the effect was good!

However, Shi Xi had only returned to the country for a short period of time. After she was done with her work, she immediately flew to M Country to continue filming [The Top].

It had been a long time since he had seen his precious little sister, so Shi Chen had specially gone to the airport to pick her up.

When he saw Shi Xi, Shi Chen pinched his precious sister's face. "Why did you lose so much weight? Mom and Dad don't give you food?"

Shi Xi laughed awkwardly. "I've been busy with work in Yanjing and didn't go home."

"At such a young age, you're quite career-minded." Shi Chen took the luggage from Shi Xi and asked casually, "How's Xie Yunzhou's injury?"

Chapter 550 Shi Chen, You Can't Stop Me From Pursuing Love

Shi Chen was unaware of the complicated relationship between the two of them. He only knew that Xie Yunzhou had saved his sister, so he asked out of goodwill.

After all, the reason Shi Xi had returned to the country was to visit Xie Yunzhou.

When she heard Shi Chen's question, Shi Xi shrugged her shoulders and replied, "I didn't see him in the obituary."

Shi Chen was speechless.

!!

"So, he's probably still alive," Shi Xi said indifferently.

Shi Chen: "..."

This???

Did something happen in the middle?

Shi Chen looked at his precious sister's expression and asked, "Did you guys quarrel?"

"No," Shi Xi replied with a smile.

Looking at the distant smile, they must have quarreled!

"Ahem, there's a new restaurant here. I'll take you to eat first." Shi Chen did not probe further and changed the topic.

Shi Xi didn't mention Xie Yunzhou at all during the meal.

Shi Chen was even more indifferent.

He couldn't wait for his precious sister to not be trapped in love.

After Shi Xi returned to the Festival Group of [The Top], she immediately started recording their second public performance.

For this performance, every group did their best and did not dare to make any mistakes.

Bai Cangyang's ability and popularity were both unrivaled. Although Felomina's ability was slightly inferior, the Festival Group protected her with all their might, giving her the best scripts and the most scenes.

In the teacher's seat, Shi Xi saw that the Cherry Blossom Girl had suddenly become stronger and that her smile was much brighter than before. She was happy for her.

Everyone was getting better.

It was really good.

Li Jinfan and Mu Zhao performed steadily. Both of them were partial players, but they were excellent in their own fields. As long as the Festival Group did not play dirty, the two of them would definitely be able to advance to the next round.

After the recording ended, Shi Xi returned to the villa and fell asleep.

If she was busy and fulfilled with work, she would not let her thoughts run wild.

The next morning.

When Shi Chen got out of bed, he realized that breakfast was already prepared.

However, his baby sister was not at the table.

Shi Chen looked around the house and found that Shi Xi was already in the fencing practice room and had started practicing.

Leaning against the door frame, Shi Chen sipped his milk and pondered over the changes in his precious sister.

She had grown up and knew that it was not easy to earn money.

Then, the doorbell rang, and Ron came to look for him.

Shi Chen looked at the fresh flowers in front of him and the corners of his mouth twitched. "What are you doing?"

Ron looked behind Shi Xiang and asked, "Where's Xi Xi?"

Shi Chen warily stopped him. "You still have evil intentions?"

"Shi Chen, you can't stop me from pursuing love!" Ron said seriously.

The answer to Ron's question was the sound of the door closing.

Ron touched his nose.

Fortunately, he had retreated quickly, or his nose would have definitely bled.

Shi Chen did not open the door. Ron stood in the courtyard and shouted, "Shi Chen! I really like your sister! You can't stop me!"

Looking at the idiot standing in the courtyard, Shi Chen turned on the automatic sprinkler.

Ron dodged all over the place, and the flowers he brought were also wet.

Shi Chen stood in front of the floor-to-ceiling window and watched, the corners of his lips curling into a cold smile.

He wanted to woo his precious sister?

Not even in the next life!

Shi Xi came down from the practice room and asked, "I think I heard someone calling me?"

Shi Chen pulled the curtains shut. "No, they're not. They're spraying water outside."

Oh. Shi Xi asked, "Why did you suddenly close the curtains?"

"The sun is a little glaring." Shi Chen changed the topic, "Why did you get up so early to practice fencing? Aren't you going to rest?"

"I wasn't very tired, so I got up to practice." Shi Xi's eyes curved as she asked with a smile, "By the way, Brother, I want to go to a fencing hall to fight with someone. Do you have any fencing halls you recommend?"
