

The Fake 561

Chapter 561 I Saw Xie Yunzhou

Felomina didn't know how she managed to finish singing the song.

She only knew that the feedback from the audience was very ordinary.

There were no cries of alarm.

Some of them even covered their ears.

[What is she singing? Even I can sing better than her.]

Some fans immediately explained in the comments. [Does Mina's earpiece not make any sound? She signaled to the control teacher several times!]

[It must be. Otherwise, she wouldn't be out of tune all the time. My heart hurts so much. I can only rely on my feelings to sing.]

[Is Mina being targeted? The Festival Group just doesn't care about human affairs.]

When other fans saw this, they were all disdainful.

Come on!

The Festival Group's hearts were all on Felomina.

And now they were saying that Felomina was being targeted by the Festival Group?

[It must be because she's wearing the earpiece that Shi Xi gave her! I knew Shi Xi wasn't that kind!]

[Shi Xi is such a bad person. She can't stand seeing others being better than her.]

[Ah, how can there be such a vicious person like Shi Xi? I hope she dies soon.]

[...]

Due to the problem with the earpiece, all the arrows were pointed at Shi Xi.

All sorts of theories of murder were out.

However, this could not cover up the fact that Felomina had made a mistake on stage.

On the stage, not performing well was a failure.

In the last round of canvassing for votes, Felomina cried and apologized to her fans, "It's my mistake. I didn't sing this song well for everyone on the stage of the finals."

"But I believe that in the future, I will definitely stand on an even bigger stage and sing this song to the end for all of you!"

Felomina's appearance wasn't bad to begin with, and she was very good at acting pitiful.

The tickets were like a tide.

Felomina's fans hated Shi Xi even more now.

Shi Xi was hosting the livestream and didn't have the time to read the comments.

She was in a daze, thinking about the fencing competition.

After today's recording, [The Top]'s last advertising fee would be in their hands.

She then focused on preparing for the fencing competition with the goal of first place.

She would bring the money back to China and could start preparing for her new movie.

She didn't know if the male lead had been decided.

In her daze, Shi Xi subconsciously thought of many things.

During the breaks between the trainees' performances, Shi Xi went to look at the light signs on the audience seats.

There were hers and the trainees'.

In the crowd, Shi Xi's eyes paused.

She seemed to have seen Xie Yunzhou.

Xie Yunzhou was here to watch the stage of the finals?

That was impossible, right?

Were her eyes blurry?

Shi Xi rubbed her eyes and looked over.

There was no one.

As expected, she had seen wrongly.

The corners of Shi Xi's mouth twitched.

Was she still thinking about Xie Yunzhou?

Did she hallucinate?

Fortunately, the next performance was about to begin, so Shi Xi quickly gathered her thoughts.

She wasn't thinking about that trash man!

A silent ruffian!

*

Xie Yunzhou left the audience, exhaled, and lowered his hat.

When he met Shi Xi's gaze earlier, he had subconsciously switched seats with someone else.

Looking at the young fans chasing after their dreams, Xie Yunzhou felt like he was out of place.

He had already watched Shi Xi's performance, so there was no need to stay any longer.

Xie Yunzhou glanced at Shi Xi's back in the coach's seat and strode out of the venue.

...

Everyone's final canvassing for votes came to an end. After a series of advertisements, it was finally time to announce the final rankings.

Although there was only one person as The Top, the 16 trainees who entered the final would have their votes read out and be awarded with an award. They would also share their thoughts.

As the names were announced one by one, it was finally time for the top five.

The five people whose names had not been called out had solemn expressions and were careful.

Chapter 562 The Top No. 1

The rankings were read out, and most of them were similar to Shi Xi's guesses.

However, Shi Xi had not expected the Cherry Blossom Girl to come in third.

She had always thought that the Cherry Blossom Girl would be eliminated early.

The Cherry Blossom Girl had a soft personality, so Shi Xi thought that her fans wouldn't like her.

!!

She didn't expect that she would actually beat so many male idols and become the Top 3.

As expected, the market for gentle and sweet girls was vast.

The Cherry Blossom Girl cried as she expressed her thoughts, which made people's hearts ache even more.

Even Shi Xi wanted to vote for her when she saw it.

In the end, there were only two people left.

Bai Cangyang and Felomina.

In the end, both their votes were displayed on the big screen.

Felomina was first.

Bai Cangyang was second.

The sound of 'black screen' and 'trash' rang out from below the stage.

When Bai Cangyang saw the results, he controlled his expression and politely congratulated Felomina.

Felomina was in high spirits as she ran around the stage.

The camera gave a close-up of many people present.

The trainees all looked indignant.

Shi Xi smiled and clapped her hands.

The audience was in an uproar.

Bai Cangyang was in second place. He calmly gave his speech.

After he got off the stage, his trainee friends hugged him one by one to comfort him.

The Cherry Blossom Girl was crying even more miserably than when she was third.

Shi Xi: I ship it.

Felomina's first place in [The Top] disgusted many people.

Any talent show fan would know that Felomina didn't have many fans, even less than Cherry Blossom Girl.

However, Felomina was able to punch Bai Cangyang and kick the Cherry Blossom Girl, and she won first place in [The Top], finally reaching the top.

Under #Felomina the First#, other fans disdained and despised [The Top] for buying votes.

The Felomina fans didn't care.

[Our Mina is first place! Are the anti-fans jealous?]

[You have the time to blame the Festival Group but not the time to vote for your own team? Then don't blame yourself for not being able to reach The Top.]

[...]

[You're first because of your betting, and you have the cheek to brag? How many fans does she have online? They can't even beat Sakura-chan in the voting every time, and the Festival Group is just supporting them. Royal is first.]

[She's always stirring up trouble first. She threw away Shi Xi's earpiece, and on the final night, she was still slandering Shi Xi's earpiece. Felomina's fans are blind.]

[F*ck?! Threw it away? Really?]

[It's true. The illegitimate fan secretly went to the trash can and found the earpiece that had not even been opened yet.]

[This is a comparison for the final round. Everyone's earpieces are the same, only Felomina's is different. I can tell that Felomina isn't wearing the earpieces Shi Xi gave her.]

There were pictures in the post that showed the truth, and high-rise buildings were quickly built.

The hot search #Felomina the First# didn't last long before the hot search #The Earpiece That Shi Xi Sent Felomina Was Thrown# quickly went up.

Moreover, because Shi Xi's name was on it, it was the number one trending topic.

Shi Xi's fans: "..."

They didn't want to get involved in this.

They didn't really care what Felomina had done.

[Even if she's out of The Top, she's still a newbie. Don't try to scam our Baby Shi Xi.]

[Take Xi Xi away. She's already given her the gift. It's up to her to deal with it.]

[It's really too hateful! If you give me a present, I'll definitely treat it well!]

Even Felomina's fans had no way to clear her name.

Those who were no longer fans left silently, and those who still liked Felomina silently did the data. They hoped that Felomina could give them an explanation.

Chapter 563 It's Impossible To Pursue Her, Not In This Lifetime

When [The Top] came to an end, Shi Xi received an eight-figure advertising fee and was very satisfied.

So what if she was scolded?

So what if she was pulled and stepped on?

She had received a notice fee of 8 million yuan and several advertising offers.

!!

After receiving the notice fee, Shi Xi no longer cared about the 200,000 USD prize money for the fencing competition.

It was less than 1.5 million yuan.

As Shi Xi practiced with her sword, she defeated her opponent effortlessly.

Ron sat on the ground and took off his helmet. "I'm not training anymore, I'm not training anymore. I'm too tired!"

The fatigue was secondary. There was almost no chance of winning against Shi Xi.

This was the most frustrating thing.

Shi Xi took off her helmet and handed him a bottle of water. "You still have to work hard on your training!"

Ron: "..."

Practice his ass!

He couldn't even get close to Shi Xi!

He couldn't even touch her!

Ron drank his water angrily and ignored Shi Xi.

From the beginning, he had wanted to pursue Shi Xi, but now, he didn't even want to bother with her.

Too much had happened in between.

Shi Xi was also very curious.

With Ron's strength, how could he get third place?

This match was really not exaggerated.

Shi Xi could already imagine herself easily snatching the 200,000 yuan prize money into the café-Oh, no, the championship.

"I'm not training anymore, I have to go to work." Ron would rather work than be abused.

"Alright," she said. Shi Xi sighed.

During this period of time, Shi Xi had gone to look for the teachers in the fencing hall. However, most of the teachers' standards were much lower than hers. Shi Xi then thought of Ron.

However, Ron had accompanied her a few times and did not want to accompany her anymore.

How about she look for last year's fencing champion, Angev?

Sigh, but not only were they rivals, they weren't familiar with each other. Last time, she had a lot of friction with the doll.

Shi Xi changed her clothes and prepared to leave.

As she passed by, Shi Xi saw a girl with a high ponytail walk in.

The girl with a high ponytail had a sharp gaze and carried a wooden sword on her back.

Shi Xi raised her eyes slightly and looked at the girl with the high ponytail.

The girl with the high ponytail turned to look at Shi Xi. Without stopping, she walked straight to the front desk.

"Why aren't you moving?" Ron asked, puzzled.

"It's nothing," Shi Xi smiled as she recalled the difference she had sensed earlier.

...

The girl with a high ponytail entered the fencing practice room and said to her friend, "I saw an Eastern girl today. She had a very strong Sword Qi."

"Haha, how can there still be something as non-existent as Sword Qi? Or on the girl?"

"I really saw it!" the girl with the high ponytail said stubbornly.

"Alright, alright, alright. Let me see the results of your practice first."

*

When Shi Xi returned to the villa and took a shower, she suddenly recalled that different feeling.

“It can’t be Sword Qi, right?” Shi Xi was very suspicious.

“I don’t think so,” Shi Xi denied after some thought.

There was a hint of disbelief in this denial.

They were in M Country, and that girl with the high ponytail was from M Country. How could she have Sword Qi?

Shi Xi couldn’t figure it out, so she stopped thinking about it.

The next morning.

“How’s fencing practice going?” Shi Chen asked Shi Xi.

“It’s alright. Brother, do you have time to practice with me?” Shi Xi asked.

“I don’t have time.” Shi Chen rejected her immediately. “I still have to go to the company for a meeting. I need to prepare the prizes for the competition and settle the venue.”

“Then how did you have time to participate in the competition last year?” Shi Xi couldn’t help but ridicule.

“That’s why I got second place last year!” Shi Chen sighed.

Shi Xi was speechless.

...

“By the way, have you been in contact with Xie Yunzhou recently?” Shi Chen asked.

Chapter 564 Bumped Into Xie Yunzhou

“No,” Shi Xi replied.

Shi Chen stopped talking.

“Why are you suddenly asking this?” Shi Xi asked.

“Oh, there’s a project Xie Yunzhou wants to work with the Mitchell family on. I wanted to know,” Shi Chen said. “If you still keep in touch with Xie Yunzhou, I’ll take the case.”

!!

“Mitchell?” she asked.

“The family that Mei Yinni and Angev are from,” Shi Chen explained.

“Oh, I see.” Shi Xi asked, “What project do you want to work with Xie Yunzhou on?”

“The lightweight tactile feedback glove system of the VR virtual system,” Shi Chen said. “It can give users a more realistic touch.”

Shi Xi: “That’s pretty good. I thought it would be a vegetable automation project in the greenhouse.”

Shi Chen: "If it can really be used in the VR system, then we can grow vegetables in VR games."

On the other hand, it was also one of the ways to get closer to nature.

"Was it developed by Xie Yunzhou?" Shi Xi asked.

"Yes, their team developed it. The Mitchell family has always been at the forefront of the VR field," Shi Chen added. "It's normal for them to work together if they can provide more data feedback to the tactile gloves."

Shi Xi heaved a sigh of relief.

She really didn't want to go to Xie Yunzhou anymore.

The further away from him the better!

"Brother, you're also researching the VR system?" Shi Xi changed the topic.

"There's a branch that's researching VR." Shi Chen shrugged and said, "But I don't have a greenhouse to raise vegetables to earn money."

These two projects together were really interesting.

"Can I go and take a look?" Shi Xi asked.

"Of course you can," Shi Chen paused and asked, "You want to see the VR system? Or do you want to see the greenhouse vegetable cultivation?"

Shi Xi replied expressionlessly, "Yes. I came all the way here just to see how cabbages grow."

"I was just joking!" Shi Chen laughed and said, "I'll bring you to experience it today."

After the two of them finished their breakfast, Shi Chen brought his precious sister to the office.

When they entered the office, Shi Chen passed a pair of VR glasses to Shi Xi and said, "Try it?"

Shi Xi put on her glasses.

Shi Chen connected the system to the computer and asked, "What do you see?"

"I see a forest. Ah, there's a squirrel!" Shi Xi looked up and was pleasantly surprised to see a sea of green in front of her.

The holographic simulation sounded in her ears.

There were birds chirping and the wind blowing.

There was even the sound of the squirrel jumping. She wanted to catch the squirrel, but the squirrel ran away.

"What about now?" Shi Chen adjusted the image and smiled.

"It's in the sea." Shi Xi looked at the fish beside her and felt that it was extremely realistic. She asked again, "Can't we go forward?"

“Sure. I’ll switch to strolling in the forest,” Shi Chen said.

“Will I hit the wall?”

“You won’t. I’ll help you look after it.”

The forest had returned to its original state. Shi Xi tried to walk forward.

Just then, the office door opened.

Shi Xi bumped into the person who had just entered.

“Ouch, it hurts...” Shi Xi cried out in pain. “Shi Chen! Didn’t you say that you’d help me look after the road?”

“Ahem, I was wrong.”

He had only been focused on adjusting the interface.

Shi Xi took off her glasses and saw Xie Yunzhou.

It had been a long time since they last met. When she suddenly saw Xie Yunzhou, Shi Xi fell into a trance.

It seemed that they had not seen each other for a long time.

It had been so long that she had almost forgotten about Xie Yunzhou.

“What are you doing here?” Shi Xi asked with a frown.

“I’m here to look for Shi Chen.” Xie Yunzhou’s gaze fell on Shi Xi, and he forced himself to look at Shi Chen.

Chapter 565 Cooperate With Xie Yunzhou?

“You guys continue chatting.” Shi Xi left the office.

She didn’t want to talk to these two people!

Her nose, eyes, and ears hurt!

When Shi Xi arrived outside the office, she took out a small mirror and looked at her eyes.

Did she break anything?

Her nose didn’t collapse, did it?

The VR glasses not only looked realistic, but they also had sound, which affected her hearing.

Shi Xi held the small mirror and looked at it for three minutes. After confirming that there was no problem, she put the mirror away in satisfaction.

*

In the office.

When Shi Chen saw his precious sister looking at herself in the mirror, he wanted to tell Shi Xi that the glass was one-sided.

One couldn't see what was going on inside from the outside, but one could see everything that was happening outside from the inside.

He was not the only one who saw it. Xie Yunzhou saw it too.

'Forget it, my precious little sister is still young. It's cute to do this.'

Shi Chen got his assistant to pour two cups of coffee.

"Why is President Xie so free to come over? Aren't you guys prepared to work with the Mitchell family?" Shi Chen asked.

"Touch the system and we haven't decided who we want to cooperate with," Xie Yunzhou said.

"Oh? What?" Shi Chen had many thoughts in his mind. He guessed, "Is the Mitchell family not satisfied with the price?"

"It has nothing to do with the price."

"Is it the database?"

"They want me to marry Mei Yinni," Xie Yunzhou said.

"Oh, she's looking for a husband."

"..."

...

While the two of them were discussing business, Shi Xi found a place in the company to sit down and took the opportunity to look up the high-end VR system.

This concept had been proposed a long time ago, and all the ideas had been perfected.

However, it was extremely difficult to operate.

It required perfect vision, hearing, and touch, and it was also a perfect environment.

This way, there would be a requirement for the venue.

For example, she bumped into the door.

However, this domain was also constantly developing.

Shi Xi replied, "Although I don't understand it, it looks very advanced."

Although the idea was good, the product was not only expensive but also had a bad user experience, so it was difficult to make a profit.

No wonder Shi Chen said that he didn't have a greenhouse to earn money.

Greenhouses could make money as long as they grew vegetables, and it did not require much skill.

However, VR required a lot of technical skills.

Shi Xi: I'd rather invest in greenhouse vegetables.

She wanted to wait for Shi Chen and Xie Yunzhou to finish their discussion before she went to look for him.

But the two of them were in the office the whole time.

What was there to say?

Shi Xi waited until noon before she sent Shi Chen a message and ran away.

She was an adult, so she wasn't that childish!

Xie Yunzhou waited until noon, thinking that they could have lunch together.

"My sister went home. Shall we have a meal together?"

Xie Yunzhou: "... What's there to eat between you and I?"

"Let's talk about it next time." Xie Yunzhou stood up to bid farewell.

"Can I ask you a question?" Shi Chen asked as he leaned back on the sofa.

Xie Yunzhou looked at him. "What is it?"

"The last time I saw you, you were very protective of Xi Xi. I can tell that you like her a lot. You even used your body to protect Xi Xi, so that she wouldn't get hurt. What happened in between that made you change your attitude so quickly?" Shi Chen asked.

Xie Yunzhou fell silent.

"If there's any misunderstanding between you two," said Shi Chen, "it's better to talk it out as soon as possible."

Even though he was Shi Xi's older brother, and he didn't want to see his sister being seduced by someone else so quickly, he didn't want his baby sister to be sad.

"There's no misunderstanding. We're just not suitable," Xie Yunzhou said with a smile.

Shi Chen was speechless.

...

Chapter 566 Live-In Son-in-Law

"Xi Xi is my sister. I won't just stand by and watch her get upset," Shi Chen said seriously.

"If you don't have the potential to develop in the future, I'll introduce her to outstanding young and handsome men."

It wasn't like no one wanted his precious little sister!

"Alright," Xie Yunzhou said.

*

That night, Shi Chen and Shi Xi had dinner together.

Shi Chen fried a steak and a soft-boiled egg for Shi Xi.

Shi Xi picked up a fork and poked at the steak before asking, "What were you and Xie Yunzhou talking about during the day? Do you want to cooperate?"

Shi Chen raised an eyebrow. "You're that concerned about him?"

"I was just asking." Shi Xi lowered her eyes. Her long eyelashes fluttered, hiding the emotions in her eyes.

Shi Chen said half-truthfully, "The condition for the Mitchell family's cooperation was for him to be a live-in son-in-law. He's not willing to do so. He wants to work with me."

"You're going to work with him?" Shi Xi asked.

"No, I advised him to go to the door and live off a woman." Shi Chen started to spout nonsense. "He's too tired from all the work. Wouldn't it be much happier to be a son-in-law?"

Shi Xi clutched her fork and stabbed it down, cracking the plate.

Shi Chen was speechless.

"What's wrong with you?" Shi Chen felt that he had gone too far with his joke.

"I'm fine. This plate is too weak." Shi Xi smiled. "I'll go get another plate."

Shi Chen's heart ached as he looked at his plate.

There were four plates in his set, and now one was broken, so there were only three left.

Not in pairs.

It didn't look good.

Moreover, the plates were a set, and they couldn't be bought separately.

Shi Xi changed her plate and ate her dinner in silence, not mentioning anything about Xie Yunzhou.

She did not care about Xie Yunzhou's life or death.

What did it matter to her whether Xie Yunzhou was living off a woman or a man?

The two of them didn't speak again until they finished eating.

Shi Chen: It's better to shorten the pain.

When he was clearing the plates, Shi Chen looked at the plate in his hands and felt conflicted.

Should he keep three plates? Or should he throw one away to make a pair of plates?

...

When Shi Xi returned to her room, she received the final list of the leading roles from Han Chuan.

Female lead: Shi Xi

Male lead: Pei Jie

Second male lead: Lou Ruicong

Second female lead: Tang Xue'er

Shi Xi swept her gaze across the room and fixed her eyes on the candidate for the male lead.

"The male lead is Pei Jie? He can act?" Shi Xi asked in surprise.

"He was very smart during the audition," Han Chuan said.

Shi Xi was a little hesitant. "But he's not a professional and he doesn't have any acting experience. How can he be the male lead of a movie? Can he?"

"You're not a professional, and you don't have any acting experience before you started acting," Han Chuan said.

"I'm the one who invested in the movie!"

"What can I do for you, Boss? Or do you want to appoint someone to act in the movie?" asked Han Chuan.

"Chu Yuan," Shi Xi said weakly.

Han Chuan couldn't help but say, "First, the male lead in your movie is a college student, and Chu Yuan is already 25 years old."

"Second, we can't afford to hire him."

"Life isn't easy." Shi Xi sighed.

"Are there no other candidates?" Shi Xi asked.

"After a comprehensive selection, he's the most cost-effective. I'll send you a few auditions, you can take a look," Han Chuan said.

After watching it, Shi Xi realized that although Pei Jie's acting skills were not the best, as a new actor, his lines and expressions were very natural and he had the youthful vitality of a college student.

On this point, the others appeared to be slightly pretentious.

It was hard for Pei Jie, an introvert and a man of few words, to be able to perform so smoothly.

Chapter 567 I Heard That You're Going To Be a Live-In Son-in-Law?

"Alright," Shi Xi compromised. "You guys go ahead and get ready. I'll be back in two weeks."

At that time, the cameras would start rolling.

After she finished chatting with Han Chuan, Tao Yuxuan called.

"It's so late," Tao Yuxuan chuckled. "Who were you calling just now?"

"Brother Han, my manager." Shi Xi broke Tao Yuxuan's desire for gossip.

"It's so late and you're still talking about work. How boring." Tao Yuxuan lost interest and asked, "When are you coming back? You said you were coming back last time, but you didn't. It's so boring without you."

"I've been too busy recently."

"Didn't you finish recording your variety show?" Tao Yuxuan asked, confused.

"I'm taking part in a fencing competition. You can go play with Leng Qiankun and the others," Shi Xi suggested.

"Forget it. I think I'll go shopping by myself," Tao Yuxuan said hesitantly.

Shopping?

Leng Qiankun was indeed not a good choice.

"Why don't you come over here? I'll go shopping with you?" Shi Xi suggested.

"I don't need to go shopping overseas!" Tao Yuxuan was exasperated.

"Then there's no other way," Shi Xi said.

"Let's not talk about this," Tao Yuxuan lowered her voice and gossiped, "How are you doing with that guy? Are you still in a cold war?"

How did everyone know about her and Xie Yunzhou?

"It's not a cold war. He said we're not suitable for each other and that we should stop contacting each other." Shi Xi thought of Shi Chen's words and said, "Don't mention him anymore. He's going to be a live-in son-in-law in the future."

Tao Yuxuan's eyes lit up. "Live-in son-in-law? What's going on?"

Say more! I love hearing it!

Shi Xi gave a perfunctory reply.

Very quickly, the rumor that Xie Yunzhou was going to be a live-in son-in-law spread throughout Feng City.

The rumors spread far and wide, and eventually reached Xie Yunzhou's assistant.

[I heard that President Xie is going to marry into their family? Where are you planning to hold the wedding?]

The assistant was speechless.

[Where did you hear this from?]

The other party replied, [I heard it from someone when I was drinking. It's all over the place. Is it true?]

[It's fake. It's impossible for President Xie to marry into the family!]

The other party replied, [Don't lie to me!]

[What's there to lie about?]

[Then, you tell me. Chinese don't lie to the Chinese.]

The assistant was about to reply when he suddenly realized that Xie Yunzhou might not marry into the Mitchell family, but that didn't mean that he wouldn't marry into the Shi family!

'D*mn, I can't say this!'

The assistant replied, [Don't believe the rumors!]

After that, the assistant did not reply anymore.

The other party saw that the assistant did not dare to say so and assumed that he was lying.

As a result, Xie Yunzhou received many congratulatory messages.

[Congratulations, congratulations. May you be together for a hundred years and have a child soon.]

[It was decided without a word. Congratulations!]

[Happy wedding, President Xie.]

[...]

Xie Yunzhou was speechless.

What was happening?

Had he transmigrated?

Xie Yunzhou glanced at the date.

He didn't transmigrate!

What was going on?

Just then, his assistant came in with a cup of coffee. Xie Yunzhou asked, "Why did they wish me a happy wedding?"

"I don't know where the rumor came from, but it says that you're getting married soon," the assistant said tactfully.

Xie Yunzhou frowned.

What marriage?

Why didn't he know about this?

However, the rumors had spread far and wide. Even his father had called to ask about it.

"I heard that you're going to be a live-in son-in-law?"

...

Xie Yunzhou was speechless.

Why was it getting more and more outrageous?

It took Xie Yunzhou a lot of effort to explain that the marriage was just a rumor.

Xie Yunzhou's tone inevitably became unfriendly when he was being teased.

Sensing the frustration in his heart, Xie Yunzhou reached out and waved the coffee that his assistant had just brought in under the table.

The sound of the porcelain cup breaking brought Xie Yunzhou back to his senses.

He took out a box of medicine from the drawer, poured out a few pills, and swallowed them without drinking water.

He leaned back in his chair and gradually calmed down.

Chapter 568 How Could Shi Xi Possibly Know How To Fence

K City's fencing competition was going on as per normal in the midst of the chaos.

Shi Xi changed into her fencing suit and prepared to go on stage.

Ever since Shi Xi took part in the fencing competition, the netizens had been keeping an eye on the progress of the competition.

[Shi Xi is just a fake. How could she possibly know how to fence?]

[She has to go abroad to be embarrassed.]

The internet was filled with negative comments.

Then, they watched helplessly as Shi Xi stood out from the qualifiers, made it into the qualifiers, and entered the finals.

Fans: [Daughter Xi Xi is so sweet!]

[Bring the female lead of Shuangwen into reality!]

[Click to follow high-quality and well-rounded female artiste.]

The black fans gritted their teeth.

The fans were overjoyed.

Such a grand competition naturally attracted the attention of many people.

When Shi Xi made her appearance, a venomous and hateful gaze was fixed on her.

Sensing that someone was watching her, Shi Xi turned around.

But there was nothing.

A secret fan?

Shi Xi locked her things and reminded Zhu Lin to be careful before she walked onto the stage.

It was only when she actually participated in the fencing competition that Shi Xi realized that it wasn't that simple.

In the fencing competition, there were three tracks: the baroque sword, the heavy sword, and the flower sword.

The first place of each track would have another free-for-all to determine the first place of the city-wide fencing competition.

Ron was only third in the flower sword competition.

...

When Shi Xi appeared on stage, the crowd immediately became excited.

There were also many fans who came with light signs.

Shi Xi had chosen the flower sword race track, and she had run into Mei Yinni that day.

When she went on stage, Shi Xi saw that there were many people sitting in the family area.

Shi Chen had not participated in the fencing competition this year, so he was here to cheer her on.

Beside Shi Chen was Tao Yuxuan, who was holding a camera.

Tao Yuxuan pointed the camera at Shi Xi and gave her a thumbs up.

"Why are you here?" Shi Xi asked in surprise.

"I'm recording a direct shot of you!" Tao Yuxuan chuckled. "Good luck!"

The coach, Angev, and an unfamiliar girl were sitting in the family area near Mei Yinni.

Shi Xi recognized her at a glance. She was the girl with a high ponytail whom she had met once at the fencing hall.

Shi Xi had once sensed Sword Qi from her.

As expected, had she practiced swordsmanship before?

Shi Xi guessed in her heart.

Mei Yinni and Shi Xi walked to the center of the arena and shook hands.

The two of them smiled and shook hands. To outsiders, they looked extremely harmonious.

"It's not too late to admit defeat now," Mei Yinni said in a low voice. "It'll be embarrassing if you cry later."

Shi Xi's eyes curved into crescents. "You can talk big after you win."

Mei Yinni snorted and said, "By the way, Yunzhou will be coming to watch my match today."

"I'm looking forward to the match when he sees you being abused by me."

After that, Mei Yinni let go of him and walked away.

Shi Xi frowned and looked at Mei Yinni's family members.

Xie Yunzhou was not here.

Forget it, so what if he came?

It had nothing to do with her anyway.

However, when Shi Xi saw how arrogant Mei Yinni was, she couldn't help but feel angry.

In the first round, Shi Xi didn't give Mei Yinni a chance to get close to her. Her sword was dazzling and she forced Mei Yinni to retreat.

Mei Yinni did not score a single point during the half-time break.

Shi Xi returned to the rest area. Zhu Lin poured water for her while Tao Yuxuan massaged her wrists.

"I see Xie Yunzhou. He's sitting in the second row of the audience!" Tao Yuxuan gossiped in a low voice.

"Ah? Where is it?" Zhu Lin looked around, her eyes flashing with the light of gossip.

...

Shi Xi: "..."

Shi Chen: "..."

Chapter 569 The Moon Is Curved, So Am I

"It's in the opposite seating area. I'll lend you my binoculars." Tao Yuxuan took out her binoculars and passed them to Zhu Lin.

"Why did you bring your binoculars?"

"To watch such a large-scale competition, of course we need to use binoculars to see clearly," Tao Yuxuan said matter-of-factly.

Quite a few people on the field were using binoculars.

"But they're sitting in the back row, and you're sitting in the rest area!" Shi Xi was puzzled.

Tao Yuxuan ignored Shi Xi and turned to Zhu Lin. "Did you see that?"

"I saw it. He's wearing a hat," Zhu Lin said.

Shi Xi glanced at Mei Yinni's resting area and said, "He's probably here to see Mei Yinni. Xie Yunzhou might want to marry her."

The gossiping light in Zhu Lin and Tao Yuxuan's eyes grew even brighter.

Shi Xi went on stage to continue the match.

Tao Yu turned around and asked Shi Chen, "Do you know that Xie Yunzhou wants to form an alliance through marriage?"

Shi Chen: Of course he knew. He was the one who spread the rumor.

"I'm not too sure. However, the Mitchell family does have the intention of recruiting a husband," Shi Chen said after some thought.

"Tao Yuxuan," he said, "spread the word that Xie Yunzhou is going to marry into the Mitchell family!"

Zhu Lin: Wow!

On the other side.

Mei Yinni was utterly defeated. When she returned to the rest area, her family and friends took turns to comfort her.

"She's very fast," the girl with the high ponytail said. "You have to attack before she can. That's the only way you can have the upper hand."

"But what if I'm stopped?" Mei Yinni asked.

"You've been on the defense all this time. If you suddenly attack, she'll definitely be surprised."

The break time ended.

Mei Yinni took a deep breath and returned to the arena.

The two of them held their swords and pointed their tips at the ground.

Mei Yinni knew that she couldn't beat Shi Xi. Thinking of the girl with the high ponytail's suggestion, she was ready to give it a try.

The judge gave the order, and Mei Yinni immediately began her attack.

Shi Xi was slightly stunned.

She didn't expect Mei Yinni to attack first.

She dodged sideways.

However, Shi Xi had forgotten that she was wearing a thick fencing suit.

The sword pierced the fencing suit.

The electronic judge at the side made a sound and scored Mei Yinni.

Mei Yinni jumped up in joy!

She finally got a point!

Shi Xi took a step back with a smile on her face. However, the fighting spirit in her eyes was even stronger.

The rules of the competition were a restriction to her.

However, she could still use her strength.

Mei Yinni attacked again, aiming at Shi Xi's face.

Shi Xi did not dodge. Instead, she used her sword to deflect Mei Yinni's sword. At the same time, she used her sword technique, three forms in one strike.

The electronic judgment light rang and Shi Xi was given points.

Then, Mei Yinni couldn't hold on any longer and was forced to retreat.

When the sound of the pause was heard, Shi Xi's sword stopped in front of Mei Yinni's neck.

Although the swords used in the competition did not have such high destructive power, this action was very threatening.

The corners of Shi Xi's mouth curled up slightly as she retracted her sword.

After taking off the heavy mask, the girl's forehead was covered in sweat from exercise. Her face was slightly red, and her eyes were as bright as stars.

When she heard the cheers from the crowd, Shi Xi waved back in response.

Back at the resting area, Tao Yuxuan praised, "Too beautiful! You were really beautiful! You were so cool when you were fencing just now!"

Shi Xi's eyes were filled with desolation.

She had used her body movement and swordsmanship in the fencing competition just now, but in the eyes of outsiders, they could only see that she was very handsome.

"You were really handsome!" Zhu Lin cupped her face, her eyes turning into hearts. "If you were a man, I would definitely marry you!"

After the live broadcast was uploaded, the fans were very satisfied.

[Younger sister, give me a bow!]

[I want to kiss Baby Xi.]

Chapter 570 I Saw Ning Yu

Without a doubt, Shi Xi won this match.

After Mei Yinni lost, she was flustered and exasperated. A group of people surrounded her to comfort her.

Shi Xi retracted her gaze and celebrated with her family and friends.

“I knew you would win! Haha!” Tao Yuxuan laughed heartily. “I’ve earned a lot!”

!!

“What do you mean?” Shi Xi asked, puzzled.

“There are bets on you and Mei Yinni online. I bet on you.” Tao Yuxuan chuckled, “I bet 10,000 on you and earned 8,000 for free! It’s my treat today!”

Shi Xi looked at Zhu Lin. “You bet too?”

Zhu Lin shook her head. “I didn’t.”

Shi Xi heaved a sigh of relief and was about to praise her assistant for not knowing how to gamble.

“I don’t have that much money,” Zhu Lin said.

Shi Xi: “...”

“Let’s go and eat. I’m here,” Shi Chen said. “You don’t need to pay.”

“Thank you, Brother! Big Brother has spent a lot! When I win the championship, I’ll treat you to a big meal!” Shi Xi’s eyes curved.

This was what he wanted to hear the most!

“You’re the sweetest.” Shi Chen lifted his hand and pinched his precious sister’s face.

Shi Xi was speechless.

Don’t dirty my makeup!

At the hotel.

The assistant reported the latest progress to Xie Yunzhou.

“The Mitchell family hopes that you will personally go and talk about this project to show your sincerity. Mr. Shi Chen said that he’d rather not do this project than work with us, sob, sob.”

Xie Yunzhou massaged his eyebrows. “I know.”

The assistant was puzzled.

Their light touch system was definitely at the forefront of VR systems, and other companies wanted to take a share.

However, the Mitchell family and the Shi family had been treating them coldly.

It wasn't easy to cooperate, and the boss should have a headache, right?

Looking at Xie Yunzhou's tightly pursed lips, the assistant was also thinking of a solution.

Xie Yunzhou was not thinking about the cooperation at the moment.

He was thinking of how Shi Xi would act coquettishly with Shi Chen after she won.

The two of them behaved intimately, closer than biological siblings.

He was annoyed.

Xie Yunzhou leaned back in his chair and said, "They don't see the prospect of tapping the system, so they're all waiting and watching. Let's get in touch with other interested companies first."

Seeing how calm Xie Yunzhou was, the assistant felt much more at ease.

To be able to follow such a good boss, his future was bright!

"I'm going out for a while." Xie Yunzhou stood up.

"I'll go get the car," the assistant said.

"No, I'll go by myself," Xie Yunzhou said.

The assistant was speechless.

What kind of shameful thing was Boss going to do behind his back?

Don't go looking for Shi Xi!

You can't have a brain for love!

Shi Chen brought them out for a big meal before returning to the company to continue his work.

Tao Yuxuan was here to shop and buy, so she dragged Shi Xi to the mall to spend money.

She earned 8,000 and spent 80,000.

"This is much cheaper than buying it in China!" Tao Yuxuan's expression said, "I've made a fortune."

Shi Xi had no choice but to let her buy whatever she wanted.

With her big and small bags, Tao Yuxuan finally stopped. She sat on a chair outside the coffee shop and ordered a few cups of coffee.

Seeing the speeding car by the side of the road, Tao Yuxuan let out a surprised, "Huh."

"What's wrong?" Shi Xi asked. "You don't want ice?"

Tao Yuxuan said, "I want ice. I think I saw Ning Yu..."

"Are you mistaken?" Shi Xi paused.

“Maybe.” Tao Yuxuan continued to recall with uncertainty.

When the car drove past, and she only saw the side of its face.

...

However, Shi Xi knew that Ning Yu was in K City.

She was probably doing some kind of mission.

After ordering, Shi Xi looked at Tao Yuxuan and asked, “When are you going back to China?”

Don’t stay here and let Ning Yu slap you in the face!
