

The Fake 611

Chapter 611 He's Gentle and Considerate, And Never Toyed With Women

Hua Xuanhe was one of Yanjing's most popular single magnates, so the appearance of Shi Xi with him attracted a lot of attention.

[Insider news: there was a banquet in Yanjing and Shi Xi appeared with President Hua!]

[When did the two of them get together?]

[I'll explain to the people in the back. Hua Xuanhe is not an ordinary tall, rich, and handsome man. He is the heir of the Hua family. His assets are in the ten-figure range. The number of women who want to marry him can line up from Yanjing to Haicheng.]

!!

[If it's really love, respect, and give your blessings.]

[Shi Xi is a fake heiress. Their identities are like the clouds and mud. How can they be in love? Hua Xuanhe is just playing with Shi Xi.]

No matter what time it was, there would always be comments trampling on Shi Xi.

But this time, before Shi Xi's fans could explain, Hua Xuanhe's fangirls came forward to clarify.

[President Hua isn't that kind of person! He's gentle and considerate, and he's never toyed with women!]

[Do you all think that rich second generations only know how to eat, drink, and play? President Hua isn't the kind of person who idles around!]

[...]

All they had taken were photos of Shi Xi and Hua Xuanhe eating together. Han Chuan was speechless at how the photos had made it to the hot search so quickly.

What did it feel like to have an artiste under you who was too popular?

The studio issued another statement to clarify that the two of them were just friends.

The topic #Shi Xi is single# had been brought up many times.

Han Chuan even wanted to post on Weibo and tell the netizens that if Shi Xi was really in a relationship, they would personally post a message to inform them.

Shi Xi was so career-minded. How could she be in a relationship?

Ah?

Shi Xi was lying on the sofa. When she saw her own trending topic, she was already very calm. "Oh, the discussion popularity is 90,000. Not bad, I'm still popular."

Han Chuan's face darkened. "In the future, when you eat with your friends, be careful not to be photographed."

Shi Xi blinked her eyes innocently. "I thought that not many people would recognize me in Yanjing."

Han Chuan was speechless. "The people there know you better, okay?"

"Besides, I've been on set the whole time." When she was on set, Shi Xi was very obedient.

"You were on the hot search a while ago. Are you still muddled?" Han Chuan was exhausted.

The artistes under him were too popular (Shi Xi) and too muddleheaded (Lou Ruicong).

As soon as Shi Xi had free time, countless invitations came like snowflakes.

As for Lou Ruicong, no one showed any interest.

Can't you just balance it out?

Han Chuan looked at the letters in his mailbox and finally saw a business event that invited Lou Ruicong.

Han Chuan opened it in surprise and found that it was for a wedding host.

Someone invited Lou Ruicong to host the wedding and asked if he could make it cheaper.

Han Chuan refused without mercy.

If you want a happy marriage, then don't invite this annoying fellow.

Shi Xi continued scrolling through her phone and exclaimed in surprise, "Eh? Nan Wan's movie is about to be released?"

5G surfing expert Zhu Lin said, "She's already bought a week's trending search. It's going to be released tomorrow. She's bought all the trending searches that can be bought, such as feelings, the last xianxia, and the successor of xianxia."

"Do you want to go and watch?" Shi Xi asked Zhu Lin.

"Contribute to Nan Wan's box office?" Zhu Lin's expression was indescribable.

Those who were close to Shi Xi knew that Nan Wan was on the other side.

"I have to understand her well so that I can accurately defame her in all aspects," Shi Xi said with an open expression.

Zhu Lin: ...How can you say such villainous words with a look of justice on your face?

"If you guys want to watch it, I have a few tickets here." Han Chuan didn't like Nan Wan either, but in the entertainment industry, they saw each other all the time, so they didn't want to make their relationship too stiff.

Chapter 612 Shi Xi Contributed To the Box office For Nan Wan?

However, when Shi Xi entered the cinema, she was recognized.

For the safety of Shi Xi and the passers-by, Zhu Lin had no choice but to bring Shi Xi back to the manor.

#Shi Xi, came and watched [The Tale of Xianxia]#

In the hot search, Shi Xi was recognized even though she was wearing simple private clothes.

!!

The netizens blew up.

[F*ck, Shi Xi is going to watch Nan Wan's movie? Is the sun rising from the west?]

[Aren't they enemies? Shi Xi contributed to the box office for Nan Wan? When did they make up? Is my network 2G?]

[This is too magical, right?]

[I'm dying of laughter. Both families' fans can't control the comments.]

[...]

The fans of the two families were annoyed to death when they saw this hot search.

Nan Wan's fans, "Where did this b*stard come from? Are you here to leech off our Nan Wan's popularity? Even if you're begging, you shouldn't do this!"

Shi Xi's fans: "We're going to the cinema to watch Nan Wan's movie? How can you be so willing to put gold on your face?"

The attitudes of the fans from both sides toward this hot search were both annoying.

It was so annoying.

Who would want to be sisters with the other party?

Fortunately, this hot search didn't last long before it was replaced by a new hot search.

Nan Wan's fans continued to promote [The Tale of Xianxia].

*

On the other side, Han Chuan found the pirated version of the movie and watched it with Zhu Lin and Shi Xi.

There was a small movie hall in the Shi family's house. After the three of them finished watching Nan Wan's [The Tale of Xianxia], there was silence.

"Not bad." Shi Xi was the first to speak.

Zhu Lin said indignantly, "It's just that the script is good!"

"The gold-medal director, Director Chang, and the male lead, Qi Haomiao, are both experienced actors!"

"In addition, there is an investment of 500 million!"

“If I’m the female lead, I can do it too!”

“I heard that Nan Wan was very tough when she was with the crew. She even shaved her eyebrows,” Han Chuan said.

Zhu Lin snorted. “It’s just eyebrows. If you have the ability, then shave your head!”

Shi Xi was deep in thought. “This Director Chang isn’t too bad.”

“He’s won an Oscar for Best Director! Of course, he’s not bad.” Zhu Lin was both jealous and envious. “If only we could hire such a good director.”

“Don’t say that. It’s not good if others hear you,” Han Chuan reminded.

Zhu Lin pouted and secretly gave the movie a bad review on her phone.

Han Chuan looked at Shi Xi. “Just pretend that the movie never happened.”

Shi Xi nodded. “I know. I’ll just say that I was watching other movies.”

“What movie?” Han Chuan asked.

“I saw a fairy-tale movie at the same time, so I’ll just say that I went to watch it,” Shi Xi replied casually.

“What’s the name of the movie?” Zhu Lin asked.

“[Pipiero: The Tinned Man].”

Zhu Lin and Han Chuan looked at Shi Xi with surprise and confusion.

“Why are you looking at me like that?” Shi Xi was even more surprised and puzzled.

Zhu Lin started to search. “Is there really such a movie?”

“Of course there is. Haven’t you seen Pipiero and Lucixi?”

Zhu Lin shook her head.

“No childhood,” Shi Xi criticized.

“Alright, I’ll go back to the company. What are you guys going to do?” Han Chuan asked.

Zhu Lin looked at Shi Xi.

“I have nothing to do anyway. Do you want to go watch a movie?”

Zhu Lin was surprised. “Aren’t you afraid of being recognized?”

“They definitely won’t expect that I’ll go to the cinema again,” Shi Xi said with certainty.

When Zhu Lin and Shi Xi arrived outside the shopping mall, they saw many camera crew members holding their phones while waiting for Shi Xi.

Shi Xi: “...Let’s go home and watch it.”

Zhu Lin: “I’ve got the resources for [The Tin Man]. We’d better go back and watch it.”

"I want to watch the high-definition version," Shi Xi said reluctantly.

"It's the original," Zhu Lin said.

...

"Go back!" Shi Xi said.

Chapter 613 [Wilderness Survival]

In the car, Zhu Lin looked at her phone and said angrily, "This Nan Wan is too shameless, right?!"

"What's wrong with her?" Shi Xi asked.

Zhu Lin handed her phone over. "Look at her latest Weibo! She's saying that she's the female lead of a big production and that it's all her credit for the high box office sales. She's really shameless!"

Shi Xi took a glance.

It was probably Nan Wan standing on a high spot, waving her hand and thanking the director and the other main characters of the movie.

It was just that in the middle, she emphasized that "It's my first time acting in a xianxia movie in China," "The movie is great, everyone is outstanding," and "Our big production is different from a small-budget movie. There are many things that we want to express in it."

She was just short of saying that Shi Xi's low-budget movie was no good.

"It's fine. We're not going to compete with her," Shi Xi said.

Zhu Lin: "I just can't stand her self-righteous attitude. If she doesn't have a good family background, would she even have the chance to act as the female lead?"

Shi Xi thought to herself, 'The main reason I'm acting as the female lead is because of my family background.'

An ordinary person would not be able to get a project worth 50 million.

"Don't bother about her. We'll just promote our own," Shi Xi consoled her little assistant.

Zhu Lin looked at Shi Xi. "I just think that you're so good and outstanding. Those resources should be yours!" she said, feeling aggrieved.

Shi Xi: "When my movie is a hit, all the resources will come to me!"

Zhu Lin's heart felt stifled.

Being in the entertainment industry, Zhu Lin could sense the ostracization of Shi Xi.

Even though Shi Xi was pretty and famous, she came from a small company.

Kuai Xue Entertainment was only a small entertainment company under the Shi Corporation. It could not be compared to the large entertainment companies with deep assets and long history.

On the other hand, Nan Wan was the little princess of Yanjing. Shi Xi and Nan Wan were not on good terms, so the Yanjing circle even ostracized Shi Xi. They would never look for Shi Xi for big productions or good scripts.

If Shi Xi still wanted to continue acting, she could only continue acting in Kuai Xue's self-made drama, and the chances of her being a star were very low.

Hence, Shi Xi was willing to bet on her future career to make a movie and prove herself with the box office.

If it really didn't work out, she would go back and continue her studies. She would come back to work after graduation.

No destruction, no construction!

*

On the first day of screening, the box office of [The Tale of Xianxia] broke 200 million yuan.

The next day, the box office broke 450 million.

After that, the box office earnings stabilized, and many people expressed their thoughts.

Most people pointed out, [The movie is very good, but Nan Wan's acting is too young. It's out of place in the movie.]

However, once such a comment was posted, it was immediately hit by the Nan Wan fans.

[Did Shi Xi's fans comment on this? If you want to step on our Nan Wan, just say it. There's no need to beat around the bush.]

[The movie is very good and Nan Wan is the female lead of the movie. Are those who say that Nan Wan is not good because they are jealous that their master can't act in a big production movie?]

[Shi Xi can only act in some low-budget dramas. Don't give her a look.]

[...]

There were countless similar comments.

After that, a famous film critic came forward to praise Nan Wan for being outstanding as a newcomer.

The internet water army had joined forces and were all praising Nan Wan.

They also stepped on Shi Xi and said that she didn't have any work to mess up.

Shi Xi decided not to log on to Weibo and focused on her work.

It was a variety show that Han Chuan had accepted for her.

[Wilderness Survival]

When Shi Xi received the script, she was dumbfounded.

Who would like this kind of variety show?

“This is a popular variety show, with over 100 million views per episode,” Han Chuan said.

Shi Xi endured the humiliation and said, “I can understand. No one likes to survive in the wild, but they like to watch others survive in the wild.”

“Especially when you see celebrities embarrass themselves in the wild,” Han Chuan added.

Chapter 614 Xi Xi, The Little White Rabbit In the Skin of a Little Dinosaur

“If it’s just to see celebrities embarrass themselves, that would be interesting. Is it really that popular?” Shi Xi asked in confusion. “How come I’ve never seen it before?”

“It’s very popular!” Zhu Lin poked her head over, her eyes bright. She said excitedly, “Is it the one that put five people on an uninhabited island, forbade them from carrying anything, and let them live on the island for three days and three nights?”

Shi Xi was speechless. Listen, was this even human?

Zhu Lin turned on her tablet and found the first episode. “Chu Yuan even participated in it!”

!!

“Chu Yuan has participated in it?” Shi Xi’s interest was instantly piqued. “Let me see.”

[Wilderness Survival] was an outdoor survival show.

The team had rented the outer perimeter of an island and placed many boxes there. They would drop the boxes at random times.

As for the guests who were brought to the island, they could only keep three items on them, but they had to live outdoors for three days and two nights.

Guest: shocked on the spot.

Chu Yuan remained calm, but as he went into the water to catch the fish, his shoes were washed further and further away.

There was only one shoe left.

Chu Yuan doubted his life.

Shi Xi: Hold it in, I can’t laugh.

When she saw that the other guest had provoked a bee and his eyes were red and swollen from being stung, Shi Xi finally couldn’t help but laugh.

“Is it fun?” asked Zhu Lin.

Shi Xi laughed and laughed, but her laughter soon faded. “It looks fun, but it won’t be fun if I’m going to participate.”

“Don’t say no. You have almost no income while you’re shooting the movie,” Han Chuan replied.

Shi Xi: Life isn’t easy. Sigh.

*

The guests arrived at the hotel arranged by the team a day in advance to rest.

“We’ll send you to the island by boat at 9 o’clock tomorrow morning,” the director said.

Shi Xi didn’t participate in many variety shows, so she believed in it without a doubt.

Therefore, she set an alarm for 7 o’clock, preparing to get up at seven to wash up and put on makeup, have breakfast at eight, and arrive at the designated place at eight thirty.

Everything was perfect.

Shi Xi, who was wearing her little green dinosaur pajamas, put down her phone and went to sleep.

The next day, seven in the morning.

Shi Xi, who was washing her face, heard a knock on the door.

Shi Xi thought it was Zhu Lin, so she opened the door. “You’re early, huh? What are you doing?”

Shi Xi was shocked to see the camera outside.

The camera was very close, and even the water droplets on the girl’s face could be seen.

[Oh my god, isn’t Shi Xi too strong without makeup? Is she that pretty without makeup?]

[It feels like she’s wearing makeup. She looks so plain without makeup.]

[Her bare face isn’t that bright. She looks like an obedient little girl next door. I really want to hug her!]

[She must’ve known about it in advance. She’s wearing no makeup. What a scheming woman.]

At the scene.

“We’ve brought forward the time to land on the island. Come with us now,” the staff said.

“But I haven’t changed my clothes,” Shi Xi said.

The staff at the side had already dragged Shi Xi out and said, “It’s too late!”

Shi Xi was speechless.

“Wait! My shoes! Ai!” Shi Xi turned around to look at her shoes.

When she was watching [Wilderness Survival], she had seen Chu Yuan’s shoe get washed away in the water while trying to catch fish. She had thought it was funny.

However, when she was dragged away and her shoes were no longer on her feet, she felt that she was being dragged away.

It was not funny.

[Hahahaha, I’m dying of laughter! Let her wear a pair of shoes!]

[Why are you wearing dinosaur pajamas? Shi Xi, how old are you?]

[Xi Xi Zi is so cute. I really want to hug her!]

[The little white rabbit Xi Xi with the skin of a little dinosaur, who's so cute? You're so cute!]

Shi Xi was still waving her hands. "My shoes!!!"

Chapter 615 Doubting Life

Perhaps the heavens had heard her call.

When the last staff member closed the door, he found a pair of shoes left outside the door and took them with him.

Shi Xi wouldn't be reduced to the point of having no shoes to wear.

"Thank you!" Shi Xi said after receiving the shoes.

[Thank you, little brother, for helping Shi Xi not to be barefooted.]

[Shi Xi, this is so realistic. She arrived at Survival Island in her pajamas?]

At that moment, Shi Xi was sitting in the program team's car, looking very pitiful.

"Are we going to get our makeup done?" Shi Xi asked.

"We'll know when we get there."

"I didn't bring my phone with me. Can I go back and get it?" Shi Xi looked out of the window.

"You can't."

After a while.

"We can't be recording right now, can we?" Shi Xi asked while looking at the camera.

"Yes," the staff replied.

The closer Shi Xi was to the camera, the more stunning she looked.

[Did Shi Xi put on makeup? Did she put on makeup? I don't believe this is Shi Xi without makeup.]

[The program team must've specially used a filter on Shi Xi!]

[There are still water droplets on Shi Xi's face. If she's not wearing any makeup, I'll beg her to start a class!]

Shi Xi's expression was one that was worse than death.

She was bare-faced, in her pajamas, and in her slippers.

The image of a female celebrity was completely gone.

"Can I go back and change my clothes?" Shi Xi struggled for the last time.

"No," the staff replied.

“Will the program team provide the costumes?” Shi Xi asked after two final struggles.

“We’ll know when we get there.”

Shi Xi couldn’t get anything out of him. She leaned back in her chair and started doubting her life.

What exactly made her go from a female star to a pitiful little girl who was at the mercy of others?

It was money!

When the bullet comments saw Shi Xi’s encounter, they all laughed.

[Shi Xi is so pitiful. Don’t tell me she’s really going to record in her pajamas for three days?]

[The program team is really ambushing them. They use different methods every time.]

On the other side, Nan Wan had also experienced a similar thing.

The only difference was that Nan Wan had already put on her clothes and put on her makeup.

Seeing the photographer, Nan Wan, who had already put on makeup, said in surprise, “But I haven’t put on any makeup. Am I going to film like this?”

“Yes,” the staff replied.

The bullet screen said, [You’re not wearing makeup? Her foundation is almost floating, and she didn’t put on any makeup? Are eyebrows and eye shadow natural?]

[Nan Wan only applied foundation and drew her eyebrows. This is not called makeup, right? Isn’t this just a normal bare face?]

[Only when eyeshadow, blush, and highlight are used, this is called makeup. Nan Wan is not wearing any makeup, okay?]

[...]

The double-standard dogs were everywhere.

At the same time, the staff members also raided Chu Yuan’s room.

Chu Yuan had been on this show before. He had made preparations in advance and even brought a package.

Unfortunately, the package had been confiscated by the program team.

The other two guests were Shuo Nan and Lou Ruicong.

Shuo Nan had participated in many variety shows, so he was naturally prepared.

And Lou Ruicong...

The program team knocked on the door for an hour, and they all thought that he was not in the room.

Lou Ruicong didn’t open the door until the program team knocked on the door and woke everyone up.

Lou Ruicong was in his pajamas, and his hair was a mess. He yawned. "Is someone knocking on the door?"

The staff member: I'm knocking on your brain!

"Take him away directly!" the leading staff member ordered.

Lou Ruicong instantly sobered up. "What?! Who are you? Where are you taking me? Help me! Someone is being kidnapped! Quickly call the police!"

The tenant who was woken up mistakenly thought that there was a kidnapping and called the police.

Half an hour later, Han Chuan went to the police station with a dark face.

...

Chapter 616 Box On the Ground

At the gathering point.

Shi Xi, who was dressed in her little green dinosaur pajamas, poked her head in.

She was the only one.

After a while, Chu Yuan appeared.

!!

Chu Yuan had been on this show before and had been teased by the program team, so he was fully dressed now.

Shi Xi smiled awkwardly and greeted, "Hello, Teacher Chu."

When Chu Yuan saw Shi Xi's bare face, he asked with a smile, "They didn't even let you change your clothes?"

"I just washed my face. They didn't even use any skincare products," Shi Xi said helplessly.

The bullet screen read, [What the f*ck? Shi Xi is really bare-faced?]

[She was just washing her face when she was caught. Isn't this kind of face too good at fighting?]

It didn't take long for Shuo Nan to be 'captured.'

There was another round of polite greetings.

It was only when Nan Wan appeared in her perfect clothes and makeup that Shi Xi prayed for a bolt of lightning to strike her.

She couldn't be the only one wearing pajamas without makeup, right?

When Nan Wan saw that Shi Xi was wearing her pajamas, her heart was filled with joy.

She had already known about today's script in advance, so she had woken up two hours earlier, changed her clothes, and put on exquisite makeup.

Compared to Shi Xi in her pajamas, she had won!

Nan Wan deliberately greeted Shi Xi, "Xi Xi, long time no see."

Shi Xi smiled politely. "Long time no see."

No matter how bad their relationship was in private, they would still maintain their dignity on the surface.

Shi Xi looked up. Her clean face was devoid of any makeup, and unlike her usual stunning look, she appeared even more pure and innocent.

Nan Wan gritted her teeth in anger and complained, "I really don't know why the program team called us out so early. I didn't even put on any makeup, unlike Xi Xi, who already has her makeup on."

Shi Xi was speechless.

Bullet comments: [As expected, Shi Xi is a scheming girl. She even wore pajamas on purpose. Is she trying to scam us that she has a bare face?]

[Nan Wan is the one who really has no makeup on. Her lip color is so light that I know she didn't put on makeup.]

[...]

Shi Xi could not be bothered to explain to Nan Wan that she did not have any makeup on. She gave a faint smile and brushed it off.

Nan Wan stared at Shi Xi's face, trying to figure out how she had managed to put on such realistic makeup.

Shi Xi didn't want to pay any attention to her. They waited for a long time but still didn't see the director.

They waited until breakfast arrived.

"There's a bit of a situation with the last guest. Please wait for a moment."

"Can I use this time to change my clothes?"

Wearing pajamas to record or something.

It was too awkward.

"You can't," the staff replied.

Shi Xi: I can't speak.

But at least there was breakfast.

After everyone had their breakfast, the last guest arrived.

"Hi~ I'm sorry to have kept everyone waiting." Lou Ruicong had been dragged out of the police station by Han Chuan. He had changed and dressed up.

He even put on makeup on the way.

“Lou Ruicong?” When Shi Xi saw the guest who had entered last, her eyes were filled with surprise.

“You’re here too? Why are you wearing pajamas?” Lou Ruicong said in disdain.

Shi Xi: “...”

She should not have taken the initiative to talk to him.

Han Chuan, who was outside the camera, thought, ‘You still dare to criticize Shi Xi? Do you need me to tell them that you were treating the staff as kidnappers?’

“Everyone’s here. We should set off.” Chu Yuan stood up and hosted the event.

Lou Ruicong, “I haven’t had breakfast yet!”

No one cared.

The five guests arrived in front of a helicopter.

“Are we flying over?” Shi Xi asked in surprise.

The director braved the wind and announced the rules. “All of you will be randomly placed in various locations on the island. Do your best to survive!”

Shi Xi mumbled to herself, “Did the program team buy insurance? Wouldn’t it be a huge loss if we turned into a box on the ground?”

Chapter 617 What Kind of Experience Is It To Have a Husband With Six-Pack Abs, A Brain, And Good Cooking Skills

The situation that Shi Xi was worried about didn’t happen. On the helicopter, a professional helped them parachute out.

Looking down from the helicopter, Shi Xi could see that half of the island was covered in dense woods while the other side had a large hotel. She pointed at the hotel and asked, “Can I jump there?”

“No,” the staff replied, “we can only jump into the woods. The hotel is not a rented area for the program team.”

They were doing wilderness survival, not a hotel vacation!

!!

Everyone chose the place they wanted to jump and jumped down in turn.

They landed smoothly.

After Nan Wan identified her position, she secretly took out a map and looked at the marks on it, then went to the boxes to find something.

On the way, Nan Wan found tents, kitchenware, fire, and food...

It was a full harvest.

When it was broadcasted, the post-production removed the scenes of Nan Wan looking at the map to create the effect of a lucky koi fish.

The comments were also very cooperative.

[Nan Wan is so lucky! She actually found a full set of kitchenware! Koi Nan Wan!]

[Oh my god, she found the best tent. Wan Wan Zi is so lucky!]

[I'm sucking up the luck. Please bless me with a smooth exam.]

[Good luck.]

On the other side, Chu Yuan and Shuo Nan's progress was normal. There were occasional twists and turns, but they had their lunch smoothly.

The camera turned to Lou Ruicong.

Lou Ruicong rarely participated in survival shows, but he knew that he was very hungry.

He had been dragged over before he had even had breakfast.

Seeing a small stream, Lou Ruicong took off his shirt and went into the water to catch fish.

To be honest, Lou Ruicong had a carefree personality, but his appearance and body were excellent.

Otherwise, Han Chuan wouldn't have given Lou Ruicong so many resources.

When Lou Ruicong took off his clothes and revealed his six-pack abs, the bullet screen was filled with "wow".

[Wow!]

[Wow, he has a great figure! Big brother, I can do it!]

[Ah, I love this figure!]

[Everyone's gasping in shock.]

Lou Ruicong had a good figure and good looks, and he had a male lead drama and a movie to be aired, so he quickly gained a group of fans.

And Lou Ruicong caught a big fish soon.

[Big brother is the best!]

[Six-pack smart handsome guy! This is the Prince Charming of my dreams!]

Lou Ruicong caught a fish and said in a panic, "Put it down! Put it down!"

The camera turned to show that the clothes that Lou Ruicong had taken off were stolen by a monkey.

Lou Ruicong hurried to save his clothes.

However, the monkey nimbly climbed up the tree.

The bullet comments burst into laughter.

Lou Ruicong covered his chest and made a simple shirt with leaves to cover the two protruding points.

[Role model of male virtue.]

[Hubby is such a good man. I love you.]

Lou Ruicong broke a branch to roast the fish, and the aroma spread.

The fish was roasted to a golden yellow and emitted a salivating light. As the camera zoomed in, it was as if one could smell the fragrance.

When the netizens saw this scene, they started drooling.

[Hubby, leave me a bite!]

[Ahhh! Lou Lou is amazing! Give me some fish!]

[Let's talk about what it feels like to have a husband with a six-pack, a brain, and good cooking skills.]

[I'm bursting with happiness!]

Lou Ruicong looked at his dirty hands and stood up to wash them by the stream.

Just as he washed his hands and turned around, his eyes widened. "Put it down! Put it down!"

The camera turned. The monkey had stolen the clothes and returned to steal the grilled fish.

The plum blossoms bloomed twice.

Lou Ruicong, "My grilled fish! You stupid monkey! Give me back my grilled fish!"

The monkey climbed up the tree and disappeared into the forest.

Lou Ruicong stomped his feet in anger.

...

Chapter 618 Whoever Wants This Husband Can Have Him

The comments were all filled with 'hahahahaha.'

[It's okay, as long as my husband has abs.]

[My husband isn't that stupid. Wave.]

[Always jumping between having a brain and not having one.]

[...]

Lou Ruicong had to try again. He caught a fish and roasted it again.

This time, he stared at his grilled fish and finally had his meal.

*

The camera finally turned to Shi Xi.

When it came to Shi Xi's scene, the number of bullet comments suddenly increased.

[I've finally seen the female goose!]

[Ah, they actually put my daughter last. Thank god I didn't miss it!]

[Xi Bao, the Xi Bao of my destiny~]

Shi Xi put on her slippers and found a stick to scout the way. She walked slowly through the forest.

Her little green dinosaur pajamas and her plain little face were extremely pure.

"Hey, this shoe..." Shi Xi lowered her head to look at her slippers. She stopped in her tracks and poured out the stones and sand in her shoes.

She didn't even put on any socks. She was just walking in a pair of slippers.

The soles of her feet were red.

novelusb.com

Looking at the camera in front of her, Shi Xi made a wish from the bottom of her heart. "I hope to find a box with shoes or food."

However, after walking for a long time, Shi Xi didn't even see a single box.

When she saw the small stream, Shi Xi followed the flow of the water and walked down.

She saw Lou Ruicong, who was half-naked and chasing a monkey with grilled fish.

Shi Xi's expression: ("o_o")

The bullet screen was filled with 'hahaha'.

[The scene of Lou Ruicong's death. Hahahahaha, even Shi Xi is shocked.]

[I know that the clip of Lou Lou chasing the monkey is funny, but I didn't expect Shi Xi to be watching! It's even funnier!]

[Lou Ruicong: Let's live on another planet.]

[Shi Xi: Who am I? Where am I? What am I doing?]

From Shi Xi's point of view, Lou Ruicong's jumping movements were more vivid.

Shi Xi's expression was one of shock, disbelief, and 'oh my god, what was that?'

While the photographer was taking pictures of Shi Xi's facial expressions, he couldn't help but want to take pictures of Lou Ruicong.

This was a classic that could not be wasted!

After a moment of silence, Shi Xi decided to walk around Lou Ruicong and pretend that she had never seen him before.

Bullet comments: [Hahahaha, Shi Xi, do you feel too embarrassed?]

[I'm dying of laughter. Shi Xi must be feeling embarrassed, right?]

[Shi Xi: I'm just here to see the funniest part.]

Lou Ruicong had no idea about this.

He was still sticking out his butt to catch fish.

The photographer who was following Shi Xi gave Lou Ruicong the last shot reluctantly.

From a distance, the camera showed the monkey running over and kicking Lou Ruicong into the water.

The photographer, who was changing the battery, said, "Oh f*ck! I didn't get it!"

The photographer who had been following Shi Xi thought, 'This monkey is something.'

The 'hahaha' on the bullet screen almost covered the entire screen.

[Let's change it to Lou Lou's Adventures. I'm laughing so hard that my stomach hurts. I'm almost in tears.]

[I secretly watched it at work. It's so hard to hold back my laughter.]

[I'm hiding under the blanket and laughing like an idiot.]

[I'm sorry. Whoever wants this husband can have him.]

..

After passing by Lou Ruicong, Shi Xi finally found a box.

Shi Xi went forward and opened the box happily.

The box contained a full set of branded skincare and makeup products.

There were even twelve lipsticks.

The bullet screen was filled with envy. [How much money will this set cost?]

[I don't know about the moisturizer. 8k of face cream, I didn't see the essence, that set of lipsticks cost tens of thousands, and the cosmetics are all big brands... At least 100,000.]

...

[The program team is so generous. Oh my god, is this the same program team that was so stingy and didn't even give them any vegetables?]

[Shi Xi is the real koi, right?]

The real koi Shi Xi looked at the things in front of her and continued to flip through them. She muttered, "Is there nothing to eat? It's fine if you give me something that can be used! A blade is fine too!"

Chapter 619 Chu Yuan's Gentleness

Even though Shi Xi had come without makeup, in her opinion, they had already been filming for a long time without makeup. What was the point of putting on makeup now?

Moreover, the most important thing now was to survive.

What could makeup change?

Shi Xi rummaged through the box with a disappointed expression. "They're all useless."

The girl's eyes were filled with disappointment as she put the items back into the box.

This scene was captured by netizens as a gif, and the box was labeled as a trash can.

Shi Xi: "They're all useless."

It was widely spread.

After putting the things back, Shi Xi got up and continued walking.

The bullet screen was shocked. [F*ck, hundreds of thousands of cosmetics! Xi Xi, if you don't want it, give it to me!]

[Give me the address. I'm going to get that box of things!]

[I'm so envious of Xi Xi's determined back view.]

[She's really from a rich family. She doesn't care about these things.]

[...]

After Shi Xi haughtily tossed her makeup box aside, she encountered a few more boxes along the way.

However, they were already empty.

After opening three empty boxes in a row, the audience was also on tenterhooks.

When they reached the fourth empty box, Shi Xi closed it and asked, "Did you leave the box empty on purpose?"

No one answered.

Shi Xi was helpless and could only continue walking down the stream.

She wanted to catch fish too, but they were near the sea and Shi Xi was worried that she might get an allergic reaction if she caught fish she didn't recognize.

She could only pick up some fruits to eat.

On the way, Shi Xi met another guest.

“Teacher Chu Yuan?” Shi Xi’s eyes lit up.

“Shi Xi?” Chu Yuan was setting up his tent. When he saw Shi Xi coming over, he asked, “Did you find a tent and sleeping bag?”

“No,” Shi Xi shook her head.

“What did you find?” Chu Yuan asked.

“A box of cosmetics. Why is there a box of cosmetics here?” Shi Xi asked in confusion. “Who would need that?”

Nan Wan.

Not only did Chu Yuan set up a tent, but he also made a simple small pot with the tent’s materials. He boiled water on it and asked, “Do you want some water?”

“Sure, thank you,” Shi Xi replied.

Chu Yuan took out his cup and said, “I’m sorry, I only brought one cup.”

[Is this an indirect kiss?]

[You can’t do this!]

[No! Chu Yuan, wake up! You’re not allowed to let Shi Xi use your cup!]

The fans of both parties were very resistant.

Only the fans of the XiYuan CP started to get excited.

It was finally time for candy!

An indirect kiss!

The production team was also very sensible in the later stages and inserted an advertisement in this place.

The bullet comments: “...”

After the advertisement.

Chu Yuan went to get the hot water and poured it into his own cup.

Shi Xi looked at his actions and interrupted, “I’ll make a cup with a leaf. Wait for me.”

As she spoke, Shi Xi plucked a leaf with a wide edge from the side and rolled it into the shape of a container.

She had successfully drunk the clean, boiling water!

The fans of the two heaved a sigh of relief in the comments.

Chu Yuan asked again, “Are you hungry? I still have a few pieces of hardtack with me.”

As he spoke, Chu Yuan handed over two bags of compressed biscuits.

In the first few episodes, the program team gave very little food. The guests looked for food in the jungle and ended up getting food poisoning. After that, the program team put in more food.

They weren't afraid of starving the guests, but they were afraid of them being poisoned.

Seeing Chu Yuan hand over two bags of compressed biscuits, the bullet screen went crazy again.

[Chu Yuan, wake up! You only have two bags of biscuits!]

[Ah, Chu Yuan, you can just give her one bag. Why did you give her all of them? What are you having for dinner?]

...

[There's food and water. Are you going to invite Shi Xi to sleep in the tent with you?]

Chapter 620 I Found a House

Chu Yuan's camera was in front of Shi Xi, so the audience could clearly see how much food Chu Yuan had collected.

The audience also clearly knew that Chu Yuan wanted to save the food for the evening and the next morning.

But now, Chu Yuan had given Shi Xi the only two pieces of compressed biscuits he had.

The fans were naturally unwilling to do so.

!!

When Shi Xi saw the compressed biscuits that Chu Yuan handed over, she declined politely. "Thank you, but I'm not too hungry."

Chu Yuan: "Huh? You found food?"

"No, there's a fruit tree over there. I picked up some fruits. Thank you for the hot water. I'll continue looking for the boxes."

"If you can't find it, you can come to me at night. I'll let you sleep in the tent," Chu Yuan said with a smile.

The bullet comments read, [Ah ah ah! Chu Yuan is such a gentleman!]

[My love is the truest in XiYuan!]

[You're still not kowtowing? I'm going to die.]

[Don't be like this. The food belongs to whoever finds it. Chu Yuan doesn't have to be so good to others.]

Shi Xi's eyes curved into crescents. "I think I can find it myself. Goodbye."

Shi Xi knew that this was a survival variety show.

And Chu Yuan had many fans.

She didn't want to be scolded and become a hot search again.

Also, she didn't like to eat compressed biscuits.

It was really unpalatable!

Shi Xi continued walking forward.

Chu Yuan looked at Shi Xi's back and wanted to say something, but his rationality pulled him back.

They were recording a variety show.

There were cameras.

*

Shi Xi continued walking and found two more empty boxes.

When people were unlucky, they would really gain nothing.

In the later part, it was specially summarized.

The number of boxes that Nan Wan found was 7.

Shuonan, 3.

Chu Yuan, 2.

Shi Xi: 0.

They had specially given Nan Wan the character of a koi fish.

Not only that, but the program team also bought the hot search #Nan Wan is a koi fish in survival variety show#.

Nan Wan's fans were overjoyed and crazily forwarded it in the comments.

On the other hand, Shi Xi's request in the program team was very simple: It was good that she was alive.

After walking for a while, Shi Xi saw that the sky had darkened.

It was only three in the afternoon, but the sky was already getting dark.

Shi Xi was still in the mood to mock herself. "This is probably called 'when the house is leaking, it will rain overnight'. Oh, no, I don't even have a house."

Standing on the spot, Shi Xi turned around to look.

This glance was deliberately slowed down by the post-production and was accompanied by words: [Will Xi Xi choose to go back to find Chu Yuan or continue walking...]

When Shi Xi watched it later, she thought to herself that there were so many scenes in the post-production.

She had heard a sound behind her, so she had turned around to look.

However, this scene was still being chased by Chu Yuan's fans and scolded for being shameless.

"Continue walking."

She even asked the photographer, "If I can't find a place to stay, will you get caught in the rain with me?"

"I get off work at 10," the photographer replied.

Shi Xi: "..."

She couldn't speak.

"Ah, we've reached the beach! There's a house over there!" Shi Xi's eyes were filled with surprise. "I've finally found a place to stay!"

In her excitement, Shi Xi immediately ran forward.

The photographer immediately ran after her.

Unexpectedly, Shi Xi's legs gave way and she fell down.

The photographer: "..."

It was impossible to help.

He was already showing his professional ethics by not laughing out loud.

...

Shi Xi sprawled on the ground with her head buried in the sand. All she wanted to do was to continue digging and bury herself in the sand.

Why did she fall on flat ground?!

Shi Xi slowly got up and looked at the camera. She said calmly, "This part can be cut out."

In the post-production, it was impossible to cut it.

They had even made a video of her.

Playback x3.
